### Chapter 331 The Mastermind

Yin Yu had caused a lot of trouble for the Tu family, and had also killed countless strong martial artists of the Tu family. Yet the Tu clan did not kill him, as they feared the Empire of Darkness. However, Yin Yu actually came of his own will!

Su Yu questioned in reply: "Is that a no?"

The old man thought to himself for a moment, as things were made difficult for him. In the end, he bit his teeth, recorded down Su Yu's name, and gave Su Yu a jade pendant.

"This is a white stone. After you have killed a demonic beast, it will record your points of contribution! In the end, your contribution is decided by the white stone. Take care not to lose it!" The old man reminded him, while tossing the white stone over.

When Su Yu was about to catch the white stone, a cold hum could be heard from the side: "Wait!"

The old man looked over. It was Huang Qishan, and so the old man wore a respectful expression.

The old man had the abilities of an Immortal Level One. However, Huang Qishan had the abilities of an Immortal Level Two Peak!

It was rumored that he was once the Faction Master of a force of the Hundred Territories Alliance.

Because his ways of doing things were ruthless and he had killed countless people, he angered the forces around him. Hence, those forces teamed up and destroyed his faction.

His faction was completely massacred. Only he alone managed to fight his way out, barely escaping to the Anyue City. Ever since then, he had never left the Anyue City.

In the Anyue City, he had a good reputation.

He had also participated in the Demonic Beast Extermination Project, and was now looking for teammates.

As Su Yu was an Immortal Level One Peak, he was "ignorant", "young", and "inexperienced". Hence, he would easily become the best target.

"Is there a problem?" The old man spoke with a bit of respect.

Huang Qishan pointed a finger toward Su Yu from far away: "He doesn't have the right to participate in the Demonic Beast Extermination Project. I recommend you reject his participation!"

The old man felt resentful. A mere outsider actually dared to interfere in the Tu clan's affairs?

Under normal circumstances, Huang Qishan would have already been taught a lesson on how to be a person!

However, current things the way they were, the Tu family could use as many people as possible. In particular, Huang Qishan was a strong martial artist of Immortal Level Two Peak. Hence, how could the old man give him the cold shoulder?

"Haha, his abilities are strong. How is he not fit for the job?" The old man smiled.

Huang Qishan gave a light hum: "His abilities are strong? He is just a mere Immortal Level One Peak. When the beast tide comes, he will be the first one to die!"

"However, it's fine even if he dies. What if he implicates the martial artists who are close to him? Wouldn't it be him causing trouble to both himself and the others? Hence, I strongly suggest you reject his participation!"

The old man was a bit furious and had already given Huang Qishan a lot of respect and time already.

However, Huang Qishan did not know when to stop.

With a slightly cold expression, the old man said: "What if I insist?"

Huang Qishan laughed grimly: "Then, I can only say that I'm sorry. For my own safety, I will not participate!"

**Bang—**

Huang Qishan banged the white stone on the table: "If he's in, I'm out. Pick your choice!"

Everyone looked at each other in blank dismay. Was Huang Qishan crazy? Did he need to go to that extent?

The old man was also stunned. When he regained his senses, he secretly hated Huang Qishan, to the point that he bit his teeth. Since things had come to the current stage, how could he get out of his predicament?

"Are you sure?" The old man bit his teeth and said.

Huang Qishan nodded his head: "That's right. Do you want him to participate or do you want me to participate? Among both of us, you can only choose one!"

The old man's expression changed continuously. After a long time, he nodded his head furiously: "Understood! If that's the case, I will grant you your wish!"

**Slap—**

While many people were stunned, the old man actually took it seriously and took back Huang Qishan's white stone.

After which, it was Huang Qishan's turn to become stupefied on the spot: "You, you... choose him?"

Huang Qishan found it unimaginable and could not accept the fact in front of him.

The old man took a glance at him from the side and tossed the white stone belonging to Su Yu to Su Yu: "I wish you all the best."

Su Yu nodded his head nonchalantly. He then turned his body, took his leave, and waited for the day when the beast tide would descend.

"Wait! You cannot leave!" How was it possible for Huang Qishan to accept such a fact?

Having felt the faintly discernible mocking expressions, Huang Qishan flew into a rage from shame.

"What's the matter?" Su Yu said apathetically.

Huang Qishan said with dissatisfaction: "Why did you choose him and not me?"

The old man's eyelids twitched: "Haha, it's simple. You are inferior to him!"

"I'm inferior to him?" Huang Qishan opened his eyes so big that they almost fell out: "Old bastard, are you blind? How can I be inferior to this kind of trash?"

The old man's face twitched as he said profoundly: "I advise you to be careful with your words. A loose tongue spells trouble."

That silver-haired young man was Palace Master Yin Yu!

Be it his abilities or his identity, both were way above Huang Qishan's.

"Him? Haha. I really wish to see how impressive he is." Huang Qishan took a step forward and grabbed toward Su Yu's collar: "A brat like you, who passes yourself off as someone strong, even though you are weak, also has the face to participate in the Demonic Beast Extermination Project?"

"Let me teach you how to respect others!"

His claws headed toward Su Yu ruthlessly. However, Su Yu did not even turn back.

When Huang Qishan was about to grab Su Yu, Su Yu extended one of his fingers conveniently.

**Whoosh—**

A purple thunder arc descended. The big and muscular Huang Qishan became like a thin paper. He was sent flying for a hundred meters and crashed into the wall. After which, he spit out a mouthful of blood abruptly.

His expression was filled with astonishment: "You are..."

If it had been in the past, an immortal level lightning cultivation technique would not be considered famous.

However, recently, it represented the name of a person!

"Hahaha, what an idiot. He actually had the face to teach someone else how to be a person, even though he failed to recognize Palace Master Yin Yu!"

"This is so funny! There is actually someone who headed for Palace Master Yin Yu's hands of his own accord. Is he tired of living?"

A group of martial artists secretly watching the funny show finally could not take it anymore and convulsed with laughter.

Not all the people who participated in the auction that day had left the Anyue City. With a glance, they recognized that the person who Huang Qishan found trouble with was that fierce and tough Palace Master Yin Yu.

Tu Minghua, the Auction Master, was almost killed by Su Yu with his finger.

Similarly, Gao Cang was almost killed.

Both of them were Immortal Level Two Peaks and were the same as Huang Qishan.

Hence, they could tell what fate was awaiting Huang Qishan.

The old man, who was in charge of the application, wore a mocking smile. He intentionally refrained from mentioning Palace Master Yin Yu's name, as he thought that it was a good idea.

"Wh... What? You are Palace Master Yin Yu?" Huang Qishan gasped, and his whole face was filled with fear.

Su Yu looked at him indifferently. As Su Yu was too lazy to deal with him, he turned his body and left.

As everyone looked at him with a joking expression, Huang Qishan left gloomily. However, he did not go very far. Instead, he wore an angry expression and walked toward a nearby alley.

"Old jerk, you sabotaged me? Even though you knew that that was Palace Master Yin Yu, why didn't you tell me? If I had known that was him, would I have agreed to test his abilities?" Huang Qishan pointed toward an old man, who hid within the darkness in the alley, and berated him furiously.

The old man said nonchalantly: "If he can injure you, this means that his abilities are roughly about Immortal Level Three Lower Tier. That is good. This means that I can kill him personally!"

Huang Qishan was extremely furious: "Old crow, are you listening to me?"

"In order to test his abilities, I purposely made trouble. Not only did I get mocked, I was almost killed. I don't care, I want the reward to be doubled!"

The old man, who was within the shadow, nodded his head slowly: "No problem. On this day next year, I will burn twice as much money for you."

**Whoosh—**

Without seeing the old man's movement, a bloody hole appeared on Huang Qishan's forehead and he died on the spot!

"Firstly, I don't like someone to bargain with me! Secondly, anyone that is worthless will be discarded!" The old man stood with his hands clasped behind his back. He then gradually proceeded deeper into the small alley.

Twenty miles away, within the clouds in the sky, Su Yu stood with his hands clasped behind his back. His crystalline pupils had seen whatever transpired in the small alley.

The thought that Huang Qishan looked for trouble for no reason by using a ridiculous excuse to fight with Su Yu forcefully...

Would a former Faction Master do such things?

There must be something behind such unusual actions. After Su Yu left, he immediately hid somewhere far away and observed secretly.

As expected, there was a mastermind behind the incident!

Looking at it, Su Yu's pupils shrunk, until they became needles, and his eyes were glowing with coldness: "It's you! Old crow, you actually didn't die!"

Chapter 332 Claiming the credi

This person was none other than the Inspector Bai He, who wanted Su Yu dead!

To think that Palace Master Ling had failed to kill him after activating the palace garrison divine artifact.

Even though Su Yu suppressed his killing intent, his gaze was ice cold.

His current abilities were not enough.

Even though Inspector Bai He's cultivation level had been reduced to Immortal Realm Level Three Peak, he was still much stronger than Su Yu.

"Old thing, it doesn't matter if you managed to survive by the skin of your teeth, but to still set your sights on me? I shall remember this!" Su Yu grunted.

Chirp ——

A crisp sound rang out in the sky, signalling for people to gather.

Action broke out in the city, with large groups of people flying toward the eastern gate to gather.

Su Yu used his crystalline pupils to observe the situation outside the city, his expression turning grave.

At the borders of the Forest of Darkness, demonic beasts of different sizes and cultivation levels swarmed toward Anyue City like a tide of black water. They were like hungry ghosts, charging forward when they caught the scent of the human race.

What made Su Yu's pupils dilate, was that a small group of humans were escaping from within the Forest of Darkness. They were fighters that had registered for the demonic beast hunt. They were trying to hunt smaller demonic beasts before the tide arrived to gather points of contribution.

They had escaped the forest with much difficulty, following the sudden attack of the beast tide, rushing for Anyue City for their lives. But they had not even made it out three miles, when they were swallowed up by the beast tide. They did not even have the time to scream, their corpses completely ravaged.

Atop the city walls, many fighters turned pale, unable to mask the fear in their hearts.

"That was Wang Youting's group! It consisted of one Immortal Realm Level Two Lower Tier and five Immortal Realm Level One fighters!" a fighter gasped.

The abilities of the demonic beasts were not too strong, with only a rare few at the Immortal Realm. Most of them were at the Dragon Realm.

But there was a great disparity between their numbers. It was to the point that they could not even retaliate before being exterminated, not even their corpses remained.

The power of an individual was inconsequential in front of the beast tide. The entire horizon was laced with the black tide, assaulting Anyue City like a tsunami.

