

Nine-Dragon 341

Chapter 341 The Demonic Beast Emperor Destroys the City

"Haha, foolish human beings. Even though you are faced with an imminent disaster, you still fight amongst one another. How sorrowful and funny." Atop the sky, a normal gold-colored bird flapped its wings.

The bird was shaped like a kingfisher. It looked petite, delicate, and adorable.

Under the sunlight, dazzling golden light was reflected from its gold-colored feathers.

It bore a remarkable resemblance to a bird that was carved by gold!

On its head, there was an indistinct shadow of an imperial crown, which flashed before everyone from time to time.

It was as if it were a legendary king, which stood at the peak of hundreds of millions of demonic beasts, causing it to be the emperor of the hundreds of millions of demonic beasts!

However, what caused everyone to be shocked was that the golden bird could actually speak the human language!

Its scornful and detesting expressions were extremely lifelike, and its intelligence was not lower than that of the human beings in the slightest!

The Anyue City Master's expression changed greatly: "Demonic Beast Emperor! What exactly happened in the Dark Forest, such that even the legendary Demonic Beast Emperor showed itself?"

With that, even an idiot understood that big and unusual changes had occurred deep inside the Dark Forest! It was to the extent that even the Demonic Beast Emperor was frightened out of the Dark Forest.

"Humph! Petty and lowly human beings, Master Wu had descended upon the world and was about to dominate it. All of you shall submit yourself to him at once, and follow me to meet him!" The golden bird looked down upon everyone coldly.

Even the expression of a strong martial artist like the Anyue City Master changed greatly!

The Master of the Demonic Beast Emperor? Within the world, what kind of people had the right to enslave the Demonic Beast Emperor?

Looking at the north continent, the number of martial artists who could match the Demonic Beast Emperor could be counted with five fingers!

Such a legendary demonic beast was actually a spiritual pet? What kind of divine being was that so-called Master Wu? In the Zhenlong continent, to everyone's knowledge, there was only one person who had such a right. That person was the King of Darkness!

Could it be that in Zhenlong continent, someone who could go head-to-head with the King of Darkness existed?

"My time here is limited. I will give all of you three breaths' time to consider. Those who are willing to submit to my Master shall follow me into the Dark Forest. As for those who are unwilling, die!" The golden bird's eyes were overflowing with a ruthless and cold light.

What did not match its adorable body was its extremely ruthless nature!

"Three!"

The golden bird opened its mouth. However, no one responded. It was not because of the fact that the martial artists were extremely brave. Instead, it was because everything that happened was too absurd.

A demonic beast forced all the residents of the city to pledge loyalty to a Master that they did not know. If they declined, they would be killed.

The city was deathly silent and no one responded.

The golden bird's eyes overflowed with murderous intents: "I have finished counting the three counts. Seems like all of you insist on resisting! Since that is the case, I shall destroy the city!"

It was evident that the golden bird had only counted once. However, as it did not get the response that it expected, it made things difficult immediately!

It actually threatened to destroy the city!

Chirp—

The golden bird was extremely determined, its action showing its determination!

After giving a sharp chirp, a destructive sound, which was ten thousand Chinese feet long and shaped like an earth-shaking thunderbolt, descended from the sky with overwhelming force!

Rumble, bang—

The city wall, which the beast tide did not manage to destroy, even after half a month, collapsed like a thin piece of paper!

That was the power of the Demonic Beast Emperor!

Moreover, that sound wave's force did not decrease and it swept past the Anyue City!

In its path, all the buildings collapsed, everyone ran for their lives, and a fierce wind swept across the area crazily. In an instant, countless people either died or were injured!

The Anyue City Master was both shocked and furious: "Presumptuous!"

With a loud roar, the Anyue City Master took action and counterattacked against that power which could destroy the city!

The spiritual energy of the Anyue City Master came out from his body and changed magically into a giant net. The Anyue City Master then tossed the giant net into the sky to suppress the Demonic Beast Emperor's sound wave.

However, the Demonic Beast Emperor's sound wave was so frightening, that it exceeded his expectations.

The spiritual net merely suppressed the sound wave for a short while. After which, it was torn into pieces by the sound wave!

The remaining sound wave struck the Anyue City Master's body and sent him flying thousands of meters away at once!

There was a long stretch of splattered drops of blood, leaving such a shocking scene!

Within the ruins, the Anyue City Master got up with difficulty, his whole face filled with astonishment: "You... are about to become god?"

The Anyue City Master was extremely shocked!

As Inspector Bai He stared at the Demonic Beast Emperor, his old face was filled with fear: "Immortal Level Five Peak. It is only a step away from becoming god!"

The city became deathly silent!

Everyone's mind had only one thought!

Run!

Run for our lives!

Even the strong Anyue City Master, who was matchless, collapsed at the first blow of the Demonic Beast Emperor!

"With such abilities, you do not have the right to go against Master," the Demonic Beast Emperor said disdainfully. "If I destroy the city, no one can stop me! All of you must die!"

Chirp—

The Demonic Beast Emperor looked up and chirped again. A sound wave, three times more frightening than the previous sound wave, descended rapidly!

Not good!

The martial artists turned pale with fright. They scattered and escaped hurriedly!

The Anyue City Master's eyes were filled with hatred!

That was his city. If it were destroyed by the Demonic Beast Emperor, would he still be able to save face in the future?

"Evil creature, don't try to be a savage! I shall deal with you!"

Whiz—

The Anyue City Master took action and rushed toward the horizon!

However, when everyone felt that the Anyue City Master was about to go head-to-head with the Demonic Beast Emperor, a shocking scene appeared!

After the Anyue City Master rushed to the horizon, without even turning his head, he escaped at once!

He was not the Demonic Beast Emperor's opponent!

Moreover, behind the Demonic Beast Emperor, there was also Master Wu!

He had two choices. Either sink down to a level of a doll, where he was at the mercy of others, or be killed!

Hence, he chose the third option!

Escape without fighting!

Abandon the Anyue City, abandon its residents, and abandon his... clan!

He would drag out an ignoble existence and escape by himself!

When Su Yu saw his back as he escaped, Su Yu did not feel surprised in the slightest bit.

A person who could kill his biological son would be cold-blooded by nature. Hence, it was extremely normal for such a person to abandon his clan and residents.

The Demonic Beast Emperor sneered scornfully: "You wish to escape from my palm? You are too naïve!"

Whiz —

The golden bird changed into a golden fragmentary thread and chased after the Anyue City Master.

A nonchalant voice echoed throughout the sky: "Petty and low human beings, all of you have a short time to linger on in a steadily worsening condition. Value it while you can!"

The martial artists in the Anyue City felt extremely humiliated. How shameful was it to be looked down upon by a demonic beast?

However, the abilities of the Demonic Beast Emperor were too frightening, and thoughts of getting revenge did not even come into their minds.

Their only thought was to... find a way to drag out an ignoble existence!

The expressions of Inspector Bai He, Wei Tianchen, and Zhen Yulian changed rapidly. They bit their teeth and prepared to escape from the city!

Rustle —

However, at that moment, a shadow blocked their path.

"Haha, didn't all of you want to right wrongs in accordance with Heaven's decree? A person like me, who is guilty of the most heinous crimes, is standing right in front of all of you. Why are all of you escaping?" Su Yu laughed apathetically, with his hands clasped behind his back. He wore an indescribable mocking expression.

"All of you kept on saying that I relied on the Empire of Darkness. Now that all of you no longer have the Anyue City Master, can you right wrongs in accordance with Heaven's decree justly and forcefully?"

"I have said before. I will kill all of you, the so-called 'masses' who abhorred evil as your deadly foes, and I will not leave a single one of you alive!" Su Yu smiled grimly, a smile icy and cold!

Chapter 342 Massacre

Wei Tianchen's face was red, "Yin Yu! Do not be too insolent! The demonic beasts are launching a massacre on the city. As a member of the human race, you do not fight together with us, but instead take the opportunity to kill your own brethren. Do you wish to be a sinner of the human race?"

While he was spouting words of justice, Wei Tianchen turned to run!

Ah ——

Just as he was about to escape, a woman screamed behind him.

Turning back to look, a finger had pierced through Zhen Yulian's stomach, her flesh bloody. But the attack had not struck her most vital point. She was merely hurt, but not on the verge of dying. She was in a pathetic situation!!

Zhen Yulian grabbed her stomach with her remaining hand, her pale forehead forming large beads of sweat. Her eyes were once again filled with fear and pleas, "Palace... Palace Master Yin Yu, spare me... I was really under orders!"

Su Yu placed his finger between her brows, coldly shaking his head, "Do you think your excuses would still work? Just now you said that I am merciless. Have you thought that you were under orders just now?"

"If you would rather commit suicide than be killed by me, I would have given you some respect. It's too late to plead for mercy!"

Creak ——

Su Yu released spirit energy, splitting open a bloody hole on Zhen Yulian's fair forehead, killing her.

The person who had put Su Yu through two dangerous situations had finally been killed.

Wei Tianchen was immensely fearful after seeing this scene. He no longer had any hesitation, turning to flee.

"Hehe, Sir Tianchen, an innocent person has been killed by a demon. As a warrior of justice, you are not exacting heaven's will, but are instead turning to flee? Are you not afraid of sullyng your heroic reputation?"

The boundless sarcasm came from behind him.

Wei Tianchen had interfered in the animosity between Su Yu and Zhen Yulian in the name of justice, saving her from Su Yu.

He had also jumped forward and reprimanded Su Yu for being immortal, when Su Yu was going to die!

"Palace Master Yin Yu, forgive and forget. Being so overbearing, are you not afraid of karma and retribution?" Wei Tianchen was anxious.

Su Yu let out a mocking smile, "Retribution? Are you making fun of yourself?"

"You were the one who said that I was committing crimes under the banner of the Empire of Darkness! You were also the one who relied on the Anyue City master to malign me! Now, the person that is going to be killed has changed from me to you!"

"This is truly karma and retribution!"

Wei Tianchen's expression was one of shame and anger, "You twist your words! You are now not considering the safety of the human race, but stubbornly trying to kill your brethren and not looking at the big picture. Do you still have the human race in your heart?"

"Hypocrite!" Su Yu mercilessly replied.

"In the half a month that the beast tide descended, have you killed any of the demonic beasts, despite having a cultivation level of Immortal Realm Level Three Upper Tier? No! I have killed several demonic beasts and indirectly saved many humans. When I was attacked by all of you, have you ever considered that killing me would endanger the human race? No! You claim that you cannot stand seeing me kill the innocent and saved Zhen Yulian. But, when she was killed by me, have you stepped forward, instead of trying to flee for your own life? No!"

Su Yu continued, "So, you are just a selfish, sinister coward that has made no contributions to the human race. You are of no benefit to the safety of the human race, killing you would have no effect on their safety!"

The fighters fleeing for their lives around them understood when they heard these words.

Wei Tianchen claimed to be one of the Four Great Sons of the Snow Listening Tower, but was merely causing a ruckus with his status within the human race.

He had not helped in anyway since the beast tide appeared.

The life or death of a person that would only think of himself has no effect on the human race.

Even Wei Tianchen could not say anything, despite how glib his tongue was.

