

Nine-Dragon 611

Chapter 611: A Mysterious Palm Print

What appeared before Su Yu's eyes wasn't the continent that he expected, but a giant palm print. More specifically, it was an outrageously tremendous palm print!

The blue star was engulfed in a thick fog, and the continents took just a tenth of its scope. The shape of the continent wasn't like the ones in his previous world, the Earth, but it was in the shape of a palm print.

The hollow of the palm-shaped continent was the place where the Empire of Darkness' headquarters was situated. As for the four sides of the hollow of the palm, that was where the eastern, southern, western and northern four continents were located.

The Wolong Snowfield, which had existed since ancient times and passed through the northern continent, as well as the territories of the Hundred Territories Alliance, Phoenix Cabinet and the Snow Listening Tower all unexpectedly took up just one of the palm's vein lines.

As for its four fingers, they were all engulfed by the sea, but only a small portion of them were revealed. The revealed parts were mostly scattered and boundless islands. In fact, Shenyue Island was just a small island at the tip of the index finger.

Such a shocking scene thoroughly astounded Su Yu. His Zhenlong Continent was unexpectedly just an outrageously tremendous palm print.

The former Zhenlong Continent shouldn't have been in such bad shape. It had only become like this because it had been slapped by some mysterious palm. He suddenly thought of the countless similar palm prints that he witnessed on Shenyue Island, so he immediately associated it with them.

Countless prosperous and flourishing civilizations had been destroyed by such a palm print. Su Yu wondered...

Was the Zhenlong Continent also once destroyed by a palm print?

Who did it? Who had such outrageous power?

The answers to these question were quite obvious. Only an All Creation Realm old monster had such terrifying power.

The shocked Su Yu, who still had many unanswered questions, was suddenly pulled down by the silver light beam. He fell and landed on the Mysterious Heavenly Stage.

As he landed, dust rose up and scattered everywhere, and while Su Yu waved his sleeves at it, he suddenly noticed that something was amiss. It wasn't strange that there wasn't anyone here, as he had returned late, but the fact that the stage was covered in dust was very eerie. It was as if no one had stepped upon it for more than two years!

Was there a difference in the speed of time? As Su Yu was proficient in time power, he quickly understood such a strange phenomenon.

"I didn't expect that the difference in the elapse of time between the two realms was more than ten folds!" Su Yu involuntarily muttered. "In this case, I have already been gone from the Zhenlong Continent for more than two years!"

Su Yu felt like he had been separated from the world for a whole generation! Su Yu got lost in thought...

The Vital Energy that I left for Palace Master Ling was enough to keep him alive for just a half year, and now that two years have passed, doesn't this mean that..

Su Yu suddenly came back to his senses, while his heart immediately tightened. He then tapped the ground with the tip of his feet and went through the teleportation gate to return to the outside world.

After teleporting, he found himself on a vast and spacious mountain summit, and when he looked down from it, he had a panoramic view of the mountains and rivers around him. Su Yu didn't have time to properly enjoy such a sight, and when he wanted to fly away, the sound of a jade ornament rang in his ears.

He was startled by it, so he lowered his head and looked in the direction of the noise. He immediately saw that a jade ornament had been placed at the summit, and once it had sensed the aura of a human, it had started ringing!

He grabbed it, and crushed it. Suddenly, a fog seeped out of it, which then formed the image of a fairy-like beautiful woman!

Xia Jingyu? Did you leave this? Su Yu was quite surprised. He then heard a female voice, as if it was coming from the ornament.

"Su Yu, if you found the message that I left, then quickly leave and look for a place to hide! Don't show yourself, as the Zhenlong Continent has already fallen into the enemies' hands..." Her speech suddenly stopped, as it was engulfed by frantic laughter.

He then heard the voice say, "Quickly chase after this woman, as she unexpectedly dared to come back! Hahaha, we will have fun tonight!"

Crack!

The jade ornament finally completely shattered in his hand, and Su Yu's heart couldn't help but tighten. He had clearly seen that someone was chasing Xia Jingyu!

What happened? Who in the Zhenlong Continent would dare to brazenly oppose the Darkness Lord?

And, what did she mean? What is this matter about the Zhenlong Continent's falling into enemies' hands? And, how is Xia Jingyu doing now? Had she been caught?

Su Yu, who just came back to his senses, was instantly engulfed with worries. Su Yu suddenly recalled the warning that the Ghost King had given him before he left, when he had asked him to quickly leave the Zhenlong Continent, as he would be in danger if he tarried!

Did he know that the Zhenlong Continent would face some great danger?

Su Yu became even more nervous, so he flew into the air and went towards the place where Xia Jingyu's image in the jade ornament had fled.

"I hope that I can still make it in time," Su Yu mumbled, his expression ice-cold.

With Su Yu's cultivation, he could cross millions of mountains in just several seconds. As he had already been pursuing her for several hours, he had crossed more than ten million miles! He knew that such a blind search was like trying to find a needle in a haystack, but he had to at least try!

Clink!

The noise of people fighting, along with a woman's sweet shouts, entered his ear suddenly. He found the woman's voice somewhat familiar, but it was somewhat indistinct, not clear enough for him to pinpoint who it belonged to.

Was that Xia Jingyu? Su Yu decisively flew towards the voice.

"Haha, such a sealed and desolate land like the Zhenlong Continent unexpectedly still has some two goods within it! That's not too bad!" A few men were standing in a group, two of whom were acquaintances of Su Yu.

One of the two men was Gang Dalei, who had just returned from the Mysterious Heavenly Divine Pavilion five days ago. The other one was the only woman in the group, Zi Yunxiang.

In the two years that he hadn't seen her, Zi Yunxiang's cultivation had broken through the Dragon Realm and entered into the Heaven Master Realm. Such a swift and quick advancement truly astounded and surprised Su Yu.

The cultivation of the other three people was almost the same as hers, as they were in the Heaven Master Realm. Currently, it seemed like they were carrying out some tasks under Gang Dalei's leadership.

"Hehehe, when you mentioned 'two goods', were you talking about their talent?" The other man, who was clad in white armor, smiled evilly and fixedly stared at Zi Yunxiang.

"It's obvious that I'm talking about the women's looks, and although this last woman was inferior to the one we chased last time, she's still not bad. We let the other woman escape, so we mustn't miss this one! In fact, we should properly enjoy tonight, so that our patrol of this place doesn't end without a good harvest." The armored man, who spoke first, chuckled.

"Alright, let's take care of their leader before discussing it, a Two Crystals Half Fairy Realm expert like him can be considered as one of the Zhenlong Continent apex young experts, but it's a pity that he had run into us." one of the two youngsters said. The pair then glanced at each other before they coordinately attacked him at the same time.

"Zi Yunxiang, take them along with you and flee. I will block them for you." Gang Dalei tore his upper body robe, then revealed his hideous-looking flood dragon's head.

Such an astounding sight terrified the armored youngsters, and they all stopped what they were doing.

Zi Yunxiang took the opportunity to lead the group and flee. "Follow behind me! After we travel three miles, we must then separate and flee in different directions. After all, they are really after me alone."

She was quite decisive, as she knew that with her meager power, she wouldn't be able to help Gang Dalei. Instead, she would just cause him to lose his opportunity to escape because he would be concerned about her.

However, she clearly knew that Gang Dalei's chances of successfully escaping were near zero. This was because he had just broken through to the Two Crystals Half Fairy Realm, so facing the joint assault of two Half Fairy Realm experts did not bode well for him.

Bang!

In accordance with her guesses, an intense fluctuation spread from behind her. She could vaguely hear Gang Dalei's pained coughing.

"You truly scared me, what kind of freak are you?" one of the two armored youngsters asked, then joined hands with the other one. The pair then slapped Gang Dalei down onto the ground, which caused a big crater to appear. Gang Dalei, who was coughing blood from his mouth, was filled with hatred.

"Eh, he's even weaker than I expected. I will go to catch that woman, then kill the rest of them. I will leave this freak to you," one of the armored youngsters confidently said.

"Fine. You mustn't let her slip by this time. I want to embrace a beautiful woman tonight and have some fun." The other armored youngster's gaze fell upon the fleeing Zi Yunxiang's back.

She had a lovely slim body, and she was as beautiful as a butterfly. Although she was frantically fleeing, her natural grace and charm couldn't be hidden.

Even though such a woman wasn't the most beautiful woman in the world, she was still a rare and charming woman, so it would be a marvelous experience to have her under you and listen to her lovable moans!

Beauty, you are truly making my heart itch for you. I must surely take care of you tonight.

Swoosh!

The armored youngster turned into a breeze of wind, and moving as fast as lightning, he chased after her, instantly overtaking her. Zi Yunxiang's face was filled with anger and shame, and despair welled up in her heart. She wondered if she would really have to endure such humiliation before her death.

When the youngster excitedly extended his hand to her, a pink fog appeared before him. Suddenly, a yawning small kylin walked out of the pink fog, while swaying.

It had pink scales and exquisite small horns. It seemed quite lovable. It also seemed like it had just woken up, and its gem-like beautiful purple eyes were confusedly looking at the youngster.

The armored youngster was stunned, as he was wondering where this demonic beast came from! The youngster, who still was yet to come back to his senses, felt the world before him darkening as the small kylin instantly flung its hoof at him and stamped his face.

“Ahh!” A miserable shriek rang out, while the youngster immediately spouted a large amount of blood and two of his teeth fell out!

His body rolled on the ground, writhing back and forth in pain. After the small kylin flung its hoof at him, it had immediately turned into its illusory state, so all of the recoil force of their collision hadn't affected it at all.

As the small kylin yawned lazily, it felt like it was still dreaming. After it swept its gaze over its surroundings and discovered Zi Yunxiang, it ran towards her and pounced at her bosom, then started rubbing its head against her ample chest.

Zi Yunxiang quickly extended her hand and embraced it. The small kylin yawned several times before it laid fully on her bosom. Zi Yunxiang, who was still confused, just blankly stood in her place.

Where did this mysterious demonic beast come from? It was quite amazing, and it could fling away a Two Crystals Half Fairy Realm expert with just a wave of its hoof!

“Where did this mysterious demonic beast come from?” The armored youngster was quite infuriated, and without turning his head back, he loudly shouted, “Big brother, why have you not taken care of that trash? There is a thorny demonic beast here, so quickly come over and help out.”

A calm voice immediately transmitted from behind him in response, “Don't worry. I already brought him here for you.”

The armored youngster was startled, and his expression gravely changed. There was unexpectedly a person behind him, yet he hadn't detected him at all.

As the armored youngster turned to look at him, he was almost frightened stiff. He saw a handsome youth, who had silver hair, calmly standing where he had been just a moment ago.

He was holding a person in each of his hands, one of them was the injured Gang Dalei, and the other was his companion, whose eyes were filled with shock. Neither dared to move an inch.

Chapter 613: Entering The Heavenly Law Alliance

Su Yu was quite shocked by what he had just heard. The Zhenlong Continent unexpectedly went through such drastic changes in just two years. The continent was invaded and occupied by some other world.

“Then, doesn't this mean that even a part of the Empire of Darkness, which is in the northern continent, was occupied by them?” Su Yu was quite worried about his Yinyu Area.

When Zi Yunxiang heard him, she nodded. “Eh, it's already occupied, and apart from some sharp-witted people who managed to escape early on, almost all of its residents were confined there. Such a change happened so abruptly, the continent was occupied in just one night.”

“How did they treat the people in the territories that they occupied?” Su Yu’s heart tightened.

Zi Yunxiang’s expression became somewhat ice-cold. “They didn’t commit any large-scale massacre, but from those two people’s actions, you can obviously tell that they are treating the Zhenlong Continent’s people like livestock. They kill, loot, and rape as they wish, and they don’t stop at anything. Although the lives of the people in the occupied territories aren’t in danger, they can’t avoid being humiliated, and who knows how many people have been deprived of their wealth or how many people’s wives or daughters have been raped.”

A cold glow shone in Su Yu’s eyes. Those people had extremely terrifying powers and talents, and they all had superiority complexes in the face of the Zhenlong Continent’s people. They were all indulging in their darkest desires while they were in the Zhenlong Continent, committing all kinds of evil and wicked deeds.

“All of the people who managed to escape hid in the wilderness or entered into the boundless sea. Some were even sheltered by our Heavenly Law Alliance. Apart from that, all of the other places in the Zhenlong Continent turned into hells on earth.” Zi Yunxiang clenched her fists.

Such a disaster had abruptly descended down upon them, and it was so intense, the Zhenlong Continent had already fallen into the enemies’ hands.

“The Heavenly Law Alliance’s warship is hiding, and our five-person group is one of the patrolling teams. The warship is stopping for a rest now, and we need to reinforce the surrounding security, but who would expect that, after we left the warship for just a short while, we would run into two Half Fairy Realm experts? We must quickly go back and notify them! We mustn’t stay here any longer,” said Gang Dalei.

Su Yu nodded at him, while his gaze drifted between Gang Dalei and Zi Yunxiang. He then spoke in meaningful tone, “The geniuses sheltered by the Heavenly Law Alliance shouldn’t be just the two of you?”

