

Nine-Dragon 3041

Chapter 3041 Was Unexpected

Linghu Yun looked anxious and said, "Big Brother, let me go first. We can't just sit around and wait for Death!"

He volunteered to attack the barrier.

A surge of ancient sage Level Heavenly Dao master power revolved in his palm before slamming heavily on the barrier.

Immediately, the barrier rippled and showed signs of breaking.

The rest of the people gathered their courage and prepared to help Linghu Yun open the barrier.

However.

Just as they were about to take action, Su Yu suddenly waved his finger and a blurry remnant of the soul ancestor technique flew over and imprinted itself on Linghu Yun's back.

Chi --

In an instant, a large amount of green smoke rose from Linghu Yun's body. He rolled on the ground in pain and extinguished the green smoke on his back.

He turned his head and said in shock, "Big Brother? You... Why did you attack me?"

The other sisters were also stunned and did not expect this.

Not to mention that the two of them usually had a very harmonious relationship, Linghu Yun had spoken up for Linghu Yang many times when he was in trouble.

Just Linghu Yun was trying to find a way for everyone, but Su Yu had ambushed him from behind and deliberately hurt him.

Wasn't this too much?

Even "Su Yu" couldn't stand it anymore. He grabbed Su Yu's shoulder and shouted, "Are you crazy?"

Yan Feiying covered her mouth in surprise. She couldn't believe that her husband would hurt Linghu Yun.

All these years, Linghu Yun had given them so much help. How could he hurt him?

Su Yu's eyes were deep, like two ice-cold deep springs that could see through people's hearts.

"Linghu Yun, there's something I've always wanted to ask you," Su Yu said indifferently.

Linghu Yun used his strength to recover his damaged body and said unhappily, "Go ahead. I won't tell the ancestors about what happened today."

Su Yu slowly stood up and said, "I want to ask, have you been living in peace all these years?"

HMM?

Linghu Yun frowned. "What do you mean?"

Su Yu stared at him and said indifferently, "I mean, you've killed so many clansmen, why are you able to act as if nothing has happened?"

What?

Everyone was astonished.

Yan feiying tugged at his sleeve and said angrily, "What nonsense are you talking about? What does the nine death trolls have to do with Linghu Yun?"

She thought that Linghu Yang was confused again.

Su Yu shook her off and said expressionlessly, "I didn't want to meddle in your business, but you've attacked me again and again, so forgive me for not being able to forgive you."

Other people were not the only ones who were confused. Linghu Yun was also confused. "Big Brother, what are you talking about?"

"Do you need me to be more specific? Back then, in the nine-death troll tragedy, countless juniors were killed. I was seriously injured and my talent was crippled. It was all thanks to you." Su Yu's eyes were sharp.

Linghu Yun was stunned for a long time before he inexplicably laughed at himself. "Big Brother, are you saying that I'm the one who harmed you? This guess is really ridiculous."

Many of his sisters agreed with him. No matter what, it couldn't possibly be Linghu Yun.

Su Yu said indifferently, "Ridiculous? Not at all!"

He waved his hand lightly and a light shadow appeared in front of him. The names of the younger generation were all on it.

"This is the talent ranking of everyone from more than ten years ago," Su Yu said.

At that time, there were more than twenty juniors in the Soul Saint Clan.

According to the Order of talent ranking, Linghu Yang was at the front, Linghu Jie was next, and then there were many younger brothers and sisters.

As for Linghu Jie's name, it was at the bottom.

"Look at the current ranking again." Su Yu's palm drew again.

Half of the younger brothers and sisters who were at the front had been lost, leaving only ten names.

And Linghu Jie's name had jumped from the last name to the second name behind Linghu Jie.

"In the tragedy, only one person benefited." Su Yu put the two pictures together. In comparison, a name that was far from the last one came into his sight.

That person was... Linghu Yun!

Everything in the world had traces.

The nine death trolls suddenly came and killed many of their peers and severely injured Linghu Yang.

Now, under the eyes of many forefathers, the Heaven Devouring clan suddenly came and tried to kill them.

There weren't so many coincidences in the world.

Back then, the nine death troll appeared out of thin air. Perhaps the forefathers were careless, but today, under the eyes of the forefathers, there was someone who could block the house and coincidentally appeared in the Heaven Devouring clan.

Then, was it still a coincidence?

No, it was one of them who could control these fierce people.

Linghu Yun shook his head self-mockingly. "I didn't expect Big Brother to doubt me. I have always respected you."

Su Yu mercilessly exposed his disguise and said, "Because you respected me, you only allowed the nine death trolls to cripple me back then and didn't kill me."

He had always been curious. Back then, the nine death trolls could kill a bunch of juniors with a raise of their hands.

When he faced Linghu Yang alone, he actually didn't kill him with a single palm.

There was only one answer. The nine death trolls showed mercy!

There was one person who didn't want Linghu Yang to die, and he secretly controlled the nine death trolls.

"Big Brother, you're making all these guesses out of thin air." Linghu Yun's face was full of sincerity. "Please don't trample on my respect for you like this again, okay?"

"Okay!" Su Yu's palm swept across his eyes, and a pale color swept across the surroundings, causing everyone's eyes to turn pale.

This was the secret technique of his clairvoyance eye. He shared it with everyone present, giving them the ability to scan the entire area.

In the end, the moment the clairvoyance eye was activated, it caused a huge commotion!

Everyone who was near the barrier ran to the center in fear and gathered around Su Yu.

This was because what they saw was that there were over a hundred heaven eaters outside the barrier!

They were scrambling to get into the barrier.

But because of the barrier's double-sided isolation, they couldn't get in.

Su Yu said, "Once the barrier attacks from the inside, one devouring Sky clan will run in."

The Devouring Sky clan had invaded twice. Someone had touched the barrier and attracted a devouring Sky clan to run in.

The first time, it was the woman who was careless and attacked the barrier without permission.

The second time, it was Linghu Yun who had secretly touched the barrier and attracted the Heaven Devouring clan to enter and take Linghu Jie away.

"I want to know, Linghu Yun, why did you insist on breaking the barrier without waiting for the forefathers to come to your rescue?" Su Yu went straight to the point.

Linghu Yun's expression stiffened a little as he said, "I didn't know that there were so many heaven devouring clan outside. I only did it for everyone's consideration."

Su Yu smiled faintly, "Is that so? Then..."

He slapped his palm across the air at Linghu Yun. The latter's head slightly tilted and dodged. The aftershock of that palm landed on the barrier and set off a wave of ripples.

As expected, after the ripples appeared, a heaven devouring clan took the opportunity to drill in.

It appeared behind Linghu Yun but did not attack him. Instead, it went past him and directly attacked Su Yu and the others.

Su Yu raised his finger and touched the ground lightly, causing the soul of the Heaven Devouring clan to crack and lie on the ground in pain.

He looked at Linghu Yun's stiff face and said indifferently, "Do you have anything else to say?"

The fact that the Heaven Devouring clan ignored him and didn't hurt him was enough to explain everything!

Chapter 3042 Unexpected

The clansmen behind them gasped.

Even a fool would understand that Linghu Yun was really behind everything.

Linghu Yun's expression stiffened for a long time, and his voice became gloomy. His usually calm gaze was also extremely sharp.

There was a deep sharpness in his sharp gaze.

"If I had known this would happen, I would have killed you with one punch back then!" Linghu Yun's tone was filled with regret and viciousness.

Su Yu smiled coldly and shook his head. "Don't make yourself sound so benevolent. You spared my life only to cover up your sudden rise and reduce the forefathers' suspicion of you."

If Linghu Yang had died at that time, who would be the most eye-catching person after that?

Linghu Yun, of course!

At that time, the forefathers would inevitably pay attention to Linghu Yun and have doubts about him.

However, if Linghu Yang was still alive, the forefathers would have more hope for him and would not pay so much attention to Linghu Yun.

This was also the reason why no one doubted Linghu Yun until now.

No one even realized that Linghu Yun was the only one who benefited from the tragedy back then.

Therefore, he did not show mercy at all. Instead, he deliberately hurt Linghu Yang until he became a waste. His scheming was far more profound than that of his peers.

"Hehe!" Linghu Yun looked straight at Su Yu. "Linghu Yang, oh Linghu Yang, I really admire you! So you've understood everything that happened back then, but you've been pretending to be crazy and fooling me all these years

"It was only recently that you suddenly burst out with a strong soul that you've been cultivating for a long time, and you even managed to cultivate all the soul ancestor techniques in one go."

Linghu Yun felt a sense of defeat. "To be honest, I really admire you!"

These words made the real Linghu Yang blush.

He really didn't know anything..

The one who saw through everything was Su Yu.

