

Noble Wife 461

Chapter 461 Damaged, Heartbroken

The bookstore was quiet, as it had been at first sight.

When the shopkeeper saw Qu Mo Ying come over, he actually wasn't surprised and guided her into the elegant room upstairs.

The elegant room was on the innermost part of the second floor, a wide room, bigger than the VIP rooms of those restaurants, and the whole room looked heavy and cold.

The only thing that shone through was the sliver of sunlight in front of the bookcase in the window.

The big chair of heather behind the bookcase is the only chair in the house, just one, and no more, and it also makes people see this big chair of heather as soon as they enter the door.

A screen divided the entire elegant room into two halves, through the jade-colored screen vaguely see inside there is a couch, look like a place where people can rest.

"What books does Fourth Miss Qu need, I will go get them for you now." The shopkeeper looked at Qu Mo Ying with a smile and asked.

Qu Mo Ying sat down on the large, wide, nanmu chair, so wide that she, sitting on it, was as thin as a small child.

"Just look for a few zither scores!" Qu Mo Ying casually said, her hand propped on top of the chair rail, her long eyelashes fluttered twice, her eyes closed up, the sunlight sprinkled on her body, making her icy cold body, slightly warmer.

Yu Dong took the same cushion from the couch behind the jade screen and placed it right next to Qu Mo Ying's chair rail.

The chair was big enough for her to recline almost inseparably, or she could recline with her back against the edge of the chair rail.

Yu Chun took the tea and zither sheet from the shopkeeper's hands and carefully laid it in front of him for Qu Mo Ying.

Both of them moved gently, gently letting Qu Mo Ying recline in the chair, the thick cushion padding behind her.

Qu Mo Ying took a sip of tea, the warmth carried the tea's fragrance from his mouth to his body, putting down the tea cup, his eyes slowly closed, with a kind of powerlessness after exhaustion.

Yu Dong gave a wink to Yu Chun, and the two retreated to the door together, leaving the peace and quiet to Qu Mo Ying.

Sensing that there wasn't a single person in the house, Qu Mo Ying's tightly clenched fists only slowly let go, and under her long eyelashes, there were tears slowly sliding down, and a few of her long eyelashes were slightly wet against her eyes.

Everything that had been asked just now, sentence by sentence slowly passed in her mind, and that feeling as if she had been cut by torture came up again, turning up huge waves that exceeded even the reaction she had had when she had heard it before.

It hurt, it hurt so much that she bounded up slightly

When Pei Yuanjun came in, he saw such a scene.

Wide nanmu big chair, is he used in the past days, before also do not think that this chair is too wide, now see lying on the top of the petite Qu Mo Ying, only to realize that this chair is actually not than the general couch how much smaller it!

The young girl lay slim, her whole body slightly bound, looking both weak and pitiful, which was the most guarded way to defend herself, folding her hands on her arms.

That pair of eyes like stars, tightly closed, both can not see her eyes, but also can see her pale young lady, the absolute beauty of the face in this moment has become also so pale, face as if clear general, the sunlight has half fell on her face, reflecting her face more and more skin like jade, lips color is rich.

However, this face is also a little too pale, and this lip color is also a little too colorful, looking at people's heartache.

Pei Yuanjun took two steps forward, walked to the chair, lowered his head, and looked at the young girl in the chair who seemed to have slept through the night, the stunning young girl just lying there quietly, a person encircling herself, and above the long eyelashes, there were still two drops of tears hanging, crystalline as the morning dew between the flowers.

The petal-like cherry lips were pursed tightly, with some stubbornness that she herself could not sense, and the high walls that this stubbornness had consolidated.

Obviously vulnerable, but shutting people out, making it impossible to reach her heart, making people think that she is strong and can resist everything, can face all the hurt!

The hand reached over to gently touch on Qu Mo Ying's forehead, and sure enough, it was a hot piece.

Sighing softly, he unwrapped the metaphysical cloak from his body and wrapped it around the young girl's slender body, then slowly picked it up and turned to walk inside.

"Go get the eunuch!"

"Yes!" Ji Hai, who was outside the door, immediately answered and turned around to send someone to ask the Imperial Doctor.

Yu Chun looked at the house with a terrified face, reached out and subconsciously pulled Yu Dong's hand, and whispered, "Who is sick?"

"It should be that miss is sick, right?" Yu Dong is not too sure, just now in the out of the door, Miss is obviously good, how only a moment of time, the master went in, you have to declare the Imperial Doctor.

The sudden appearance of the Utopia County King, this both of their maids were surprised, and the moment they saw the Utopia County King, they almost thought that they were looking at the wrong person.

It was only after that, when they saw the smiling Ji Hai who was following King Utopia, that the two snapped out of it and greeted each other!

When did King Utopia return to the capital? Why haven't I heard about it?

But the king came, Yu Dong also breathed a sigh of relief, just now he looked at his own young lady's situation is not very good, but the young lady does not speak, he did not dare to go up to visit.

Taking Yu Chun's hand, he reached in and gestured, signaling her to listen for movement inside.

Compared to Yu Chun, Yu Dong was self-conscious enough to know that there were times when it wasn't really convenient for him to get too close.

Even if he was a chamberlain, he had to be avoided sometimes!

The Imperial Doctor came very quickly, carrying the medicine box into the elegant room, Yu Chun also followed along.

Turning through the screen to see Qu Mo Ying lying on the couch, the gauze curtain falling down, only one hand exposed outside for the eunuch to check his pulse, and the one who did all this was actually this Utopia County King?

Yu Chun didn't dare to lean too close to the front and stood still by the screen, waiting for the summons.

After the Imperial Doctor came forward and carefully checked the pulse, he lowered Qu Mo Ying's hand.

"Well?" Pei Yuanjun asked.

"This young lady is too agitated and overly sad for a time, she needs to be well nourished for a period of time, it is not advisable to have any more major mood swings." The eunuch looked to Pei Yuanjun and respectfully said.

Although he didn't know who was on the bed, but seeing that this Utopia County King cared so much, he knew that the one on the bed should be the person on the tip of the Utopia County King's heart.

The eunuchs in the palace naturally know that the prince is what nature, small time on the disturbances of the empress dowager anger, but in the end the empress dowager did not take him how to do, but in turn upset the emperor, then this master in the palace is a little bully, even the empress dowager can not be helped, the other ladies of the various palaces where they dare to do anything.

As for now, this master is in power.

Only see the emperor worried about his share, have not seen him worried about who, let alone a woman, the eunuch felt that he knew an unimaginable secret, of course, this secret must not be said, or not to mention him, even if his family will have to be something.

Who dares to rumor about this master until he says so.

"Go prescribe medicine!" Pei Yuanjun said indifferently and coldly.

"Yes!" The eunuch carefully retreated, Yu Chun looked at the young lady on the bed, and then looked at the gentle-faced Utopia County King, and decisively followed the eunuch away, accompanying the eunuch to the side to prescribe medicine.

The room was quiet again, Pei Yuanjun hung up the gauze net for Qu Mo Ying, and lowered his head to touch her forehead, his face cold, he was not in the capital during this period of time, but it did not mean that he knew nothing about what was going on in the capital.

This has been a real hoot lately, and he wouldn't mind getting in on the action for a while

Qu Mo Ying's head hurts, in fact, not just the head, the whole person is uncomfortable, through a difficult, heavy eyelids, heavy to lift up.

Over and over in his mind, he recalled what he had just said to the pastry shopkeeper, one sentence seemed to be pressed right to the bottom of his heart, yet it circled back again and again.

It was cold, it was hard, there was a feeling of bondage, she struggled up hard just to get out of it, why was someone holding her arms and legs down, why did they keep her from moving.

What is this feeling? Was it being pushed down from the Lin Yuan Pavilion by guards who broke his arms and legs?

It seemed to see Ji You Ran's vicious and hideous face, and the crazy shrill laughter was heard at what time? Lord Lin Yuan? The lake water is so cold, cold into the heart Fei, is this the last thought of her last life?

The fire blazed up, a reddish color, and there were burning pillars that fell down and almost crushed her? She was on the ground, a sea of fire.

It was hot, she was hot now, so hot that it was hard for her to even breathe.

Is it water or fire? A moment cold, a moment hot, between ice and fire, is it Ji Hanyue or Qu Mo Ying? Or are they both suffering at the same time?

In this moment, she didn't know who she was.

All the memories almost all flooded in, Ji Hanyue's little by little, Qu Mo Ying's little by little, all the memories flooded in in an even more raging way than before, and the memories that used to be blurred, all of a sudden became clear, as if this moment was the real reunion of the two people.

Ji Hanyue is Qu Mo Ying, and Qu Mo Ying is Ji Hanyue.

Feeling the same way made her lose herself in the intertwined pasts of the two.

Someone seemed to be talking, but I couldn't hear them clearly. It seemed to be calling her by her first name, "Qu Mo Ying." "Qu Mo Ying"? So she's Qu Mo Ying?

Is someone holding her, or restraining her?

She was having a hard time trying to struggle and break free of the bindings she was in, but it seemed the man was a little too strong and she still couldn't move.

Something bitter was put to her lips and she turned her head away hard, rejecting it.

But the next moment the taste reached her lips again, and she strained her head again, and this time hit something else, and then there was the sound of something breaking, and the next moment it was much quieter.

She finally felt at peace, alternating and disoriented between ice and fire again.

At some point, something pressed against her face and she couldn't move, and then there was a softness at her cherry lips, a soft strength pried them open, and the bitter taste came in hard, but she had to swallow it.

And then the soft intensity at the corners of her lips relaxed, but then immediately pressed down, and the bitter taste once again filled her senses, and it was hard for her to struggle, but in the end it was always a mouthful that she swallowed, and then her consciousness slowly blurred

"Take the bowl down." Pei Yuanjun's voice still carried a bit of reserve, and the bowl in his hand was handed over.

Yu Chun hastily took it, collected the shock in his eyes and carefully retreated, out of the corner of his eye, he swept over the brocade robe of this Utopia County King, there was a stain on the robe, it was the trace left by the bowl of medicine that was spilled.

She had never thought that this Utopia County King would be so gentle in feeding medicine to the young lady, and in that manner as well, was it really the Utopia County King who treated the young lady so gently?

Rainy Spring feels like she's walking out of here with her hair on fire

Chapter 462 Delight, the Future Crown Princess

When Qu Mo Ying woke up again, it was already late afternoon, opening his eyes, his eyes were still a little shaky, and he heard Yu Chun's surprised voice coming from his ears.

"Miss is awake, Miss is awake!"

There were footsteps at his side.

Opening her eyes once more, she saw the concerned eyes of the dowager lady.

"Grandmother, what's wrong with me?" Qu Mo Ying touched her head, slightly hot, looked at her surroundings, this was clearly her own house.

Mrs. Tai sat down on the edge of the bed, reached out and touched her forehead, finally put down her heart, the doctor said that woke up a good period of time, should not have a big emotional fluctuations on the line.

Utopia King sent people over, the dowager lady scared almost fainted, well out of the door, went out with a smile, but came back lying back.

And it's still this Utopia King who is said to have just arrived in the capital who carried it back.

The dowager lady and Qu Zhi Zhen both suffered a great shock, and it was only after this Utopia County King left that the dowager lady asked Yu Dong and Yu Chun and learned that Qu Mo Ying met the Utopia County King when she fainted in a bookstore.

“Shadow girl, how are you doing?” The dowager lady put down her hand and asked with concern.

“Grandmother, I have nothing to do, I how did I come back here?” Qu Mo Ying also recalled at this time that he had gone out, how could he be in the mansion now?

“It was King Utopia who sent you back.” Mrs. Tai said.

“King Utopia? Isn’t he not in the capital?” Qu Mo Ying raised her almond eyes in surprise, her thick eyelashes fluttered twice, this was something she hadn’t really thought of.

When she saw that bookstore at the time, she just wanted to go in and sit and rest for a while, and the feeling was so strong, so strong that she couldn’t control it for a while, as if it could really put her mind at ease there.

But Pei Yuanjun’s appearance was something she really didn’t expect.

There is no word in the capital that this Utopia King has returned!

“Utopia County King just returned to the capital, said it was just passing by to see you out of things, it gave you to ask the doctor to prescribe the medicine after, even the eunuch and you together over.” The dowager lady now think of still fearful, reach out and pull Qu Mo Ying’s hand, “Shadow girl, your body is not good, don’t run outside again, Yue Jin Pavilion things have been dealt with pretty much, there are still dealing with not good, let your father go to do is.”

Fortunately, this is to meet the utopian county king, between the two people is also counted as already have a name, this if you meet other men, holding Qu Mo Ying back, this name will be ruined.

“Grandmother, I’m fine, I just heard some things, it was hard to faint all of a sudden, I won’t in the future.” Qu Mo Ying pacified Mrs. Tai Dao.