He was asking trying to figure out the status of these two youngsters. One of them was the disciple of one of the Zhenlong Continent’s three great Fairy experts, the elder Jiu. The other one was the daughter of one of the Heavenly Law Alliance’s elders, Zi Donglai.

Their status was many times higher than that of ordinary geniuses, so he wondered why they had been sent to execute such a dangerous mission. Moreover, why had no one been sent with them to protect them?

Su Yu immediately noticed many doubtful points regarding their situation. Both of their expressions became unsightly when they heard his question.

Gang Dalei bitterly laughed. “My teacher was sheltered by the Heavenly Law Alliance, and since we are living under their roofs, how could we not lower our heads to them?”

Wait, it wasn’t strange that Gang Dalei was being sheltered by them, but why would someone like the elder Jiu need to be sheltered?

“Four days ago, my teacher’s tribulation descended upon him, and although I brought a Thunder Herb for him, for some unknown reason, this time tribulation lightning was many times more terrifying and powerful than I expected, so my teacher was heavily injured by it. In fact, he’s still in a comatose state now.”

He took a breath, then continued. “He was being nursed by Undead Phoenix Master, but what was even more terrible was that, since he failed in passing his first tribulation, his second tribulation will descend down in the next few days! As he is still unconscious, what do you think his fate will be while facing the second lightning tribulation?”

Most likely, he would probably be turned into a puff of smoke by it! As such, the elder Jiu’s fate was clear and obvious.

He was now just an old man who would shortly die. So, it wasn’t unreasonable that his disciple suffered from such treatment. But, arranging such a mission for him was still somewhat too vicious.

The elder Jiu hadn’t died, yet they were treating his disciple in such an abhorrent way. One had to wonder how the elder Jiu could die peacefully while his disciple was stuck in such an awful situation...

“And, what about you? Is the Housemaster Zi also heavily injured?” asked Su Yu.

Zi Yunxiang softly sighed. “That isn’t the case. Besides, how can my father be compared to elder Jiu? The power structure in the Heavenly Law Alliance has experienced some changes, and my father was crowded out by them, so he was deprived of his status as an elder. Then, Fu Cangshan’s grandson was recently sheltered by the alliance, and he took a fancy to me and wanted me to become his concubine. But, since I wasn’t willing to do that, I was sent to carry out this dangerous mission.”

“Who’s Fu Cangshan?” It wasn’t the first time that Su Yu had heard this name. He had been first person to enter into the Dragon Abyss of the Nine Underworlds to investigate it. He had actually managed to come back alive by a fluke!

“You should have already heard his name,” said Zi Yunxiang. “The Northern Extreme Sword Saint Zhao Wuji, the Undead Phoenix Master Qiu Ningshui, and the Snow Gazing Reverend Fu Cangshan were all elders of the Heavenly Law Alliance, which came from the northern continent.”

When he heard her explanation, Su Yu finally understood. He had once heard about these people. The Northern Extreme Sword Saint came from the Hundred Territories Alliance, while Undead Phoenix Master Qiu Ningshui came from the Phoenix Cabinet. The Snow Gazing Reverend Fu Cangshan came from the Snow Listening Tower. Now that they had been mentioned, he recalled that the Snow Listening Tower’s Master was particularly awful.

“All of the people in the Snow Listening Tower are just scoundrels, and they even use such cheap ways to force someone to marry them!” Su Yu disdainfully snorted.

“You should absolutely not say such words in the Heavenly Law Alliance! Fu Cangshan’s cultivation has greatly advanced, and he’s now already at the peak of the

Three Crystals Half Fairy Realm. He may even pass his tribulation at any moment, and his strength has already surpassed the Alliance Master Long's!"

He then added, "The Alliance Master Long was heavily injured in the fight within the Dragon Abyss of the Nine Underworlds, and it was only because of Undead Phoenix Master's help that he manages to survive. Fu Cangshan's current authority and influence is quite great, and it was only because he wanted to promote his trusted aid to the role of elder that my father was deprived of his duty as an elder. This was okayed because the current Heavenly Law Alliance is vastly different than the past one."

It seemed like the master of the Heavenly Law Alliance had indeed changed. After he left for two years, the power structure of many of the factions had become quite complex.

"Be at ease. I understand, and I won't cause trouble," Su Yu said. After all, he came to the Heavenly Law Alliance just for Xia Jingyu and Ling Xiaotian, and if his hand wasn't forced, he would surely not stir up any trouble.

They continued chatting, while they flew towards the Heavenly Law Alliance's warship. What they didn't know, was that in the place where the two armored youngsters had died, a middle-aged man, who wore a cold expression and blue armor, was coldly looking in the direction from which Su Yu and the other had just left.

The man sneered. "I finally found you..." While he was speaking, a Fairy Realm's spiritual pressure spread out from within him.

...

In the Heavenly Law Alliance.

After he got to witness the Heavenly Law Alliance's warship for the second time, there wasn't any amazement on his face. This was because he had experienced and seen all kinds of great and mysterious warships in the Mysterious Heavenly Divine Pavilion, so the Heavenly Law Alliance's warship were somewhat lacking by comparison.

Moreover, with his eyesight, he could easily make out that the Heavenly Law Alliance's warship was just a semi-manufactured spiritual artifact, making it barely adequate. After they reached the warship, a light pillar descended upon them, engulfing them and teleporting them inside.

When they landed on it, Su Yu immediately felt a cold and austere air. When he scanned his surroundings, he saw two rows of soldiers, all brimming with killing intent, who were warily looking at them.

It was only after they confirmed that they were from the patrol team that they put their weapons away, then continued sealing the teleportation formation and guarding against any enemies who might use it to intrude into the warship.

"Please inform Alliance Master Long that the tenth patrol team has returned, and that we have some important matters to report back to him." Gang Dalei instructed a guard, before speaking with Su Yu. "Black Snow, well, Su Yu, I will bring you to see Undead Phoenix Master. She's currently looking after my teacher and the Lord Yi Yu."

As Su Yu had come here just for this exact matter, he promptly nodded at him.

Zi Yunxiang said, "Go meet them without me. I need to see my father first. If he knows that you are still alive, he will truly be quite excited and happy."

"Then, let's meet after that," said Su Yu. He then took quick steps as he went to Undead Phoenix Master's abode.

As Gang Dalei guided him, they directly went to the middle of the warship. There were many elders living there, and the guards who were protecting it were quite strict and rigid. Gang Dalei needed to verify his status three times along the way, and only after they went through three checkpoints did they finally reached the warship's inner parts.

"As the Heavenly Law Alliance will occasionally suffer the otherworldly experts' assaults, many battles will then occur, where they all leave heavy casualties behind them. It was because of this that Undead Phoenix Master, who was specialized in alchemy and healing arts, became even more important and critical. This is why she's heavily guarded and protected." Gang Dalei explained the situation while they were walking.

He then suddenly raised his brows and shouted, "Hey you! What are you doing here?"

When they turned a corner in a corridor, they discovered that there was a youth, who was wearing magnificent clothes, standing before Undead Phoenix Master's room. He was stealthily peeping into the room through a crack in the door.

When he heard Gang Dalei's shout, not only wasn't he afraid, he even furrowed his brows as he looked at him defiantly. "There isn't any place in the Heavenly Law Alliance which I am not allowed to enter!"

"I am asking you specifically what you are doing here?" It seemed like Gang Dalei loathed and abhorred this guy!

"That isn't your business. That old man will shortly die, yet you still dare to be this confident. You are truly lucky that you managed to come back alive." The magnificently clothed youth was fed up, and he stopped peeping, then coldly snorted before he left in a huff, thoroughly disregarding the guards.

Su Yu revealed a confused look. "Brother Dalei, who is he? it seems like he doesn't have an ordinary status."

Gang Dalei disdainfully replied, "What status are you talking about? He's just relying on the influence of his grandfather, who spoiled him. Oh, that's right, Miss Zi also mentioned him just a moment ago."

It was Fu Cangshan's grandson, who tried to force Zi Yunxiang into marrying him and made troubles for her in secret!

"What was he peeping at?" Su Yu was disgusted by him as well, and when he walked to look from the place where the youth had just stood, his expression turned ice-cold.

From such angle, he could had a clear view of the unconscious Xia Jingyu, who was laying on the bed, which was in the middle of the room. After Gang Dalei came over to him and also looked from that spot, he immediately understood what the lad had been looking at.

“That bast*rd! He dares to have ideas about an unconscious woman!” Gang Dalei was quite infuriated. “He’s truly a shameless scoundrel! If my teacher was awake, I would never have to bear his sh*tty existence!”

“What’s his name?” Su Yu tried to hide the cold glint in his eyes, but killing intent still leaked from them.

Gang Dalei was startled, and he hesitated as he spoke, “Fu Hongxue, but brother, don’t do anything stupid! The Heavenly Law Alliance is the only place where we can survive, and if we want to continue staying here, we must keep the peace with him. So, please don’t stir up trouble, as that kid is extremely ruthless and sinister, so he will surely bear grudges.”

Su Yu calmly nodded at him. “Okay, I understand.” However, Gang Dalei didn’t notice the killing intent that still flickered in Su Yu’s eyes.

After they entered the room, Su Yu immediately looked at Xia Jingyu. She had a beautiful jade-like complexion, and even though she was in a coma, she still seemed like the most beautiful woman in the world.

She was currently laying on the bed, her brows deeply furrowed. It seemed like she was wracked with worries, even in her sleep.

“Jingyu, I came back.” As Su Yu held her hand, their shared warmth touched his heart.

At that moment, Xia Jingyu’s tightly furrowed brows loosened, and she became quite serene and peaceful.

Chapter 614: Saving Elder Jiu

Xia Jingyu’s and Su Yu’s hearts remained connected to each other. Holding Xia Jingyu’s hand, Su Yu checked her injuries.

The injuries in her bones and internal organs were gradually recovering, which must have been the work of Undead Phoenix Master. Apart from those things, Su Yu did not discover any other injuries. Why is Xia Jingyu still in a deep slumber?

“Who are you?” As the door was pushed open, a proper middle-aged lady entered. She had just shouted angrily, and her brows were deeply furrowed.

Gang Dalei immediately rushed over. “Elder, it is Black Snow Devil King! He is Black Snow Devil King, yet is also Su Yu!”

“Black Snow Devil King? You are Black Snow Devil King?” Undead Phoenix Master was very surprised by this, and many thoughts started to swirl in her head...

The same Black Snow Devil King who gifted Xianer a high grade divine artifact and lost his sight when his eyes were injured by Heavenly Wrath?

Hold on, Su Yu... Isn’t he the traitor who was criminalized by the Empire of Darkness?

He is actually Black Snow Devil King?

After a while, Undead Phoenix Master finally understood and accepted the truth. “I can’t believe that you kept this from me! I was worried sick! You are Xianer’s fiancé, which explains why you were so protective of her!”

“Unfortunately, Xianer...” Undead Phoenix Master started to say something, but lost her train of thought. Her face looked weak. When she found out that Xianer did not return, her spirits sank.

Su Yu said, “About Xianer, I will explain everything to you later. Dare I ask, Elder, where did you go earlier?”

Undead Phoenix Master was stunned. “Fu Cangsang asked me to go and discuss with him the crafting of healing elixirs. However, when I went, he had locked himself in his chambers. That is why I returned.”

Hearing this, Gang Dalei’s and Su Yu’s facial expressions turned cold.

“Elder, do you know what Su Yu and I saw when we arrived?” Gang Dalei asked her angrily. He then explained what had occurred, from beginning to end.

After hearing what he said, Undead Phoenix Master turned cold and shook with anger. “That b*stard! He dares to imitate Fu Cangsang and trick me into leaving! He wanted to use the opportunity to advance against Lord Yi Yu!” Just thinking about it made Undead Phoenix Master angry beyond reason!

If not for Su Yu and Gang Dalei, who had rushed there in time, he might have already gotten what he wanted! He could have done something regrettable to Xia Jingyu, who was lying helpless in a coma!

It was ironic that Xia Jingyu fought with her life to remain pure and did not fall into the hands of the different tribe, only to have nearly been tainted by her own people! It was shocking that such blasphemy actually happened in the Heavenly Law Alliance!

“Fu Cangsang, what a grandson you have! I will tell this to Alliance Master Long later, then we shall see what reputation you have left!” Undead Phoenix Master was beyond angry.

Su Yu looked much calmer. “Thank you, Elder. However, please do not get involved in this matter! The state of things in the Heavenly Law Alliance is very complicated. You should protect yourself. I will sort things out between myself and Jingyu.”

“Hmph! As a Heavenly Law Alliance Elder, how could I turn a blind eye? Do not worry. Even if I cannot get rid of that young fellow, it would be good to shame Fu Cangsang so that he will teach his grandson better!” Undead Phoenix Master was straightforward, displaying the composure of a proper Phoenix Cabinet’s Master.

Su Yu did not try to stop her. Instead, his attention turned to Xia Jingyu.

