

Noble Wife 491

Chapter 491 Are They Talking about the Same Nunnery?

Qu Mo Ying thought very clearly that if he wanted to find out what happened back then, he had to go from the moment she was born, that is, that nunnery.

I have already had Sister Miao check it out before, that small nunnery, although not big, is also very clear, and had a good reputation in the past, so there is nothing wrong with it.

There is one thing that Qu Mo Ying is still satisfied with, the nunnery owner at the moment was there fourteen years ago, and was also presiding over everything in the nunnery at that time, which means that it was the same person when her birth mother, Xiao Yue's, was killed.

"You saw Yu?" Hearing Sister Miao say this, Qu Mo Ying's face sank.

"The old slave saw from afar, Hailan help her to rest in a place, there are two young nuns in the nunnery to help, look at talking and laughing, the mood is very good look, the old slave later also saw an older come over, sitting on the side of Mrs. Yu to talk, and then asked, but this nunnery in the presiding officer."

Sister Miao's face is also not good, she naturally knows Qu Mo Ying's suspicion, looked at the thin young lady in front of her, although she still has a few childishness, but she had to shoulder all of them, thinking about it is hard to feel in her heart, she has followed the young lady for so many years, and watched the young lady come over step by step, how hard is it for other people not to be clear about, and how could she not be clear about it.

All of this is because since childhood without the care of the birth mother, this Qu Squire and did not put this daughter in the heart, let Yu's tossed the lady, the lady this is also a death to survive.

"Sister Miao, go get Sister Zhou to come over." Qu Mo Ying paused and said.

"Yes!" Sister Miao knew that Qu Mo Ying wanted to ask Sister Zhou about some old stories, so she answered and retreated, bringing Sister Zhou in a short while later.

Only after Sister Zhou had bowed did Qu Mo Ying ask with a straight face, "Sister Zhou, when you and Mother were at the nunnery at that time, did you perceive something?"

Sister Zhou also knew that Qu Mo Ying was looking into the old events of that time, after thinking about it carefully, she shook her head and smiled bitterly, "Miss, the old slave was preoccupied with Madam at that time, and really didn't find anything, the people in the nunnery weren't good or bad to Madam, they just took care of the three meals a day and usually couldn't even see anyone."

"Three meals a day, they're the ones who send them over?" Qu Mo Ying's heart fluttered.

"It is the nunnery specially sent over, sometimes the lady wants to use something in particular, the old slave will also go to the nunnery's kitchen to do it, but the nunnery's things are not casually accessible, the old slave to do it once, but also have to give another silver, the nunnery's female nuns don't seem like a kindly, every time they will ask for some more."

Sister Zhou said, some of the details of the time, she can not recall, but for the nunnery, she is still very clear, that matron is a greedy, to give less she is not happy, and sometimes deliberately take some of the defective products to the lady, Sister Zhou sometimes are forced to hold back the anger, before giving the silver.

"Mother was neglected for living there? The other people in the nunnery don't care about Mother?" Qu Mo Ying asked after a moment of silence, which was quite different from the attitude towards Thi.

Mother was in a bad situation, was cold-shouldered by the father, pregnant and had to leave the House of Qu, went to the nunnery, how to look at it does not seem to care about the appearance, but must be the main mother of the house, which gave birth to a child after the things, or can not be predicted, how even a nunnery in an old nunnery dare to be so contemptuous of the mother?

"What the old slave saw there was that whoever saw Lady Yu was very polite, and the female nuns bowed first every time." Sister Miao also spoke up.

The contrast between the two situations is strange!

Yu's current situation is certainly worse than her mother, even for the main room, she is now in this situation, it is almost difficult to go back to the house, how was the nunnery so good, from time to time, but also go to visit, this day than in the house when the time is also comfortable, like a fish jumping shallow stalls after the reentry into the water.

Like a fish out of water?

What made Yu able to do this while Mother was being looked down upon at the time, was it because she thought there was no way she would ever have a day to reply?

If this is the case, then how can they conclude that their mother will not reply one day?

"Sister Zhou, when we were in the nunnery at that time, would grandmother send someone to ask mother?" Qu Mo Ying paused and asked again.

"Mrs. Tai will send people over from time to time, and sometimes bring some fresh sparse vegetables and fruits over, the old slave thinks that these things are fresher than the nunnery for the lady to use, and sometimes you can only give silver to the kitchen, and cook for the lady yourself, and every time Mrs. Tai sends food over, the lady uses it well, and doesn't feel uncomfortable."

Sister Zhou replied naturally.

"Mother still feels uncomfortable after using the nunnery's dishes?" Qu Mo Ying froze, and her eyes were frosty.

"Sometimes there will be, old slave at that time felt that the food in the nunnery is not so fresh, but there is also far away from the city, the old slave also have to take care of madam, and it is not possible to go to look for fresh food every day, but also fortunately, the dowager lady will think of madam from time to time, and send someone to send some fresh over."

Thinking of how hard it was for the lady in the nunnery, Sister Zhou's eyes reddened and she wiped away her tears with a handkerchief. A pregnant woman with only one attendant by her side, her husband's son-in-law who had other children in the house, and a pair of twins, did not care about her,

and the reason why she came to the nunnery was because of her wife's rivalry with a concubine and the name of the concubine who caused her to give birth to her baby prematurely.

More and more, I felt pity for the lady.

So kind lady, but in the end, did not marry a heartwarming person, in vain, delayed their own not to mention, but also delayed the little master, Sister Zhou for a moment in grief, did not hold back, cried.

"Miss, Mrs. that time in addition to Mrs. Tai, and Mrs. Ling Anbo over to ask, care about it, Mrs. Ling Anbo that time was also quarter Mrs. Tai pinch, not want to go out can go out, can only send some things over, is to give Mrs. backing up, as for the Yue's side is because it's too far away to take care of."

Yue's people in the capital, indeed, there are only these two sisters, one for Mrs. Ling Anbo, one for the second lady of the Qu House, Mrs. Ling Anbo, although a heart of love for her sister, but Mrs. Ji is not good to deal with, at that time Xiao was also in the big Yue's heel is not stable.

Although Qu Mo Ying hadn't experienced this, he could understand it when he thought about it.

"Miss, the old slave old slave doesn't feel right." Sister Miao, who was listening on the side, blanched and seemed to have thought of something.

"What does Sister feel is wrong?" Qu Mo Ying pursed her lips and asked.

"Madam at that time there was Lady Ling An Bo backing her up, and also the Dowager Lady, so she was not considered to be in the Master's favor, but she was the rightful wife, and in this situation, how could the people in the nunnery dare to treat her so slowly, and now that Mrs. Yu is worse than Madam was at that time, why are the people in the nunnery treating her so kindly again?"

Sister Miao said.

Some things can't be seen for a while without comparison, and when you compare the two, the highs and lows are obvious.

This was originally what Qu Mo Ying suspected in her mind as well, and nodded, "Sister Zhou, what do you think?"

"The people in the nunnery are very kind to Madam now?" Sister Zhou wiped her tears and asked in disbelief, she was too excited before and didn't hear what Sister Miao said before.

Sister Miao nodded and reiterated once more, "The nunnery master will also come to accompany Lady Yu to talk and laugh."

"That's impossible!" Sister Zhou exclaimed.

"Why is it impossible?" Qu Mo Ying raised his eyes and asked, his eyes were deep and bottomless, as if they contained two curved deep pools, making people's hearts unconsciously panic.

Sister Zhou squeezed her hand tightly and calmed her breath with force, "When the old slave was living in the nunnery with madam at that time, he had never seen this nunnery's presiding nun, I heard that this presiding nun's health is not good, in a month, most of the days in the sick, and the rest of the time is also frail, and all the affairs are in the nunnery's control of the other female nuns."

Qu Mo Ying looked at Sister Miao.

Sister Miao nodded affirmatively, "Miss, the old slave inquired clearly, now this is the presiding officer of the nunnery at that time, many people have seen, and have never heard that she is not in good health, and often appear in front of the people, some of the incenses that come into the nunnery, have all seen before."

Qu Mo Ying said in a cold voice, "Sister Miao, go check on this nunnery owner again, it's best to look into it for a longer period of time."

Sister Zhou and Sister Miao were talking about the same nunnery master, but Qu Mo Ying sounded like two people.

If the two of them weren't mistaken, this was bound to happen for a reason.

Sister Miao nodded her head, she also heard that there was something going on here, and after bidding farewell to Qu Mo Ying, she turned to leave.

Seeing Sister Miao leave, Sister Zhou also wiped her tears clean and excused herself to Qu Mo Ying.

Looking at Sister Zhou's departing figure, Qu Mo Ying's eyes were thoughtful, she always had a feeling that Sister Zhou seemed to know something else but didn't say it out, or that Sister Zhou still had secrets in her heart, which could be seen from the fact that when Sister Zhou was most unwilling to talk about the events of that day, it could be seen.

If she hadn't taken the initiative to mention it herself, Sister Zhou seldom mentioned her mother, seldom mentioned that past.

Is there something in there that you haven't suspected?

Yu Dong came back first, and when he entered, he was holding a gift box in his hand, and Qu Mo Ying recognized it at once, it was clearly the gift box that was sent back before.

"Miss, this is a gift from Miss Qi for you, and there is also a thank you gift from Duke Qi inside." Yu Dong stepped forward and reported with a smile, "It's really a mistake."

Said the gift box in his hand, put it on the table in front of Qu Mo Ying, reached out and opened the gift box.

Above is still the jade screen, Yu Dong let Yu Chun take away the jade screen, and picked up a few pieces of paper from underneath the jade screen and handed them to Qu Mo Ying: "Miss, this is the thanks from the Duke of Qi, saying that the jade spotted finger is an important object that can't be thrown away, fortunately, Miss returned it, or else something big would have happened!"

"The jade screen in the gift box is Miss Qi's from the Duke of Qi, after getting it, it was placed in her place, and has not been opened, this time I remembered this small ornament, and thought it would be nice to give it to Miss, I did not expect that there is also a jade wrench inside that the Duke of Qi has pulled off, and Miss Qi has also asked the slave girl to tell Miss that she thanks you."

Qu Mo Ying reached out and took the pieces of paper, taking a closer look, his face changed drastically.

Chapter 492 Too Thick a Gift to Accept!

Qi Guo Gong sent a thank you gift is actually directly store land deed.

This gift is unbelievably thick.

“Is this a thank you gift from the Duke of Qi?” After carefully looking at it for a few moments, Qu Mo Ying was silent for a while before raising his eyes to look squarely at Yu Dong.

“Yes, the slave girl to the gift returned to the past, Miss Qi see this wrench finger face changed, straight said that these days Qi Guojun is looking for this wrench finger, said that this jade wrench finger lost can be a big problem, and then sent people to inform the Duke of Qi, Qi Guojun also specially went to a trip, asked about how the Miss found the jade wrench finger, the slave girl answered, the Duke of Qi let the people to put these several pieces of paper! placed under the jade screen, which was a gift of thanks to Miss, the slave girl thought it was a silver check, but didn’t think it would be a land deed!”

Yu Dong also took a good look at what Qu Mo Ying had in his hands at this time, and was shocked by the Duke of Qi’s large sum of money.

Thank you gifts, he had heard of many, those who sent jewelry, those who sent silver tickets, and those who sent other things, but he had never really heard of them, those who sent stores directly.

What a thank you that must be!

Qu Mo Ying pinched the several land deeds in her hands and gently bit the corner of her lips, “The jade trigger finger was given by the Emperor.”

She was touching the time, it is touching this place mark, and father when the trigger finger in the hand, are the emperor given, the imperial gift, even if there is no special meaning, but also can not be lost.

"No wonder the Duke of Qi is giving Miss such a big thank you gift." Yu Dong sighed in relief and said.

"You think this thank you gift is appropriate?" Qu Mo Ying said.

Yudong hesitated, but still nodded: "Miss, if this jade trigger finger is so important, it is a big deal for the entire Duke of Qi's house, Miss helped them find it back, naturally, you have to thank Miss, maybe the Duke of Qi felt that the silver ticket was not enough to show his gratitude, that's why he sent a couple of stores it"

Yu Dong before said quite smooth, the more to the later more and more not confident up, to express gratitude in a lot of ways, between the families to express gratitude is the most gold and silver jewelry and so on, and Miss Qi sent the jade screen unchanged, but added a few deeds in it, how do you think there are a few points strange.

Qu Mo Ying's watery eyes narrowed slightly, her fingers gently pinched above the land deed, pondering.

This matter seemed normal, but under careful consideration, it always felt that it was not normal, not to mention the fact that the Duke of Qi's way of expressing his gratitude was so generous, just to say that it was unlikely that the Duke of Qi's jade trigger finger could fall into such a gift box.

The imperial gift, but also seems to be related to the military, how could Qi Guo Gong randomly placed in such an inconspicuous gift box, if said to be accidental is not possible, the value of this jade screen is also general, but also look like the inner courtyard of the things, Qi Guo Gong all right to go over this kind of thing to do what, and actually gave this gift box to the Qi Xiangyu, and even open to see also did not.

This is just a bit too much of an oversight.

