

Nine-Dragon 351

Chapter 351 Evil Forest and the Poisonous Miasma

There were many poisonous beings spread across a fifty miles radius of them. It was as if, amidst every step that they had taken, various sizes of poisonous beings existed.

In particular, the strongest poisonous beings also made Su Yu feel extremely terrified, so he dared not provoke them.

"Be careful, we might enter a special zone by accident." Su Yu had a serious tone. The vicinity near them was obviously not normal, so they had to be vigilant.

As he was talking, all of a sudden, a purple-black fog rose from the ground deep inside the forest.

"It's miasma! Moreover, looking at its color, it might be poisonous. Let's avoid it," Su Yu said cautiously.

Both of them circled around the miasma from the edge carefully and were about to get away from it.

However...

Clang, clang—

Suddenly, sounds of metal clashing reverberated within the miasma. It was accompanied by a screaming female voice that seemed like she was crying for help.

Su Yu raised his eyebrows. However, his crystalline pupils could not check out the situation within the miasma.

Zi Yunxiang said with concern, "Should we rescue her?"

Rationally, they knew they should leave quickly. Emotionally, they felt they should rescue any people in trouble.

Su Yu pondered this for some time, then said, "Wait outside the miasma, while I go in."

As he was within the vicinity and had the abilities, wouldn't it be his pleasure to rescue her?

Buzz, buzz—

Thick layers of purple thunder arcs surrounded Su Yu's body, enshrouding him within.

When the poisonous fog which had approached Su Yu touched the virile thunder, it turned into black ashes that descended slowly in a great amount.

Whiz—

After entering the miasma with a flash, Su Yu was able to catch a glimpse of the situation almost immediately.

It was a young, beautiful, and enchanting woman. She was about twenty-five to twenty-six years old and had the abilities of an Immortal Level Three Lower Tier.

She looked sweet and charming. She wore a snow-white fox-skinned long robe covering an enchanting figure which could seduce the souls of the people.

At that very moment, she was dealing with a hundred Chinese foot long giant snake opposite her, while dripping with sweat.

Among the demonic beasts, the giant snake's body and abilities were not strong. However, the poisonous mist that it released from its mouth was so dangerous, even Su Yu was fearful of it.

The reason why the miasma appeared was due to the giant snake spurting out poisonous mist!

Instinct told Su Yu that, if that poisonous liquid landed on him, even his powerful and strong body would rot on the spot!

Moreover, at that very moment, the beautiful woman breathed in the miasma. Her physical strength depleted gradually, and a thin black color appeared on the space between her eyebrows.

If no one rescued her, it would be difficult for her to last much longer than half a tea's time.

Su Yu sighed secretly. She was lucky to have met both of them.

Su Yu took out his Mountain River Dragon Bow and chose to kill the giant snake from a distance away.

The cultivation base of the giant snake was not very high, at Immortal Level Two.

Hence, with an arrow, it was killed on the spot.

After its body shook a few times, it stopped struggling and was completely dead.

After confirming that the giant snake was completely dead and would not pounce on him before dying, Su Yu showed himself. He walked in front of the poisonous snake and removed its poisonous bag nimbly.

The beautiful woman became stupefied on the spot. It was obvious that she did not expect the poisonous snake that was about to poison her to death to be killed by an arrow.

After having seen that Su Yu removed the poisonous bag, the beautiful woman smiled gently: "Thank you young knight-errant, for saving me. This is the child of an Earth Dragon Snake. The toxin in the poisonous bag has not reached its strongest state yet."

Although she looked relaxed, in actuality, her whole body was tense, as if it were an arrow on a bowstring. If Su Yu had any intentions of killing her and snatching her treasures away, she would turn her body and escape straight away.

Earth Dragon Snake? Su Yu did not know.

Su Yu had also taken into consideration the woman's small movements. However, he did not mind.

In such a situation, even if it were Su Yu, he would also be on guard against the person who killed the poisonous snake, so as to avoid meeting a person who hatched evil thoughts at the sight of money.

Su Yu nodded his head expressionlessly and did not even look at her. He turned his body, flew back in the direction he came from, and said apathetically: "Miss, you should leave while it's early. You should take care of the toxin within your body quickly."

After his speech, Su Yu flew swiftly and left.

The woman heaved a sigh of complete relief, as it seemed that Su Yu had no malicious intents.

Her tense nerves started to relax, and the poisonous mist that she held back spread across her body in an instant.

After giving a painful groan, she collapsed onto the ground, covering her chest and struggling in pain.

Su Yu turned back and could not help but sigh. He flew back, carried her, and left the miasma.

After he joined up with Zi Yunxiang, he brought the woman out of the poisonous beings' area and came to a peaceful and bright place.

He inserted a small amount of spiritual energy into her body and expelled a small portion of the toxin, so that she would regain consciousness.

"Thank you young knight-errant, for rescuing me." The woman woke up with a start. After observing that her body was safe, she made a bow, revealing a row of white teeth as she smiled.

That smile was like red flowers in a field, beautiful and attractive. This caused the hearts of the people to skip a beat.

What a bewitching woman!

Every move and action of hers was charming.

In comparison, it was obvious that Zi Yunxiang had not ripened yet.

With crystal clear eyes, Su Yu turned sideways and said indifferently: "Since you're alright, we shall take our leave! Zi Yunxiang, let's go."

"Young knight-errant, please wait a moment! I am Zhou Jing, and my family lives in the Phoenix Fort. My husband's family is the Phoenix Fort's Yao family. It is an old family that practices the manufacturing of medicine. If it is fine with both of you, could both you visit my husband's family, as guests? Take it as my gratitude for saving me."

Yao family? Zi Yunxiang's heart shook slightly and she said speechlessly: "Yao family? Could it be the Yao family of the Phoenix Fort's Eight Great Families?"

As Zi Yunxiang spoke, she passed on a message to Su Yu secretly: "Yin Yu, you have rescued a very important person! The Yao family is proficient in alchemy, and it is said that they can manufacture a kind of ancient elixir! Many strong martial artists have begged for it, but never got it in the end. Even Han Jianglin has begged for the elixir before and was rejected!"

"If what she is saying is true, and she is really the wife of the Yao family, you might be able to get a huge reward."

Su Yu did not even think and shook his head slightly: "It's fine! I rescued her not because I have cast my greedy eyes on rewards. Moreover, I might get something else than a reward for rescuing her..."

As he spoke, it was as if there was a profound meaning in his words.

Zi Yunxiang also understood and sighed sympathetically.

How would she not understand that, in this world, doing good might not result in good rewards?

Seeing that Su Yu and Zi Yunxiang were about to leave, Zhou Jing sighed bitterly: "I have not thought about the matter carefully and made things difficult for young knight-errant! However, can I earnestly request young knight-errant to lend me a helping hand again? In the fight just now, my internal organs were injured. If young knight-errant is going toward the same direction, I wish that you could escort me back into the city."

"When the time comes, I will reward you generously!"

Eh? Su Yu frowned slightly. After thinking for some time, he nodded his head unwillingly: "Stay quiet throughout the whole journey and do not question too much."

When you help someone, help her to the end. As sending her back was on the way, as long as she did not cause any troubles, it should be alright.

"Thank you young knight-errant. I will keep your instructions in mind." Zhou Jing smiled beautifully, bowed down, and gave a salute. Her behavior was dignified and courteous.

As expected of the Young Master of a big family, the way his wife spoke and his wife's qualities were totally different from a normal person.

Nothing was said during the journey.

After half a day, the group of them finally arrived at the Phoenix Fort.

The Phoenix Cabinet was at the heart of the Phoenix Fort.

Su Yu then sent Zhou Jing all the way to the Yao family of the Phoenix Fort.

The Yao family was situated magnificently at one side of the Phoenix Fort. The buildings were magnanimous and looked impressive. The security was strict and the dignified air of a big family could be felt.

"All right, we will send you up unto this point. No need to thank us, we will take our leave now." After sending her to the entrance, Su Yu shortened his words of farewell.

Zhou Jing said hurriedly, "Young knight-errant, please wait a moment!"

Eh? Su Yu turned his head back and was a bit impatient: "Do you still have something for me?"

She stroked her beautiful hair hanging by her ears. Her unintentional action looked extremely flirtatious. The minds of the passersby and the entrance guards of the Yao family turned blank when they saw what happened.

Even Su Yu hatched a thought of pressing her onto the ground and trampling on her again.

"Young knight-errant, may I be so bold as to invite you to the house to take a rest for a short while? Young knight-errant finds pleasure in helping others and does not wish for them to repay you. I

cannot sink down to a level where other people sneer at me because I don't know how to repay someone for his kindness."

Chapter 352 Repaying Kindness with Animosity

"Hero, you have such a righteous spirit. I would think that you would not care about my ordinary treasures. Seeing that it's your first time here, the Phoenix Fort should be foreign to you. If you need any information, the Yao family can help you find that out. I would think that the combined efforts of the Yao family would be much more effective than if you were to do it yourself."

If she had really promised some elixirs or techniques, Su Yu would really not be interested.

But he was desperate for information, especially information about Xianer.

"If that is the case, I would have to trouble you." Su Yu did not reject her offer.

Zhou Jing flashed a smile, "Thank you for gracing our humble abode, please follow me."

Under her lead, they made their ways toward the main hall of the Yao family.

Along the way, Su Yu sensed the presence of about ten Immortal Realm Level Three fighters.

With their abilities, only Han Jianglin would be able to match this family in the Hundred Territories Alliance.

"Please wait here while I change. I'll be back soon." Zhou Jing excused herself after ordering someone to bring them tea.

Staring at her slender back figure, Zi Yunxiang was a little jealous: "She really is a perfect woman. Her appearance, personality, figure and cultivation level are all top notch. I had long heard that there was a woman in the Yao family with looks that can topple cities. Could that be Zhou Jing?"

Topple cities? Every laugh and action of this woman had the power to captivate the soul. To say that she can topple cities with her looks is not an over exaggeration.

In the middle of their conversation, suddenly, a stern man walked out from the rear hall.

He was about twenty seven years old, his frame short and plump. He had dark skin and beady eyes.

He looked comical, but had a sinister aura, giving off the impression that he was a dangerous man.

"It was you who saved my wife?" The short, plump man spoke, his voice high and sharp, like a eunuch's.

Su Yu raised his brows. What was going on? Doubt?

But Su Yu suppressed his unhappiness, seeing that this man was Zhou Jing's husband.

"Yes, your wife got into trouble with a young Earth Dragon Snake in the poisonous miasma. We happened to pass by and saved her," Su Yu spoke the truth.

The short, plump man squinted, observing Su Yu: "Earth Dragon Snake, you? Do you know that even a young Earth Dragon Snake is enough to kill an Immortal Realm Level Three fighter? But you could kill it easily and have saved my wife from its mouth?"

En? Su Yu slowly stood up. Even though he was only sixteen, he was much taller than the other party. He looked down on him, his expression cold: "Are you suspecting that I intentionally saved your wife and glorified my contributions because I lust for rewards from the Yao family?"

The short, plump man had a sinister smile as he responded, "Glorify your contributions? If that was your only intention, I would not mind just giving you some reward!"

Su Yu was confused, "Oh? Please go on. I do not understand what you mean."

"Do I need to say anymore? It was obviously you who set the trap and caused my wife to fall into that trap. You took the opportunity to act and attain her trust, so as to enter the Yao family and take our ancient elixirs!" The short, plump man had a cold smile: "This trick has already been outdated, since several hundred years ago. To think that there would be someone who would use it in this day and age, how insolent!"

Hearing this, Su Yu froze.

After he came to his senses, he rose, shaking his head as he laughed, "I surely did not expect that I would become the villain after saving someone! If I knew that was going to be the case, why did I have to waste that effort?"

"Hmph! You need not try to defend yourself. We are both clear about what you did!" The short, plump man let out a cold grunt.

Su Yu shook his head, but did not speak. There was no way to communicate with a person like him.

"Yunxiang, let us go. We are being made the villains here. If I knew that this was going to happen, why would I have saved her?" Su Yu grabbed Zi Yunxiang as he turned to leave.

"Wait!" The short, plump man stopped them.

Su Yu stood his ground, not turning his head. The words he spoke were unnaturally calm, "Why, you wish to kill me just because of your suspicion? If this spread, what would happen to the reputation of the Yao family?"

The short, plump man grunted, "I do not need to go to that extent. I have seen many people like you. The Yao family can't be bothered to deal with you! But you borrowed the bow of the Yao family, shouldn't you return it?"

Bow? Su Yu squinted, "You are saying that I borrowed the Yao family's bow?"

The short, plump man clapped his hands, "Drop-dead Gorgeous, why don't you come out and tell us what happened in the forest?"

