

Nine-Dragon 2841

Chapter 2841 The Road To Heaven

He could imagine Su Yu's expression at this moment.

He must be very angry and disappointed, right?

Yun Yazhi was so angry that he couldn't contain his anger. "Sacred Mountain, you guys are too despicable!"

Su Yu's life's efforts were destroyed in an instant!

No one expected that the son of Heaven of sacred mountain would personally take action and cut off a junior's Road to heaven!

Rumble --

All living beings looked up at the half of the Heavenly Dao path that led to the horizon.

The new generation of human ancestors had fallen.

They would never appear again!

The people of Nothingness would never have the chance to make a comeback.

They would forever be enslaved by the sacred mountain.

They would slaughter them again and again, then give them some resources to fatten them up before continuing their slaughter.

The tragic fate would repeat itself again and again.

There would be no more changes.

Su Yu gritted his teeth and jumped onto the heavenly path.

Taking advantage of the fact that the heavenly path had yet to completely collapse.

He still had a chance to give it a try!

Whoosh --

His figure was like an illusion as he ascended the heavenly path.

Wherever he passed, the heavenly path would be surrounded by all kinds of great dao, turning into endless dao flames that lit up the entire path.

When was it beautiful.

The Dao Flames appeared again.

But at this moment, it was no longer a hindrance to Su Yu's existence.

It was more like an honor.

An honor to witness the birth of the Heavenly Dao Master!

Rumble --

The Great Dao Path was still collapsing. Su Yu did his best, hoping to rush over as quickly as possible.

A moment later.

When he successfully arrived.

That half of the Heavenly Dao Path had already collapsed onto the ground.

In front of him was a broken cliff!

There was no more path!

His Heavenly Dao master path had come to an end.

There was no more possibility to advance.

And at this moment.

He was still stuck at the peak of the Earth Dao Master, unable to advance.

Every living being, the Heavenly Dao Path only appeared once.

Once missed, it would never appear again.

"Everyone says that there is no such thing as a Heavenly Dao master path. Why must it be the only one that cuts off my path?" Su Yu raised her head and looked at the giant hand of the son of heaven that was slowly leaving.

A trace of hatred appeared in his eyes.

He was unable to become the Heavenly Dao master.

What could he use to survive the destruction of the new age? What could he use to save her former lover?

Was Xie Xiaoyue's sacrifice not enough?

Was Qin Xian 'Er's death not painful enough?

Was little qilin's departure not regretful enough?

"Son of Heaven of the Sacred Mountain!" Su Yu roared angrily. "My Path, you can not cut it off. You can not crush it, you can not destroy it!"

He lowered his head and looked at the path of Heavenly Dao lying on the ground.

He used everything he had learned.

The seven domains gathered into a seven-colored palm and grabbed the broken path of Heavenly Dao before lifting it up.

However.

The path of Heavenly Dao was extremely heavy.

How could it be done by human strength?

With a slight rumble, the path of Heavenly Dao lifted slightly before falling back onto the ground.

Its power was still too weak.

The ruler of death hesitated for a moment before clenching his teeth and patting his head.

A lump of bloodline appeared.

"I'll Grant You Your Wish!" He threw the lump of bloodline towards Su Yu.

Su Yu turned around and was slightly stunned. He subconsciously took it. "The ruler of Death's bloodline, you..."

He couldn't understand.

Why was the ruler of death willing to give up his bloodline?

If he did that, he would lose everything.

The ruler of death smiled desolately. "I have already been hated by the sacred mountain. I Won't live for long. Rather than being taken back by them, I might as well give it to you."

The ruler of death knew his own death best.

He could already see the day of his death.

Thus, he very decisively handed over his bloodline.

Su Yu was moved and said, "Many thanks! If I can live until the start of the new era, I will definitely give you and the ruler of life a chance to resurrect."

That year.

The ruler of life took the initiative to hand over his bloodline to Su Yu and asked Su Yu to promise him that he could resurrect him in the future.

Su Yu agreed.

Now, what was the point of agreeing to another ruler of death?

The ruler of Death's dim eyes lit up and he couldn't help but laugh. "Then many thanks."

After thinking for a while, he rushed to the broken path of Heavenly Dao.

With his remaining strength, he helped Su Yu lift the path of Heavenly Dao.

However, he had already lost the qualification to be a ruler. His strength was weak

He couldn't withstand the pressure of the path of Heavenly Dao at all.

His life force was rapidly melting at a speed visible to the naked eye.

"Stop it!" Su Yu shouted.

The ruler of death said in relief, "Sooner or later, you will die. Why Don't I help you one last time?"

His calm and powerful words touched people's hearts.

Xiao die immediately rushed over and glared at the ruler of death. "There's no way you can steal my job."

She used the power of chaos to lift the Heavenly Dao path together.

The actions of the two attracted the attention of many experts.

Yun Yazi said, "The path isn't broken yet!"

He rushed over and joined in.

The power of the three of them was still very weak compared to the entire Heavenly Dao Path.

However, it had already caused the Heavenly Dao path to lift three feet again.

The demon emperor laughed, "The path of the Heavenly Dao, hehehe, this is something that I don't even dare to think about! How can I not participate in such an interesting matter?"

Sky splitter patriarch also complained, "This sacred mountain is really not something. He made Su Yu unable to break through to Heavenly Dao master, so how can he fight me?"

The two mighty figures also rushed over.

The many resentful and sorrowful mighty figures seemed to see the last ray of Hope.

They all rushed over.

Su Yu's heart was moved.

He had the help of many experts.

Why worry about big things?

Taking out the exquisite pearl, Su Yu quickly absorbed the bloodline of the ruler of death through it.

And within a short period of time, he gave birth to a death yuan level domain!

For the first time.

The eight great domains he had cultivated all his life had all reached the Yuan level.

The change in the domain's power wasn't an increase of one-eighth.

It was an increase in the entire body!

The eight great domains condensed into a huge palm and grabbed at the ground, grabbing onto the Heavenly Dao Path.

This time, it didn't fall.

The huge palm grabbed onto it.

It lifted it up bit by bit.

In addition, with the help of several mighty figures.

A miracle happened!

A moment later.

With a loud bang, the Broken Heavenly Dao Path finally left the earth and flew back into the sky.

All he needed to do was reconnect it.

Su Yu would be able to walk the complete Heavenly Dao Path and become the Heavenly Dao master with the strongest potential since ancient times!

The peerless experts present were completely moved.

They all stepped forward.

They were the only peerless experts left in the void.

They spanned two eras.

Now, they had all gathered together and joined forces to fight for the hope of a junior in the Void to break through to the Heavenly Dao master level.

With their addition.

The path of the Heavenly Dao rose at an even faster speed.

But it was still too slow.

"Sacred Body Su! Give me the core of the nightmare crossing Lotus seat." Ancestor Lu rushed over and said from afar.

Su Yu immediately gestured to Yun Yazi, who immediately returned it to ancestor Lu.

After ancestor Lu received it, he immediately shouted, "All of you from the third tribe, follow me!"

The experts from the third tribe realized what they were going to do next.

Not only did they not resist, they were filled with excitement.

"We want to take the path of the Heavenly Dao?"

"Haha, such a heaven-defying move, how can we not come?"

Chapter 2842 Ren Zu Appeared

Led by Lu Zu, they returned to the king-level crossing Nightmare Lotus seat.

They crazily injected energy into the core controller.

After obtaining energy.

Under Lu Zu's control, the king-level crossing Nightmare Lotus seat rose into the air and lifted up the Broken Heavenly Dao Path.

With its help, the Heavenly Dao path rose even faster.

However...

Relatively speaking, it was still too slow.

It would take at least a year for it to be renewed.

And they...

Didn't have a year.

Not only were there continuous attacks from the sacred mountain outside...

The path of Heavenly Dao couldn't have existed for so long either.

During the process of ascending...

Pieces of broken stones fell from the path of Heavenly Dao.

The path of Heavenly Dao wasn't corporeal, so it couldn't exist for too long.

There was only one day.

One day passed.

If the person who ascended the path of Heavenly Dao didn't finish walking, the path would naturally disappear.

Right now, it was a sign of disappearing.

However, this was all the power they could gather.

Su Yu was extremely unwilling.

Should his path of Heavenly Dao end here?

No!

He activated his saint body's power and condensed a nine-colored palm. From top to bottom, he firmly grasped the path of Heavenly Dao.

One was the palm of the eight Yuan level domains.

The other was the palm of the nine-colored sacred body's power.

His entire life's power was unleashed at this moment.

However.

The effect was negligible.

His Heavenly Dao Path was too long and heavy.

It was impossible to quickly lift it up.

Yun Yazi and the others gritted their teeth and persevered, but Yu Ren had the intention to give up.

"It's much heavier than we imagined. We might be doing useless things," someone muttered.

The demon emperor raised his voice, "How can we give up until the last moment?"

He used all the demonic energy in his body and tried his best to contribute all his strength.

Everyone was greatly encouraged and did their best.