The atmosphere in the city was tense. Multiple fighters were feeling unease, regretting that they had signed up for this hunt. These people were not among the minority.

"Listen to orders, fighters of the city! Since you have already accepted the bounties, you are free to attack whichever demonic beasts you want. You are not to flee from combat, so as to prevent gaps in the defenses, implicating those around you!"

"Fighters will monitor each other. You may kill those who try to escape. The Tu clan will send inspectors to patrol the surroundings. Those who dare try to escape will be killed without question!"

Words filled with killing intent came from a secret location in the city.

"It is the Tu clan master! That's great, he has finally shown himself!" The group of fighters was visibly excited. It is the most powerful fighter in Anyue City, Tu Xie!

His cultivation level was at Immortal Realm Level Five, his battle abilities alarming. Not many people from the northern continent could stand up to him.

His appearance had motivated the fighters, boosting their confidence.

"Kill!"

Tu Xie let out a loud roar, shooting out a thousand zhang long bolt of horrifying spirit energy, piercing through the air toward the beast tide!

Rumble ——

The explosion shot up dust and debris, forming a mushroom cloud a hundred zhang tall. Following which, spots of black rain fell, turning into minced meat.

He had reduced a hundred demonic beasts to dust in that instant!

Su Yu's pupils dilated!

This was the power of an Immortal Realm Level Five? There were only five levels in the Immortal Realm.

The master of Anyue City, Tu Xie, had already reached the peak of the Immortal Realm! Only a step further, and he would have reached the mysterious, unknown realm!

At the same moment, Su Yu could not help but think about the mysterious leader of the Black Water Pirates. His abilities were on par with Tu Xie's!

He felt lucky thinking that he had survived against such a horrifyingly powerful opponent.

This attack shocked the human race. Too scary! Just how scary were the abilities of the legendary Tu clan master Tu Xie?

But at the same time, this action gave the human race a large boost of confidence! Even Su Yu felt more confident.

"Kill!"

The shouts became more prominent in the crowd. Human figures shot out from the city, charging toward the demonic beasts.

Su Yu stood on the city wall, using his crystalline pupils to survey the surroundings. Even though there were many demonic beasts before him, their abilities were not that strong.

Su Yu wanted to kill at least an Immortal Realm Level Three demonic beast. This way, he could amass a hundred thousand points of contribution and ask the Tu family for any favour!

But Immortal Realm demonic beasts were incredibly rare, much less Immortal Realm Level Three ones? Every time an Immortal Realm demonic beast appeared, a group of fighters would swarm and kill it.

Creak Creak ——

Suddenly, an alarming roar came from within the Forest of Darkness.

Looking over, one could see it was a large swarm of flying beasts, assaulting from the horizon!

The expression of the fighters in the city changed. There were only twenty flying beasts, but the weakest of them was at Immortal Realm Level One. There were also five Immortal Realm Level Two beasts. The strongest of them was the leader at Immortal Realm Level Three Lower Tier!

One Immortal Realm Level Two would give them a thousand points of contribution, five would give them five thousand!

But the most precious of them was the Immortal Realm Level Three demonic beast. It was worth ten thousand points of contribution!

His expression changing, Su Yu did not hesitate. His figure flickered as he vanished from where he stood.

It was only a moment later that the other fighters noticed the situation with the flying beasts!

"Immortal Realm Level Three demonic beast!" A group of fighters exclaimed.

An Immortal Realm Level Three demonic beast that could be exchanged with an entire immortal level technique! Furthermore, it was the lowest tier of Immortal Realm Level Three! How could anyone miss such a great opportunity?

Whoosh Whoosh Whoosh ——

A thousand fighters charged toward it in an instant. Amongst them were several Immortal Realm Level Three fighters! But they arrived one step later than Su Yu. When they were still ten miles away, Su Yu had already charged into the flying beasts.

"Tribulation of Ice and Thunder!" Su Yu pointed a finger at the sky as a purple dragon roared in descent.

Surrounded by the continuous painful wails, ten Immortal Realm level One demonic beasts turned into dust. At the same time the lightning struck down, Su Yu shot out four bolts of transparent spirit energy, killing the rest of the four Immortal Realm Level One demonic beasts.

At this point, the fourteen Immortal Realm Level One demonic beasts were all killed by Su Yu, garnering him a thousand four hundred points of contribution!

"Thunder Star Finger!" But Su Yu did not stop, turning to kill the other six demonic beasts that were fleeing in terror.

The five Immortal Realm Level Two demonic beasts were slower and could not escape successfully. But the Immortal Realm Level Three demonic beast not only had an edge in cultivation level, its movement techniques were also better than Su Yu's, by virtue of it being a flying beast.

The moment's pause had allowed it to fly ten miles away! Seeing how he was about to let it escape, Su Yu made a swift decision. His left eye released a red glow, "Space Transportation!"

Creak ——

The Immortal Realm Level Three demonic beast that was flying away rapidly was forcefully pulled back, despite its shrill shrieks, just three zhang away from Su Yu!

Whoosh ——

Sensing the danger, the Immortal Realm Level Three flying beast opened its mouth to shriek, releasing a destructive soundwave. At such a close distance, Su Yu could not defend himself.

Creak ——

He used his Thunder Star Finger, its explosive destructive power reducing the power of the soundwave by half. But the reflected power caused Su Yu's blood to curdle, making him retreat a few steps!

The power of the Thunder Star Finger was enough to deal with Immortal Realm Level Two Peak fighters, but was nowhere near enough to deal with a Level Three! Taking a deep breath, Su Yu gathered a destructive soundwave in his mouth. He wanted to use the Buddhist Saint's Eight Characters to kill the beast.

But just as he was about to succeed, a familiar sinister laugh reached his ears.

"Hehe, sorry to trouble Palace Master Yin Yu, you can leave the rest to me. I am more suited for the role of exterminating demons!"

"You can look from the side."

It was the young master of the Tu clan, chasing after them from within the crowd! He had arrived faster than the rest of the people, just in time for when Su Yu had used his abilities to teleport the beast back!

"You dare!" Su Yu's expression turned cold, his killing intent showing!

Chapter 333 Demonic Beast King

"Haha, do you think we are in the Empire of Darkness? Without your identity, you can only cry without tears..." The Tu clan's Young Master laughed grimly and pointed his finger toward the leader of the birds.

Their current location was the Anyue City, the territory of the Tu clan. To them, a mere Deputy Palace Master was not worth mentioning.

"Buddhist Saint's Eight Characters. Lin!" Su Yu gave a light shout.

Roar —

A roaring sound, which shook the spiritual energy of the universe, descended, as if it was a great force from Heaven.

The figure of the Tu clan's Young Master, who laughed grimly and was about to attack the leader of the birds, an eagle, was enshrouded by a great force of the universe. His whole body then turned stiff: "You..."

After Su Yu made a breakthrough to Immortal Level Two Upper Tier, although it was the same legendary level cultivation technique, his power was naturally greater than before.

**Rumble, rumble —**

The sound wave, which engulfed all directions, was like a substance where wave-like spiritual waves were formed in the void.

It's prestige and power were magnificent, as if it were that of a landslide.

The Tu clan's Young Master's pupils shrank. Such a power had already achieved his level!

"Emperor's Weapon!" In imminent peril, the Tu clan's Young Master shouted loudly. His body glowed with a green light and nine small swords came out from his body!

What caused everyone to be shocked was that every small sword was a low grade divine artifact!

There were a total of nine low grade divine artifacts. Moreover, they were controlled by the Tu clan's Young Master with ease!

As was expected of the Tu clan's Young Master, he actually possessed nine divine artifacts which recognized him as owner!

Looking at his cultivation base, almost no one sharing his same cultivation base could defeat him!

The nine small swords changed into nine fragmentary threads, which were invisible.

**Whoosh —**

Suddenly, a small space was ripped open within the rippling sound waves that filled the sky.

A small sword showed itself and was sent flying by the sound wave forcefully.

Straight after that, the eight remaining small swords ripped open the sound wave in succession. The rippling sound waves which filled the sky were ripped open, to the point that they were torn into pieces.

**Whiz, whiz —**

The nine small swords returned, and the Tu clan's Young Master had a serious expression.

Although he had successfully dispersed Su Yu's attack, he found it unbelievable that, after half a month, that Palace Master Yin Yu back then who had been severely injured, unable to retaliate, and at death's door, could actually match him!

Such a reality had caused him to be extremely shocked.

The Deputy Palace Master who he looked down upon actually possessed abilities on par with him!

Su Yu's eyes were filled with coldness: "If you want to lay your hands on contribution points, you must go through me first!"

Taking advantage of the situation where the two of them were fighting, that intelligent bird escaped crazily and disappeared into the horizon.

None of them got the prey!

The Tu clan's Young Master stared at the leader of the birds, which had flown far away, and he had a gloomy expression.

The contribution points, which were about to be his, were snatched by others!

As the Tu clan's Young Master, everything in the Tu family would become his in the future. Hence, to him, the contribution points were not important.

However, the important thing was that the former Young Master, Tu Long, had returned, and this caused the clansmen to have differing opinions.

If he did not frighten his clansmen quickly, there would definitely be some trouble.

Hence, using the beast tide to display his power and gain their trust was the best option.

If he could obtain number one, in terms of the contribution points, by suppressing all the talented martial artists, no one would interfere with his position as Young Master.

"Palace Master Yin Yu! Let me give you a piece of advice. Don't meddle in my matters, or else..." The Tu clan's Young Master's eyes were filled with extreme fear.

Hua Zhilan and Zi Yunxiang had returned. If Palace Master Yin Yu was met with any mishaps in the Anyue City, it would be difficult for the Tu clan to claim that they were not responsible.

That time, when the Empire of Darkness questioned whose fault it was, the Tu clan would be unable to bear the responsibility.

At the very least, the current moment was not the correct time to pick a fight with the Empire of Darkness openly.

Su Yu laughed instead: "Who was the one who was meddlesome just now? When it became your turn, you threatened others and asked them to not be meddlesome? I'm sorry, but I will definitely meddle with your matters!"

"You had better know when to stop!" The Tu clan's Young Master was furious. He was a bit remorseful that he had provoked Su Yu earlier.

Chirp—

At that moment, sharp chirping noises could be heard from the distant sky again.

There were a total of three Immortal Level Three demonic beasts!

One of them was the bird, which had escaped previously. The remaining two were support!

One of them was an Immortal Level Three Lower Tier, while the other one was an Upper Tier!

The Tu clan's Young Master's expression changed, and his eyes were filled with happiness!

How rare were Immortal Level Three demonic beasts? Three of them appeared at once, as if they were prepared for him!

