

Nine-Dragon 2861

Chapter 2861 Just A Few Feet Away

It was as if it was about to shatter.

Su Yu and the others just happened to fall from space teleportation.

Their bodies were unstable, and they were on the verge of falling.

Ancient God Nine Dragons took this opportunity to leap into the air.

An incomparably terrifying body leapt into the air and ruthlessly pressed down on them.

This pressure...

All living beings were unable to avoid it.

They were all about to fall into the abyss.

The living beings were in complete despair!

But right at this moment...

A gray stream of air swept over from the sky, slapping ancient God Nine Dragons'body back into the abyss.

A hundred thousand feet wide wave rose up.

The wave swept toward the living beings on the path of the Abyss.

They were still unable to escape this calamity.

"All of you, run!"A hoarse shout was deafening.

An extremely old white-haired elder appeared in front of them.

He placed his arms in front of his chest and unleashed a move that Su Yu was once extremely familiar with.

Innate Yin-yang move!

"Ancestor Wizard!"

At the critical moment, the ancestor Wizard enslaved by ancient God Nine Dragons appeared.

He used all of his wizard power to strike back ancient god Nine Dragons'body and block the raging waves of the abyss.

Su Yu was moved.

If the ancestor wizard dared to resist ancient god nine dragons, there was no need to say what would happen to him.

He was using his life to fight for a chance for the common people to escape!

Su Yu's eyes were filled with tears as he shouted, "Go!"

A loud roar woke up the dazed common people. They were filled with emotion as they charged toward the absolute beginning hall.

Behind them, ancient God Nine Dragons' gloomy roar sounded. "Ancestor sorcerer, this slave of yours also wants to resist me?"

The ancestor sorcerer blocked the path of the Abyss.

His face was filled with resolve. "Ancient God Nine Dragons, Stop! For the sake of strength, you have already lost your true heart!"

Although ancient god Nine Dragons' methods were despicable, his true heart was the same as that of the void.

All of this was to resist the sacred mountain, and the absolute beginning was the only clear and bright world.

But ancient god nine dragons had been immersed in the abyss for many years, and he was no longer the ancient god Nine Dragons of the past.

The current him only wanted to seek even greater power.

This was why he didn't hesitate to drag all the living beings he had to protect into the abyss to become his slaves.

"Power is the source that changes everything," ancient god Nine Dragons said coldly.

The ancestor Magus knew that he could no longer dissuade ancient god Nine Dragons, so he only stood in front of him.

Ancient God Nine Dragons' eyes were emotionless as he said, "You asked for it!"

Bang --

His enormous and savage tail suddenly lashed out from the abyss, ruthlessly lashing out at the ancestor magus and all the living beings on the path of the Abyss.

If the ancestor Magus gave way...

All the living beings would be wiped out.

If he did not give way...

He would be the one to bear the consequences.

The Ancestral Magus was awe-inspiring in his righteousness as he shouted, "The world is vast, and all the ancestors are the beams! Our ancestors are the backbone of this world!"

Ren Zu was like this, long zu was like this.

Ancestor Magus was like this as well.

They were the backbone of the world and the forerunners who protected the masses of the living beings.

Anyone could retreat.

Only they could not!

Bang --

The enormous tail descended.

It ruthlessly swept toward the ancestral Warlock's body.

Whoosh --

His body rapidly retreated, creating a long line of flames in the air.

He blocked it!

He used his own flesh and blood to block ancient god nine dragons'tail.

But..,

his body was covered in cracks.

The ancestral Warlock's blood sprayed toward the common people behind him.

His blood formed a rain of blood that sprinkled on the faces and hearts of the common people.

"All living beings are still alive, and all ancestors are not destroyed!"The ancestral warlock roared.

He raised ancient god nine dragons'tail with his two arms.

This gave all living beings more chances to escape.

Ancient God Nine Dragons'eyes were indifferent as he said, "If you were at your peak, you could still fight me for a few rounds, but now, you're too old."

The ancestral warlock who had lived since the last era was already rotten to the core.

Ancient God Nine Dragons swung his tail.

Plop --

The ancestor witch was pressed down on the path of the Abyss.

Under the enormous tail, it struggled powerlessly.

But what was powerless was its body of flesh and blood.

It wasn't its will.

"Su Yu, the future is in your hands!"The ancestor witch roared.

Plop --

Ancient God Nine Dragons'enormous tail pressed down once more.

The ancestor witch's body was pressed down into a bloody mist, completely disappearing from the world.

An ancient ancestor passed away.

As a slave, he used his life to pave a path for the common people.

At this moment.

They were very close to the absolute beginning hall.

They would cross it in a few breaths.

"Go!" Su Yu's ears echoed with the ancestor Magus'dying cry.

Grief and indignation echoed in his heart!

"Ancient God Nine Dragons, one day, I will make you regret living forever! !" Su Yu roared.

Ancient God Nine Dragons'eyes were indifferent. "We'll talk when you have the chance!"

Suddenly.

Its massive body suddenly sank.

The Demon Emperor and the others realized that something was wrong and said, "Quickly get ashore!"

They rushed toward the absolute beginning hall.

But just as they were about to reach the end of the Abyss Road...

The Abyss Road at the end suddenly exploded.

A savage head poked out of the water.

Two blood-red eyes coldly stared at them. "It's useless. You Won't be able to escape."

As he spoke, a terrifying red light appeared in his eyes.

This red light had the power to destroy Heaven and earth.

It was enough to destroy all life on the path to the abyss, and it would completely wipe them out!

At this critical moment...

A cold shout sounded.

"Ancient god Nine Dragons, it's been many years since we last met. I don't know if you'll be able to take another blow from this true body."

That familiar cold voice caused ancient god Nine Dragons'massive body to violently tremble.

It recognized the source of the voice.

Fear flickered in its enormous blood-red eyes. "You... didn't die?"

Back then...

He had been thrown into the Abyss by a woman, which was why he had been trapped here for so many years.

That woman was the vile daughter!

Chi --

In the Heaven Court warship of the common people.

The Vile daughter, who was sitting cross-legged on the deck, suddenly opened her pitch-black eyes.

A terrifying power that could topple the heavens and earth erupted from her body.

She took a step forward.

The entire Abyss sank down!

She walked through the air, and every step she took contained an earth-shattering might.

"Ah!" Ancient God Nine Dragons' eyes were filled with terror as she frantically sank into the water.

The Vile daughter's face was ice-cold as she unsheathed her sword.

With the vile sword in her hand, she transformed into a black dragon and stabbed into the water.

Roar --

Ancient God Nine Dragons' painful roar came from the depths of the water.

Countless lives were shaken.

She was actually able to harm ancient god Nine Dragons?

Was the vile daughter the scariest?

"Why aren't you coming ashore?" The Vile daughter asked as she floated in midair.

All of the living beings immediately became alert and desperately tried to come ashore.

But...

Before they could reach the shore...

Suddenly...

Ancient God Nine Dragons' enormous tail emerged from the water and ruthlessly slammed against the vile daughter.

Boom

The Vile daughter's body was shattered on the spot, and her soul was destroyed!

She fell straight into the abyss.

Su Yu's eyes were on the verge of exploding as he hugged the vile daughter.

He raised his head to take a look.

Ancient God Nine Dragons resurfaced and appeared at the end of the Abyss Path.

He blocked the path of all living beings.

In his mouth was a pitch-black sword.

He wasn't injured, but he was pretending!

Ancient God Nine Dragons spat out the evil sword and sneered. "Do you really think I didn't notice that you were only temporarily recovering your strength? You're a spent arrow, yet you still want to contend with this ancient god?"

The evil daughter had only temporarily reached the peak of her previous life.

Ancient God Nine Dragons, on the other hand, had completely surpassed her former self.

How could she harm him?

Chapter 2862 No Matter What It Takes

Both of them were growing stronger and weaker, and their strength had long since turned the world upside down.

The vile-daughter was still the former vile-daughter.

Ancient God Nine Dragons had already been baptized by the water of the Abyss and turned into a monster.

The two's strength had long since been reversed.

In Su Yu's embrace.

The vile-daughter's scattered soul turned into a fluorescent light that scattered in all directions.

It was all thanks to her strong will that she was barely able to attach herself to the surface of her body.

Feeling the evildoer's body heat rapidly disappear, Su Yu's heart bled as he watched her slowly dissipate.

"Bring back the dead!" He tried to use his life domain.

However...

He was unable to slow down the EVILDOER's scattered soul.

He was also unable to stop the EVILDOER's life from flowing away.

It was as if some invisible force was hindering everything.

"There's no need to waste your energy! That attack just now contained my death domain. With Your Domain, you won't be able to save me," ancient god Nine Dragons said solemnly.

Both had Yuan domains.

