Chapter 511 What's happened to Yuejin Pavilion?

The carriage stopped in the alleyway by the Yueyi Pavilion, and Qu Mo Ying brought Yu Dong and Sister Miao, and together they entered the Yueyi Pavilion.

Early on, a fellow saw Qu Mo Ying come over and hurriedly went to report to Aunt Yang, who welcomed him out.

Qu Mo Ying waved his hand to stop Aunt Yang's words and reached out to point to the second floor before heading over to the private room on the second floor.

Looking at this situation, Aunt Yang knew that her own master was not willing to draw attention to herself, so she did not rush to meet the salute and followed Qu Mo Ying's lead, going up to the second floor.

At an empty private room on the second floor, Qu Mo Ying took a seat, and Aunt Yang had her fellows bring tea before she came forward to greet her.

Qu Mo Ying shook her head and smiled, "There's no need to be polite, Aunt Yang, tell me about Yue Jin Pavilion!"

Aunt Yang straightened up and nodded, "This thing, subordinate originally did not know, but that day there are a few ladies from the Yue Jin Court over to the Yue Clothes Court to pick out some materials, said the Yue Jin Court is now more and more bad jewelry, and even a big difference in the past, before the top of the jewelry there will be a few pieces, especially those few good-looking, exquisite, but also can be picked out, but now actually no. Now there are actually no more."

"Said before they came over a trip, the more gold pavilion, said the master in the do, but by now, there is no good boutique new models, only the previous, and on the varieties, there is no half-improvement, and also said that if not heard of the more gold pavilion, there is a good master of jewelry, they will not come over on purpose."

Aunt Yang said one by one, she just heard these words, feel surprised, specially over to see before reporting to the miss.

Yue Jin Pavilion and Yue Clothes Pavilion now belongs to the fourth miss, the relationship between the two shopkeepers are also good, for each other's bottom also know a lot, so aunt Yang even more do not understand, why Zhang shopkeeper there is no new products up.

Before the two people together to the miss report, Zhang shopkeeper but said very clearly, on the store's top masters, has been in the production of new products, will be in place in a matter of days, but at the moment so long, actually a piece of nothing, it is really let a person strange.

Aunt Yang didn't want to remind Boss Zhang, but as soon as Boss Zhang heard her mention this matter, it was just like a flooding beast, immediately pulling away from the topic, after a few tries, Aunt Yang also ran out of ideas, and could only tell this matter to Qu Mo Ying.

"After you brought up this matter, he kept pushing it around, sometimes deliberately finding other words to cover this matter over?" After Qu Mo Ying heard this, she frowned, she could be sure that Boss Zhang was bound to have something to hide from herself.

For Zhang shopkeeper, she used to appreciate, since Ji Hanyue took over the Yue Jin Ge, Yue Jin Ge's everything is carefully prepared by her, even that top gold jewelry master, or Ji Hanyue specially went to ask to enshrine in the store, this master is a prolific master, hands of fine and new products are quite a lot of fine and new products will be fine and new products every once in a while.

There were other craftsmen in the store, but there was no comparison to this master's very best.

Right now, something is wrong with not being new and refined for so long?

But if something had really happened, why didn't Boss Zhang tell himself?

Zhang shopkeeper has always been a good person, also loyal to people, in addition to the store was Ji Youran palm for a period of time, when else, Qu Mo Ying is very clear, could it be that this matter is related to the Prince's residence?

If you think of it that way, it's in your mind.

Since she had already gotten the go-ahead from Aunt Yang, Qu Mo Ying didn't hesitate to ask Sister Miao to take a trip to Yue Jin Ge and invite Boss Zhang over.

Sister Miao nodded her head and went down, and not long afterward walked in with a sweaty Boss Zhang.

"Subordinate has met Miss." Boss Zhang looked like he was in a hurry to leave, and sweat condensed on his forehead.

Qu Mo Ying gave him a deep look, "Shopkeeper Zhang, there's nothing going on in the store lately, right? It just so happens that I had a rare chance to go out today to take a look, so I made it a point to look at the business between your place and Aunt Yang's place."

"Still ... okay, business is okay ... nothing major." Boss Zhang hurriedly said.

"There is no big problem, there are some small problems, say it!" Qu Mo Ying faintly said.

"Also ... there is no small problem, it is ... just ... that," Zhang Boss said.

"It's just that the master who made the gold jewelry had some problems, isn't it?" Qu Mo Ying interrupted Boss Zhang's words with an unchanged expression.

Zhang shopkeeper's explanation pressed in the mouth of the throat, but how can not spit out, raised his head to look at Qu Mo Ying, even if the opposite side of the fourth young lady bunched eyes veil, can also see that her face sinks like water, the heart can not help but jut a glance, the sweat on the forehead came out again.

"Little ... Miss ..."

“Tell me, what happened? Need you to hide it from me so much, something to do with the Crown Prince’s Eastern Palace?” Qu Mo Ying did not intend to let Boss Zhang have a reason to explain, directly breaking the illusion, his body leaned back with a few moments of lethargy.

Boss Zhang didn’t expect Qu Mo Ying to be so thorough, and all of a sudden his mouth was open and he didn’t know where to start.

“Shopkeeper Zhang, Miss already knows about the missing good gold jewelry in your store.” Seeing that he couldn’t say a word, Aunt Yang was afraid that he would hide it again and hurriedly reminded him.

This kind of thing is the main house’s biggest pet peeve.

A treasurer to be loyal to the inevitable master, absolutely can not hide, this will be regarded as disloyal.

Boss Zhang couldn’t stand up and knelt down with a thud, “Miss, my subordinate doesn’t dare to report to Miss.”

Said the man, his eyes reddening with anxiety.

“How?” Qu Mo Ying asked, this matter really had a hidden agenda.

“It is the East Palace ... that took the person away!” Zhang shopkeeper cried, “the subordinate can not help, is the East Palace people over, the goldsmith masters away, only said just so a few days, but now it has been so long, has not come back, the subordinate ... think fast, there is no hurry to return to the miss, want to wait for the end of the matter to say again. ”

Qu Mo Ying was silent, so it wasn’t that Boss Zhang deliberately wanted to hide it, it was really that this kind of thing, even if he knew about it, he couldn’t do anything about it.

The people of the East Palace, is not their own a lady-in-waiting can do something to class, and may even cause trouble, can let this master goldsmith, come back earlier on what things are not!

“How did you know it was someone from the Eastern Palace?” Qu Mo Ying asked in a slow voice.

“My subordinate has seen the people from the Eastern Palace before, that time the Ji Side Consort managed a period of time, when she came over at that time, one of the maids she brought was the one who came over at that time to summon the Master Goldsmith.”

Since the beginning has been made, there is nothing bad to say about this next, Zhang Boss wiped his tears and said.

“Know what it’s called?” Quemoy Shadow asked again.

“It seems like it’s called What’s the Wind, and looking at the previous time when the seasonal side consort came over, the status was also unusual.” Boss Zhang replied.

“Slanting Wind?” Qu Mo Ying asked as a ghostly glint flashed in his eyes.

“Yes, yes, it’s called just such a name.” Boss Zhang nodded his head repeatedly, “At that time, concubine Ji said it, but my subordinate couldn’t recall it for a moment, only remembering that she was concubine Ji’s person.”

“What did she say?” Qu Mo Ying asked curiously, she really felt strange, Ji You Ran had something to do with this matter? What was the point of looking for such a master goldsmith? She hadn’t heard of a gold jewelry store in Ji You Ran’s hands, besides, wasn’t Ji You Ran recently being punished? That day’s matter, so obvious, with Pei Luoan’s nature would not really have no reaction.

Pei Luoan, the person who will buy the most sentimental persona, at this time, even more will not let Ji Youran come out to hit the face, so is it what Ji Youran wants to do, or what he wants to do?

After all, the maid beside Ji You Ran was likewise a person from the Eastern Palace.

“She said to borrow a period of time, said there are important things, is the side consort lady some gold jewelry above the problem, and said very quickly, do not have to bother the four miss, also said that even if it is bothering the four miss is not much use.” Zhang shopkeeper thought for a moment and said,

“subordinate thought that there is nothing to use, and felt that the time will not be long, so I purposely hid this matter.”

“So it’s really not clear if this matter is specifically related to the seasonal side consort?” Qu Mo Ying asked in a deep voice.

“The subordinate ... subordinate does not know, and does not dare to ask.” Boss Zhang nodded his head repeatedly.

“Did you go and ask that gold jewelry master afterward?” Qu Mo Ying thought briefly and asked again.

“Been there, but always failed to find, said that these days, after going to the Crown Prince’s Mansion, did not come out over.” Boss Zhang hurriedly said, “My subordinate purposely had people keep an eye on the back door of the Crown Prince’s Mansion, but also never saw him.”

“You haven’t seen anyone since you entered the house? Why don’t you go to the door and ask?” Qu Mo Ying asked slowly.

“Below ... Below ...” Zhang Boss can’t go on, he is genuinely not dare, but also not willing to poke this matter to his own young lady here, how to look at the young lady know will not have any good thing.

This period of time Zhang shopkeeper boiled fortunately, the whole person is thin out of shape, now listen to Qu Mo Ying so asked, more and more do not know how to answer.

He had really prayed to go for a day or two and come back, but now that he hadn’t come back after all this time, his heart was long gone.

“Since has been out did not come back, naturally is to go to ask, trouble Zhang shopkeeper to go, go to find that slanting wind of the maid, the person took away, always have to return, both is the prince’s mansion, that is also the place of reasoning, is not it?” Qu Mo Ying slowly voice said.

Zhang shopkeeper is the two stocks war, go to the Prince’s residence to find people, he really did not think about it, but also some do not dare to think.

But right now, even if he didn't want to, looking at his own young lady's meaning, he was bound to go.

"Yes, subordinate ... subordinate will go now!" Boss Zhang shook his voice and said.

"Go ahead and let Sister Miao accompany you on your journey." Qu Mo Ying nodded and said.

"Good ... good, great!" Zhang shopkeeper like a great amnesty, the side of this Sister Miao looks like an old way, both is to hear the Prince's residence is also extremely calm, which let Zhang shopkeeper rest assured a lot, at least there is a capable accompanied by their own to go, better than their own one person bumped into the door strong.

That must be the Crown Prince's residence after all.

Sister Miao stepped forward and bowed, nodding her head, then smoothly pulled a hand on Boss Zhang, who was too weak-footed to get up for a moment, and the two of them went out of the door of the private room one after the other.

Chapter 512 The Self-Righteous Maiden

Boss Zhang first went down to have a carriage prepared, and this place is still a distance away from the Crown Prince's Mansion.

After the two got on the carriage together, Sister Miao asked in detail about this maid called Slanting Wind.

All the way through, the carriage turned to a side door of the Crown Prince's residence, here in the past days in and out of the kitchen some miscellaneous places, there are also underlings to and from the out, but both is the side door, guarded here is not the general stewardship of the grannies, but the two guards, keen eyes to check every one in and out of the people, and from time to time, will also go up to the front of the search.

“Sister Miao, I’m afraid we can’t get in?” At the sight of this situation, Shopkeeper Zhang started to worry again.

“Boss Zhang hasn’t delivered account books to this place before?” Sister Miao asked on without looking back, before the Yuejin Pavilion was in the hands of this Ji side consort for a period of time, she just couldn’t believe that this timid shopkeeper Zhang hadn’t delivered account books before.

General shopkeeper, every once in a while, will send the account book to the main family to view, the specific day to put, depending on the preference of the individual main family, of course, the general public will be put on the head of the month, a month, two months, or three months, but also depends on the main family’s intention.

My own miss said, the more gold pavilion before attributed to the quarter side consort, the quarter side consort and bent on occupying, will inevitably look at every month.

Sure enough, Boss Zhang nodded his head in a hurry, “There have been deliveries, several times, and the guards guarding the gate know them, but now I don’t know if they still buy this face.”

“You’re just looking for a maid, it’s not like you’re going in, what are you afraid of, I think that when Boss Zhang used to enter the door, he wouldn’t enter for nothing!” Sister Miao asked with a wry smile.

Zhang Boss is a businessman, since it is a businessman, of course, will at all times will be in the way of money to find a suitable path for themselves, just as the guards in front of them, since they have been guarding here, Zhang Boss at that time and will always be in and out, will always give some benefits to the guards at the door.

That’s what the lady hinted at before the party went out.

“That’s naturally, that’s naturally.” Boss Zhang nodded his head repeatedly and also felt that Sister Miao’s words were right, collecting the panic in his heart and taking out a piece of handkerchief and pressing it at his forehead before saying, since this is the case, let’s go over there and try to ask, hoping that the purse that he had given to himself when he came earlier still works.

"The two big brothers ..." Zhang Boss stepped forward and arched his hand at the two guards, he had been here quite a few times before, and he really knew these two guards who were changing shifts.

"Boss Zhang, it's been a long time!" The guards laughed, their attitudes not bad at all, and

"I want to see a maid, can I trouble the two big brothers to help." Boss Zhang laughed.