Whoosh Whoosh Whoosh ——

Along with a stern Zhou Jing, ten other Immortal Realm Level Three fighters came out of the rear hall.

They surrounded Su Yu and Zi Yunxiang.

Su Yu surveyed the surroundings, his gaze finally dropping onto Zhou Jing.

Her beautiful appearance now felt incredibly foreign.

"Sir, please return the bow. Do not do something so tasteless and shameful. I would look down on you." Zhou Jing's tone was calm and expressionless.

Su Yu casually put his arms behind his back, letting out a faint smile. "Why don't you say personally what happened in the forest?"

The short, plump man let out a cold grunt, "You truly are shameless. You wouldn't even admit to your wrongdoings, even if you were on death's door! Drop-dead Gorgeous, tell everyone here what happened in the forest!"

Zhou Jing nodded, slowly narrating, "Half a day ago, I was out gathering herbs. On the way there, I heard a cry for help and went to investigate."

"I saw a youth, this sir in front of me, getting into trouble with a Earth Dragon Snake, and in grave peril. At the most critical moment, I handed the silver bow that I always have with me to this youth to use as a weapon. That was how he managed to successfully escape! What I did not expect, was that this sir had ill intentions and, upon seeing the bow, tried to keep it for himself!"

"Also... he started having lustful thoughts and tried to violate me!" When she reached this point of the story, Zhou Jing started to cry, as if she had suffered a great injustice. Her expression was extremely pitiful.

"I was intelligent enough, lying to him and saying that I would help him steal elixirs from the Yao family. Only by doing so could I have protected my purity and not been violated by him!"

Saying this, Zhou Jing cried, as she pushed herself into the embrace of the short, plump man, pleading, "Yao Ling, exact justice for me!"

These words were infuriating.

The members of the Yao family were infuriated. Zi Yunxiang even more so!

The members of the Yao family were infuriated because Su Yu had stolen the silver bow from his benefactor, and even tried to violate her!

Zi Yunxiang, on the other hand, was infuriated by Zhou Jing's seamless acting. She had completely flipped the truth.

She finally understood that Zhou Jing had seen Su Yu's powerful weapon when he saved her, and had tried her hardest to get Su Yu into the Yao family.

Who was the truly shameless person here?

Thud ——

Yao Ling slammed his chubby hand onto the table in front of him, reducing it to dust.

His expression was sinister and furious: "You! Insolence! You took the item of the Yao family, and even tried to violate my wife!"

"Don't even think about leaving the Yao family today!"

"Guards, kill them! There are no limits here!"

Whoosh Whoosh Whoosh ——

Groups of Yao family fighters used their killing techniques in a fury, not holding back.

Su Yu laughed, his laughter shaking the roof of the house: "Hahaha... Interesting. I have seen many try to kill me and take my treasures. But this is the first time I have seen someone plotting against me the very second after I saved their lives!"

"Interesting, very interesting! Then I would think that it would be extremely interesting if I killed all of you!"

Chapter 353 Testing Elixirs Using Human Guinea Pigs

This pair of couples had colluded with one another. In a nutshell, they tried in vain to encroach on the Mountain River Dragon Bow.

If not for Su Yu's having rescued Zhou Jing in the nick of time, she would have ended up in the snake's belly.

The funny thing was that, at the moment when she called for help, she already had her eyes fixed on Su Yu's silver bow. Hence, she lured him into the Yao family with the intention of killing him and snatching his treasure!

How dark must her heart be to hatch such a thought in an instant?

This woman only possessed good looks that captivated everyone. However, her heart was extremely venomous, like snakes and scorpions.

Yao Ling said coldly, "Don't try to resort to sophistry. My Yao family is a big and rich household. Why would we cast our greedy eyes on the treasures of an unknown person like you? You have committed all kinds of evil and are also extremely thickheaded. Do you really think that our Yao family is a charitable place?"

"Kill them, as a warning to others!"

On Yao Ling's chest, the charming face of the soft Zhou Jing revealed a vicious and cold laughter.

Whiz, whiz—

Ten strong martial artists of Immortal Level Three attacked at once. Frightening energy flooded all sides, surrounding and locking onto Su Yu and Zi Yunxiang firmly, so as to kill both of them.

Su Yu shielded Zi Yunxiang behind him, his cold eyes filled with scornfulness.

Rub, rub, rub—

Ten fingers conceived ten long needles of spiritual energy, shot in ten directions following Su Yu's movements of his fingers.

"Not good! It's an Immortal Level Three Upper Tier!" Yao Ling was extremely shocked.

Su Yu was so young. Hence, how would Yao Ling expect Su Yu's cultivation base to be so high?

In their eyes, the fact that Su Yu was able to kill the Earth Dragon Snake was due to his incredible bow, which defied the natural order.

However, what they did not expect was that the scariest thing was not the silver bow. Instead, it was Su Yu himself!

"Immortal Level Three Lower Tiers, retreat quickly!" Yao Ling roared hurriedly, throwing himself into the fight.

However, it was a pity that their reactions were too late.

Clang, clang—

Whoosh—

Among the ten Immortal Level Threes, there was an Immortal Level Three Upper Tier that managed to block the attack successfully.

As for the other nine Immortal Level Three Lower Tier members of the Yao family, their chests were punctured by the frightening spiritual energy.

In front of an Immortal Level Three Upper Tier, Lower Tiers were barely opponents.

"Thunder Star Finger!"

However, without waiting for Yao Ling to rush over and rescue his men, Su Yu did not stop, and a thread of purple thunder arc appeared on his palm. With a flick of his finger, he killed the last person who was of Immortal Level Three Upper Tier.

In an instant, ten strong martial artists of Immortal Level Three were killed on the spot.

The scene was filled with bodies and bright red blood on the ground. It was extremely bloody and tragic.

Su Yu stood still in the middle of the pools of blood and revealed a smile. With the help of the blood, it made Su Yu's smile look unusually evil and cruel: "With this kind of ability, you still try in vain to kill others and steal their treasures?"

Zhou Jing's charming face became frozen like an ice sculpture. Within her beautiful snow-like eyes, her pupils shrank, until they became needles and were overflowing with fear.

Her lovely body shivered slightly at her position, her small legs trembled continuously.

Puff—

As she was too anxious, her legs turned soft and she collapsed onto the ground. As she stared at the ground full of bodies, she was so afraid that she became absent-minded.

Yao Ling was extremely furious.

The martial artists of Immortal Level Three were thirty percent of the Yao family's power. However, they were all killed within a short while!

What caused Yao Ling to be extremely frightened was that the Immortal Level Three Upper Tier martial artist was also killed by the young man in front of him, without even being able to last beyond one move of the young man!

What cultivation base did the other party possess?

Could it be Immortal Level Three Peak?

"It's your turn now, Young Master Yao and Madame Drop-Dead Gorgeous!" Su Yu had an evil laughter, his murderous intent at its thickest.

Yao Ling's whole body moved sharply. He stopped attacking immediately, turned his body around, carried Zhou Jing and escaped: "Escape quickly! Get father!"

Whoosh—

A Moon White figure stood in front of them, like fragmentary threads.

"What? Didn't you want your silver bow? Didn't you want to teach a lecherous man like me a lesson?" Su Yu's back was against them and he sneered deeply.

Yao Ling's heart shook greatly and gave a light shout in a threatening manner, but cowardly at heart: "I don't care who you are. I hope you think twice about what you are doing! This is the Yao family of the Phoenix Fort. If you touch even a strain of hair on our bodies, you will be unable to leave the Yao family!"

"Haha, threatening me?" Su Yu turned his head over and laughed grimly: "Unfortunately, what I am unafraid of most is being threatened! Not mentioning a mere Yao family, even if it were people from the Phoenix Cabinet who provoked me, I would kill them as well."

"Moreover, even if I forgave both of you, would I be able to leave the Yao family alive?" As Su Yu sneered, he walked forward, his face filled with thick, murderous intents.

"I do not seek repayment and rescued you kindly. However, I did not expect myself to get such treatment from both of you! Hence, even death is not regrettable for both of you!"

Yao Ling's expression changed to one of astonishment: "Wait! That is not what I meant. I have been deceived. My wife is the one who has taken a fancy to your silver bow and deceived me into seizing it."

Zhou Jing, who was leaning on his chest, was extremely shocked. She then lifted her head and glared at Yao Ling unbelievably: "My husband, you..."

Yao Ling lowered his head and berated furiously: "If not for your greediness and insatiableness, would we have offended this young knight-errant? If you are looking for death, don't implicate the Yao family!"

At once, Zhou Jing's eyes were filled with grievances and mist: "My husband, are you such a heartless and faithless person? I have only mentioned his silver bow. You are the one who made a unilateral decision to seize it. However, in this critical moment, you sent me out to die. Why are you so heartless?"

Yao Ling said with a low voice: "Each and every one of my words is true!"

As both of them were at a critical moment, they shifted the responsibility onto one another.

Su Yu shook his head jokingly: "Both of you, is there a need to act, that you are pushing the responsibility upon one another to buy time? Even though both of you are stupid, don't think that other people are as stupid as you."

Although that fight ended quickly, it attracted the attention of the martial artists in the Yao family.

If Su Yu did not leave quickly, and the Yao family's real strong martial artists appeared, it would be extremely troublesome.

Both of them looked as if they were a couple faced with imminent disaster and had to fend for themselves. However, in actual fact, they cooperated with one another secretly, with the intentions of buying time and waiting for someone to come to their rescue.

Yao Ling and Zhou Jing's expressions turned serious at the same time.

Then, they withdrew their anxious expressions gradually. What replaced Zhou Jing's charming face was a crafty and calm expression: "I admit that I have made a mistake and provoked a strong enemy."

"I am willing to compensate you. Tell me the price that you want us to pay you. As long as it is something that my Yao family can give you, we will not hesitate to give it to you. Apart from that, after we let you go and let us nothing to do with one another again. Moreover, our only condition is that you cannot harm us!"

Zhou Jing was as if she had changed into another person in an instant.

Compared to that dainty and delicate girl who was at a loss a moment ago, she became a totally different person.

Su Yu was already unable to differentiate which version was the real Zhou Jing.

Extremely flirtatious, calm, and composed, or anxious when something happens?

As for Yao Ling, he kept quiet by the side and gave the impression that he was with Zhou Jing.

Su Yu revealed a mocking smile: "From what I see, I think there is nothing much!"

"I don't give a damn about the items in your Yao family. I only wish to eradicate the source of trouble and put an end to future trouble." Su Yu took a step forward.

At that very moment, Zhen Jing was still able to remain composed like usual. Her snow-like eyes were chilly: "You will regret this."

Su Yu shook his head nonchalantly: "I never regret!"

Su Yu extended one of his fingers over.

Then, Zhen Jing did something that caused everyone to stare at her, tongue-tied. She actually took out a dagger from her robe and stabbed Yao Ling's chest.

As she turned her wrist, she twisted Yao Ling's heart into pieces.

"Ah! Beautiful wife, you..." Yao Ling stared at Zhou Jing's back in disbelief.

A wife, who he had gotten along with for three years, actually drew a dagger against him.

Zhou Jing did not turn back. Her whole face was filled with coldness and no sentimental feelings at all: "Yao Ling, I'm sorry. I can only save myself by sacrificing you."

"Blood Wings!"

When she pulled out the dagger, Yao Ling's blood splashed out at once, so much that it could cover the sky.

A portion of the blood turned into a pair of blood-red wings, thirty Chinese feet long, on Zhou Jing's back.

When she flapped her wings, she created an extremely fierce and frightening strong wind that allowed her to fly miles away in an instant!

Her speed was comparable to that of an Immortal Level Four, just below the blue eagle!

Su Yu's cold eyes flashed: "Humph! You wish to escape?"

His right eye glowed with a purple light and created a lump of space energy which enshrouded Zhou Jing, who had escaped ten miles away in order to be transported back.

Zhou Jing's calm expression changed for the first time: "Innate space talent?"

She then revealed an anxious expression: "What are you trying to do?"

"Of course, I want to send you to the afterlife!" Su Yu's murderous intent was at its thickest.

This woman was as venomous as snakes and scorpions!

Not mentioning the fact that she did not take into account her gratitude to Su Yu for saving her, tried in vain to seize Su Yu's silver bow, and plotted a frame-up, she also sacrificed her husband, who had shared a bed with her for three years, without the slightest bit of hesitation!

Against such a heartless woman, Su Yu only felt coldness, from the bottom of his heart.

This person could not be left alive!

However, just as she was about to be transported back, all of a sudden, an extremely powerful spiritual energy came from somewhere far away and threw the space transportation into disorder.

After she had been freed from the binding, she exhibited her Blood Wings and escaped immediately.

Su Yu was filled with extreme hatred and pursued her quickly. However, that Blood Wings was a secret technique to save her life. After chasing her for some time, Su Yu was unable to catch up to her.

