

Nine-Dragon 2891

Chapter 2891 A Snap Of The Fingers

They didn't even have to scream before they were all turned into blood and scattered in the air.

The roof of Wen Yuan City Lord was dyed blood red.

The incident happened too suddenly and exceeded everyone's expectations.

Even Wen Cheng, who knew Su Yu the best, had never imagined that Su Yu could kill 70% of the masters with a snap of her fingers!

Her mind went blank.

For the first time, she realized that the Su Ruyu she knew might not be the Yan Ruyu in the books she had imagined.

Instead, she was an incomparably terrifying thousand-year-old monster!

The city lord of Wen Yuan fell into a deep daze. He had imagined that Su Yu's strength might be not bad, after all, she could save Wen Cheng from Xiao Yan's hands.

But now, it seemed that Su Yu's strength was not only not bad?

He was practically invincible!

The Seven City Lords did not have any room to resist. They did not even have time to react before they were killed in an instant.

What kind of terrifying strength was this?

The first city lord and Xiao Yan's expressions froze a moment ago, unable to melt for a long time.

They could not believe the scene in front of them.

The seven experts who had spent so much to persuade them were gone just like that!

Until a faint voice broke their shock, "Destroy the city? First City Lord, let me see you destroy it."

The first city lord trembled!

This was not a dream!

It was a reality that was crueler than a dream!

His solemn face was gradually replaced by thick fear. He was no longer as arrogant as before, "May I ask who you are?"

Su Yu's expression was indifferent. "You probably don't deserve to know who I am!"

The first city lord could feel the intense killing intent coming from Su Yu, and his heart could not help but beat. He hurriedly bowed and said, "What I mean is that I am willing to give you ten times the benefits that city Lord Wen Yuan gives you."

He was actually bribing Su Yu in public!

City Lord Wen Yuan's heart could not help but tighten. In terms of the convenience of various resources, Wen Yuan city was miles away from the first city.

"Hehe..." Su Yu smiled. "Bribing me?"

The first city lord paused and said, "Yes!"

"Then, I want a peace of mind. Can you give it to me?"

Peace of mind?

The first city lord was slightly surprised. What was peace of mind?

"If I can give it to you, I will definitely give it to you tenfold," the first city Lord said respectfully.

Su Yu said calmly, "You can give it to me."

The first city Lord's heart relaxed. It was good that he had something to talk about. He was afraid that he would not even have a chance to talk to such a mysterious expert.

"Please say it. I will definitely satisfy you."

Su Yu said slowly, "I am preparing to leave the broken civilization, and I am worried about Wen Cheng. I can only leave with peace of mind if I remove all the potential threats for him!"

"And your first city is obviously the greatest potential threat to Wen Cheng! So, leave your lives to me, and I can leave with peace of mind."

The Peace of mind he wanted was the destruction of the first city!

"You... Don't go too far!" The first city lord understood and was shocked and angry!

Su Yu said expressionlessly, "I'm not going too far. I'm just helping the world to uphold justice. Don't you think so?"

The people from Wen Yuan city immediately shouted excitedly, "Yes! Senior is the embodiment of Justice!"

"The first city has done many evil deeds and harmed countless people. They are the main culprits of the broken civilization. They should have been destroyed long ago!"

"Please Uphold Justice, my Lord!"

Su Yu said indifferently, "See, killing you is the true justice."

At this moment, the first city lord finally felt what despair was!

Facing absolute power, his own weak despair was just like the situation of the Wen Yuan City Lord just now.

"Wait!" The first city Lord pulled Xiaoyan over and said, "Senior, my daughter is far better than Wen Cheng in all aspects. If you don't mind, you can take my daughter away. From now on, she is yours!"

Xiaoyan wanted to resist, but facing the terrifying Su Yu, she couldn't even say a word.

"Hehe, what makes you think that I would like a woman who was raped by a lowly slave?" Su Yu slowly walked over.

The first city Lord was terrified and turned around to flee. He didn't even care about his proud daughter.

Su Yu snapped her fingers and ran to the first city lord far away. She didn't even have time to make a sound before she followed in the footsteps of the Seven City Lords.

The sky was covered in blood mist, and her face was full of smiles. Her soft body trembled violently, and her eyes were full of pleading. "Senior, please be merciful and let me go!"

Her expression was delicate and pitiful.

Su Yu was unmoved. "Poisonous snakes are the best at disguising themselves. If you're Careless, you'll lose your life."

At this moment, she looked pitiful, but this was just her disguise. Once she gained power, her old behavior would definitely sprout.

At that time, she would definitely be avenged.

He didn't care, but Wen Cheng couldn't be careless.

"Follow your father and go together!" Su Yu said indifferently. He took a step forward and was about to stomp her to death.

However, suddenly, a skeleton mark fell from the nine heavens without any warning and blocked in front of Su Yu.

The space domain that it released was absorbed by the skeleton mark.

"You are willing to kill such a beauty. You really don't know how to show Mercy." Three mysterious people wearing skeleton marks appeared in the sky above the city Lord's mansion.

They were the so-called skeleton ronin.

They came to the broken civilization to find out who took away their demonic beasts. The abnormal activity in this place attracted them.

They happened to see Xiao Yan being killed by Su Yu, so they saved her.

Su Yu looked at them indifferently. "Before you die, tell me your name first."

However, Wen Cheng suddenly grabbed his arm tightly and stopped Su Yu from speaking with a fearful look.

Su Yu could clearly feel that Wen Cheng's body was trembling.

Even when the first city lord was at the foot of the city, he had never seen Wen Cheng so afraid.

Were these three people from a special background?

"Ruyu, don't talk. They are... Skeleton Ronin!" Wen Cheng transmitted his voice.

She lowered her head and didn't dare to look up at the three skeleton ronin.

The fear came from the bottom of her heart!

Skeleton Ronin?

Su Yu had just arrived, so he naturally didn't know them. But even if he knew them, so what?

They were enemies who were hindering him from solving the hidden dangers.

"Since you don't want to reveal your name, then you can become a nameless ghost," Su Yu said lightly.

The three skeleton ronin laughed wantonly. "Interesting! A mid-stage Heavenly Dao master can become the king of a broken civilization."

"The tiger isn't here, but the monkey is the King!"

One of the Skeleton Ronin's body shook and released a terrifying pressure that suppressed the entire place.

He was a mid-stage Heavenly Dao master. The only difference was that he was a high-level mid-stage Heavenly Dao master.

He was much stronger than the first city lord.

"Why don't you try again and kill me with a flick of your finger?" The Skeleton Ronin sneered.

Su Yu's spatial domain could deal with ordinary people, but it was far from enough to deal with him.

Who knew that Su Yu would actually nod and say, "Sure, as you wish!"

He stretched out a woman's hand from under the black robe, then bent his finger and flicked it lightly!

Chapter 2892 Skeleton Organization

The Skeleton Ronin raised his arm with a faint smile and blocked in front of him.

It could be vaguely seen that there was a defensive dao artifact on his arm. Su Yu's attack seemed to have been completely blocked.

Looking at his dao artifact, the skeleton ronin smiled contemptuously. "You can only show off a little bit when dealing with some trash. When dealing with experts like us, Hehe, the laughing stock of the deceased!"

Su Yu casually retracted his finger and remained silent.

"What, it's over just like that? I'm So Scared!" The Skeleton Ronin could not help but laugh, "Brothers, did you see that? This big shot is really impressive, right? He almost scared me to death, hahahaha..."

He laughed and gradually could not laugh anymore.

Because he was the only one laughing in the entire scene, and the two companions behind him were also silent.

When he looked at the eyes of the people around him, they all stared at him as if they had seen a terrifying scene!

To be precise, they were staring behind him.

"What's there to see?" The skeleton ronin snorted and casually glanced behind him.

Unexpectedly, this glance made the Skeleton Ronin's soul scatter!

His two companions were actually... not even their bones were left!

They turned into blood that filled the sky and sprinkled all over Xiao Yan's body, drenching her into a bloody person. She trembled on the spot as if she had lost control and went crazy.

She was the one who felt it the most. With a flick of her finger, the two skeleton ronin protecting her were killed on the spot. They did not even put up any resistance.

Just like her father and the Seven City lords, their lives were weaker than ants in front of this black-robed man.

With a flick of his finger, he could kill them!

The Skeleton Ronin's pupils constricted and his body stiffened. It took him a long time to turn around with great difficulty. When he looked at Su Yu, his teeth could not help but tremble. "You... You Are the Heavenly Dao Master... late-stage!"

There were still quite a number of mid-stage Heavenly Dao masters in this vast civilization.

However, there was not a single late-stage Heavenly Dao Master!

At the very least, there was no late-stage Heavenly Dao master in the abandoned civilization. If there was one, he would have gone to the nine-star civilization long ago.

