Chapter 281: Educating Him In Front Of Everyone

Hiccup—

Palace Master Feng Qing became suddenly serious. He did not expect Su Yu to be so arrogant and fierce!

A gust of wind blew past. Be it the people within the city who broke into a cold sweat or Palace Master Feng Qing, all of them were deathly silent.

After becoming serious for some time, Palace Master Feng Qing's face wriggled, and anger was concealed within his face.

According to his calculations, Su Yu killed his men, and he would stand up to uphold justice.

To one's surprise, Su Yu did not take it lying down. But Su Yu did not take revenge against him, Su Yu provoked him instead.

There was no change in the end result. However, Su Yu changed from being suppressed passively, to taking the initiative to provoke him.

Palace Master Feng Qing suppressed the dissatisfaction within his heart and had a grievous expression: "The Ten Great Deputy Palace Masters in the north continent are brothers who rely on one another. My rank is higher than you, and I am considered your senior."

"You are a vicious person, and taking lives is like second nature to you. As your elder brother, I cannot bear to see you continuing to sink even lower and walking this path of evil! Your great future should not be lost just like that."

Palace Master Feng Qing looked at the distant horizon. His eyes were filled with concern, and after pondering for a long time, he sighed deeply: "Yin Yu, you have killed my men. However, after all, you are still young and inexperienced."

"As your elder brother, I ought to forgive you." Palace Master Feng Qing withdrew his gaze. He stared at Su Yu deeply and said sincerely: "You have killed my men ruthlessly, not taking into account my kindness of managing the area on your behalf, and you are also ungrateful. However, I cannot bring myself to not be generous toward you."

"I have decided to continue helping you. From now on, I will take up the responsibility that an elder brother should have, and bring you back to Fengqing Area to educate you. I will ask someone else to continue managing your area."

"One day, when I have successfully taught you how to be a better person, I will let you return and allow you to succeed the Nameless Area. This way, you will be able to answer to the people of the Nameless Area."

His words contained friendly feelings, which caused everyone who heard them to be moved.

Be it the people who saw the arrogant and despotic Zi Mo with their own eyes, or the people who saw the order which was filled with disdain and humiliation toward Palace Master Yin Yu with their own eyes, everyone on-site could not help but be moved.

However, upon thinking more about it, their hearts became filled with fear.

As Palace Master Feng Qing had the gift of gab, it was evident that he wanted to continue occupying the Nameless Area forcefully. However, he used the excuse of educating Su Yu shamelessly.

After hearing what was said, Su Yu could not help but laughing loudly: "I have seen many kinds of people. Among the shameless people I have met, only a few of them could surpass you."

"If you want to continue plundering the tributes from the Nameless Area, just say it out loud, directly!"

"If you want to suppress me in front of everyone and frighten the Nameless Area with your power, just say it out loud, directly!"

"You are so secretive and sneaky. Do you not feel ashamed of using the excuse of educating me?"

Palace Master Feng Qing shook his head in disappointment and sighed: "Yin Yu! You are very disappointing! You have disregarded the kindness that I have given you again and again!"

"You have already reached a state where you must absolutely be educated! For you, for Nameless Area, I must take up the responsibility of an elder brother!"

Su Yu laughed for a long time: "Who do you think you are? You say that you are my elder brother? Educate me? Do you think that you have the right to do so?"

Against this kind of people, there was no need for Su Yu to act politely.

Palace Master Feng Qing's gaze became cold abruptly, as if he had run out of patience. He frowned and shouted: "Yin Yu! You! Are too much! As your elder brother, how can you not have higher respect for me in your eyes?"

"You have already reached a state where you must absolutely be educated!" Palace Master Feng Qing stood with his hands clasped behind his back and shouted: "Fengqing Guards! Capture him and bring him back to the Fengqing Area to educate him!"

Rustle, rustle, rustle—

Twenty Dragon Realm Level Seven Fengqing Guards surrounded Su Yu quickly, with Su Yu in the centre.

The leader of the Fengqing Guards cupped his fists and said: "I request for Palace Master Yin Yu to not resist. Palace Master Feng Qing's education is for his own good!"

Su Yu laughed coldly: "Do I need him to educate me? I appreciate your kindness! All of you, please take your leave now, before I get angry!"

The leader of the Fengqing Guards shook his head indifferently: "I'm sorry. You do not have the right to reject the kindness of Palace Master Feng Qing!"

"Attack!"

After giving a shout, a Fengqing Guard rushed toward Su Yu immediately.

Under the powerful and suppressive aura of twenty Dragon Realm Level Seven Peaks, even if Su Yu had the same cultivation base as they did, it would be difficult for him to have the heart to resist against them, since he was alone, not to mention not having the abilities to fight them.

However, Su Yu laughed coldly: "I have already warned all of you! Don't hold it against me!"

The leader of the Fengqing Guards shook his head coldly, and his whole face was filled with disappointment: "Not only do you lack of education, you also do not know your own limits. It seems that Palace Master Feng Qing is indeed wise..."

Ah—

However, before he had finished talking, the Fengqing Guard who rushed toward Su Yu gave a horrible shriek, held his head, and groaned in pain.

It was as if he had experienced extreme pain!

Straight after that, a figure moved like lightning toward him, and a fist landed on his chest!

Rumble, puff—

His chest exploded, causing his blood and flesh to splash about. That Fengqing Guard was injured fatally on the spot.

The expression of the leader of the Fengqing Guards turned serious, and his eyes turned gloomy, abruptly: "How bold! You actually dared to injure my man!"

Su Yu flicked his slightly messy silver hair and laughed instead: "Eh? Could it be that you want me to stand here and wait for all of you to injure me?"

"What nonsense! We are trying to bring you back to Fengqing Area, to educate you out of kindness!" The eyes of the leader of the Fengqing Guards got narrower and he shouted coldly.

Su Yu said indifferently: "You can keep this kindness of yours. I don't want it!"

The leader of the Fengqing Guards gathered his spiritual energy sorrowfully, saying coldly: "I have said before. You do not have the right to decline! If you want it, we will give it to you. Even if you don't want it, we will still give it to you!"

"Attack him together!"

Rustle—

The nineteen Fengqing Guards attacked wildly!

This scene caused the audience to be struck with awe.

When the rumored Fengqing Guards gathered, they could wipe out the whole Fengqing Area!

When their abilities were combined with Palace Master Feng Qing, it became extremely fearful!

Su Yu's abilities were far from being comparable to Palace Master Feng Qing, who had achieved Immortal Realm. Hence, how would he stand a chance against them?

Among the crowd, only Zi Yunxiang had a calm expression, as she observed indifferently.

"Space-time Manipulation!"

However, when Su Yu's right eye emitted a wine-red light, ten Fengqing Guards, including the leader of the Fengqing Guards, were transported ten miles away immediately!

The group of people attacking him was reduced by half in an instant!

Whiz, whiz—

A dark light emitted from Su Yu's eyes abruptly. A soul attack dispersed across the scene!

Every attack caused a Fengqing Guard to hold their head, give a horrible shriek, and lose their ability to resist!

What awaited them was Su Yu's lightning fast attack.

Ah—

Ah—

Horrible shrieks, one after another, followed after the sound of bodies crashing onto the ground, as well as blood splashing everywhere.

With the efforts of a number of breaths, all ten Fengqing Guards were injured, to the point that they were half-dead!

Looking at the ground, which was filled with Fengqing Guards and hazy flesh--to the point to where one was unsure whether they were dead or alive-- the audience was shocked!

It was as if they were in a dream. Was that really the extremely powerful Fengqing Guards, which could wipe out a whole area?

The pupils of Palace Master Feng Qing, who was standing with his hands clasped between his back to watch the good show, shrank. His indifferent smile also turned stiff.

Even if it were he, he also did not manage to react to the scene!

He thought that he could also defeat ten Fengqing Guards alone, within a few breaths' time.

However, Su Yu only had a cultivation base of Dragon Realm Level Seven Lower Tier!

Rustle, rustle—

The leader of the Fengqing Guards, as well as nine other Fengqing Guards who had been transported away, flew back, filled with surprise and anger.

Su Yu could actually control the space!

The trump card, which they did not expect, caused their combined abilities to be dispersed. When they returned and discovered that the other ten of them were severely injured, they were extremely shocked.

How did he do it in just a mere few breaths' time?

However, as Palace Master Feng Qing was just standing by the side, the Fengqing Guards' reputations could not be tarnished!

"Attack together! From different angles!" The leader of the Fengqing Guards shouted loudly.

Whiz, whiz—

The ten Dragon Realm Level Seven Peak martial artists attacked openly!

Su Yu had a dull gaze. He followed his previous pattern, and his eyes overflowed with a soul attack.

Every time he swept past a person, he could bring that person under his control. After which, he threw a punch conveniently, injuring the other party to the point that he became half dead!

In just a short amount of time, two persons were severely injured!

The leader of the Fengqing Guards was extremely furious: "Little kid! Don't try to be a savage!"

Breathe—

It was unknown when the leader of the Fengqing Guards circled behind Su Yu's back. Taking advantage of the opportunity, he attacked coldly!

Su Yu wore a cold smile. He turned his body around, and his eyes overflowed with two rays of dark light.

However, at that moment, when Su Yu turned his body around, his heart indicated to him that the situation was not good!

A sharp and icy cold aura attacked his back abruptly!

When Su Yu turned his head to take a look, it was actually Palace Master Feng Qing!

Taking advantage of the opportunity, when Su Yu was focusing his attention on the leader of the Fengqing Guards, Palace Master Feng Qing actually launched a surprise attack!

A Deputy Palace Master actually dared to launch a surprise attack in front of the audience!

Palace Master Feng Qing's expression was strict. He then spoke righteously and coldly: "Yin Yu! You are very disappointing. You relied on surprise attacks to injure the Fengqing Guards. Without further ado, I will capture you on the spot!"

"Kneel down!"

It was evident that he was the one who launched the surprise attack. However, he vilified Su Yu by saying that Su Yu was the one who launched the surprise attack instead!

His surprise attack was too sudden, and he was extremely close to Su Yu. He did not give Su Yu any time to avoid his attack!

Chapter 282: Palace Master Xue Yao

But Su Yu's expression did not change, his left eye was glowing purple.

"Seal of Time!"

Suddenly, Palace Master Feng Qing, who was launching a sneak attack, was frozen in that moment, maintaining the thrusting position toward Su Yu.

His velocity decreased, allowing Su Yu to dodge his fist with ease.

Seizing the opportunity, Su Yu continually released the black light from his eyes.

With each flash, a Fengqing Guard was inflicted with severe injuries.

In just a breath's time, all that was left was the leader of the Fengqing Guards!

The leader of the Fengqing Guards was furious, "Shameless! Do you not have any techniques other than these sneak attacks?"

These words angered the spectating crowd!

Just who was using sneak attacks?

They were surrounding Su Yu with twenty people, but Su Yu was facing them head on. It was only that the techniques he used were on the mysterious side, and that the guards were unable to deal with the techniques.

From the start until now, Su Yu had been facing his enemies head on.

In contrast, it was Palace Master Feng Qing that was engaging in sneak attacks that were unbecoming of a palace master, much to the disappointment of the crowd.

At this moment, the leader of the Fengqing Guards was laying with his eyes open wide!

Su Yu calmly said, "Is surrounding one person with twenty people not shameless? Is launching a sneak attack behind a person's back, as a palace master, not shameless?"

"You are weaker than me, and then claim that I am the one engaging in sneak attacks?"

"You live up to your reputation as people from the Fengqing Area. What a fine example your leader has set!"

The face of the leader of the Fengqing Guards burned, attempting to defend himself, "Nonsense! We are not surrounding you to attack, but just want to bring you back to the Fengqing Area to educate you! As for the palace master, he attacked too fast, and you could not react in time, that is not a sneak attack!"

Su Yu said in disdain, "So that is to say that me facing the lot of you head on is a sneak attack! But him striking me from behind is being righteous?"

"All the justice in the world has been taken by the Fengqing Area!"

The leader of the Fengqing Guards scolded, "I do not wish to repeat myself. You are incapable and did not see the palace master attack, don't blame him for launching a sneak attack!"

Su Yu stifled his laugh, "Oh, so that is the case?"

Creak ——

Su Yu had just finished his sentence, when he vanished into thin air.

Pushing his movement techniques to the limits, Su Yu left an afterimage where he stood.

The pupils of the leader of the Fengqing Guards dilated, "So fast!!"

He was unable to follow Su Yu's tracks!

"Careful, behind you!"

At this moment, Palace Master Feng Qing's seal was finally broken, his expression changing rapidly!

The leader of the Fengqing Guards suddenly looked back, but it was already too late.

He did not know when that icy cold gaze had appeared half a zhang behind him!

Puuuuu ———

The leader of the Fengqing Guards could not react in time, his chest turning cold. All he saw was a long sword, forged by Divine Ice Threads, piercing through his chest!

His vision fading, the leader of the Fengqing Guards was filled with rage, his expression that of fury, "You, sneak attack! Despicable...."

Whoosh ———

Su Yu pulled out the Divine Ice Threads. At that moment, blood was sent spraying everywhere, as the leader of the Fengqing Guards was sent tumbling to the ground.

Wiping the blood away from the Divine Ice Threads, Su Yu coldly looked at him, "You are useless and cannot see my attacks clearly, don't blame me for using sneak attacks! I shall return the words you said to me!"

Puuuuu ———

Anger struck the heart of the leader of the Fengqing Guards, as another pool of blood sprayed out from the wound on his chest. He slipped into a coma.

At this point, it was fair to say that the legendary guards of the Fengqing Area had all been defeated!