His cold eyes looked around the surroundings, glowing with coldness: "Who took action secretly and saved Zhou Jing?"

It was as if that person was in the vicinity a long time ago, and she did not reveal herself.

What was her motive for being close to the Yao family?

"Even though I cannot catch up to you, it is not difficult to find you!" Su Yu refused to give up. He revolved his crystalline pupils and could see everything within fifty miles of him clearly.

Although Zhou Jing was fast, Su Yu could still see her clearly.

After half a cup of tea's time.

Zhou Jing entered a random place in the Phoenix Fort where there was no one.

She carefully descended upon an alley, then opened her mouth, coughed vigorously, and coughed out a few mouthful of blood.

Her phoenix eyes glowed with coldness as she pushed open a pitch-black big door at the end of the alley.

Creak—

The giant door opened. There was a big courtyard that was deathly still. Everywhere within the courtyard was silent, even though there were supposed to be birds singing and flowers giving forth fragrance. Moreover, in the courtyard, there were not even sounds of insects.

It was as if the courtyard was in a state where everything was hopeless and deathly still.

"Greetings to Master." Zhou Jing knelt down, one knee on the ground, with reverence and awe.

Within the courtyard, a hoarse voice of a woman could be heard: "You're injured."

Zhou Jing had endured her extreme pain and exhibited Blood Wings, her secret technique. Hence, it was no surprise that her body was injured.

"Master, I'm alright! I have provoked a strong young man by accident and caused trouble for myself. Hence, I had no choice but to kill Yao Ling, so now I'm afraid that I can no longer stay in the Yao family," Zhou Jing said, while enduring her extreme pain.

That hoarse voice was dimly discernible, and it was unknown which part of the courtyard it came from.

"You have caused more than just trouble for yourself. You have also nearly caused me to be exposed!"

Whoosh—

A lump of spiritual energy was shot out quickly from the courtyard, headed in the direction of Su Yu.

Su Yu was using his full strength to observe Zhou Jing and the courtyard.

A fierce lump of spiritual energy of an Immortal Level Four that was shot out from the courtyard abruptly caused Su Yu's expression to change slightly, and he dodged the spiritual energy hurriedly.

After he had dodged the attack, he revolved his crystalline pupils again. However, Zhou Jing had already disappeared without a trace.

In a random secret room of the Phoenix Fort, there was a woman who wore a black and long skirt. She wore a black mask and was playing with a small handleless cup on her palm. Within the cup, there were countless poisonous insects which were killing and swallowing one another.

Layers of purple smoke caused the woman to look mysterious and evil.

Chapter 354 Foolish Woman

"Do not do such a stupid thing a second time, otherwise, you know the consequences!" the masked woman said with a raspy voice.

Zhou Jing knelt, "Yes, master."

"En, how is your mission getting along?" the masked woman coldly said.

"I have successfully obtained the Yao family's treasured recipe for the ancient elixir. I had wished to gather enough ingredients and hand them over to you together. But along the way, I came across the youth using the silver bow. The silver bow packed an extreme power, as it is not an ordinary divine artifact."

"I had wished to take that as an offering to you, but instead, I brought trouble upon myself."

The masked woman coldly shook her head, "It's enough that you had such an intention. Remember to act more cautiously next time. The Phoenix Cabinet is recruiting, and many powerful fighters have gathered here. There are many strange talents. You cannot judge a person by their looks and overlook them because they are young."

"Seeing as how you have completed your mission, I will not pursue this matter any further. You can go cultivate."

Zhou Jing was elated, letting out a smile of freedom, "I can finally leave the Yao family."

Back then, she sacrificed herself, marrying into the Yao family to obtain the recipe for an ancient elixir to carry out her master's orders.

She had spent three years facing a person she did not like, acting cautiously all the time in order to obtain the trust of the members of the Yao family, before reaching this stage of her plan.

Now she had finally completed the mission.

After Zhou Jing went back, the masked woman turned around to look at Zhou Jing's back, saying, "You have served your purpose, Zhou Jing, and have accomplished your mission. It is time to find somewhere you belong to."

Whoosh ——

Su Yu descended at the location of the black door of the yard.

Surveying the surroundings, there were no longer any signs of Zhou Jing and her mysterious master.

"There is a problem with this place." Su Yu looked in all directions. This place was strangely silent, without even the chirps of insects.

At this moment, a breeze blew past.

Su Yu's pupils dilated, as he suddenly turned his head to look at the firewood shed.

Carefully making his way over, he opened the door slightly, peeking within.

"Sssss..."

Even Su Yu could not help but gasp.

Within the small firewood shed were twenty human skeletons!

Nine of them were chained securely to the wall, their bodies releasing a horrible odor of decomposed flesh!

But they were not dead, still having breath in their mouths.

Each of them had a pained expression and were reduced to skin and bones. Clusters of flies circled them, preparing themselves for a feast.

What made Su Yu gasp was that all of them, including the skeletons, were missing a body part!

There was a large water tank in the cabinets located on the two sides of the firewood shed. Within it were the missing body parts of the people!

They were being tortured to death by someone else. Their organs were sliced off of them whilst they were still alive!

Was a human responsible for such a merciless act?

Observing closely, the shed was filled with elixirs that had not been processed.

"They are conducting human experiments with elixirs?" Su Yu felt a chill on his back.

Just who was Zhou Jing's master, and what was her motive? To commit such an inhuman act!

"Save... me..." Of the nine of them, one of them still had a little bit of sense, weakly opening his mouth upon noticing someone was outside.

Creak ——

Su Yu kicked the door open, entering in a hurry. He wanted to destroy the chain and help him down.

His stomach had been sliced open, his organs emptied. He was merely hanging on his last breaths.

But just as Su Yu was about to save him, he lightly shook his head, "No, don't put me down... Kill me... Killing me is saving me..."

What kind of pain was he going through, to ask for death?

A living hell!

To have your organs taken from you while you were still alive. To suffer such an extreme punishment, yet not being able to die.

His only hope was death!

Su Yu was appalled, his palm trembling.

Too cruel! Too merciless!

He had killed many people, but never had he tortured someone until they died!

"Who did this?" Su Yu had a low voice.

The other party weakly opened his mouth, "It's Feng..."

Puuu ——

After saying this, he opened his mouth to spit out a mouthful of black blood.

At the same time, the other eight people convulsed, foaming from the mouth.

Their bodies rotted from within, at a speed visible to the human eye!

"Ah! Quick, kill me!" That person was like a frenzied beast, letting out a pathetic roar of pain. It seemed that he was undergoing a punishment straight from hell!

Su Yu slowly closed his eyes!

Too cruel!

They would not even leave them with the last bit of life force.

Before that 'master' came, she had fed them poison that would cause them to explode.

Creak ——

Su Yu closed his eyes, his fingertips releasing lightning, turning them into dust.

It was the most merciful thing, giving them a swift death.

When it was done, Su Yu found it hard to calm himself down.

Who was Feng? Was he human?

Where was he now?

He took a deep bow to the bodies in the shed, before exiting slowly.

When he met Feng in the future, he would exact heaven's will and provide some closure for these dead fighters.

If it was hard to come into contact with this person, Su Yu would naturally not put in the effort and would intentionally look for Feng to fight for their grievances.

This was the only promise Su Yu could make to these strangers.

Whoosh Whoosh Whoosh ——

Suddenly, a large amount of air crackling sounds could be heard.

Su Yu creased his brows, a little frustrated, "I ultimately still fell into the trap!"

"But, Zhou Jing, you cannot run from me!" Su Yu had an ice cold glow in his eyes.

"We are the Patrol Envoys of the Phoenix Cabinet, come out, whoever is inside!" A cold, female voice came from outside the shed.

Su Yu walked out of the firewood shed, his expression calm as he stared at the Patrol Envoys.

They were all young woman wearing fiery red armor.

Their cultivation levels were about Immortal Realm Level Two. But the beautiful lady leader had a cultivation level of Immortal Realm Level Three Peak!

Even though she was already over thirty years old, it would not be hard to imagine her as an exceptional disciple of the Phoenix Cabinet when she was younger!

Her appearance was pristine and elegant, her body extremely thin.

But her expression had a cold, harsh glow, warning people against approaching her.

"What are you doing here? This yard has long been classified as forbidden ground. Entry is forbidden!" The cold girl stared at Su Yu with a fierce gaze.

Su Yu stepped aside without any expression, his heart heavy, "Have a look for yourself."

En? The leader raised her beautiful brows. She grabbed the long sword on her waist as she stepped into the firewood shed.

She came out a while later.

Her beautiful face was like an angry lion. There was a boundless rage under her skin.

"Capture him!" She pointed at Su Yu without saying anything else!

Su Yu raised his brows, "Are you being too opinionated here? Capturing me, without asking for any reason?"

"I have come in pursuit of an enemy and discovered this place by accident. The perpetrator is someone else!" Su Yu explained.

Unexpectedly, the beautiful Patrol Envoy seemed to have been agitated by something. Her eyes were filled with furious flames. She seemed to want to bite Su Yu until he died: "You still wish to deny this?"

"We have received reports of missing members from the Phoenix Fort being linked to a white-robed youth. That's why we came to investigate this area! Now that the evidence is there, you still wish to deny it?"

The beautiful lady was extremely spiteful, her killing intent swelling as she scolded, "Are you still human? To be able to commit such a cruel and merciless act?"

"I, Mu Tianfang, announce in the name of the Phoenix Cabinet, that I will execute this beast on the spot!"

Su Yu was a little frustrated, "Miss Mu, I think that you should investigate who the informant was."

"If I was the one who did this, might I ask why none of you have realised my existence over all this time? This would mean that I was very cautious. And if so, why would I be caught here, with all the evidence pointing against me?"

Mu Tianfang had a look of disgust, demanding, "You mean that we were incompetent for failing to capture you in the past?"

Su Yu calmly said, "Yes, incompetent! You had no clues about multiple people being harmed. If not for the fact that I found this place accidentally, there would still be countless people who would be losing their lives here."

Mu Tianfang spat out the words, turning red in fury, "You! Shameless! It is not too late, now that we have captured you!"

"You need not defend yourself, I'll ask you a question, how did the nine corpses die?" Mu Tianfang coldly said.

Su Yu froze for a moment, sighing in frustration, "Their lives were ended with my lightning based technique."

"Hehe, do you feel very wronged?" Mu Tianfang let out a cold laugh.

"You, an upright man, dare to commit the act, but do not dare to admit to your doings? You do not dare confess, after you committed such a perverted act?" Mu Tianfang was being overbearing.

Su Yu creased his brows, what a dense woman!

"I'll say it for the last time, please investigate quickly. The person who reported this might be the true murderer!" Su Yu repeated himself.

He also wanted to know if the Patrol Envoys were able find out who the owner of this property was.

"You need not look for him anymore, he has been released by me. Don't even think about finding out his ability and exacting revenge on him." Mu Tianfang let out a cold laugh: "To be so unrepentant, even at death's door. There is no cure for a beast like you!"

"I'll give you a last chance, submit and follow me back to receive your punishment!"

She released the person? Su Yu was furious.

"Dense woman! Find him immediately!' Su Yu was furious.

Mu Tianfang was shocked by the sudden uproar, her expression one of shame and anger. "You cursed thing, a person like you is no longer worthy of receiving even a trial from the Phoenix Cabinet. I'll personally kill a beast like you!"

Su Yu was livid. This person's stupidity could not be cured!

Harboring a flame of fury, Su Yu's figure flickered, striking before the opponent as he bellowed, "Dense woman, I'll see what your brains are made of!"

Chapter 355 Phoenix Woman Feng Xian

"Inexperienced little kid, you still dare to be impudent in front of me!" Having been lectured by an unknown junior, Mu Tianfang did not know whether she should laugh or be angry.

"All of you stay out of this. I shall take action personally!" Mu Tianfang laughed sardonically.

"Dragon Capturing Hand!"

After shouting in a low voice, Mu Tianfang's spiritual energy seeped out from her body and covered her arms, causing her arms to become two giant claws that were five Chinese feet long.

Her claws looked tough and powerful, as if she could capture a real dragon with them.

The two giant claws scratched the sky and caused the air to give a trembling sound.

Within a hundred Chinese feet's vicinity, everything was suppressed with an extremely huge force of the universe. This caused everyone to feel fearful, anxious, and constrained.

Su Yu was secretly surprised. An immortal level cultivation technique of Stage Two Lower Class!

As expected of the leader of the Patrol Envoys, honing an immortal level cultivation technique to Stage Two was something that was difficult to achieve in most people's life.

With such a great force, even if it were people with the same cultivation base as her, within ten moves, it would be difficult for most of them to escape the fate of being captured.

However, it was a pity that the person she met was Su Yu.

