

Nine-Dragon 2831

Chapter 2831 Hypocrisy And Meanness

The area around the crossing Nightmare Lotus seat was filled with powerful energy.

In a breath, it flew forward.

The crack closed in an instant.

The huge crossing Nightmare Lotus seat broke into it.

A few breaths later.

The terrifying attack from the sacred mountain finally arrived and attacked the defense.

Many attacks were rebounded.

The Sacred Mountain lingered in the inner abyss unwillingly, bombarding it indiscriminately.

But it was useless.

In the end, they could only retreat unwillingly, in case the peerless experts of the inner court sneak attacked.

At that time.

The space-time energy around the giant nightmare lotus seat also slowly dissipated.

It landed in the inner abyss unsteadily.

In the Lotus seat.

Many common people cheered and jumped.

But Su Yu's face sank into the water.

He couldn't be happy no matter what.

"This is too much!" Through the huge screen on the ground, he clearly saw the situation in the inner abyss.

It was that unknown monk who forcefully closed the crack.

He almost killed them all.

"Leave the lotus seat," Su Yu ordered.

With a wave of his hand, he picked up the huge energy ball and put it into his hand.

The ability of the huge nightmare ferrying lotus seat was something that the peerless experts in Dao Abyss had witnessed with their own eyes.

They had to guard against those who had ulterior motives.

For example, that Monk!

The group of people left the huge nightmare ferrying lotus seat one after another.

Many peerless experts led the experts of inner abyss and waited outside the Lotus seat.
As the turtle patterns spread out, all the living beings on the Lotus seat came out one after another.
The demon emperor laughed, "Who is the chief of the third tribe? Come out and see!"
They were too curious.
Who was the person who could command the third tribe and do earth-shattering things.
All the living beings looked behind them.
A silver-haired youth walked out slowly.
He saw him.
The Demon Emperor was stunned as if he had seen a ghost. "It's You? The Human Sacred Body?"
How could he not know him?
It was he who replaced the heart of the son of heaven with the heart of Su Yu.

It's just, he never thought.
Not only did that weak mortal body not die in the destruction of the sacred mountain.
Also arrived in the NEIYUAN, and do not know when to become the third tribe of strong!
"Boy, how is it you?" Split sky old ancestor also shows the disbelieving expression.
Su Yu actually didn't die in the calamity.
Not only that, he had also set records that even the almighty experts were unable to do.
The calmest one was Yun Yazi.
He smiled slightly. "I knew it. The third tribe's chief is you."
In terms of the world, who could contend against the sacred mountain.
Then, only the mortal sacred body.
Only Su Yu could lead the common people and cause such heavy damage to the sacred mountain.
Su Yu looked at the three familiar almighty experts and immediately stepped forward. "Greetings, master and Seniors."
Many peerless experts were stunned.
"Heavenly Book Path Master, this child is still your disciple?"
Yun Yazi was gratified. "Yes, he is my disciple."
The Devil Emperor knew of the relationship between Su Yu and Yun Yazi and sighed. "You Old Fellow, you really know how to nurture disciples."
"There's an evil daughter in the front and this Su Yu in the back."
At the mention of the evil daughter, everyone present nodded.

The strength of the evil daughter had been heard by all of them who had been in seclusion all year round.

It was said that.

She was an invincible existence in nothingness.

In the current era of nothingness, no one was a match for her.

It was hard to guess how powerful she was at her peak state.

She might even be comparable to them who were in seclusion.

"This child is not bad. The most valuable thing is the saintly being body. If we give him time to grow, he will definitely be an important aid to us in the future."

"Hehe, I'm afraid that some people are too impatient and won't give the saintly being time to grow. After all, they walk the path of faith that is similar to the path of different approaches!"

A great being sneered.

The other experts couldn't help but look at the Nirvana master.

They all came to a realization.

After being reminded, they finally realized why the Nirvana master was acting so strangely.

What did the Nirvana master rely on to achieve his current status?

It was faith!

He used the faith of the common people to achieve a supreme status.

What about Su Yu's saintly being?

He also needed the faith of the common people.

Only then could his saintly being continue to grow.

There was only one faith of the common people.

There would definitely be irreconcilable conflicts between the two sides.

Hence, when the Nirvana lord sensed that it was very likely that it was the human sacred body that had come.

That was why he rejected Su Yu and the others.

He wanted to use the sacred mountain to get rid of the human sacred body.

Luckily, Yun Yazhi, the Devil Emperor, and the sky-splitting patriarch did their best.

Only then did Su Yu and the others return alive.

"Amitabha, Buddha is merciful. This penniless monk's original intentions can be seen by the sun and moon. I have no ill intentions. Everyone, please do not slander this penniless monk's intentions."

After he finished speaking.

He spread his arms.

A dense number of cave abodes appeared around him.

There were trillions of them.

And in each cave abodes'world, there was golden light and a peaceful Buddhist light.

The living beings inside were bathed in the Buddhist light. Their lives were peaceful and peaceful.

They were silently exuding an infinite respect for the Nirvana master.

Suddenly, all the living beings felt something and became angry.

The angry will almost materialized and shot up into the sky.

The huge face that formed the image of all living beings looked down at the many experts on the earth.

The face was full of anger.

It expressed anger toward them for questioning the Nirvana master.

That powerful will was barely enough to suppress the souls of the group of experts.

They couldn't even use 50% of their strength.

This was the power of faith.

After two eras, all the believers of the Nirvana master had gathered.

They could be used by the Nirvana master at any time and become his weapon to suppress the enemy.

"Despicable!" A peerless expert said in a low voice.

The Sacred Mountain had invaded, but the Nirvana master was cowering and didn't dare to make a move.

Now, he was imposing on his own people.

The most disgraceful thing was that he said he was doing it for the common people, but he was actually using the common people to believe in him.

"Slandering my Buddha should be blocked."

That face let out an angry roar and shot out a dazzling light.

The peerless expert who spoke immediately sensed the huge pressure on his soul and couldn't help but feel extreme pain.

Seeing this, Yun Yazhi and the others immediately attacked.

They used the power of the Heavenly Dao to resist the immense pressure on their souls.

"They're going too far!" The other experts couldn't stand it any longer and attacked one after another.

In the end, not only did they manage to resist the immense pressure on their souls, but they also succeeded in shattering their faces.

The hundreds of millions of cave abodes'worlds immediately shook.

The Buddhist lights in many of the cave abodes'worlds dimmed and fell into darkness.

Nirvana master's body trembled and he retreated. He was supported by the eighteen protectors.

The demon emperor said coldly, "Nirvana master, the enemy hasn't finished yet. Why are you killing your compatriots?"

Nirvana master stabilized his body and said, "Amitabha. That is the will of all living beings. It is not done by this penniless monk."

Hypocrite!

Without Nirvana Master's guidance, would all living beings show killing intent?

The demon emperor said coldly, "Don't think that you can do whatever you want by holding the will of all living beings hostage! Unless we all die!"

Chapter 2832 Heavenly Book Shelf

Fortunately, they had the advantage in numbers.

With their combined strength, they could contend against the Nirvana master.

Otherwise, they would most likely be enslaved by the Nirvana master, who would gloriously claim that they had converted to Buddhism and become one of his believers.

"Everyone has misunderstood this penniless monk's intentions,"the Nirvana master said indifferently.

He swept his gaze across.

He looked at the exorcism lotus seat and said, "This lotus seat has the effect of helping all living beings to pass through the calamity. Why Don't you let this penniless monk keep it?"

As he said that.

He landed on the gigantic transitional Nightmare Lotus seat without any explanation as the massive Buddhist light enveloped him.

It indicated that the transitional Nightmare Lotus seat belonged to him.

Yun Yazhi, sky-splitting patriarch, and the Demon Emperor were all Transitional Nightmare Lotus seats that came out of the gigantic transitional Nightmare Lotus seat.

They were very clear about their past and present lives.

"The king-grade transitional Nightmare Lotus seat was passed down by the nine sacred ancestors. When did it become yours?"The three of them rushed onto the transitional Nightmare Lotus seat.

They used the power of their heavenly dao to forcefully disperse half of the Buddhist light.

At this moment.

The other peerless experts didn't choose to side with them.

This was because they also had thoughts about the king-grade crossing Nightmare Lotus seat.

This lotus seat had an extraordinary meaning.

In the previous era, it had protected quite a number of supreme experts who had survived to the same level.

They might even need it in the end.

Hence, it was best not to hand this item over to a junior like Su Yu.

At the very least, it should be in their hands.

As for who among them was in charge, they would discuss it further.

Su Yu witnessed everything and sneered in his heart.

As expected.

The gigantic nightmare ferrying lotus seat was bound to cause trouble.

Fortunately, he had obtained the energy ball from the central controller in advance.

He leaped in front of Yun Yazi and handed the energy ball to him in public. "Under the request of the ordinary people in the nightmare ferrying lotus seat, I will hand the control energy ball over to master."

Everyone was shocked.