"I can barely be considered as one. However, I can only show off in front of you low-level people," Su Yu said indifferently.

Plop --

Just now, the Skeleton Ronin was still acting tough, but in the blink of an eye, he knelt down without any regard for his dignity. "I was blind to hinder senior's work. I deserve to die. I'm guilty. Please let me go, senior, and I'll leave immediately!"

Compared to before and after, it was really contemptible!

Was this the famous Skeleton Ronin in the legends?

It was just so-so!

He really didn't understand how they developed into the number one force of the abandoned civilization!

Su Yu looked indifferent. "I said that I came here to find peace of mind! From the looks of it, you guys are probably coming aggressively to harm the broken civilization, right?"

"So, unfortunately, I refuse your begging!"

"Also!" Su Yu grabbed in the air, and a small ball condensed from an unprecedented domain appeared in his palm.

Inside the small ball, a materialized ripple was vibrating inside the small ball, as if it wanted to rush out.

"Asking for help in front of me? You really look down on me!" Su Yu crushed the small ball, and the communication ripple inside was destroyed on the spot.

The Skeleton Ronin broke out in a cold sweat. Their skeleton group had rampaged through the abandoned civilization, but they had never encountered such a terrifying existence?

In front of him, he actually felt a sense of terror as if he was facing the son of the Holy Mountain.

In fact, his feeling wasn't wrong. The person standing in front of him was indeed the son of the Holy Mountain.

However, the skeleton ronin lived in extremely harsh environments all year round, and his desire to survive was unparalleled.

When he sent out the distress signal, he had already made second-hand preparations!

His body suddenly disintegrated into beads and rapidly seeped into the ground.

"It's the Blackwater God Race!" Wen Yuan City Lord cried out in surprise.

The Blackwater God race was a famous aristocratic family in the nine-star civilization. He didn't expect that the Skeleton Ronin would have a member from that aristocratic family!

It was really beyond his expectations!

The most special thing about the Blackwater God race was that they had an innate divine ability that could turn their body into thousands of liquid beads and quickly disappear.

As long as one of the beads successfully escaped from the enemy's pursuit, they would be able to succeed on the spot.

Other than losing a bit of their bloodline, it wouldn't have any effect on their bodies.

They could be said to be among the top ten existences in the nine-star civilization in terms of life-saving techniques!

Not only that, one of the water beads splashed onto Xiaoyan's body, shrinking it and stuffing it into the water bead before quickly diving underground.

Su Yu was unperturbed as he used his clairvoyance to scan the ground.

He discovered that all the water droplets had already seeped into all directions.

It was simply unrealistic to capture all of them in one go.

The city lord of Wen Yuan City had an extremely grave expression. "This is troublesome! The Skeleton Ronin has always taken revenge! Losing two higher-ups consecutively, they won't let this matter rest?"

Hearing this, the living beings of Wen Yuan city were all in danger.

There was no doubt that the skeleton ronin was terrifying. Wherever they went, there would be rivers of blood, and not even a chicken or dog would be left.

How many broken civilizations had been destroyed by them?

The men were all killed, and the women were all captured and brought back to breed. All kinds of resources were plundered.

Their organization, the skeleton group, could be called the black hole of the abandoned civilization. Everyone was afraid of them.

When the higher-ups of the Skeleton Corps escaped, they would definitely send the experts of the skeleton corps over and raze the broken civilization to the ground.

"They won't let it go? That's good." Su Yu smiled faintly and said, "I'm afraid that he won't dare to come again."

If he could kill them, Su Yu could still kill the skeleton ronin with a little more effort.

The reason why he didn't do so was that he wanted to draw out the strongest force of the broken civilization.

He had painstakingly collected so many demon beasts, and if he did not strengthen them through war, what good would it do?

Moreover, he wanted to establish his own foundation in the nine-star civilization, and it was only a matter of time before he confronted the powerful forces of the abandoned civilization.

It was better to do this sooner rather than later.

Therefore, Su Yu deliberately let him go, giving him a chance to call people over.

"Ah! Senior, perhaps you don't know how terrifying the Skeleton Corps is..." City Lord Wen Yuan briefly described the skeleton corps.

The origin of the skeleton corps was very mysterious, as if it had appeared overnight.

Once it appeared, it began to plunder the relatively peaceful and broken civilization like a bloody storm.

Everywhere it passed was a mess and ruins, mountains of corpses, and a sea of blood.

Su Yu's expression was indifferent. "It doesn't matter, just kill everyone who comes."

He didn't care about a little ronin.

However, Su Yu had more guesses about the origins of the skeleton corps.

"So, you're going to stay?" The only one who was still in a happy mood should be Wen Cheng.

Her face was full of joy, without the worry of her father, the city lord of Wen Yuan.

Su Yu shook her head. "The arrival of the skeleton corps should take some time. In the meantime, I'll make a trip to the Heavenly Dao Palace."

Now that his soul had completely fused with his body, it was time to prepare for his recovery.

Chapter 2893 Things Have Changed, But People Have Changed

"The main hall of the Heavenly Dao Hall? That's one of the sacred places of the nine-star civilization. How could they allow you to enter so easily?" Wen Cheng said in surprise.

The Heavenly Dao Hall of the nine-star civilization had gathered countless experts from all over the world.

Without the summon of the sacred place, ordinary people couldn't enter at all.

Su Yu smiled faintly. "Even if you can't enter, it's not bad to find out some information."

He didn't expect to get the yin-yang gate of the main hall of the Tiandao Palace in one go.

However, it was always right to go and see the situation first.

"I'll go with you!" Wen Cheng immediately said, "I've never been to a nine-star civilization."

Her eyes were full of yearning and desire.

She had read many descriptions of a nine-star civilization in books, but she had never seen it with her own eyes. How could she not feel regretful?

Su Yu thought for a while and agreed in her heart.

He still had to come back this time. It was not a one-way trip. It was not too much of a problem for him to bring Wen Cheng along to take a look.

"That depends on whether your father agrees," Su Yu asked.

Wen Cheng immediately threw a coquettish look at the city lord of Wen Yuan.

"Okay, okay, okay! You Go." How could the city lord of Wen Yuan not agree?

Firstly, he hoped that his daughter could really be together with this senior, perhaps it could change her fate as a vagabond.

Secondly, the Skeleton Corps had their eyes on the broken civilization. This place would be attacked at any time and it was very dangerous. It was actually a good thing that his daughter could leave this place temporarily.

Wen Cheng was pleasantly surprised, but he could not help but worry again.

Just as his father was worried, the Skeleton Corps had arrived. What should he do?

What should he do if his father was in danger and no one helped him?

Su Yu also thought about this. He was the one who killed them, and he was the one who caused the trouble. There was no reason to let unrelated people suffer the pain.

He waved his hand and immediately divided a huge space in the suburbs of Wen Yuan City.

Then, he waved his sleeve and let out countless demon beasts and some nirvana practitioners. He said, "Hurry up and tame them. There might be a small war in the near future."

Xiao die nodded her head and her gaze suddenly fell on Wen Cheng who was hugging Su Yu's arm. She said resentfully, "Playboy Radish, love each and every one of them! HMPH!"

With that, she swung her ponytail and turned around to take care of the demonic beasts.

Su Yu was speechless. She pulled Wen Cheng and said, "Let's go to the nine-star civilization. Lead the way!"

Wen Cheng took out an old map and immediately indicated the direction.

This trip to the nine-star civilization would take at least half a year, and that was because Su Yu had the body of a mirror flower emperor.

If he had his original cultivation level, he wouldn't have been able to reach it in ten years.

In half a year, Su Yu was hurrying along while observing the abandoned nine-star civilization.

He was quite shocked.

"How is this a nine-star civilization world? It's clearly the burial ground of a nine-star civilization!" Su Yu muttered.

However, he didn't know why these nine-star civilizations, which had flourished for an entire era, declined and declined!

It wasn't just the eight-star civilization that would be destroyed. It was the same for the nine-star civilization.

The difference was that the eight-star civilization was completely destroyed, while the nine-star civilization was just declining.

"I have a feeling that we're not far from the truth of the absolute beginning realm," Su Yu muttered.

Half a year later.

They finally arrived at their destination.

A dazzling civilization was emitting the most brilliant light, illuminating the dark world. It was like a lighthouse in the darkness, giving all creatures a beacon.

At this moment, Su Yu and Wen Cheng were standing above an abandoned civilization, thinking about how to enter a nine-star civilization.

It was easy to come out of a nine-star civilization, but if one wanted to enter, one had to have a clearance document.

The purpose was to prevent the vagrants of the abandoned civilization from sneaking in and taking over the resources of the nine-star civilization.

That document was something that was born with, and it recorded the birth place, identity, background, and various experiences of the creature in detail.