But ancient god nine dragons had cultivated for countless years, and his domain was even more profound than Su Yu's.

This was why it wasn't effective.

Su Yu was unwilling, so he still used his spacetime domain.

However, it was still blocked by the invisible energy remaining in the vile daughter's body.

Seeing the vile daughter continue to die, Su Yu's heart bled as he shouted, "No! ! !"

How could he watch as this face like Xia Jingyu's disappeared from his life?

They were once enemies.

Then they were friends.

Then they were his benefactors.

It was he who saved him from being demonized with a kiss.

"I don't want you to die!" Su Yu roared. He did everything he could to save his vile daughter.

But it was all in vain.

In front of ancient god Nine Dragons, Su Yu appeared abnormally weak.

"My Heart! I still have the heart of flower of the mirrors!" Su Yu thought of flower of the mirrors' heart.

If he used the blood inside, would he be able to awaken the chaotic energy in the wicked daughter's body and give her a chance to be reborn?

But at this moment...

The wicked daughter's consciousness gradually blurred, but she raised her hand with difficulty and covered Su Yu's chest.

Feeling the beating heart, the evil daughter said weakly, "Don't... Your Heart... must be saved to see Xia Jingyu."

"No!" Su Yu could not accept the death of the evil daughter. He said resolutely, "No matter what price I have to pay, I must save you. I Don't want you to die!"

Too many people had passed away in his life.

He absolutely did not want to bear the weight of the death of someone close to him again.

Su Yu pried the evil daughter's hand away and pointed at his heart. He wanted to take out a drop of blood from his heart.

At this moment, he could not care about that anymore.

The evil daughter's face moved slightly.

Her lips were stiff and stiff.

It was a smile!

It was the first smile in her life.

"I finally understand why Xia Jingyu and Qin Xian 'er are so devoted to you..." the evil girl was relieved. "You are worthy of them..."

Even the heartless her.

At this moment, she was also touched by Su Yu.

If there was a person in her life who was willing to sacrifice herself for her, regardless of loss or gain, or even life and death.

How could she not be moved?

Su Yu did not say a word as his finger pierced into her heart.

The evil girl's consciousness started to blur as she muttered, "There's no need to waste it... I'm someone who died once... It's already lucky for me to be alive again..."

"It's just that I'm sorry that I couldn't help you..."

The evil girl's eyes slowly closed.

She could not speak anymore.

Her body turned cold at an alarming speed.

"No! !"Su Yu felt extreme grief in his heart as he sensed that his evil daughter was about to die.

Why did the people in his life always have to leave him one by one?

Why?

Was he too weak?

Wasn't that right?

Ancient God Nine Dragons paid no attention to Su Yu's state of mind.

His eyes were suffused with an extremely dense blood-red light as they shot toward the living, his expression indifferent. "You are as pitiful as an ant. Only the weak will mourn the loss of their companions."

"Follow me and feel the power of this world!"

It wanted to bring all the living beings into the abyss.

Su Yu looked over.

The gaze shot out of his eyes was like a materialized icicle.

At this moment.

He hated ancient god Nine Dragons to the extreme!

"Kill my wife, destroy my old friends, kill senior sister, and destroy all the living beings!"Su Yu put down his vile daughter.

His eyes were red.

Black Flames surged uncontrollably all over his body again.

That was the sign of demonization.

The difference was.

In the past, demonization was the loss of rationality.

Now, demonization was endless madness.

"You think that your strength is above everything, right? You think that you can decide the fate of all life, right?"Su Yu walked over fearlessly.

He turned a blind eye to that dark red gaze.

It was just a move from across space.

The myriad tribulation scythe appeared in his palm.

Ancient God Nine Dragons stared at Su Yu, his eyes slightly narrowed.

For some reason, he actually felt a hint of danger.

But he sized Su Yu up from head to toe. How could he threaten him in any way?

Just because he had just broken through to the Heavenly Dao master realm?

Just because he had a yuan level domain that was inferior to his own?

Just because of the ten thousand calamities scythe in his hand?

But the strange thing was...

Ancient God Nine Dragons felt a hint of danger in his life.

If he was facing someone else, he would probably be on guard and immediately retreat.

But facing Su Yu...

He simply couldn't think of any danger.

"Ant, will this ancient God be afraid of You?" Ancient God Nine Dragons' eyes exploded, shooting out a thick blood-colored pillar of light.

This pillar of light could immediately wipe out the path of the Abyss and all the living beings on it.

"I'll kill you!" Su Yu didn't retreat.

He took a step forward and arrived in front of all the living beings.

The pitch-black demon shadow was like a giant fighting against the world, defending the battlefield and fighting against the enemy.

"Ancient God Nine Dragons!" Su Yu roared.

Then, he raised the myriad tribulation scythe!

He didn't stab at ancient god Nine Dragons.

He stabbed at himself!

To be more precise, he stabbed at his own heart!

Pu --

The sharp myriad tribulation scythe pierced through Su Yu's clothes, flesh, and blood.

It also pierced through his heart!

Mirror Flower Son of Heaven's stone heart was broken!

Blood poured out of his heart like a fountain.

It instantly dyed the entire myriad tribulation scythe.

Xiao Die once said.

The scythe needed the power of chaos to activate.

And the blood from his heart was the one with the densest power of Chaos?

Now.

The scythe dyed the purest blood of chaos in the world!

It would be stimulated like never before!

Roar --

Suddenly!

An extremely violent roar came from the inside of the scythe.

The entire myriad tribulation scythe began to violently tremble.

The ear-piercing sound waves sent the water of the two sides of the abyss flying thirty meters into the air!

The two blood-colored pillars of light that ancient god Nine Dragons had shot out were instantly shattered by the roar.

This was not all!

Ancient God Nine Dragons felt a sharp pain in his eyes, and his entire body trembled. He cried out in shock, "The ancestor of Taotie?"

Heaven and earth.

This ancestor was not the ancestor of gluttony in the giant nightmare crossing lotus throne.

Chapter 2863 Go To Hell

That Taotie had only lived for one era.

However, the Taotie ancestor it spoke of was a creature that had existed since the absolute beginning.

According to legend, it was the spiritual pet of the First Dao Master in the world, the absolute beginning Dao Master.

Later on.

After the absolute beginning Dao master disappeared without a trace, the Taotie ancestor disappeared without a trace.

It had never thought that it would be refined into a dao artifact!

It looked at the myriad tribulation scythe in Su Yu's hand once more.

The long handle had unknowingly turned into a pale-white backbone.

The nine black heads on it all burned with golden flames.

The originally black head was now golden yellow!

And then...

The tenth golden head slowly appeared.

A hint of fear appeared in ancient God Nine Dragons' eyes.

It was rumored that the ancestor of gluttony had ten heads.

One of them was the main head, while the other nine were the secondary heads.

The most terrifying of these heads was the main head in the center.

Once the eyes were completely opened, the power would not be any weaker than the destruction of an era!

What caused ancient God Nine Dragons' enormous body to violently tremble was...

The tenth golden head was slowly opening its eyes.

And it was preparing to completely open its eyes.

"Stop!" Ancient God Nine Dragons let out a terrifying roar. "Not only will the ancestor of Taotie kill me, he will also suck the blood out of your heart."

Taotie was an existence that devoured everything.

In this world, apart from absolute beginning dao master...

No one could tame it.

Once it completely opened its eyes, it would be unable to differentiate between friend and foe.

What answered him was Su Yu's even deeper sneer.

He pressed down hard, stabbing the myriad tribulation scythe even deeper into his heart. "Scared? Regretting? Didn't you want to exterminate all life? Come!"

Ancient God nine dragons angrily said, "Madman! Truly a madman! !"

He was completely scared!

If he didn't leave now, he would wait until the ancestor of gluttony completely woke up.

It was useless for him to hide anywhere.

At this moment, how could ancient god nine dragons care about the "Ants" in front of him?

How could he care about Su Yu, the person he was going to kill?

His enormous body sank down into the abyss.

"Who told you to leave?" Su Yu suddenly pulled out the myriad tribulation scythe.

He crazily swung it down into the Abyss!

Ten Golden Pillars of light rumbled down.

Ah --

This time.

Ancient God Nine Dragons once more let out a pained cry.

The difference was that this time, he was truly screaming.

The water of the Abyss was suffused with nine-colored light.

This was the blood of ancient God Nine Dragons!

Su Yu seemed to have gone mad as he held the myriad tribulation scythe in his hand and continuously waved it underwater.

Time after time, time after time!

In the water was ancient god Nine Dragons, who didn't have enough time to escape to the bottom of the abyss. He continuously cried out in pain.

As well as the nine-colored blood that continuously floated up.

"Su Yu! ! This ancient God will one day grind your bones into dust! !" Ancient God Nine Dragons' tiny voice came from the depths of the water.

