Chapter 601: The All Creation Realm Hong Luan

The one who managed to laugh last was still Su Yu, although, he didn't really believe that he had defeated Gu Taixu. The person before him was just a part of Gu Taixu's soul, and his true self's power was a hundredfold that of the current him. Even if Su Yu used all of his means and power, he would still be incapable of facing even a hundredth of his true power!

Crack!

After Su Yu collected his objects, he destroyed the ice that was on Gu Taixu's body.

"Something seems amiss." After he saw Gu Taixu's soul through the fissures, he immediately realized that something was off.

He saw that Gu Taixu's soul, which bore the brunt of the origin's explosion, was unexpectedly intact and completely undamaged. Su Yu noticed that there was a jade sculpture of a cat-like demonic beast in his palm, and the jade cat was filled with countless cracks. In fact, it was almost shattered.

Gu Taixu didn't suffer any injuries, as he had activated the jade cat to put off the explosion and gain some time, which he used to avoid the explosion's destructive power! He was now frozen as a repercussion.

"Did you finally notice it?" An ice-cold and deep voice transmitted from the ice sculpture.

Bang!

Then, a terrifying pressure burst out of the ice sculpture. Such pressure, which was near the Divine Master Realm, had an indomitable aura, and it could cause one suffocate from despair.

"Even a hundred deaths aren't enough for you to compensate for destroying my supreme treasure." Gu Taixu's upright and tall body came out of the shattered ice sculpture.

His eyes, which shone like the moon and stars, looked down at Su Yu, while his previous cold expression changed, now brimming with killing intent. Gu Taixu was clearly infuriated.

Su Yu's heart sank. After such a bitter battle, he had already exhausted his whole body's Vital Energy and Spiritual Energy. His situation had drastically changed.

"Die!" As Gu Taixu waved his hand, a powerful gale swept through the sky. The Mysterious Heavenly Divine Pavilion started to rumble, causing the surrounding to experience a drastic change.

Despair welled up in Su Yu's heart as he faced Gu Taixu's attack. His exhausted body didn't have any power left, and the powerful gales before him would surely soon rip it apart.

Bang!

As the crazy tempest, which was capable of tearing even souls apart, neared him, Su Yu gave into his despair. A faint and bitter smile appeared at the corners of his mouth, while regrets filled his heart.

As the tempest neared him, Su Yu prepared himself to accept his fate. However, he didn't feel the intense pain that he had expected to, even after a long while. The boundless tempest evaded Su Yu, completely going around him and disregarding him!

Su Yu was startled. What happened?

Su Yu could faintly hear the deep and anxious voice of Gu Taixu, who was outside of the tempest. "Who's there? Who's hidden there?" His anxious shout was filled with dread and shock.

The tempest instantly dissipated, and a person appeared before Su Yu. She wore clothes that were whiter than snow, and she had a curvaceous body, with a white lotus imprint on her chest. She was none other than the White Lotus Faction's Sheng Xuelian!

She clasped her fair hands behind her back, and Sheng Xuelian, whose cultivation was obviously just at the Half Fairy Realm, unexpectedly had the demeanor of some profound and powerful expert. It was because of her that the tempest had dissipated all by itself and didn't dare to approach or harm Su Yu.

Su Yu was incapable of comprehending what was happening now. He had already fought against her once in the seventh layer stone forest's teleportation formation. At that time, she was weaker than even Su Yu, so he was confused as to what was happening now.

"You aren't Sheng Xuelian! So, who are you?" Su Yu retreated now, warily keeping his distance from this seeming impostor. This woman gave him a strange and peculiar feeling.

Sheng Xuelian looked back at him and revealed a faint smile on her pretty face. "Shouldn't you first thank me, as I just saved your life? After all, when Lü Chuyi saved you, you gifted her a Heavenly Orchid Silver Bamboo, but when I saved you just now, you instead became wary of me!"

What? Sheng Xuelian had unexpectedly witnessed such a scene?

Did this mean that even Gu Taixu, who was there at that time, was unable to detect this woman's presence?

Su Yu was quite astonished. What was her secret?

"Who are you?" Gu Taixu spoke now, his expression extremely grave and dignified.

Sheng Xuelian had only been looking at Su Yu, so she didn't take even a single look at Gu Taixu while replying, "What's happening here doesn't concern you, so leave!"

"Your Excellency, aren't you being somewhat too..." Gu Taixu wasn't pleased with her attitude, but before he could even finish his words, a faint blue layer appeared on his body. It was a layer of blue crystals!

Sheng Xuelian didn't make a single movement from beginning to end, as just a single thought of hers caused Gu Taixu's whole body to be covered with crystals!

“This is the supervisor Hong Luan’s technique! You are...” Gu Taixu’s eyes contracted until they became as thin as a needle, and he seemed like he had just witnessed some astounding scene.

“If you knew this, then why haven’t you left yet?” Sheng Xuelian calmly inquired. “Since his excellency once mentioned your name, then I won’t kill you today, so don’t give me a reason for wanting to kill you now!”

“It’s truly you, the supervisor Hong Luan...” Gu Taixu’s face was filled with shock, and he truly wanted to ask her why she had appeared here with such a woman’s form and status.

He also wanted to ask her how she managed to enter into the Mysterious Heavenly Divine Pavilion. However, he didn’t dare ask her.

“You truly have good luck.” He viciously looked at Su Yu before he flew through the air and left. “But, you won’t have such good luck the next time we meet.”

Su Yu clenched his fists as he watched Gu Taixu’s retreating back.

There was a great disparity between him and Gu Taixu. The humiliation that he had suffered today was just because he was too weak, and if Sheng Xuelian hadn’t intervened, he would have already been turned into a lifeless corpse!

Su Yu hid his emotions, and started sizing up the woman before him. Hong Luan was an All Creation Realm Old Monster, yet the person standing before him seemed to have a mild bearing. In fact, if he hadn’t have just learned her status, he would be incapable of linking her to an All Creation Realm expert!

“Are you surprised? I’m also surprised that the mysterious person who got the Real Spirit is the silver-haired youth, Yin Yu.” Hong Luan faintly smiled. Her smile had an alluring and captivating charm.

Hong Luan had already witnessed the Dry Cloud Five Elemental Formation that was used by Su Yu in the seventh layer, and although Su Yu was hiding his face, he could not hide his identity.

As she smiled at him, Su Yu became somewhat absent-minded, as if she had captured and captivated his mental powers.

Buzz!

The Divine Nine-Dragon Cauldron in the deepest part of his mind slightly shook, bringing Su Yu back to his senses. Su Yu was startled and immediately retreated before asking in a cold voice, “What’s the meaning of all of this?”

Hong Luan softly exclaimed, “You have an extraordinary treasure in your soul, and it unexpectedly has a high and profound soul defense. In fact, it seems like even if I didn’t intervene, you wouldn’t end up dead!”

Su Yu was shocked to hear this. It was the first time someone had managed to detect the Divine Nine-Dragon Cauldron’s presence!

“Even though you saved me, you mean that you don’t really care about my life?” Su Yu’s expression was somewhat gloomy. He didn’t believe that Hong Luan would save him for no reason at all, as they weren’t close or on friendly terms.

“Hehe, you are shrewd and clever as always. I’m truly fond of clever juniors.” Long Huan softly chuckled, and the chuckle had an oddly charming power.

The Divine Nine-Dragon Cauldron was unceasingly shaking and emitting a faint crimson liquid, which let Su Yu maintain his sanity.

Was this an All Creation Realm Old Monster? Countless emotions surged in Su Yu’s heart.

The Divine Nine-Dragon Cauldron would emit such a crimson liquid only when his soul was experiencing intense stimulation. Just her innate charm was already capable of causing the Divine Nine-Dragon Cauldron to have such an intense response. As Su Yu felt like a great crisis was nearing him, he became somewhat restless.

“You aren’t mistaken. I saved you just to verify the lassie Shangguan Qing’er conjecture. I had to see whether you truly had an Ancient Spirit Body like she said.” Sheng Xuelian tapped Su Yu with her fair finger.

Su Yu wasn’t capable of dodging it in time, and his body immediately stiffened, as if it had been bound and confined by some divine power.

He couldn’t even blink his eyes, let alone move a finger. Su Yu had completely turned into a weak puppet! Hong Luan took light steps as she strode forward, her fingernail lightly cutting Su Yu’s forehead, causing a drop of fresh blood to flow out of it and fall on the tip of her finger.

“All Ancient Spirit Bodies have a different bloodline than ordinary people, and I can easily tell whether you have an Ancient Spirit Body by checking your blood.” She then put the drop of blood on an ancient and aged jade slip.

Cryptics letters were written on the jade slip, taken from an ancient language that Su Yu had never seen before. As his blood essence fell on it, it didn’t fuse or enter it, even after a long while. As such, it was calm and didn’t have a response.

“It seemed like that lassie just misunderstood, as you appear to just have an ordinary mortal body. You also don’t seem to have any ancient bloodline.” Her expression was calm and indifferent.

However, Su Yu was somewhat bewildered as to why Shangguan Qing’er was so assured and certain that he had an Ancient Spirit Body.

“She still lacks experience, so she was deceived by your outward aura.” Long Huan observed Su Yu for a while before her gaze fell on his right arm. “You truly don’t have an Ancient Spirit Body, but it seems like a spatial treasure is hidden within your body, and the Ancient Spirit Body is in that treasure! It was because of this that Shangguan Qing’er mistook you for having an Ancient Spirit Body!”

Su Yu was overwhelmed with shock, as she had discovered the Nine Jade Spiritual Pearl! What was even more shocking was that the Ancient Spirit Body, which even an All Creation Realm old monster was looking for, was within his Nine Jade Spiritual Pearl.

Who is this mysterious Long Huan? After all, there were only three people in the Nine Jade Spiritual Pearl, Wu Aoyue, Long Wuxin, and Qin Xianer. If Wu Aoyue had an Ancient Spirit Body, then how could she, who was a faction disciple, not be noticed by them, thus ending up as just an ordinary Outer Sanctum Disciple?

As for Long Wuxin, although she had an extraordinary fighting prowess, her physique wasn't special in any way. As such, this meant that the true Ancient Spirit Body wasn't Su Yu, but Qin Xianer!

Su Yu was quite astonished. Why was an All Creation Old Monster looking for an Ancient Spirit Body? Would she harm Xianer?

Su Yu became quite anxious and restless.

"I will immediately know the truth after investigating further!" Long Huan strode forward, and her fair finger went towards Su Yu's arm.

Swoosh!

However, at this moment, Sheng Xuelia stopped in her place and looked toward a distant forest. "After hiding for so long, you are finally willing to show yourself?"

An extremely beautiful woman flew out of the forest and came over. She had a peerlessly beautiful face. She was Xia Jingyu!

Su Yu was quite astonished and anxious, as he clearly knew why she was here. Moreover, as he was presently confined, he couldn't even warn her with his eyes, but could only helplessly look on as she flew over!

"Sister Jingyu." Long Huan sweetly smiled.

After Xia Jingyu came over, she looked at her and said, "I am the Ancient Spirit Body you are looking for!"

Chapter 602: Bloodline of the Divine Lady

Xia Jingyu's first sentence caused Su Yu's hopes to plummet!

His heart felt cold all of a sudden. If one said Xia Jingyu was an Ancient Spiritual Body, Su Yu would not doubt it at all!

Her inhuman comprehensive abilities had been noticed by not only Su Yu, but also by Xia Jingyu herself. She was not a normal human!

"You?" Sheng Xuelian could not understand it. "Are you trying to save him distracting my attention?" Xia Jingyu's feelings for Su Yu were clearly known by Sheng Xuelian.

"Whether I am an Ancient Spiritual Body or not, you could easily find out with a test. Besides, you have been close to me all this time. Did you not have suspicions about this already?" Xia Jingyu's eyes looked calm.

As an All Creation Old Monster, it was difficult to comprehend why she would associate herself with someone as plain as Xia Jingyu, much less call her sister. Even though Xia Jingyu had pretended not to notice it, she was not oblivious to it.

Sheng Xuelian laughed nonchalantly. "Hehe, do not worry. I have no evil intentions. I only thought that you had incredible beauty. I wanted to bring you with me to meet my lord. I believe that you will be very fortunate in this lifetime."

It was not difficult to hear from Sheng Xuelian's tone that the fortune that she spoke of was not the usual kind of fortune. What she mentioned was regarding Xia Jingyu's beauty. There was no way of telling what kind of fate awaited her.

"Let him go. I will follow you," Xia Jingyu said calmly.

Sheng Xuelian was shocked. "For a mere mortal? Is it worth it?"

"I am willing to risk it," she replied.

As she looked deeply at Xia Jingyu, Sheng Xuelian shook her head gently. "He is indeed well above average. However, the world is so big. In front of someone who is truly outstanding, he is still a mere mortal not worth mentioning. Once you follow me and see the bigger world, you will understand why I say these things."

Xia Jingyu remained silent. Her beautiful and clear eyes remained locked onto Su Yu. In the past, when Su Yu was a young country boy and was downtrodden, she had already secretly harbored warm feelings for him.

She liked him not because of his status or abilities, as it did not matter whether he was outstanding or not to her. All that mattered was the immense feeling of missing him that grew in her gut as the days went by.

