Chapter 501 The formula that stays in the bottom

"Fourth Miss Qu, where did you get the powder for the injury medicine?" After the group of courtiers had finished speaking, Empress Dowager turned to Qu Mo Ying.

"Reporting to Empress Dowager, the medicinal powder was sent by Third Sister, and it was also Third Sister's maid who directly gave it to Beauty Li's palace staff." Qu Mo Ying said with a calm demeanor.

Looking out she was very frank, at that time Yu Dong brought Qing Ju over, also let Li Meiren side of the palace people saw the Qing Ju take the medicine powder, this matter has not the slightest relationship with her.

"Third Miss Qu, where did you get the medicine powder, and why did you bring it into the palace with you?"

Finally asked himself, Qu Qiuyan face pale pale stood up, the same to the Empress mother salute, and then head lowered, "This medicine end is the subject female own use, the subject female previously injured, grandmother for the subject female with some good medicine, because the subject female's injuries have not been good all, on the side of the belt, before listening to some people screaming, thinking first on some medicine will be better, which let the maid send over the ."

This thing she can't hide, the medicine end is her thing, even if she wants to push it to Qu Mo Ying's body can't, right now can only be ambiguous, good thing she was also prepared before.

The medication used was the one that Grandmother had dispensed, and she couldn't be found responsible for anything.

"Third Miss Qu is also injured?" The Empress Mother looked Qu Qiuyan up and down a few times and asked in a cold voice.

"It ... was accidentally burned before." Qu Qiuyan bit her lip and timidly said.

“Is the end of the medicine for the burn still there?” The Queen Mother continued to ask.

Qu Qiuyan turned to Qing Ju, who hurriedly fell to her knees in front of the Empress Mother and stammered, “The medicine ... medicine powder ... has been all used ... used up ...”

In that situation, no matter who it was, they would have run out of medicine, just wanting to hurry up and stop the bleeding of Li Mei Ren, who cares about how much medicine is used.

“What did the eunuch say?” The Empress Mother asked as she turned to the eunuch to the side.

The Imperial Doctor pondered for a while before he said doubtfully, “There is just one medicine in these medicinal powders that is not proper, if that medicine is used for burns, the rest of the utility is not very great, and the general doctor will not prescribe this medicine in it, but if it is prescribed, it will not be harmful.”

“The medicine for burns can’t be given to scratches?” The Queen Mother frowned and continued to ask.

“It is not impossible to use, the other drugs are okay, just so a medicine, scratching the wound see blood, use up, not only can not make the wound to close the scar, but also will make the blood of the wound rot open, more not easy to be good full, for the minister looked at the party Li Beauty’s wound, originally very large, in this case ...”

The eunuch shook his head as he said this, and it was clear that there was no hope at all for Beauty Li.

A disfigured woman, in the harem will be what kind of a result, anyone can guess! One can only say that this Beauty Li is really finished.

The cause and result of the matter, has been seen very clearly, this next inquiry, it is not the two misses of the Qu House of the matter, the Empress Mother slightly pondered, then opened the grace to let the two of the Qu House of the two first to go back, as for this next thing, naturally in the harem inside to complete.

Although Beauty Li's position was not high, after all, she was also the Emperor's woman, the Empress Mother had already sent someone to report to the Emperor first before, since the Emperor had not yet come over at this time, she went to the Imperial Study Room first to take a look at the matter, and made sure to make this matter clear to the Emperor, especially about that cat of Noble Concubine He's.

That cat belongs to Princess Ho, who can say that Princess Ho didn't have her hand in it?

If it was said that in this Harem, the Empress Dowager was most disgusted by whom, there was really no one else but Noble Consort He!

In the past, she was still just fighting for favor, but now she actually wanted to fight for the position with her son, if possible, Empress Dowager was very willing to step on He Noble Consort's mother and son to the mud, the kind that would never go beyond life!

The Empress Mother left first with her people, and Dowager Consort Qu stayed Qu Mo Ying to ask questions for a while, and only after she had asked several times did she breathe a little sigh of relief.

Reaching out and patting Qu Mo Ying's hand, he soothed her, "This matter is obviously Li Meiren's own ill intentions, wanting to harm you, but not expecting to harm herself, all of this is also her own doing, just when did you offend her?"

"I don't know." Qu Mo Ying shook her head, she truly didn't know.

Crown Princess Qu's frown still couldn't be loosened, this matter concerned the beauties in the palace, and the matter wasn't over yet.

"You guys go out of the palace first, don't be afraid, since the Empress Mother let you go back, naturally there is nothing wrong." Crown Princess Qu pacified the two of them.

After this kind of thing, no one would have the heart to stay any longer.

The two stood up to bid farewell to the Dowager Consort, and one after the other, they boarded the palace sedan chair and traveled out of the palace gates.

When they were out of the palace gates and got into the carriage of the Qu Mansion at the entrance, the two people still didn't say a word.

Entered the Qu Mansion, the two people together past to the Dowager Lady, out of such a thing, is bound to talk to the Dowager Lady clearly.

Hearing clearly what the two of them said, the dowager lady's body swayed and almost fell, Qu Mo Ying had long been paying attention to the dowager lady's situation and hurriedly reached out to help the dowager lady, "Grandmother, since the Empress Dowager is letting us go out of the palace, that means that this matter is not much of a problem with us next."

She softly soothed the Dowager Lady.

The dowager lady gasped for several mouthfuls of rough air before gradually easing up, but she was just going to take a look at Mrs. Qu, who would have thought that she would actually get into this kind of thing.

"Grandmother, I'm not in any way, it's Li Meiren who wants to harm me, even if the Empress Mother inquired about it, that's what I said, but it's the end of Third Sister's medicine that's very strange, saying that it's specially dispensed by Grandmother, and therefore brought it with her, but one of the medicines in it is of no great use for burns, but it's bad for scratches that see blood."

Quemoy Ying said.

"What does fourth sister mean?" Qu Qiuyan suddenly lifted her pale face and glared resentfully at Qu Mo Ying, she was still distracted until now, although she said that these explanations were prepared by her early, there should be nothing, but she always felt that her heart was not solid, especially today, Qu Mo Ying who was originally supposed to be in trouble had nothing going on.

"Third sister doesn't understand what I mean?" Qu Mo Ying smiled faintly, "I just wanted to ask grandmother why that medicine was dispensed in there, given that it's not very effective against burns."

Here is not the palace, she naturally will not let Qu Qiuyan, this thing Qu Qiuyan mixed in, she will not let her get out of the body intact.

The reason why I didn't say it before in the palace is also because Qu Qiuyan is the daughter of the House of Qu, and if you start a whole body, you can't get good.

But now it was the Qu Mansion, and in front of Mrs. Qu, she wouldn't be able to cover for Qu Qiuyan anymore.

"What medicine powder?" The dowager lady didn't understand for a moment and looked at the two of them and said.

Qu Qiuyan hurriedly grabbed the first aggrieved opening, "Grandmother is you yesterday for me to go with those medicinal powder, before I saw Li Meiren hurt, and do not see the Imperial Doctor over, the medicinal powder out to Li Meiren, did not think that the good intentions did not fall well, the Imperial Doctor said that my scalding medicinal powder, is not suitable for the wounds of Li Meiren to see the blood."

Just now, Qu Mo Ying only talked about what happened, and didn't mention anything about the medicine end.

"Just not suitable?" Qu Mo Ying coldly laughed, by this time, Qu Qiu Yan is still sophistry, put things all on the grandmother's body, if this will be something really happened to himself, did not expose her, grandmother happens to be also six gods, maybe let Qu Qiu Yan cheated, will inevitably be even more guilty, even more heartbroken.

"Grandmother, can I see your prescription from yesterday?"

Mansion took some medicinal herbs out, and to the store with some, after all let the guys rolled into powder, the pharmacy guys are also very careful, deliberately wrote a clear note out, it has a note of which is the Qu Mansion self-prepared, there are also some is the store with, which is also in order to prevent some of the wrong places.

After all, medicine this kind of thing, with the good is good, with the bad, that can be bad, not only bad, and even will be a big loss of human life, who can not afford this responsibility, naturally, there is a list out.

This list of clear strips is not only available at the Quartermaster's Office, but the pharmacy itself keeps a copy.

This formula that Qu Mo Ying is talking about is this clear strip.

Upon hearing this, Sister Wu hurriedly said, "Yes, yes, it's still there, the old slave will go and look for it now!"

Like this kind of formula and other things, my grandmother is kept separately, may be useful in the future, this happened only yesterday, my grandmother knows very well where to put it, into the inner room a little rummage, and found it.

The list was sent to the dowager lady, who looked at it before passing it to Qu Mo Ying.

Qu Qiuyan wanted to go up and snatch this list, this thing was something she hadn't thought through, and how she hadn't expected it.

In fact, the most unexpected thing was that Qu Mo Ying would be fine and still have the energy left to look into things in the mansion.

If this moment, Qu Mo Ying has been disfigured, and still happened in the palace, who will still care about the matter of the medicine, even if the medicine is indeed bad, but also their own "good intentions", the medicine is the grandmother prepared, can not be investigated on their own.

But on the contrary, at the moment, Qu Mo Ying was not only okay, but also caught her own loophole, at this moment, Qu Qiu Yan only felt cold all over her body, her teeth clenched the back groove, no matter what, she would not admit it!

“Grandmother, there isn’t that one medicine on here that the Imperial Doctor said!” Qu Mo Ying’s eyes swept over the list, then pointed to the top with certainty, “But in the medicine powder given by Third Sister, there was such a medicine in it, and it also caused Beauty Li’s face to be truly ruined all over, in fact, the one who should have originally had her face scratched by the cat was me, and if it wasn’t for Yudong saving me, I’m afraid that it’s me who’s worse off than dead at this moment!”

Qu Mo Ying coldly said, his eyes condensing a hostile aura.

“Not only was my face scratched by a cat, but it snowballed with this spiked dose of Third Sister’s medicinal powder, which is even more unlikely to get better next.”

These words were said almost word for word, with his gaze locked tightly on Qu Qiuyan.

Qu Qiuyan almost jumped up, “What are you babbling about, what does this have to do with me, I’m just being kind, who would have thought it would be like this, as for what the Imperial Doctor said, who knows if he’s trying to shirk his responsibility.”

After saying this, he looked at the dowager lady and cried, “Grandmother, I really don’t know, I’ll take the medicine powder you gave me, I’m afraid that in the palace for a long time, if it’s not good, I can still put on a little medicine, and after that, when I saw that something happened to Li Meiren, I just wanted to help, who knows, who knows that the good intentions have not been rewarded, but also ... also be wronged.”

Chapter 502 A Clue That Leads to the Purchaser

The veins on the dowager lady’s forehead were bursting out, by now, what did she not understand.

Yesterday she felt a little strange, with the nature of Qu Qiuyan, it is not like that will be so hidden, since the previous medicine is not good, will certainly find themselves, where will wait until after so many days to find out.

This wound has also been much better, basically a scar, this time to come back to say that there is no good medicine, and Qu Qiuyan’s past nature is completely different.

Previously, I thought that the matter of the Duke of Qi's residence had taught her a lesson, but I didn't expect that she would actually still be unchanging in her stubbornness.

Now it's even causing this kind of thing.

How can the dowager lady not be angry, reaching out and pointing at her with a trembling hand, she said with hatred, "Good ... good, you ... your guts are actually so big, you ..."

"Grandmother, I really don't know anything, I ... am really kind!" Qu Qiuyan saw that it was not good, and hurriedly knelt down and cried.

"Men, take her away!" The dowager lady was so angry that she even held her words a few times before speaking.

Seeing that it wasn't good, Grandma Wu hurriedly had someone pull Qu Qiuyan up and take her out.

Qu Mo Ying reached out and gently patted a few times on the back of Mrs. Tai, while softly pacifying Mrs. Tai, "Grandmother, it's fine, I didn't say or mention this in the palace, just because I'm afraid that Li Mei Ren's place will check into Third Sister's place."

How does this matter look like Qu Qiuyan had a hand in it and Beauty Li had a hand in it.

The dowager lady reached out and grabbed one of Qu Mo Ying's hands, her breath calming hard for a few moments before she said with red eyes, "Good boy, it's hard for you!"

If Qu Qiuyan was really involved in the Beauty Li incident, the entire Qu Mansion would not be able to do well.

"Grandmother, don't worry, it'll be fine, let father think of a way to find out and sweep it clean!" Qu Mo Ying hinted.

Right now at this time, she is also not willing to palace along the Li Mei people to check to the body of Qu Qiuyan, Qu Qiuyan can not escape, the entire Qu House can not escape, after all, this is the emperor's woman.

However, she also believed that this cheap father of hers would inevitably be able to find out something, Qu Zhizhen gave her the feeling that he had never been the easy kind.

"Good, I know, you ... go to rest, I find your father." The dowager lady six godless said, she will be really panicked.