It was about to escape!

"Die! !" Su Yu angrily roared

This attack happened to be the moment when the eyes of the central head opened to their maximum.

It spat out a unique dark golden light.

Boom --

The dark golden light shot into the water and devoured all the water in the nearby abyss.

It formed a bottomless pit that was a thousand feet wide.

The naked eye could see that at the bottom of the Abyss, a huge pitch-black beast was frantically fleeing toward the black shadow at the bottom of the abyss.

The dark golden light pillar shot toward the huge shadow.

The latter turned pale with fright and hurriedly fled.

But the dark-golden pillar of light still pierced through his body.

Roar --

An earth-shattering scream of extreme pain shot into the sky!

The dark-golden pillar of light pierced through the rear half of ancient god Nine Dragons' body.

A three-hundred-meter-long bloody hole was pierced through his body.

The dark-golden pillar of light devoured all the flesh and blood inside.

As a result, his long tail had been severed from his body.

Su Yu frantically waved his scythe around, unwilling to let go of the opportunity to destroy ancient god Nine Dragons.

But he had already taken the opportunity to flee deeper into the abyss.

He could no longer attack.

"No!" Su Yu lost his mind and madly waved his myriad tribulation scythe.

A dark golden pillar of light struck the other path of the abyss.

Bang --

The path of the Abyss where the Nirvana Master was was cut off on the spot and was destroyed into pieces!

What was even more unexpected was that.

The Nirvana battleship happened to be swept by the dark golden pillar of light and was immediately devoured, not even leaving behind any residue.

The Nirvana Master's eyes were about to pop out of their sockets. "My Ship! !"

On it were the protectors and apostles that he had painstakingly nurtured for countless years!

And the various resources that he had accumulated for two epochs.

He was prepared to bring them to the nine-star civilization and use these resources, protectors and apostles, to establish an even larger faith organization.

Now, they were all destroyed!

However, the nirvana lord's exclamation made Su Yu notice him.

His eyes were blood red as he roared, "You deserve to die too!"

The Nirvana Lord was so scared that his soul was about to leave his body and the soles of his feet were emitting cold air.

He wished he could slap himself.

Go ahead, call Su Yu over!

It was too late!

Nirvana master immediately disembarked and rushed into the absolute beginning palace on the island.

Su Yu's great calamity scythe arrived after him. A dark golden light shot over.

However, this island was extremely mysterious.

The dark golden light pillar's destructive power immediately dissipated when it approached the island.

The enemies had all fled.

Su Yu finally stopped when no one could attack him.

The blood-red color in his eyes slowly faded away.

Looking at the nearby ruins, Su Yu sat on the ground tiredly.

He put away the omen of calamities scythe.

Looking at his heart that was about to heal, endless fatigue surged rapidly.

It was an uncontrollable tiredness.

It was stronger than any other time.

Su Yu knew that this time, he would probably fall into the mirror flower emperor's dream once more.

No one could stop him.

But before he fainted...

Su Yu climbed up to the vile-daughter with great difficulty and took advantage of the fact that the wound on her heart had yet to heal to hold her in his arms.

Then, he dripped the last drop of blood from the wound into the vile-daughter's mouth.

It was indeed as she had guessed.

After receiving the blood of the son of Heaven from the power of chaos, the domain energy left behind by ancient god Nine Dragons on the vile-daughter's body began to disintegrate.

The injuries on her body began to heal at an astonishing speed.

Soon, she regained consciousness.

She looked at Su Yu, who was hugging her.

The vile-daughter actually didn't resist.

For the first time, she revealed a gentle expression and hugged the exhausted Su Yu.

Her eyes were moist.

Although her consciousness was on the verge of collapse, she still dared to endure everything that was happening in the outside world.

She looked at Su Yu and went crazy for her, recklessly killing ancient god Nine Dragons.

Her frozen heart suddenly opened!

For the first time, she had the urge to stay by someone's side forever.

And that person was Su Yu!

Su Yu's consciousness started to blur as his eyelids drooped.

He knew that he was about to fall into the dream of the flower of mirrors.

And the flower of mirrors had failed the last time.

This time, he would never let Su Yu escape again!

The evil daughter sensed something. Her heart was unprecedentedly nervous as she tried to wake Su Yu up. "Don't Sleep! Don't Sleep! !"

Think of once saved Su Yu, she did not hesitate to kiss up.

Chapter 2864 Tracing The Source

Soft Lips touched.

Su Yu, who was about to fall asleep, suddenly shivered.

That kiss seemed familiar.

His drooping eyes opened again, looking at the evil daughter in front of him in a daze.

That gaze, which was no longer cold, was exceptionally gentle.

For a time, Su Yu had an illusion.

The person in front of him was Xia Jingyu, not the evil daughter.

Fortunately, he was a little more conscious and understood that the person hugging him wasn't Xia Jingyu from the distant nine star civilization.

She was just the evil daughter.

"Thank you!"The moment Su Yu opened his mouth, he felt sleepy again.

He knew.

This time, he wouldn't be able to escape no matter what.

While he was still conscious, he had to arrange everything for the common people.

"Quickly get to the island,"Su Yu shouted with all his might.

The peerless experts could only temporarily put down their worries about Su Yu and lead all living things into the island.

Su Yu, on the other hand, came to the island with the help of the evil daughter.

He faced the incomparably ancient absolute beginning palace on the island.

From the common people down to the peerless experts, there was a respect that came from the depths of their hearts.

The absolute beginning palace!

In this world, the First Dao Master had created this palace.

Once, it was the Holy Land of martial arts that all warriors yearned for. It was the most mythical place in people's hearts.

Now.

There was no one inside.

There were too many common people and they could not all enter.

They waited outside while the almighty experts entered on their behalf. They plucked the leaves and crossed the remaining abyss.

A group of people entered.

The absolute beginning palace had been abandoned for many years, but the amazing thing was that it was still spotlessly clean.

It was as if someone was taking care of it every day.

Everything was neatly arranged, as bright and clean as new.

"Su Yu, look, look. Isn't that your Indian silver bamboo?"Xiao Die had appeared out of nowhere.

She excitedly pointed at the flowers and plants on both sides of the entrance of the hall.

One of the silver bamboo forests was particularly eye-catching.

Su Yu was surprised when he saw it.

It was true!

Thousands of Indian silver bamboos grew there in a dense manner, dancing in the wind.

Xiao Die had grown out of the Indian silver bamboos back then, so she had a special feeling towards this divine tree.

She licked her lips and strode forward, ready to pull out one or two to savor the taste.

However, Su Yu held her shoulders.

"You don't want to live anymore?" Su Yu glared at her.

Xiao die looked around. "Why?"

Su Yu pointed around. "Do you think you're the only one who recognized the Indian silver bamboo?"

Since ancient times, countless eras had passed.

Countless people had come to the absolute beginning palace, right?

Why were they still alive?

Xiao Die thought carefully. "It's true."

After thinking for a while, Xiao Die took out a stone and threw it far away.

A shocking scene happened.

When the stone hit the Indian silver bamboo.

A weak and invisible ripple appeared on it.

With a slight shake, it shattered the stone into powder.

And that wasn't all!

When the powder fell on the ground.

Another ripple shot out from the green bricks on the ground and shattered the powder into nothingness..

The people who were about to step into the absolute beginning palace suddenly stepped back.

Including the peerless mighty figures, their eyes were filled with fear.

They finally understood why the empty absolute beginning palace was spotless.

That was because there was a restriction in the absolute beginning palace.

Anything that entered would be crushed into nothingness.

"This... how do we get there?" Everyone was confused.

Since the absolute beginning palace couldn't enter, how could we pick the leaves inside?

Su Yu was full of doubts.

"Master, where did you all get the news from? Does the absolute beginning hall have the leaves that can lead to a nine-star civilization?" Su Yu asked in surprise.

He had a rather bad premonition in his heart.

Yun Yazhi said thoughtfully, "After I came to the inner abyss, I heard what several peerless mighty figures said."

Su Yu couldn't help but look at them. "Who said that?"

But who knew.

Dozens of peerless mighty figures looked at each other, and all of them actually heard what others said.

None of them had ever said that before.

Su Yu immediately felt that there was a problem.

"Everyone, look at each other and see who said it first," Su Yu said.

With his current prestige, he was enough to command them.

The group of peerless mighty figures asked each other.

Finally, after tracing back to the origin, they realized something.

The first person who said this was the Nirvana master!

"It's him?" Su Yu thought to himself.

There was indeed a big problem with this statement.

In the past, everyone was still confused by the appearance of the Nirvana master and respected him a lot.

Therefore, they didn't question him.

Now, it seemed like there was a big problem.

Even the slightest step into the absolute beginning hall could shatter it into nothingness.

How could they allow these creatures to intrude?

