

Nine-Dragon 2981

Chapter 2981 Taking Over The Territory

Three days later, in an extremely remote and desolate place, the evil woman looked around and felt that this was a suitable place to set up camp. Just as she was about to give the order, she suddenly looked up at the sky.

However, this time, it was no longer worry, but a trace of excitement that lingered in her eyes.

Because it was Su Yu! !

Huala --

Su Yu and the other three flew in front of the members of the many cauldrons. Looking at the cauldrons that had just arrived, Su Yu was surprised. "You guys haven't set up Camp Yet?"

The evil daughter shook her head and briefly explained the whole situation.

Hearing this, Su Yu did not mind. "En, it's fine. Let me introduce you. These are all my friends."

The evil daughter looked over one by one. The others were still fine, but when she saw Su Cai'er, she was clearly stunned. "She is..."

Although she had never seen Su Cai'er before, Su Cai'er's appearance had 70% of Qin Xian 'er's charm. She could not help but be surprised.

"You are Xia Jingyu?" Su Cai'er's eyes widened as she sized up the evil daughter from top to bottom. She chirped excitedly, "I heard from mother that there is an aunt called Xia Jingyu. She is father's confidante."

Su Cai'er had once seen Xia Jingyu's portrait at Qin Xian 'ER's place. At that time, she was astounded by her beauty.

"Wow! As expected of my playboy father's confidante. She is really too beautiful." Su Cai'er's face was filled with envy.

The evil daughter looked at Su Yu, slightly stunned. Why didn't Su Yu and her daughter acknowledge each other?

"Cough cough, Cai'er, it's not a good child to speak ill of your father behind his back," Su Yu instructed.

Su Cai'er pouted. "That's the way it is. My father has a lot of women around him. Mother told me that there are many, many people who like father. They can fill up a small civilization!"

"Every time I go out, there will always be one or two new women around me. There might even be a bunch of new women!"

The evil daughter looked at Su Yu. She wanted to laugh but could not. It sounded like she was right!

Su Yu's mouth twitched a few times. He could not hold back his face. He had the urge to strangle this daughter to death. He was actually gossiping behind his father's back.

"However, no matter how many women there are, my father only has my mother in his heart." Su Cai'er cast a mischievous expression at the evil daughter. "So, Aunt Xia Jingyu, you don't have a chance."

The evil daughter felt a warmth in her heart. She smiled faintly and stroked her head. "I'm not Xia Jingyu, but I won't steal your father either. Don't worry."

Su Cai'er was very easy-going. She pulled her hand affectionately. "Alright, isn't it great to be a confidante?"

The evil daughter only smiled and did not say anything. She was not Xia Jingyu, but she knew that being a confidante was definitely not Xia Jingyu's original wish.

Su Yu somewhat regretted bringing Su Cai'er back. He coughed dryly and said, "Since all of you are here, there's no need for you to look for a place to find a camp. Follow me to the Zang Tian Mountain to take over the territory of that aristocratic family."

A few hours later.

Many creatures stood at the edge of a cliff and looked at the rather shocking scene in front of them.

On the empty plains, a huge mountain rose from the ground and pierced straight into the sky.

The mountain was so huge that it covered more than a billion square miles?

Because of the mountain's existence, the entire center of the cloud wilderness was slightly depressed. That was why a lot of spiritual qi and Dao Qi gathered at the center of the heaven-hidden mountain, creating countless excellent territories.

Ancestor Lu stared at the huge heaven-hidden mountain and was extremely shocked. "Just the prosperity of this mountain is comparable to our eight-star civilization, right?"

Su Yu nodded. It was about the same.

The surging dao energy of the heaven-burial mountain was enough to give birth to a great sage expert. It was far superior to an eight-star civilization.

Su Yu did not understand. An eight-star civilization was so poor that it was not even comparable to a small border of a nine-star civilization. Why did they have to chase after the eight-star civilization and destroy it every era?

"That is our territory, right?" The evil daughter pointed to a clearly empty area on the mountainside.

The other areas had flags fluttering in the wind, indicating that someone had already occupied it.

However, only that area was filled with a deathly aura.

Although the dao energy was exceptionally dense, there was no sign of life.

Su Yu narrowed his eyes. Others might not be able to see it, but he could see that there were some resentful souls pacing back and forth in that area.

"It's indeed an ominous place," Su Yu said indifferently.

It seemed that the stone man from the Stone Man Hall did not have any good intentions.

"You guys stay here. I'll go take a look first," Su Yu said.

Bai Xue pondered for a moment. "I'll go too! In case you run into a danger that you can't solve."

No matter what, she was the leader of the Heavenly Dao Alliance. She still had a little face in the nine-star civilization. If she ran into trouble, she would be able to solve it.

The two of them jumped to the foot of the hidden Sky Mountain.

Su Yu looked at the densely packed buildings on the mountain. The various territories had been divided and they did not cross the sky rashly.

Bai Xue secretly praised him. Su Yu was indeed cautious. She pointed at the intersecting ancient paths on the mountain and said, "There are restrictions on the top of each territory."

"If it's light, it's forbidden to fly. If it's heavy, it'll hurt people. Therefore, you can't fly over those territories. If you want to fly, you can only go along these ancient paths."

Su Yu nodded. "Let's go."

With a tap of his toes, he followed the ancient path and came to the territory that he was in.

It was a rather wide and steep slope. There were hundreds of cities in it, as well as a mansion belonging to a great aristocratic family in the past.

However, the entire area was dead silent.

Even in an ordinary city, there was no sign of human habitation. It was as if all living things had evaporated overnight.

Su Yu narrowed his eyes and stared at the sky. Tens of thousands of resentful souls were circling above this area.

"Ancient Taixu, could it be you?" A cold light flashed in Su Yu's eyes.

He took a step forward and was about to enter when suddenly, a group of guards rushed over and berated from afar, "Stop, who allowed you to come here?"

Those guards were not ordinary guards. They were all rockmen.

How could such an important place like hidden sky mountain not be under the jurisdiction of Rockmen?

Su Yu took out the land deed given by the Rockmen from the Rockmen Palace. The patrol guards looked at it and their expressions relaxed.

"So it was Lord Tuo Xin who made the decision." The patrol captain understood. He looked at Su Yu with a deep meaning, "Did Lord Tuo Xin tell you about the dangers of this place?"

Su Yu said, "No, I only heard that all the aristocratic families in this place were wiped out overnight. Not even a chicken or dog was left."

If that was the case, Su Yu was confident that he could take over this place.

Who knew that the patrol captain would chuckle, "Human, it seems that Lord Tuo Xin has a grudge against you."

"What do you mean?" Su Yu thought for a moment and took out a spatial storage device. It contained a lot of resources and threw it to the captain.

The latter took it and said with a faint smile, "Since you're so sincere, I'll give you a reminder. This territory was not only wiped out overnight by the aristocratic families."

"There was a great sage expert who brought several ancient sages from his clan to this place to accept it. In the end, other than that great sage, everyone else did not return!"

Hearing this, Su Yu's pupils constricted slightly.

Was it already so dangerous inside?

No wonder no one dared to occupy the place even though it had been vacant for such a long time!

Chapter 2982 Come And Accompany Me

Su Yu could not help but wonder if the person inside was really the ancient Taixu?

It had only been a year, and his cultivation was already so high that he could compete with a great sage?

"Alright, thank you for informing me." Su Yu cupped his fists.

The stone golem chuckled, "In any case, I advise you to leave early, especially at night."

The other party looked at the sky meaningfully. They saw a dark cloud blotting out the moon, making the sky even darker. A hint of fear appeared in the eyes of the Rockmen.

"Let's go quickly!" They left after saying that, not daring to stay any longer.

Su Yu watched them leave. He had just noticed that the nearby territories were gradually releasing powerful defensive formations, as if they were guarding against something dangerous.

Bai Xue crossed her arms and shivered. "What kind of territory did you choose? It sounds like it's going to kill you."

Su Yu narrowed his eyes and stared at the huge territory. "I'm wrong. It should be that we're here to ask for this ghost's orders!"

Clang --

Su Yu took a step forward and kicked open the cobweb-covered door. A cold and gloomy aura assaulted his face.

Within the territory, there was a cold and sinister aura that lingered.

"Hey, are we really going in?" Bai Xue resisted and even regretted accompanying Su Yu.

Su Yu's mouth twitched and he said, "As a Grand Sage, are you afraid?"

Bai Xue muttered, "Of course I'm afraid! Who knows what's inside."

While she was muttering, Su Yu had already fearlessly stepped into the territory.

SOB, SOB, sob --

As soon as she entered, a wisp of ghostly wails that was faintly discernible and occasionally appeared lingered in her ears.