"Accept your fate. From today, the Four Great Sons of the Snow Listening Tower will become Two Great Sons. Do not blame me, I have given you many chances!"

Su Yu's killing intent was ice cold and determined. He pulled the silver bow. The arrow chased after him for several miles!

After the arrow sliced through the air, met with a pathetic wail, Wei Tianchen's chest was completely destroyed as he was killed.

Su Yu's killing intent was at its peak, after killing two people in succession.

He swept his gaze to the final person he needed to kill!

"Only you are left in the crystal clear eyes of the crowd, Inspector Bai He!" Su Yu turned his head to look at him, his gaze cold.

Inspector Bai He did not show any signs of fluster.

He had a mocking look, staring at Su Yu with his hands behind him, "You, are finally finished doing what you needed to do? Too slow! You took such a long time to kill them, despite my allowing you to do so, you really disappoint me!"

"Haha... You still want to save face!" Su Yu let out a long laugh, mockingly shaking his head.

"The only reason you stayed behind is that you came in all guns blazing just now and wanted to punish me. Now you cannot put down your high reputation in order to escape!"

"But you glorify your actions, claiming to give me time. You made it seem like I could only have killed them because you allowed it!"

Su Yu had his usual faint smile, "You should be lucky that you were standing at the side, scraping the barrel, so you can live for a moment longer!"

Inspector Bai He's expression did not change, "Laughable, arrogant. I can kill you like I am culling a dog!"

"Since it is so easy for you to kill me, why did you not attack me personally, instead of using so many ploys to get the Anyue City master to do it? The palace garrison divine artifact of Palace Master Ling had long-lasting effects on an old man like you, didn't it?!"

With Su Yu's cultivation level, it was not hard for him to notice that Inspector Bai He's cultivation level had dropped from the horrifying level he had seen in the past, to Immortal Realm Level Three Peak!

"Hng hng, Ling Xiaotian had used the divine artifact without approval, attempting to rebel against the empire. He cannot escape punishment!"

"Furthermore, even if my cultivation level has dropped, trash like you cannot compare to me!" Inspector Bai He coldly said.

"I can kill you with the flick of my wrist!"

Su Yu coldly said, "Do you really think that I am the same lad that could only flee for my life back then?"

Back then, Inspector Bai He had launched a sneak attack. In front of him, Su Yu did not even have the means to retaliate. He did not even have the chance to attempt to flee.

If not for Ling Xiaotian, having expected such an action and following him in secret, Su Yu would have died by his hands.

Creak ——

Inspector Bai He laughed, "I really cannot see any difference between the you in the past and the you now. You still cannot withstand a blow!"

Creak ——

He had just finished his words, when Su Yu pointed between his brows, unleashing a long arrow made of chilly energy and propping it on the Mountain River Dragon Bow.

Whoosh ——

Releasing his finger, the arrow of ice shot toward Inspector Bai He.

The power of the chilly energy was enough to kill an Immortal Realm Level Three Peak fighter, and even more able after its power was amplified by the Mountain River Dragon Bow!

Inspector Bai He's expression changed, as he subconsciously tried to dodge. But he had been belittling Su Yu, how could he dodge now?

"Mirrored Flower Water!" Inspector Bai He forcefully increased his spirit energy, materialising a large water mirror in front of him.

The fantasy-like mirror could redirect the attacks of an enemy.

Using this technique at his peak, Ling Xiaotian would not be able to defeat him without using the palace garrison divine artifact.

Whoosh ——

The ice arrow collided with the water mirror just as it appeared.

Crack ——

Multiple cracks suddenly formed on the water mirror that Inspector Bai He was so proud of.

Crash ——

A moment later, the mirror completely shattered with a crash.

The ice arrow pierced through it, onto Inspector Bai He's chest.

Thud ——

He was sent flying like a projectile, blasted several hundred meters back.

The cloth on his chest was torn to shreds by the resulting blast. His white hair was disheveled.

Fresh blood flowed from his nostrils down his chin, covering half his face.

With a mere strike, Inspector Bai He was put in an awkward position.

"Hehe, inspector, it looks like you are not as strong as you imagined," Su Yu muttered.

Inspector Bai He wiped the blood off his nose. His ancient face was laced with fury, but his expression was one of disappointment, "The power was average. You did not even manage to injure me, even though I intentionally held back. Your entering the Martial Paths is but a waste of time."

He was clearly haggard, but still refused to admit it.

"Is that so?" Su Yu had a cold gaze. A scene of nature descended around him.

An extraordinary aura, in harmony with nature, circled around Su Yu.

Looking at him now, Su Yu was not like a person from the mortal world, but instead appeared as if a ravishing deity.

Whoosh ——

Clouds gathered at the sky above his head, heeding the call of the scene of nature, forming a thicker, black cloud.

Within the cloud was a purple lightning dragon. Its stance was overbearing, as it flew within the clouds.

Everytime it appeared, earth-shaking lightning sounded.

At the same time, snow floated within the dark cloud, falling onto the earth.

This was different from ordinary snow. Ordinary snow would melt when it came into contact with the earth, but this snow froze everything it came into contact with!

Other than Immortal Realm Level Three fighters that could defend themselves, the rest of the people were reduced to beautiful ice sculptures when they came into contact with the snow.

"Ah! Run quickly!"

A fighter understood, shouting in fear as he activated his movement techniques to escape.

But his figure was frozen in the moment, his lips still in the shape of his exclamation. His legs were apart, trying to flee for his life, but his entire body was covered in ice, forever sealed.

Chapter 343 Golden Feather Demonic Beast Emperor

In no time, under the dark cloud and amidst the white snow swirling in the air, the world became a world of ice.

"Tribulation! Of! Ice! And! Thunder!"

Su Yu pointed his hand toward the sky and fused with the nature's artistic ambience. It was as if Su Yu were commanding the Heaven and Earth.

Rumble, rumble—

A heavenly might created a great force of the Heaven and Earth. This great force then locked itself onto Inspector Bai He, who was under the dark cloud!

Whoosh—

The ten thousand Chinese feet long thunder dragon, which had the power to destroy the world, descended from the dark cloud.

However, within the thunder dragon, not just a thunderbolt was hidden. There was ice hidden as well!

"Divine-grade Divine Decree!" Inspector Bai He had an astonished expression: "You actually comprehended such an insignificant thing to such a high level?"

However, it was this insignificant thing that displayed a frightening and unimaginable power.

"Second Grade Clone Technique!" In imminent peril, Inspector Bai He exhibited his strongest technique!

Revolving one-third of his spiritual energy, Inspector Bai He created a clone out of the void.

The abilities of the clone were about seventy percent of the main body!

Without hesitation, the clone stood in front of the main body and blocked the ten thousand Chinese feet thunder ice dragon.

Crack—

However, without even being able to buy time, the clone was turned into ice.

At the same time, the destructive thunderbolt pierced through the clone, causing the frozen clone to be shattered into pieces on the spot.

The thunder ice dragon's force did not decrease. After shattering the clone, it went for the main body!

Puff—

How would Inspector Bai He block such a frightening attack?

The extremely cold ice extinguished more than half of his life, and the destructive thunderbolt blew up his body.

Looking at it, Inspector Bai He's flesh was blurry and his whole body was charred black. However, there was not the slightest bit of blood from his body.

This was because his body was completely filled with cold energy.

His body had gradually turned into ice, from the inside out!

This attack had practically taken Inspector Bai He's life!

The martial artists, who turned their heads to take a look at the scene, gasped!

Inspector Bai He was actually killed by Palace Master Yin Yu so easily?

Initially, Su Yu did not attract any attention. However, during the auction, he displayed shocking abilities. Next, at that very moment, he unleashed his murderous intents in all quarters in the Anyue City. Finally, he also killed an Inspector of the Empire of Darkness!

Such earth-shaking abilities caused everyone to be visibly moved.

Rustle—

Su Yu descended in front of Inspector Bai He and shook his head disappointedly: "Lord Inspector, when you gave me the opportunity to strike first, you also gave me your life. This has caused me to be touched."

When Inspector Bai He heard Su Yu's satirization as he was about to die, he was filled with extreme hatred: "Yin Yu! I swear that you will have a bad ending! Your good days will come to an end soon..."

Thump—

A leg came from the sky and stomped the frozen head into pieces.

Su Yu withdrew his leg slowly and shook his head apathetically: "There have been many people who wished for me to have a bad ending. However, it is a pity that all of them have died and I am still alive."

Su Yu bent down and searched Inspector Bai He's chest. He actually managed to find a small jade box.

After he opened the small jade box, he found a small jade bottle lying quietly in the box. That small jade bottle contained not just anything, but the Spirit Fate Elixir!

For this elixir, a Deputy Palace Master only had the right to swallow one drop of it every month.

As an Inspector, it was normal for Inspector Bai He to have the elixir on his body.

Su Yu's eyes were burning with excitement. It was an unexpected surprise!

He was about to make a breakthrough to Immortal Level Three. This Spirit Fate Elixir had come at the right time!

However, what caused Su Yu to be disappointed was that, within the jade box, there was an empty groove.

Su Yu could tell that that space was used to store cultivation techniques.

At that very moment, it was absolutely empty.

This caused Su Yu to be slightly disappointed.

Inspector Bai He's Second Grade Clone technique was extremely magical. After learning it, one could create a clone to aid him in his battle. However, it was far from being comparable to Hua Zhilan's light clone, which had the same abilities as the main body.

However, seventy percent of the main body's abilities could not be underestimated either.

Su Yu had wanted to learn the ability. However, no one expected Inspector Bai He to not have that cultivation technique on his body.

It could have been destroyed or hidden by him.

At that very moment, Inspector Bai He had died. Hence, it was impossible for this cultivation technique to appear in the human world again.

With a flick of Su Yu's finger, Inspector Bai He's body was destroyed. Su Yu then stood up.

Regarding the Demonic Beast Emperor pursuing the Anyue City Master, it probably would not take a long time for it to return. Hence, it was not advisable for Su Yu to stay at his current location for long.

Rustle—

Su Yu brought Tu Long with him and disappeared into the sky.

The martial artists who witnessed the scene could not calm down for a long time.

Before the current incident, Yin Yu's name was only spread within a small area.

At that very moment, the whole north continent would come to know that such an arrogant genius existed.

With his abilities alone, he wiped out all the geniuses in the Anyue City, went against the Tu clan alone, and killed countless clansmen of the Tu clan. Innumerable strong martial artists had died at his hands.

Finally, that Inspector, who was extremely secretive in his movements and traces, also died at the hands of Su Yu!

The feats that he had accomplished in the Anyue City would definitely shock the north continent!

As everyone gazed with respect, Su Yu left Anyue City with a flash, disappearing without a trace.

Within the Anyue City, in a lump of charred ruins after a great battle, a wizened hand came out from the ground.

An old man with a pale expression, his whole body filled with bloodstains and his whole face filled with hatred, climbed out from the ground.

"Yin Yu! Do you think that you can kill me? You are too naïve! Ling Xiaotian has failed to do it, let alone you!" This person was Inspector Bai He.

When honed to absolute mastery, Second Grade Clone Technique could allow for a third clone to be created.

That day, Inspector Bai He had used this to trick Ling Xiaotian. At that very moment, he succeeded again.

