Chapter 3011 Exit From The DAO Alliance

The seven dried corpses looked over and climbed out of the coffin, standing in front of it respectfully.

"Elder Han!" The seven people said respectfully, "You're Awake?"

A muffled sound came from the coffin, "You guys, look."

Whoosh --

A domain that could see through the world came out of the coffin and entered the blurry image in the sky.

The blurry figure immediately became clear.

Su Yu, who was wearing a black robe, appeared in front of them!

No, to be more precise, the black robe gradually became transparent, and the figure of an extremely beautiful woman could be vaguely seen.

"Ah! Mirror Flower Son of Heaven!" The seven dried corpses exclaimed in shock.

That face belonged to mirror flower son of Heaven alone!

"No, that's just a part of mirror flower son of Heaven's body. She hasn't fully recovered," elder Han said hoarsely in the coffin.

Even so, it was enough to make them panic.

Why did mirror flower son of Heaven come to the Heavenly Dao Union?

Did they discover the secret of the Heavenly Dao Union?

"Elder Han, what should we do? Should we come out to welcome her, or..." the seven elders asked.

The sudden arrival of the mirror flower emperor disturbed their calm thoughts.

Elder Han said slowly, "Since the mirror flower emperor came quietly, we'll pretend that we don't know. We just need to keep an eye on her at all times. If there's any movement, we'll react accordingly."

"Yes!" The seven elders said with conviction. Among them, elder Zhou, who was ranked last, volunteered, "I'll come out of seclusion temporarily and monitor the mirror flower emperor's movements at all times. I'll also take over the overall situation of the Heavenly Dao Union."

At the critical moment, there had to be an elder who was in charge.

Elder Han, who was in the coffin, nodded. "Yes, by the way, the change of the union leader should be completed as soon as possible."

"Yes."

Elder Zhou left the hall of elders alone.

The moment he left the hall of elders, the flesh and blood on his body immediately became plump. Soon, he became a normal living creature.

He took a deep breath and muttered, "It's really an eventful time. At the critical moment, the mirror flower emperor just had to come."

A blurry light appeared around his body. When the light dissipated, he had already appeared in the Heavenly Dao Union's main hall.

In the hall, there was a person sitting silently on the chief's throne, which ordinary people were not allowed to approach.

"Bai Xue?" Elder Zhou was slightly surprised. "You're back?"

Bai Xue's gaze did not waver. It was as if both her eyes were dead and she no longer had a body. She silently took out two items.

One was the Heavenly Dao Union Seal, and the other was the statue seal.

"Return the items to their original owners," Bai Xue said calmly.

Elder Zhou immediately went forward and grabbed the two items to examine them carefully. He let out a long sigh. "I've finally found them!"

While feeling gratified, he couldn't help but criticize, "You, you! You've given the Heavenly Dao Union a false alarm!"

If these two items were lost, it would be a big problem.

To be exact, trouble had already come to them. Not long ago, a large number of suspicious creatures had successfully entered the nine-star civilization with the documents issued by the Heavenly Dao Union.

This matter was known by the son of Heaven Palace, and they had specially ordered the Heavenly Dao Union to give an explanation.

The so-called son of Heaven Palace was the most top-notch stone man palace in the sky under the control of the mirror flower emperor.

According to the region, the Stone Man Palace went from high-level to low-level. They were the Heaven Stone Man Palace, the Cave Stone Man Palace, and the Realm Stone Man Palace.

For example, the Stone Man Hall in the Cloud Wilderness realm was the realm stone man hall in the tripod realm.

And the stone man hall that was one level higher was the cave stone man hall of ten thousand caves. It was the upper level of the Hundred Realm Stone Man Halls in the Cloud Wilderness Realm.

The highest level was the Heaven Stone Man Hall, which ruled the ten great cave stone man halls.

They were warned by the Heaven Stone Man Hall, which showed how serious the situation was.

However, they had already made it clear that the Heaven Stone Hall did not pursue the responsibility of the Heavenly Dao Union anymore.

"In the future, you must never act recklessly again, understand?" Elder Zhou criticized.

Bai Xue said silently, "There's no future, right?"

Elder Zhou's body slightly stiffened, and he said with a complicated expression, "You already know?"

It was almost certain that Bai Xue would never have the chance to touch the great seal and seal again.

She was no longer the alliance leader.

Snow White stood up sensibly and stood up from the position of the Alliance leader. She said, "Some of you know, some of you don't."

She looked at elder Zhou and said, "Back then, elder Zhou, you were one of the people who supported me to become the Alliance leader."

"Can you tell me, on account of our many years of friendship, why?" Snow White asked.

The change of the Alliance leader was related to the stability of the Heavenly Dao Union.

Before she left, there was no news about it, but after she came back, she had frozen the privilege of being the alliance leader.

There must be a major reason why she was suddenly replaced.

Grand Elder Zhou was silent for a long time. He waved his sleeve and set up a thick isolation barrier. He sighed and said, "Grand Elder, you have returned to the ultimate."

"What?" Bai Xue's petite body trembled violently. She said in shock, "How could it be so Sudden?"

Grand Elder was the oldest surviving leader of the Heavenly Dao Union.

His cultivation base was extremely high, second only to that of the ten thousand saints.

Over the years, the Heavenly Dao Union had been able to develop smoothly. Grand Elder had played an important role in it. Otherwise, it would have been destroyed by the evil forces long ago.

And that year, Bai Xue was able to defeat all the competitors and become the leader of the Heavenly Dao Union.

Although she had the support of people like elder Zhou, the most important thing was that the great elder personally recommended Bai Xue to become the leader.

That was the key to turning defeat into victory. She defeated the most competitive Han Yanran and became the new leader.

She pushed back and sat on the throne in a daze. She could not accept the reality before her. "Why did the great elder return to the sinkhole?"

With the Grand Elder's cultivation, he could live as long as the heavens and earth. As long as he was not targeted by stronger cultivators, there was no such thing as returning to the ultimate.

Grand Elder Zhou sighed silently. "Eternal life, in a sense, is a form of torture."

The Grand Elder had lived for nine epochs and had witnessed the destruction and reconstruction of nine-star civilizations several times. He had also witnessed the rise and fall of the human race. He had long lost his passion for life.

"Grand Elder, you have chosen to break through to the Ten Thousand Saints realm. If you succeed, you will lead the Heavenly Dao Union to a final battle. If you fail, you will leave your life's cultivation to the remaining grand elders and let them continue to protect the Heavenly Dao Union."

Snow White's fragrant shoulders rustled as she felt an indescribable sadness in her heart.

It turned out that the grand elder had voluntarily left the current world and entered the cycle of reincarnation.

"Now, the one with the most seniority is elder Han." Elder Zhou told the truth.

Elder Han Yuan hoped that his descendant, Han Yanran, would become the leader of the alliance.

Now that the Grand Elder had left, he was the person with the highest authority in the Heavenly Dao Alliance. The other elders had to give him face.

"However, you can rest assured, Bai Xue. Although you are no longer the alliance leader, with your cultivation level of a great sage, the Heavenly Dao Alliance will not treat you unfairly. Perhaps you can become the guardian of the Grand Elder Hall." Elder Zhou said.

Tears filled Bai Xue's eyes as she shook her head, "There's no need. I'm not here to beg you. I'm here to inform you of something."

A letter slipped out of her sleeve and flew towards Grand Elder Zhou.

The latter opened it and frowned, "You want to leave the Heavenly Dao Union?"

Chapter 3012 Aggressive

Bai Xue's expression was desolate, and her eyes were filled with desolation. "Give me a reason to stay."

She was a good alliance leader, but she was forced to abdicate. Where was her dignity?

No matter how good the treatment was, it was difficult for her to shamelessly stay in the Heavenly Dao Union.

Elder Zhou had expected this, but he was still extremely regretful. Bai Xue was a great sage. As long as she cultivated for a long time, she would be able to become an elder.

To leave the Heavenly Dao Union now was a loss that no one wanted to see.

He also did not agree with elder Han's way of doing things. Was it worth it to lose a great sage just to support his own descendants?

"Your leaving the Heavenly Dao Union is of great importance. I Can't make the decision." Elder Zhou put down the letter and said, "It's best for the elders to decide together."

An unknown flame rose in Bai Xue's heart. "Can't I leave even if I want to?"

"Of course!"

A teasing voice came from outside the hall.

Han Yanran led a group of ancient sages and swaggered into the main hall.

She held her neck high and looked dignified, like a little peacock that had won.

"The premise is that I'm happy!" Han Yanran said arrogantly.

Bai Xue said disdainfully, "Who do you think you are? I want to leave, but I need you to be happy?"

Han Yanran put her hands behind her back and felt quite proud. She took out a golden scale with a smile that was not a smile. "Bai Xue, Oh Bai Xue, do you think that the Heavenly Dao Union is a place where you can leave just because you want to?"