“What is it? How can it suddenly be difficult to become this way?” The dowager lady is still not assured, before asking the two maids, also said not clear, only said she fainted all of a sudden over

“Grandmother, it’s really okay, those news are not necessarily true” Qu Mo Ying gently pursed her lips, then looked at the dowager lady, “Grandmother, I’ve heard people say that my mother’s difficult labor was a shock, and that she was purposely rushed by people .”

“Who rushed your mother?” The dowager lady really didn’t know about this and froze for a moment and asked.

“Grandmother, that’s what I heard people say, I don’t know if it’s true or not, if it’s true that someone purposely rushed Niang, what can they gain? Why would you harm Mother so much, is Mother in anyone’s way?” Qu Mo Ying’s face sank in pain, looking to Yu Dong on the side.

It just so happened that Mrs. Tai was there, and it also exempted her from having to ask Mrs. Tai again.

“Let Sister Chou in.”

Yu Dong nodded his head and retreated out, the face of the Dowager Lady did not look too good, if the Yue’s accident, the most favorable is Yu’s, if the Yue’s in the way of anyone, it can only be Yu’s.

Yue’s death, Yu’s to help the right, otherwise this time Qu Mingcheng and Qu Qiuyan, are just a concubine son concubine daughter.

Sister Zhou was standing guard right outside the door, and when she heard that Miss had summoned her, she immediately walked in and stood to the side after bowing to the Dowager Lady and Qu Mo Ying.

She still doesn’t know what happened even now.

“Sister Zhou, when my mother was in difficult labor, was she rushed by someone?” Qu Mo Ying looked at Sister Zhou with a small white face and asked.

After Sister Zhou froze for a moment, she thought about it and nodded hesitantly, “What happened that day, the slave girl does remember, in the morning, there were a few scoundrels who did almost bump into madam, madam also had a stomachache for a while at that time, but she was fine after a while, and by the time you were in your time, madam had a stomachache, and was about to give birth.”

“Hasn’t it ever occurred to Sister that those people deliberately rushed Mother?” Qu Mo Ying asked.

“This shouldn’t be right, these few scoundrels live near the nunnery, from time to time will come to the nunnery, before also several times almost rushed to the madam “Sister Zhou’s words to say to Here to say can not go on, face changed greatly, hand slightly trembling, “Miss means those people, has always wanted to rush to the lady?”

If those people had been trying to ram Viet all along, crashing down at the earliest possible moment would have resulted in more than just a difficult labor, and should have probably killed two people!

Quemoy Ying was even smaller at that time and could not have been born alive.

“On the day of labor someone kept rushing Yue, how come I haven’t heard you talk about it?” The dowager lady also heard it at this time and asked sternly.

“Nurse servant that day was too chaotic, one accident after another, and because of the interval, the slave servant didn’t think of it.” Sister Zhou panicked, her eyes reddened, “It’s the slave servant who was negligent, but please ask the dowager madam and young lady to chastise the slave servant slave servant sorry madam.”

How chaotic things were at that time, the dowager lady knew something, first Yue had a difficult labor, but she got the news late, when she rushed over it was already early in the morning, Yue had also given birth to the child, and had already reached the end of her life, and when she saw that she only had time to beg for a good care of the child, she closed her eyes.

And then the son was so furious that he wanted to beat to death Sister Zhou, who was looking after Yue.

The Great Yue also came, and in anger took away Sister Zhou, after which his son sold all the maids and maids-in-law who followed the Yue at that time.

At that time, even if Sister Zhou wanted to say something, she was subdued by her son's fire.

"Shadow girl, did you get any evidence? Don't worry, as long as you get the evidence, grandmother will be on your side, no matter how much your father protects Yu this time, she will definitely make her pay back." The dowager lady reached out to hold Qu Mo Ying's hand and pacified her first, fearing that she would faint from sadness again.

Originally, Mrs. Tai was still puzzled, although Qu Mo Ying's body is not very good, but recently has been well nourished, and I have not heard that she will suddenly pass out, but I did not expect it to be because of the matter of the birth mother!

"Grandmother, I will find out." Qu Mo Ying bit her lip and said in a hateful voice.

She would definitely not let Yu go, Yu had stepped on her mother's ruler bone with all her heart and soul and stepped into the position of the second lady of the Qu Mansion, and she would definitely make her pay for it.

The dowager lady nodded, her eyes also reddened, and she turned her body sideways to gently wipe away the tear stains at the corner of her eyes, then smiled forcefully and pacified Qu Mo Ying for a few moments before she left.

Watching the dowager lady leave, Qu Mo Ying leaned back and sat down, Yu Dong cushioned her behind her, then stood by the bedside to wait.

"Sister Zhou, tell us what happened at the time of the charge, and which people." Qu Mo Ying had already calmed down, just now she purposely said it in front of the dowager lady, just to give the dowager lady a preparation.

This matter, of course, she will investigate to the end, and let Yu's defense can not be defended

Liu Jingyu just from the Empress Dowager's palace out, a smile hanging on her face, set off her appearance more and more delicate up, all the way through the palace maids, chamberlains are all respectful salute, who all know that this will soon be married into the Prince's House, it is said that the Emperor's side in the next few days to send a decree to go down.

First is the prince consort, and then is a country after, this later in the palace, is the master of the harem, mother of the world, while she is not completely hairy, have to hurry to tie up, but also lest his days are not good.

Many people thought so, and saw Liu Jingyu with more and more respect.

These moves make Liu Jingyu very satisfied , this is in the past she went to the palace did not enjoy , once she only saw Ji Hanyue had such a blessing , but unfortunately this one is a short-lived , still have to put everything into their own hands , mother is right , they are the one that ultimately win .

A momentary victory counts for nothing; the one who laughs last is the one who reaches out and picks the fruits of victory.

Ji Hanyue at that time was ridiculous!

The heart thinks so, the smile on the face more and more can't be hidden, this time there is no outsider in, Liu Jingyu can't help but laugh out loud, her feet can't help but speed up her steps, His Royal Highness the Crown Prince is also in the palace, just now the Empress Queen sent her to send some fruits to the Crown Prince, it's right behind her in the palace maid's pallet.

This was a good opportunity for her to be alone with the Crown Prince, where Liu Jingyu did not understand the Empress Dowager's meaning and also expressed her gratitude to the Empress Dowager.

Compared to Ji Hanyue, Empress Dowager really did favor herself more!

In front of them was a rockery, at the rockery suddenly rushed out two guards, their chilly eyes swept over, seeing Liu Jingyu and his party, they even directly drew their swords, and sternly shouted, "Bold, actually rushing the Utilitarian County King."

The leading two palace men were so scared that they took two steps backward and bumped into the body of Liu Jingyu who was walking lightly behind them, Liu Jingyu was stepped on painfully and couldn't help but exhale, her feet staggered and fell backward, and the several maids and palace maids behind them all crashed into a pile, and the fruits in the trays rolled down, and there were a few more cries of alarm.

And to the cold light flashing, sharp sword tip, this group of people were scared, only knew to retreat backward again and again, even the Liu Jingyu who fell to the ground was stepped on several feet, the pain she also lost her voice and screamed a few times.

Behind the wigwam, out of the noble Pei Yuanjun, a purple king's robe, waist tied with a jade belt, handsome features in the sunlight honored unusually, with a few points of indifference glanced askance at a few people rolled into a ball: "According to the past practice, these do not know the rules of the palace, sent to the caning!"

After saying that, he turned around and walked away

Chapter 463 Bumping Into, Taking Out the Heat

"Daring, this is Prefect Jingyu!" Seeing a guard coming over to pull Liu Jingyu, the maid who was following her side became anxious and rebuked loudly.

Just before the words were finished, his face was slapped by one of the guards, and he rolled out, immediately his white face swelled up, and blood flowed from the corner of his mouth.

Pei Yuanjun stopped his steps and turned his body in a gentle manner, lazily looking at Liu Jingyu, who was shocked and unable to say a word, his eyes slightly raised, "Prefect Jingyu?"

"Yes I I have met His Royal Highness the Utopia County King."

Liu Jingyu stood up holding the other maid's hand, gritting her teeth with a few tremors and forcing herself to calm down to bow to Pei Yuanjun.

“Why is Prefect Jingyu hiding behind the wigwam, spying on this king?” Pei Yuanjun’s voice was not too high and not too low, permeated with an elegance that emanated from his bones, and there was not a trace of fire between his demeanor, but there was a light coldness that rejected others.

“Your Highness, I I didn’t I only just walked here, I just accidentally met Your Highness.” Liu Jingyu took a deep breath and tried to smooth out her breath as she explained.

“It really wasn’t on purpose to hide here?” Pei Yuanjun raised an eyebrow.

“Every one of those young ladies and courtesans who bumped into each other in the past said the same thing, and Prefect Jingyu’s reasoning turned out to be the same as theirs!”

Ji Hai gave a strange laugh behind Pei Yuanjun and said.

Liu Jingyu’s face flushed violently, “Your Highness, I really didn’t!”

She, a titular future Crown Princess, hiding behind the wigwam to spy on the Utmost County King, this would be a good thing to say if it got out, and it would also lead to even greater consequences.

Thinking about those consequences, Liu Jingyu’s face went a few shades of white again.

Pei Yuanjun didn’t have the words to speak, and after only looking her up and down twice, he said indifferently and coldly, “Since it’s not, then let’s go!”

Liu Jingyu didn’t expect Pei Yuanjun to be so kind, so she let out a sigh of relief and sidled up to Pei Yuanjun and bowed, “Many thanks to King Utopia!”

Pei Yuanjun nodded and turned to leave.

“Send all the others over and cane them according to the old rules!” Ji Hai made good and waved his hand.

A few guards went over to the rest of the people in addition to Liu Jingyu all surrounded up, see this situation Liu Jingyu panicked, anxious loudly called up: "County King His Highness"

"What does Prefect Jingyu want to do again? This king has business to attend to with the emperor, he doesn't have time to accompany county gentleman here to talk." Pei Junyu didn't even raise his head this time and walked away after leaving such a sentence.

A few guards with one hand pulled over all the few people left behind, which also included Liu Jingyu's two personal maids, Haitang and Du Cuckoo.

When the guards brought people, they did not even look at the angry Liu Jingyu who was shivering all over there

"What? Liu Jingyu rushed Uncle Wang and was taken by Uncle Wang to have the others caned?" Pei Luoan stopped his steps, stunned, he had hurried into the palace when he heard that King Utopia had returned to the capital.

I didn't expect to hear such an irritating news to him before he could see the Utopia County King, and I felt a few points of anger towards Liu Jingyu, who was not enough to make things happen, but more than enough to make things happen.

Even when he heard that Pei Yuanjun had come to the palace, he had to rush over to meet him, what was Liu Jingyu doing? Wouldn't he have avoided him when he encountered him? Now that he had made such a thing, he was making King Jing's lineage look like a joke.

Although Liu Jingyu was not punished, but the people around her were punished, and also made such a big commotion, needless to say that the whole palace knows, which will be mentioned every time in the future, will have no face, not just Liu Jingyu no face, the main thing is that he has no face.

If Ji Hanyue was there, where would this have happened!

Of course it was even less likely to peek at Pei Yuanjun, I really don't know what's so curious about it, knowing that this one is a bogeyman, but still peeking.

Reached out and pressed his brow, only to feel his brow jumping, Liu Jingyu recently caused some more things, before and Xu Lipeng involved, although it is hidden, but this also let some well-informed people know, like King Jing, Pei Luoan can be sure that Pei Yuansheng side is aware of, but also not how to laugh at himself in secret.

Now it has caused the king's uncle's chastisement, mother really is still short-sighted, as early as the initial time, one's own fancy is Ji Hanyue, while the mother has always said that Liu Jingyu is good, and now that Ji Hanyue is no longer available, the mother has pushed Liu Jingyu out, but now it looks like where is Ji Hanyue half as good as it is!

With a cold snort, he continued to walk forward, "Come on people, go and pass on the meaning of the Queen Mother, let Liu Jingyu go to the Queen Mother's palace to wait by herself that is."

He had to go to the imperial study first at this time, he simply did not have time to care about Liu Jingyu's time, Uncle Wang was on a major errand this time out of the capital, and was only coming back now, so he had to get over there quickly, lest he cause his father's displeasure.

A chamberlain nodded and turned to leave.

When Pei Luoan arrived at the door of the imperial study, he heard the emperor's laughter coming from inside, listening to the mood is still good, the heart can not help but breathe a sigh of relief, fortunately he came in time.

The chamberlain at the entrance of the study saw him come over and hurriedly went in to report, and in a short while he passed Pei Luoan in.