The memories that were forever etched in her heart never faded. She liked him, and that was all she needed to know.

"Let him go. I will follow you," Xia Jingyu said, while she retrieved a drop of blood essence from between her brows and shot it towards Sheng Xuelian. "I have the beauty that you want, as well as the spiritual body that you desire. He was influenced by me, and that was why Shangguan Qinger misunderstood everything."

When the misunderstanding had happened, she had been next to Su Yu the whole time. They even shared the same Divine Decree.

"Influenced?" Sheng Xuelian shook her head gently. Xia Jingyu was trying to cover for him. She understood that. However, she still grabbed the blood essence and poured it on the jade letter.

Her bright pupils were filled with a hidden sense of hope. Xia Jingyu was very confident.

Sizzles.

A strange scene occurred. When the drop of blood essence landed on the jade letter, it instantly was absorbed by it.

Some ancient words appeared on the surface of the jade letter, then gradually came off, spinning in the air and grouping together. The words, which were at first unfamiliar, suddenly became words that even Su Yu could understand once they were joined together.

Divine Lady Clan Bloodline, third grade purity...

The brightly flashing words caused Sheng Xuelian to become extremely excited, and her eyes started to glow. "You really are an Ancient Spiritual Body!"

Even an All Creation Old Monster like Hong Luan could not conceal her shock when gazing at an Ancient Spiritual Body! The spiritual body was an existence that belonged to the myths in Jiuzhou. It was even rarer than an All Creation Old Monster!

Each one of them would have indescribable innate talents and abilities. In the future, they would, at the very least, be of the Divine master level. Breaking through as an All Creation Old Monster was no easy feat!

Whenever an Ancient Spiritual Body appeared in the Jiuzhou Continent, it would definitely cause a commotion, and competition would increase exponentially between all of the parties.

Acquiring the Ancient Spiritual Body would mean acquiring an underlying All Creation strong martial artist. As such, everyone would not fight for this with all of their might. In fact, the Ancient Spiritual Body was even more precious than a Real Spirit!

"The bloodline is so strong! It has third grade purity! This is unbelievable! Gu Taixu is also an Ancient Spiritual Body, but his bloodline is barely even half a grade. At such a young age, he has already achieved a later stage Divine master level. What more can be said?" Hong Luan was an Old Monster, who had been training for many years. Even she was shocked, as a third grade was definitely a high tier spiritual body!

Xia Jingyu asked immediately, "Then, can you let him go?"

Sheng Xuelian's excitement continued to show on her face. However, she still had her wits about her. After remaining silent for a short moment, she gently shook her head. "I am afraid you cannot have what you wish for! However, do not worry. I will not hurt him."

Sheng Xuelian did not want to offend Xia Jingyu too much. "Although Shangguan Qinger did not have enough experience, the compass that was used to examine the Ancient Spiritual Body was crafted by Mo Tianxuan. Since it pointed at him, there can be no mistake!"

She then added, "As for the influence you mentioned, younger sister Jingyu, I know you are trying to protect him. However, I still have my responsibilities."

After she finished speaking, her finger lightly tapped on Su Yu's arm. The Nine Jade Spiritual Pearl shone brightly, then gradually appeared on Su Yu's arm.

Thereafter, Sheng Xuelian's soul entered it. Immediately, Su Yu's heart sank to the bottom of the valley. He was extremely angered by this!

Xia Jingyu had exposed herself for him and sacrificed herself for his sake. She even offered her body, yet this was still insufficient. Xianer would still be dragged into all of this!

As for himself, he felt like a piece of useless trash, as he was helpless. He could not do anything!

Such feelings of shame and uselessness brought Su Yu back in time to when he was at Xianyu prefecture's martial arts training institute. He remembered being that guy whose woman was taken away from him, yet he could not do nothing! All of it was far too familiar.

He was also angry at himself for being useless!

If I cannot even protect a woman, how can I ever repay my debts? Can I really watch as my woman is taken away?

This drastic change in Su Yu's emotions caused the Divine Nine-Dragon Cauldron to vibrate immensely. Three drops of blood-like liquid fell from within the cauldron into Su Yu's veins.

A light buzzing sound could be heard, as Su Yu's eyeballs moved around slightly. He had managed to overcome the restrictions of an All Creation being! However, only his eyes were capable of moving.

No one noticed that, within Su Yu's eyes, a bright white light was shining. Also, a pale white frost dragon was swimming in his eyes!

The Divine Nine-Dragon Cauldron shook two more times. Thereafter, the white dragon and the purple dragon, followed by the red dragon, all turned into crystals!

Su Yu's eyes acquired a change in their nature once again, and a new kind of power was born! At the same time, Sheng Xuelian, who had entered the Nine Jade Spiritual Pearl, returned with her soul.

"That is strange. Could that Shangguan Qinger really have made a mistake?" The really strange thing was that Sheng Xuelian did not discover anything!

If she did not discover Qin Xianer and Long Wuxin, that would be the end of the story. After all, Su Yu had isolated them both.

However, there was no way that she did not discover Wu Aoyue, as she was not isolated! In fact, she could have not even noticed the nursery garden with the Supreme Growing Soil...

Right then, a muffled voice could be heard in Su Yu's ears. It sounded urgent. "What have you done? How did you get involved with an Old Monster of the All Creation level?" It was the remnant soul of the white nine-tailed fox!

The fox added, "Luckily I was able to react in time and concealed the space with my illusory trick. All she saw was a piece of empty space. Otherwise, you and I would both be in trouble!"

Hearing this, Su Yu relaxed in his heart. He nearly forgot about the existence of the mysterious remnant soul.

"Elder white fox, could you lend me a hand?" Su Yu asked urgently.

The white nine-tailed fox responded, "I will have to disappoint you. I am merely a remnant soul. Concealing myself from her is already approaching my limit. There is no way that I could be a threat to her!"

As she finished speaking, the white nine-tailed fox sunk into silence. For her, if Su Yu died, there would merely be a change in the ownership of the Nine Jade Spiritual Pearl. However, if she died, she would disappear completely.

Su Yu's heart sank even further. Now that Sheng Xuelian was done with her inspection, she would take Xia Jingyu away to meet the lord whom she had mentioned.

With Xia Jingyu's beautiful looks and shocking body quality, she would definitely be taken as a hostage. She would then have to become the lord's woman!

Biting his teeth, Su Yu's soul entered the small jade box in his bosom. Master Yun Yazi's soul body was resting within it.

The only person Su Yu could count on was this cheap master of his. From the moment Su Yu became his disciple, he had only given him the Heaven's Son Gazing at Air book from an unknown source.

From then on, he had never given Su Yu any guidance in his training. He even mentioned that, regardless of any danger Su Yu faced, he would not intervene on his behalf. He did this all for the sake of removing Su Yu's hopes for aid, so that he could activate his own innate abilities to rely upon in dire situations.

In this way, even if Su Yu's life was in danger, he would not help. Of course, if Su Yu truly died, he would kill the opponent as a sort of revenge for his disciple.

Su Yu had always remembered this. Therefore, regardless of any kind of dangerous situation he faced, he had never asked for help. Today, Xia Jingyu was willing to sacrifice herself for his sake. Since he could not help her himself, he had to ask for his master's assistance. After all, it was not for his own sake, but for Xia Jingyu's!

Su Yu's soul appeared in the small jade box's space. Yun Yazi's figure, which had not been seen for a long time, appeared to be quietly resting in a cross-legged position.

Su Yu greeted his master and called out to him lightly, "Master!"

As Yun Yazi slowly opened his eyes, a look of confusion flashed across them. Since the last time that they had met, he had been quietly recovering his soul and had been training for many days. He had only awoken just now.

"What is the matter?" Yun Yazi asked.

Su Yu found it hard to explain. He struggled for a moment before speaking. "Please, master, help me save someone."

Yun Yazi was silent for a while. He then sighed softly. "You broke your promise in the end."

Su Yu was gravely ashamed of his incapability to save her himself.

"Please help me, Master." Su Yu bowed his head in a reverent manner. "She is the most important person in my life. I can die, but she cannot."

Xia Jingyu had said the same thing about him. I can die, but he cannot! This time, the same scene was unfolding!

"As long as you help me, your disciple will agree to anything that you ask of him." Su Yu begged genuinely now.

Ever since that time at Shenyue island, Su Yu had never asked for help from anyone. He had also never been this downtrodden nor begged for help this shamelessly. It was all only because he now faced a danger that he could not overcome.

“Get up. This downtrodden look is something that I cannot bear to see.” Yun Yazi frowned at him as he spoke.

Su Yu’s heart relaxed. “Does this mean that you agree to help?”

Yun Yazi seemed cold. “I have said before that I will not assist you. This is my promise. There are no exceptions!”

Yun Yazi was close to being heartless as he commanded him, “Get out immediately!”

“Master?” Su Yu was panicked.

However, Yun Yazi remained unmoved. As he waved his sleeves, Su Yu’s soul was chased out from the small jade box.

After coming back to his physical body, Su Yu was extremely disappointed. He had begged so shamelessly, yet his master had still not been moved to help.

What will happen to Xia Jingyu? She was about to be taken away, and all because of him, she would become someone else’s hostage!

Chapter 603: The Defying Will Appeared Once Again

Hatred welled up in Su Yu’s heart, as he was wondering if his oath was really that important. He obviously knew that his disciple’s beloved woman would shortly be stolen from him, yet he was still aloof and indifferent. But, what he hated the most was that his weakness and uselessness had caused all of this.

“You are probably right.” Sheng Xuelian said.

After pondered for a while, she acknowledged Xia Jingyu’s assumption. Xia Yujing’s Ancient Spirit Body should have influenced the surroundings and caused Shangguan Qiner to misjudge it.

Sheng Xuelian became relieved. After all, Ancient Spirit Bodies were extremely rare, and the appearance of even one of them like Xia Jingyu was a miracle in itself. It was truly delusional to dream and anticipate the appearance of another one.

“Let him go,” said Xia Jingyu.

Sheng Xuelian nodded, then took Su Yu’s spatial ring with her fair hand, and while thoroughly disregarding Su Yu, she let her soul enter it.

“Well? There are many precious objects here,” exclaimed Sheng Xuelian in a soft voice.

A multi-colored radiance shone from the ring, as the Five Elemental Strong Thunder Seal came out of it. Sheng Xuelian started sizing it up as she held it. “It’s truly a Fairy artifact, and although it’s just a prototype, it’s still a real Fairy artifact.”

“It’s quite timely, as I just advanced into the All Creation Realm, and I still haven’t refined my own Fairy artifact. So, I will temporarily make do with this thunder Fairy artifact.” Sheng Xuelian calmly and indifferently took it, without any awareness that this was another person’s possession.

Anger and grief welled up in Su Yu’s heart at the sight. Have I fallen so low? Even my own magical treasures can be casually taken from me?

“Stop! Those are Su Yu’s objects, so you shouldn’t touch them.” Xia Jingyu tried to prevent her from taking anything.

Sheng Xuelian didn’t care enough to even look at her, much less look at Su Yu. She just continued searching the ring, as if there wasn’t anyone besides her there.

She then calmly spoke. “Sister Jingyu, he’s just a worthless existence who I can kill or spare as I want, and taking his treasure is the price for letting him go, so you should be glad that he had some treasures worth taking! Otherwise, I would have silenced him long ago to prevent your status as an Ancient Spirit Body from leaking out.” After all, a person like Su Yu was completely worthless in her eyes.

Swoosh! Swoosh!

Two other light spheres flew out of the ring. These were the Real Spirit Dragon Veins and the Great Sun Punishment Fairy Picture.

“Those two objects are still acceptable, as I can exchange the Real Spirit Dragon Veins for some useful materials, while I can bestow this incomplete Fairy level cultivation technique to some people of the younger generation,” Sheng Xuelian said.

“As for the Heavenly Orchid Silver Bamboo’s sapling, it’s also a precious object, and it can spare me much trouble and effort.” Sheng Xuelian revealed a faint smile after she found the Heavenly Orchid Silver Bamboo’s sapling, which she promptly stored away in her bosom.

Sheng Xuelian nodded contentedly. “Not bad! I had a good harvest!”

She then waved her hands and freed Su Yu from his confines. “The remaining objects are useless to me, so you can keep them.” She was speaking as if she was being quite merciful and generous.

“Sister Jingyu, let’s leave. I will take you to see his excellency.” Sheng Xuelian pulled Xia Jingyu’s hand, while revealing a faint smile as usual. From beginning to end, throughout the entire ordeal, she didn’t even look at Su Yu once.

“Wait!” Su Yu shouted after them in a deep voice. “Who are you referring to by ‘his excellency’, and why are you taking her away for?” What Su Yu was concerned about at this moment wasn’t his stolen treasures, but the fate of Xia Jingyu.

Sheng Xuelian replied, “He’s a person who you will never come into contact with, as he is a king! As for sister Jingyu, she’s extremely beautiful, charming, and possesses an Ancient Spirit Body. As

this is the criteria for the king's concubines selection, I believe that sister Jingyu should become his third concubine."

She smiled, then added, "From now on, she will turn into a phoenix soaring in the sky, and if you care about her well-being, then you shouldn't contact her ever again! Now, the two of you shall have completely different fates."

