

Noble Wife 541

Chapter 541 The matter is in a mess

Yue Wenhan could be sure that Yu had harmed his little aunt, but Yu hadn't recognized it yet.

It's just that Yu's reputation out there is already collapsing before it's recognized, and it's relatively easy to have these to check out the case again.

Public opinion is now favorable to the Da Lisi as well, and no matter how you look at it, the Da Lisi now represents justice, even though the matter hasn't been cleared up yet.

"Good, then you go ahead and make the arrangements." Lord Zhang naturally understood this and nodded his head at that moment.

Yue Wenhan retreated out, and calmed his breath as he stood still in the corridor, since Yu had entered the Da Lisi, he would not let her go out in peace again.

Cousin said Qu Zhicheng again the most intention is his reputation, the most concerned about his own official career ...

Out of such a thing, the news spread very quickly, as long as a little bit of inquiry, this matter has spread a eighty-eighty, Qu House naturally also heard some news, immediately someone went to report to the Dowager Empress.

The Quartermaster's house is also in disarray!

"Fourth young miss, the dowager madam asks you to come over." Grandma Wu hurriedly entered the Shallow Moon Residence, looking anxious.

"Now?" Quemoy Shadow stood up.

"Yes, it's now, Fourth Miss please come with the old slave!" Sister Wu anxiously said, things happened so fast that the dowager lady almost fainted when she inquired about the news.

"Good! My grandma will go ahead, I'll be right over!" Qu Mo Ying softly said.

Sister Wu nodded and retreated, and Yu Chun went up to give Qu Mo Ying a brief freshening up.

"Miss, there's news over there, it says it's already in the Da Lisi!" Yu Dong hurriedly came in, she had gone outside earlier to spy on the news.

Qu Mo Ying nodded her head, the Dowager's wife's side should also be for this matter.

Sure enough, to the Mrs. Mrs. when, see the Mrs. Mrs. red eyes, look seems to have just cried the look, see her in, hastily take a handkerchief to wipe the corners of the eyes.

Qu Mo Ying stepped forward with a graceful salute.

"Rise first, come to grandmother." The dowager lady reached out to greet her over, and after Qu Mo Ying sat down on a stool on one side and looked her up and down with compassion for a few moments, her eyes moistened again.

Reaching out, he patted her hand, "My bitter child."

Tears had fallen in a moment.

"Grandmother, what happened?" Qu Mo Ying hurriedly said, backhanding the dowager lady.

The dowager lady took a handkerchief and wiped away her tears, her voice had a few tremors, "Shadow girl ... if, if your biological mother was killed, how would you be?"

Outside so big, a little bit of inquiry, now are talking about the Qu House of things, are saying that Qu Zhizhen spoiled concubines to destroy their wives, are saying that the Qu House of the then concubine late into the door but Mr. son, but also Yu's drug to the small Yue's to give birth to the small Yue's, causing the small Yue's difficult to birth and die.

As Mrs. Tai listened, the more she heard, the more she felt it was true.

More than anything else, she felt pity for the little granddaughter in front of her, she only felt that Yu was an illiterate and narrow-minded before, and then after Qu Mo Ying returned to the house, the more she saw, the more she felt that Yu's heart was vicious, but how could she not have thought that at that time, the little Yue's was also killed by her.

Now see their own little granddaughter soft appearance, heart sour sad not already, the old two this do not know long, at that time how do not know clearly they received back is a poisonous snake ah!

""Grandmother, what happened?"" Qu Mo Ying anxiously asked as she took the dowager lady's hand.

"You ... your biological mother may be Yu's harm, this ... this is really created what sin ah!" The dowager lady lost her voice and cried out in pain, outside are now so rumored, it is almost a definitive conclusion.

"Yu has victimized Mother?" Qu Mo Ying was stunned for a moment as she pretended not to know.

The dowager lady tearfully pulled Qu Mo Ying's hand and did not let go, "All said so, should have already been recognized, as early as I knew that Yu's was such a vicious nature, I would not have let her in the door at that time in any case."

Looking at the granddaughter in front of her, the more the dowager lady hated the fact that she was blind at that time.

"Where is the person now?" Qu Mo Ying looked up at the dowager lady, her fingers gripping tightly.

"At the Da Lisi, now at the Da Lisi." The dowager lady cried while saying, "Your father is still in the palace, I have already sent someone to pass on a letter just now, and I don't know if he can receive it."

Mrs. This time is also six godless, can only look for the son first, but these days the son is very busy, every day early out, to very late to go back to the house, has been in the palace, this letter for a moment and a half will not necessarily have to pass to the hands of the son, Mrs. This will be even more anxious.

“What does grandmother want with father?” Qu Mo Ying asked as he settled down.

“Let him go and see what is to be done about this now ... What is to be done about this?” Mrs. Too said.

If just Yu’s a person’s matter, the dowager lady is really indifferent, but on the contrary, Yu’s born a pair of children, the same is also her grandchildren, the dowager lady is now really do not know how to dispose of it, which in the future a few grandchildren grandchildren is really can not be good.

Who wants a couple of grandchildren who can’t be family but have to be enemies!

“Grandmother, don’t be in a hurry, after father comes back in a while, I will accompany father to take a look, my cousin is the Major Secretary of the Da Lisi, there are some words that father can’t ask, but I might be able to ask.” Qu Mo Ying pacified Mrs. Dao.

The dowager lady’s body is not good, this kind of time should be more calm, otherwise this old disease is really possible to recidivate.

Seeing Qu Mo Ying’s stoic face, the Dowager Lady’s mood was a little bit more peaceful, as if she had found her backbone, and Grandma Wu followed suit and after a few more words of advice, she finally rewashed her face and calmed down a bit.

“Shadow girl, this is all your father’s fault and grandmother’s fault, should not have let Yu enter the door in the first place, harming your mother and you.” The dowager lady’s hand continued to grab Qu Mo Ying’s hand, regretting it.

“Grandmother, you are not to blame for this.” Qu Mo Ying shook her head.

Since she entered the Qu Mansion, all the things in the Qu Mansion, she has seen it in her eyes, this cheap father of her own family is not a simple character, if he really wants to bring people in, the dowager lady can't stop it.

The inner courtyard of the Qu Mansion is actually never what you see on the surface are Yu's and the Dowager's wife are the masters.

"Shadow maiden, shadow maiden ...," the dowager lady said here, again from the sadness, even to the loss of voice even words can not go on.

Grandma Wu and Qu Mo Ying have been persuading, only to let the dowager lady a little at ease, Qu Mo Ying accompanied the dowager lady to say a little gossip after, Grandma Wu persuaded the dowager lady to rest for a while, Qu Mo Ying also did not rush back, just in the dowager lady's outbuilding sitting and waiting for the news of the return of the Qu Zhi Zhen.

Counting the time, Qu Zhizhen this time should also get the news out of the palace, even if it is the grandmother's letter he can not see, this will be a mess outside, will always reach his ears.

Qu Zhizhen indeed already know some rumors, when he heard this rumor he also froze for a moment, did not react for a moment, only felt that this is too much of a surprise, how to quietly turn this out, and Yu also recognized?

In the palace, he also has no ears, this news is still a few days and he got along well, also in the repair of the palace room of the chamberlain steward passed to him to listen to, said the party just into the palace of a great man even to him, more so a few sentences, mentioned.

Qu Zhizhen this where there is heart in the palace, this thing inside he also has a part, said he favored concubine to destroy his wife, which if it is true, his eyes can not be half a point of benefit, and may even be reprimanded by the emperor, this official not to mention the promotion, down may be, so many years of hard work may be in vain.

How can this be!

Qu Zhizhen hurriedly with the steward of the chamberlain said a few words, is ready to first out of the palace back to the house to deal with this matter, the Da Lisi is bound to go to is, but also have to ask what is going on in the Yu's, both for the Yu's really what, but also do not involve their own bodies.

If he had known that there were so many annoying things on Yu's body, his heart should have been harder in the first place, or for the sake of a pair of sons and daughters, his hands were soft.

If I had known, I really wouldn't have done it in the first place!

Qu Zhizhen here was anxious and annoyed, and headed out of the palace.

Just out of the palace door actually see the Ministry of Justice, two miles is also considered an old acquaintance, but one is to the inside, one is to the outside, the direction is different.

Strongly pressing down the anxiety in his heart, Qu Zhizhen met with the Minister of Justice at the palace gate.

"Qu adults, this will be in a hurry to go out of the palace, the repair is almost done?" The Minister of Justice asked with a smile, looking like he was in no hurry.

Qu Zhizhen was in a hurry, but it was inconvenient to reveal it, so he smiled and said in a slow voice, "The old mother at home was not feeling well, so Fang sent someone over."

"Then it would be better for Lord Qu to go back quickly! The old man is not young anymore, he should be more careful with his health, some bad rumors and things, it's better not to let her old man hear about them." The Minister of Justice smiled with concern.

"Thank you, Lord Shangshu!" Qu Zhizhen thanked him.

"Well, since you're anxious, go ahead!" The Minister of Justice Dao waved his hand and was about to walk inside when he suddenly stopped again.

Qu Zhizhen was originally going to leave, but this is inconvenient to walk again, can only follow also stopped.

“Lord Qu, the matters in the mansion should be dealt with first, how can one house sweep the world without sweeping it.” The Minister of Criminal Affairs said with intent.

“Yes, yes, my humble servant understands!” Qu Zhizhen bowed his head and said yes repeatedly.

Seeing that he had a good attitude, the Minister of Justice made it a point to say one more sentence, “If the original wife is not feeling well, she is still the original wife, and is different from some concubines’ playthings.”

This was almost already a direct reference to what had happened before, Qu Zhizhen’s face reddened, his fingers trembled in his sleeves, this matter no matter what, his face was considered lost.

“Many thanks for your mention, Your Excellency!” In his heart, he was annoyed, but he couldn’t show it on his face, and could only thank him vigorously.

“Then I won’t delay Your time, go take care of things first!” The Minister of Justice said, his eyes looking behind Qu Zhizhen, his face showing some astonishment, and the foot he was about to raise before was heavily placed down again.

The sound of hooves was crisp, but urgent, it was evident that the person riding the horse was in more of a hurry to get here, and to be able to stride his horse like that at the palace gates, this was some kind of emergency that had happened.

Before he could see the person on the horse clearly the Minister of Justice’s face sank, this kind of place is a place where people can run their horses at will?

Qu Zhizhen also turned back, surprised to see the horse that came at a rapid pace ...

Chapter 542 Fighting the Father of Scums

As a horse rode in, the guards guarding the palace gate panicked and raised their weapons in their hands, shouting to stop them.

The galloping horse was stopped at the palace gate by a pull on the reins, the horse's legs pulled up high blocked the crowd's view, for a moment, they did not see who the people were, so bold, even if His Royal Highness the Crown Prince arrived at the palace gate, he had to speak softly and lowly, where is such a wantonness.

The horse's legs fell, but before they could fully materialize, the man on the wagon jumped off.

At a glance, the Minister of Justice recognized that the one who jumped down was actually the Duke of Qi, and at a glance at the aura of this old Duke, the Minister of Justice felt bad.

This old man's eyes glared fiercely at Qu Zhizhen, and that look was as if Qu Zhizhen had killed his entire family.

A few strides forward, a hand picked up Qu Zhizhen's neck collar, according to his face is hard two slaps.

No one has not resisted this Qi Guild has this hand, the Minister of Justice is considered to react quickly, but also only had time to stretch out a hand, which is now still stiffly blocked in front of his own face, that is, it is not enough to reach Qu Zhizhen's face, and there is no way to help him block so much.

Qi Guo Gong is a martial arts general out, these two slaps and is hit with anger, Qu Zhi Zhen was hit after he pushed heavily, Qu Zhi Zhen where after this, backward two steps after they fell to the ground.

The Minister of Justice also reacted at this time, and while greeting the guards to come forward to stop the people, he himself had already rushed forward and hugged the Duke of Qi, preventing him from rushing forward to punch Qu Zhizhen again.

The guards also went to pull these two people with seven hands at this time.

Some people went to help Qu Zhizhen, while others went to block Qi Guo Gong, and it was hard to stop these two people from moving away.

“Qu Zhizhen, you favored your concubine and destroyed your wife, and actually killed your own Yuan Mate’s hairy wife.” The Duke of Qi was furious, his face turned blue, glaring at Qu Zhizhen with a gaze that was more like he wanted to eat him, if it wasn’t for the guards and the Minister of Criminal Affairs holding onto him, he would have rushed up and continued to beat Qu Zhizhen.

Now that he was stopped, he was still desperately trying to rush over, looking like he had the heart to eat Qu Zhizhen.

The Minister of Criminal Affairs is really do not know what happened, just hard in the stop, “State Prince, you calm down, calm down, Qu Squire what offended you, sit down and talk properly, can not really do it at the palace gate.”

“Let go, I’ll beat this bitch to death today.” Qi Guo Gong’s feet jumped straight up.