When entering a nine-star civilization, one had to go to the entrance to check the document, and the slightest failure would be rejected.

"I heard that there are some black markets in the dilapidated civilization nearby that specialize in making fake documents." Wen Cheng pointed to an abandoned civilization under their feet.

Most of the areas above were bright, like a prosperous nine-star civilization.

Wen Cheng was envious.

The civilization of this abandoned civilization was a hundred times more prosperous than the dilapidated civilization in Wenyuan city.

However, who asked it to get close to the nine-star civilization?

It was naturally very prosperous since it enjoyed endless high-quality resources.

"Let's go down and take a look first," Su Yu said.

Just as he was about to leave, he suddenly saw a large number of flight paths coming from the direction of the nine-star civilization, rushing toward the civilization under their feet.

There were many people on each path path.

"Who are these people?" Su Yu found that the people on the flying devices were generally very young.

Wen Cheng tilted his head and thought for a while, then said, "I heard that in the border of the nine-star civilization, there would often be some youth-oriented banquets to contact the major families."

Su Yu said, "Why did they come to such a desolate place when they couldn't wait for the nine-star civilization?"

Wen Cheng pointed to the sky and said, "There are a lot of descendants of the son of heaven in the nine-star civilization. It's very inconvenient for them to gather."

Su Yu suddenly understood.

In the nine-star civilization, there were not only a lot of ordinary creatures, but also a lot of chaotic creatures, which were the descendants of the son of heaven.

The chaotic creatures were naturally wary of ordinary creatures. They were afraid that some of them had evil intentions and would do harm to the sacred mountain.

"I see." Su Yu was indifferent to this and prepared to continue searching for the fake document.

However, at this moment, several youths from the nine-star civilization controlled their Dao artifacts to fly past them.

"Sigh, it's already too late for us to receive the News Now, isn't it?"

"I'm afraid so! I thought it would be an ordinary gathering, but who would have thought that the goddess race's fairy would also come!"

"I'm afraid the gathering place is already packed!"

"Damn it! The organizers kept the news so secret that they only informed when the banquet was about to begin!"

"HMPH! Aren't they just trying to create conditions for some juniors in their race to get close to the water first?"

"Shameless people. Don't you see what kind of people the Juniors in your race are? Are they worthy of the fairy's favor?"

Listening to their conversation, Su Yu could no longer remain calm.

The Fairy of the Goddess clan?

Was It Xia Jingyu?

Was It really her?

Her heart was in turmoil and could not calm down for a long time.

"Ruyu, what are you waiting for? Let's Go!"Wen Cheng urged.

Su Yu came back to his senses and pulled her to follow the young men. "Let's go. Let's go to another place first."

He felt a rare sense of urgency.

He wanted to see Xia Jingyu again. He wanted to see if she was the same as she was back then?

He did not know if Xia Jingyu still remembered him or Su Yu from the Divine Moon Island.

For a moment, he felt uneasy and complicated.

He wanted to see Xia Jingyu, but he was also afraid that after so many years of reunion, they would be different people.

Chapter 2894 The Arrival Of The Powerful

With mixed feelings, Su Yu followed the group of young men to the most prosperous peak of the heavenly star.

It was a star observation platform.

At the peak of the civilization, the star observation platform was a sacred place that only the chaotic creatures could visit.

From there, one could look up at the universe and see the Saints of Heaven and earth.

Now that the civilization was abandoned, only the ordinary creatures could enter.

And today, the Heavenly Star Summit was occupied by three aristocratic families from the nine-star civilization and used to host a grand gathering.

There weren't ten grand gatherings at the Heavenly Star Summit in a year, but there should be seven or eight.

But none of them could be as grand as today.

It attracted 20% of the aristocratic families from the entire nine-star civilization to participate, and most of them were from the younger generation.

And the reason was that this grand meeting had unexpectedly invited the goddess race's Fairy Jing Yu!

As the number one beauty of the nine-star civilization, she lived in seclusion and rarely showed her face in public.

But every time she showed her face, she always displayed a world-shaking beauty.

She left an indelible impression on people in the world.

Just like the city lord of Wen Yuan, they had met once twenty years ago, and it was still fresh in his memory.

"Ruyu, do you want to see Fairy Jingyu?"Wen Cheng asked quietly.

On the way here, she had already understood the significance of the Heavenly Star Summit.

"Yes!" Su Yu did not deny it.

Wen Cheng curled his lips. "Playboy! I gave it to you to rub, but you still want to see Fairy Jingyu. Is she very big?"

Su Yu thought for a moment and said, "It's about the same as mine."

The body of the Prince of mirrors and Xia Jingyu's should be exactly the same.

"Ah! This isn't fair!" Wen Cheng grumbled.

Su Yu turned a deaf ear to him, but his eyes were fixed on the top of the heavenly star.

At this moment, he was still at the foot of the mountain. The surroundings of the foot of the mountain were all set up with restrictions, making it impossible for people to fly. They could only rely on their feet to climb up.

At the foot of the mountain, there was another checkpoint. Only those who had the invitation letter in their hands could enter smoothly.

The invitation letter was not a difficult thing for Su Yu.

With just a thought, he could create a short invitation letter, which was enough to cheat his way through.

He was now waiting in line silently with Wen Cheng.

Seeing that they were about to arrive, suddenly, a loud laughter came from beyond the sky, "Where Fairy Jing Yu is, how can I, Gui Yuan Qing, be absent?"

A fireball flew down from beyond the sky and smashed into the foot of the Heavenly Star Peak, creating a huge pit.

A young man with fiery red hair and a rough face walked out.

His body was burning with flames, and even his eyes were formed from flames.

"Young Master of the Divine Fire clan, Gui Yuanqing!"

"It's not surprising at all. As Fairy Jing Yu's most loyal pursuer, Gui Yuanqing's footsteps will arrive wherever she appears."

Carrying a large knife on his shoulder, Gui Yuanqing laughed heartily as he walked to the checkpoint.

He did not queue up and directly kicked the person in front of him away. "Are you blind? I, Gui Yuanqing, have come, and you still don't know how to Make Way?"

The person who checked the invitation card at the checkpoint smiled and said, "Young Master Gui, Please Show me the invitation card."

Unexpectedly, Gui Yuanqing slapped him across the face. "Are you blind? Asking Me for an invitation card? Ask someone else, have I, Gui Yuanqing, used an invitation card anywhere?"

Not only could that person not get angry, he even had to smile. "Yes, yes, yes, I was blind. Young Master Gui, this way please!"

Gui Yuanqing had always been so unbridled. It was unknown how many people hated him.

However, not only was the other party powerful, his background was also frighteningly powerful.

The Divine Fire clan was one of the big families in the nine-star civilization. Ordinary people simply could not afford to offend them.

However, Gui Yuanqing did not leave. Instead, he raised his giant saber and pointed it at the people who were still in line. he shouted rudely, "And all of you, disperse immediately!"

"Why don't you piss your pants and look at yourself in the mirror? With your stinky behavior, do you still want to see Fairy Jing Yu?"

After a moment of hesitation, the people in line immediately dispersed.

No one wanted to confront Gui Yuanqing head-on.

Only Su Yu did not have the intention to disperse. Instead, he took a few steps forward while the people in front of him were leaving.

"Huh?" GUI yuanqing frowned and snorted, "How can you not be afraid of Death?"

However, just as he was about to make a move, a warm and gentle voice sounded from beyond the sky, "Can I do it?"

However, a white cloud fell from the sky.

Three people jumped down from above.

In the middle was a handsome man with a jade-like face. He held a fan in his left hand and his right hand was behind his back, looking very handsome.

Behind him were two maidservants who were as beautiful as immortals. One of them held an umbrella while the other held a seven-stringed zither.

Upon seeing him, gui yuanqing frowned, "The heavenly wood tribe, Lin Yifang?"

Lin Yifang smiled gently and said, "Young Master Gui, you will scare Fairy Jing Yu away."

"Hahaha..."gui yuanqing laughed, "I am more straightforward than you who is full of Evil!"

As he said that, he picked up the huge saber and ascended to the top of the heavenly star.

Lin Yifang smiled and slowly got on with the two maids.

The people at the checkpoint learned their lesson and did not ask for an invitation letter.

Su Yu sighed with emotion. The two people just now were very powerful. If they didn't have fairy Jing Yu's body, it would be very difficult to defeat them with their original selves.

And the two of them were only two of Xia Jingyu's many suitors.

Perhaps there were even more outstanding existences who pursued her all the time.

After so many years of not seeing each other, her status was indeed overturned.

"Next!"The checkpoint staff shouted.

Su Yu came back to his senses and immediately went forward. He easily entered through the invitation letter that he had copied.

As soon as he reached the stairway to the top of the heavenly star, he heard exclamations coming from behind him.