It's not really a hard thing to do.

The two guards looked at each other and responded, "Who does Boss Zhang want to find, we'll have someone call out."

At first two people can be received Zhang shopkeeper purse people, so something can help or willing to help, as long as this is this Zhang shopkeeper does not go in on the line, put an outsider into the house, they have not been so bold, or the shopkeeper's purse is not yet so big reason.

"The slanting wind girl beside the Lady Side Consort." Once Boss Zhang saw how easy things were, his face relaxed a few points.

"The slanting wind girl beside the Lady Side Consort?" The guard glanced at Boss Zhang and asked again.

"Yes, yes, trouble, trouble!" Zhang shopkeeper made a group album after, said, and then silently from the arms out of two wallets, side handed over, two guards hand fast took over, reached out and pinched, feel good, face is more smile open flowers.

Casually calling over a granny who was about to go in, she told her to go and call out Slanting Wind.

The side consort's days have been bad lately, I heard that it was punished by His Highness the Crown Prince, but even worse, it is also the side consort of this house, even a maid beside her is not something that they can afford to offend, and to be able to get the benefits and still be able to curry favor with someone beside the side consort, these two guards guarding the side door felt good.

Slanting wind came quite fast, did not let Zhang shopkeeper wait for a long time from the side door came out, she this with the general maid is really not the same, not only wear gold and silver not to mention, but also the momentum is not ordinary, whether it is known to her or do not know her, are deliberately to the side of the let, who do not dare to mess with the side of this side of the consort's side of the person.

Although the side door guards do not know the specific situation, but will see people, a look at this is not an ordinary maiden, hastily went forward to meet the salute, a mouth of a "slanting wind girl", more than the party bashful.

"Boss Zhang, what is it?" Slanting Wind was satisfied with the attitude of the two guards, picking his eyes to look at Boss Zhang, he also recognized his identity and said unhappily.

"Miss Slanting Wind, can you lend a hand?" Boss Zhang reached out and pointed to the side, a few of them would be blocking the side door access.

Slanting Wind walked over without thinking, and when he stopped at the side, he realized that there was another granny over there, and after looking up and down for a few moments, he didn't recognize who it was.

"Greetings to Miss Slanting Wind!" Sister Miao stepped forward and bowed, smiling.

"Who is this?" Slanting Wind looked askance at Sister Miao twice in displeasure and asked Boss Zhang, who had followed him over.

"This ... is the person from Master Zhang's family in the store." Zhang shopkeeper accompanied a smiling face and said, Master Zhang is the goldsmith master that Slanting Wind took away before.

"Yes?" Slantwind lifted his chin arrogantly.

"Slanting wind girl, is the last time ..." Zhang shopkeeper stammered, although he did not know that the slanting wind is also the crown prince's people, but remembered that this slanting wind girl at that time in front of the season side consort is very face, a time to be a little nervous, against the crown prince's

people, he always felt that his own master was not enough to look at, for fear of causing something bad to happen, some panic!

“Miss Slanting Wind, our Master Zhang hasn’t been home for a long time, is something wrong?” Sister Miao stepped forward to pick up Master Zhang’s words and asked with a smile.

“What could be wrong, what could be wrong after entering the Crown Prince’s residence? What a waste of words.” Slanting Wind snorted coldly and turned around after saying that, if she had known that it was this, she wouldn’t have come out.

As soon as Sister Miao reached out and pulled her sleeve, Slanting Wind was furious and turned her head to reprimand, “Where did you come from, wild bitch, who told you to reach out?”

She prided herself on her unusual status now, and even the subordinates of the Crown Prince’s residence did not dare to pull at her.

“Miss Slanting Wind, our family’s eldest wife is already prepared to sue at the Yamen, if we don’t see our master teacher today.” The smile on Sister Miao’s face receded and her words went cold.

“Going to sue?” Slanting Wind was about to be exasperated, reaching behind herself, “Do you, an old beggar, know what this place is? This is the Crown Prince’s residence, how dare you sue?”

“Why don’t you dare to sue, both is the crown prince has something, that also must be in the people the same crime, what’s more, I think this thing is not the crown prince’s highness, is bound to be some evil slaves thing, our big lady has invited people to be witness, then those evil slaves I’m afraid that they will be miserable.”

Sister Miao whispered without taking a step.

This is said quite a bit of threatening meaning, so that the slanting wind raw almost to be happy, this is really do not know the height of the wild bitch, dare to sue the crown prince’s house, dare to sue themselves, also do not look at their own is a few pounds and twos.

“Miss Slanting Wind, our master is also looking for it, and if it’s true that Master Zhang’s eldest wife is going to sue, our master will definitely go and help testify as well, and he will also tell Squire Qu about it.” Boss Zhang came over and helped out.

This sentence, but let the slanting wind calm down, she can not care about a small goldsmith’s master, but can not not care about this fourth miss Qu, especially this fourth miss Qu is still the cousin of the crown princess, the crown prince also once repeatedly let the quarter side consort to accommodate this fourth miss Qu.

It could even be said that this time the side consort was reprimanded because of this Fourth Miss Qu.

If this Fourth Miss Qu had stepped forward, this matter would not have been easy to say!

Thinking that way, Slanting Wind’s face didn’t look a little too good!

The prince repeatedly said about the people, there is this qu fourth miss, and then think about this qu fourth miss, when it was just a nothing but a rags to riches, if it is not their own prince consort, this one is not sure how to live, but since we have seen this qu fourth miss, slanting winds always feel that in front of the eyes of the qu fourth miss and the memory of the qu fourth miss is different.

It even vaguely gave her the implication of seeing her own Crown Princess, which made Slanting Wind even more jealous!

One thing after another also made Slanting Wind clearly realize that this Fourth Miss Qu was not to be messed with.

If this really messes with her, this maid is really not enough to see, although the crown prince favors himself, but after all, he is not a side consort.

Thinking that way, his face grew more and more ugly.

“What’s the hurry, it’s not like it’s going to eat anyone, we’ll go back in a few days!” Slanting Wind said impatiently.

“Ask him to come out and meet him now.” Sister Miao’s hand did not relax, still tugging at Slanting Wind’s sleeve, “Otherwise, the eldest daughter will not feel at ease there, and if she does not receive my permission, she will surely go and sue.”

So that’s what it means to be ready to go there?

This kind of feeling is very like forcing, but the slanting wind and dare not really tough, originally is not a big thing, if really make a big thing to, their own a bright face of the maid absolutely can not get good.

Recently, His Highness the Crown Prince hadn’t been as kind to herself as before, so she naturally didn’t dare to go overboard.

“What is this crap, wait, let him come out in a while, hurry up, hurry up!” Slanting Wind waved his sleeve, annoyed.

“Thank you, Miss Slanting Wind!” Sister Miao immediately let go of her hand when she saw the situation, smiled and said with a kind attitude, even with a few hints of bashfulness, only the expression in her eyes made Slanting Wind suffocate, coldly snorting, turning around and walking inside.

This matter is really not a big deal, originally or she started the idea, she made the suggestion, the reason why she has been keeping the person in the mansion is also for the sake of convenience, his highness there will not always look for this goldsmith, since there are so many disputes here in the slanting wind will not be stupid enough to ask for trouble, to send the person away, and then look for a good one on the line.

Being able to climb into the Crown Prince’s bed and picking a congenial master originally showed that Slanting Wind was a smart person.

For smart people, sometimes like to use the brain to solve the problem, rather than really hard to touch, and even if it is really touch to go, she is a maiden after all touched the Qu House of this fourth miss, which is the Prince Consort’s own cousin.

A thought of this, the oblique wind will feel stifled, as early as knowing the Prince to the Prince Consort so deep piece of love, she should be more attentive, or can ...

I don't know if it's too late to remedy the situation ...

Chapter 513 The Man Who Learned to Make Hairpins

Master Zhang was indeed sent out safely, Zhang Boss once he saw people well, which put down his heart, pulling Master Zhang on the carriage, hurriedly let the coachman hurry, for fear that a moment and make what the demon e son to.

They came all the way over, but there is no things out of the imagination of Zhang Boss, smoothly back to the Yueyi Pavilion, to be to the Yueyi Pavilion, after seeing Qu Mo Ying, only one by one to see the oblique wind of the matter said again.

Only after listening, Qu Mo Ying asked Master Zhang, "Is it the Ji side consort who wants to repair any gold jewelry?"

She couldn't really think of any other reason it would be other than that quantitative reason.

"Didn't see Lady Side Consort." Master Zhang shook his head in bewilderment, he really didn't know what had happened, "After entering the residence, he lived in a remote place, and didn't live with the others in the Crown Prince's residence, and after that there was a young man who came over from time to time, learning to make hairpins."

"A young man?" Qu Mo Ying's willow received a slight pick, this was really an unexpected topic and something she hadn't thought of before.

"Yes, it is a young man to learn to make hairpins, when I left, also made almost, these days almost every day will come, said to make a hairpin by hand ..." Master Zhang is really confused, he also with these things early with the shopkeeper said good! Although he said he lived in the Prince's residence and was not allowed to come out, after all, this is the Prince's residence, and it is not a place where people can just come and go.

“What kind of young man? Is it an underling of the mansion?” Qu Mo Ying tasted it and asked.

“Not like an underling, should also be a master look, but do not know what identity.” Master Zhang has seen a lot of people, is the master or subordinate or can distinguish, especially this young man, although the clothing is simple, but the clothing aspect is not ordinary, it is not ordinary people can wear, also not like the clothing of the subordinate in the mansion.

Especially the aura of that body, at first glance, it was a person in a high position.

Qu Mo Ying’s heart moved, but the expression on his face was unchanged, and then asked some details about this young man, and finally affirmed that this so-called young man was actually the crown prince Pei Luo An.

Her first reaction was what did Pei Luoan want?

What does Pei Luoan want to make a hairpin for?

“He did it himself?” Asked again.

“Yes, it is made by his own hands, it looks very attentive, there is a full moon on it.” Master Zhang thought carefully and said, every day spend quite a lot of time in his own place, just to do a little bit of it, it looks very attentive, Master Zhang suddenly remembered the words of good then asked curiously, at that moment, he added, “Right, he said that he made it for his deceased wife.”

Qu Mo Ying’s face turned cold, what does Pei Luo An want to do again? Repeatedly pulling his own predecessor to show love, now actually remembered the hairpin, but also really acting to even believe it, right?

A few moments of bloodthirsty cynicism and inexplicable annoyance grew in his heart.

After asking some other details about Master Zhang, he let Master Zhang go back, he did not return home this period of time, the family is indeed very panicky and chaotic, looking for the Zhang shopkeeper several times.

“Boss Zhang, whatever there is in this future, it’s better to tell me about it early on, and to avoid such things in the future.”

Qu Mo looked at Boss Zhang and knocked.

Although Zhang shopkeeper is loyal, but this courage is really small, by the oblique wind are holding, it is obvious that this matter is the idea of the oblique wind, at the moment do not need to go to report to the crown prince, it can be seen.

A maid, even if it is a common room maid, still overestimated her position in Prince Pei Luo’s peace of mind, people are certainly she found, but this let go, but not her say.

Slanting Wind this is still thinking that her style when she was in the mansion, when she was still Ji Hanyue’s big maid!

It seems that during this time, she had a good time in the Crown Prince’s residence, Ji Youran’s bad luck does not necessarily mean that she is also unlucky, and may even still be her chance.

However, this time, even if it is a small thin punishment her once, this later, naturally, will be a little bit of all the back ...

“Miss, subordinate knows, this will never happen again.” Boss Zhang’s face was red with shame as he said in a loud voice.

This matter could be resolved satisfactorily, all because of the fourth young lady, and he was certainly full of admiration here, feeling that his previous scruples were not really necessary.

Compared to the previous Crown Princess, the current, more slender-looking Fourth Miss Qu’s ability was not small.

“In a while may be the Prince’s residence, there will still be people to find, you do not have to pay attention to is.” Qu Mo Ying added.

“Still ... have to come?” Boss Zhang was a little flustered again.

“There’s nothing in the way, it’s just a tiny maid’s meaning, it can’t make waves.” Qu Mo Ying said carelessly.

Boss Zhang thought about it and felt that he still needed to remind his own young lady, “Miss, that maiden is not simple at first glance, compared to the other maidens in the Prince’s residence dressed above, it is much worse, looking more like a master.”

Like the appearance of the kind of concubine maid, this sentence, Zhang shopkeeper dare not say, but the meaning of the whole in it! His Royal Highness the Prince’s maid, that is more than the general family’s wife is not bad, can even say that other people would rather flatter so a maid, but also do not care about the general family’s wife.

“No matter, this time, not to mention that she is just a maid, even if it’s the quarter side consort who did this, it’s still at fault, the people are my people, if they must, let them come to me, I didn’t give the word, you don’t have the authority to agree.” Qu Mo Ying leisurely said.

