Chapter 551 The woman with the slanderous story

The King Jing's House's granny was angrily throwing down her gifts and going back.

The dowager lady was not polite, only letting my mama send the person to the door of the house, and then she additionally led the person to the gate.

Luo was a little worried, looking in the direction the granny left to say something.

"Alright, don't worry, this matter will be handled by Lao Er." The dowager lady could see Luo's panic and nudged her.

"Mother, my daughter-in-law feels that even if she wants to refuse, she should be more tactful, this must be the King Jing Mansion after all." Luo sighed, it would be too late to chase them out.

"Yan yatou that nature, politely some hear!" Mrs. Tai laughed coldly, her heart was originally depressed, this would be even more uncomfortable.

"Mother, her status is different now, and there is King Jing's meaning in ...," Luo na na na said.

"Then how do you mean? Directly sending the shadow girl over and stating that we will maneuver around this matter and will let nothing be put out of Yu's mind?" The dowager lady glared at Luo and said.

"Mother, that's not what I meant." Luo anxiously explained, and when she was asked a rhetorical question by the dowager lady, sweat broke out on her forehead in fear.

"Alright, you don't have to care about this, go down!" Seeing that Luo was of little use, the dowager lady's body leaned back feebly, her eyes closed, and waved her hand.

"Yes, mother, then I'll go down with girl Ying first!" Luo glanced at Qu Mo Ying and gave her a wink.

Qu Mo Ying also followed and stood up, "Grandmother, I'll leave with my eldest aunt first, you rest well, it's fine, nothing will happen!"

Her words with some appeasement, the dowager lady heard and understood, slightly opened her eyes, "You also go to rest first, this matter since it is by the Da Lisi, and made a mess like this, there is bound to be a public judgment, if it is really Yu's ... we will never put up with it!"

The dowager lady this is to show the attitude, eyeing the haggard color on the dowager lady's face, Qu Mo Ying's heart was touched.

After making another bow to the dowager lady, seeing that the dowager lady had closed her eyes again, she gently retreated with Luo's hand.

When she arrived outside the courtyard gate, Luo called out to Qu Mo Ying, "Shadow girl, wait a bit and accompany great auntie for a walk."

"Good!" Knowing that Luo had something to say, Qu Mo Ying nodded and took half a step back to follow Luo, casually heading over to a small path.

"Shadow girl, you and Yan girl are both the first daughters of the house, and both your father's own daughters, if you get upset because of Yu's and your mother's affairs, now at a time like this, it won't do you any good, not to mention that there is still King Jing's meaning in it."

After taking a few steps, Luo finally spoke.

"Does Great Aunt mean to back down and let Yu off the hook?" Qu Mo Ying asked back without surprise.

"If Yu really did this kind of thing, not to mention the Da Lisi Division outside, even if it's in the mansion, your father and your grandmother won't let her go, it's just that one of them is a public execution, and the other one is a private one, Shadow girl, do you understand what I mean?" Luo's said.

Qu Mo Ying naturally understood and shook his head, "Great Aunt, not to mention that this matter has now been brought to the front of the Emperor, even the Crown Prince can no longer be dealt with privately, even if he can be dealt with privately, I'm not willing to do so, and if my mother was really murdered, I'd much rather have her wrongs be made known to the world."

The so-called private treatment would at most take Yu's life, so how could she be willing to do that!

It wasn't just about her mother, it was also about Ji Hanyue, and she wanted to bring these grievances to light, not just deal with them in private.

"But I'm afraid that Yan Yatou will hold a grudge, not only Yan Yatou, but also His Highness King Jing." Luo sighed, afraid that Qu Mo Ying would be too assertive and end up suffering.

"Don't worry great aunt, I know, this matter is no longer something that our house can influence, great uncle should have also told great aunt as well, right?" Qu Mo Ying softly asked.

Thinking of what his own master said when he came back, Luo gulped and nodded helplessly, but was still uneasy and added, "I'm afraid that His Highness King Jing Wang is in Yan Yatou's body ... This is not a good thing to do!"

"It's a time like this, even great uncle has specially urged great aunt, my father has even gone to the palace to avoid suspicion, at this time will His Highness King Jing still unknowingly rush upwards?" Qu Mo Ying knew that Luo's this would also be a good intention, smiled and explained.

Hearing her say this, and remembering her husband's previous words of advice, as well as Qu Zhizhen's behavior, Luo's heart dropped a large portion.