Elder Zhou looked at the golden scale and said in surprise, "Elder's secret letter?"

A secret letter was the highest secret order that only the grand elder could issue. The other elders had no right to ask about it.

Now that the Grand Elder had returned to the ultimate, only elder Han could issue a secret letter.

"Take it and see for yourself." Han Yanran flicked her finger and the golden scale flew into Snow White's hand.

Snow White held her suspicious gaze and flipped through the contents of the scale. Her pupils constricted. "How dare you!"

Grand Elder Zhou swept his gaze across the scale and quickly grabbed the contents. His expression changed drastically as he said in a deep voice, "Han Yanran, is this true?"

He was unwilling to question the authenticity of the scale, but the contents of the scale were simply too shocking.

"Then you can ask grand elder Han." Han Yanran was fearless and looked at Bai Xue's expression with a playful gaze.

The expression on Bai Xue's face changed again and again, and it was extremely ugly.

On the secret letter was elder Han's order. After Bai Xue left the Alliance leader, she was sent to the Heavenly Dao Cemetery and was to guard the cemetery for a new era. She was not allowed to take a single step out during that period.

The cemetery was the burial place of all the elders of the past generations.

The Heavenly Dao energy there was thin and there were few people. There was no difference between guarding the cemetery and going to jail.

Elder Han not only stripped Bai Xue of her position as the alliance leader, but he was also worried that she would be filled with hatred and come back to take revenge one day.

Therefore, he imprisoned her in the mausoleum so that she would not be able to increase her cultivation for an entire era and would not be able to pose a threat.

His intentions could not be described as not vicious!

"However, I feel that after all, you were once the alliance leader of Our Heavenly Dao Alliance, and you ended up in such a miserable state. Those loyal subordinates of yours in the past will definitely be disappointed."

"So, I plan to let you off." A smile hung on Han Yanran's face, but no one felt that there was any kindness in that smile.

Bai Xue was so angry that she was trembling, and her face was ashen.

After the Grand Elder died, was she going to end up like this?

Was it pathetic, or was it laughable?

"The premise is to make you happy?" Bai Xue said in silence.

Han Yanran smiled slightly. "Of course!"

Bai Xue looked straight at her and clenched her fists slightly. She endured the intense humiliation and said, "What conditions do you want?"

Han Yanran looked like she had gotten what she wanted and said, "Do three things!"

"Speak."

"First, personally hand over the seal of the Heavenly Dao alliance and the seal of the statue to me, the new alliance leader."

Elder Zhou frowned. Han Yanran was not the alliance leader yet, so where did the handover come from?

It was clearly an insult?

Bai Xue hesitated for a moment, then silently picked up the big seal and seal. She walked up to her and handed it to her. "Here you go."

Han Yanran crossed her arms in front of her chest and did not take it. "This is your handover? Do You Have Eyes for me, the President?"

She looked directly at Bai Xue and gave her a threatening look. "Kneel down on one knee and call me president! !"

Creak --

Snow White clenched her silver teeth so hard that they made creaking sounds.

This was too much!

When had she ever heard that the previous president had to kneel down on one knee to the next president during the handover?

The reverse was not enough!

However, Snow White did not want to stay in the Heavenly Dao union any longer. Her heart was completely cold.

That was because even elder Zhou, who had once supported her, could only watch from the sidelines and did not show any support.

It could be seen that the Heavenly Dao Union could no longer find anyone to support her and help her.

In a place like this, she would leave even if she had to die.

Plop --

She knelt down on one knee and handed over the two seals with both hands. With great difficulty, she said, "Alliance leader Han, please accept them."

"That's more like it." Han Yanran took the two things, her heart filled with joy.

"What's the second thing?" Snow White stood up and asked. She did not know what kind of excessive request Han Yanran was going to make.

Han Yanran looked at Snow White and said with a faint smile, "The second thing is to hand over your headband. You Act like a child all day long. It's really annoying!"

Snow White was silent for a long time before she said, "The headband was left behind by my mother."

"So What? If you want to guard the mausoleum, then keep it." Han Yanran was aggressive.

That headband was not an ordinary item. It was a Peerless Dao artifact that could freeze one's appearance forever. She was envious for a long time.

The reason why Snow White maintained her girlish appearance was precisely because of this dao artifact.

Snow White clenched her hands and finally apologized silently. She took off the headband with her eyes filled with tears.

As the headband fell, her soft and long hair fell down like silky silk.

And Snow White's body actually underwent a huge change on the spot.

Her short figure became tall and slender in the blink of an eye, exquisite and exquisite. Her young and tender girl face also became the delicate face of a classical beauty.

Although it could not be said that she was absolutely beautiful in the world, she was still an extremely rare beauty that could topple cities.

Elder Zhou was stunned when he saw this. He could not believe that the president who always looked like a child was actually such a beautiful woman!

Even Han Yanran was stunned when she saw this.

She really did not expect that Bai Xue's real person would be so beautiful!

She really knew how to hide!

Inexplicable jealousy welled up in her heart. She was extremely unwilling. Even though she had obtained the position of Alliance leader, she still lost to Snow White in terms of looks.

"The third condition, listen carefully!" Han Yanran snatched the headband and said coldly, "I want you to... Cripple your cultivation!"

What?

Elder Zhou's eyes were burning with anger. This Han Yanran was getting more and more outrageous.

Those who self-destructed their cultivation might not even be able to walk out of the Heavenly Dao Union. Either they would meet with misfortune, or they would never be able to walk out of the Heavenly Dao realm as a mortal.

However, he had no choice but to shut his mouth and did not meddle in other people's business.

Elder Han's hand covered the sky. There was nothing he could do to help.

Chapter 3013 Not To Be Messed With

Bai Xue's face was ashen, and the anger in her heart could no longer be suppressed.

Han Yanran had no intention of letting her go. From the start, she had been playing with her.

"Han Yanran! You must keep your word!" Bai Xue warned. She clenched her fists tightly, and the power of a great sage turned into a wave that surged around her.

Han Yanran was not afraid at all. Instead, she became even more hostile. "What? You want to go against my decision as the leader? Don't forget, I am the leader now, and you are nothing!"

Snow White stood there without moving. She only stared at Han Yanran.

The latter played with her hair band calmly and said, "I, Han Yanran, am a man of my word. The third request has been fulfilled. I will immediately let you leave the Heavenly Dao Union."

Hehe!

Self-destruction of cultivation was better than being imprisoned in a cemetery!

At the very least, the latter could still save her life.

"Han Yanran, I have endured it for a long time. Why must you force me?" Bai Xue took out a needle.

Elder Zhou, who was beside her, saw this and thought that it was not good. He wanted to stop her, but it was already too late.

Han Yanran's eyes flashed with a sharp light, as if she had seized a great opportunity. Her eyes were filled with a cold smile that said, "Someone, come! Bai Xue intends to assassinate the union leader. Such a traitor should be killed on the spot!"

There was no reason for her to play with Bai Xue.

Her goal was to force Bai Xue to make a move when she could no longer bear it. Then, she would be charged with a crime that she would never be able to recover from.

To be honest, she was really worried that Bai Xue would bear with it and enter the mausoleum to guard the mausoleum.

The Living Bai Xue was still a threat to her position as the alliance leader.

Only the dead Bai Xue could make others feel at ease.

Hualala --

The ancient sages behind her immediately rushed forward to protect Han Yanran.

Snow White was filled with rage, and she felt as if her chest was about to explode.

It was one thing for her position as the alliance head to be crippled.

It was another for her to guard the tomb for an entire era.

It was another for her to kneel down and hand over the seal and seal of the alliance head.

It was another for her to snatch away the only thing that her mother had left behind for her.

But why did she still not let him go even though she had already given in?

Why?

Why?

An extremely repressed grief and indignation turned into absolute killing intent.

"Die!" Snow White leaped up and turned into a vast expanse of white snowflakes.

Those snowflakes were all formed from the Dao weapon needles in her hands.

Each snowflake was filled with countless needles that could hurt people without form.

She had lost even the slightest bit of trust in the Heaven Dao Alliance.

Since the Heaven Dao alliance had put him in a life-and-death situation, what was there to be reluctant about? What rules did they follow?

They would just kill their way out and judge the Heaven Dao Alliance!

Of course, how could they let Han Yanran off before they left?

Hua --

The white snow instantly covered the group of ancient sage experts and Han Yanran.

Immediately, the ancient sage experts at the forefront were all frozen into ice, but their vitality was extinguished.

The faces of all of the ancient sages were filled with agony.

This was because they had not truly been frozen to death. Instead, their souls had been destroyed by countless needles.

"You..." Han Yanran was taken aback. She had not expected that her ancient sage guards would be killed without even putting up a fight.

The strength that Bai Xue had concealed was far stronger than she had expected!

