

Noble Wife 471

Chapter 471 The Unhappy Mrs. Ji

"Isn't that Mrs. Ji and Mrs. Duan over there?" Mrs. Qu reached out and pointed to a few people resting by one of the steps above, asking in surprise for.

Qu Mo Ying raised his head and saw an octagonal pavilion on a platform in front of him, and the few people sitting inside were really the Dowager Lady and Mrs. Duan of the Ling An Bo House.

"Grandmother, yes." Qu Mo Ying carefully supported Mrs. Qu and calmly nodded.

In fact, it was not difficult to guess, Ji You Ran even invited herself, of course, she would also invite the people from Ling An Bo Fu, but she just did not expect to meet them here.

Ji You Ran didn't take them to see Qing Yun Guan's Guan Master, but took herself over, could it be that she wanted that Qing Yun Guan Master to see her and talk about her fortune?

At that thought, one hand tightened slightly, and his heart pounded wildly for a few moments.

There were some things that she couldn't explain and couldn't say, even to the point that she didn't dare to say it, or else she might let people treat her as a demon, this kind of thing, it was too felicitous, any person who knew would not believe it.

But it happened to her.

Ji You Ran was suspecting something, or was it just a coincidence? Although she didn't think that this Qing Yun Guan Master, could be so magical and see through everything, she was still on guard!

"Let's go over." Mrs. Qu said.

Qu Mo Ying stowed away the ten thousand thoughts in his mind and nodded, helping Mrs. Qu over.

Mrs. Ji in that place had long seen the people of the Qu Mansion and frowned in disgust, she didn't like the people of the Qu Mansion at all, no matter if it was the Third Miss Qu, or this Fourth Miss Qu in front of her, it didn't seem to be any good.

However, now that they met, they couldn't not greet each other, after all, Qu Mo Ying was still holding the identity of Ji Hanyue's own cousin.

Seeing them come over, a kind smile appeared on his face and had tea prepared.

After both parties had seen the ground salute, they sat down.

"Fang just went to see side consort lady, but Qing Yun Guan master is also in, I didn't expect side consort lady actually and Qing Yun Guan master friendship, really blessed." Mrs. Qu held up Ji You Ran and praised with a smile, this capital can see this Qing Yun Guan master, originally not much.

Everyone knows that this Qing Yun Guan master is high and pure, is not able to be shaken by the identity of the East Palace side consort, there is the Empress Dowager left the decree in, and who dares to force this Qing Yun Guan master.

"Lady side consort's heart is calm and peaceful, and Qing Yun Guan master is also early acquaintance, Guan master appreciates lady side consort's nature, naturally is high on lady side consort." Mrs. Ji quite a few points of complacency said, can see that this complacency is really with honor.

Qu Mo Ying raised her eyes to look at this former grandmother, her eyes could not afford a single ripple, after all this happened, the person in front of her no longer had any blood relationship with her, not just in the real body, but in the heart.

Can look at the big house lineage was slaughtered empty, and do not say a word, still living her Lingnanbofu dowager wife's comfortable life, that is clearly expressed on the side of the second house, how the future, Qu Mo Ying is not now with to comment, but one thing can be sure, there will not be half of the affinity.

"Lady Side Consort is indeed good – natured." Mrs. Qu laughed, being polite.

“Good nature, blessing is also good, when small looked at is a well-behaved, know how.” Mrs. Ji praised the rise, and did not feel to blow a few more sentences.

These few sentences, however, made Mrs. Qu uncomfortable as well.

This side consort lady is blessed, and her so-called blessed, but the building in the Prince Consort died on the part of the, to put it nicely some of the Prince Consort’s death gave her this chance, to put it bluntly some, like stepping on the Prince Consort to go up as if the curve of Mrs. Qu said before the word “blessed” two words, I feel that misspeak, was trying to remedy, did not expect The Ling’an Bo dowager in front of me was able to go along with her own words.

It was even more awkward for a while.

Other people say that they still know that it’s a slip of the tongue, this Crown Princess’s own grandmother still doesn’t know what she’s going to say now? The Crown Prince’s side consort has been a good girl since she was a child, what about the Crown Princess? What should I say?

“Lady Side Consort has followed the Crown Princess since she was young, every word and action is learned from the Crown Princess, naturally she is blessed.” Mrs. Duan raised her head and followed up with a sentence, which of course meant that Ji Youran’s blessings were all because of Ji Hanyue, a sentence that pointed out many hidden meanings.

Qu Mo Ying glanced at Mrs. Duan, not seen for many days, Mrs. Duan’s face is not good, visible in this period of time in the Ling An Bo House is not good, the bottom of the eyes flashed a trace of ghostly, there is this quarter of the Dowager Lady, Mrs. Duan’s days are not good can be predicted, but I did not expect that, it is actually so sad.

How long has it been, Mrs. Duan’s whole person’s complexion and spirit are not good, it looks like Xiao’s influence on Mrs. Ji is really not small, and the matter of the Yuejin Pavilion is bound to make Mrs. Duan eat a lot of sandwich gas.

The second house of Linganberries, if they were divided, would actually be nothing

Mrs. Ji's face was a bit ugly, coldly glanced at Mrs. Duan and didn't answer, she could tell that she was very dissatisfied with Mrs. Duan.

"Mrs. Tai, why don't we see Second Lady Xiao?" Qu Mo Ying softly picked up the conversation, looked around and asked with a smile.

"Xiao is in one place with Lady Side Consort." Mrs. Ji was very unimpressed with Qu Mo Ying, and with a nonchalant reply, she didn't want to go any further.

"Lady Xiao is actually also with Lady Side Consort at the Qing Yun Guan Master's place, Lady Side Consort is indeed a mother and daughter who values flesh and blood the most." Qu Mo Ying praised.

When these words were said, Mrs. Ji's face was sunken, her heart was a little unhappy, and she felt more and more that this Fourth Miss Qu in front of her, was one that could not speak.

How can you say that? What do you mean by "mother-daughter bonding" and "bonding of flesh and blood"? So you're not taking yourself along because you don't have any feelings for me?

"Lady Side Consort also asked me to go along, but I just didn't follow over because I felt that at such an old age, there was nothing more to ask." Mrs. Ji said.

"Mrs. Ji really has a penetrating nature, I heard that when the Empress Dowager was around, she repeatedly summoned Lord Qing Yun Guan." Qu Mo Ying said with a dimpled smile.

Mrs. Ji's face sank, and she could no longer say half a word of boasting.

Even the Empress Dowager wanted to meet Lord Qing Yun Guan, but for her, a dowager lady of the Ling An Burial Mansion, to say that she didn't care about this, would it not be blasphemy to the Empress Dowager.

The fourth Miss Qu is really not a displeasing, no wonder a good marriage has been returned.

"Fourth Miss Qu, I heard that the Duan Clan's side previously gave you the Yuejin Pavilion, is this true? I'm afraid this matter isn't quite right." Mrs. Ji said nonchalantly.

"What's not quite right?" Qu Mo Ying had a blank look on his face, smiling at Mrs. Ji, both respectful and uncertain, causing Mrs. Ji to become more and more angry.

"The Yuejin Pavilion is the dowry of the eldest daughter-in-law, originally it is to stay in the big house, how can it be transferred out, Duan's previous behavior, it is very inappropriate, this matter, but also please Qu Fu and our house to discuss a good deal, Xiao's previous management of all the Ling'anfu house, it is Xiao's appearance, it's better."

Mrs. Ji said in a cold voice.

"Isn't Mrs. Xiao from the second house? And this thing the dowager also said, these dowries are aunt's, and now it is going to fall into the hands of outsiders, I made a bid also to better leave this dowry of the Yue in the beginning, before I also asked cousin, cousin said it is feasible, no matter whether it is the mother, or the aunt, at the moment, really say, with the Yue have blood only I, and I am not buying the Yue gold pavilion, and by the way, the case is closed."

Qu Mo Ying said unhurriedly.

This said Mrs. Ji's face more and more ugly, from the real sense, the dowry of the Great Vietnam clan can be taken away from the Ji House, after all, the two daughters of the Great Vietnam clan are no longer available, even if there is a son, but also is not biological, only to do so, the two families will really tear their faces off.

It wouldn't do Viet any good!

After all, Ji You Ran is still the side consort of the East Palace, just for this point, the Yue Clan will also give up some money and Ji Clan friendship.

But Yue Wenhan is not the patriarch of the Jiangnan Yue clan, young and impetuous, will not consider so much, and there are also official positions in the body, really annoyed, maybe really can do this kind of thing.

Wasn't Qu Mo Ying right now her only cousin?

Thinking about it, Mrs. Ji suddenly regretted that if Ji Yan Yue was there now, at least the fourth young lady of the Qu Mansion couldn't say anything so honorable.

"If you don't believe me, you can check the contract I gave to Mrs. Duan, and it's all been notarized by the government, and now that the case is closed, is it possible that the Ling'anfu family wants to renege again?" Qu Mo Ying said this with a smile on his face, looking like he was telling a joke, but it made Mrs. Ji even more furious.

A little girl, also dared to be arrogant in front of herself, this if it was before, when the second granddaughter was there, how could this not happen.

But now, as soon as the big house was mentioned, as soon as the second granddaughter was mentioned, Mrs. Ji was inexplicably weak and did not dare to say more down the line.

"Mrs. Ji, since this matter is related to the Yue Clan, and they coordinated it themselves, and also closed the case of the Yue Gold Pavilion, forget it, it's inconvenient for us to intervene in matters related to the Yue Clan." Mrs. Qu smiled and made peace.

This said Mrs. Ji chest is again stuffy a gas, but there is nothing to do, Xiao previously told her about this matter, she also severely punished Duan, originally thought that today encountered this Qu four miss must be the Yuejin Pavilion to ask for back, would rather stick money out, but also have to Yuejin Pavilion to stay, Xiao said, the Yuejin Pavilion, but this would be the birth of the money.

But this time was Qu Mo Ying take words to hold, but a word can not refute out, only hate themselves is a mouth clumsy, if Xiao and the eldest granddaughter in the good.

The timing was not right to meet this fourth miss of the Qu Mansion, inexplicably blaming Ji You Ran and Xiao, the party also did not bring themselves together to go over, now it's good, first encountered this fourth miss of the Qu, and he could not help but say the words, and was refuted.

She stopped here, Qu Mo Ying is not going to let her go, Xiao's not there, but it is just right, turned his head to look at Mrs. Duan: "Mrs. Duan, that case thing, I found out something, may be related to your house, Mrs. Duan may want to listen to it?"

Chapter 472 It's Hard to Tell!

"Related to our mansion?" Mrs. Duan raised her head and looked at Qu Mo Ying in shock, this was something that Qu Mo Ying really hadn't told her about before.

"Yes, it was a steward of your house, surnamed Xiao, who teamed up with that merchant to assassinate Yue Jin Ge, and it was he who told that merchant to make sure that he wanted this Yue Jin Ge, and also said that your house would drag you out, not letting madam go out to deal with this matter, and in the end, when this store dragged down, naturally, it was owned by someone else's house."

After Qu Mo Ying laughed, his expression went cold.

"What?" Mrs. Duan looked at Qu Mo Ying in shock, then turned to Mrs. Ji, "Mrs. Ji, is there any steward surnamed Xiao in the residence?"

The steward surnamed Xiao, Mrs. Ji is really not clear, the things in the house, before and now are not her in charge.

"What Steward surnamed Xiao?" These words were spoken by Qu Mo Ying, and Mrs. Ji naturally disliked them, snorting coldly and asking with dissatisfaction.

"There is a steward surnamed Xiao, scheming Yue Jin Pavilion, before making such a mess, I don't know where a steward comes up with such a great ability, actually dare to do such a thing, and also make such a big mess, this appetite is really unusual, especially also said that it can trip up Mrs. Duan, this ability is even more unusual, I have talked to my cousin before, and my cousin has said that Yue Jin Pavilion should be left to the Yue bloodline. Ling An Bo House can't keep it, it's best for me to step in and buy it, and then deal with this matter."

Qu Mo Ying contained a smile and said without a hitch.

The color is calm and relaxed, even if the face wears eye veil, seems to win a few points, this temperament but inexplicably reminds Mrs. Ji of her own second granddaughter, no matter whether it is to do things or other, has never been calm.

After all, they are cousins, there must be some resemblance.

But it is this few points of resemblance, so that Mrs. Ji for a time can not say, and then think of this matter Yue Wenhan actually also know, this if really step forward, this Yue Jinge finally can not come back, for a time and angry and hate, hate Xiao is a useless, not only did not do things, but also made such a big mistake.

The heart of a wave of anger rose, in vain Xiao has always bragged in front of himself, and now it seems to be a not very useful, so a little bit of small things also did not do a good job, the family's property, a good push out not to mention that, and finally also let this qu minister's house of the juniors said that even the words can not be said.

"This matter, I also asked, originally is the dowry of the Yue Clan's lineage, since the Ling Anbo House has the intention to sell, the shadow maiden wants to pick this burden, I also agreed, can't let the Lord Yue think that our two families, even the ability to keep the dowry of the Yue Clan are not!"

Mrs. Qu is naturally on her granddaughter's side, although she feels that her granddaughter is not kind to this Mrs. Ji, but she thinks that her granddaughter has great respect for her cousin, and the meaning of this Mrs. Ji just now is clearly more favorable to the second house of the Ji family, the side consort.

