Chapter 711: Predicting the Future

In the external world.

Gu Taixu was struck by the Great Moon Palm strike, which finally injured him somewhat. However, when he noticed Su Yu's pale face, he realized what was happening and started to laugh coldly. "Hahaha... So, your Vital Energy cannot even compare to a Two Crystal Half Fairy! You must have exerted yourself fully by now!"

His words encouraged the Second Saint Master and the others somewhat, despite his being severely injured. After taking a closer look at the situation, all of them felt relieved. Although this fellow was strong, his cultivation was not sufficient to fill in the gaps between them.

"Let's attack him together. He won't last long in this battle!" Gu Taixu said as the corners of his mouth lifted into a playful smile. "I would like to see how many more times you can cast that high-level technique!"

Then, after Gu Taixu and the Second Saint Master exchanged glances, they started attacking Su Yu! The two then teamed up to surround Su Yu and were prepared to send him to his deathbed.

Su Yu sighed helplessly in his heart. If he was only facing Gu Taixu, Su Yu would be fully confident in his ability to defeat him before using up his Vital Energy. However, now that Gu Taixu had the support of the Second Saint Master and the others, Gu Taixu was much stronger than Su Yu.

Seeing that the two of them were coming after him to end his life, Su Yu slowly closed his eyes. When he opened his eyes again, his pupils had resumed their previous cold glint.

"Forget about it. I will kill you one at a time." Su Yu emitted a cold gaze as he laughed out loud.

His loud voice made Gu Taixu and the Second Saint Master slow down warily. They were both beginning to feel uncertain.

"Hmph, he is a trapped beast. Let's move together and kill him!" Gu Taixu suppressed the discomfort in his heart as he yelled out angrily and resumed charging towards Su Yu.

However, just as Gu Taixu and the Second Saint Master were prepared to kill Su Yu once and for all, a feminine figure appeared amid the white clouds, then stood in between Su Yu and the horde that was charging towards him.

She had beautiful features and an elegant posture. Her steps on the white clouds were like a fairy, who had descended from the heavens into the commoner's world. In that instant, the whole world seemed to have lost its colors, and the only beauty that existed was this fairy.

"A whole group of people fighting against a single person... Isn't that a little unfair? Why don't I join in on the fun?" Her crisp, clear voice cut through the air.

As Su Yu turned to look at her familiar back, he gasped in surprise.

“Jingyu...” Su Yu said, while he stared silently at the figure before him. Indescribable feelings filled his heart in that instant.

Before his big wedding, Xia Jingyu had cut off all communication with him. She had even warned Su Yu that he would regret his decision.

After that, she had left for good. However, she had appeared yet again as Su Yu was facing grave danger.

“Sister Jingyu!” In the Dragon Abyss, Qin Xianer’s face revealed a look of joy. “Since she has come, I cannot be left behind!”

At that moment, Jingyu retrieved a jade bottle from a little pocket at her waist. She then drank all of the medicine within it.

Thereafter, she sat down in a cross-legged manner. After a short moment, one could visibly observe the aura in her body, which was changing hastily.

Wu Aoyue was stunned. “A breakthrough? What kind of elixir is this? One can even breakthrough directly, without facing any Heavenly Disaster!”

Elder Jiu’s eyes narrowed as he spoke, “It is the Fairy Elixir, which is an ancient medicine that has been long forgotten! How could this young lady have such a medicine with her? This is truly surprising!”

For some unknown reason, Wu Aoyue subconsciously looked towards Su Yu, a bitter smile appearing on her face. “You even prepared this for Qin Xianer... Prince, are you really certain that you will die?”

An unpleasant feeling suddenly came over her. As she looked at Su Yu’s figure, Wu Aoyue’s heart sank. She felt as if something bad was about to happen to Su Yu.

In the external world.

The gorgeous lady who had suddenly appeared caused the Second Saint Master and the others to lose their concentrations. Her beauty was akin to that of a female fairy. As such, she was definitely deserving of the title of a Divine Lady.

“Do you want to die?” Gu Taixu asked coldly.

Xia Jingyu did not even look at him for half a second, as her gaze was locked on the Second Saint Master and the rest. “Since all of you want to annihilate Zhenlong, there is no difference whether it is now or later, as what is the difference?”

As she finished speaking, her gaze turned towards Su Yu. Her beautiful face was expressionless as she said, “You can just focus on fighting Gu Taixu. Leave the rest to me.”

Su Yu was surprised. “You? Jingyu, you must immediately head towards the Dragon Abyss. You will be safe there. Don’t sacrifice yourself for nothing.”

Unexpectedly, Xia Jingyu smiled. Her smile was extremely mysterious. There was something unfamiliar that Su Yu could not understand about it.

“Is that so?” she asked, while raising her eyebrows. After she spoke, she moved gracefully towards the Second Saint Master and the rest.

“Hmph, she does not know what she is talking about! Let’s kill her first!” The Second Saint Master shouted as he struck Xia Jingyu with his palm.

The great amount of Vital Energy contained in his palm attack was enough to kill a Three Crystal Half Fairy. However, as soon as the Second Saint Master’s palm was extended, Xia Jingyu moved nine steps to her left. At the same time, the Second Saint Master’s Vital Energy brushed past Xia Jingyu’s delicate shoulders, without even causing a single bit of damage.

Although this did not seem like anything unusual to outsiders, the Second Saint Master could sense that Xia Jingyu was able to predict the direction of his attack in advance, and was thus able to dodge his attack with ease!

The Second Saint Master shouted with a low voice as his face showed a look of surprise. “This lady is a little suspicious. Let’s attack her together!”

Hearing this, the group of 31 people all moved together. Immediately, a colorful show of light mixed together to form a huge net, which trapped Xia Jingyu within it. If Xia Jingyu touched any of the streams of Vital Energy, she would be killed instantly!

However, a shocking scene appeared before the Second Saint Master, which caused his jaw to drop. While they were still condensing their Vital Energy, Xia Jingyu took three steps to the right before walking backwards, then to the right again, and then another step backwards...

Thereafter, an unbelievable scene appeared. The places that she had dodged were all the places where the Vital Energy had struck! In other words, the instant they started attacking her, she already knew where their Vital Energy would land!

“You can sense the future in advance!” The Second Saint Master’s voice started shaking slightly. He felt a deep sense of fear.

Xia Jingyu wore a mysterious smile. “Sense the future? That’s not the case...”

In between her sentences, she retrieved a small green and white blade from her sleeves and tossed it towards the crowd. She then said lightheartedly, “One of you will be killed by this blade, which will pierce through your heart.”

The group of Later Stage Fairies looked at each other blankly. This was because this white, small blade was a very plain middle-grade divine artifact. Moreover, there was no poison smeared on the blade, nor did it seem to possess any additional mysterious power.

In fact, the way that she had tossed it towards them also appeared completely harmless. In their estimates, this blade could not even kill a Holy King, let alone a group of Fairies!

“Get out of the way!” The Second Saint Master ordered everyone to back away out of caution. Although he thought about blocking the blade himself, he did not reach out to take action.

Thus, the small white blade passed through the group of people before it eventually fell from the sky once the force was used up. On its way down, it unintentionally became engulfed by one of the remnant space fissures that had been caused by the earlier collision between Su Yu and Gu Taixu.

With the disruption inside the space fissure, the blade would be crushed into pieces as soon as it entered it. From the beginning until then, the small blade had not caused any casualties. As such, the Second Saint Master suspected that this girl was playing a trick on them.

“Are you done fooling around? I don’t care what kind of trick you are playing, in the face of absolute power, everything is pointless. Go on... Kill her!” The Second Saint Master gradually calmed his heart as he waved to the Later Stage Fairies, signaling for them to attack Xia Jingyu.

However, right then, a painful cry could be heard from amid their group! The Second Saint Master’s heart thumped as he quickly turned around to check to see what had happened. A sight that made his pupils contract appeared before him.

The only thing that could be seen was a Later Stage Fairy’s chest, which had been cut apart. His entire chest looked as if it would soon become disconnected from his body completely!

The others could see clearly that there was a black space fissure behind the Fairy who had just been killed. It flickered for a moment before disappearing completely.

Within the fissure, the bit of metal that has been left from the crushing of the blade was smeared with fresh blood. It then disappeared into the dark flow of current.

The scene thoroughly shocked everyone who had just witnessed it. A Later Stage Fairy had just been killed by a very mundane, small blade! As they turned to look at the exquisitely beautiful lady before them, the Second Saint Master and the rest of the group got goosebumps.

“You... You can see the future!” The Second Saint Master’s heart was thumping wildly. This was not an ability to sense something, but was instead the ability to predict the future!

An acute sensing ability would only allow one to react to something that happened in that instant. However, this lady was able to predict something that no one else believed would happen, and yet it did! It seemed as if she could see exactly what would happen in the future and, even if it sounded incredulous, it would absolutely occur exactly as she predicted!

“See the future?” Xia Jingyu smiled. “Not exactly. However, I like to call it a track!”

A track? Su Yu was surprised by her choice of words.

The track she mentioned referred to the legacy of Divine Decree that had been left behind by Tian Jizi, which Xia Jingyu had obtained in the end. Clearly, she had already fully comprehended Tian Jizi’s Divine Decree!

The track referred to the causality and events that followed the order of time and space, which left a trail behind it. If someone could see a person’s or an object’s track in advance, that meant that the person could know whenever something would happen to them or it.

Xia Jingyu had said that the blade would kill one person because she saw the blade's track. She knew that it would, at some point, kill a Later Stage Fairy. In the end, the blade truly followed its track and had killed a Fairy!

To outsiders, this was seen as an ability to predict the future. Only Xia Jingyu knew that what had really happened was that she had fully perceived its track!

This also gave her the ability to know when someone would die of old age or sickness. Such a frightening Divine Decree caused the Second Saint Master and the rest to shiver with fear. They were all stunned.

“Would you like to know your tracks?” Xia Jingyu laughed light-heartedly as she looked at them and asked.

Just one glance from her caused their entire bodies to shiver. It was as if their fates had already been thoroughly perceived by another person.

“You will all die today. None of you will live,” Xia Jingyu said as she laughed. Her laughter pierced through the air loudly, sending chills down each of their spines.

The Second Saint Master's heart was beating wildly as his face turned white and he wondered...

Will we all die here? How can this be?

As he took in a deep breath, the Second Saint Master forcefully calmed himself down and shouted in a low voice, “Do not believe this lady's premonitions. Let's kill her!”

Although the crowd felt fearful, they followed after the Second Saint Master to surround Xia Jingyu. However, Xia Jingyu did not reveal any signs of fear. Instead, she was like a butterfly that gracefully glided among the crowd.

“Although this woman is strange, she does not have any significant cultivation. So, there is no need to worry!” the Second Saint Master exclaimed joyfully upon discovering the abnormality of the situation.

The others quickly realized the same thing and suddenly felt much more relaxed. Xia Jingyu's level of comprehension was far greater than the average person's.

However, she had never attained any strong cultivation techniques. Therefore, her actual fighting capabilities were inferior to Su Yu's. Hence, although she could afford to buy time for Su Yu, she could not kill them herself.

“Hehe, who said that I would be the one killing you?” Xia Jingyu looked very mysterious as she cast a pitying glance towards them.

Chapter 712: Death Phoenix Constitution

The Second Saint Master coldly snorted. “You are just putting on an act. Just deal with this woman while I go help the Great Saint Master kill Su Yu.”

The woman before them was too weird, and it would be difficult for them to kill her in a short time. Also, since she couldn't inflict any damage upon them, he stopped caring about her and flew toward Su Yu to assist Gu Taixu in killing him.

Su Yu immediately felt himself sustaining a greater burden, as he now needed to fight two people at the same time! If it was just for a short time, then Su Yu could still depend on his powerful techniques to confront them, but if the fight continued for a long period of time, he knew that many openings would appear in his defense.

After the ruler blocked another one of Gu Taixu's attacks, Su Yu raised his right arm, leaving his armpit, which was close to his frail heart, wide open.

"Die!" the Second Saint Master shouted. All along, he had been looking for an opportunity to deliver a deadly strike to Su Yu.

As he waved his palm, he tried to pierce Su Yu's heart with it. The ruler couldn't respond to it in time, and since Gu Taixu was just in front of him, Su Yu couldn't dodge it either.

Su Yu felt a great danger coming from the palm. However, since he had great fighting experience, he managed to quickly respond by summoning the Eternal Stone King Armor. It was only after it appeared that the palm bombarded his rib.

Although the armor deflected most of its striking power, some of it still went through the armor and reached Su Yu's body, sending him flying away. At the moment, blood was trickling out of his mouth and he was groaning.

"He still didn't die!" The Second Saint Master's expression became gloomy, and as he witnessed Su Yu's remarkable armor, he felt like he was in a thorny situation.

His strike should have been able to kill even Level Nine Fairy Realm experts, but Su Yu's broken top grade spiritual armor had deflected it somewhat. This armor was clearly extremely powerful.

"I will continue fighting you and eventually take your life!" the Second Saint Master yelled. Since just a strike didn't finish him off, he was determined to continue attacking him.

As Su Yu had already consumed most of his power, after he suffered such a strike a moment ago, his face became even paler. But, at the same time, his expression only became more firm and decisive.

He then said, "You should first preserve your life."

When they were about to exchange blows once again, a loud disturbance transmitted out of the Dragon Abyss, which scattered the innumerable Heavenly Orchid Silver Sword Bamboo's around.

Su Yu was immediately alarmed. "Who opened the seal?"

No one besides Su Yu could open the seal from the outside, and it was only the people inside who should be capable of opening it from within. So, he had to wonder who dared to come out while they were in such a heated battle...

Su Yu was extremely infuriated by this, and when he was just about to scold the person, his gaze became grave and his whole body shuddered, while he fixedly looked at the Dragon Abyss's opening. It was like some terrifying monster within the Dragon Abyss was eyeing him...

At this moment, the Second Saint Master's and Gu Taixu's faces also fell.

“What a powerful and ferocious aura! Moreover, why is there such an intense death energy within the Dragon Abyss?” The Second Saint Master’s whole body shuddered.

Gu Taixu immediately looked at Su Yu and shouted in a deep voice, “What are you up to now? It’s impossible for Fairy Realm experts to emit such an intense death energy!”

In his eyes, this was just another terrifying move that Su Yu had prepared in advance. After they had fought several times, Gu Taixu had become wary of Su Yu’s inexhaustible hidden moves and techniques.

