

Nine-Dragon 2791

Chapter 2791 Wash Away The Shame

Moreover, he couldn't help but hold the evil sword tightly.

His entire body was tense, as if he was facing a great threat.

She was the evil daughter.

Even if she only had half of her strength, she was still not to be underestimated.

However, she was extremely solemn.

After the nine vicious beasts returned to their bodies, Gu Taixu spat out ancient words.

His voice was vast and deep.

It gave people a strange sense of oppression.

Ordinary creatures were fine, but those with the bloodline of demonic beasts felt even more painful.

On the mountain of the Heavenly Court.

After the slave ancestor and his clansmen sensed the arrival of Gu Taixu.

They all curled up in the remains of demonic beasts.

The slave ancestor used an ancient secret technique and activated the defense of the remains of demonic beasts.

A layer of defense similar to airflow sealed the entire remains inside.

This way, it could isolate the outside world.

Other than the attack that was higher than the slave ancestor's, the rest could not penetrate the defense at all.

However, that low and boundless voice.

Actually penetrated the airflow defense without any obstruction and acted on their bodies.

Including the slave ancestor, they were instantly in extreme pain.

Upon closer inspection, tiny flames shot out from the pores of their skin.

That was because their demonic beast bloodlines were all burning.

For a moment, miserable cries filled the sky.

An expert like the slave ancestor was still able to remain calm. Many of the weaker ones were burnt to ashes on the spot from the inside out.

And this was merely gu taixu chanting some kind of spell.

His true strength had yet to be fully unleashed.

Although the evil woman did not have the bloodline of a demonic beast, her voice was extremely ear-piercing and gave people an extremely uncomfortable feeling.

Her entire body was burning hot, and her body was continuously stinging.

She stared at Gu Taixu and saw it with her own eyes.

Gu Taixu was chanting an ancient spell as he stabbed his palm into his chest.

Then, he slowly pulled out a sword-like weapon.

It was a sword forged from the bones of ferocious beasts.

There were nine ferocious heads on it.

It was the heads of the nine great murderers.

They screamed shrilly and were extremely ferocious.

As soon as this sword appeared, the evil woman felt threatened and muttered, "This sword actually exists."

It was said that the nine great ferocious beasts that appeared when the world was created were all killed by a son of heaven.

He used their bones and heads to forge a ferocious sword.

It was called the nine deadly original sword.

This sword would only be passed down in the blood of those who cultivated the nine deadly secret technique.

Only those who had mastered it could obtain it.

Gu Taixu had truly cultivated this technique to the limit.

That was why he obtained the nine deadly original sword that the emperor had personally refined.

Drip --

Finally.

Gu Taixu finally pulled out this sword. There were traces of fresh red blood on it.

"To be able to recognize this sword, Xia Jingyu, your knowledge is truly admirable." The Pain on Gu Taixu's face slowly dissipated and was replaced by a faint, sinister smile.

The evil daughter held the evil sword tightly and did not say a word.

She slowly stood up and looked at Gu Taixu from afar.

The latter saw his solemn expression and was pleased in his heart. "Xia Jingyu, Su Yu will die sooner or later under my original sword of the nine rascallions. Why Don't You Follow Me Now?"

"If I'm in a good mood, I might even be able to guide you in cultivating the secret art of the nine rascallions and give you a chance to obtain the original sword of the nine rascallions."

The Vile daughter was expressionless and only spat out one word. "Scram!"

Hearing this, Gu Taixu's expression stiffened slightly.

However, he returned to his teasing expression. "Then, I'll use force. I'll capture you and have plenty of ways to slowly savor you!"

He held the nine malefic original sword in his hand.

Gu Taixu once again came before the formation and stabbed his sword into it.

However, what made Gu Taixu's expression completely stiffen was that.

This sword actually did not pierce through the formation at all.

"How is this possible?" Gu Taixu was truly shocked.

The nine malefic original sword was refined by the son of heaven. How tough and terrifying was it?

What was there that could not be broken?

Now, it couldn't even pierce through the array formation?

"This... who set up this array formation?" Gu Taixu's expression was extremely ugly.

He tried his best, but he couldn't even get in.

The power of the array formation was simply beyond his imagination.

"Of course it was set up by me."

A faint mocking voice suddenly sounded from behind Gu Taixu.

Gu Taixu's heart skipped a beat and he suddenly turned his head.

What greeted his eyes was a handsome young man with long silver-white hair and an elegant moonlight robe.

"Su! Yu!" Gu Taixu subconsciously gritted his teeth and said.

He would never forget this face even in his dreams.

It was the life and death enemy that he had been chasing after all his life and wanted to surpass all his life.

However...

Shouldn't Su Yu have been deceived by his own disciple?

Why did he come back?

Or could it be that his plan had long been seen through by the other party?

"You are old." Su Yu looked at Gu Taixu, who appeared to be old, and said lightly.

Gu Taixu used to be young and handsome.

After not seeing him for a few decades, he was already so old.

It should have something to do with the cultivation technique that he cultivated.

If he devoured others all day long, it was inevitable that he would ingest a lot of impurities.

He might be able to get rid of some of them in a short period of time, but over the years, they would definitely accumulate and cause serious damage to his body.

Gu Taixu suddenly felt an inexplicable hatred. Looking at Su Yu's almost unchanged face, he said in a low voice, "You are still the same as before, without the slightest change."

Su Yu only smiled lightly.

What he did not change was only his appearance.

His inner self had long been reborn.

Su Yu looked at the sword in his hand and stood calmly with his arms crossed. He said, "Do you want me to give you time to slowly break the formation? If you can break it, then I lose."

The Abyss Water of the formation was an existence that he had refined for tens of thousands of years.

The heavenly book characters had also reached the peak of his life.

That was an existence that could resist the destruction of an era.

If it was easily broken by Gu Taixu,

Then his long-term efforts would truly be in vain.

Gu Taixu immediately felt a deep sense of humiliation.

Why was he still inferior to Su Yu despite being so powerful?

"Surnamed Su, do you think you are very powerful?" Gu Taixu raised his head and said icily.

Su Yu put down his arms, and an oil lamp slowly appeared on top of his head. He said indifferently, "More powerful than you."

As soon as he said this, it was like a needle stabbing into the bottom of Gu Taixu's heart.

If he was powerful enough, his fiancée, Lu Chuyi, would not have become Su Yu's woman and become a humiliation that he would never be able to wash away in his heart.

Gu Taixu's eyes were red.

His entire body was filled with a fierce aura.

"Su Yu! Don't think too highly of yourself. Over the past hundred years, you are not the only one who has had opportunities and improvements. The world has not revolved around you!"

"I am no longer the Gu Taixu of the past. You are also not the invincible Su Yu of the past!"

Su Yu looked at him quietly and said indifferently, "Since that is the case, why do you need to lure me away?"

Upon hearing this, Gu Taixu's expression froze.

"Since you're here, then let's fight seriously. I'll Grant You Your Wish." Su Yu's gaze turned cold.

He looked at the formation.

Although he couldn't see it with the naked eye, the formation was personally refined by him.

How could he not see that there was a tiny crack where Gu Taixu had just stabbed.

If he stabbed the same place for a long time, it was still possible to break the formation.

Chapter 2792 The World Was Still The Same

Fortunately, he was alert.

He used a thought to turn it into reality and fooled Gu Taixu, who was hiding in the dark.

His real body was hiding nearby.

Otherwise, Gu Taixu might really get what he wanted.

Not only did he destroy many creatures in the heavenly court,.

He might also kidnap the evil daughter when she was weak.

It was impossible to guard against such a poisonous snake hiding in a dark corner!

"Who's Afraid of You!" Gu Taixu held the nine deadly original sword in his hand and thrust it at Su Yu.

"Saintly being!" Su Yu said softly.

The oil lamp above his head released a large amount of nine-colored light and wrapped him up.

Su Yu reached out his hand and waved it at Gu Taixu.

A colorful palm print flew out.

"Break!" Gu Taixu stabbed with his sword.

The palm print formed by the power of the saintly being was cut open like a piece of paper.

This surprised Gu Taixu and his confidence increased. He could not help but sneer, "The saintly being is just so-so!"

He had always been afraid of Su Yu's human saintly being.

However, he did not expect Su Yu's saintly being to be so weak.

His confidence increased, "Take my sword too!"

Chi La --

The cold light in his sword turned into a ray of sword light and pointed directly at Su Yu's glabella.

Su Yu's expression was indifferent.

His heart beat faster, causing the power of his saintly being to increase by a notch.

The sword light attacked, and Su Yu clenched his palm.

The nine-colored power wrapped around him.

The sword light persisted for a long time before it finally disappeared with a puff.

However, the nine-colored power in Su Yu's palm had already been completely obliterated, and it injured his palm, leaving behind a trace.

Seeing this, Gu Taixu finally couldn't help but laugh out loud.

"The human sacred physique is only so-so! I feared you for so many years in vain, so it turns out that you only have this standard." Gu Taixu raised his head and laughed out loud.

He had never thought that.

Su Yu, whom he felt that he couldn't surpass, would actually be so unbearable.

