

## Nine-Dragon 701

### Chapter 701: The End of the Martial Arts Pathway

As the Blood Emperor suddenly came to a halt, he felt that something was amiss. However, before he could react, Su Yu shouted in a low voice, “Little kylin!”

All of a sudden, in the space above the fissure, a pink mist miraculously appeared. An adorable little kylin appeared in the mist as it blinked its big round eyes cheekily. There was a small jade-colored pearl in its mouth.

As the jade pearl shone with a bright light, a huge blue and yellow pearl fell out from it. The pearl fell at an oddly high speed and it was completely unexpected!

The Blood Emperor only had time to take one peek at it before the blue and yellow pearl landed on him. He then exclaimed, “The Ghost Clan’s Great Emperor’s Underworld Pearl!”

The Blood Emperor’s voice suddenly cracked as if he had just experienced a great horror. He immediately recognized the source of the pearl.

After all, he had once been involved in the great battle between the human clan and the ghost clan. The All Creation Realm humans were all turned into dust under the might of the Underworld Pearl!

Boom.

The entire Dragon Abyss of the Nine Underworlds suddenly shook as the underground lava was projected hundreds of miles into the sky. At the same time, the nearby pressure immediately affected the fissure.

Creak.

The nearly completed tunnel of space suddenly exploded into pieces, while the light screen started to vibrate wildly. The tunnel of space was actually destroyed! After several attempts, Su Yu had finally succeeded!

Even an All Creation Old Monster could not be safe when his body was still in the tunnel of space which was falling apart. In fact, his remaining hand and leg were still trapped inside the fissure!

“Young man! I will kill you!” The Blood Emperor was finally angered. He no longer behaved all high and mighty as he did before.

He struggled as he tried to move the other half of his body through the fissure. However, the little kylin snorted and kicked him back into the fissure.

The Blood Emperor was infuriated. He used his all-destroying gaze to glare at the little kylin.

Unexpectedly, the little kylin immediately turned into its illusory state, which meant that it could not be harmed.

The Blood Emperor was eager to pull his hand and leg out of the fissure. However, he shockingly discovered that, even though he had the might of an All Creation Realm being, he could not budge an inch from beneath the Underworld Pearl!

Regardless of how hard he tried, he could not move the Underworld Pearl! Thus, there was no way the he could step out from the fissure. He was stuck there!

Once the spatial fissure completely collapsed, the part of his body that was still stuck in the fissure would be severely damaged!

Sensing the imminent danger, the Blood Emperor glared at Su Yu angrily. However, there was not a figure around. Su Yu and Jiu Yuanzhou had already hidden to avoid the Blood Emperor's attacks.

As the Blood Emperor could not kill them, he felt even angrier as he shouted coldly, "Young man, I will remember you. I will see the both of you again!"

Splat.

After two muffled sounds could be heard, the suppressed arm and leg suddenly became softened, while the frightening aura behind the fissure instantly disappeared.

Thereafter, the light screen started to crack and became gloomy before disappearing altogether. In the end, a normal stone wall took its place in silence.

If not for the lava that had formed all over the Dragon Abyss of the Nine Underworlds, no one would believe that an All Creation Old Monster had once appeared in this place and nearly entered this world.

The passage between two worlds was thoroughly destroyed, and the people from Jiuzhou could no longer enter. The people from Zhenlong would also be permanently sealed away from the other world.

After a long while, Su Yu and Elder Jiu looked at each other and laughed.

"Haha... I never would have never that such a prominent figure in Jiuzhou like the Blood Emperor would be defeated by a younger man like yourself," Elder Jiu said as he laughed for a long while. Tears of joy were rolling down his cheeks.

Su Yu forcefully used his Vital Energy to stop the bleeding in his abdomen. He then laughed bitterly and said, "If I had a choice, I would rather not have come here at all."

The amount of loss Su Yu had faced in the Dragon Abyss of the Nine Underworlds was almost unimaginable. Two puppets, the Purple Sun Incredible Umbrella, and nearly all of his divine artifacts and symbols were gone. Even the Dry Cloud Five Elemental Formation's four pearls had been badly damaged.

Most importantly, his Dantian was greatly injured, and one of his Vital Energy Crystal had been crushed into dust! As for his own physical body, Su Yu still did not know the severity of all of his injuries.

Unexpectedly, Elder Jiu rolled his eyes. "Are you still not satisfied with the Blood Emperor's hand and leg? The power of an All Creation Old Monster's blood and flesh is not something you can imagine!"

Su Yu became excited. His gaze was instantly locked on to the remaining hand and leg that were still pressed below the Underworld Pearl. Although the hand and leg were clearly already broken, there was still a shockingly strong aura emanating from the limbs.

“If you extracted the blood essence to feed the universe’s live spirits, it would provide godly benefits!” Elder Jiu’s eyes glowed brightly as he spoke. He seemed to be giving Su Yu an instruction.

An example of what he had just described would be the Heavenly Orchid Silver Bamboo’s seed. It was nearly impossible to cultivate. The only way to do so was to feed it with an All Creation Old Monster’s blood essence day and night.

Is he talking about the little kylin? Su Yu wondered. Based on Elder Jiu’s past identity as a Bright Light Guard, he would surely be able to identify the little kylin’s real spirit identity.

Su Yu looked very frank as he said, “Elder Jiu, please be generous. I need the limbs.”

“What are you talking about? You saved my life, as well as the lives of everyone in the Zhenlong Continent! You had also single-handedly fought the Blood Emperor. As such, all of the battle rewards naturally belong to you.” Elder Jiu laughed cheerfully. He had no intention of fighting Su Yu for the resources.

Indeed, if Elder Jiu had wanted the limbs for himself, he wouldn’t have told Su Yu about the benefits! He could have easily killed Su Yu and stolen the treasures for himself instead.

“Thank you for letting me have them, Elder Jiu.” Su Yu cupped his fists to express his gratitude.

The two stayed where they were for a while to rest while they regained their strengths. Su Yu carefully tucked the Underworld Pearl away.

He also sealed the limbs safely away. They were still emanating a shocking aura. From the palm of the dismembered hand, Su Yu was able to find the Demon’s Hair and the flag formation. Hence, although Su Yu had suffered some great losses, he had also experienced some significant gains.

“Let’s go, Su Yu. You have made a name for yourself. Many heroes in the generations to come will face great difficulty living up to such a name. You are almost comparable to the previous Emperor Jiuzhou. As such, even the King of Darkness cannot dim your light!” Elder Jiu said with a gleeful smile.

Su Yu smiled as he replied, “The previous Emperor Jiuzhou sacrificed his own blood essence to rebuild the continent. It was a mighty act of selflessness. How could I ever compare to him?”

“Now that the continent has been successfully sealed away, the martial arts path will come to an end. As such, fame and fortune are already unimportant.” Su Yu laughed. “I should make my leave now.”

As time flew by so quickly here, half a year passed in the blink of an eye. During this time, the remaining otherworldly b\*stards were all killed. Thus, the Zhenlong Continent had finally reclaimed its past glory.

Under the effects of the countless Cloud Galloping Horses, over a hundred new Fairies were created in the Heavenly Law Alliance. They claimed the lands in all four regions of the continents, including the northern continent, the eastern continent, the western continent and the southern

continent. They replaced the Empire of Darkness as the main controlling power in the entire continent.

The forces in the continent were all monitored by the Heavenly Law Alliance's strict rules. No other armies were allowed to be formed.

Anyone who went against the rules would be annihilated by the Fairies. All of a sudden, the continent experienced a peacefulness that had never existed in the past.

Many martial arts students were spared from the tragedies of war, while factions were able to continue existing. After experiencing the greatest battle in history against the otherworldly experts, martial artists had become much more vigilant.

As such, they worked even harder to train their disciples, regardless of their factions' sizes. Many disciples were recruited during this period. In fact, many of the young prodigies were like fish in water, as they had opportunities to learn and grow like never before.

After ten thousand years, the martial arts field was finally blossoming within the continent once again. Thus, the Heavenly Law Alliance had become the holy ground for martial arts students!

As for the Heavenly Law Alliance Master, he had become a god-like figure, who was worshipped by everyone in the continent. He had started his journey in Shenyue Island. His life was like a meteor shower, which swept across the Zhenlong Continent's night sky.

He had once killed half of the Liuxian faction's elders with the identity of Su Yu in an act of delivering justice. He had also once fought against the heavens and three super strong powers with the identity of Yin Yu in the Phoenix Cabinet's great event. He had even once conquered the alliance of the northern continent with the identity of the Black Snow Devil King.

After three years, he had returned as Su Yu to wipe out the otherworldly Fairies, to fight an All Creation Old Monster, and to save the continent. Every single incident that had occurred was groundbreaking. Many people said that Su Yu was a legend.

Many youths from the younger generations were all inspired by him to cultivate even harder and more diligently. In fact, countless martial artists made attempts to visit the places that Su Yu had once fought just to try to comprehend his cultivation pathways.

As such, Shenyue Island, the Liuxian faction, the Shentian Manor, and the Yinyu Area were all considered to be holy lands. Many experts from various corners of the continent gathered at these places to compete against each other in the hopes of improving their cultivations especially.

Naturally, the Heavenly Law Alliance's headquarters was based in the Dragon Abyss of the Nine Underworlds. Countless martial artists were attracted to this place, as they considered it to be the ultimate holy land.

The Dragon Abyss of the Nine Underworlds had already collapsed and was occupied by the Heavenly Law Alliance, and it was even rebuilt into an island. It was a lone island that had occupants who chose to distance themselves from all of the conflicts in the rest of the continent.

However, nobody could deny that it was the true center of the Zhenlong Continent and was the holiest land for martial arts training. This was because this was the place Su Yu had occupied as the first generation King of the Continent. As such, everyone, whether they were male or female, could only dream of seeing him in person.

Unfortunately, this king had chosen to vanish into the woods ever since he had returned from the Dragon Abyss of the Nine Underworlds. Even so, countless martial artists still lingered on the island of the Dragon Abyss of the Nine Underworlds, waiting for the King of the Continent's appearance. They hoped to see his glorious self in person.

On the island of the Dragon Abyss, there was a Heavenly Law Alliance's city palace. A hundred Fairies, a thousand Half Fairies, and ten thousand Half Gods were religiously patrolling the deeper end of the city palace, where there was a very quiet and simple garden.

Behind a door that was made of rocks, there was a room that was filled with a dense Spiritual Energy. A young man's figure could be seen sitting in a cross-legged manner within the room.

A bout of Spiritual Energy condensed above his head and slowly entered his forehead. However, as soon as it entered, it all came flowing out from his abdomen.

He slowly opened his eyes and sighed. "Is this really happening? My Dantian's Vital Energy Crystal had been crushed and can no longer absorb Spiritual Energy to condense into a Vital Energy Crystal. My martial arts path has indeed come to an end."

Looks of regret and bitterness appeared simultaneously on his face. When he had been struck by the Blood Emperor on that fateful day, one of his Vital Energy Crystals had been crushed.

In the half a year that followed, he had tried countless measures to recover it, but to no avail. As he expected, he would be stuck at the Two Crystals Half Fairy Realm for the rest of his life with no potential of progressing.

It was such a shame that his hard work could not get him any closer to advancing to the Fairy Realm. For someone as determined as Su Yu to walk on the path of martial arts, this was now his life's greatest regret.

As he sighed, Su Yu retrieved his Thunder Herb Armor. There were streams of disastrous thunder contained within it. These had all been collected in the past half a year, when he had helped the members of the alliance go through their tribulations.

However, none of the disastrous thunder contained within it belonged to him. This made him even more depressed.

After giving it some thought, Su Yu rubbed the Nine Jade Spiritual Pearl with the tip of his finger. A round ball with blue and yellow stripes all over it appeared on his palm. It now felt as light as a feather.

The Underworld Pearl has been successfully extracted. I can already control it at will.

Unfortunately, there will no longer be any avenue for me to use it... As he thought of this, Su Yu looked even more deflated.

After a moment's hesitation, Su Yu then retrieved a seal with resplendent thunderbolts surrounding it. It was the Five Elemental Strong Thunder Seal, which had been used by Dark Su Yu to forcefully capture the strong lightning spirit. It was meant to absorb the lightning spirit's energy to enhance the Five Elemental Strong Thunder Seal.

Now, it was already at the final phase of enhancement. The lightning spirit was still struggling slightly, which was a sign that the fusion would soon be complete.

## Chapter 702: Su Yu's Wedding

“My partial path has already come to end, and there isn't any enemy left to fight, so what can I use it for?” Su Yu closed his eyes, while loneliness welled up in his heart.

He collected the Thunder Herb Armor and the Underworld Pearl, then started using his cultivation method. He had already comprehended and mastered the Buddhist Saint's Eight Characters Technique's last level, the word “fighter.”

He had also already successfully mastered and comprehended the three words, “soldiers,” “controller,” and “fighter.” His mastery over the Heaven's Son Gazing At Air had gone from its entry-level to its lower tier, so he could now control two experts, whose realms were higher than his by an entire realm!