Pei Luoan reached out and pulled on his clothes, solemnly going in, and when he arrived inside, he knelt down and saluted the emperor in the midst, "My son has met my father."

"Rise!" The Emperor glanced at his eldest son and said with a light color.

Pei Luoan stood up and bowed deeply to Pei Yuanjun, who was seated at the side as well, "Uncle Wang has worked hard!"

"The Crown Prince is polite!" Pei Yuanjun said with a faint smile.

"Big brother has come a little late, is there something that has delayed him?" Another voice came from the other side of Pei Luo An, Pei Luo An turned his head, only then did he see Pei Yusheng saluting him, and hurriedly reached out to help each other, "Second brother came really early!"

He didn't expect King Jing to come earlier than he did, was this to say that Noble Consort He's strength in the palace was more than what Mother knew?

Thinking so, the mood immediately sank.

"I heard that the king's uncle returned to the capital, rushed over to listen to the training, originally thought that big brother had already arrived, but did not expect, but let me get a first." Pei Yusheng laughed as he stood up straight, his face was gentle and looked a little curious, "Is big brother not in the mansion? Or is there something? Uncle Wang came for a while."

Pei Luo An secretly gritted his teeth when he heard this, he didn't believe that Pei Yusheng didn't know about Liu Jingyu's matter, and this was said in a way that directly stabbed him in the heart.

"Lone came also have a moment of time, only just heard that Jingyu County Jun accidentally rushed the matter of the king's uncle, purposely asked a few more questions, delayed some time, but it is the second younger brother to come can be really fast, this king heard that the king's uncle came, hurried into the palace, but still not as good as the second younger brother."

Since this thing can not be hidden, Pei Luoan simply pulled it open, let everyone open, appear to be frank and open, so that the father emperor more believe in themselves.

It also vaguely indicated that Pei Yusheng came too quickly and was a little too well informed.

He couldn't believe that his father didn't care, and sure enough, after saying this, the Emperor's face darkened, looked at his two sons, and then turned his gaze to Pei Yuanjun, who was sitting on the side, and likewise brought a few moments of scrutiny to his body.

"King Utopia, what happened?" The Emperor asked.

"There's not much going on, it's just that when I was walking by, I encountered Jingyu county gentleman with a few palace people, thinking that it was those who secretly spied on the minister in the past, so I let them chastise him, Jingyu county gentleman is of course excepted." Pei Yuanjun picked up the teacup in his hand, took a sip, slowly put it down, and unhurriedly said.

"People in the palace should indeed be tightly controlled, there are actually such things." The Emperor gave a cold snort of dissatisfaction, his gaze falling onto Pei Luoan's body.

That's a disservice to Peluan now.

The emperor naturally knows Liu Jingyu's next identity, it can be said that this matter has everything ready, just missing a suitable opportunity, it is public, this time Liu Jingyu rushed to the front of the utopian county king, even the emperor also feel no face, even also feel that this future crown princess is not the wrong choice.

Although Pei Yuanjun didn't say anything, those who could rush to him were basically women who had other plans.

Previously in the palace is not no, even can be said to be a lot, Pei Yuanjun under the rule of a part of the people, the emperor also let the empress vigorously after the discipline, this thing is not, no matter these women fancy is the utopian county king's house hostess position, or don't have a plan, the emperor will not allow it.

In this palace, the one that the Emperor is most reluctant to let people pry into is this Utopia County King!

Although he was worried about King Utopia's marriage, this kind of woman who had other plans was still not wanted.

"Mother should have already called over Prefect Jingyu to reprimand him!" Pei Luoan lowered his head and said.

"That's best!" The Emperor snorted coldly and waved his hand, signaling the few of them to sit down.

Pei Luoan and Pei Yuanjun sat on the Emperor's left and right hands respectively, and Pei Yusheng sat on Pei Yuanjun's lower hand side after looking around.

"Your Majesty, since both the Crown Prince and King Jing are here, I'll go over the matter for you." Pei Yuanjun leisurely looked at the Emperor in the midst and said.

"Good!" The Emperor nodded.

Pei Yuanjun said most of what he had gained during this time, and when he was finished, he quietly waited for the emperor to speak.

The emperor frowned, his complexion was not good, there is a change in the northern border for sure, and this change, is not something he would like to see.

"What do you think?" The Emperor finally snapped, looking at his two sons.

"Father, there is a change in the northern border, but this kind of change doesn't have much to do with us, my son's meaning is to watch first, and then strike when the right opportunity arises, it's always possible to get the most out of it!" Pei Luoan had prepared for this, hearing that the emperor was asking, he stood up unhurriedly and said.

Pei Yuanjun didn't say anything, picked up the teacup in his hand and took another sip, his smile was as elegant as jade, only his eyes carried some some palpitating ethereal coldness, and he looked like he was thinking.

"You think you should wait first?" The Emperor asked with a frown.

"Yes, my son's intention is to wait and see what happens first." Pei Luoan nodded.

“Father, but my son does not agree with what big brother said.” Pei Yusheng also stood up and opened his mouth after bowing to the Emperor in the middle.

The very opening of his mouth was to press Pei Luo An’s words directly.

Pei Luoan’s eyes turned ugly, but his face still maintained a smile, “Second brother, please speak!”

Chapter 464 You Can Be a Woman’s Elder

Even though Pei Luoan secretly hated to kill Pei Yusheng, in front of the Emperor, they were still good brothers and had to be brotherly and friendly.

“Big brother, please forgive my blunt words, the Northern Border Crown Prince gets along well with our dynasty, the two families have also made an alliance for the time being, I’m afraid it’s impossible to say if we don’t help out at this time, and now this second prince is not known, and also comes from an incorrect way, it’s only the son of the Northern Border King’s sister, and is not a proper orthodoxy when counted, and it’s just a momentary advantage that he can now take charge of the government. ”

Pei Yusheng spoke eloquently.

“Second brother is wrong, now the northern frontier chaos has been born, although the second prince’s reputation is not correct, but in terms of the northern frontier, but also the orthodox heir, otherwise at this time will not take such a big advantage, the northern frontier prince’s current scenario is not good, if we want to help him, we will inevitably have to go against the entire northern frontier, it is not proper.” Pei Luoan argued with reason.

“Big brother, it’s because of the strength of the help, it’s even more important to help, then after he year, the Northern Territory Prince reset, will inevitably treat us with more respect.”

Pei Yusheng defended.

“What if this Crown Prince can’t win in the end? Then we will be at war with the Northern Border? Although the land of Northern Border is bulletproof, it is easy to defend and difficult to attack there,

besides, our soldiers belonging to the Central Plains are not adapted to the climate and atmosphere over there!" Pei Luoan sneered an air of nonchalance.

This said Pei Yusheng choked for a moment, but then looked to the emperor who sat above in silence, "Father, my humble opinion, may not be on point, please also father clear judgment."

"Please ask Father Emperor to make a clear judgment!" Pei Luoan immediately came to his senses as well, and also looked respectfully at the Emperor in the midst.

Both of them were clear that what they expressed at the moment was just an opinion, and it was the Emperor who made the final decision.

The Emperor looked at his two sons for a few moments in silence, and finally turned to the equally silent Pei Yuanjun, "What do you say?"

"His Majesty should have the holy will!" Pei Yuanjun said with a smile.

The Emperor paused for a moment and nodded, there were some things that the two sons did not know, but he did know, the second prince born to that Northern Border Duke, he could not tolerate.

If the year is not in the way of the northern border is too difficult to attack, when the big week has long been waved straight down, where there is now the second prince of what happened.

Just for the fact that this second prince is the heir born of that only eldest princess of the northern border, the Great Zhou can not tolerate him

"Let people keep an eye on the northern border, there is news of the northern border prince, immediately pass it over, secretly help him, as for the northern border, the bright side is still keeping still, if that second prince sends someone over, also according to the courtesy is." The emperor thought about it and instructed his two sons.

"Yes!"

“Yes!” The two men respectfully answered the order, and the atmosphere calmed down after that, the Emperor only asked about some of the things Pei Yuanjun had encountered on the road, and the one thing that was specifically mentioned was the auxiliary general’s only daughter.

The Empress Dowager specially decreed that the daughter of this auxiliary general, also declared into the palace.

“Yuanjun, last time you didn’t bring this auxiliary general’s daughter into the palace to show the Empress, who deeply regretted it.” The Emperor laughed, his tone relaxed.

“When I came before, I just stopped by to let me bring up the capital, the Queen did not declare a call, naturally, I do not dare to enter the palace, besides, this matter does not have much to do with me, I was just entrusted by the auxiliary general.” Pei Yuanjun laughed in disbelief, his features bland.

Looked like it is not like on the look, especially this time into the capital, the two people or the same way, but Pei Yuanjun froze did not take this Miss Liu, their own alone with the people on the capital, but also rushed back to the capital, although the loyalty of the country, but let the emperor can not help but have some sighs.

That’s pretty unenlightened!

“I heard that last time you also took the initiative to bring people to the mansion of Servant Qu to celebrate his birthday?” The emperor couldn’t help but ask again, he really didn’t believe that Pei Yuanjun wasn’t moved at all, he heard that it was still an unrivaled great beauty that had some eye problems, which also reminded the emperor of the only woman that Pei Yuanjun had answered to.

Qu Squire’s fourth young lady, that one also has an eye disease, is it because of this auxiliary general’s daughter, so there is more pity for women with eye disease?

This is not good, the hall of the Utopia County King’s House, the female masters of the inner courtyard are all with eye diseases, it can not be!

However, this time I heard that this Miss Liu's eye disease has basically been almost well, counting is not really an eye disease woman, plus her identity, the emperor is really satisfied with her identity, think she with Pei Yuanjun is really a good match.

"Last time was the first time to the capital, for the minister must have been entrusted by the auxiliary general, so he took her on a trip, after that, I heard that His Highness King King still goes to see Ms. Liu from time to time, but it is also considered to be the whole of the auxiliary general's intention." Pei Yuanjun looked at Pei Yusheng with a smile.

Pei Yusheng's face had been wearing a smile, quietly listening to the emperor talk to Pei Yuanjun, at this time listening to the mention of himself, stood up, toward Pei Yuanjun a deep salute: "At that time, when I saw Ms. Liu, remembered that her father was guarding the border for the country for decades as one day, and she was a woman who actually could also guard the border, it was really breathtaking, which is why I went to see her a few more times."

These things can not be hidden from people, Pei Yusheng is not willing to hide from people, when the past, it is stored in the heart, since the king's uncle is not willing, he is willing.

Of course he would not say that he himself was particularly willing; he would have to start with admiration, or he would inevitably arouse his father's suspicions.

The emperor didn't speak anymore, really with a few scrutinizing look at Pei Yusheng, then waved his hand, his voice faintly said: "The auxiliary general's daughter's matter, for the time being, there is no hurry, she went to the capital to be most familiar with is utopian county five, since the auxiliary general is so hard and loved by the people, his daughter naturally can't be treated slowly, the utopian county king is free to take her to the banquet more often, so that she can early integrate into the capital, the auxiliary general's meaning, this daughter of course must be married to the capital."

The emperor is most optimistic or Pei Yuanjun, look at it, only this Miss Liu is suitable, as for the second son's mind, the emperor is not not see, but see how, originally should let Pei Yuanjun first pick.

In the eyes of the emperor, the possibility of success of this thing is still very big, heard that this Miss Liu is still in order to save Pei Yuanjun only to hurt the eyes, Pei Yuanjun himself and casually accepted the fourth miss of the House of the Qu minister, the same is an eye disease, how to look at this Qu fourth miss is like a replacement for Miss Liu.

Otherwise, how could the always cold and hard Pei Yuanjun soften his heart for a woman, who never loosened his lips, and actually agreed to let her into the house just because he bumped into the fourth miss of the Qu Mansion.

The emperor felt that this is a good thing, but it is just a pre-enlightenment, wait a little longer Pei Yuanjun will really be enlightened, which will not have to worry so much about their own relatives in the future!

As for Pei Yusheng's marriage, there is his mother consort to do the letter, to He Guifei's ability, want to marry what kind of daughter-in-law does not have, and moreover, recently Pei Yusheng also let the emperor is not too happy, first Qu Hanlin's second daughter, and now is the third daughter of the House of Servant Qu, but no matter which one, seems to be not very good!

It looked like she had to let Noble Consort He pick a more powerful King Consort to be able to suppress these ungrowing women Pei Yusheng had picked for himself.

The Emperor thought so and looked at Pei Yusheng's face a few points colder.

Pei Yusheng ate a soft nail, there are a few ugly in the eyes, but the face is not show, to the emperor salute, after the rules of the retreat to the side, look like it does not care.