Even though it was surprising that Su Yu had space talents, and could split their offensive in half.

But no one could overlook the undeniable truth that he alone had defeated the entire squad of legendary guards.

"Yin Yu!" Palace Master Feng Qing's expression was incredibly sinister.

Looking at the half-dead guards on the ground, Palace Master Feng Qing was furious!

This was not going as he had planned!

In his plan, he would storm in with absolute authority and imprison Palace Master Yin Yu, regaining control of the Nameless Area.

But in reality, Su Yu's abilities were strange and undecipherable, defeating the guards he was so proud of, alone.

If Palace Master Feng Qing did not capture Su Yu, after storming into the Nameless Area with such gusto, but instead retreated in defeat, he was sure to become the laughing stock of the Ten Great Vice Palace Masters!

"You, enough!" Palace Master Feng Qing stared at Su Yu furiously. "You have rejected my goodwill three times! You killed my men and injured my guards. There is no educating a person like you!"

"Now, as your senior, I am going to teach you a harsh lesson for your parents and your teacher. I'll teach you manners!"

What he meant was that Su Yu's parents and teachers had not taught him well. Thus, he had to teach Su Yu a lesson for them!

Su Yu squinted, surrounding himself with chilly energy!

"In place of my parents? In place of my teacher? Who do you think you are?" Su Yu was furious.

Palace Master Feng Qing was insinuating that his parents and teachers had never taught him manners!

No matter how much Palace Master Feng Qing schemed to obtain power and status from Su Yu, he was never overly angry.

But to implicate the people he respected of misconduct or shirking duties, that was unforgivable!

"Just because I have the ability to teach you a lesson! That reason is enough!" Palace Master Feng Qing let out a grunt, his figure flickering as he struck toward Su Yu!

He released spirit energy, materializing a bolt of energy ten zhang long, which rippled as it struck toward Su Yu.

Su Yu, at this moment, had a chilly intent in his eyes.

"Thunder Star Finger!"

In that moment, a frightening crash of lightning could be heard.

A boundless energy descended from the heavens.

The assaulting spirit energy was instantly dissipated by the purple arcs of thunder.

"Stage One Lower Class of an immortal level technique? And a rare thunder-based technique at that?" Palace Master Feng Qing raised his brows, "You have decent abilities, but unfortunately, they are average at best!"

"I'll show you the difference between the two of us!"

"Peach Blossom Burial!"

Palace Master Feng Qing enveloped himself in a godly glow, a pale pink fog circling around him. Multiple peach blossom flowers fell, obscuring his figure.

Whoosh Whoosh —

The peach blossom flowers spun rapidly, slicing through the air, producing a crackling sound.

The sky was filled with spinning peach blossom flowers, the sound it gave off shocking the spectators!

"Stage One of an immortal level technique, unbelievably close to the Upper Class!" Multiple city heads had grave expressions amongst the spectators.

Every class of an immortal level technique required multiple years of time to achieve. To be able to reach such a level of an immortal level technique before the age of twenty, the level of perception of Palace Master Feng Qing must be really high indeed!

Coupled with the absolute advantage he had, in terms of cultivation level, being at Immortal Realm Level One, the outcome of this match was clear!

Su Yu shook his head, advancing instead of retreating!

"Thunder! Star! Finger!"

It was the same immortal level technique.

But the energy that descended caused the surrounding air to crackle. Streaks of thunder formed a small vortex, with Su Yu as its epicenter!

It looked like Su Yu was a god capable of controlling thunder, surrounded by arcs of destructive lightning!

Stage One Upper Tier of an immortal level technique!

Rumble ——

Creak ——

Lightning rolled in the sky, destructive bolts of it decimating everything.

The sky full of peach blossom flowers was also shattered, as if the blossoms were illusions.

In the purple light, a figure staggered as he retreated!

It was Palace Master Feng Qing, his face full of shock. Blood lined the side of his lips, his face was pale as he took a few steps back!

His royal robes had been reduced to dust by the lightning in the sky.

His naked skin was burnt black, and his chest area had been reduced to a pulp of flesh.

In a direct confrontation, Palace Master Feng Qing was at the losing end!

On the contrary, Su Yu did not move from where he stood!

The difference in their abilities was clear!

The crowd was dead silent!

The scene before them completely flipped what they had thought earlier!

The high and mighty Palace Master Feng Qing in their hearts had been defeated by the newly inducted Palace Master Yin Yu!

In that moment, the eighteen city heads had looks of respect and fear to Su Yu. Their eyes were burning with passion!

The master of their area was immensely powerful!

Su Yu stepped forward, coldly advancing toward Palace Master Feng Qing, shaking his head, "Your abilities are but so. I really do not understand where you found the confidence to repeatedly pass edicts, where you found the confidence to educate and teach me a lesson, or where you found the confidence to dare snatch my territory away from me!"

"Simply ridiculous!"

Palace Master Feng Qing's ears turned red. Su Yu's abilities were clearly above him, but he had repeatedly issued edicts to him and attempted to educate him!

He did not understand how Su Yu's abilities were so strong, despite him being only Dragon Realm Level Seven Lower Tier!

But he did not have time to think too much on that!

He could not stop now. If he did not restrain Su Yu here, his reputation would go down the drain.

Clenching his teeth, Palace Master Feng Qing grunted, "Seventh senior, what are you waiting for?"

Whoosh ——

A red robed youth was leaning onto a large tree in the city.

He was sucking on a blade of grass, his hands propped up behind his head. Light reflected from his bald head.

His eyebrows were thick, his expression ferocious.

A long scar ran through his right eye, warning people to approach him with caution.

Pei ——

Hearing the pleas of Palace Master Feng Qing, the red robed bald man spat out the blade of grass, straightening his posture lazily. He could not hide the disdain in his ferocious eyes, "Useless! You can't even settle a newcomer!"

Whoosh ——

Leaving behind an afterimage, the red robed bald man appeared beside Palace Master Feng Qing.

"The seventh vice palace master, Palace Master Xue Yao!" The crowd broke into a commotion!

Zi Yunxiang sighed, becoming worried, "Our guess was correct, there are other palace masters that came to cause trouble besides Palace Master Feng Qing."

After all, this was the birth of the last vice palace master. The rest of the vice palace masters would pay some attention, too.

The worst outcome had ultimately happened —— the other palace masters were implicated in this matter.

Palace Master Xue Yao? Su Yu observed him for a moment.

He was at Immortal Realm Level One Upper Tier, his abilities twice as strong as Palace Master Feng Qing!

"You are the newly inducted Palace Master Yin Yu?" Palace Master Xue Yao observed Su Yu, his eyes filled with a critical glow.

Su Yu nodded, "Yes. What matters do you have with me, Seventh senior?"

Before Su Yu was clear of the other party's intentions, he would naturally try not to offend them.

Palace Master Xue Yao crossed his arms, releasing a formless aura.

Beside him, Palace Master Feng Qing's expression turned grave, fighting back the aura.

But the aura was mostly directed toward Su Yu!

"En, since you called me your senior, I shall call the shots here, I will issue a fair judgement." Palace Master Xue Yao spoke for himself, never once seeking Su Yu's opinion!

This was the Yinyu Area!

The conflict was between him and Palace Master Feng Qing. Palace Master Xue Yao had nothing to do with this!

But he forcefully made a decision without consulting Su Yu!

Feeling the overbearing aura of the other party, Su Yu creased his brows.

"Eighth junior, you are in the wrong here. Tenth junior is new, how could you use violence to educate him, no matter how barbaric he was?"

"You had good intentions, but your methods were wrong, causing the conflict between the two of you. You have to take responsibility for your actions!"

Palace Master Feng Qing sighed, "I did not consider this thoroughly, causing this misunderstanding."

The two of them performed their act superbly, causing Su Yu to laugh in his heart.

He no longer hoped for Palace Master Xue Yao to exact justice.

"But the one who should take the bulk of the responsibility is you, Tenth junior!" Palace Master Xue Yao changed his tone, looking at Su Yu as he said in disapproval, "I am thoroughly disappointed by your performance!"

Chapter 283: Divine Tribulation of Ice and Thunder

"It would be fine if you did not appreciate Eighth Junior's kindness, but why did you kill his special envoy? Is such an ungrateful action something that a Deputy Palace Master should do?" Palace Master Xue Yao berated strictly.

The surrounding crowd became silent. Since the matter had come to this, it had become a situation where Palace Master Xue Yao would uphold justice.

However, intelligent people could tell that, on the surface, it was justice. In actual fact, it was obviously bias.

Su Yu laughed coldly and shook his head: "Kindness? Palace Master Xue Yao, both you and I are Deputy Palace Masters. However, he sent a special envoy to give me orders, twice. The first time, he asked me to have an audience with him. The second time, he disallowed me to give the Nameless Area a name! Is this considered kindness?"

"If you were here and did not see it, then so be it. However, if you had seen everything, I can only ask you, Palace Master Xue Yao, are your eyes blind?"

The Eighteen City Masters gasped!

Was Palace Master Yin Yu crazy? He actually dared to speak to Palace Master Xue Yao like this?

Among the Ten Great Palace Masters, he was famous for being someone who should not be provoked, due to his temper.

As expected!

Palace Master Xue Yao's expression turned gloomy instantly: "Yin Yu! I can forgive your ignorance and disrespectfulness. However, you had better be more aware!"

"Eighth Junior cared for you selflessly. However, you are narrow-minded and you misunderstood his kindness! Regarding this point, I do not wish to repeat it!"

Haha!

Su Yu laughed. Su Yu really laughed coldly: "Palace Master Xue Yao, not only are your eyes blind, your heart is also blind!"

"Since you think that his orders are considered care and concern, then, Palace Master Xue Yao, I, Palace Master Yin Yu, now specially order you to pay your respects to me immediately!"

Palace Master Xue Yao frowned: "What a lunatic!"

Su Yu said mockingly: "Didn't you say that giving orders to another person is considered care and concern? Now that I have given you orders, not only did you not feel grateful to me, you scolded me by saying that I am a lunatic instead? You are an ungrateful person!"

Palace Master gave a cold hum: "That is different! His orders are kindness towards you! It is a different thing, compared to your orders!"

Su Yu laughed coldly and shook his head: "In summary, both you and him are in the same boat! Both of you are indeed skilled in employing double standards!"

"Tenth Junior, I will give one last piece of advice. Keep your mouth clean! If you humiliate us again without evidence, don't blame me for not giving you face!" Palace Master Xue Yao's eyes became narrower.

The cold threat caused everyone on-site to feel cold within their hearts.

Su Yu laughed coldly: "Is your face worth a lot of money? When have I ever wanted it?"

"You came here uninvited, and you relied on your strong cultivation base to uphold justice unreasonably."

"If you are really here to uphold justice, then so be it. However, you colluded with Palace Master Feng Qing, your mouth is full of virtuous phrases, but you went against me in every aspect. In view of that, you still have the face to say that you are giving me face?"

Palace Master Xue Yao's eyes were filled with coldness. He spoke slowly, with a low voice: "You are really very disappointing!"

"I have decided. I will uphold this justice to the very end! I don't believe that I cannot subdue an ungrateful person like you!"

Thick, murderous intents collided between both them and Su Yu.

Su Yu's silver hair fluttered lightly, and he wore a contented expression: "Eh? What do you intend to do to me?"

Palace Master Xue Yao put down his hands slowly, and a strong aura covered his body. His eyes were filled with coldness: "You cannot distinguish between right and wrong, you cannot distinguish between good and evil, and you are also ungrateful. In the long run, you would walk the path of evil in the end."

"Hence, in the name of your elder brother, I have the responsibility to discipline you! I will bring you back to the Xueyao Area, and lock you in the dungeon for three years, so that you can face the wall and think about your mistakes!"

"Your area will be given to Palace Master Feng Qing, and he will manage it on your behalf! When you have finally understood how to be grateful to others, I will release you!"

There was no longer any room for negotiation!

Su Yu said indifferently: "Haha, you wish to discipline me? Understood! That is, only if you have the ability to do so!"

Palace Master Xue Yao shook his head in disappointment: "Seems like you are living in the small world that you have once lived in. You consider yourself to be a first-rate genius. Because of that, you are narrow-minded and it will be difficult for you to become a man of great talent!"

"After I have brought you back to discipline you, I will slowly teach you how to be a better person!"

Palace Master Xue Yao gave a cold hum and headed toward Su Yu!

When compared to Palace Master Feng Qing, his movement technique was more than twice as fast.

When Palace Master Feng Qing was about a hundred meters away from Su Yu, Palace Master Xue Yao was already in front of Su Yu!

A pair of ferocious eyes was overflowing with coldness: "Kneel down!"

Su Yu said indifferently: "If you really want to kneel down, I will not stop you!"

"Humph! People like you only depend on talking, and it is useless. As your Senior, I have to discipline you properly!" After giving a cold hum, Palace Master Xue Yao took out a blood-red big knife in the time needed to turn his hand over.

The long knife had spiritual qualities, as if it was breathing secretly. It was similar to a living item.

At once, Su Yu felt that the blood within his body showed signs of flowing weakly.

Streams of blood came out from his pores uncontrollably, and it was sucked away by the big knife!

A knife that could suck blood!

"Blood Drinking Demon Slaying Blade!"

An immortal level cultivation technique at Stage One Upper Class!!

The majestic knife sealed off Su Yu in all directions, and Su Yu had no way to avoid the attack!

Su Yu's gaze turned grave. Indeed, Palace Master Xue Yao could not be compared to Palace Master Feng Qing!

"Thunder Star Finger!"

A purple light illuminated the sky, and the sound of thunder astounded the world.