Su Yu didn’t care about them, but kept his gaze fixed at the pitch-black Dragon Abyss with his Soul Eyes, as he wanted to know what was happening. However, when his gaze had just penetrated it, he saw a pair of blood-red and crimson eyes staring back at him!

They were cold, heartless, and indifferent, and they were filled with an arrogance that looked down upon all living beings. The scariest thing was that those crimson eyes were filled with death energy!

With just a single look at the eyes, Su Yu felt an intense pain transmitting from his soul. At that moment a wisp of death energy penetrated his soul and strongly bombarded the Divine Nine-Dragon Cauldron before shaking it to its core.

This was the second time that the Divine Nine-Dragon Cauldron was almost dislocated from its place. The first time occurred when the Blood Emperor had attacked him, and this time, it was because of a mysterious pair of crimson eyes.

Su Yu, whose face had become quite pale, was greatly shocked. He had no idea whose terrifying gaze this was! If he hadn’t possessed the Divine Nine-Dragon Cauldron, then he would have already lost his life by now!

He immediately stopped looking at it, and his heart became quite heavy. He asked in his heart...

Why did such a terrifying monster appear in the sealed Dragon Abyss? Were Xianer and the others harmed by it?

Su Yu’s expression suddenly changed once again as he quickly retreated.

“It’s awful! Something will come out of it! Quickly, retreat!” Gu Taixu ordered a quick retreat.

“Everyone, quickly retreat.” The expression of the Second Saint Master changed too, and he immediately shouted out orders to retreat as led his people away.

They all felt an extremely dangerous death aura emitting from the Dragon Abyss, and such an aura was quickly nearing them. Sensing danger, all of the people stopped fighting and looked at the Dragon Abyss.

As the death aura became more intense, wisps of black fog fluttered out. This black fog was condensed by death energy.

“It’s death energy in a gaseous state... But, what’s really there?” Gu Taixu’s eyes were filled with shock, while everyone here felt like they would all die soon.

Suddenly, a great amount of black fog surged out of the Dragon Abyss. It seemed like a small mountain, and it was as thick as black ink.

It was impossible to see what was inside it, yet they could all feel the ferocious aura that was transmitting out of it. It was like there was a ferocious monster within it, which was just coming back to life and being reborn.

The hearts of all of the people rose up to their throats at such a moment, and they all looked at the black fog warily as it was gradually shrinking down. Even when the black fog shrank down till it became human-sized, it didn't stop shrinking down, but entered into that human's body. Then, once all of it entered the human, the human's appearance was finally revealed.

"Xianer?" Su Yu was surprised, as the person who had appeared before them was Xianer! He couldn't believe that such a ferocious aura had really been emitted by her!

When Su Yu carefully observed her with his Soul Eyes, he found that her body was filled with a boundless fog and an intense death aura! Her blood also possessed a terrifying power!

"It's just the power of a human's bloodline, but what terrifying physique does she possess?" The Second Saint Master was greatly shocked. It was obvious that he didn't expect that such a peerless and ferocious monster would unexpectedly be just a weak woman!

Gu Taixu's face became pale and his eyes were filled with disbelief. "It's impossible! How could such a physique appear in this uncivilized land? The Death Phoenix Constitution... The Nine Underworlds Phoenix's bloodline..."

Swoosh!

The Second Saint Master's face became extremely pale when he heard him, and he uttered in fright, "Death Phoenix Constitution? Is it a heaven-defying Ancient Spiritual Body, which inherited the Nine Underworlds Phoenix's bloodline? It's rumored that those who possess such a physique have a pair of eyes that are connected to the underworld, which could take any living being's life!"

Wu Aoyue, who was still in the Dragon Abyss, was also greatly shocked. "The Death Phoenix Constitution is also called the Death God Physique because it's rumored that it's one of the ancient times' most terrifying Ancient Spiritual Bodies. Also, all of the humans who possess the Nine Underworlds Phoenix's bloodline are called Death God Physique possessors, as they have the ability of killing any living being and were tantamount to being gods among men... Death gods, that is."

She then added, "Xianer unexpectedly possessed such an extremely rare heaven-defying physique, which has never once appeared in Jiuzhou, and it was only once sighted when a woman who possessed it passed by Jiuzhou. Then, all of the All Creation Old Monsters that attacked her at that time were never seen again!"

The Death Phoenix Constitution was a heaven-defying divine constitution that couldn't be found anywhere. It even made Yun Yazi desire to take her as his disciple. Even Xia Jingyu's Goddess Physique couldn't rival it!

“Well, why did I come out?” When Xianer opened her eyes, a wisp of death energy flickered through them for a moment, and when she swept her surroundings with her gaze, she was greatly surprised.

When she noticed Su Yu out of the corners of her eyes, she pounced on him in delight. She then complained, “Brother Su Yu, I broke through! But, you are too cruel, as you threw me away once again!”

“Xianer, I’m sorry.” Su Yu didn’t know what should he say now, as he knew that Xianer must have swallowed the Fairy Elixir because she wanted to break through and save him. Su Yu clearly felt and understood her intentions.

Xianer’s eyes became moist as she leaned against Su Yu’s shoulder. “Brother Su Yu, I don’t want you to risk your life. If you died, I would be quite lonely, as I have just you and my father.”

Su Yu nodded and softly patted her back. Then, it seemed like Xianer suddenly noticed something as she quickly left his embrace and started sizing him up. “Brother Su Yu, why are in such a state?”

When she raised her head and looked at him, she saw that his face was pale and blood was seeping out of his mouth.

“You are injured.” Xianer clenched her fists. As she blamed herself for this, she was infuriated by it.

She extended her tiny hand and wiped the blood from the corners of his mouth, while her gem-like pretty eyes became ice-cold. “Brother Su Yu, rest for a while. I will protect you this time.”

As she spoke, she turned her head around. Her extremely beautiful face, which seemed like it belonged to a mesmerizing fairy, seemed like the face of an extremely ferocious monster to the Second Saint Master and the others.

As she swept over them with her gaze, their bodies were reflected in her eyes. Then, a faint death aura gradually seeped out of her eyes, while an extremely mysterious and terrifying power surrounded Xianer’s body.

“Die!” Xianer opened her mouth and coldly uttered a single word.

She didn’t take any action apart from yelling that one word, yet the whole world descended into silence, while the thirty late stage Fairy Realm experts started turning into ashes. It was as if they were mere pieces of burning paper!

They all turned into ashes, regardless of whether they were Level Seven Fairy Realm experts or Level Eight Fairy Realm experts. They didn’t experience any pain or fright before their deaths, but just quietly turned into ashes.

Thirty Fairy Realm experts instantly died just because the girl who was in Su Yu’s embrace uttered the word “die!” The whole world descended into silence at such a moment.

Even though Yun Yazhi already informed The Second Saint Master how extraordinary the Death Phoenix Constitution was, he still had never expected or imagined that it would be so terrifying. Just a single glance and word had decided their deaths! It was as if she was a God of Death!

“This is the Death Phoenix Constitution...” The Second Saint Master’s voice became hoarse, while his whole body shuddered.

Xia Jingyu’s future foreseeing ability made him become only somewhat restless, but Xianer’s Death Phoenix Constitution made him feel an intense fright in the deepest part of his soul!

Swoosh!

The Second Saint Master tried to calm himself as he slowly turned around, then fled away. He had already lost any fighting spirit, as in his eyes, this was no longer a fight, but just a stage for a Death God to harvest lives upon. Even in the eyes of the people within the Dragon Abyss, he had already turned from being a butcher into a beast that was about to be butchered!

When Xianer coldly looked at him, as his body was reflected within her eyes, she coldly uttered that one single word again, “Die.”

As her voice drifted through the air, Su Yu could clearly feel that a mysterious and terrifying power had seeped into the Zhenlong World, and just after it, the Second Saint Master, who was fleeing, gradually turned into ashes. He was turned into ashes while he was fleeing, and in the end, just his flying head was left, which fell down towards the ground as he died.

Even a Level Nine Fairy Realm expert couldn’t resist the death word when it was uttered by her! Everyone felt their hearts shuddering as they looked at the adorable and harmless-looking Xianer. They all wondered...

Is she really human? She is obviously just a Death God that controls myriad beings’ life and death.

In the Dragon Abyss.

Elder Jiu’s eyes were filled with shock. “The Death Phoenix Constitution! It is one of the most terrifying ancient times’ Ancient Spiritual Bodies.” He marveled as he thought...

Who would have ever expected that Su Yu could hide such a Divine Body possessor beside him? And... He left her till the last moment before letting her come out to annihilate the late stage Fairy Realm enemies!

No one here would ever forget such a scary and frightening scene. While they were still shocked and in a daze, a soft noise transmitted from Elder Jiu’s side.

“Well, Phoenix Master Qiu?” Elder Jiu was startled. He wondered why, after being in a coma for more than half a year, she would wake up just now...

Wu Aoyue immediately went and supported the Phoenix Cabinet’s Master, who was just opening her eyes. “Phoenix Master Qiu, you finally woke up! You really slept for a long time.”

The Phoenix Master Qiu was still somewhat muddle-headed for a moment, and it was only after a short while that she started coming back to her senses and observing her surroundings. Then, the Phoenix Master Qiu suddenly recalled something, and her expression gravely changed and became filled with fright.

She said, “I already woke up long ago, half a year ago, in fact. But, someone fiddled with the medicine that was served to me, which made me continue sleeping until just now.”

Elder Jiu's expression gravely changed when he heard her, "How is that possible? You are in the core area of the Heavenly Law Alliance and are surrounded by many Fairy Realm experts, so how could someone bypass them and fiddle with your medicine?"

The Phoenix Master Qiu was fully awake now, so she carefully explained, "No, she didn't need to bypass them, as she was the person who was in charge of taking care of me."

Wu Aoyue and Elder Jiu immediately stiffened as they heard her words, as the person who was in charge of her while Su Yu was in closed cultivation was Xia Jingyu!

"You were all deceived by her! You should quickly inform Alliance Master Su that something is amiss with her!" The Phoenix Master Qiu tried to leave her bed as she anxiously uttered the shocking words.

Wu Aoyue felt like this matter was extremely grave, so she asked in a grave voice, "What's wrong with Phoenix Master Qiu?"

The Phoenix Master Qiu quickly spoke, "You should quickly inform the Alliance Master Su that it's that woman who injured me."

"What? She's the one who injured you?" All of the Heavenly Law Alliance's members were startled.

Back then, the Phoenix Master Qiu had brought the unconscious Xianer with her as she left the warship and went to join Su Yu. But, when Su Yu found her, he found her in a coma, and she had stayed in a coma till this day. She was unexpectedly injured by the unconscious Xia Jingyu!

"How is this possible? Even if Xia Jingyu wasn't in a coma that day, why would she want to injure you?" Old Chen, had just come over, couldn't believe such words.

But, the following words startled all of them even more...

"Xia Jingyu? You were all deceived by her, as she isn't at all Xia Jingyu! She's another extremely frightening woman! You should quickly inform the Alliance Master Su that she's extremely dangerous and terrifying," the Phoenix Master Qiu urged them at the top of her lungs.

Chapter 713: Dragon-Slayer Fairy Sword

Phoenix Master Qiu's anger, fright, and anxiety were apparent in her words, and shock appeared on all of the people's faces when they heard her. This was especially the case for Elder Jiu, as he also underwent treatment with Xia Jingyu and Phoenix Master Qiu at the Hall of Mental Cultivation.

They all had to wonder... Was the unconscious Xia Jingyu really the main culprit behind everything?

The shocked Zi Yunxiang shook her head, as she was incapable of believing that the current Xia Jingyu was just an impostor. What amazed them all even more was that Xia Jingyu had dared to harm Phoenix Master Qiu in the presence of Elder Jiu!

Since Phoenix Master Qiu knew that Su Yu was the alliance master, then she clearly had some sober moments while she was in a coma. This meant that she had a slight understanding of the outside world's situation and wasn't just babbling nonsense.

"Everything that I said is absolutely true, so quickly notify Alliance Master Su," Phoenix Master Qiu urged them anxiously.

She then surveyed the surroundings and noticed how odd they were, so she asked, "Where are we? Where is the Heavenly Law Alliance's warship?" She was clearly unaware that the Heavenly Law Alliance's warship had been destroyed a long time ago.

"Phoenix Master Qiu, we have a serious matter at hand. Alliance Master Su's current situation is somewhat special, so we mustn't disturb him," someone explained to her.

The hearts of all of the people here thumped, as Su Yu was now fighting alongside Xia Jingyu. If Phoenix Master Qiu's words were just lies, and they ended up causing them to fall out with one another, which would prevent them from fighting Gu Taixu jointly, then the consequences would be quite dreadful! So, even if it was an emergency, they must still verify the truth before acting.

Phoenix Master Qiu was oblivious to the seriousness of the current situation outside, so she had already calmed down after a short while. She then started informing them of that day's events.

"On that day, I was asked by Su Yu to take Xia Jingyu and Elder Jiu out of the warship in advance. This was because Su Yu had said that there was a great possibility that turmoil would rise in the warship, and he instructed me to do this in order to prevent Fu Cangshang from using them to threaten us."

Phoenix Master Qiu paused, then said, "I accepted his request and brought them with me as I went to the meeting place that I was informed of beforehand. It is there that we waited for Su Yu."

She shook her head. "However, while we were waiting for him, Xia Jingyu woke up! Then, I witnessed a powerful soul, which had a physical form, appear above Xia Jingyu's head. It had an aura that was many times more terrifying than Fairies' auras!"

She continued, wide-eyed, "The soul entered Xia Jingyu's mind just after that, controlled her body, and then attacked me! She said that, since I had already seen her, then I mustn't be left alive, so she bombarded my belly, injured me heavily, and left me in a coma until today!"

The crowd couldn't help but suck in breaths of cold air when they heard her chilling story, as even Fairies couldn't cause their souls to take on a physical form! It was only Elder Jiu, whose eyes flickered at this moment.

According to what Su Yu had said after he had inspected her wounds, such a palm strike should have been capable of easily taking Phoenix Master Qiu's life, but in the end, the attacker had exercised restraint and had only left her injured.

However, Elder Jiu had to wonder... Since she wanted to get rid of such a witness, then why did she spare Phoenix Master Qiu? This matter seemed quite unreasonable.

“Later on, when I had just woken up, this woman appeared once again and instilled a special energy into my body that caused me to continue sleeping, and I have continued that deep slumber until today!” Phoenix Master Qiu said.

