

Nine-Dragon 2801

Chapter 2801 I'll Let You Run First

Seeing this.

The slave ancestor revealed a contemptuous smile.

"The so-called saintly being is just so-so."

To be honest, he had always been afraid of the might of the saintly being.

Especially after witnessing Su Yu chasing after Gu Taixu.

Who knew that Su Yu would be so weak in a real fight.

"It seems that I overestimated the saintly being and underestimated myself." The slave ancestor mocked himself. "When did I become so humble and timid after hiding for an entire era?"

After defeating Su Yu's saintly being, the slave ancestor regained his boundless confidence.

Who would have thought.

Just as he finished speaking.

Within the purple light that blotted out the sky, an incomparably huge nine-colored palm stretched out without any warning.

The palm grabbed fiercely, grabbing the four fusion beast cores in the sky into the palm.

The purple light was obscured, revealing Su Yu who was originally swallowed.

He remained standing on the spot, unharmed.

The slave ancestor was shocked.

He stared at Su Yu's palm in shock, clenching the four beast cores.

The closer he got to the beast cores, the stronger the purple light he released.

Su Yu actually held them with his palm, but he was not hurt.

After looking carefully, he realized that the nine-colored power in Su Yu's palm was more than one level richer than before.

They were both saintly beings.

But just now and now, they were two completely different people.

"You... What did you do?" The Slave Ancestor's heart skipped a beat.

He vaguely felt that perhaps he had overestimated himself and underestimated the saintly being.

Su Yu did not say a word. He grabbed the four beast cores.

Then, he opened his mouth and swallowed them!

"What?" The slave ancestor's hair stood on end.

A beast core of the middle stage of the Heavenly Dao Master could be turned into ashes just by touching it.

Su Yu actually swallowed it directly.

Moreover, he acted as if nothing had happened!

The Beast Core was snatched away, cutting off the connection with the main body.

The four demonic beasts immediately roared in pain and anger, charging towards Su Yu without any regard for their own safety.

It seemed like they were asking for the beast core.

What responded to them was the palm print condensed from the power of the four saint bodies that descended from the sky.

He grabbed them all in one go.

Then, Su Yu opened his mouth and swallowed them all.

His body had already been demonized.

As long as he swallowed them, he would not be able to come out again.

The slave ancestor's scalp went numb and he sucked in a breath of cold air. "You... you are not human!"

How could a human be able to swallow a Heavenly Dao Master's Demonic Beast Alive?

Su Yu burped and said, "You Only Know Now?"

The slave ancestor felt a chill run down his spine.

There was finally a deep sense of respect in his heart.

He cupped his fists and said, "I failed to recognize Mount Tai and offended sacred physique su. I hope you can forgive me!"

A person like him who had lived for countless years understood that nothing was more important than life.

Including dignity.

"I'll let you run for a cup of tea first," Su Yu said calmly.

Wasn't it too late to apologize now?

The slave ancestor's face turned pale.

Run?

Where else could he run to now?

The destruction of the sacred mountain was right before his eyes.

In this world, other than the heavenly court, where else could he find refuge?

"Sacred Body Su, please give me a chance to turn over a new leaf for the sake of the Beast King. I will definitely turn over a new leaf..."

Su Yu turned a deaf ear.

With a flip of his palm, an hourglass appeared.

Sand slowly dripped down.

When it was all dripped, it was time for a cup of tea.

"The time has begun," Su Yu said indifferently.

Seeing that things could not be done, the slave ancestor gritted his teeth and immediately fled into the distance.

He was filled with regret.

If he had known earlier, why would he have stayed in the heavenly court so restlessly?

Now, not only was he chased out, even his life was in danger.

"No, I still have a chance," the slave ancestor said unwillingly. "I also know of a few remaining large islands. There might still be a chance of survival there."

The previous era had been destroyed.

The only islands that had been completely preserved were the eight-star civilizations.

However, there were still many islands. Although they had been destroyed, there were still some remnants.

Although they were far from being as powerful as the eight-star civilizations, there were still old monsters from the previous era living on them.

Presumably, they had also made sufficient preparations to deal with the upcoming era's destruction.

Before this, some islands had offered an olive branch to the slave ancestor.

If he surrendered, he would definitely be accepted.

He was afraid that there wasn't enough time.

He raised his head and looked at the sacred mountain in front of him. His heart was calm.

The destruction of the epoch would happen in the next few days.

It might be delayed.

However, it might be brought forward.

However, he had to escape for the time it takes to brew a cup of tea first.

Time flashed by.

The time for a cup of tea was up.

At this moment, the slave ancestor had already completely left the heavenly court.

He relied on his powerful perception and did not sense any aura fluctuations behind him.

This was enough to prove that he had successfully shaken off Su Yu.

"You let me escape for a cup of tea first. How arrogant!" The slave ancestor snorted coldly.

"As long as I can survive the destruction of this era, you will have to pay the price for today."

Thinking of how he begged Su Yu, but the other party didn't appreciate it at all.

The slave ancestor was filled with killing intent.

However, a cold voice suddenly sounded.

At this moment, it entered his ears.

"After running for so long, you only ran this far?"

The slave ancestor's body stiffened, and he turned his head to look.

A nine-colored human figure was following him at a moderate speed.

"Eat my sword!"

As soon as he finished speaking, Su Yu took out the forty-thousand-foot-long giant sword condensed from the power of his saintly being.

The slave ancestor was shocked and took out his domain and blood talisman at the same time.

However, none of the four great beasts could do anything to Su Yu.

Let alone a little domain and blood talisman?

The 40,000 meter long sword slashed down.

The slave ancestor roared unwillingly and turned it into dust.

After finishing off the slave ancestor.

Su Yu turned around and returned to the nightmare crossing Lotus seat.

After being attacked by the cauldrons, True Dragons, and the forces of the nine regions, the new vassal forces in the nightmare crossing Lotus seat were easily suppressed.

The leaders of the forces that entered first were all escorted out.

"Sacred Body Su, you are the hope of the common people and you should protect them. Are you worthy of your sacred body to harm us like this?"

"That's right! Without the support of the common people, where would you get a sacred body?"

Sacred bodies were the product of the gathering of the wills of the common people.

However, this had nothing to do with them.

"I only protect those who support me, and you guys are not among them." Su Yu waved his hand.
"Go back to where you came from."

The Dark King and the rest were extremely excited.

They immediately banished all of them to nothingness.

Without the heavenly court and the Lotus seat of the crossing nightmares, what could they use to avoid the destruction of the epoch?

"Venerable one, the Lotus seat of the crossing nightmares is still intact. Please rearrange the people to enter," said the Dark King.

Yu Xiang Wan, who was in the crowd, chuckled. "If we rearrange the personnel, wouldn't it be a waste of our efforts?"

Eh --

What did he mean?

Su Yu looked at the virtuous nightmare lotus seat and said calmly, "After we return to heaven, inform the world that the traitors of our ancestor have been eliminated. However, the virtuous nightmare lotus seat was destroyed during the battle and no longer exists."

"Ding and many other forces were buried in it."

As he spoke.

Su Yu gave himself a slap, causing a trickle of blood to flow from the corner of his mouth.

"Besides, I was seriously injured during the battle with my ancestor..."

The Dark King was confused.

What was going on?

Yu Xiang Wan laughed out loud. "Don't you understand? Everything was planned by the Holy Su physique."

He told her the whole story.

Chapter 2802 Golden Light Beam

It turned out that Su Yu felt that the choice of personnel to cross the Nightmare Lotus seat was very tricky.

And slave Zu and the others had ill intentions.

So they played along and sent the Nightmare Lotus seat to them, causing the disaster to shift to the east.

Finally, this scene played out.

Dark king suddenly realized, "No wonder tripod supremacy sided with them. So it was to give them a chance to take an inch and take a mile."

He looked ashamed and said, "This subordinate is incompetent. I've misunderstood tripod master again and again. Tripod Master, Please Punish Me."

Thinking back, he actually misunderstood that Su Yu was biased for no reason.

He couldn't help but blame himself. Could it be that after following Su Yu for so long, he still didn't understand his character?

He actually questioned his decision!

"No need. Just carry it out as soon as possible," Su Yu said.

Dark King immediately began to set up.

The cauldron, True Dragon, nine regions, and a few other creatures from the remnant realms had successfully entered the crossing Nightmare Lotus seat.

After returning to the Heavenly Court, they announced that this group of people and the crossing Nightmare Lotus seat had been destroyed in the battle with the slave ancestor.

Because of this, even the sacred body su was heavily injured.

Instantly.

The creatures from the remnant realms were boiling.

"What? The crossing Nightmare Lotus seat was destroyed?"

"Why did those damn things drag us into this?"

"Damn it! But luckily, Su Shengshen took action and successfully destroyed them."