A casual sword strike could injure him.

Recalling how he had feared him in the past, he couldn't help but laugh at himself. "I still feel too inferior, to actually fear someone like you for such a long time, Hehe..."

"However, from today onwards, everything has changed."

The long sword in his hand curled into an extremely cold arc. "Su, you can go in peace. I will eat your people, and I will enjoy your woman for you. You can no longer have any worries!"

"Extermination of the nine beasts, Slash!" Gu Taixu pushed the nine beasts origin sword to its limit.

The heads of the nine beasts whistled as they transformed into uneven sword shadows.

They slashed down with a bang.

Su Yu's expression was indifferent. "Is this your strongest attack? It's not bad."

The power of this attack was indeed not ordinary. It had already surpassed the level of a drop of ancient god Nine Dragons' blood.

No wonder the vile daughter had warned him that if he was careless, he might not be able to return.

However, if he was careless, it would not be a big problem.

Bang Bang --

Su Yu's heart beat faster.

It allowed his saintly being to quickly reach the mastery level.

Although it could only last for an instant.

But it was enough.

The light on his body transformed into dazzling colors, as if it had materialized.

In an instant, the colors that covered the entire world were colorful.

At this moment.

The sword shadow flashed and arrived.

Su Yu casually raised his palm and gently clenched it.

Seeing this, Gu Taixu laughed sinisterly, "You're courting death!"

Su Yu could not even withstand an ordinary sword, let alone his most powerful sword.

Su Yu would definitely be split into two halves.

However, the scene that he imagined did not appear.

Instead, it was his sword shadow that was easily grabbed by Su Yu's palm.

Then, with a squeeze, the sword shadow was completely shattered.

Seeing this, Gu Taixu's eyes were filled with disbelief. "How is this possible?"

How could Su Yu not be injured in the slightest and still destroy it?

"Again!" It was another extremely powerful sword shadow.

However, it was still easily destroyed by Su Yu.

There was no leeway..

Gu Taixu's eyes widened in disbelief.

Su Yu's expression was indifferent. "Perhaps you should continue to feel inferior."

As he spoke, Su Yu took a step forward.

Boundless materialized power was like a tidal wave, knocking Gu Taixu back repeatedly.

Gu Taixu was shocked.

In front of such power, he felt that he was as small as an ant and could not resist at all.

Was this Su Yu's true strength?

No matter how hard he tried, he was defeated by him and could not withstand a single blow from him?

He was extremely unwilling.

Gu Taixu got up and fled in a panic.

Su Yu caught up with him and said indifferently, "In fact, you can come and go as you wish in the Heaven Court?"

"Confine!"

The materialized nine-colored power suddenly rolled back and formed a cage that enveloped the heaven and earth. It kept shrinking and slowly surrounded Gu Taixu.

Gu Taixu's expression changed drastically.

Once trapped, he would never be able to leave again for the rest of his life.

At a critical moment.

He bit the tip of his tongue, spat out a mouthful of blood mist, and landed on the nine rapscallions original sword.

This sword became fiercer the more it saw blood.

The heads of the nine ferocious beasts on it were especially excited after tasting the blood mist.

Gu Taixu took the opportunity to grip the longsword tightly, and slashed viciously at the nine-colored power that was rolling over.

With a soft sound, a crack was actually created.

Gu Taixu was overjoyed. He immediately crawled out and quickly escaped.

Su Yu's eyes were indifferent as he slowly followed.

Gu Taixu turned his head to look at Su Yu and snorted, "Surnamed Su, we're not done yet!"

He stepped on the nine malefic original sword.

The sword flew at high speed.

Its speed was even slightly faster than Su Yu, who was now in the advanced saint physique.

If Gu Taixu could not defeat him, it would be very easy for him to escape.

Of course, this was what he thought.

He fled for two whole days and two nights.

Gu Taixu sensed that Su Yu's tracking aura had long disappeared behind him, and he breathed a sigh of relief.

Looking at the injuries all over his body and then looking at himself in a sorry state, Gu Taixu said hatefully, "Damn it, after so many years of hard work, I still can't defeat Su Yu!"

He even felt a little disheartened.

It seemed that no matter what, he couldn't surpass Su Yu.

Right at this moment.

A clear beeping sound came from his waist.

It was his communication jade formula.

Opening it, he saw a message coming from inside.

"Master, when will you return?"

It was from his disciples.

For many years, Gu Taixu had been looking for people with the same physique as him.

His goal was to cultivate more powerful people.

He gathered them into one force.

Now, it was finally effective.

He found a total of 20 disciples, all of whom were cultivating the nine spirits body.

Among them, two of them were even more talented than his master.

Their cultivation speed could be said to be godly.

If he could successfully survive the destruction of the epoch and reach the next epoch,

He would definitely be able to become a powerful existence.

Thinking up to this point, Gu Taixu's dejected heart disappeared.

"Su Yu, Oh Su Yu! Even if I can't defeat you, I still have my disciples and grand-disciples. They will take revenge for me for generations. One day, an existence that surpasses me will be born among them."

His nine beasts technique hadn't reached the highest realm.

There was still room for improvement.

However, all the opportunities and fortunes weren't enough for him to cultivate to the depths.

Only those with extraordinary talent could do it.

Therefore, even if he couldn't defeat them, he still had hope.

Chapter 2793 Root Out The Problem

Looking left and right, Gu Taixu stepped through the void and came to a group of extremely hidden islands.

A large uninhabited island floated in the dead air.

On the island in the middle, there were some moving figures.

They sensed Gu Taixu's return and went forward to pay their respects.

"Welcome back, Master." The person in front of them was the disciple that Gu Taixu had nurtured.

The two in the lead were a man and a woman.

They were the disciples that Gu Taixu was most proud of.

They were extremely talented.

They cultivated for a short ten years and were no less than he was a hundred years ago.

If they were given a few more decades, there was a chance that they could reach the level where he had completed the nine beasts.

In fact, they might even be able to surpass him in the future.

Gu Taixu's face revealed a gentle expression. "All of you, stand up."

"Master, do you want to devour all the living beings in the Heaven Court? Did you leave some for our disciples?" The woman in the lead bared her teeth and asked.

Her mouth was filled with blood.

She, who had devoured living beings all year round, was clearly a human.

However, at this moment, her face was covered in scales. With a smile, she gave off an exceptionally ferocious feeling.

Looking at the others, they were all the same.

They had long been transformed into half-beasts.

All these years, they had killed innocents indiscriminately and devoured living beings as their goal.

It could be said that they were the most evil existence in this piece of nothingness.

GU taixu sighed, "Master met his sworn enemy back then. After a battle and injuring him, he let him and his people off."

Ah?

Many disciples were puzzled.

"Master, that sworn enemy stole your fiancée and caused you to lose everything. How can you let him go so easily?"

Gu Taixu said shamelessly, "It's easy for me to kill him. However, it's too easy for him to die just like that! "I hope that I can nurture all of you so that one day, all of you will personally kill your enemies for me."

The scaled woman who spoke spoke spoke in a cold voice, "Don't worry, I will cultivate well. If I meet him in the future, I will definitely eat him one bite at a time and let him repent in pain!"

The other disciples revealed their cold teeth one after another.

Extremely cold!

But at this moment.

The Sky suddenly turned nine-colored.

This caused them, who were hiding in the darkness, to close their eyes one after another.

Gu Taixu's body stiffened. He looked behind him in disbelief. His lips trembled as he said, "Su... Su Yu?"

Didn't he shake him off?

How did he catch up?

All of a sudden.

Gu Taixu suddenly realized something and looked at his nine deadly original sword.

He saw that there was a trace of nine-colored power hidden in his sword.

It turned out that Su Yu deliberately showed weakness in the beginning to leave a trace of saintly being's power on his sword so that it would be easy to follow.

From the beginning, Su Yu did not plan to kill him immediately.

Instead, he wanted to... eliminate the roots!

He wanted to uproot all of Gu Taixu's people, not leaving a single one alive!

When he understood this, Gu Taixu felt a chill down his spine.

At the same time, a great anger surged out from his heart. "Su Yu, aren't you too ruthless?"

Not only did he kill one of his disciples, but he also wanted to eliminate all of his disciples?

Sensing Su Yu's terrifying scheming once again, Gu Taixu was deeply regretful.

Couldn't he just hide in the dark and accumulate his strength?

Why did he have to run out and openly challenge Su Yu?

Now, he was targeted by Su Yu.

Just like a mouse, he was discovered by the shrewd old cat and his nest was discovered by the old cat!

"All of you, leave!" Gu Taixu roared as if he was facing a great enemy. He held the nine deadly original sword in his hand.

The disciples were all stunned.

"Master, that's the human sacred physique. He's your sworn enemy, right?"

"That's right, master. Didn't you say that we can easily kill him? Why should we be afraid?"

"This time, please don't show mercy to him. Just kill him on the spot!"

Gu Taixu's face sank and he shouted, "If I tell you to leave, then leave immediately!"

They felt Gu Taixu's sternness.

The disciples had no choice but to leave the meteorite and escape in different directions.

They had to admit that they were quite experienced.