Unfortunately.

The heavenly path was still difficult to carry up.

Furthermore.

The sound of breaking could be faintly heard from the interior of the heavenly path.

Perhaps before they could carry it up.

The heavenly path was already so heavy that it would collapse on itself.

The heavenly path that defied the heavens was already something that could not be continued.

How difficult would it be to succeed?

Su Yu's eyes were resolute.

He did not even hesitate to speed up the beating of his heart, causing it to release even more power.

In an instant.

His saintly being had reached the quasi-perfection stage.

His strength had skyrocketed.

He had actually increased the speed of the heavenly path by around 30% .

This was already Su Yu's full strength.

However, even so, it was still too slow.

He didn't have time.

He didn't have time! !

Kacha --

At this moment.

There was a clearer sound of the path of Heavenly Dao breaking.

A crack as wide as an arm appeared on its surface.

Moreover, the crack was still expanding.

Before long, it would break into two.

At the critical moment.

In the Abyss.

Suddenly, there was a violent sound of waves.

He looked down.

From the Abyss, a huge body stood up.

The body was full of muscles.

It was filled with an ancient aura.

Traces of time were mottled, as if they were carved into his body and would never be erased.

His eyes were empty, a sign that he had been dead for a long time.

However, the remnant will in his body was unprecedented and majestic.

"Ren Zu!"

"It's Ren Zu!"

"He didn't leave!"

When Ren zu first came to Dao Abyss, not long after, he entered the abyss alone and crossed over.

They thought that he had already left.

They did not expect him to return.

What shocked them even more was that.

The Abyss had a place where there was no return.

Any living creature that entered would evolve into an abyss creature.

Just like the nine dragons ancient god.

From a good living creature, he became neither human nor ghost, and could never leave the abyss.

Until now, an era had been trapped inside.

But Ren Zu.

Was actually able to come and go as he pleased!

Apart from his muscles becoming more solid, there were no other wounds on his body.

Ren Zu walked over from the abyss.

He didn't say a word.

He walked to the path of Heavenly Dao.

He extended his arm and stopped the path of Heavenly Dao.

Then.

A shocking scene appeared.

The path of Heavenly Dao was rising at a speed faster than falling.

Yun Yazhi and the others were being carried up.

Many experts let go of their hands.

They looked at Ren zu in shock as he carried the path of Heavenly Dao back to the sky.

"Ren Zu... What realm is he at?" Heaven splitter patriarch swallowed his saliva. "Why do I feel that after his death, he is not much weaker than before he died?"

His strength alone was stronger than everyone present.

Yun Yazhi was extremely shocked. "This is probably the existence that challenged the sacred mountain single-handedly! It's completely unimaginable!"

The Demon Emperor was also filled with shock.

"I once heard the ninth ranked sacred ancestor say that the other eight ancestors are merely the background of Ren Zu. They are not on the same level at all."

The Demon Emperor was an existence that was only second to the nine great sacred ancestors in the previous era.

His strength was world-shaking.

But at this moment, seeing Ren Zu's corpse attack with his own eyes, he felt that he was inferior.

Even if Ren Zu died for an era, he was still far from catching up.

"Someone is actually comparing the nirvana master and Ren Zu. The two are on completely different levels, okay?" Someone muttered.

They had fought with the Nirvana master before.

If they joined forces, they could still suppress the Nirvana master.

But Ren Zu?

Joining forces to fight against him?

Just thinking about it made him shudder.

Ren Zu had to wipe them all out with a slap, not a single one left..

With Ren Zu's unparalleled divine ability.

He quickly lifted up the Heavenly Dao Path and returned to its original trajectory.

His huge body was like a pillar supporting the Heavenly Dao Path.

Clang --

The two sections of the Heavenly Dao Path rejoined.

The path was connected!

However.

At this moment.

The sky turned fiery red once again.

A huge petrified hand descended at an even faster speed and attacked the Heavenly Dao Path.

It tried to shatter it.

Seeing this, the hearts of the experts below jumped.

Tian Zi was determined to stop Su Yu from breaking through to Heavenly Dao Master!

That was why he attacked twice.

Thinking back.

Even if they succeeded in lifting it up, how could they withstand Tian Zi's attack?

As for Ren Zu.

Could he still withstand it?

After all.

He had already died for an era.

His monstrous power was no longer what it once was.

Ren Zu stood on the spot.

He raised his empty eyes and let out an earth-shattering shout.

"Saint Mountain Disciple, Heaven and earth are destroyed!"

He extended his remaining right palm and flew up into the sky, throwing a vicious punch at Tian Zi.

Rumble --

An intense rumbling sound swept out in all directions like an explosion.

The entire Dao Abyss started to shake.

"Everyone, fall back!" Yun Yazhi said in shock. He immediately led all the living beings to fall back.

The emperor and Ren Zu were fighting.

They definitely could not interfere.

It was not just them.

Even the sacred mountain outside the array was falling back frantically.

They were afraid of being affected.

Only Su Yu.

Was unable to leave.

He stood at the edge of the cliff and gritted his teeth to persevere.

He watched the two fight again.

Ren Zu stands still.

But the huge stone palm has retracted.

Chapter 2843 Borrowing Your Faith

Large cracks appeared on the surface, and drops of the son of Heaven's blood dripped from the cracks.

It was obvious who was stronger and who was weaker.

From the end of the sky, an indignant roar resounded.

"Ah! Ren Zu, you're still so difficult to deal with even after you're dead?"

"No! You're not dead! !"

That voice.

Su Yu was no stranger to it.

It was the carefree son of heaven.

He went from exasperation to fear.

He took this opportunity.

Su Yu took a step forward and stepped onto the broken path of the Heavenly Dao.

Ren Zu was paving the way, so why wouldn't he dare to ascend?

When the son of Heaven noticed it, he said coldly, "Ant, the Heavenly Dao forbids it. Retreat!"

His huge petrified palm once again came crushing over.

What responded to him was Ren Zu's fierce punch.

Boom --

Another earth-shattering explosion sounded, and the emperor's palm was once again blasted back.

However.

Ren Zu's appearance had already warned the emperor.

A tyrannical existence like ren zu absolutely could not appear again.

And Su Yu.

Not only had this qualification, his potential even surpassed ren zu.

In the future, he was destined to be the sacred mountain's mortal enemy.

How could he succeed today?

Boom Boom Boom --

Two petrified palms appeared at the same time!

One attacked Ren Zu, and the other attacked Su Yu's path of Heavenly Dao.

He vowed to shatter the path of Heavenly Dao into pieces.

He wanted to completely cut off Su Yu's path of Heavenly Dao.

Ren Zu lifted the path of Heavenly Dao with one hand.

With only one hand left, it was difficult for him to fight against two fists.

At this juncture.

Ren Zu blew out a mouthful of turbid air.

That Air was not just something, it actually held back the path of Heavenly Dao so that it would not fall.

He pulled out both his hands and simultaneously smashed towards Tian Zi's two fists.

Bang --

A muffled groan came from the darkness.

Xiao Yao Tian Zi's two fists were shattered by the shock and were about to fall.

"An era has passed and Tian Zi has not improved at all. It's disappointing." Ren Zu raised his head and took a step forward with his hundred thousand feet tall body.

Instantly, he ascended to the sky.

Following that, an intense battle was heard.

And the son of Heaven's roars were heard.

In the sky.

Blood flew in the air like a storm, sprinkling all over the ground.

That was the son of Heaven's blood.

Rumble --

Suddenly.

A huge petrified palm descended from the sky and smashed onto Dao Yuan's ancient continent.

It created a long crack on the continent, revealing the abyss that was buried deep underground! !

The emperor's palm was torn off! !

The emperor roared furiously, but his voice gradually faded away, as if he had retreated.

Thus.

Ren Zu finally returned.

All living beings trembled! !

Even after he died, there was still a person who fought against the emperor alone and heavily injured his terrifying strength!

However, the moment Ren zu turned around and returned.

At the same time, two petrified palms of different sizes extended out from the sky.

Two more sons of Heaven attacked!

Two at the same time!

Ren Zu did not even think about it as he turned around and punched out with both fists.

Simple yet violent.

Boom Boom --

An incomparably loud explosion and the muffled groans of the two sons of heaven came from the unseen world.

Ren Zu returned to the ends of heaven and earth again and fought with the two sons of heaven who had appeared.

The clear sky just now...

Once again, blood flowed.

The entire sky was dyed blood red.

The people on the ground were completely stunned.

It was still acceptable for him to fight the carefree emperor alone.

But now, he was fighting two emperors at the same time and killing them.

Not only did his battle strength not decrease, it also increased!

"Ren zu is not dead!"The crowd shouted.

Instantly.

Countless living beings were excited.

"Ren Zu isn't dead! He's not dead!"

Ren Zu was their hope.

It was their faith that led to Hope!

Countless beliefs gathered toward Ren zu.

Ren Zu brought the will of the common people and fought with the two sons of Heaven.

After half a cup of tea.