The voice was sometimes far and sometimes close. Sometimes it seemed to be at the horizon, and sometimes it seemed to be at the back, causing her hair to stand on end.

"Ah! Let's go, this is definitely a haunted house!" A ghostly wail resounded in Bai Xue's ears without any warning. She screamed in fear and hurriedly hugged Su Yu's arm.

Su Yu remained calm. His eyes were filled with the eyes of the soul as he scanned his surroundings.

After a long while, he slowly nodded. "This place is indeed a haunted house!"

He was a little surprised. The nine spirits body that Gu Taixu cultivated was not a cold yin technique in theory, so it should not have created such a threatening environment.

This place was very similar to a haunted house.

"Let's go, let's go to the master's mansion in the past." To find the culprit of this place, that was the place they had to pass through.

Bai Xue was so regretful that her intestines turned green. "I've been unlucky enough to meet you for several lifetimes. Ever since I met you, I haven't met a single good thing."

Su Yu strode towards the mansion. Bai Xue looked left and right and suddenly felt a breath of cold air from behind her neck. She was so frightened that she had goosebumps. She screamed and rushed over to hug Su Yu's arm.

As Su Yu passed by, all the ordinary cities along the way fell into a dead silence.

The cities were all deserted.

Weeds grew everywhere, houses collapsed, and mottled traces covered all the buildings.

It was hard to believe that this was a place that had been deserted for only a few months.

It looked as if no one had lived here for hundreds of years. It was especially eerie.

The two of them walked like this. In the endless territory, there were only the two of them alive.

"Let's go back. Don't go any further. It's even more eerie in front." The two of them stopped by a river.

After crossing the river, there was a pitch-black forest.

The forest that had lost its leaves was like a monster that was baring its fangs and brandishing its claws, waiting for the living people to enter.

In the pitch-black forest, the air current was surging, as if something was walking inside.

All of a sudden, Bai Xue's pupils constricted as she realized that there was a translucent and half-materialized woman in white. Her hair was disheveled as she flashed through the forest.

Then, the sound of a woman crying that made one's hair stand on end came from the forest.

"Accompany me... who will... accompany me..."

Bai Xue's blood flowed faster. The five fingers that were grabbing Su Yu's arm had unknowingly dug into his flesh. Her eyes were wide open as she stammered, "There's... a ghost... ah..."

It was obvious that her teeth were chattering.

Su Yu also felt his scalp go numb. He thought that the woman just now was an illusion because he couldn't detect any soul fluctuations under the soul eye.

In the end, even Bai Xue could see it.

Su Yu's muscles were a little stiff. This place was indeed a little evil.

"Humph! Demons and Devils!" Su Yu forced himself to be calm. Since he had entered, how could he return empty-handed?

He took out the kalpa scythe and slashed at the pitch-black forest.

Hualala --

The terrifying aura released by the kalpa scythe swept across in an arc, cutting a large area of the forest in half.

The momentum was quite shocking.

The huge commotion caused also drowned out the woman's crying.

Bai Xue finally felt at ease and looked up at the forest.

She thought that half of the forest had been razed and her gaze could pierce through the forest, but who knew that there was actually a tree standing in the forest.

No, that wasn't a tree!

It was a pitch-black giant! !

"Ah!" Snow White screamed again. This time, she was so scared that she immediately closed her eyes.

Su Yu shouted in a low voice, "Don't scream, Shut Up!"

He stared at the giant. With a flick of his finger, a flash of fire shot out and reflected the giant.

Bai Xue opened her eyes and looked through the flame. She could not help but let out a sigh of relief. She patted her chest and said, "So it's a statue."

It was a huge black Buddha statue. It was covered by a group of tall trees.

"You scared me to death." Bai Xue's heart was relieved once again.

However, Su Yu retreated. His expression was grave. "Something's Wrong!"

How powerful was the attack of the kalpa scythe? Even if a great sage did not defend, he would be destroyed, right?

But how could that statue block the scythe's attack?

There was something wrong with the statue!

Indeed!

Creaking sounds could be heard as the statue's eyes opened!

A pair of scarlet eyes emitted a terrifying cold light in the night sky. The Buddha's mouth slowly opened, revealing a mouthful of sharp fangs.

Stinky saliva dripped down from the fangs.

"Accompany me... come accompany me... all of you come accompany me! !!"The black statue's voice became increasingly shrill and shrill.

Following that, it took large strides and chased after them, "All of you come accompany me! !!"

Snow White was so frightened that her entire body went soft. She could not use her full strength as a great sage.

Su Yu had goosebumps all over his body. However, he could only endure it.

"Go to hell!"Su Yu used all his strength this time. He took out the myriad tribulations scythe and swept it around.

The power of this sweep was twice as powerful as before.

A huge arc cut across the statue's waist. With a clear cracking sound, the statue broke into two.

The upper half of its body maintained its momentum. It flew for tens of thousands of feet and arrived in front of Su Yu and the others.

However, even so, his hands were still crawling on the ground. He carried his huge body and quickly crawled towards them. His bloody mouth was filled with a ferocious smile. "Accompany me, all of you! !"

Chapter 2983 Fierce Battle Against The Evil Spirit

Snow White was so frightened that her legs were trembling. In a moment of danger, she subconsciously took out all the Dao artifacts, domains, and divine arts in her body, including the Ten Thousand Hammer Formation, which she was most proficient in.

Rumble --

More than a hundred hammers struck down, and the statue was shattered into pieces. Only the ferocious screams of the statue were still echoing in the silent territory.

Only then did Bai Xue stand up with difficulty. Her face was still pale as she said, "It's over."

Su Yu also swallowed a mouthful of saliva. What on Earth was going on in this place?

He nodded. "It should be over..."

Who knew that just as he said that, the ghost's cry actually appeared again. Moreover, it was extremely mournful. In the empty ruins of the night, it made people's hair stand on end.

"My child... You died so tragically..."

Su Yu's muscles tensed up once again. Bai Xue's fingers could not even squeeze in. The two of them scanned the surroundings in search of the source of the sound.

Suddenly, Bai Xue looked at the forest in horror. She tugged at Su Yu's clothes and stammered, "That... that... there... look quickly!"

Su Yu followed her gaze and looked over. His pupils constricted violently.

The trees that were cut in half by her were actually growing rapidly and twisting like long snakes.

At the same time, the entire forest began to shake.

Numerous cracks covered the area.

"Give me back my child... Wuwu... Give me back my child!"

This time, they finally heard clearly where the woman's voice came from.

It came from... Underground! !

Rumble --

The forest suddenly began to rise into the sky!

No, to be precise, it was from underground. Something huge was climbing up from underground.

In Su Yu's and Bai Xue's eyes, a chilling scene was reflected at the same time.

A head slowly rose from underground.

That head was incomparably huge. It covered the entire forest underground. There were billions of light in the surroundings, and one could not see the end of it.

Both eyes were tightly shut.

The oval cheeks of the classical beauty were as pale as paper, and her mouth was as red as blood.

The countless forests..

No, it was not the forests, but the long hair of the head. It began to fall gently, covering half of the face.

At the neck of the head, there were two small feet that were out of proportion, supporting the huge body.

"What... What is that?" Snow White's teeth were chattering, and her body kept sticking to Su Yu's body, wishing that she could crawl into Su Yu's body to hide.

Su Yu was also quite shocked as he looked at the monster that he had never seen before.

In his life, he had seen all kinds of strange things, but he had never seen such a strange creature with a head.

"I don't know!" Su Yu said in a serious voice. However, no matter what it was, he had to kill it first!

He didn't think that this object had any good intentions towards him.

The myriad calamity scythe was once again unleashed, viciously striking towards the woman with the head.

A terrifying arc swept towards the head with a crushing force.

Right at this moment.

The eyes of the head that were tightly shut suddenly opened without any warning. A pair of pale eyes that didn't have pupils made people feel terrified.

Being stared at by that pair of eyes, Su Yu's heart instantly skipped a beat. Clearly, he was also frightened.

Bai Xue shrieked and completely hid behind Su Yu. She did not even dare to look.

Su Yu also gritted his teeth. He suppressed the fear in his heart and once again brandished the myriad calamity scythe.

However, the arc of the myriad calamity scythe the previous time actually shattered into air currents the instant the eyes of the head opened.

Then, under the woman's gaze, it condensed into a ferocious ghost head and headed toward the second arc of the scythe.

Bang --

The two of them dissipated immediately after the collision. They did not pose any danger to the woman's head.

No, to be precise, Su Yu was at a slight disadvantage.

The scythe was such a powerful magic treasure. It could be neutralized with just a glance. Was there even a need to say how terrifying it was?

Su Yu even began to doubt how the great sage expert who had entered earlier had managed to successfully escape!