"You forced me to do this!" Bai Xue's eyes were filled with killing intent. With a wave of her finger, a snowflake swiftly covered Han Yanran.

However, elder Zhou was present, so he obviously would not watch Han Yanran be killed.

Otherwise, he would not be able to answer to elder Han.

"Stop!" Elder Zhou sighed.

He rubbed his palms together, and a golden top appeared behind Bai Xue in a flash, crashing fiercely.

Although Bai Xue had her dao artifact to protect her body, it was still difficult for her to withstand the tremendous power of the top.

Puff --

The snowflakes around Bai Xue immediately dissipated and fell to the ground, turning into needles.

The spinning top had also pierced through her dao body, creating a huge gap. Her Dao blood rolled down, looking extremely miserable.

Bai Xue's internal organs were destroyed, and a mouthful of hot blood gushed out from her throat. Her body was also knocked forward by the huge force, and she fell to the ground.

Bai Xue's entire body was in intense pain, but her killing intent did not diminish. She jumped on the ground and pounced on Han Yanran. "Die! !"

Thud --

However, when she was in mid-air, a gravitational force descended from the sky and kicked her to the ground.

It was elder Zhou!

He stepped on Bai Xue and said with a straight face, "Bai Xue, you passed!"

Bai Xue's body was already in excruciating pain, and now that elder Zhou had stepped on her wound, the pain was unbearable.

However, Bai Xue's heart was in even more pain at this moment.

She turned her head and her eyes were filled with tears of sorrow. "I passed? So it was me who passed! hahahaha..."

She seemed to have heard the funniest joke in the world as she laughed maniacally.

Her laughter was filled with despair, anger, sorrow, and deep ridicule.

Elder Zhou's eyes flashed with a hint of reluctance. He could not help but close his eyes. When he opened them again, his eyes were cold and emotionless.

"No matter what Han Yanran has done, she is still the alliance leader. Your assassination of the Alliance leader is an unforgivable sin!" Elder Zhou said with an iron face.

It was as if he had served justice when Han Yanran was so aggressive.

"Hehehehe, you can kill me if you want. You Don't have to talk to me about benevolence and justice." Snow White's fingers scratched the ground, and there was only fierce hatred in her eyes.

"The greatest regret in my life is to work for the Heavenly Dao Union." Snow White stared at Han Yanran with an evil ghost-like gaze. "If there is an afterlife, I will be the Heavenly Dao Union's mortal enemy until the Heavenly Dao Union is destroyed!"

The hatred was as deep as the betrayal.

The betrayal that Snow White had suffered was enough for her to remember in her reincarnation.

Han Yanran was frightened by her disheveled hair and the extreme hatred in her eyes, and she was quick-witted.

Such a person definitely could not give her a chance.

Otherwise, she would not be able to sleep and eat in peace!

Evil thoughts rose in her mind. She said, "Elder Zhou, what are you waiting for? Chop off her head and destroy her soul! Our Heavenly Dao Union does not have such a traitor who disobeyed the union leader!"

Elder Zhou did not hesitate too much. He raised the top and smashed it fiercely at Bai Xue's head.

At this moment, Bai Xue was looking at the bright sunlight outside the Heavenly Dao Union. Her eyes seemed to reflect some hazy time from the past.

It was warm and hurried, clear and blurry.

It was as if it was a very distant time, but also as if it was yesterday.

Her heart sank. Perhaps, this life would end just like that?

But, suddenly, the sunlight at the entrance of the hall shook.

A figure covered in warm sunlight walked over from afar.

He walked very slowly, but every step he took landed on people's hearts, causing their hearts to pound.

"Su... Yu?" Snow White thought that she had seen wrongly and blinked her eyes.

However, the figure was too blurry and couldn't be seen clearly.

Until a familiar yet unfamiliar voice entered her ears.

"My people, are you going to waste them like this?"

It was an emotionless question, but because of this, it made them inexplicably shudder and feel inexplicable fear.

It was as if they were suppressing another extreme emotion under extreme calmness.

Chapter 3014 Deep Hatred

HMM?

Elder Zhou frowned, "Guards!"

Were the guards outside blind? How could an important place like the main hall allow outsiders to enter?

However, the outside of the hall was silent.

"Guards!" Elder Zhou Yun shouted again, but there was still no movement. He had a bad feeling.
Could it be..

"If you are calling for the imperial guards, there's no need." Su Yu walked over with his hands behind his back. Wherever his footsteps passed, the ground was covered in ice.

The air in the surrounding halls froze and turned into a white mist.

When a person controlled all sorts of domains, every word and action could affect the Great Dao of Heaven and earth.

Elder Zhou stepped on the white snow and was unable to escape. He casually threw a great sage level power at Su Yu.

In the blink of an eye, a faintly discernible, irregular stream of air swept up the power of tearing space and arrived before Su Yu.

Su Yu did not say a word. He grabbed the Kalpa realm scythe with one hand.

Kacha --

The ten golden heads on it all appeared.

Sou --

With a scythe, a terrifying arc-shaped ripple rushed out from the Kalpa realm scythe.

The great sage-level power that swept over was instantly destroyed.

The power of the ripples did not decrease as they sped towards Han Yanran and Zhou Yuan.

Han Yanran sucked in a breath of cold air. Even a great sage was able to withstand it?

Furthermore, the ripples gave her a feeling of fear that she could not avoid. It was as if they came from a superior being that had completely crushed her!

The thing that she could not accept the most was that this attack came from that unremarkable friend of Snow White's!

She had mixed feelings in her heart, but most of her emotions were jealousy.

"This is the Heavenly Dao Union. How can you be so arrogant?" Han Yanran insisted on not retreating. She took out the seal of the Heavenly Dao Union that she had just obtained and tossed it into the air.

The four characters of the Heavenly Dao Union seal immediately left her body and formed a net in front of her.

However, the power of the great calamity scythe was already enough to kill a great sage-level powerhouse.

It was too naive to think that a mere seal from an aristocratic family could block it.

Kacha --

The four words were torn apart rapidly, and the shockwave swept over without slowing down.

At this moment, Han Yanran felt a fatal danger. Her body trembled, and she screamed in fear!

"Get out of the way!" At this critical moment, elder Zhou let go of Snow White and rushed forward. He stood in front of Han Yanran and took out his gyroscope, activating it on the spot.

Sizzle sizzle sizzle --

Under the intense rotation, the gyroscope barely managed to block the attack of the kalpa scythe.

However, there were faint traces on the gyroscope.

Elder Zhou took a look and his expression was indescribably grave. "Who are you?"

Su Yu walked over. Elder Zhou gritted his teeth and dodged. He did not fight head-on but secretly activated the transmission signal to ask for help from the Elder Hall.

A tough guy had come. He might be able to win if he won alone, but there was no need to take the risk.

Su Yu came in front of Bai Xue and looked at the serious injuries on her body. The cold air around her body became even thicker. "You only left for a moment. Are you going to waste my friend like this?"

If he hesitated a little longer and came a little later, would it mean that Bai Xue was going to die completely?

He really did not expect that the Heavenly Dao union would be so mean!

Grand Elder Zhou said with a straight face, "This is an internal matter of our Heavenly Dao Union. It's better for you to stay out of it."

Snow White tugged at his sleeve gratefully and anxiously, saying, "Hurry up and leave. He must have informed the Grand Elder Hall. It will be difficult for him to leave later."

"Humph! Our Heavenly Dao Union is actually a place where we can come and go as we please?" Grand Elder Zhou turned his body to the side and blocked the exit of the main hall.

With his strength, it was not difficult for him to block the other party until the experts from the Elder Hall arrived.

After Su Yu instilled a surge of power into Bai Xue's body, he fed her a healing pill and then slowly put her down.

"Who said that I'm leaving?" Su Yu slowly stood up and said with his back facing elder Zhou!

A surge of chaotic power surged in his palm and poured into the myriad calamity scythe continuously.

The white handle burned with a layer of pale flames, and the ten golden heads opened their eyes at the same time.

He had not used his full strength in order to avoid hurting Snow White.

Now, he had no more scruples.

Elder Zhou's heart thumped as he watched the myriad calamity scythe begin to change its appearance.

The myriad calamity scythe gave him an extremely savage, ancient, and bloodthirsty feeling.

It was as if he wasn't facing a dao artifact, but an incomparably ancient fierce beast.

"Sir, you've already made a huge mistake by trespassing into the Heavenly Dao Union first. If you still use force without permission, it'll be very difficult to turn back," said elder Zhou. His body even slightly retreated, and all the nerves in his body tensed up.

Su Yu's expression was indifferent. He slowly turned around and stared at him with an ice-cold gaze. "Then, you were right to harm my friend?"

"That is the matter of my Heavenly Dao Union. You have no right to interfere," elder Zhou argued.

Su Yu raised the kalpa scythe and said calmly, "You will soon know whether I have the right or Not!"

