Chapter 621: Su Yu Establishes Authority

The Two Crystals Half Fairy Realm experts behind Su Yu instantly approached him. Su Yu's gaze was calm as he said, "Fine, I intended to return to look for you, and since you have already come here by yourself, then I will just have to dispose of you here."

Su Yu couldn't forgive Fu Hongxue for lusting after Xia Yujing. Hence, Su Yu's only way of dealing with such a vile person was to kill him.

"Eh? I almost forgot you! You are that ignorant lad. What's so good about you that Yunxiang was even willing to become your concubine?" Fu Hongxue's ice-cold gaze was focused on him, while he revealed a sinister smile at the corners of his mouth.

He then said, "I changed my mind. I want to wait awhile before I kill you, as I want you to watch how I will play with this sl*t till her death! I will also let her see how weak and useless her beloved really is."

"Go after them!" Fu Hongxue waved his sleeves and shouted in a loud voice, ordering dozens of people to take action.

The group of Two Crystals Half Fairy Realm experts promptly responded, leaving afterimages behind them as they charged ahead.

Gang Dalei's pupils contracted. "Housemaster Zi, Master Lin, Miss Zi, we should all separate. That way, at least one of us will be able to successfully flee from them."

As he spoke, a barbaric aura was emitted from his body. He then waved his palm, and like a flood dragon rushing out of the sea, he slapped away a Two Crystals Half Fairy Realm expert, who was trying to grab Zi Yunxiang.

"Xiang'er, you must leave! Don't worry about me!" Zi Donglai shouted in a stern voice, while his eyes became filled with anger and his heart sank.

They had just barely managed to flee, yet they had already found themselves facing another greater danger. His daughter might even suffer a fate worse than death. As a result!

"If any one of you can escape from such a great number of the Heavenly Law Alliance's experts, then even pigs may be able to fly!" Fu Hongxue coldly sneered, then waved his hand at them.

Seeing this gesture, three Two Crystals Half Fairy Realm experts immediately understood his intention, so they directly went after three different people. Two of them went after Gang Dalei and the Housemaster Zi to kill them, while the last one went to capture Zi Yunxiang.

"Even if I die because of it, I won't let you touch me!" Zi Yunxiang knew that she couldn't escape death, so she decisively took a green dagger and held it to her throat. If they approached her, she would take her own life!

“Are you really trying to threaten me with such pitiful means? How laughable!” Fu Hongxue sinisterly laughed at her. “I was already prepared for this.”

“Xiang’er, be careful!” Zi Donglai suddenly shouted.

A transparent shadow suddenly appeared behind Zi Yunxiang. It was a Two Crystals Half Fairy Realm expert, who had taken advantage of the fact that they were distracted by the three Half Fairy Realm experts to use a magical treasure to hide his body.

It was a pity that Zi Donglai’s warning had come too late, and as the expert tapped into one of the internal blood energy channels in Zi Yunxiang’s back, her whole body immediately went soft. At the same time, the dagger fell out of her hand and her weakened body collapsed.

The transparent shadow that was behind her immediately placed her under his control, and as he tapped the ground with the tip of his feet, he flew back to Fu Hongxue’s side.

“Young master, I already captured her.” The guard bragged.

However, delight and joy unexpectedly didn’t appear in Fu Hongxue’s eyes at such a moment. Instead, Fu Hongxue’s gaze, which was fixed on him, became first filled with confusion, then surprise. It then became filled with terror.

The guard was startled, so he turned his head around. Only then did he discover that he was incapable of twisting his head around at all! This was because his whole body, from his neck downward, had been chopped off by someone!

His body had already fallen down, and only his head continued on, flying toward Fu Hongxue to report about completing his mission! As Fu Hongxue watched this scene in horror, he wondered...

What kind of sharp divine artifact could cut off someone’s head, without letting him feel even the slightest bit of pain?

Moreover, what kind of movement technique is so extremely quick and accurate to the point that it could let someone chop off the head of a Two Crystals Half Fairy Realm expert, who was flying at such a high speed?

All of the people present descended into a deadly silence. Even the two Two Crystals Half Fairy Realm experts, who went to kill Zi Donglai and Gang Dalei, also stopped in their tracks.

After the head that was flying in the air lost its momentum, it fell upon Fu Hongxue’s bosom. After it rolled around for a bit, it managed to turn around. Only then did the guard finally understand what had happened.

At that moment, he witnessed a silver-haired youngster embracing Zi Yunxiang. He saw that the youngster had a small golden sword that was revolving around his hand. This scene was the last scene that the guard ever witnessed in his life.

“Are you all right?” Su Yu poured a thread of his Vital Energy into Zi Yunxiang’s body, which opened her clogged internal blood energy channel.

Zi Yunxiang was blankly staring at him, while nestling in his bosom. Slowly, her pretty eyes widened. She was startled, and couldn’t help but wonder just what kind of Su Yu possessed!

Fu Hongxue, Gang Dalei, and the others were also shocked by what had just occurred. It was fine that he instantly killed a Two Crystals Half Fairy Realm expert, but what was weird was that not one of them had managed to clearly see how he did it. They also didn't know how he was able to save Zi Yunxiang.

Slurp!

After Fu Hongxue came back to his senses from his initial state of shock and terror, he threw away the head of the guard, who had died with his eyes wide open. He then turned around and fled. "Kill him! All of you, charge at him."

After the group of Two Crystals Half Fairy Realm experts hesitated for a while, one of them, who was quite old and seemed like their leader, loudly shouted, "All of you, charge.."

His voice, as well as his life, came abruptly to an end when he pronounced the last word. This was because his throat was suddenly cut straight across by a small golden sword.

As his blood splattered around, his eyes' luster dimmed and his body fell down on the ground. A frightening thumping sound echoed as he hit the ground.

"Ahh! Let's quickly flee." Such a scene made terror and fright well up in the hearts of the Two Crystals Half Fairy Realm experts, and they loudly cried out in panic. Their current appearances were worlds apart from their previous imposing and ferocious-looking looks.

Splutter!

As a golden light ray flickered, the last speaker's head flew up to the sky. Such a bloody scene thoroughly frightened the group of Two Crystals Half Fairy Realm experts.

"Did I say you that you could leave?" A calm voice fluttered from Su Yu's mouth, and although his tone was calm, it still seemed quite intimidating to them. It was even more imposing and terrifying to them than the Alliance Master's own words!

"If any of you dare to take just a single step without my permission, you will die." Su Yu put down Zi Yunxiang, then calmly ordered them all to look around.

The group of Two Crystals Half Fairy Realm experts stopped moving like he had ordered them to. At that moment, a golden ray flickered three times, and with each flickering, it took along with it a person's life!

Such a weird and peculiar technique utterly frightened them. Beads of sweat started seeping from their foreheads, yet no one of them still dared to wipe them away. This was because they weren't sure whether their heads would fly away while they were trying to wipe their sweat off of them!

"Fine, everything is all right now." After Su Yu put down Zi Yunxiang, he looked at Zi Donglai and the others, whose gazes were all still filled with worry. "Are those people the strongest guards in the Heavenly Law Alliance?"

Su Yu suddenly understood why the Zhenlong Continent's army had so many casualties! It wasn't just because they were weaker, but it was also because they didn't have any fighting spirit! After all,

he had just killed three of them, yet they all obediently stopped moving after he ordered them to, like obedient dogs!

If they had scattered and fled in different directions, it would have been impossible for Su Yu to kill all of them. However, they didn't have the guts to take such a risk, so they had obediently rolled over and surrendered. Su Yu could almost imagine how overwhelmingly one-sided the battles in the Dragon Abyss of the Nine Underworlds must have been!

After Master Lin came back to his senses, he sucked in a breath of cold air. He started to sympathize with the guards. "You shouldn't make things difficult for them. The Heavenly Law Alliance rarely participated in the continent's fights, so they are quite lacking in real battle experience. Hence, you shouldn't blame them for such behavior, especially after meeting a monster like you!"

After all, Su Yu could instantly kill any one of them with just a wave of his sword. So, of course they would fear would fear him! Even the Master Lin and Zi Donglai felt like they wouldn't have any better performance than them if they had run into some terrifying existence like him!

Gang Dalei sucked in a breath of air. "I always thought that I was a monster. It was only after witnessing the current you that I discovered that I'm still human, and it is you who is the true monster here!"

At first, Su Yu's power was weaker than Gang Dalei's, but after they took the trip to the Mysterious Heavenly Divine Pavilion, Su Yu became an existence that Gang Dalei could only look up to.

The corners of Su Yu's mouth couldn't help but twitch when he heard them calling him a monster. He then said, "Alright, I will take a trip to the Heavenly Law Alliance. I first intended to take a trip there just for Fu Hongxue, but since the Alliance Master Long is in dire straits, then I will conveniently help him as well."

Zi Yunxiang's admiration of Su Yu reached its extreme point at this moment. She even started feeling like she didn't dare to directly look at him, as he was too dazzling, like a spiritual god!

Such a great disparity between the two of them made Zi Yunxiang feel an even greater pressure upon her, yet it also led her to admire him even more. The youth, who had needed her protection in the past, had now evolved into a spiritual god-like existence!

"I will go with you, since those guards were already subdued by you, you don't need to worry about our safety." After Zi Yunxiang came back to her senses, her face became somewhat flushed.

Su Yu decisively shook his head. "This is out of the question. The source of my worries was never those guards, but the First World Senior, who still hasn't shown himself. If Fu Cangshan already took control of him, then you will become one of my weak points while I fight him."

When he heard him, Zi Donglai's revealed a relieved look. "You don't need to worry about such matters, as the First World Senior would only reveal himself to someone who had a prowess at the Fairy Realm or above."

Lin Yunhe nodded. "That's true, so you don't need to be concerned about it."

"Well, that's exactly why I should be worried, then..." Su Yu chuckled.

Eh? When the four of them understood the implication of his words, they were immediately petrified.

“Do you mean that you can display power at the Fairy Realm?” Zi Yunxiang asked, clearly shocked.

At this moment, even Zi Yunxiang couldn't help but see him as somewhat of a monster.

“It's because of this that I need to go in alone,” said Su Yu. After he paused for a while, he then said, “Wait here for a moment.”

After he spoke, he soared up and swept over the remaining sixteen guards with his piercing gaze.

Chapter 622: Reentering the Battleship

“I'll give you two options. The first is to die, and the second is to serve me.” Su Yu's tone was not deafening, but the sixteen guards who heard what he said felt like a roaring clap of thunder had just blasted by their ears.

“Elder, I am willing to serve you from now on.” One of the smarter guards wisely decided to bow in respect, taking the risk on his own while others were still stuck in their frightened states.

As he did so, the others gradually followed. After all, their lives were their own, and no one wanted to die for no good reason!

“Alright, let go of your resistant thoughts. I will plant a seal in your soul to make sure you will not become traitors again!” Su Yu said.

Yesterday, they had served Long Juexin. Today, they had served Fu Cangshan. Tomorrow, they would serve Su Yu.

As such, Su Yu felt like he needed to somehow ensure they would not betray him in the future and serve someone else. Controlling them through their souls was the only viable way.

Suddenly, the facial expressions on many of the guards changed. They were clearly hesitant.

“Elder, I am willing!” The voice belonged to the short yet smart guard from before. He had let go of all his resistant thoughts in a heartbeat.

Su Yu glanced at him and asked, “You seem smart. What is your name?”

“I am Luo Xiong. I am willing to take you as my master. I will consider it my fortune!” Luo Xiong said.

Even Su Yu could not help but admit that this young man was smarter than most common people. When others were still paralyzed by their fears and insecurity, he had already found an opportunity to show his loyalty. His bravery and thoughtfulness were indeed commendable.

Su Yu nodded his head lightly, while his palm condensed a stream of thunderbolts and soul. This stream then formed a symbol, which he inserted into Luo Xiong's soul.

Throughout this entire scene, Luo Xiong's facial expression did not change. He was very calm.

After he took the lead, the others gradually lowered their heads as well, albeit reluctantly. Then, they each obediently allowed Su Yu to implant the Great Thunder Heart Technique within them. In an instant, Su Yu could control their lives and deaths!

“Luo Xiong, from now on, you are their leader,” Su Yu said.

Luo Xiong seemed happy about this. Indeed, being the first to display loyalty had its perks. From now on, if they followed this young man with unthinkable capabilities, the person who would have the most to gain was surely Luo Xiong!

Hearing this, the other fifteen guards exchanged glances secretly. They stared at Luo Xiong’s back and seemed displeased with the decision.

Su Yu was very sensitive to this, so he said, “If there is anything you would like to say, you had better say it now. If any internal conflict occurs in the future, don’t blame me for being merciless!” Su Yu’s eyes turned cold.

Hearing his words, the fifteen guards became silent and lowered their heads to avoid looking into Su Yu’s eyes. One of the guards was slightly bigger than the rest, and his aura was clearly much stronger than the others as well.

This was because the Spiritual Energy in his body was extremely pure, which also meant that it was only a matter of time before he broke through as a Three Crystals Half Fairy. The guard stood out and said, “Master, I am Li Cheng, the assistant leader of the annihilation team. As I have experience in leading already, I believe that I would be better at leading the team.”

In simpler terms, these guards were not used to bowing down to Luo Xiong. Before this, Luo Xiong was only a normal member of the team. As such, he was never of any special use, so he was relegated to behind the scenes tasks.

However, today, he had relied on his kissing up to Su Yu to become the leader. Hence, the others were naturally unwilling to accept him as such.

“Assistant leader, eh? Then you can continue to be the assistant leader,” Su Yu said coolly.

Li Cheng was unwilling to accept this decision, so he spoke up for himself courageously, “Master, I am much stronger than Luo Xiong.”

Luo Xiong, who was kneeling on the ground, felt a sense of awkwardness upon hearing this conversation that involved him. Even he knew that his weaker capabilities did indeed make it much harder to overpower the others.

“Hmm, you won’t be very soon.” Su Yu retrieved a bright golden fruit from the Nine Jade Spiritual Pearl and tossed it over to Luo Xiong.

“When you have time, eat this. It will purify your Spiritual Energy and benefit you greatly,” Su Yu said coolly.

Luo Xiong readily accepted the bright golden fruit. He stared at it with wide eyes, as he did not know what it was.

Behind Luo Xiong, Li Cheng sucked in a breath of cold air, and he could not help but look shocked. “Bodhi Divine Fruit? Tsk! This is the best divine object that is used to purify Spiritual Energy in the entire Zhenlong Continent! There are many people who could only dream of having it. It’s even been said that, when one uses it for the first time, one can instantly reach complete purification!”