Seeing her so relaxed, and thinking that the party had only sent a granny over to solve the matter that had been bothering her for so many days, Boss Zhang’s heart relaxed, thinking that this matter might really not be a big deal to his own master.

In this case, naturally everything in accordance with the lady’s intention, and then nodded repeatedly, guaranteeing that he would not let Master Zhang out again without authorization.

Afterwards and Qu Mo Ying reported some accounts, Zhang shopkeeper although timid, but in business above is still very good, the account book also remembered clearly, a pair down, no one is wrong.

Since then, Qu Mo Ying heart is considered a little bit eliminated a few points of anger, and commanded the next to hurry up on the new, on the fine, let Zhang Boss first go back, and even proposed that he can go home at this time to rest, after all, this period of time Zhang Boss is also very bad, every day to eat, sleep is not good day is also not good.

Hearing that someone else might come from the Prince's residence in a while, Boss Zhang immediately understood and nodded his head, and after going back and instructing his fellows for a few moments, he covered his face, saying that he was tired and had a toothache and had to go to the doctor, and left the Yuejin Pavilion.

Qu Mo Ying is not in such a hurry to go, asked the Yue Jin Ge's affairs, is the Yue Yi Ge's side, Yang aunt here has long been ready, Qu Mo Ying asked, the same pen clearly said out, also said the Jiangnan side of the material is now good, into the goods of the channel is also because of the help of the Jiangnan Yue's, stabilized, although it is not the best, but at least can guarantee a certain amount of supply.

Not much, but it can be supplied several days a week, which is not bad.

And these flowers and colors, the materials are all top quality, and a little different from the other ones in the capital that are now starting to operate as well.

The source of goods has stabilized, the level of the guests has also stabilized, basically are the world's young lady and so on, the family has money, don't care to be more expensive than others, but at least the material is more refined and better than others.

After finishing speaking with Aunt Yang, Qu Mo Ying took a brief look at the grounds again before leaving with Yu Dong and Sister Miao, looking at the time it was already almost lunchtime.

"Miss, let's not go back to the mansion, let's eat outside!" Yu Dong proposed.

Sister Miao looked at the sky and also felt good, "Miss, if we go back now, I'm afraid it's a bit late, our mansion usually eats earlier than outside."

Qu Mo Ying was not in a hurry to go back, a rare trip out of the mansion and so many things, naturally, he also had early plans, this would nod, "Then let's find a place to have some evening meal!"

"Miss, the slave girl knows a good place, bring you there to try it?" Yu Dong smiled and answered.

"What place?" Quemoy Ying asked casually.

"You'll know if you go and take a look!" Yu Dong mysteriously said, then stretched his neck outward and instructed the coachman to change the route, and fearing that the coachman had gone the wrong way, he simply went straight to the door of the coach and sat there pointing the coachman forward.

This all the way around several intersections, to the place, put the carriage stopped, Yu Dong only wanted to help Qu Mo Ying down the carriage, suddenly saw the front carriage down the person, froze for a moment to see who it was, whispered to remind, "Miss, the second son in front!"

Qu Mo Ying's hand gently lifted a corner on the door curtain, and sure enough, he saw that the person in front of him happened to turn the corner and sidled over, it was Qu Ming Cheng.

Isn't Qu Mingcheng's mind set on doing well in the imperial exams right now, and he still has the leisure to come out to eat at this time?

Although he was puzzled in his heart, he didn't pay too much attention to it, and after waiting for a little while, he also got off the carriage and brought Yu Dong and Sister Miao into the front point of the restaurant.

Very tall three-house pavilion, it is the time of the meal, business is very good, Yu Dong called over the fellows, heard that there is a private room on the third floor, immediately pleased to book, and after that followed the fellows, a line of people on the third floor of the private room ...

"His Highness the Crown Prince is still going over there today? Didn't you say before that you could just polish it yourself?" Slanting Wind asked anxiously.

"Yes, it says that it will go over in a while, as if there are some small places that were not so good when it was polished before, and we still have to trouble that master." The chamberlain lowered his voice and said.

"This ... what can be done?" Slanting Wind was a bit dumbfounded, she dared to take matters into her own hands before because she thought it wasn't a big deal, on the one hand, it was certainly because the person was found by her, on the other hand, it was also because the Crown Prince had said before that he could polish it himself next, there was no hurry anyway.

Of course there's no rush. People are dead, what's the rush!

Slanting wind originally thought that the crown prince is just so say, did not expect actually want to go to this master again, bias she was not in a hurry before, for a moment did not think of where to go to look for a good master of gold jewelry, and then find a suitable opportunity to report to His Highness the Crown Prince on the line.

This matter is not really a big matter of urgency in Slanting Wind, a dead man can still get up and use a hairpin can't he!

But right now, what to do, the Prince is about to pass, this ... how can this be good? Slanting wind anxious round and round ...

Chapter 514 Exasperation, Don't Take Anything for Yourself

"How ... about hurrying to have someone come back again?" The chamberlain suggested anxiously.

A word reminded Slanting Wind, and immediately his eyes lit up, "You go and keep an eye on His Highness the Crown Prince again, and if possible, try to slow down a bit, I'll go and come."

Yue Jin Ge side of the road is not far, she went to a trip is still considered fast, Yue Jin Ge's shopkeeper gallant, he said two sentences, two people borrow a few days and how, anyway, the Qu House of that four miss will not know.

Mind so, they hurriedly called the carriage out, to the more gold pavilion a carriage, go to find the shopkeeper, helpless shopkeeper actually not in, said it is uncomfortable to go to see a doctor, as for now is not at home is not certain, as for the goldsmith master, this time is not in the store, where to live is also not clear, just a general range.

Listen to the fellows so say, slanting wind in front of her eyes dizzy, time does not allow her to go to find people, no choice but to return to the house, a door, see before she tipped off the chamberlain is anxious round and round, see her over, hastily pulled her to one side of the corridor, asked, "How is it, people come?"

“Not found!” Slanting Wind gritted her teeth in anger, she shouldn’t have been kind enough to let the person go right then and there.

“How could it not be found, there was no one in the store before?” The chamberlain was anxious, “His Highness the Crown Prince is about to go over, you ... you who still haven’t found ...”

“It’s unhindered, I ... will go and talk to the Crown Prince now!” Slanting wind lifted her guts and said, these days the side consort lady was punished, she was quite comfortable, the crown prince was still good to her.

“It’s useless for you ... to go ...” The chamberlain has been following the crown prince for many years.

“It’s better than not going and being discovered by the crown prince.” Slanting Wind held himself to be considered favored now.

“Then ... then you go!” The chamberlain thought about it and let go helplessly, right now it also seemed to be the only way, it would be better to talk about it after being found out by the crown prince than to do it now, at least this means something completely different.

Although Slanting Wind was also afraid, but this was not the time for her to be afraid, she gritted her teeth, straightened her clothes, and headed for the Crown Prince’s study.

Pei Luoan sat in his study, holding a hairpin in his hand, a full moon at one end of the hairpin, a light colored gemstone at the center of the circle, the whole shape of the hairpin was extremely satisfying to him, the hairpin was sharpened by his own hands, and although the overall top was always being corrected, it looked very good in general.

Now it just needs a little more sanding and sanding it’s basically done.

Looking at the hairpin, a hint of darkness flashed in the bottom of his eyes, and there were things that he thought he had forgotten that slowly flowed through his heart at this moment.

I can't tell you what it's like. Regret?

"Your Highness, Slanting Wind seeks an audience." A chamberlain came in to report.

"Bring it in!" Pei Luoan said indifferently, in the past at this time it was this maid who brought herself over, this would be the time to come over after counting the time.

After Slanting Wind entered the door, she hurriedly knelt on the ground, "Slave girl has met His Highness the Crown Prince."

"Go away!" Pei Luoan put the hairpin in her hand into her sleeve and prepared to stand up.

"Your Highness the Crown Prince, the slave girl has something to report!" Slanting Wind hurriedly spoke.

"What is it wait until we get out!" Pei Luoan frowned unhappily.

"Your Highness, it's the matter of the hairpin." Slanting Wind said.

"A hairpin?" These words pulled Pei Luoan back, his face sank, "What is it?"

"That master who helped make the hairpin, something happened at home, the family came looking for him, the slave girl let him go back first." Slanting Wind stole a glance at Pei Luoan sitting up there and found a reason to defend herself.

"When will you be back?" Pei Luoan's face was unpleasant.

"This ... this slave girl let him as soon as possible." Slanting wind white face, assured, after this matter, no matter what, she had to let that master make another trip, she just don't believe that shopkeeper Zhang dare to go against his own will, dare to go against the crown prince's eastern palace's will.

As for that obnoxious Qu fourth young lady, but also insufficient not to be afraid, and can not always be in the store, threaten Zhang shopkeeper a few words, he did not dare to say this matter.

“As soon as possible is how long?” Pei Luoan said coldly.

“Just ... a moment! The slave girl ... slave girl will go and get the person back now.” Slanting Wind shivered.

“A moment? I’ll wait for you here for a while?” Pei Luoan laughed lightly, his voice deep.

“Slave ... slave servant ... slave servant ... slave servant ...” Slanting wind panicked, from Pei Luoan’s words tasted some different meaning. Hurriedly heavy kowtow on the ground, not a few times, the white tender forehead above the red and swollen, the eye socket at the fall of tears, a downward falling, extremely pitiful.

Pei Luoan coldly watched her kowtow and stood up, while then walked to her and suddenly crouched down.

Slanting Wind was stunned and hurriedly looked up, his entire body shivering, but with a few moments of joy, he looked at Pei Luoan with tears in his eyes, “Your Highness, Your Highness ...”

“Do you think that because you’re her maid, Lone will take it as a high opinion of you?” Pei Luoan reached out and restrained her neck.

The general feeling of suffocation caused Slanting Wind’s head to involuntarily tilt up high, a pair of hands subconsciously went to pull Pei Luoan’s robe sleeve, his eyes were all pleading, and he said with difficulty, “Your Highness ... Your Highness ... ”

“What gave you this idea that you can be so wanton and self-indulgent with Lone?” Pei Luoan continued to ask, the bottom of his gloomy eyes curling up with some vague red color not seen in the past.

“Your highness ... spare your life ... spare ...” Slanting wind now can’t say its good words, can only plead with his eyes looking at Pei Luoan in front of him.

"Bitch!" Pei Luoan looked at her slowly turning purple little face revealing a hint of disgust, with a wave of his hand, Slanting Wind crashed out horizontally, then stood up and took out a piece of paddle meticulously wiping a few times on his hand, after which he casually flung it onto Slanting Wind's face, gradually regaining his usual calmness between his looks.

"Remember not to take matters into your own hands in anything." Pei Luoan waved his hand and two guards came in, pulling Slanting Wind and dragging her out, while then heavily throwing her outside the courtyard.

The study was quiet, Pei Luoan took out the hairpin again, his face became softer, stroked the hairpin twice very gently, sighed softly, his eyes surged with a hint of faint sadness, accompanied by a few moments of indescribable love, as if the hairpin in front of his eyes was not just a hairpin, but a young girl that made him appreciate his heart.

A faint voice with a hint of tenderness, "What Lone promised you, I will do it after all!"

Slanting wind half paralyzed outside the courtyard, stroking the chest heavy coughing, straight coughing chest as if there is what turned out like, a good half a long time before the trembling fingers took out a handkerchief, in the face of the haphazard wiped, holding one side of the wall to stand up, staggering to the outside, this will be she did not dare to stay here again.

When she had gone some distance, she fell heavily again, this time coughing violently.

There were two maids passing by, seeing her from afar, after pointing at her, they turned around and walked away, no one paid any attention to her, and even heard the sound of the two of them laughing, these two maids she recognized, both were people around the side consort's wife.

The side consort has fallen in power, these two also dare not be as rampant as in the past, otherwise this will inevitably laugh at her.

"Why are you here, girl? But what happened?" A maid hurriedly came, this was the maid assigned to her, Ming Xin, she was no longer considered to be the Crown Prince's person, so naturally, she had someone who specialized in serving her.

Of course this service, but not always follow her, she herself is only a maid, but also follow the service of the quarter side consort, this maid, but followed to help her deal with things in the house, and so she returned to the house, some of the service of the things, are called Ming Xin's maid to do.

As for the past days when she was not in the house, this girl was only considered a rough servant girl in the side consort's yard, and could not come in front of the side consort.

"You ... you help me back!" Slanting wind at this time even walking are shivering, simply unable to go back, a look at Ming Xin, hurriedly said.

She never knew that the Crown Prince would be so scary, hasn't His Highness always been very gentle like jade, even if he was disobeyed, he just laughed it off, when the Crown Princess was there, was there less things that the Crown Princess disobeyed His Highness? Not only the Crown Princess, even their several big maids who follow the Crown Princess, occasionally there will be some small wrongdoings, but the Crown Prince's nature is very good, not only will not blame them, and will even help them to speak.

But this time, it's not a big deal at all ah, if it was before, how would the Crown Prince be angry, and would even sit on the side and mildly help them persuade the Crown Princess when they were being reprimanded.