Pei Luoan's eyes showed a hint of ridicule, Pei Yusheng's meaning, of course he understood, this is the auxiliary general's military power, but even if it is, so what? I heard that at that time that Ms. Liu was not very treating him, it is obvious that father's intention is also to let Pei Yuanjun marry that Ms. Liu who has eye disease.

Another one with eye disease, Pei Yuanjun really consumed with women with eye disease in his life!

Pei Luoan secretly skimmed his mouth, but his face did not dare to show the slightest, his head slightly lowered, suddenly remembered that Pei Yuanjun's hand in charge of the military power is not more, if this is the case, must Pei Yuanjun pulled to their side, otherwise this throne is not yet their own to control.

Heart inexplicably some resentment towards the emperor, obviously he has been established as the crown prince, why also made a favored Pei Yusheng, and now also let Pei Yuanjun's military power is so big, the father is really old, can not see the facts, do not see to Pei Yuanjun's hands of the military power, if you want to rebel that would be a problem.

First Pei Yuanjun pulled to this side, wait for their own ascension to the throne in the future, and then abolished Pei Yuanjun, all the military power in their own hands, or more divided into the hands of a few people, but also lest the military power is too much concentration, a great threat to the royal power, or in a word, the father is really old, and one-sidedly favored Pei Yuanjun, how did not think about Pei Yuanjun's existence is the restlessness of the factor.

Pei Yuanjun's gaze swept over Pei Yusheng and Pei Luoan, the corners of his chipped lips silently ticked, his handsome sleeping phoenix eyes slightly narrowed, and although the movements of these two people were all very subtle, not a single omission fell into his eyes.

"Emperor, I and Miss Liu is not familiar, before also because of the auxiliary general's appointment, this time back to the capital also because in a hurry to come back to resume the order, and did not with Miss Liu, the Empress Mother if you like this Miss Liu, since when she begged for a marriage, for the minister and his father is also regarded as the same ruffled, when the time when the female party's elders can be."

Pei Yuanjun said with a slight smile.

Elder? The emperor a gas, he here is still bent on marrying this Miss Liu to Pei Yuanjun, Pei Yuanjun here is already treating himself as an elder.

But this thing is not urgent, Pei Yuanjun is not fully enlightened, wait for a period of time, after that Qu four miss things settled, slowly will be enlightened, will know that his favorite should be this Miss Liu, now is not urgent, so as not to force him too much, counterproductive.

"This matter is not urgent, always have to let Ms. Liu herself to fall in line, lest the blind marriage is not good!" The emperor is very penetrating smile.

Pei Luoan and Pei Yusheng this time fell together to sneak a glance upward, the two brothers feel very speechless, when the father emperor so reasonable, said as if the two of them in-laws, they themselves

can do how much the Lord like, at most, is to talk to their own mothers to say the intention of which dare to come in front of the father emperor to say who is in love.

Chapter 465 Another Guqin

Crown Prince Pei Luoan's face was somber when he arrived at Empress Dowager's Pepper Room Hall.

"Crown Prince, but what happened?" The Empress, whose face was still looking good, was talking to Liu Jingyu and couldn't help but ask when she saw the Crown Prince's expression as he came in.

"Empress Mother, my son wants to ask about Prefect Jingyu's encounter with King Utopia just now." Pei Luoan said coldly, his stomach on fire, remembering that when he left the imperial study at the door just now, Pei Yuanjun purposely stopped his words, sounding like he was apologizing to himself, but in reality, he was reprimanding Liu Jingyu.

Pei Yusheng, who was walking behind at that time, even laughed mockingly, and although his voice wasn't high, it was enough for Pei Luoan to hear it for real, but he still had to forcefully suppress his heart's shameful anger.

"Is it the matter that the Utilitarian County King said that he had rushed him? This matter was originally a misunderstanding, the Utilitarian County King is also, such a small matter, just take a few palace people away to be chastised, even Jingyu's people here are also taken away, this kind of thing is so big!" Empress Mother did not think it was a big deal, "Fangcai Jingyu has already told this palace about this matter, this palace also sent someone to bring two maids back."

"Empress Mother, you intervened in this matter?" Pei Luoan looked up at Empress Mother.

"What's wrong, can't this matter be interfered with by this palace?" The Empress Mother sank her face in displeasure.

"Mother, you really shouldn't meddle in this matter, Father knows all about it." Pei Luoan exasperatedly said.

“How did your father Emperor know about it? Is King Utopia really so careful that he told your Father Emperor about such things?” The Empress Mother brought a few thinly veiled anger.

“Mother, what does it mean to say to father, this kind of thing has become this kind of thing now, father even if he wants to be unaware of it, father also blames you to check this kind of thing properly, must not have this kind of thing happen again, this kind of thing has been punished before, does it still not offset it?”

Peloan said in an annoyed voice.

No wonder their own mother has been unable to fight He Guifei, look at what this is called, this time not only did not reprimand Liu Jingyu, but instead with her laughing and joking, is trying to show what? Liu Jingyu’s innocence, or is it that she has sent Liu Jingyu to spy on the King of Yu County?

Is King Utopia that good a person to spy on?

Peloan didn’t even know what to say!

Empress Dowager is after all also smart, her son said so, immediately understood, her face ugly glanced at Liu Jingyu, just now she was convinced by Liu Jingyu that she is the innocent, but in but felt that her son is right.

Is it really innocent or willfully, it is not easy to say? The emperor is angry, how can he here a no reaction, also blame Liu Jingyu himself did not say clearly, this has become this way, but she said to the small, so that she thought it was a small thing, misjudged the emperor’s care about this matter.

She remembered that before, when a lady from a family had deliberately come to spy on Pei Yuanjun, the Emperor had been angered and had instructed himself to use heavy torture.

“Empress Mother!” Liu Jingyu took a bad look and hurriedly stood up, kneeling on the ground, “Your Highness the Crown Prince, this was really an accident!”

“Is it really just an accident? County gentleman you also have too many accidents around you, one after another, each one doesn’t look like it’s real, but they all happen to be real, don’t they?” Pei Luoan nonchalantly said, remembering that after Pei Yuanjun finished this sentence with himself just now, since he left himself directly, and after that King Jing Pei Yusheng, who wasn’t a good one either, also came up to ask himself what happened in reverse.

Pei Luoan was sure that Pei Yusheng was aware of it, but he deliberately put on such a face, which was really obnoxious.

“Your Highness the Crown Prince this matter is really an accident, it is Your Highness the Utopia County King who misunderstands the subject daughter” Liu Jingyu’s tears fell, taking a handkerchief and wiping her tears while choking, saying. Aggrieved and pitiful, a pair of beautiful eyes raised, looking at Pei Luoan, half pleading and half containing pity.

“Uncle Wang misunderstood you? Then go and explain!” Pei Luoan, however, coldly said as if he didn’t see her petulant pity.

Going to Pei Yuanjun to explain? Thinking of the Utopia County King’s appearance that she had seen earlier, Liu Jingyu where she dared to go and winced, making Pei Luoan feel more and more displeased.

How could this be possible if Jihan Yue!

Not to say that Ji Hanyue would not recklessly run into Pei Yuanjun, and even if she did, she would not be as timid as she is now, and looking at him would make him angry.

He wants the Crown Princess, the future Empress, the future mother of the world, how could it be like this?

Weak and pathetic, is that what a Crown Princess should look like?

What things are not well-considered, what things have to make their own backing, which in the future they have to waste how much time in her body, think of inexplicable boredom, in front of the eyes as if the face of the JiHanyue, the same color color colorful, beautiful and lovely, but one is a generous bright colorful, with a few points of the British, rather than in front of the face of this one, although it is also

good as well, but inexplicably some of the cloying, but also seems to think that Liu Jingyu in front of me and Ji Youran have a few points of resemblance!

“Your Highness” Liu Jingyu’s tears fell.

“Alright, get up first, walk in the future to see clearly, this is the palace, it is not your Liu residence, nor is it the Duke of Qi’s residence.” Pei Luoan waved his hand impatiently, and went up to the Empress Mother to take his leave, “Mother, it’s getting late, my son will go back to the palace first, father has asked my son to go back and do things.”

“Then you go back first, it just so happens that Jingyu is also going back to the mansion, so you’ll see her off on your way.” The Empress Mother looked at Liu Jingyu who was helping the palace maid on one side to stand up.

Liu Jingyu looked at Pei Luoan with tearful eyes in anticipation.

“Empress Mother, my son has business to attend to, I don’t have time to wait for county princess Jingyu to leave the palace, just let her leave the palace on her own, and be careful not to bump into anyone again.” Pei Luoan impatiently said, turned around and left in big strides, directly leaving Liu Jingyu in the main hall.

Look at her son’s appearance, the Empress Dowager also knows that her son is not willing to send Liu Jingyu out of the palace, turned her head and glared at Liu Jingyu, and her heart also suddenly felt that is not really wrong, her son really does not care about Liu Jingyu, but at the moment, if you don’t marry Liu Jingyu and who can you marry, full of people in the capital, the Empress Dowager has considered it, and the only thing that is the most suitable is Liu Jingyu.

The heart has already made up its mind, if the son is really dissatisfied, and so on after the future Liu Jingyu into the door, immediately give the son to give the side consort is, no matter later on see who can, can not let the son in the East Palace can not find a satisfactory woman it!

So think, immediately face and ease down: “Jingyu county gentleman, the prince has something can only go one step first, you this time out of the palace, this palace let people escort you out, walk carefully, this palace many people can not bump into, even if it is a misunderstanding is not!”

Empress Dowager admonished Liu Jingyu.

“Yes!” Liu Jingyu was extremely aggrieved, but she was not allowed to wipe her tears clean and answered down.

“After you leave the palace, go out less during this period of time, go to your mother if there is anything, and just wait for news at home.” Empress Dowager was still uneasy, and urged again.

The things that happened in the past two days, the Empress Mother is not very like, the two families of the marriage is about to be in the key time of the booking, this time Liu Jingyu can not be out of a little bit of stubble.

“Yes!” Liu Jingyu lowered her head and softly said, looking obedient.

The Queen Mother finally agreed somewhat that this, at least, was good.

“Miss, the Utopia County King’s House has sent a gift, Mrs. Tai asked the slave girl to bring it over to you.” Yu Dong’s face smiled as she entered the door, the king had finally returned to the capital.

Reaching out and pointing behind him, a sliver of eight maids looked both decent and rowdy.

One of the first old grandmothers, seeing Qu Mo Ying, hurriedly stepped forward to salute and said with a smile, “Slave girl has met Fourth Miss Qu.”

“There is no need to be polite.” Qu Mo Ying smiled faintly and nodded.

The old Sister reached out and pointed for a few maids to place the gift boxes in their hands on the tabletop, and without further ado, retreated to the side.

Not only some clothes, brocade, there are some actually books look, but also let Qu Mo Ying has a few curiosity, to the side of the Yu Chun glanced, Yu Chun will understand, up two steps, from a gift box took

a book out, carefully handed to the front of the Qu Mo Ying, Qu Mo Ying to open a look, actually is the zither sheet music, the fingertips can not help but to turn down the page.

Only after seeing her sense of fun did the old Sister speak, "Fourth Miss, these were all selected by our Wang Master, and he specially asked the slave girl to bring an ancient zither."

When the old Sister finished, she reached out and pointed to the last box, which was the longest, and when she put it down, she didn't open it.

Qu Mo Ying nodded and put down the zither sheet in her hand, since she loved the sound sheet, she naturally also had the zither.

Yu Chun understood and took two steps forward, taking the last long gift box, the longest one and the only one that was closed, and sent it to the table in front of Qu Mo Ying, opening the box, inside was a zither box.

Yu Dong stepped forward and Qin Yu Chun took out the zither box from inside, then took out the zither inside and placed it in front of Qu Mo Ying.

This is an ancient zither, only a glance, Qu Mo Ying will recognize know, reached out and gently plucked a little, the sound of the piano leisurely, a listen is a good piano, compared to Qu Mo Ying's favorite "phoenix in the" zither is not inferior.

Subconsciously reach out in the piano belly below the touch to go, there are indeed two ancient characters, carefully touched a bit, actually tasted out "Phoenix Ruoxi" two words, the hand can not help but a meal, willow eyebrows slightly knitted up, she can be sure that these two words they should have heard of.

But I can't think about it for a while!

"Feng Yu" is a name that Qu Mo Ying is certain she has never heard before, but what about this "Phoenix Ruoxi"?

“Miss” Seeing her froze, Yu Dong couldn’t help but call out to her.

Qu Mo Ying slowly raised her head no and looked at the old Sister of the Utopia County King’s Mansion, “Thank you, Your Royal Highness, for taking the trouble!”

“This was originally what our prince should have done, Fourth Miss is polite, the slave girl will now return to the mansion to report back to our prince.” The old Sister smiled and said evenly.

Qu Mo Ying gave her a deep look, this one should also be Pei Yuanjun’s inner circle.