Thinking about the big house of the Ji House, Mrs. Qu can't help but sigh for the big house of the Ji House in her heart, the former Ling'anbo House was as good as the sky, and the current Ling'anbo House only makes people feel pity.

The good big house lineage all gone, in front of this quarter of the Dowager Lady is still so biased, the shadow girl heart is not convinced, with a few provocative words to say out, although inappropriate, but also reasonable things.

Mrs. Ji was sullenly exasperated by Mrs. Qu's words again, but she couldn't say anything against it, her heart was angry and her face was cold.

"It's getting late, and we've rested about as much as we can, Mrs. Qu, we'll take our first step!" Mrs. Ji stood up, not wanting to say any more here.

"Mrs. Ji, please!" Mrs. Qu smiled.

Qu Mo Ying stood up and gave a sideways salute, respectful to Mrs. Ji, unable to pick out any faults.

But let Mrs. Ji even more angry, turned around and took Mrs. Duan to leave, she was afraid that she stayed to be angry out of the hair, this is all Xiao's good deed, not to mention the success of the matter, not to mention the failure of the matter, but also did not say anything to himself, so that he will not only disgrace this, but also have no bottom line.

Watching Mrs. Ji leave in a huff, Qu Mo Ying's eyes were ghostly cold.

What is the nature of Mrs. Ji, the most clear, this should be angry, this she has not had the opportunity to turn to Mrs. Ji in front of, since the Mrs. Ji herself hit up, of course she will not be polite.

"Shadow girl, she's the dowager lady of the Ling Anbo residence." Seeing Mrs. Ji leave, Mrs. Qu reached out to pull Qu Mo Ying's cold little hand and rebuked in a low voice.

Just now, in front of the people of the Ji Mansion, Mrs. Qu was bent on defending Qu Mo Ying, and even stabbed Mrs. Ji at the end, but at this time, without Mrs. Ji in the room, Mrs. Qu still felt that she had to talk to her granddaughter, and that this kind of attitude on her part was not right.

After all, Mrs. Ji is a highly respected person, and Qu Mo Ying is a junior, so she shouldn't speak to Mrs. Ji like this.

"Grandmother, the second house of the Ling An Burial Mansion really wants to conspire to take my aunt's dowry, before it was that Lady Side Consort who didn't return it, now that it has been returned, she wants to cause trouble and secretly set up a trap, and Mrs. Duan can't do anything about it, she won't even let the door of the Mansion go out, and with such a big thing going on, do you think that the Dowager Lady of the Quarter really doesn't know anything about it?"

Qu Mo Ying backhanded Mrs. Tai's hand and softly explained.

"Mrs. Ji knows? That then why she, the big house and the world's son ah." Mrs. Qu was truly unaware that there was such a thing here, and asked in surprise.

"The great house of the world's son, is not yet the second house of, in the quarter of the dowager lady looks, anyway, only is the son of the son of the line, the great house, the second house are her son, in the hands of the great house, and in the hands of the second house, there is no difference, as for the world's son, even if there is no more, the second house does not still have a son!"

Qu Mo Ying said without thinking, his eyes becoming cool beneath the veil of his eyes.

"This this is unlikely right the big house's is the big house's, it's not like the big house has no one left!" Mrs. Qu sucked in a mouthful of cold air, although they were both sons, there was a difference between the two sons.

The general family is also divided very clearly, especially in the family, but also extremely rules, the two houses are not divided, just like the first concubine is not divided, is the source of chaos family.

"Grandmother, you think so, Mrs. Ji may not think so, as long as" Qu Mo Ying said here leveled his breath and eased down, "Grandmother, the big house of the Ji House is aunt's, I will not let all of her fall into the the hands of the second house of the Ji Mansion."

Hearing her say this, Mrs. Qu couldn't say she was wrong, and helplessly clapped her hands, "After all, she is your aunt's mother-in-law."

It was a warning to Quemoy Ying not to be so impulsive.

Qu Mo Ying nodded and softly said, "Don't worry grandmother, I will pay attention in the future."

Just now is indeed a breath up, said some over the top, but there are a few points here she is intentional, for the quarter Mrs. She is an understanding, is an internal strong in the dry, at this time there is no one, she said no one, will only put a mouthful of bad breath to hold.

Qu Mo Ying was happy to see her holding this bad breath to Xiao!

Today was a big day of worship for the Crown Princess, and it was indeed a good day!

"This is the fourth young miss from Servant Qu's residence?" The person at the window doorway watched Qu Mo Ying in the courtyard help Mrs. Qu leave, and the corner of his lips hooked slightly.

This is the Qing Yun Guan Master, although she is old, but vaguely can be seen the appearance of youth, is bound to be an unparalleled beauty.

The so-called talent and appearance, said this is such a person, but unfortunately it is a bad life, and finally suffered from the implicated, fell into a lifetime can not marry, became a female crown!

"Right, said that the eye disease has not been fully healed." Ji You Ran skimmed her mouth, stood up, and went to stand in front of the Qing Yun Guan Master, looked out the window, and only saw Qu Mo Ying and one of Mrs. Qu's backs, "The Guan Master has seen her, and thinks that her future qi will be good?"

"Her qi, however, is not easy to say." Lord Qing Yun Guan shook his head and smiled as he turned back to the table and sat down, mysteriously.

"How?" Ji Youran asked eagerly, following suit and turning to sit across the table.

"When the party got up, it was already a little late to see, only saw a little bit, she left, only vaguely see out, should be a beauty." Qing Yun Guan master answered very shallowly.

"I didn't expect to leave just after coming, I originally wanted to leave her behind so that the Goddess of Mercy could take a good look at her qi." Ji Youran said in exasperation.

"Why does Lady Side Consort care so much about her?" Lord Qing Yun Guan asked in a gentle manner.

“This Fourth Miss Qu looks soft and weak, yet she doesn’t look like she sees, I’m curious to ask about her fortune.” Ji You Ran of course would not tell the truth, and replied with a smile, “Does the Goddess of Mercy think her fortune is better than mine, or worse than mine?”

Inexplicably, Ji Youran will always inadvertently think of this Qu fourth young lady, always in the heart vaguely feel that this Qu fourth young lady will be their own rivals, but to specify where, and as if there is no, at most, to help the big house of the Ling’anbu House, and their own mother to fight, which is actually nothing.

Ji Hanyue is dead, this Qu fourth miss is useless to fight again, but it is a little uncomfortable to think of her, today, since she saw the Qing Yun Guan master, Ji You Ran deliberately lured Qu Mo Ying over, wanting to let the Qing Yun Guan master to help himself to look at her fortunes, will it suppress himself, will it collide with himself.

“How is this a good comparison, you are the Crown Prince’s side consort lady of the Eastern Palace, and this fourth young lady from Servant Qu’s residence, although her fortune is unclear, she should not be able to compare to the side consort lady.” Lord Qing Yun Guan implicitly opened his mouth and laughed.

These words strangely soothed Ji You Ran, her heart was slightly at ease, it looked like she was overthinking things, immediately making her smile like a flower, the corners of her lips curved up.

Xiao sat on one side, this time also interjected: “You ah, what people are used to compare with you, that can be compared? Your blessing ah is still behind, the Goddess of Mercy said this, you also heard, no longer need to think nonsense.”

“Thank you, Master Guan!” Ji You Ran sincerely apologized.

“Lady Side Consort is polite, I still have things to do here, so I won’t accompany Lady Side Consort.” Lord Qing Yun Guan said with a smile.

“Many thanks to the Guan Master, then we won’t bother the Guan Master, farewell!” Ji You Ran stood up, knowing that this Qing Yun Guan Master had already given himself a great deal of face by agreeing to meet with him, so of course he wouldn’t be insensitive enough to definitely force himself to stay at this time.

Xiao followed suit and stood up, and Lord Qing Yun Guan nodded gently and did not send them off.

Ji You Ran was not angry, knowing that this Guan Master carried a few moments of innocence, and Xiao's two excused themselves and left.

When she arrived outside the courtyard gate, there was a Daoist nun from the Guan who took her to the hall where the Crown Princess was worshipped.

Chapter 473 Advancing Step by Step, Speaking Straight to the Point

The hall for worship had actually been prepared, it was the largest hall in Qing Yun Guan, in the past days few people worshipped here, it was treated as the facade of Qing Yun Guan.

But today is different, the doorway of the main hall of the large open, maids, grannies standing on both sides, the same Taoist nuns also stood a few rows, a look at the extraordinary momentum, there are already people inquiring about the Taoist nuns of the Qingyun Guan, which family is worshipping, such a big row.

When they heard that it was for the Crown Princess of the Eastern Palace, many of them folded their hands and rushed to salute from a distance.

This Prince Consort is Ling Anbo's daughter, Ling Anbo before the military power, guarding the border for so many years, can be said to be laborious, and now not only Ling Anbo accident, and Ling Anbo's two daughters are out of the matter, and now think of this family is indeed poor enough.

Even if it is the crown princess of the dynasty and how, in the end, or can not resist this life, some know that the side consort is now in charge of this is also the daughter of the quarter house, can not help but more and more sighed.

Who would have thought that the one that was desired by all ended up in such a state, the one that was least expected, but could be the sole favorite of the Eastern Palace.

Time is also, and life is also, really not just a word.

Sensing these, more people are thinking of inquiring about the whereabouts of the Qing Yun Guan Master, this Qing Yun Guan Master's ability is extremely great, if he meets someone who fits the fate, he will instruct you a few times, and in the future, it will be an inexhaustible thing to use.

Today is the day to worship the Prince Consort, may this Qing Yun Guan master will also show up, many brains turn fast people, immediately thought of such a possibility, decided not to go anywhere, just wait here to see if there is no chance to meet the Qing Yun Guan master, how to see how to look at today's chance is still quite big!

After all, this is the Crown Princess!

There were quite a few people who had this idea, and it could be seen that many people, although they did not come close, were looking at this side from afar, waiting quietly for the Lord of Qing Yun Guan to appear, and also to see how the Crown Prince's Residence was paying homage to the Crown Princess, and what kind of people would be coming!

Ji Youran pretended to kneel in front of the spirit seat of Ji Hanyue, crying can not get up, both sides of the maids, grannies persuade one by one, only to put almost "crying" Ji Youran help up, Xiao also stood up, while wiping tears, while Ji Youran said: "Lady side consort do not have to be sad, people can not die, can not be resurrected. The Crown Princess will always know that you miss her."

"So what if I know? Second sister is already gone, how does this make me embarrassed." Ji You Ran's eyes were wiped red, this will take a handkerchief to wipe the tears, looking at people sad, had to be touched by her sisterly love, "If you can, I would rather At that time, the one who died was me"

The words had choked up, unable to speak, tears falling like rain.

"Lady Side Consort, the Crown Princess must not want to see you like this, if she has a spirit in the ground, she will surely feel your sisterly love." Xiao again advised, helping Ji You Ran to sit down on a chair on one side, "In order to prepare for this worship, but you couldn't care less about your own body, now at this time, it's even more important that you should properly recuperate your body."

Xiao's words, of course, implied that Ji You Ran quickly give birth to an heir, grabbing the future crown princess before giving birth, and later on, when the crown prince sits in that position, the one who comes down from this gentleman will be the firstborn son, and his status is definitely not comparable to that of the heir in the future.

"Mother, let's not talk about this beforehand." Ji Youran does not want to talk about this matter, she also wants, but there is no reaction, not in a hurry, but the oblique wind side, whether it is or not, she sent a bowl of spiced "tonic" over, would rather kill than let go, she did not give birth to, a bitchy girl by virtue of what to give birth to?

And the Empress Dowager also personally knocked Ji You Ran, that is to let Ji You Ran not to have other thoughts, otherwise just the Empress Dowager there will not be able to tolerate her.

This talking Ji You Ran is very annoyed, and even have a feeling of wanting to rush to the Prince's study regardless of everything and talk to the Prince about this.

At the beginning of the Prince's intention, clearly is the future to help themselves to the position of the main consort, the position of the Prince Consort is their own, now why will it become this way, the Prince actually want to marry someone else, why can't they be the Prince Consort, their heart and soul for the Prince, why can't they give birth to the eldest son?

But these anger, Ji Youran finally suppressed, this time is different from the past, the Prince is not going to keep the promise, what she wants, but also have to reach out themselves.

Just as back then, what she wanted, she snatched it from Ji Hanyue's hands is.

Since Ji Hanyue could be killed by herself, couldn't Liu Jingyu?

Liu Jingyu in front of the eyes of unlimited scenery, looking at immediately will be in charge of the East Palace, when the JiHanyue is not more scenery? Not only said to enter the East Palace, but also the legend of the Crown Prince also put Ji Hanyue on the head of the heart, but finally? But in the end, it was not pushed to the bottom of the Lin Yuan Pavilion by his own people.

So, there was no rush, take her time, she wanted to let the Crown Prince know that she was the one most suitable for the Crown Princess position.

Before letting the Crown Prince see that this Jingyu County Gentleman was unkind to Ji Hanyue's cousin, now she could let the Crown Prince see that she had a slice of love for Ji Hanyue, so that the Crown Prince would know that she was a person who remembered her love, and for this reason, she had prepared a play.

In such a scene in, there are some things in which the Prince is bound to think more highly of himself.