He was getting really excited as he spoke. “Moreover, a single consumption is apparently equivalent to a hundred percent condensation of a Vital Crystal! However, this fruit became extinct thousands of years ago, and it hasn’t appeared again till now!”

Bodhi Divine Fruit? In the Jiuzhou Continent, it was known as the Incredible Feather Spiritual Pomegranate. After some time, the Incredible Feather Spiritual Pomegranate’s fruits had ripened. There were at least ten of them now.

“It’s... It’s the Bodhi Divine Fruit?” Luo Xiong’s lips trembled and his palms were shaking. This was the legendary divine fruit of the continent. It had only ever been introduced in ancient literature. He never thought that he could actually obtain one!

If he consumed it, he would be able to break through as a Three Crystals Half Fairy very soon! In fact, if the crystallization succeeded, he might even break through as a Fairy!

“Thank you for your generosity, master. I am willing to go to the ends of the world for you!” Luo Xiong was beyond happy! He giddily stored it away while his comrades looked on with jealous eyes.

Su Yu observed everyone’s facial expressions, then, with the flip of his palm, he retrieved yet another fruit of the Incredible Feather Spiritual Pomegranate, then said, “The Bodhi Divine Fruit? I still have many of them. Whether you can get one or not will depend on your actions!”

“There are more! He actually has more!”

“My god, a second Bodhi Divine Fruit!”

.....

The sounds of people continuously bowing down to Su Yu could be heard. “Master, we swear to serve you until we die!” they all cried out.

While the others secretly cursed their cunning behavior and faux flattery, the rest were bowing down to Su Yu. After all, this divine fruit was not something the Heavenly Law Alliance could provide for them! Only Su Yu, the mysterious yet eye-blindingly powerful young man, could do so!

Li Cheng knelt in the crowd and bit his tongue secretly, while staring at Luo Xiong’s back. Gazing upon the scene before him, Su Yu was very pleased with their behavior. Actually, this was the exact outcome that he had wanted to create.

“Brother Su, do you still need more followers? I am willing to serve you.” Gang Dalei rubbed his hands together and smiled as he walked over. His eyes had never left the Incredible Feather Spiritual Pomegranate.

Su Yu suddenly laughed out loud. He then tossed the fruit over to him and said, “Take it, as I don’t believe you really lacked any treasure.”

Su Yu was very straightforward. This fellow had been able to acquire a drop of the Blood of a Real Dragon out of nowhere. It was still contained inside Su Yu's space ring. Su Yu was certain he had tons of other treasures on him.

Gang Dalei seemed to understand what Su Yu meant, so he sighed and asked, "Do you think that I am like you? You are able to roam around everywhere in search of treasures. In order to find a treasure to exchange for the Thunder Herb for my old man, I had to squat in that abandoned place for almost a month and a half, and I still did not find anything at all! I went through far worse than Qin Yushan, who had stayed in the seventh level to collect herbs!"

Hearing this, Su Yu's jaw dropped. He felt pity when he heard of Dalei's trials.

"What about mine?" A gentle sound came from the side, while a gentle hand with snow white skin was extended towards Su Yu.

Zi Yunxiang had wanted to appear demure. However, she felt shy in the end and only ended up embarrassing herself by approaching Su Yu. Her face was flushed red and she looked conflicted, which only made the situation slightly funnier.

Su Yu laughed heartily. "Yes, of course, I did not forget about you!"

He retrieved yet another fruit and placed it on her white palm. Su Yu felt satisfied as he saw the happy look on her face.

Su Yu then handed Zi Donglai and Lin Yunhe a piece of fruit each. "Dear elders, it will benefit you to consume one of these. Please do not reject my request."

However, since they were both too old, their absorption of the purifying effects from the fruit was not as good or efficient as the youngsters. Hence, it could be said that giving the fruits to them was a complete waste.

Seeing as Su Yu had lavishly given away three more fruits, the guards felt a bleeding sensation in their hearts. It was as if Su Yu was slicing away at their portion of meat! It made them very anxious. After all, they had no idea how many of the fruits Su Yu had left.

"Do not call me elder anymore. In the journey of martial arts, the stronger one comes first. Hence, you are merely making fun of us!" Lin Yunhe laughed bitterly. "However, I will still accept this fruit. Although it is of no use to me, I can gift it to a younger person who I admire."

Gang Dalei's nose twitched. "Master Lin, do you admire me?"

Lin Yunhe laughed at his joke. "You little b*stard! You already have one. Why are you still vying for my treasures?"

In the midst of being scolded in a joking manner, Gang Dalei laughed and replied, "There is no harm in having more treasures!"

"Alright. Let's not waste any more time. I need to return to the Heavenly Law Alliance for a while!" Su Yu said. "Luo Xiong, you will lead five other men and protect the rest as they head towards this location. Meet the Undead Phoenix Master there. This is a

communication pendant. Take it, and I will be in touch with you later.” As he spoke, Su Yu handed him a communication pendant.

Undead Phoenix Master? Zi Donglai and the others were surprised when they heard this. They immediately wondered why the Undead Phoenix Master was outside of the battleship.

After thinking it through, they suddenly understood the meaning behind it! Su Yu had arranged to get the Undead Phoenix Master’s help in shifting Elder Jiu and Lord Yi Yu away!

In other words, before any drastic changes had occurred, Su Yu had already felt that something major was about to happen. Hence, he had made earlier preparations!

Zi Donglai suddenly felt a chill in his heart. This Su Yu was such a quick-witted man!

He suddenly sympathized with Fu Cangshan. It was a sad thing for him to be in opposition with such a man, who had frightening capabilities and even more frightening thoughts. He even felt chills run down his spine when he thought about being in opposition with a man like Su Yu.

“Li Cheng, the ten of you will accompany me to the Heavenly Law Alliance for a short trip,” Su Yu ordered.

Hearing this, Li Cheng was very happy, as this was his chance to finally accomplish something! Luo Xiong, on the other hand, looked slightly concerned. He was wondering if his spotlight would be taken away by Li Cheng.

“Protecting them is more important than any other accomplishment. They are the most important people in my life.” Su Yu seemed to have read Luo Xiong’s mind, as he spoke without even turning his head around to face the group.

After finishing his sentence, Su Yu led the team of guards and flew towards the Heavenly Law Alliance. As they landed at the bottom of the Heavenly Law Alliance, Li Cheng requested, “Master, allow me to establish communications to open the formation!”

As Su Yu stared at the bottom of the battleship, his eyes narrowed slightly.

“Master, the battleship of the Heavenly Law Alliance is extremely tough. It is a legendary semi-manufactured spiritual artifact. The only way to enter it is to activate the formation from within. This is because any external force is incapable of breaking through it,” Li Cheng explained, as he was eager to accomplish his task.

Su Yu stood up with his hand raised. He then said meaningfully, “Is that so? I personally feel that we should not take the normal route!”

Fumes.

Li Cheng suddenly felt blinded as a red object appeared in Su Yu’s palm. Swiftly thereafter, a bout of terrifying flames rose upwards!

The area where the formation stood was completely burned through! Cries of people in pain could be heard from the hidden places around them.

A large number of strong soldiers were lying in wait at the place of the transportation spell. In fact, the number of guards was far greater than usual!

As such a long time had passed since they had battled, they must have felt the need to come super prepared! Hence, once Su Yu and the others entered the place of the transportation spell, they would surely have been killed!

However, what made Li Cheng even more surprised was the fact that Su Yu had actually broken through the Heavenly Law Alliance's battleship!

Is this the battle power of a Fairy?

What is the true limit of this overly strong young man's capabilities?

"Aren't you going to lead the way?" Su Yu asked him coolly, interrupting his thoughts.

Chapter 623: A Bloody Path

Li Cheng's expression became dignified, while his gaze became sharp. "Brothers, let's make way for our master."

As he angrily roared, the other nine guards became more spirited and energetic, but, they still didn't forget to keep an eye on Su Yu out the corners of their eyes. They wanted to see whether he was watching their performance or not.

"Make way for the master!" The nine guards roared at the same time, while they turned into afterimages, then charged at the warship.

Swoosh! Swoosh!

The Heavenly Law Alliance's strongest team had an astonishing imposing manner as they annihilated the other team. These twelve Two Crystals Half Fairy Realm experts were tantamount to a third of the Heavenly Law Alliance's military power.

How could ordinary Heavenly Law Alliance's members be capable of obstructing such a powerful team?

The guards, who were lying in ambush, weren't injured by the flames. But, they immediately faced the team's ferocious assault.

"Those who surrender will be spared, but those who dare to fight back will all be mercilessly killed." Li Cheng swept away two One Crystal Half Fairy Realm experts, who tried blocking the opening. He then slammed them against the wall.

He was like a ferocious tiger as he stood in the air. He then looked at his battle companions with his cold gaze, while angrily roaring at them.

The pressure of the Two Crystals Half Fairy Realm experts, as well as the prestige of the annihilation team, forced the remaining guards to immediately surrender. The annihilation team was the cornerstone power of the Heavenly Law Alliance, and as such, it was its strongest symbol. Hence, everyone feared them.

Swoosh! Swoosh! Swoosh!

The other nine guards immediately flew over. They then positioned themselves facing nine different directions to better ensure their safety.

“The annihilation team, the vice team leader Lu, is that you?” The person responsible for setting the ambush was dumbstruck when he recognized the ferocious enemies they were facing.

Because of this recent dreadful attack, which had great destructive power, they had assumed that the otherworldly experts were invading them. Yet, they were actually their comrades!

Li Cheng didn't pay attention to him. His expression was still solemn as he surrounded the opening with the other nine guards.

The group then knelt down on one knee and said in unison, “Welcome, master.”

While they calmly and respectfully welcomed him, a youth, who had a long silver hair draped over his shoulder, leisurely strode forward and soared up in midair, while clasping his hands behind his back. As he came over, the annihilation team's members didn't dare to even breathe, and they were extremely respectful and solemn.

When Su Yu's feet landed on the ground, he scanned the guards with his gaze. His flame blast didn't kill even a single person, despite having injured many of them.

They should be thankful that Su Yu still had respect for the Heavenly Law Alliance. Otherwise, they wouldn't have just been injured, but they would all have been burnt to ashes by his flame!

“If you don't want to die, then just stay here. The following matter has nothing to do with ordinary members like you,” Su Yu spoke as he took a step forward.

Li Cheng's body flickered, and he stood beside him to protect Su Yu. He then berated them in a deep voice, “All of those who try to obstruct us will die.”

The annihilation team had a great imposing manner, so no one dared confront them. They just anxiously looked at them as they walked to the deepest part of the Heavenly Law Alliance. It was only after they had reached it that the guards snapped back from their stunned dazes.

“Team leader, what happened? Why did our Heavenly Law Alliance's annihilation team recognize him as their master?” one of the men asked his team leader.

The team leader just blankly looked at Su Yu and the others, who had just left, then absentmindedly shook his head. “I don't know, but I do know that the Heavenly Law Alliance's Master will surely change.” In his eyes, the youth seemed absolutely terrifying.

...

There was a great number of people in the hall, and many elders had been summoned here too. There was even a massive military force standing outside of the hall to protect it.

Fu Cangshan's expression was calm and composed, while the complexion of Fu Hongxue, who was standing behind him, was filled with anxiety and fright.

“Fu Cangshan, only a short while had passed before summoned us here once again. What is the meaning of all of this?” Old Chen was somewhat displeased, as he was still incapable of accepting how Long Juexin was treated and dealt with.

The other elders also agreed with him about this inconvenient timing. After all, they had just left, yet here they were, already having been summoned to the hall once again!

Fu Cangshan said in a deep voice, “Sirs, our Heavenly Law Alliance is in grave danger.”

From Fu Cangshan’s deep voice and solemn expression, the elders felt something that something was different than usual, so they gradually calmed down to listen.

“Elder Fu, if you have something to say, then directly say it. The current Heavenly Law Alliance doesn’t have a master, so we need to discuss everything between us frankly,” said Old Chen.

Fu Cangshan became somewhat displeased when he heard him, as up till now, the Elder Chen wasn’t willing to recognize him as a temporary alliance master.

Bang!

The ground started shaking at such a moment, and all of the elders were shocked. They hurriedly tried to keep their balance to avoid falling.

“What happened? Why is the warship swaying?” Old Chen was quite astonished, as such a matter had never once occurred before.

At such a moment, two guards, both of whom wore yellow clothing, entered in a great rush. One of them said, “Elder Fu, our current situation is not good! The warship was bombarded by someone, and an opening was blasted in it. Almost all of the teams involved in the ambush were injured, and they were all defeated!”

Old Chen and the other elders were all shocked when they heard his report. There were sentries in each corner of the Heavenly Law Alliance, and once they discovered some precarious situation, they would go to report it to them. These two were among these sentries.

“Were some teams involved in ambush? Who were they ambushing? Who blasted an opening in the warship?” Old Chen anxiously asked.

The baffling quake from a moment ago was no small matter, and since an opening had been made in the warship, this matter became even more grave. The yellow-clothed guards didn’t dare reply, so they looked at Fu Cangshan with inquiring gazes.

“It’s Su Yu,” said Fu Cangshan in a deep voice.

All of the elders were shocked and gasped.

“Wasn’t Su Yu already secretly executed by the Alliance Master Long? Yet, now you are informing me that Su Yu came here? Fu Cangshan, what kind of joke is this?” Old Chen spoke bluntly, without the slightest trace of politeness.

Fu Cangshan bore his anger and restrained himself as he spoke, "All of you may not know this, but when I interrogated the Alliance Master Long a moment ago, I learned that the five charred corpses belonged to his five trusted aides. I also discovered that Su Yu and the others were already secretly released."

He then added, "All of this was a part of Long Juexin's ploy. He arrested them just because he wanted to take them out of the battle! I already felt that Su Yu and the others were colluding with the otherworldly invaders, and just when I was about to make a move, Long Juexin detected it and arrested them in advance before secretly liberating them to preserve their lives! Now, Su Yu has brought the otherworldly invaders to attack us!"

Many elders were skeptical about his words, as it was extremely unimaginable that the Alliance Master Long was a spy who colluded with the otherworldly invaders. However, when they thought about his recent strange behavior, they couldn't help but believe it. Only Old Chen and several other people were still skeptical about it.

"No matter what, since the otherworldly invaders attacked us, what we must first do is chase them away. Then, all of those who invaded us must be killed." Fu Cangshan slapped the table and shouted in a loud voice, "Elders, please fight along with me! Let's chase the invaders away, so that we may preserve the human race's last fort!"

Creak!

A loud creaking sound echoed as the hall's door was pushed open. The elders, who were the closest to it couldn't help but furrow their brows.

