

Nine-Dragon 2851

Chapter 2851 Kill With A Single Sword

Ren Zu's life or death was still unknown, and there was no way to determine whether he would act or not.

When Central Abyss was destroyed, Ren Zu had never acted.

He could not place his hopes on him.

After pondering for a moment, the demon emperor put away his demon saber.

Shang long rolled his eyes and immediately understood what they were afraid of. He arrogantly said, "What, you're not going to kill me?"

With ancient god nine dragons around, who would dare to kill him?

"Since you don't want to kill me, then scram to the side," shang long wantonly said, completely disregarding the demon Emperor and the others.

Then, he stared at Su Yu and said with his hands behind his back, "How is it? What do you want to Do to me?"

Su Yu slowly stood up and said, "You think I'm afraid of ancient God Nine Dragons?"

He and ancient god Nine Dragons were already mortal enemies.

Why should he care about ancient god Nine Dragons?

Shang long faintly smiled and arrogantly said, "You're not afraid, but aren't the people around you?"

"If you really kill me, ancient god Nine Dragons will bring disaster to all of you! If any of them are injured, it will all be on you, Su Yu!" Shang long finished Su Yu off.

He was able to sacrifice the blood of his heart for the common people.

Then, why would he put all living beings in danger?

Without a doubt.

He would choose to compromise.

"Shang Long, don't go too far." Even heaven splitter patriarch couldn't stand it.

This person was too arrogant.

He was supposed to die ten thousand deaths, but instead of being grateful, he was given a chance to live.

"Why would I go too far? You innocently detained me, and now you want to know that I'm guilty. That's truly going too far." Shang long became even more arrogant.

He looked down at the angry eyes of the crowd.

His face was full of cold smiles.

So what if he was angry? Wouldn't he have to swallow his anger?

Finally.

He looked at Su Yu and walked over, pushing away all the creatures in front of him.

He conveniently moved a stool and sat in front of Su Yu.

He crossed his legs, curled the corners of his mouth, and curled his fingers. "Come, pour the primal chaos energy into me first."

Su Yu's expression was indifferent. "You probably don't know me."

Those who knew Su Yu knew that he already had the intention to kill.

It didn't matter whose descendant you were.

Just kill him.

As for bringing harm to the common people, he would naturally protect them with his life.

He would never be controlled by others because of this.

"I don't need to know you. I only need to know that you used to be below me, and now you're still below me. You'll do whatever I tell you to do!" Shang long said coldly.

"Immediately infuse me with chaotic energy, whether you're willing or Not!"

Su Yu laughed coldly. With a wave of his palm, the power of his saintly being erupted.

It turned into a hundred-foot-long thin sword.

Seeing this, Shang Long was naturally shocked. He retreated frantically and said, "You dare to attack me? Use your brain to think clearly first!"

Do I need to think twice?

Su Yu held the hundred-foot-long thin sword in his hand. Without saying a word, he stabbed towards the other party.

The shocking sword qi pierced through the hundred-foot-long space.

Shanglong was shocked. He staggered and fell from his chair to the ground.

He rolled and crawled as he ran toward the sky-splitting patriarch. As he ran, he shouted, "Save me!"

Among all the people, the sky-splitting patriarch was the most rational.

He would definitely save him.

Indeed.

The sky-splitting patriarch did not disappoint him.

When he noticed Su Yu's actions, the sky-splitting patriarch immediately shouted, "No!"

He himself also rushed over to save him.

When he saw this scene.

Shang Long's heart calmed down.

With an expert like the sky-splitting patriarch making a move, what could Su Yu do to him?

However.

A bone-piercing coldness penetrated his body.

When he looked down, he saw an eight-colored sharp stick coming out from his chest..

Shang long turned around in disbelief and saw Su Yu's cold eyes. "Death is not a pity."

With a shake of his palm, Shang Long was killed in body and soul.

Shang Long did not expect that his mid-stage Heavenly Dao master was killed by Su Yu without any resistance.

As his soul was destroyed, Shang Long vanished into thin air.

By the time Sky Splitter patriarch arrived, it was already too late. He couldn't help but blame, "How can the upper dragon be killed? Even if you don't give him chaotic energy, you can't kill him!"

Su Yu calmly withdrew his eight domains and indifferently said, "Ancient God Nine Dragons is no longer part of our race. Placing the hope of crossing the Abyss on his body is truly unwise."

Ancient God Nine Dragons wouldn't stir up trouble if he didn't kill the Dragons?

Not necessarily!

He had been trapped in the abyss for so many years that he had long since transformed into a giant beast.

He was definitely not a kind person.

Sky splitter patriarch had nothing to say. He could only sigh and wring his hands, his expression filled with worry.

"Things have already come to this, so there's no need to worry so much." Demon Emperor walked over, full of agreement with Su Yu's actions.

What was meant to come would eventually come.

He couldn't lower his head to ancient god Nine Dragons and curry favor with him because of this.

Su Yu nodded. "After this matter, I hope that everyone can carry out a screening of the common people. Those who don't meet the requirements should be rejected."

He wanted to protect the common people that were worthy of protection.

He didn't want to protect those who harbored evil thoughts or felt that they deserved Su Yu's help.

The Demon Emperor and Sky Splitter elder agreed.

Su Yu was taking such a great risk. He could not let some unscrupulous people pick up their chopsticks, eat, put down their chopsticks, and curse.

Just like that.

Only then did Su Yu completely calm down and refine the heart's blood.

Time slowly passed.

One day later.

All the people were ready to receive the chaotic qi.

After several struggles, Su Yu took out a drop of Heart's blood.

He flicked the blood of the heart into the air.

Then, he blew out a breath and blew the blood of the heart into a bloody mist.

The bloody mist was filled with an astonishingly dense chaotic qi. It fell from the sky and covered the earth like a thick layer of atmosphere.

It gave all the living beings present a chance to breathe and breathe into their bodies.

Of course.

There was a process for the chaotic Qi to enter the body and merge into it.

Just like how Su Yu and Xiao Die's mixed energy took five days to fuse with each other.

An ordinary creature would only need an even longer time.

After everything was done...

Su Yu's face turned pale.

He had only taken out a drop of blood, but he felt extremely tired.

His eyelids couldn't help but droop, and he was about to fall asleep.

At the critical moment, he bit the tip of his tongue and used the sharp pain to stimulate himself. He didn't want to fall asleep.

Otherwise, he would fall into the same nightmare as before.

However, he was too tired.

After a short period of sharp pain, his brain fell into a dazed state again.

It was extremely difficult to even open his eyelids.

In the dark, there was a pair of big hands pulling Su Yu's consciousness and sinking into a dark place.

That big hands should be the illustrious prince in the nightmare.

Just as his eyes were about to fall asleep,.

Suddenly, his face became hot.

His unconscious consciousness immediately woke up.

He suddenly opened his eyes.

It was Qing Yun who saw that the situation was not good and immediately came out of the cage, covering his face with her palm.

Strands of chaotic energy from his body reached Su Yu's heart through his palm.

The chaotic energy that had caused his heart to lose was slightly replenished.

This way, Su Yu wouldn't fall into a coma.

"Luckily, I made it in time." Qing Yun withdrew her palm in relief, her eyes filled with helplessness.
"You're too bold."

Su Yu's actions were too risky.

He might not be able to wake up when he saw the stone statue of the mirror flower son of Heaven again.

If he was strangled to death by the stone statue of the mirror flower son of heaven, his consciousness would be destroyed forever.

And the mirror flower emperor will dominate Su Yu's body.

Chapter 2852 Entering The Abyss

"Thank you so much." Su Yu was extremely grateful.

If it wasn't for Qing Yun, they would have been in big trouble.

"Of course." Qing Yun said. She looked at the people sitting on the ground, "But because of your kindness, all the people are saved. Once they fuse the chaotic energy into their bodies, they will have the chance to enter the nine-star civilization."

"However..." Qing Yun glanced at the five hundred sacred mountains hovering above the inner abyss.

She didn't know if she could make it in time.

If she succeeded in condensing all of the life-exterminating thunder, the Inner Abyss would be destroyed.

"I hope I can make it in time," Su Yu muttered.

While time was limited.

Su Yu returned to the Heavenly Court warship and came to the wicked girl's side.

The Wicked Girl was still in a deep meditative state and couldn't wake up.

However, the aura around her was getting stronger and stronger.

Now that Su Yu had broken through to the peak of the early stage of the Heavenly Dao master, she was still shocked.

"Could it be that he can really compare to the emperor?" Su Yu was secretly shocked.

Shua --

Right at this moment.

Yun Yazi rushed over. He couldn't leave Su Yu for fear that he would be threatened by the Nirvana master.

When he found the evil daughter.

Yun Yazi was stunned for a moment before a complicated expression appeared on his face.

"I knew it. She didn't die." Yun Yazi said, "The one you killed back then should only be half of her body."

Yun Yazi should know more about the evil daughter than anyone else.