"Return my child! Return my child to the both of you! ! ! !!"The head shouted with a grin. Its seemingly short legs actually moved at high speed, carrying the huge head as it sped over.

That scene was like a giant mountain chasing after them.

Su Yu's heart pounded wildly, and he immediately fled.

His heart was filled with shock. What the hell was that thing! !

However, the speed of the head was much faster than he had imagined.

He did not escape far before the other party caught up. Su Yu turned his head and saw a giant head that covered the sky looking down at him from above.

His pale eyes stared straight at Su Yu. His ruddy and devilish mouth let out a mournful cry, "Return my child!"

She opened her mouth and her entire head swooped down, wanting to swallow Su Yu and Snow White together!

How would su yu dare to hesitate?

Seeing the fishy stench approaching, Su Yu decisively took out the Absolute Heaven Sword and unsheathed it, "Destroy!"

Boom --

As if the heavens and earth had been split open, a cold light that illuminated the world flashed across the earth and streaked across the sky.

Ah!

The left eye of the woman's head had been blinded by the Absolute Heaven Sword.

But that was all!

The woman's head cried out in pain. Her feet kept stomping on the ground, shaking the world.

Su Yu felt a chill in his heart. The Absolute Heaven Sword, which had used 90% of its power, had failed to kill the woman's Head?

But the more dangerous it was, the more it stimulated Su Yu's fighting spirit.

He remembered the eight great domains that had changed, and with a thought, the eight great domains appeared around his body.

He clenched his hand and condensed the eight great domains into a long spear, throwing it at the other eye of the woman.

Clang --

However, there seemed to be a layer of armor on the surface of the woman's other pale eye.

When the long spear shot at it, not only did it produce intense sparks, but it also produced the sound of metal scraping against metal!

Su Yu gritted his teeth and leaped forward. At the same time, he unleashed the power of the saintly being and the power of the son of Heaven and stepped on the end of the long spear.

The two shocking forces in the world caused the long spear to pierce through the defense of the eye and the eyeball.

Ah --

The head monster let out another shrill roar. The black hair on its head turned into thousands of tentacles and whipped toward Su Yu.

Su Yu immediately retreated to a safe place.

The tentacles pulled out the long spear, bringing out a smelly black blood.

Even so, this eye was still injured. He could only vaguely see Su Yu's shadow, while the other eye was completely blind.

"I'll eat you, I'll Eat You! !"The head quickly rushed towards Su Yu, its resentment soaring to the sky.

Su Yu clenched his teeth slightly when he saw this. He did not believe that his territory would be taken over by an unknown ghost head.

"Go to hell!"Su Yu leaped and instantly cast more than a hundred ancestral techniques.

Each of them was an extremely fierce ancestral technique.

The ancestral techniques he had learned from the sinkhole divine monument were all gathered together at this moment and blasted towards the ghost head.

Puchi --

The remnant marks on his face immediately left streaks of blood, unable to harm his foundation.

Chapter 2984 The Combination Of Ghost And Buddha

Su Yu's heart continued to sink. The Absolute Heaven Sword just now had already used up most of his strength.

If this continued, not only would it be useless, it would also put him in danger.

However, this ghost head was too strange and terrifying. He clearly didn't have any cultivation, but his entire body was flawless. Other than his slightly weaker eyes, there was practically no place for him to attack.

All of a sudden, Su Yu's gaze caught a glimpse of the Ghost Head's strange behavior.

After receiving the attack, the ghost head actually squatted on the ground and retracted its two legs into its head.

When the hundred remnant attacks stopped, the ghost head's two legs extended out once again.

HMM?

Su Yu noticed the strange behavior and lightly rolled his eyes. Once again, he silently cast an ancestral spell.

Sure enough, before he could cast it, his feet shrunk slightly.

After confirming that Su Yu's attack was quite weak, he stretched it out again.

"Feet?" Su Yu immediately grabbed the myriad calamity scythe and slashed the scythe at Ghosthead's remaining eye.

Ghosthead let out a sharp cry, and the long black hair on its head danced like a long snake, blocking the myriad calamity scythe's attack.

However, what was unexpected was that the myriad calamity scythe contained a powerful spatial yuan level domain.

Just as it was about to attack Ghosthead's hair, it actually vanished into thin air and appeared in front of the pair of legs.

Its legs didn't have time to retract, and were pierced through by the myriad calamity Scythe's arc.

Kacha --

With a crisp sound, the pair of legs were actually weaker than any part of its body, and were chopped off in an instant.

Ghosthead lost his support and immediately fell to the ground, howling in pain.

His round head rolled around on the ground while green liquid kept spurting out from under the neck where his legs were.

Ghosthead's wail became weaker and weaker as the green liquid spurted out.

In the end, Ghosthead lay on the ground without moving. His remaining eyes were deathly still.

Ghosthead, who was so strong that he could withstand a single strike from the Absolute Heaven Sword, died just like that!

Su Yu held the kalpa scythe in his hand and looked at the dead Ghosthead in disbelief. "He died so easily?"

He had expected that his legs would be his weakness, but he did not expect that it would be his fatal weakness.

However, he had finally resolved the crisis.

He had used up all of his strength to deal with this Ghosthead. At this moment, he was extremely weak. He did not even have the strength to hold the kalpa scythe. His buttocks fell to the ground and he panted non-stop.

"Do you not dare to believe it?" Bai Xue, who was behind him, suddenly asked.

Su Yu did not turn his head and said, "Yes."

However, the moment he said that, he felt that something was not right. That was not Bai Xue's voice. It was just similar.

Moreover, a thick stench came from behind him. At the same time, a pair of cold and wet arms tightly wrapped around Su Yu from behind.

Looking at the white snow on Su Yu's back, how was that White Snow?

It was clearly an old woman who was as short as a baby, but had white hair and a wrinkled face. She was tightly lying on Su Yu's back.

She opened her mouth that was out of proportion to her face and fiercely bit down on Su Yu's neck.

At this moment, Su Yu's strength was completely lacking. He didn't even have the strength to stand up. How could he resist this old woman who suddenly appeared?

No, it was the evil spirit who had suddenly turned from Snow White to old woman white!

Just as Su Yu was about to lose his chance, a trace of coldness suddenly appeared on the corner of Su Yu's mouth.

He, who was clearly unable to move, actually grabbed the myriad calamity scythe and casually stabbed it at his back.

Ah --

An ear-piercing screech came from behind. The old woman was pierced by the myriad calamity scythe's sharp blade and hung on the scythe.

Su Yu stood up as if nothing had happened. He raised the scythe and looked at the old woman who was thrashing on it. He said indifferently, "I've been waiting for you for a long time."

The old woman screeched, "You... you know that I'm Not Your Companion?"

It turned out that the person who had been by Su Yu's side from the beginning was not Bai Xue, but this old woman.

Su Yu raised her up high and said coldly, "Bai Xue is not a little girl. In a sense, she is an old woman even older than you!"

However, throughout the journey, Bai Xue was like a little girl who had just seen the world. She either screamed or hugged Su Yu's arm, refusing to let go.

That was definitely not Bai Xue's true style.

Therefore, Su Yu had noticed Bai Xue's abnormality from the start.

And when he and Ghosthead were at their most intense battle, Bai Xue did not make a single sound.

Although Su Yu was completely focused on fighting ghosthead, his attention was always on Bai Xue.

Hence, after the battle ended, Su Yu deliberately pretended to be exhausted, causing the fake snow white to reveal her identity.

As expected, the other party immediately fell for it.

"Damn it, but don't even think about occupying this territory," the old lady berated.

Su Yu sneered and shook his head, "Do you still want to continue deceiving me?"

He raised the disaster scythe and smashed it on the ground.

Plop --

The old woman was smashed into a blur, and a large amount of white smoke spread out from her body.

Su Yu said calmly, "I have to admit that your illusions have reached a certain level of perfection. It's a pity that you've met me!"

They had met all kinds of illusions along the way?

As Su Yu spoke, he stomped down, and the old woman completely turned into a cloud of white smoke.

The huge ghost head quickly turned into a cloud of smoke, covering all directions.

When the smoke dispersed, the scene in front of Su Yu was unbelievable.

Su Yu and Bai Xue were standing side by side at the entrance of the territory.

The two of them maintained the posture of entering the territory, and their footsteps barely landed.

Su Yu's spirit was slightly shaken. The moment his footsteps rose and fell, they experienced such a long illusion.

Looking at Snow White again, his footsteps shook violently, waking her up from the illusion. His eyes were still filled with confusion.

"Where's Ghosthead?" Snow White was in the illusion, fighting with the Ghosthead to the death. Suddenly, white mist filled the air. When the white mist dispersed, this scene appeared in front of her eyes.

Su Yu didn't answer. Instead, he locked his eyes on the center of the territory.

