No Way Back Chapter 161-Peter was not far away He was looking at Madelyn.

For a moment, he did not know if he should go forward and comfort her.

In the end, he did not.

He could only give up.

After how the performance had turned out, nobody's comfort would be of any use.

It was just strange.

Peter had been invited to watch Madelyn's rehearsals

Madelyn had acted very well.

As a child, Madelyn loved acting, so Anna hired the best teacher to give Madelyn acting lessons.

Even the teacher was full of praise for Madelyn's talent. He said that Madelyn would definitely become a top actress in the future.

Just like their second eldest brother, Johan Fowler who had won the Best Actor Award.

Could it be that Madelyn was affected by Jane Fowler?

This was the only explanation.

Peter could not think of any other reason.

“****! Janie, Madelyn Fowler really screwed up! Hahaha!.

“God must have opened his eyes and seen all the different kinds of evil that Madelyn Fowler had done. Then he sent down divine punishment! Muahaha!”

Lila was gloating over Madelyn's misfortune.

Initially, Lila felt discouraged when she saw how well Madelyn acted.

That was why she wanted to get Jane to leave.

She did not want to see angelic ****in the limelight.

Things turned out differently.

The tables were turned!

Madelyn had totally messed up her performance!

And it was messed up in a way that had never happened before!

Lila listened to the **** criticism that people around her had of Madelyn.

Even the school leaders' expressions were extremely grim.

Lila felt so good!

"Ahem, Lila. I've noticed that you seem quite good with astrology. You had made a prophecy. You could be a fortune teller."

Jane could not help but point it out.

It was true that Lila had cursed Madelyn.

That had caused even her previous life to turn out completely different in this life.

Madelyn's "glorious light" was changed to being "extremely embarrassing".

Jane's best friend might really be talented in astrology!

"What? Janie, I'm not that kind of fortune teller who would only predict all the bad things come true and not the good things!" exclaimed Lila.

"It's the twenty-second century now. We have to believe in science! These ancient superstitions don't exist!"

Lila did not realize that she was exceptionally talented in some aspects.

Jane did not go into detail.

Today was destined to be Madelyn Fowler's day of disaster.

In the future, Madelyn would definitely be mocked and ridiculed in college.

Looking at the ending, Jane somehow felt that she liked it.

However, Madelyn knew no ***.

If such a thing happened to others, they probably would not even be able to go back to college.

With Madelyn's personality, she could endure all of this. Even if she was furious, she still forced herself to smile and pretended to be a snowflake.

That was all a piece of cake to Madelyn.

Jane admired Madelyn's endurance.

Madelyn was very tolerant.

She was swallowing everything timidly.

At this moment, the host went on stage.

He managed to calm the audience after the mess Madelyn had created.

Then, he made an announcement.

"Today, we have two very famous and special guests to attend this freshman welcome party!

"These two special guests are not students of the University of Oricle, but they have a pivotal position in the music industry in Cruksia and even the world!"

Jane was slightly stunned.

Was there such a special guest?

Jane remembered the freshman welcome party in her previous life very clearly.

There was no such episode.

What happened in Jane's previous life was that Madelyn's performance was a success and the entire venue was immersed in praise for Madelyn Fowler.

Then the party moved on to the other performances.

Lila said excitedly, "Wow, Janie, who are these two special guests? They sound so important."

"I want to know too," said Jane.

Jane narrowed her eyes.

She had not said that because she agreed with Lila.

It was because this reality was more than an unexpected turn of events in Jane's rebirth.

Hopefully, it was not beyond Jane's control.

Then the host left the stage.

The curtain on the stage came down.

They were frantically setting up the stage.

After that, the curtain was drawn up again.

Two figures in tuxedos appeared on the stage.

They were about 6 feet 2 inches tall. The slender figures of the two gentlemen in tuxedos brought out perfectly their air of nobility

One of them had short hair, while the other had hair that was parted in the middle.

The two of them looked very alike. Their eyebrows were straight, their eyelashes were slightly long, and their lips were sexy and cold. Every move they made was extremely handsome.

The difference was that one of them had eyes as gentle as water, while the other had eyes as silent as gold.

Simply from their appearance, it was not difficult to tell that one was gentle and the other was cold.

Although their personalities were different, it was obvious that these two people were of noble backgrounds that ordinary people could not compare to.

There was also another thing.

They resembled someone.

A person that everyone in the University of Oricle was very familiar with.

Who did they resemble?

All of a sudden, Jane could not recall.

The two men were not the only ones that had suddenly appeared on the stage. There was also a double piano.

As the name suggested, it was like two pianos being merged into one, with a keyboard on either side.

It was for two pianists to play a special piece.

Jane's pupils contracted slightly.

Why?

Why would the two of them appear here?

Some people did not know who the two men on stage were.

But some people had already guessed it.

"Oh my god! Isn't that Aaron Fowler, the third son of the Fowler Corporation? He won first place in the World Piano Competition's Newcomer Award not long ago and is currently on a world piano concert tour,"

"Oh! Now that you mention it, I remember him! I actually didn't recognize my idol immediately. Who doesn't know Aaron Fowler? He's famous in Stormton City."

"No wonder I felt that he looked familiar. He looks like Peter Fowler!"

"The other man on stage also looks a lot like Aaron Fowler. Is he also one of the sons of the Fowler family? I've no idea who he is."

"I've heard that many of Aaron Fowler's piano pieces were composed and arranged by the fourth brother, Quinton Fowler. You can say that Quinton Fowler is the top producer in Crucsia's entertainment industry! He's a genius composer!"

Everyone discussed animatedly.

Lila's worried gaze fell on Jane Fowler.

She never expected that the University of Oricle freshman welcome party would invite Jane's brothers, Aaron and Quinton.

And the significance of their appearance here was obvious.

They must have come for Madelyn!

"I'm fine," said Jane. "Don't worry, Lila."

After sensing Lila's worried gaze, Jane smiled gently at her best friend.

Since Jane had given up on the Fowler family and cut ties with them, Jane no longer felt any heartache for anything that the Fowler family did

She could just watch from the sidelines what Aaron and Quinton planned to do.

Backstage.

Madelyn was still crying.

While crying, she heard that Aaron and Quinton had appeared at the freshman welcome party.

She was instantly stunned.

She looked up at the live broadcast with teary and swollen eyes.

On the stage, were two men slowly sitting on chairs in front of the piano.

Weren't those her brothers, Aaron and Quinton?

Peter came over to Madelyn's side.

"Peter, what's going on? Didn't Aaron and Quinton go overseas?" asked Madelyn.

"They came back a week early and told me not to tell anyone in the family," said Peter. They just wanted to surprise you all,

"Especially you, Maddie."

No Way Back Chapter 162-Peter did not know how to face Madelyn because of Jane.

And yet.

Madelyn was so sad and going through a difficult time.

As her brother, Peter had to do something. He had to comfort Madelyn and pull her out of the deep pit.

No matter what, Madelyn and Jane were the same.

They were both daughters of the Fowler family.

Madelyn was still his little sister.

Madelyn listened to what Peter had just told her.

Madelyn was extremely touched.

She covered her face and sobbed softly.

Was this how it felt to be a princess saved by the princes?

Compared to Jane, Madelyn had become the laughingstock of everyone because she had messed up her performance in the musical.

However, the appearance of Aaron and Quinton brought some face back to Madelyn

It was mainly because these two brothers were talented and famous internationally.

Most importantly, they had come just for Madelyn!

If it wasn't for Madelyn, given the two brothers' status, it would have been impossible to invite them to a college freshman welcome party

The sound of the pianos filled the place.

It was passionate and fast paced.

A melodious piano duet played by the two brothers echoed throughout the assembly hall.

Listening to them caused one to become intoxicated and be lost in the music.

Music knew no boundaries.

At the same time, music was magical.

In the hands of a talented person, music would become a language that communicated with the soul.

Just like how Aaron was playing the piano duet with Quinton now.

There were no lyrics.

There was only piano music.

Only then could the ***be immersed.

A rising sun appeared in one's mind.