Even the second brother has avoided suspicion, this is up to the Holy Hearing, His Highness King would not be this time to crash up, that is more likely to be Qu Qiuyan pulled the King's tiger skin, as long as it is not the King's own intention, Luo's this heart put down a lot.

"Great Auntie, you also know the relationship between Third Sister and I. Those gifts, I won't accept them either, you took them all together and gave them to Big Sister that is!" Qu Mo Ying added.

"You are ultimately two sisters ... afterward when each of you marries someone, you always have to support each other." Luo smiled bitterly and advised, but it wasn't just to persuade and make peace.

The relationship between the two sisters is already like this, and I only hope that they can help each other a little bit in the future, because the way they think when they are not married and the way they think after they are married are completely different.

Luo was afraid that Qu Mo Ying would marry poorly in the future, and then she would have to beg to Qu Qiuyan, imploring her to be appropriately softer.

Qu Mo Ying shook his head, "Eldest Aunt, don't worry, I've only considered these things."

Seeing her say it with a straight face, Luo knew that there was no use in persuading her any further, and could only helplessly shake her head and exhort, "Take care of yourself."

"Don't worry big auntie, I know." Qu Mo Ying softly said, and deliberately said, "Eldest sister is now in purification, those gifts should not be sent over first, lest Eldest sister be distracted, Eldest Auntie will collect them for her and give them to her later that is!"

After saying this and bowing to Luo, he finished his words and retired to leave.

Qu Qiuyan's gift she will not accept, Qu Qiuyan should also understand this point, the preparation of the gift basically no two duplicates, unless it is a pair, which is originally for the Qu Xuexin carefully prepared gifts, Qu Mo Ying will not be able to get their hands on it.

Moreover, Qu Qiuyan is also unprofitable, that a gift is clearly very generous, because of the previous Qu Xuexin and Qu Mingsheng thing, right?

These things she does not care, Qu Xuexin is willing to follow Qu Qiuyan a road to the black, she can not do anything about it, the words she has brought to Luo.

Qu Xuexin's best result is to stay far away from the two siblings with Qu Qiuyan, just with the way Qu Xuexin even dares to use poison on herself now, I'm afraid that she can't do it, even if Qu Qiuyan wants

to stay away, this one also exerts her whole body to make sure that she follows Qu Qiuyan and Qu Mingcheng to mix in one place and to count on herself.

Luo still had words to go with Qu Mo Ying, but when she saw her turn away just like that, her heart was also slightly displeased.

“Madam, let’s go back!” Seeing that she was still standing, frowning as she watched Qu Mo Ying leave, a personal granny couldn’t help but speak.

“Isn’t the shadow girl a little too much?” Luo muttered to herself.

“Madam, the fourth miss is indeed a bit too much, and with the first and third miss are a bit too raw, just ...” the granny said here to stop.

“Speak!” Luo turned around and said faintly.

“Ma’am, the slave girl always feels that the fourth young miss is not too cordial with the other dukes and young misses in the mansion.” The granny was Luo’s beloved, some words naturally dared to be said, and this would be a good time to look around to see that there was no one else around.

“Shadow maiden is a fated one.” Luo sighed, “Yan Yaotou is that way again.”

“The third young lady and the second lady is not very good, before the fourth young lady in the manor, but also do not hear, look at this ... is true, the lady in the past or want to go to manage the fourth young lady’s things, just that time the second lady in, the lady is also inconvenient to intervene, and so on the fourth young lady back to the house, the lady on the fourth young lady has always been good, the first miss is the same, just the first miss ...”

The granny peeked at Luo’s complexion while continuing, the words gradually led towards Qu Xuexin’s body, “The matter of the eldest miss, after all, the fourth miss also owes something to the eldest miss, before the fourth miss came to the mansion, the eldest miss was such a warm and generous person, and was filial to the madam’s worshipful seal.”

Speaking of her daughter Luo's heart aches, her daughter's things are indeed in her heart is very shelved, and therefore although she feels pity for Qu Mo Ying, but there is always something in the heart.

Before Qu Mingcheng's matter, although it is said that this matter has Qu Mingcheng's means in it, but some other things, Luo feels that it may not be not without cause.

What kind of a daughter was before and what kind of a daughter is now, all the changes came after Qu Mo Ying returned to the house.

The eight characters don't get along, and they punch each other for sure.

Luo's brow was tightly locked, she thought so in her heart, but now this idea did not dare to tell anyone, but could only be kept in her heart.

"Ma'am, aren't you going to see Missy?" Standing at an intersection, the granny looked in the other direction of the intersection and asked in a low voice after standing still.