Su Yu had already become quite proficient in using the Heaven Extinguishing Divine Palm's Moon Palm, and although he was still short of Elder Jiu's level, he was close to mastering it. After he cultivated for a while, Su Yu found himself incapable of calming down, so he decided to enter the Nine Jade Spiritual Pearl with his soul.

“Young Master, how's your Dantian? Were the ancient methods that I provided effective?” Wu Aoyue asked as she came over to him.

She was now already a Level Two Fairy Realm expert, and although she was as cold as ever, she was warm and gentle around Su Yu. Su Yu tried to look okay as he shook his head.

He still didn't repair it? Wu Aoyue's expression became gloomy. “I didn't care about the art of healing in the past, and it was because of this that I did not read books about it. But, if I can go back to my faction once again, then...”

“It's fine. the Zhenlong Continent is already sealed, so even if my martial path comes to end, so what? What use will cultivation still have to me then? Let's talk about the Chaos Multicolored Butterfly... How is it now? Did it consume all of the Blood Emperor's essence blood?” he asked.

He intended to give the Blood Emperor's blood to the small kylin, but it wasn't interested in it. But, the Chaos Multicolored Butterfly unexpectedly had coveted it! While devouring it, it quickly grew up, and the blood effects on it were greater than the Heavenly Orchid Silver Bamboo's effects by far!

“Young master, it's already three inches-long, and it's been quite lively and spirited recently. According to what the ancient books recorded, it will shortly start spouting silk, which means that we will get our first batch of its silk!” Wu Aoyue became more spirited as she talked about it.

It was probably just like what Su Yu had said, with his techniques and magical treasures, on one in the whole Zhenlong Continent would be able to face him! That was, at least, besides the mysterious King of Darkness.

Moreover, after getting the Chaos Multicolored Butterfly's silk, they could make a powerful armor, one that even All Creation experts were incapable of penetrating. Then, Su Yu would become even more powerful with it, and he might even be able to defeat even the King of Darkness!

As one of them was living in the deepest part of the continent, while the other one was living in the ocean, it was up to the people to decide which one of these two kings was the most powerful.

"Yue'er, I will temporarily trouble you with this." Su Yu was also somewhat full of expectation about this hopeful development, and he became more high-spirited as he heard her report.

After instructing her once more, he strode toward the Supreme Growing Soil's nursery. The first thing he saw was that the two Heavenly Orchid Silver Bamboos had already grown to six meters in length!

"Young master, according to what's recorded in the ancient books, they become semi-mature after reaching six meters in length, and in normal conditions, they would need, at the very least, five hundred years to reach such a state. But, that wasn't the case here, as they need just another half year to completely mature! We could pluck them to refine a magical treasure at that time." Wu Aoyue carefully observed Su Yu's expression before she forced herself to describe it to him in a cheerful tone.

If Su Yu managed to refine it and make the Heavenly Orchid Silver Sword, he would have finished gathering all nine swords that were needed to form the Nine Suns Cosmos Sword Formation! In the past, he had looked forward to this, yet now, he didn't have any more interest in it.

As such, Su Yu calmly swept over it with his eyes before he turned his attention to the Incredible Feather Spiritual Pomegranate. In the past, it was just a sapling, yet now it had already grown into a giant tree, which seemed like it reached the sky! It was as white as snow and it bore many golden fruits, more than a thousand of them to be exact!

When he observed the Cloud Galloping Horses, he found that their number had already surpassed a hundred, and it seemed like they were reproducing at a rapid speed. At this rate, they could probably use them to make another batch of a hundred Fairy Realm experts in less than a month! However, all of this was already insignificant to him.

"Yue'er, I hope you know that you can leave at any time. You aren't obliged to continue staying here." Su Yu turned around and looked at Wu Aoyue.

He allowed her to wander in the Zhenlong Continent as she wanted, since she was unable to return to Jiuzhou and there was no harm in letting her stay in the continent. In the past, she had stayed in the Nine Jade Spiritual Pearl of her own accord and continued managing its world.

Now, when she heard such words, her lips slightly shivered. It seemed like she wanted to say something, yet she remained quiet.

"Fine. You can do as you please. When you find that you do want to leave this place, you only have to inform me." Su Yu patted her on the shoulder before he left the pearl and returned to his body.

Immediately, he heard a crisp sound of bells transmuting from outside.

“Alliance Master Su Yu, half a year has already passed, and Old Chen wants to meet you.” A beautiful woman was standing outside. She was Zi Yunxiang, who he hadn’t seen for a long time.

She had already advanced to the Fairy Realm early on, and she had chosen to accompany the annihilation team in order to protect the stone gate, as well as to protect Su Yu. Her feelings towards him were already known by all of the Heavenly Law Alliance’s members.

Creak!

Dust rose up as the stone gate was opened, and Su Yu, who wore a white robe, walked out of it. This was the first time that he had left his room in the past six months. As the sun rays shone upon him, they slightly irritated his eyes, so he subconsciously covered them with his hand.

When he lowered his hand, he saw many familiar-looking people standing before him. The annihilation team, led by Luo Xiong, was before him, while behind them, there was a beautiful woman. She had lowered her head, not daring to look at him.

“Welcome back, Alliance Master.” Luo Xiong’s eyes were filled with excitement, and he and the annihilation team’s guards, knelt down on their knees as they respectfully shouted their greeting.

Their voices reverberated in the surroundings. When the hundred Fairy Realm experts who were outside of Su Yu’s courtyard heard them, delight and surprise appeared in their eyes, and no matter whether they were now cultivating, fighting, or even in secluded cultivation or taking care of some important affair, they all flew to the outside of his room and respectfully knelt there.

They then joined in the greeting in unison, “Welcome back Alliance Master.”

The expressions of the thousand Half Fairy Realm experts in the palace gravely changed, while respect and veneration appeared on all of their faces.

Swoosh!

Even the ten thousand Half God Realm experts outside of the palace did the same, all respectfully bowing before him. The sound of greetings from more than ten thousand people reverberated in the sky, startling even the clouds within it.

All of the martial artists in the island became impassioned when they heard this, and they all rushed in delight to the outside of the palace. Even the martial artists outside of the island eagerly flew toward the island, and some people who had just left the island quickly turned around and returned to it.

All of these people became impassioned because a legendary immortal god-like king of the continent, the legendary Heavenly Law Alliance’s Master, had actually come out of his secluded cultivation! All of the people rushed toward him with joyful and hopeful expressions on their faces.

At this moment, a youngster in magnificent clothes stood on one of the ocean’s reefs. He had an elegant bearing and wore a gentle yet cold expression. His eyes seemed like they were capable of seeing through everything, while a purple glow was flickering between his brows.

As he gazed at the Fourth Saint Master, a cold smile appeared on his face. "After not seeing you for half a year, you have already become a majestic continent's king! It's really astonishing that you are no longer the past lucky lad of the Mysterious Heavenly Divine Pavilion. Yin Yu, we will meet again..." As his words echoed in the air, he disappeared from his former place on the reef.

While facing their deafening greeting, which was so loud that even the deaf might hear it, Su Yu just calmly smiled and said, "Stand up."

His voice was mild, yet it was like an awe-inspiring clap of thunder, which reverberated through the Dragon Abyss of the Nine Underworlds. As the crowd raised their heads, it seemed like they were witnessing the arrival of a great king.

Zi Yunxiang's body shook as she looked at him. Even though he was still the same youth who she was familiar with, he already possessed an imposing manner that only kings possessed. As such, no one dared to approach him.

"Everyone should go take care of his own duties," Su Yu said. All of the Heavenly Law Alliance's members obeyed his order immediately.

"Yun Xiang, let Old Chen come over to see me." Warmth appeared in Su Yu's eyes as he looked at Zi Yunxiang.

Zi Yunxiang softly bit her lips and brought Old Chen to Su Yu.

"Greetings Alliance Master, and congratulations for finishing your secluded cultivation." Old Chen respectfully knelt before Su Yu. Even though he was already a Level Two Fairy Realm expert, he was still as respectful to Su Yu as ever.

Su Yu faintly smiled. "Old Chen, you don't need to be this respectful. Did you come to report something to me?"

Old Chen slowly nodded. "I already finished preparing for your wedding, and I sent invitations to every corner of the continent. In ten days, the whole world will witness your wedding with Qin Xianer."

Luo Xiong and the others got excited when they heard his report, as Su Yu's wedding was an affair that would cause a sensation throughout the whole continent, and being invited by him to it was a great honor. Hearing this, Zi Yunxiang's body shook and her eyes became misty.

Su Yu smiled and sighed. "I can finally fulfill my promise to Qin Xianer. I will let the whole world be a witness to our unfinished wedding."

Su Yu then turned to gaze at a faraway place in the sea. It was the reef from which the youngster, who wore magnificent clothes, had just disappeared from.

Chapter 703: Power of All Creation

"Su Yu! I missed you so much!" A petite lady ran in from the courtyard with a look of joy and surprise in her eyes, then jumped right into Su Yu's arms.

To Su Yu, everything about her felt so familiar. Her scent, her aura, her body and its temperature were all like coming home. Su Yu smiled gently as he placed his arms around her shoulders and lowered his head to take a closer look at her.

They had met each other when they were just fourteen. Now, they were both eighteen. It seemed like time had not left its mark on this little lady's physical appearances at all.

Apart from looking slightly more mature, she showed no other signs of aging. She still looked exactly the same as when they had first met at the Twilight Mountains.

Her face was fair and smooth, and she had two crystal-like eyes with long fluttering eyelashes. She had luscious lips that were the color of peaches and an elegantly pointed nose. Her appearance was akin to that of an intricately made doll.

Right then, her big eyes were glimmering with tears of joy. She immediately hugged Su Yu in front of everyone, without any shyness. It felt as natural as giving a family member a hug.

"Xianer," Su Yu said as he caressed her head lovingly. "How is your father doing?"

Xianer was still indulging in his warm embrace as she nodded her head and said, "Father is doing great. He just misses you a lot."

Su Yu's smile was filled with an additional sense of warmth as he said, "It has been seven years, so I should fulfill his expectations. Xianer, are you ready?"

Upon hearing his words, Xianer's cheeks became flushed with a charming redness. She looked as beautiful as the scenery at dusk.

"Yes..." Xianer replied shyly as she hugged Su Yu even closer. She then murmured through her pursed red lips, "I am the luckiest girl in the world. I want to be Brother Su Yu's bride forever!"

The heartwarming scene caused everyone in the crowd to smile. Those who knew about the challenges that these two had gone through could not help but sigh happily. After countless things had stood in their way, these two could finally get married!

After a short moment, Su Yu suddenly raised his eyebrows and asked, "Xianer, why haven't you advanced to the Fairy Realm? Did the Fairy Pill not help you?"

Xianer had already reached the Three Crystals Half Fairy level before Su Yu had left for the Dragon Abyss of the Nine Underworlds. When he went away, he had left behind the Cloud Galloping Horse, which would have helped anyone else advance to the next level. However, it was completely useless for Xianer.

It was as if Xianer's breakthrough was a rare oddity, as normal medicines could not help her at all. After a thorough investigation, the greatest possibility that they could think of for this was that her physical qualities were very unique.

Xianer's physical qualities came from the Death Phoenix Constitution, which came from the Nine Spirit Death Phoenix. As such, hers were the kind of physical qualities which governed the living and the dead in the world, which just happened to be the most mysterious and frightening kind!

Even Yun Yazi, who had wanted to recruit a disciple with the same kind of physical qualities, could not get what he wanted. This is why they guessed that the obstacles that Xianer faced in advancing must mostly have been due to the Death Phoenix Constitution.

Su Yu had wanted to ask Yun Yazi about it. However, ever since the occurrence at the Mysterious Heavenly Divine Pavilion, he seemed to have overexerted himself and had entered a state of deep sleep, which he still remained in to this day.

Finally, Su Yu gave his only Fairy Pill to Xianer before he went into seclusion. He had obtained this pill from Tian Jizi's medicinal place of legacy in the Mysterious Heavenly Divine Pavilion.

Tian Jizi had personally created it and had claimed that it would certainly allow someone to advance to the Fairy Realm. Based on Tian Jizi's prowess, his claim could be trusted as being absolutely valid.

Moreover, he must have also taken into account the special physical qualities of some individuals, like Xianer. Therefore, Su Yu had decided to leave the pill with Xianer. However, upon seeing that she still had not advanced to the Fairy Realm, Su Yu could not help but frown.

"No, my instincts tell me that this pill should be able to help me advance. In fact, my body seems to crave this pill!" Xianer shook her head.

Su Yu was happy when he heard her words. However, he was stunned momentarily as he thought about it more. So, he asked her, "Then, why didn't you take it already? Don't you want to advance to the Fairy Realm?"

Xianer lifted her head, then extended her tiny hands to caress his face and said, "I want to. I even dream about it in my sleep. However, I want you to advance more than anything. That is because I can only see disappointment in your eyes right now."

Su Yu hugged Xianer even tighter in his arms. It warmed his heart that Xianer was constantly thinking of him and being considerate towards him.

After recollecting himself, Su Yu suddenly realized something. When did Xianer become this intuitive? It's as if she is able to read my mind!