Raindon sent the man out.

“Yu Chun, you turn the zither over, let me take a look!” Qu Mo Ying commanded, this zither made her mind a bit puzzled, after thinking carefully, she still had to look at it before saying

Chapter 466 It Should Be a Pair

Yu Chun turned the zither over, Qu Mo Ying spread his eyes to see, it is really “Phoenix Ruoxi”, willow eyebrows more and more tightly knitted up, she must have heard of this ancient zither, but in the end where is it?

Searching the memory for all the recollections and can’t really recall them.

Hand gently touched to go to the “Phoenix Ruoxi” two words, very clear, inexplicably feel that this piano and Feng Yu should have some origin.

“Yu Chun carry out Feng Yu inside.” Qu Mo Ying commanded.

Yu Chun answered the order to go in, and in a short while carried Feng Yu out of the Qu room, placing him by Phoenix Ruoxi.

As soon as she put it on, Yu Chun was immediately surprised, “Miss, I’m afraid this isn’t a pair, is it?”

The two guqin look different, but this difference lies in some details, but when these differences are put together, they can clearly indicate some similarities, accurately should be complementary, the two qin put together, a glance can see this.

“It should be a pair in pairs!” Qu Mo Ying nodded, certain.

Feng Yu Qin’s origin has not yet been clearly investigated, and now there is another Phoenix Ruoxi Guqin, and it looks like it is still a pair, quite an origin.

Qu Mo Ying can now find out that this Feng Yu Qin is related to the Duke of Qi’s residence, but in addition, is nothing to know, she repeatedly close to the Duke of Qi’s residence, but also in order to find out the origins of this qin, she even have a feeling, as long as to find out the origins of this qin, will inevitably be able to find out some of the truth related to her mother.

But now that one violin has not been investigated, another one has actually been sent!

“Miss, is there something wrong with this qin?” Yu Dong has returned at this time, lifted the curtain, saw Yu Chun and Qu Mo Ying two, also walked over, did not see anything for a moment, puzzled and asked.

“Nothing wrong, just think with phoenix Yu Qin some relationship.” Qu Mo Ying shook his head, this can not think of a moment, she did not want to, since the two qin together to their own hands, it seems that this matter is easier to find out, after all, phoenix in the qin themselves do not know, but phoenix Ruoxi qin is a bit of a reflection, and still from the hands of Pei Yuanjun, should also be traceable.

The two maids put away the two guqin together and divided the other gifts Pei Yuanjun sent over, ordering the two grannies to send a copy to each of the Dowager Lady and Qu Qiuyan.

“Miss, the slave girl heard that the Jingyu County Gentleman rushed the Prince in the palace today.” Yu Dong looked to her left and right to see that only Yu Chun and her were there, and immediately reported with a smile on her face, this was what she had just learned from the mouth of the old Sister.

Of course since the old Sister dared to say it, it must be the King's intention as well, and Yu Dong became more and more optimistic about his own young lady.

"Punching the Utopia County King?" Qu Mo Ying raised an eyebrow and helped Yu Chun into the inner room, her body was still not fully healed and she felt that her entire body was soft and cottony, with little strength.

Yu Chun helped her onto the couch and took a few more cushions behind her before standing to the side to wait.

"His Highness had someone chastise Jingyu County Jun, and then although he didn't really punish her, he beat up two of her maids, this matter is now all over the palace, and I heard that Jingyu County Jun returned to her house all gray." Yu Dong proudly said, dared to crash in front of his own master, no matter what identity, his own master wanted to punish.

"The identity of Prefect Jingyu is not an ordinary person." Qu Mo Ying's watery eyes lifted slightly, stunned, she was aware that Pei Yuanjun was arrogant and domineering, but arrogant and domineering to such an extent, she hadn't really expected it.

"So what! In the past, there were also princesses who rushed Master, and in the end, they didn't even reprimand the princess." Yu Dong said unimpressed.

"His Highness just wants to teach this Jingyu County Gentleman a lesson, so what if she married His Highness the Crown Prince, our Highness isn't anyone else, and she'll still have to bow to our Highness when she sees him."

This is a very powerful statement, but think about Pei Yuanjun's status as Pei Luoan's uncle, even Pei Luoan can only see Pei Yuanjun's salute, not to mention Jingyu County Jun.

Thinking this way, her face couldn't help but show a hint of a smile, and her eyes were like waves in her almond eyes.

"Miss, Old Sister also said that the Auxiliary General's Eldest Miss has entered the capital again." Yu Dong added.

“Miss Liu?” Qu Mo Ying blinked her eyes, immediately remembering this young lady that she had impersonated in the beginning, this was really a memorable character.

“Yes, it’s that Miss Liu.” Yu Dong nodded.

“Want me to play her again?” Qu Mo Ying asked tentatively, when she was able to borrow from Pei Yuan Joon’s side, it was still because Pei Yuan Joon needed herself to pretend to be this Ms. Liu, up to now Qu Mo Ying didn’t understand what it was, was it true that this Ms. Liu didn’t come into the capital, or was it that this Ms. Liu came into the capital but didn’t want to see anyone!

“His Majesty sent word that he doesn’t need you to pretend to be her, so let her pretend to be herself, and told you to stay away from her, saying that this Miss Liu is just a restless one.”

Yu Dong skimmed his mouth, this Miss Liu before he really heard Eunuch Ji Hai said, “Miss, slave girl heard that this Miss Liu before want to marry our king, the border when there is a battle, this lady also chased our king out of the city, and finally encountered the enemy army, hurt his eyes, is our king sent people to save her, she is good, run around and tell people that she is in order to save our king, only to hurt her eyes, make it seem as if she is the heroine like, but also to our king has a favor. She was the one who injured her eye, making it seem as if she was the heroine, and she was also kind to our prince.”

“Her eyes were injured by herself?” Qu Mo Ying was truly surprised, her watery eyes glaring round.

“Of course it’s hers, but has been relying on our prince, our prince is also too lazy to explain, otherwise where there is nothing about her, even the emperor in the palace thought it was true, and I heard that he also wants to give our prince a marriage.” The more Yu Dong said the more angry he got, the more he said the more he felt that this Miss Liu was really over the top.

That’s a falsehood that still feels true!

“So, the Emperor is going to give a decree to bestow a marriage?” Qu Mo Ying thought for a moment, organizing all the things she had heard just now, and since that old Sister had dared to say it, of course it was also Pei Yuanjun’s intention.

This is actually not necessary to say with their own, after all, their future into the king's house is only a side consort, in the way of the face of the main consort.

"It should not be! If you want to give a marriage, you would have done so long ago!" Yu Dong does not dare to guarantee that it will not, after all, the emperor's things, but also not he a chamberlain can say.

"Well, no matter how, let's just wait quietly, as for this Miss Liu, it should have nothing to do with me either!" Qu Mo Ying faintly smiled, with a few points of lightness, soft voice, the corner of the eyes of that a touch of dark red, looks a little pale cold soft charm, long eyelashes fluttered twice, drooped down, feebly resting on the curtains of the eyes.

"I'll take a nap, and you guys can call me later."

"Yes, Miss!" Yu Chun stepped forward and gently covered her with a thin quilt, then carefully retreated behind Yu Dong to the outer room.

"Yu Dong, will the Emperor really decree that this Miss Liu, who has a heart of gold, be the Utopia County King Consort?" Only when they arrived outside, Yu Chun couldn't help herself and lowered her voice to ask.

"This is really hard to say, but no matter what, the person that His Majesty cares about is definitely only our young lady, even if this Miss Liu takes the position of the rightful consort, so what!" Yudong said unimpressed, he felt that the king's heart for the young lady, Eunuch Ji Hai and himself could see it clearly.

So many years, when to see the king of a woman so attentive, Fang sent some hairpin ornaments, it is said that the king before leaving the capital, specially looking for jewelry store customized.

"But if this Ms. Liu is so powerful, I'm afraid that Miss will have a hard time in the future!" Yu Chun's eyes reddened, took a handkerchief and gently wiped it off, her voice with a few choked sobs, "Miss suffered so much when she was small, no one loved, no one cared, and now it's slightly better, but if she enters the Utopia King's Mansion, and is always being pressed by this formidable Ms. Liu, it's too pitiful!"

She followed Qu Mo Ying for so many years, watched Qu Mo Ying from so small a regiment to the present, before the eyes still can not see clearly, now finally the eyes are good, the temperament is also cheerful, but also to get the dowager's love, and even the second old master seems to be less careless about the miss, why this time can not let the young lady to marry to a good family for the family of the main room.

Utopia King House even though rich, Yu Chun think it is not as good as an ordinary family, at least that is the main wife, side consort is also a concubine, do not look to be concubine consort of the third young lady, it seems that there is not much scenery, looking at even the house of the master and the dowager lady are not interested in the same way, how to look at how to be bad!

Although Yu Chun didn't understand the twists and turns, she just had a gut feeling that it wasn't good to be a concubine to someone.

"Well, don't be sad, since our prince is interested in being careful, he will definitely come up with a method, and definitely won't aggravate the young lady to go, don't worry about that!" Yu Dong comforted Yu Chun.

"Are you telling the truth?" Rainy Spring's hesitant voice.

"Naturally it is true, you don't know the prince's temperament, there is never any woman who can get into his eyes. In the past, the northern border side had sent over a pair of long and beautiful sisters to the king, the king let the people directly cut off the head, and sent back, hacked the northern border side since then a lot of peace." Yu Dong added.

"But now the young lady is about to enter the Utopia County King's residence, the Utopia County King to send a little jewelry to our young lady, but also his face, like him such a prince is bound to be very important to the face of the bar, even if it is a side consort, but also can not be bad for his face of this This can not be said that the king on the heart." Yu Chun, upon hearing this kind of Pei Yuanjun's "great achievements", stammered.

One can tell it's a shock.

"Although the words are reasonable, but in short, you can rest assured that the king is different for the young lady, you put a hundred hearts is, the specific I can not say." Yu Dong looked at the obviously

frightened Yu Chun was helpless, in fact, the master's side of the people, which one has not seen blood ah, as for shivering into this!

Isn't it just a matter of killing a few people? He's killed a lot of people even as a chamberlain!

The inner room of the Qu Mo Ying closed eyes moved, long eyelashes fluttered twice, as tired Yi butterfly, through a few points of powerlessness and weariness, ears vaguely heard Yu Chun's voice seems to say: "I'm not worried, the king must be sincerely like the miss, that bowl of medicine all splashed on the king's body, the king is not angryand patiently coaxed the young lady to drink the medicine also did not bother to change his clothes, he sent the young lady back to drink the medicine, to the young lady personally fed down "

Chapter 467 The Fishy Truth About the Cake Shop

Qu Mo Ying's sleep didn't last long.

After waking up, a little freshening up, Yu Chun tied on a light eye veil for the top, before leading in the person sent by Qu Qiuyan before.

This granny had actually come a long time ago, only to be stopped by Yu Dong and Yu Chun.

"Our young lady thanked the fourth young lady for her gift." The granny had already gotten a little impatient waiting, but she didn't dare to put on a face to Qu Mo Ying right now, and could only force out a smile and say.

"No need to be polite." Qu Mo Ying put down the tea in his hands and said indifferently.

"Fourth Miss, our lady wants to ask you about the pastry store." The granny hesitated and said the most important thing.

That's why Third Miss asked her to come over.

“What happened to the pastry store?” Qu Mo Ying raised an eyebrow, unimpressed.

“Our young lady heard that the fourth young lady lost all her store, and wanted to talk to the fourth young lady about this store, since the fourth young lady has lost all her money, why not give it to our third young lady on this, and in the future our third young lady will also remember the fourth young lady’s share of kindness, and if the fourth young lady feels that it’s not enough, our third young lady can pay some silver to dish out the store over.”

The granny explained.

“Third sister wants a dilapidated store so much?” Qu Mo Ying sniffed, and after thinking for a moment, asked in a slow voice.

The granny was also prepared, “That store, after all, must be the lady’s heart and soul, even if it’s now given to the fourth miss, our third miss still can’t bear to part with it, and both the lady and the third miss are old-fashioned people, some of the old people from the past have to be resettled, can’t let them really be displaced!”

Hearing her say that, Yu and Qu Qioyan had really become virtuous people!

It’s the hard way out. It’s the soft way in.

“Actually it’s not impossible, it’s just that this store still has some problems right now, so I guess I can’t give it to you ladies.” Qu Mo Ying said.

“Fourth Miss, why is this?” The granny’s face changed slightly, originally thought it was not a big deal, and the third miss was willing to pay the silver, the fourth miss would agree anyway.

“There’s no reason why, I’m just afraid it’s not very good, thank you Third Miss, go back first!” Qu Mo Ying said without thinking.