This kid actually took away the control core in advance?

In this way, the huge nightmare lotus throne was just an empty shell.

Even if he took it, it would be useless.

Yun Yazi smiled and put the energy ball away.

Su Yu did this because he realized.

The lack of the core would be discovered sooner or later.

If this thing was in his hands, it would inevitably cause unnecessary trouble. It was better to hand it over to Yun Yazi.

Seeing this.

Nirvana master frowned and unwillingly retrieved the Buddhist light.

Without the core, the nightmare crossing Lotus seat was useless.

"Heavenly Book Path Master, Please Hand the core over to this penniless monk for safekeeping," Nirvana master said.

Yun Yazi smiled faintly, "I know the most about the nightmare crossing lotus seat. It's better for me to do it."

In this world, one's knowledge was profound.

Who could be compared to Yun Yazi?

The Demon Emperor and sky-splitting patriarch naturally stood on Yun Yazi's side and said, "If you want to get the control core, you have to ask us first."

The three stood shoulder to shoulder.

That stance meant that they did not hesitate to fight against the Nirvana master.

The latter pondered for a long time before giving up. He said indifferently, "Alright, as long as you can benefit the common people, it's the same to hand it over to anyone. This penniless monk will not persist."

The rest of his gaze swept over Su Yu.

A cold intent quietly circulated.

The friction between the two sides ended with each other restraining each other.

The Nirvana Lord led his men and retreated.

The eighteen protectors followed one after another.

The last protector glanced at Su Yu before leaving.

Coincidentally, Su Yu caught this gaze.

He focused his gaze and his gaze immediately turned cold.

It was him!

The monk who took Gu Taixu away.

"Why, do you have a grudge against the 18 guardians of the Nirvana Master?" Yun Yazi asked.

Su Yu nodded, "Yes, an old enemy of mine was saved by him. I wonder if he is in the Inner Abyss."

His gaze swept across the surroundings.

Yun Yazi shook his head, "I'm afraid he is already in the cave abode of the Nirvana Master. Finding him is as difficult as ascending to the heavens."

Alright!

Su Yu secretly swore that sooner or later, he would have to pay the price of Nirvana.

"Oh right, master." Su Yu took out the bronze plate.

Yun Yazi looked at it and his expression couldn't help but change, "Bronze plate? Where did you get it?"

Su Yu said meaningfully, "Didn't master give it to me?"

Yun Yazi said, "What I gave you is a replica of a soul. I think it should be the work of the Master of the soul. But what you have in your hands is the real thing!"

That year, Yun Yazi found half of the bronze plate in an ancient tomb.

That ancient tomb was the tomb left behind by the Soul Dominator when he faked his death to escape.

Unexpectedly, Yun Yazi found it by accident.

Then, he took the bronze plate away.

Su Yu couldn't help but laugh. "The Soul Dominator thought he had fooled you. I didn't expect you to know that the bronze plate was created with a thought."

Yun Yazhi only smiled.

Actually, when his cultivation was weak, he didn't notice the abnormality of the bronze plate.

It was only after he became stronger that he finally noticed the abnormality of the bronze plate.

But he didn't say it out loud.

What surprised him was that Su Yu actually obtained the real bronze plate.

"Where did you get it?" Yun Yazhi asked curiously.

Su Yu showed a trace of gratitude and said, "The Soul Dominator gave it to me personally."

"Hehe, this is your great fortune." Yun Yazhi was not without envy.

This was a bronze coin that he had only used for many years.

Yet, Su Yu had obtained a real bronze coin.

The disparity made him unable to help but feel envious.

"Master, Xian 'Er has returned to the netherworld." Su Yu's eyes dimmed.

Hearing this, Yun Yazhi was startled. His expression was filled with disappointment.

In this world.

Probably no one knew better than him the separation and reunion between his disciple and Qin Xian 'er?

He did not expect that.

At the end of the epoch.

After experiencing countless storms, they were still completely separated.

"The soul ruler told me that the two bronze plates can be combined into one to explore the secret to the sinkhole." Su Yu asked, "Master, do you know anything?"

Yun Yazhi narrowed his eyes. "How can the ultimate world be a place where living beings can go? There, living beings can never return."

He looked at Su Yu's chest and said, "You were able to come back because Xie Xiaoyue sacrificed everything for you. She used her life to accompany you through the ultimate for ten days

"But she herself will stay in the ultimate forever and can never come out again."

Xie Xiaoyue's figure appeared in Su Yu's mind.

He felt an inexplicable pain in his heart.

She was the one who had used death to fulfill his return.

She must still be living in the sinkhole alone. She must be at a loss and lonely, right?

"Master, since the soul ruler said so, there must be a reason. I just want to find the bronze plate and investigate it." He had too many people to save.

Qin Xian 'er, Xie Xiaoyue, little qilin..

He wanted to redeem those beautiful things that had disappeared forever in his life.

"Sigh!" Yun Yazi hesitated for a long time. "The last thing I want you to touch is the sinkhole! That's an existence that even the son of Heaven of the sacred mountain wants to be forbidden!"

However, Yun Yazi understood his disciple.

If he didn't find him in the end, he would never give up.

"Okay, I'll make an exception for you!" Suddenly, a small bookshelf appeared above Yun Yazi's head.

When it landed on the ground, the bookshelf enlarged infinitely.

It moved horizontally and horizontally, filling up billions of miles.

On the bookshelf, there were countless densely packed books.

Chapter 2833 Chess-Playing Youth

"The bookshelf contains all the secrets of the world. What you want to know is inside."

Su Yu stared at the bookshelf in shock.

How much knowledge did it contain?

Yun Yazi's title as the Heavenly Book Sect Master was definitely not for nothing.

However, Yun Yazi curled his finger, and the bookshelf flew in the air.

One of the bookshelves flew in front of Su Yu, and it was densely packed with over ten thousand books.

He picked one up and read it. On it was written 'Myriad Treasures Atlas'.

"If you want to find the other half of the bronze plate, you have to at least know what the bronze plate is." Yun Yazi opened it. There were many treasures and pictures that he had never heard of on it.

"Take your time to find it. I will protect you from the outside."

The bookshelf was an illusory item. Su Yu's true body was actually exposed.

And the Nirvana Lord was eyeing Su Yu like a tiger. How could he let him be alone?

Su Yu took the book and immediately flipped through it.

His speed was very fast, but after flipping through it, he didn't find anything similar to the bronze plate.

There were still many books on the bookshelf.

There were more than a hundred million books.

Su Yu took a deep breath and activated his time domain. He did his best to flip through every book as quickly as possible.

Several days passed.

Su Yu had already spent several decades in the time domain.

The boring flipping through was a great test of Su Yu's mental strength.

He wanted to give up several times and felt that there was no hope for him to continue searching aimlessly.

However, he thought of Xian 'er, Xie Xiaoyue, and the little qilin.

Su Yu gritted his teeth and endured his patience to continue flipping through.

Ten days passed.

He had already flipped through more than half of the books on the bookshelf, but he still found nothing.

He gritted his teeth and continued to search.

Twenty days passed.

Su Yu had already read all the books.

But, nothing!

It was as if the bronze plate did not belong to this world. He could not find it no matter how hard he tried.

There was no record of it.

Nearly a hundred years of time had been wasted.

He found nothing.

His heart was filled with despair.

Where was he going to find the bronze coin?

All of a sudden.

He suddenly heard a soft sound.

It was like the sound of a chess piece hitting the chessboard. It was very clear.

He looked sideways.

He was surprised to find that at the end of the bookshelves, there was a person playing chess.

That person was dressed in white and his appearance was obscure.

But the chess game was very clear.

And beside this person, there were several books.

Each book was Golden.

The words "Heavenly Book" were written on it.

"That youth..." Su Yu was a little surprised.

When he first accepted the wordless heavenly book, he had an illusion and saw this chess playing youth.

Now, he actually met him again in Yun Yazi's bookshelf.

Su Yu wondered if he had fallen into some kind of consciousness.

He tried to walk up.

But the strange thing was.

Between him and the youth, it was as if there was an eternal distance that could not be crossed.

No matter how Su Yu moved forward, the distance between them did not change at all.

After a moment.

The youth left another word.

As if he had noticed something, he raised his head and looked at Su Yu. He smiled slightly and said, "We meet again!"

Su Yu was shocked.

He still remembered him!

The youth smiled and flicked his finger. A golden heavenly book flew over.

Su Yu subconsciously caught the golden heavenly book. He fixed his eyes on it and saw that the words "Myriad Treasure Atlas" were written on it.

This was the same as the book in Yun Yazi's bookshelf!

"Sir, this..." Su Yu was about to ask.

But when he looked up, the youth, the chess board, and the Golden Book were all gone!

Su Yu ran over, but there was no trace of them there.

Su Yu was really a little dazed.

He wondered if he had fallen asleep and entered the Stone Man's dark dream.

But as he held the slightly cold golden heavenly book in his hand, he knew that he wasn't dreaming.

