Chapter 3741: Restorative Golden Lotus

Long Chen used over ten transportation talismans. The last three were random, sending him in a direction that even he didn't know.

After those three random transportations, Long Chen completely relaxed. Even if a talisman expert like Xia Chen were to try chasing him down now, there was no way they could find his current location.

Furthermore, those people were from the Sacred Pill Hall. Other than refining pills and training flames, they weren't skilled in other regards. They didn't understand talisman arts, so Long Chen wasn't worried.

Long Chen checked his surroundings. He had already left the scorched land, and there was greenery and vegetation. However, they were all short trees and shrubs. There were no towering forests.

Long Chen then set up several formations: one to conceal him, one as a warning system, and a transportation formation. Only then did he dare to rest here. He was already covered in sweat.

That wasn't from being tired. It was from the thought of being blocked by hundreds of Supreme heavenly geniuses. Let alone all the rest, just Yin Changsheng alone would definitely exhaust him. Faith energy was practically cheating.

"I have to become an Immortal King and condense a Heavenly Dao Crown, or I really won't be able to keep up with those cheaters," muttered Long Chen, feeling vexed.

Faith energy was practically beyond reason. It couldn't be broken. Fortunately, Yin Changsheng didn't really know how to use his faith energy. If he had been like Liao Bencang and could condense a domain with it, Long Chen would probably be blind in both eyes for a while.

Long Chen rubbed his left eye. It was still very painful, and there was no sign of recovery at all. He didn't know when it would recover.

After resting for a bit and finding no change in the surroundings, Long Chen relaxed enough to look within him. He saw scars in his flesh. It was like a milky white spider web cutting through his flesh.

Long Chen had never seen such an injury. Even when he circulated the primal chaos space's energy to recover, it was very slow.

"Hey, don't act like this has nothing to do with you! Help me heal." Long Chen looked at the white-robed woman in the primal chaos space.

She was holding Huo Linger. White flames revolved around her as she absorbed the energies of the stones, and her eyes didn't even flutter when she heard him. She indifferently said, "What harmed your physical body is the power of my will. My will attacks both the flesh and soul. But your will is powerful and so it wasn't harmed. It's just that your physical body is weaker than your will. My power was unable to damage your will, so all the power ended in your body."

"And? Shouldn't you hurry up and take back your energy?" demanded Long Chen.

“Sorry, I can’t do that,” said the white-robed woman.

“Why not?” demanded Long Chen.

“If it was before you fought Yin Changsheng, it would have been possible. But now those wounds have faith energy in them as well. If I pulled that energy back in, my core would be infected,” said the white-robed woman.

“Then why didn’t you help me take back this energy beforehand?!” raged Long Chen.

“You didn’t tell me to,” she answered expressionlessly.

“You...!”

Long Chen almost coughed up blood. “Fine, count yourself vicious. I’ll just count myself unlucky.”

Long Chen was enraged. Was there really a need for him to say such a thing explicitly? She had entered his primal chaos space and escaped, but she refused to help him now.

“I really don’t understand. The Heavenly Rainbow Fairy is clearly ranked behind you on the Heavenly Flame Ranking, but she’s gentle, refined, and virtuous. But as for you?” Long Chen couldn’t help mumbling to himself.

“You’ve seen the Heavenly Rainbow Fairy? Tell me her situation.” It was only when Long Chen mentioned the Heavenly Rainbow Fairy that the white-robed woman opened her eyes.

Long Chen was originally going to ignore her, but seeing how serious she was, he explained everything about how he had encountered the Heavenly Rainbow Fairy, as well as Yu Qingxuan’s relationship with her.

The white-robed woman sank into thought. “The Heavenly Rainbow discarnate soul was devoured by Yan Xu... The Yan Xu said to be the strongest flame was actually also infected by karma? He devoured her discarnate soul, and you killed his son. That retribution was quite fast. The new master of the Heavenly Rainbow has been born, and you have a close relationship with this new master. The workings of fate continue to twist and turn. The karma will grow increasingly blurred.”

“The Heavenly Rainbow Fairy was on the Heavenly Flame Ranking just like you. You know each other. You don’t feel the slightest bit bad about her death?”

Long Chen couldn’t help asking this. He saw that her expression didn’t change in the slightest. He didn’t see the slightest emotional ripple.

“Why would I feel bad?” asked the white-robed woman.

“You... Fine, I forgot that you’re not a person. Eh, but the Heavenly Rainbow Fairy was the same, and she had ample emotions. It’s not just the Heavenly Rainbow Fairy... Huo Linger has emotions too. Although they don’t have bodies of flesh and blood, they are no different from people,” said Long Chen.

The white-robed woman didn’t reply. She seemed to be thinking. Seeing her fall silent, Long Chen also didn’t speak again. Although they were both Heavenly Flames, the Ice Soul was completely different

from the Heavenly Rainbow Flame. He liked the Heavenly Rainbow Fairy's character more. He was willing to risk his life for her.

The Heavenly Rainbow Fairy was kind. This kindness made Long Chen willing to throw away his own life to help her.

However, this Ice Soul lived up to her name. She was truly icy and didn't seem to have the slightest emotion. Even if someone else's emotions were like a burning fire, it would be difficult to melt her icy heart.

Since the Ice Soul couldn't help him heal, Long Chen slowly circulated the primal chaos space's energy to heal.

"We are all flames of heaven and earth. Everything is up to fate. The cycle of life and death is already set, so emotions are meaningless. We are like snowflakes falling to heaven and earth. We live in winter and melt away in spring. When the winter comes once more, who cares whether the new snow is the snow of last year?" said the white-robed woman finally.

Long Chen shook his head. "Your logic is flawed. A person lives a lifetime, and grass lives for a summer. The summer bug cannot speak of ice, and the frog at the bottom of the well cannot speak of the sea. But whether you are a summer bug or a frog at the bottom of the well, even if you only live in a fixed space, it still has meaning within the Grand Dao. A person lives accompanied by sorrow and happiness. A person bitterly cultivates in pursuit of escaping that bitterness and obtaining happiness. But without the darkness, how can there be light? Without bitterness, how can there be happiness? Whether it is the same snow of last year doesn't matter. The person who likes you will still like you, just like how I like the Heavenly Rainbow Fairy. But I was unable to save her. Otherwise, I would have definitely fought Yan Xu to my death."

Seeing the white-robed woman fall silent once more, Long Chen couldn't help saying, "Are you too tired? Is your mind affected? Why do you need to take so long just to think? You should rest then... I also need to heal."

Long Chen truly felt this Ice Soul to be strange. Just talking to her was taking a great deal of effort.

"Then why did you risk your life for me?"

Just as Long Chen was about to enter meditation to heal, she spoke once more.

"Wasn't my life only at risk because of you?!" shouted Long Chen angrily.

She once more fell silent. Now, she seemed a bit aggrieved. Long Chen was a bit embarrassed and said, "Alright, as a man, I won't be so petty. We can discuss things later. Let me heal first."

After saying that, Long Chen focused his mind. He was once more on the verge of entering his meditative state when the white-robed woman spoke up.

"Hey!"

Long Chen jumped. He was about to explode. Just as he was about to unleash a torrent of curses, the white-robed woman said, "That golden lotus in this space of yours can help you heal."

Long Chen's curses immediately vanished. He was shocked. "You... you know how to use it?"

Chapter 3742: The Wonders of the Golden Lotus

"No. I don't know." The white-robed woman's response was direct.

Long Chen almost coughed up blood. "If you don't know, why did you mention it?!"

"I only know that the lotus has the ability to drive off evil energies. I didn't kill you because I saw it. It is yours, so you can try communing with it. Use its energy to erase the faith energy. Of course, if the faith energy affecting you was bright and good, the golden lotus would have no effect on it. If it was sinister and dark, it should be able to expel it," said the white-robed woman.

Hearing that, Long Chen's anger slowly faded. He couldn't help asking, "This lotus was given to me by a senior. But I've never been able to connect to it... Do you have an idea?"