"Yeah, so be it. We Can't get a spot anyway. As long as we don't let those ingrates get away with it."

Everyone nodded.

In fact, they understood in their hearts.

Most people didn't have a chance to enter the crossing Nightmare Lotus seat.

However, if Su Yu really only chose a part of it and abandoned them, it would definitely cause an imbalance in their hearts.

And now, the crossing Nightmare Lotus throne had been destroyed, so no one could enter.

Their hearts were in balance, so they naturally could easily accept this fact.

The Dark King listened to the opinions of the many living beings and sighed in his heart, "It's really difficult for the su saintly being. No wonder he had to go through so much trouble."

If this matter was not handled properly, it could really trigger a rebellion.

It could even shake the foundation of his saintly being.

Once he aroused the disgust of all living beings and was abandoned by the common people, his saintly being could even be removed.

"It's really not easy,"dark king sighed inwardly.

Just as the arrangements were completed.

He suddenly received a report.

There was a group of people gathering outside the heavenly court.

He immediately rushed over.

He discovered that it was the group of exiled people.

They had returned on a meteorite.

"Leave the Heavenly Court quickly!"Dark King berated.

However, they didn't care and started to destroy the Heavenly Court's defense on the spot.

Their faces were full of hostility and determination.

"If you don't let us live, you won't have a good time either. At most, we'll perish together," a leader of a force said gloomily as he destroyed the Heavenly Court's array formation.

The Dark King couldn't help but laugh. "As you wish!"

They could destroy the array formation that even Gu Taixu couldn't break?

Even if they were given ten times more manpower, they would not be able to break it.

He turned around and prepared to return.

However, he suddenly felt an extreme heat and boiling heat coming from behind him.

Turning his head, his expression changed drastically.

He saw a golden beam of light flying past the sky above the heavenly court.

That beam of light was only the size of a thumb.

Looking from such a far distance, it seemed to be a strand of golden hair.

However, it was this strand of hair.

It brought a high temperature that was close to destruction.

Wherever it passed, everything in the Void was ignited.

The meteorites and sundries were instantly burned into ashes.

The group of people who were destroying the heavenly court's array did not even realize that they were all burning.

They were all burned into ashes in an instant.

As far as the eye could see, the entire void was covered in a sea of fire.

Dark King was extremely shocked as he stared at the golden beam of light that had disappeared. His lips trembled as he said, "The light of destruction of the epoch..."

The destruction of the epoch had begun!

Moreover, it was three days earlier than expected!

Swoosh --

Su Yu was also alarmed and immediately appeared in front of the array formation.

As he stared at the shocking scene outside the array formation, his heart tightened slightly.

The destruction of the epoch had finally begun..

The great destruction of an epoch had finally begun.

Within the range of his naked eye, even the dust had been burned into nothingness. Not even the dregs remained.

The destruction of the epoch was to completely destroy everything in the world.

Nothing was left behind.

Fortunately, he had set up the formation in advance.

Otherwise, the heavenly court would not only feel the heat.

It would be burned into nothingness on the spot, just like the outside world.

Looking at the array again.

The heavenly script characters inlaid on it were jumping gently at this moment.

It was them that had absorbed most of the high temperature.

Many experts rushed over one after another.

At this moment.

The fire had already dispersed.

There was nothing left in the vicinity.

It was as if the vast nothingness was empty and clean, leaving only the heavenly court hanging in the nothingness.

A great sense of loneliness and fear assailed everyone's hearts.

This was the destruction of the epoch.

"This is considered to be the end, right?" An expert fiercely swallowed his saliva and said.

The surrounding area had been burned away, so it should have stopped.

That beam of golden light was enough to destroy the world.

The Evil Woman held the evil sword in her hand and clenched it tightly with her five fingers.

She, who had always been calm, also became nervous at this moment.

She shook her head lightly. "The destruction of the era hasn't begun. How can it end?"

What?

It hasn't begun?

Even Su Yu's heart was beating wildly.

That golden beam of light just now wasn't considered the destruction of the era?

It seemed to be responding to the evil woman's words.

A golden light dot slowly approached them from in front of them.

It wasn't a light dot.

It was a golden beam of light.

It just happened to be facing them, so it gave people the feeling that it was a dot.

"It's a golden beam of light!" Everyone was shocked.

This golden beam of light was different from the others. It was coming right at them.

Just now, it had only brushed past the heavenly court, but it had already brought extreme heat.

If it was right at the center...

Would the array formation outside the heavenly court be able to resist it?

Before the end of the epoch, they were full of confidence in the array formation Su Yu had set up.

However, at this moment, all of them started to waver.

Even Su Yu's expression was extremely solemn.

He had no confidence at all.

Whether or not the array that had been prepared for 30,000 years would be able to withstand the end of the era was completely impossible to predict.

"Look, there's another one! No, there's two! Ah, there's more behind!"

The crowd let out terrified screams.

Everyone looked into the distance.

Their pupils constricted as they realized.

There were also dozens of golden light spots heading towards this place.

Those were all golden light beams.

Su Yu's expression was heavy as he shouted, "Turn the ship around and avoid the golden light beams."

The Heavenly Court had been built into a battleship with the goal of being able to move nimbly and avoid the golden light beams of the era's destruction.

With an order.

The heavenly court immediately sank.

Whoosh --

It sank a hundred thousand feet.

A golden beam of light brushed past the Heavenly Court.

It also caused an intense fire.

But because there was nothing to burn, the fire disappeared in a flash.

At the same time.

The Heavenly Court, which was already blazing hot, was boiling hot.

The mountains, rivers, and lakes kept boiling, emitting huge bubbles.

All kinds of fish in the lakes died instantly.

A few with cultivation were still struggling to resist.

Even if ordinary mortals hid in their houses, they couldn't avoid it.

Under the long-term heat, their houses began to burn.

They were also in extreme pain.

Su Yu pointed across space, and seven Yuan level domains were released from his body.

The domains created a world that enveloped the entire heavenly court.

Chapter 2803 Had Yet To Begin

As such, the scorching heat within the heavenly court was finally blocked outside.

The ordinary creatures had escaped a calamity.

They stared at Su Yu's figure in the sky and prayed in their hearts.

They prayed that Su Yu would definitely overcome the destruction of the epoch.

One or two people praying was nothing.

But if thousands and thousands of creatures prayed, that would be faith!

Su Yu was staring at the golden light beam.

He seemed to feel something as he looked at his own body.

He vaguely felt that there was something extra in his body.

He fixed his eyes and looked. A power of faith from the common people was twining around his wrist.

It was continuously fusing into his body.

"Is this the faith of the common people that can improve the holy body?" Su Yu murmured.

He turned on the oil lamp.

He was pleasantly surprised to find that.

The belief that had fused into his body actually made the old oil lamp shine.

"As expected!" Su Yu muttered.

What Madame Poison Life's handwritten letter said was completely correct.

If one wanted to become a saintly being that had achieved great success or even perfection, one had to obtain the belief of all living beings.

His emotions surged, as if he saw the path that he needed to walk down in the future.

However...

What was important now was not the saintly being, but the golden beam of light.

Although he had dodged one beam, there were still dozens of them behind him.

Under his orders, the heavenly court warship floated, sank, and turned left and right.

He tried his best to avoid a direct collision with the golden beam of light.

This beam of light was too terrifying.

He absolutely could not touch it head-on.

He had managed to dodge dozens of golden beams of light with great difficulty.

But no one was happy.

No one even breathed a sigh of relief.

Because behind dozens of golden beams were hundreds and thousands of dense golden beams.

They covered the horizon in the distance.

They illuminated the horizon in a golden color.

Wherever they passed, raging flames flashed across the sky.

"Retreat!" Su Yu ordered decisively with a solemn expression.

The Heavenly Court warship immediately retreated frantically, trying to pull away.

He thought that he had done his best and made sufficient preparations.

But only when the epoch was destroyed did he realize.

His preparations were like a mantis trying to stop a chariot.

It was meaningless.

In front of the golden light beam, he was like many other living beings, as tiny as dust.

This was the destruction of the epoch!

He stepped forward and successfully avoided the golden beam of light.

There was no more beam of light for a long time.

Dark King could not help but mutter, "It should be over, right?"

However, the evil girl's hand that was holding the sword never relaxed for a moment. "It hasn't officially started yet. It's still too early to end it."

There was a hint of heavy despair in her voice.

It was very likely that the heavenly court could not be saved.

What?

Everyone was shocked again.

Dark King cried out in shock, "It hasn't officially started yet? Then what was that just now?"

The Evil Woman's expression was heavy. "It can be considered a warm-up. Next, it will be the official start..."

Boom --

In the depths of the void.

Suddenly, there was a rumbling sound.

It was as if countless Thunderbolts were roaring.