The battle finally stopped.

Ren Zu returned covered in blood.

At this moment.

No son of Heaven dared to make a move.

Thunder rumbled in the sky and earth, flashing around the path of Heavenly Dao.

It was as if he was angry and helpless.

He could only watch as Su Yu walked the path of Heavenly Dao in an orderly manner.

At this moment, Su Yu...

Was halfway through the path of Heavenly Dao.

He would succeed in another half an incense stick's time.

He stepped on the blood of the Emperor and walked forward.

His feet had long been cut by the thorns on the path, and he was in extreme pain.

However, he did not stop.

This bloody road was paved by Ren Zu.

What right did he have to retreat?

However...

Su Yu found that the road of Heavenly Dao ahead of him had more and more cracks.

When he stepped on it, he could clearly feel that the ground beneath his feet had caved in.

If he went any further...

He would not be able to stand steadily.

The road of Heavenly Dao had gone through a fall and was already extremely fragile.

Whether he could walk to the end of the path was another matter.

Rumble --

Finally.

When there was only the last section of the path left, the path ahead was already filled with debris.

If he stepped on it, he would definitely fall.

At the very front that could be seen with the naked eye, the rocks were already starting to peel off.

Before Su Yu could step on it, it would shatter.

If he couldn't walk the path of Heavenly Dao, everything that had happened before would be in vain.

Perhaps he sensed his predicament.

A force from the heavenly court suddenly flew over and attached itself to the shattered path of Heavenly Dao.

That was the belief of the people in the heavenly court.

They hoped that their human sacred bodies could finish the path of Heavenly Dao.

The path of belief was also a Great Dao.

They were the best combination.

After attaching themselves to the path of Heavenly Dao, they connected all the shattered paths together, making it impossible for them to shatter in a short time.

The Nirvana master who was watching this scene from afar.

He let out a long sigh of relief.

Ren Zu's appearance made the Nirvana master feel that something bad was about to happen.

He originally thought that Su Yu would definitely achieve the Great Dao today.

He didn't expect that the Emperor would still succeed.

"What's the use of that little bit of faith?" The Nirvana master muttered with a cold smile.

The path that Su Yu's faith connected to was only a small portion, less than one percent of it.

Today, his path to heaven was destined to be severed.

In this situation, it was even worse than others breaking through to Heavenly Dao master.

While he was thinking.

Ren Zu stared at Su Yu's faith and said hollowly, "Faith, come!"

Come at once.

The faith in all directions was forcibly distorted by Ren zu and attached to the Heavenly Dao Path.

It didn't matter who those living beings believed in.

At this moment, they were all forcefully requisitioned by him to connect to the Broken Heavenly Dao Path.

However.

It was still not enough.

Their beliefs were still too little.

At this moment.

Ren Zu discovered the Nirvana master in the distance.

His empty eyes were filled with disdain as he looked down at the living beings. "You, come here!"

The Nirvana master's body trembled violently.

Ren Zu's order caused his body to tremble uncontrollably as if he was being suppressed by thousands of people.

"This... This is Ren Zu's Power?"

Compared to him, his strength and power of faith were nothing.

He suppressed the trembling in his heart and did not dare to go against Ren Zu. "I pay my respects to Ren Zu."

Ren Zu did not say a word.

He clenched his hand.

The hundreds of millions of cave abodes that Nirvana master hid under the Kasaya were all taken out.

They turned into stars that filled the sky.

The Nirvana master turned pale with fright. "What is Ren zu doing?"

Those cave abodes were his life.

Chapter 2844 Backbone As Dao

He had come this far because of the faith he had gathered from the two epochs.

Normally, he would hide it deeply and never reveal it, in case any information from the outside world would affect his living faith.

At this moment, Ren Zu had actually taken it all out!

Ren Zu looked at him indifferently, "Why do you care?"

He had only said three words, yet he was incomparably domineering!

Nirvana master's face flushed red.

His faith was his, why couldn't he interfere?

Ren Zu was going too far!

But.

He could only endure.

Ren Zu's strength was without a doubt, so what if he was bullied?

He lowered his head and didn't dare to ask any more questions.

He could only swallow his anger.

But his eyes were staring at his many cave abodes.

"Go!"

Ren Zu gave an order, like the supreme of All Saints.

No living being dared to disobey him!

Billions of Immortal's Cave Worlds opened at the same time.

The power of faith flew over like Fireflies.

It merged with the broken path of Heavenly Dao.

From Afar, it looked like starlight sprinkling down, incomparably beautiful.

And the crack was immediately repaired.

Su Yu's eyes flashed, and he immediately stepped on it.

And countless amounts of power of faith surged over, rapidly repairing the path in front of him.

This allowed Su Yu to move forward safely.

And the cave abode world, which had been drained of power of faith, immediately dimmed.

This was because the faith that had been accumulated for many years had been completely exhausted.

The Nirvana Lord's heart ached when he saw this.

The power of faith had been accumulated for at least an entire era.

The goal was to prevent the destruction of the era.

But now, all the years of hard work had been given to Su Yu! !

If he wanted to gather so much faith again, it would not only take years and months!

What made the Nirvana Lord's heart bleed especially was that the further he went, the more fragmented the path of Heavenly Dao became.

The amount of faith energy required was even greater.

His cave abode world was rapidly dimming and shrinking at a speed visible to the naked eye.

In the blink of an eye, a full 20% of the cave abode world's faith energy was sucked out.

And Su Yu's path of Heavenly Dao still had a very long way to go.

Su Yu felt extremely carefree. He stepped on the solid path of Heavenly Dao and headed straight for the end.

At this moment.

He finally felt waves of energy rushing out from the ground and surging into his body from the path of Heavenly Dao under his feet.

A strong burning sensation surged in his heart.

His cultivation that had paused for a long time was finally about to break through!

It was almost time!

Su Yu was overjoyed.

He was finally about to step into the final great realm of martial arts that he had dreamed of for so many years!

At this moment.

He saw the end of the Heavenly Dao Path!

There was an extremely ancient altar there.

That was the final juncture of becoming the Heavenly Dao Master!

As long as he jumped onto the altar, he would be able to receive the last unknown energy and completely transform into the Heavenly Dao Master!

At this moment, Su Yu's emotions surged.

However, just as Su Yu was about to take the final step...

A loud explosion sounded.

The altar actually shattered and turned into countless pieces of rubble, completely collapsing!

Su Yu stopped in time.

He watched as the altar disappeared from his sight.

The final step.

It was gone!

The altar had already completely shattered. Even if he were to retrieve it, it would be useless!

Ren Zu's help, the hopes of the common people, the many experts of the two eras, and the death ruler's sacrifice had all been reduced to ashes..

His path to the Heavenly Dao had come to an end!

His heaven-defying move had ultimately failed.

The Nirvana master's depressed mood had finally been alleviated.

'serves him right!' He thought to himself. Su Yu had used more than half of his power of faith, but didn't he succeed in the end?

Since ancient times, no one had ended up well against the emperor.

Su Yu was no exception.

Many peerless experts also sighed, "Even Ren zu couldn't turn the tide!"

"It is indeed an extravagant hope to have another existence that surpasses ren zu."

The many people in the Heavenly Court were also extremely sorrowful.

Their faith couldn't achieve their wish in the end!

In the end, they still failed!

Su Yu felt extremely depressed.

Even at this point, he was still one step away!

Could it be that he had to live under the shadow of the Emperor all his life?

He was unwilling!

At this moment!

A desolate shout shook the heavens and earth, "Since the Heavenly Dao has collapsed, I shall be the Dao!"

Ren Zu rose into the air.

With his broad back, he turned into Su Yu's final Heavenly Dao Path!

At the end of his back.

An array formation that was drawn with Ren Zu's blood could be seen!

Ren Zu's cultivation had battled the entire world!

He had reached the Pinnacle!

If he was the heaven, then absolute beginning would be a boundless land!

Many peerless experts were shocked beyond words!

"He actually used himself as the Heavenly Dao! !"

"Just how terrifying is Ren Zu?"

Rumble..

In the depths of the boundless heaven, Thunder roared furiously!

It was as if an existence in the dark was extremely angry that Ren zu had taken their place!

Tens of thousands of Thunderbolts rumbled down.

However, Ren zu only raised his head to take a look, and the tens of thousands of thunderbolts were so frightened that they rolled back.

He only dared to roar in the depths of the sky!

"My race, Go!" Ren Zu said desolately.

Su Yu was extremely grateful and immediately made a move to rush over.

In a single sleep, he stepped onto the altar!

The altar that was painted with the blood of Ren Zu had a terrifying power that was no weaker than the Heavenly Dao Altar!

The boundless power that could overturn the world was suddenly injected into his body.

It was as if a mountain flood had erupted in his body and instantly drowned out the power of the previous tunnel master.

In its place was a brand new terrifying power that ran amok!

That was the power of the Heavenly Dao!

The only thing Su Yu needed to do now was to digest this power of the Heavenly Dao and convert it into a few uses!