The big families, there are rules for doing almost everything, someone checks it, someone sends it out, and when they receive it, they look at it, so that they don't have to say anything about it when the time comes.

This a pile, a piece of, let a person feel that this is too coincidental, and the gift of the Duke of Qi is too thick, she really did not hear that in order to express gratitude, directly send out the deed to the store,

and also a send is three stores, the Duke of Qi's large sums of money, but also really shocked to the Qu Mo Ying.

This Duke of Qi is strange!

It's also strange for the Qi Gongfu to do things!

The strangeness of everything at hand, taken together, makes you think there's something wrong here.

"Miss, could it be the Duke of Qi's residence for the matter of the Jingyu County Gentleman?" Yu Dong reacted quickly, and with a turn of her mind, she came up with another possibility.

"Do you think this is also the Duke of Qi expressing his apologies?" Qu Mo Ying did not answer, asked in return, she now also felt very confused, some things she had always suspected, but now it was somewhat overturned, this would be suspicious but did not know where to pull the thread from, only felt a mess.

"Slave girl think it is possible, Jingyu County Jun must have counted you before, this thing others don't know, Qu House and Qi Duke's House are clear, now Jingyu County Jun has been given marriage to the Crown Prince, is the future Crown Princess, this reputation can't be even worse, may be afraid of our house to pass out some bad rumors about Jingyu County Jun!"

Raindon guessed.

That sounds like it has some truth to it.

"In the foreground, hasn't Yu Prefecture already apologized, and the two families have expressed their reconciliation, each making a step forward, so how can they possibly bring it up now?"

On one side, Yu Chun heard this and asked a rare rhetorical question.

Qu Mo Ying nodded, although it was Yu Chun's subconscious rhetorical question, it was also what Qu Mo Ying had in mind, shouldn't the Duke of Qi's residence be like the Liu residence at this time, treating it as if nothing had happened?

Why did you make such a mess? Aren't you afraid that Liu Jingyu's reputation will be affected?

The reputation of Liu Jingyu at this time, should be white and flawless right!

"It may be that the Duke of Qi is kind-hearted and feels that the prospect of the Yu County Gentleman is too perfunctory to our mansion!" Yu Dong thought about it and added.

"But" Yu Chun still wanted to say something, but for a moment she couldn't say anything, it did sound possible, she could only look blearily at Qu Mo Ying: "Miss, what do you think? "

"We can't accept this land deed! Yu Dong, you go to the treasury and bring over a set of celadon, then put the land deed in it and send it over to Miss Qi, say it's my return gift, the land deed is too precious, I can't accept it." Qu Mo Ying said, in her heart she already had an idea, this land deed looked hot, but she couldn't check it out for a while, the best method was to return it.

The matter of the land deed is an accidental matter, how to look at it is not like all the people in the Duke of Qi's residence know about it, then send this land deed back to see how this matter is followed up!

She had a feeling that there should be a follow-up to this matter, and it just so happened that she also wanted to get close to the Duke of Qi's mansion and look into some things, and with these things, it would save herself from having to make excuses again.

"Miss, what if Miss Qi doesn't accept it, this is a gift of thanks from the Duke of Qi to you." Yu Dong was a little worried.

"Let Miss Qi send someone to take you to the Duke of Qi to personally thank the Duke of Qi" Qu Mo Ying was silent for a moment and added, "Just say that I don't dare to accept such a big thank you gift."

Since this gift is sent by the Duke of Qi, it is possible that Qi Xiangyu indeed can't do this, and in the end, the Duke of Qi will have to make up his mind.

"Miss, what if the Duke of Qi must send it?" Yu Dong felt that since the Duke of Qi had sent such a thick gift, he was afraid that he wouldn't take it back so easily.

Qu Mo Ying paused, her watery eyes moved slightly, this is a very possible thing to say, thinking about it this way, it really can't be returned directly to this Duke of Qi, "If it can't be returned to the Duke of Qi, then it will be returned to Mrs. Duke of Qi. First please ask Miss Qi to take you to see the Duke of Qi, just say that this great gift, I dare not accept, good intentions received."

"Miss, if the Duke of Qi doesn't accept it, can the Duke of Qi's wife accept it?" Yu Dong asked in disbelief, in his opinion, it was still not the same.

"Try it!" Qu Mo Ying said meaningfully, she had met the Duke of Qi and the Duke of Qi's wife, and these two people gave her a completely different feeling.

Seeing Qu Mo Ying said sure, Yu Dong heart of apprehension to the end, from the treasury to find Qu Mo Ying said a set of porcelain out, with the land deed to re-head to the Duke of Qi and go.

"This is grandfather's gift of thanks, I can't take it back." Qi Xiangyu looked at the several in deeds in front of her with surprise, and was also surprised by her grandfather's large sum of money, but did not dare to accept it, this kind of thing, she did not have the right to speak.

"Our miss means, this gift, our miss really can't accept it, just put it here in Miss Qi's place, slave girl will go back first." Yu Dong put the land deed and the gift box on the table and was about to leave.

"Wait!" Qi Xiangyu opened her mouth and called out to her, "I can't make the decision on this, it's still up to Grandfather, I'll have someone take you there and you can talk to Grandfather yourself."

"Many thanks, Miss Qi." Yu Dong was overjoyed and said in a loud voice.

Qi Xiangyu called one of the grannies beside her and led Yu Dong towards the study in front.

All the way over, around several turns and mouths, before arriving at the place, the granny let Yu Dong wait outside, she went over to report, not long after Qi Guo Gong summoned Yu Dong over.

After entering the door, Yu Dong first bowed to the Duke of Qi above before taking out the land deed, bowing low and presenting both hands upwards: "Duke of Qi, our young lady does not dare to accept such an expensive gift, saying that the jade trigger finger was originally from your house, and that the previous gift was still Miss Qi's, and that our young lady was only careful to find out that it was not a big deal, and she did not dare to be the Duke of Qi's such an expensive gift. "

"Your lady won't accept it?" The Duke of Qi put down the pen in his hand and frowned.

"Our young lady says that you don't get anything for nothing, and besides, it's such a big gift." Yudong still bowed her head and rested her hand in front of her, respectfully.

"This matter is a big deal, your miss can't be counted as unmerited, go back, tell your miss, this is considered as a token of my appreciation, thank you for returning the jade trigger finger to your miss." Qi Guo Gong attitude and kindly said, finished, also did not wait for Yu Dong to say more, waved his hand.

A boy had already come over and signaled for Yu Dong to step back.

Yu Dong still wanted to say something, but saw Qi Guo Gong re-lowered, picked up the pen and wrote, a serious face, not to be disturbed.

There was no choice but to retreat.

Outside, the granny sent by Qi Xiangyu has already left and gone back to report, how this next, it is not Qi Xiangyu can make the decision.

"You go back, what our Duke of State decides is not to be changed." The boy smiled and said to Yu Dong, not allowing her to say a word more pointed to the road outside, "If you go out from here, it's the main road, and if you go out along the main road, it's the gate."

"Not" Yu Dong still wanted to speak, but was pushed to the door by the boy, and the backyard door closed, actually not allowing him to say more than half a sentence.

Yu Dong helplessly looked at the closed door, looked at the direction pointed by the boy, turned around and went over to the other direction, the party she came all the way over was passing through the hanging flower gate, at the moment, can only follow the lady's another method, go to find Mrs. Duke of Qi to return the land deed.

There are two grannies guarding the door at the hanging flower gate, seeing Yu Dong come over is not a surprise, just now they saw Miss's people taking this maid to the outer courtyard.

After giving her a sidelong glance, the two grannies talked to themselves and ignored her.

Yu Dong walked over towards the two of them, "Can you lead the way, our young lady has something to ask to see Madam Qi Guo Gong."

Chapter 493 The Duke of Qi's Disorder

"A gift of thanks from the Duke of State?" Mrs. Duke of Qi asked in surprise, this is something she really didn't know about, receiving the land deed of the store presented by Yu Dong, her face immediately changed.

"It says it's a thank you gift for our young lady for finding the Duke of State's Jade Spotted Finger, our young lady doesn't dare to accept such a heavy gift." Yu Dong respectfully said.

There was silence above for a while, and only after a long time did we hear Qi Guo Fu's laugh, "Thanks to your miss, your miss doesn't accept these, but our thanks can't be less."

Mrs. Duke of Qi finished shaking her hand to a granny behind her, the granny came over, she whispered a few words, the granny looked at Mrs. Duke of Qi in surprise, Mrs. Duke of Qi nodded her head.

The granny went out and came in a short while later carrying a gift box.

"This is our thank you gift to your young lady, you can't not accept it this time." Lady Duke of Qi smiled and said to Yu Dong, and called over a maid to guide Yu Dong.

Yudong did not refuse this time, as long as it is not these hot store deeds, it is good, after receiving the gift, she said thank you to Mrs. Duke of Qi, and followed the maid who led the way to leave.

When Yu Dong left, Lady Qi Guo Gong's face sank.

"Ma'am." The granny serving at the side carefully said.

"Let's go, go see the Duke of State." Lady Duke of Qi stood up and headed out, cupping these land deeds in her hands.

In the study, the Duke of Qi heard that his wife had come and nodded for Little Please to invite the Duke of Qi's wife in.

Mrs. Duke of Qi entered alone, leaving all the grannies and maids outside the door, and after entering, she first bowed to the Duke of Qi before looking up at the Duke of Qi with a straight face, "Duke of Qi, what is the meaning of this?"

She took out the deed in her sleeve and placed it on the bookcase in front of the Duke of Qi.

"Where did that come from?" Seeing clearly what was on it, the Duke of Qi frowned and said unhappily.

"Doesn't the Duke of State know that?" Lady Duke of Qi stared at Duke of Qi, her face unhappy.

"This is a thank you for finding my jade trigger finger." The Duke of Qi was silent for a moment and explained.

"How come I didn't know something so big had happened? The Duke of State's jade trigger finger is still given by the Emperor, right, it has been worn on his hand, when did it disappear?" Mrs. Duke of Qi's

gaze fell onto the Duke of Qi's hand, and above the thumb on that hand, there was that jade speckled finger.

"Lost it before, afraid of you worrying, didn't say, randomly found another one to wear first." Qi Guo Gong body leaned back, quite a few points of impatience said.

The room was quiet, and Mrs. Qi Guo Gong did not speak for a long time.

Qi Guo Gong opened his eyes and was met with a reproachful expression from Mrs. Qi Guo Gong.

"Duke of State, I know that you are bound to have something to hide from me, we have been husband and wife for so many years, although we can't say that we have lived and died together, but we have also experienced a lot of things before we came to the present day, at that time, if it wasn't for your merits, almost, we would not have been able to live in one of the mansions, not to mention this knighthood."

Mrs. Qi said.

These words evoked the memories of the Duke of Qi, the face of the complexion is not so calm and cold, the bottom of the yellow eyes but brought up a trace of sadness, that time the Duke of Qi to prosper, in addition to him and his big brother, more than that eldest brother as father, that is, he learns martial arts, initially, but also big brother to teach up.

"Duke of state, that time uncle listened to the words of sister-in-law, almost even the entire state government we that time, also almost, and I that will be because of the shock gave birth to a daughter, premature birth of a child That will sister-in-law also pregnant with a child, and finally
"Mrs. Duke of Qi corner of the eye fell tears, lowered her head, took a pad in the corner of the eye wiped.

Raising his eyes up again, he saw that the opposite Qi Guo Gong's eyes were also red.

Those days were the most overwhelming times, whether it was the Duke of Qi, or Mrs. Duke of Qi, who had only just given birth to a child, and this was the past that Mrs. Duke of Qi was most reluctant to bring up.

The couple had almost uncharacteristically forgotten this past in all these years.

And now mention it again, Mrs. Duke of Qi only feel full of sorrow, also because of the premature birth, the daughter has been in poor health since childhood.

"You don't say anything," Qi Guo Gong's voice darkened.

"No, the State Council, I have to say, so many years, we husband and wife of the same heart, do what things are discussed, even in the most difficult time, the State Council has what things are also tight to me, every time I think of it, I have countless times grateful to the State Council, that time also thought, even if it was then implicated, followed the State Council to die, it does not matter, at least we have a family are together, close and intimate, in the Yellow Springs can also be a companion"

Mrs. Duke of Qi said here, say no more, tears fell, reached out for a handkerchief how to press can not be pressed.

"You don't say it, I know that I am sorry for you!" The corner of Qi Guo Gong's eyes were also wet, that part of the past, how would he like to remember again.

It was only by pressing his hand against the corner of the table and pushing hard that he was able to suppress the hurt in his heart.

Originally, he thought he could fight it all off, but it never occurred to him that he was actually just scared, and by showing his fear with indifference, he was actually a coward.

A coward who can't face himself.

"The Duke of State has not wronged me!" Lady Duke of Qi shook her head.

"No, I am sorry for you, even if in the future in the nine springs, I am sorry for you." Qi Guo Gong's voice became more and more guilty, looking at Mrs. Qi Guo Gong, almost word for word.

I can see he's not making this up.

Mrs. Duke of Qi took a handkerchief to wipe clean her tears: "Duke of Qi, really did not apologize to me, since that time after the incident, I have lived a very good life, so many years, the only concubine in the house, or the aunt before, Duke of Qi has not taken a concubine since then, even if it is sent over by the emperor, you have also used the excuse to push it away."