When he looked into those bright eyes before him, he realized that the young lady he had known in the past had already grown up.

"Thank you, Xianer..." Su Yu said, while a warm sensation filled his heart and swept away all of the previous feelings of disappointment.

Although he could no longer pursue the path of martial arts, he had a beautiful wife to accompany him for life. He could not ask for more.

"Xianer, please consume the pill. I have already reached the peak of my cultivation in this world. Hence, whether I consume it or not does not matter for me," Su Yu said with a smile.

Xianer shook her head. "No, I want to leave it for you. Once you have recovered from your injuries, you can then use it."

Su Yu wanted to persuade her, but he saw how determined she was and decided to give up. After all, the Zhenlong Continent had already become peaceful once again.

Plus, as the entire area was under his jurisdiction, nobody could harm Xianer. Besides, there were still many opportunities ahead for him to convince her to consume the Fairy Pill.

“In that case, how are Jingyu and the Phoenix Cabinet Master? Have they woken up yet?” Su Yu asked.

Xianer lifted her head as a look of joy appeared on her face. “Sister Jingyu has woken up!”

Hearing this news, Su Yu felt like a great burden had been lifted from his heart. Xia Jingyu been unconscious for a long time. She should have woken up a long time ago, but that had not happened. As such, Su Yu was really worried that something else might have plagued her.

“However, the Phoenix Cabinet Master is still in a deep sleep. I am not sure why, but there were several occasions when she almost woke up, but fell back into a deep slumber immediately thereafter.” Xianer became quite sad.

After all, the Phoenix Cabinet Master was her master. Hence, she was plagued with worry over her. Su Yu was very concerned as well.

He cleared his throat and suggested, “Let’s go visit them now. You should all carry out your duties accordingly.”

After Su Yu gave a simple order to the rest of the people at the scene, he took Xianer to the forbidden area in the Hall of Mental Cultivation, where the Phoenix Cabinet Master and Xia Jingyu were resting. This place was patrolled by ten Fairies day and night. As such, not even a single insect could pass through unnoticed.

Inside the Hall of Mental Cultivation, the continent’s best doctors were constantly looking after the two women. As Su Yu and Xianer stepped into the hall, the figure of a pale and thin lady came into sight.

It was the Phoenix Cabinet Master. Her frown was clearly visible as she remained in a state of deep slumber.

Su Yu tapped on her wrist with his finger as he imbued a strand of Spiritual Energy into her. Suddenly, Su Yu’s brows raised and he looked surprised.

“That power.. It’s very familiar, isn’t it? It is the power of an All Creation Being!” All of a sudden, Elder Jiu’s voice could be heard from behind Su Yu. He sounded very serious.

Since there was no other place that he could go, he had stayed in the Heavenly Law Alliance to examine and oversee the Phoenix Cabinet Master’s injuries personally.

Upon hearing him, Su Yu’s facial expression changed suddenly. He then asked, “Why is there suddenly an All Creation Being’s power inside of her?”

“It must not have appeared all of a sudden. It could very well have been in there this whole time. We just didn’t notice it until recently,” Elder Jiu said as his frown deepened. He looked equally confused.

After all, there were no All Creation Beings in the Zhenlong Continent. Thus, the power could not have been imbued into her body at a later stage.

“Could she have been struck by an All Creation Being?” Su Yu asked as he entered a state of deep thought.

Suddenly, his eyes met Elder Jiu’s. They both looked surprised at the same time.

“Could it be the supposed Great Saint Master?” The two guessed at the exact same time.

Since the battle at the Dragon Abyss of the Nine Underworlds, they had found out from the Third Saint Master that the Great Saint Master had already been in the Zhenlong Continent all this time. He had remained hidden and had never shown himself.

The Great Saint Master was the person who Su Yu was most wary of. However, after giving it some thought, Su Yu did not think that this was a likely scenario.

After all, if the Great Saint Master had such a strong level of cultivation, he wouldn’t need to hide! Moreover, he wouldn’t have had to trouble the Blood Emperor to come into their world by sacrificing a Fairy artifact.

“Then... Who injured her?” Su Yu murmured. He then remained silent for a very long time.

Chapter 704: Inviting the Whole World to the Banquet

Xianer clenched her fair fists. “If I had diligently studied healing arts in the past, then my teacher wouldn’t have ended up in such a state.”

In the past, Xianer had wanted to just concentrate on the martial path, so she had refused to inherit the Phoenix Master Qiu’s healing arts legacy.

The Phoenix Master Qiu had the best healing arts in the whole continent, and if Xianer diligently had studied them, she might have been able to deal with the Phoenix Master Qiu’s current injuries.

“Everything will get better, so don’t worry.” Su Yu softly patted her shoulder and consoled her.

Xianer nodded. At this moment, soft footsteps echoed from outside the palace, and as a faintly sweet fragrance permeated the air, an extremely beautiful woman appeared before them.

She had beautiful facial features, including an exquisite nose and cinnabar-like lips, and her delicate face seemed like it was carved out of a fine piece of white jade. There wasn’t any part of her that wasn’t extremely beautiful.

If you looked at her for the first time, you might assume that she was probably a fairy that had just descended from heaven. She didn’t seem like one of the mortal world’s residents.

Before her beauty, all flowers and beautiful landscapes would lose their luster. Even the sun’s and moon’s radiances might be overshadowed by her. Even the aged and experienced Elder Jiu, who was peerless expert in the past, felt his heart fluttering when he saw her.

“Jingyu.” Su Yu was delighted, as even now, he still felt like he was somewhat not worthy of such a beautiful woman.

She was as outrageously beautiful as ever, yet Su Yu felt like her gaze was somewhat strange.

Xianer softly nodded. Although her expression wasn’t cold or indifferent, she didn’t show any delight in seeing Su Yu once again either. Su Yu felt like he was almost a stranger to her, and he found the current her quite strange to him as well.

Xia Jingyu was holding a bowl of medicinal soup, which she slowly placed on the table without taking a single look at anyone. “I already finished preparing her medicine, and since you are all here, you can feed her yourselves.”

Xia Jingyu’s tone was calm, without the slightest trace of any emotion. After she spoke, she turned around and left only her faint fragrance behind her, as well as the startled crowd.

“Brother Su Yu, it seems like sister Jingyu has changed.” Xianer blankly looked at the leaving Xia Jingyu. She was somewhat pained by her sight.

Su Yu was somewhat puzzled and nervous. He had to wonder...

Xia Jingyu has only slightly recovered from her illness... Did it have some strange side-effects on her?

“Xianer, look after the Phoenix Master Qiu. I will go and check on her,” Su Yu said.

Xianer nodded. “Okay, brother Su Yu. That sounds good, as I’m also worried about her.”

He then tapped the ground with his foot, soared up. He then followed Xia Jingyu’s aura until he reached her courtyard.

When he entered it, he was startled by the scenery in front of him. There were many pear trees here, yet they were all withered because it was autumn. Their dead leaves were all fluttering in the wind.

A beautiful woman was sitting before a table under the trees, drinking alone. Such familiar scenery brought back some blissful memories for Su Yu.

“Do you still remember? Under a full moon at night, beneath a pear tree, you taught me about a Holy Decree,” Xia Jingyu said softly, while still taking a sip of wine.

Su Yu became somewhat depressed as he entered the courtyard and sat in front of her.

He then said, “I still remember.”

Su Yu’s heart became heavy at this moment, and he couldn’t help but take a cup of wine.

“It’s a pity that the place has changed, as well as those two people.” Xia Jingyu raised her head and looked at Su Yu. Her gaze was aloof, cold and distant, as if she was ten thousand miles away from him.

Su Yu didn’t reply, but just continued drinking his wine.

“Out of the three black boxes in the Mysterious Heavenly Divine Pavilion’s Wisest Milky Way Formation, I got Tian Jizi’s Divine Decree from one of them, while you got

the Real Spirit Dragon Veins from another one. According to our agreement, we should evenly divide the contents of the last one. So, take it out now..." Xia Jingyu spoke to him coldly, as if they were just strangers.

Su Yu nodded at her, unbothered, as he really hadn't planned to take it for himself anyway. He turned his palm over and took out a black box, which he hadn't yet opened.

As Xia Jingyu tapped it with her finger, it partially opened and a fragrance fluttered out of it. Su Yu felt like his mind became more spirited instantly, and his life force became even more vigorous.

When such a fragrance assaulted his nostrils, he breathed it in deeply. At the same moment, he opened his eyes to see that his surroundings had drastically changed!

The autumn pear trees, whose leaves were already yellow and withered, had unexpectedly started brimming with life force once again, and many white flowers blossomed on them. A grand amount of grass and herbs also started growing in the courtyard, which was just moments ago in a desolate state.

It was like time was flowing backwards. This astounding transformation in the scenery startled Su Yu, and his expression gravely changed.

Then, his Vital Energy surged out of his body and covered him as he came to Xia Jingyu's side. He then said, "Jingyu, be careful. Its life force is too intense. If you absorb too much of it, you will..."

"My body will explode and I will die, right? It's the Fate Altering Pill, a divine pill from the primordial world, which is like a deadly poison to common people." Xia Jingyu was unusually calm as she spoke.

She already knew what was inside the black box before they had even opened it, and she had accurately guessed its origin. Su Yu was startled by her wisdom, and he found this current Xia Jingyu even more strange.

As they slowly opened the box together, two exquisite jade pavilions were revealed. There was a multi-colored pearl in each pavilion, which seemed like it was consecrated by them as if it was a divine Buddha. It could be easily discerned that it was a worldly spiritual treasure with just a single look, as it was those two objects that emitted such a terrifying life force!

Swoosh!

Xia Jingyu waved her hand at one of the exquisite jade pavilions, then took it into her sleeves and said, "If a dead person consumes this pill, he will immediately come back to life, and if a living person consumes it, then his body will explode, and he will die."

Reviving a dead person? Su Yu's eyes became filled with shock, and he had to wonder...

Does a pill, which could resurrect the dead, really exist in this world?

As he observed the dreadful life force being emitted, Su Yu slightly began to believe this to be true!

"Take it, as you will probably be in great need of it in the future," Xia Jingyu said calmly.

Su Yu nodded. He then took it into his Nine Jade Spiritual Pearl and properly stored it there.

As he looked at Xia Jingyu, who seemed strange to him, Su Yu opened his mouth to say something, yet Xia Jingyu spoke before he could do so.

“Su Yu, do you love me?” Xia Jingyu’s ice-cold expression melted as her eyes became filled with hopeful expectation.

Su Yu became taciturn for a moment before he nodded and said, “I love you.”

A faint smile blossomed on her face and delight appeared on it. Then, as if she was just freed from a great burden, Xia Jingyu pounced into his embrace, while tears of joy fell from her eyes.

She then said in a trembling voice, “I knew that you loved me. Since that’s the case, brother Su Yu, marry me! I’m the one you truly love, not Xianer! I’m the only one fit to be your bride.”

Su Yu’s heart shuddered as he saw Xia Jingyu shedding tears of joy. He stretched out his hands and slowly pushed her out of his embrace.

He wore a calm expression as he said firmly, “Sorry, I can’t marry you.”

Xia Jingyu’s smile stiffened as she asked, “Why?” She was still crying, but now her tears weren’t tears of joy, but of grief, sadness, and pain.

She held onto her chest as stared at Su Yu. “Tell me... Why? I’m the one who met you first, and I’m the one who shared many hardships with you. I invested my everything in you. Why are you choosing Xianer in the end?”

She finally let all of the emotions that she had constrained for so long erupt at this moment. Her anger was understandable, as she had directed her sword at a Holy King for him!

She had also used her own eyes to observe the Zhenlong Continent instead of him, who had lost sight in his own! For Su Yu, she was even willing to marry the central prefecture king in order to save his life! She was even willing to sacrifice her life for him.

He was the only person she had in her heart, yet in the end, right after she woke up, she had received this heart wrenching news of Su Yu’s and Qin Xianer’s wedding. He was cruel and ruthless indeed!

Su Yu felt his heart throbbing in pain at this moment. But, he knew that the arrival of this day would come ever since he chose Xianer.

“It’s because I promised her long ago,” Su Yu replied.

Xia Jingyu shook her head as tears streaked across her cheeks. “Then, what about me? I don’t have anything apart from you. I have only you alone.”

Her pained cries and wails were reaching the deepest part of Su Yu’s heart, tearing it apart.

“I will be beholden to you for my whole life.” Su Yu closed his eyes and decisively turned around, unable to take another look at her. However, the moment he turned around, his eyes became somewhat misty.

Xia Jingyu wiped her tears as she looked at Su Yu, who had just heartlessly left. Her eyes, which were gentle and warm in the past, became filled with madness.

“Su Yu! I hate you, and I swear that I will surely make you regret this!” Her ice-cold cry, which was filled with hatred, reverberated in the courtyard.

Su Yu’s whole body shivered when he heard it, and he felt like his heart had been gouged out of his chest. He felt like he had just lost something extremely important.

He would never again see this beautiful woman who had unsheathed her sword for him, wept for him, and risked her everything for him. Their relationship had officially come to an end.

