

Nine-Dragon 2871

Chapter 2871

A sinister smile appeared on her lips. "Container, why don't you greet me when you see me?"

The evil woman trembled.

However, it was not out of fear, but out of grief and indignation. "Where's Su Yu? What did you do to him?"

Mirror flower son of heaven smiled. "Su Yu has disappeared from this world forever!"

As he smiled.

Su Yu's body burned with a layer of flames, turning his male body into ashes.

In the Flames, a brand new female body reappeared.

It was the exact same body as the evil daughter, Xia Jingyu, and Qing Yun.

However, it was more graceful and beautiful.

She wore a luxurious dress and had a majestic aura. She was like the supreme goddess of Brahma, making people prostrate in admiration.

Looking at her long-lost body, the mirror flower son of heaven smiled. "I'm finally back!"

"But, I'm still a little short!" Her current body was only a part of her heart.

She still lacked the other three parts of her body.

Coincidentally.

Two of them were placed in front of her.

One of them was in Su Yu's spatial storage device.

It was once in the body of the evil daughter, but it was taken out by the Carefree Emperor's clone. Later on, the Carefree Emperor's clone was killed by Su Yu, so those things naturally fell into Su Yu's hands.

The other one was in Qing Yun's body. She only needed to do something to get it.

"Take your time. There's no rush." Prince of mirrors was excited.

He prepared to take out one of the spatial storage items first.

Then he would take out Qing Yun's.

This was above the abyss. Could Qing Yun still escape?

"Open!" Prince of mirrors wiped away Su Yu's spatial storage device imprint with his finger.

Then he opened it.

He swept his gaze and immediately discovered his own body stone.

He was about to take it out.

Suddenly, Prince of Mirrors' gaze focused and he stared at an ancient bronze board inside.

She composed herself, thinking that she had seen wrongly.

But upon closer inspection, she realized that she hadn't seen wrongly.

"Ah! That's..."she shrieked and retracted her soul in fear.

She saw something she absolutely didn't want to see!

The sinkhole divine tablet!

It didn't even want her own body and retracted her soul.

And it decisively threw the entire spatial storage item into the abyss.

He tried to use the water of the Abyss to destroy the spatial storage device and everything inside.

However.

He threw it halfway.

The spatial storage device floated in the air and froze.

It also released a dazzling bronze light from the spatial storage device.

She didn't feel anything when the light shone on the wicked girl.

However, when it shone on flower of mirrors'son of heaven, his body emitted thick green smoke.

This caused the mirror flower son of Heaven to scream in fear, "Ah! No! I don't want to go back! !"

His soul quickly disappeared from his body under the bronze light.

Then, he was pressed back into the dark secret room.

"No!"The mirror flower son of Heaven's soul rushed up unwillingly and tried to regain control of his body.

However, the bronze light slammed down fiercely and suppressed the mirror flower son of Heaven's soul in the secret room.

Under the effect of that power, his soul began to petrify again.

On the contrary, Su Yu's petrified body began to recover its flesh and blood.

"Ah! No! No!"Flower of mirrors'son of Heaven struggled desperately.

However, it was useless.

She watched helplessly as she turned back into a stone man.

As for Su Yu, she recovered her flesh and blood.

Su Yu shook her head, not understanding what was happening in front of her.

However, how could he let go of the opportunity when the mirror flower emperor was suppressed?

He immediately snatched the heart back from the mirror flower emperor's hands and inserted it into his own body.

He raised his head and looked at the bronze light.

Su Yu discovered that at the end of the light, there was a blinding brightness.

It was as if along with the light, his consciousness could leave the dark secret room and return to the outside world.

Immediately, he clumsily followed the bronze light and slowly crawled out.

Outside.

The evil girl was still in shock.

She stared blankly at Su Yu's spatial storage device and slowly landed on the chest of flower of mirrors'son of heaven.

The bronze light continuously released and suppressed flower of mirrors'son of Heaven's soul.

She didn't dare to act rashly and could only protect him temporarily.

At this moment.

Countless leaves finally arrived at the nine-colored whirlpool and entered one after another.

The evil girl held her breath and tightly hugged flower of mirrors'son of Heaven's body, passing through the nine-colored world.

After a wave of heat, it was as if a stream of heat swept across the surface of her body.

When everything was calm.

She opened her eyes.

What greeted her eyes was a beautiful scene that she had not seen for a long time.

The sky was blue, and the white clouds were long and leisurely.

Huge stone stars hung in the sky.

Spiritual energy that was a hundred times more than that of an eight-star civilization flowed everywhere.

Demon beasts and spiritual herbs that were treasured by an eight-star civilization were like wild grass that filled the mountains and plains.

"This... This is the nine-star civilization?"Someone could not help but cry.

This was the nine-star civilization that they had always dreamed of!

It was too beautiful!

Everything was the most beautiful scene in their dreams!

Even the demon monarch could not help but be excited.

Suddenly, he looked at the ground and discovered a pitch-black ancient tree. He said in surprise, "The myriad demonic divine tree! This... This is something that has already disappeared from the eight-star civilization. It can grow here so easily?"

Sky-ripping patriarch followed his gaze and frowned. "Demon Emperor, are you going crazy from Joy? That is clearly an immortal tree."

The Demon Emperor pointed with his finger and said unhappily, "You are the crazy one. I'm talking about this tree."

Sky-ripping patriarch was astonished. "I'm talking about this tree."

Oh?

The Demon Emperor was stunned and said, "Sky-ripping, now is not the time to joke."

Sky-rending patriarch hurriedly said, "What joke am I joking with you? What I saw was an ancient immortal tree, definitely not some myriad demonic divine tree."

They were all old monsters that had experienced countless years. They would never make such a low-level mistake as recognizing the wrong thing.

Gradually, the two of them were not the only ones who were confused.

It was everyone!

The same thing, different people, but they actually saw different things!

"Is... is this a unique situation of a nine-star civilization?" Sky-breaking patriarch was confused.

There was no record of a nine-star civilization in an eight-star civilization, so they had no idea what was going on.

Even Yun Yazhi didn't have any records in the books he had.

However, he was sure, "This is definitely unusual! We might not be a nine-star civilization!"

Not a nine-star civilization?

The hearts of the common people jumped.

They had gone through so much, but they were not from a nine-star civilization?

At this moment.

A faint mocking voice floated from the nine heavens.

"I can tell you very responsibly that you are from a nine-star civilization!"

Rumble --

A golden light spread.

The pupils of the common people contracted, and a scene of despair appeared.

Five Hundred Sacred Mountains joined together and slowly descended.

They surrounded all of them..

"Sacred Mountains..." sky-ripping elder felt his throat go dry.

Didn't they successfully escape the destruction of the epoch and come to the nine-star civilization?

Chapter 2872 The Nine-Star Truth

Why would the sacred mountain appear here?

Moreover, they were already prepared to intercept it here?

Could it be that everything was a conspiracy?

Within the Sacred Mountain, a golden light flashed and a stone statue walked out.

He had a crown on his head and looked down at the void creatures. He said with vicissitudes of life, "You must be very surprised. Why does everyone see the nine-star civilization differently?"

"I can answer you!"

The Demon Emperor and the others were extremely vigilant. They did not believe that the sacred mountain would kindly explain to them.

However, they could not help but be extremely curious.

"Because, you don't understand the nine-star civilization at all!"The stone statue sighed.

Don't understand?

How could they not understand?

The nine-star civilization was the only unworldly land that did not need to be repeatedly destroyed by the sacred mountain.

It was prosperous and gave birth to countless powerful races.

It was the Holy Land that the void creatures dreamed of.

All the creatures of any era yearned to enter the nine-star civilization.

They were no exception.

As if seeing through their thoughts, the stone statue said in a hoarse voice, "The nine-star civilization is no longer the nine-star civilization that you imagined! Open your eyes and see everything clearly!"

The Sacred Mountain simultaneously released an incomparably dazzling golden light.

In the end.

Under the illumination, what they saw was actually a gloomy, dilapidated, dark, and decaying land.

The blue sky, White Clouds, beautiful stars, and peerless spiritual herbs had all disappeared..

The different worlds that everyone saw had all dispersed.

The scene that their eyes saw was finally unified.

An existence that had been suppressed and destroyed!

"This place is a nine-star civilization?"Even Yun Yazi found it hard to believe.

This place was the beautiful nine-star civilization in their hearts.

"Yes!"The stone statue confirmed.

Yun Yazi couldn't accept it and said, "Then what happened to the different worlds that we saw just now?"

He had doubts in his heart.

The stone statue said hoarsely, "What you saw was the scene of different eras here."

Therefore, different people would see different things.

"This..."the void creature couldn't understand.