Long Chen was about to call her a senior flatteringly, but he didn't see any of the grace of a senior, so he didn't bother.

The white-robed woman didn't mind and simply shook her head. "It is yours. If you can't connect to it, it can only be evidence that your virtue... that your opportunities are lacking. Think of a method yourself."

She clearly paused after mentioning his virtue. Meanwhile, Long Chen was staring at the lotus and didn't notice this detail. Just as she said this word, her expression twitched. A hint of nervousness appeared deep within her eyes. It was only when she saw that Long Chen didn't notice that she relaxed.

Long Chen felt a rush of excitement when he heard that this lotus could help him expel faith energy. If that was true, would he need to be afraid of this cheating power in the future?

However, the Ice Soul didn't seem to know much about the golden lotus. He could only test it himself.

Long Chen told the Ice Soul that he was entering meditation, so she shouldn't disturb him. The Ice Soul nodded, and only then did Long Chen gather his mind. He began to use his soul to reach out to the lotus.

Long Chen's soul sat in the air beside the golden lotus. He was looking at it without the slightest distracting thought. He quietly sensed its fluctuations.

When its divine radiance illuminated his body, Long Chen felt like a layer of gold was covering him. In this state, he felt holy and untouchable.

However, other than that, there was no change in the golden lotus. It just slowly revolved as it always did, bathing the primal chaos space with its light.

One hour, two hours, three hours... Time slowly passed. There was still no reaction from the golden lotus. No matter how Long Chen tried to commune with it, it simply revolved as it always did. It was like it had no life at all. It didn't react at all.

A day passed, then another and another. Long Chen stayed immersed in its golden light, his mind at peace. At first, he was continuously trying to commune with it. But toward the end, he seemed to forget

his goal. He just sat in front of the golden lotus. Long Chen's inner heart was at peace. There wasn't the slightest fluctuation.

The golden lotus was like a pure land. Beside it, everything was at peace. Just like that, Long Chen forgot about all his vexations.

Time continued to pass. Long Chen had already entered a state of forgetting himself. He forgot about time, he forgot about space, and he even forgot about his own goal.

On the seventh day, the golden lotus finally reacted. It slowly opened, revealing a golden platform in front of him.

At this moment, the recovering Ice Soul suddenly opened her eyes. Looking at Long Chen sitting on the lotus platform, shock appeared in her eyes.

"Is he really the one that master chose? But his murderous aura is so heavy. The other side of his inner heart contains a peerless devil. Master, did you really choose him?"

She looked at Long Chen being enveloped in golden light. Disbelief filled her.

The moment Long Chen sat on the golden lotus platform, the faith energy in his wounds melted like snow in front of the sun.

When the faith energy was gone, the Ice Soul formed hand seals, and divine light flowed out of Long Chen and into her. That was her energy.

The Ice Soul energy was truly terrifying. Even Long Chen's powerful healing abilities were unable to help heal him. He could only slowly grind it away. But now that the faith energy had been removed, the Ice Soul energy could be recalled.

Now, there was no need for Long Chen to do anything. The Wood Foundation Divine Trees automatically helped Long Chen heal. Long Chen quickly recovered.

Suddenly, Long Chen was sent off of the platform and slowly opened his eyes. A golden lotus mark in his eyes slowly faded.

Long Chen smiled. He seemed to have finally formed the slightest connection with the golden lotus. Next time he wanted to use it to heal, it shouldn't be so troublesome.

The state that he had just entered was one where he felt like he had escaped the bindings of the world and was simply watching things from the viewpoint of a spectator. He saw himself. He saw the golden lotus. He also saw the recovering Ice Soul and Huo Linger. He saw everything but didn't think about anything. He didn't do anything either. It was an indescribably profound and mysterious state.

This strange state faded once he left the golden lotus. It was like his soul was put back into his body. But his fully recovered body delighted him.

Long Chen looked at the golden lotus that was still slowly revolving. It was just like before, as if nothing had happened.

"Ice Soul. Do you mind if I call you Bing Po^[1]?" asked Long Chen.

"I don't mind," said the Ice Soul lightly.

"How are you now? Have you recovered? How is Huo Linger?" Long Chen looked at Huo Linger a bit worriedly.

"I am inserting the energy of these flame foundation stones into her body. She should be fully recovered in ten days. As for myself? A long time ago, a battle damaged my core, and I fell into their hands. Since then, those bastards have been torturing me for millions and millions of years. My core energy is gravely damaged. To recover... it might as well be impossible," said the Ice Soul with killing intent. She recalled her years of pain.

Suddenly, she looked at Long Chen. "But don't worry, I will definitely do what I promised. Although I will not be able to fully recover in a short time, my recovery speed will not throw off her rate of growth. She will share all my power and help you fight."

The Ice Soul seemed to have misunderstood Long Chen's intentions. She thought that he was worried she would be useless. Clearly, she was saying that no matter how weak she was, she would still be stronger than him. Huo Linger would also grow with her. Long Chen definitely wouldn't lose out by saving her.

Long Chen smiled bitterly. Although he didn't like her character, he hadn't saved her because he wanted some repayment. There was no need for her to explain herself.

Long Chen then left the primal chaos space and looked around. There had been no movements in the past few days. It seemed that the Sacred Pill Hall also knew that it was impossible to chase him and had simply given up.

Long Chen put away the formations. Taking a deep breath, he felt invigorated. He once more felt like a powerful dragon, and he even had the urge to find Yin Changsheng for another fight.

After examining his surroundings, he went in the other direction of the scorched land. After flying for half a day, he noticed a disturbance ahead of him. There were people fighting.

Once Long Chen was closer and saw the situation, he immediately rushed over.

Chapter 3743: Luo Tribe

Long Chen saw three Divine Lords with overflowing Blood Qi fighting a group of World Kings. Amongst them was also a half-step Divine Venerate.

The three of them were actually crushing their opponents. There were already dozens of corpses on the ground, all World Kings.

In the distance, Long Chen saw the ruins of a city. There were thousands of people inside with terrified expressions, and a group of Immortal Kings were guarding it. They wished to join the battle in front of them, but they were too weak.

"My tribe has no enmity with you! Why must you force us to this extent?!" roared the half-step Divine Venerate as he barely managed to block one of the three.

This person that he was blocking was a Supreme heavenly genius. His Blood Qi was overflowing, and he gave off immense pressure. His aura contained a wild aura. He was actually from the demonic beast race.

“No enmity? Do I need enmity to kill your human race? You inferior humans, you never should have been born in this world.” That demonic beast sneered and unleashed a punch on the elder’s weapon.

With an explosive sound, he actually faced a divine weapon barehanded, and his golden palm wasn’t damaged in the slightest. Instead, it was the elder who was knocked back. This hand of his was his Supreme Bone.

“I’ll go all-out against you!” The elder’s Blood Qi was shaken, and he roared, directly igniting the flame of his life to raise his combat power.

“What are you going to use to go all-out?” The demonic beast sneered and extended his hand. A golden rune then appeared on his palm, and his wild aura instantly grew by several times.

All of a sudden, a black light flickered and blood splashed. That man’s hand was cut off. Following that, a black-robed man appeared and grabbed that hand.

It was Long Chen. With a strike of his black dagger, he cut off that person’s hand. When Long Chen grabbed it, it suddenly transformed into a giant bear paw.

“Tch, this thing is useless.” Seeing it turn into a bear palm, Long Chen couldn’t help being disappointed. He tossed it into the primal chaos space.

Golden light was exploding from the bear paw just as he tossed it into the primal chaos space. It tried to escape Long Chen’s hold, but the moment it entered the primal chaos space, the demonic beast roared in pain.

His Supreme Bone aura instantly vanished. Having lost his Supreme Bone, the demonic beast instantly grew listless.

“Die!”