Having talked for a bit, Undead Phoenix Master said, “Her injuries have almost recovered completely. For some unknown reason, her consciousness has still not returned! However, there is no need to worry. Her consciousness is slowly returning. She should be awake very soon. You do not need to worry so much.”

Hearing this, Su Yu let out a deep breath.

“Compared to her, Elder Jiu is the one who is in real trouble.” Undead Phoenix Master went over to the next room over, while Su Yu followed her.

When he looked towards the bed, he saw Elder Jiu lying on it. His face had yellowed to the color of fallen leaves. The once vibrant and emotionally expressive Elder Jiu was now a weak and fragile old man.

Gang Dalei sat quietly in front of the bed. Regardless of how hard he tried to stay tough, one could still feel the sorrow that was in his heart at this moment.

After all, it was Elder Jiu who had disregarded his oddities and brought him up. To him, Elder Jiu was both a master and a father.

Su Yu took a glance at the two together and raised his eyebrow. He could feel the remnant disastrous thunder that was pulsating in Elder Jiu’s body.

His physical body had been severely damaged. His consciousness was also in immense torture due to damages that his physical body had sustained. That was the reason he was still in a coma.

“Elder, is there no suitable healing elixir for him?” Su Yu asked.

Undead Phoenix Master sighed. “There are elixirs. At the end of the day, he has only suffered physical injuries. There are many healing elixirs for him. However, the difficulty lies in the fact that there is remnant disastrous thunder in his body, which is very difficult to deal with. Any external object that entered his body would be destroyed by the disastrous thunder instantly. As such, our medicine is not effective.”

She then added, “We must first eliminate the disastrous thunder before we can heal his injuries. However, the frightening power of the disastrous thunder cannot even be withstood by his Fairy body, much less anyone else! If it were not for my insisting on bringing Elder Jiu here, I am afraid that he would have been cast outside, as no one can handle the disastrous thunder in his body.”

In truth, Undead Phoenix Master still wanted to mention that it did not matter if Elder Jiu woke up, as there was a second wave of Heavenly Disaster coming his way! Even when he was at his peak, Elder Jiu could not withstand the disastrous thunder. So, now that his body was heavily injured, it did not seem possible that he could overcome it.

Bam.

Gang Dalei suddenly smacked himself on the face. Two drops of tears welled up in his eyes instantly. “It is all my fault! If I had followed his orders to retrieve the thunder-based treasure, this would not have happened. Master would not have been injured to this extent by the disastrous thunder!”

Su Yu felt discomfort in his heart. This was because he had acquired the thunder-based treasure beforehand. However, even if Su Yu had not interfered, Gang Dalei would have been stopped by Yang Yidao. Thus, he would never have had the chance to acquire the treasure regardless.

“Why don’t I give it a try?” Right then, Su Yu suddenly spoke up.

Undead Phoenix Master asked him strangely, “You? What methods do you have?”

Gang Dalei rubbed away his tears, perking up. “Brother Su, if you can save this old fellow, I, Gang Dalei, will do anything for you!”

Su Yu waved his hand. “Do not say such things. The only person who can save him is Undead Phoenix Master. I can only find ways to remove the disastrous thunder from his body.”

“Can you really do that?” As Undead Phoenix Master noticed the confidence in Su Yu’s words, she was surprised.

Su Yu laughed lightly. “Well, by my estimate, I have an eighty percent chance of succeeding. However, I cannot be bothered by anyone during the process. I hope you two can stand guard outside and prevent anyone from entering.”

“Alright! I will leave the old man to you! I will stand guard for you!” Gang Dalei said, then immediately bounded outside with energetic steps. The excitement in his heart could be felt by everyone.

Undead Phoenix Master rolled her eyes in discontent. “You have become much stronger these last two years, as you would even conceal something from me now!” However, she still obeyed and immediately left the room.

Even though she was upset by his secrets, Su Yu’s behavior was only normal. It was not a matter of trust. He was simply being smart.

Su Yu rubbed his nose. If it were a normal technique, he would not have minded their observance. However, some things were not meant to be seen in public.

Su Yu retrieved a jade box that was about the size of his palm. There was a black colored hair that looked like a needle lying in it.

“The Demon’s Hair can definitely lure out the disastrous thunder. However, the demon energy is merciless, and Elder Jiu is still very weak. If the demon energy entered his body, it would only make things worse.” Shaking his head, Su Yu took it away.

Thereafter, he retrieved a five-colored jade object. It was the Five Elemental Strong Thunder Seal.

Looking at the evil seal on it, Su Yu shook his head. “This will not work either. It is temporarily sealed and would not absorb the disastrous thunder.”

Finally, Su Yu retrieved a five-colored, beautiful, and soft armor from the Nine Jade Spiritual Pearl.

“This is the only thing I can try,” he mumbled. This was the Thunder Herb Armor that Wu Aoyue had spent days and nights crafting. He had not thought that he would use it so soon, but now was as good a time as any!

After placing the armor on Elder Jiu’s chest, the five colors of the Thunder Herb gradually seeped into Elder Jiu’s skin and flesh. The light then spread to every corner of his body. Wherever the five colored light passed through, the destructive disastrous thunder would become absorbed into the armor, as if it was facing its arch nemesis.

Elder Jiu’s complexion seemed to be recovering as the pain decreased. After a short while, Su Yu removed the Thunder Herb. When he squeezed it, a sizzling sound was heard. Su Yu’s finger felt numb after this sizzle, so he quickly removed his hand.

“Aye, the Thunder Herb seems to be able to convert the absorbed disastrous thunder into a defensive effect!” Su Yu had made a surprising discovery.

The eighty-year-old Thunder Herb had an additional effect! Not only could it absorb disastrous thunder, it could even convert it for its own usage as a defensive property! This specialty was something that hadn’t been discovered at the Exchange Festival.

The disastrous thunder must have been very powerful to hurt Elder Jiu this badly. Now that it had been turned into a defensive component in the Thunder Herb Armor, it was very useful! Such an unexpected gain made Su Yu feel very satisfied.

As Elder Jiu had helped him before, Su Yu was willing to help him to get rid of the thunder purely out of goodwill. This additional gain had been completely unexpected!

Outside, Gang Dalei was pacing back and forth as if he had lost his mind. He mumbled to himself unceasingly.

“Elder, how much of the disastrous thunder do you reckon Su Yu will be able to eliminate from Master’s body?” Gang Dalei rubbed his chin.

Seeing how worried he was, Undead Phoenix Master had mixed feelings. She was both amused and angered. “How should I know?”

Gang Dalei was silent. However, the worry in his eyes was clear.

“However, if he is able to get rid of half of it, I can ask Alliance Master Long for help with the other half. Perhaps Void World Senior’s carcass could get rid of the other half!” Undead Phoenix Master said. “I am only worried that Su Yu has underestimated the thunder. Based on his capabilities, it would be difficult to even get rid of one-tenth of that thunder!”

She took a deep breath, thought for a moment, then added, “Forget it! If he can get rid of three-tenths of it, I will settle the rest. I could use the Bypass Pill that I have kept for many years to get rid of two-tenths of the thunder. I will then ask for help from Alliance Master Long.”

Undead Phoenix Master bit her lip. She had clearly given up the hope of bypassing on her own. Creak.

The door opened, and Su Yu's relaxed face appeared. He did not seem tired at all.

Gang Dalei's heart sank. Did he fail?

"Brother Su, were you able to eliminate half of the disastrous thunder?" Gang Dalei asked urgently.

Su Yu was stunned. Half? If he was removing it, of course he would remove all of it.

Seeing how stunned Su Yu looked, Gang Dalei's heart sank even further. "Does this mean that you could not even remove four-tenths of it?"

"What are you trying to say?" Su Yu was confused. He looked at Gang Dalei, then at Undead Phoenix Master.

Seeing his confused look, Undead Phoenix Master sighed in her heart. "Su Yu, tell us directly. How much of the disastrous thunder in Elder Jiu's body did you remove? If you managed to eliminate three-tenths of it, I have methods to get rid of the rest of it. If not..."

Su Yu finally understood, so he said, "Did I not explain myself before removing it? Naturally, I would remove all of the disastrous thunder, not just a part of it."

Suddenly, Undead Phoenix Master and Gang Dalei showed the same facial expression, like they were seeing a ghost. Even Void World Senior's carcass was only capable of removing half of it, yet Su Yu had single-handedly removed all of it with ease!

"Let me have a look!" Undead Phoenix Master collected herself and rushed in.

Gang Dalei's heart was beating wildly as he followed after her. Before he could reach Elder Jiu's bed, he heard Undead Phoenix Master shouting in surprise. "Oh my god! Where is the disastrous thunder? Su Yu, where is the disastrous thunder? Did you eat it?"

Su Yu rolled his eyes at her. You are the disastrous thunder!

"Let us not waste time. Give the medicine to Elder Jiu quickly. His second Heavenly Disaster is about to arrive. Before then, help his body recover as much as possible," Su Yu said.

However, his next sentence shocked Gang Dalei and Undead Phoenix Master. "Although, I could help him bypass the Heavenly Disaster. But, if his body is too weak and he gets killed by the disastrous thunder, you would both blame me."

The two looked at him as if they had just seen a monster. They both stared at Su Yu without blinking their eyes.

"Brother Su, what did you just say?" Gang Dalei could not believe his ears.

A Half Fairy was saying that he could help a Fairy bypass the Heavenly Disaster! If Su Yu had said this earlier, Gang Dalei might have laughed at him dismissively, as it surely would have been a joke.

However, he now looked very serious. From the way he had just removed the disastrous thunder, Su Yu might really have some ultimate technique to conquer the Heavenly Disaster!

Su Yu blinked his eyes. "Helping him to bypass the Heavenly Disaster is within my capabilities. After all, Elder Jiu helped me before. Now, I am returning the favor."

Within his capabilities... those three simple words fully conveyed Su Yu's confidence and ability to achieve what he said!

"Tsk, young man, if you can help me to bypass the Heavenly Disaster as well, I will allow you to marry Xianer!" Undead Phoenix Master sucked in a breath of cold air. She realized she could no longer see through the young man.

Su Yu became silent. Why would I need her to allow this?

"When you need help, just ask," Su Yu finally said.

Undead Phoenix Master was very satisfied. She immediately retrieved the healing elixir and fed it to Elder Jiu. His yellowed face was quickly recovering its normal color.

"Alright, we can finally begin the healing process. Within three days, his injuries should be fully recovered." Undead Phoenix Master clapped her hands and let out a huge sigh.

Gang Dalei was filled with surprise and joy. He rushed over to give Su Yu a big bearish hug.

"Brother Su, thank you! If you need me to do anything for you in the future, you only need to ask!"

Su Yu laughed. Gang Dalei's personality was unspeakably forthcoming.

Creak.

Right then, the door opened and a guard came in. "Leader Gang, please go to the main hall with this young man to report what you have discovered."

Undead Phoenix Master turned serious. "Just in time. I would like to see how Fu Cangsan will deal with this humiliation!"

However, Su Yu stopped her and said thoughtfully, "Elder, I would sincerely like to ask for your help with something..."

A coldness filled Su Yu's eyes, which were flashing brightly.

Chapter 615: An Elder Stern Criticism

In the past, the Heavenly Law Alliance would always appear when the world was in danger. It would then protect the talented youngsters in order to provide the human race with an opportunity to rise up in the future. In this way, they were ensuring the next generation of new apex experts.

The Heavenly Law Alliance was always fighting for the world's well-being. As such, it was the last fort of the human race.

When alien-people invaded the continent and caused great turmoil, it was the Heavenly Law Alliance that sheltered all of the young experts. Such altruism led all of the people to respect the Alliance.

Even Undead Phoenix Master, Zi Donglai, and Lin Yunhe were all willing to hold offices in it, despite their having already retired. They did this because they all respected the Alliance's motto of selflessness and nobleness.

Even Su Yu himself greatly respected it, and although he had some conflicts with it in the past, it still didn't hinder him from revering the institution. After all, there were very few organizations who wouldn't work solely for fame and benefits. The Alliance, on the other hand, focused only on the continent's bright future.

Even a faction as powerful as the Empire of Darkness, or just some random weak nobody, would still not sacrifice themselves for the continent. As such, the Alliance symbolized the greatest form of righteousness to man people.

"Brother Su Yu, you don't need to be this nervous, we will just report the dangers that we ran into. We just need to speak plainly, without mincing words, and as many of the Heavenly Law Alliance's elders have honest and modest characters, they won't deliberately cause any trouble for you." When Gang Dalei saw that a solemn expression appeared on Su Yu's face, he misunderstood it for nervousness.

Su Yu just faintly smiled at him in response. He wasn't nervous, even when he was facing three Fairy Realm experts alone, much less now, when he was only facing Half Fairy Realm experts!

While they were chatting with each other, they reached the hall, which was in the central district of the Heavenly Law Alliance. It only had a few simple decorations, which weren't luxurious at all. This austere style fit in with the Alliance's traditions.

There were several elders in the hall, one of whom was the crafting master Lin Yinhe. He wore a faint smile as he looked at them.

