

## **Noble Wife 481**

### Chapter 481 The Break Mark is Really Broken

“Cousin Qu!” Ji You Ran also saw the fence, her face changed drastically, looking skeptically at Qu Mo Ying, this was too much of a coincidence, and she didn’t feel like she used that much energy, but right now was not the time to be counting on this.

She took a step forward, Qu Mo Ying took a step back, her expression was a little wary, “Lady Side Consort, please allow me to leave, Yu Dong is scared, I’m afraid I can’t stay with Lady Side Consort any longer for a while.”

“Cousin Qu, this is just an accident, you come with me, I’ll ask the Imperial Doctor to diagnose and treat your maid, see if there are any injuries, this pavilion is in disrepair.” Ji You Ran where willing to let Qu Mo Ying go like this, hurriedly and gently explained, also concerned to look at Yu Dong a few more eyes.

This look can be extremely amiable.

“Thank you side consort, I’d better bring Yu Dong to see for myself!” Qu Mo Ying however ignored her explanation, after making a bow to Ji You Ran, she brought Yu Dong around carefully from the other side of Ji You Ran, looking at her guarded appearance, as if Ji You Ran would get angry again if she wasn’t careful.

There are quite a lot of onlookers outside, Ji You Ran is angry and hateful, but she can’t do anything about Qu Mo Ying, she can only watch Qu Mo Ying leave.

When Qu Mo Ying was gone, the perfumers looked at Ji You Ran whose face had sunk, and one by one quietly retreated, only as they retreated, the voices started to get louder, all talking about what had happened just now, and needless to say, this Lady Side Concubine was overly domineering.

Fortunately, the fall is a maid, if it is the body of a delicate young lady, this time I am afraid to wait for others to pull her up, will inevitably fall into the water below.

Falling into the water from such a high place, even if she doesn't die, I'm afraid she won't be well, that one still has eye disease, look at the way she wears eye veil, so soft, this fall, there's no telling what will happen!

This is a deliberate attempt on people's lives .....

That's not a normal evil heart!

Listening to the sound of the crowd talking in the distance, Ji You Ran hated and angry, hate to stop all the people to reprimand a meal, but also know that this time inconvenient to really stop the people, turned to look at the fence broken, she did not believe that she gently a slap, can be thrown out of a maiden, but also crashed through the fence.

It might be that Qu Mo Ying had set it up here early on.

Thinking this way, Ji You Ran naturally wanted to go up and inspect, if cutting with a sharp instrument early on was different from banging it off, she had counted on Ji Hanyue this way in the past, and if this Fourth Miss Qu was doing the same to herself, then she would be thinking wrongly.

The heart thinks so, slightly settled a little, but in seeing the broken marks, Ji Youran immediately panicked, not that sharp tool first cut, actually really is the crash broken, this broken marks with her past let someone secretly cut completely different.

His face immediately changed and his whole body went cold, how could this be true?

She doesn't believe it!

"Lady Side Consort, His Royal Highness the Crown Prince invites you over." A guard hurriedly came over and entered the pavilion to bow to Ji Youran.

"Your Highness the Crown Prince?" Ji You Ran's eyes widened as she looked at the rift and naively repeated.

"Yes, now please go over there." The guard said.

Ji You Ran's fingers trembled as she stroked the crack, confirming it once more.

"Lady side consort, His Highness is still waiting for you, please hurry." The guard's voice sounded unhurried, but the meaning in these words made Ji You Ran's face turn pale with panic, her fingers tightly pinching her handkerchief.

"Lady Side Consort, please?" The guard took a step back and continued to urge.

Ji Youran took a calming breath and settled her mind, telling herself that she couldn't panic, reaching out and pointing at the crack, she said to the guard, "Go up and take a look, is this crack made by cutting it with a sharp weapon?"

She couldn't panic, maybe she couldn't see through it yet, even if she had known some of it before, she couldn't really see through it, and the squire should have a better eye.

"Yes!" The guards went forward in response to the order, and after looking at it for a few moments, they turned back to report, "Lady Side Consort, this is not cut by a sharp weapon, it is really crashed, the cracks on it are not irregular, and there are also some hairy places, it's not something that can be done by a sharp weapon."

"That's impossible!" Ji Youran retorted almost subconsciously.

"Lady Side Consort, His Highness the Crown Prince is still waiting for you!" Hearing this Lady Side Consort doubt her ability, the guards were not too happy, but still honored the Crown Prince's command and continued.

"You have someone come over again and take a look together." Ji You Ran where willing to go like this now, now the past is a hundred mouths to feed, she must let people from this to see the traces of Qu Mo Ying counting herself.

“Lady Side Consort, His Highness the Crown Prince has been waiting for you for a long time, if you don’t go back, I’m afraid that His Highness the Crown Prince will become angry.” The guards grew impatient, their voices rising a few points.

When the Crown Prince sent himself out just now, his expression was icy cold, and it looked like he was angry.

The side consort’s previous things only cleared, now there is a new thing out, the crown prince is happy to be strange, this side consort used to look quite smart, but now feel stupid, know that the crown prince will only want to stay with the crown prince consort, but always nothing to look for some things.

Ji You Ran wanted to not leave and check some more, but she also knew that she couldn’t keep the Crown Prince waiting at this time, so she could only hatefully turn around and march towards the main hall.

Some people had already guessed her identity and stood by the side of the road to watch the fun, only to stop talking and carefully back away when she came over.

A side consort of the Prince’s House is not something that ordinary passersby can casually discuss, and besides, this side consort lady is so arrogant.

Qu Mo Ying, who had already walked far away, stopped and looked to this side, the corner of his lips silently hooked, this is what Ji Youran owes herself, now is the time for her to pay back .....

I should have known that Ji Yuran would not stop after suffering a loss .....

“Did side consort Ji go to question fourth miss Qu?” Pei Luoan’s complexion was still peaceful, his gaze falling on Ji Youran’s body as he slowly inserted the incense in his hand into the incense burner.

“Your Highness the Crown Prince, I ..... am just going to ask about what happened, worrying that this is a misunderstanding.” Ji You Ran hurriedly explained, when she came all the way over, she had already thought of the corresponding words, at this time she was not as flustered as before, Xiao’s was wrong again, that was also her birth mother, she wanted to ask about what happened, it was also appropriate.

“So to slap Fourth Miss Qu, and to beat the maid who blocked the slap for her, almost falling from the top of a high rock?” Pei Luoan’s gaze scrutinized her, so deep and cold that Ji You Ran didn’t dare to force her eyes and hurriedly lowered her head.

“It was an accident, my servant didn’t have much power.”

“So it was just this little maid’s own carelessness, hitting a little too hard, that broke the fence?” Pei Luoan coldly said.

“I ..... feel that it should be like this.” Ji You Ran was uneasy in her heart, but she was forced to speak in this order so.

“Should it look like this? I heard that you even made a point of having someone check the fence to ask if someone broke it on purpose?” Pei Luoan asked with an unchanged expression.

“I ..... am worried that someone is backstabbing the crown prince’s residence, deliberately tarnishing the reputation of the crown prince’s residence, which is why I let the guards look at it a few more times, I always feel that this is not a simple matter, even if I hit a slap up with all my might, the maid couldn’t possibly have broken the fence, is my strength that great? ”

Ji You Ran defended, this matter until now she also did not figure out, more and more feel that things are strange.

There’s no way she could have knocked a maid down anyhow.

“So, do you think this was an accident, or did someone deliberately set a trap?” Pei Luoan asked again.

Seeing that he hasn’t gotten angry until now, although his complexion is very unpleasant, but at least he didn’t get furious, Ji You Ran breathed a sigh of relief, and boldly said, “Your Highness, I don’t know, I always feel that this is not a simple matter, Your Highness, think about it, when this kind of thing goes wrong, who benefits the most? Your Highness’s reputation is bad, others are the ones who benefit.”

Ji You Ran actually didn't know how to explain, she could only move the evil water east, no matter who His Highness the Crown Prince thought of, but at least she could make it seem like that person wasn't her.

Let the Prince think she was the one who was victimized too.

"When something goes wrong, you want to think about who is the one with the most to gain?" Pei Luoan suddenly laughed.

This smile came suddenly, Ji You Ran's heart was scared, inexplicably felt bad, but now, she had to make it up down the line, no matter who His Highness the Crown Prince suspected, it was always better than suspecting herself.

"Your Highness, this is what I think, I don't know what Your Highness thinks." Ji Youran softly said.

"Is Liu Jingyu a possibility?" Pei Luoan asked.

"This ..... subject doesn't dare to say." Ji You Ran at this time where she dared to directly put the blame for the disaster on the body of the Jingyu County Gentleman, although in her heart she couldn't wait for Pei Luo An to be so skeptical.

"If something happens to you, isn't the one who will benefit the most from it Jingyu County Jun? You should also know that Lone will be marrying Jun Jingyu County in the future." Pei Luoan's voice became more and more gentle, his smile slowly retracted, as if he was talking to Ji Youran, "This is lone can't do right by you, in the beginning, lone was also bent on marrying you, but unfortunately, Ling Anbofu won't work, even if you ascended to the position of the Crown Princess, you won't be able to sit down steadily."

Ji Youran couldn't stand any longer, and knelt down with a thud, hastily saying, "Your Highness, I wouldn't dare!"

"You don't dare to think that way, or you don't dare to do that?" Pei Luoan took Ji Youran's hand and pulled her up alive.

The pain on her wrist made Ji You Ran's face become whiter, her body shivered involuntarily, she only felt a chill rise from the bottom of her heart, the current Crown Prince was too abnormal, abnormal as if he wasn't the same Crown Prince she knew.

Such a tone of voice, such a manner of speaking, all different from what she had imagined.

"Your Highness ....." Now she could only cry out mournfully, tears slipping down in bunches, extremely pitiful.

"You just told me that whoever has the most to gain from the matter is the one who is likely to be the one who will be the final calculator, if the Jingyu county gentleman is suspected, isn't it you?" Pei Luoan asked, the smile still hanging on his face, only the bottom of his eyes were cold, his hand lifted up and cupped Ji Youran's chin, pinching her so much that she had to raise her head and stand on tiptoe with great effort.

And a slap was thrown down so hard that the hand on her chin loosened, and Ji Youran staggered to the ground.

"And when you fell into the water, shouldn't Lone have taken a look at the fence at the time to see if there were any sharp cuts on the fence!"

One sentence, Ji You Ran horrified eyes contracted, hand fist subconsciously clenched .....

## Chapter 482 The Spirit Seat Dropping Blood

This matter had happened for a long time, still before Ji Hanyue had died, and it could even be said that that was the cause of Ji You Ran and Pei Luo An.

It was also because of this matter that Ji Youran took the excuse to get together with Pei Luoan.

This matter for Ji You Ran, just a passing cloud of eyes, after that she single-mindedly and secretly deal with Ji Hanyue, has long since thrown this once thing to the back of the mind.

But now that the Crown Prince mentioned it so, this long ago thing, but clearly appeared in her mind, which realized that it was not that she had already forgotten, but that she had repeatedly told herself that this thing was the last thing she wanted to remember, which made her feel that His Royal Highness the Crown Prince had not fallen in love with her at first sight at first sight, and that all of it was calculated by her.

And all the days and nights after that, Ji You Ran has always felt that what His Highness the Crown Prince cares the most in his heart is himself, and that he is the Crown Prince's beloved woman, and that the Crown Prince can do everything for his own sake, and that, of course, he is willing to do everything for the sake of the Crown Prince.

Even if JiHanYue died, even if the Prince showed to the outsiders is JiHanYue is his heart, but this how, this is just the Prince to show to others just.

Since the beginning, she herself was the woman that the Crown Prince cared about the most, the woman that the Crown Prince truly put in his heart.

Love at first sight, since the beginning!

Ji Hanyue and the Crown Prince were betrothed early, and seeing that the Crown Prince sends some rare things to curry favor with Ji Hanyue from time to time, Ji Youran was filled with jealousy, which led to this first reckoning.

When the two people joke, Ji Youran was Ji Hanyue accidentally pushed into the lotus pond, that day the weather is also into the autumn, but also at this time, Ji Hanyue was shocked, and hurriedly let the people to save Ji Youran, was saved Ji Youran, although the whole body trembling, but a hard to Ji Hanyue said it's all right, it doesn't matter.

Wrapped in a cloak, shivering in the wind, but not in a hurry to go back, still comforting the frightened JiHanyue, this scene was coincidentally seen by the Prince PeiLuoAn who came over, after which PeiLuoAn also deliberately sent a thick gift to JiYouran, to give her pressure on the shock, but also on behalf of the JiHanyue to express his apologies.

That day, it so happened that the crown prince in Linganbo House with evening meal, Ji Youran in Pei Luoan out of the house on the road, Pei Luoan stopped, although the body does not look too good, in

the light of the night breeze, looking pale, but through a sickly delicate red, in front of drinking Pei Luoan, reflecting the face of the peach blossom, more than the flower delicate.

Such a fragile person, but returned the Prince's generous gift, indicating that she and Ji Hanyue two sisterly love, even if she was accidentally pushed into the lotus pond by Ji Hanyue, she, as a sister, will not care about it, not to mention that she will not accept the Prince's generous gift, the love between the sisters is not to be measured by money.

Please ask the Prince to take back the gift.

At that moment, the fragile Ji You Ran was so a blessing to the end, insisted on showing her composure, both Pei Luo An did not speak for a long time, she still trembled and insisted.