The elder who was igniting his own life energy suddenly swung his sword, and his opponent didn’t even have the ability to resist. He was blown apart. A Supreme expert who lost their Supreme Bone had essentially lost half of their life. He could only watch as death descended upon him.

The other two Divine Lords were horrified. Their Blood Qi erupted, and they immediately turned to flee. Seeing this, those World Kings tried to stop them but were unable to block them.

The two Divine Lords transformed into their true forms. They were both scaled eagles. Their wings shook, and they immediately appeared far into the distance.

Suddenly, a saber-image descended from the heavens, turning those two giant figures instantly into dust.

When people looked back, they saw Long Chen slowly sheathing his saber as if he had just done something completely insignificant.

This saber attack of his was silent and came without any warning. By the time they reacted, it was already over.

“Many thanks for saving us. My Luo tribe will be forever grateful.” The half-step Divine Venerate cupped his fists to Long Chen.

If it weren't for Long Chen, even if he threw away this life of his, it was unknown if he could defeat this Supreme expert. If he lost, then all his people behind him would also die miserable deaths.

“The Luo tribe?”^[1]

Long Chen was about to say some courteous words when he heard the elder say that they were from the Luo tribe. He suddenly had a thought and looked at the fallen expert. Waving his hand, drops of fresh blood flew into his hand. Looking at this fresh blood, he saw the slightest trace of violet qi. He was shocked.

When they saw this expression, these people's expressions all changed. They clenched their weapons nervously.

Even the half-step Divine Venerate's expression changed. Although he did his best to keep his expression a bit more natural, he was unable to cover up his panic.

“You're from the Violet Blood race? Not bad.”

The elder sighed inside when he saw that Long Chen recognized their status. Quibbling was meaningless. He could only admit to it.

“You don't need to be nervous. Technically, I am also from the Violet Blood race. I suppose that I've encountered my own people today,” said Long Chen with a slight smile.

Despite Long Chen saying this, the people in front of him remained extremely vigilant against him.

“Your bloodline has almost regressed to the point of vanishing. If this continues, it won't be more than three generations before you completely lose the inheritance of the Violet Blood race. All Divine Lord disciples, come out!” shouted Long Chen to the city.

Those people looked at Long Chen and then at the elder. The elder was also nervous. He couldn't sense the slightest violet blood energy in Long Chen's body. However, Long Chen was able to cut off the Supreme Bone of a Supreme expert and slay the other two in one attack. It was clearly easy for him to kill all of them if he so wished.

The elder nodded to those people. Over three hundred Divine Lords walked out of the ruined city.

Long Chen then plucked a lot of Heavenly Dao Fruit from the Heavenly Dao Tree and distributed them.

These disciples didn't quite dare to eat them, and when they looked at the elder, they saw that he also had a distrusting expression. He didn't know if he should have the disciples eat them or not.

When Long Chen handed the fruit to a young maiden, seeing her terror, Long Chen couldn't help rubbing her head comfortingly. “Don't be afraid. Big brother is helping you.”

This smile was quite infectious. This young maiden actually obediently nodded and directly consumed the fruit. As a result, the others all jumped.

She had just eaten the fruit when her Blood Qi appeared around her body, forming a faint violet qi aura. When this violet qi appeared, everyone was filled with disbelief.

“Violet qi revival! Her violet qi has awoken!”

The half-step Divine Venerate was overjoyed. He stared at her in disbelief.

Long Chen also continued to look at her. Regretfully, no violet runes appeared in her eyes, so it could only be said that her violet blood was too sparse. Even the Heavenly Dao Fruit was only able to help her to this extent.

After seeing her change, the other disciples also consumed the Heavenly Dao Fruit. Every single one of them became surrounded by violet qi. At this moment, the Luo tribe’s experts were filled with disbelief. They felt like they were dreaming.

“Senior, can we talk?” The half-step Divine Venerate suddenly bowed to Long Chen respectfully.

Chapter 3744: Major Matter of the Violet Blood Race

“No, you’re the senior. Don’t call me that. I can’t accept it,” said Long Chen hastily.

The Violet Blood race was his mother’s family. No matter how strong he was, no matter how high his cultivation base was, he wouldn’t dare to be rude in front of his mother’s family.

“Then I’ll be rude. Can we talk?”

Long Chen walked into the ruined city with the elder.

There were several simple tents set up. Even before they approached, Long Chen could smell a dense herbal smell.

“Your people are injured?” asked Long Chen.

“To tell the truth, while fleeing from threats, we had countless casualties. Hero, we can go inside first.” The elder gestured to Long Chen, indicating for him to walk into a tent.

“No rush. Let me see their injuries first.” Long Chen waved his hand. Not standing on courtesy, he directly walked into the other tent.

Once he was inside, Long Chen jumped. There were thousands of people inside, and every single one of them had terrible wounds. Those wounds had black liquid dripping out of them, which emitted a disgusting smell of rot.

Herbs had been applied to the wounds, but most of the wounds were festering to the point of being able to see bone. These people were on their last breaths, enduring immense pain.

“Nether Qi? This was done by the Nether race?” Long Chen frowned.

“Yes, it was the Nether race. They chased us down, and hundreds of thousands of our people were slain as we fled. We now only have a few thousand people left. Furthermore... these herbs can only

temporarily relieve their pain. As for whether or not they can survive, it's up to whether they can expel the Nether Qi themselves or not. The chances are dismally low." The elder's voice was heavy with sorrow as he looked at the wounded.

The odds of anyone surviving amongst these people were very low. But they had no other way to block the Nether Qi. They could only listen to the orders of fate.

"Violet Stamen Nether Heart Grass does have a suppressive effect on Nether Qi, but while it treats the symptoms, it does not treat the source. The violet blood energy in their bodies is too weak. After being wounded, their essence blood is exhausted, and they lose the ability to resist. If this goes on, these people will all die." Long Chen shook his head.

The elder could only sigh. He also knew this, but they had no other solution.

"I have some medicinal pills here. Have them consume the pills for now, and that should protect their lives. Also, have the disciples who consumed the fruit come here. Their violet blood is abundant. If they circulate it through their bodies, they can help the wounded expel the Nether Qi," said Long Chen.

Long Chen took out some medicinal pills. As for the elder, he was shocked and delighted. He hastily summoned the disciples.

Long Chen took this time to take out dozens of kinds of plants from a region of the primal chaos space. These were plants that he had gathered in the Netherworld. He had never had a use for them until now.

He then refined them together in his pill furnace, turning them into a medicinal fluid. There wasn't much technique required, and he didn't even need to summon Huo Linger.

After refining the medicine, he had the disciples apply it on the wounded. As soon as this medicine was pressed against their wounds, a huge amount of noxious black liquid flowed out of their wounds.

Everyone was delighted to see this. This signified that the Nether Qi was being diluted. Long Chen instantly became viewed as a god by these people.

After applying the medicine several times, these people's complexions improved. He then had the people stop applying the liquid medicine. He gave them another round of medicine pills and then told them to apply the liquid again in two hours.

After three rounds of this treatment, all the Nether Qi within their bodies was expelled. However, they were all still extremely weak, as if they had a serious illness.

Despite that, all their lives could be considered to have been saved. Countless families were weeping emotionally as they hugged these wounded people. They had thought that they would lose their family members for sure.

"Hero's great kindness is something that my Luo tribe will never forget."

The Luo tribe's elder was incredibly emotional. He actually kowtowed to Long Chen. Fortunately, Long Chen was prepared and stopped him. "Senior, there's no need to be courteous. My mother is from the Violet Blood race. She is also surnamed Luo. To put it frankly, we are a family. If you're this courteous, you'll make me feel bad."

Hearing that, the elder couldn't help asking, "Then can this old man be so bold as to ask why there is not the slightest trace of violet blood fluctuations within your body?"

As soon as he said this, he felt bad and added, "Please don't misunderstand, it's not that I don't believe you. I'm just very curious about this."

Long Chen smiled and said, "It's fine. Not long after I was born, my Spirit Blood was taken by others."