“Duke of state, you are not making it difficult for me? Look at what this has to make a mess, the emperor will definitely be angry when he knows, there is something that can’t be sat down and said properly, it must be done, it’s just too ugly.” The Minister of Justice continued to persuade, looking at the anger on the Duke of Qi’s face does not go away, hurriedly whispered again, “Duke of State, you are so impulsive will not help, right!”

He actually understood the reason for this, but did not understand why Duke Qi was so angry.

Although he himself was contemptuous of Qu Zhizhen after he knew about this matter, but contempt is contempt, but he was not so angry that he wanted to directly take action.

Qu Zhizhen this thing to do indeed want to let people beat up, but how should not be the Duke of Qi, this has nothing to do with the Duke of Qi Palace?

The Ministry of Criminal Affairs Shangshu for a time think this is really ... bizarre, it is hard not to this with the Duke of Qi has a very deep relationship not? For so many years, and Qi Guo Gong also when so many years of the same tease, have not seen Qi Guo Gong so angry, angry to rush to the palace door to directly beat up?

Qi Guo Gong is getting older, this temper is rising more and more.

“Duke Qi, what is the meaning of this?” Qu Zhizhen stood up, coldness showing in his eyes as he glared at the Duke of Qi with the same fury, he had never been so humiliated before.

“You still ask what is the meaning, when Xiao Yue Shi married you at that time, what did you say that you would treat her well, but what did you do to her, you actually let a slut get her killed, and even served the original first daughter at a loss, Qu Zhi Zhen you are really deluded to be a human husband and a human father.”

The Duke of Qi cursed angrily.

“Your Excellency, how this is, is still unclear, why would Your Excellency need to directly lay such a charge on me.” Qu Zhizhen angrily asked back.

The whole thing about being beaten at the palace gates is just bizarre.

“Everyone knows, you actually have the face to ask back, Qu Zhi Zhen, you ask yourself where to get such a big face, if that year is not you married to the small Yue Clan ...” Qi Guo Gong said here paused, continued down the hateful voice scolded, said. “Xiao Yue’s biological father at first instructed me to take care of Xiao Yue’s, did not expect, did not expect to actually meet you this wolf.”

“Duke of State, don’t be angry, you’re so old, calm down first, this matter has to be investigated clearly, right!” The Minister of Justice continued to persuade as a good person, holding the Duke of Qi’s waist to prevent him from leaving, fearing that a carelessness would cause him to scurry up and hit Qu Zhizhen again.

In the palace gate to make this matter, how to see are ugly very, criminal Shang Shangshu even feel good luck, how this will be into the palace!

It’s not good to not pull, and it’s not good to pull.

While pulling the Duke of Qi, he made a wink to Qu Zhizhen, letting him dare to leave tightly, this old man is stubborn, don't be unable to pull yourself up when the time comes.

Qu Zhizhen of course also not willing to eat this loss in front of him again, reached out and wiped the blood at the corner of his mouth, rushed at the Duke of Qi and said coldly, "Duke of Qi, how things are still just rumors now, Duke of Qi is also the Duke of a dynasty, can't it be that you also listen to the wind is the rain?"

After saying that, he also ignored the Duke of Qi, pushed away the guards in front of him who were protecting him, and turned around to head towards his own carriage.

Over there, although the Duke of Qi still wanted to rush over, he was firmly pulled by the Minister of Justice and a few guards, and could only watch Qu Zhizhen's carriage leave.

To be Qu House of the carriage left, look at all the shadow, the Ministry of Justice only panting let go, the old man, although older, but the strength of this military generals, is really not his small a dozen years of civil officials can carry, only a moment of time on the forehead has already seen the sweat.

"Duke of State, you can't do it at the palace gates even if you're angry, you'll have to be sentenced again then." The Minister of Justice laughed bitterly.

Out of such a big thing, not a moment later the emperor will know, looks like a moment also need to report this, also lest the emperor ask again.

"Many thanks for the party!" The Duke of Qi looked much calmer at this time, and thanked the Minister of Justice.

"The state minister is polite, now ... to enter the palace?" The Minister of Justice reached out and pointed toward the palace gates.

"And to go back and write a plea." The Duke of Qi refused.

Dare this State Prince also know that he is wrong, the Minister of Justice secretly wiped another sweat, and said in a loud voice; "Then the State Prince will go back first, when I go in if the Emperor asks, I will report it to the public."

This means that it will be told to the Emperor.

The Duke of Qi arched his hand at him without a word, turned around and re-turned onto the back of his horse on one side, and rode out the door.

The Minister of Justice frowned up, he remembered that Qu Zhizhen is a carriage, Qi Guo Gong this horse looks like a good horse, turn back if you chase up, is not this the street still have to fight.

One is a young Squire, one is the current Duke of the country, this if really fight, everyone's face is not good, but the party he did not expect, and now it is too late to chase down, his is also a carriage, it is not urgent to chase.

After a sigh, the Minister of Justice helplessly entered the door, this thing he can not help, is not it? How this next should have nothing to do with him!

Speaking of this Qu Zhi Zhen, also really let a person speechless, how will find such a woman into the house, if their own house has such a woman, is bound to be the family house is not peaceful, fortunately fortunately, fortunately at first their own woman outside the house did not give birth to any illegitimate children.

Thinking like this, the Minister of Justice felt that he was still considered lucky, which in the future even more need to be more careful is, lest you get Qu Zhi Zhen in such a mess.

The Duke of Qi did not go after Qu Zhizhen again, and after sitting on his horse and watching Qu Zhizhen's carriage head towards the Qu Mansion, he turned his horse's head grimly towards his own Duke of Qi's Mansion.

He ran all the way over here, no boy could catch up with him, and when he arrived at the palace gates, he was the only one left.

This will go back to only him, waiting at the door of the boy to see his family's state master finally came back, excitedly ran out, hurried to pull the reins for him.

Just now, the face of the Duke of State looked as if he was going to go and kill someone, and he chased him out only to see the Duke of State get on his horse, and the person ran out of sight.

It's great to be back now without anything.

Qi Guo Gong grimly ignored the boy, striding towards the inside, the subordinates encountered along the way all bowed their heads and did not dare to speak, one look at the appearance of the Duke of the country, knew that the old man this is a big fire, no one dares to bump into it at this time.

Qi Guo Gong all the way gloomy into the study, stood fixed in the study according to the middle of the table is a hard foot, the table above the things vibrate with a few pieces also fell down, smashed on the ground.

The boy at the door panicked and hung his head down, not daring to move.

After venting, the Duke of Qi gasped for air and went to sit behind the book case, leaned back and stared at the air without moving, which was even more frightening, and there were already sweat stains at the boy's undershirt, the Duke of State's behavior today was too abnormal, but actually what was he doing before? The Duke of State was still very kind and in a good mood.

Is listening to those rumors outside? The boy heart guess back a few steps, careful to lighten the footsteps do not dare to disturb the inside of the State Prince think things.

He had to make a cup of tea first, with the Duke of State's favorite tea.

Just out the door, I heard the sound of "Mrs. Tai" coming from the side, the boy hurriedly stood still to look at the courtyard door, and saw that Mrs. Guo Gong brought several maids and mothers-in-law to come over.

"Where is the State Duke?" Mrs. State Duke asked.

“The Duke of State has only just returned and is resting inside!” The boy servant bowed his head to report.

Duchess of State nodded, reached out and waved her hand, a few maids stood outside the door, she lifted her steps and marched inside, there was such a big thing in the mansion, how could she not know, but when she let people chase out, Duke of Qi had long since disappeared, and now that she heard that she had come back, she hurried over, her heart in an anxious panic.

What’s going on here?

Chapter 543 A Misunderstanding Before the Words

The study was a mess, and behind the book case, Qi Guo Gong propped his head up and couldn’t see his eyebrows, but he could hear his ragged breathing.

Mrs. Qi Guo Gong entered and covered the door slightly.

Qi Guo Gong head slightly raised, eyes painful as if bound, struggling hard, but how can not struggle, can only be powerless to flip in place.

“Madam ...,” he said in a dark voice.

“Duke of State, what exactly happened, you ... Why did you rush out as soon as you heard about what happened in Servant Qu’s residence?” Mrs. Duke of Qi calmed her breath and asked gently.

The two of them have been husband and wife for many years, and they can see that at this time, the Duke of Qi is physically and mentally exhausted, and the whole person is like a trapped beast, and his eyes have a few moments of redness in his eyes from being trapped.

Carrying her skirt, she took two steps forward, stepping over the clutter on the floor and walking to the desk, “Master Guo, what happened, can’t you tell me? The two of us are also considered to be a couple in distress, and the most difficult time that year has come and gone, is there anything we can’t get through now?”

Mrs. Duke of Qi's words were tinged with concern, looking at the Duke of Qi, the corners of her eyes slowly contained tears, and gradually the tears fell.

Reach out and hold Qi Guo Gong placed in the book case of the hand, two people both have been dying old also, but more than half a lifetime of mutual help.

The Duke of Qi's hand was icy and hard, stiff and tight, and under the gentle soothing of the Duke of Qi's wife, his hand relaxed a little.

"Duke of State, go ahead, I'll listen!" Mrs. Duke of Qi continued softly, "Is it because of Xiao Yue's? Is Xiao Yue's relationship with our mansion very unusual?"

Qi Guo Gong's head lowered again, his eyes closed hard, and his hand involuntarily tried to clench again.

Duke of Qi's wife is not in a hurry to force him, just hold his hand hard, do not let him alone to collect up the palm, a good half-loud sensing Qi's hand is no longer resisting, only then said, "Duke of Qi, we are husband and wife for many years, even if the Duke of Qi did something ... I will not say anything, it is not possible that we are so Years of conjugal love, the State Prince still believe that I do not?"

The words were tinged with a bit of sadness, but remained calm and penetratingly heartbreakingly difficult, and the tone was not slow and unhurried, indicating that Mrs. Duke of Qi was contemplative and deliberate.

Words continue to say, the voice slowly with a few choking, but not sharp, "so many years as a couple, the Duke of State has been extremely good to me, many of the House and our generation are envious of me, said I married well, I also ... feel so, so many years, the Duke of State is extremely good to me. In fact, I ... didn't think that the Duke of State would be so good after I married over."

At that time, the Duke of Qi is still just a playboy, the affairs of the House is the eldest brother to bear the responsibility, and there is a competent sister-in-law, and he is such a playboy, marry what kind of can be, are just put in the House of a surface nameplate just, married over the Duke of Qi's wife then understand, only to complain that they can not do the Lord.

“That will be the house out of the matter ... fortunately there is the State Duke in, otherwise ... otherwise I may be at that time don’t know what to do, Jiao Er at that time is only the first born soon ... I ...” Mrs. Duke of Qi said here and said no more, tears fell, “Duke of State, after so many things, is it that you still don’t believe me, even if you really... ..really did something ... I ... I will also forgive you!”

Mrs. Duke of Qi finished the latter words with difficulty, already sobbing uncontrollably.

The room is very quiet, the only sound is the sound of Mrs. Qi Guo Gong sobbing, a good half a long time before I heard Qi Guo Gong’s dark voice, “Don’t think too much, I ... didn’t do such a thing.”

It’s a suspicion that he has another woman and child out there.

“Since you haven’t done anything like that, is there anything you can’t say? Is the Duke of State afraid that I’ll get angry, or that I’ll do something bad, or that he purely doesn’t believe me?” Lady Duke of Qi wiped her tears and asked.

“How can I not believe you, it is just that this ... this ... thing,” Qi Gong Dao, his eyes are all pain.

“Duke of State, you’ve already suffered to this point over this matter, is it hard to believe that you’re still unwilling to talk about it even now? Husband and wife are one, the two of us have been very good for so many years, is it not possible that you still want to hide it from me even now?” Mrs. Duke of Qi continued softly, her red eyes staring tightly at Qi Guo.

“You ... don’t understand ...” Qi Guo Gong breathed hard, the stabbing pain in his heart not receding but getting worse.

“The State Eunuch said, I naturally understand, the State Eunuch you say it, I can hold up, no matter what you say I can hold up, and it will not affect the relationship between the two of us, are so old, there is what can not be thought of? State Eunuch, look at our age, no one knows if I can still get up tomorrow, by then, even if State Eunuch wants to say, I have no way to listen!”

Lady Qi Guo Gong smiled to herself, her grip on Qi Guo Gong’s hand trembled for a moment before her gaze fell to the hands the two were holding.

Both hands have aged, no longer the tender look of when they first saw each other when they were young, and no longer snow-white and full of moisture.

Qi Guo Gong's heart seemed to have been struck twice by something heavy, so painful that he almost had the urge to shed tears as well, his heart aching and sour.

The two of them really weren't young anymore, was it hard to keep this secret from her forever? In fact, she also had the right to know about it, didn't she?

"Do you remember big brother and sister-in-law?" He heard himself putting words into his mouth.

The words just came out of his mouth, and it was too late to regret covering them up.