"Grandmother, don't worry, father must have a method!" Qu Mo Ying pacified the dowager lady for a few more sentences, then excused herself, Qu Qiu Yan had sent Qing Ju out earlier, and was bound to have met up with Li Mei Ren's people.

Before she did not think through, is not thought of Qu Qiuyan collusion of the palace of Li beauty, but now but remembered that a flower and bird market, there should be the palace of the purchase in.

The palace buy, although also the chamberlain, under the House of Internal Affairs, but should have to buy some things, travel is more convenient, if Qu Qiuyan want to pass the message to Li Meiren, so that Li Meiren is ready to harm themselves today, the only palace buy!

Therefore, Qing Ju went out yesterday, first went to the flower and bird market, to see is the Li Beauty bought through the picking!

When you think about it that way, a lot of things seem logical.

If she could think of it, of course Qu Zhizhen could think of it, and would inevitably pinch off the matter at the source, a buyer, a buyer who had touched and spoken to Qing Ju, with a target in mind, was actually not that hard to find.

Qu Zhizhen had always been cautious, and even if he had pinched this matter, he would still be afraid that things would suddenly explode out of control, so it was impossible for Qu Qiuyan to stay in the mansion any longer!

The original set of etiquette can not be completed in a hurry, Qu Qiuyan is destined to face the loss of face into the King's House ...

"What, this has something to do with Yan girl?" Qu Zhizhen shivered in fear, the paperwork in his hands snapping to the desktop.

"What do you think?" The dowager lady asked, looking at her son after she had told him what had happened.

"Mother, don't worry, I'll go check now!" Qu Zhizhen saw the dowager lady acting in such a manner and knew that she was truly frightened, so he hurriedly pacified her.

"Good, you ... you quickly go to check, Li Meiren and Yan Yatou, how did Yan Yatou know Li Meiren." The dowager lady anxiously said in a row.

Qu Zhizhen nodded his head, this matter, if it is really like the mother just said, it must be Qu Qiuyan related to the palace's Li Meiren, Li Meiren made a move to harm people, and Qu Qiuyan pushed a hand again.

It would be impossible to say that the two are not connected in any way!

But if there was a connection, Qu Qiuyan had been in the mansion recently, and it was impossible to see anyone, and besides, the decision to go to the palace was just yesterday.

"Mother, you go back first, since Ying Ying didn't mention the matter of the end of the medicine in the palace, the palace won't find out about it for the time being, I'm going to go find Yan Ying to inquire about this matter now!" Qu Zhizhen said in a cold voice.

The dowager lady nodded her head repeatedly, she could only trust her son's ability now!

As soon as the dowager lady left, Qu Zhizhen went to Qu Qiuyan's Hibiscus Pavilion with his boy, and as soon as he entered the door, he saw Qu Qiuyan, who was crying with red eyes, greeted him, "Father ..."

"Pa" a heavy slap, hit Qu Qiuyan staggered a few steps, almost hit the table behind.

"Father, you ..." Qu Qiuyan's tears immediately fell, and she knelt down in aggravation, "Father, could it be that you have also listened to the words of the fourth sister and feel that I want to harm her?"

"Tell me, who did you have Qing Ju find?" Qu Zhizhen snapped.

"Father, I didn't," Qu Qiuyan still wanted to argue.

"Do you think that no one will find out that you and Li Mei people sent people to joint? The Empress is still in the palace to check this matter, Li Mei Ren is only a small nobleman, but is the emperor's people, this matter is bound to give the palace concubines an account, there will certainly be someone who will have to cope with this matter, do you think that if this matter is investigated to your head, you can still escape?"

Qu Zhizhen sneered, glaring angrily at Qu Qiuyan.

In the past, he would have felt that this young daughter of his was icy and smart, and felt that it was his hope for the future, but now he only felt a strong disgust, and it was true that she was just as stupid as Yu, and just as stupid and unattainable!

What makes you think she's not responsible for this? Where does she get the confidence?

"Father ... father ..." Qu Qiuyan was shocked, her lips became pale, this time it was not pretending, lifting her eyes pleadingly to look at Qu Zhizhen, but her heart was still hesitant.

"Is it because you think that no one will find out about the palace's purchases?" Seeing that she was actually still hesitating, Qu Zhizhen kicked her in anger and irritation.

"Pick ... up?" Qu Qiuyan was truly frightened this time, without a trace of blood on her face, looking at Qu Zhizhen in shock, her lips trembling.

"If you're slow and people find out that this procurement is related to you, even King Jing won't be able to protect you!" Qu Zhizhen scolded in a stern voice.

These words broke Qu Qiuyan's last shred of dependence.

Qu Qiuyan cried out and hugged Qu Zhizhen's leg, where he still dared to hide, and told Qing Ju that he had asked Qing Ju to go and talk to the palace's buyer, and said that he would go to the palace tomorrow.

After saying that, Qu Qiuyan cried and explained, "Father, Li Meiren just asked me when my fourth sister will enter the palace, and asked me to say something to her when my fourth sister enters the palace, and I didn't know that there would be this matter, I only knew that Li Meiren was going to look for trouble with my fourth sister, I just didn't know that Li Meiren was going to destroy my fourth sister, father, I really didn't know that. "

Qu Zhizhen annoyingly kicked her away, turned and left in big strides, what he has to dispose of at the moment is the matter of this buyer, and he can't let this buyer keep the line, or else it will certainly be investigated into the head of the Qu Mansion itself.

Behind him came Qu Qiuyan sad big cry, just in the past days let Qu Zhizhen drooling cry, now let him extremely disgusted, go out the door, hate glanced behind him, instructed people,"Give with the dowager lady said a word to the third young lady things to pack pack pack, how many as much as can pack pack pack pack pack how much!"

This daughter, he wasn't going to keep, and if he stayed any longer, there was no telling what might happen!

At the same time, the palace also found out about this matter, the Empress put down the tea in her hand, her face was ugly,"A small buyer in the palace?"

"Yes, they all say that this picker is close to the big palace maid beside Beauty Li." The chamberlain respectfully reported the news he had inquired about to the Empress.

“Did you also see Picking and Beauty Li’s men talking in one place last night?” The Empress Mother asked again.

“Yes, just last night, in the imperial dining room there, someone saw two people hiding in one place to talk, sneaky, in fact, in the past days the two people will also be in one place to talk, just everyone does not feel anything, but this time, and so coincidental ... so only to find that there is something wrong.”

The chamberlain said.

“His Majesty is here!” The sharp voice of the chamberlain suddenly came from outside.

The Emperor is here? Empress Mother hurriedly stood up to welcome out, before she went to the imperial study, in the middle of the road let the chamberlain stopped, said the emperor this will have important things, let her first go back to check clearly, a moment the emperor will come over.

“What the hell is going on?” As soon as he entered, the Emperor asked with a sullen face.

The Empress Mother softly said all the causes and consequences of the matter, and when she was finished, she carefully looked at the Emperor’s face and proposed, “Emperor, do you want to go and see Beauty Li? There are some things that my concubine may not be able to ask clearly, it may be better for the Emperor to go and ask!”

The cat in here is He Guifei’s, He Guifei is the Emperor’s most favored person, the Empress felt that it would be best to let the Emperor hear some of the words for himself, and also to avoid the Emperor feeling that he intended to deal with He Guifei!

“Go, go and see!” The Emperor’s face sank and he nodded.

With a group of courtiers, the Emperor and Empress Mother boarded the palace carriage and together they headed for Beauty Li’s chambers.

Li Meiren's status was not high enough to live in the main palace by herself, the main palace she was in was occupied by Consort Xiang, and another Yue Zhao Yi, who had the same low status as her, also lived there, and the two lived to the left and right of Consort Xiang.

The heads of the palace's first houses were all consorts with titles, and the rest of the lesser nobles lived with the consorts of these heads of first houses.

Upon hearing that His Majesty and the Empress had come over, Consort Xiang and Yue Zhaoyi greeted them from afar and bowed respectfully.

They and Li Mei people live in a place, of course, also know about this matter, Li Mei people this will still go crazy and cry loudly, noisy they also annoyed.

"How is Beauty Li?" The Empress Mother let them rise and asked gently.

"Still there and noisy and noisy, crying and screaming!" Xiang Fei softly said, willow eyebrows slightly knit, looks extremely worried look, "now this look is also extremely poor, and called a few imperial doctors over, all said ... not work!"

Chapter 503 The Death of a Courtesan

"Your Majesty, Your Majesty, save my concubine, save my concubine!" Li Meiren flung herself down from the couch, her face wrapped in heavy white cloth, only revealing a pair of eyes with some desperate madness.

The Emperor took a step back, his face icy.

Li Mei Ren fell heavily to the ground, took two steps on her knees, and tried to grab the Emperor's robe, but a chamberlain stepped forward and blocked the reprimand.

"Beauty Li, be reckless!"

“Your Majesty, the people of the Qu Mansion are trying to harm my concubine, it’s that fourth young lady from the Qu Mansion who is trying to harm my concubine.” Beauty Li cried out in despair, still looking up to see the Emperor’s face.

“Beauty Li, at this time, why do you need to say this again, in the end who wants you to harm Fourth Miss Qu? When she entered the palace last time, you also went to the vicinity of Dowager Concubine Qu, and now also, in the past days, I never saw you go there!” Empress Mother asked with a soft sigh.

She had already checked, Beauty Li would never go to such a remote place in the past, but last time when Fourth Miss Qu went to the palace, she had been there once, and again this time, if there was no connection here, no one could possibly believe it!

“Emperor, no, no, it’s her who wants to harm me, it’s not me, it’s her, it’s that bitch who wants to harm me!” Li Meiren desperately shook her head, eagerly distinguishing, her hands subconsciously stretched out, still wanting to reach the Emperor’s robe, only her head lifted up, and she was confronted with the Emperor’s gloomy eyes.

Fear was so thick in his heart that he waved his hand twice in bewilderment, but had to drop it.

The Emperor didn’t speak, and it was still the Empress who opened her mouth, “Beauty Li, now that it’s come to this, do you still think you’re right? Just now, your people have already said it all!”

“Say ... what did you say?” Beauty Li looked at Empress Dowager in fear, her lips pale and shivering.

“You purposely took Noble Consort He’s cat to the Empress Dowager today, and waited there early, waiting for Fourth Miss Qu to come over, and what happened after that, the people around you all confessed, and it’s all come to this, do you still think that there are people who will hide it for you? Even you, the master, can’t protect yourself, let alone them!”

The Queen Mother added.

“Right now at such a time, your face is also destroyed, this later ... is actually not much later, can’t you still say?”

In the next sentence, the Empress Mother's tone became harsh.

"Empress, you handle this matter, I still have things to do!" The Emperor finally opened his mouth, coldly glanced at Beauty Li, turned around and left.

Apparently come over just to see, go through the motions, at least Li Meiren is considered his woman, there has to be a reaction, as for how this vicious woman next, it is not the emperor's heart need to consider things, there are queens on the line.

"Emperor save my concubine, Emperor, you save my concubine!" As soon as she saw the Emperor turn around and leave, Beauty Li screamed in despair and panic.

"Beauty Li, it can no longer be saved, your face is truly ruined, haven't so many eunuchs made you realize that?" Empress Dowager had someone stop Beauty Li who was lunging outward and whispered.

The emperor at this time has walked out a distance, the empress mother is not worried that she will hear, the voice is not as gentle as in the past, with a hint of ridicule,"Li beauty, you are finished, not only you, and the Li clan behind you, your face has been destroyed, this later can only be in the cold palace over."

In the past days, Li Meiren and He Guifei close, the Empress would not know, this time of course will not pull Li Meiren a hand.

"Your Majesty, Your Majesty ..." Li Beauty was first stunned for a moment, and then all of a sudden she violently pushed away the Sister who blocked the way, desperately chasing forward, her mouth issued a mournful and disoriented voice, in this harem, without looks, it is a road to death, and it will also die a miserable death.

Before she did not see the emperor, she still stored some hope, now what hope is gone, this later waiting for her will be endless torture and loneliness, and even insults, she can even foresee her own future miserable end, not only her, but also the kind of Li's clan.

At this time, Li Mei Ren was truly desperate, and she didn't know where the strength came from to make her push away the sisters who blocked her way, only in the next moment, she was pulled back by two roughly made sisters.

Li Beauty desperately struggling, screaming miserably to look at the emperor who has gone almost out of sight in front, "Emperor, Emperor, Emperor, Emperor save me ... Emperor save me!"

How much hope she had before, how much despair she had at the moment, it was as if something in her mind was taut, she screamed frantically, frantically pushed away the person who grabbed her hand, and frantically lunged forward, she couldn't let His Majesty go just like that, she was still salvageable, she could still regain her appearance, it must have been like this, it must have been someone who was jealous of her flower-like appearance.