Right now she is not only the maid of the prince consort, she is still the prince's person, why ... will the prince do this to her, just at that moment, the slanting wind is really sensing death, at that moment, the prince's big hand pinches her neck, as if the next moment will break her neck, and she is very powerless!

Why is it like this? It's not supposed to be like this, is it?

Her current identity is different now, before serving the crown prince, the crown prince also smilingly told her about some old events, that time the crown prince also expressed good to her service, specially let people reward her, she still remembered the side consort's face when she saw her, her face was annoyed but couldn't do anything about it in her eyes.

Right now, shouldn't she be more favored than the side consort? Why did she really feel that the Crown Prince would strangle her at this moment, just because of such a small mistake?

Why is it like this? Slanting wind can not think, also do not dare to think down, holding Ming Xin's heart slowly lift step, the brain is a mess, why is it like this ... How did His Royal Highness the Crown Prince become like this ... She is not the House is favored peopleA few days ago, His Highness the Crown Prince said that he would give himself a good name in the future ...

Wrong, in the end where is wrong, why is it like this? Where is she going to find this gold jewelry master now, originally she just wanted to please His Highness the Crown Prince, even this idea is still she helped His Highness the Crown Prince to think of, this will feel like lifting a stone and smashing her own foot, how is she going to remedy this now?

She can now be sure that if she doesn't remedy the situation, next time His Highness the Crown Prince really won't be able to spare himself easily ...

It's not what she thought it would be at first. Shouldn't she be on her way up by now?

Chapter 515 The King of Wei has an invitation

"You want to find a Taoist nun?" Xu Zhi An put down the chopsticks in his hand and asked in surprise, although his family lineage was not as good as Qu Ming Cheng's, he was also considered the son of a minor official, and most of all he was also related to Yu's mother's family, and from this aspect, the two of them were considered to be related to Qu Ming Cheng as well.

"My great aunt recently didn't know what was going on, she heard about the good reputation of that Qinghe Realist, and especially wanted to meet and ask about divination." Qu Mingcheng helplessly said, reaching out to fill up a glass of wine for Xu Zhian, "It's not that I've heard that you have a wide range of friendships, and I want to ask you how you can get in touch with this Qinghe Realist."

"This Qinghe real person, is not ordinary people can be about, I heard that her master in the Qingyun Goddess of Mercy, very much get this Qingyun Goddess of Mercy's true heritage, even if you want to see, people are not sure to see you, to know that this Qingyun Goddess of Mercy basically does not give other people ask divination, even if it is the royal family, she is not sure to be able to buy the account."

Xu Zhi'an sighed, very flattered, picked up the wine cup and took a sip, then put it down and proposed, "In fact, it doesn't have to be this Qinghe Zhenzhen's, this one's fame is great, but basically not, it would

be better to find another one, anyway, your great-aunt is just looking for a Taoist nun to ask for good fortune and bad luck, isn't it?"

"Yes, but other than Realist Qinghe, who else is there?" Qu Mingcheng asked in disbelief.

"There's also the Jing'an Realist ah who is friendly with Qinghe Realist, she's not bad either, she also helped my mother ask for good fortune before, my mother said it's very good." Xu Zhi An recommended.

"This is very good, what does it mean by good, my great aunt especially wants to find the Realist of Qing He, and this Realist of Pure Peace, I haven't heard of it." Qu Mingcheng frowned and asked.

"This Jing'an Realist, really has a good relationship with Qinghe Realist, or not only with Qinghe Realist, but also with Qingyun Guan's Guanmaster's relationship." Seeing that Qu Mingcheng really didn't know, Xu Zhi'an proudly brought up, "You know about Qing Yun Guan, but do you know about Qing Yun Guan's Lower Guan?"

Qu Mingcheng shook his head, "Qing Yun Guan still has the Lower Guan?"

"Of course there is, those famous mountains and temples, all have a lower temple, why doesn't Qing Yun Guan have one, can't it be that you don't think Qing Yun Guan is grand enough?"

Qu Mingcheng shook his head again, "But this Xianguan hasn't really heard of it, it's not famous, right?"

"The reputation is naturally not as famous as the Qing Yun Guan, the place is of course even worse, but since the name of the Qing Yun Guan under the Guan, naturally the consent of the Qing Yun Guan, you can also see that the relationship between these two Taoist temples is extremely close, I just said this one Jing'an real person, is the Qing Yun Guan under the Guan of the people, I heard that it is still the Guanmaster, the identity of this is not worse than the Qing He real person it! "

Xu Zhi'an said smugly.

Hearing him say that, Qu Mingcheng really felt that there were some implications, and after thinking about it, he said uneasily, "She's that good?"

"If you don't believe me, go back and ask your great aunt, it's normal that you haven't heard of it, but many of the women in the inner courtyard have heard of it." Xu Zhian said, then lowered his voice again, "In fact, the main thing is still clear and real people are really too difficult to invite, to the identity of your retainer's house, originally also can be invited, but this will be so urgent, I'm afraid I can not, backward rows are also not necessarily able to line up to when, and also your great-uncle's ..."

Qu Zhi Lin's status was again a bit lower than Qu Zhi Zhen's, and the words had all the meaning in them.

Qu Mingcheng naturally understood the meaning in these words and nodded after thinking about it, "Then help me introduce this female Daoist nun."

"Okay, no problem!" Xu Zhi'an laughed, this was really a matter of one sentence, he could bring Qu Mingcheng to meet this Jing'an Realist in a moment.

"Thank you, Brother Xu!" Qu Mingcheng thanked him.

"Self brother, so polite for what, but is your sister's matter, in the end what is going on, how inexplicably and marvelously into the King King's House, not even a ceremony? Can't it be that she has been demoted?" After this matter is finished, Xu Zhi An eyes turned to ask, he is related to Yu Di, naturally also care about this matter.

Qu Mingcheng's hand slammed heavily on the table, and his face immediately went cold.

"What's the matter, could it be that there's really something going on here? Your mother went to the nunnery outside the city, and your sister is so unknown at the moment, what ... is going on here?" Xu Zhi An became more and more curious.

Yu's two sons and daughters are good, they are also good, compared to the Qu House, their side of the identity is even lower, but also think of the Qu House more to mention them.

"It's fine, but it's just temporary, sister is King Jing's concubine consort, this is something no one can change, mother's health is not good, she is temporarily out of the city to recuperate." Qu Mingcheng said with a cold face.

"Is there something going on in your residence?" Xu Zhi'an's head came over and inquired, his status was such that such things were not yet accessible.

Qu Mingcheng impatiently pushed him away with one hand, "What could be going on? Think of nothing!"

Xu Zhi'an carefully checked his expression and immediately smiled with a few bawdy smiles, "Naturally, there won't be anything going on, it's me who's overthinking, indeed it's me who's overthinking, come on, drink, drink!"

In the next period of time, the two people did not mention too much about the Thi's and Qu Qiuyan's things, this meal was also considered to be a very happy meal in the end, and Qu Mingcheng also purposely drank two more cups of wine.

After the wine and food, the two talents each took a small boy one after the other out of the door.

"Miss, the second prince came out, with another person." Yu Dong had been paying attention to the downstairs, this would see Qu Ming Cheng come out from inside, immediately both whispered.

"Watch them." Qu Mo Ying nodded, unconcerned, and did not go over to look, her eyesight was naturally not as good as Yu Dong's, and having Yu Dong look at them was a bit more confirming than looking at them herself.

"Second Duke and this person got on the carriage together, the carriage seems to be heading out of the city." Yu Dong looked while describing it to Qu Mo Ying, this would finish after slightly freezing for a moment, and then hurriedly said, "Miss, can't it be that the second prince is also heading to the nunnery?"

That's the way out of town!

“No way!” Qu Mo Ying shook his head.

“Miss, why not, that direction is out of the city!” Yu Dong asked, head still probing out, they are on the third floor, see farther, this will look at the carriage to the out of the city of the avenue above the past, a look is the direction of the city, not like it is back to the Qu Mansion.

“Qu Mingcheng wouldn’t want others to see Yu in this current state.” Qu Mo Ying faintly smiled and faintly said.

These words reminded Yu Dong, nodded his head repeatedly, “Right, the second prince is bound to be unwilling to let people see ... look at it all disgraceful and make people think more.”

Right now outside only said Yu went to recuperate, recuperate the body, if you see Yu living in such a remote a small nunnery, and where would not know that the Qu House is punishing Yu.

This kind of loss of face thing, Qu Mingcheng of course will not do, and look at this kind of upward rush to do.

“Miss, since it’s not to look for the second madam, then what is the second son going for now?” Sister Miao was a little worried, and also walked to the window to look twice, and after confirming the direction the carriage went out, she turned to Qu Mo Ying and frowned.

Qu Mingcheng basically doesn’t go out of the city, he is now bent on studying, and everyone in the east and west houses know it.

“Not too clear, or back to the house can inquire to inquire!” Qu Mo Ying said, she will also run out this time, this family’s meal is indeed not indeed, but it is difficult.

“Miss, the old slave will go over to the East Mansion to inquire about it on the way back.” Sister Miao nodded, her face heavy.

If there was anything, she felt it would be easier to inquire from the East Mansion, after all, the second son used to live in the East Mansion more days, the West Mansion didn’t have much to do with the

second son lately, and she even heard that the second master had reprimanded the second son, telling him to focus on his studies.

Qu Mo Ying smiled slightly: thoughtfully said, "I'm afraid this ... will still be related to me!"

Sister Miao's heart fluttered, in fact, she felt the same way!

After having lunch, Yu Dong let the store's fellows remove the food, then served snacks and tea, the scenery here was good, and Qu Mo Ying didn't plan to go back so early.

Sitting at the window, with the curtain slightly raised, the view was quite far and clear.

Yu Dong ran out and in to have the fellow send in quite a few things, but on entering the door once more, there was not a single thing in his hand, "Miss, there is a chamberlain seeking an audience."

"A chamberlain?" Qu Mo Ying's watery eyes rippled slightly, since it was a chamberlain, it was naturally not something an ordinary person could afford to use.

"Someone from the Sheriff King's side?" She asked, her hand holding the tea.

"No, it just means that their master is here, and seeing the slave girl, he specially came over to ask." Yu Dong frowned and said.

That would be the one who had seen Yu Dong, after Qu Mo Ying frowned slightly, her long eyelashes fluttered twice and she nodded, "Let him come in!"

Since I can't guess who it is at a moment's notice, I'll bring it in and see.

A chamberlain followed Yu Dong's back – came in, just the dress of the boy, looked like an ordinary boy, just a mouth to hear something different.

“Our master invites Fourth Miss Qu over to speak.” The chamberlain came over with a smile and bowed before saying.

“Who is your master?” Yu Dong asked, glaring at the chamberlain in front of him with an unpleasant expression.

“Our master is His Highness, the King of Wei.” The chamberlain smirked in disbelief.

Pei Qingmin, King of Wei?

Qu Mo Ying’s heart sank, she didn’t feel that there was any relationship between herself and Pei Qing Min that would cause this King of Wei, who had always looked at her with disdain, to come over specifically to invite her over!

Besides, this one is also weak and not in good health, so how can he have the leisure to eat out?

“How did His Highness, the King of Wei, come here?” Qu Mo Ying asked in a slow voice, looking the chamberlain up and down a few times, not recognizing him.

“Our prince heard that the dishes here are good, so he specially came over today to taste them, and I didn’t expect to actually see Fourth Miss Qu, so he specially wanted to invite Fourth Miss Qu over to catch up.” The chamberlain said with a smile.

“This ... is still not necessary, thank you for your king’s goodwill, it’s just that I’ll have something else to do this time, and I’ll be leaving soon!” Qu Mo Ying softly refused.

This sickly and frail His Highness the King of Wei actually gave her a somewhat incongruous feeling, but she couldn’t tell what was incongruous for a moment.

Or to stay away from the main, this one body is not good, who knows when something happens, then who with him in a place are bad luck, and there is also a point, men and women are not clear, even if this king’s body is weak, it is also a man, himself and his two in the restaurant to meet, what is it!

Chapter 516 The Extremely Rude Miss Chu

“Our prince said that it will only take a moment, don’t worry Fourth Miss Qu, it’s not just our prince that’s here, there are other ladies here, our prince’s cousin is also here, and also said that she wants to meet you!” The chamberlain made an effort to invite.

Cousin of Pei Qingmin, King of Wei?

Qu Mo Ying was silent for a moment, looking at the chamberlain who had a constant smile on his face, as well as this energy of not going over, this was a definite invitation to go over?

“Yes!” Nodded in response.

“Miss?” Yu Dong was a bit anxious, but when she saw Qu Mo Ying shaking her hand wordlessly, she could only lower her head and follow behind her own young lady, going next door with Sister Miao.

What a coincidence that it’s right next door?

The chamberlain went up and knocked on the door, at the door opening was a resourceful maid, seeing the chamberlain come in, she hurriedly retreated to the side to let him in, Qu Mo Ying stood outside the door and waited, finally the door opened once again, the chamberlain came out with a smile on his face and said, “Fourth Miss Qu, please!”