It was as if thousands of sharp arrows were running at the same time. The friction between them created a deafening sound.

In everyone's eyes, a golden dark cloud was gradually reflected.

It was actually not a dark cloud.

It was a golden beam of light.

Countless golden beams of light gathered together, so much so that it looked like a golden cloud.

They cut through the void.

Whether it was up, down, or left, or right, they were all golden beams of light.

No matter where the heavenly court warships tried to dodge, they could not dodge.

And there were tens of millions of them.

It was absolutely impossible to avoid them.

Su Yu's expression was extremely grave. "Prepare yourselves mentally!"

As he spoke.

He slapped his palm on the array formation.

He activated the heavenly script characters on it.

Instantly, the heavenly script characters began to circulate rapidly, drawing out one track after another.

This was the strongest state of the array formation.

If even it couldn't withstand it.

Then, all living beings should say goodbye to this era.

Whoosh whoosh whoosh --

The golden light beam instantly arrived.

Su Yu tried his best to adjust the heavenly court warship.

He tried his best to avoid the golden light beam.

However, how could he avoid such a dense golden light beam?

Finally, a golden light beam struck the side of the Heavenly Court warship.

The terrifying power of the beam of light instantly overturned the Heavenly Court warship!

It rolled in the air for several weeks.

For a time, the heavenly court was in a state of collapse, the universe was turned upside down, and the Sun and Moon were in chaos.

Countless lives were injured and killed in the violent tremors.

But this was only the beginning.

The golden beam of light struck the array formation.

It was blocked by the heavenly book characters.

The intense friction between the two created a series of sparks.

However, it only lasted for an instant before one of the heavenly book characters was crushed.

The heavenly book characters from other places immediately gathered and continued to block.

One and two.

Hundreds of heavenly book characters were crushed one after another.

Only then did the golden beam of light be completely blocked.

The beam of light lost its power and gradually dimmed.

Finally, the original appearance was revealed.

It was a grain of dust!

A grain of golden dust!

Chapter 2804 The Descent Of The Sacred Mountain

This dust.

Came from the sacred mountain. It was an ordinary speck of dust from the sacred mountain.

Only after receiving a powerful force did it shoot towards the distant nothingness.

Su Yu's expression was solemn. He had an extremely bad premonition.

The golden beam of light wasn't the main force of the destruction of the epoch.

It was merely the aftermath of that destructive force.

The true destruction had yet to arrive.

However, not to mention the destructive power that had yet to arrive.

Even the golden light storm that had yet to end might not be able to avoid it.

One had to know that destroying one hundred heavenly book characters.

Was merely blocking a speck of dust.

Behind it, there were still countless..

Boom Boom Boom --

Because the heavenly court battleships kept rolling, they were unable to effectively control and Dodge in time.

As a result, it was hit by hundreds of light beams in an instant.

The heavenly script characters on the array formation immediately spun rapidly and hurriedly resisted the golden light beam.

Fortunately, the heavenly script characters were powerful.

Hundreds of golden light beams were forcibly blocked.

After a series of Sparks, green smoke rose from the array formation.

The golden light faded, leaving behind hundreds of golden dust grains.

The heavenly script characters on the array formation were reduced by more than half.

Fortunately.

This wave of golden light finally ended.

However, no one was in a relaxed mood.

This was because the golden light at the end of the world.

Did not fade away because of this golden light.

Instead, it became more and more powerful!

The world was silent.

There was no noise.

But the hearts of all living beings were beating faster.

The silence at this moment indicated the arrival of a violent storm.

The evil girl gripped the evil sword tightly. Her knuckles turned slightly white due to her exertion.

She bit her red lips tightly, indicating the waves in her heart.

Her eyes stared into the distance without blinking as she said in a deep voice, "It's about to begin!"

Before this, it was just the aftermath of the advance.

The true destruction of the epoch had only truly begun at this moment!

The Golden Sky became brighter and brighter.

It was even somewhat dazzling.

The Sky and Earth were covered in a golden color.

At the same time, a wave of fire was whistling over, burning everything in the void.

Boom --

A cracking sound seemed to come from the void.

It was as if even the void couldn't withstand this terrifying golden light and forcefully broke apart.

Meanwhile, a golden light spot was slowly coming from the sky.

That was no longer a golden light beam.

It was a round ball that was becoming larger and larger.

Golden Flames were burning all over its body, making it look like a sun.

Within the Sun, the shadow of a towering stone man could faintly be seen.

Stone fetus son of heaven!

It was a part of the sacred mountain personally controlled by stone fetus son of Heaven, destroying an area of the world.

As the other party got closer and closer, the golden sun became larger and larger.

From Afar, there might only be one point.

But from a close distance, one would only know how huge this part of the sacred mountain was.

In total, it was several times larger than a complete eight-star civilization.

Its entire body was burning with flames.

Countless golden dust splashed out under the intense burning of the flames.

They turned into golden beams of light and swept in all directions.

The sacred mountain had yet to arrive.

There was already an overwhelming amount of endless golden beams of light sweeping over.

The number was ten thousand times more than the last time.

The people of the heavenly court were all pale and desperate.

It was really over!

The Heavenly Court was instantly engulfed by the golden beams of light.

Tens of thousands of beams of light bombarded the heavenly court warship.

The result was obvious.

The remaining Heavenly Dao characters were instantly destroyed.

The array formation that had been defending until now finally collapsed.

Terrifying Golden Lights finally shot onto the Heavenly Court warship.

Within the warship, the seven Yuan level domains that Su Yu had set up shattered on the spot.

The boundless heat instantly set the warship ablaze.

All the living beings let out desperate cries.

They were completely finished.

However, at this moment.

Suddenly, streaks of trajectories appeared near the warship. From slow to fast, they started to spin rapidly.

It was unknown what these tracks were, but they were extremely powerful.

They actually cut and annihilated the golden light beam that was shooting toward them.

Moreover, the tracks spun faster and faster, finally forming a protective film that enveloped the entire heavenly court warship.

The golden light beam that was like a tsunami struck the protective film, and it was like a clay ox entering the sea.

It was shattered into nothingness by the tracks.

The golden dust particles were completely shattered.

Everyone was shocked.

A few experts exclaimed, "These... these are the silk threads that Su Shengshen arranged."

That's right.

These were the silk threads that Xiao Die had obtained. After arranging them, she did not make a move.

Until now, when she activated them, they exploded with an unimaginable power.

How powerful were those golden light beams?

They could be said to be able to destroy the world.

However, they could not match the sharpness and tenacity of the silk threads.

Although, as the sacred mountain got closer and closer, the golden beams of light became denser and denser.

In the end, it almost became a wall.

However, it was still shattered by the trajectory.

The hearts of the common people became alive again. They nervously stared at the trajectory, as if they saw the only hope in a desperate situation.

Only the evil woman knew.

That was far from enough.

Because the real threat was not the golden beams of light.

It was the approaching sacred mountain.

Rumble..

The Sacred Mountain finally approached.

The world rumbled.

It was the pressure the sacred mountain gave this world as the origin of the absolute beginning realm.

No creature or thing could surpass the power of the sacred mountain.

It was still tens of thousands of miles away.

Its trajectory slowed down a little.

When it reached a thousand miles away...

The distance of the trajectory trembled and started to become chaotic. Pieces of starlight took the chance to pour into it.

When they reached a hundred Li away.

Bang.

The tracks finally shattered.

Several broken silk threads turned into flames and burned in the air.

The golden light poured into the sunken ship like seawater.

The people once again fell into despair.

This time, they really died without a burial ground, right?

The era was about to end.

No one could save them anymore.

Everyone's heart was dead.

Waiting for the end to come.

Only one person rose up against the sky.

That was Su Yu.

Anyone could retreat, but he couldn't.

Because he was a sacred being.

The oil lamp above his head suddenly appeared, releasing nine colors.

He pushed his hands up.

The nine-colored power turned into a giant that could hold up the sky and the Earth.

His hands held up the sky and blocked the golden wave.

But how could he block the golden wave?

His giant body was weakened by the wave and was about to collapse.

Bang Bang --

Su Yu's heart beat faster and he forced his saint body to reach the great completion state.

As a result, his giant body became more solid.

In an instant, he blocked the collapsing golden wave.

However, he only managed to block it for a moment.

How could he block the power that could destroy an entire era by himself?

The giant's body trembled and was on the verge of collapse, falling into destruction.

Even so.

Su Yu still did not take a step back.

His eyes were filled with endless rebellious intent. "Who gave you the power to destroy an era, and who gave you the right to decide the survival of all of us!"

"I won't die, and I won't Die!"

He roared.

His heartbeat once again exceeded the limit.

His silver-white hair quickly turned into black flames.

His eyes were pitch-black.

Ten o'clock Second Watch.