Pei Luoan let Ji Youran get up, Ji Youran get up, I do not know whether it is stepped on the hem of the skirt, or the body is really uncomfortable, may also be the time to salute for a long time, the body a crooked, fell to one side, Pei Luoan subconsciously reached out, put her half-holding, lowered his head to see is a pair of Ying Ying want to speak, implied love eyes .....

This is something the two have been through together.

Ji You Ran purposely for this time, let the people first break a large part of the fence at the pavilion with a dagger, and with a gentle bump, it fell into the water.

Everything that follows is a matter of course.

"Your Highness, what did you ..... you say ..... my concubine ..... I can't understand ... .." Ji Youran said tremblingly, trying hard to control her calmness, trying to pull out a little smile on her face, but helplessly this smile looked not only stiff, but also comically ridiculous.

The words were asked so suddenly that she couldn't react for a moment, and there were a few moments of panic on her face.

Pei Luoan stared tightly at Ji You Ran's face and laughed coldly, "Sure enough, everything in the beginning was all calculated by you, wasn't it? It was you who counted on Cold Moon, and now you are saying that others are counting on you? There are things that can be one but not two, do you think that if Lone trusts you, you dare to do anything, the matter of the Crown Princess's lantern being scratched has only just passed!"

"Your Highness, really has nothing to do with my concubine, it's Qu fourth miss ..... must be her intention, my concubine can't be that powerful, the matter of the crown princess is also an accident, my concubine didn't blame the crown princess." Ji You Ran anxious full of red, hands shaking sharply, how do not dare to admit this.

"Ji You Ran, do you think that once and for all, lone will still trust you that much?" Pei Luoan laughed coldly, raising his eyes to look up, "You don't need to go anywhere anymore, just kneel here with the Crown Princess to atone for your sins."

"Your Highness ....."

"What, unwilling?" Pei Luoan said coldly.

"Your Highness, would I not be unwilling, just please ask Your Highness to believe me, I really didn't count on the Crown Princess, everything I did was for Your Highness, what Your Highness told me to do, what I did, what happened just now, I really don't know why it became like this."

Ji You Ran sat up on her knees and cried with tearful eyes.

Pei Luoan gave her an unmoved cold look and turned to leave the great hall in large strides.

Looking at such Pei Luoan, Ji Youran sat down disheveledly on the ground, sat dumbfounded for a while, raised her eyes to the spirit seat above, and suddenly crouched on the ground and cried out.

She thought that if she won Ji Hanyue, she won it all, so she went through all the trouble to get Ji Hanyue dead, but what actually happened? There were some things that she actually somewhat vaguely understood after Ji Hanyue's death.

Only, she has not been willing to admit, besides, even if the crown prince is this heart so what, Ji Hanyue is already dead, it is hard not to still be able to climb up from the ground, and settle accounts with themselves not, this later everything is their own.

But now what? She realized that even though Ji Hanyue had died, her shadow had always existed, and the woman in the crown prince's heart was not herself, but Ji Hanyue.

That's why they pay attention to that cousin of Ji Hanyue's, that cousin Qu Mo Ying who doesn't know how many connections she has.

That's why he put Ji Hanyue's scented pouch on the book case and would look at it from time to time.

That's why the old residence of Ji Hanyue was blocked off, not allowing others to enter at will, as well as when he went to the Ling Anbo residence, he would go to the old residence to take a look, sometimes staying for one or two hours, obviously there is no one in there, but he can stay so long in peace.

When he was in the mansion, he himself could not yet see him, busy in the palace with the Eastern Palace, as well as other places, whereas in the Ling An Bo Mansion, he was able to squeeze out so much free time in Ji Hanyue's old residence.

And this lantern, obviously just a simple lantern made by Ji Hanyue, but because of a small scratch, to caning mother, even if she is their own biological mother, for a dead Ji Hanyue, even their own biological mother to caning.

What's not to understand about all this?

And Fang, for that very long time ago, for the two people in the beginning of the most beautiful acquaintance, even if it took some small efforts, it is nothing, but now, it has become their own crime, a blasphemy JiHanYue's crime.

Ji Hanyue is dead, and what about himself, what did he get?

At this moment, Ji Youran even gave birth to a few moments of remorse, Ji Hanyue died, the eldest uncle died, Ling Anbo House is defeated, his own identity has long been not the identity of the original, so as the first daughter of the Ling Anbo House of their own, has lost the qualification to compete for the crown prince's rightful consort, so, the crown prince promised everything, has also become a bubble of flimsy.

But, isn't all this for the Crown Prince?

Why is it all your fault now?

Why? Why is it that everything you've worked so hard for is not your own? He is the one who should sit on the Crown Princess, Liu Jingyu did not do anything, why can marry into the East Palace.

JiHanYue, JiHanYue, she hated JiHanYue, it was JiHanYue that dragged her down, JiHanYue even if she died, she wouldn't let herself go, she couldn't wait to put JiHanYue on the wrong side of the bone, JiHanYue died a hundred times and couldn't absolve herself of her guilt, it was JiHanYue that caused herself to get to such a point.

A dead person, a woman who died in the Prince's calculations, what could she take to fight with herself for a place in the Prince's heart.

"Lady side consort, lady side consort." The terrified shouts of the maid ring came from her ears, Ji You Ran didn't want to raise her head, still without a body on the ground crying, she was afraid that when she saw Ji Hanyue's spirit seat, she wouldn't be able to help but go up and smash this spirit seat to pieces.

"Lady Side Consort, Lady Side Consort, you ..... look ....." The maiden's horrified voice was not the only one, as if something had shocked them.

Ji Youran slowly sat up on her knees, took a handkerchief and wiped her tears, one by one, wiping them away, since the crown prince was not there, who was she crying to, to these maids around her who didn't know the decency? She is the side consort of the East Palace, is now the only mistress inside the East Palace.

Even if Ji Hanyue got on the Prince's heart so what, Ji Hanyue died, and still died in the Prince's calculations, if the Prince wants to blame, he can only blame him for his own, and what has he got to do with himself!

Yes, she secretly counted Ji Hanyue, not only once, there was even a last time, but so what, she was all for the crown prince, all because she wanted to be with the crown prince forever and ever, the world of the three was too crowded, she only wanted to be with the crown prince, Ji Hanyue was destined to be the one who was squeezed out, she was the one who followed the crown prince in name only.

Even if the crown prince's heart has Ji Hanyue, so what, does he not have himself? There must also be, surely there is.

Ji You Ran said to herself over and over again, then calmed down, slowly raised her red and swollen eyes, and coldly said to the maid at the side, "What is it?"

"Lady side consort, you ..... look, this ..... the spirit seat above, this ..... the spirit seat of the prince consort ... .. "The maiden has sat on the ground in shock, reaching out and pointing above, her face pale without a trace of blood.

Ji Youran subconsciously turned his head, is to see in the middle of the spirit of Ji Hanyue, spirit above a faint red, slowly sliding down from above, condensed as blood, in front of the eyes can not help but a black .....

The voice of the maid in the ear is suddenly far away and near: "The crown princess s ..... spirit seat of the crown princess ..... drips blood ....."

Chapter 483 Whose Maid Is It Anyway?

Qu Mo Ying met Pei Luo An at the entrance of the main hall, seeing Pei Luo An standing in the middle of the main hall, Qu Mo Ying sidestepped and saluted before retreating to the side with his head bowed, waiting for him to pass.

"Fourth Miss Qu." Pei Luoan, however, didn't walk past her, instead walking in front of her.

"Your Highness the Crown Prince." Qu Mo Ying faintly said.

"Just now, the two Lone Side Consorts and Fourth Miss Qu had a dispute, causing Fourth Miss Qu's maid to almost fall?" Pei Luoan asked.

"It's just some small matter, Your Highness need not care." Qu Mo Ying still bowed his head, his expression natural.

"Is it about what Fourth Miss told Lone earlier?" Pei Luoan pursued, his gaze falling grimly on Qu Mo Ying's body, scrutinizing her every move.

Sensing Pei Luoan's attention, Qu Mo Ying was very natural and nodded without hesitation, "It is precisely this matter, I don't know what His Highness said to the Lady Side Consort, but the Lady Side Consort came to question me, asking about the very thing I told His Highness."

"And then there was this quarrel?" Pei Luoan asked again.

"If Your Highness calls this a quarrel, it is indeed." Qu Mo Ying said, not concealing or desiring the intention, simply showing the meaning.

It's straight up all hands on deck, and it's still just considered a brawl, so let's call it a brawl!

There was no anger, no panic and weakness, just stating a thing, very natural, and certainly not half a bit of concealment in the meaning.

"Fourth Miss Qu, that's Lone Side Consort!" Pei Luoan's face turned cold.

"Indeed, it is Your Highness's side consort lady." Qu Mo Ying fell into a generous manner and gave another sideways salute, her complexion did not fluctuate half a bit, her cherry lips pursed slightly.

"Lone side consort would do such a thing?" Pei Luoan suddenly laughed, is this an attempt to forcefully suppress this matter?

Qu Mo Ying slightly looked up at Pei Luo An, it was very simple and clear, "I don't know!"

Only after that did he say, "Your Highness, I want to go in and see my cousin."

This is the way things are, Pei Luoan couldn't suppress it even if he wanted to.

Pei Luoan's gaze went cold again, coldly looking at Qu Mo Ying for half a second, and only after a good half a second did he wave his hand, and Qu Mo Ying gave him another salute, then walked around him and headed towards the main hall.

Not yet arrived at the entrance to the hall, suddenly saw a maiden rolled and crawled out, "Your ..... Highness, the Prince Consort ..... Prince Consort's spiritual seat ....."

Pei Luoan had originally turned to leave, when he heard the maiden's words, he suddenly turned around, his eyes glaring fiercely at the maiden who had come over, and asked sternly, "What happened to the Crown Princess?"

"The Crown Princess ..... Crown Princess's spirit seat ..... is bleeding ....." the maiden said in a frightened hurry, her face pale and trembling all over her body, at a glance, she was frightened.

After Qu Mo Ying froze, he hurriedly headed towards the main hall.

Pei Luoan froze for a moment and his face changed, taking a few steps to cross over Qu Mo Ying and head towards the main hall.

Behind him, Qu Mo Ying's eyes within the veil narrowed, a cold chill rose, "blood" of course can't be real "blood", before she let Yu Dong sent people to do things, the scratches on the lamp is one thing, now this so-called "blood" is another thing. The so-called "blood" is another thing.

Standing at the entrance of the main hall, Qu Mo Ying did not go in directly, calling over a Taoist nun who stood by the side: "Do you have any blood bubbling above the spirit table here?"

"This ..... this is impossible, the general situation is absolutely impossible." Taoist nun just stood outside the hall, also heard the words of the maiden, this time was also shocked, listening to Qu Mo Ying so said, hastily shook his head, she in the Qing Yun Guan so many years, never heard of such a thing, the spirit plate above the flow of "blood", this is a grievance?

"What if it's not the usual case?" Quemoy Ying continued to ask.

The Taoist nun stammered up, she was really frightened, at this time still some can not return to the soul, just subconsciously replied: "Listen ..... to hear people say that if it is difficult to die after peace, or death is wrong ....."

Words said here Taoist nuns immediately came to their senses, tightly covered their mouths, feet softly flopped and sat down on his knees, this kind of words is a big crime of killing the head.

"You go back first, and check what exactly was omitted." Qu Mo Ying glanced at her and said gently.

"Yes ..... yes .....", said the Daoist nun, holding the pillar up, her legs so weak that she could hardly walk, and trembling, looking as if she had lost her soul.

The other attendant dowager looked strong enough to help the two of her leave together.

They moved quite a bit here, and the screams that the maiden made as she rolled and crawled around, startled quite a few people, some heard them clearly, and some didn't, but they were asking in private.

For a while, many people knew that something had happened to the spirit seat of the Crown Princess in the ceremony inside, and they heard that it had bled, could it be that the death of the Crown Princess was due to another reason?

But no one dares to discuss such words, and the incense burners who thought of it quietly retreated, especially when they saw the two Taoist nuns leaving with each other's support and trembling, and the rumors spread noiselessly .....

Inside the hall, Pei Luoan was holding the spirit tablet in his hand, looking at the red candle oil on it, his eyes coldly looking at Ji Youran, it was obvious that it was dripping with red candle oil, and the incense and candles in the hall were blooming, especially in front of the spirit tablet, the heat rushed to the sky, and the red candle oil melted away, and slowly slid down from the top of the spirit tablet.

It looked like big red blood.

But it's really just candle oil for candles!

"Ji You Ran, how are you looking after this grand hall, not that you are single-mindedly dedicated to the Crown Princess, what is this?" Pei Luoan asked in a cold voice.

The red candle oil was unusual, but it couldn't have appeared on top of Ji Hanyue's spirit tablet.

White candles were used for the festival, not this big red one, so it's surprising where this red candle oil came from, it came from a bit of the wrong place.

The main thing was that outside of this red candle oil, there was white candle oil wrapped around it, which at first wasn't noticeable, thinking that it was stained from the white candles on the side.

Once the white wax oil on top has burned, it's this bright red candle oil.

How to see this kind of thing is not meet coincidence, must be someone in the dark intentionally placed, but bias Ji You Ran said has been here to do their best ceremony did not find.