The stone statue said slowly, "To put it simply, time and space are in disorder. The past eras have overlapped and appeared."

Time and space were in disorder?

This time and space span was too terrifying.

"Why is it like this?"They couldn't understand.

The stone statue said, "Because the absolute beginning realm is about to collapse. The space-time order is affected. That's why it appeared. The past eras have appeared in the current situation!"

What? !

The stone statue's words shocked everyone.

The absolute beginning realm was about to be destroyed?

They still believed that the eight-star civilization was about to be destroyed. However, if the absolute beginning realm was destroyed...

They couldn't believe it.

"Impossible. The absolute beginning realm has existed since ancient times. Why would it collapse?"Asked Yun Ya Zi.

The stone statue chuckled and shook its head. "There are too many secrets that you guys don't understand. It's useless to talk about them!"

Demon King's eyes sparkled as he looked at him. "Then who are you?"

No matter how they looked at him, the old man in the stone statue didn't look like an ordinary person.

"Me?"The stone statue smiled. "Let me introduce myself. The clone of the first son of heaven is too strange!"

What?

The first son of Heaven or the clone of the first son of Heaven?

There were also differences between the sons of Heaven of the sacred mountain.

For example, the one ranked last was the nine-tailed son of heaven.

And the first son of Heaven was the most mysterious and terrifying of all the Sons of Heaven.

It was said that he had never made a move.

Even when Ren zu attacked the sacred mountain, he did not make a move.

The only record was that there had been internal strife between the sons of heaven.

They fought each other.

And finally, the first son of heaven.

He suppressed the other nine sons of Heaven with one hand and stopped them from killing each other.

His strength was so deep that it was impossible to guess!

The stone statue old man in front of him was actually the clone of the first son of Heaven?

Everyone had despair on their faces.

His strength was probably no weaker than the first son of heaven.

How could they resist such an existence?

"If I wanted to destroy you, I would have done so long ago. Why would I wait until now?" Qiong Qi laughed hoarsely.

Yun Yazhi and the others could not understand.

"Why did you kill us all in the eight-star civilization and stop when you reached the nine-star civilization?"

The qiong qi said meaningfully, "You will understand very soon! Follow Me!"

The Demon Emperor and the others were hesitant.

How could they be willing to follow the sacred mountain that was their mortal enemy not long ago?

Moreover, they did not believe that the Qiong Qi had any good intentions.

After all, the battle between them had really happened.

They had destroyed many sacred mountains and killed countless descendants of the son of heaven.

How could they resolve the enmity between them?

There would definitely be danger on this trip.

However, with the Qiong Qi in front of them, they had no choice.

Yun Yazhi's eyes flashed.

He took out a small golden bookshelf.

That Was Yun Yazhi's Dao artifact!

He had never used it publicly.

Its function was to... turn a book.

Turn a person into a book, hide in the bookshelf, and disappear from the world.

With the Qiong Qi's power.

No concealment method could hide from it.

Only this dao artifact could be tried.

He secretly activated the Dao artifact.

Two rays of golden light shot out from the bookshelf, enveloping Su Yu and the evil daughter at the same time.

With a whoosh, the two of them actually turned into two books and fell to the ground! !

Then, they silently followed the crowd and left.

Before leaving, they said to the black book that the evil daughter had turned into, "Take good care of Su Yu!"

Qiong Qi seemed to notice something. He turned around and looked at Yun Yazhi.

However, he didn't find anything special and left.

He left one black book and one white book on the spot.

Yun Yazhi and the others followed the sacred mountain and stepped into the gloomy sky.

Soon, they left the sky and entered the dark depths.

Looking Down, Yun Yazhi and the others were surprised.

They didn't live in just one civilization.

In this place, countless dead, gray civilizations filled the absolute beginning realm.

"How many nine-star civilizations are there in this world?" Asked Yun Yazhi.

Qiong Qi didn't even turn around. "There are as many nine-star civilizations as there are eras... However, there's only one that's still prosperous!"

Yun Yazhi and the others were shocked.

They couldn't regain their senses for a long time.

It turned out that the nine-star civilization that they had always dreamed of wasn't just one.

There were countless of them!

However, the rest were all dead.

Not long after.

A group of people wearing strange clothes appeared in the sky above the nine-star civilization that the sacred mountain had left.

They came to the place where the sacred mountain had descended and looked around.

"The people of the sacred mountain have been to this abandoned nine-star civilization. There must be a huge conspiracy," a mysterious man wearing a beast skin coat said in a low voice.

"Check the surroundings carefully. We will definitely find something."

However, they couldn't find anything special.

They only found two books, one black and one white.

"Leader, there are two books."

The mysterious man frowned. "Only two books?"

He opened it and frowned. "Biography of Su Yu, biography of the Wicked Daughter?"

If it was a martial technique, it would probably be of some value.

What was the meaning of two personal biographies?

He was about to throw them away when the person next to him said, "Leader, doesn't Miss Wen Cheng like reading? Isn't it a good gift for her?"

After thinking for a while, the mysterious beast-skin man smiled. "That's true!"

Thus, he put away the two books.

Chapter 2873 Broken Civilization

At the end of the dark absolute beginning realm.

There was a brilliant civilization among the countless abandoned nine-star civilizations.

It was like a bright lamp in the dark night, illuminating the world.

It was a civilization that looked like a mountain.

Its area was so big that it was the combination of hundreds of nine-star civilizations!

It was the size of more than ten thousand eight-star civilizations!

Rays of light emitted to the outside world.

It showed its extreme prosperity.

It was the only nine-star civilization that still existed in the current era!

It was the gathering place of the experts of all races.

It was also the nine-star civilization in Yun Yazhi and the others' hearts!

In a blessed land.

Immortal clouds lingered and flowers bloomed.

Countless beautiful women walked here and there.

Among them, even the maids were rarely seen beautiful women.

Those in high positions were even more beautiful!

In a secret room.

There was a beauty that was as beautiful as a fairy in a painting, deep in meditation.

Suddenly, the little finger on her left hand trembled slightly.

She instantly woke up. "Brother Su Yu came to the nine-star civilization?"

The past scenes flowed back in her eyes.

With her own eyes, Su Yu and the others passed through the vortex and entered the nine-star civilization.

She was naturally Xia Jingyu.

After so many years, the current Xia Jingyu was even more ethereal and beautiful.

She was like a pearl blooming with a unique luster in the world.

She stood up excitedly and paced back and forth in the secret room, unable to express the joy in her heart.

"How is brother Su Yu Now? Does he still remember me? is he still with Qin Xian 'er? Or is there someone else beside him?"She kept mumbling as her thoughts started to run wild.

As the saying goes, one feels shy when one is close to home.

It was the same when one is close to others.

After a long time, she finally calmed her restless heart and said, "Whether you still remember me or not, my heart is still the same as before."

Even though time and space changed and time passed.

Her heart was still stuck in the past when they met.

Under the Pear Blossom Tree, it was a beautiful thing that she would never forget for the rest of her life.

"Where is she now?"Xia Jingyu muttered.

She couldn't wait to see Su Yu again.

However, she resisted the urge to predict Su Yu's future.

She had used it once, but it was used by her own clansmen and almost killed brother Su Yu.

She couldn't let them know that Su Yu came to the nine star civilization.

Otherwise, they would think of all ways to kill him!

"Knock Knock!"There was a knock on the door.

Xia Jingyu immediately restrained her emotions. There was a hint of helplessness on her face.

Look!

Every move she made was under the control of some clansmen. Even the sudden awakening from meditation was clearly known by others.

She regained her composure and opened the stone door.

A middle-aged woman with peerless charm stood outside the door.

"Jingyu, did something happen to you?"She asked meaningfully.

For a person to suddenly wake up from deep meditation, it must be something that disturbed his mood.

"I just had some problems with my cultivation," Xia Jingyu replied calmly without revealing any flaws, "I made the clan leader worried."

It turned out that this person was the clan leader of the Goddess clan.

"That's good." She nodded slowly, "Since you've woken up, Let's go out for a walk. There's a banquet at the border. I've got an invitation letter for you."

Xia Jingyu rejected without hesitation. "Clan leader, I only want to cultivate now and recover my cultivation as soon as possible."

That year, when the evil daughter was chasing after Su Yu.

Xia Jingyu sacrificed some of her own things, causing her breakthrough to become a dao master to be delayed.

Her cultivation progress had been greatly negatively affected.

The clan leader said amiably, "Combining work and rest is the right path. Deliberately cultivating actually falls into the lower tier. Listen to me, participate!"

Seeing that Xia Jingyu had no intention of agreeing, the clan leader's expression gradually became dignified. "Must I use my status as the clan leader to pressure you?"

Xia Jingyu sighed helplessly. "Yes, Junior."