Elder Jiu finally understood everything after he finished listening to her words, as he had already confirmed that Phoenix Master Qiu’s words were true. It was only because Xia Jingyu had disappeared from the Heavenly Law Alliance the moment she met with Su Yu in private, and she didn’t manage to instill her All Creation’s power to Phoenix Master Qiu in time, that the latter had finally woken up.

“It’s really her!” Zi Yunxiang bit her lips, as anxiety appeared in her eyes. “I will go to notify him, so that he can guard against such a treacherous woman.”

However, someone else had already flown away to do this very same thing...

“It’s enough for me to go to notify him alone!” Wu Aoyue yelled, but didn’t turn her head back. She yelled in an ice-cold tone, despite the fact that her face was filled with anxiety.

The outside world.

After Qin Xianer’s Death Phoenix Body displayed its might, it killed all of the later stage Fairies with just a single word. Such a scene shocked Su Yu greatly. It turned out that such a harmless-looking lassie was the most terrifying person here!

“Brother Su Yu.” After she killed the Second Saint Master, Qin Xianer hid her ice-cold expression and turned her head back to look at Su Yu with a scorching gaze.

She enjoyed the sight of his gaze, which had never once been filled with shock the way it was now, and she became bashful for some unknown reason. She lowered her head as she jumped into his embrace, then asked excitedly, “Brother Su Yu, did I manage to help you?”

She usually just caused trouble for Su Yu, yet today, she had managed to help him! Affection for her welled up in Su Yu’s heart as he stroked her small head and replied, “Yes, you saved me. Thanks, Miss Xianer.”

Qin Xianer’s heart throbbed faster when he called her that name, and she was delighted by it. It was only then that she realized that she and Su Yu were already wife and husband!

Xia Jingyu, who observed this scene from a distant place, had complex emotions in her eyes. Only after a long while did she hide such emotions and put on her usual calm and indifferent look as she asked, “Before expressing your love, shouldn’t you first get rid of the danger before us? Venerable Fu Gui can come back at any time.”

Such a timely reminder caused Qin Xianer’s face to blush, and she quickly left Su Yu’s embrace. She was somewhat uncomfortable as she looked at the graceful Xia Jingyu, who stood at some distance away.

She didn’t know why her past close friend gave her such a distant feeling. It was as if she was just a stranger to her.

Su Yu took a look at her and revealed a faint carefree smile, as if he had just freed himself from something. Xia Jingyu shuddered for an unknown reason, as if she had just noticed something in his smile.

“We must really get rid of the person before us before discussing anything else.” Su Yu said, while a cold look appeared on his face.

Xia Jingyu flew over to Su Yu and stood on his right side, while Qin Xianer stood calmly on his left side. They were all looking at Gu Taixu coldly. The three of them had never once fought shoulder to shoulder like today.

One of the women was Su Yu’s wife, while the other was his past lover, and they were now joining hands at Zhenglong’s last juncture. They had to wonder... Was such a matter set by fate?

Gu Taixu, who had lost 30 of his subordinates in just the twinkling of an eye, had an extremely unsightly expression on his face. His situation was quite favorable, and he should have been capable of exhausting Su Yu’s power and killing him in less than the time that it would take to brew a half cup of tea, but a strange woman, who could predict the future suddenly came out of first, and now, a more terrifying Dead Phoenix Body had appeared, killing all of his later stage Fairies by herself! Such a strange Death Power frightened even someone like him!

“Fine, it’s really great... A future prediction...A Dead Phoenix Body. Su Yu, you really hid this well, and you have also managed to gather such astonishing women at your side!” It seemed like Gu Taixu had suddenly thought back on Su Yu’s ambiguous relationship with his fiancée, which made him even more angry and resentful.

“However, did you assume that you can kill me like this?”

A pained look flickered in his eyes for a moment as Gu Taixu took a deep breath and took the Emperor Tower once again. This time, he didn’t activate the Emperor Tower, but activated the ancient sword, which had been stuck in the tower for an unknown period of time.

A tower, a sword, and a human. This was Su Yu’s first impression of him when he had first met him, and the most terrifying out of the three was definitely the ancient sword, which possessed a great destructive power.

Even when Gu Taixu was being beaten by Su Yu, he didn’t take the sword. It was only now, when he was faced with these three people, all of whom wanted to kill him, that he decided to unsheathe it.

“The Dragon-Slayer Fairy Sword is a fairy artifact that could kill all Almighty Divine Masters below the All Creation Realm,” Xia Jingyu said calmly. She was capable of seeing the future, and she was very familiar with it.

Fairy artifacts were peerless weapons, which could only be controlled by All Creation Old Monsters. Moreover, they all possessed unimaginable power, which meant that the sword before them was powerful enough to take all of their lives!

As Gu Taixu pointed at the ancient sword, it started trembling and many cracks appeared on its scabbard. Then, as a ‘bang’ sound echoed in the air, the sword disintegrated. It then turned into ashes, which started to revolve around a blood-red long sword.

Such a blood-red color wasn't the sword's own color, but was the color of the fresh blood that was on it, which emitted a terrifying aura. The whole sword was covered in the fresh blood!

They all had to wonder... Who was the owner of the blood, as even though such a long time had passed, it still hadn't dried?

"The last time I unsheathed this sword, I killed a Half-Step All Creation Old Monster with it, and its blood still hasn't dried," Gu Taixu held the sword hilt as he murmured softly.

It was a Half-step All Creation Old Monster's blood, so it wasn't really surprising that even the flow of time couldn't annihilate it, and it was still emitting a frightening aura!

Chapter 714

Gu Taixu looked at Su Yu and the two women beside him with an extremely sharp gaze. "This sword is used to kill just Divine Masters, and it needs to be nourished in the Emperor Tower for ten years before each use. I intended to leave it until I faced the King of Darkness, who deeply hid his power. But, who would expect that it was you who deeply hid his power, and you also hid a woman, which possessed a terrifying physique!"

He then added, "I will make an exception today and use this sword to kill a Half Fairy. But, the three of you would be all killed by it, as one of you possesses a Pure Divine Decree, another one possesses foreseeing ability, and the last one of you possesses the Death Phoenix Constitution. Hence, the ten years used to nourish it won't be wasted in vain if it is used against you!"

As Gu Taixu held the Dragon-Slayer Fairy Sword, he emitted an extremely sharp aura and his sleeves and black hair fluttered in the wind. The blood-red Dragon-Slayer Sword emitted a faint mournful dragon cry. It was like there was a blue dragon that was slain by it and was still wailing.

The Dragon-Slayer Sword's blood-red radiance was becoming more resplendent and dazzling as time passed, and all of the places that were engulfed by it could be instantly cut by the sword.

"Die." Gu Taixu coldly spoke one word as he held his scarlet sword and cut a line in the air. His seemingly ordinary strike possessed an indescribable power.

It was like Heaven itself wielded this sword, and the whole world was within its range. There was no way of evading such a strike, so they could only confront it head-on. The pupils of Su Yu and the others contracted as they felt an extremely destructive power emanating from such a strike.

The expression of Elder Jiu, who was in the Dragon Abyss, gravely changed several times. As he clenched his fist, his face became filled with anxiety. "Don't try to block it, just quickly escape! It's a Fairy Artifact's fragment, which was one that was used by the Blood Emperor, so it could heavily injure even an All Creation expert! You should escape."

However, there was no need for him to warn them, as Su Yu and the others already knew how dangerous it was.

"Let me face it." At such a precarious moment, Xianer stepped forward, while the Death Aura appeared once again in her pretty black eyes.

Her slightly ice-cold eyes locked onto Gu Taixu, and her bearing instantly changed as she turned into a completely different person. She instantly transformed from a lovely girl into a God of Death!

“Die.” As Qin Xianer uttered the word once more, a mysterious formless power descended and went after Gu Taixu.

This time, Su Yu quickly took hold of this opportunity and used his Soul Eyes to observe what was happening. What he witnessed caused his pupils to slightly contract, as he saw that a black phoenix, which couldn't be seen by the naked eye, had appeared beside Gu Taixu.

The phoenix emitted a terrifying death energy, and its eyes were apathetic, just like a Death God's. The phoenix was unceasingly flying around Gu Taixu, and its aura was drilling into his body, draining Gu Taixu's life force away.

It was because of this that all those Late Stage Fairy Realm experts had died! Their life forces and souls were all annihilated by the Death Energy! Although Gu Taixu, who was in front of them, was slightly odd, he was still completely different than the Second Saint Master, so he unexpectedly managed to detect the black phoenix's existence.

“You still dare to confront me while faced with the Dragon-Slayer Sword?” Gu Taixu coldly snorted as he let his sword's radiance become more resplendent. As it shone upon the phoenix, the phoenix quickly dissipated like smoke.

Xianer softly groaned and her face became flushed, while blood seeped out of the corners of her mouth. She was suffering a backlash because the black phoenix had just been annihilated.

“Xianer!” Su Yu's heart shuddered and he quickly moved to hold her in his arms.

“I'm all right.” Xianer, whose mouth was filled with blood, spoke weakly, “I'm sorry... His Fairy Sword is too powerful, so I couldn't help you deal with him.”

After Su Yu determined that it was just Xianer's meridians that had suffered a slight shock, he let out a breath and relaxed. He was grateful that she wasn't in any real danger.

He then looked once again at Gu Taixu with a gaze that was filled with killing intent. “You should die.”

Gu Taixu just sneered when he heard Su Yu's words. “You want to kill me? You can only dream about that while you are sleeping in the underworld.”

As his words echoed, his strike finally reached them. That strike seemed like it would annihilate everything.

Su Yu knew that he didn't have any hope of obstructing it. As there was a great disparity between their cultivations and magical artifacts it was really impossible for Su Yu to reverse such a desperate situation.

When Su Yu looked at the two women beside him, a decisive look appeared in his eyes.

“Xianer, Jingyu, you should both move back,” he said in a soft voice. He then smiled warmly at them, even though the sword's blood-red radiance was gradually approaching them.

It seemed like Xianer noticed the decisive look in his eyes as she spoke to him, “Brother Su Yu, let’s escape together. Please don’t sacrifice yourself.”

Su Yu gently stroked her head and asked in a soft voice, “Where can we escape to? I don’t fear death, but you and Jingyu mustn’t die.”

As he spoke, Su Yu wore a faint smile. He knew that was struggling to accept his decision.

“Jingyu, you must keep on living.” It seemed like he was bidding farewell to her, and after he took a deep look at Jingyu, he pushed Xianer away, then turned into a glowing light and flew toward the blood-red sword’s strike.

“As long as I’m here, I won’t let them die,” he mumbled, while his eyes flickered and he clenched his teeth.

At that moment, two clones appeared beside him, as he had used the Second Grade Clone Technique. Each of the clones condensed an Origin Power. The crimson clone condensed the Fire Origin, while the other clone, which flickered with lightning, condensed the Lightning Origin.

Meanwhile, a chilly air appeared around Su Yu. Origins weren’t rare objects to the Fairies, as their might was considered mediocre to them. As such, they couldn’t pose any threat to them.

But, the Origin that Su Yu held in his palm emitted an extremely powerful might...

“Fusion of Origins.” Su Yu clenched his teeth and controlled his clones, allowing them to fuse their Origins with his own.

Ice, Fire, and Lightning... The three completely different Origin Powers managed to achieve an extremely strange balance between them as they fused together into a multi-colored flower. It was a beautiful flower that had clear vein lines on it.

It wasn’t any different from a real flower, yet it still emitted a faint yet terrifying power, which would cause anyone to become restless at its sight. The Blood-red Sword Energy, which seemed like it would destroy everything, was unexpectedly melted by this flower.

“It’s this technique once again.” Gu Taixu’s expression became gloomy, as he had already once experienced this technique’s might.

“Die!” At such a precarious moment, Gu Taixu clenched his teeth and waved his sword at Su Yu.

Su Yu immediately replied, “Disappear!”

The Blood-red sword finally came into contact with the multi-colored flower at that moment.

Whoosh!

A soft sound echoed as the flower was shattered, but an extremely powerful hurricane, which devoured everything in its path, still erupted out of it.

The Blood-red Sword, Gu Taixu, and Su Yu were all engulfed by the hurricane. As the sword energy’s power was blown up by the hurricane, it turned into countless weaker sword energies, which swept through the surroundings.

Clink! Clink! Clink!

Countless clunking sounds echoed as the weaker sword energies bombarded Su Yu's Eternal Stone King Armor. The Ruler was flickering on and off as it obstructed the chaotic sword energies, but since there was such a great amount of them, it could only block a portion of them. As such, each sword energy left a deep dent in the Eternal Stone King Armor after bombarding it.

The Eternal Stone King Armor was rarely damaged by anything, yet the sword energies, which were already broken apart by the storm, still managed to damage it. If it faced the complete sword energy strike, then it might fail to block it.

After sustaining many strikes, openings started to appear in the Eternal Stone King Armor, which had protected Su Yu's life countless times in the past. The armor's belly region was its frailest point, and after it sustained many attacks, a wide gap was opened in that section.

A wisp of sword energy went through it and directly bombarded Su Yu's belly, tearing a wide hole in it. As a light groan transmitted from Su Yu's mouth, his Dantian, which was in his belly region, was shattered.

The powerful sword energy still continued rampaging throughout his body, annihilating the weak life force that was remaining within his body. After he was bombarded by the sword energy, his body fell down from mid-air like a dead leaf.

The boundless sky was reflected in Su Yu's eyes as he heard a fuzzy swooshing sound. At that moment, he didn't know whether it came from above him or beneath him. As he observed his body's current situation, Su Yu understood that this would really be the end for him.

"Will it end here?" Su Yu sighed bitterly. He then looked over at Xia Jingyu, who was safe and sound, and carefreely chuckled. "I can at least finally free myself of such worries and burdens now..."

He had married Xianer because he had promised her to do so, and since he had let down Xia Jingyu by doing this, he would use his life to protect her in order to repay her.

Elder Jiu, who was in the Dragon Abyss, finally understood why Su Yu had risked his life against Gu Taixu. It was because he wanted to die. After officially marrying Xianer, he wanted to hand his life over for Xia Jingyu.

"No!" Anxious cries echoed out as Xianer flew towards the falling Su Yu and took him in her embrace.

"Brother Su Yu." Xianer eyes widened and became bloodshot as she witnessed Su Yu's mutilated body.

She cried out in grief, "Don't die! Without you, how can I look forward to the future?"

Her mournful cries voiced her frail heart's innermost feelings. Su Yu wanted to speak to her, yet his body, which was on the brink of death, couldn't utter even a word.