"That's right! It's me!" Linghu Yun's face was suffused with a sickly and cruel aura. "As a member of the Soul Saint Clan, why should I be bullied by you? I've long sworn that I'll crush all of you to death one by one and make all of you pay for what you've done back then!"

Su Yu was silent.

From what Linghu Yang had experienced, Su Yu could understand the damage that Linghu Yun's heart and body had suffered.

Especially when the damage occurred when he was young, it would cause a huge distortion in his heart and soul, resulting in Linghu Yun's morbid personality.

"Especially you, Linghu Yang!" Linghu Yun growled and rebuked.

Su Yu raised his eyebrows and sneered. "You're saying that I, who took care of you the most, have become the person you hate the most?"

He thought that the person he hated the most would be Linghu Jie, who bullied him the most.

He did not expect that it would actually be Linghu Yang.

He was really surprised!

"Take care of me?" Linghu Yun threw his head back and laughed loudly. "Every time you take care of me, it's like a thorn stabbing into my heart."

"You're so dazzling, and I'm so lowly. Every time you come near me, it makes my heart feel like it's being cut by a knife. Yet, I have to face it with a smile as if I'm being taken care of. Do you know how much pain I feel in My Heart?"

Su Yu was expressionless, and the sympathy he felt for him gradually dissipated.

A person who couldn't even tell the good from the bad was no longer pitiful, but detestable.

"But, what hurts me the most is that you married the woman I love the most, did you know that?" Linghu Yun looked at Yan Feiying with an expression.

"Back then, I was the first to get to know Yan Feiying, but because of your outstanding talent and because you were highly regarded, you actually snatched her away!"

Yan Feiying and Linghu Yang were both shocked.

Yan Feiying had indeed known Linghu Yun for a long time, but they had only met a few times through martial arts exchanges.

They had never contacted each other in private, and they couldn't even be considered friends.

Where did the snatching come from?

And what shocked Linghu Yang the most was that Linghu Yun had always been thinking about his wife.

Su Yu was somewhat enlightened. No wonder when Linghu Jie had insulted Yan Feiying in the ancestral hall the first time, Linghu Yun had stepped forward to stop him.

It turned out that he really had unspeakable feelings for Yan Feiying.

At that time, Linghu Jie had said that Linghu Yun also coveted Yan Feiying.

Everyone thought that it was just Linghu Jie's malicious slander, but who knew that it was actually true!

"Linghu Yang, how good would it be if you continued to be your trash?" Linghu Yun said bitterly, "Give me time to slowly grow up and replace you, and then you die. How good would that be?"

At that time, not only would he be able to become the most dazzling junior in the clan without arousing suspicion, he would also be able to pursue Yan Feiying after Linghu Yang's death. From then on, he would have everything.

"But, why did your talent suddenly return? Why?" Linghu Yun roared with a hoarse voice. His face was twisted and sick.

It was precisely because of this that Linghu Yun finally took a risk and wanted to get rid of Su Yu.

The real target of the Heaven Devouring clan's attack this time was actually Su Yu.

As for the woman who was sacrificed earlier, it was Linghu Yun who deliberately killed and dragged her to be buried with him in order to confuse the public.

"Even without me, do you really think that you can become the most dazzling one among the younger generation?" Su Yu's eyes were cold. "Have you ever thought about why the other party suddenly broke away from the hook when you were fishing the third fish?"

"It was because I sensed the evil hidden in your heart and found out that you were disloyal and threatening to the soul saint clan, so I rejected you." Su Yu said, "No matter how many times you try in the future, you won't be able to get more soul ancestor techniques."

Regardless of whether or not Linghu Yang had risen again, Linghu Yun's plan would be in vain.

"No! It's not like that! Without You, I will become the number one person in the Soul Saint Clan!" Linghu Yun would never admit this.

He stared at Su Yu and said, "Since you and them already know, there's no need for me to keep you."

As he spoke, he extended his finger and tapped on the barrier.

Instantly, several ripples appeared one after another and a group of Heaven Eater clan took the opportunity to enter.

Linghu Yun stood in the group of Heaven Eater clan and smiled sinisterly. "Back then, a group of escapees from the Heavenly Dao prison managed to escape, but they were all sealed by the Carefree Heaven's son with great power."

"One of the sealed beads with more than a hundred escapees fell outside and was picked up by me."

"It's because of them that I'm here today!"

He grinned hideously as he looked at them who were surrounded by the heaven devouring clan and said, "If I kill all of you, I can still live freely in the world by relying on these criminals."

No wonder there were these heaven devouring clan who had disappeared from the outside world. It turned out that they were all from the Heavenly Dao prison.

Looking at Yan Feiying in the crowd, Linghu Yun stretched out his hand. "Ying 'er, come with me. I will give you the best thing in the world."

Yan Feiying looked at Linghu Yun who looked like a completely different person. The second brother in her heart who treated them very well and always helped them had vanished into thin air.

In his place was an extremely vicious and sick Linghu Yun.

"Get lost!" Yan feiying decisive and resolute response.

Chapter 3043 The First Ancestor Appeared

Linghu Yun's face was filled with malevolence as he said ferociously, "Alright! Then you will die with them! Kill them!"

With that order, all the Heaven Devouring clan members pounced on him.

Su Yu sighed silently. It seemed that he could only expose the kalpa scythe.

His finger gently touched the spatial storage device. Just as he was about to attack, the barrier suddenly exploded!

The Heaven Devouring clan outside turned into a pool of blood.

The Heaven Devouring clan members who were rushing over seemed to sense some danger. They turned around and stared at the outside world without blinking.

Linghu Yun's heart skipped a beat. He had a bad premonition.

He turned around and saw a graceful young girl standing outside the barrier.

She was wearing a light blue dress. Her face was handsome. She stood there like a shy lotus flower, full of youth and vitality.

No one knew when she appeared.

The only thing they knew was that she stood there with an irresistible pressure.

"Who are you?" Linghu Yun frowned.

Not only him, but the other clansmen were also puzzled.

They didn't remember that there were other clansmen of the soul saint clan who were so young.

Whoosh whoosh whoosh --

Six figures appeared next to the girl. They were the six ancestors.

However, they did not care about the situation at the scene. Instead, they cupped their fists at the girl and said, "First Patriarch, why did I alarm you?"

What?

Everyone present gasped. The girl in front of them was actually the legendary first patriarch?

Not to mention that the junior in front of them did not know her, they probably did not know anyone other than the other six patriarchs.

The first patriarch had not shown his face since he forged the ancient well.

No one expected that the first ancestor would be a young lady.

The young lady looked up and scanned the other heaven eaters.

With a puff, they turned into a cloud of blood mist.

Su Yu's pupils constricted when he saw this. The Heaven Eaters were all great sage level existences. How powerful were they to destroy them with a glance?

Ten Thousand Saints!

Only Ten Thousand Saints!

The Soul Saint Tribe had already reached the qualifications of the Heaven tribe.

However, this ancestor kept a low profile and did not go to the stone man hall to check.

Su Yu was secretly surprised. The nine-star civilization was indeed hidden.

First, there was the Heavenly Dao Union, whose power surpassed that of the big families. Then, there was the Hidden Heaven tribe.

Those superficial rankings could not be counted at all.

The young girl slowly said, "The six of you are too disappointing. The culprit is in the clan, yet you haven't noticed anything."

The six patriarchs all lowered their heads, feeling extremely ashamed.

The young girl gently hooked her finger, and a multicolored round bead suddenly flew out from Linghu Yun's bosom and landed in the young girl's hand.

Linghu Yun was startled and subconsciously went to grab it.

But when the young girl raised her eyes, Linghu Yun's entire body stiffened, and he could not move at all.

"Punish him according to the clan rules."The young girl accepted the sealed sphere and said indifferently.

The six patriarchs looked at Linghu Yun with dense killing intent in their eyes.

The true culprit who had harmed more than half of the younger generation had been hiding under their eyes all this time.

It had to be said that he was too good at disguising himself, so no one noticed him.

"Vile creature!"The seventh patriarch grabbed Linghu Yun across space and pulled out two fragments from Linghu Yun's mind with his claws.

Those were fragments of the soul ancestor technique!

"Soul Saint clan rules. Those who betray the clan will be stripped of the soul ancestor technique!"

The seventh ancestor said coldly.

Then, he reached down and grabbed a dark red bloodline power from Linghu Yun's body. "The second rule of the clan is that those who betray the clan will be stripped of their bloodline!"

"The third rule is to strip away their cultivation..."

"The fourth rule is to strip away their physical body..."

"The fifth rule is to obliterate the soul..."

Linghu Yun was frozen the entire time. She couldn't even make a sound. At the last moment, when her soul was obliterated, she finally let out a heart-wrenching scream.