The attacks of the two of them collided abruptly!

Pop—

Titter—

Rub, rub, rub—

Su Yu only felt that the knife's energy scraped him, and he was forced to retreat about three steps!

Palace Master Xue Yao retreated about two steps!

Although it was said that the power of lightning-based cultivation techniques was stronger than normal cultivation technique, it had a limit as well.

Under the collision of the same level of cultivation technique, Palace Master Xue Yao was four tiers higher than Su Yu, and he was more superior than Su Yu. Hence, it was not strange for Su Yu to be beneath him.

However, who would know that Palace Master Xue Yao was shocked?

When he experienced it for himself, he realized how frightening that finger of Su Yu's was!

Among the immortal level cultivation techniques, Blood Drinking Demon Slaying Blade was considered the best of the immortal level cultivation techniques. Even if he came across someone of similar cultivation base, and both of them exhibited the same level of cultivation technique, his opponent would not end up like Su Yu, who got off so lightly!

"No wonder you dare to be so arrogant! Indeed, you have some tricks up your sleeve! However, let me see how long you can last! Within ten moves, I will defeat you!" Palace Master Xue Yao raised his knife again.

Feeling the gap that he could not make up for, Su Yu secretly sighed and knew he could only try something.

With a flash of his eyes, Su Yu's Fire Cloud Seal on his forehead emitted a scarlet light abruptly, and the light penetrated the Heaven in the blink of an eye.

At once!

The air near the white clouds became cold abruptly. The water vapor gathered and became a dense and dark cloud!

Within the dark cloud, lightning arcs shone, as if a lightning dragon was swimming.

Rumble, rumble—

The sound of the thunder roaring enlightened the benighted, causing everyone to tremble with fear!

"What happened? In broad daylight, why would there be thunder?"

As the dark cloud came together, and the layers of cloud became denser, the audience felt anxious and fearful.

A destroying aura from the layers of cloud enshrouded the place.

However, on the areas that the dark cloud enveloped, everyone had an alarmed expression, and they also felt that they were doomed.

Only a few people noticed that Su Yu was directly below the middle of the dark cloud!

The whole dark cloud surrounded him alone!

At that very moment, Su Yu was like a mythological figure in the eyes of everyone. His every word and action affected the world and created a shocking and unusual phenomenon!

The eyelids of Palace Master Xue Yao and Palace Master Feng Qing were twitching crazily. The uneasy feeling that they shared was more than twice as intense as a normal person!

"What happened? What kind of unusual phenomenon of the world is this? Is this caused by Su Yu? Not possible!" Both glared at Su Yu, and they could not believe their eyes.

Communicating with the world. What kind of miracle was that?

They had never heard of someone being able to communicate with the world before.

However, Su Yu was like a king who had achieved Nirvana, as he muttered some words coldly!

"Divine Decree— Tribulation of Ice and Thunder!"

Chapter 284: Ancient Relic

Rumble ——

The gray clouds on the sky suddenly spun, forming a giant vortex!

A purple lightning dragon flew across the sky, destroying everything in its path!

Palace Master Xue Yao's expression changed, defending himself in a hurry, "Blood Drinking Demon Slaying Blade!"

An unparalleled sword aura charged up into the heavens!

Then, colliding with the purple lightning dragon, the sword aura dissipated instantly!

The lightning dragon charged down without obstructions!

Crack ——

A strange scene ensued. While the lightning bolts were clearly immensely destructive, they did not blow Palace Master Xue Yao into pieces. Instead, Palace Master Xue Yao was turned into an ice sculpture!

"There was an extreme chilly energy harboured within the lightning!" Palace Master Feng Qing gasped, "This is the Divine Decree? The Divine Grade Divine Decree that could communicate with heaven and earth?"

Tribulation of Ice and Thunder. The Divine Grade Divine Decree that Su Yu had spent a long time cultivating.

Su Yu turned pale. Using the Divine Grade Divine Decree had taken a toll on his body.

Gradually toning down his Divine Decree, the black clouds in the sky scattered, and the weird phenomenon vanished.

Shooting an icy gaze onto Palace Master Xue Yao, Su Yu shook his head, "You dare call yourself a senior, and teach me a lesson with abilities at that level?"

Shifting his gaze, Su Yu stared at Palace Master Feng Qing, calmly saying, 'It's your turn!'

Palace Master Feng Qing's heart thumped wildly, fear filled his eyes.

Palace Master Xue Yao was frozen with just one move, what chance did he have?

"Wait!" Palace Master Feng Qing swallowed, pacifying, "Yin Yu, I admit that I might have been a little extreme. But I had good intentions, there has to be a misunderstanding!"

Even though it had come to this, Palace Master Feng Qing had no intention of admitting that he was wrong!

Su Yu shook his head, his white figure flashing!

"Thunder Star Finger!"

"Ah! Yin Yu! Don't go overboard!" Palace Master Feng Qing's expression changed, as he took multiple steps back in retreat, while speaking in a fluster.

Su Yu stared at him coldly, "Overboard? Who was the one who stood high and mighty, issuing edicts to me? Who was the one who bought an army to try to take my territory and imprison me? Who was the one who colluded with Palace Master Xue Yao to pressure me? In terms of going overboard, I am nowhere near the likes of you!"

From the beginning, it was them who were being overbearing.

Now, Su Yu was merely claiming back a little interest!

Rumble ——

Palace Master Feng Qing took three steps back, spitting out a mouthful of blood.

"Yin Yu! You have severely injured all of my Fengqing Guards, isn't that enough? What more do you want?" Palace Master Feng Qing was frustrated.

Su Yu let out a cold laugh, "Didn't they deserve to be injured for attacking me? When have they become the reason to spare you? You were overbearing and tried to occupy my territory, and now you wish to resolve this with one sentence?"

"Thunder Star Finger!"

Rumble ——

Palace Master Feng Qing let out a pathetic wail, as he was being assaulted and pushed to the ground. He spat out a mouthful of blood into the air.

"You are merciless!" Palace Master Feng Qing suppressed the mouthful of blood in his mouth, his heart filled with shock and hatred.

He had prepared himself to the fullest to achieve his goals, even contacting Palace Master Xue Yao to aid him, if things went sour.

But he did not expect his plans to be foiled time and time again!

The Fengqing Guards were completely defeated! His abilities did not match up to Su Yu's! Even his trump card, Palace Master Yao Yue, was sealed in ice!

Today, Palace Master Feng Qing had come, all guns blazing, but was going to return in defeat. He was going to become the laughing stock of the Empire!

Standing up with much difficulty, Palace Master Feng Qing tolerated the intense pain in his chest. He clenched his teeth as he said, "Palace Master Yin Yu! I, Feng Qing, will remember this injuries, one day I will..."

Puuuuuu ———

He could not finish his sentence before Su Yu stepped onto his abdomen, planting him back onto the ground.

Under the pressure, Palace Master Feng Qing, once again, spat out a mouthful of blood.

His eyes and mouth were open wide, as he was not expecting that Su Yu would kick him down!

"You dare threaten me, after losing to me? Do you think this can be resolved with just me injuring you?" Su Yu stepped onto his stomach, calmly saying.

Palace Master Feng Qing glared at Su Yu in fury, "You injured my Fengqing Guards and me, what more do you want?"

"What do I want?" Su Yu let out a deep laugh, shooting out a Divine Ice Thread from his finger. He pulled Palace Master Xue Yao, who was sealed in ice, closer, until they were laying together, side by side.

"The two of you colluded and tried to imprison me. You said that you were going to educate me and schemed to obtain my territory. This matter cannot be resolved with just injuring the both of you!"

"My principles are very simple. If I am given an inch of respect, I'll return that respect tenfold! Similarly, if you try to harm me, I'll return that tenfold!"

"Since the both of you seem to like imprisoning and educating people, as well as claiming the territories of others, I'll naturally return the favour!"

Hearing this, the crowd broke into a commotion!

At this moment, everyone was shocked by Su Yu's actions.

They had thought that Su Yu's outcome would be pathetic, but unexpectedly, he had repeatedly surpassed their expectations!

Finally, he had Palace Master Feng Qing and Palace Master Xue Yao under his feet!

What was even more overbearing was that he was going to return the favour, imprisoning them in the Yinyu Area and occupying both their territories!

"From today onward, the two of you will be imprisoned in the Yinyu Manor and will listen to my lectures! The Yinyu Area will absorb both your territories! I'll consider returning them to you, if your behavior is prim and proper!"

Also, the Spirit Fate Elixir that is given to you monthly shall now belong to me!" Su Yu calmly smiled.

Su Yu could not forget the ungodly effects of the Spirit Fate Elixir.

Palace Master Feng Qing was humiliated, roaring the words "I refuse!".

Puuuuu ———

Su Yu's kick was his only reply received.

"Do you have the right to reject?" Su Yu's gaze was cold.

When Palace Master Feng Qing thought that Su Yu was weak, he forcefully wanted to educate Su Yu and occupy his territory. When Su Yu was going to reject him, was he given the chance?

The matter had already been decided by him!

The events that happened in Su Yu's offering ceremony were immensely shocking!

Everyone had thought that Palace Master Yin Yu was the weakest palace master. Unexpectedly, he could defeat two palace masters that came to cause trouble!

The surprising battle had caused the hearts of the eighteen city heads to waver.

The matter had come to an end.

But Su Yu did not have any other actions.

Su Yu knelt, squinting as he said, "Palace Master Feng Qing, can you tell me why you are so obsessed with the Yinyu Area?"

The Yinyu Area was the most impoverished area, the area most devoid of resources.

The meagre offerings cannot compare to what the Fengqing Area and Xueyao area can provide.

But Palace Master Feng Qing was willing to sacrifice his right and left hand men, as well as activate the Fengqing Guards, to launch an attack.

It was understandable, if it stopped there.

But even Palace Master Xue Yao wanted a piece of the Yinyu Area. This was very weird.

The only explanation was that what they wanted was not simply the area.

Palace Master Feng Qing's pupils dilated, and covering them up in an instant, he said, "I do not understand what you are talking about..."

Puuuuuu ———

Su Yu exerted force on his leg, causing Palace Master Feng Qing to spit out another mouthful of blood.

"I do not wish to repeat what I said! Speak!"

But at this moment!

Clap Clap ———

Clapping could be heard from a corner of the crowd.

The crowd parted, revealing a youth in dazzling robes. He was clapping as he stepped forward from the crowd.

He wore a purple and gold crown, and a gold belt. This, coupled with his long blue robe, exuded a royal aura.

His face was prettier than a lady's, reflecting the sunlight to give off a warm glow.

What a handsome sir!

His abilities were also shockingly high.

He was Immortal Realm Level Two Lower Tier!

"It's the fifth vice palace master, Zang Jian!"

There were three vice palace masters that came to grace Su Yu's first offering ceremony!

The eighth vice palace master Feng Qing, the seventh vice palace master Xue Yao and the fifth vice palace master Zang Jian!

Each of their abilities was stronger than the last!

Especially the fifth vice palace master. At Immortal Realm Level Two, he was much more powerful than Feng Qing and Xue Yao!

He had not arrived before Su Yu, but from a hundred meters away, Su Yu could already feel the pressure he gave off.

Immortal Realm Level Two, at just the age of twenty three!

The Empire of Darkness lived up to its reputation. Each of the vice palace masters were dragons amongst men!

Zang Jian's skin was pale, his expression indifferent, occasionally showing disdain.

As he walked forward, he kept his gaze straight.

He only had Su Yu in his eyes.

"You have some brains to decipher that these two have ulterior motives." Zang Jian spoke slowly. Even though his tone was casual, the superiority in his demeanor was displayed to all!

Walking in front of Su Yu, Zang Jian observed Su Yu with a critical gaze, first nodding before he shook his head. He nonchalantly commented, "Your strength is in your techniques and the high level they are at. You won because your opponents did not expect that. There was some element of luck. Your weakness is that your cultivation level is too low. Return, and put some effort into cultivation, and you might have a decent future."

Su Yu did not retort.

While his words were harsh, they were not completely wrong.

Su Yu's strengths did indeed lie in his techniques. As for whether he got lucky, Su Yu did not comment.

As for the fact that Su Yu's cultivation level was lacking, Zang Jian deliberately left out the fact that Su Yu was only sixteen, four years younger than Feng Qing and Xue Yao. He did not care enough to argue.

Hearing the arrogant comments, Su Yu calmly said, "Palace Master Zang Jian, do you wish to uphold justice like Xue Yao?"

Puuuuu ———

Zang Jian laughed in disdain, "With just your abilities and minor conflict, it is not worth me interfering. I do not care how you want to play with each other!"

"But do not interrupt the important duties!" Zang Jian said.

"The reason the two of them want to claim your territory as their own is simple. There is an ancient relic in the Yinyu Area! The two of them had been secretly digging there over the years, but still did not have access to the relic. According to their plan, they would have succeeded this month. But, unexpectedly, there was a beast invasion, halting their plans. What was more unexpected was your appearance, disrupting their plans."

"To prevent news from leaking, and the need to split the treasures with a third palace master, they went to such extremes to conquer your land and attempt to imprison you."

Su Yu understood.

But to think that the position of the relic was the location Zi Yunxiang mentioned about the beast invasion?

Su Yu had intended to personally head down to inspect the area.

To think that there was a hidden relic amidst the beast invasion!

Zang Jian glanced at Su Yu, his tone impolite, "In ordinary circumstances, I would not offer you a place in the expedition with your abilities. But, since you are the palace master, I will specially allow you a place to maintain friendly relations!"

The relic was clearly in Su Yu's territory, its owner was Su Yu.