If the enemy came to encircle them, they would not be able to kill them all, unfortunately.

They met Su Yu.

They had just flown out of the Dark Island.

A huge net made of nine-colored power descended from the sky.

Three of the disciples were caught off guard and were enveloped within.

Without waiting for them to resist.

The nine-colored power exploded in an instant, shattering the three disciples into pieces.

Finally, the other disciples realized the intense danger and fled frantically.

Bang --

However, huge nine-colored palms descended from the sky.

One by one, they crushed them into a bloody mist.

Gu Taixu saw this and his eyes were about to split open. "Ah! ! Su Yu, Stop!"

These were all disciples that he had spent countless amounts of effort to nurture!

Now, they were all killed by Su Yu.

"Master, save me! !" The scaled woman was so frightened that her face turned pale.

Having already escaped, she tactfully returned and fled towards Gu Taixu.

Gu Taixu immediately rushed forward.

The other disciples had all been mercilessly killed.

She was the only one left.

"Su'e, don't be afraid, your master is here..."Gu Taixu roared.

Boom --

However, a huge palm that reached the sky crashed down.

The female disciple that was right in front of him was crushed onto the meteorite on the spot.

Then, an extremely clear sound could be heard.

The female disciple was crushed into a bloody mist.

Gu Taixu stared at the bloody mist in front of him, unable to accept the cruel scene in front of him.

They were still chatting and laughing just now.

In the blink of an eye, they were all mercilessly killed.

At this moment, Gu Taixu was extremely furious.

His eyes were red, like an enraged beast. He looked coldly at Su Yu who was walking towards him on the nine-colored holy light.

"You're too cold-blooded, too heartless! !"Gu Taixu said hatefully.

Su Yu put his hands behind his back.

His expression was very cold, without the slightest bit of emotion.

"When you eat people, don't you think you're cold-blooded? Don't you think you're Heartless?"Su Yu said indifferently, "After I kill you, I believe that all living beings will only think that I'm eliminating the harm for the people, not being cold-blooded."

A group of heartless, cannibalistic things had the nerve to accuse Su Yu of being cold-blooded?

"Su Yu! ! I'll fight it out with you!"Gu Taixu roared angrily. He held the nine deadly original sword in his hand and charged over on the spot.

Su Yu said indifferently, "With your strength, you probably don't have the qualifications to fight it out with me."

He formed a seal with both hands.

He chanted an extremely mysterious incantation.

It was a secret technique from the Heavenly Tome of darkness. It was obtained after studying it for 30,000 years.

Its power was unimaginable.

As he chanted the incantation, the nearby islands suddenly started to burn.

Even Gu Taixu's entire body started to burn.

Even the nine deadly original sword in his hand was no exception.

"Hellfire Sky!"Su Yu muttered softly and said four words.

Once this secret technique was used, it could burn everything in the world into nothingness.

Not even the dregs would be left.

Other than Su Yu himself, nothing around him could escape.

Gu Taixu immediately let out a shrill scream. He hugged his body and rolled on the ground.

Chapter 2794 Meddling In Other People's Business

He tried to extinguish the flames on his body, but he could not succeed.

He could only watch as his body was burned into nothingness.

Su Yu looked at him calmly.

He sighed silently in his heart. It was time to end this.

The grudge between the two of them had lasted for more than a hundred years.

It had finally come to an end.

However.

At this moment.

Heavy rain started to fall from the void.

It wasn't ordinary rain.

It was the water of the Abyss!

It was cold and bone-piercing, and it contained an extremely special power.

The flame attracted by Su Yu's heavenly book secret technique was extinguished in an instant! !

At the same time, a compassionate and grand voice came from above, "God has the virtue of living well. Benefactor, why don't you put down your butcher's knife and become a Buddha?"

Su Yu looked up.

A warship with the flag of Nirvana slowly glided over their heads.

The water of the Abyss fell from the ship.

At the same time.

A fat-faced monk with wide ears stood at the bow of the ship. He was wearing a wide kasaya that revealed his belly.

He put his hands together and had a compassionate smile on his face.

His cultivation was unfathomable.

At least, Su Yu couldn't see through it.

At least, he should be at the middle stage of the Heavenly Dao master realm.

He should be at the same level as the ancient god and the ruler.

"Nirvana?" Su Yu murmured.

Su Yu had been in contact with this force since they came to the absolute beginning realm.

The most impressive thing was the path of faith.

The sacred original heart was also controlled by Nirvana, and it was still in the Nirvana organization.

He didn't know if she was still alive.

Looking at Gu Taixu who was still alive, Su Yu's eyes revealed a cold light. He activated the secret technique again and prepared to kill him.

Shua --

However, a beam of light from the battleship enveloped Gu Taixu.

It was a space teleportation and he planned to bring Gu Taixu back to the battleship.

Su Yu's expression was calm.

Using a space secret technique in front of the ruler of space?

"Come back!" He shouted.

The spatial teleportation light around Gu Taixu, who was about to be saved, disappeared.

He was teleported to Su Yu's vicinity.

The Fat Monk with wide ears took a step forward.

As he stepped on the Void, Holy Golden Lotuses immediately bloomed nearby, illuminating the Void with an extremely holy light.

"Benefactor, put down the butcher's knife and become a Buddha immediately!" He said again.

Su Yu's gaze was cold as he pointed at Gu Taixu. "Butcher's knife? Do you know who I killed? It's someone who has reached the culmination of the nine beasts. He has eaten more people and killed more creatures than you have seen!"

"I killed such a person to uphold justice for the heavens."

"If you insist on saving him, you are the one who is harming the common people and helping the wicked!"

The wide-eared fat-faced monk continued to smile.

"No! There is a Buddhist saying that it is better to save a life than to build a seven-storied pagoda. Even if he is a person of great evil, there is still a possibility that he can turn back!"

He looked at Su Yu and said, "I see that benefactor's killing intent is deep and his body is full of malice. He has an extremely demonic appearance. Benefactor, please wake up in time and stop being stubborn!"

Hearing this, Su Yu laughed angrily. "What a good monk who inverts right from wrong!"

The bloody history of the ancient Taixu was erased by a sentence with the possibility of turning back.

Su Yu carried out justice on behalf of heaven, but he was regarded as killing innocents indiscriminately!

"What qualifications do you have to forgive the many creatures that ancient taixu harmed and let him turn back?" Su Yu asked coldly.

The wide-eared fat-faced monk smiled and pressed his palms together, "Of course it's Buddha! Buddha is the human heart."

"Human heart? Humph, such a Buddha is more like a devil!"

"Only a devil would condone a devil!"

The wide-eared fat-faced monk retracted his smile and said solemnly, "Benefactor, you have already become a devil. If you continue to be stubborn, you will forever fall into the path of the Devil. I hope you will quickly wake up."

His words were filled with other people's confusion. Those who did not listen were bewitched.

How could such a person with a glib tongue be a person of the path of Buddha?

A person of the path of the devil was more like it!

"Get out of the way, or I will kill you too!" Su Yu said coldly.

In the face of such a bloody and cruel existence like Gu Taixu, the only way to stop the killing was to kill!

The fat-faced monk shook his head and said in disappointment, "Amitabha. Benefactor has already been bewitched. I can only adhere to the Buddhist dharma and eliminate the devil in the human world."

He did not care about the real devil. Not only did he want to save the Devil, but he also wanted to eliminate the person who destroyed the devil.

Should he say that he was blind.

Or did he have ulterior motives?

Su Yu burst into laughter. "Alright, then you can treat me as a devil! Let this devil destroy this fake Buddha of yours!"

"Hellfire Sky!"

Countless heavenly book characters immediately detonated everything in the area.

The first to bear the brunt was the battleship not far away.

It was ignited on the spot and caused a raging fire.

That fire was exceptionally strange and was not something that a human could extinguish.

Fortunately, the battleship had the water of the abyss. In the rush, the fire was finally controlled.

The fat-faced monk with wide ears had a solemn expression on his face as his eyes widened in anger. "Demon, you are too impudent! This penniless monk will definitely take you in today!"

"Vairocana!" The sleeves on his body trembled.

He flew into the air.

He released an extremely dense holy light.

The light was so strong that it was like a small sun that hung in the sky.

Under the light, the Hellfire was immediately suppressed and could not spread.

Su Yu's gaze was cold as his heart suddenly sped up.

It allowed his sacred body to reach the great completion state.

"Destroy!"

The nine-colored light on his body suddenly swept out in all directions.

Like a tornado, it instantly swept away his kasaya and tore it into pieces.

The fat-faced monk with wide ears was shocked. "Great completion human saintly being?"

Just now, when he came out to meddle in other people's business, Su Yu just happened to take back his saintly being and only used the heavenly Tome of darkness.

At this moment, he used it, causing the fat-faced monk to be greatly shocked.

"Wrong, I'm a Demon!" Su Yu threw a punch.

The power of the saintly being erupted, and with an absolute pressure, it slammed onto the fat-faced monk's chest.

The latter hurriedly resisted.

He opened his mouth and spat out a Buddhist relic.

The Buddhist power contained within was extremely terrifying, and it immediately blocked the power of the saintly being.