Then, she disappeared into the world.

To be obliterated by someone was a punishment worse than death!

"All of you, come with me."The first ancestor glanced at the other patriarchs, then turned around and disappeared.

The other six patriarchs immediately followed, arriving in front of a secret chamber.

The girl took out the sealing sphere and wiped it with her palm. The crystal sphere became transparent, and one could vaguely see that many murderers were still locked up inside.

"The son of Heaven of the Sacred Mountain wants to destroy our soul sacred clan, but he won't give up,"the girl said calmly.

The six patriarchs were silent.

At their level, they already knew many secrets of the world. They even understood why the Sacred Soul clan was like a curse, with fewer and fewer members each generation.

These were all the masterpieces of the Sacred Mountain's son of heaven.

Even countless eras ago, the sacred mountain's son of Heaven was responsible for the destruction of the Sacred Soul clan's ancestral art. After that time, the sacred soul clan gradually declined.

The girl said, "This sealed ball was deliberately left behind by the son of heaven of carefree so that Linghu Yun could pick it up."

How could the son of heaven of carefree drop such an important sealed ball so easily? And coincidentally, it was picked up by a junior of the Soul Saint Clan.

Moreover, it was picked up by Linghu Yun, who had psychological problems.

All the seemingly coincidences in the world were actually deliberate.

It had to be said that with one move from the carefree emperor, the future members of the Soul Saint clan were reduced by half.

"I'm worried that the carefree emperor still has a trick up his sleeve in the Heavenly Dao prison. I'll personally go in and check it out in the near future." The young girl said indifferently, "While I'm away, you guys keep an eye on the clan."

"Yes, first ancestor!"

Speaking of which, Su Yu.

The appearance of that first ancestor made Su Yu feel even more threatened.

The other six ancestors had already given him a lot of pressure. If another ancestor came, what would happen?

He patted Su Yu's shoulder and immediately swapped their souls and returned to his own body.

"Linghu Yang, take care," Su Yu said.

Linghu Yang looked deeply at Su Yu, his eyes full of gratitude.

Not only did Su Yu save him, but he also saved Yan Feiying, saved all the juniors, and even exposed Linghu Yun's hypocrisy.

Linghu Yang was unable to repay such a great kindness.

"Brother Su, this gift is for you." Linghu Yang took out a small brocade box and stuffed it into Su Yu's hand.

Su Yu smiled. "I have a gift for you too. Enjoy it when you go back."

Linghu Yang was stunned by his words.

What Gift?

"Goodbye!" Su Yu looked at the few ancestors who had not returned and immediately took his leave.

Linghu Yang walked him to the main gate while Yan Feiying accompanied him throughout the city. She looked at Su Yu's back as he left and suddenly felt a sense of inexplicable familiarity.

"Have I seen him somewhere before?" Yan feiying muttered.

Linghu Yang's gaze was deep as he said, "Yes, in both our lives, yes."

Yan Feiying looked at him strangely. "Husband, why do I feel that there seems to be some unspeakable relationship between the two of you?"

Linghu Yang smiled faintly. His smile was filled with relief. "He and I don't have it. But with you, there was once..."

Chapter 3044 The Secret Was Exposed

Without waiting for Yan Feiying to ask, Linghu Yang wrapped his arms around her waist and smiled confidently, "From now on, Let's live a good life!"

Although his body was still weak and his talent was no longer... No, it was even worse.

Because he had given Su Yu something that was the most precious to him as a gift.

"Don't do anything rash. You're weak." Yan Feiying turned around and held his arm.

Linghu Yang had just discovered that his body had actually become much stronger.

He examined his body in disbelief and was shocked to discover that the hidden power that the nine death troll had left in his body and could not be dispelled had actually disappeared without a trace.

Moreover, there was a powerful life domain in his body that continuously reconstructed his body.

Most importantly, that life domain was not quite the same as ordinary life domains.

There was a faint overpowering power that surpassed everything that was mixed within.

What made Linghu Yang even more surprised was that what followed was that there was actually a cold memory left in his body that fiercely pierced into the depths of his soul.

He covered his head and screamed.

But what followed was shock and ecstasy.

That memory was nothing else but Su Yu's understanding and comprehension of the eight soul ancestor technique fragments.

This was more useful than directly giving him the eight soul ancestor technique fragments.

Otherwise, with his comprehension, even if the soul ancestor technique fragments were given to him, he would not be able to comprehend them.

Linghu Yang suddenly understood what Su Yu meant when he said he left him a gift.

The body that had been modified by Su Yu, as well as the understanding of the soul ancestor technique, were the things that Su Yu had left for him.

However, Linghu Yang understood that the most important thing he had left for him was hope for the future.

At this moment, Linghu Yang suddenly felt that the exchange of bodies between him and Su Yu was actually a turning point in his life.

Speaking of Su Yu...

After leaving the Soul Saint clan, for the sake of safety, Su Yu did not immediately meet up with Bai Xue and Sheng Ge to prevent the Soul Saint clan from finding trouble with them later and implicating the two girls.

He came to a safe place far away from the Soul Saint clan before opening the brocade box that Linghu Yang had given him.

When he opened it, he could not help but be stunned. There was actually a memory fragment inside.

"These are?" He absorbed the memory fragment. As a result, a memory that made Su Yu feel pleasantly surprised appeared in his mind.

Those were actually the insights and understanding of the soul ancestor technique that Linghu Yang had obtained.

When he was fishing, Linghu Yang had caught one before because that one could not be recaptured.

Su Yu would forever be missing that piece of ancestral technique fragment.

Unexpectedly, Linghu Yang had actually given it to Su Yu as a gift.

He immediately digested those insights and fused them with the eight soul ancestor technique fragments that he had obtained.

With a thought, Su Yu's finger streaked across the sky, and a complete golden trajectory flashed across the sky.

It was done!

He had completely learned the soul saint clan's ancestor technique!

Clap Clap Clap --

Continuous applause sounded, and a light and agile voice entered his ears. "Congratulations, you have learned the soul saint clan's ancestor technique."

Su Yu subconsciously said humbly, "You flatter me..."

His heart skipped a beat, and he looked over with great difficulty.

He saw a young girl sitting on a branch not far away, clapping for Su Yu.

However, Su Yu was not happy at all, and even felt his scalp go numb.

Because that young girl was none other than the soul saint clan's... First ancestor.

According to the legends, the most ancient ancestor of the soul saint clan who had lived for more than ten eras.

Su Yu quickly regained his composure. Since he had been discovered, he had no intention of hiding it. He said, "You discovered that Linghu Yang and I exchanged souls right from the start, right?"

The young girl put down her hands and jumped down from the branch. She said calmly, "I created the Soul Exchange. Tell me, did I discover it or not?"

Su Yu smiled bitterly in his heart. The ten thousand saints were even more terrifying than he had imagined.

"If that's the case, why didn't you expose me earlier?" Su Yu asked.

The young girl's hands were as white as jade and she put them behind her back. "You saved a junior of the Soul Saint Clan. I Can't kill you immediately."

Su Yu took a step back and his eyes were serious. "But you don't intend to let me go, right?"

If she wanted to let Su Yu go, she would pretend not to know and simply leave.

"Answer, correct." The girl said calmly, "Secretly learning the ancestral art of the Soul Saint Clan, there is no reason for you to live in this world."

Su Yu's heart sank.

The situation was worse than expected. It was not good to be discovered by someone, but by the strongest ancestor of the Soul Saint Clan.

Now, even if he wanted to escape, he might not be able to.

"However, you must not forget the favor of saving your life." The girl said again, "You saved eight juniors of our Soul Saint Clan. One of the juniors will give you one more day to live."

"So, from now on, you still have eight days to live. In eight days, I will take your life," the girl said casually.

Su Yu said, "Is your junior's life only worth one day?"

The girl shook her head. "Don't bargain with me. If the people who dealt with this matter were the other ancestors, they would not give you any time now that you are dead."

Su Yu gritted his teeth. "Eight days!"

Eight days was neither long nor short.

How difficult would it be to escape from the pursuit of a ten thousand saints expert?

However, Su Yu had always kept his own rules. He would never give up until the last moment.

Sou --

With a tap of his toes, he immediately used his spatial domain and sped off in a random direction.

After using his large spatial domain ten times in a row, he instantly arrived at an unfamiliar mangrove forest.

He could no longer sense the girl's aura and believed that he had successfully shaken her off.

However, the girl's sweet voice suddenly rang in his ears, "Why did you stop and continue running?"

His expression stiffened as he looked to the side. The girl was actually squatting thirty feet behind him, holding a small stick in her hand. She was hitting the flowing water in the stream, causing waves to splash.

Could she not shake it off even like this?