One of the elders asked, "Who is so rude and impolite to interrupt us in the middle of our discussion of such an important matter?"

His voice suddenly stopped, as he discovered that the people who had just entered were members of the annihilation team. They were led by Li Cheng. This disturbance behind them made many elders turn their heads around and look at the new arrivals.

Old Chen furrowed his brows and asked, "Li Cheng, why aren't you at your post, and why did you come here? Did some elder call you over?"

Li Cheng turned a deaf ear to his words, while he orderly lined up before the door with the rest of the annihilation team's guards. As he lowered his head, his expression became respectful. The elders present here were quite familiar with such a scene, as this was a treatment which only the Alliance Master could enjoy.

"It's impossible! Did the Alliance Master Long come too?" Old Chen exclaimed. He and many of the elders were quite surprised.

Fu Cangshan and Fu Hongxue were also startled, each having many questions popping up in their minds...

What is happening?

How did Li Cheng and the others manage to come back alive?

It is fine that they survived, but why has Alliance Master Long come here?

While them and all of the elders were still bewildered, an extremely young person strode into the hall. He had a thin and tall build, and he wore simple clothes.

He also had flowing silver hair that was draped over his shoulder. His complexion was extremely handsome, rivaling that of the legendary and ethereal immortals.

“Su Yu, it’s you!” One of the elders recognized him immediately.

As the annihilation team was directly managed by the Alliance Master, it was loyal to him alone. So, the elders were naturally wondering what was happening.

“Hehe, elders, we meet once again.” Su Yu softly chuckled.

Circumstances had indeed changes, as in the past, he was a prisoner that was taken away by the annihilation team. Now, he came back as the master of the annihilation team! Many of them were incapable of accepting such a great change.

“Li Cheng, what are you doing? Why are you lowering your head to such a kid?” Elder Zhang, who was among the crowd, who had no idea what was happening, berated them.

He was incapable of understanding why Li Cheng had done such an absurd and preposterous thing. However, Li Cheng still continued lowering his head without moving or speaking.

“Someone come over and drag this kid out of here.” Old Zhang felt that the current turn of events was far from encouraging. He started pondering the situation in his mind...

How did the lad come over here?

Are Fu Cangshan’s words really true? Was he really colluding with the otherworldly experts? If so, did they really blast an opening in the warship and enter it?

Su Yu calmly spoke, “This person is quite noisy, so drag him out and behead him.”

He was helping a villain like Fu Hongxue do his evil deeds, and he even wanted to make some trouble for Zi Yunxiang, as such trash would only bring shame to the Heavenly Law Alliance if he was allowed to stay.

“Annihilation team, don’t make a move,” one of the elders said.

Many elders were angered by this scene. They didn’t understand how the Heavenly Law Alliance’s annihilation team could be directed by an outsider. Moreover, he even wanted to behead an elder right in front of them!

However, Li Cheng didn’t care about them, and he made a signal to two Two Crystals Half Fairy Realm experts, who immediately turned into afterimages and charged at the elder Zhang.

This only angered the elders even more, as one of them shouted, “Annihilation team, do you want to revolt?” As a matter of fact, they were loyal to Long Juexin alone, and since they had started secretly obeying Fu Cangshan, they could already be considered rebels.

However, Li Cheng didn't care about them, he just coldly swept his gaze over them and said, "I'm sorry, but the annihilation team is undertaking a mission now, and all of those who dare to obstruct us will be executed."

Such overbearing and arrogant words made the elders laugh very angry. They were obviously revolting, yet they wanted to quell them with the Heavenly Law Alliance's laws!

The elders who belonged to Fu Cangshan's faction immediately started fighting the two annihilation team's guards, successfully obstructing them. The elder Zhang, who noticed that the current situation was looking far from good, took the opportunity to retreat and hide among the crowd.

Li Cheng's expression became gloomy, as this was an important opportunity for demonstrating his worth before Su Yu. He could not let Su Yu witness him not being able to handle the elder Zhang!

Li Cheng coldly snorted as he pulled out his sword, which flickered with a cold glint and seemed capable of tearing the sky open.

Chapter 624: Demon King

With two loud cries, the two elders who were blocking the annihilation team suddenly died, as their chests had been cut wide open! Li Cheng had killed two opponents at his own level with a single slash of his blade!

Although it was a sudden attack that took them by surprise, it clearly showed that his capabilities were much greater than a normal Two Crystal Half Fairy! The slash had immediately halted the elders who were rushing over, all of whom took in a gasp of cold air.

They actually dared to kill someone!

Two members of the annihilation team flew side by side and dragged Old Zhang from amid the crowd, all the way out of the big hall. On the way, Old Zhang could be heard begging loudly and occasionally yelling angrily.

After some time, however, it all came to an end after a solemn knocking sound was heard. A guard from the annihilation team entered. He had a bloody head in his hand and bowed respectfully to Su Yu as he said, "Master, as you ordered, we have chopped off his head."

Su Yu glanced at Old Zhang's head. His dead eyes were still wide open. Su Yu nodded slightly. "Alright, throw it away."

As the guard tossed it onto the ground like a piece of trash, the bloody head rolled around a bit. Wherever it landed, the elders scurried away from it, thinking to themselves how horrific this situation was...

This was too cruel!

He has killed someone for only saying a few words!

Old Chen said in a deep voice, "Su Yu, have you really colluded with the different world to kill our people in the Heavenly Law Alliance?"

Su Yu stood with his hands behind him. His gaze pierced through all of them, including Fu Cangshan. It then landed directly on Fu Hongxue. "If you believe everything that Fu Cangshan says, why do you bother asking me?"

Old Chen was dumbfounded. What does he mean?

“Su Yu, you have colluded with people from the different world. What do you want?”

Fu Cangshan clearly knew the truth. However, he still wanted to kill Su Yu, and it would be odd if Su Yu had not come back for revenge.

Yet, much to his surprise, Su Yu only replied with a cool look and said, “I believe you should ask your dearest grandson first! As for your wanting to kill the five of us, that must come later! I came back this time primarily for your grandson, Fu Hongxue!”

What? He has come all this way to look for Fu Hongxue?

What hateful thing has he done?

Fu Cangshan was stunned and had many thoughts swirling in his head. Why wouldn't I know about my grandson's behavior?

“Hongxue, what have you done? Tell me the truth!” Fu Cangshan snorted coldly.

Fu Hongxue's face turned white as snow and sweat was falling from his forehead as he said, “I accidentally got into trouble with Su Yu. I didn't do it on purpose...” Fu Hongxue tried to cover things up.

However, right then, Li Cheng laughed coldly. “If you dare not speak the truth, I will! After all, it is not some great secret! Everyone was just afraid to speak up, as we were worried that Fu Cangshan might do something to us!”

He then explained further, “He pretended to send a message on behalf of Fu Cangshan to divert Undead Phoenix Master's attention and cause her to leave her room. He then nearly did something unspeakable to Lord Yi Yu, who had fainted. If Su Yu and Gang Dalei hadn't caught him in the act, he would have proceeded with his evil intentions!”

He continued, wide-eyed, “Thereafter, he went to the jail and tried to do something disrespectful towards the entrapped lady Zi Yunxiang. Luckily, Alliance Master Long made it there in time! Later, he led us to lie in wait for Housemaster Zi and the rest, with the intent to kill them all!”

He concluded by saying, “All of these things went unnoticed by elders like you. However, people like us, who were the ones who carried out the dirty deeds in the annihilation team, know everything!”

Hearing this, many of the elders became furious. Even though they all knew what kind of a person Fu Hongxue was, they had not thought that he would have the guts to do such shameful things! He even dared to send a fake message to get his way with Lord Yi Yu. It was such a lowly thing to do!

As for Zi Yunxiang's case, they were not overly surprised.

“Our master had returned to get rid of this b*stard on behalf of the Heavenly Law Alliance! Based on what I know, many girls have already been tainted by him in the Heavenly Law Alliance. There are probably even more cases that we do not know about! This kind of person needs to be dealt with once and for all!” When Li Cheng worked as a guard, he had secretly reported all of these things to Long Juexin before. However, due to previous circumstances, Long Juexin had to pretend not to know

about any of it. All this time, he had been trying to endure it. However, now that Su Yu had come back to kill Fu Hongxue, Li Cheng felt very happy!

After all, Fu Hongxue had crossed the line. In doing so, he had become the person Li Cheng hated the most! Therefore, he was willing to expose Fu Hongxue on his own accord.

“Hmph! All of that is nonsense. How can we judge my grandson’s behavior based on your superficial speech?” Fu Cangshan asked. “Besides, it is difficult to persuade the masses...”

Hearing this, Li Cheng became quiet and did not speak anymore.

“Hehe, who said we wanted to persuade the masses? I want to take his life, and my only reason being that I simply want him dead! It does not matter whether other people believe these claims or not!” Su Yu said coolly, while he started walking forwards!

The discussion was over. Clearly, the negotiations had failed.

“All elders present, let’s work together to subdue this young man before we speak any further! I will give everyone a clear explanation about my grandson after all of this has ended!” Fu Cangshan was using a delay tactic.

Most of the elders did not move. After all, Li Cheng did not look like he was lying. Moreover, Fu Cangshan’s intention to protect his own grandson above all was too obvious.

As all of the elders cared about their own images, they weren’t keen on the idea of possibly tainting their own images for a hateful youngster. Hence, the crowd did not move forward to surround Su Yu. Instead, they all walked backwards and opened up a pathway for the grandfather and his grandson.

Only Fu Cangshan’s own men had responded to the call. Seeing as this was the final moment to salvage what they had, they knew that they must act now! After all, if Fu Cangshan was defeated, they would also suffer a horrible end!

“We must first capture the leader of the pack. We must kill Su Yu!” one of the elders shouted, while more than ten elders charged forwards from all directions, converging upon Su Yu.

Li Cheng turned serious. “Get into formation!”

Ten members of the annihilation team heard the order and immediately surrounded Su Yu in order to protect him. The great battle had started!

Each of the members of the annihilation team were outstanding, most of them being experienced elders with shocking battle powers. However, they were still outnumbered.

Their defensive formation only lasted for a short while before an opening was created! This was because an odd change had occurred in the circumstances faced by Su Yu and his comrades.

Right then, a few figures flashed through the crowd and were charging towards Su Yu! They also belonged to Fu Cangshan's camp. However, they did not lend a hand as the situation was not looking bright for him. However, now that they could see an opportunity to attack, they hesitated no longer!

Their participation had caused the defensive formation to collapse immediately! Multiple figures tore the formation wide open and were prepared to fight the annihilation team to the death! The circumstances were clear all of a sudden!

Brushes.

Eight figures consecutively entered the fight to surround and attack Su Yu and his people. Seeing the change of circumstances, Fu Cangshan let out a sigh of relief in secret. It seemed that the situation had been stabilized.

However, Su Yu, who had been standing in the center with his hands behind his back, finally lowered his hands. He looked around coldly in all directions and asked, "Those who are supposed to come out should be out by now. Should I now clear away the traitors on behalf of Alliance Master Long?"

With a sliding sound, a bright green spiritual ruler appeared in Su Yu's palm. Holding the spiritual ruler, Su Yu did not bother to turn his head as he slapped the ruler down in the direction to his right.

Slap.

A sound, similar to a watermelon being crushed open, was heard instantly. The surrounding attackers all sucked in a breath of cold air as they witnessed how Su Yu had easily killed an elder. The elder who was trying to attack Su Yu had died, his brain having been crushed into pieces!

The elder's blood splattered all over Su Yu's clothing. Some of it even landed on his face. His handsome face looked oddly eerie and evil with the blood smeared all over it.

Slap.

As the crowd was still in a state of shock and confusion, Su Yu's figure suddenly disappeared. Then, four consecutive slaps could be heard.

Four of the elders who were attacking him had suddenly died the same way. Their brains were all crushed into pieces!

Even though there were many people present, none of them could see how Su Yu had carried out the deed! By the time that they heard the slapping sound, Su Yu had already pulled back his hand!

Slap.

Once again, while they were all still surprised and confused, Su Yu had killed someone else! However, his shadow still remained at its original spot.

Everyone present felt chills run down their spines. Regardless of who it was, be it Old Chen, who had not participated in the battle, or the surrounding attackers, everyone felt chills run down their spines!

Was that a human's soul?

The elders present were not Vital Energy Crystal Half Fairies. However, a few of them were Two Crystals Half Fairies. However, for Su Yu, their cultivations did not matter, as regardless, they all died from a single slap of his ruler!

In everyone's eyes, it looked as if Su Yu was slapping open watermelons. A single slap would kill one of the elders! This scary murder method was terrifying to watch!

"Ah! I am done with this!" one of the elders who was surrounding Su Yu shouted. He then ran away. It was as if he had seen a ghost!

All of the elders who were surrounding him were petrified now. After all, they thought that they were working together to kill a wolf. However, they realized much later that it was actually a lion wearing a wolf's skin coat!

Their will to fight collapsed immediately. With one person running away, while fearing for his life, the others certainly didn't want to continue the fight! In the midst of the panic, many of the elders started to run away!

"Hmph! Since you have chosen to attack me, you must pay the price!" As he spoke, three golden lights shot forth from within Su Yu's sleeves.

After five or six crying sounds were heard, the elders, who had not gotten far yet, were all killed, each having suffered severe cuts. When the massacre came to an end, the crowd's thumping hearts would not stop beating wildly!

In the dead silence, blood covered the floor. The odor of blood even filled the entire hall. This was the bloodiest day in the history of the Heavenly Law Alliance's existence, as more than half of the elders had been killed by a single person!

Su Yu, the killer, now stood in the center of the pool of blood. Right then, no one dared utter a single word.

As they faced Su Yu, it was as if they were facing a huge wild beast. The pressure they felt was suffocating to the point where everyone was panting.

Fixing his sleeves, Su Yu shook off the blood on his body. Without any feelings whatsoever, Su Yu seemed totally unaffected by that fact that he had just killed so many people. This made sense, as ever since Su Yu had trained in the Mysterious Heavenly Divine Pavilion, he had become much more callous and indifferent to death and suffering.

His gaze now landed on Fu Hongxue once again. "You should not have thought about doing those things to that person."

Fu Hongxue took a few steps back shakily. He looked at Su Yu as if he had seen a frightening demon!

He felt immense regret in his heart. If he had the opportunity to do it all over again, he definitely would not have set his eyes upon Lord Yi Yu and Zi Yunxiang! Fu Cangshan swallowed his saliva in a desperate manner, while he sat on the Alliance Master's seat and did not dare budge.