But, it only lasted for a moment.

The fat-faced monk, along with his beads, kept rolling on the ground.

When he got up, his chest was already a bloody mess.

And cracks appeared on his Buddhist beads.

There were faint signs of them breaking.

The monk's face was filled with shock, and he stared at Su Yu with extreme fear.

At this moment.

How could he dare to stay and fight?

He picked up ancient Taixu and rushed onto the warship, saying, "Hurry up and leave!"

The warship immediately turned into a ray of light and shot away.

Su Yu snorted and immediately chased after it, bombarding the hull of the warship.

Creak --

The warship rumbled violently and was about to be destroyed by Su Yu.

The monk on the warship was extremely shocked and hurriedly said, "The power of faith!"

Instantly.

From within the warship, countless spatial caves were opened and countless chants came from within.

Those chants were filled with faith.

The faith gathered into an invisible force that greatly negated Su Yu's attack.

Taking advantage of this opportunity, the battleship sped up and escaped without a trace.

Su Yu chased for a while and felt the burden on his heart becoming heavier. He had no choice but to stop.

If this continued, he might trigger another obsession.

"You meddlesome thing," Su Yu said coldly.

His eyes were filled with more worry.

Gu Taixu had survived a great catastrophe, and one day, he would make a comeback.

At that time, if he broke through to a deeper level of the nine deadly secret arts, the trouble would not be small.

"Nirvana? When I have time, I will definitely visit you!" Su Yu said coldly.

Chapter 2795 Undercurrents Surging

The only reward this time was to successfully foil Gu Taixu's plot.

And to kill his successor to the point of leaving nothing behind.

He himself was also heavily injured.

There was no need to worry in the short term.

Moreover, he had made several moves, suppressing all the powerful enemies in nothingness.

As long as he witnessed it, he did not dare to be impudent in the short term.

It was time to return.

He raised his palm and used his spatial domain to return to the heavenly court.

At this moment.

The evil daughter had recovered more than half.

She was currently recuperating and should be able to fully recover within half a month.

Currently, the strongest people in the heavenly court were her and Su Yu.

If the era of destruction came,.

The defensive formation outside the heavenly court would not be effective.

He and the evil daughter would be the final barrier.

If they couldn't do it, then they could only retreat back to the crossing Nightmare Lotus seat.

Speaking of the crossing Nightmare Lotus seat, Su Yu muttered, "It's time to prepare the crossing Nightmare Lotus seat."

If they waited until the epoch was destroyed and the heavenly court couldn't hold on, then it would be too late to send more people.

They had to send the people they needed to the crossing Nightmare Lotus seat first.

Just in case.

However, the problem was who should be sent.

All the living beings of the Heaven Court were people who had come all the way from the broken realm.

Because the space of the nightmare crossing Lotus seat was limited, it could only hold less than one-tenth of it.

It would definitely be unfair to the living beings of the broken realm if they were to give up 90% of the people.

However, they would definitely be thrown into chaos.

He could only choose the most important group of people.

For example, the tripod organization, the former nine regions, the true dragon, the divine realm, and other living beings.

For example, the Queen of starrain and other friendly forces from the eight-star civilization.

They were the first choice of targets.

As for those who gathered in the dilapidated areas and the heavenly court, they would be selected by merit.

He found Yu Xiang Wan and decided to hand the task over to him.

After knowing the task, Yu Xiang Wan gave a wry smile. "Brother Su, I can't do this job."

This kind of work was very offensive.

It was related to the life and death of everyone. who did not care about it?

Who would not hate someone who was abandoned?

At that time, it was hard to say if he would be able to keep his life.

Su Yu also felt that it was difficult.

This matter was rather troublesome.

He himself was unable to handle it personally.

After all, he already knew the method to temper the holy physique. It was a religion, so he could not lose the hearts of the people.

However, forcing Xiang Wan to do it was an extremely dangerous thing for him.

In the face of a life-threatening situation, anyone could do anything that was too extreme.

Therefore, it was indeed a headache to ask who to handle this matter.

Just when he was in a dilemma.

The Dark King reported that there was a serious riot in a corner of the heavenly court.

There was a confrontation between the creatures from the remnant zone and those who joined later on, and it had already triggered a war.

There were more than 10,000 casualties.

Su Yu frowned.

At the moment of the destruction of this era, there was no room for any internal strife.

"Didn't you notice anything strange before?" Su Yu questioned.

Such a large scale confrontation couldn't have happened suddenly.

There must have been some clues beforehand.

Dark King didn't notice it in advance, so it could be said that he was derelict in his duty.

Dark king immediately said, "After Dingzun left, the conflict between the two sides only started. We tried our best to mediate between them, but..."

He hesitated slightly and did not continue.

It was as if he was afraid of something.

"What can't I say?" Su Yu said.

Dark King lowered his voice and said telepathically, "It was the slave ancestor who instructed us from behind. We don't dare to pursue it too much."

Firstly, Su Yu happened to be chasing after Gu Taixu and was not in the heavenly court, so he did not dare to pursue it.

Secondly, he was worried that if he pursued it too much, it would trigger the slave ancestor's resentment and cause him to leave the heavenly court.

Such an ancestor-level powerhouse was obviously of great help to the heavenly court.

If she left just like that, it would be a great loss.

After hearing that, before Su Yu could say anything, Yu Xiang Wan was already enraged.

"Ptui! What's This? Su Yu went through so much effort to expel the foreign lands, but he's trying to sow dissension in the heavenly court? This is betraying us!" Yu Xiang Wan said.

The slave ancestor had fled to the heavenly court to seek refuge from Gu Taixu.

What happened in the end?

Did he show any gratitude?

Not only did he not show any gratitude, he even started to stir up trouble in the dark.

Su Yu calmed himself down and asked, "What's the reason?"

The slave ancestor could not have eaten too much and stirred up trouble for no reason, right?

The dark king said, "According to our investigation in the dark, after the slave ancestor arrived, all the foreign forces started to attach themselves to him and treat the slave ancestor as their backbone."

The foreign forces that he mentioned.

All came to seek refuge after the heavenly court stabilized.

They did not contribute to the establishment of the heavenly court at all, so they had almost no sense of belonging to the heavenly court.

They did not treat themselves as people of the heavenly court.

Therefore, when the slave ancestor, who was also an ancestor-level powerhouse from the outer realms, appeared, they all treated him as their backbone.

The ancestor-level powerhouses did not want to become Su Yu's vassals, so they took advantage of the situation and accepted them.

The conflict after that seemed logical.

Yu Xiang Wan said angrily, "A bunch of ingrates. We shouldn't have taken them in in the first place! It's not too late to chase them out now!"

However, Su Yu fell into deep thought.

A moment later, a glint flashed in his eyes. "Dark King, mediate a little and let our own people make way."

Hearing this, Dark King was shocked.

"Ding Zun, will this cause dissatisfaction among our own people?" He really could not understand Su Yu's way of doing things.

How could they mistreat their own people and let outsiders take advantage of them.

Their own people worked hard to conquer the heavenly court, but in the end, they wanted to let outsiders take advantage of them effortlessly?

"Do as I say!" Su Yu said without allowing anyone to interfere.

Dark King's persuasion was useless. He could only sigh. "Yes!"

He truly felt that the sacrifices of those people were not worth it.

In the end, their hard work was not even comparable to the status of those outsiders.

Ding Zun's decision was really muddle-headed.

However, he still did as he was told.

Under Ding Zun's guidance, the battle between the two sides stopped.

The crux of the dispute was a spiritual vein.

Because the heavenly court had fewer people and more people, resources were extremely scarce.

Especially the spirit vein, which was even rarer.

The era was about to end. If one day, all kinds of reserves were insufficient.

The spirit vein was the thing that maintained their minimum living standards.

Therefore, every single one of them had to be fought over.

As a judge, Ding penalized the spirit vein that should belong to its own faction to the new vassal factions.

Naturally, the local factions were extremely dissatisfied.

But so what if they were displeased?

Ding's prestige was there, and no one dared to oppose it.

On the contrary.

The new vassal factions were exceptionally excited.

In a secret stronghold.

With the new vassal leaders of the nine major factions as representatives, they gathered in a place to discuss.

Their expressions could all see uncontrollable joy.

"The distribution plan for the spiritual vein that we fought for this time has been decided," a group of people discussed.

"Hehe, it's all thanks to our unity that the people of the heavenly court saw how powerful we are and had no choice but to give in!"

"If we had known this would happen, we would have united early on and fought for more benefits!"

Everyone said.

One of them said, "I feel that Ding is not looking at us, but the slave ancestor. Without him holding the fort, we are just a bunch of mobs in Ding's eyes."

"How could he give us face and make the people of the heavenly court give in, and let us take advantage of them for nothing?"

Everyone was shocked awake and agreed.

They had clashed with the people of the heavenly court more than once or twice.

When had Ding ever sided with them?

Chapter 2796 Inviting You Into The Trap

Only this time was different from the past.

As they were speaking, a hoarse voice drifted over.

"Looks like you guys aren't too muddle-headed." At the entrance of the secret room, a beast skin old man with his hands behind his back walked in without anyone noticing.