The sun emitted a dazzling light that illuminated the ground.

To be fair.

As the first prize winner of the World Piano Competition's Newcomer Award, Aaron played the piano better than Quinton.

However, as an internationally renowned top music composer, Quinton was naturally proficient in all sorts of musical instruments.

The two brothers were good at different things in the music industry.

And both of them had perfect pitch.

In this original piano piece, they were intimate and coordinated well with each other.

They were using the piano to convey the words and beliefs in their hearts!

That was how everyone felt instinctively.

When these two brothers were together, they could dominate the music industry! Not only in Crucsia.

They could dominate internationally. They were invincible!

The piano piece ended.

Everyone was still lost in the beautiful music.

They were still unable to snap back to reality.

And then, they responded with warm applause.

The applause filled the assembly hall

It was endless.

As number three in the Fowler family, Aaron picked up the microphone.

"I'm very grateful to everyone for listening to my performance with my younger brother, Quinton Fowler. This is an original composition written by Quinton, called 'Sun in the Family,'" said Aaron.

"Because my brother doesn't like to talk, I'd introduced him to everyone. I think all of you have guessed by now *The reason why Quinton and I attended this freshman

welcome party and asked the school leaders to make an exception and hide it was to give our little sister, Madelyn Fowler, a surprise!

“We saw little ***performance just now. Perhaps she was too nervous and made mistakes. She’s still young and has unlimited possibilities in the future. I hope everyone will be kind to her.”

Then Aaron turned to Madelyn and said, “Little ***, let me tell you something. When I participated in the piano competition for the first time, I was so nervous that I was eliminated in the first round. It was so embarrassing. “Remember this failure and learn from it. Failures are stepping stones to success. With failure, you can welcome greater success in the future!”

It was an expected fact But when Aaron Fowler said it, it sounded different.

It was not merely a fact.

It was as if he had declared an unchangeable law.

And that was that it did not matter how bad Madelyn was and how she fared worse than Jane.

In Aaron and Quinton’s hearts, one fact remained unchanged.

Madelyn Fowler would always be their most important sister,

There was no other

The Fowler family doted on her. Even if she was a piece of trash, she was the Fowler family’s treasure!

No one could replace her!

Quinton, who was beside Aaron, nodded silently.

“Aaron, Quinton,” cried Madelyn.

Madelyn was already in tears as she watched her brothers.

Her entire body was filled with warmth.

The trauma of her recent failure and all the grievances and unfairness she had felt were diminished quite a bit.

“Thank you, thank you so much. Peter, thank you too,” said Madelyn.

Madelyn could no longer hold it in.

She took the initiative to hug Peter

She had spoken gratefully, forcefully, and sobbingly in Peter's arms.

Peter's body stiffened for just a moment.

But Peter forced himself to suppress it.

He might have had a grudge in his heart.

But even then, he could not push Madelyn away at this time either

"Janie, that's enough," said Lila. "Let's go."

Lila could not stand it anymore.

She wanted to drag Jane out of the hall.

Even though Jane was expressionless and emotionless,

But in the past, Jane had persistently looked forward to kinship.

She looked at her brothers Aaron and Quinton, whom she was supposedly meeting for the first time.

The moment they appeared, Aaron had spoken up for Madelyn at the freshman welcome party.

It was obvious how much they loved that little sister.

Madelyn was now happy.

But it was Jane who was hurt

Lila did not even dare to imagine.

If it was the old Jane Fowler, she would have felt terrible when she saw this.

Fortunately, Jane had severed ties with the Fowler family a long time ago.

She had already given up on the Fowler family.

This way, Jane's heart would not hurt so much.

Jane was about to reply to Lila.

And then on the stage, Aaron spoke again.

“The next piano piece, ‘Eternal Moonlight’ is for our other sister-Jane Fowler.

“Welcome back to our Fowler family, Jane!

“Jane, Quinton and I heard your speech just now. It was very good. We’re proud to have a sister like you!”

As soon as Aaron said those words, the entire hall was instantly silent.

It was a deathly silence.

Everyone looked at each other.

Well, well.

What was going on?

Did Aaron and Quinton not know?

Jane had already severed ties with the Fowler family. They had reached the point of no return.

Now, Aaron and Quinton were attending the University of Oricle’s freshman welcome party not just for Madelyn. They were here for Jane too?

And they even composed an original piano piece for Jane? The atmosphere instantly became very strange and awkward. Aaron and Quinton, who were on the stage, had yet to notice.

They proceeded to play their own parts.

Music notes danced out like flowing water.

It was like the calm moonlight below the ocean’s surface.

Gentle, bright, and relaxed.

“Janie, what... what’s going on?” asked Lila.

Lila could not understand what she had just heard.

She was in a daze.

“It seems that the Fowler family was very good at keeping secrets from their sons who were overseas at that time. Aaron and Quinton Fowler had just returned from overseas and were immediately busy preparing for this freshman welcome party. So they still don’t know about what happened between the Fowler family and me.”

After hearing Jane’s explanation, Lila was silent for a moment and pursed her lips.

“Then it seems like not everyone in the Fowler family is like those ****Peter, Henry, and Dwayne. You still have older brothers who want to dote on you,” said Lila.

This was how a normal brother should behave!

How could one’s brothers be like how Peter and the others treated Jane at first?

It was not easy to find their biological sister, who had been missing for 19 years.

Yet, they treated her with all kinds of alienation, coldness, and curses. They wished that Jane would ***and disappear from this world so that she would not embarrass herself and the family and ruin the Fowler family’s happiness.

No Way Back Chapter 163-“Normal? Yes... it’s quite normal.”

Jane’s lips curled into a cold smile.

She looked at her so-called ‘brothers’ on the stage.

There was not even the slightest ripple of emotions in her eyes.

Actually, there was.

It was just bone-chilling cold.

Jane’s hatred for Aaron and Quinton was indeed not as deep as it was towards Jack.

Because Jane had just returned to the family, these two brothers really wanted to accept Jane from the bottom of their hearts.

Back then, she was so immersed in the Fowler family’s kinship that she was blinded. She thought that she could win her parents’ and brothers’ attention through her sincerity.

After all, they were related by blood!

However...

When a ray of sunlight shone into a dark corner, but could not completely get rid of it...

Even this sunlight was tainted with sin.

Just like Anna, the way they treated Jane nicely caused her to be entangled with the family to the point where it became a disaster.

The prerequisite for treating Jane well was that when Madelyn wasn't there.

Wherever Madelyn was, as long as it was related to Madelyn, Jane would be pushed back and ignored,

Madelyn was the most important sister in Aaron and Quinton's eyes.

On the other hand, Jane was just a dispensable substitute.

Just like this freshman welcome party.

Madelyn was always the center of attention.

As for Jane, she would always come last.

In her previous life, Jane thought about her family's teachings.

She was told not to argue with Madelyn.

That was because Madelyn was younger and adopted. She was sensitive and fragile.

Because of Jane's appearance, it made things worse.

Madelyn still welcomed Jane back to the family with a sincere and kind attitude. On various occasions, she even stood up for Jane.

That was why Jane was considered lucky to be able to receive occasional care from Aaron and Quinton.

Jane was told not to think about things that did not belong to her in the first place.

Madelyn spent 18 years in the Follower family.

Even if they were not related by blood, the time they spent together could not be erased.

It was true that Jane and the Fowler family were related by blood, but after losing so many years of interaction, their relationship was inevitably distant.

Therefore, Jane had no choice but to endure time and time again.

As a result, Madelyn started bullying her even more than before.

Gradually, Aaron and Quinton, who originally wanted to treat Jane well, started to distance themselves. They looked down on her and suspected the things she had done.

In this life, Jane no longer cared.

It did not matter who Aaron or Quinton wanted to dote on. They could do whatever they wanted.

Did they really think that Jane would be a dispensable substitute?

What a joke

Jane decided not to play this game anymore!

“Let’s go. Lila.”

Jane put her hands in her pockets, turned around, and left the auditorium.

“Hm? Janie?”

Lila was stunned.