She was very resistant to participating in the so-called banquet.

Those were usually exchange gatherings organized by the young elites of some powerful races.

The clan leader hoped that she would go to these events more often and attract some outstanding youths.

In order to get her the most suitable husband.

She rarely attended similar banquets.

The clan leader probably felt impatient and began to use his authority to force her to attend.

At that time.

An abandoned civilization.

Different from the other civilizations that were completely plunged into darkness.

Most of this civilization was gloomy, but a small part of it was brilliant.

There was a race gathering here.

They couldn't survive in the fierce competition of the nine-star civilization, so they migrated to the abandoned nine-star civilization.

They found a place where they could barely survive in the abandoned nine-star civilization.

Then, they established their territory.

There were many similar races.

At the moment, they were just one of them.

They were called "Ronin" by the nine-star civilization.

In other words, they were people who wandered in the border areas.

In the civilization.

In a broken city in a remote corner.

The people who had gone out hunting before returned to the mansion in the city.

In the backyard of the mansion.

A young girl with a delicate face was holding an old book and reading it with great interest.

Her eyesight was very poor, so she could only read the words on the book very closely.

"Miss, Lord Lang Guan is here. Master is receiving him in the side hall!" A maid whispered into her ear.

Wen Cheng put down the book and immediately frowned. "Why are you mentioning him to me? What a Killjoy!"

The maid said helplessly, "Master asked Miss to go over."

"No! I want to read!" Wen Cheng seemed to hate the middle-aged man very much, so he turned around and went back to his room.

The maid could only go back and report.

At this moment, Lord Wolf was talking happily with Wen Cheng's father in the side hall.

"This time, when we went out hunting, we found a lot of residual resources in many abandoned civilizations. Conservative estimates say that they can be used by our Wen Yuan City for ten years," Lord Wolf said seriously.

Only ten years?

Wen Cheng's father was the city lord of Wen Yuan City.

He sighed silently in his heart and was very worried.

The abandoned civilization they were in did not have any spiritual essence, but it could not produce any resources.

The reason why it could be maintained now was because the various forces of the civilization were constantly searching for resources from the abandoned civilization to provide for the small civilization they had created.

Lord Wolf official was the right-hand man of Wen Yuan City.

His strength was only second to the city lord, and he was also extremely good at searching for various resources.

However, the resources of the abandoned civilization were ultimately limited.

After years of searching, the resources that could be found nearby had long been searched out.

This time, Wolf official Hou had gone out for five years and only managed to find ten years worth of resources.

That meant that he had to go out and search again immediately to maintain the prosperity of Wen Yuan city.

"The situation is very unfavorable!" Lord Wolf guguan sighed heavily. "The situation in the other cities is similar, or even worse."

The city lord of Wen Yuan nodded.

How could he not know?

The other cities had already sent people to look for resources in the abandoned civilization further away.

Lord Wolf guguan requested, "I want to set off in two months and go to the abandoned civilization further away."

The city lord of Wen Yuan felt relieved. He was still thinking about how to speak.

However, Lord Lang guan paused and said, "However, it will be another five years and the journey is far away. I don't know how long it will take for me to return. I hope that I can get married to Miss Wen Cheng in the next few days."

Chapter 2874 Marriage Is A Matter Of Discussion

Marriage?

Wen Yuan City Lord's heart skipped a beat.

A deep hesitation flashed across his face.

Lang Guan Hou was his most capable general.

Many cities wanted to poach him away.

In order to win him over, Wen Yuan City Lord naturally thought of all ways.

But in this abandoned city, Wen Yuan city was a relatively weak city.

If he could afford it, other cities could give him double or even ten times more.

The reason why Langguan Hou was not taken away was because.

He took a fancy to Wen Yuan City Lord's daughter.

For her, he was willing to stay.

Of course, he did not stay for nothing. Instead, he asked to be engaged to his daughter.

To be honest, Wen Yuan city lord was extremely unwilling.

Langguan Hou was about the same age as him. He could totally be Wen Cheng's father.

How could the city lord of Wen Yuan agree to marry his daughter?

Unfortunately, Wen Yuan city needed Lang guanhou.

Therefore, the city lord of Wen Yuan agreed against his will.

All these years, Lang guanhou had been urging him to get married.

However, he had been thinking of ways to avoid it, hoping that this day would come later.

"It's too early to talk about marriage now,"the city lord of Wen Yuan said. "Let Wen Cheng grow up a little."

Wolf official Hou frowned, took out a secret letter, and put it on the table.

"This is?"City Lord Wen Yuan said thoughtfully.

Wolf official hou said lightly, "City Lord, you'll know when you see it."

City Lord Wen Yuan had a bad feeling, so he opened the new building.

After reading the contents of the secret letter, he was angry.

In the letter was the invitation letter that the city lord of the first city had given to wolf official Hou.

The condition of the invitation was to marry his daughter to Lord Lang guanhou.

As long as Lord Lang Guanhou was willing to join them, he could immediately marry his daughter.

Lord Lang Guanhou picked up his teacup and said calmly, "Although I am deeply in love with Miss Wen Cheng, there is always a limit to a person's patience. If the city Lord has no intention to marry Miss Wen Cheng to me, then I have no reason to brush off the good intentions of others."

Hearing this.

The city Lord's heart tightened. He thought about it again and again and said, "About this matter, I want to ask for Wen Cheng's opinion, how about it?"

He had no other way.

He could only agree.

But before he agreed, he had to ask for Wen Cheng's attitude first.

"Then let's do it as soon as possible. Within a month, I must marry Wen Cheng. If not..."Langguan Hou did not continue.

But the meaning was very clear.

He could no longer work for Wen Yuan City for a woman who had no future.

"I understand."The city lord of Wen Yuan stood up and went to talk to Wen Cheng.

"Wait."Wolf official Hou suddenly remembered and took out two books, one black and one white. "I found two books this time. Bring them to Wen Cheng."

The city lord of Wen Yuan nodded.

Wencheng liked reading books the most.

But books were the rarest thing in a broken civilization.

Wencheng would like these two books.

He went to the backyard.

Wenyuan City Lord knocked on the door.

"Wencheng, open the door. It's me. Father wants to talk to you."

"No, no!" Wencheng's coquettish voice came from inside. "Father Doesn't love me anyway."

City Lord Wen Yuan felt guilty.

He felt a stabbing pain in his heart.

If he had a choice, who would be willing to give his daughter to an old man to spoil?

But he had no other choice!

Hearing this, he put down the two books silently.

With his hands behind his back, he left dejectedly.

Hearing that there was no sound for a long time outside, Wen Cheng opened the door.

Seeing the lonely figure of his father walking with his head lowered, he couldn't help but bite his lips. His eyes were filled with self-blame.

"I know that my father has worked very hard to maintain the city. Why should I make trouble for him?" She suddenly saw two books on the ground.

She couldn't help but pick them up.

"Biography of Su Yu, biography of the Wicked Daughter?" Her attention was attracted by the two books again?

"Su Yu, the wicked daughter? Who Is It? I've never heard of her. How dare she write a biography?" Wen Cheng wrinkled his cute nose.

He felt like throwing away the two books.

However, before throwing them away, he didn't want to.

"Sigh, it's been a long time since I've seen a new book! Forget it. I'll just read it to pass the time," Wen Cheng said to himself.

She took the two books back to the room and put them on the desk.

"The white one and the black one. Which one should I read first?" Wen Cheng picked a few books.

Finally, he chose to open the white one.

"Biography of Su Yu. ahem. Let's see what you've done in your life. How Dare You Write Your Autobiography?" Wen Cheng opened it and read it casually.

However, when she read it, she couldn't help but be attracted to it.

"Divine Moon Island? What is that place? There are mountains, water, and Sky? It seems very beautiful!"

"Why is this Su Yu so stupid? In order to save her father-in-law, she went to the imperial capital alone and participated in some grand competition?"

"Xia Jingyu is so beautiful and kind-hearted, but Qin Xian 'er is cute and loyal. Who should Su Yu choose?"

"Why is this Su Yu so fickle! He actually follows the two of them around!"

"Sigh! In the end, he still chose Qin Xian 'er! Xia Jingyu is so pitiful!"

"Sob sob sob sob... Xian 'er actually died! There are so many good girls who died..."

As she read, she couldn't help but cry.

She was deeply immersed in the ups and downs of the story.

As she read the autobiography, she felt as if she was inside, experiencing Su Yu's happiness, anger, sorrow, and joy.

When she stopped crying, she found that it was already dawn.

It had been a whole night.

She didn't sleep or eat and continued to read.

However, when she turned to the next page, it was gone!

"How is it over?" Wen Cheng opened his eyes wide and smacked the table angrily. "Damn it, why is it gone when I saw the most exciting part?"