Zi Donglai, who was dismissed from his duty as an elder and became just an ordinary member, was beside him. Joy and delight appeared on his face when he saw Su Yu.

However, he was still somewhat embarrassed, as he was still standing among the elders even now, and Zi Yunxiang, who came to report the completion of the mission, was beside him. Her eyes were fixed on the silver-haired youngster, and no matter how much she looked at him, she still found his silver hair to be dazzling.

Apart from these people, were some elders, which he didn't know. They clearly must have come from one of the southern, eastern, or western continents, and since they were from these different continents, they subtly put some distance between one another. Lin Yunhe and Zi Donglai, who were the only people from the northern continent here, seemed quite isolated because of this.

Meanwhile, the three great elders of the northern continent, Undead Phoenix Master, Northern Extreme Sword Saint, and Snow Gazing Reverend, still hadn't come here.

"Yin Yu..or should I call you Su Yu? It's been a long while since I last saw you." Lin Yunhe waved his hand at him, while he wore a gratified smile. "You didn't just survive, you even ran into some fortuitous encounter! I heard that you killed two Two Crystals Half Fairy Realm experts alone! That is unbelievable."

Lin Yunhe had a good impression of Su Yu because he had some great achievements in craftsmanship. But, he thought that it was a pity that he preferred pursuing power and rejected becoming his disciple.

"I'm glad that you still care about me, and really, I just barely escaped from such a calamity! I was lucky to run into some insignificant fortuitous encounter, and as for the two Two Crystals Half Fairy Realm experts, I paid a great price to be able to achieve that," said Su Yu.

Zi Yunxiang tilted her head when she heard him. She wore a faint smile as she gazed at him and said, "This guy is still as fond of hiding his power as he always has been."

She clearly remembered how easily he subdued the two Two Crystals Half Fairy Realm experts, as well as how he had used some peculiar technique to quietly kill them. She still found such means quite terrifying, even after all this time. Gang Dalei twitched his mouth, thinking that this guy couldn't even be slightly honest!

"Su Yu." Zi Donglai wore a gratified look, while he bowed to Su Yu in front of everyone. "I still didn't repay you for saving my life, and I also need to thank you for taking care of my daughter while I was in dire straits. I have waited three whole years to express my thanks to you."

Su Yu reached out at him and helped him up, faintly smiling as he spoke, "Housemaster Zi, please don't embarrass me, as it's me who's indebted to you for taking care of me. I should thank you."

After all, he had recognized Su Yu's worth, and he had even wanted to pass his mantle to him, but just after, he had been plotted against by Han Jianglin. As a result, the whole Zi family's manor fell into his hands, which hindered Zi from passing his mantle to him.

Moreover, he even planned to betroth Zi Yunxiang to Su Yu at one time. Now that they were seeing each other again, the past matters were like scattered smoke, and the fact that three years had passed so quickly made them sigh.

"Even back then, I felt that you were destined to become someone extraordinary. I bet your current cultivation isn't any weaker than any person in the older generation!" Zi Donglai felt a faint pressure transmitting from Su Yu's body, and he couldn't help but inwardly sigh.

If he had been more decisive during that time, Zi Yunxiang would have already gotten an excellent husband in Su Yu! Moreover, now he, who was her father, could not understand the peculiar glow in Zi Yunxiang's eyes, which he could clearly see out of the corners of his eyes.

"Well, you are Su Yu, the past number one genius of the entire northern continent. Even this old man has heard about you!" A benevolent-looking old man from the southern continent, who had a fair complexion without any facial hair, and whose face was filled with amazement, came over at that moment. "I thought that you were dead, and I never once expected that your cultivation would progress to such a degree. It's truly astonishing."

Although Su Yu wasn't acquainted with the old man, he still showed him respect by cupping his fists and saying, "Elder, you are praising me too highly."

"Old Chen, you are truly flattering him! The northern continent is the weakest continent among the eastern, southern, western, northern and central continents, so its so-called number one genius isn't worth mentioning! Also, he's lacking when compared to the four great ancient clans and the Seven Lords of Darkness, let alone our Long Wuxin. As such, his fame has been truly exaggerated." A red-faced elder from the western continent stroked his beard as he spoke the petty words.

Su Yu wasn't angered at all when he heard him. He just smiled as he bowed at him and said, "Elder, you aren't mistaken at all."

"Even though you are still young, you are quite shrewd and quick-witted. The fact that you weren't angered at all by my words just now shows that you are not that bad." It was unknown whether the red-faced elder was praising or criticizing him.

The fair-faced Old Chen spoke up for Su Yu, "Old Zhang, your words were somewhat too harsh. As the northern continent is lacking in natural resources, it's somewhat unfair to compare it to the other four continents, and since he managed to become the number one in the northern continent, then his potential and talent are surely quite excellent."

"I was just speaking truthfully. I didn't mean anything by it," calmly said the red-faced old man. "Black Snow Devil King, who is also one of the northern continent's young experts, once toppled the northern continent's alliance in that million-mile chase! Many of the Heavenly Law Alliance's elders are paying close attention to this outstanding youngster as well, as many of them feel like it's more appropriate for him to be crowned as the number genius of the northern continent."

While he was speaking, he calmly gazed at Su Yu. "I'm frank and outspoken, and I don't have anything against you, so if you can listen to my words, then they will be a good motivation for you. If you won't listen to them, then just forget I said anything."

Old Chen opened his mouth, but unexpectedly found himself at a loss for words. It was obvious to anyone that Old Zhang was deliberately disparaging Su Yu, yet he was using his status as an elder to make it seem like he was doing it for his well-being. But, even if they were angered by this, they couldn't find any reasons to denounce him.

Moreover, what they were even more helpless against was that, with Black Snow Devil King's fame, which shocked the whole continent, it was truly somewhat awkward to proclaim Su Yu as the number one genius of the northern continent.

Regardless, Su Yu's expression was still calm and indifferent. "I understand. Thanks for your advice..."

"Eh, it's good that you can understand, and although you are vastly lacking when compared with Black Snow Devil King, if you work hard, it isn't like you can't surpass him one day. It was only because I have seen that your talent is laudable that I say

such things. So, do your best in the future.” Old Zhang waved his sleeves proudly, as if he was some powerful and profound expert.

Su Yu immediately acknowledged his advice and didn’t refute them. He had already gone through many trials and hardships, so he truly didn’t feel like dealing with such childish ploys.

“Haha, Elder Zhang, Su Yu may not want to bother with you, but I don’t have such a calm temperament.” Gang Dalei became angry when he saw how calmly Su Yu bore this man’s insults.

Old Zhang calmly spoke, “Is the elder Jiu’s brilliant disciple just an impolite and impudent kid?”

Gang Dalei coldly sneered. “Oh really? What are you pretending and putting up a front for? All of the people here clearly know why you are targeting Su Yu! You didn’t just stop at taking the Housemaster Zi’s post, as you still continue to target him to drive him away! Since you know that Su Yu has a good relationship with him, you couldn’t bear jumping in and fanning the flames! If my teacher was here, I would not tolerate your dastardly deeds!”

Old Zhang slightly furrowed his brows. “You went too far with such words. As there are many elders here, you should pay attention to what you say. Otherwise, I won’t mind teaching you how to conduct yourself with integrity for the elder Jiu.”

His proclamation was truly arrogant, as he dared to teach even the elder Jiu’s disciple how he should behave! If the elder Jiu was safe and sound, he would not dare to utter such words. But now that the elder Jiu was in a coma, there was no need to fear him.

“Well, aren’t you pleased with yourself?” Gang Dalei snorted two times. “Elder Zhang, I also don’t mind teaching you how to conduct yourself with proper integrity. I will teach that you shouldn’t judge and look down upon people with your dog eyes.”

Gang Dalei viciously laughed. “Do you know who Black Snow Devil King really is? This man who you said Su Yu is so vastly inferior to?”

Old Zhang calmly replied, “Why would I care about that?”

“Hmph! You surely need to care about it, as Black Snow Devil King is none other than Su Yu himself, who in your eyes isn’t worth anything!” Gang Dalei was exultant now. “Su Yu just changed his appearance and became Black Snow Devil King! What’s laughable is you, who disparages people with your dog eyes, while acting as if you are some able person teaching him a lesson! You don’t even know that the person standing before you is Black Snow Devil King himself!”

All of the people were shocked by this revelation! They all were talking about this new development...

“How’s it possible for Black Snow Devil King to be Su Yu?”

“Now that he mentioned it, didn’t Black Snow Devil King suddenly appear in the northern continent after Su Yu disappeared?”

...

Zi Donglai and Lin Yunhe wore faint smiles as they looked at Old Zhang, whose expression stiffened. They had already learned this truth from Zi Yunxiang earlier.

“This old fool was always fond of putting up a front, and now he has embarrassed himself by doing so!” Lin Yunhe chuckled. He was secretly pleased by this, as his good friend, Zi Donglai, had been awfully bullied by him. Zi Donglai also chuckled.

As Zi Yunxiang, who was beside him, saw how shocked the elders were, she became proud of her knowing Su Yu, as no matter whether he be Su Yu or Black Snow Devil King, his status was dazzling and prominent either way!

After Old Zhang’s expression stiffened, he found himself quite caught. He was incapable of extricating himself from this situation gracefully, so he said in a deep voice, “Su Yu, since you are Black Snow Devil King, why did you try to fool me?” What he was most angered about was the fact that Su Yu didn’t say a word about this, thus allowing him to embarrass himself!

Su Yu raised his head and calmly said, “I didn’t try to fool you. I just felt like there was no need to mention it, especially since you are quite fond of teaching people. I thought I should just let you enjoy yourself!”

His words only made Old Zhang’s awkward situation worse.

Chapter 616: Odd Changes in the Alliance

“You!” Old Zhang’s face was flushed with red. He appeared to be very angry.

However, he did not speak with a hint of blame in his voice. After all, from the beginning to the end, Su Yu had not been disrespectful. So, all he could do was swallow his pride and anger.

“Fine, I will remember this!” Old Zhang waved his sleeves and walked away amid many of the elders’ laughter.

However, Gang Dalei did not want to let it go. “Hehe, Elder Zhang, is this all you have got left at your age? Can’t you stand a little bit of humiliation?”

Old Zhang’s face turned even redder. He hated them both very much at this moment.

Just as the crowd was making lots of noise, two rows of guards entered the hall and stood on both sides to welcome a significant person. The atmosphere felt unusually grand and proper.

The only person deserving of such a grand entry would be none other than the Heavenly Alliance Master himself, Long Juexin. Amid the grand welcome, a noble-looking middle-aged man entered the hall.

He walked like the wind and gave off an uncommon aura. There was a sense of oppression about him that seemed to float in the air.

The elders on both sides stood up as a sign of respect. Compared to how it had been in his prime, Long Juexin’s aura felt slightly unstable now. It seemed like he was still afflicted by his injuries.

He also looked pale and unenergetic. In three years, he seemed to have aged ten years or more.

“Everyone present, let us get down to business.” As Long Juexin spoke, he sounded very serious. The elders stood on both sides and waited patiently.

“Dalei, Yunxiang, tell me what you observed when you were facing the enemies.” Long Juexin took a quick glance at Su Yu as he spoke to his two underlings.

Gang Dalei recollected himself and, in all seriousness, described the encounter with the two crystal Half Fairies in great detail. Once he was done, Long Juexin’s heart sank.

“What do you think?” he asked. One could tell that he was very serious.

“Alliance Master, the invaders from the different world have increased their area of surveillance. A month ago, they had not surveyed this far,” Old Chen said solemnly.

“Yes. They are starting to invade the smaller forces to increase their area of control.” Another elder spoke, obviously worried.

The elder then added, “The past two years, they have only been conquering the bigger forces. They never stepped into the smaller forces or the abandoned areas. This was because many of the bigger forces that belonged to the Phoenix Cabinet were still retaliating. It seems that they have stabilized their influence over the bigger forces completely now. They are currently starting to invade every single corner of the Zhenlong Continent.”

In the past two years, the Heavenly Law Alliance’s battleship had travelled to many abandoned places. Now that the invaders from a different world were conquering all of those places, their protected area of activity was getting smaller and smaller.

“We can hide for a while, but not forever,” Old Chen said. “However, Elder Jiu has been heavily injured. If we rely on the initial generation of elders, there is no way we can fight back.”

The situation was indeed turning sour. Everyone had become silent. From now on, every day would look bleaker and bleaker.

“In conclusion, we cannot remain too long in this place. Let us activate the battleship and leave immediately.” Long Juexin retrieved a red ball as he spoke. It looked like a crystal and shone brightly before everyone’s eyes.

“The Heavenly Law Core! It is the nuclear treasure that is used to control the battleship. It was always controlled by the Alliance Master!” Gang Dalei said excitedly to Su Yu in a low voice.

Su Yu observed silently. After it was imbued with spiritual energy, the Heavenly Law Core emitted a formless wave, which then activated the abilities of the battleship.

Buzz.

After some light shaking, the battleship starting moving. Its speed then increased gradually. Only then did the audience become slightly relieved.