Ren Zu turned around and held it with both hands before slowly placing it on the ground.

His empty eyes swept across the surroundings.

He did not say a single word.

However, the meaning in his eyes clearly conveyed the same signal to everyone.

Do not bully Su Yu!

Everyone's hearts trembled!

Even someone as strong as emperor was heavily injured and made the heavens cry blood.

Let alone them?

In the blink of an eye, they would be reduced to ashes.

The Nirvana master didn't even dare to breathe loudly. He kept his head down, afraid that Ren zu would find out what he had done and harm him.

Fortunately.

Ren Zu only glanced at them indifferently before withdrawing his gaze.

Then, he slowly walked down the abyss!

The moment he entered the water.

A large patch of dark red suddenly appeared in the water and spread out with Ren Zu.

His heart trembled for the rest of his life!

The Nirvana master narrowed his eyes, his eyes flashing with an uncertain meaning.

Ren Zu was injured!

That was not the blood of the son of Heaven, nor was it the blood of the altar that he drew.

He was seriously injured!

Fighting with the son of Heaven did not come without a price!

It was just that he did not know how serious his injuries were.

The Nirvana master withdrew his cave abode.

What made his heart ache was that more than half of the cave abode world was already dark!

He had accumulated all his life and suffered heavy losses.

He stared coldly at Su Yu.

Hatred arose in his heart.

He did not dare to do anything to Ren Zu, but Su Yu, Hehe!

It was fine if Ren zu was not seriously injured.

Since he was seriously injured, what was there to be afraid of?

In any case, he was about to enter the nine star civilization.

Could Ren zu still chase him there?

Of course, it was not the time to make a move yet.

He left with his hands behind his back, his face dark.

No one knew what he was thinking.

Yun Yazi sensed something and said, "Protect Su Yu!"

Chapter 2845 Six Paths Apostle

Su Yu's path of Heavenly Dao was too difficult. It could be said to be a heaven-defying move!

To be able to succeed was truly not easy.

No one was allowed to take advantage of the situation and disrupt Su Yu's final path of Dao!

However.

The Nirvana Lord's hundreds of millions of cave abodes had lost a large amount of power of faith and were in a state of turmoil.

In a short period of time, there was no time to find trouble with Su Yu.

"I really don't know what realm he'll reach after breaking through to the Heavenly Dao Master!" A peerless expert's eyes were filled with anticipation.

Su Yu's path to the Heavenly Dao was so long that it made people click their tongues.

It spanned through the ages!

No one could compare!

Even Ren zu from back then couldn't compare!

Once he broke through, it was hard to say what realm he would reach.

Yun Yazi's eyes were filled with excitement as he twirled his beard and said, "When ren zu broke through to the Heavenly Dao master, he reached the peak of the early stage of the Heavenly Dao Master."

"After ten thousand years of cultivation, he reached the middle stage of the Heavenly Dao master level

"As for Su Yu, he might reach the second stage of the early stage of the Heavenly Dao master level."

Under normal circumstances, given Su Yu's long path to the Heavenly Dao, he would definitely surpass Ren Zu.

However, Su Yu's path to the Heavenly Dao had been destroyed by the emperor and severed once. In addition, even the altar had been shattered. Ren Zu had transformed his own spine into an altar. The effect of his breakthrough would be weakened.

It was a conservative estimate that he could be slightly weaker than Ren Zu.

"It's a pity! He could have surpassed ren zu!" Forefather sky splitter sighed.

Even Ren zu could intimidate the sacred mountain.

If they could surpass him, the absolute beginning creatures would have a chance to overthrow the sacred mountain.

Yun Yazhi said, "It's not easy anymore! The Sacred Mountain won't allow another ren zu to appear."

He looked at Su Yu and sighed, "It's a miracle that Su Yu has today."

He knew what Su Yu had experienced in his life.

How many times did he almost die?

And how many times did the sacred mountain threaten him!

Everything else aside.

The last time he had broken through to the Dao Master Realm, the dao fire had almost annihilated his grandfather.

He had given up everything he had gained in his life to barely succeed.

The current Heavenly Dao path was even more difficult than ascending to the heavens!

It was all thanks to Ren Zu who was nearby when he had broken through, the absolute experts from the absolute beginning, and the power of faith accumulated by the Nirvana Lord for two epochs.

Many factors were combined to make Su Yu successfully step on the path of Heavenly Dao.

Otherwise, he would have failed.

One could imagine the miracle.

"Let's wait and see!" Yun Yazhi sat cross-legged and waited for Su Yu's transformation.

At that time.

Nirvana master returned to the battleship.

Looking at the dim cave world, Nirvana Master's face was extremely gloomy.

He had really suffered a huge setback this time.

The most troublesome thing was not the massive loss of the power of faith.

It was the fact that the living beings in the cave abodes that Ren zu had extracted the power of faith had greatly shaken his faith.

This was because Ren zu was far stronger than the Nirvana master. Moreover, Ren Zu was the hope of all living beings.

Therefore, many people no longer viewed the Nirvana master as a unique faith.

They even considered believing in Ren Zu!

"Nirvana Protector!"

Sixteen remaining protectors immediately appeared around him and respectfully said, "Please instruct Nirvana Master."

"Immediately stabilize the believers!"

This was an urgent matter.

The rest of the matters could be dealt with later.

"Yes!"

The sixteen protectors immediately went to make arrangements.

There were trillions in the cave abode, so they naturally could not go one by one.

Among them, the great guardian was the existence with the highest cultivation.

When they returned to the cave abode world, they immediately said, "The apostles are here to see you!"

Each guardian had tens of thousands of apostles under their name.

Their mission was to manage the believers in the cave abode world.

According to their rank, the believers were divided into four types: heaven, earth, black, and yellow.

The highest level of heaven-ranked believers only had two, so their authority was extremely high.

Usually, the protectors would not ask about the specific matters of the believers, and it was all up to the two heaven-ranked believers to take care of many things.

"Greetings, Great Protector!"

The Great Protector looked at the two heaven-ranked believers. "Six path immortal, red-footed demon, the two of you are in charge of the stability of the believers in this area's cave abode world. It's extremely urgent, so there must be no mistakes!"

A man and a woman walked out.

Their cultivation levels were at the peak of the early stage of the Heavenly Dao Master.

The man was covered in pitch-black scales and his entire body was covered in sharp barbs.

He gave off an eerie feeling.

The woman had delicate features and a calm expression. There was no sadness or joy on her face.

"Yes, Great Protector!"The two of them said in unison.

Red-footed demon turned around and said to the ten thousand apostles, "Immediately head to the area in charge and secretly execute the believers who have shaken their faith."

"Yes!"The Five Thousand Apostles under his command agreed.

"What if there is a riot?"One of the Apostles asked.

The red-footed Devil's eyes closed indifferently, "Then kill them all!"

"The apostles who betray us are more hateful than the enemy!"

"Yes!"The Five Thousand Apostles accepted the order.

The red-footed devil said calmly, "Then why are you still standing there? Execute it immediately!"

He then looked at the six paths immortal and said, "I advise you to be like me and cut the Gordian Knot! If you continue to be gentle, it will only backfire."

Hearing that.

Many believers had complicated expressions on their faces.

The two Angel Apostles had been fighting in the open and in the dark for many years, trying to get the attention of the great guardian.

The relationship between them could not be said to be harmonious.

They were even very hostile.

They had to compete with each other in everything.

However.

The six path immortals were indeed very good at dealing with faith. They were not comparable to the barefoot demon.

The Great Protector often praised the six path immortals.

The Barefoot Demon had long been dissatisfied with the comparison.

The Nirvana Master had encountered a huge crisis this time. It would be a great time for the two of them to display their talents!

The six path immortal said calmly, "I don't need you to tell me how to do things."

She said, "Go to the cave abode world where faith is shaken. No matter the cost, make the leader believe in the Lord of Nirvana again."

"The one who cries the loudest, if he believes again, it will be the best propaganda."

Hearing that.

The five thousand apostles under her immediately accepted the order and left.

No one questioned it.

It was clear that she trusted the six paths immortal very much.

The great protector nodded slightly.

He expressed his appreciation for the actions of the six path immortals.

For something like faith, it could only be conquered by violence for a while.

Only by being sincerely convinced could it last.

The Barefoot Demon was unwilling and said, "Great Protector, don't worry. I will calm down the turmoil of faith as quickly as possible."

The great protector nodded and said with a solemn expression, "Yes! The Nirvana Lord has suffered heavy losses this time. If you can make a contribution, you might receive unimaginable benefits."

The red-legged demon was excited.

The reward from the Nirvana master was definitely an unimaginable opportunity.

However, the eyes of the six path immortal flashed, "Who caused the Nirvana master to suffer such a heavy loss?"

The Great Protector looked at the six path immortal.

After pondering for a moment, he said, "It's not a big secret. All the creatures in the inner abyss already know about it."

"It's Su Yu."

Hearing this.

The red-legged demon looked unfamiliar.