"Beauty Li, the Emperor has left!" The Empress Mother appeared in the ear with a few moments of grim laughter, Beauty Li froze for a moment, turned back with a few moments of dullness, and with difficulty landed on the Empress Mother's grim, mean face with a smile, and suddenly seemed to understand it all.

Turning to pounce on the Empress Dowager, her mouth frantically shouting, "It's you, it's you bitch who caused me, it's you who caused me, I'm going to kill you!"

Speaking and pounced on the Empress Dowager, someone behind her hurriedly grabbed her, but both so, she is still hands and feet to pounce on the way, face wrapped in the white cloth has long been in the struggle scattered down, the original pretty face, blood blurred with medicine powder, let see the palace maids one by one to be shocked.

Even so, Beauty Li's gaze remained frantic. Glaring fiercely at the Empress Dowager, as if the Empress Dowager in front of her was the culprit for her harm, she struggled madly to pounce on the Empress Dowager.

"Empress Dowager, she's gone crazy!" Looking at such a Li Meiren, Consort Xiang, who was following the Empress Dowager, whispered.

Yue Zhaoyi who was still standing beside her backed away in fear, such Li Meiren is indeed crazy, not only madly cursing the Empress Mother, but also want to pounce on her, her eyes are so crazy that people are afraid, even if she reveals such a face, she doesn't care any more, that's really crazy!

Otherwise at this time, Li Mei Ren should be covering her face.

Where is the semblance of the old show of beauty in such a look!

Yue Zhaoyi and Li Meiren two live in the two sides of the Xiangfei, in the past days the relationship is not very good, jealousy has always been there, who also look at who is not good, but at this time Yue Zhaoyi but feel pity for Li Meiren.

It was also truly and correctly understood that Li Mei Ren was truly ruined!

"Men, take her down." The Empress Mother snapped, "Just take her to the Cold Palace and lock her up!"

The fact that the Emperor turned away originally made his point.

Over the two chamberlains pulled Li Mei Ren down, Li Mei Ren struggled desperately, helplessly even if she was extremely crazy, but also not the opponent of the two chamberlains, was dragged down to the ground, still being pulled out, leaving a blood trail on the ground.

"Beauty!" A palace maid cried out miserably and leapt forward, seemingly trying to free Beauty Li from the hands of the two chamberlains.

Being pushed away by a chamberlain, the courtesan called out "beauty" again in despair, and then slammed into a pillar on one side.

This time, no one was expecting it, only to see that the courtesan hit, immediately her body was soft, and she fell down heavily.

The Empress Dowager was closer, and some blood splashed onto her skirt, frightening her so much that she involuntarily took two steps backward, her face immediately turning pale.

It wasn't that the Empress hadn't disposed of people in the past, it just wasn't this close, and the courtesan's dead eyes, glaring over in death, were as if they were glaring at her.

"Empress Mother, she's dead!" A chamberlain rushed forward and after taking a closer look, returned to report respectfully.

The Empress set her mind and her face went cold, "If you're dead, throw it away!"

"Yes!" Over came two chamberlains, one on each side, pulling the already dead courtesan down.

With this place being so obscure, the Empress naturally didn't want to stay here to take care of things, so she led Consort Xiang towards the main hall.

After resuming her seat, the Empress asked about the courtesan of Li Meiren's beloved, she still needed to check the matter between Cai Buai and this beloved courtesan.

"Empress Mother, Beauty Li's beloved palace maid is the one who bumped into her just now." Yue Zhaoyi laughed bitterly, she was there just now, of course she saw it clearly.

"Just square this?" The Empress frowned.

"Empress Mother have someone check again, there might be more!" Yue Zhaoyi didn't dare to confirm either and hesitated for a moment.

Xiang Fei sent people to call a few Li Meiren's palace people back, all said that the party bumped into the death of this courtesan is Li Meiren's side of the big courtesan, in the past days Li Meiren have anything, are let her do.

The Empress Mother waved her hand, a group of courtiers went down, each with a mournful face, Li Mei Ren was finished, and they, the courtiers, naturally had to be reassigned where to go.

Who knows what this will be assigned to in the future.

There is even the possibility of being assigned to follow the Li Beauty who was beaten into the cold palace, who wants to go to the cold palace ...

“Empress Mother, you see ...” Xiang Fei looked to Empress Mother, things have come to this point, she, the main palace head, although not related, but the same feel unlucky, good how to cause such a thing to come.

Li Meiren is how stupid, gave people as a knife to use, along with her also in front of the emperor and the empress mother, was lost face.

She was the head of a palace, Li Meiren and Yue Zhaoyi were both her people here, and in the future, as long as someone mentioned Li Meiren, it was not unlikely that someone would ridicule her for not disciplining her properly.

“This matter will be here, Li Beauty’s residence clean up, wait for the future to have a new person to live in is.” The Empress has calmed down at this time, since the clues of Li Mei Ren here are broken, then go directly to find the buyer is, always have to make things clear, the emperor there will be satisfied.

After such a thing happened in the harem today, the Queen Mother also felt disgraced, she was the head of the harem, no matter who had the incident, it would make people feel that she, the head of the harem, was not disciplining well.

As long as she thought of the cold look at herself when the Emperor was leaving just now, the fire in the Empress Mother’s heart was also running up and down uncomfortably.

That cat is He Guifei’s, things seem to be related to He Guifei, why this bitch has nothing to do with it, but he also fell all the wrong!

That little picker, she must find it faster, must withhold something about that bitch from his mouth, she just can't believe that this matter has nothing to do with this bitch at all ...

Chapter 504 It's just a fake

Picking is gone?

While everyone was looking for this pick, this little chamberlain pick was actually nowhere to be found.

People in the palace are looking for, people outside the palace are also looking for, but the last news is that this buy, early this morning left the harem, to dusk time has not returned to the palace.

Inside the palace has been looking for several times, outside the palace has also sent the people of the Ministry of Internal Affairs to secretly check, just ask and ask, all let him in the morning, leave the flower and bird market, and then there is no context.

Everyone thought he had returned to the palace, but in fact he had not returned to the palace, he had just disappeared all of a sudden, as if the man had never existed.

Originally, the matter of a small picker wouldn't have attracted anyone's attention, but on the contrary, now that he had become the only key figure in the incident of Li Mei Ren, he had suddenly disappeared.

It also adds to the feeling that this is not a simple matter, and may be more than just a beauty.

Just the key person is gone, even if more suspicion is no way, the Empress purposely went to the Emperor's Royal Study Room, report this matter.

This matter has come to this point, she can no longer investigate, the only way to submit the matter to the emperor.

In addition to the Emperor, only Pei Yuanjun was in the imperial study, and after bowing to the Empress Mother, Pei Yuanjun was still lazily reclining on top of the wide nanmu chair with a few moments of idleness, looking very relaxed.

Empress Dowager is inexplicably not smooth, her own son, a country's Prince, in front of the Emperor, and still restrained very much, by what a county king, but can be in front of the Emperor so wantonly.

Just have too much dissatisfaction loathing, the Empress did not dare to show it, mildly looked at Pei Yuanjun before turning to the Emperor, his face sank, reported the matter to the Emperor one by one, as for the focus of this picking of course mentioned.

It's just that this pickup is now looking all over the palace and beyond, and there's nothing left, so she really can't do anything about it either.

"Your Majesty, Li Meiren plotted against the fourth young miss of the minister's residence, and was sent to the cold palace, she is now insane and has been retributed, right now let her be alone there in the cold palace to be well taken care of!" The Empress said the disposition of Li Mei Ren, a crazy beauty, and still disfigured, the Empress felt that there was no need to care.

What she cared about had never been a small beauty, but that bitch, He Guifei.

The Emperor nodded with a sullen face.

"As for the Qu Mansion, I feel that I should send a gift over to suppress the shock, it is always sudden to cause such a thing, and the fourth miss Qu is that soft and weak, I'm afraid that she has suffered quite a shock." The Empress Mother softly proposed again.

The Emperor nodded this time as well.

"It is that cat thing ... my concubine can not think well for a while, out of such a thing, that cat ... even if it is He sister's, I am afraid it is also a little inappropriate."

The Empress raised her eyes to look at the Emperor's complexion and brought up the most important point.

This is something she got herself into, why does that bitch have nothing to do with it!

The emperor was silent for a moment, did not speak directly, a good half-long time before he said unhappily, "But it is a cat, what can it know, Li Meiren is ill-intentioned, deliberately borrowed the cat from He Guifei, want to harm the fourth miss of the Qu Mansion, is should be punished, just this cat, even if."

I can't believe you just let the cat out of the bag?

Empress Dowager almost couldn't believe her ears, although she knew that there was bound to be no more than a few of this matter torn to He Noble Consort, but now that even this cat had nothing to do with it, it really annoyed her to no end.

"Your Majesty, that cat scratched Beauty Li, so how can you not treat anything?" The Empress Mother argued with reason.

"Well, go down, it's just a pet, just for fun, Beauty Li made her own mistakes, no one can be blamed, and no one can be blamed for this cat, you don't have to care about this, I will handle it, the Empress is fortunate!" The emperor waved his hand impatiently, signaling the empress to go down.

The Empress Mother was indignant, but after looking at the Emperor's face, she knew that she couldn't be impulsive at this time, and secretly gritted her teeth, and after bowing to the Emperor, she turned around and left in a dignified and decent manner.

She was the Empress of the Central Palace and could not lose her temper or her manners!

This matter, she will still secretly investigate, she does not believe that this matter has nothing to do with that bitch He Guifei?

When the Empress left, the Emperor's brows were still locked, and he couldn't read the case file in his hands, only feeling annoyed and abnormal, he raised his eyes to Pei Yuanjun on the side, "What does the King of Utopia County think?"

"That cat should naturally be disposed of!" Pei Yuanjun did not think that the road, eyes flooded with a touch of deep, "a cat that scratches people to keep what for, for the minister before when I entered the palace, but also saw, directly let a person thrown in the pool, just but did not die and caused such a big trouble!"

"You!" The Emperor smiled bitterly, he naturally knew that Pei Yuanjun didn't like the cat and was helpless, "This cat is bound to be just a tool after all, the main thing is the human heart."

"How about the heart, but if there is no tool, it is actually useless, this cat is not a good one to look at, it says it is gentle and obedient, but in fact it is all superficial, for the minister next time I see it, I will also throw it out." Pei Yuanjun was full of concern.

"That was Noble Consort He's favorite." The Emperor chided.

"It's just a fake, I heard that in the past ..." Pei Yuanjun said without thinking.

A hint of pain appeared on the Emperor's face as he waved his hand to stop Pei Yuanjun's words, "Alright, let's leave this matter at that!"

"Your Majesty, how can it end here? Something almost happened to the people who worked for the minister!" Pei Yuanjun said in a serious manner.

Once he saw him acting like this, the Emperor felt his teeth ache and reached out to press the corners of his mouth; "I will have the Empress Mother bestow a gift to weigh down Fourth Miss Qu."

"Is that all?" Pei Yuanjun was not quite satisfied.

"What more do you want?" The Emperor looked at him and felt his teeth hurt even more.

"The Harem is going to repair the palace, why don't you ask for this errand for the minister and let Servant Qu cooperate fully with the minister, how about it?" Pei Yuanjun asked with a disinterested smile, raising his handsome face.

"You want the Ministry of Public Works to repair the palace?" The Emperor asked in surprise.

"Originally there wasn't much going on, the Western Prison there has been peaceful lately, not many people have come to complain, for the minister felt nothing, and wanted to ask for an errand, and it just so happened that I heard that there was a matter of repairing the palace." Pei Yuanjun smiled faintly, his handsome eyes slightly raised, his eyebrows deep.

"Good, good, that's great!" The emperor's eyebrows between the tangled place loosened a bit, "originally wanted to find you, afraid that you have too many things, both so, this thing let the Ministry of Public Works there to cooperate with you to act, everything according to your idea repair is!"

"Many thanks, Your Majesty!" Pei Yuanjun stood up and gave a deep salute to the Emperor before straightening up and saying, "It's getting late, so I'll be excusing myself!"

Looking at him, when he brought up Beauty Li's case just now, saying a word for the Qu Mansion's young lady was just a scene.

The Emperor was even more relieved.

After Pei Yuanjun left the imperial study, he went straight out of the palace and got into the carriage that was guarding the palace gate, and when he got into the wide carriage, his body leaned back lazily and his eyes closed slightly, "Where are the people?"

"Already taken away!" Ji Hai hurriedly replied, knowing who his master was asking about.

"Who else is inquiring about this?" Pei Yuanjun asked meaningfully.

“Those in the palace include Empress Dowager, Noble Consort He, and there are quite a few people outside the palace, including Servant Qu’s.” Ji Hai picked a few important ones to say, as for the list of all those who were secretly reaching out, he had already had people prepare them in the palace.