"What?! Who would be so cruel?!"

"It's fine. That's in the past. I don't want to talk about it. Just know that I have no bad intentions toward you. Is there anything else that you need my help with? I'm not from the three thousand worlds, so I still have many things to do this time. I can't accompany you for too long," said Long Chen.

These people were from the Violet Blood race and were even surnamed Luo. According to reason, Long Chen should help them. At the very least, he should wait until they were fully recovered before leaving.

However, he came to the three thousand worlds to grow. With limited time, he couldn't wait for long. The most worrisome thing was that the dragon expert had yet to communicate with Long Chen about where the dragon scale was. If he couldn't count on the dragon expert, he would have to run around himself and hope to run into it.

The elder looked at Long Chen for a long time before suddenly clenching his teeth. "Fine. Since you say that you're from the Violet Blood race, I will gamble. I'll tell you everything. My Violet Blood race has recently received a summons. We are going to do something major, and this matter relates to the life and death of the very Violet Blood race. However, we had just received the summons when the Nether race's experts suddenly attacked us. After a battle with them, we fell back to this place, leaving our home. We also met blockades several times on our way, causing more and more people to be injured. As our power is a far cry from before, the journey will probably be much more dangerous as well. You say that you are from the Violet Blood race, so I will treat you as one of us. This is a keepsake of the Violet Blood race. Take it. Our Violet Blood race also has some powerful existences spread throughout the three thousand worlds. If you are in trouble, you can ask my Violet Blood race for help. If you feel a summons and are strong enough and have that ability, I hope that you can come help us."

The elder took out an ancient jade pendant. It was violet and seemed to possess innate fluctuations of life. Violet blood flowed within it.

Long Chen then rubbed the pendant, feeling an indescribable closeness to it. He said, "Don't worry. I will definitely come assist you once I become an Immortal King. But where are you going?"

The elder shook his head. "We don't know either. Right now, we are gathering with another tribe of the Violet Blood race. Ah, I have something for you. It should be something you need."

The elder took out a beast hide. It was a map.

Chapter 3745: New Discovery

A map of the three thousand worlds? Long Chen was delighted. That was precisely what he had needed the most.

“The territories of the powerful races, some blessed lands, treasure lands, taboo areas, danger zones, and other things are recorded on this map. However, our map isn’t that detailed. It should only be used as a reference. These locations are too far from us, and we are unable to personally confirm things. We also don’t know if these regions have changed since we last heard of them. In any case, don’t take the map to be perfect. Hopefully, it can help you a bit,” said the elder.

“This is already perfect. A map is truly important to me. Otherwise, I’d be flying around like a headless fly.” Long Chen smiled brightly.

At this time, the injured people were starting to be able to stand. They all bowed to Long Chen and thanked him for saving their lives.

The majority of these people were World Kings, the main force of the Luo tribe. Once they were fully recovered, they should have some ability to protect themselves.

Now, they were in a rush to get on their way. Originally, they had only rested here because they had no way to continue traveling. These people had no choice but to rest, or they would die.

“Wait a moment.”

Long Chen took out a pile of Heavenly Dao Fruits. There were hundreds of thousands of them. When they saw the fruits, these people of the Luo tribe were completely stunned.

It had to be known that these were practically divine fruits to them, something that could raise the density of their violet blood. It was a heaven-defying treasure.

Just the few thousand fruits that Long Chen had taken out before were enough to make them endlessly grateful. Now that Long Chen took out more, they felt like they were dreaming.

“Bring these fruits with you. If you are on the verge of a large battle, use them well. There are also some medicinal pills and talismans here. They can save your lives in a moment of crisis.”

Long Chen then took out talismans and pills. Since he couldn’t accompany them, he could only provide them with these things.

The Heavenly Dao Fruits he gave them were almost his full stock, but he didn’t mind. What he wanted now wasn’t regular Heavenly Dao Fruit but the Supreme fruit.

There would definitely be endless battles erupting in the three thousand worlds, so he would only get more Heavenly Dao Fruit. Hence, other than a few hundred Heaven tier Heavenly Dao Fruit, he gave all Earth, Spirit, and Mortal tier fruit to them.

He also told them which fruit was best. The best should be saved for the strongest ones with the purest bloodlines. That would let them ascend to another level.

The Luo tribe’s people didn’t even know how to express their gratitude. They thanked Long Chen repeatedly before leaving with their people.

Once they were gone, Long Chen secretly followed them for a while. Seeing that no one was following them, he relaxed.

Long Chen looked at the barren Heavenly Dao Tree. There was only a single fruit emitting a Supreme aura. Feeling startled, Long Chen looked for the bear paw that he had thrown in before.

As a result, he found that it was gone. He asked Lei Linger and found that after he had tossed it into the primal chaos space, it instantly corroded and vanished.

“Can it be that Supreme Bones cannot be absorbed by the primal chaos space? The Supreme qi is the bridge that connects the Heavenly Daos and the Human Dao. Once in the primal chaos space, it is isolated from the Heavenly Daos. Having lost its connection to its master, it simply rotted.” Long Chen nodded with comprehension.

“Too bad. Such a good Supreme Bone was wasted,” muttered Long Chen a bit regretfully.

However, thinking about it, it seemed that there really was no way to connect a bear paw to another person’s bones. Could someone really fight with a hand that was even bigger than their body?

Long Chen then plucked that Supreme fruit. When he saw a tiny bear paw mark on it, he was delighted.

“Could it be...?”

Long Chen instantly thought of a certain possibility. Would whoever consumed this fruit have their palm transform into a Supreme Bone?

If that was true, then the Heavenly Dao Tree was truly heaven-defying. If Long Chen had known this before, Guo Ran wouldn’t have had to suffer so much pain just to connect that arm to his body.

“No, the aura is wrong. Although it has the Supreme aura, it’s much weaker compared to when it was attached to a body. Furthermore, when Guo Ran attached his Supreme Bone, its power didn’t diminish in the slightest. Perhaps the method that Guo Ran used is better.”

Long Chen carefully sensed the Supreme fruit’s aura. Compared to the previous bear paw, its aura was about thirty percent weaker. A portion of the energy had vanished. He didn’t know if it was absorbed by the Heavenly Dao Tree or if its energy was lost in the conversion.

Long Chen looked at the Heavenly Dao Tree. He didn’t know, but he found that its aura had undergone some kind of silent transformation. And yet, he was unable to say what part was different.

Looking at the Supreme fruit in his hand, Long Chen shook his head. “Who cares? In the future, the Dragonblood Legion will definitely be a Supreme Legion! Just watch how we dominate the world!”

Long Chen put away the Supreme fruit and took out the map. He was on the edge of the scorched land area and saw that the center of this scorched land area was marked as taboo. The mark of the Sacred Pill Hall was on it.

In other words, that scorched land was well known to be taboo land owned by the Sacred Pill Hall. Others were not permitted to approach it.

Long Chen then looked at the surroundings on the map and couldn’t help laughing. In order to throw off any enemies on his back, he had undergone several random transportations, which ended up bringing him in an arc around the scorched land.

However, he supposed that this could be considered fortunate. It was only due to this that he had ended up running into the Luo tribe. The mark on the map indicated that this was a pile of ruins. There were several ruins here, and no lifeforms occupied them.

Looking even further, he found that the closest human settlement was close to a day's travel away. He would also need to cross a large river marked with danger and a beast warning. This was most likely the territory of a beast race. If he wanted to cross it, it might be a bit difficult.

However, he was in a rush for time, so he couldn't bother about that. He had to find a human settlement.

"It's too bad. If I knew that transportation talismans are so useful, I'd have asked for some more." Long Chen counted and found that he had fewer than a hundred transportation talismans left. He couldn't help being vexed.

Before this, he had never really used talismans. But now, he understood just how convenient they were. With them, he had traveled so far without the slightest effort, and he was able to maintain his peak condition at all times, as well as being harder to notice.