However, the pupils of the six paths immortal suddenly shrank. "Su Yu?"

His words were full of shock.

Chapter 2846 Sky Pilfering And Sun Changing

If Su Yu was present, she would definitely be able to recognize who she was.

"You know Su Yu?" The Great Protector looked at six paths immortal and frowned.

Six paths immortal immediately hid his shocked expression and covered up the panic on his face.

"How could I not know her? Su Yu's great name has long spread in the void. After all, she is a human sacred being."

Thus.

Only then did the great protector hide the suspicion in his heart.

This still made sense.

Su Yu had been famous for a long time.

Especially after revealing the sacred being of the human race, who didn't know who was sleeping in the Void?

"Yes, it is this Su Yu who destroyed many of Nirvana master's beliefs. You must stabilize your believers,"the Great Protector said.

The barefoot demon nodded and said ruthlessly, "Why don't you let your subordinate take action and end this Su Yu's life?"

If that was the case, he would receive more attention from the ancestor.

"You?"The great protector scoffed. "The seventeen and eighteen protectors have already lost their lives in his hands!"

The red-legged demon's pupils constricted.

Although the strength of the seventeen and eighteen protectors were ranked at the bottom of the protectors.

But they were still existences of the Intermediate Heavenly Dao master.

They were actually killed consecutively by Su Yu?

"Now, are you still going or not?"The Great Protector asked.

The barefoot demon hurriedly replied, "When my strength reaches a certain level, I will definitely take his head."

"Hehe... If you can't do it now, don't even think about it in the future."The Great Protector's expression was filled with fear. "He is about to break through to the Heavenly Dao master realm, and that's not all. The path he takes is the same as the Nirvana master's, the path of faith."

"In the future, as his strength grows stronger, he will gather more faith and become infinitely stronger. May I ask, what can you compare with him?"

The barefoot demon took a deep breath. "He actually dares to walk the same path of faith as the Nirvana Master? He is truly courting death!"

The Great Protector agreed. "Mm, the Nirvana master will not forgive him. He won't live for long."

The six paths immortal's expression was calm.

However, his eyes were constantly flickering.

"Alright, go and arrange the specific matters."The Great Protector waved his hand and the two of them dispersed.

The barefoot demon gathered his five thousand apostles and came to the sky above the cave world.

One by one, he arranged for the apostles to enter and suppress the disobedient believers.

After the arrangements were completed, the Apostles entered the corresponding cave world one after another.

Only one apostle wearing a bamboo hat stood where he was and did not go forward.

"Why aren't you leaving?"The red-footed demon rebuked coldly.

The latter said in a low voice, "I have something to tell you, sir."

"Speak!"

The bamboo-hat apostle said, "What you should be most concerned about is not pacifying the traitors, but the six paths immortal! Perhaps this will be your only chance to trample the six paths immortal into the abyss of Eternal Damnation."

The red-footed devil narrowed his eyes, "How do you know?"

The bamboo hat apostle said, "You may not know, but the six paths immortal and Su Yu are good friends."

Hearing that.

The red-footed Devil's pupils constricted, and his eyes shone with a dazzling light.

He took a step forward, grabbed the bamboo hat apostle's collar, and shouted, "Is this true?"

The bamboo hat apostle said, "I swear with my life, because I know them all."

The barefoot demon let go of the hooded apostle and said, "Take off your hooded hat."

The latter immediately took off his hooded hat and revealed his true appearance.

It was none other than Gu Taixu.

It was Gu Taixu.

He was once saved by the eighteen guardians when they passed by.

After bringing him back to the Nirvana battleship, he was supposed to become a believer and a tool to provide faith.

However, the Great Guardian felt that Gu Taixu's talent was rare, so he took him in as one of his ten thousand apostles.

"It's You?"The barefoot demon vaguely remembered.

This person was being hunted down and was rescued by the eighteen protectors.

"Tell me, what exactly happened?"

Gu Taixu immediately told him what he knew.

He heard that the two of them came from a tiny cave world, the Galaxy Divine Realm.

He could not help but believe more than half of it.

Combined with the strange reaction of the six path immortals just now.

There was no doubt about it.

"Sir, if I'm not wrong, the six path immortals might steal the faith of the Nirvana master and hand it over to Su Yu."Gu Taixu narrowed his eyes and said.

The barefoot demon shook his head and said firmly, "That's impossible! No matter how bold the six path immortals are, they would not dare to be enemies with the Nirvana Master."

However.

Gu Taixu was very certain. "Based on my understanding of Su Yu, he has an ability that no one can compare to, which is to deceive women and sacrifice everything for him!"

"Some women are even willing to sacrifice their lives for him, let alone the power of faith

"Sir, you may as well send someone to keep an eye on him. The six path immortals will take action soon."

The Barefoot Demon was tempted.

If he really caught him red-handed, the six path immortals would never be able to compete with him anymore.

Whether or not they would be able to survive was another matter entirely.

After all, the Great Protector had unlimited expectations for the six path immortals.

As the saying went, the greater the expectations, the greater the disappointment.

If that day really came, the six paths immortal would very likely be executed by the Great Protector, who was disappointed and furious.

"My Lord, you may as well observe. Even if it is not as you wish, there is nothing to lose."

The Barefoot Demon looked at Gu Taixu, patted his shoulder and said, "If this matter is really successful, I will make you an Earth Apostle!"

From a yellow level apostle, he became an earth apostle in one step.

One had to say, Gu Taixu had reached the sky in one step.

"Thank you for your appreciation, my Lord."

The Barefoot Demon was eager. After giving a brief explanation, he immediately went to arrange for people to monitor him.

Gu Taixu watched him leave and put on his bamboo hat again.

He patted the bare shoulder of the barefoot demon and said indifferently, "Earth Apostle? What are you thinking? Am I, Gu Taixu, someone who has lived under someone for a long time?"

The six paths immortal, who did not know anything about this,.

Was in a dim cave world.

He was monitoring a group of yellow level apostles and rebuilding the statue of faith.

Due to the lack of the power of faith, the statue had collapsed and needed to be rebuilt.

The appearance of the statue was naturally the benevolent Nirvana master.

The six paths immortal sat on a rock in the ruins, her hands resting on her chin as she fell into deep thought.

Su Yu's appearance was too sudden.

It disrupted her thoughts.

She once thought that she would be under the Nirvana Lord's control for the rest of her life.

A peaceful life.

However, Su Yu's appearance was like a stone that had fallen into a lake, causing ripples in her heart.

"Sir, the construction materials for the statue have been prepared. Please give the order to rebuild it." An earth apostle walked over and said carefully.

Six paths immortal came back to her senses and nodded, "Okay, let's begin. Gather the faith as soon as possible..."

She was suddenly stunned.

After thinking for a while, she said, "Wait a moment."

The Earth Apostle looked at her in surprise and quietly listened to her orders.

After a while.

Six paths immortal raised her head and drew a brand new statue picture on the spot.

"The old statue, don't rebuild it. Just build this new statue on the original site."

The Earth Apostle took the picture and looked at it. He could not help but be stunned. "This... This isn't the Lord of Nirvana, right?"

On the picture was an extremely young and handsome silver-haired youth!

It was not the Lord of Nirvana!

Chapter 2847, Breaking Through

The six paths immortal stared at him and said, "Don't you and I know what faith is?"

Ordinary believers might not understand.

However, as management believers, they knew best.

The faith of the Nirvana Lord was, in a sense, a lie.

They used their ignorance to trick them into believing in them. In the end, their trust became their faith.

Just like the Moon Worship sect in the dark civilization.

The earth apostle said hesitantly, "It's not difficult for us to get the believers to change their faith. However, if the Lord of Nirvana knows about this, he will definitely crush our bones and scatter our ashes."

Faith was the foundation of the Lord of Nirvana.

Touching his faith was tantamount to competing with a tiger for food.

The six paths immortal said indifferently, "What are you afraid of? The specific matters have always been personally managed by me and the Barefoot Demon. The Lord of Nirvana has never interfered."

The Earth Apostle was still hesitant.

He was very resistant in his heart.

Betraying the Lord of Nirvana for no reason, he did not want to do it.

"Do you know who the youth you saw is?" Six paths immortal stood up and stared at the portrait.

The earth apostle shook his head, "I've never seen him before."

"Su Yu."

"Ah! It's him!" The earth apostle was extremely shocked.

Wasn't he the nemesis of the Lord of Nirvana?

"Then we can't change the statue even more." The Earth Apostle said.

Six paths immortal was not in a hurry and said, "Su Yu is the sacred body of the human race, and all living beings are respected! If you believe in him, you can obtain his protection. But if you believe in Nirvana master, What can you get?"

The Earth Apostle was silent.

Nothing.

On the contrary, he could be abandoned by Nirvana master at any time.

The Nirvana master had always used the common people, master and disciple, as tools.

He would use them when he needed them.

When he didn't need them, he would kick them away.

If he encountered a danger that even the Nirvana Master couldn't handle, he would definitely abandon them.