His eyes sank. Suddenly, without thinking, he took out the kalpa scythe and infused it with chaotic energy. Then, he slashed the scythe at her head.

However, the young girl did not even raise her head. She just raised her finger and easily blocked the kalpa scythe with her seemingly soft finger.

She said indifferently, "You'd better hurry up and run. Don't waste your time on meaningless things."

Before she could finish her words, Su Yu had already drawn out the absolute heaven sword and used all of its power to ruthlessly slash at it.

The young girl finally looked to the side and a trace of surprise flashed in her eyes.

However, she didn't move at all. With a light flick of her finger, the absolute heaven sword was flicked away.

"It's the sword refined by the carefree emperor, right?" Not only was the young girl not afraid, she even recognized the origin of the sword.

There was a hint of coldness in her eyes as she looked at Su Yu. "No wonder you came to my soul saint clan to steal the ancestral technique. I see."

It was obvious that she had connected Su Yu's chaotic energy and the absolute heaven sword to the carefree emperor.

Chapter 3045 The Ferocious One

Su Yu smiled bitterly in his heart. He did have a very deep relationship with the carefree emperor.

However, they were mortal enemies.

"If I told you that I have a mortal enemy with the carefree emperor, would you believe it?" Su Yu asked.

The young girl shook her feet and said indifferently, "Would you believe it yourself?"

Holding the sword that the carefree emperor had refined and possessing the chaotic energy of the Holy Mountain's emperor, he came to the Soul Saint clan to steal the ancestral technique. He even asked her if she believed it?

Su Yu shook his head. "If it were me, I wouldn't believe it either."

The girl smoothed her hair and looked out into the sky. "Eight days, not a second more."

What she meant was, Su Yu should cherish the few eight days of his life!

Su Yu smiled lightly and stood on the spot with his eyes closed.

His mind was full of thoughts as he thought about the possibilities.

Eight days, what was enough time for?

If he could threaten the young girl and stop her existence, Su Yu's memory only contained the terrifying skeleton in the sinkhole beside the famous sword Saint tribe.

However, that place was too far away. He would not be able to reach there without half a year.

Time!

Time was a fatal problem.

Suddenly, Su Yu realized something. If there was anything that could threaten the young girl, it was the heavenly prison.

There was only one thing -- the heavenly prison!

There were countless dangerous and tyrannical existences imprisoned there, and some of them could pose a considerable threat to the girl.

Thinking of this, Su Yu did not dare to hesitate. He immediately used his spatial domain and headed to the heavenly prison.

A Day passed.

Su Yu was slightly tired and stopped at the top of an abandoned pavilion.

Standing here, he could overlook the mountains and rivers in front of him.

Among them, there were two huge purple mountains that were the most eye-catching. The mountains were bare and there was no vegetation at all.

Between the two mountains, there was an incomparably huge canyon.

Purple light shot into the sky from within. Looking from afar, it was actually a sea that was burning with purple flames.

Occasionally, there would be some people coming in and out, but they would come and go in a hurry, as if they did not want to stay nearby for long.

Although Su Yu was far away, he could still feel the dense pressure hidden in the flames and the deep chaotic aura.

That was the entrance to the Heavenly Dao prison. On one side, there was a prison underground.

Under the invisible flames, there were countless rockmen experts. They were at least at the ancient sage level, and the higher ones were at the great sage level.

There was even a possibility that there would be ten thousand sage experts guarding the place.

"Is your destination the Heavenly Dao Prison?" The young girl's voice rang in Su Yu's ears unexpectedly.

Su Yu didn't need to turn around to know that the young girl was on a rock thirty feet behind him.

Her hands were placed against the rock, and her eyes were calm and calm as she quietly watched Su Yu's back.

"Are You Afraid?" Su Yu asked.

The young girl shook her head. "There are indeed people in the Heavenly Dao prison that I'm afraid of. However, they are all imprisoned. You Can't use them to threaten me."

"Is that so?" Su Yu's eyes were filled with determination as he leaped into the sky above the valley.

As he descended, a group of stone men could be seen flashing in the flames.

"Who are you?" A stone man who exuded the aura of a great sage shouted as he held a long spear in his hand.

Behind him were many ancient sage stone men.

Su Yu took out the mission scroll from the Heavenly Dao Union. "I am here to repair the Heavenly Dao prison on behalf of the Heavenly Dao Union."

Sou --

The mission scroll was taken away by the other party. The latter swiped his finger on the scroll and the words 'Heavenly Dao Union' appeared. He confirmed that it was the real scroll.

"Take out the document." Not only did they want the mission scroll, they also had to investigate the identity of the person. They were very strict.

Su Yu went through the entire process and accepted all kinds of investigations and interrogations according to their procedures.

After an entire two hours, they really couldn't find any problems. Only then did they give Su Yu a stone tablet. "Keep this well. In the next month, you can enter it with the stone tablet in your hand. There's no need to re-check your identity."

"But after a month, the stone tablet will be ineffective. You have to replenish it."

Su Yu nodded and jumped into the purple flames.

The purple flames looked like they were burning fiercely, but there was no temperature at all. There was only a strong suppressive force.

Su Yu's cultivation at the middle stage of the Heavenly Dao master level was actually suppressed to the early stage of the Heavenly Dao master level.

He was shocked, but a voice came from the stone tablet. "The Heavenly Dao Prison has a suppressive effect on the cultivation of all kinds of creatures. There's no need to be surprised."

Su Yu was surprised. "You are?"

"I'm the ninth stone spirit. I'm in charge of helping you repair the Heavenly Dao prison," the stone spirit said.

It turned out that the stone tablet was not only a proof of entry into the Heavenly Dao prison, but also a form of surveillance.

It could monitor the actions of people who entered the Heavenly Dao prison at any time. Once they did something harmful to the Heavenly Dao prison, the stone spirit would immediately alert them.

Of course, if they followed the rules, how could the stone spirit be a good helper.

"All living creatures, including the stone men?" Su Yu asked.

The stone spirit answered truthfully, "The stone men are descendants of the son of heaven. They have the chaotic energy to protect their bodies and are not affected by the Heavenly Dao prison's suppression."

Oh?

The chaotic energy to protect their bodies was enough?

This was really a big discovery!

If he activated the chaotic energy in his body, his cultivation would be restored to the middle stage of the Heavenly Dao master, which was the ancient sage level.

As for those great sage level experts, once they entered, their cultivation would drop to the ancient sage level, and they would be reduced to the same level as him?

"Please head to the place that needs repairing," reminded the stone spirit.

Under his guidance, Su Yu landed at the bottom of the flames. He saw that the ground was made of a huge transparent glass.

On the glass, there were many mysterious and dazzling array patterns. Su Yu only took a glance and was immediately attracted. His mind and body could not help but probe into the array.

Fortunately, the Soul Emperor Robe in Su Yu's soul issued an alarm, causing him to suddenly wake up.

Su Yu immediately moved his eyes away. He was surprised. What a powerful array. Just a glance could affect people's minds.

"Eh? You actually woke up without my reminder. How Rare." Shi Ling said, "I have assisted at least eight thousand experts. It's the first time for someone like you."

Su Yu naturally wouldn't expose himself. He changed the topic and said, "Is this the true prison of the Heavenly Dao Prison?"

Through the glass, Su Yu could faintly see that the narrow cages seemed to be sealed in glass.

Occasionally, he could see a black shadow flash past the cages.

"Yes, that's the first level of the cage. There are also the second and third levels," Shi Ling said.

Oh?

There were two other levels?

"What criminals are imprisoned on the first level?" Su Yu asked.

"They are extremely vicious and have the strength of a great sage."

"What about the second level?"

"Criminals who threaten the safety of a nine-star civilization. They Are All Saints!"

Even the ten thousand saints level?

Su Yu's heart moved. "Then what about the third level?"

"It's a secret, I can't tell you," the stone spirit said.

Its answer was not out of Su Yu's expectations. The third level was definitely holding those unknown savages, and it was very likely that there were seven disciples of Ren Zu.

Chapter 3046 Being A Villain

Su Yu's heart surged, but he appeared very calm on the surface. "Can the repair mission only be done here?"

His current position could only be considered the outer layer of the Heavenly Dao prison, not even the first layer.

"Of course! With your status, you are absolutely not allowed to enter the inner layer," the stone spirit replied.

Su Yu immediately felt troubled.

If he couldn't even enter the first layer, how could he talk about the second layer, or even the third layer?

If he couldn't enter the inner layer, how could he resist the first ancestor of the Soul Saint Clan?

"What identity can I use to enter?" Su Yu didn't give up.

The stone spirit was silent for a moment before saying, "There are two kinds! One is the identity of a sinner, and the other is the head of the Rockmen."