Chapter 2805 It Was Already Too Late

This was a sign of demonization once again.

The transformed giant also followed Su Yu's transformation. Its entire body was pitch-black, as if a demon lord had been reborn.

The blackened demon body was abnormally powerful.

It was actually able to block the golden wave.

Moreover, it was able to push it out.

This shocking scene caused all living beings to feel both shocked and moved.

Su Shengshen could clearly run for his life, and he didn't need to care about them.

However, he still risked everything to shoulder the burden of the destruction of the era for the common people.

Before this, Su Yu was only an incomparably powerful existence in the hearts of the eight-star civilization beings.

They didn't respect him.

But at this moment, who wasn't moved, and who wasn't filled with emotions?

The world was destroyed.

Who held up the collapsed sky.

The Apocalypse was merciless.

Who rebelled to protect the common people?

Not the distant ancient god, not the sacred ancestor of the past.

It was Su Yu!

It was the sacred body of the human race, Su Yu!

It was the sacred body of the common people chosen by the will of the common people!

At this moment.

Countless living beings had a deep respect for Su Yu.

That respect turned into faith.

It continuously surged into Su Yu's body, causing his oil lamp to rapidly transform.

His Sky Demon body also continuously solidified.

He also obtained endless power and pushed the golden wave out of the heavenly court.

At the same time.

He turned around and faced the sacred mountain.

He used his towering body to block the heavenly court, blocking the golden wave and the descending sacred mountain.

Inside the sacred mountain.

The giant stone statue that stood silently slowly opened its mouth.

Its voice was vast and mighty, like the might of the heavens, shaking every living being.

"The original intention of the destruction of the epoch was to destroy monsters like you!"

Its voice shook the void.

The Sacred Mountain released a dazzling golden light that instantly ignited Su Yu's demonic body.

That light was the origin light of the absolute beginning realm.

It could destroy everything.

Even Su Yu's demonic body couldn't resist it.

However, those words aroused the rebellious intent of all living beings.

The monsters were protecting them.

The Sacred Mountain was exterminating them.

Who was the real demonic creature?

"The disciples of the Sacred Mountain are the real demonic creatures! The Su sacred body is the heaven of the common people, the God in my heart!"

A person shouted.

Countless living beings were all infected.

That's right.

The sacred mountain exterminated the common people, and they still had the face to accuse the sacred body of being a demonic creature?

If Su Yu was a demonic creature, they would rather have more such demonic creatures.

Under the rebellious intent, more living beings chose to believe in Su Yu.

Even more majestic beliefs gathered in Su Yu's body like a flash flood.

The oil lamp above his head was transforming at an unprecedented speed.

It used to be old and dilapidated.

Now, it was completely new, giving off an ancient and new feeling.

Su Yu's saintly being had finally reached the late stage of the saintly being.

Even if he didn't deliberately activate his heart, he could still reach the late stage.

Moreover, he was currently beating his heart at an overload.

The strength of his saintly being was close to the mature stage!

"Scram!" Su Yu roared.

His voice was like the Thunder of Heaven and earth.

The Golden Flames on his body were completely extinguished.

The Sacred Mountain, which was just a short distance away, was also shaken by the roar.

The stone embryo Emperor's expression was indifferent as usual. "The Devil is the devil. On the surface, it's for the sake of the common people, but it still can't change its nature."

Rumble --

The Sacred Mountain pressed down.

It vowed to crush this sage body that had appeared out of nowhere.

However, it was already too late.

Su Yu's situation was already set in stone.

His arms shook, and he forcefully blocked the sacred mountain. "A person who destroys the world, how can he be called a devil?"

Stone fetus son of heaven said indifferently, "Destroying the world is to purify the world. You Don't understand, and you won't understand."

As his voice fell.

The Sacred Mountain became ten times heavier, pressing Su Yu's body until it couldn't stop shaking.

It seemed like it couldn't bear the heavy burden.

This was the origin of the absolute beginning realm.

It was heavier than one could imagine.

Even the nine great sacred ancestors didn't see it. They used their bodies to resist the sacred mountain.

Moreover, the sacred mountain was getting heavier and heavier.

Until it completely crushed Su Yu.

In front of the sacred mountain, all forces were insignificant.

Su Yu was too weak to resist alone.

At this moment.

A soft sigh came from the depths of the heavenly court.

"The sacred mountain has gone too far."

A colorful cocoon appeared.

The colorful light suddenly stopped and turned into darkness.

Then, with a crack.

The cocoon broke.

A blurry figure of a woman flew out.

She had no defense at all.

But she was not afraid of the golden light beam.

However, when the light beam attacked her, it disappeared without a trace.

Even when it was near the sacred mountain, the golden wave that was almost materialized.

When it met her, it disappeared completely.

It was as if her body was a bottomless pit.

Anything that got close to her was devoured.

She flew all the way to Su Yu's side.

She looked up at Stone fetus son of Heaven in the sacred mountain and said solemnly, "After cultivating for so many years, I can use your sacred mountain as an appetizer!"

She stared at the sacred mountain.

She opened her red lips and bit down lightly.

Instantly!

The entire sacred mountain was suddenly missing a huge piece! !

Stone fetus son of Heaven's indifferent expression finally had a hint of solemnity. "There are actually mutated remnants of the nine-colored chaos butterfly in this world. What a surprise."

Boom --

The sacred mountain that was missing a piece immediately burst out with terrifying golden flames.

Even Xiao Die had no choice but to retreat.

The Golden Flames were too powerful and were already a threat to it.

Xiao die snorted coldly. "Since you know that I'm a nine-colored chaos butterfly, you should know that I'll eat the sacred mountain no matter what!"

Nine-colored butterfly wings appeared on its back.

The wings were covered with patterns.

However, upon closer inspection, one would realize that the patterns were actually formed from mouths.

There were more than ten thousand of them, and they were so densely packed that it made one's scalp go numb.

"Let's Eat!" Xiao die flapped her wings.

Tens of thousands of mouths opened at the same time and bit down fiercely.

Stone fetus son of heaven sensed something and shouted in shock, "Beast, how dare you!"

Rumble --

What answered him was the collapse of the sacred mountain.

The huge sacred mountain was instantly missing a tenth of its original size!

Stone fetus son of Heaven was furious. "Beast!"

For some reason, stone fetus son of Heaven had a powerful cultivation base.

At this moment, he could only fly into a rage in the sacred mountain, but he could not leave the sacred mountain to attack.

He could only watch as Xiao Die ate the sacred mountain.

With no other choice, stone fetus son of Heaven controlled the sacred mountain to stay far away from Xiao Die.

"You want to leave?" Su Yu took a step forward and the endless giant shadow hugged the sacred mountain, preventing it from leaving.

Xiaodie took the opportunity to bite it.

Kacha --

Another tenth of the sacred mountain was eaten.

Shi Fetian was already in a frenzy.

"You brought this on yourselves!" Shi Fetian said in a low voice.

The golden flames of the sacred mountain were completely restrained and returned to a dark and cold mountain.

On the mountain, there were black vortexes everywhere.

Su Yu did not understand.

What was this?

Xiao Die had never seen it before and was stunned on the spot.

Because she realized that those vortexes seemed to be able to swallow things even more than she could.

At this moment.

From below came the heavy cry of the evil daughter.

"Don't look at that Mountain!"

However, it was already too late.

Su Yu and Xiao Die had already noticed the mountain's main body.

In the black whirlpool.

Suddenly, a suction force of today flashed.

Su Yu and Xiao Die's souls could not be controlled at all and were easily sucked out.

Chapter 2806 Blood Of The Heart

When the soul left the body, the overall strength would be weakened by at least half.

Moreover, the whirlpool on that mountain was obviously not as simple as washing the soul out.

After the two souls flew out of the body.

Not only did the devouring power that they felt not weaken, it was even more powerful.

The two of them could not control themselves as they headed toward the whirlpool on the sacred mountain.

Furthermore, they were being devoured by multiple whirlpools at the same time, causing their souls to be devoured by various powers. They felt an intense pain as if they were about to split apart.

Xiao Die's soul transmitted a sense of fear.

She immediately controlled her body through the air and reacted, attempting to devour this portion of the sacred mountain.

However, the will that she transmitted was all devoured by the whirlpool.

"It's useless. Everything in the world is born from the sacred mountain. This is the case for your soul and your will as well. Now that the sacred mountain wants to take it back, how are you going to resist?" Stone fetus son of Heaven returned to his aloof and indifferent expression.

Xiao Die's face sank into the water.

Ordinary creatures could not be enemies with the sacred mountain.

But at this moment, Su Yu suddenly said quietly, "Is that so? Let Me Try!"

He transmitted his will to his body through the air.

What was surprising was.

Xiao die could not even move her body, but Su Yu actually succeeded!