After feeling his chest, Inspector Bai He had a gratifying expression: "It's all thanks to this cultivation technique, that I have managed to live to this moment..."

However, at that moment, a ridiculing laughter could be heard abruptly.

"So you have been hiding here! What a difficult search!" Su Yu cupped his fists and stood in the sky above Inspector Bai He's head calmly. He had a true yet fake smile.

Inspector Bai He's expression turned grave: "You, you..."

Su Yu sneered: "You have merely used the same old trick. After tricking Palace Master Ling once, do you think that you could trick me as well?"

Rustle—

Su Yu stomped his foot on the weak Inspector Bai He.

He then bent his body over and found a jade pendant in his chest.

Staring at it, indistinct words were carved on it. There was only a row of words, which read: "Second Grade Clone Technique"!

Su Yu's heart started to beat quickly!

It was really that magical cultivation technique!

"My cultivation technique!" Inspector Bai He was both furious and shocked.

Rustle—

Su Yu's heart was moved. A dim light glowed in his chest and he kept the cultivation technique in the Cosmos Mirror.

"Inspector Bai He, you are so generous. Even though you are about to die, you still left behind a legacy for me. Hence, I shall take it with pleasure." Su Yu had a true yet fake smile.

"I am sure that you have fulfilled your wish. If that is the case, Inspector Bai He, you can go to the afterlife with ease!"

Inspector Bai He spit out blood and was extremely furious. He pointed his finger toward Su Yu and shivered continuously: "You..."

Puff—

This time round, Su Yu stomped and crushed his head again.

However, this time, his life ended for real!

A generation of Inspector had fallen, just like that.

Like electricity, Su Yu flew outside the city with a flash.

At the outskirts of the city.

Tu Long bowed down and paid a courtesy call. He was extremely sincere: "I will never be able to repay Palace Master Yin Yu for rescuing me!"

He was already unable to repay Su Yu for his kindness.

For him, Su Yu landed himself in a perilous situation. This kindness alone was enough for Tu Long to repay Su Yu for his entire life.

Su Yu shook his head nonchalantly: "I do things with a clear conscience and I don't need you to take it to heart!"

"Anyue City can no longer be saved. You had better leave quickly. We shall part ways here! I hope that you can find another home to return to!" As they were about to part, Su Yu sighed with emotion.

Tu Long smiled: "If we part just like that, I will not feel at ease for the rest of my life. Before we part, I wish to give Palace Master Yin Yu a present. I hope that you will not reject it."

After his speech, Tu Long pointed one of his fingers to his chest. His finger entered his chest and came out with a droplet of blood.

Blood of the Heart!

Blood of the Heart, of which everyone possessed only one droplet!

To martial artists, the Blood of the Heart signified the source of their blood energy. Once lost, it would be difficult for one's body to get stronger and his cultivation base would become stagnant.

"Do you know the origin of the Ten Thousand Soldier Liquid?" Tu Long said leisurely.

Su Yu shook his head: "This is something known only to your clan. How will outsiders know?"

Tu Long smiled and said: "The ability, which defies the natural order that the Ten Thousand Soldier Liquid possesses, is actually the blood energy of the Tu clan!"

Regarding that point, Su Yu already knew it. It was rumored that the Tu clan had a special bloodline. As such, their blood possessed the nature-defying ability that could cleanse the divine artifacts.

"Since it is the blood energy, then, it is obvious what the essence of the Ten Thousand Soldier Liquid is. In actual fact, the essence is the Tu clan's clansmen's blood... their one and only Blood of the Heart!"

"In the past generations, the clansmen who were about to die would offer their Blood of the Heart beforehand. This would then become the clan's Ten Thousand Soldier Liquid."

"Only the Blood of the Heart of the Master's family contains pure blood energy. Hence, there are very few droplets of such blood."

Tu Long lifted up his own Blood of the Heart: "I am the previous Master's son. Hence, the blood energy in my Blood of the Heart is still considered pure. Even though it is not as strong as the Master's, it is eighty percent as pure as his and is equivalent to eight droplets of Ten Thousand Soldier Liquid that has been diluted."

"This blood is my parting gift, as well as my repaying my kindness. Palace Master Yin Yu, for my sake, please don't reject it!"

Without allowing anything to be said, Tu Long placed the blood on Su Yu's palm.

Su Yu was shocked in regards to the truth of the Ten Thousand Liquid, but was even more shocked about Tu Long's resolve!

This was equivalent to Tu Long sacrificing his own future!

However, Su Yu understood even more that Tu Long had lost his determination in the Martial Path and no longer had the heart to go further in the Martial Path.

This blood was him repaying Su Yu's kindness. If Su Yu did not accept it, he would carry Su Yu's kindness on his back forever and would find it difficult to dismiss the kindness from his mind.

"I shall accept it, thank you."

Tu Long smiled naturally: "With this, I no longer have anything to worry about. Yin Yu, we shall meet again some day!"

Su Yu cupped his fists. One of them went south, while the other went north. Both of them disappeared into the horizon and were no longer associated with one another.

After an hour.

The Demonic Beast Emperor returned. As it stared at the deserted city, it revealed a scornful expression. It flapped its wings and created a gust of fierce wind.

The Anyue City, which stood towering like a giant in the Dark Forest for hundreds of years, turned into ashes within the fierce wind.

"Golden Feather Demonic Beast Emperor, did you manage to capture the Anyue City Master alive?" At that moment, a divine young man, who was accompanied by a green-robed old man, descended upon the top of the Anyue City and questioned coldly.

The Golden Feather Demonic Beast Emperor looked at him apathetically. As if it felt disdainful, it replied indifferently: "He escaped!"

As the Tu clan's Master, he possessed many divine artifacts, making it difficult for outsiders to predict his actions. Although the Golden Feather Demonic Beast Emperor was strong, it was unable to win the Anyue City Master in terms of strategies.

The young man's eyebrows twitched, but smoothed out immediately: "Forget it. Don't need to care about him. Letting you take action is merely to declare to the world that the Wu family is about to come into the world!"

The green-robed old man behind him revealed a thread of anticipation: "Haha, I have sent Young Master and Miss Mo Wu's wedding invitation letter to the big forces of the north continent. I am sure that, at that time, it would be a grand meeting of the north continent!"

"The Wu family's name would rise to prominence from that day onward!"

Chapter 344 The Coming Out of the Wu Clan

If Su Yu had been present, he would have definitely recognised the green-robed elder as being Elder Huang!

The young master before him was Wu Yaoyue!

Wu Yaoyue had surprised everybody back at the Alliance Meet, defeating the geniuses of the Hundred Territories Alliance and becoming an exceptional dark horse that captured the attention of many. He fought to be champion, trying to obtain the Flesh Regeneration Elixir.

But he was defeated by Lu Jun, who had concealed his identity. He abandoned the contest, as he was not able to obtain the top place, which meant that he no longer had a chance at the Flesh Regeneration Elixir.

After which, he ordered the green-robed elder, Elder Huang, to kill Su Yu and obtain the elixir.

Now he appeared here.

Wu Yaoyue had his sword in his arms, wearing a mighty expression: "Hmph, the Wu Clan would ultimately shake the world. Why would we need a bridal ceremony to announce our name to the world?"

"I merely came to tell the entire world that Mo Wu belongs to me, Wu Yaoyue! No matter who she liked in the past, no matter who fancied her, from now on, she is the woman of Wu Yaoyue!"

Elder Huang's wrinkled face lifted: "Hehe, beautiful women have always been paired to heroes in the past. Miss Mo Wu is a great fit for the young master. Other than the young master, there is no one else in the world more deserving of her."

Wu Yaoyue spoke with an arrogant expression, "That is natural!"

Surveying the surroundings, Wu Yaoyue shook his head: "We have to go back and make preparations. The Wu clan will need a cleansing of blood, before we show ourselves to the world again. We have to tell everyone that we are back!"

...

Su Yu hurried over this half a month, back to the sub palace.

On the way back, he consumed the Spirit Fate Elixir.

This was already the third Spirit Fate Elixir Su Yu had consumed this month, its effects were diminished greatly, far from the first time he had consumed the elixir.

Su Yu had merely broken through the bottleneck of Immortal Realm Level Two Peak, his cultivation level reaching Immortal Realm Level Three Upper Tier, merely increasing by two tiers.

The effects of the Spirit Fate Elixir had diminished greatly from the multiple times he had consumed the elixir before.

But Su Yu was still satisfied.

A normal deputy palace master could only get one Spirit Fate Elixir every month, but Su Yu had already consumed three.

His cultivation level had unbelievably rose from Dragon Realm Level Seven to Immortal Realm Level Three Upper Tier in the short span of two months!

This speed of improvement was unprecedented in the sub palace of the northern continent.

Of course, it would not be too ridiculous if only his cultivation level had achieved the breakthrough. More importantly, Su Yu's improvement, in terms of his techniques, were equally shocking.

His immortal level and legendary level, as well as Divine Decree, all had massive improvements.

Recently, he even obtained the Second Grade Clone Technique that inspectors cultivated!

In these past two months of cultivating the technique, Su Yu realised that this immortal level technique was surprisingly easy.

Perhaps this was due to the effects of the cleansing of the soul from the Fantasy Glazed Pond during his training. Su Yu did not find any obstructions, as when it came to gaining insight into the technique, his progress was rapid.

In half a month, he had already had a massive breakthrough.

This Second Grade Clone Technique was a fragment of an immortal level technique, merely having two stages. The third stage was nowhere to be found.

With Inspector Bai He's status, it would not be hard for him to cultivate a complete immortal level technique.

But he was insistent on choosing a fragment. This clearly showed how special this technique was.

Su Yu had cultivated the technique for half a month, cultivating the technique to Stage One Peak.

He could use thirty percent of his spirit energy to create a spirit energy clone with battle abilities at seventy percent of the original.

Its cultivation level would reach Immortal Realm Level Three Lower Tier, only one tier lower than Su Yu's Immortal Realm Level Three Upper Tier.

The only imperfection was that the clone was unable to use the techniques of the main body. He needed to pick out other techniques for the clone.

But, even without the cultivation of any other techniques, the battle power of the clone was still very shocking.

Finally, to Su Yu's surprise, he had achieved a breakthrough in the Buddhist Saint's Eight Characters!

Su Yu had a stroke of inspiration during a thunderstorm at night!

He had managed to enter the Lower Class from the Beginner Class!

He had gained insight to the second character of the Buddhist Saint's Eight Characters —— Bing!

In terms of power, 'Bing' was far stronger than 'Lin'. If the two were to be compared, it would be akin to the difference between a small stream and a vast ocean.

Su Yu remembered that, when he released the character 'Bing', the lightning that descended onto earth was sent back into the clouds.

An area of ten miles surrounding Su Yu was leveled by the character 'Bing'!

Even Su Yu was cautious about the heavenly power that technique had.

Did this legendary level technique really belong to the Zhenlong Continent?

Merely Stage One Lower Class had such heavenly power. This power that was equal to the heavens was too ungodly.

If he could cultivate this technique to the highest level, wouldn't he be able to rule over everything?

This was another doubt in Su Yu's heart.

Other than this, Su Yu was also satisfied with the progress of his Nine Fingers of Imaginary Thunder. This technique was merely a small step from the second stage.