Sheng Xuelian apathetically shook her head. "So, if you don't have anything else to add, then your relationship will end here."

Hearing this, Su Yu's heart throbbed with pain. Xia Jingyu would be taken as someone else's concubine! As Su Yu clenched his fist, he felt like his heart was dying.

"Wait! Can you please leave us alone for a moment? I want to bid him farewell," said Xia Jingyu.

Although Sheng Xuelian was displeased by her request, since Xia Jingyu would surely become a royal concubine, and in the future, she might even need to lower her head to her, Sheng Xuelian relented, as she wasn't willing to offend her too much.

"Fine, but, only for a minute." Sheng Xuelian begrudgingly left them alone, but still whispered in a soft voice before leaving, "What's so great about him? I only see trash..."

I'm just trash? Su Yu clenched his fist even tighter after overhearing her final words.

"Brother Yu..." In a trembling voice, Xia Jingyu spoke to him. She could no longer bear her sufferings, and with her eyes flushed red, she pounced into Su Yu's embrace.

As Su Yu embraced her, the pair could no longer hide their feelings. He loved Xia Jingyu, just like she had always loved him. The pain he felt, knowing that he would shortly lose her, rendered him incapable of hiding his feelings any longer.

"Brother Yu." As she felt Su Yu's hands tightly holding her waist, she finally clearly understood his feeling for her for the first time. Her world became filled with indescribable colors and warmth.

She was moved by his affection towards her, and her excitement, along with such emotions, turned into tears, which flowed freely from her. Even though this should be a sorrowful separation, Xia Jingyu felt delight and joy welling up in her heart.

This day would probably become one of the most unforgettable, exciting, and colorful days of her life. It was on this day that she discovered that her crush loved her back, and that their hearts were truly joined together.

"Jingyu, I..." Su Yu became even more pained when he saw the excitement and joy on her face. All of this goodness had come too late!

"Don't speak! I understand. I'm willing to do it. I can bear anything for you, without having any regrets." Xia Jingyu extended her fair finger and placed it on Su Yu's lips, then sweetly smiled. Her smile was bright and splendid.

Xia Jingyu seemed soft and gentle on the outside, but she was really quite firm and tough. After such a farewell, Su Yu knew that they might not just be in different corners of the world, but that she wouldn't be in the world of the living at all anymore.

This was because she would surely choose death, killing herself, over a life as a concubine. Su Yu was absolutely sure of this.

"Brother Yu, don't speak. Just let me sit peacefully with you for a while and enjoy our embrace, like how we were that one night under the pear blossoms in the moonlight." Xia Jingyu peacefully closed her eyes and enjoyed his embrace, which she hadn't gotten to experience for a long time.

Her face couldn't help but become somewhat flushed as she faded into memories...

Their meeting amid the pear blossoms under the moonlight in the palace of the Duke of Xianyu was just a day before Su Yu's wedding. It had been their first meeting. Ever since that day, she had adored being in Su Yu's arms.

"Brother Yu, I love you, maybe even too much." Xia Jingyu buried her face on Su Yu's chest, as she mustered up her courage and confessed her feelings to him. "From that day amid the pear blossoms under the moonlight, I have loved you, and I always will love you."

She blushed, then added, "I love how you value people, kindness, and grace, and I love how you are righteous and sentimental. I also love how you always create miracles, and I never once thought that there would be someone who can shock me as you do, leaving a forever mark on my soul, which will also be forever carved in my heart."

Su Yu didn't feel the least bit of excitement or joy while he listened to Xia Jingyu's confession. He only felt pain and resentment.

"I never once thought that I could one day lay in your embrace. I never once thought that you would one day hug and embrace me. I never once thought that you would love me one day. Brother Yu, I'm quite happy and excited!" Xia Jingyu quietly wept.

"Thank you for giving me one last hug." Xia Jingyu's shoulders were trembling, and as she raised her head, two streams of tears flowed down her face. They were extremely beautiful, yet also sad.

She stood on her tiptoes, raised her head, and met Su Yu's lips with her own. Her softness and sweetness shook Su Yu to the core.

As they kissed each other, they stepped over the best friends boundary, and their relationship changed completely. This was Su Yu's first kiss, as he had never once embraced or kissed even Qin Xianer.

Su Yu quietly enjoyed it, while a rebellious will rose in his heart. I mustn't lose her! I absolutely must not lose her!

Swoosh!

The sound of someone flying in the air echoed. Sheng Xuelian had returned.

“This place will shortly close, so we don’t have much time left. Jingyu, let’s go.” Sheng Xuelian interrupted them, then pulled Xia Jingyu from Su Yu’s embrace while thoroughly ignoring him.

Even though she was wrenched from Su Yu’s embrace, Xia Jingyu still put on a bright smile.

“Brother Yu, I’m already satisfied. You don’t need to worry about me. Just live happily...”

“Stop!” Su Yu shut his eyes for a while, and when he opened them, a resplendent glow shone from them.

Sheng Xuelian, who was just about to leave, suddenly felt a terrifying chill, which made her heart palpitate. She turned her head around to face Su Yu, her heart shuddering.

She then mumbled, “What a powerful defying will!”

His defying will could even infuriate heaven, and it could also turn back the wheel of destiny. It could even annihilate all unfairness and unjustness!

The clouds surrounding them all started rumbling, while the forest’s leaves startled rustling and countless creatures fled in a panic. The rise of his defying led all of the creatures to retreat in reverence, as if such a defying will was being emitted from heaven itself! The current Su Yu didn’t even seem like a human, but more like a demon, a person who was abandoned by heaven and who willingly chose to become a demon!

“You have a powerful will! If someone like didn’t die early on, then you would surely have become a great person in the future!” Sheng Xuelian gave Su Yu a proper assessment for the first time. His strong will had left her heart somewhat restless.

“If it wasn’t for Xia Jingyu, then I would kill you.” Sheng Xuelian averted her gaze and calmly spoke. “You should thank her, as you are truly blessed with good fortune in ever having met her.”

“I said, stop!” Su Yu repeated it once again, and his whole body’s aura became somewhat peculiar and odd. At that moment, an evil energy started gradually spreading throughout his body.

Sheng Xuelian, who was flying away, suddenly turned her head back, while her pupils contracted. “What is that evil energy?”

She became somewhat restless, and her instinct was informing her that an extremely evil entity that was within Su Yu’s body was awakening. She was somewhat afraid of it, so her killing intent had arisen.

“Kneel down.” As Sheng Xuelian raised her hand, all of the Spiritual Energy in a hundred-mile radius condensed, then turned into a large mountain!

Bang!

The ground shook and trembled, then sank down a dozen meters. Meanwhile, Su Yu was oppressed, then forced down into the deepest part of the ground.

“Brother Yu!” Sheng Xuelian cried out in alarm, while her complexion became deathly pale.

Su Yu’s body sustained severe injuries, and he had already exhausted his whole body’s Vital Energy and Spiritual Energy, so there wasn’t any difference between the current him and a mortal. Hence, such a strike was enough to make a meat paste out of him!

Sheng Xuelian slightly furrowed her brows. This Su Yu isn’t really as terrifying as I expected...

Chapter 604: Dark Su Yu

“Your aura is certainly sufficient. However, your capabilities are too weak. You are still useless.” Sheng Xuelian had a calm expression on her face. She was too lazy to inspect the outcome. “Jingyu, he asked to be killed. Do not blame me for not giving him a chance.”

Xia Jingyu lost it at this point. Finding that Su Yu was dead, she could not accept the reality! The only person that she had ever loved with all of her heart had died!

Immediately, a coldness filled Xia Jingyu’s eyes. “You killed him!”

“His capabilities were too weak. There is nothing to regret about his death,” Sheng Xuelian said coolly.

Xia Jingyu’s eyes gave out a murderous look. “Kill me then! If you do not, I will take your life one day!”

Sheng Xuelian did not take her threat seriously. “Hehe, then be a good princess. When you have the authority, perhaps you can avenge him...”

Bang!

Right then, the huge mountain of spiritual energy suddenly exploded, and a frightening aura came out from beneath it. It was as if a volcano had erupted!

The returning spiritual energy behaved like arrows and were coming straight for Sheng Xuelian. As she saw them approaching, Sheng Xuelian’s facial expression changed. She shook her sleeves and summoned gusts of winds to dissipate the incoming spiritual energy.

“What happened?” Sheng Xuelian was surprised and curious. Also, an evil energy could be felt from below the ground, which made her very uncomfortable. This was an extraordinarily strong evil energy!

Bust!

Suddenly, the ground broke open and a bloody light shot upwards, then also headed straight towards Sheng Xuelian. This led Sheng Xuelian to continuously summon strong gusts of wind. However, the red light was as fast as lightning, so it could not be stopped!

The strong gusts of wind were directly pierced through, while the light immediately reached the front of Sheng Xuelian's body!

As Sheng Xuelian was still an All Creation being, amid the chaos, she could clearly see a pair of eyes! The eyes' pupils were filled with a dark red color and were full of evil energy. They definitely did not belong to the living soul of a human being.

Bang!

A red bloody fist reached towards her chest, intending to take her heart! Sheng Xuelian shouted coolly, then used her fist to block it.

Clang.

Sheng Xuelian was shocked as the opponent's fist suddenly emanated a strong might which caused her to stumble backwards! The strength pierced through her arm and went into her body, forming cracks all over it.

All of a sudden, her entire body started falling apart. She was turning into a bloody human!

The frightening attack caused Sheng Xuelian to reconsider her state. In the midst of the chaos, she even let go of Xia Jingyu.

"Who are you?" Sheng Xuelian was suddenly very frightened as she looked at the bloody man before her.

It was Su Yu, but it was also... Not Su Yu! In terms of appearances, it was definitely Su Yu. However, his eyes had become a dark color on the outside, while his pupils were dark red!

Based on her experiences as an All Creation being, she had never seen such evil qualities. They were downright inhuman!

Looking at the floor, Sheng Xuelian noticed that Su Yu's right palm was holding onto a blood-colored gourd!

"The ghost gourd! It is the ghost gourd for which Bai Yijian killed his entire clan to fill with their cultivation and energy!" Sheng Xuelian easily identified it with one look. "You... How could you possibly use the blood and flesh energy and cultivation of their clan?"

The only explanation for Su Yu's transformation was clearly that he had used the energy and cultivation that was within the ghost gourd. He had opened up his Bloodline of the Evil Ghost to absorb the blood and flesh in the ghost gourd. As such, his abilities and cultivation had increased tremendously!

However, this was something that could only be utilized by someone from the Bai Clan. Hence, one had to wonder how Su Yu did it.

"A dead person does not need to know too much," Su Yu said with a raspy voice. It was evil, almost like a demon, and it gave one a chilling sensation without actually emitting any coldness.

“Hmph! Do you think that I am afraid of you?” Sheng Xuelian shouted icily. She then retrieved a blue crystal sword from out of nowhere.

Before she lashed out with it, the air around the crystal sword started turning into blue crystals! This technique had been observed multiple times when Zi Qianchou was manipulating the puppet!

“Die!” Sheng Xuelian yelled, striking out with her sword. Anywhere the sword energy passed through immediately turned into blue crystals. Everything faced absolute destruction!

Clang.

However, Dark Su Yu used his blood-covered hands to grab the sword energy! Within his five fingers, the sword energy crumbled with a crackling sound. The crystal form had rolled away!

“Not too tough!” Su Yu laughed in an evil manner. The laughter sent chills down Sheng Xuelian’s spine. She did not understand what she was truly fighting against!

Is it a human or a demon? Or is it some kind of inhuman and evil being?

Zoom.

Sheng Xuelian’s pupils contracted further, while Su Yu turned into a bloody shadow figure and charged at her yet again!

“Get away from me!” Sheng Xuelian raised her sword to strike out yet again.

Bang!

However, Dark Su Yu was not afraid at all, and he used his palm to strike against her blow! Her sword was suddenly deflected by Su Yu’s palm, causing it to strike Sheng Xuelian’s own body!

“Ah!” A pitiful cry could be heard. The sword had cut off Sheng Xuelian’s right arm!

Her broken right arm swiftly turned into a crystal form, then soon disintegrated into bits of powder. Sheng Xuelian felt immense pain. Her heart was even more terrified.

He is so strong!

Without saying anything, Sheng Xuelian quickly backed away and became very tense. However, just as she stepped away, she felt a chill in her chest!

At that moment, she noticed that a bloody hole that was about the size of a fist had appeared in her chest. The hole was wide open from the front to the back. Her heart had disappeared!

Slap!

A light smashing sound attracted Sheng Xuelian’s attention. Just as she noticed Su Yu’s evil laughter, she saw the scene of a heart being torn into pieces!

He... When did he take away my heart?

Bang!

As Sheng Xuelian was pondering this, her body exploded! From her physical body, an unfamiliar and transparent figure flew out!

It was a flirtatious looking lady. She had a charming smile and was very alluring.

The lady was none other than Hong Luan, the soul of an All Creation Old Monster! Right then, her flirtatious face was covered in fear as she tried to flee!

“Hehehe...” Dark Su Yu curled up the sides of his mouth and laughed coldly. He then disappeared in a flash.

Hong Luan’s pupils contracted. “How is he getting stronger and stronger?”