Unfortunately, he wasn't Xia Chen. Xia Chen was able to make more if he was out of stock. Because of this, Long Chen decided to leave these talismans for when he urgently needed them.

Long Chen transformed into a giant Lightning Falcon and flew toward the city.

Half a day later, Long Chen reached the riverside marked on the map and saw countless demonic beasts gathered there. After Long Chen's gaze roved around them, he suddenly flew directly toward their direction.

Chapter 3746: Descendants of the Sun

A group of demonic beasts was gathering. Amongst them was a Divine Venerate, who was saying something to the young demonic beasts.

Looking behind this Divine Venerate, Long Chen could see a giant altar with a burning divine stone on it. The flames emitted immense faith energy.

"Children, pray! Pray to our great Sun God! It will bestow its blessing on you! When you become Beast Kings, the great Sun God's blessing will look after you, illuminating your path forward. You will no longer be lost, no longer be alone..."

The Divine Venerate shouted loudly, waving his hands. Millions of demonic beasts knelt and shouted loudly along with him.

There were hundreds of thousands of young demonic beasts praying devoutly. As they prayed, the divine stone on the altar shone even brighter, illuminating this world.

The Divine Venerate knelt and kowtowed toward the altar, emotionally shouting, "Great Sun God, do you hear your followers' devout calls? They are your children! They are on the verge of breaking through to the Beast King realm and need your guidance! They need your blessing. Please..."

Suddenly, a ray of divine light descended from the heavens, illuminating the altar. Through the flames, they seemed to see a giant bird descend.

“Great Sun God, you’ve personally descended!”

The Divine Venerate cried out excitedly upon seeing this giant bird. He then repeatedly kowtowed. The other disciple also fervently cried out the name of the Sun God.

“Don’t be emotional. If you want, I will come more often.” A mocking voice rang out from the altar.

The person to arrive at the altar was precisely Long Chen. He had noticed the divine stone on the altar from a great distance. At that moment, its flame fluctuations woke up the Ice Soul and Huo Linger in the primal chaos space.

As soon as they heard Long Chen’s voice, these demonic beasts felt like something was wrong. They raised their heads from their kowtows.

Just then, Long Chen reached out and grabbed the burning stone that was several meters tall. Following that, the altar dimmed.

“Friends, goodbye. If you really miss me, keep praying. If I hear you, I’ll definitely come.” Long Chen smiled warmly at the stunned demonic beasts. He then waved his hand, crushed a transportation talisman, and vanished.

It took several blinks of an eye before these demonic beasts reacted. Their faith divine stone was actually stolen in broad daylight. This was no god descent.

Heaven-shaking roars rang out.

“Chase!”

All the demonic beasts summoned their true forms and charged out in every direction.

Regretfully, Long Chen had used several transportation formations and completely escaped their territory.

“Big brother Long Chen, you’re amazing!”

Within the primal chaos space, Huo Linger cried out delightedly. She then transformed into a flame dragon and began to absorb the energy of the flame divine stone. But she was stopped by the Ice Soul.

“This is the faith flame of the descendants of the sun. If you absorb it, you will become the mortal enemy of the sun’s descendants. Think this through,” warned the Ice Soul.

Huo Linger was startled. She didn’t know how to respond. Long Chen’s voice then rang out this time.

“What descendants of the sun? Isn’t it just the Golden Crow race? Are they so amazing? I don’t even know how many of their people I’ve slain before. We were never friends, so go ahead and absorb it.”

The Sun Flame was the ultimate form of the Golden Crow Flame. In the Heavenly Flame World, Long Chen had slain an unknown number of the Golden Crow race’s experts. He had long since stopped having any misgivings toward them.

Hearing that, Huo Linger was delighted. She hugged the divine stone and bit down. But then she was shocked to find that she was unable to absorb the divine stone's flame energy.

The Ice Soul said, "This isn't the ordinary Golden Crow Flame. It is the flame of the sun's descendants. Although it isn't the true Sun Flame, it contains immense faith energy. It isn't something that you can devour now. Since you are so set on absorbing it, fine. I'll teach you a way to control flames. Once you devour it, split a bit with me."

Long Chen was in the midst of flying when he heard the Ice Soul's words. As a result, his body swayed, and he smashed into a mountain peak.

"You're too shameless! We're the ones risking the karma, but you're just going to take the advantages?" raged Long Chen.

"Big brother Long Chen, don't be like this. Big sister Bing Po is a good person. I'm willing to share this energy with her." Even before the Ice Soul said anything, Huo Linger already explained for her.

Long Chen cursed inside. This child had been won over. Now, she even spoke for this outsider. Long Chen didn't know how that made him feel. But since Huo Linger had said this, there was nothing he could do.

Bing Po transmitted a mnemonic chant to Huo Linger who then mastered this technique in just a moment. After forming hand seals, flame chains shot out of her and wrapped around the divine stone.

Flame energy was dragged out of the inside of the divine stone. They underwent a transformation through the chains before entering Huo Linger's body.

After that, Huo Linger began to absorb the divine stone's energy. What Long Chen hadn't expected was for this stone to contain incomparably vast energy.

Huo Linger's aura was climbing crazily. She didn't just recover her old power, but terrifying flames began to burst out of her body. She was unable to control just how much energy she was gaining.

Bing Po then pressed her hands on Huo Linger's body. The energy that Huo Linger couldn't control was absorbed by Bing Po. This way, there wasn't the slightest waste.

In just two hours, the two of them completely absorbed all the flame energy. After that, the divine stone lost all of its colors and turned to dust.

As for Huo Linger, she was like a completely different person. She was full of power. With a single raise of her hand, golden flames erupted out of her. She was still unable to fully control this power.

The Sun Flame was ranked sixth on the Heavenly Flame Ranking, even higher than the Ice Soul. Now, Huo Linger controlled a trace of the Sun Flame's power. Although it was just a trace, it was enough to cause her power to rise to an absolutely terrifying realm.

Furthermore, Bing Po had also benefited. Originally, her body was a bit translucent, as if it might dissipate at any moment. But this energy caused her body to be a bit more condensed, and her complexion also improved. Even so, her aura hadn't changed.

Huo Linger had absorbed half of the divine stone's energy, while the other half that leaked out was absorbed by Bing Po. As a result, Huo Linger was completely transformed, but this was almost nothing to Bing Po. Bing Po was like a sea on the verge of drying up. She needed an immense amount of energy to recover.

Huo Linger became lively. She thanked Bing Po enthusiastically just like she was her big sister. If there was a conflict between Long Chen and Bing Po, she would protect this big sister of hers.

Bing Po didn't stand aloof. She began to transmit some techniques for controlling flames to Huo Linger. Compared to Bing Po, Huo Linger's flame control arts were crude.

Seeing Bing Po seriously teach Huo Linger these techniques, Long Chen felt a bit better. It seemed that risking his life to save her had been worth it.

The next day, Long Chen finally arrived at the marker of the city. When he reached the city gates, someone suddenly approached him. Long Chen instinctively protected himself with his spiritual yuan, causing that person to bounce off.

"Aiya!"

That person cried out and tumbled to the ground. Suddenly, a group of hostile faces surrounded him.

"An extortion scam?"

Long Chen frowned, a touch of killing intent appearing in his eyes.

Chapter 3747: Specialized in Scamming the Human Race

"Little fellow, what do you think you're doing?"

That person had just fallen when over ten Immortal Kings surrounded Long Chen. None of them had friendly expressions.

"Little fellow, are you blind? Hurry up and kowtow for knocking down my brother. If you give some compensation, we can pretend that nothing happened," barked one Immortal King.

Just then, three demonic beasts walked over as well. They were also walking through the gate. They then looked at Long Chen's predicament and sneered. They just walked right through.

This group of Immortal Kings simply let the three demonic beasts pass through without making things hard on them. Once the demonic beasts were gone, they once more turned to Long Chen impatiently.