Ji Hanyue died, he can also use her again, anyway, are for the Linganbofu, Ji Hanyue even if the spring is aware of, will also feel that he did the right thing, besides, at that time, it is not their own want to do what they can do, what they do, but also for the whole Linganbofu is not involved, in order to save the Linganbofu a lineage.

There are many things that one can't do on one's own!

Thinking about it, even she felt benevolent to Ji Hanyue, the crown prince at this time is bent on marrying Liu Jingyu, the only one who still misses Ji Hanyue, single-mindedly worshipping Ji Hanyue, Ji Hanyue know, will certainly bless themselves.

"Mother, who would have thought that the second sister would be like this, I I" Ji Youran cried again .

Xiao and the people around her had another round of persuasion, and while they were talking, they saw Mrs. Ji come over with her maids and grannies.

Xiao hurriedly greeted them and saw outside the temple door that not only Mrs. Ji was there, but even the Qu House's Dowager Lady and that Fourth Miss Qu who was clearly the target were also there.

For a while her face was a bit unsightly, she was extremely disliking Qu Mo Ying.

Although Mrs. Ji is the first to go up, but they went up not long, Qu Mo Ying helped Mrs. Qu also went up the mountain, the two under the end of the embarrassed to say that it is separate walk, they walked together, together down the mountain, after all, to worship the Crown Princess together, at this time and then separate, it is a little bit of separation.

And this way Qu Mo Ying is also very quiet, but did not say anything else, Mrs. Ji just pretend that she can not see, only talk to Mrs. Qu.

The two men spoke calmly.

This will see Xiao's out, Mrs. Ji immediately remembered the suffocation suffered before at Qu Mo Ying, her face immediately ugly, Xiao went forward to salute, but also just a nonchalant grunt, considered to have heard.

Qu Mo Ying stepped forward and graciously gave Xiao a bow, "Mrs. Xiao!"

"Qu fourth miss look really good color, really is a person like the spirit of fresh!" Xiao took a look at the Qu Mo Ying, the gas is not to hit a place, thinking about the hand of the Yue Jin Ge, finally fell into the hands of the Qu Mo Ying, the heart is spraying gas, their own under the steward, but the cause and effect of this matter have been reported to her.

It was said that it was this Fourth Miss of the Qu Mansion's meddling that caused that Duke Zhao's schemes to fall through, and in the end, because they fell through, he asked Xiao for the belongings he had previously given away.

That sum of property can be really quite a lot, at least a small half of the price of the Yuejin Pavilion, such a large sum of money, Xiao got overjoyed, originally thought that the Yuejin Pavilion did not have a share of the good things now, of course, vigorously help to make the effort to Mrs. Duan detained in the Linganberger House, do not allow her to go out and do things.

Now things are not done, Zhao Gongzi's side to ask for, Xiao can not help, get so big a sum of money, she first sent half to her daughter, this kind of thing has a daughter backing is of course the best, but now after the incident, of course, she can not be asked from her daughter again, the hand and not so much cash, had to open up the treasury, secretly buy off a few things, only to make up for the hole.

The most important thing is that the steward also said that over there to ask for urgent, she has a few things still had to buy cheap, think of hate, see Qu Mo Ying this fire on the up, the daughter said before, all of a sudden was thrown into the back of the head.

“Mrs. Xiao said what happy event? I here is nothing happy, is some annoying things still have to trouble Mrs. Xiao, before found out the Yue Jin Pavilion things, the original with your house steward in the relationship!” Qu Mo Ying stood up straight, raised her eyes to look at Xiao, the corner of her lips slightly hooked, unhurriedly said, she is really not afraid of Xiao to ask for trouble.

“Qu fourth miss” Xiao’s face became more and more ugly when she heard it, and she coldly said, looking like some words were about to come out of her mouth.

Mrs. Ji’s face sank as she sternly scolded, “Xiao, what are you saying at this time, don’t bring in to pay respects to the Crown Princess.”

Xiao didn’t finish a sentence, was reprimanded by Mrs. Ji, and in front of so many people, for a time it was very difficult to get off the stage, face green for a while, white for a while.

“Mrs. Tai, don’t be in a hurry, perhaps Mrs. Xiao also wants to ask about the things you asked about before.” Qu Mo Ying laughed, her face open and relaxed.

“Xiao, this matter turn around and you give me a good explanation to explain.” Mrs. Ji said offhandedly, turned around and walked inside, this kind of thing again, isn’t this letting the Ling An Bu House lose face?

If you really want to find out such a person, and still Yue Wenhan also know the words, Mrs. Ji felt that there is no need to check, Xiao’s greed for those things, is not a day or two days, Mrs. Ji, although listening to the angry, but is convinced that Qu Mo Ying said is the truth, Xiao’s inevitably is not clean.

The more you talk about this kind of thing, the more humiliating it becomes, especially at a time like this.

Xiao was choked by Mrs. Ji’s embarrassment, so many people outside the temple, she is also the second wife of the hall Linganbofu, and the birth mother of the East Palace side consort, was rebuked like a

subordinate, the bottom of her eyes flashed a trace of hatred and annoyance, this old woman is also too uninteresting.

Do you really think she is now when her eldest uncle is around?

Although her heart hated and annoyed, she wouldn't really argue with Mrs. Ji at this time, Xiao turned around with an ugly face and wanted to follow Mrs. Ji into the hall door.

"Second Lady Xiao, that steward surnamed Xiao, is he one of Second Lady's people?" Qu Mo Ying didn't intend to let Xiao off the hook like this, stepping forward, smiling and asking bluntly.

These words asked the front of the Mrs. Ji suddenly stopped in her footsteps

Chapter 474 A Reckoning on the Trail

"What steward?" Mrs. Xiao's heart shook as she subconsciously asked back.

"It's a clan brother of Mrs. Xiao's mother's family, the one in charge of the Ling An Bu House, I heard that this one contributed a lot in the Yue Jin Pavilion this time, so I'll let cousin come to my door some other day to mention this person and ask for clarification." Qu Mo Ying remained ignorant.

"Where is there such a person Qu Fourth Miss is not mistaken." Xiao was flustered and subconsciously retorted.

"Xiao, why don't you hurry up and come in, what's the point of dawdling at the door?" Mrs. Ji said again nonchalantly, her gaze falling on Xiao's body with some anger, and her voice unconsciously enlarged.

"Mother, I" Mrs. Shaw was aggrieved.

"You what you, in front of the Crown Princess, you still don't make a proper offering, can't anything wait until after the offering!" Mrs. Ji snapped.

Although these words were addressed to Xiao, the person whose eyes flicked to was Qu Mo Ying.

Qu Mo Ying is very stable, as if she does not know that Mrs. Ji is insinuating her, still standing greatly, others look over and only see Mrs. Ji reprimanding the second Mrs. Xiao, but do not know that Mrs. Ji is insinuating Qu Mo Ying.

Ling Anbo House of the Dowager Empress for the second house of this lady, especially dissatisfied, in front of the face of the crowd can be cursed out, is not the second house of the wife of what things to provoke the Dowager Empress, even a moment can not wait, in front of the face of the crowd on the fury.

And it's still a repeated rebuke.

It was now the time when the Crown Princess was being worshipped, could it be that this lady of the second house was disrespectful to the Crown Princess?

Standing outside the temple onlookers one by one curious murmur, all feel that this reason is a bit reasonable, otherwise like Ling Anbo dowager such status of people, how could in front of so many people, did not give this second house wife face it?

Xiao's face turned red, but she didn't dare to say anything else and followed behind Mrs. Ji -in.

Qu Mo Ying looked at the crowd behind him and helped Mrs. Qu follow him in.

After Mrs. Ji and Mrs. Qu paid their respects, Qu Mo Ying took three sticks of clear incense from Yu Dong's hands, walked to the spirit tablet that was enshrined in the middle of it, and looked at the words Prince Consort on it, and only felt a strong sense of mockery.

Two steps forward, respectfully knelt down on the futon, kowtowed three times, eyes slightly closed, one day, she will let Ji Hanyue leave the "Crown Princess" position, Ji Hanyue is Ji Hanyue, even if it is dead, it is also the second Miss Ji, and Pei Luoan has no relationship.

It doesn't matter in this life, it will never matter in the future!

She JiHanYue, even if she dies, she wants to be clean and clear, but also with PeiLuoAn two separated clearly.

All hatred can be washed away with blood, and all ties, too, can be severed with a sharp dagger, in the afterlife, for all eternity.

Right now she has risen from a sea of hell and blood

He respectfully kowtowed three times to the spirit seat above, then rose with a calm face and inserted the incense in his hand into the incense burner.

“Cousin, come sit here.” Seeing that she had already finished her worship, Ji You Ran softly beckoned to her in a cordial manner, as if she didn’t know that just now, at the entrance of the temple, her own mother had an argument with Qu Mo Ying.

This made Xiao angry and hateful, but she didn’t dare to really spoil things for her daughter.

Qu Mo Ying walked over and gave a deep salute to Ji You Ran, “Lady Side Consort.”

“Cousin Qu is so polite for what, the party is really sorry, originally wanted to talk to Cousin Qu in a hurry, so I asked the Taoist nuns in the view to bring you here, I didn’t think that Qing Yun Guan master didn’t want to see you, but it made Cousin Qu to take a trip for nothing.” With apologies, Ji Youran explained what happened before.

“There’s no harm in it, the Lord of Qing Yun Guan is a divine immortal, originally, it’s not something that anyone can meet just because they want to.” Qu Mo Ying contained a smile and softly said.

“This matter is actually my fault, I apologize to Cousin Qu here!” Ji You Ran still had an apologetic face.

“Lady Side Consort is overstating things.” Qu Mo Ying’s smile was calm, as always.

The two of them seem to be getting along well, the side of the quarter of the wife's face, but has always been gloomy, Mrs. Duan is okay, sitting there with her head down, not saying anything, just as if she did not exist, Xiao is not able to be when they do not exist, every now and then looked at her daughter, and then look at Qu Mo Ying a glance, which in the eyes are all the hints.

Mrs. Qu's expression looked uneasy and peaceful, but when it fell on Ji You Ran's face, it also carried a few points of wariness.

Any way you look at it, the setting doesn't look like a place where you can talk properly.

"Cousin Qu, can you accompany me for a walk?" Ji You Ran stood up, she also didn't want to talk about things here, this place wasn't really a place to talk about things properly.

"This" Qu Mo Ying did not dare to make a decision and looked at Mrs. Qu.

Mrs. Qu coughed lowly, reached out to touch her chest, and opened her mouth, "Lady Side Consort, I'm really sorry, I'm not feeling well today, and I may still want to have Shadow Maiden follow me around."

Mrs. Qu really didn't feel comfortable letting Qu Mo Ying be alone with this Lady Side Consort.

"Mrs. Qu, just for a moment, I want to ask cousin Qu about some things about the Crown Princess, you rest here first, I'll have someone serve you carefully, in a moment, cousin Qu and I will be back." Ji You Ran said with a smile.

When this was said and the Crown Princess was mentioned, Mrs. Qu couldn't stop it and raised her eyes to look at Qu Mo Ying, genuinely a little worried.

"Grandmother, don't worry, just take a walk to the side, I'll be back soon, wait for me here." Qu Mo Ying pacified Mrs. Qu, saying.

Seeing her say so, Mrs. Qu still couldn't rest assured, reaching out and pointing at Grandma Wu, she was about to let Grandma Wu follow Qu Mo Ying, but was interrupted by Ji You Ran's, "Mrs. Qu, don't worry, just walk on the side, it won't be too far."

The less assured Mrs. Qu is, the more assured she is that she doesn't want the grannies around Mrs. Qu to follow, and the more no one reminds Qu Mo Ying of this kind of thing, the better.

Mrs. Qu wanted to stop also can not stop, can only worry about watching Qu Mo Ying followed Ji You Ran left, this side of the season is too much enthusiasm, and Mrs. Qu retreated to one side of the side of the temple to talk, Mrs. Duan and Xiao left behind the main hall to take care of.

Since it was the Crown Princess's ritual, she couldn't just leave some subordinates in, Ji You Ran was planning to not leave for a moment in order to show her sincerity.

Qu Mo Ying followed behind Ji You Ran, the two people each brought a maiden, Qu Mo Ying looked at the maiden behind Ji You Ran, it was not seen before, it should be newly promoted.

The two of them did not come to the front of the onlookers, turned from the side, to a trail, before and after there are not many people, looking very quiet and elegant.

"Cousin Qu, today is the Crown Princess's ritual, can I trouble Cousin Qu with one thing." Ji You Ran stopped her steps and waited for Qu Mo Ying to come forward with a big smile and an extremely gentle attitude.

"What is it?" Qu Mo Ying looked across at Ji You Ran, waiting quietly for what she had to say.

Since she avoided Mrs. Qu and was bent on telling herself things, it looked like it was an important matter, but she didn't know what important things Ji You Ran had to say to herself alone.

The eyes under the veil of the eyes a cold, with a few points of austere coldness, she would like to hear Ji You Ran and want to scrape what demon wind.

"Cousin Qu, my mother is a bit greedy for small advantages, it may have something to do with the reason why she grew up since she was young and hasn't seen much money." Ji You Ran a look of dedication, first from Xiao's body, brought the topic in, "This is also her and Mrs. Duan two, the most important reason for the relationship is not good, after all, the eye is a little small, but the son does not

dislike the mother ugly, even so, I can only be careful to exhort, I hope that she can get along with Mrs. Duan two good.