However, the best thing was that the abilities of the three demonic beasts were still at a level that he could deal with.

However, Su Yu's reaction was even faster. Almost as if, at the moment where the chirping noises resounded, Su Yu revolved his crystalline pupils, realized their presence, and pursued them immediately.

The Tu clan's Young Master's expression was slightly cold. He bit his teeth and gave chase: "You are not worthy enough to snatch my contribution points away!"

However, Su Yu ignored him and gradually got closer to the birds with his fast speed.

However, the pitiful thing was that, after all, the Tu clan's Young Master had a cultivation base that surpassed Su Yu. With a frightening spiritual energy, his movement technique surpassed Su Yu.

The distance between the two of them was closed with a speed that could be perceived with the naked eye.

The Tu clan's Young Master mocked: "Looks like you need to cultivate another movement cultivation technique in order to match my speed!"

Su Yu had a calm expression and one could not tell whether he was elated or enraged. He continued to pursue the three birds with his fastest speed like before.

Whoosh—

Finally, Su Yu was caught up by the Tu clan's Young Master easily.

"Haha, your contribution points are mine. My contribution points are still mine!" The Tu clan's Young Master turned back and sneered jokingly.

At the very moment, he was already a thousand Chinese feet within the demonic beasts!

With his abilities, the three demonic beasts would no doubt be his.

However, at that moment when the Tu clan's Young Master turned back, his expression turned serious!

Su Yu's silhouette was actually not behind him!

Su Yu, who he had overtaken just a moment ago, actually retreated continuously instead, and Su Yu had retreated about one mile away!

Compared to when the Tu clan's Young Master was chasing him, Su Yu's speed was more than three times as fast!

"Since Tu clan's Young Master is so insistent on getting them, I find it difficult to bear the responsibility of competing with you." Su Yu retreated about three miles away and his face wore a mocking smile.

Not good!

A flash passed through the Tu clan's Young Master's mind and he realized that something was not right immediately.

Why would an unreasonable person like Su Yu, who never gave way, give up for no reason?

Crack—

At that moment, five miles within the vicinity, the universe's spiritual energy shook violently and an icy cold energy descended from the sky, like the Milky Way.

Crack—

The Earth, which was enshrouded by the cold energy, turned into ice. Similarly, in an instant, flowers, plants, trees, insects, fishes, birds, and beasts, as well as the three Immortal Level Three demonic beasts, including that Upper Tier demonic beast, turned into frozen statues, without even having the chance to resist.

Appearing in the sky, was a glittering and translucent ice statue-like giant bird, which was ten thousand Chinese feet big.

When it flapped its wing, a frightening cold energy that froze the universe was released.

Even if the Tu clan's Young Master reacted, he would be unable to escape the cold energy which had descended. At once, his whole body was covered in ice, and his life was taken from him in a shocking speed.

Including his abilities, which could control nine divine artifacts, his life came to an end in an instant!

The martial artists who pursued the Immortal Level Three birds stopped moving immediately, their eyes filled with fear.

"That is an... Immortal Level Four demonic beast!"

Immortal Level Four!

In the north continent, Immortal Level Fours were legendary.

Looking at the north continent, there were very few people who could match an Immortal Level Four!

According to the records of the history, in a beast tide, the strongest demonic beast that had appeared was an Immortal Level Three Peak, and that was the limit.

This time round, a Demonic Beast King actually appeared, and its existence was that of a frightening Immortal Level Four!

It was rumored that a demonic beast that had achieved Immortal Level Four had high intelligence, and that its intelligence was not really inferior to that of a human being.

Moreover, another rumor was that, when they made a breakthrough to a certain level, they would be able to speak the human language!

"Ah! Escape quickly!" The martial artists gave loud cries. In an instant, their bodies, which were seething with excitement, were covered by a layer of ice.

In front of an Immortal Level Four, they only had a fate of being killed!

Chirp—

The ice bird in the sky revealed a human-like disdainful expression. It then opened its mouth and chirped sharply.

In that instant when it opened its mouth, cold energy that could blot out the sky and cover the earth engulfed all directions!

Within ten miles of the bird, the temperature became more than ten times colder!

The spiritual energy of a number of martial artists with a low cultivation base stagnated, and they lost their abilities to fly. They then fell, as they gave horrible shrieks. However, they did not fall to their deaths. Instead, they became the beast tide's food!

In just a short moment, more than hundred people either died or were injured!

Such a frightening power caused the human martial artists to completely lose their fighting spirit, and they collapsed like a landslide.

The Fire Cloud Seal on Su Yu's forehead emitted an icy cold energy, which covered Su Yu's body. Even with that, Su Yu still felt very cold.

"This is an Immortal Level Four? Compared to an Immortal Level Three, it is at a completely different realm!" Su Yu was shocked.

Although the differences in abilities were huge for realms before Immortal Level Three, it was not entirely hopeless.

However, the abilities exhibited by Immortal Level Threes and Immortal Level Fours, as well as Immortal Level Fives, had exceeded the domain of the human martial artists and were comparable to that of a celestial god!

What kind of realm would it be after the Immortal Realm?

Would that be the realm of god?

At that moment, the ice statue-like bird lowered its head and looked below. When it saw the Tu clan's Young Master, whose life was about to come an end, it revealed a mocking expression.

Without a doubt, it was setting a trap!

The three Immortal Level Three birds were merely a trap for it to attract strong human martial artists, so that it could kill the human martial artists conveniently with an attack!

When Su Yu revolved his crystalline pupils, he realized the existence of that frightening King.

In order to trick the Tu clan's Young Master, Su Yu pretended to compete with him. This caused the Tu clan's Young Master to be careless and charge into the most middle part of the range of ambush.

More than half of his life had been extinguished.

"A mere evil creature dares to be a savage!" At that moment, a mighty voice could be heard from the Anyue City.

What accompanied the voice was a spiritual energy that was ten thousand Chinese feet long. The spiritual energy was like an extremely sharp arrow which penetrated the vast sky and headed straight for the ice statue-like giant bird!

The ridiculing expression in the eyes of the giant bird was changed into one of a grave expression at once.

After shivering and giving a shriek, it turned its body and escaped!

**Bang, rumble—**

However, the speed of the ten thousand Chinese feet spiritual energy was too fast, and its power was too great!

Even though it was the Demonic Beast King, its body was penetrated and transparent blood splashed all over the sky. Finally, it gave a painful and horrible shriek.

Its big body was like a mountain which turned sideways and fell toward the horizon.

The human beings, who escaped due to fear, gasped!

An attack caused the Demonic Beast King to become half dead?

Moreover, the attacker did not show himself?

Su Yu's pupils became slightly serious, and his heart shook continuously!

That was an Immortal Level Five? His attack actually caused such a frightening Immortal Level Four demonic beast to become half dead!

The most critical thing was that the attacker attacked casually!

**Chirp—**

At that moment, the ice bird which was about to fall actually struggled, flew up the sky again with difficulty, and headed far away quickly.

"You think you can leave?" A loud voice could be heard from within Anyue City.

**Puff—**

An unforgettable scene appeared!

The body of the giant bird, which had flown twenty miles away, exploded, and as if it were a water bag which exploded due to there being too much water, it exploded into pieces and died!

The abilities of the Anyue City Master were frightening!

The hair of everyone on-site stood up.

Even though he was not on-site, he could kill someone ten miles away!

If he had murderous intents, the lives of everyone on-site would weigh on his decision!

**Crack—**

At that moment, the cold energy on the Tu clan's Young Master's body dispersed. His face was pale and his icy cold body fell out from the ice.

A lump of majestic spiritual energy flew out from the city. It engulfed the Tu clan's Young Master and returned.

Everyone's heart could not calm down, even after a long time.

The abilities of the Tu clan's Master, the Anyue City Master, were too frightening!

Was that really a human martial artist?

At that moment, there was a sharp gaze from the city.

In the places that the gaze passed through, the sky shook and spiritual energy surged.

A gaze could create a huge force in the universe. What kind of abilities were these?

The gaze was not shot toward anyone but Su Yu!

A hoarse and cold voice could be heard from the city: "Plotting to harm the Tu clan's Young Master, Palace Master Yin Yu, do you still have me in your eyes?"

At once, the universe became quiet.

Everyone held their breath and did not dare to breathe deeply.

The beast tide also froze at that moment!

Chapter 334 Confronting the city master

Bolts of killing intent assaulted Su Yu.

It was an absolute power, capable of killing Su Yu at a whim.

The fighters hunting the demonic beasts did not dare take a breath, gravely staring at Su Yu, who was floating in the air.

Many of them were worried for Su Yu.

But what was surprising, was that Su Yu's expression was calm, as he turned to look at the center of the city and said, "Since you have seen everything that happened between me and him, why did you not appear earlier?"

"Why did you not speak, when he was trying to steal my contribution while I was unprepared? Why did you not speak, when he tried to injure me? As the leader of the Tu clan and the master of Anyue City, does your action mean that we can use underhanded means to claim someone else's credit? Does this mean that, in the process of killing demonic beasts, we can also kill someone else, unrestrained?"

The Anyue City master obviously could not let killing between citizens for contribution happen.

In the face of a grave enemy, fighting amongst each other was a great taboo. The Anyue City master wanted to fight against the beast tide, and naturally, understood this.

If the Anyue City master condoned this, the outcome would be disastrous.

The city center was silent for a moment. The crowd was nervous. Finally, a cold voice broke the silence, "My son was in the wrong!"

The crowd gasped. The Anyue City master was forced to bow his head by someone else!

But the Anyue City master was not finished, "But you were also wrong, for landing my son in a trap!"

They had both tried to harm one another. If the young master of the Tu clan was wrong, Su Yu was also guilty.

Su Yu let out a cold laugh, "He lusted over contributions and tried to garner fame and advantages. He did not discern the situation for himself, and so, plunged into the trap. What does that have to do with me? May I ask, if I had the duty of informing him that there was danger ahead? Let's not even talk about the fact that he tried to kill me! Furthermore, who is he to me? My friend, or my benefactor?"

"If you think that not repaying kindness toward animosity is a huge crime, may I ask the Anyue City master to demonstrate by example?! Didn't I, Yin Yu, injure many of the Tu clan's men? Since that is the case, why don't you repay kindness toward animosity by forgetting about this, and giving me some reward?"

"If you can't do it yourself, why are you forcing others to repay kindness toward animosity? Not being able to do that is a crime, and so, this is really laughable!"

The confronting words made the crowd of fighters hold their tongues.