Su Yu knew about the past between Yun Yazi and the evil daughter.

The grudges between them were right and wrong. As an outsider, Su Yu didn't have the right to ask Yun Yazi to forgive him.

He only said, "Master, please don't do anything for the time being."

Yun Yazi smiled faintly, "The hatred from back then has long passed with the passing of time."

Indeed.

Even though he was seriously injured by the evil daughter and was on the verge of death, Yun Yazi was still protecting the mystery of the evil daughter's birth.

He was protecting the evil daughter from the bottom of his heart.

The so-called hatred had long dissipated.

"Protect her well." Yun Yazi said, "What she lacks is the love and care of the human world."

Su Yu was deep in thought.

The evil daughter was indeed cold and heartless.

However, the heartless her had saved him once.

"I understand," Su Yu said. After thinking for a while, she said, "Master, can you tell me that Xia Jingyu is also a vessel for the illustrious son of Heaven?"

He saw the evil daughter and Qing Yun.

Both of them had the same soul and appearance as Xia Jingyu.

How could he not understand?

Xia Jingyu was also a vessel.

It was just that she was unwilling to accept it.

Yun Yazi sighed silently. "When I first saw her, I warned you that there would be no result between the two of you."

So...

He knew Xia Jingyu's identity from the beginning.

However, at that time, Su Yu's cultivation and realm were too low. He couldn't understand what was being told to him.

Su Yu clenched his fists. He couldn't accept that Xia Jingyu was a vessel made by the son of heaven.

"However, although it's a vessel, her soul is real." Yun Yazi looked at Su Yu deeply. "Everything between the two of you happened in the real world. There is no falsehood."

Su Yu nodded his head deeply.

He had never doubted her because of that.

Xia Jingyu was one of the few people in the world who wouldn't betray him.

"Also, if possible, find him as soon as possible in the nine-star civilization," Yun Yazi said. "The son of Heaven of the sacred mountain should make a move soon to take the stone in Xia Jingyu's body."

"After taking it out, no one knows whether the son of Heaven will spare her life."

Hearing that.

Su Yu's heart tightened.

Indeed.

He should look for Xia Jingyu.

They had been separated for hundreds of years. He wondered how Xia Jingyu was now.

Was she safe and sound in the Goddess tribe?

At this moment.

He suddenly felt a strong desire to enter a nine-star civilization.

There was a woman waiting for him there.

He was suffering and waiting.

Time passed bit by bit.

More and more people successfully fused with the aura of chaos.

Half a month later.

Those who had obtained the aura of chaos had all fused.

In the sky.

The life-extermination thunder of the sacred mountain had already brewed to the last moment.

One could see countless Thunderbolts seeping out from within the sacred mountain with the naked eye.

As they flickered, they released a destructive power that caused the array formation of the inner abyss to shake incessantly.

"The life-extermination thunder of the Sacred Mountain is about to be successfully condensed. There's no time to delay. We must prepare to set off immediately." Yun Yazi, the Demon Emperor, and the sky-splitting patriarch gathered by Su Yu's side once again.

They had to give up on the inner abyss.

"Arrange the lives. Let's set off!" Su Yu didn't dare to delay.

They came to the edge of the inner abyss and looked at the pitch-black abyss.

The living beings of the inner abyss rushed over one after another.

Nirvana included!

Nirvana lord sat cross-legged on the bow of the ship with a merciful expression. "Crossing the Abyss, I, Nirvana, will do my best to help."

His arms spread out, and most of the dim cave dwellings had already regained their light.

This was because the believers had stabilized and had accumulated a certain amount of faith.

Yun Yazı and the others frowned.

The Lord of Nirvana's participation couldn't really be said to be a good thing.

But who asked him to control the endless power of faith, which had the absolute power to crush them?

Before the destruction of the sacred mountain, it was not suitable for internal strife.

They suppressed their disgust and tacitly agreed to his joining.

The Nirvana Lord smiled and withdrew his arms.

Little did they know.

In many cave world, more than half of the worlds had already quietly changed their faith.

In a certain cave world.

Six paths immortal clapped her hands and looked at the last cave world's Su Yu statue, smiling with great satisfaction.

At this point.

The cave abode world that she controlled had quietly changed its beliefs.

All the statues had been changed to Su Yu.

Moreover, she had already accumulated a lot of power of belief.

The only problem now was how to safely escape from the Nirvana Lord with so many cave abode worlds.

If she was careless and the Nirvana Lord found out, she would destroy all these cave abode worlds.

It was the moment of success.

A cold laugh pierced through the cave abode world.

"Six paths immortal, how dare you!" The red-legged demon's voice suddenly sounded.

At the same time, the cave abode world was forcefully broken apart.

The red-legged demon led a group of Earth Apostles and barged into this place.

The six paths immortal's expression only changed slightly.

She didn't think that she could hide it forever.

After all, such a big move would more or less leak some information.

"Betraying the Nirvana Master is a capital offense."The barefoot demon couldn't help but laugh.

He had long noticed the six paths immortal's small move.

He had only deliberately suppressed it and didn't make a sound.

He had been waiting for the six paths immortal to replace all the statues, attracting the nirvana master's towering anger.

Now, it was finally time.

The six paths immortal was expressionless as she whistled.

Immediately, her earth apostles swarmed over from all directions.

The two sides faced each other across the air, and an unprecedented amount of smoke erupted from each other.

It seemed that the battle between the two sides was about to break out.

However, the barefoot demon laughed and slowly retreated, "Do you think that I'm here to fight you? I'm about to die, why would I risk my life to fight you?"

"I've already sent someone to inform the great protector. He'll be here soon!"

But.

Six paths immortal's expression was indifferent. "Do you think that you can live if I Die?"

HMM?

The barefoot demon narrowed his eyes and immediately sensed that something was wrong.

Chapter 2853 Years Of Dust

However, it was too late.

One of the Earth Apostles behind him suddenly had a sharp look in his eyes.

Killing intent burst out.

He had long prepared himself and pulled out a sharp awl that contained six streaks of gray air currents and pierced it into the bare-footed demon's vest.

His abnormal actions immediately caused the surrounding earth apostles to be furious.

They all made their moves, wanting to exterminate this earth apostle who had betrayed them.

Who knew.

Among the group of Earth Apostles who made their moves, there were actually two traitors.

They took the opportunity to attack their own people crazily.

It immediately caused them to fall into chaos.

The traitor who held the sharp awl stabbed the sharp awl further into the red-footed demon's back.

"Ah! You Betrayed Me!"The red-footed demon roared with a heart-wrenching rage.

He recognized that the sharp awl was a Nirvana artifact personally refined by the six paths immortal.

Once it entered the body, the six paths'Qi would seal the soul.

It was obvious.

The six path immortals had planted trusted aides around the barefoot demon many years ago, waiting for one day to deliver an unexpected blow to the barefoot demon.

Now, it came in handy.

Unfortunately.

It was too late to realize it now.

The Barefoot Demon's soul was quickly extinguished.

It didn't take long before it was completely destroyed.

Once he died, the six path immortals let out a long sigh of relief.

Only the six path immortals remained vigilant as they inspected the barefoot demon's corpse from afar.

In the end.

Its power had just covered the barefoot demon's corpse.

Its corpse actually bounced up out of thin air! !

Furthermore, it retreated frantically like a carp.

Then, they looked at the injuries on its back.

The wound rapidly split open, and from a three-inch-square round hole, it rapidly exploded in all directions.

Finally, with a bang, a blast of air exploded.

A smaller barefoot demon emerged from within, its entire body dark gold.

And around it, there were remnants of dark armor and flesh.

So...

This was the real body of the barefoot demon.

Outside its body, there was a fake body that could confuse the enemy.

At the critical moment, it would die in its place.

Its real body would hide within and act according to the situation.

He wanted to fake his death to escape, but six paths immortal was extra vigilant and wanted to check the corpse.

He had no choice but to hide in his original body and escape.

His rebirth made the earth apostles overjoyed and rushed over to protect him.

Then, they protected him and quickly retreated.

The red-legged demon sneered, "Six Paths Immortal, you are dead!"

On the other hand, six paths immortal looked embarrassed.

The Barefoot Demon was too cunning and hid too deeply.

The three trusted aides that he had placed beside him had not been able to find out that the barefoot demon had an actual body for many years.

Seeing that the barefoot demon was protected by everyone and escaped, it was impossible for six paths immortal to keep him.

The matter was completely exposed.

They were really in big trouble.

Now, it was hard to say whether they could escape, let alone give their faith to Su Yu.

After all, someone had already gone to send a message to the great protector.

Just as the red-footed demon and the others were about to escape.

Among the apostles who were protecting the red-footed demon.

Suddenly, a strange expression appeared on one of his face. He silently pulled out a thread and wrapped it around the dark golden red-footed demon's neck.

Then, he tightened his grip.

The red-legged demon's body was dismembered.