He had understood the entirety of the technique. All he needed was some practical usage before the technique would breakthrough to Stage Two Upper Class!

The first stage, the Thunder Star Finger, already had extraordinary power. Su Yu was filled with anticipation for how the second stage would be.

Finally, the Heaven's Son Gazing At Air.

He had long cultivated that technique to Upper Class, but was unable to breakthrough to Stage One Peak for the longest time.

But recently, Su Yu's intuition told him that he was about to breakthrough to Peak!

Cultivating that technique to the peak, he could use his soul for out of body combat.

Su Yu was also filled with anticipation for that technique.

Whoosh ——

The winds howled. Su Yu left behind a string of afterimages in the air, finally reaching the central area of the sub palace a few days later.

At Lingxiao Palace.

"Palace Master, I have returned." Su Yu naturally had to pay his respects to the palace master, now that he had returned.

When Su Yu greeted him, Ling Xiaotian was deep in thought, with his hands behind his back, his brows locked tightly. It was not hard to see his look of worry.

Hearing Su Yu, he turned around to show a faint smile and said, "It's good that you returned safely."

Observing Su Yu's cultivation level, Ling Xiaotian spoke with a relieved expression, "You have not disappointed me!"

Su Yu's improvement in cultivation level did not escape his eyes.

With a faint smile, Su Yu thanked him, "It is all thanks to your nurturing me."

Su Yu knew how much Ling Xiaotian had helped him.

If he had been silently cultivating by himself, how would he have come across so many opportunities? He probably would not have been able to break through to the Immortal Realm.

"Palace Master, I have an urgent matter to report," Su Yu gravely said.

Ling Xiaotian smiled: "Is it about the Tu clan? You need not worry about it. They sure have the guts to try to kill a deputy palace master! It looks like the Tu clan has had too much stability over these hundred years. They have forgotten their lowly status!"

"Come with me to Anyue City in a few days. I'll personally exact justice for you! I will claim from them ten times the amount of pain and blood they took from you!"

Su Yu had a warm feeling in his heart. He had been under both the Liuxian Faction and the northern continent sub palace. The treatment he received was like night and day.

The Liuxian Faction master had not even viewed his life as important. If not for Su Yu's good luck, he would have already become an ice cold corpse.

In fact, the Liuxian Faction had tried to execute him for a treasure they had no idea of.

Comparing the two, it was clear how much Ling Xiaotian had done for Su Yu.

"Palace Master, there is no need." Su Yu shook his head.

Ling Xiaotian coldly said, "The members of the northern continent sub palace should not have to swallow their pride when they are bullied! I must punish them ten times over, for what they did to you!"

Su Yu's expression gradually turned grave: "This is exactly the matter I wanted to report. Anyue City has been destroyed!"

"What?" Ling Xiaotian's pupils dilated, finally grasping the gravity of the situation: "Tell me the specifics!"

Following which, Su Yu reported everything that he had seen and heard.

"A demonic beast emperor descended?" Ling Xiaotian had a rare grave expression. "According to what I know, there are not more than ten demonic beast emperors in the entire continent."

"Out of the ten, nine of them occupy the eastern, western and southern, more prosperous continents."

"The northern continent is comparatively poorer, having only one, the Golden Feather Demonic Beast Emperor! It occupied the center of the Forest of Darkness, commanding the demonic beasts of the northern continent. It is incredibly strong!"

"Even I cannot stand up against it without the palace garrison divine artifact in my hands. Why would such a demonic beast emperor appear above the continent?"

Su Yu thought for a moment, gravely saying, "There is one more thing. This demonic beast emperor said the word 'Master'!"

"Master... You mean that it still had a master?" Ling Xiaotian's expression was unprecedentedly serious.

Gasping, Ling Xiaotian said in a serious tone, "It looks like we need to inform the king. This matter is out of the jurisdiction of the sub palace!"

To think that they had to activate the strongest fighter in the continent, the King of Darkness!

Chapter 345 Matchmaking Session

Su Yu felt that the situation was dangerous. For the Demonic Beast Emperor to have appeared, what kind of danger was there?

"Also, I have one more matter to report to Palace Master. I have killed Inspector Bai He!" Su Yu said.

Ling Xiaotian was surprised, his eyes glowing brilliantly: "Even though this old crow escaped from the divine artifact that day, he still dared to tail behind both of you to plot something unlawful?"

Ling Xiaotian's eyes were glowing with coldness, as he said coldly: "He should have rejoiced that he died at your hands. If he had not, I would have gone after him personally and let him know that he had no way of escaping!"

After hearing what was said, Su Yu heaved a sigh of relief. It seemed that there was no problem in him having killed Inspector Bai He.

"If Palace Master has nothing else for me, I shall return to Yinyu Area. I have not returned for many months and wonder how my area is doing." Su Yu took his leave.

"Wait!" Ling Xiaotian stopped Su Yu.

"Do you remember that, before the training, I said something to you?" Ling Xiaotian said.

Eh? Su Yu tried his best to recall and finally managed to remember it: "Palace Master said that, after I return from the training, you would give us another important task."

Ling Xiaotian smiled and nodded his head: "That's right. Letting all of you train was in order to make preparations for this matter."

"Palace Master, please give me the instructions." Su Yu was stern.

Ling Xiaotian smiled silently: "No need to be anxious, you are not going to carry out a task. Instead, you will participate in a mass meeting."

"What mass meeting?" Su Yu was confused.

"The north continent's Phoenix Meet!" Ling Xiaotian said.

Phoenix Meet? Su Yu was at a loss: "What kind of mass meeting is that, is it very famous?"

For this event to be labeled with the north continent's name, it must be a major mass meeting indeed.

Ling Xiaotian's mouth twitched, as he recalled that Su Yu came from a far away island. Hence, it was natural for Su Yu to not already be familiar with the north continent's grand occasion.

"The Phoenix Meet is held once every ten years. The people who are invited are of the most outstanding young men of the current generation. Here, all the splendid young men come together at once."

Su Yu was a bit disappointed: "Another martial arts competition?"

Su Yu was not interested in a martial arts competition that had no significance.

At that point in time, settling down and concentrating on his training was more meaningful to Su Yu.

"Nope!" Ling Xiaotian's answer was unexpected: "It is a matchmaking session."

Matchmaking session? Su Yu was lucky that he did not bite his tongue off. It was actually a matchmaking session.

As such, he was now even less interested: "Thank you Palace Master, for your kindness. But I think that I do not need..."

Since he already had Xianer, how could he participate in the matchmaking session?

"Haha, are you not worried that your fiancée might be snatched away by others?" Ling Xiaotian had a true yet fake smile.

Su Yu was slightly stunned and thought about the Phoenix Meet again. Suddenly, a flash of lightning flickered through his mind: "The continent's young men are being matched to the Phoenix Cabinet?"

Ling Xiaotian nodded his head: "That's right. Throughout the ages, the Phoenix Cabinet only takes in female disciples. Hence, the Cabinet lacks men. Throughout the years, the outstanding female disciples got married and left the Cabinet, resulting in brain drain."

"As such, the Phoenix Cabinet's Master took the initiative to start the Phoenix Meet, to help the Cabinet's female disciples look for spouses. By pulling strings, not only did she manage to keep the female disciples within the Cabinet, she also gained a few outstanding male disciples from the factions outside. With that, she managed to kill two birds with one stone."

"Moreover, the north continent's exceptional young men are also keen on finding their partners in the Phoenix Cabinet. The Phoenix Cabinet is a place where the north continent's most outstanding women gather, and also, all the female disciples within the Phoenix Cabinet have extraordinary looks!"

"In this mass meeting, if there is someone who takes a fancy to your fiancée and the Phoenix Cabinet approves of their relationship, the relationship between the both of you might be broken by the Phoenix Cabinet. At that moment, she would be another person's spouse. Are you willing to let that happen?"

Su Yu was shocked: "But, isn't there a need for the female disciple to agree as well?"

Ling Xiaotian shook his head and said: "Of course not! If they are particular about being harmonious, among a hundred people, it too difficult for a pair of harmonious couple to happen. Moreover, if this is the case, wouldn't it be pointless, then, for the Phoenix Cabinet to go to the trouble of organizing the matchmaking session?"

"As long as the man performs and meets the standard of the Phoenix Cabinet, the female disciple that he has taken a fancy to will be betrothed to him. As for a person's willpower, it is too insignificant to mention in front of the faction! Hence, if a person who suits your fiancée appears, the Phoenix Cabinet will definitely not mind breaking the relationship between the both of you."

Su Yu was shocked. Not mentioning Xianer's talents, her looks, which were as adorable as a fairy's, would attract many geniuses to fight for her.

Once a person who met the Phoenix Cabinet's criteria appeared, what would await Su Yu was a letter to break off their engagement.

Although Xianer was pure and innocent, she was persistent and firm. If she were forced to accept such a reality, she might commit suicide in order to bring the matter to a close.

Previously at Liuxian faction, where she was forced to marry Cao Xuan, there were many times that she wanted to commit suicide.

Su Yu did not wish for such a matter to occur again.

Xianer was his fiancée, and no one could snatch her away from him!

"Looks like you have made up your mind. For the next few days, make your preparations and do some training. At the Phoenix Meet, there might be fierce fights."

Su Yu said: "How will the fighting be? Could it be that the few people, who had taken a fancy to a particular person, must use their abilities to fight for her?"

Regarding that question, Ling Xiaotian nodded his head: "That's right. There will first be an elimination competition. The top hundred would then have the right to choose the female disciple that they have taken a fancy to. After which, if more than one person takes a fancy to a particular person, they would fight for her. The person with higher abilities would then be able to obtain his beautiful woman."

"In this mass meeting, all the forces in the north continent will send their most outstanding male disciples to participate in the Phoenix Meet. For many years, this has become a great competition between the north continent's outstanding young men. On the surface, it is just the man marrying into, and living with, the wife's family. In actual fact, it is a mass meeting, where every faction sends their male disciples to display the potential of the factions."

"The fame and prestige obtained by all of you will affect the Empire of Darkness' glory. Hence, I hope that you will participate in this event seriously."

Su Yu's eyes were filled with determination: "Palace Master, don't worry. I will fight to the best of my abilities!"

Even if it were not for the sake of repaying Ling Xiaotian, for Xianer, Su Yu would fight with all he had!

"Good. Now, you can go back and make preparations. After three days, you, the first Deputy Palace Master, the second Deputy Palace Master and the third Deputy Palace Master will represent the Sub Palace of the Empire of Darkness of the north continent by participating in the Phoenix Meet."

Su Yu nodded his head, turned his body, and left.

After half a day, at the Yinyu Area.

At Yinyu City, the outside of the Palace Master Manor was solemn and quiet.

A big group of guards stood within the Manor with reverence and awe.

There was a bald young man present, who was about twenty-four to twenty-five years old. He wore a beast-skinned long robe and had rough and black eyebrows, his eyes like copper bells.

Looking at him, he gave off a barbaric feeling.

He stood outside the Manor, with his hands clasped behind his back, looking around the surroundings. The group of guards did not even dare to breathe deeply.

Moreover, they did not dare to raise their heads and look him in the face.