Qu Mo Ying lifted his step to go in, and saw two people sitting in front of the table in the middle, one of them was Pei Qing Min, the King of Wei, the other was a lovely looking young lady, looking at fifteen or sixteen years old, hearing the voice from the doorway, she also turned her head to look over with a smile on her face, a smile that made people feel affinity.

Qu Mo Ying stepped forward and saluted.

“Fourth Miss Qu doesn’t have to be polite, please sit down first!” Pei Qingmin invited.

Qu Mo Ying looked at the position left behind, there was only the one opposite Pei Qing Min, the other side leaning against the wall, and gave Pei Qing Min another sideways salute, confessing before taking a seat opposite him.

“Are you the fourth young miss of the Qu Mansion?” Having only sat down, that young lady had already opened her mouth.

Quemoy Shadow glanced at her with a few moments of confusion.

“This is my cousin Zhu Yan’er, and this is the fourth young miss from Servant Qu’s residence.” Pei Qingmin opened his mouth to introduce.

Qu Mo Ying’s heart moved, she had seen Zhu Yanxin before, but had not seen this Zhu Yan’er, right now this age also looks to be a little smaller than the previous Zhu Yanxin, should be a cousin, or pro-sister relationship!

“Miss Zhu!” Qu Mo Ying softly smiled and faintly said.

“Fourth Miss Qu is polite, you are the Fourth Miss of the Qu Mansion that my cousin was talking about!” This Miss Zhu still looked a little naïve, and although she sensed a little older than Qu Mo Ying, her entire appearance made it seem as if she was going to be smaller.

Qu Mo Ying nodded with a smile.

“Fourth Miss Qu, I’ve heard that your eye disease has healed, why haven’t you untied your eye veil yet?” Zhu Yan’er asked curiously, looking as if she still had to reach out.

Yu Dong took a step forward and stood tightly behind her own young lady, wary of this Miss Zhu who appeared out of nowhere.

“It’s not all healed yet, can’t see much bright light.” Qu Mo Ying Na Zhi Guan’s reasoning said.

“There’s not much glare here, anyway, inside the house, why don’t Fourth Miss Qu unveil her eyes and let me take a look, and also let my cousin take a look.” Zhu Yan’er laughed with a hint of naivety, saying that she really reached out to uncover Qu Mo Ying’s veil.

“Miss Zhu!” Qu Mo Ying’s head was slightly back and her expression rose in displeasure.

“Cousin, don’t stop!” Pei Qingmin’s smiling face also sank.

Zhu Yan’er’s hand stopped in front of Qu Mo Ying’s face, finally did not dare to reach over again, just looked at her own cousin aggrievedly, “Cousin, I’m just taking a look, I’ve heard that the fourth Miss Qu is extremely good looking, I ... haven’t seen ... her yet. Really just look at it, and won’t do anything.”

Her words carried a bit of petulance, one could tell that she hadn’t pampered Pei Qingmin much in the past, this King of Wei was really good to this cousin of his family.

Otherwise they wouldn’t talk like that and behave so rudely!

Yes, just rude, this was Qu Mo Ying’s first impression of this Miss Zhu, extremely rude, as if she was born with hostility towards Qu Mo Ying, obviously she had never seen this Miss Zhu before.

“Fourth Miss Qu has always refrained from uncovering her eye veil, also because her eye disease is not fully healed, if you uncovered her eye veil and caused her eye disease to deteriorate, can you afford to take the responsibility?”

Pei Qing Min rebuked.

“Cousin ... I’m not saving, I’m just curious ...” Zhu Yan’er explained in a low voice, aggrieved red eyes, hands stirred in one place, looking more and more pitiful.

“Alright, no more of this in the future, no more curiosity should be done, if Fourth Miss Qu’s eye disease is really fully healed, she will naturally remove the eye veil and let people see it.” Pei Qingmin said without thinking.

"Yes, cousin, I know!" Zhu Yan'er's head lowered as she continued to condescend.

"Alright, go over there in a while and buy the painting you fancy!" Pei Qingmin's head ached as he reached out and pressed and rubbed his hands together, obviously there was nothing he could do with this delicate cousin.

"That's great, thank you cousin, thank you cousin." Zhu Yan'er was overjoyed, her eyes were still red, but she laughed out, imo making people feel very delicate and cute.

Than those dignified and shy young lady, more than a few points of spirit, looking like a bit of jade snow lovely young lady, and after finishing and full of apologies to Qu Mo Ying said, "Qu four young lady, the party is really sorry, I was gambling with my cousin before, so involved in the Qu four young lady, I hope that the Qu four young lady to forgive me."

Qu Mo Ying looked at this Miss Zhu Yan Er, her eyes a ghostly color, up to now she hadn't said a few words, yet she had already been pulled out and slipped out a few times by this Miss Zhu.

No matter what this Miss Zhu's purpose was, she could clearly sense that this Miss Zhu was actually displeased with her.

Since Miss Zhu didn't like herself, Qu Mo Ying also felt the need to befriend this Miss Zhu and nodded slightly as an answer to her words.

Just that this answer was a bit too cold, Zhu Yan'er looked at Qu Mo Ying's appearance, her complexion was aggravated again, but this time she didn't cry either, she just smiled forcibly and turned back to her own cousin, "Cousin, Fourth Miss Qu is angry with me, it's all because of you!"

"Alright, it's not a big deal, Fourth Miss Qu won't be angry with you!" Pei Qingmin looked at his own cousin's sadness, smiled faintly and soothed her, then looked at Qu Mo Ying, "Fourth Miss Qu, I'm really sorry, my cousin is naive in nature and says what she wants, if there's anything that offends, please ask for Fourth Miss Qu's connivance!"

"Don't dare!" Qu Mo Ying's head was slightly lowered, "If Your Highness has nothing else to do, I would like to leave first!"

She didn't really want to be used as a target here, no matter what the other person's purpose was.

"Fourth Miss Qu, don't go, you won't really have me offended, right?" Zhu Yan'er said in a delicate voice, growing more and more uneasy between her looks, reaching out to pull Pei Qingmin's sleeve, "Cousin, what should I do, I've really offended Fourth Miss Qu, I still want to ask her about some things in the palace!"

It's easy to look like a poor girl, the pampered kind, and it's also easy to let your guard down.

"Fourth Miss Qu, just ask something slightly, it won't take much of your time." Pei Qingmin's face sank slightly, although his own cousin was a bit unintelligent, she didn't have any bad intentions, Qu Mo Ying's repeated requests to leave somewhat made him less than happy.

"Your Highness, please speak." Qu Mo Ying said with a business-like appearance and a straight face.

Pei Qingmin coughed lowly, and Zhu Yan'er immediately changed her aggression from just now and smiled, "It's not anything special, it's just that I heard that something big has happened to Beauty Li in the palace, and it just so happens that the Fourth Miss Qu is here, so can you tell me what's going on in the palace, and what's going on with Beauty Li?"

After saying this, Zhu Yan'er looked at Pei Qingmin again, "Fourth Miss Qu, don't worry, if there's anything my cousin will definitely help you."

Qu Mo Ying's willow eyebrows slightly knitted at these words, she had nothing to do with Pei Qing Min, nor did she intend to have anything to do with him, this Zhu Yan Er, even if she didn't know any better, should know that these words weren't said in such a way.

"Yan'er!" Pei Qingmin glanced at his cousin, his face cold, these words were indeed extremely inappropriate.

"Cousin, I am sorry, I just wanted to hear things ... said too much and said the wrong thing!" Zhu Yan'er hurriedly reached out and patted her mouth, a look of saying the wrong thing, careful and very inviting.

Pei Qingmin's face softened, nodded, "Qu fourth miss don't need to take it to heart, my cousin is still young, don't know much about things, in fact the things inside the palace, is it not something she can know, it's not that she asked too much, there was nothing to do originally today, it just so happened to meet the Qu fourth miss, my cousin hasn't met the Qu fourth miss, which is why I specially asked the Qu fourth miss to come over to see her! "

Pei Qingmin said mildly, his voice was not high with a few details and gentle elegance, different from the other several princes, this one was really sickly and weak at a glance, looking at the kind that reassured people.

"Fourth Miss Qu, I'm sorry, I lost my tongue again just now! Cousin often says that to me as well, but I can't always remember!" Zhu Yan'er stood up and gave a sideways salute to Qu Mo Ying, with a smile that contained a few moments of innocence and laughter.

"Miss Zhu is polite." Qu Mo Ying also stood up to return the favor.

The two of them resumed their seats, and Zhu Yan'er even personally poured a cup of tea for Qu Mo Ying and sent it to her, "The moment I saw Fourth Miss Qu, it was like meeting a deceased person from my childhood."

"A deceased person?" Qu Mo Ying smiled, "Is this late friend of Miss Zhu's gone?"

"She doesn't know where she is anymore, when she was very small she was there ... but then she hasn't been coming, my cousin and I both waited for a long time, she didn't even show up!" Zhu Yan'er sighed, her brows revealed a few sadness, with some reminiscence, "Back then we were still small, but even if we were still small, I still loved her, and so did my cousin ..."

"Yan'er, what's the point of talking about this!" Pei Qingmin interrupted Zhu Yan'er's words, his face clearly sinking.

"Cousin, I said the wrong thing again, I'm sorry!" Zhu Yan'er apologized again.

Qu Mo Ying's watery eyes narrowed a bit, this cousin of the King of Wei was very interesting, only this moment of time, had already apologized I don't know how many times! I don't know if it's true that the two of them got along so well in the past, or what kind of medicine is in the gourd?

But no matter what, this matter had little to do with her, her head turned slightly and looked to one side at Sister Miao, who understood and stepped forward to bow to Qu Mo Ying before saying in a low voice, "Miss, the Second Master is still waiting for you to go back to have something important to say to you!"

Chapter 517 Visiting Qu Xuexin

"Your Highness King Wei, Miss Zhu, I'm really sorry, but I have to go ahead with something urgent at home!" Qu Mo Ying stood up and fell to her feet.

"Since Fourth Miss Qu has urgent matters, then please go ahead!" Pei Qingmin said indifferently.

After Qu Mo Ying gave him a bow, he led the people away.

"Cousin, why don't you leave Fourth Miss Qu to talk for a little longer, I think Fourth Miss Qu is quite nice, outside actually rumored her to be like this, it's too much." Zhu Yan'er didn't stand up, but only petulantly fought for Qu Mo Ying, her pretty little face had an indignant look on it.

"Rumors are certainly rumors, naturally they are not trustworthy!" Pei Qingmin sat down leisurely.

"Cousin, you also think this Fourth Miss Qu is good looking, don't you?" After Zhu Yan'er sat down, she rolled her eyes and tugged on Pei Qingmin's sleeve, regretfully saying, "How nice it would have been if we could have allowed Fourth Miss Qu to remove her eye veil just now, so cousin could have taken a look at how this Fourth Miss Qu really looks! Maybe it's still a stunning beauty."

Pei Qingmin's brows furrowed, his face sinking slightly, "Yan'er, you ... have gone a little too far today!"

"Cousin, I ... am just curious ..." Zhu Yan'er was stunned, then her head lowered, and then her hand cupped her own handkerchief, her face showing a few points of aggression, and "I'm sorry, cousin, I ... I'm really just curious, auntie said ... auntie said ..."

“What mother consort said was all a joke. Pei Qingmin interrupted Zhu Yan’er’s words, his pale face carrying some thinly veiled anger, “Yan’er, you’re not young anymore, don’t always listen to the wind.”

“Cousin!” Zhu Yan’er was reprimanded, her eyes reddened, “I ... I won’t in the future, cousin you ... you forgive me, okay, this time it was also an accident, just happened to meet... ...If I didn’t encounter it, I ... wouldn’t have taken the initiative to look for Fourth Miss Qu, cousin knows I’m timid.”

Seeing her talking like this, Pei Qingmin no longer said down, this matter said is indeed caused by Zhu Yan’er mishearing, counting is not a big deal, there are not a few in the capital who are curious about Qu Mo Ying’s appearance under the veil of her eyes, just that Pei Qingmin doesn’t like this kind of feeling, no matter what words are said, the so-called mishearing, will be purposely listening to it.

And at that time, when Mother Consort spoke to herself, she purposely avoided her, but on the contrary, she could actually hear her.

Originally is a mother consort’s a joke, said he is sick and weak, this full of the capital city, the only one of the Qu House, bad eyes, is also considered sick and weak, maybe with their own better.

Mother consort worried about their own affinity, so that they can choose the main consort, they did not agree, so mother consort did not have a good mood to say so, Qu Mo Ying eyes what identity, mother consort and their own natural know.

I just didn’t think my cousin would dare to come and eavesdrop!

This kind of thought was very shelving should, which made him very unhappy, and also made Pei Qing Min perceive whether he had been too gentle to this cousin in the past, so much so that she actually dared to eavesdrop on the conversation between his mother consort and himself.