At first, his body stopped moving.

But when his heart beat once, it immediately became active. He ran over and pulled Su Yu's soul back into his body.

Moreover, his heart beat faster.

The devouring power from the sacred mountain was no longer effective on Su Yu.

Stone fetus son of Heaven was shocked. "Your Heart Is... mirror flower son of Heaven's?"

If there was anyone in the absolute beginning that wasn't derived from the sacred mountain...

Then it was only stone fetus son of heaven.

With this heart, Su Yu naturally wasn't afraid of the Vortex's devouring power.

He regained control of his body.

Su Yu stretched out his hand and grabbed Xiao Die's soul, pressing it back into his body.

At the same time.

In order to prevent Xiao Die's soul from being sucked out again, he held her in his arms.

Xiao Die's face turned red and she gave Su Yu a fierce glance. "I'll settle the score with You When I'm Alive!"

After that.

She immediately flapped the wings on her back and devoured the sacred mountain.

Stone embryo son of heaven frowned. "How troublesome."

The sacred mountain immediately flew away from the Heaven Court.

Su Yu wanted to chase after it, but he did not dare to leave the Heaven Court.

No matter how he looked at it, the era of destruction was not over yet.

Because only a small part of the sacred mountain had appeared.

The world returned to peace.

They temporarily calmed down.

Xiao die raised her foot and stomped on the back of Su Yu's foot. She said with a red face, "Why aren't you letting go?"

Su Yu let go of Xiao Die. He didn't know whether to laugh or cry. "Can you be reasonable?"

If he didn't do that, Xiao Die's soul would have been taken away by the sacred mountain.

Xiao Die clenched her pink fist and said, "The reason is that you bully me, just like you always do!"

It seemed that when she was still young.

Su Yu had tricked her into stealing the things that she had worked so hard to steal, leaving an indelible impression on her..

At this moment.

Only then did Su Yu have the time to look at Xiao Die.

The current Xiao die was more mature and natural than the young Xiao Die.

There was a charm between her brows.

She was no longer as cold and arrogant as before.

What was special was that the pupils of her eyes had changed into the shape of a butterfly.

Blinking and blinking, it was as if two butterflies were dancing in her pupils.

It was very special.

However, the butterflies seemed to lack intelligence.

Su Yu thought, "Haven't they fully evolved yet?"

Just now, Xiao Die had broken out of her cocoon of her own accord.

One could imagine that she had probably given up halfway after finding out that Su Yu was in danger.

Xiao die turned her head away and did not look at Su Yu. She snorted, "What do you think?"

Su Yu felt apologetic in his heart.

Xiao Die had prepared hundreds of years for this evolution.

In the end, she had failed at the last moment.

"Is there a way to remedy it?" Su Yu asked.

Xiao Die shook her head and her small face darkened slightly. "I don't know."

The inherited memories that she had obtained were already intermittent.

Memories like how to make up for the interruption in evolution had never appeared before.

At this moment.

The evil girl flew out.

She happened to hear the conversation between both parties. She stared at Xiao die meaningfully and said, "If you are willing to part with the heart of the Emperor, you might be able to make up for it."

Su Yu was solemn when he heard that.

The evil girl had used her previous position to obtain countless pieces of information.

She must have some basis for saying that.

"You are willing to give up on a Heart?" Su Yu asked.

The evil woman said indifferently, "Of course not! I just need a drop of blood from my heart."

"One Drop of Blood Is Enough?" It was much simpler than she imagined.

The evil woman nodded, "Yes! One Drop of blood is enough! Because she's a mutated nine-colored chaos butterfly, the best tonic is chaos. And your heart is one of the stone fetus emperor's, the Mirror Flower Emperor's heart."

"Its heart is filled with the power of chaos."

Legend had it that the stone embryo son of heaven came from chaos.

It was no surprise that their hearts contained the power of chaos.

Su Yu couldn't help but think of ancient god Nine Nether.

After she saw the demonized Su Yu release the Nirvana Lightning, she once said that Su Yu was chaos..

Could it be that it was also because of the heart?

Or did he have another misunderstanding?

"Junior brother, if possible, I hope that you can give me a drop of the blood in my heart." The evil daughter pulled Su Yu's thoughts back.

Su Yu was surprised. "You?"

What did she want the blood in her heart for?

The evil daughter said, "I used to be a vessel for a part of the illusionary flower emperor's body. There is also a force of chaos in my body. If you can give me a drop of blood, I am confident that I can recover a part of my strength when I was at my peak."

Su Yu's eyes immediately lit up.

When the evil girl was at her peak, she was known as the number one person below the emperor.

However, ever since they came into contact.

Regardless of whether they were enemies with the half of her body or were on the same side now.

They could not feel the power of the number one person below the emperor.

"Is your strength really as strong as the rumors say?" Su Yu voiced out the doubts in his heart.

The vile-daughter looked out into the sky.

After a long time, she nodded and then shook her head. "Yes and no!"

"In the early years of the new age, after I became famous, I challenged all the famous experts in the world, the eight rulers, and several ancient gods. All of them were defeated at my hands!"

"Including ancient God Nine Dragons. It was I who pushed him into the abyss of Dao Abyss."

"Thus, someone called me the number one person under the Emperor."

Su Yu's heart trembled.

Ancient God Nine Dragons had disappeared from the Dao Abyss back then. So it was the vile daughter who had done it.

However, what she didn't expect was that ancient god Nine Dragons had another fortune in the abyss. Not only did he not die, he had transformed into an even more powerful existence.

"But that's only on the surface. In the absolute beginning, there are still some powerful existences that I haven't even touched!"

Su Yu's eyes flashed. "Such as?"

"Such as the great expert of the nine-star civilization, the crossing Nightmare!" The evil girl's expression became much more solemn.

Crossing Nightmare?

Su Yu knew the crossing Nightmare Lotus seat. What was a great expert of the crossing nightmare?

The evil girl slowly said, "The nine-star civilization has never experienced the destruction of an era. That place is where the citizens of chaos and the forces that submit to the chaos reside."

"Can you imagine how many eras they have experienced without the destruction of an era?"

As long as their lives were long enough.

It was possible for them to span several eras.

"How powerful are they after several eras of cultivation?"

The answer was immeasurable.

"Those who have survived more than an era can be called the great beings that transcend nightmares. I have never fought with them before, so I definitely do not have the right to call myself the number one person under the Emperor."

Chapter 2807 Give Me Back My Heart

Hearing this.

Su Yu finally solved the doubts in his heart.

The evil daughter's strength was only in the living beings of the current era.

A powerful existence that was more than an era, victory or defeat was unknown.

No wonder her reputation was slightly different from her true strength.

"But, you don't have to look down on me." The evil daughter looked at Su Yu and said, "Back then, half of my body was chasing after you, and that half of my body was plotted against by the carefree emperor. I was suppressed in the Taotie for countless years."

"My true strength is not even one-ten-thousandth of my peak strength."

"If I can recover to my peak strength, even temporarily, I have the confidence to resist the destruction of the epoch."

Su Yu deeply agreed.

The title of the number one person under the son of Heaven was given under certain conditions.

However, to be able to obtain this title, how could one's strength be so weak?

"Alright, the two of you, I will give each of you a drop of heart blood," Su Yu said.

Heart blood was the most precious blood in the heart.

The amount was extremely small, and it would not recover again.

Every drop was a drop less.

Unless it was absolutely necessary, no one would use up their heart blood.

But with a great enemy in front of them, he had no choice but to take pity on them.

He pressed one hand on his chest.

Amidst the intense pain of his heart convulsing, two drops of colorful blood spilled out from the stone heart.

He passed them to the two girls.

Su Yu's face was extremely pale, and his whole body could not help but tremble slightly.

His vision was spinning, and his mind was dizzy.

The consequences of forcibly extracting the blood from his heart were more serious than he had imagined.

Su Yu's vision went black, and he fainted on the spot.

In a daze, he heard the voice of the evil daughter and Xiao Die calling.

Then, his consciousness fell into darkness.

He felt like a mortal who had fallen into a swamp.

He was pulled into the depths of the swamp bit by bit.

Finally, he was completely engulfed.

The oppressive darkness nearby suffocated him.

Suddenly.

In the darkness, he heard a strange knocking sound.

It was as if stones were colliding.

And his body was finally relaxed and he could start moving.

After hesitating for a moment, he walked towards the source of the sound.

In the Blur.

In the darkness, there was a stone statue knocking on the front.

In front of it was a stone wall.

It seemed like the stone wall trapped the stone statue.

The stone statue formed a hand seal and an ancient stone mirror appeared in front of him.

In the mirror, countless unknown flowers were reflected.

Under the control of the stone statue.

The flowers in the stone mirror flew out.

Each flower contained an extremely terrifying power.