For a moment, the crowd began to panic and become restless.

Now that the Inner Abyss had been destroyed, the path back to the Abyss had also been destroyed by ancient god Nine Dragons.

There were no leaves to advance on.

Were they going to be trapped on the island?

"Everyone, don't panic. First, carefully inspect your surroundings," Su Yu said decisively.

Nirvana master himself had barged into absolute beginning palace.

Why was he fine?

He must have hidden the key.

"The most important thing now is to find the traces left by Nirvana master first," Su Yu analyzed calmly.

He had to point out a path for the common people before he fainted.

Clang --

But right at this moment!

The giant door of absolute beginning palace behind them slammed shut.

"Not good!" Su Yu immediately realized that something was wrong.

He didn't need to think to know that the Nirvana master must be playing tricks in the dark.

Everyone rushed back one after another. In their panic, they wanted to open the giant door again.

However, Su Yu shouted, "Stop!"

His voice overshadowed all living beings, but it couldn't suppress the panic in their hearts. They still rushed toward the door.

They had no choice.

Su Yu took out the cave abode he had obtained and released all the faith in it.

Only under the pressure of the faith could all the living beings be suppressed.

Su Yu said in a deep voice, "The more dangerous the situation is, the calmer we must be. We Can't Panic!"

He added, "The Nirvana master must have predicted that you would return to the giant gate when he closed the gate of the absolute beginning palace! There must be dangers that you can't imagine."

Everyone felt that it made sense.

However, being imprisoned in such a dangerous absolute beginning palace...

Who Didn't feel lucky?

What if the door could be opened and there was no danger?

"Step back and I'll show you!" Su Yu shouted.

After everyone stepped back, Su Yu took out his past incarnation.

The latter nodded and came to the door of the absolute beginning palace. He pushed hard with both of his hands and tried to push the door open.

However.

The strength of the past incarnation was rebounded ten times by the door of the absolute beginning palace.

With a bang.

The past incarnation was shattered into a bloody mist on the spot.

At the same time, countless ripples shot out from the door of the absolute beginning palace and crushed the bloody mist into nothingness!

Hiss --

Everyone sucked in a breath of cold air.

All of them felt their scalps go numb.

Su Yu was indeed right!

The Nirvana master was forcing them to open the door of the absolute beginning palace.

They didn't dare to imagine how terrifying it would be if all of them tried to open the giant door.

How terrifying would the rebounding force of ten times their strength be?

Apart from a few peerless mighty figures, they would all die without a burial ground, right?

"Sacred su physique, please show us a way!"

At this moment, all the people were sincerely convinced by Su Yu.

Who Dared to disobey him?

Their faith in Su Yu was even greater than Ren Zu.

Ren Zu was too elusive, and Su Yu was right in front of them, a living God of protection!

Chapter 2865 Broke The Situation One After Another

With the help of his wicked daughter, Su Yu pointed to the depths of the absolute beginning palace.

"That's your way out," Su Yu said calmly and forcefully.

All the living beings were confused. It was precisely because they couldn't enter that place that they were stuck here!

Su Yu said, "The Nirvana Master was able to control the closing of the giant door. He must know about the existence of some mechanisms. He must be in the depths of the Palace!"

"As long as we search carefully, we will definitely find the traces left by the Nirvana Master."

In fact.

When Su Yu spoke, he had already noticed some clues.

However.

He was about to fall into a coma. In the future, he might not be able to do it personally for the common people.

Therefore, he needed to let them learn how to help him.

It was better to teach a person how to fish than to teach a person how to fish.

All living beings immediately started searching.

Three Stooges compared to one Zhuge Liang.

With so many pairs of eyes, they would naturally find something.

"Hey! There seems to be a speck of dust on this bluestone brick." Finally, a living being noticed.

Everyone followed his gaze and looked over.

They clearly found that there was indeed a speck of dust on a bluestone brick.

If they observed carefully, they would also find that the bluestone brick had been carefully cleaned by someone.

However, there was still a speck of dust, so they did not notice it.

"There is a restriction on the bluestone brick. How could there not be a reaction when the dust falls on it?" Everyone immediately became excited.

"Let me give it a try!" One of them took a stone and threw it on top.

In the end.

The stone was safe and sound.

Everyone could not help but be pleasantly surprised. "Not all places have restrictions!"

To them, this was simply the most exciting news.

The Demon Emperor understood and stepped forward. "All of you, step back!"

He grabbed a handful of dust from the world of the cave abode and suddenly threw it forward.

The dust fell to all corners of the hall.

In the end.

Most of the dust was crushed.

Only the green stone slabs without restrictions were covered with a thick layer of dust.

And the green stone slabs covered with dust led to the depths of the absolute beginning hall!

That was the way to survive!

"Great!"

"There's finally a way to go!"

Su Yu smiled. "I'm in front, you guys are behind. Come one by one."

There were only fifty or so people following them. They did not have to worry about wasting too much time if they moved one by one.

Su Yu took the lead and stepped on the green stone slab, arriving at the depths of the Great Hall.

There were three doors here, each leading to a region.

After all the living beings rushed over, they fell into confusion.

"Do we need to split up?" A peerless mighty figure analyzed.

Su Yu shook his head slightly. "Are you sure that the two extra doors are real?"

The absolute beginning palace was a sacred place for martial arts established by the absolute beginning sect master.

The purpose was to rest and discuss martial arts.

The flowers, plants, and trees in the courtyard and the green stone slabs on the ground were to prevent man-made damage, so it made sense to set up a restriction.

However, setting up two extra doors was suitable for the purpose?

Could it be that if someone guessed correctly, they would be able to enter?

Obviously not!

If he was right, two of the doors must be fake.

And they were full of danger.

Su Yu narrowed his eyes and searched carefully.

After a long while, he had already made up his mind.

This time, he still chose to let them deal with it themselves.

"Su Shengshen, do you mean that this is also the doing of the Nirvana Master?" A creature asked.

Su Yu nodded and said, "I can only tell you, if all of you go to the nine-star civilization, what will happen to the Nirvana Master?"

Of course, they would attack him together and die.

"Before we go to the nine-star civilization, he will think of all ways to put us to death and reduce his threat."

He only said so much, leaving the rest for the common people to think about themselves.

Sure enough.

After Su Yu's reminder, they immediately understood the meaning.

"Carefully test the three doors." The group of people all retreated, extremely cautious.

Sky-ripping patriarch pulled out a chain and threw it at the door in the middle.

As a result, just as the chain opened the door, a stream of black air spewed out from it.

Instantly, the chain was destroyed into molten iron.

Sky-ripping patriarch saw that the situation was bad and dodged in time.

But even so, he was still grazed by a bit of skin and started bleeding on the spot.

This was also because of his powerful cultivation base.

One could imagine.

If it was an ordinary living being, what would happen if they opened this door?

One would definitely die!

Everyone sucked in a breath of cold air and felt extremely fortunate.

Fortunately, they had Su Yu's reminder. Otherwise, if they split into three groups, they would lose at least two groups of people.

Sky-splitting patriarch struck while the iron was hot and tested the other two doors.

Sure enough, there was still one door that was fake.

The door on the far left was the true entrance to the inner courtyard.

At that time.

In a certain corner, Nirvana master's face sank into the water, and his two fists fiercely landed on a stone table.

He left a deep fist mark on it.

"How troublesome!" Nirvana master said with hatred.

If not for Su Yu's reminder, this batch of people and absolute experts who entered would have been wiped out long ago.

However, not only did Su Yu have divine foresight, he was also extremely intelligent.

He was even more experienced than the absolute experts of the older generation.

He could see the minute details and observe the minute details.

Now, he still couldn't stop them and was forced into the inner courtyard.

He snorted and left the secret room, quickly arriving at a small independent courtyard.

In the courtyard, there was a strange ancient tree growing.

It was covered with huge leaves in the shape of a small boat.

Looking at this tree, the master of Nirvana sneered, "I don't believe that you can see through everything."

He plucked a leaf, put it into his spatial storage device, and then hid in the dark.

Su Yu and the others opened the real door and arrived at the inner courtyard.

The inner courtyard was a resting place and also a time to practice martial arts.

There was also an open-air platform.

There were many ancient remnants left on it.

Those remnants were all the peerless mighty figures who had come to the absolute beginning hall to discuss martial arts.

How many years had passed.

The remnants were still there.

But the mighty figures had long disappeared into the dust of history.

This time, Su Yu didn't need to tell them that they were already extremely vigilant.

The demon lord grabbed a handful of sand and threw it out.

In the end, other than the spiritual herbs and trees that were planted, the rest of the land could be settled without any barriers.

"This place can be moved freely." Everyone was delighted and rushed into the courtyard.

What they were most curious about was the ancient platform.