This was because of his illustrious identity!

"Third Deputy Palace Master, Palace Master Yin Yu has not returned yet. If you have something for him, I can relay the message to him on your behalf," Zi Yunxiang kept calm and said dully.

The bald young man in front of her was Deputy Palace Master Xiao Guang, who was ranked number three among the Ten Great Deputy Palace Masters!

Moments ago, he descended upon Yinyu Area abruptly, requesting for Su Yu to come out and meet him.

After hearing what was said, Xiao Guang cast a sidelong glance at her: "Whom do you think you are, that you can help to pass on my message?"

"I will say it one more time. Get him to come out and meet me!" Xiao Guang repeated.

Zi Yunxiang had an attitude that was neither haughty nor humble: "I will say it one more time as well. Palace Master Yin Yu is not in the Manor. If you are unwilling to allow me to pass on your message, then you can wait outside patiently."

Xiao Guang's eyebrows twitched: "You asked me to wait for him? Does an inexperienced little boy like him have the right?"

"I want to see him. Even if he is at the remotest corners of the earth, he must still come out to see me! Moreover, he was training with all of you. Even though all of you have returned, he is still outside? Don't test my patience. Get him to come out and meet me!"

Zi Yunxiang shook her head slightly, unable to understand the actions of such a person who purposely made trouble.

"Close the door!" After turning her body and returning to the Manor, Zi Yunxiang spoke the words apathetically.

Having been ignored by Zi Yunxiang, Xiao Guang was stunned. It was obvious that he did not expect Yinyu Manor to have such a bold woman, who made him look bad in front of everyone!

After which, his forehead emitted a layer of a furious aura, making it obvious that he was enraged: "A mere servant-girl dares to be a savage in front of me! In your eyes, do you still have respect for your seniors?"

Xiao Guang narrowed his eyes and looked around the Yinyu Manor. His eyes were glowing with coldness: "I think that for this Yinyu Manor, from the Manor Master to the servants, all of them lack discipline!"

"Yin Yu, I really wish to see where your confidence comes from, such that you reject a meeting with me!"

Bang—

Xiao Guang lifted his leg and kicked the Yinyu Manor's big door. To him, an Immortal Level Three Upper Tier, such a door was just like thin paper.

The giant door was sent flying for a thousand Chinese feet, then falling into the Manor.

"Miss Zi, be careful!" The expressions of a group of guards changed abruptly, and they pulled Zi Yunxiang away hurriedly.

However, a few of the guards were also under the giant door and were unable to escape in time.

Ah—

Horrible shrieks could be heard, one after another, and cries could also be heard continuously.

Three Dragon Realm guards could be seen, crushed under the giant door.

The guard in the middle was crushed into mincemeat he died a tragic death on the spot.

The two guards on his left and right had half their bodies crushed and were groaning in pain.

Such a bloody and cruel scene had caused the female servants within the Manor to cry out in fear, before escaping quickly.

A group of guards was furious. However, they did not dare say anything and avoided Xiao Guang hastily.

Xiao Guang observed the scene in front of him. However, his attention never fell on the three guards who were crushed under the giant door.

"A bunch of good-for-nothings! An incompetent Master can only have such incompetent servants!" Xiao Guang said disdainfully and coldly. He then took huge steps into the Manor.

"Hold it right there!" Zi Yunxiang had hardly recovered from the shock. Her chest rose and fell, and it was unknown whether she was furious or shocked: "Palace Master Xiao Guang! Please watch how you conduct yourself! You charged into the Yinyu Manor forcefully and killed the innocent. Palace Master Yin Yu will not be happy about that!"

Su Yu would be far more than unhappy. As expected, Su Yu would be completely furious!

"Is this a joke? Do I need to consider his mood, when I act?" Palace Master Xiao Guang stepped into the Manor, his cold eyes looking around the surroundings. When he swiped the air, five lumps of spiritual energy were released in all quarters.

Rumble, bang—

Crash—

At once, dust filled the sky and the house collapsed.

His attack caused half of the houses in the Yinyu Manor to become ruins!

As for the remaining half of the houses, they were servants' houses.

"He is really not in?" Palace Master Xiao Guang's eyebrows twitched.

Zi Yunxiang looked at the Yinyu Manor, which had become a piece of ruins, and she was boiling with rage: "Palace Master Xiao Guang, you did this intentionally!"

"There is no hatred between you and Palace Master Yin Yu. Why did you bully him for no reason?"

Palace Master Xiao Guang turned his head, his copper bell and tiger-like eyes glaring: "Do I need a cheap servant like you to question my actions?"

"Since he is not here, inform him to come and meet me within three days, when he returns. If not, he will be responsible for the consequences!" Xiao Guang swung his robe, took a step, then turned his body and left.

When he passed by Zi Yunxiang, he casually grabbed Zi Yunxiang's neck: "As for you, you will follow me back to Xiaoguang Area. Before Yin Yu comes to get you back, I shall discipline you!"

He actually took Zi Yunxiang as his hostage!

He was so arrogant, that the ordinary guards did not dare go against him.

"Palace Master Xiao Guang, don't you think that your actions do not match your identity?" At that moment, an old voice could be heard. It was Fan Haisheng, who cupped his fists and was neither haughty nor humble.

Palace Master Xiao Guang's gaze shifted to him immediately. As if he were seeing a lump of air, he swung his hand casually. A fierce wind then sent Fan Haisheng flying for hundreds of meters at once, before he crashed into a wall.

Blood started to stream down from the corners of Fan Haisheng's mouth. He lay down in the ruins, not moving at all.

"Elder Fan!" Zi Yunxiang called stridently, her beautiful eyes filled with hatred: "You are a beast!!"

Palace Master Xiao Guang's nose gave a cold hum: "If you fail to appreciate someone's kindness, you will die sooner or later. Why not let him die at my hands and prevent the Empire's food from being wasted?!"

"Move!" Palace Master Xiao Guang started to walk and left the Yinyu Manor.

However, at that moment, from the horizon, a loud and majestic voice, as if it were heavenly, could be heard.

"Haha, Palace Master Xiao Guang, you have killed my people, destroyed my mansion, and took my people hostage. Are you begging for me to kill you?"

Tens of miles away, Su Yu had revolved his crystalline pupils and seen everything that had occurred.

That pair of deep eyes was burning with flames of murderous intents.

Chapter 346 An Unexpected Defeat

He did not expect that someone would barge into the Yinyu Area, when he returned half a month later!

What angered Su Yu even more, was that he could understand if the other party had some animosity with him, like Palace Master An Fang.

But he had no animosity with Palace Master Xiao Guang. In fact, they had never even met each other.

The other party had shown up without reason, killing his guards. He had destroyed his manor and was even abducting one of his people!

One should not be so overbearing, even to an ordinary person, much less to Su Yu, who was also one of the Ten Great Deputy Palace Masters. They would have dealings with each other, sooner or later.

Just what was Su Yu in his eyes? A beast without pride, that he could kill with the flick of his wrist?

Palace Master Xiao Guang looked at the horizon, toward Su Yu, who was flying over. He pushed Zi Yunxiang away, his face had a mocking expression: "Coward! Even though you are nothing before me, but to appear from hiding only now. As his men, you all should be ashamed!"

In his heart, he was insistent that Su Yu had already returned, only hiding because he feared him.

Zi Yunxiang landed on the floor with a thud, her fair face filled with surprise.

The injustice and grief she felt dissipated.

Su Yu had finally returned from the chaotic Anyue City. She could finally let go of her worry!

"If he is a coward, there would no longer be a brave person in this world. You do not understand him!" Zi Yunxiang shook her head, showing a gentle smile.

Her gaze did not shift from the figure flying over.

"Brave? Him? Hehe, if we were comparing the size of his throat, the volume of his words, the killing intent in his voice, your Palace Master Yin Yu is indeed the bravest!" Palace Master Xiao Guang crossed his arms as he laughed.

He looked down on Su Yu.

Zi Yunxiang still had her gentle smile, "See, you do not understand him."

Licking his lips, Palace Master Xiao Guang grunted, silently waiting for Su Yu to land.

A few moments later, Su Yu arrived in the skies of the Yinyu Manor.

Scanning the surroundings, he could clearly see the collapsed buildings and the injured guards.

Palace Master Xiao Guang arrogantly lifted his head and said, "Alright, since you mustered a little courage to stand before me with much difficulty, I won't bother to tear apart the last amounts of pride you have. Pack your things and come with me."

After saying this, he did not bother looking at Su Yu anymore, turning to leave the manor.

Creak ——

A bolt of energy shot toward him from Su Yu's direction.

Palace Master Xiao Guang froze for a moment, asking, "What are you doing?"

Su Yu had nonchalantly descended from the sky, shooting out a palm toward him!

"Are you deaf, I have already said that I would grant it, since you are asking for death!" Su Yu's body was covered with a light flickering glow, as he shot out a palm toward Palace Master Xiao Guang.

Palace Master Xiao Guang was shocked, then demanded, "Are you mad? You should do everything based on your abilities. You striking someone like me, with your average levels of perception and abilities, is not insanity, it's stupidity."

Casually lifting a palm, Palace Master Xiao Guang had no trouble retaliating: "Forget it, to a person like you, who has never seen the power of an Immortal Realm Level Three, you have no way of understanding what it means to attack me."

"This time, I'll teach you a bit of a lesson. Remember to grow some brains next time."

Crash Crash ——

The two of them speedily crossed fists.

But when they collided, Palace Master Xiao Guang's relaxed expression suddenly turned rigid. He was surprised: "A cultivation level of Immortal Realm Level Three Lower Tier? You've broken through!"

During their collision, Palace Master Xiao Guang had no chance to raise his spirit energy, unable to defend himself as he took the blow.

Crack ——

A slight bone-cracking sound came from his palm. Palace Master Xiao Guang took three steps back, the blood in his body agitated. A metallic taste filled his throat.

In his carelessness, he had suffered quite a big loss.

Su Yu landed lightly on the ground, his expression hard to discern under the glow around his body. But everyone could hear his voice of disdain, "Is Immortal Realm Level Three very remarkable? You talk about Immortal Realm Level Three as being a very remarkable level. This arrogance is only present in second-rate, average fighters like you."

Hearing this, Palace Master Xiao Guang laughed, "You learned how to be this arrogant, just by taking others by surprise and gaining a little advantage? Has anyone ever taught you about blind imitation?"

"I can be this arrogant because my abilities lord over the rest. You being this arrogant is you just being a clown!" Palace Master Xiao Guang had a look of disdain.

Su Yu calmly shook his head, "A person beneath you being arrogant, you call a clown, yet you call your arrogance an act of lording over the rest. By your own logic, you are merely a clown, when you are in front of someone more powerful than you!"

"It is truly appropriate to call you a second-rate, average fighter."

Palace Master Xiao Guang's expression turned rigid: "It does not matter how others see me, I do not wish to know. The only thing I can tell you is that the current you is merely a clown in front of me!"

"Both being Immortal Realm Level Three, you would not understand the difference between Lower Tier and Upper Tier! You surprised me and gained a little advantage, but this is your limit!"

"Now I'll teach you just how great the difference between Lower Tier and Upper Tier is!"