"It's just that my mother here, I'll go and say okay, I'm afraid that Mrs. Duan's side will have to let cousin Qu do a favor, every family has a difficult scripture to read, and so does the Ling'anbo House, and the Crown Princess, if she's still alive, is bound to be unwilling to see such a thing." Ji You Ran said while sighing again, extremely helpless.

"Your Lady Side Consort wants me to persuade Lady Duan to make up with Lady Xiao?" Qu Mo Ying's eyes contained hidden mockery, Ji You Ran could really speak well, by saying this, all the things were pushed onto Xiao's body and had nothing to do with her, the East Palace Side Consort.

"Naturally so, family harmony is the prosperity of all generations, I also hope that cousin Qu, for the sake of the Crown Princess, will also help me." Ji You Ran sidestepped to bow to Qu Mo Ying.

Qu Mo Ying hurriedly avoided to the side, according to her status, she couldn't afford to receive this gift.

"Lady Side Consort is polite, I'm afraid that Mrs. Duan doesn't necessarily listen to me either." Qu Mo Ying raised his eyes and said with a faint expression, then quietly waited for Ji You Ran's next words.

It wasn't himself who was in a hurry at such a time, it was Ji You Ran.

Can in the aftermath of so many things, can still lightly touch depicted things attributed to Xiao, said she is innocent, Ji Youyan really is as sinister as ever, of course, Qu Mo Ying will not feel that this is Ji Youyan's ultimate purpose, if only this matter, to Ji Youyan's nature, will certainly not say to himself.

So, it was just a transition in her words, but she actually had another agenda!

"Although Mrs. Duan is now the eldest uncle's flat wife, but after all, in the past, it was the Yue's old servant, Cousin Qu is the master of the Yue's, Mrs. Duan, even if she doesn't look at the face of the monks, she also has to look at the face of the Buddha, besides, if the two houses are on good terms, it's good for everyone, and I'll be sure to persuade my mother in the future, so that she will no longer have any more grievances with Mrs. Duan." Ji You Ran said more and more earnestly, gently sighed, quite a lot of helplessness between her looks.

Being a daughter and talking about her mother's faults, and in front of outsiders at that, is indeed not proper either.

However, the other way around, this is also an indication that Ji You Ran treats Qu Mo Ying as one of her own people, only in front of her own people would she say something so personal, this kind of thing would be humiliating for Ji You Ran as well.

Qu Mo Ying heart coldly laughed, Ji You Ran can really pull people's hearts, if not soberly know Ji You Ran's true face, maybe will really be touched by this sincere, intimate words of hers!

Pity! She's not just a mere Quemoy Ying!

When Ji You Ran finished speaking, Qu Mo Ying's expression looked a bit hesitant for a good half a second before she nodded her head under Ji You Ran's gentle and expectant gaze, "Lady Side Concubine, I'll go and try it out, but it won't necessarily work out!"

"It doesn't matter, it doesn't matter if it really doesn't work, at least I let Mrs. Duan know my goodwill." Ji Youran's eyes flashed a hint of triumph, Qu Mo Ying's experience is there, just after so many things, just met so many people, even if she was born smart, so what, right now her reaction like this is the real reaction.

If not for this reaction, she would have suspected Qu Mo Ying, and now she can say the second thing

Chapter 475 An Old Story of a Lantern, Really?

This time, Qu Mo Ying nodded his head, considered to have agreed to this matter.

"After the eldest uncle is gone, Ling Anbo House also cold and quiet a lot, many yards empty, only my mother and Mrs. Duan a few people live, who can think of, once flourishing now become such a look, every time I go back to the house, I will always think of when there was a prince consort together in the garden Whenever I return to the mansion, I will always recall the scene when I had the Crown Princess to play together in the garden"

Ji You Ran said here and said no more, her eyes were already red, and she inclined her head to wipe the corners of her eyes with a handkerchief, and only after calming her breath did she re-turn her head, pulling out a forced smile on her face, "Let Cousin Qu laugh at you."

"No, I also want to know some things about cousin sister, at first in the manor, deeply favored by cousin sister, but unfortunately when I came out from the manor, cousin sister has entered the East Palace, and also had an accident." Qu Mo Ying lowered his head, not to look at Ji You Ran's extremely sad face, and said in a calm tone.

"Who would have thought that something like this would happen! Prince Consort " Ji Youran's voice darkened for a moment, permeated with hurt, then waved her hand forcefully, as if waving away the hurt in front of her eyes, "Well, let's not talk about this, there is always Mrs. Duan and my mother in the Ling'anfu House, and there is also Shizi's younger brother. "

"Yes, it will all pass!" Qu Mo Ying lifted his face, the corners of his lips hooked up slightly, revealing a faint smile.

Indeed it would all pass, and when all the gloom had passed, that was when the truth would come out, hate! Hate! could no longer describe her mood at this time!

But the color of her eyes was like water, calm without a ripple, quietly listening to Ji Youran's following.

Some hate is more than just talk!

"That day suddenly remembered the crown princess, a time difficult to sleep, get up when sitting in the empty courtyard, suddenly remembered that day and the unmarried crown princess, together in the courtyard of the lantern viewing things, but now it is things are not the same, I do not know that the crown princess of the lamp is still there, that or I do with the crown princess together."

Ji Yuran sighed.

Did Ji Hanyue ever help the lights with Ji Youran? Qu Mo Ying didn't think so.

"Since Lady Side Consort still misses the lamps she made with the Crown Princess, why don't you let Mrs. Duan help look for them." The maid who was following Ji You Ran around, suddenly opened her mouth.

"For a while, where to find it, so much time has passed." Ji You Ran shook her head with a bitter smile.

"How can you not find it, go to the Crown Princess's old residence and take a look, there's bound to be one." The maiden continued to persuade, rather unimpressed, "You're so preoccupied with remembering the Crown Princess, talk to Mrs. Duan about this line, this kind of thing isn't a big deal."

Qu Mo Ying glanced at this maid, didn't say anything, and continued to listen to Ji You Ran's meaning.

Lantern, she really did not think of it, do not think there is such a lantern in, so Ji You Ran in the end what do you want to do, but also found such a maiden a song and a song.

"But mother and Mrs. Duan are now in such a mess that going to the Crown Princess's old residence again, I'm afraid it's not good." Ji Youran hesitated.

"Your Highness, isn't there Fourth Miss Qu? You can let Fourth Miss Qu accompany you over there ah, with Fourth Miss Qu there, and you being sincere, Mrs. Duan won't say anything." The maiden said, her gaze turning to Qu Mo Ying's body, asking with a smile, "Fourth Miss Qu, don't you think it's the right thing to do?"

The topic just gently and quietly fell to Qu Mo Ying's body, and with the words that she agreed to go and persuade Mrs. Duan before, the words were very logical.

"It shouldn't be difficult for Lady Side Consort to go and find the lantern that Cousin He made earlier, I'll talk to Mrs. Duan in a while, if Mrs. Duan thinks it's appropriate, she'll naturally let Lady Side Consort go and find it." Qu Mo Ying thought about it and replied.

"Then it will be trouble for Qu fourth miss." Ji side consort said thank you, willow eyebrow and slowly knit up, can see that it is very sad, "then trouble Qu fourth miss a moment to talk to Mrs. Duan about this matter, recently always think of the crown princess, some unfinished business, in the heart is very sad!"

“Good!” Qu Mo Ying nodded, she also wanted to see what Ji You Ran wanted to do.

“Trouble cousin Qu!” Ji You Ran’s complexion softened as she said, with a few apologies, “It’s getting late, I’ll have to offer incense to the Crown Princess again in a little while, so I won’t be accompanying Cousin Qu.”

“Lady Side Consort, be my guest!” Qu Mo Ying dodged back to the side, making way.

Ji You Ran nodded to her and left with the maid, leaving Qu Mo Ying alone to stand in place, looking at Ji You Ran’s back thoughtfully for a moment, unable to figure out what Ji You Ran meant.

With Ji You Ran’s identity, if she wanted to go and find Ji Hanyue’s things, it wasn’t just a matter of a sentence, why did she have to involve herself in this, looking at the meaning of her party, it was a very strange feeling.

“Miss, what does side consort Ji want?” Yu Dong was also confused and asked in a low voice.

This thing he looked at also mysterious very, how to see all feel strange, one is just raised, not much status of the flat wife, the other is the side consort of the East Palace, want to find the Prince Consort’s things, is not a word of things, Yu Dong does not feel that this Mrs. Duan in the Ling’anbo House has much of the right to speak.

How to look at how to look down to this season side consort to be small like.

“Go over and take a look first!” Qu Mo Ying shook his head, not being able to figure it out for a while, so he just didn’t think about it for the time being, turning around and also returning along the original path.

When Qu Mo Ying returned to the side hall, the two Mrs. Qu and Mrs. Ji looked like they were having a good conversation, and when she saw Qu Mo Ying come in, Mrs. Qu looked at her face with concern and was relieved to find that her face was still calm.

Reaching out, he beckoned to Qu Mo Ying, “Shadow girl, come here.”

After Qu Mo Ying took two steps forward to salute the two Dowager Ladies, she sat down beside Dowager Lady Qu. Only when she sat down did she see Mrs. Duan and Xiao come over from the main hall.

“Why aren’t you keeping watch over there anymore?” Mrs. Ji looked at both of them coming over and said in an unkind tone.

“Lady Side Consort came over and said that she wanted to quietly accompany the Crown Princess and asked the two of us to come back.” Xiao stepped forward and explained.

Hearing her explanation, Mrs. Ji’s face looked a few points better and waved her hand, allowing the two of them to sit down.

Xiao grabbed the first seat beside Mrs. Ji, and Mrs. Duan looked at Qu Mo Ying and took a few steps to sit beside her.

The underlings brought tea and retreated to the side.

Mrs. Qu and Mrs. Ji continued to talk about things, some things concerning Qing Yun Guan, but also some idle matters in the capital.

Qu Mo Ying quietly listened, the handkerchief in her hand, casually pinched.

Suddenly the sleeve seemed to be gently pulled by someone, and his eyes lifted up to see Mrs. Duan’s smiling face, and a faint smile appeared on his face.

“Does Fourth Miss have something to tell me?” Mrs. Duan looked at the two dowager ladies above her and saw that neither of them had noticed her before she lowered her voice.

“Who said that?” Qu Mo Ying similarly lowered his voice to ask rhetorically.

"The maid beside the Lady Side Consort told me just now, saying that Fourth Miss Qu has something important to tell me." Mrs. Duan said, "But it's about the Yuejin Pavilion? Is it hard to believe that there's something that hasn't been disposed of yet?"

The final result of this matter, Qu Mo Ying let someone go to talk to Mrs. Duan, but the specific things did not have time to say, the two now sitting together, Mrs. Duan thought that Qu Mo Ying was in a hurry to find her is for this matter.

"Has concubine Ji ever asked you for anything of cousin's recently?" Qu Mo Ying asked without moving, her gaze falling on Mrs. Duan's face.

"Crown Princess's things?" Mrs. Duan froze for a moment, not understanding Qu Mo Ying's meaning, her eyes glanced at the two dowager ladies at the top, and she gently shook her head, "There's no mention of it, and there's no use in talking to me about it, these things don't fall under my control now!"

Her voice was suppressed extremely low, a few points lower than the party, and if it wasn't for Qu Mo Ying keeping an eye on her, she really wouldn't have been able to hear her speak.

"Why?" Quemoy Ying's heart fluttered.

"His Highness the Crown Prince is not allowed to move." Mrs. Duan whispered while focusing on the two dowager ladies at the top.

"Not allowed to touch the things in cousin's yard?" Qu Mo Ying's watery eyes were cold, her heart felt more and more mocking, what is Pei Luo An planning to do? He's about to marry Liu Jingyu, but he's still acting like he's deeply unhappy? It really makes people feel ridiculous, really in any place that utilizes JiHanYue, JiHanYue will be pulled out, even if "she" is dead, will not let "her" peace of mind!

"His Highness the Crown Prince's meaning, that courtyard does not allow people to enter, only let me arrange for people to specialize in cleaning, and the person must also be our big room in the people, preferably previously served the Crown Princess lady, said that they do not want to let strangers to disturb the Prince Consort's peace of mind, inside the one thing and one utensil is the Crown Consort was used at that time, moreover, do not allow anyone to blasphemy."

In fact, the so-called service is just the other subordinates in the yard at that time, close to a few are married with.

Mrs. Duan lowered her head, her nose astringent, the crown princess actually went just like that, Mrs. Duan to now think about it, still can't help but shed a tear, that is the young lady that she was previously devoted to protect, in the days when the lady was not there, the crown princess took up the responsibility early, although the age is still small, but is an extremely understanding, extremely capable.

And now the figure of the Prince Consort on Mia, how not sad, not only the Prince Consort, there are three miss, Yamen she sent people asked many times, but always said in the investigation, but how to find out, needless to say is bound to be the side of the consort moved, otherwise there will be unclear investigation of this kind of thing!

The yamen will just go through the motions, and Mrs. Duan can't do anything about it.