She was in the middle of her excitement, but there was no follow-up!

"Damn it, don't let me know who wrote the book, or I'll send you a kitchen knife!" Wen Cheng was very angry.

Then, she looked at the last black book.

She thought, "The two books should be related, right?"

She immediately opened the black book, but to her disappointment, there was no connection between the two.

This book was about the life of the evil woman.

"How boring! This woman called the Evil Woman, is she only cultivating? There's no love, only a master named Yun Yazhi, boring!"

She closed the book and flipped through the White Book again.

She couldn't help but want to read the book again, to review the details that she had missed.

Unexpectedly.

Just as she was about to open the book.

The book actually started to burn.

"Ah! It's on Fire!" Wen Cheng immediately pounced on it with his body, trying to extinguish the flame.

It could be seen how much she loved the book.

She actually used her body to suppress the flame.

However, the flame still mercilessly burned the white book into ashes.

Wen Cheng looked at the ashes on the table with tears in his eyes. "My book! My biography of Su Yu!"

However, he was crying.

The ashes were blown by the wind and actually condensed into a human figure in the air.

Then, it turned into a clear woman.

The woman's features were like a painting. She was extremely beautiful, as if she had walked out of a painting.

As a woman, Wen Cheng couldn't help but be attracted by her stunning looks.

But then, he suddenly felt a chill and said with his eyes wide open, "A person... ran out of the book?"

Chapter 2875 Female Version Of Su Yu

"And she's a great beauty," Wen Cheng said in shock.

Her exclamation attracted the attention of the guards outside. They asked hurriedly, "Miss Wen Cheng, what's the matter?"

Wen Cheng hurriedly said, "There's..."

She suddenly realized that if she told others, this woman would definitely be taken away, right?

Moreover, she was so beautiful. In this broken civilization, she would definitely not have a good ending.

Feeling sorry for her, Wen Cheng quickly changed his words. "There's a cockroach, a very big cockroach!"

The guards outside the door twitched their lips.

They were already used to Miss Wen Cheng's nervousness. They said, "Do you need us to come in?"

"No, no! I can step on it myself," Wen Cheng quickly said.

The guards nodded and silently stood at their posts.

Wen Cheng heaved a sigh of relief and looked at the sleeping woman again. The more he looked at her, the more amazed he became. "She's really too beautiful. How could there be such a beautiful person in the world?"

However, she couldn't help but think, "But, how could she appear from the book?"

After thinking about it for a while, she suddenly had an idea. "Oh right! Could she be the legendary Yan Ruyu?"

She remembered that she once read an old saying in a book, "There is a golden house in the book, and there is a Yan Ruyu in the book."

Such a beautiful woman was much more beautiful than Yan Ruyu!

"But I'm a Woman! Why Do I Need Yan Ruyu?" Wen Cheng was a little discouraged. "Why isn't it a handsome man like Pan An who came out?"

As he was speaking.

The eyelids of the sleeping woman in front of him suddenly moved.

Wen Cheng was startled and hurriedly retreated to the bookshelf, alert and careful.

After a while.

The sleeping woman finally opened her eyes. Her eyes were filled with confusion.

The awakened one was naturally Su Yu's soul.

The soul of the illustrious son of heaven was suppressed by the sinkhole divine monument. Only then did he have the chance to follow the light of the sinkhole divine monument and leave that dark secret room.

He once again occupied his own body.

Looking at the incomparably unfamiliar scene in front of him, Su Yu was somewhat at a loss.

Where was this place?

If he remembered correctly, he should have fallen into a coma on the way to the abyss.

Moreover, what was going on with his own body?

Why did he feel that something was not right?

Could it be that the mirror flower son of Heaven had controlled it before, so his soul and body were somewhat incompatible?

After a while.

He slowly controlled his body. He could barely move his fingers and sit up.

"Why is my chest so heavy?" Once Su Yu sat up, he immediately felt that something was wrong with his body.

Looking down, he could not help but be stunned.

"These two... What are they?" He reached out his hand and subconsciously pinched.

The abnormality immediately came.

Su Yu was petrified on the spot. His face began to turn green. "This is..."

He immediately checked his body.

Fair, slender fingers, snow-white flawless skin, and a slim waist.

"I... How did I become a Woman?" Su Yu felt as if he had been struck by lightning. His mind buzzed.

He could not accept this absurd reality.

"I must be dreaming, Dreaming!" Su Yu pinched his face hard.

A sense of reality told Su Yu that this was not a dream!

And.

A faint and angry voice came from her mind, "Filthy ant, don't touch my body!"

Su Yu was alert!

It was the Prince of Mirages.

Although her soul was suppressed, it was no longer completely sealed because she had successfully escaped once.

She could still transmit a trace of soul power to affect Su Yu's mind.

He finally understood what was going on.

This body belonged to flower of the mirror!

He couldn't help but be secretly angry. "Where's my body?"

"HMPH, it's already gone!" Flower of the mirror snorted coldly.

Su Yu's expression was extremely gloomy.

That body was a corpse that he had taken over after leaving the cage of Taotie. It was continuously refined.

It could be considered as Su Yu's real body.

He didn't expect that it would be destroyed by the mirror flower emperor.

Moreover, he had condensed a female body on this foundation!

He carefully sensed and found that whether it was the mortal body's physique, the bloodline of the eight overlords, or other aspects, the mirror flower emperor had inherited it perfectly.

It was no different from his previous body. He even retained his cultivation.

Only his gender had changed!

"Bastard!" Su Yu's expression was as ugly as it could be.

Mirror flower son of heaven warned, "Don't touch my body, or I'll..."

She did not continue, but instead screamed crazily, "Ah! I'll kill you!"

Because Su Yu was moving around on her body, "So what if you move?"

"Fine! Just you wait! You'll pay the price for defiling my pure and holy body!" Mirror flower son of Heaven said angrily.

Then, he shut his mouth completely and did not say a word.

He only waited for the time to come and escape once again.

Su Yu secretly snorted and thought about how to turn his body back.

"I didn't expect you to be such a Yan Ruyu!" A dazed voice was heard.

Su Yu looked up and found that it was a delicate and pretty girl who was staring at him with her mouth agape.

Someone was there?

Su Yu immediately put down her hands that were moving wildly on her chest. She looked a little embarrassed and said, "Well, miss, don't misunderstand. Actually, I'm..."

"No need to say it. I understand!" Wen Cheng interrupted her. He hugged his chest and shrank back.

What do you know!

The veins on Su Yu's forehead throbbed.

"Where is this place? Why Am I here?" Su Yu asked when she saw that the girl did not have any hostility.

Wen Cheng mumbled, "This is my room. As for why you are here, I also want to ask you how you got out of the book."

Book?

Su Yu was stunned. "What Book?"

Wen Cheng pointed at another black book. "After reading the biography of Su Yu, you ran out. By the way, who are you?"

Su Yu said, "I'm Su... I don't have a name."

Now that he was a woman, saying a man's name was hard to believe.

"I know! Your Name Is Su Ruyu, right?" Wen Cheng said matter-of-factly.

Su Yu looked embarrassed.

This body was really troublesome!

"Can you leave me alone for a Moment?" Su Yu asked.

He wanted to have a thorough examination of his body.

Wen Cheng nodded and said, "Sure, I'll change your clothes."

Su Yu's clothes were very gorgeous.

But because of this, he had to change his clothes. Otherwise, he would be easily targeted.

After Wen Cheng left.

Su Yu immediately checked his body. While thinking, he tried to use the eight domains to re-create Su Yu's body.

However, what made his face ugly was that.

This body that was modified by the mirror flower emperor was completely immune to the eight domains.

It didn't have any effect at all.

"Damn it!" He slapped his palm on the table.

Unexpectedly.

Before he slapped down, an incomparably terrifying power appeared in his palm!

With one slap, it was enough to destroy the entire broken civilization!

It scared him so much that he hurriedly stopped!

Chapter 2876 Let's Sleep Together

He stared at his palm in disbelief. "Is this the power of the Mirror Flower Emperor's body?"

Then, he shook his head. "If it's the Mirror Flower Emperor's real body, the power is not limited to this."

After thinking about it, he vaguely understood that this body should be derived from the heart of a stone embryo. It was only a quarter of the body of the mirror flower emperor.

If the other three parts of the body were fused successfully, the power of one palm would be ten times or a hundred times stronger than the current one.

"Is this the only benefit?" Su Yu laughed bitterly.

With the strength of flower of the mirror's body, even a mid-stage Heavenly Dao master at the peak would have to retreat.

"However, I must find my body." Su Yu was not interested in keeping the woman's honor.

Otherwise, how beautiful would the scene be when he met Xia Jingyu, Qin Xian'er, and Su Cai'er in the future?