A warning went off in her heart as she looked around. However, she could not see Su Yu’s figure anywhere.

“Looking for me?” She heard a hellish and evil laugh.

As Hong Luan was frightened, she backed away without thinking. However, suddenly, she felt a tightening sensation around her neck!

In the emptiness before her, a red, bloody hand had been extended and was wrapping itself tightly around her neck! Thereafter, a blood-red figure walked out from the emptiness before her. The evil face had appeared once again!

“Little soul, your time is up...” Su Yu said with a raspy voice.

As he spoke, a gust of wind could be felt. When Sheng Xuelian’s soul body came into contact with the unpleasant air, her entire body started corroding.

Her soul was also greatly affected. It was a horrific torture.

Hong Luan’s soul body could not stop shaking as she cried out, “Stop it! What are you trying to do?”

“Hehehehe...” Su Yu merely laughed in an evil manner. His evil laughter resounded throughout the eighth level. It even reached Jiuzhou’s Mysterious Heavenly Stage.

...

“What kind of live spirit is that? Such a frightening evil energy! Could it be the birth of the evil spirit of the universe in the Mysterious Heavenly Divine Pavilion?” Lü Chuyi was deeply concerned. “What is going on down there? Could it be that Elder Hong Luan’s descent has awakened some evil being?”

Gu Taixu also looked very concerned. The evil energy was way too strong.

None of them thought that it could be Su Yu. No matter how strong Su Yu was, they figured that he certainly could not emanate such an evil energy.

Right then, the evil laughter that sent chills down one’s spine could be heard. Everyone present suddenly became very serious. They were all wary of this sinister being.

What kind of a scary evil being did Elder Hong Luan awaken? Everyone present had only this thought in their heads.

...

“What do you plan to do to me? I am merely a part of a soul. If you dare to hurt me, wait until my actual body descends! I do not care what kind of evil being you are, I will make sure that you die a painful death!” Hong Luan was feeling immensely panicked as she faced Su Yu. She was very frightened.

“Hehehe...” Dark Su Yu merely laughed as he opened his mouth.

Thereafter, he shoved Hong Luan’s spirit into his mouth! Dark Su Yu wanted to eat Hong Luan’s spirit alive!

“Ah! No! What kind of a ghost are you?” Sheng Xuelian shouted in fear.

Chapter 605: Subduing the Lightning Spirit

Hong Luan, finding herself in such a precarious situation, was spooked out of her mind. She clenched her jaw, and as a layer of blue crystals appeared on her body, her soul was instantly crystalized.

Bang!

A light crisp sound echoed as her crystalized soul body was shattered into countless splinters, which flew all around.

“Good! You are the first one who managed to force me to destruct my soul.” Hong Luan’s shout echoed from among the countless splinters. It was filled with fear, resentment, and hatred.

“I will immediately transmit this news to my true body, then let it descend down here. At that time, I will see what you can do once you are facing my true body.” She was just a part of Hong Luan’s soul, and because of the Intervention of the Fairy artifact, the Mysterious Heavenly Divine Pavilion, Hong Luan, who was outside, had no idea of what was happening here.

But, if a part of her soul managed to escape and return back to its real body, then all that had happened here would be known by her. Although the Mysterious Heavenly Divine Pavilion could prevent Divine Masters from entering it, it might not necessarily be able to prevent an All Creation Realm old monster from doing so. If an All Creation Realm old monster came here, even the Dark Su Yu would be annihilated by it!

Myriad splinters flew in all directions, and it was impossible to chase after them or obstruct them.

“Soul Space!” The Dark Su Yu’s scarlet eyes turned into a snow-white color, and a white dragon image flickered in them for a moment. During that moment, the surroundings experienced drastic changes.

The Dark Su Yu was in the current snow-white space, while all of the splinters, which had just escaped, were in the range of the snow-white space. That snow-white space was sealed, and all of the splinters were confined within it.

“A space that was made by your soul? Hiss! How can you achieve this? this is the Ancient Spirit Body’s soul clan’s unique skill.” Hong Luan was overwhelmed with shock.

As the Dark Su Yu waved his sleeves, all of the countless soul fragments were forcefully gathered together. They formed a crystalized soul, which was filled with cracks, and not even a single fragment of her soul was left out, as all of her soul fragments were taken by him.

Su Yu was an existence tantamount to a god in this space. As such, he could control everything in it with just his thoughts. At this moment, resentment and hatred disappeared in Hong Luan’s face. It was also filled with despair and fright.

“Hehe...” The Dark Su Yu smiled and bit her, then swallowed her down.

“Ahh!”

Crunch!

A miserable shriek echoed for a moment, then stopped suddenly, while a solemn All Creation Realm old monster’s soul was swallowed down. After he swallowed a part of Hong Luan’s soul, the Dark Su Yu revealed a satisfied evil smile.

As his laughter echoed in the sky, a destructive disastrous thunder descended down from the sky.

Bang!

A loud explosion sound was heard, and as his soul space bore such an intense attack, it started crumbling down. The surrounding space started recovering back to its previous and former appearance. The only difference from before was that there was now a small beast, whose body was flickering with lightning, that was baring its teeth and glaring at him.

It was a lightning spirit, who had the most righteous power in the world. In contrast, the Dark Su Yu was the extremest of evils! As such, the lightning spirit instinctively abhorred him, so it naturally attacked him!

“Disastrous thunder’s spirit...hehe!” Su Yu laughed and waved his hand at the ground.

Swoosh!

A mass of flesh flew out of the ground. This mass was Sheng Xuelian’s shattered body!

Then, a black jade pendant flew out of the flesh and was taken by Su Yu into his palm. As Su Yu pinched it with his finger and crushed it apart, several light spheres came out of it.

These were the Real Spirit Dragon Veins, the Great Sun Punishment Fairy Picture, the Heavenly Orchid Silver Bamboo’s sapling, and the prototype Fairy artifact, the Five Elemental Strong Thunder Seal!

Su Yu firmly held the Five Elemental Strong Thunder Seal in his palm and said, “A prototype Fairy artifact... It still lacks disastrous thunder, and you are quite fit for it!”

The Five Elemental Strong Thunder Seal’s might was dependant upon the lighting and thunder that was sealed within it. The reason why it wasn’t able to fully display its power was that it didn’t

contain disastrous thunder. Hence, the disastrous thunder's spirit before him was the best nutrient for it!

It seemed like the lightning spirit understood Su Yu's words, and as it realized that it may be in danger, it rolled its eyes, then immediately fled. Since its body was just a mass of lightning, it was able to instantly travel a hundred thousand miles. So, in just an instant, it disappeared from sight!

Seeing this, Su Yu coldly sneered, while a crimson light flickered around him. He then teleported himself, overtaking the lightning spirit in an instant. While laughing evilly, he thrust his fist at it.

As the lightning spirit detected danger, it roared and spouted a crimson lightning ball from its mouth. The lightning ball contained a destructive power that could deter even Divine Masters, but the Dark Su Yu just calmly pressed his palm on it and annihilated it.

The lightning spirit miserably shrieked, as it was beaten down into the ground by the Dark Su Yu. The demon, who had an unparalleled might, was destroyed by just several strikes of the lightning spirit's disastrous thunder, but while facing Su Yu, the lightning spirit was incapable of withstanding even one of his blows!

"Absorb it!" Dark Su Yu threw out the Five Elemental Strong Thunder Seal, which immediately emitted a multi-colored light screen that engulfed the lightning spirit within it.

The lightning spirit viciously roared, and as the surrounding lightning rumbled, nine claps of terrifying disastrous thunder fell down from the sky. Each clap was able of annihilate any Half Fairy Realm expert!

But, Dark Su Yu, who activated the Five Elemental Strong Thunder Seal, was safe and sound. So, he let the disastrous thunder bombard him as it wanted, as its effects were completely absorbed by the seal.

The lightning spirit was crazily struggling, yet it was confined by the multi-colored light screen that had sealed it within it. After a while, the lightning spirit was forcefully absorbed into the Five Elemental Strong Thunder Seal.

Su Yu suddenly furrowed his brows. "Eh, you still didn't die?"

While he was subduing the lightning spirit, he suddenly felt the presence of a soul fragment within his body. It was a fragment of Hong Luan's soul.

All of the other fragments of her soul had already been refined and destroyed by him, but a fragment was preserved by her via some unknown means. At this time, as Dark Su Yu was fully operating his prototype Fairy artifact, he didn't have the time to chase after the soul fragment.

As a blue light flickered, the soul fragment managed to escape from the Mysterious Heavenly Divine Pavilion. As it did so, a voice that was filled with hatred and resentment transmitted throughout the whole pavilion, "I want you to die without a burial site!"

Swoosh!

The soul fragment crossed the void and returned back to its main body. Everything that had just happened here was still known by Hong Luan's main body, and what awaited Su Yu was the arrival of an All Creation Realm old monster!

Dark Su Yu, whose whole body overflowed with evil energy, coldly sneered, “Do you think that I will just obediently wait for you to come here?”

“Absorb it!” Dark Su Yu shouted in a low voice, while he poured a boundless energy into the Five Elemental Strong Thunder Seal.

The lightning spirit was angrily roaring, yet it was still forcefully absorbed by it. As this was happening, a beast imprint immediately appeared on the Five Elemental Strong Thunder Seal’s bottom. It was slightly protruding out, and it unexpectedly had the appearance of the lightning spirit on it!

However, the lightning spirit’s imprint was unceasingly shaking, and it wasn’t stable. It was obvious that the lightning spirit within the Five Elemental Strong Thunder Seal was struggling, trying to free itself.

“Hehe, do you still want to escape? Just obediently let yourself be refined!” Dark Su Yu slapped the Five Elemental Strong Thunder Seal, and an evil energy immediately permeated into it, then engulfed it.

The lightning spirit’s struggle immediately waned. The Five Elemental Strong Thunder Seal was the bane of all evil and demonic magical treasures, yet it was still sealed by an evil energy.

“When this evil energy became incapable of suppressing it, then the lightning spirit should have been already been completely refined, and at that time, the Five Elemental Strong Thunder Seal would become a true prototype Fairy artifact. But, such a prototype would surely be wasted if wielded by such a body!” The person who was speaking was surprisingly not Su Yu...

Chapter 606: Hell Space

Dark Su Yu waved his sleeves and rolled away all of Hong Luan’s remnant items. He landed on the ground, then sat in a cross-legged position on a huge rock, evaluating the objects that he had just acquired.

“Oh! This is interesting. The Desolate Sea Lost Pearl!” Dark Su Yu had surprisingly discovered a pearl that was shining brightly with thunderbolts.

It was about the size of an eyeball. At the time, Hong Luan’s soul part was the last to leave, so naturally she had obtained the Desolate Sea Lost Pearl.

“A thunder-based treasure that can be used to craft Fairy weapons! This came at the right moment to evolve this prototype fairy artifact into a semi-manufactured fairy artifact. Hehehe... I have all the materials needed now. Unfortunately, this body is useless. Even with the materials, I cannot craft anything.” Hong Luan’s soul part said.

It then added, “It’s such a shame that the Five Elemental Strong Thunder Seal is being used to cultivate the lightning spirit. It cannot be used to craft anything either. I will have to think about this sometime in the future.” As he finished speaking, he tossed the Desolate Sea Lost Pearl into the spatial ring.

“Oh? An illusory spell formation?” He then discovered a simple spell formation in the remnant items. It was the Ice Soul Divine Dream Spell! Su Yu’s spell formation had been taken by her too!

“Although its effects are weak, it would not hurt to borrow it for now. The only problem is that its might is far too weak.” Dark Su Yu blew out a breath of evil energy. The evil energy then turned into flames and started to burn the spell formation’s flag.

After a short while, Dark Su Yu retrieved his evil energy. At that time, the black spell formation was emitting a stream that was a purple color.

“This is still forcefully compatible.” Dark Su Yu nodded, clearly satisfied with the results. The remaining items were the Real Spirit Dragon Vein and the Great Sun Punishment Fairy Picture.

“Eh? The Real Spirit Dragon Vein? Such a thing exists! The Real Spirit Dragon Vein is a divine item that is used to train the Evil Dragon Divine Body!” Dark Su Yu was surprised. His surprise regarding the Real Spirit Dragon Vein was far greater than his shock over the Five Elemental Strong Thunder Seal.

“Such a divine object was being used as a mere weapon! This body has been abusing a godly item!” As Dark Su Yu opened his mouth to spray out a breath of evil energy, a golden beast’s bone floated within the evil energy. Some ancient words were carved on the beast’s bone, which were unidentifiable.

“Previously, when I acquired this Evil Dragon Divine Body, my divine body was destroyed and I had to escape to somewhere desolate. All that remained of me was a single drop of blood essence. I was very downtrodden,” Dark Su Yu said in a raspy voice as he held the beast’s bone.

He then added, “Today, I can only borrow this body and start my training all over again! Perhaps this was heaven’s will. The Evil Dragon Divine Body was created with an ancient divine body, and the method of training was unimaginable. In the early stage, it required training with both Spiritual Energy and Vital Energy. Although I acquired it previously, my cultivation was far too great, so I could only look on enviously. Now that I have occupied this Half Fairy’s body, perhaps it is destined that I will be able to train the Evil Dragon Divine Body...” As he finished speaking, Dark Su Yu grabbed the Real Spirit Dragon Vein.