Palace Master Yin Yu was indeed under the suspicion of hiding the fact that there was danger present, and of plotting against the young master of the Tu clan. But his explanation was very reasonable.

The Tu family young master had not discovered the danger in front of him. Su Yu's reminder would be an act of kindness, but he could not be blamed for not telling him.

After all, the Tu family young master was not friends with Su Yu. Instead, they shared a deep animosity toward one another. The young master had even tried to kill Su Yu.

Under these circumstances, there was naturally no need or expectation to tell him.

Anyue City was silent for a moment, before a cold reply was given, "What a glib tongue!"

"But what about that? My son was nearly killed by you. That is a reality, you cannot deny that!"

"Thus, you are guilty!"

"For fairness, the both of you will take the attack of my finger as punishment!"

The Anyue City master did not allow for any rebuttal, shooting out two bolts of spirit energy.

One of the bolts was shot toward the Tu family young master, who was being brought back to the city. The other was shot toward Su Yu!

The bolt shot toward Su Yu had a power comparable to Immortal Realm Level Three Upper Tier, nearing Peak!

Even though a strike like this would not kill Su Yu, it would still severely injure him!

If he was severely injured in the beast tide, what terrible fate awaited him?

This was hardly different than having killed Su Yu!

The only difference was that he would not be the one who directly killed Su Yu. The Empire of Darkness might not be able to convict them of any punishable crimes!

In reality, the spirit energy shot toward the Tu family young master was merely a fifth as powerful as the one shot toward Su Yu!

With the strength of the young master's body, it would merely cause him some pain!

"He is already injured, so his punishment will be less severe. This is an act of fairness, you need not lament!" the Anyue City master casually said.

Su Yu laughed in anger.

He was clearly trying to kill him, but was telling him to not pay attention to the lack of fairness in the punishment.

"Scram! If you wish to kill me, come at me directly. You wish to do so, but have no guts. Are you worthy of being the master of a clan?" Su Yu let out a furious laugh.

With the existence of the Empire of Darkness, the Tu clan master could not take the risk and openly kill Su Yu.

Thus, he could only employ these sneaky schemes.

Whoosh ———

A glow flickered in his arms. A silver bow appeared in his palm.

"Open!" Clenching his teeth and letting out a growl, Su Yu used all of his strength to pull back the Mountain River Dragon Bow!

With an arc of about an inch, a thumb-sized arrow of spirit energy was faintly visible!

Whoosh ———

He released his finger. The arrow was like a rainbow, piercing through the air, flying toward the other party's spirit energy.

The collected Anyue City master finally let out ice cold words, "Darn it! You actually managed to refine one part of the bow!"

He had promised to give this bow to Han Jianglin.

Now that Su Yu had managed to refine the bow, it would be troublesome for him to take the bow back!

Boom Creak ———

The spirit energy collided with the arrow, pushing back the clouds.

The resulting energy whipped up a typhoon, killing multiple demonic beasts. Blood rained down onto the ground.

The fighters in the surroundings retreated in fear.

"That is the power of the Mountain River Dragon Bow? Just a casual attack could rival the abilities of an Immortal Realm Level Three Upper Tier?" The crowd was immensely shocked.

Su Yu stood in the air, looking over at the city. With a cold laugh, "If I wanted to kill your son, do you think he would still be alive for you to save?"

This attack had undoubtedly proved that he could kill the Tu family young master.

In the battle just now, Su Yu had the ability to kill the young master.

"But this was his only chance. If he meets me in the future, I'm going to kill him!"

Saying this, Su Yu turned to look at the deep corners of the Forest of Darkness.

He had wished to use upright means to gain the most points of contribution during this hunt, in order to exchange it for a promise, then ask for Tu Long.

But judging from the character of the Anyue City master, even if he had gotten first place by following the rules, he would not have been able to follow through with his plan!

Since he couldn't use correct ways, he could only use underhanded means!

"You dare retaliate against my punishment, then that is another crime! Now you even dare to run from the formation! Did you forget what I said, just now?" An unfeeling voice came from within Anyue City.

Those that dare escape —— death!

Su Yu could not help but laugh in anger. He would die if he stayed and accepted the punishment. He would also die if he gave up hunting the demonic beasts!

No matter what, the Anyue City master had no intentions of letting Su Yu live!

"Then you can try to kill me!" Su Yu let out a cold laugh.

If the other party really had the guts to kill him, he could do so at a whim, using the power he used to kill the Immortal Realm Level Four Demonic Beast King. Why would he have talked to Su Yu until now?

"When did I say that I wanted to kill you? I merely needed to severely punish you!" The Anyue City master defended himself.

Following which, a bolt of spirit, energy equal in power to an Immortal Realm Level Three Peak attack, pierced through the air, heading toward Su Yu!

Seeing the spirit energy about to strike him, Su Yu's gaze turned cold, "Open!"

Once again, an arrow of spirit energy was released.

Rumble ——

The resulting explosion was more deafening than before!

The power of the two spirit energies mostly cancelled each other out. A fragment of spirit energy made its way toward Su Yu!

"Time Manipulation!" At that critical moment, Su Yu accelerated time, his movement technique tripling in speed!

With a flicker, he managed to cover several miles, narrowly avoiding the spirit energy.

Following which, he did not hesitate as he escaped into the horizon.

In the blink of an eye, he had completely disappeared.

Su Yu had managed to escape!

The Anyue City master wanted to chase after him, but how could he be distracted from the beast tide?

Multiple miles away, Su Yu stopped, his gaze ice cold, "Tu clan master, I would definitely have my revenge!"

But with a stroke of inspiration, Su Yu flew to the ground, silently walking back.

He walked until he was beside the corpse of the huge thousand zhang bird!

### Chapter 335 A Great Scheme

The ground, which was filled with bits and pieces of flesh, emitted a shockingly cold energy.

Within a mile's vicinity, everything had turned into ice.

Many living creatures maintained their appearances before they died. This showed how quickly and violently they were frozen, such that they did not even have the time to react.

"Hiss, so cold!" Su Yu gasped. The Fire Cloud Seal on his forehead twitched continuously, like a lump of raging flames.

Looking at the bits and pieces of limbs that were scattered everywhere, Su Yu was astonished: "As expected of an Immortal Level Four demonic beast. The cold energy within its blood is incomparable to that of a normal demonic beast."

Moments ago, it was this demonic beast that had almost annihilated the human martial artists.

If the Anyue City Master did not take action, the Anyue City would have been destroyed in the blink of an eye!

"If I absorb the cold energy within the blood, I wonder how much will the cold energy within my body grow." Su Yu's eyes were filled with anticipation.

Ever since the incredible ice lake, Su Yu did not have any opportunity to come across any stronger cold energy.

The blood of the demonic beast in front of him was by far the strongest cold energy he had come across.

If he could absorb it and make it his...

With a flash of his figure, Su Yu approached a droplet of blood that had fallen on a stone.

The blood appeared to be glittering. It was transparent, like a gem, and it did not contain any impurities in the slightest.

However, the rock beneath the blood was frozen and looked like a grain.

Due to the cold energy, the rock barely maintained its shape.

When Su Yu went ten Chinese feet closer, his whole body was filled with white frost and felt icy cold.

Su Yu took a step forward. When he had taken half a step, his muscles were stinging. The cold energy felt like steel needles pricking his flesh!

After giving a groan, Su Yu bit his teeth and grabbed the droplet of blood.

**Crack—**

At once, Su Yu's whole body was covered by the ice and became stiff on the spot.

His body's energy was swallowed quickly.

Moreover, his soul also felt cold!

His vision became slightly blurry, and his consciousness also started to freeze.

A droplet of blood contained such a frightening power!

At that moment, the Fire Cloud Seal on his forehead twitched hurriedly and swallowed the great amount of cold energy.

Su Yu's Icy Heart Core also twitched crazily.

The ice on his body gradually melted. A white, cold mist was formed as a result, making the surroundings look like a wonderland.

After an hour, Su Yu's body was no longer in the frozen state.

**Breathe—**

With a shake of his body, Su Yu took huge breaths, abruptly. His face turned extremely red and his eyes were filled with fear: "What a frightening cold energy! A droplet of blood is more than enough to freeze me to death!"

Although he had some confidence that he could refine that droplet of blood, it was still extremely dangerous, and mere moments ago, his life had been hanging by a thread.

However, his gains were huge.

The Fire Cloud Seal on Su Yu's forehead changed from the initial scarlet color to a red and crystal color. Looking at it, it looked like a gathering of two-colored raging flames, which were extremely peculiar.

At the same time, there was three times as much cold energy in Su Yu's body!

As he breathed, he released enough cold energy to put someone at death's door.

However, it was still insufficient!

With a flash of his figure, Su Yu walked for tens of miles. He took many hours to collect as much blood as he could.

He sat down with his legs crossed inside a hole under a tree. He was holding a jade box, which was so icy cold that the coldness reached his bones and left him with a remorseful expression.

"Most of the cold energy has been destroyed by the Anyue City Master, and there are only nine droplets of blood left."

As the time was tight, Su Yu swallowed one droplet of blood on the spot.

His body was covered by the cold energy again. Although it was not as dangerous as before, it froze more than half of Su Yu's life!

After finishing absorbing the cold energy, Su Yu took a rest for a while. After which, he bit his teeth and continued to swallow the cold energy.

Half a day passed.

With Su Yu as its core, everything within ten miles surrounding him was covered by the frightening cold energy.

Even the beast tide made a detour. All the beasts that entered the ten-mile radius of Su Yu became frozen.

**Crack—**

Suddenly, a white cold current was like a tsunami and rushed toward the direction of Anyue City.

The cold current extended for tens of miles, and all the flowers, plants, and trees became lumps of cold ice.

Looking at it from afar, it looked magnificent, as if a stormy sea had been frozen.

At the source of the stormy sea, under a tree, a young man, whose whole body had been enshrouded by ice, opened his eyes slowly.

His black eyes were like glittering and translucent ice pearls, glowing with endless cold light.

**Breathe—**

When Su Yu took a deep breath, white cold energy covered all quarters.

"I guess my limit is eight droplets of blood?" Staring at the remaining droplet of blood in the jade bottle, Su Yu revealed a surprised expression.

His body and soul had reached the limit where they could no longer absorb any more cold energy. If he continued to absorb the cold energy, his body would explode and he would die.

Su Yu then kept the droplet of blood carefully. He was very satisfied with the effects of the icy cold blood.

With just the cold energy alone, exhaling a breath casually was enough to cause strong martial artists of Immortal Level Two to freeze into ice statues on the spot.

When he exerted his full strength, Immortal Level Three Peaks also would need to retreat.