"Only people from the big house can enter the Crown Princess' old residence?" Qu Mo Ying raised her eyebrows, feeling that she had heard important news, so was this an important reason why Ji You Ran had snubbed herself over to lobby Mrs. Duan?

"That's what it says." Mrs. Duan nodded.

"Has anyone ever disobeyed?" Qu Mo Ying thought carefully and asked again, Pei Luo An's nature was not one to say what he said, especially this kind of fake, it would be made more real than real.

"The words of the Crown Prince, who dares to disobey, no one in the mansion dares to approach the Crown Princess's old residence again at will, and I only sent two maids who used to be in the Crown Princess's yard to clean it meticulously." Mrs. Duan shook her head, she naturally did not dare to disobey the words sent by His Highness the Crown Prince, and neither did anyone else in the mansion.

"Where's the sidekick?"

Chapter 476 Go to the Front and Block the People

Qu Mo Ying's willow brows slightly knitted as she asked again.

"Lady Side Consort hasn't returned to the mansion recently." Mrs. Duan shook her head, although a lot of things had happened in the residence during this period of time, it basically had nothing to do with this side consort, and at most it was related to Xiao and the Dowager Lady.

Regarding Xiao and the Dowager's wife blaming her for discarding Yue Jin Ge to Qu Mo Ying, Mrs. Duan did not intend to say much.

This matter to her here will end, even if the two Mrs. Tai and Xiao said how many words explicitly and secretly, Mrs. Duan does not care, but also no shame.

At that time in that situation, she could not keep Yuejin Pavilion no matter what, the fourth miss Qu could take over, it was also considered to keep the old master's belongings, it was the best to be able to do so.

As much as Xiao and the Dowager Lady blamed her and made things difficult for her, she would still do it!

Qu Mo Ying was silent, no longer speak, the heart of the party Ji You Ran spoke with their own appearance, demeanor in the heart of the recollection of a moment.

So Ji You Ran just told herself to tell Mrs. Duan to take a lamp from inside? And then after the incident, Pei Luoan reprimanded herself and Mrs. Duan?

This matter is indeed very possible, with Pei Luoan's persona, now I'm afraid others don't know how much he cares about this deceased Crown Princess, taking himself and Mrs. Duan to set an example is very possible.

Only, how could Ji You Ran be sure that she would definitely let Mrs. Duan do this?

A lantern? Where exactly are the lanterns? As far as she could remember, she hadn't really made a lantern with Ji You Ran, but she had made one with her sister, but that was also very unlike it, and in the end, she let her sister carry it away, saying that she liked it.

When was this thing? It seems that not far away, a place in the memory slowly clear up, lanterns, is really there, but this lantern is not in the hands of Ji Hanyue, it is in the younger sister Ji Yanyue, the two people do together, it is in the mother's sacrifice day to do it!

Because it is the mother's festival day, the two people did it together, but also deliberately find a lot of things over, Pei Luoan heard that they want to do the lantern, but also let people send some objects to do the lantern, the last use seems to be the material he sent over, how he said that time, said it is also a sense of mother gave birth to the JiHanyue, and now although there is no way to do the lantern with their own hands, but at least they can use his artifacts, to show some thoughts.

Later, Ji Hanyue and sister two, with those sent from the East Palace, Ji Youran seems to help, but Ji Hanyue and Ji Yan Yue insisted that the two of them to complete, said the mother of some of the generosity, Ji Youran this is embarrassed to intervene, but still follow the busy busy after the help, looking more than Ji Hanyue sisters are also on the heart.

So, the lantern in Ji You Ran's mouth was really there, and it was still this one, and it wasn't just a casual remark.

Lanterns are not well done, even some crooked, but the sisters are very attentive, but also painted on the top of the picture of the mother of mercy, worship, Pei Luoan is also there, also followed the incense to worship the birth mother, Ji Hanyue for this is also touched, Pei Luoan's things are very busy, actually can still find the time to come over to worship the birth mother.

After that, Pei Luoan said that there was something else in the East Palace and left in a hurry, and didn't have a meal in Ling An Bo Mansion.

Ji Hanyue originally wanted to burn this lantern to her mother, but Ji Yan Yue disagreed, saying that her mother had already seen it and was now leaving it to her as a reminder.

For this sister, Ji Hanyue is still very loving, see her crying into a ball, holding the lantern, she can only agree, so this lantern fell into the hands of Ji Yan Yue, also brought back to her yard, after that has been in her yard to display, very much like.

The cherry lips pursed slightly, if Ji You Ran was talking about this lantern, I'm afraid that this lantern is now in Ji You Ran's hands.

So, she's trying to frame me?

A chill ran through his undershirt, he suddenly raised his head to look at Xiao across the room, and met Xiao's scrutinizing gaze, seeing that he had raised his head, Xiao turned his gaze away as if nothing had happened, and mockingly hooked his lips, with a few moments of contempt.

Qu Mo Ying's hand grabbed Mrs. Duan as her fingers chilled, "Will the Crown Prince come over today?"

"Will come over, said so earlier." Mrs. Duan nodded.

Qu Mo Ying suddenly stood up, her movement was so fast that it startled the two dowager ladies who were talking above, stopping their mouths together and looking at Qu Mo Ying.

"Shadow girl, what's wrong?" Mrs. Qu asked with concern.

Qu Mo Ying's hand had already fallen from Mrs. Duan's hand, and at this time, when she heard Mrs. Qu ask, she raised her somewhat pale little face, "Grandmother, I'm a little hard to bear, and I want to take a walk outside."

"Should we find a room to rest?" Mrs. Qu said uneasily.

"No need, just a short walk!" Qu Mo Ying softly said.

Seeing that although her face was a bit pale, her expression was still calm, Mrs. Qu nodded, and after a few more words of advice, Qu Mo Ying held Yu Dong's hand before leaving.

Still leaving through the side door, he casually curved up the same path he had taken before, which was still quiet.

“Miss, what have you found?” As soon as he saw that no one was there, Yu Dong had already said impatiently.

Miss Fang and Mrs. Duan’s voice is light, but Yu Dong stood on the side and listened to a real, see his own young lady at this time the face are not right, very nervous.

“Yu Dong, let’s go forward and see if there is a big road leading outside in front of us.” Qu Mo Ying didn’t answer Yu Dong’s words and continued to walk forward, his feet carrying a few moments of haste.

At this time if Pei Luoan came out of the capital early, he should be almost there.

How could Pei Luoan, who had always boasted of his deep love for Ji Hanyue, not come earlier?

Seeing that Ji You Ran stayed in the main hall at this time and didn’t leave even for a step, he knew that he should be almost there.

As soon as Yu Dong saw Qu Mo Ying’s face, he didn’t dare to ask any more questions, and followed closely, not taking a few steps, Qu Mo Ying suddenly stopped, “Is there anyone else here?”

“Miss don’t worry, there are two secret guards following over in the dark.” Yu Dong nodded his head and said, when he went out, the two secret guards had been following, and now they were also in Qing Yun Guan, only mixed in the idle crowd.

When he first arrived at Qu Mo Ying’s side, he had brought two secret guards with him to help.

“You come over, you first so” Qu Mo Ying beckoned to Yu Dong, Yu Dong hurriedly came over and nodded while listening, when Qu Mo Ying finished, Yu Dong was still a little hesitant, “Miss, are you going over alone now? ”

She really didn't feel comfortable with her young lady going to the front door alone.

"There's no time for that, so go over and find someone first, and come find me when you're done ordering things around." Qu Mo Ying nodded.

"But Miss" Yu Dong still want to what again, Qu Mo Ying shook his hand, signaling that he did not need to say more, turned around and marched outside.

Once Yu Dong saw how Qu Mo Ying was acting, where did he dare to delay and hurriedly went to find someone.

Qu Mo Ying traveled outside, the main road of Qing Yun Guan gradually appeared in front of him, looking back at the back of the hall, such a section of the road, just bypassing the front of the hall door, also saw some passersby outside the hall door, did not see any reaction, Pei Luoan should not have come over yet.

Then it's not too late!

Gently sigh of relief, take the hankie on the forehead gently pressed, walking too fast a bit, the forehead above the slight sweat.

After calming down a bit, Qu Mo Ying traveled down the avenue of Qing Yun Guan towards the outside of the Guan Gate.

Qing Yun Guan quite a lot, along this road, along the way there are a lot of halls, but fortunately this time to the Crown Princess to do the ceremony is the largest main hall, facing the main road of the Qing Yun Guan, basically there are not many curves, see the distant mountain gate, as if in a straight line, it is very convenient to Qu Mo Ying to find the front of the mountain gate.

Seeing the mountain gate from afar, Qu Mo Ying stopped and looked around, here just right, you can see the mountain gate, and there are a few large trees around, the trunks of the trees are very thick, enough to have two, three a hold the size of the tree, behind the tree, not only hidden and not easy to let people find out, but also the line of sight to see the distance.

When Qu Mo Ying stayed it wasn't long before Yu Dong followed the road to find her, and was relieved to see Qu Mo Ying standing behind a tree in good health.

The world's young lady travel, which one is not with a maiden by her side, if people see no maiden, a person sneaking around in the Taoist temple such a place where there are many pedestrians walking, the back of the finger may spread what bad rumors.

Yu Dong came over and bowed to Qu Mo Ying, "Miss, the slave girl has already arranged things!"

Seeing Yu Dong, Qu Mo Ying also breathed a sigh of relief, no matter if this makes sense or not, at least it's also prepared, it's always one step more than Ji You Ran.

"Miss, what exactly is going on in that lantern?" Yu Dong really can't rest assured, just left in a hurry, and didn't have time to ask more questions, now Miss is standing here, should be able to ask the cause of the matter.

"That's the lantern made by cousin and cousin." Qu Mo Ying said in a slow voice, his eyes dark and cold under the veil of his eyes.

"But even if it's the crown princess', what does it matter?" Yu Dong still didn't understand and couldn't make sense of it.

"This lantern is not actually in cousin's hands, it is in cousin's hands, and now it should be in Xiao's or concubine Ji's hands."

Qu Mo Ying said, "I heard Sister Zhou talk about this matter when she was chatting with me earlier."

The latter sentence was Qu Mo Ying's vague explanation, of course she couldn't say that she came up with it on her own, she was now Qu Mo Ying, no matter how she explained it, it didn't make sense that she knew about it, it would be better to just push it onto Sister Zhou and just say that she knew about it during casual conversation.

Yudong still doesn't understand: "Miss, even if it's in the hands of Third Miss Ji now, so what? Can't it be that this side consort lady can still defile you and Mrs. Duan? You"

"Wait a minute, let's talk about it later!" Qu Mo Ying shook his hand to stop Yu Dong's words, his gaze fell on the line of people coming from the mountain gate, the first one, wasn't it the Crown Prince Pei Luo An? Behind him followed a crowd of people and others, there were also those with some offerings, there were quite a few things with them.

Pei Luoan was dressed in a light yellow clan's brocade robe, with a sickly and sorrowful brow, looking as if he was depressed in his heart, and rumored to be single-mindedly affectionate towards Ji Hanyue's deep-rooted prince.

It came pretty fast

Chapter 477 There are Some Things That Can Be Said First

Seeing the crown prince coming over, Yu Dong hurriedly stopped his mouth!

Quemoying calmed down and walked from behind the tree to the main road, with Yudong following close behind as if he was going outside the mountain gate.

Two down the road opposite each other to meet.

After Qu Mo Ying froze for a moment, it was as if he only just saw Pei Luo An. Naturally, he couldn't avoid it any longer at this time, and went forward to bow to Pei Luo An.

Pei Luoan waved his hand and said gently, "Fourth Miss Qu, please rise!"

It was only after the incident where Liu Jingyu had rushed the Utopia County King that Pei Luoan's attitude towards Qu Mo Ying was still very cordial, looking at her casually and asking, "Where is Fourth Miss Qu going?"

Not far away is the door of the mountain, this qu four miss followed by a maid, look like to leave, today the Prince Consort big festival, Ji Youran said to himself up this qu four miss also want to come over the meaning, now so early to leave?

So much for affection for the Crown Princess!

Inexplicably, there was some displeasure.

“Your Royal Highness, just now when the side consort lady talked about the lantern, I suddenly remembered that the lantern that the side consort lady talked about should be in the cousin’s residence, and thought that since Your Royal Highness attaches so much importance to this matter, I purposely came over to talk to Your Royal Highness about it.” Qu Mo Ying spoke.

“A lantern? What lantern?” Pei Luoan frowned.

“Lady Side Consort is talking about the lantern that cousin and cousin made together, it is said that at that time, the supplies used were still sent over by His Royal Highness the Crown Prince for the purpose of worshipping aunt.” Qu Mo Ying unhurriedly explained.

Ji You Ran took her to the side to talk, the only people who heard it were Ji You Ran’s master and servant and herself and Yu Dong, this is actually with her and Ji You Ran two people talking privately, there is no difference, the maiden is of course to stand on the side of her own master to talk, who can’t prove anyone.

Ji You Ran can make Qu Mo Ying speechless, Qu Mo Ying can do the same, but it depends on who Pei Luo An believes!

In principle, Pei Luoan of course believed Ji Youran, after all, Ji Youran was her side consort, and Ji Youran was also certain of this, so she dared to act like this.

Only Ji You Ran think Pei Luo An is bound to believe her, Qu Mo Ying is not as such think, for Pei Luo An she now see through, but also very much more clear.