But in Zang Jian's words, he was taking pity on Su Yu, giving him a chance at the expedition!

Su Yu's expression was calm, despite the anger he felt in his heart. He did not reject, calmly saying, "Let's not drag on any longer, we set off now!"

He had two reasons.

First, it was inevitable! The existence of the relic had been made known to the world. There was little possibility that he could claim it for himself. Since that was the case, he would rather show his generosity by sharing.

Second, it split the risk! The occurrence of the beast invasion must have some correlation with the discovery of the relic. By going on the expedition with them, it would undoubtedly be safer.

Zang Jian laughed, "It seems that you understand! Let them up. The Fengqing Guards will come too!"

Su Yu released Xue Yao and undid the restraints on Feng Qing.

After half a day of preparation, Su Yu was finally ready to set off.

Before he left, Su Yu told Zi Yunxiang, "Yunxiang, you will be in charge of the matters of the city while I am gone."

Zi Yunxiang nodded, "Do not worry, I'll return the Yinyu Area to you in one piece!"

Su Yu's worry eased as he flew toward the horizon.

Chapter 285 Gloomy Stone Statue

Two days passed.

At a place southwest of Yinyu Area.

The deep forest set off a human being's city walls, as if a small boat was found after waves passed through an immense area.

"Sun Setting City! We have arrived!" Zang Jian's energy vibrated.

Since a beast tide appeared for no reason, even if it were him, he also needed to be careful.

The fatally injured Palace Master Feng Qing and the Fengqing Guards had recovered slightly, and Palace Master Xue Yao had recovered fully a long time ago.

Xue Yao looked at Su Yu vigilantly and gave a hum: "The historical remains are hidden deeply under the ground of the Sun Setting City, and initially, we were about to open up the seal. However, to our surprise, half a month ago, the demonic beasts in the forest sprung into action, and we gave up on it."

Su Yu stood atop layers of cloud. He revolved his crystalline eyes and scanned through Sun Setting City, which was fifty miles broad.

What he saw was a piece of land that was deathly silent.

Apart from the body parts that had rotted, the city was deathly silent, and there were no signs of any living thing!

Whiz—

However, at that moment, a black shadow flashed past the city and caused Su Yu's pupils to shrink slightly!

Someone was present!

Su Yu stared closely. The black shadow moved swiftly, leaving no traces behind. Hence, it was difficult to ascertain where it had gone!

Who was that? Su Yu was very surprised and bewildered.

Could it be that someone was a step ahead of them?

If not, could that shadow be related to the beast tide?

The movement technique of that shadow was considered agile, and his cultivation base had to be strong!

Filled with doubts, Su Yu stayed silent, not saying a thing.

Zang Jian frowned: "The beast tide had delayed the unveiling of the historical remains by half a month. In other words, there is a high risk that it had already been exposed!"

If they had opened up the historical remains in one shot previously, the news might not have spread so quickly.

However, after stopping for half a month, it was difficult to stop the news from spreading as previously, there were quite a number of people who participated in the excavation.

The appearance of Zang Jian was the best proof.

Since he had gotten wind of the historical remains, it was difficult to guarantee that he was the only person.

This matter needed immediate attention. Hence, the group of them descended upon the Sun Setting City.

Looking at the ground, which was full of bodies as well as the deathly silent city, as though it was a ghost city that was in dire straits, Su Yu paid tribute to it silently.

To the Sun Setting City, that beast tide was the equivalent to a disaster.

As he paid tribute to the city and walked through the city with vigilance, Su Yu and his group of people arrived at the center of the city.

A giant entrance was concealed by people hurriedly.

A cold wind that was considered gloomy and unusual could be felt from the dark cave, which caused the people to be terrified.

Looking at the cave, the space between Su Yu's eyebrows twitched and his heart felt extremely uneasy.

"What unusual historical remains!" Su Yu said seriously.

Even the arrogant Zang Jian revealed a serious expression that was rare at that very moment: "These historical remains are an ominous place!"

After standing at the entrance for some time, Zang Jian pondered awhile.

"We will do this. The Fengqing Guards will be in front and Yin Yu will be behind. The twenty-one of you will check out the situation inside the cave."

Zang Jian did not even look at Su Yu. He took the matter into his own hands and made the arrangement.

There were two motives for such an arrangement: The Fengqing Guards were in front, due to their numbers. When they dispersed, after facing some sort of danger, there was a greater possibility of someone escaping and reporting the situation to them.

Su Yu was the one assigned behind the Fengqing Guards to take on the risks instead of Feng Qing and Xue Yao, after considering the abilities of everyone.

If the cave contained something powerful that could totally wipe out the Fengqing Guards, with Su Yu's abilities, he might be able to escape successfully. If it were Feng Qing or Xue Yao, they might be unable to do so.

Palace Master Feng Qing frowned deeply. Zang Jian wanted to send his men to death? However, he did not dare to oppose Zang Jian.

"Why must it be me?" Su Yu said expressionlessly.

No one liked the feeling of being ordered around, as though a gun was being pointed to his head.

Eh? Zang Jian then looked toward Su Yu and frowned slightly: "Do you have any complaints?"

"What a joke. Why are you not the one going down?" Su Yu said.

Zang Jian did not conceal his motive in the slightest bit and sneered: "There are dangers unbeknownst to us inside the cave. Of course, you are the one venturing into the unknown. How can I be the one going in?"

How arrogant he was!

How could he order people to die so boldly and righteously?!

His reasoning was that he was more magnanimous than Su Yu. Hence, Su Yu could be sent to die and not him!

Su Yu's gaze became slightly narrower, and his heart was filled with a bit of murderous intent.

This Zang Jian really thought that he could decide their fates!

"I will give you three breaths' time. Go down immediately!" Zang Jian urged impatiently: "Don't forget. The reason you are here is because of me agreeing to give you a chance. If I hadn't, the historical remains and you would not be fated to meet!"

It was evident that the historical remains belonged to Su Yu, who was the Master of the land.

However, at that very moment, it became an opportunity that Zang Jian bestowed upon him!

If Feng Qing and Xue Yao occupied the area forcefully for the historical remains, they still slightly understood the fact that they were people from outside the area.

As for Zang Jian, he did not have such considerations at all!

In his mind, Area Master Yin Yu was not even existent.

In his eyes, Su Yu was of no importance!

Thinking about it, if the current area were managed by the First Deputy Palace Master, would he dare to be so arrogant? Would he come, even though he was uninvited?

A deep part of Su Yu's pupils was filled with coldness. However, Su Yu exceeded all expectations, and he did not rebut against Zang Jian. Instead, he nodded his head expressionlessly: "Understood! I will go!"

The reason why he did not go against Zang Jian was that, when he approached the cave, the small palm print, which occupied a deep part of his soul, forcefully trembled!

According to Hai Kuangren, that was some sort of key.

The cave was actually able to affect the mysterious palm print? Su Yu's gaze became narrower.

Zang Jiang laughed arrogantly and indifferently: "This is more like it! Don't worry. If there are treasures within the historical remains, and if my mood is good, I will bestow some of them upon you! Get going!"

Su Yu shook his head secretly. In Zang Jian's mind, the whole historical remains belonged to him right?

Whiz—

Su Yu entered the cave. When he revolved his crystalline eyes, within the darkness, he viewed darkness like daytime.

After walking for an hour, apart from the cold and gloomy wind, there was no danger.

That was, until they reached an ancient steel door.

The steel door was hundreds of meters tall. It was blood red in color, as though it was created by blood, and it looked like a door to hell!

Just by standing in front of the steel door alone, Su Yu felt extremely unusual.

A cold yet not too cold aura was emitted from inside the bloody door.

At the center of the bloody door, someone blasted a giant hole.

Gusts of cold wind came out from the hole, with a whistling sound.

With a flash of his eyes, Su Yu entered the hole.

The expressions of the Fengqing Guards changed, and they followed closely behind Su Yu into the hole.

However, before entering the hole, in the eyes of Su Yu, which perceived darkness as nothingness, he realized abruptly that on the hole of the steel door, there was a black mirror!

When Su Yu passed by, his face and eyes were reflected by the mirror.

As for the Fengqing Guards, within the darkness, they did not notice that mirror because it blended in with the darkness.

After entering the bloody door, a bone piercing cold wind that was stronger than before blew against them at once!

Even Su Yu felt extremely terrified.

Looking at it, he and his group of people had appeared in a very long corridor.

Stone tablets that were carved deeply were found on both sides of the corridor.

After tens of thousands of years, most of the stone tablets were broken. Only a few stone tablets remained in one piece, due to some unknown reason.

The expression of the leader of the Fengqing Guards changed. He headed in front of the stone tablet quickly and examined it. After a long time, he said disappointedly: "Looking at the material, it is just a normal stone tablet."

"However, I don't know if the stone tablets that are still in one piece are any different." The leader of the Fengqing Guards walked toward the closest stone tablet that was still in one piece and touched the stone tablet in close proximity.

However, at that moment, Su Yu's eyebrows twitched abruptly and his expression changed greatly: "No! Retreat quickly! That is not a stone tablet!"

Grumble—

Almost at the same time, the sound of a throat moving reverberated across the darkness, which was silent supernaturally.

It was as if it was a sound made by a bloodthirsty wild beast that was hungry!

However, looking at those stone tablets that were in one piece, dense white hair grew on its body surface abruptly, and the pairs of eyes that were closed tightly opened without any warning!

Chapter 286 Ghostly head

A pair of eyes, red as a blood pearl, dyed the darkness red!

A barbaric aura circled within its eyes.

The heart of the leader of the Fengqing Guards skipped a beat, his body turning rigid on the spot.

But while his scalp felt numb, he retained his reflexes, retreating in a frenzy!

In the blink of an eye, he had already retreated one zhang away!

Just as the leader of the Fengqing Guards was heaving a sigh of relief, his pupils suddenly dilated!

The stone statue before him had vanished!

Creak ——

A weird sound could be heard from behind him. The leader of the Fengqing Guards turned around, only to see a ghostly green face with a mouthful of sharp teeth. It had a fresh heart in its mouth.

Blood splattered everywhere, as the being with the ghostly face chewed on the heart!

In the darkness, the sound of the heart being chewed up ignited fear in the hearts of everyone!

But what made the leader of the Fengqing Guards gasp was the fact that he suddenly felt an intense pain at his back. His vision turned black.

Looking down, he did not know when, but a cavity appeared at his chest area!

His heart had disappeared!

The heart that was being chewed by the evil being with the green face and sharp teeth was none other than his!

But the other party had incredible speed, so fast, that the leader of the Fengqing Guards only felt the pain just before he died!

Silently slumping to the ground, the expression of the leader of the Fengqing Guards was that of fear and pain he felt before his death.

"It's an evil zombie! Escape quickly!" A more senior Fengqing Guard recognised the monster, his teeth chattering intensely. He let out a roar of fear as he turned to run!

"What? The legendary evil zombie? The evil zombie that is at least Immortal Realm Level One, born from a place of extreme yin energy?"

"Ah! Run quickly!"

The Fengqing Guards, who could lord over the Fengqing Area with their powers combined, all turned to run in fear, upon hearing the name 'Evil zombie'.

Roar ——

At this moment, the remainder of the stone statues were all revived!

They had green faces and sharp teeth, blood red eyes, and green, ghastly claws!

Turning into streaks of afterimages, they lunged toward the escaping Fengqing Guards.

"Ah! No ——"

Puuuuu ——

Creak Creak ——

In the blink of an eye, howls of fear, pathetic wails, and the sound of blood splattering and sounds of flesh and bone being chewed, all mixed to form a melody of hell!

Fengqing Guards fell rapidly, their pathetic cries filling the air in succession. In the blink of an eye, the corridor had been reduced to a scene from hell!

Su Yu squinted, what a powerful evil zombie!

In terms of abilities, they were at least Immortal Realm Level One!

Roar ——

Suddenly, an evil zombie lunged toward Su Yu.

While his expression changed, Su Yu did not retreat, instead pushing forward deep into the corridor.

The evil zombie had set its sights on Su Yu, hot in pursuit.

At the end of the corridor, the evil zombie cautiously stood before a red line, staring at Su Yu.

Oh? Su Yu's worry eased. The evil zombie seemed to fear something.

At this moment, he turned to look at the entrance.

The floor was littered with the corpses of the Fengqing Guards. Of the twenty Fengqing Guards, only one made it out alive.

The rest of the people had turned into a feast for the evil zombies!

What a murderous place! There were even upwards of ten evil zombies, despite the difficulty in their formation!

In Su Yu's opinion, evil zombies must be buried in a place of extreme yin energy, and should have received tempering from evil yin energy for a long time before they could be born.

The harshness of these conditions meant that the evil zombies that appeared in the history of the Zhenlong Continent were few and far between.

To think that there were ten of them here!

Now that it had come to this, Su Yu could only continue inward.

At the end of the corridor was a giant wall. It was as if he had come to the end of this underground relic.

Su Yu was slightly frustrated. He had gained nothing but an area full of evil zombies!

But soon after, Su Yu slowly narrowed his eyes. To be able to make the barbaric and ferocious evil zombies be cautious of the area, this place must have an extraordinary item.

Su Yu felt the wall with his palm, suddenly feeling an icy energy seeping through his hand, welling up in his heart.

Crack ——

A layer of white frost gathered at Su Yu's palm!

Su Yu's faze turned serious, full of shock, "What a powerful, chilly energy!"

Su Yu has cultivated ice based techniques. Chilly energy that could freeze his palm was extremely rare.

His gaze flickering, Su Yu launched a fist at the stone wall.

Rumble ——

A surprising scene ensued. A piece of stone broke apart from the clearly indestructible stone wall.