Although the dowager lady does not allow the lady to go to see Missy, but as long as there is an opportunity, the lady over the western mansion to come, will always find a reason to go over there some, even if it is not to see the person, only slightly look at the good, this will be the dowager lady because of the second house of the matter, the heart flocculation is not peaceful, I'm afraid that there is no time to care for their own lady's things, it is to visit Missy a good opportunity.

"Don't go, recently the house is not peaceful, also don't let the dowager lady all bother." Luo's not much spirit of the road, her own recent body is not very good, think of Yu's things, although not her own things, after all, a pen can not write two qu words, and the two houses are not separated.

"Madam, even if you don't go, those gifts are sent to Missy, Missy may not be able to use them, but at least it will let Missy know that Madam has been thinking of her." The granny's eyes rolled and proposed.

"Mrs. Tai will not agree." Luo thought about it and bitterly shook her head, after so many things had happened, she didn't have the heart for a while.

"Madam, the slave girl secretly sends a few pieces, it doesn't need to be many, just a few, just letting the eldest miss know how much the madam wants." The granny continued to propose.

Chapter 552 Mrs. Qi's Attitude

Luo finally agreed that the granny picked a few ornaments to send over to Qu Xuexin.

Fang went out, the dowager lady let Luo's Qu Qiuyan gave her, two grandson's, two granddaughter's all let Luo's take away, let her do the Lord divided.

The dowager lady would not have the heart to deal with such things this time.

Seeing Qu Mo Ying's appearance also does not look like it will want to Qu Qiu Yan gift, Luo's also did not excuse, stood still at the roadside to open the gift box, picked a few simple to Qu Xuexin sent over, deliberately and urged the mother-in-law to be careful, do not let the dowager lady find out.

The granny repeatedly said that she would be careful, and only then did Luo take her people back to the East Mansion.

The granny waited for Luo's departure before following the path, purposely making several detours before arriving at Qu Xuexin's small courtyard for purification, looking around to see that no one was there, sneaking up and gently knocking on the door.

The door of the house opened and Bai Mei came out from inside, seeing the granny at the door, her feet quickened and after walking to the door and opening it for her, she guided her inside.

"Where's the granny at the door?" The granny asked in a low voice as she went in.

"Recently there are many things in the mansion, all went to busy themselves with other things." Bai Mei said, originally there was a granny guarding the door in this courtyard, but then Miss seems to have been very peaceful, but many times when she was sick, the two grannies were busy decocting medicine and delivering soup, and the door was usually unguarded.

The granny went in and saluted Qu Xuexin.

Qu Xuexin's face didn't look too good, a few degrees of unhealthy pallor, and her complexion was gloomy, and after glancing at the granny, she asked breathlessly, "What's the matter?"

"Today the third young lady sent someone to send a gift to the eldest young lady, madam let the slave girl pick a few pieces to send over to the eldest young lady, so that the eldest young lady can see can like." The granny said and took out a few a small ornamental box from her bosom, which was also in the gift box just now, and opened it to put a few delicate ornaments.

Not flashy but exquisite, one look and you know it's a fine product, maybe even owned by the palace.

"Are these from ... third sister?" Qu Xuexin picked up a pair of jadeite earrings and slid them on her palm twice, asking absentmindedly.

"Yes, Missy, you didn't see, the person from King King's Mansion that Third Miss sent, one mouthful of a maiden, and said that it was His Highness King's intention, Third Miss is really enjoying her blessings in King's Mansion right now." The granny had a face of envy.

"Isn't it said that ... so hastily in the past, I'm afraid that this name is also unstable?" The emerald pendant was pinched in her hand, Qu Xuexin raised her eyes with more than a few other implications.

Qu Qiuyan so hastily into the King's House, not even a ceremony, how to look like the kind of concubine with little status, the so-called Empress, Qu Qiuyan really sit in this position? The heart has a few points of fire.

"The words are so said, but His Highness King Jing's heart is the most important, moreover at this time there is no other female master in the house, the identity of the third young lady is naturally the highest, if it can be Mr. Under the heir, this future may be ... even if it is the main consort will have to look at the face of the third young lady. " The granny complacent as if she is Qu Qiuyan.

"Is this ... really feasible?" Qu Xuexin heart, more and more hot up, hand forcefully pinched the jade pendant, and then let go, such a jade pendant for her is already excellent, but Qu Qiuyan is the hand on the send her, she just looked at it, the other several pieces are also fine.