It was the place where the previous generations of Saints discussed the Dao.

The first goal of many peerless mighty figures was to climb up and see the legendary Holy Land of martial arts.

Su Yu couldn't help but be curious. "Help me up."

The evil girl's expression was gentle as she helped Su Yu up the ancient platform.

When he stepped on the stairs, Su Yu felt an inexplicable sense of desolation.

The Blood and sweat that had been dormant for a long time surged.

He had a faint urge to compete with all the heroes in the world.

When he touched the remnant marks on the platform, Su Yu felt the intensity of the wheel path back then.

Finally.

They boarded the ancient platform.

Their bodies were filled with an unimaginably fierce battle intent.

It was as if they were countless eras ago, among many mighty figures.

Chapter 2866 Sinkhole Divine Tablet

"Yi! This is a remnant of a divine ability from my wood ancestor lineage," a peerless expert exclaimed in shock after discovering something.

On the platform, he discovered the wood ancestor divine ability that he had just mastered.

"This... This is a remnant of my feather ancestor's divine ability."

"Heavens, isn't this my bird ancestor's divine ability?"

Everyone discovered that the secret technique they were proficient in actually had remnants on it.

They were all ancestral level existences that had survived the previous era.

They were the ancestors of a certain type of living being that had never been seen before or since.

However, the secret techniques they had created were actually able to find something similar on the platform.

"What's going on? It seems like they have a deeper and more profound understanding than I do!"

"Mine Too!"

"Who left these behind?"

Su Yu pondered.

All living things had existed since ancient times.

It was believed that two eras ago, each race also had the strongest experts.

However, they might not call themselves ancestors.

Just like in the current era, there were only nine ancient gods and no ancestors.

And a long time ago, there were ancestors of the same race who reached the peak of their race and came to this martial sacred land to cultivate martial arts.

Su Yu's heart stirred.

The nine great domains had existed since ancient times and were not exclusive to the nine ancient gods.

Was there any remnant of the nine great domains?

He searched one by one, but the strange thing was that there were no nine great domains!

He could forget about the last mysterious domain. Even Su Yu did not know what domain it was.

But the other eight domains could not be found at all.

"How is this possible?" Su Yu was puzzled.

Could it be that before this era, no one had cultivated the eight domains?

This shouldn't be.

"It doesn't seem like there are any traces of the eight domains." The evil woman was helping to find them.

She found the evil domain, an extremely rare remnant of a domain.

But she couldn't find the eight domains.

"Could it be that someone destroyed it?" Su Yu pondered.

There were indeed some damages on the platform.

Some of them looked like battles from a long time ago.

Some of them weren't.

But, who could it be?

Everyone gained something, but Su Yu didn't.

Seeing that everyone had digested most of the remnants, he said, "It's time to set off!"

"Everyone, split up and search each room. What you can find is your fate. If you encounter danger, it's Your Fate."

They had all arrived at the martial arts sacred land of the absolute beginning palace. It would be wrong if they didn't find anything.

As for Su Yu, he sat cross-legged on the platform and prepared to rest.

He was extremely tired.

He felt like he was about to fall into a deep sleep. Now, he had to persevere all the way.

He had to persevere until all the living beings had crossed the abyss.

However, he didn't expect that.

The moment Su Yu sat on the platform, all the secret techniques in his body were released on their own.

The first to be released was the human saintly being, followed by the eight domains, and then all the secret techniques that he had learned in his life.

From the cultivation technique "Blue fall from the netherworld" when he first entered the path of martial arts to the "Qi-watching technique of the son of Heaven".

All of them were released without exception!

But what was even more shocking was what happened next.

As soon as the secret technique appeared, all the marks on the platform were activated.

Each mark turned into a blurred afterimage and fought with the secret technique that Su Yu had displayed.

Su Yu was dazzled and shocked.

The competition between moves was very fast. Almost every time they fought, another secret technique would be used.

And once Su Yu's secret technique failed, it would disappear completely.

Thus.

After half an incense stick's time, Su Yu only had one secret technique left on the platform.

That was a secret technique that Su Yu had never thought of!

Son of Heaven's qi-gazing technique!

Even the human sacred physique and the eight domains were defeated by a powerful precious technique.

Only son of Heaven's qi-gazing technique was able to stand firm and defeat all the remnants one by one.

"Son of Heaven's qi-gazing technique?" Su Yu himself was stunned.

The evil girl beside him was even more shocked.

She had fought with Su Yu many times and felt that the greatest threat was the human saintly being.

The other methods, including the son of Heaven's aura-gazing technique, were not worth mentioning.

Why did it defeat so many remnant marks?

"Unbelievable!" The evil girl exclaimed, "Your son of Heaven's aura-gazing technique defeated all the remnant marks left by mighty figures since ancient times. This... isn't possible?"

There were countless almighty figures throughout the ages.

There were even existences that surpassed ren zu.

For example, the remnant technique that defeated the human sacred body. Its owner must be extremely powerful, comparable to Ren Zu.

However, the son of Heaven's aura-gazing technique was actually able to defeat their afterimages.

It was truly unbelievable.

Su Yu's heart pounded.

The son of Heaven's aura-gazing technique came from a bronze plate!

Many almighty experts had actually touched the platform just now, but Su Yu hadn't encountered such an encounter.

Could it be that everything was related to the bronze board?

Su Yu took out the half of the bronze board that he had grasped.

He looked around and found that there wasn't any inlay, so he placed it on the platform.

An unexpected scene appeared.

All the remnants on the platform were actually converging towards the half of the bronze board.

Those remnant marks carried some particles from the platform.

When the particles converged into a large number, the particles converged into a block and the block condensed into a board.

Just like that.

Su Yu watched helplessly as the broken part of the bronze board was mended and the other half appeared!

When all the remnant marks were completely absorbed.

The bronze board was completely formed.

"This... This is the complete bronze board?"The evil girl blinked her eyes, unable to hide her astonishment.

Su Yu also found it unbelievable.

He had imagined what the other half of the countless bronze plates would look like.

The thing he had thought about the most was that the other half was also a bronze plate.

However, he had never expected that.

The other half of the bronze plate was actually the remnant of the divine land of the absolute beginning Hall's martial arts!

Looking carefully.

The other half of the bronze plate had countless tiny remnants.

There were tens of thousands of them.

Each one represented a race's top secret technique.

Half of the bronze board contained the top secret technique of all the races in the universe!

One could imagine how precious it was!

If people knew about it, it would definitely trigger a worldwide scramble.

If the sacred mountain knew about it, they would destroy it at all costs.

Because its existence would undoubtedly increase the overall strength of all the races. It was a great threat to the races that ruled them.

However, what Su Yu was most concerned about was not them.

Instead, it was how to communicate with the ultimate world through the bronze plate.

He looked left and then looked again, but he did not see any clues.

The two bronze plates merged into one, but there were no obvious changes.

"The golden ancient book that the chess youth once gave me clearly said that the bronze plate was the ultimate divine tablet that suppressed the ultimate world. Later, it was destroyed by the chaos and disappeared!"

One of the pieces fell into the hands of the former soul ruler.

The other piece was unexpectedly in the Martial Dao sacred land.

It was likely that the absolute beginning dao master or some mighty figure had hidden it in the Martial Dao sacred land.

It would only appear in the sacred land when the two bronze boards met.

Su Yu immediately had a clue.

Chapter 2867 Finally Appeared

It was said in the golden ancient book that one could master the sinkhole divine tablet by mastering the refining method.

What Su Yu lacked now was to refine it into his own.

If he succeeded, he might be able to pry into its secret of communicating with the sinkhole world.

He was greatly relieved.

He let out a long sigh.

The bronze plate, no, the sinkhole divine tablet was finally restored!

He was one step closer to rescuing Xian 'er, Xie Xiaoyue, and little qilin!

"Sacred Body Su, I've found an independent courtyard. There's an extremely strange tree inside. Come and take a look." A peerless mighty figure came out of a wide cultivation room excitedly.

Was that so?

Hearing this...

The other peerless mighty figures and living beings stopped searching for treasures one after another and entered the independent secret room.

Su Yu also rushed over.

There was another universe in this cultivation room.

A painting connected to another place.

Through the painting, one could vaguely see a huge ancient tree with the shape of a small boat swaying in the painting.

That should be the leaf they were looking for.

Not long after.

Yun Yazhi walked over. He compared it to an ancient book and revealed a joyful expression. "It's it! It's indeed it!"

However.

With the lessons from the previous few times, everyone was extremely cautious.

They did not enter the painting without permission.

Su Yu was very pleased with this.

"A portion of them will go in, and a portion of them will stay behind," Su Yu said.

Yun Yazhi and the devil emperor said, "We will stay behind. The rest of us will go in and pick as many leaves as possible."

They had many people. One or two leaves might not be enough.