Who would have thought that there are actually quite a few people behind a small pickup.

It’s just that no one is as fast as their own master ...

“Miss, Third Miss is losing her temper and smashing things!” Sister Miao hurried in to report.

“This would be a tantrum?” Qu Mo Ying looked up and said meaningfully.

“Yes, it was also quite a big hair, I heard that it was when the Dowager Lady sent Sister Wu over to help her pack up her things, she deliberately lost her temper and made a lot of noise, and didn’t care that Sister Wu was the most useful beside the Dowager Lady.” Sister Miao said.

This matter is now known to many people in the mansion, but what exactly is going on, she is not sure, after asking a few people, they all said they did not know, they only said that Grandma Wu brought someone over to pack up for the third young miss.

Is this a case of being kicked out? Sister Miao was still very happy, if the third young miss was kicked out of the house, her own young miss would be in much less danger, which was really a good thing to think about.

“Third Miss is going to be driven away?” Yu Chun’s eyes lit up, and obviously thought of this reason, the people around Qu Mo Ying were all deeply jealous of Qu Qiu Yan, the Third Miss.

The things that happened in the palace today, and the scheming of the third miss Qu, under the careful consideration, the viciousness is frightening, and even this has a connection with the palace, Qu Mo Ying’s side of the people are all tense, they are afraid that Qu Qiu Yan is too powerful.

This matter, fortunately escaped once, does not mean that there is escaped twice, the best is that the qu three misses were driven away, and never see their own young lady again.

"It will go!" Qu Mo Ying stood up and walked to the window, his gaze looking in the direction of Qu Qiu Yan's Hibiscus Pavilion.

This thing, cheap father can't pocket, also dare not pocket, bound to send all the trouble, in fact, not just Qu Qiuyan, there is also their own, just for their own, cheap father I'm afraid to think more, so a time did not do it, after all, their own things, or in the open, besides their own back there is also a Pei Yuanjun.

Compared to Pei Yusheng's ambiguity, Pei Yuanjun had always been arrogant and strong, and had previously punched Qu Zhizhen in the face, so that he didn't dare to act rashly.

"Miss, should we ... then," Sister Miao suggested.

Qu Mo Ying shook her head, interrupting Sister Miao, "Let's not do anything, just watch."

This matter, Qu Qiuyan even if not exposed in the palace, but in the house has been exposed, right now want to cry to make Qu Zhizhen beat a retreat? That is impossible!

With Qu Zhizhen's nature of mind, all he could think of was to push out the root of the trouble!

The corner of the lips wordlessly hooked, crying? Right now this kind of time on the crying, this later crying when there are more, to this will be their own cheap father has not come back, visible busy not one or two things ...

Chapter 505 The Scourge is Sent out the Door.

In the living room of King Jing's mansion, it was quiet, neither Pei Yusheng on the main seat nor Qu Zhizhen on the guest seat spoke.

For a good half a second, Pei Yusheng's fingers flicked on the desktop and raised his face to look at Qu Zhizhen, "Would it be too much of a loss for Third Miss Qu to let your third young lady enter this king's royal residence at this time?"

“Your Highness, if there is no way, the next official ... why would the next official be here!” Qu Zhizhen laughed bitterly, his face full of worry, “In fact, not only Yan Yatou, there is also Shadow Yatou, my humble servant is afraid that something will happen to them, inside the palace, even if it’s a small matter, it’s still a big matter, who knows how it will be back there!”

The cause of the matter, he had already made it clear to King Jing just now.

“The Squire still has to go to Uncle Wang’s residence?” Pei Yusheng understood.

“The next official, the next official also do not know how to do!” Qu Zhi Zhen head down, reached out and pressed and rubbed twice, “The only thing that the next official has are these two women, and they are not too old, but Li Beauty’s matter is not known how to this day, the next official has no choice but to save one, is one!”

The things inside the palace, now sounds with the Qu House of the two young ladies have no relationship, but if it is forced to pull up, there is still a certain relationship, after all, one is the object of Li Mei people want to harm, the other is also kindly sent the medicine powder, but these medicinal powder is not suitable for scratching, but instead of snow to add to the frost.

Looking at it this way, these two Ms. Qu were really involved, and it was no wonder that Qu Zhizhen begged to come to the door in six different ways.

Pei Yusheng was self-conscious that he was a lot nicer to talk to than Uncle Wang, and it was justifiable that he approached himself first.

“Servant Qu can find this king, this king is naturally happy to help, this king has originally spoken to mother consort, Miss Qu San is the first person this king has engaged, even if she is not the rightful consort, this etiquette is not simple, right now since Servant Qu is in trouble, begging this king to shelter Miss Qu San, so be it, then let Miss Qu San enter the king’s mansion today!”

Pei Yusheng leisurely said.

He didn't care at all about the matter of Li Mei Ren, but to be able to take advantage of Li Mei Ren's matter to downplay Qu Qiuyan's matter, and without damaging his own interests, Pei Yusheng felt that this was a good thing.

He is currently in love with the daughter of the auxiliary general, but Qu Qiuyan here is also not willing to give up, on the one hand, he still has a few feelings for Qu Qiuyan, on the other hand, it is also because of Qu Zhizhen in the, compared to the other veteran ministers, Qu Zhizhen counts as young and promising.

Since Qu Zhizhen is not willing to wait for the formal ceremony to finish, and then send his daughter in, to be at this time in a hurry into their own house, Pei Yusheng of course does not care, with him, there are only benefits, there is no harm, as for Qu Qiuyan in the future in the presence of the other wives and concubines, lost face, Pei Yusheng also think that it is not a big deal.

At most, a few more favors in the future is all.

"Thank you, Your Majesty, thank you, Your Majesty!" Qu Zhizhen let out a sigh of relief and said in a loud voice.

"Squire is courteous, since then, this king and Squire Qu are the relationship of father and son in law, there is no need to be courteous." Pei Yusheng said with intent.

What this meant was that Qu Zhizhen would be moving closer to his side, which pleased him.

Although Pei Luoan was the crown prince, the people around him who supported him might not be as many as himself.

"My humble servant wouldn't dare!" Qu Zhizhen hurriedly said, since the matter was done, it was inconvenient for him to stay any longer, he stood up to take his leave, and made an appointment to send Qu Qiuyan over immediately after he returned.

Pei Yusheng agreed in one mouthful, and made a point of sending him to the door of the living room, when he saw Qu Zhizhen leave, his face couldn't help but show a hint of a smile, to be able to let Qu Qiuyan enter the door without doing anything at this time, for King Jing, it was a great thing.

On the one hand, he wants to pull together the House of Qu, on the other hand, also thinking of the daughter of the auxiliary generals, I heard that it is about to go to the capital, this time first let Qu Qiuyan ripples into their own house, that is a good thing, the future said when, but also can say is Qu Qiuyan their own early calculations of their own into the House of Qu, there is anything that can be pushed into the Qu Qiuyan on the words.

In front of this Miss Liu, one could still look particularly affectionate.

Inexplicably recalled the memory of that shadow, heart a hot, face can not help but reveal a heartfelt smile, Qu Qiuyan although still quite fit his own heart, but after all, can not be when their own right consort, if the daughter of this great general Liu really fit the heart of the desire, he might as well give her some more face in the future, the favor will not be less than the Qu Qiuyan.

With the position of being the main consort and being able to share the favor equally with the favorite concubine, Pei Yusheng felt that if this Miss Liu still didn't marry herself, she would really be out of luck.

A chamberlain suddenly hurried to his side and called out in a low voice, "Your Highness!"

"What is it?" Pei Yusheng gathered the smile on his face and asked, this chamberlain was not from his royal residence, it was from the palace at Noble Consort He.

"Your Highness asks you to enter the palace!" The chamberlain lowered his voice anxiously.

"At this time?" Pei Yusheng froze, it would be almost into the evening.

"Yes, this is the time, you hurry!" The chamberlain bowed and replied.

Pei Yusheng frowned, this is an emergency, in the past at this time, mother consort, even to avoid suspicion, will let themselves leave early, where will they let themselves into the palace at this time.

The heart no longer hesitates, to the steward of the command a few words, let him in a moment Qu Fu sent over the third young miss placed well, himself with a few chamberlains out the door.

Qu Zhizhen hurried back to the house, Qu Qiuyan is still making a scene, just to see Qu Zhizhen immediately stopped, and no longer dare to make a scene, Qu Zhizhen also did not care how much she cleaned up, so that the green chrysanthemums to follow her out of the door, but also let a small sedan chair to prepare for, intends to immediately send the root of this scourge into King Jing's House.

King Jing hadn't noticed anything at this time, if he guessed something, Qu Qiuyan wouldn't have been able to enter King Jing's residence so simply!

Whether there was something or not, Qu Zhizhen just wanted to send this daughter away, far away, and let King Jing take care of those things that were left behind!

Qu Qiuyan where willing to go to the King's House at this time, even if she is in the boudoir, but also know that at this time there is not even a ceremony, directly into the King's House, seemingly nameless and unprofitable.

Her reputation as a concubine consort was already low, and now she didn't even have a ceremony at this time, so what would other people say about her, and wouldn't she be at a disadvantage when she interacted with people in the future?

But she did not dare to disobey the words of Qu Zhizhen, especially listening to Qu Zhizhen said that the palace are checking into the matter of procurement, the Empress Dowager is checking, where there is still concern about crying aggrieved, rushed to bring all the things that can be seen, not only the green chrysanthemums carrying a few parcels, she herself is also holding a large parcel.

These are all saved in the past days, can be taken away at this time all, of course she will not leave behind, the other things she actually want to bring, but helplessly where to bring at once, can only helplessly give up.

This will be in the heart to re-determine the idea, even if she lost face, anyway, her concubine concubine consort position is set, into the King's House, now is the King's House backyard only female master, and so on in the King's House, she took power, and stood firm, and then come back to step on the face of the Qu Mo Ying.

Next time, when she deals with Qu Mo Ying again, she will no longer be the third miss of the Qu Mansion, but the concubine consort lady of King Jing ...

The steward in King Jing's mansion had already known about this matter, and when he saw the people from the Qu Mansion coming over, he led her straight to the prepared courtyard, which was a bit remote.

When Qu Qiuyan saw the remote, smaller looking compound than the Hibiscus Pavilion she herself lived in before her eyes, she immediately stopped in her tracks, her willow brows knitting lightly, "Where's His Highness?"

"His Highness has gone to the palace!" The steward said with a smile.

"This place is too remote, find me another place." Qu Qiuyan looked up at the courtyard and said unhappily, "Is this place for a concubine consort?"

This place is really for Qu Qiuyan to live, in fact, as early as before Qu Qiuyan did not enter the door, Pei Yusheng had already arranged for such a place.

His consort has not been determined, and the consort also has the intention to please, since we can not let Qu Qiuyan too crazy, let her live in some of the partial, some simple, the future on Miss Liu, or have something to say.

"This is what His Highness ordered early for the concubine consort." The steward was stunned, he would not dare to offend this Third Miss Qu, although this Third Miss Qu is now in the residence, some incongruous, but his own prince was still very attached to this Third Miss Qu before, even if it was rushed a bit, it is not something a steward can discuss.

"How am I to find His Highness in such a place, too small and too remote? Change!" Qu Qiuyan snorted coldly.

She was suddenly kicked out at this time today, and already had a hard time getting over it, so when she saw such a yard, a mouthful of bad gas suddenly came out.

If it is not the damn bitchy girl, where do they need to be so stifled to live in such a courtyard, if they have not yet entered the King King's House, it is perfectly possible to let the grandmother and father to mention their opinions, but this will be their own to come in, and then let them mention it is also too late, Qu Qiuyan today received a beating, and this will meet with the Qu Zhizhen heart balked, since they do not dare to mention this kind of request.

It was just that the one she was balking at was only Qu Zhizhen, not this King Jing's House Steward in front of her.

"This is what the king ordered, the slave does not dare to specialize himself." The steward carefully said.

"Pah!" The steward took a step back with a heavy slap.

"How dare you, I'll change wherever I say, is there anyone living in that courtyard over there? If there is no one, I will go there." Qu Qiuyan reached out to the east and pointed, just now she saw from afar that there is a courtyard over there, the range is great, the view is also good, looking at this terrain should also be in the middle of the main courtyard, even if she is a concubine concubine consort, then she is also the first to enter King King's House, of course the first to pick.

The steward's covered his face and looked at that one spot, his heart became more and more bitter, that one spot was really the main courtyard.

"Concubine Concubine, this ... is a place prepared for the future main consort." The steward's helplessly explained.

"The main consort has not yet entered the door, this matter will be discussed later!" Qu Qiuyan laughed coldly, some words she did not say, the so-called main consort, she felt that it will not be more favored than herself, even if it is the occupation of her main courtyard so what?