The so-called head of the Rockmen was a great sage Level Rockman. Only they had the key to enter the Heavenly Dao prison.

Both identities were not easy to obtain.

While he was deep in thought, Su Yu's eyes flashed. "What will happen if I force my way in?"

With a glance, he saw that there were many seals that needed to be repaired.

The rock spirit said without hesitation, "You will become the prey of the Heavenly Dao prison!

"Not all the criminals in the Heavenly Dao prison are locked up in cages. There are also some who are banished. Once outsiders enter, they will be the prey they chase."

After a pause, the stone spirit reminded, "They haven't eaten for many years."

In other words, the prey it was talking about was the true meaning of prey.

Those who fell into it would be hunted as prey and then... eaten.

Just thinking about it made Su Yu shudder.

If it was not necessary, it was better not to choose this path.

Just as he was in danger, the sound of fighting suddenly came from the corner of the valley. Those who were repairing the Heavenly Dao prison were immediately attracted and rushed over to investigate.

Su Yu was curious. Why were there still people fighting here?

Weren't they all here to repair the seal?

It wasn't like there were any benefits to fight over.

When he rushed over, the area near the fight was already filled with people.

Su Yu stood at the back of the crowd and looked over with his hands behind his back. He discovered that the people fighting were a human and two barbaric bulls.

The human was a thin and weak young man. He looked refined, but his attacks were ruthless and merciless.

A serrated dao sword drew deep sword scars in his hand.

Su Yu was secretly surprised. Those sword scars should be the ancestor techniques of the southern emperor sword saint's lineage, but this technique should have been lost many years ago.

Furthermore, the southern Emperor Sword Saint's lineage was not human.

It could be seen that this person must have learned it from an unknown source.

The two experts from the bull race had reached the great sage level. Although they were restricted by the local suppression and only revealed their ancient sage level cultivation, their various ancestor techniques and powers were not suppressed.

They each used their own ancestral techniques.

The three ancestral techniques were still suppressed by the Sword Scar, forcing the two bull tribe experts to retreat.

"Join hands!" The two bull tribe experts were furious. They looked at each other and used a powerful ancestral technique together.

The ancestral technique was much more solid than before.

The ancestral technique swept out and immediately destroyed the young man's remaining sword scar. If the latter used the sword scar again, it would be difficult for him to defend.

After all, it was difficult for two fists to fight against four hands. If nothing unexpected happened, the young man would definitely lose.

However, at this moment, the young man suddenly put away his dao sword and changed to a palm technique.

He slapped his palm across the air, and the purple flames in all directions collapsed. The Qi of the Heavenly Dao Master in the Heaven and earth crazily gathered in his palm and then turned into an extremely full scar.

Su Yu was once again surprised. "The ancestral technique of the Pan Dong Clan?"

The Pan Dong clan was also a race that had disappeared in the long river of history. Legend had it that their race originated from the legendary Pan Gu clan.

Although it had never been verified, the ancestral technique of the Pan Dong clan was indeed powerful and had the power to split open the heaven and earth.

With a palm strike, the heaven and earth were shattered and the chaos was completely destroyed.

The palm strike at this moment was the ultimate ancestral technique of the Pan Dong clan.

An Outsider was able to master two ancestral techniques that he should not have.

A young woman's figure could not help but appear in Su Yu's mind. She was the saint of Thieves.

The person who specialized in stealing the ancient tombs of the various saint clans and ancestral techniques. Of course, she had another identity. She was Su Cai'er's master.

However, the ancestral technique that the young man in front of him had learned was much more advanced than the saint of Thieves.

Even his cultivation was much higher than that of the thieving sage.

Under the current suppression, the cultivation that he had displayed was that of an ancient sage. However, in reality, he should be at the level of a great sage.

Together with the powerful ancestral technique, his strength could be said to be world-shaking!

"Break!" The young man shouted in a low voice. The two members of the Barbaric Bull tribe were blasted into oblivion on the spot. Their magical treasures, Dao artifacts, and the like scattered all over the ground, attracting the attention of many onlookers.

During the scramble, Su Yu could faintly hear their discussion.

"Heh, the barbaric bull clan is usually rude and unreasonable. They don't even know that they have provoked the Starry Sea Swordsman."

"Haha, so you recognized them too?"

"Nonsense! The Starry Sea Swordsman is so famous. How could I not recognize them? I believe many people present recognized them, but no one reminded the two members of the Barbaric Bull Clan."

"Humph! Those two idiots usually rely on their own strength to bully others. It would be strange if someone reminded them."

"But it's strange to say that with the qualifications of the Star Ocean Swordsman, there's no need for him to come here to repair the Heavenly Dao prison, right?"

"Shh! Don't think that you're smart. If you don't want to get into trouble, shut up."

..

Su Yu heard it and couldn't help but look at the star Ocean Swordsman.

After he killed the two of them, he silently picked up the iron mask on the ground and put it back on his face. Then, before the Rockmen arrived, he silently returned to his original position.

The Rockman, who was at the Great Sage level, led a group of Rockmen Guards and rushed over.

Looking at the ground covered in blood and flesh, his expression was extremely indifferent. He said, "Another meaningless battle!"

He looked around at everyone and cast a warning gaze. "For the last time, outside the Heavenly Dao prison, no fighting is allowed. If you are discovered again, HMPH, you will be treated as a sinner and imprisoned in the Heavenly Dao Prison."

The Heavenly Dao prison had nothing else, but there were many cages for criminals.

"Disperse!"

With that, everyone dispersed and returned to their original positions to continue repairing the Heavenly Dao prison.

The great sage stone golem said coldly, "Five days at most. If you can't complete the repair mission, SCRAM!"

It was impossible for the repair of the Heavenly Dao prison to continue slowly.

So far, it had been going on for several years.

The higher-ups were very dissatisfied with their progress and ordered them to end it within five days.

On the same day, there would be experts from the upper-level stone man hall coming to check on the situation.

If they found out that they hadn't finished repairing it, all the stone men present would be punished for not doing their job properly.

Only five days?

The corner of Su Yu's mouth twitched. It really was a case of a house falling through the night!

Was it easy for him to find a good place to hide?

In the end, after five days, regardless of whether they repaired the seal or not, they had to leave.

They had to think of a way to stay and break into the third level.

His mind recalled the words of the stone man, and a plan came to his mind. It seemed that he had to think of a way to become a criminal and enter the Heavenly Dao prison.

As for how to become a criminal, didn't the Stone Man Say So?

Whoever fought again would be allowed to enter!

Zhang Xuan swept his gaze across the surroundings and saw a burly man not too far away.

His eyebrows were thick, and his face was filled with bulging muscles. His eyes were filled with a ferocious aura, and his cultivation was not weak either. He should have been an ancient sage expert in the past.

Chapter 3047 Bad Guys Are Hard To Deal With

Now, he was suppressed to the third stage of the intermediate stage of the Heavenly Dao master level.

It could be seen that he was a rough man with a bad temper.

"I'm sorry, Brother. I'm the first bad guy. Please bear with me." Su Yu made up his mind. He strode forward and kicked away the repair materials that he had just taken out.

The face hidden under the black robe forced out a fierce expression. He deliberately lowered his voice, "Damn fatty, I've been unhappy with you for a long time!"

He silently apologized in his heart.

In his life, he had never taken the initiative to bully anyone. He did not expect that he would break his precepts today.

Amitabha!

He thought so in his heart. His eyes were fixed on the boorish man. He was waiting for him to explode in anger. Then, the two of them could fight and then they could be properly imprisoned in the Heavenly Dao prison..

"Ah!" As expected, the boorish man cried out and suddenly raised his head.

However, he was not angry, nor was he angry. Instead, he held Su Yu's hands with a face full of realization. "Brother, good kick, good kick!"

UH --

Su Yu was stunned. Was there something wrong with this person?

The boorish man looked at the ground excitedly and said, "Brother is really a god. With one kick, he kicked away the confusion that had trapped me for half a month. So this is how the seal here should be repaired."

Huh?

Su Yu looked down and realized that he had accidentally kicked many materials into the cracks.

Then, the materials quickly melted and merged into the seal, repairing a part of the seal.

"Hahaha, my mission is almost complete!" The boorish man held Su Yu's hands and said gratefully, "Thank you so much, thank you so much."

As he spoke, he took out some precious gifts and stuffed them into Su Yu's hands. "This is just a small token of my appreciation. Please don't be stingy with it."

"It's nothing, you're welcome!" Su Yu took a deep breath. He had the urge to hit himself.

Even this could work!

"I'm resting now. Come back tomorrow, Brother. Goodbye." The boorish man did not give Su Yu the chance to continue being a villain. He cupped his fists and left happily.

Su Yu looked at the gift in his hand and hardened his heart. "Again!"