He had acquired the Evil Dragon Divine Body a long time ago, so he was already well-versed regarding its ins and outs. He made a symbol with both of his hands, then placed the Real Spirit Dragon Vein in front of his chest.

Thereafter, he started activating his Vital Energy and Spiritual Energy. The two different energies coexisted with perfect precision and harmony as they engulfed the Real Spirit Dragon Vein.

At the same time, Dark Su Yu activated the Evil Dragon Divine Body. Although the Real Spirit Dragon Vein repelled it slightly, it gradually melted into Su Yu’s body.

Thump. Thump.

Su Yu's veins were giving out a thumping sound. With his naked eyes, he could see all of the veins on his body turning gradually from green to gold.

After a while, Dark Su Yu slowly opened his eyes, which were now filled with excitement.

"Hahaha, stage one of the Evil Dragon Divine Body! The First Dragon's Body has been successfully achieved!"

As Dark Su Yu struck against the air with his fist, his arm suddenly shone with a bright golden light. Lines of golden veins could also be seen, all of which were blindingly bright. There was clearly not any Spiritual Energy or Vital Energy contained in his fist, yet he could knock the space before him to the point where it collapsed!

"The First Dragon's Body is capable of tearing space apart with a single hand! The Evil Dragon Divine Body is indeed extraordinary!" Dark Su Yu laughed crazily, as he was very excited. "My evil self will be able to regain my former cultivation via the Evil Dragon Divine Body!"

Dark Su Yu stood up and looked towards the mountains and rivers in the distance. He laughed in an evil manner and said, "Hahaha... My evil self has returned to this world! I must be thankful for the gourd of blood and flesh. If not for the great surge of energy, I would not have been awakened from my deep slumber!"

Dark Su Yu laughed yet again, then said, "As a sign of gratitude, I will forcefully replace this young fellow and pretend to be Su Yu. Everything that belongs to him, I will accept, including the woman from the Divine Lady Clan!"

His gaze then turned even darker. "After all, she is indeed a top tier woman. Not only is her bloodline unique, for which I could swallow for my own use, her Primordial Vital Energy is also very strong. If I could obtain it, perhaps the Evil Dragon Divine Body could even be upgraded further!"

How dare he pretend to be Su Yu and take Xia Jingyu for himself?

Based on Xia Jingyu's trust towards Su Yu and her friendship with him, if this evil being pretended well, Xia Jingyu would definitely not fight back!

"Is that so?" Right then, a calm voice could be heard. It was coming from the soul of Dark Su Yu!

"How is it possible that your consciousness still remains? Did I not already wipe you out?" Dark Su Yu was stunned.

When he was awakened, he had already mercilessly wiped away the original soul of the body and occupied it for himself. Now, Su Yu had oddly re-appeared before his eyes!

In his mind, Su Yu was floating in the red liquid in the Divine Nine-Dragon Cauldron. As such, he looked exceedingly calm. This was the consciousness and soul of Su Yu.

“Have you finally discovered my presence?” In the final moment, in order to save Xia Jingyu, Su Yu had ignored the Ghost King’s warning and used the Bloodline of the Evil Ghost. He had absorbed all of Bai Clan’s blood and flesh energy!

The outcome was that he had acquired an immense energy. However, he also had awakened a mysterious consciousness, which had forcefully overtaken his body and even wiped away his soul!

Su Yu was always cautious. Even if he took risks, he would not do it without first taking some precautions. In order to prevent his soul from being corrupted by the evil energy, Su Yu had hidden his soul in the Divine Nine-Dragon Cauldron.

He only maintained a small strand of consciousness on the outside to control his body. That way, he could prevent the influence of the evil energy.

Surprisingly, he had awakened a mysteriously strong consciousness, which had wiped away Su Yu’s consciousness on the outside with lightning speed! If not for the precautions that Su Yu had taken, he would have been completely demolished!

“Hmph! The only thing that remains of you is your consciousness, and you are dumb enough to reveal yourself!” Dark Su Yu laughed coldly. “Die!”

Buzz.

A strong spiritual collision occurred, knocking Su Yu’s head so fiercely that it destroyed everything on his mental level. However, after a clanging sound was heard, the strong spiritual collision seemed to have collided against a very strong object, which deflected it right away.

“What is in your soul?” Dark Su Yu was surprised.

Su Yu slowly stood up on the Divine Nine-Dragon Cauldron and said calmly, “Is that all you’ve got? In that case, thank you for your efforts. Everything you have done, I will accept credit for on your behalf.”

Dark Su Yu yelled coolly, “Although I cannot do anything to you now, what could you possibly do to me? Comparing the strengths of our souls, yours is not even close to one-hundredth of mine!”

“Is that so?” Su Yu highly doubted that, as his soul was surrounded by a white long dragon. He said softly, “Hell’s Eighteen Levels! Soul Space!”

Suddenly, the scenery surrounding Dark Su Yu changed! The beautiful scenery turned into an endless sea of blood that was filled with a ghost energy. It was dark, and an unpleasant smell filled the air.

“This is your true form, a drop of blood essence.” Suddenly, a silver-haired figure appeared to be floating in the air and was looking down at him. “Is this your secret technique of the soul, Soul Space? It is impossible. I have used it before. How could it be this strong?”

A single drop of blood essence was floating in the air. It was the mysterious object that hid inside Su Yu’s body all this time. It was also the true facet of the Bloodline of the Evil Ghost!

Su Yu asked coolly, “Did you really think you could borrow my treasure to cast Soul Space without my permission?”

Soul Space was borrowed from the Divine Nine-Dragon Cauldron, and the Divine Nine-Dragon Cauldron was Su Yu’s treasure. Without his approval, no outsider should have been able to activate the Divine Nine-Dragon Cauldron!

Earlier, it was only because he had observed that Hong Luan’s soul part was escaping that he had he allowed some of the energy to be used. The Soul Space’s true might was far beyond this! Even the strong soul of Dark Su Yu was sealed within it!

“Impossible! I cannot possibly be trapped!” Dark Su Yu shouted angrily, while he bumped his fists against the space.

Suddenly, the entire space was shaking, almost as if it would collapse. Su Yu said softly, “Do not waste your energy. Hell’s Eighteen Levels, arrive!”

Boom.

Yet another seventeen spaces arrived and combined into one. Regardless of how hard Dark Su Yu knocked against the space, it would not budge!

“Suppress!” Su Yu shouted softly once again. The stacking space suddenly contracted and became the size of a small cage, which trapped Dark Su Yu within it.

“Sleep peacefully. Everything that belongs to you, I will now accept,” Su Yu said calmly.

As Dark Su Yu shouted crazily, Su Yu floated away. When his soul returned to his body, an incomparable strength rushed to his heart.

Su Yu felt that the strength came from within his physical body. The strength of the First Dragon’s Body was observed by Su Yu as he single-handedly tore through space. It was frighteningly strong! And, it was merely the first level of the Evil Dragon Divine Body!

Grabbing with one hand, the golden beast’s bone flew towards Su Yu’s palm. Su Yu revealed a satisfied look and said, “Hehe, that drop of blood essence left behind a very valuable treasure!”

He felt that it was a shame that Su Yu could not recognize a single word on it. He would have to consult some ancient literature to possibly understand the words.

As he kept it, Su Yu checked around. The Five Elemental Strong Thunder Seal had successfully suppressed the lightning spirit, which was a pleasant surprise. Once the cultivation was complete, an unimaginable and true might of a prototype fairy artifact could then be observed!

Next was the Ice Soul Divine Dream Spell. It had been recrafted and now made Su Yu’s pulsate rapidly, as he was very excited!

The spell formation had transcended an illusory spell formation to become the combination of both an illusory formation and a deadly spell formation! This was a deadly spell formation that even Dark Su Yu was satisfied with!

Having gained so much, the thing that pleased Su Yu the most was the Evil Dragon Divine Body. Such a life-threatening spell ultimately fulfilled Su Yu's biggest dreams and desires!

However, Su Yu could not be too happy. This was because he had a more important problem that had not yet been solved. This conundrum regarded the great energy that was stored within his body!

The Bai Clan's blood and flesh energy and cultivation were so great that Su Yu's physical body could not possibly withstand them. It was only with Dark Su Yu's presence that he had been able to suppress them with his evil energy.

Now that Dark Su Yu was being suppressed by Su Yu, the strong energy that he suppressed earlier was gradually growing weaker. Once it exploded, Su Yu would burst like a balloon! He would die, and his body and soul would be destroyed!

That ending would be worse than having his body occupied! This situation was making it very hard for him to be optimistic! After all, this was something even more life-threatening than Dark Su Yu's existence!

Looking at the ground, Su Yu's mind flashed with a bright light. His soul then entered the Nine Jade Spiritual Pearl.

Chapter 607: The Evil God Bloodline

After Wu Aoyue felt Su Yu enter, she immediately rushed over to him, a trace of delight appearing on her face. "Young master, I already.."

"Leave it till later on. How's the Chaos Multicolored Butterfly?" Su Yu interrupted her, then directly asked.

Wu Aoyue was startled, as Su Yu had never treated her coldly. She became somewhat uncomfortable, yet she still obediently took the jade box.

The jade box had a worm that was the size of a grain of rice in it. The worm had a round and smooth, white fat body, and it was slightly twisting its body as it laid on the withered Heavenly Orchid Silver Bamboo.

Su Yu took the jade box and threw the surviving Heavenly Orchid Silver Bamboo's sapling at her. "Plant it once again, then properly cultivate it." After he spoke, he immediately left the Nine Jade Spiritual Pearl without uttering another word.

As she looked at the fluctuation that was left in the place from which he disappeared, Wu Aoyue became somewhat downcast. She then took a multi-colored armor, which was soft and light, from her bosom.

She had already finished making the Thunder Herb Armor, which took her a long time, as she was weaving it with needles. She stroked her thin and pallid face, and looked at her fingers, which had become crimson.

She laughed at herself and said, "I almost forgot my status. I'm just a slave, so how dare I treat my master as if he was my friend?"

She didn't sleep or rest for several days and nights in order to finish making it. In the end, she had successfully managed to weave the Thunder Herb Armor.

She intended to give it to Su Yu as a nice surprise, but what she had received as thanks was just Su Yu's cold shoulder! She figured that this bad treatment was probably revealing how he truly felt about her.

While laughing at herself, Wu Aoyue started planting the Heavenly Orchid Silver Bamboo's sapling in the Supreme Growing Soil garden. As she dug in the soil, her eyes were dim and lusterless.

She was very sad. After all, she didn't know that Su Yu was in a precarious situation and didn't have the leisure of caring about anything else.

After Su Yu returned to his body, he directly opened the jade box. Su Yu's eyes lit up as he stared at the small worm. "What comes next will completely depend on you, so don't disappoint me."

The Ancient Spiritual Worm, which had awakened from the Heavenly Orchid Silver Bamboo's seed, was capable of swallowing even the Heavenly Orchid Silver Bamboo. Hence, one could imagine how tough its body was!

Even experts at the later stage of the Fairy Realm were incapable of destroying a Heavenly Orchid Silver Bamboo. As such, Su Yu couldn't find a better vessel to hold the terrifying energy within his body.

Su Yu's heart tightened as he felt the energy, which started rampaging inside his body. He took the Chaos Multicolored Butterfly and put it in on his finger. Su Yu then guided the energy within his body into his finger.

After a few seconds had passed, Su Yu's expression became somewhat gloomy. The Chaos Multicolored Butterfly didn't have any interest in it, and it was just lazily lying on his finger, not budging an inch, much less trying to absorb even a little bit of the energy.

Isn't it interested in a worldly spiritual object's energy?

Su Yu's heart couldn't help but sink. He started feeling a faint pain transmitting from his finger, as a great amount of energy had gathered within it.

Su Yu was quickly thinking about a way to transfer all of the energy into another object. He had a tremendous amount of energy in his body, and it wasn't possible for him to consume it by using his own magical abilities.

Soon, the tyrannical energy in his body would get out of control before he managed to consume it. The energy that was concentrated in his body would burst out and cause his body to explode!

The only solution was to transfer all of the energy in his body into another living being. But, he had to do it quickly!

Sadly, the Chaos Multicolored Butterfly, which he had placed all of his hopes upon, didn't seem interested. While Su Yu was getting more and more anxious, the Chaos Multicolored Butterfly suddenly moved, lazily turning its body over.

It then put its mouth upon Su Yu's finger! All of the energy that was concentrated in the tip of his finger was completely sucked out and absorbed by it! After it finished absorbing it, it lazily laid down once again.

Su Yu was startled for a moment, then he understood what had just happened.

Was it too lazy to move because the amount of energy that was concentrated in the tip of my finger was too small?

As he thought of such a possibility, Su Yu tried it once again, and just as he expected, the worm lazily did nothing in the beginning. Only after the energy that was concentrated in the tip of his finger had reached its highest limit, did the worm twist its bottom and open its mouth to suck in and absorb the energy once more.

Su Yu became more confident and composed after he witnessed this. He grabbed the worm and put it above his belly, which was where his Dantian was located. This was also the place where all of his energy was concentrated.