He died tragically on the spot!

The two eyes on his head still had the confusion and confusion from before he died.

Before his consciousness completely dissipated, he turned his head with great difficulty to look at the person behind him.

The person grinned and tore off the disguise on his face.

That was not someone else.

It was Gu Taixu.

"It... It's You?"The red-legged demon could not understand.

Why was Gu Taixu the one who killed him!

Gu Taixu was the one who told on him. The six path immortals might change their beliefs.

Gu Taixu and Su Yu were old enemies. Why would he help Su Yu's friend, the six path immortals, to kill him?

His mind was filled with confusion. He could not understand Gu Taixu's actions.

The other apostles reacted. They were furious and attacked Gu Taixu.

Gu Taixu smiled and nine ferocious ancient beasts appeared around him, enveloping them in a bloody mist.

The corpses of the barefoot demon were eaten up in the blink of an eye.

Gu Taixu's cultivation was increasing at an obvious speed.

He licked his lips in satisfaction and said, "Hehe, can I, Gu Taixu, be enslaved by others?"

This scene caused the six paths immortal and the others to suck in a breath of cold air.

What kind of terrifying evil technique was this?

It was too evil!

The six paths immortal stared at Gu Taixu and frowned. She felt that this person was familiar.

She seemed to have seen him somewhere before, but she could not remember.

However, he was too evil and was definitely not a good person.

She secretly contacted her own people and slowly retreated, leaving the nirvana battleship.

"There's no need to rush." Gu taixu smiled faintly, "I was sent by the barefooted demon to inform the Great Guardian."

In that case, he did not go and inform them.

At present, no one knew what happened here.

"Why are you helping us?" The six path immortals asked.

GU taixu laughed, "There's no need for so many WHYS. As long as you know and listen to me, you can live."

The six path immortals were skeptical.

"What do you want us to do?"

Gu Taixu said plainly, "It's very simple. Bring all these beliefs to Su Yu. I will cover for you."

The six path immortals were suspicious.

Would he really be so kind as to help them?

As if he saw through their thoughts, Gu Taixu said, "You have no choice. You can only trust me."

The six path immortals did not deny it.

That was true.

The death of the barefoot demon could not be hidden for long.

Within a short period of time, he had taken all the cave abodes away. What he was waiting for was the wrath of the Nirvana Lord.

"I am proficient in a secret technique. I can create a fake cave abodes to temporarily replace you. As for you guys, try your best to find Su Yu."

As he spoke, Gu Taixu released one of the ancient beasts on the spot.

This ancient beast indeed had the ability to create illusory objects. It was hard to tell if it was real or not.

The six path immortals believed that more than half of them would immediately organize the cave worlds under their jurisdiction and put them all into their own pockets.

Then, they left silently.

Gu Taixu created a large number of fake cave worlds and hid it from the world.

However...

When everything was ready, Gu Taixu's lips curled into a cold smile, "Su Yu, let's see if you still won't die this time."

Speaking of which, the six path immortal.

She brought a group of Earth Apostles to seek refuge with Su Yu.

However, the more she thought about it, the more she felt that something was wrong.

She then quietly stopped somewhere on the ground.

"Sir, are you suspecting the motives of that person?" A confidant also felt uneasy.

Six paths immortal nodded deeply.

She had been able to place her confidant beside the barefoot demon for many years, so her intelligence was naturally not low.

"There must be a trap." Six paths immortal thought about it. "For this matter, I should inform Su Yu first and ask him to make a decision."

In his heart.

There was no trap that Su Yu could not figure out.

As she spoke.

She carefully took out half a treasured heart-shaped communication device.

Her eyes were trembling with anxiety, excitement, and uneasiness.

After hesitating for a while, she bit her red lips and sent a message inside.

Su Yu, who was urging the common people to come to the cliff.

He was suddenly shocked.

A trace of disbelief appeared on his face. From the depths of his storage space, he took out a half-heart-shaped communication device that had been covered in dust for fifty years.

Chapter 2854 No Tolerance

Su Yu was extremely shocked.

If it wasn't for this message, he would have almost forgotten about this item.

"She's still alive." Su Yu couldn't help but look at the Nirvana Lord's battleship in the distance.

With an excited heart, Su Yu immediately opened the communication device and flipped through the message.

Read it.

There was no joy on his face. Instead, a solemn expression appeared on his face.

I learned that six paths brought more than half of the Nirvana Lord's followers to him.

Su Yu can not be happy.

Because, as it turns out, it was the help of a man who was covered in a bloody mist and who was adept at using beast spirits.

Su Yu narrowed his eyes.

He's covered in blood, he's good at Beast Spirits, and he's in Nirvana.

Who this person is, the answer is obvious!

Gu Taixu!

Would he help the six path immortals out of kindness and help Su Yu obtain so much faith?

As a life and death opponent, would Gu Taixu be so stupid?

He immediately replied and asked the six path immortals to explain everything clearly.

On the other side.

The six path immortals waited nervously.

To be honest, she was completely unsure if Su Yu still had half of the heart-shaped communication device that she had given him back then.

After all, such a long time had passed.

But what made her heart inexplicably sweet was...

The communication device in her palm actually vibrated.

Not only did Su Yu reply, she also replied at the first moment!

After reading Su Yu's message, she immediately briefly sorted out the sequence of events.

After reading it, Su Yu's mind was filled with thoughts and immediately understood Gu Taixu's intention.

"Gu Taixu wants to provoke a great battle between me and the Nirvana Master and kill me." Su Yu immediately saw the stakes involved.

Everyone knew that the Nirvana master wanted to kill Su Yu.

However, he might not make a move before the nine-star civilization.

After all, the biggest enemy right now was the Holy Mountain, and Su Yu had many experts gathered around him.

However, taking away more than half of his believers was different.

Believers were the lifeblood of the Nirvana master.

How could he allow others to take them away?

It would be strange if he didn't fly into a rage on the spot.

"If nothing goes wrong, before you bring your believers to me, he will expose you to the Nirvana Master!" Su Yu said in a deep voice, "Moreover, he must have done something in some cave world to prevent you from successfully bringing your believers to me."

Wasn't Gu Taixu worried that his believer would really fall into Su Yu's hands?

Of course he was afraid!

Therefore, he must have a backup plan.

Su Yu thought for a while and commanded, "Immediately order people to check the cave abodes. I think there is at least one location-based magic treasure."

"Gu Taixu could very likely find you based on these location-based magic treasures and report you to the Nirvana master so that he can get credit for it, killing two birds with one stone."

Not only did he trigger the Nirvana master's desire to kill Su Yu, but he also made a contribution and obtained the Nirvana Master's reward.

One had to say that it was really killing two birds with one stone.

Hearing this.

The six path immortals immediately did as they were told.

They ordered the various apostles to start checking the cave abode world that they were in charge of.

Not to mention, they actually found two location-based magic treasures.

One of them was even more well hidden.

If they did not have absolute control over the cave abode world, they would have been able to quickly detect the fluctuations of the magic treasures.

Gu Taixu might have really succeeded.

Looking at the two location-based magic treasures, the six path immortals could not help but break out in cold sweat.

If later, Gu Taixu really used the signals of these location-based magic treasures to bring the Nirvana lord over.

Traitors like them would really die without a burial ground.

"Fortunately, I asked Su Yu." The six path immortals were secretly glad that they were vigilant and did not trust Gu Taixu rashly.

Otherwise, they would have been sold by him and even helped him count the money.

"Sir, su saintly being is too godly!" One of the Earth Apostles said with his mouth agape.

Just by combing through the matter, the other party had already guessed most of the conspiracy.

He understood it better than those who had experienced it themselves.

Six paths immortal pursed her lips into a smile. "Haven't you heard that su saintly being is best at scheming?"

In her memories, there had never been a single person who was as good at scheming as Su Yu.

"We can't stay here for long. Let's go." Six paths immortal didn't destroy the location-based magic treasure.

Instead, she captured two demon beasts, stuffed the location-based magic treasure into their stomachs, and then drove them in another direction.

"For safety's sake, let's take a roundabout route to approach Su Yu," said the six paths immortal.

At that time.

Gu Taixu sat cross-legged in the world of the cave abode.

After a long while, he opened his eyes slightly and looked at the crystal board in his palm. Two streaks of red light flashed on it at the same time.

The corners of his mouth curled into a playful smile. "It's about time! Su Yu, I wonder how you will feel when you personally witness the death of the woman who adores you in front of you."

As he spoke.

He stood up and left the Nirvana battleship.

He had yet to leave.

He was noticed by the Great Protector. He frowned and said, "You are an apostle under my command, right? Where are you going?"

Apostles were not allowed to leave the nirvana battleship without the permission of the protector.

Gu Taixu said unhurriedly, "I have something urgent that I need to report to the Nirvana Lord."

The Great Protector narrowed his eyes and shouted, "How dare you!"

Gu Taixu was his apostle. Anything should be reported to his immediate superior.