In fact, in the very early days, the concubines around the Duke of Qi is still quite a lot, that time the Duke of Qi is still a playboy who does not have to inherit the family business, there are naturally a lot of women around, Mrs. Duke of Qi is only married to the time, is reluctant, and also by some former bosom friends, secretly ridiculed.

But I didn't expect the Duke of Qi, who had gone through that change, to be like a different person.

Not only did the concubines who had not given birth to children drive away, but since then there have been no other women around, and the Duke of Qi's wife is also a good one.

"State Duke, I also do not talk about these past events, those things so many years, we have forgotten!" Mrs. Duke of Qi wiped her tears with a handkerchief and raised her red eyes once again, "What you did today, I don't understand what it means, why are you so good to this Qu House's fourth young lady, and even make a way to send her a store? The State Lord also don't say the jade trigger finger thing, I don't want to listen to these empty words."

Qi Guo Gong's head lowered, some annoyed clenched his fist, then loosened it again, after that clenched it tightly again, several times before saying, "You do not ask the reason, wait for the future wait for the future, I will find the right time, will inevitably say it to you, I will not let you have been unable to figure out."

"The Duke of State is hiding something from me?" Mrs. Duke of Qi tried.

"There was a thing, an old thing." Qi Justice.

"The matter of Miss Qu's birth mother?" Mrs. Duke Qi tried again, her eyes skeptical.

Qi Guo Gong inexplicably annoyed up, hand heavy fist on top of the table, smashed the tea cup on the table jumped a little, fortunately there is not much tea inside already.

"It's not what you think it is, that child is one of our juniors, an extremely close junior It's me who didn't take care of her They... are all good, it is me who is wrong." Qi Guo Gong's head lowered, both eyes closed tightly, there are tears sliding down from the bottom of the eyes.

Seeing this scene Mrs. Duke of Qi was shocked, so many years, she has never seen the Duke of Qi so sad, even when the eldest uncle's family was executed, after knowing the news, the Duke of State just went to the study alone, how sad, Mrs. Duke of Qi has not seen.

The current Qi Guo Gong was so out of shape that he actually shed tears in front of her.

This Qu fourth young lady in the end with the Duke of the country have what dry, and look at this, the main thing is the Qu fourth young lady's biological mother, that little Yue clan.

In fact, when she saw Xiao Yue's also very close, from time to time will invite her to sit, and the Qu House is also quite close, but then Xiao Yue's died in childbirth, the two houses have no contact.

Is it hard to believe that there's something else going on here that you don't know about?

"This is Mrs. Duke of Qi's thank you gift?" Qu Mo Ying asked as she looked towards this small, delicate and exquisite wigwam placed on the table, it was a wigwam decorated with agate, such as in terms of value of course, it was a few stores that were expensive, but in terms of rarity, it was still this agate wigwam that was rarer.

"Mrs. Duke of Qi asked Miss to be sure to accept this gift of thanks." Yu Dong was also taken aback, he also didn't expect Lady Duke of Qi's return gift to still be so precious, "Miss, what to do now, is the slave girl still going to make the trip?"

Qu Mo Ying shook his hand, "No need!"

Since Mrs. Qi Guo Gong sent out such a gift, and it is indeed a gift, not with the store as incestuous, she can no longer say that she refuses things, see later to find a loan will return another gift over is.

“Miss, the slave girl also heard that this is still what Mrs. Duke of Qi originally intended to give to Prefect Jingyu.” Yu Dong said.

The maid who sent her out was a talkative one, and was chattering with Yu Dong all the way, which made Yu Dong hear some unexpected news.

“Prepared for Prefect Jingyu?” Qu Mo Ying’s gaze fell on the onyx wigwam, Liu Jingyu became the future Crown Princess, as the grandmother of the Duke of Qi’s wife to send a thick gift, naturally it should be, such a thick gift is also worthy of Liu Jingyu, at the moment, but let himself cut off.

The corner of his lips silently hooked, this was something that Liu Jingyu was bound to know.

Before the Qingmei’s matter, Qu Mo Ying has already let people check, this Qingmei actually still from Qi Gongfu out, Qi Gongfu in the most hostile to their own, in addition to this Jingyu County Jun there is really no one else.

She knows, and it’s actually good

“Miss, Third Miss invites you over!” A granny was outside the house, reporting inside.

Qu Mo Ying slightly raised her eyes, coincidentally, she also has something to find Qu Qiuyan

Chapter 494 I Want to Borrow Someone from the Fourth Sister

Qu Mo Ying finally did not go over, only said that the body is not feeling well, since specially sent someone over, it is evident that there is really something, but I do not know whether this matter is important or unimportant, then try Qu Qiuyan’s attitude!

Sure enough, this Third Miss Qu came to the door herself!

“Third sister, please sit down!” The visitor is a guest, Qu Mo Ying said with a faint smile on her face, the maid served tea and retreated to the side.

Qu Qiuyan’s face was not very good, now even Yu’s were sent out, but let Qu Mo Ying sit here peacefully, as long as the thought of it, Qu Qiuyan’s heart hated gnashing of teeth.

“Does third sister have something to do?” After Qu Mo Ying took a sip of tea, she looked towards Qu Qiu Yan who had simultaneously put down her tea and opened the door.

“I want to borrow someone from fourth sister.” Qu Qiuyan said nonchalantly.

“Who?” Qu Mo Ying’s complexion was unchanged.

“Sister Yan!” Qu Qiuyan glanced at the onyx wigwam placed on the table by Qu Mo Ying, as soon as she entered the door, she was attracted by the wigwam, she had never seen an onyx wigwam of this size, the biggest one she had seen in the past was also a lot smaller than this one, but even if it was like this, it was still regarded as a precious treasure, so how much is the value of this wigwam in front of her?

The thought of it made him more and more jealous!

Suddenly, the idea was just an excuse, but if there was something good about it, wouldn’t it be a good thing to say, too?

So much so that even his breath caught in his throat.

“Third sister is looking for Sister Yan?” Qu Mo Ying asked in an unperturbed manner, as if she didn’t have too many surprises about Qu Qiu Yan wanting to look for Sister Yan, and was just casually asking a few questions.

"I want to send a gift to the palace's noble consort, I heard that the noble consort is going to have her birthday, and my father has such a meaning there, first send it to King Jing's residence, then ask His Highness King Jing to send it to the palace, just that all the people around me are too petty, I think that the only one who has seen the world is Sister Yan who is able to cope with this kind of spectacle."

Qu Qiuyan said.

"To have Sister Yan sent to King Jing's residence?" Qu Mo Ying understood.

"Yes, that's why I want Fourth Sister to do a favor and borrow Sister Yan." Qu Qiuyan cast a sidelong glance at Qu Mo Ying, since she had raised her father, she wasn't afraid that Qu Mo Ying would refuse, "It's just that I don't know if Fourth Sister can do such a favor."

"This matter I'm not really good at making decisions!" Qu Mo Ying said, "When Sister Yan comes back in a while, Third Sister should still ask her herself that is!"

Although Sister Yan is now on Qu Mo Ying's side and recognizes her as her master, the people of the Qu Mansion still think that she is a female official from the palace and is only temporarily teaching Qu Mo Ying, and it is actually normal for Qu Mo Ying to say this right now.

"Sister Yan is not here? Where did she go?" Qu Qiuyan asked as she looked around.

In the past, Sister Yan basically did not go out of the house, the only time she would not be there was when she had to go into the palace to visit Mrs. Qu. Coincidentally, Sister Yan went into the palace to visit Mrs. Qu today, and it was also because Qu Mo Ying had asked her to go to check on Mrs. Qu's body, whether it was good or bad, and Qu Mo Ying had originally booked to go into the palace tomorrow to take a look at it.

Although before, when Dowager Consort Qu said that she should be allowed to enter the palace, she brought Sister Yan into the palace to do just that.

Qu Mo Ying, however, can not really be so stomping on the face, after all, she is only a minister of the House of the young lady, into the palace also have to go through the process, can not be too special.

First, let Sister Yan go and ask, then propose the matter of coming to the palace to visit, and only if Dowager Consort Qu feels good about it, will Qu Mo Ying come to the palace.

Of course, if there were no special circumstances, Mrs. Qu naturally felt good.

“Sister Yan has gone to the palace.” Qu Mo Ying did not hide, in fact, there is no need to hide, Sister Yan in the past days has not been gone, Qu Qiu Yan also do not see over, today, the moment he is not here, Qu Qiu Yan has something to look for himself, if you say that there is nothing in this relationship, Qu Mo Ying really do not quite believe.

Qu Qiuyan had been in charge before, and would not know anything about the house, wanting to know when Sister Yan left was not a matter of a sentence, and why would she have to come to herself and ask before she knew.

Moreover, the relationship between the two subordinates, extremely poor, if it is not something that must be done, Qu Qiuyan will not be in their own refusal, but also deliberately go so a trip.

It was evident that this time, she was bound to find herself!

“Is fourth sister going to the palace tomorrow?” Qu Qiuyan asked obediently, her eyes swept another glance at the onyx wigwam on the table, she didn’t know where Qu Mo Ying got this item, which made the jealousy in the bottom of her heart a few more points deeper, why could Qu Mo Ying get this kind of good thing while she didn’t?

“Let’s see what the Dowager Consort means after Sister Yan returns.” Qu Mo Ying said indifferently, as if he didn’t see Qu Qiu Yan’s gaze that frequently fell on the wigwam, picking up the tea and taking another leisurely sip.

“Since Fourth Sister is going to enter the palace, Sister Yan should also be entering the palace tomorrow, so I’ll follow Fourth Sister into the palace with her, and then borrow Sister Yan to make a trip to Your Highness’ place to deliver the gift directly.” Qu Qiuyan rightfully said.

Qu Mo Ying gave her a deep look, “This thing I can t do it!”

"I know, I'll go find my grandmother about this in a moment." Qu Qiuyan said with a displeased face.

"Good!" Qu Mo Ying faintly said, and did not have the intention to talk more with her on this topic, Qu Qiu Yan can not be able to enter the palace, indeed, not she can make the decision, but if she went to the Dowager Countess to say, and there is a gift to He Guifei things, this thing is still very available for.

"This wigwam of Fourth Sister's is very nice, but I wonder where it came from?" With the intention of coming already settled, Qu Qiuyan's attention fell to the wigwam.

"It was sent over by Mrs. Duke Qi." Qu Mo Ying said without thinking.

"Specially sent this gift over?" Qu Qiuyan sucked in a breath of cold air, the jealousy that was originally in her heart almost stirred into venom, she felt that this gift should be given to her even more.

Qu Mo Ying in the Qi Gongfu nothing and no one, to the point that she is still injured, her arm is not good enough to be complete until now.

Qu Qiuyan thought that the Duke of Qi's House had given such a big gift to Qu Mo Ying because of what happened that day.

"It should be!" Qu Mo Ying said without thinking.

"Fourth sister, then I'll go see grandmother about going to the palace tomorrow!" Taking a deep breath, Qu Qiuyan suppressed the greed in her heart, it would be a small impatience.

"Good!" Qu Mo Ying nodded, as a way to show that he already knew, but had no intention of getting up to see him off.

Qu Qiuyan snorted coldly, and without any more nonsense, she turned around and left with her maid.

Yudong followed the usual practice and sent her to the courtyard gate, watching her leave before hastily turning back to return to the house.

“Miss, is Third Miss really here to find Sister Yan?” As soon as Yu Dong came back, he asked in surprise, Third Miss made such a trip just to specifically say this point, he felt that it was a bit too much emphasis.

Although Sister Yan is a female officer in the palace, asking her to do something has to go through her consent, but there is no need to make a special trip, too much of a deliberate, but make people suspicious.

“It should be.” Qu Mo Ying nodded, his eyes pale and cold.

“Is it because you know we’re going to the palace tomorrow and purposely transferred Sister Yan away?” Yu Dong thought of another possibility and his face changed drastically.

Sister Yan went out today to go to the palace, so it was very likely that her own young lady would go to the palace tomorrow.

It’s easy enough to guess.

“Take a look first!” Qu Mo Ying shook his hand, stopping Yu Dong’s words, only reminding, “Have someone keep an eye on Third Miss and those around her, especially if there are any people sent out, and pay attention outside the mansion as well.”

“Slave girl understands!” Yu Dong understood.

Qu Qiuyan went to the Dowager Lady’s courtyard.

As soon as he entered the door, he first bowed to the dowager lady, and then looked at her with slightly red eyes.

Recently one thing after another, Qu Qiuyan himself has suffered a lot, this will describe a lot of gaunt, looking at the whole person with a sick face, not much spirit.

“Sit down first, how is your body?” Although the dowager lady was not satisfied with her, but seeing her like this, she still let her sit down first to reply.

Qu Qiuyan sat down and na na na said, “Grandmother

Before she finished speaking, tears fell down, hastily turned sideways to cover up, helplessly she acted a little too fast, pulling the injured part of her arm, pain she subconsciously yelped.