"What are you looking at?! Kowtow and this matter will be over! We won't make things hard on you."

Long Chen looked at them. Flames of anger were constantly spurting out of his heart. He had seen such a scam many times. If he really did pay as an apology, they would only demand more and more, with even more scams. A single kowtow definitely wasn't sincere enough. Then he would need to pay for dinner, for drinks, until he was stripped of every bit of wealth.

Saying sorry casually would be jumping right into the trap. This was a probing blow. According to the normal pattern, a person would say a few tough words and then toss them some money as if buying a

meal for a beggar. Then this matter would be over, and these scammers wouldn't make things hard on them.

However, Long Chen was enraged. It wasn't due to them trying to scam him but because they were all humans, yet they were only targeting their fellow humans, completely ignoring those three demonic beasts. Just seeing the mocking sneers of those three demonic beasts enraged Long Chen.

"The world needs to be rebuilt for order. And this rebuilding needs to start from inside the human race," said Long Chen coldly.

"What kind of nonsense are you spouting? Hurry up and apologize!"

The person who pretended to be knocked down charged forward and grabbed Long Chen's collar.

As a result, he had just raised his hand when Long Chen caught him. After that, a painful sound of bones breaking rang out. That person's arm was crushed.

"AH!"

That person had not expected Long Chen to dare to resist. He screamed in pain.

"Release him!"

The others were also shocked and enraged. As soon as Long Chen attacked, they had a bad feeling. It seemed that they had misjudged. This didn't seem to be a fat sheep for the fleecing.

Long Chen then pointed a single finger. The person who crashed into him had his head pierced just like that; his screams ended.

When Long Chen released his hand, that person's corpse fell to the ground with a thumping sound.

"Murder! Someone is killing in front of the Giant Peak City's gates!" shouted the experts that surrounded Long Chen.

"Little fellow, you dare to kill people in the city?! You are becoming enemies with all of Giant Peak City! Your death is sure--"

Their leader was in the midst of shouting when Long Chen's palm struck him. He directly blew up into a blood mist. Ordinary Immortal Kings didn't have the slightest ability to resist in front of Long Chen.

The other experts were all horrified when they saw this, and they began to flee. At the same time, powerful auras rose within the city. The real experts had received word about this incident.

When Long Chen pointed his finger again, more lightning arrows shot out. The people that had surrounded Long Chen were killed one by one.

"You're my daddy! We were wrong, please spare us-!"

Regretfully, Long Chen was not moved. Lightning flashed and those people were quickly killed, all of them pissing themselves in terror. Their old arrogance was gone.

"Stop!"

Experts roared from inside the city, and four World Kings charged out. But Long Chen ignored them. His finger continued pointing and killing the last few stragglers. The final one died right in front of the shouting World King.

“How brazen! You dare to run rampant in Giant Peak City!”

The next moment, an arc of saber-light flew through the air, cutting that World King directly in two. The remaining three World Kings were stunned.

Long Chen’s saber was as quick as lightning and yet silent. It didn’t leak any aura. It was like a random swing of his saber. That World King was simply killed just like that.

“Who... who are you?!”

The remaining three World Kings retreated in terror. Long Chen slowly walked over while holding a saber that was even taller than him.

Seeing this scene, countless experts within and outside the city fled. They stared in shock at this black-robed man with his giant saber and soaring killing intent.

“Who I am isn’t important. What is important is that you people that only bully your own race are about to become dead people,” said Long Chen coldly.

After killing that person with the Minghong Saber, Long Chen shattered that person’s Yuan Spirit and searched through the fragments of his soul. As a result, Long Chen knew that this city was filled with trash.

They bullied the weak while cowering from the strong. They bent their spines to other races, acting like dogs. But yet, they acted superior to their fellow humans, bullying the weaker members of their own race.

The expressions of these three experts changed. They suddenly turned and fled. But just as they moved, the wind blew and Long Chen brushed past their shoulders. After that, the three of them could only look down in disbelief, watching half their bodies fall to the ground.

They then lost consciousness, and their upper bodies also fell. After being struck by the Minghong Saber, their Yuan Spirits were wiped out.

The Minghong Saber was innately a weapon for killing. It specialized in devouring other people’s souls to grow and had devoured countless souls after following Long Chen in combat. It was growing stronger and stronger, to the point that it could even take Long Chen’s place for searching through people’s memories. Long Chen didn’t even need to do a soulsearch himself.

“Inferior human, are you courting death?”

Just then, an icy roar rang out. At the same time, a snake bone whip came flying out of the city from many miles away. It accurately reached Long Chen’s head in just a moment, and it also contained a terrifying power.

“A Supreme expert!” This terrifying power was Supreme qi.

Long Chen didn't unleash his saber. He simply reached out and caught it with his left hand. At this moment, golden dragon scales covered his hand, and a thunderous explosion rang out.

Explosive power formed an ear-piercing ripple that spread from Long Chen's hand. After spreading thirty meters, it suddenly transformed into a violent tempest. Seeing it, countless people fled in terror.

No one knew that the city was hiding a Supreme expert, nor did anyone expect this black-robed man who wasn't emitting the slightest aura to catch a divine weapon barehanded.

"Get out here!"

Long Chen's roar was like thunder shaking the world. He pulled and the entire city quivered. Buildings were blown apart as a figure was forcibly dragged out by Long Chen.

Chapter 3748: Powerful Huo Linger

A figure was forcibly dragged out of the city by Long Chen. The immense power directly blasted apart many buildings.

This figure roared furiously. When his snake bone whip lit up, Long Chen felt that it suddenly grew slippery. A soft, greasy energy came out of it. It was like he was holding onto a mud fish, and it slipped out of his grasp.

The whip easily escaped Long Chen's grasp. This was Long Chen's first time encountering such a greasy energy.

The master of the whip appeared. It was a tall and slim man with long hair and a gloomy expression. He also had two horns.

"The drake race?" Long Chen instantly recognized his identity.

This long-haired man looked at Long Chen greedily. He then suddenly raised his head and roared. His manifestation burst into existence behind him, and scales covered his entire body. A giant drake appeared in his manifestation.

His Blood Qi instantly ignited. He swung his snake bone whip, and it actually pierced toward Long Chen like a sword.

"Your true dragon essence blood is mine!"

Hearing this, Long Chen snorted. Just as he raised the Minghong Saber, he heard Huo Linger.

"Big brother Long Chen, leave him to me."

A cute figure appeared in front of Long Chen. As soon as Huo Linger appeared, this world was filled with a terrifying heat. It was like everyone had fallen into a sea of fire.

What Long Chen hadn't expected was for Huo Linger to actually be wearing a white dress. It was the same thing that Bing Po wore.

As soon as she appeared, she slashed the True Fire Sword at the snake bone whip.

BOOM!

The whip quivered and a layer of frost covered it. The frost rapidly spread until it reached the drake expert.

Seeing this scene, that expert was shocked. He repeatedly shook his arm, unleashing his Supreme Blood to shake off the frost.

However, he was shocked to find that it was impossible to shake it off. Most terrifying of all, the frost was burning. The more he shook it, the more intensely the flames burned. His Supreme Blood actually became its fuel. He had never seen such a terrifying flame before.

Just as the frost was about to cover his hand, he roared and let go of the whip. A blood-colored ray of light then shot out of his mouth at Huo Linger.

That light was like a viper spitting out its poison. Just looking at it gave people ominous chills. They instinctively fled even further away, as they sensed a mortal danger from it.

“Drake poison?”

Long Chen was a bit surprised. Even he retreated. He didn’t want to get touched by that.

A drake was not a true dragon. It still retained the snake’s fangs and poison. That was one of its life-protecting trump cards. Many of the powerful drakes in this world relied on this poison to threaten others. It was a powerful threat that drove off enemies.

BOOM!

In the face of that attack, Huo Linger simply swung the True Fire Sword. A layer of ice covered the True Fire Sword as it struck the blood-colored light.