“Next, we shall discuss another matter.” Long Juexin’s gaze locked onto Su Yu. “You were the one who saved them. Is it true that you also single-handedly killed two crystal Half Fairies?”

Su Yu said plainly. “Yes, but it was just a matter of luck.”

Long Juexin shook his head lightly. “No way, no matter how I view it, such an accomplishment is not something that can be explained away by mere luck.”

As someone with three crystals, Long Juexin could naturally see through Su Yu’s cultivation. Hearing this, many of the elders were shocked.

“What? This youngster is also a two crystal Half Fairy?” Old Chen was surprised as well, as he could not see through Su Yu’s cultivation.

He had thought that Su Yu had some method to conceal it. His heart believed that Su Yu used some kind of technique or treasure to instantly kill the two same level Half Fairies. So, hearing that Su Yu actually a two crystal Half Fairy himself greatly shocked Old Chen.

“Another peak genius at Gang Dalei’s level!” One of the elders sighed in surprise. Then, many of the other elders began to comment on this new revelation...

“There are many talented people in the new generation. We are all old...”

They were all over a hundred years old, but they had only reached the two crystal Half Fairy level. On the other hand, the young geniuses had easily accomplished the same level much earlier than they had.

“It is all because of the fortuitous encounters in the Mysterious Heavenly Divine Pavilion. Breaking through by good luck! That is all.” Su Yu said.

He was not merely being humble, as the Zhenlong Continent’s environment was indeed worse-off when compared to the Mysterious Heavenly Divine Pavilion. So, for someone to have fortuitous encounters in the pavilion was not an odd thing.

As Long Juexin’s gaze lowered, a sadness flashed in his eyes. He immediately asked, “Su Yu, are you willing to stay in the Heavenly Law Alliance?”

Hearing this, Gang Dalei was extremely happy, so he secretly looked at Su Yu. After all, the Zhenlong Continent was going through a massive disruption, and now that the invaders from the different world had even appeared in rural areas, there was no other safe place. It would make sense for anyone to want to enter the Heavenly Law Alliance to avoid such misfortunes.

“Once you enter the Heavenly Law Alliance, you will no longer be restricted. If you feel that you can survive on your own, you can leave at anytime,” Long Juexin added.

Su Yu gave it some thought, then eventually agreed. “Alright, I accept your offer.”

Hearing this, Zi Donglai and Lin Yunhe both smiled in a relieved manner. Zi Yunxiang was beyond happy.

“Hehe, I can find you to train in the future! There are many training grounds on the battleship.” Gang Dailei clapped Su Yu on the back goodnaturedly. He was clearly happy for Su Yu.

Elders like Old Chen were also very happy about this outcome. “Congratulations Alliance Master, you have succeeded in recruiting yet another talented youth.”

Long Juexin felt relieved. “In this case, Su Yu, please follow the guards and get the official inspection handled.”

At that moment, two cool-looking Two Crystal Half Fairies walked in from outside the hall. A clothed corpse stood quietly behind them! It was the First Void World Senior’s corpse!

All of a sudden, Lin Yunhe’s facial expression changed. Gang Dalei’s smile also faded away.

“Alliance Master, if it is only a normal inspection, why do we need to use the First Void World Senior’s corpse?” Lin Yunhe could feel that something was wrong.

Zi Donglai also frowned. “Alliance Master, by saying ‘inspection,’ you meant that we should check someone who is about to be accepted, right? The check is to identify whether the person has had any connections with the invaders from the different world. As such, a normal investigator would be sufficient. Alliance Master, what is the meaning of involving Two Half Crystal Fairies and the First Void World Senior?”

Long Juexin waved his hand. “Do not misunderstand. Su Yu’s battle power is too overwhelming. For safety purposes, it is just better for us to take extra precautions.”

Su Yu’s eyes narrowed. Is he suspicious of my purpose for coming to the Heavenly Law Alliance?

“Alliance Master, please...” Lin Yunhe was still trying to negotiate with him.

Wham!

A loud knock was suddenly heard, as Long Juexin had been so angered that he slapped the table. His face looked gloomy as he spoke. “Am I the Alliance Master, or are you? It is not up to you to tell me how to do things!”

He then turned to address Su Yu. “Su Yu! Since you are entering the Heavenly Law Alliance, you have to adhere to the alliance’s restrictions. Now, I want to check your status. You must cooperate! Someone come and hold Su Yu down.”

The first half of his sentence sounded like he was trying to appease Su Yu. However, the next half of his sentence showed a completely changed attitude. He wanted to take Su Yu down in public!

“What is going on? Why do we need to hold him down?” Zi Donglai finally felt that something was amiss.

Long Juexin was not merely welcoming Su Yu to the alliance. Instead, he wanted to use this opportunity to capture Su Yu!

At that moment, a well-dressed young man walked into the hall. He was accompanied by Old Zhang and another Two Crystal Half Fairy.

“Fu Hongxue?” Gang Dalei suddenly became angry. “Is this your doing, you b*stard? Alright, I will take you down first, then question you about the dumb thing you did earlier!”

Zoom.

Gang Dalei aimed at the gap between the guards. Then, with a slide of his shoulder, he dashed over like a ghost.

Old Zhang and another elder could only yell out as they tried to protect Fu Hongxue. However, Gang Dalei’s mouth revealed a smile, while an inhumane aura could be felt exploding from within his body. His entire being had suddenly become three times faster!

Gang Dalei’s shadow flashed by as he swiftly approached Fu Hongxue. But, just as he was about to succeed, Gang Dalei heard a cold yell next to his ears. It sounded like a clap of loud thunder.

“Ooof!”

His entire body shook. It was as if Gang Dalei had been struck by lightning. At the same time, there was a mark on his chest that looked like a palm had just hit him.

Gang Dalei yelled out in pain as he was sent flying backwards. His legs etched a line on the ground, which helped to stop himself from moving back any further.

He looked angrily at the person who had just attacked him. It was none other than Long Juexin!

“Don’t you have any respect for your Alliance Master?” Long Juexin covered Fu Hongxue as he said coldly.

Gang Dalei was trying hard to suppress his anger. “He nearly tainted Lord Yi Yu!”

“Shut up! Your words are unbelievable!” Long Juexin shouted coldly. “What are you all waiting for? Capture Su Yu, Gang Dalei, and Zi Yunxiang! I suspect that the three of them are colluding with the invaders from the different world!”

He said this because Su Yu had oddly killed two people at his own level, while Gang Dalei and Zi Yunxiang were suspected of being bribed. Gang Dalei heard what he said and became angered. He also found the situation quite funny.

“You are an old fool! You cannot tell right from wrong!” He was angry, especially when he saw that Fu Hongxue was laughing coldly behind Long Juexin.

“Dalei, stop speaking, as he is merely seeking revenge.” Su Yu extended his hand to hold back the furious Gang Dalei.

When his son, Long Aujue, had disappeared, Long Juexin could not forgive Black Snow Devil King. Now, he was only using this opportunity to get rid of him.

“Revenge? I am merely looking after the safety of the battleship!” Long Juexin said lightly. “Now move!”

“Please wait, Alliance Master!” Zi Donglai’s facial expression changed drastically.

Even his daughter had become a suspect, so her fate would definitely be imprisonment! If he was not there with her, this ludicrous and barbaric Fu Hongxue might use the opportunity to taint his daughter with his dirty hands!

“If my daughter is a suspect, then wouldn’t I be a suspect as well?” Zi Donglai asked angrily.

He had sacrificed a lot for the Heavenly Law Alliance, as he used to be one of the elders. As such, his loyalty was unquestionable!

However, unimaginable to him, Long Juexin said coldly, “You are right! All related people are suspects! Now, move immediately! Su Yu, Gang Dalei, Zi Yunxiang, Zi Donglai and even Lin Yunhe, capture them all! Whoever dares to retaliate will be killed without exception!”

Even poor Lin Yunhe had now been dragged into it! Suddenly, a huge number of Half Fairies flooded into the hall. There were at least ten of them, and they surrounded the previously named people from all sides.

Chapter 617: Marriage Proposal

“Alliance Master, wait a while!” Old Chen said. He and several of the alliance’s elders were quite surprised by what had just happened.

“How could you listen to just Fu Hongxue’s side of the story and immediately arrest Zi Donglai and Master Lin? The two of them were already members of the Heavenly Law Alliance before the invasion of the other world even started, and they had a great performance in the great battle, which occurred several years ago in the Dragon Abyss of the Nine Underworlds. So, how is it possible for them to have been spies from the other world? Alliance Master, please carefully consider this, as if you act carelessly and rashly, you will end up disappointing many elders,” Old Chen advised.

“Also, Alliance Master, even if we left the matter of the two of them aside for now, how is it possible for Gang Dalei, who is the elder Jiu’s disciple, to have colluded with the other world? It’s hard for me to believe such an accusation,” Old Chen said.

...

Just like Gang Dalei once said, many of the Heavenly Law Alliance’s elders were righteous and just fellows, so they all started to follow Old Chen’s lead and make their own appeals for them.

Although it’s common knowledge that one shouldn’t anger a crowd, Long Juexin still clung to his decision and coldly said, “I have already decided! The current Heavenly Law Alliance is in a precarious situation, so we can’t tolerate any mistakes, and as long as someone seems suspicious, he should be investigated thoroughly! If that person is found innocent, then we will surely let them off.”

“However, such decision is still somewhat impulsive! Alliance Master, please..” Old Chen was still persisting in convincing him to reconsider.

Long Juexin still wore a cold look and said, “Old Chen, as you are trying to persuade me over and over again, is it possible that you are affiliated with them? If that is the case, then maybe we should arrest you too...”

What? Even Old Chen might be arrested? After they witnessed such a sight, everyone was extremely puzzled.

Why is Long Juexin being this rash? Did he lose his mind after he lost both his son and daughter?

Ever since he got the news of Long Wuxin’s death in the Mysterious Heavenly Divine Pavilion, Long Juexin had become quite depressed, and based on how he had inexplicably become so angry at this moment, it seemed truly possible that he had lost his mind and become a madman! Many elders felt their hearts shuddering as they thought of such a possibility, as letting a madman be the Alliance Master would truly put the Heavenly Law Alliance in grave danger!

“Arrest them!” Long Juexin coldly snorted.

Swoosh! Swoosh!

“How dare you?” Gang Dalei angrily roared. “Ignorant old man! You have become muddle-headed and tyrannical! Do you want to cause the Heavenly Law Alliance’s destruction?”

Zi Donglai and Lin Yunhe were also disappointed by him, and when they took a glance at each other, they both felt that Long Juexin had truly lost his mind. When they received the Heavenly Law Alliance’s summoning, they both joined it on account of its stellar reputation.

They even befriended a righteous person like Old Chen within it. However, once a disaster struck the continent, the Heavenly Law Alliance started changing.

It all began with Fu Cangshan fighting for fame and wealth in secret, using all of his means to rope all of the factions into siding with him in suppressing Zi Donglai. Now, the Alliance Master had become willful and dogmatic, arbitrarily making decisions without consulting anyone! In this way, he had disappointed all of the Alliance’s elders.

The current Heavenly Law Alliance was indeed very different from the past one...

“You dare to resist? That will only aggravate your crime.” Long Juexin coldly snorted.

Gang Dalei became somewhat anxious and agitated when a group of Two Crystals Half Fairy Realm experts rushed at them. Among them, only he and Su Yu had reached the Two Crystals Half Fairy Realm, so it would be difficult for them to face such a great number of experts.

Moreover, if it was just the two of them, then it was still manageable, but there were still Zi Yunxiang, Zi Donglai, and Lin Yunhe among them, and they couldn’t confront Two Crystals Half Fairy Realm experts, as it would be difficult for them to protect them while fighting in such a chaotic battle. They would definitely be hindered by such a distraction.

“Su Yu, what should we do?” Facing such a precarious moment, Gang Dalei went to Su Yu, as he had great confidence in him.

Su Yu, whose expression was calm and indifferent, swept the surroundings with his gaze. “Let’s surrender,” he calmly said.

Surrender? Gang Dalei couldn't believe what he had just heard! Black Snow Devil King who he knew was proud and unyielding, would never surrender! But now, he unexpectedly chose that very thing!

When he looked at Zi Yunxiang and the others out of the corner of his eyes, Gang Dalei bitterly laughed. Su Yu should have been afraid that they would be injured. While not putting up any resistance, Su Yu and the others were easily taken down by them. Then, some shackles, which were manufactured with some special materials, were placed on them.

"Haha, the Fairy Binding Shackles! Master Lin, who would have expected that you would end up tied up by the magical treasure that you made yourself?" Fu Hongxue laughed at him.

Many of the Heavenly Law Alliance's magical treasures had been made by Lin Yunhe, among them were the Fairy Binding Shackles. They were made from some special steel, and even Three Crystals Half Fairy Realm experts were incapable of getting out of them. Since they were already bound by them, it would be utterly impossible for them to escape!

Lin Yunhe didn't take even a single look at Fu Hongxue. He just looked at Long Juexin and said, "Alliance Master Long, please return to your senses! The current Heavenly Law Alliance has already become a place where even some trifling vile people can hold power! People are started losing faith in it! I truly hope to be the last one subjected to such unjust treatment!"