She felt that Jane was acting a little strange.

However...

No matter what, Lila was Jane’s best friend.

She could sense something was off.

Aaron and Quinton were a little different from the other **** of the Fowler family

Jane would never forgive them.

It was impossible for them to return to the past.

Hence...

Lila obediently followed Jane.

The song ended.

Madelyn watched the live broadcast.

She bit her lip lightly.

Her eyes flickered.

Madelyn had also guessed it.

Aaron and Quinton probably did know that Jane had cut ties with Fowler family and caused an irreconcilable mess. Initially, back then when Anna said that she wanted to bring Jane back, Aaron and Quinton were supportive of the idea.

In their hearts, even though Jane had disappeared for nineteen years and that they were not close, she was still their biological sister.

Originally, Madelyn was worried that Jane would replace her place in Aaron and Quinton's hearts. She was afraid that they would treasure Jane more than herself.

But now...

Madelyn thought to herself, "Jane, do you think that you're better than me in everything, that you could beat me? Are you proud of yourself?"

"Forget about taking away what's mine for the rest of your life!"

"Even if you cry and knelt on the ground, no matter how envious you are, you won't have it!"

"You will never get the family members' attention and love!"

"As long as I'm around, the Fowlers will all focus on me! It will always be me!"

"Not you, someone who's related by blood but has nothing to do with the family. You will only hurt the family!"

On the other hand, Peter was different from Madelyn...

He was just wondering why Jane did not return backstage.

If that's the case, where did she go?

Was it because Madelyn and Peter were here?

He wondered if Jane heard the piano piece that Aaron and Quinton had specifically composed for her.

Would she feel warmth in her heart and recall the kinship with everyone in the family?

He hoped that she would understand that it was impossible to completely sever the bloodline relationship between the family.

She was a member of the Fowler family and their biological sister!

If he could, Peter was willing to kneel in front of Jane.

As long as she would be willing to forgive him.

All he wanted was for Jane to forgive him and return to the family.

He was willing to do anything she wanted.

Little did he know...

Aaron and Quinton had the same performance in their previous lives.

Once again, Jane's heart sank. The expression on her face was as cold as ice.

Jane and Lila were thinking of leaving the university.

At this moment...

A figure appeared in front of them, blocking their way.

When she saw that person's face clearly, Lila blurted out

"Mr. Narcissist, what are you doing here?"

Layne was shocked.

What the ****?

What did she mean by 'Mr. Narcissist?'

He was not a narcissist.

Was she really addicted to calling her that?

Originally, Layne had been standing outside the University of Oricle's assembly hall.

Firstly, it was for Madelyn.

Secondly, it was for Jane.

At the same time, he was busy dealing with company matters and he wanted to fulfill his promise to Aaron and Quinton.

He found various excuses to tell his family not to come to the University of Oricle.

He hoped that Jane would go home with Aaron so that they could give the family a huge surprise!

Layne could not enter the assembly hall.

However, he was able to watch the live broadcast. Judging by the reaction inside the assembly hall, it sounded like things went well.

It was just that...

He did not expect Madelyn to ***up the performance.

How embarrassing.

It affected his impression of Madelyn a little.

On the other hand, Jane, who was wearing a red evening gown, had an outstanding speech. She was graceful and eye-catching.

Layne actually felt his heart beat a little faster.

He thought of roping in Jane to remove the evidence.

At the same time.

Layne wanted to prove that his manly charm was more than Marion and even Hugh!

It was his possessiveness instincts that fueled his desire to conquer and fight.

Now, Layne was more concerned about Jane.

He wanted to snatch Jane from Marlon and Hugh Coft.

He wanted to prove his capabilities!

After having such a desire, he thought of Jane's face.

It seemed like...

Jane's skin was fairer and more delicate than Madelyn's.

He wondered what it would feel like to touch it.

Layne knew that the person he loved the most was Madalvo

After all, he had known her for many years. It was impossible for him to forget the “first love” buried in his heart.

In Layne’s heart, Madelyn was always number one.

His feelings for Jane were casual.

Still...

Layne no longer resisted the idea of being in a secret relationship with Jane.

Read Novel No Way Back Chapter 164

No Way Back Chapter 164-If Jane was willing, Layne would reluctantly agree to Jane being his secret lover.

As long as it did not affect Layne’s relationship with Madelyn and his plans to get close to the Fowler family, he could spare Jane some of his love.

If Jane behaved and served Layne well, he would allow her to give birth to his child.

If that happened, he would guarantee her a rich life in the future.

Layne was waiting outside the assembly hall when he saw Jane and Lila walking out of the door. He immediately followed them.

It was not easy to stop Jane.

Jane could not be bothered by what Layne was thinking.

All she knew what that he had some *****thoughts in mind.

She just kicked Layne hard in the stomach.

Then, she pulled Lila along and was about to leave.

“Jane, wait... Don’t tell me you forgot what I told you before.”

“I really have something to tell you. Let’s have a good chat.”

Layne was pestering Jane.

“Layne, are you crazy? Your little ***is still embarrassing herself in the assembly hall. Why are you pestering me?” “Don’t you love little ***the most? Don’t you ****me to the core? What’s there to talk about between us?”

Jane really couldn’t stand Layne. In her mind, he was crazy.

He was just like the other Fowler family members.

In the past, he ***Jane so much that he wished that she would just disappear and ***.

Now, Jane avoided them as they wished, going her own way. She decided not to meddle in their business as well. However, they were all stuck to her like sticky candy. She could not shake them off no matter what.

“I... Please don’t misunderstand. Jane, ***and I... we are just childhood sweethearts...”

Layne felt guilty.

Lila rolled her eyes upon hearing this.

“Don’t tell me that you like Janie and want to pursue her.”

“Mr. Narcissist, take a good look at yourself in the mirror. Do you think you’re worthy?”

Lila felt that Layne was not only a narcissist but also a ****.

Anyone could tell that every time Layne and Madelyn appeared together, he was obviously in love with her, Now, he was lying in front of them.

Now that Jane was no longer part of the Fowler family and that she was of no help to Layne at all, why was he still making up lies to approach Jane?

“Lila, that’s enough. Don’t think that just because I didn’t argue with you, you can humiliate me again and again!”

“Do you think I’ll pay attention to you just because you’re like this? Stop dreaming. I’m talking to Jane, not you. Stop rambling, ***!”

Lila was completely convinced.

She had never seen such a shameless person.

Layne was not done scolding Lila.

Just as he was about to continue...

Bang!

He felt his stomach being hit by something.

Layne held his stomach and knelt on the ground, retching crazily.

He vomited acid all over the ground.

Lita was dumbfounded. "What just happened?"

She thought she heard a loud bang

In a blink of an eye, Layne ended up like this

"I don't know. Maybe he just likes to kneel down on the ground"

Jane said calmly and left with Lila

Layne clutched his stomach and knelt on the ground with a twisted expression.

The people who passed by pointed at him and talked among themselves.

"What's going on? Is he performing?"

"Did this bootlicker get on his knees and confess to a girl, only to be ruthlessly rejected?
Is he suffering a ****breakdown?"

Layne's eyes widened,

He took a few deep breaths before standing up.

What just happened?

All of a sudden, his stomach felt like it had been hit by something

It was so painful that Layne almost fainted.

Most importantly, even Layne did not see what the thing that hit his stomach was.

He wanted to catch up to Jane, but Jane had already disappeared with Lila.

"***it! She escaped again..."

"This ***, why does she keep playing play hard to get? Does she think it's fun to attract my attention like this?" "*** .. It hurts. Blargh!"

His stomach twisted crazily.

Layne knelt on the ground and started retching non-stop.

Everyone who walked past him revealed looks of disdain.

They all quickly walked away.

Lila ran quite a distance with Jane.

Only then did they shake off Layne,

*Janie, he's so annoying. What is he trying to do? I don't understand at all."

She thought that Layne wanted Madelyn.

It was also the best way to rope in the Fowler family.

Now, he was pursuing Jane who was not on good terms with the Fowler family.