Before that, he had to figure out the situation first.

Where was this place? Why weren't Yun Yazhi and the rest of the common people by his side?

Also, before he fainted, the vile daughter had always been by his side.

Where was she now?

Suddenly.

Su Yu's heart moved as he looked at the black book on the desk.

The girl said that he came out of a white book.

Then, was there another secret hidden in this black book?

He flipped open the Black Book and saw the three words, "The legend of the wicked daughter."

"UH... The Legend of the Wicked Daughter?" Su Yu was surprised and opened it out of curiosity.

In the end, he saw the life of the wicked daughter.

Wen Cheng might have been bored reading it, but Su Yu could see that when the wicked daughter was in her early stage, she was dedicated to pursuing the pinnacle of martial arts.

She could pursue her own peak during the extremely boring years.

In the end, she mercilessly killed Yun Yazhi and snatched the son of Heaven's qi-gazing technique.

After reading it, Su Yu let out a long sigh.

The past was like smoke, but the evil daughter had been reborn from the fire and was reborn.

Chi --

Just as she finished reading, with a light sound, the black book burned into ashes.

The ashes condensed into a beautiful figure again.

It was the evil girl in black.

She looked around blankly.

When she saw that Su Yu was close to her, she pulled out the evil sword without thinking and stabbed it at Su Yu.

Su Yu pinched the evil sword with two fingers and firmly clamped it. He hurriedly said, "It's me!"

The Evil Girl was stunned and asked uncertainly, "Who are you?"

"I'm Su Yu! The soul of the flower of mirrors Emperor has been suppressed by me again," Su Yu said.

However.

The evil girl did not believe it.

How powerful was the soul of the flower of mirrors' son? How could it be suppressed by Su Yu?

However, when she recalled the time when the flower of mirrors' son took out the bronze plate and fainted again, she somewhat believed it.

"What happened between you and Me?" The evil girl probed.

Su Yu blinked and said, "Me and you? HMM, you chased after me and then Kissed Me!"

As she said this, the evil woman still had a skeptical attitude.

There were many people who knew that she had chased after Su Yu.

However, there were very few people who knew that she had kissed Su Yu.

"It's really you?" The evil woman was shocked and wanted to help Su Yu up. However, when she looked at her female body, she hesitated again. "Your Body..."

Su Yu was helpless. "Don't mention it! My body has been modified by the illustrious son of Heaven. I Can't change it back in a short period of time."

"Then, you want to use a female body to walk in a nine-star civilization?" The evil woman looked at Su Yu, who looked exactly like her. She felt awkward.

Su Yu spread his hands. "What can I do? Oh right, where are my master and the others?"

The evil woman remembered and explained everything.

"What? The absolute beginning realm is going to collapse?" Su Yu shouted as if he had been hit in the head.

The long-awaited nine-star civilization was actually an ancient wasteland!

It was really unexpected!

"That Qiong Qi definitely doesn't have good intentions," Su Yu said affirmatively.

The eight-star civilization was fighting with the sacred mountain. How could they reconcile immediately?

"I must find them as soon as possible," Su Yu said to himself.

Before that, he needed to find a way to restore his body. It was really inconvenient to have a female body.

"If you want to restore your body, I think you can try the Heavenly Dao Hall," said the evil woman.

Speaking of which, the evil woman used to be a member of the Heavenly Dao Hall.

"The Heavenly Dao Hall once had a branch hall in our eight-star civilization, and I'm a member of the Branch Hall! I once heard that the main hall of the Heavenly Dao Hall had a yin-yang gate that had existed since the beginning of the absolute beginning world."

"If you use it properly, you can change your gender. You can try it."

Su Yu was relieved. He finally had a target to look for.

What he was afraid of was that he didn't even have a way to find his body.

"My soul and body haven't completely matched yet. I'll hide in this civilization for the time being. I'll move after I've fully recovered."

The evil girl agreed, "It's hard to predict the danger of a nine-star civilization. It's not easy to move if you haven't fully recovered."

After a pause, the evil girl said, "Especially since you've become so beautiful. I'm very worried about your safety."

She, who had always been cold and heartless, actually learned to tease people.

The corner of Su Yu's mouth twitched.

Thinking that he might be targeted by a group of lecherous people, he couldn't help but feel a chill.

He immediately took out a black cloak and covered his entire body tightly, so that people couldn't even tell his age apart.

"Su Ruyu, can I come in?" Asked Wen Cheng.

Su Yu glanced at the wicked daughter and gave her a look before opening the small lotus seat.

The latter immediately went in.

It would be more or less troublesome if two identical people appeared.

"Come in." Su Yu put away the lotus seat and said expressionlessly.

Wen Cheng came in again and saw Su Yu in a black robe. His eyes lit up and he said, "Eh, you're not stupid. You even know how to cover yourself."

Su Yu looked at her and said, "I'll stay in your room. Don't tell anyone what I need."

Wen Cheng put his hands on his waist and said in a good tone, "Hey, I'm not your maid!"

Su Yu said lightly, "In exchange, I can cure your eyes."

He had just seen that this woman's eyes were innately ill.

The treatment after birth was completely ineffective.

"Treat My Eyes? Forget it."The young girl waved her hand, as if she didn't care. "After so many years, father has already found many resources for me. It's completely useless..."

As she spoke, Su Yu casually shot a colorful light into her left eye.

That was the life domain, signifying rebirth.

The young girl didn't feel any pain. She only felt a blur before her eyes.

Suddenly, she could see things clearly in her left eye.

"Ah!"The girl screamed and jumped up from the chair.

She placed her palm in front of her eyes and kept swinging it back and forth. "My Left Eye, my left eye!"

Su Yu said indifferently, "Do you want to cure the other eye?"

"Yes! Of course I want to!"

"Well, then do as I say."

"Okay... Okay, wait! But you live in my room, where do I Live?"Wen Cheng was stunned.

She couldn't move out, right?

If that was the case, everyone would have to go into the room to check.

"You sleep on the floor,"Su Yu said indifferently.

"I sleep on the floor?"Wen Cheng pointed at his nose. This was her room!

After thinking for a while, Wen Cheng said, "Forget it, let's sleep together."

After a pause, she hugged her chest again and warned, "Let me say this first. I Don't care if you want to rub your own, but don't rub mine!"

Chapter 2877 Calm And Unhurried

Veins were popping on Su Yu's forehead.

She really thought of herself as someone with a special hobby.

"You're not even rubbing me!"She glanced at her slightly bulging chest and showed no interest.

Wen Cheng clenched his fist and said in a daze, "I don't know why, but I really want to hit someone!"

Su Yu was expressionless. She immediately sat down cross-legged and began to get used to her beautiful body.

Wen Cheng cooperated and hid his existence.

A few days later.

One night.

Su Yu was still quietly getting used to it when an unexpected knock came from the door. "Wen Cheng, can you let father in?"

Wen Cheng was shocked and quickly said, "I'm already asleep."

City Lord Wen Yuan, who was outside the door, was surprised. "So early? Alright, I'll come back tomorrow."

Wen Cheng knew what his father wanted to say.

After a moment of silence, he said, "Let's go to the garden and talk."

She opened the door and went to the garden with her father.

In the past few days, Wen Cheng had convinced himself to listen to his father's arrangements.

"Wen Cheng, i..."Wen Yuan opened his mouth, but he didn't know where to start.

"Father wants to urge me to get married to the lord of wolf officials, right?"Wen Cheng's eyes were dim. "Father can arrange it at will. I have no objections."

City Lord Wen Yuan felt a stabbing pain in his heart.

The more obedient his daughter was, the more painful he felt.

But for the development of Wen Yuan City, did he have any other choice?

"Wen Cheng, I've let you down."Wen Yuan lowered his head and said.

Wen Cheng sighed silently and said, "Father gave birth to me and raised me. It's only right for daughter to repay the kindness of raising me."

City Lord Wen Yuan was even more ashamed. He said, "Although wolf official Hou is very old, he is sincere to you. Marrying him may not be without fortune."

Was he sincere?

"Father thinks that I read all day, so I don't know the outside world, right?"Wen Cheng was a little disappointed at his father's deception. "Everyone knows that Lord Langguan is lustful."

"There are at least 800 women he has ruined! He only took a fancy to my beauty and identity and wanted to keep it for himself."

Wen Cheng's words rendered the mayor speechless.

He didn't expect his daughter to know so much about the rumors outside.

"Forget it. You can arrange it as you wish. I accept my fate."Wen Cheng returned to his room quietly.

Although Su Yu was fusing with her soul, she was still very sensitive to the outside world. "Is There Something on your mind?"

"No!"Wen Cheng's face was sullen. He paused and said, "How long do you need before you leave? I may not be able to protect you for long."