"Right now, Su Yu has the support of Ren Zu and the peerless experts from the two eras in the void. He isn't inferior to the Nirvana master in any aspect and can even surpass him," six paths immortal said.

"Why don't we give him a great gift of surrender?"

The Earth Apostle was finally moved.

Taking advantage of the time just now, they had already inquired about what had happened before.

They learned quite a lot about Su Yu.

The current Su Yu indeed had an advantage.

Especially since he was protected by Ren Zu.

Compared to Ren Zu, Nirvana Master was nothing?

He was just an ant.

Su Yu had such a big tree behind him, so he was not afraid of the Nirvana master at all.

Seeing that the Earth Apostle was finally moved, the six paths immortal said, "Besides, you might not know, but the Dao Yuan invitation letter has already fallen into Su Yu's hands."

What?

This news was like a bolt from the blue.

The Dao Yuan invitation letter was the only invitation letter that could cross the Abyss and head to the nine-star civilization.

If it was lost, how could the Nirvana master bring them into the nine-star civilization?

To avoid the destruction of the epoch forever?

"So, I'm doing this for your own good," the six paths immortal said.

The Earth Apostle made up his mind. "Please enlighten us, six paths immortal."

The six paths immortal nodded. "Yes, secretly dispatch your trusted confidants to change the statues in the cave world under control. At the same time, persuade people to change their beliefs."

The earth apostle said, "Don't worry, sir. Since SU Shengshen is the one who controls the invitation, it will be easy to persuade them! As for persuading the common people to change their beliefs, it will be easy too."

"After all, he is the human's saintly being, the common people are respected."

The six paths immortal nodded and looked around vigilantly.

Then, he came to the second Earth Apostle under his command and continued to lobby.

The matter was proceeding in an orderly manner.

On the other side.

Su Yu had finally reached the edge of the breakthrough.

There was an undulating airflow around his body that was changing rapidly.

This was because the energy within his body was currently accumulating into the power of a Heavenly Dao master.

"He's about to break through." Yun Yazhi, who was sitting cross-legged, suddenly opened his eyes.

The other major powers all looked over.

"After breaking through to the Heavenly Dao master level, a Heavenly Dao Qi flow will appear around him. The strength of the Qi flow can be determined by the level of his cultivation."

Right at this moment.

That Qi flow suddenly erupted and reached a height of a thousand feet.

"Three hundred meters?" Some of the peerless experts looked disappointed.

Three hundred meters was the first realm of the initial stage of the Heavenly Dao master realm.

The breakthrough they had been waiting for so long turned out to be only the first realm of the initial stage.

It was truly disappointing.

It was a waste for them to work together at all costs. It was even more a waste for Ren zu to fight with the Emperor and use their own backbone as the final Great Dao.

"Our expectations are too high. His path to the Heavenly Dao has been cut off before. It's not easy for him to break through to the Heavenly Dao master level." Sky splitter patriarch comforted everyone.

However, he was also disappointed.

He had paid a huge price to obtain an ordinary Heavenly Dao master.

How could he not be disappointed?

Even Yun Yazhi sighed silently.

His realm was even lower than expected.

Su Yu's potential in the future was limited, and it was impossible for him to reach Ren Zu's level.

However, at this moment.

Su Yu suddenly raised his head.

He let out a breath toward the highest heavens.

That Breath went up against the sky and swept the Heavenly Dao Qi flow toward Cang Ming, reaching a height of three thousand feet!

"Three thousand! Three thousand feet!" The extremely disappointed supreme experts were all shocked.

10,000 feet meant the second realm of the Heavenly Dao master primary stage.

"That's Great!" The supreme experts were all overjoyed.

"He actually has a second breath! His path of the Heavenly Dao is indeed different from ordinary people."

After an ordinary Heavenly Dao master broke through, there was only one stream of Qi.

How high one's cultivation reached was a sign of what level one's cultivation had broken through to.

Su Yu's second breath was truly unexpected.

"Haha, it's not a waste of Ren zu and US helping him."

"He's indeed not ordinary. With such potential, he'll definitely reach our level in the future. As for whether he can surpass us, it'll depend on his own luck."

Yun Yazhi was both delighted and full of contempt.

That wasn't what they said just now.

They changed their words now?

He was really fickle.

However, it was within his expectations that Su Yu could reach such a level.

He smiled as he walked forward and was about to pat Su Yu's shoulder to wake him up from his breakthrough.

Who knew.

Su Yu actually let out another breath!

This breath contained an even more majestic power!

With just a light breath, Yun Yazi was pushed back!

The air current soared into the sky.

It pushed the Heaven Dao Qi that was ten thousand feet high to a higher level.

"Ten Thousand Feet! It's ten thousand feet! !"

At this moment, everyone was in an uproar.

This indicated that Su Yu had broken through to the peak of the early stage of the Heaven Dao Master Realm!

He had reached the level of Ren Zu!

"Unbelievable! There's actually someone who can create another peak!"

"Ren Zu, a second ren zu has been born!"

"The human race is truly an incredible race. They have repeatedly created unprecedented records!"

"No Wonder Ren zu personally took action. He did not hesitate to use his back as a path and his blood as an altar to help him take the final step!"

Yun Yazi was also extremely shocked.

He had expected that Su Yu would be able to reach the second stage of the initial stage, which was the best outcome.

Who knew.

Su Yu actually caught up with the ren Zu of that year!

Chapter 2848 Life-Exterminating Lightning

This was truly unexpected!

"There is hope for the common people! Once Su Yu grows up, he will definitely be a sharp knife in the heart of the Sacred Mountain!"

"Hahaha, the lives of the people of nothingness should not be cut off!"

"One ren zu fell, and the other Ren Zu was born!"

At this moment of unprecedented joy.

Suddenly.

Su Yu actually let out another breath.

The air current flew up into the sky and pushed the Heaven Dao Qi upwards.

"What? There's a third breath?"

"This... This is unprecedented!"

"What realm does he want to reach?"

The peerless experts were all stunned.

Yun Yazi was so excited that his body trembled. "The potential to surpass Ren zu!"

He had thought that the path of the Heaven Dao that had been severed would have a negative effect on Su Yu.

In the end, the effect was not obvious.

His breakthrough still displayed the oppressive effect of the path of Heavenly Dao.

Everyone stared at their last breath, pushing the Qi of Heavenly Dao upwards.

11,000 feet!

12,000 feet!

13,000 feet..

Finally, when they reached 15,000 feet.

The Qi flow finally dissipated.

Su Yu lowered his head again and opened his eyes.

His breakthrough ended here.

The peak of the early stage of the Heavenly Dao Master.

He looked at the 15,000-meter airflow with regret.

If he broke through to the middle stage of the Heavenly Dao master, the airflow would reach 20,000 meters.

Unfortunately.

The path of the Heavenly Dao was cut off, which had a big impact on him.

It only allowed him to reach 10,000 meters.

He should be stronger than the peak of the early stage of the Heavenly Dao master now, just short of the perfection realm.

If he had the opportunity, he would be able to break through to the intermediate stage.

He stood up.

He bowed toward the direction of the abyss, toward the many experts present, and toward the living beings of the heavenly court.

"Today, I, Su Yu, have attained the Heavenly Dao, and all of you have contributed greatly. I will remember this favor and do my best to repay it!"

His voice was loud and clear, shaking the entire inner abyss.

He was announcing an earth-shattering event.

At the end of the new age.

Su Yu, the sacred body of the human race, achieved the Heavenly Dao and broke through to become the most powerful person in history!

He seemed to be responding to his words.

Several golden beams of light shot out from the void.

They hit the defensive array of the inner abyss.

That indicated the unwillingness and anger of the sacred mountain.

Rumble --

The Five Hundred Sacred Mountains that had been silent for a long time floated up again and arrived above the inner abyss.

However, they did not attack again.

Instead, they hovered around the inner abyss and kept floating.

Su Yu's eyes revealed a cold light. "The Sacred Mountains have bullied me for too long."

He clenched his left hand.

The eight domains gathered in his palm and condensed into an eight-colored giant bow.

With a wave of his right hand, an arrow condensed from the domain was held in his palm.

Sou --

He drew the bow and shot the arrow.

The arrow turned into an eight-colored stream of light and flew out instantly.

The same domain, when used by people with different cultivations, would naturally have different power.

Su Yu was currently at the peak of the Heavenly Dao master primary stage.

He was only second to the eight great rulers back then.

Adding on the fact that the eight domains had become one.

One could imagine how powerful it was.

The eight-colored streak of light shot out instantly and pierced through the defensive formation, heading straight for the Five Hundred Sacred Mountains.

The five hundred sacred mountains naturally noticed it.

They casually shot out a golden beam of light in an attempt to neutralize the incoming arrow.

But...

The arrow was more stubborn than expected.

Not only did it not destroy the arrow, it was even split apart by the Arrow!

The five hundred sacred mountains had been treating it seriously just now.