Looking at it, it could be said that his abilities, as a whole, had gone up by one entire level.

In addition, surprisingly, the strong energy within the blood had caused Su Yu's cultivation base to make a breakthrough to Immortal Level Two Peak.

He was very close to attaining Immortal Level Three.

Su Yu stood up slowly. He then shot his gaze toward the Anyue City like electricity: "I hope that all of you will not make me stain my hands with your blood!"

Rustle—

With a flash of a white light, Su Yu turned into a lump of ice and disappeared without a trace.

At the Anyue City.

The beast tide came endlessly, and the martial artists did their bests to retaliate against it.

In front of the city was filled with countless bodies of the demonic beasts. More than twenty percent of the human martial artists had died as well.

As for the remaining human beings, all of them were exhausted. They had overused their spiritual energy and physical strength.

The beast tide this time around was much stranger than the previous beast tides!

Not only did the beast tide come half a month in advance, its scale was more than five times greater than in the past!

In addition, the Demonic Beast King, an Immortal Level Four demonic beast, which had never appeared before, now appeared.

The strangest thing was that, in the beast tides of the past, it was a situation where the demonic beasts were overly startled and scattered in the direction of the human beings.

Hence, the beast tide would normally continue for a short while.

However, this time around, the beast tide continued for one whole day, showing no signs of stopping in the slightest.

A great number of demonic beats streamed out from the core of the Dark Forest endlessly.

Moreover, the abilities of the demonic beasts became even greater. Strong demonic beasts of Immortal Level Three had appeared in succession. Moreover, Immortal Level Three Peak demonic beasts, which were in existence close to a Demonic Beast King, appeared as well.

The Anyue City Master took charge of the situation and killed all those Immortal Level Three demonic beats, so as to prevent a huge number of people from being injured or killed.

However, in the end, there was only one of him. As for the demonic beasts, there were hundreds of millions of them, making the struggle endless, if he were to kill all of them by himself.

A number of martial artists had already retreated. If not for the fact that a few of the martial artists, who had escaped just before going into the battle, were killed, and that this frightened the people, perhaps the human beings would have already been defeated or dispersed.

At the Tu clan's house.

"If this goes on, a Demonic Beast King might appear again!" The Tu clan's Young Master covered his injured abdomen and said in a serious tone.

In front of him was the Tu clan's Master, who had assumed command from the middle of the city. He was the Anyue City Master, the strongest martial artist of the Anyue City!

The Anyue City Master wore a slightly worried expression: "The Demonic Beast King is not frightening. The frightening thing is the cause of this beast tide. What happened deep inside the Dark Forest, that it has resulted in such a strange beast tide?"

"I am worried that something big happened deep inside the Dark Forest."

The Tu clan's Young Master said surprisingly: "Is father worried that there is an unknown danger that can threaten the Anyue City? That our Anyue City might be destroyed?"

The Anyue City Master shook his head and said solemnly: "Our great scheme is about to be completed. The Anyue City is no longer of any importance. Even if we were to lose it, it will not affect our family much."

"What I am worried about is that this unknown, big change might affect our great scheme!"

Chapter 336 Destroying his cultivation level

The Tu clan's young master said with a deep voice, "If that is the case, that would mean that it was fated for the Tu clan!"

"But could it be that you worry too much, father? Once the plan succeeds, there will be immense benefits for the Tu family!"

"Furthermore, I can personally claim the head of that Palace Master Yin Yu!"

The Anyue City head's expression was stern, "Perhaps I am too paranoid. But after the plan is done, I will have to personally scout the Forest of Darkness."

The Tu clan's young master creased his brows, "Why do you not directly ask a powerhouse in the Forest of Darkness?"

"After all, the Tu clan is not the only clan that exists in the Forest of Darkness, there are still small to medium sized clans scattered throughout the forest. Perhaps they know something."

But the Anyue City master immediately shook his head in rejection, "It's no use! The beast tide this time was swift and powerful. With the magnitude, I'm afraid that those powerhouses will have already been destroyed."

"But father, isn't there a Wu clan? According to rumors, the Wu clan is the most powerful clan amongst those powerhouses, and is situated extremely near to the deepest parts of the forest. Perhaps they are still alive and know of something."

"Wu clan?" The Anyue City master lifted his brows, his expression extremely grave. "The Wu clan is too mysterious! A few hundred years ago, they only had two people in their clan. But now, they have strengthened themselves, their numbers reaching a hundred people!"

"They managed to prosper in the dangerous depths of the forests with their abilities. It is very unusual. They probably have an extremely strong presence backing them. There is a reason why I have been reluctant to have dealings with them all these years."

The Anyue City master was extremely cautious of the Wu clan!

The young master of the Tu clan understood, "The Wu clan is indeed ridiculously mysterious. They are lucky that the Tu family has not set its sights on such an undeveloped land. Otherwise, considering their threat, they would have been eradicated long ago."

"Alright, you need not ask any further questions. Focus on recuperating. I'm afraid that I would have to show myself this time around." A shocking aura came from outside the room, causing the Anyue City master's expression to change.

The young master of the Tu clan was shocked, "The Demonic Beast King has appeared again!"

The appearance of another Immortal Realm Level Four Demonic Beast was shocking indeed!

"No, this time there are nine!" The Anyue City master creased his brows, his eyes full of surprise.

"Nine?" The Tu clan's young master gasped.

This beast tide was terrifyingly strange!

Whoosh ——

The Anyue City master left the city for the first time, appearing at the front lines!

Nine Demonic Beast Kings. Even he had to take this seriously.

The Tu clan's young master thought for a moment, his expression nervous, "Housekeeper, have you prepared all of the important items of the clan?"

As a precaution, the Tu clan had already packed their belongings.

"I have already prepared them as ordered. The clansmen and important items are ready to be transported! But..." The housekeeper hesitated, "But how do we deal with Tu Long? He is still in the jail."

Tu Long? The Tu clan's young master released killing intent.

As expected, the return of Tu Long had members of the clan asking for Tu Long to take the helm of young master again.

In terms of intelligence and potential, Tu Long, being the elder brother, was far above him, and was more suitable to lead the Tu family.

But Tu Long had given up his status as a member of the Tu family, and hence, did not have too much of an influence.

Ultimately, his punishment was to be forever imprisoned in jail, unable to set foot outside for an eternity.

A cold light circled within the Tu clan's young master's eyes. His lips parted to form a smile filled with killing intent, "I'll tend to it myself! You guys stand down!"

As a precaution, he should eliminate Tu Long quickly. Only then could he have peace of mind.

Neither the young master or the Anyue City master were aware of a transparent soul standing beside them, taking in the entirety of their conversation.

Whoosh ——

Outside the yard of the Tu clan.

Within a dry shrub, a person with no life force suddenly opened his eyes.

Su Yu's eyes were filled with surprise, "Wu clan? What clan is that? What was the Tu clan's master plan? What are they prepared to do?"

But there was no time to think about this now. Su Yu made his way to the underground jail.

There was an underwater cell in the underground jail, which had been made specially to house felons.

Tu Long's limbs were secured by thick chains, his body sealed within a pond with water levels reaching his waist.

Thud Thud Thud —

The Tu clan's young master arrived, his expression merciless. He was standing in front of the underwater cell, his hands behind his back.

Hearing the noise, Tu Long lifted his head with difficulty. His eyes were dry and lifeless, but his lips still had a self deprecating smile, "You have come to send me off."

How wouldn't he realise that this was his fate?

The young master could not allow Tu Long to survive.

The Tu clan's young master laughed, "Wouldn't killing you give an opportunity for those supporting you to find trouble with me?"

That was obvious. Who would benefit the most from Tu Long's death?

It was naturally the young master!

Anyone with a brain could deduce that it was the young master who killed Tu Long.

The Tu clan's young master would not do this kind of things.

"Hehe, you wouldn't come here just to reminisce with me." Tu Long let out a cold laugh.

The Tu clan's young master had a mocking smile, "I wouldn't claim your life. But I could still make your life a living hell!"

"Guards, destroy his dantian!"

What? Tu Long's pupils dilated, laughing sarcastically, "You sure have spirit, as the young master! I am being imprisoned here forever and can never leave. But you still fear that my cultivation level will affect you!"

"You do not dare kill me, but are still afraid of my existence. Is this the future master of the Tu clan? Hehe, you sure are a chip off the old block! The way you do things is completely the same, hiding in the shadows. Gutless vermin!!"

Tu Long was filled with self deprecation.

He had thought that he had returned to redeem himself, fully knowing that the Tu family would no longer have a place for him.

He did not mind kneeling to plead for mercy for a fellow member of the clan. But what he received in return for his kindness was animosity.

His uncle, the master of the clan, did not even consider his act of kneeling, dealing him a huge punishment instead, forever imprisoning him in the underwater cell.

"You are a natural rebel! What is your intention for maligning the master and young master? You do not even regard the Tu clan as your home. In my eyes, your pleading for Tu Minghua by kneeling is merely a show put on to deceive Palace Master Yin Yu!"

Tu Long could not help but laugh in fury. They were going to destroy his cultivation level, but did not even allow him to have any grievances.

If he had any grievances, it would mean that he had thoughts of rebelling!

"You can destroy my cultivation level if you want. Why give yourself so many excuses to make yourself look righteous? There was never a separation between good and evil. Fighting for one's benefit is the nature of humans, why do you need to hide that?"

The Tu clan's young master stood with his hands behind him, his expression cold, "To prevent an unloyal person, like you, from escaping and harming the clansmen in the future, I think it is best to destroy your cultivation level!"

"Guards, destroy his cultivation level!"

At this moment, a human figure silently appeared, "You wish to destroy cultivation levels? I shall grant you your wish!"

Silver hair dancing in the air, Su Yu's figure was like a ghost, standing behind the Tu clan's young master. Icy light shot out from his cold gaze.

The Tu clan's young master trembled, his head turning rigidly. What entered his vision was Su Yu's face!

"Long time no see, Tu clan young master! I have told your father that I would kill you when I saw you again!"

### Chapter 337 The Assassin Appears Again

"It's you... You actually dare to charge into the Tu clan?" The Tu clan's Young Master was speechless. How would he expect Su Yu to actually take the risk and sneak into the Tu clan?

To one's surprise, Su Yu pointed one of his fingers at the Tu clan's Young Master's back. His other hand pulled out a bronze bell full of cracks from the Tu clan's Young Master's robe.

That was an imperial spiritual bronze bell. Once it was broken into pieces, it would inform the person who possessed the other bronze bell.

The bronze bell was already broken into pieces and an emergency beacon had been sent out!