There, a ball of intense soul fluctuations spread out in all directions.

"I Found You!" Su Yu leaped into the territory.

The real territory was not as sinister as it was in the illusion. Instead, it was brimming with dao energy and was filled with a rich and peaceful aura.

Bai Xue followed closely behind. She followed Su Yu and arrived at the center of the territory, the former residence of the ancient sage.

"This..." Bai Xue was extremely shocked. She saw that the residence was actually filled with Buddhist light and Buddhist chanting.

Fireworks rose one after another. There was even an ancient bell that sounded melodious, cleansing the hearts of people.

"What exactly did we encounter?" Bai Xue's face was filled with disbelief.

One moment, it was the ghastly ghost prison that made one's hair stand on end. The next moment, it was actually the land of Buddhism in the Elysium Sacred Land.

How could two completely opposite things exist in the same place?

Only Su Yu couldn't help but think of a person who had been forgotten for a long time as she stared at the Buddhist light that filled the sky and combined it with the creepy ghost prison that had just appeared.

"Could it be her?" Su Yu murmured.

Chapter 2985 The Combination Of Ghost And Buddha

He had only encountered the combination of ghost and Buddha once in his life.

It was Sheng Ge, who had left with Xia Jingyu!

A woman who was a combination of ghost and Buddha!

Su Yu stepped into the mansion and saw an illusory Buddha statue shining with Buddha light from afar. It was sitting cross-legged in the mansion.

Around the Buddha statue were devout believers who were sitting cross-legged.

No, they were not believers. Instead, they were people who had lost their sense of self and had lost their sense of self.

The power in their bodies was continuously injected into the Buddha statue.

Meanwhile, the Buddha statue released a dazzling light that illuminated the surroundings.

On the giant palm of the Buddha statue, there was a girl in a purple dress. She looked to be only twelve or thirteen years old,

her eyes were closed as if she had fallen into a coma.

When Su Yu saw the girl's face clearly, his mind was in a state of shock.

That... was actually Shengge!

He took a step forward, but suddenly, the believers who were sitting around the Buddha statue stood up.

Several of them had reached the level of ancient sage. They took the initiative to attack Su Yu as if they were protecting the girl.

Then, he looked at their eyes and saw that they were all in a daze. Clearly, they were being controlled.

"Go Away!" Su Yu flicked his finger. The eight great domains that had evolved swept out in all directions, sending everyone flying.

Su Yu took a step forward and appeared beside Sheng Ge.

When he focused his gaze, there was actually a milky way-like crack between Sheng Ge's brows. Traces of fluorescent light were spreading outwards.

It was a sign that his soul had suffered a serious injury and was collapsing outwards.

"Could it be the effect of me breaking the illusion?" Su Yu guessed in his heart.

An illusion was a secret technique that required soul power to control. Once an illusion was broken, it would often affect the soul.

Moreover, the more powerful the illusion was, the more soul power it required.

The illusion that Sheng GE had previously used was enough to threaten a great sage level powerhouse. One could imagine the soul power that she used.

Now that it had been broken by Su Yu, her soul was naturally severely damaged.

Seeing that her soul continued to collapse, if this continued, it would not be long before her soul would collapse.

Su Yu immediately took out a pill to repair her soul and stuffed it into her mouth.

At the same time, he used his yuan level soul domain to slow down the collapse of her soul.

Two hours later, under the effects of the two elements, Sheng Ge's soul stabilized once again.

Her consciousness gradually recovered, and she slowly opened her eyes.

The moment she opened her eyes, she immediately struggled to sit up. However, just as she made a violent movement, her head began to hurt again, and she could not help but fall down again.

At this moment, a hand reached out and stroked her head. "How long has it been? A hundred years?"

Shengge suddenly woke up. Her eyes turned to look at Su Yu. Her head full of silver hair, the reflection of a familiar face in her gradually widened eyes.

"Master... Master?" Sheng ge sat up and cried out in shock.

At this moment, she wanted to show how shocked she was. Her small mouth was so shocked that she put down an egg. Her round eyes stared at Su Yu as if she had seen a ghost.

Su Yu looked out into the sky and said leisurely, "We haven't seen each other for more than a hundred years. You are still the same. Nothing has changed."

After a pause, he added, "I mean, your appearance."

Shengge's shocked heart only calmed down after a long time. Her eyes were finally filled with ecstasy as she leaped into Su Yu's arms.

Su Yu felt a trace of warmth in her heart.

As time passed, there were always things that were not buried by the dust of time. In the silent passage of time, they silently flickered with a lonely glow.

Until fate met again..

Su Yu reached out and caressed her head. Her mood was gentle. She had never dreamed that she would meet Shengge one day.

It seemed that the world was not vast and time was not distant. Fate was not turbulent.

After crying in Su Yu's arms for a long time, Shengge raised her eyes and looked at Su Yu. She said, "I feel that you have changed a lot."

Is that so?

Su Yu touched her cheek, but she did not realize that she had changed.

Shengge pointed at his chest. "It's Here! Inside."

"More tender than before, and more like a mortal." Shengge thought for a long time and gave a mortal's evaluation.

In Shengge's memories, Su Yu always had a deep hatred. Although she did not say it on the surface, she had an unbearable pressure in her heart.

Now that she had not seen him for a hundred years, the feeling he gave her was already very different.

Su Yu smiled. How could it not change?

Time had changed. He was already a father and had lost his wife. He had also lost many of his friends who had accompanied him. How could he be as frivolous as before?

"Why are you here?" Su Yu asked curiously. "Aren't you with Xia Jingyu?"

The tears that Sheng Ge had just retracted fell again. "It's hard to explain. My life in the nine-star civilization was not good either. Although my cultivation level had increased a lot, I was not as carefree and happy as I was in the small nine-jade spiritual pearl."

Su Yu listened to her story for many years and could not help but sigh with emotion.

It turned out that Sheng Ge had followed Xia Jingyu to the end of the eight-star civilization!

A powerful force from the goddess family broke through the gap between the two worlds and brought them back to the goddess family.

Xia Jingyu was naturally treated as the young patriarch of the Goddess family, but as a maidservant, Sheng ge did not receive such good treatment.

Because she cultivated the ghost Buddha body technique together, she was regarded as an ominous object by the goddess tribe and was expelled from the Goddess tribe.

After that, she ended up in a nine-star civilization. With her weak cultivation, how could she not be bullied everywhere?

Fortunately, her luck was not bad and she came to the Ghost Cave, one of the twenty-four caves under the mirror flower emperor.

In this place, her Ghost Buddha body constitution received special attention from an old senior in the Ghost Cave, who regarded her as a successor.

This was because that old senior once had a daughter who was also one with the Ghost Buddha. In the end, she was unable to overcome the two heavenly tribulations and died in the calamity.

When she discovered that Sheng Ge also had a unique body that was hard to come by in ten thousand years, she specially took her in as a disciple and raised her as a daughter.

Only then was Sheng ge able to stay in the ghost cave and enjoy a peaceful life for fifty years.

However, two years ago, an accident happened.

An unknown giant dragon attacked the ghost cave without any warning, and its master unfortunately died.

Although the Ghost Cave had recovered, Sheng Ge, who had lost her master, had no background, so how could she have a firm foothold in the Ghost Cave?

Especially since Sheng Ge had a high chance of becoming the successor of a major ghost cultivator faction in the ghost cave, she was naturally ostracized.

When Shengge asked for help from her master's old friend, she was met with cold rejection or conditions that harbored ill intentions.

In the end, Shengge was viewed as a thorn in the side by a vicious successor, who sent people to hunt her down in secret.

With no other choice, Shengge finally escaped from the Ghost Cave.

This escape lasted for two years.

"I've been staying here for half a year. I believe that my sworn enemy already knows that I'm coming. I Can't stay here any longer," Shengge said. "I originally wanted to leave in ten days, but who knew that master would actually run in. Moreover, I couldn't sense that it was you at all."

Her master had long helped Shengge to erase the Mark Su Yu left in her body, so both parties couldn't sense each other's existence.

Chapter 2986 Daoist

Su Yu could not help but sigh when he heard this.

From her words, it was not difficult to understand that Xia Jingyu was only a symbol of status in the Goddess tribe and had no freedom.

As a result, she could not even protect her personal maidservant and was expelled.

Meanwhile, Shengge had a difficult life. It was not easy to find a master who treated her sincerely, but she was suddenly killed by the ninth domain. In the end, she ended up fleeing everywhere.

In the end, even when she finally reunited with Su Yu, her soul was hurt by Su Yu because of a misunderstanding.

She was really miserable.

However, fortunately, they still met in the end.

"Follow me in the future," su yu said, "If you are still willing."

Back then, the two of them became master and servant because of some grudges.