"Half a month."

Wen Cheng nodded. "That's more like it. If you need anything, tell me now. While I'm still here, I'll try my best to find it for you."

Su Yu stopped fusing with her body and immediately wrote out a list.

Most of the materials were materials to promote soul fusion, not rare materials.

After reading it, Wen Cheng frowned. "They're all rare things. It's hard to find them. I need to go to the city to have a look."

Although she could get a servant to do it for her, it would definitely attract her father's attention.

So, she could only do it herself.

"Rare?" Su Yu was surprised. This broken civilization was really desolate.

An eight-star civilization could easily find something, but in this abandoned nine-star civilization, it was so hard to find.

"I'll go with you," Su Yu said worriedly.

He was a little concerned. What did Wen Cheng mean when he said that he was going to leave soon.

"Alright, it's good to come out for some fresh air, but don't let anyone find out that you came out of my room. Otherwise, my innocence will be gone," Wen Cheng muttered.

Su Yu clenched her fists. "Girl, you're asking for a beating!"

Wen Cheng stuck out his tongue and giggled.

Because they had a common secret, Wen Cheng could only let go in front of Su Yu.

Taking advantage of the fact that there was no one around, the two of them left the city Lord's mansion in a flash.

Walking in the city, Su Yu kept shaking her head as she watched.

It was too dilapidated!

There wasn't even a proper shop. All of them were vendors.

"Are resources so scarce?" Su Yu and Wen Cheng searched for a long time, but only found 30% of what they needed.

Wen Cheng said helplessly, "That's how scarce it is!"

There was still 70% that they hadn't found yet.

"Sister Ru Yu, are these things very important to you?" Wen Cheng asked.

Su Yu nodded. "Yes, they are very important. It's the most important thing for me!"

Hearing that it was so serious, Wen Cheng could only say, "Well, in the biggest city of this broken civilization, there is a Star Alliance Chamber of Commerce sub-sign. Perhaps it has one there."

What? The Star Alliance Chamber of Commerce?

There was actually a Star Alliance Chamber of Commerce in such a place?

"How long has the Star Alliance Chamber of Commerce existed?" Su Yu asked.

Wen Cheng shook his head. "It's been a long time. I heard that it's everywhere."

In that case, the Star Alliance Chamber of Commerce of the eight-star civilization was only the tip of the iceberg of the True Star Alliance Chamber of Commerce.

The power of the Star Alliance Chamber of Commerce was a little terrifying.

In comparison, Nirvana was limited by the eight-star civilization and could only compete with it there.

In the nine-star civilization, it could not be compared to it at all.

However, if it was the Star Alliance Chamber of Commerce, it would be very easy to find what he wanted.

"Lead the way."

Wen Cheng hesitated and said, "But I heard that the items of the Star Alliance Chamber of Commerce are very expensive."

Because of the scarcity of resources, the prices of the things there were at least three times more than the normal price.

If it were not because of helplessness, no one would buy them.

"I have money!" Su Yu said indifferently.

Wen Cheng muttered, "I can see that there must be a lot of men giving money to such a beautiful woman."

Hey!

To be honest, Su Yu really wanted to hit someone!

"If you continue to talk nonsense, do you believe that I'll Change Your Eyes Back?" Su Yu said in a bad mood.

Wen Cheng hurriedly covered his mouth and kept shaking his head, indicating that he didn't dare to.

The first city was called Wangyuan City.

Compared to Wenyuan City, it was more than two to three times bigger and was full of people.

It barely had the shadow of an ordinary city of an eight-star civilization.

One of the magnificent pavilions rose from the ground, even more luxurious than the mayor's mansion in the city.

"That's the Star Alliance Chamber of Commerce. You have to pay a deposit of at least one million dao coins to enter..." Wen Cheng pointed at it and said.

As she spoke, there was suddenly no sound.

Su Yu looked to the side and found that Wen Cheng was staring blankly at a red-lit brothel next to him.

A drunk, middle-aged, rough man was holding two young and beautiful women with a serious look on his face. He stumbled toward the inn not far away.

She clenched her fists, unable to suppress the anger in her expression.

But in the end, she loosened her fists again. Her eyes were filled with resignation.

"Let's go." Wen Cheng held Su Yu's arm and leaned against him, looking very helpless.

Su Yu stared at the man. "Then what about your uncle?"

Wen Cheng bit his red lips and was embarrassed to reply.

Seeing that she refused to say anything, Su Yu did not pursue the matter further and walked side by side with him.

"Wen Cheng?" However, the middle-aged man noticed Wen Cheng.

He immediately shook off the two women and rushed over with big strides. He said in surprise, "Why are you here?"

He was wolf official Hou.

In his memory, Wen Cheng was rarely willing to go out.

Wen Cheng tilted his face and did not want to look at him. His tone was stiff. "Why do you care?"

Lord Wolf frowned. "How can you talk to your fiancé? Do you have any manners?"

He was caught playing with a woman outside and didn't feel guilty. Instead, he blamed his fiancé for not having manners?

Then, Lord Wolf stared at Wen Cheng's arm.

Seeing that she was tightly holding Su Yu, who was wearing a black robe and couldn't even tell if she was a man or a woman, he frowned even more. "Who are you? A man or a woman?"

Wen Cheng's face was calm and composed.

Su Yu was a woman anyway, so she did not feel guilty at all.

Was she not?

Chapter 2878 Sacrificing Everything

"Of course I'm a man!" Su Yu imitated her original deep male voice.

Then, she stretched out her arm and wrapped it around Wen Cheng's shoulder.

Coincidentally, her palm was placed on her chest, but it did not touch it.

Wen Cheng's body stiffened and he jumped in fright.

If she had not felt the soft female body under the black robe, she would have thought that there was really a man beside her.

"Wen Cheng! You! Are You Shameless?" Wolf official Hou's face turned green.

He was curious as to why the usually reclusive Wen Cheng would suddenly come to such a far place with a mysterious person by his side.

It turned out that he was fooling around with men!

"Shameless Shaofu!" Wolf official Hou pointed at his nose and scolded, "You are colluding with other men before you even get through the door!"

Wen Cheng was so angry that he was trembling.

She hadn't even passed the door yet, and wolf official Hou had already insulted her in public.

Moreover, wasn't wolf official Hou the shameless one?

They were about to get married, and yet he still went to a brothel to indulge in debauchery?

In her anger, she grabbed Su Yu's palm, pressed it against her newly developed chest, and rubbed it hard.

She stared at wolf official Hou with a provocative gaze, "Yes, so what?"

This time, Su Yu was shocked by himself.

He was just taking revenge on Wen Cheng for speaking without restraint.

Who knew that this girl would actually..

He hurriedly pulled his hand back, but Wen Cheng held it tightly. He looked at Su Yu from the corner of his eyes and fiercely transmitted his voice, "You started it, so you have to pretend no matter what!"

Feeling the softness in her palm, Su Yu replied with an unnatural expression, "But don't you dislike it?"

Wen Cheng replied, "You're a woman, not a man. What's wrong with touching it? As long as you don't let your imagination run wild!"

Su Yu looked down on him.

As a man, how could he not let his imagination run wild?

"You!" Lord Wolf Officer was furious. He raised his palm and was about to give Wen Cheng a slap.

However, no matter what, Wen Cheng was the woman of Wenyuan City Lord.

He hadn't passed the door yet, so he couldn't hit him.

He turned his palm and hit Su Yu. "You Shameless Thing, get lost!"

Su Yu was expressionless. He raised the back of his hand lightly, not even deliberately using force.

Ouch --

Lord Wolf Officer immediately cried out in pain and covered his hand that was about to break.

He couldn't believe it. He was an existence at the peak of the tunnel master level. If he hit him with one palm, the mountain would collapse and the Earth would crack.

However, when the palm struck the back of this person's hand, the other party did not move at all. On the contrary, his palm almost broke.

Could it be that he was an expert of the Heavenly Dao master level?

Lord Lang Guan's heart skipped a beat, but he shook his head.

If he really had the cultivation of the Heavenly Dao master level, would he still be able to survive in the dilapidated civilization?

He had long since entered that flourishing nine-star civilization.

Even if he stayed in the dilapidated civilization, he should at least be the master of a city.

Therefore, he speculated that this person must have some kind of defensive treasure on the back of his hand.

"Brat! Get lost!" Wolf official Hou pointed at himself. "Do you know who I am? I'll scare you to death if I tell you!"

Su Yu said indifferently, "Oh, so your name is 'scare you to death'. This name really scares people to death."

PFFT --

Wen Cheng was stunned for a moment. When he understood, he immediately burst into laughter.

"You..." wolf official Hou was about to make a move.