“Jingyu, I’m sorry. I already promised Xianer. So, I will marry her and not you, but I will surely make it up to you... Somehow...” Su Yu murmured as he left the courtyard.

...

After ten days had passed, a great sensation rocked the whole world. The day had arrived for the whole world to witness the great wedding of the Heavenly Law Alliance’s Master Su Yu!

Many outstanding heroes rushed to the Dragon Abyss of the Nine Underworlds to congratulate him, and all of the factions, which were invited, came as well. Even most of the powerful experts joined in the grand occasion. All of the factions were invited, and the number of people present in the Dragon Abyss of the Nine Underworlds was more than several hundreds of thousands of people!

Old Chen, who was in the Heavenly Law Alliance Palace, was extremely excited. “All of the world’s famous heroes were invited here! Who would have expected that our Heavenly Law Alliance would have such a great turnout on his special day? However, as the Heavenly Law Alliance’s Master has always kept a low-profile, I have to wonder why he invited the whole world?”

Old Chen was puzzled by this matter. However, he noticed that it was noon now, meaning that it was already time for the festivities to begin, so he stopped giving a thought, as he had duties to attend to!

“Take the guests to their seats.” Old Chen revolved his whole body’s Vital Energy and shouted in an extremely loud voice.

He had to shout so loudly because, within a radius ten thousand miles, more than ten thousand banquets had been set up! The sight was truly majestic! Such a luxurious wedding had never been seen before, yet no one dared to criticize it, as Su Yu was the continent’s greatest king.

“His wedding is really different than any other common man’s!” A voluptuous woman, who wore a cold expression and had many complex emotions that were flickering in her eyes, exclaimed.

“Wu’er, don’t blurt out such improper words.” There was a graceful and beautiful woman standing beside her, whose eyes were lusterless. Yet, she forced herself to seem spirited as she said, “We came here to congratulate him, remember?”

Mo Wu bit her rosy lips and took a sip of wine. An Yurou and Mo Wu, who Su Yu had evaded, had appeared here at his wedding.

“He’s now already the number one expert. Who in our whole faction would have expected that we would one day be honored just because he came from our faction?” Ji Hongxue softly chuckled, as she felt like the upturn of fate were really surreal.

“All of the people here are famous experts, yet a small faction like ours was also invited here. If it wasn’t for that fact that he came from our faction, then we probably wouldn’t be here today.” Chan Yufei blinked her pretty eyes and sighed, while complex emotions welled up in her heart as she thought about what she had experienced with Su Yu in the past.

Ji Hongxue softly chuckled, “Didn’t you notice that even the Yun Family was invited?”

Chapter 705: Not Praying to the Universe

As Chan Yufeng fixed her gaze forward, she saw an elegant lady sitting at the same table. The lady sat in an upright manner and looked somewhat embarrassed.

“That is Princess Yun Yan, Li Hao’s fiancée. I can’t believe she came,” Chan Yufei said with an odd look. Everyone in the Liuxian faction knew about Princess Yun Yan and her fiancé.

Li Hao had once tried to sabotage Su Yu, but ultimately failed to do so. In a surprising turn of events, Yun Yan was almost forced to marry Su Yu. It had actually become a running joke within the faction.

“I once heard that Yun Yan locked herself in her house in order to avoid Su Yu. Her presence here today must be the direct result of family pressure,” Ji Hongxue said with a laugh.

Chan Yufei nodded as she looked around. “It seems that everyone Su Yu knew is here. It makes sense, as everyone was invited. Even your disciple’s father is here.”

As their gazes shifted, they could see Ji Hongxue’s main disciple, Li Jun. He was only ten years old, but he sat very respectfully next to his father, who was dressed in a yellow robe.

“Father, the legend of the continent is truly your old friend,” Li Jun said respectfully as he stood up to bow before the middle-aged king. Li Jun looked very proud and amazed.

As he had immersed himself in the martial arts world, he understood the weight that Su Yu’s name carried, much more so than his father. Su Yu’s name represented the peak of the martial arts world.

As such, Su Yu was a legendary existence. It was for this reason that his invitation was a great source of pride for them.

“Brother Su, do you still remember me? I am the Third Prince,” The yellow-robed man said. “Congratulations, old friend.”

At a table not far away, Zi Donglai seemed a little depressed as he sighed.

“Hehe, fate is preordained. Why are you still not willing to let go, Housemaster? Her fate has already been decided. Let her handle it herself,” Lin Yunhe said as he chuckled. He was trying to console Housemaster Zi.

Zi Donglai sighed yet again as he glanced towards Zi Yunxiang, who was next to him. He felt helpless.

“Father, I am alright.” Zi Yunxiang smiled gently. However, it seemed like a forced smile. Anyone could tell that she was filled with burdensome thoughts.

Behind them, there was a table that attracted a lot of attention because of all of the shockingly beautiful women who were sitting at it. In the continent, the only group capable of yielding such attention was the Phoenix Cabinet.

“Cabinet Master, you must feel bad, don’t you?” Feng Xianzi asked in an almost laughing tone. However, she did try to keep her voice down.

The Phoenix Cabinet Master tried to act nonchalant. “There is nothing more between him and myself apart from the past. As for you, you must feel equally bad, don’t you?”

Feng Xianzi was stunned for a while as her smile faded away. She remained silent for some time before letting out a soft sigh.

...

After a few minutes had passed, all of the guests had finally sat down in their designated seats.

“Please welcome the groom and bride!” Old Chen shouted loudly.

Every suddenly cheered as their gazes turned towards the upper region of the palace. All of a sudden, fireworks that were every color of the rainbow filled the air.

In the midst of the resplendent lightshow, two figures in red appeared from the middle of the palace. The man was dressed in a red-colored robe, and his silver hair flowed in the air. His appearance looked as if a fairy had descended into the human realm.

The other figure was a woman, who was covered in a cloak and wore a beautiful jade crown above her head. Her fairy-like dress flowed behind her, and she looked exquisitely beautiful.

They looked like a match that had been made in heaven as they arrived before their wedding guests. It was a magnificent scene.

“Everything is so beautiful!” someone in the crowd exclaimed, then sighed out loud. The couple, the scenery, and the aura in the surroundings were all extremely lovely.

“Thank you, everyone, for attending my wedding. I am forever indebted to you all.” Su Yu bowed towards his guests as he thanked them.

“Congratulations, Alliance Master Su.” The crowd exclaimed in unison as they all began to move forward to offer their congratulations.

“Congratulations!” Even the Great Lord from the Empire of Darkness stood up to congratulate Su Yu.

Ever since the battle at the Dragon Abyss of the Nine Underworlds, the Great Lord had thoroughly learned his lesson and was now truly grateful and respectful towards Su Yu.

As myriad congratulatory wishes filled the air, Su Yu looked at everyone and smiled. He then turned towards Qin Xianer and asked, “Xianer, all of these people are congratulating us. Are you satisfied with all of this?”

Xianer’s small hands held Su Yu’s palm tightly as her heart beat fast. When she heard him, her face turned red and tears filled her eyes.

She sounded like she was about to cry when she spoke, “Yes. This all feels like a dream. I am about to become Brother Su Yu’s bride! I am so happy...”

All of a sudden, her voice cracked and a few of her tears fell on Su Yu’s hand. Sensing the warmth in her tears, Su Yu held her hands even tighter.

“Xianer, do not worry. Today, I will give you a grand wedding that you will never forget,” Su Yu said softly.

Old Chen was thoroughly moved by the scene. “The grand wedding begins! First, bow towards the temple!”

As soon as he spoke, countless guests looked at each other. According to tradition, the first bow at a wedding should always be towards the universe. This was because the universe was the greatest power, followed by the temple. Then finally, the bride and groom would bow towards each other.

However, Su Yu’s wedding had completely ignored the bow towards the universe! The people were shocked to see that he would not even pray towards the universe! This break from tradition stirred up a conversation among the guests...

“It is Alliance Master Su, after all. He does not pray towards the universe, and he also does not have any respect for ghosts or gods,” someone in the crowd said.

“There are not many people who would dare to do such a thing! He is a unique person indeed,” someone else chimed in.

Only those who knew Su Yu’s past would understand Su Yu’s intentions. He had always done exactly as he wished.

So, it did not surprise them that he would choose not to bow towards the universe. After all, for the countless times that he had risen up in power and status, including the time when he forcefully cultivated the Pure Divine Decree, he had never once bowed before the heavens.

Everyone smiled as they looked at Su Yu in silence. He was going to carry out his wedding in his own way.

Su Yu looked extremely calm as he pulled Xianer’s little hands and bowed towards the Duke of Xianyu, who sat before them. However, as soon as they bowed, the sky suddenly turned dark. At the same time, a huge thunderstorm began to form all around them.

The entire Dragon Abyss of the Nine Underworlds seemed to have been covered by dark clouds in an instant. This odd phenomenon, which had appeared out of the blue, caused the facial expressions of the entire audience to change drastically.

“What is going on?” the Phoenix Cabinet Master asked in surprise as she looked towards the skies with a confused expression on her face.

The only similar scene she had witnessed to this had occurred half a year ago, when the frightening aura had appeared in the Zhenlong Continent. All of a sudden, the cheerful atmosphere had been wiped away.

Many people were now becoming anxious and were unable to sit still. Elder Jiu gradually stood up from his seat, his aged face showing a worried expression as he fixed his gaze towards the sky. There was also a hint of fright in his eyes.

“Heavenly... Might...” Elder Jiu mumbled in a trembling voice.

On the stage, Xianer’s body was shaking. Her knees felt weak as an inexplicable pressure fell upon her. She subconsciously leaned toward Su Yu. He held Xianer’s small hands as he looked calmly towards the dark clouds in the sky.

“You are finally here, Heavenly Might. It’s been a long time.” Su Yu’s voice was completely calm. It almost seemed like he had expected this scene.

The sky rumbled as lightning began to appear. The loud thunder was causing people’s eardrums to vibrate painfully.

All of a sudden, the dark cloud above Su Yu’s head rapidly turned into a huge spinning vortex cloud. As he looked over with his head raised, he could see an opening in the air. A heart-stopping aura could be felt, and it was slowly coming out of the vortex!

“For the marriage to continue, you must bow towards the universe!” The illusory voice could be heard very clearly throughout all corners of the universe.

Although the sound came in through everyone’s ears, it felt as if the voice had come from the depths of each person’s heart. Everyone was shocked, and they all wondered...

Is the universe speaking?

Must Su Yu bow towards the universe before he bows towards the temple?

Elder Jiu looked very serious as he stared at the vortex in surprise. His contracted pupils seemed to have noticed something as his face shook slightly in fear.

However, Su Yu’s gaze remained calm as he replied, “It is my wedding. I do not need the universe’s approval. You should get lost! In fact, go as far away as possible.”

After he spoke, Su Yu took Xianer’s hands and said softly, “Xianer, let us continue.”

Sensing the strength in Su Yu’s hand, Xianer’s palpitating heart began to calm down. She then followed after Su Yu with her hands in his as they both knelt down and bowed. Although the Duke of Xianyu was shocked by the odd phenomenon in the sky, he also appeared very calm as he accepted their gestures.

“First bow,” Old Chen said as he tried to remain calm. Su Yu and Xianer bowed after they heard his direction.

Rumble.

Suddenly, the angered sound of rolling thunder could be heard. Then, the sound of rolling thunder began to fill the sky, while everyone became blinded by the bright lights of the storm.

In this same moment, huge waves formed on the surface of the sea. The waves were so tall, they reached the skies and caused huge, lapping sounds as they slammed back into the ocean.

Bang.

All of a sudden, the thunder and lightning from the storm descended towards Su Yu and Qin Xianer. It looked like the end of the world!

“Young man, as you have defied the heavens, you will be killed!” The universe let out a loud illusory sound once again. It was filled with the Heavenly Might.

Each of the hundreds of thunder claps gave off a destructive feeling to everyone present. Even a Grade One Fairy would instantly be turned into dust by that kind of might. This was even more frightening than the disastrous thunder!

“Alliance Master!” the annihilation team shouted loudly. Although they wanted to help Su Yu, they were at a loss, as they couldn’t possibly be faster than lightning!

However, Su Yu did not even lift his head as he retrieved a colorful suit of armor from his sleeve casually, with his back still facing the lightning. The armor gave off a loud roar as hundreds of thunder claps and lightning bolts were emitted from it, which collided against the incoming thunder and lightning bolts. The collision caused a sudden expansion of energy.

All of a sudden, a loud bang could be heard, which caused the ground to shake. The impact that had been created by the collision resulted in bouts of huge waves, which swept across the entire island! But, the most terrifying thing was that the huge waves were about to collide with the guests!

“Formation!” A shout could be heard from somewhere to the side.

Just as the guests were about to be hit by the waves, a strong bright light was suddenly emitted from below their seats. A huge light screen, which appeared to be a semi-circle that was the color of dusk, began to take form around them. It was keeping them safe within it!

As the huge current swept over them, the huge light screen was vibrating strongly. However, it was not destroyed.

“The Phoenix Cabinet’s mountain-protecting great formation?” someone guessed.