In the next hundred years, the so-called grudges had long been resolved. The current Shengge had long removed the mark in her body. She also had such powerful illusions and could almost rival a great sage.

She might not be willing to follow Su Yu anymore.

"Master, are you still willing to take me in?"But Shengge was excited.

After staying in the nine-star civilization for a hundred years, Shengge deeply understood the cruelty of this place. In the past, the nine regions was simply a warm home.

If she met an old friend again and was willing to take her in, how could she not be excited?

However, Shengge immediately shook her head, "No! I Can't implicate you, Master!"

She had just realized that she was still being hunted down. Moreover, the one being hunted down was not an ordinary force, but a giant that ruled over the entire ghost cave.

Although that force was also a great sage, it was the top existence in the Ghost Cave. It was ranked in the top 20 of the Saint Clan, and was extremely terrifying.

Su Yu stroked her head and smiled, "Just because you're willing to call me master, if I don't Help You, who will? Moreover, you might not implicate me."

Shengge was about to continue to dissuade her when a faint voice sounded.

"Rushing in anxiously, I thought you had discovered a treasure, but in the end, you were flirting with a little girl!"Snow White folded her arms around her waist, feeling both angry and amused.

She had accompanied Su Yu on an adventure, but in the end, Su Yu was actually having a tryst with another girl here.

This was really going too far!

"How are you going to talk to Master?"Shengge was immediately displeased. She stared over with her big eyes, and a ball of evil spirit mist appeared above her head. She said fiercely, "Be careful, I'll send you into the illusion again."

Just now, Snow White could tell that the extremely dangerous illusion was actually created by the girl in front of her.

She could not help but be shocked in her heart, but she remained calm on the surface. "What's so scary about the illusion? Didn't I still make it through? HMPH!"

Sheng Ge gave a half-smile. "Isn't it scary? Then why are you shouting for Mommy in the illusion?"
UH --

Su Yu looked at Bai Xue in shock.

Bai Xue's face turned red instantly. She quibbled, "Who, who shouted?"

Sheng ge giggled. "Is that so? who was the one who shouted for mommy to save me when an evil spirit licked his face?"

"You, you're talking nonsense!" Bai Xue's face turned even redder. She said to Su Yu, "You mustn't believe her, you mustn't!"

Sheng ge continued, "Oh, right, she seemed to be cursing a B * Stard called Ruyu. Who is that Ruyu?"

Su Yu paused and said, "What did she curse ruyu for?"

"She cursed and said that she looked at her body, but she wasn't responsible for her." Sheng ge covered her mouth and snickered, "Who is that Ruyu? Why does it sound like a woman's name?"

Su Yu coughed a few times and quickly said, "Cough cough, don't ask too much, child."

At this moment, Snow White's face was as red as a red veil. She wished that she could find a hole to hide in.

It turned out that this little girl had seen all of her unbearably miserable state in the illusion.

"Damned Girl!" Snow White gritted her silver teeth.

Sheng ge sized up Snow White unyieldingly. "Hehe, speaking of me, aren't you a girl?"

Both of them were of the same age, but their bodies were like girls.

"Believe it or not, I'll strangle you to Death!" Snow White clenched her fists. She had lost all her face today!

Sheng ge waved her fists. "Come on, who's Afraid of Who!"

Seeing that the two girls were about to fight, Su Yu hurriedly said, "Both of you, stop. Since it's a misunderstanding, let's put this matter behind us."

The two girls had stopped just now, but they snorted at each other and turned their backs, not looking at each other.

Su Yu was speechless. He looked at the experts who had been swept into a mess and said, "They fell into an illusion and were controlled by you?"

Towards this, Sheng ge pouted and said, "That's right! They wanted to break in no matter what. What can I Do? I can only capture them."

Su Yu's gaze changed slightly. "Where is the original owner of this mansion?"

Sheng ge spread out her hands. "How would I know? When I came here, this place was empty."

What?

The disappearance of the original owner of this place had nothing to do with Sheng Ge?

Then, according to the rumors, someone saw nine ferocious demonic beasts appear in the sky. That was not the work of Sheng Ge.

His eyes instantly turned sharp as he used his soul's eye to scan the surroundings. He could detect everything a million feet underground.

However, there were no other shadows.

"Who are you looking for?" Sheng ge asked.

Su Yu replied in a serious tone, "Gu Taixu!"

"What? He's Not Dead Yet? And he came to the nine-star civilization as well?" As Su Yu's original follower, how could she not know who Gu Taixu was?

Su Yu nodded solemnly. "I can confirm that Gu Taixu came to this place and captured or killed all the people in this house."

"However, if Gu Taixu was here for cultivation, why did he only target this one big family and let the rest go? This doesn't quite fit Gu Taixu's style."

With his many years of understanding of Gu Taixu, once he started to devour living beings to cultivate, he would definitely wipe out all the living beings in that area, leaving no one behind.

It was rare for him to exterminate only one family and let the rest go.

"Is there anything special about the owner of this place?" Su Yu looked at the mansion again. The mansion had been empty for a long time, and it was barren to the human eye.

His gaze was locked on a side hall, and the word "Ancestral hall" was left on the plaque.

He entered in a flash, and what entered his eyes were densely packed memorial tablets, on which were carved the memorial tablets of the family that were listed as their ancestors.

"The Huang Clan?" Su Yu gave a cursory glance and did not find any problems.

The original ancestor of the Huang clan was the Huang Daoist method and there was nothing special about it.

Sheng ge then rushed over. Looking at the spiritual tablets, she said, "The Huang clan, there's nothing special. Eh, Dao Lingran?"

Su Yu followed her gaze and saw that on the many spiritual tablets, there was actually a special spiritual tablet.

The rest of the memorial tablets were surnamed Huang, and they were all men.

Only Dao Lingran was the only person with a different surname, and she was a woman.

Looking at the memorial tablet, it read, "180 generations of family head, wife of Huang Tianmu."

Su Yu was puzzled and asked, "Is this person very special?"

Looking at the arrangement of the memorial tablets in the ancestral hall, only male clansmen were allowed to enter the ancestral hall, except for this woman.

Sheng GE's face was filled with surprise. "I don't know if she's special, but has master ever seen this surname Dao?"

Su Yu was stunned.

That's right. There were thousands of surnames in the world, and he had seen countless of them.

But this was the first time he had seen this surname Dao.

Chapter 2987 The Ancient Surname Of The Dao Family

Dao was the Dao of the Great Dao of Heaven and earth.

Who could use this surname?

Didn't that mean that the person with this surname stood above all the Dao of Heaven and earth?

Just by thinking about it, one could understand that whoever dared to use the dao as their surname would definitely suffer the addition of ten thousand Daos and perish.

To be able to use this surname for such a long time, he was definitely not an ordinary person.

This Dao Lingran must have some extraordinary background.

"Do you know?" Su Yu asked.

Sheng ge nodded slightly, "Yes, when I was in the Ghost Cave, I heard master mention it before. He obtained an ancient remnant book called 'desolate sea scripture'. It was recorded in it that there was an ancient Daoist surname in this world."

"There's no way to know its origin. I only know that it has always existed since the absolute beginning world existed. It was a surname that existed at the same time as the Taotie's ancestor."

"According to the [desolate sea scripture] , this is the first surname in the world."

Su Yu felt a lot of emotions when he heard that.

There were indeed many secrets in the ancient times. However, Su Yu still didn't understand how this had anything to do with the ancient Taixu taking away all the members of this aristocratic family.

Sheng ge looked at Su Yu and said, "I wonder if master has heard of an almighty who passed away in the world. His name is the absolute beginning Dao Master?"

Su Yu was moved and said, "You also know?"

Sheng ge nodded and said, "I heard from master that absolute beginning Dao master's surname is... Dao!"

What?

Absolute beginning Dao master's common name was actually the earliest surname in this world?

All of a sudden, Su Yu looked at Dao Lingran and could not help but be horrified. "She is the descendant of Absolute Beginning Dao Master?"

However, Sheng ge shook her head. "To be precise, she is a member of his clan."

"That's because absolute beginning dao master comes from the Dao clan!"

Su Yu narrowed his eyes. Then, the purpose of Gu Taixu capturing Dao Lingran was... to extract the bloodline of the Dao Clan?

As the most ancient bloodline in the world, the Dao clan was able to give birth to a majestic existence like absolute beginning Dao Master. The uniqueness of their bloodline could be imagined.

Gu Taixu must have known something, which was why he came to abduct Dao Lingran's descendant. He wanted to extract the power of the Dao clan's bloodline from the descendant's bloodline.

Su Yu came to the front of the spirit tablet. His soul's eye searched up and down and suddenly found a secret compartment.

After opening it, there was a genealogy book that detailed the life of the ancestor.