He opened his mouth for a while, but then weakly closed it, finding himself incapable of persevering. As his eyelids started falling and his vision became fuzzier, he resigned himself to his fate.

“No!” Qin Xianer cried at the top of her lungs and condensed Vital Energy in her hands, which she madly poured into Su Yu’s body to try to maintain his life force.

But, as the sword energy was still present in his body, her Vital Energy, which was utterly weak in comparison to it, was quickly annihilated by it. Many gem-like teardrops fell out of her eyes, as no matter how much she poured her Vital Energy into him, she still couldn’t save him.

Su Yu felt his heart warming. If he could die in Xianer’s embrace, then all that he had done wouldn’t be in vain. He extended out his hand and stroked Xianer’s face as he spoke with great difficulty, “Xianer, don’t cry. I’m not dying. I’m just returning to my home, like a fallen leaf that is returning to earth.”

Xianer still continued crying as she lowered her head and leaned against his chest. She seemed like a child who had just lost her most important relative. Her aggrieved cries touched all those who heard them.

Su Yu felt his vision becoming fuzzier, and he struggled to move his eyes to look toward Gu Taixu. He was still standing in his former place, but his whole body had collapsed. In fact, his state wasn’t any better than Su Yu’s, which allowed Su Yu to relax at last.

The Dragon-Slayer Sword, which was in Gu Taixu’s hand, had already lost its blood-red luster, and it was falling down to the ground like a piece of scrap metal.

Swoosh!

A purple ray flickered out of Su Yu’s Nine Jade Spiritual Pearl as some creature took the sword into its mouth. It then flew back to Su Yu and landed on his chest.

It was the small kylin, which was quite fond of all kinds of treasures. So, it was extremely excited now, as it had managed to get a Fairy Artifact’s fragment. Soon, it was cheerfully dancing on Su Yu’s chest.

When it lowered its head and looked at Su Yu, it blinked its eyes several times. It had only now noticed that something was amiss. It rubbed its head against Su Yu’s neck, yet it discovered that he didn’t respond at all.

The small kylin scratched its head with its paw, while its eyes became filled with confusion. It couldn’t understand what was wrong with Su Yu.

It took a look at the crying Xianer before looking back at Su Yu, who was drenched in blood. It seemed like it understood at that moment, as it lowered its head and sniffed Su Yu’s chest.

After it sniffed him, it seemed like it detected that Su Yu’s life would shortly come to end, and its gaze, as well as its whole body, stiffened. The Fairy Artifact’s fragment fell from its mouth as it looked at Su Yu with tear-filled eyes.

It then licked his face with its soft tongue, while unceasingly whining. It clearly knew that its master’s life would shortly come to an end.

Chapter 715: Killing Gu Taixu

“Su Yu, you will still die first.”

There were some people, who were aggrieved, and others, who went crazy.

Gu Taixu, who also suffered heavy injuries, and was on the brink of death, laughed sinisterly, “You can die peacefully, as I will shortly send those two women to join you, so you won’t be lonely in the underworld.”

Su Yu almost lost his life when he ran into him in the Mysterious Heavenly Divine Pavilion, and now it was the case too.

Su Yu lost in both of their confrontations, and this time, he lost even more tragically.

“Is it?” Mockery flashed in Su Yu’s eyes, and when his words just echoed, a flag as big as palm rose up from the sea below Gu Taixu.

The flag fluttered in the wind, as it shone with black light, and Gu Taixu’s surrounding instantly changed, and turned into bone-chilling snow plains.

While among the snow plains, Gu Taixu lost his whole cultivation, and turned into a frail mortal, who shivered as this place bone-chilling wind swept him.

“Ice Soul Divine Dream Spell?” Gu Taixu was astonished. As a person from the Eighteen Blessed and Heavenly Lands, how could he not know this formation? It was the Eighteen Blessed and Heavenly Lands greatest formation.

He never would have expected that even when Su Yu was on the brink of death, he still left such hidden move behind.

When did he set up the formation? From the moment he came here, they were fighting against each other, and he shouldn’t have any time to set it.

The only explication for it was he set the flag there before a long time, and left it there as the last move.

Gu Taixu’s heart couldn’t help but thump as he thought of such comprehensive schemes, and his gaze became filled with nervousness, as he must quickly look for this formation’s weakness, and leave it, otherwise, he would be in grave danger.

He swept the surrounding with his gaze, and started looking for its weakness quickly.

Although he was now in a snowy plain, but in the eyes of people outside, Gu Taixu was just standing on his place motionlessly like a pillar.

“Take avail of such an opportunity to... Kill him...” Su Yu uttered such words with great difficulty.

Taking avail of the fact that he was still trapped in the illusory formation to kill would be their best opportunity to dispose of him.

Qin Xianer raised her head, and wiped her tearful eyes, which were filled with sadness, and hatred.

“Why? Why did you disturb our lives?” Qin Xianer clenched her fists tightly, as her eyes became ice-cold, “Brother Su Yu went through many difficulties, and he escaped death narrowly each time, yet all that he sought was none other to have a clear conscience, and not owe anyone anything, or wrong them.”

“What feud did you have with us? Why did you need to try to exterminate all of us?”

She seemed like she was shouting, wailing, and informing people of the injustices, which Su Yu suffered in his life.

“If your world wants to kill Su Yu, then I will take a pledge here to use my whole life to try to destroy your world.” The delicate Qin Xianer seemed like a god of death at this moment. She was both heartless and indifferent, and her gaze was sharp and ice-cold, and death aura emerged in it.

“Die! I want all of you to die,” It seemed like Qin Xianer vent all of the hatred in her heart, as she shouted sharply.

A mysterious death power descended in this world, and engulfed Gu Taixu, and dragged him into the abyss of death.

Gu Taixu, who didn't have the Dragon-Slayer Fairy Sword, would just die in front of such power, if he faced it with just his fleshly body alone.

Bang!

A soft sound suddenly echoed, as the black phoenix, which appeared above Gu Taixu's head, suffered a mysterious divine power's attack, and dissipated.

It was an eerie and gloomy aura, which seemed like it came from the Nine Underworlds' Yellow Springs, which engulfed the black phoenix, and dispersed it.

“Hehe, I left just for a trifling hour, yet the situation had such a drastic turn. It's really out of my expectations.”

A yellow-robed person suddenly appeared in an empty place in the sky. His whole body emitted a frightening eerie aura.

It was Venerable Fu Gui, he came back here at the last juncture.

Qin Xianer suffered her power backlash once again, and she groaned softly, as she stumbled back, and fell on Su Yu's chest.

Even while facing a Divine Master's boundless pressure, fear still didn't appear in Qin Xianer's eyes, and they were as calm and indifferent as a lake's water.

“Death Phoenix Body, tsk, tsk, I really can't imagine how can the Death God Body, which never appeared in Jiuzhou, appear in Zhenlong Continent?” Venerable Fu Gui looked with interest at Qin Xianer, and his shining eyes were filled with greed.

“Such divine body would be wasted on a little demon like you, so I will take care of it for you,” Venerable Fu Gui spoke sinisterly, as he licked his lips excitedly, “It just happened that I cultivated a technique of devouring inherited bloodline. Lassie, you have really sent me a great gift.”

Venerable Fu Gui was well versed in Ghost Path, and had walked further than other people in blood cultivation, and he possessed even such an astonishing magical ability, which could let him devour other people's bloodline.

Qin Xianer's eyes were filled with decisiveness, while her silver white teeth were smeared red with blood, as she looked at him coldly, "I rather let dogs feed on my body than let an otherworldly person like you get your way."

Venerable Fu Gui chuckled sinisterly, "It isn't up to you."

As he spoke, he waved his hand at Qin Xianer, and five hideous-looking Ghost Heads flew out of his sleeves, and whistled, as they charged at Qin Xianer.

The Ghost Heads had ugly facial features, and had a powerful Ghost Energy, while their whole body emitted an odor of rotten flesh, and they also emitted a powerful aura, which could crush any Fairies.

Each Ghost Head was a Level Nine Fairy. Just a single Level Nine Fairy like Gu Taixu almost sent Su Yu to death's door, let alone five of them.

When they appeared, all people, including the one at Dragon Abyss, despaired, as even if the Divine Master didn't attack them, it would still be impossible for them to win.

The Ghost Heads opened their mouth as they flew at her swiftly. They wanted to tear her apart, devour her flesh, and absorb her essence blood.

Qin Xianer didn't fear them, and her eyes brimmed with death aura, as she looked at a Ghost Head fixedly, however even after she uttered the word 'die', the Ghost Heads weren't affected, and still continued flying toward her.

"Death Phoenix Body can take all living being's lives, but what life could it take from dead creatures like Ghost Heads? Lassie, you ran into your bane." Venerable Fu Gui laughed.

Qin Xianer was startled, and she revealed a bitter smile just after, "Brother Su Yu, I'm sorry. I will leave first, and wait for you below." Qin Xianer had a strong heart, and she was quite firm.

She preferred to put an end to herself rather than be devoured by Ghost Heads, and let her bloodline power be gotten by someone else.

However, before she made any movement, the five Ghost Heads cried sharply, and fled in different directions, as if they just detected a terrifying object.

However, before they even fled far away, their harsh cries came to an abrupt end, as a wisp of ash-gray sword energy penetrated the five Ghost Heads in the twinkling of an eye.

Such sudden occurrence caught even Venerable Fu Gui off guard, and he groaned softly, as blood seeped out of the corners of his mouth. He suffered a backlash because his Ghost Heads were killed.

"What did happen?" Venerable Fu Gui's pupils contracted, and he had an extremely restless feeling, when he saw the ash-gray sword energy.

“Evil energy? What a terrifying evil energy!” Venerable Fu Gui’s smile disappeared, and his expression became solemn.

He started moving back as he observed the ordinary-looking ash-gray sword energy, and he seemed like he just ran into his bane.

Dark Su Yu left a wisp of evil energy in the flag after refining it, and even the Blood Emperor dreaded it, let alone a mere Almighty Divine Master?

“Lad? Is this your true killing move?” Venerable Fu Gui felt like he just fell into his trap.

In fact, how was it possible that such coincidence would occur, and that he would come back just when Gu Taixu’s life was in danger?

He was already hiding here when Gu Taixu unsheathed his sword, and had a decisive fight against Su Yu.

He also dreaded Su Yu’s techniques, and he waited until both of them end up heavily injured before showing himself to take care of the rest.

The situation developed like he expected, and Su Yu, who was already on the brink of death, still left such a terrifying move behind, and trapped Gu Taixu with it.

It was only then did Venerable Fu Gui show himself for two reasons. First, to save Gu Taixu, and let him owe him a favor, and second, since anything dangerous already disappeared, it was time to kill Su Yu, and take merit for it.

However, he didn’t expect that Su Yu unexpectedly still left a more terrifying evil energy behind.

Venerable Fu Gui knew clearly that it should have been left for him, and he felt like Su Yu plotted against him.

How could Su Yu overlook that besides Gu Taixu, there was still another more terrifying person, Venerable Fu Gui?

The evil energy within the flag was left by him for Venerable Fu Gui.

After the evil energy killed the five Ghost Heads, it became slightly weaker, but it still possessed a great might, and Venerable Fu Gui still felt a great danger from it

Swoosh!

The evil energy flew at Venerable Fu Gui with extremely swift speed, and even a Divine Master wouldn’t be capable of evading it.

Venerable Fu Gui’s heart thumped crazily as he faced such crisis, and his instincts gotten by cultivating for several hundred years told him that he was now facing a crisis great enough to take his life.

He was incapable of evading, and he was more incapable of facing it head-on.

After he surveyed his surrounding, his gaze locked into the motionless Gu Taixu, who was trapped in the formation.

Hesitation appeared in his eyes for a moment, before he clenched his teeth, and flew toward him, “Sir, excuse me, but it’s just your clone, which is here, so please forgive me.”

While facing such imminent crisis, Venerable Fu Gui waved his hand at Gu Taixu, and sucked in Gu Taixu's clone at him, and took him from the formation to his front.

Gu Taixu, who was just freed from the formation, wasn't clear about the current situation, and he was somewhat muddle-headed.

When he felt the aura of Venerable Fu Gui behind him, he relaxed slightly, as his rescuer already came here.

He looked at the distant Su Yu, as he smiled coldly, "Su Yu, everything came to end, and it's impossible for you to kill me, as for me? I will kill all of your relatives and friends."

When his words just echoed, he realized that something was amiss here, and it was at such time did a terrifying wisp of evil energy penetrate his body quietly.

He didn't even get a look at the evil energy before it invaded his body, and caused it to start disintegrating like a burning dead tree.

Even until his consciousness was erased, he still didn't understand which object killed him.

After the evil energy killed Gu Taixu, it became dimmer by a large margin, and just an extremely feeble wisp, which was almost unnoticeable, was left from it, and it continued on, and attacked Venerable Fu Gui.

Even though he already resolved such crisis, Venerable Fu Gui still didn't relax, and he revealed his whole body divine power to face it.

Bang!

A loud explosion sound echoed, as Venerable Fu Gui was sent flying for ten miles, as if he just got an intense electric shock, and a giant bloody hole was left in his chest, and he seemed quite wretched.

His body was just heavily injured, and it didn't take his life.

After Venerable Fu Gui managed to save his life narrowly, his whole body shivered, as he still had a lingering fear.

It was too terrifying! When he came in contact with the wisp of evil energy, he felt like he would be devoured by a dreadful evil being.

If Gu Taixu didn't consume most of the evil energy's power with his death, then even a Divine Master like him would be killed by it, and it would be impossible for him to survive.

His heart shivered for a long while, and when he looked at Su Yu once again, his fright and killing intent erupted out like a flood, "You mustn't be left alive! Die!"

A Divine Master's anger would leave behind millions of corpses. However, before he managed to attack them, the Heavenly Orchid Silver Bamboo's golden leaves at the Dragon Abyss's entrance started opening up, while a beautiful woman flew out of it anxiously.

Awful! Venerable Fu Gui's heart sank, as they wanted to hide in the Dragon Abyss.

With how firm and strong were the Heavenly Orchid Silver Bamboo's golden leaves, it would be impossible for him to cope with them even if he used his whole power.

Moreover, what was even more awful was that Xia Jingyu flew to Su Yu's side, and grabbed the shoulders of the people there, and wanted to take them with her, and run away.

Chapter 716: Fate Altering Divine Pill

“Stop!” Fu Gui shouted in a thunderous voice.