"How can I forget, even if so many years have passed, big brother and sister-in-law both ... will not forget!" Mrs. Duke of Qi sighed, and took a handkerchief and wiped her tears, "I have always remembered, only to enter the door when you are not long ... I will also make a tantrum, every time this time sister-in-law will come over to persuade me, even if that time her identity is far from me to be comparable."

Qi Guo Gong's parents had died early, and his only eldest brother was many years older than him, Qi Guo Gong had always been very respectful of his elder brother and sister-in-law who had supported his family.

At that time how he did not expect his elder brother and sister-in-law two will make the thing of collaborating with the enemy, moreover did not expect the entire mansion of his family overnight immediately was catapulted to destruction.

"Before big brother and sister in law were ... there, I ... I went to see them ..." Qi Guo Gong tiger tears with tears, his eyes straight at a certain point in the air, slowly recalling.

Mrs. Duke of Qi was shocked, her head suddenly raised, this thing she did not know, and then did not hear the Duke of Qi talk about it, her hand clenched tightly, and then slightly relaxed, knowing that this should be the key to the matter, did not step up to force the question, only quietly listening.

Sure enough, there is no need to ask, Qi Guo Gong continued down, "Sister-in-law was pregnant at the time, when I went in, sister-in-law because of the previous things, and fell and suffered a shock, premature labor, just in time to give birth to the child ..."

The Duke of Qi stopped here again, his head lowered, knocking on his own wrist, exerting himself to quell the pain and excitement in his heart.

This matter, he still want to continue to say? This matter originally he wanted to rot in his heart, but just now under the agitation of the mood, actually so out of the mouth?

Mrs. Duke of Qi has been shocked eyes panic, she remembered, sister-in-law at that time was pregnant, and her own month difference is not big.

The big house was copied, since the house of a house because of the Duke of China, although spared, but then the situation and how will not be frightened, she was also born prematurely at that time, after that will be lying in a coma to maintain the body, only to pay attention to the birth of the youngest daughter, knowing that for the outside of the matter can not help what help, only secretly wiped a few will be tears for the rest of the things do not dare to ask more questions.

Afraid of annoying her husband again, she didn't dare to inquire more about other things.

"Xiao Yue's ... Xiao Yue's is the big brother's daughter?" Mrs. Duke of Qi asked in a trembling voice, her face as white as snow, her body shook and almost fell, her voice carrying a broken breath as if she couldn't catch her breath, "That ... that's the crime of deceiving the king."

The Duke of Qi backhandedly grabbed Mrs. Duke of Qi's hand, seemingly wanting to give her strength and also seemingly wanting to give himself strength before he continued to vaguely say, "This is big brother's only hope, and also big brother's only bloodline, and I ... don't want to look at my big brother and sister-in-law extinguish their only bloodline, and sneakily bring out the baby brought out, then ... then ..."

The words were too much to say anymore, only to feel pain in all his organs, if he did it again, would he do it again?

The baby will definitely be brought out, but what about this next? Will there be so many more misadventures?

"It's all my fault, it's all me!" Qi Guo Gong blamed himself, his eyes were powerless and closed, he only felt his head buzzing, although the words were spoken and could not be taken back, but at this time, he was not willing to speak further in depth.

"I'm fine, I just want to be quiet first!" He let go of Mrs. Duke of Qi's hand and said feebly, "I'll write a folding letter to the Emperor in a while to give up the title to my son."

"Duke of State, what do you want?" Mrs. Duke of Qi panicked and asked urgently.

"I am fine, I am just tired, just want to ... think quietly will." Qi Guo Gong Dao, his head slowly lowered again, as if this moment his head was as heavy as a mountain.

"It's all my fault, if I could have taken good care of this child ... in the beginning, there wouldn't have been what happened today, it's me who can't do right by this child, it's me who can't do right by her." The Duke of Qi said in a sad voice, his eyes reddening once again.

"This thing can't blame you ... you are also benevolent to the end ..." Mrs. Qi Guo Gong breathed a sigh of relief, the causes and consequences, this will be she felt that she has figured out, see Qi Guo Gong so sad, heart also very uncomfortable, see him at this time also do not want to talk, can only turn away.

When he walked to the door, he turned his head again originally wanted to bark a few words, and seeing Qi Guo Gong's head buried deep in his arm, he could only sigh deeply in his heart, and then walked out slowly.

This result let her unexpected, but also seems to be not all unexpected, just the heart of the shock for a long time can not be quelled, this counts up but the crime of deceiving the king ah ...

If people turn out, the entire Qi Gongfu will bear the responsibility, this kind of thing is still rotten in the stomach of the good ...

Chapter 544 Coincidence, Going to the Da Lisi

Xiao Yue's is the daughter of her big brother and sister-in-law, and it is no wonder that the Duke of State treats her daughter so generously, and today it is also because of hearing that Xiao Yue's was killed by Yu's that she was so distraught that she said all the things that happened back then.

Mrs. Duke of Qi stood in the corridor dark meditation, the initial panic has slowly calmed down, she is also experienced the storm, the causes and consequences of the rationalization, only to find that their previous jealousy of those really is not necessary.

Xiao Yue's is indeed a poor, had known that there is such a layer of karma in, she used to be a little better to Xiao Yue's, which will be compensated to Xiao Yue's daughter in the future!

As for the death of Xiao Yue's, Mrs. Duke of Qi's heart, although sad, but inexplicably relieved, Xiao Yue's since it is not, this past story naturally will not be rehashed, even if the future was seized by some traces, but also can be pushed all the way to clean, from this point of view, the current situation on the Duke of Qi's house is good.

"Mother!" A stoic middle-aged man hurried over and froze for a moment when he saw Mrs. Duke of Qi standing under the porch, coming forward to salute.

"Why are you so alarmed, you are the World Son." Mrs. Duke of Qi displeasedly said, this was her eldest son, and the Duke of Qi's World Son.

"Mother, I heard people say that father beat up Servant Qu at the palace gates, I wonder if it's true?" The Duke of Qi's son anxiously said.

Although he is still only the position of the son, but there is a real position, the Duke of Qi generally do not go to the court, but the son of the daily routine of the court, and before that, also in the Yamen, I heard that his father went to the palace gate to beat the Qu minister, how can he not believe it, and hastened to take leave to come back.

"Your father beat Squire Qu and at the palace gates?" Lady Duke of Qi was shocked.

"Yes, that's what many have said." Seiji's brow was furrowed, this was a tough one.

Xiao Yue's is the daughter of her elder brother and sister-in-law, and now that she has heard that Qu Zhi Zhen favored his concubine and died, with the Duke of State's temperament, she is afraid that she will really make a move.

Thinking of the situation where the Duke of State lost control of the situation of tears, Mrs. Duke of Qi's heart is also very painful, closed his eyes, and then opened them slowly said, "It's fine, you go back first, this matter will be handled by your father, and he will ask for himself to pass the title to you."

No wonder the Duke of State said something like that just now, and also meant to ask for forgiveness.

No matter what his reason for hitting Squire Qu was, it was wrong for him to move at the palace gates, and tomorrow there would inevitably be a folded reference to him, and it would still be appropriate to incriminate himself at this time.

This matter of qiguo duchess is not unexpected, originally this period of time qiguo duchess has been looking for an opportunity to fold, to pass the title to the son, this time both then to ask for a sin, take off the title is the best.

Seeing that Mrs. Duke of Qi spoke calmly, Duke of Qi's son's heart also relaxed and nodded, "Mother, since there's no big deal, I'll go back first!"

"Good!" Duke of Qi's wife said, look at the son has walked to the courtyard door, suddenly called him again, "Ran's affinity, you also care about some, his age is not small, can not be delayed all the time, this is the future of the Duke of Qi's house of the world, you two when the parents can not be more on the heart!"

If the son of the Duke of Qi becomes the Duke of Qi, Qi Xiuran will naturally become the son of the Duke of Qi, which is also much higher than his previous status, and there is more pickability in this marriage.

"Mother, don't worry about this, we are already looking at each other!" Duke of Qi's son didn't understand how his mother jumped to this topic at this time, but still respectfully answered.

“That is naturally the best ... mansion like ours, in fact, it is best to have portals opposite each other, if it is too low, it is always not good.” Mrs. Duke of Qi admonished again.

“Yes, mother, son knows.” Duke Qi’s son nodded his head in response, and in his heart, he really didn’t understand that at a time like this, caring about these things that weren’t urgent was really necessary?

“Then pick it quickly, so that your father doesn’t have to get attached again.” Lady Duke of Qi reached out and pressed her brow as she continued.

Qi Guo Gong Shi Zi first did not understand, but suddenly understood, before listening to the lady talked about this matter, it seems that the father intends to set up his son and the daughter of Servant Qu, the mother was reluctant at that time, right now should be the same meaning.

“Mother don’t worry, son will grasp, moreover father today if really hit the qu minister, this later ... also won’t have ...” Qi Guo Gong Shi Zi didn’t finish the words, but the meaning of the words are expressed an understanding.

How can you be in-laws when you’re fighting!

Mrs. Duke of Qi also thought of this point at this time, laughed to herself, then let her son back, she is also indeed over-anxious, the relationship between the two subordinate eyes have fought, how can it be good to go?

Even if you’re concerned about that kid from now on, you’ll have to show it in a non-obvious way ...

Both have thought clearly, Mrs. Duke of Qi since the maiden, granny left the study, no one noticed the back door of the study, a maiden’s figure flashed ...

After Qu Zhizhen returned to the house, he first went back to the outer study to change his clothes and freshened up before going to the courtyard of the Dowager Lady.

As soon as he entered the door, Mrs. Tai noticed his abnormality, although the slap marks on his face were gone, both sides were red and swollen, and at a glance, he looked different from his usual self.

"What happened? What happened to your face?" The dowager lady asked as she suddenly sat up straight and stared at Qu Zhizhen's face.

Qu Mo Ying raised his eyes slightly before lowering his head peacefully, Qu Zhi Zhen's face looked like it had been slapped, just who would hit him?

It should have been in the palace before!

"Mother, there's nothing wrong with me, I just accidentally bumped into it, what's going on outside?" Qu Zhizhen asked eagerly after bowing to his mother before sitting down.

"Yu's killed Xiao Yue's, and has now been sentenced to prison by the Da Lisi, you quickly take Ying Ying to go and take a look!" Mrs. Tai panicked.

"Yu killed Xiao Yue?" Qu Zhizhen was a bit confused and glanced sideways at his daughter who was sitting alone.

"Yes, that's what they all say, the whole capital knows about it, they all say that you favored your concubine and destroyed your wife, Lao Er, tell me, do you know about this matter?" The dowager lady's voice became stern, asking sternly with red eyes.

"Mother, why would you ask this, how would I know about this matter, if I had known ... how I wouldn't have let Xiao Yue's go to a quiet place to raise her fetus in the first place." Qu Mingcheng said in annoyance, reaching out and pinching his forehead, "The situation at first mother also knows, it wasn't that I must let Xiao Yue's go outside to raise her fetus, it was she who wanted to go."

"You ... If you hadn't brought Yu back, how would this have happened." The dowager lady choked angrily.

"Mother, what's the use of saying this again, wasn't it because Yu was pregnant in the first place, we can't leave the child nameless, can we! And Yue also agreed." Qu Zhizhen did not want to talk about these old matters in front of his daughter, stood up, "I will now go to see Yu first and ask for clarification, if it was really her who harmed Yue, I will not lightly forgive her."

Turning to leave after saying that.

“Bring Shadow Maiden with you.” The dowager lady called out to Qu Zhizhen.

“Mother, she a deep lady’s get involved in what for, this Yamen is not so good to go, this will already make a mess all over the city, and then make some more can be even more let people increase the talk.”

Qu Zhizhen unhappy road, he is not at all want to bring his daughter over, originally already fell into the wind, this will bring his daughter over, even more feel tied up.

“Father, the person is at the Da Lisi, I want to go see cousin, if father is not willing to take me there, then I will take leave from grandmother and ask cousin myself.” Qu Mo Ying raised her head, the corners of her lips pursed up tightly as she looked at Qu Zhi Zhen, making her request very clear.

She was going to the Da Lisi. She had waited a long time for this day.

“What are you doing there as a girl? There’s something to tell you when I come back.” Qu Zhizhen impatiently rebuked.

“Father, even if you go at this time, I’m afraid you won’t be able to see anyone!” Qu Mo Ying looked at Qu Zhi Zhen who was bent on getting rid of himself, his eyes were cloudy as he slowly said.

“I’m going to see the Secretary of the Da Lisi, Lord Zhang.” Qu Zhizhen said without thinking, Yue Wenhan is not seeing, is it possible that he can’t see anyone else but Yue Wenhan?

“This Secretary of the Da Lisi doesn’t necessarily meet with father either.” Qu Mo Ying continued.

These words pulled Qu Zhizhen’s raised footsteps to a halt, looking back at his daughter in consternation, “Why doesn’t Lord Zhang see me?”

“What does father want to go to the Da Lisi for?” Qu Mo Ying asked rhetorically.

“Naturally, I’m going to find out the truth of the matter and ask what really happened!” Qu Zhizhen said.