Qing Ju hurriedly went forward to help her hold her arm and said with concern, “Miss, how are you, are you okay?”

“I am fine!” Qu Qiuyan’s face turned whiter and whiter, looking almost about to faint in general.

“How come after all this time, it’s still not all healed?” The dowager lady frowned and asked.

“Grandmother, it may be that I have a bad skin texture and it is not too easy to close the mouth.” Qu Qiuyan frowned and said with difficulty, her eyes were slightly red, looking aggrieved and pitiful, but she seemed to be hiding something.

The eyes of Qing Ju who followed her also reddened, her head lowered and she took a handkerchief to wipe the corners of her eyes.

“Not easy to close? Until now has not closed the mouth?” The dowager lady’s frown deeper and deeper wrinkles, not good all can be understood, but this is not receiving mouth what is going on, it is hard not to be a few days have passed, has not been properly closed, she thought it was the meaning of the doctor, and said, “see the doctor is not good to change one.”

“Mrs. Tai, it’s not the doctor, it’s” Qing Ju opened her mouth to subconsciously explain.

“Qing Ju, don’t talk nonsense!” Qu Qiuyan hastily reprimanded.

Qing Ju lowered her head again, no longer daring to speak, only a few tears in the corners of her eyes, just like her master, pitiful and aggrieved.

How could Mrs. Tai not ask further with this look, “Yan girl, is there something in here that I don’t know about?”

The dowager’s face went cold.

“Grandmother, no, really nothing happened, I I just have a bad skin texture, not too easy to conjugate, have seen a few doctors, all say so say so!” Qu Qiuyan hurriedly shook his head, but this is the look of lust for words, the dowager lady will not be able to see.

Seeing her concealment again and again, the dowager lady also had anger in her heart, her hand heavily clapped, and said sternly: “If you don’t take me as a grandmother, don’t say anything, and go back to rest as early as possible!”

Only after finishing a sentence of heavy words, Qing Ju “flopped” and knelt down, “Mrs. Tai, pleasepleasepleaseyou! you decide for our young lady!”

Chapter 495 Ching and Cheap

“Qing Ju, don’t talk nonsense!” Qu Qiuyan said sharply, seemingly anxious to reach out and stop it, but helplessly she reached out with her injured hand, the pain caused her to let out another low cry, her hand reached out and froze there, she didn’t dare to move a muscle.

“You say!” The dowager lady’s face grew more and more ugly.

“Mrs. Tai, our young lady doesn’t have good herbs, the medicines prescribed by the doctor are all good, but the medicine powder that goes to the outside pharmacy to be dispensed is average, and the young lady’s skin quality is not the kind that’s particularly good, and one way or another, it’s been delayed down the line.” Qing Ju cried.

“There are no medicinal herbs in the mansion that Yan Yatou needs either?” The dowager lady’s breath caught and she asked after a moment’s pause.

Generally the mansion will have more or less good medicinal herbs on hand, and sometimes when you are really sick and need better medicinal herbs, you can’t just find them if you want to.

When you see a good one in normal times, you will prepare it first and put it away in your house, as is often the case with the families in the capital.

Especially when there were still old people in the house, they would store more good herbs for emergencies.

“The Mansion Mansion” Qing Ju looked at Qu Qiuyan in a difficult way, Qu Qiuyan’s hand slowly retracted, this will be painful and sweaty, but also do not have the energy to reprimand her, vaguely, said. “There are naturally some in the mansion, but Miss said that Miss said that she would not look for them in the mansion, and just go outside to find some.”

Although this is said vaguely, the dowager lady naturally understands, Qu Qiuyan this time is also considered to have made a big mistake, this is not dare to trouble the House of the meaning.

“Confused!” The dowager lady reprimanded, “This is the time when it is better to get well earlier.”

Turning her head, she instructed Grandma Wu, “Take Qing Ju to find out if there are any herbs that are needed!”

Grandma Wu hurriedly nodded her head and pulled Qing Ju, who was kneeling on the ground, up, and led her to look for medicines in the dowager lady’s storehouse; the one with the largest collection of medicinal herbs in the mansion was naturally the dowager lady’s place.

Mrs. past body is not good, the doctor opened the medicine, some herbs, is directly in the House pick with.

The dowager lady also let people take Qu Qiuyan into the house, took a look at her injuries, the party's action is too big, indeed pulled open some, but the good thing is that it is not pulled open much, and there is no blood, basically has been considered a knot.

To be a pass busy finished, my grandmother also led the green chrysanthemum back, coincidentally, most of the medicinal herbs actually have, a small portion of the no is not far off, the dowager lady look at the Qu Qiuyan this way, simply let the people need to take the good medicinal herbs out of the house, and then go to the drugstore to match some of the no, and then let the pharmacy fellows, the medicinal herbs are rolled into powder.

Qu Qiuyan is scalded, scarred wounds with medication, preferably powder, rolling the more crushed the easier to make the wound well.

"Many thanks, grandmother!" Qu Qiuyan here had also finished cleaning up and was touched to hear that the Dowager Lady had sent someone out to do this.

"Just be nicer yourself in the future, don't cause any more trouble!" Seeing that her face was pale, yet she still performed her salute in a disciplined manner, the dowager lady's face looked a few points better.

"I know!" Qu Qiuyan said with tears in her eyes, "Grandmother, fourth sister said that she is going to go to the palace tomorrow, can I also go to the palace, Your Highness is going to have her birthday, His Royal Highness King said that he won't make a big deal out of it, but I have to send some gifts, tomorrow I want to bother Sister Yan to help me to send a gift to Your Highness, how do you think about it?"

Qu Qiuyan was now considered King Jing's person, and at least the Emperor's side was considered to have passed the bright side.

He Guifei birthday, she really should also send gifts, and this is still the first time to send gifts, this gift can not be thin, after all, after all, Qu Qiuyan is to enter the King's House.

The dowager lady mused for a moment, trying to think of anything in the treasury that she could get her hands on.

"It's fine for you to follow your fourth sister to the palace tomorrow, but don't cause any more trouble, otherwise even His Highness King Jing may not be able to protect you, it's the palace, not your own residence, nor is it the Duke of Qi's residence." The dowager lady knocked Qu Qioyan while still thinking about the gift.

"Yes, grandmother, I know, I won't." Qu Qiuyan hastily collected the hateful venom in her heart and nodded her head in response.

See her well-behaved look, the dowager lady a little bit of peace, and then again concerned about the gift of things, this time to send gifts, but also Qu Qiuyan first time in front of He Guifei face, always can not be too shabby is!

"Yan girl, what are you going to send?" Mrs. Tai asked.

"I don't know, I see that I have a piece of jade pendant there that my grandmother rewarded before, I want to send it to the palace, I don't know what my grandmother thinks?"

Qu Qiuyan thought for a moment.

In fact, her original gift was not only this one, so this one is not only small but also shabby, Mrs. Tai will definitely feel inappropriate.

Even if she was doing a play, she had to do the whole thing.

"A jade pendant? No, it's too little, and it's of average value, not a rare item!" Sure enough the dowager lady shook her head in the negative.

"Then before father rewarded me with a jade ruyi?" Qu Qiuyan added.

"And no!" Mrs. Tai gave another direct veto, "Don't you have anything precious and rare there?"

Qu Qiuyan thought carefully, bit her lip, and shook her head, "Grandmother, I really can't think of it, before you know, mother there was originally also some, but then all returned to the fourth sister."

Qu Qiuyan's head lowered as she spoke.

These words reminded the dowager lady, Yu's hands did save a lot before, but after that they were all returned, Qu Qiuyan's hands may not have much good stuff left.

There is nothing good here in our own home? Mrs. Tai was silent, thinking about it, the gift to be given to He Guifei, how should also be unusual.

It's not that the Qu Mansion doesn't have anything to give away, it's just that some things aren't quite suitable to give to Your Highness, and it won't do to just have value, it also has to be pleasing to this Your Highness and make her feel rare!

Qing Ju stood behind Qu Qiu Yan, a look of desire to speak falling into the eyes of the Dowager Lady.

"Did you think of something?" The dowager lady said to Qing Ju.

"Mrs. Tai slave girl just saw at the fourth miss," Qing Ju hurriedly came out to salute and answer.

Qu Qiuyan looked up suddenly and drew back, "Qing Ju, don't talk nonsense!"

"Yes!" Qing Ju shut her mouth in aggravation.

Seeing that her master and servant acted in such a way, there must be something to hide, the dowager lady unhappily said, "If there's anything, just say it, don't hide it, and then you can't help but cause other things to happen."

With these words, Qu Qiuyan didn't dare to reprimand Qing Ju anymore.

"Tell me, what exactly did you see at the Fourth Miss?" The dowager lady lifted her chin and continued to ask.

"Just now, the slave girl accompanied the Third Miss to the Shallow Moon Residence and saw an onyx wigwam on the Fourth Miss's desk, it's very beautiful, if we use this to give it to Your Highness, it will surely be extremely appropriate."

"An onyx wigwam?" The dowager lady said in surprise.

"Yes, it's a wigwam piled up with onyx, it's beautiful, the slave girl has never seen such a beautiful one." Qing Ju adored it.

"Is it really that outstanding?" The dowager lady turned to Qu Qiuyan.

Qu Qiuyan nodded, "It is indeed very good, but this is the fourth sister's"

"Sister Wu, go to the Fourth Miss and bring the wigwam here, and if it is really good, let the Fourth Miss go to my treasury and pick one she likes and change it over." The dowager lady instructed Grandma Wu.

Good or bad, always have to she has seen is, to the palace to send the gift, can not have the slightest negligence.

My grandmother went to a trip, came back very quickly, brought back the agate wigwam on the table, the dowager lady looked and nodded her head, is indeed an unparalleled fine, she lived so big, has not seen this size of agate wigwam, very colorful, but also very able to support the scene, is indeed a good thing to give a gift.

"Have Shadow Maiden come to me to pick out two good ones when she's free." After seeing the value of the wigwam, the dowager lady instructed Grandma Wu with satisfaction.

Such a good thing, the value alone is not something that can be offset by one piece, the dowager lady felt that she could not let her granddaughter suffer either!

In fact, this is the main thing is still rare, and this color is the woman's favorite object, may be the Yue Jinge new get it! Mrs. Tai thought so!

Although Yue Jin Ge bought some women's ornaments, but occasionally there are a few pieces of jewelry ornaments, the one under the eyes looks excellent, is the top quality.

Even the noble consort in the palace has nothing to pick from!

"Mrs. Taifu rest assured, the old slave took a look at this wigwam, I know suitable, after that, I told the fourth young lady that if you are free, come to Mrs. Taifu here to pick the gift, the fourth young lady said that there is no obstacle."

My Sister said with a smile.

"That's good!" Mrs. Tai is also very satisfied, the little granddaughter did not say anything, should also agree, she will not call the little granddaughter suffered is, if the choice is not good, but also let the little granddaughter to choose a few more pieces.

Mrs. here satisfied, Qu Qiuyan also full of satisfaction, this is the original did not think of the unexpected joy, actually can get such a good thing, will certainly be able to please the Queen Consort's favorite.

Qu Mo Ying only got such a gift, and had to take it out and send it to her hand, thinking of this, Qu Qiu Yan was very pleased, this time, she not only wants Qu Mo Ying's things, but also wants Qu Mo Ying's whole person to be destroyed in the palace.

What is going on right now is just a play, but the play has to be done in full, just so that you can get out of things, after the fact.

After accompanying the dowager lady to talk for a while longer, Qu Mo Ying left, and the dowager lady asked Grandma Wu to put the wigwam into a gift box and sent it to Qu Qiu Yan, so that she could send it to Noble Consort He's palace when she enters the palace tomorrow.

When Sister Yan came back, she first returned to Qu Mo Ying, then went to Qu Qiu Yan's place, and didn't refuse to help Qu Qiu Yan with the gift, only saying that she would send it over tomorrow when she went to the palace.

Qu Qiuyan asked again, the palace Qu Taifei's body, heard that Qu Taifei's body has been much better, and expressed reassurance.

Sister Yan and Qu Qiuyan said a few words, then to have something to be busy hurriedly left, she here before the foot left, Qu Qiuyan side of the green chrysanthemum went out the back door, said to go to the third miss to buy some candied fruit to eat eat, recently has been drinking medicine, before the preparation of candied fruit has been gone!

The granny guarding the door of course got out of the way without saying a word

Chapter 496 A Little Bit of Work, Going to the Palace

"Miss, Qing Ju first went to the flower and bird market, and didn't buy anything, just strolled around, looked at a few pots of flowers, and also asked the price with people casually, after that went to a pharmacy, bought a lot of medicinal herbs, said it was for the third young lady, quite a lot, and a few other things to let the fellows rolled over, and finally went to a preserves store, and bought some of the preserves that the third young lady likes to eat!"

When Yu Dong came in to report, the sky was already late, Qu Mo Ying sat under the lamp tuning the strings in his hands, ticking off a few tones before marking them down when he felt good, and then continued to try out the tones.

"Which ones are the medicines that you let the fellows roll over, do you know?" Hands falling down on the strings of the zither, Qu Mo Ying took the handkerchief handed over by Yu Chun, wiped his white and slender fingers, and asked slowly and methodically.