She used to be able to get, but it is not so easy, the royal family is still so , that the crown prince's East Palace, the crown prince's East Palace is now the same only a side consort.

Since it wasn't the main consort, that status didn't really count for anything.

Compared to King Jing's heart, Qu Xuexin didn't feel that she lacked anything, she had likewise obtained the Crown Prince's heart.

The granny didn't understand the other implications of Qu Xuexin's words, and only thought that she was asking about Qu Qiuyan's matter, and immediately laughed and said, "Naturally, it is feasible, Missy, you don't know that the Jing Wangfu's subordinates who came over to the mansion just now have so much respect for the third young lady, with a mouthful of a maiden, even if it's the future King's Consort might not be as scenic as our third young lady, and besides, this is still really not possible to say in the future . "

When the granny said the last sentence, she purposely lowered her voice and peeked back as if there were other people coming in at the door of the house.

Qu Xuexin's gaze couldn't help but be brought over, her eyes slightly confused as she looked behind the granny, then withdrew, if Qu Qiuyan could, wouldn't she be even more capable?

"Miss, the eldest madam sent a granny to find the eldest miss, it seems that she also picked a few ornaments over." When Yu Dong entered the door, she saw her own young miss fiddling with the strings of the zither again, placing her tea on the table and reporting the news she had just poked around.

He party actually did not leave, stayed to see this granny sneak into the big miss's courtyard, and then saw her to the inside not long left, only to come back.

"Great Aunt did send a gift?" Qu Mo Ying repeated the question, asking one more question even though he knew such an outcome.

Only to ask, but only to be disappointed that she had actually warned about it.

"It was delivered." Raindon nodded again with certainty.

Qu Mo Ying silent and speechless no longer speak, also no longer ask, the room was quiet, a good half a long time before the sound of tuning the strings of the zither can be heard.

"Miss, the Duchess of Qi has sent a gift over." Yu Chun came in from outside and reported, "It was brought over by someone beside the Dowager Lady."

The original Duke of Qi's wife is now a dowager lady because the title was given to her son.

Since this gift was brought by someone close to the Dowager Lady, it meant that the Dowager Lady already knew about it.

"Please come in!" Qu Mo Ying nodded, she already knew about the fact that the Duke of Qi had beaten Qu Zhi Zhen, and for a moment she didn't know what to say.

Yu Chun retreated, and in a short while led a granny over, coincidentally, the same behind four maids, holding gift boxes.

Recently, I don't know what's going on, but everyone has been sending gifts to the Qu Mansion one after another.

The matron from the Duke of Qi's Mansion came in with a very respectful attitude, entering the door first to give Qu Mo Ying a salute, then smilingly said, "Our dowager madam specially asked the slave girl to send a gift over to the Fourth Miss Qu, so that you don't have to worry about it, no matter what, the Duke of Qi's Mansion is all on your side."

The matter of the old Duke of State beating Squire Qu is naturally known to the Duke of Qi's House.

"Many thanks to you, Mrs. Tai." Qu Mo Ying softly said.

"Fourth Miss Qu is polite, our dowager madam said, if you have anything in the future, you must talk to our dowager madam, she will surely make the decision for you, and will definitely not let anyone bully you." The granny smiled.

"Many thanks to you, Mrs. Tai." Qu Mo Ying politely said.

"Fourth Miss Qu, if there's nothing else to do in the mansion, come to our mansion to see our dowager lady and young lady." The granny issued an invitation and said.

"Many thanks to your Mrs. Tai, recently there are many things to do, I'm afraid it's inconvenient, in the future if there is an opportunity, I will go to see Mrs. Tai." When Qu Mo Ying heard this, the corner of his lips ticked appropriately, revealing a hint of a smiling appearance.

"Then the slave girl will now go back to report our dowager lady, the dowager lady will definitely like it very much, listen to the dowager lady said, when she saw the second Mrs. Qu, she felt especially kindred spirits, and now with the Qu fourth young lady is also the same kindred spirits, the two families share belongs to the family friendship, should have been closer, the previous things ... We too Mrs. feel very sad."

Granny euphemistically expressed the heart of Mrs. Qi, very affectionate, if you do not know also thought that Qu Mo Ying is Mrs. Qi's own granddaughter, I'm afraid that Qi Xiangyu, the pro-granddaughter has not been able to get this kind of love and respect from Mrs. Qi.