Reporting to someone of a higher level meant that he did not take Gu Taixu seriously.

Gu Taixu was unperturbed and said calmly, "Great Protector, I think that rather than making things difficult for me, why don't you take a look at the cave world under your jurisdiction?"

HMM?

How was the world of the cave abodes?

The great protector was astonished.

However, those world of the cave abodes were under the control of his master and disciple, so what could he do?

However, this Gu Taixu was different from his usual self and was annoying.

"Come here," the Great Protector ordered.

Gu Taixu's expression did not change and he said, "I'm sorry, I've already decided to withdraw from your subordinates. Now, you have no right to interfere with me."

Hearing that.

The great protector laughed in anger.

His subordinates could actually leave if they wanted to, and enter if they wanted to?

"It's not up to you!" The great protector sneered and slammed the table.

He turned into a stream of light and attacked the great protector.

Gu Taixu was prepared and released nine ferocious beasts.

His cultivation was already quite high. After eating the barefoot demon and the earth apostles, his cultivation increased even more.

Although he was not as good as the great protector, he was not far from it.

After exchanging blows, Gu Taixu was only pushed back.

He was not injured.

He took the opportunity to retreat and flew towards Nirvana master.

The two of them chased each other.

Soon, they caught Nirvana master's attention.

"What's the point?" Nirvana master frowned and shouted.

The two of them stopped just now.

The great protector said, "Reporting to Nirvana master, this person did not listen to orders and left the Nirvana battleship. I am capturing him."

The Nirvana master looked at Gu Taixu when he heard this. His eyes were filled with strangeness as he said indifferently, "Then kill him."

The Nirvana master would never forgive someone who disobeyed him.

Gu Taixu said calmly, "Reporting to the Nirvana master, I have something important that I need to inform you urgently. That is why I had no choice."

The Nirvana master said indifferently, "No matter what kind of emergency it is, it is not a reason for you to disobey the orders of your superior."

The level of Nirvana he created was very strict.

The situation of overstepping one's superiors could not be tolerated.

Chapter 2855 Self-Consolation

"More than half of the Nirvana Master's Cave World has been taken away by someone. Could it be that it can't be?" Gu Taixu said calmly.

What?

The Nirvana Master's eyebrows twitched violently.

He immediately spread his arms and looked at the monk robes on both sides of him.

The left side was still the same. Countless cave worlds were dotted like a galaxy of stars.

However, the right side was pitch black. Not a single cave world was left.

Boom --

Because of his shock, the Nirvana master's body exploded with a powerful air current, sending the great protector and Gu Taixu flying.

In the air current, the two of them were injured to different degrees.

Blood trickled down the corner of Gu Taixu's mouth.

He barely stabilized his body and wiped the blood off the corner of his mouth. Not only was he not angry, he lowered his head and sneered.

Good!

The angrier the Nirvana Lord was, the closer Su Yu was to death.

"Who took it?" The Nirvana Lord's powerful Aura pressed down on Gu Taixu's body.

Instantly.

Gu Taixu's body went limp and he knelt on the ground. He revealed an expression of fear and trepidation, "Reporting to the Nirvana Lord, it was done by the six path immortals under the Great Protector."

He looked at the great guardian with a cautious expression, "It is precisely because of this that I have to bypass the Great Guardian and report to you alone."

What he meant was that he was worried that the Great Guardian would be involved and kill him to silence him.

Hearing that.

The eyes of the Master of Nirvana were like lightning as he shot at the Great Guardian.

In the end, with a bang, a huge bloody hole was blasted in the chest of the great guardian by his gaze.

Just a little bit more and his life would have been in danger.

It could be seen that the Nirvana master had already fallen into a rage that was close to losing his rationality.

Otherwise, he would not have attacked his subordinate who had been loyal to him for so many years without even asking the truth.

The Great Protector endured the intense pain and said, "This subordinate did not know!"

The Nirvana master retracted his gaze. His gaze contained a trace of probing and had already searched the other party's soul.

He confirmed that the great protector was not involved.

"I'll spare your life and ask you about your crime later," the Lord of Nirvana said.

Although the great protector was not involved, he was still accused of being lenient!

His body trembled and he lowered his head, but he glanced at Gu Taixu from the corner of his eye.

His gaze was extremely vicious.

Gu Taixu definitely did it on purpose!

If he reported to the Lord of Nirvana alone, it was equivalent to placing him, the great protector, on a fire rack and roasting him.

Now, he was accused of not ruling strictly.

Coincidentally.

Gu Taixu also looked at him, the corners of his mouth curling into a cold smile.

He did do it on purpose.

Not only did he want the barefoot demon to die, he also wanted the Great Guardian to die.

No matter how bad it was, he wanted to take away his position.

Therefore, Gu Taixu took a step forward and started to perform meritorious deeds. "Nirvana master, I can think of a way to recover the lost cave world."

Nirvana master, who was looking around for the world of the cave abode, was moved.

He had already looked around and all the world of the cave abode had lost contact with him.

There was a vast sea of people. If the other party could hide, it would be very difficult to find him.

Moreover, he was about to enter the abyss.

Where would he have the time to find him?

After hearing Gu Taixu's words, how could he not be moved?

He faced Gu Taixu and revealed an expectant look. He promised on the spot, "If you can find the world of the cave abode, I can satisfy you with whatever you want."

He glanced at the great protector meaningfully and said, "Including the position of Protector!"

Gu Taixu was overjoyed.

Everything was proceeding according to his plan.

He could not help but sigh in his heart, "Thank you, Su Yu. Thank you for your woman. You have helped me, Gu Taixu!"

He immediately took out the crystal plate and pointed at the two red dots on it, saying, "At that time, I sensed that the six path immortals were plotting something, so I immediately placed a location in the two cave abode worlds."

"If I rush over now, it will be completely on time."

Hearing that.

The Nirvana Master could not help but be delighted, clapping and praising, "What is your name?"

"Reporting to the Nirvana master, Gu Taixu."

The nirvana master said, "Good! Gu Taixu, you've done very well! With such a temperament, you'll definitely become a great person in the future!"

"Let's Go! Let's find the cave abode world."The Nirvana master narrowed his eyes. "I still have to personally exterminate that group of traitors!"

Killing intent flashed in his eyes.

It came like a storm.

A group of people immediately chased after them.

With two positioning magic treasures, it wasn't difficult to find them.

The Great Protector followed at the back.

His mood was extremely heavy.

He could already see his future situation.

Even if the punishment for this crime wasn't too severe, he would still retain his position as the great protector.

However, it would be very difficult for him to gain the Nirvana Lord's Trust in the future.

If it was him, his subordinate had lost more than half of his cave abode world, but he still hadn't realized it.

How could he still use such an incompetent person?

In a fit of anger, he could even kill him.

And everything was thanks to this sinister Gu Taixu.

In his heart, he had already crushed Gu Taixu's bones and scattered his ashes countless times.

Unfortunately.

If nothing unexpected happened, the one who would gain power in the future would be Gu Taixu.

He would gradually lose his advantage and be suppressed by Gu Taixu.

Not only could he not vent his anger, but he would also have to swallow it.

Thinking of this, his mood became increasingly heavy.

On the contrary.

Gu Taixu was in a happy mood. It was as if he had already seen the scene of him being below one person and above ten thousand people.

As long as time passed, he might even be able to eat the Nirvana Lord.

He would replace the Nirvana Lord and become a mighty figure that surpassed many peerless powerhouses.

At that time, what would Su Yu Be?

Di Di --

Right at this moment.

Two consecutive sounds came from the crystal plate.

Gu Taixu was slightly excited and said, "I'm about to find one."

He looked at the crystal plate and was both excited and a little surprised.

The two positioning magic treasures on it showed that they had separated.

It shouldn't be.

All the cave abode worlds should have been kept together by the six path immortals. How could they have separated?

Could it be that the six path immortals had split the cave abode world into two parts and brought them to Su Yu separately just to be on the safe side?

Therefore, the two positioning magic treasures happened to be separated?

It was probably because of this.

He was uncertain.

Looking at the positioning magic treasure closest to him, he guided Nirvana Master and the others to rush over.

In the end, they did not catch up to the six path immortals and the others.

Instead, it was a demon beast that was running happily.

The latter sensed that the powerhouses were chasing after it and blinked its innocent eyes as it ran and ran.

However, it was still forced into a corner.

The Nirvana master mercilessly killed it and cut open its stomach.

A location-based magic treasure that was emitting ripples was dug out by it.

The Nirvana master's face darkened, "This is the location-based magic treasure that you mentioned?"

Gu Taixu looked uneasy and said hurriedly, "It's possible that they found one of the location-based magic treasures, so they tied it to the Demon Beast on purpose to lure us away."

"There's another one!"

He looked at the trajectory of the other one, which happened to be heading toward Su Yu.

His heart calmed down.

It seemed that this guess was correct.