It was even more terrifying than the destruction of the sacred mountain!

Dozens of flowers flew out. Just looking at them made Su Yu feel like he had died countless times.

But the wall was extremely thick.

No matter how powerful the stone mirror was, it couldn't do anything to the wall.

Su Yu's heart trembled.

He completely believed that if those flowers were aimed at him.

Even a single one would be enough to kill him thousands of times.

Moreover, there was no room for resistance.

Who was the stone statue?

Who Was the darkness here?

What was that wall?

Su Yu was fearful and slowly retreated.

However, as he retreated, he actually touched an ice-cold wall.

He turned around and looked in the direction he came from. A wall had appeared out of nowhere and blocked his path.

He was also trapped in the stone wall.

The movement of him hitting the stone wall attracted the attention of the stone statue.

Creak creak --

The stone statue turned around and looked at Su Yu in the darkness. It walked over quickly.

Su Yu was shocked.

He immediately ran away along the wall.

But what made his heart beat wildly was that.

This wall had no end.

And, for some reason, the space surrounding the wall became smaller and smaller.

The distance between him and the stone statue was getting closer and closer.

Soon, the wall compressed the space until it was only ten feet wide.

The two of them were face-to-face, very close to each other!

And the space continued to compress.

Finally.

The space was compressed to the extreme.

It compressed the two of them face-to-face.

Su Yu was forced to stick to the stone statue face-to-face.

The stone statue reached out its palm and grabbed Su Yu's neck. It slowly opened its mouth and said in a gloomy voice, "Give me back my heart! Give me back my heart! !"

It tightened its grip on Su Yu, making it difficult for him to breathe.

At a critical moment of life and death.

Su Yu subconsciously slapped his heart.

In the end.

There was a gap there.

The stone statue's palm went in.

The stone statue let out a shrill scream. The sound was extremely ear-piercing, causing the entire dark space to shake.

Cracks covered the space.

The dark space was actually shattered!

Crash --

The Darkness in all directions was like a black cloth covering a mirror, completely shattered.

Rays of dazzling sunlight were revealed.

With the help of the piercing light, Su Yu finally saw the stone statue in front of him clearly.

It was actually a broken stone statue with a broken body and a hollow heart.

However, when he saw the face of the stone statue clearly.

"Xia Jingyu?"

The face of the stone statue was as beautiful as a fairy. Words could not describe it.

If this was not Xia Jingyu, then what was it?

However, at this moment, the stone statue of Xia Jingyu gave off a cold and sinister feeling of resentment.

It was like a stone statue of a fierce ghost.

Su Yu was about to say something when the darkness completely shattered.

Everything around him was dazzling.

The stone statue disappeared from his sight.

The pain on his neck also immediately disappeared.

"Wake up, Su Yu, wake up quickly." An anxious and hurried voice came from beside his ear.

Su Yu subconsciously opened his eyes.

A blinding light shot over.

He had just realized.

Everything just now was a dream. Now, he had returned to reality.

But the moment he opened his eyes.

What entered his eyes was Xia Jingyu's beautiful face.

However, her face was strangely red.

Her eyes were cold and angry.

He moved his fingers and realized that his hands seemed to be holding something.

His eyes moved and his expression changed.

He actually hugged the wicked daughter's waist and pressed her against his body.

No wonder the wicked daughter had such an expression.

"I'm sorry! I didn't mean it." Su Yu immediately let go and was extremely embarrassed.

The evil daughter immediately stood up and looked away with a cold face.

Not only did the redness on her face not decrease, it actually increased a little.

Su Yu stood up and suddenly felt a pair of sharp eyes.

He turned his head to look.

Xiao die was crossing her arms in front of her chest and looking straight at him. She bared her teeth and sneered, "I didn't mean it, but I almost violated the evil daughter. I really did mean it, but I can't Let You Have Your Way?"

Su Yu was at a loss. "What exactly happened?"

He really didn't know why he was hugging the evil daughter.

Xiao die said, "You suddenly fainted, and the evil daughter injected her power into you to help you wake up. Who knew that you suddenly hugged her? HMM, and even wanted to punish her on the spot!"

How could that be?

He was still in his dream just now, being squeezed by that stone statue.

Moreover, it was holding his neck.

Thinking of this, Su Yu couldn't help but touch his neck.

Why was there a burning pain in his neck when he woke up from his dream?

Xiao die finally realized something was wrong and said in surprise, "Why is there a black handprint on your neck?"

Su Yu's heart skipped a beat.

Handprint?

Wasn't he dreaming just now?

"Hey, when did you have a mirror in your hand?" Xiao Die realized something was wrong again.

Su Yu looked down.

There was really a palm-sized stone mirror in his palm.

Except it was a little small, it was exactly the same as the mirror of the stone statue in his dream!

Chapter 2808 The Return Of The Sacred Mountain

"This..." Su Yu was at a loss.

What was going on.

What was going on?

If it was a dream, why were there scratches on his neck and the mirror of the stone statue in his hand?

If it wasn't a dream, then where was the dark space in his consciousness and what was it?

"What are you daydreaming about? What is this stone mirror?" Xiao die pouted unhappily.

She bent down and poked the stone mirror with her finger.

Su Yu came back to his senses.

He retrieved the stone mirror with lightning speed and hurriedly said, "You can't touch it!"

He had witnessed with his own eyes the terrifying power released by the stone mirror in the hands of the stone statue.

It was several times more terrifying than the destruction of the Holy Mountain.

Xiao Die curled her lips. "Stingy!"

A trace of regret remained in her eyes.

It turned out that Xiao Die could tell at a glance that this item was extraordinary and planned to eat it..

It took Su Yu a long time to wake up from this strange experience.

"It's not that I'm stingy, but right now, you don't have time to be distracted."

After thinking for a while, Su Yu still did not tell her about the stone statue.

In case the two of them were worried for no reason.

Only the evil daughter looked at Su Yu meaningfully.

"Alright, if I can enter the new era alive, I will definitely borrow it to play with." Xiao Die licked her lips.

She was afraid that at that time, there would be no return.

Su Yu said, "If you want to survive, you have to refine the blood in my heart as soon as possible."

The two girls nodded and immediately sat down cross-legged, officially beginning to refine the blood in their hearts.

Su Yu touched his aching heart.

Could it be that he had fallen into a dream just now because he had lost two drops of blood?

If that was the case, it was best not to give him any more drops of blood in his heart.

It was all thanks to the two women by his side that he was able to wake up this time.

He had woken up in time from the dream.

If there was no one around, he would probably be strangled to death by the stone statue!

Thinking of this, Su Yu shuddered.

Shaking his head, he lowered his head to look at the stone mirror in his hand.

"Can I use him too?" Su Yu tried to infuse his peak level Earth master power into it.

But the stone mirror did not move at all.

There was no movement at all.

After thinking for a while, Su Yu pressed the stone mirror to his chest where his heart was.

The stone mirror actually started to Creak and change.

In the dark mirror, petals were reflected.

Su Yu's pupils contracted.

Wasn't this the terrifying flower in the stone statue?

As expected, it could only be activated by the heart of the emperor.

However, he had yet to find the trick to release the flower to destroy the enemy.

Su Yu looked at the void and immediately grasped the time to comprehend.

He didn't think that the sacred mountain would give up just like that.

It was obvious that the emperor of the sacred mountain had divided his forces and destroyed various regions.

The stone-like emperor who had escaped was most likely going to find the other emperor.

He was preparing to join forces to destroy the Heavenly Court.

They could return at any time.

Therefore, any moment was extremely precious.

The three of them fought against time to transform.

The common people had a rare chance to catch their breath.

The Dark King took the opportunity to build a statue of faith to gather more faith for Su Yu.

It made his saintly being grow stronger and more mature.

Five days later.

Xiao die was the first to open her eyes.

In her eyes, a pair of butterfly-shaped pupils were dancing in the air.

Her small face was full of joy. "It's restored! Unbelievable!"

Her interrupted evolution was completed by a drop of blood.

What followed was a complete transformation.

"Sacred Mountain, try again!" Xiao Die clenched her pink fist.

In addition to her joy.

Xiao die looked at Su Yu from the side, quietly looking at her.

Her eyes were full of deep gratitude and attachment.

Her face couldn't help but show a touch of gentleness.

If one were to say who gave her everything now...

It could be said without any exaggeration that it was Su Yu.

Without Su Yu, she would probably have been trapped in the fruit of the Indian silver bamboo when she was still a caterpillar.

She was watching.

Xiao die suddenly saw that flowers were about to leave the stone mirror that Su Yu was holding with both hands.

They were emitting a power that made her heart palpitate.

"This is... the secret technique of the Stone Fetus Emperor?" Xiao Die's heart skipped a beat.

She was still in a state where she had yet to successfully refine it.