Swish --

The kalpa scythe swung down instantly!

This time, it was no longer a ripple, but a huge net that covered all directions.

Elder Zhou's expression immediately became serious. "You are impudent!"

He pinched his hands together, and the top spun rapidly, charging straight at the huge net.

Creak --

In an instant, the top rubbed against the huge net until countless black sparks appeared, as if it would break apart in the next moment.

However, the huge net suddenly retracted and wrapped around the top. Then, it continued to shrink, and in the end, the huge net completely passed through the top.

Crack --

The top immediately broke into pieces, turning into pieces and falling to the ground.

Puff --

Elder Zhou, whose mind was connected, spat out a mouthful of blood mist in shock. His face was filled with fear. "My... My Golden Emperor Top!"

That top was one of the ten sect-guarding Dao artifacts of the Heavenly Dao Union. It was indestructible and could break through all the enemy's frontal attacks.

Normally, no matter how intense the battle was, there would not be a trace of damage. But now, it was completely destroyed.

At this moment, elder Zhou finally knew who he was fighting with.

"Let's Go!" He grabbed Han Yanran and turned to flee. How would he dare to fight with the other party?

However, if he wanted to leave, he had to ask Su Yu.

Swoosh --

Another huge net came unexpectedly and enveloped elder Zhou and Han Yanran.

The latter was so scared that his old face turned pale. he shouted, "If you have something to say, please say it. We don't have any deep hatred!"

Su Yu was expressionless. "If you were willing to speak properly, how would Bai Xue end up in this situation?"

He had never spoken up for Bai Xue at all. Not only that, he had even helped the villain to harm Bai Xue.

The injuries on Bai Xue's body were all caused by this old man who seemed to be neutral, but was actually biased towards Han Yanran!

Creak --

The giant net instantly arrived and pounced on elder Zhou.

The latter's expression changed drastically. He felt as if he had returned to the era of mortals when he went up the mountain to chop firewood, and there was a sense of desperation and panic from a fierce tiger chasing behind him.

Chapter 3015 Retribution Was Too Quick

Ah --

The huge net touched him and made him scream in fear.

At the critical moment, two cold snorts were heard at the same time. "How dare you act rashly in the Heavenly Dao Union!"

Swoosh --

Two dried corpses that were even more imposing than elder Zhou descended from the sky!

Each of them held a dao artifact in their hands and grabbed the huge net to pull it back.

Only then did elder Zhou manage to escape death's door. He rushed forward in a hurry.

The two dried corpses also stood in front of elder Zhou.

They were the elders ranked seventh and eighth.

"Elder Zhang, elder Chen, be careful of this kid's Dao artifact. It's very powerful!" Elder Zhou reminded.

The two elders recalled their Dao artifacts and found that there were some injuries on their Dao artifacts.

The two of them were shocked.

"Elder Zhou, take Han Yanran away first. Go to the Elder Hall and ask elder Han to come out of seclusion!" The two elders realized that they had encountered an unprecedentedly strong enemy, and the two of them might not be able to suppress them.

Elder Zhou nodded. "Be careful! Don't fight head-on, try to delay!"

After saying that, he took Han Yanran and sped away.

Su Yu was expressionless. "I said, you don't have to leave!"

Bang --

Su Yu stuck the kalpa scythe into the ground and stretched out his hands. An enormous golden bell appeared above his head.

The bell was covered with dense dragon patterns and gave off an incomparable pressure.

In terms of rank, only elder Han's ancestral dao artifact could be compared to it.

"Yimo Soul Suppression Bell?" The two elders sucked in a breath of cold air.

How could they not recognize the famous ancestral dao item of the famed sword Saint Clan?

However, wasn't this dao item rumored to have fallen into the hands of a mysterious person?

And that mysterious person had used his own strength to kill the two supreme grand sages of the famed sword Saint Clan!

"You... you're that person from Mount Xue?" The two elders' expressions changed drastically as they cried out in shock.

Su Yu was expressionless. "You Only Know Now?"

Dong --

While they were talking, they had already activated the Yimo soul suppressing bell!

A long and fast bell chime swept across the surroundings. The bell chime was filled with the destructive power to the soul!

"Run!" The two hurriedly shouted and immediately retreated. They then used all the soul defense techniques on their bodies.

However, if the Yimo soul suppressing bell was so easy to defend, how could it be so famous?

In just a blink of an eye, all the defenses on their bodies were shattered. Then, a terrifying soul fluctuation pierced through their bodies.

Ah

After a shrill scream, the two doyens covered their heads and screamed in pain. They had no fighting power at all.

Although they weren't dead, their souls had been severely damaged. They wouldn't be able to recover for another era.

In the distance, elder Zhou and Han Yanran were very far apart. Although they were not killed directly, they were also affected.

Elder Zhou was still fine, but Han Yanran was almost killed by the soul attack.

Blood flowed out of her seven orifices. She clutched her head and wailed, but more than that, she was terrified.

"Go!" Elder Zhou growled. He endured the pain in his soul and rushed towards the Elder Hall.

He sent out a distress signal along the way.

Chi La --

The space in front of him was torn apart. Su Yu walked out, still holding the kalpa scythe in his hand.

Elder Zhou's heart turned cold. He growled, "Are you really going to be my Heavenly Dao Union's Enemy?"

Su Yu said indifferently, "No! You are not qualified enough!"

After that, he raised the kalpa scythe again.

This was the last attack.

No other elders could save them in time. And with elder Zhou losing his dao artifact, it was impossible for him to block it.

"What do you want to do to let us go?" Elder Zhou said, "Bai Xue is not dead, she is just injured!"

Su Yu said indifferently, "Why didn't you say that earlier?"

There were enmity, revenge, and complaints.

Ever since Su Yu appeared, Grand Elder Zhou had always been condescending with the Heavenly Dao union's attitude. He did not even admit his mistake, let alone discuss it.

"Speak." Grand Elder Zhou lowered his head. "If you want me to apologize, I can agree."

Su Yu smiled mockingly. "You hit her, hurt her, and then apologize? All the advantages in the world have been taken by you!"

Elder Zhou's face twitched and he said, "Alright, tell me. What do you want?"

Su Yu pointed at Han Yanran behind him. "First, execute her."

In terms of detestation, it was naturally the cold and heartless elder Zhou.

But in terms of detestation, it was Han Yanran!

She used all her means to humiliate and persecute Bai Xue. In the end, she even forced her to make a move and took the opportunity to execute Bai Xue.

It was difficult to appease the hatred in Bai Xue's heart without killing such a vicious woman.

On the contrary, Bai Xue might be able to let go of elder Zhou's attack.

"No! No, elder Zhou, protect me. Elder Han will be here soon," Han Yanran said in fear.

At this moment, her heart was thumping wildly, and she was filled with regret.

If she had not been so ruthless, why would Bai Xue's friend Be So Furious?

However, how would she know that the insignificant friend Snow White brought back would be so terrifying?

"No!" Grand Elder Zhou rejected flatly. "He is grand elder Han's direct descendant. You can not kill him."

Su Yu could not be bothered to waste any more words. She raised the myriad calamity scythe and launched an attack.

Since she did not want her to die, then they would die together!

Grand elder Zhou's eyelids twitched wildly and he immediately said, "Wait!"

However, Su Yu had already lost his patience. The myriad calamity scythe was being rapidly activated and did not have the slightest intention of stopping.

Elder Zhou's heart was burning with anxiety. He immediately steeled his heart and turned to look at Han Yanran.

The latter was so frightened that she staggered. Her face was pale as she said, "Elder Zhou, don't. Wait a little longer. Elder Han will be here soon!"

Elder Zhou glanced at the two seriously injured elders from the corner of his eyes and then looked at the devastated scene. His heart was filled with hatred.

He had warned them not to go too far, but did Han Yanran listen to him?

She had been doing evil and doing whatever she wanted just because she was elder Han's descendant!

Now, she had kicked an iron plate. She had harmed the two elders and also caused the Heavenly Dao Union to bear a mysterious and terrifying enemy.

This kind of junior was more than capable of ruining things!

What was the point of keeping her alive?

She might cause even more trouble in the future!

"Han Yanran, don't blame me for being heartless. You've gone too far." Elder Zhou closed his eyes and reached out to grab Han Yanran's neck.

The latter struggled desperately and said, "No, I was wrong. I Won't do it again. Please let me go..."
Creak --

Unfortunately, her neck tilted and she was still killed mercilessly by Elder Zhou.

Han Yanran probably never dreamed that retribution would come so quickly!

Elder Zhou turned around and looked at Su Yu. "Is there any more?"

Su Yu took back the Kalpa scythe and said indifferently, "Cut off one of your arms!"

Without thinking, elder Zhou's body shook and broke one of his arms. Immediately, blood flowed out and he could not help but kneel down on one knee in pain.