“No. Although it does look similar, this shield’s might is even more shocking! Even a Grade Five Fairy would not be able to break through it!” Elder Jiu said in surprise. As he gazed upon it, he couldn’t help but wonder... Under whose instruction was such a strong formation spell created? This must not be someone from the Zhenlong Continent!

Even the Phoenix Cabinet Master's eyes were wide open with surprise.

Then, Feng Xianzi asked with a tone of shock and confusion, "Half a year ago, Su Yu borrowed the mountain-protecting great formation from us before he went into seclusion. Could he have predicted this would happen?"

As everyone looked at Su Yu, who still looked calm as he stood on the stage, they started thinking that perhaps Su Yu had intentionally chosen not to bow towards the universe in order to cause this exact scene. He seemed too calm... Too prepared!

"Second bow," Old Chen said, focusing on continuing the ceremony.

Su Yu and Qin Xianer bowed yet again. Right then, hundreds of thunder claps came forth once again. However, they were dispersed with ease by the thousands of disastrous thunders, which were stored in the Thunder Herb Armor.

"Third bow!" Old Chen instructed.

Finally, Su Yu and Qin Xianer had completed their three bows towards the Duke of Xianyu.

"Bride and groom, now bow towards each other!" Old Chen instructed.

The final bow would be between the soon-to-be newlyweds. This final bow would officially join them as husband and wife!

As Su Yu pulled Xianer up, he looked into Xianer's eyes under the stormy sky. Xianer's face was filled with joy and excitement.

Under the stormy sky, which seemed to be the sight of the end of the world, they bowed towards each other.

Chapter 706: The Heavenly Wrath's True Face

"You should suffer the wrath of heaven for your bonding in defiance of heaven." An apathetic voice, which stirred everyone's emotions, echoed once again from the world.

The lightning disappeared at this moment, and an extremely terrifying aura erupted out of the cyclone, while an ancient tower came out of it. This shocked the crowd.

The ancient tower emitted a terrifying pressure, and it seemed like all living beings were constrained by it. They all became restless at such a moment.

A youth was sitting cross-legged at the peak of the tower, and a mysterious-looking ancient sword was stuck on the ground beside him. The ancient sword contained a peerless murderous aura, and it seemed as if it wanted to slaughter all of the world's living-beings. Everyone felt their hearts intensely thumping.

This scene caused the Phoenix Cabinet's Master's pupils to contract until they became as thin as needles. In the past Phoenix Meet, this ancient tower appeared to obstruct Su Yu when he defied heaven and tried to refine a Pure Divine Decree.

Now, it appeared once again. This tower represented heaven, the world, and the world's will, which was overlooking all living beings. If Heaven wanted someone dead, then that person would die despite everything.

At that moment, a green light beam, which possessed an aura that was capable of exterminating all living beings, shot out of the giant tower. The light beam didn't engulf Su Yu, but it engulfed the whole Dragon Abyss of the Nine Underworlds!

Elder Jiu's expression gravely changed when he saw it. "Everyone, quickly leave the island! It's extremely dangerous."

Elder Jiu warned them because he felt a great threat coming from the light beam. But, the light beam was extremely fast, so it was unknown whether they could escape in time...

"Enter the palace." As Su Yu waved his right arm, a green light flickered and an ice-cold beautiful woman suddenly appeared. It was Wu Aoyue.

Wu Aoyue wore a composed look as she guided the hundred thousand people into the Heavenly Law Alliance's Palace. At the same time, she crushed a jade pendant.

After the jade pendant was crushed, a giant light screen covered the whole Heavenly Law Alliance's Palace. Right then, the light beam bombarded them.

The terrifying light beam contained the world's will, which wanted to exterminate all living beings. The light screen quickly melted like snow, and even the birds were burned into nothingness by the light beam.

The island's ground and boulders were like snow in the face of the light beam, all being gradually melted by it. The light beam erased everything in its path, and after it disappeared, everyone sucked in a breath of cold air as they gazed in shock and what was left behind it.

The Dragon Abyss of the Nine Underworlds, which had existed for more than ten thousand years, had been thoroughly erased. There wasn't even a single part of it left.

"What a terrifying destructive power, even Divine Masters would probably be incapable of surviving it." Elder Jiu's gaze was filled with shock, and his expression became grave.

If he faced this destructive light beam, then it would be impossible for him to survive it with his current cultivation. However, what really made his pupils contract was that he witnessed a light screen above the Dragon Abyss's island, which had just disappeared.

The Heavenly Law Alliance's Palace, which didn't suffer any damage, was within the light screen. The people inside it didn't suffer any injuries either.

In fact, Su Yu and Xianer were even still bowing to each other. It was like the destructive light beam hadn't affected them in the slightest bit. When Su Yu and Xianer raised their heads, their bowing ceremony came to end.

"The ceremony has come to an end," shouted Old Chen in a loud voice, and with his shout, Su Yu and Xianer officially became husband and wife.

After eight years, they had finally finished their wedding. Countless claps of thunder echoed, as the Heaven was extremely infuriated. After all, they had defied heaven and finished their wedding, even while in the face of such a destructive light beam!

“Brother Su Yu.” Xianer’s eyes were filled with excitement and her body lightly shivered as she nestled in his embrace. “I’m not dreaming, am I?”

Su Yu smiled and embraced her as he looked at the crowd. “Everyone, thanks for coming here to witness my and Xianer’s wedding,” he said in a loud voice. “Now, please retreat for the time being, as I must face what will come next alone.”

Rumble!

A place on the ocean beneath the palace, in which the Dragon Abyss of the Nine Underworlds once was, started opening up, revealing a gloomy cave.

Elder Jiu was startled, and he asked in surprise, “The Dragon Abyss of the Nine Underworlds?”

The Dragon Abyss of the Nine Underworlds was unexpectedly within the cave, and it was filled with magma, which had already cooled off half a year ago. As it was revealed, a Spiritual Energy, which was ten folds denser than the world’s, surged out of it. It was comparable to the Spiritual Energy within the land where the Empire of Darkness stored ten thousand years’ worth of its resources.

If someone carefully observed it, he would find that it was filled with a large number of resources and spiritual treasures. In fact, it was enough to sustain the hundred thousand people for several hundred years.

As he looked at it, Elder Jiu was startled once again, as it was obvious that it was prepared by Su Yu early on. All of the people became spirited and fled into it in order to evade the terrifying Heavenly Wrath in the sky.

After a short while, most of the hundred thousand people had left. Only a few remained.

“Alliance Master, the annihilation team will stay here with you.” Luo Xiong led the annihilation team’s guards and followed behind Su Yu.

Elder Jiu had also stayed. At the moment, he stood beside Su Yu, along with the Great Lord, the Phoenix Cabinet’s Master, and Ji Hongxue.

They all stood beside Su Yu and looked up to the tower, which emitted a dreadful pressure. As Su Yu swept over them with his gaze, he saw fear and decisiveness in their eyes.

He was soothed by such a sight and softly chuckled. “I’m really happy that you are willing to stay here with me, but this is my fight, so you go to the Dragon Abyss. After a short while, I will thoroughly seal it, so no one in the outside world will be able to open it. This way, even if the continent is destroyed, you will still be spared.”

Elder Jiu was puzzled. “Lad, what are you planning to do?”

Su Yu sighed as he replied, “I had an ominous premonition before the fight in the Dragon Abyss occurred. I know that the true disaster still has yet to appear. So, I’ve secretly been preparing for it during this last half a year.”

He then added, "All of the resources that I have stored are in the Dragon Abyss, and it's enough for supplying our world's greatest experts for several hundreds of years. I just used my wedding as a pretext for gathering them here, so that I could protect them. I can't protect the whole continent, but I can, at the very least, protect all of you."

The people here were shocked when they heard him. They were overwhelmed to know that he had started preparing for this half a year ago. Moreover, the world's will really appeared as he had expected it would.

"Then, what's the matters with those formations?" Elder Jiu was astonished by them, as they were unusually powerful.

"We must thank the Third Saint Master for that, as I got a rare book about formations from him. Furthermore, Yue'er is the who studied it and set up the formations." Su Yu then pointed at Wu Aoyue, who was quietly standing behind him.

Wu Aoyue had a broad and vast amount of experience, so she was somewhat knowledgeable of formations. She had diligently studied one of the formations in the book in order to help Su Yu. As Su Yu had a huge amount of resources, they were able to set up two great formations.

Elder Jiu was dumbstruck.

"We mustn't tarry! Quickly, go! I need to face what's next alone," Su Yu urged as he coldly looked at the tower. "Our enemy is too powerful, and you can't be of any help to me. Instead, you would just be a burden to me, so quickly leave! Don't let my efforts go in vain."

The people started hesitating, but they still obeyed because of Su Yu unceasing urgings. Even Elder Jiu entered it along with them. In the end, there was just a single person left who wasn't willing to go.

"Xianer, I don't want you to suffer any harm, so please go too," Su Yu said.

As Xianer shook her head, there wasn't any fear on her face. Instead, she revealed a bright smile as she tightly held Su Yu's hand and said, "I want us to grow old together, so if you die, then there is no need for me to continue living alone."

Su Yu smiled in delight. "Okay." He then took her into his embrace.

Xianer was also delighted, and she clenched her fists as her eyes became filled with determination. However, she suddenly felt a faint pain in her neck, then quickly started to faint.

She managed to barely understand what had just happened before she lost consciousness completely. Su Yu had tricked her!

"I'm sorry, Xianer, but I should face this alone." Su Yu carried Xianer into the Dragon Abyss and handed her over to Wu Aoyue. "Protect her."

Wu Aoyue nodded, then said to Su Yu, "Be careful."

Su Yu nodded, then flew away. As he flew, he clenched his fist, causing a grant amount of golden leaves to fly out of his sleeves. The leaves then covered the Dragon Abyss' entrance.

Elder Jiu was slightly confused for a moment, then he suddenly cried out in alarm, “The Heavenly Orchid Silver Bamboo’s leaves!”

The Heavenly Orchid Silver Bamboo was Jiuzhou’s greatest divine bamboo. It was only because he knew how precious it was that he was able to recognize it.

He was astonished, as it was a divine treasure, which even All Creation Old Monsters would earnestly seek in vain without managing to get it. However, Su Yu unexpectedly possessed it! Moreover, from the great number of leaves before him, it was obvious that Su Yu possessed a great number of such divine bamboos.

“This lad really was able to hide it so well!” Elder Jiu was greatly shocked, as Su Yu was really capable of shocking him countless times!

It would be impossible for even Divine Masters to break a seal made from such a strong object as the greatest divine bamboo. This was a crucial object that they needed to protect them and ensure their eternal safety. It was impossible for it to be opened, unless someone opened it from inside.

After he finished doing all of this, Su Yu was no longer worried about their future safety. Finally, he heaved a sigh of relief. At this moment, Su Yu raised his head and looked at the tower.

“I have waited for you for a long time, and it’s finally time to settle everything between us, isn’t it, Great Saint Master?” Su Yu muttered.

Although the Dragon Abyss was sealed, the people inside it were still able to see what was happening outside, and they all quieted down when they heard Su Yu’s words.

The Great Saint Master? The most mysterious commander of the otherworldly army’s Black Shadow Guard?

Is he unexpectedly the youth who represented heaven’s will?

Elder Jiu found this to be unbelievable. “How is this possible? This tower was always present in this world, so how is it possible that the person is the Great Saint Master?”

Elder Jiu then continued to ponder this...

He was also present in the past Phoenix Meet, so if the person is the Great Saint Master, then doesn’t this mean that he was present in the Zhenlong Continent before the otherworldly army’s invasion even started?

If this is really the case, then why didn’t he show himself? Moreover, how did the Great Saint Master manage to represent Heaven’s Wrath, which supervised all living beings?

This is utterly impossible...

“Heaven-defying lad, you should be executed.” The youth slowly opened his eyes, while his awe-inspiring voice echoed out, despite the fact that his lips didn’t even move. His words contained a heavenly prestige, which caused unceasing rumblings to echo out.

Su Yu stood at the roof of the palace and looked at the sky. “A representative of Heaven’s Wrath... Such words can deceive anyone, but they can’t deceive my eyes. Shortly after I used my defying

will to condense a pure decree such as the Pure Divine Decree, my eyes were injured, but I was still able to have a clear look at you first.”

Su Yu’s eyes were filled with disdain, “Heaven’s Wrath isn’t at all the wrath of the world, and it’s just a Pure Divine Decree. You are just like me, a martial artist who managed to cultivate a Pure Divine Decree that is capable of emitting Heaven’s Wrath. You are just a mere mortal.” Su Yu exposed him with his words.

Su Yu’s Heavenly Eyes were representing Heaven’s Punishment, and they were also capable of emitting the Heavenly Wrath. Such was also the case for the youth, who proclaimed himself as being the representative of Heaven.

Alas, he was just a mortal like Su Yu. “Thou shouldn’t...” The youth spoke once again in a sharp tone.

However, his words were interrupted by Su Yu’s thunderous voice, “Stop putting on such an act and pretending that you are from heaven. You are just a chess piece placed here by the central prefecture’s king to prevent the appearance of experts in the Zhenlong Continent.”