She can't be the main consort, then be a favored consort, and in the future, she will also be as favored as the Noble Consort in the harem, so that even the Empress Dowager will have to be at a disadvantage when confronted with her.

Of course, if there is a chance that in the future, she can step on the face of the main consort, ascend to the main consort, and ascend to the throne of the queen, Qu Qiuyan thinks that she is also able to do so.

No matter what, with King Jing in, one does not have to be aggrieved, this is not the Qu Mansion, there is no Qu Mo Ying this bitchy girl in, this backyard of King Jing's Mansion is all by itself, so why should one care.

See her actually really want to go to the main courtyard over there, the steward of the anxious, hurriedly chased up, while chasing while persuading, but no Qu Qiuyan can not listen to a word, but just to the direction of the past, is walking, suddenly saw the opposite side of a group of people to come, when the first one is Pei Yusheng.

Qu Qiuyan stopped her steps to cheerfully welcome her, but did not notice Pei Yusheng, who also saw her, with a face of anger ...

Chapter 506 One minute too early, one minute too late

"Your Highness!" Qu Qiuyan picked up her skirt and ran towards Pei Yusheng, a delicate and joyful smile on her face.

Pei Yusheng's face was grim as he watched her come over, and when she got close, he stretched out his hand and gave her a hard slap.

"The king ... king ..." Qu Qiuyan did not expect to run over full of joy, greeted her with just a slap, was instantly blinded, reached out to cover her face, her eyes reddened.

"Tell me ... what you ... have done?" Pei Yusheng said in a hateful voice.

Before entering the palace, he was still full of pity for Qu Qiuyan, and repeatedly told himself in his heart that he had now wronged her, and that if he had the opportunity in the future, he would definitely not wrong her again.

But now, it only felt that the more the delicate woman in front of her looked at, the more disgusted she became, not only was she too stupid to reach out, but now she was also leading this disaster to King Jing's House, and even teamed up with Qu Zhi Zhen to deceive herself.

He also only just realized that in the matter of the seasonal beauty, this third miss Qu seems to have intervened, but now it is just not investigated, that the person who bought it suddenly disappeared, and I do not know in whose hands it fell.

But as long as people do not die, the future may turn out, this kind of thing, even if the time is longer, the emperor will not forget, equivalent to is buried an important hidden trouble, and with this hidden trouble has a great relationship with the Qu Qiuyan, but into the door of the King's House.

If this is later rehashed, someone will certainly take this matter to impeach Pei Yusheng, and will feel that Pei Yusheng has interfered, and the purpose is certainly not just Li Meiren.

A small Li Beauty was not worth his King Jing's hand, and would even bring out the He Noble Consort inside.

If it was just a matter of a lent cat, He Guifei didn't think that it could lead to her, and the matter of Li Meiren going out to hang around for a while with a cat in her arms had happened in the past days, and not just once or twice.

As for Li Meiren's ill-intentioned intention to go over to the Qu Tai Fei, wanting to plot against the Qu Mansion's fourth young lady, it is also Li Meiren's calculations, and can't be dragged into He Guifei's body.

But Qu Qiuyan is not the same, Qu Qiuyan's suspicion is very big, think about it Qu House fourth miss into the palace news is who spread out? And her injury medicine after the incident seems to be no problem, but is not it can be said that it is also early preparation under the?

He Guifei think there is something here, specially anxious son called into the palace to instruct a sentence, let him recently away from the House of Qu a little farther, and wait for this matter to be resolved before saying.

She just didn't expect that her movements were still a bit slow, and Qu Zhizhen actually shamelessly sent Qu Qiuyan to the door in person, or rather pushed Qu Qiuyan, the root of the trouble, to King Jing's House.

How can He Noble Consort not be angry, reprimanded her son, things have come to this point, people have already entered the King's House, he can not retreat even if he wants to.

"I ... I ... don't have anything going on! I really don't know anything, Your Highness, it's all that bitch Qu Mo Ying who wronged me."

Qu Qiuyan hadn't yet put herself into the concubine status of concubine consort, and she still referred to herself as "I" when she opened her mouth.

This would be even more of a sadness-ridden way to push things onto Qu Mo Ying.

Unexpectedly, such words made Pei Yusheng more and more furious, pushed Qu Qiuyan, who was leaning over, and took out a piece of handkerchief from his bosom, wiping it vigorously in his hand as if he were wiping something dirty, and then threw it hard into Qu Qiuyan's face, and coldly said to the steward on one side, "Still don't take the person away!"

He will not have the heart to say anything to Qu Qiuyan, have to find uncle to discuss this matter, originally thought he took advantage of a cheap, now realize that this matter is afraid there is a follow-up, Qu Qiuyan people are into the house, he is now as visible, swallowed not as difficult.

I'm just afraid there's a follow-up to the pickup.

This will where there is still heart into the meeting Qu Qiuyan, turned around and led the people to stride towards the study.

"Your Highness, Your Highness!" Qu Qiuyan looked at Pei Yusheng's back with tears in her eyes and said na na na, but she didn't dare to raise her voice again to draw Pei Yusheng's attention.

Originally thought into the King King's House, this later King's House is their own world, with King King's love for their own, even if there is a formal consort in the future, so what, she herself accounted for all the timing, location, and people and.

When she entered the mansion, she had also figured out that although she had lost face, what about in the future? With King Jing's favor in, who can peek at himself.

But now, Pei Yusheng's slap made her realize soberly that she was now the concubine consort of King Jing's House, just a concubine, a concubine that King Jing could beat and scold whenever he wanted.

Tears fell in bunches, humble to the extreme, she even felt that people on both sides were looking at her as a joke while she could do nothing about it, seriously counting, she was a concubine and aunt of the stream, and she was also a concubine who had been slapped by King Jing.

"Concubine Qu, please!" The steward's voice was no longer as respectful as before, and even carried a few hints of a mocking smile.

The king's attitude had said it all.

If this concubine concubine consort Qu made any more trouble, he wouldn't mind having someone pull her back and make her realize who was the master of the King Jing Mansion.

Qu Qiuyan closed her eyes hard, then wiped her tears with a handkerchief and nodded, "Let's go!"

After saying that, she turned around and headed to the way she came before, she soberly realized that since she entered King Jing's mansion, she should familiarize herself with her own identity, at the moment, she is no longer the rightful master of this mansion, she has to gain King Jing's favor before she can exercise the master's power, without King Jing's favor, she is nothing in this mansion!

It was Pei Yusheng's slap, as well as a piece of handkerchief and the steward's arrogance that taught her to be a new person. ...

She wants to be favored and she has to deal with Qu Mo Ying ...

The steward looked at the noisy, supple left Qu Qiuyan stunned for a moment, just now and now, is simply a person for a change, and then a turn of the eye, this concubine consort is to let him open his eyes, look like a can bend and stretch, is not a straw man ah...

Qu Zhizhen left the Qu Mansion after arranging for Qu Qiuyan's affairs and went to the Utopia County King's Mansion.

He waited for a long time at the entrance of the mansion before word was sent inside to let him in.

Qu Zhizhen followed behind one of the chamberlains, it was already late in the day and lanterns had been hung everywhere in the royal residence.

Shining everywhere in the scenery more and more colorful, just Qu Zhi Zhen which have the heart to enjoy the scenery, followed the chamberlain into an outer study.

Behind the study on top of the wide chair, Pei Yuanjun sat on it, under the light handsome face with a few points of elegance, raised his eyes, eyes deep as water.

Qu Zhizhen hurriedly stepped forward and saluted.

After Pei Yuanjun accepted his salute, he didn't allow him to take his seat, but just leaned back and lazily said, "Servant Qu suddenly came to this king's residence at this time, I wonder what good things he has to say?"

"Your Highness, it's not a good thing." Qu Zhizhen laughed bitterly, his posture placed extremely low, "You also know about what happened inside the palace today!"

"This king does know." Pei Yuanjun smiled faintly and said in a slow voice, "It's just that this matter, what does it have to do with this king."

Qu Zhizhen was in a difficult position, seemed to want to say but didn't know where to start, peeked at Pei Yuanjun above, saw that he had no intention of opening his mouth, and could only say, "This matter, it has to do with the shadow girl."

"So?" Pei Yuanjun raised his eyebrows in disbelief, the corners of his lips hooking out a hint of a smile, revealing a bit of unintentional generosity.

"I want to ask if the king can ... help preserve the shadow girl." Qu Zhizhen finally opened his mouth and said the reason for his visit.

"What is the meaning of the guarantee, this king for a time but did not understand the meaning of the Qu minister?" Pei Yuanjun's sleepy phoenix eyes narrowed slightly, and the flow of his eyes seemed to be permeated with a stream of kites.

"Your Highness, the next official just went to the King's Palace, King Jing is willing to protect Yan Yatou, let Yan Yatou this time into the King's Palace, although the name of some loss, but after all, Yan Yatou, who knows a good time into the palace, will be out of such a thing, no matter it is Yan Yatou, or the shadow girl, are all the next official's daughters, the next official is not willing to any one of them have an accident. "

Qu Zhizhen lowered his head helplessly.

"It's just that this harem matter, my humble servant is powerless to do anything about it, so I can only hope for the two princes!"

Speaking of this, Qu Zhizhen's voice could also be heard to be thick with bitterness.

"So, you came at this time today in order to allow Fourth Miss Qu to enter this king's royal residence at this time?" Pei Yuanjun raised an eyebrow, a chill under his eyes.

"Your Highness, the subordinate official ... subordinate official is also no way, if it can ... who would like to let their first daughter at this time without any ceremony, like an inferior concubine into the king's residenceBut the subordinate official ... subordinate official ..." Qu Zhizhen was so sad and angry that his words could not go on.

At the moment he was just an old father whose earth could be used for power and had to commit himself and his daughters just to keep them alive.

Seems like a really good father!

“Servant Qu, is it because this king has not been in the capital for a long time that makes you think that this king is a good one to fool? Just like that fool who rushed up to let your family in to avoid trouble?”

Pei Yuanjun smiled, his narrow phoenix eyes raised high, flashing with a meaningful cold light, his handsome features under the light, more and more like a full-fledged immortal, only this full-fledged immortal body's hostility, raw this appearance like an immortal Utopia County King dyed into the king of the Cultivation of the King out of hell.

“My king's Western Prison has been relatively empty lately, if Servant Qu is interested, my king wouldn't mind letting Servant Qu take a look at it, or even Servant Qu can experience it for himself, after all, who let my king and Servant Qu have that kind of relationship!”

This was said extremely slowly, as if every word was implemented in Qu Zhizhen's heart, and by this kind of treacherous gaze from him, Qu Zhizhen had goosebumps all over his body, and his hand subconsciously clenched slightly in his sleeve before slowly relaxing.

“Your majesty ... subordinate officer dare not, subordinate officer just ...” Qu Zhizhen hurriedly explained, his forehead began to sweat.

Pei Yuanjun waved his hand and smiled slightly, stopping his next words, “Servant Qu, this king doesn't like to listen to explanations, and if anyone needs an explanation, they will all go to the Western Prison and wait.”

“Your Highness, my humble ... official excuses himself!” Qu Zhizhen's face turned white as he took a step back and bowed respectfully.

“Go! This king's people, when you want her to enter, when you want her to enter, one point earlier, one point later is not good, if something goes wrong ...” Pei Yuanjun laughed, his eyes brimming with a few

moments of palpitating gloom, like a bloodthirsty ferocious beast from the distant past, “If she didn’t enter this king’s royal residence at the specified time, this king doesn’t mind letting the entire Qu House be buried with her!”

Chapter 507 Shameless, Showing Favor

Qu Zhizhen still felt chills all over his body when he reached the door of the Utopia County King’s Mansion, the pressure Pei Yuanjun had put on him was so great that he stood outside the Utopia County King’s Mansion for a long time before he recovered.

A frown tightened his brow as he got into his own carriage.

With something like this going on in the palace, the best way to avoid trouble is to send both daughters away.

Fortunately, the two daughters are with a settlement, one is the King King’s House, a Utopia King’s House, anyway, are not the main consort, early into the house may also have a greater benefit.

Things went smoothly in the King’s Mansion, with a single word, the third daughter entered the King’s Mansion, the Utopia County King’s Mansion, and he was kicked out without even making his intentions clear.

In fact, before coming, Qu Zhizhen has also thought of this possibility, in the mansion also did not let the youngest daughter to pack things, besides than the eldest daughter, the youngest daughter is really innocent, even if not into the utopian county king’s mansion is also okay, he came over in fact is a kind of test attitude.

The attitude was similar to what he had imagined.

The corners of his lips could not help but reveal a bitter smile, the Utopia County King really does not care about his own daughter, but then again, does not care, is the Utopia County King’s things, he also has to protect, otherwise did not hear this Fierce Fiend King said, want the entire Qu Mansion to accompany the burial?

He already knew what to do now.