Holding his arm, he said in a deep voice, "Let's go. When elder Han comes, you won't be able to leave even if you want to. He has absorbed the Elder's power, and it's not something you can fight against!"

Su Yu glanced at him and walked into the Heavenly Dao Palace.

Chapter 3016 A Complete Break

Bai Xue's injuries had recovered quite a bit, but the injuries to her heart could not be healed for a short period of time.

Looking at Su Yu who had returned, Bai Xue lowered her head in shame. She bit her red lips tightly and said in a sobbing voice, "I've made a fool of Myself!"

Su Yu did not say a word. He placed a hair band on the back of Bai Xue's hand.

Bai Xue's eyes widened. She suddenly raised her head and said, "You... What did you do to Han Yanran?"

The headband had clearly fallen into Han Yanran's hands.

"I gave her the ending she deserved," Su Yu said very calmly.

Bai Xue immediately stood up. Ignoring the pain in her body, she grabbed him and left. She said anxiously, "You've made a big mess! After killing Han Yanran, how could elder Zhou and the others let you go? How could elder Han let you go?"

However, when she left the hall, she was stunned.

Other than the two elders who were lying on the ground and wailing, elder Zhou was also clutching his broken arm that was covered in blood.

In just a short moment, he had seriously injured three elders?

No, it was under the premise that he had shown mercy!

"Are you... Worth It?" Bai Xue asked, "Is it necessary to offend the Heavenly Dao Union for me? I'm just a dispensable child in this world, and you have to borrow the Yin Yang sect of the Heavenly Dao Union."

Snow White knew very well how much effort and effort Su Yu had spent in order to use the yin-yang gate, and how many twists and turns he had gone through.

Now, he was about to succeed with great difficulty, but because of her, he broke off with the Heavenly Dao Union.

Even if he completed the mission of the Heavenly Dao prison, he probably wouldn't be able to obtain the qualifications to use the yin-yang gate from the Heavenly Dao Union.

Grand Elder Han would never allow it.

"It doesn't matter if it's worth it or not." Su Yu pointed at her heart. "Just tell me here that this is the right thing to do."

Snow White's heart suddenly felt warm, like a torch that suddenly appeared in the world of ice, warming her heart.

When she was at the lowest point in her life, the Heavenly Dao Union betrayed her, the elder she supported betrayed her, and she was left with no other choice.

However, Su Yu sacrificed her dream that was within her grasp just to save her.

The warmth from the bottom of her heart flowed from her heart to her eyes and turned into a stream of tears. "Silly! I'm just a willful and unreasonable woman. Why must you treat me so well!"

Su Yu smiled and said, "You're homeless now. Do you want to come with me?"

It was impossible for Bai Xue to stay in the Heavenly Dao union any longer. She could only break off completely.

Bai Xue wiped her eyes. Her heart was filled with gratitude as she said, "As long as you don't mind, I can work for you in the future to repay this favor."

She tightened her grip on the headband, but after much consideration, she did not put it back on.

Instead, she carefully kept it and sealed it into her storage device.

"Yesterday's me has become the past. From today onwards, it will be the new me." Snow White no longer revealed her identity as a ten-year-old girl. Instead, she used her current body to reappear in the world of the living.

Su Yu naturally would not mind the addition of a great sage. He turned around with his hands behind his back and said, "Then let's Go!"

He took a step forward and activated his spatial domain. The two of them were swept out and arrived at the boundary of the Heavenly Dao Union's barrier.

Shengge was squatting there. She held her chin with both hands and mumbled, "Why isn't he back yet? Master couldn't have eloped with that stinky girl, right?"

The more she thought about it, the more Shengge felt that it was possible. She couldn't help but stand up and prepared to go and look for him.

"What are you mumbling about?" An annoyed voice came from the space in front of her. Immediately after, the space was torn apart and Su Yu and Bai Xue walked out from it.

Shengge quickly covered her mouth and shook her head, "I'm not the one who said that you eloped with someone, it wasn't me!"

As she was speaking, Shengge suddenly caught a glimpse of an exceptionally tall woman standing beside Su Yu from the corner of her eyes.

She looked sideways and found that it was a beautiful woman with a graceful figure, snow-like skin, clear eyes, and seductive red lips.

"Master, who is she? Didn't you go to help that stinky girl, Snow White? Why did you bring back another woman?" Shengge said sourly.

It had only been a short while, yet another beautiful woman had come.

"Who are you calling a stinky girl?" How would she know that the tall woman had her arms crossed in front of her chest, looking down at the short Shengge from a high vantage point, her eyes shooting out an arc of hostility.

In an instant, Shengge recognized who she was from her eyes and said in surprise, "You... You Are Snow White?"

"Very surprised? Very surprised? Very defeated?" Snow White bent her back and said with a faint smile.

How could Shengge withstand her provocation? She patted her chest and laughed, "I admit that I'm surprised, surprised, because I really didn't expect that the stinky girl was actually a vixen in disguise."

"But to say that I'm defeated, where do I start?" Shengge said disapprovingly.

Snow White smiled slightly. "Really? You're really not defeated?"

"What do I have to be defeated for..." Shengge said, but her eyes could not help but size up Snow White.

The more she sized her up, the more guilty Shengge became. Her small mouth muttered, "Her legs are longer than mine, her breasts are bigger than mine, and even her skin is whiter than mine..."

"From now on, take good care of her, little one!" Snow White laughed complacently. She stretched out her hand and touched Shengge's head, getting threatened by the latter baring his fangs and brandishing his claws.

This made Snow White laugh like a silver bell.

At this moment, Snow White realized that she liked this kind of life more.

Although she didn't have any power, she was happier than being in the Heavenly Dao Union!

"Let's go, let's go to the Heavenly Dao prison to take a look." Su Yu wrapped his arm around a person's waist, preparing to use his spatial domain to leave.

Even though whether the mission was completed or not had lost its meaning.

However, he still wanted to take a look at the Heavenly Dao prison. He wanted to meet Ren Zu's former disciples and comrades.

However, it might not be easy for them to leave.

With a muffled sound, several coffins tore through space, leaving behind thick afterimages.

The coffins crushed space along the way, bringing with them the power to destroy the world.

Five coffins surrounded them.

"Snow, you have disappointed us!" A muffled sound came from one of the coffins.

After what happened just now, Snow had completely seen the true face of the Heavenly Dao Union. She said indifferently, "Thank you for your disappointment! I have drawn the line with the Heavenly Dao Union!"

"Humph! Ungrateful! The Heavenly Dao Union has nurtured you until now, but what have you done? Colluding with outsiders to hurt the elders and hurt the new union leader. Are you worthy of the cultivation of the Heavenly Dao Union?"

Standing on the moral high ground, she reprimanded, but she ignored the truth.

Snow White smiled coldly. She did not bother to explain how Han Yanran wanted to kill her, or how elder Zhou killed her.

Because there was no need to reason with this group of people, they would continue to criticize you with other twisted theories.

"So what if you are? I am ungrateful. What do you want?" Snow White said disdainfully.

From another coffin, a furious voice was heard, "You are rebelling! You are really rebelling! Don't think that you can do whatever you want just because you are relying on an expert!"

Snow White did not say a word and came to Su Yu's side.

Her intention was self-evident. She wanted to fight side by side with Su Yu to fight against her former faction.

Chapter 3017 Three Moves

"Snow White, if you commit suicide now, you still have a chance to enter the Heaven Dao Union Cemetery and protect your reputation." Suddenly, an extremely cold voice came from a coffin that seemed particularly sinister.

That voice was the super powerhouse who was currently in charge of the Heaven Dao Union, elder Han Yuan.

His strength was only below that of the former elder!

He was no weaker than the most powerful grand sage Huang of the famed Swordmaster tribe!

Bai Xue scoffed, "Then I shall bear the blame for the rest of my life and live well in this world. If you like the Mausoleum of the Heavenly Dao Union so much, then you can live in it yourself. I Don't Care!"

Her intense resistance caused many people in the coffin to be furious.

In the end, elder Han sighed silently, "Stubborn! You have violated the teachings of the Heavenly Dao Union. If that's the case, I shall personally send you on your way!"

Bang --

Elder Han's coffin lid suddenly bounced off and smacked directly toward Bai Xue.

The latter's expression changed. He immediately used his cultivation base as a great sage to block the attack. A whirlpool formed in front of his arms.

This was another domain that Bai Xue cultivated. It could devour a lot of energy and neutralize the enemy's attack.

However, the power contained in the coffin lid was too great.

The whirlpool only had enough time to devour a hole in the coffin lid before it was shattered by the coffin lid.

The coffin lid's momentum did not decrease as it struck Snow White's chest.

With this strike, even if it did not destroy her body and soul, it would still shatter her dao body!

At the critical moment, two strange roars suddenly sounded.