At this time, when Qing Ju went out, of course she wouldn't really just go to buy preserves.

All things considered, the candied fruit was the last thing to go, so it was evident that there was no hurry, and Qu Mo Ying's focus was on the medicinal herbs above.

“Miss don’t worry, when the slave girl sent people out, she had them keep a very close eye on them, and those few herbs that were crushed, were also recorded.” Yu Dong smilingly took out a piece of paper from her sleeve and handed it to Qu Mo Ying.

Asking for all the herbs was a bit inconvenient and would attract attention, but asking for just those few tumbled ones was still easy, after all, it took time to tumble.

Intact herbs and crushed herbs, in Yu Dong’s opinion, how the crushed ones look is the point.

Qu Mo Ying took Yu Dong’s paper and looked at the several herbs on it, it was really several medicines for burns, made into powder, also for better treatment.

But there was one medicine that was a bit unusual.

Qu Mo Ying knows clearly, this medicine should not be much good for burns, of course, there is no harm, not good, not bad, Qu Qiuyan also deliberately go to grab this medicine to?

Long eyelashes flickered twice, watery eyes slightly raised, pondering, she did not understand why Qu Qiuyan grabbed this medicine, this medicine is not like the medicine prescribed by the doctor to treat burns.

Even if the flavor had some effect, that effect was almost nonexistent.

If it is other people, inevitably also can not see the good and bad of this flavor of medicine, only feel that it is impossible to say that there is not too much knowledge of the medicinal properties of the doctor, to the Qu Qiuyan opened this flavor of medicine, but the Qu Mo Ying knows that this flavor there is a hidden characteristics, is not to see blood, if the wound sees blood, this medicine is applied, it is not the general effect

Her face couldn’t help but sink cold, a hint of sternness flashed in the bottom of her eyes, she could be sure that in all probability, this medicine was the one she was looking for.

Just seeing blood?

On what basis would Qu Qiuyan conclude that she would be injured and see blood after entering the palace?

“Miss, is there a problem with the medicine?” Seeing Qu Mo Ying’s silence, Yu Dong also saw some meaning and asked hurriedly.

Qu Mo Ying nodded, “There are some problems!”

There were still some doubts she hadn’t figured out, and she couldn’t explain it clearly for a while, and thought about Yu Dong’s previous words before asking, “The first thing Qing Ju went to was the flower and bird market? Where is the flower and bird market?”

“It’s the biggest flower and bird market in the capital, there are the most flowers and birds there, many people go there to purchase flowers and birds, as if our mansion also goes there.” Yu Dong thought about it and said.

The capital’s flower and bird market quite a lot, but the most famous is not far outside the inner city of the capital that one, heard with the palace also has some relations.

What exactly, Raindon couldn’t say.

Qu Mo Ying fell silent, speechless for a moment, and it was only after a good half a second that he commanded, “Tomorrow, be more careful!”

“Miss, since it’s dangerous, you’ll be sick and not go.” Yu Dong suggested.

Qu Mo Ying shook her head and firmly said, “No need! There are some things that can’t be avoided by hiding.”

There was one sentence that she didn't say, and she didn't intend to hide, Qu Qiuyan counted on herself, and it looked like there was still a well thought out plan, then the matter of her coming over to ask for Sister Yan's help today was very much worthy of making people suspicious.

Is this an attempt to move Sister Yan away from herself?

The corners of her lips silently hooked, Qu Qiuyan thought that she only had Sister Yan by her side who could hold up in the palace, so she transferred Sister Yan away.

Seeing her own young lady's insistence, Yu Dong helplessly said, "Young lady, then you have to be more careful tomorrow, the third young lady is bound to be up to no good!"

Qu Mo Ying nodded, tomorrow, she was going to be very careful with her response!

Some things can not be careless, a careless, is the whole overthrow, reborn, she has been careful step by step, even if the whole grip in the palm of the hand, but also very uncertain.

In her last life, she thought she was ten times happier, but what happened in the end?

A glint of gloom flashed under her eyes, and she closed them slightly, then closed them again, and they were clear again; she would not, and dared not, be imprudent.

Seeing Qu Mo Ying nod her head, Yu Dong only slightly relaxed her heart and added: "Miss, today's onyx wigwam, why did you give it up to the third miss?"

Speaking of this, Yu Dong is full of annoyance, the third young lady only saw the departure soon, the dowager lady let my mama come to fetch it, if you say that this matter has nothing to do with the third young lady, Yu Dong will not believe it in any way.

"Since she wants it, then give it to her!" Qu Mo Ying raised his head, and the corners of his shallow lips ticked silently, hiding a trace of discomfort in his heart.

Qu Qiuyan is on the one hand, Qi Gongfu is on the other hand, inexplicably, she does not want Qi Gongfu to send over this gift.

Since someone had taken a fancy to it, she was more than willing to give it away, but the quality wouldn't necessarily make Noble Consort He love it much, and there was a big chance that it would just be rewarded out.

Wasn't it originally Jingyu's?

Of course she will not be cheap Qu Qiuyan, coveted her, ultimately have to take out

Early the next morning, Qu Mo Ying was woken up by Yu Chun, and after dressing up, she went to the courtyard of the Dowager Lady, who was also up early.

She had also prepared some gifts for Dowager Consort Qu there, and also had Qu Mo Ying and Qu Qiu Yan bring them into the palace together.

When Qu Mo Ying came over, Qu Qiu Yan was actually already there, seeing Qu Mo Ying come over, the two met with a salute as usual, although it was said that they were both pale, but at least it didn't look like there was any major problem.

The dowager lady looked at them, sighed helplessly, and had breakfast set up.

Qu Mo Ying and Qu Qiu Yan both came over without using them, and the two of them used them slightly at the Dowager Lady's place, after which they got on the carriage waiting at the entrance.

On the preparation of a carriage, the two young ladies with two maids and a Yan Sister, on the wide carriage, the coachman raised the whip, and went to the center of the palace road, and so on the turn on the palace road, can be directly in front of the palace gates.

In the carriage Qu Qiuyan frowned, looking a bit uncomfortable, Qing Ju hurriedly said with concern, "Miss, is it somewhere uncomfortable?"

"It's okay!" Qu Qiuyan's brows were still furrowed.

"Is the wound cracked? Miss, do you want to put on some more medicinal powder?" Qing Ju said while pulling out the medicine bag from her sleeve, "This is what Mrs. Tai had someone prepare, it's better than what Miss used before, would it be okay if the slave girl put some more on for you?"

"No need, it's not cracked, it's just that I accidentally stretched my hand a bit faster, it's not harmful!" Qu Qiuyan shook her head.

Seeing her like this, Qing Ju didn't persuade her any further, and placed the medicine bag she had just pulled out into her sleeve.

The two masters and servants didn't speak too loudly, and when they finished, they looked at Qu Mo Ying on the opposite side of the room, but saw that she had closed her eyes and was recuperating, paying no attention to the movements on their side.

However, the relationship between the two subordinates was like this, and it was fine for Qu Mo Ying to have no voice.

Qu Qiuyan's side also lost her voice, her eyes also closed up, and Qu Mo Ying's general closed eyes, but it was the two maids, you look at me, I look at you, and finally each of them twisted their heads away.

If the master is not at peace, the maids will not be at peace either!

The carriage was spacious and not crowded even though it was seated with quite a few people.

Finally the carriage stopped at the palace gates, Qing Ju and Yu Dong jumped out of the carriage first, and Sister Yan followed, first going to the palace gates to report to the guards.

The two maids helped their respective young ladies out of the carriage, then fetched the prepared gift boxes and followed behind.

The gatekeeper has been notified by the palace, and knows that this is the two young ladies of the House of Qu, who came to the palace to visit Mrs. Qu, and didn't make things difficult, letting them into the palace.

Walking through the long palace road from the outer palace gate, he reached the inner palace gate, and the two chamberlains guarding the inner palace gate also released the line.

There were two palace sedan chairs waiting there, two people got into the palace sedan chair, the chamberlain lifted up the sedan chair and traveled inside.

Although the road took quite a bit of time to travel, he didn't meet anyone, and went all the way straight to Mrs. Qu's palace!

As they entered the palace, the news reached the ears of those who were interested

The cat is fat, but very cute, a snow-white long hair combed very smooth, a pair of treasure blue big eyes, almost can put a person's heart to see adorable, any who see, will not be able to resist want to hug.

Such a fat cat, who still seemed to have a good temper and never scratched anyone, would lazily turn out from behind a bunch of flower bushes, rolling its big baby blue eyes to look at the group of people coming across the street.

Usually cuddles quite a bit and isn't afraid to see people coming! I don't think anyone will hurt it either!

Just the next moment, the cat's eyes alerted, his body slightly bowed, took a step back, alertly looking towards the one who came over first, the flashing purple brocade robes above the dark purple iris made the cat panicked, subconsciously took another step back.

Pei Yuanjun lazily looked at the cat, a hint of coldness flashing in his eyes before his feet marched forward without stopping.

One of the guards following him came out from behind him, and came over to the cat's side with a quick step, the cat took a bad look, and turned his head to run, only without running a few steps, he was grabbed by the guards who caught up to him, and then flung out to the side with a hard thud.

There was a modest pool of water at that spot, and the cat landed right in it, flopping around in a dead faint, screaming.

After the guards threw the cat out, turned around and chased after his own master's back, striding away, his own master is most unable to see this cat, every time he sees it, he will not stay his hand, even if he knows that this is the palace's most favored noble consort's beloved cat so what!

A courtesan swooped down from the shore to the pond and managed to save the cat from the water.

The cat was also panicked, changing its docile nature, very fierce to the courtesan body to scratch, not only above the clothes, even the hands, the face were viciously scratched a few cuts.

Even if it hurts again, the courtesan did not dare to let go, hands and feet in a mess while reaching out to soothe the cat, if you really let the cat die here, the Queen Consort is not stripped of her own skin.....

Chapter 497 Who's scheming, the cat that's been carried away

"What's wrong with this cat?" The woman who was high above, her face was gentle, just now there were a few points of dislike sitting on it, and did not let the palace maid carry the cat over, nor did she hold the cat and caress it as she did in the past, at this moment, it even made people feel that she didn't like the cat in front of her at all.

It's not just that he won't reach out, there's a hint of disgust.

Yes, intense disgust, but only for a moment, and the next moment, softening.

This is the harem of the He Guifei of so many years of favor, in addition to the Empress Dowager, this one can be called the first person in the harem of the favored concubines, not to mention the other palace concubines in the harem, and even the Empress Dowager on her, sometimes also had to avoid.

It was also because of her existence that King Jing had a fight with Pei Luoan who had already settled for the crown prince position.

It could be said that this one resisted half of King Jing's side's power, and in that respect, it was a bit more influential than the Empress Dowager.

Her appearance looks but more than thirty, although in some age, but more and more people feel soft, a word and action without a woman's soft Wan, treating people is also very gentle, beautiful and outstanding, the harem of countless beauties, in this countless beauties, even if she is old, but is still one of the most outstanding a few.

"Your Highness, just now ... just now met His Royal Highness the Utilitarian County King ..." The palace maid was all in a sorry state shivering and shivering, her face was also scratched by the cat, this time also did not dare to rub, her eyes pleadingly Look to He Guifei, full of begging.

"Actually can't even watch a cat, what use do I need you for!" Noble Consort He faintly said, collecting the disgust in her eyes, her voice soft and gentle.

The palace maid kneeling below, however, shivered into a ball and her entire body went limp, "Your Highness, spare your life, Your Highness, spare your life!"

"I would also like to spare you, just that this cat ... has been harmed by you into this state, and how can I spare you!" He Noble Consort's face revealed a hint of a mocking smile and waved her hand.

Two rough-hewn sisters came over, stepped forward and pulled the courtesan down one on each side.

The courtesan wailed and cried, but did not dare to struggle, and was pulled down amidst the pleas.

The voice faded away.

One by one, the palace people standing on either side lowered their heads, not daring to move a muscle, this kind of thing happened every time they encountered a cat out of the bag.

This has been the disposal of an unknown number of courtiers in the palace.

People in He Guifei's palace know that this cat is not only valued by Lady Guifei, but also the most valued by the Emperor, who wants to look at it every time he comes over, and sometimes for a while longer.

This is why the soft-looking Empress Dowager was so distressed when she saw something happen to the cats, and punished those who did not take care of them.

Any accidental injury would punish the palace staff, let alone the cat being so frightened today.

Everyone in the palace understood what would happen to this courtesan, but there wouldn't be anyone who wasn't open-minded enough to actually plead for mercy.

"Your Highness, this cat is frightened, why don't I carry it out for a while?" Sitting on He Guifei's left hand side, there was also a young beauty, if this would be Qu Qiuyan's presence, she would surely recognize this as the Li Beauty who met her earlier.

Noble Consort He didn't answer right away, waving her hand, a Sister came over and carefully brought the cat down to be re-groomed.

"You're going to carry the cat for a walk?" Noble Consort He looked to one side at Beauty Li, smiled slightly, and asked gently, "It was frightened just now, and if it gets frightened again in a while, it will stretch out its claws!"

The cat's claws were long, but He Guifei never thought to cut them.