"Even the Feng Ancient Zen of the Feng Clan has come!"

Su Yu turned his head and immediately recognized him. wasn't he a member of the Feng clan who had killed his companions from the ancient tomb in the Haotian civilization?

How could he have the time to attend the grand meeting? wasn't he afraid that the ancient tomb branch would find trouble with him?

"Although the strength of the ancient Wind Zen is weaker than the first two, his background is stronger. He is also a strong competitor for Fairy Jingyu."

The ancient Wind Zen smiled and walked up the stairs quickly.

When he passed by Su Yu, he paused his steps as if he had sensed something. There was a hint of confusion on his face.

He felt that Su Yu's aura was somewhat familiar, but he could not recall it.

After all, he had only met Su Yu briefly in the past six months and had never fought with him before.

Therefore, he did not care and climbed to the top of the Heavenly Star Peak alone.

When Su Yu and Wen Cheng arrived, the top of the Heavenly Star Peak was already packed with people. There were young people everywhere who were looking forward to it.

Su Yu was also waiting patiently in a corner.

He was very excited. He had not seen Xia Jingyu for a hundred years. Should he reveal his identity now that they were reunited?

He heard that Xia Jingyu was controlled by the Goddess tribe. Should he take her away now?

A series of questions flashed through his mind. His eyes were also looking for Xia Jingyu everywhere.

Unfortunately, he could not find her at all!

Suddenly, a cry of surprise came from the crowd. "Look, it's fairy Jingyu's Ride!"

In the sky, a crystal-colored snow sedan came from the sky.

Chapter 2895 Under The Pear Blossom Tree

The snow sedan was surrounded by scattered pear blossoms. It was elegant and picturesque.

From Afar, it looked like a woman was dancing under the pear blossom tree.

Su Yu's eyes were filled with intense emotions. Under the PEAR Blossom Tree was the beginning of his fate with Xia Jingyu..

She still remembered Su Yu from the Divine Moon Island.

The young elites on the peak of heavenly star let out intense excited cries. The chosen ones, led by Gui Yuanqing, Lin Yi, and the others, even flew up into the air and took the initiative to welcome them.

The three elders of the organizer also took the initiative to stand up and welcome them. "Fairy Jingyu, you have graced us with your presence. The summit of Heavenly Star has graced us with your presence!"

For a moment, the snow sedan became the focus of everyone's attention. Everyone stared at the snow sedan without blinking.

They were afraid of missing the beautiful moment when Fairy Jing Yu came out.

"You're too kind. I just happened to meet you."The strange thing was that Fairy Jing Yu had no intention of leaving the snow sedan.

The Crystal Snow sedan made a slight turn and landed on a corner of the Heavenly Star Summit. "I feel unwell and it's not convenient for me to come out to meet everyone. Please forgive me."

For a moment, the crowd sighed incessantly.

They had come here this time to witness fairy Jing Yu's beautiful appearance!

Gui Yuanqing said casually, "Fairy Jing Yu, let everyone see her beautiful appearance!"

The Snow sedan was completely silent, completely ignoring Gui Yuanqing.

If it was anyone else who ignored him, Gui Yuanqing would have long slashed at them. However, Fairy Jing Yu made Gui Yuanqing laugh embarrassedly and did not dare to flare up.

On the other hand, Lin Yifang said like a spring breeze, "Fairy Jing Yu, I heard that you are best at creating artistic concepts. Why Don't you let everyone experience it?"

Only then did a light reply come from the snow sedan, "It's just a small skill of mine. I won't embarrass myself. Everyone, please do what you need to do."

She did not want to participate in any gathering in the first place. She was forced to come, so she had no interest in participating.

Lin Yifang was also helpless after being rejected by the door.

This fairy Jingyu had no desires or desires. There was nothing in the world that could move her. No matter how precious the gift was, she would never be moved.

It was as difficult as ascending to the heavens to win her heart!

At this moment, a young man with long white hair dressed in a red robe walked forward with a smile. "Fairy Jingyu, I have prepared a welcome gift for you. I hope you will like it!"

Gui Yuanqing and Lin Yi looked at him with disdain.

The former sneered. "Fairy Jingyu has seen all kinds of good things. Why would she need a gift from you?"

"Hehe, wind ancient Zen, don't you know that Fairy Jingyu hates giving gifts the most?" Lin Yi scoffed.

Fairy Jingyu had never received any gifts from anyone. Instead, she became colder and colder as she distanced herself from them.

The wind ancient Zen did not want to learn a lesson!

However, the wind ancient Zen did not care at all. He smiled and said, "That's because the gifts you gave have never reached Fairy Jing Yu's heart."

The wind ancient Zen twisted his palms, and a ball of snow-white powder appeared in his palms. Then, he blew it into the air.

The white powder scattered all over the sky. When it met the wind, it actually turned into white pear blossoms that filled the sky. They fell one after another in a beautiful and magnificent manner.

At first glance, the sky looked as if it was snowing heavily.

However, in the eyes of everyone, this was an ordinary little illusion spell. There was nothing strange about it at all.

Even the weakest among them could create a similar pear blossom scene.

Lin Yi could not help but laugh. "This welcome GIFT OF YOURS IS REALLY SINCERE!"

Gui Yuanqing snorted. "It's better not to send it. Fairy Jingyu thought that we were playing with her!"

Everyone was disappointed as well. When they saw how confident the ancient Zen Master Feng was, they thought that he would be able to give them something extremely rare.

In the end, it turned out to be a simple illusion.

What a disappointment!

However, the snow sedan creaked and the front of the sedan actually tilted downwards. A lady with a graceful figure, draped in a silver shawl, and a peerless appearance walked out gently.

Her facial features were so delicate that they looked like they were carved out of thin air. She was so beautiful that she didn't seem to belong to any living creature!

After her appearance, the abandoned civilization, which was originally gray, actually brightened up a bit.

The beauty that didn't belong to the human world was like the moonlight, shining on everyone's heart.

Even women were shocked by the beauty.

"So Beautiful..." Wen Cheng was stunned. "There is such a beautiful woman in the world?"

After a while, she suddenly came back to her senses. "Wait, isn't this you?"

Su Yu's appearance was exactly the same as this woman's!

However, Xia Jingyu had a vague and graceful temperament, which added to her beauty and made her look different from the others.

Then, she looked at Su Yu. He stood there and gazed at the woman with deep feelings and confusion.

"Xia Jingyu, long time no see," Su Yu murmured softly. The reflection in his eyes was the beautiful figure of the woman in the snow palanquin.

Xia Jingyu walked down from the snow palanquin. She kept looking up at the sky, gazing at the falling pear blossoms.

The illusory pear blossoms fell on her beautiful face, turning into specks of fluorescent light and dispersing.

Only a trace of loneliness and disappointment remained in her beautiful face.

Gui Yuanqing, Lin Yi, and the others could not believe that Fairy Jing Yu was actually convinced by a small pear blossom illusion!

It shouldn't be!

Fairy Jing Yu was the most honorable young chief of the Goddess clan. She had seen all kinds of good things in the world, so how could she be moved by a small pear blossom?

Feng Guchan smiled slightly. If he knew, of course someone must have told on him.

With a warm smile on his face, Feng Guchan stepped forward and asked, "Fairy Jingyu, do you like it?"

Xia Jingyu looked over and saw a white-haired man standing among the pear blossoms, smiling at her.

For a moment, Xia Jingyu felt that she was looking at Su Yu.

Her eyes were filled with disappointment.

It had been half a year since Su Yu came to the nine-star civilization.

Where was he now? was he safe and sound? Did He... still remember her?

The Ancient Wind Zen was looked at by Xia Jingyu for a long time. His mood surged, and he thought that he had moved her. He said, "Fairy Jingyu, I am the Ancient Wind Zen. A small welcome gift. I hope you like it..."

However, before he finished his words, Xia Jingyu retracted her gaze and walked back to the snow sedan. She said indifferently, "I like the gift, but please don't pry into my privacy anymore. That would be very annoying."

For some reason, Xia Jingyu's expression was very cold. It was the first time she had said the word "Annoying" to someone as calm as water.

Her sudden words stunned Feng Guchan and all the young elites present.

The unworldly Fairy Jingyu was... angry?

Only some close clansmen of the Goddess clan knew that she liked pear blossoms.

Without a doubt, it was her clansmen who betrayed her information.

She had encountered similar situations many times, but she had never been angry about it. She could control herself, but she couldn't control her clansmen.

But this was the only thing that she couldn't tolerate.

Because that bouquet of pear blossoms was the most beautiful thing in her heart that couldn't be ruined!

Just as she bent down and was about to enter the snow sedan.

A bunch of pear blossoms suddenly brushed past her shoulder!

Xia Jingyu frowned slightly and said, "Do you want me to repeat it again?"

However, more and more pear blossoms appeared.