After flipping through it, he found the records of that Dao Lingran.

It said that Dao Lingran was a woman with an ordinary cultivation base. She had nothing special in her life except that after she died, she turned into a beam of light and returned to the sky, leaving no remains behind.

"It seems that she is just an ordinary member of the Dao clan," Su Yu muttered.

Gu Taixu's hopes were about to be dashed. If she was just an ordinary member of the Dao clan, what kind of powerful bloodline power could her descendants have?

However, Su Yu was slightly curious about whether this Dao clan still existed?

If it did, where would it be?

Now that the world belonged to the son of Heaven of the sacred mountain, how could there be room for the Dao clan to survive?

"Forget it. Since GU Taixu has already left, then consider him lucky." Su Yu had no time to chase after Gu Taixu, so he could only give up.

Sheng ge nodded. "The next time we meet, I will definitely let him taste the power of my illusion. I will make him become a slave of my illusion."

Su Yu touched her head and turned to Snow White. "I'll have to trouble you to make a trip and bring all the members of my tripod here."

Snow White looked at the memorial tablet with a meaningful look and left with a silent nod.

Not long after, Su Cai'er, the evil daughter, and many members of the tripod rushed over.

"Evil daughter, settle down all the members of the tripod," Su Yu instructed.

Thus, after going through many twists and turns, the cauldron finally found a place to rest and recuperate.

"All of you, guard the territory for me. No outsiders are allowed to enter." Sheng ge commanded a group of ancient sage level captives.

"Yes!"

The news of this place being occupied spread like wildfire. In just a few days, it had already spread throughout the entire Zang Tian Mountain.

On the mountain, the three saint clans were all shaken.

One of the saint clans was surrounded by lush greenery, brimming with life.

However, this saint clan was extremely solemn.

"The Huang clan's territory has been occupied. What do you all think?" In the central region of the Saint Clan, ten hills surrounded the area.

Three of the hills were already empty, leaving only the other seven hills.

And on each hill sat an ancient saint expert.

The one who spoke was an ancient well with ten hills surrounded by stars. A hoarse voice came from the well.

Hearing this, the ancient saint expert on one of the hills said, "Since that place has been occupied, it means that the danger has dissipated. We should immediately send people to look for the three missing members of the Saint Clan."

It turned out that this saint clan was the soul wood saint clan that had barged into the Huang clan back then and was scared out of their wits by Sheng GE's illusion technique.

The ancient sages that had entered together with them were all captured by Sheng Ge. The Great Sage, on the other hand, was scared out of his wits and fled in a panic. He was even severely injured in the Dreamland.

Up till now, he was still recuperating in the clan's ancient well.

Now that they heard that the Huang clan's territory had been occupied by an external force, the soul wood saint clan's thoughts became active.

"That's right! It should be because the ancestor scared the thing inside that wanted to do something fierce, and the latter scared it away." An ancient sage expert said, "That's why it gave the external force a chance to take advantage of it."

"The Huang family's territory should be taken back!"

Many ancient sages requested to go to the Huang family's territory one after another.

Jing Zhong was silent for a long time. Only He, who had personally gone there and experienced the evil ghost illusion technique, knew how terrifying that place was.

When he thought of the terrifying scenes in the illusion, he was still afraid of that place.

However, just as his clansmen had said, it was enough to show that the danger there had been lost.

"Good! Take Action immediately before the other two saint clans notice it."

Huala --

A green light rushed out of the ancient well. An old man wearing a green robe, a green hat, and yellow skin appeared with a walking stick.

He had already made up his mind to take back the Huang family's territory.

"However, for safety's sake, it's better to be prepared." He said cautiously, "Immediately deploy the clan's Dao artifact."

Last time, he had suffered a loss because he did not carry a dao artifact, so he had ended up in such a sorry state just now.

While the Soul Wood Saint clan was preparing, a young man hurried back and went straight to the core area.

"Qing Mu greets the patriarch." It was Qing Mu.

He finally came back from the blood mountain without stopping.

The cuckold patriarch said in surprise, "Why are you back? The fossils in the Blood Mountain shouldn't have come out yet, right?"

It was he who sent a message to Qing Mu, asking him to go and check it out.

In the end, Qing Mu came back before the result was out.

"Patriarch, something big has happened!" Qingmu said hurriedly.

The cuckold patriarch was calm and composed. With his realm and status, the big thing that Qingmu thought was a trivial matter in his eyes.

Chapter 2988 Looking For Trouble

"Qing Mu, what did the patriarch usually teach you juniors?" The cuckold patriarch reprimanded with a stern face. "You have to be calm in the face of trouble and deal with it calmly. Only then can you deal with it calmly."

"You are panicking now. How is that proper?"

After being reprimanded, Qing Mu could only say honestly, "The Patriarch taught you the right thing."

Even though he was burning with anxiety, he could only force himself to remain calm.

Seeing this, the elder asked calmly, "What is it? Speak."

Qing mu did not dare to speak further. He tried his best to remain calm and said, "Two grand sages of the famed sword Saint tribe have perished."

The Elder, who was originally calm, heard this and his pupils constricted. The ancient sages on the seven hills around him turned pale with fright and stood up in unison.

It was obvious that they were shocked by this shocking news.

The old ancestor could hardly suppress his shock and shouted anxiously, "How did he die? Tell me clearly!"

Qing mu raised his head to look at the anxious old ancestor and muttered, "Didn't we agree that he would be calm in the face of trouble?"

The cuckold old ancestor glared at him. "What nonsense are you talking about? If I asked you to tell me, then tell me quickly. What's the point of being so slow?"

Qing mu secretly rolled his eyes. He had lost his temper completely.

When he was anxious, the cuckold patriarch had said that it was inappropriate.

Now, as he had hoped, he was calm and collected, and he was being said to be slow.

It was not easy being a junior.

"Cough cough, patriarch, here's the thing." Qing mu explained everything about Xue Shan.

After hearing this, the cuckold patriarch and the seven ancient sage experts all sucked in a cold breath.

This was especially so for the cuckold patriarch!

The seven ancient sages probably did not think that the fourth and fifth of the famed sword Saint tribe were very powerful. However, as great sage experts, how could the cuckold patriarch not know their weight?

There was a reason why the famed sword Saint Tribe was able to rely on the five great sage experts to become the third-ranked saint tribe.

Of the five great sage experts in their tribe, any one of them was an extremely powerful individual. There were very few people of the same level who could rival them.

The cuckold patriarch had seen the fourth and fifth Great Saints at a gathering of the Saint clan many years ago.

At that time, the hundred great saints were present. When the two of them sparred with each other, the cuckold patriarch had watched from the sidelines. He still remembered the outcome of the battle very clearly.

He believed that the combined combat strength of the fourth and fifth great saints might not be as good as the fifth or fourth great saints.

That was even if they did not use their clan guarding Dao artifacts.

If they had used the famous Yimo soul suppressing bell and the Black Ape Slave Ring, the ten cuckold patriarchs would have died in their hands.

It was not hard to imagine how terrifying the two of them were.

But now, even with the combined strength of the two of them, they were actually killed by a mysterious black-robed person! !

How could this not make the cuckold patriarch feel terrified?

Anyone who provoked such a powerful figure would definitely die!

"Who could it be? Do you have any idea?" The seven ancient sages swallowed hard. To kill two Grand Sages of the famous sword Saint tribe in a row, just thinking about it made their scalps go numb.

If such a figure disliked the soul wood saint tribe, wouldn't he be easily destroyed?

The cuckold patriarch shook his head and said with a serious expression, "I've never heard of a super expert who uses a scythe and a sword."

There were only so many great sage experts in a nine-star civilization. He had seen almost all of them.

However, the great sage expert that Qing Mu described was really unheard of.

"However, no matter who it is, our soul wood saint clan did not offend him. This is a fortunate thing," the cuckold patriarch said with a sigh of relief.

His gaze toward Qing Mu became much more pleasing to the eye. He could not help but praise, "Moreover, Qing Mu seems to have left a good impression on that super expert."

The seven ancient sages heaved a sigh of relief. In the cruel nine-star civilization, they had to be very careful in everything. They could not make a single mistake.

Too many glorious clans had been defeated overnight because of their carelessness.

The Soul Wood Saint clan could not afford to make such a mistake.

With that in mind, they looked at Aoki with an especially amiable gaze. "I've told you before that Aoki is smart and intelligent!"

"Yes, I've always felt that Qing Mu is a very capable junior!"

"Forefather, I suggest that Qing Mu be included among the juniors that we focus on grooming."

..

Qing Mu was extremely happy when he heard this. He could not stop smiling. "Elders, you praise me too much. This junior has to keep up the good work."

The cuckold forefather smiled kindly and said, "Qing mu indeed deserves a reward."