When the carriage returned to the mansion, the Qu Mansion was also lit with lanterns, and when Qu Zhizhen walked to the hanging flower gate of the inner courtyard, he turned in a different direction and went to Qu Mo Ying's Shallow Moon Residence.

This will only be night, shallow moon residence people have not slept, guarding the courtyard door of the granny saw far over is his own master, hurriedly went in to report.

Qu Mo Ying welcomed him to the door of the main house.

"Father!"

Qu Zhizhen nodded and marched towards the house, Qu Mo Ying followed him through the door, after the two sat down, the maid brought tea and retreated to the side.

"What happened in the palace today, you tell my father again." After Qu Zhizhen sat down, his face was heavy as he said.

Qu Mo Ying nodded his head, one by one, the things of today and recapitulate again, without their own subjective assertion, just on the matter, even on top of the matter of Li Mei Ren, also what to say, do not do their own meaning to explain.

Qu Zhi Zhen heard, the eyebrows are still tightly frowned, a good half a long time before placating her said, "this thing, for father's meaning, with your relationship is not big, it is obvious that Li Mei people want to assassinate you, also do not know who this Li Mei people, why do you want to assassinate you, but after all, she is the beauty of the palace, the eye is still not good to say, if someone comes back to ask about it, you are careful to cope with yourself is."

"Yes, father!" Qu Mo Ying said with lowered eyes and bowed his head.

"Your third sister ... has now gone to King Jing's residence ..." Qu Zhizhen coughed lowly and added, "After this... . there's not much chance of meeting with you."

"Grandmother has already sent someone to talk to me just now!" Qu Mo Ying faintly said.

"That's the best, for father originally also came to talk to you about this matter ... now she into the King's House, live is good or bad, is her one person's thing ... this thing is also she blame herself, but for father still hope that you not to say more about your third sister."

Qu Zhizhen admonished.

"Father, I understand, I didn't say anything in the palace before, so naturally I won't say anything here!" Qu Mo Ying said.

"That is the best! You are my daughter, before because of Yu s matter neglected you, in the future if there is an opportunity, father will make up for you, this time ... also! Send your third sister away, leave you in the mansion, and there won't be anything like this in the future!"

Qu Zhizhen said gently, with a few moments of pity.

As if he was sincerely guilty of Qu Mo Ying, he immediately sent his eldest daughter away after she had bad intentions towards his youngest daughter.

A comparison between the two is a good argument.

"Thank you father!" Qu Mo Ying softly thanked.

"Then rest early, it's fine, with father here, I'm bound to not let anything happen to you." Qu Zhizhen stood up and gently reassured his daughter again.

Qu Mo Ying thanked again, then sent Qu Zhi Zhen to the entrance of the courtyard, watching Qu Zhi Zhen leave in big strides, the corner of his lips silently hooked, Fang Zhi Zhen's words sounded as if he was bent on defending himself.

Sending away the oldest daughter, who was causing trouble, just to protect her youngest daughter!

Is this the kind of thing Qu Zhizhen would do? Given his cheap father's moral character, he would definitely plan to send away all the troublemakers, and would not leave her alone!

It just seems to have hit a nail on the head!

Qu Zhizhen is not someone who can sway Pei Yuanjun? The watery eyes slipped through a trace of dark color, this cheap father, really is what responsibility do not want to take, and also want to take advantage of this opportunity, fishing for more affordable benefits, as for the two daughters will be how, not at all in his consideration, right?

Is Qu Zhizhen just a man who values his son?

Thoughtfully glancing at Qu Zhizhen's back, Qu Mo Ying turned, Qu Zhizhen this person is not simple, she can't see through it right now.

Back to the house to sit down, Yu Dong continued to put the party things down, "Third Miss side of the gold and silver jewelry has been all packed up, can take away the small pieces are also all taken away, leaving only some large pieces that can not be moved, but when she left, but also deliberately ordered people not to move, said she will send someone over to move to King King House."

Qu Mo Ying slightly tugged at the corner of her lips, "Don't pay attention to her words, she won't come back to move it again, you go with Sister Zhou tomorrow to see which some of it is my mother's things and move it back!"

Even if Qu Qiuyan gained power in King Jing's House in the future and would really come to move, that would be a later matter.

"Yes, slave girl knows." Yu Dong nodded her head and looked outside again, her voice unconsciously lowered a few points, "Miss, do you think the Second Master came over today, what is it about?"

“To send me into the Utopia County King’s Mansion.” Qu Mo Ying was silent for a moment and slowly said, her watery eyes lifting and falling on the falling curtain, “Sending one is sending, sending two is also sending.”

“To ... send the young lady to the royal residence at this time as well?” Yu Dong was shocked and his face changed drastically.

“Naturally, that’s what I intend to do!” Qu Mo Ying faintly sneered.

“How ... how can this look, miss name is not determined, this time into the county king’s house, this ... this is afraid that even the name is also not, likelike the second miss ...” Yu Dong’s voice all stuttered twice.

Qu Mo Ying’s situation is still a little different from Qu Qiu Yan, Qu Qiu Yan at least is already set, Qu Mo Ying is now even the name is not, things are only very few people know, right now this time to send into the door, is indeed the same as the Qu Cai Yue a look.

“It looks like that’s what he thinks.”

Qu Mo Ying said carelessly, to Qu Zhi Zhen she has never had any thoughts, naturally she will not feel disappointed, for Qu Zhi Zhen, she is not standing in the perspective of a daughter to see the problem, and therefore she is more able to see Qu Zhi Zhen’s mind clearly.

Only this mind made Qu Mo Ying unable to guess.

A father doesn’t want his daughter to get well?

It’s not just her, there’s also Qu Qiuyan!

Anyone who enters the man’s mansion at this time without any semblance of ceremony is an extremely humiliating thing, and it may even affect the status in the future!

Qu Zhizhen's behavior is very confusing to Qu Mo Ying ...

Qu Mo Ying is not the only one who is confused about Qu Zhizhen's behavior, there is also Qu Mingcheng, after hearing that Qu Qiuyan was sent to King Jing's mansion, Qu Mingcheng hurriedly came over from the East Mansion, but didn't see Qu Zhizhen, and when he heard that he went out to go, he waited in the study and this will finally wait for Qu Zhizhen to come back.

"Father, why did you send your sister to King Jing's residence?" As soon as he saw Qu Zhizhen, Qu Mingcheng hurriedly came forward and asked.

"Why can't you send it?" Qu Zhizhen said coldly, a few moments of displeasure showing on his face as he sat down behind the book case in the center, his face grim.

"Father, if you send your sister into King Jing's mansion at this time, how will His Highness King Jing view her, and how will the world view her?" Qu Mingcheng eagerly said, stomping his foot hard, even though he was a man, he also knew that this matter was extremely unfavorable to his sister.

"What are you afraid of, your sister is still naturally a concubine consort." Qu Zhi Zhen mood is not good, cold voice rebuke, "this thing has nothing to do with you, you own good life to study is, don't make a little bit of small things, on a startled, your sister's things will be resolved by yourself, this later she is the King King's House of the concubine concubine concubine consort, early into the house for her good!"

"Father, what benefit can there be, she was originally just a concubine consort, originally low status, if the future main consort takes this matter, maybe even this concubine consort position can not be kept, father, why do you need to hastily send the person to King Jing's residence at this time, leaving such a big problem behind."

Qu Mingcheng said eagerly.

"There's no aftermath, right now it's unprotectable, your sister stirred into the incident of Li Mei Ren, Li Mei Ren has already disfigured her face, it's not surprising that it's your sister's turn next." Qu Zhizhen coldly snorted without being moved.

"Father, may ... may this matter can't be blamed on sister ah, she also has good intentions to do the wrong thing, moreover, didn't the Empress Mother let her come back, which means there is nothing wrong!" Qu Mingcheng was still arguing with reason.

"Nothing? I'm afraid you don't know that your sister and Li Meiren are scheming together, right? Right now, the only one who can protect her is King Jing, if she is still in the mansion, I'm afraid that she will have to be re-involved in this matter by then!" Qu Zhi Zhen's hand heavily slapped the table, shaking the tealight on the tabletop and almost jumping down.

"Father ... father ..." Qu Mingcheng was startled, involuntarily took a step backwards, this kind of shocked father, he has never seen before.

"You go down, this matter, not you can place a kiss, you have to remember, I do things, are for you, for the sake of this family, your sister at the moment also only in the King King's House, can keep nothing." Qu Zhi Zhen exhaled hard, waved his hand, his complexion slightly eased down and said, "You yourself read more books, when the time comes to get a good title, there are you and your father to back up your sister, your sister will naturally be fine!"

"Yes, father!" Seeing his shocked anger, Qu Mingcheng didn't dare to say anything else and could only bow his head and retreat.

Standing still at the entrance of the study, frowned and looked behind him, and then looked hatefully in the direction of the Shallow Moon Residence, since things had gone wrong, and things had gone wrong with his own sister, why was there nothing wrong with Qu Mo Ying?

Father did not say anything to send his sister away, but no action on that girl, Qu Mingcheng and will not be annoyed, hate to look in the direction of the shallow moon residence, eyes hate ruthless, that girl, he will not leave her ...

Chapter 508 This is the end of the line

The color of the night was like water, very elegant, Qu Mo Ying lay on the bed, but could not sleep for a while.

Her sleep had never actually been very good, she would always wake up from her dreams with palpitations, several times a night, with all sorts of bad scenarios swarming around, sometimes making her unable to tell if it was a dream or not reality for a while.

Now again, suddenly opened his eyes, was dreaming of the Lin Yuan Pavilion on the Ji You Ran hideous grinning face scared, subconsciously reached out to cover his chest.

The heart was definitely beating much faster than usual.

“What, awake?” A voice suddenly came from his ears, startled Qu Mo Ying looked back in shock, only then did he see that there was actually a person lying diagonally beside him, Pei Yuanjun, when did he come in, and also lie down beside himself.

He was reclining on his side, and it was hard to see his face.

“How is the king ... here?” Qu Mo Ying pressed his hand and tried to get up.

His body was pressed down by the large hand that reached out, and in his ear was Pei Yuanjun’s lazy voice, “This king couldn’t sleep, so he came over to take a look and ask about what was happening in the palace.”

Is it to ask about Beauty Lee?

This matter is also indeed can be big or small, Qu Mo Ying nodded, and then said once and for all, this time is not like with Qu Zhi Zhen said, some of their own subjective consciousness also added in, said also more detailed, and even Qu Qiu Yan’s actions in the inside, also one by one on the control.

Only after she finished speaking did Qu Mo Ying slightly knit her willow brows and asked, “Your Highness, who do you think is behind Beauty Li?”

A beauty, and one that had never been seen before, could not be so hostile to herself; once by chance, but several times? Clearly this was a calculated reckoning.

“Beauty Li went crazy, Cai Buai disappeared, and the palace maid beside her who was connecting with Cai Buai crashed and died.” Pei Yuanjun leisurely said, in the darkness although he couldn’t see his face, but think to know that this one wasn’t surprised.

What happened after leaving the palace, Qu Mo Ying didn’t know, this would hear about it and was also shocked at first.

“No leads?”

“Nope!” Pei Yuanjun lazily said, the whole person with a few points of lethargy, “This matter has already passed, it has nothing to do with you, don’t worry that is, it’s just that your father, who is jumping up and down today, is rather busy.”

“He went to the Utopia County King’s Mansion?” Unable to see clearly in the darkness, Qu Mo Ying was silent for a moment and asked.

“To let you enter this king’s royal residence at this hour.” Pei Yuanjun said without thinking.

“Why did the king refuse?” Qu Mo Ying bit her lip and subconsciously asked.

“Why doesn’t this king refuse? Is it difficult not to realize that this king is someone who is at his mercy? Qu Zhizhen has overplanned himself, and his two daughters are being sent out one by one.”

Pei Yuanjun’s voice carried a few degrees of grimness.

Qu Mo Ying bit her lip, for a moment she didn’t know what to say, she was somewhat unable to pick up on this.

Fortunately, this one didn’t intend for her to pick it up either, “This king is marrying a consort, not looking for an ordinary concubine, not even a rite of passage ceremony, he really thinks that this king is Pei Yusheng that dumbass.”

There was even less of a way for Qu Mo Ying to pick up on this, so she could only lower her head and change the subject, "Does Your Majesty need me to do anything?"

If he came here in the middle of the night, he must be up to something.

"This king wants to ask this father of yours what he came back to say?" Pei Yuanjun's narrow eyes picked up in the darkness, and he simply reached out and took Qu Mo Ying into his arms.

Sensing that the figure in his arms stiffened, but did not reject it, his eyes narrowed slightly, reaching out to touch Qu Mo Ying's head, his hair soft and slender under his hands.

"After I came back, I specially came over to talk about Third Sister's matter, saying that Third Sister had been sent away, so that I could feel at ease in the future." Qu Mo Ying mockingly hooked her lips, Qu Zhi Zhen failed to send himself to the Utopia County King's Mansion, and in turn said it as if he sent Qu Qiu Yan away for his own sake.