Su Yu then added, “It’s because of you that the tribulations that the Zhenlong Continent’s people face while advancing to the Fairy Realm are extremely terrifying!”

When Elder Jiu or the Heavenly Law Alliance’s members were passing their tribulations, an extremely terrifying golden disastrous thunder would always appear after the first three normal claps of disastrous thunder. Such a thunder never left them any route of escape.

From such a fact, it could be seen that the last thunder was trying to kill them on purpose, and the person behind all of this was the youth in front of him, who was pretending that he represented Heaven’s will!

“Heaven’s Wrath shouldn’t be disrespected.” The youth spoke apathetically, while another destructive light beam was condensed within the tower.

Su Yu sneered at him. “You are still putting on an act, so I will shortly tear away your mask.”

#### Chapter 707: Divine Master

As Su Yu tapped on the Thunder Herb Armor above his head with his hand, the thunderbolts that had been contained within it for a long time completely exploded. Nearly eight hundred thunderbolts instantly appeared as they lit up the sky with a myriad of colors.

Some of them were normal disastrous thunders, while there were also several hundred odd-looking golden disastrous thunders. Normal disastrous thunders appeared when someone faced his tribulation in order to advance to the Fairy Realm. However, the golden disastrous thunders that had appeared at the end were intentionally created to kill such people who tried to advance!

“Have a taste of your own thunderbolts!” Su Yu shouted coldly as all eight hundred thunderbolts rose towards the vortex in the sky, accompanied by loud roars.

Such a stunning sight looked like the end of the world. It shook everyone’s hearts thoroughly. Right then, the entire continent, including the northern, southern, eastern, and western regions, all experienced the might of the menacing thunder. Even the eastern continent, which was the furthest away, could sense the rumble, which emanated even from the depths of the sea!

All of a sudden, all of the beings in the entire continent were in a state of panic. At the peak of the ancient tower, the young man's calm demeanor wavered for the first time as a frown appeared on his face.

The odd Thunder Herb Armor seemed to have exceeded his expectations. After all, based on the understanding of the commoners, the Thunder Herb could only withstand thunderbolts. However, when the Thunder Herb was in Su Yu's hands, it was actually able to absorb disastrous thunders for his own use.

Right then, the ancient tower emitted a loud sound as destructive light descended from it and engulfed the world. In that moment, hundreds of thunderbolts collided against the ancient tower's light. As both of them seemed to contain a energy that could annihilate the entire continent, they caused a huge collision, one unlike any that had ever happened before!

Bang.

As if the earth and the sky were being separated for the first time, a huge earthquake occurred. It emitted a deafening roar! The sound waves created by the collision contained a destructive force, which spread out in all directions.

From the Dragon Abyss of the Nine Underworlds, which acted at its center, the force moved through the ocean's water as it spread out in every direction. An endless tsunami seemed to be sweeping across the continent and soon flooded all of the lands. Countless mountains and valleys in the northern continent were instantly submerged by the seawater.

The Liuxian faction, the Wolong Snowfield, the Hundred Territories Alliance and the Phoenix Cabinet were all engulfed by the seawater and sank to the bottom of the ocean. The huge tsunami had caused the entire continent to shift thousands of miles!

As such, the northern continent had been completely destroyed. Countless live spirits in the northern continent were annihilated on the spot.

As for the rest of the continent's regions, the grounds were cracking up, while volcanoes were erupting all over. Cities were crumbling from strong earthquakes, while citizens were fleeing for their lives!

All of a sudden, a great disaster had caused all of the living beings in the continent to enter a state of absolute fear. Cries of shock and terror could be heard all over the place.

In the Dragon Abyss, those who witnessed the epic collision were in a panic. Words could no longer describe the shock and fear that filled their hearts. This was not a mere battle... It was the end of the world!

Once the waves slowly subsided, the situation on the battlefield could be seen clearly. Su Yu was still standing on his original spot. Not a single hair on his head had been touched.

In the sky, the dark clouds had all faded away, having been dispersed by the impact of the collision. The only thing that remained was the lonesome ancient tower, which floated in the air, as well as the young man above it.

Despite the frightening thunderbolts, the ancient tower had somehow remained standing. However, it looked like it had been badly affected, as cracks could be seen all over it. Pieces of damaged bricks were also falling off of it and crumbling into the ocean.

The sheer strengths of the thunderbolts could be clearly observed from this damage. These disastrous thunders that had been collected from hundreds of tribulations were definitely the most frightening!

Even if a Divine Master came forward, he would not be able to withstand them. As such, the consequences faced by the ancient tower were not surprising.

However, oddly enough, the ancient tower was still emanating a destructive aura from within. The aura had not seemed to weaken, despite the tower's damaged state. This was very odd!

Although the young man who was above the ancient tower seemed unharmed, there was a look of anger in his eyes, which replaced the previous proudness he had displayed upon it while he was playing god earlier.

"Su Yu!" The young man shouted with a murderous tone.

The corners of Su Yu's mouth lifted as he began to throw insults at the young man, "What's the matter? Are you done with pretending to be god? How dare a normal human like you pretend to be a god and try to conquer all beings? What a joke!"

The young man was angered by Su Yu and could no longer keep pretending. "I really should have sacrificed everything to kill you back then!" The young man said as he stared at Su Yu coldly.

According to logic, since the young man had already been inside the Zhenlong Continent, he clearly had countless opportunities to attack Su Yu. However, he had never shown himself since the beginning.

He had only appeared when someone was experiencing a tribulation or going against heaven's wishes. Therefore, he must have been wary of something or someone to have chosen not to attack Su Yu yet. Otherwise, Su Yu would already be dead!

"You can attempt to do so now!" Su Yu put the gloomy Thunder Herb Armor away as he stood with his hands behind his back and shouted, "Show me what you've got!"

The young man's eyes narrowed as he stood above the ancient tower's tip. It seemed like he did not want to leave the ancient tower.

"Su Yu, there is no need to rush. If you want to die, your turn will come shortly! I need to find someone else first!" The young man resisted his urge to kill Su Yu as he revealed why he had truly appeared.

Killing Su Yu appeared to only be something that he would do out of convenience or as a side note. He had another objective in mind, which was what had really warranted his appearance.

"Shen Yichen, why are you still hiding? Since I have shown myself, it means that everything will now come to an end! There is no use for you to stay in hiding!" The young man looked around as he shouted loudly.

As his voice had resonated throughout the corners of the entire Zhenlong Continent, nobody could have missed it. This caused everyone to wonder...

Shen Yichen? Who is that?

Did the otherworldly people invade the Zhenlong Continent to look for this man?

Why has no one heard this name before?

Even though the young man's voice resonated throughout the universe, there was not a single response.

The young man revealed a cold look, then said, "We have been testing for the past three years. We can confirm that you have fallen from the godly ranks to a mere martial artist. This is the last time we will come after you. I will give you three breath's time. If you do not show yourself, I will kill every living being in the Zhenlong Continent!"

He then added, "Come out!"

Then, the young man leapt into the air as the ancient tower beneath him shook greatly. The ancient tower, which was already falling apart, started crumbling from the vibration before it quickly crumbled into pieces.

Why is he destroying his own ancient tower? The people in the Dragon Abyss were very confused by this sight. They knew very clearly that this person, who called himself a Saint Master, was not dumb. As such, they knew that something even more frightening must be happening after this!

Indeed, as the ancient tower collapsed, a nearly transparent tower, which was the height of a human being, gradually appeared from within it. This was this tower that was emanating the destructive aura!

The facial expression of Elder Jiu in the Dragon Abyss changed drastically as he said, "Impossible! How could this item fall into the hands of the Central Prefecture's King? Could he have already taken the place of Emperor Jiuzhou? This high-quality fairy artifact, the Imperial Tower, can be used to move across millions of miles in space! Only Emperor Jiuzhou can control it! How did it fall into his hands?"

As Su Yu used his Soul Eyes to scan the transparent tower, he tried not to miss a single thing. However, when he scanned the inner sections, his facial expression suddenly changed drastically. His soul power was suddenly annihilated by some kind of force!

"This is interesting. Such a talented person actually exists in an abandoned place like this! It seems like your Soul Eyes have already entered the second level." A cold laughter could be heard from within the tower clearly.

Swiftly thereafter, the surface of the transparent tower began to twist and turn to form a vortex, which connected the outside to a tunnel inside. A yellow-robed figure then stepped out from within the tunnel!

The yellow robe that the person wore seemed very old. In fact, it looked as if he had not changed it for several decades. The sides looked quite worn and were badly torn. Also, a chilly and creepy aura was emanating from the robe.

The owner of the robe was an old man with empty holes in the place of his eyes. Two jade-colored ghost flames could be seen flickering within the holes. At first glance, he looked exactly like a ghost!

One could not feel an ounce of Vital Energy within his body. One could not even sense any life force around him at all. If he was not actually standing before everyone in that moment, no one would have even been able to notice his presence.

As soon as he appeared, Su Yu got goosebumps all over his skin and a sense of danger filled his heart. "Divine Master!" Su Yu exclaimed as his pupils narrowed to the size of a needle.

#### Chapter 708: The Great Saint Master's True Face

Such a great wave of pressure was something that only a Divine Master could make Su Yu feel. Su Yu had guessed that he wouldn't fight just the Great Saint Master alone in this battle, as many Fairy Realm experts or Divine Masters might appear as well.

He really didn't expect that it would be like he surmised, as a Divine Master really had appeared! From his experience with Lü Chuyi, he clearly understood how terrifying a Divine Master was. Such was an existence that even Fairy Realm experts could never rival.

Just a thought from a Divine Master could determine a Fairy Realm expert's fate, and even though Su Yu had many hidden trump cards, he was still of how to deal with a Divine Master.

Although he wore a calm and composed look, he was still extremely nervous at this moment. He was cautious, as he knew that the Divine Master could make a move at any time.

Elder Jiu, who was in the Dragon Abyss, was filled with despair as he uttered a name in a deep voice, "The Bright Light Guard's Venerable Fu Gui."

The most powerful faction in the central prefecture was the Bright Light Guard, and it was led by those who had mastered the famous Heaven Extinguishing Divine Palm. On the other hand, the Black Shadow Guard was led by the Great Saint Master.

In the past, the Zhenlong Continent was destroyed by the Heaven Extinguishing Divine Palm, and many prosperous civilizations had been destroyed during this attack. In fact, countless palm prints were still left on the continent even to this day.

The man who wore a yellow robe was obviously dozens of miles from the Dragon Abyss, yet he still clearly managed to hear Elder Jiu's soft exclamation. An eerie green flame flickered in his eyes as he looked at the Dragon Abyss.

It seemed like his gaze was capable of penetrating the Heavenly Orchid Silver Sword Bamboo and seeing what was inside the abyss. "Jiu Yuanzhou, the past third Great Bright Light Guard," he said in a low voice.

A trace of respect appeared on his face for a moment as he spoke, but just after that, he realized Elder Jiu's current predicament, and a mocking smile blossomed at the corners of his mouth. "The past Bright Light Guard, which was famous for his fighting prowess, has now turned into an ostrich, hiding away and depending upon a kid to protect him. It's really laughable."

Elder Jiu clenched his fists when he heard his mockery, then replied while grinding his teeth, "You are all just supporting a tyrant and vile man, helping him slaughter millions of beings. The cycle of heavenly law karma will bite you back one day, and you will all suffer retribution for what you have done."

In the past, he was heavily injured by the Blood Emperor because he had refused to obey his orders. Elder Jiu was speaking of just this type of injustice when he mentioned karma now.

“Hehe, the cycle of heavenly law? Is the past Bright Light Guard now capable of emitting only pitiful barks?” Venerable Fu Gui coldly sneered at him. “In the past, I needed to respectfully address you with your title, but now, you are just a stray dog to me!”

Elder Jiu felt humiliated by his harsh words, but he had no way of dealing with him.

“You can just continue holing up in your shell, and after I find the Jiuzhou Emperor, I will kill you with my own hands.” Venerable Fu Gui mocked him once again before he directed his ice-cold gaze at Su Yu.

He then said, “What an interesting youngster! I’m really incapable of understanding how you can possess such a great amount of Heavenly Orchid Silver Sword Bamboo’s leaves, as it’s difficult to get even one leaf in Jiuzhou.”

The Heavenly Orchid Silver Sword Bamboo was Jiuzhou’s number one divine bamboo, and it was already extinct. As such, the several remnant pieces of it that were left were all held in an All Creation Old Monsters’ hands for safekeeping, where they were all daily watered by it with their essence blood.

As it was such a scarce treasure, he really couldn’t understand how a lad from an uncivilized land such as Zhenlong could manage to get such a terrifying amount of Heavenly Orchid Silver Sword Bamboo’s leaves.

“It seems like I must capture you and properly question you via torture.” As Fu Gui squinted his eyes, a cold glow flickered in them.

Su Yu’s gaze became grave, and he used his Soul Eyes to the utmost to scan the surroundings. All of the people within the Dragon Abyss felt their hearts rising up to their throats and were concerned for Su Yu. They thought that he would probably be instantly turned into ashes!

Su Yu looked at Fu Gui coldly and replied, “It’s still unknown who will die this day...” Su Yu never feared a fight, even if his opponent was a Divine Master.