If she succeeded, how terrifying would the power be?

On the other hand, the evil daughter was still refining the drop of blood in her heart, and she herself did not emit any power.

"Hmph, helping Su Yu resist the apocalypse, it's still up to me!" Xiao die snorted.

She had nothing to do and was walking around with her hands behind her back.

She wanted to find out what Su Yu had experienced in the years she was not around.

But she had yet to find out.

A powerful whistling sound was heard.

The entire heavenly court was shaking violently as if it was about to fall apart.

She looked up and saw a gray mountain slowly pressing down.

It was different from the last time.

This mountain was twice as big as the last time.

She could vaguely see that there were two human figures in the sacred mountain.

Xiao Die's expression changed slightly.

"They are finally here." She looked at Su Yu and the evil daughter who were at the critical moment.

She clenched her silver teeth and flew into the void.

With her weak body, she blocked the heavenly court.

"The sacred mountain is small. How dare you come here?" Xiao die shouted.

The cold sacred mountain was high up in the sky.

A long black shadow was projected.

"Nine-colored chaos butterfly, you are barely a member of our chaos race. Now, we will pardon your destruction and give you the chance to enter the nine-star civilization."

Xiao Die's face was expressionless. "What's the condition?"

"The condition is to kill those two people." Two indifferent voices came from the sacred mountain.

It seemed that.

The Sacred Mountain was extremely wary of Xiao Die's devouring ability.

That was why they made an exception and gave Xiao die additional qualifications.

It was believed that to any living being, this was something that they could not resist.

"How is it?" Stone fetus son of Heaven asked.

Xiao Die thought for a moment and said seriously, "I want one more condition."

Shi Tai Tian Zi didn't reject her immediately and said, "Tell me."

"My condition is... Get as far away from me as you can!" Xiao Die said coldly.

Although the inheritance in her memory didn't record how deep the enmity between her and Shi Tai Tian Zi was, Shi Tai Tian Zi didn't like her.

However, he had a repulsion and repulsion towards Shi Tai Tian Zi that originated from his soul.

It could be seen that Shi Tai Tian Zi didn't have any good intentions towards Xiao Die's bloodline.

If he agreed now, he wouldn't have a good ending.

Shi Tai Tian Zi, who was on the sacred mountain, sighed. "That's a pity. I've already given you an opportunity."

Boom --

The sacred mountain started to burn again, emitting golden flames.

The only difference was that.

Those Golden Flames left the sacred mountain and turned into heavenly script characters that had never been seen before.

Xiao die instinctively sensed a trace of danger.

It seemed that it was specifically targeted at her.

However, after looking at Su Yu behind her, she did not retreat.

Right now, she was Su Yu's last wall.

If she retreated, Su Yu would soon die.

"Afraid of You?" Xiao die snorted. She opened her mouth and bit down, eating a golden heavenly script character across space.

However, the heavenly script characters were countless and could not be eaten up!

"Test my ability to eat? Hehe!" The wings on Xiao Die's back spread open.

After being swallowed, a large amount of heavenly book characters were instantly swallowed.

However, Xiao Die's uneasiness didn't decrease at all. Instead, it became stronger and stronger.

Chapter 2809 Eye Power

The stone child in the sacred mountain.

Was not anxious at all.

He just controlled the Sacred Mountain and released an endless stream of heavenly script characters.

Xiao die tried her best to devour the heavenly script characters, but she could not keep up with the speed of the release.

As a result.

In just half a cup of tea.

The entire nothingness was filled with endless heavenly script characters.

Xiao Die had the heart but was powerless. She could only look at the strange heavenly script characters that covered the sky and earth.

"Go!"

The stone fetus son of Heaven in the Sacred Mountain said indifferently.

Instantly, the endless heavenly script characters fell like a storm.

Xiao die was extremely solemn. She pushed her wings to the maximum.

She tried her best to devour the incoming heavenly script characters.

However, there were too many of them. Before she could devour them, she was drowned by the heavenly book characters.

The heavenly book characters revolved around Xiao Die.

Finally, they condensed into a huge golden cocoon.

Xiao die, who was inside, immediately realized that her body was degenerating.

That's right.

The mature body that had successfully evolved rapidly degenerated.

She finally understood where the uneasiness in her heart came from.

These heavenly book characters were targeted at her.

All of her forces were built on the foundation of evolution.

Once it degenerated, its strength would be greatly weakened.

"It's too late to regret now," stone fetus Emperor said indifferently.

The heavenly book characters secret technique that could only be activated by the two stone fetus Emperor's combined forces was specially designed for Xiao Die.

It was too late for her to regret now.

Xiao die scoffed. "You speak as if I will have a good ending if I join you."

Since they had already done their best to prepare the cocoon of the heavenly tome script.

How could they abandon it.

If Xiao Die really surrendered, she would only die faster.

"Moreover, do you really think that you can do anything to me?" Xiao die sneered.

She opened her mouth, revealing a row of awe-inspiring silver teeth.

Then, she bit down hard, biting through a huge hole in the cocoon.

The hardest part of her was her true body's teeth!

In this world, there was nothing that couldn't be bitten through.

"You want to trap me with a few heavenly script characters? Hehe!"

Xiao die revealed her intentions and reached out, wanting to drill out.

But at this moment.

A huge black projection appeared from within the sacred mountain.

The projection turned into a huge pitch-black palm.

It pressed down on the gap.

Xiaodie had to withdraw her head.

Then, she bit out a gap from the other side of the cocoon.

Just as she was about to drill out...

The huge black palm gripped the entire cocoon.

Xiaodie had nowhere to drill out.

She opened her mouth and bit down on the Black Shadow.

However, her teeth, which could pierce through anything, actually bit out a string of sparks on the Black Shadow.

It was only after looking carefully that she realized.

There was a lime color in the black shadow.

This was not a pure black shadow.

Instead, it contained a part of stone fetus son of heaven.

Although Xiao Die's teeth were powerful, they were still far from shaking stone fetus son of heaven.

A hint of anxiety finally appeared on Xiao Die's face.

She tried many times, but all of them failed without exception.

She was trapped in the cocoon and could not escape.

"Don't waste your energy. You Don't have a chance," stone fetus Emperor said indifferently.

In the time it took to brew a cup of tea, Xiaodie could degenerate to the previous stage.

In that case...

It would be much easier to kill Xiaodie.

"Really?" However, Xiaodie didn't panic. Instead, a crafty look appeared in the corner of her eyes. "I almost forgot to tell you that I have completely evolved."

Two butterflies were dancing in Xiaodie's eyes.

The butterflies flew out from Xiaodie's eyes, and their bodies were covered in nine-colored spots of light.

The spots of light landed on the Black Shadow.

The Black Shadow immediately dissolved.

A Cry of surprise came from the sacred mountain. "What's going on?"

They could clearly feel the intense pain in their arms.

"Of course, it's a surprise for you." Xiaodie closed her eyes, and the two butterflies were her eyes.

Wherever they passed, everything melted.

She had been holding back, waiting for the stone fetus son of heaven to make a move.

Only then could she hurt his real body.

Otherwise, they would only be beaten passively, and would not be able to fight back effectively.

The nine-colored light dots quickly melted their arms.

Waves of painful roars came from the sacred mountain.

They had no choice but to withdraw the Black Shadow.

Xiao Die took the opportunity to fly out of the cocoon, chasing after the Black Shadow and landing on the sacred mountain.

Right now.

At once the Golden Light of the sacred mountain faded and was replaced by a grey hue.

A black vortex, but also revealed.

"small butterfly contemptuously way:"small tricks

At this moment, the small butterfly, has fully evolved, is not afraid of the devouring power.

The wings on its back flapped hard.

From which burst forth a power many times greater than it had ever been.

Not only was her soul not consumed by the black vortex,.

Instead is the black whirlpool, unexpectedly by the small butterfly's devouring power to completely swallow up.

After the black vortex was swallowed, leaving a deep bottomless pit.

Faintly can feel, there are these two powerful aura.

The small butterfly mouth corner is curved, can hide?

Two small butterflies, around the small butterflies kept falling colorful spots of light, fell into the black hole.

In the end.

Stone fetus son of Heaven's painful roar came from the inside of the sacred mountain.

"Evil creature, Stop!" Obviously, they were seriously injured by the little butterfly.

The little butterfly stood on the sacred mountain and formed a seal with her hands.

While swallowing the sacred mountain, she controlled the two little butterflies to fly into the sacred mountain.

Stone fetus son of Heaven was shocked and angry.

They were completely suppressed by the little butterfly.

Forget about destroying the world.

They would be destroyed first.

"Say Goodbye," Xiao Die said calmly.

She alone was able to suppress the two holy mountains that had joined forces.

She couldn't help but look at Su Yu, feeling proud in her heart.