Rub, rub, rub—

A mysterious, unusual, and natural artistic ambience surged from Su Yu's body all of a sudden.

Su Yu, who was obviously in front of her, gave her an illusory feeling, as if he had fused with nature and become a member of the earth, sky, and environment.

Rumble, rumble—

Spiritual energy moved crazily in the sky and became an extremely big dark cloud on top of Su Yu's head.

The sky, which was unmistakably clear, turned dark in an instant.

Purple thunder dragons swam and fluttered about in the cloud, as if they were waiting for the command of a monarch.

"Tribulation of Ice and Thunder!" Su Yu gave a light shout.

Ever since his cold energy rose, the power of Tribulation of Ice and Thunder rose greatly as well.

Inspector Bai He had perished from this move.

Roar—

The one thousand Chinese feet long purple dragon descended with a whistling noise. Thunderbolt and ice accompanied the purple dragon and turned everything into ice.

Mu Tianfang lifted her head seriously, her eyes filled with surprise: "Divine-grade Divine Decree! There is actually someone who honed his Divine Decree to such a level. This is really unexpected!"

When the purple dragon descended, Mu Tianfang changed from attacking to defending, both her palms heading toward the sky: "Let me capture these two purple dragons of yours alive!"

Against the attack, Mu Tianfang was not afraid. Instead, she was content and faced the attack head-on.

Roar—

The purple dragon roared furiously, glowing with the light of the thunder, the ice fluttering in the air.

As if a disaster had descended upon the world, Mu Tianfang bit her teeth tightly and faced the attack with all that she had.

She had actually managed to keep that one thousand Chinese foot long purple dragon in check!

After refusing to budge for ten breaths' time, the one thousand Chinese foot purple dragon was worn down, to the point that it became only a hundred Chinese foot long.

However, Mu Tianfang could no longer hold on, and the purple dragon pierced through her body.

Crack—

Whoosh—

Thunder and ice attacked her body at the same time.

A big portion of her shirtdress had been burnt.

The extremely cold ice covered her aromatic body with a layer of ice on the spot, causing her movements to become stiff and slow.

Whiz—

Without giving her a chance to dodge, Su Yu took advantage of the opportunity and moved toward her. He then pointed a finger on her forehead.

"Stupid woman, I can kill you in the time I need to flick my finger!" Su Yu gave a furious groan. He slowly put down his finger and shattered the ice, which covered her body at the same time.

Having been freed, Mu Tianfang's whole face was red, as if it were a big red cloth.

Not only was she defeated by an inexperienced little kid, she was also naked in front of everyone!

Although those remaining were women, besides Su Yu, it was still extremely embarrassing for her!

She quickly grabbed a cloak from the Patrol Envoys and covered her delicate body. She then bit her teeth and glared at Su Yu: "You... You are brazen! You are shameless! You are vulgar!"

Su Yu could not help but laugh: "Even though you attacked me of your own accord, and your clothes were destroyed by me as a result, you blame me by saying that I am shameless?"

"Ah! This is so infuriating! You still dare to resort to sophistry!" Mu Tianfang was so furious, her whole body trembled.

"Stupid woman!" Su Yu gave an enraged groan: "If you continue to make trouble intentionally, I will burn your clothes!"

With Su Yu's abilities, he could totally do it.

As for the remaining Patrol Envoys, they were not Su Yu's opponents, and no one could stop Su Yu!

Mu Tianfang was both furious and embarrassed. She then grabbed her cloak, which covered her body tightly subconsciously: "I dare you!"

"In the world, for anything that I have thought of, there is nothing that I don't dare to do!" Su Yu said apathetically.

Such confident words caused Mu Tianfang to have a kind of illusion. It was as if this young man could really do anything.

She bit her silver teeth and did not dare to rebut against him.

"Finally calmed down?" Su Yu remained calm: "A stupid woman like you can only start talking nicely after being convinced by fists!"

Mu Tianfang was fortunate that she did not spit out blood in her anger. She glared at Su Yu ferociously: "You... I..."

Su Yu gestured in disapproval: "Alright, since you have calmed down, let us now talk about the matter at hand."

"I am sure that you know that I am not a criminal suspect."

Mu Tianfang became silent. Indeed, if Su Yu were the criminal suspect, he would most probably kill all of them, so as to prevent his real face from being exposed.

When she insisted emphatically that Su Yu was the real culprit, she was too assertive and swayed by her emotions.

Rustle—

Su Yu took out his own great seal.

The remaining Patrol Envoys could not help, but turned pale with fright: "Deputy Palace Master? You are a Deputy Palace Master of the Empire of Darkness?"

As for Mu Tianfang, her eyes took a glance: "Yin Yu... The rumored new Deputy Palace Master Yin Yu?"

"This is unbelievable! He is actually the rumored young genius, Palace Master Yin Yu!" A Patrol Envoy's beautiful eyes were filled with adoration.

As for the remaining Patrol Envoys, the eyes of a few of them shone brilliantly: "Silver-haired, silver-faced, and about sixteen to seventeen years of age. It's really him, Palace Master Yin Yu!"

"Am I dreaming? I'm actually so lucky to have come across the rumored Yin Yu, the north continent's legendary genius?"

Mu Tianfang glared at Su Yu tenaciously and could not believe her eyes.

Su Yu's great name had spread across the north continent a long time ago.

In particular, during the fight in the Anyue City, Su Yu fought against a galaxy of talents by himself. With his abilities, he killed different kinds of extremely proud geniuses.

For example, Wei Tianchen of the Snow Listening Tower's Four Great Sons, the Young Master of the Eight Great Ancient Clans, and finally, he also killed an Inspector of Immortal Level Three Peak!

Such frightening accomplishments had spread throughout the Phoenix Area a long time ago and were known to everyone.

Su Yu rose as high as a comet and ripped open the sky of the north continent, becoming a legend that countless people of the same generation pursued.

At just sixteen years of age, he killed an Immortal Level Three Peak. Such a talent that shocked the north continent would become a legend that was difficult for the future generations to surpass.

With such a talent, countless people had labeled him as the legendary genius!

At that very moment, the Patrol Envoys saw the legend in person. Hence, how could they not be shocked?

In particular, the beautiful eyes of a few women glowed brilliantly. They were excited and young at heart.

Even Mu Tianfang had greater respect for him.

After all, he was the rumored legendary genius of the north continent!

He had already accomplished the feat of defeating an Immortal Level Three Peak.

Mu Tianfang took a deep breath and made a bow shyly and apologetically: "Mister Yin Yu, regarding the misunderstanding just now, please forgive us."

Her attitude changed by one hundred and eighty degrees.

Their suspicions toward Su Yu also disappeared at that moment.

The reason was simple: When Palace Master Yin Yu was still in the Empire's Sub Palace, people had already gone missing in the Phoenix Fort.

Hence, this matter was definitely not caused by Yin Yu.

Yin Yu did not mind. Although this woman was rash and impulsive, she was able to acknowledge her mistake and apologize of her own accord. Hence, she was still considered a straightforward person.

"It is just a misunderstanding. No need to take it to heart. Can I ask you, where did the person who reported me go?" Su Yu questioned closely. It was obvious that there was a big problem with the person who reported Su Yu.

Mu Tianfang's face turned slightly red. She blamed herself and felt ashamed. As she was bent on having her own way, she missed the opportunity because of a delay.

"Orders to the Patrol Envoys. Track down and arrest the informer. Spread the word to the whole Phoenix Fort! There must not be any mistakes!"

Rustle, rustle, rustle —

A group of Patrol Envoys followed the orders immediately and left. It was never too late to remedy the situation.

"Regarding whatever happened today, pardon me if I had offended you. Anyway, I shall take my leave now." Mu Tianfang felt ashamed to face Su Yu. She cupped her fists and bid farewell.

"Wait!" Su Yu shouted to stop her. He then said seriously, "Can I ask, Leader Mu, if you know the background of Zhou Jing, the Madame Drop-Dead Gorgeous?"

Zhou Jing's Master was the real culprit.

Mu Tianfang was extremely surprised: "She was originally a female disciple of my Phoenix Cabinet. She was one of the former Ten Great Phoenix Women. Her looks and qualities were excellent and her talents were greater than average. Later on, she quit the Phoenix Cabinet and got married to the Yao family's Young Master, Yao Ling. Why do you ask about her? Could it be that, even though Palace Master Yin Yu is so far away at the Sub Palace, you have also heard the name Madame Drop-Dead Gorgeous?"

The so-called Phoenix Women were female disciples with superb talents, looks, and qualities. Their ranks were similar to that of the Ten Great Deputy Palace Masters.

Su Yu shook his head: "No, I am just inquiring."

Zhou Jing actually came from the Phoenix Cabinet! Su Yu was shocked!

She joined the Yao family for a reason. What motive did she have?

After pondering this for some time, Su Yu did not reveal the relationship between Zhou Jing and the culprit behind the disappearance cases.

The reason was that Zhou Jing's identity was a bit special. If he said that Zhou Jing was related to the disappearance cases without any proof, it would be difficult for the Phoenix Cabinet to believe him.

"Thank you for telling me. Also, I wish to ask about another person." Su Yu was filled with anticipation and eagerness: "Can I ask, how is Xianer doing at the Phoenix Cabinet?"

Mu Tianfang looked Su Yu up and down suspiciously: "Xianer? The Cabinet's Master's personal disciple, the First Phoenix Woman of the Phoenix Cabinet, Feng Xian? You mentioned her name so intimately, how are you related to her?"

The First Phoenix Woman, Feng Xian? Su Yu was stunned for a moment. In just one year, Xianer improved at such an incredible speed and became the First Phoenix Woman?

However, Su Yu understood immediately. That mysterious Phoenix of Death's body also caused Yun Yazhi to be envious, and it was definitely not a small thing.

Although it was a bit exaggerated that she became the First Phoenix Woman, it was not impossible.

After confirming that Feng Xian was Qin Xianer, Su Yu finally heaved a sigh of relief and did not hide anything: "She is my fiancée."

"Oh, so she is your fiancée..." Mu Tianfang nodded her head subconsciously. After which, her whole body shook and her eyes opened as big as a copper bell. Her voice then became three times higher and was so sharp that she lost it: "What? You... She is your fiancée?"

Su Yu shrugged his shoulders: "Why, can't I be her fiancée?"

Mu Tianfang opened her mouth and eyes wide. She regained her senses after a long time and withdrew her unusual expression hurriedly. She then glared at Su Yu astonishingly: "No, this is just too unexpected! The pure, noble, holy and magnanimous Feng Xian actually had a fiancée? This is really unheard of!"

Xianer had already become someone who was portrayed as holy, pure, and magnanimous? Su Yu could not help but smile.

That lively and adorable little girl actually had such an image at that very moment.

Everything was fine, after confirming that she was safe.

However, after Mu Tianfang was shocked, she could not help but say hesitantly: "She is really your fiancée? If that is really the case, then you are too late."

"What do you mean?" Su Yu's heart sank slightly and he had a bad premonition.

Mu Tianfang hesitated for some time, her face filled with sympathy: "Three days ago, the Cabinet's Master held a small-scale matchmaking session for Feng Xian in advance, a matchmaking session held specially for her."

"There were only a few outstanding young men who participated. They were the Two Great Sons of the Snow Listening Tower and the Two Great Deputy Palace Masters of the Empire of Darkness' Sub Palace. They competed against one another with their martial arts, as they were all people who

admired Feng Xian. In the end, your Empire's Palace Master Shen Kong's abilities were superior and the Cabinet's Master approved of their marriage on the spot."

Chapter 356 Busybody

"All that is left is the formality that is the official Phoenix Meet."

What? Su Yu took a step back in disbelief.

To think that there was a sparring session before the meet?

Xianer had already been betrothed to Shen Kong?

Su Yu could not accept this laughable truth.

Hadn't he traveled a million miles to the Phoenix Cabinet, just to formally take Xianer away?

But the reality was that Su Yu was too late!

"Come to terms with it, the master would not let a female disciple like Feng Xian rebel, much less tolerate someone else taking her away. You are powerless."

Creak Crack ——

Su Yu clenched his fists tightly, his bones cracking.

"No! It's not over! The official Phoenix Meet has not ended yet. Not everything is over." How could he give up on Xianer so easily?

Since he could not snatch Xianer away, all he could do was beat everybody at the Phoenix Meet in the most dominating fashion, then choose Xianer in front of everybody.

Mu Tianfang shook her head in sympathy, "You live up to your reputation as the legendary genius Yin Yu. Perhaps it was your determination that created your legend. But you truly have no chance at the Phoenix Meet."

"You truly are strong, but there is a great difference between the abilities of you and the Two Great Sons of the Snow Listening Tower, as well as the second deputy palace master, much less the mysterious Palace Master Shen Kong!"