A black light flashed in front of Snow White, and a black ring appeared.

Within the ring, two elders of the Great Sage realm appeared without any warning. They came out from the black ring and immediately joined forces to block the coffin lid.

Rumble --

The immense power within the coffin lid pushed the two great sage experts back.

Bai Xue was stunned for a moment. Then, she joined in and unleashed the power of a great sage.

The three great sages joined forces and finally blocked the coffin lid.

The two forces collided with the coffin lid and exploded it into pieces!

These two people were the two great sages of the famous sword Saint tribe that Su Yu captured when they were at Mount Xue. They had refined them into the slave ring. As long as they activated the slave ring, they would be able to command them.

Su Yu, who was watching coldly from the side, looked at the coffin with the coffin lid already open. His eyes slowly narrowed.

The two great saints of the famous sword Saint clan and Bai Xue were barely able to block the coffin lid that the other party casually slapped over?

Elder Han Yuan's strength was beyond expectations!

It seemed like he was about to enter the ranks of the ten thousand saints!

"The great saint of the famous sword Saint Clan?" A person slowly sat up in the coffin.

Unlike the dried corpses in the other coffins, the person sitting up in this coffin was actually a skeleton without any flesh and blood.

Seeing it, Snow White's eyes flashed, and her face was filled with shock.

She knew that the elders were all cultivating an immortal evil technique that made their bodies neither human nor ghost.

However, this elder Han had actually cultivated into a skeleton, which was unheard of.

"How pathetic. Back then, he was still able to exchange a few moves with me, but he became someone else's slave," elder Han sighed.

The two great saints of the famous sword Saint clan stared at elder Han for a long time before they suddenly thought of him.

"Are You Han Duanzu?" Old five sucked in a breath of cold air.

Old Four was also extremely shocked. "How can that be? A few eras ago, when you fought with Xie Tianzi, you were already struck by his evil technique. You should be dead for sure!"

From the sound of it, Han Duanzu had actually fought with the tianzi before!

"It's all in the past. Let's not talk about it." Han Duanzu stood up. The bones all over his body creaked, and a pair of golden eyes appeared in his two eye sockets.

He placed his hands behind his back and looked at Su Yu. He said calmly, "Do you think that you can do as you please in the Heavenly Dao Union just because you have a Little Dao artifact and a great sage?"

"You are still too naive!"

If the Heavenly Dao Union only had this bit of ability, how could they expand their power to every corner of the world?

They must have a peerless powerhouse that would make all the other leaders fear them!

He used to be the grand elder, but now he was elder Han Yuan.

"You destroyed your dao body and your soul left," Han Duanzu said. "As for Bai Xue, her soul was destroyed!"

He ordered and announced the fate of the two of them.

Fourth and fifth stood in front of Su Yu. The latter's face was pale as he anxiously transmitted his voice, "Master, just destroy your dao body. Don't have any conflicts with Han Duanzu."

"A few eras ago, he was a super mighty figure who could suppress an entire region. There were very few opponents under the emperor. I thought he was dead, but he actually lived for so many more eras. I can't imagine how much strength he has cultivated to."

Fourth also said in a deep voice, "Master, now is really not the time to be loyal. That Han Duanzu, he really can't be provoked!"

Su Yu's expression was calm and fearless.

"Is that so? I Can't be provoked, but I have to try!" Asking him to self-destruct his dao body, perhaps he could still do it.

But asking him to give up his friends and live a miserable life, this was something he couldn't do at all!

"Master, don't!" Fourth and fifth tried their best to dissuade him.

However, Su Yu had already thrown caution to the wind!

With a grab of his palm, the myriad calamity scythe appeared in his palm.

Fourth and fifth were terrified. It was this scythe that had destroyed their black ape.

However, the two of them were not optimistic.

Although the myriad calamity scythe was powerful, it was useless against Han Duanzu!

"Do you want to fight me?" Han Zhanzu said with his hands behind his back. The skeleton spoke in a vague and ancient voice.

He looked at Su Yu indifferently. "Alright, I'll give you a chance on account of your courage!"

"I'll give you three moves. If you can hurt me even a little, I'll let you and Snow Live," Han Zhanzu said indifferently.

What?

Snow's pupils constricted. She knew that elder Han was powerful, but it was impossible to guess exactly how powerful he was.

For many years, both grand elder Han and grand elder Han had been in closed-door cultivation in coffins.

Any orders were transmitted through the coffins. They rarely showed their faces, much less displayed their strength.

Hearing these words, Bai Xue felt an inexplicable sense of fear.

That was because she had once wanted to report the situation of Xue Shan to Han Duanzu. She knew how strong Su Yu was.

But even so, Han Duanzu still dared to say that he would let Su Yu use three moves!

Su Yu's eyes narrowed. Han Duanzu seemed to be extremely confident in his own strength!

His gaze flashed, and he activated the myriad calamity scythe.

A huge net descended from the sky, instantly enveloping Han Duanzu.

The terrifying huge net could cut through everything in the world. Even the sect guarding Dao artifact of the Heavenly Dao Union could not escape it.

However, when it landed on Han Duanzu's body, the giant net could not hurt him at all.

No matter how hard the giant net contracted and tightened, not a single trace could be left behind.

Han Duanzu's body shook, and the giant net dissipated without a trace. He looked at Su Yu indifferently and raised two fingers. "Two more moves!"

Su Yu narrowed his eyes and said, "Then let's Try This!"

Chapter 3018 The Final Move

Clang --

From the hilt of the sword on his back, a sharp sword filled with killing intent flew out with a clang.

It was the heaven-destroying sword that he had not used for a long time!

The power of this sword was unparalleled. It could slaughter Grand Sage powerhouses like cutting a leek!

"Break!" The heaven-destroying sword struck. The Sky and earth darkened and the atmosphere in the four directions surged.

With them as the center, the temperature in the four directions rose rapidly. The mountains, rivers, and plants all burned intensely.

The rushing rivers also boiled!

Just the aftershocks were enough to burn the sky and boil the sea, destroying everything in the world.

It was well-deserved to be called the world's most ferocious sword!

Ding --

However, the never-failing heaven-ending sword stopped three feet away from Han Duanzu.

A layer of unintentional air current blocked the heaven-ending sword outside, unable to pierce it in the slightest.

Han duanzu said indifferently, "The sword is a good sword, but unfortunately, the person who used it is too weak."

As an existence who had lived for several eras and had participated in the attack on the sacred mountain, he had seen countless peerless sharp weapons.

Although the absolute heaven sword was strong, it was comparable to a top-tier dao weapon. However, the user did not have the corresponding strength, so it was ultimately just an ordinary sword.

Su Yu's expression finally changed, and he retreated.

The Absolute Heaven sword was actually unable to harm him in the slightest!

To be exact, it could not even get close to him!

An unprecedented sense of danger enveloped his heart.

Bai Xue sucked in a breath of cold air. She had personally witnessed the absolute heaven sword appearing out of nowhere and exterminating the world. She had also witnessed how it reaped the great sage experts of the famous sword Saint tribe.

However, in front of Han Duanzu, it could not hurt him at all?

Han Duanzu's strength had completely exceeded Bai Xue's expectations!

Originally, she thought that the grand elder and old monsters like Han Duanzu would only live a little longer than her. In terms of true strength, they would not be much stronger than her, who was also a great sage.

But who knew that after displaying her true strength, Bai Xue realized that in front of them, she was as lowly as an ant.

As long as Han Duanzu was willing, she could crush him with one finger.

"There's one more move." Han Duanzu extended a finger.

After one move, it was time for him to make his move.

And at that time, whether it was Su Yu, Bai Xue, or Sheng Ge, they would not be able to escape death.

The last move?

Even his killer move, the Heavenly Sword, was used. What more powerful move did Su Yu have?

There shouldn't be any more!

Bai Xue's heart was in a mess. Her eyes flashed and revealed a hint of determination. She took a step forward and said, "I'm willing to commit suicide, but please don't hurt my friend!"

As she said that, she took out a sharp blade and placed it on her neck.

Han Duanzu was as cold as ever. He said, "That was just now. Now, you can either die or hurt me within three moves. You have no other choice."

Bai Xue's heart instantly became extremely cold, as if she had fallen into an ice cellar.

If that was the case, Su Yu would definitely die.

Her eyes were filled with regret. It was her, she had implicated Su Yu.

Perhaps, she should not have brought Su Yu back to the Heavenly Dao Union. If not for that, Su Yu would not have fallen into such a dangerous situation.

Her shoulders gently swayed, as if she was about to cry.

However, a warm and powerful palm was placed on her shoulder.

"There's still one more move. Why give up before the end?" It was Su Yu. He consoled her.

Bai Xue turned her head and smiled bitterly. With her understanding of Su Yu, there was no way she would have another move.

Su Yu's face was expressionless. He pulled her behind him and calmly looked at Han Duanzu.