After thinking for a moment, the cuckold patriarch said, "How about this, we'll take back the Huang family's territory first, and after we take it back, we'll hand it over to Qingmu to take care of."

Qingmu was incomparably happy!

He was filled with gratitude in his heart. Everything was thanks to that senior.

Because he knew that that senior was rushing towards Heaven Burial Mountain, the elders wanted to curry favor with him, so they treated him with such courtesy.

Otherwise, how could a clansman who failed to establish a large aristocratic family outside receive important training?

It would be a blessing if he was not neglected!

"Alright, let's go." The cuckold patriarch stood up and said, "The patriarch will accompany you all personally."

In case there were still remaining dangers in the territory, it was better for him to go personally.

With him, one of the three great saints of the Heaven Burial Mountain, present, it would be better for him to suppress the motley crowd that occupied the territory.

Qing mu quickly asked for orders, "I am willing to do my best."

"Haha, good. My Children of the Soul Wood Saint tribe are brave and skilled in battle. They will definitely have great prospects in the future!" The cuckold patriarch waved his arm and called out, "Let's Go!"

The group of people immediately took action. Other than the two ancient saints guarding the family, the patriarch and the Five Great Saints all went over.

When they arrived at the Huang family's territory, they happened to see the evil daughter leading the members of the tripod. They were cleaning the walls of the territory.

This place had been empty for a long time. The dust had been reduced and the formation had been damaged. It needed to be cleaned up properly.

All of a sudden, the evil woman sensed the arrival of an expert. She turned around and saw a great sage bringing five ancient sages over. His expression was calm and fearless.

The two great sages of the famous sword Saint tribe had already been killed by Su Yu, let alone an ordinary great sage of the heaven-burial mountain?

"Who are you?" The evil woman shouted.

The cuckold patriarch's eyes were indifferent. He did not care about the evil woman at all. In other words, there was no trace of the evil woman in his eyes.

He sized up the surroundings of the Huang family's territory, and a trace of lingering fear flashed across his eyes.

He still remembered how he barged into this place and was attacked by a nightmare-like evil spirit.

"You, get lost." The five ancient sages who had followed them did not take the evil woman seriously at all.

The evil woman frowned and said indifferently, "I advise you to leave as soon as possible. We are not here to argue with others."

She was really kind enough to advise them not to seek their own death. If they provoked Su Yu, none of them would be able to leave.

"A bunch of motley crew. Is the hidden sky mountain a place worthy of you?" An ancient sage berated. "Take your people and get lost."

The Evil Woman responded indifferently. She shook her head and sighed as she crushed the communication jade talisman, informing Su Yu to come and deal with it.

A female ancient sage said indifferently, "You probably don't know who we are, right?"

She took out a wooden token with the words 'Soul Wood Saint Clan' written on it.

Chapter 2989 The Senior Showed Mercy

The four words sparkled with golden light and were exceptionally dazzling.

The words "Saint Clan" were especially hard to ignore.

There were only three saint clans in the vast desolate cloud region.

The Soul Wood Saint clan was one of them!

However, the evil girl did not even frown when she saw this. She only waved the communication jade talisman in her hand. "It's too late. He should be here soon."

Seeing how stubborn the evil woman was, the female ancient sage said in disappointment, "Your reaction is really disappointing."

As soon as she finished speaking, her gaze instantly became extremely sharp. She raised her finger and struck out toward the evil woman.

Although the evil woman had expected this, her cultivation was far from that of an ancient sage. How could she completely block it?

The black lotus around her bloomed and tried her best to absorb the terrifying ancient sage dao energy that the ancient sage had struck out with his hand. However, the amount of energy that the black lotus could absorb was very limited.

Most of the power surged through and crushed the black lotus completely.

Fortunately, the Black Lotus managed to buy some time for the vile daughter to Dodge. She moved her body horizontally in an attempt to dodge all the attacks.

However, she only managed to dodge most of the power. There was still a portion of the power that struck her abdomen.

Chi La --

The black robe that the vile daughter was wearing was completely shattered, revealing her true appearance.

An extremely cold and stunning beauty appeared in front of everyone.

Her beauty stunned everyone present. Even the cuckold patriarch could not help but be attracted after noticing her out of the corner of his eye. He looked over suddenly.

However, when he saw her face clearly, the cuckold patriarch's body trembled violently. He was so scared that his face turned pale. He even cried out in surprise, "Mirror... Mirror Flower Emperor?"

The true appearance of mirror flower emperor might be unknown to the other saint clans, but it was impossible for the cloud wilderness realm not to know him.

That was because the cloud wilderness realm was under the jurisdiction of Mirror Flower Emperor!

The other ancient saints were also shocked.

But then, the cuckold patriarch came to his senses and said, "Wait! You Can't Be Mirror Flower Emperor!"

The son of the illusory flower had long perished. How could there be a son of the illusory flower in this world?

Unless the son of the illusory flower was reborn!

However, even if the son of the illusory flower was reborn, how could he only have the cultivation of the woman in front of him?

The evil woman clutched her abdomen, which was already dark red.

Although she was in pain, there was no pain on her face. There was only indifference.

She looked at the ancient Sage who had attacked her as if he was a dead person.

It was fine if he did not attack her. Since he had attacked her, Su Yu would probably not hold back even if she begged for mercy, right?

"Ancestor, what should we do now?"The female ancient sage asked for the ancestor's opinion.

The cuckold ancestor pondered for a moment. He stared at the evil daughter and said in a deep voice, "No matter what, we should first imprison her and hand her over to the rockmen patrol team for punishment."

The female ancient Sage agreed with him. "Yes, the ancestor is right. It's better to hand such a mysterious person over to the sacred mountain."

She stared at the evil woman and said with a baleful aura, "If you know what's good for you, then obediently surrender. If you dare to resist, HMPH, I'll make you suffer!"

After saying this, she took a step forward and attacked the evil woman.

The evil woman did not Dodge. Instead, she quietly looked at the female ancient sage.

She could already foresee what would happen in the near future.

As expected!

Just as the female ancient sage was about to grab onto the vile-daughter's shoulder, Shen Qian's space suddenly tore apart. A fist shot out from within and struck the palm of the female ancient sage.

The latter felt as if she had been struck by lightning. Her entire body trembled as she swiftly retreated. Astonishment could be seen in her eyes as she asked, "Who is it?"

Her gaze was firmly locked onto the torn crack, and her heart was filled with a myriad of emotions.

Spatial Secret Arts were nothing in a nine-star civilization. As long as one had a scroll from the space saint tribe, they would be able to use it. It was nothing strange.

What was strange was that the power contained in the other party's punch just now was something that the female ancient sage could not ignore.

There was a calm and oppressive feeling in that power.

For a moment, she felt as if she was about to be killed by a punch.

The cuckold patriarch also looked over and said indifferently, "The person in charge has finally come out?"

How could he not notice the vile daughter's message?

If he wanted to stop her, how could he not stop her?

The reason why he allowed her to do so was to get the vile daughter to find the leader of this motley crew. Only then could he get them to scram as soon as possible. Otherwise, it would be useless to only talk to these lackeys.

Chi La --

The crack widened, and Su Yu walked out with his hands behind his back.

He was also wearing a black robe, so his face could not be seen clearly.

"Are You Alright?" He did not take another glance at the cuckold patriarch and the others. Instead, he was concerned about the injuries of the evil woman.

The evil woman shook her head. "It's just a superficial wound. It's not serious."

Su Yu looked at her abdomen, which was completely red, and silently retracted his gaze. He turned his gaze to the cuckold patriarch and the others and said indifferently, "Tell me your name. It'll be better for you to be famous after you die. You'll be able to look like a wandering ghost!"

The other ancient sages laughed in anger when they heard this.

"Hehe, what an arrogant thing. It's the first time I've seen someone who dares to speak to the Saint tribe like this after living for so long," the female ancient sage could not help but laugh.

She sized Su Yu up and realized that Su Yu's cultivation was not very high. She really did not understand where his courage came from to say such arrogant words.

The cuckold patriarch also laughed at his words and ignored them. He said, "Take your people and leave immediately. This place is not something you can occupy."

The real competitors should be the other two saint clans, not the rabble in front of him.

Su Yu did not say a word. He raised his hand and waved, and the kalpa scythe appeared in his palm.

He had never bothered to waste his breath on stubborn people. He poured his power into the kalpa scythe, and his eyes were cold. "Then let's Be Nameless Souls!"

The cuckold patriarch looked at the scythe in Su Yu's hand, and could not help but be surprised.

The super powerhouse that Qing Mu mentioned seemed to also use a scythe, right?

Could they be the same person?

However, this thought only flashed through his mind. How could they be the same person?

With the Super Powerhouse's strength, how could he be in cahoots with these triangles?