With a little sympathy, Mu Tianfang retreated. Before she left, she said, "At the zi hour today, there will be a Bright Moon Banquet at the Phoenix Tower. Even though it is called a banquet, in reality, it is a sparring session before the Phoenix Meet."

"Even though it might not help you very much, you can head there and have a look, if you want to improve your standing."

Phoenix Tower? Bright Moon Banquet?

Su Yu nodded unthinkingly, "Zi hour, I, Yin Yu, will definitely be there. Thank you for your reminder."

"Take care of yourself." Mu Tianfang let out a sigh of sympathy before flying off.

Su Yu looked at the time, immediately returning to the Yao family and meeting up with Zi Yunxiang.

"Yunxiang, search for clues of Housemaster Zi in the city, there is something I need to do alone." Su Yu could not bring Zi Yunxiang. It would be too dangerous.

Hearing this, Zi Yunxiang's expression turned slightly dull, but she still showed a smile and obediently nodded.

Su Yu was about to see the fiancée he had not met in a long time, how could she come in between them?

A shred of disappointment surrounded her soul.

But Zi Yunxiang had her own considerations.

She was anxious about finding her father and did not have the time to wait after Su Yu. Now that she could act freely, she could perhaps find her father.

"Protect yourself." Zi Yunxiang stared deeply at Su Yu. Her intuition told him that the distance between them was not as far as it had been in the past.

Su Yu was touched, smiling in relief. He patted her shoulder, "You too, after everything is done, meet me at the city gate."

"En!" Zi Yunxiang forced a smile as she left.

Su Yu watched figure disappear into the crowd before he took action, heading to the Bright Moon Banquet.

But at this moment..

"He is there!" Suddenly a fighter with a cautious expression flew out of the Yao family, looking down from the sky. He shouted in surprise upon noticing Su Yu.

Whoosh Whoosh Whoosh ——

After that, multiple groups of fighters flew out of the Yao family, surrounding Su Yu tightly.

The weakest of them was Immortal Realm Level Two, the strongest at Immortal Realm Level Three.

There were about forty of them!

These were the fighters left in the Yao family!

They had used such a powerful formation, all with the motive of finding Su Yu!

Creak ——

Suddenly, a horrifying, overbearing bolt of spirit energy took to the skies from deep within the Yao family, piercing through the clouds.

That aura surprised Su Yu. It was an Immortal Realm Level Three Peak!

A plump lady dressed in a long red robe surveyed the surroundings.

Her eyes were swollen, clearly in grief. Deep in her eyes was a glow of immense hatred. A shrill voice escaped her mouth, "Where is he?"

Looking in the direction of the crowd, the red robed lady shot her glare of hatred onto Su Yu.

"It was you who killed my son?" The red robed lady spat out her words. Her voice was like a fierce ghost, piercing and sharp, cold and sinister.

Su Yu surveyed the surroundings, calmly saying, "No!"

The face of the red robed lady contorted in hatred, "You! Are! Lying! The fighters of the clan were all killed by you. How can you not be related to the death of my son! Also my daughter-in-law. Did you abduct her because you lusted after her beauty?"

Su Yu disregarded her uproar, his expression cold, "The fighters were indeed killed by me, but your son's death had nothing to do with me. I did not touch a single hair of his, even though I would have killed him if he was not already dead. But his death had nothing to do with me!"

The red robed lady laughed in fury, "What a joke! You didn't kill him, just because you said so? Why don't you say that my daughter-in-law killed him and fled for her crimes?"

Hearing this, Su Yu had a strange expression, "So you know that it was indeed done by your daughter-in-law?"

To escape, Zhou Jing's Blood Eagle Technique required someone's blood. That person was Yao Ling.

"Nonsense!!" The red robed lady let out a furious laugh, "You barged into the Yao family and killed members of the Yao family, and yet, still you try to talk your way out of this?"

Su Yu lifted his shoulders, "I did not barge into the family. Your daughter-in-law let me in. I saved her from a Earth Dragon Snake in the forest, and was brought back to the Yao family, as she said that she wanted to repay me."

"But unexpectedly, she colluded with your son, Yao Ling, to frame me for stealing her bow, then sent the fighters of the Yao family against me. I had to retaliate in such a situation! As for your daughter-in-law, she saw how powerful I was and killed your son in order to escape, using his blood to activate her Blood Eagle Technique."

"This was what happened. You would naturally be clear if your daughter-in-law had a silver bow or not. Also, I would like to remind you to investigate if the Yao family is missing something. Would such a beautiful lady marry your son without any grievances?"

His words caused the expression of the red robed lady to change.

How could she have missed the credibility in Su Yu's voice?

Especially the fact that Zhou Jing had married her son. She was a little suspicious.

The people of the Phoenix Area had always sought to obtain the recipe for an ancient elixir of the Yao family.

She always had her guard up when dealing with Zhou Jing, but even then, there were inevitable slips over these three years.

But these thoughts merely flashed past her mind. She once again placed her glare of hatred onto Su Yu, "Whatever you say is useless! Everyone witnessed you going on a killing spree in the Yao family, you cannot deny this!"

Su Yu sighed, not bothering to argue.

"People would only believe what they choose to believe. You are determined to kill me to display your authority, but are also cautious about Zhou Jing's background. So the truth does not matter to you. What is more important is that you kill the one causing trouble to maintain the authority figure the Yao family, isn't it?"

Su Yu believed that the other party had already understood the truth. Unfortunately, for the reputation of the Yao family, they had to kill the troublemaker to silence the crowd.

"If that is the case, I can only say that you found the wrong person!" Su Yu's eyes filled with killing intent.

But at this moment, a blue afterimage descended, fast as lightning.

The cold demonic beast aura, the blinding speed, the shrill chirp, wasn't this the fantasy blue bird of Palace Master Liu Li?

Indeed, a muscular man stood on the blue bird with his hands behind his back.

His eyes were cold and unfeeling, looking down on all of them, "Yin Yu, did you forget what I warned you about? Do not give me unnecessary trouble."

The red robed lady's pupils dilated, and she began losing her voice in shock, "Palace... Palace Master Liu Li!"

Her eyes were filled with fear. The absolute power of an Immortal Realm Level Four was enough to eradicate the entire Yao family.

"Wait! Then you are Palace Master Yin Yu?" The red robed lady finally realised the identity of the silver haired youth before her!

Liu Li looked coldly at Su Yu, "I'm asking you a question, answer!"

Su Yu did not look at him directly, disregarding his words, only coldly looking at the red robed lady, "Say it, what do you want to do? I, Yin Yu, would play on with you!"

There was a visible struggle written on the red robed lady's face. If Su Yu was an ordinary youth, she would naturally have to kill him to establish her authority.

But Su Yu was a legendary genius of the northern continent!

How would she dare to kill someone like that?

Especially because it was highly probable that Yao Ling had not been killed by him.

"So you are Palace Master Yin Yu, I will investigate this thoroughly..." The red robed lady made a compromise, resolving the issue.

But at this moment, Liu Li coldly opened his mouth, "Madam Yao, I apologise for not reining in the deputy palace masters under me, resulting in the loss of your son Yao Ling."

Liu Li adopted a cold tone toward Su Yu, but was respectful toward the Yao family.

But what was even more infuriating was...

Madam Yao had admitted herself that this matter required investigation, and that this incident would be dropped.

But Liu Li had interfered, claiming that Su Yu was responsible for Yao Ling's death, even saying that he had not taught Su Yu well enough!

Was Liu Li taking the side of the Empire of Darkness or the Yao family?

"Madam Yao, please give me some face and let Yin Yu kowtow in apology. As for the exact compensation, let him settle that with you in the future. From now on, I will teach him sternly, let's drop the matter here, okay?"

Madame Yao froze, her expression strange.

She had given up on pursuing the matter, but this Palace Master Liu Li was taking her side and punishing Su Yu?

Hearing this, Su Yu could find no words to describe what he was feeling.

Madame Yao had given up on pursuing the matter, but Palace Master Liu Li was exacting justice for her! To ask to punish Su Yu, who was also a deputy palace master!

He even glorified this, saying that it was due to his reputation!

Su Yu could have been freed from responsibility, but now he needed to kowtow in apology and compensate to the face of Liu Li!

This was ridiculous!

"Hehe, Madame Yao, would you dare to accept my apology?" Su Yu said, his hands behind him, his lips forming a cold smile.

Madame Yao was trembling. Even though Su Yu's reputation at the Anyue City had not spread to the further away sub palace of the Empire of Darkness, it had long spread to the Phoenix Tower.

This legendary genius had killed Immortal Realm Level Three Peak fighters, how did she dare offend him?

"No need, no need..." Madame Yao said in embarrassment.

"En?" Liu Li grunted, his eyes shifting to look at Su Yu, coldly saying, "Yin Yu, what kind of attitude is this? It is due to my showing face that this incident can be resolved. How could you disregard my goodwill with this attitude?"

Su Yu finally looked at him for the first time, his expression calm, "Can you scram? As far as you can!"

Chapter 357 Sword Demon Zhong Luan

"Also, bring your goodwill along with you and get as far away as possible!" Su Yu swept his eyes past Liu Li disdainfully: "No one asked you to be meddlesome. Please don't make too much of yourself!"

Liu Li's face turned slightly serious. After which, it returned to being calm and he looked down on Su Yu indifferently: "You are extremely thickheaded! For people like you, you must suffer losses first, before knowing when to advance and retreat."

"I will not concern myself with your matters anymore. Your life and death are none of my business. I will give you a final warning. Don't cause trouble for me."

"Move!"

Riding the blue eagle, Liu Li rose steeply.

Su Yu laughed nonchalantly: "What a joke. When did I ever cause trouble for you? You make too much of yourself and meddled in someone else's matters. Moreover, you also had vicious intentions!"

Liu Li shook his head slightly: "The pettier and lowlier a person is, the more likely he is to adhere to his self-esteem. Yin Yu, I really pity you."

Whiz —

The Blue Illusion Eagle changed into a blue fragmentary shadow and disappeared into the sky.

Su Yu sighed lightly: "I also pity you."

As if he had heard Su Yu's sigh, Liu Li, who was at the horizon, turned his head and looked at the tiny Su Yu, who was on the ground. He could not help but murmur: "You are really a person beyond redemption."

On the ground.

Su Yu turned his head and glared at Madame Yao: "Sorry for making you see a joke! Since the meddlesome person has left, you can take actions boldly with ease. Let us settle our scores."

Having understood Su Yu's identity, would Madame Yao still dare to get even with him?

Not mentioning Su Yu's identity as the Deputy Palace Master, his abilities alone were something that Madame Yao could not afford to provoke.

"Palace Master Yin Yu has misunderstood. Zhou Jing had plotted to set up the Yao family. Palace Master Yin Yu, please don't be fooled." Madame Yao's expression changed slightly, and she forced a stiff smile.

Su Yu withdrew his cold expression: "Seems like you are still sensible!"

If she really failed to tell good from bad, Su Yu really did not mind going on a killing spree and removing the Yao family's name from the rolls.

Having heard what was said, Madame Yao heaved a long sigh of relief secretly: "I have startled Mister Yin Yu. Please follow us back for a chat, and I will take advantage of that opportunity to apologize to you."

Su Yu gestured in disapproval and said indifferently: "No need, you had better look into the whereabouts of your daughter-in-law quickly."

"Also, let me ask you a question." A deep part of Su Yu's pupils was glowing brilliantly: "What kind of elixir is your Yao family's ancient elixir?"

Madame Yao's expression changed greatly, leaving her a ghastly pale.

She had merely taken Su Yu's abilities into consideration and was forced to keep her resentment to herself.

Although it was very likely that Su Yu did not kill her son, many strong martial artists of the Yao family had died at Su Yu's hands. That was a huge debt of blood.

However, not only did Su Yu kill many martial artists of the Yao family unscrupulously, he also sought after the Yao family's ancient elixir's recipe brazenly.

He was really too much.

"I am not interested in the elixir's recipe. Keep your pointless worries. I only wish to know what is the elixir used for, such that so many people scramble for it." Su Yu guessed that there was an eighty to ninety percent chance that Zhou Jing's motive was obtaining the elixir recipe.

Madame Yao was dumbfounded. She then withdrew her murderous intents, which were about to erupt abruptly, and said relaxingly: "So, you are inquiring about this. The Nine Death Elixir is not a secret, as there are many people who know about it. It only has one use: to destroy one's Dantian after he swallows it!"

"Within the Immortal Realm, it is effective at all levels."

Su Yu's eyes glowed with seriousness: "Then, your Yao family no longer had this kind of elixir, since a long time ago, right?"

Madame Yao could not help but feel surprised. It was the first time that she realized how deep Palace Master Yin Yu was.