What appeared was a tunnel that could allow for one person to enter above the wall.

A almost material black yin energy billowed out from the hole.

Roar ——

The evil zombies stopped feasting, letting out multiple roars.

The evil zombie that had chased Su Yu looked at the cavity in fear, retreating rapidly!

To be able to scare even evil zombies. Just what evil lay at the other side of the cavity?

Thinking for a moment, Su Yu clenched his teeth and went into the cavity.

The tunnel was extremely narrow, only allowing for one person to pass through.

Su Yu crawled in the tunnel, his breathing hampered. There was no way for him to extend his limbs, much less make his way back.

Some time later, Su Yu saw a bolt of white light.

Bolts of chilly energy assaulted him.

Just as he was about to lift his hand to wipe the frost on his face away, Su Yu felt a wet feeling on his back, as if something was twitching.

A warm scent of blood assaulted Su Yu's face.

Turning back to look, Su Yu gasped!

There was a female head on his back!!

The head had black hair ten meters long, dragging on the floor, and was wet. The moisture had soaked Su Yu's back!

A pale, white face, as if soaked in water over the years, was at Su Yu's shoulders.

Her mouth was opened slightly, releasing a warm current, spraying it onto Su Yu's face full of frost.

The current had a metallic stench!

Her mouth was filled with fresh blood!!

Multiple wolf-like sharp teeth, narrow and long, were crammed into her mouth.

Her eyes were filled with hatred and fury, staring at Su Yu without blinking, almost as if she was laughing!

It was a living head of a woman!

Su Yu had lived two lives, but it was the first time he had seen such a scary object. He nearly screamed in shock!

Especially terrifying was her gaze that reflected her faint smile. She resembled a wolf, mockingly staring down at her prey!

His mind was full of shock, his limbs ice cold. His heart was thumping wildly!

But Su Yu was only fearful for a moment, collecting himself in an instant.

Escape!

At such a narrow place, it was hard for him to extend his limbs. If he could not escape in time, he would be eaten alive!

At this moment, the head smiled, revealing a row of horrifying long teeth. It let out a cackle as it bit down!

At this moment, Su Yu finally took action!

Crash ——

Lifting his back, he crashed his back to the top of the tunnel!

Ah ——

An infant like, ghostly wail came from his back.

The female head fell from Su Yu's back onto the ground, wailing as it rolled.

Seizing the opportunity, Su Yu used all his limbs in unison, hurrying through the tunnel with all his effort.

He had just crawled a few steps, when he felt a tightness at his ankles!

Looking back, the female head had used her ten meter long black hair to wrap around Su Yu's leg!

The head flew over using the momentum.

Opening her blood filled mouth, she let out a deafening wail, "Kekeke.... I'll eat you! Eat you!!"

"Ah ——"

The blood-filled mouth was quickly approaching Su Yu.

But in this cramped space, there was no way for Su Yu to turn back!

Just as he was about to be bitten, Su Yu shot out a gray light from his eyes, silently using his soul attack!

Ah —— Ah Ah ——

The head let out a wail of pain. The wails were extremely loud, causing Su Yu's ears to buzz.

The entire tunnel trembled, as if about to collapse!

Seizing the opportunity, Su Yu freed himself from the bondage of her hair, escaping in a hurry!

But he had not made much progress, when the female head continued in her pursuit!

Her pale, swollen face was filled with the fury of an evil ghost, her mouth letting out a crackling sound from the friction of her teeth.

Her ten meter long hair was like a nest of vines, wrapping around the protrusions of the tunnel, chasing after Su Yu with frightening speed!

"I'll eat you!!"

Su Yu was incredibly fearful, crawling forward for his life!

Feeling the breath of the head approaching rapidly, cold sweat broke out from Su Yu's forehead.

Finally!

Crash ——

Su Yu successfully made it out of the tunnel!

But he had just exited the tunnel, when he felt a tightness on his waist. The black hair had wrapped around his waist, the head being pulled out of the tunnel by Su Yu!

Su Yu's eyes filled with killing intent, turning in the air to shoot out arcs of purple lightning from his fingers!

"Thunder Star Finger!"

Ah ——

Puuuu ——

The pathetic wails stopped suddenly, half of the female head had been blasted away!

But she was not dead!

The wails of pain retreated to a crevice in the tunnel!

Su Yu wiped away cold sweat from his forehead. It was a harrowing journey, being chased in a tunnel by a female ghost!

He had wanted to kill the female head, but it was hard to move his limbs in the tunnel, so he could only postpone that idea.

At this moment, Su Yu was interested in exploring this end of the tunnel.

It was a pitch black, icy world!

The sky was filled with black snow. Black, icy mountains stood tall in the darkness.

A black pile of snow fell onto Su Yu's palm, immediately turning into black frost.

Ssssss ——

Su Yu took a shallow breath, hurling the black snow away in a hurry.

Using his crystalline pupils, Su Yu gasped!

That was not black snow, instead, it was... bugs!

There were millions of bugs, grouped together to form black snow!

Their bodies were ice cold, thus giving off that cold sensation when they fell on the palm!

They would consume the flesh of any living creature that came near them.

Su Yu only held some of the black snow in his hand for a short period of time, when he felt a dull pain. When he looked, what he saw was a few streaks of blood on his palm!

Was that to say that all the black snow in the sky are bugs? The giant ice mountains in the distance, are they also all bugs?

Su Yu's scalp turned numb, "What strange bugs!"

Suddenly, Su Yu's pupils dilated.

There was a human figure sealed in the ice mountains in front of him!

His robes indicated that he was not from this era.

In his robes was a simple, black jade box.

What made Su Yu's pupils dilate was that the sinister winds in this area all stemmed from within this black jade box!

What is that jade box? What kind of ungodly item hid within it? How could a sliver of cold wind that escaped from a slit could create such an area of extreme yin energy?

Just as Su Yu was about to walk forward to investigate, there was action from within the tunnel that he passed through.

His expression changing slightly, Su Yu hid in a corner.

Whoosh Whoosh Whoosh ——

A commotion came from within the tunnel.

It was Zang Jian, Xue Yao, and Feng Qing!

The Fengqing Guards were completely annihilated, with only one member escaping. This caused the expressions of the three to change, as they headed down to investigate.

With their combined abilities, while it would take them some time to kill the entire horde, it was not difficult for them to evade their capture.

They traced the tunnel Su Yu discovered, and entered the land of black snow.

"Careful! The snow is weird!" Zang Jian's expression was serious, releasing spirit energy to envelop his body, blocking the black snow from coming to contact with his body.

Xue Yao and Feng Qing followed suit.

Feng Qing surveyed the surroundings, grunting, "Where is Yin Yu? His body was not among the corpses outside!"

Zang Jian raised his brows, nonchalantly saying, "Perhaps he hid somewhere, why do you care? It is none of our business, even if he is dead!"

Chapter 287 Coming Back To Life After An Eternity

Suddenly, Zang Jian's eyes became narrower, and his gaze fell on the ancient martial artist who was sealed within the black icy mountain.

Happiness covered his eyes. Even Su Yu was able to tell that the old man and the black jade box were extraordinary. How could Zang Jian misjudge it?

However, Zang Jian did not make a move personally. A thread of craftiness was concealed in a deep part of his eyes.

He pretended to not discover the strong martial artist who had been sealed within the ice, and instead, looked elsewhere.

Feng Qing and Xue Yao then discovered the strong martial artist who had been sealed within the ice in succession. Both of their expressions changed. They looked at one another and rushed toward the ice mountain.

They rushed toward the ice mountain, even though they understood that there were dangers unknown to them within it.

However, even if they teamed up, they were not Zang Jian's match.

If they did not take advantage of the opportunity to strike first, the treasure in the historical remains would not be theirs!

However, just when both of them were about to reach the black ice mountain...

Whiz—

A tall and sturdy silhouette appeared from a secret place!

He had a tall figure and wore a black plaited bamboo hat, giving off a violent aura.

Beneath the plaited bamboo hat was a frightening, gloomy, and cold expression.

Su Yu's expression turned cold. That person gave Su Yu a feeling like Su Yu had met him before!

Hai Kuangren!

The Hai Kuangren that he met in the historical remains of Shenyue island!

However, both of them had completely differently temperaments.

Hai Kuangren was wildly arrogant, while this person was gloomy and cold!

However, both of their attires were very similar!

His cultivation base was one tier lower than Hai Kuangren at Immortal Level Two Upper Tier!

Was the plaited bamboo hat man, who was now in front of him, related to Hai Kuangren?

Zang Jian's expression changed, and his eyes were filled with struggle.

The other party's abilities were greater than him by one tier!

If he fought the plaited bamboo hat man alone, he would not be his match!

Zang Jian's gaze flashed. He remained calm and retreated toward the cave slowly.

"Haha. Isn't it a bit too late for you to leave now?" The plaited bamboo hat man laughed coldly. As though he was a ghost, he rushed ahead of Zang Jian and blocked off the cave.

As such, Zang Jian and the other two had no way out!

"Who are you? You are so bold that you dare to appear in the Sub Palace of the Empire of Darkness!" Zang Jian berated sternly. He then joined up with Xue Yao and Feng Qing secretly.

The plaited bamboo hat man sneered: "Sub Palace of the Empire of Darkness? Even after an eternity, your Empire of Darkness is still the same as before. You overestimate yourself and try to hold back an overwhelming force!"

"Not to mention that a small Sub Palace like you, even if the Empire of Darkness descends, in front of the Nine Saint Masters, you would become nothingness with a flick of their fingers!"

The arrogance of this person's tone caused everyone to be shocked.

For eternity, the Empire of Darkness had been the strongest and most mysterious ancient force in the Zhenlong continent.

In the tens of thousands of years of history, the Empire of Darkness had unified the continent many times and dominated the world.

However, was such a force, which defied the natural order, not worth mentioning in the eyes of the plaited bamboo hat man?

Exactly what kind of force was he representing?

Could it be that in the Zhenlong continent, apart from the Empire of Darkness, there were still other forces?

However, Su Yu finally confirmed that the plaited bamboo hat man and Hai Kuangren belonged to the same organization!

Both of them mentioned the same people!

Saint Masters!

What kind of divine beings were these so-called Nine Saint Masters?

Could they really destroy the Empire of Darkness, the force ranked number one in Zhenlong continent, with a flick of their fingers?

Zang Jian's gaze became slightly narrower and he did not answer.

Xue Yao's eyebrows twitched: "Ridiculous! In front of the Empire of Darkness, only one kind of person would say these kind of words! And they are lunatics!"

The expression of the plaited bamboo hat man became narrower, and he shook his head indifferently: "A group of ignorant people! A summer insect cannot discuss ice. It is better for me to kill all of you!"

After hearing what was said, the expressions of the three changed at the same time.

Zang Jian tried his best to remain calm: "There are no ill feelings between us. If you want the historical remains here, go ahead and take them. On behalf of Palace Master Yin Yu, who is in charge of this place, I give these whole historical remains to you!"

Su Yu, who was hiding, laughed coldly in secret.

It was extremely funny!

What right did he, Zang Jian, have that he could make decisions on behalf of Su Yu and give the historical remains that belonged to Su Yu's area to the enemy?

In order to live, Zang Jian could really do anything!

To one's surprise, the plaited bamboo hat man sneered: "Who do you think you are? The key within the jade box belonged to me from the very start. Do I need you to give it to me?"

"I am killing all of you, but not because I am worried that all of you will fight with me for the treasure. Instead, I simply do not wish for this area's existence to spread!"

"Die!"

Absolute abilities, which could suppress the three of them, burst forth!

Zang Jian bit his teeth: "Attack together!"

With Zang Jian as the leader, the three Deputy Palace Masters fought with all their strength in order to survive!

However, even if the three of them teamed up, they were not the plaited bamboo hat man's equal!

After ten moves!

Horrible shrieks that could be heard, one after another, reverberated at their current location, then ceased abruptly after a while!

What followed after that was a pool of blood on the ground. Even though they were strong, they were unable to injure the plaited bamboo hat man in the slightest bit, and all of them fainted after being injured fatally.

The plaited bamboo hat man patted his robe and shook his head in disdain: "A group of trash that grew up in a hothouse. Even though their cultivation bases were there, they could not exhibit the power they should have."

The plaited bamboo hat man placed his hands behind his back. His eyes swept past the area abruptly and looked toward the direction of Su Yu. He then said casually: "You are the only one remaining. Do you not plan to show yourself? After all, I have let you live for so long."

So, he had already noticed Su Yu's existence.

Thinking about it, it only made sense for him to realize Su Yu's existence. Since he was already at the current location beforehand, how could he not know of Su Yu's presence?

Rustle—

Su Yu showed himself.

The plaited bamboo man looked him up and down. He then nodded his head, which was a rare phenomenon, and he praised: "At just the age of sixteen, you achieved Dragon Realm Level Seven. Moreover, you managed to comprehend the immortal level lightning cultivation technique that you possessed to Stage One Upper Class! Your talent and level of comprehension are top class. Compared to these three trash, you are extremely strong."

Su Yu's eyes became dull. Similarly, he looked the plaited bamboo hat man up and down, as though he wanted to see through the plaited bamboo hat man's identity.

"What a pity. Even though you are extremely talented, you will be buried in Zhenlong continent eventually. Before you witness death with your own eyes, why not let me be kind, for once, and send you to the afterworld now?"

Rumble, rumble—

The suppressing aura of an Immortal Level Two Upper Tier spread toward Su Yu.

Su Yu raised his finger and exhibited Thunder Star Finger!

The plaited bamboo hat man shook his head: "If I give you some time, there might come a day when you surpass me. It is a pity that you are too weak now, and your attack is merely an attack from an ant!"