The previous Ji Hanyue, but because she was in the situation, she could not see Pei Luoan clearly.

“What happened to that lantern?” Pei Luoan sank his face and asked, he could tell that his expression was unhappy, the matter of this lantern had really come back to him when Qu Mo Ying said so, at that time, in order to make Ji Hanyue closer to himself, and also in order to make Ji Yongming stand on his side more firmly, he did quite a few things.

It hadn’t been much of a concern, and he could have done more for his own great cause.

But lately some bits and pieces of the past always come to mind, seemingly clearer than the moment he did it at the time, this lantern thing, when Qu Mo Ying mentioned it, he immediately remembered it.

“Lady Side Consort meant for me to ask Mrs. Duan for this lantern, saying that it’s now in the Crown Princess’s old residence, but I suddenly remembered what Sister Zhou told me earlier, saying that it wasn’t in the Crown Princess’s old residence at the time when my cousin took it there after the worship.” Qu Mo Ying continued as if she didn’t see Pei Luo An’s face.

“I heard the side consort’s wife speak urgently, saying that it was His Highness’s intention that it must be put as an offering to the Crown Princess’s spirit, fearing that His Highness would be angered, and that’s why I came over to specially explain this matter to His Highness.” Qu Mo Ying fell down and said.

So it wasn’t to go back, but just to come over and stop myself specifically to explain the matter?

Only Pei Luoan didn’t feel that this was a thing that needed to come over for special instructions, his gaze slid over Qu Mo Ying’s face, a hint of suspicion flashed in the bottom of his eyes, he was already a more suspicious person, his heart suddenly had some thoughts.

Did this Fourth Miss Qu have thoughts about herself, or was it that Ji You Ran had gone too far in using her own name, suppressing this Fourth Miss Qu from having to come over and explain the matter to herself?

If it was the former, he didn’t think it was a good thing, what kind of women didn’t exist in the East Palace, and why did he need to go to Uncle Wang’s woman, although he had an indescribable feeling for

this Fourth Miss Qu, and even felt quite pity for her, for the sake of Ji Hanyue, he would also look after her for a few points.

And that day when he saw the embroidered case on top of her zither case, he even eagerly went to stop her.

And then think about it, it is really ridiculous, this Qu fourth miss and Ji Hanyue does not have too many interactions, even if it is a cousin relationship, but in fact it is not as close as Ji Hanyue and Ji Yuran's cousins, that is, Ji Hanyue in the past to take care of the poor little cousin just.

There was some doubt, Pei Luoan didn't actually release the doubt, but he could barely convince himself.

His own East Palace is naturally not comparable to Uncle Wang's Utopia Palace, but a woman who covets the riches of the East Palace is not something he can look at.

But if it was Ji You Ran who was using her power to make a fool of herself outside, then it was even more disliked.

Raising her eyes to look at this Fourth Miss Qu, the eye veil was still binding her eyes, and she could only see the snowy tender skin and light-colored cherry lips, and she was generous between her hands and her feet, without half a trace of the kind of shyness and desire to say something when a woman who was quite interested in herself, saw herself.

"Your Highness, the matter has been made clear, please understand, and please tell the side consort's wife." Qu Mo Ying lowered his head and bowed again to Pei Luo An, looking at this meaning he was about to leave.

Behave decently, in and out, what should be said can also be all said clearly and cleanly, such a feeling, he has only seen in a woman, that is Ji Hanyue.

Pei Luoan nodded after giving Qu Mo Ying a deep look, Qu Mo Ying turned around and stepped back to the side, making way for the road, Pei Luoan purposely looked at her slightly lowered face again as he

walked past her, from this angle, the small face bound by the eye veil carried a different kind of delicacy and vulnerability.

It can make people feel a little bit of pity, but even if the two people are considered to be relatively close, this Fourth Miss Qu's face is still calm, without a trace of shyness.

Since then, Pei Luoan could be sure that this Fourth Miss Qu really didn't mean to come in front of herself to get her attention.

Thinking so, suddenly sunny smile, the corner of the lips slightly hooked, two down the wrong side.

Didn't she also not give herself a good face the last time she stopped this Fourth Miss Qu?

In fact, one should never have suspected her at all.

But the next moment, the smile condensed, since this was this Fourth Miss Qu who had ulterior motives, then it was Ji Youran? Recently, Ji Youran's small actions have been a bit much.

He was able to look at Ji You Ran before also because Ji You Ran was pliable, obedient, and also a will do things, everything he wanted to inquire about Ji Hanyue, he could get from Ji You Ran, even more than what he had inquired about, but the current Ji You Ran made Pei Luoan a little uncomfortable.

This so-called lantern and what is the matter, he does not feel that he talked to Ji You Ran about this matter, this worship, is considered to be a summary of this previous marriage, is also considered to be letting people see their own love for Ji Hanyue, after which he can put down to marry Liu Jingyu.

Let people see that they also have no choice but to remarry, they are now at this age, the Eastern Palace can not be without the Crown Princess.

So, there can be no half-measures in this worship!

What does Ji Youran want? What are you trying to do? Is it possible that you don't want to get this thing done smoothly? His own East Palace, really still need a hostess, has not yet seen Ji You Ran, Pei Luoan heart has been a little annoyed.

Qu Mo Ying waited for Pei Luo An to leave with the people before he raised his head, his face grim as he looked at Pei Luo An's back and hooked his lips, his smile chilling.

What Pei Luoan thought at this time was really a guess for her.

The more calm and self-possessed one expresses, the more Pei Luoan suspects Ji Youran, this is not difficult, let her pretend to be interesting to Pei Luoan is very difficult, let her express to Pei Luoan calmly and without any half of charming thoughts, no difficulty at all, she hates to tear Pei Luoan into pieces, how can she be affectionate to him?

This next, it depends on how Ji Youran said, one thing is certain, no matter how Ji Youran wants to say, Pei Luoan will suspect her

His Royal Highness the Crown Prince came over, the onlookers were driven away by the guards, Ji You Ran hurriedly greeted the front door of the main hall, and when she saw Pei Luo An, Ying Ying paid her respects, "Your Highness!"

Out in a hurry, behind the maid in the hands of the three incense, visible originally to the Prince Consort incense.

Pei Luoan looked at her with a sullen face and raised his head, signaling her to be excused.

Mrs. Qu and Mrs. Ji also brought Xiao and Duan, and together they came over to salute the Crown Prince, who politely asked the two dowagers to excuse themselves.

Pei Luoan entered the main hall, took a few sticks of incense from the chamberlain on one side, and was silent at the spirit tablet of Ji Hanyue in the middle of the room for a good half a second before he took a deep breath and closed his eyes, then stepped forward and personally inserted the three sticks of incense into the incense burner in front of him.

"Your Highness, please take a seat to the side!" Ji Youran softly said.

Peloan nodded and turned to come over to the chair set to his left.

Walked past, suddenly saw the side of the put in front of the futon put a lantern, very simple a lantern, and look seems to have not finished, is doing the appearance of handmade is not very good, Pei Luoan stopped his footsteps.

"This is what my concubine tied before in the mansion, but did not tie it well, and wanted to finish the last part of the tie in front of the spirit of the crown princess, the party is here but my concubine is too stupid, and has not tied it well until now." Ji Youran was embarrassed and softly said.

"What's with the sudden need to tie this?" Peloan asked gently.

"In fact, there is nothing, is suddenly remembered before the crown princess in the house is waiting, had been tied lantern worship aunt mother, remember that time or your highness to send the material, your highness can think up?" Ji You Ran eyes with a few points of reverie, seems to be extremely nostalgic when the scene, "that time the crown princess is still good, the third sister is also still there."

"Remember." Pei Luoan didn't move and looked at Ji You Ran, a trace of coldness flashed in his eyes, he didn't want to cause a bit of a sayable thing, but what did Ji You Ran want to make a scene?

Chapter 478 Three Birds with One Stone, Thinking It's a Scheme

"Mrs. Duan, did you bring that lantern here?" Ji You Ran suddenly turned around and looked with a smile at Mrs. Duan who was following Mrs. Ji.

"Lantern?" Mrs. Duan froze for a moment, not responding.

"It's the lantern that Cousin Qu told you about, the one of the Crown Princess." Ji You Ran continued to ask with a smile, her tone affable, as if she was just asking casually.

She heard Xiao said, just now Qu Mo Ying and Duan sat together, said should be this lantern thing, Duan should be in the heart of the matter, he asked the focus of this time in the back of this sentence, Duan heard Qu Mo Ying words, will certainly have a reaction.

“Fourth Miss Qu’s said the Crown Princess’ lantern?” Mrs. Duan was at a loss, she truly didn’t know how this sentence suddenly appeared.

This reaction is not the same as what Ji You Ran imagined, looking as if she really didn’t know, Ji You Ran’s heart jumped suddenly, turning to Xiao to look at her, Xiao nodded wordlessly, indicating that Qu Mo Ying did talk to Duan at that time, and it was impossible for Duan to be unaware of it.

Regardless of what Qu Mo Ying said, as far as Duan’s is concerned, it is impossible not to know, I did not expect that Duan’s is quite capable of pretending, this is to see that something is not right?

But so what, she couldn’t believe that Duan could act so bewildered all the time.

The smile on his face grew softer, “You don’t know about the lanterns?”

“I don’t know, Fourth Miss Qu didn’t tell me about the lantern, the Crown Princess’ lantern?” Mrs. Duan shook her head again this time, not half hesitating, her eyes staying the same blank.

Xiao couldn’t help herself, stepped forward and said, “It’s that thing that Fourth Miss Qu specifically said, have you forgotten?”

“What was said?” Duan blinked and said bluntly, “Fourth Miss Qu hasn’t contacted me lately either, and only met for the first time today after things got better at Yuejin Pavilion.”

“Didn’t Fourth Miss Qu always send someone over before?” Xiao got aggressive.

The two things are sequential, but they can be confused together, and if the sequence is not made clear, they can easily be taken as the same thing.

"It came, but after the Yue Jin Pavilion matter, no one has been sent since, if younger siblings don't believe me, they can have someone go and inquire about this matter." Mrs. Duan replied still bewildered, looking at Xiao, she finally couldn't bear it anymore before adding, "What's wrong today, why do you keep mentioning the Crown Princess's lantern, which lantern did the Lady Side Consort want?"

She didn't think Fourth Miss Qu had said anything about it before.

One sentence, the smile on Ji You Ran's face when she asked the question stiffened, this reaction was not half similar to what she expected, Duan was too good at pretending, or Qu Mo Ying really didn't say anything?

"Mrs. Duan"

Sensing the Crown Prince's gaze falling on her, Ji You Ran panicked a little, and with an effort to calm her heartbeat, she added.

"Alright!" Pei Luoan coldly interrupted Ji You Ran's words, his face sullen and cold, knowing at a glance that he was displeased.

In front of the crowd of subordinates, as well as the people of the Ji Mansion, as well as Mrs. Qu's face, Ji You Ran's face turned red, but she couldn't say anything else, her head was lowered, and she secretly clenched her teeth, not knowing which part of the ring had gone wrong.

Fortunately, that lantern has not yet appeared, otherwise this matter will be unraveled, made a wink to Xiao, Xiao will understand, know that things have an accident, to the side of a granny wordlessly shook his head.

The granny sneaks out and tries to go out and cut the man off.

But the granny only wanted to move, but was stopped by a guard coldly, scared the granny turned back and backed up two steps, almost stepping on Xiao, although Xiao avoided it, but looked at the guard with a cold face, her face was not too good.

"The two dowager ladies and the two madams go to the side to rest!" After Pei Luoan sat down, he waved his hand, signaling the others to retire.

It's a matter of not wanting anyone to interrupt their conversation.

The two dowager ladies are both old and sophisticated, especially Mrs. Qu Fang repeatedly heard Ji You Ran and Xiao mention their own little granddaughter, the heart is still a little worried, but look at the current situation, it is not like their own little granddaughter to cause trouble, glanced at the side of the quarter dowager lady, first turned around.

Since the Crown Prince was not willing to let them watch from the side, he would retire for now and send someone to get Shadow Maiden to come over and ask about the situation in a while.

Mrs. Ji can also see some things, but she has always been this kind of nature, the most care about themselves, and has always been to avoid disaster, although some worry, but still followed the Qu too Mrs. side turned to go.

Duan naturally followed her.

Xiao was the most worried, but she also had to go, looking back to Ji You Ran three times a step, worried.

But after all the people had left, leaving only the people of the Eastern Palace and the one granny who was being guarded and unable to leave, Pei Luoan picked up the tea in front of him and took a sip, and after slowly putting it down, asked, "Ji You Ran, what do you want to do again?"

"Your Highness, my concubine didn't" one sentence, Ji You Ran immediately couldn't stand up, "flop" a kneeling down.

"Ji Youran, the Crown Princess' lantern? Do you mean the lantern she made at her birth mother's ceremony that day? How does this Fourth Miss Qu know about this? And how did she suddenly talk about this lantern, and why did she bring up this mention of the lantern?" Pei Luoan said coldly, his gaze falling on Ji Youran's body with a seething chill.

“Your Highness, Your Concubine Concubine”

Ji Youran has tasted some bad, do not dare to go back to the previous method to say, although looking aggrieved, but the eyes wandering, a look at the heart is very weak.