"Then, have a taste of your last move!"

He still held the kalpa scythe tightly in his hand and slowly raised it up.

Han duanzu said indifferently, "You are wasting the opportunity I gave you."

Su Yu had already used this move before. Its power was not as powerful as the absolute heaven sword and could not cause any damage to it at all.

"Whether it's a waste or not, you'll know once you try." Su Yu poured power into the myriad calamity scythe.

However, what he poured in wasn't the mid-stage Heavenly Dao master's power, but... the power of Chaos!

Mo Heng had once said that the myriad calamity scythe should have the eleventh head, which was formed from the domain of Taotie, and was also the strongest head.

It was only because the refinement wasn't complete that the head couldn't be revealed.

After Mo Heng refined it again, the eleventh head could be fully revealed.

However, he needed to infuse chaos energy into it!

The purer and stronger the chaos energy was, the more complete and powerful the eleventh head would be!

"Chaos Energy?" A hint of surprise finally appeared on Han Duanzu's silent face.

The power of chaos only belonged to everyone, the son of Heaven and his bloodline!

Could the black-robed man in front of him be..

In his bewilderment, Su Yu had already fully activated the myriad calamity scythe.

All the power of chaos in his body was poured into it, and the pale-white myriad calamity scythe turned into a golden color!

And in the center of the ten golden heads, there was a golden head that was slowly condensing!

This head was not golden yellow, nor was it white.

It was... Blood Red!

What was even stranger was that it was alive!

Its neck seemed to have grown out from the kalpa scythe. Su Yu even held the handle of the kalpa scythe and could hear the sound of a heart beating within the handle, as well as the feeling of the pulse flowing through the meridians.

At the same time, there was also a warm feeling transmitted from the palm of his hand.

Su Yu felt a chill on his back. He felt that what he was holding was not a dao artifact, but a living Taotie!

Hiss --

The blood-red head was not fully formed. It had only condensed into half a face.

Its already ferocious appearance was even more terrifying!

On half of the face, an eye was closed. Only its mouth was slowly opening, emitting an unknown syllable.

That syllable was like a heavy hammer, causing the hearts of the people present to tremble, and there was even a fear that came from their souls.

It was as if they were facing an existence that naturally ruled them.

"What... What is that?" Several elders sucked in a cold breath, staring at the blood-colored skeleton in fear.

Even Han Duanzu quickly put down his hands behind his back, and his entire person started to be on guard.

"Who... woke me up..." gradually, the syllables coming out of his mouth became clearer. He was asking a question!

As if sensing something, the blood-red head slowly turned its head and faced Su Yu.

Su Yu's eyes met that tightly shut eye and could not help but be frightened. What made him even more uneasy was that the eye of Taotie, which was sealed between his brows, was actually wriggling excitedly, trying its best to break through Su Yu's shackles.

It was as if it had found a true host!

Su Yu's heart thumped. Could it be..

As expected!

The blood-colored skull slowly opened its eyes, and a silver-white, emotionless, cold eyeball suddenly appeared.

Chi La --

The instant the eyes opened, the dark world was completely dark. The many stars hidden in the starry sky seemed to lose their luster in fear, afraid of being discovered.

The mountains, rivers, and lands were all dark.

The kalpa scythe appeared, and thumb-sized black particles began to appear.

"What is this?" An elder tried to touch it with his finger, but Han duanzu shouted, "Get out of the way! Don't touch it!"

The black particles landed on the ground, and with the particles as the center, everything within a hundred miles disappeared.

Yes, directly disappeared, leaving nothing behind.

Chapter 3019 True Power

All it took was for the blood-colored skeleton to open one eye, and it caused a world-shaking commotion!

"The ancestor of Taotie?" Han Duanzu exclaimed in shock.

Obviously, he, who was older than Ren Zu, recognized the origin of the blood-colored skeleton.

"Elder Han, which ancestor of Taotie do you mean?" Several elders stepped back slightly.

Taotie was an existence that had disappeared for many eras.

The last Taotie that appeared in this era was at the beginning of the era. However, it was besieged by many parties and its whereabouts were unknown.

Some people called it the ancestor of Taotie because this taotie had lived for a long time and was qualified to be called the ancestor.

However, the ancestor of Taotie that elder Han Yuan mentioned clearly didn't just live for a long time.

Han Duanzu slowly retreated, his expression extremely grave. "I'm talking about... the first taotie in the world!"

Hiss --

All the elders sucked in a cold breath, their expressions extremely aghast.

The number one taotie in the world?

That was the legendary existence, so powerful that it threatened the son of Heaven of the Sacred Mountain!

There was also a legend that the Taotie was a creature that appeared when the absolute beginning was established, and it was the same age as the absolute beginning.

"Are You Ready?" Su Yu raised the kalpa scythe and lifted it up.

Han Duanzu's eyelids twitched. He said in a low voice, "Sir, it's over! You can leave. I Won't Stop You Anymore!"

Su Yu shook his head. "I don't have a choice anymore!"

Just as Han Duanzu had said, he could either die or hurt Han Duanzu.

Everything was his own choice.

Hu --

The myriad calamity scythe descended silently.

The blood-red Skull's eyes stared straight at Han Duanzu!

During this period of time, there was no fluctuation or energy eruption, but the lower half of Han Duanzu's body actually... disappeared into thin air!

It was just a glance from the blood-red skull!

Hiss!

Han Duanzu let out a heart-wrenching gasp. Although he quickly retreated and with the help of a few elders, his body quickly recovered.

However, the intense pain did not mean that it had disappeared.

His body trembled slightly, and his face twisted. He squatted on the ground, gritting his teeth and groaning in a low voice as he endured the extreme pain.

Su Yu held the kalpa scythe and said indifferently, "It seems that you were not only injured!"

Elder Han endured the pain and said with difficulty, "You, who are you?"

Su Yu chuckled. was he a fool? Why would he announce his family?

"Let's go," Su Yu said indifferently.

Who would dare to stop the elders who surrounded them?

Looking at the great calamity scythe in Su Yu's hand, everyone felt their scalps go numb.

Elder Han, who was as powerful as the world, was injured to such an extent. If they tried to stop them, they would probably be destroyed in body and soul.

Thus, without anyone stopping them, Su Yu and the two women successfully passed through the lake barrier.

At this moment, an intense green light appeared once again at the monitoring area of the barrier.

Even the lake barrier itself began to shake violently.

Elder Han narrowed his eyes and gradually realized something. He muttered, "No wonder! So she's the clone of the illusionary flower deity who broke in."

What?

The few elders were all shocked. The black-robed man they intercepted was the clone of the illusionary flower deity of the ten thousand saints level?

This discovery made them draw in a breath of cold air.

All of them felt a chill down their spines. They were secretly glad that they had walked through the gates of Hell.

At that time.

Outside the Heavenly Dao Union, Su Yu used his spatial domain to cross a large area continuously.

In a short two hours, he left the Heavenly Dao realm and arrived at an unfamiliar territory.

"Phew! It's completely safe now." Bai Xue heaved a sigh of relief. Along the way, she had been on tenterhooks, afraid that the people of the Heavenly Dao Union would not let go of her.

Now, everything was fine. There was no doubt that she was safe.

Sheng ge curled her lips and looked at the myriad calamity scythe in Su Yu's hand. She said enviously, "Master has really obtained an extraordinary divine weapon."

Clang --

Suddenly, Su Yu's hand that was holding the myriad calamity scythe suddenly loosened.

The myriad calamity scythe fell silently towards Sheng Ge. She giggled and grabbed it unceremoniously. With a smile that was not a smile, she said, "Why? Do you want to reward me?"

But suddenly, Sheng ge realized that something was wrong.

Su Yu's body was actually trembling and swaying. He looked like he was going to faint at any moment.

Snow reacted quickly and immediately went forward to support him. She cried out in a low voice, "Not good, my body is severely overdrawn!"

The moment she supported him, snow discovered that something was wrong.

He pulled up Su Yu's sleeve, and a shocking scene appeared before his eyes.

The skin above his wrist was pitch-black, as if it had been injured by some terrifying airflow.

All over his body, except for the exposed skin, was rotten and pitch-black, in a state of intense burns.

At the same time, Shengge suddenly screamed and threw away the myriad calamity scythe.

She hurriedly rolled up her sleeve, only to see a large number of burn marks on her arm.

It was just that it was far less serious than Su Yu's!

Snow White instantly understood that summoning that blood-colored head was not without a price!

When it hurt the enemy, the aftermath would cause damage to the person who controlled the calamitous scythe at close range.

Su Yu had been enduring the pain and did not show any signs of discomfort.

Otherwise, if there was any abnormality in his expression, he would definitely be discovered by those old monsters.

Then, they could forget about leaving the Heavenly Dao Union.