He looked at the Golden Heavenly Book.

Su Yu immediately flipped it open.

But the first thing he saw was actually a bronze board!

His pupils constricted as he became excited.

He took a closer look.

There was a line of small words near the bronze tablet.

"The sinkhole divine tablet suppresses the spirits of the sinkhole and creates a divine object of heaven and Earth."

Sinkhole divine tablet?

Su Yu finally knew the name of the bronze tablet.

"Thousands of eras ago, the sinkhole divine tablet disappeared. It is suspected to be the work of chaos. It is still missing."

Su Yu was shocked.

Tens of thousands of eras ago.

At that time, the Sacred Mountain's sons of Heaven had yet to occupy the sacred mountain, right?

Looking further down, Su Yu was even more excited.

There were actually heavenly script characters on it that described the refining method of the sinkhole divine tablet.

As long as the refining was successful, the sinkhole divine tablet would be under his control.

At that time, he could completely rely on the mutual sensing between the sinkhole divine tablet to confirm the location of the other sinkhole divine tablet.

"That's Great!" Su Yu couldn't help but exclaim excitedly.

At this moment.

The golden book in his hand quickly dissipated.

Su Yu's heart tightened. He immediately flipped to the second page, wanting to take the opportunity to see what treasures were described at the back.

But strangely, no matter how many pages Su Yu flipped to, they were all records of the sinkhole divine tablet.

Su Yu immediately understood.

The Golden Heavenly Book would only appear if he thought of something.

He thought of the nine dragons divine cauldron.

Instantly.

The detailed information of the nine dragons divine cauldron immediately appeared on it.

It was roughly the same as what Su Yu understood.

The only difference was that.

There was a complete nine dragons divine cauldron control technique on it!

Su Yu thought of something and memorized it.

It was just like that.

The golden heavenly book disappeared without a trace.

Su Yu could not help but feel lost.

If only he could take a few more glances at the golden heavenly book, that would be great.

Of course.

Su Yu was most curious about the young chess player.

Who was he?

Did he know him?

Why did he meet him so strangely?

Until now, Su Yu was still not sure whether it was a dream or an illusion.

"Have you finished reading?" Yun Yazi's voice resounded through the bookshelves.

Su Yu said, "Yes."

The endless bookshelves immediately dispersed, revealing the real world.

Yun Yazi's eyes were filled with anticipation as he said, "Have you found anything in the bookshelves?"

Su Yu thought for a moment and said, "I've found it."

He wanted to ask who that youth was.

But when he recalled the first time he met the youth, when he told Yun Yazi, the latter's secretive expression made him decide to hide it in the bottom of his heart.

It was better not to let Yun Yazi worry.

"It's the sinkhole divine tablet." Su Yu said, "I'll think of a way to refine it. If I look for another section in the future, I Hope Master can lend me a hand."

He had a premonition.

The remaining half of the sinkhole divine tablet would definitely not be easy to obtain.

"That's natural."

Yun Yazi heaved a sigh of relief, but he felt a little strange.

He had read most of the books on the bookshelf.

Why had he never seen the records of the bronze board?

Or was it that there was a part that he had not read?

At this moment.

Sky-splitting patriarch suddenly rushed over and said, "Heavenly Book Path Master, things are not looking good. Nirvana master is preparing to cross the Abyss and head to the nine-star civilization!"

Hearing this, Yun Yazi's expression suddenly became serious. "Nonsense! Everything is not ready. If he insists on going, he will only destroy Dao Abyss."

"So, we must stop him immediately!" Sky-ripping elder ancestor said with hatred.

The Master of Nirvana was simply Dao Yuan's malignant tumor.

Chapter 2834 Dao Yuan's Invitation

"Inform the Demon Emperor and the others to go together and obstruct the Nirvana master," Yun Yazhi said solemnly.

He turned to Su Yu and said, "I have some matters to attend to. Be careful and be wary of the Nirvana Master."

Su Yu nodded.

He understood in his heart that many mighty figures had plans to cross the Abyss and head to the nine-star civilization.

After all, that was the true paradise that would never be affected by the destruction of the epoch.

"Strange. How did the Lord of Nirvana manage to bring all living beings into the nine-star civilization?" Su Yu was puzzled.

If one wanted to head to the nine-star civilization, one must possess the aura of chaos.

If not for that, even the mighty figures of nightmare ferrying would not be able to enter.

While he was puzzled.

His eyes were suddenly blindfolded, and a mischievous and deliberately suppressed voice sounded, "Guess Who I am?"

"You're finally awake?" Su Yu pried open his hands.

He did not need to ask to know that it was Xiao Die.

He looked back and sure enough.

Xiao die was still the same as before.

However, when they faced each other up close, there was a faint layer of connection between them that they had never had before.

That should be a bloodline connection.

"What, you still plan to make me sleep forever, Bad Guy!" Xiao die rolled her eyes at him.

Su Yu said, "Now our two powers should be able to fuse very easily, right?"

"Of course." Butterfly hesitated for a moment, then held Su Yu's palm.

The moment they touched.

Su Yu immediately felt the fusion power of chaos and ruler in his body, and it immediately gathered in his palm uncontrollably.

Butterfly's power was the same.

Both were the fusion power of chaos and ruler.

Hence, their powers converged together naturally and there was no obstruction during the fusion.

Su Yu's heart moved. "Myriad Calamity Scythe!"

Both of their palms held the myriad calamity scythe at the same time.

Instantly.

The myriad calamity scythe's entire body immediately burst into intense flames and rapidly transformed into a silver-white scythe that was 200 feet long.

At the end of the scythe, ten Taotie heads opened their eyes at the same time.

Especially the last golden head.

Su Yu had tried his best, but only managed to open a tiny crack.

But now, he actually opened half of it.

Before he could display its power, Su Yu already had a feeling of fear and trepidation.

No wonder Xiao Die asserted that its power would increase exponentially.

And now it was as expected.

"I just don't know how powerful it is." Su Yu was eager to give it a try.

He was eager to find a test subject.

Boom --

A boom suddenly sounded.

Su Yu raised his head and looked.

In the depths of the inner abyss, a towering fireball exploded in the sky, blotting out the sky and the Sun.

A huge tongue of fire swept out in all directions.

Along the way, it burned up the sky.

Su Yu's expression changed slightly, and he immediately pulled Xiao Die back quickly.

They retreated all the way to the edge of the formation.

Because the tongue of fire touched the formation, it was blocked by the formation.

But even so.

The array formation began to tremble violently.

It was as if it had suffered a fierce attack from the sacred mountain.

Then, a huge explosion came from the depths of the inner courtyard.

"Let's go take a look." Su Yu frowned.

Was there an internal conflict in the inner abyss?

The two rushed to the depths of the inner abyss.

They discovered.

The deepest part of the Inner Abyss was a broken cliff.

And under the Broken Cliff was the mysterious abyss.

The black and calm abyss water seemed to be hiding countless human-eating demonic beasts.

Once one went down, they would definitely be devoured by the creatures inside.

However, what was extremely strange was.

In the center of the Abyss, there was an ancient hall that had existed for an unknown number of years.

The faint sounds of conversation could be heard from within the hall.

One could vaguely see countless people dressed in simple clothes walking around the hall, chatting and laughing.

One by one, obscure and mysterious Great Dao of Heaven and earth was slowly revealed from their casual conversation.

This scene.

Su Yu was not unfamiliar with it.

He had once seen the same scene in the great void abode that was like bronze.

His heart was shaken.

Could it be that the bronze plate had something to do with that ancient great hall?

However, there was no way to the Great Hall.

It floated in the middle of the abyss, with no way to enter.

At this moment.

Many peerless experts were trying their best to stop a huge ship that was preparing to enter the abyss.

The flag of Nirvana hung on the ship.

The head of the ship could see Nirvana master and eighteen protectors.

They controlled the huge ship and forcefully entered the abyss. For this reason, they did not hesitate to fight with the peerless experts in the inner abyss.

"Nirvana Master! If you insist on doing this, don't blame us for turning against each other," sky-splitting patriarch shouted loudly.

Nirvana master put his palms together and said calmly, "Amitabha, this penniless monk wants to cross that sea of bitterness. Why must you stop us?"

The Demon Emperor sneered.

"If you want to die, then die. Who Wants to stop you? But without our permission, what right do you have to take the invitation?"

Invitation?

Su Yu's heart moved.

The invitation they were talking about, could it be..

Nirvana master said, "This penniless monk is only protecting the invitation!"

The demon emperor laughed, "Nonsense!"

Many experts attacked and stopped Nirvana's giant ship.

Nirvana master frowned, "If that's the case, I will leave the invitation. If you can take it, it will be yours. This penniless monk will not ask for it anymore."

He waved his sleeve.

A pitch-black invitation landed on the ancient ground.

Su Yu's heart rumbled as he stared at the invitation.

This... wasn't this Dao Yuan's invitation?

He had already obtained it in the eye of Taotie.

However, he didn't know its use.