Qu Mo Ying smiled and thanked again, after that she said a few words of courtesy, the matron of the Duke of Qi's mansion excused herself, and Qu Mo Ying purposely asked Yu Chun to send the person out.

Yu Dong hadn't said anything, watching thoughtfully as the curtain fell, cutting off the outside view, "Miss, Mrs. Qi seems to be treating Miss better."

"Better?" Quemoy Ying raised an eyebrow.

Yu Dong walked behind her and took the eye veil off, "The slave girl is so feel, before Mrs. Qi is also good to the miss, but never so intimate, and it seems ... that the slave girl always feel to the miss seems to be

more than to the miss Qi also valued the meaning, and even better than the Jingyu county gentleman as if. ”

“Have you seen how Mrs. Qi treats Prefect Jingyu?” Qu Mo Ying smiled, disliking the binding of the eye veil more and more now that it was removed with much ease.

“Naturally the slave girl has seen it, but Mrs. Qi should not be like so fully assisted to the Jingyu county gentleman, or no matter what the young lady wants to do, it seems that she will stand by the young lady’s side with all her heart and soul as if she is.” This is Yu Dong do not understand the place, listen to the square Qi Gongfu mother-in-law said, this meaning is not to say that no matter what the lady to do, Qi Gongfu are standing behind the lady?

That’s too good for the lady!

“There is a real difference between how Mrs. Qi treated me in the past and how Mrs. Qi treats me now, where do you think the difference is?” Qu Mo Ying asked with a slight smile thoughtfully.

It was too big a change, so big that it made everyone look at it sideways, and of course with the matter of the Duke of Qi beating up Qu Zhizhen at the palace gates, all of this seemed to be par for the course.

More outrageous things have been done, not to mention this.

“Is it because of the matter of the Duke of Qi?” Yu Dong asked tentatively after some thought.

“It should be this thing!” Qu Mo Ying said with a faint expression, “Only I’m afraid it’s not just this one thing, if my guess is right, Mrs. Qi should know something!”

Qu Mo Ying stood up, walked to the window, looked out the window slowly voice, she guessed things did not hide from Yu Dong, Yu Dong is also vaguely know some.

Hearing her say this, she got excited for a moment, “Miss, do you really think that the Lady’s birth is related to the Duke of Qi’s House?”

"It should be, otherwise, no matter if it's mother or aunt, I'm afraid that none of them have endured such enthusiasm, and such support from Mrs. Qi." Qu Mo Ying said this very softly, if it was just a suspicion before, now there was only a test, all things stirred together, the answer was almost a call to arms.

"Yu Dong, I want to see the year when my mother was born, some of the things that happened in the Qi Guo Gongfu at that time, can you find out?"

Quemoy Shadow asked.

"Miss don't worry, slave girl this will go to get it for you!" Yu Dong said, he is not able to get these, but can be from Duke Ji Hai must have a way, just in the past Miss has not allowed herself to trouble Duke Ji Hai too much.

"Then go find it!" Qu Mo Ying's voice was very light and misty, light and misty as if he was talking to himself, and as if he had let go of some obsessions in his heart ...

Chapter 553 A Coincidental Layout, Yu's Servant

"Big brother, how ... why are you the only one who came to see me?" Yu's anxiously looked behind Yu Fengyong, only to see a boy standing behind him with his head bowed.

"Sister ... you don't look at it, Lord Squire didn't come." Yu Feng Yong sighed.

"How come he didn't come, why didn't he come?" Yu's voice shrilled up, her body was still not well and weak, she gasped and breathed heavily after saying a few words.

"Sister ... have come to this time, you can not still expect him to come to see you not?" Yu Fengyong helplessly said, "I wanted to go and beg to see him before, but I couldn't see him at all, saying that he had been busy repairing the palace room in the palace, and couldn't get away at all."

"He's pushing me out ..." Yu's face was grim, her voice broken with a few moments of madness, "He's pushing everything onto me, I... ..."

"Sister, this is still something that can be done, so don't be hasty yet." One look at his sister's crazy eyes, Yu Feng Yong hurriedly said.

This was a prison cell, and making too much noise was bound to attract attention.

"What to do?" Upon hearing the words of her own big brother, the crazy look on Yu's face receded slightly, and after settling her nerves, she asked gloomily, "What else can we do now?"

"Hailan, put all the blame on Hailan." Yu Fengyong looked around and didn't find any people from the Da Lisi around before he lowered his voice and probed at Yu.

"Hailan?" Yu's eyes moved slightly.