"Don't worry, Your Highness, I will be careful, I won't let it get scared again, take it out for a spin, it was really hard for it just now." Beauty Li smiled and answered.

She would go to He Guifei's place in the past days, and occasionally had the chance to hug this cat, and felt that this cat was very gentle, of course there were palace people privately when she hugged,

carefully reminded her that this cat looked gentle, if it was startled, the claws would light up and scratch, and it needed to be more careful.

Only, the cat was the purpose of her visit today.

Now that the cat is in shock that's even better!

She had already been scared once, and if she was scared again, the reaction was bound to be even more violent, and that would be a real surprise, and she couldn't be blamed for that, could she!

The cat is Noble Consort He's, and if something goes wrong, it can't be blamed on Noble Consort He's head, and it certainly can't be blamed on her own head.

"Why is it so early today that you're in the mood to hold a cat and go out for a stroll?" Noble Consort He smiled faintly, not saying that she agreed or disagreed, but just cast a sidelong glance at Beauty Li and asked.

It was rare that Beauty Li came over early this morning to chat with her, it was rare to see Beauty Li come so early at this time of the day in the past.

"Remembering some old events, I couldn't sleep for a while, so I purposely came here a little earlier, I don't know if I disturbed Your Highness." Beauty Li sighed, her brows knotted.

She entered the palace a long time later than He Guifei, after entering the palace, although occasionally also be flipped, but compared to He Guifei is completely incomparable, homesickness is also normal.

Women in the palace, lonely, naturally, is more lonely than the palace flowers.

"Be careful when you go out in a while, the cat is frightened, it needs to be soothed properly, originally I wanted to pacify it here, since Beauty Li has the intention to take it out, then when it's cleaned up, Beauty Li will carry it away that is!"

He Guifei is very good to talk, also did not because Li Meiren, just a small beauty and belittle her, than in the overbearing Empress Dowager, here in the palace of the little master is more willing to go to He Guifei, this is also Li Meiren and He Guifei especially close to the reason.

“Many thanks, Your Highness, don’t worry, I’ll be careful!” Li Meiren stood up with a smile on her face and gave a sideways salute to Noble Consort He.

“Sit down and talk, why be polite!” Noble Consort He laughed, and after inviting Beauty Li to sit down, she made a point of reminding her that cats are frightened and can scratch, so she should be especially careful.

This was repeatedly urged, and Beauty Li smiled and responded repeatedly.

By this time, the cat had been re-groomed and dried, and although it wasn’t completely fluffed, it should be all dry in just a few more moments.

Li Mei Ren carefully from the hands of the palace people, holding the cat over, reached out and gently touched in her hand, the cat issued a purring sound, eyes also narrowed up, very comfortable look.

In the past days, Li Mei people also often come over to hug, but there is no point of not familiar with this, was sent to Li Mei people’s arms are not shocked, and peaceful very much.

“Your Highness, then I’ll go out for a walk and come back later!” Beauty Li picked up the cat and bowed to Noble Consort He.

“Good, be careful!” Noble Consort He admonished with a smile.

“Your Highness don’t worry!” Beauty Li answered, then retreated with her people, feeling pleased in her heart, sure enough, this cat came easy.

Watching Li Beauty leave, He Guifei’s lips wordlessly hooked, revealing a hint of a smile, her gaze falling on Li Beauty’s back, meaning unknown ...

He Guifei did not say anything, the palace people on both sides of the lowered their heads one by one, did not dare to speak ...

Qu Mo Ying and Qu Qiu Yan arrived at the palace gate of the Qu Tai Fei, there was already a big palace maid by the side of the Qu Tai Fei, Hanyu, waiting in front of the door, saw them out of the sedan chair and went up to welcome them with a smile, "Meet the two young ladies!"

Qu Qiuyan and Qu Mo Ying hurriedly returned the salute, for the Grand Palace Maiden beside Dowager Consort Qu, the two of them wouldn't dare to treat her slowly.

It was just that in the past, the ones who came to welcome were ordinary palace people, today, how could it be a big palace maid beside Mrs. Qu, the two were quite surprised.

"The Imperial Concubine has already had people look at it many times, and has not been able to see the two young ladies, just now she wanted to send someone out again, and it just so happens that the slave girl has nothing to do, so she purposely begged for this errand to come out and take a look at it."

Hanyu smiled and explained.

So it was like this, the two people looked at each other and said a few words of politeness to Hanyu again, then followed behind Hanyu and entered the hall together.

In the main hall, Mrs. Qu was already waiting early, her spirit was already much better compared to before, looking like although she was still a bit sickly, it wasn't a very serious look.

When he saw them come in, a smile immediately appeared on his face, and after the two of them had saluted, he hurriedly allowed them to take their seats.

Life in the palace was originally lonely, not to mention that an old dowager consort like her, who was old and childless, liked it best when her juniors came to see her.

The two people sat beside Dowager Consort Qu on the left and right, and the palace people brought tea and snacks.

"Has the matter with King Jing been finalized?" This time, Tai Consort Qu did not ask Qu Mo Ying first and turned to Qu Qiuyan on the side.

Qu Qiuyan's head lowered, her face slightly red with shyness, "It's already settled!"

"Just a concubine consort?" Crown Princess Qu frowned, this result made her dislike it.

Qu Qiuyan's head lowered and nodded again, the blush on her face receding slightly, "Father and His Highness King Jing agreed on this!"

It was said with a touch of bitterness and looked resigned.

"Your father is confused, is your grandmother also so confused? With your status, even if you can't be King Jing's main consort, it's still more than enough to be a side consort, how could you ..." Mrs. Qu's brows furrowed, very unhappy.

This thing happened too fast, even if she wanted to turn around it was already too late, just for Qu Qiuyan feel pity.

She doesn't have many relatives now, she just treats the few of the Qu Mansion as her juniors, which is also the reason why she truly loves them, so there are a few points in this statement that blame Mrs. Qu.

Qu Mo Ying gently pursed her lips, her watery eyes looked coldly at Qu Qiu Yan underneath the veil of her eyes, how exactly this matter is, she and Qu Qiu Yan are the most aware of it.

If Qu Qiuyan persisted in talking about this matter and caused the Dowager Empress to be displeased with her grandmother, then don't blame her for tearing Qu Qiuyan's façade off.

Aggrieved?

Qu Qiuyan is not aggrieved at all in this matter, it is entirely her own doing, no one to blame!

Qu Qiuyan took a handkerchief and gently wiped it at the corner of her eyes, wiping away the tear tracks that were not there originally, wiping her eyes red, looking as if she had really cried, with a hint of a forced smile on her face, "Your Highness, this is a bit of a misadventure, and there is no way that grandmother and father can do anything about it! Right now ... it can only be so!"

"This child of yours ...," Crown Princess Qu was also extremely helpless and sighed.

"Your Highness, Noble Consort He will soon be celebrating her birthday, grandmother asked me to specially bring a gift over, in a moment, please trouble Sister Yan to help me send it over, is that alright?" Seeing that the timing was rare, Qu Qiuyan hurriedly said.

Chapter 498 Quarreling, Meeting

"You're going to give a gift to Noble Consort He?" Crown Princess Qu asked in surprise.

But to be able to ask, but also feel reasonable, after all, Qu Qiuyan's current status, but also really want to send gifts, although now not into the King's House, but this name is also considered to be fixed.

"What is the gift to be given?" To go with the flow.

"Aunt Dowager Consort help us palm our eyes!" Qu Qiuyan said, clapping her hands, and Qing Ju, who was following her, hurriedly stepped forward, presenting the gift box carefully held in her hands to Dowager Consort Qu and opening it.

Seeing the onyx wigwam placed inside, Mrs. Qu's eyes lit up and she nodded her head repeatedly, "Good, it's a nice masterpiece, really good!"

Even if she had seen a lot of treasures in the palace, she couldn't help but praise it at this time, thinking that this gift was well chosen, and it was indeed a rare treasure, giving it to Noble Consort He was definitely something to hold.

This palace favorite, sometimes not the most valuable, but it has to be the most rare, the less the better, the more have not seen the better.

Doesn't the so-called value come through!

Right now this ritual Qu Tai Fei thought it was very appropriate.

"Then I'll trouble Sister Yan in a moment!" Qu Qiuyan softly said.

Qu Tai Consort nodded her head, after these words were said naturally turned to Qu Mo Ying, for Qu Mo Ying, Empress Dowager was obviously more fond of her, purposely asking with concern about some of the small things about Qu Mo Ying's daily life.

Although the matter was small, the meaning of concern revealed within this questioning made Qu Qiuyan cynical on the side, squeezing the handkerchief hard to make the smile on her face to be able to keep it completely.

When this time passes, Qu Mo Ying will be ruined, no longer possible to have the opportunity to block their own wind color, they are the most honored first daughter of the House of Qu, Qu Mo Ying that bitch girl, what does it count!

What Qu Tai Fei asked, Qu Mo Ying all softly answered, between one question and one answer, coaxed Qu Tai Fei is also happy, but Qu Tai Fei's body is not yet well enough, after talking for a while, her body is a little tired.

"Your Highness, you rest a little, let the two Miss Qu also go outside to walk around and relax, it's rare to come into the palace once, you always have to enjoy the scenery!" Hanyu looked at the tiredness on the face of Dowager Consort Qu, smilingly stepped forward and proposed.

"Good, also indeed let them take a good walk, this time also don't be inside my palace, go outside in the garden to take a walk!" Mrs. Qu laughed.

Seeing that Mrs. Qu was truly tired, the two of them of course agreed.

The palace staff helped Dowager Consort Qu in to rest, and the two of them, Qu Mo Ying and Qu Qiu Yan, went out of the main hall's door together.

"Thank you, Sister Yan!" Qu Qiuyan had always been polite to Sister Yan and smiled as she asked Qing Ju to present the gift.

Sister Yan took it and nodded, "Don't worry, Third Miss, the old slave will go and come!"

"Many thanks!" Qu Qiuyan said with a smile, then turned to Qu Mo Ying on one side and reached out to point ahead, "Fourth sister, let's take a closer look together?"

Although the words were a question, but the two people in the party had already promised Mrs. Qu, Qu Mo Ying naturally wouldn't refuse, and after glancing at Qu Qiu Yan, he took Yu Dong and marched outside first.

Behind her, Qu Qiuyan hooked her lips in a grim manner, then after hiding her gentle smile, she took Qing Ju with her and followed her out.

Although she was walking behind, she walked a few points faster than Qu Mo Ying, and by the time she reached the outermost palace gate, she was actually already half a step ahead of Qu Mo Ying.

To be out of the palace gate, she first turned left, Qu Mo Ying very natural to follow her on the left path, originally is a casual walk nearby, naturally will not choose the middle of the road.

"Fourth sister, what do you think of the gift I sent? Will Your Highness like it?" Qu Qiuyan asked with a smile, looking quite a bit smug.

"It's okay!" Qu Mo Ying faintly said.

"If Your Highness likes it, then I have to thank fourth sister, if it wasn't for fourth sister's gift, I wouldn't have been able to find such a suitable thing to give to Your Highness!" Qu Qiuyan's face could not hide her joy, only the meaning of these words was quite a bit of stepping on Qu Mo Ying's meaning in it.

The two were originally at odds, and this gift could even be said to have been snatched by Qu Qiuyan from Qu Mo Ying's hands.

Robbing someone else's things, and now you are still smug here, and even the words are still clipped, anyone would be annoyed, not to mention that the two people were originally at odds with each other.

Qu Mo Ying stopped walking and coldly looked at Qu Qiu Yan, "What does Third Sister mean?"

"What can I mean? I just feel like I need to thank fourth sister, fourth sister is really my blessing!" Qu Qiuyan became more and more complacent, the meaning of these words even carried some provocative meaning, almost as if she was directly saying that Qu Mo Ying was being stepped on by her but couldn't do anything about it, and could only obediently take out her own things and give them up to herself.

"You like it a lot?" Qu Mo Ying, however, didn't get angry and only said in a light and cold manner.

"You don't like such a nice thing? It's a pity, now it's my gift!" Qu Qiuyan continued to provoke, this time there was no one else around, and it was in the middle of the road, in front of them was a curve, behind them was a curve, no one could see them until this section.

And she wasn't afraid of anyone seeing it.

"Qu Qiuyan, you feel like getting a bargain?" Qu Mo Ying suddenly looked at her and smiled with an unknown meaning.

"What do you mean?" Qu Qiuyan's face changed, alert.

"I don't mean anything, I just think that this gift might not be mine either, maybe I snatched it from someone else's hand as well, it would not be good if someone else thinks that you snatched it!" Qu Mo Ying smiled faintly.

"Who did you ... you rob?" Qu Qiuyan suddenly felt bad and asked sharply, her face angry.

"That's unknown, if Third Sister wants to know, this will always come up later, won't it!" Qu Mo Ying laughed, following the line of sight to Qu Qiu Yan.

The wigwam is the wife of the Duke of Qi intercepted Liu Jingyu's dowry to get, but now it is Qu Qiuyan sent, two things inside and her relationship although there, but her relationship with Liu Jingyu has always been bad, add not to add such a thing, Liu Jingyu will deal with her, as for the Qu Qiuyan himself bumped into it, by the time by the Liu Jingyu's hold anger, that would not be able to blame themselves!