With a cold expression, Xia Jingyu turned around and glared at Feng Guchan.

However, Feng Guchan quickly waved his hand and said, "It wasn't me!"

If it wasn't him, then who was it?

Chapter 2896 Was Far Away In The Horizon

Just as Xia Jingyu was puzzled, the pear blossom illusion in front of her changed again.

Pieces of snow-white pear blossoms fell on the ground, took root and sprouted, growing into pear blossom trees.

The pear blossoms in full bloom were like pure white snow, covering the top of the trees, looking as beautiful as a painting.

Xia Jingyu's beautiful eyes widened bit by bit, reflecting the scenes that appeared countless times in her dream.

It was too similar!

It was exactly the same!

Then, near the pear blossom tree, a courtyard wall materialized.

The exquisite green stone bricks were carved into an ordinary high wall, surrounding the long pear blossoms and surrounding them.

Many of the spectators could not understand why the illusionist, who knew that Xia Jingyu liked pear blossoms, covered them all up.

The illusionist was still changing.

The clear sky suddenly darkened, revealing a bright and bright night sky.

In the night sky, the stars were bright and the White Moon was bright.

Wisps of hazy moonlight fell from the sky and poured into the pear garden.

It added a bit of coldness and loneliness to the pear garden.

In the eyes of ordinary people, this scene looked ordinary and was the most ordinary scenery in the world.

However, in Xia Jingyu's eyes, it had the heavy significance of Mount Tai.

Tears flashed in her eyes, and the emotions that had been settled in her heart for a hundred years surged like waves.

Her eyes were filled with anticipation as she stared unblinkingly at the pear blossom tree!

Suddenly.

Two blurry figures appeared under the pear blossom tree. Their figures were hazy, and their faces could not be seen clearly. One could only vaguely make out that they were a man and a woman.

They seemed to be showcasing their artistic conception together under the pear blossom tree, but at the same time, they seemed to be dancing together.

However, outsiders could not understand what the two of them were doing.

What was the meaning of such an illusion.

However, what caused the entire place to be completely silent was that the quiet rain fairy in their hearts, who was unworldly, had tears streaming down her face at this moment.

Clear lead tears continued to fall down her beautiful cheeks.

Her expression seemed to be smiling, but it also seemed to be sad.

In the midst of her tears, she suddenly raised her right finger and gently moved it in the sky of the illusion.

Those with discerning eyes were shocked to realize that the trajectory of the woman's finger in the illusion seemed to be exactly the same as that of Xia Jingyu's..

"It's the concept! It's the concept that Fairy Jingyu is best at creating," someone exclaimed.

Concept was a low-level martial artist's secret technique. By communicating with the heaven and earth, it created some mysterious 'feelings'.

Those feelings could guide people to see illusory things.

Legend had it that Fairy Jing Yu was good at creating concept. She could often make those cold-hearted old monsters find resonance.

However, Fairy Jing Yu rarely used it. Even occasionally, it was the patriarch's request.

But now, she had taken the initiative to use her artistic conception.

That had already outlined an old man standing at the peak of Heaven and earth, facing a certain kind of strong-willed destruction with ease.

Artistic conception, to be honest, was very ordinary.

But it gave them a sense of déjà vu.

To be able to come to this day, who hadn't experienced desperate situations?

The artistic conception that Xia Jingyu outlined was a certain piece of their past.

But to Xia Jingyu, it was not a certain part, but the moment when her life began to brighten.

The illusion gradually dimmed, and then completely disappeared.

"Wait a little longer!" Xia Jingyu called out softly, wanting to extend her hand to stop her, but the environment still gradually disappeared, and finally returned to the Heavenly Star Peak in reality.

Xia Jingyu's beautiful eyes looked around, her eyes filled with anticipation. "Is it you? Is It You?"

She asked twice in a row, but no one responded.

The person who created the illusion had already left silently.

Su Yu pulled Wen Cheng and silently walked to the foot of the mountain.

"Ruyu, why are you leaving?" Wen Cheng asked. "You created the illusion, and Fairy Jingyu wanted to see you. Why are you leaving?"

She didn't understand. It was Su Yu who wanted to see Fairy Jingyu.

Now she could see that it was still Su Yu who wanted to leave.

What was he thinking?

Wen Cheng could only see Su Yu's back, but he couldn't see the complicated feelings in his heart.

He was very pleased that Xia Jingyu was still the original Xia Jingyu.

Time and space had changed, but none of it had changed Xia Jingyu's original intention.

She still remembered the pear blossom tree, Su Yu, and he was still in her heart.

The bitter thing was that he could not recognize Xia Jingyu.

Firstly, his body had changed. He could not convince himself to use a female body to meet the most apologetic and touched woman in his heart.

Secondly, even if they met, he could not take Xia Jingyu away.

During the short observation just now, he had used his identity as the Prince of mirrors to detect several mysterious auras nearby, bouncing back and forth among the crowd.

Those people had auras similar to Xia Jingyu's. If nothing went wrong, they should be from the goddess race.

Moreover, their cultivation bases were extremely terrifying. It was very likely that they had reached the late-stage of the Heavenly Dao master realm.

They should be looking for someone.

Especially after the pear blossom scene he created appeared, those people's actions clearly sped up.

Therefore, Su Yu could conclude that Xia Jingyu's sudden appearance this time was probably a ploy by the goddess race to lure Su Yu out.

"Let's go. We've seen everything we need to see," Su Yu muttered. "But, it's not time for us to meet again."

When his body recovered and he established a force that could rival the goddess race, he would openly go to the goddess race and take Xia Jingyu away.

Instead of taking her with him and running for his life..

Wen Cheng tilted his head in confusion. He could only follow Su Yu and leave the Heavenly Star Peak.

However, they had just reached the foot of the mountain.

A soft voice called out from behind, "Brother Su Yu, is that you?"

On the stairs, a thread of fate lingered between Xia Jingyu's hands. On the other end of the thread was Su Yu.

Su Yu sighed in his heart. He had almost forgotten that Xia Jingyu was best at the Dao of Fate?

It was not difficult for her to find the person who cast the illusion from thousands of people.

Su Yu turned around and said softly, "I'm sorry, you've got the wrong person."

Hearing the woman's voice from the black-robed man, the anticipation on Xia Jingyu's face was broken bit by bit.

So it was not Su Yu!

However, she was not reconciled and asked again, "May I ask, what is the matter with your illusion?"

Su Yu suppressed the complicated feelings in his heart and tried hard to maintain a calm tone. He said, "I once saw a person casting this illusion somewhere. At that time, I remembered that I saw someone casting the pear blossom illusion today, so I casually cast it."

"What? Did you misunderstand me?"

Xia Jingyu's eyes lit up with excitement and joy again. "What did the person you mentioned look like?"

Su Yu was silent for a long time. He said, "I can't remember clearly."

However, Xia Jingyu took a step forward and copied Su Yu's face in the air.

That face still had some of the childish look of a teenager. It had long silver hair and a thin body.

His expression was indifferent and firm, like a man in a painting.

Wen Chengdu couldn't help but be moved. "Who is this? He's so handsome!"

Xia Jingyu said with a hopeful look, "Is it him?"

Chapter 2897 The Decree Of The Sacred Mountain

Su Yu's heart trembled. It had been two hundred years, and he had forgotten how he looked like back then.

But Xia Jingyu remembered clearly..

He looked away and nodded. "Yes!"

"How... How is he?" Xia Jingyu's eyes were filled with tears again.

Su Yu said, "I don't understand. What do you mean by 'good'? If you mean his body, he is living very well."

"I'm sorry, I was incoherent." Xia Jingyu quickly said, "May I ask where he is now?"

Su Yu asked meaningfully, "Do you really want to know?"

Xia Jingyu was startled awake just now and immediately said, "I'm sorry, I shouldn't have asked."

The rest of her gaze swept to her side. It was obvious that she had noticed that her clansmen were nearby.

"If there's nothing else, then, I'll be leaving first." Su Yu was worried that if he continued to speak, he would not be able to help himself from wiping her tear-stained face.

He had betrayed Xia Jingyu too much in his life.

He could no longer watch her continue to cry.

"Thank you." Xia Jingyu smiled. "Thank you for bringing me the best memories and the best news!"

She did not want to know where Su Yu was. As long as she knew that he was still alive and that he still remembered that pear blossom and that Xia Jingyu, she would be satisfied.

She did not dare to ask for more!

"Goodbye." Su Yu turned around resolutely and pulled Wen Cheng away.

Only Xia Jingyu, who watched them leave, watched them leave slowly.

Before Su Yu disappeared, she looked back at her and thought to herself, "The day we meet again is not far away!"

Xia Jingyu stood where she was, lost in her thoughts for a long time. Finally, she smiled and returned to the snow sedan. Then, she left.