The Demon Emperor waved his hand across space, wanting to grab the invitation.

However, when the invitation landed in his hand, it passed through his palm like an illusion and landed on the ground again.

Dao Yuan's invitation was sent to the designated person.

It was useless for the others to get it.

This was the situation in front of them.

The Heavenly Book Path Master and the others went forward one after another, wanting to pick up the invitation.

However, without exception, they couldn't pick up the invitation.

The Nirvana master said indifferently, "Do you all understand? Dao Yuan's invitation is fated with my Buddha."

He inhaled through the air, trying to take the invitation back into his palm.

But...

The invitation flew into the air, but it didn't fly toward the Nirvana Master.

Instead, it flew toward... Su Yu!

Pah

What shocked the audience even more was that...

Su Yu actually firmly held onto Dao Yuan's invitation.

The audience was silent for a long time.

Only then did a peerless expert exclaim, "He actually held onto the invitation?"

"How did he do it?"

"Could it be that the invitation was given to him?"

The entire place instantly exploded.

The expression of the Nirvana master changed drastically as he shouted, "Human sacred body, the Dao Yuan invitation is not something you can control. Return it quickly."

As he said that, he pressed his palm down.

He tried to snatch back the Dao Yuan invitation.

Yun Yazi and the others immediately acted and blocked the Nirvana master.

Sky-splitting patriarch laughed, "Who said that if anyone got the invitation, he would give it to them and not ask for it anymore? Did you forget what you just said so quickly?"

Nirvana master's face sank.

He did not expect Su Yu to get Dao Yuan's invitation too?

In fact.

Su Yu did not expect it either.

He just wanted to give it a try.

Once from the Blood Demon Dao master's Dao Yuan invitation, he once got.

Chapter 2835 Absolute Beginning Great Hall

That was why he wanted to try this one.

In the end, for some unknown reason, the so-called iron rule of not being able to get an invitation letter without a designated person did not apply to Su Yu at all.

He now had a total of two invitation letters on him!

The Nirvana Lord's expression did not change as he said, "What this penniless monk said has a prerequisite. At the very least, the person who controls it must have a certain level of strength. The human sacred physique obviously does not."

"Therefore, this penniless monk taking back his invitation doesn't count as breaking his promise."

What sophistry!

The Demon Emperor and the others naturally didn't allow it. He said proudly, "Nirvana master, you can leave now. We Won't Stop You!"

Yun Yazi, sky-splitting patriarch, and the other peerless experts all stepped forward.

"Nirvana master, Please leave the Inner Abyss!"

"Please leave the Inner Abyss!"

"Please leave!"

Many voices formed a city, and they all asked the master of Nirvana to leave.

In the past, they had hoped that they could use the power of the master of Nirvana to resist the destruction of the sacred mountain together.

But after experiencing so many things, they suddenly saw through it.

Not only would the master of Nirvana not help them at all, but he would also ruin their plans.

He was a huge cancer!

If he wanted to leave, that would be for the best.

The Lord of Nirvana looked around and said solemnly, "Is this how you treat your comrades who share the joys and sorrows of life?"

"Hehe!" The Demon Emperor was the first to be disdainful.

"Share the joys and sorrows of life? I asked you to sneak attack the sacred mountain with us. You said that life and death should be left to nature and you are not willing to take action."

"When it was time to welcome the meritorious third tribe, you decisively rejected them!"

"When there was a king-level crossing Nightmare Lotus seat, you snatched it without thinking and occupied it."

"When there were difficulties, you gave up without hesitation and barged into a nine-star civilization alone!"

The Demon Emperor took a deep breath and said sharply, "We would rather not have a companion like you who shared weal and woe with us!"

Everyone looked at him intently.

Their wills were unprecedentedly unanimous.

It had to be said.

To be able to reach a point that everyone loathed was also a great ability.

The Nirvana Lord said, "You guys are putting me in a difficult position. Not only did you take away my invitation, you also forced me into the Abyss."

The Demon Emperor sneered.

"First, you handed over the invitation yourself."

"Second, you wanted to enter the Abyss Yourself!"

The Nirvana master said indifferently, "It's meaningless for you to say that! As everyone knows, without an invitation, it's impossible to enter the Abyss."

He gazed deeply at Su Yu and said, "Since that's the case, I Won't leave for the time being."

"Go Back!" The Nirvana master acted as if there was no one else around and led the huge ship back.

This naturally caused everyone to despise him.

However, there was nothing he could do.

Nirvana master's strength was displayed there.

"Su Yu, from now on, stay by my side and don't take a step away." Yun Yazi gazed deeply at Nirvana master's back and was not without worry.

If nothing unexpected happened, Nirvana master would try every means to snatch back the invitation letter.

Su Yu nodded and asked, "Master, what is the invitation letter used for?"

He finally asked the question that had been on his mind for a long time.

Yun Yazi pointed at the ancient hall in the abyss. "Do you see it?"

"What's That?"

"Absolute beginning hall."

Absolute beginning hall?

Su Yu knew about the four main halls of the heaven, earth, black, and Yellow Dao.

What did the so-called absolute beginning hall mean?

"It was the first DAO Master of the absolute beginning realm. The hall was built by the absolute beginning sect. It was once the sacred land of the absolute beginning realm."

"It wasn't until the people of Primal Chaos occupied absolute beginning that the sacred land became the sacred mountain. The absolute beginning hall naturally declined."

Yun Ya Zi's eyes were filled with disappointment.

"The absolute beginning hall was once the sacred land that all the experts of the absolute beginning realm yearned for. Every thousand years, they would send an invitation letter to all the Dao Masters in the world."

"With the invitation letter, one could enter the absolute beginning hall and interact with many Dao Masters. Moreover, one could listen to the lectures given by the absolute beginning Dao Master."

"That was the greatest event in the absolute beginning world."

"Unfortunately, the current absolute beginning palace is no longer what it used to be."

So that was the case.

Didn't that mean that the Dao Abyss invitation letter was out of print.

One less with each letter?

"If you want to cross the Abyss, you have to go to the absolute beginning palace and take a leaf from it. Only then can you cross the Abyss safely. Otherwise, you will be devoured by the Abyss."

Hearing this, Su Yu suddenly understood.

No wonder the Lord of Nirvana retreated.

"Also, the ninth ruler that I have been looking for for you might be hiding in the absolute beginning palace."

What?

Su Yu's eyes sparkled.

There really was a ninth ruler in the world, and it was in the absolute beginning palace?

If he could be obtained, he would also have the origin level domain of the Lord of death.

Then, he would be able to create a brand new nine dragons divine cauldron.

"So, remember not to lose this invitation," Yun Yazi said. "If even the inner abyss can not hold on, entering absolute beginning hall is the only way out."

Su Yu's eyes flashed. "If that's the case, why not enter absolute beginning Hall Now?"

Absolute beginning hall had been peaceful for many eras.

It was clear that they had absolute power to protect all the mighty figures in the shelter.

Yun Yazi smiled bitterly. "It's not as easy as you think. The Abyss can not be returned."

"Once you step into the Abyss and reach absolute beginning palace, you can never return. You can either stay in absolute beginning palace forever, or you can cross the Abyss and enter a nine-star civilization."

Therefore, unless it was absolutely necessary.

No one was willing to try entering the abyss.

"Now, we are all trying to find the aura of chaos. As long as we can fuse it into our bodies, we can enter a nine-star civilization."

"However, we are still halfway there and are not fully prepared. The Lord of Nirvana suddenly wants to use an invitation to leave, disrupting our formation

"Fortunately, we have you to take away the invitation in time."

So...

The mighty figures in the inner abyss were all making two preparations.

One was to resist the destruction of the sacred mountain.

The other was to obtain the aura of chaos and head to the nine-star civilization to seek refuge.

"It's not easy to find the aura of chaos, is it?" Su Yu asked.

He finally succeeded with the help of Xiao Die.

The others might not.

Yun Yazi looked at Su Yu with a complicated look. "It's hard to say, but it's easy to say! Come with me, I'll bring you to meet someone."

Oh?

Su Yu was curious.

Was it someone he knew?

Otherwise, why would Yun Yazi say this.

Under his lead, they came to the center of the Inner Abyss.

An area with a separate restriction.

Ordinary creatures were not allowed to enter here.

Only the most powerful people were qualified to bring people in.

Opening the restriction.

A huge cage came into Su Yu's sight.

In the cage, there was a man-made beautiful scenery.

The bamboo forest was deep.

The thatched cottage was covered.

The fragrance of flowers filled the air.

Birds chirped and insects chirped.

The warm spring breeze blew the earth and stirred up ripples on the lakeside.

Su Yu stood in front of the cage.

He didn't quite understand why Yun Yazi had brought him to see the prisoner.

Moreover, where was the prisoner?

He looked around but didn't find him at all.

Suddenly.

The shimmering lake surface rippled.

It was as if something was about to come out of the water.

Then.

With a pop, a beautiful woman with a graceful figure appeared in front of him.