Looking at the curve of Qu Mo Ying's lips hooked up, Qu Qiu Yan already vaguely feel bad, originally felt that he was above the matter of gift giving, the situation posed Qu Mo Ying, so that Qu Mo Ying ate such a big loss, but now feel that things are not like what they expected.

His face suddenly grimaced, "Qu Mo Ying, you're good!"

"I've been fine!" Qu Mo Ying said frankly.

"I hope you stay well too!" Qu Qiuyan laughed coldly, turned around and walked back with Qing Ju, obviously unwilling to walk in the same place as Qu Mo Ying.

There were a few more arguments between the two, and at this point, of course, no one wanted to see anyone, and it was best for each to go their own way.

Qu Qiuyan thought so, and Qu Mo Ying certainly thought so.

Watching Qu Qiuyan leave with Qing Ju without any hesitation, Qu Mo Ying stood still and narrowed her eyes finely, her watery eyes looking ahead as she said to Yu Dong, "Let's go!"

Yu Dong looked at the direction where Qu Qiu Yan left, and then looked at his own young lady who was walking towards the front, nodding his head and hurriedly following, but his heart was a little unsettled.

All the way over, the path is not big, but curved, but the scenery is also good, although it is not in the imperial garden, but it is also three steps to a scene, five steps to the same, and the blooming of the color of the flowers.

Go forward past a bend and see a pavilion.

“Miss, go over and sit down!” This is the only pavilion all the way over, Yu Dong is afraid that his own young lady is tired, pointing to that one and said.

The ground there is also a bit higher, right on top of a small slope, which also makes it easier to enjoy the view.

Qu Mo Ying nodded and led Yu Dong to the pavilion, sitting down in front of the stone bench in the middle of it and gently gasping for breath.

Her body is not good, walking so all the way, has been slightly gasping, now sit down, it is just right, there is a breeze on the face, is indeed a good good place.

Only there is no tea and snacks, if there are tea and snacks, sitting here and enjoying the scenery would be even better.

Suddenly regretted not bring tea snacks over, otherwise this would be very pleasing to the eye.

Just thinking, suddenly heard a voice over, the master and servant two together turned back, saw from the direction of the slanting back over a line of people, when the first one holding a snow-colored long-haired cat Li Ren, surrounded by a crowd of courtiers, look at this situation know that it is the harem of a master.

Mrs. Qu’s location here was relatively remote, such a remote place would not normally have people come over, I didn’t expect to actually meet a young master of the harem.

It was really unexpected!

The eyes under the long veil flashed, Qu Mo Ying stood up, no matter which master came, she was the daughter of a courtier, she was bound to stand up and salute.

The liyan holding the cat seemed to have seen them in the pavilion as well, and with a smile, she came over to their side, looking at this meaning that she also wanted to rest in the pavilion.

When that liyan entered the pavilion, Qu Mo Ying brought Yu Dong to sidle up and salute.

“Free!” Lillian lazily said, sitting down below opposite of where Qu Mo Ying was sitting before, looking Qu Mo Ying up and down a few times and asking, “Who are you? How come I’ve never seen it before?”

A palace maid came from behind her and whispered two sentences behind her, and when Qu Mo Ying heard that it was the Qu Mansion that was mentioned, a hint of darkness flashed under her eyes.

“The fourth young lady of Squire Qu’s residence?” Sure enough, the next moment, Lillian slowly asked.

“Yes!” Qu Mo Ying bowed his head.

“Our Lady is a beauty in the palace!” A chamberlain pulled up his voice and shrilled.

“Greetings, Your Highness!” Qu Mo Ying renewed her salute, but this time, Beauty Li didn’t call up immediately, instead, she looked Qu Mo Ying up and down a few more times before nodding and slowly saying, “Rise.”

Quemoy Ying stood up straight.

“Fourth Miss Qu doesn’t have to be polite, also sit down first, it’s a rare chance to meet, it’s also considered fate.” Li Mei’s hand gently stroked the cat twice and looked at Qu Mo Ying, this was quite a polite thing to say.

Qu Mo Ying sat down softly, but didn’t answer.

"Fourth Miss Qu came into the palace to visit Dowager Consort Qu, right? I don't know how the Dowager Consort's body is doing?" Beauty Li looked at Qu Mo Ying, a trace of contempt flashed in her eyes.

She also thought this Qu fourth miss how powerful, now it seems to be no more than that, let her sit on the seat, let her salute on the salute, is not at their mercy, their own before is high to see her ...

Chapter 499 Accident, Who's Injured?

"The Imperial Concubine's body has gotten better, and now it still needs to recuperate." Qu Mo Ying faintly said.

This Li Beauty in front of her at first glance, there is some discomfort, feeling that this visitor is not good, can bring people to meet themselves in such a remote place, if it is really by chance, Qu Mo Ying really do not believe.

Eyes fell on the cat in Li Mei's hand.

Snow-white fur, combed very smooth, a pair of blue eyes, look also extremely pleasing to the eye, how to look at this cat is like a very tame little thing, and still the woman's favorite kind.

Such a breed, I heard that there is only one in the Harem, and it is in the hands of Noble Consort He.

So the cat in front of me is not this Beauty Li's, but He Guifei's!

Since it was He Guifei's cat, then why did it suddenly appear in the hands of this Li Beauty and carry it such a long way.

Even if they were strolling around, it should be impossible to stroll over to Mrs. Qu's place.

This place is too remote, too far, according to this location, and then I'm afraid that the past will be the cold palace, such a place who will be willing to come over nothing? Not afraid of bad luck?

The fact that Crown Princess Qu had been in the Harem for so many years, in obscurity, had a lot to do with where she lived.

"Fourth Miss Qu came to the palace today to accompany the Empress Dowager? I can't see that Fourth Miss Qu is a filial one." Beauty Li said lightly, reaching out to pet the cat in her arms again.

The cat squinted comfortably and purred softly twice more.

This words Li Meiren also did not want to let Qu Mo Ying answer the meaning, continue to say down,"I heard that the third miss on the Qu family, will soon enter King Jing's residence, but is a concubine concubine consort status, I do not know if it is true? I didn't realize that the first miss of the minister's mansion is actually just a concubine consort, it's really interesting!"

This was said by Qu Qiuyan, but the question was asked by Qu Mo Ying, and the contempt was obvious in the words.

"Everything is the palace's intention!" Qu Mo Ying faintly said, not saying yes or no!

Beauty Li's laughter crunched to a halt, her face unhappy, "What does Fourth Miss Qu mean? Is this saying that the palace's meaning is wrong?"

"My daughter wouldn't dare, it's just that thunder and rain are all the king's grace." Qu Mo Ying said with an unchanged expression.

This Li Beauty wants to borrow the Qu Qiuyan thing to humiliate her, then she will be the meaning of the Palace top back is, no matter how Qu Qiuyan, are inside the meaning of the Palace, this Li Beauty in the Palace is a small master, count up which has to put kisses to the room.

I don't know who is behind this Beauty Li, what is the point of picking her to come and drop her face at this time?

But just for the sake of falling on his own face, he had a beauty come over on purpose?

"Fourth Miss Qu is so eloquent!" Beauty Li's face went cold.

A chamberlain standing behind her took one look at her own beauty's face and immediately rebuked in a sharp voice, "Fourth Miss Qu still doesn't apologize to our Lady!"

Qu Mo Ying lifted her slightly pale little face and looked at Li Meiren in an unhurried manner, "Your Highness, do you think I'm wrong?"

"Fourth Miss Qu is naturally right, but it's me who said it wrong, I should give Fourth Miss Qu to accompany me!" Li Mei Ren said in a conspiratorial manner.

Since this matter had the Emperor's approval, it was not something that she, a small beauty, could place a kiss on.

The four courtesans standing behind Li Mei Ren immediately stepped forward, each putting down the things in their hands.

There were snacks, melons, and a pot of tea, and two small teacups.

Another courtesan stepped forward, lifted the teacup, and poured a cup each for Beauty Li and Qu Mo Ying, then retreated to the side.

"I don't have any wine here either, so I'll substitute tea for wine!" Beauty Li laughed coldly with a mischievous expression, picking up the tea in her hand and taking a sip before placing it down heavily.

When he put it down, I don't know if he was careless, but he actually landed his teacup on the teacup in front of Qu Mo Ying, and immediately the teacup tipped over.

"Your Highness be careful!" The palace maid beside her hurriedly helped her to pick herself up, watching the tea dripping down from the top of the stone tabletop.

Yu Dong also pulled Qu Mo Ying, who also hurriedly stood up.

“Your majesty, your dress seems to be wet, give the cat to the slave girl, the slave girl will put it on the table and you can see if the dress is wet!” A palace maid said in an urgent voice.

Li Mei Ren obediently sent the cat in her hand, and the courtesan placed it near the top of the corner of the table, and then joined the other courtesans in checking out Li Mei Ren’s clothes.

The cat half crouched and sat down on the stone table.

Their hands were busy on this side, Qu Ying here was quite good, she stood up faster, the top of her clothes were still stained, this would be standing right next to the stone table, also looking at the messy Li Meiren.

Raindon looked across the room at the cat with careful vigilance.

Suddenly the palace maid over there who squatted down to check Li Meiren’s clothes supported the table and stood up, and seemed to have accidentally pressed the cat’s tail, and then the cat screamed sharply and suddenly bounced up, and the palace maid was startled, and was trying to reach out to the cat to hold it, and under the helplessness of her hands, she actually seemed to have pushed it, and then watched as the cat lunged at the opposite side of the room, Qu Mo Ying.

Sharp claws all probed out at this moment, clawing viciously at the opposite side.

Yu Dong had been staring closely at the cat, she felt that there was something very wrong with this cat, this would be the fastest reaction, after pulling Qu Mo Ying back a step, a wave of the sleeve, the pouncing cat was ruthlessly knocked out, that direction just happened to be Li Mei Ren.

It was indeed coincidental that the busyness on Beauty Li’s side had stopped by this time, seeing the cat pouncing on Qu Mo Ying, Beauty Li’s face even showed a trace of undisguised smirk, but in the next moment, the smirk froze on her face as she retreated and fell backward, helplessly, even if she wanted to avoid it, the people of the palace behind her blocked her path for a while.

There was no avoiding it just by trying to avoid it, the cat's claws landed sharply on her face, two hard blows, screams came out, Beauty Li fell to the ground and rolled up in pain, everyone was shocked on the spot.

Hearing the woman's shrill screams from afar, Qu Qiuyan looked this way, the corners of her lips ticked silently, and looked at Qing Ju, who understood.

After walking for so long, the two people were still on top of this road, looking like they were walking around and enjoying the scenery, but in fact, they had been waiting the whole time.

It's not like such a big commotion came through and wasn't heard.

Qu Qiuyan looked in that direction and smiled smugly, a heart finally let go, Qu Mo Ying was in trouble this time!

She finally stomped Qu Mo Ying into the sludge, and it's still the kind that can't be turned over forever.

"Miss ...," Qing Ju was a little nervous.

"Just wait, it will come soon!" Qu Qiuyan said slowly, since things were already in order, then next, she wouldn't give Qu Mo Ying another chance to roll over.

The end of the medicine was in Qing Ju's hand.

"Miss ... slave girl ... slave girl is a little afraid!" Qing Ju's face was pale and her body was shaking, this was something that if it was in the mansion, she wouldn't be so scared, but this was the palace, this was the palace.

"What are you afraid of, what does it have to do with us, even if the injury worsens because of the matter of the medicinal powder, it is still a piece of my good intentions, who let me suffer from burns while my good sister is not!" Qu Qiuyan smiled smugly, with mockery in her sinister eyes, "Fighting with me? This bitchy girl doesn't even look at how much weight she has!"

In the pavilion, Li Meiren's shrill screams finally woke up a crowd of palace maids and chamberlains, all of them with pale faces, rushed forward to help her, helplessly crouching down Li Meiren tightly covered her face, screaming repeatedly, but uneasily, crimson blood spilled out from the cracks of her white fingers.

"Your Highness, Your Highness!" The palace maid, the chamberlain shrieked and tried to calm her down.

Helplessly at this moment, Beauty Li was just screaming shrilly and miserably by instinct.

"Quickly go get the Imperial Doctor!" Qu Mo Ying called out to a chamberlain who looked like a chief steward and said.

The six-legged chamberlain hurriedly turned around and ordered someone to go and invite them.

"Miss, I'll go see if there's any injury medicine on the Dowager Consort's side?" Yu Dong volunteered, the closest place in here was the palace of the Dowager Consort Qu.

Quemoy Ying nodded.

Yu Dong, however, was a bit uneasy and looked at the people brought by Li Mei Ren who were in a mess on one side, but he saw Qu Mo Ying nodding to him wordlessly.

Also know that at this time Li Mei people simply can not care about Miss, Yu Dong this hurriedly left, before Miss's meaning is not to let him leave too far, if there is something, inevitably in the immediate vicinity.

As expected, he didn't go far before encountering Qing Ju who hurried over.