Originally, she wanted to say that this matter was what Qu Mo Ying had said to her privately on the path just now, and as for why she knew about the lantern, of course it was pushed onto Sister Zhou, which was a point that came to mind with Qu Mo Ying.

She would say that Qu Mo Ying lifted this lantern on the path and had to put it into the Crown Princess's offering herself, saying that it was to show her worship to Her Highness the Crown Princess, and also saying that back then, Her Highness the Crown Princess also worshipped her aunt in this way.

As for Qu Mo Ying's purpose, Ji You Ran can't say it explicitly, but she can imply it, implying that Qu Mo Ying is intentionally coming in front of the Crown Prince to show the affection between her and the Crown Princess two, indicating that her sisterhood with the Crown Princess two is more intimate than her own sisterhood with the Crown Princess.

It was implicitly stated that Qu Mo Ying had something in mind for the Crown Prince.

This thing, was originally a one-two punch, one is to let the crown prince anger to punish Duan, it is best to directly dispose of Duan, Duan a go, on a small child, the mother is bound to be able to deal with, by the time the whole Ling'anbu House or have to return to the hands of their parents.

Of course, the lantern will not say that it was found from Ji Yan Yue's courtyard, it has to be said that Duan secretly took it from the Crown Princess's old residence, Duan didn't take the Crown Prince's words seriously, and just such a crime can make Duan eat and suffer.

Secondly, it was Qu Mo Ying, although Ji You Ran had a mouthful of cousins and looked affectionate towards Qu Mo Ying, inexplicably, when she saw Qu Mo Ying, she always couldn't like it, and was even vaguely a bit hostile, which she already had this feeling when they first met.

This feeling was very uncomfortable, sometimes, Ji Youran even felt that in Qu Mo Ying's body, there was a vague shadow of Ji Hanyue, which was the most intolerable thing for her.

Ji Hanyue was already dead, so long ago that even the weeds had grown in front of her grave, by what right did she still jump out to disturb her mind and make her unconsciously nervous.

Together with Duan, she had needlessly removed the lantern from the Crown Princess' old residence, wanting to show her love and sisterhood with the Crown Princess in front of the Crown Prince, or to draw the Crown Prince's attention, whichever of these purposes would cause the Crown Prince's dislike, and since Duan had been punished, Qu Mo Ying would not be able to escape either.

As for whether Qu Mo Ying had said anything to himself at that time, even if Qu Mo Ying denied it, it was useless, the only ones who would be on the path would be his own master and servant and Qu Mo Ying's master and servant, and the Crown Prince of course believed in his own words more.

And the third point, but Liu Jingyu, sacrificing the crown princess when this kind of thing happened, the crown prince is the most focus on reputation, especially and JiHanYue's off the place, sacrificing when something happens, this is the disrespect to the crown princess, or also may be some people will seem to say that this is the warning of the crown princess, or else the good life of the Duan's and QuMoYing how to come out of this kind of stupefying trick.

Of course this was only the prospect, she still had a backhand, after the Crown Prince had chastised Duan and Qu Mo Ying, she vaguely pointed out that the Crown Princess was unwilling to have this kind of thing at the time of her sacrifice.

The so-called unwillingness, naturally refers to Ji Hanyue is not willing to the Crown Prince so soon, to marry another newcomer into the Palace, when the Crown Prince heard, although annoyed, but will also feel that this is not the best to declare Liu Jingyu as the Crown Princess of the best time, this marriage can be delayed a little more.

For that high and mighty Liu Jingyu, Ji Youran felt that she still had to utilize to the dead Ji Hanyue, and she also had clearer preparations

But now things actually appeared such a big mistake, how can Ji You Ran not panic, stuttering even words can not go on, mind desperately think of exculpatory ideas, it is obvious that His Highness the Crown Prince perceived something.

Pei Luo An did notice, with Qu Mo Ying's words padding in his heart, the party Pei Luo An observed very clearly, saw some small moves between Ji You Ran and Xiao's mother and daughter, and also let the guards stop the granny that Xiao had sent out, with the purpose of seeing how she was going to move next.

Ji You Ran and Xiao's actions have already explained everything, Pei Luoan was a little puzzled before, but now he is sure, sure that Ji You Ran is stirring things up inside, his heart flooded with anger, he would like to see how Ji You Ran justifies herself.

When Ji You Ran stammered and considered how to excuse herself, two grannies suddenly came outside the main hall, holding a lantern in their hands, and when they saw the guards guarding the doorway froze for a moment, and were about to leave, but then they saw the guards step forward, took the lantern from the grannies' hands, turned around, and walked inside.

The two grannies were startled and didn't dare to go any further, shivering as they stood fixed outside the main hall.

The guards presented the lantern to Pei Luoan's face, looking at an obvious scratch on top of the lantern's base, Pei Luoan pointed with a cold smile, "Ji You Ran, what is this?"

"Your Highness, I really don't know, I just just heard that Mrs. Duan brought a lantern over, it seems to be the Prince Consort's lantern, I... . just wanted to teach Mrs. Duan a lesson, it was my concubine who misheard my mother's words and thought that Mrs. Duan was just a concubine, incapable of sitting above the position of a madam!"

Ji Youran's tears immediately rolled down, aggrieved, she knew at this time that the momentum had gone, and no longer dared to push towards Duan's and Qu Mo Ying, and directly pulled Xiao out to block the arrow.

Chapter 479 Your Highness, You Can't Do This

"Listening to your mother's words, that's why you broke the lantern, and you're going to blame it on Duan's and that fourth young lady from the Qu Mansion?" Pei Luoan coldly said, reaching out to take the lantern, his gaze falling on that obvious scratch on top of the lantern's bottom sitting.

“Your Highness this, this should be an accident, mother did not say before that this lantern was scratched, Your Highness, I know that Your Highness has a piece of the Prince Consort’s mood, and how could you do such a thing to anger Your Highness, Your Highness!” Ji Youran’s face was pale and shivering.

It was a scratch she really didn’t know about and hadn’t heard Shaw talk about it, but now why was there a scratch on the top of the lantern?

Pei Luoan looked at her twice, saw that her situation didn’t look like she was faking, and instructed the guards, “Go ask how it got scratched.”

The guards answered and retreated, and in a short while they came in to report, “Your Highness, the two grannies said that when they got it, it was bad, and they also said that it was brought from Mrs. Duan’s side of the Ling’anbo House, and that they didn’t know anything else, and that they were at Mrs. Xiao’s behest to go and get it.”

This was the confession that was strung together in the beginning, it’s just that the situation is different now, and saying it again makes it sound more like Shaw’s setup.

Sure enough confessed her mother, Ji Youran’s heart panicked, the whole person is nervous and shivering, the great hall is quiet, the ears seem to even hear the silent breathing clearly, Ji Youran would like to see the expression of the Crown Prince, but she does not dare to move, for fear of provoking Pei Luoan’s violent anger.

“Ji Youran, how do you think this should be done in order to preserve the Crown Princess’ honor?” Pei Luoan’s cold, quiet voice suddenly came from his ears.

Ji Youran, however, couldn’t help but fight a shiver and hurriedly said, “Your Highness, you can punish your mother for being grounded and let her copy the Buddhist scriptures as long as Your Highness is satisfied.”

Pei Luo An moved to say that she had to say that.

“That’s all? The Prince Consort’s face is stepped on like that?” Pei Luoan’s voice is still calm, but Ji Youran hears the anger under his calmness, steals her eyes to look above, and meets a pair of cold and stern eyes, her heart panics, and she can’t say a single word in knotted white.

The face of JiHanYue is at stake, so the mother’s sin can’t be resisted? But mother is after all JiHanYue’s elder, JiHanYue did not die before see mother will bow, let alone now JiHanYue are dead, are dead can no longer die, Prince want to do?

But she didn’t have the guts to retort, gritted her teeth and lowered her head, “Please punish the Crown Prince.”

This matter she can not admit, can only be pushed to the mother’s body, the mother is JiHanYue’s elders, the crown prince if the consideration of JiHanYue, necessarily will not be to the mother how, not to mention the grandmother is still there, even if the crown prince does not respect the mother, grandmother is always JiHanYue’s own grandmother, right!

She’d beg her grandmother to intercede for her mother in a moment.

Ji Youran hard to think in a good direction, but just a lantern with a scratch on it, Ji Hanyue has so many things, there is some damage and what is it, as for the mother and Duan’s fight, in fact, it is just the inner courtyard of the Ling’anbufu’s fight, right, how would the high and mighty Prince pay attention to this!

“Cane?” Pelooan said.

Ji You Ran suddenly widened her eyes and raised her head in shock, “Your Highness

“What? Think there’s an accident? Or do you think the Crown Princess’ face is less than your mother’s caning?” Pei Luoan asked in a slow voice.

Ji Youran s face became whiter, the whole person was shivering, knee walking forward, hand to Pei Luoan s knee, wailed, “Your Highness, she is my concubine s birth mother, this this let my concubine how to see people.”

No matter how many hits, the hit is not only Xiao's face, but also Ji Youran's face, since Ji Hanyue is gone, Ji Youran has always taken Pei Luoan's most cared about woman as her own, if Xiao was publicly caned by the Crown Prince, how else could she see people in the future, and how else could she face Liu Jingyu?

"When your mother was doing this, did she ever think about the Crown Princess' face, or the face of Lone?" Pei Luoan sneered.

"Your Highness, you can't be like this!" Ji You Ran was anxious, a pull on Pei Luo An's robe, tears could not be held back any longer, one by one rolled down, wailing and begging, "Your Highness, just this once, never again, I will talk to my mother, and I will also let my grandmother punish my mother, I only hope that Your Highness will give my servant a face, and let grandmother go back to the house to punish her, that is.... .."

Words here, heartbroken, but had to go down, "Even if it is a caning also also let the mother go back to the house only!"

Back to the house, Xiao is disgraced, but at least no one will think of their own body, and by grandmother caning, but also just against the grandmother's wishes, they will not be involved at all.

Ji You Ran is now thinking completely about herself, only want to pull herself out of this matter, as for Xiao, although she is heartbroken, but she can't care anymore, always have to pull things clean on herself first.

Pei Luoan body to lean back, quietly looking at her, a good half a dozen did not say anything, seems to be considering what, gradually the eyes are no longer so cold, actually calmly reached out to pull her up from the ground, "then go back to the house to the caning of the blame, but she is now staying here "

"I'll let her go back now and punish her when grandmother returns." Ji You Ran hurriedly said.

"Good, indeed it is Lone's side consort, a heart for Lone's consideration." Pei Luoan was still satisfied, smiled slightly and said, "Lone's side consort is so considerate for lone, lone will naturally be heartbroken as well, it means that you now remember the guarantee that you said to lone at the

beginning, similarly, lone also guarantees you that as long as you are single-mindedly for lone, lone will naturally put you in your heart, in the most important position in the mouth of your heart as well."

Pei Luoan reached out and gently pinched on Ji Youran's face, then the force suddenly increased, Ji Youran almost screamed in pain, but seeing Pei Luoan's eyes that barely had a trace of a smile, he forced himself to hold back, his eyes reddened and tears slowly rolled down his delicate face, bleak and supple.

Pei Luoan's anger receded a few moments, his hand loosened up, and even gently rubbed on her face, "Does it hurt?"

"It doesn't hurt!" Ji Youran said hastily.

"There is some pain in Lone's heart." Pei Luoan's gaze turned to one side of the table, there is a scratch on the lantern placed on it, "This lantern was still made by cold moon in the beginning, in order to make this lantern, her hand is still injured, she thought that lone didn't know, purposely has been not to reach out, but will lone not see"

When the words came to this point, Pei Luoan stopped, turned his hand to pick up the lantern and looked at it carefully, but did not utter a word.

"Why doesn't your highness take the lantern back and find a handy craftsman to patch it up, it should be fine." Ji Youran did not care about the hidden pain on her face, and hurriedly said.

"May I?" Pei Luoan frowned.

"Naturally it's possible, that one scratch isn't that big, a little mending will be fine." Ji Youran explained while excusing her mother.

Mother's chastisement would be much lighter if only she could mend it.

"Mended, is she the one who did it?" Pei Luoan snorted coldly.

This word Ji You Ran did not dare to pick up, secretly clenched her teeth fiercely, fell on the lantern above the gaze through a wave of jealousy mockery, how she did not know before that His Highness the Crown Prince so valued Ji Hanyue?

How is it that once Ji Hanyue died, His Highness the Crown Prince misses so much?

Unfortunately, knowing the inside story, she just thought it was a joke, was Ji Hanyue really the only woman the Crown Prince was truly attracted to?

Some things played out and looked like they were real, and she still had to match it to show respect and importance to a dead person.

Ji Hanyue died that day in the face of the Lin Yuan Excellency, I am afraid how will not think of this scene in front of you

"What, His Highness the Crown Prince wants to chastise me, and also cane me?" Xiao's face was white with fear, her whole body was trembling, she could barely stand, she was now with Ji You Ran on the path where Ji You Ran had talked to Qu Mo Ying before, and Ji You Ran had purposely called Xiao out.

"Mother, His Highness the Crown Prince found out about this and thought that you were the one who purposely scratched a scratch on top of the lantern, and was very angry." Ji You Ran sighed and said.