Seeing her, Su Yu's pupils constricted.

Chapter 2836 Farewell To An Old Friend

That face was engraved in his heart, and he would never forget it for the rest of his life.

Xia Jingyu!

It was her!

Yun Yazi saw the change in Su Yu's mood and quickly said, "Don't be impatient."

He cupped his fists at 'Xia Jingyu' through the cage. "Miss Qingyun, thank you for helping us again. We don't have much time."

Qingyun?

Su Yu's mind was buzzing.

So it was her!

Her appearance and soul were both Xia Jingyu's.

But her eyes didn't look like hers.

Qingyun waved her hand and a set of fiery red clothes fell on her body.

She was wet all over and walked over gracefully.

When she noticed that there was still Su Yu standing beside Yun Yazi, she couldn't help but be stunned. Then, she smiled emotionally and said, "You've also come to the Inner Abyss."

Su Yu's heart was complicated. He said, "You too."

When he saw her, he could not help but think of Xia Jingyu.

"Master, why are you locking her in a cage?" Su Yu asked.

Yun Yazi sighed, "Ask her yourself."

Qing Yun replied in a timely manner, "You've misunderstood. It's not that they want to lock me up, but I want to lock myself up."

Lock Myself Up?

Su Yu thought that Yun Yazi and the others wanted to seize the chaotic aura on Qing Yun's body, so they deliberately locked her up and exploited her.

He didn't expect that it was her own request.

"Why?" Su Yu asked.

Qing Yun looked in the direction of the abyss and said, "No one should understand my situation better than you do, right?"

Su Yu thought for a moment and somewhat understood.

Qing Yun was like the evil daughter, a vessel for the illustrious son of Heaven.

A part of the illustrious son of Heaven was born in their bodies.

A part of the evil daughter's body had already been taken away.

Qing Yun's was still in her body.

She could be threatened by the son of Heaven of the sacred mountain at any time.

Because the evil daughter cultivated a secret technique, she could split herself in half in advance.

She gave herself a chance to extend her life.

However, Qing Yun might not have it.

Once the son of Heaven of the sacred mountain found out and took away the body of the mirror flower son of heaven, he might return to the ultimate.

"I asked the experts here to build this cage. The purpose is to seal my aura so that the son of Heaven of the Sacred Mountain would not notice me in time. In exchange, I will help the living beings to infuse enough chaotic aura so that they have a chance to enter the nine-star civilization."

Su Yu felt relieved.

Looking at the familiar face, Su Yu asked, "Is the infusing process difficult?"

"A little. In decades, less than one-tenth of the living beings have been successfully infused," Qing Yun said helplessly.

She only had time to successfully infuse the Master of heavenly book and other experts.

The rest of the ordinary living beings didn't have time.

Su Yu also felt helpless.

His chaotic aura was given by Xiao Die. How could he help others?

Yun Yazi sighed, "It was the previous peerless experts who misjudged and mistakenly trusted the Nirvana Master."

"The initial quota for instilling primal chaos was mostly given to the Nirvana master and his protectors, as well as the many believers he controlled."

"In the end, after he instilled the primal chaos into him, he immediately abandoned the other living beings and prepared to head to the nine-star civilization alone."

At that time.

Yun Yazi, the Demon Emperor, the sky-splitting patriarch, and the other powerful mighty figures had yet to arrive at Dao Yuan.

The rest of the peerless experts all followed the Nirvana Master's lead.

Who knew that he was such a person.

"However, fortunately, Su Yu, you got the invitation. This way, he won't be able to leave even if he wants to." Yun Yazi said with gratification, "We can delay until Neiyuan can't hold on any longer."

"And at that time, it would be difficult for the Nirvana master not to fight the enemy."

Su Yu understood.

Looking at Qing Yun, he said, "Thank you for saving me."

When Su Yu broke through to Dao master, he was mercilessly killed by Dao Fire.

Qing Yun once made a move.

It was a favor.

It must be repaid.

"No need." Qing Yun said in a low voice.

"Then, I'll take my leave," Su Yu said.

Qing Yun nodded and turned around gently.

However, suddenly, a trace of pain appeared on her face. She immediately turned around and looked at Su Yu. "Wait!"

"What's Wrong?" Su Yu, who had also turned around, turned around and asked.

Qing Yun looked at Su Yu from head to toe and asked, "You have something on you that belongs to the mirror flower son of Heaven."

So...

It was the petrified body of Prince Charming in her body. It sensed something and moved on its own.

It caused intense pain.

Su Yu pointed at his chest and said, "Here."

"Heart?" Qing Yun was in disbelief. "Can I take a look?"

Su Yu lifted his shirt to reveal his chest.

There was a palm-sized scar.

It was left when he dug out his own heart.

Many years had passed, but the wound was still there.

And through the skin and flesh, one could feel that there was an exceptionally strong heart beating there.

Occasionally, one could even catch a glimpse of a gray color from it.

"You... What are you thinking?" Qing Yun's eyes widened. "Fusing the mirror flower emperor's heart into your own body?"

Su Yu sighed softly. "I had no choice."

He briefly explained the situation back then.

After listening.

Qing Yun shook her head. "That's too ridiculous! You're just delaying death. In the end, you'll become a Rockman."

Become a Rockman?

Su Yu was not too surprised.

How could he forget that when he used his saintly being back then, half of his body was petrified?

"I don't know if you've ever dreamed of the Prince of Mirrors," Qing Yun said meaningfully.

Hearing that.

Su Yu's heart skipped a beat.

He had really dreamed of it.

Looking at Su Yu's expression, Qing Yun shook her head. "It's Too Late! That heart has already taken root in your body. It's too late to replace it."

Su Yu frowned. "From the looks of it, it doesn't seem to have much of an effect. Moreover, this heart has given me a chance to survive."

He didn't think that the Devil Emperor did something wrong back then.

On the contrary, Su Yu was very grateful to the Devil Emperor.

"That's because you don't understand. If the mirror flower emperor resurrects, it will start from the heart." Qing Yun stared at Su Yu. "In other words, you will also become the container of the mirror flower emperor."

"And at that time, the rest of her petrified body will gather in your body and use your body to resurrect!"

Su Yu's situation was even worse than Qing Yun's.

At the very least, she could take out the petrified body from her body.

Su Yu was the sacrifice of the mirror flower emperor after he resurrected.

Su Yu said indifferently, "That depends on whether the mirror flower emperor has the ability or not."

He didn't believe that he couldn't do anything to a dead person.

Qing Yun sighed, "You have no idea how powerful the mirror flower emperor is. Her resurrection is an unstoppable trend."

Su Yu was cautious, but he did not take it to heart.

He already had the eye of Taotie, which was extremely difficult to deal with.

What was the threat of the mirror flower son of Heaven's resurrection?

As the saying goes, one would not be afraid of an itch if one had too many lice.

There was nothing to worry about.

What he should worry about now was the destruction of the sacred mountain.

"I will be careful," Su Yu could only say so.

Qing Yun let out a long sigh. The son of the illusionary flower had already taken root in Su Yu's body. What was the use of being careful?

She bid farewell to Qing Yun.

Su Yu followed Yun Yazi back to his cultivation cave.

Chapter 2837 The Path Of The Heavenly Dao

Beware of the Nirvana master's sneak attack on Su Yu.

"Your cultivation has already reached the peak of the Earth Dao master level. If you take another step forward, you will reach the Heavenly Dao master level." Yun Yazi sized up Su Yu and praised him.

After cultivating for more than 200 years, as a mortal without a great background, it was not easy.

Su Yu was about to ask someone about matters related to the breakthrough.

"Master, is there anything you need to pay attention to when breaking through to the Heavenly Dao Master Realm?" Su Yu asked.

The Heavenly Dao master was the highest level among Dao Masters.

In theory, it was a natural process and would not be too difficult.

However, Su Yu always felt that the Heavenly Dao master was definitely not that easy to break through.

Especially since he was still a human saintly being.

"That will depend on whether your Heavenly Dao Path is easy to walk," Yun Yazi said.

"When you cultivate to the peak of the Earth Dao Master level, a Great Dao will appear. If you can ascend to that Great Dao, you will be able to break through your shackles and become the Heavenly Dao Master."

Peak?

Su Yu's current cultivation base had reached the peak, but his soul was slightly flawed.

Only when his body and soul had reached the peak could he be considered to have reached the peak.

"I'll have to trouble master to protect me." When Su Yu was bewitched the last time, he had devoured many experts. It was just enough for him to digest their souls.

In his inner vision.

Within his pitch-black body, there were indeed quite a few souls.

Their cultivations weren't weak. They were at least at the early stage of the Heavenly Dao Lord Realm.

There were even existences at the middle stage of the Heavenly Dao Lord Realm.

Their souls were extremely powerful.

Su Yu immediately controlled the darkness and devoured all of their souls.

Threads of soul energy fused into Su Yu's body.

Time passed bit by bit.

Ten days later.

His soul finally reached its peak state.

His entire body had reached perfection.