However, Su Yu did not forget about him. Instead, he asked coolly, "Fu Cangshan, as an elder in the Heavenly Law Alliance, how should we deal with those who cheat and offend others?"

Fu Cangshan's heart was beating wildly. He tried to calm himself down in order to reply. "We should... Kill them!"

"Then, why are you still hesitating?" Su Yu's eyes gradually turned colder.

Seeing the look in Su Yu's eyes, Fu Cangshan's body turned cold. He actually wanted Fu Cangshan to kill his own grandson!

Realizing this, Fu Cangshan felt immense pain and unwillingness. However, in order to save his own life, he had no other choice. He had to be cruel!

"Hongxue, please do not blame your grandfather. You broke the laws. As an elder, I have to deal with this in accordance with the law!" Fu Cangshan tried to swallow the pain and wear an emotionless expression.

Fu Hongxue angrily lashed out. "Are you going to kill me? This was all done as you ordered! You wanted to take the place of the Alliance Master. You ordered me to set traps secretly to help you plot against Long Juexin. The biggest trespasser here is you! The person who should die is you! I do not deserve to die!"

As Fu Hongxue was so used to being pampered, his selfish personality reared its ugly head again in such a crucial moment. After all, he had no intention of sacrificing himself for the sake of someone else!

Hearing this, all the elders present started muttering loudly...

Long Juexin was plotted against? How was he plotted against?

Fu Cangshan's facial expression darkened. "You darned b*stard. Why won't you admit your faults, even in the face of death? I have no choice but to be cruel!"

After he finished speaking, a painful cry was heard. Fu Hongxue had just been slapped to death by his dearest grandfather!

It was actually kind of a funny story, as Fu Hongxue had been able to escape all troubles thus far because of his grandfather's protection. The irony was that he ended up dying at his grandfather's own hands!

"Everyone, the source of the crime has already been dealt with. After this, I will reflect deeply on..." Fu Cangshan quickly bowed respectfully to everyone present.

However, before he could finish his sentence, Fu Cangshan could no longer utter another word. This was because a small golden blade had just pierced through his chest!

"You, you..." Fu Cangshan's eyes turned darker, and just as he was about to faint, he heard a few final words in his ears. It was a soft sigh from Su Yu, who was playing with his small golden blade. "You have spoken well. The source of the crime indeed. You shall reflect well when you have gone down to hell!"

The Fu family's grandfather and grandson had both died. One was sentenced to death by Su Yu, while the other one was killed by Su Yu himself! Such endings left the elders who had survived dumbfounded.

A lot of the elders who died were killed because of their sudden changes of mind. This was especially true of those who jumped out in the final moment. They had indeed died unjustly! If only they could have suppressed their inner greeds for fame and power, they would not have been killed by Su Yu.

Looking at the silver-haired young man, who stood amid the pool of blood, no one could look away. They all pondered in their hearts...

What kind of an existence is he?

Is he a king or a demon?

Chapter 625: A Stupid and Stubborn Person

Su Yu swept over the remaining elders with his gaze, making their hearts shudder. Even the strongest expert within the Heavenly Law Alliance, a Three Crystals Half Fairy Realm expert, could be instantly killed by him!

All of the elders felt like their hearts rose up to their throats at this moment. They wondered whether Su Yu would go insane and slaughter all of the remaining high-level members of the Heavenly Law Alliance. At such a precarious moment, they couldn't help but gaze at the oldest elders, like Old Chen, as they saw them as pillars of strength.

Old Chen asked, "Senior, Fu Cangshan and his grandson were already executed, so may I ask what you still need from the Heavenly Law Alliance?"

Su Yu found Old Chen in the crowd, who looked at him, trembling with fear. This group of elders, each in their seventies, found it difficult to unexpectedly be calling a teen "Senior." This disparity in positions truly seemed quite strange.

"Old Chen, you don't need to be worried. Although I'm not a merciful fellow, I'm also not someone who will willfully slaughter the innocent," Su Yu said calmly. His words seemed like they had a peculiar power in them, causing the tense crowd to relax instantly.

However, just after they had barely relaxed, Su Yu's gaze became ice-cold. He then said, "I don't care how many fools of Fu Cangshan are left among you, and you can consider yourselves lucky that you didn't jump out, but this will be the last time you will have such good luck."

Among the people that were being swept over by Su Yu's gaze, several of them had guilty consciences, as they were people who didn't quickly respond.

Old Chen let out a weary breath from where he stood. Then, Su Yu spoke once again, "How's the Alliance Master Long?"

He didn't ask any specific one of them, but when they heard him, the elders all felt like his words were directly bearing down on them alone! He looked down upon all of them like an imposing conqueror! Such an imposing manner was more powerful and terrifying than any previous Alliance Master's had ever been!

Old Chen and several other people felt somewhat ashamed when they heard him, as the last dialogue between Fu Cangshan and his grandson had enlightened them to understand that they had probably wronged the Alliance Master Long.

“Master, The Alliance Master Long is in...” Li Cheng spoke up when he saw that not one of them was replying.

However, before he finished his sentence, he was interrupted by Su Yu. “Let them speak.” He wanted the elders to tell him themselves.

“What? Are you speechless?” Su Yu swept them with his gaze. “All of you are old, and such words aren’t something that a young man like me should say to you, but yet, I must demand to know... How do you feel about how you dealt with such a matter?”

He shook his head, while his gaze was piercing and fierce. “In such troubled times, where the enemies are right in front of your eyes, your highest commander was easily impeached by you. Did any of you imagine how a group without a leader could confront the enemies if they attacked at such a time? Changing the commander battle war is one of war’s greatest taboos, yet such absurd an matter happened in the Heavenly Law Alliance!”

Su Yu spoke bluntly, without mincing his words. He was clearly angry. After all, the Zhenlong Continent was peaceful, so such turmoils rarely appeared.

The Heavenly Law Alliance, which was situated in the continent’s center, had never once fought against any faction, and the elders living here were accustomed to leading lives of comfort and leisure. It was only because of this that they made such a grave mistake like changing their commander while they were at war!

Su Yu’s words hit the nail on the head, and Old Chen and the others were all left speechless, utterly incapable of responding. They all felt their faces getting hot from shame.

Su Yu’s words were quite reasonable. While faced with Fu Cangshan and his gang, they really hadn’t carefully considered the matter properly.

“Your Excellency, aren’t your words somewhat too harsh?” Someone among the elders, spoke up, unable to bear listening to such harsh words any longer.

He was a red-faced and bearded elder, who had an unyielding temper. Hence, he couldn’t keep himself from responding.

A baleful look appeared on Li Cheng’s face, as he despised to see such impertinence in the elders. After all, while Su Yu was fighting, this red-faced, bearded elder didn’t dare say a word, but when he realized that Su Yu wasn’t someone who would kill innocents, he started running his mouth freely!

“Elder Xiao Sui, pay attention to what you are saying. How can you talk to our master in such a way?” Li Cheng put his hand on the hilt of his sword, which was resting at his waist.

Su Yu shot a look at the red-faced, bearded elder, while inwardly shaking his head. It wasn’t people like Fu Cangshan, who fought for fame and wealth, which were the most dangerous. Instead, it was people such as Xiao Sui, who didn’t stand on any particular side.

Hence, he didn’t know his place! While Fu Cangshan caused internal strife among the high-level members, such an arrogant person as Xiao Sui might cause the whole Heavenly Law Alliance to be

destroyed, especially in such troubled times! Such a conceited, obstinate, and self-opinionated person would sooner or later cause troubles for them all.

When he took a look at the other elders, he found that, although their expressions didn't change, their gazes were filled with displeasure. Apart from Old Chen and several other elders, no one seemed to be listening much to Su Yu's words.

Seeing this, Su Yu couldn't help but lose hope in them. "Fine, let them do as they please, I won't say anything more. However, all of you should realize that the Heavenly Law Alliance doesn't belong to just you, as it belongs to all talented youths. They are the one who will be the spark that will illuminate the future of the human race. Hence, you should be careful how you proceed."

As Su Yu waved his hands at them in dismissal, he made a signal to Li Cheng to sheath his sword. At this moment, Xiao Sui proudly spoke, "Supporting the human race is our Heavenly Law Alliance's tradition, so you don't need to teach us about such a matter."

Su Yu didn't even feel like replying to such a pig-headed person. Old Chen took a look at Xiao Sui and softly sighed. Xiao Sui was one of the older elders, but despite this, he still did what he liked and kept to himself. Hence, his lack of a genteel personality and his bankrupt state of integrity were quite clear to all.

He was putting on the face of a brave person who dared to speak his mind and didn't fear Su Yu's might, while in fact, he was really just a person who feared strong people and bullied weaklings! Hence, he was really just trying to impress the crowd.

It was only because he was assured that such a righteous person as Su Yu wouldn't kill him that he bravely retorted the way he had just now. If Su Yu was ruthlessly killing people, he wouldn't dare to utter even a word against him!

"Sirs, let's put off this discussion for now. I have wronged the Alliance Master, and I must personally go welcome him back." Old Chen couldn't bear observing such a shameful sight any longer, so after he exchanged glances with several people, he left. As he walked away, his face was filled with disappointment and shame.

Following his lead, the other elders fell in behind him. After all, even if they just put on an act, they still needed to welcome back the Alliance Master together. Thus, in the twinkling of an eye, only Su Yu and his companions were left in the hall.

"Master, that hateful Xiao Sui used you to impress the crowd! What's worse is that he looked down on you! You will only encourage him to continue with such behavior if you let him off this time." As he spoke, the gaze which Li Cheng sent towards Xiao Sui's retreating back was filled with scorn and displeasure.

Despite the fact that he was also not a good person, Li Cheng he still couldn't bear to see someone like Xiao Sui disrespecting Su Yu! Although Su Yu seemed quite cruel and evil, he was still just and righteous.

"Just let them do as they please. I have already warned them, so what else is there to say?" Su Yu didn't care about one silly elder, as Su Yu had experienced many trials. Hence, such a trivial matter was incapable of affecting him.

Li Cheng bowed as he retreated a few steps back and looked at Su Yu with some surprise. Su Yu was obviously just a youngster, yet he had an outrageously dignified aura.

If it was another person who was in his place, even if he didn't flare up in anger, he would still hold a grudge against such a contemptuous elder! However, Su Yu remained calm and indifferent.

"Who knows whether he truly has a noble bearing or if he's just putting on an act.." Li Cheng started making implications, while secretly still being careful to not rule out the fact that Su Yu was purposely reacting in this way to leave them a good impression among the crowd.

.....

"Elder Xiao, I truly broke out into a cold sweat because of you, as you unexpectedly dared to speak to Su Yu in such a way!" While on the way to welcome Alliance Master Long, Xiao Sui started chatting with a group of elders. One of them, a brandy-nosed elder, smiled in admiration at him and voiced his opinion on the recent interchange.

Although all of them realized that Su Yu wasn't some sinister or wicked person, they couldn't guarantee that, if he was truly angered, he wouldn't just flip his hand over and kill them all!

Xiao Sui coldly snorted, then said, "What's there to be afraid of him? He's just a lad who is wet behind the ears, and even if he was an evil and wicked fiend, so what? What should be said, I will say! After all, the number of bridges that I have passed through in my life is far greater than the number he has passed through, yet he still wants to lecture me? Unacceptable!"

Many elders looked at him, some of whom somewhat admired how he had dared to refute such a fiend as Su Yu.

"Elder Xiao, it's known in the Heavenly Law Alliance how upright and outspoken you are, and that Su Yu was utterly shaken by you and didn't dare refute you! It can even be said that he was deterred by your noble bearing." The brandy-nosed elder squinted his eyes as he spoke.

When they heard him, the other elders, who had just gotten a new lease of life after such a harrowing affair, revealed looks of reverence and respect.

"Yes! That cold-blooded and ruthless demon was left speechless in the face of the elder Xiao! News of this matter will surely spread!"

"Only brother Xiao managed to deter such demon, and tonight, I will hold a feast to offer a toast to brother Xiao, as you have redeemed the dignity of all of the Heavenly Law Alliance's elders today!"

This group of elders, who had a good relationship with one another, started flattering each other profusely. They especially were holding the elder Xiao in high esteem...

"Surely, we must raise a glass to the elder Xiao!"

“Su Yu was a ferocious person who slaughtered half of our Heavenly Law Alliance’s elders, yet brother Xiao was able to deter him with words alone! I truly look up to you!”

...

Xiao Su modestly nodded at them and said, “I was just doing my duty, so you don’t need to make a big deal out of it. But, we still must surely gather together tonight! Why don’t we gather in the small pavilion that I just established?”

All of them were delighted when they heard his suggestion. They eagerly began planning the coming evening’s festivities and gossiping amongst themselves.

“I heard that the elder Xiao’s small pavilion was a magical treasure that was made from countless and varied materials, like the Flying Clouds, Illusory Snow, and others objects of the like! It’s also capable of converging the surrounding Spiritual Energy, making it an excellent divine artifact! As such, he wouldn’t easily let just anyone enter it! Thus, we are surely being honored today!”

“The small pavilion? Wow! If that’s the case, then count me in! Tonight’s feast will surely be one for the history books!”

...

Old Chen and the others couldn’t help but furrow their brows when they heard the raucous erupt behind them. Even if he disregarded the fact that they should be solemn and serious while going to welcome the Alliance Master, the fact still remained that their behavior was shameful, as they shouldn’t be trying to regain their dignity by making fun of Su Yu!

Just the fact that they were still in the mood for making merry and organizing a drinking party while the Heavenly Law Alliance was in such trouble times was already outrageous! It was just like what Su Yu had said, they were accustomed to living lives of comfort, thus, their senses of crisis had already been obliterated!

Old Chen felt a faint sense of foreboding welling up in his heart. Su Yu probably wasn’t mistaken when he pointed out the greatest danger of the Heavenly Law Alliance. They were flailing not because they weren’t strong enough, but because their carefree attitudes were crippling them!.

Long Juexin’s room.

Long Juexin was startled when he saw the group of elders excitedly coming over. He immediately wondered what kind of ploy Fu Cangshan was hatching. However, he didn’t feel the slightest bit of killing intent coming from them.

Still, he remained somewhat wary as he greeted them. “Sir, I’m truly honored by having all of you come to visit me.”

Old Chen felt too ashamed to show his face when he heard Long Juexin’s greeting. “Alliance Master, can you please dispel our doubts by telling us what truly happened at the stage? Please describe it to us.”

Long Juexin raised his brows when he heard his question, and he faintly felt like the situation had turned for the better.

Did Old Chen and the others figure everything out? Have they truly come to me to find out the truth?