“Please!” Yu Dong took two steps forward and had invited away.

The granny still wanted to say something, but cowered when she saw Yu Dong's icy gaze, no longer daring to say more, she could only turn around in anger and go back, reporting to her own young lady.

When the granny left, Yu Chun re-appeared to remove the eye veil for Qu Mo Ying, Qu Mo Ying slightly closed her eyes, and then opened them already to look at Yu Dong, her face was heavy, just now she looked at Yu Dong's face was a little bit wrong, it must be that before she went to check on the matter of the pastry store's shopkeeper, there is an aftermath.

"Miss, it's loan sharking." Yu Dong said.

After Qu Mo Ying froze for a moment, she looked up at Yu Dong in consternation, Yu Dong took out a booklet from her bosom and handed it to Qu Mo Ying's face, "Miss, look, this was taken out from underneath the cake store owner's bed, it's hidden very well, and there was a space left underneath the bed on purpose, if he didn't say so himself, I'm afraid that I wouldn't be able to find it in a while."

A booklet that is not thick, Qu Mo Ying opened it, it is written with the name of the person, the time, where they live, and how much money they borrowed, and there are also a few IOUs clipped to the note, and each of them has a handprint on it, stating how much interest is paid, and these interest rates are very high, and they are indeed high interest rates.

"How dare Mrs. Yu do such a thing." Even though Yu Chun hadn't seen that much, she also sucked in a breath of cool air at this time.

This is something that violates the law, the law of the Great Zhou has long had a clear provision, can not loan sharks, especially the family of officials and eunuchs, if once found out, and may even involve the family, if Yu's this booklet public, Qu Zhizhen is bound to be implicated.

"Go!" Qu Mo Ying stood up, signaling Yu Chun to bind her eye veil for her.

"Miss, are we going to talk to the Second Master now?" Yu Dong asked.

"Naturally I have to let father know, this matter was originally father's matter." Qu Mo Ying said with an unchanged expression, her eyes closed, Ren Yu Chun gently and skillfully tied the eye veil, her cherry lips

slightly hooked, “No wonder Yu was unwilling to talk about this matter to second brother, but then talked about it to third sister.”

Qu Mingcheng no longer understand things, but also do not dare to accept such things, whether for his own sake, or for the sake of Qu Zhizhen’s official career, but Qu Qiuyan is different, for the sake of money, she really dare to receive, not only the whole thing, but also will continue to put it down, but also be considered to bear the Yu’s aspirations.

So, instead of leaving it to the son, it’s going to be left to the daughter!

When Qu Mo Ying arrived at the study, Qu Zhi Zhen happened to come back, he looked a little weary, when he heard that Qu Mo Ying had come over to look for him, after freezing for a moment, he nodded his head slightly, and let the boy guide Qu Mo Ying in.

After Qu Mo Ying entered, he bowed to Qu Zhi Zhen before looking to his left and right.

As soon as she looked like she had something to say, Qu Zhizhen waved his hand, the boy retreated, and Yu Dong followed behind the boy.

Retreating to the door, he made a point of closing it slightly for them.

“Father, please look!” Qu Mo Ying didn’t turn back to the topic and took two steps forward, taking out the booklet in his sleeve and placing it in front of Qu Zhi Zhen.

“What is this?” Qu Zhizhen froze for a moment, his eyes glaring at Qu Mo Ying.

“Father will know when he has read it!” Qu Mo Ying didn’t say it outright and just looked at the booklet in front of him.

Qu Zhizhen slowly took over the booklet, looked up, only to turn a page, his face immediately changed, immediately and without pause even turned over several pages, to see the last few pages written above the word, the hand heavily pressed down on the desktop issued a “ping” sound, shocked above the teacups shook two shakes.

“Where did it come from?” Qu Zhizhen asked in a deep voice.

“Father still remembers a pastry store left behind in my mother’s hands?” Qu Mo Ying asked rhetorically.

This is something that Qu Zhizhen really didn’t know before, but that day, Mrs. Tai told him about it once, and after that, Qu Qiuyan mentioned it to him once more, so it’s hard for him to not know about it now.

This store has let the younger daughter to sell, the mother mentioned to himself, after the eldest daughter also came to ask for it, at that time he was on fire, directly scolded her back.

“I know, haven’t you already sold it?” Qu Zhizhen asked with a cold face.

“It is sold, but before the third sister and said to me about the cake store, and said to receive and said other things, look like it must be like, and the second brother also made a special trip to the store, has been looking for the shopkeeper, sold my store people specially come over to ask me, is not there anything remaining, is not this store is not mine, why the second brother still have to hit the door to look for the person’s look.”

“After that, I let Yu Dong to check and ask, I did not expect to be dismissed in the hands of the pastry shopkeeper, actually have such a copy of the thing, the party sent over, I looked at it, or leave it to the father as well, this kind of thing I remember that there are provisions in the law”

Qu Mo Ying said this and glanced at Qu Zhi Zhen and stopped speaking further.

Some things are actually already very clear, this is a loan sharking pamphlet, the time in this, and it is impossible for others to do it, Qu Mo Ying back to the house in so little time.

“Your third sister and second brother know about this matter?” Qu Zhizhen asked in a hateful voice through clenched teeth.

“Third sister may not know, may also know, but second brother should not know it, otherwise it will not wait until now, right?” Qu Mo Ying gave it a little thought, said it very vaguely, and also would Qu Ming Cheng and Qu Qiu Yan both split up, counting it as very fair.

Qu Zhizhen sank coldly lowered his head and then looked at the booklet in his hands, the more he looked at the heavier the fury in his eyes, this booklet, if it falls into the hands of others, his own official career is considered to be the end of the line, not only the end of the line, and can even cause a bigger thing.

Yu really is a success and a failure!

“You go back first, I’ll handle this!” Qu Zhizhen said in a cold voice.

Qu Mo Ying nodded and didn’t make a stop, at that moment he turned to leave, this matter was originally Qu Zhi Zhen’s matter, this next depends on Qu Zhi Zhen’s meaning.

“Father!” Qu Qiuyan warily looked at Qu Zhizhen, always felt that today’s father’s face was a little too gloomy, subconsciously felt that he had gone to ask Qu Mo Ying about the matter before, and his father knew about it again, and for a while he resented Qu Mo Ying for a few more points, one day, she would make this bitchy girl kneel in front of her.

And that day is not far off.

“Look at what this is.” Qu Zhizhen threw the booklet in his hand in front of Qu Qiuyan.

Qu Qiuyan blankly squatted down and picked it up while looking through it, “Father, what is this?”

“You haven’t seen it?” Qu Zhizhen sneered, his eyes scrutinizing Qu Qiuyan’s demeanor.

“Father, I haven’t seen it before, what is this?” Qu Qiuyan stood up in bewilderment, the booklet in her hand turning over again.

“Didn’t you go all the way to the pastry store in your sister’s hands?” Qu Zhizhen said in a cold voice.

“This is” Qu Qiuyan was shocked, immediately understood, once again flipped up, the more you look at the face the more panicked, she also read it, this is a booklet of loan sharks.

Mother’s a loan shark? Didn’t she say she was saving large sums of money for herself?

Qu Qiuyan’s first reaction was not the consequences that this matter would trigger for the entire Qu Mansion, only thinking about how this would fool her father and could make her father forgive her mother for this move.

“Did you read it?” Qu Zhizhen’s icy voice did not carry a trace of warmth.

“Father Father, I I can see that, but it’s something we have to ask mother Maybe, she... . she also has a reason”

Qu Qiuyan dryly explained, “Maybe, mother also has her thoughts, and it may be extenuating.”

“Extenuating circumstances?” Qu Zhizhen laughed coldly, “Why do you still want you to bring it to King Jing’s residence, if King Jing finds out, do you think you still have a life?”

“Father father, King Jing will not find out.” Qu Qiuyan hurriedly shook her head.

“Won’t find out? What makes you so sure King Jing won’t find out, and when he does? You take the blame, or your mother takes the blame, or let me take the blame?” Qu Zhizhen laughed coldly, his gaze disappointedly looking towards this daughter, originally the one he cared about the most, and the one he had carefully cultivated.

When did it get so stupid!

Chapter 468 A Signal from the Duke of Qi’s Mansion to Seek Marriage

This kind of thing, if it really turned out, in the Qu Mansion, Qu Zhizhen would be implicated.

But if this matter is to King Jing's house to turn out, then it is not a normal thing, and may even cause the whole court to shake, the crown prince's party will not let go of such a chance to resist King Jing.

"Do you think that His Highness King Jing would give up the throne for you?" Qu Zhizhen snapped.

"Father, His Highness is sincere to me, he" Qu Qiuyan panicked.

"A true heart, why is not the main consort? Even if it is not the main consort, side consort is also possible, even a higher consort did not give you, but said what sincere, he found this kind of thing, not only you want to die, even I also have to follow you implicated, was launched as a crime."

Qu Zhizhen interrupted Qu Qiuyan with a cold smile, "After all this, you still think King Jing will be single-minded towards you? It was never you that he wanted to marry."

"Father father" Qu Qiuyan's tears fell, terrified, "But... . but isn't everything all right now?"

"Not now, doesn't mean not in the future, your mother, I will repudiate." Qu Zhizhen coldly said.

"Father, you can't be like this, mother is your rightful wife you're like this you're like this... .."
"Qu Qiuyan cried anxiously.

"That's it, when you go to King Jing's Mansion, your mother can leave the Qu Mansion as well." Qu Zhizhen waved his hand.

This was the last decency he left to Qu Qiuyan.

"Father, you can't be like this." As soon as she saw Qu Zhi Zhen like this, Qu Qiu Yan kneeled down with a "flutter", "Father, mother is no longer good, but she is also my brother and I's biological mother, even if you ban her to death in the future, you shouldn't repudiate her back home, how will you let her live in the future, and how will you let my brother and I live. "

With a repudiated mother, and for such a reason, even if she entered the King King's Mansion, Qu Qiuyan could not see her future.

She couldn't just let her father repudiate her mother.

"Then what do you want?" Qu Zhizhen coldly looked at Qu Qiuyan.

"Father father, send mother away, just on the grounds of recuperation." Qu Qiuyan clenched her teeth and said.

"Sent away? Sent where? Your uncle's residence?" Qu Zhizhen was not moved by the cold smile, he can even be sure that this matter if there is no Yu Fu involved in it, Yu's a woman's family, it is impossible to do such a thing, not only is Yu's a success is not enough, defeat is more than enough, Yu Fu is also the same.

It was also a mistake in his own calculations when he picked Yu's house in the first place.

Even this moment, Qu Zhizhen heart flooded with a trace of regret, but the next moment, immediately was shot away to the back of his head, things now and then regret is useless.

"Father, you can you can let mother pray for grandmother's blessing, find a nunnery, let her properly in it to clean up and meditate, is not more than other places, are appropriate?" Qu Qiuyan terrified Road, crying face full of tears, at this time also do not care about the color of the face, if really put Yu's things to proclaim out, where she still have what later.

She didn't dare to guess King Jing's attitude, although just now in front of her father, she said for sure, but was she really so sure? Qu Qiuyan never dared to ask more about such words.

The room was quiet, the only sound was Qu Qiuyan's muffled cries, and it took a good half a minute before Qu Zhizhen's feeble voice could be heard, "Alright, get up, then send your mother away from the house to go to the nunnery to purify yourself for your grandmother."

“Many thanks father, many thanks father!” Qu Qiuyan hurriedly took a handkerchief and wiped her tears, a wave of ecstasy flooded her heart, to be able to be like this was already the best, as for the rest, it wasn’t something she could consider.

Qu Qiuyan at this time even secretly hated Yu’s lack of success and failure, even if they really did this kind of thing, how could they let their father know? And also deliberately want to send things to their hands, not afraid of their own implicated? Speaking of which, the mother was indeed a little too stupid!

Is this money something she can ask for?

Of course, if this matter is not known to the father, or can be for, but now this situation below, Qu Qiuyan where still dare to have any delusions.

“Miss, I heard that Mrs. Yu is going for purification, saying that she wants to find a nunnery to properly pray for the dowager lady, and on the one hand, it’s also convenient for her to nourish her body.” Yu Dong reported.

The corner of Qu Mo Ying’s lips hooked slightly, when she left yesterday, she guessed it would be like this.

Qu Zhizhen even if you want to deal with Yu, but also have to have a reason, recently Yu looks as if there is no fault, private those actions, but also inconvenient to let people know, this kind of time, Qu Zhizhen unless it is directly to get dead Yu, otherwise it is bound to get Yu out of the house, and the relationship between the House of Qu is slowly peeled off.

Even if Yu’s matter was turned up later, it had nothing to do with him.