Even when he was in such state, Lin Yunhe was still concerned about the future of Heavenly Law Alliance.

"Don't waste your breath! Take them away!" As Long Juexin waved his sleeves, the guards took them away. Then, the hall descended into silence.

"The Heavenly Law Alliance has changed." Old Chen wanted to help them, but found that his hands were tied. He could only look up to the sky and helplessly sigh.

Many people had complex feelings about all of this. The change of Long Juexin's personality, especially while the Heavenly Law Alliance was facing such troubled times, would certainly cause it to be in imminent danger in the future.

Such a scene didn't affect just Su Yu and the other four people who were wronged along with him, but it affected all of the Heavenly Law Alliance's members!

...

In the dungeon...

The Heavenly Law Alliance's dungeon was made from refined steel, the same kind that the shackles binding them were made of. Besides someone who had a prowess equivalent to the Fairy Realm, it would be impossible for anyone else to break through the shackles and escape. There were many extremely vile and vicious people who had been caught by the Heavenly Law Alliance since ancient times, but no matter how astonishing their means were, none of them had managed to break away from these shackles.

“Father, how will they deal with us?” As Zi Yunxiang nestled against Zi Donglai’s body, her eyes were filled with worry. She seemed quite helpless.

Zi Donglai furrowed his brows, a trace of worry appearing in his eyes. But, he still lightly patted her shoulder and consoled her. “Xiang’er, don’t worry. I believe that Su Yu surely didn’t collude with the otherworldly invaders. They will surely clear our names sooner or later.”

Zi Yunxiang bitterly smiled, then said, “Even at such a moment, you still console me. In such circumstances, it doesn’t matter whether we are guilty or not. Long Juexin will surely punish us, even if we were innocent, just to appease Fu Cangshan’s faction.” Although she was young and inexperienced, she could see their current circumstances clearly.

Fu Cangshan’s power had risen dramatically, and his faction gradually became more powerful. As the number one expert, Long Juexin, was now severely injured and still hadn’t recovered, he would surely be afraid of Fu Cangshan.

Moreover, Fu Cangshan was always in discord with the people from the northern continent, so it wasn’t just a coincidence that Zi Donglai was exempted from duty. Since Fu Cangshan was putting pressure on him in secret, Long Juexin would surely sacrifice them to temporarily appease him.

“It seems like you already understand everything. It’s all because I’m too useless and wasn’t able to protect you.” Zi Donglai wore a bitter expression.

Zi Yunxiang shook her head. “No, father, you raised me, and I am the fruit of all your efforts, so how can you say that you didn’t protect me? If anyone is to blame, then it’s surely those vile men!”

Zi Donglai softly sighed, while his eyes were still filled with worry.

Gang Dalei was extremely infuriated. “They are just a group of dirty cowards! Once my teacher wakes up, I will surely wipe them all out! Our human race’s last fort was tarnished by those bast*ards!”

Lin Yunhe sighed. “Dalei, don’t be too rash! I think that it’s still too early to judge, and I believe that Long Juexin will surely treat us fairly. Although he had some selfish motives and was all along siding with his son and daughter, he’s still considering the well-being of the Heavenly Law Alliance and the Zhenlong Continent’s people.”

Lin Yunhe then added, “He probably became somewhat unstable after losing his children, so he ended up making rash decisions. But, after he calms down, he will probably realize his mistake.”

Zi Donglai chuckled. “Master Lin, from your words, it’s obvious that our fates will be completely up to the Alliance Master Long’s decision.”

“If he treated us impartially, then I, Zi Donglai, would surely sacrifice my body and fight till the last glimmer of my life for the Heavenly Law Alliance. However, I’m worried about what will happen to Xiang’er after my death, as that bast*rd would surely not let her off. He may even do something atrocious to her.” What Zi Donglai was most worried about was his sole daughter, Zi Yunxiang.

“Father, don’t say such things.” Zi Yunxiang’s eyes became flushed, her nose started running, and she was trying to hold back her tears. Both of them had been

dependent upon each other for countless years, so they had a deep familial love between them.

Zi Donglai softly sighed, while feeling guilty. He couldn't help but gaze at Su Yu, who was sitting cross-legged calmly to the side.

From the moment they came here until now, Su Yu was just calmly and quietly sitting there. As he looked at his slim body, which was brimming with dazzling potential, Zi Donglai had a regret that he could never get over.

"Su Yu, aren't you worried?" After Zi Donglai hesitated for a while, he finally spoke to him.

Su Yu slowly opened his eyes and lightly shook his head. "What will happen will happen regardless, so why worry about it?"

He was now waiting for an opportunity. Besides, if he wanted to leave, then no one could stop him, but he wasn't the sole person in need of escaping. There were several of them here. As such, he needed to take his time and consider this at length, to ensure that they could all safely leave, not just Su Yu.

Zi Donglai thought about Su Yu for a bit, then said, "Su Yu, as Qin Xianer is your fiancée, and she still hasn't come back, I hope that you aren't too sad."

Everyone knew that Qin Xianer was Su Yu's fiancée, as Su Yu had once barged into the Phoenix Cabinet while holding the status of the Deputy Master Yin Yu to look for her. This heroic act was so impressive, news of it had spread far and wide immediately.

Since Qin Xianer hadn't returned from the Mysterious Heavenly Divine Pavilion, her fate was already obvious. Su Yu was startled by his words, as Qin Xianer was still cultivating inside his Nine Jade Spiritual Pearl. Also, since she had reached a critical juncture in it, he didn't want to disturb her.

He found himself somewhat embarrassed and said, "I'm quite fine, and in fact, Xianer is..."

"You don't need to mention it. I know that you are surely quite aggrieved now, but life is continuously going forward, and being too attached to her won't be of any benefit to you. Instead, it will only harm you. I wonder whether you've ever considered taking another wife?" Zi Donglai still spoke of his aim in the end, then sighed in low voice.

Overhearing their conversation, Gang Dalei raised his brows and gazed at Zi Yunxiang. He then revealed an odd smile and laughed. "Hehehe!"

Lin Yunhe chuckled too, while he wore a quite meaningful look. It seemed like Zi Yunxiang understood what her father wanted to say, so her face became flushed and she held onto her father's sleeves. She then started pulling at them with all of her strength, while her eyes became misty. It was unknown whether she wept because of bashfulness or anxiety.

Zi Donglai continued on. "Su Yu, I will ask you once again, are you willing to marry my daughter? I know that it was only because you were worried about us that you and Gang Dalei did not dare to resist them, and I also know that you can easily get rid of your shackles."

The other people were shocked when they heard that Su Yu was capable of easily getting rid of the shackles!

“Although I don’t know you well and haven’t been in contact with you for a long time, I clearly know what kind of person you are. Since you are this calm and collected, then you must surely be planning something.” Zi Donglai unexpectedly saw right through Su Yu.

He then added, “Myself and master Lin are already just weary old men, who have lived long enough, so if you can escape, just take Xiang’er and Dalei with you. You can leave us here.”

Chapter 618: The Secret Execution

“The only thing that I am worried about is that once Xiang’er leaves, she will have no one to depend on. Now that the continent is facing great complications, the invaders from the different world are behaving barbarically. Xiang’er being alone outside worries me, as she might be humiliated and tortured. Therefore, I hope you can marry her and look after her as her husband,” Zi Donglai said to Su Yu.

Su Yu suddenly became quiet and raised his head to look at Zi Yunxiang. Sensing Su Yu’s gaze, Zi Yunxiang lowered her head.

She was so nervous that blood had flooded her brain. She suddenly felt her entire body had go numb. She could barely breathe. She felt that the world around her was spinning and becoming darker.

Her soft skin flushed red like the sunset and gave off a dazzling glow. She was so lovely, no one could resist her.

Undeniably, Zi Yunxiang was a great lady with poise and beauty, which were qualities that were difficult to find in this world. As a man, if he were not touched by her charms, he was only lying to himself. However, Su Yu could not accept her, as he could not betray Xianer’s and Xia Jingyu’s love for him.

Seeing how Su Yu had become silent, Zi Donglai continued. “Su Yu, Qin Xianer is already gone. You should find your own happiness now!”

Zi Donglai then looked apologetically at Zi Yunxiang. “Perhaps, even if you have feelings for another lady and cannot take Xiang’er as your first wife, she can be your second wife! I only hope that you can fulfill the duties of a husband to look after her and protect her.”

Although, as a father, he of course wanted his little girl to be a first wife, but at this moment, he felt that he had no other choice now. He could only hope for Su Yu to look after Zi Yunxiang.

Besides, Zi Yunxiang was such a fantastic lady. Any man should consider himself lucky to marry her and protect her for life! However, being merely a second wife was surely a cruel thing, and it made one sigh in despair even thinking about it.

Su Yu sighed secretly. He was already indecisive between Qin Xianer and Xia Jingyu. So, the thought of adding yet another woman to this mix was overwhelming indeed.

“Uncle...” Su Yu started speaking.

Seeing Su Yu had some unspeakable concerns, Zi Donglai seemed to understand Su Yu's thoughts. He tilted his head and said, "Xiang'er, say something. Would you be willing to become Su Yu's second wife?"

Zi Yunxiang was clearly very nervous. Hearing the two words "second wife" made her feel even colder.

As a second wife, she would have to share her husband with another person. This was a future that Zi Yunxiang had never expected.

Her concerns were not about her own love and feelings, but were more related to her own personal reputation and respect. Besides, Su Yu had another person in his heart. He loved Qin Xianer, not her.

However, oddly enough, although Zi Yunxiang did not want this in her heart, she could not bring herself to reject the offer. It was as if there was a formless demonic energy that was making it difficult for her to say no.

She slowly raised her gaze and looked at the long silver-haired figure with her glassy eyes. His figure was as bright as the sun. She could not see this brightness in any other person. Apart from Su Yu, there would never be anyone else who shone as brightly as him, nor who was as impressive as him in her heart.

"I... am willing," she said softly.

Her head then lowered once again. The imagined shame was not as great as she had thought it would be. She only felt a slight sense of reluctance fill her heart.

Her heart was still willing at the end of the day. Even if she could only look at Su Yu quietly each day, that would be enough for her.

She is willing to even become a second wife? Gang Dalei suddenly understood that Zi Yunxiang had feelings for Su Yu. Otherwise, being such a beautiful lady that she was, she would never be willing to become a second wife!

"Su Yu, do you still need to consider this?" Zi Donglai sighed secretly. With his daughter willing to compromise, he felt relieved.

Su Yu was wavering in his heart as he looked at Zi Yunxiang. He could not imagine that a lady would actually agree to become his second wife. Such feelings made it difficult for Su Yu to reject this offer all of a sudden.

After he had calmed himself down, Qin Xianer's and Xia Jingyu's figures appeared in Su Yu's mind. Su Yu sighed softly. He would have to apologize to Zi Yunxiang and say no after all.

"Hmph! You sl*t!" Right then, a cold snort could be heard from outside the jail.

Accompanied by the escort of Old Zhang and another elder, Fu Hongxue looked furious. His angry stare was directed towards Zi Yunxiang. "You would rather shame yourself by becoming this young fellow's second wife than marry me!"

Fu Hongxue was angry beyond reason. He had personally asked for Zi Yunxiang's hand in marriage from Zi Donglai, but had been rejected by both of them! Regardless of how hard he tried to please them, Zi Donglai would not be moved.

Zi Yunxiang never even gave him a second look. In fact, she was always mean and disapproving.

This was unforgivable! After all, he was Fu Cangsan's grandson, and he was also well-respected in the Heavenly Law Alliance. Even the elders had to show him respect! However, not only did Zi Yunxiang not want to become his wife, she would even become a second wife to a young fellow who could not even protect his own life!

Zi Yunxiang was angered to the point of embarrassment. "You eavesdropped on us! How shameful!"

"If we are talking about shame, how about your being willing to become a sl*t? How could I match your shameful?" Fu Hongxue countered.

Zi Yunxiang was shaking with anger. "Yes, I willingly chose to be a sl*t! It doesn't matter who I marry, as long as I am not married to a shameless b*stard like you!"

Fu Hongxue's eyes turned cold. "Alright! I had initially come to ask for your hand in marriage for the last time, but since you have made your feelings clear, I have run out of patience! If I cannot have your heart, I will at least have your body! Old Zhang, drag her out!"

Old Zhang smiled. "Yes, Master."

"How dare you?" Zi Donglai was deeply angered and stood up suddenly to shield Zi Yunxiang.

Even Lin Yunhe, who usually took the high road, could not help but be angered by such an affront. "Young one, that is enough!"

Gang Dalei was even more angered. "You b*stard, scheming behind the elders! If you dare, fight me openly!"

Facing their anger, Fu Hongxue merely stared at Gang Dalei and laughed coldly. "What a brainless dumb*ss! Apart from shouting nonsensically, what else can you do? You are a mere prisoner, so why would I fight you?"

Creak.

Old Zhang opened the jail door and laughed coldly. "Housemaster Zi, I am sorry! This is an order from the master. It is not what I want."