No matter whether this was also one of Fu Cangshan's ploys or not, the current situation couldn't become any worse if more people knew the truth. So, he started informing them how he was forced to use such tactics to gain the trust of his enemy. He then told them how he had handled Su Yu and the others, as well as how he had fallen into such a trap.

Old Chen couldn't help but deeply sigh when he heard all of it, and he prostrated himself on the ground and bowed to him. He then said, "Alliance Master, we were muddle-headed. Please forgives us."

Chapter 626: King of Darkness

As all of the elders moved forward to open the sealed door and let Long Juexin out, Long Juexin was thoroughly confused. Within a span of two hours, things had changed so drastically!

Suddenly, Long Juexin could smell the odor of blood that was coming from their bodies. Scanning the area with his eyes, he noticed that Fu Cangshan and his clan were all missing!

"What has happened? Where is Fu Cangshan?" Long Juexin's heart was pounding.

If Fu Cangshan was still alive, he would not have allowed so many of the elders to come forward and find out the truth. That fact, coupled with the remnant aura on their bodies and Fu Cangshan's and his followers' disappearances, caused a crazy idea to pop into Long Juexin's mind...

Could it be that Fu Cangshan had already...

"Alliance Master, Fu Cangshan has already been killed, along with all of the followers in his clan!" Old Chen replied.

Boom.

As if a thunder had struck next to his ear, Long Juexin was elated. He had been in a secret rivalry with Fu Cangshan and his followers for two years. Now, in two hours, they had all been killed!

"Has Elder Jiu awakened?" Long Juexin was experiencing a level of joy that he had never experienced before. Even the injuries on his bodies seemed to have recovered somewhat.

Now that the world was in a chaotic mess, the existence of a peak martial artist like Elder Jiu would surely make the Heavenly Law Alliance a safer place!

Old Chen and the others froze, while Old Chen laughed at himself and said, "We were indeed aided by an elder. However, it was not Elder Jiu, but another elder."

Another elder? Long Juexin's smile froze and his heart thumped even faster. Apart from Elder Jiu, no one else in the continent was considered their elder. The only exception was the King of Darkness, who had been in isolation for centuries.

Did he personally visit the Heavenly Law Alliance?

Why did he come?

Long Juexin entered a state of deep thought. His joy had suddenly turned into worry.

The arrival of the King of Darkness was not a good thing, as the Empire of Darkness was in a dire state, and it could be taken down at anytime. As such, his arrival at the Heavenly Law Alliance could very well be a request for assistance!

No, since he already killed half of the elders, he must want to take control of the Heavenly Law Alliance!

Old Chen had this thought and was stunned. Did Alliance Master Long know Su Yu would come back?

“Alliance Master, he is in the big hall and has not left yet.” Old Chen tried to test him.

Long Juexin immediately hid the look in his eyes. One could not tell how serious he seemed. Without being angered but still being firm, he shouted, “Alright, everyone follow me!”

Seeing this, Old Chen now was almost certain that Alliance Master Long and Su Yu had already planned this earlier. In other words, this could have been a trap set by Alliance Master Long to lure out Fu Cangshan and all his followers out for a grand finale!

Thinking about it, Old Chen suddenly felt a chill in his heart. Such an intricate plan and execution! His respect for Long Juexin and Su Yu grew tremendously at that moment.

As they got closer to the big hall, Long Juexin’s footsteps became heavier. On the way there, he had tried to think of ways to resolve the situation at hand. However, he finally realized that all of his plans were pointless, as no martial artist in the entire continent knew how strong the King of Darkness truly was.

The only thing he could be sure of was that the King of Darkness must be the strongest person in the continent! In fact, the first time he had appeared several hundreds of years ago, he had wiped out the Yue clan and the Tu clan of the Eight Great Ancient Clans. His might was even to the level of being god-like!

As he was already the strongest person back then, there was no way of telling how much stronger he had become since that time! Thus, all plans would be pointless in the face of such a dominating king!

With a heavy heart, Long Juexin prepares to enter the discussion hall. But, before he entered, he hesitated and stood on the same spot.

After a long moment of silence, he spoke with a hint of sadness, “Old Chen, how long have you been working with me?”

Old Chen was stunned and a bit confused by his question. “I’ve been here since the previous Alliance Master was serving. So, I’d say it’s been more than a hundred years.”

“A hundred years... Hehe. In those hundred years, I have been foolish yet also aware. Perhaps that is enough.” Long Juexin seemed very serious as he asked, “Old Chen, can you help me with something?”

What is going on? Old Chen was even more dumbfounded, while looking at the somber look on his face. "Alliance Master, please tell me."

Long Juexin seemed relieved, so he smiled. "Thank you, Old Chen! Please light a stick of incense for Aoju and Wuxin on my behalf every year during the Qingming Festival. In that way, I will not feel too lonely."

Old Chen finally understood that he was leaving his final message. His eyes opened widely. What is going on between the Alliance Master and Su Yu? Did the Alliance Master truly know who was inside?

Old Chen realized that perhaps the elder he had mentioned differed from the elder who Long Juexin had in mind. However, before he could voice this, Long Juexin had already stepped into the big hall with a determined look. It was as if he was ready to face death.

He shouted, "I'm counting on you, Old Chen!"

Creak.

Thereafter, he shook his sleeves and closed the door that led into the hall. With the door tightly shut, only a limited amount of light now entered the hall.

Some distance away, Long Juexin could clearly see that the annihilation team stood respectfully on both sides of the door. They did not greet him with respect. Instead, they were awaiting the orders of another person!

Has the annihilation team fallen? Long Juexin's heart sank slightly, while his gaze gradually moved upwards towards the center of the discussion hall. There, a figure was standing with his hands behind his back.

There were bodies everywhere, as well as streams of blood that seemed like little crimson rivers. The little light that was present shone upon the figure in an oddly mysterious way. As such, Long Juexin could only see the outline of the figure.

However, it was this mysterious figure which had put a great pressure on Long Juexin's heart. This was a feeling that he had only experienced when facing Elder Jiu! It was the figure of a true king!

Long Juexin narrowed his eyes and tried to see the figure more clearly. However, it was still difficult to tell exactly who the person was. He could at least tell that it was a young person's figure.

It is very surprising that the King of Darkness has maintained such a young appearance! Long Juexin was secretly surprised. No one would have thought that the King of Darkness was actually so young!

Looking at the young figure, Long Juexin felt an additional measure of pressure. He then said, "Alliance Master Long Juexin asks for your forgiveness for not having welcomed the King of Darkness." Long Juexin picked himself up and tried not to appear disrespectful as he greeted him.

He moved!

In the little bit of light present, the King of Darkness could be seen moving! Long Juexin became more and more nervous as he gripped his palms secretly.

Finally, the figure turned around and was now facing him directly. Long Juexin could not tell if it was his own wishful thinking, but he seemed to feel that those deep-looking eyes could see through space!

Just the thought of this possibility made Long Juexin's entire body go numb. He sucked in a breath of cold air in his heart and thought, Such sharp eyes!

Long Juexin's heart was now in his throat. He was extremely nervous! After all, this was the strongest person in the continent, an existence that could easily end his life!

"King of Darkness? Where?" Long Juexin's heart froze as the King of Darkness asked him the question. In fact, the voice sounded very familiar!

The person who had just spoken was walking over very quickly, and as Long Juexin could gradually see his face getting clearer, Long Juexin suddenly gasped. He felt as though he had been struck by lightning and he became flabbergasted!

"Su... Su... Su Yu!" After stuttering for a moment, he finally spewed out the name! He could not believe his own eyes! The figure who he had believed to be the King of Darkness was actually Su Yu!

No, wait! Could Su Yu have been some sort of a disciple to the King of Darkness?

Recalling how Su Yu had once used the name of Black Snow Devil King, it did sound very similar to the Seven Lords of Darkness. However, Long Juexin recollected himself and looked around before asking, "Where is the King of Darkness, and what are you to him?"

Su Yu blinked in confusion. As he had never been acquainted with the King of Darkness, he had to wonder what kind of a relationship he could possibly have with him!

"Er, has the King of Darkness been here?" Su Yu started sweating as he looked at Long Juexin's nervous expression.

Could the King of Darkness have been here without my noticing? The thought made Su Yu shiver secretly. If that were true, then the King of Darkness' might was too frightful!

"Aren't you a disciple of the King of Darkness?" Su Yu's strange reaction caused Long Juexin to enter an even stranger state of confusion!

Su Yu shook his head with certainty. "I do not know him."

Long Juexin was shocked. "Then, why did you appear here? Wait a minute. Didn't the annihilation team try to stop you from entering?"

Su Yu was not sure how to answer him, so he simply said, "I have always been here..."

Always been here... Long Juexin seemed to become aware of something after hearing those words. However, he did not hold on to the thought, but asked, "Then, didn't the elder who came by chase you away? Did he allow you to stay here?"

Long Juexin could not figure that part out. Since the annihilation team was here, the elder must be around here somewhere too. And if so, he had no reason to allow Su Yu to stay on.

“Eh? Elder? Which elder?” Su Yu seemed to understand something and asked the question directly.

Long Juexin pointed at the corpses all over the floor. “Of course it is the elder who killed Fu Cangshan, as well as all of his accomplices!”

Su Yu’s face froze. After all that explanation, Long Juexin had still misunderstood him!

Su Yu had no idea how Old Chen had described the situation to him. How have I suddenly been described as Black Snow Devil King?

“Eh... If you mean the elder who killed Fu Cangshan and the rest, then you probably mean me... If there is no one else in mind...” Su Yu unnaturally pointed at himself. This was such a huge misunderstanding!

Long Juexin was stunned. “You?”

Long Juexin was slightly dumbfounded. Su Yu had just said that he killed so many strong people! Long Juexin could not wrap his head around it!

Li Cheng, who had stood by the door this whole time, could no longer bear watching this conversation, as Long Juexin’s behavior was funny, but also pitiful. He was the Heavenly Law Alliance Master after all, yet he behaved in such a laughable manner. It was all because his capabilities were not as strong as others, so he was easily surprised.

“Alliance Master Long, Su Yu is my master. He was also the person who led us back to execute Fu Cangshan and these pests in the Heavenly Law Alliance!” Li Cheng finally spoke up.

Hearing this, Long Juexin finally accepted the fact that Su Yu was the King of Darkness who he had been looking for. While feeling very awkward, Long Juexin seemed to enter a state of space-time distortion. As such, he felt like everything was unreal and his thoughts started to whirl around in his mind...

Was Su Yu really this powerful?

Could it be that this was all done by the annihilation team? Was Su Yu merely assisting them?

Seemingly able to guess what Long Juexin was thinking, Li Cheng spoke in advance to prevent Long Juexin from making a fool of himself any further. “The annihilation team only killed two people. The remaining nineteen of them, including Fu Cangshan and his grandson, were all killed by my master.”

Thump.Thump.

Long Juexin’s heart thumped hard. He couldn’t believe that Su Yu had single-handedly killed nearly all of them!

“Su... Elder, dare I ask, what kind of cultivation do you have?” Long Juexin finally believed it.

Being able to take control of ten members of the annihilation team and have them call him master was truly a symbol of Su Yu's having achieved the highest level of strength and capability. It was beyond his imagination as to how one person could be able to kill so many elders.

"Please do not call me an elder. Just call me Su Yu." Su Yu laughed lightly. "I have been waiting here to bid farewell to you, Alliance Master. Also, there is one other surprise I have for you."

Su Yu laughed mysteriously.

Chapter 627: New Alliance Master

"A nice surprise?" Long Juexin's heart, which still hadn't had a chance to calm down, started intensely throbbing once again.

In the past, if Su Yu said that he would give him a nice surprise, then he would probably just dismiss it with a laugh. After all, as he was the Heavenly Law Alliance Master, what kind of nice surprise could a youngster give him? But now, his heart couldn't help but shudder, as a nice surprise of someone as powerful as the current Su Yu should surely be something extraordinary.

"Alliance Master Long, didn't you have any expectations or hopes about it after you got the news of my return, even though the Mysterious Heavenly Divine Pavilion was closed?" Su Yu faintly smiled.

Alliance Master Long's eyes, which were filled with expectation, quickly dimmed, and the grief and pain which he had suppressed for so long appeared in them. How could he not think of such a possibility? After he heard that the Black Snow Devil King, who should have been already dead, returned alive from the Mysterious Heavenly Divine Pavilion, he still held onto some hope that his daughter Long Wuxin might also return. But, that was just an empty hope.

Su Yu's words stirred up the grief and pain which he had constantly restrained, and he felt desolate and lonely. He didn't even have a single relative in the whole world. He was all alone.

"Alliance Master Long, it seems like you will surely not be disappointed by such a nice surprise." Su Yu faintly smiled, while he opened the Nine Jade Spiritual Pearl.

Two light balls, each about the size of a thumb, flew out of it, then started to gradually get bigger. Finally, they both became the size of a normal human. When the light disappeared, two women's bodies were revealed.

They were both sitting cross-legged, and it seemed like they had just finished cultivating, as they were resting to adapt to their bodies' changes. The two of them emitted extremely powerful auras, which weren't any weaker than any of the guards in Su Yu's annihilation team.

There was a faintly visible ring of light above their heads, which was condensed by Vital Energy. Upon this ring of light were many ancient and mysterious characters. The ring of light floated just three inches from their heads, and as its radiance shone on their bodies, their beautiful complexions seemed even more alluring.

This was especially the case for the petite and dainty one, as the portion of the ring of light above her seemed even more tangible and dazzling. Her refined face seemed like it belonged to one of the

legendary fairies, almost like it was finely carved by a grandmaster's knife. It was extremely mesmerizing.

She was Qin Xianer, and the other woman was Long Wuxin. When they were being hunted by Chou Zeming, Su Yu had placed them in his spatial ring to protect them, and now, since they were already out of danger and had finished their cultivations, he had let them out.

Before those rings of light had even become visible, Long Juexin was already fixedly staring at the tall body that was on their right side. It had an aura, which he found familiar because of their blood relationship, and as he looked at it, he forgot himself and could only blankly look at the body, whose features were gradually becoming clearer.

It was only after determining that it was truly his daughter, who had died in the Mysterious Heavenly Divine Pavilion, that he pronounced her name while trembling, "Long Wuxin..."

When he called out her name, it seemed like a drop of spring water fell on Long Juexin's dried heart, moistening it and causing his lonely body to start shining once again. Long Wuxin, who was gradually waking up, opened her eyes when she heard a familiar voice calling her. She was, at first, somewhat confused, and only after she got a clear look at her father did she become clear-headed and realize who had just spoken.

"Father, why are you crying?" Long Wuxin was startled.