He talked to Su Yu, so as to delay Su Yu and wait for reinforcements!

"You wish to delay me. Haha, Young Master, such a small trick is insufficient to deal with me." Su Yu's finger exerted strength abruptly: "You can go to the afterlife with ease."

Whoosh—

A strong spiritual energy penetrated the Young Master's back and passed through his Dantian. The spiritual energy then came out from his abdomen and left behind a bloody hole.

As the Young Master cried out in pain, his Dantian was shattered into pieces. His spiritual energy leaked out, making it impossible for him to train again.

"My, my Dantian!" The Tu clan's Young Master had a shocked expression and could not accept the reality in front of him.

In a world of martial artists, and amid a ruthless family, what did a crippled person signify?

It signified that he was as good as dead!

Su Yu should have killed him, as it would have been better.

"Enjoy living a life without your cultivation base. Consider this as repenting for the previous half of your life!" Su Yu said dully. He then kicked open the cage and rescued Tu Long.

Tu Long looked at Su Yu absent-mindedly, not believing the scene in front of him. Su Yu actually came to rescue him!

"Palace Master Yin Yu... You, why did you go so far for me?" Su Yu laughed indifferently: "If you can use your life to protect me, why can't I take the risk and rescue you?"

"Now, let's leave the chatting for later on. The Tu clan's Young Master's reinforcements are about to arrive soon. We need to leave this place at once." Supporting Tu Long with one of his arms, Su Yu used his other arm to carry the Tu clan's Young Master, leaving the cage hastily.

Whiz—

However, at the moment when he left the cage, he saw a figure standing with his hands clasped behind his back. That figure's back was against the both of them and he stood silently.

Although he stood quietly, he caused everyone to feel suffocated.

Tu Long's pupils shrank, until they became needles, and he had a ghastly pale expression:

"Mas...ter!"

The person who possessed the other bronze bell was the Anyue City Master, the strongest martial artist in Anyue City!

Although both of them could not see the face of the person whose back was against them, the cold murderous intents made it especially obvious!

"What happened to him?" The Anyue City Master's words were dull, and there was not the slightest bit of anger within his words.

Su Yu threw the Tu clan's Young Master on the floor calmly and stepped on his back: "Just like what I have said. If I come across him again, I will not hold back!"

If not for the Anyue City Master being overly aggressive and wanting to kill Su Yu, why would Su Yu go to such extremes?

Originally, both of them did not hold any grudges that would result in any killings.

However, the Anyue City Master thought that he had everything under his control. He added fuel to the flames, which had resulted in the current situation.

Breathe —

The Anyue City Master took a deep breath and forced his body to stop trembling.

Clearly, the fact that the Tu clan's Young Master had been crippled was a huge blow to him.

The child, whom he had nurtured for his whole life, had been crippled, forever doomed to be a disabled person. Hence, how would his heart not feel pain?

"Since he is as good as dead, then, Palace Master Yin Yu, you shall accompany him!" The Anyue City Master turned his body around.

Tu Long's face trembled vigorously!

Due to hatred and anger, the Anyue City Master's face had become so distorted, like a ferocious ghost.

A pair of extremely red eyes stared at Su Yu persistently: "I absolutely regret not killing you earlier!"

"You should feel remorseful that you pushed others too far!" Su Yu shook his head slightly. Since things had come to this, the Anyue City Master did not feel remorseful at all.

Tu Long felt worried for Su Yu: "Uncle! Please think carefully. If you kill a Deputy Palace Master, the consequences will be serious!"

Haha —

The Anyue City Master grinned hideously: "Have you forgotten that he had snuck in secretly? If I kill him secretly, who would find out?"

Tu Long had an anxious expression. In front of the Anyue City Master, Su Yu did not even have the ability to retaliate.

To one's surprise, Su Yu had a calm expression: "Oh? You don't want the life of your son?"

He was in Su Yu's hands.

However, after Su Yu finished talking, a frightening spiritual energy attacked the bottom of Su Yu's feet.

The oncoming force was ferocious, leaving Su Yu no choice but to dodge.

Rumble, puff —

The Tu clan's Young Master became mincemeat!

"If he is better off dead, then I shall send him to the afterlife!" The Anyue City Master spoke with a hoarse voice.

Su Yu and Tu Long's hearts shook!

Even a tiger does not eat its own cubs. The Anyue City Master's way of doing things was ruthless!

This kind of person would either be an ordinary person or a fierce and ambitious person for his whole life!

The past King of Darkness had really left behind a calamity!

"Do you still have your honor?" the Anyue City Master said indifferently. That's right. His words were so dull, to the point that it did not sound like a human being.

Su Yu's eyes were also filled with dullness: "I had never planned to use him as my hostage, from the very beginning."

"Ice Hell!" Su Yu gave a light shout.

Crack—

Suddenly, the walls of the Tu clan's main entrance became frozen with an infinite amount of ice.

The frightening cold energy was like a tsunami, pouncing on the Tu clan, turning everything in its path into ice.

Many members of the Tu clan could not even react in time and were also turned into ice on the spot.

In the blink of an eye, one third of the Tu clan became a world of snow and ice.

The lives of tens of members of the Tu clan were extinguishing hastily.

"My hostage is the whole Tu clan!" Su Yu said apathetically. "Will you kill me or will you rescue your clansmen?"

The Anyue City Master's expression finally changed: "It's the blood of the Demonic Beast King!"

"I will kill you!" The Anyue City Master shouted furiously. He shot two lumps of majestic spiritual energy, with intentions to kill Su Yu quickly, so that he could save his clansmen immediately.

"Space Transportation!" Su Yu gave a light shout. He enshrouded Tu Long and himself, preparing to transport outside Anyue City.

However, during that critical moment, Su Yu had an extremely bad feeling!

A stinging, chilly feeling could be felt on his back!

He had experienced a similar death-approaching feeling not long ago!

"Zhen! Yu! Lian!" Without turning his head, Su Yu knew that the person who launched the surprise attack was her!!

Of all times, she attacked at the most critical moment, where they were about to be transported!

Zhen Yulian revealed her distorted figure and smiled gloomily: "Your life is mine!"

She, who had concealed herself for a long time, finally found the best opportunity!

Su Yu's eyes were filled with coldness: "Do you think that it will be as easy as last time?"

"This time around, you need not return anymore!"

Chapter 338 Appearance of a hidden enemy

"Is this the bark of a defeated dog? If it wasn't for someone else blocking for you back then, you would already have been a dead dog!" Zhen Yulian had a look of disdain.

Her distorted figure of light had silently arrived behind Su Yu.

A sharp dagger silently pierced through Su Yu's back.

"Is it?" Su Yu's lips formed a cold smile, as he turned his head abruptly. He shot out a bolt of gray light from his eyes without warning.

At such a close distance, the indefensible soul attack was directly shot into Zhen Yulian's brain.

Ah ——

With a pathetic cry, Zhen Yulian felt an intense pain in her soul. Her movement technique, using contorted light, was suddenly visible.

"Ah! What kind of secret technique is that?" Zhen Yulian was as shocked as she was fearful.

Su Yu's current soul strength was much more powerful than someone of the same cultivation level. Even though the soul attack he released could not kill an Immortal Realm Level Three Upper Tier fighter, it did not have difficulty in inflicting some injuries.

"It is, of course, a technique that can kill you!"

With a cold grunt, the Fire Cloud Seal between Su Yu's brows activated, shooting out an extreme chill.

The white frost materialised and took the form of a sword, piercing out under Su Yu's control!

Crack ——

The air came to a halt. White fog appeared wherever the frost sword went. The water vapour in the air froze, dropping onto the ground with a crisp thud.

The surroundings suddenly slipped into a harsh winter.

Zhen Yulian, who was in immense pain, suddenly felt a deep threat.

Her expression changed. She had fast reactions, relying on her intuition to determine Su Yu's path of attack. She flicked her hand and counterattacked, "A mere defeated dog wants to kill me?"

Crack Boom ——

But in the instant they collided, the dagger in Zhen Yulian's hand froze over, covered with an immensely cold frost!

The deadly chill entered Zhen Yulian's body, freezing her entire right palm!

In that moment, her hand froze and was reduced to a shard of ice. Her flesh and blood fell onto the floor, shattering into dust.

There was no blood present throughout the entire process, as all of the flesh and blood had been turned into ice.

Zhen Yulian had lost her right palm and was reduced to being a cripple, all with a single, mere collision!

What was even more horrifying, was that the chill showed no signs of stopping, spreading up her right arm, attempting to turn her entire body into ice!

Ah ——

Zhen Yulian let out a pathetic wail, her ferocious expression contorting in pain.

But even so, Zhen Yulian, who was in deep pain, had not lost her senses. Her reaction speed was extraordinary. She grabbed her right arm with her left palm, ripping out her right arm swiftly and decisively with a roar!

Blood splattered everywhere. Some of the blood splashed onto Zhen Yulian's face, turning her contorted expression even more ghost-like!

Her eyes were filled with a glow of hatred, as she shouted loudly, "I'll never forgive you!!"

Su Yu's expression was cold, "Can the defeated dog only bark? This is the assassination technique you are so proud of? It is merely average!"

"If you fail this time, you will no longer have another chance!"

With his improvement in ability, Zhen Yulian's threat had decreased drastically.

Zhen Yulian grabbed her arm, her gaze cold, "Palace Master Yin Yu! Even if I cannot kill you, I can make sure you die without a proper corpse!"

Creak ——

The intense battle had caused the spirit energy in the surroundings to ripple violently, disrupting the ripple in space used for teleportation.

The teleportation had failed!

Su Yu and Tu Long fell from within the space teleportation!

This was Zhen Yulian's exact agenda.

Even if she could not kill Su Yu, stopping their teleportation would mean that the Anyue City master could strike, making them stay forever.

"Before he kills me, I can at least exterminate you!" Su Yu was filled with hatred.

Because of her, Su Yu and Tu Long had fallen into a perilous situation at the same time.

He must kill this woman!

Whoosh ——

Zhen Yulian's reaction speed was incredibly fast. She replied, letting out a cold laugh, "Say that, when you catch me!"

Her figure turned into contorted light, disappearing into thin air!

"You wish to escape?" Gray light filled Su Yu's eyes, as he shot soul ripples in all directions.

Suddenly, a soul ripple was reflected back to him from the north, imprinting a human figure in Su Yu's soul.

Creak ——

Su Yu took out the Mountain River Dragon Bow, forming a thumb-sized arrow and shooting it toward the north without hesitation!

Ah ——

The arrow of spirit energy pierced through the air. What followed was a pathetic wail.