He could break through to Heavenly Dao master at any time.

Su Yu was somewhat looking forward to it, but also somewhat worried.

Would his heavenly dao path be difficult.

Opening his eyes, Su Yu felt that his body was slightly swollen.

It was as if the strength in his body was so much that his body couldn't bear it anymore.

That was the perfection realm.

At this moment, Yun Yazi also became solemn and said, "Hold your breath and concentrate. Circulate your strength and soul at the same time. The path of Heavenly Dao will appear!"

Su Yu's body and soul immediately surged with incomparable strength.

Instantly.

A hot current rushed out from Su Yu's head.

It floated in the air and turned into a path to the sky.

The path was long and distant, with no end in sight.

Countless thorns covered the land.

The mountain rocks were rugged and steep.

Su Yu looked at Yun Yazi and asked.

Yun Yazi revealed a look of joy and said, "Very good! Although it's slightly rugged, it's flat and has a very high limit."

Su Yu put down the huge rock in his heart.

"Such a good path to the Heavenly Dao is very rare!" Yun Yazi praised, "Flat indicates that your foundation in cultivation was very solid, and you walked up step by step without taking any shortcuts."

"And reaching the Heavenly Dao all the way indicates that after you break through, the upper limit is far higher than ordinary people."

Not everyone was like Su Yu, who walked up step by step.

Many experts reached the peak of the Earth Dao Master Realm and took many shortcuts.

This caused their foundations to be unstable.

That way, when breaking through to the Heavenly Dao master realm, the disadvantages would be obvious.

Not only was the Heavenly Dao path difficult to walk, it was also exceptionally short.

After breaking through, one would usually only be at the lowest level of the Heavenly Dao master realm.

It was very difficult to have long-term potential.

"Congratulations!" Yun Yazi smiled in relief. "I can foresee that your future will far surpass that of an ordinary person."

At the same time.

Many powerful figures in the inner abyss saw this path to the heavens.

"That's Yun Yazi's disciple, right? Isn't his Heavenly Dao Path Too Long?"

"Our Path of Heavenly Dao back then wasn't even half as long as this kid's!"

"The only person on the path of Heavenly Dao that can be compared to him is the Nirvana master, Right?"

"It can't be! Could it be that there will be another existence that can be compared to the Nirvana Master in the future?"

"No!" An expert who also had a long lifespan said in shock, "The Nirvana master back then didn't have such a long path of Heavenly Dao that reached the horizon."

Hearing that.

Everyone who was already in an uproar was completely shocked.

"What? Could it be that his potential surpassed the Nirvana Master?"

"How is that possible?"

"It must be known that the Nirvana master was the only existence in the previous era that was comparable to the sacred ancestor. It's just that he jumped out of the world and didn't want to participate in the ranking."

The power of the Nirvana master was publicly acknowledged in the previous era. He was the only existence that could stand shoulder to shoulder with Ren Zu.

There was actually someone who could surpass him?

It was simply beyond their imagination.

In a certain battleship.

The Nirvana master looked up at the sky. His solemn face revealed traces of shock. "Another Ren Zu! The human race has been destroyed to such an extent. Why is there still a world-shaking expert emerging from time to time?"

The human race in the previous era was incomparably brilliant.

There were many outstanding people.

Ren Zu was the most famous one.

He led the human race to an unprecedented prosperity.

He once became the leader of all races, causing the proud creatures of the nine-star civilization to feel inferior.

Even the chaos residents felt threatened.

They started a huge war of destruction against the human race.

But even in the end, the outcome still made the chaos race tremble in fear.

In the end, Ren Zu fought alone on the sacred mountain.

He killed Jing Hua Tian Zi, exterminated nine-tailed Tian Zi, and heavily injured carefree Tian Zi.

That peerless battle strength still made the primal chaos race feel fear.

Who would have thought.

An era had passed.

Now, the human race had withered and become the nine paths of all races.

But, among them, there was actually a monstrous existence that was comparable to Ren Zu!

When he grew up, there would definitely be another ren zu reincarnating in the future.

The Nirvana master narrowed his eyes as he felt a deep threat.

They were walking the same path.

How strong Su Yu's potential was would determine how troublesome he would be in the future.

However.

A scene that shocked them appeared.

The Heavenly Dao Path actually began to change!

The Heavenly Dao path that had already reached the horizon actually began to spread into the distance! !

"What! A second growth?"

"How is this possible?"

"The path of Heavenly Dao has been frozen the moment it appeared. How can there be a second growth?"

"This is absolutely impossible!"

"If it continues to grow, doesn't that mean that his future achievements will surpass Ren zu's?"

Countless people's minds were buzzing.

The crowd was also completely boiling at this moment.

What kind of concept was it to surpass Ren Zu?

Throughout the ages, Ren Zu was the strongest existence in countless eras.

He was the only supreme being that could shake the sacred mountain.

If he surpassed Ren Zu, how terrifying would his future potential be?

In the secret chamber.

Yun Yazi was shocked and extremely excited!

His potential far exceeded Yun Yazi's imagination.

"Su Yu! ! You Make Me So Proud!" Yun Yazi said with uncontrollable joy.

If there was an existence that surpassed ren zu...

As his master, how Proud Would Yun Yazi be?

Su Yu only smiled faintly and said, "I haven't broken through to Heavenly Dao master yet, so it's too early to say anything."

He stared at the path of Heavenly Dao that was still spreading, and his emotions were very calm.

After many years of adventuring, he understood that everything must not be said to be dead until the last moment.

Chapter 2838 Speak Properly

Because there might be countless unexpected accidents along the way.

"When the path of Heavenly Dao stops, you can step on it and reach the end," Yun Yazi said.

His old eyes were full of anticipation.

He didn't know how long the path of Heavenly Dao would last!

At this moment.

Countless peerless experts rushed over after hearing the news.

The first to arrive was the demon emperor.

He stood outside the cultivation room and laughed, "Congratulations, sacred body Su!"

Su Yu and Yun Yazi came out.

The former cupped his fists and said, "You flatter me, Demon Emperor."

The demon emperor laughed and said, "It's a great fortune for the new era to have a genius like you in my void!"

Shua --

Sky splitter patriarch also rushed over.

The chains on his body were clanging as he said, "Kid, this old man wants to see with my own eyes what realm you will reach after breaking through to Heavenly Dao master and whether you can compete with this old man."

His battle intent was overflowing and there was no lack of envy in his eyes.

Following that, the peerless experts from the inner abyss all rushed over.

"I really can't be envious. Our lifetime achievements are not even comparable to a junior."

"Haha, he's the saintly being of the human race. His potential is naturally high."

..

Upon hearing their words.

Su Yu only smiled and did not say anything.

He said it as if everything he had was effortless.

Right at this moment.

Xiao die and the rest of the people from the heavenly court arrived.

"Fellow, isn't the path of Heavenly Dao a little too exaggerated?" Xiao die looked very jealous and said, "If there's anything you need help with, just say it."

Yu Xiang Wan and the others went up to congratulate her one after another.

From their words, there were only sincere wishes.

Su Yu sighed inwardly.

Compared to the words of the two parties, it could be seen who was closer.

"Since all of you are here, why don't you come and witness my Disciple's path to Heaven?" Yun Yazi waved his hand.

Hundreds of tables and chairs appeared on the spot.

The tables were filled with good wine and dishes.

It was actually a temporary banquet.

Everyone smiled as they sat down.

Who wouldn't be willing to witness an existence that surpassed ren zu?

The group of people sat down happily, waiting for the Heavenly Dao Path to begin.

But...

The banquet was just about to begin.

Buddha's voice fell from the sky.

The Lord of Nirvana, surrounded by eighteen protectors, came over with a smile on his face.

"To witness the birth of another ren Zu, how can there be a lack of this penniless monk?" The Lord of Nirvana came uninvited.

Furthermore, he unceremoniously occupied the central seat.

He sat at the same table as Su Yu, Yun Yazi, sky-splitting patriarch, and the Devil Emperor.

He pushed away the other mighty figure that belonged to this seat.

The latter dared to be angry but did not dare to speak. He could only leave dejectedly and come to a remote corner.

"What, everyone doesn't welcome this penniless monk?" Nirvana master asked with a smile.

Because everyone's eyes were filled with disgust.

No one was willing for the Nirvana master to come.

Yun Yazi glanced at the path of Heavenly Dao that could stop extending at any time. He didn't want to fall out with others at this juncture.

"Of course, we welcome you," Yun Yazi said indifferently.

The nirvana master chuckled, "This penniless monk is courteous."

He then looked at Su Yu and said, "Human sacred body, Congratulations. You are about to become a human ancestor. We all have to submit to you."

Oh?

As soon as he said this, Su Yu immediately understood the Nirvana Lord's intention.

Flattery!

He deliberately aroused the others' vigilance and disgust towards Su Yu.

As expected.

Many peerless mighty figures seemed to be calm, but in fact, there were subtle changes in their eyes.