The lazy Chaos Multicolored Butterfly immediately became spirited and lively, and its round and fat body, which seemed quite clumsy before, started crawling while twisting its bottom. Then, it excitedly stuck itself to Su Yu's belly and began absorbing his energy in big mouthfuls.

In just a split second, Su Yu felt like a whole tenth of his body surplus energy had been absorbed by it! Su Yu was quite astonished, as one-tenth of such energy was equivalent to the energy possessed by an expert at the early stage of the Fairy Realm!

As time elapsed, the energy contained within Su Yu's body was being absorbed at an astonishing speed by the Chaos Multicolored Butterfly. After it took eight consecutive mouthfuls, the Chaos Multicolored Butterfly's body became much bigger. Then, a faintly visible blue halo appeared around its body.

But, what concerned Su Yu was that the Chaos Multicolored Butterfly's absorbing speed was slowing down drastically. In the end, the last two-tenths of energy remaining in his body started erupting.

Squish!

After the Chaos Multicolored Butterfly took its last two mouthfuls of energy, it had barely absorbed one-tenth of the energy. It then lazily laid down, and it seemed like it had gone to sleep and was digesting the tremendous amount of energy that it had just swallowed.

The last tenth of energy in Su Yu's body, which he had no way of getting rid of, started erupting. He felt like a volcano was erupting within his body as a tyrannical and powerful energy flooded all of his limbs and bones.

Such a powerful energy current was like a dreadful flood, and all of the places it passed made his flesh swell. All the while, an intense pain was being transmitted from his internal blood energy channel.

His body started swelling up at a noticeable speed, and Su Yu, who was usually quite thin, suddenly seemed quite plump and fat. His body had been severely injured, even before all of this, so his currently frail state was quite terrifying.

He clenched his teeth and groaned in pain. Then, the world before him darkened and he fainted. However, just before he fainted, he didn't forget to collect the worm, which he quickly threw into the Nine Jade Spiritual Pearl.

Thump!

A dull sound echoed as dust rose up around Su Yu, who had just fallen upon the ground and planted his head on the dust. His body was still swelling up, and if it continued to swell at this current rate, his body might directly burst open before Su Yu even managed to wake up!

Swoosh!

However, at this moment, an old jade box flew out of Su Yu's bosom. An extremely concrete soul body flew out of the jade box. It was none other than Yun Yazi!

"Well? Was I too severe and strict?" Yun Yazi softly sighed. He then waved his hand, and the energy that was rampaging within Su Yu's body was immediately forced out.

The swollen Su Yu started to gradually return to his normal state. The pain also started to subside. After a short while, his face recovered its usual color and luster.

As the old man's palm swept past Su Yu's body, all of his injuries were healed. Not even a single scar was left behind. Such a sight was truly astonishing.

When his palm reached Su Yu's head, Yun Yazi stopped there and revealed a quizzical look. "His soul space is confining an evil energy. It seems like I have seen it somewhere before. Is it the blood of someone from that clan? It's probably impossible, as that clan was already exterminated.."

Swoosh!

Yun Yazi disappeared from his former place, then reappeared unexpectedly inside Su Yu's soul spherical cage, the eighteen layers of hell!

"Who's there?" The evil blood, who was ceaselessly bombarding the cage, turned his head back when he detected some noise behind him. He was quite surprised. "Who are you? How did you get in here?"

The evil blood found this quite unbelievable, as the soul cage was extremely hard and strong. Yet, somehow, the old man who had just appeared behind him had managed to easily enter it.

"It's truly that clan's aura! I didn't expect that the Evil God clan, which was already extinct, still had someone barely surviving! It's truly astounding." It seemed like Yun Yazi had already verified his guesses, as he stroked his beard slowly.

"Who are you, and why are you looking for me?" The evil blood was quite astonished, as Yun Yazi unexpectedly managed to guess his origin just by seeing his aura.

Yun Yazi calmly spoke, "I'm this body owner's teacher, so why do you think I came to look for you?"

"His teacher?" The evil blood was somewhat surprised, as he didn't know that the body's owner had a mysterious teacher.

"What? Did you come to annihilate me?" the evil blood coldly asked.

Yun Yazi stroked his beard. "I truly intended to do it to cut off future troubles, but after confirming your origin, I changed my mind. Instead of wiping you out, I figured that it would be better to deliver my disciple a great fortune, which will probably change his fate one day."

“Haha..Change his fate? Do you want me to pay allegiance to him? Dream on..” The evil blood heartily laughed.

However, his laughed suddenly stopped when he was tapped by Yun Yazi’s extended finger. The evil blood immediately coagulated, making him incapable of budging even an inch.

The evil god was overwhelmed with shock, and he wondered just what kind of power this was. Although he was just a mere drop of blood, his soul was even more powerful than an All Creation Realm old monster’s soul!

The soul body old man in front of him was unexpectedly capable of freezing him by just a wave of his fingers! This surely meant that it would be extremely easy for the old man to kill him!

His heart intensely thumped and he became afraid. “Your excellency, who are you?”

Yun Yazi calmly took back his hand. “You don’t need to know who I am, you just need to follow my instructions, and in the future, I may give you an opportunity of forming your own body.”

“What? Can you really help me form my own body?” The evil blood was quite astonished.

“I’ve never once gone back on my words,” Yun Yazi calmly said.

The evil blood fixedly observed Yun Yazi’s expression, and after hesitating for a long while, he clenched his teeth and asked, “Fine. How do you want me to help the lad?”

“With me here, there should be no need for you to defend him,” said Yun Yazi.

“Moreover, he should resolve and pass his crisis by himself. Even if his life is in danger, you shouldn’t try to save him.”

The evil blood was startled for a moment, before he understood Yun Yazi’s intentions. After that, he couldn’t help but click his tongue in wonder. “I almost managed to steal his body, yet you didn’t show yourself. Such strict and severe teachers like you are truly rare, but aren’t you worried that he may not understand your good intentions and end up hating you?”

“You don’t need to care about this. If he was truly someone who can’t understand and comprehend my painstaking efforts, then I wouldn’t have taken him as my disciple. After all, I have an eye for judging people.” Yun Yazi waved his sleeves as he spoke. “I need you to do just one thing...”

“What?” the evil blood curiously asked.

Yun Yazi spoke in a meaningful way, “It’s regarding the matter that your Evil God clan is so good at...”

“What? Do you want me to defy heaven and alter his fate?” The evil blood was quite astonished. “Are you sure about this? You must know the dangers hidden in such matters! These aren’t things that can be known by any of us, and my Evil God clan was exterminated for having such abilities as defying heaven and altering fates!”

Chapter 608: Showing up for Revenge

“Forgive me for being straightforward, but if you behave in such a way, you are actually causing his demise,” the Evil Blood said.

Yun Yazi laughed bitterly. “Hehe, it all depends on his own doing. If he can reach that step, it will not be too late for you to fulfill your promise.”

“Alright then, however, I hope that you are able to fulfill your promise to recover my physical body. I am sure it must be something difficult for you too, is it not?”

Yun Yazi laughed coolly. “I always make good on my promises. Just wait patiently for the opportunity.”

After finishing his speech, Yun Yazi exited Su Yu’s soul.

Looking at the stabilized Su Yu, who had now entered a deep slumber, he then retrieved a light screen to cover Su Yu. At that moment, Su Yu suddenly disappeared. Only the soul body could be seen, which was a blurry figure on the ground.

At the same time, Yun Yazi lifted his hand to grab the little kylin out from Su Yu’s Nine Jade Spiritual Pearl! Facing Yun Yazi, the little kylin was very frightened and shook in fear. It lay flat on the ground and dared not move.

“Oh? Your Spiritual Intelligence is pretty good. You seem to be able to sense my aura.” Yun Yazi placed it in the light screen as well. “I have something to attend to. I will be back soon. Meanwhile, stay here and protect him.”

As he finished speaking, Yun Yazi lifted his head to look at the peak of the Mysterious Heavenly Divine Pavilion. His body immediately disappeared into thin air.

Before one could even blink, the opening to Jiuzhou’s Mysterious Heavenly Stage had already closed up. All of the Divine Masters and the geniuses that entered had already returned there.

As Yin-Yang old man formed a symbol with his hand to retrieve the golden halo, Lü Chuyi who assisted from the side, said softly, “Thank you.”

Yin-Yang old man nodded his head. “No problem.”

However, all of a sudden, his eyes released two streams of black and white light. He even shouted, “Who is it?”

His loud shouting caused all of the Divine Masters present to become wary. The force that was present must have been very strong in order to cause Yin-Yang old man to react in such a way.

Gu Taixu floated in the air and looked around. However, he did not discover anything odd. “Senior, what is the matter?”

Yin-Yang old man looked around suspiciously and frantically. His heart was beating wildly. “Junior, when I was retrieving the golden halo, a soul body might have rushed in! It was very strong, far beyond anything I have ever felt!” Yin-Yang old man’s voice was shaking with fear.

Gu Taixu’s eyes contracted. Even Lü Chuyi became wary.

“Senior, you have felt our master’s soul before, have you not?” Gu Taixu asked him with hidden intent.

Yin-Yang old man understood his meaning and used telepathy to communicate to him. “Junior, we must report this to our master! The soul that rushed in earlier, if my senses are not mistaken, is even stronger than our master!”

Gu Taixu’s pupils contracted greatly. True Man of the Purple Cloud was an All Creation Old Monster. If even he was not stronger than that soul body, they were in trouble!

Zi Qianchou and the two other Divine Masters from the demon faction were not able to interpret the telepathic communication between the two. However, judging from their facial expressions, a very frightening soul body seemed to have entered the area.

“Could it be the evil being that destroyed Hong Luan’s soul part?” someone unknown voiced asked. The voice caused the entire crowd to become silent.

Gu Taixu and Yin-Yang old man looked at each other. They both saw wariness in each other’s eyes. After all, killing an All Creation Old Monster’s soul part could only possibly be done by that soul body!

After a moment of silence, Gu Taixu nodded deeply. His eyes also became cold as he looked around and said, “Alright, the Mysterious Heavenly Divine Pavilion has been closed. I believe everyone should have returned by now!” Even if they did not voluntarily return, they would have been forcefully sent back to the Mysterious Heavenly Stage by the Mysterious Heavenly Divine Pavilion.

“Now, Yin Yu, tell me, who can save you now?” Gu Taixu laughed coldly.

Zi Qianchou also recollected himself, while his eyes turned cold. “Hmph! Yin Yu, do you need me to invite you to come out?”

The two opposing strong martial artists were very in sync with each other, so they did not contend with one another at all. They both knew the cunning behavior of Yin Yu.

If they fought against each other, they would surely cause a commotion. Moreover, the fellow would surely find a way to escape!

Lü Chuyi’s heart secretly tightened. She had already been secretly looking for Su Yu in the crowd. She was very worried.

If he was discovered by Gu Taixu and Zi Qianchou, he would definitely die! She struggled in her heart as Gu Taixu’s and Zi Qianchou’s people started examining the crowd.

With their own original bodies doing the searching, the speed was not as slow as when they had examined at the Mysterious Heavenly Stage. With a single glance, all pretense would disappear.

As Lü Chuyi’s finger poked into her own flesh, she felt pain in her heart. However, as time went by, none of them had discovered anything.

As Lü Chuyi curiously looked into the distance, she was surprised. Gu Taixu and Zi Qianchou were equally curious. Their faces showed mixed feelings of surprise, disbelief, unwillingness and a gloomy cloud of darkness.

Yin-Yang old man retrieved his black and white gaze, not understanding what was happening. “Where is the man? Since the Mysterious Heavenly Divine Pavilion has ended, that fellow should have already been transported back here!”

Gu Taixu was unhappy as he continued to search. However, after looking closely at everyone, he was certain that none of them was Su Yu. His facial expression turned ugly. “Can it be he has already died within the Mysterious Heavenly Divine Pavilion?”

Since he knew Hong Luan’s soul part was present when he left, there was a possibility of Su Yu’s being killed by Hong Luan’s soul part! As for Hong Luan, after she had acquired the Real Spirit, she was then killed by the evil being. The Real Spirit could very well have been taken by that same evil being!

“The soul body earlier...” Yin-Yang old man started to speak of the possibility.

Hearing this, the Divine Masters’ facial expressions all turned sour. The evil being was indeed very frightening. Apart from Gu Taixu, no one would dare fight against it! If the Real Spirit was truly acquired by the evil being, they would have wasted all of their efforts!

Right then, a weak voice could be heard in the crowd. “Hold on, there is another possibility!”

The person who spoke was Yin-Yang old man. His old pupils shone with deep thought. “Before I came here, I read a book about the past Mysterious Heavenly Divine Pavilions in the Depository of Buddhist Scriptures. Based on that information, I unexpectedly learned from a disciple’s recording a piece of news! The disciple lived a hundred years ago. When he joined the first Mysterious Heavenly Divine Pavilion, they had an encounter with martial artists who were not from Jiuzhou! They claimed to be from the Zhenlong Continent! Could Su Yu also be someone from the Zhenlong Continent, meaning that he was transported back to the Zhenlong Continent and not here?”

Hearing this, the crowd entered a collective state of deep thought. As they were thinking back on how Su Yu inconsiderately killed their disciples and openly sold their treasures, everyone suddenly had a clear mind. He really could be a martial artist from a different continent!