In her senses, she felt like just two short months had passed since their separation, and she had passed most of that time cultivating within the Nine Jade Spiritual Pearl. Hence, the time, at least for her, had passed in just the twinkling of an eye. She had no idea that she had actually been separated from her father for more than two years!

"I'm... I'm all right." Long Juexin's heart and body were shuddering from delight and joy. Su Yu smiled as well.

"Well... Big Brother Black Snow?" Qin Xianer, who had just woken up, mumbled to herself.

As she spoke, her gem-like sparkling eyes slowly opened. They were bright and crystal clear. They had the purest radiance in the world.

While still somewhat dazed, Xianer scanned the surroundings with her big and watery eyes. Since she didn't see Su Yu, she curled up her small mouth and repeated the words, "Big Brother Black Snow..."

Her gaze suddenly fell on a silhouette, which she found to be quite familiar. She wrinkled her jade-like nose in doubt and revolved her lotus-like head as she looked at the silhouette.

When she got a clear look at it, she absent-mindedly muttered, "Brother... Brother Su Yu..."

She went from confusion and surprise to shock, while her eyes started brimming with tears. Ever since she had been taken out of the Liuxian faction by the Phoenix Cabinet's Master, they hadn't met until just now. In just the twinkling of an eye, almost three years had passed!

She, of course did not know that they had actually already been reunited. But, he had reunited with her as Black Snow Devil King!

Pity and affection welled up in Su Yu's heart, as he got a close look at her exquisite face, which had tears streaming down it. He faintly smiled as he spread his arms open.

"Uuuu... Brother Su Yu..." Xianer was crying tears of joy as she pounced into Su Yu's embrace like a butterfly.

"Uuuu... I finally get to see you once again! I thought that I would never see you again." As Xianer spread her arms open and tightly pulled at Su Yu's neck, the sight of her face, which had tears of joy streaming down it, was quite touching.

Su Yu felt somewhat ashamed of himself as he looked at her. This was because he wasn't able to inform her of his true status early on.

"Xianer, you've grown up so well." As Su Yu held Xianer's small body in his embrace, he felt her warmth and cotton-like softness.

During these last three years, Xianer had become taller and seemed even more slim and graceful. She was already started to mature.

Xianer happily chuckled when she heard his compliment. As he listened to her same pure little laugh, a deep affection welled up in Su Yu's heart. As he stroked her head, he couldn't help but blame himself when he recalled how his feelings for her had once wavered in the past.

"Brother Su Yu, this is for you..." It seemed like Xianer suddenly recalled something, and she took a small pouch from her waist. The pouch was bulging, and it was filled with countless objects.

Su Yu curiously took it from her, and when he came into contact with it, he felt a faint space power being emitted from it. Surprisingly, it was a spatial storage artifact!

After he opened a small slit in it, he was startled by the objects within it. What first entered into his sight were the Dragon Abyss of the Nine Underworlds' special products, the Dragon Abyss Fruits! Su Yu was quite familiar with them, as most of them were gifted to Xianer by Black Snow Devil King.

There were also many precious pills, which could increase one's Spiritual Energy and cultivation. These never appeared in the market, and it was obvious that they'd been bestowed upon her by the Undead Phoenix Master.

The last objects in the pouch were some mysterious scrolls and spiritual liquid. All of these things were all quite tidy and neat, and one could tell that they had been carefully stored.

"Xianer, what are those objects?" Su Yu asked her in confusion.

Xianer's face became flushed, and she twisted the corners of her skirt nervously with her small hands. She then said nervously, "Brother Su Yu, I left them for you, as I know that it's quite difficult and strenuous for you to cultivate by yourself."

Su Yu was shocked when he heard her words. His heart was instantly warmed by them. They had obtained just a limited number of Dragon Abyss Fruits in the past, and many of them were badly

damaged, but Xianer had apparently used only the damaged ones back then. She had saved the few complete and intact ones, preserving them till today.

Moreover, a portion of the medicinal pills, which were secretly provided to her by her teacher, the Undead Phoenix Master, were also stealthily hidden by her. These she had also saved to gift to Su Yu this day.

Such objects were utterly useless to the current Su Yu, but he still felt like a clap of thunder had just struck him, and he found himself incapable of recovering from such a shock, even after a long while. She had saved her best objects for him as always, and although time had continued to pass since they had last met, her heart still remained the same as before.

Su Yu felt his throat becoming dry, and he found himself at a loss for words. He couldn't find any reason to ever let down or betray such a pure-hearted woman.

"Xianer..." After a long while, Su Yu spoke in a hoarse voice, "Why did you do all of this for me?"

As Qin Xianer lowered her head, her big and bright eyes didn't dare face Su Yu's, and she faintly moved her mouth to say, "It's because I... I have only you and my father.

Her only relatives were her father and Su Yu, and to her, these men were both extremely close relatives. One of them was her father, while the other one was her husband.

Su Yu was shocked even more, as even though they still hadn't finished their wedding ceremony, Xianer already regarded him as her husband! Xia Yujing's image suddenly appeared in Su Yu's mind, and his heart couldn't help but throb in pain as he recalled his past hesitations.

How could he betray her and let her down?

As Su Yu lowered his head and kissed her forehead, Xianer's lovely body shook and her face became flushed. She shyly raised her head, closed her eyes, then shyly presented her rosy lips for him to kiss.

Her current bashful appearance, and how she seemed like a red lotus that he could easily pluck, made her both beautiful and alluring. Su Yu kissed her rosy lips, and as he felt their softness, elasticity, and sweetness, he completely forgot himself. It was only after a long that Xianer slowly separated from him, her breathing becoming somewhat rough.

As Xianer, whose face was flushed, gasped for breath, her small chest, which was pressed against Su Yu's chest, was intensely heaving up and down. Peculiar desires welled up in Su Yu's heart as he looked at the lovely woman before him. As he felt her burning hot body against him, a fire started gradually rising in his belly.

Xianer keenly detected his odd state, and her face became even more flushed, while she buried her head in his bosom, she didn't dare to look into his eyes.

She shyly spoke in a low voice, "Brother Su Yu... If you want it, then I will give it to you any time you want."

After these three years had passed, she was no longer that little naive girl, who assumed that they would just kiss each other on their first night. Now, both her heart and body had grown and matured.

Affection for her welled up even more in Su Yu's heart as he softly embraced her. He felt like he was incapable of ever letting her go again.

If I had such a wife in this life, then how could I ever ask for more?

"Su Yu, you should properly cherish Xianer, as she has already given up many things for you." After Long Wuxin finished her reunion with her father, she sighed and spoke to him.

Su Yu looked at her, and nodded as he smiled. "I understand."

Long Wuxin shook her head in pity. "No, you don't understand what Xianer has given up for you. We obtained a Fairy King's remnants. They were the remnants of an Almighty Divine Master. At first, we assumed that almost all of the objects should have already been picked by other people, but we found a secret space by chance, and the true remnants of that Almighty Divine Master were there. It was there that we found a Fairy King's remnant soul."

She then added, "In fact, Xianer was the true inheritor chosen by that Fairy King's remnant soul. Hence, I only obtained a tenth of his legacy, while the other nine tenths were all given to her, but yet, her cultivation was still the same as mine."

A Divine Master's remnant soul? Su Yu was quite surprised by this, as this legacy was truly extraordinary.

"There were ten drops of a Fairy King's blood in the legacy, and each of them was a previous spiritual liquid that could greatly increase one's cultivation. I just consumed one of them, and after cultivating for two months, my cultivation already broke through to the Two Crystals Half Fairy Realm! Xianer consumed just two of them, and left the others for you. If she didn't leave them for you, she would have already broken through to the Fairy Realm," she explained to Su Yu.

Chapter 628: Little Building on the Balcony

Hearing this, Su Yu's heart shook.

Was this the final Mysterious Spiritual Liquid in the little pouch?

Xianer had even given up on becoming a Fairy in order to save the best for Su Yu! This thought made Su Yu hug Xianer even tighter in his embrace.

Su Yu's heart was touched. As he held Xianer in his arms, his fondness towards her grew deeper.

"Thank you, Lady Wuxin, for letting me know. I know what to do." Su Yu smiled gratefully. If not for Long Wuxin, he would not have heard the truth from Xianer herself.

Long Wuxin nodded. "If you mistreat Xianer, I will be the first to punish you! There is no other girl like her in this world."

"Please don't threaten Brother Su Yu, as he would not do anything to mistreat me." As Xianer tilted her head and spoke, her face was flushed red.

...

Long Juexin wiped away his tears and gradually recollected himself. He returned Su Yu's gaze in a grateful manner.

Long Wuxin had clearly stated that it was Su Yu who rescued her and Qin Xianer. As for how he did it, she did not explain, so he did not ask.

"The elders waiting outside must be growing impatient. Let us first deal with work," Long Juexin said.

Su Yu and a few people nodded and moved to two sides of the hall.

Creak.

When the door to the big hall opened, many of the elders from outside rushed in. Long Juexin did not sit on the Alliance Master's seat. Instead, he stood next to it and looked down at the people from above.

As he glanced at each of their faces, his face showed a complicated expression. "Fu Cangshan and his accomplices have been eliminated. From now on, we must be even more united in our fight against the outsiders!"

Looking at all of the corpses of the elders on the ground, everyone's hearts felt cold. This battle had caused the deaths of far too many elders. In fact, nearly half of the elders had been eliminated!

The upper ranks of the Heavenly Law Alliance had also decreased significantly. If there was another internal conflict, the Heavenly Law Alliance might destroy itself before the external enemies even arrived!

"Yes, Alliance Master!" Everyone agreed in unison.

However, Long Juexin suddenly walked down from the stage. As he came over to Fu Cangshan's corpse, he retrieved the Heavenly Law Core.

"There is one more thing I must announce to you, to the Heavenly Law Alliance, and to the world!" Long Juexin held the Heavenly Law Core in his hands and looked very serious.

Everyone was shocked. They instantly wondered what was such a big deal that it needed to be announced to the entire world...

Is the Heavenly Law Alliance prepared to fight against the intruders from the different world?

"I, Long Juexin, as the current Alliance Master, will now step down from my position. Moreover, I recommend that Su Yu become the new Alliance Master of the Heavenly Law Alliance!" Long Juexin announced his shocking news.

Hearing this, the crowd suddenly broke out in an uproar.

"Alliance Master! No way!" Old Chen said, while he and the others were shocked.

After all, they had just eliminated Fu Cangshan and the other enemies with great difficulty. Hence, this was the best time for Long Juexin to pick up where he left off. He was giving away a perfect opportunity!

However, Long Juexin seemed to have already made up his mind. As he waved his hands, he spoke earnestly, "The Heavenly Law Alliance was always meant to support the human race and rescue the future of our world! I have already done everything I can! As all of you have observed, the continent is now facing a terrible chaos, one like it has never seen before. I have no power to maintain the current situation. The Heavenly Law Alliance requires someone who is stronger and who has the charisma to be the Alliance Master!"

He then added, "I am sure that you have all heard of Su Yu's reputation. He is a man who cares deeply about righteousness and relationships! There is no reason to doubt his capabilities. His charisma has already clearly been observed by all of you. Hence, I believe that no one else is more suited to become the new Alliance Master!"

Long Juexin was giving away the position of Alliance Master to Su Yu! As Su Yu was not expecting this scene to unfold at all, he was stunned.

Naturally, he wanted to reject the offer. This was because Su Yu had always lived for himself, for his loved ones, and for the women he cared about deeply. He had never once thought about saving the world. He was not prepared to accept such a huge responsibility!

"Alliance Master, please reconsider!" Old Chen took the lead to advise against the decision.

However, Long Juexin had made up his mind. "There is no need to advise me. When I was imprisoned, I had plenty of time to think about all of this! The Heavenly Law Alliance is no longer able to be controlled by a normal person. It needs a unique leader, a worldly hero who is as strong as the First World Void Senior! I cannot even resolve an internal conflict, so how would I be able to lead the Heavenly Law Alliance through this disaster?"

He looked at them all and gave his final reasoning. "Moreover, you are all very clear about the condition of my body. I am afraid I am no longer suited to remain as the Alliance Master! Su Yu is the best candidate! No one else could be more suitable in all of the continent!" Long Juexin said forcefully.

In terms of capabilities, Su Yu could instantly kill a Three Crystals Half Fairy! In terms of charisma, he had single-handedly killed half of the elders without mercy! These were the required qualities of a leader, and Su Yu had them both.

As Old Chen and the others realized that Long Juexin was truly stepping down, they sighed deeply. They then turned their attentions to ponder about Su Yu. Indeed, as the Alliance Master had said, the situation at hand was reaching a dire point. They truly required a new Alliance Master like Su Yu!

Most of the elders became quiet and were seriously considering Alliance Master Long's words. With Su Yu as their new Alliance Master, perhaps things would change for the better. After all, his invincible capabilities were very much needed by the Heavenly Law Alliance.

The only person who laughed bitterly was Su Yu himself. He had truly never thought about having a part in saving the world. So, having given it some thought, Su Yu decided that he would reject the

offer for now. However, before he could voice out his rejection, a group of elders, who were led by Xiao Sui, started exchanging glances and speaking up...

“Wait! I disagree!” A loud and clear voice was suddenly heard. The crowd automatically gave way to Xiao Sui, who was coming forward.

He took a glance at Su Yu and said with certainty, “Please reconsider this, Alliance Master. I do not think that Su Yu has the ability to take on the role of the Alliance Master!”

He went on to explain. “In terms of experience, I think Su Yu is still too young. He has far less experience than elders like us! In terms of leadership, he had only once been the Deputy Palace Master. That is incomparable to elders like us! Considering both of these aspects, Su Yu is not suitable to become the new Heavenly Law Alliance Master!”

His words seemed reasonable. However, in truth, he was only trying to use his old age as an excuse to belittle Su Yu. After all, age could not decide everything. Although they were very old, their experiences may still not match those of Su Yu’s.

Su Yu had come so far since the days that he was with the martial arts training institute of the Xianyu prefecture. Every step of the way was filled with danger. He had been through ups and downs in his life.

Most of these elders lived secure and stable lives, and as such, they could not be compared to Su Yu. In terms of leadership, no matter how unworthy Su Yu was, he was still better than these elders who had decided to change leaders amid such a dire situation!

Long Juexin frowned slightly. “Elder Xiao Sui, this is an important moment that relates to the very future survival of the Heavenly Law Alliance. I hope you think about it seriously for the sake of everyone involved.”

Xiao Sui’s personality particularly bothered Long Juexin, as he was always using his experience to woo the crowd! If it were a normal discussion, Long Juexin could overlook it. However, it was now regarding the changing of Alliance Masters!