“Don’t bother with him. Let me take care of this lad. You should go look for the Jiuzhou Emperor.” The youth on the ancient tower suddenly spoke, and from his tone, it seemed like he didn’t fear this Divine Master at all.

When he heard him, Fu Gui stared at Su Yu with his squinted eyes for a moment, then turned around and flew toward the continent. When he sized him up once again, Su Yu observed him with his Soul Eyes, finding that his body was unexpectedly faintly swaying.

At this moment, the ancient tower moved once again, and as it warped around, it was brimming with several terrifying auras.

“A Level Nine Fairy Realm expert.” Su Yu’s eyes slightly contracted once again as he felt an extremely powerful aura among those auras, and although it wasn’t as suffocating as a Divine Master’s, it was still outrageously powerful.

When he looked more closely at it, he saw that dozens of people, all of whom wore different kind of clothes, were appearing out of the warping ancient tower. Each of those people was emitting an aura that could make the whole continent quiver, and the weakest among them was still a Level Seven Fairy Realm expert and was as powerful as the Third Saint Master, who was proficient in ice techniques!

After Su Yu quickly counted them, he found that there were twenty Level Seven Fairy Realm experts, ten Level Eight Fairy Realm experts, and a single Level Nine Fairy Realm expert who was just a step away from the Divine Master Realm!

“The Third Saint Master and the other trash are really not reliable, so we are still obliged to intervene.” The Level Nine Fairy Realm, who led them, was a white-haired middle-aged man whose eyes had two odd blood threads wandering about in them. A dangerous aura was faintly emitted from those eyes.

All of the thirty-one people before him possessed a peerless power that could crush the whole Zhenlong Continent, and although the Heavenly Law Alliance had already trained more than a hundred experts to the early stage of the Fairy Realm, they would still be slaughtered and crushed if they faced these experts.

“Greetings Great Saint Master.” After the white-haired middle-aged man appeared, he immediately bowed to the youth. Such was the case for the people behind him as well.

This revealed that the ancient tower’s youth was probably really the Great Saint Master...

“Second Saint Master, you are responsible for conquering all corners of the continent, as well as for helping Venerable Fu Gui in looking for the Jiuzhou Emperor. Once you find him, you should immediately send a signal to us.” The ancient tower’s youth clasped his hands behind his back as he issued his orders to them.

“Understood, sir.” After the Second Saint Master received his orders, he immediately led the people behind him and rushed to the continent. At the moment, Su Yu and the ancient tower’s youth were the only two who remained.

When the youth’s gaze fell once again on Su Yu’s body, his expression became ice-cold. “Su Yu, I finally have time for properly taking care of you.”

As he spoke, he strode out of the ancient tower. Suddenly, a thunderous rumbling sound echoed and many claps of thunder struck down.

The Emperor Tower emitted a resplendent light as it shrank down till it became as big as a palm. It then fell on the youth’s palm. The Emperor Tower’s luster dulled instantly, and it seemed like it had become much weaker.

“Su Yu, I really can’t help but admit that you truly have truly had outrageously great luck in the past years. No one could have ever expected that you could grow up so much in such a short time.” The youth slowly strode forward as he spoke.

Su Yu’s face became more dignified and grave as he felt the youth’s aura changing with each step he took. The youth went from the Level Five Fairy Realm in the beginning to the Level Six Fairy Realm, then went to the Level Seven Fairy Realm!

With each step he took, his cultivation would increase by a level, and along with the transformation of his cultivation, a terrifying and powerful aura was gradually emitted from his body. It was an aura that Su Yu found quite familiar.

A person suddenly appeared in Su Yu’s mind. “You are...”

A cold smile blossomed on the youth’s face. “It seems like you have finally recognized me, Su Yu. I haven’t seen you for a long time. Back in the Mysterious Heavenly Divine Pavilion, you were lucky to be saved by someone, but as for today, no one can save you from me now.”

Chapter 709: Goodbye Taixu

Mysterious Heavenly Divine Pavilion? Su Yu was shaken to his core. The feeling of familiarity was becoming more apparent.

“It really is you!” Su Yu exclaimed as his eyes filled with coldness and hatred.

The sound of torn silk could be heard as the young man’s body quivered and seemed to almost disappear. Soon after this, a light screen appeared to split apart from the inside out. The young man suddenly appeared, looking completely different!

He was dressed in an elegant outfit and radiated an excitable aura. His facial features were flawless and incomparably handsome. Also, his eyes seemed to be able to pierce through every worldly object. Su Yu could never forget such a familiar face!

“Gu Taixu!” Su Yu uttered coldly.

This was Lü Chuyi’s fiancé, the genius from the Eighteen Blessed and Heavenly Lands, who was a peak expert at the Later Stage of the Divine Master realm! He was only one step away from becoming an All Creation being!

Previously, he had descended into the Mysterious Heavenly Divine Pavilion as a Later Stage Fairy and had nearly killed Su Yu. If it had not been for Hong Luan’s clone, who had interfered, Su Yu might have died!

As for the Great Saint Master’s identity, Su Yu had tried guessing it many times. However, Su Yu had never suspected that it would be Gu Taixu!

“It is no wonder that, after the Pearl Scales Blood Centipede was snatched away, it gained additional Real Spirit’s blood. Its capability was on par with a Grade Nine Fairy! You must have collected a lot of Real Spirit’s blood from creating the Nine Fairy Pills,” Su Yu said.

Gu Taixu had fervently collected Ancient Real Spirit's blood in order to create the Nine Fairy Pills. That was his plan in order to advance to the All Creation realm. It was an easy feat for him to spare a little bit of Real Spirit's blood in order to modify the Pearl Scales Blood Centipede.

"If it wasn't for my concerns towards Emperor Jiuzhou, which hold me back from killing you, do you think I would spare your life after snatching away the Pearl Scales Blood Centipede?" Gu Taixu's aura was still crazily expanding throughout his body as he spoke.

In the Mysterious Heavenly Divine Pavilion, Su Yu had become Gu Taixu's arch enemy. As such, Gu Taixu would not let Su Yu off the hook.

However, even though he had been at Jiuzhou all this time, he still had never attacked Su Yu. Hence, one could tell how wary he was. The person he was most wary about was undoubtedly the mysterious Emperor Jiuzhou.

Meanwhile, the otherworldly army had been invading the continent for the past three years. Even Xue Di had made his way into this world.

Yet, Emperor Jiuzhou had never showed up. This was proof that Emperor Jiuzhou's cultivation was far weaker now than it had been in the past. Therefore, Gu Taixu had finally dared to reveal himself.

The only thing that Su Yu felt strange about was Gu Taixu's ability to hold two identities. One was his being a disciple in the Purple Cloud Palace, while the other was his being a Central Prefecture King's guard. If Su Yu remembered correctly, the Eighteen Blessed and Heavenly Lands did not have a good relationship with the Central Prefecture.

"Your luck has run out. No one else can save you now!" Gu Taixu's escalating cultivation gradually came to a halt, stopping at the Grade Nine Fairy realm.

How could a Later Stage Fairy compare to the person with whom Su Yu fought in the Mysterious Heavenly Divine Pavilion? After all, Su Yu had nearly died during the last battle against Gu Taixu, so he had to wonder if history would repeat itself.

Su Yu still looked very calm, his eyes not revealing any sense of panic. "Our incomplete battle can finally come to an end today."

"We can indeed bring it to an end! For someone who has survived on luck all this while, you cannot compare yourself to me and Yi'er. Your desire to be close to her has determined your fate, which is death!" Gu Taixu said as he stepped forwards. That single step felt as if heaven itself had moved and exerted an immense pressure on all living souls.

The Second Saint Master, who had not walked too far away, suddenly jerked his body as he turned around to look at him respectfully. "He is indeed the Central Prefecture King's heir! He can comprehend the Pure Divine Decree and become heaven itself in order to dominate all of mankind. How frightening is that? Even a Later Stage Divine Master would not be able to cause such an immense pressure."

Gu Taixu's Divine Decree was to replace heaven itself. This was beyond outrageous.

The Divine Decree was the extreme representation of a person's willpower. This meant that Gu Taixu's subconscious mind was determined to replace heaven. From this alone, one could tell how barbaric he truly was!

At the moment, Su Yu felt pressured both physically and spiritually. The Vital Energy that was protecting his body's surface dissipated instantly and his blood was spilling out from the pores of his skin at a rapid rate.

There were also cracking sounds, which were resonating throughout his body, as if his bones were being broken apart. Even his soul felt an immense vibration, which caused a painful sensation in the depths of his mind.

His single step had nearly annihilated Su Yu! The frightfulness of Gu Taixu's Divine Decree was indeed shocking.

"Die!" Gu Taixu said.

His eyes were filled with a coldness as he stepped forward yet again. This time, his single step caused the floors of the oceans to break apart. Countless cracks appeared, and all of the seawater was absorbed into the cracks until the entire ocean dried up!

Su Yu looked like a normal human as his body was flung toward the cracks. Although they were equally matched at the Grade Nine Fairy realm, Gu Taixu was now ten times stronger than his clone in the Mysterious Heavenly Divine Pavilion! As such, even an Early Stage Divine Master might not have been able to survive such an attack.

Seeing that Su Yu was covered in blood and had fallen into the cracks of the ocean floor, Gu Taixu's eyes cooled down. "Your capability is so weak!"

However, he suddenly uttered in surprise. "Eh? Have you not died yet? Your body is more resilient than I thought!"

However, before he could finish his sentence, a weak thundering sound came from above his head. As he looked up, a silver-haired figure appeared among the white clouds.

This person was dressed in pure-looking and clean clothes. He seemed very calm and didn't have a trace of blood on his body.

"Your observations seem to be very mundane, which is unlike any normal Divine Master. You did not even discover that you had just killed a clone! Are you really Gu Taixu?" Su Yu spoke calmly. Although his tone was quite indifferent, Gu Taixu felt that what Su Yu had just said was a grave insult.

While Gu Taixu felt angered in his heart, he suddenly shivered and wondered... When did he move? Why did I not sense it at all?

Before Gu Taixu could understand what was happening, Su Yu extended his right palm. Then, a bright light gradually appeared in Su Yu's palm.

"I will become the sun, while my palm becomes the moon," Su Yu murmured as the light in his palm rapidly increased in size.

It was during the day, so the sunlight was shining on everyone present. However, the natural sunlight could not compare to this bright light that was being emitted by Su Yu's palm.

As the bright light grew stronger, it gradually engulfed Su Yu. In the end, even parts of the land and sky, as well as the sun itself, were engulfed by the bright light.

With a single glance, all one could see was a huge moon, which had expanded across hundreds of miles in the air. Then, if one looked very carefully, they could also see that a figure flickered within the bright moon. It looked as if the fairy who lived on the moon had returned.

"Heaven Extinguishing Divine Palm?" Gu Taixu murmured, his facial expression suddenly changing. "Did Jiu Yuanzhou give you the Fairy level cultivation technique remnant scroll? And... Have you actually managed to comprehend it?"

The remnant scroll of the Fairy level cultivation technique could only be comprehended by unnaturally gifted persons. Even Gu Taixu had never been able to comprehend it completely! However, Su Yu was able to do so!

Even the Ten Great Bright Light Guards needed to spend decades studying it in order to successfully cultivate the Heaven Extinguishing Divine Palm. However, Su Yu had only spent such a short time before learning it!

As he thought of such talent, Gu Taixu's heart sank. He had heard that a stronger soul would have stronger comprehension abilities, and the Ten Great Bright Light Guards were basically all unnaturally gifted souls.

As he thought of this, Gu Taixu's killing intent suddenly increased even further! Right then, the bright moon in the sky outshone the sun. It then started quickly descending, like a falling meteorite!

Boom.

A huge booming sound could be heard as the bright moon started falling from the sky to Su Yu's palm. At the same time, the dried up ocean floor started vibrating wildly!

The Second Saint Master and his people, who were thousands of miles away, suddenly turned around. Their facial expressions changed immediately.

"The first style of Heaven Extinguishing Divine Palm! Is it a completed Divine Palm?" The Second Saint Master revealed a look of shock. His facial expression changed a few times before he finally grit his teeth and said, "Head back immediately in order to provide assistance! The Great Saint Master is in danger!"

One of the Fairies hesitated. "Second Saint Master, based on the Great Saint Master's capabilities, he does not need us to save him."

"No." The Second Saint Master looked very serious. "If it were the Great Saint Master's true self, Gu Taixu, we would not compare to even a single strand of his hair. However, the Great Saint Master is only a clone that was cultivated by his true self, and his cultivation is not even one-tenth of Gu Taixu's true self!"

If Su Yu was there, he would be surprised by the youth's identity as Gu Taixu's clone. The youth's cultivation was so strong, and his body seemed so real, that Su Yu would find it hard to believe that he was only a clone! However, this was the only explanation as to why Gu Taixu could simultaneously appear in the Central Prefecture and the Eighteen Blessed and Heavenly Lands.