Was he really not afraid that if the Fowler family found out, he would have to bear the consequences?

Jane was not in a hurry to reply.

She took out her phone and sent a message.

Jane, [Hugh, I can't take it anymore. I want to ***your second uncle's family. Do you mind?]

Hugh, [If they make you angry, tell me. I'll make them disappear from the face of the earth.]

He was not hiding his love and affection for his wife one bit.

Hugh postponed all his work on purpose to watch the live broadcast of Jane's performance at the freshman welcome party

He sat alone in his office and watched quietly.

He watched as the woman he loved shone brightly on the stage.

Hugh felt proud from the bottom of his heart.

At the same time.

A stubborn possessiveness arose in his heart.

He did not want too many people to see such a beautiful side of her.

He wanted to take her home, hide her and admire her all by himself

Hugh suppressed the itch in his heart. He thought of contacting her after the freshman welcome party had ended Jane was the representative of the University of Oricle freshman welcome party. She might have to work late. Unexpectedly...

She suddenly contacted Hugh and said that she wanted to ***his second uncle's family

How dare they offend Jane?

There was no value in keeping them alive!

Jane replied. [It's fine as long as you agree. Leave it to me. That's my prey, Hugh, you don't have to do too much, I believe in your judgment.]

Jane would only feel satisfied if she could torture these ***to death with her own hands.

However, she still wanted to hear Hugh's opinion.

After all, Raymond was Hugh's uncle.

Just now, when Layne was pestering Jane and accusing Lila, she wanted to punch a ****through Layne's stomach Hugh replied, [Okay]

No matter what Jane said to him.

Hugh would agree to it.

If Jane wanted to settle it personally, all he had to do was listen to her.

All that mattered was that she was happy.

Jane posted the incident of Luna kneeling and barking like a dog in the amusement park on the internet.

The video was approved through hacking and could not be deleted.

She didn't care anymore.

Lila saw that Jane seemed to be busy so she stood quietly and ****at the side without disturbing her. She waited for Jane to put away her phone before asking, "Janie, what are you doing?"

“Lila, just wait for it. Something interesting is going to happen. Get ready to be entertained.”

“I posted the video of Luna on the internet. Just wait for Layne’s family to be in trouble.”

“What?! Janie, you really did that? That’s awesome!”

Lila’s eyes widened

Read Novel No Way Back Chapter 165

No Way Back Chapter 165-Lila was there when Jane abused Luna mercilessly

Seeing Jane make Luna kneel down and bark like a dog, Lila felt very satisfied

Since then, Lila had been curious about why Jane hadn’t posted the video.

However, she did not ask further

However, things were different today

Finally, Jane released it!

“Previously, in order to scare Luna to death and show some respect for the Croft family, only the Croft family’s second branch offended me. I’m quite familiar with some people of the Croft family”

“Now, this Layne looks like he’s crazy. He just won’t stop pestering me. He even dares to humiliate you. I’m really annoyed this time!”

Since that was the case, Jane didn’t have to worry about anything anymore.

No matter what Jane did, Hugh was 100% on Jane’s side.

Hugh’s unconditional “indulgence” was enough for her!

“Haha, Janie, you should have done this long ago!”

“This time, Mr. Narcissist is going to have a taste of his own medicine... ****, Janie, I suddenly thought of something” “That guy approached you in every way possible to please you and even ignored Madelyn. Could it be because of this -video? That’s so ****!” she added.

Lila slapped her head.

She wondered why she didn’t think of this.

It didn't occur to her that a top family in Stormton City had brought out such a shameless person.

Layne's shamelessness came as a huge shock to Lila.

In order to damage the video, she could even say that she liked Jane!

Lila gritted her teeth in hatred. "I should have slapped that ****hard a few times just now! Don't let me see him next time, or I'll definitely beat him to death!"

"It's okay, Lila. This time, I'll ****everyone in their family."

Killing intent surfaced in Jane's cold eyes.

However, he chose to provoke Anna when she was in a bad mood.

"Layne, oh Layne, You'll pay the price for what you did!" she thought.

Layne, who was still at University of Oricle, had no idea about any of this....

Her arrogance had in fact caused a disaster for her family.

It was now at the Fowlers' villa.

Jack and the others had already learned of the news of the freshman welcome party.

They waited eagerly at the door of his house for his son.

After knowing that Aaron and Quinton had returned, even Dwayne, who had been living in seclusion recently, ran out.

He even shaved his sloppy beard and got himself a ***cut

He instantly felt refreshed and much more handsome.

Finally, a Rolls-Royce ****in steadily.

After the car stabilized, Aaron and the others got off the car.

"Dad, ***, Henry, Dwayne."

Aaron greeted his family warmly and took the initiative to hug them one by one.

Even Quinton, who had always been indifferent, had a rare gentle look in his eyes.

The motto of the Fowler family was that family came before anything else.

They valued the bond between them more than anyone else! He would not allow his family to suffer the slightest harm!

If anyone was to challenge them, they'd never take it lightly.

"You're already back. Why didn't you tell us? Peter, look Only our entire family is kept in the dark. Are you happy now? Although Jack's words were filled with criticism, his voice was filled with joy

This was the happiest thing that had happened to Jack recently

"Dad, don't blame Peter. It was me and Quinton who asked Peter to do this. We wanted to give everyone a surprise"

"You're clearly the gentlest child in the family, but you're just full of these ideas. This is too much of a surprise. It's going to be a shock to us all."

"Your father and I were so surprised to hear that you and Quinton were coming home."

Anna pursed her lips and smiled.

"Alright, what are we doing still talking outside? Let's go in and sit. By the way, Aaron, Quinton, are you hungry? I'll ask the chef to make you some supper."

"No, Dad, we're not hungry."

The family walked into the villa happily.

Aaron and Quinton chatted about their experiences overseas in the past few months.

After saying that, Aaron stood up first.

"Dad, ***, Henry... These are the gifts I carefully chose for you overseas."

Quinton added, "There's also my share."

He instructed the servants outside to bring in the carefully prepared gifts.

The gift was wrapped in bright wrapping paper and tied with a red bow.

It looked extremely formal.

These gifts were carefully prepared by Aaron and Quinton when they were working overseas.

To the Fowler family, diamonds, jewelry, and gold were nothing to them.

It was better to choose some gifts that were meaningful. It was rare to see such stunning gifts, so it was more pleasing to the eye.

“Let me make it clear first. Quinton and I prepared it separately. We don’t know what gifts we’re going to give everyone.”

“If we got the same, that would be a coincidence.”

It was rare for Aaron to make a small joke.

It made everyone laugh happily.

“As long as it’s from you, it’s fine. This is a token of my sincerity. After all, what matters more is your regard for family as opposed to the gifts per se.”

your

“You guys are working hard overseas. One of you is running a world piano concert tour, and the other is in charge of producing popular songs and promoting the music arts in Crucsia.”

“You’re still thinking about us even though you’re busy. You have even prepared gifts for us. We’re already very happy.” As the head of the family, Jack’s words were effusive with emotions.

How could Jack not be proud to have such a sensible and capable son?

Unfortunately, his daughter seemed to be out of place with the family...

“By the way, when is Jane coming home?”

“Quinton and I have also prepared a gift for her.”

“Quinton and I were at the freshman welcome party just now. When we saw how well Jane performed, we were really proud of her!”

As soon as Aaron said this, the entire scene instantly fell into a strange atmosphere.

Everyone looked at each other.

Regarding the word “Jane”, it had become a taboo for the Fowler family

Once someone spoke, it would only destroy the happy atmosphere.

Quinton sensed that something was wrong and said, “Dad, did something happen?”

“Well...

At the mention of this matter, Jack’s heart was a mess.

His happy expression became complicated.

Anna sat beside Jack. She didn’t look very good either.

Quinton and Aaron looked at each other.

Something was wrong!

“Could it be that this sister who had been missing for 19 years had returned to the Fowler family and something had happened?” they thought.

“I’m sorry, Aaron, Quinton. It’s all my fault... If it weren’t for me... Janie, she... she...”