Pop—

Even though his person had not reached Su Yu yet, his power had descended!

The thunder arc that Su Yu had yet to emit was actually annihilated!

Straight after that, a finger headed for the space between Su Yu's eyebrows!

Su Yu's expression remained dull as before: "Who told you that I am going to use that move?"

His mouth had already gathered destructive energy secretly!

"Buddhist Saint's Eight Characters. Lin!"

Roar—

Accompanied by the power which could destroy Heaven and Earth, an attack which could shake the world shrouded the plaited bamboo hat man, who was taken by surprise.

The plaited bamboo hat man's dull expression changed abruptly and he gasped!

"Legendary level cultivation technique!!"

Su Yu was shocked.

He had exhibited the attack many times. It was the first time that someone managed to recognize that it was a legendary level cultivation technique!

This person could not be left alive!

The good thing was that he underestimated Su Yu carelessly. He did not take any precautions, and so was engulfed by the sound wave in close proximity.

Puff, puff—

Thump—

The clothes of the plaited bamboo hat man were burned open, and he spit out a huge mouthful of blood.

The flesh on his body turned hazy and most of his bones cracked. Moreover, all his internal organs were fried.

It was as if that attack caused him to become half dead!

The plaited bamboo hat man could not believe his eyes. His indifferent expression was replaced by shock: "You are actually able to comprehend legendary level cultivation technique at such a young age! Impossible! It is impossible, no matter how talented you are! Are you really a human being?"

Su Yu wore a cold smile, and his gaze landed on the right hand behind the plaited bamboo hat man's back: "You kept asking me questions, so that you could buy some time and recover from your injuries?"

The plaited bamboo hat man's body turned stiff. His right hand trembled and a jade bottle fell on the ground. There was half a bottle of green medicinal powder in the jade bottle, which gave off a thick aura of plants and trees.

"Little kid! It is better if you stop now. You don't even know who you are provoking!" The plaited bamboo hat man saw that he had no way to buy time and threatened Su Yu coldly.

To one's surprise, Su Yu wore an indifferent smile: "Perhaps the force behind you would be able to put me at death's door one day. However, I know that if I do not kill you, the root of the problem now, I will die even faster!"

Rustle—

Su Yu's figure was like electricity and his Thunder Star Finger was aimed toward the plaited bamboo hat man's chest!

However, at that moment, the plaited bamboo hat man exerted force on his leg and headed into the cave!

Oh no!

Su Yu's heart felt heavy. It was impossible for him to open up his hands and legs within the cave.

If the plaited bamboo hat man escaped and spread the information that Su Yu possessed a legendary level cultivation technique, it would be a disaster!

Su Yu's expression turned gloomy and he was about to follow the plaited bamboo hat man into the cave.

However, all of a sudden, strange movements could be heard from within the cave!

Su Yu retreated hurriedly!

Just when Su Yu retreated, a lump of black hair shot past him and scraped his neck, leaving behind a small bloodstain on his neck.

It was that female head!

She actually showed herself again!

She, who had only half her head left, was glaring at Su Yu with hatred!

However, her attention was quickly attracted by the plaited bamboo hat man, who now charged into the cave!

A struggling expression filled the plaited bamboo hat man's eyes.

Titter—

The black hair that was ten meters long wrapped around the plaited bamboo hat man, who delivered himself to her tightly.

In a very narrow environment, combined with fatal injuries, the plaited bamboo hat man could not even resist and was wrapped like a dumpling.

Straight after that, the female head opened its ferocious mouth and enjoyed this delicious food that she had not seen for a long time!

Ah—

What followed after that was the plaited bamboo hat man writhing intensively, as his body was slowly being eaten up!

In the end, he was gnawed to the point that none of his bones remained!

The female head then felt satisfied, and she slowly hid within a concave part of the cave.

Before she left, she burped and spit out a hard black token that she could not digest.

Su Yu's gaze flashed. He lifted his palm and grabbed, causing the token to be sucked toward his palm.

When he looked at it, it was a black token with the face of a ghost carved on it and "Great Nirvana. Follower Li Lin" written on it.

Great Nirvana? Who was that?

What was the meaning of 'follower'?

Su Yu's eyes were filled with doubts. Unfamiliar words, unfamiliar names, and an unfamiliar background.

Within Zhenlong continent, was there still a hidden secret that could astound the world?

Nine Saint Masters, Great Nirvana, follower...

Su Yu went into a world of his own, amid deep thoughts. However, he was still unable to understand any of them.

Su Yu shook his head and kept the token.

Su Yu moved in front of the black ice mountain. His gaze was fixed onto the strong martial artist sealed within the ice, and he did not blink at all!

The black jade box in his hands was shocking!

However, what caused Su Yu's expression to change slightly was that it was unknown exactly when, but the eyes of that strong martial artist's sealed within the ice had opened!

It was evident that, previously, he was confined in a death state!

At that very moment, his eyes were actually open!

A pair of expressionless black eyeballs stared at Su Yu without blinking in the slightest!

Although his line of sight was wide, instinct told Su Yu that the old man was staring at him!

The strong martial artist who had died tens of thousands of years ago actually came back to life!

Puff—

Su Yu spit out a mouthful of blood. His whole body trembled intensively and his flesh was about to fall apart!

His five sense organs overflowed with blood continuously!

All of this was because of that pair of eyes, which was staring at him!

Just by his glance alone? The glance of a strong martial artist who had died tens of thousands of years ago!

Feeling that death was approaching him, Su Yu realized that, under the pair of the eyes which was staring at him, his body became unable to move!

That feeling, where the old man treated the ocean, world, space and time as insignificant, caused Su Yu's whole body to become paralyzed!

He was about to die!

He was about to die from a pair of eyes for no reason!

Buzz, buzz—

However, at that moment, Su Yu's chest vibrated and a transparent figure drifted out from his chest. He stood in front of Su Yu and sighed seriously: "You have really provoked an extremely strong guy!"

Chapter 88 Taking the treasure for himself

Yun Yazi's appearance blocked the gaze of the corpse. Su Yu relaxed, as he had stolen his life back from the gates of hell.

"Master, he really revived?" Su Yu did not care about his injuries, but rather, asking in surprise.

Yun Yazi calmly shook his head, "No matter how strong a fighter is, he cannot escape the will of heaven. How could he reverse the flow of yin and yang and break the cycle of reincarnation to revive himself?"

"Then now, he...." Su Yu could not understand what the meaning of a person, who had been dead for thousands of years. suddenly opening his eyes was, if it was not that he was revived?

"What you are seeing now is but a remnant of his will. His soul has long been destroyed." Yun Yazi had a complicated look in his eyes, "Your battle just now had woken his slumbering will. That was what caused this weird phenomenon."

Just as Yun Yazi was giving his explanation, the corpse within the ice mountain gradually retracted his gaze, lifting his head to look at the horizon.

Buzz Buzz Buzz ——

Suddenly, the ice mountain trembled before being blast into pieces!

The corpse of the elder hugged the jade box, flying into the air before the ice mountain exploded, disappearing into the horizon.

"Master, he escaped!" Su Yu was shocked.

Yun Yazi looked at the direction the corpse disappeared to, sighing meaningfully, "He is not escaping... It is just that he had already completed the wish he could not fulfil when he was alive!"

An undying will had controlled his dead corpse to fulfil the wish he could not fulfil when he was alive.

What did he want to do?

Why did Yun Yazi not stop him?

Surveying the vast surroundings, Su Yu was disappointed. This expedition had borne no rewards.

The black jade box in the elder's robes was an ungodly treasure, but Su Yu was not fated to obtain it.

Suddenly, just as Su Yu became disappointed, he caught a glimpse of a small black mirror where the elder was sealed.

"Eh, why is there a small black mirror here?" Su Yu walked over curiously, squatting to observe.

Unexpectedly, Yun Yazi's face was filled with surprise and doubt, "What mirror are you talking about?"

Su Yu froze, picking up the mirror. He waved it in front of Yun Yazi.

But in Yun Yazi's eyes, Su Yu's right hand was empty, merely grabbing onto a ball of air.

His gaze flickering, Yun Yazi enveloped Su Yu using his soul strength. A mirror suddenly appeared in Su Yu's hand!

It was the size of a palm, small and exquisite, unlike anything mortal.

"Eh, could this be...."

At this moment, a jade bottle suddenly dropped from within the black mirror. The bottle contained a green elixir that was partially melted.

Opening a slit on the opening of the bottle, a shocking aura of intoxication was released.

Taking a light whiff, Su Yu felt incredibly dizzy, about to slip into a coma.

"Close it quickly! If you do not wish to sleep for an eternity!" Yun Yazi waved his sleeves, creating a light wind to scatter the perfume of the elixir.

Su Yu was alert, immediately sealing the bottle, his face full of surprise, "What elixir is this? Just a whiff nearly slipped me into a coma!"

Yun Yazi let out a laugh, "You should be thankful that the elixir is already mostly melted, its potency less than one percent. If it was the complete pill, just a whiff would cause you to never wake up with your level of ability."

Just one percent was so scary? Su Yu was shocked.

"This is an elixir that was lost ten thousand years ago, the Intoxicating Dream Elixir. Consuming it would cause one to fall into slumber. It is meant to be used for training demonic beasts. To think that you could come across a relic like that. If you meet a demonic beast in the future, you might want to use this."

Intoxicating Dream Elixir? Su Yu committed its name to memory.

After that, Su Yu turned his attention to the small black mirror, his face full of suspicion.

The bottle had dropped from within the mirror, could there be a hidden mechanism?

But after a few moments of observation, he could not determine anything weird with the black mirror, nothing at least granting it the ability to hide such a big jade bottle!

"Hehe, lad your luck is not bad! This treasure is not common in the Zhenlong Continent." Yun Yazi laughed.

Treasure?

Su Yu was surprised. He could not see how different the black mirror was.

If it had not appeared from where the elder was, Su Yu might not even pay much attention to it.

"Use your soul strength to look into the mirror," Yun Yazi mysteriously said.

Su Yu was confused, but followed his instructions.

Su Yu shot a weak bolt of soul strength into the mirror.

A shocking scene now met Su Yu!

In theory, the soul strength would pass through the mirror and be diverted to a different place, but when his soul was shot into the mirror, it sunk like mud in the ocean!

Furthermore, a pitch black space appeared in his consciousness.

The space was about ten meters around, with enough space to put a few tables.

What is going on? Why is there such a scene in the mirror?

It was then that Su Yu found out that there was another white jade bottle in the black mirror!

The elixir in the bottle had already been reduced to powder, its remnants gathering at the very bottom of the bottle.

At this moment, his brain was filled with Yun Yazi's voice, "That is the Cosmos Mirror that belonged to the powerful elder just. Since it dropped onto the ground, it belongs to you now."

Cosmos Mirror? What is that?

"The Cosmos Mirror is a mid level divine artifact. A hundred of your low level divine artifacts, the Divine Ice Ring, cannot compare to this."

"The space within the Cosmos Mirror is convenient for storing large items."

"Even Immortal Realm fighters are not worthy of using a Cosmos Mirror. For example, the palace masters, alliance masters you know of, do not have the right. There should only be about ten people that could use this in the entire continent."

Su Yu's heart thumped wildly after listening to Yun Yazi.

The legendary Cosmos Mirror?

"But what was weird was that this mirror had recognised you as its leader so easily!!" Yun Yazi was surprised, "Just now, only you could see it with your eyes, even I was obscured. I could only see it using my soul strength."

"This meant that it had already recognised you as its master. Weird, when did it recognise you?"

Su Yu was equally lost on this point.

What he did not know was that his figure had already been recorded by the black mirror at the entrance, when he first passed through the steel gate.

Su Yu could not suppress his excitement, "Master, how should I use it?"

"It's simple, use your soul strength to enter it, just a thought would do. A thought would allow you to put things in, or retrieve your items."

Filled with anticipation, Su Yu invoked a thought, putting the green jade bottle back into the mirror.

At the same time, he retrieved the white jade bottle.

To be able to keep and retrieve items with a thought, it was wondrous indeed.

"Master, what is the elixir within this white bottle?" Su Yu said.

Yun Yazi scanned it, saying without much thought, "This is a Classless Pill, and can aid in increasing your cultivation level."

"What are its effects?" Su Yu curiously asked.

Yun Yazi casually said, "It should be around the level of the Spirit Fate Elixir. After all, it is a pill that vanished thousands of years ago, and it is out of the ordinary."

What? About the level of the Spirit Fate Elixir?

The Spirit Fate Elixir was cultivated with the best treasures in the continent, and is considered a top class elixir.

This so-called Classless Pill could rival the effects of the Spirit Fate Elixir!

"But it has been reduced to powder, its effects nearly depleted."

Su Yu disregarded that, pouring the powder into his mouth.

This scene caused Yun Yazi to convulse.

As soon as the powder entered his body, Su Yu felt remnants of energy filling his entire body, as if a volcano was about to explode.

A comfortable feeling welled up within him. At this moment, his cultivation level was transforming!

He had just stepped into Dragon Realm Level Seven Lower Tier. An hour later, his cultivation level was increasing rapidly!

Four hours later, Su Yu opened his eyes, a layer of spirit energy faintly visible on the surface of his body. He was very close to being able to release spirit energy!

A large sense of excitement filled his heart.

"Dragon Realm Level Seven Peak?" Su Yu was in disbelief.

He had skipped past the Upper Tier, and had directly arrived at Dragon Realm Level Seven Peak!

The Classless Pill was indeed comparable to the Fate Spirit Elixir. Mere powder could achieve such an ungodly effect!