Cousin is cousin, this point, do not use doubt, their own body their own clear, the body is so poor in fact not necessarily suitable for marriage, but if it is a marriage, in fact, he has a heart, but so many years have not found her ...

“Miss, what is this Ms. Zhu doing? Very strange look!” After sitting in the carriage, Sister Miao asked in surprise, she just saw clearly, this Miss Zhu a bad on the aggrieved, my own Miss has not said anything,

this one on the aggrieved, seems to be all the time not to the aggrieved to the point of letting people pity.

It's cloying to watch!

"Regardless of her, it has little to do with us, and we won't necessarily meet her next time." Qu Mo Ying shook her head unconcernedly, "After returning to the mansion, Sister Miao will go to the East Mansion to make inquiries, and Yudong will ask about Second Brother's matter over at the West Mansion, both not before, but probably after."

"The slave girl understands!"

"Old slave understands!"

Both Yu Dong and Sister Miao understood the meaning of Qu Mo Ying's words and each nodded their heads.

Carriage all the way back to the Qu Mansion, Qu Mo Ying got off the carriage, first went to see the dowager lady, said the Yuejin Pavilion things, things have been resolved, but in the dowager lady, but also have to say a word, so that the dowager lady also know about it, so that the heart has a number.

As expected, the dowager lady's brow furrowed after hearing Qu Mo Ying finish this matter, relating to the Crown Prince's Eastern Palace, she didn't dare not to deal with it carefully.

"The maid called Slanting Wind just let the man go? Didn't say anything else?"

"Grandmother don't worry, she didn't say anything, looking at this, it's also this maiden who took matters into her own hands, grandmother don't worry." Qu Mo Ying pacified Mrs. Tai Dao.

"How did a maiden have so much guts to be the master of the Crown Prince's residence?" The dowager lady muttered to herself in disbelief.

This originally didn't need Qu Mo Ying to answer, but she still answered, "Maybe this maiden is someone beside the Crown Prince, and of course it could also be a beloved servant beside the Ji Side Consort, or someone beside the Crown Princess before."

"This is also true!" The dowager lady nodded after thinking about it, but was still a bit uneasy, "Shadow girl, this future encounter this kind of thing, don't be in a hurry, as long as you are sure that the person is fine, and slowly ask for it is! Even if it's a maid in the Prince's residence, it can't be underestimated!"

Qu Mo Ying softly nodded, "Don't worry grandmother, I will be careful!"

Seeing that she was very supple and obedient, the dowager lady put her heart down a little, and after a few more words of advice.

"Mrs. Tai, the eldest miss is a little unwell." A granny hurriedly came in and said.

"Have you hired a doctor?" The dowager lady sat upright and asked sharply.

"Already went to get the doctor." The granny said.

"After you've invited them, then have them properly attuned." The dowager lady sighed and said.

The granny answered and went down.

"Grandmother, big sister's health has not been good?" Qu Mo Ying asked as she heard some unexpected words.

"is some not very good, this bout has been this way, off and on, always not good, from time to time to ask the doctor to come over, in the past in the East House time, also do not see her body so bad, is not really because of the purification here not!" Mrs. Tai said helplessly.

Grandma Wu turned behind her, spinning around to gently press and rub the acupoints on her forehead twice, and lowered her head to advise, "Mrs. Tai, this has nothing to do with you, Missy is depressed in her own heart, and will always get better slowly."

The dowager lady closed her eyes and was speechless for a moment.

"Big sister's heart is depressed, that's why she gets sick from time to time?" Qu Mo Ying asked.

"Not, she ... hey ..." The dowager lady did not know how to say this to her little granddaughter for a while, slowly opened her eyes, "Well, you go first to Rest, at your big sister, I will watch."

"Grandmother, why don't Mo Ru I go see big sister?" Qu Mo Ying proposed.

"You go?" The dowager lady hesitated.

"Grandmother, things have gone on for so long, if big sister could have figured it out, she would have figured it out a long time ago, and there shouldn't be anything more to do at this time right now." Qu Mo Ying softly pacified Mrs. Tai Dao, "Besides, only grandmother sends people to visit, big sister can't help but think that the whole house has abandoned her."

The dowager lady originally did not want Qu Mo Ying to go over, but after hearing Qu Mo Ying say this, she thought about it and agreed, but was a bit uneasy and purposely instructed two more times, "If your big sister her attitude is still not good, you'll come back right away, you don't have to say anything more to her, it's been so long, and you still don't understand the meaning of this, and you're also too useless."
"

"Grandmother, I know, don't worry." Qu Mo Ying agreed with a smile.

"If she says when she can go out, you only have to tell her that it's just a matter of recuperating well, and that nothing else needs to be on her mind." The dowager lady added.

It was a hint that Qu Xuexin would be released, but with a warning from the Dowager Lady.

"Yes, grandmother!" Qu Mo Ying agreed one by one, then brought Yu Dong over to the courtyard at the back on the quiet side.

This one of the courtyard is close to the back of the courtyard of the Dowager Countess, is a secluded place, but also because of the close proximity of the Dowager Countess, no one dares to really treat Qu Xuexin, in fact, it is a very good place to cultivate the mind and temperament.

There was a granny guarding the doorway, and when she saw Qu Mo Ying come over, she hurriedly went in to report, and in a short while, Bai Mei, who followed Qu Xuexin's side, greeted her.

"Fourth Miss, our lady asks you to go back! She is not feeling well and is not in a position to see guests."

"It's not a problem, I just came to take a look at your young lady's condition." Qu Mo Ying said gently.

"I'm afraid it's not quite possible, our young lady is lying sick in bed right now and can't get up for a while." Bai Mei refused in a low voice.

"I'll just take a look, a doctor will come over or have an early constitution." Qu Mo Ying did not think of the road, raised his steps to go inside, Bai Mei still want to reach out to stop, but helpless Yu Dong has already stepped forward, pulling her to the side.

Qu Mo Ying walked in, the main room placed a Buddha statue, under the smoke curls, but no one was there.

Human voices came from the room on the right, there should be someone talking, that one is Qu Xuexin's house now.

Advanced in the middle of the statue of Buddha, Yu Dong took three columns of incense to Qu Mo Ying, Qu Mo Ying took, in the middle of the statue of Buddha salute, and then went up to point, and then inserted into the incense burner, incense burner in the incense burner is not much, but now also inserted three incense, burned a large part of the appearance of the Qu Mo Ying's three inserted into the incense burner of the incense burner in the entire incense burner immediately more than doubled, looking quite a few points of the appearance of congestion.

"Fourth Miss, our young lady invites you in!" Bai Mei had gone directly to the compartment after entering the door, and this time she would come back out to invite her.

Qu Mo Ying turned around and followed her to the compartment, on the couch in the compartment, Qu Xuexin was leaning there, the whole person didn't have much spirit at a glance, her face was somewhat sickly pale, and there was a fever-reducing wet bundle tied above her forehead.

Seeing Qu Mo Ying come in, he coughed lowly twice before saying breathlessly, "Fourth sister, please sit down, everything is simple here for me, I hope fourth sister won't mind!"

He finished with a couple of sideways coughs.

Another maid, Hong Mei, came over and brought a chair to the front of the bed, Qu Mo Ying sat down in front of the bed, looked at Qu Xuexin's face, smiled and said soothingly, "Elder sister is polite, the doctor will be here in a while, elder sister's illness won't be in the way!"

Although the face is pale, but in fact the main thing is the spirit, looking spiritless is the main reason, listen to the previous granny report, Qu Xuexin this is more like a heart disease.

The so-called heart disease needs heart medicine, but do not know what this heart medicine is ...

Chapter 518 This child ... has a calamity!

Qu Xuexin seemed to have thought of something, her eyes were slightly red, her curtains were slightly lowered, and her voice was unconsciously lightened, "Fourth sister, I'm afraid that my body is not good anymore, it's been a while of being good and bad, and the medicine has been eaten and used quite a lot, and it has always been such a look."

After that, he turned his head sideways and coughed again.

One by one, the two maids reddened and both wiped their tears.

"Big sister's body used to be very good, recently it's not good, it could also be due to the weather, it will be fine after a little while of nourishment." Qu Mo Ying said.

"I'm afraid it's really useless, but also my retribution ..." Qu Xuexin's eyes are also red, his head is still hanging down, his hand pressed on top of his own quilt corner, his face seems to want to laugh, but helplessly for a moment where to laugh, only falling two lines of tears,. "I previously ... couldn't do right by the fourth sister, that's why ..."

"Eldest sister, what's in the past is in the past, what's the point of talking about this now, Eldest sister take good care of your body is, everything is in the hands of grandmother and great uncle." Qu Mo Ying continued to pacify.

Bai Mei wiped her tears, also rushed forward to persuade,"Miss, you see the fourth miss have said so, will not really blame you, you are now like this, slave girl see all sad, the fourth miss so kind-hearted a person, and will not blame you, you also said before this look, inconvenient to see the fourth miss, and now see the fourth miss and so a look, if you knew earlier, slave girl or If I had known earlier, the slave girl would have preferred you not to see her."

Hongmei also hurriedly said, "Not seeing, you are sad, seeing you is even sadder, this can let the slave girls do!"

As he spoke, the two maids and one master had burst into tears.

"Eldest Miss, you'd better stop crying first, originally your body is not good, if you continue to cry like this, how can it be, this if something really happens, you two can't afford it, don't persuade Eldest Miss." Yu Dong stood out from behind Qu Mo Ying and advised.

First, he was directly advised, while later he snapped at the two maids.

Her words reminded the two maids, and immediately each wiped their tears, hurriedly stopping and advising Qu Xuexin a few more times.

Finally Qu Xuexin's tears also stopped, finally lifted her head to look at Qu Mo Ying,"Many thanks to the fourth sister for coming to see me, I'm not in a position to entertain the fourth sister here, the fourth

sister should still go back first, and tell grandmother that I'm fine, I've already figured it out now, it's just that my body is a little bit weak, I'll be fine if I properly regulate it."

This is said kindly and softly, and no longer have the resentment of the beginning, looking at the beginning of the matter has passed, just left some knots in the heart.

As long as you don't have a deadly grudge, it's not a big problem, so just take care of it.

Qu Mo Ying nodded her head and stood up, "Elder sister just stay here and recuperate well, I'll go back to Grandmother Xiang, and also spare Grandmother from worrying."

"Thank you Fourth Sister, if Fourth Sister has the time, could you please ask Fourth Sister to speak to my mother as well and tell her that I'm fine." Qu Xuexin whispered.

"Good, I'll go see great auntie in a while!" Qu Mo Ying nodded her head, she had originally told Sister Miao to go to the East Mansion to inquire, since she had a reason to go over there herself, let's go over there together, after all, there are some things that are not for the underlings to know.

"Many thanks to fourth sister!" Qu Xuexin seemed to be bracing herself to sit up, but helplessly only sat up straight before her eyes blossomed, and her eyes hastily opened.

"Miss, be careful!"

"Miss, you lie down slowly, don't move." The two maids exclaimed, rushing forward to help Qu Xuexin.

After a long time of easing this, Qu Xuexin looked up at Qu Mo Ying with a mournful expression, "Fourth sister, I'm sorry to see you laugh!"

"Big sister rest well is all, I'll go and report back to grandmother first, then go see great auntie!" Qu Mo Ying said.

"Thank you, Fourth Sister!" Qu Xuexin said breathlessly.

Qu Mo Ying looked at the house again and turned to leave with Yu Dong.

Qu Xuexin had Bai Mei send Qu Mo Ying to the entrance of the courtyard.

“Miss, are you alright?” As soon as Qu Mo Ying left, Hong Mei sent a cup of warm water over, Qu Xuexin picked up the warm water and drank a few mouthfuls before handing it over to Hong Mei, who took it and placed it on the table.

“There’s nothing wrong with me!” Qu Xuexin shook her head and leaned back, her eyes closed.

Bai Mei also turned back in at this time to report, “Miss, Fourth Miss has gone back!”

Qu Xuexin still didn’t say anything, and only after a good half a second did she let out a cold laugh, “It’s quite a coincidence that she’s here!”

“Miss, could it be that Fourth Miss knows something?” Bai Mei said uneasily.

“What does she know? What could she know? I don’t even know anything, what can she know?” Qu Xuexin changed her softness and mocked.

The face still didn’t have much spirit, but at least it wasn’t as weak as it could have been, it was just ordinary lack of spirit, not really a serious illness, and didn’t really need to be tied up with fever-reducing wet strips of cloth.

“Miss, will the Second Duke ... have something?” Bai Mei was a bit uneasy and purposely reminded, she didn’t actually think that the Second Duke was trustworthy.

“What could be going on? Just pretending to be sick, besides do I need to pretend to be sick? Originally I was not feeling well.” Qu Xuexin said without thinking.

Since entering here, she is indeed sick two days, on the one hand, there is anger in the heart, there is resentment, there is hate, more is unwilling, she could have been unlimited future, His Royal Highness is clearly in love with her, but things happen suddenly, even if she wants to ask for help from His Royal Highness is too late, now can only be locked in this dark corner of the courtyard!