“Let’s go!” Looking at the sky outside the window, Qu Mo Ying got up and marched outside, the dowager lady had asked her to go over earlier, saying that she had something to discuss with her, but now was the right time.

To the dowager lady’s courtyard, the dowager lady sitting in the house, the color does not look too good, the house again and again things happen, the dowager lady’s mood can be good up is strange.

Seeing Qu Mo Ying come over, he reached out and pulled her hand, letting her sit down on one side, reaching out and pointing to a gift box on the desktop, "Ying girl, this is a gift sent over by the Duke of Qi's residence, saying that it's a reparation gift for you."

"Zhi prospect jade county gentleman is not already here?" Qu Mo Ying pulled the hand of Mrs. Tai to sit down, surprised, she really thought that thing, sort of face past.

Everyone does not want to pursue the meaning of the two houses who are at fault, can be on the surface of the past is good.

"I don't know why, said it was Mrs. Duke of Qi sent over, but also made a point of asking about your body, asked you if there was anything, very concerned about the look, I thought it wasn't a big deal, so I said that your body was fine, nothing happened, but the Duke of Qi's house must see you."

Mrs. Qu frowned, this is through a few points of strange, she is really relieved, and finally did not let people see, only said that the next time when Qu Mo Ying is completely good, and then go to the Duke of Qi thank you.

"Grandmother, why must they be making sure that there is nothing wrong with me?" Qu Mo Ying said after a moment of silence.

The dowager lady shook her head, "I don't know, the one who fainted at that time was your third sister, and you weren't in the Duke of Qi's Mansion when you fainted, is it because the Duke of Qi's Mansion knows something?"

Madam Tai could not think of a reason why the Duke of Qi's Office was so concerned about Qu Mo Ying, she could only think of the Utopia County King, could it be that the Duke of Qi's Office also knew about the news that the Utopia County King came back to give a gift to the Qu Mansion?

There shouldn't be many people who know about this!

"Grandmother, if you send someone to ask next time, just say that I'm not feeling well." Qu Mo Ying wanted to think things over calmly, and was not willing to see more people from the Duke of Qi's residence at this time.

"But, " said the dowager lady, her face quirky.

"Grandmother, is there anything else?" As soon as Qu Mo Ying took a look at the dowager lady's appearance, she knew that there was bound to be something, the dowager lady's nature was not one that could hide things.

"The granny who sent the gift, said loudly that Mrs. Duke of Qi liked you very much, said that it would be good to have a granddaughter like you, and said that there was only one young lady in the Duke of Qi's house, and that the side was also a bit cold, and said that she liked you at first sight, and was very fond of you."

Mrs. Qu thought about it and finally told the truth.

This period of time she also see clearly, their own this granddaughter is actually a smart, but also an idea, this kind of thing also need not hide from her, let her heart have a bottom is.

Qu Mo Ying looked at the dowager lady in shock, she understood what the dowager lady meant, but this was something she had definitely never thought of.

"Grandmother, "

"Yes, it means what you think, if it's not the reason of the Utopia County King, then it's that the Duke of Qi's House has taken a liking to you, I heard that the two dukes of the Duke of Qi's House haven't married each other, so this should be the meaning of one of them." The dowager lady frowned, this matter if before the Utmost County King, the dowager lady is very willing to hear.

The sons of the world's families in the capital, the two sons of the Duke of Qi's residence, I heard that they are good, not only their character is good, but they are also good people, if you can let the shadow girl marry over, or high climbing.

But now, a good marriage is useless, but it just adds trouble to one's heart for nothing.

The dowager lady sighed helplessly in her heart, if the Duke of Qi had this meaning earlier, it would have been better to book the shadow girl earlier!

“Grandmother, this is impossible.” Qu Mo Ying said decisively, his face calm.

“I know, so I also pretended not to understand what they meant.” The dowager lady sighed, reached out and pointed to the gift box this, “This gift is a bit heavy, I thought that you still need to take an idea to return the gift yourself, and returning the gift can’t be light.”

Since I have no intention of tying the knot, of course I can’t be greedy and go to someone else’s place.

Qu Mo Ying nodded, “Grandmother don’t worry, I’ll do this, this gift will also be prepared by myself!”

There are still quite a lot of things from her mother, Qu Mo Ying decided to pick a few expensive ones from it and send them back over, this Qi Gongfu himself has to deal with, but has no desire to marry over.

Look at her so a set of chest, face calm, as if talking about other people’s things, no little girl’s shyness, know that she is really no idea at all, the dowager lady just let out a sigh of relief, afraid of Qu Mo Ying at this time too many ideas, at that time to stir up even more trouble, that Utopia County King is a person who can be deceived!

However, this more so that the dowager lady high Qu Mo Ying a few eyes, even their own can not help but be moved, then thought before and after thinking for a long time, but not as good as the shadow girl, just a few words on the situation in front of the understanding of the situation, not moved, on this point, the dowager lady more and more feel that her granddaughter is an idea of the understanding of the people.

Although she was a little young, but those who could live with such understanding and transparency, even if she was a side consort in the future, she would still lead a good life.

However, her young age, can live so transparent, visible is to eat a lot of suffering, Mrs. thought here pity, reached out and touched her hair, the heart is sour, this child, after all, is the family house can not afford her, otherwise such a small girl, where will be so transparent, so understand.

For a moment, his eyes actually turned a little red, and he hastily turned his head sideways to wipe away the eye marks at the corners of his eyes.

“Grandmother, I’ve heard that the Lady is going on a purgatory?”

Chapter 469 Quarrels, Shirking Responsibility

“Yes, this matter, originally also want to tell you, she stay in the mansion is not good, your father’s meaning, or let her go to the purification is, at least can be peaceful, to you to your third sister they are good!” Mrs. Tai sighed and said, very helpless.

“Before she let Yu’s people talk nonsense about things outside again, your father also told me that Yu is not a good one, and there is no one in the Yu family who is good enough to dare to say such things.”

The dowager lady spoke and moved to anger, her face sank.

One look at the dowager lady, Qu Mo Ying knew that Qu Zhi Zhen hadn’t told the dowager lady about the pamphlet, but it made sense.

Since Mrs. Tai only knew that Yu had sent someone to pass on her life, let’s start from here.

“Grandmother, my mother really” Qu Mo Ying said here can not continue, lowered his head and pinched the pad in his hand, seems to not know where to start for a moment.

“Your mother is a good one, naturally it is impossible for her to do anything bad, when she is in the mansion, I know all about it, you are also grandmother’s own granddaughter, you are not allowed to be so wishy-washy.” The dowager lady gently patted Qu Mo Ying’s head, kindly appeased.

“I know, but Mrs. Yu she” Qu Mo Ying looked gloomy and lowered her head, I can see that she is really sad.

"Yu has never been a good one, in the beginning it was this way, now it's still this way, everything at the moment, is also her own corrective self-inflicted." The dowager lady said in a cold voice, "Since she has done this kind of thing, she should pray for your mother's blessing, don't worry, after she goes out this time, it's impossible for her to come back."

"Grandmother, which nunnery is Mrs. Yu going to this time to pray for blessings?" Qu Mo Ying nodded, raising her head slightly, her eyes somewhat dark red.

"Just find a random place, your father will get on with it." The dowager lady said without thinking.

"Grandmother, you can't just find a random place, let Mrs. Yu go to Mother's previous nunnery, let her go there to pray for Mother, it's also a bit closer to Mother." Qu Mo Ying bit the corner of her lips, and could tell that the color of her lips had been bitten out by a white line.

The dowager lady was heartbroken and nodded her head repeatedly, "This is how it should be!"

Indeed, since it was going out under the name of praying for blessings, and also since Yu had apologized to Xiao Yue, it would be most appropriate to go to the nunnery where Xiao Yue had passed away in childbirth in the first place.

Mrs. Tai originally did not want to care about this matter, for Yu, Mrs. Tai originally did not like, now where still want to interfere with her things, but since her granddaughter said right, Mrs. Tai also think this is a good idea, the small Yue's things she is guilty, both so, a little compensation is also good!

Qu Qiuyan accompanied the lady here to talk for a while, look at the hour is not early, got up to say goodbye, the lady let her take all the gifts back, and urged her to prepare the return gift can not be too thin.

Qu Mo Ying responded one by one, and then returned to the Shallow Moon Residence.

Leave the contents of the gift box, as well as the preparation of the return of the gift, to Sister Yan, who is most comfortable with such things, and who is also watertight.

It was impossible for her to marry into the Duke of Qi's House, and she always felt that the Duke of Qi's House had a great affinity with her mother, and that Mrs. Liu Shangshu was also very strange.

As a matter of fact, even if this Mrs. Liu Shangshu is personally unknown to her mother, she should not harbor any malicious intent, but the conclusion she came to was that this Mrs. Liu Shangshu seemed to be targeting her mother at every turn.

Two people one grew up in Jiangnan, one grew up in the capital, seems to never have relations, even if after the mother married into the capital to come, and Qi Gongfu occasional dealings, but only occasional dealings, this high and mighty Miss Qi, seems to have a lot of bizarre and incomprehensible grudges and feuds with her mother.

Is it really because she stole her mother's marriage in the first place, because this Liu Shangshu still misses her mother in his heart, that she is so displeased with her mother?

But at that time she obviously so many choices, but chose the unknown Liu Shangshu, although the scholar is difficult to test, but for the capital's family, this is not the best choice, how many scholar into the career is not as good? However, this Qi Gongfu's eldest young lady married.

And marrying down that way.

I'm afraid that Scholar Liu at that time did not dare to refuse!

It's the sadness of motherhood.

If this is a coincidence, what about after that, the Empress Dowager sent out her chamberlain, what is the meaning of looking for some pure daughter, and the target is still Jiangnan, at that time the mother should be considered eligible, is this really another accident?

And then it seems that my mother has nothing to do with this Mrs. Qi, but what about myself and Liu Jingyu, they seem to be natural rivals, when I was a child, Liu Jingyu wanted to put myself to death, and after I grew up, Liu Jingyu, even more so, took action against herself over and over again, and even planted dark chess pieces in the Qu Mansion.

Is this Mrs. Qi's doing, or Liu Jingyu's?

Two people who obviously have nothing to do with each other, why would they carry such a big karma, Qu Mo Ying paid himself to have nothing on himself, so it would be on his mother.

But there seems to be nothing on her mother, but lately the more she checked the more alarmed she was, what is the meaning of the Duke of Qi, and what is the matter with the closeness expressed at every turn, the main thing is not Mrs. Duke of Qi, but the Duke of Qi, it is the Duke of Qi who asked for a decree to rob her mother of her affinity in the first place.

Was it guilt towards mother? But after so many years, Qu Mo Ying in the manor didn't seem to see the appearance of the Duke of Qi, so what was the meaning of the Duke of Qi's appearance now?

Repeatedly show goodwill, even this time, in fact, the Duke of Qi himself is not much responsibility, are in the body of Liu Jingyu, and Liu Jingyu has now come over to express an apology to Liu Jingyu's identity, has been done to the limit, the Duke of Qi this is what want to do?

Moreover, he also sent the Prince of Qi's marriage, if the Prince of Qi married himself, it would be a really low marriage.

Then there is the matter of the guqin Feng Yu, the great lady of the Duke of Qi's house clearly knows about this matter, mother's guqin is the one that has been there since childhood, why would it be related to the Duke of Qi's house?

Lady Qi didn't like her mother, and might even lay hands on her, so why did the Qi State Duke's Office befriend herself?

In the end, what kind of a reason, and heard that the mother personally small not to attend the banquet, has been in their own House, even the Yue's relatives many people have not seen the mother, why? The mother of the big Yue's also grew up in Jiangnan, why is it different from the mother of the small Yue's?

Qu Mo Ying couldn't figure it out for a while, so he could only slowly check.

A thing, even if it was not considered secret at that time, after so many years, it is not easy to find out, not to mention that this thing is secret at first sight.

A hidden secret about my mother and the Duke of Qi's house

"What, mother is going to be sent to a nunnery for purification?" When Qu Mingcheng got the news, he didn't dare to go to Qu Zhizhen and looked for Qu Qiuyan first.

Since the last incident, Qu Mingcheng was not so proud in front of Qu Zhizhen.

"Yes, it's for the best, she's a loan shark and let father find out." Qu Qiuyan's face showed a few moments of exhausted fatigue.

"How did she dare to do this?" Qu Mingcheng sucked in a mouthful of cold air before asking, "How did you find out?"

"I don't know, it might have something to do with the pastry store she left me before, I feel that this is bound to have something to do with Qu Mo Ying, it's this little bitch who wants to harm mother." Qu Qiuyan gritted her teeth.

The more she thought about it, the more suspicious it seemed to be.