However, Su Yu waved his hand in boredom. "When I'm in a bad mood, get lost!"

He really couldn't be bothered to argue with such a small fry.

After saying this, he hugged Wen Cheng's shoulder and left.

Wolf official Hou clenched his teeth. Which man could tolerate his woman being taken away by another man in front of him?

"Stop right there!" Wolf official Hou tried to catch up.

However, Su Yu only took a light step forward and disappeared on the spot.

Wolf official Hou looked left and right, but he couldn't find her at all.

"Wen Cheng! Come out!" Wolf official Hou shouted and looked around anxiously.

Su Yu and Wen Cheng had already arrived in front of the Star Alliance Chamber of Commerce.

He released his hand and said, "Next time, don't think about using me."

However, Wen Cheng didn't hear him at all. He asked himself, "Why is your physical strength so strong? Why is your body movement so strong? Why do you have a male voice? Why..."

Su Yu reached out a palm and covered her chattering mouth. She said, "Girl, curiosity kills the cat."

Wen Cheng was extremely surprised and curious.

She suddenly felt that Su Ruyun was more mysterious than she had imagined.

"Hey, tell me, I'll rub your breasts for you!" Her mouth was blocked, but she still refused to give up. She blurted out, "No? How about two times? Three times will do! Still Not Enough? How about one night?"

The veins on Su Yu's forehead kept throbbing and she closed her eyes.

He had the urge to strangle this girl to death!

It was a very strong urge!

"Let's buy the necessary materials first." Su Yu threw her aside and went in alone.

As soon as she entered the door, the guard smiled and said, "Sir... sir, please pay a million deposit before you enter. When you leave, it will be returned."

Wen Cheng followed her and hugged Su Yu's arm shyly.

She had never been to such a luxurious place before.

"Sir, if you are two people, you need two million yuan." The guard smiled and said.

Wen Cheng immediately took out his storage bag and rummaged through it. It was not easy for him to find a few old cards with a small amount of money.

The guard was still smiling, but there was a hint of contempt in his eyes.

How could he come to the Star Alliance Chamber of Commerce with such a small fortune?

He might not even be able to afford the cheapest item.

"Take it, keep the change." Unexpectedly, Su Yu casually took out a card with a limit of five million and threw it to the guard.

The guard's eyes flashed, and he hurriedly said, "Sir, please, please come in!"

Wen Cheng opened his mouth wide. "Five million?"

In a dilapidated civilization that lacked resources, it was rare to have a card with a large limit. Usually, it was a card with a small limit.

Su Yu casually grabbed a huge amount of cards!

"Where did you get so much money?" Wen Cheng caught up and asked in surprise.

Su Yu turned a deaf ear to him. He walked to the various counters and searched for what he wanted.

With the foundation of the Star Alliance's Chamber of Commerce, they indeed had everything he needed. Very soon, he had gathered everything he needed.

"Alright, let's go home," Su Yu said.

There was nothing left to see here.

She didn't get a response from Wen Cheng. She turned her head and saw that Wen Cheng was lying on a counter.

He opened his black and white eyes and blinked at the exquisite jewelry on the counter.

Those were Dao artifacts with all kinds of functions.

Wen Cheng liked them at a glance, but they were all very beautiful. She didn't know which one to choose.

"How much is this hairpin?" Wen Cheng asked unconfidently.

The counter manager was expressionless. "Three million dao coins."

Three Million Dao coins?

Wen Cheng clicked his tongue and immediately gave up the idea of buying it.

It was too expensive. He couldn't afford it at all.

Su Yu saw it and walked over. She pointed at the hairpin and said, "This..."

Before she could finish, a figure rushed over and slammed the three million dao coins on the table. "This, I'll buy it!"

Chapter 2879 He Bought Them All

As he spoke, he looked at Su Yu with a provocative gaze.

He naturally asked along the way and finally found their wolf official Hou.

The shopkeeper's face was beaming. Out of duty, he still asked patiently, "Objectively confirm the purchase?"

Three Million Dao coins was not a small amount. He had to confirm it clearly.

Lang guanhou felt his heart ache. Three Million was the money he earned after working hard for a year, and now he was using it to buy a useless hairpin.

"Okay, Honorable Guest." The shopkeeper accepted the money with a smile.

Lang guanhou pulled Wen Cheng over and glared at Su Yu with hostility. "My Woman, you don't have to buy anything! Besides, can you afford it?"

How many men in a broken civilization would be willing to spend a fortune to buy a hairpin for their beloved woman?

He looked at Wen Cheng again and said, "You're still young. Don't be deceived by men's flowery words. A man really doesn't love you. It depends not only on words, but also on actions."

Wen Cheng shook off his hand and said, "I don't want it."

However, he still glanced at the hairpin with disappointment.

No woman didn't like to be beautiful, and Wen Cheng was no exception.

Su Yu looked indifferent. She pointed at the hairpin and said, "This..."

Lang guanhou sneered and said, "Change it. I've already bought this one."

The shopkeeper also looked at him apologetically. "I'm sorry to be so objective. These are all unique styles. There's no second style."

Su Yu continued, "I mean, except this one, I'll buy the rest."

'Huh?'?

The shopkeeper was stunned, wondering if he had heard wrongly. "I didn't understand what the customer meant."

PA --

A pitch-black card was slapped on the table by Su Yu. He said, "I don't want to say it again."

The shopkeeper sucked in a breath of cold air. "Honorable Black Card?"

The amount of Heavenly Dao coins in the black card was at least 100 million!

Not to mention the jewelry, even half of the items in the Star Alliance Chamber of Commerce could be bought!

"Yes, yes, yes. Customer, I'll take it for you immediately!" The manager held the black card in his hand.

He was afraid that Su Yu would go back on his word!

He took out all the jewelry in the counter at the fastest speed and respectfully placed it in front of Su Yu. "There are a total of 130 pieces. They are all precious items. Please check them, dear customer."

His expression was filled with respect. How could a person who could spend hundreds of millions of dollars to buy jewelry for a woman have a simple status?

There weren't many such people in the dilapidated civilization, so how could he dare to disrespect them?

Su Yu picked out the hairpin and threw it to Wolf Marquis. "It's yours!"

Then, he wrapped up the rest and stuffed it into Wen Cheng's arms. "Go home and take your time."

Wen Cheng was dumbstruck. He carried the heavy jewelry and was carried away by Su Yu.

Only Wolf official Hou Zhenhan was left standing where he was, holding the hairpin that he had spent a year's effort to buy.

He thought it was amazing to spend three million yuan.

But the other party actually spent nearly 100 million yuan for Wen Cheng in one go.

What kind of concept was this?

In an instant, he felt that he was completely outclassed and didn't deserve Wen Cheng at all.

He was stunned for a long time before he slowly came back to his senses, he shook his head and said, "No! You shouldn't think like that. It's no big deal to have money. What's important is ability! I'm the only person that the city lord of Wen Yuan can rely on. It's obvious that the city lord of Wen Yuan will value money or ability more."

The current dilapidated civilization lacked all kinds of resources, not money.

What was the use of having money if you couldn't buy things?

Thinking of this, he pulled himself together.

"It seems that there will be more trouble if we wait too long. We need to get Wencheng as soon as possible," wolf official Hou said to himself. "However, we need to think of a way to urge Wen Yuan City Lord."

After Su Yu returned, he immediately went into closed-door cultivation to coordinate with the various materials he bought to speed up the fusion of his soul and body.

With the help of the materials, it was estimated that he would succeed in a few days.

At that time, he would be able to freely control his current body and unleash the power of his body to his heart's content.

On the other hand, Wen Cheng leaned on the table and couldn't help but pick out his favorite jewelry from it. He said happily, "It's said that there's a golden house in the book, and there's Yan Ruyi in the book!"

"I didn't expect that not only did I find Yan Ruyi, but also a Yan Ruyi who always carried a golden house with her."

Su Yu quietly merged with his soul and said indifferently, "Is that Lord Wolf really your fiancé?"

There was a big gap between them.

As the daughter of a city lord, Wen Cheng should not have married so coldly.

Wen Cheng played with the jewelry and had already accepted his fate. He said indifferently, "Yes, my father doesn't have a reliable person, so I can only rely on him."

After Su Yu asked in detail, he finally knew the whole story.

"I didn't expect that the nine-star civilization that I have been pursuing would be like this." Su Yu sighed.

The weak could only survive in the abandoned nine-star civilization like vagrants.

The strong enjoyed endless resources in the prosperous land of the modern world.

"Why don't we just move to the other abandoned civilizations?" Su Yu asked.

Wen Cheng put down his jewelry and said with a wry smile, "Do you think that there are no vagrants in the other abandoned civilizations? If we move there, there will definitely be conflicts, and there will be a lot of casualties."