Not long after she left, a few members of the Goddess tribe appeared in the dark.

Each of them had white hair, and their bodies hid an astonishing cultivation base.

One of them had even reached the late-stage of the Heavenly Dao master realm.

Although he had just reached the late-stage of the Heavenly Dao master realm, he was still extremely terrifying. With a single move, he could destroy the world.

After the four of them appeared, they looked at each other and shook their heads slightly.

"It seems that our clansmen have miscalculated. That human didn't come." An old woman shook her head and said.

"It shouldn't be. The clan leader is able to see into the future. Since she predicted that the obsession in Xia Jingyu's heart would appear at the Heavenly Star Pinnacle, she will definitely come."

"But we have already grasped this person's aura. If she comes, she won't be able to escape our senses."

Although their cultivation was powerful, and the clan leader of the Goddess clan could be considered as heaven and earth.

But what she didn't expect was that Su Yu's body had been transformed into the body of the son of heaven by the Mirror Flower Emperor.

Since his body had changed, his aura naturally changed.

It would be a miracle if they could find him.

"The only suspicious one is that black-robed man!"

"Don't worry, Boss has already caught up with him in secret. If it's really Su Yu, he won't be able to escape."

Xia Jingyu had returned to the goddess race for many years, but she still couldn't forget Su Yu.

His existence had seriously hindered the various plans of the goddess race, so she had been thinking of ways to get rid of Su Yu.

During this period, she had tried many times to use the method of the heavenly tribulation to kill Su Yu.

They even used the tribulation slaves!

However, they all failed!

There was a strong isolation between the eight-star civilization and the nine-star civilization, so the moves the goddess race could use were limited.

Helplessly, the goddess race could only give up.

Not long ago, the tribe leader of the goddess race suddenly calculated that when Su Yu came to the nine-star civilization, she had a plan and used Xia Jingyu to lure Su Yu out.

The results showed that it was undoubtedly a success!

It was just that they did not grasp the opportunity.

Speaking of which, Su Yu brought Wen Cheng and left this area.

They were prepared to head to the black market elsewhere to get two documents.

Documents were different from invitation letters.

The invitation letters here only needed to be shown once.

However, documents needed to be used for a long period of time and could not be maintained for long with a single thought.

Therefore, they had to find the black market to forge them.

There were many black markets here and it was easy for them to find a city where the black market was flourishing.

After landing on the outskirts of the city, Su Yu and Wen Cheng walked towards the city gate.

When they passed by a huge bluestone, a hoarse voice came from it, "Miss, please wait. I have a question and I want to ask you."

Su Yu turned his head to look and his pupils contracted slightly.

With the powerful senses of the mirror flower emperor's body, he actually did not notice that someone was getting close to him!

This person was so powerful that even the mirror flower emperor's body might not be able to deal with him.

"Speak!" Su Yu was still very calm.

On the bluestone was an 80-year-old woman. Her body was old, but her face was exceptionally young, like a 10-year-old doll.

She smiled innocently and cute, but her eyes could not hide the incomparable vicissitudes of life.

"You are Su Yu, right?" The old woman said lightly.

Su Yu had experienced countless storms and waves, and he had long been trained to remain calm in the face of danger. His emotions did not fluctuate at all. "How do you know?"

"Intuition." The old woman walked down from the green stone. She did not even get an inch closer, but Su Yu already felt a tremendous pressure.

"As the saying goes, what you hear is false, and what you see is true." The old woman said, "I want to know, who is underneath this black robe of yours?"

Her body suddenly emitted a powerful aura.

Under the vibration, Su Yu's black robe was lifted. Not only did she reveal her female body, but she also revealed the true face of the flower in the mirror!

The old woman was already prepared. Once she confirmed that the black-robed man was Su Yu, she would definitely unleash her fury and eliminate him on the spot, eliminating any future trouble.

However, what entered her eyes was not a man, but a real woman.

And it was not an ordinary woman!

It was a woman who looked exactly like Xia Jingyu.

What was more unfortunate was that the old woman could still recognize her!

Her old body trembled and she cried out in shock, "Mirror... Mirror Flower Emperor! !"

Plop --

In fear, she hurriedly knelt down and begged for mercy, "The old woman failed to recognize Mount Tai. She offended the emperor. Please punish her!"

After a pause, she added, "Everything is my fault. It has nothing to do with the goddess race. Please Be Merciful, son of heaven. Don't make things difficult for the goddess race!"

Oh?

The identity of the mirror flower son of heaven was so intimidating.

Just by showing his face, he could scare people half to death.

But thinking about it, it made sense. The older the creature was, the more they feared the majesty of the son of Heaven.

Su Yu rolled his eyes and closed his black robe again. He said indifferently, "The goddess race has always been very bold."

The old woman trembled and said, "Emperor, please show mercy! The goddess race has always been cautious and would not dare to go against the Sacred Mountain's Edict!"

"Is that so? Then is it the Sacred Mountain's edict that you are constantly looking for a spouse for my vessel?" Su Yu said coldly.

The old woman was stunned and said, "This... This is the sacred mountain's edict!"

What?

Xia Jingyu's marriage contract was controlled by the Sacred Mountain?

"The carefree emperor once said that the stone statue body in Xia Jingyu's body is the most special. It can only be completed through a ceremony between certain spouses."

"So, we must find a suitable partner as soon as possible!"

The old woman was suspicious. "Did the carefree emperor not discuss it with you?"

Su Yu secretly clenched his fists.

The carefree emperor again!

Even the fate of Xia Jingyu, he had to control in his hands!

Chapter 2898 There Was A Trap

The old woman stared at Su Yu and couldn't help but suspect his identity.

Even though the mirror flower emperor hadn't revived yet, the sacred mountain should have a way to communicate with his consciousness.

Otherwise, how would the sacred mountain know that the body of the mirror flower emperor was sealed in four containers?

Su Yu calmed himself down and said calmly, "Of course we discussed it, but I rejected it!"

"Even if it's a container, it's still my sacred body. How can ordinary creatures be qualified to be paired with my container?"

Such an explanation made sense.

Indeed, even the goddess race found it unbelievable.

Why did the carefree Emperor Betroth Xia Jingyu to a mortal?

Shouldn't he be looking for the chaos residents?

"I didn't expect that the carefree emperor would dare to disobey my wishes and secretly plot against my container!" Su Yu snorted.

The old woman did not say anything. She did not suspect that there were internal conflicts between the emperor.

Where there were people, there would be jianghu. The son of Heaven of the sacred mountain was no exception.

Su Yu looked at the old woman and said, "Let me ask you, are you on my side, or are you going to continue helping the carefree emperor?"

The old woman did not dare to hesitate and immediately said, "I am willing to follow the lead of the Mirror Flower Emperor!"

Although the mirror flower emperor was still in the process of reviving, the carefree emperor was still in a complete body.

However, carefree son of heaven was only commanding the Goddess tribe from some other forces.

In his eyes, the Goddess tribe wasn't even a servant. They were the servants of a servant.

How could they listen to mirror flower son of Heaven Like This?

Moreover, after mirror flower son of heaven recovered, their goddess tribe would benefit greatly from the dragon's work.

"Okay!" Su Yu said, "From today onwards, you are not allowed to find a spouse for my vessel. I will decide this myself!"

"I will abide by the divine decree of the son of the Illustrious Mirror!"

"Mm, go! I still have some secret matters to settle."

The old woman was very tactful and did not dare to ask any further. She immediately took her leave.

When she was completely far away, Su Yu heaved a long sigh of relief. What a close call.

If his willpower was a little weaker, he would definitely be discovered by this old monster. By then, it would really be troublesome.

He looked at Wen Cheng next to him, and his back was already wet.

"Ruyu, you... you are the son of the illusionary flower?" Wen Cheng turned his head with difficulty and stared at Su Yu's face in fear.

Who hadn't heard of the name of the son of the illusionary flower in the nine-star civilization world?

He was an existence that had been heard of since he was young -- a supreme son of the illusionary flower who could suppress the greater world!

Su Yu put on his black robe again and asked calmly, "What do you think?"

Not everyone in the nine-star civilization knew the mirror flower emperor.

On the contrary, the eight-star civilization in the past would be threatened by the sacred mountain every era. Instead, they would have a deeper understanding of the appearance of the Emperor of the sacred mountain.

Wen Cheng was shivering all over. He let go of Su Yu's arm and kept stepping back.

It was said that the mirror flower emperor was the most ruthless one among the ten emperors.

She cultivated the heartless path!

There was no friendship in her heart, nor did she have any feelings for anything in the world. All she had was killing.

The number of mighty figures in the world who died at her hands was much more than the other emperors combined!

Su Yu sighed silently. "If I were the mirror flower emperor, do you think you would be able to live until now?"

Huh?