“What do you mean, Alliance Master? What I said was the result of my serious thoughts!” Xiao Sui looked unhappy. “I was only thinking of the Heavenly Law Alliance. I said what I thought in my heart! If you feel that I should not have said it, then pretend I never said anything at all!”

Seeing how he was shifting the blame, Long Juexin was secretly angered. This lack of objectivity from sheltered elders was sometimes a far more dangerous threat than people like Fu Cangshan! As an example, these folks were making a mess of this issue regarding the Alliance Master!

“Elder Xiao Sui! Please allow me to say a few words.” Long Wuxin stood out heroically. She was emotionless as she spoke. “If Elder Xiao Sui thinks that being older can be the decisive factor for experience and leadership capabilities, why don’t you compare your cultivation and true capabilities?”

She added, “Based on your age, you could practically be Su Yu’s grandfather. With such a huge age gap, why are your capabilities not even close to his? To put it more harshly, you have lived such a

long life, yet it was not as well-lived as Su Yu's, and you have had several decades longer to do it! Have you lived these hundred years in a dog's body?"

She was filled with pride. She looked down upon people like Xiao Sui, who used their age to push others down, despite their not having capabilities that matched others'. Apart from being harsh, her words deeply affected the remaining elders.

Even Long Juexin felt a little taken aback. After all, all of the folks from the older generation present were below Su Yu in terms of capabilities. So, was she implying that they were they all living in a dog's body all this while?

However, some of them secretly agreed with her that age could not decide everything. Hence, they also believed that youths should not be looked down upon. After all, Su Yu's capabilities exceeded the older generation, while his experience may not necessarily be any less than theirs.

"You..." Xiao Sui was secretly angered and felt thoroughly embarrassed.

Long Wuxin asked coolly, "Me? What about you? If you think you are stronger than Su Yu, come out for a battle! Or, do you think that you can scare off the invaders from the different world with your words? If you are not capable of doing either of those things, then shut up! The Heavenly Law Alliance is facing a very dire situation. All of you should be serious about this! Otherwise, if the Heavenly Law Alliance is gone, what will happen to all of you?"

Xiao Sui had thoroughly lost his reputation. His heart was filled with anger. However, he was not afraid of Su Yu. This was because he knew Su Yu better than anyone else, so he was sure that Su Yu would not touch him because of his words.

However, Long Wuxin was a merciless woman. She would not kill him, but she was still capable of heavily injuring him in front of everyone. Therefore, after struggling for a while, he decided not to counter her argument.

Long Juexin was secretly displeased by his lack of action. He knew that Xiao Sui was someone who usually bullied the weak but feared the strong!

When they all had shut up, Long Juexin turned towards Su Yu and asked, "Su Yu, are you willing to take up this great responsibility for the Heavenly Law Alliance? Are you willing to keep the fire burning for the human clan?"

Based on what most of the elders thought, Su Yu had nothing really going for him at the moment. So, regarding the offer of becoming the Alliance Master, Su Yu could not have asked for anything better. This was the best opportunity to increase his influence. As it truly was a heaven-sent gift, there was really no reason as for why he would reject it.

However, Su Yu was very clear about his rejection. "I am sorry, Alliance Master Long, but I am afraid I do not have the ability to accept such a burdensome responsibility! As Elder Xiao Sui said, there are many aspects in which I am still lacking. I am afraid I am not suitable to take up this position."

Perhaps most people thought that Su Yu had been met with great fortune to take control of the Heavenly Law Alliance. However, Su Yu himself understood that the Heavenly Law Alliance was really a burden to him. Not only would it be of no use in expanding Su Yu's capabilities, it would even require him to protect a lot of the talented generations in the continent.

Still, his surprising rejection caused every to be shocked and confused. However, Long Juexin seemed to have predicted it. After all, Su Yu was not someone who cared about fame or benefits.

“I hope you will at least reconsider.” Long Juexin thought about it and reluctantly took back his offer.

Su Yu nodded. “I will.”

The change in Alliance Master did not occur after all. As the meeting ended, many of the elders gradually left. Now, only Long Juexin and a few of the others remained.

“Su Yu, stay for a couple of days in the Heavenly Law Alliance. Xianer and Wuxin received the same legacy, so they can share with you about what they have learned in their cultivations. It has been good for the both of them. After that, it won’t be too late for you to leave with Xianer.” Long Juexin was secretly trying to stabilize Su Yu.

However, Su Yu saw through Long Juexin to recognize his true intention. Still, Su Yu rubbed Xianer’s small hands and agreed with a nod. “Alright!”

...

“Elder Xiao Sui!” The group gathered around Xiao Sui spontaneously.

“You have showed your prowess once again, Elder Xiao Sui!” One of the elders with a drunkard’s nose laughed as he spoke. “This is the second time you have overcome Su Yu, isn’t that so?”

Hearing this, another person laughed loudly. “This is interesting. I had my reservations when Elder Xiao Sui managed to overpower Su Yu the first time around. However, this time it truly happened! I can’t believe Su Yu rejected the offer! I think Elder Xiao Sui’s words must have hit Su Yu hard. He was probably concerned with those thoughts, and that was why he rejected the offer!”

Hearing this, Elder Xiao Sui’s dark expression changed for the better. “Why would he be concerned? Perhaps he had other thoughts as well!”

Although he said those words, his facial expression showed that he had claimed all the credit. With everyone’s support, Xiao Sui felt a lot better.

He suddenly remembered his promise for the day and said, “Everyone, if you are free, come over to my little building on the balcony. We can discuss the Heavenly Law Alliance’s situation over some drinks. What do you think?”

Hearing this, the crowd naturally agreed happily. After all, they had waited a long time to visit Xiao Sui’s little building on the balcony.

“Haha, that’s right. We shall continue talking at the little building on the balcony! Xiao Sui’s fearsome attitude towards Su Yu is worth discussing! We must talk about it thoroughly over drinks!” one man in the crowd said, as he and a group of laughing men headed towards Xiao Sui’s place.

What they did not know was that there was a dark cloud slowly approaching the Heavenly Law Alliance's battleship from across the sky...

Chapter 629: Ominous News

The deepest part of the core area of the warship.

If one was asked about the safest area in the warship, it would be none other than the resting place of the elders. Since they were the key figures of the Heavenly Law Alliance, they must be kept safe from any mishaps!

Within a long room, five elders were excitedly checking their surroundings. As they surveyed the room before them, they saw simple tables and decorations, very much like the other elders' room.

"Tsk, the Heavenly Law Alliance is truly treating us elders poorly!" The brandy-nosed elder swept the room with his gaze. "Even someone with a high seniority like the elder Xiao Sui has been allocated to such a measly room!"

His words expressed what all of them felt at the moment, as every one of them was an outstanding and famous expert in the Zhenlong Continent as well. In fact, if they stayed on the continent, they would surely enjoy the worship and adoration of tens of thousand of people, as well as live lives of pleasure and comfort.

But, in the Heavenly Law Alliance, they had just plain tea, simple food, and a simple life. This was one of the regulations that was set up by the First World Senior, which specifically stated that all of the Heavenly Law Alliance's resources should be left for the outstanding youths, not wasted on meaningless extravagances!

Such a rule was extremely harsh and stringent, and all of the resources that were used to provide an elder's room, as well as his monthly stipend, were all clearly budgeted according to its strict parameters. As such, the elders' treatment was just slightly better than the youths' by a tenth or two, and since such a simple life was unbearable for most people, especially those who were accustomed to a life of extravagance, not all of them had managed to adapt to it. Specifically, such ambitious people like the elder Xiao Sui, were still incapable of changing their ways of life, even now.

When he heard his words, an elder went along him, loudly voicing his opinion on the matter. "Yes! That's really the case! Why must we make such great sacrifices to provide for the younger generation? We didn't even mind condescending ourselves at first, but our current situation is quite bitter and disappointing!"

It seemed like his words expressed all that the people present here thought as well, as they all shook their heads in agreement. Such a consensus revealed how they were greatly disappointed by the Heavenly Law Alliance.

"After we pass through such a calamity, we should once again submit an official suggestion to the Alliance Master." After Xiao Sui thought for a while, he spoke, while wearing a mysterious-looking smile, "But, let's first go to my small pavilion, as I have prepared a surprise for all of you! I believe that you will surely like it."

The other four elders became spirited at once, and their eyes shone with a resplendent light. One of them shouted with glee, "We finally have an opportunity of observing your famous small pavilion, and you also have a surprise for us? Elder Xiao Sui, you are truly considerate!"

Xiao Sui chuckled, then took a spectacular picture from his sleeves. The picture was of a misty world, which had a lake, in which an exquisite pavilion was set in its middle.

Such stunning scenery was extremely beautiful. Moreover, there were beautiful maids and pretty dancers, who wore clothes of all colors while they sang with lovely voices. It was a quite bustling and lively scene!

"Wow! A spatial magical treasure?" The brandy-nosed elder was astonished. "I already heard that the elder Xiao Sui was adept in spatial techniques, yet I didn't expect that you were capable of opening a space even inside a picture! This picture's price shouldn't be any lower than a top-grade divine artifact!"

The other elders were also astonished! Since the picture was capable of containing such a vast space, then it shouldn't be made from any ordinary materials!

As such, they had to believe that the materials had come from the Heavenly Law Alliance! But, what baffled them the most was that almost all of the Heavenly Law Alliance's resources were controlled and supervised by the Alliance Master!

So, how did he get them?

"Haha, Sirs, please come in." Xiao Sui waved his hands, and as the picture distorted, a spatial cyclone appeared on it.

Then, led by him, the four elders entered it. The scenery which appeared before them was the same as the scenery depicted in the picture, and they also became the people who were depicted in the picture!

"Greetings, elder Xiao Sui." The maids and dancers in the picture were unexpectedly real people, and after they detected Xiao Sui's entrance, they immediately and respectfully all came to greet him. The head dancer, who had just spoken to him, was quite submissive, pretty, and extremely respectful.

"Isn't she...The somewhat famous number one genius woman of the western continent, He Wantong?" The brandy-nosed elder was surprised when he saw her.

He Wantong had an oval face and charming eyes, and each of her frowns and smiles had a peculiar charm. As she danced around, her slim and gorgeous body, which was hidden under her clothes, became exposed every once in awhile, revealing her slim waist, thin snow-white legs, and alluring ample chest.

The other elders were also astonished when they noticed her, as He Wantong was one of the most famous beauties among all of the sheltered youths! As such, she had many pursuers. Even the oldest elders had heard about her fame!

But, as she was just concentrating on her cultivating at the moment, she wouldn't usually come out. Hence, she didn't care at all about the youths chasing after her.

This allowed her to keep a good reputation among society as well. Yet, no one could expect that, in fact, she wasn't cultivating, but was working as a dancer in the elder Xiao Sui's small pavilion!

"Hehe, Tong'er." As Xiao Sui chuckled and beckoned at her, He Wantong sweetly smiled at him, then pounced at his bosom like a butterfly.

The Heavenly Law Alliance Master held her slim waist with one of his hands, while his other hand went under her clothes and stretched toward her chest, quickly grabbing one of her nipples. He then started fondling it.

He Wantong softly groaned, while her face became somewhat flushed. It seemed like she was already accustomed to this kind of thing.

However, such an erotic scene dumbfounded the other four elders. It appeared that He Wantong had become the Xiao Sui's exclusive property at some unknown time!

This amazed them because they knew that the Heavenly Law Alliance strictly forbade all elders from stretching their hands toward any of the youths! In fact, all of those who violated this rule would be beheaded!

If it wasn't for such a prohibition, sheltered youngsters would never be able to evade perverted high-level elders' clutches! As long as any one of them was somewhat pretty, the young females would surely be ensnared and bamboozled into a somewhat sick relationship like what was happening to He Wantong right before their eyes!

"Why are you blankly standing there and staring? Why don't you quickly go entertain the elders? It will be up to you whether you can get into their good graces or not." Xiao Sui chuckled as he spoke to the maids and dancers.

All of the remaining maids and dancers revealed charming looks as they went forward and started taking care of the four elders. The four elders were both shocked and displeased by the fact that such a beauty as He Wantong was being defiled by Xiao Sui.

"Sirs, enjoy yourselves as you like. They were all properly trained by me, so they are astute and considerate, knowing what should be said and what shouldn't be said. So, you don't need to worry about anything." While fondling the beauty at his bosom, Xiao Sui tried to pull the others down along with him into his debauchery.

After all, if he could get them to join him, they would also become guilty of breaking the rules. Hence, they would not dare report him, as if they did it, they would die with him! All of them didn't know what to do, so they started hesitating.

"Sirs, why do you still hesitate? More than half of the Heavenly Law Alliance's elders died today! So, even if they found out about our breaking the rules, they would just turn a blind eye to it, as they are so short of manpower, they won't dare punish us. Besides, if they ended up killing all of the elders, how could Alliance Master Long protect the Heavenly Law Alliance alone?" Xiao Sui chuckled, while calmly analyzing the situation aloud.

The four elders started wavering when they heard him. After all, if they didn't comply with Xiao Sui, he probably wouldn't let them leave. They finally understood what this surprise was that he had been talking about...

While facing the maids' and dancers' teasing, they quickly succumbed to the temptation, and they all took a pretty woman and started venting the desires that they had been suppressing for many years. Erotic voices started echoing throughout the small pavilion, and touching and sensual music could be heard wafting through the air.

This revelry continued for a half a day. After the elders finished enjoying the pretty bodies, they started drinking wine and chatting, while being served by the maids and dancers, whose faces were somewhat flushed now.

"Haha, from today onward, all of you are my close friends, and you can come anytime to join me in my small pavilion to drink and chat merrily." Xiao Sui chuckled and raised his glass in a toast.

After they enjoyed themselves some more, the elders' complexions became somewhat rosy. Since they had already tasted these ladies' sweet tastes, it would be difficult for them to go on without them. Hence, Xiao Sui's devilish plan had succeeded. They were hooked, and they would definitely be coming back!

"Elder Xiao, may I ask you how you got the materials for refining this space? After all, refining such a place would need a tremendous amount of resources, right?" The brandy-nosed elder's eyes were filled with envy, as who wouldn't want to possess such a mysterious place, where he could stealthily drink and enjoy himself while playing with young, beautiful, and talented women?

Xiao Sui didn't keep it from him, openly admitting, "Hehe, isn't getting such things quite easy? The Heavenly Law Alliance's warship has many unused rooms, so I just dismantled them and took back those wasted materials, then made use of them here."

Clunk!

A bronze wine cup fell to the ground and rolled away, while the four elders' complexions became extremely grave. A look of fright even appeared on the face of the elder who had just dropped his cup!