“There are so many rumors outside, but how the truth is, in fact, it is not certain, father at this time go to see the foremost lord zhang, lord zhang see you, what to say? This matter has become so big, I’m afraid that the palace has also gotten the news long ago, at this time father goes to see the main trial lord Zhang, is it appropriate?”

Quemoy Ying said matter-of-factly.

If you don’t see Zhang Daoren, then you have to go to see Yue Wenhan, and Yue Wenhan’s temper, Qu Zhizhen is taught, that is a hard and stinky temper, especially now and this is the case, see not see yourself is not good to say, originally with the rash general, if also with Qi Guo Gong so reckless, also come up to slap himself, Qu Zhizhen consciously can’t afford to lose this person.

Yue Wenhan was not the Duke of Qi, if he really let him beat him up, how could he meet people in the future?

So think, immediately think with Qu Mo Ying or good, at least have Qu Mo Ying in Yue Wen Han will not be out of control to such a point, as for Zhang Daoren see not see themselves, is also an unknown, Qu Zhizhen now want to see the first person naturally is the Secretary of the Da Lisi Zhang Daoren.

“Then let’s go over together!” Qu Zhizhen thought carefully, looked at his daughter’s face, and felt that it was quite normal, so he nodded his head and agreed.

The two people one after the other to the mansion door, Qu Zhizhen originally thought of two people on a carriage, but Qu Mo Ying said that it is better to have one of their own, a moment if Qu Zhizhen still have something, can go to their own busy, do not have to send her back first.

Qu Zhizhen heard a reasonable, also did not insist, father and daughter two each a carriage, to the Da Lisi and go ...

Chapter 545 Not Seeing, Beating a retreat

Sure enough, Lord Zhang was not there!

This absence can be described as coincidental, or really coincidental, I'm sorry!

"Is Lord Yue around?" Qu Zhizhen asked with an unchanged face, glancing at Qu Mo Ying on the side.

"Lord Yue is here, my subordinate will go and report immediately." The yamen at the doorway said, turning around and running inside, returning in a short while to welcome them in.

Yue Wenhan was sitting in one of the halls, waiting for them to come in, raised his eyebrows and coldly glanced at Qu Zhizhen, stood up and arched his hand, "Lord Servant, I have official business here, it's inconvenient for me to welcome you!"

"Lord Yue is polite!" Qu Zhizhen said with a gentle expression.

Qu Mo Ying stepped forward with a graceful bow, "Cousin!"

"Cousin is also here, so let's hear about the case together!" Yue Wenhan reached out and waved the case file in his hand, inviting them both to sit down.

"Mr. Yue, what's going on in this Yu's case?" Qu Zhizhen just sat down and couldn't wait to ask, secretly relieved in his heart, he wasn't afraid of Yue Wenhan, even if Yue Wenhan did something that didn't know the etiquette, when the time came, he couldn't get off the stage, especially at this time.

There was still a use for bringing his youngest daughter, at least Yue Wenhan, though a bit shifty, at least didn't make a move.

"Lord Qu, this is something that I really can't say too much to you right now." Yue Wenhan said coldly.

"Why?" Qu Zhizhen asked in surprise.

"Not only Yu's thing, but also in the Qu adult's problem is also in it, all said that the Qu adult favors concubines to destroy their wives, at this time if we talk to the Qu adult too clearly, if after that things happen, is not that I have a connection with the Qu adult!"

Yue Wenchuan said in a cold voice.

The mocking meaning in these words was obvious, Yue Wenhan was Xiao Yue's own nephew, and would not help Qu Zhizhen in this situation.

"That's not what Lord Yue said just now?" Qu Zhizhen's face also went cold.

"Just now, my humble servant was talking to my cousin, my cousin is the complete victim in this matter, as for the others it's really hard to say, Lord Zhang is the main trial this time, my humble servant isn't judging the matter, so now I can still have a chat with Lord Qu here." Yue Wen Han looked at Qu Zhi Zhen and forced down the anger in his heart, "But since Lord Qu must ask, then the next official also asked if Lord Qu was really uninformed at that time or fake uninformed."

"What does Lord Yue mean by this?" Qu Zhi Zhen's face stormed with anger.

"I'm just going about my business as a matter of routine, if Lord Qu feels that he can't say anything, naturally Lord Zhang will ask later, this is certainly not a public hall after all, and I don't have the right to make Lord Qu have to answer." Yue Wenhan laughed coldly, full of mockery.

Qu Zhi Zhen gas face iron blue, but looked at one side of the daughter two eyes this after, slowly calm down a bit, to be completely calm down before the Yue Wen Han said, "Yue adults this time on my bias is normal, I this time over is mainly accompanied by shadow girl to come, Yue adults can say on say some to shadow girl listen to it, she knows this matter, after the House has been restless. "

This is the meaning of letting Qu Mo Ying hit the head no longer his initiative to come to the door.

Qu Mo Ying's eyes under the veil of her eyes looked at Qu Zhi Zhen for a moment, this cheap father could sit in the position of the Squire, and is not incapable of doing so, a single sentence could turn the active into the passive.

Just this reaction Qu Mo Ying was not surprised, with Qu Zhi Zhen's persona, right now this kind of reaction is the right thing to do, she came here today to stop Qu Zhi Zhen from going to see Yu, to cut off the last ray of hope of Yu.

"Lord Qu just accompanied his cousin here?" Yue Wenhan scrutinized Qu Zhizhen.

"Naturally yes, is it hard for me to take the initiative to come to the door?" Qu Zhizhen said in a cold and nonchalant voice, since he had no desire there was no need to be too polite to Yue Wenhan, his official rank was higher than Yue Wenhan's.

"Cousin wants to know something?" Yue Wenhan gave him a deep look and seemed to believe him, turning his head to look at Qu Mo Ying, his voice softened by a few points, and he did not refuse to talk to his cousin about Yu's affairs.

"Cousin, how exactly are things?" Qu Mo Ying opened his mouth and asked softly, his voice had a slight tremor, "Is this ... thing true?"

Yue Wenhan was silent for a moment and waved his hand, the magistrates who were originally standing on both sides retreated, leaving only the three of them in the living room.

With a warning look at Qu Zhizhen, Yue Wenhan before saying, "Cousin, this matter originally I should not say to you, after all, Qu adults involved in more, until now also did not wash clean, but since cousin so asked, I do not say it is not good to say, only a few simple sentences, can understand can not be understood, I do not say in detail, out of the door, I will not admit that I said something of."

That's a heavy statement, but the words are clear.

Qu Zhizhen nodded wordlessly, and Qu Mo Ying answered out loud, "Cousin, go ahead, I know, I won't ask you much if I can understand, and I won't say that I heard you say anything out of the ordinary when I get out of this door."

Seeing that both of them are very sensible, Yue Wenhan's face looks slightly better, and then crossed Qu Zhizhen, "Cousin, Yu's side there is one called Hailan, now basically recruited more or less, the nunnery

of the nunnery is also a timid, this will also be someone to ask, only Yu's stayed in the back ... Everything now is going through the process."

So soon began to interrogate? Qu Zhizhen was shocked, he originally thought that he came quickly, this is not yet officially finalized, and even can intervene in this matter before it is not formally finalized, it is best to suppress this matter, right now here is really too late? The heart was flustered.

"So soon?" The words came out subconsciously.

"I urged Lord Zhang to establish the case right away." Yue Wen coldly laughed, "It's just that I'm afraid that someone's hand will be too long and reach over to jeopardize justice."

Qu Zhizhen was stabbed, but did not move in anger, his brows tightly locked up, before he came, he did want to reach out and take Yu away, but this established a case, and it is the Da Lisi case, and it is still a case that all the people cajoled, the party carriages all the way over, and he heard clearly in the carriage, and from time to time, he heard people discussing about this matter.

It's really too late for that!

Since it was too late, his previous thoughts faltered.

"Hyland has confessed?" Qu Zhizhen asked.

"Lord Qu, I'm talking to my cousin, it's better for Lord Qu to be quiet, lest I accidentally say something wrong and cause unnecessary misunderstandings." Yue Wenhan nonchalantly stabbed him and did not mean to answer his words.

Qu Zhizhen raised his eyes to look at Qu Mo Ying, not starting an argument with Yue Wen Han.

Qu Mo Ying read Qu Zhi Zhen's meaning and raised her eyes to Yue Wen Han, "Cousin, did Aunt Hailan really confess everything?"

"Recruitment is naturally recruited, exactly how I am not informed now, I am also avoiding suspicion now, Lord Zhang asked me to deal with some external affairs, so that I can pry less into the things here." Yue Wenhan's answer to Qu Mo Ying's words was naturally very clear.

"Can we meet Yu?" After thinking about it, Qu Mo Ying made another request.

"Now? Lord Qu and you?" Yue Wenhan was a bit embarrassed.

"What if it's just father?" Qu Mo Ying asked, biting the corner of her lip.

"Lord Qu wants to meet Yu alone?" Yue Wenhan asked Qu Zhizhen instead of answering her, "If Lord Qu must meet, it's fine, I'll make arrangements now."

After saying that, he stood up.

Seeing him being so forthcoming, Qu Zhizhen had a flash of insight and hastily reached out to stop him, "Wait a moment."

"What else does Lord Qu have to do?" Yue Wenhan mockingly stood still.

"Why is it not possible for Shadow Girl to go with me, but it's fine for me to go alone?" Qu Zhizhen asked in a deep voice.

"This matter ... I am also not clear, but if Lord Qu wants to go to see it, I can still arrange it, as for cousin and you to go there together, it is not necessary, if it disturbs Lord Qu and your wife to talk, it will not be good." Yue Wenhan coldly said, and gave a laugh.

The laugh was full of malice.

Qu Zhizhen certainly did not feel that Yue Wenhan was genuinely helping him, he did originally intend to go and see Yu, even if he could not take Yu, he still had to ask Yu, but now he hesitated.

Looking at Qu Mo Ying, who was sitting quietly on the side, Qu Zhi Zhen said, "Go and take a look at Yu, I have nothing to say to her now that I've seen her, if she really harmed your mother, naturally no one will be able to save her."

This was said with the utmost fairness and naturalness, as if it were sincere.

"Father, I don't want to go." Qu Mo Ying shook his head and refused.

"Didn't you come ... to ask about the real situation?" Qu Zhizhen asked, raising his eyes in displeasure.

"Even if we go and ask now, can we ask anything? It's better to avoid suspicion and wait for an official result later!" Qu Mo Ying said, "Mother's spirit in heaven is watching, if she really harmed mother, there will be a public judgment by the law of the land, as for other things, it's better to wait for this matter to be resolved before saying anything else."

Qu Zhizhen's heart was hit hard, completely awake, at this time he has to do is to avoid suspicion, rather than come to see Yu's, to investigate the situation that is the Da Lisi should do things, he is now on the body is still carrying suspicion, a favorite concubine to destroy his wife's crime is still suspected to fall on him.

Although he paid himself for not having such a thing, others were not aware of it, and even his daughter felt the need to avoid suspicion at this time, so he naturally had even less reason to want to see Yu.

"Since this is the case, then that's it, my father's still has things to do to return to the palace, so go back to the palace yourself!" After a slight contemplation, Qu Zhizhen already understood what he had to do next, returning to the palace to repair the palace room was the best, as for the rest it was not something he needed to consider, nor should it be something he needed to consider.

After saying this and not waiting for Qu Mo Ying to reply, he turned to Yue Wen Han and said, "Lord Yue, I'll trouble you with the matter of Ying Ying girl's return to the house, I'll go back to my official duties first."

"Lord Qu make yourself at home, I'll send my cousin back." Yue Wenhan said with a leathery smile.

Qu Zhizhen at this time also have no intention to fight with him, arched his hand at him, turned around and left in stride, in his heart coldly laughed, Yue Wenhan this is a certainty that he will pull himself down, no wonder Fang heard that he was going to see Yu will be so attentive, Fang almost fell into the scheme.

He himself had come today to drop off his daughter and simply ask about things in passing, and as for the rest, he knew nothing.

After arriving outside the Da Lisi and calling over the boy to let him go back and pass on a few words to his own big brother, Qu Zhizhen got on the carriage and made his way to the palace gates.

My own big brother is not real power but is the imperial historian, can imagine, tomorrow the court will be how lively, are the imperial historian's world, he also have to make early preparations is ...

And the eldest daughter, and King King ...

Was this really an accident?

Chapter 546 The Female Nun Who Confuses the World

"Servant Qu is truly a good man!" Yue Wenhan watched Qu Zhizhen leave, the corners of his lips silently hooked with mockery.

Come over fast, get out of the fast, clean and clear without dragging the mud, originally should be admired, but now let him feel mockery, but also more and more for the family's little aunt feel unworthy.

People like Qu Zhizhen are thin-skinned at first glance.

Not only the little aunt, afraid of the present this Yu, I'm afraid that also did not too on his heart, or compared to his career, that vicious Yu, occupies not really big, even if she gave birth to a pair of children for him.