“If this is really the case, it would be troublesome,” one of the Divine Masters from the demon faction said. “That continent is located at the seam between Jiuzhou and the ghost world. It is a world of its own. Even Divine Masters like us are unable to descend through the gap. Hence, it is nearly impossible to get our revenge against that fellow!”

The speech caused Zi Qianchou’s facial expression to darken. “If he is a being from that place, it is no wonder that he dared to kill people from our demon faction!”

Zi Qianchou hated Su Yu with all his heart. Hearing that Su Yu was someone from the Zhenlong Continent, he felt helpless! The remaining Divine Masters either felt that this was a shame or they were unwilling to accept the truth.

Many of the factions’ Fairy level martial artists did not look too happy either. As Su Yu had killed quite a few of their factions’ disciples, a lot of people hated him. Hence, after they found out the truth, one could imagine how disappointed and unhappy they were.

Lü Chuyi, on the other hand, aside from feeling slightly shocked, covered her mouth and smiled. “This bad guy had me worried for nothing!”

No one noticed that Gu Taixu’s eyes flashed with a weird light as he heard this news about the Zhenlong Continent. A cold smile appeared on his face. “The Zhenlong Continent, hehe... We will meet very soon...”

Millions of mountains and rivers away.

A beautiful mountain was covered in a variety of flowers under the bright spring sun. This beautiful area was the Eighteen Blessed and Heavenly Lands. It was the forbidden valley that was known as Hundred Flower Valley.

Although it was beautiful to look at, a terrifying existence lived within the valley! This existence was the All Creation Old Monster, Supervisor Hong Luan!

On the outskirts of the valley, there were ten Divine Masters who willingly served as guards, despite Hong Luan never batting an eyelid at them. However, they still wanted to be associated with the All Creation Old Monster, as they both respected and were frightened by her.

In the flower-filled valley, above a big tree, a woman was sitting in a cross-legged position. She was dressed in a long seductive dress and had curves that were very attractive. A single look at her was enough to charm any man.

Suddenly, a fragment of a soul pierced through the valley...

Zoom.

As the lady grabbed the fragment, she was surprised. “My soul part was broken? Who did it?”

Filled with shock and confusion, the lady placed the fragment on her forehead. The fragment, which contained memories, began to replay everything that had just happened in the Mysterious Heavenly Divine Pavilion.

“What? An Ancient Spiritual Body? Divine Lady Clan? She is even at the third grade of Purity?” The lady suddenly opened her eyes, which flashed brightly with excitement and shock.

Suddenly, her face darkened. “Darn it! A mysterious young man has ruined it! He even killed my soul part!”

The lady was infuriated. Looking down at the ground, she paused in shock. “Hold on... That evil energy... It feels similar to the legendary Evil God Clan!”

Her eyes flashed in deep surprise. “If it really is this kind of clan, then...”

However, right then, an old man’s sigh could be heard in the valley. “Then, what is the point? Luckily, I followed the fragment and arrived here. Otherwise, if things were revealed, it would have been very troublesome.”

“Who are you?” The lady was surprised. Someone had entered the valley without her knowing it!

Cracks.

The space before her was suddenly torn open, and an old man's figure walked out from the gap. It was Yun Yazi, who had followed the fragment! As for the lady, hers was unquestionably Hong Luan's original body!

"A soul body!" Hong Luan's pupils contracted and her eyelids jumped around. Looking at the soul body before her, she felt very disturbed!

"Dare I ask, who is Your Excellency?" Hong Luan mustered up the strength to ask, her voice shaking a bit.

Yun Yazi clasped his hands, yet looked very calm. Hence, one could not tell if he was happy or angry. "Me? I am Su Yu's master."

What? He is the young fellow's master? Hong Luan was very surprised by this.

If the young fellow managed to survive in the Mysterious Heavenly Divine Pavilion, then returned to where he came from, is his master now here to avenge him?

Chapter 609: Killing an All Creation Expert with a Wave of His Palm

"Who's your excellency? It's just a part of my soul that unintentionally offended your disciple, and since he exterminated that part, we can now be considered even. Your disciple should have informed you of this." Hong Luan was being quite wary and vigilant.

Yun Yazi calmly spoke, "My disciple would never inform me of the hardships he went through."

"Then, did you hear it from someone else?" Hong Luan was quite puzzled.

Yun Yazi shook his head. "I didn't hear it from anyone. I witnessed it with my own eyes."

"Were you there at that time?" Hong Luan was quite astonished, as she was wondering why she hadn't detected his presence. "Since that's the case, then why didn't you show yourself?"

Yun Yazi didn't reply, but Hong Luan already understood his intentions. Was he trying to temper his disciple?

Although she was amazed by Yun Yazi's way of handling his disciple, that wasn't what she cared about right now. "Since you didn't intervene, even at such a dire time, then why did you come to look for me now?"

Yun Yazi lowered his hands, then clasped them behind his back, while a cold glow appeared in his eyes. "Which teacher can really be aloof and indifferent while seeing his disciple being bullied? I didn't intervene at that time in order to stimulate his whole potential. But, now I will intervene in order to rid him of unnecessary trouble."

If Su Yu was here, he would surely be astonished, as it was the first time anger appeared on Yun Yazi's face. Yun Yazi clearly remembered how Su Yu had entreated him.

The remembrance of his sorry and downcast state, as well as his helpless and desperate expression, still tormented Yun Yazi to this day. It broke his heart that Su Yu, who never had asked him for anything, was forced into such a state.

Hong Luan became quite nervous and tense when she detected Yun Yazi's killing intent. "Are you trying to start a fight here? This place is in the middle of the Eighteen Blessed and Heavenly Lands, and once you make a disturbance here, the other two All Creation Old Monsters will surely come and investigate!"

Yun Yazi calmly shook his head. "Even if they came here, what could they do? If they dared to obstruct me, I will kill them too."

After he spoke, Yun Yazi casually waved his palm at her in a slapping motion. At that moment, Hong Luan felt like she bore an extremely terrifying and grandiose power, which caused her whole body to tremble in fear.

When she could no longer withstand it, she shouted in terror, "Divine power, you are a god!"

Bang!

As a dull sound was heard, Hong Luan's voice abruptly stopped, while her body stood still in its place. Her eyes started quickly losing their luster, immediately taking on an ash-gray color, while all of her life force disappeared. A solemn All Creation Realm expert had been killed with just a wave of a palm!

Yun Yazi took back his palm and clasped his hands behind his back. He then took a step forward and disappeared into the void. After just a single minute had passed, two extremely powerful fluctuations spread out from the two mysterious places in the Eighteen Blessed and Heavenly Lands.

After half a day, two indistinct light projections appeared here. One was black and the other was white. They each stood on one side of Hong Luan's corpse.

"Who did it? Was it the Jiuzhou King?" An extremely aged voice transmitted out of the white projection, its tone filled with shock.

After that, a crisp and melodious voice transmitted out of the black projection. "That's probably the case, as all of the kings are contending for supremacy. Even All Creation Realm Old monsters can't control their own fates."

"We may have some troubles, since the supervisor died in our territory. That king may use it as a reason for making trouble. So, we should quickly go back and prepare for this." As the black projection flew off into the air, it seemed quite impatient and anxious.

The white projection stood there for a while, then also left, still laden with worries. After all, no one knew at the moment what kind of troubles the death of an All Creation Realm Old Monster would bring to the Eighteen Blessed and Heavenly Lands.

In the Mysterious Heavenly Divine Pavilion.

Xia Jingyu was anxiously running in the direction that Su Yu had left from. She was chasing after him, as the shocking evil energy which had just appeared made her extremely restless and uneasy.

Her instinct was informing her that such a person was not Su Yu, but some kind of impostor. Most likely, it someone else who was occupying Su Yu's body!

Xia Jingyu was traveling along the sky that was brimming with evil energy, when the Mysterious Heavenly Divine Pavilion started shaking! A formless space power started descending upon each person's body, then engulfed them and teleported them out of this place!

"No! Wait!" Xia Jingyu was quite anxious, as she felt that she could not leave without knowing first whether Su Yu was still alive or not. But, she had no idea how she could resist the rules set up by a Fairy artifact!

As a rustling sound echoed, Xia Jingyu was taken out by it. However, what she didn't detect at this moment, was that a transparent fragment had attached itself to her body as she was being teleported away.

Similar scenes appeared throughout the entire Mysterious Heavenly Divine Pavilion. In the Zhenlong Continent's Mysterious Heavenly Stage, a rustling sound echoed as many geniuses appeared, including Xia Jingyu, Gang Dalei, Qin Jiuyang, Qin Yushan, the ancient clans' three geniuses and the Empire of Darkness's Great Lords.

However, the most apex existence among them didn't appear, and neither did all of the apex geniuses, like Su Yu, who ranked first in the great competition, Long Wuxin, Gui Wang, and Bai Luo.

Two of the other people who disappeared along with them were the Ancient Clans' genius woman and the Heavenly Law Alliance's Qin Xianer. They still hadn't teleported back, so it was assumed that they were probably already dead.

Just as Xia Jingyu's feet landed on the ground, she anxiously examined her surroundings and looked for Su Yu. But, she didn't find him among the crowd.

She became downcast and absent-minded, as she clearly knew what it meant. Surely, Su Yu must already be dead.

She was incapable of accepting such a fact, especially now, when they had just managed to confide in each other. Moreover, after such a long while, she finally knew that Su Yu loved her back! This could not be their ending!

"Black Snow Devil King didn't return?" After Gang Dalei examined the surroundings, he softly sighed.

Qin Jiuyang also detected that he wasn't here, so he was also somewhat downcast. "I truly didn't expect that Black Snow brother would die. He even saved my life! I managed to come back, while he didn't."

The several Great Lords of the Empire of Darkness also sighed inwardly, as he had saved them too. In fact, Su Yu had helped all of the people here in some way or another. They had all managed to return, while Su Yu had remained there forever.

“This is probably his fate.” Gang Dalei sighed. “Destiny is no respecter of one’s cultivation, and although we were weaker than him, we clearly had great destinies.”

“We managed to return safely to the Zhenglong Continent after going through many hardships, so we should live our lives to the fullest.” Gang Dalei tried making everyone, including himself, feel better. All of the people nodded, somewhat relieved by his words.

They all felt like the two months that they had passed in the Mysterious Heavenly Divine Pavilion were more like two extremely long years. In fact, they might not experience the hardships they went through there even after several years of living in the Zhenlong Continent!

“Well? Where is my teacher? And, where have the elders gone?” Gang Dalei suddenly discovered that there wasn’t anyone in the Mysterious Heavenly Stage. It was completely desolate!

There was even a thick layer of dust that had accumulated on the ground. It was like no one had stepped into this place this entire two years!

“What’s going on? We just left for two months, so why does this place seem like it wasn’t crossed by anyone in two years? Moreover, why weren’t they waiting for us here?” An ancient clan’s genius also discovered some oddities about the place.

Gang Dalei crossed his arms before his chest and spoke in a deep voice, “The elapsing of time in the Mysterious Heavenly Divine Pavilion is slower than in the Zhenlong Continent, and although two years passed in the Zhenlong Continent, we passed just two months in it.”

“This fact doesn’t really matter, but what’s really strange is... Where did they go? It seems like they all left after we just entered into it. Did your elders inform you that they would leave early on?” Gang Dalei swept over them with his gaze as he asked.

Even if the elders left, they should still have come back after their two-month trip ended, so it was quite odd that there wasn’t even one of them here to welcome them back.

One of the three great ancient clans’ geniuses shook his head. “They said that they would stay here and wait for us to come back.”

An odd look appeared on Gang Dalei’s face, as the elder Jiu had also said that he would pass those two years here. But, there was no sight of him here. Such a fact obviously indicated that some great matters had occurred in the Zhenlong Continent, which forced even the elder Jiu to leave the stage.

“Everyone, let’s leave here.” Gang Dalei had a bad premonition about all of this, so he took his leave first.

Qin Jiuyang and Qin Yushan cupped their fists at the people here, then also hurriedly left. The three great ancient clans’ members also felt that this matter was far from reassuring, so they also left.

“Lord Yi Yu, should we also go to report back to the king?” asked Lord Qing Zhu.

After all, he wasn't concerned with Xia Jingyu anymore, as the current Xia Jingyu was already faintly emitting the Vital Energy's aura, so she had obviously already reached the Half Fairy Realm. As he was just a Half God, he was obliged to curb himself while facing her.

"All of you, go back first without me. Bring this voice transmission jade pendant with you. I still have some matters to take care of, so I'm temporarily unable to go back with you." Xia Jingyu threw a jade pendant at him, along with the Empire of Darkness' inherited magical treasure, the Feather Needle of Darkness.

Somehow, the Lord Qing Zhu did not know that she was planning to wait for Su Yu. Although he wasn't pleased by her staying behind, he didn't dare obstruct her. So, he left the Mysterious Heavenly Stage along with the other Great Lords.

Now, only Xia Jingyu remained in the vast and spacious stage...

In the Mysterious Heavenly Divine Pavilion.

Su Yu slowly turned over, and the remnant pain that was transmitting from his body made his mouth.

"Did you wake up?" a warm voice transmitted from behind him.

Su Yu turned his head around and saw Yun Yazi, who he quickly greeted, "Greetings teacher, many thanks for helping me."