With regards as to whether the Yao family still possessed the elixir, the outside world gave differing opinions. However, Su Yu asserted arbitrarily that the Yao family no longer had the elixir.

"Why do you think so?" Madame Yao questioned in reply.

Su Yu laughed nonchalantly: "If your Yao family still had this kind of elixir, would there be a place where your Yao family could establish itself in the north continent?"

The elixir was a nature-defying elixir that could destroy any strong martial artists of Immortal Realm. Which big force would not be fearful of it?

To them, they must absolutely be in control of such a great killing tool, as it was a lurking danger.

However, the Yao family was able to be in the Phoenix Fort safe and sound like a normal family. From that, perhaps the elixir might already be inexistent in the world.

Madame Yao was shocked. What a wise Deputy Palace Master.

She nodded her head and said seriously: "Palace Master Yin Yu is right. The elixir was lost since a long time ago! Even if you had the materials and the recipe, it is still impossible to manufacture it."

"The first Nine Death Elixir was not manufactured. Instead, it was discovered in historical remains! For hundreds of years, our Yao family had been researching on how to manufacture the elixir. However, we discovered that it is impossible to manufacture such an elixir! Because this elixir is not an item of the Zhenlong continent!"

"We lacked a mysterious energy that the Zhenlong continent did not possess. Unless a strong martial artist outside of the Zhenlong continent manufactures it personally, it will be impossible to manufacture this elixir."

"In other words, this is a useless recipe of a crippled elixir."

A mysterious energy that the Zhenlong continent did not possess? Su Yu thought to himself. Could it be that there were still regions outside the Zhenlong continent?

With that, there were no more Nine Death Elixirs in the world. That was the reason why the various super forces were at ease.

Having understood the Nine Death Elixir, Su Yu was slightly relieved.

"If that is it, I shall take my leave!" Su Yu stood up and headed for the Bright Moon Banquet.

At the Phoenix Tower.

The properties of the Phoenix Cabinet were luxurious and tall.

On normal days, there were huge crowds of people. Today, it had tight security.

Because that night was the Bright Moon Banquet, held to entertain the geniuses of various forces.

Occasionally, there were unexpected young geniuses who entered using their identities.

"Please show us your identity." A row of guards stood horizontally at the middle of the entrance and asked Su Yu for his identity.

Without hesitation, Su Yu took out the great seal of Deputy Palace Master Yin Yu.

The leader of the entrance guards, a middle-aged man of Immortal Level Three Peak, took the great seal personally and did a check.

After looking at it, he could not help but raise his eyebrows: "Deputy Palace Master Yin Yu? You?"

"Wait for a short while, I need to check whether the great seal is real." The leader was expressionless. He had a business-like tone and passed the great seal to the entrance guards.

Rustle—

At that moment, a figure came from the side leisurely and threw out a frosty leaf casually.

Su Yu had sharp eyes and managed to capture the name carved on the leaf clearly.

"Zhou Nianchen!"

That expressionless leader's expression changed abruptly. His expressionless face forced a smile, as he said with his fists cupped: "Welcome Mister Nianchan to the Bright Moon Banquet. Please enter."

After merely taking a glance at him, the leader returned the ice leaf with both his hands.

At that moment, Su Yu looked the person up and down.

It was a purple-shirted man of about twenty years of age. He looked so charming that even women could not compare to him. He had a tall figure and wore a purple shirt. His temperament was great and magnificent.

He strode along with his chin up and had a dignified appearance.

He extended two slender fingers and kept the ice leaf gracefully. He passed by Su Yu without being distracted and entered the Bright Moon Banquet.

In comparison, Su Yu's great seal was still being examined.

Although Su Yu was a bit dissatisfied, he restrained himself and waited patiently.

He was late in getting famous, so there were very few people in the north continent who recognized him.

At that moment, two more persons came quietly.

Both of them stood shoulder to shoulder and walked over. The person on the right hand side was about twenty years old. He wore a plain and white shirt. He appeared composed and was indifferent to fame or gain. He walked smoothly and was easygoing.

His cultivation base caused Su Yu's pupils to shrink!

Immortal Level Four!!

His abilities were so strong that it was frightening!

As for the person on the left hand side, it was a young girl who wore pink clothes. She was about eighteen years old. She looked adorable and her eyeballs spun continuously, evil-like. She looked intelligent and strange. She leaned closely to the side of a plain and white-shirted young man, looking as if she relied on him very closely.

Her abilities were slightly inferior. However, she was at the level of Immortal Level Three Peak and was not weak at all.

What strong abilities. Su Yu was secretly shocked.

The leader saw the both of them from far away and was slightly stupefied. He then said with a business-like tone: "Please show me your identity."

The beautiful eyes of the pink-shirted girl opened extremely big and she said furiously: "Hey, hey, I think your eyesight is poor. Don't you recognize the Shentian Manor's First Heavenly King, Sword Demon Zhong Luan and the Second Heavenly King, Peach Blossom Rain Jiang Mufei?"

The Two Great Heavenly Kings of the Shentian Manor? Su Yu's gaze turned slightly narrower and he could not help but look both of them up and down cautiously.

Ever since Housemaster Zi's whereabouts became unknown, Gao Cang, who was ranked number three of the Three Great Heavenly Kings, sought refuge with Han Jianglin.

As for the other Two Great Heavenly Kings, they refused to obey Han Jianglin and were imprisoned as a result. Why did both of them appear at the Phoenix Meet now?

That leader was filled with deep veneration: "So both of you are Sword Demon Zhong Luan and Peach Blossom Rain Jiang Mufei? Excuse me for my lack of manners!"

It was obvious that their reputations had reverberated like thunder in the leader's mind.

Zhong Luan doted on Jiang Mufei and smiled: "Mufei, wherever you are, follow the procedures. Take out your identity."

Jiang Mufei pouted her small lips. She then took out her identity unwillingly and tossed it over. She then heard Zhong Luan's pleasantly warm words: "Moreover, the famous Yin Yu is also waiting patiently. Mufei, how can you be in a rush?"

Jiang Mufei was surprised: "Yin Yu? Which Yin Yu?"

"Of course he is... our Hundred Territories Alliance's Deputy Palace Master Yin Yu." As Zhong Luan smiled, he lifted his eyes and looked toward Su Yu. He then cupped his fists from far away: "Brother Yin Yu, I have been longing to see you. Having finally seen the real person, I feel even more honored."

Jiang Mufei opened her eyes big and ran in front of Su Yu. She circled one around around Su Yu and looked him up and down, from his head to his legs, without missing anything.

Her soft, fair, and adorable small face wore an exaggerated surprised expression: "Are you really Yin Yu, that Silver Demon Genius who slaughtered more than half of the Ten Great Geniuses during the Alliance Meet?"

Silver Demon Genius? Su Yu smiled. He actually left behind such a name in the Hundred Territories Alliance?

Most probably, that day, the fact that Su Yu killed many people, and his ruthlessness, shocked the Hundred Territories Alliance. Moreover, he had unique silver hair. As such, he got the title of Silver Demon Genius.

Su Yu looked at Zhong Luan and cupped his fists to return the salute: "Greetings to Zhong Luan. It is a pity that back in the Hundred Territories Alliance, I did not have a chance to see you. I would have paid you a visit and asked for your advice."

Zhong Luan smiled warmly, as if a spring breeze caressed his cheeks: "I feel even more regretful that I am unable to get acquainted with the future legendary genius of the north continent in advance."

"If you're fine with it, I hope to ask you, the legendary genius, for advice regarding the comprehension of the Martial path."

Su Yu nodded his head with pleasure: "It's too much of an honor to give you advice. We shall exchange advices with each other."

Jiang Mufei was ignored and pouted: "Hehe, I am also good to exchange advice with! I also want this!!"

Su Yu and Zhong Luan could not help but smile at the same time.

That leader's expression finally changed.

It was really Deputy Palace Master Yin Yu!

He finally revealed a slightly respectful expression. He then took over the great seal hurriedly and returned it to Su Yu with both his hands: "So it's really Deputy Palace Master Yin Yu. I have failed to recognize a great person and I hope that Palace Master Yin Yu would forgive me!"

"Recently, there have been many strong martial artists in the city. Incidents of people with humble professions passing themselves off as strong martial artists of various territories to practice fraud

had occurred repeatedly. Hence, I have to approach everyone cautiously. Please don't hold it against me."

Su Yu and Zhong Luan laughed it off and were forgiving.

As for Jiang Wufei, she did not show any mercy. Her jade-like nose wrinkled and she mumbled: "That's that. This is simply because of the fact that we are not reputable enough. Why didn't you check the identity of the Snow Listening Tower's Second Son, Zhou Nianchen, in detail?"

Compared to the Snow Listening Tower's Four Great Sons, the reputation of the Three Great Heavenly Kings of the Hundred Territories Alliance, which was situated in a remote region, was obviously inferior.

Chapter 358 Prepare the Coffin

The guard was embarrassed, politely ushering them in.

"Brother Yin Yu, the Bright Moon Banquet is split into the heaven, earth, and human sections. Might I ask which seat you are prepared to take?"

Jiang Mufei said without thinking, "The heaven seat, of course, it is the best spot for admiring the moon. It is rumored that you will get illuminated by the essence of the moon there, nourishing the soul. This is an unexpected benefit."

Su Yu thought for a moment, smiling as he replied, "I'll take the human seats, I am merely here to silently observe the matches, not stand in front of others and show my face."

"Hehe, I cannot agree more with your intentions!" His intentions coincided with Su Yu's. They wanted to lay low.

Entering the second floor, the Full Moon Stage.

Fifty to sixty people from different areas occupied the small Full Moon Stage.

There were ten tables.

One table of heaven seats, with only room enough for five people.

Three tables of heaven seats, each table able to seat five people.

The last of them were human seats, the most inferior.

Su Yu and Zhong Luan silently sat at the human seats.

Su Yu had gained fame too late, not many people recognised him.

Zhong Luan and Jiang Mufei had the fame, but did not show themselves often in the northern continent. Those that recognised them were few and far between.

"Really, why must we sit here?" Jiang Mufei pouted, but her attention was quickly grabbed by Su Yu.

"Hey hey Yin Yu, just how did you cultivate? You are a year younger than me, why are you so powerful?"

Su Yu smiled, in terms of potential, Jiang Mufei was the truly scary one.

Her potential was much higher than Zhong Luan's, and even than that of many of the deputy palace masters of the Empire of Darkness!

To achieve Immortal Realm Level Three Peak at merely eighteen, how scary was that?

Su Yu was Immortal Realm Level Three Upper Tier at seventeen, but only because he had the Nine Dragon Cauldron, as well as the resources of the Empire of Darkness.

In comparison, Jiang Mufei had used her abilities of an individual to reach such a stage, shocking all who heard about her.

She was the true legendary genius of the northern continent.

If she had time, she would definitely become a legend in the northern continent in the future.

"You are the powerful one." Su Yu had a warm smile. He always had good impressions of people that were candid and straightforward.

"Then what kind of techniques did you cultivate? I heard that you killed the Immortal Realm Level Two Lu Jun when you were merely Dragon Realm Level Five. That is really fate defying, I really admire you!"

Zhong Luan flicked her forehead, his expression stern: "Troublemaker! Asking about someone else's technique is taboo. Furthermore, the meet is happening soon. What you did just now was very inappropriate!"

Revealing your techniques would allow enemies to prepare countermeasures. Her questions were indeed a little appropriate.

"I was merely curious, I'll stop asking." Jiang Mufei pouted, her cute face laced with injustice.

Su Yu shook his head, "No matter! My techniques are not mysterious, it's alright for you to know."

"My main techniques are lightning and ice based, and I have gained insight into the Divine Decree. I also know a little space and time talents, but that's basically it," Su Yu summarised.

He had battled with many people. Those who really wanted to get the information could do so rather easily. It was no secret.

Zhong Luan had an apologetic look, "I'm really sorry for letting you witness such a laughable scene. Mufei is a little playful. This time she insisted on coming to spectate the Phoenix Meet, so I had no choice but to bring her here."

The Phoenix Meet was a matchmaking event between the female fighters of the Phoenix Cabinet and the talented youths from all around the continent.

A young female coming here was a little inappropriate.

"Hehe, who asked Senior Zhong Luan to adore me so much?" Jiang Mufei lifted her chin proudly, snuggling in the embrace of Zhong Luan. She seemed to adore Zhong Luan a lot.

As for Zhong Luan, he looked down on his playful junior, his eyes filled with adoration.

Su Yu smiled, it would seem that they had relations other than being merely senior and junior.

But the two of them were compatible.

At this moment, the evening was ending. A full moon hung in the sky.

The moon admiration had begun. The guests had all arrived.

But strangely, there was no one else besides the Second Son of the Snow Listening Tower Zhou Nianchen in the heaven seats.