At that level, how could a nine star civilization not be a super powerhouse?

"If you want to die, I'll Grant You Your Wish!" The cuckold patriarch said indifferently.

However, just as he said that, a terrified voice came from the people behind him, "S-senior!"

Qing mu parted the crowd and came from behind. He looked at Su Yu with a pale face.

It was not until Su Yu took out the great calamity scythe that he recognized the black-robed man. He was the super expert who had killed the two great saints of the famous sword Saint Tribe!

Hearing this, the expression of the cuckold patriarch and several ancient saints froze. They turned their gazes toward Qing Mu with great difficulty.

Their eyes were filled with disbelief.

It was not until Su Yu's reply that they broke the fluke in their hearts.

"You are also from the Soul Wood Saint Tribe?" Su Yu naturally recognized Qing Mu and asked indifferently.

Qing Mu's eyes were filled with fear. He hurriedly pleaded, "Please show mercy, senior. We did not know that you had come. We did not mean to offend you. Please show mercy, Senior!"

At this moment, the green-hat patriarch and the others' pupils all violently constricted!

Chapter 2990

Was he really the super expert that Qing Mu had mentioned?

It was completely illogical.

How could such a super expert be together with such a motley crew?

Su Yu's expression was indifferent. "Show mercy? He came knocking on my door and injured my people. How Do You Want Me to show Mercy?"

Qing mu was drenched in cold sweat. He felt wronged in his heart. How did he know that Su Yu would arrive a step ahead of him? How could he have thought that such a super expert was actually the leader of a small and unrated faction?

This pockmarked was not pockmarked's. He was trying to trick people!

He could not make up his mind. Naturally, he turned his gaze to the green-hat Grandmaster. They were the ones who caused the trouble. It was better for the elders to solve it themselves.

The green-hat Grandmaster's heart trembled. He looked at the huge scythe in Su Yu's hand.

According to Qing Mu, this scythe was extremely powerful and could suppress great sage cultivators.

"Fellow Daoist, we did not mean to offend you. Please forgive us." The green-hat Grandmaster was very polite. He said, "How about this? Fellow Daoist, name a price. We can discuss it properly."

Name a price?

In Su Yu's heart, an evil woman was priceless.

He glanced at the female ancient sage and said indifferently, "On account of Qing Mu, I can spare you this time. However, I have always paid attention to fairness."

"Whoever gives a slap to my people will receive a slap from me! After that, the grudges will be cancelled out," Su Yu said.

The cuckold patriarch's pupils constricted. He hurriedly said, "You can't!"

If Su Yu's strength was really as Qing Mu had said, how could his clansmen withstand the might of Su Yu's slap?

Su Yu raised his scythe and said, "Then, I'm Sorry!"

He did not put the soul wood saint clan in his eyes. The two great saints of the famous sword Saint clan could be killed, so why couldn't he kill a mere great saint of the Soul Wood Saint Clan?

"Wait!" The female great saint's face was ashen as she said, "So what if I receive a slap from you?"

There was not much fear in her eyes.

When she did not see Su Yu in person, she was indeed in awe of the ruthless person that Qing Mu spoke of.

However, now that she had seen him in person, she could clearly sense that Su Yu's cultivation level was rather weak and was not much better than hers.

What harm could he do to her after taking his palm?

"Your Courage is commendable." Su Yu took back the kalpa scythe and said, "I have always kept my word. As long as you can withstand it, I will write it off."

"Then come." The female ancient Sage felt more assured when she saw that Su Yu had taken back the scythe.

The cuckold patriarch hesitated for a moment but did not stop the female ancient sage.

Firstly, this matter did need to be resolved.

Secondly, he and the female ancient sage had the same thoughts. It was hard to believe that an ancient sage could kill two great sage experts of the famed sword Saint tribe. It sounded incredible.

It was not a bad thing for his clansmen to test Su Yu's true strength.

Only Qing Mu hurriedly signaled his elders to stop her. Only he understood that Su Yu's strength and cultivation were not something that could be measured by common sense!

However, it was too late.

The female ancient sage formed a seal with her hands. Countless energies revolved around her body, forming a huge sphere.

This energy barrier was completely capable of withstanding a full-force attack from someone of the same cultivation as her.

For safety reasons, the female ancient sage also released her domain. It was a domain that was similar to a quagmire. Once she unleashed it, it would form a thirty-foot-wide area of mud.

Once the energy entered the domain, it would be greatly reduced by the mud.

Under the dual protection, it was impossible for someone of the same cultivation to deal any effective damage to her.

"This doesn't count as breaking the contract, right?" The female ancient Sage asked with a glint in her eyes.

When she attacked the vile daughter just now, the other party did not have enough time to prepare.

If Su Yu did not allow it, it would be somewhat dangerous.

Su Yu crossed his arms in front of his chest and said indifferently, "You can continue."

The female ancient sage heaved a sigh of relief and said, "That's enough. Let's Begin!"

She stood there and dismissed the surrounding clansmen.

The cuckold ancestor nodded and said, "Move aside."

He had already made up his mind that if anything untoward happened in the process, he would act in time to stop her in case she really suffered unavoidable harm.

Su Yu put down his arms and said, "Since you're ready, I'll send you on your way!"

He activated his spatial domain and suddenly appeared in front of the female ancient sage. Then, he struck out with his palm.

The power of the Heavenly Dao, which was the first level of the intermediate stage of the Heavenly Dao master, gathered in his palm and formed a light palm.

The female ancient sage almost burst out laughing when she saw this. She thought that Su Yu was an ancient sage like her.

But now, it seemed that he was actually a newcomer who had just broken through to the intermediate stage of the Heavenly Dao Master. He was not even an ancient sage.

At this moment, she was completely relieved. She was also filled with serious doubts about Qing Mu's words.

Even the green-hat patriarch and the others had a trace of cold killing intent when they glanced at Su Yu from the corner of their eyes.

If what Qing Mu said was wrong, today's matter would not be so amicable.

Su Yu's cultivation was indeed at the intermediate stage of the Heavenly Dao master realm. Moreover, he had just broken through not long ago.

However, other than his cultivation, he also had an incomparable body -- the body of the son of heaven!

When his palm struck out, the swamp domain shattered into pieces the moment his palm struck out, not to mention stopping Su Yu from doing his job.

Su Yu's palm struck the energy barrier on the surface of the female ancient Sage's body without any obstruction.

One could imagine the result.

The energy barrier shattered on the spot!

Everything happened too quickly, too unexpectedly, too suddenly!

By the time the cuckold patriarch reacted, it was already too late. Su Yu's palm struck the female ancient sage's abdomen.

With a muffled sound, the female ancient sage did not even have the time to show any signs of pain before she was destroyed in body and soul by the palm. Not even a bloody mist was left behind. All of them had turned into nothingness and dissipated without a trace.

Su Yu's figure came to a halt. He silently retracted his palm and coldly said, "It seems like you weren't able to withstand my palm."

His gaze also turned towards the cuckold patriarch and the others. A cold glint flickered in his eyes as he said, "If you want revenge, you can come find me."

The cuckold patriarch returned to his senses and felt his heart ache. However, he did not dare to show any anger.

This was the agreement between both parties. Life and death were in the heavens and no one else could be blamed.

Her clansmen wanted to kill the evil daughter. Now, she was returned with a palm strike. She deserved this fate.

"Fellow Daoist, you must be joking. We have no such intentions." The cuckold patriarch endured the pain in his heart. In other words, he was already numb to life and death.

As a great sage, he had lived for a long time. He had long since become indifferent to the life and death of others.

"Fellow Daoist, I hope that you can fulfill your promise just now and forget all your grudges." The cuckold patriarch only hoped that Su Yu would not go back on his word.

Su Yu walked towards his territory with his hands behind his back. "Of course, unless you come to provoke me again."

"We don't Dare!" The cuckold patriarch watched Su Yu enter and said sincerely.

After Su Yu and the Wicked Woman Left, the cuckold patriarch led the Soul Wood Saint clan members away with heavy hearts.

"Patriarch! We made a mistake this time! Not only did we offend that super expert, but we also lost an important member of our clan," an ancient saint said sorrowfully.

The cuckold patriarch's expression was filled with the vicissitudes of the world. "Since things have already come to this, resentment is useless. We should think of a way to make up for it!"

He glanced at Qing mu and said, "In the future, you should move around with the cauldron more often."

"Yes, Patriarch!" Qing mu said.

After a pause, the cuckold patriarch's eyes flickered slightly. "In addition, the matter today is tightly sealed. Even the matter of US coming here is kept a secret and can not be spread out."

Everyone thought about it and came back to their senses.

They could not just let their soul wood saint clan be cheated. They also had to let the other two saint clans suffer a grievance!