Ten beams of golden light combined their strength and shot over suddenly.

But, they were still split apart by the arrow.

The Sacred Mountains were shocked.

They had gathered all their strength just now and used all their strength to destroy the arrow.

However, they had already missed two opportunities.

It was too late to gather their strength now.

Boom

The Arrows shot into the sacred mountain.

The sacred mountain that was facing the arrows was immediately pierced through and shattered into dust.

The Hundred Sacred Mountains nearby were hit by the air currents. They were either shattered or severely cracked.

Just one attack had injured more than a hundred sacred mountains.

However...

This wasn't the end.

The Arrows' momentum didn't decrease.

It forcefully passed through the combined body of five hundred sacred mountains.

An unparalleled power forcefully dispersed the combined sacred mountains.

Just this one attack...

Shocked the world!

The peerless experts couldn't help but be alarmed.

If this attack hit them, they would die without a doubt!

And this was just a casual attack from Su Yu.

If he used his full strength, who would be able to block it?

Amongst them, only Yun Yazi, the Demon Emperor, and Sky Splitter Patriarch weren't afraid.

This arrow.

Had completely established the reputation of the human sacred physique.

Only with such strength could it be called the human sacred physique.

"Quick, look at the Sacred Mountain." Someone exclaimed.

They were shocked to discover.

Although the sacred mountain that had suffered the collision had separated, there was a bolt of lightning connecting each of them.

It caused them to rapidly refuse.

Although the lightning flashed and disappeared, it was still recognized by many mighty figures.

Their expressions instantly became ugly.

"Life-extinguishing lightning!"

The demon monarch, sky-splitting patriarch, and the other existences from the previous era all had solemn expressions.

"No wonder the sacred mountain has been quiet for so long!"

The Sacred Mountain had been silent for more than a month and had never moved.

So it wasn't that they had stopped, but that they hadn't been able to attack for a long time and were brewing something even more powerful.

"Today, if it wasn't for Su Shengshen Blasting Open the sacred mountain, we would probably still be in the dark," the demon monarch said coldly.

Su Yu frowned slightly.

He was only testing his strength after breaking through.

He did not expect to make an unexpected discovery.

"What is the life-exterminating thunder?" Su Yu asked.

Sky-rending patriarch's expression was filled with fear. There was even a trace of fear. "That is something specially prepared for us, overlords. It has boundless power and extremely lethality."

"In terms of power, the golden light beam is less than one-tenth."

"In the previous era, Dao Yuan was destroyed by ten life-exterminating lightning bolts. He killed 99% of the peerless mighty figures."

Ten?

Although it was just a glance, there were more than ten life-exterminating lightning bolts?

There were more than a hundred!

"Looking at the situation just now, the life-exterminating lightning has yet to be fully formed. It will take another half a month for it to be fully formed." The Demon Emperor and the others had the absolute right to speak.

Half a month?

However, the vast majority of living beings had yet to obtain the aura of chaos, so they were unable to transfer to a nine-star civilization.

They would need at least a year's time.

"It's already too late. We have to start preparing to cross the Abyss and head to a nine-star civilization now," Yun Yazi said.

Although they would sacrifice the vast majority of living beings.

However, they were helpless.

With Qing Yun's current speed, she couldn't provide all the living beings with Chaos Energy.

She could only take the people she had with her.

Once the life-extinguishing Thunder was released, Neiyuan's plan was disrupted.

They had no choice but to give up on the other living beings.

Su Yu hesitated.

The living beings on his heavenly court warship didn't have time to infuse chaos energy either.

If he gave up on them,.

How would he have the face to continue to call himself the sacred body of the human race?

After all, he represented the will of the common people.

"Is there no other way?" Su Yu muttered to himself.

Suddenly...

His heart beat for no reason.

His heart moved and he said, "Excuse me for a moment."

He once again came to the cage where Qing Yun was.

Qing Yun was sitting cross-legged, continuously releasing the chaotic energy in her body to instill it into the creatures arranged nearby.

She heard the sound.

She opened her beautiful eyes and looked at Su Yu, slightly surprised. "You're looking for me, what's the matter?"

Chapter 2849 Discredit

"I want to ask you something." Su Yu hesitated.

It was as if she hadn't made up her mind yet.

Qing yun stopped and nodded, "Yes, but please hurry. We don't have much time."

The next wave of attacks from the sacred mountain would arrive soon.

The array of the inner abyss might not be able to last for a year.

She didn't know that even half a month wouldn't be enough.

Let alone a year?

"The chaotic Qi in your body was extracted from the body of the Stone Fetus Emperor?" Su Yu asked.

Qing Yun nodded affirmatively. "Yes! Do you want to?"

Su Yu touched his heart. He could clearly feel that his heart was beating faster.

It seemed to have sensed Su Yu's thoughts and had an obvious resistance.

"Yes! I wonder if the heart of the stone fetus emperor can also produce chaotic qi." Su Yu was a little hesitant.

He was very worried. If he took out the blood of the heart again, he would fall into that strange and repressed dream again.

If he faced the female stone fetus emperor again...

He did not dare to confirm that he would be able to come back alive.

"The heart is the essence of stone fetus emperor's body. The chaotic Qi contained in it is more than ten thousand times that of mine." Qing Yun gave a very definite reply.

However, she warned, "But just as I said, don't meet with the mirror flower son of Heaven again. Otherwise, it will increase your assimilation speed."

Su Yu's current body condition was different from their vessels.

As long as the vessels took out the stones in his body, he could still live.

But Su Yu's body was the heart.

If the mirror flower son of Heaven wanted to revive, he had to use Su Yu as a foundation.

If Su Yu absorbed the blood from the heart, it was very likely that he would speed up the petrification process.

"I advise you not to take the risk," Qing Yun reminded him.

Su Yu stood where he was and pondered.

After a long time, he made up his mind and said, "Time is of the essence. I have no time to wait."

His human sacred body was given to him by the common people.

How could he give up on the common people?

Even if it was a risk, he had to give them a chance to escape from the sea of bitterness.

He immediately sent a message to the Heavenly Court warship and Yun Yazi and the others, informing them to lead the remaining living beings in the inner abyss over.

With the blood in his heart, the chaotic Qi was very rich.

Perhaps it wouldn't take much to give them all the chaotic qi.

At that time.

When Yun Yazi and the others received the message, they immediately led the common people over.

When they learned that Su Yu was going to take the risk to take out the blood of the petrified heart, they were all worried.

As Su Yu's master, Yun Yazi couldn't dissuade him in public.

However, the Demon Emperor, sky-splitting patriarch, and the others tried their best to stop him.

The demon emperor said, "Human Brat, your future potential is limitless and you have the hope of surpassing the Ren Zu. If you take the risk today and get injured, it will be a great loss to the void."

Sky-splitting patriarch also said, "You really shouldn't sacrifice yourself."

Many peerless experts tried to dissuade him.

If it was someone else, it would be worth it to sacrifice a little.

However, Su Yu's current status was too special.

From ancient times until now, he was the only existence that could surpass Ren zu and help them fight against the son of Heaven of the sacred mountain.

If anything happened, the losses would be too great.

Su Yu was calm as he looked at the countless living beings and said, "As the sacred body of the human race, I have to set an example for the human race. All of you don't have to dissuade me."

No matter how powerful a person was, he had to shoulder the same amount of responsibility.

Moreover, his ability originated from the common people.

Today, the common people were in trouble. How could he retreat?

Su Yu slowly closed his eyes and began to extract the blood from the heart. "At most, it will take one day to extract the blood from the heart. Please arrange the order."

Seeing that Su Yu had made up his mind, they could not stop him.

They could only arrange the manpower with a heavy heart.

As the demon Emperor made the arrangements, he said to Yun Yazi, "Sigh, this disciple of yours is too irrational... But, he is really admirable. If it were me, who would care about the lives of the people?"

Even though he did not agree with Su Yu, he was still moved by Su Yu's decision.

The word 'sacrifice' was easy to say, but it was very difficult to sit up.

Those who were able to do it selflessly deserved the admiration from the bottom of their hearts.

Yun Yazi was speechless.

How could he not know Su Yu's character?

After a long while, he slowly said, "But isn't it precisely because of this that he was able to receive the respect of all living beings and gather a group of people with feelings and righteousness around him?"

The Demon Emperor thought about it and it was indeed so.

If Su Yu was selfish and only cared about his own people, what right did the common people have to respect him?

And what right did he have to make him the sacred body of the human race and represent the will of the common people?

How could a young girl like Xie Xiaoyue, who had silently sacrificed herself for him, appear by his side?

"I hope that the common people won't let him down!"The Demon Emperor said.

The endless common people.

Under the arrangements of the absolute experts, they went to this place in an orderly manner.

"Three great venerables, how should we deal with the defeated General of Central Abyss who was imprisoned? Should we also bring him here?"An absolute expert asked.

Previously, many tribes of Central Abyss had been wiped out because of the enemy's rebellion.

This had greatly damaged Dao Yuan's vitality.