As Xianer finally saw a ray of hope, she decided that she wouldn't give up as long as there was any opportunity of saving Su Yu.

“Sister Jingyu, thank you! Let's take him away and save him...” Xianer was so moved that she sheds tears, but her words stopped just after that.

This was because after Xia Jingyu held their shoulder, she just stood in place and didn't try to flee. She then looked at Xianer, while she revealed a meaningful smile. “Hehe, who said that I wanted to save him?”

Xianer was startled. “Sister Jingyu, don't act willfully. The enemy is extremely powerful, so we mustn't stay here.”

Thump!

Xia Jingyu twisted her hand and wrung Xianer's shoulder, which made Xianer crouch down in pain.

“Sister Jingyu, what are you doing?” Xianer asked.

Xia Jingyu looked up to the sky and laughed crazily. “What am I doing? Hehehe, I'm obviously trying to separate you from him, so that man will regret his actions.”

When Xianer lowered her head, she found that Xia Jingyu's eyes, which were filled with warmth in the past, were now filled with a strange madness.

“Xianer, my good friend, why didn't you ever take the trouble of asking your good husband which person he really loved?” Xia Jingyu coldly sneered as she revealed a playful smile.

It seemed like she really wanted to see how sad Xianer would be after learning that the person who Su Yu loved wasn't her. It seemed like it was only in this way that she could vent her resentment towards Xianer.

However, Xianer startled her by simply revealing a mocking smile on her pale yet calm face. “I obviously know that he loves you.”

Her reply shocked Xia Jingyu and made her smile stiffen.

“You already knew?” The madness disappeared from Xia Jingyu's face and was quickly replaced by confusion. “Since when did you know?”

Xianer laughed bitterly. “I understood it when I learned that the Lord Ji Yu is, in fact, you.”

Xianer already knew Xia Jingyu's feelings toward Su Yu long ago. She already grew up, and matured, and she became more sensible and sharp. So, even though she had already noticed it, she feigned that she didn't know anything and quietly bore the painful truth.

“And brother Su Yu loves you too,” Xianer said as she looked at Su Yu, while wearing a bitter smile. “I knew it because my brother Su Yu was always looking at me with a distant gaze, and I was never the one within his eyes. This was because there was someone else in his heart, and it was you, sister Jingyu.”

Xia Jingyu’s body stiffened, as she didn’t expect that Xianer already knew everything. She was somewhat moved, but only for a moment, then she quickly resumed her cold and apathetic front.

She then said, “Since you stole everything that belonged to me, you should be clear about what will happen to you now.”

Upon hearing her words, Xianer carefreely smiled and her crystal clear eyes didn’t have any hatred or rancor in them. She only wore an apologetic look on her face.

She then softly nodded as she said, “I know, and I was already prepared early on for returning my brother Su Yu to you. I don’t have any regrets, since I already managed to marry my brother Su Yu, and since I can entrust him to you before my death.”

She then added, “Sister Jingyu, I’m sorry. I already knew that you loved each other, yet I still stepped in between the two of you. It was extremely selfish of me, but I did it because I loved him.”

Tears filled her eyes as she spoke, “I loved how he hugged me, how he stroked my head, and how he spoiled me. I loved his faint smile and each word he spoke. I loved everything about him. Please forgive me for being so selfish. Now, you can take away my brother Su Yu, as he belongs to you.”

Xianer’s eyes were brimming with tears, and a black fog appeared around her body, taking the form of a phoenix. The phoenix unceasingly flapped its wings, and it seemed like it wanted to flee out of Xianer’s body and soar up into the sky.

Fu Gui, who flew towards them, was startled, “What is this?”

The eyes of Elder Jiu, who was in the Dragon Abyss, flickered, as he was surprised by it as well. “Is this the Death Phoenix that has returned to the underworld? It’s rumored that, if those who possess the Death Phoenix Constitution didn’t have a pure bloodline, then after awakening their bloodline power, it will quickly wither, and they will die.”

He then added, “Before Xianer advanced to the Fairy Realm, she didn’t awaken her bloodline’s power. Only after reaching such realm did she awaken it.”

His words were like a hammer, bombarding everyone’s hearts, as they all knew that Xianer didn’t manage to advance to the Fairy Realm for a whole half year, even though she had already consumed a Cloud Galloping Horse. They assumed that it was difficult for her to advance because of her special physique, but now it seemed like it was all because Xianer knew that once she advanced to it, she would surely die.

It was because of this that she feigned that she was incapable of advancing to it. She didn’t want to advance to it because she wanted to stay by Su Yu’s side longer, even if it was just one more day.

But, such a period of tarrying was too short, and when Su Yu was in danger, Xianer took the last step and activated her bloodline’s power, even though she knew that she would end up dead that same day.

Her words left Xia Jingyu’s mind reeling and greatly shocked her. Even her expression changed.

Xianer had already prepared herself for death, and even if what happened today hadn't occurred, she knew that she would still have to leave Su Yu's side before long and return him to Jingyu. Today's occurrence just let it happen several days in advance.

Xia Jingyu loosened her hand and stumbled back, while she became absent-minded for a moment. When Su Yu, who was on the brink of death, heard such a shocking matter, his will, which had almost scattered, was forcefully condensed back by him.

At that time, he managed to see with his fuzzy gaze the delicate girl, which brought a great shock to his soul. He had really let her down, as it turned out that she didn't want to advance to the Fairy Realm because she had wanted to stay by his side longer, yet he had made such a laughable action as handing her a Fairy Elixir to let her breakthrough!

How could someone as stupid as me realize her innermost feelings? he thought with regret.

She was always lonely, and even though she knew that Su Yu loved another woman, she had just pretended that she didn't have any idea of it. She was, all along, lonely, and she was just by herself from the moment the Xianyu prefecture was destroyed.

She had quietly loved Su Yu, while bearing such pain. She pretended to be naive. Even now, she continued to pretend.

Su Yu, who had accompanied her, assumed that he gave her warmth. Yet, he didn't realize that she had been extremely lonely all along.

She just pretended to be naive in order to console Su Yu, as well as to lead him to believe that she was always happy. The one whose feelings were being protected wasn't Xianer, but Su Yu!

Su Yu felt his mind reeling as he suffered a great shock because of this new revelation, and for the first time, Xianer's image clearly appeared in his heart. She was the Twilight Mountains' Xianyu prefecture's young princess, a girl who had carefully saved pills for him while in the Fenghuang Valley, and who had saved even the Dragon Abyss of the Nine Underworlds' precious Dragon Abyss Fruits. She was also his newlywed wife, who was about to sacrifice her life for him.

It seemed like such memories scattered the clouds as they filled his mind, and they were like stars that illuminated his world. At the same time, they were also like a frail raft, which would be engulfed, leaving only a few ripples behind it.

He felt great pain and guilt, as he was extremely touched by her, and countless emotions welled up in his heart at this moment. He had unexpectedly had such a woman in his life, but after the Death Phoenix left his body, her life would be extinguished like a torch before his eyes.

"Brother Su Yu, I have always loved you." Xianer's eyes were tearful, and as the Death Phoenix left her body, her eyes became dimmer. Yet, even at such a sad moment, she still wore a faint, satisfied smile. This was because the person who she was looking at before her death was her beloved Su Yu.

"Xianer!" Many emotions churned in Su Yu's heart as tears streamed down his face.

He felt regret, guilt, and indescribable grief as he raised his trembling hand and stroked the Nine Jade Spiritual Pearl. At that moment, a small and exquisite jade tower appeared on his palm. It had a multi-colored pill inside it, which seemed like it was consecrated like a god.

When the jade tower appeared, it seemed like the whole world's life force became intenser, and the intensity of the life force in Su Yu's surroundings was so high, if someone just tried to absorb a part of it, his body would explode and he would die. It was like the world's deadliest poison.

As such a life force engulfed him, he started quickly recovering the life force that he had lost, and his body, which had almost crumbled, started quickly recovering. An extremely astonishing scene appeared before all of the people's eyes, as just the pill's fragrance had pulled Su Yu from death's door. In fact, all of his injuries had been healed by it!

"What kind of pill is this?" Fu Gui's pupils contracted as his eyes became filled with shock.

The people within the Dragon Abyss were all greatly shocked as well. They all wondered how such an amazing pill, which could save someone who was at death's door, could exist in this world.

As he held the exquisite jade tower, Su Yu slowly stood up and calmly spoke to Xia Jingyu, "Jingyu, I'm sorry. I wanted to just die to repay you back, but now I have changed my mind. I mustn't die, as I must live for Xianer."

Su Yu then went over to Xianer and held her dead body, which was gradually cooling and was devoid of all life force. Su Yu knew that the ancient times' divine pill, the Fate Altering Pill, could resurrect the dead.

As he held Xianer's body, Su Yu's eyes became filled with affection, and it seemed like he had returned to the times in the Xianyu prefecture, where he held this adorable princess. "Xianer, I'm sorry that I let you leave my side for a while. I will now take you back."

He took the multi-colored pill from the jade tower, which possessed an astonishing amount of Spiritual Energy. It was like it possessed a life force that was equivalent to that of a whole world's!

At this moment, a sweet fragrance fluttered to him as a lovely woman held Xianer's shoulder and pulled her from him. This action prevented Su Yu from putting the pill in her mouth.

"Jingyu, what are you doing?" Su Yu was startled, as it was Xia Jingyu who had just taken Xianer from him.

Xia Jingyu's gaze was extremely ice-cold as she said, "Since she has already died, then why do you need to revive her? Why don't you give me this Fate Altering Pill instead of just wasting it on her? That should be enough to repay me."

Chapter 717: Hong Luan's Remnant Soul

The people in the Dragon Abyss were infuriated that Xia Jingyu had dared to interfere with Qin Xianer's resurrection! None of them knew whether the Fate Altering Pill's efficacy would be affected if a long time passed between her death and her taking the pill.

Many feared that, if she delayed taking the pill for a long while, the pill's consumption might become useless to her. Then, Qin Xianer might remain dead forever!

"Xia Jingyu!" Su Yu shouted in a low voice. "You can hate me, but why do you need to harm Xianer? She's innocent!"

Xia Jingyu's gaze was ice-cold. "Innocent? She obviously knows that we loved each other, yet she still snatched you from me! Such a selfish person's death isn't worth anyone's sadness."

Xia Jingyu felt like a stranger to Su Yu at this moment, as if the man standing in front of her was a different person from the one she knew.

"Again... Her death isn't worth anyone's sadness, and as for you, you shouldn't dream about living past this day! Today, I will kill both of you!" Xia Jingyu shouted.

Then, as she raised her hand, a divine weapon appeared in it, which she thrust into Su Yu's chest! Su Yu was startled, and he staggered back as he tried to revolve his Vital Energy. However, just when he wanted to revolve it, Su Yu's heart shuddered, as he found that he didn't have even a wisp of Vital Energy left!

When he realized his body's state, he was immediately petrified. His Dantian had been penetrated when he was facing the Dragon-Slayer Fairy Sword, and his remaining two Vital Energy Crystals were shattered! Hence, he had lost all of his Vital Energy Crystals, as well as his whole cultivation base.

Xia Jingyu's relentless sword strike, which was brimming with killing intent, was thrust toward Su Yu's most vital part, and Wu Aoyue, who was coming to warn him, was still thirty miles from them. Hence, it would be impossible for her to save him! It appeared as if Su Yu would unexpectedly end up being killed by Xia Jingyu!

Ding!

However, a person intervened at exactly this precarious moment, easily deflecting Xia Jingyu's sword with his sharp Vital Energy. It was a cloaked man, who was in his thirties. As he stood in front of Su Yu, he had a gentle and refined face, which was hidden behind his cloak, and his gaze was filled with wisdom.

"Wu Hen?" An onlooker recognized him immediately, and all of the people in the Dragon Abyss let out a collective breath. They were all startled when they got a clear look at him.

After Wu Hen had advanced to the Level Three Fairy Realm with Su Yu's help, he had injured Wu Aoyue, betrayed them, and then fled. He had not been seen again until just now. No one would have expected that he would show himself at this moment, when Su Yu was in a helpless situation with no one else to help him!

"Young master, I came late... So, please punish me for my tardiness." Wu Hen turned around and saluted Su Yu respectfully, his eyes filled with sorrow.

Su Yu's gaze remained fixed upon Xia Jingyu throughout this whole scene, and his glare started to gradually become ice-cold as he asked, "Xia Jingyu, what do you want to achieve?"

"Ugh! What an irksome guy!" Xia Jingyu said, while she looked at Wu Hen resentfully.

She was clearly annoyed that he had interrupted them. She then shouted coldly, "What do I want to achieve? Firstly, Xianer's corpse should be handed over to Venerable Fu Gui for him to refine her bloodline power. As for your head, it should be gifted to the central prefecture's king!"

She stared at him fixedly, then added, “This is the only way that I can get another opportunity of making a choice and becoming the central prefecture’s king’s concubine.”

Xia Jingyu continued to speak to Su Yu coldly, “I must really thank you, as you showed me that all people are selfish, and now that I think back on how I suffered for you, I can only find my actions to be laughable and foolish!”

She then added, “Now, I finally realize the truth. It’s my fate to become the central prefecture’s king’s concubine, then make use of his power to pursue the peak of the martial path!”

Su Yu was shocked to hear that Xia Jingyu wanted to become the central prefecture’s king’s concubine. Su Yu was dumbstruck for quite a long while, and his face became very gloomy. Regardless of whether those were just words that she had said in a moment of anger or were her true plans, Su Yu was incapable of replying.

“Jingyu, quickly give me back Xianer before you make a grave mistake that you will come to regret. I’m even willing to exchange my life for hers,” Su Yu said.

Xia Jingyu sneered at him. “In your dreams! You’ve already lost your cultivation, so you are just a cripple! So, what qualifications do you have that would make me want to make such an exchange?”

She then turned her head to look at Venerable Fu Gui and asked, “Don’t you want to kill Su Yu, thus atoning for your crimes against Gu Taixu?” After all, he had used Gu Taixu’s clone as a meat shield, so if he didn’t kill Su Yu, Gu Taixu wouldn’t have any reason to forgive him for such an affront.

“I don’t need you to remind me of my debt!” Venerable Fu Gui was startled by her question, and his face became gloomy, while an intense killing intent appeared on it. But, although Xia Jingyu was also one of the people he must surely kill, Su Yu’s death was the first priority!

“This is awful! Young master, you must escape! Quickly!” Wu Hen was startled when he saw that an Almighty Divine Master was about to attack them, and he didn’t dare wait any longer.