He occupied the entire table by himself, sticking out like a sore thumb.

He also felt a little unnatural, looking in all directions.

Suddenly, he seemed to have noticed someone, locking his gaze onto Su Yu's table.

Slowly rising, he cupped his hands as a show of respect toward Zhong Luan: "To think that it is the Sword Demon Zhong Luan. With your status, how could you sit at such a lowly seat? Quick, come to the heaven seats!"

Suddenly, he also noticed Jiang Mufei, his eyes sparkling, "Could this be the Peach Blossom Rain Jiang Mufei? You followed your senior into the human seats? Come to the heaven seats. The exchange of experiences here is richer and more precious. It would be beneficial for you."

"What? It is the Sword Demon and Peach Blossom Rain of the Shentian Manor!"

In that moment, the guests were shocked, all shooting their gazes at the most ordinary looking human seats.

The guests who were at the same table as them suddenly turned stern and respectful.

Suddenly, someone recognised Su Yu, "Wait! The silver haired youth beside the Sword Demon, could that be... the legendary genius of the northern continent, Yin Yu!"

"What? It's him? He is also attending the Phoenix Meet!"

"It is hard to imagine that the rumours are real. He is only sixteen to seventeen years old!"

The crowd broke into a commotion.

There were intense discussions. Su Yu's name had masked over Zhong Luan's and Jiang Mufei's.

The reason was not because Su Yu was stronger than them, but because Su Yu was a newly inducted genius. Coupled with the fact that he made a name for himself at Anyue City, he naturally would garner the attention of the people.

"So you are Yin Yu!" A cold voice came from the heaven seats.

It was Zhou Nianchen. His gaze was sharp as blades, his killing intent deep, "Were Junior Tianchen and Junior Xueyi killed by you, as the rumours say?"

The cold question was like a sharp arrow, piercing through the crowd toward Su Yu.

In that moment, the commotion of the crowd died down.

Their expressions changed, their mouths sealed shut.

According to the rumours, it was indeed Palace Master Yin Yu that had killed the two sons of the Snow Listening Tower.

Their deaths had helped create Yin Yu's reputation.

"Yes!" Su Yu casually poured himself a cup of wine, never once looking at Zhou Nianchen.

His casual attitude was insolence and insanity in the eyes of an outsider.

"Have you ever regretted it? Killing the members of the Snow Listening Tower, the outcome..."

Su Yu did not wait for him to finish speaking, slowly answering, "Why would I regret it, since they deserved to be killed?"

Zhou Nianchen could not find words. His aura had not affected Su Yu in the slightest.

His facial muscles twitching, Zhou Nianchen let out a cold grunt, "My two juniors had died without reason at your hands. Since you have no regrets in killing them, do not blame me for being merciless."

But Su Yu's expression remained calm, as he continued sipping his wine and said calmly, "Stop, at least wait another hour before you attack."

"You are afraid?" Zhou Nianchen's tone was cold.

Su Yu shook his head, "No."

"Then what? You wish to live for another hour?" Zhou Nianchen creased his brows.

Su Yu calmly said, "I am giving you an hour to prepare a coffin for yourself."

Sssss ——

The people on the Full Moon Tower gasped.

Arrogance! Unparalleled arrogance!

To tell Zhou Nianchen, who was Immortal Realm Level Four, to prepare a coffin!

What overbearing arrogance was that?

Zhou Nianchen froze for a moment, before his expression turned sinister. Finally, he laughed. His laugh was long and sinister, "Hehehehe... There were many people like you in the past, being arrogant in front of me. But there are no more people like that now, for they have all died."

"I'll let you choose, do you want a full corpse, or to have your limbs separated into different places?"

Su Yu held his wine cup, his lips forming a slight smile, "Dismemberment seems too cruel, I think I'll have a full corpse. It's more presentable."

Zhou Nianchen walked away from his seat, his aura as an Immortal Realm Level Four blanketing the entire area like a tsunami.

His face wore an ice cold smile, "As per your wish, I'll leave you with a full corpse."

Su Yu put down his wine cup. The smile on his face showed signs of an ice cold intent, "You are misunderstood, I was making the choice for you."

Chapter 359 Seeing Liu Li Again

At the Full Moon Stage, no one was talking and it was extremely quiet.

There were only rustling sounds of the wind.

All the geniuses on-site stared at Su Yu and clicked their tongues secretly.

Where did Palace Master Yin Yu get the confidence to say such swift and fierce words?

Looking at their identities, Zhou Nianchen was the Second Son of the Snow Listening Tower. His name was famous across the north continent and he did not fear Su Yu.

However, looking at their abilities, there was a huge gap that was difficult to conquer between the Immortal Level Four Zhou Nianchen and Su Yu.

If Su Yu, who was a mere Immortal Level Three Peak, fought with Zhou Nianchen face to face, he might not be Zhou Nianchen's opponent.

Hence, where did Su Yu get the confidence to be so arrogant?

Chirp—

At that moment, a blue fragmentary shadow swept past the bright moon in the sky.

A loud and clear chirping noise reverberated across the sky endlessly.

"Blue Illusion Eagle!" Zhou Nianchen's pupils turned serious, his expression turning slightly unpleasant in an instant.

He fixed his gaze onto Su Yu again and was filled with scorn: "So this is where your confidence came from!"

The geniuses on-site also understood.

"No wonder he is so arrogant and despotic. Because he can rely on Palace Master Liu Li!"

"I'm a bit disappointed. Bullying others by flaunting his powerful connections does not count as being a capability."

"The name legendary genius is nothing more than this."

The onlookers sighed secretly.

Whiz—

A figure descended from the sky. Behind him was a vast and mighty bright moon. Below his feet was a silver sky.

The sound of the wind blowing against his clothes could be heard and his long robe was drifting along with the wind. He had an indifferent expression and his hands were clasped behind his back. Under the moonlight, he looked robust.

Looking at him, it was as if he was a war god who carried the bright moon on his back, stepped on the white clouds, and governed the world.

A tyrannical and calm expression enshrouded the Full Moon Stage.

This was Liu Li, the Deputy Palace Master, ranked number two in the north continent's Sub Palace!

He was a rumored strong martial artist, who stood at the peak and did not fight much.

Zhou Nianchen had a quiet and solemn expression that turned extraordinarily serious. If one observed carefully, the corners of Zhou Nianchen's eyes were shivering slightly, an anxious expression.

Jiang Mufei lifted her head and stared. The adorable and innocent expression on her delicate small face disappeared, replaced by a serious expression.

"He is very strong!" Jiang Mufei sighed lightly.

People as strong as her could be found everywhere.

Liu Li's appearance was as if a monarch had arrived, the whole place became deathly still in an instant.

There were only two people with a relaxed expression: Su Yu and Zhong Luan.

Both of them acted as if no one else was present. They drank a toast and ignored Liu Li's arrival.

"Brother Yin Yu, are you not going to greet your Second Palace Master, Liu Li?" Zhong Luan smiled warmly.

Su Yu drank down the wine completely and laughed indifferently: "No need, he might not even wish for me to come."

Su Yu was informed of the Bright Moon Banquet by Mu Tianfang, an outsider. Liu Li had never told Su Yu about it at all.

It was obvious that Liu Li did not wish for Su Yu to participate.

Putting it in another way, the fact that Su Yu existed did not even cross his mind.

The conversation between the both of them was not very loud. However, amidst the silence, everyone heard them clearly.

As Liu Li descended slowly, he could not help but take a glance around the area. He then realized that Su Yu was also present and was a bit surprised.

After hearing Su Yu's words, Liu Li opened his mouth coldly: "If you have the time to participate in this banquet, why not use it to train? If your abilities are inferior to others, you must work a hundred times harder than others. By wasting time here, how can you be worthy of the efforts that the Empire has put in to nurture you?"

With an indifferent expression, Liu Li looked down on Su Yu and talked to him with a chiding tone.

However, Su Yu enjoyed a cup of wine leisurely and replied casually, "If that is so, what are you doing here?"

If Su Yu coming were a waste of time, wouldn't it be the same for Liu Li?

"When did you have the right to compare yourself with me? My abilities allow me to specially divert my attention elsewhere. But for you, you cannot do this yet." Liu Li descended slowly upon the Heaven Seats, amidst the attention of thousands of people, as he was obliged to do so.

Su Yu shook his head nonchalantly: "Is that so? The strongest Palace Master Shen Kong and the Snow Listening Tower's First Son are both focusing on their training. However, a person like you, who is inferior to both of them, is resting here. Since you are also wasting your time, how can you be worthy of the efforts the Empire has put in to nurture you?"

The same words were returned to Liu Li.

"The real strong martial artists will only fight with martial artists stronger than them. As for people like you, who find fault with someone who is inferior to you in order to look for a sense of achievement, you are even more inferior to me." Su Yu had hit the nail on the head.

Liu Li had an apathetic expression and looked at Su Yu as if Su Yu were a stranger: "At the very least, I am stronger than you and have the right to educate you. This alone is enough."

Su Yu laughed: "You merely think that you are stronger than me. That's it."

"You can continue to live in your imaginary world. The cruel reality will teach you a lesson with blood." Liu Li shook his head indifferently and drank a toast by himself.

Su Yu laughed and did not respond.

Although Liu Li looked as if he considered everything beneath his notice, in actual fact, he paid attention to his vanity.

In front of outsiders, he loved to show that he was a person with a high position.

Outside the Yao family, he acted on his own to uphold justice.

At their current location, he considered himself in the right and taught Su Yu a lesson.

Moreover, undoubtedly, he arrived at the Bright Moon Banquet earlier than Su Yu. However, he waited for the last moment, when everyone had taken their seats and were enjoying the beautiful full moon, to make his appearance.

It was as if he were the main attraction of the Bright Moon Banquet.

"So phony!" Jiang Mufei's jade-like nose wrinkled, her small mouth giving a hum.

Zhong Luan looked at Liu Li deeply and smiled: "There are a hundred kinds of human beings, such as human beings who treated vanity importantly, as well as human beings who are phony. All of them have their own kind of lifestyle. Hence, is there a need for us to take offence?"

"However, it is really difficult to compliment him with regards to the way he looks at things. It is really a bit stupid of him to look down on Brother Yin Yu," Zhong Luan said indifferently.

Eh? Jiang Mufei opened her eyes big with suspicion, getting closer to Su Yu's face: "You are stronger than him? Senior Zhong Luan has a good eye for character and has never been wrong!"

Su Yu was embarrassed: "Brother Zhong Luan, I wish I deserved your compliment. I am merely a slow progressing junior of Immortal Level Three."

"I don't care. I want to fight with you later and see how strong you are." Jiang Mufei's beautiful eyes were burning with fighting intentions.

At the Heaven Seats.

Zhou Nianchen's gaze flashed slightly: "Palace Master Liu Li, your Tenth Palace Master has killed two of my juniors in Anyue City and I wish to settle the score with him here. Is that fine with you?"

Liu Li was slightly stunned. Su Yu killed two of the sons in Anyue City?

The incident in Anyue City had not spread to the Sub Palace in time, so Liu Li knew nothing about it.

However, Wei Tianchen and Zhang Xueyi were merely an Immortal Level Three Upper Tier and an Immortal Level Three Lower Tier, respectively. Hence, there was no cause for anxiety.

At that moment, the geniuses on-site regained their high spirits and understood the situation.

It seemed like the relationship between Yin Yi and Liu Lu was not good. Moreover, the fact that Yin Yu relied on Palace Master Liu Li to bully other people was about to be exposed.

Liu Li, who attracted the attention of others, shot a swift and fierce glance toward Su Yu abruptly: "I have already warned you twice to not cause trouble for me! However, you disregard my warnings again and again. Did you really turn a deaf ear to my warnings?"

Without waiting for Su Yu respond, Liu Li continue berating: "Moreover, this time around, you actually caused trouble by getting into a conflict with someone, using my reputation? You are really beyond redemption!"

"This time around, I am not going to concern myself with you. You shall settle the trouble that you created by yourself!" Liu Li stroked his robe and was slightly furious.

Everyone was silent.

However, people sneered secretly and rose, one after another.

"Yin Yu was too full of himself and was outsmarted. He tried in vain to use Liu Li's reputation to bully others. However, he probably didn't expect to land himself in such a difficult situation."

"This is also quite amusing. Let's see how Yin Yu is going to end things. Just now, he kept on talking about fighting and killing. Now that he no longer has the support of Palace Master Liu Li, let's see whether he still has the confidence to do so..."

To one's surprise, Su Yu was surprisingly calm and wore a mocking smile: "I like to cause trouble, is that a problem for you? Have you forgotten my advice to you? Don't make too much of yourself! No one told you to be meddlesome!"

Those words caused many geniuses to stare at Su Yu, tongue-tied.