As he spoke, he grabbed for Zi Yunxiang. Zi Donglai wanted to stop him, however, his hands were tied. Hence, he was no match for his opponent and was easily pushed away by Old Zhang.

Su Yu sighed in his heart. It seemed like he would have to give up on his plan. Standing up slowly, Su Yu exerted energy with his five fingers and was about to break apart the chains...

"Stop it!" Right then, a low shout came from outside the jail. Two rows of guards stood by as Long Juexin arrived on the scene.

His cold gaze surveyed the area. He then yelled coolly, "What are you all doing?"

Old Zhang's eyelids jumped and he stopped what he was doing immediately. He quickly came out of the jail and bowed. "Greetings, Alliance Master, I found out that they were hatching an escape plan, so I came to question them. Please check them thoroughly, Alliance Master."

"That is right, Alliance Master Long. I, Fu Hongxue, can attest to this fact," Fu Hongxue said.

Long Juexin's cool appearance softened somewhat. "Alright, I understand. Both of you, leave now. I shall begin questioning them now."

Fu Hongxue smiled. "Yes, Alliance Master!" After speaking, he walked out of the jail with the two elders.

As they reached the outside, Fu Hongxue's facial expression darkened. "This piece of trash came at the wrong time!"

Regardless of how barbaric he was, in front of Long Juexin, he still had to hide his true feelings. With a cold look, Fu Hongxue turned back and gazed at the jail one last time before walking away.

Inside the jail.

Long Juexin stood outside the jail with his hands crossed. He looked coolly at the five people in front of him.

"Alliance Master, please get rid of the useless people, like Fu Hongxue. He will surely bring trouble in the future." Lin Yunhe's anger was still apparent.

Long Juexin took a look at the disturbed Zi Yunxiang, who was still crying softly. He said coolly, "I do not need you to teach me how to do things!"

"Bring them all!" Long Juexin waved his hand in a grand motion, while the two rows of guards flooded into the jail to grab Su Yu and the rest.

Zi Donglai was surprised. "What is the meaning of this?"

Long Juexin said nonchalantly, "You have colluded with external parties from the different world. As this is such an important matter, how could we discuss it in a place like this?"

In other words, he wanted to bring them somewhere safe to carry out the investigation. Everyone suddenly felt uncomfortable in their hearts.

Under the suppression of the two rows of guards, they were brought to the lowest part of the battleship. On the way, they did not even bump into a single person.

"Alliance Master, where are you taking us? The bottom of the battleship is an unoccupied area, so that is not a suitable place for an investigation." Zi Donglai's eyes suddenly narrowed.

Long Juexin snorted coldly. "You will find out when we arrive!"

Everyone's hearts felt even more disturbed. The foreboding feeling was becoming stronger and stronger. Finally, they reached the deepest part of the battleship.

The place looked abandoned, as wild grass grew all over the place. It was not occupied by anyone.

A somewhat burned area could be seen, as if it had been buried in an abandoned world. Apparently, there was once a great battle, which was when the external world broke in.

The battleship now had a huge gap in the bottom part, which had suffered a blast from a strong martial artist. The opening had been mended since that time, but the place was no longer suitable for anyone to live within it and was therefore abandoned.

Long Juexin had brought them to the center of this abandoned place to an empty stage. It used to be a competition arena. There were splats of blood that could be seen on it!

“This must be the place where the Heavenly Law Alliance execute criminals!” Zi Donglai was shocked.

She had heard of a folklore that said that there used to be a place where the Heavenly Law Alliance executed the truly evil people. However, it was rarely used because the executions would usually be personally observed by the Alliance Master.

The only people who knew about this place were Long Juexin and his special guards. No external people would know about it. It was supposed to only be folklore, but now they seemed to have discovered that it actually existed!

Zi Donglai was even more angered by the fact that Long Juexin had actually wanted to execute them, not investigate them as he had said!

“It seems like you all see the situation clearly now. That is good,” Long Juexin said coldly. “Bring them up on the stage!”

Lin Yunhe’s eyes were filled with pain and sadness. “Alliance Master, is this really what you want?”

He still had a very small hope that Long Juexin was not as evil as he was acting. However, in the end, such a sad scene still had to occur.

“Do not blame me. If you blame anyone, you should blame yourselves for getting into trouble with someone you should not offend!” Long Juexin had his back to them, and his voice softened before turning serious again. “Execute them! Do not leave anyone alive!”

The two rows of guards had already decided who among them would be the five executioners. They each stood in front of one person and retrieved a huge sword. They were soon waving the swords in front of the five people’s necks.

Su Yu slowly opened his eyes in silence. They were immediately filled with a chilly light as he thought to himself...

It is about time. The moment is just right!

Chapter 619: Uprising and Seizure of Position.

When Su Yu was about to attack him, five dull sounds resounded, while five heads that were drenched with blood flew by their heads. The faces of those heads were filled with shock, confusion, and surprise, and they quickly died as their eyes’ lusters dimmed.

Thump! Thump! Thump!

As the five heads rolled around on the ground, they were instantly covered in mud. Just after, the five headless corpses were thrown out of the stage. Their previously attached bodies were filled with countless scars.

Gang Dalei, whose face was filled with anger, was startled. These five heads were the heads of the executioners, who were about to chop off their heads!

Long Juexin's mild voice transmitted from behind them, and he slowly turned around and faced them, an apologetic look appearing on his face. "I'm sorry for letting all of you suffer such a grievance."

After he spoke, he bowed at all of them. Such a sudden and abrupt change in his manner startled all of them.

"Alliance Master, who are they?" Lin Yunhe looked in surprise at the headless guards, who had just attacked them. All of them were Long Juexin's trusted guards, so they couldn't understand why they had tried to kill them!

"Master Lin, I hope that you can forgive me for all of my affronts. Those five people were bribed by Fu Cangshan, and they were daily keeping a close watch over me. As such, I was obliged to use these means to get rid of them." Long Juexin sighed. "It's all because I'm too incompetent that I let that old thug Fu Cangshan secretly rope in so many of the Heavenly Law Alliance's members while I was heavily injured. In fact, almost half of my trusted aides were roped in by him."

Su Yu and the others finally understood everything when they heard his words.

"Fu Cangshan was planning on joining hands with some elders to target the Housemaster Zi and Master Lin, and if he succeeded, it would be difficult for you to escape death. This was why I used Su Yu's matter as an excuse to arrest you early on, in order to protect your lives."

As he spoke, Long Juexin took out a scarlet crystal. It was the Heavenly Law Core.

After he imbued some of his Spiritual Energy into it, a finely hidden formation appeared on the stage under their feet. It was a space teleportation formation!

"This place's opening wasn't completely sealed in the past, and the First World Senior left a formation here. Only the past Alliance Masters knew about it. Hence, Fu Cangshan is surely not aware of it. All of you, take it, this formation will teleport you to at least a hundred miles away from here, and as long as you immediately hide your auras, no one will detect you." Long Juexin came over to them, took out a key, and unlocked their shackles.

It was only when it was Su Yu's turn to be unlocked that he discovered that his shackles had unexpectedly already been opened! Moreover, the extremely hard shackles were distorted, becoming soft and malleable like a mass of cotton.

Such a sight startled and shocked Long Juexin, who immediately raised his head and faced Su Yu's gaze. "You can get rid of them by yourself?"

Long Juexin couldn't help but suck in a breath of cold air as he looked at the twisted and distorted shackles. What kind of monstrous power was able of twisting and breaking the Fairy Binding Shackles? Even top grade divine artifacts weren't capable of breaking them with brute power alone!

"Then, doesn't this mean that you were just pretending to be caught?" Long Juexin came back to his senses and realized that the shackles and the dungeon weren't capable of entrapping Su Yu. If he wanted to leave, no one could stop him.

Su Yu casually threw the shackles away and revealed a faint smile. "You should be rejoicing that you didn't harbor any wicked ideas. Otherwise, you'd be the one being killed!"

When his killing intent had just appeared, Long Juexin had revealed his true intentions. If he had been any later, by even just a moment, Su Yu might have mistakenly killed him!

Long Juexin saw absolute confidence in the Two Crystals Half Fairy Realm lad before him, and he couldn't help but sigh. "I truly didn't expect that a small junior would grow into such an impressive man." His speech was filled with melancholy.

"I'm somewhat puzzled about something, didn't you hate me?" Su Yu assumed that Long Juexin still bore a grudge against him because of the disappearance of Long Aojue.

Long Juexin's old face revealed a smile, which was somewhat melancholic and mournful. "I already lost both my son and daughter, and I don't have anything to look forward to in this life. I only hope that the Heavenly Law Alliance can survive, and I also hope that you, who are the future of the human race, can evade the calamity which has struck the continent. It's because of these things that I am able to let go of old grudges."

The lonely and helpless Long Juexin's body was heavily injured, and he had lost his daughter as well as the Heavenly Law Alliance. He had reached the lowest point in his life, and it was only because of this that he was able to see the true meaning of life and let go of all of his past grudges.

Su Yu was somewhat shocked by him. Is the person before me still the proud and arrogant Heavenly Law Alliance's Master, who had such a high position and great authority? He had undergone an extremely drastic change, almost as if he had just shed his mortal body and been reborn.

"Alright, all of you should leave, I will announce to the others that you killed the five guards and escaped, but were successfully killed by me. I will then say that the five corpses before us are your corpses." As Long Juexin waved his sleeves, a flame shot out of them and burned the five corpses, so it was no longer possible to distinguish whether they belonged to women or men, let alone distinguish their detailed facial features.

"Such a trick can only keep them in the dark temporarily, and it can't deceive them forever. As five of his spies died at the same time, without even a corpse left for him

to check, Fu Cangshan will surely suspect something before too long,” said Lin Yunhe. “Alliance Master, why don’t you leave with us?”

There was already no place for Zi Donglai and Lin Yunhe in the Heavenly Law Alliance, so they couldn’t stay. This would most likely be the case for Long Juexin too, as it could clearly be seen how precarious his current situation was.

“There is no need, as I’m a member of the Long Clan and am a descendant of the previous Heavenly Law Alliance’s masters. I’m also the current Heavenly Law Alliance’s Master. All of you can flee, but I’m obliged to stay here and fight till the end. Just leave and don’t worry about me.” Long Juexin waved his hand in a dismissive manner at them, then turned around, his silhouette appearing quite lonely and desolate at such a moment.

“I hope that you can safely avoid similar disasters while you are in the outside world.” Long Juexin snapped his fingers and activated the formation.

Su Yu was quite moved by his speech, so he bowed at Long Juexin and said, “Senior Long, we will surely see each other again in the future.”

Gang Dalei’s expression was quite awkward now, as he also bowed to him. “I hope that you can forgive me for calling you an ignorant old man earlier.”

The faces of Zi Donglai and Lin Yunhe were filled with grief. They also deeply bowed to Long Juexin and said in unison, “Alliance Master, take care of yourself.”

As a multi-colored radiance flickered, the five of them were teleported away. After the formation disappeared, no one was left on the vast and spacious stage.

“It’s time to leave here...” Long Juexin softly sighed.

At this moment, the sound of a great number of people flying in the air was transmitted to him. Long Juexin furrowed his brows, as he was wondering what had happened.

Swoosh! Swoosh!

A great number of people flew in from a distant place. Many of them were elders, who rarely showed themselves. It was unknown why they had gathered and flew towards him.

“Alliance Master!” The oldest elder spoke. It was the elders among them, like Old Chen and several other people, who were apparently taking the lead.

Swoosh!

After they landed, they anxiously looked at the stage. When they saw the charred five corpses, their expressions gravely changed.

“Alliance Master, I heard that you secretly executed Zi Donglai, Master Lin, and the others?” Old Chen anxiously spoke.

Long Juexin squinted his eyes at the elders. As they had rushed here just after he came to this place, it was truly too far-fetched to call it a coincidence.

When he swept his cold gaze across them, he found Fu Cangshan standing among them, just as he had expected. He was really the culprit behind the scenes!

“I didn’t secretly execute them, and it was only because they confessed to colluding with the other world that I got rid of them. I already planned to gather all of you to discuss this matter, and since you are already here, you can go ahead and inspect their corpses.” Long Juexin’s expression was calm and composed, but he was inwardly nervous, as he hoped that no one would notice the disappearance of the five guards.

He needed to just temporarily conceal this fact from Fu Cangshan, while convincing him to believe that Su Yu and the others were already dead. Long Juexin looked at Fu Cangshan, hatred appearing in his eyes. If Fu Cangshan hadn’t forced his hand, he never would have needed to use such a plan.

Several elders started inspecting the charred mass of flesh, but it was impossible for them to distinguish even the corpses’ genders, much less identify them. However, they could tell that there were truly five corpses.

“Where are their heads?” asked Fu Cangshan.

Long Juexin had already prepared his answer in advance. “During the fight, I cut off their heads.”

He casually waved his hand, and five charred skulls flew out from under the stage. The hearts of all of the people sank when they witnessed this gory scene.