Some of them directly showed disdain on their faces.

They were all old monsters who had lived for countless years. How could they allow themselves to submit to a junior?

Su Yu's face was expressionless, and he said unceremoniously, "Junior should learn from the Nirvana master when it comes to treating the others as slaves."

You want to kill me with flattery?

Then let yourself be embarrassed first.

In terms of what the Nirvana master did, it was not an exaggeration to say that he treated the other experts as slaves.

If there was danger, let them go. If there were benefits, let yourself get them. Moreover, you could abandon them at any time.

Hearing this.

Everyone stared at the Nirvana Master with an unkind expression.

The latter's expression did not change. He stared at Su Yu with a deep meaning and said, "I heard that the human sacred physique has a deep relationship with the sacred mountain. This penniless monk does not believe this."

What people were most curious about was the secret.

The many experts were no exception.

Hearing this.

They seemed to be calm, but in fact, they were secretly listening.

Su Yu said indifferently, "So, I, who have a relationship with the sacred mountain, destroyed more than a hundred sacred mountains, but you, the master who has nothing to do with the Sacred Mountain, are merciful and don't hurt them when the sacred mountain is at its weakest?"

His eyes turned cold, and he said mercilessly, "Nirvana master, your method of sowing discord is really not brilliant enough."

He decided to point out the key.

Everyone was shocked.

They immediately understood.

Nirvana master did not come with good intentions.

From the start, he pushed Su Yu to the opposite side.

And they almost fell for it.

In terms of suspicion, Nirvana master was much bigger than Su Yu.

"Nirvana master, if you are here to drink, I welcome you. If you are here to mess things up, please go ahead." Yun Yazhi's face sank.

The Devil Emperor and sky-splitting patriarch also cast hostile gazes at him.

This nirvana master was always annoying.

The Nirvana master chuckled and said, "I am only thinking of everyone's safety. After all, I can feel a very heavy aura of the son of heaven from the body of the SU saintly being."

As he spoke, the Nirvana master stood up.

He deliberately said half of his words and left the other half behind.

This made people even more suspicious.

"This penniless monk will take his leave. Everyone, take care." After saying that, he silently left.

Leaving behind a group of people who were secretly guessing.

Why would the lord of Nirvana say that Su Yu had the aura of the son of Heaven?

Was he fabricating evidence to slander Su Yu?

Su Yu sat still and could clearly feel the anxiety of the people present.

Su Yu said indifferently, "My heart is the son of Heaven's heart. Is there a problem?"

What!

The crowd immediately boiled up and they all left Su Yu in fear.

They feared him like tigers.

"What is your relationship with the son of Heaven of the Sacred Mountain?"

"Right! Tell me quickly! Why is your heart the son of Heaven's heart?"

"There must be an ulterior motive between the two of you!"

The many peerless experts who were chatting and laughing just a moment ago started questioning him in the blink of an eye.

It was as if Su Yu would not give up until he explained it clearly.

Su Yu said indifferently, "Do I need to explain to you?"

There was really no need to explain to such people.

"What kind of attitude is this?" An old man slammed the table and asked.

Su Yu looked at him coldly. "What kind of attitude is this?"

They all said that Su Yu and the son of Heaven of the Sacred Mountain had an ulterior motive, and they still needed Su Yu to explain it nicely?

Perhaps they had lived for too long.

They thought too highly of themselves.

"HMPH!"

At this moment, the demon emperor snorted heavily.

"All of You Shut Up!"The Demon Emperor looked around coldly. "I replaced his son of Heaven Heart. Why, do you all have a problem with that?"

Everyone fell silent just now.

But the doubt on their faces did not ease.

"Then can't he speak properly?"

Chapter 2839 Sowing Discord

"That's right, relying on his own potential, he is incomparably arrogant!"

"This child is arrogant. He is a typical example of a villain being arrogant just because he has achieved his goals!"

Hearing everyone's unreasonable words.

Su Yu was frustrated.

In terms of tone, the demon emperor directly ordered them to shut up. It could be seen that which one of them was dissatisfied with the demon emperor?

On the other hand, Su Yu was too lazy to explain.

Thus, he was belittled to such an extent. He even said bluntly that Su Yu was a despicable person who would be arrogant if he got his way!

He stood up and looked at everyone coldly. "I respect all of you as seniors. I'm too lazy to argue with all of you. If you say one more word, don't blame me for being impolite!"

Most likely, they had never seen Su Yu use his full strength.

Among the experts present.

Apart from Yun Yazi and a few others, they were able to block his full strength attack.

As for the rest, it was difficult for them to fight him alone.

In their eyes, Su Yu was probably just a person who was lucky enough to become a human saintly being, but in reality, he was very weak.

That was why he dared to be unbridled.

Publicly slandering him.

Many experts couldn't help but be furious.

The jealousy in their hearts couldn't be concealed any longer.

"Yo! Nirvana master was right. You haven't even become an existence comparable to Ren zu and you already don't put us in your eyes. If you really succeed, then what's The Big Deal? If we don't submit, won't we be crushed into the mud by you?"

"Hehe! Nirvana master is indeed not a good person, but this Su Yu is also not a good person!"

"A villain gets his way!"

Su Yu stared at one of them.

This was the second time he had said that Su Yu was a villain getting his way.

This person was dressed in a black robe and his entire body was covered. It was impossible to see his true appearance from the outside.

"A villain gets his way? You are thinking too much!" Su Yu instantly activated his saint body.

A huge nine-colored sword condensed in his palm.

He slashed down viciously at the black-robed person.

Chi La --

The power of this attack was comparable to the mid-stage Heavenly Dao master.

Most of the peerless experts present were only at the peak of the early-stage Heavenly Dao Master.

There were very few mid-stage Heavenly Dao Masters.

The black-robed man in front of him immediately crawled into the crowd. As he ran, he shouted, "Not good, the human sacred physique is indeed the son of Heaven's subordinate. Everyone, quickly kill the traitor!"

However.

Facing such a terrifying attack.

Who would dare to block this attack for him?

They all dodged.

The black-robed man panicked and used all his strength to block this attack.

Under his black robe, a dense Buddhist light flashed, trying to block this attack.

In the end, it ended in failure.

RIP --

The black robe on his body was immediately cut into pieces.

To reveal its hidden essence.

It turned out to be a monk in a cassock.

Besides, they all know each other.

"Isn't that the 18 guardians of the Lord of Nirvana?"

This monk is no one else.

The last of the 18 guardians of Nirvana.

He withstood the blow with his own light of Buddha and immediately fled.

As he fled, he turned around and shouted coldly, "Everyone, make your move! The sacred body of the human race is definitely sent by the enemy!"

Su Yu laughed coldly, "No wonder! So it's the Nirvana master's people who are stirring up trouble."

The crowd was extremely easy to follow blindly.

Once someone led the pace.

The others would follow blindly.

This person hid his identity and went head-to-head inside. He was leading the pace to stir up trouble.

Everything was a conspiracy of the Nirvana master.

"I don't understand what you're saying. I'm just telling the truth. You Devil, Why don't you surrender and wait for the punishment of all living beings?"

Su Yu chuckled, "You escaped last time, and you still dare to stir up trouble this time?"

He waved his hand, and the myriad calamity scythe appeared in his palm.

He quickly hacked down.

Instantly.

Nine Taotie heads and one of the golden heads shot out beams of light that intertwined into a dark golden color.

They swept toward the monk.

The monk's face was deathly pale as he shouted urgently, "Nirvana lord, save me!"

From a great distance, a majestic Buddhist voice sounded, "Sacred Body Su, your killing intent is too heavy. Please return to the shore."

The voice was still reverberating.

A huge Buddha hand descended from the sky and protected the eighteen protectors in the center.

The latter let out a long sigh of relief and turned his head to look at Su Yu. His eyes revealed a trace of mockery.

Wanting to kill him under the eyes of Nirvana Master, Dream On!

Who knew.

Su Yu's expression was still the same, staring at him as if he was looking at a dead person.

The latter's heart thumped, having a bad premonition.

Right at this moment.

A petite figure suddenly dashed out, opened her mouth and bit, forcefully crushing the giant Buddha's palm.

Then, the dark golden beam of light rushed into it without any obstruction.

It enveloped the eighteen protectors who thought they were safe.

An extremely shrill scream.

The eighteen protectors were blasted into nothingness on the spot.

From Afar, the Master of Nirvana's rage could be heard, "Devil, you killed the innocent, this Buddha won't forgive you!"

Su Yu sneered, "You are also worthy of becoming a Buddha?"

He turned his gaze and locked onto the other three who were in a rhythm.

"Let me guess, the three of you are also people sent by the Master of Nirvana, right?" Su Yu said indifferently.

The three of them were dressed in disguises.

They either wore black robes or deliberately changed their appearances.

In short, they hid their identities.

The three of them sensed that something was wrong and immediately fled.

"Humph!" Su Yu's eyes were ice-cold. He waved the great calamity scythe three times in a row.