"Mother she how she is so confused!" Qu Mingcheng understood, exasperated, stood up and turned around in place a few times, "Is this kind of thing something that can be done? Even if she loves money, she can't do this kind of thing, this will inevitably affect father and me."

Qu Mingcheng was certainly more concerned about his future than money.

"You're really too, is it possible to just take what your mother gives you? At that time, I felt that it wasn't right, and you even asked me to take a look at it, but now it's good to see that things have come to a head." Qu Mingcheng angrily accused Qu Qiuyan and said.

"Is it my fault? It's mother's own carelessness, and you, brother, you went to look for it before, how come something happened, it must be that you revealed something and let Qu Mo Ying's people know about it, second brother, you're really something, you didn't do such a small thing, and now you've caused mother to come to this point."

Qu Qiuyan countered with an annoyed voice.

"This thing also blame on me, are you and mother, two people are too small eyesight, just know money money money, if there is no power, light money what is the use of women with long hair, is to see short." Qu Mingcheng was infuriated, reaching out and pointing at Qu Qiuyan, said, finished also not Qu Qiuyan, turned around and left in big steps.

He didn't want to be involved in this at all, and his father was kind enough to send his mother away.

For now it was best if he acted as if he knew nothing.

From the Hibiscus Pavilion out, stepped on the path towards the East House, but saw a person far away, actually is Aunt Hailan, Qu Mingcheng stood his feet, thought for a moment and turned a direction, at this time he has to stay away from his mother, this later he can rely on the person is his father, not his mother, and then with his mother is too close to the mother, it will cause his father to be annoyed.

He even regretted that Fang had come from the East Mansion, and after he went back, he wouldn't come back to the West Mansion for this period of time.

Everything will have to wait until the mother is sent away!

Aunt Hailan did come to wait for Qu Mingcheng, because Yu's going to leave, there are some things have to be prepared, at least Yu's is still the second lady of the House of Qu on the surface, it is the wife of the minister, and her situation is not very good, find a doctor to look at it, and prepare some things that must be used, it fell on Aunt Hailan's body.

The granny guarding the door outside the courtyard also left, Yu's only let Aunt Hailan take advantage of the gap to find the son, daughter, but the daughter there ate the door, said Qu Qiuyan arm burns, can't get up, inconvenient to come over to see her, such as the clan to settle down in the future and then go

over to see her, as for the East House, Aunt Hailan also have no time to only guard the place and wait a while, heard people say that the second son of the West House over the coming.

But in the end, Aunt Hailan didn't wait for the second prince and could only leave helplessly to report to Yu.

Yu's is the next night, a small carriage, with only Aunt Hailan quietly left the Qu residence

Chapter 470 The Wordless Monument Behind the Green Daoist Temple

Qingyun Guan in the capital is very famous, although only female Guan, but the relationship with the royal family is close, by the three kings of the rebellion involved in the innocent princess, is the royal bloodline, and finally can only be here in the lonely death, leaving a wisp of incense soul quietly passed away, whoever remembers this section of the past, are for her Wanxie.

It is said that this county princess has outstanding appearance and was raised in the Empress Dowager's knee, and was once a famous woman in the capital with both talent and appearance, as well as a noble birth.

But at the end of the day, now it's just a smattering of yellow dirt left alone.

Qing Yun Guan occupies the location is also very good, here is actually originally a female crown, in that the county princess to here when the master, but also again and again after the expansion, I heard that the Empress Dowager pity her, only vigorously constructed, this one Qing Yun Guan is also therefore a great reputation.

It is also prestigious because it is the place where women are crowned and the royal bloodline is buried.

Qingyun view of the back of the mountain, there is a slope, slope above a small platform, platform, there is a green stone grave, covers an area of not much, like the kind of ordinary family graveyard in general, but among the monument is a monument is a wordless monument, above the white, nothing.

At this time in front of this wordless monument, a female Taoist priest was sitting on her knees on the verdant stone ground in front of her, she was a middle-aged Taoist nun in her forties or fifties, with her

eyebrows lowered, she lit up a couple of columns of incense in front of her, and then slowly looked at the light smoke in front of her eyes, and slowly opened her mouth to murmur.

“You said that people who are kind and good can be happy in the end, but unfortunately I can’t see it, if there is fairness in this world, why would someone like you end up in such a situation!”

The Taoist nun’s voice was cold, and so was her smile, as if she were looking at another person through the misty smoke, but then again, she didn’t seem to be looking at any one person, only at this cloud of smoke.

Behind them a landscape of rolling hills, only the rolling was just mountain love, but nothing more.

This season the mountains are green and pale, and after that they are green again, back and forth for so many decades, but what? Everything has long since changed.

Three incense on the not slow, curls on the finish, the smoke flew away, the female Taoist nun finally helped the wordless monument stood up, the last look at the wordless monument, turned and left in stride, she will not be like the one lying so, just so pure and do nothing? She will not be like the person lying down, so pure and inactive?

She wouldn’t and wouldn’t do it!

Otherwise she felt like there was no point in her even being alive.

All of this, she can put down, but they can not, all of this should not bear, why let them two weak women to bear the

A green-clothed Taoist nun slowly left, only a faint smell of smoke in the air around, around a few intersections, not far away is the Qingyun Guan, both so far away from the past, you can see the Qingyun Guan’s momentum, that is the Royal Crown of the women, not the general Taoist temple can be compared.

It's just that what looks gorgeous, sometimes what's hidden behind it, may not be gorgeous, and can even be described as brutally real.

Even if you can't bear it, you have to bear it

Qu Mo Ying got off the carriage, went up to the front of the carriage, helped the dowager lady down, this time to the Qing Yun Guan for Ji Han Yue blessing, last time promised Ji You Ran, but even so, the dowager lady is not willing to Qu Mo Ying followed the season side consort to come over, in order to be afraid of Qu Mo Ying alone alone, the dowager lady deliberately accompanied the Qu Mo Ying to take such a trip.

Qing Yun Guan is outside the capital city, there is a considerable distance from the capital city, today is up early in the morning to come over.

It's early in the day, and there aren't too many visitors.

The dowager lady held Qu Mo Ying's hand down the carriage, looked at the surrounding scenery and nodded, because Qing Yun Guan some road, the dowager lady would rather go to some nearby places, this place is actually seldom come.

A Taoist nun came over to bow to them, asked clearly is looking for the quarter side consort, the Taoist nun smiled and asked: "But the fourth young lady of the Qu minister's residence and the dowager lady? Just now Ji side consort has already ordered, if it arrives, please go over to meet is."

It turned out to have arrived, the dowager lady was a little surprised, they got up early, I did not expect this quarter side consort to be even earlier.

Of course these doubts can only be placed in the heart, smiled and nodded, followed the Taoist nun, this Taoist nun is a good talker, all the way over, while guiding the mountain scenery, while talking about some of the allusions, this way, actually do not feel long.

Only after turning to an open area and coming to a courtyard did the Daoist nun stop and smiled, "This is our Guan Master's place, the Lady Side Consort and our Guan Master are inside, please come in, Mrs. Tai and Fourth Miss Qu."

“Your Goddess is in there?” The Dowager Lady asked, raising her eyes with some intent.

This Qing Yun Guan master’s reputation is really too big, I heard that he was a scholar before, and now he is even going in and out of the palace, and he has a great reputation in the royal family.

Only, this Goddess does not see people on weekdays, even if the guests come again powerful, can not see her or not, the previous Goddess, the county princess in distress, had begged the then Empress Dowager for a decree to allow her autonomy, no one can force her to act.

And as a result, this one is even harder to see.

It is said that she is not only good at talent, but she can also enlighten people and see through a person’s future creation, which is most spiritual.

However, this Goddess of Mercy seldom opens her mouth to say this kind of thing, but basically what she opens her mouth to say is accurate, and whether or not she can let her open her mouth to criticize her fortune depends on fate.

This so-called destiny, not just wealth, power, and the Empress Dowager left the decree, even if you again powerful, to here also have to be peaceful, and the powerful and wealthy people also feel more of this Qingyun Guan spiritual, not far from thousands of miles to come over, just ask to see the master of this side of the Guan, batch of a life.

However, the master of this view is really a dragon, often is not in the view, may go to the palace, may also be in some famous mountains and rivers travel, anyway, door to door to see, basically impossible to see.

Even if it is JiHanYue at that time also is not seen the master of the view, but she was not not too believe in these, also only came to a trip, did not meet on the go, after this no longer come.

It was also unfamiliar to this Goddess of Mercy!

Right now, listening to the Taoist nun say so, but also came to a few points of interest, Ji You Ran still has a few skills, but also let her meet this Qing Yun Guan master, is really unexpected.

What was even more unexpected was that this Qing Yun Guan Master, also actually agreed to Ji You Ran bringing herself and her grandmother over as well.

Helping the dowager lady into the courtyard, the courtyard is also very empty, only a few simple rooms, the corner of the wall planted a tree, the tree side against the wall, there is a wall of vines, this time of the year, although it is not the time of the blossoming of the flowers, but look at the thickness of this rack of vines, it is bound to be the opening of the extremely beautiful, extremely leisurely.

On the other side were a few emerald bamboos, from which it could be seen that this Qing Yun Guan master was an elegant person, but from what I heard, she was a lady of the world's family, so it was reasonable that she could live in a simple and elegant manner.

Five houses, right in front of the center of the house, stood two small Taoist nuns, one saw Mrs. Qu come over, lifted her steps and walked down the steps, came over and bowed to Mrs. Qu and Qu Mo Ying, "But Mrs. Qu and the Fourth Miss?"

"Exactly!" Qu Mo Ying nodded.

"Please rest in the compartment." The Daoist nun softly said, reaching out to a room on the right.

Mrs. Qu's face is a little unsightly, since she let herself come over, but still see all do not see a side, no matter how she is also a minister's residence of the dowager lady, this Qingyun Guan master is also too look down on people.

"Ji Side Consort is inside?" Qu Mo Ying asked without moving his feet.

"The Lady Side Consort and the Master of the Observatory are discussing the matter of worshipping the Crown Princess, and are not to be disturbed." The Daoist nun explained gently, looking at this appearance it wasn't meant to be overbearing.

Mrs. Qu's face looked a few points better, if it was discussing the matter of the Crown Princess's worship, it was true that her own family could not say anything, and it would be useless to go over there.

"Since Lady Side Consort is still talking about the matter of the Crown Princess, then Grandmother and I will leave it alone for now, and just go for a walk first, originally coming over to pay homage to the Crown Princess." Qu Mo Ying faintly said with an unchanged expression.

Said holding the dowager lady's hand turned to leave, since this Qing Yun Guan master does not want to see himself and grandmother, he here is not obliged to see.

Ji You Ran had asked herself to come to pay homage to Ji Hanyue, and if it hadn't been exactly what she wanted, she wouldn't have been able to get the dowager lady to agree to the next matter so dryly at that time.

However, she had come to pay her respects, and Ji You Ran was not ready until now, yet she was chatting with the Qing Yun Guan Master, but it was Ji You Ran's business!

Outside the courtyard door, guiding the Taoist nun has left, Qu Mo Ying helped the wife to walk casually, this one party over the very far, look at the appearance is like the back of the Qing Yun Guan.

Follow the steps toward the back of the Qing Yun Guan's mountain, I heard that there is a small Sanqing Hall at the top of this back mountain, and the incense is also excellent.

Of course, the view up there is also excellent, standing at the highest point, you can also see the distant mountains near neighbors, the beauty of the high and low, there is also an old laurel tree above, said to be thousands of years old, at this time it is the osmanthus blossoms in full bloom, but also attracted people to come over, inevitably go up to take a look.

Qu Mo Ying helped the dowager lady to slowly go forward, the dowager lady walked while talking to Qu Mo Ying about the origin of Qing Yun Guan, these things in the previous life of Ji Han Yue had heard some, but not as detailed as what the dowager lady said, after all, at that time she was not interested in these, and the dowager lady of the season is not the kind of person that would be kind to say this kind of thing to her granddaughter.

“Chu King’s daughter, County Lord Heng Yang, even by now should not be too old, right?” Hearing the Dowager Lady finish, Qu Mo Ying asked curiously.

The daughter of the king of Chu in the middle of the three kings’ rebellion, the county princess of Heng Yang, grew up in the side of the Empress Dowager since childhood, but was implicated by her father and was forced to enter the women’s crown, and here is the Qing Yun Guan that the Empress Dowager has specially expanded for her, which is more than thirty years in the past, and that county princess had not married at that time, and she was only seventeen, eight years old at most, and now she is only about fifty years old, I guess.

“The age is not big, unfortunately, this kind of time, the home is already gone, the people who are close to her side are all dead, even if she lives, it is also painful.” Mrs. Tai Dao, gasped for a few breaths, suddenly reached out and pointed to the front, asked in surprise, “Shadow girl, you look at that side is not