"Follow me." Su Yu waved his sleeves and led many people into the painting.

They probed and confirmed that there was no danger in the cave abode world in the painting. Then, they came to the ancient tree and began to pick the leaves.

The leaves were picked off one by one.

The entire process was very smooth.

It was so smooth that it made people feel uneasy.

The sky-splitting patriarch looked around from time to time and frowned, "Is there a problem here?"

He didn't see the Nirvana Master's trap.

Su Yu looked around vigilantly, "There should be no trap. Keep picking!"

Soon, the last leaf was also plucked.

The ancient tree was bare.

"Let's go back immediately," Su Yu said immediately.

Since the mission had been completed, it was better to stay in this unstable independent space.

However.

When they tried to return the way they came from, they discovered something shocking.

The way back had actually disappeared!

"What's going on?" Sky splitter patriarch looked around. "Could it be that the spatial exit has shifted?"

Every space had its own entrance and exit.

There was no exception.

That spatial exit should be somewhere. If he searched carefully, he should be able to find it.

However, sky-ripping patriarch searched for a long time until a hint of uneasiness appeared on his face. He still could not find the spatial exit.

"There's no need to search. There really is no spatial exit here." Su Yu's closed eyes slowly opened.

He had used his spatial domain to probe.

There was no exit to this place.

"That's impossible. There is no completely sealed exit to this place," sky splitter's progenitor said.

All spaces were created by humans.

It was just like a balloon. No matter what, there would always be an opening.

Su Yu said in a focused voice, "You forgot about another space -- true world!"

'what? !!

Sky Splitter's progenitor shuddered violently.

At his level, who did not know about the true world?

Their dream was to create their own true world and become an existence that could control their fates.

However, the true world was a completely sealed space with no exits.

"The true world in this place should have been set up to allow people to enter but not leave," Su Yu mumbled. "If I'm not wrong, the ancient tree in our hands should be fake."

Sky Splitter's progenitor lowered his head to look. What he could not accept was that.

All the leaves that he had painstakingly picked had withered.

That was not a leaf at all.

"It's the Lord of Nirvana! He's been lying to us from the beginning to the end. We've been tricked!" Sky Splitter's progenitor finally came to his senses.

The ancient tree in the painting was a bait set up by the Lord of Nirvana to lure them in.

In the end, there was no end to it.

"No!" Su Yu remained calm and said, "The one who was tricked wasn't us, but the Nirvana Master!"

Su Yu's lips curled into a cold smile.

Outside.

The Demon Emperor and Yun Yazhi were shocked to find that Su Yu and sky-splitting patriarch were trapped inside. They immediately became anxious.

"Not good, they seem to be in trouble."The Demon Emperor narrowed his eyes.

At this moment.

A sinister voice came from a certain corner.

The two of them looked to the side. The space in the corner trembled as a person walked out with his hands behind his back.

He was none other than the Nirvana master.

"It's You?"The two of them immediately realized that this was a trap set by the Nirvana Master.

He first trapped Su Yu, who posed the greatest threat, into the painting before attacking without any scruples and killing them one by one.

"You two, you made me suffer so much!"Nirvana master's eyes were filled with ice-cold killing intent.

Thanks to them.

His heavenly court battleships were completely destroyed.

All his life's work was destroyed in an instant!

Such hatred naturally had to be vented on the two of them.

If they hadn't protected Su Yu repeatedly, would they be in this situation today?

"Nirvana Master! Quickly release them!"The two of them shouted in unison.

Nirvana master's eyes were cold. "What you should be concerned about now is yourselves!"

The light in his eyes was ruthless as he attacked the two of them at the same time.

The two of them were shocked at first.

One could imagine how ruthless Nirvana master was.

However, after losing more than half of his faith, Nirvana Master's power had decreased by a lot.

After Yun Yazhi and the demon Emperor recovered from their shock, they immediately calmed down and fought together with Nirvana Master!

Both parties'cultivation levels were extremely high.

When they attacked, the sky and earth were turned upside down.

Fortunately, this was the absolute beginning palace.

Such an intense battle actually did not harm any of the bricks and tiles here.

Both sides fought back and forth.

After a long stalemate, it was finally the Nirvana Master who was one step ahead.

Using the deterrence of faith, he severely injured the two of them.

In the end, he caught the flaw and Tore Yun Yazi's chest open with a grab!

"Heavenly Book Path Master!"The Demon Emperor roared and used his demonic qi to fight against Nirvana master without fear of death.

But even if the two of them joined forces, they were still no match for Nirvana Master.

Let alone alone alone?

His head was immediately twisted off by Nirvana master.

The Demon Emperor wiped his head and twisted it a few times before he completely lost the ability to move.

Nirvana master exhaled a mouthful of turbid air and sneered as he looked at the painting on the wall.

Su Yu and sky-splitting patriarch inside were completely unaware of the outside world.

"You will be trapped inside forever and never come out again."The Nirvana master laughed and left with his hands behind his back.

He took a step forward.

Logically speaking, with his cultivation, he could take a step forward infinitely.

However, with this step, he actually returned to his original spot!

Yun Yazi and the demon Emperor's corpse were still there.

"What's going on?"The Nirvana Master's heart skipped a beat, he had an extremely bad feeling.

At this moment.

The Su Yu in the painting could actually see the Nirvana master. He revealed a faint smile, "Nirvana master, have you heard of painting within a painting?"

Chapter 2868 There Was One More Person

The Nirvana Master had always been cunning.

After hearing Su Yu's words, he knew that he had fallen into a trap. He immediately sensed that something was wrong and immediately teleported away from another direction.

However, after teleporting again, he actually returned to his original position!

In disbelief, he tried to break through in different directions.

The result was without exception.

They all returned to their original positions!

"What did you do?"The Nirvana master asked in shock.

Su Yu in the painting smiled faintly, "Of course, I will return the favor."

Painting in the painting?

He seemed to understand something as he lowered his head to look at Yun Yazhi and the Demon Emperor's corpses.

What surprised him was that the corpses of the two of them actually rapidly decomposed and finally dissolved.

At the same time, the surrounding environment was also dissolving.

He watched helplessly as the cultivation room he was in gradually turned into a beautiful grassland.

In the middle of the grassland, there was a huge tree swaying in the wind.

The tree was covered with huge boat leaves.

"This is..."nirvana master's expression changed drastically, a trace of fear and panic rippling in his eyes.

The painting in front of him also dissolved in the end.

Su Yu smiled, "Stay here forever and reflect on yourself!"

"No! !"As the painting disappeared, Nirvana master pounced on it and let out an indignant roar.

However, what he pounced on was only an illusion.

As he looked at the sealed world around him, the Lord of Nirvana roared furiously as if he had gone mad.

This was the true world belonging to absolute beginning Dao Master!

What he could not understand was that he should have deceived Su Yu and the others into entering the painting.

Why was he the one trapped in the true world instead?

In the world outside.

Yun Ya Zi, the Demon Emperor, and sky splitter's progenitor suddenly trembled.

Their dazed eyes regained their consciousness.

Especially Yun Yazhi and the demon emperor, they couldn't help but look at their bodies.

"What happened? Didn't I Die Just Now?"The Demon Emperor asked in shock.

Yun Yazhi looked at Su Yu with a hint of shock on his face.

The sky-splitting patriarch looked at the painting on the wall in front of him. In the painting, the Nirvana lord was roaring and struggling inside.

"What's going on?"Heaven Splitter's progenitor mumbled.

Su Yu's face turned a few shades paler, and he said, "It's my newest soul secret art."

This art originated from the remnant marks on the sinkhole divine monument.

One of them was left behind by a powerful existence at the pinnacle of the race known as the soul race some unknown time ago.

He used the power of his soul to create a supreme illusion.

He used the fake to confuse the real and confuse the eternal. No one could avoid it.

Su Yu was the owner of a true world. When they came to the painting, they could tell that it was a true world.

Once they entered it, they would not be able to leave.

That was why he guessed that the ancient tree inside was definitely a trap set by the Lord of Nirvana.

And the Lord of Nirvana was definitely nearby.

That was why he played along.

Rather than continue being schemed against by the Lord of Nirvana, it would be better to lure the snake out of its hole and get rid of it completely.

Therefore, he used the soul secret art in the remnant to create an illusion of everyone.

Sky-splitting patriarch thought that he and Su Yu had entered the painting, but in reality, he stood there motionlessly.

As for the Demon Emperor and Yun Yazhi, they thought that they were fighting against the Nirvana master and died in battle, but in reality, they didn't even move their fingers.

As for the Nirvana master, he thought that his evil plan had succeeded and appeared from the secret place, but in reality, he was walking towards the painting.

It had to be said that the secret art of the soul was incredibly powerful.

It was so powerful that even the Lord of Nirvana did not notice it.