He grabbed Su Yu decisively, then turned around and fled. As they were fleeing, Wu Hen said, “Young master, as long as you are alive, there is still hope. You have already lost your cultivation, so you can’t face him now. Moreover, if you die here now, then there won’t be anyone left to retrieve Miss Qin’s corpse. So, please bear it for now.”

He could clearly tell that Su Yu had a raging killing intent surging within his heart, which had almost deprived him of all reason. Hearing his words, Su Yu didn’t struggle, even though his heart was like a raging fire and his head was muddled by killing intent.

Although he had a strong impulse to throw all caution to the wind, his remaining reason told him that, if he made any rash actions, then there really wouldn’t be any hope of getting Qin Xianer back.

At this moment, Wu Aoyue came over and looked at Xia Jingyu with hatred. She then said, “You are really an ignorant and foolish woman!”

Su Yu had a premonition that he would face a great crisis, so he had tasked Wu Hen in advance with saving Xia Jingyu, and just from such an action alone, it could be seen that Xia Jingyu had an important place in his heart.

However, in the end, Xia Jingyu had betrayed him heartlessly and even wanted to take his life in order to use it to gain a high position and great wealth in the future! She had disappointed him greatly.

“Do you want to escape?” Xia Jingyu snorted coldly as she asked. Then, holding her sword, she chased after them.

Venerable Fu Gui’s neared Su Yu quickly. In fact, he was so fast that it seemed like he was teleporting around!

At such a precarious moment, Su Yu’s gaze became ice-cold and he shouted softly, “Small kylin, the sword!”

At that moment, a purple radiance flickered as the small kylin that was on Su Yu’s shoulder let go of the Dragon-Slayer Fairy Sword that was in its mouth, letting it fall down. Su Yu extended his hand toward it, and although he had lost his cultivation base, his First Dragon Body didn’t suffer any losses. So, he was able to catch it successfully.

When he held the Fairy Sword in his hand, he found it extremely heavy. But, he still managed to keep a firm grasp on it.

“Dragon-Slayer Fairy Sword, cut him!” Su Yu yelled as he waved the sword around.

Although he didn’t instill any Vital Energy into it, the sword still possessed a powerful might, and just its Sword Intent alone was extremely powerful. Suddenly, a blood-red ray shot out of the sword, then flew toward Venerable Fu Gui, who was charging at them.

“Da*n!” Even someone like Venerable Fu Gui still didn’t dare to face the sword head-on, so he cursed and quickly drew back.

Meanwhile, a faint light flickered on top of Xia Jingyu’s head as a small, transparent person appeared there. The small person was a charming woman, and she was looking at Su Yu, her eyes filled with rancor.

As the blood-red ray swept towards them, she flew forward it and deflected it forcefully. Upon seeing her shock appeared on Su Yu’s face.

He then yelled, “Supervisor Hong Luan! It’s you!”

It was the All Creation Old Monster, Hong Luan, one of the Eighteen Blessed and Heavenly Lands’ three All Creation Old Monsters! Her clone had once possessed Xue Lian’s body, and the last time she showed herself was at the last juncture in the Mysterious Heavenly Divine Pavilion.

But, at that time, she was killed by Dark Su Yu! However, it seemed that a wisp of her Clone Soul had managed to escape by luck, and at the moment, she possessed Xia Jingyu’s body and controlled her!

“Lad, you deserve a painful death for destroying my Clone Soul!” Hong Luan’s eyes were filled with hatred.

It was clear that she wanted to chase and kill Su Yu, but the Dragon-Slayer Fairy Sword had obstructed her for a moment. Now, Su Yu had already been taken back to the Dragon Abyss by Wu Hen and Wu Aoyue!

Venerable Fu Gui's pupils contracted and he sucked in a breath of cold air when he saw the remnant soul that was on top of Xia Jingyu's head. "Hong... Elder Hong Luan!" he exclaimed. Venerable Fu Gui was overwhelmed with shock, which was clear by the look that appeared on his face.

As Hong Luan swept over Venerable Fu Gui with her gaze. She didn't have an arrogant or haughty expression on her face, as she was now only a remnant soul, and even if she wanted to act arrogantly, she first had to take into consideration her current state.

"Fu Gui, summon more Bright Light Guards here, as we must destroy the seal and kill that lad," Hong Luan instructed him as she waved her hand and took the Emperor Tower, which fell off Gu Taixu's corpse, and threw it at him.

Venerable Fu Gui found himself in a somewhat of an awkward situation as he stuttered, "This is..." Although Hong Luan was also from the central prefecture, she didn't have any right to intervene in the Zhenglong Continent's affairs. Thus, she didn't have any right to command him.

"Why the hesitation? Don't you feel that killing that lad is a matter of vital importance?" It seemed like Hong Luan read his mind.

So, she sneered at him coldly. "My Clone Soul was destroyed by this lad, and if you don't dispose of him soon, then don't even dream of searching for Shen Yichen in peace!"

What? Venerable Fu Gui was overwhelmed with shock. Was Hong Luan's Clone Soul really destroyed by that lad? Hong Luan's Clone Soul's strength should have been, at the very least, at the Divine Master Realm, yet it still died at that lad's hands?

As he thought back upon the terrifying evil energy that almost took his life, Venerable Fu Gui started to dread Su Yu, thinking... This lad should really not be left alive!

He knew that, if he didn't dispose of Su Yu, he would be incapable of searching for Shen Yichen in peace! Moreover, he wasn't confident that he could achieve such a task alone, and Hong Luan's clone had already ordered him to summon more Bright Light Guards as a precaution.

"Fine, I will do it. But, summoning any of the Ten Great Bright Light Guards will consume half of the Emperor Tower's energy, and six-tenths of its energy has already been consumed, which means that just four-tenths of it is left. So, we should summon other Divine Masters besides them," Venerable Fu Gui suggested.

Upon hearing this, Hong Luan raised her brows, "That's probably somewhat inappropriate, as if there is a need, it should be better to transmit this lad's news to the Blood Emperor, then let him take care of this matter."

The Blood Emperor? An embarrassed look appeared on Venerable Fu Gui's face as he said, "Apparently, the Blood Emperor was injured, and he's recently been in secluded cultivation. So, even if he received such news, he would still not come here."

Hong Luan was surprised by his words, and she asked, “The Blood Emperor was injured? By who? Was it one of the Old Monsters in the Eighteen Blessed and Heavenly Lands?”

“It was obviously an act of a powerful All Creation Old Monster,” Venerable Fu Gui replied. It seemed like there was almost no one who knew that the Blood Emperor had been injured by Su Yu.

“Jiuzhou’s world has many experts, so it isn’t impossible for the Blood Emperor to have sustained some injuries. However, you should still notify him. Then, it’s up to him whether he wants to take care of it or not,” Hong Luan instructed him.

Venerable Fu Gui nodded, while he looked at Qin Xianer’s corpse, his gaze filled with hesitation.

“You should better forget about her, as I need to examine her,” Hong Luan said.

Venerable Fu Gui was infuriated by her words, but he didn’t dare to speak. So, he reluctantly retreated to go carry out her orders.

Hong Luan then turned to look at Xia Jingyu. While wearing a faint smile, she said, “Other people just assumed that you betrayed Su Yu because you were controlled by me. Who knows how they would feel if they discovered that you aren’t controlled by me, and that you have done everything of your own accord?”

Xia Jingyu’s extremely beautiful face had a calm and indifferent expression on it as she replied, “It doesn’t matter, as he hurt me greatly! If I wallow in such feelings, then I will only fall further, so I decided to just throw them off and start making plans for myself!”

Hong Luan chuckled, then said, “You are truly ruthless!”

Chapter 718: Reconstructing the Dantian

The Dragon Abyss descended into silence. After fighting many great battles, Su Yu ended up losing his whole cultivation and turning into just an ordinary person. His strength now was weaker than even an average Fairy Realm expert’s.

As Su Yu stood among the crowd, he was absent-minded and lost in his thoughts. The words that Xianer uttered before her death were unceasingly echoing in his mind...

“Without you, how can I look forward to the future?” She had uttered those words while leaning against Su Yu’s chest.

“Brother Su Yu, I always loved you.” Those were the words that she uttered as she disappeared while wearing a faint, satisfied smile, all the while looking at Su Yu until the very end.

It was only at that time that Su Yu realized how lonely she had been. He always said over and over again that he would look after Xianer and pamper her, yet he never truly cared or paid attention to what she truly felt.

What he cared about was fulfilling his promise, not Xianer herself. The person who was truly selfish was none other than himself.

He really couldn't get the satisfied smile that Xianer wore before her death out of his mind. As he recalled it, two streams of tears couldn't help but streak down his face.

On this day, he had lost an extremely important person to him, a woman who dearly loved him. He was even more pained by this than he was about the destruction of his Dantian or the end of his martial path.

"Young master..."

"Su Yu..."

Wu Aoyue, Zi Yunxiang, and the others came over to him and softly called him. They wanted to comfort him, yet didn't know what they should say.

"I want to be alone for a while." Su Yu waved his hand in dismissal at them, and after they left, he went by himself into a small mountain in the gloomy and dark Dragon Abyss. He calmly sat there silently.

He quietly sat there for two hours... Then twenty hours... Even after a whole day had passed, he was still sitting there.

...

Many days passed, and it seemed like Su Yu had become a stone statue, as he just motionlessly sat there. Yet, during the whole process, he didn't close his eyes at all. His face was gradually becoming paler, while his body was becoming thinner.

Wu Aoyue quietly stood before the mountain and protected him, her heart throbbing with pain whenever she looked at him. Xianer's was a grave blow to Su Yu, and he still hadn't gotten over it.

"Miss Wu, please let me go to him." Zi Yunxiang's eyes were flushed, as she was also pained by the sight of Su Yu in such a state.

Wu Aoyue shook her head, and her face was filled with firmness. "It's out of the question, as my young master doesn't need your comfort. He just needs to be by himself. You wouldn't be of any help to him, even if you went there."

As she spoke, she looked towards a crowd of women not far from her. They were the princess Yun Yan, An Yurou, Mo Wu, the Phoenix Cabinet's Master and Fairy Feng. They were all women who had left their marks on Su Yu's life, and they all couldn't rest at ease while Su Yu was in such a state.

"Please inform Su Yu that Xianer is still waiting for him to save her. Then, he should quickly come back to his senses," Zi Yunxiang said.

Wu Aoyue nodded at her before she slowly closed her eyes. However, at that moment, Su Yu finally moved! He stood and shook off the dust that had accumulated on his body.

As his body, which had sat still like a statue for a long while, got rid of the dust on it, he returned to his previous state, wearing simple white clothes that didn't have the slightest trace of dust on them. Although his back had become thinner, it was still as straight and tall as before.

However, what bewildered them was that his silver hair had lost its luster and had become snow-white. His hair had turned white because he had thought and pondered about many matters in the past nights. As he slowly stood up, his fluttering white hair seemed extremely resplendent in such a gloomy place.

“Yue’er, come here,” he said in an extremely hoarse voice. It seemed like he lost even his voice in the past several days.

Wu Aoyue’s whole body shuddered as she raised her head and looked at the back of the white-haired person before her. The current Su Yu seemed like a completely different person.

Wu Aoyue’s heart throbbed as she climbed up the mountain and knelt on one knee before him. “Young master, what instructions do you have for me?”

As Su Yu turned around, it seemed like he lost all of his emotions in the past several days. His face was expressionless and pale.

“Yue’er, I want to reconstruct my Dantian. Can you help me?” he asked.

Wu Aoyue was greatly surprised and delighted by his request. “Young master, you have a method of reconstructing your Dantian? Why didn’t you mention it earlier?”

She was extremely excited! If Su Yu managed to recover his Dantian, he could still leave this place to fight and take back Xianer, while also killing that ignorant woman, Xia Jingyu!

“May I ask what help you need from me? I will surely not hesitate in offering my help to you.” Wu Aoyue was curious, and she wondered if his Dantian reconstruction method was cryptic, which was perhaps why he needed her help in studying it.

Su Yu turned his back on Wu Aoyue, and as his white hair quietly fluttered in the wind, his voice drifted over to her, “I need your Primordial Yin.”

Wu Aoyue widened her eyes, as she would never have expected that what Su Yu needed would be her Primordial Yin! In other words, Su Yu needed her to become his woman and give him her virginity.

Wu Aoyue bit her lips as she struggled inwardly. She respected Su Yu and was grateful to him, but she knew that she wouldn’t be with him, even if she gave him her first time, as he was, after all, already married and loved someone else!

“If you aren’t willing, then just forget about it.” Su Yu sighed. “It’s really difficult to use this method...”

However, just after he spoke, he heard the rustling sound of someone taking off her clothes transmitting from behind him, and when it stopped echoing, a warm and smooth body leaned against his back.

“Won’t you regret it? Such a relationship won’t bear any fruit.” Su Yu didn’t turn around to face her.

Wu Aoyue wore a bitter expression and her snow-white face became somewhat flushed. “Young master, if you were in need of something, I would surely hand it over to you, no matter what it was.”

As Su Yu hesitated, Wu Aoyue came before him and hugged him. “Take it for Xianer.”

She really felt bitter inside at such a moment, as she was about to give away her first time for another woman. Su Yu sighed as he put her down on the ground. Then, as a soft pained cry echoed, their bodies intertwined together.

...

After an hour, Su Yu held a white feather. It was the feather that Xianer had found in a Fairy King’s remains, and the incomplete Dantian healing art was recorded within it.

A great amount of Primordial Yin, as well as a Fairy King’s divine liquid, was needed to reconstruct a destroyed Dantian, and it was only after a Dantian was thoroughly destroyed that it could be used. When just one of his Vital Crystals was destroyed, this healing art was useless to him, as only after all of his Vital Crystals were destroyed and his Dantian was penetrated through could he use it.

Su Yu got dressed, then shut his eyes and guided the Primordial Yin into his destroyed Dantian. His current Dantian was thoroughly penetrated, and any Spiritual Energy that entered it would flow out of it.

It would be impossible to store the energy in it, let alone to save a great amount of it to refine a Vital Crystal. What he first needed was to reform a complete and intact Dantian.

Primordial Yin had a great nourishing effect, and because of this, many evil cultivators would harvest it to strengthen their Dantians or to increase the amount of Vital Energy was inside their Dantians. It was because of this that the Primordial Yin was extremely vital and important for reforming his Dantian once again.