Madelyn suddenly covered her face and cried bitterly.

As he spoke, he could not continue.

She ran straight upstairs.

Madelyn had learned his lesson this time.

The family was tired of listening to the same story.

She just started off and ran away, putting on an aggrieved expression.

That was just what Madelyn wanted.

Read Novel No Way Back Chapter 166

No Way Back Chapter 166-They saw Madelyn just run away like that.

Aaron and Quinton were even more confused to see this.

“I’ll go check on ****.”

Anna was worried about Madelyn so she quickly chased after her.

Dwayne pursed her lips and finally stood up. She took the gift and walked upstairs without a trace.

Seeing this, Aaron hurriedly shouted at him, “Dwayne, what is wrong with you? You weren’t like this in the past...”

I'm sorry, Aaron. I'm in a bad mood and want to rest."

"Thank you for your gift. I guess I'll give you an apology tomorrow."

Then Dwayne left without even looking back.

Quinton was also anxious. "Dad, Henry, Peter, what exactly has happened? Tell me, why did everyone become so strange at the mention of Jane?"

"Well... it's complicated."

Jack let out a heavy sigh.

He told Aaron and Quinton everything that had happened recently.

"What did you say? Is... is this true? Dad, such a big thing happened at home and you didn't choose to tell us?" "Does Sam know about this?"

"He doesn't know about this yet... You all have your own things to do in another country. It's not some good news. How can I tell you and distract your mind?"

Jack finished speaking and felt even worse.

It was all Jane's fault.

He believed it was Jane who ruined everything on this happy occasion.

However, because he had found his daughter who had been missing for many years, her good mood was completely ruined.

Aaron and Quinton did not know what to say at this moment.

Jane cut ties with the Fowler family, went to court with Jack, and joined forces with outsiders to deal with Fowler Corporation.

She even humiliated Peter, Dwayne, Madelyn....

All these incidents had shown that Jane was a downright bad woman.

However, Aaron and Quinton felt that Jane was not such a person like they said.

Even if the two of them had only seen photos of Jane, they were not familiar with Jane.

It was a gut feeling.

It came from blood relations and trust in his sister's intuition.

He believed that the girl who was so dazzling on stage that even Aaron and Quinton were amazed was not as unbearable as Jack said.

The atmosphere was so tense.

Jack did not stay any longer.

Aaron and Quinton, who had been preparing for the entire day, went to take a shower and rest.

Then she went upstairs.

Aaron and Quinton looked at each other.

For a moment, she did not know what to do.

At this moment, Henry spoke first.

“Aaron, Quinton, if you’re not tired, let’s go out for a chat and talk about Jane.”

Peter echoed, “Henry, I’ll go too.”

“Okay.”

From the gazes of Henry and Peter, Aaron and Quinton could feel that there was indeed something else going on.

He agreed without hesitation

It was now at Nightshade Bar.

Henry and Peter recounted their evil deeds toward Jane.

After saying that, they gulped down a glass of iced whisky

Aaron and Quinton fell silent.

It didn’t occur to them that the Fowler family had actually done so many terrible things to Jane!

How could they not force Jane to leave and even go against the Fowler family?

Her love and hope for her family were replaced by ***and despair.

That was their younger sister who had been missing for nineteen years!

“Henry, Peter, why did you do this in the first place... I know you stopped Jane from returning to the Fowler family. You’re quite unsatisfied with this.”

“But I didn’t expect you to do these things to Jane...”

Aaron, who was the gentlest among the seven brothers, could not help but speak

There was even a hint of accusation in his voice.

Let’s not talk about Peter, the youngest brother.

Among the seven brothers, they were all very respectful towards Henry.

Because Henry was the boss and the smartest of the seven brothers.

This was because Henry had the ability to control Fowler Corporation and take over Jack and Anna’s positions. Only then would they have the chance to fulfill their dreams without holding back and without any worries.

It could cause Aaron to have such emotions.

Henry had really gone too far this time.

Quinton remained silent.

But the emotions in his eyes suggested that he was obviously on Aaron’s side.

“What my parents and I have done can’t be undone... It’s only right that Jane ***us.”

“But Aaron, Quinton, I hope you won’t do the wrong thing and hurt Jane like us.”

“At least... Jane won’t think that our family is hopeless. You still have a chance to be Jane’s real brother!” Henry laughed at himself.

Facing Aaron’s accusation, Henry was speechless.

Even Henry ***himself for treating Jane like that back then.

In the end, when the truth was revealed, the person who was hurt the most and wanted to ***the most was Henry himself.

He had lost his most beloved and respected teacher.

At the same time, she had also lost her biological sister.

There was no way to return to the past.

They could only live in the present.

They had to look into the future.

“Please, Aaron, Quinton.”

Peter enunciated each word clearly.

He was extremely determined.

His eyes were filled with pleading.

Aaron and Quinton saw this.

They nodded silently

“Don’t worry. We won’t hurt Jane. No matter what... she’s still our sister.”

“If possible, we will persuade Jane to return to the Fowler family and give everyone another chance!”

Aaron could tell that Henry and Peter were sincerely repenting

They wanted to treat Jane well.

However, Jane was hurt too deeply.

She would not give them this chance anymore.

They gradually quieted their nerves.

Since Henry and Peter had already repented, they should be given a chance.

Then, it was time for Aaron and Quinton to take action.

“Another chance?”

Henry and Peter laughed bitterly at the same time.

“Is there such a chance?”

***with Jane’s cold and heartless attitude, they were already defeated completely.

She didn’t give them the slightest bit of hope.

A little more hope meant a little more suffering, disappointment, and pain.

If there was really such a chance, even if Henry and Peter had to kneel in front of Jane and beg for her forgiveness, they would choose to do so.

The next day, Jane woke up early.

He watched as the video he posted on the internet began to gain attention.

His lips curled into a cold smile.

He believed that this “fire” would soon reach the second branch.

Jane specially sent another message to Hugh.

Jane sent, [Hugh, this won't cause trouble for D.Y. Group and you, right?]

Hugh replied. [Just do what you want. Leave the rest to me.] And he added a smiling emoji.

After sending this message, soon, Hugh sent another message.

Hugh texted, [Janie, I'm really glad that you're willing to consider my position and feelings.]

Jane replied, [Ahem, after all, we go way back. Your unwavering support for me is the best help you can give me.]

Even if the entire world stood against Jane, he would stand by her side and fight against the entire world. That was the help he could give to her.

He was the source of Jane's greatest power against all evil!

[Janie, I promise I will always be on your side. I, Hugh, will never go back on my word once I make my promise.]

[Oh, one more thing... Last night, I watched the broadcast of University of Oricle's freshman welcome party. Your performance was excellent.]

[Now I know why I love a woman like you so much!]

Hugh typed out these words and then deleted them.

He frowned without leaving a trace.

His face had an unworldly beauty yet it was mercilessly cold.

It was rare for him to show a conflicted expression,

He was afraid that such a sentence would go too far.

He didn't want to scare Jane.

Just as Jane was chatting with Hugh, there was a big commotion at the Croft family's second branch.

Layne and Diane were still eating breakfast.

Read Novel No Way Back Chapter 167

No Way Back Chapter 167-Raymond suddenly came downstairs with a gloomy expression.

Seeing that Raymond did not look good, Diane asked carefully. "Jack, what's wrong?"

She also wanted to get a cup of warm milk for Raymond.

Raymond said angrily, "That ***Jane posted the video online!"

"What?"

Diane could not help but cry out.

She lost her grip on the milk in her hand and it fell to the ground. "Thud!"

It shattered all over the ground.

Layne also exclaimed in disbelief, "Dad, is this true?!"

"How can this be fake? It's absolutely true!*

*****it, that useless daughter. I don't know who took her in. I personally brought people to Harbor City to look for her, but I didn't find any traces of her!"

"Now that such a big thing has happened, she escaped and hid. She left us to suffer! We'd rather never give birth to her! We should have strangled her to death back then!"

Raymond thumped his fist hard on the table.

Diane quickly comforted him. "Jack, calm down. It's not worth it for her..."