Yin Yu was so disrespectful to Liu Li, the person he relied on?

After his speech, Su Yu looked toward Zhou Nianchen: "You as well! Your way of doing things is so fussy, and you are so indecisive! For the score between the both of us, you need to ask for the advice of an outsider who is totally unrelated, then get his approval before taking action. How cowardly is that? Do you really have the courage to get justice for your dead juniors?"

Chapter 360 Greatest Saint Lady

The geniuses were all stunned!

No matter how ignorant they were, they could understand that the person backing Su Yu was not Palace Master Liu Li. That was merely the one sided thought they had.

Liu Li's expression dulled, replying to Su Yu only with his cold looks.

A slight crack appeared on the wine cup he was holding.

The clear wine in the cup spilled out onto the table.

Liu Li was incredibly angry.

Zhou Nianchen's expression also turned cold, rising as he slammed the table with his palm, "Yin Yu! I really do not know how you managed to live until today! You mocked the only person that could save you, the second deputy palace master, just because of your pathetic pride! After you lost your backing, you did not even humble yourself in front of a person that you cannot stand up against, instead inciting conflict and placing yourself in a more dangerous position!"

"I must say that you being able to live until this day, with an attitude like yours, is due to the adoration heaven has given you!"

The crowd was also confused when they heard these words.

Was the rumoured legendary genius a person with only brawns, and no brains?

Su Yu let out a faint smile as he put down the wine cup, slowly standing up, "Do you have anymore nonsense to say? If you are finished, let us start. I'll follow your instructions and give you a complete corpse."

Zhou Nianchen could not help but let out a cold laugh, "This is the first time I have seen someone asking to die so soon!"

"If that is the case, then..."

But just as they were preparing to do battle, a group of female figures dressed in red hurried into the space below them.

Their figures were slender, their abilities strong. They were the reputable Patrol Envoys of the Phoenix Fort.

The leader of the Patrol Envoys had a beautiful face and excellent figure. She was still unbelievably beautiful, despite being over thirty.

"Greetings to Leader Mu!"

Whoosh Whoosh Whoosh ——

A group of geniuses was surprised, hurrying over to get a better view.

Even Zhou Nianchen and Liu Li stood at their positions as a show of respect.

Only Su Yu and Zhong Luan remained seated.

What was even more surprising was that Zhong Luan also stood up with a smile and paid his respects with cupped fists.

Su Yu could not understand the situation. By what virtue did Mu Tianfang deserve the respect of so many people?

Even Zhong Luan had to show some respect!

"Take a seat everybody, I have received orders from my teacher to host this banquet, but came a little later because I had something important to attend to. Please understand." Mu Tianfang cupped her fists in respect.

The crowd responded politely, carefully taking their seats. Their gazes were still locked onto Mu Tianfang, never once leaving her figure.

Jiang Mufei's face was full of admiration, "That is Mu Tianfang? The rumoured personal disciple of the master of the Phoenix Cabinet?"

The personal disciple of the master of the Phoenix Cabinet? Su Yu was slightly surprised, Mu Tianfang had such a status?

It was no wonder that everyone present had to give her some respect.

She was a person that could learn directly under the master of the Phoenix Cabinet. They had come to the Phoenix Meet with the purpose of matchmaking. If they could leave a good impression, this might spread to the ears of the master of the Phoenix Cabinet and would definitely affect the matchmaking process.

Mu Tianfang was not anxious to sit, but instead scanned the Heaven Seats.

She could not help but crease her brows when she discovered only Liu Li and Zhou Nianchen, "Oh? Palace Master Yin Yu did not come?"

Yin Yu... Many of the geniuses froze.

Why did the personal disciple of the Phoenix Cabinet know Yin Yu? And to ask for him the moment she arrived?

Looking at the rows of Patrol Envoys, the hearts of many geniuses thumped. From their aura, it seemed that the Patrol Envoys were executing a mission just now.

Could that be to step forward and capture Yin Yu?

Liu Li lifted his brows, shooting a cold gaze at Su Yu, "How many times to I have to warn you? Causing trouble for me again? Getting more and more serious each time! Say, what heinous crimes did you commit for Leader Mu to personally head down to arrest you?!"

Hearing this, the crowd turned silent.

Palace Master Yin Yu had the guts to anger Mu Tianfang?

Zhou Nianchen gloated. He did not have to attack personally. There was someone to do that for him.

But what made everyone freeze was...

Mu Tianfang creased her brows, looking toward Liu Li, "Who are you?"

Palace Master Liu Li forced out a smile, "I am Palace Master Liu Li, greetings to Leader Mu..."

But without waiting for him to finish his sentence, Mu Tianfang interrupted, "Palace Master Liu Li, I am searching for Yin Yu because I have something to discuss with him. What kind of trouble has he given you? I have not even opened my mouth before you insisted that he committed a heinous crime!"

Mu Tianfang was not fond of Liu Li, "Since you are both members of the Empire of Darkness, shouldn't you be united against outsiders and take care of him? Why did you scold him in front of everyone, where is he going to show his face now?"

These words made Liu Li's facial muscles turn rigid, his expression unpleasant.

The crowd stifled their laugh, Liu Li was the truly embarrassed one.

But Mu Tianfang was looking for Yin Yu to discuss something?

What kind of relationship existed between the two?

Glancing at Liu Li, Mu Tianfang waved her hand at Su Yu, "Yin Yu, sit here. With your status and ability, you are qualified to sit at the Heaven Seats!"

Su Yu was a little surprised. Even though this Mu Tianfang was a little dense, she was not a bad person.

"There's no need. This place is quiet and quaint, why would I need to make myself unhappy by going there?" Su Yu smiled.

Mu Tianfang shot a glance at the sinister Liu Li, as well as Zhou Nianchen, who had an unpleasant expression. She curled her lips before sitting at Su Yu's table.

"Hehe, you sure are good at making everyone hate you!" Mu Tianfang gloated, recalling the first time she met Su Yu. She had also been driven crazy by Su Yu.

Su Yu raised his shoulder, "Thanks for the praise... So did you find the person that reported the incident?"

Mu Tianfang's expression turned stern, "No, furthermore..."

"Furthermore..." Su Yu's eyes shone, "Furthermore, the person that made the report has already been silenced, am I right?"

Mu Tianfang was surprised, observing Su Yu in shock, "Tsk tsk, I wouldn't be able to tell by your looks, but you are quite smart."

"He is dead, killed by a finger. There were no traces left behind." Mu Tianfang was frustrated.

Su Yu secretly let out a sigh. It would be best if this incident could be investigated, but he did not intend to stick his nose into this.

This incident had reached an end here.

"I would definitely investigate this incident and bring the perpetrator to justice." Mu Tianfang clenched her fist in anger.

Su Yu admired her, but did not think much about her chances.

To be able to make a Phoenix Woman like Zhou Jing willingly serve her and infiltrate the Yao family for three years, this person was not simple indeed.

Mu Tianfang might not have the ability to settle her.

Thinking for a moment, Su Yu secretly carved the words 'Zhou Jing' on a pendant, before silently putting it in Mu Tianfang's sleeve.

Even though she was a little dense, she might get some clue if she connected the dots between how Su Yu was pursuing Zhou Jing before appearing at the bloodied firewood shed.

"No matter, we admire the moon now!" Mu Tianfang lifted a glass of wine, downing its contents in a gulp.

"Guests, wouldn't it be to boring if there was only scenery to view, how about we add in some interesting events?"

After saying this, Mu Tianfang took out a handkerchief from her robe.

The handkerchief was white and embroidered with two colourful sparrows.

A mysterious fragrance was released by the handkerchief the moment she took it out.

That was the fragrance of a woman.

It was refreshing, like the scent of a white lily. One could not develop any indecent thoughts when they took a whiff of it. They only had an unspeakable admiration.

It was as if the crowd was looking at a white lotus, only able to look upon it from far away.

No one from the crowd developed any indecent thoughts after taking a whiff of such a fragrance.

Zhong Luan was distracted, involuntarily letting out a praise, "What a pure scent. Might I ask, whose body fragrance in this world could harbour such a pure energy?"

Su Yu was surprised, "Divine Decree? And the Divine Grade at that?"

It was under the effects of the invisible Divine Decree that the crowd was feeling such a boundless purity.

Everyone present, except for Su Yu, could not resist the effects of this pure Divine Decree, for he was the only one who wielded the Divine Grade Divine Decree.

In his cultivation journey, this was the first time Su Yu saw someone control the Divine Grade Divine Decree other than himself.

Just who was the owner of the handkerchief?

"This pure aura, could that be..." A fiery passion burned deep in Zhou Nianchen's eyes.

Mu Tianfang had a faint smile, "Looks like this person needs no introduction. You already know who the owner of the handkerchief is."

"That's right, this handkerchief is among the personal belongings of the number one Phoenix Woman, Feng Xian!"

Hearing this, the crowd had strange expressions.

Many of them feigned composure, but they could not shift their gazes away from the handkerchief.

Their eyes burned with thirst and admiration.

Jiang Mufei smiled as she surveyed the surroundings, noticing that Zhong Luan was also smittenly looking at the handkerchief. She could not help but have an unhappy expression, pouting her lips as she grunted, "That woman is more promiscuous than a fox spirit. What greatest Saint Lady of the northern continent, never before seen, I think she is just a fox spirit."

Zhong Luan shook his head with a smile, "Mufei, it is dishonourable to slander someone like that! This woman Feng Xian is indeed pure as ice. Her purity is unparalleled."

"It is rumoured that when she came out of her meditation, a lucky beast descended from the heavens, apparently, the only immortal Unicorn appeared to be her ride."

"The Unicorn was born in the heavens and is the spiritual beast with the most spiritual qualities. There is only one in the Zhenlong Continent! It only likes to stay around pure objects. This is the first time in history that the Unicorn had came close to a human. That is proof that Feng Xian's purity is unparalleled."

Was there such a rumor? Su Yu was shocked. In just a year, the bubbly and cute genie that was Xianer had transformed into a noble and pure Saint Lady?

Thinking about this, Su Yu was even more deep in anticipation of his reunion with Xianer. He wanted to witness her transformation.

"I was merely jesting." Jiang Mufei pouted in injustice. "But she might overestimate her status. Did she want to use just her handkerchief as the reward for the spar? If all the men promised to spar just because of this, they might be too useless..."

"Leader Mu, may I ask if that is the reward for the spar? If it is, I am willing to be the first one to volunteer for the spar!"

Mu Tianfang nodded with a faint smile, "Of course!"

Hearing this, the other youths grew excited.

"Tsk! Li Shulin, when did you have the right to take the first spot? You cannot even last twenty rounds in my hands! This handkerchief belongs to me, Gui Hedeng!"

"Wait! You Immortal Realm Level Three Lower Tier side characters should not pine for the handkerchief of Feng Xian!" An Immortal Realm Level Three Upper Tier fighter left his seat, arriving at the center of the banquet.

"Zhang Ziling, what are you arrogant about? This is not a place for you to cause trouble! A person like Miss Feng Xian cannot be violated by someone like you! Look at me!" Another Immortal Realm Level Three Upper Tier fighter leapt to the center of the stage.

In the blink of an eye, the entire Full Moon Stage was bustling with activity...all for the handkerchief of Feng Xian.

"You... You bunch of useless men, how infuriating!" Jiang Mufei clenched her teeth in anger, rising as she slammed her fist on the table.

"Get down all of you! No one other than me can get that handkerchief!"

The crowd turned silent when Jiang Mufei showed herself.

A woman like her had also come to fight for Feng Xian's handkerchief, shocking everybody present.

But what made all of them gasp was Jiang Mufei's abilities. She was the second Heavenly King of the Shentian Manor! Who dared underestimate her abilities?

Zhang Ziling and the other person returned to their tables, their faces filled with injustice.

They would not be able to last more than a few moves under a lass like Jiang Mufei.

Proudly lifting her head, Jiang Mufei's gaze flickered. She was looking toward Su Yu with a faint smile, "Brother Yin Yu, do you want Miss Feng Xian's handkerchief?"

Su Yu did not know whether to laugh or to cry. Her first opponent was him.

She had nagged for a spar with Su Yu just now, to think that she had found her chance so soon.

Without mincing his words, Su Yu rose readily, "Alright! I'll accept the challenge, I do not wish for another man to sully Xianer's possession."

Even though it was merely a handkerchief, he would be uncomfortable if some other man obtained it.

This was especially so for vulgar people. It was better to stop them from committing a disgusting act like lusting for her after obtaining her handkerchief.

Zhong Luan put down the teacup in his hand, his expression stern, "Fine, I also wish to observe the true power of the legendary genius."

In that moment, they were in the center of the spotlight, many excited for their battle.

To be able to personally witness the abilities of the elusive legendary genius of the northern continent was cause for excitement indeed.