"I initially thought that Gu Taixu's clone would be more than enough to deal with this person. Who knew that this person would be an expert in the Bright Guards' ultimate technique? He is definitely not a simple person, so we cannot underestimate him. Let us head back quickly to help the Great Saint Master!" the Second Saint Master said.

Therefore, the 31 people immediately headed back to where they had come from. In the dried-up region, the moonlight was gradually dissipating as the vibrating earth came to a halt slowly.

The air was filled with remnants of the gentle moonlight and a destructive energy. In the sky above the dried-up land, Gu Taixu was standing in place, his elegant clothing having been burnt at certain parts. His crown had also fallen off, causing his hair to fall to the sides of his head.

He wore a look of misery and anger on his face, and a single jade cat had been broken in his hand. The jade cat was a mysterious treasure that could prevent one from dying. Gu Taixu had used it once in the Mysterious Heavenly Divine Pavilion, and was using it again today.

"Half a year has passed. I must admit that your capabilities have increased tremendously. You have even forced me to use this item!" Gu Taixu felt embarrassed.

He had thought that killing Su Yu would be a piece of cake. However, the truth was that he had been forced to use his life-saving treasure as soon as the battle started! The Heaven Extinguishing Divine Palm was a Fairy level cultivation technique that matched the powers of the Great Sun Punishment Fairy Picture.

Hearing this, Su Yu frowned slightly and thought... He is using this life-saving treasure again?

"I want you dead!" Gu Taixu shouted at the top of his lungs like an angered beast. "Devil's Benevolence!"

As Gu Taixu shouted angrily, his hands formed a symbol. Then, as he cupped his hands together, a deep and low note came out from the depths of his throat, creating a frightening vibration as it passed through Gu Taixu's mouth.

At that moment, the entire universe was vibrating. Then, the entire space looked like a broken mirror, while fissures appeared in the air.

"The sound wave cultivation technique?" Su Yu raised his eyebrows. He recognized the legendary level sound wave cultivation technique. Nothing could stop it... Not even the Heaven Extinguishing Divine Palm!

Gu Taixu's eyes were filled with a killing intent. The energy in the form of sound waves was different from normal techniques. As such, it was very difficult to withstand this technique.

Unexpectedly, Su Yu looked very calm, while the corners of his mouth lifted into a strange smile. "Coincidentally, I also know a bit about the sound wave cultivation technique."

## Chapter 710: Fighting the Enemies Alone

As Su Yu took a deep breath, the world's Spiritual Energy spiraled out of control. As the surrounding air was attracted towards him, in just an instant, the space within a five-mile radius of Su Yu became completely void of air, and it started taking on a pitch-black color.

If one carefully observed what was happening, he would find that the air attracted to Su Yu's side was unceasingly being compressed by him till it became pitch-black. It would also seem like black butterflies were dancing around if it was observed from a distance.

"Buddhist Saint's Eight Characters, Fighter!" Su Yu shouted in a deep voice, while the black streamer around him immediately erupted out, then turned into a grand amount of black fog.

The black fog then spread throughout the surroundings, shattering everything that got in its way. It then turned the entire space pitch-black. Even the sound waves that were emitted by Gu Taixu, which were in the shattered space, were all annihilated by it.

"A middle grade Sound Wave Legendary Technique?" Gu Taixu was startled, and he found himself incapable of seeing through the youth before him. He had to wonder...

How did he get such a terrifying perception and comprehension power? He even mastered the first level of a Legendary Technique!

Among countless and varied techniques, the sound wave techniques were the most difficult to cultivate, yet Su Yu had managed to still cultivated it to such a high degree. While Gu Taixu was in shock, the black airflow had finally reached him.

Gu Taixu's expression slightly changed as he quickly retreated five miles. All of the people in the Dragon Abyss were dumbfounded at this moment, as a solemn Level Nine Fairy Realm expert was unexpectedly suppressed by Su Yu, and it seemed like it was impossible for the Great Saint Master to deal with Su Yu! They actually thought that Su Yu might even kill him!

"Gu Taixu, use your true power." Su Yu softly waved his hands and scattered the airflow that was left in the surroundings. "An Almighty Divine Master shouldn't have just such pitiful power."

After all, Gu Taixu was the Eighteen Blessed and Heavenly Lands' greatest genius, who was properly trained by the Purple Cloud Palace! His power could surely not be limited to what he had just revealed so far.

Regardless if it was his cultivation techniques, weapons, or cultivation, they were all too mediocre, and it didn't seem that he was a Later Stage Divine Master. Su Yu even started suspecting whether he was really Gu Taixu at all!

Swoosh! Swoosh!

As the sound of something flying through the air echoed, thirty people, all of whom emitted powerful auras, appeared.

Seeing them, Su Yu's gaze became somewhat grave, as a moment ago, he needed to face just Gu Taixu alone, but now he would need to face another thirty later stage Fairy Realm experts! Su Yu knew that it would be difficult for him to face such a group.

"Let's attack him together, and don't leave him any opportunity for using the Heaven Extinguishing Divine Palm," the Second Saint Master shouted as he took the initiative and attacked Su Yu with all of his might.

The other people also followed him and attacked Su Yu. It seemed like they wanted to get rid of him in one move, as they shot dozens of multi-colored rays at him at once.

Su Yu retreated and didn't face them head-on. However, just as he was retreating, several spatial fissures quietly appeared beneath him.

When he hurriedly examined them with his senses, he found that they contained a threatening sound wave. It was Gu Taixu's Buddhist Technique!

"A sneak-attack?" Su Yu looked at Gu Taixu, who had appeared beneath him at some unknown time.

Su Yu felt like it was impossible for someone as arrogant and prideful as Gu Taixu to be able to sneak-attack someone.

"Are you really Gu Taixu?" Su Yu shook his head. His eyes were filled with disappointment.

After they fought for a while, Su Yu could tell that something was very odd about Gu Taixu. He really was beginning to think that this guy might not even be the real Gu Taixu!

"I never once said that I'm Gu Taixu in person." Gu Taixu coldly sneered.

Su Yu eyes flickered with an ice-cold glow. "Who cares who are you? Since you showed yourself today, don't even think about leaving this place alive."

While the sound wave attack shot at him and the thirty late stage Fairy Realm experts encircled him, Su Yu didn't panic or become flustered. Instead, he became even more composed and calm.

As a clunking sound echoed, a blue ruler appeared around Su Yu. It was the ruler that possessed a foreseeing power and was capable of preparing for enemies' attacks in advance and obstructing them.

At that moment, moonlight started to condense in Su Yu's left palm, while his right hand condensed the air flow in the surroundings. He planned to use the Heaven Extinguishing Divine Palm and Buddhist Saint's Eight Characters Technique at the same time.

Seeing such a scene caused Gu Taixu's and the Second Saint Master's expressions to become gloomy. "Obstruct him! Don't let him use them!" shouted Gu Taixu in a loud voice, while he rushed towards Su Yu.

The Second Saint Master had already become aware of how dangerous the silver-haired youth was, so he had given up on the idea of attacking from long-range. Hence, he rushed toward him instead. The might of a joint attack by two Level Nine Fairy Realm experts was extremely terrifying.

“Let’s see whether you will die first, or if you will use your techniques first...” the Second Saint Master yelled as he charged forward.

Su Yu heartily laughed as he looked at the two people rushing at him. He then replied confidently, “It’s obvious that the two of you will die first.”

Then, lightning flickered around Su Yu as he used the Thunder Escape and teleported away. When he reappeared, he was three hundred meters above them in the sky.

At such a moment, a dazzling peerless moon had already appeared on his left palm, and his whole body was surrounded by a black air current. Its black radiance made him seem somewhat devilish.

“Die!” Su Yu then waved his left palm at Gu Taixu, while he waved his right palm at the other thirty-one people.

Two extremely powerful attacks rushed towards them, while a deafening buzzing sound echoed out. The destructive power that they possessed shocked everyone.

When all of the chaos died down, they found out that Gu Taixu was sent flying for half a mile, and he had blood seeping out of the corners of his mouth. As for the thirty-one late stage Fairy Realm experts, they were all injured by the sound wave, except the Second Saint Master, who was still in good shape. There were even two Fairy Realm experts, who were the first to bear its brunt, whose bodies were shattered before they died.

The excited crowd in the Dragon Abyss couldn’t help but suck in a breath of cold air as they witnessed the scene. Su Yu had just fought thirty-two people alone! Moreover, they were all Late Stage Fairy Realm experts! Such terrifying fighting prowess astounded and frightened all of them!

They all knew of his title as the number one expert of the Zhenlong Continent, yet they never once had imagined that he was this powerful! Even if the whole continent’s experts joined hands against him, they might still not be able to defeat Su Yu!

However, despite all of this, Elder Jiu’s expression was still becoming even graver, while Wu Aoyue, who was beside him, was holding Xianer with a worried look in her eyes.

“Elder Jiu, do you have any means of saving him? Even though it seems like my young master is winning, I’m afraid that, since one of his Vital Crystal has already been shattered, he might not possess enough Vital Energy for fighting much longer.” Wu Aoyue knew Su Yu’s true state.

It was only because there was a great disparity between his cultivation and the enemies’ that he was to consecutively use his top-grade techniques. However, such techniques consumed a great amount of Vital Energy, and although Su Yu still wore a calm and composed expression, he was already close to reaching his limits.

Elder Jiu’s eyes became filled with worry and dejection upon hearing her fears. “Their fight isn’t something that we can meddle in. We would only become a burden to him if we participated in it.”

He then continued to voice his doubts, “However, I’m still incapable of understanding why he didn’t hide in the Dragon Abyss with us, as it would be impossible for even a Divine Master to

penetrate through such a huge amount of Heavenly Orchid Silver Sword Bamboo's leaves. Why did he need to fight such a hopeless battle, one in which he will surely die?"

He knew that Su Yu wasn't some reckless guy, who would risk himself for no good reason. Moreover, he had just married Xianer, so none of this was adding up in Elder Jiu's mind.

Wu Aoyue's whole body shuddered as she discovered that she was unexpectedly incapable of understanding Su Yu's motive behind all of this. But, she still faintly understood that Su Yu was obviously just trying to seek his own death.

Xianer, who was in her embrace, furrowed her brows as she woke up. She had been awakened by the pain that was coming from the back of her head.

"Brother Su Yu..." Xia Jingyu exclaimed in alarm, while she looked around for Su Yu.

Wu Aoyue tried to calm her. "My young master is still safe and sound, but he's still fighting against the enemies, so please calm down."

Xianer followed the crowd's collective gaze and saw the flurry that was occurring in the outside world. The sight of Su Yu, who was in the sky and whose silver hair fluttered in the wind, caught her eye.

His eyes were filled with coldness and decisiveness. She recognized that this was the gaze that he always wore while facing his enemies, yet there was still something about it that was different than usual. Su Yu's face was slightly pale.

"My brother Su Yu can't persevere any longer, so I must go and save him." Xianer's heart rose up to her throat when she saw him, and she tried to free herself from Wu Aoyue's grip.

However, Wu Aoyue held her more tightly and said, "Miss Xian, don't be rash. You are too weak, and you will just be a burden to him if you rush out now."

Xianer only had Su Yu in her eyes, so refused to listen to her words. "Let go of me! I already lost my brother Su Yu one time, so I mustn't leave his side ever again. It won't matter, even if I die with him."

Wu Aoyue didn't let go of her, but only held her more tightly, while she angrily shouted, "Shut up!"

Su Yu was startled by her shout. As Xianer was always respectful to Wu Aoyue, he would never have expected that Wu Aoyue would one day dare to berate her!

When Xianer looked at her, she found that her eyes were already filled with tears, and that she was somewhat flushed. Her eyes were also filled with constrained anger that Xianer couldn't understand.

"My young master already risked his life for you countless times, and he almost died. Isn't this enough for you? Can't you understand why he's doing all of this?" Wu Aoyue vented her anger as she shouted at the top of her lungs.

"In the Shenyue Island's Fenghuang Valley, he fought a Holy King for you, and in your wedding at Liuxian Faction, he fought a Dragon Realm elder for you. Then, in the

Phoenix Cabinet, he fought Shengkong for you! Didn't he almost die in each of those fights? He did all of this for you! It's because you are too weak that he needs to worry about you and risk his life for you... But, what did you do for him? You just brought him endless trouble!" Wu Aoyue had finally gotten everything off of her chest.

"Now, if you leave this place, he would be distracted, as he would need to protect you because you are weak and useless. In the end, he may even be killed by his enemies. Will you only be satisfied once this happens?" Angry tears were running down Wu Aoyue's cheeks.

She was obviously scolding Xianer, yet everyone could feel that she was, in fact, scolding herself, as she was also useless and weak. Xianer was dumbfounded by her, and she lowered her head, getting lost in her thoughts for a long while.

Xianer did feel that she truly always just caused trouble for Su Yu, and she had indeed let him risk his life many times in order to save her. It was also true that all that she did for him was to just collect some insignificant cultivation resources for him.

Now, if she rashly left this place, she would only cause him harm. She might even cause his death!

All of this was because she was too useless and weak, and because she always managed to get herself into trouble. Thinking of these things, she clenched her fists as her tiny shoulders trembled. She then subconsciously touched her pocket, which held the jade bottle.