During his cultivation, Yun Yazi had silently returned.

Zang Jian, Xue Yao and Feng Qing were gradually regaining consciousness from the injuries they suffered!

The three of them were pale, their breathing shallow. They were trying their hardest to recover from injury.

Seeing how Su Yu broke through to Dragon Realm Level Seven Peak, the three of them felt a sense of jealousy, together with surprise!

Zang Jian's expression turned sinister, "Yin Yu! What happened just now? Where is the man?"

Zang Jian had an interrogative tone.

Su Yu casually stood up, wiping the dust on his chest as he calmly said, "A mysterious, powerful man appeared and beat him away."

A mysterious, powerful man?

Zang Jian took the words with a pinch of salt. But surveying the surroundings, he saw no signs of the man in the hat, his worries easing.

It looked like he had stolen his life back from the doors of hell.

"Then I'll ask you, what happened to your cultivation level? What treasures did you obtain while we were not here?" Zang Jian's eyes were filled with an icy intent.

Su Yu glanced at him, calmly saying, "Don't you feel that you should seize the time to recover from your injuries? You still have time to be concerned about treasure?"

Unexpectedly, the more Su Yu was unclear with his words, the more nervous Zang Jian became.

"I am asking you a question! What kind of treasures did you get? Where did the corpse sealed in ice go? Did you get the treasure that was on the corpse?" Zang Jian wiped the blood from the side of his mouth, scolding as he approached Su Yu.

Looking at his posture, it did not seem that he would give up if Su Yu did not explain himself.

Su Yu calmly said, "The corpse flew away. The jade box was also taken away by it."

Zang Jian was furious and frustrated, "Insolence! The corpse flew away? Why don't you say that it came back to life?"

"Hmph! Yin Yu, you wish to keep the treasure for yourself?" The icy intent in Zang Jian's face grew colder.

Su Yu turned his head, looking at him coldly, "Let's not talk about the fact that I do not have the treasure. Even if I had it, why should I split it with you?"

"From the very beginning, you did not put in any effort, even ordering me to scout the place, causing me to nearly die in the hands of the evil zombie. Why should I split the treasure equally with you?"

"Let's not talk about whether I have the treasure or not. Even if I did, do you have the right to share it with me?"

Throughout the entire journey, Su Yu was tolerating Zang Jian. Now that the relic had been sufficiently explored, he need not tolerate him anymore.

These fierce words caused Zang Jian to freeze.

In the past, Su Yu had obediently followed his orders, no matter how overbearing he was.

But Zang Jian had not prepared himself for Su Yu's forceful words now.

Coming to his senses, Zang Jian's expression turned sinister, "Yin Yu! Do you think that you can be this insolent, now that I am heavily injured?"

Su Yu shook his head in his heart, not bothering with Zang Jian. He walked to the tunnel, preparing to leave this underground relic.

He had just turned around, when he felt an evil wind coming from his back.

Zang Jian's facial features were contorted, his expression laced with ferocity, "You insolent thing! Even if I am heavily injured, the likes of you cannot challenge me!"

Su Yu creased his brows, his figure flashing as he dodged.

Rumble —

Zang Jian's palm hit the stone wall, causing the entire place to tremble.

Chapter 289 The Mysterious Strong Martial Artis

"What exactly do you want?" Su Yu had run out of patience and said coldly.

Zang Jian laughed coldly and turned his head: "Of course I want you to hand over the treasure!"

Su Yu said coldly and indifferently: "How many times do you need me to repeat it? The jade box was taken by the dead body!"

However, it was obvious that his words did not convince Zang Jian.

"Humph! Do you really mean it when you say that it is taken away? Since you are unwilling to hand it over, I can only use my own hands to find it!" Zang Jian's gaze flashed. His figure headed toward Su Yu like electricity and he extended his palm toward Su Yu with the intention of grabbing him.

"If I do a body check myself, I will be able to find out if you are lying!"

Body check?

Su Yu's expression turned heavy: "Do you think that I am scared of you?"

It was still tolerable, even though he was being unreasonable and also interfered with the matter between Su Yu, Xue Yao, and Feng Qing. It was still tolerable, even though he came uninvited and unearthed the historical remains.

It was also tolerable, even though he ordered Su Yu to spearhead the attack and become his stepping-stone.

At that very moment, he wanted to do a body check on Su Yu forcefully?

He had really treated Su Yu as a dog who acted upon his orders!

"Humph! I have said it before. Even if I am injured fatally, trash like you will be unable to match up against me!" Zang Jian headed toward Su Yu with the intention of grabbing him. In just a short amount of time, he was ten Chinese feet away from Su Yu.

At that moment, Su Yu finally moved.

However, he did not try to avoid Zang Jian. Instead, he made a move!

"Divine Decree. Tribulation of Ice and Thunder!"

Su Yu gave a light shout, and a dark cloud gathered in the sky.

An icy cold purple lightning dragon, which was bone piercing, descended from the sky and oppressed Zang Jiang with a bang.

Zang Jian laughed with disdain: "What an insignificant move! You can use it to deal with Xue Yao. But against me, it is useless!"

"Burying Sword's Song! Break!" Zang Jian's finger became a sword. He then lifted his finger and dotted the sky fiercely!

Crack—

The purple lightning dragon responded to the attack by being shattered into pieces.

However, Zang Jian himself also groaned, and it was obvious that he was injured.

"Humph! I have said it before. An insignificant move like that cannot do anything to me!" Zang Jian endured his injury forcefully.

At that very moment, he was injured fatally. He thought that if he were in his complete form, he would not be fearful of that attack.

"Is that so?" Su Yu said indifferently: "Contortion of Space!"

Suddenly, a lump of Space Vortex appeared near Zang Jian's right leg!

Layers of rotating space energy appeared abruptly, and Zang Jian's right leg was sucked into the space.

The rotating of the space energy brought with it contorting energy, breaking his right leg by twisting it!

Crack—

Ah—

Zang Jian's struggling expression turned serious abruptly. After which, his expression turned pale, and finally, became a painful expression.

He also gave a horrible shriek, as though he was a pig that was about to be slaughtered!

Looking at it, his right leg's bone was broken, as though it was caused by an explosion. His bone also penetrated his flesh.

His flesh was blurry, and considered to be bloody as well.

Zang Jian was in so much pain that his five sense organs became contorted. He breathed deeply continuously, his forehead filled with big droplets of sweat and his expression was extremely pale.

Xue Yao and Feng Qing, who were looking on from the side, were shocked!

What a strange and magical space power!

If the Space Vortex carried on slightly longer, his right leg would not suffer fractures alone. Instead, it would be completely sucked into the vortex!

Moreover, if Su Yu had the intention to kill him and contorted his head instead, then now...

When both of them recalled the scene where they went against Su Yu, their backs could not help but feel a chill!

They were lucky that they were part of the Ten Great Deputy Palace Masters. Hence, Su Yu did not kill them.

If they were not, both of them would have become corpses already!

Su Yu shook his head slightly: "Your abilities are not really anything worth mentioning. I don't understand where you found the confidence to be so arrogant in front of me, again and again."

His words caused Zang Jian to not have any strength to rebut against him. Instead, Zang Jian's face was scorching hot.

However, he felt dissatisfied within his heart!

He thought that, if he were not severely injured, and if he took precautions, he was extremely confident that he could avoid that attack!

"Just like Xue Yao and Feng Qing, it looks like there is also a need for you to stay at my Yinyu Manor to undergo education! When you have changed your bad habit of being arrogant, then I will send you back to your Zangjian Area!"

Zang Jian's expression turned serious: "What? How can that be?"

"Eh? What's wrong? You charged into my territory and made indiscreet remarks towards me. Do you think that this matter can be resolved just like that?"

Zang Jian was furious and embarrassed at the same time: "Yin Yu! Do not be too much! The heroic name I have for my whole life might be destroyed in a moment!!"

To one's surprise, Su Yu gave a snort of contempt.

"Is your heroic name my problem?"

Zang Jian bit his teeth and said: "As one of the Ten Great Deputy Palace Masters like me, we are sure to see much of each other. By doing this, are you not scared of destroying the friendship between us?"

Su Yu laughed instead: "Friendship? When you came to my area to look for the historical remains, even though you were uninvited, had you ever thought of the friendship between us? You kept saying that you do everything for the sake of charity. When you ordered me to go with your arrangement, had you ever thought of the friendship between us? When you asked me to become an exploring stone to check out if there were any dangers in the cave, had you ever thought of the friendship between us? When you did not listen to my explanation and wanted to do a body check on me forcefully, had you ever thought of the friendship between us?"

"But now, you remembered that there is actually still friendship between us!"

The continuous questioning caused Zang Jian to clench his jaw tightly. However, he could not find any words to rebut Su Yu.

After a long time, he said without budging: "You had better think again. Once I recover from my injuries completely and regain my abilities, you alone will be unable to keep me in check!"

Su Yu said indifferently: "There is no need for you to worry whether I can keep you in check or not! Now, keep your mouth shut and follow me!"

Zang Jian clenched his fists tightly, secretly. He glared at Su Yu's back with a ferocious expression and bit his teeth with hatred: "The day when I regain my abilities is the day when you get your retribution!"

Just like that, the four of them left the historical remains.

Before they left, Su Yu collapsed the cave with a punch, preventing the Evil Zombies within the cave from coming out and injuring the innocent people.

After leaving the deathly silent city, Fengqing Guards were stationed in front of a horse carriage.

The three of them were severely injured, and it was inconvenient to travel by the sky. Hence, they could only rely on the horse carriage.

However, Zang Jian was like a boss who did not stand on ceremony. He boarded the horse carriage first, and did not care about Su Yu and the other two.

"Eh? Who allowed you to go up first? Your arrogant nature did not change at all!" Su Yu stood at his original position, with his hands clasped between his back and shouted coldly.

The body of Zang Jian, who had already boarded the horse carriage, turned stiff. His cheek wriggled, showing the anger within his heart.

After refusing to move for some time, Zang Jian lowered his head and exited from the horse carriage with a gloomy face. He opened up the path, waited at one side, and allowed Su Yu to board first: "If you want to board first, so be it!"

However, what caused Zang Jian to be furious was that Su Yu stood at his original position, with his hands clasped behind his back like before, and he did not have any intentions of moving at all: "I'm sorry. I don't plan on sitting in the horse carriage!"

"You! You push people too hard!" Zang Jian was so furious that he was about to explode!

It was evident that Su Yu humiliated him intentionally!

Since Su Yu was unwilling to sit in the horse carriage, why did Su Yu force him, who had already boarded the horse carriage, to come down?

After feeling grief and indignation, Zang Jian was about to board the horse carriage again.

However, he could hear Su Yu berating him coldly from behind: "Are your ears deaf? Who allowed you to board the horse carriage?"

Zang Jian could no longer tolerate it. He turned his head and said fiercely and furiously: "Enough!! There is a limit to everything! Since you are unwilling to sit in the horse carriage, what basis do you have to disallow us, the injured, to sit in the horse carriage?"

Su Yu stood at his original position and said profoundly: "I am not letting you board the horse carriage because I am trying to save your life!"

"Am I right? Is that a brother hiding below the horse carriage?" Su Yu's tone changed abruptly and he said with a true yet fake smile.

What? There is someone below the horse carriage?

Zang Jian reacted sharply and left hurriedly.

At the moment he left, the light of an icy cold blade flashed past the place that he had stood at previously.

If he had hesitated for another moment, both his legs would have been chopped off on the spot!

What a fast blade! What a strong art of concealment!

The pupils of Xue Yao and Feng Qing shrank!

They had actually not realized the existence of that person!

Whiz —

A black shadow rolled out from below the horse carriage.

He wore black clothes. He revealed a pair of icy cold eyeballs and stared at Su Yu coldly: "What a commendatory sensation!"

Zang Jian was about to shout furiously. However, when his gaze swept past the other party's cultivation base, he gasped immediately: "Immortal Level Two Upper Tier!"

Even if he were in his complete form, Zang Jian knew that he would not last more than five moves under the hands of this level of martial artist, let alone in his current state, where he was severely injured and had lost ninety percent of his fighting capabilities!

Both Xue Yao and Feng Qing revealed a grave expression as well.

In front of such a strong martial artist, there was a high possibility of the four of them being wiped out completely!

Su Yu said indifferently: "After hiding for so long, you finally showed yourself, after being unable to hold it in any longer?"

"Ever since we came, you have been waiting here, right? As for your motive, let me guess. Could it be that you want us to explore the cave on behalf of you and get the treasure, after which, you will stop us and rob us of our treasures? All of this is such that you would only need a small effort to get the treasures of the historical remains?"

That person was the shadow which Su Yu managed to capture with his crystalline eyes when it flashed past the city!

The black-clothed man laughed coldly: "So you have already learned of my existence a long time ago! As for that, it is a miscalculation on my part!"

"However, with your abilities that are comparable to the remnants of an army, what can you do, even though you have learned of my existence? You will only live slightly longer!"

Su Yu had a calm expression and was not anxious in the slightest.

"It is still unsure who will die!" Su Yu laughed apathetically.

The black-clothed man pointed at Zang Jian and sneered: "Just because of this crippled person who is fatally injured? They can't even save themselves, let alone save you!"

"Why not find out by giving them a try?" Su Yu gave a true yet fake smile.

Seeing that a great battle was about to occur at any moment, Zang Jian's throat became dry and his expression turned deathly pale.

He was unlucky, and he came across an ambush that could kill him at the moment when he was fatally injured!

Zang Jian bit his teeth and said seriously: "Brother, if you are looking for treasures, I think that this matter is not related to the three of us!"