Palace Master Xiao Guang let out a grunt, striking ferociously.

"Six Illusions!"

Palace Master Xiao Guang's spirit energy pulsed, materialising six illusory glows around him. Looking at the scene, it looked like six figures were standing beside each other, making it hard to discern his real figure.

All the figures struck together, their palms overlapping rapidly. It was as if the oceans and mountains were exerting all their pressure on Su Yu.

Su Yu did not speak, retaliating with all his power!

He did not use any techniques, merely using his battle experience and spirit energy to defend himself!

Even though the abilities he displayed were far from Immortal Realm Level Three Upper Tier, when coupled with his immense battle experience, its power was still a force to be reckoned with.

One stroke!

Two strokes ——

Three strokes!

After nineteen strokes, Palace Master Xiao Guang had the advantage of initiating the attack, his attacks becoming more and more ferocious.

On the other hand, Su Yu found it hard to keep up, barely being able to defend himself towards the end.

Palace Master Xiao Guang let out a low grunt, "It ends now!"

Creak ——

Palace Master Xiao Guang's spirit energy increased drastically, his abilities rising to his peak.

Under the intense attack, Su Yu finally succumbed, a palm striking his chest.

Crash ——

Su Yu was sent flying several hundred meters back, crashing into the debris.

"Palace Master Yin Yu!" The Yinyu Manor was shocked.

Their palace master had been defeated, and so decisively!

The undefeatable figure of the palace master in their hearts crumbled.

When had Palace Master Yin Yu suffered a defeat?

From the time with Palace Master Feng Qing and Xue Yao to the Black Water Pirates, when had Palace Master Yin Yu not surprised all of them, defeating the enemy in dominating fashion?

They could not accept this scene of defeat.

Palace Master Xiao Guang gradually suppressed his spirit energy, stabilising his boiling blood. He was quite surprised.

Even though his opponent's cultivation level was far from his, he had plenty of battle experience. He managed to hold up against twenty of his attacks, while not using any techniques. It was only after he used his full power that he managed to keep the battle within twenty moves.

In terms of the difference in their cultivation levels, he would definitely be laughed at for such a result.

Thinking about this, Palace Master Xiao Guang had a sinister expression, "Great! To last twenty moves against me, just on battle experience alone, you can be proud of yourself!"

"But you are merely average! Do you see, this is the difference between Lower and Upper Tier. In front of me, you can only look up to me!"

Palace Master Xiao Guang stared at Su Yu: "Now that you know your place, shut your mouth and come with me. Don't be like a clown jumping around!"

Shaking his head, Palace Master Xiao Guang turned to leave the Yinyu Manor.

But his body froze, as if struck by lightning!

Chapter 347 Defeating The Enemy with One Move

Under a tree in front of him, within the gentle breeze, there was a Moon White Long Robed young man standing leisurely.

Beneath his mask was a handsome face, as if he were not someone from the mortal world.

His silver hair fluttered about, as if he were a divine being.

The people of the Yinyu Manor were attracted by the unusual expression of Palace Master Xiao Guang. They followed his gaze, and could not help but be shocked.

That appearance and that figure. Who else could it be besides Palace Master Yin Yu?

"Palace Master Yin Yu! It's our Palace Master Yin Yu!"

"Oh god, what's happening? Why is he uninjured?"

What? Palace Master Yin Yu?

Palace Master Xiao Guang was at a loss.

If he were Palace Master Yin Yu, who was the fluorescent person that he was fighting just a moment ago?

"Humph! What is your Yinyu Manor up to? Could it be that the real Palace Master Yin Yu is being a coward and hiding somewhere else?"

The Su Yu beneath the tree had a calm expression: "Palace Master Xiao Guang, how did you feel when you fought my clone?"

Clone?

The people of the Yinyu Manor were extremely astonished!

That fluorescent figure from a moment ago was actually Palace Master Yin Yu's clone!

Among the Ten Great Deputy Palace Masters, there was only one Deputy Palace Master who possessed a clone, and she was Palace Master Zhilan!

Palace Master Yin Yu actually possessed such a secret technique!

Similarly, Palace Master Xiao Guang was shocked.

He was shocked that, just a moment ago, the person who he fought with great effort and defeated after twenty moves was actually Su Yu's clone!

In general, the abilities of a clone were much lower than the main body.

If his clone possessed such frightening abilities, what kind of abilities did his main body possess?

Rustle—

The fluorescent light of Su Yu's clone glowed, changed into spiritual energy, and returned to Su Yu's body.

Su Yu looked at Palace Master Xiao Guang nonchalantly: "I have seen the gap between Lower Tier and Upper Tier. Now, please enlighten me. Both of us are Immortal Level Three Upper Tiers. Let me see how great is the difference between our abilities."

Palace Master Xiao Guang bit his lip and had a cold expression: "Palace Master Yin Yu, I came to look for you, because I have something to consult about with you. Why are you so rude and unreasonable?"

After hearing what was said, Su Yu looked at his destroyed mansion, the severely injured guards, the guard who died a tragic death, and at Zi Yunxiang, who was shocked dully and said indifferently: "This is your so-called consultation?"

In the world, where would you find a person, who was like an eternal enemy and destroyed the other party's mansion, killed the other party's people, and took the other party's people as hostage, even though he came to discuss some matters?

He was merely afraid of Su Yu's abilities and changed his attitude temporarily.

However, it was a pity that he was too unreasonable previously. The change at this very moment was just ridiculous.

Palace Master Xiao Guang's embarrassed expression appeared for a moment then disappeared straight after: "Your servants were the ones who were disrespectful toward me first, thus arousing my anger unnecessarily. As such, I destroyed your mansion to a certain degree and injured some of your guards."

After hearing what was said, the people of the Yinyu Manor could not help but be secretly furious.

It was evident that it was Palace Master Xiao Guang who did not listen to their advice and charged in unreasonably.

He paid no attention to their lives. He killed, even after he said so and casually destroyed half of Yinyu Manor.

From the beginning to the end, was there anyone who disrespected him in the slightest bit?

With his identity as the third Palace Master alone, no one dared commit a breach of etiquette against him.

At that very moment, he made a false countercharge, saying that they were the ones who offended and angered him!

Zi Yunxiang said furiously, "Palace Master, Palace Master Xiao Guang charged in of his own accord. We did not harbor any ill intentions at all, from the very beginning. Palace Master, please make a judicious judgment."

"Shut up! Do you have the right to interfere, when I am talking?" Palace Master Xiao Guang shouted coldly. "After all, I am a Deputy Palace Master. Will I accuse you?"

Between one's servants and a Deputy Palace Master, whom should he believe?

It was natural that the answer was the latter.

However, it was a pity that the person in front of him was Su Yu!

"Oh, is that so?" Su Yu said apathetically, while walking out from under the tree.

Palace Master Xiao Guang said vigilantly, "Why, you don't believe me?"

"You would rather believe your servants than me, one of the Ten Great Deputy Palace Masters?"

Su Yu shook his head: "I believe you. I would naturally believe you. Perhaps my people had really angered you with their words, which resulted in this misunderstanding at the moment."

After hearing what was said, Palace Master Xiao Guang heaved a sigh of relief.

The hearts of the people of the Yinyu Manor felt slightly cold. Why did it come to this?

Didn't Palace Master Yin Yu shield their shortcomings all along? Could it be that Palace Master Xiao Guang, who was now in front of him, was someone who he was unwilling to offend?

However, without giving Palace Master Xiao Guang an opportunity to reveal a relieved expression, Su Yu's tone turned cold.

"However, even if my people offended you, so what? If you say that hearing their words is as good as injuring you, you had better bear with it! Moreover, you have injured them, destroyed my mansion, and taken my people as your hostages. Humph, no one can help you!"

How was it possible for him to believe Palace Master Xiao Guang?

Su Yu knew Zi Yunxiang's character better than anyone else and was absolutely sure that she would not be arrogant and despotic.

As for the remaining people, who would have the guts to be impudent toward the third Deputy Palace Master?

At that very moment, he who was the guilty party filed the suit and also vilified his people by saying that they disrespected him!

A hundred and eighty degree change in the situation had caused Palace Master Xiao Guang's expression to become serious at once. His expression also looked unpleasant: "Yin Yu, do you really want to make me your enemy?"

Su Yu had a nonchalant expression: "Make you my enemy? Do you think that you have the right to become my enemy?"

Not mentioning merely seeing an Immortal Level Three Upper Tier in action, Su Yu had even killed a few of them, personally.

However, it was hilarious that Palace Master Xiao Guang thought that Su Yu had never seen how strong an Immortal Level Three was.

"Yin Yu! Don't be arrogant! Once I get serious, it will be too late for you to regret!" Palace Master Xiao Guang was secretly furious. Even though he feared Su Yu, he did not think that the gap between their abilities was huge.

Such an undisguised contempt had caused Palace Master Xiao Guang's honor to be affected. Hence, how could he not agree?

"Arrogant? Compared to being arrogant, I have not sank to a level of destroying another person's mansion, killing his guards, and taking his men as my hostages!" Su Yu walked over quickly. Although he looked slow, he was actually moving quickly.

"Then get serious. I wish to see how you would make me regret it!" Su Yu mocked disdainfully.

The blue veins on Palace Master Xiao Guang's forehead twitched, his expression turning completely unpleasant: "Yin Yu, you are the one who forced me!"

"Six Illusions!"

He exhibited his special skill again, attacking with his full power.

He did not dare to underestimate Su Yu again.

Layers upon layers of illusions headed for Su Yu.

Piercingly cold, strong wind with a matchless power, accompanied by a great force of the universe, engulfed everything.

The group of guards retreated hurriedly to avoid being drawn into such an inhuman battle.

Su Yu had a calm expression, both his hands remaining clasped behind his back.

"Show me your moves! I want to see how strong are your cultivation techniques!"

Su Yu extended his hand and merely gathered spiritual energy. He shook his head slightly: "Is there a need for me to use my cultivation techniques to deal with you? You are too full of yourself!"

Rumble, bang—

Su Yu's palm looked normal. However, this palm caused Palace Master Xiao Guang to retreat by ten steps!

One of them used his cultivation technique, while the other merely used his spiritual energy. Even though they had the same cultivation base, the effects were extremely surprising!

Palace Master Xiao Guang gasped secretly. Su Yu's main body only had a cultivation base of Immortal Level Three Upper Tier!

Moreover, he was extremely close to Peak!

Palace Master Xiao Guang felt afraid and uneasy!

A thread of humiliation flashed past his eyes. Palace Master Xiao Guang then suppressed the humiliation forcefully. Taking advantage of the opportunity, where he was forced to retreat, he turned around and flew away.

A pair of tiger-like eyes fixed onto Su Yu, and Palace Master Xiao Guang retreated with his fists cupped: "Palace Master Yin Yu has a well-deserved reputation and I readily acknowledge my inferiority! We will call it a day here, and I shall take my leave!"

"Who told you that this is a duel?" The murderous intents on Su Yu's face only increased: "I have said it before. Since you wish to die, I shall grant you your wish!"

Chapter 348 Gathering Powerful Fighters

Sparring—what a joke!

If Su Yu was really weaker than him, if Su Yu was really as cowardly as he thought, if Su Yu really could not last a single blow...