He swept his gaze again and saw a middle-aged man with a full beard and a face full of scars squatting on the ground not far away.

He had a burly figure that was even more vigorous than the burly man from before!

The fierce aura in his eyes was also quite terrifying.

This person was obviously not a good person. He had a clear conscience to find trouble with him!

Su Yu strode forward and was about to give him a kick, but when he thought of the mistake he made just now, he changed to giving him a kick on the shoulder.

The latter was caught off guard and was kicked to the ground.

"You still don't greet me when you see me? Are you courting death?" Su Yu said fiercely.

As expected, the bearded man should have retaliated in anger.

But who knew that he suddenly covered his face with both hands and cried loudly. His voice was also strange, like that of a man and a woman.

"Sob, sob... I'm in so much pain, so much pain." The bearded man sat on the ground, his legs wide open as he shouted. From time to time, he would even twist his chest, which was covered in thick black chest hair.

In his two eyes, tears really flowed down.

Su Yu was stunned on the spot!

This... this..

At this moment, the beautiful woman beside the bearded man couldn't stand it anymore. She immediately helped him up, and the latter leaned on her shoulder, she cried out in grievance, "Ah Xiu! I'm so pitiful. I didn't provoke anyone, but I was kicked by him. SOB SOB SOB... This world is so scary. I want my mother!"

Want his mother?

Really. Su Yu really wanted to beat himself up three hundred times to vent the anger in his chest.

The beautiful woman reproached Su Yu and said, "Sir, Ah Hua is a kind and sensible child. Aren't you going too far by bullying him like this?"

Ah Hua?

Su Yu's body twitched and he quickly bowed. "Sorry, Sorry, it's a misunderstanding."

He threw the gift to Ah Hua. "As compensation, here you are."

Ah Hua immediately stopped crying. He blinked his bell-sized eyes and shyly accepted it. He mumbled, "Thank you, young master. I Won't cry anymore."

Hiss --

Su Yu shivered and quickly left.

He looked around and was speechless in his heart. Usually, he did not cause trouble. The whole world was trying to find trouble with him.

But today, even if he wanted to take the initiative to find trouble, it was so difficult.

Suddenly, Su Yu saw the iron-faced man named Starry Sea Swordsman.

His heart moved. Other people were afraid of the strength of Starry Sea Swordsman, but Su Yu was not afraid. Moreover, judging from how ruthless this person was, he should be the one who would immediately fight back after a provocation.

After confirming his target, Su Yu made a prompt decision. He strode over and immediately cursed, "Are you blind? Get out of the way!"

The Starry Sea Swordsman, who was repairing the seal with his head lowered, raised his head coldly and said in a cold voice, "Are you looking for death?"

There was hope!

Su Yu's expression was stern. "I told you to get out of the way. Are You Deaf?"

A ruthless glint flashed in the eyes of the Starry Sea Swordsman. Without thinking, he pulled out his sword and stabbed. His attack was extremely ruthless.

Su Yu almost laughed out loud. This was exactly the effect he wanted.

He raised his hand and grabbed. A defensive ancestral technique was unleashed. As soon as the remnant mark appeared, it contained the extremely sharp sword mark and then melted bit by bit.

The Starry Sea Swordsman was shocked, and his attack became even more ruthless.

He extended his palm and used the Pan Dong clan's peerless ancestral technique. A focused and full ancestral technique swept over ruthlessly.

Two experts of the Barbaric Bull tribe had died tragically from this move.

Su Yu was unafraid. She executed another defensive ancestral technique. The two overlapping defensive powers were astonishing. They actually withstood the opponent's remnant marks and exploded with a loud boom.

Such a huge commotion immediately attracted everyone's attention.

"DAMN! Has The Starry Sea Swordsman Gone Mad? He only killed two people, and now he's fighting again!"

"No! It's the other person who's mad. He's the one who provoked Starry Sea Swordsman!"

"This... he's really mad!"

Was Starry Sea swordsman someone to be trifled with?

Why did the black-robed man take the initiative to Provoke Starry Sea Swordsman.

However, what surprised them was that Su Yu's strength was abnormally strong, and he was on par with Starry Sea Swordsman for a time.

They exchanged blows and were unable to do anything to each other.

Furthermore, the huge commotion finally attracted the rockmen who had just left.

"Stop!"The Rockman Grand Sage shouted angrily.

Only then did Su Yu and the starry sea swordsmen stop.

The Rockman grand sage said coldly, "What I said just now, all of you turned a deaf ear to it, didn't you?"

The Starry Sea swordsman snorted coldly and said, "He was the one who provoked me first!"

"Hehe, do you think I believe you?"The Rockman Grand Sage scoffed. The Starry Sea swordsman often had conflicts with people here. Almost every time, it was because of some trivial matter that he deliberately found trouble with people.

How could someone be so blind to take the initiative to provoke him?

"Men! Throw the starry sea swordsman into the Heavenly Dao Prison!"Many rockmen rushed over and suppressed the Starry Sea Swordsman. The latter was shocked and angry. "I was wronged!"

"Cut the crap. Throw him in!"The Rockman Grand Sage said.

Very soon, the starry sea swordsman was taken away.

The Rockman Grand Sage looked at Su Yu. The latter immediately said "Frankly", "Actually, I was the one who provoked him. Please punish me, Sir!"

It seemed that the plan was going to succeed!

However, what made Su Yu vomit blood was that the Rockman Grand Sage suddenly smiled and patted Su Yu's shoulder. "Well done! Against such an evil force like the Starry Sea Swordsman, you should resist tenaciously. Only then can you suppress their arrogance."

"Men, this person performed well and was promoted to be the security captain. He will patrol the order outside the Heavenly Dao Prison."

As he spoke, he patted Su Yu's shoulder. "Do well. I have high hopes for you!"

At this moment, Su Yu was completely in a mess in the wind..

Why was it so difficult to be a bad person?

Chapter 3048

A Rockman behind him walked over and handed Xia Qingchen an identity token and a stone club.

The Rockman said, "With the token in hand, you can order people to repair the seal at any time. The stone club can attack them. Whoever disobeys will be attacked."

Su Yu accepted helplessly. That was not what he wanted.

"In addition, if there is an emergency, you can also use the token to enter the first level of the Heavenly Dao prison and maintain order inside,"the Rockman added.

Eh?

Su Yu's spirit was greatly shaken. He pretended to be calm on the surface and said, "The first level that you mentioned, do you mean below?"

"That's right!"The Rockman said, "However, you can only enter in an emergency. At other times, if you enter, you must receive a severe punishment."

Su Yu thought for a moment and said, "In an emergency, such as?"

The Rockman said, "For example, when you discover that the first layer of prison rice is trying to escape, and you don't have the time to inform us, you can enter on your own and stop others from escaping."

"Under such circumstances, you are not allowed to enter at any other time."

Su Yu looked extremely flattered and said, "I understand. I will definitely not let you down."

The Rockman nodded and chased after the Rockman Grand Sage.

His eyes flashed and he said, "Sir, why is there an extra patrolman? Furthermore, he is from another race?"

The Rockman had always been responsible for patrolling. How could he leave it to an outsider?

A sinister look appeared on the Rockman Grand Sage's indifferent face. "Firstly, this person is very powerful. He is on par with the Starry Sea Swordsman. It is perfect to use him to suppress those who are not obedient."

"Secondly, do you really think that the prisoners in the Heavenly Dao prison will be honest?" The Stone Man Grand Sage revealed a look of fear. "Twenty years ago, they broke the seal and escaped. Now that a crack has appeared in the seal, will they just sit and wait for Death?"

As he said that, the expressions of the stone men changed.

Twenty years ago, there was a serious case of criminals escaping from the Heavenly Dao prison. Many of the criminals managed to escape and caused great damage to the emperor realm.

Luckily, the carefree emperor appeared in time to capture most of the criminals and seal them back in. Otherwise, the consequences would have been unimaginable.

But it was said that twenty years ago, all the rockmen guarding the Heavenly Dao prison died in battle.

Many of them were great sage level rockmen. Their deaths were extremely tragic.

Everyone was worried that something might happen again?

"However, you don't have to worry too much. This time, no one will be able to escape." The Rockman great sage smiled meaningfully.

Many of the rockmen calmed down a little. They understood the intentions of the Rockman Great Sage.

With Su Yu's patrol on the ground, once a criminal escaped from prison, he could use his strength to temporarily hold them off. He could give them a warning time and then leave calmly, he was afraid that he would suddenly be attacked and end up like the Rockmen from twenty years ago.

On the ground.

Su Yu watched as they left. He was also thinking about the meaning behind his identity as a patrol.