A large gaping hole appeared on Zhen Yulian's waist, her slender figure falling out of the contorted light, crashing on the floor.

Her expression was one of shock and pain. She spat out a mouthful of blood, "How... How did you discover where I was?"

Even Han Jianglin could not easily see through her mysterious movement technique.

How did Su Yu do it?

Whoosh ——

What met her inquiry was Su Yu's figure, speedily flying toward her.

Zhen Yulian's heart thumped when she felt Su Yu's cold killing intent. Fear gripped her heart.

She had always been the one killing people with her assassination techniques. She had thought that death was very far away. Today, she realised that death had been beside her all along!

She was swallowed by immense fear.

"Wait a minute... Don't kill me. I am merely under orders!" Zhen Yulian clenched her teeth as she pleaded.

Before this, in her eyes, Su Yu was merely a defeated dog nearly killed by her, not worth mentioning.

But at this moment, she was pleading for mercy from him.

Su Yu's killing intent did not decrease, "When you thought that you could kill me easily and cull me like a dog, had you even thought that you were under someone else's orders? Now that you are about to die, you are trying to push the responsibility onto someone else?"

"Your death is not worth mourning!"

There was not enough time. Su Yu did not hesitate, as he struck a finger toward her chest!

But at this moment, a bale of wind assaulted him, saving Zhen Yulian from Su Yu!

"Palace Master Yin Yu, forgive and forget. How can you live up to your status as palace master, if you are so merciless?" a cold arrogant voice said.

Su Yu shot his gaze over, coldly saying, "Wei Tianchen?"

It was one of the Four Great Sons of the Snow Listening Tower, Wei Tianchen!

It was him who had ordered Zhang Xueyi to kill him and take his treasure.

Now, he suddenly showed himself and interfered between him and Zhen Yulian.

It looked like the effects of the Ice Hell had attracted the attention of Wei Tianchen.

He should have observed the fight between Su Yu and Zhen Yulian, otherwise, there was no way that he could have interfered in time.

"Before you meddle in someone else's affairs, shouldn't you first consider your own situation?" Su Yu was merciless. He had not yet settled the score of him ordering Zheng Xueyi!

Wei Tianchen protected Zhen Yulian, calmly saying, "Palace Master Yin Yu, why must you push someone to the limit and be so merciless? We are both powerhouses of the northern continent. We should be supporting each other and maintaining friendly relations."

"Don't you think that you are not looking at the big picture, by killing members of the northern continent like that?!"

Not looking at the big picture? Su Yu had a cold laugh in his heart.

It was clearly Zhen Yulian who first launched a sneak attack and nearly killed him. But in Wei Tianchen's words, it was Su Yu that was mercilessly killing talents of the northern continent!

"Friendly relations? When did you see her trying to maintain friendly relations with me? When I was under the threat of dying, I did not see you appearing to stop her. When she was about to be killed by me, you jumped out and said that I am not looking at the big picture? Merciless?"

Wei Tianchen let out a cold grunt, "Palace Master Yin Yu! I do not know what happened between the two of you. All I saw was you trying to kill a weak lady!"

"As an upright man, and as the deputy palace master of the Empire of Darkness, don't you feel that you have gone overboard and behaved shamefully?"

Hearing this, Su Yu laughed in anger, "Since you do not know anything, you dare speak such reasonings in an attempt to reprimand someone? You can speak freely, if you are biased toward her. Is doing things so sneakily a common trait amongst the Four Great Sons?"

Wei Tianchen was angry. He scolded, "Palace Master Yin Yu! Show some respect. You can humiliate me, but you cannot be spared for humiliating the Snow Listening Tower!"

His hypocritical face deepened Su Yu's cold gaze, "Wei Tianchen, do you know how your junior died?"

His pupils dilating, Wei Tianchen clenched his fist. He was furious, as he said with a sinister expression, "He was killed by a vermin!"

"Hehe..." Su Yu laughed as he shook his head, "No, he died because he was too full of himself!"

"Like you, he overestimated himself!"

Su Yu flew over, his eyes filled with killing intent, "Scram immediately, otherwise, I'll change the names of the Four Great Sons of the Snow Listening Tower to Two Great Sons!!"

## Chapter 339 Stripping Him of His Identity

Wei Tianchen laughed sardonically: "Palace Master Yin Yu, you are merely holding the great flag of the Empire of Darkness. Stop trying to throw your weight around in front of us."

Against his words, Su Yu shook his head disdainfully.

Back at the city's entrance, who was the one who depended on his identity as the Snow Listening Tower's Four Great Sons in order to cut the queue forcefully?

The ones who threw their weight about were they.

At that very moment, he made unfounded counter-charges that vilified Su Yu unreasonably.

"Holding the great flag? No one from the Empire of Darkness is here, so I have to hold the great flag! If you don't believe, you can fight with me and find out! Of course, it will be a death match! Do you dare to do it?" Su Yu said indifferently.

Wei Tianchen's expression turned serious as he evaded the topic: "Humph, Palace Master Yin Yu, don't rely on the Empire of Darkness' reputation to being savage, I..."

However, Su Yu interfered with his speech mercilessly: "I have asked you a question. Do you dare or do you not?"

"Don't be presumptuous..." Wei Tianchen's face twitched.

Su Yu laughed scornfully for a long time: "Even though I am alone, you don't even have the guts to fight me. A coward like you can still call yourself the Four Great Sons? If people from the Snow Listening Tower are all trash like you, I can only say that the Snow Listening Tower is beyond hope!"

"Now, get out of my sight immediately! A person like you, who doesn't even have the courage to fight with me, has no right to talk to me!"

This continuous satirization caused Wei Tianchen to become extremely furious, and a bit frightened.

However, he protected Zhen Yulian, who was behind him closely and refused to budge.

His gaze passed through Su Yu inconspicuously, and he revealed an anxious expression.

"Haha, have you bought enough time?" Suddenly, Su Yu sneered.

Wei Tianchen's expression turned grave: "What are you saying?"

Su Yu shook his head and laughed: "Seems like I am totally right to say that you are a dirty rat, who only knows how to do things sneakily in the dark!"

"Even though you knew that you were not my opponent, you still continued to talk to me for a long time. Aren't these the actions of a rat like you, who only knows how to hide behind the back of another person? It is obvious that you have made some plans beforehand. You are merely killing time with me and waiting for the Anyue City Master to make his move." Su Yu shook his head and mocked.

Su Yu absolutely detested Wei Tianchen's character.

"Since... since you already know, why did you fall for it?" Wei Tianchen's expression was a bit unpleasant.

Su Yu said coldly: "Because, I am also buying time!"

Whiz, whiz, whiz—

At that moment, the movements at their location attracted even more onlookers.

Dozens of martial artists looked from the sky and were extremely shocked.

With that, many eyes were fixed on Su Yu. Would the Anyue City Master dare to kill a Deputy Palace Master of the Empire of Darkness in front of everyone?

"You are indeed crafty!" Wei Tianchen bit his teeth and was secretly filled with hatred.

He thought that he had successfully delayed Su Yu. To one's surprise, Su Yu was also taking advantage of the opportunity to attract attention!

"You flatter me!" Su Yu put on a false smile. He then turned back and looked toward the Anyue City Master.

The Anyue City Master had already successfully rescued his clansmen. He was standing on top of the ice mountain and glaring at Su Yu tenaciously. However, he did not dare act recklessly!

How would he dare to take any action in front of such a big crowd?

"Tu clan's Master, thank you for your boundless hospitality. I will bear it in mind!" Su Yu's words were filled with a profound meaning, his eyes glowing with coldness.

If there were ever a day, where he made a breakthrough to Immortal Level Five, he would definitely kill this evil person!

"Next, Zhen Yulian and Wei Tianchen, have both of you made your preparations?" Su Yu's eyes were filled with icy coldness and he had awe-inspiring murderous intents.

The situation was as such, and Su Yu was safe.

The next thing to do was to deal with both of them.

Wei Tianchen had a serious and unpleasant expression: "What do you want to do?"

Su Yu laughed nonchalantly: "I have already warned you to not get above yourself. It is a pity that you are like Zhang Xueyi. You are too full of yourself!! Since you like to meddle in someone else's affairs, you must bear the responsibility of your actions!"

He thought that he had the Anyue City Master as his trump card and would definitely not lose.

At that very moment, he did not have anything that he could rely on and became anxious.

"Stop it! There are no grudges between us. Why must you be so ruthless?" As Wei Tianchen spoke, he retreated, trying in vain to mix in with the onlookers.

Su Yu said apathetically: "This is a personal grudge between me and Wei Tianchen. If there is anyone who wishes to help him, please step out."

Whiz, whiz—

The crowd dispersed in all quarters, with a speed faster than rabbits.

As they were not associated with Wei Tianchen, why would they offend the ruthless and unreasonable Palace Master Yin Yu for his sake?

Having landed himself in a hopeless situation, where there was no one he could rely on, Wei Tianchen was filled with hatred and regret: "Palace Master Yin Yu, why must you be so ruthless? Nothing good will come out of killing me. Instead, it will just affect the relationship between the Empire of Darkness and the Snow Listening Tower."

Su Yu had a calm expression. However, his expression was filled with an indescribable satirization: "When you were about to put me at death's door, you never thought about the relationship between both of our organizations. Now, when it's your turn, you became worried about the future of our organizations."

"Could it be that my life is not a life, while your life is extremely expensive and highly respected?"

"Don't worry. Even if I kill all the Four Great Sons, the Snow Listening Tower can only take it lying down! From the very beginning, why did all of you plan to kill me?" Su Yu was determined to kill him.

After pulling the silver bow, Su Yu created a spiritual arrow, aiming it toward Wei Tianchen and Zhen Yulian!

The Anyue City Master could only look on from the side, he did not dare act recklessly.

As for normal martial artists, they did not dare meddle with the affairs of the Empire of Darkness.

However, at the moment when the matter was about to come to a close...

**Whoosh—**

A tyrannical spiritual energy pierced through the City Master's Manor and headed straight for Su Yu's face.

Su Yu's expression changed. He switched from attacking to defending, blocking the lump of spiritual energy.

**Thump—**

Su Yu somersaulted a few times in the sky. The blood within his body surged, as he looked toward the source of the spiritual energy. His gaze could not help but become narrower: "As expected, it's you, old crow!"

A green-robed old man with a white face wore a gloomy expression. He placed both his hands in his robe and walked over with big strides.

That person was none other than Inspector Bai He!

As expected, at the critical moment, this old crow took action!