After completing her evolution, she alone was able to completely resist the destruction of the Holy Mountains.

Su Yu would definitely be very shocked.

But at this moment.

Xiaodie's head suddenly turned black.

Without waiting for the difference.

A pitch-black palm descended from the sky without any warning.

It instantly struck the sacred mountain and crushed Xiaodie.

Xiaodie subconsciously stretched out her arms.

She tried to fight back.

But the strength of the palm shocked Xiaodie.

She was like a piece of paper that was easily crushed.

Under normal circumstances, she would be crushed into a meat patty.

However, at the critical moment, Xiao Die had an idea and immediately swallowed a part of the sacred mountain under her feet.

She took the opportunity to enter the sacred mountain.

That was how she escaped the fate of being crushed.

However, when that huge palm pressed down on the sacred mountain, it caused the sacred mountain to shake violently.

Xiao die was also affected by the fluctuations. Her entire body trembled violently and was shaken until she was covered in internal injuries. She opened her mouth and spat out a large amount of blood mist.

Her eyes were filled with shock.

What happened with that palm just now?

She raised her head and looked through the hole.

She saw an unbelievable scene.

An existence that was ten times the size of a sacred mountain was floating in the sky above this small sacred mountain.

From the huge sacred mountain, a huge palm that was almost materialized from a black shadow stretched out.

The huge palm supported the void. With a light push, the huge sacred mountain glided forward at an astonishing speed.

"That is..."the small butterfly's face revealed a surprised expression.

Chapter 2810 Son Of Heaven Clansmen

At this moment.

Two low growls came from the sacred mountain where he was. "Save us!"

The huge palm of the sacred mountain pressed down on the sacred mountain.

Two balls of gray air were sucked away by the huge black palm from the sacred mountain.

The aura of two stone fetuses of son of heaven appeared in the huge sacred mountain.

Including the stone fetuses of son of heaven that had been destroyed and destroyed by the human race, there were only ten.

However, there were no less than twelve of them in the sacred mountain.

How was that possible?

"You are not Shi Tai Tian Zi!"Xiao Die's face sank into the water.

What responded to him was a sneer.

"Nonsense! What kind of existence is Shi Tai Tian Zi? Why would he come personally to wipe out you little ants? We are just Shi Tai Tian Zi's clansmen!"

Xiao Die's heart sank.

Just clansmen?

She originally thought that Shi Feizi Tian Zi was trapped in the sacred mountain and that his strength was only so-so.

Even if all of Shi Feizi Tian Zi came, there wouldn't be more than eight of them.

There might be a chance to resist.

Who knew that they weren't Shi Feizi Tian Zi at all.

They were just clansmen.

Shi Feizi Tian Zi only had eight.

How many clansmen could there be?

It was probably endless.

"You two trash, you haven't been able to destroy this area for so long." From the huge sacred mountain, the clansmen of the other Tian Zi shouted at the failed Tian Zi.

"We have already wiped out the nearby area and accidentally passed by the area you are in charge of. If not for that, wouldn't you have been eliminated?"

"We have really lost all of our son of Heaven Clansmen!"

Hearing their conversation.

Xiao die was unprecedentedly solemn.

As expected!

There were many son of heaven clansmen.

At this moment.

However, hearing the two failed son of heaven clansmen being unconvinced, they said, "You don't know what we have encountered!"

"That's right! It's one thing for a human sacred body to encounter a descendant of the nine-colored chaos butterfly. Although it's a mutated one, it's still terrifyingly strong!"

"If you don't believe me, you can try fighting one on one. Let's see if you can still do it so easily."

Hearing that.

The Sons of Heaven clansmen were shocked.

"Nine-colored chaos butterfly? How is that possible? They were clearly exterminated and not a single one was left. Where did the descendant come from?" The Sons of Heaven clansmen said in surprise.

It was as if they were afraid of the nine-colored chaos butterfly.

However, they soon realized what was happening.

"Fortunately, the son of Heaven has started the era of destruction. Otherwise, we wouldn't have known that the absolute beginning realm could create such a threat."

"Cut the crap. We should kill this survivor before he grows up."

As soon as he finished his words.

That giant palm smashed toward the sacred mountain where Xiao Die was hiding.

This attack was much stronger than before.

If Xiao Die was hiding here, she would definitely be shattered into a bloody mist.

She gritted her teeth and bit through the sacred mountain, coming out from the corner.

But those sons of Heaven clansmen were already prepared.

The huge palm pressed down and crushed Xiao die.

Xiao die panicked.

Her heart was filled with despair.

It was over!

However, at this moment.

A flower petal appeared without any warning, brushing past the small butterfly's shoulder.

There was no sound.

The huge palm that was pressing down from behind the small butterfly vanished into thin air.

The small butterfly turned her head to look, and an unbelievable scene was reflected in her eyes.

She saw that the flower petal was about to smash the huge black palm into dust.

Moreover, the flower petal's momentum did not decrease.

It crashed onto the giant sacred mountain.

A loud boom was heard.

The Sacred Mountain... was shattered! !

Twelve stone statues in weird shapes ran out of the sacred mountain in panic.

They gathered together, and shock appeared on their stone faces.

"The flower of the Mirror Flower Emperor?"

They looked at the source of the petal.

They saw Su Yu sitting cross-legged.

At this moment, he was holding a stone mirror in his hand and walking through the air.

In the stone mirror, the flower was faintly discernible, making the people of the son of Heaven's clan jump in fear.

"What's going on? Why is the stone mirror of the son of mirror flower son of heaven in the hands of the human saintly being?" A stone statue cried out in disbelief.

The son of mirror flower son of Heaven had died many years ago.

The stone mirror in his hand was even more complicated.

Su Yu was a human saintly being, where did he get it from.

What was even more shocking was that he could actually activate it.

Su Yu walked over and came to Xiao Die's side.

Looking at the fresh blood on her chest, he smiled gently, "Thank you for your hard work."

Xiao die was stunned.

Looking at the stone mirror in Su Yu's hand, she couldn't help but feel defeated, "I worked hard to evolve, but in the end, I'm still not as lucky as you. I'm so unhappy!"

Su Yu was a little speechless.

Speaking of which...

He was the one who was unhappy.

Xiao die slept quietly, and when she woke up, she became a peerless expert.

He had to go through countless life and death trials.

In the end, he risked being strangled to death, and only then did he accidentally obtain a stone mirror that could only be used temporarily.

That's right.

The stone mirror could only be used temporarily.

If you looked carefully, you would find that.

A tiny crack had already appeared on the stone mirror.

After releasing a flower petal, the crack appeared.

Moreover, the flower petal in the stone mirror did not grow back.

It could be predicted.

When all the flower petals were used up, the stone mirror would completely shatter.

"After all, this is not the real stone mirror." Su Yu guessed in his heart.

The real stone mirror should still be in the hands of that stone statue.

The stone mirror before him was most likely a product of a strange dream.

Just like how Su Yu's secret technique of turning a thought into reality could create a realistic object.

"But, it's enough!" Su Yu put away the stone mirror and looked at the twelve clansmen of the son of Heaven clan who were huddled together.

His eyes were filled with killing intent.

At first, he had also misunderstood that the one in the sacred mountain was the original body of the stone embryo son of heaven.

He had even wondered why they had not personally made a move.

Now he finally understood.

They were not very strong. They were just borrowing the power of the sacred mountain.

That was why they did not dare to make a move personally.

Now that the sacred mountain had been destroyed.

They were exposed.

Su Yu's oil lamp slowly rose.

Now, after experiencing many trials of faith, he had already reached the great completion of the saintly being.

He did not need to force his heart to beat, but he could already burst out with astonishing power.

"Citizens of the Sacred Mountain, kill without mercy!" Su Yu's killing intent surged.

Turning into a colorful sword, he suddenly stabbed forward.

Xiao die was not willing to fall behind. "A bunch of bastards, how Dare You Offend Your Great Aunt, HMPH!"

Seeing the two of them charging over.

The faces of the twelve son of heaven clansmen changed slightly.

However, they didn't panic.

"Human sacred body, nine-colored chaos butterfly, if you don't Die, Heaven and earth won't be able to tolerate you. The era will be destroyed, and no living being can avoid you. If you go against Heaven, you won't have a good ending!"

Xiao Die laughed when she heard that.

"Since everything can't escape this disaster, why can't You Die?" Xiao die snorted.

A member of the son of heaven clan said indifferently, "We are the creators of the absolute beginning era. We have to manage all living beings. Of course, we can't die."

What a joke.

He casually told others to die, but he himself could walk away with peace of mind.

Xiao die sneered. "Then, I want to see if the common people are happy or not after you die!"

Two people charged over.

The twelve sons of Heaven gathered together.

Their bodies emitted a strong lime-gray light.