"Fortunately, I installed two locators at the same time. Otherwise, the consequences would be unimaginable," Gu Taixu said to himself.

The Lord of Nirvana also placed his hopes on the last locator.

Chapter 2856 You Can't Steal A Chicken

Whether or not you can find the lost world of the cave abode depends on the last locator.

After half a cup of tea.

Gu Taixu stared at the red dot on the crystal plate that was getting closer and closer.

A trace of joy appeared on his face. "I'm almost there."

The red dot was still heading towards Su Yu.

Who would believe that it was not a six path immortal?

The Master of Nirvana's killing intent surged. "Betraying me for a man? Hehe..."

The fate of a six path immortal was definitely ugly!

It was even scarier than death.

"We're Close!" They chased after a patch of reeds that were as tall as two people.

Looking at the red dot that was not far from them, Gu Taixu was eager to make a contribution and flew over first.

He flew over the empty spot.

He used a precious technique to burn everything nearby.

He revealed the 'six path immortals' that were hiding inside.

Gu Taixu looked down, but the smile on his face was completely stiff.

What he saw was not the six path immortals, but a burnt bear demon.

The Nirvana Lord rushed over, and the smile on his face faded bit by bit.

What replaced it was a gloomy look.

He squeezed across space and crushed the bear demon's corpse. Then, he took out a locator that was constantly emitting signals from the corpse.

The Nirvana Master's face was gloomy as he said in a low voice, "Is this the other locator that you mentioned?"

At this moment.

Even Gu Taixu was confused.

Two locators were found?

Could it be that the six paths immortal had seen through his plan and discovered the two locators in advance and lured them away?

That shouldn't be the case!

How could that woman have known what he wanted to do?

Wait!

Gu Taixu's eyes immediately narrowed. Could It Be Su Yu?

If that woman had a way to contact Su Yu..

Thinking of this, Gu Taixu's heart trembled and hatred surged.

It should be Su Yu.

It couldn't be wrong.

Only he could see through his plan so easily and set up a series of countermeasures.

All his schemes were destroyed.

At this moment, the Great Protector said in a weird tone, "Nirvana master, I am very curious. Since GU Taixu had already discovered the schemes of the six path immortals, why did he wait until she succeeded before reporting it to you?"

"Furthermore, the two locators that he set up did not have any effect at all. Instead, they led us in circles and wasted the best opportunity to intercept the six path immortals."

The implication was naturally that Gu Taixu was hindering them.

The Nirvana master narrowed his eyes.

Indeed, from the very beginning, it was all Gu Taixu's one-sided words.

Gu Taixu immediately defended himself and said sincerely, "Nirvana master, Please believe me. I really set up the locators, but the other party had Su Yu's guidance and discovered them. He purposely lured us away."

The great protector chuckled, "Su Yu can predict the future and the past. If you don't tell him, how would he know that there are locators in the cave abode world? And there are two of them?"

Gu Taixu could not defend himself.

Indeed, Su Yu could not see through the future and the past.

However, he really could predict the future and the past.

He could analyze the whole situation just by giving a little hint.

It could be said to be terrifying!

Those who did not compare themselves to Su Yu did not know how terrifying he was!

Gu Taixu said, "Nirvana master, if I betrayed you, why would I bother? If I did not report it, wouldn't it be more convenient for the six path immortals to escape?"

Nirvana master pondered.

That was true.

If Gu Taixu did not report it, the six path immortals would have probably already successfully delivered the entire cave world into Su Yu's hands.

If he was a traitor, there was no need for him to do anything unnecessary.

Not only would it increase the risk of this trip, it would also put himself in danger.

The great protector was about to continue questioning.

The Nirvana lord waved his hand, "The enemy is too cunning. The Gu Taixu Plan has failed."

He looked at Gu Taixu and said indifferently, "I've said before that there will be rewards for finding the world of the cave abode. Since you haven't found it, then go back to your original position and work."

Hearing this, the Great Protector did not argue anymore.

Instead, he quietly retreated.

When he looked at Gu Taixu from the corner of his eye, a cold and sinister smile filled the air.

Go back to his original position?

That was to return to his jurisdiction.

Gu Taixu still wanted to have a good life?

Hehe!

If he did not crush Gu Taixu's bones and scatter his ashes, how could the Great Protector be willing?

Gu Taixu's heart sank with modesty.

He thought that victory was within his grasp, so he risked everything.

But in the end.

Not only did he not receive the Nirvana Lord's reward, he replaced the Great Protector.

Instead, he offended him to the point of death.

If he really returned to his original position, his ending would be even more terrifying than death.

Nirvana could no longer stay.

There was no place for him here.

"Yes, your subordinate will take his leave!" Gu Taixu tactfully left first, leaving nirvana as soon as possible.

The great protector was about to follow him.

Nirvana master said, "Great Protector, dispatch another protector and cast an inescapable net. We must find the six path immortals."

"Yes!" The great protector was helpless. He could only stare at Gu Taixu's back and carry out Nirvana Master's orders first.

At this moment.

A flying bird rushed over. After circling in the sky for a few weeks, it asked, "Have you seen Gu Taixu?"

Why would the Nirvana master pay attention to a small demonic beast?

The Great Protector's eyes flashed and he asked, "What do you want from him?"

The bird said, "In the name of someone, I am sending a thank-you letter to Gu Taixu."

Thank-you letter?

Even the Nirvana master narrowed his eyes. "Who sent it?"

The bird shook his head. "I don't know. I heard others call her the six path immortal."

What?

The letter of thanks from the six path immortal to Gu Taixu?

The Nirvana master grabbed at the air and immediately caught the bird.

He took a written letter from the bird's chest.

He opened it and read it.

It read: "Thank you for risking your life to protect us. We have successfully reached our destination. Please look for a chance to escape Nirvana and join us as soon as possible -- six path immortal."

Read it.

Nirvana master crushed the letter into pieces.

The great protector said angrily, "I told you, Gu Taixu deliberately took us in circles and wasted the best opportunity for us to intercept him!"

Nirvana master's face was gloomy as he asked the flying beast, "Where did the six path immortal give you the letter?"

The flying beast shook his head, "I don't remember."

Humph!

Nirvana master immediately performed a soul search on the flying beast, but he found that the memory of getting the letter was deleted.

"Damn it!" The Nirvana Master couldn't stand it. He was actually fooled by a small character like Gu Taixu.

If it wasn't for the fact that this thank you letter had fallen into his hands,

He would probably still be in the dark!

"Pass my order! Nirvana will hunt down Gu Taixu until he dies!" The Nirvana master roared in anger.

The Great Protector bowed and acknowledged.

He immediately led his people to search Gu Taixu.

However, he had already escaped when he saw that the situation was not good.

In a corner, Gu Taixu, who was covered in disguise, looked at the Nirvana cultivators who had come to capture him with great fanfare.

Gu Taixu's expression was extremely gloomy.

He had really failed to steal the chicken and eaten the rice.

Now, Nirvana could not be left alive.

At that time.

In the Heavenly Court's battleship.

Su Yu smiled as he looked at the six path immortals who were close by. His eyes were filled with endless emotions.

The six path immortals smiled and said, "Su Yu, you are as calculative as ever."

Chapter 2857 The Things Left Behind

That letter of thanks was enough to make Gu Taixu die without a burial ground.

Su Yu smiled faintly, "Based on my understanding of Gu Taixu, he might not die. There's a high chance that he saw that the situation was not good and escaped first."

The six path immortal covered her nose and smiled, "I really don't understand what's wrong with him. Why did he insist on being your enemy?"

To be honest.

She felt pity for Gu Taixu.

He failed to scheme against Su Yu and was instead schemed against by Su Yu, becoming a stray dog.

Su Yu chuckled and stared at the six paths immortal. He said sincerely, "I'm very happy to see you again."

Those were the words from his heart.

His old friends from back then.

They left him one after another.

How could he not be happy to see another person after several decades?

The six path immortals were none other than Shengyuan Xin.

He did not expect that they would meet again in such a way.

Shengyuan Xin's calm face was also filled with undisguised joy. He nodded and said, "Me Too! I'm so glad that you're still alive."

Having seen too many life and death situations, Shengyuan Xin was already numb to the passing of his companions.

He did not expect that.

He would be able to see Su Yu again in his lifetime.

As he spoke, Shengyuan Xin took out a glass ball. It was like the starry sky, decorated with countless cave abodes.

"This is a gift for you." Shengyuan Xin handed it over.

Su Yu took it.

The moment he touched it, he immediately felt a terrifying power of faith gush out of the crystal ball.

The power of faith was ten thousand times stronger than that of the people on the Heavenly Court's battleships.

If he succeeded in absorbing it, he did not know how powerful his saintly being would be.

However...

It seemed that he could not absorb the power of faith.

Shengyuan thought, "I just changed all the statues inside to you. They believe in the statues and not the real you, so you can't absorb the power of faith yet

"In the future, you need to do something that will make the believers submit to you and gain their approval. Only then can you absorb the power of faith gathered in the statues."