"Su Yu!" Snow White's heart ached as she tried to treat Su Yu's injuries.

However, Su Yu waved his hand with great difficulty. "Don't worry about me. Leave immediately and find a safe place to hide. That elder Han will not let this matter rest!"

They did not catch up to him at this moment. It was only because elder Han was severely injured that his injuries had yet to recover.

Soon, they would catch up.

"Okay, bear with it!" With a heart full of sorrow and heartache, Bai Xue supported Su Yu and quickly left.

Sheng ge threw the kalpa sickle into Su Yu's spatial storage device, clapped her hands, and said, "You guys go first. I'll make some arrangements to delay them."

She closed her eyes, and ghost power and Buddha power surged on the surface of her body at the same time. The two opposing forces intertwined together, forming a domain that covered a radius of hundreds of millions of miles.

After she was ready, she left and caught up with Su Yu and the others.

The three of them fled all the way. When they reached the outer boundary of the Heavenly Yuan Cave, they would be able to leave the territory of the core forces of the Heavenly Dao Union after crossing another realm.

Only when they were outside the territory could they be considered truly safe.

"Most likely, the Heavenly Dao Union has control over the forces of the Heavenly Yuan Cave. We should try our best not to interact with anyone in order to avoid being reported." Snow White was very familiar with the Heavenly Dao Union.

"Follow me. This realm is called the Celestial Reservation realm. I know a place where there's a hidden gap in the border barrier. We can leave from there."

The surrounding borders of the Heavenly Yuan Cave had huge barriers that could detect the entry and exit of living beings. Once they crossed it, they would definitely send a message to the Heavenly Dao Union headquarters, and then a few elders would know about it.

Shengge giggled and said, "Don't worry. It's still early. They haven't even arrived at the illusion realm that I've set up."

Su Yu's face gradually turned pale, and he barely managed to maintain his consciousness. "Don't be careless! Hurry Up!"

Chapter 3020 Diversionary Tactics

Bai Xue agreed and said, "Don't worry, we won't delay our journey. It's only half a day's journey for the gap to gather here."

Su Yu shook his head and said, "No! If I'm not wrong, that place isn't safe!"

"It shouldn't be. That place is very secretive. Elder Han and the others definitely won't be able to guess that we can leave the Heavenly Dao realm at ease there." Bai Xue was very certain.

However, looking at Su Yu's deep gaze, she couldn't help but waver. "Alright, what do you think we should do?"

Su Yu opened his mouth and used his lips to describe his plan.

The latter nodded and his eyes suddenly lit up.

The three of them immediately rushed forward without stopping. They finally arrived at the border of the Heavenly Dao realm half a day later.

A huge gray net could be seen with the naked eye. It stood at the border. No matter if they walked or flew, they couldn't bypass the huge net.

That was the defensive barrier of the Heavenly Dao realm.

Ever since the first leader of the Heavenly Dao Alliance, he had been continuously strengthening.

After more than ten eras, he had finally become a huge net that could attack and defend at the same time.

Its toughness was enough to withstand the combined attacks of ten great sage cultivators. It could be said that no one could break through it.

Furthermore, if one were to attack forcefully, the energy stored in the huge net for more than ten eras would be gathered at the first instant and destroy the intruders.

The power was extremely terrifying.

However, not far away, under the cover of a mountain range, a corner of the giant net was extremely dim and flickering.

It flashed and disappeared at times.

Su Yu and the other two squatted in the grass and quietly observed the surroundings. Snow White said, "Do you see it? It's there! Because of some reasons, the damage here has not been repaired."

"The gap will disappear after three breaths, and then it will appear again after three breaths. So, as long as we seize the moment when the gap appears, we can leave smoothly."

Sheng ge looked around vigilantly and said, "Those old monsters should still take at least half a day to catch up."

That was because the illusion she left behind a few hours ago was triggered.

And the location of the illusion was far from here. Even a great sage expert would need at least half a day to travel.

Hence, they had plenty of time.

"That's Good!" Snow White said, "Let's go there as soon as possible so that we won't have too much trouble."

Su Yu and Sheng Ge did not have any objections and flashed to the front of the gap.

At this moment, the barrier at the gap was weakening. When the weakening reached its limit, the gap would appear. At that time, there would be three breaths of time, enough for them to leave calmly.

Time passed bit by bit.

After half a cup of tea, the barrier finally weakened to its limit and the gap appeared!

"Let's Go!" Bai Xue supported Su Yu and was about to fly over.

However, at this moment, an extremely white brush fell from the sky and stuck in front of the gap, blocking their path.

The strong shock wave forced Bai Xue and the other two back!

Bai Xue looked up and saw the person standing with his hands behind his back. She couldn't help but exclaim, "Grand Elder Zhao?"

The person who came was grand elder Zhao, who they thought couldn't catch up to them!

Grand Elder Zhao looked at them coldly. When he realized that Su Yu was seriously injured and needed someone to help him, his expression became even colder, "Do you think that we grand elders don't know that there's a gap here?"

The elders might know what the Alliance master knew.

"In the previous era, this gap existed. It didn't only appear when you were the Alliance Master." Grand Elder Zhao told Bai Xue what had happened.

It was just as Su Yu had expected. The gap was definitely not a safe place!

Sheng Ge's beautiful face turned pale. "How is that possible? Shouldn't you guys still be in the illusion?"

Grand Elder Zhao's face revealed a trace of ridicule. "Little girl, how can such a trick be hidden from us? We're just going with the flow and making you think that we're still there and haven't caught up."

It turned out that they had already discovered the illusory realm, but they hadn't touched him. Instead, they hadn't reached the illusory realm yet.

In reality, they had already caught up to Su Yu and the others. It was only when they were about to reach the gap that they ordered the people who had stayed in the illusory realm to touch it, making Sheng ge think that they were still in the illusory realm.

After all, they were old monsters who had lived for countless years. In this world, there were not many schemes that could escape their eyes.

Whoosh whoosh whoosh --

Suddenly, four figures of experts appeared from all directions.

One of them stood with his hands behind his back. It was the powerful and suffocating Han Duanzu!

His injuries had completely recovered. At this moment, he was only in the form of a skeleton. His two deep-set eyes stared at Su Yu and said, "I knew that with your cultivation, you would not be able to withstand the gaze of the ancestor of Taotie."

"If you hurt 1,000 enemies, you will lose 800. This principle has never been broken."

The other three elders secretly heaved a sigh of relief.

They had been worried that Su Yu would have the strength to fight, but now they could finally feel at ease.

"That sickle is a peerless evil creature. It's better for Our Heavenly Dao alliance to keep it, so as to prevent it from harming the common people." Han Duanzu took a step forward.

He didn't make a move, but the sky and earth had already collapsed.

The huge barrier shook rapidly, and the Sun, Moon, and stars moved chaotically. The four seasons that changed instantly appeared at the same time.

Its power had already affected the time of all living things!

Puah --

Bai Xue and Sheng ge could not withstand the might of one kick. They spat out blood one after another, and their faces were filled with pain.

Su Yu, who was severely injured, fainted on the spot. It was unknown whether he was alive or dead.

Han Duanzu shook his head. "An ant is an ant after all. It's hard to shake a big tree!"

He flew down, and Bai Xue and Sheng ge immediately suffered a huge pressure. Blood flowed out of their seven orifices as they fainted.

Just his arrival alone had suppressed all of them to the ground.

This was Han Duanzu's strength!

He made a grab across the air and was about to grab the sword case on Su Yu's back as well as his spatial storage device.

However, this grab actually missed.

"HMM?" Han Duanzu frowned, and then his eyes narrowed as he looked around.

Under his gaze, cracks began to appear in all directions, as if something invisible had broken!

Crack --

Like a mirror breaking, a crisp sound rang out in all directions.

Countless cracks completely exploded!

"An illusion!" Han Duanzu was slightly surprised. He immediately looked at the unconscious three people on the ground, and his eyes flickered.

Those three people were also covered in cracks!

In the end, when all the cracks fell off, the original world was revealed.

The three people all scattered into fluorescent light, leaving only a few energy stones that maintained the illusion.

"What, it's actually an illusion?"The other four elders were quite surprised.

They never expected that what awaited them was not those three people, but an illusion.

This was enough to prove that they realized that this place was not safe, and did not plan to leave from here. Moreover, they left the illusion to delay them.

"We underestimated them,"Han Duanzu said indifferently. "Among them, there's a very vigilant person."

Grand Elder Zhao said in a deep voice, "The most important thing now is to find out where they're going..."

As soon as he said that, a voice transmission appeared on their bodies at the same time.

When they opened it, they saw that it was the closest border entrance to this place. It was attacked by an unknown person!

"A diversion! We've been tricked. Let's Go!"Han Duanzu made a prompt decision.

It turned out that this group of people had deliberately lured them here. In fact, they had attacked an entrance and left!