"Your Highness, I ..... have not walked away from the party, only when I was talking to the fourth miss Qu, I walked away for a bit, but let mother and Mrs. Duan who is here to watch, it's not possible that something will be wrong." Ji You Ran hurriedly explained, her brain was awake at this time.

"Someone, go and invite Mrs. Duan." Pei Luoan snapped.

One of the guards answered and went to the side hall, and in a short while he invited Mrs. Duan over.

"Did you see anyone come in while your wife and Mrs. Xiao were on guard here?" Pei Luoan asked.

Mrs. Duan revealed a thoughtful expression before shaking her head, "Reporting to His Royal Highness, I didn't see anyone come in, just the people from the Ling'an Burial Mansion."

"You two have been keeping watch?" Pei Luoan asked again.

"The second younger sibling pulled me aside to talk for a while, and then it was the maid and mother in law of Ling Anbo House who went up to change the incense and candles, and the other ..... really didn't." Mrs. Duan thought again and affirmed.

There were quite a few people in the hall at that time, but all of them were wearing the clothes of the Ling'anbo House, and at a glance, they knew that they were from the Ling'anbo House, and the ones from the Crown Prince's House were guarding at the hall, and did not come forward.

"Where are the people around the side consort?" Pei Luoan looked at Ji You Ran, but didn't ask her directly, instead asking Mrs. Duan.

"The people around the side of the side consort lady, are waiting at the entrance of the main hall, before the side consort lady left, instructed them to guard right here, but ....." Mrs. Duan said here hesitated for a moment, looking a little bit hesitant.

"Is there any abnormality?" Pei Luoan noticed immediately.

"It seems like someone ..... had come up, from the doorway, it seems to be the people of the East Palace ..... was talking to the younger siblings, see is actually not clear, just turn your face when you see, the younger siblings should see a little more clearly. " Mrs. Duan also hesitated at this time.

That time was indeed by chance, she stood with her back turned, Xiao did not know what was going on, pulling her to say some bits and pieces of things, she listened to the distraction, her body turned slightly, then saw a maid pass by, look at this should be to the gate.

Mrs. Duan also did not care, looking thought it was the East Palace's maid, this time suddenly feel the clothes seem to be a little different, but for a moment can not say where there is a difference.

I just looked at it at the time and didn't think much of it.

"Ask, who came forward at that time?" Pei Luoan coldly glanced at Ji Youran and said in a cold voice.

Ji Youran hurriedly held the maid's hand and turned back to order the people behind her to come over, she brought quite a lot of people from the Eastern Palace this time and the row was huge.

They were all scared and trembling by His Highness the Crown Prince's slap, at this time, when they heard Ji Youran ask, each of them looked at me and I looked at you, but they couldn't say anything.

"Who the hell came forward?" Ji Youran snapped.

Finally a granny stood out, "Your Highness the Crown Prince, the Lady Side Consort did have a maid up, but at that time the slave maids thought it was a maid from the Ling An Bo House, so they didn't care, the two wives of the Ling An Bo House were there, and it wasn't the turn of the slave maids to make the decision, the slave maids were at the door waiting for the Lady Side Consort to come over."

"No one got a good look at how long it was?" Peloan asked sternly.

The maids and grannies one by one didn't even dare to say anything, lowering their heads tightly, afraid of provoking this furious Crown Prince, even the most favored side consort lady received a slap, if they said the wrong thing, this life can't be saved, it's better not to say anything at this time.

"Your Highness, there must be someone who deliberately mixed in and disturbed the Crown Princess, don't worry, Your Highness, I will definitely inquire clearly." Ji Youran raised her reddened eyes and said.

Pei Luoan didn't say anything, his eyes looking at Ji You Ran grimly.

“Lady Side Consort, cousin’s matter must always be inquired into, if it has something to do with Mrs. Xiao, can you please ask Mrs. Xiao to come and make a trip, maybe Mrs. Xiao can see it more clearly, there is always someone who is making a show of it, and borrowing the cousin to plot something, but no matter what, please also ask your highness to inquire into this matter.”

Qu Mo Ying slowly came over and sidled up to Pei Luo An and blessed him with a salute, then raised his head and looked at the spirit cards Pei Luo An was holding tightly in his hands, a mockery in the bottom of his eyes .....

#### Chapter 484 Is Fourth Miss Qu Displeased with Me?

Ji Hanyue’s spirit seat, was held tightly in Pei Luoan’s arms, as if he was holding some most important treasure, the red candles on it were wiped clean by his own hands.

Only at the moment this kind of cherishing, but let Qu Mo Ying feel ridiculous, Pei Luo An is still so good at pretending, no wonder at that time she really thought Pei Luo An was sincere to herself, how could she not imagine that in the end a family up and down all died in his hands, with their own blood and the blood of their loved ones stained Pei Luo An’s path of power.

Now that Ji Hanyue is dead, Pei Luoan has never let her go and is still utilizing the last piece of her value.

Deeply loved and cherished?

A person who is already dead really doesn’t need to say this again, but since Pei Luoan is willing to act, then she will accompany him in a play of deep love.

“Don’t worry, Fourth Miss Qu, I’ll inquire clearly.” Pei Luoan’s face was grim as he said.

Qu Mo Ying didn’t say anything, only sidestepped and bowed again to Pei Luo An, then slowly stepped forward and stretched out his hand, “Your Highness, can you let me wipe it clean again?”

Pei Luoan looked at her, then at Ji You Ran to the side, and slowly handed over the spirit tablet in his hand.

Qu Mo Ying took it and gently wiped it with the handkerchief in her hand, she wiped it very seriously, seriously pursed her cherry lips and wiped it carefully, a little bit carefully.

The handkerchief in his hand was tinted with a bit of faint red, that was where Pei Luoan hadn't wiped it clean just now.

The hall was quiet, Pei Luoan's gaze fell on Qu Mo Ying's body, his icy cold eyes enveloping her slender figure in thought, Ji You Ran looked at the scene in front of her with cynicism and hatred, but didn't dare to say anything more.

At this time, whatever she said was wrong, whatever she did was wrong, His Highness the Crown Prince's words and actions just now had already explained everything, Qu Mo Ying had mentioned her mother again, His Highness the Crown Prince was bound to be annoyed with himself and his mother once again.

Ji Youran wanted to plead for mercy, swallowed the thousands of jealousies in her heart, and raised her eyes to Pei Luoan: "Your Highness, mother is bound to have not seen it, if she saw it, she would have already talked to my servant about it ....."

Since Qu Mo Ying mentioned it, Ji You Ran had to explain.

"Your Highness, can you wait until I finish wiping before you speak, don't disturb cousin's peace." Qu Mo Ying whispered without lifting her head, the handkerchief in her hand still meticulously wiping.

Pei Luoan lifted his head, his gaze coldly falling onto Ji Youran's face, the coldness in his eyes was like sharp thorns, almost stabbing Ji Youran to the point that she couldn't stand and fell to the ground.

At this moment, she clearly saw herself in the eyes of the Prince, only the eyes of his own shrinking and panic, even with some of the heart.

It ended with a hint of clear disgust!

Yes, is disgust, so understandably appeared in the eyes of the crown prince, looking at their own gaze, has long since been no longer the old days of sheepish love.

Ji You Ran suddenly took two steps backward, her head lowered, not daring to raise her head to speak again.

The hall was quiet again, and Qu Mo Ying didn't say anything, finally wiping the spirit cards in his hands clean, then presenting the cards in his hands, "Your Highness, it's done!"

"Thanks a lot!" Pei Luoan carefully reached out and took the spirit card back, gently touching the top of it, it had indeed been clean and no longer slippery.

Qu Mo Ying shook his head, "If Your Highness truly misses the Crown Princess, please pay more attention to the Crown Princess's afterlife, don't let others plot against the Crown Princess, the Crown Princess is already gone, even if there are any grudges that have long since disappeared, why bother to dirty her path to reincarnation."

After saying this, he saluted towards Pei Luoan and Ji Youran, holding Yu Dong's hand as he slowly left.

This path of reincarnation? It was already dirty, so she came back from the path of reincarnation only to avenge the blood feud in the beginning .....

Her actions were almost rude, but Pei Luoan just quietly watched her leave without uttering a word, watching Qu Mo Ying's back disappear from view before turning his head to look at Ji You Ran.

"Your Highness ....." Ji Youran panicked and hurriedly said.

"Invite Mrs. Ji back to the mansion and have her punish Xiao." Pei Luoan coldly ordered.

One of the guards went back in response to the order.

“Your Highness .....” Ji You Ran re knelt down, pleaded for her mother, this matter, if it is only their own secret talk to grandmother, it is really not a big deal, but if it is passed on by the crown prince to the grandmother’s meaning, how can grandmother there still dare to spare her mother. “Your Highness, mother really didn’t see it.”

“And where did you say the red candle oil on it came from?” Peioan asked.

A question fell on Ji You Ran, she stammered and couldn’t speak, “Your Highness ..... Your Concubine ..... Your Concubine ..... is not clear about the .....”

“Not clear or not willing to clear? Ji Youran, lone misjudged you, after going back, move to the courtyard that lone pointed out to you before to live, there is where a side consort should live, your previous courtyard, the reason why it is so close to lone is only because it is convenient for you to take care of the crown princess.”

Pei Luoan said in a cold voice.

The courtyard that Ji You Ran is now living in, is the main courtyard of the East Palace, not much worse than the courtyard that Ji Hanyue lived in for her big wedding before, it can almost be said to be comparable, the other courtyard in Pei Luoan’s mouth is still the courtyard that Pei Luoan pointed out to Ji You Ran when she was laughing and talking about it before, and that is where the side consort’s courtyard is located.

It is not the most important courtyard of the East Palace, the whole pattern is also much smaller than before, Ji Youran moved from the main courtyard to the side consort’s courtyard, in the East Palace Prince House, almost is the sign of losing favor, to be the main consort to enter the door in the next day, and how many people can put her in the eyes.

“Your Highness .....” Ji Youran wailed.

“When Fourth Miss Qu wiped the Crown Princess’s spirit tablet just now, I realized how it looks like to truly put the Crown Princess in your heart, not only do you have to say it, but the main thing is to do it.” Pei Luoan coldly said.

This was blaming Ji You Ran for not wiping Ji Hanyue's spirit tablet clean.

"Your Highness, I also wanted to wipe it, but Your Highness was holding it tightly in his arms at that time, so I ..... couldn't do anything even if I wanted to wipe it." Ji Youran was still explaining.

Only such an explanation fell on Pei Luoan's ears, but it was thick with mockery.

For so long, she just stood there flustered and confused, her whole soul lost, looking as if she was weak and frightened, with no intention of wiping, and now she actually said that she couldn't wipe even if she wanted to.

In the past, when he looked at how supple and understanding Ji You Ran was, how attuned to his own feelings, now he looked at her with such displeasure that he could even be said to be disgusted with her.

"Ji You Ran, if I had seen Fourth Miss Qu earlier, I might have let Fourth Miss Qu come into the Eastern Palace to serve the Crown Princess, maybe the Crown Princess's body could have gotten better, at least she was sincere and truthful in her treatment of the Crown Princess." Pei Luoan faintly said.

"Your Highness ....." Ji Youran still wanted to distinguish, but she saw Pei Luoan wave his hand, "Please ask side consort lady to go back to the mansion."

Over came two guards, one on each side, making a show of pulling up Ji You Ran.

Ji You Ran where dare they pull, help the maid beside him to stand up, still want to say a few words to Pei Luoan, but saw that he had already turned away, carefully put the spirit card in his arms into the middle of the table, lit three incense, curls of clear smoke born.

"Lady Side Consort, please!" The guards stepped forward and stopped her gaze with a cold expression.

Ji You Ran can't argue, she can only turn around and help the maid to leave, if she doesn't leave, see the meaning of the crown prince this time is to let the guards pull her away.

Where did that leave her face, and as for her mother, she could only leave her to fend for herself.

When she walked to the door, she saw Mrs. Ji come out from inside, and after glaring at her fiercely, she left with a whole bunch of maids and grannies.

This look really made her feel ridiculous, was this still the grandmother who loved her the most?

She didn't know why things had turned out this way, obviously Ji Hanyue was already dead.

"Lady Side Consort, please!" The guards, still urging, saw her stop and whispered.

Ji You Ran's gaze fell on Qu Mo Ying's body at the bottom of the steps of the great hall, Qu Mo Ying didn't know what things he was ordering the maiden to do, the maiden nodded her head vigorously, and the two of them stood by the side of the road, the side of the road that she passed by.

Walking down the steps with slow and heavy steps, he walked to Qu Mo Ying's face and looked at her with a scrutinizing gaze, "Fourth Miss Qu."

"Lady Side Consort." Hearing Ji You Ran's question, Qu Mo Ying turned her head and saw her as well, and graciously bowed, still calm between her looks, as if nothing could disturb her heart, truly a woman of great composure, however, also a woman that should not be underestimated.

"Is Fourth Miss Qu displeased with me?" Ji Youran suddenly calmed down.

"I don't understand what Lady Side Consort is saying." Qu Mo Ying frankly raised her head and looked at Ji You Ran.

"Fourth Miss Qu, Cousin Qu, do you really not understand, or are you just faking it? In the past, I haven't heard that Second Sister is so good with this cousin of yours." Ji You Ran mockingly hooked her mouth.