Would Palace Master Xiao Guang really take this as a spar?

He had realized now that Su Yu was more powerful than he had expected and chose to escape.

Hearing this, Palace Master Xiao Guang finally understood that Su Yu's killing intents were not merely attributed to "tantrums", as he had thought they were.

Recalling those words, he had finally felt the ice cold intent in them—the chills of death!

"Wait! I merely came, with good intentions to discuss the Phoenix Meet that is going to happen in three days with you. Just now, I had some misunderstandings with your people. I injured your people and destroyed your manor by accident. Why must you issue death threats?"

Up until now, he had shown no signs of regret, still attempting to defend himself.

Su Yu's robes danced, and his figure turning into a streak of light, vanishing from where he stood.

When he appeared again, a purple glow shone on his face, making him look like the ruler of the heavens. A bolt of lightning flickered, destroying everything in its path, including Palace Master Xiao Guang. His body was blasted several hundred meters back, forming a beautiful arc in the air.

A burnt stench, as well as the sizzle of the remnants of the lightning, filled the Yinyu Manor.

That was the smell of burnt flesh!

Looking over, under the hole, was a charred, bloody body on the verge of death. There was only one last breath left in him.

The members of the Yinyu Manor gasped.

They were both Immortal Realm Level Three Peak, but Palace Master Xiao Guang could not hold up against an attack from Palace Master Yin Yu.

Su Yu walked toward the edge of the pit, calmly saying, "Since it was due to a misunderstanding that you destroyed my manor and killed my people, then me killing you will also be considered a misunderstanding!"

Buzz Buzz ——

Lightning gathered once again at his fingertips, and his expression was cold and merciless.

"Speak, who asked you to do this? What was the motive? After you just finished speaking, I'll send you on your way." Su Yu's expression was cold.

Unless Palace Master Xiao Guang was a lunatic, it would be hard to imagine an ordinary person destroying someone else's manor, killing someone else's men, and abducting someone else's woman without any reason.

Even though Palace Master Xiao Guang was a little arrogant, to destroy someone else's manor without reason was a little too insane.

If his personality was indeed so, why were the other deputy palace masters, who had weaker abilities, safe, but Su Yu had to receive such treatment?

Clearly, this was an intentional action by Palace Master Xiao Guang.

But Su Yu had never met him, and there was no animosity between them. This means that someone who had animosity with Su Yu had asked him to deliberately destroy his property.

As for the motive, no one knew what it could be.

Palace Master Xiao Guang, his body charred and bloodied, gradually lost consciousness due to the intense pain.

In this state, he was experiencing a living hell.

"It's the first deputy palace master! He was the one who instigated this!" Palace Master Xiao Guang made the rational conclusion.

The first deputy palace master was Palace Master Shen Kong!

The Shengkong Area neighbored the Yinyu Area.

Between the two areas was the territory of the Black Water Pirates.

Other than this, there were no dealings between the two of them. Su Yu had never even seen him.

Su Yu thought for a while to see if he had offended Palace Master Shen Kong in any way since his induction.

But after a brief moment of deliberation, he shook his head definitively.

He had never once offended Palace Master Shen Kong.

He did not understand why the other party would encourage Palace Master Xiao Guang to do such things.

"Motive?" Su Yu's eyes were filled with killing intent.

Palace Master Xiao Guang found it hard to speak. "The motive was to display his authority."

Su Yu laughed. His laugh was cold. "Why did he not come personally? Instead he sent someone like you?"

"Because you are not worthy of him attacking. Sending me was enough."

Su Yu understood.

A person he had never met wanted to show his authority but did not care to attack personally, so sent a weaker fighter.

Was the reason this simple? Just to display his authority? So he killed his men and destroyed his manor?

What a display of authority!

Su Yu looked up at the sky, letting out a sigh. "Why is there always people who do not know any better and come here asking for death?"

First it was Feng Qing, then Xue Yao, then Zang Jian. Now it was the so-called first deputy palace master!

"It looks like I have not killed enough people. I have not struck mercilessly and fast enough!" Su Yu shot out a fierce glare. "Since that is the case, I am going to kill until the heavens flip over! I'll kill for everyone to see!"

He was lucky today, returning just in time to save Zi Yunxiang and exact justice for the fallen guards.

The next time, he might not be so lucky. He did not want something like this to happen twice. There was a need for him to act mercilessly, even as a warning to everyone else.

"Alright, you may rest in peace."

Creak ——

Su Yu flicked his finger, sending the final bolt of spirit energy into the deep pit.

Palace Master Xiao Guang was killed.

From today onward, the name of another deputy palace master had been erased!

"Give the family members of the fallen guards priority, reward the injured guards. Do not cause them to shed tears after they have shed their blood." Su Yu walked forward, examining the three guards.

Two of them had crippled half their bodies and could not be cured, unless they found the Flesh Regeneration Elixir. But Su Yu had used the last two elixirs. There were no more left in this world.

They were severely injured because of Su Yu, so he had to take responsibility for them.

The guards helped them out and started to restore the Yinyu Manor.

"Elder Fan, go rest. Thank you for blocking him just now." Su Yu helped Elder Fan out of the rubble.

What shocked Su Yu was that even with Palace Master Xiao Guang's abilities, Fan Haisheng, who was only at the Dragon Realm, only sustained light injuries.

Was the attack much less powerful than it had seemed?

"Palace Master, you need not worry; you should go look after Miss Zi. During the half a month, when you did not return, she was worrying for you day and night." Fan Haisheng waved his hand, letting out a smile of relief as he left.

Looking at the figure of his back, Su Yu had the impression he had when he first saw him.

The first time he saw him, Su Yu had an eerie feeling that he had seen Yun Yazi before. But he couldn't place it, as he had a mysterious air about him.

But when he observed more closely, his aura seemed normal enough.

"This Fan Haisheng..." Deep in Su Yu's eyes was a perplexed glow.

His gaze flickering, Su Yu knelt beside Zi Yunxiang and examined her in a hurry.

"I am fine. Luckily, you returned in the nick of time." Zi Yunxiang's face was red, her expression shy.

Su Yu nodded. "It's good that you are fine. I have troubled you for the past half a month, even when I was not around."

"That is expected of me..." Zi Yunxiang's voice was gentle.

Suddenly, Zi Yunxiang seemed to have thought of something, saying in a hurry, "That's right! There is a piece of good news today!"

"There is news of both Miss Xia Jingyu and my father!"

Su Yu's expression was one of shock. The very first thing he did when he came to the Yinyu Area was to send people to gather information. Was there finally information of them, after all these months?

This was undoubtedly the best news he had heard recently.

"Where are they, tell me quick!" Su Yu said anxiously.

Zi Yunxiang's expression was one of joy. "Miss Xia Jingyu is most probably in the main palace of the Empire of Darkness! According to the information, Miss Xia had been recommended to enter the main palace of the empire to attend the selection process for the seventh Lord of Darkness due to her ungodly talents. It's likely that she is still there."

Main palace? Su Yu was shocked.

That was the core of the Empire of Darkness. It was the center of the Zhenlong Continent where talents and powerful fighters gathered.

Chapter 349 Palace Master Liu Li

The headquarters was like an ancient, ominous product. It occupied Zhenlong continent forcefully, looking down on all living things.

In comparison, the Four Great Sub Palaces were merely the Empire's tentacles.

Xia Jingyu actually entered the Empire's headquarters!

However, when Su Yu recalled her extraordinary level of comprehension, it was within his expectations that she would be chosen.

Looking at it at that very moment, even if she were not chosen to be a Lord, she would still be given an important position in the headquarters.

If Su Yu had the opportunity to go to the headquarters, he would definitely look for her.

"Then, how about your father?" Su Yu asked.

Zi Yunxiang's whole face was filled with happiness: "Father had appeared in the Phoenix Area half a month ago! It is said that Senior Lin Yunhe was with him!"

Phoenix Area? Su Yu raised his eyebrows. It was such a coincidence. At that very moment, the Phoenix Meet was near at hand and Zi Donglai appeared in the Phoenix Area.

Moreover, Lin Yunhe was with him?

Looking at it, that day, after Zi Donglai had escaped, due to Su Yu's Contortion of Space transporting him away, he had returned to the Alliance City and joined up with Lin Yunhe.

If that were the case, he should have known that Su Yu had become Palace Master Yin Yu. He should have also known that his own daughter, Zi Yunxiang, was also at Yinyu Area.

Why didn't he come and meet up with Zi Yunxiang? Moreover, why did he not send over any information?

Could it be that there was a reason why he could not do anything?

What did both of them want to do in the Phoenix Area?

After pondering this for some time, Su Yu smiled: "Yunxiang, three days from now, you will follow me to the Phoenix Area. After I have taken care of my matters, I will help you to find Housemaster Zi."

Zi Yunxiang shed grateful tears, her eyes filled with excitement.

After being separated from her father for months, she could finally meet her him again.

"Yin Yu, thank you very much. I will definitely repay you for your kindness!" Zi Yunxiang's beautiful face revealed a sincere gratitude.

Su Yu had given her too much!

Rescuing her, taking care of her, and helping her to find her father. She did not know how to repay him.

"I only hope that you can feel at ease and do not need to keep it in your mind. Now, go take a rest. We will depart in three days." Su Yu tapped her shoulder and smiled with ease.

Zi Yunxiang smiled peacefully: "You too."

After she had finished speaking, she saw Su Yu off.

As she looked at that thin figure, a gloomy expression appeared in her bright eyes.

A self-mocking smile appeared on her mouth: "I have met the correct person at the wrong time. Hence, I will be better off like this."

She had indescribable feelings for Su Yu.

However, she understood that Su Yu had a fiancée. As Su Yu already had someone, he could only treat Zi Yunxiang as a friend.

Zi Yunxiang herself also could not tolerate sharing a man with another woman. That was a woman's basic self-respect, something unrelated to abilities.

Hence, she could only restrain those unfruitful feelings, treating it as a regret in her life.

During the three days.

Apart from training religiously, Su Yu also seized this opportunity to refine the Mountain River Dragon Bow.

As it was a droplet of Ten Thousand Soldier Liquid that Tu Long had bestowed upon him, he naturally had to use it carefully.

During the half month when he was rushing to train, he had already started to refine the Mountain River Dragon Bow. At that very moment, more than half of this Ten Thousand Soldier Liquid, which contained seventy percent of the effects of the original liquid, was already used.

Hence, only a last bit of the Ten Thousand Soldier Liquid was left.

As time passed, the Ten Thousand Soldier Liquid seeped into the silver bow and expelled the blood of the original owner. At the same time, Su Yu allowed his blood to also seep into the silver bow.

The process was difficult and slow.

Finally, on the third day, in the morning.

Whoosh—

A loud cry, as if it were dragons singing, could be heard from the flying dragon, which was carved on the silver bow.

The noise felt distant and lasted for a long time. It also contained an indescribable Great Way.

In particular, it contained a rhythm slightly similar to "Buddhist Saint's Eight Characters".

Su Yu had succeeded in refining one tenth of the silver bow!

Previously, a droplet of diluted Ten Thousand Soldier Liquid only refined a small bit of the silver bow. At that very moment, in addition to Tu Long's blood, Su Yu had succeeded in refining ten percent of the silver bow!