"Yes, let Hailan take the burden of this matter, you are unaware of it, as long as you are fine, neither the concubine consort nor Ming Cheng will have any major changes." Yu Fengyong lowered his voice again and looked around warily and said.

"Will someone find out?" Yu asked after a hard and gasping breath.

"Won't, you don't worry, Hailan there I've let people talk to her, if she still want to ... have to bear the responsibility, besides you have an accident, she a when the subordinate is not good either, so bare some, take all the things down, at least after you come out, will not be short of her. "

Yu Feng Yong said in a low voice.

Yu didn't hesitate this time, "Big brother, let's do it then, let Hailan take all the blame, Hailan is also a loyal one, I will worship her from time to time after this, treating her as my own sister."

"You weren't thin on her before, otherwise you wouldn't have brought her into the Qu Mansion at that time." Yu Feng Yong nodded his head.

If Hailan took the blame for this matter, a death sentence would not be spared.

“Next I’m afraid it’s inconvenient for me to come over to visit more often, concubine consort and Mingcheng won’t come over either, you also don’t be anxious for now, I’ll go outside to take care of everything, and when the time comes to ask questions, push all the things onto Hailan’s body, and there’s own Hailan to bear the burden that is.” Yu Fengyong was afraid that Yu had forgotten, and urged a few more words.

The appearance of his own sister did not look like a very normal appearance, Yu Fengyong felt that it was better to urge the concubine consort’s words a few more times as a matter of fact.

Nothing can happen to my sister, and if it does, it will involve my nieces and nephews.

The niece’s current status has unlimited possibilities in the future, and if she gets into trouble because of Yu, it’s a big deal.

“Why can’t they come to see me? It’s fine if Qu Zhizhen doesn’t come, but they were born to me, why can’t they come to see me?” Yu became furious upon hearing this and slapped the fence hard, her voice unconsciously rising, drawing the two magistrates standing in the distance to look over.

“Sister, lighten up, it’s not that they don’t want to come, it’s that they can’t come.” One look at his own sister’s appearance, Yu Fengyong knew that she didn’t understand, he could only look around carefully and continued to speak in a lowered voice, “One of them is preparing for the imperial examinations, one has already entered the King Jing’s mansion, whichever one of them has a promising future, this will be coming to see you, is dragging them into this quagmire to come.”

Even Qu Zhizhen is explicitly not visiting, and nephews and nieces are even more inappropriate.

“What about that bitchy girl? There is no accident?” Yu’s is not really stupid, just now is just under the anger, this will calm down, the voice also lowered a few points, hate poison asked.

Previously, Yu Fengyong had sent a message for her to wait a bit, saying that something might happen to Qu Mo Ying.

“Concubine Consort has not invited her into the house, she can’t take her for a while, you wait first, there will always be a chance.” Yu Fengyong’s voice got lower and lower, almost coming up to Yu’s ear to say it, looking sneaky.

Already some of the magistrates felt that they were talking a little too low, as if they were talking about some secret, and one of the magistrates lifted his step toward them.

“Sister, you wait first, it should be fine soon, it’s not too late to talk about anything else after you come out.” Yu Fengyong’s body stepped back, his words raised a few points, and he had a straight face.

It’s a hint that someone from Yu is coming.

Yu nodded, “Big brother you go back, I know, all these things are not my doing, I will not wrongly admit it since.”

The two siblings sang in unison, and after the magistrate who approached them gave them a puzzled look, he stood and settled by their side.

Since the two had already passed the gas, this would be an extremely natural thing to say, and although Yu’s eyes were gloomy, she didn’t go crazy and yell anymore.

After a few more words, Yu Feng Yong went back.

“Miss, a letter from Lord Yue.” Yu Dong presented the letter to Qu Mo Ying, “Just now, Lord Yue hurriedly sent someone to send it over.”

Qu Mo Ying received, opened the letter, a glance three lines read up, the more the face of the more heavy, to be finished, the letter placed on the table, eyes stare cold.

“Miss, but did you say something bad?” As soon as Yu Dong took a look at her complexion, she knew that something was different and hurriedly asked.

“Take a look.” Quemoy Ying’s chin lifted slightly and he gestured at the letter.

Yu Dong took the order to fetch the letter and read it, and when he finished reading it, his face turned white with anger, “Miss, it’s really bullying, treating everyone else as a fool.”

Yue Wenhan is talking about this case of the Qu Mansion, saying that Hailan confessed all the things that had happened before, saying that she was young and angry at the time, and was dissatisfied with Mrs. Yue’s bullying of her own master, which caused her to give birth to her own master prematurely, and that’s why she had the idea of wanting to harm the Yue Clan.