"Elder Xiao Sui... You actually dismantled the Heavenly Law Alliance's property? That is a capital offense, which will surely send you to your death!" The brandy-nosed elder was overwhelmed with shock, as Xiao Sui's gall was greater and far crazier than he had even imagined!

"The Heavenly Law Alliance warship's materials are extremely excellent, but elder Xiao Sui, aren't you worried that by dismantling it, you may have damaged the warship, thus weakening it, which the enemies could use as an opportunity to invade us?" One of the other elders was also frightened by his actions.

“Why are you wearing such an expression? Are you like that Su Yu, who’s afraid of his own shadow? After all, the parts that I dismantled were all barely useful parts, so dismantling them will barely affect the warship at all!” Xiao Sui became somewhat displeased by their obvious and needless worry.

“Aren’t you underestimating our Heavenly Law Alliance warship?” Xiao Sui was quite carefree, so he continued. “After all, it went through thousands of years of battle without being destroyed, so its firmness isn’t something which you can imagine. Plus, the materials that I took are just a drop in the ocean... It won’t affect it!”

The elders, who were restless, slightly calmed down when they heard him say this. He was indeed right that the Heavenly Law Alliance had thus survived through thousands of years, all while bearing many calamities. This time would surely be like the previous ones, so their worries were surely unnecessary.

“It’s truly the case. The continent may be destroyed, but our Heavenly Law Alliance warship will surely not be damaged!” The brandy-nosed elder agreed.

Xiao Sui coldly sneered. “The reason why Su Yu managed to barge in was just because they removed the teleportation formation’s defense to ambush him. Otherwise, it would be impossible for him to destroy the formation and barge in, and as long as we don’t come out to fight them, even if the otherworldly invaders surround us, they won’t be able to harm us.”

The other four elders approved of his opinion when they heard it.

“That Su Yu seemed quite powerful, yet he’s suspicious like a rat! How can such confidence truly occur, and why would the otherworldly experts invade us while we are changing our commander? He’s still trying to vainly lecture us by saying that changing the commander while in battle is a great taboo.” As he mentioned Su Yu, Xiao Sui became somewhat proud of himself. “Even if he is strong, so what?”

The other four elders’ faces glowed when they heard him. One of them laughed and said, “Hehe, elder Xiao Sui, you aren’t mistaken! How could we let a wee lad lecture us? It’s lucky that we had you, as you truly honored us by suppressing him two times in a row! For this, let me raise my glass to you...”

Bang!

A collision sound was heard, which was caused by extremely intense quakes. The small pavilion started intensely rocking, while the dancers started screeching and flew away in a panic. Such an accident caused the group of elders, who were partying, to be splashed by many cups of spilled wine.

After the quaking came to an end, Xiao Sui’s expression became quite gloomy and cold. “Which person in the outside world dared to touch the picture?”

It was only when someone outside shook the picture that those who were inside of its space would be affected. The four other elders were also angered, as they were just starting to enjoy themselves!

“Come along with me! Let’s go take a look...” Xiao Sui coldly snorted as he activated the spatial cyclone and returned to the outside world along with the five elders.

There wasn’t anyone in Xiao Sui’s room, and moreover, because of such intense quakings, the whole room almost collapsed! Its walls became filled with fissures, and it seemed like it had just experienced a destructive attack.

The elders were angered and surprised by such a sight. “What happened?” one of them asked.

At this moment, they heard flurried footsteps outside. It was a group of Half God guards, who were converging in the center of the warship.

“Stop! What happened?” Xiao Sui furrowed his brows, as he had a bad premonition about what was happening.

The guard became respectful when he saw the elder Xiao Sui. “Elder Xiao Sui, we were discovered by the otherworldly experts, and we got entangled in a fight with them. Just a moment ago, the enemies used a large scale joint attack technique and bombarded the warship with it. The Alliance Master is now summoning all of us to come help in the front line.”

After he spoke, the guard asked in surprise, “Elder Xiao Sui, weren’t you aware of this? We already started fighting against the otherworldly experts half a day ago, so why are all of you..”

What? Half a day ago? That was just the time when they had entered into the small pavilion...

Chapter 630: Huge Army Suppression

Right then, five of the elders’ communication pendants were ringing urgently. When they checked them, they saw that it was Long Juexin’s gathering call from a half a day ago!

In fact, there were nine messages regarding it! Apparently, the small building on the balcony had prevented any external connection from reaching them. That was why the messages had come in so late!

The five people’s facial expressions changed. This is bad!

“What are you blabbering about? We were carrying out a secret mission and had only just returned! Stop talking nonsense and lead the way!” Xiao Sui yelled.

The guard did not question him any further, as he trusted Xiao Sui greatly. So, he began to lead the way immediately.

The bottom of the central part of the battleship, which was the place where Su Yu had broken into, was the weakest part of the battleship. However, that was only for appearance purposes!

In actual fact, the place was setup with a spatial spell formation. As this was the main protected location, there were eighteen levels of blockades used to reinforce it!

On the day when Fu Cangshan had planned to ambush Su Yu, he had lifted the eighteen levels of blockades. That was the reason why Su Yu was able to use the opportunity to break through the single thin layer of the spatial spell formation. If the occasion was to repeat itself, Su Yu might not be able to break the eighteen levels of blockades!

However, right then, out of the eighteen layers of blockades, fifteen of them had already been destroyed. The ground-shaking attack had broken through ten layers of blockades in one attack!

Long Juexin hurriedly led the many Half Fairies in the Heavenly Law Alliance to imbue Vital Energy into the blockades. This would surely help repair the blockades faster!

Apart from him, Long Wuxin and Qin Xianer were also present. As strong Two Crystals Half Fairies, they had been recruited to join the protection efforts. Old Chen and the other elders were also all gathered there, on top of the ten members of the annihilation team and the guards who had been with them all along.

At the bottom of the battleship, more than half of the Heavenly Law Alliance's army had gathered. They were making use of each second to fix the blockades to safeguard the Heavenly Law Alliance.

"Lady Qin, where is Su Yu?" Long Juexin's sweat was dripping from his forehead. After half a day in the great battle, he was thoroughly exhausted!

Half a day ago, a dark cloud had started approaching the Heavenly Law Alliance in an odd manner. However, it was not actually a dark cloud, but a group of strong humans!

There were ninety nine of them in total, and each one of them was, at the very least, a One Crystal Half Fairy. There were as many as twenty Two Crystals Half Fairies! As for Three Crystals Half Fairies, there were three of them!

This meant that the frightening battle power of the enemy was only slightly weaker than the previous final battle between the Zhenlong Continent and the different world! Back then, the human's final battle was an utter failure.

In that battle, the enemy had two hundred Vital Crystal Half Fairies. There were also three Fairies. Although the numbers were not great, the strong oppression from the Half Fairies had made the battle a one-sided massacre on the Zhenlong Continent!

As such, countless strong men were taken down, leaving The Heavenly Law Alliance utterly devastated. That was the worst defeat that the Zhenlong Continent had ever suffered. They were absolutely crushed!

However, ninety nine Fairies had just appeared now! Although their overall capabilities were not as great as the hundred and fifty Half Fairies, it was still strong enough to wipe out any of the Zhenlong Continent's forces!

The Heavenly Law Alliance was not its opponent at all! However, in such dire circumstances, Su Yu was not in the Heavenly Law Alliance...

Hearing this, Qin Xianer suddenly turned pale and nervously wiped away her sweat. She bit her lips, while she continuously imbued Vital Energy into the blockades.

She then said, "Brother Su Yu had to deal with something else, so he left just a half a day ago. He has not returned since."

Long Juexin's heart sank. Why did he leave at such a crucial time?

Coincidentally, the strong martial artists from the different world had just caught up with them and immediately launched an attack! After much hardship, they had managed to uphold their defense until now.

However, there were only five layers of blockades left. Moreover, the speed of recovery for the blockades was far behind the speed of the enemy's attack. As such, the difference in power between the two parties was very evident!

Zoom.

Right then, Xiao Sui and the other four elders had rushed over. Seeing this scene, Long Juexin was slightly angered.

He asked, "What have you all been up to? I asked all the elders to gather half a day ago. Why are you only just now arriving?"

The other four elders felt very guilty. When the Heavenly Law Alliance was in trouble, they had been fooling around with the captured ladies! Xiao Sui was the only one who looked shameless.

He said, "Please forgive us, Alliance Master. The five of us were training and did not notice the message. We only realized that you had sent us a message after the huge vibration. We rushed over immediately to assist you, Alliance Master!"

Long Juexin could tell he was hiding something. However, due to the urgent circumstances, he had no time to question him further.

"We will not discuss this now. Come and help with the blockades!" he said in a dismissive tone.

Xiao Sui and four others immediately joined the formation. With the help of these five Two Crystals Half Fairies and their Vital Energies, the speed of the recovery of the blockades increased. However, it was only a very minimal increase.

Bang!

Another sky-shattering blast was heard. Two consecutive layers of blockade had been broken down!

Those who just joined the formation were all hit by the impact and thrown backwards. Each of them could taste blood in their mouths.

Xiao Sui, who was heavily injured, finally felt a tinge of fear. The danger he felt this time was different from the past. The blockade was only left with three layers now!

If the enemy attacked them again with a similarly huge blast, the Heavenly Law Alliance would crumble! A fear which he had never felt before suddenly filled his heart. It seemed like the Heavenly Law Alliance would finally see its downfall this day.

In the midst of freaking out, he remembered Su Yu. "Where is Su Yu? Ask him to come out, quickly!" His loud cry clearly revealed his panicked state.

Hearing this, many of the elders' faces showed concern. Su Yu had gone missing at such a crucial moment! However, Xiao Sui's reprimanding tone also angered everyone.

"Shut up! Crying loudly like that is very unbecoming! Don't forget that you are an elder!" Long Juexin yelled angrily. He felt the murderous intent growing in his heart!

If not for this old fool, who had wanted to gain favor from everyone, perhaps Su Yu would have become the new Alliance Master of the Heavenly Law Alliance by now! This old man had complained about Su Yu's being too young and refuted his chance to become the Alliance Master.

Now that Su Yu was not restricted by the status of Alliance Master, he could come and go as he pleased. So, today, when nobody could find Su Yu, Xiao Sui now came out shouting for his help! The hypocrisy infuriated Long Juexin!

In fact, Long Juexin wanted to kill this annoying and unhelpful old thing! I wonder if Su Yu rejected the position of Alliance Master because of this old thing's adamant opposition?

The other elders also felt the same way as Long Juexin and wanted to kill Xiao Sui. When Long Juexin told them that the selection of Su Yu as Alliance Master concerned the life and death of the Heavenly Law Alliance, they had not really taken it seriously. Of course, they never thought things would turn out this badly!

Now, it seemed like Long Juexin's prediction had been correct! The Heavenly Law Alliance had indeed fallen into a dire state! If Su Yu were here, based on his capabilities, the situation might have been much better than it was now.

Right then, Xiao Sui was not his usual righteous self. He was suddenly blinded by the unexpected dangers that they were facing. Long Juexin's outburst had made Xiao Sui much more conscious.

So, he quickly tried to suppress his fear and said, "I am sorry for losing my composure. Please forgive me, Alliance Master. However, the situation is very urgent now. Please ask Su Yu to help us! The Heavenly Law Alliance is his home. If the Heavenly Law Alliance is gone, he would have no place to go!"

Hearing this, all of the elders present secretly condemned him as a shameless man. When he had all the glory, he had stepped on Su Yu. Now that he was in trouble, he suddenly remembered Su Yu's existence.

"He is already gone. We do not know where he is!" Long Juexin looked gloomy. He was trying to hold back his murderous intent. "Now, we can only rely on ourselves!"

Xiao Sui lost it. Gone? He suddenly felt anger rise in his heart. "I knew we couldn't count on someone like him!"

How dare he say that? The crowd was angry.

"Stop talking and help with the blockades!" Long Juexin shouted angrily.

Once the blockade was destroyed, the strong martial artists from the other world would break right in. If that happened, based on the obvious difference between the two sides, the only thing lying in wait for them was a one-sided massacre. The Heavenly Law Alliance would crumble in an instant!

On the outside, ninety-nine armored young men were gathered. A monster-like armored young man with long, purple hair was sitting on a black lotus flower. He wore a nonchalant expression.

He then asked, "How is it going? Are the ants still trying to put up a fight?"

“Military Governor, they only have few defenses left. We can break through them with the next attack. Based on our battle power, it would take less than the time needed to drink half a cup of tea to kill them all!” one of the guards reported.

Hearing this, the monster-like armored young man with purple hair said coolly, “Alright, hurry up then. We are taking such a long time to defeat this silly, small force. Divine Master Ying is very unsatisfied!”

“Yes!” the armored guard bowed and left.

“One more thing...” the purple-haired young man added, “There is no need to keep the men alive as hostages. They are all rubbish anyway. However, keep the ladies alive. Divine Master Ying’s cultivation training requires a large number of perfect girls.”

The guard accepted the order and passed it on. All ninety nine Half Fairies simultaneously imbued Vital Energy into a huge loop. As the endless Vital Energy gathered, the loop emanated a deadly and destructive aura.

In the Heavenly Law Alliance’s battleship.

“This is bad! The combined attack is beginning again!” Old Chen looked shocked and hopeless, while Long Juexin’s facial expression turned pale as well.

They saw that the two remaining layers of blockade could not possibly withstand the attack! Hence, the Heavenly Law Alliance would soon be defeated!

All of the elders felt hopeless. This disaster had come so unexpectedly. They had not been ready for it at all!

They had tried their best. However, the enemy was far too strong. In fact, their strength was almost incomprehensible! An incredible sadness hung in the air.

Long Juexin laughed at himself. Is this the end of the Heavenly Law Alliance?

He felt like he was in a dream. Half a day ago, he was thinking about restructuring the Heavenly Law Alliance. He had never expected that their end would come so suddenly!

The dangerous aura was getting closer and closer. The enemy had already initiated the final attack! Many of the elders closed their eyes and smiled bitterly, each knowing that this was perhaps the final smile of their lives.

Long Juexin lifted his head towards the skies and sighed heavily. “Su Yu, you went away at the wrong time...”

Many of the elders felt regretful that they had only been silent observers when Su Yu had rejected the position of Alliance Master of the Heavenly Law Alliance. Why did we not try to convince him? Now that Su Yu was gone, they were only remembering the good things about him!

“Oh, I almost forgot. Brother Su Yu told me when he left to pass this to you, Alliance Master, should we face any danger that could not be mitigated.” Xianer opened her

eyes widely and looked around at the sad faces in the crowd, while forwarding along Su Yu's request.