This nature of Qu Zhizhen's, if his cousin hadn't said it, he really wouldn't have believed it, but right now it seemed to be true.

"Cousin, tell me more about what you heard, what you saw, and what you found out when you went there?" Qu Mo Ying sat down and asked with a straight face.

Now outside the people say are spoiled concubines, said all the Yu's killed his mother, but in fact this thing Qu Mo Ying and Yue Wenhan know best, although Yue Wenhan did not say straight, but are to that direction, only rumors are rumors, the fact is that there is no solid evidence yet.

Yue Wenhan now to this cousin is also convinced very much, the things that happened at that time originally, without any additions to say again.

"There's a medicine bag?" Qu Mo Ying's willow brows frowned slightly, grasping a key point, "What's inside?"

The medicine had already been handed over, and there wasn't much left, now in front of Lord Zhang, but Yue Wenhan also knew the results of what Lord Zhang had asked people to find out.

"After the medicine is used it will make a person weak, emaciated, the whole person is sickly, but it is not so bad that it will make a person die in a moment, it is just not very good for the body, and it is not considered poison when it is said to be poison." Yue Wenhan's eyebrows followed suit, if it was poison, then it would be considered empirical evidence, but it was just such a medicine, it really couldn't be said to be poisoned.

"If this medicine is for ordinary people, naturally nothing will happen, but what if it is for a pregnant woman? Originally, labor is a difficult hurdle, plus after using this medicine, one's body is weak, it is likely to be a dead body, and before that, there were scoundrels who almost bumped into my mother, that would not be a normal labor, but a life that would take my mother's and my life."

Qu Mo Ying took a deep breath, the bottom of his eyes were cloudy, his heart pounded a few times, and he bit his lip.

How isolated and helpless Mother should have been in that situation, and to be able to give birth to herself was the best she could do.

Whether it's forceful labor or premature labor that's rammed when not in labor, it can be doom and gloom for a pregnant woman, and the biggest possibility is that the whole person, even the baby in the womb, won't survive.

"Before there is more real and reliable evidence, this evidence, is just an aid, after all, it is not considered poison, now if Yu resists denial, and there is no other strong evidence to appear, Yu is likely to be put back first." Yue Wenhan said in a deep voice.

Most of what he had said to Da Lisi Secretary Lord Zhang before had been borrowed from the rumors outside, which he had intentionally steered out.

But in fact, the only evidence they have in their hands now is the medicine and some silver checks, and it's not even a poison that directly kills people.

Qu Mo Ying was silent for a moment, only in her heart she had actually been prepared, since she could open her mouth to let Yue Wen Han help with this matter, this next will not let Yue Wen Han take the responsibility.

"Cousin, open the coffin!" Qu Mo Ying said.

"What ... what?" After Yue Wenhan froze for a moment, he immediately objected, "This won't do, these medicines aren't considered poison, they can't be detected, and since they can't be detected they're still disturbing the little aunt's peace of mind, which is not good!"

"Not Mother's!" Qu Mo Ying shook his head, "That old nunnery master's!"

This was the motivation for them to seek out the nunnery before, and the reason to explain that Yue Wenhan happened to show up in such a remote place.

"That old nunnery said it was ... sick and died?" Yue Wenhan puzzled, this is actually a cause, his later focus on his own little aunt's body, this will Qu Mo Ying suddenly said this sentence, but on let him have a new idea, the previous words, immediately denied it.

"The old nun was sick before the young aunt lived in, and at that time it can be said that she was also used these medicines, and the amount used was quite a lot, so that she could be weakened to the extent that she was sick all of a sudden, and after that she should have been drugged all the time, and her body became more and more feeble, but in the end, she suddenly died after the young aunt was no longer there, which makes it intriguing!"

Yue Wenhan muttered to himself, reaching up to touch his chin.

Qu Mo Ying nodded her head, knowing that Yue Wen Han had neglected the others before because he was too concerned about his mother's affairs, and that he would only need a slight reminder, and he would inevitably already understand.

Sure enough, Yue Wenhan's hand slammed hard on the table and stood up, "The old nunnery owner had an accident immediately after the little aunt was gone, if it was just this medicine, it simply couldn't achieve this effect, so this old nunnery owner's body must have really been poisoned with other poisons to get an immediate effect."

"Although the old nunnery master was sick before, but if she got well and took back charge of the affairs in the nunnery, a lot of things can still be investigated, if really investigated, the current nunnery master certainly can't be taken, so it's better to get rid of it once and for all." Qu Mo Ying coldly laughed, "Otherwise the old nunnery master wouldn't have been buried so quickly afterward, and even some of the uninformed still don't know anything about it."

"Weak hearted!" Yue Wenhan's eyes lit up, "Good, I'll go see Lord Zhang now."

Things are really obvious when the causes and consequences are so rationalized.

"Cousin, can you let me meet this nunnery master?" Qu Mo Ying raised her eyes and asked in a soft voice.

"You want to see her?" Yue Wenhan said in surprise, Qu Mo Ying came over this time, he thought that his cousin might want to see Yu Clan, or the maid named Hailan by Yu Clan's side, but he never thought that Qu Mo Ying wanted to see this nunnery master.

"Yes, it's her!" Qu Mo Ying affirmed.

"Good, I'll go and arrange it!" Yue Wen Han nodded, once Qu Zhi Zhen went back, Qu Mo Ying represented the Qu Mansion, and it was still Qu Zhi Zhen who brought her here before she left, this representation was even more affirmed, besides, she was still the daughter of the victim, and a slight meeting now would not arouse suspicion.

No one would think that she would deliberately conspire with those who harmed her.

But even so, now this time also have to go to ask Zhang Daoren, Zhang Daoren is naturally in, just to avoid suspicion of Qu Zhizhen said people are not in, and now I heard that Qu Zhizhen went back, leaving his daughter alone to see a few people arrested today, Zhang Daoren did not have half a hesitation on the agreement to let the Yue Wenhan go to the arrangement is.

Yue Wenhan took Qu Zhizhen to a place of interrogation and training, not a public interrogation and training, just the size of a room, inside is now locked up that nunnery master.

As soon as he saw Yue Wenhan come in, this nunnery owner's face was as white as snow as he cried out for injustice,"Lord, the poor nun really didn't do anything, those silver tickets are saved by the poor nun for so many years, there are the present ones as well as the previous ones, but back then it was sent by the second Mrs. Qu in front of the Qu Mansion, and now it's sent by the present second Mrs. Qu, and the others are nothing."

"What about the medicine? Why did you hide it under the covers too, so well together? Is it a good tonic?" Yue Wenhan looked at her coldly with his hands behind his back, his eyes stern.

Qu Mo Ying just stood quietly behind him, coldly looking at this female nun.

Looking at the age of forty or fifty, the clothes on her body were a bit old, but still clean, and her demeanor seemed to be different from the usual remote kind of female nuns.

I heard that it was a woman whose life was saved by the old nunnery master, and that's why she joined the nunnery, which means she wasn't a female nun before she joined the nunnery!

The old nunnery owner should be a kind-hearted one, but he just didn't expect to save a poisonous snake.

"Medicine, is ... before from the former Qu second lady side to get, that will feel wrong, deliberately stayed, after the Qu second lady out of things, want to send to the Qu House, just to the end also did not find the right opportunity, and also heard that the Qu second lady is just difficult to give birth to, and did not have poisoned!"

The nun's eyes flickered for a moment Road, actually really explained, looks like the color of God is also terrified, tears fell, "Poor Nuns originally felt not quite right, but then felt that it would not be really something, or else the second Mrs. Qu is poisoned to death, poisoned to death and die of childbirth, naturally, is different, it may be some tonic, so many years Poor Nuns later forgot about this, has been clamped in the collection of silver tickets."

"My lord, the poor nun is really innocent, the poor nun knows nothing, it's just that Wang Wu suddenly came to the door today and said those words indiscriminately that caused all these things to happen, I hope that your lordship will redress the poor nun's grievances." The nunnery master covered his face and cried out, "Since the poor nun took charge of the nunnery, for so many years has been good to people, who knew that actually the disaster came from heaven."

"I heard that the nunnery master was saved by the old nunnery master, I wonder what the nunnery master did before?" Qu Mo Ying suddenly opened his mouth and asked softly.

"The poor nun is just a woman from an ordinary family, her parents died early, she was tricked by people from her clan and was almost sold, when she escaped and fell from the mountain, she met the former nunnery owner, and it was indeed she who saved the poor nun." The nunnery master wiped her tears and said.

"Are you a woman from a nearby family?" Qu Mo Ying asked again.

“No, the poor nun fled here, not from this place, she was tricked into entering the capital, and had no place to go afterward, so she followed the former nunnery master, and landed her hair here as a nun.” The nunnery master shook his head.

“What did ... the family do in the past?” Qu Mo Ying continued to ask.

“Just an ordinary family ... is an ordinary farming family, also can not read and write, escaped when the age is also small, early to forget everything in the hometown, to today only remember is roughly a place, but then look for not go back, fortunately, poor nuns also have no relatives, but also then do not want to go to look for it. ”

The nun wiped another tear from her eye and said bitterly.

No father, no mother, and such a situation, who will not go home to their hometown, I’m afraid that this life will not have the idea, and slowly will consciously forget, it’s not a big deal.

“How long ago was this?” Qu Mo Ying’s eyes fell on the nunnery owner’s hands, these hands looked well maintained, that nunnery heard that it was to be labored, it is evident that this nunnery owner is a pampered, and is not a person who labors.

And what made Qu Mo Ying the most skeptical was that this nunnery owner sounded a little bit biting between words, and didn’t sound like a person who couldn’t read big words.

This female nun was suspicious, she seemed to be doing her best to downplay her past, and was not half resistant to the matter at hand, it was a strange feeling.

Chapter 547 The Rumor of the Mourning Punch

“Time is too long some, poor nun ... can not remember too clearly, twenty years or so!” The nun’s head lowered, talking about the old days, and such old things again, it would be hard for anyone.

“Was it twenty years ago, or around thirty years?” Qu Mo Ying’s heart fluttered as he continued to ask.

“Two ... twenty-five-six years ago it, specific how much, poor Ni really is not so very clear, followed by relatives out of a period of time, and then only ... these things, poor Ni try not to think about, the past has been, and then go to think is only in vain sadness.”

The nun sighed again and said.

“Listening to the nunnery master’s accent seems to be that of the capital.” Qu Mo Ying’s gaze fell firmly on the nunnery master’s face, his eyes under the veil of his eyes as deep as water.

“It may be that the poor nun has been in the capital for so many years, and has long ... forgotten the accent of his hometown.” The nun stuttered a bit and seemed to add a few more sighs.

Qu Mo Ying stopped asking for a moment and just looked at the nunnery master, and for a good half a second suddenly said, “Has the nunnery master not thought about the follow-up of this matter?”

“This matter really has little to do with the poor ni, the previous silver ticket was also left by the old nunnery master, allowing the poor ni to support all the affairs of the nunnery, the current silver ticket is given by that Aunt Hailan beside the second lady of the Qu family, it is for the purpose of taking care of the second lady of the Qu family to have better days in the nunnery, and the nunnery’s life is clear and hard.”

The nun’s hurriedly said, the words coming back very quickly, a few moments faster than the previous reply.

Yue Wenhan did not say anything, only dropped his eyes on the nunnery master, continue to listen to the station her and Qu Mo Ying’s question and answer, he is also a long time criminal, naturally also can see that this nunnery master for the current topic than on the previous topic to answer up to the more comfortable, for her old things, very do not want to mention, and even in the time of the answer, will be thinking about for a long time.

Did they really forget, or did they not want to mention those old things, or there was something in those old things that they couldn’t mention.

Out of skepticism, he even saw a flash of relief on the female nun’s face.

“Didn’t I say before that it was given to you by the maid beside the previous Second Lady Qu, at that time the old nunnery master was still sick, right?” Qu Mo Ying said, this was a bit different from what he said before, it should have been the result of a more thoughtful consideration.

This is the biggest amount of pushing to get yourself off the hook.

Only this time, actually can think of such a reply, this is determined to the idea that they can get away? The corner of his lips silently hooked, if according to the normal situation, it is really possible to let her muddle through.

“In fact, it was given to the old nun, but at that time it was the poor nun who took over, it is reasonable to say that it was given to the poor nun, but in fact it was given to the old nun in the end, it was all put away by the old nun, and it was only when the old nun was dying that it was passed on to the poor nun, allowing the poor nun to take charge of the nun’s affairs in the future, as well as allowing the other people in the nun to possibly live, and those planted vegetables are actually not much, and if the year is not good, there isn’t not enough to eat.”

The master of the nunnery called up the bitter words, which were equally reasonable and justified, explaining very well the reason for the difference with the previous words, taking himself out of the picture while also talking about the other female nuns in the nunnery who were not having a good time, and whose incense was not flourishing, and who had to farm their own land in order to survive.

“Was there anyone else when the old nunnery master died of his illness?” Qu Mo Ying asked down the line.