So that was it.

Su Yu held the crystal ball and suddenly felt heavy.

When Shengyuan Xin found out that Su Yu was here, he risked his life to prepare such a heavy gift for him.

He did not prepare anything for Shengyuan Xin.

"Is there anything I can do for You?" Su Yu asked.

Shengyuan Xin smiled indifferently, his smile exceptionally beautiful. "In life, there are some people who are worthy of me risking my life without asking for anything in return."

Su Yu was shocked.

He had said something similar many years ago.

He had said it to Xia Jingyu.

There seemed to be a string in his heart that had been touched, causing his heart to tremble.

Looking at Shengyuan Xin who was so close to him, he did not know how to respond to her emotions.

Shengyuan Xin smiled faintly, "Next, perhaps you will have to face the threat of the Nirvana master. There is a limit to how much I can help you."

She knew the Nirvana Master's strength the best.

Her strength was like a speck of dust. It was useless.

"Don't worry, I will think of a way." After thinking for a while, Su Yu took out a small lotus seat and said, "Do you want to see your mother, the Holy Spirit?"

Hearing this.

Shengyuan Xin immediately stood up excitedly. Her eyes were filled with joy. "She... she is still alive in this world?"

More than a hundred years had passed.

She was unable to confirm whether her mother, who was only at the God realm, had passed away.

"She's safe and sound, but she has aged a lot," Su Yu muttered.

How could the old be just a holy God?

There was also his father-in-law, the Xianyu County King.

Two hundred years had passed, and as a mortal, even under the nourishment of many spiritual medicines, he had inevitably aged.

Now, he was already white-haired and old.

Many of his old friends had also passed away. His black hair was now white..

"Go." Su Yu opened the nightmare ferrying Lotus seat and let his sacred essence heart go in.

An inexplicable sadness surged in his heart.

There was no eternity in the world.

Everyone would pass away.

Qin Xian 'er was like this, Xie Xiaoyue was like this. All the good things in life would pass away.

Su Yu clenched his fists.

He did not become depressed because of this. On the contrary, he became more and more certain of the heart of martial arts.

Only by transcending all the restrictions in the world could he obtain eternity.

Looking at the numerous common people who were preparing to enter the abyss one after another,.

Su Yu waved his left and right hands.

A woman appeared.

They all fell into a deep sleep.

One of them was Bi Yun Hong Xian.

She had been harmed by her father and had lost all of her bloodline. Even now, she was still in a coma.

In the past, he had lacked bloodline power and was unable to save her.

Now that he had the bloodline of the eight ancient gods, saving her wouldn't be difficult.

With a flick of her finger, the two ancient god Bloodlines of space and time were extracted and injected into Bi Yun Hong's immortal body.

"HMPH!" She let out a light snort before slowly opening her eyes.

She opened her confused eyes and looked at the unfamiliar surroundings.

Her memory was still stuck at the moment when her father and Shaohao conspired to steal her bloodline.

Further ahead was helping Su Yu steal the jade pendant on Shaohao's body.

"I'm sorry for dragging you into this," Su Yu said.

Jade Cloud Red Immortal felt relieved when she recognized Su Yu. She hurriedly said, "Young master Su, run quickly. Shaohao has already obtained the spacetime bloodline and has become the ruler of two domains!"

Su Yu smiled warmly. "It's all over."

He briefly explained the current situation.

After listening.

Bi Yun Hong Xian was stunned for a long time before she smiled bitterly. "They say that watching a game of chess is like watching a dream in a hundred years. I've only slept once, but I've already become a thousand-year-old and have lived for tens of thousands of generations!"

Bi Yun Hong Xian was somewhat unable to adapt to the change in the situation.

"Go and rest in the crossing Nightmare Lotus seat. The next time you come out, it might be a brand new era." Su Yu opened the crossing Nightmare Lotus seat.

Bi Yun and Hong Xian had no home to return to, so they entered without hesitation.

Moreover, they even took the initiative to join the cauldron.

Finally.

Su Yu looked at Luo xueyi.

Gazing at the holy and pure face, the familiar face, his heart was the most complicated.

Daoist master Hong Chen controlled her and indirectly caused Xie Xiaoyue's death.

It left him an injury that could not be healed.

For a long time.

He could not face Luo xueyi.

Now that he was about to leave the void, he mustered up his courage to deal with the matters left behind.

After a long silence, he pointed at Luo Xueyi's glabella.

Her soul, which had been suppressed by Daoist Master Red Dust, finally took over her body and slowly regained consciousness.

Looking at the unfamiliar environment, Luo Xueyi was at a loss.

When she saw Su Yu, she was pleasantly surprised. "Su Yu?"

Then, she remembered that before she fainted, Daoist master Hong Chen had suppressed her soul and used Su Cai'er to threaten Su Yu's life.

"How is Su Cai'er?" Luo xueyi asked in shock.

Her heart tightened and she blamed herself.

If anything happened to Su Cai'er, she wouldn't be able to forgive herself.

"She's fine. She's fine," Su Yu said.

Looking at Luo Xueyi's expression, Su Yu felt relieved.

In the end, Luo Xueyi was just being used.

What was wrong with her?

On the contrary, she had been protecting Qin Xian 'er and her daughter.

Luo xueyi heaved a sigh of relief and patted her chest. "That's good, that's Good!"

After a pause, she said, "Oh right, where's Xian 'er? Why don't I see her?"

Su Yu felt a sharp pain in her heart.

She remained silent.

Chapter 2858 The Sacred Mountain Was In Trouble

Luo xueyi said in surprise, "Say something! Where's Xian 'er? I want to apologize to her face to face."

She was nervous. She didn't know if Qin Xian 'er would forgive her.

Qin Xian 'er trusted her so much.

But in the end, she kidnapped her daughter.

And she took this risk. He was the man she valued the most in her life.

After a long time.

Su Yu said hoarsely, "She's dead."

Dead?

Luo Xueyi was not moved. She even laughed. "Then quickly revive her! Don't think that I don't know that you're proficient in the life domain."

She thought that Su Yu was joking with her

But.

She did not.

Su Yu looked desolate and said, "Xian 'er has already returned to the ultimate, and will never come back."

Hearing this, Luo Xueyi's soft body gradually stiffened.

She had stayed in the eight star civilization for so long, how could she not know what the ultimate was?

It was true death.

Everything had turned into an energy of nothingness.

She could not return.

"Really... Really?" Luo xueyi's eyes were dull, and her breathing was stagnant.

She could not accept this sudden news.

Su Yu nodded.

Luo Xueyi's heart couldn't help but twitch as she asked, "Is it because of me?"

Su Yu lightly patted her shoulder and said, "It has nothing to do with you. It was ancient god nine dragons who killed her."

No matter what, Luo Xueyi was innocent.

She shouldn't have been burdened by Xie Xiaoyue's death.

Luo xueyi's mood didn't ease because of this. She couldn't help but cover her face and burst into tears. "But I didn't have the time to say I'm sorry."

The self-blame in her heart was indescribable.

At this moment, she seemed to have returned to the time when Daoist master Hong Chen had occupied her body and held Su Cai'er hostage.

She wanted to apologize, but no one listened.

Su Yu closed his eyes, grief churning in his heart.

How could he not owe Qin Xian 'er a hug?

She had been waiting in the heavenly court for her return.

But what she had been waiting for was ancient God Nine Dragons and eternal death..

The two of them were in sorrow for a long time, unable to extricate themselves.

Only when a loud horn sounded did su yu recover from his guilt.

He stood up and said, "The dead are gone. What we need to do is face the future."

Luo xueyi tightly clenched her fists, allowing her tears to wantonly fall on her fists. "May I ask, how can ancient God Nine Dragons be killed?"

Her future was to kill ancient god Nine Dragons and take revenge for Qin Xian 'er.

"When you reach the pinnacle of the human world!" Su Yu threw down these words and left with a flick of his sleeve.

They arrived at the edge of the Abyss.

All the living beings were already prepared.

They were only waiting for the Dao Abyss's invitation letter to open up a path to the absolute beginning hall for the living beings in the abyss.

Su Yu's arrival.

Drew countless cheers.

Their spirits were roused, as if they were seeing the scene of themselves stepping into a nine-star civilization.

"I hope that everyone can proceed in an orderly manner and not panic, in case it causes unnecessary chaos," Su Yu said.

He took out the Abyss invitation letter from the Nirvana Lord.

With a gentle wave of his hand, he threw the invitation letter into the Abyss.

Only those who were in control of the invitation letter could successfully open the abyss path.

They could also decide whether to allow the rest of the people to proceed.

Su Yu could walk alone and cut off the rest of them.

Of course, he would not do that.

Just like how he swore to the common people, he would protect them until the last moment of their lives.

"Look at the sky!" Someone suddenly shouted.

They subconsciously looked up.

A golden light spread above their heads.