Taking advantage of the Yue’s purification in the nunnery, he deliberately gave the nunnery master some silver bills to make things difficult for the young Yue, and it is best to make the young Yue have a bad time in the nunnery, and his intention is of course to take the anger out of his own master ...

Inside said things quite a lot, but all the things have nothing to do with Yu’s, especially Hailan also put the cause of the matter all pushed to the body of the small Yue’s, said the small Yue’s nature of jealousy, only into the house of Yu’s all kinds of difficult, and even caused Yu’s premature birth, which is the cause of the small Yue’s was driven to a remote place.

Qu Mo Ying lowered her eyes, the color of her eyes was gloomy, these words were really a good way for Thi to get out of the situation, she only launched a Hailan, but she could pour a pot of sewage all over her mother’s body.

Standing up, walked to the front of the bookcase, lifted the pen after a brief meditation, the pen fell down, originally not so urgent, but since this is the case, some things, but also have to go ahead to do.

After the letter was written and slightly dried, the letter paper was put into an envelope, and Qu Mo Ying handed the envelope to Yu Dong, “Send it to cousin, let him go to this person and supervise this person, and there is also the matter of the nunnery master, it is bound to be necessary to open the coffin of the old nunnery master as soon as possible to check.”

The longer it drags on, the less good it will do this case.

Qu Qiuyan this time is already full in the secret action, late, I'm afraid King Jing really intervene, and Yu's still enjoined lady, in no one really convicted before, and is not appropriate to have been in the Da Lisi closed, things should be sooner rather than later.

"The slave girl will go now." Yu Dong also understood the crux of this matter, and after answering, she took the letter and ran out.

This matter has a follow-up, but also Miss these days well-prepared, if you really let the second lady and the third lady side of the first opportunity, this matter in the end not only unsettled, even the Yue adults may be implicated.

The letter appeared on Yue Wenhan's desk shortly after, looking at everything written in the letter, Yue Wenhan lowered his eyebrows and pondered for a while before ordering two close friends to go out and look for someone to find a boy in Yu's house, a very unusual boy who is said to be a fatherless orphan, but is the son that Hailan had already given birth to before he entered Yu's house.

This kind of thing is very difficult to find out, I do not know my cousin is where to find out, but since the cousin so solemnly written in the letter, the more Wenhan is convinced, this cousin although weak, but the heart is very strong, for the more the cousin understand, the more Wenhan feel pity her, but also more and more feel that she is too intelligent.

To the Yu House to find a boy thing, not difficult, as long as one checks this person, a small Yu House is nothing, but this matter must also be fast, Yu House is nothing, but if King Jing interferes, it will not be easy to get.

Yue Wenhan for the Da Lisi young secretary, of course, more understand this, so one after another sent two close friends, make sure to hit, directly bring people back, hit Yu Fu a surprise.

As for the other thing, he did have to be quick as well, there was no real factual evidence on Yu's matter yet, all the evidence was still in the suspicion stage, Hailan was a breakthrough, as was the nunnery hostess!

With a boy in tow, Yue Wenhan went to find Da Lisi Lord Zhang, and after entering the door, he first saluted, then raised his head and said, "Lord Zhang, open the coffin for the old nunnery at once!"

“No, there isn’t much evidence.” Lord Zhang directly refused, “And even if we agree, it will be a few days later, it can’t be done right away.”

“Lord Zhang, my humble servant is willing to bear all the consequences.” Yue Wenhan said in a deep voice.

“You bear it? How are you going to bear it, this matter is hosted by me.” Lord Zhang rejected his request and said with an unhappy face, “Since this matter is hosted by me, you have to avoid suspicion.”

“Lord, in this matter of the old nunnery master, I can not avoid suspicion, I can take responsibility.” Yue Wenhan insisted on the road, a face of color, “the little aunt’s things, the next official can not undertake, but the old nunnery master was killed, the next official is can undertake, adults undertake is the little aunt’s things, the two things can not be unified and the same theory, only is just coincidentally the perpetrator of some coincidental just.”

Chapter 554 Taking Responsibility, Stealing Time

Yue Wenhan knows that Zhang Daoren is afraid to take this responsibility, this matter does not seem difficult, but if it is involved inside, there is really no idea what will be involved.

But he wasn’t afraid, and he was willing to take the blame for what might go wrong in order to avenge his little aunt.