“The old nunnery owner has been sick, that day, the poor nun to send her lunch time, she is dying, she then gave the silver ticket to the poor nun, the nunnery also gave the poor nun, the poor nun to see her situation is not good, immediately go to call people, but wait for the people to come After that, the nunnery owner only had the time to look at the last glance, and then no.”

Back to fast up the old nunnery, the nunnery eyes reddened, sideways to hastily wipe away the tears in the corners of her eyes, this paragraph she said clearly.

“That is to say, when the old nunnery master died of illness, the nunnery master was the only one by her side.” Qu Mo Ying tasted the meaning of her words and asked after her.

“Later, many people came.” The nun hurriedly explained.

“But can no longer speak!” Qu Mo Ying said this with certainty, as if he knew everything, and the nun’s heart panicked, subconsciously raising his head to look at Qu Mo Ying.

This should be the Fourth Miss of the Qu Mansion, the one who was born in the nunnery? Why is she asking so clearly? It’s impossible for anyone to find out anything, absolutely impossible.

“It’s ... that time the old nunnery master is no longer able to do so.” Even though she told herself in her heart not to panic, but being asked for so long, and the topic jumped quite a bit, completely exceeding what the nunnery master had imagined before, she was still a bit flustered in her heart, and her words stuttered differently.

“The last one who spoke to the old nunnery master was the nunnery master?” Qu Mo Ying continued to ask with downcast eyes, repeating the question again, the words seemed to be asked a little more carefully.

This word nunnery master did not dare to answer directly, thought carefully, felt that there is nothing broken, before biting his teeth and said, “In fact, it is not really the ... later female nuns came over several, all spoke to the old nunnery master.”

“But she can’t even tell?”

“Yes ... yes!” The nunnery master said, undershirt has hidden cold sweat, has been repeated to ask the same topic, even if she was prepared in her heart, at this time also some panic, dry throat, this Qu fourth miss is not really know what not?

It can’t be, how can it be, it’s absolutely impossible¹

The anon soothed himself.

"The old nunnery master's matter will be verified in an open coffin." Qu Mo Ying looked at this nunnery master in a deep voice and suddenly said.

The nun's eyes froze in their sockets, and for the moment, could hardly move at all.

"If the test comes up with anything, since the last person who officially spoke to the old nunnery master was the nunnery master, then things will be fine." Qu Mo Ying continued as if he didn't see the nunnery master's stiffening body.

"Open ... the coffin?" The nunnery master swallowed a mouthful of water, finally slowed down again, and hurriedly said, "For ... why should we disturb the nunnery master's tranquility? The old nunnery master has been sick before, originally dying, that time, in fact, it is not unexpected, the coffin is also prepared early."

"An early prepared coffin?" This was another surprise, and Yue Wenhan couldn't help but interject.

"Yes, the coffin was prepared early, the old nunnery master knew that he did not have many days to go before he allowed the nunnery to prepare it, there are a lot of people who know about this matter, it's not something that the poor nun is alone, or the old nunnery master himself instructed the people to do it." The nunnery master eagerly said.

He was very sick and knew that his days were numbered, so he made a special effort to get a coffin, which means that his death was not unexpected.

There is a reason for all of this.

"The old nunnery master may have known that his days were numbered, or it may have been because of the funeral rushes, and hasn't there always been a funeral rushes in this area?"

Qu Mo Ying smiled faintly and took the next line of questioning.

Punching things, many people know, but punch funeral saying is actually not much, but even if not much, this practice is always there, if the family has a sick person who can not afford to see this is not very good, the coffin should indeed be prepared early, on the one hand, in order to prepare for the needs, on the other hand, is also said that you can punch, maybe the bad luck, the disease all washed away, the body well?

This statement, the capital is doing, but did not form a very formal statement, after all, is still mainly to see the disease, not even see the disease, just want to flush away the words of the disease, in fact, many people do not believe.

However, in some remote places, there is such a saying, especially in the northern border there, it is very prosperous, Qu Mo Ying before listening to Sister Miao said up, she did not care, this will look at the nunnery master's wandering eyes, suddenly a heartbeat, the words rushed out of the mouth, to see the nunnery master instantly greatly changed face.

"It looks like this is true." Yue Wenhan let out a cold laugh, his face suddenly sank, "This reason is also considered a reason to open the coffin and add it to the case file."

"My lord ... can not because ... because of speculation, just ... because of speculation, just ... disturb the old nunnery master's peace and quiet." The eyes of the nunnery master panic involuntarily flickered.

"There are medicines, witnesses, and evidence of a few returning in, and even Hailan's testimony, does the nunnery master think that the coffin won't be opened by now?" Qu Mo Ying coldly picked up, his voice was not loud, but it was as if it all knocked on the nunnery master's heart.

Feet can not help but fall back a step, almost fell, hastily cover up,"Wang Wu although is the nephew of the old nunnery, but he is a kind of person, the adults should know, if you do not believe you can go to the surrounding villages to check, he is such a person is just to blackmail money, how ... how can be taken as true. As for Hailan that maid, that is even more can not be taken as true, when the old nunnery master accident, she is ... again and again not in."

"She is not there, but involved in other things, the old nunnery is actually just the right time, right, I'm afraid that the one who really wants to deal with it is not the old nunnery, what does the nunnery think?"

Qu Mo Ying laughed softly, his voice undisguisedly mocking, his head raised high, "Is it possible that the nunnery master is still thinking of other possibilities? After the old nunnery master opens the coffin, all things are the truth!"

"The old nunnery is sick ... to death, really has nothing to do with our nunnery, Wang Wu is a scoundrel, adults can not because of the words of a scoundrel, just ... open the coffin, disturbing the peace of the old nunnery, the old nunnery even in the Nine Springs, also ... also ... also ... also ..." The nunnery owner became more and more flustered, his eyes flickering.

How the old nunnery master died was not clear to others, but how could it not be clear to her.

"The nunnery master doesn't want to say something?" Qu Mo Ying said in a cold voice, stepping forward and forcing the nunnery master to take another step back.

"Poverty Nun ... Poverty Nun doesn't know ... what to say, just don't want to disturb the old nunnery master." The nunnery master gritted her teeth hard and calmed the panic in her heart, she didn't believe that this Qu fourth young lady in front of her was really aware of anything, and tears fell from her eyes at the eye socket, "The old nunnery master's grace for the poor nun is as heavy as a mountain, and if he really wants to open the coffin, only on the basis of these two reasons, the poor nun ... Poor nun even if she fights for her life will be not recognize."

The opening of the coffin also requires a process, and even more evidence, witnesses, and testimony, she would have thought clearly, all other things are trivial and can be explained, but only the opening of the coffin, is absolutely not.

In any case, she would hinder the opening of the coffin, she knew some simple processes, even if it was the Young Secretary of the Da Lisi, it was not possible to open the coffin just because she wanted to.

Lifting her head, the nunnery master's face was firm and sullen, "If Your Excellency doesn't have solid evidence and witnesses, and only relies on Wang Wuyi's personal statement, the poor nun will stop Your Excellency from opening the coffin even if she crashes to her death in front of the old nunnery master's coffin."

In any case, she just did not agree, Wang Wu, the witness himself is not correct, and how can he really open the coffin because of a few words of his nonsense.

She bit the bullet!

But in the next moment, Qu Mo Ying's soft words made the nun's body stiffen and fall to the ground ...

Chapter 548 An Unclean Past

"Cousin, look up the fugitive from justice from thirty years ago, it should be in that year when the biggest accident happened in the capital." Qu Mo Ying said mildly, then looked up and down at the nunnery master a few more times, and tasted it, "At that time, she should be around fourteen or five years old, or a young lady of a worldly family, or possibly a big maid beside that kind of master."

After saying that, she no longer looked at the nunnery master, turned around and picked up her skirt and lightly turned out.

The nun's face turned ironic and his body trembled.

"The matter of opening the coffin will also be carried out at the same time." Yue Wenhan nodded and also followed out, leaving behind the nunnery master who was shivering on the ground, by now Yue Wenhan would not understand that this nunnery master originally did not come from the right place, and the words of those who said the life before were bound to be a lie.

Thirty years ago, or thirty years ago, the most famous thing is the three king's rebellion, after the three king's rebellion things, the capital a large number of officials were disposed of, are and the rebellion of the three king has a link, the most famous has to be counted Qi Guo Gongfu, the original Qi Guo Gong and his wife, Xianan County Lord, is in that one time after the incident was implicated in the decapitation of.

At that time Qi Gongfu up and down all copied and checked, only left the second house, that is, the current Qi Gongfu lineage, but only a few not many people intact to keep.

"Why did cousin suddenly think of her suspicious birth?" Yue Wenhan walked outside and caught up with Qu Mo Ying's footsteps, asking in surprise.

“This female nun spoke untruthfully, saying that she was a foreigner, yet she didn’t know anything about her old hometown, and was even nervous when asked, more so than when asked about this case, so it is evident that her birth was unseen, and at her age, even after so many years have passed, she always has some memories of her hometown.”

Qu Mo Ying slowly said, “What do not know the words, but the words between the ears is not right, this nunnery in the countryside, the traffic are villagers, there is not much to see, more like her this biting words, so I thought of swindling her, I did not think it really has something to do with the things of the year.”

“At that time there were too many things involved, many people were beheaded, but there were also some people who escaped from life, the people ... at that time were just too many, after disposing of a few of the main offenders, the division offenders did not have the time to do so, not to mention some of the maids and such underlings.” Yue Wenhan said.

He Fang also followed Qu Mo Ying to intimidate the female nun, but in fact this matter is very uncomplicated to investigate, on the one hand, those cases are not the Da Lisi casually can be investigated, on the other hand, at that time, there was not enough manpower, the involvement is too big, escaped a few subordinates, but really can not find out.

“There is no harm, just say so, it is also to scare her a bit, let her feel that there is no escape, this is naturally easier to ask some, cousin want to open the coffin is also convenient for a few points.” Qu Mo Ying said without thinking.

She didn’t really care what this nunnery owner’s status was back then, she was just deterring her so that she wouldn’t dare to talk nonsense, and also indicated that even if she didn’t open the coffin, she could still find out some of her past, and it would be hard for her to escape the blame.

The general mind, since it is difficult to escape culpability, then there is no need to escape, stretching a knife, shrinking is also a knife, open the coffin to view the evidence is indeed less, Wang Wu, the identity of this scoundrel, the words out of not many people believe that even if it is to let the incense at the time to say, but also just will feel that Yu’s is more suspicious than this female nun.

An open casket requires more and more tangible evidence.

As soon as Qu Mo Ying's words were said, Yue Wen Han had fully understood, a hint of a smile ticked out on his face, "I understand what cousin means, this is a good entry point, the more she panics, the more she can't cover it up, or if she takes care of this side, she can't take care of the other side, there is always a time when she can't take care of both sides."

The trial of the case when the tactfulness of some, the female nuns at the easier to open than before, in fact, this gap is already in, just a little bit of pickpocket is.

"Cousin, the matter of the female nun is entrusted to you!" Qu Mo Ying stood still and smiled faintly, meaning to say, she believed that with today's few words, her cousin had already understood the direction, and there was no longer any problem in dealing with this treacherous female nun.

"Good, you're going back now?" Seeing her stopping at the intersection heading outside, Yue Wenhan asked, "Not going to see those two?"

"There is no need to go and see, there is still a chance for this next after all!" Qu Mo Ying's gaze was light and cold as she reminded, since Yu had entered the Da Lisi, she would not let her have another chance to come out, "Cousin still needs to pay attention to Yu's safety, it's best to move to a few more places, lest something happen then and cause trouble."

Yu's still have nothing to recruit, this time something happened, Yue Wenhan is is difficult to resign from the guilt.

After Yue Wenhan froze for a moment, he immediately understood the meaning of Qu Mo Ying's words, "I'll go make arrangements in a moment!"

This is now the most inappropriate to let the Yu's accident, this will be an accident, involved in the Yue Wenhan, Qu Mo Ying is also afraid of Yue Wenhan did not pay attention.

Yu was nothing, but Yu's daughter was King Jing's concubine consort, and this matter was very calculated.

Counting King Jing, or King Jing counting, of course, there may be other people mixed with the water to fish, this time is the best The time to touch, who does not know what will be drawn out ...

Yue Wenhan sent Qu Mo Ying to the entrance of the Da Lisi, seeing Qu Mo Ying's carriage leave, the smile on his face only slowly retreated, his eyes deep and ghostly, silent at the entrance for a long time, only then did he point his hand to the guards on duty to call over to speak.

After a few instructions to the guards guarding the door, he went straight to see the Da Lisi Zhang Da Lisi, the two people in the house to discuss a column of incense, about the place of Thi changed, and also changed the God does not know, only in addition to a few of the two people's beloved, no one knows that the Da Lisi to detain Yu's place has changed.

The shock came shortly after the night's entry, when the Da Lisi caught fire!

The Da Lisi actually caught fire, just after the daytime things have been scratching, everyone is talking about the Qu House of the favored concubine to destroy his wife after the Da Lisi imprisoned Yu's accident.