“There are quite a few things that Lady Side Consort doesn’t know, perhaps cousin feels that there are some things that don’t need to be explained to Lady Side Consort!” Qu Mo Ying said in an unassuming manner, not half avoiding the situation.

Ji Youran looked at her critically, wanting to see from her face the slightest movement, but the long eye veil bound her eyes, also bound her appearance, at least so it seems, in front of the eyes of this Qu fourth miss appearance without half a ripple, as if nothing really moved as if.

“Cousin Qu, I really didn’t mean it on purpose just now, but what does Cousin Qu mean by provoking me repeatedly?” Ji Youran asked with a cold smile, by this time, how could she still not discern Qu Mo Ying’s hostility.

Once is a fluke, twice is a given.

“Side consort lady this is wrong, how do I dare to provoke side consort lady, but think cousin in the nine springs, too vain, maybe one day, will reappear in front of the side consort lady.” Qu Mo Ying half let go of the road, she originally has not been heart and Ji You Ran show what “sister” deep love drama.

Ji You Ran is bent on being her cousin, only Qu Mo Ying has been eliminating this argument, pulling away from Ji You Ran, in this life, she will not give Ji You Ran another chance to draw closer, at any time, she will not be close to Ji You Ran, including the false to the snake!

This is her being Ji Han Yue, the last stubbornness .....

Chapter 485 The Old Residence of the So-Called County Head of Heng Yang

“Is Fourth Miss Qu approaching the Crown Prince’s residence with ulterior motives?” Ji Youran asked with a cold smile.

“Lady side consort can think carefully, not everyone will borrow cousin’s name and do something.” Qu Mo Ying faintly said, her head slightly raised, glancing at Ji You Ran through the veil of her eyes, “Cousin was a Crown Princess in her lifetime, and she is bound to be different after her death as well, so if someone wants to borrow her name to do bad things, I’m afraid that she won’t spare that person.”

After saying that, he smiled slightly and his body moved to the side, blessing his body with a bow.

Ji You Ran's face changed slightly, inexplicably remembering Ji Hanyue's curse that day, and she shivered.

"Lady Side Consort, please!" The guards impatiently urged forward once more.

Ji You Ran sneered and said to Qu Mo Ying, "Fourth Miss Qu, this is extremely well said, it depends on who wants to take advantage of the Crown Princess."

After saying that, he left with a sneer.

Looking at Ji You Ran's back as she left, Qu Mo Ying narrowed her eyes finely, although she didn't see what Pei Luo An and Ji You Ran said, but by looking at Ji You Ran being sent back to the East Palace by the guards, she could tell that she had succeeded in stirring up Pei Luo An and Ji You Ran to anger, very well, this is just a little bit of a small hint.

Ji Youran got Pei Luoan's accomplice, and she let the two of them gradually centrifugal!

The way of gods and demons, it is impossible to say, but under certain conditions, it will convince people .....

"Miss, the seasonal side consort was sent back by His Highness the Crown Prince?" Yu Dong is also resourceful, at this situation, immediately asked one more question with curiosity.

"That should be the case." Qu Mo Ying nodded.

"Miss, His Highness the Crown Prince is sincere about the Crown Princess, right? The slave girl has never heard of His Highness the Crown Prince cherishing something so much." Yu Dong added.

Qu Mo Ying nodded heavily, her willow eyebrows slightly knitted, facing such a spoiled big thing as the Crown Prince of the Eastern Palace, she didn't dare to slacken off at all, just for the sake of letting everything come out in the open on his day.

Dancing on sharp knives, not only to save herself, but to be able to spin nimbly, everything she did had always been so dangerous.

There are not that many witty people in the world, in fact, most of them are just forced out!

“Precious? Perhaps it is cherished now, after all, cousin is no more.” Qu Mo Ying said coolly, sweeping his gaze across the high halls above him, turning and marching decisively outside.

Since this is a solo road, she’ll go all the way and never look back .....

A familiar smiling face suddenly appeared at the path on the side of the road, waving his hand towards their side, Qu Mo Ying stopped his steps in consternation and looked carefully before realizing that the person in front of him was actually Ji Hai, the little boy-like Ji Hai.

Walking slowly over with Yu Dong, Ji Hai had already come out from inside in a trot and bowed eloquently to Qu Mo Ying, “Fourth Miss, please!”

Reaching out, he pointed deeper into the trail.

Qu Mo Ying’s expression was strange as he looked at the large hall behind him and then at the path in front of him, nodded and followed Ji Hai towards the path.

The path curved around a few large halls and passed through a not-so-small patch of pine trees, finally stopping at a remote attic in a bamboo forest, raising his eyes to look above, he met a pair of handsome sleepy phoenix eyes, sure enough, it was Pei Yuanjun who was up there, but he didn’t know how he could appear here at this time.

“Fourth Miss, please!” Ji Hai reached out with a smile on his face and pointed to the attic.

A small attic in a piece of trees between the bamboo forest, seemingly extraordinarily lonely, seems to be just an inconspicuous small attic, is the kind of almost hidden in the trees behind the simplest kind of bamboo, through a few points of fresh elegance.

But after going up to see the layout inside, no one said the loft was simple anymore.

It wasn't just uncomplicated, it was practically dripping with nobility.

Long Aman veil hanging down, below the pendant of a pearl, crystal clear, Aman veil was bundled up, bundled up gold hooks carved out of the luan bird figure, with the rich add a few points of honor.

Wide chairs, although only bamboo chairs, but this color dark, but also with a spot, this is the spotted bamboo, is not a product of the capital, transport to the capital is not an easy thing, among the families of the world, there are small things made of spotted bamboo, but very few make such a large piece of bamboo.

A bookcase is also made of bamboo, above the jade-colored paperweight, blooming hibiscus flowers look, pen, ink, paper and ink stone, none of the fine, none of the meticulous, look closely at the past, each piece is a fine product, even on the side of the bookshelf placed above the occasional pieces of artifacts, are permeated with the ancient meaning.

Each piece is detailed and exquisite.

"How is it here?" Pei Yuanjun asked as he walked over from the balcony with a slight smile.

"This is ....." Qu Mo Ying looked around, his eyes blinked slightly for a few moments, and hesitantly asked, "Is this not the place where the former master of Qing Yun Guan resided that day?"

She had long heard that there was a forbidden place in Qing Yun Guan, but it was not something that ordinary people could enter, because the identity of the previous Qing Yun Guan master was originally a royal county princess, and such an identity, although forced out of the house, was not something that other people could take lightly.

Because the Empress Dowager loved her, she specially expanded the Qing Yun Guan and made her the Guan Master.

This is the greatest favor for this Sheriff.

In her last life, JiHanYue had heard PeiLuoAn occasionally mention such a place, saying that in the bamboo forest behind the Guan, there was this former QingYun Guan master's old residence, saying that although she was topping the QingYun Guan master's name at that time, all the things were being done by this current QingYun Guan master, and that she was just living alone in the pavilion forest of the bamboo forest, and was not willing to see more people.

This reluctance of hers to meet more people was shyness, and was completely different from this current Qing Yun Guan Master's divine dragon.

But she had only heard of it, but had never actually seen it, and now that she saw this scene that looked simple on the outside and luxurious on the inside, she couldn't help but think of such a thing.

"This is indeed the residence of County Lord Hengyang." Pei Yuanjun nodded, picked up a pen in his hand, and handed it to Qu Mo Ying.

Qu Mo Ying didn't know his intentions, and although she took it, she didn't look at the pen, only raising her eyes in surprise to Pei Yuanjun.

Pei Yuanjun reached out and removed her eye veil, seeing her bright eyes that seemed to be clear, before he said with a smile, "This looks much more pleasant, when can this labor be removed?"

The light in front of her eyes at first glance made Qu Mo Ying subconsciously close her eyes for a moment before slowly opening them, "There's no rush to remove it, just wear it for a while longer."

"It is indeed not advisable to remove it prematurely." Pei Yuanjun looked at Qu Mo Ying's face and suddenly nodded his head in approval, but handed the eye veil in his hand to Yu Dong on the side.

Yu Dong took it and stepped back to serve.

"Take a look at this one." Pei Yuanjun flicked his fingers on the desk and nodded.

“This .....” Qu Mo Ying’s eyes only then fell to the pen in front of him above, fixed a clear look, only then realized that this is indeed different, although it is also a bamboo for the pole, but the following nibs are not really nibs, and can not really write, it is a piece of jade like the nibs of the pen.

A piece of inked jade, and it appeared as if the ink was light on the top and only thicker on the bottom, one with the ink-stained pen, as if it were real.

Qu Mo Ying Fang didn’t realize it at a glance because of this reason.

“This item was given by the Empress Dowager, in fact, not only these, all of them were given by the Empress Dowager, even more than these, there should be quite a few more in the Qing Yun Guan’s coffers.” Pei Yuanjun spoke with a light misty voice.

Qing Yun Guan is so rich?

“If Empress Dowager likes this county princess so much, why didn’t she grant her acquittal?” Qu Mo Ying’s fingers gently pinched on the tip of the pen and asked curiously.

From the looks of it, Empress Dowager truly likes this County Mistress Heng Yang.

“Since the empress dowager again like and in what, the law of the land is intolerable, can let her live, live well in the Qing Yun Guan, has been the emperor’s greatest tolerance, the three kings of the rebellion, the three kings both for the source of the rebellion, since the life of the world to tell the three kings of the children are also the same, although Heng Yang county princess has been living in the empress dowager, but she must be the daughter of the king of the three kings of the king of Chu.”

The three kings rebel, this thing has been over thirty years, but Qu Mo Ying still from time to time hear people talk about, the king of Qin, the king of Chu, the king of Han, the three princes together to rise up in rebellion, I heard that time the capital is already very dangerous, the three kings of the army troops are under the city, almost about to engulf the capital.

Almost the entire dynasty was turned upside down.

After the pacification of the rebellion, the three kings and their families were beheaded together, so counting this Heng Yang County Princess was indeed lucky to be able to save her life because she had been living by the Empress Dowager's side.

"I heard ..... that there was another county princess in the capital at that time, and she didn't save her life at that time either?" Qu Mo Ying asked about a rumor he had heard before.

She heard that there was another county princess in the capital at that time, and also when she heard about it, she asked a few more questions in curiosity, but there was no further information, and this county princess seemed to be no longer mentioned because she had already died, but this county princess of Heng Yang was still mentioned by many people even after her death.

"Former Duke of Qi's wife, County Princess Xian'an?" Pei Yuanjun raised an eyebrow, a hint of a reserved and leisurely smile appearing on his handsome face as he walked towards the balcony with his hands behind his back.

Qu Mo Ying put down the pen in his hand, also followed the past, only to the balcony found that the balcony above, actually the fence is made of all the spotted bamboo, just below the attic, she did not recognize for a moment, only thought it was ordinary bamboo.

"The former Duke of Qi's wife is the daughter of one of the three kings?" Qu Mo Ying asked, since the Duke of Qi's residence was mentioned, she naturally kept an extra eye out for it, besides, she really hadn't heard of this matter, she only knew that the former Duke of Qi died because he was implicated in the matter of the three kings.

"Qin Wang's daughter Xian'an county princess married the former Qi Gong, but then also because she married the former Qi Gong House, almost even the entire Qi Gong House overthrow, the current Qi Gong, although saved the entire House of other people, but can not save the former Qi Gong House a family, a door up and down the whole copy of the decapitation, including Xian'an county princess of this royal bloodline."

Pei Yuanjun leisurely said, as if he wasn't talking about this tragic matter of plagiarizing and exterminating the family.

"County Lord Xian'an didn't stay either?" Qu Mo Ying subconsciously asked.

“Naturally, not to stay, Xian’an county princess is not familiar with the empress dowager, the empress dowager only protects the ones she likes, for the ones she doesn’t like, always won’t keep her hand, whether Xian’an county princess is dead or alive, and the empress dowager has nothing to do with it.” The corner of Pei Yuanjun’s purple brocade robe flicked in the wind, indifferently saying, “Tell us what happened just now?”

“The party ..... has nothing going on!” The words turned too quickly, and Qu Mo Ying paused for a moment before understanding the meaning of Pei Yuanjun’s words.

“What is this?” Pei Yuanjun turned his head and after giving her a sidelong glance, he asked with a smile on his face, pointing to a spot .....

#### Chapter 486 Injuries

Qu Mo Ying subconsciously looked down in the direction of his finger, it was his own cuffs, his clear almond eyes brought up a bit of confusion, not understanding what Pei Yuanjun meant by pointing at his own cuffs.

Pei Yuanjun reached out, took hold of her wrist and lifted it up, and only then did Qu Mo Ying see a few spots of blood on the sleeve of her wrist.

His hand was held by Pei Yuanjun, and pulling up his sleeve, he saw two scratches on his white and slender wrist, with blood seeping out.

“How did you get it?” Pei Yuanjun asked.

Qu Mo Ying also froze for a moment, but then understood, and pulled her hand twice, wanting to pull her hand out of Pei Yuan Jun’s hand, but Pei Yuan Jun’s hand grip was too tight, and she moved twice, and after that she couldn’t even move.

“It might have been accidentally scratched when I was in the pavilion just now.” Qu Mo Ying had to explain vaguely.

Just now in the pavilion, a scene with Yu Dong, probably did not notice, accidentally scratched, just two scratches, Qu Mo Ying did not feel it at that time, and only now I feel vaguely some pain.