Such a father she would rather not have! Nor did she intend to think of him as the nearest of blood.

"Qu Zhizhen is really an old fox!" Pei Yuanjun patted Qu Mo Ying's back without a beat, sensing her stiffened body slowly relaxing, a trace of faintly visible gentleness at his eyes, and slowly said, "This matter will end here for now!"

"Do not check down?" Qu Mo Ying asked in surprise, want to raise his head, helplessly sent by one of his hands pressed, lift up, the square inches in front of the eyes, that is, his broad chest some scattered half-open, both in the dark night, her small face can not help but reddened, fortunately, the night is thick.

"There's no need to investigate further, let's stop here for now!" Pei Yuanjun leisurely said, his hands still didn't stop, gently patting Qu Mo Ying's back.

"Will it be related to ... the Qu Mansion?" Qu Mo Ying actually felt a sense of being pacified, sleepy, but still struggling to clear his head.

“Naturally there is, but the problem is not big, this matter you are considered to be the most innocent, the palace always have to show some ... can't let this king's people bully for nothing ...”

Pei Yuanjun's voice was slow and light, Qu Mo Ying's eyes didn't know when to close, the words in his ears became less clear, and gradually the voice went further and further away.

Pei Yuanjun stopped talking, his gaze fell on Qu Mo Ying's somewhat pale little face, the pale moonlight shone diagonally in from the window, allowing him to see the sleepiness on Qu Mo Ying's eyes, he had actually already looked at it for a while when he entered the door and saw that Qu Mo Ying wasn't sleeping peacefully.

This will be quiet.

A soft sound came from the window, three times, it was the guards urging him to leave.

Hands gently put down, let Qu Mo Ying's body slowly fall, then pull up the quilt on one side, cover it for her, and only then turned to leave, falling to the tall figure under the night curtain, again appearing to be cold and dignified, but inexplicably more than a few points of chilling.

“Back to the house!”

Above the courtroom, one imperial historian after another came forward to participate.

Things in the palace are not too big, not too small, but it is easiest to pull one hair and move the whole body.

This matter is not small, there is a reference to the harem over the chaos, there is a reference to the Empress, there is also a reference to He Guifei's, of course, there is also Qu Zhizhen's, and even King King's, one after another on the folding, sitting on top of the face of the Emperor more and more ugly up.

After an imperial historian read his sprawling folds again, the emperor could no longer resist, splitting his head and throwing a few folds down.

For a time, the courtroom was as quiet as a chicken, and no longer dared to open their mouths indiscriminately.

“Chen phase, you say!” The emperor coldly looked at the two phases standing on both sides, directly opened his mouth to point a, Fangcai imperial historians jumped up and down, these two phases standing on both sides of the stable, no movement at all.

Hear the emperor nodded, Chen phase stood out, to the hall to the emperor saluted, before saying, “emperor, for the minister think Li beauty is naturally deserved, but after all for the harem thing, there is the empress mother in charge, this matter involves not the front, the front has other things need to be disposed of, no need to be too much on the folders.”

A sentence, the party just jumped up and down the people have rebuked, but this is the Chen Minister, even if they are not convinced, no one dares to talk.

“The affairs of the inner palace have their own Empress Dowager to make the decision.” The emperor nodded his head, then said in a deep voice, “This matter ends here, since Li Meiren has the intention to count, naturally she deserves it, as for Li Meiren’s family members to be punished together, this matter is handed over to the Da Lisi to dispose of, I don’t know what do all of you feel about it?”

“Your Majesty is wise!” The ministers bowed their heads and said together.

As things stand, no matter what each calculates, this matter has also been made no fuss, Li Mei Ren herself is certainly guilty, her family is also disposed of by the Da Lisi, which originally represents the attitude of the emperor.

In fact, not only the attitude of the emperor, who will not long for the eyes of the upward rush, although I think this matter there is still a certain degree of doubt in the, a palace beauty why to deal with the minister’s residence of the unmarried daughter, in fact, the two people simply do not matter, right?

The beauties in the palace are not mad dogs that bite whoever they catch.

Just this thing want to check down also can't check, the clue has been broken, now this time also should not put this thing check too thorough, water to clear is no fish, especially this time, the crown prince and King Jing secretly fight, this feeling can be involved in the relationship between things, or early cut off for good.

No one wants to stand in line at a time like this, or even if they do, they don't want to be exposed at this time, and being invisible in the shadows is the best.

Thus, the matter subsided in the respective calculations of the several parties, and no one was willing to pursue the matter too much.

Li Mei people crazy, into the cold palace, in this related to the two Miss Qu House, naturally is the victim, the Empress specially rewarded gift to Qu Mo Ying, as for the Qu Qu Yan in a hurry into the King's House things, but also slowly spread out.

There has been no Third Miss in Squire Qu's house since then, only Fourth Miss Qu!

That one into the King King's House, although previously scheduled to be a concubine consort, but the Royal Family has always attached the greatest importance to etiquette, this will be how the next, it is really not easy to say.

Some people felt mocked, others felt that this Third Miss Qu was unlucky and too timid, and still others felt that this Third Miss Qu's private morals were flawed.

But regardless of the rumors, Qu Qiuyan was now the Qu concubine consort in King Jing's mansion.

Only into the King King's mansion was cold-shouldered Qu Qiuyan now very clearly recognize their own identity, but also more clearly recognize their own situation, the first time to enter the door, the steward's busy before and after the bash, and then Pei Yusheng a slap off her face, but also knocked off the decency of her in the subordinate, by a few subordinate again and again slow treatment, and even with taunts.

In just two days, it had taken her through the world of people, and she had actually come to her senses all of a sudden!

Right now she was kneeling at the door of Pei Yusheng's study, kneeling with a bowl of soup that she had stewed with her own hands, begging for an audience with King Jing Pei Yusheng, and by now she had been kneeling for an hour.

But still firmly kneeling there, only slightly raised eyes between, see the bottom of the eyes of tears, a pair of eyes look at the door of the study, has been a long time.

"Concubine Qu, His Highness invites you in!" A chamberlain hurriedly came out, smiling with a toothless smile, reaching out to support her in vain with a beaming smile.

"Yes!" Qu Qiuyan breathed a sigh of relief, she knew that King Jing was quite affectionate towards her, this time, she will definitely recognize her own identity, and all the scheming will wait until she is on her feet ...

Chapter 509 The Smug Qi Mother and Daughter

The incident with Beauty Lee quickly subsided.

One less beauty in the harem is really nothing.

The folders of the previous dynasty also a book put away, the biggest fault in this matter is the Li Mei people, participate in other people's folders or have a certain reason, but there is no evidence, all the evidence points to this Li Mei people, but this Li Mei people crazy, and Li Mei people's family is also implicated.

But for the rest, there is nothing more.

The follow-up of this matter came out in the Qu Mansion, and many people knew that the third miss of the Qu Mansion had entered the King's Mansion in the night because she was afraid of being implicated in the incident of Li Mei Ren.

Before, she was the concubine consort that King Jing had ordered, but now this maneuver made it hard to see if this was an ordinary concubine now, or was she still a concubine consort?

If it was an ordinary concubine, it had already been considered proper before, but if it wasn't an ordinary concubine, there wasn't even a ceremony to enter the door?

The royal family has always been about rules. If you enter at a time like this, will you be considered a concubine?

The good thing is that now King King's House also does not have a proper consort, this matter will not be pulled to the surface, the main thing is still to look at the future King King's proper consort and King King's meaning, other people are now just idle, everyone is curious about it, but the specific how to do it, but it is not a thing that they can intervene in.

Just for Qu Zhizhen, many people also have quite a few words, only to think that this guts is also really small, originally with the Qu family's daughter does not have much to do with the matter, by him to make such a false, even the daughter also Baba in this untimely time, into the door of King Jing's House.

It's no wonder that although this one is considered to have a bright future, but compared to Liu Shangshu, who is in the same subject as him, he is still too far behind.

Liu Shangshu's mansion, Liu Jingyu sat in his mother Qi's house and talked about gossip.

"Mother, the Qu Mansion is really useless, sending a third daughter to King Jing's Mansion at this time, it's really a joke to people." There would be no outsiders, of course Liu Jingyu didn't need to hide her disdain and mocked, she didn't like Qu Mo Ying, naturally she wouldn't like the Qu Mansion either.

Qi put down the tea in her heart thoughtfully, did not answer.

"Mother, what's wrong with you, are you uncomfortable somewhere?" Liu Jingyu asked with concern.

Qi shook her head, her eyes softly looked at Liu Jingyu and smiled, "There's nothing going on, I just find it strange that that Third Miss of the Qu Mansion was sent away, but this Fourth Miss of the Qu Mansion is doing nothing? It seems that this Fourth Miss of the Qu Mansion is not simple!"

"What can be uncomplicated, probably there is no place to send it out, if this marriage with the Marquis of Yongning House is still in place, there is no doubt that it can still be sent over to the Marquis of Yongning House." Liu Jingyu unimpressed skimmed his mouth and said.

After Qi smiled this time, she instructed, "Don't underestimate her too much."

"I underestimate her? What is she, but a small minister's residence lady, now even the marriage has been returned, until now I heard that no one door to propose marriage again, this future may not be how!"

Liu Jingyu mocked.

"She is no longer good is also the young lady of the minister's house, and is still the rightful first young lady, with her mother ..." Qi said here and paused for a moment, her eyes faded, "Well, don't talk about other people's families, talk about your things, what's wrong today, running to me early in the morning?"

"Mother, I ... I'm too angry, it's Qu Mo Ying this ... this person ... again," Liu Jingyu irritatedly Putting down the tea cup in her hand, she was furious.

"What's wrong?" As soon as she looked at her, Qi knew something was wrong and asked softly.

"Mother, do you know about the wigwam of red onyx that Grandmother prepared for me?" Liu Jingyu said in annoyance.

"I know, why? Didn't your grandmother prepare this for you early? Didn't she give it to your cousin?" Mrs. Qi asked in disbelief.

"If it was given to Qi Xiangyu even if, it was given to Qu Mo Ying." Liu Jingyu was exasperated, she only felt pain in her heart, she was not really small eyed, she just couldn't tolerate that it was Qu Mo Ying in her eyes.

As long as she thought of Qu Mo Ying robbing her, this heart was filled with hatred and annoyance.

"Your grandmother gave your belongings to this fourth young lady of the Quartermaster's house? Why?" Qi was also surprised.

"Said it was something before what thank you gift, to accompany the crime, anyway, just find a reason to send over, grandmother also said will give me other compensation, but I don't want, I want this onyx wigwam, why my things, she can want to take away, also don't look at their own is what lowly status!"

Liu Jingyu's face reddened with anger.

"She naturally can't be compared to you, you're a beautiful jade, she is rubble, even if you look at it again, but also from the bones of the contemptuous, don't care about anything." Qi's soothing daughter said.

These words sounded soft up, only the tone in these words was condescending, talking about Qu Mojing, more like a mole cricket stepping on the ground.

"Who are you, you are the future Crown Princess! She it, hold up is only a housewife, with her current appearance, even if it can be married as a first wife, is bound to marry bad, Qu House to now also did not pass out there engaged to speak, may also be in order to the next year's spring exam list a son-in-law catching, pick a still can be, let a person to marry her, this later with you is even more heavenly difference far, no need to get angry for her."

Qi saw that her daughter was still angry and laughed contemptuously.

"Mother, but I'm just not convinced, why should grandmother give her my things, does she deserve it?" Liu Jingyu was still exasperated, "Grandmother and grandfather are also old and confused, treating a daughter from another family so well, but letting me retreat again and again, it's really irritating."

"Your maternal grandfather knew about this too?" Mrs. Qi's heart jumped.

"Naturally, I know, I heard the meaning of grandmother's words, it seems to have grandfather's meaning in it as well, mother, why does grandfather care about this person Qu Mo Ying, what makes her able to get into grandfather's eyes, can't it be that it's really because she's the daughter of the Xiao Yue Clan, and that grandfather has a good relationship with the Jiangnan Yue Clan?"

Liu Jingyu said without understanding.

Qi's silence for a moment, then looked up and slowly said, "Well, this matter has already passed, she will never be able to compare with you, who you are now, who she is, and she is who, with her, bad your own identity, but let your grandmother and grandfather look at the joke, why not ask around later, their two old men, why they are high on her things."

"Mother, you are always this virtuous, this kind of thing, where can you say let let, who knows if she is a wild seed!" Liu Jingyu exasperatedly said.

When he finished speaking, he looked at his mother's face to see a slight change, and knowing that he had lost his words, he hastened to say, "Mother, I know, you know I listen to your words the most."

And leaned his head over when he finished.