And I heard that the first place they found out what happened was where Yu was being held.

When the fire burned all over the sky, alarmed the entire capital, but fortunately, the Da Lisi own side of the manpower quite a lot, and there are other places to support, not much time to extinguish the fire.

But even after the fire had been extinguished, the Da Lisi was in disarray.

At the court, the imperial historians today things are especially many, either Sen Qu Zhi Zhen favor concubines and wives, or Sen Qi Guo Gong do not know the etiquette of the court, the palace door at the disrespect not to mention, but also beat the court officials, as for this next is the matter of the Da Lisi, Sen Da Lisi did not have clear evidence, the enjoined wife to the cell, a grassy knives, Sen tiger.

It's as if the Da Lisi exists to strawman people.

This next there are sporadic participation in the Prince's and King Jing's, are contacting the Da Lisi things mapped over.

Qu Zhizhen's eldest daughter is now in the King's House, and Yu's born, the King's House to do something is also possible, as for the Prince's House is involved, but also because the King's King is not good, the Crown Prince will get good.

Both sides have been pulling the skin, no matter what, when it comes to the Crown Prince, it comes to King Jing, and when it comes to King Jing, it comes to the Crown Prince.

In either direction, the two of them were never able to get involved, and the courtiers were not surprised.

Of course, this will not be said very directly, after all, there is no evidence, we all have a reason to have a grip on the mapping, mapping to these two, can see and hear just fine.

The crown prince in front of the tasting table, as usual so calm, just quietly looked at the opposite side of King Jing, head low old low, calm and steady.

The court hall above and quarrel, finally originally only participate in the Duke of Qi and participate in the Qu Zhi Zhen quarrel, and then even then participate in the King King and the Crown Prince of the two groups of people also quarreled.

Noisy to the final result is naturally unsettled, the crown prince and King Jing was reprimanded again, Qi Guo Gong thing is also a fact, just at the palace gate happened, the punishment of salary and reprimanded, just today Qi Guo Gong did not come, only let Qi Guo Gong son handed a plea for forgiveness of the folding, said yesterday gas sick, and now still lying in bed.

The emperor let the folders were presented, and when he could see clearly that it was the folders of the Duke of Qi's self-petition to pass the title to his son, his brows wrinkled, and he coughed gently twice, and he was not very well.

Immediately above the courtroom quieted down, courtiers no longer dare to mess up to submit folders.

After the emperor has seen, the folding let people and then passed to the two ministers, the two ministers have seen after the matter can be felt, the Duke of Qi actually early in the matter has been in

the office, this time the self-petition passed the title, but also have punished their own meaning, it is just the right thing to respond to this matter.

As for the reasons why the Duke of Qi shook his hand on Qu Zhi, in the folding also said very clearly, Jiangnan's Yue's and Qi's own friendship, but also once saved the Duke of Qi, and asked him to take care of the two daughters in the capital, the big Yue's is really their own death from illness, naturally not much to say, and the small Yue's heard that it is actually the Qu Zhi Zhen favored concubines to exterminate their wives to.

Qi has always been a big temper, and is a military general, after hearing the news of where still hold down, angry, chased to the palace gate, just met Qu Zhizhen, this gas is not a place to come, immediately went up to the Qu Zhizhen two, go back to think more and more sorry for the old friend, but also know that they have made a mistake, simply ask to leave, but also be considered to be a matter of this pile.

In fact, it is just to go through the motions, the Duke of Qi is old, on the matter of the Emperor have agreed to let the Duke of Qi instead of the son of the Duke of Qi, although the son of the Duke of Qi did not formally undertake the title, but in fact has been doing the Duke of Qi should be doing things, but the Duke of Qi himself is very little on the court, only the indispensable big dynasty will only be on the court, the other time has been the Duke of Qi on the son of the court.

Right now this amount of time since there will be no one to oppose, and see the emperor did not say anything, the two ministers naturally agreed.

Even the two phase masters didn't say anything, and the others didn't dare to jump again even if they wanted to.

This matter ended with the Duke of Qi being punished and ordered to pass the title to his son, and since then the Duke of Qi's son has become the Duke of Qi, and the original Duke of Qi has become the Duke of Qi's old master.

Qi Guo Gong's matter is considered to be resolved, King Jing and the crown prince's matter is always you bite me, I bite you, there is no real evidence who can not take who how, this next is the so-called Qu Zhizhen's so-called favored concubines to destroy their wives was stabbed in front of the emperor, standing in front of the pinnacle of the Qu Zhizhen undershirt at a cold sweat.

Although he also had a plan, but now the other things one by one solved, but instead he here entangled into a ball ...

“Servant Qu!” The emperor’s voice came down from above, Qu Zhizhen’s heart was shaken, hurriedly walked out of the product steps and respectfully knelt down under the Danque ...

Chapter 549 Acting, the affectionate Prince

“Is this true about Squire Qu?” The Emperor said faintly.

“Emperor, for the minister really do not know, yesterday outside the palace gate and Qi Guo Gong after a dispute, after returning to the house also heard for the minister’s mother said, and then was asked by her mother to send my daughter to the Secretary of the Da Lisi, inquire about this matter, and then hurried back to the palace, and so on the night after the return to the house, my daughter has gone to sleep, this morning into the palace, my daughter has not yet risen, the specific circumstances of the minister is also not known. ”

Qu Zhizhen replied respectfully.

This naturally means that he was busy with the affairs of state, and on the other hand, it also shows that his clarity in not going to see the offenders was his candor and the greatest refutation of the saying that favored concubines destroy their wives.

Sensing that the Emperor’s gaze from above noticed him, Qu Zhizhen became more and more careful, his demeanor respectful with a few jitters, most adapted to the situation at hand for him.

For the country and for the people, but just can’t keep up with the family!

“What does Squire Qu say about this?” The Emperor finally spoke again.

Qu Zhizhen undershirt at the sweat slightly collected some, know that yesterday he rushed to leave is correct, righteousness, said, “But by the emperor’s judgment, if Yu’s really do such a thing, for the minister by no means put the interest, family law is not allowed, the law of the country is even more not allowed!”

“Does Servant Qu want to go to the Da Lisi to personally inquire about this matter?” The Emperor asked again.

“For the minister does not dare, for the minister has its own things, moreover, for the minister is the minister of the Ministry of Public Works, the Ministry of Public Works is still not able to dispose of things, and how can you just meddle in the Ministry of Criminal Affairs.” Qu Zhizhen said.

Although the Da Lisi is a separate government office, it is also considered to be within the scope of the Ministry of Justice to a certain extent.

The Emperor was quite satisfied with Qu Zhizhen’s answer and waved his hand, “In that case, rise!”

“Yes!” Qu Zhizhen stood up, re-stood on the steps, only to feel a little bit more stable heart a few points, lowered eyes flashed through the shadowy, if I had known that Yu’s will be bad for their own things, how would not let Yu’s into the door of their own family, and later on will not be even more for the sake of a pair of children, the heart of the softness of letting Yu’s climbed into the position of the main room.

Yu, indeed, is not a good one!

Things both have been resolved almost, the emperor let the Da Lisi self-investigation of this matter, good suddenly fire, but also in the Da Lisi internal, the most likely is the mole, Da Lisi Secretary Zhang Da Ren was reprimanded a meal, fortunately the culprits are fine, or else it is not the meaning of a meal of reprimand.

This also makes the original a not so big thing, made a fuss in front of the emperor, the emperor rebuked the Da Lisi clear, no one can intervene.

This so-called anyone, of course, also includes the crown prince and King Jing two people, this matter originally and the crown prince has little to do with, King Jing but from the emperor’s words to taste out some other meaning.

This matter has become a big deal, Qu Zhizhen is the first to lose face, this is the next is him, King Jing's face will not look good, compared to the calm and relaxed Prince, King Jing today is the one who has lost the wind.

After the matter was dealt with and the tug of war was over, the Emperor ordered the retreat of the court, and King Jing was about to leave with a fling of his great robe.

"Second brother, please wait." Crown Prince Pei Luoan mildly called out to Pei Yusheng.

"What else does the Crown Prince have to do?" Pei Yusheng's face did not look good as he stood still.

Several courtiers gave a respectful salute as they walked past them, and all retired individually.

"Lone would like to ask what's going on in Servant Qu's residence?" Pei Luoan said with a concerned face, indicating that he was extremely innocent.

"Crown Prince, this matter has little to do with Crown Prince!" Pei Yusheng annoyed Road, words with a few points of ridicule, the things in his own house is not easy to straighten out, before Qu Qiuyan single-mindedly accompanied Xiao Yi, also let his previous anger slightly recede, did not think that actually out of the Yu's things, the heart inexplicably annoyed.

"Second brother, the Little Yue Clan is Servant Qu's wife, but the Big Yue Clan is the Crown Princess's birth mother, even if the Crown Princess is gone now, this is something I still want to ask." Pei Luoan said with a straight face, showing his attitude.

"Your Highness the Crown Prince is really affectionate, it's just that this kind of thing shouldn't be asked of me, just ask Da Lisi Senior Zhang." Pei Yusheng coldly said.

"This matter should indeed be asked to the Da Lisi, why don't I go to the Da Lisi with second brother?" Pei Luoan politely invited, not caring at all about Pei Yusheng's refusal.

"If Your Highness the Crown Prince goes, just go by yourself, this king still has things to do, so he won't accompany Your Highness the Crown Prince." Pei Yusheng didn't have the good sense to say.

"Second brother, after all, this Yu Clan is also considered as second brother's elder, Xiao Yue Clan is also Lone's elder by count, we two should go together." Pei Luo An reached out and pulled Pei Yusheng's hand, looking as if he must go over with Pei Yusheng to ask about the situation.

Pei Yusheng angry seven orifices, sleeve forcefully flung, backward two steps, away from Pei Luoan, "Your Highness the Crown Prince, mother consort still have something to find me, will not accompany the Crown Prince big brother, a concubine consort's birth mother, is not worth this king more attention, big brother if you have the heart to go and see it by yourself!"

After saying that, he gave a perfunctory salute to Pei Luoan, turned around and left at a brisk pace, taking big steps outside negative walk.

Yu counted him which kind of elders, Qu Qiuyan's weight is not so big, just think of the real relationship here, the heart is again a burst of annoyance.

These days by Qu Qiuyan coaxing is not bad, heart feel Qu Qiuyan is also wrongly accused, to say the least is also poor, just now by the crown prince so stirred, and feel that the first let Qu Qiuyan into the door is a woe.

Pei Luoan didn't chase after him this time and watched Pei Yusheng frown and leave in anger with smugness in his eyes.

"The Crown Prince is going to the Da Lisi to take a look at this Yu who killed his rightful wife?" A lazy voice came from behind him, and Pei Luoan's heart jumped as he hastily collected the color of triumph in his eyes and turned to Pei Yuanjun, who was walking slowly over, and bowed, "Uncle Wang!"

"The crown prince is going now?" Pei Yuanjun raised his eyebrows and asked with interest.

Pei Luoan straightened his face, "If he goes with second brother, I would like to ask, but if I go alone, it is not in keeping with etiquette."

"Crown Prince doesn't want to know?" Pei Yuanjun's handsome sleeping phoenix eyes picked slightly, looking kind of elegant and honorable, without a hint of harshness.

Pei Luoan didn't dare to really take this as an invitation to his own words and smiled with a bit of bitterness, "Still want to know, it must be the Crown Princess's relatives."

"The Crown Princess is now the Jingyu Prefectural Monarch." Pei Yuanjun said with a wry smile.

"I know, but in my heart, even though the Crown Princess is gone, in my heart, there will always be her." Pei Luoan lowered his head, as if he was trying to smile, but he couldn't help how this smile looked so sad.

I am gone, the trail is gone, leaving only thoughts and heart.

"The Crown Prince is truly affectionate." Pei Yuanjun praised.

"In fact, it is not, just lone and Prince Consort two, since childhood friendship, and will not be the same as others, both in the future ... she is in the heart of the lone, but also has never been the only, lone sorry for her, originally wanted to let her marry into the East Palace, lone good earlier to take care of her, did not think, but she is for the sake of the lone ... In this life, it is Lone who has failed her." Pei Luoan became more and more sad.

Looking at the eyes are slightly red, know their own country's status as a prince, since it is impossible for people to see such a weak scene, inclined away from the body, leveled the air before re-turning, "Wang uncle, lone there are things, just go first!"

Saying that, he arched his hand towards Pei Yuanjun, seemingly unwilling to say any more and turned to leave.

Anyone who looks at it, must not praise, the Prince really heavy feelings.

Pei Yuanjun didn't leave in a hurry, the corners of his thinned lips hooked, looking towards Pei Luoan's figure with a smile, the corners of his eyes picking up as he looked towards the chamberlain standing by the pillar.

One by one, the ministers went down to the hall, a few chamberlains remained and did not leave, and did not dare to raise their heads, standing by the pillars as if there was no such a person.