"In the historical remains, the three of us did not manage to get any treasures. If we had, we would not end up in our current state, where we are all severely injured."

The black-clothed man laughed menacingly: "And then?"

Zang Jian looked at Su Yu carefully and said in a low voice: "Hence, if you wish to find trouble, he alone is enough. All the treasures must be with him!"

"Moreover..." Zang Jian said: "My injuries are caused by him. He is proficient in controlling the space, and his abilities are extremely strange and unfathomable! Hence, you should deal with him with your full strength. If you dare to be distracted for even a moment, haha, I think you will regret it your whole life!"

Not mentioning the fact that he shifted the trouble to Su Yu, but he also even revealed Su Yu's abilities to the enemy!

His objective was to create an opportunity for himself to escape!

Even Xue Yao and Feng Qing felt that Zang Jian's actions were inappropriate!

No matter what was said, Su Yu was also a Deputy Palace Master, and was on his side.

By exposing Su Yu's secrets, wasn't he putting Su Yu at death's door?

If the Palace Master found out about this, they would be in trouble!

Su Yu's eyes were overflowing with murderous intent.

This Zang Jian!

Normally, he considered everything beneath his notice. At the critical moment, he did not hesitate to sacrifice others to attain a gleam of hope for himself!

How was this kind of person fit to become the Deputy Palace Master?

"For your own safety, I advise you to deal with him attentively!" A cold smile slid past Zang Jian's mouth as he retreated slowly.

However, the black-clothed man's eyes had a joking and disdainful expression: "Thank you for your reminder. I will deal with him attentively. However, for the three of you... Haha, I have also arranged for some people to deal with you attentively!"

"Come out now!"

Crash, crash, crash—

Within the deathly silent city, sounds which broke the silence could be heard from various hidden places.

Black-clothed shadows arrived in succession.

Their abilities were at least that of Immortal Level One!

There were a total of nine of them. They arrived abruptly and surrounded Su Yu and his group of people!

Su Yu's pupils shrank!

There were a total of ten strong martial artists of the Immortal Realm!

Chapter 290 Sudden change

Zang Jian turned pale, his throat was parched!

He had rerouted the trouble, but had not expected the enemy to consist of this many skilled fighters!

Swallowing hard, Zang Jian let out a cold grunt, "Insolence, vermin. We are vice palace masters of the Empire. Have you thought about the consequences of killing us?"

To preserve his life, Zang Jian had to reveal their identities.

But the man in black said thoughtfully, "Who I want to kill are you vice masters of the Empire!"

Su Yu squinted.

To have the guts to kill vice palace masters on the grounds of the Empire of Darkness; It was hard to believe that they were mere robbers.

Sensing death drawing near, Zang Jian had hatred in his eyes. "Yin Yu! You deserve death! If you did not injure me, we could still stand up against them with my abilities! Why have you put me in this state? You harmed me, Xue Yao and Feng Qing! You are the sinner of the Empire of Darkness!"

Hearing this, Su Yu's disgusted expression grew deeper. "Hehe... stand up against them? Who was it just now, who shifted the trouble away from himself, not hesitating to reveal the techniques of your partner in order to get a chance to flee? I really do not think that you, Xue Yao and Feng Qing, would fight to the death!"

"Furthermore!" Su Yu continued, not even attempting to hide his disdain, "The person who wants to kill you is the enemy! But you do not bear hatred for the enemy. Instead, you bear hatred for me? This is the funniest joke I've heard in my life!"

"Your first thought, when you meet a crisis, is not to rise up against the enemy, nor to fight to the death, neither is it to rally together and combat the enemy. Instead, it is to bear hatred for your comrade! You are a coward!"

Zang Jian turned red, trying to defend himself. "I... I was merely speaking the truth! If I was not injured..."

But Su Yu coldly interrupted him, "You are indeed speaking the truth, the truth about you being a coward!"

"You are a coward, no matter if you are injured or not. I, a member of the Empire of Darkness, do not require the help of a coward. I, Yin Yu, can fend them off alone!"

His words were strong and forceful, making it hard for Zang Jian to defend himself. The hatred for Su Yu grew in his heart.

What was Su Yu to him, if he was not injured?

The man in black had a mocking expression, "An internal strife, when a great enemy is before you? You do not live up to your reputations, vice palace masters of the Empire of Darkness!"

The mocking tone was clear in his words.

Su Yu stood peacefully, straightening his robes, "Do you have any other things to say? For example, who you are, where you came from, whose orders you are under?"

Even though his expression was peaceful, it had a determined aura.

The man in black had a mocking tone, "You seem to be very confident of your abilities! I really do not understand how an arrogant and ignorant person like you could become a vice palace master!"

Su Yu let down his hands behind his back, not answering the man in black. "It looks like you have no more words. Since that is the case, I'll send you all on your way."

Creak ——

Dark clouds rolled across the sky, arcs of lightning shooting in all directions.

"Divine Decree. Tribulation of Ice and Thunder!" Su Yu let out a low grunt, a purple lightning dragon descending from the sky.

The man in black was slightly surprised, "Divine Decree? A Divine Grade Divine Decree at that? You are only sixteen, this is surprising indeed!"

To think that the man in black could recognise the Divine Decree.

The Divine Decree required an immense level of perception, and a great deal of time to be cultivated.

Most fighters stopped cultivating the Divine Decree when it reached Saint Grade, not progressing past that.

A rare few would cultivate it to half Divine Decree, and some to Divine Decree.

But, of those fighters, not one of them had spent less than a hundred years before achieving such a level.

How old was Su Yu? He was merely sixteen.

How could the man in black know that, under the two hundred times time acceleration, Su Yu had already spent at least a hundred years trying to cultivate the Divine Decree.

But the man in black soon shook his head, "What a pity. The Divine Decree is like an average technique, its power is limited."

That was the truth. When the Divine Decree was cultivated at the lower levels, it did indeed provide much help to the fighter.

But at the later stages, the increase in power of the Divine Decree did not match the growth of a user's cultivation level.

Thus, not many fighters would focus their efforts on cultivating the Divine Decree.

This was something fighters of the Shenlong Continent could not wrap their heads around.

The time needed to cultivate the Divine Decree was not worth the power it provided.

Spending the same amount of time one needed to cultivate the Divine Decree on cultivating techniques, would allow you to reap ten times the rewards.

This was the reason why so few fighters focused on cultivating the Divine Decree.

Raising his hand, the man in black struck toward the heavens.

A transparent bolt of spirit energy took the form of a long spear, launching itself into the sky, piercing the purple dragon!

Creak ——

Under the power of the spirit energy, the purple dragon instantly disappeared.

The man in black stood proudly, after casually neutralising the attack of the Divine Decree. He commented in disappointment, "Your level of perception is very high, but you used it on the wrong area!"

"I already have an understanding of your abilities, they are but average."

"Use your space talents. I wish to see how it can deal with me, now that I am wary of it," The man in black said, his expression calm.

Su Yu had a faint smile, "You wish to see my space talents? I have already used them, didn't you realise?"

The man in black's expression turned rigid, as he suddenly looked to the sky. His pupils dilated!

At this moment, he realised that there was not a single trace of lightning in the sky!

The purple dragon had indeed disappeared.

But it was not destroyed by his attack. Instead... it had vanished into thin air!

Otherwise, there should still be weak traces of lightning in the sky.

"Not good! Retreat quickly! His Divine Decree has not ended yet!"

But it was too late!

Rumble ——

Ripples of space suddenly appeared around the nine accomplices of the man in black!

Crack ——

Nine Immortal Realm Level One fighters in black robes had no time to react, instantly being pierced through by the purple lightning dragon!

Their bodies turned into ice!

Everything, from their blood to their organs, was frozen.

Their life force was instantly depleted!

With just an attack, Su Yu had killed nine Immortal Realm Level One fighters!

His attack, combined with his space manipulation, was unpredictable and mysterious, able to kill without a form!

The scene of the nine fighters instantly dying caused Zang Jian and his gang to gasp!

Its power was not the strongest they had seen. But the Divine Decree, combined with space talents, was a sight to behold.

A remnant of purple lightning scattered behind Su Yu, turning his expression with a faint smile even more inscrutable.

The eyes of the man in black were filled with fury.

Su Yu had killed nine of his men, even though he was prepared for the attack.

"You! You indeed should not be left alive!" The man in black released killing intent.

Even if he lost nine of his subordinates, Su Yu and the other three could not match up to his abilities!

"Dragon Slaying Skill!" The man in black let out an angry roar, unsheathing a black sword from behind him.

The sword was sharp, emanating a piercing, cold glow.

He gripped the sword with both hands, positioning it in front of his chest, his stance unorthodox.

But it gave off a large pressure.

An intense energy circled his body. In that moment, he seemed to have become one with the sword.

Zang Jian's pupils dilated, and he began losing his voice in shock, "Stage One Peak of an immortal level technique!"

Su Yu's expression was also serious.

It was the first time he was facing an Immortal Realm fighter, who had cultivated an immortal level technique to Stage One Peak!

Even though his cultivation level was not as strong as Hai Kuangren's, his techniques were quite shocking.

Immortal level techniques get more difficult to cultivate the deeper you get into the technique. The technique's power also increases correspondingly.

The difference between Stage One Upper Class and Peak was like heaven and earth!

With this technique, the man in black's abilities might even surpass Immortal Realm Level Two Peak, approaching Immortal Realm Level Three!

"In the face of the Dragon Slaying Skill, there will be no injuries, only death! Die!": The sword of the man in black struck downward.

The blade's figure was like a dragon, slicing through the air as it struck down.

Zang Jian and the rest who were far away felt like they were candles in the wind, about to be destroyed by the shadow of the sword.

The power of this sword was unimaginable!

Su Yu's eyes were filled with a grave light!

This attack posed a serious threat to his life!

At this critical moment, Su Yu could not hide his trump card any longer!

"Buddhist Saint's Eight Characters. Lin!"

Suddenly, a huge amount of energy descended onto Su Yu.

Destructive energy congregated in Su Yu's mouth. As he opened his mouth, the destructive soundwave rose up into the heavens!

Crash ——

The formless soundwave collided with the dragon-shaped figure of the sword in midair.

One was Stage One Peak of an immortal level technique!

The other was the beginning stage of a legendary level technique.

The power of the two techniques were equal!

The man in black was shocked, "What.... What technique is that? How could it be?"

What shocked him even more, was the fact that the soundwave and the blade figure could not maintain the stalemate in the air, rebounding backward at the same time!

The blade figure struck the man in black!

The soundwave was rebounded back to Su Yu's direction!

Rumble ——

The resulting sound reverberated in the surroundings, two destructive forces being forced back by each other!

Puuuu ——

The two figures could not defend themselves in time, spitting out blood as they were sent flying back. They crashed into the wall.

Su Yu was sent crashing into a stone wall, the wall behind him breaking out into a multitude of cracks.

The intense impact severed multiple energy channels, the injuries in his body were serious.

The man in black was not doing too well himself. His ribs were broken by his blade figure, his body slumping onto the ground!

It was a situation of defeat on both sides!

The Buddhist Saint's Eight Characters was only at the beginning level, its power limited.

Zang Jian, Xue Yao, and Feng Qing were all shocked!

This clash was far from the likes of Immortal Realm Level Two fighters, approaching Immortal Realm Level Three!

Zang Jian's heart was thumping wildly, as he gravely stared at Su Yu, shock overcoming him!

He had thought that he could kill Su Yu easily, if he had been at full strength.

But witnessing this attack made him realise that Su Yu had hidden his abilities!

Seeing that he was not at full strength, even ten of him might not be able to defeat Su Yu!

He was considering seeking revenge on Su Yu after he recovered from his injuries.

At this moment, he broke out in cold sweat. If he had really been so ignorant then, the outcome would be....

The three were shocked for a moment, but eventually heaved a sigh of relief.

With the two of them defeated, the man in black had lost all his attacking power, his threat gone!

In fact, the three of them could easily end the life of the man in black, who now had difficulty moving!

The man in black had an anxious expression, his eyes shifting as he said, "The three of you, I'll give you all a chance to live! Kill him, and I'll not bother you in the future!"

Since it had come to this, the man in black had no choice.

Kill Yin Yu?

Xue Yao and Feng Qing looked at each other, their eyes narrating the struggle in their hearts. But it was merely for a moment, before they shook their heads.

Even though they had their grievances with Yin Yu, it was not to the point where they had to kill each other.

Multiple days earlier, they had caused trouble at Su Yu's ceremony. But Su Yu did not lay the killing blow on them. That was the best evidence of this fact.

Zang Jian raised his nose, "What a joke! You wish to part us, now that you are on the verge of dying? Your death is worth nothing! Let's attack together, and end him!"

As a form of caution, the three of them were going to strike together!

Even though they were all heavily injured, their injuries were lighter than that of Su Yu's and the man in black's. They could easily kill the man in black!

Xue Yao and Feng Qing struck first, each striking a palm at the man in black's chest!

Zang Jian followed soon after, wishing to completely annihilate the man in black!

But!

Just as Xue Yao and Feng Qing were about to strike the opponent, they were hit at the back!

Puuuu ———

Ah ———

Two palms each pierced through their abdomens, leaving behind a bloody hole!

The two of them looked back in disbelief, "Palace Master Zang Jian!!"

The person who struck them was Zang Jian, who had a ferocious grin on his face!

His hands were dripping with their blood, a sinister smile hung on his icy expression.

Xue Yao came to his senses, gripping his injuries as he said in fury, "You have gone mad!"

But at this moment, be it Xue Yao or Feng Qing, or the witnessing Su Yu, all understood that Zang Jian had not gone mad, but instead.....