Guarding the Heavenly Dao prison was such a serious matter. Would the rockmen dare to casually appoint someone they had never seen before to guard it for them?

It was obvious that they had ill intentions.

However, it was exactly what Su Yu wanted.

"When there are criminals who want to break out of the prison, it's too remote. It's better to enter the prison on your own." Su Yu had the token in his hand. After entering the prison, those criminals did not dare to attack him.

However, there were too many people and too many eyes. It was better to wait for an opportunity to speak.

He silently assumed the identity of a patrolman and supervised everyone present to repair the seal.

A Day passed.

Everyone felt extremely exhausted. Apart from the mental energy required to repair the seal, it was also related to the intense pressure of this place.

They were affected by this, which was why they felt extremely exhausted.

Su Yu was the body of the illustrious son of heaven, so he was naturally fine. However, since everyone had retreated, he naturally couldn't stay any longer. He quietly followed the crowd and left.

Everyone found a place to sit cross-legged and cultivate. They waited for tomorrow to start and continue repairing the crack.

At a certain place.

Several people gathered, their expressions exceptionally grave.

Su Yu wasn't unfamiliar with one of them. It was Su Cai'er's former master, the Saint of Thieves.

"What happened today? How did third senior brother get captured and sealed in the Heavenly Dao Prison?" The saint of thieves frowned and said, "Is this part of third senior brother's plan?"

The one who answered was the bearded but sissy man. He shook his head and said calmly, "No, it was provoked by that unknown person on purpose, causing a fight."

The Saint of Thieves raised his eyebrows and asked, "Who exactly is that person? Did he discover us? Therefore, he provoked us again and again?"

Everyone was thinking, and the atmosphere seemed to be frozen.

"If that's the case, then we're finished. It's very likely that our every move will be noticed by the Rockmen," a person said in a deep voice.

The Saint of Thieves thought for a long time, then shook his head slightly. "It doesn't seem like it! If this person is in charge of monitoring us, there's no need for the Rockmen to expose him."

"However, no matter what his identity is, he has already hindered us. We must either act as soon as possible or get rid of him to prevent future trouble."

Everyone looked at each other and said in unison, "Let's act as soon as possible. Third senior brother is already locked up in the Heavenly Dao prison. His life is in danger at any moment."

"Then let's Act Tonight!" The Saint of thieves said in a serious tone.

Everyone nodded slightly and dispersed like phantoms, ready to wait for an opportunity to enter.

At the foot of a certain mountain, Su Yu took a deep breath and looked at the sky. Like a tiger or a leopard, he jumped into the valley.

At this moment, the outer appearance of the Heavenly Dao prison had been taken over by the Rockmen Patrol team, and no one was allowed to approach.

However, their defense was tight, and there were some loopholes.

That was, when the patrol teams passed each other.

Every night, two patrol teams would take turns patrolling, and at that time, the patrol team would leave the glazed tile for about half a cup of tea time.

At this time, it was the only chance to invade the crack.

Once it was exceeded, all chances would be lost tonight.

Su Yu hid behind the stone and counted the time silently. When the night was over, Su Yu looked at him.

Sure enough, the patrol team retreated to the edge.

He was like a phantom, dashing towards Liuli.

However, what Su Yu did not expect was that not far away from another mountain, another group of people actually rushed down from the stone wall at the same time.

Su Yu was shocked. He thought that he had been discovered and that the Rockmen had set up an ambush.

Wasn't the other party the same?

When they found Su Yu, they were all trembling with fear.

Both parties met in the air. They looked at each other.

The bearded Sissy suddenly recognized him. "You are the newly appointed patrolman? Why are you here?"

Su Yu's heart skipped a beat. He did not want to be reported by others, so he did not want to be sneaky.

He had an idea. He took out his stone stick and shouted, "I've been waiting for you guys for a long time. You're finally out! All of you, stop right there! Don't move!"

The shout attracted the stone men who were about to leave. They immediately rushed over.

Chapter 3049 Soul Formation

The faces of the Saint of Thieves and the others changed drastically. had their plan been exposed?

"Spread out!" The Saint of thieves shouted and immediately used the ancestral art, disappearing without a trace.

The others followed suit. Under the cover of the night, they all spread out and fled.

Not long after, the stone golems on the ground rushed over. When they saw Su Yu hovering in the air, they immediately surrounded him. "Who is it? Did you break into the Heavenly Dao Prison?"

Su Yu took out a token, and the Rockmen finally let down their guard.

"Don't you know the rules? You are not allowed to come to the Heavenly Dao prison after tonight," one of the Rockmen berated.

Su Yu said calmly, "I received a secret report that someone is planning to barge into the Heavenly Dao prison tonight. I'm not sure, so I came here to ambush. If I find anything wrong, I'll inform you."

"We did find a group of people with ill intentions just now."

The few rockmen did not say anything else. They did see a group of sneaky people disperse just now.

"Forget it. It Won't happen again. If there's any more similar news, let us know first. Let's go back."

Su Yu escaped death and returned to the foot of the mountain expressionlessly. The Rockmen Patrol team informed the Rockman Grand Sage. The latter sent a group of Rockmen to search for traces and see if they could find out who it was.

At the foot of the mountain.

Su Yu could not help but sigh, "What bad luck!"

There was actually someone who had the same thoughts as him. They wanted to break into the Heavenly Dao prison when the patrol team took turns.

Fortunately, they reacted quickly just now. Otherwise, the consequences would not be small.

"We can only wait for two days." Su Yu said helplessly.

After What Happened Tonight, the Rockmen Patrol team would definitely be on high alert. If they tried to force their way in again, they would definitely be walking into a trap.

On the other side.

The group of people who had scattered and escaped gathered together again.

A black-robed man slammed his hammer on the stone wall. "Damn it, who leaked our plan?"

"That's right, there must be a mole among us!"

Even the saint of thieves agreed. If that wasn't the case, why would the other party coincidentally ambush them there?

On the other hand, a woman said meaningfully, "Everyone, is there a mole among us, or does the other party also have a plot?"

Hearing that, everyone began to think again.

"Yes. When the two parties met, the other party seemed to be a little surprised. It didn't seem like an ambush!"

"I get it! He was afraid that his evil scheme would be exposed, so he disguised himself as a patrolman."

After their analysis, they finally came to a correct conclusion from their panic.

"Damn it! This man has sabotaged our plan time and time again!"

"First, he sent the Star Ocean swordsman to the Heavenly Dao prison, and now, he has ruined our plan

"This man is definitely a stumbling block for us!"

The Saint of thieves narrowed his eyes and asked, "What do you mean?"

"Get rid of him first!" The bearded sissy said, "If we don't get rid of this man, it might even affect our steps."

The mysterious men nodded slightly. After thinking for a long time, the saint of thieves., however, he shook his head and said, "It's better not to act rashly. He is a patrolman personally appointed by the Rockmen. If anything happens to him, it will definitely trigger the Rockmen's strict investigation. We might even be found out."

"Then what should we do?"

"Wait! Wait for the opportunity!" The Saint of Thieves said cautiously.

"But, are we just going to let this grudge go?" The bearded Sissy said unwillingly.

The Saint of Thieves' eyes flashed and he said coldly, "Of course not! This person is a threat. We'd better think of a way to remove his identity as a patrolman."

The next day.

In the Heavenly Dao prison, everyone was doing their jobs to repair the seal. They had no idea that there had been an incident of breaking into the seal yesterday.

Su Yu was patrolling while he was deep in thought.

"There are only five days left," Su Yu muttered. "I have to think of a way to enter the Heavenly Dao prison within five days. Otherwise..."

Even if he did not investigate carefully, he could feel that there was an extremely weak consciousness in the soul realm that was monitoring him.

Just as Su Yu was in a daze, a seal patcher from a remote corner suddenly came in front of him with a flustered expression. He said, "Patrolman, something bad has happened. I have something to report to you."

Su Yu returned to his senses. "What is it?"

"I found a new crack," the other party said.

Su Yu's eyes secretly trembled. The new crack meant that the rockmen had not discovered it yet. They could completely sneak in without being noticed.

"Take me there," Su Yu said.

The sealing patcher immediately led the way, but he did not know that after turning around, Su Yu's eyes were completely pale. He stared at his head and silently observed for a while.

In a remote corner, the disguised thief saint and a few of his companions were setting up an array formation.

"Thief saint, is this psychedelic array really okay?" The bearded sissy did not quite believe it.

The thief saint said enigmatically, "Do you know who refined this array formation?"

"How would I know?" The bearded Sissy was speechless. There were many people in the world who knew how to refine artifacts. "However, the psychedelic array formation requires a very high level of soul attainments. Otherwise, it would be difficult to succeed."

The hallucinatory array formation emphasized on confusing people's souls. Therefore, there must be extremely high level of soul attainment in the array formation.