"What a thick-headed brat. In the Empire of Darkness, you committed crimes, killed people indiscriminately, and even killed your fellow Deputy Palace Master. At the training place, you also dared to be presumptuous!" Inspector Bai He had a stern face. As everyone focused their attentions on him, he came over.

The Anyue City Master's pupils shrank firmly, and he wore an extremely fearful expression: "You are Bai He, who is ranked number four among Empire of Darkness' Four Great Inspectors?"

"What? It's him?" Everyone gasped and had the jitters.

In the Empire of Darkness, Palace Masters, Inspectors, and Lords were an existence that was considered frightening.

It was rumored that every Inspector had earth-shaking strength. They stood at the peak of the continent and were legendary martial artists.

Such an honorable and illustrious person actually descended upon the Anyue City!

The Anyue City Master was extremely shocked for a moment. When his gaze swept past Inspector Bai He and Su Yu, he felt at ease, his eyes filled with anticipation.

Having seen that Inspector Bai He pinned labels on him indiscreetly, Su Yu answered back sarcastically: "Haha, Inspector Bai He is the same as before. As an Inspector, you can still put down your identity and launch a surprise attack on a junior like me!"

Everyone's expressions turned strange at once. Su Yu's way of speaking actually revealed a concealed piece of information that was not known to anyone!

Ling Xiaotian actually injured Inspector Bai He severely?

Even though he had been exposed by Su Yu in front of everyone, Inspector Bai He did not have any unusual expressions. Instead, he became even more dignified: "A mere Deputy Palace Master dares to start a rumor to create trouble!"

"You have killed your fellow Deputy Palace Master. Even though I gave you a chance, out of kindness, I did not expect you to be unrepentant and to unleash your murderous intents in the training place. Indeed, it is hard for one to change his nature! I will absolutely not forgive you!"

"In the name of Inspector, I declare that Palace Master Yin Yu of the north continent's Sub Palace is a bloodthirsty person. He is cruel, ferocious, and has no principles. As such, in effect from now, he is expelled from the Empire of Darkness! Everything regarding him will not be related to the Empire of Darkness in the slightest!"

After investigations, it was evident that Su Yu was innocent, and that it was Inspector Bai He who had launched a surprise attack in order to assassinate him secretly. At that very moment, he spouted nonsense unblushingly, saying that he had given Su Yu a chance out of kindness!

Moreover, he also wanted to strip Su Yu of his identity as the Deputy Palace Master!

His words caused everyone to be shocked.

He actually announced on the spot that he wanted to expel a Deputy Palace Master?

As an Inspector, he supervised the Four Great Sub Palaces and had a lot of authority. If he declared personally, he really had the right to strip Su Yu of his identity as the Deputy Palace Master!

From then on, Yin Yu would no longer be a Deputy Palace Master of the Empire of Darkness!

The Anyue City Master's eyes were overflowing with swift and fierce murderous intents: "Inspector Bai He, are your words for real?"

Inspector Bai He spoke sternly, out of a sense of justice: "I am entitled to deal with a person who has violated the law! If Anyue City Master has a personal grudge against him, that will be a matter between the both of you, and the Empire of Darkness will not interfere!"

This was forcing Su Yu into a hopeless situation!

The Anyue City Master wanted to kill Su Yu, and there was no longer anything restraining him from doing so!

Su Yu looked at Inspector Bai He coldly: "Old crow, who do you think you are? You think you have the right to strip me of my identity?"

Chapter 340 Legendary demonic beast emperor

A deputy palace master was appointed by the master of the sub palace. As an inspector, his role was to observe the sub palace. He did not have the authority to interfere with the day to day affairs of the sub palace, much less interfere with something important, like stripping the title of a deputy palace master.

"Hmph! Before I came, I had been granted the authority to award punishment from Lord Bai Luo!"

"Your actions are deplorable, killing the innocent. You have an evil character. I, as an inspector, think that you are not suitable to take up the role of deputy palace master! Now, with the name of Lord Bai Luo, I declare that you are stripped of the status of deputy palace master!"

Just now, he had declared his using the name of an inspector. Now that he was exposed, he changed it to the name of Lord Bai Luo.

Even if Lord Bai Luo had given him the right, Inspector Bai He was still stripping the status of a deputy palace master without consulting Ling Xiaotian.

Otherwise, why would Lord Bai Luo have to go through the trouble to request for the ten deputy masters under Ling Xiaotian to fall under his command? Couldn't he have just issued an order?

Inspector Bai He was just fooling the crowd. Stripping his status as a vice palace master was just to give the Anyue City master the chance to strike.

"Anyue City master, Yin Yu is no longer a member of the Empire of Darkness. The animosity between you two is of no concern to the Empire of Darkness. You need not care about me. Settle the score how you intend to!" Inspector Bai He cupped his fist toward the Anyue City master.

The crowd felt a sense of injustice for Su Yu, they were going overboard!

Even though they did not know of the animosity between Inspector Bai He and Palace Master Yin Yu, the situation before them was clearly one in which Inspector Bai He was using his official duties to exact revenge, forcing Su Yu into a corner!

What was even more shameless, was that he did not hold back his words, saying that the Anyue City master did not need to give him any respect!

It was as if he was behaving too righteously and upright.

The Anyue City master cupped his fists as he said, "Since that is the case, I shall not hold back."

"This person killed and snatched someone else's treasure in Anyue City. He has done much evil, killing my son, despite only a small disagreement. This vermin's actions shall not be condoned!!!"

What? The fighters were shocked. The young master of the Tu clan, one of the young masters of the Eight Great Ancient Clans, had been killed by Yin Yu!

It was clearly the Anyue City master that killed his own son. But now he was announcing to the world that Su Yu did it!

The two of them cooperated with each other, painting a picture that Su Yu deserved a thousand deaths.

Facing the shamelessness of the two of them, Su Yu did not bother to explain.

Su Yu laughed. He laughed loudly, "Haha... Merciless? You are right! I am merciless and barbaric, I am used to killing, so what?"

His cold eyes had an arrogant light. Harsh winds blew around him, causing his robes to flap in the wind.

His head of silver hair danced wildly, his eyes filled with a dense killing intent.

Wei Tianchen let out a cold laugh, "You even admit that you are merciless and barbaric. Your actions cannot be condoned. Everyone should have the right to kill you!"

"Anyue City master, I plead with you to get rid of this vermin for us, in the name of justice!"

He was gutless and weak, and did not dare step forward, but was egging someone with righteous words on from the side.

Zhen Yulian saw the situation changing, her fear subsiding. Her eyes flashed once again with a vicious glow, "That's right! This person will only harm the innocent, if left alive!"

"Please Anyue City master, get rid of this vermin for us!"

It was clearly her who had tried to assassinate Su Yu twice, and who was now accusing Su Yu of being merciless.

The members of the Tu clan nearly died in the ice, their gazes furious, "Please master, exact heaven's will and get rid of this vermin for us!"

"Exact heaven's will and get rid of this vermin..."

"Get rid of this vermin..."

The loud voices reverberated around Anyue City.

The forceful voices of a hundred people were like a current, piercing through the skies as they spread to all corners of Anyue City.

What was even more shocking, was the determination of the people to kill Su Yu!

Three people were enough to form a tiger, much less a hundred people.

At this moment, none of the fighters dared to step out to stand up for Su Yu.

Everyone knew Su Yu was forced. Everyone knew that Su Yu had to die.

For everyone wanted to kill him!

Feeling the will of the people who wanted to kill him; feeling the steely determination of the people; feeling the situation of despair, with no way out...

Su Yu stood at his original position, his silver hair dancing wildly. The hair could block his deep starlike eyes, but it could not block his spirit-like cold glare!

"Since everyone says that I am merciless, that I am barbaric, and wants to kill me, I shall let you all see what a truly merciless person looks like!"

Creak ——

An alarming killing intent suddenly shot out from Su Yu's eyes.

The silver hair that was blocking his eyes was suddenly lifted.

The once deep eyes were now like an abyss, spreading an alarming chill, dragging in the souls of everyone present.

"I want all of you dead!"

The cold voice, as if it came from hell, filled with the ice cold threat of death!

The hearts of those scanned by Su Yu trembled. Those deep eyes were like the portals to a dark hell, dragging them unto their deaths.

Even Inspector Bai He's pupils dilated, scared by his gaze.

"What a terrifying gaze!" the crowd of fighters gasped!

"They might have overdone it!"

The muscles around his neck twitching, Inspector Bai He let out a low grunt, "The eyes of the crowd are crystal clear. Since they want you dead, it is enough to see that you have committed heinous crimes and deserve death!"

Su Yu let out a cold laugh, "The crowd? Then I'll just kill the crowd!"

He wanted to kill the members of the Tu clan, as well as the people who had wronged him!

"Anyue City master, you may strike! You need not be polite!" But Inspector Bai He retreated quickly, not intending to attack personally.

The Anyue City master's eyelids twitched. He did not know why his heart rippled when he heard Su Yu's words filled with killing intent.

The eyes full of killing intent had made the Anyue City master a little regretful.

Did he have a little responsibility to bear, now that the situation had come to this?

But that thought passed quickly.

Su Yu had lost his status of the Empire of Darkness and was no more than a cockroach in his eyes now. He could kill him just by stepping on him.

"Sigh, Yin Yu, you are still unrepentant now that it has come to this. You do not stop your desire to kill. I can only follow the wishes of the people and exact heaven's will. I hope that you can start anew in your next life!"

The Anyue City master sighed lightly, taking a step forward.

But the very moment he took the step, a horrifying aura suddenly appeared in the skies of Anyue City!

Puuuu ———

When the aura appeared, fighters of the Dragon Realm immediately spat out blood.

Hundreds of fighters locked in combat with the demonic beasts did not expect this, falling into the beast tide. In the blink of an eye, their corpses disappeared into the bellies of the beasts.

The Immortal Realm fighters also felt the blood in their body tremble, their spirit energy going haywire. They could not stop their bodies from trembling.

It was as if a giant mountain was pressing onto them, making it hard for them to breathe.

"This is..." Inspector Bai He's expression changed drastically, "Immortal Realm Level Five... Demonic Beast Emperor!"

The emperor of ten thousand demons, the rumoured legendary demonic beast!

According to rumours, its intelligence was well above an average human's, and the being could use words. It was about to breakthrough its final barrier and attain a human form!

But these were merely rumors.

The existence of the demonic beast emperors were merely tales passed down through word of mouth. There were hardly any records in historical annals.

This was because demonic beast emperors were too rare, a rarity not lower than an immortal beast!

Who would have thought that there would be the appearance of a legendary demonic beast emperor in this beast tide?!