Wen Cheng realized that Su Yu's actions had nothing to do with a playboy.

"Then you just..."

Su Yu flicked her forehead. "Stupid! There's a word in this world, it's called a lie!"

Wen Cheng rubbed his head and said, "Then, why did she call you Su Yu? Isn't that a man's name?"

Ugh --

Su Yu coughed dryly. "This... Su Yu, it can be a man's name or a woman's name!"

"Let's go. Why are you paying attention to these trivial things?" Su Yu urged.

The two entered the city and came to a very secret black market.

One of them specialized in making fake documents.

They barely lifted the curtain and a tall man in a black robe walked out, knocking Wen Cheng on the spot.

The latter didn't even apologize and left.

"Hey!" Wen Cheng said angrily, "You have no manners at all!"

Su Yu was helpless. All the people who came to the black market had something to do in the dark?

How could they be polite?

They couldn't wait to finish the matter and leave as soon as possible so that their identities wouldn't be exposed or they would be discovered by the people in the black market.

"Humph!" Wen Cheng stomped his feet, but there was something strange under his feet.

He looked down and couldn't help but be surprised. "What is this?"

She picked it up from the ground and found that it was a gold badge that looked like a snake.

"It should be some kind of identity symbol," Su Yu said indifferently.

Wen Cheng thought about it and casually threw it away, then entered the black market with Su Yu.

As long as one had money and power, everything went smoothly in the black market.

They were no exception. After paying a large sum of money, they got the fake document very smoothly.

They were cousins!

"Cousin Ruyu," Wen Cheng said with a smile. He was very happy with this fake identity.

Su Yu didn't say a word. He couldn't answer..

One month later.

The nine-star civilization that seemed so close to them finally arrived after spending an extra month.

Outside the nine-star civilization, there was a layer of swirling chaotic airflow.

He checked and found that these chaotic airflow was extremely dense and filled with deep danger.

If he went deeper, he would easily be assimilated by the chaotic airflow into airflow.

He put the mirror flower son of Heaven's finger into the chaotic airflow. He was fine for a while, but after ten breaths, he actually began to feel a stabbing pain!

Even the son of Sage Mountain was not immune to the chaotic airflow.

One could imagine how terrifying it was!

"With this defense, the nine-star civilization is not afraid of any threats from the outside world," Su Yu evaluated.

If the eight-star civilization had a similar chaotic airflow, it would be useless even if the attack of the Sage Mountain was twice as strong.

They came to the entrance.

Su Yu and Wen Cheng lined up silently, waiting for the test.

The method of testing was to hold the document and walk through a thirty-meter-long passage.

In that passage, there were many giant pythons that were filled with a chaotic aura. Their eyes were lime-gray and emitted rays of gray light, sweeping over the document in the hands of the passers-by.

If it was true, the giant pythons would move their heads away and glance at the others.

If they found a fake..

"Ruyu, look at that man." Suddenly, Wen Cheng pointed at a refined middle-aged man in the queue.

Su Yu looked at him and found nothing special. "Do you know him?"

"Yes, the guest who came to visit our broken civilization is also a vagabond."

In other words, the document on his body was also fake!

Now, it was the middle-aged man's turn.

He skillfully took out the document and walked into the passage with a smile on his face.

It was obvious that he was very familiar with using the fake document to get in and out of the passage. There was no flaw at all.

However, at this moment, a Golden Python appeared out of nowhere among the group of giant pythons.

Su Yu only took a glance at it and found it familiar. He quickly remembered that it was the man from the black market who bumped into Wen Cheng and fell to the ground?

His eyes slowly narrowed. In a split second, he vaguely guessed something and immediately pulled Wen Cheng out of the team quietly. He said in a low voice, "There's a trap. Let's Retreat First!"

Chapter 2899 Taking Advantage Of The Situation

What was a trap?

With a confused expression, Wen Cheng stumbled out of the group and slowly walked out.

She lowered her voice and asked, "Ruyu, what happened?"

"Shh!" Su Yu made a shushing gesture and pulled her along as if nothing had happened.

At this moment, something strange happened in the detection tunnel!

The middle-aged guest experienced the detection of all the Python's heads with ease. Just as he was about to leave the tunnel, the light shot out by the golden python shone on the middle-aged man's document.

The document actually burned on the spot!

Historically, only fake documents would burn during the detection process.

"Fake document, kill on the spot!" A cold voice came from the tunnel.

The light from the Golden Python's eyes immediately shot towards the middle-aged man. The middle-aged man turned pale with fright. As he retreated frantically, he shouted loudly, "I'm real! I'm Real!"

However, the Golden Python did not stop. The light shot behind him and actually petrified the middle-aged man into a statue on the spot.

His cultivation was already at the peak of the Earth master level, but he was still no match for the destruction of the light.

At the same time, a stern shout came from the detection tunnel, "Surround the entire team!"

Shua Shua Shua Shua --

Many of the creatures that seemed to be in line suddenly tore off their disguises, revealing tall and slender true bodies dressed in white soft armor.

They all had a sacred mountain mark on their chests, and their bodies were emitting a strong aura of chaos.

The most unique thing was that their bodies were all stone statues!

Chaos Creatures!

The nine-star civilization was under the rule of the chaos creatures, and they were also in charge of such an important place to test the passage.

"It's the law enforcement team of the Chaos Creatures!" Some people exclaimed.

These people had been hiding in the dark all year round, and they would only show up when there was an emergency. Now, they were actually lying in ambush near the test passage.

The moment they appeared, they immediately surrounded all the people who were queuing up.

Some of the people who were carrying fake documents realized that something was wrong and ran away.

However, the moment they moved, they were killed by a petrified light shot out by the chaos residents without any explanation.

"Those who resist the law will be killed without mercy!" That cold and dignified voice appeared again.

Only then did those who felt guilty stop.

Following that, the law enforcement squad of the chaos creatures completely surrounded them and sent them into the passage one by one for inspection.

The golden giant Python's radiance shone upon the true document, but the document did not react at all.

But if it was a fake document, it would immediately burn.

Those who were queuing up were forcefully brought in by the chaos creatures, and no one was an exception.

Every few people, a fake document holder would be found and killed mercilessly on the spot.

The crowd could not help but change their expressions.

In the past, those pythons were unable to distinguish the authenticity of the document.

However, this golden python seemed to be different from the others. It already possessed the ability to distinguish.

Many people holding fake documents were caught off guard and were schemed against.

Now that they were surrounded, they went forward one by one to distinguish the authenticity.

They were burning with anxiety. In the distance, Wen Cheng was already far away, but his body was stiff. His eyes were filled with panic and traces of luck.

Hearing the screams behind his ears, Wen Cheng's legs kept shaking as he walked, and his voice was filled with unease. "Ruyu, how did you know that it was a trap?"

That middle-aged man was someone who had entered and left the nine-star civilization through fake documents all year round, but he didn't notice anything wrong at all.

On the contrary, Su Yu had sensed the location of the trap on his first visit and immediately retreated decisively.

"Didn't you notice that the Golden Snake badge we picked up in the black market is very similar to that Golden Python?" Su Yu said.

Wen Cheng nodded. "I saw it, but can you infer that it's a trap?"

Most people wouldn't think that way after seeing it, right?

"There's nothing wrong with being more careful," Su Yu muttered. "This is our first time in a nine-star civilization, so we should be even more careful."

Wen Cheng suddenly felt exceptionally at ease. He didn't have to worry about anything while following Su Yu. "Thanks to you!"

She felt much more relaxed, and her walk was incomparably smooth.

"Don't be careless, we haven't completely escaped danger," Su Yu said.

Wen Cheng didn't think much of it. "We've already come so far. It's impossible for them to capture us, right? There are at least 8,000 creatures like us."

There were many creatures coming and going around them. Most of them were watching the law enforcement squad of the primal chaos creatures.

Were they going to capture them all?

However, it seemed like they were responding to Wen Cheng. That dignified and indifferent voice exploded in their ears. "You two, Stop!"

Wen Cheng's body stiffened, and her mind went blank.

She turned her head with difficulty and looked behind her. She saw ten chaos creatures holding weapons and rushing toward them.

At the same time, a certain powerful gaze was staring at her.

The creatures around them immediately moved away, leaving a large blank space. They were afraid of being implicated by Su Yu and Wen Cheng.

Looking at the chaotic creatures that attacked them, they stammered, "I . . . What did we do wrong?"

That dignified and indifferent voice sounded again, "If we didn't do anything wrong, then why did you go to the black market to make fake documents?"

Swoosh --

A black-robed figure suddenly appeared above them. From his appearance, it was the person who bumped into Wen Cheng at the door of the fake documents.

Seeing him, Wen Cheng's face turned pale.

"Humph! You guys are quite alert. You immediately left the team when you sensed something was wrong." The black-robed man said coldly, "It's a pity that I remember you guys!"