"It's all your fault! A loving mother always brings out a useless daughter. I said we should send Luna abroad so she could have her life ruined there. That way she wouldn't cause any harm to our family. You just wouldn't listen!"

“Are you happy now that things have gone this far? Now let’s put aside dad’s opinions. How could we let Hugh have so many benefits without doing anything?” he added.

After being yelled at by Raymond, Diane lowered her head in grievance and did not even dare to breathe loudly.

To outsiders, Diane was living the life of a top socialite. Marrying into the Croft family was like a cherry on top for her. She and Raymond appeared a loving couple to the outsiders.

In reality, in front of Raymond, Diane was like a dog.

Raymond greeted her when he was in a good mood and doted on her a little.

When he was in a bad mood, scolding her was a light punishment. He might even hit her.

After their children grew up, Raymond didn’t hit her that often.

It was also because Diane was afraid of being beaten. She was no longer as **** and despotic as when she was young. In front of Raymond, he could only be obedient.

“Dad, don’t blame *** for this. At this point, we should think of a solution.”

“For Luna, just leave her alone. Dad, go and see if there’s any way to make this matter less known. It’s best if you delete all the video resources on the Internet.”

“I have checked. The video was released last night. We have to stop it before it spread too far.”

Speaking of this, Layne had mixed feelings.

“Could it be Jane only posted this video on the internet after being stopped by Layne?” she thought.

If that was the case, Layne was simply shooting himself in the foot.

But she didn’t know why Jane would do that.

“She has kept it and does not post that video, which is to attract Layne’s attention and take the initiative to approach Jane to express her goodwill to Jane,” she thought.

Then, through the engagement between the Fowler family and the Croft family, she would obtain Layne’s favor and marry into the Croft family. Then her life would be completely different.

“I understand.”

Raymond pinched the space between his eyebrows.

His head hurt.

Fortunately, even if Luna was a useless daughter, Raymond had at least given birth to Layne, a son he could count on. Otherwise, Raymond would really be surrounded by enemies from both sides.

Layne didn't even have time to eat breakfast seriously. He hurriedly took his suit jacket and left.

Diane finally made up his mind and came to Raymond's side. “Jack, why don't we think of a way to make Jane completely disappear from this world?”

Diane's eyes flashed with coldness and killing intent.

Raymond was silent for a ***before saying, “I heard that this Jane is quite close to the first-class lawyer Andy and Hugh. Do you know what's going on?”

Raymond knew these two people. Even with the Fowler family's power, it was impossible to befriend them.

Only they could choose their friends. There was no way for others to choose them.

Raymond was not as simple as Jane thought. This daughter of the Fowler family who had been missing for 19 years must have some unspeakable secret!

Otherwise, how could she be related to these two people!

“I don't know... but Jack, so what if that's the case? It's not difficult to make a person disappear completely without a trace.”

“As long as we can seize the opportunity when Jane is alone, even if Hugh and the others suspect us, they won't have any evidence. This way, we won't have to be afraid of Jane attacking us anymore!” she added.

Diane had already made up his mind.

No matter what the price was, she had to make Jane disappear from this world.

“I have to think about this carefully. In short, I have to resolve the current predicament first.”

As the head of the second branch of the Croft family, he was the biological son of Victor Croft, who used to dominate the business world in Stormton City.

Even if Raymond wasn't as capable as Michael or his nephew Hugh, he also had his own strengths to offer.

His sense of danger was extremely sharp.

He could clearly sense that Jane was not someone to be trifled with.

Since they had already provoked her, even if they had to become enemies and he wanted to get rid of this ***and hard rock, he could not be in a hurry.

Of course, Raymond was far from qualified to be compared to some big shots.

This feeling was like a thorn in Raymond's heart.

However, he could not deny it or avoid it.

"Diane, I'm warning you. Luna's matter has caused enough trouble this time. Don't do anything in private to make me clean up your mess!"

"Otherwise, I swear I won't let you off!" he added.

After hearing Raymond's words, Diane could only suppress her thoughts and nod.

The night fell.

Because there were no classes today, Jane had been busy programming the mission given by the Seventh Organization ever since she woke up,

After solving it in one go, she compressed the file and sent it to Clarence.

Jane, "Mr. York, I'm going overseas in a few days to accompany Mr. Lance to participate in International Students

Drawing Competition. I'll accept the mission when I return from winning the championship."

Clarence, "Hahaha, then I wish Queen victory and success, and glory for the country! However, with Queen's strength, it will be easy for her to win the championship! Go and stun this world!"

At first, Clarence did not know why someone of Jane's status would participate in such a competition.

Compared to this title, Jane's identity as Queen of the Darknet was enough to drive every country crazy. They wanted to do everything to take her in and only wanted her to work for them.

Fortunately, Jane was a patriotic person. In addition, in order to find her senior brother, she was able to take the initiative to contact No. 7 Scientific Research Organization so that she could work for the government.

After these few days, Clarence discovered that Jane was overflowing with talent. What she could do was simply unusual. He was shocked.

For example, in a recent mission, more than ten genius scientists had to work together for a few days without eating, drinking, or resting to complete it.

Jane completed it in just a few days on her own.

Every program was flawless. There were no bugs. The information was neat and clear. It was a huge help to Yale!

The research process of the photolithography machine was rapidly progressing with the smooth cooperation of Yale and Jane.

Then, Clarence found out Jane didn't want money or a reputation, but a medal proving that she worked hard for the country and was proud of the country!

This kind of sentiment was nobler than any character!

To have someone like Jane in Cruksia was indeed a miracle for this country!

No Way Back Chapter 168-After chatting with Clarence, the latter sent the information to Yale.

Although Jane really wanted to wait for Yale's praise, there was still time...

She thought, "Yeah, I've been busy all day. Let's go out for a walk."

Lila had gone to participate in the volunteer activities of the welfare institute tonight and had even invited Jane. Jane didn't have time, so she declined. Now that she was free, she didn't know what to do.

Then she decided to go to the bar and have a drink.

It was now at Nightshade Bar

Jane sat in a regular seat on the second floor of the open air, watching the riverside.

The night breeze blew Jane's long hair, and her fair face shone with intoxicating ripples under the flickering lights of the riverbank.

She revealed a ***and comfortable expression like a cat. She leaned back in her chair and narrowed her eyes, holding a glass of ***Mary with ice in her hand.

The blood-red liquid in the wine glass matched Jane's slender fingertips and red lips.

This scene made countless drinking onlookers intoxicated.

Even these rich heirs who had flirted with countless girls did not dare to provoke Jane at this ***.

Jane's deeds had become completely famous in Nightshade Bar.

Everyone secretly called Jane "Queen".

It meant the best.

Whoever provoked Jane would end up in a miserable state.

She was like a noble queen, sacred and inviolable.

If one wanted to provoke Jane, one had to judge his own strength and see if he was enough to defeat Jane.

It was rare for them to bump into Nightshade Bar's "Queen". The men only dared to sneak a peek at Jane's side profile and her smooth long hair while drinking.

She was beautiful!

No words could describe her beauty.

Jane's phone vibrated.

She took out her phone.

It was Yale.

Yale sent, [Jane, I've received the information. It's great.]

Jane replied, [Yale, aren't you going to praise me?] Then she added a cute emoji.

Yale sent, [You are the best, Jane!] He also sent an emoji with a big smile.

Jane replied, [You're also awesome. Looking forward to the day your lithography machine is completed. By then, you can create a chip, break the monopoly, stun the world, and bring glory to our country!]

Yale sent, [This is also thanks to your contribution. Without you, the manufacturing of the lithography machine would not have progressed so quickly.]

Then he added two cute emojis.

The compliment from Yale greatly satisfied Jane's self-esteem.

She lived to get a compliment from Yale... Of course, it was just a joke.

However, the feeling of being acknowledged by Yale was very sweet for Jane.

Her heart felt warm.

At this ***, a figure hurried over.

He fixed his gaze on Jane and rushed in front of her.

"Jane Fowler!"