When Yun Ya Zi and the others heard what had happened, they found it unbelievable.

The Secret Art of the soul of their ancestors was indeed terrifying to the extreme.

When they noticed the Lord of Nirvana, who was trapped in the true world, they felt incredibly happy.

"This sinister thing has finally paid the price."The Devil Emperor let out a loud laugh.

From now on, he would stay in the painting for the rest of his life, never to come out again.

"Let's go."Su Yu actually still had a way to deal the Nirvana Lord a fatal blow.

However, his consciousness was getting more and more tired. If he didn't pave the final path for the common people, then there would be no chance.

The group left the cultivation room and started to own the land of leaves again.

Not long after.

The demon lord found the real ancient tree.

Someone had set up a formation to hide this tree. That was why no one found it when they were searching just now.

The person who was hiding was undoubtedly the Nirvana Lord.

Su Yu and the others immediately plucked all the leaves and left the absolute beginning palace to reunite with the common people.

At this moment, the common people were scattered in the Dao Abyss, looking for their own opportunities.

It was very chaotic.

Su Yu frowned, "Gather them and prepare to leave."

They didn't know that.

In the absolute beginning palace.

In a corner, a human figure appeared and headed straight for the cultivation chamber where Nirvana master was.

He wore a bamboo hat and hid his aura well.

Looking at the painting on the wall, he took off his bamboo hat and revealed Gu Taixu's face.

"Heh heh, lord of Nirvana, you have come to this day as well." It turned out that ancient Taixu had been hiding among the living and had followed Su Yu to the island.

He had also observed everything that had happened in absolute beginning palace through a secret art.

When he discovered that the Lord of Nirvana had been sealed in the true world, he was ecstatic.

He thought of all ways to sneak in.

He chuckled and took off the painting. He licked his lips in excitement. "I will accept everything you have."

He put on his bamboo hat and blended into the crowd.

When he rushed back.

Su Yu had almost gathered the crowd.

Looking at Su Yu who commanded the crowd, Gu Taixu felt complicated.

Compared to Su Yu, he was like heaven and earth.

When Su Yu's gaze swept over, he immediately lowered his head and continued to blend in.

Su Yu stood on the high platform and swept his gaze across the masses. His eyes narrowed slightly as he said, "There's one more person among us!"

These words caused Gu Taixu's heart to pound wildly.

What kind of eyesight did Su Yu have? There were countless masses, yet he was actually able to tell that there was one more person?

Thinking of Su Yu's various inconceivable deductive abilities, Gu Taixu's heart sank like water.

He would soon discover him!

Gu Taixu was anxious. What should he do? What should he do?

He was about to be exposed!

He held on to his luck and continued to hide. He thought that even if he noticed that there were many people, he might not really be able to find him.

At this moment.

He heard su yu say coldly, "Most of the common people have been instilled with my chaotic energy. Therefore, this existence that sneaked into my common people, don't waste your time! It's very easy to find you!"

Gu Taixu's heart skipped a beat.

He almost forgot.

His chaotic Qi was infused by Qing Yun.

It was worlds apart from the chaotic qi that Su Yu had infused.

Of course, Su Yu could sense the change in the number of people.

As long as he carefully investigated the common people that Qing Yun had infused, he would be able to find him very quickly.

While his heart was in a mess, Su Yu's eyes sharpened. "Since you're not willing to show up, then I'll really have to drag you out!"

The unknown person mixing into the common people was no small matter.

He must not be careless!

Just as Gu Taixu's mental defense line was about to break through, an old man with a stinky body and a burlap sack next to him said hoarsely, "Keep the change, it's me!"

Chapter 2869 The Ninth Ruler

The people around immediately separated.

Gu Taixu was also extremely surprised and immediately lowered his head to make way.

He thought that the extra person was him.

But he did not expect that there was another person.

But, that was not right!

Where did this person come from?

Gu Taixu secretly sized up the other party and found that this person was extremely thin, listless, and very down and out.

He was like a hungry man who had been imprisoned for a long time.

Su Yu looked over and also looked at the other party in surprise.

The people in the Inner Abyss had plenty of resources. How could someone be so down and out?

"Who are you?" Su Yu stared at the other party, his eyes flickering.

For some reason, the eight domains that he controlled actually resonated at this moment.

The linen elder walked forward and took off the linen cloth on his head, revealing an extremely old head.

He said hoarsely, "I am the ruler of the ninth territory that you've been looking for!"

Su Yu's pupils constricted!

The ruler of the ninth territory!

To be honest, he was not surprised.

Before he came to the absolute beginning palace, he had been wondering where the ninth ruler who had escaped to the absolute beginning palace was.

When he noticed that there was one more person among them, Su Yu had expected it.

Most likely, it was that hidden ruler of the ninth domain.

Su Yu stared at him with a profound gaze. "Why didn't you leave?"

The ninth hegemon had been here for many years. Why didn't he leave?

"How could I leave?"The ninth hegemon laughed hoarsely.

After carefully sensing, everyone discovered that the ninth hegemon didn't have any aura of chaos on him.

"What have you encountered?"Su Yu narrowed his eyes.

He carefully sized up the ninth hegemon, trying to find traces of his ninth domain on his body.

However, he found nothing.

There wasn't even a trace of his cultivation base!

"I was betrayed by my own domain!"The ninth hegemon said something that caused everyone to feel incredibly shocked.

He was betrayed by his own domain?

Was this a joke?

Even the overlords of the two epochs were filled with shock and disbelief.

"You must be joking. How could a domain betray me?"Sky-rending Patriarch's eyes widened.

He had lived for so long and had never heard of such a thing.

The ninth ruler looked at Su Yu and smiled bitterly. "Su sacred physique should know the best whether it's true or not."

Everyone looked at Su Yu.

Su Yu was silent for a long time before he said calmly, "It is true that he does not have the power of a domain on him. However, it is impossible to know if a domain betrayed him or not."

After all, a domain could be taken away.

Moreover, it was hard for him to believe that a domain would betray him.

This was too absurd.

The old man said bitterly, "I was too greedy and gathered the nine domains into one. I did not expect that after the nine domains merged into one, they would merge into an unimaginable existence."

Su Yu's heart moved.

He suddenly believed what the old man said.

That was because the remnant marks on the sinkhole divine monument were all related to the disappearance of the eight domains.

"Why did the remnant marks of the eight domains on the Martial Dao sacred land disappear?"

The old man said helplessly, "It was done by the nine domains. It gave birth to its own intelligence. It doesn't allow another existence that is comparable to it to appear. Therefore, it doesn't allow the world to have another eight domains."

"Thus, they wiped out all the remnants of the eight domains on the platform."

As expected.

It was impossible for there to be no remnants of the eight domains. It was just that someone had deliberately taken them away.

However, Su Yu was thinking of the ninth ruler.

But he didn't expect that it was the ninth ruler who had created the fusion domain.

As he spoke, the ninth ruler looked at Su Yu and meaningfully said, "The fusion domain's strength is extraordinary. If you encounter it, you will most likely die. I advise you to be careful."

Su Yu and ancient god Nine Dragons were two of the few existences in the world who had mastered eight domains.

That fused domain didn't want a second version of itself to appear. If it found out about Su Yu and ancient god Nine Dragons'existence...

It would probably think of every possible way to get rid of him.

"How Powerful?" Su Yu asked.

The power of eight domains fusing together was barely satisfactory.

So what if nine domains fused together?

It shouldn't be that strong.

"It's probably about the same as the ancient God Nine Dragons in the Abyss."

Who knew that the ninth ruler would say something so terrifying.

"Are you sure you're not lying?" Su Yu narrowed his eyes.

The ninth ruler smiled bitterly. "Of course not! Because the fusion domain not only has nine domains, but it also absorbed the remnants left behind by the absolute beginning Dao Master in the Martial Dao Sacred Land..."

The common people were in an uproar.

Many peerless mighty figures were even more shocked.

"The Martial Dao sacred land has the remnants left behind by the Absolute Beginning Dao Master?" They asked in disbelief.

The ninth ruler nodded. "Of course! When the absolute beginning Dao master first met all the outstanding people in the world, he demonstrated his martial dao in the Martial Dao sacred land and left behind a remnant that has been passed down to his descendants."

"Many mighty figures in the future will specially go and observe that remnant when they receive the invitation."

"It's said that the remnant mark is the ancestor of all techniques! The Divine Arts of the ten thousand races were all derived from that remnant mark."

"Hiss!"

All living beings sucked in a cold breath.

Even Su Yu couldn't help but take a breath.

The ancestor of all techniques!

All the domains, divine arts, and even the nine domains of the ancestors came from the remnant mark left behind by the Absolute Beginning Dao Master?