Three arcs of cold blades quickly slashed down.

Chi La --

Their disguises were all gone.

Without exception.

All of them were Nirvana Master's protectors.

One of the protectors was slightly weaker and was killed on the spot.

The other two were also heavily injured and escaped.

Su Yu was about to chase after them when Nirvana master finally rushed over and used a kasaya to intercept the two of them.

His face was full of anger.

"Human sacred body, you killed innocents indiscriminately and arrogantly became a sacred body." Nirvana master showed anger.

Two of his 18 protectors were killed!

"I suggest that we abolish his sacred body." Nirvana master berated.

However.

No one agreed.

With no one leading the way, many peerless experts were very calm.

No matter how one looked at it, it was Nirvana master who was trying to drive a wedge between them.

In the end, it didn't work and the wicked complained first.

"I object." Yun Yazi said lightly.

The Demon Emperor and sky-splitting patriarch led the way one after another.

The other experts also expressed their opposition.

Yun Yazi said indifferently, "The saintly being was chosen by the common people. It's not up to you to agree or not."

"As for those believers who don't know your true face, I think we should release them all from the cave abode world and let them choose whether to believe in you or not."

The other experts expressed their opinions one after another.

They hated Nirvana master to the extreme.

This kind of person could only confuse ordinary living beings.

They could deceive their beliefs and obtain power.

Seeing that sowing discord was useless, Nirvana master could only say, "Fine! Don't regret it!"

Everyone scoffed.

They couldn't wait for Nirvana master to leave immediately.

What was there to regret for offending him?

Getting rid of the Nirvana master.

The crowd looked at the heavenly path again.

What amazed them was that the heavenly path was still extending.

However, the speed was getting slower and slower.

Chapter 2840 The Heavenly Path Was Cut Off

"Su Yu, Get Ready." Yun Yazi's gaze focused, and a trace of excitement appeared on his face.

The heavenly path was about to be stopped.

Su Yu also focused his gaze.

This trip to the heavenly path would definitely not be peaceful.

He had to be mentally prepared.

After the time it takes for half an incense stick to burn.

The heavenly path finally stopped. Its end had already crossed the horizon and reached the depths of nothingness.

In terms of length, it was even higher than Ren zu back then.

"Set off!" Yun Yazi said.

Su Yu was about to set off.

Suddenly, an indifferent voice sounded from the crowd, "I advise you not to go up."

Su Yu looked over.

The crowd immediately split apart, revealing an unremarkable short figure hidden in the crowd.

The other party was also dressed in black robes, tightly covering himself. His true appearance could not be seen.

"Nirvana master, are you still not giving up?" A mighty figure laughed in anger.

He walked forward and berated, "You are misleading the masses. I will take you down now."

The other party sighed helplessly.

With a wave of her hand, she took off the black robe on her body, revealing a face that could be broken with a puff of wind.

She was not a monk, but a pretty girl.

What was even more surprising was that.

Su Yu knew him.

"Red Medicine?" Su Yu said subconsciously, but then changed his words. "No, I should call you the ruler of death."

The girl in front of him was no other.

She was the ruler of death who had deceived Su Yu and the heavenly court.

She disguised herself as red medicine and hid by Su Yu's side for a long time. In the end, she managed to escape to Dao Yuan.

Unexpectedly, Su Yu had not gone to look for her.

She took the initiative to step forward first.

"It's been a long time, human sacred body." The ruler of death smiled faintly.

Xiao die stared at her and said, "Should we capture her?"

Su Yu shook his head. "Forget it. If she really wanted to harm me, she would have done it long ago."

She had been hiding by Su Yu's side for a long time. If she wanted to harm Su Yu, she had countless opportunities.

"Tell me, what do you want to do to stop me from ascending the heavenly path?" Su Yu asked.

The ruler of Death's eyes were dark. In her vision.

Above Su Yu's head, there was a black flag.

That was the flag of death.

It was something that only appeared on the head of a person who was about to die.

It indicated that this person would be dead within a day or a moment.

"You are about to die." The ruler of death said briefly, "I guess it has something to do with the path of Heavenly Dao. You had better not go up there within a day."

Su Yu was doubtful and said, "You should know that I have the fate Yuan Domain."

If his life was really in danger, his fate would fluctuate rapidly.

"I know, but you had better believe in the ruler of death with a Yuan Domain." She said with certainty, "Just waiting for a day won't affect you."

Once the flag of death appeared, it would only appear for one day.

Regardless of whether the host was dead or not, it would disperse.

Yun Yazi gazed deeply at Su Yu and said, "For safety's sake, waiting for one day doesn't matter. As long as the path of Heavenly Dao hasn't arrived, it will exist for one day. It Won't affect anything."

Su Yu pondered for a moment and slowly nodded, "Alright, I hope you're right."

But...

Just as Su Yu made his decision...

The death ruler suddenly let out a muffled groan. Blood gushed out from his pores, and his vitality rapidly decreased.

In the blink of an eye...

His eyes rolled back on the spot, and his aura was extinguished.

It was as if there was an unseen force that angrily killed the death ruler.

The crowd immediately scattered in fear.

Especially the few peerless experts who were close to the death ruler.

Before the ruler of death died, they could clearly feel an extremely cold and terrifying power descending upon them.

It instantly killed the ruler of death!

"Everyone, fall back!" Yun Yazi also felt that something was amiss and immediately berated.

After the crowd dispersed.

They looked at the body of the ruler of death with solemn expressions.

At this moment.

They couldn't help but not believe the words of the ruler of death.

Su Yu's life was in danger.

It was because of her dao breakthrough that forced Su Yu to change her decision to ascend to the Heavenly Dao Path.

That was why that mysterious existence would punish her and kill the ruler of death.

Su Yu, on the other hand, narrowed her eyes and said, "If the ruler of Death can die so easily, then she will be presumptuously using the word 'death'."

Clap Clap --

Suddenly.

Applause rang out from behind the crowd.

Everyone turned their heads to look.

It was actually the corpse of the eighteen protectors who had just died.

He stood up once more and clapped with a smile on his face.

"You are indeed the one who understands me the most." From his tone, there was no doubt that he was the chief sovereign of death.

The chief sovereign of death was an existence who controlled a death domain.

How could he die so easily?

Just like back then, after his main body died, he was reborn on a woman's body.

"You can believe my words now, right?"

Su Yu nodded. "Thank you for telling me. Then, I'll wait another day to see."

As his voice fell.

A certain existence in the dark finally lost patience.

In the Sky Above Dao Abyss.

Suddenly, lightning flashed and thunder rumbled.

Streaks of blood-red lightning split open from an unknown end of the void.

When it landed on the Ancient Dao Abyss, it actually pierced through the earth.

It revealed the abyss that was buried deep under the earth!

At this moment.

Endless Flames ignited in the sky above Dao Abyss.

A huge palm that reached to the sky, carrying intense flames, quickly pressed down.

That palm was completely gray.

It was as if it was forged from stone.

It was very similar to the lime palm that had reached out from the small sacred mountain.

The difference was that.

This palm contained ten thousand times more power than the little sacred mountain.

Once it appeared, it caused the entire dao abyss to shake.

Even the abyss was filled with shock.

Ancient God Nine Dragons, who had been hiding at the bottom of the abyss, stretched out his body in a rare fashion and looked solemnly at the giant lime palm that was descending.

The hearts of the Dao Masters of Heavenly Books and the other major powers all trembled.

The giant palm wrapped around the Great Dao of Heaven and earth and suddenly came crashing down.

It was as if everything in the world was dust in front of the giant petrified palm.

What was even more terrifying was that.

The giant palm ignored the powerful defense of the inner abyss and directly passed through it, striking the path of the Heavenly Dao.

Kacha --

An earth-shattering explosion sounded.

The path of the Heavenly Dao collapsed!

Starting from the middle, it split into two.

For a moment.

Everyone was stunned.

Su Yu's path of Heavenly Dao was cut off!

"Son of Heaven of the Sacred Mountain!" The Devil Emperor, sky-splitting patriarch, and other Nirvana stage experts exclaimed in unison.

They recognized it.

It was the son of Heaven of the sacred mountain who personally made a move!

Su Yu's path of Heavenly Dao was too terrifying and gave them a strong threat.

Therefore, they didn't hesitate to make a move and cut off Su Yu's path of Heavenly Dao.

The path of Heavenly Dao was cut off.

Even if Su Yu managed to walk through the remaining half, he could only barely break through to the Heavenly Dao master realm.

In the future, it would be as difficult as ascending to heaven if he wanted to make any progress.

The peerless experts in the Inner Abyss were angry and sorrowful.

It was not easy for such a peerless genius to be born from nothingness, yet the son of heaven wanted to nip it in the bud!

Could it be that the people of nothingness would forever be enslaved by the son of heaven.

Would they never be able to rise again?

Of course, there were also people who gloated!

For example, the Nirvana Lord.

"Times have changed. It's like a dream for the human race to rise again!"The Nirvana lord let out a long sigh.