Wu Aoyue was twenty-five years old, and since she had kept her body completely pure and chaste, she possessed a rich and intense Primordial Yin. After it entered Su Yu’s Body, he guided it into his destroyed Dantian.

Normal people’s Dantian was just as big as a fist, and for reforming another one, he needed to construct another Dantian above the destroyed Dantian. But, his belly region space was limited, so he didn’t have enough space for it.

Because of this, he would need to reconstruct it around the destroyed one. It was kind of like covering minced meat with a dumpling! He needed to cover the old Dantian’s surface with Primordial Yin, and when it was wholly covered, a new Dantian would be formed there.

Su Yu carefully and meticulously guided it, as he knew that he mustn’t waste even a wisp of such a precious Primordial Yin. He also knew that he must use all of it in reconstructing a new Dantian.

As time passed, he methodically covered it with Primordial Yin, and it was only after two hours had passed that he managed to put all of Wu Aoyue’s Primordial Yin on it. But, what made him sigh softly was that, even after he had used all of her Primordial Yin, he didn’t manage to cover more than a hundredth of his Dantian. This meant that he would need the Primordial Yin of a hundred virgin women just like Wu Aoyue.

As he had a noble and high status as the Heavenly Law Alliance's Master, and he possessed great authority and influence, if they were in the outside world, he could easily find more than a hundred virgin women who were willing to offer their bodies to him. But now that he was within the Dragon Abyss, there weren't more than ten thousand young women here.

Among those ten thousand, there wouldn't be more than a thousand virgins. As such, he would surely not manage to find a hundred of them who were willing to offer their bodies to him.

There must really be a good reason behind the fact that this method mentioned that a woman who had an Extreme Yin Body was needed, as apart from evil cultivators, who would force themselves upon women, how could ordinary people manage to get more than a hundred virgin women willing to offer their bodies to them? Su Yu sighed, as he found that using this method was extremely difficult.

"Su Yu, why don't you try it with me?" A soft and bashful voice, which was as soft as a mosquito's buzzing, transmitted to his ears.

When he raised his head and looked up, he found that princess Yun Yan was beside him. The accident that had occurred in the Liuxian Faction in the past let her hide herself within the Yun Family, not daring to show herself before the public.

Su Yu was startled, and when he looked around, he found that Wu Aoyue had already descended the mountain. She had left behind her only a crimson stain on the ground.

The princess Yun Yan didn't dare to face Su Yu's gaze as she nodded and said, "She informed me about everything, and I came here by myself. I still have part of my Primordial Yin, as it wasn't taken completely at that time. So, it should be of some help to you."

Su Yu hesitated when he heard her, and at such a moment, the princess Yun Yan took off her clothes and leaned into Su Yu's embrace. She then spoke in a soft voice, "Start. It isn't the first time we've done it, so you don't need to worry about hurting me."

Su Yu felt like he really owed her so much when he heard her words, and after he hesitated for a moment, he held her and put her down on the ground. After an hour, Su Yu started using her Primordial Yin.

Her Primordial Yin was vastly inferior to Wu Aoyue's, but Su Yu still carefully used it. When he finished using it, two more women suddenly appeared before him!

"Phoenix Cabinet's Master? Fairy Feng?" Su Yu was startled.

Fairy Feng sweetly smiled. "I don't have any Primordial Yin left, but my teacher still has some of it, so you don't need to be reserved."

After she spoke, she slowly went down the mountain. She had apparently just come here to accompany the Phoenix Cabinet's Master, so that she could brace herself.

The Phoenix Cabinet's Master's face became flushed as she spoke in a soft voice, "Fine, I will let you enjoy yourself once again."

...

Her Primordial Yin wasn't abundant, and its quantity was just slightly higher than the princess Yun Yan's. Su Yu's eyes became filled with worry, as it would be impossible for him to reconstruct his Dantian if things continued on like this. He could feel that, with the passing of time, the Primordial Yin that was covering his old Dantian was gradually dissipating.

At such a moment, two more women came over to him...

"An Yurou? Mo Wu?" Su Yu was startled yet again, and his expression became grave as he waved his hand at them in dismissal. "Please descend the mountain, as we aren't close to each other, so I can't take your Primordial Yins."

A blush appeared on An Yurou's beautiful and dignified face, and it led her snow-white skin to flicker in a glow that looked like a sunset. At that moment, she seemed extremely mesmerizing.

Chapter 719: Evil Destroying Silver Eyes

"I should be able to help you. Did you forget why Lu Jun was so jealous of me?" An Yurou smoothed her hair as she spoke softly.

She then added, "I have Extreme Yin Body, which means that I possess innate Primordial Yin, which is equivalent to 100 virgin women. If you don't want more women to be obliged to offer their bodies to you, then don't hesitate any longer."

Now that Su Yu thought about it, the Hundred Territories Alliance's Lu Jun had spent 10 years just to capture An Yurou, and it was all because she had the powerful Extreme Yin Body.

Su Yu raised his brows as he recalled that An Yurou really did have such a body. While he was hesitating, Mo Wu furrowed her brows and asked, "Why is a man like you this timid? Just close your eyes and shut up."

Su Yu quieted for a while before he bowed at them and said, "Miss An, I will owe you a favor as great as the sky, and I won't forget it, even after I am an old man and all of my teeth fall out."

After he spoke, Su Yu closed his eyes and let An Yurou take the initiative. After a short while, a smooth and warm body united with his. After they made love for a while, Su Yu furrowed his brows slightly. Although the amount of Primordial Yin he had wasn't scarce, it was still only equivalent to Wu Aoyue's, which meant that it wasn't really that impressive.

When he opened his eyes slowly, the person who appeared before him was a different woman! "Mo Wu?" Su Yu was startled. The one who was united with him a moment ago wasn't An Yurou, but Mo Wu!

"What? Do you abhor me so much?" Mo Wu raised her brows and wore a quite baleful look, and her face was very flushed.

An Yurou, who was beside them, sighed softly. "Mo'er, you may leave now. Since you have already gotten rid of the heavy burden that was on your mind, you can cultivate peacefully from now on."

As An Yurou spoke, she undressed. She then pounced into Su Yu's embrace.

After she let out a fragrant breath, she said, "Me and my disciple ended up offering ourselves to you today."

After a long while, An Yurou left with her cheeks flushed. In this way, Su Yu had just received a large amount of Primordial Yin!

Her Primordial Yin was just like she had said. It was more than 100 times greater than any ordinary virgin women's. In fact, it was powerful to the extreme, and it surged into Su Yu's Dantian like a flood, covering every inch of it!

A moment ago, he was still worried about whether or not he could get enough Primordial Yin, but now, he had more than enough! It was only after six long hours had passed that Su Yu managed to consume all of the Primordial Yin.

If one took a look inside his body, he would see that Su Yu's damaged Dantian was wholly covered by a dense layer of Primordial Yin, and it was already hidden from view by it. Hence, it could no longer be seen from the outside.

"I finished covering it with Primordial Yin and formed a Dantian-shaped Primordial Yin Dantian around it! Now, what's left is the most important second step! I must water it with a Fairy King Divine Liquid, then let the Primordial Yin Dantian turn into a true Dantian!" Su Yu murmured as he flipped his hand over and took a bottle, which had several drops of a liquid in it.

It was the Fairy King Divine Liquid, which Qin Xianer wasn't willing to use. He didn't have any idea about its components, and even though he let Wu Aoyue study it for a long time, she still didn't learn anything about it.

The only thing they knew was that this Divine Liquid could promote one's cultivation base. According to what was written on the feather, it would also display an unimaginable effect after being fused with Primordial Yin.

Since he was quite pressed for time, Su Yu didn't hesitate any longer, and he consumed a drop of the Fairy King Divine Liquid immediately. The drop went through his internal blood energy channel, then was guided by Su Yu into the Primordial Yin that was covering his Dantian.

When the drop of Divine Liquid fell on the Primordial Yin outside of it and fused with it, it was like a drop of oil fell into water. The Primordial Yin became chaotic and erupted out. It then spluttered all around, and even the Fairy King Divine Liquid spluttered about and flew away!

The Primordial Yin, which he had built up with great difficulty, almost crumbled in an instant, while he felt an intense pain, which came from the deepest part of his soul. It was an extremely intense pain, which made it feel as if he was now shedding his mortal body and exchanging his bones!

"Ahh!" Su Yu's pained voice reverberated throughout the whole Dragon Abyss, shocking many people, who didn't have any idea of what he was going through...

"Is that Alliance Master Su's voice? What happened?"

"Did he run into danger?"

The crowd ran towards him, as they were quite concerned about him. Su Yu's body fell on the ground and it was convulsing on it and rolling around.

However, not only didn't he feel the pain lessening, but he felt that it was becoming even more intense! In fact, he felt like his belly was being torn into shreds! Such pain was too intense and extreme!

"I must bear it! This is the most crucial point in the reconstruction of the Dantian, and if I give up now, then everything will have been in vain, and the sacrifices of An Yurou and the others will all be wasted. Moreover, there would be no one left to save Qin Xianer." Su Yu exclaimed as he clenched his teeth.

It was only after the time that it would take to brew a half cup of tea passed that the pain started to lessen. When the pain disappeared completely, Su Yu's whole body was weak and feeble, as if it had been stripped of all of its power.

Su Yu waited until his belly's insides became calm once again before taking a look at the Dantian. He saw that the past damaged Dantian, which was covered by Primordial Yin, had disappeared completely, and a brand new Dantian had appeared in its place.

It was still as big as a fist, and it looked exactly the same as his past Dantian when it was still intact. However, when he took a look at his Dantian's insides, he found something that shocked him.

The three shattered Vital Energy Crystals that had been in his Dantian, had been born once again because of the Fairy King Divine Liquid, and now, they were all filled to the brim! This meant that they could be used to try to advance to the Fairy Realm at any time!

However, what shocked him the most was that there was another Dantian, as big as half a fist, that was between the three Vital Energy Crystals. Apparently, another small Dantian had appeared inside the new Dantian, and the former one also had three Vital Energy Crystals within it, which were exactly the same as the others!

This phenomena was actually described on the Fairy king Feather, which stated that the small Dantian was actually the past damaged Dantian. It had just been compressed and forced inside the new Dantian!

The external Dantian was called the Heavenly Dantian, while the small Dantian inside it was called the Earthly Dantian. It was like Su Yu had gotten another Dantian out of thin air!

Su Yu could now possess even more vigorous Vital Energy than ordinary people, and while they were using the same techniques as in the past, the Dantians' might would surely be at least one time stronger now. However, it was a pity that he had already consumed all of his Fairy King Divine Liquid, which meant that he couldn't construct a similar Dantian for other people.

As Su Yu clenched his fists, he felt a power, which was many times greater than before, which gave him confidence in his ability to save Qin Xianer. However, he knew that just reconstructing his Dantian alone was still not enough.

"Yue'er, invite Phoenix Master Qiu over," Su Yu instructed.

Wu Aoyue, who was before the mountain, smiled. Her face was rosy, and it seemed like she was glowing with health and vigor. After she had lost her virginity, it seemed like she had gotten another, different thing, which she appeared to be quite satisfied with, at least judging by the emotions that she was showing on her face.

Wu Aoyue went to invite Phoenix Master Qiu. Meanwhile, Su Yu held the Dragon-slayer Fairy sword with his left hand, while a dim silver sphere appeared in his right hand.

“A Fairy artifact’s fragment and the Lightning Avoiding Silver Pearl’s embryo,” Su Yu muttered softly.

The reason why the Lightning Avoiding Silver Pearl’s embryo was still in its embryonic state was because it lacked an adequate amount of spiritual nature to turn it into a complete product. There was only a single way for imbuing it with the needed spiritual nature, which was taking such a spiritual nature from a fairy artifact’s fragment.

Since ancient times, fairy artifacts’ fragments were precious objects, which couldn’t be obtained by Fairies. Hence, no one was ever willing to destroy them to extract their spiritual nature. However, as such an object had great significance to Su Yu, he determined that he could decisively choose to destroy a fairy artifact’s fragment if it came down to it.

“I already learned from Wu Aoyue that one must use his soul power to extract fairy artifacts’ fragments’ spiritual nature, and people with soul innate talent can forcefully extract its spiritual nature and imbue it into the Lightning Avoiding Silver Pearl’s embryo. One simply needs to let his soul leave his body on order to achieve it, and although such a matter is extremely difficult for other people, it’s quite easy for me,” Su Yu muttered softly.

Su Yu had already cultivated Heaven’s Son Gazing At Air until its Soul Control Realm, so he could easily let his soul leave his body. This was an ability that could be usually only be used by Almighty Divine Masters!

Su Yu started weaving signs with his hands, while his soul left his body through his forehead. He then waved his hand at the Dragon-Slayer Fairy Sword.

His hand went through the sword and entered its insides. He then touched an ice-cold slippery object, which felt like mud.

As the object inside it felt danger, it started struggling and tried to escape Su Yu’s grasp. “Don’t waste your energy,” Su Yu exclaimed as he shook his head.

He then clenched his hand and took it out forcefully. It was a scarlet dragon-shaped object, which was one foot in length.

“A dragon?” Su Yu murmured as he raised his brows.

He didn’t expect that the Dragon-Slayer Fairy Sword’s spiritual nature would take the form of a small dragon! Such a unexpected spiritual nature caused Su Yu to hesitate for just a moment before he placed it into the Lightning Avoiding Silver Pearl’s embryo.

The lusterless Lightning Avoiding Silver Pearl immediately shone in a splendid, dazzling light, which illuminated the whole region of the Dragon Abyss. As Su Yu held the silver pearl, he felt like he was holding a sun, and it was a quite mysterious feeling.

“The Lightning Avoiding Silver Pearl?” Phoenix Master Qiu’s health had recovered slightly, and she had come here, while being supported by Wu Aoyue. She had clearly

just witnessed the Lightning Avoiding Silver Pearl becoming complete, and she couldn't help but gasp in surprise.

A crowd of people had also come here, having been attracted by Su Yu's roars...

"It seems like Alliance Master Su's cultivation has recovered, but why can't I see through it? It seems like it's at Half Fairy Realm, yet it also seems like it's in the Fairy Realm..."

"Who cares whether he's at Half Fairy Realm or in the Fairy Realm? It's fine, as long as Alliance Master Su can kill Fairies with a wave of his hand!"

"You aren't mistaken. We all believe that Alliance Master Su can surely get back his wife now!"