Layne gritted his teeth as he shouted these two words. And he looked a little tired.

Even his extreme anger could not conceal it.

Layne had searched for Jane for an entire day today.

He searched everywhere Jane could go, including the University of Oricle...

Layne did not have Jane's contact information.

He had also secretly asked Peter.

But Peter also did not know that.

He asked Layne if something had happened.

Layne could not tell Peter about such a humiliating matter. He found an excuse and could only hide it as long as he could.

By all means, he finally found out that Jane was drinking at Nightshade Bar!

At that time, Layne, who was driving, was furious and almost got into a car accident. Then he rushed to Nightshade Bar!

Layne's family was in an uproar because of the video Jane suddenly released.

However, Jane, the ***, still dared to drink leisurely in Nightshade Bar as if nothing had happened.

How could Layne not be furious?

'Look, he's coming!'

The onlookers who had been paying attention to Jane were excited!

It would always cause a stir whenever Jane appeared at Nightshade Bar.

She was like a firefly in the night sky.

She was so dazzling that men always had disputes over her.

To the masses, this was a joy that they could not get tired of. They could watch the show again.

This time, it was still the Croft family's Layne who came to look for Jane.

The crowd shouted inwardly. "Queen Jane, come on! Show us your strength!"

Jane glanced coldly at Layne.

She put down her glass.

She said, "I'm drinking. I'm in a good mood and can let you off.

"If you insist on messing with me, I won't be easy on you. Go back and find your ***."

Jane completed the mission today and received Yale's praise. She was now drinking wine and enjoying the breeze. Her mind was clear and she felt extremely comfortable.

She was not in the mood to get angry and fight Layne.

Layne looked at Jane in disbelief, as if he was staring at a thick-skinned ****woman.

"Let me off? Are you ****kidding me? Is the video about Luna posted on the internet your work?"

After all, it was a very embarrassing thing.

Layne controlled his temper and tone.

He said it very softly.

Jane's eyes were filled with contempt. "Yeah, I did it. So what? Hit me? Bite me? A piece of trash like you isn't qualified."

Jane liked the way others couldn't do anything to her while hating her.

Looking at Layne's ashen face, she felt so good.

Layne did not expect Jane to admit it so openly.

He originally thought that Jane would pretend for a while.

Then Layne would expose Jane.

However, Jane was so direct, leaving no room for Layne to act.

It made Layne not know what to do.

He had prepared a lot of words but did not know how to say them.

"Jane, why? Why did you do that? Didn't you keep that video to get my attention?"

"You've already achieved your goal, but why did you suddenly post the video online last night and embarrass everyone?"

After careful consideration, Layne asked the question that had been troubling him for a long time.

Jane was speechless.

She thought, "What?"

"Is there something wrong with my ears?",

But Layne seemed to be serious and confident.

After confirming that she was not hallucinating, Jane vomited.

"Oh my god, why is there such a useless man in this world? Look at yourself. You're not even as good as my clumsy uncle. Why are you so confident?"

Jane covered her *** and exclaimed.

To a certain extent, Jane really admired Layne.

Layne acted as if he was gold and everyone should love and be around him.

To Layne, those who hated him and distanced themselves from him were all meant to attract his attention.

He never thought that it was purely because they didn't want to bother with him, a crazy narcissistic man.

He was nothing special or outstanding.

But he was so confident.

Jane admired him. She admitted defeat in terms of thick skin!

"What did you say?"

No matter how narcissistic Layne was, he could also hear the mockery in Jane's words.

He now confirmed that things were not as he thought.

Jane kept the video not to attract Layne's attention but for another reason.

"Well, Layne, you're talking about the video on the internet, right? It's on the popularity rankings on the internet now. Everyone can go take a look. There's a surprise!"

Read Novel No Way Back Chapter 169

No Way Back Chapter 169-Jane suddenly said these words loudly.

It attracted the attention of everyone present. Everyone took out their phones curiously and logged in to check the click rankings.

They wanted to know what the video Jane was talking about was.

It was too late for Layne to cover Jane's ***.

Regarding the domestic broadcast of the video of Luna kneeling down and barking like a dog, Raymond used all means to block all spread channels.

However, Raymond couldn't do anything to that on foreign websites.

He could only quickly call the website manager who first posted the video.

He had to remove the video at all costs to prevent its popularity from increasing.

But things were not that simple.

The website manager wanted to remove the video.

But they realized that they could not do it at all.

Not only did this video secretly pass the review, but it was also directly released and locked down.

The website was currently arranging for the programmer to fix the bug.

They did not know when it would be settled.

They could only watch as the popularity of the video continued to increase and even appeared in the click rankings. The comments below the video exceeded 30,000, and the number of viewers exceeded 10 million.

Luna and even the whole Croft family were humiliated overseas.

“Oh my god! I found that video! Isn't this Layne's sister, Luna? I saw her at the banquet!”

“***! She actually knelt down and barked like a dog... Is she that shameless?”

“She is actually that cheap. I didn't expect Luna to be like this.”

“No matter what, she's from the Croft family. No wonder Layne looks so anxious.”

Everyone watched the video and discussed it animatedly. They were all watching the show and mocking the Croft family.

And some even secretly republished this video on their homepage.

Listening to the gossip of the people around him, Layne gritted his teeth and said, “You were the one who posted this video. Is it also you who let the video escape the review and locked the website to prevent it from being cleared?” “You're so smart, but don't randomly say it without evidence. Or I'll sue you for slander. Alright, can you get lost now?” Jane returned to her seat.

She even deliberately took out her phone and searched for the video of Luna kneeling and barking like a dog. She turned on the speakerphone and turned the volume to the maximum.

In an instant, the sound of the video, in which Luna knelt on the ground and cried bitterly, resounded throughout Nightshade Bar

Everyone gasped.

Jane was no wonder “Queen of Nightshade Bar”!

This behavior was too vicious!

She completely disregarded the whole Croft family!

She insulted Layne to the extreme, not caring at all about his feelings.

*Jane, what are you doing?”

Layne never wanted to hear such an embarrassing voice again.

Now, he wanted to strangle Luna to death.

He only wanted to snatch the phone from Jane.

www

Jane said, “Oh, sorry, I accidentally clicked that

“Layne, I’ve seen enough of your embarrassing look. I’m happy now and will give you three seconds. If you don’t get lost and keep bothering me, I won’t be so easy on you.

“One

“Two

Jane! We need to talk!”

Right now, all Layne could think about was comforting Jane.

He knew Jane still had another video.

If it was posted by some means and spread on a video website overseas, it would not be deleted.

At that time, Raymond would not even be able to handle the domestic information media!

Hugh and the others would all come and find trouble with Layne’s family!

“You want me to marry you, right? You want me to acknowledge my engagement with the Fowler family and marry into the Croft family, right? I agree...”

Splash

Jane splashed the glass of ****Mary on Layne's head.

Cold wine flowed down Layne's face.

He felt like he had been struck by lightning.

He was completely petrified and looked at Jane in a daze.

He still didn't know what had just happened.

However, it was not the end.

Jane picked up another glass of wine.

She stood up and poured it over Layne's head.

The wine was very cold.

With the strong night wind by the river, Layne instantly got a cold jolt.

He came back to his senses.

The wine glass in Jane's hand smashed toward Layne's head.

Fortunately, Layne reacted in time and dodged Jane's attack.

"Jane, are you crazy?"

"I told you. I only give you three seconds. If you don't get lost, I'll make you suffer. I'm not your mother. I don't have to be nice to you!"

Jane thought, "Especially when you said something so **."

"What did you mean by I want you to marry me?"

****!

"It was extremely intolerable and nauseating."

It really made Jane angry.

Her good mood just now was gone.

It was not even enough for Layne to pay with his life!

Hence, Jane took out her phone in front of Layne.

She posted another video of Luna kneeling on the ground and licking the other party's shoes like a dog on the website

Overseas

It was done in one go.

By the time Layne reacted and wanted to snatch the phone away, it was already too late.

Layne's eyes widened. "Jane, give me the phone!"