That was the remaining five hundred sacred mountains.

In the past half a month, they had done everything they could to brew the life-extinguishing thunder.

Now, it seemed that their life-extinguishing thunder had not been fully brewed.

It would still take some time.

However, Su Yu sacrificed the blood of his heart and at an incredible speed, bestowed the aura of chaos to all living beings.

It made the orderly sacred mountains lose their bearings.

That was why they chose to attack before the life-extinguishing thunder was fully brewed.

Bang Bang --

The five hundred sacred mountains slowly separated, revealing the crack between them.

From that crack, heaven-destroying lightning shot out.

Within the Lightning, every wisp of lightning was formed from countless Heavenly Dao.

It was destructive to all living things.

Rumble --

A wisp of lightning couldn't be controlled and fell from within, crashing onto the Inner Abyss defensive formation.

In the end, a scene that made one feel like their souls were about to leave their bodies appeared.

The Inner Abyss's formation, which had once been unbreakable even when five hundred Sacred Mountains joined forces.

Was actually easily penetrated by that wisp of lightning! !

This was only a wisp.

The Lightning Brewing in the sacred mountain at this moment was not a wisp, nor was it five hundred wisps, but a total of five hundred!

If all of them poured down, it would be enough to destroy the inner abyss in an instant.

Apart from Su Yu and the other supreme experts, no one would be able to escape death.

All of them would definitely die an unnatural death!

"Get Ready immediately and enter the Abyss!" Su Yu roared.

The hearts of the many supreme experts were in their throats.

The countless living beings were even more terrified.

The fortunate thing was that.

The Sacred Mountain had prepared too hastily, and it would take half an incense's time for the life-extinguishing lightning to be released.

Half an incense's time was enough for all the living beings to move onto the abyss path.

"Nirvana Lord, what are you doing?"

At this moment!

Some peerless experts suddenly noticed Nirvana Lord's abnormal actions.

They saw him speeding over from afar.

However, he did not have the patience to wait until the Abyss Road opened.

Instead, he headed straight for the Falling Dao Abyss invitation letter.

Yun Yazi and the others did not say anything and immediately chased after him. They roared in unison, "Stop!"

What did Nirvana master want to do at this moment of doomsday when all life was extinguished?

However.

They were still a step too late.

Nirvana master grabbed the Dao Abyss invitation letter back into his hand.

Then, he quickly left the abyss and left the common people.

He stared at the Dao Yuan invitation letter, completely disregarding the furious wills of the absolute experts and the common people. He muttered to himself, "Everything must be returned to the original owner. It's something that belongs to me. Naturally, it should be returned to my hands."

The absolute experts flew into a rage. "You are despicable and Shameless!"

Taking advantage of their attention being attracted by the sacred mountain, he suddenly snatched the Dao Yuan invitation letter.

The demon emperor said sternly, "Master of Nirvana, the people are in a difficult situation. Quickly throw the Dao Yuan invitation letter down and give the people a way to live."

The master of Nirvana nodded, "Of course!"

He threw the Dao Yuan invitation letter down again.

When the Dao Yuan invitation letter fell into the abyss, it immediately stirred up the water in the abyss.

A path made of ancient green stone slabs hidden under the abyss slowly floated up from the abyss

Everyone was excited.

Following this path, it arrived at the absolute beginning palace.

It arrived at the most mysterious place.

The demon emperor heaved a sigh of relief.

The Nirvana Lord was still tactful and didn't offend the public!

Just as he was thinking.

The Nirvana Lord led his nirvana battleship and flew down the abyss path.

The rest of the peerless experts and the common people didn't dare to wait any longer and followed him.

But who would have thought that.

The Lord of Nirvana actually waved his sleeve.

Chapter 2859 Hatred Of All Living Beings

The path of the abyss behind him sank back into the water.

Those who controlled the path of the Abyss could control the path of the abyss.

He could rely on his will to decide if others could step on it.

Seeing this.

Many peerless experts and all living beings didn't have a place to rest and hurriedly flew back up.

They were all shocked and said, "Nirvana master, What are you doing?"

The Demon Emperor's heart thumped.

He knew that Nirvana master would not do good!

He must have a motive for snatching the DAO Abyss invitation letter.

Nirvana master stood on the path of the Abyss and looked up at the top of the cliff. There were many almighty beings with nowhere to go.

He said without shame, "Amitabha Buddha, Buddha has crossed the fated person. You are not fated with Buddha. This penniless monk is unable to cross all of them!"

Boom --

It seemed like the sacred mountain also noticed the internal strife in Neiyuan and became excited.

Countless life-extinguishing thunders rumbled and sped up the pouring speed.

The many living beings in Neiyuan were shocked and angry.

Sky-splitting patriarch roared, "What are you trying to do?"

The Lord of Nirvana was putting them all to death!

However, in the face of the anger of all living beings, he said indifferently, "This penniless monk said that only the fated ones will be ferried! And my fated ones are my believers."

Believers?

Everyone immediately understood the intentions of the Nirvana Lord.

He was threatening all living beings to become believers of the Nirvana Lord.

However, was it so easy to be a believer of the Nirvana Lord?

Didn't they see that all his believers were trapped in the cave abode world and used by him?

Moreover, what did they have to believe in the Nirvana Lord?

Their despicable methods made them hate him too much. How could they respect him from the bottom of their hearts?

This was simply forcing them to do so.

Some of the weak-willed commoners immediately surrendered and said, "Nirvana master, I am willing to become your follower. Let me come over."

However, Nirvana Master was indifferent.

He said, "All of you are filled with the evil of the secular world and your hearts are impure. You are not worthy of becoming my followers."

"Then what do you want?" They became anxious and asked.

The Lord of Nirvana said indifferently, "It's very simple. You can erase your own memories and only retain your original consciousness."

He stood on the path of the Abyss and controlled the destruction and life and death of all living beings.

What!

He erased all his memories?

Wasn't that equivalent to a walking corpse without any memories?

It was worse than those believers who were imprisoned.

At least, those believers still had their own consciousness.

However, what they had was just a puppet, and whatever the Nirvana Lord told them, it would be the same.

What was the difference between this and death?

"Nirvana Lord, don't Go Too Far!" Many people roared in unison.

They hated the Nirvana Lord's despicable actions to the bone.

If before, there were still people who were confused by his appearance and had good feelings and trust in him.

But now, they hated him to the bone!

Their true nature was completely exposed.

Nirvana master was calm as usual. "If you don't want to change, I Won't Stop You. But unfortunately, I can't help you."

Then, he turned around and walked toward the absolute beginning palace.

With every step, the path of the abyss behind him sank.

Seeing the Nirvana master walking alone, everyone was furious and hated him!

"Nirvana Master! If there is a next life, I will make you feel uneasy even if I become a Ghost!"

The hatred of all living beings shot up to the sky from the cliff.

The hatred was so strong that it ran through the ages.

Probably, other than the son of Heaven of the Sacred Mountain, no one else could make people hate him to this extent!

The Nirvana master looked indifferent. He didn't care about their lives at all. He said with a merciful face, "Sigh, the Buddha is merciful. However, the fools in this world won't listen to our advice and won't turn back!"

He sneered in his heart.

If anyone should be blamed, it should be Su Yu!

He had snatched more than half of his believers. He could only use this method to enslave all the inner abyss creatures into believers.

The people were filled with grief and indignation.

They wished they could peel off his skin and eat his flesh.

But even so, they could not get rid of the hatred in their hearts!

Rumble --

At this time.

The Sacred Mountain finally activated the life-extinguishing thunder.

Five hundred lightning bolts descended from the sky like flames, enveloping the entire inner abyss!

Despair appeared on the faces of countless living beings.

They even revealed hatred that they had never experienced before in their lives.

But at this moment.

A long laugh pierced through the entire inner abyss.

"Nirvana Lord, if you don't want to transcend the common life, I Will!" Su Yu leaped into the abyss, taking out something that he had kept with him for more than a hundred years.

It was something that no one knew about!

Dao Yuan's invitation letter!

It was the Dao Yuan's invitation letter from the Blood Lotus Dao Yao!

Other than Xiao Die, no one else knew about this invitation letter.

Even Yun Yazi didn't know about it.

Nirvana master didn't know anything about it either!

Swoosh --

The Dao Yuan's invitation letter fell into the Abyss. It immediately led to the second path to the abyss.

It led straight to the absolute beginning palace!

The peerless mighty figures in their grief and indignation, countless people, were ecstatic!

There was something that they would only cherish if they lost it.

Previously, Su Yu had given them the qualifications to the abyss path. At most, they were just thanking him and saying that he was a good person.

However, at this moment.

They had survived a desperate situation.

Their hearts were surging with gratitude and respect that came from their lives.

This kind of respect naturally turned into faith!

The lives of the people were in danger.

The Lord of Nirvana had abandoned them.

And the sacred body of the human race, Su Yu, had saved them!