The look wasn't very serious to look at, so I didn't give it a second thought.

"Don't like this side consort of the Eastern Palace?" Pei Yuanjun raised an eyebrow, his handsome eyes falling on Qu Mo Ying's face with a deep color.

Can't tell if I'm happy or angry.

This was too direct a question, Qu Mo Ying gently pursed her lips, then solemnly nodded.

She and Ji You Ran would eventually come to the hostile side, and this could not be hidden from Pei Yuan Joon.

"This king helped you?" Pei Yuanjun suddenly laughed.

"Many thanks, Your Highness, but it's just some small matters between women, it's not necessary for Your Highness to take action." Qu Mo Ying's heart flinched and shook his head with a smile.

"Some little thing? This king doesn't look like it!" Pei Yuanjun narrowed his eyes and leaned back, pulling Qu Mo Ying forward two steps as well before she managed to stand in front of him.

"It always feels like this side consort lady doesn't care about cousin that much." Qu Mo Ying explained after a moment of silence.

"What is the solution?" Pei Yuanjun's gaze fell on her body with a few moments of lethargy, as if he really had no intention of asking about this, but Qu Mo Ying didn't dare to take it lightly, and busily collected other thoughts in her heart, and thought a little, "Your Highness, everyone says that this side consort lady entered the crown prince's mansion in order to take care of her cousin, and also that because of her cousin, she became the crown prince's side consort, and to put it mildly, everyone feels that she is deeply affectionate towards cousin sister, but ....."

Qu Mo Ying paused here, calming her breath and becoming more and more open between her looks, lifting her head to look at Pei Yuanjun, "But I don't think so."

"And where do you think it's not?" After Pei Yuanjun looked at her for a few moments, he took out a piece of handkerchief from his pocket and wiped the blood on the side of the scratches for her, his movements were light and his voice was a bit gentle.

This caused Qu Mo Ying to secretly breathe a sigh of relief, "I feel that this side consort lady is quite ambitious, definitely not the virtuous side consort lady that other people talk about who is bent on doing it for the sake of cousin, today I just deliberately counted on her for once, but before that she counted on me as well, while calling me cousin Qu, I don't know if it was the same way that she counted on my cousin in the first place."

The things that were done today could not be hidden from Pei Yuanjun, nor did she want to hide them from Pei Yuanjun, and some of the reasons, as long as they were pushed onto Ji Hanyue's body, they were also considered to be explained, after all, she was now Ji Hanyue's cousin, and a cousin who was grateful to Ji Hanyue.

"Ah, it hurts!" The words just came out, the sharp stabbing pain at the wrist made Qu Mo Ying subconsciously cry out in a low voice, looking down, the original scratch that no longer bled was actually bleeding again from Pei Yuanjun's rubbing.

Pei Yuanjun beckoned to the side, Ji Hai immediately brought over the prepared medicine bottle, Pei Yuanjun took it and sprinkled the powder on top of the wound, put the bottle into Ji Hai's hands, and took a clean white belt from him, tying it up a little bit for her.

"Ouch?"

"It's not that painful, just a little bit of pain." Qu Mo Ying laughed dryly, just now the pain is too strong, until now there is some pain numbness, let her a time some slow down, did not see to look at the scratches are not so deep, but in fact the inside of the wound is not small, but is their own negligence.

"Since it hurts, you should remove it sooner rather than later, and it will prevent the wound from turning into pus." Pei Yuanjun said carelessly, tossing the rest to Ji Hai, who carefully retreated.

"Many thanks, Your Highness." Qu Mo Ying wanted to draw back her hand to salute, but she couldn't help that her hand had been held in Pei Yuanjun's large hand.

"You purposely had someone tamper with the Crown Princess's spirit tablet today just to provoke this Lady Side Consort and check if this Lady Side Consort is sincere to the Crown Princess?" Pei Yuanjun asked carelessly.

"Yes!" Qu Mo Ying nodded.

"You really don't need this king to help you? This king's Western Prison is actually quite good." Pei Yuanjun asked.

"There's really no need, thank you Your Majesty." After Qu Mo Ying was speechless, he could only express his gratitude, Ji You Ran's identity, was it something that could be directly captured to the Western Prison, and he didn't know what this king was thinking.

Of course, Qu Mo Ying wouldn't think that Pei Yuan Joon's words were nonsense, this one wanted to do something, she really couldn't guess, not only she couldn't guess, I believe all of them couldn't guess.

This topic, since she had already explained it, she didn't want to say it again, her watery eyes turned around and landed on top of the pen in front of the bookcase, which was originally what they were talking about before.

"Your Highness, the value of such a pen should not be expensive, right?" Qu Mo Ying asked, there are some things that she slowly do alone will be fine, since she was reborn, without her father and sister, it means that this road of revenge, she will walk alone.

The one-wood bridge, even if it is hard to walk, even if it is difficult, she has to go on, this is her mission to be reborn, but also her secret that she can't talk about.

"Indeed not Mo, but if you want, this king can send you a box of it." Pei Yuanjun's eyes revealed a few points of displeasure, hands pinched a little harder, Qu Mo Ying immediately frowned with pain, biting

her lip, looking at Pei Yuanjun, a pair of clear eyes because of this sudden pain, floating faint dense, but more and more hooked up to her clear and beautiful with flirtatious.

The faint blush at the corner of her eyes made her features carry a natural delicacy of their own, standing beside the reserved jade-like Pei Yuanjun, there was a kind of stunning beauty that made people unable to take their eyes off of her.

Not bad, it was indeed stunning, and the two just stood there, both a stunning picture.

The stinging pain at his wrist loosened up again, Qu Mo Ying's cherry lips slightly opened, secretly exhaled a breath, not understanding what this Utopia County King meant, only a moment ago he annoyed him twice?

Qu Mo Ying really didn't understand what he meant and responded more and more carefully.

"Thank you, Your Majesty!"

"Is Yu Dong good to use around? Do you want this king to bring you another person?" Pei Yuanjun suddenly asked.

Yu Dong, who heard this not far away, was so frightened that he didn't dare to move.

"Yu Dong is very good, there is no need to change again, more changes will make people suspicious." Qu Mo Ying shook his head, Yu Dong she used is indeed very good, there are some things that Yu Dong to do the most suitable, moreover, when he came over, he also brought two underlings over, but has been hidden in the dark.

This time, it was also the people Yu Dong ordered to make a move, so that they could smoothly get Ji You Ran into the trap.

"Although hanging at the pavilion looks scary, it will also make people wonder if this maiden knows martial arts." Pei Yuanjun said leisurely.

Qu Mo Ying thought about it, but still shook her head, "It's just a suspicion, it's not something that anyone would take seriously, I'm just an unappreciated daughter of the Qu Mansion, how is it possible to configure maids around me that can do martial arts, even Qu Qiu Yan doesn't have one, let alone me."

Yu Dong before doing things, if people know will be martial arts, is bound to be suspicious of Qu Mo Ying, then the fence is indeed moved some feet, but was Yu Dong early shock loose, but not with a sharp instrument to cut off, and after that, Yu Dong and then borrowed Ji You Ran's slap a turn to hit the past, the fence is naturally broken.

Qu Mo Ying had known that Ji You Ran would not stop, and would certainly find himself to say, which is why he picked such a position, deliberately waiting for Ji You Ran to come over.

"If you feel that Yu Dong isn't good enough to use in the future, this king will give you another one." Qu Mo Ying repeatedly refused, and Pei Yuan Jun stopped saying anything and said indifferently.

"Many thanks, Your Highness." Qu Mo Ying thanked him, and a piece of Yu Dong's heart finally relaxed.

Pei Yuanjun suddenly stopped talking, one hand pulling Qu Mo Ying's hand, his body turned around, the other hand behind his back, looking towards the pine forest outside the attic, the wind blew, the pine waves gusted, the place seemed quiet.

Qu Mo Ying's was pulled by her to lean over, almost hitting his shoulder, but fortunately she also reacted quickly and hastily stopped her feet, lifting her eyes to look at the pine forest outside as well.

"This used to be County Lord Heng Yang's place, but now it's this king's place, if you come to Qing Yun Guan in the future, you can come here to take a look." Pei Yuanjun's ghostly cold voice came from above his head, and where Qu Mo Ying couldn't see it, there was a hint of gloom in his sleeping phoenix eyes.

"Doesn't this place ..... say you can't just come in? It has to be a royal bloodline." Qu Mo Ying tried.

"Before was before, now is now, now this place is this king's place, what rules are also up to this king." Pei Yuanjun lazily said, "However, the next time you come, things here might change a bit in appearance, no need to be flashy, just keep it simple."

He had taken possession of this place long ago, but didn't care about it, only came to see it before, and didn't let anyone take care of it much.

"Your Highness ....." Qu Mo Ying subconsciously raised his head, wanting to see Pei Yuanjun's face, suddenly his raised chin was pinched by a large hand, Qu Mo Ying could only stretch his neck high and raise his face, because of the light on his back, he couldn't see the color of his face for a while, and he only felt that this time of day Pei Yuanjun was a bit dangerous, with a bit of bloodthirsty ruthlessness.

Subconsciously wanted to back away, but his body fell into a solid embrace, long and slender fingers stroked Qu Mo Ying's absolutely beautiful cherry lips, there was a kind of icy cold piercing the bones, but also a weird impetuous feeling, Qu Mo Ying felt that she could not breathe for a while, only staring blankly at Pei Yuanjun in front of her.

Shocked inexplicable, and heartbeat inexplicable, even if reborn in a life of firmness of mind, this time she also just feel a blank brain, can not react .....

The Pei Yuanjun in front of me at this time looks as if he is thirsty for people to eat .....

Chapter 487 No Offense, She Doesn't Deserve It Yet

Pei Yuanjun just looked at Qu Mo Ying, then his complexion slightly eased, his face like a sculpted one revealing a faint smile.

The slender fingers lightly stroked on Qu Mo Ying's cherry lips one more time before the hand dropped.

The other hand was lowered from her body with it, and that majestic and bloodthirsty aura receded, still the same reserved Utopia County King.

"County Princess Heng Yang is very much in the Empress Dowager's favor, and very capable of pleasing the Empress Dowager, and for that reason the Empress Dowager is almost obedient to her sometimes, except on top of the matter of her having to leave the house, the Empress Dowager is almost equivalent to her own daughter." Pei Yuanjun said.

The tone of voice was calm, and no half-emotions could be heard.

Qu Mo Ying's willow brows frowned, calming the trembling in her heart, her square-stopped brain began to slowly rotate, intuiting that Pei Yuanjun's words seemed to have something to say, and even heard contempt for this Heng Yang county princess, not only the Heng Yang county princess, but even the empress dowager's.

"....." didn't know what to say for a moment, opened his mouth, then closed it again.

Pei Yuanjun's words sounded too deep and she didn't understand that anything she said at this point could be wrong.

"When this king was small, his relationship with the Empress Dowager was average, and the Empress Dowager herself didn't like this king." Pei Yuanjun laughed, the hooked corners of his handsome-lips carrying a hint of mockery, "Of course this king isn't afraid of her either."

To be able to say so grandly that you don't like the Empress Dowager, of course you are not afraid of the Empress Dowager, you are not afraid in life, let alone after death, Qu Mo Ying had to express his shock at the boldness of this Utopia County King, this one is estimated that when he was small he just didn't know what to be afraid of, or he couldn't possibly have said something like this.

"So, this place is now this king's, if you like it you can come and sit here, it's very quiet, if you don't like it, don't come." Pei Yuanjun abruptly ended the conversation.

These words ended too quickly, Qu Mo Ying raised her watery eyes and subconsciously looked at Pei Yuan Jun. Originally, she thought that Pei Yuan Jun was going to say something she didn't know.

"The daughter of the auxiliary general has entered the capital, if you meet her, just be careful." Pei Yuanjun said.

So this is a warning?

Qu Mo Ying didn't understand Pei Yuanjun's meaning for a moment, but only subconsciously nodded, "Don't worry, Your Highness, I know what status and position I am in, and I won't offend this Miss Liu."

"It's not an offense! She doesn't deserve it yet, this king specially came over to tell you that if she offends you, hitting back is just that, just be careful." Pei Yuanjun turned his head sideways and looked at her with a smile.

Qu Mo Ying got up cautiously, "Your Highness, Eldest Miss Liu shouldn't do that, right?"

She didn't feel that she had any direct conflict with this Miss Liu, even if this Miss Liu was going to marry into the Utopia County King's House in the future and become the Utopia County King's rightful consort, she shouldn't reveal her malice to herself at this very moment, before everything was clear, this Miss Liu even if she had fangs, she had to hide them first in any case.

"She'll do it." Pei Yuanjun said.

"What does the king mean ....., " Qu Mo Ying asked tentatively again, a trace of doubt rippling out of her watery eyes, which were clear with a hint of delicacy that she herself did not perceive.

Pei Yuanjun suddenly felt that the eye veil was not bad.

"What this king means is that you don't let anyone bully you, this king's person, even if it's just a side consort, can't let anyone bully her." Pei Yuanjun snorted coldly, his sleepy phoenix eyes picking up with a few unpleasant warnings.

So it's because you're afraid you'll weaken his name?

Qu Mo Ying hurriedly nodded, "Your Highness don't worry."

Since this Eldest Miss Liu hadn't officially become the Utopia County Princess yet, she didn't have to let her go too much, and if she repeatedly suppressed herself, she could rebel back.