Su Yu suddenly understood.

There was more than one broken civilization in front of them.

"It's not bad that we can protect the broken civilization in front of us. Many of the broken civilizations have been occupied and destroyed by foreign civilizations, and the end result will be even more tragic," Wen Cheng said helplessly.

The Wanderers living in the abandoned civilization had no hope of making a name for themselves.

They often lived in fear, fearing that one day they would be destroyed.

"So, the abandoned civilization nearby has completely dried up?" Su Yu asked.

Wen Cheng shook his head. "Not exactly. There is an abandoned nine-star civilization nearby. There are still many precious resources left on it, but it is very difficult to excavate them

"That's because there are many terrifying heavenly dao master-level exotic beasts living on it. We Can't go up at all."

Heavenly Dao master-level?

With Su Yu's current cultivation and the mirror flower son of Heaven's physique, Ordinary Heavenly Dao Masters really didn't need to be afraid.

They could be easily killed with a slap.

Unless the other party's cultivation had reached the late-stage Heavenly Dao master level, there would be nothing to be afraid of.

Furthermore, the other party's numbers were extremely large, which could also pose a threat.

"Alright, if there's a chance, I can go take a look," Su Yu said.

He had come to the nine-star civilization, but now he had nothing. He needed to establish his own faction in order to establish a foothold in the nine-star civilization.

It was necessary to develop a powerful faction.

Those Heavenly Dao master demonic beasts were very good mounts.

If there was a chance, he had to go up and investigate.

A few days passed.

With the help of many materials, he finally perfectly fused with the body of the mirror flower emperor. Other than a few parts of his body that he couldn't bear, everything else was fine.

"Wen Cheng, come out. I have something to ask you." City Lord Wen Yuan knocked on the door and said with a heavy tone.

Chapter 2880 Haotian Civilization

Without a doubt, it was the wolf official who complained to the lord of Wen Yuan City.

"Oh, wait a minute." Wen Cheng looked at Su Yu, meaning to ask him to hide for a while so that his father wouldn't find him.

Su Yu nodded and immediately used the space domain, turning into a speck of dust and landing on Wen Cheng's shoulder.

The latter was dumbfounded and looked around, but couldn't find Su Yu's people at all.

"What are you looking at? Hurry up and deal with your father." Su Yu's voice sounded from her shoulder, scaring Wen Cheng.

Wen Cheng was extremely shocked. Su Yu was really getting more and more shocking to her.

After cleaning up the traces left by Su Yu, Wen Cheng opened the door and pretended not to know.

"Father, what's Wrong?"

City Lord Wen Yuan's face sank. "Let me ask you, did you go to the first city three days ago?"

"Yes."

"With a man?"

"Yes... Yes!" Wen Cheng was very honest.

If it was a misunderstanding, then it was a misunderstanding. He was not afraid that his father would be angry.

City Lord Wen Yuan was so angry that he pointed at him. "You... you want to anger me to death! What if I get angry and run away?"

Wen Cheng didn't care. "If he could run away, he wouldn't tell you."

"Hey! Why are you so insensible? I know you feel wronged, but you can't do such a shameful thing as openly having an affair with a man, can you?" The governor of Wenyuan City criticized.

Wen Cheng sneered. "As long as my conscience is clear!"

"Father, is there anything else? If not, I need to rest," Wen Cheng said lightly.

He had nothing to say to his father.

"Wait!" The city lord of Wen Yuan said with a taut face, "The nearby Haotian civilization has started to collapse again recently. All the demon beasts inside have dispersed. You and Lord Lang Guan will lead the experts of Wen Yuan city to dig for resources."

Most of the abandoned nine-star civilizations were unstable and were always collapsing.

This was the case for the nearby Haotian civilization.

And every time it collapsed, the ferocious demon beasts would scatter in all directions and have no time to hunt down the intruders.

Therefore, this was the best opportunity for the broken civilization.

As long as they were willing to risk the danger of collapse, they would be able to dig up countless treasures.

The first city was originally a city that was almost the same as Wenyuan city.

It was precisely because of an adventure that they took advantage of the collapse of Haotian civilization to dig up many precious resources from above that they had the opportunity to grow today.

Now that Haotian civilization had suffered a small-scale collapse, how could Wenyuan City give up on another opportunity?

Hearing that he was going with Lord Langguan, Wen Cheng instinctively refused, "I..."

However, Su Yu's voice came into his ears, "Promise him! I'll protect you in the dark. Don't worry."

Wen Cheng thought of Su Yu's terrifying physique and body movement, but he didn't want to go against his father too much, so he nodded and agreed, "Okay."

The Master of Wenyuan City was surprised.

With his understanding of his daughter, he definitely wouldn't go.

He didn't expect her to agree so easily.

It must be because of the scolding just now that made her feel regretful, so she wanted to travel with the wolf official and improve their relationship.

This was what the Master of Wenyuan city was happy to see.

"Okay, we'll leave tonight. You Should Get Ready."

The collapse of Haotian civilization was so sudden that it did not give people enough time to prepare.

All the civilizations were racing against time to seize the opportunity.

"Okay."

In the evening.

Several beams of starlight had already shot up into the sky, leaving the dilapidated civilization and heading toward the nearby Haotian civilization.

That was because the other cities had already sent people there.

The city lord of Wenyuan could not wait any longer and hurriedly summoned Wen Cheng, Lord Langguan, and all the capable generals.

"There is no time to continue preparing. You should set off immediately! Lord Lang Guan will tell you the details of the collapse on the way."The governor of Wenyuan City immediately sent them on their way.

The group immediately boarded the Flying Dao vessel and sped toward the Haotian civilization.

They arrived at the pitch-black void.

Wen Cheng was a little uneasy and shrank into a corner. He secretly transmitted his voice to his surroundings, "Where are you?"

"I'm here,"Su Yu replied briefly.

Wen Cheng immediately felt at ease. It was as if he could be at ease with Su Yu around.

The Lord of wolf officials was a little vigilant. "Wen Cheng, who are you talking to?"

He looked around and saw no one.

"Air!"Wen Cheng said lightly.

Talking to air?

The Lord of wolf officials thought that Wen Cheng was talking in anger. He went up and sat beside her, trying to hug her. He said, "Wen Cheng, I will protect you when we arrive at the Haotian Civilization."

However, Wen Cheng avoided him very cleverly and moved to the other corners. He said, "Please respect yourself."

The rest of the people on the dao implement couldn't help but Snicker.

"You can't eat hot tofu in a hurry. Lord Lang Guan, please take it Easy!"

"Exactly. Miss Wen Cheng is still a virgin."

Hearing the jokes of the crowd, Lord Lang Guan looked embarrassed.

Annoyed, he secretly glared at Wen Cheng and sneered in his heart, "When we arrive at the Haotian civilization, you will be so frustrated that you won't be able to respond to me!"

He smiled casually and said, "Now, let's talk about the Haotian civilization. We detected a small area collapse in Sector 98

"The civilization energy there was so weak that it couldn't withstand it and started to collapse. The area of collapse was billions of square meters, which was equivalent to the area of our broken civilization

"Because of the collapse, all the demon beasts in the target area fled! Therefore, we have to split up and dig out more resources at the fastest speed."

"Before the demon beasts return, we have to leave the Haotian civilization and complete this excavation mission."

Everyone understood that the most important thing in this mission was time.

They had to leave the Haotian civilization before the Demon Beast Tide returned.

"Now we will start to form teams," wolf official Hou said. "I will form a team with Wen Cheng!"

"I refuse," Wen Cheng said without hesitation. "I can do it alone."

She loathed wolf official Hou and understood him better.

Was it because she was too safe to form a team with him?

Wolf official Hou smiled and didn't say anything. After all, this little sheep wouldn't be able to run away from the Haotian civilization.

"Okay, but I'll still arrange someone for you. Nephrite, you go with Wen Cheng." He arranged for a woman.

Wen Cheng didn't refuse just now.

Soon, the team was all arranged.

And soon, everyone arrived in the sky above the Haotian civilization.

"Let's Go!" Lord Wolf Guguan looked serious.

This time, he had two goals, in addition to getting Wen Cheng.

He also had another goal, which was to get amazing resources so that Lord Wen Yuan would have nothing to say. He wanted to marry Wen Cheng to him as soon as possible.

Wen Cheng and his companion, Nephrite, flew to the Haotian civilization.

What they saw was a collapsed wasteland. Mountains collapsed and the earth cracked. There were ruins everywhere.

Not far away, there was an abandoned city that was almost swallowed by the collapsed Earth.

Their eyes lit up.

"We're so lucky to meet a city as soon as we arrived," nephrite said happily.

In the abandoned civilization, the city with the most resources was the abandoned city.