If he wasn't worthy of faith, who else in the world was worthy of such faith?

Countless powers of faith gathered in Su Yu's body.

Su Yu said in a long voice, "All the people, follow me and step into the Abyss!"

The peerless experts cheered and the laughing beings jumped off the cliff.

They all landed on the path of the Abyss!

The last part of the living beings jumped down.

The life-extinguishing lightning poured down.

The array formation in the inner abyss was melted like paper.

Everything in the Inner Abyss was instantly destroyed and nothing was left.

Even the ancient land was melted down to a depth of a thousand feet.

Everything from the past was wiped away.

All the living beings looked back at the horrifying scene of destruction.

All of them felt a chill down their spines.

If it was any later, they would all be buried here.

However, despite the lingering fear, their hearts were filled with hatred.

"Nirvana Lord! !"The Demon Emperor took the lead, and the demonic qi around his body was shocking.

His facial features turned into a ferocious demon, and he looked extremely terrifying.

Sky-splitting patriarch roared in anger, "Where are you going? !"

For the first time, he shook off the chains that bound him and chased after him.

Yun Yazi's eyes were filled with killing intent, "Nirvana Master is a scourge of nothingness. He must not be left alive!"

Countless bookshelves surrounded him, and he turned into lightning as he chased after him.

Many peerless experts were filled with hatred as they chased after him.

Even the ordinary people charged forward without caring about their own safety.

They only had one thought!

Kill the Nirvana Master!

If he didn't die, the wills of all living beings wouldn't be able to calm down, and their hatred wouldn't be extinguished!

"Kill the Nirvana Master!"

"Kill!"

"Kill, Kill, Kill!"

The wills of all living beings in the void were unprecedentedly united at this moment!

That is.

Kill, Nirvana Lord!

Chapter 2860 Ancient God Nine Dragons

The Nirvana Master had already completed half of the path to the abyss.

Suddenly, she heard the sounds of killing coming from behind her.

She turned her head to take a look.

The expression on her calm face was one of endless shock. "The second path to the Abyss? Impossible!"

In the Void, the only known invitation to the Dao Abyss was the one in her hand.

How could there be a second one! !

But now, how could it be time to be shocked?

The great protector hurriedly said, "Nirvana master, quickly leave!"

His entire body was covered in cold sweat, and his face was pale.

Just now.

Nirvana master had offended all the living beings in the Void to the point of death.

So much so that they all made a grand wish to be malicious ghosts in their next life, and they were absolutely unwilling to bypass Nirvana master.

Now, they had escaped and ascended to heaven. It would be strange if they didn't eat the Nirvana Master Alive!

The Nirvana Master was Smart.

The development of the matter was unexpected.

Deep regret reverberated in his heart.

However, regret was useless.

The peerless mighty figures and the common people were rushing over.

"Let's Go!" The Nirvana master didn't dare to move forward leisurely. He immediately led the Nirvana battleship and rushed toward the absolute beginning palace.

As long as he got the leaf inside, he would be able to cross the following abyss.

He had successfully entered the nine-star civilization.

"Kill!" The creatures led by the Demon Emperor and the others chased after the Nirvana Master!

The Nirvana master wouldn't give up until he was destroyed!

Perhaps it was because the common people had always been united, which caused their thoughts to fuse together and form a great pressure.

It was just like how the Nirvana Master used the pressure of his followers to suppress many peerless mighty figures.

At this moment, the pressure of their thoughts also created a huge pressure on Nirvana master.

Nirvana master, who had arrived at the absolute beginning palace instinctively, immediately slowed down.

In an instant.

The Demon Emperor and the others closed the distance.

Hearing the demon's Roar, Nirvana master took out his remaining cave abode and released the faith in it.

Two opposing beliefs collided violently.

One wanted to kill Nirvana master.

The other wanted to protect Nirvana master.

After a moment of stalemate, they won with the faith of the void.

They used an overwhelming advantage to destroy Nirvana master's faith.

Then, they suppressed Nirvana master's actions.

Seeing that the Devil Emperor and the others were getting closer and his actions were blocked, Nirvana master broke out in cold sweat.

He had never been so anxious before.

"Wait a moment, if you have something to say, you can talk it out!" Nirvana master said.

The demon emperor laughed sinisterly, "Go to Hell and say it!"

Didn't he just act like he was the one who decided your life and death?

Only now did he remember to speak properly?

"Scram!" Sky-splitting Patriarch's hatred soared to the sky.

He held the chain in his hand and swung it fiercely at Nirvana master.

At this moment, the Nirvana Master's faith was suppressed, and he lost more than half of his strength.

After all, he cultivated the Dao of faith.

The most important thing in his strength was faith.

Without faith, his strength was greatly reduced.

He simply couldn't withstand a fierce attack from the exposed sky-splitting patriarch.

Just as the Nirvana master was about to take a blow...

Suddenly!

A shocking splash of water exploded from the abyss.

The splashing splash shattered the sky-rending patriarch's chain into seven or eight pieces!

One of the drops of water hit the sky-rending Patriarch's body, causing his body to collapse and his soul to be on the verge of collapse.

Luckily, Su Yu was quick.

At the instant his soul collapsed, he made a move to reverse time and space.

At the critical moment, he saved the heaven splitter patriarch again.

However...

Everyone was shocked by the shocking water spray.

A single drop of water spray almost wiped out one of the most powerful experts among them.

Who was the one who splashed the water spray?

Gulp --

At this moment...

A series of bubbles appeared in the middle of the two abyssal paths.

And the bubbles grew more and more dense.

Everyone's hearts went cold.

Could it be an abyssal monster?

Or perhaps it was the worst of them all!

Su Yu was even more alarmed. The eight domains in his body began to crazily surge out of him.

Who would appear next? did he even need to ask?

Ancient God Nine Dragons!

As expected, he appeared!

"Run!" Su Yu roared.

Ancient God Nine Dragons had appeared at this moment, intentionally saving Nirvana master, and even injuring heaven splitter patriarch.

It was definitely not an unintentional act.

He had definitely been planning this for a long time!

He had been waiting for this day!

The group of supreme experts and common people felt their backs go cold as they madly ran.

At this moment...

How could they still care about Nirvana Master?

The Nirvana Master was also extremely wary of ancient god nine dragons, so he turned around and ran.

The two paths of the Abyss began to run for their lives.

At the same time, they were fleeing from a nightmare-like existence!

Gulp --

What terrified them was...

The bubbles that accompanied them as they ran.

A series of bubbles continuously appeared beneath their feet.

They could imagine it.

It was ancient god nine dragons who was chasing after them from below.

Although the ancient god of Kowloon did not appear.

But the series of bubbles that followed them gave them a deeper fear.

Some of them were so scared they couldn't run.

Because of the large number of people, almost those people crowded in the middle, carrying run!

It was horrible.

Hualala --

At this point,.

It's not just blisters anymore.

The water of the abyss beneath their feet began to stir as they thought about the two sides.

This proved that ancient god Nine Dragons was rapidly emerging from the water.

If that was the case...

The path of the Abyss could be broken by ancient god Nine Dragons'enormous body.

All of them would be buried in the abyss.

The threads of fate undulated in front of Su Yu's chest, incomparably complex.

Even he himself could no longer see through the changes in his fate.

He might die.

He might return to the Netherworld!

He might even fall into the abyss and become an existence like ancient god Nine Dragons.

Rumble --

Suddenly.

A huge and savage tail with barbs suddenly rose from the water.

Then, it fiercely fell onto the path of the Abyss.

The path of the abyss behind all living beings was interrupted on the spot and all sank into the abyss.

All of them trembled.

The Demon Emperor's eyes were also filled with fear as he roared, "Ancient God Nine Dragons, you were once a member of nothingness. Why did you help the Sacred Mountain and deal with your fellow countrymen?"

At the bottom of the water, ancient god nine dragons' deep and sonorous voice seemed to come from beneath their feet. "Who is your fellow countryman? I am the number one ancient god in the world. I can not be compared to ants like you!"

As he spoke.

The path of the Abyss suddenly began to rise and fall.

This was the result of ancient God Nine Dragons' enormous head speeding up and creating huge waves.

Su Yu's heart sank. He glanced at the absolute beginning hall, which was still some distance away, and roared, "Spatial transference!"

He pushed his yuan-grade spatial domain to the limit.

He sent all the creatures on the path of the abyss into an unprecedented transference.

Whoosh --

The moment they were teleported away.

The path of the abyss beneath their feet was completely smashed into pieces by an enormous, savage head that had drilled out of the water!

Two blood-red, volcano-like eyes coldly and emotionlessly stared at the living beings that had just escaped.

"Come down and accompany me," ancient god Nine Dragons said indifferently.

His enormous body fiercely twisted.

A monstrous wave immediately rose up in the abyss.

In an instant...

The path of the Abyss was completely distorted, like a wildly dancing serpent.

The path of the Abyss let out a sound of being overwhelmed.