As a result, blood mist filled the air. This mist burned before transforming into black smoke.

“Even the mist is toxic!”

People hastily retreated even further. The black smoke spread, corroding a hole in the void. Some drops sprayed to the ground, leaving holes in the ground and buildings.

Long Chen was shocked inside. This drake’s poison was truly terrifying. Fortunately, when he grabbed his whip, he covered his hand in dragon scales. Otherwise, it would be troublesome for his hand to be poisoned.

Bang!

Suddenly, a sound made everyone jump. Huo Linger had shattered the blood-colored light with a slash of her sword and then grabbed the whip. She then attacked the drake with his own weapon.

However, Huo Linger had never used such a weapon. Her fierce swing caused the whip to swing through the air and cause an explosion above her head. Huo Linger almost hit herself. She jumped and hastily tossed the whip to Long Chen.

Long Chen had just grabbed it when he found that the frost on top of it was gone, and it once more grew slick. Long Chen knew that the drake was trying to control it. However, Long Chen didn't give him that chance and directly tossed it into the primal chaos space.

The drake coughed up blood once the whip entered the primal chaos space. He roared. That was his innate life weapon. When he lost his connection to it, a part of his soul was essentially ripped away.

He was shocked and enraged. This injury meant that he could no longer keep fighting.

"You inferior human, just wait!"

The drake roared and turned to flee.

"Ice Soul Phantom."

Huo Linger snorted and her body swayed. A figure flew out of her body.

That figure had just appeared when a sword appeared beside the drake and cut him in two.

After that, the phantom returned and merged back into Huo Linger. People barely saw a blur. Even Long Chen didn't know what Huo Linger had done.

A giant drake thumped to the ground in two pieces. Even his Yuan Spirit was destroyed by this attack.

His corpse caused dust to rise into the air. Countless people looked from the corpse to Long Chen. Many of them were already starting to flee.

Long Chen waved his hand. Those two pieces of the corpse then flew into the air. He solemnly said, "You're an expert worthy of respect. I won't let your corpse rot in the wild."

After saying that, he righteously tossed it into the primal chaos space's black soil. It instantly devoured it and unleashed a shocking amount of life energy. Just as Long Chen had estimated, this corpse was very valuable.

At the same time, a scarlet fruit appeared on his Heavenly Dao Tree. He had another Supreme fruit.

Long Chen then stood in the air and looked down on the entire city. Seeing countless experts of various races hiding in the dark, he sneered.

"Other races bully the weak and cower from the strong. But the scum of the human race only knows how to bully people of the same race. You people will be the first to betray the human race in the battle against other races. Fools. Don't run into me again, or I'll kill you," warned Long Chen darkly.

After saying that, he pulled Huo Linger back into the primal chaos space, and in front of countless gazes, walked onto the transportation formation.

Long Chen's vision then changed. He saw a sea of people around him. However, before he even had a clear view of everything, a fuming voice rang out.

"Long Chen, let's see where you will run now!"

Chapter 3749: Fulfill Your Wish

Long Chen's gaze turned to the source of the voice, and he saw a Supreme heavenly genius staring at him coldly. Long Chen didn't recognize him, but based on the thrumming devil qi coming from his body, it was clear he had a reason for being so hostile.

This devil expert had dozens of other members of his race around him. Three of them were also Supreme experts. But the rest were merely ordinary members of the devil race.

At this moment, countless experts around the transportation formation were looking over at Long Chen due to the devil expert's roar.

This transportation formation was located outside of an ancient city. This city was called the Seven Star City. As for its origins, Long Chen didn't know. It was simply marked as such on the map.

This city was a central power. Although it was the territory of the human race, the other races were also welcomed here. As long as they didn't cause trouble in the city and followed the rules here, Seven Star City would welcome them.

This was a rather large city within the three thousand worlds. There were tens of thousands of transportation formations inside leading to many places. In fact, these transportation formations were able to cover almost one percent of the area in the three thousand worlds.

Although one percent sounded small, it had to be known that the three thousand worlds were enormous. One percent of its land was something that an ordinary Divine Lord flying at full speed would require a century to cross.

Furthermore, the three thousand worlds were filled with many races, taboo areas, and danger zones that couldn't be crossed. Being able to cover one percent of it was already amazing.

Thus, Seven Star City was filled with countless heavenly geniuses. There were the native experts, as well as the geniuses of the nine heavens. The liveliness was rather chaotic.

To the experts of the nine heavens, this opening of the three thousand worlds was an extremely rare chance to temper them. But it was the same thing for the natives.

That was because when the three thousand worlds opened to the nine heavens, a heaven-toppling transformation would occur within the three thousand worlds. The laws of the world would grow complete, and breaking through to the Immortal King realm at this time would mean that condensing a Heavenly Dao Crown was no longer a dream.

Furthermore, when the gate to the nine heavens was opened, some forbidden areas, danger zones, and treasure lands would burst out like volcanoes within the three thousand worlds. All kinds of treasures would appear. The experts of the nine heavens had waited years for this chance, but so had the experts of the three thousand worlds.

Seven Star City was only a somewhat large city within the three thousand worlds. It wasn't close to the biggest cities. Despite that, many experts were gathered here. Perhaps they were in the midst of travel, or they were resting, buying supplies, or gathering with others. Just the number of Divine Lords alone in this city was uncountable. Supreme experts were not even particularly novel here. With just a random look, you could find a few.

Quite a bit of attention was drawn by the devil expert's challenge toward Long Chen. However, people's expressions were still calm and apathetic. It seemed that they had long since gotten used to such a thing.

"How laughable. When have you ever seen me run? If the three of you want to play, I'll accompany you," said Long Chen indifferently.

Even in front of three Supreme experts, Long Chen didn't take them seriously. Last time, Huo Linger had slain that demonic beast Supreme expert with barely any effort at all. Long Chen very much wished to know just how powerful she was now.

"It is forbidden to fight in front of Seven Star City. If you want to compete, go to the life-and-death stages to the city's west." Long Chen had just replied when a guard beside the transportation formation warned them coldly.

Only then did Long Chen take note of ten armored guards surrounding the transportation formation.

Even some of the guards here were half-step Divine Venerates. Long Chen saw four elders and was amazed inside. But thinking about it, if it was just World Kings standing guard over this place, these arrogant heavenly geniuses wouldn't give a damn about them.

"Long Chen, do you dare to fight on the martial stage?!" the devil expert shouted at him. He clearly had immense confidence in himself.

He intentionally spread his voice far and wide, drawing countless gazes. Even some experts that had already walked into the city turned back to look.

There were countless experts here. The various races and powers stared at Long Chen. Every single one of them had the attitude of watching a good show.

"Just you? No. My time is very precious."

Long Chen eyed him. Although he did want to pluck a few more Supreme Heavenly Dao Fruits, after seeing so many Supreme experts here, he was in no rush. The meat would land in his pot sooner or later.

"Are you afraid? This is your human race's city. Are you going to lose the face of the entire human race here?" sneered the devil expert. Long Chen ignored him and walked toward the city gates, brushing past him.

Long Chen continued into the city. Countless experts shook their heads, feeling like Long Chen was gutless. They were sad about not being able to see a good show.

"How useless. Did your parents give birth to a tortoise?" Suddenly, a human expert sneered just as Long Chen reached the gate.

This person was also a Supreme expert with a shocking aura. He obviously looked down on Long Chen for not daring to face this challenge.

However, as soon as he said this, black qi swirled in Long Chen's eyes. The entire world seemed to fall into an iceberg.

That person's expression completely changed. He was the first to sense anything. A golden shield appeared in his hand.

"Stop!"

"It is forbidden to attack within Seven Star City!"

Those four half-step Divine Venerates shouted furiously.

BOOM!

Regretfully, Long Chen didn't listen to them. The Minghong Saber came out of its sheath like a bolt of lightning. That golden shield was just raised when Long Chen's saber fell. The golden shield's runes had yet to fully light up, and its defenses weren't even activated. As a result, Long Chen's saber shattered it.