Qu Mo Ying felt that this was what Pei Yuan Joon meant, but of course if this Miss Liu's identity became clear, then she would naturally need to back down.

"It's good that you can understand!" Pei Yuanjun gave her a deep look and smiled pleasantly, reaching out to touch her hair, "If there's nothing going on, rest here for a while, this king still has things to do before he goes back."

"Your Highness please take your time!" Qu Mo Ying nodded, this place was indeed good, originally she wanted to find a place to take a rest, this was an excellent place, although this was Pei Yuanjun's place, Pei Luo An wouldn't just come over, it was very quiet and not afraid of meeting Pei Yuanjun.

Pei Yuanjun nodded, narrowed his eyes thinly and lowered his head to look at Qu Mo Ying, suddenly the corners of his thin lips hooked slightly, reached out and took her slender waist into his arms, Qu Mo Ying's slender body was pressed tightly into his arms, tightly so that Qu Mo Ying couldn't distinguish Pei Yuanjun's meaning for a moment.

The next moment, his body was pushed away, and Pei Yuanjun turned away with a calm expression.

As he left, the guards waiting below also left with following him.

"Miss, there are still people left behind by the king in this neighborhood, you can rest here without worry." Yu Dong saw that her eye light kept falling on top of those few guards, thinking that she was worried that the people were all gone and someone would come over to disturb them in a while, she purposely stepped forward and whispered to Qu Mo Ying.

Qu Mo Ying nodded, his gaze falling on the back of the distant Pei Yuanjun, revealing a thoughtful smile before it receded and turned into a hint of bitterness.

There are some things that she doesn't dare to think about more after all, in her last life, it was wrong, in this life, she won't be wrong again.

Qu Mo Ying is in the attic to rest for an hour or so out of the bamboo forest, all the way over a person did not meet, to be out of the bamboo forest on the edge of the pine forest, only to turn to the main

road of the Qingyun Guan, turned back to the main hall, but in a distance from the main hall, saw my grandma.

Grandma Wu also saw them and immediately came over in surprise: "Fourth Miss, the Dowager Lady is looking for you!"

"Grandmother is in there now?" Qu Mo Ying reached out and pointed to the side hall of the main hall in front of him.

"The people from the Ji Mansion have already gone back, and His Highness the Crown Prince had something to leave, the dowager lady was instructed by His Highness the Crown Prince to wait there alone, and His Highness the Crown Prince meant for you to help with the ceremony, and he went to go and came back." Grandma Wu said.

Pei Luoan also left? Qu Mo Ying froze for a moment, this is something she did not expect, look at Pei Luoan's appearance, this time it is bound to be a good big party, so that the whole world can see his deep love, how is it that only a moment of time is not acting?

"Didn't His Highness the Crown Prince say before that he would guard the Crown Princess?" Yu Dong asked.

Qu Mo Ying turned around and marched towards the side hall, with the two of them, Grandma Wu and Yu Dong, following closely behind.

"His Highness the Crown Prince said that there are important things in the palace, the Emperor called His Highness the Crown Prince to return to the palace, things here for a while to take care of can't come, the Ji side consort body is not comfortable, just almost fainted, but also early to go back." Grandma Wu while walking, said.

Qu Mo Ying's heart fluttered, "When did you leave?"

"Just an hour or so, it looks like someone should have been sent from the palace to pass it on." Sister Wu said.

Qu Mo Ying nodded, this matter should be related to Pei Yuanjun, that time was exactly when Pei Yuanjun left the Bamboo Forest Pavilion.

In the side hall, Mrs. Qu was waiting there, and when she saw Qu Mo Ying come over, she hurriedly pulled Qu Mo Ying, who was about to salute, to sit down, looking worried.

After pulling Qu Mo Ying to sit down, he waved his hand, and the other maids and grannies all retreated, leaving only Grandma Wu and Yu Dong behind.

It looked like there was something to say to Qu Mo Ying.

“Shadow girl, isn’t this thing wrong?” Mrs. Qu saw the others retreat before she whispered.

“What did grandmother discover?” Qu Mo Ying asked in a soft voice.

“This is clearly the matter of the East Palace, even if it is not the East Palace, it is also the matter of the Ling’anbo House, but now how one by one are gone, and pushed this matter to our body, you even if you are the cousin of the Crown Princess, but it is only a small one, and where is the ability to – preside over this kind of thing, no ability, no status ah! ”

Mrs. Qu was puzzled as to how this had fallen on her granddaughter’s shoulders.

Not only did the people from the Ling’anbo Residence leave one by one, but now even the people from the Eastern Palace have left, so what exactly is going to happen to this Crown Princess’s festival?

His Highness the Crown Prince asked Mrs. Qu and Qu Mo Ying to watch over them for a while, and Mrs. Qu didn’t dare to refuse, but in fact, she genuinely felt that it was inappropriate, and that her own granddaughter was not in the right name and not in the right position in any way.

“Grandmother, it could be that there really is something going on with the Ling An Bo Mansion and the East Palace’s Ji side consort.” Qu Mo Ying pacified Mrs. Dao, she naturally guessed something was going on, neither Xiao nor Ji You Ran shall be allowed to do well this time.

"Before the Ling Anbo House's dowager lady after listening to an Eastern Palace guard, suddenly got up and left, also took away her house's Mrs. Duan and Mrs. Xiao, I watched Mrs. Xiao was not right at that time, she walked and almost fell, and her feet were soft, it must have happened, after that, the quarter side consort also left inexplicably, and I didn't see anyone, and finally it was the matter of His Royal Highness the Crown Prince, Shadow girl, what do you think could be going on here?"

Mrs. Qu was still worried.

"Grandmother, it's fine, even if there is something. It's also a matter for the Ling An Bo Residence and the Eastern Palace, we'll just be looking after it, don't worry grandmother, I'll look after cousin's festival." Qu Mo Ying pulled over the dowager lady's hand and laughed.

The dowager looked genuinely frightened, her fingers cold.

"It's good that it's fine, it's good that it's fine!" Mrs. Qu sighed and pushed Qu Mo Ying, "Then go to the main hall and look after it, if there's anything you don't understand, send someone to tell me, I'll be over here waiting for you."

Seeing Mrs. Tai's face of worry, Qu Mo Ying knew that Mrs. Tai was genuinely worried about herself, and was touched in her heart, "Don't worry grandmother, it really won't be alright, then I'll go over and take a look, and if there's anything I don't know and won't know, I'll come over and ask for help from grandmother."

Qu Mo Ying stood up.

"Okay, you went over first." Seeing her granddaughter's calm appearance, Mrs. Qu smiled to herself, it's true that when you get older, the older you get the more things you think about and the more you worry about things, at this time, you actually aren't as calm as your granddaughter, a girl who doesn't go through things.

Qu Mo Ying nodded and patted Mrs. Qu's hand soothingly, turning around and marching towards the main hall.

The people from the Eastern Palace were still in the main hall, and there was a leading Sister who saw Qu Mo Ying come over and smiled as she went forward to salute, "Fourth Miss Qu, our Crown Prince has something to do and went to the palace, so I'm going to trouble Fourth Miss Qu to take care of it."

"Good, I will!" Qu Mo Ying nodded and took the three sticks of clear incense handed up by Yu Dong, walking to stand in front of the center's spirit seat, looking at the center's spirit seat through the curls of light smoke, the color of her eyes under the eye veil was as dark as water.

The next thing, in fact, does not need to Qu Mo Ying on the heart, the East Palace people have their own arrangements, each incense time is arranged, Qu Mo Ying only need to take the lead into the incense can be, into the incense on one side of the side to sit down and rest, and then wait for the next incense.

It was at this time that the three Taoist nuns were stopped at the entrance to the great hall .....

#### Chapter 488 Vice Lord Qing Yun Guan

"Fourth Miss Qu, the Lord of Qing Yun Guan wants to come over for incense, the slave girl thinks she needs to ask you what you want." The East Palace's Sister came in and reported.

"Qing Yun Guan Master?" She didn't think that Ji Hanyue knew this Qing Yun Guan Master, if she said that this Qing Yun Guan Master had come when the festival was only held, it was still reasonable, after all, this was Qing Yun Guan, and Ji Hanyue's identity was not ordinary, but this would be so long ago, what was this Qing Yun Guan Master doing here again.

I don't know if it was because of the old stories Pei Yuanjun had told him, and not having much respect for the previous Qing Yun Guan Master, Qu Mo Ying didn't care that much about this current Qing Yun Guan Master at the moment.

"Yes, the Qing Yun Guan master said that by the way he also wanted to see the side consort lady, but the side consort lady has already gone back." Sister helplessly said, the Lady Side Consort hurriedly returned to the East Palace, the Crown Prince did not want people to publicize, Qing Yun Guan's Taoist nuns came to ask, the East Palace's Sister also did not dare to say that the Lady Side Consort has gone back.

To see Ji Yuran? So that's the main reason?

Qu Mo Ying pondered for a moment, "You guys didn't say anything about Lady Side Consort having returned to the Eastern Palace?"

"His Royal Highness the Crown Prince is not willing to have others non-complain about the East Palace, the Side Concubine Lady has gone very quietly, not many people know about it." The East Palace's Sister, thought about it and replied.

That means this Qing Yun Guan master didn't know that Ji You Ran had left?

Qu Mo Ying nodded and stood up after a moment of silence, "Please ask this Qing Yun Guan Master to come in and enter the incense!"

The East Palace's Sister nodded and retreated, and not long afterward came in three Taoist nuns, one in front and two behind, the two behind them holding some offerings in their hands.

Three people walked to the side of Qu Mo Ying who was kneeling on the futon, and also knelt down together, and respectfully bowed to the top, after which the two female crowns behind them got up, handed the offerings to the East Palace's Sisters on one side, and then retreated to the side, while one of them didn't get up, and remained kneeling.

Qu Mo Ying knelt in front of her, and the Daoist nun knelt right behind Qu Mo Ying, almost sort of next to her.

"Side Concubine, our Guan Master has asked Side Concubine to take a walk when she's free, there's something he wants to talk to Side Concubine." The Daoist nun suddenly spoke in a low voice.

Qu Mo Ying didn't return his head and faintly whispered, "What is it?"

She has long felt that it is not possible to come to the legendary Qingyun Guan master, this one is said to be fearless of power, but also the general nature of the idle clouds, and JiHanyue did not have a

personal relationship, how it is also possible to come over in person, or to come over if it came over a long time ago, do not have to come over now at this time.

The matter of Ji You Ran returning to the mansion was quiet, but Pei Luo An was different, if he went out, this Qing Yun Guan master was bound to know.

To come over at this time, it was most likely to be looking for Ji You Ran.

“I want to talk to Lady Side Consort about Fourth Miss Qu’s matter.” The female crown behind her voice got lower and lower, mixing in this hall full of sacrifices, the people around them really couldn’t hear what the two of them were saying.

“How is Fourth Miss Qu?” Qu Mo Ying faintly asked.

“This ..... also asks the side consort lady to meet the Goddess of Mercy and naturally know.” The Daoist nun didn’t say.

“There is something wrong with Fourth Miss Qu?” Qu Mo Ying’s heart fluttered and he lowered his voice to ask.

“Earlier, Lady Side Consort asked us to observe the clouds to see the fortune, and the Guan Master suddenly discovered something and wanted to repeat it to Lady Side Consort.” The female crown added.

Qu Mo Ying was silent for a moment and nodded his head in agreement.

The female Daoist nun kowtowed three more times to the spirit tablet in the center, stood up, retreated to the side in a disciplined manner, and left.

The whole thing didn’t take long, and it seemed like the whole thing was about those few words.

Yu Dong helped Qu Mo Ying’s hand to stand up and muttered in a displeased low voice, “It’s clearly not the Lord of Qing Yun Guan, why do you say that the Lord of Qing Yun Guan has come.”

“It’s the Vice Guan Master of Qing Yun Guan, in charge of most of the things in Qing Yun Guan, the Qing Yun Guan Master is not seeing guests.” The East Palace’s Sister heard this and explained with a smile.

Therefore, this Goddess of Mercy was not the same Goddess of Mercy as the Goddess of Mercy who was with the Ji Side Consort before.

Qu Mo Ying resumed his seat, picked up the tea at hand and took a sip, pondering, she really didn’t know that Ji You Ran was so good with so Qing Yun Guan master, look at this way, before luring himself over is to see his fortune?

However, can this Qing Yun Guan Master really observe people’s fortunes?

Although Qu Mo Ying was wary, he wouldn’t believe it all and put down the tea in his hand.

It was certain that Ji You Ran was on good terms with this Qing Yun Guan Master, and with the two of them talking about themselves, it should be that Ji You Ran was wary of herself before she let this Qing Yun Guan Master take a look.

According to common sense, this Qing Yun Guan Master shouldn’t be so enthusiastic, and at this time, he even deliberately sent some offerings just to say these few words to Ji You Ran.

He hadn’t said it before, but now he had, it should be that some of his own behavior had caught the attention of this Qing Yun Guan Master.

This Qing Yun Guan master looks very suspicious, obviously is such a sprightly person in the world, why and Ji You Ran relationship is so good, and look at this appearance of the two people’s relationship is good, is not a day or two days of things, while Ji Han Yue is ignorant of, the corner of the lips silently hooked, the last life, Ji Han Yue is really a failure.

“Then the matter of the attic, Lord Qing Yun Guan should know about it, right?” Qu Mo Ying asked.