Currently, the Best Soul Array Formation came from the Soul Saint Clan.

They were the only clan that could control the soul domain and even had the soul ancestor technique.

The hallucinatory array formation that they refined possessed incredible abilities.

It was said that as long as a member of the Soul Saint Clan had comprehended even the slightest ancestral technique, they would be able to refine a supreme array formation that was hard to come by in the outside world.

"This array flag is said to have been refined by the most outstanding member of the Soul Saint Clan, Linghu Jie! He is a genius junior who has comprehended one-third of the ancestral technique."

"What?"

Everyone present was shocked. The bearded sissy said in shock, "Why would linghu jie refine this array flag for you? The Soul Saint Clan has a terrifying foundation. Do you have anything you want? What can you use to persuade him to refine it for you?"

The Saint of thieves pointed at himself and said with a faint smile, "Do you think I need to buy it?"

If that was the case, he would be letting down the word 'Saint of Thieves'.

"You stole it?" The bearded sissy stared at him.

The Saint of thieves was too powerful to be able to steal anything from the Soul Saint Clan!

There were countless terrifying old monsters living in the Soul Saint Clan.

The saint of thieves chuckled, "Of course I don't have the ability to break into the soul saint tribe to steal. I took it from a high-class auction house."

"This item must have been specially refined by Linghu Jie to repay a favor. That's how it ended up on the market."

Only then did everyone come to a realization.

The bearded sissy exclaimed, "Your luck is too good. You were able to find such a peerless treasure. With Linghu Jie's soul mastery, the psychedelic formation he refined is so powerful that it can trap a great sage for ten days."

The most valuable thing was that the soul saint tribe rarely created anything for the outside world.

It had been many years since the Soul Saint tribe's psychedelic formation was found outside.

"All we need to do is lure him over and control him inside the psychedelic formation. Then..."the grand theft sage hooked his two fingers together. "I'll take his token and stone rod and disguise myself as a patrolman. I'll be able to cover your way into the Heavenly Dao prison tonight."

Chapter 3050 Showing Off

Everyone's eyes lit up!

This was definitely a feasible plan. It was much better than simply killing the patrols.

All of a sudden, the bearded sissy received a message. His expression changed and he said, "He's coming!"

The Thieving Sage had just finished setting up the seal and said, "It's done. Get Ready."

Everyone cooperated and surrounded the formation. At this moment, when the formation was activated, an illusory crack appeared in the originally empty area.

This was the effect of the formation.

Even those with strong cultivations were unable to see through the authenticity of the crack.

"This... is truly amazing!"The bearded Sissy's eyes turned golden. This was his cultivation eyesight, and he could see through the true void.

Normally speaking, even a great sage's vision could not compare to his.

However, he could not see through the crack in front of him!

He had encountered many illusory formations in his life, but they could not escape his vision. No matter how high the formation was, there were traces of falsehood.

But there was no flaw in front of him.

If he was like this, there was no need to say anything about the others.

"As expected of a product of the Soul Saint Clan. It's truly unbelievable."It was also the first time that the pirate Saint had used it. He was extremely shocked, but a hint of regret soon followed. "It's such a pity to use it on this patrolman."

Rustle --

The sound of footsteps came from afar. Everyone immediately put away their strange expressions and pretended to be a group of repairmen who had discovered the crack. They surrounded and watched in astonishment.

"What a big crack!"

"But it's really strange. We didn't see it yesterday!"

"Should we inform the Rockmen? We should let them know about this new crack first."

They pretended to be discussing to attract Su Yu's attention.

Su Yu saw it and smiled imperceptibly. It was really a little childish.

Just now, he had secretly used a soul secret technique to investigate the thoughts of the guide. He knew early on that it was a scam.

When he came here and saw the crack on the ground, he didn't know whether to laugh or cry.

It was just a simple ancestral spell combined with a psychedelic array, but it was full of flaws in his eyes.

Fortunately, they were watching and discussing seriously.

"The Lord is here. All of you, move aside!" The guide separated them and pointed at the illusory crack. "This is it!"

Su Yu had a serious expression. "It's really a crack!"

He rolled his eyes and said in a deep voice, "In order to prevent criminals from escaping from the crack, all of you should retreat to avoid hurting you."

The Saint of thieves and the others understood. It seemed that he had taken the bait.

This patrolman also wanted to break into the Heavenly Dao prison. Now that such a good opportunity was in front of him, how could he miss it?

He wanted to distract them and then sneak into the crack.

The group of people immediately dispersed, but they hid in the distance and quietly watched the show.

The Saint of Thieves took out a crystal plate, which displayed the scene near the psychedelic array.

Su Yu walked around the psychedelic array a few times and kept sizing it up, but she didn't step into the psychedelic array.

The bearded sissy muttered, "This guy is too cunning, right? He hasn't taken the bait yet."

The others were also secretly anxious. Even the saint of thieves was a little worried. She had paid a huge price, so it wouldn't be a waste.

However, what made the Saint of Thieves' Heart Sink was that Su Yu had actually left!

After sizing her up for a few weeks, perhaps feeling that something was wrong, she might as well leave.

"Sigh!" They all slapped their thighs and sighed. Seeing that they were about to succeed, the other party actually left vigilantly.

However, just as they were feeling disappointed, Su Yu actually returned and started to size him up again.

They were extremely disappointed and held their breaths as they focused on Su Yu's actions.

This time, Su Yu sized him up for a longer period of time. After hesitating for a long time, he raised his right foot and stepped into the range of the psychedelic array.

Just as they were about to clap and celebrate, Su Yu vigilantly retracted his foot and shook his head before leaving again.

"Hey! ! Damn it, why did he leave again?"The bearded sissy blew his beard and glared. "My little heart can't take it."

"I'm not waiting anymore, I'll just capture him and throw him in!"Another mysterious person said angrily.

From hope to disappointment, then from disappointment to hope, and finally to despair.

Who could take this?

Even the saint of thieves was a little angry and said, "Does this person know that we are watching and deliberately play us?"

However, as he was speaking, Su Yu came back.

This time, he did not hesitate and directly jumped into the psychedelic array.

In their rage, they were all overjoyed.

"Damn it! He finally went in!"

"This kid is even more cunning than a rabbit, but he still fell, right?"

The Saint of Thieves also put down the crystal and let out a long sigh. "At least I didn't waste my energy. Go and get the token from him immediately. If we delay any longer, things might change."

The group immediately rushed to the front of the psychedelic array and saw that Su Yu was indeed in the psychedelic array, wandering around like a headless fly.

The Saint of thieves smiled slightly and grabbed at the air, preparing to grab Su Yu's token.

However, Su Yu suddenly reached out and pressed down on the token. He raised his head, and the confusion and anxiety on his face instantly disappeared, what replaced it was a half-smile. "The psychedelic array of the Soul Saint clan is quite powerful."

Seeing this, the saint of Thieves'expression changed drastically, and he said in disbelief, "You... you didn't fall into the psychedelic array."

Once one stepped into the hallucination array, they would fall into a huge hallucination realm and would be unable to extricate themselves. It would be difficult for them to know the situation outside.

However, Su Yu clearly did not fall into the hallucination realm.

Moreover, he actually knew the origin of the hallucination array!

Su Yu put his hands behind his back and walked out of the hallucination array as if nothing had happened. He smiled faintly, "Are you surprised? Are you surprised?"

The Saint of Thieves'heart skipped a beat. He shouted in a low voice, "Hurry up and leave. There's a trap!"

She finally confirmed the speculation in her heart. This patrolman had provoked their emotions time and time again. He was playing with them!

Whoosh whoosh whoosh --

The Saint of Thieves reacted the fastest. He turned around and fled.

Although the rest of them were a beat slower, they knew that the situation was not good and escaped one after another.

Su Yu smiled. "It's best that all of you can appear. It saves me from dragging all of you out one by one and ruining my plans."

Su Yu was more than happy for them to appear.

He was originally a little worried that the next time they acted, this group of people would mess up their plans again.

Swoosh --

Su Yu swept his eyes and a powerful soul domain was mixed with a profound soul secret technique... it was like a prison that radiated out.

The Saint of Thieves and the others did not feel that it was inappropriate. It was just that they could not run to the end of the valley that was not particularly wide.

They could not see anyone along the way.

The scene around them kept repeating.

Of course, this was their own field of vision. In Su Yu's field of vision, they were all standing in a circle.

Su Yu's sleeves shook, and the psychedelic array rose up from the ground, trapping the group of people within.

Looking from the outside, the location of the formation was empty.

"If night fell and the Rockmen suddenly discovered that there was a group of people standing here, what would the situation be like?" Su Yu had a faint smile on his face as he walked away.