"Yu Dong, is something wrong with Fourth Miss, our Miss Fang and I heard a sound here and specially asked me to come and take a look." As soon as she saw Yu Dong, Qing Ju hurriedly came forward and said.

"Injured, find the Imperial Doctor, find medicine!" Yu Dong hurriedly said, about to walk past Qing Ju.

"Medicine? I have, I have, I have medicine!" Qing Ju hurriedly said, reaching out and taking out a packet of medicine powder from her sleeve, "This is our young lady's medicine powder, it's the best medicine for injuries, Mrs. Tai gave it to be formulated, let the fourth young lady use it first, and when the Imperial Doctor comes and deals with it, it won't worsen!"

With that, he shoved the bag of medicine powder in his hand into Yu Dong's hand.

Yu Dong, however, did not take it directly, and backhandedly pulled her back, "That's really great, you come with me and help along!"

Qing Ju was pulled by him in staggering a few steps, almost falling, and managed to keep up with him.

The two hurriedly ran back, moving so fast that Qing Ju couldn't even ask a question for a while, just gasping for air.

When the two people ran back, they saw that the pavilion was in a mess, Qing Ju subconsciously held on to the pillar while gasping for breath, while looking for Qu Mo Ying's figure, and I don't know if it was drowned in the pile of people, but actually didn't find it all of a sudden.

"Qing Ju, give me your lady's medicine!" Yu Dong reached out.

Qing Ju hurriedly handed over the medicine, but saw Yu Dong backhandedly gave the medicine end packet to a palace maid at her side, "Quickly ... quickly apply the medicine, this is a good medicine prepared by our third young lady, treat the wound first, otherwise it will really be an accident!"

His voice was urgent, he was running back again, still breathing heavily, and the medicine was taken straight out of Qing Ju's hand.

The palace maids and chamberlains were in a six-pack, so they hastily took it and hurriedly handed it to the chief chamberlain.

“Quick, quick medicine!” The chief chamberlain at this time is also the same six gods, Li Mei Ren’s screams although lowered, but this is still screaming and crying, also do not know how she is injured, this will have medicine end first use up, naturally is the best.

Even if it does get damaged, it’s much better with medicine.

Some people came over to help press the face, some people came over to pull down the hand of Li Mei Ren, looking at the flesh turned over on Li Mei Ren’s face, they all couldn’t help but suck in a mouthful of cold air, this injury is really not light.

“Use the medicine, use the medicine, quickly use the medicine for the Empress!” The chamberlain shrilled.

Immediately a palace maid handily went over to help apply the medicine.

Holding the pillar to catch her breath Qing Ju, the complacency on her face suddenly froze, subconsciously looking at the people in the crowd, who was in the crowd, she still didn’t see it, but just now she heard something, the Empress?

Suddenly raised his head, stunned to find Qu Mo Ying standing at the diagonal pillar, his feet were soft, and he fell heavily to the ground ...

Chapter 500 Injury to Appearance, Injury to Injury

The cleaned up blood was delivered in pots.

Crown Princess Qu’s face was also ugly, but she still held Qu Mo Ying’s hand and patted her hand soothingly.

Not only did the eunuchs come, the Empress Mother also came, and was close by here at Crown Princess Qu’s place to treat Li Meiren, only the situation was not good at first glance, and the occasional screams and cries of Ji Meiren came from inside.

It made the people guarding outside tremble with fear, and their hearts were inexplicably furious.

Sitting on the first place is the Queen Mother, her face is also very bad, this situation is unknown, also can only wait for the eunuch to see before coming out.

The main hall was quiet.

Finally, the eunuch came out from inside, his face slightly pale and stern.

After coming forward and bowing to the Empress Mother who was sitting high above, she then reported to the Empress Mother, "Empress Mother, I'm afraid that Beauty Li's face will be left with a very serious injury."

Is that a disfigurement?

The Empress Mother's face sank, "Injured so badly?"

"Originally, the injury was quite serious, and then some medicines that can't be symptomatic were used later on, it made the wound worsen, even after removing the medicines, it won't work anymore!" The eunuch shook his head and helplessly said.

Those medicines soaked into the wound and mixed with the blood in one place, now on the length is to clean up the medicine powder at the wound, but it has soaked in, adding insult to injury, Li Beauty's appearance is ruined.

In fact, even without this medicinal powder, the injuries sustained before would not be easy to heal all the way, the eunuchs had already looked at it, and the previous scratches were not shallow, and the cat's claws were sharp.

"What in the world is going on?" The Empress Mother looked towards the palace men kneeling on the ground, these were all the palace men of Li Meiren.

“Empress Dowager, it’s Fourth Miss Qu, it’s Fourth Miss Qu who wants to harm our beauty.” The chief steward looking chamberlain beside Beauty Li knelt at the first one, and upon hearing the Empress Dowager ask this question, she reached out and pointed at Qu Mo Ying in a shrill voice.

The group of courtiers following him also spoke up, all pointing at Qu Mo Ying.

When something like this happened, none of them could afford it, and without pushing this matter onto Qu Mo Ying’s body, they wouldn’t have an ounce of life.

Qu Tai Fei’s brows wrinkled, she had already asked Qu Mo Ying privately just now, this meeting with the palace staff in Li Mei Ren’s palace actually all pointing at her like this, her face immediately became ugly.

Equally ugly was Qu Qiuyan, who was also sitting next to Dowager Consort Qu, her face as white as snow.

She actually didn’t just have an ugly face now, after seeing Qu Mo Ying appear in a good way, her face was ugly until now.

Aoiku, standing behind her, shook, her entire body shaking by now.

“Fourth Miss Qu tell us what’s going on?” Empress Dowager turned to Qu Mo Ying and asked coldly.

Qu Mo Ying was about to speak, but she saw Tai Concubine Qu reach out and press her hand, “Could Empress Dowager first have someone interrogate them individually and ask them about the situation at the time?”

Separate questions, in order to ask clearly, also lest these people collude, compared to Qu Mo Ying’s side, Li Meiren’s side is really too many people.

Right now at this time are trying to push things onto Qu Mo Ying.

The Empress nodded her head and called a few of her own palace people to bring down Beauty Li's palace people and then interrogate them separately.

"Fourth Miss Qu, tell us!" Only after everyone had gone down did the Empress ask.

Qu Mo Ying stood up and graciously bowed to the Empress Dowager, then told the story of what happened.

Beginning with her going out for a walk and stumbling upon Li Mei Ren, and some of Li Mei Ren's provocative words, and the tea that Li Mei Ren had had brought with her, and then when Li Mei Ren slammed the tealight on top of her own tealight on the face off, and the two of them had to stand up, and under the handful of hands and feet, Li Mei Ren gave the cat to the courtesan by her side, and then the courtesan put the cat down on the stone table again.

After that, she went to sort out the clothes for Li Meiren, and after finishing, the courtesan stood up, pressed her hand on the top of the cat's tail, and pushed the cat in the right direction, and the cat lunged at Qu Mo Ying, Yu Dong went up and pulled Qu Mo Ying, and pushed the cat away with force, and she didn't expect that the cat would go towards Li Meiren.

Li Mei Ren was originally able to avoid it, but there were just too many people in the palace at her place, so she had no place to retreat even if she wanted to, and the cat clawed at her face.

This is how it happened, Qu Mo Ying spoke in detail, even the details were clear.

When she was finished, Qu Mo Ying bowed to the Empress Dowager, then raised her eyes and said, "There are a few things that my daughter is not sure about, so I would like to ask the Empress Dowager to clear up her confusion."

"What is it?" The Empress asked slowly after looking at her for a few moments.

"The place where the Dowager Concubine is located is rather remote, and in the past days, I heard the Dowager Concubine say that basically no lady would come over here, but why did this lady come over all of a sudden today? This matron has never been seen or even heard of before, but she seems to be very displeased with my daughter, and besides that cat, is it this matron's own?"

Qu Mo Ying asked in a very confused manner, as a fourth young miss from Servant Qu's residence who was abandoned in the manor, it was only natural that she knew nothing about the palace.

Of course she didn't know that the cat would be He Guifei's!

The Empress Dowager's eyes, which did not carry a single ripple, moved twice, then her voice grew colder and colder, "The cat belongs to Noble Consort He!"

"Noble Consort's cat, let Li Beauty carry it to such a remote place, and ..." Qu Mo Ying's words stopped here, seemingly not daring to speak further.

If this accident is really like what she said, Li Meiren is indeed suspicious, and even gives a feeling of self-inflicted, like Li Meiren herself to assassinate Qu Mo Ying, and also deliberately bring the cat, just because of some accidents in the middle of the accident, the last accident is Li Meiren.

Li Mei Ren and He Guifei's relationship is good, Empress Dowager is aware of it, just Fang did not think of it for a moment, but now there are more points of contemplation.

"Empress mother save me, save my concubine ..." in the remote pounced out of the head are wrapped tightly Li Meiren, she is now full of head full of white cloth, only reveal a pair of eyes can still see things, this will cry and pounced out, kneeling down in front of the Empress mother, face of the White cloth vaguely have blood oozing out, obviously the situation is very bad.

The Empress Mother looked to one side at the eunuch.

The eunuch shook his head helplessly, "I'm afraid that Li Meiren face ... is ..."

He left his words half spoken, but the meaning of them was understood by all present.

"No ... it won't, it won't, my face, my face ..." Li Beauty cried out, and pounced on the eunuch again, pulling the eunuch's medical robe with one hand. "Imperial Doctor, save me, save me."

The Imperial Doctor was scared by her and took two steps backward, helplessly his robes were pulled and he said urgently, "Your Highness, for the minister has already tried his best, not only is there a cat scratch on the face of your Highness, but you have also used the wrong medicine ... it is no longer possible!"

"No... can't work?" Li Meiren despairingly put down the eunuch's robe and reached out to cover her face, "It doesn't work, why doesn't it work ... I ... have to look for the Emperor, I have to go look for the Emperor... ..."

She said turning her head from side to side in a hurry, as if trying to find someone who could save her, her gaze suddenly landed on Qu Mo Ying's body, and the bottom of her eyes became blood red.

Suddenly stood up and pounced on Qu Mo Ying, his hands fiercely grabbed at Qu Mo Ying's face, hissing shrilly, "Why not you, why not you, you're the bitch who should have her face ruined, it's you ... it's you ..."

Yu Dong had been on guard against Beauty Li, and when he saw her pouncing, he immediately stepped forward to block her, pressed down on her hand, and pushed forward with such force that Beauty Li collapsed heavily to the ground, and in pain, he let out a few more shrill cries of misery.

"Men, take Beauty Li back!" Seeing that the situation had gotten so out of hand, it was really uncharacteristic, the Empress commanded in a cold voice.

To make a scene in front of so many people, she, the Empress Mother, would have no honor on her face.

Two men came over and pulled down Beauty Li, who still wanted to make a scene, and sent her back to her own palace room.

This will be before sent to interrogate the palace people, one by one came back, the things they asked all reported to the Empress Mother.

The cause of the incident was basically the same, but only individual palace people mentioned the words of Li Mei Ren's previous provocation to Qu Mo Ying, and after that, as to why the cat suddenly pounced on Li Mei Ren, basically they all said that it was the maid beside Qu Mo Ying who deliberately bumped the cat into Li Mei Ren's face.

The cat is suddenly frightened and pounces on Fourth Miss Qu, then the maid steps forward and slams the cat in front of Beauty Li, causing her to be disfigured.

This sounded like an accident, but the center point of the accident was Qu Mo Ying and Yu Dong, no matter what, if Beauty Li was disfigured, the ones to blame would inevitably be Qu Mo Ying and Yu Dong.

As for why the cat was frightened, all the palace people said they did not know, they were all looking after Li Mei Ren, no one was clear that a good cat would suddenly stretch its claws, this cat is He Guifei's, in the past, the most docile but never heard of scratching anything.

She also said that Beauty Li usually traveled with her cat in her arms and took a walk, but today she was just looking at a nice view and walked a little farther.

These words were also apparently set in stone, as were all the courtiers.

It could be almost exactly the same!

Qu Mo Ying heard, the corner of the lips noiselessly hooked, eye veil under the eyes of a cold and hostile, it is really early to prepare for the next, is to deal with the incident after the interrogation, but there are some accidents, in the middle of the part of the time did not have time to confession, seems too chaotic, and also so that the words of the previous confession, too neat.

Makes life feel out of place.

Too soon is too late, said the current situation, if it is really their own accident, the palace people's speech, and then there is Li Mei Ren's testimony, everything can let Li Mei Ren perfect get away, since Li Mei Ren get away, she was surrounded by those palace people of course is also no fault.

Who would have thought that a cat would suddenly go crazy and scratch someone?

Only, she really can't figure out, how did Qu Qiuyan let this palace beauty Li, do it for her? But looking at the cause and passage of this matter, as well as Qu Qiuyan's early preparation of the medicine, we know that Qu Qiuyan knows, and is related to her, because of this inside He Guifei?

Qu Mo Ying for a moment still can not figure out, this He Noble Consort in the harem has always been known for gentleness and decency, and therefore more favored by the emperor, she such a person need to deal with their own?

The answer is definitely no, so that makes this even more interesting ...