And on the other hand it was not wanting to make Mrs. Tai comfortable.

Every now and then, she would get sick and provoke the Dowager Lady to notice herself.

She did look weaker and paler at the moment than she used to in the East Mansion.

Since the time when this courtyard was here, Qu Xuexin had not left the house.

“Miss ...” Bai Mei still want to persuade what, but was interrupted by Qu Xuexin, “Well, don’t say it, I’m tired, first rest for a while, if the doctor came over, bring in the diagnosis and treatment is!”

Her body is not very good, the heart has a depressed gas how can be good, the doctor can not find out what, every time to prescribe some toning the body, soothe the heart of the medicine, and keep well is.

Bai Mei did not dare to persuade again, answered and retreated ...

Qu Mo Ying first went to the Dowager Lady, said the situation of Qu Xuexin, the Dowager Lady hard up, waved her hand and let Qu Mo Ying go back first.

Coming out of the Dowager Lady’s courtyard, Qu Mo Ying didn’t go back to the Shallow Moon Residence, and went straight to the side door that was open to the two mansions.

After the side door into the East Mansion, heading towards Luo’s courtyard, there were people from the East Mansion who saw her coming over and hurriedly went to report to Luo, when Qu Mo Ying went over, Luo had already sent people to wait outside the courtyard door.

Seeing her coming, he hurriedly invited her in.

After Qu Mo Ying entered the room, she bowed and then took a seat to the side, "Great Auntie, I went to see Eldest Sister just now."

"How is she?" As soon as Luo heard this, her face immediately turned pale and she asked eagerly.

"Eldest sister said that there's nothing wrong with her, so that Great Auntie can rest assured that's it!" Qu Mo Ying said.

Luo's anxious tears fell all of a sudden, "Still say there's nothing wrong ... This is all like this, there's still nothing wrong, this ... This can be how good!"

"Great Aunt, did something happen?" Hearing something in her words, Qu Mo Ying was silent for a moment and asked.

Luo's fierce head up, only then realized that Qu Mo Ying is still sitting here, hastily shook his head, "No ... nothing is wrong, just think that this girl's body how is still not good, this ... how can this be good?"

"Big sister's body is not in any serious trouble, it's just that there are some knots in her heart, big sister said that she has figured it out now and will slowly recuperate her body, big auntie doesn't need to be anxious." Qu Mo Ying pacified Luo Clan and said.

Luo sighed, her face still dark, "It's all such a time ... how else to temper, it's all ... it's all ... "

Luo's eyes reddened again at her words, looking anxious.

"If Great Auntie is uneasy, please ask the doctor to go over and take a look as well." Qu Mo Ying thought about it, and seeing that she was really anxious, he proposed.

"What's the point, it's not like we haven't invited and sent a doctor over before." Luo shook her head.

"Great Auntie had a doctor visit before?" Qu Mo Ying's heart fluttered.

"Have gone to see, I heard that your big sister is not very good, where I can rest assured that ... invited the doctor to go over, the doctor came back also said that this child ... this child ... have a disaster ah!" Luo's said here anxious and took a handkerchief pressed the corners of the eyes, "invited a few doctors to go, are not much use, her body is still this way."

Luo's at this time also regret, early to know the daughter so a body, how she then have to fight for a bit, even if it is purification, but also in the East House here purification of ah, than the daughter of a person cold and quiet by the dowager lady looked after up.

If she was in the Eastern Mansion, she could also find a quiet place, and she could still watch over her daughter.

"What does it mean, Great Aunt, that there is a plague? Did the doctor say that?" Qu Mo Ying keenly picked out two words and asked, which didn't sound like what the doctor said, but rather like what that kind of Shinto whatever said.

"She ... her health is not good, before has been good, recently not good, but it is not a disaster? And also has been bad, this ... how can this be!" Luo's anxiously said, looking very sad.

Qu Mo Ying persuaded a few more times, but helplessly Luo couldn't listen to anything and was just sad.

Seeing that it was getting late, Qu Mo Ying stood up to say goodbye, Luo Clan also had no intention to say anything more to Qu Mo Ying at this time, letting one of the grannies beside her send Qu Mo Ying to the courtyard gate.

"Eldest Auntie has only invited a doctor to treat Eldest Sister recently, and hasn't sent some other things over to give Eldest Sister a break?" Qu Mo Ying stood still at the courtyard gate and asked the granny.

"Naturally, as long as the eldest young lady is happy, but I'm afraid that the dowager lady won't like it, what our madam sends is also something simple that can be used." The granny sighed, also helpless.

Qu Mo Ying waved his hand, signaling that the granny could leave, then turned around and took Yu Dong back to the West Mansion.

Only after sitting down and re-freshening up did Sister Miao return, she had gone to the East Mansion right after Qu Mo Ying entered the mansion, a little earlier than when Qu Mo Ying arrived at the East Mansion.

“Miss, slave girl heard that the First Mistress is looking for Shen Dao, the famous Shen Dao!” Sister Miao’s first words as she came in made Qu Mo Ying put down the zither in her hands ...

Chapter 519 The Enthusiastic Qu Mingcheng

“Looking for the divine path?” Qu Mo Ying’s fine narrowed watery eyes and took a deep breath.

“That’s what they said, but then they said that they were already looking for it, mainly for a Daoist nun of some kind, specifically they couldn’t say, and the old slave didn’t dare to ask too much.” Sister Miao said.

Though she intended to, she couldn’t intend to be clear about it, or else she’d draw attention to herself.

Qu Mo Ying’s head lowered, always felt that it was not simple here, not just what Sister Miao had inquired about, but also what Luo had said before, so what kind of things had made Luo think this way.

A Taoist nun? Like this kind of Shinto thing, Qu Mo Ying couldn’t say she believed or didn’t believe in it before, but since even something as bizarre as being reborn had hit her, what else was impossible?

Especially on the side of Qing Yun Guan, it is said that Qing Yun Guan master’s divination, the art of observing qi is very strong, and even the people in the palace trust her, is it really not useful at all?

Thinking of Qing Yun Guan, suddenly her heart fluttered, that day when Ji You Ran lured her to that Qing Yun Guan master was very problematic.

“Sister Miao, you go and inquire again next, this time you don’t have to ask about any Daoist nuns, as long as you talk about the things of the Divine Principle, you recommend the Qing Yun Guan’s, I heard

that the Daoist nuns of the Qing Yun Guan are the most famous in the capital, even if you can't find the Qing Yun Guan's master, the other Daoist nuns are also very good."

This is a retreat for progress, since we can no longer inquire in this direction, then directly in another place to open an exit, if it is not Qingyun Guan, then it does not matter, you can go along with the trend of inquiry, but if it is Qingyun Guan?

Inexplicably, he felt that there was a nine out of ten chance that it was Qing Yun Guan in here!

Qing Yun Guan gave her an unusual feeling.

"Miss, this method is very good, the old slave will go and help others 'come up with this good method' in a moment." Sister Miao understood and laughed.

It's a much more palatable method than a hard inquiry.

Sure enough, when Sister Miao returned once more, she inquired about more than that.

"Qing He Realist of Qing Yun Guan?" Qu Mo Ying had really heard of it, this Realist Qing He could be said to be the number one person in Qing Yun Guan besides the Qing Yun Guan Master.

Qing Yun Guan master is too mysterious, very few people can see, even the same royal general people can not see, let alone others.

But this Qinghe real different, I heard that she is also very good in all directions, is also considered to have the ability, the official family, please her a lot of people, and she will often pick a few families gladly, of course, this fee is not a few.

Compared to the mysterious Qingyun Guan master, this Qinghe real person is naturally good to approach some, and therefore in the family is extremely famous, JiHanyue last life, but also asked this Qinghe real person door to the mother to do the rituals.

"Please?" Qu Mo Ying continued to ask.

Although the Qinghe real person will pick a few families to go from time to time, but not all of them are picked up, with the current situation of the Qu Mansion, this Qinghe real person, is not necessarily look on.

"This is impossible to say, it was said that they went to invite them, but it's not too clear how exactly." Sister Miao shook her head and became worried, "Miss, do you think there will be any demon eons in here?"

The so-called Shinto saying can sometimes be easily framed.

"Watch first!" Qu Mo Ying faintly said, this matter was permeated with strangeness, not only the strange way Luo's words were said, but also the way Qu Xuexin looked, and the various hints in her words.

The matter of Qu Qiuyan going to King Jing's mansion happened only before, and at this present time, it is not really easy to say!

"Miss, the old slave feels that Missy doesn't look like she has remorse at all?" Yu Dong couldn't help but pick up the conversation at the side, "How does the slave girl look like the kind of depression in the heart ... The slave girl feels that Missy looks very shady, and harbors malice towards Missy!"

Yu Dong's past training had made him sensitive to other people's kindness and malice, and although Missy had always acted softly, as if she regretted it, but in some small movements of the corners of her eyes, or some small changes in her eyes revealed when Missy wasn't paying attention, it wasn't as if she really didn't care.

Yu Dong was afraid that her own young lady didn't pay attention and was backstabbed by this eldest young lady, and couldn't help but remind a few words.

"I know! She ... originally did not intend to stay there properly in purification!" Qu Mo Ying coolly said, the corners of his lips slightly picking up a touch of mockery.

Qu Xuexin thought to cover up very well, but in fact, the place of purification, incense burner in the incense ash is very little, inside a few incense look is just today on the point, into the inside, smelling the smell of cigarettes is not strong, visible weekdays are not much incense, only today need to point just.

As for the colored silk threads that were exposed under Qu Xuexin's pillow, although there were only a few of them, they were out of place with the environment she was currently in.

Wearing, using the degree are plain, only colorful silk thread hidden under the pillow, can be seen or mind unbroken.

Making scented sachets? Do you really think that a scent bag will hook Pei Luoan?

However, she didn't care if Qu Xuexin sent a scented pouch to Pei Luoan, one wanted to send it and the other wanted to receive it, what did it matter to her?

It's just that Qu Xuexin is a bit strange, Qu Mingcheng is a bit strange, and Luo's claim of the Divine Principle is also a bit strange, so it looks like she has to pay attention to be careful lately, especially if it's related to the Divine Principle, with Luo's related to it, and Qu Xuexin's related to it ...

"Yu Dong, you pay more attention to the movements on Missy's side lately, and immediately report any abnormalities." After contemplating for a while, Qu Mo Ying still planned to respond to all changes with no change and instructed Yu Dong to say.

This is the perfect thing for Rainy Winter to do ...

"What, didn't manage to invite the Qinghe Realist?" Luo looked at Qu Mingcheng who hurried over to reply, her brows furrowed and she was a little panicked in her heart.

But seeing that Qu Mingcheng would only come back this time, she was not in a position to say anything more, but just subconsciously asked a question like this, unable to hide the color of disappointment on her face.

"Is not invited to, see is to see, just recently Qinghe real person has been very busy, time has been scheduled to a few months later, no time." Qu Mingcheng picked up the tea in his hand and took a big sip, he could tell that he was a bit anxious and tired, after running for so long, he only came back by this time, and he was indeed tired.

"Then what to do? Core's in this state now, I ... I ..." Luo's eyes reddened, "This ... thing is nothing like letting your uncle to find other monks to come!"

Again, it doesn't have to be a Taoist nun's. The monks at the Great Compassion Temple are not bad.

"Eldest Aunt, Eldest Sister is definitely a young lady after all, this kind of thing is better for Dao Nun." Qu Mingcheng saw that Luo was in such a hurry and advised.

These words were also what Luo's had taken into account the most before, otherwise she would have already gone to invite a monk, this kind of thing is actually the less people know the better, and naturally, it is better for a woman.

"But what if we can't invite anyone now, Core's body is going down day by day, I'm afraid she can't withstand it like this." Thinking of his daughter is sick again today, and invited the doctor to go over, Luo's heart is like a knife, his own daughter since childhood is a gentle nature, before also do not know how to go crazy, will do this kind of thing, the situation at the moment is not good.

How could she, as a mother, not be in a hurry!

This will listen to Qu Mingcheng so say, is more six gods, raised his eyes to the nephew, this she did not dare to Qu Xuexin's father said, for fear that he listened to reprimand their own ridiculous, but she was not assured of her daughter, now the nephew is willing to help her to inquire, which will naturally be for the nephew is very convincing.

"First Aunt, don't be in a hurry, I'll ask again tomorrow, if I can't invite the Qinghe Realist, it's fine to invite other Realists in the Taoist Temple, it's always better the sooner the better." Qu Mingcheng said.

"Right, right, that's the reasoning, you go again tomorrow, go ask the other capable real people in Qing Yun Guan if they are empty, if you can find one other real person it's also possible." Luo's this time six godless, listening to Qu Mingcheng say so, nodded her head repeatedly, she was really panicked.

"Great Aunt, then don't be anxious, it's fine, I will definitely find a real person to come over tomorrow." Seeing her so flustered and anxious, Qu Mingcheng smiled and advised.