Previously, he could only pull one inch of the bowstring. But now, he could pull three inches!

A spiritual arrow that was as long as a finger was ready to be shot.

Although the spiritual arrow was transparent, like before, and had not turned into a substance, it had a form and was no longer comparable to the spiritual arrow that was of the size of a thumb's fingernail.

Its power had risen by three times!

Refining the silver bow before the Phoenix Meet was the best thing to do.

In a mass meeting, where strong martial artists gathered, Su Yu thought that having an extra ability would mean having more hope of being victorious!

"Yin Yu, have you woken up?" It was Zi Yunxiang, waiting outside the door impatiently.

Su Yu opened the door: "Yes, let's depart!"

At the moment where both of them were about to depart, a sharp chirping noise could be heard high up in the sky.

The chirping noise reverberated across the whole world and was extremely ear-piercing.

The spiritual energy of all the martial artists in the city shook and their blood rolled about.

Some martial artists with low cultivation bases were shook by the chirping noise, to the point that they fainted on the spot instantly.

The seven apertures of the human heads of a number of strong martial artists started to bleed. They had an astonished expression and found it difficult to control the unusual movements of their bodies.

Only strong martial artists of Immortal Realm could withstand the noise.

The sound wave spread across the area and reached the Yinyu Manor quickly.

Su Yu had a slightly cold expression. He rushed out of the stone door and swung his robe to protect Zi Yunxiang.

Pant—

The strong sound wave shook Su Yu's sleeve, to the point that it made a sound. Moreover, the strong sound wave also lifted the ruins in the Manor about a hundred Chinese feet high.

In no time, the sky was filled with crushed stone and dust that could cover the sun.

Breathe —

Within the endless dust, a big black shadow appeared in the skies of Yinyu Manor. It lingered in the sky, and the sharp chirping noise continued.

The people within the Manor had bad headaches, to the point that their heads were about to crack. The weather's vital energy churned about and caused noticeable injuries.

"Get out!"

Su Yu opened his mouth and muttered a word.

A great force of "Buddhist Saint's Eight Characters" took the form of a vast and mighty sound wave. It headed toward the sky and sent the dust that filled the sky, flying. The sound wave, which came continuously, was cancelled out as well.

Everyone then felt slightly better. They quickly looked for bunkers to protect their bodies.

When everyone raised their heads to take a look, after the dust dispersed, the culprit appeared in front of everyone.

It was a blue eagle, a hundred Chinese feet big.

Its light blue feathers glittered in the sky and were dazzling. Its sharp and cold eyes looked down on everyone scornfully.

The aura of an Immortal Level Three Lower Tier caused most of the human martial artists to have the jitters.

"Blue Illusion Eagle! It's the second Deputy Palace Master's Blue Illusion Eagle!"

"Oh god, is that the rumored blue eagle? It is rumored that it's a blue eagle which possesses a weak immortal bloodline. Every day, it can travel millions of miles. Its speed exceeds that of an Immortal Level Three, and it is also greater than that of a normal strong martial artist of Immortal Level Four!"

"Since it has appeared, doesn't this mean that the second Deputy Palace Master, Liu Li, has shown himself as well?"

The second Deputy Palace Master, Palace Master Liu Li!

A Deputy Palace Master whose abilities are only inferior to Shen Kong!

It was said that, apart from Shen Kong, he had not fought with the other Deputy Palace Masters for many years.

As for the reason, he felt that it was beneath his dignity to fight with them.

Xiao Guang, who was ranked number three, was included in those Deputy Palace Masters as well. Even though their ranks differed by one, their abilities were like Heaven and Earth, completely in two different realms.

Xiao Guang could not even withstand one of Liu Li's glance, let alone fight with him face to face!

From the beginning to the end, Liu Li only had one opponent, and he was Shen Kong!

He had said such words before and during occasions with many people.

Looking at the north continent's Sub Palace, the only person who could fight with him was Shen Kong alone.

It was rumored that he had fought with Shen Kong many times. There was also a high possibility of him replacing Shen Kong, becoming the new generation of the chief Deputy Palace Master.

Su Yu's gaze turned serious. However, he ignored the blue eagle, his gaze landing on that tall figure on the beast's back.

Chapter 350 Extreme Arrogance

That was a young man, about twenty five years old. His cultivation level was at a terrifying Immortal Realm Level Four!

Su Yu had personally witnessed the power of an Immortal Realm Level Four figure.

During the beast tide at the Forest of Darkness, the frost bird demonic beast king shook the earth with merely a breath, destroying everything within a hundred mile radius.

Su Yu could remember everything about that terrifying scene.

It could be said that above Immortal Realm Level Four was a whole new level for a martial artist.

That was a level close to god.

Every action they made would have an immense power, much more powerful when compared to an Immortal Realm Level Three.

Was that the second deputy palace master, Liu Li?

"It really is Palace Master Liu Li!" a group of guards exclaimed in shock. They gasped, their eyes filled with respect.

It was clearly Liu Li's mount that had injured them, but they did not dare have grievances. No, they could not even develop hatred in their hearts.

When Feng Qing, Xue Yao, and Xiao Guang attacked them, they were angry, but did not dare say anything.

But now, they did not even dare be angry!

"Is Xiao Guang here?" Liu Li placed his hands on the two swords at his waist, his stance elegant.

His handsome features were accentuated as he stood, bathed in the sunlight.

But his expression was lifeless, without joy or sorrow.

Su Yu could feel an arrogance from that expressionless face.

Everyone was dead silent, no one replying.

"I am asking you a question, Yin Yu!" Liu Li lowered his gaze, looking down on Su Yu as he said calmly.

Su Yu calmly said, "Oh, so you were speaking to me?"

He did not look at him when he was asking the question.

"Yes! I was speaking to you, answer!" Liu Li simply said, but it felt like an order.

"Why must I answer you?" Su Yu shook his head as he laughed.

Liu Li's gaze was still expressionless, without any ripples: "I do not have much time and don't want you to waste it. I'll ask you for the last time, is he dead or alive?"

He probably felt that conversing with Su Yu was a waste of his time.

"Since you do not wish to waste your time with me, then why do you ask me? Do you think that I have to reply to you?" Su Yu laughed.

Liu Li shook his head, never looking at Su Yu again: "You lost a chance."

"A chance for me to give you pointers!"

Who among the other deputy palace masters didn't show respect to Liu Li?

But Liu Li had never once paid any heed to them, always wearing his proud expression.

It was difficult to even catch a glimpse of him, much less talk to him.

Furthermore, to spar with him and get his pointers?

One would think that even Xiao Guang, who was ranked third, would also wish to spar with him and obtain some pointers.

Hearing this, Su Yu felt like laughing. There were perhaps some people that sucked up to him, in hopes of getting some pointers after they got on his good side.

But with everyone admiring and pleading with him, he might have become a little too self-centered.

"Give that to someone else, I do not need it." Su Yu shook his head.

Liu Li shot a cold glance at him: "You would only have this thought, because you are in a well. You will never see the true martial path."

After saying this, Liu Li commanded his blue eagle to fly into the horizon.

"Let's go, Xiao Guang is dead. He is not worthy of pity if he dies in a battle between weaklings."

In his eyes, the battle between Su Yu and Xiao Guang was a but a meaningless battle between weaklings!

This person's arrogance was shocking.

Finally, Liu Li turned to look at Su Yu, saying, "Set off, we meet at the Phoenix Cabinet. Do not give me any trouble. I do not have time to tend to your meaningless actions."

Su Yu could not help but laugh. Liu Li had thought that Su Yu would turn to him for help after he got into trouble at the Phoenix Cabinet!

"Let's go!" Liu Li whispered to the blue eagle, preparing to leave.

"Wait!" Su Yu let out a cold grunt, "You have settled your matters, but I have not settled mine!"

Liu Li did not even turn his head, "Speak, you have three seconds."

Su Yu surveyed the surroundings, coldly saying, "Do you not wish to say something to the people you have injured?"

He had controlled the blue eagle and descended onto Yinyu City, injuring many people in the process. No matter what, this was Liu Li's fault.

"Is there anything else?" Liu Li calmly said.

Su Yu coldly said, "Speak, how do you want to settle this?"

Liu Li commanded the blue eagle to take to the skies, calmly replying, "If there is nothing else, I am leaving. As for what you said, it is merely a remnant of my mount's wild instincts. Only injuring, and not killing, has revealed that it is already very controlled. You should be thankful that it did not kill any of your people."

"Alright, I'll see you at the Phoenix Cabinet. Remember, don't give me any trouble!"

Saying this, the blue eagle turned into a blue afterimage, piercing through the horizon as it disappeared.

Its speed was well above Immortal Realm Level Four.

Su Yu utilised his crystalline pupils, but could only capture a shred of its afterimage in the fifty mile radius. It was clear that Su Yu could not catch up to its speed.

"Liu Li!" Su Yu was angry.

According to Liu Li, his mount not killing anybody was already a sign of mercy. Su Yu should be thankful that it only injured several people!

Zi Yunxiang was furious, "What arrogance! Why didn't he say that we should thank his mount for not killing anybody?"

Su Yu looked at the direction the blue eagle flew toward, calmly saying, "We shall return the favor at the Phoenix Meet. We can only teach a person like that with our fists. Any reasoning would be wasted on him."

"Time is of the essence, let's set off." Su Yu grabbed Zi Yunxiang as they took to the skies.

Half a month later.

They had traversed a million miles to reach the Phoenix Area.

This place was at the central region of the northern continent. It was summer all year round, its weather humid. It was surrounded by mountains.

It was common to see fog draping over the mountains, as if a celestial sight.

They were rich in resources and abundant with living creatures.

"The Phoenix Area is an area of the northern continent that is blessed by nature. The Hundred Territories Alliance cannot compare to this." Zi Yunxiang was awestruck.

Su Yu nodded, agreeing, "Indeed! But it is too humid here. This would result in miasmas around the mountainous area. Venomous creatures might live in them and release poisonous vapors. These poisons might spread into the air through the water vapors, resulting in harmful miasmas."

Saying this, Su Yu pointed at the forests beneath them. A finger-sized black bug was wriggling on a tree.

"Heavenly Poison Bug!" Zi Yunxiang was shocked. "This bug can poison and kill even Immortal Realm Level One fighters, its value is sky high in the Hundred Territories Alliance, comparable to a complete legacy level technique!"

Unexpectedly, Su Yu shook his head, saying, "There is not only one, look closely!"

Zi Yunxiang looked over, realising that the black soil under the tree was also wriggling.

Upon closer observation, that was not black soil. Instead it was a dense pack of Heavenly Poison Bugs!

It covered a radius of a hundred meters, numbering more than ten thousand bugs!

"Sssss... If this many Heavenly Poison Bugs appearing at the Hundred Territories Alliance, it would be a calamity. No one other than the Alliance City can face this force!"

But this horde of poisonous bugs could quite readily be found in the Phoenix Area.

Su Yu creased his brows. Even if the Phoenix Area was unique, it was clearly not normal for so many poisonous things to gather at one spot.

Activating his crystalline pupils, Su Yu secretly observed everything that was happening within a fifty mile radius.

After his observations, his expression turned a little serious.