He quickly thanked his teachers, as he clearly remembered the state his body had been in before he fainted... He was on the verge of exploding and dying! Since he was now safe and sound, he immediately knew that Yun Yazi had obviously helped him.

"Your performance surpassed my expectations." Yun Yazi turned around and faced him, his benevolent face filled with gratification and praise. "Your potential has truly surpassed my expectations."

Su Yu's great potential could be seen from the fact that he had managed to survive consecutively fighting many powerful enemies. Su Yu modestly said, "I was just lucky, and I picked up some treasures that helped me survive until now."

"Haha, you don't need to make such modest remarks! You should first take a look at your body's current state." Yun Yazi chuckled.

As Su Yu immediately started checking it, he was amazed to discovered that a second Vital Energy Crystal had already condensed within his Dantian at some unknown time. He had already become a Two Crystal Half Fairy Realm expert!

The tremendous energy which burst out inside his Dantian should have oppressed and repressed his second Spiritual Energy Crystal, enabling it to change into his second Vital Energy Crystal! The appearance of another Vital Energy Crystal meant that his Vital Energy quantity had doubled by one fold.

Not only would the might of the magical treasures that he now used become even more powerful, he would also be able to fight for a longer amount of time. This was because he wouldn't consume his Vital Energy and Spiritual Energy as quickly as before!

“What else?” Yun Yazi smiled as he spoke.

There’s more? Su Yu continued checking his body, suddenly noticed something. “My soul! It’s more powerful than before... By a whole fold!”

Chapter 610: Returning to Zhenlong

Su Yu felt that his mind was clearer than ever. His thoughts were alert and he felt much lighter.

Some of the techniques that he found difficult to comprehend previously, he now understood completely. Moreover, the Heaven’s Son Gazing at Air that he could not overcome previously, he’d finally gotten the chance to master.

“Congratulations, you can officially start training Heaven’s Son Gazing at Air.” Yun Yazi looked relieved. “I had expected you to take two years to enter the second level. Unbelievably, you have achieved it in just half a year!”

Heaven’s Son Gazing at Air’s first level of Soul Changing Realm was the foundational level. Once one had been fully trained there, they would really be ready for the official start of Heaven’s Son Gazing at Air cultivation. In fact, only after the first level was complete would the content of the second level appear.

Su Yu immediately retrieved the Green Copper Plate. Indeed, right after the first level, the content of the second level appeared!

“Imperial Soul Realm!”

“Legendary Level, they are categorized into the entry level, lower tier, upper tier, and mastery level.”

“The entry level allows you to control a soul that is one notch above you.”

“The lower tier allows you to control two souls that are one notch above you.”

“The upper tier allows you to control four souls that are one notch above you.”

“The mastery level allows you to control eight souls that are one notch above you. You can even form the Eight Souls Lurking Demon Formation. The might of the formation will depend on the strength of the souls you control.”

As he listened to the information, even the first level surprised Su Yu to the point of making him speechless.

One notch above me? What does that mean?

This meant that, if one day Su Yu could break through as a Fairy, he could directly control a Divine Master! Every layer’s cultivation would double the amount of souls he could control! In fact, once he reached the fourth level, he could control eight souls at once!

Imagine if Su Yu could bring along eight Divine Masters! He would be able to go throughout the whole of Jiuzhou! Filled with excitement, Su Yu checked the requirements...

“Training the second level requires two conditions. Firstly, the controlled individual must not have an ounce of retaliating consciousness. Secondly, the spellcaster must have an extremely strong soul. The bare minimum is to be three times stronger one’s peer.”

The first condition did not exceed Su Yu’s expectations. However, the second condition befuddled Su Yu.

It was not strange that the second level was built on the foundations of the first level. Once he reached the mastery of the first level, his soul would be three times stronger than his peers.

“From today onwards, I will stop my training and officially begin teaching you the cultivation of Heaven’s Son Gazing at Air. As long as you can achieve the mastery level, you will be invincible among your peers at the same tier.” Yun Yazi was filled with anticipation.

Hearing this, Su Yu was very happy in his heart. Yun Yazi had always been very distant in his teaching. If he would personally teach Su Yu from now on, he would definitely achieve the second level of Legendary Level very easily!

“However, master, based on my capabilities now, with so many treasures, I can already fight against Fairies. Would this technique really be helpful?” Su Yu was happy for a moment. However, giving it a second thought, he suddenly felt otherwise.

Yun Yazi laughed lightly. “How many Fairies have you fought fairly, and how many did you actually defeat?”

Su Yu entered a state of deep thought. Of all his encounters, the truly meaningful Fairies were Sheng Ge, Bai Yijian, and Shangguan Qinger. Apart from them, no one else was even worth mentioning.

Lü Chuyi, Bai Zhe, the soul old man, the Ghost King, the demon, Zi Qianchou and Gu Taixu were either soul bodies or merely physical bodies that had achieved the Fairy level. In fact, they had all been suppressed by the Mysterious Heavenly Divine Pavilion. As such, the true encounters with Fairy level martial artists were those with Sheng Ge and Bai Yijian.

Sheng Ge was afraid of being transported, which was why she never actually used her Fairy powers and was therefore suppressed by Su Yu. On the other hand, Bai Yijian and Shangguan Qinger did not have a direct encounter with him before they were accidentally killed. Considering this, Su Yu had not actually properly defeated a single Fairy level martial artist!

Thinking about it, Su Yu suddenly became aware that he had relied on his strong treasures to harm his enemies. He had been numbed by his own carelessness and started to look down upon Fairy level martial artists!

“It seems that you have thought it through, so I need not say more,” Yun Yazi said. “This land indeed suppresses a lot of one’s capabilities. The Fairies you met in the past were not able to exert their full capabilities. If you were in the outside world, you would be the person losing most of the time.”

Yun Yazi then added, "Now, your prototype fairy artifact is being used to cultivate the lightning spirit. Your merging of origins would kill your enemies, but also harm you at the same time. Meanwhile, you have used the Great Sun Punishment Fairy Picture continuously. The disastrous flames contained within it have diminished considerably. If you were to meet with a fourth grade Fairy now, how would you defeat him?"

Hearing this, Su Yu wiped away his cold sweat. If that were truly the case, he would be in deep trouble. The three trump cards he had all had certain flaws. This was especially true of the Great Sun Punishment Fairy Picture.

The first time he had used it against the demon, he had let out half of the disastrous flames. The second time that he fought against Hong Luan's crystal world, he had released another small part of half of the flames.

When he fought against Gu Taixu, he released yet another small part of half of the flames. The remaining disastrous flames were pitifully few. The small amount might be effective against an early stage Fairy, but it would be meaningless if used against any higher tier persons.

"Thank you for your teaching, Master." Su Yu changed his perception immediately..

Yun Yazi said with a smile, "This is what I feel most secure about in you. You are very cautious! I need to rest for a while now. If you have any more questions for me, now is the time to ask."

As he had travelled millions of miles and killed an All Creation being with his palm, he had expended a considerable amount of energy. Hence, he was in need of a brief rest.

"Master, when you mentioned the fourth grade Fairy, what kind of tier is this? Why have I only heard about the early stage, middle stage, and later stage Fairies?" Su Yu asked curiously.

Yun Yazi explained, "It is very simple. Among the early stage Fairies, there are different tiers. The first grade is the lowest, the second grade is slightly higher than that, and the third grade is the peak of early stage Fairies and so on. Middle stage Fairies are also split into the fourth grade, the fifth grade, and the sixth grade. The later stage Fairies would belong to the seventh grade, the eighth grade, and the ninth grade."

Hearing this, Su Yu suddenly understood. Indeed, although both were early stage Fairies, Bai Yijian was much stronger than Sheng Ge.

He seemed to be the third grade, which was the peak of an early stage Fairy, while Sheng Ge was approximately the first grade, meaning that she was at the lowest of the Fairy levels.

"Each grade has tremendous differences in capabilities. If the treasures and techniques used within each were not very different, a higher grade would normally be stronger than a lower grade," Yun Yazi explained. Just like Su Yu, being able to overcome a few grades above him, he was definitely an oddity among oddities.

"Master, I once fought a soul body. He had released something called original soul ice flames. They were capable of freezing one's soul directly. Is this a kind of technique? Why would a soul carry an ice attribute?" At the time when he fought the soul old

man, Su Yu's opponent had released the ice flames, which were very difficult to counter, so Su Yu had almost been trapped by them.

"Hehehe, it is still too early for you to be thinking about this. At least wait until your soul reaches the Divine Master level, then you will be able to train the original soul!" Yun Yazi said. "Humans have their own character traits, and souls have soul traits. Each has a different attribute. Your opponent's soul had the ice attribute."

He paused for a moment, making sure Su Yu was listening, then he added, "A different person would have a different soul attribute. There is no need to be envious. Once your soul is at the Divine Master level, your soul trait will appear on its own."

Hearing this, Su Yu understood. Is there great benefit to breaking through as a Divine Master?

"Do you have any other questions?" Yun Yazi asked.

Su Yu shook his head. "Master, please rest now. I also have something to attend to."

Yun Yazi nodded his head. "Alright, as long as you stay in the light screen that I have left behind, you will temporarily avoid being transported outside. Now, you may attend to your matters in peace."

Su Yu smiled. As long as he had the Mysterious Heavenly Map, he would not be transported, even if there was no light screen. With a slight motion in his heart, Su Yu's soul entered the Nine Jade Spiritual Pearl.

"Auyue, what did you want to say earlier?" Su Yu suddenly moved to the front of the bamboo house and asked.

Wu Aoyue was still cooped up in her thoughts, while she silently retrieved the Thunder Armor. "It has been completed."

As she handed it over with both of her hands, Wu Aoyue laughed coldly in her heart. You should be pleased now!

"You look tired." Su Yu did not accept it. Instead, he noticed that Wu Aoyue's fingers were swollen and her face looked pale.

"Previously, I was in a very dire situation, so I had hurried along without noticing your odd appearance. That was my mistake." Su Yu apologized and sighed. "You can hold on to the Thunder Armor. There is still some time before I break through as a Fairy, so you can use it first."

Hearing this, Wu Aoyue was stunned. She suddenly understood what happened and felt ashamed of herself.

He had been in danger previously, so it was no wonder that he had left in a hurry. She actually misunderstood it as Su Yu being cold towards her.

In the beginning, regardless of how coolly Su Yu treated her, she would not have given it any thought whatsoever. However, now that Su Yu was cool towards her for a brief moment, it had

actually really bothered her. What is wrong with me? Why should I care so much about his attitude towards me?

“You should have a proper rest. Let me know if you need anything,” Su Yu said as he appeared in front of the Underworld Pearl.

Without saying another word, Su Yu used his Milky Way Star Sand to purify and extract the blood essence of the Master of the Ghost World. Once he exhausted his mental energy, Su Yu stopped. Just like previously, Su Yu was only capable of extracting one hundredth of the blood essence at once.

“If I could cultivate all of it, I wonder what kind of might it would contain.” Su Yu’s eyes filled with anticipation as he prepared to leave.

Wu Aoyue then asked, “Prince, will you not have a look at Sheng Ge? She has received her punishment.”

Sheng Ge? Su Yu looked to the corner of a valley, where Sheng Ge was still being burned by the soul flames. From the look of hatred on her face, she clearly had not repented enough.

“Let her stay there,” Su Yu said without emotion.

As his soul disappeared, Su Yu returned to his physical body. By that time, extracting the Underworld Pearl had cost him half a day’s work!

“It is time for me to return to the Zhenlong Continent.” Su Yu muttered, then stood up and waved away the light screen.

He also retrieved the Mysterious Heavenly Map at this time. The spatial energy of the Mysterious Heavenly Divine Pavilion then suddenly descended and engulfed Su Yu to transport him away. Right before he transported, he had many thoughts...

As I have been away for two months, I wonder how Palace Master Ling has been? I have not returned for so long. Is the Yinyu Area still in a good state? Has An Yurou awakened from the deep slumber and recovered her appearance?

Did anyone pray at Li Guang’s grave? Is the Duke’s body alright? Is Jiang Xueqing still looking at the skies in the same place?

Did Phoenix Cabinet’s Master rebuild the Phoenix Cabinet? Are Zi Donglai and Zi Yunxiang both alright at the Heavenly Law Alliance?

Although he had only been gone for two months, Su Yu felt like it had been two long years! Filled with anticipation in his heart, Su Yu entered the transportation vessel.

As always, a silver light sent people from the endless skies towards the Mysterious Heavenly Stage below. When someone was being transported, it was very difficult to open one’s eyes. However, Su Yu had Soul Eyes, so he was therefore unaffected.

As he looked on with his head lifted, he could see an attic floating upwards in the star-filled galaxy. The vast starry sky and the beautiful Mysterious Heavenly Divine Pavilion were amazing sights to behold.

As the attic became more and more distant, Su Yu could feel he was sinking at a higher speed! Retrieving his gaze, Su Yu looked down towards the Zhenlong Continent. From such a height, he could see the full appearance of the Zhenlong Continent clearly.

At first, he looked at it with admiration. However, as soon as the full view entered his eyes, Su Yu sucked in a breath of cold air.

He was shocked. “Impossible! How could this be the Zhenlong Continent?”