Half of the human expert's body exploded. Just as his broken body quivered along with his soul, Long Chen passed by him, cutting his throat.

His head flew through the air. A Supreme expert didn't even have a chance to unleash his power before being slain.

"Brat, how brazen! Capture him!"

Those four half-step Divine Venerates were enraged. To kill someone in front of the city gate was clearly a challenge to the dignity of Seven Star City. He didn't place them in their eyes. Thus, the four of them attacked at the same time.

"Scram!"

Long Chen swept out the Minghong Saber. When his divine ring and starry sea appeared, a layer of star light appeared on the Minghong Saber.

BOOM!

A huge explosion erupted. The four half-step Divine Venerates grunted at the same time and were blown back.

Now, countless people were shocked. The devil experts that had previously challenged Long Chen were the most shocked. They had not expected him to be so terrifying.

Their expressions completely changed when Long Chen looked at them now. Explosive killing intent was barely contained in Long Chen's eyes, completely locking onto them.

Suddenly, Long Chen's figure vanished. Goosebumps then exploded over their bodies. A terrifying sense of death enveloped them.

"Since you wish to die so badly, I will fulfill your wish." When Long Chen reappeared, he was right above their heads. The Minghong Saber slashed down like a river of stars.

Chapter 3750: Ice Soul Displays Power

These devil experts were horrified as Long Chen was too powerful. He didn't even care what this place was and immediately started killing.

The three Supreme experts had yet to enter their combat state. They barely had time to summon their divine weapons before Long Chen's saber struck them.

"Split the Heavens 3!"

BOOM!

The saber slashed down, shattering the ten thousand Daos. As a result, the three of their weapons shattered along with them. All of them were wiped out.

The Minghong Saber rumbled like an ancient beast awakening. Its aura grew even stronger.

Even the shattered runes of the divine weapons were devoured by it. It used those runes to strengthen itself.

One man and saber, both erupting with overwhelming killing intent. Long Chen's expression was gloomy. He was enraged.

Giant Peak City was like this, and this Seven Star City was the same. The human race had truly fallen. The human race's depravity stemmed from their hearts. It was a decay of the spirit.

Other races were united, helping each other. Only the human race never ceased to fight amongst themselves, harming themselves while ingratiating themselves with other races.

He could not understand how the human race had become like this. Long Chen gradually understood why Xia Guhong had warned him to be wary of his own race before entering the three thousand worlds.

Normal enemies weren't to be feared. It was the enemies that couldn't be seen that were truly frightening. Furthermore, even more frightening than the invisible enemies were the comrades that you thought you could trust.

As a human, seeing the human race in this state enraged and aggrieved Long Chen. Looking at them, Long Chen felt like some long-lost memories were being dredged up.

"Human, you're courting death!"

A violent pressure suddenly crashed down on Seven Star City. Devil qi covered the sky. A Divine Venerate of the devil race had come.

If Long Chen killed humans, he wouldn't bother. But to kill members of the devil race here was a provocation to the devil race. As soon as he appeared, several Divine Venerates appeared within the city.

"Friend of the devil race, calm your anger. Violence cannot solve everything. Don't make things hard on us."

There were three human Divine Venerates who came out. Their expressions were solemn. They blocked the devil expert's path but also blocked Long Chen's path of retreat. They surrounded Long Chen.

“Your human race is quite brazen! You dare to kill my devil race’s people in front of everyone? Do you think my devil race is easy to bully?!” shouted the devil Divine Venerate.

“Friend, calm yourself. We will give an explanation to your devil race for this matter,” said one elder of the human race politely.

However, when he turned to look at Long Chen, that polite expression completely vanished, replaced with an icy sharpness.

“You broke the rules of my Seven Star City. I don’t care what heaven you’re from, who your master is, or what’s your background. Now that you are in the three thousand worlds, you have to follow the rules of the three thousand worlds. For you to have killed people in front of me, are you going to force me to make you kneel? Or will you do it yourself?”

“Rules? Hahaha!”

Long Chen raised his head and laughed. “Right, you’re one hundred percent right! There need to be rules! But in the future, everything within the nine heavens and ten lands will follow my rules!”

Long Chen’s Minghong Saber, seemingly affected by Long Chen’s immense killing intent, was excited. It seemed to want to taste the blood of Divine Venerates.

“Little fellow, you don’t know how high the heavens are. You dare to resist?”

The human Divine Venerates became gloomy. They didn’t want to take action in this place because they didn’t want to damage the city. That was why they stopped that devil expert.

Suddenly, the three of them tightened their encirclement around Long Chen. Divine light lit up behind their heads, and an invisible divine pressure crashed down on Long Chen like a tsunami.

Long Chen’s body sank. After that, his bones began to creak, and cracks spread on the ground beneath his feet.

“The pressure of Divine Venerates!”

The three of them didn’t want to fight. They just wanted to use this pressure to subdue Long Chen. This pressure contained three Divine Venerates’ unquestionable will. Anyone who dared to resist would have their soul directly crushed.

If it was a single Divine Venerate’s pressure, as a Supreme heavenly genius, perhaps they would be able to escape the lock of the other side. But for three to activate it at once, it was essentially an unbreakable net.

The space around Long Chen condensed and this terrifying pressure formed an invisible tempest around him. They were trying to use their wills to crush him.

Long Chen was enraged. Even these Divine Venerates were submitting to the devil race. Were all the humans within the three thousand worlds so gutless?

Competing in terms of will? Long Chen had never been afraid of anyone in that regard. But in terms of power, if he were to fight them head-on, he would definitely die.

However, despite knowing that he shouldn't have provoked them, when his anger soared, he couldn't control himself. In fact, the will of the Pill Sovereign deep within him did not permit him to retreat.

Long Chen then clenched the Minghong Saber. His 108,000 stars quivered and endless power gushed out.

Just as Long Chen was preparing to fight to his death, a figure appeared behind Long Chen. It was a peerless beauty, the white-robed Ice Soul, Bing Po.

Once she appeared, ice spread from her, covering the ground.

The three Divine Venerates' expressions instantly changed. They hastily fell back. At the same time, mist swirled out of their heads. It was like a burning furnace was suddenly covered in ice.

Once Bing Po appeared, the three leaders that were using their wills to suppress Long Chen felt a sharp pain in their souls. They were injured by the will of the Ice Soul.

Fortunately, they quickly retreated upon seeing this. Otherwise, the consequences would be unrecoverable. They stared in shock at her.

"Who are you?!" shouted one of the Divine Venerates.

They couldn't sense Bing Po's aura. However, they sensed a mortal threat from her. Just looking at her made their souls feel uneasy.

"You aren't qualified to ask about my origins. If you want to die, just come." Bing Po's gaze swept over the crowd coldly.

Those Divine Venerates felt like their souls were about to freeze when her gaze fell on them. They were horrified. They were unable to see through this white-robed woman.

"Bing Po, help me out. Kill them all," transmitted Long Chen darkly.

"Impossible. I'm in an incredibly weak state right now. At most, I can scare them with my will. If they attack, I'll be exposed. Hurry up and think of a way to leave. I am not a match for them in my current state. Don't do anything stupid," responded Bing Po.

Long Chen clenched the Minghong Saber. He glared at the three Divine Venerates of the human race, as well as the devil race's experts.

"The human race's face has been completely lost by you. You've forgotten history and the sea of blood enmity. Forgetting the past is equivalent to betrayal. You've betrayed the human race. I, Long Chen, hereby swear that the day I reach the peak, I will clean up all of you traitors."

After saying that, Long Chen walked toward the gate just like that. Bing Po stayed behind him, walking elegantly. Ice crystals appeared on the ground where she walked. But after a moment of cold, white flames burst into existence. Countless people were shocked and didn't dare to stop them. Long Chen swaggered into the city just like that.