Yu Dong nodded his head, knowing what Qu Mo Ying was asking, "Miss don't worry, the matter of the attic Qing Yun Guan master is aware of, this attic is now the king's, the king also sent people around, although you can't see a single person when you come out because no one stopped you, but if it's someone else who is close to it, they will inevitably be stopped, you come out before a section of the road there won't be anyone to discover you."

"What about after that, did you know that I went in and out of the attic?" Qu Mo Ying's heart fluttered.

Pei Luoan's travels could not be hidden from this Qing Yun Guan master, Pei Yuanjun's travels, of course, could not be hidden from this Qing Yun Guan master, this must be her place after all.

"Miss appeared in that intersection, does not mean that necessarily into the attic, the king previously in the Qing Yun Guan when, once disposed of a few peeping his female crown, after that again, Qing Yun Guan in the female crown no longer dare to steal cold peeping at the king, only to know that the king came, but do not dare to stare at the king's go, and the king around the king is not something that they can be close to."

Raindon added.

So, to say that one leaves there, is not the only place where the attic comes out, even if there are Taoist nuns who see themselves there, they feel that it is not necessarily that they have entered the attic, there, whether it is now or in the past, is the forbidden place of Qing Yun Guan, it is not a place where one can just enter, nor is it a place where one can just snoop around.

"I heard that the current Qing Yun Guan Master was still saved by the previous Qing Yun Guan Master, so you should be very grateful to the previous Qing Yun Guan Master, County Lord Heng Yang, right?" Qu Mo Ying's eyes blinked and asked softly.

"Yes." Yu Dong nodded, this was something he really knew, "But the former Guan Master has been gone for several years now, and the current Guan Master of Qing Yun Guan has always been this one."

Qu Mo Ying silence, this Qing Yun Guan master gave her a very strange feeling, if before is high above the world, just rushed to her just move, immediately pulled her down from the high sky, turned into a bizarre mind, but do not know is their own thinking is wrong, or because when entering the door, was Ji

Youran tricked over to let this Qing Yun Guan master have a look at it, always feel that there is something in this .....

Pei Luoan came back fairly quickly, and upon hearing that His Highness the Crown Prince had come, Qu Mo Ying stood up.

Pei Luoan left in a hurry, and after coming in with big, hurried steps, he saw Qu Mo Ying nod slightly, reached out and took the incense from the chamberlain's hands, stood still in front of the spirit tablet with a grim look on his face, and then inserted the incense into the incense burner as well.

Only after everything was done did he step aside, and Qu Mo Ying stepped forward to greet him.

"Fourth Miss Qu doesn't need to be polite." Pei Luoan waved his hand.

"Grandmother is still waiting for my daughter, my daughter will leave." Qu Mo Ying said.

Pei Luoan didn't seem to expect her to leave so soon, and after looking at her twice, he nodded and said in a conciliatory manner, "Troublesome Fourth Miss Qu, come on people, watch the reward."

A guard turned from behind, holding a gift box in his hand, open, inside is a few pieces of brocade and a few palace flowers, it is the most popular palace flowers, and the general palace flowers are different, the top with gemstones, a look at the price is not expensive, by no means is the general palace people can afford to use.

"Thank you, Your Highness the Crown Prince." Qu Mo Ying said graciously and bowed again to Pei Luo An. Yu Dong took two steps forward and accepted the gift box from the chamberlain's hand with the same decent demeanor.

A master and a servant, without a hint of pretense or panic.

Pei Luoan in his heart unconsciously compared Ji You Ran, but found that the Qu fourth miss in front of him, more suitable for the identity of the Crown Princess sister, the demeanor is even more convincing,

although the long with Ji Hanyue can not see the resemblance, but inexplicably feel that the temperament of this a few points.

Compared to Ji You Ran's initial petulant and polite refusal, and purposely blocking her own way, and finally falling down in front of her, this Fourth Miss Qu in front of her can be described as refreshing and elegant, and even more inexplicably, she makes people feel good about herself.

"Why isn't Fourth Miss Qu's scented pouch being worn?" Pei Luoan said this almost subconsciously, his gaze falling down to look at Qu Mo Ying's slender waist.

A snow-colored belt that girded the slender waist with a single grip, but it was also clear that nothing was hanging.

"Today is a worship of cousin, so naturally I can't wear more ornaments." Qu Mo Ying said.

These words again reminded Pei Luoan of Ji You Ran, although today, Ji You Ran's dress was also extremely simple and completely different from her previous days in the Crown Prince's mansion, but compared to this Fourth Miss Qu, it looked a bit cumbersome.

Cousins are sisters, cousins are also sisters, and Ji Youran and Ji Hanyue's cousins are clearly closer than cousins, but inexplicably it just feels like this Qu fourth young lady in front of her is very uptight, and Ji Youran doesn't take things to heart, not only does she not take things to heart, but she also makes use of the excuse to cause trouble, and treats her own words as if they're a whisper.

Pei Luoan's eyes sank, Ji You Ran was treating herself more and more as the mistress of the Eastern Palace, and also more and more people found out that she wasn't interested in Ji Hanyue's affairs!

This inexplicably displeases Peluan .....

## Chapter 489 The Emperor's Marriage, The Crown Prince's Engagement

Xiao's was Ling Anbofu's dowager wife caning thing, quietly spread in the family, everyone although do not know whether it is true or not, but see Xiao's recent period of time does not appear in front of the

crowd, all feel that it may be true, it is said that it is still because Xiao's accidentally in the Prince Consort's spirit of the Prince Princess, the Prince Consort's lantern broken, only to provoke the anger of Ling Anbofu's dowager wife.

East Palace in the Qing Yun Guan to the Crown Princess ceremony thing, know a lot of people, originally there are many people to go to worship, is the Prince said no one else to go over, said he just want to quietly accompany the Crown Princess, and therefore no one to go over, and I do not know whether the rumors of Xiao's is true or false.

If it is true, Xiao can really careless, this kind of thing is can be careless? It is no wonder that Mrs. Tai returned to the house to cane Xiao, no matter how many beatings, Xiao's face is lost, and this matter also spread out.

If it wasn't true, such a rumor coming out, the credibility is still very high, after all, it must be the Crown Princess's mother's family, so why would someone rumor such a thing? If there must be someone who wants to step on the face of the Crown Princess's maiden family, it would only be the future Crown Princess... So this Jingyu County Gentleman is going to lay hands on the Ling'an Burial Mansion?

The crowd's doubts have not yet subsided, the emperor's a holy decree down, directly shocked the entire capital's calm.

The Emperor has given a marriage, and the marriage was given to the Crown Prince and the Jingyu County Gentleman.

If it was before, everyone was bound to express their sincere blessings one-sidedly, but this time out, making many hearts have a few more doubts about the Crown Prince and Jingyu County Jun.

Is the Crown Prince sincere about the former Crown Princess?

Can the character of the Prefect of Jingyu really be enough to take on the role of the Crown Princess?

Since the passing of the Crown Princess, there are quite a few things about the Crown Prince and this Jingyu County Gentleman, each of which doesn't sound as if it's true, but with so many connections, and

a few that happen to be on the spot, privately passed around so much that they've already become completely different.

The Prince isn't necessarily deep in love, he may just be doing a facepalm.

The Prince's side consort is also not much sisterhood, and may even step on the Prince Consort before entering the East Palace, I do not know where there are still rumors that the side consort is angry with the Prince Consort.

Is the King's Jade Prefect really in love with the Crown Prince, or is she related to the Marquis of Yongning's son?

Jingyu county gentleman really tolerate this side consort of the East Palace, and did not intend to take action against the Crown Princess and the side consort's mother's family? This time, the second house of Lingnanbofu's Mrs. Xiao was beaten, really has nothing to do with this Jingyu County?

After all, it was early rumored that this Jingyu Prefect and the Crown Prince spent the Tanabata Festival together.

Even if there was no official decree coming down, it had already been known amongst the worldly families that this Jingyu County Gentleman was the future Crown Princess, but who had released this news?

Is it Liu Shangshu's momentum for his own daughter? This is the meaning of must be married into the East Palace, I heard that this Jingyu County gentleman initially also and King Jing close relationship.

Was it King Jing, or Marquis Yongning's son, or ultimately the Crown Prince at the moment?

Everyone was celebrating on the surface, but secretly they were all discussing this matter, and they all felt that there was quite a bit of mystery in it, and that the Crown Prince and the new Crown Princess at the moment were not the most suitable ones, I'm afraid.

So again, some people lamented about the last Crown Princess and how well the previous Crown Princess and His Royal Highness matched .....

East Palace, Pei Luo-an's study inside, the book case on the folding was thrown all over the place, a mess, Pei Luo-an's face angry iron green, hand heavy in the desktop a clap, above placed a scented capsule immediately fell to the ground, this past day he seems to cherish exceptionally scented capsule, but no one dares to go to pick up.

"Go into the palace!" Pei Luoan calmed his anger, turned around and headed out.

A few chamberlains followed closely, and together they traveled outside the mansion and got into the carriage, which went all the way forward, and in no time at all, they circled around to the front of the palace gates.

Pei Luo An got off the carriage, the guards at the door hurriedly saluted once they saw that it was the Crown Prince, Pei Luo An waved his hand, and without looking back, marched towards the palace in large strides.

Entering the palace gates, he went straight to the Empress Mother's Pepper Room Hall.

The Empress Mother, who was full of joy, knew it was bad as soon as she took a look at her son's face and waved her hand to let all the others go down before asking, "Son, but what has happened?"

"Mother, why did father emperor give the decree all of a sudden, didn't he say before that there would be a further delay, the crown princess's corpse is not yet cold, this is not the right time." Pei Luoan held back strongly before speaking.

"These are your earliest words, didn't you also say before that after this offering to Ji Hanyue, you will finalize the matter between you and Liu Jingyu, isn't it better now?" Empress Dowager asked in confusion.

"Mother, that's what I said before, but didn't Lone also talk to you yesterday, saying that there's no rush on this matter and to wait a little longer ." Pei Luoan said with annoyance.

“You are a country’s crown prince, how can you be so childish, JiHanYue has died, auxiliary general’s daughter is going to the capital, I heard that side of the heart wants to marry this Miss Liu, and auxiliary general to climb on the in-laws, you at this time if you don’t do anything about it, it’s too late, is it possible to wait for that side of the formal after the hand, you the crown prince light crown prince position, but without any military power , who will care about you?”

The Empress hated the iron and said, “The Palace thought about it yesterday, and felt that since you have already loosened your mouth, this matter should be done down earlier, although the Duke of Qi is now not in charge of military power in his hands, but the victory is in the old subordinates in the past, are in charge of military power, in the line of military generals, auxiliary generals to see the Duke of Qi, also had to ambush the body of the speech, and also there is still the Liushangshu, Liu Shanshu’s ability to people that your Father has always praised.”

The Empress does not feel that this gift of marriage is sudden, in fact, at this time there is also her meaning in, the emperor also asked her yesterday, she felt good.

“Mother, that’s not what I meant!” Pei Luoan settled down in his chair and reached out to press his forehead on his brow.

“Not this meaning which meaning is it, is it not for the sake of Ji You Ran?” Empress Dowager’s face sank, “Crown Prince, you have to remember, Ji You Ran is only a side consort, Ling An Bo House is also defeated, even if she is allowed to be a side consort, she is barely, this is still for the sake of Ji Hanyue, she can only be able to sit firmly in this side consort’s position, can it be that she still wants to ascend to the position of the main consort?”

The Empress Mother thought that Ji You Ran had picked Pei Luo An to mess with her, and exasperatedly said.

“Mother, you misunderstand again, yesterday Ji You Ran has already let Lone send to the remote side consort’s courtyard that was prepared before, not living in the main courtyard, the cause is also because she is not attentive in the Crown Princess’s sacrificial rite, even her biological mother Xiao was also warned by Lone after returning to the house to be beaten by Mrs. Ji.”

Pei Luoan said, “There are quite a lot of rumors at this time, I was surprised for a moment, and father’s decree came down at this time, making it more and more difficult for me.”

Upon hearing that there was so much more going on here, the Empress froze for a moment, she really didn't know.

"Empress Mother, it's not just about Lone, it's also about Liu Jingyu, does Empress Mother think that she's really capable of taking on the position of Crown Princess?" Pei Luoan asked rhetorically.

The Empress was not happy with this question: "This is full of the capital's family miss, in addition to Liu Jingyu, who else is suitable with you? Even if those royal princesses gave birth to a princess, and how many have real power, Liu Jingyu's back not only has a civil official line, there are also military generals line, compared to that auxiliary general's daughter, is only strong, not weak."

"Mother, I know Liu Jingyu is good, but she ..... can she before with the second brother two ..... and Yongning Marquis Shizi ..... "Pei Luoan for a time could not say, this was originally his words of excuse, but after saying it, inexplicably feel indeed heart unhappy.

Although he didn't have much interest in Liu Jingyu. But when he thought of Liu Jingyu having some ambiguity with his second brother before, he was still as tired and uncomfortable as if he had swallowed a fly.

"Crown Prince, you're wrong, before with King Jing two, also is He Guifei and her mother's things, and she has nothing to do with her, this thing her mother has explained to the Palace heard, as for that Marquis of Yongning's world son, it is more of a misunderstanding, the Qu Mansion two sisters make a mess of things, and accidentally involved in the body of the willow jingyu, she is also extremely wronged."