"Good, I know, trouble you, it's still you who misses your big sister, look at your big brother, such a big man, but he was seduced by a woman, and doesn't know that something has happened in his own family." Luo nodded her head, seeing Qu Mingcheng's affable attitude, her heart calmed down a little.

This thing, Qu Mingcheng know, since the big brother in a young lady, the eldest aunt is not in the phase, think the family lost some, mother and son of the two recent unpleasant, but in fact is not really a big deal, the young lady's reputation is actually quite good, just the eldest aunt preconceived ideas, big brother is very much in the phase, but unfortunately, will soon be the Imperial Examination, this is not a good time to betrothal.

"Eldest Auntie, then I'll go back first, I'll go back to the West Mansion to stay today." Since things were already said and done, waiting for tomorrow, Qu Mingcheng also stood up and bowed to Luo.

He used to live less time in the West House, and when he went back to live, he would make a point of informing Luo, and it just so happened that he was here now, so he said it all together.

"Good, you go, today is really troublesome for you!" Luo nodded, looking at her nephew's single-mindedness for his own family, her heart was quite comforted.

This nephew had grown up by her side since he was a child, and was like a little son to her, although he was Yu's son, he was very different from Yu.

"Eldest Auntie, your business is my business, what is this talk of trouble, if I say so, I will be inconvenienced to come and stay in the East Mansion in the future." Qu Mingcheng said sincerely.

This said Luo's satisfaction, nodded repeatedly, and let the people light a lantern for him to light him back.

The subordinates of the East House sent him to the side door of the two houses, which would have been closed off, but once they heard that it was Qu Mingcheng who wanted to go back to the West House, the granny who was guarding the door immediately came over and opened the door, and Qu Mingcheng pushed the door open and entered the West House, and the door was re-locked.

“Go and see big sister first!” Qu Mingcheng looked at the color of the sky and instructed the boy who had only just received the lantern from the subordinates of the East Mansion to say, “It’s still early, there’s no need to light up the lanterns, put them out!”

The boy raised his head and looked around, this day has actually entered the evening, good in the corridor at some distance hanging lanterns, is not at all see clearly, so according to the lantern in the hand to extinguish.

Chapter 520 Great Anger, Husband and Wife Quarrel

Qu Mingcheng took the boy all the way over there, the two of them didn’t carry lanterns, and took a small path around to where Qu Xuexin’s yard was.

It was a bit of a detour, but had the advantage of avoiding the Dowager’s courtyard.

To arrive at the Qu Xuexin that place of purification outside the courtyard, in the courtyard door gently knocked a few times, the original guard here granny, this will be long gone back.

There were lights in the compartment, and when she heard the sound of knocking on the door, Hongmei walked out, and after looking around to see that no one was there, she opened the door, and Qu Mingcheng walked in with the boy.

In the compartment, lit, Qu Xuexin sat on the bed full of excitement and watched Qu Mingcheng come in, not waiting for him to sit down, he eagerly asked, “How is it?”

“Big sister, don’t be in a hurry, there’s a clue!” Qu Mingcheng sat down and whispered.

This said Qu Xuexin's eyes glowed, where there was still half a bit of lack of spirit, more useful than eating the dragon's liver and phoenix gall bladder.

"Really?" She said in a shaky voice, so eager that she would hardly believe her ears at this point.

"Big sister don't worry, it's naturally true." Qu Mingcheng pacified her.

"Then can you ... send this scented capsule to the Crown Prince?" Qu Xuexin took out a particularly beautifully embroidered scented capsule from under her pillow, mandarin ducks in pairs, the metaphor is already self-evident, she blushed but still sent it to Qu Mingcheng.

"Big sister, this may not really work, the crown prince is not something I can see, besides, even if I see it, I can't talk to the crown prince, it's still better if big sister has the chance to give it to the crown prince herself later." Qu Mingcheng pushed back.

This is a very good reason, Qu Xuexin also did not think that Qu Mingcheng has this ability, Fang was just taken out in a hurry, when finished also know that it is not appropriate.

What is the status of His Royal Highness the Crown Prince, and is not Qu Mingcheng can see, for a time some nah nah, slowly retracted his hand, his face as delicate red as blood.

"Big sister, you will always meet the Crown Prince in the future, after this time, there will be plenty of opportunities to deliver it yourself, so why do you need me to go." Qu Mingcheng added.

"Well!" Qu Xuexin nodded her head, blushing shyly as she lowered her head and carefully placed the scented capsule into her own cuff.

"Big sister, it's that if you have something by then, you won't blame me, right?" Qu Mingcheng felt that it was better to say things a little more securely and adequately.

"Don't worry, it's not half related to you, as long as Qu Mo Ying comes over, I'll definitely do what we agreed to do then." Once Qu Xuexin heard about this, she didn't care about her shyness and hurriedly raised her head.

The petulance in her eyes became hateful and venomous at this moment.

How could she not hate, if it wasn't for Qu Mo Ying, she wouldn't be in this mess right now, all of this was caused by Qu Mo Ying.

"It's best if big sister can think this way!" Qu Mingcheng breathed a sigh of relief and reiterated, "Then I won't be coming over again in the next few days, big sister has a number in her own heart, it's just this between a few days."

He came over once is not too convenient, originally not too come over to the west side of the house, now come over to secretly come to see Qu Xuexin, if let grandmother know, I'm afraid it is not good.

Still need to be more careful than that!

"Good, don't worry, I know!" Qu Xuexin answered repeatedly, she also knew that it wasn't very convenient for Qu Mingcheng to come over, and now that she had Qu Mingcheng's permission, she naturally didn't want him to come over and attract suspicion.

Qu Mingcheng said that after this incident, not only would grandmother not lock herself up, but she would also let herself return to the house properly to recuperate her body, and as for Qu Mo Ying, who would pay attention to a person with a heart so malicious as this.

Even if the grandmother does not quite believe, her own mother, father, and second uncle will not spare her, and when the time comes to pretend to be a little more serious, Qu Mo Ying can't argue with a hundred words.

The best outcome is to be sent back to the manor, and from then on there is no more connection with the Qu family, as for after sending back, Qu Xuexin's heart has long made up her mind, this time she will not allow her to live well in the manor.

Qu Mo Ying had to die, as long as she died she could get out of this bad breath!

The two miles are considered to be each released, and after detailing some details, Qu Mingcheng left, or Hongmei sent him to the door, looked around to see no one, opened the door, let Qu Mingcheng master and servant to leave.

Not a single person saw the entire process; the area was so quiet that the slightest breeze could cause alarm.

Eyes swept the night outside, the bottom of his eyes was gloomy, this time, he did not believe that Qu Mo Ying could escape, the secret that his mother had sent a message over, this time it was also considered to be used on the knife's edge.

As for how the final result, it has nothing to do with him, who let grandmother care so much about that bitchy girl, it's not that he's unfilial, it's all because grandmother asked for it.

Around to see there is not much people, Qu Mingcheng stride away, just Qu Mingcheng did not expect is that after he left, there is a black shadow from the courtyard door of the tree flashed ...

Qu House two young ladies in the palace happened, the Duke of Qi is the last to know, to be known and angry face white, chopsticks in the hands of heavy down, face is very difficult to see.

This will be the evening meal, the Duke of Qi's evening meal is quite late, the palm of the lamp only began and the Duke of Qi's wife with the meal, a granny came in to report things, specifically mentioned the Qu Qiuyan hurried into the King's House.

Mrs. Duke of Qi was afraid that the Duke of Qi didn't understand, specially explained that it was the two misses of the Qu Mansion who had an accident, which hurriedly sent one to King Jing's House, so far, the Duke of Qi was on fire.

Lady Duke of Qi looked to her left and right, and the subordinates to her left and right one by one had the eyes to back out.

"Duke of State, what's going on here?" Duke of Qi's wife said unhappily, a good meal, but made these things, she will not be happy.

“How come I don’t know about these things?” The Duke of Qi said angrily.

The matter of the Qu Mansion, he hadn’t paid attention to it before, and now he had already had people to keep an eye on it, but he hadn’t realized it until now.

“This matter, I was aware of it, just thinking that it had nothing to do with Fourth Miss Qu, I didn’t have anyone come to report it to the Duke of State.” Mrs. Duke of Qi pacified.

This is a decent thing to say, but in fact the real situation is that Mrs. Duke of Qi does not want the matter of the Qu Mansion to move to her own family at all, and for the Duke of Qi to care about the matter of that fourth young lady of the Qu Mansion, Mrs. Duke of Qi is also a little dissatisfied.

That is someone else’s granddaughter, the family not only has a granddaughter, there is a well-behaved and lovely granddaughter, how to let his country master to individual people’s granddaughter so concerned.

Inexplicably somewhat displeased, this is also the reason why Mrs. Duke of Qi stopped the reporting boy.

Qi Guo Gong now does not care about things, basically also do not go to court, is a idle at home in the state, if he does not inquire, others do not take the initiative to tell him, but also really do not know some of the things outside.

“You stopped it?” The Duke of Qi was not one to be fooled, and immediately understood the reason for this, glaring at Mrs. Duke of Qi.

“I’m the one who stopped it, this kind of thing is trivial.” Mrs. Duke Qi’s good handmaiden said.

“Why did you stop it?” The Duke of Qi choked angrily.

“State Duke, it really isn’t a big deal ...” Mrs. Duke of Qi doesn’t understand where this has pissed off her own State Duke again.

"I don't want to hear any more things about people stopping my messages in the future, and as for those who are not allowed to be used, I'll get rid of them as well." The Duke of Qi coldly said sternly, ignoring his old wife's face.

He was originally a military general, this will be cold face, let a person's heart can not help but palpitate.

Mrs. Duke of Qi's heart trembled, but then even greater displeasure, this fourth daughter of the Qu House is still really unpleasant, although she looks quite understanding, but if she really understands, how could she be so pleasing to the Duke of State?

Let the Duke of State pity since then, her that mother when she first came to the capital, the Duke of State is not so heeded, how to her here to become this way?

It's a bad feeling!

"Duke of State, let's talk about Fourth Miss Qu's matter." Mrs. Duke of Qi also put down the chopsticks in her hands.

"What's there to talk about, in the future, if you dare to stop this kind of thing again, don't blame me for taking it out on those lackeys!" The Duke of Qi didn't have the good sense to say.

This is to indicate that if there are still lackeys in the future and then stopped by Mrs. Duke of Qi, he will not be polite chastisement, at that time Mrs. Duke of Qi is bound to have no face, after all, the biggest in this house is still the Duke of Qi.

"Duke of State, why in the end?" Mrs. Duke of Qi's voice also trembled, her hand pressed the corner of the table, holding a corner of the desktop with force, "We are husband and wife for so many years, it is also considered to be mutual, with sweet and sour, what kind of things have not gone through, but approaching the old man, you ... you are doing this to me?"

Mrs. Duke of Qi said more and more aggrieved, her eyes red, voice also with a few choking, so many years, the Duke of Qi has been very give her face, as long as it is her decision, the Duke of Qi is rarely opposed, or even if it is opposed, but also said a very euphemistic, there will not be half of the Duke of Qi's wife can not come down to the face of the matter.

But on the face of this fourth young lady of the Qu Mansion, the Duke of Qi hid it again and again.

"Alright, still eating or not?" The Duke of Qi frowned, looking at his old wife, and said without any good humor.

"What else to eat, you are all this way ..." Mrs. Qi Guo Gong cried out, taking a handkerchief and wiping up her tears to cry.

"Bang" a heavy thud, Mrs. Duke of Qi looked up in dismay to see that the Duke of Qi had already kicked the stool in front of him away, turned around and left in large strides.

"The State ... Duke of State ..." Mrs. Duke of Qi could hardly believe it and trembled her lips twice before she made a sound.

Outside the door, there were Qi Duke's wife's personal in-laws, who wanted to go forward to stop Qi Duke, but they were given a fierce glare by him, and each of them shrank to the side, not daring to go forward to talk nonsense again.

The Duke of Qi stomped out, and behind him came the unexpectedly amplified cries of the Duke of Qi's wife, his heart bursting with annoyance.

Out of the courtyard door, the cold wind blew, he stood still, for a moment was very confused, looked around, inexplicable pathos in his eyes.

"State Duke, the lady is so sad, you see ..." The boy saw that he suddenly stopped walking, thought that he stopped because he heard the cries of the State Duke's wife, and hurriedly and carefully persuaded him.

"Go, to the study!" Duke of Qi angrily said, behind his ears came the cries of Duke of Qi's wife, thinly drilled into his ears, but made him even more annoyed, his mood is almost uncontrollable, the light in his chest can not breathe in general.

Why did it come to this?

Why did things turn out this way?

If he can, does he regret it?

In this life, he asked himself that he had not owed anyone else, even his old wife, but he was plainly aware that he had shortchanged two people, the only two people in the world, Xiao Yue's and her daughter.

It's a sin he made, but he doesn't know how he's going to pay for it ...