Atop the mountain, Su Yu and Phoenix Master Qiu sat opposite each other. "Phoenix Master Qiu, I'm sorry for failing to protect you and letting you get placed in a coma until today," Su Yu looked at Phoenix Master Qiu's thin cheeks and apologized.

Phoenix Master Qiu waved her hand at him. "You already saved me many times, and I couldn't even begin to thank you enough, so how can I blame you for one instance? We are now facing an emergency, so let's leave such a discussion until later on. Are you really determined to cultivate the Evil Destroying Silver Eyes?"

Su Yu became solemn, and as he waved his hand, he placed three materials in front of her. These were the Undead Herb of the Netherworld, the Real Dragon's Blood, and the Lightning Avoiding Silver Pearl.

Each of them was an extremely rare worldly treasure, and it was almost impossible to collect all of them at once, even in Jiuzhou. After Su Yu had spent such a long time searching for them, he had finally managed to gather all of them.

"This matter all depends upon whether my blind eyes can recover, so please teach me how I can cultivate the Evil Destroying Silver Eyes." Su Yu spoke to her sincerely.

His eyes were related to almost all of the Divine Nine-Dragon Cauldron's abilities, and they had already been sealed for a long time. Hence, he must get use of them back.

Phoenix Master Qiu nodded, while wearing a solemn expression. "Fine, but I must inform you of something. I assumed that you would never manage to get all of these three materials, so I didn't explain it to you earlier..."

She paused, then continued, "The Evil Destroying Silver Eyes is just an incomplete scroll that I came upon by chance. It had a mysterious eye technique, which contained a wisp of Worldly Wrath that could eliminate the Heavenly Wrath that is left in your eyes. But, the problem is that this cultivation technique comes from a species of Ancient Real Spirits. In other words, only a Real Spirit could cultivate this eye technique."

She sighed. "No one knows what the consequence would be if a human tried to master such a technique. No one has ever tested it. So, it's up to you to make a choice about what you want to do."

Hearing this, Su Yu's pupils contracted slightly. Su Yu had heard just how formidable Real Spirits were, and his deepest impression of them was from the dying Real Spirit, which fell on the Eighteen Blessed and Heavenly Lands. Many All Creation Old Monsters coveted it and went after it, but none of them ever managed to return alive.

Since this technique was a Real Spirit's cultivation technique, then there was a great downside to it. Humans and such worldly spirit creatures had a large difference in their constitutions, and there wasn't any cultivation technique that could be cultivated by both of their species.

Moreover, even if one of them cultivated the other's cultivation technique successfully, then there would surely be a great defect left in his body. However, Su Yu was obliged to face such problems that might arise in order to recover his eyesight and retain the Divine Nine-Dragon Cauldron's abilities.

Su Yu was quiet for a long while before he nodded firmly. "With our current situation, I really don't have any choice. I will cultivate it."

By cultivating the Evil Destroying Silver Eyes and getting rid of the seal, he could once again get control over his time and space power, as well as his Pure Divine Decree. Moreover, from the moment it was sealed, the Divine Nine-Dragon Cauldron was unceasingly pouring many drops of the scarlet liquid into his body, and he really wondered whether his sealed abilities had experienced any changes or not.

Regardless, Su Yu was looking forward to getting rid of the seal!

Chapter 720: Tao Tie's Eye

"As I expected, it's in your disposition. You never fear any hardships or difficulties." Phoenix Master Qiu wasn't surprised by Su Yu's reply, as he was always a person who bravely faced any hardship without cowering or shrinking back.

Moreover, Xianer had already died, and even though he seemed composed, he hid a constrained madness behind that calm front. Besides, it would be baffling if he refused in such a situation.

"Su Yu..." Phoenix Master Qiu hesitated for a moment before she stood up and sighed. "Regardless of whether you can revive Xianer or not, I hope that you can take care of yourself and stay alive."

She then added, "Even when Xianer was at death's door, she still didn't hate or resent you."

When Phoenix Master Qiu passed by Su Yu's side, she left a blue jade box with him. She then descended the mountain, and it was only at such a moment that grief finally appeared in her eyes, while tears streaked down from them.

After all, Xianer was her disciple, and it was really painful for her to witness her disciple dying with regrets in her heart. Although she wore a satisfied smile while she was dying, it was obvious that Xianer wanted to stay with Su Yu.

"Okay, I understand," Su Yu softly replied with his hoarse yet extremely calm voice, which resembled that of an old man.

Everyone clearly witnessed how calm he was, and it wasn't because he was heartless, but because he was in a state of despair. At this moment, he didn't care about anything more. He didn't even mind the thought of dying.

He had nothing more to hold onto in the world, and there wasn't anyone who could cheer him up. Hence, there wasn't any difference between life and death to him now.

If it wasn't for his still having a small hope of reviving Xianer, he would have already turned into a walking corpse. In fact, his hair, which had turned white over several nights, already perfectly demonstrated his current feelings.

The expressionless Su Yu turned to look at the blue jade box. The moment he touched it, he felt a wisp of ferocious energy transmitting to him, as if some ferocious monster was sealed within the small box.

When he opened the box, a blood-red yet crystal-clear eye appeared before him, which was covered with countless bloody veins. It was as big as a Lychee fruit or an ordinary human eye.

There were some traces of abrasions at the edges of the box, as it had already rusted due to age. Yet, the eye within it was still lustrous and still possessed a high spiritual nature. Even its bloody veins were vivid and fresh, as if the eyeball had just been gouged out.

“Even though it must have existed for countless years, it still hasn't decayed or rotted. This eye is truly a Real Spirit's eye!” Su Yu finally confirmed the truth of Phoenix Master Qiu's words.

This eye possessed immense righteous energy, and it was the bane of all evil creatures' existences. So, it wasn't really surprising that it had been named the Evil Destroying Silver Eye. However, he had to wonder at that moment...

Where is the ancient scroll that Phoenix Master Qiu mentioned?

As he looked around, he suddenly noticed a trace of soul energy with his Soul Eyes, which drilled into his eyes immediately! As Su Yu felt a great suction force, he was instantly taken into a strange space.

Now, he was surrounded by nothing but boundless darkness. In fact, the only thing here was a huge, hideous-looking spiritual beast, which was crouching on the ground.

It had scarlet fur all over its body, and it looked like the Red Wool Ghost that was described in children's stories. It seemed extremely bloodthirsty!

It had a hideous-looking head, which had two sharp white horns, which seemed sharper than any magical treasure that Su Yu had ever seen. Its face was as white as snow, and it had a big mouth, which took up a whole third of its face. Moreover, that mouth was filled with sharp teeth!

It had an extremely odd pair of silver eyes, and it seemed like it was faintly smiling as it looked at the sky. Although the beast before him was just a stone statue, Su Yu still felt a boundless ancient aura emitting from it, as if this ferocious-looking beast had traveled through time, arriving here from ancient times.

The strange feeling that it gave one would terrify anyone. Yet, Su Yu's mind was as calm as ever at this moment.

An Ancient Real Spirit? Su Yu got lost in his thoughts when he witnessed those eyes.

And... Where is the scroll?

Crack!

At this moment, the beast seemed to detect Su Yu's arrival, and its left eye burst open. A silver ray suddenly shot out of it and engulfed this entire place. Then, innumerable strange-looking characters appeared, and they didn't seem to belong to any human language.

"Demon Clan's language?" Su Yu muttered.

In his half-year of secluded cultivation, he had learned most of the languages from the information that Yun Yazhi placed in his soul. Now, all of the languages that Yun Yazhi had studied, like the Dragon Clan's language, the Ghost Clan's language, the Worm Clan's language, were all in Su Yu's mind.

So, he managed to recognize the characters in front of him as the Demon Clan's language with just one look.

"Heaven Devouring Demonic Eyes, one of the ancient times' nine greatest eyes! They can devour all evil beings, and they can even devour the sun, moon, and stars!" Su Yu muttered in a strange voice, which didn't seem like it even belonged to a human, but to a demon instead.

"They are actually the Heaven Devouring Demonic Eyes, and it's only because Phoenix Master Qiu couldn't understand the Demon Clan's language that she named them Evil Destroying Silver Eyes because they possessed the power to destroy evil beings." Su Yu finally understood everything.

When Phoenix Master Qiu got the silver eye, she had also tried to enter its soul space, but because she couldn't understand the Demon Clan's language, she had to rely on her instincts to judge that the Heavenly Might contained in the eye could help Su Yu in getting rid of the Heavenly Might remaining in his eyes.

"It's really extraordinary! Even though she couldn't understand the Demon Clan's language, she still managed to conjecture that cultivating this eye technique needed the Undead Herb of the Netherworld, Real Dragon's Blood, and the Lightning Avoiding Silver Pearl. She must have expended a great amount of effort to come to such a conclusion," Su Yu calmly whispered.

By reading the characters present here, Su Yu understood that this technique really belonged to the Demon Clan, and that cultivating this technique had two requirements. The first requirement was that one had to possess a Real Spirit Body, as only such a body could sustain the Heaven Devouring Demonic Eyes.

The second requirement involved the transplanting of the Heaven Devouring Demonic Eye. After reading up to this point, he finally understood everything!

This technique must have been created by a Demon Clan's member, who wanted to transplant a Heaven Devouring Demonic Eye into his body. So, he must have created it because he had somehow gotten his hands on such an eye!

The Heaven Devouring Demonic Eye in the blue jade box must belong to the hideous-looking monster in front of him, and it must have been obtained by some powerful demonic being! He must have been preparing to transplanting it, yet for some unknown reason, he had lost the box, which must have been when Phoenix Master Qiu had found it!

However, all of this didn't really concern him, so he left this space just after this realization. After all, he now understood everything about what Phoenix Master Qiu had prepared.

A Real Spirit Dragon's Blood came from a Real Spirit, and it contained a Real Spirit's aura, while the Lightning Avoiding Silver Pearl was an extremely robust and firm natural object, which could become a carrier for transplanting the Heaven Devouring Demonic Eye. As for the Undead Herb of the Netherworld, it could serve as a cushion between them, and it would allow the Real Spirit Dragon's Blood to fuse with the Lightning Avoiding Silver Pearl.

It was only by going through such steps that a human could become capable of sustaining a Heaven Devouring Demonic Eye. After he understood the principle behind all of this, he immediately started following the same process.

He ground up the Undead Herb of the Netherworld and stored its juice in a container before he put the Real Spirit Dragon's Blood and the Lightning Avoiding Silver Pearl in it as well. Since they were both Extreme Yang objects, their collision would cause a great explosion, but because of the Undead Herb of the Netherworld's presence, they were able to coexist. Then, they gradually started fusing together.

After six hours had passed, the Undead Herb of the Netherworld's juice, the Real Spirit Dragon's Blood and the Lightning Avoiding Silver Pearl disappeared, and only a silver and green pearl, as big as an eye, remained within the container. Their complete fusion had formed a entirely new object! This object was the vessel that would sustain the Heaven Devouring Demonic Eye!

Su Yu calmly held the Heaven Devouring Demonic Eye and the silver and greenish pearl, then brought them together. The silver pearl opened by itself and contained the Heaven Devouring Demonic Eye within it, and with this, they fused together.

Su Yu suddenly felt his hand become heavier as after they fused together. This was because the pearl had become heavier by more than ten folds, and the eye had started to emit a terrifying Heavenly Might, which seemed like it would annihilate all evil beings!

A ray of light suddenly appeared in Su Yu's blind eyes, as a part of the Heavenly Might in his eyes was erased by it.

"Just the last step is left. I must fuse this eye with my body!" Su Yu murmured as he put the silver greenish pearl on his forehead.

At that moment, he felt an intense pain, which caused his whole body to start to convulse. But, despite all of this, he still wore a calm and composed expression on his face, as if he couldn't feel any pain at all.

A thin slit was forcefully opened in Su Yu's forehead as the silver greenish pearl drilled into it. Such an action was akin to cutting off a part of Su Yu's flesh in order to make space for the presence of an alien object. It was obviously a painful process.

However, it seemed like Su Yu, who had already gone through the great pain of reconstructing his Dantian, didn't feel any pain at all. After the fusion ended, the slit slowly closed itself, leaving only a peculiar-looking vertical thin red scar on his forehead.

Once he finished fusing with it, the Heavenly Might left in Su Yu's eyes was instantly scattered by the Heavenly Might of the Heaven Devouring Demonic Eye. It was like the Heavenly Might possessed by it was the true and real one, while the one that was left by Gu Taixu was just a mere fake!

In the outside world...

Su Yu, who had just gotten over the pain that was transmitting from his eyes, slowly opened his eyes. When he opened them, his eyes, which had already become blind and had lost their luster, reclaimed their past vigor, and he could finally see the world once again!

Although, he never really experienced true blindness because he had his Soul Eyes, there was still a difference between the world that was seen by his Soul Eyes and the world that was seen by the naked eye. He finally was able to view familiar-looking sceneries, and it warmed his heart.

As Su Yu blinked his right eye, a resplendent scarlet ray shot out of it and soared into the sky. Then, as he blinked his left eye, a dazzling purple radiance shone out of it. At that moment, he had finally reclaimed his space power and his time power!

"Did they really experience any changes?" Su Yu muttered.

He was quite familiar with those two powers, so he could easily judge whether or not they had experienced any changes just by slightly using them. After the scarlet liquid filled the third dragon, his past space and time powers became even more powerful.

As such, he was no longer restricted to using them just one time each day. In fact, he could now use them twelve times a day, but he would still need to wait for two hours between each use.

Moreover, he could now use his time flow speeding ability for ten breaths' time rather than just three breaths' time, and he could use the Time Stopping ability for three breaths' time rather than just a single breath's time. Also, he could instantly teleport for more than a hundred miles rather than the mere ten miles of the past.

Moreover, he felt that he had greater control over those three abilities. But, he still needed to test them in a fight to know for sure.

Su Yu, whose gaze was calm and serene, slowly stood up and looked at the deepest part of the sky. He wanted to leave, but he knew that he still lacked something.

As he flipped his hands over, a multi-colored, faintly glowing jade seal appeared on his palm. It possessed an intense destructive power, and any arc of lightning or thunder within it was greater than all Disastrous Thunders combined.

"The lightning spirit was finally successfully refined? I can finally use this prototype fairy artifact's power to the fullest!" Su Yu murmured.

It was the Dark Su Yu who had fused the lightning spirit with the Five Elemental Strong Thunder Seal, and it was impossible for the current Su Yu to defeat and seal such a lightning spirit. Since his prototype fairy artifact was finally completed, then he had now greater odds of success!