Seeing her daughter so soft, Qi sighed and reached out to pat her daughter's shoulder, "Go back, I'm a bit distracted, so I won't keep you."

The words were said with a cold look on his face.

"Mother, then I'll go back first!" Liu Jingyu stood up and softly said.

"Go, remember not to talk around, you are the future Crown Princess, but also the future ... if there is anything, just let others do it, especially remember not to leave traces, like who do not like who, and do not show so clear, your maternal grandfather and your father will not like it."

Qi closed her eyes and nodded, softly, a faint smile tickling the corners of her lips, a little tired.

“Mother, I will, don’t worry!” Liu Jingyu hurriedly said, “Mother, then you rest well, if it’s not good, my daughter will find a doctor for you.”

“No need, a little lie down will be fine, so many years old!” Qi laughed bitterly and waved her hand, signaling that she could go down.

Liu Jingyu nodded her head, and after lightly bowing, she led her maid out of Qi’s courtyard.

When she stood outside the courtyard gate and looked back at Qi’s courtyard, her willow brows knitted slightly.

She did not speak, the maids did not dare to open their mouths, one by one, they stood behind her respectfully, not even daring to take out more air, and it was only after a good half-long time that she heard Liu Jingyu’s faint cold laughter, as if she had realized, “Not bad, how can my status be hard with her, her body is flowing with lowly blood, how can I ... and she be the the same day.”

Raising her eyes to look into the distance, the bottom of her eyes is gloomy, even if she has to make a move, she will try not to make a move on her own, lest she smashes the mouse and spoils the rice vat at that time ...

The things of the Qu House, it is best to solve the Qu House itself, Qu Qiuyan is not into the King’s House? Two daughters together into the palace, why one out of the palace, nothing happened, the other was sent to the King’s House, even the original booking of the name has become shaky ...

Even if Qu Qiuyan is out of reach now, doesn’t Qu Qiuyan still have a real brother?

Qu Mo Ying at home after a few days of quiet, purposely take Yu Dong out, Yue Jin Ge only on the right way, she had to personally go to see, Yue Yi Ge side also have to understand more understanding, Jiangnan side although there is also a source of goods to send over, but some of the small details above, but also wait for her to deal with.

Even the other several stores are the same, the big change of manpower, make some things are now not fully into the formal, always their own personal inquiries to be able to feel at ease.

Hearing that she was going out, the Dowager Lady purposely urged her some more, fearing that something would happen to her again, and wanted to have Sister Wu follow her out.

Qu Mo Ying refused the goodwill of Mrs. Tai, only saying that she was just going to take a look at the store and would be back soon, and repeatedly assured that nothing would happen, even saying that she would bring Sister Miao with her, Mrs. Tai was then slightly relieved, and stopped the idea of letting Sister Wu follow her over.

Qu Mo Ying then took Yu Dong and Sister Miao together to go out, in fact originally she was going to take Sister Miao with her, the reason for going out this time, although it was about the store, but in fact it was not just this one thing, she also had to go to check out the small nunnery where Yu is staying now, or you could say it was the same nunnery where her mother, Xiao Yue Shi, died in childbirth in the first place.

Sister Miao has been there several times before and knows the way ...

Carriage from the Qu Mansion out, straight to the outside of the city, Qu Mo Ying eyes the most concerned or the follow-up of this matter ...

Chapter 510 The Master of the Little Nunnery

The carriage went out of the city and curved all the way around for a long time before stopping at the bottom of a slope.

Qu Mo Ying supported Yu Dong's hand and got down from the carriage, glancing at the surrounding road surface, his face sank down, a hint of coldness flashed under his eyes.

It was the only entrance to that nunnery, but it was so narrow that only a modest carriage could pass through, and further on the road became more and more difficult to navigate.

With such a road situation, if something did happen to someone inside the nunnery, how would they have time to send news outward, or send someone outward?

Such a small nunnery, such a road, destined to be just a very small, inconspicuous nunnery, near a few villages know a little bit of the people just, who would be nothing to such a small nunnery over?

The Qu Mansion is really good, what kind of heart was stored in the first place to send my mother to such a place, don't you understand? A trace of pain flashed in the bottom of his heart.

"Miss, you can see the nunnery up there!" Sister Miao reached up and pointed upwards.

Qu Mo Ying nodded, holding Yu Dong's hand upwards, the mountain path was also very narrow, although it was slightly regulated, but it was only because of the number of people walking nearby that there was such a path, it wasn't the kind of road that had been purposely polished.

This way, Qu Mo Ying also walked very carefully, fortunately Yu Dong's hands are very clever, although Sister Miao said that she is a bit older, but since childhood the foundation is still there, the two people one after the other to guide Qu Mo Ying up to the high place.

Above the slope was a small platform with a huge rock on one side that blocked the wind, and the wind was not too strong up there, so it counted as a good place to get out of the wind.

Holding onto the boulder and looking to the left, there was a from of forest, as well as a nunnery, not a large one, especially when looking down the hill, but still occupied.

There were female nuns cleaning the nunnery, and there were also occasional incense burners inside, which should be people from the nearby villages who occasionally came to enter an incense.

There was also a not-so-small piece of land behind the nunnery, and I heard that the incense in the nunnery was not strong, and the female nuns all lived on the vegetables grown inside the land.

"There, that's where the Second Mistress lives!" Sister Miao reached out and pointed to a place and said.

Qu Mo Ying followed her hand to look over, that one can be regarded as the best place in the whole nunnery, not only the location of the room is good, look at this situation, the line of sight is also open, and also quiet, not suitable for people to disturb, it is indeed a good place to rest.

Yu sure took a good spot!

The corners of his lips pursed slightly.

“Over there is the place where Madam used to live!” Sister Miao added, she had asked Sister Zhou before and had poked around very clearly.

Qu Mo Ying’s eyes once again followed Sister Miao’s gesture to look over, that one place is short, looks like a utility room, location is not good not to mention, that place is afraid to live is cold in the winter and hot in the summer, and close to the nunnery’s backdoor, the backdoor is the place to go to the vegetable field, and it seems to be here is still a shortcut, just a moment of time, to see that there are joss sticks to that side of the entrance and exit.

Evidently not a place to recuperate properly!

The same is the wife of the House of Qu, that time the mother is still pregnant with himself, even if he suffered from the cold, that is also the second wife of the Qu, the first wife of the serious, and now the Yu’s, obviously sent over before, he let people hinted at it, was depreciated, but she still managed to live very well.

If it was said that there was nothing fishy in this, Qu Mo Ying would never believe it!

One of the most likely assumptions is that Yu and this nunnery owner knew each other early on.

“The current nunnery master is not the previous one?” After looking at it, Qu Mo Ying asked again.

"No, but there aren't many people who care about this matter, the previous nunnery master was physically sickly, and when the Lady lived in that year, she was always sick, and things were all presided over by this current nunnery master." Sister Miao reported, she had pried these things from Sister Zhou.

Compared to Sister Zhou, who was in charge of the courtyard affairs, Sister Miao was more adept at prying for information, which was the main reason why Qu Mo Ying had deliberately asked Sister Miao to pry into Yu's affairs.

"How did that nunnery master die before?" Qu Mo Ying asked in a deep voice, a hint of ghostly cold flashing in his eyes.

"The old slave has inquired clearly, is in our lady into the nunnery before the disease, in the lady accident, not long after, this old nunnery also died, but because this old nunnery before the body has been bad, long time illness, I heard that also used the medicine, but after that lingering sickness, natural death, also no one take this matter seriously. "

Sister Miao continued, she had gotten the news about this from the old nuns in the nunnery and some of the villagers nearby.

The old nun died of illness, and no one cared.

Such a nunnery, just a few people, usually the incense is not enough for the female nuns to eat and use, but also have to grow their own vegetables to subsidize the household, who would notice such things.

"Very coincidental!" Qu Mo Ying said coldly.

"The old slave also thinks it's coincidental, I heard that although this nunnery master has used medicine, he didn't use much, after all, this nunnery is so poor, it's not like it can afford to eat and use good medicine." Sister Miao nodded.

"I heard from Sister Wu that the mansion sent quite a bit of silver to this nunnery at that time?" Qu Mo Ying asked again.

“That’s what my grandma said, but maybe all these silver taels have fallen into the hands of this current nunnery owner, the old nunnery owner doesn’t necessarily have the money to see a doctor, just randomly grabbing some common medicines to eat, even if he invites a doctor, it’s just that kind of traveler’s bone-setter, and after so many years, he can’t find anyone else” Sister Miao understands what Qu Mo Ying is asking about. She explained.

So, this so-called invited the doctor used medicine, but also just so say, is not really invited the doctor, it is really hard to say, or invited the doctor said what, a time can not be said clearly.

But there is one thing that Qu Mo Ying can be sure of, this matter is bound to be the relationship between Yu and this current nunnery owner, but looking at the moment, this nunnery owner is so high on Yu and so generous to Yu can be known.

The two downs were colluding in one place early on.

There are some things, she went back and then have to ask Sister Zhou, today is deliberately come over to see, to see the place where my mother died, but also to see the scene of the field of this one, there are some things that light description can not be said, there is a kind of inexplicable feeling so that she personally have to come over to see, there seems to be someone in the underworld who is reminding her that she has to come over to see it in person.

But seeing this one nunnery right now, it didn’t seem so important.

Willow brows furrowed slightly as she looked down once more at the nunnery below, a tightness in her chest as if something weighed heavily on her heart.

The eyes closed slightly, then slowly opened again, still smothered and breathless.

Just such a cold place, actually sent his mother over, Qu Zhizhen is really a slag, and it is also with his forewarning that Xu Lipeng and Yu Qingmeng are counting on themselves, right?

It’s really a drink and a peck!

Looking back, the heavens spare no one!

But even if the heavens can't spare her, she won't let these people go!

"What is that?" Yu Dong's voice suddenly and abruptly rang in his ears, Qu Mo Ying raised his head and looked towards the top of the boulder, there was a dark corner where a dark red cloth seemed to be hanging.

It had only aged so much that it had receded to almost white in places, the only flashes of dark red being visible when it flailed in the wind.

Cloth hanging very high, also do not know exactly hanging in what angles, Yu Dong leaped forward to look at a few eyes, "Miss, slave girl up to take down to see?"

"No need!" Qu Mo Ying shook his head, "It might have been accidentally hooked when someone went up there."

"Up here, it's not just anyone who can get up there." Yu Dong looked up and muttered.

"You can't get on either?" Qu Mo Ying's heart fluttered.

"The slave girl should barely be able to go up!" Yu Dong estimated and thought for a moment.

"Can't climb up?" Qu Mo Ying was also more than a little curious, she really didn't know much about this aspect, she had originally thought that although it wasn't easy to climb up there, it wouldn't be too difficult either.

"Can't!" Sister Miao also saw the cloth above, hitching her eyes to look at the road, she was growing up in the northern border of the tribes since childhood, climbed a lot of mountains, but now this boulder above, she felt that it is not the average person can climb up, at least she climbed so many years of the mountain, want to climb up, but can not.

It's not hard to look at, but it's actually positively hard.

Such a large boulder, the position above could not be seen clearly, if there was a hole above it, it might be possible to hide in it.

"Miss, there might be holes up here for people to hide in, why don't slave girls go up and take a look?" Yu Dong said rather thoughtfully, it was really hard to see clearly from below.

"No need." Qu Mo Ying but shook her head, she didn't feel that there was anything pressing on it, and chose to view it here just because it was convenient.

"Miss, it looks like there's actually a place to hide someone up here." Yu Dong stepped back again, squinting her eyes thinly with quite a bit of curiosity.

"It has nothing to do with us!" Qu Mo Ying shook his head, "Let's go down the mountain, there's still something going on over at the Yue Jin Pavilion."

"Yes!" Yu Dong answered.

Then helped Qu Mo Ying down the slope, the carriage waiting below the slope, after Qu Mo Ying got on the carriage, he ordered the carriage to go to the Yueyi Pavilion first.

"Miss, why don't you go directly to Yuejin Pavilion?" Yudong asked, clearly it was Yuejin Pavilion where something happened, shouldn't she go to Yuejin Pavilion first?

"Let's go to Yue Clothes Pavilion first and ask Aunt Yang first." Aunt Yang, the shopkeeper of Yueyi Pavilion, was a bit more reassuring to Qu Mo Ying than Zhang, the shopkeeper of Yuejin Pavilion.

Head slightly back a lean, watery eyes closed, Yue Jin Ge things, in fact, some strange, Zhang Boss should be an extremely loyal people, but what is the situation at the moment, why would such a thing, and they still do not know anything ...

Yue Jin Ge is very short of goods recently, the lack of that master extreme level of artisan goods, but Zhang Boss did not have half a point to talk about the meaning of the previous to send the account book over, also the same, only a few days ago to send the account book, if something is wrong, why do not you say, intuition that this is very much a matter of things ...