It was the slave ancestor.

Behind him followed the Slave Beast King and the other outstanding clansmen.

The Masters of the various forces all stood up and respectfully cupped their fists. "Greetings, slave ancestor!"

The slave ancestor naturally sat on the main seat and nodded. "All of you, take a seat."

Everyone sat down and flattered him.

"This slave ancestor's ferocity is unrivalled. Even the unexcelled cauldron has to give in!"

"In the future, we will definitely follow this slave ancestor loyally!"

Having tasted the sweetness, they were even more respectful towards this slave ancestor.

Everyone was talking happily.

Only the slave beast king was frowning.

The situation in front of him was completely different from what he had imagined.

He had sought out his clansmen to help Su Yu and tide over the difficulties together.

He did not secretly drag them down and cause internal strife.

Looking at the crowd who seemed to have taken advantage of him, he felt disgusted and said, "Everyone, don't be happy too early. If the Su sacred physique knew about this, he could take back everything you have with a word."

Everyone immediately felt as if they had been splashed with a bucket of ice water, waking them up one by one.

Indeed.

Su Yu was the number one person in nothingness.

Once the sacred body was opened, everyone looked at him with disdain.

Even the ancient Taixu, who was previously unrivalled in ferocity, fled in the face of the wind.

One could imagine how powerful he was.

From a certain point of view, the Heavenly Court was also led by Su Yu.

"Therefore, everyone, it's better to stop here. If you continue to cause trouble and cause the sacred body Su to be dissatisfied, the losses will outweigh the gains," the beast slave king warned lightly.

Everyone immediately quieted down.

Su Yu was indeed a knife hanging over their heads.

The slave ancestor said indifferently, "Don't worry! The Heavenly Court is not Su Yu's heavenly court alone. It is the heavenly court that all of us living beings share!"

He glanced at the beast slave king.

He warned him not to speak nonsense and disturb the morale of the army.

The Beast Slave King heard this and felt that it was extremely ironic.

The Heavenly Court didn't belong to Su Yu. Did It belong to outsiders like us?

One had to know that the heavenly court was a territory that Su Yu had used his blood and life to conquer.

These people who had received protection not only didn't know how to be grateful, but they even thought of themselves as masters?

The beast slave king said, "Ancestor, su sacred physique's strength is extraordinary. It's best that we don't provoke him."

He couldn't understand why forefather was so insistent on snatching Su Yu's right to rule.

Was it not good to be honest?

The slave ancestor said indifferently, "Su Yu's strength is indeed not bad, but it's just good luck to have activated his sacred body! Actually, it's nothing!"

"That bit of strength can only be considered the bravery of an ordinary man. It has little effect on resisting the destruction of the epoch."

When everyone heard this.

Their spirits were immediately lifted.

"Slave ancestor is right!"

"Thinking about the destruction of the epoch, what kind of calamity is that? Relying on one person's courage is useless."

"That's right, we still need ancestors like slave ancestor who have survived the destruction of the epoch to guide us!"

"That's right! I think that su saintly being, if he knows his own limits, it would be best if he gave up his command, so as to avoid harming us!"

"Mm! Su saintly being is only suitable to listen to the slave ancestor's orders. Being a pawn is his best identity. He still lacks many rulers."

The Slave Beast King heard it.

He felt a chill down his spine.

Was this the person that the Heavenly Court wanted to protect?

He didn't even have a firm footing, yet he wanted to turn over a new leaf and become the master, using Su Yu as a slave?

He was extremely regretful.

Why did he trust his clansmen and believe that they had no ambition at all?

In the end...

Not only did he fail to help Su Yu, he even attracted an ingrate.

The slave ancestor continued, "The spiritual vein we obtained today is insignificant. We need more fairness and justice."

His words roused the hearts of everyone.

"May I ask what your plan is, slave ancestor?" Everyone asked with concern.

Their minds were filled with fighting for more resources.

The eyes of the slave ancestor lit up. "I've received news that Su Yu is back, but he's seriously injured. He's currently in closed-door cultivation to recuperate. Everything has been handed over to his trusted friend, Yu Xiang Wan."

Everyone continued to listen.

So what?

As far as they knew, Yu Xiang Wan was absolutely loyal to Su Yu.

She would not betray Su Yu and help them gain benefits.

"Before going into seclusion, Su Yu gave Xiang Wan a task, which was to select the people who would enter the Nightmare Ferry Lotus seat," said the slave ancestor.

When he said that, everyone was shocked.

"What? Su Shengshen is in possession of a nightmare ferry lotus seat?" Everyone was shocked.

The Nightmare Ferry Lotus seat was widely recognized as a heaven-defying magic treasure that could survive the destruction of the new era.

In the current era, countless powerhouses wanted to forge it.

However, they all failed in the end.

The Dominators of the eight-star civilization had once wanted to create the nightmare ferrying lotus seat and used it to deceive the living beings to mine for them.

In fact, they had never refined the nightmare ferrying lotus seat.

That was because many key materials were only available in the previous era.

The current era was incapable of producing them.

"He has such an item, but he didn't take it out earlier."

"Looks like Su Shengshen is not as selfless as I imagined. He actually hid such a good show!"

"HMPH! To think that I was so respectful to him before. I did not expect him to be such a selfish person."

Their conversation caused the Beast King to feel a chill in his heart.

This was probably the so-called 'rising the rice to favor the rice to feud with the rice'.

He gave out favors and even gave out hatred!

A bunch of ungrateful wretches!

"Slave ancestor, Su Shengshen is planning to place the cauldron and the people he is familiar with into the nightmare ferrying Lotus seat. US vassal forces will be left to fend for ourselves, right?" One of the leaders of the forces felt that he had been abandoned and said coldly.

Slave ancestor nodded. "From the looks of it, this is indeed the case!"

Everyone said one after another, "Please, slave ancestor, save us. We all have the right to survive the destruction of the epoch. Why should Su Shengshen only care about his own people?"

This was exactly what the slave ancestor wanted.

"That's why I need all of you to follow me to the abdication palace and hand over the right to choose," said the slave ancestor

Abdication Palace to Xiang Wan?

Some of them hesitated.

"But won't Su Shengshen get angry because of this?"

The slave ancestor did not think much of it and said casually, "Don't worry. Su Yu lacks a person to guide him. He won't dare to do anything to me."

"Moreover, we are pursuing a legitimate goal, so he won't be able to say anything!"

Everyone continued to discuss, and in the end, they decided to abdicate.

The Slave Beast King remained calm.

After the meeting ended and everyone dispersed, he immediately went to the nine dragons ancient God Mountain.

He went to look for Su Yu, who was in seclusion.

But before he could go up the mountain, he was stopped at the foot of the mountain.

"I'm looking for Sacred Body Su. I have an emergency to report," the Slave Beast King said anxiously.

Once the Nightmare Lotus seat fell into the slave ancestor's hands, it would be impossible to take it back.

"Sacred body su is in seclusion to recuperate. Please go back," the guard said expressionlessly.

"But!"

"There's No 'but'. Please go back!"

Helpless, the slave beast King could only leave.

On the mountain.

In the secret room, the picture appeared in front of Su Yu.

He nodded slightly. "Fortunately, I didn't let you down."

Chapter 2797 Leading The Masses To Force His Way Out Of The Palace

He did not have a good impression of the Beast King.

He did not expect that he would come to inform him.

It was a little surprising.

Beside Su Yu, the evil girl sat cross-legged and muttered, "You deliberately pretended to be seriously injured and refused to meet the person who informed you. What are you trying to do?"

Su Yu smiled mysteriously, "The secrets of the heavens must not be revealed."

The evil daughter held her evil sword tightly and glanced at Su Yu. "What secrets of the heavens? You're just scheming against me again!"

"Don't say it so harshly. Great grandfather Jiang is fishing and is willing to take the bait," Su Yu said.

The evil daughter sighed softly. "I feel a little sorry for that slave ancestor."

Almost everyone who was schemed against by Su Yu ended up in a bad situation.

This included her other half.

She was also schemed against by Su Yu many times, and her soul was destroyed in the end.

At that time.

Yu Xiang Wan was secretly discussing many matters regarding the crossing Nightmare Lotus seat with a group of core members of Ding.

The Dark King looked at the shortlist and felt much better.

"At least Ding Zun is on our side," thought the dark king.

On the shortlist, it was mainly the members of Ding, followed by the creatures of the true dragon continent and the nine regions in the past.

The last few were the creatures of the remnant zone.

However, the dark king also sensed the danger.

If those who were not on the list were to know about the existence of the list, it would probably cause a huge uproar.

At the very least, they would lose the confidence that they had accumulated for a long time towards Su Yu.

At the very worst, there might be a riot.

"It's not easy for Ding Zun," sighed the dark king. When he looked at Yu Xiang Wan, who had come up with the list herself, he sighed even more. "But it's not easy for you."

If the list was spread out, what would happen to Yu Xiang Wan as the author?

She would definitely be envied and hated by countless living beings.

They might even seek revenge on her.

Her life would be threatened at any time.

Yu Xiang Wan looked bitter. "Who says so?"