This naturally caused inner abyss to be extremely furious.

Therefore, everyone from the Upper Dragon, who was in command of Central Abyss, to the remaining generals were all punished.

They were all imprisoned and received severe punishment.

Now, all the living beings had obtained the chaotic energy, but they were still imprisoned on the same spot.

Sky-splitting patriarch thought for a moment and said, "They don't deserve to die, but they are also qualified to receive the Qi of Chaos."

The demon emperor frowned. "It's too early to say that they don't deserve to die. The matter of central Abyss has yet to be investigated."

They only had enough time to detain the entire group.

Because they were facing the sacred mountain, they did not have the time to investigate the specific reason for Central Abyss's tragic defeat.

It was still hard to say whether they were guilty or not.

Sky splitter patriarch grinned. "What's So Hard to say? How can the commander defend against a traitor?"

"No matter what, let them accept the chaotic energy first. I hope they can be enlightened and make up for their sins in the future."

The demon emperor frowned, but he didn't argue anymore.

There was really no need to clash with Sky Splitter patriarch for the sake of a few people.

In particular, many of the people imprisoned were members of ancient god Nine Dragons.

For example, the commander Shang long.

After a period of time, they would have to cross the abyss.

Ancient God Nine Dragons was in the abyss.

Thus, they had to weigh the pros and cons.

"Enough, let them come," the demon Emperor said.

Not long after.

A group of soldiers from the Central Abyss Commander's tent were all brought over.

All of them looked haggard and ashamed.

The only one who didn't change his expression was probably the upper dragon.

His cultivation wasn't inferior to the peerless experts present.

Moreover, he had a respected status and was a descendant of the nine dragons ancient god.

What he was most confident in was that the destruction of central Abyss had nothing to do with him?

Why did he have to imprison him?

If anyone was to blame, it should be sacred mountain.

Sky splitter patriarch came in front of them and clasped his hands behind his back. "All of you are guilty, but on account of your contributions, I won't pursue the matter now. I'll even give you a chance to infuse chaos qi into your bodies."

Hearing this...

The prisoners were all indescribably grateful.

Chapter 2850 Seeking Death

To be honest, they thought that they were doomed.

Even if they did not die under severe punishment, they would still die at the hands of the sacred mountain.

Unexpectedly, Neiyuan not only did not pursue their mistakes, but also gave them the chance to use the Qi of chaos.

Who would not be moved and extremely grateful?

The one who was most touched was the Golden Dragon.

He bowed to the sky-splitting patriarch and said, "Thank you, sky-splitting patriarch. This junior will definitely repay today's kindness with my life."

However.

The sky-splitting patriarch moved his body away and chuckled. "I don't have such great ability. You should be thanking him for giving you the chaotic energy!"

After he moved his body away.

The Golden Dragon immediately saw the figure sitting in front of them with his legs crossed. It was Su Yu.

He realized it was him.

The Golden Dragon was shocked. "Human saintly being, Su Yu?"

Sky-rending patriarch nodded and sighed to the people in front of him. "We are all trying to dissuade him from taking the risk to give you the chaotic energy. He insisted on doing so."

"I hope you can understand his intention as the universal venerated being."

The golden dragon trembled.

He could not help but feel admiration in his heart.

They, who were exonerating sins, had indirectly destroyed central abyss and almost killed Su Yu's tribe.

However, not only did he not complain, he treated everyone equally.

It was difficult for him not to admire such an action.

In an unseen manner, a strand of faith was emitted from his body and fused into Su Yu's body.

He was not the only one who had such thoughts.

Countless beliefs appeared out of thin air and gathered towards Su Yu.

Of course, not everyone thought so.

Shang long realized it was Su Yu and immediately looked down on him. "Him? Are you kidding? How rare is the aura of Chaos? How can he help so many of us obtain it?"

Hearing that.

The Golden Dragon was extremely dissatisfied with him.

"Shang long, pay attention to your attitude! Su Yu did not forget about the past and gave you the aura of chaos. You should be grateful,"the Golden Dragon shouted in a deep voice.

His cultivation was not as high as Shang Long's.

But he dared to say and do it.

"What is there to be grateful for? He did not only give it to me, he gave it to everyone!"Shang long said, "I was just given it along the way. What is there to be grateful for?"

Giving a favor to one person was a favor, but giving a favor to everyone was a matter of course.

The golden dragon said angrily, "Then don't take it."

Shang long said disapprovingly, "Su Yu gave it to everyone. If I don't take it for nothing, why shouldn't I take it?"

The robbery logic made the Golden Dragon so angry that he laughed.

The intense debate between the two naturally attracted the attention of the surrounding people.

They were very unsatisfied with Shang Long's words.

"You are a person who is atoning for his crime. How can you be so Righteous?"

"You make it sound like Su Yu should have given you the aura of Chaos?"

"He owes you?"

Shang long looked around coldly. His eyes shone with a sharp light. No matter what, he was still one of the peerless experts.

How could a group of ordinary people say such things?

"All of you, shut up!" Shang long unleashed his domain power and suppressed everyone, making it difficult for them to breathe and speak.

Such a tyrannical act attracted even more attention.

Su Yu was one of them.

The fluctuation of the domain woke him up from his meditation.

He frowned slightly and asked, "Why is it so noisy?"

He needed to prepare to take out the blood of the heart. Why couldn't these people maintain basic silence?

He looked in the direction of the domain.

Su Yu could easily see the origin of the domain. He could not help but frown. "Why isn't He Dead Yet?"

It was unbelievable.

For someone like the Upper Dragon, who was the main culprit that harmed the entire central abyss, not only did he not receive any punishment, he even brought him in front of him to receive the Qi of Chaos?

HMM?

Everyone was puzzled.

The Demon Emperor walked forward and asked, "What happened?"

Su Yu pointed at the upper dragon and said, "The inner abyss is indifferent to the destruction of Central Abyss?"

So many creatures had all died tragically, but Neiyuan did not give any explanation?

The demon emperor understood and said, "Because of the attack of the sacred mountain, we have no time to judge the destruction of Central Abyss. Why, is there a reason we don't know?"

Su Yu nodded deeply, his eyes revealing a cold light. "Then you have really failed in your duty. You actually let such evil people live until now!"

The moment he finished speaking.

The Demon Emperor immediately sensed the seriousness within and looked coldly at Shanglong. "Do you have anything that you need to tell us truthfully?"

Shanglong had an indifferent expression. "Just as I've always said, the enemy has infiltrated all the large and small tribes. It's not my responsibility, but if you want to add to the crime, why not? If you want to punish me, I have nothing to say."

From his tone.

It was as if he was being persecuted.

Hearing his shameless words, the golden dragon angrily rebuked, "Shameless!"

He cupped his fists and said to the demon emperor, "Demon Emperor, this is what happened that day."

"Sacred physique su sensed that there were traitors from the sacred mountain in his tribe, so he deduced that there might be traitors in the other tribes. He hoped that Shanglong would immediately give the order to investigate the borders of their respective tribes."

"However, Shanglong was stubborn. He scoffed at Su Yu's suggestion and rejected it. In the end, he even chased Su Yu away. This caused the other tribes to be caught off guard and the traitors destroyed the defensive formation."

"Then, they were attacked by the Sacred Mountain."

"Shanglong will definitely be responsible for this!"

After listening.

The peerless experts who didn't know about this were all furious.

They thought that this was a natural and man-made disaster that could not be avoided.

Who knew that there was such a hidden story?

"If Shanglong had listened to us and informed us, the losses would not have been so severe, but he did not!" The Golden Dragon reprimanded him angrily.

Hearing that.

The people were furious.

"Such an incompetent commander killed all the creatures in central abyss. Why should we keep him alive?"

"Execute him!"

"He must be executed!"

The People's grievances were boiling.

Shang long remained unmoved and said coldly, "I have judged the situation and made the correct judgment. I have a clear conscience!"

His face was full of righteousness.

PA --

The demon lord went forward and slapped him to the ground. "Clear conscience? This sentence is for the many living beings that you have caused to die!"

He had made such a huge mistake, yet he didn't have the slightest bit of remorse.

And he even boasted shamelessly that he had a clear conscience?

He took out a demon blade and pointed it at the upper dragon. "Keeping a person like you alive will only harm your own people."

Just as he was about to make his move...

Suddenly...

Sky splitter patriarch rushed over and stopped him. "You can't kill him."

He secretly transmitted his voice to the demon emperor. "No matter what, this person is a descendant of ancient god Nine Dragons. If I kill him, I'll definitely be in trouble when I cross the Abyss."

The Demon Emperor didn't think much of it.

"Ancient god Nine Dragons no longer has any contact with his descendants. On the contrary, he's become a threat to them. He might not act for their descendants."

Heaven splitter ancestor said, "If we're not afraid, we'll be afraid! If ancient god Nine Dragons really takes out his anger, who will stop him then?"

"Don't forget, Ren Zu is heavily injured and his condition is unknown."

The Demon Emperor hesitated.