"You can imagine how much power it contains!" The ninth ruler said. "Right now, the fused domain carries that remnant mark. So what if its strength is on par with ancient God Nine Dragons?"

"That's because he hasn't completely grasped the remnant mark. Once he does..."

He didn't continue because Zhong Ren could already imagine it.

How terrifying would the fusion domain be with the ancestor of all arts?

Su Yu couldn't help but touch the sinkhole divine tablet in his arms.

From a certain perspective, the remnant marks on the sinkhole divine tablet should be able to compete with the ancestor of all arts.

After all, it was the combination of all the peak secret techniques from countless eras.

"Can you tell me what the ninth domain is? Why does it give birth to its own intelligence after fusion?" Su Yu asked.

There was no such thing as the fusion of eight domains.

The ninth ruler was silent for a long time before he slowly said one word, "Nothing!"

Nothing?

The peerless experts frowned. "What domain is that? Why are you saying nothing?"

However.

Su Yu waved his hand and interrupted him. "The ninth domain is nothing!"

The ninth ruler sighed. "That's right, it's nothing."

"None means nothing, anything is possible! It can transform into any domain you want!" The ninth ruler revealed a shocking secret.

Sky-rending patriarch was stunned, "So, it's no problem to transform into the other eight domains?"

The ninth ruler nodded, "Yes! In a sense, I can replace all the other eight rulers!"

Hiss --

Everyone once again took in a deep breath.

Compared to the other eight domains, the ninth domain was nothing. It was a cheat-like existence!

"However, it is precisely because of nothing that there are endless possibilities! It was to the extent that after fusing with the other eight domains, it actually gained sentience and betrayed me!" The old man felt extremely lonely.

It was precisely because of this that he was trapped on the island.

He did not eat, drink, or have any energy to replenish himself.

Chapter 2870 The Son Of Heaven Is Resurrected

This was why he was in such dire straits.

If Su Yu and the others hadn't come, he might have died on the island.

"Fortunately, you ran fast back then. Otherwise, you would have ended up like the other eight rulers," Yun Yazhi said slowly.

Everyone finally understood.

The other eight rulers had all lost a portion of their fortunes to ancient god Nine Dragons.

As a result, the power of their domains had been reduced by half.

But the ninth ruler was different.

Seeing that things weren't going well, he fled first and obtained the most complete domain.

He could imagine this.

Wu was far more powerful than the other eight domains.

After fusing with the other eight domains, it was entirely possible for him to gain sentience.

What Su Yu cared about the most was whether or not he could find it.

He wanted to obtain Wu and use the nine domains to forge the true nine dragons divine cauldron.

He wanted to forge his own true dao artifact.

"Do you still have a connection with it?"

"Yes!"The ninth ruler was very certain.

He knew Su Yu's intentions and said, "Give me protection, and I'll find Wu for you."

The current him had nothing.

It was good enough that he could live. He didn't dare to ask for more.

"Alright! Follow me to the nine-star civilization!"Su Yu looked at the other side of the island.

At the end of the Dark Abyss Road was a revolving nine-colored vortex.

Entering the Vortex, one would enter the nine-star civilization!

That was the last civilization of the absolute beginning realm!

The grudge between Su Yu and the son of Heaven was finally resolved!

The group put down the small leaf boat.

The Abyss water was a terrifying thing. Even the slightest contact with it could turn a peerless expert into ashes.

However, the leaf was safe and sound.

The group finally felt relieved and jumped onto the small boat.

With the help of his wicked daughter, Su Yu boarded a small leaf boat.

Countless creatures were riding the small leaf boat and heading toward the nine-colored vortex.

They were heading toward the legendary ultimate place of the absolute beginning realm -- the nine-star civilization!

Su Yu sat on the leaf.

He sighed with emotion.

Two hundred years had passed, and they had finally reached the last step.

He couldn't help but turn around and look at the absolute beginning palace.

However, when he looked down, he was surprised to find.

There was a chessboard carved on the back of the absolute beginning palace!

There were stars and chess pieces on it.

The black and White Chess Pieces were playing a grand game.

"Chess Game?"Su Yu immediately recognized it.

That was the chess game played by the youth they had met twice!

Why was it carved in the grand hall of the Absolute Beginning Dao Master?

What was the relationship between the youth and the Absolute Beginning Dao Master?

Amidst his bewilderment.

The absolute beginning hall was getting further and further away.

It was also getting more and more blurry.

It was getting further away because the leaf boat was getting further and further away from the absolute beginning hall.

It was blurry because Su Yu's consciousness finally couldn't take it anymore and was about to sink.

He gritted his teeth and held on until now. He couldn't take it anymore.

His eyelids kept sinking.

The Vile daughter felt something strange about Su Yu and kept calling out to him.

However, Su Yu really tried his best.

He used the last of his strength and said, "I tried my best."

He was really too tired.

He had never felt so tired in his entire life.

His consciousness quickly sank into darkness. The Vile daughter's cries by his ears seemed to be isolated from him.

In the darkness.

Su Yu heard a tapping sound that made her hair stand on end.

That, to Su Yu, was a nightmare!

Her surroundings gradually became clear.

She had once again arrived in that sealed secret chamber!

Not far away.

A stone statue with its back to her was unceasingly tapping on the stone wall in an attempt to break it open.

Suddenly.

The stone statue stopped.

She stood on the spot, not moving at all.

Su Yu held her breath, but her heart was beating wildly.

Even with her temperament, she could not help but deceive herself at this moment. The other party could not see her, could not see her..

"Roar!"

Suddenly!

A ferocious female face suddenly appeared in front of Su Yu!

The other party's face was full of cracks, sinister and terrifying.

Her mouth full of fangs suddenly pounced on Su Yu! ! !

Su Yu was so scared that he shuddered.

He did not have time to dodge, and his neck was grabbed by a pair of incredibly powerful hands.

And the tighter they were, the tighter they got!

"Give me back my heart! Give Me Back My Heart!"The stone statue screamed madly, and its face became increasingly ferocious.

The tighter its hands got!

Su Yu was almost unable to breathe!

He tried his best to pry the stone statue's hands away, but it was as if this place was a true world controlled by the stone statue.

He could not bring out the power of Heavenly Dao sovereign at all.

He was like a mortal who could not fight back when the stone statue grabbed him.

By his ears, he screamed shrilly again and again, "Give Me Back My Heart!"

After he roared countless times, the stone statue suddenly lowered his head and stared at Su Yu's heart.

Shock and astonishment shot out of his eyes.

Then, he pulled out a stone hand.

The palm turned into a ghost claw at a speed visible to the naked eye.

Chi La --

Its sharp fingers stabbed into Su Yu's chest and grabbed the flower of mirrors'heart.

"My Heart! Heart!"

Hua La --

Its palm pulled out and dug out the bloody heart.

A deep ecstasy appeared on its face!

Su Yu felt his body rapidly lose its life.

Furthermore, it began to condense into stone.

Looking at the stone statue of the mirror flower son of heaven.

After obtaining the heart, his stone statue body actually began to recover its flesh and blood.

Su Yu saw it and recalled what Qing Yun said.

If there was a day when the mirror flower son of Heaven resurrected, he would definitely resurrect from the heart first.

Right now, in the darkness, he was his own soul.

And the stone statue in front of him, the mirror flower son of Heaven, was her soul.

Petrifying her soul was equivalent to death.

And the petrified dead soul, mirror flower son of Heaven, began to revive.

As expected, when she was completely petrified and the mirror flower son of Heaven Stone statue turned into flesh and blood.

She could control Su Yu's body.

Su Yu wanted to stop her, but in this place, she had no strength to resist.

She could only watch as she slowly petrified, and mirror flower son of Heaven gradually recovered to become a beautiful woman with flesh and blood.

She let go of Su Yu and laughed at the sky.

"I have finally resurrected! I have finally resurrected!" Mirror flower son of heaven laughed at the sky. "I really have to thank you for hiding my heart in your body."

If her heart was still that stone.

If she did not enter the body of a living creature, how could she occupy it and resurrect it?

Although the demon lord saved Su Yu, he unintentionally planted a huge hidden danger that he did not know about -- he released mirror flower son of heaven!

"I will take over your body now and find another fragment to completely resurrect!" Mirror flower son of heaven laughed.

His body slowly dissipated into the darkness.

Mirror Flower Son of Heaven's soul had already lost control of his body.

Su Yu could only look at his petrified body.

Now, he only had a pair of eyes left. He was still struggling to resist the petrification.

The rest of them had already become stone men!

In the outside world.

The evil daughter hugged Su Yu and cried out sorrowfully.

But suddenly.

She seemed to have sensed something. She immediately released Su Yu's body and retreated far away. "Who! Who Are You?"

Her eyes were filled with fear.

Su Yu, who was clearly unconscious, suddenly opened his eyes.