This mission was a mission to urge her to do something!

"Since everyone has no objections, it's settled then..."said Yu Xiang Wan.

However, her voice was still in the air.

Suddenly, an extremely noisy noise came from outside the secret chamber.

At the same time, there was a fierce fight.

Before they could react, the door of the secret chamber was forcefully pushed open.

Thousands of new vassal forces, under the leadership of Nuzu, pushed back all the guards outside the door.

They also forcefully pushed open the door of the secret chamber.

When Yu Xiang Wan saw this, she slammed the table and got up. "Are you guys trying to rebel?"She asked angrily

He was discussing a secret meeting with the higher-ups of Ding and was actually forced to break in by the slave ancestor and the rest.

If this was not a rebellion, then what was it?

The slave ancestor had an indifferent expression. "You're the one who's trying to rebel!"

He looked at the meeting table and grabbed the list of names in his hand.

"Tell me, what's This?"He asked coldly

Yu Xiang Wan instantly felt weak.

"Let me tell you,"said the slave ancestor sternly, "This is the list of names for the crossing Nightmare Lotus seat! Let Me See who's on it!"

With a flick of his finger, all the names on the list appeared in mid-air.

"Look, they're all members of the cauldron. Only a very small number of them are left for the remnant domain creatures of the past. Our new vassal forces don't have a single one!"Slave ancestor said sternly.

The leaders of the various forces who had followed them in were even more furious.

"Despicable! You have the crossing Nightmare Lotus seat. Why did you take it out?"

"You actually abandoned our new vassal faction in secret and only chose your own people!"

"You guys are the real rebels! Su Shengshen clearly said that everyone who joins the heavenly court will be treated equally. But did you guys do it? No! You betrayed Su Shengshen!"

With just a few words, they actually labeled Yu Xiang Wan as a rebel who had betrayed Su Yu.

Yu Xiang Wan was so angry that she was trembling. "All of you, stop pestering us!"

"The Lotus seat is something that belongs to Su Shengshen. He can take in whoever he wants. He doesn't need anyone's permission at all!"

"Moreover, Su Shengshen has already done us a great favor by taking all of you into the Heavenly Court. Why would he abandon all of you?"

However.

His words were like the wind in the ears of the new vassal forces who harbored ill intentions.

They continued to howl.

"If you don't give us an explanation today, we won't be finished!"

"That's right. Since we've been abandoned, why don't we drag those heartless and unscrupulous things to their deaths together?"

Their words were harsh.

There were faint signs of a riot.

Dark King and the others were shocked.

How could the news of the existence of the nightmare crossing Lotus seat be spread out in advance?

They were secretly discussing the name list. who was the one who told the new vassal force about it?

However, now was not the time to pursue the responsibility.

Instead, it was about how to quell the riot that was about to begin.

Staring at the ingrates in front of him, Dark King's heart was filled with killing intent.

Keeping this group of people alive would be a disaster sooner or later.

Why not take this opportunity to exterminate them in a justified manner.

At this moment.

Nuzu stood up and spoke.

He waved the name list in his hand and said, "If this name list gets out, don't you all understand what will happen?"

Yu Xiang Wan and the others' expressions changed again and again.

Of course, they understood.

If this news got out, it would definitely cause a huge riot.

The order that maintained the heaven would definitely collapse in an instant.

All of them present would not have a good ending.

Yu Xiang Wan shouted in a deep voice, "Master, what are you trying to do?"

"What am I trying to do?" Master Nuzu stretched out his palm. "Hand over the crossing Nightmare Lotus seat and we'll decide the right to enter."

Yu Xiang Wan was extremely displeased. "Why should I hand it over to you?"

Master nuzu replied coldly, "Because we'll treat everyone fairly and give everyone a fair chance to enter the crossing Nightmare Lotus seat."

Yu Xiang Wan rejected flatly, "I'm sorry, we can't trust you."

The slave ancestor waved the list of names. "Then it's not up to you! I'll count to three breaths. If you don't agree, HMPH!"

Dark King and the rest were both shocked and angry.

A bunch of ingrates.

They actually took the opportunity when Su Yu was in closed-door cultivation to force their way into the palace.

They should not have let them in in the first place!

Yu Xiang Wan and the higher-ups of Ding exchanged glances with each other.

They helplessly discovered a fact.

It seemed that they had no other choice but to hand over the lotus seat.

In the end, Yu Xiang Wan felt extremely pained and indignant. "Remember your words and give everyone a fair chance to enter. Otherwise, Su Shengshen will definitely not let you off after coming out of seclusion."

The Nuzu said calmly, "Of course, we will keep our promise."

Hence.

Yu Xiang Wan was forced to take out the Nightmare Lotus seat and handed it to the slave ancestor.

When the slave ancestor got it, a smile finally appeared on his indifferent face. "I've finally got it!"

The leaders of the various forces behind him were also filled with joy.

With the Nightmare Lotus seat, they would be able to survive the destruction of the new age even if the heaven was destroyed.

"All of you, draw up the list now," said Yu Xiang Wan as she stared at them.

Without hesitation, Nuzu took out a list of names that he had drawn up long ago.

"You've already drawn up the list?" Yu Xiang Wan asked angrily.

This was obviously a conspiracy that had been planned for a long time.

However, when she saw the list clearly, Yu Xiang Wan was even angrier.

Chapter 2798 It Was Too Late To Regret

All of them were actually new vassal forces.

There was not even a single member of Ding!

Not to mention, he had broken his promise.

Just the name list alone was enough to make people feel indignant.

They should at least take care of the other members of Ding.

What about Nuzu?

He only wrote about the new vassal forces and not the rest.

"Is this what you mean by keeping your promise?" Yu Xiang Wan questioned.

The nuzu replied indifferently, "It's not that I've broken my promise, but my plans can't keep up with the changes. Our new vassal forces are relatively weak. The Heavenly Court should take care of our new vassal forces first, right?"

"You guys are weak?" Yu Xiang Wan felt as if she had heard the funniest joke.

They were the weakest among them. They united together to force the imperial court to abdicate and forcibly took away the lotus seat.

Was this weakness?

Yu Xiang Wan's face was livid. "The biggest mistake of the heavenly court is to accommodate foreign forces like you!"

Without experiencing the same hardships and hardships, it was indeed impossible to trust them.

The old patriarch's face tensed up, and there was a hint of threat in his eyes. "Watch your mouth. What do you mean by foreign forces? We're all members of the Heavenly Court!"

"If you dare to spout nonsense again and destroy the unity of the Heavenly Court, hmph, I'll show No Mercy!"

Hearing that, Yu Xiang Wan was so angry that she was trembling.

Unity?

What kind of unity?

However, in front of the old ancestor, he really wanted to restrain himself and not give the other party the chance to make a move.

"Alright, we must report this matter to the sacred body Su!" Yu Xiang Wan said fiercely.

The old ancestor was indifferent. "It's up to you. Anyway, we have a clear conscience. As the saying goes, justice is in the hearts of the people. If the sacred body su really loves the common people, he won't blame us."

Yu Xiang Wan sneered. She still wanted to stand on the moral high ground and tie a rope to Su Yu?

She was afraid that their plan was wrong.

Su Yu had never cared about his personal reputation.

The old patriarch and the rest who had achieved their wish left with the Lotus seat of the crossing nightmares.

They left Yu Xiang Wan and the other core executives behind.

Bang --

The Dark King hammered the table hard. "You're too cowardly!"

They were a group of Aborigines, yet they were openly snatched away by the newly-recruited forces.

"Dark king, these people are not on our side at all. Immediately deploy the army to suppress them and take back the Lotus seat," said Queen Starry Rain indignantly.

The Dark King looked hesitant.

After thinking for a while, he shook his head. "I'm afraid that's not possible."

Su Yu had previously warned him to take care of the new vassal forces.

He had also received Su Yu's orders to mediate the dispute between the new vassal forces and the local forces and handed over a spiritual vein to the other party.

At this moment, the Nightmare Lotus seat had been forcefully seized by them.

This matter could only be decided by Su Yu.

They could not rashly suppress the other party to avoid arousing the dissatisfaction of the saintly being SU.

"Why?" Empress Starry Rain did not know the inside story and questioned.

The other higher-ups were also extremely dissatisfied.

The previous dispute over the spirit vein was caused by Dark King's single-handedly operation, which caused a lot of dissatisfaction.

Dark King's heart was bitter as he shook his head and said, "I can't tell you guys for the time being."

Empress Starry Rain gritted her teeth. While suppressing them, she was not allowed to make a move against the new vassal forces and allowed them to cause trouble. At the same time, she also said that she could not tell them what the secret was.

She even suspected that the Dark King had received some benefits from the new vassal forces!

"No, we can't let this matter go just like that. We must find brother Su Yu to come forward!" Empress Starry Rain said unwillingly.

The other higher-ups echoed her.

How could they allow the new vassal forces to be so rampant?

They mobilized their forces to look for Su Yu.

However, the result was the same as the Beast King slave. They were all blocked at the foot of the mountain and could not go up at all.

They could not even see Su Yu.