The Empress, who recently had an excellent relationship with Mrs. Liu Shangshu, subconsciously defended Liu Jingyu.

Seeing that the Empress Mother was bent on standing on Liu Jingyu's side, the Crown Prince was angry and almost speechless, his heart inexplicably had a few more points of annoyance, in the past, when he had booked Ji Hanyue, the Empress Mother was in his own ear saying one after another that Ji Hanyue was not good here, not good there, and that even Ji Youyan was better than Ji Hanyue, and picking on Ji Hanyue's faults at every turn.

It was stopped by myself, but I told myself over and over again after people.

Right now, but for a Liu Jingyu said so many good words.

Obviously Ji Hanyue is much better than Liu Jingyu, no, or the two people simply can't be compared, where in the end does mother see Liu Jingyu is better than Ji Hanyue?

Right now is also not the time to discuss this, forcefully suppressing his temper, Pei Luoan said, "Mother, maybe the daughter of the auxiliary general is more suitable."

A sentence to the Empress Mother startled, hastily lowered his voice and said: "Crown Prince, you are not looking at the auxiliary general's daughter? I heard that it is still one with an eye disease, what can you look at, your father's meaning is to let her marry into the Utopia County King's House, saying that the Utopia County King's House has never had a female master, and against that person, no one can get good!"

Empress Mother said this with a few points of glee, King Jing wanted to marry this auxiliary general's daughter, not to mention the auxiliary general's intention, the Emperor here was not quite convinced.

That woman over there is powerful, at first can borrow into the palace to take care of the queen Yuan, so stay in the palace, and even gave birth to a son after the death of Yuan, but then powerful, can still have that boy powerful, this is not like will give people face, at first the face of the empress dowager dared to top.

Pei Luo An grimaced and didn't say anything, he also wished that Pei Yusheng hadn't married this auxiliary general's daughter, but what if he let Pei Yuanjun marry? He didn't like it either.

"Prince ....."

"Mother, this matter will be like this for the time being, father has already decreed, lone can't refuse, but please mother bear in mind that it is not appropriate to go to rush the marriage, this marriage has its own state's fixed law to deal with, take the process to be slower, it is also normal, if mother interferes privately again, other people will be even more skeptical of lone's love for the prince consort."

Pei Luoan said, the empress dowager's wedding, the Ministry of Rites has its own process, when to walk the ceremony, when to hire, and even when to marry, have to follow the rules, Pei Luoan is afraid of the Empress Mother intervene in this matter, let people think he was anxious to get married, in his previous efforts will be wasted.

Empress Mother nodded: "Don't worry, this palace knows that this is a lightweight, the next is all about the Ministry of Rites, this palace will not intervene, and will not even ask too many questions, how does the Ministry of Rites do it, there is its own determination."

Seeing how the Empress Mother said it, Pei Luoan was relieved and her heart was slightly settled.

He settled down a little here, but there was another person who also had sleepless nights and tossed and turned because of this marriage .....

#### Chapter 490 The Jade Trigger Finger among the Gifts

"Your Highness, didn't the last incident end? Why do you still need to send gifts to the Qu Mansion? It's not that I'm heartbroken about a few gift-giving dollars, but this repeated giving is making us look weak-minded and bad for Jingyu." Mrs. Duke of Qi looked at Duke of Qi with displeasure.

Last night, the Duke of Qi did not sleep well, most of the night is still turning over and over, this morning, they have not yet finished freshening up, he suddenly raised such a meaning, Mrs. Duke of Qi, although she felt that the Qu Mo Ying fit the eye, but then again, it is not possible to be stronger than their own granddaughter to go.

"Every time I see her, I always think of ..... that ..... child of ours." The Duke of Qi sighed and his complexion darkened.

Lady Duke of Qi's face also showed a few shades of sadness.

They had another daughter before, but she got sick and died at the age of one, so Liu Shangshu's daughter was only the second daughter of the two of them.

“Duke of State, this young lady of the Qu Mansion ..... doesn’t actually look like, how could you think so?” Things have passed for a long time, although it is sad to think about it, but it is not so bad that it loses its common sense judgment, Mrs. Duke of Qi also sighed and said, she is actually really don’t understand why the Duke of State is so good to this Qu House’s fourth young lady, it seems to be thinking about her in every way as if she is thinking about her.

“Duke of State, the previous matter has already passed, Jingyu’s father also brought Jingyu to the door to apologize, and there is King Jing’s meaning in it, the fourth miss of the Qu House did not cause any harm, and the one who suffered a loss was instead the ill-intentioned third miss of the Qu House, and at the moment, both houses have no intention of pursuing the matter, and if you are so repeated to the door to send a gift, it will cause people to be suspicious. ”

Mrs. Duke Qi advised again.

The Duke of Qi was silent for a moment, then said, “Previously, I intended to have Xiu Ran marry this Fourth Miss Qu to make up for it, but the Qu Mansion’s side of the family didn’t seem to be that willing.”

“Duke of State, Xiuran’s marriage is better to let his parents make their own decisions, after all, we are only grandparents, separated by a layer, and Xiuran’s status is not ordinary, in the future it is going to bear the title, it is always not possible to marry a young lady with an eye disease, right?” Mrs. Duke of Qi politely advised.

It’s something that she actually doesn’t support!

Since the grandson is a promising, family history and good, and not the kind of playboy, there are many people over to inquire, but they are just a moment to pick the eyes, did not set down just, really let him marry the Qu Squire’s house of the woman who lost her mother, Mrs. Duke of Qi is always reluctant to do so.

That boy is no better than his own grandson.

“Where Xiu Ran’s parents are, I will go and talk, it is the Qu Mansion’s side that refused, I don’t know what the reason is, this is clearly a good marriage, and Xiu Ran is a good child.” Qi Guo Gong’s frown became tighter and tighter.

Mrs. Duke of Qi's wife became displeased and her face pulled down, "Duke of Qi, Xiu Ran is only our family's child, how can you be so bent on thinking of the Qu family's child? How can a family like ours marry a young lady who has an eye disease and has not had a birth mother to carefully teach her on the side since childhood ....."

Mrs. Duke of Qi's meaning is very clear, even if Qu Mo Ying looks smart and not stupid, mannerisms are also generous, but ultimately less of the birth mother's teaching, in many things above the limited insight, how to preside over such a large family of things in the future, when the mother of the house pattern is small, weak eyesight, for the whole family is not a good thing.

She didn't mean to contradict Qu Mo Ying, she just stated the matter.

However, this statement, but let the Duke of Qi is very unhappy, the hands of the tea heavily smashed on the coffee table, scared the Duke of Qi's wife immediately stopped his mouth, stunned look at the Duke of Qi, she did not expect just such a sentence, the Duke of Qi also angry, think about this sentence, she did not have half a point of error.

"You still leave a little mouth, lost mother long daughter, lost mother long daughter, lost mother and not her fault, her mother ....." Qi Guo Gong eyes some red, but afraid Qi Guo Gong Mrs. found, suddenly stood up, "her mother is also a poor person, if not she passed away early, I recognized her as a daughter in the beginning."

After saying that, he turned around and walked away, walking extremely fast, as if he was hiding something.

Leaving behind Mrs. Duke of Qi's exasperation, she glared fiercely at the Duke of Qi's back in annoyance.

"Madam, don't be angry, the Duke of State is kind, and for the sake of the deceased, he is not willing to bring up the matter of Fourth Miss Qu's birth mother having passed away." A granny saw that Mrs. Duke of Qi's eyes were also red with anger, and hurriedly came over to advise.

"What did I say? Didn't I just say that Fourth Miss Qu's birth mother died early, and without her birth mother's upbringing, she is much weaker than the other young ladies, is that wrong?" Mrs. Duke of Qi was furious and said in an annoyed voice.

"Your Ladyship, the Duke of State is such a nostalgic person, it's not like you don't know." The granny accompanied with a smile and added.

"I know that he is sentimental, very old, in order to remember the old sometimes loss of their own also willing to do, but now this is not a person of his thing, is Xiu Ran's affinity, he this when the grandfather's strong meddling even if, but also picked such a, pro-grandson's affinity, also can be used as an old love, sent out of it!"

Mrs. Duke of Qi thought more and more angry, hand heavy on the table a beat, just feel the heart of the sudden jump, the more you think the more you think there is something in it, definitely not the state of the past days of the master, it is difficult to not the state of the master to hide their own what is not?

"What, the Duke of Qi's residence sent another gift over, it's Miss Qi's gift?" Qu Mo Ying turned her head in surprise to look at the gift box on the table.

Recently, the gifts sent by the Duke of Qi's house were a bit too much, even if it was to accompany the matter of Liu Jingyu for a period of time.

"Said the last time with the fourth miss said a lot of talk, let the fourth miss can go to see her when she is fine, originally she is idle in the house, without a close sister around." Yu Dong said, "Grandma Wu also said that the meaning of the dowager lady, let you also move around more with the Duke of Qi's residence."

Qu Mo Ying stood up, walked to the gift box and looked at it, it was a jade insertion screen, it looked very small and beautiful, it was also a girl's family's thing when counting, it was not very expensive, but it was also very fitting.

Qu Mo Ying reached out and picked it up, but was shocked to see that there was something else underneath, Yu Dong also saw it and hurriedly took it over for her, and was shocked to find that it was actually a wrench, and looking at the size of this plate finger, it was not like Qi Xiangyu could use it, and it was a man's plate finger.

And it is also a board finger that has been used all the time, the jade on it is polished and translucent, the jade color is extremely good at a glance, and the water head is extremely bright, although there is

also jade on the top of the jade screen, this jade is not at the same level as the jade of this jade board finger at all.

“Where are the people from the Duke of Qi’s residence?” Qu Mo Ying looked up and asked after freezing for a moment.

“When the slave girl went over, the people from the Duke of Qi’s mansion were gone, the Dowager Empress asked the slave girl to give the gift to Xiaoda over, and also said that in the future, the gifts sent by Ms. Qi can be sent directly to the Shallow Moon Residence, so there’s no need to turn around a little bit more to her.” Yu Dong said, when she went over, she didn’t see the people from the Duke of Qi’s mansion, she thought that they had left early.

“Yu Dong, you go to the Duke of Qi’s residence, send this gift box back and ask Miss Qi if she’s mistaken.” Qu Mo Ying pondered for a moment and said, the jade plate finger and jade screen in his hands were put back, this jade plate finger did not look like something Qi Xiangyu would send over anyhow.

After touching it carefully, she blushed slightly!

Such a board finger, Qu Mo Ying has seen similar ones before, seems to be related to the military, the last life when dad had one in his hands, once he also saw him in the meticulous wipe, at that time he also casually asked more, dad said that girls do not need to ask such things, this is the special case in the military.

I didn’t look closely at the time, but the one at hand looked like it.

“Yes, slave girl will make a trip now.” Yu Dong nodded her head in response and reclosed the gift box before she hurriedly turned to leave.

“Miss, the Duke of Qi would send the wrong thing?” Yu Chun looked at Yu Dong’s departing back without knowing why and asked unconsciously.

The gift sent by the eldest lady of the Duke of Qi's residence, shouldn't it have been checked by someone? How could there be such a big mistake, no matter how you look at it, it shouldn't be something that this kind of powerful family did.

Qu Mo Ying thoughtfully looked at the back of Yu Dong left to, willow eyebrows slightly knit, she is actually also very strange, this thing looks like careless, but such carelessness is almost impossible to exist, the big families, send gifts to view very carefully, for fear that there is a little bit of a small error, may cause something to come.

Even giving the wrong gift can sometimes be drawn out to make a big deal out of it.

Was Qi Xiangyu really careless, or was there another reason?

"Miss, the old slave is back!" Sister Miao's voice suddenly came from outside the curtain, Qu Mo Ying nodded, Yu Chun hurriedly went over and lifted the curtain, and Sister Miao walked in.

"Miss, Mrs. Yu is living a good life there, the old slave saw Hailan beside Mrs. Yu, talking and laughing with the female nuns in the nunnery, looking at it is much happier than in the mansion, Mrs. Yu also goes out from time to time to sunbathe in the sun, although her legs and feet are not very good, but looking at the appearance, it seems to be good."

Sister Miao as soon as she entered the door, reported to Qu Mo Ying, she often excuses these days to go out of the house, but went to monitor the Yu's to go, when the Qu Mo Ying deliberately let the Dowager Empress Yu's also sent to the nunnery to go, is the existence of the heart to want to check out the things of the year.

Back then, Yu had sent someone to frighten her mother, causing her mother to go into premature labor, which was followed by a difficult delivery, and after she managed to give birth to herself, her own life was not saved.

And then Yu was promoted from a noble concubine to a full-fledged wife. If nothing had happened to her mother at that time, would Yu have been willing to be a concubine, and the two sons and daughters she gave birth to have been willing to be commoners?

At this point, from the beginning of understanding Yu's ruthlessness, Qu Mo Ying understood that Yu was absolutely impossible to let her mother live, so how is she so sure that her mother will definitely die in this matter, even if she is accidentally rushed, she will not necessarily die in difficult labor, is there any inevitable connection between them?

In the mansion, Yu was locked up, looking like a good thing, but it also made all of Yu's previous connections cut off, Qu Mo Ying wanted to find out the truth, it was very difficult!

Then put Yu out there, that's how you lure the fish to the bait .....