Su Yu was wearing a black robe. It was difficult for him to confirm, but he had seen Wen Cheng's appearance once, so he naturally remembered it.

In addition, he had suddenly left just now, so it naturally attracted his attention.

Wen Cheng was at a loss for words. He looked at the law enforcement team of the chaotic creatures that were attacking him and actually didn't dare to move. He held a trace of hope in his heart that he could muddle through.

His mentality was actually the same as those creatures that were waiting to be sent to the detection tunnel to die.

He knew that it was impossible to pass the test, but he kept hinting that he could muddle through and still have hope until he was mercilessly killed.

However, Su Yu would not have such an ostrich mentality.

His eyes flashed, and he created a spatial vibration above the group of creatures that were surrounded!

At the same time, he instantly sent a group of Chaos Creatures' law enforcement team flying, creating a huge mess.

Those who held fake documents finally found an opportunity and immediately rushed out.

The moment they moved, the entire encirclement became completely chaotic.

The black-robed man looked and immediately flew over to suppress the scene. How could he care about Su Yu and Wen Cheng who escaped?

"Kill the two of them." He shouted without turning back and immediately rushed back.

Su Yu pulled Wen Cheng and immediately ran away.

The ten law enforcement squads of primal chaos creatures chased closely behind them, but how could their cultivation be on par with the illusionary prince?

Soon, they were completely shaken off!

However, while running, Wen Cheng suddenly realized something was wrong. "Ah! Ruyi, you... Why did you turn back?"

Su Yu said indifferently, "Isn't this the best time to enter a nine-star civilization?"

Chapter 2900 The Ninth Domain

If he did not take advantage of the current chaotic period to break in, he would have to wait until the chaos had completely calmed down before he could enter the civilization. The difficulty would increase by more than ten times!

Wen Cheng was simply frightened by Su Yu's courage!

Many law enforcement squads of chaos creatures had appeared, yet he still dared to barge in?

The chaos creatures probably did not expect that someone would dare to barge into a nine-star civilization at this time?

Therefore, it was not until Su Yu barged into the detection tunnel that some creatures of chaos reacted. "Stop him!"

Without hesitation, Su Yu dragged Wen Cheng and barged into the detection tunnel.

The giant pythons cast their gazes over one after another, including the gaze of the Giant Golden Python.

The fake documents on their bodies immediately burned and turned into ashes.

After the detection was confirmed to be fake, the giant golden python shot out two streaks of black light first and went straight for Su Yu and Wen Cheng.

Wen Cheng's expression changed. He wanted to dodge, but it was too late.

Fortunately, Su Yu was by his side. He casually raised his right palm and grabbed at the air, extinguishing the light from the giant golden python.

The other giant pythons shot their gazes at him one after another, but Su Yu ignored them and easily neutralized them all.

"Stop him!"The black-robed middle-aged man was shocked.

It was one thing if the other giant pythons could block their gazes, but some powerful creatures could.

However, the Golden Python was one of the pets that carefree son of heaven had personally raised, and its strength was extremely shocking.

Up until now, other than son of heaven and his descendants, no other creature was able to withstand the gaze of truth and not be affected at all.

Unfortunately, it was too late for the Chaos Creatures'law enforcement team to react.

Su Yu carried Wen Cheng and quickly passed through the detection channel, quickly disappearing from sight.

The black-robed middle-aged man was furious. He wanted to chase after them, but the chaotic scene required an expert like him to suppress it.

When everything calmed down, the black-robed middle-aged man immediately entered a nine-star civilization. Looking at the law enforcement team members who walked back listlessly, the black-robed middle-aged man's face sank into the water.

Needless to say, he had lost them!

"Sir, the other party has an astonishing physique and has completely escaped the pursuit,"the law enforcement team member said helplessly.

The black-robed middle-aged man's face sank. "Issue an arrest warrant for me."

He raised his hand and drew Wen Cheng's face.

The law enforcement team members looked at each other and said hesitantly, "Sir, the price to arrest a creature is too high. Is there a need to mobilize so many people?"

To be honest, there were countless people in the nine-star civilization who held fake documents.

Was there a need to make a big fuss over a fish that escaped the net?

The entire nine-star civilization was wanted, and the resources and manpower wasted were countless.

The black-robed middle-aged man narrowed his eyes. "The important thing is not that girl, but that black-robed man! He was actually able to resist the petrification power of carefree Emperor's pet, this is not a small matter!"

When it came to the emperor, even if it was a small matter, it was a huge matter, and one could not be careless.

"Yes, Sir!"

"Also, which direction did he go?"The black-robed middle-aged man asked.

The law enforcer replied, "It seems to be the spacetime swamp."

"There?"The black-robed middle-aged man's worry turned into joy, and his gloomy face was immediately replaced by a sneer. "It's actually the spacetime swamp? Then I don't need to worry!"

"The wanted posters have been canceled. They're already dead!"

The spacetime swamp was one of the most dignified forbidden areas of the nine-star civilization.

Once they entered, almost no living beings could come out alive, and they were all trapped within.

Even the peak existences within the Intermediate Heavenly Dao master didn't dare to go deep into it.

If Su Yu and Wen Cheng dared to charge in, they would undoubtedly die.

Speaking of which, Su Yu.

They were extremely unfamiliar with the nine-star civilization, and as the pursuers chased after them, they chose a direction to run in.

After a long time, they entered a particularly muddy place.

Padah --

Wen Cheng stepped into the mud and unexpectedly guessed a colorful footprint.

"This..."Wen Cheng lowered his head to look at his own footprint, his eyes full of disbelief.

Because beside the footprint just now, there was actually a footprint that had been left at some unknown time.

That footprint was exactly the same as hers!

"This is the place where I was just now!"Wen Cheng said in surprise.

However, the surroundings were very strange, and he had no impression of it at all.

She was sure that they had not been here just now, but how could they leave her footprints?

Could it be that the footprints could move?

While Su Yu was deep in thought, her body was surrounded by a space-time domain.

In the end, under this domain, Wen Cheng found some clues.

The scene in front of him had actually changed continuously. It was clearly the same place, but different scenes had appeared.

Just like when they had first arrived at the nine-star civilization, when they had been abandoned, different people had seen different scenes.

"A spacetime anomaly." Su Yu's eyes flickered with a brilliant light.

Without a doubt, the spacetime here had been distorted by some powerful force.

Just as he was thinking of a countermeasure, a voice that he was looking forward to came from the crossing Nightmare Lotus seat. "Saintly being Su, I feel the fluctuations of the ninth domain."

Su Yu immediately released a person from the virtuous nightmare lotus throne. It was none other than the ninth ruler.

He was the only person in the world who still had contact with the ninth domain.

"It's nearby. Quickly leave this place," the ninth ruler said solemnly.

The ninth domain took away the remnants of the eight domains left behind by the absolute beginning Dao Master and fled the eight-star civilization.

He had never thought that Su Yu would run into it the moment he entered the nine-star civilization!

What a Fate!

Su Yu's eyes flashed slightly. He used the spacetime domain to envelop the ninth ruler and Wen Cheng, preventing them from being affected by the power of spacetime.

"Don't worry. It might not have discovered me," Su Yu said confidently.

They had entered this place unintentionally. The ninth domain couldn't possibly have predicted that they would be here, right?

"Lead the way and see if you can find the ninth domain." Su Yu's eyes were filled with anticipation.

If he didn't have the body of the mirrorflower emperor, he would naturally have walked as far as he could and wouldn't have even gotten close.

But now, he could totally give it a try.

It would be best if he could catch it, but it didn't matter if he couldn't. The ninth domain might not be able to do anything to him.

The ninth ruler hesitated and could only silently lead the way. He could sense the aura of the ninth domain, and sure enough, they wouldn't get lost again.

The terrain of this swamp was extremely complicated, and there were traps everywhere.

Moreover, the spatial domain could change places if one wasn't careful.

Moreover, time was very unstable. Sometimes it would speed up, sometimes it would slow down, and sometimes it would stop.

The swamp wasn't very big, but it could trap people and make them unable to extricate themselves.

Fortunately, Su Yu controlled the spatial domain and greatly reduced the interference.

Even so, it took the ninth ruler a full ten days to bring everyone to the center of the swamp.

The surroundings were deathly silent, and there were no traces left behind by anyone. It was clear that no one had ever been able to reach this place.

In the center of the swamp stood a giant black tree that had no leaves. Its entire body was bare, and only spikes remained.

On the book was an existence that was coiled around a tree trunk, looking like a Python or a giant dragon.

Its entire body was nine-colored, and it was constantly emitting a strong domain aura.

The ninth ruler's pupils constricted. "That is! Back then, the ninth domain transformed into this object and injured me, leaving alone!"