These are the chamberlains are the ones who serve the Emperor in the Great Hall and have to stay at the end before they leave.

Thinning the corners of the lips still with a few points of laughter, only this smile became a few points of bloodthirsty, the original bones through the noble, in a moment as if to become cold and hostile, this moment, is the real utopian county king himself ...

The affectionate original hairdresser? That's nice!

Qu Mo Ying was sitting in the Dowager Lady's Kang Ming Zhai.

Accompanying the dowager lady is Luo's, Luo's spirit does not look very good, only before the Qu Xuexin thing happened, before that also fell ill, at this time is also strong to come over to accompany the dowager lady to open up.

"Mother, since the Da Lisi has intervened in this matter, there's no point in us being in a hurry now, we have to let them deal with it before making it public." Luo's pacified Mrs. Tai Dao.

"Yu's ... heart is black, how did she dare ... how did she dare to do such a thing." The dowager lady was exasperated, "How did I soften my heart at that time to let her enter the door, she is like this even if ... even if ..."

The Dowager Lady coughed, and Sister Go rushed forward to pat her back and help ease her over.

"Mother, you are not to blame for this, and Shadow Girl will understand that it is not for you to make decisions at times like that." Luo sighed and advised again.

What was the situation at that time, she still remembers it clearly now, Yu was already pregnant, the Qu family would not let Qu's children even have a name any more, giving her the status of a noble

concubine, on the one hand, it was certainly because Yu's status was not low, on the other hand, it was also because of the child in her belly.

Luo's in the East House, always and the West House relationship in general, whether it is the Yu's or the former Xiao Yue's, Yu's greedy nature, Xiao Yue's is an introvert, not too bold to talk like, and Luo's character and Luo's personality is not, no matter whether it is before or now, the two houses of the exchange will not be much.

There were some things that she was not in a position to say more about, especially since Qu Mo Ying was still sitting on the sidelines, and now she could only persuade the dowager lady to be cheerful.

The dowager lady managed to slow down and drank the tea served by Grandma Wu and was about to speak when a granny reported respectfully from the corridor, "Dowager lady, the King's House has sent someone over."

"What are you sending someone for at this time!" The dowager lady did not have the good sense to say, needless to say this matter was bound to have something to do with Qu Qiuyan.

"Mother, since we're here, we have to let people in!" Luo urged, not looking at Qu Qiuyan's face, she also had to look at King Jing's face.

The current Qu Qiuyan wasn't the original Third Miss Qu.

"Invite someone from the King Jing's Mansion in." The dowager lady also knew that this was the reasoning, and exhaled a hard, stuffy breath to command.

My grandmother went to the porch to command, not long after hearing a movement outside, the curtain picked up, Qu Mo Ying looked outside, to see clearly the people outside, water eyes slightly narrowed, the bottom of the eyes cold crag ...

Sure enough can't sit still ...

Chapter 550 Door to Door, Smug Threats

King Jing's Mansion came with a granny and four maids, with quite a bit of demeanor.

Upon entering the door the granny led the maids forward to salute.

"Mrs. Tai, our matron has asked the slave girl to send you a gift, and also send a gift to all the several masters in the residence." The granny smiled and said, her words were extremely polite, just with a few more points of arrogance, very much like an overbearing person.

"You are welcome, Your Ladyship!" The dowager lady said nonchalantly.

"What do you mean, the Qu Mansion's are all our Auntie's elders, how can we not respect them." The granny said looking towards Qu Mo Ying, "As for Fourth Miss Qu, she is also our empress's own sister, as well as the closest flesh and blood, our empress is thinking of her, and it's only right that she should be thinking of her."

Said hand waved, followed by four maids came forward, put the hands of the gift box on the table, the mother-in-law came forward to go over one by one to open.

"One for the Dowager Lady, one for the First Lady, and some for the two gentlemen and the two young ladies."

The granny said.

The first box is the wife's, the second box is Luo's, the remaining two boxes of a copy of the two sets of ink, paper and inkstones, should be for the two gentlemen, as for the last set, but not divided very clearly, some brocade and some jewelry, pieces of different, that is, randomly picking the meaning of the word.

"Our mother-in-law picked some of the young ladies' favorites, all placed in this gift box, let the two young ladies pick for themselves." The granny deliberately pointed to the last gift box, specially said, "They are all rewarded by the palace, there are the ones that the eldest young lady likes, and there are also the ones that the fourth young lady likes, all of them are put in here."

"Many thanks Third Sister." Qu Mo Ying's stood up and thanked Qu Qiu Yan instead of the entire Qu Mansion, only she was younger than Qu Qiu Yan here.

"Fourth Miss is polite, our Lady has not had any relatives around for so long since she entered the royal residence, she misses them very much, and would like to ask when Fourth Miss is free and can go to the royal residence as a guest?" The granny smiled and asked for Qu Qiuyan, then turned to Mrs. Tai, "Mrs. Tai, today, the slave girl is here to deliver a gift, and secondly, to invite the fourth miss to the royal residence."

"Yan yatou wants Shadow yatou to go to the royal residence?" The dowager lady's face sank.

"Don't worry Mrs. Tai, our mother-in-law just misses a few of her own sisters, the king has been very busy in the royal residence, our mother-in-law just wants to be able to talk to her own sisters, if fourth young miss is free, I wonder if she can go to the royal residence to keep our mother-in-law company." The granny smiled with a doughy face, very polite, and her words were also smooth.

Do you have time? A lady of the house has no time for this much on a regular basis.

"Shadow girl has not been feeling well lately." The dowager lady pushed back.

"Is Fourth Miss not well? Have you seen a doctor? Why don't you come to our royal residence for a few days, and our mother-in-law will have the palace's eunuchs take a look at the fourth young miss and nourish her body?" The granny picked up the words, seemingly not surprised.

Qu Mo Ying raised his eyes to look at the granny, this granny words are very complete, sounds also like a single-minded for their own considerations, helpless slightly up face is always through a few points of unintentional slowness, let a person look at the real dislike.

Qu Qiuyan and Qu Mo Ying grudges, others are not clear, the Dowager Empress will not be clear, this if really let Qu Mo Ying alone to go to the King's mansion, it is not possible to say that there will be some other things will happen.

"The mansion has its own doctor who has seen it, so there is no need to go to the royal residence." The dowager lady refused again.

The granny continued to smile good-naturedly, "Since Fourth Miss's body is really inconvenient, our Maiden has also said that we won't force it, but there is one thing that may trouble Fourth Miss."

"What is it?" Qu Mo Ying opened his mouth and gave a wordless smile, so that was the purpose of today's Qu Qiuyan's gift.

"It's about the first madam and the current second madam Qu, our mama's meaning, back then, Squire Qu knows best, there's absolutely no way that there will be a matter of favoring concubines and destroying wives as said outside, now no matter if it's for the sake of Squire Qu or for the sake of the fourth young miss Qu herself, it's best to suppress this matter, and our prince is also very unhappy."

As she said this, the smile on the granny's face slowly receded.

The dowager lady was so angry that she coughed so hard that she couldn't speak for a while, and could only slap the table with her hand, and Sister Wu stepped forward to help pat her back gently.

Luo looked up suddenly, she also didn't expect Qu Qiuyan to dare to send someone to say such a thing, for a while her face was also very unsightly, this was a threat to the Qu House, a threat to Qu Mo Ying.

Qu Mo Ying was not surprised, her watery eyes slid over the granny's icy looking smile, and she suddenly smiled, "Go back and tell your master, just say that this is not a matter of one family in the Qu Mansion, and if your master is determined to suppress it, that's fine too, so let her come up with her own means!"

Things have become so big, and heard of the Qu Zhi Zhen by the Duke of Qi at the palace gate to beat the thing, this news even if the King of King's own hands have been muffled, Qu Qiu Yan also in vain figure to their own strength, one hand to cover the sky, still really think that this is just an ordinary matter of the inner courtyard?

The reckless behavior of the Duke of Qi is a mistake, so that this matter is directly up to the holy hearings, not to mention that yesterday there was the matter of the Da Lisi on fire.

This matter in the nature of the matter has not just the Qu family can be closed to solve things, inside the people involved too much, involved too much, venture out will only cause impeachment, Qu Qiuyan is really naive, thought this little tiny threat, can let the Qu family take the initiative to compromise.

“Fourth Miss Qu, our Auntie is your elder sister, and also the real sister who has entered the Wang Fu, what is the matter, in the future, when Fourth Miss Qu can’t rely on other people, our Auntie will help you, even if it’s the marriage, our Auntie can also guarantee that she will find you the best and the most satisfactory one, and we will even make up for it, but please also ask Fourth Miss Qu to understand that our Auntie’s current identity is not the old Third Miss Qu anymore.”

The granny said in a cold voice.

“So what?” Qu Mo Ying hooked her lips and laughed.

This asked the granny choked for a moment, a time actually can not go on, right now this Qu fourth miss is not stupid, it is difficult not really want to with their own concubine consort lady don’t a different Miao not?

Her previous marriage, the mother-in-law also heard of, has been retired, and another has an eye disease, this later absolutely can not find a good marriage, her own mother-in-law in order to make amends for her, willing to send her a good marriage, she actually still asking that so what? As long as the brain has no problem, this time will agree down.

The thing of the year, now is so say, really how is not certain, moreover things also past so many years, even if it is clear how can it? Since my mother has already entered the King’s residence, it is not the House of Qu can be pinned down, the second son of Qu is the only son of Servant Qu, this only destined to Servant Qu’s everything in the future is the second son of Qu.

Then why make such a mess with your own mother and Second Prince Qu?

Wouldn’t it be the best of both worlds to make a favor for yourself at a time like this?

“Fourth Miss Qu, our matron also hopes that this matter can be resolved properly, and does not wish for this matter to affect fourth miss’s future, and Squire Qu’s future.” The granny managed to come back to

her senses, the words became more and more stern, and the meaning was more obvious, and there wasn't much modification of the threats and Lingli's persecution in the words.

Mrs. Tai finally slowed down, after drinking a mouthful of water, the tea in her hands fell heavily, smashed on the table in front of her, "Go back and Yan Yatou said, don't have nothing to do always tossing some of the things that are not there, her mother's things have nothing to do with her, so that she is good to stay in the Wang Fu is!"

The granny had already made her intentions clear, and the Dowager Lady and Luo were listening on the side, so what could they not understand.

What to send a gift, the main purpose is to force Qu Mo Ying Yu's compromise on the matter, Qu Mo Ying compromised, there is room for maneuver in this matter, after all, Qu Mo Ying is now the real sufferer.

A living victim, Xiao Yue's soul has long been lost for many years.

"Mrs. Tai, this matter is not only our mother's intention, it is also our prince's intention." Seeing the dowager lady unceremoniously protecting Qu Mo Ying and directly rejecting the matter, the granny's face looked worse and worse as she stood still in the room and snapped.

Luo's heart heavily jumped twice, she did not open her mouth until now, she was vaguely afraid of this answer, if this is really King Jing's mouth to set up through the mouth of Qu Qiuyan, the Qu House really can not be directly rejected, steal a glance at her own mother-in-law, Luo rounded off the scene.

"Mother, this matter is better to wait for the second brother to come back ... to discuss it again!"

Hearing Luo's soft words, the granny's face showed another smile with a few hints of triumph, she knew that as soon as she moved the Prince's brand, the Qu Mansion wouldn't dare anyone to refuse.

"There is no need to wait for father to come back, I will not compromise, the things of that year should be how it is, if the third sister wants to interfere, let her go to the Da Lisi on her own, the human prisoners are locked up inside the Da Lisi, and I heard that it also made a fuss about father and the Duke of Qi to the Emperor, or that the third sister can also go to the Emperor to plead for leniency."

Qu Mo Ying swept her gaze sharply over Luo and the granny and slowly said.

One sentence let Luo's heart heavily jumped twice, then remembered that this matter has now made a fuss to the emperor, listening to his own husband said that today's court also made a special fuss, and even King Jing and His Royal Highness the Crown Prince are involved in it.

Originally, this kind of things in the courtroom, Qu imperial historian will not say to his own wife, but this matter is also related to Qu Zhizhen, also said a few more words.

"Tell your Niangniang and the king, since this matter is at the Da Lisi, it should be judged by the Da Lisi, even the second can not intervene now, when he went to the Da Lisi, he just sent the shadow girl over, he himself avoided suspicion, did not go in directly to inquire, if your Niangniang must intervene, after the incident, there is no relationship with the Qu Mansion. "

The dowager lady coldly said in a single word.

Qu Qiuyan thought that she got the soft spot of Qu Mo Ying and the Qu Mansion and could pin down the Qu Mansion, which was a joke in the eyes of the Dowager Lady.

Not to mention how much Qu Qiuyan's ability, even King Jing has always been in a weak position against King Utopia, and this so-called marriage is even more of a joke of a joke.

The Shadow Maiden's marriage had been arranged, and there had long since been no need for any further scheming.

Originally thought that this granddaughter into the King King's House will be much more peaceful, and now it seems to be as self-righteous as ever ...