"Saint physique su is still in seclusion to recover from his injuries. Everyone, please return," the guard said expressionlessly.

Empress Starry Rain said seriously, "We have something very important to inform saint physique su. It is a matter of life and death in the future. Please inform him."

The guard did not waver. "Saint Physique Su has instructed that nothing is allowed to affect his recovery."

"I'm his younger sister," retorted queen Xingyu angrily, "Why can't we do that?"

The guard shook his head dispassionately. "No Way!"

Upon hearing that, Queen Xingyu went crazy. The rest of them were also anxious.

Only Yu Xiang Wan was smiling bitterly inside.

"Su Yu, Oh Su Yu, you've kept everyone in the dark. Look at how anxious they are." Of course, Yu Xiang Wan knew that this was all arranged by Su Yu.

He was also one of the participants.

Naturally, his goal was the extremely thorny issue of the list of names.

In another place.

Many leaders of the new vassal forces had gathered once again.

They surrounded the Duan Nightmare Lotus seat and were all excited.

"Your humble ancestor is brilliant, we admire you!" One of the leaders of the forces was completely convinced.

The rest of the people followed suit.

Before the plan, they didn't have any confidence at all.

They didn't really believe that they could get the nightmare ferrying lotus seat.

After all, it was something that could save their lives.

How could the other party hand it over so easily.

But in the end, they really did it.

It was like a dream, unbelievable.

The humble ancestor chuckled, "It's a small matter! If it's too late, we'll have more trouble. We'll act immediately and take our people into the nightmare ferrying lotus seat as soon as possible."

"This way, even if the SU saintly being goes back on his word, we can't chase everyone out, right?"

Everyone agreed.

That night, they sent a large number of people into the Nightmare Ferry Lotus seat.

Of course, they also took away all the resources that they had obtained in the Heavenly Court.

Everything was in order.

It was just a piece of news that quickly spread among the people in the Heavenly Court.

The slave ancestor and the other new vassal forces had actually taken over the Nightmare Ferry Lotus seat.

Not only that, the list that the slave ancestor had personally drawn up was also widely spread.

In just one night.

Almost all the forces in the Heavenly Court had a piece of news.

This action could be considered to have caused a huge uproar.

For a moment, all the forces rushed over and surrounded the nightmare ferry lotus seat, arguing with the new vassal forces.

The slave ancestor was sitting in the Duan Nightmare Lotus seat.

When he heard the news, his eyebrows furrowed. "How could the news spread so quickly?"

He had expected that Yu Xiang Wan and the rest would return the favor by revealing their names.

However, he had already calculated everything.

Before the news spread widely, they had already settled down and prepared their lives.

At worst, they would hide in the lotus seat and seal it up.

What could the outside world do to them?

It must be known that the lotus seat could withstand the destruction of the epoch.

They could not break the lotus seat.

But at this moment, why did it seem like Yu Xiang Wan had prepared the news beforehand?

The slave ancestor suddenly had a bad premonition.

He had a feeling that there seemed to be an eye in the dark that was coldly watching all of his actions.

"Is it an illusion?" The slave ancestor muttered to himself. "It was a spur of the moment idea of me to snatch the Lotus seat of the Nightmare Realm. Could it be that no one could have predicted this?"

The most important thing now was to calm down the local forces of the Heavenly Court.

If they were not careful today, it would be easy to trigger a riot.

Of course, the direction of the riot was no longer towards the higher-ups of the heavenly court, but towards them.

Thinking of this, the slave ancestor's heart suddenly skipped a beat.

He seemed to vaguely understand something, and his expression immediately turned ugly.

Chapter 2799 Exterminating The Rebel Army

He realized that someone was really scheming against him.

He was prepared to throw the Nightmare Lotus seat, a hot potato, to him to deal with.

He snorted and sneered inwardly, "You want me to take the blame for you and become a scapegoat?"

"Unfortunately, I had already expected this."

To be able to live from the previous era until now, how could the slave ancestor be an easy person?

He was already prepared before the fight.

He immediately stepped out and stood on top of the nightmare ferrying Lotus seat. "Everyone, please be patient."

There was a rare hint of a smile in his tone.

"To be honest, we don't want to occupy the nightmare ferrying lotus seat alone. We have no choice!" The slave showed a pained expression.

"It was Su Shengshen who pitied us for being homeless. That's why he insisted on letting us stay in the nightmare ferrying lotus seat."

In the crowd.

Yu Xiang Wan, who was hidden in the crowd, felt ashamed. "He's really shameless. It's obvious that he was the one who snatched the seat, but he said that Su Yu was the one who forced him?"

"However, Su Yu has already predicted what you're going to do. Since you've already taken a step forward, it's impossible for you to turn back now."

At this moment.

The many strong practitioners who were gathered around started to get suspicious.

"Nonsense! How could Su Shengshen hand over the Nightmare Ferry Lotus seat to you guys?"

"Do you really think that we're so easy to deceive? Su saintly being didn't take care of our meritorious subjects, didn't take care of the cauldron, and instead took care of your new vassal forces that didn't contribute anything?"

The slave ancestor was already prepared for this.

He chuckled and took out a spirit vein certificate as well as a video.

"Everyone, you may not know this, but a few days ago, we asked for a spirit vein. When we were in a dispute with your local forces, it was su saintly being who sent the upper echelons of the cauldron to side with us."

The image released by the video showed that dark king was taking sides with them.

Not only did he not punish them for causing trouble, he even handed over the spirit vein to them.

"Ding was a force created by su saintly being. May I ask, without su saintly being's order, would ding dare to take sides with us like this?" The slave ancestor said indifferently.

He secretly smiled in his heart.

Su Yu could be considered to have lifted a rock to hit his own foot, right?

His favoritism back then was now the best protective talisman.

As expected.

The shocked and angry crowd began to guess.

It seemed that Su Shengshen really favored them.

It was not impossible for him to give them the nightmare crossing Lotus seat.

Seeing that the crowd was gradually calming down, the slave ancestor continued, "Please don't look at us differently. We are all members of the Heavenly Court like you

"If you insist on making trouble here, you will be breaking the unity of the Heavenly Court. Not only will I punish you, but you will also not be able to pass the trial of the SU saintly being!"

With the threat in front of them, the next step was to entice them.

"Of course, since we are all fellow countrymen, I will give out 100,000 spots to everyone. Those who are sensible and take the overall situation into consideration will be given priority."

Hearing that.

Many of the forces that were not focused on one thing had their own thoughts.

The so-called sensible thing was to not make a scene.

Whoever made a scene now would not be able to get the spot for the crossing Nightmare Lotus seat.

The many forces that had already calmed down had indeed quieted down.

The slave ancestor secretly despised them.

A bunch of idiots. They were so easily subdued by small favors.

But.

At this moment.

A discordant voice sounded.

"Everyone, don't believe him! He is the one who caused saint su to be seriously injured while he was in seclusion." Someone in the crowd suddenly shouted.

Hearing this, everyone was shocked.

That voice continued to fan, "I colluded with Gu Taixu and betrayed Saint Su, causing him to be seriously injured."

People were most afraid of being incited.

Those who did not know the truth and were dissatisfied immediately questioned.

"That's right! Su Shengshen is so powerful, why is he heavily injured?"

"Everyone, there seems to be a problem. Gu Taixu only appeared after the slave ancestor arrived!"

"That's right! Su Shengshen has always treated us with clear rewards and punishments. Why would he favor a new vassal force that has no contribution for no reason?"

At this moment.

The bewitching voice said again, "Everyone, slave ancestor and the others want to destroy our shelter and seize all our resources!"

Everyone came to a realization.

At the same time.

The members of the cauldron suddenly surrounded them from all directions.

The experts led by the dark king surrounded the nightmare lotus seat.

"Su Shengshen has given the Order!"The Dark King shook his hand.

A banner that spanned across the sky was displayed in front of everyone.

It said, "I was plotted against by a traitor and only regained my consciousness until now. I heard that a traitor used my name to wreak havoc and ordered the cauldron to eliminate the traitors and return peace to the heaven!"

"It's the SU saintly being!"

"As expected, not only did I plot against the su saintly being, I even pretended to be him to deceive my superiors and subordinates!"

"You all deserve to die! !"

How powerful was Su Yu's appeal?

Once he said it, the whole world would follow.

The slave ancestor's expression changed drastically.

Was Su Yu Crazy?

Without his guidance, how could the Heaven Court survive the destruction of the epoch?

Wait!

Everything was secretly instigated by Su Yu.

He was the one who plotted behind the scenes!

"Hold on, we can return the crossing Nightmare Lotus seat now."The slave ancestor immediately waved his hand, telling the people who entered to quickly retreat.

There was still room for redemption.

As long as they continued to stay in heaven, there was still a day for them to rise again.

However, how could Su Yu give them another chance?

Whoosh --

A wave of spatial energy surged around the lotus seat.

The Lotus seat was instantly teleported out.

Yu Xiang Wan jumped out from the darkness and shouted, "Not good, they want to use the lotus seat to escape!"

The Dark King immediately led the forces of the cauldron to charge over.

The slave ancestor immediately sensed that something was wrong.