"I didn't let anyone make a scratch on the top of the lantern, why would I do that ah, and it's still a lantern in the hands of Duan's people, my people just happened to see it and fetched it over just, how is this matter still blamed on me." Xiao's anxious, a pull on Ji Youran's hand, "Lady side consort, you are aware of this matter, you explain with the crown prince."

"Mother, I've already explained, but the Crown Prince doesn't listen, I can't do anything about it, I only beg the Crown Prince to hand this over to grandmother, let grandmother punish you, and still go back to punish you, with me, grandmother won't do it really over the top, you can rest assured!" Ji You Ran sighed again, reached out and gently patted on Xiao's hand, soothing her.

“This how can this be done, even if your grandmother will not put down dead force, but this caning, this this let me in the future how to prestige the people in the house.” Xiao’s anxious.

“Mother, but this is something that can’t be helped, who let His Highness the Crown Prince see your people fetch the lantern to come, I’m not asking you not to fetch the lantern, don’t take it out again, there’s a change in this matter.” Ji You Ran was not happy, her face sank, this matter also did blame Xiao, obviously had given hints before, Xiao’s people were still so stupid to bump into it.

Even she was also harmed by a hundred mouths, so think, Ji You Ran before because of the things pushed to Xiao’s body, some guilt, at this time suddenly feel that the original is Xiao’s will not do things, will be a good thing, do this way, but also implicated in her body.

“That granny was guarded by the crown prince’s people” Xiao’s aggrieved, not that she didn’t see her daughter’s eyes, but only because of the circumstances, the granny couldn’t leave, and no one went to call off the follow-up.

“So, I can’t help it.” Ji You Ran helplessly said, “Mother, you go back first, don’t let His Highness the Crown Prince see you again, in a while I’ll see if I can persuade His Highness the Crown Prince again, even if it’s a punishment, let His Highness the Crown Prince only have less quantity, your face is also my face.”

“Good good!” Xiao didn’t dare to say any more, wiping tears from her eyes and nodding her head, after which she went to apologize to the Dowager Lady and left Qing Yun Guan with her own subordinates.

Ji You Ran did not leave the path, far away, quietly watching Xiao leave, her heart hate and anger, all flavors.

Only, what she didn’t know was that in a slightly higher place in Qing Yun Guan, there was another person who saw the scene in front of her, and the Taoist nun who stood in front of the window, smiled faintly and turned around to walk deeper into the hall.

Someone from the Prince’s house? She just hopes the more chaos the better

Chapter 480 Something’s Wrong, It’s Going to Fall from the Pavilion

Xiao left, and Ji Youran was still standing in the same place.

The Crown Prince asked her to leave, saying he wanted to sit quietly for a while and keep the Crown Princess company.

The side hall Ji Youran and do not want to go, see Mrs. Duan she is also angry, not to mention that there is also Mrs. Qu in.

Thinking of Mrs. Qu, Ji Youran suddenly remembered Qu Mo Ying, just now, although the crown prince did not say anything, but Ji Youran tasted a few meanings, and now Qu Mo Ying is not there, is it possible that Qu Mo Ying met the crown prince, and said something to the crown prince?

Why else would the Crown Prince at that time not trust himself in the first place?

If someone didn't say something, on their own identity, and in the crown prince's heart, some words are one to say a yes, that is someone gave the crown prince preconceived ideas? The only person that comes to mind is Qu Mo Ying.

There is also a place for Ji Ran to doubt Qu Mo Ying, her mother had clearly said that Qu Mo Ying had spoken to Duan before, and the two seemed to be very involved in what they were saying, shouldn't they be talking about the lanterns at such a time? As long as Qu Mo Ying spoke, Duan wouldn't show a completely blank expression, and His Highness the Crown Prince wouldn't be able to see anything different.

So Quemoy Ying didn't say anything?

It was clearly agreed here before, how could Qu Mo Ying not tell Duan, causing herself to reveal herself in front of the Crown Prince?

Turning toward one end of the trail.

"Lady Side Consort!" The maid carefully followed and asked in a low voice.

“Go find Fourth Miss Qu.” Ji You Ran said in a cold voice, as if a bellyful of jealousy and hatred in her heart had found a vent.

Walked to the outside of the path, is still the main road, Ji You Ran stopped in his tracks, the maid went over to find a few passing incense to inquire about the news of the Qu Mo Ying, an inquiry to inquire, after all, the Qu Mo Ying’s image and others are different, wearing long eye veil of the woman, and now the Qingyun Guan in the she is such a one, but also not easy to let a person to recognize the wrong.

After inquiring that Qu Mo Ying was not far ahead, Ji You Ran headed over there.

Sure enough, from afar, I saw a small hill with a modest pavilion, Qu Mo Ying and the maid beside her were there, it seemed that the maid was talking about something, Qu Mo Ying was listening while smiling, the corner of her lips slightly curled up, it could be seen that the smile was very happy.

The terrain of this place is very flat on one side, gently downward past, but the other side is a little steep, from a distance it looks like it is built on a small hill, close to the image is more like it is built on the outermost part of the hill on top of a large rock, on the other side of the high rock below it, near the Qingyun Guan of the water of the lake, the view is very good, and the terrain is also high.

On one side of this lake, there are actually not a lot of little pavilions like this, and a large rocky outcrop that sits on the water, all in good locations.

Already in the fall, there is a wind blowing, this time of the year is not a lot of people, sporadic people come over to see a view, the most desirable pavilion in the past, but also very few people come over, there is no Aman in the pavilion, and so high, the wind is too strong.

Ji You Ran slowly walked over with her maid.

Hearing the commotion of them coming over, Qu Mo Ying raised her head and looked towards Ji You Ran who had already arrived at the pavilion, then stood up and gave a sideways salute towards Ji You Ran, “Greetings to Lady Side Consort.”

Ji You Ran came in, pressed down her anger with force, and her expression calmed down, "Fourth Miss Qu, did you talk to Mrs. Duan about the things that were entrusted to you in the party?"

"What is it?" Qu Mo Ying was at a loss.

Ji You Ran once again forced down the fire, "It's the lantern thing that I told Mrs. Duan about before, the lantern made by the Crown Princess."

"Oh, this matter ah" Qu Mo Ying smiled faintly and replied slowly, "I haven't had time to say it yet, I'll talk to madam when I have time."

"Wasn't Fourth Miss Qu talking with Mrs. Duan just now? How come you didn't have time to speak, is it possible that you didn't take the matter of the Crown Princess to heart?" Ji Youran's face sank.

A big charge was pressed.

Qu Mo Ying heart cold smile, Ji Han Yue obviously died in the hands of Ji You Ran, right now Ji You Ran actually still have the nerve to say such words, put a chicken feather as an arrow, really let a person feel mockery.

"What does Lady Side Consort mean, I didn't understand." Qu Mo Ying asked, her expression still natural.

This made Ji You Ran inexplicably angry, how could the anger in her heart not be suppressed, how humiliated and jealous she was in front of the Crown Prince just now, how much she hated at the moment.

"Fourth Miss Qu, what you were clearly entrusted to do before, but now you're not taking it to heart, has Fourth Miss Qu ever truly considered the Crown Princess, or is she just borrowing the Crown Princess's name." Ji Youran sneered.

"I borrowed the name of the Crown Princess?" Qu Mo Ying's face also turned cold, "I don't understand what Lady Side Concubine said, this lantern thing, Lady Side Concubine did say, but Lady Side Concubine

also don't take the Crown Princess, the Crown Princess is my cousin, and she is deeply in love with me, so how could I fail."

"If you don't live up to it, why are you so disinterested in the Crown Princess' relics?" Ji You Ran coldly looked at Qu Mo Ying, observing her every move.

The eye veil was too wide and bound her eyes, making it much more difficult for her to only check her face from above the corners of Qu Mo Ying's lips.

"Side consort lady's words really can't understand, side consort lady since she cares so much about the lantern thing, just talk to Mrs. Duan, I'm just a small lady in the service, where and side consort lady honorable, I believe that Mrs. Duan, even if there is some controversy with Mrs. Xiao, but also don't dare to go against side consort lady's intention."

Qu Mo Ying said nonchalantly, "Or is it that Lady Side Consort has other plans?"

"You" Ji You Ran was furious and almost couldn't control her face, the hand in her sleeve pinched her fists hard and forcefully suppressed the fire in her heart, but Qu Mo Ying's next sentence made her forcefully suppressed fire rushed up again.

"And I also asked His Highness the Crown Prince just now, and His Highness said that it wasn't anything urgent, so I didn't have to rush to ask Mrs. Duan."

"What? You went to ask His Highness the Crown Prince?" Ji You Ran almost lost her voice and screamed, no wonder the Crown Prince didn't half trust her today, originally Qu Mo Ying had already gone to talk to the Crown Prince.

"Yes, when I came out just now, I happened to meet His Royal Highness the Crown Prince, so I said a few words." Qu Mo Ying greatly said.

"You you" Ji You Ran can't help it anymore, looking at Qu Mo Ying innocent and also dignified and decent, a wave of evil fire, this time actually even her mother was folded into Qu Mo Ying's hands, how not to hate.

Reaching out and shining her hand on Qu Mo Ying's face was a hard slap, the young lady of the Squire's House, she hit it.

If it was any other powerful lady of the world, she would certainly not be impulsive, and would still plan well.

Yu Dong's quick eyes and hands pulled Qu Mo Ying to the side, and then the whole person rushed up, seemingly to slam into Ji You Ran's body, her mouth shouting shrilly, "Lady Side Concubine, please Lady Side Concubine spare the young lady."

This sound sharp scared Ji You Ran jumped, hand stretched out a time did not have time to retract, heavy hit Yu Dong's face, Yu Dong backward two steps, hard hit the fence behind him, the fence also do not know whether it is not the years out of weather, or other reasons, actually so was broken a section, Yu Dong's body tumbled out.

Below this was high rock and steep, and at the bottom was that bend of the lake, and the water was sere in the fall, and where would be the good of falling at this time of year!

Qu Mo Ying's hand was tightly pulling Yu Dong's hand, and his other hand pulled on a pillar on one side, trying to stabilize his body, while he hurriedly said, "Yu Dong, be careful!"

Yu Dong's reaction was also fast, pulling Qu Mo Ying's hand on one side and the other side of the fence where it was not broken, her body was half hanging on top of the rocks below the pavilion, looking dangerously close, as if no matter where she loosened up, she would fall down.

The screams had already scared the people passing by, and then seeing this scene in front of them, many of them were even more alarmed, and some enthusiastic people ran towards the pavilion, intending to help Qu Mo Ying to pull the people up.

Things are too sudden, Ji Youran woke up, immediately has become the center of the eyes of the crowd, Ji Youran reaction is also fast, glared at the side of the maiden, the side of the maiden rushed forward, want to go to pull Yu Dong pulled the hand of the fence, one side said: "Hand to me, I pull you up."

Yudong looked at her with a wary face, didn't pass her hand over, and her body subconsciously ducked back, her voice with a few moments of crying, "Lady Side Consort spare the slave girl, the slave girl only wants to protect our young lady, really didn't mean to contradict Lady Side Consort."

It wasn't a small cry, she was startled and panicked, and the way that hand hanging on the fence moved purposefully to avoid the maid made her look even more dangerous.

Nearby over the two incense, looks like the manor of the ordinary women, big waisted, came over to help Qu Mo Ying Yu Dong pulled up, retreated to the outside of the pavilion, did not go, just Yu Dong's sentence of "side consort mother", but also let them realize that the pavilion of the identity of Ji You Ran is not extraordinary, do not dare to speak directly, just fell to the Ji You Ran body gaze with a few points of disdain. They didn't dare to speak directly, but only fell to Ji Youran with a few disdainful gazes.

I don't know which royal family's side consort above is so arrogant and domineering that she actually does this kind of thing.

The incense burners who came around to look at it became more and more numerous, and some people began to whisper, all guessing Ji Youran's identity.

Ji You Ran already knows it is not good, step forward to try to make up for it, this situation at the moment, of course, can not be angry again, the crown prince is still not far in front of the main hall, this time can not cause trouble again.

Just now is also by the Qu Mo Ying speech look angry, Ji You Ran will make such rude behavior, of course, the main is also Qu Mo Ying's identity, Ji You Ran contempt do not see, only to be provoked out of control.

"Cousin Qu, are you alright?" Ji You Ran asked with eagerness and concern.

Yu Dong who was originally cowering on the side of Qu Mo Ying suddenly stepped forward and blocked in front of Ji You Ran, sobbing sadly with tears in her eyes, although she was afraid but did not retreat: "Side Consort Niangniang we our young lady is really unintentional, I still hope that Lady side consort let our young lady go, slave girl is willing to bear Lady side consort a slap again."

Hearing her say this, the gazes of the people outside the pavilion all fell onto Yu Dong's face, and sure enough, they saw that on her white and tender face, a red slap mark, which hadn't completely faded at this time, and it looked as if it was hit by this Lady Side Consort just now.

As expected, this Lady Side Consort was very arrogant and domineering, and now that she saw so many people, she immediately put on a hypocritical expression, but it was really hypocritical.

Another person noticed the broken fence, a slap that knocked someone right out of the pavilion and broke the fence, how much force must it be, how much hate must it be to make such a big force.

With the empirical evidence of this fence, Ji Youran's words were even more unbelievable!