Old Chen was extremely infuriated. “Alliance Master, why were you so rash? He decisively killed them, without having any evidence against them!

“This was a decision that I made after careful deliberation. Are you questioning my judgment?” Long Juexin replied coldly, while deeply resenting Fu Cangshan for forcing him into committing such an act.

At this moment, he noticed that excitement faintly appeared on Fu Cangshan’s face, which wore a deep and profound-looking expression. It was like he knew that his scheme had just succeeded.

Long Juexin’s heart thumped. Does Fu Cangshan know that the stage had a teleportation array? Has he already set up people to ambush them a hundred miles from here? Has he already secretly killed Su Yu and the others who were teleported?

Long Juexin became somewhat restless when he thought of such possibilities.

“Elders, are you still willing to follow such a demented Alliance Master?” Fu Cangshan suddenly spoke, unexpectedly targeting Long Juexin.

He then added, “Ever since he was heavily injured, he has become quite feeble, making it difficult for him to properly manage the Heavenly Law Alliance. Also, since his daughter died, his personality has greatly changed. Moreover, Master Lin and the Housemaster Zi were wrongly killed by the Alliance Master, and he did this without consulting any of the elders’ opinions first! He’s clearly incapable of distinguishing what’s wrong and right.”

“Elders, I want to ask you whether Long Juexin is really fit to be the Alliance Master?” Fu Cangshan raised the question, while scanning the crowd with his eyes.

Such an unexpected turn of events made Long Juexin feel like he had just fallen off a cliff. It turns out that Fu Cangshan wasn't targeting Master Lin and the Housemaster Zi, but he was targeting him!

He had been deliberately suppressing them, faintly revealing the fact that he wanted them killed for Long Juexin to see! If Long Juexin didn't care about such signs, he would have conveniently killed them!

But, if Long Juexin disposed of them, he would surely use something like a secret execution, as he would have dreaded Fu Cangshan's intervention. Such a result was just what he had hoped for, as he could then make him a target of criticism and smear him for taking such an arbitrary decision!

This was the snare that was set up by Fu Cangshan from the very beginning!

Chapter 620: Annihilated Small Group

Despite Long Juexin's coming from a place of kindness, he had still fallen into a trap! The crowd quieted down. Fu Cangshan's other meaning was that everyone should work together to get rid of Long Juexin!

With Old Chen taking the lead, he was stunned on the spot. He showed mixed emotions. If he were truthful to himself, the current Long Juexin was not suitable to be the Alliance Master.

However, in terms of emotions, Long Juexin had led them for many years and had built a strong foundation of loyalty among them. All of a sudden, many of the elders were hesitant.

"I agree with the idea of deposing Long Juexin. The position of the Alliance Master should be held by a more capable elder!" The person who spoke was Old Zhang. For some reason, he was not accompanying Fu Hongxue.

"I agree!"

"I also agree, Long Juexin is not suitable as the Alliance Master!"

...

The elders who were roped in by Fu Cangshan were not using the opportunity to rise against him. This was their long-held plan of overthrowing Long Juexin!

"I also agree!" Some of the elders became decisive after being influenced by the current atmosphere.

Regardless of who became the Alliance Master, Long Juexin was no longer suitable. After all, nobody knew who would be the next person executed if Long Juexin continued to lead.

Finally, Old Chen was the only remaining elder who had not yet taken a side. However, the moment had passed.

Old Chen sighed as he looked deeply at Long Juexin. "Alliance Master, you should take some time off to rest. It will be good for you, as well as everyone else!"

“I feel bad for Housemaster Zi, Lin Yunhe, and the rest, who all died senselessly. I truly feel bad for them.” Long Juexin’s heart was beating wildly. His heart hurt tremendously as he forcefully withheld a drop of sacrificial blood in his throat.

So this was the true scheme of Fu Cangshan!

Dethroning me!

After I am deposed, who will be the next Alliance Master? Isn’t it obvious?

He foolishly thought that he had succeeded in tricking Fu Cangshan and rescuing the others. In truth, he had just fallen into a trap!

“Alliance Master, for everyone’s safety, please allow us to take care of things from here.” Old Zhang did not show any weird facial expressions.

However, in his heart, he was laughing coldly. After all, their big plan had worked!

Long Juexin was now deposed! Thereafter, Fu Cangshan could take over his position.

The elders who had become Fu Cangshan’s followers would then have increased statuses. From today onwards, they would be able to enjoy endless wealth and honor.

The crowd was silent for a long while. After all, Long Juexin was a Three Vital Energy Crystals Peak martial artist. Now that he had lost his mind, he naturally could not be left to rule. Instead, he surely must be placed under surveillance.

Long Juexin did not retaliate. Even if his battle powers were as strong as before, if he dared attack now, he would only further prove to these awful people that he had truly lost his mind. By then, Fu Cangshan could use the opportunity to severely injure him at best, and if Fu Cangshan were merciless, he might kill him!

“In that case, Alliance Master, please hand over the Heavenly Law Core. You are no longer in the position to hold it.” Old Zhang extended his hands. “It is better to hand it over to the strongest person among us, in case of emergencies.”

The strongest person was naturally Fu Cangshan! The audience seemed not to have any opinion on this matter. However, since the object concerned the safety of the Heavenly Law Alliance’s battleship, it indeed seemed most suitable to pass it to the strongest among them.

Fu Cangshan showed a look of horror. “All of you must trust me so much. I will certainly use my life to guard the Heavenly Law Core! If it exists, I will exist. If it dies, I shall die!”

After hearing his words, there were many murmurs of approval from the crowd. Although Long Juexin hesitated in his heart, he still handed over the Heavenly Law Core.

This object was normally only controlled by the Alliance Master. Now that Fu Cangshan was in control of it, he was officially the true Alliance Master.

In an instant, Long Juexin had lost everything! This shocking change in the Heavenly Law Alliance was the direct result of a tangled web of scheming plots! As such, most of the members of the Heavenly Law Alliance were still unaware that the master had been changed in the Heavenly Law Alliance!

...

In Long Juexin's room, five of his most trusted personal guards had already been sent away. Those who stood guard at the door now were Fu Cangshan's most trusted people.

In fact, his room had been modified with a special material of Fairy Binding Shackles. As such, there was no way that Long Juexin could escape. Although it was officially said that he was merely under surveillance, the truth of the matter was that the old Heavenly Law Alliance Master had already been imprisoned!

"Alliance Master, are you feeling comfortable here?" Standing by the door, Fu Cangshan stood with his hands crossed. He looked high and mighty as he smiled.

He did not even try to conceal his sarcasm. "I am sure you would not have thought that the great Alliance Master could fall into such a pitiful situation!"

As the place was now filled with his own men, he naturally was not concerned about being found out. With the door and window between them, Long Juexin had his back turned against Fu Cangshan, and the corners of Long Juexin's mouth showed a sorrowful bitterness.

He could not believe that he had been imprisoned. Such humiliation was unbearable. But, as things had already gotten this far, it was pointless for him to retaliate.

The only thing he could feel good about was that, despite his own downfall, he had ensured that Housemaster Zi, Lin Yunhe, and Su Yu were able to escape successfully. As such, he had been able to do something good before he died.

"Hehe, I must say, you were quite thoughtful in your plan. Your acting skills are top-notch too! Yes... Killing my men and letting the Housemaster Zi and the other four go..." Fu Cangshan smiled creepily.

Hearing this, Long Juexin shivered. He turned his head suddenly and asked, "What are you talking about? I do not understand!"

"Haha, did you really think that you helped them escape? Do you think I was not aware of the formation? It seems like you were only able to discover the five traitors among your ten guards. There was actually another one who you did not discover!" Fu Cangshan laughed coldly as he spoke.

Another of his trusted members had been bribed to betray him! It was no wonder that Fu Cangshan and the others arrived at the execution place not long after he did! In other words, his plan was known by Fu Cangshan all along. Even Su Yu's and the others' whereabouts had already been known!

What awaited Housemaster Zi and the others was not freedom. Instead, it was an ambush!

It was obvious that Fu Cangshan would not allow them to live. He would truly make sure they suffered horrible deaths.

Long Juexin suddenly felt sick to his stomach. He looked towards the sky and sighed. "I have failed you all..."

Even though he had carefully planned everything, in the end, it all meant nothing. Getting himself into trouble was not the worst of it. The worst thing was that he could not save anyone else!

...

A hundred miles away from the battleship.

At the top of a mountain, waves of space energy could be felt. Then, five figures appeared. Looking at the spacious scenery and the huge battleship that was not far away, Housemaster Zi and the rest felt like they had just seen the sky for the first time

“The only unfortunate thing is that Alliance Master is still in the battleship. I hope he can handle things there,” Housemaster Zi said with a sigh.

Lin Yunhe also sighed and said, “Let us leave now. We should not waste Alliance Master Long’s thoughtful plan.”

However, Su Yu stood where he was and did not move. He turned towards Gang Dalei and said, “Dalei, please move on with the others. I have to return for a while.”

“What? Return?” Gang Dalei thought he had misheard Su Yu.

Zi Donglai was shocked. “We barely escaped the Heavenly Law Alliance. Why are you going back?”

Su Yu looked towards the Heavenly Law Alliance’s battleship. His gaze was cold. “Now that there is nothing to be concerned about, some people need to be dealt with once and for all.”

Lin Yunhe looked at Su Yu curiously. He then asked in a serious tone, “Su Yu, can you tell me what kind of capabilities you have?”

Gang Dalei and the rest also felt that something was amiss. It was as if Su Yu had never thought much of the Heavenly Law Alliance, as he dared to say such provocative words!

Su Yu shrugged. “I do not know. I can only give it a try to find out.” Without a true battle with a Fairy, he could not really know the extent of his capabilities.

“However, I believe that if I wished to leave the Heavenly Law Alliance on my own, nobody would be able to stop me, not even the First Void World Senior.” Su Yu was extremely confident about this. Even Sheng Ge, who was once a Divine Master, had to try very hard to capture Su Yu.

Gasps.

Zi Donglai sucked in a breath of cold air, her mind filled with so many thoughts and questions...

Such bold words!

What kind of a place is this Heavenly Law Alliance? It must be as high and mighty as the clouds and only second to the Empire of Darkness! It must be far greater than the Eight Great Ancient Clans!

This kind of power could only be belittled by Elder Jiu or someone as strong as him.

Lin Yunhe was also surprised somewhat. "After training in the Mysterious Heavenly Divine Pavilion, you have become a completely different person!"

Gang Dalei was stunned speechless. All this time that he had known Su Yu, Su Yu had never liked to brag or speak about himself too highly. Instead, he was always humble. Now that he had spoken so boldly, he realized that he had been being very conservative all this time!

Zi Yunxiang's beautiful eyes were filled with a deep glow. Su Yu was even stronger than she had thought! It was unquestionable that the reason Su Yu held back earlier was because he wanted to ensure their safety!

"Alright, we will wait for you from a safe distance away in this direction." Zi Donglai looked deeply at Su Yu, then sighed in his heart. Back when they were in the jail, he did not receive Su Yu's promise of marrying Zi Yunxiang. Now, it seemed that would never happen.

Zoom.

However, right then, from fifty miles away, a black cloud was flying towards them! In fact, it was not a cloud, but a group of more than ten Two Crystal Half Fairies! Those were the strongest men in the Heavenly Law Alliance!

The leader was a young man in a fancy robe. Having discovered the presence of Su Yu and the rest, he looked relieved and laughed loudly. "So there you are! We have been looking for you all over the place!"

Although they had hidden in advance for the ambush, the transporting formation was completely random. They could not be sure of where they would be transported.

Hence, they could only search within a hundred miles' radius from the battleship. Now that they had found Su Yu and the others, they could rest their hearts.

Zoom.

The Two Crystal Half Fairies' speed was extremely fast. In the blink of an eye, they had surrounded Su Yu and the others in the big hall.

"Fu Hongxue, it is you! How did you know where we were?" Zi Yunxiang was very shocked. The leader was Fu Hongxue, who had come earlier to hide for the ambush.

"Hehe, you thought that Long Juexin had a perfect plan. However, you did not know that he fell into our trap!" Fu Hongxue laughed coldly.

Lin Yunhe's heart instantly constricted. "What do you mean? How is Alliance Master Long now?"

Fu Hongxue did not mind them knowing the truth. He laughed. "Do I need to say more? Of course, he was naturally deposed by the elders and is no longer the Alliance Master. It should all be over by now. As for whether he is alive or dead, I would not know."

What? Zi Donglai and Lin Yunhe were equally shocked. Long Juexin had been deposed, and the status of his life or death remained unknown? Such shocking news was not received well by either of them.

“Since you have told us all of this, you must not be planning to let us live, right?” Zi Yunxiang was very smart, so he knew that they were all in a precarious situation.

Fu Hongxue had a greedy look on his face. “That’s right! You all must die! To complete my grandfather’s big plan, Yunxiang, I have no choice but to destroy a blossoming flower. However, worry not, before you die, I will naturally treat you very well!”

Fu Hongxue then approached her with big steps under the protection of two of the Two Crystal Half Fairy guards...