If he really left with the Duan Nightmare Lotus seat, he would not be able to clear his name even if he jumped into the Yellow River.

No matter what, he would be charged with the crime of fleeing in fear of punishment.

"No, it's not us..."

Before he could finish his sentence, the Duan Nightmare Lotus seat had already been activated and disappeared from the spot.

When it reappeared, it had already appeared in the void.

Dark King's eyes flashed and he immediately led many forces to charge out. He roared, "Where the cauldron belongs, destroy the rebel army!"

The members of the cauldron, the true dragons, the nine regions, and other creatures all flew into the void.

They took the lead and chased after the nightmare lotus throne.

Above the nightmare lotus throne, the slave ancestor was furious. He used his arms to try to stop the Nightmare Lotus throne from leaving and bring it back to the heavenly court.

Only in this way could he explain that he was framed.

However, the crossing Nightmare Lotus throne activated itself and pushed it into the depths of nothingness.

It was only until the heavenly court's living beings could no longer detect the area.

The crossing Nightmare Lotus Throne finally stopped.

A silver-haired figure also stepped on the spatial ripples and slowly appeared.

"Su Yu!" The slave ancestor seemed to have sensed something and suddenly looked over with hatred on his face. "Why did you scheme against me?"

Su Yu said calmly, "If you didn't have any evil intentions, would my scheme have worked?"

His eyes slowly turned sharp. "I took you in out of kindness, but you don't know how to be grateful. Yet, you want to occupy the Heavenly Court and enslave me at the same time to become your subordinate, is that right?"

The slave ancestor tried hard to calm his emotions and quibbled, "Do you have evidence? It's all just your guess! As the Lord of the Heavenly Court, you have to show some evidence in everything, right?"

Chapter 2800 The True Trump Card

He was confident that Su Yu did not have any evidence.

What he said that day did not leave behind any evidence?

But, did Su Yu need evidence for his actions?

"Who gave you the illusion that I'm a person who talks about evidence?" Su Yu said lightly.

The slave ancestor's expression froze slightly. "As the Lord of the Heavenly Court, you naturally have to pay attention to evidence if you want to convince the masses. If you act recklessly, won't you lose the hearts of the people?"

Su Yu chuckled, and the surface of his body gradually overflowed with a nine-colored radiance.

"The hearts of the people? Killing you will be more effective in condensing the hearts of the people," Su Yu said indifferently.

The slave ancestor gazed at the power of the Holy Body and instantly became alert. He said, "Holy Body Su, you have to understand the situation clearly. Without Me, who will guide you through the destruction of the epoch?"

This was probably the slave ancestor's greatest reliance.

He might not be as strong as Su Yu, but his experience of surviving the destruction of the previous epoch was unique.

With the destruction of the epoch, everyone was in danger.

It was reasonable to surround him tightly and listen to his advice.

Su Yu smiled faintly. "You give advice? Why didn't you come out to give advice when we were attacking the Heavenly Court? Why didn't you come out to give advice when we were setting up the array formation? When we were all set up properly, did you come out to consider yourself as a mentor?"

"Not only that, you even wanted to snatch the commanding rights of the Heavenly Court and turn everyone into your slaves?"

"Who gave you the courage?"

The slave ancestor felt that Su Yu could not be reasoned with, so he said with conviction, "Su Yu, use your brain to think about how valuable my guidance is, okay? Don't be like a brainless youth who only knows how to act recklessly!"

When Su Yu heard this, he only smiled and did not say anything.

He acted recklessly?

Perhaps the slave ancestor had been hiding in a nothingness corner for too long and did not understand what had happened in the eight-star civilization.

Even more so, he did not know what kind of person Su Yu was.

"You really should have promised me before coming to the heavenly court," Su Yu said indifferently.

The nine-colored power on the surface of his body instantly reached its peak.

His killing intent was not concealed at all.

The slave ancestor was shocked and furious. "You disappoint me too much. After all, you're the Lord of the Heavenly Court. How could you be so muddle-headed? Kill me and sleep to give you guys pointers for the future?"

Just as he finished speaking.

A cold figure dressed in a long black dress slowly approached.

"Can I?" The person who came was the evil daughter.

Her expression was calm. "The matters related to the destruction of the epoch have been recorded by all the major forces of this epoch. There's nothing special about it."

Among the powerful factions today, there were old monsters who had survived the previous era.

Their experiences had long been spread throughout the factions.

The evil daughter was born in the Heavenly Dao Palace. She knew the details of the destruction of the era thoroughly.

Perhaps she had a deeper understanding than a mid-stage heavenly dao master like slave Zu who fought alone.

Su Yu's expression was indifferent. "So, Slave Zu, I really don't know why you think so highly of yourself?"

He probably felt that the heavenly court was a motley crew.

He needed this old ancestor of his to guide him through the maze.

"I think that it's probably because the heavenly court is too easy to enter, giving you the illusion that I really need you," Su Yu said indifferently.

The slave ancestor was repeatedly shocked.

Su Yu actually already had the support that he was most proud of?

Thinking up to this point, he temporarily dismissed the idea of dominating the heavenly court.

His expression softened and he said, "Alright, it's my fault for not thinking properly! Let's end this matter here. I Won't pursue the matter of you scheming against me anymore. Let's pretend that today's incident didn't happen."

After a pause, he added, "I'll return the Nightmare Ferrying Lotus seat to you. I hope that you can give everyone a satisfactory excuse to suppress their anger."

Su Yu was expressionless as he said indifferently, "What if I don't agree?"

The old ancestor's face turned cold. "If you don't agree, we... We won't support the Heavenly Court Anymore!"

Their new vassal force was equivalent to one-tenth of the local forces.

In resisting the destruction of the epoch.

It was a force that could not be ignored.

He believed that if Su Yu had a bit of reason, he would not refuse.

"Then don't support it. Go back to where you came from!" Su Yu replied without hesitation.

He didn't leave any room for negotiation.

The slave ancestor's pupils constricted. "What do you mean?"

Su Yu actually wanted to give up everything they had?

Was he crazy?

"It's what I mean literally." Su Yu walked over.

The powerful saintly being's power swept over.

He lightly shouted, "Where the cauldron belongs, attack the Nightmare Lotus seat and expel the traitors! Don't kill anyone who surrenders. Kill anyone who resists!"

As for the slave ancestor, Su Yu would naturally deal with him personally.

"Su Yu! I'm not afraid of You!" The slave ancestor shouted angrily.

He smashed dozens of bottles and jars beside him with one palm.

Fierce Beasts flew out one after another from within.

The lowest was at the early stage of the Heavenly Dao master realm.

There were even four intermediate stage Heavenly Dao Masters.

Including the slave ancestor himself.

It was equivalent to five intermediate stage Heavenly Dao Masters.

No wonder he had the guts to challenge Su Yu's bottom line again and again.

So it was because he had so many trump cards.

"HMPH! This ancestor has lived an era longer than you, how can you look down on me?" The slave ancestor snorted coldly.

Su Yu wasn't too surprised.

The slave ancestor had lived an era longer. Even if he didn't cultivate and specialized in sleeping, he should have made some progress.

Spending an era to nurture four mid-stage Heavenly Dao Master Demon Beasts wasn't surprising.

"Su Yu, it's still not too late for you to regret now. If you really want to force me to make a move, then you'll have to fight to the death! Although I won't have an easy time, don't think that you'll be any better!" The slave ancestor threatened.

However, Su Yu wasn't moved.

His expression was indifferent.

"Even if you have to fight to the death, you still have to have the ability to do so." Su Yu pointed with the tip of his foot.

The wave of saintly being power swept over.

At this moment, it was only in the initial saintly being state.

The saintly being power was limited.

But even so, it still suppressed the four demonic beasts and forced them to retreat.

As for the early stage demonic beasts, they were severely injured on the spot.

The slave ancestor's face sank. He gritted his teeth and said sternly, "Give this human a taste of his strength! !"

How could the demonic beasts that he had carefully nurtured be so simple?

The four demonic beasts immediately walked shoulder to shoulder.

Each of them spat out a beast core.

This was a beast core of the intermediate stage of the Heavenly Dao Master.

One could imagine how powerful it was.

The four beast cores revolved in the air and fused into a huge beast core.

The Beast Core emitted a dark purple light, piercing through the remaining power of the saintly being and reaching Su Yu's body.

However, when the light touched Su Yu's skin, it immediately turned into dust.

More purple light broke through the power of the saintly being and shot over rapidly.

If it really hit, Su Yu's body would definitely turn into dust.

The four demonic beasts were attacking, and the slave ancestor himself was not idle either.

He opened his mouth and spat out a blood talisman.

After the blood talisman appeared, similar symbols appeared on the bodies of the four demonic beasts.

The demonic beasts that were still calm immediately went crazy.

They rushed over with their enormous bodies.

They sped up the dispersing of the power of the saintly being.

Moreover, they didn't know pain, fear, or death. They only knew to attack crazily.

After a few breaths.

The power of the saintly being was completely dispersed by the demon beasts.

The four fused beast cores burst out with destructive purple light, melting everything in the surroundings into dust.

Su Yu himself was also submerged in it.