As he spoke, he tried to forcibly snatch the phone from Jane.

Since the video was posted by Jane, as long as he found Jane's account, he could completely delete the video.

But things weren't what he thought they would be.

Bang

Crackle

A hitting sound rang out

Layne's pupils instantly constricted

An unbearable pain flowed through his entire body

Layne covered his crotch and knelt on the ground, crying out in pain

The veins on his forehead bulged, and his face turned red. He could not say a word.

The men present seemed instantly feel pain in their crotch.

They thought "****!"

"The sound of the hitting just now...."

"Did Jane kick the most important part of Layne?"

It was too dark to see when Jane had kicked.

She was so fast in attacking!

And she knew the weakest part of the man.

She was fast, accurate, and ruthless!

She was as expected of the “Queen”. She was so good at dealing with men. With a single kick, she ruined all his combat strength and made him unable to get up again!

That was not enough.

Jane picked up the champagne in the ice bucket.

She shook it hard and aimed it at Layne.

Layne had no strength to dodge because of the pain in his crotch.

Bang!

The cork of the bottle hit Layne in the forehead.

Instantly, there was a huge bump.

Champagne splashed all over Layne’s body.

His clothes, pants, hair... Nothing was missing.

It was all ruined!

When she was done, Jane felt the ***feeling from Layne dissipate a lot.

Everyone began to tacitly distance themselves from Jane and Layne.

They gave Jane plenty of room to act.

They were so engrossed in watching it that they even forgot to take out their phone to record it.

After Jane humiliated Layne like this, what other torture methods were there?

It was too vicious

They felt a little sorry for Layne!

They had seen Jane torment people at Nightshade Bar many times, but Layne was definitely the one who had been tortured the most by Jane!

Jane was about to smash the champagne bottle on Layne’s head.

“Layne!”

A familiar scream sounded.

Jane's lips twitched.

As expected, Madelyn rushed over and squatted beside Layne.

She asked worriedly. "Layne, are you alright? What happened? Janie..."

"Madelyn! Jane

No Way Back Chapter 170-Jane was speechless She thought, What day was it today?

How could there be such a coincidence?

These trash gathering one after the other'

Janse deeply felt that she should have taken astrology seriously when she was studying under the Teacher

That way, she would not be so unlucky every time she went out

She probably would not be able to come to Nightshade Bar again in the future. It was too easy to bump into someone she knew

"Aaron, Quinton, come and help Layne out. Oh my god, his injuries are too serious!"

Madelyn could not support Layne alone

Aaron and Quinton hurriedly came over to help

"Layne, are you okay?"

"I-I am fine....."

With every word he said.

Layne seemed to be using all his strength.

He gasped from time to time.

The veins on his forehead were bulging. They looked as if they were about to explode in the next second

It was extremely terrifying.

However, Layne could not say that he was in a bad state.

Because he had injured his private parts.

It was too embarrassing,

Layne still wanted to save face in front of Madelyn and the others.

He could only find a place to sit down and rest.

“Janie... What exactly happened? Why were you arguing with Layne like this?”

Madelyn looked at Jane tearfully and questioned her in a weak and firm voice.

Aaron and Quinton had been rather relaxed for some time as they had finished their work.

They had also pushed aside the rest of their work. Firstly, they wanted to rest. No matter how much money they earned, it would be meaningless if they were unhappy.

Secondly, they wanted to get along well with their family and complete the tasks Henry and Peter Fowler had entrusted to them.

They were to bring their sister back to the Fowler family so that she could accept the kinship that was hers. Aaron and Quinton could not reach a resolution with Jane even after discussing the matter for a day as the conflict between Jane and the Fowler family was too deep.

They wanted to bring Madelyn to Nightshade Bar to relax.

After all, Madelyn’s performance yesterday had failed, and she was obviously in a bad mood.

They did not expect to see this scene as soon as they reached Nightshade Bar

“Madelyn, if you have time, don’t dwell on your ***performance. Take good care of your man.

“Do you know what he said at the freshman welcome party last night after your performance failed? He said that he was just a childhood sweetheart of yours and had no feelings for you. He also said that he wanted to pursue me

“Tsk, tsks. Madelyn Fowler, you’re so pitiful. You were trampled under my feet when you were in school and you can’t even control a man. What are you living for?”

Jane was furious. She was tired of Madelyn pretending to be pitiful and attacked Madelyn with her most painful

words.

Madelyn's face instantly turned pale.

Thought, "No

Impossible!

"How could Layne do such a thing!"

Layne loved Madelyn He was Madelyn's spare tire, a tool that Madelyn had long ****

However when she thought about how everyone in the Fowler family had changed because of Jane

Madelyn's absolute confidence in her acting skills and charm began to waver

She was afraid that Layne would also abandon her.

"You... Don't talk nonsense. Jane Fowler, I didn't say that..."

Layne was in much pain from his ***being crushed. He explained anxiously

"You never said that? Of course, Madelyn, you can choose to believe it or not. I'm not interested in joking about this kind of thing because it's really ****to be liked by Mr. Narcissist

"However, Mr. Narcissist sure is quite interesting. He loves everyone he comes across. He embarrasses the Croft family!

Jane left after saying that.

She knew that her words must have stabbed Madelyn in the back.

Madelyn would not be able to shake those words off.

The thorn in her heart would pierce an inch deeper every time she saw Layne. It would be so painful that she would suffocate.

Only this way would Madelyn be forced to work with Chester Laton to get rid of Jane

That way, Jane's goal would be sooner achieved.

As expected.

Madelyn looked as if she had eaten ***.

Aaron was about to leave. He pursed his lips and asked Madelyn and Quinton to stay behind to take care of Layne while he chased after Jane.

“Aaron, be careful.”

Quinton, who did not like to talk, grabbed Aaron’s arm and said worriedly.

“Don’t worry. Nothing will happen... No matter what, she’s still our biological sister. I believe in this blood relationship

“I’ll leave little Maddie and Layne to you.”

Aaron gave Quinton a reassuring look.

After Aaron left.

Layne endured the pain and explained to Madelyn, “Little Maddie, don’t believe what Jane said. She’s lying. After so many years of being together, you should understand that I only have you in my heart...”

Madelyn temporarily suppressed the urge to slap Layne and pretended to smile. “Layne, let’s not talk about this first. You look so seriously injured. Let’s send you to the hospital first.”

“Yes, Layne. I’ll send you to the hospital to check on your injuries first before making plans.”

Because she had drunk alcohol.

Jane planned to get a driver to send her back.

She took out her phone and opened the app

“Jane.”

A gentle voice rang out.

Jane’s eyes flickered with a cold light.

She sent the driver her address, then put her hands in her pockets and turned to look at Aaron. This was her “biological brother”.

To be fair, Jane did not ***Aaron and Quinton as much as Henry, Dwayne, and Peter Fowler. However, what they did to Jane was unforgivable.

They would rather believe everything Madelyn said and put Madelyn first.

They would abandon their identity as “biological brothers” and accuse Jane of all sorts of wrongdoings whenever she had any conflicts with Madelyn.

Even in their previous life, Aaron and Quinton had never believed Jane once. They only believed Madelyn.

They watched as Jane was put through trials and tribulations, but never stepped forward a single time.

Jane did not need such a brother. She ***him to the core.

“Don’t call me that. I can’t bear the title. I’ve already cut ties with the Fowler family. Don’t tell me that you still don’t know that.”

Aaron sighed in his heart when he ****Jane’s coldness.

It seemed that Aaron still had a long way to go before he could get rid of the grievances and hatred in Jane’s heart.

“I know... I also heard from Henry and Peter about what they did. They regret it and want your forgiveness. “They did many things wrong. Even as family, I can’t deny that I’ve scolded them fiercely for that.

“As the saying goes, true repentance is worth more than gold. I would have no right to ask for your forgiveness if it had been anyone else.

“But they’re your biological brothers. We share the same blood. That’s something you can’t deny. That’s something you can’t get rid of. Jane, you should know that.

“Please! Give them another chance! This is my plea to you as your brother! Please!”