Before he has actually persuaded Zhang Daoren several times, but every time was Zhang Daoren with the same reason to refuse, this thing is hosted by Zhang Daoren, if he does not agree with their own can not be helped, is annoyed at the time, the cousin’s letter to let him have a moment of enlightenment general sobriety.

Lord Zhang, all he fears is this responsibility, then he comes, he is not afraid, he trusts his cousin more.

Hearing Yue Wenhan say this, Lord Zhang fell silent, his hand rummaging through the case files on the desktop, taking one out and placing it on the corner of the table, “Do you really want to take the responsibility?”

"My humble servant is willing!" Yue Wenhan, seeing Lord Zhang like this, knew that his heart was moved and was overjoyed, immediately answering.

"This matter might be involved with the Xiao Yue's matter as well." Lord Zhang reminded him, fearing that he would be truly reckless, for Yue Wenhan as his deputy, Lord Zhang still appreciated him.

"The next official knows, the next official has grasped the matter eighty-nine, just have to bring a human offender first a use." Yue Wenhan said.

Lord Zhang fell silent again.

"Your Excellency, human lives are at stake, please allow it." Yue Wenhan respectfully bowed to Lord Zhang.

Seeing him like this, Lord Zhang sighed and picked up the case file, "Then this is something you should handle."

"Thank you, my lord." Yue Wenhan stepped forward and took the case file.

"Be careful." The case file fell into his hands, and Lord Zhang uneasily urged one more time.

"Your honor rest assured, the next official will act carefully!" Yue Wenhan nodded his head and said, with the case file in hand, he is the chief official of this case, then the next thing will be much simpler, if he is willing to take the responsibility, opening the coffin is not a problem, "The next official will take the prisoners to open the coffin in the afternoon."

The place where the old nunnery master was buried, he had long ago explored, and it could be said that everything was ready, only awaiting Lord Zhang's consent.

Open coffin thing, Yue Wenhan is also two-handed, one hand is directly with people to go, the other side also let people do the case file, reported.

He did it here, reported it over there, even if someone impeded and then go to stop him, it was too late, so this do the case of the clan, is in the Yue Wenhan with the nunnery left, only began to slowly do it, the start of the time naturally in the Yue Wenhan left before, but the real completion, hand it over is in the Yue Wenhan left after.

Looking for that time difference!

Sure enough, not long after the case file was handed over, a guard came hurriedly, "Where is Lord Yue?"

"Lord Yue has already gone out." The person who handled the case clan was prepared, and after hearing the question, he stood up and saluted without panicking, and slowly said.

"Where did Lord Yue go?" The guard asked anxiously.

"Went out on a case." The person handling the case said in a slow voice, "It's been a while since he went out! We should not be able to catch up at this time!"

"To what?"

"The case of the open coffin outside the city, right!" The person who handles the case Zong is always in a nonchalant manner, looking at this look you can tell that it is a chronic person, speaking in a four-fold manner, but slow so that people can be anxious to get out of the way, the guards listen to him finish, stomped his foot with force, and turned around and left.

The person in charge of the case file in the Da Lisi, still slow to look at it, and then lowered his head to continue to do things ...

Open the coffin thing is quite smooth, Yue Wenhan is with the pallbearer to go, open the coffin a test, the old nunnery is really poisoned to death, in a very common poison arsenic – cream, is also the most easy to get a kind of.

Woman nun face pale face fell on the ground in front of the coffin, but a path in the cry of injustice, Yue Wenhan also have nothing to pay attention to her, this matter he also privately checked, so many years

ago, it is difficult to find out who will go to buy the poison, this woman nun is absolutely impossible to go on their own, after all, on this bald head is too obvious.

Then from the female nun around the relationship between good people to check, this check is really let the Yue Wenhan checked a clue, the villagers nearby, there and the female nun excellent relationship with a man, alone, fifty-something years old, is not much of a proper job, but also food and clothing.

And the female nun secretly close dealings, I heard that once also received the female nun's favor.

Here in the open coffin, over there has already found the man, just ordinary villagers, under the three wood immediately confessed, this arsenic – cream is exactly the female nun that year specially let him to buy.

Find the pharmacy he said, coincidentally, is a hundred years old store, even more coincidentally, this store owner is a careful, for some special medicine will have another book record, even so many years past, this account book is still there, the Da Lisi people go over to check, immediately.

Because of the Yue Wenhan early preparation, to be Yue Wenhan back to the capital, after the two things are done, the fact that all the female nuns how can be hidden, on the spot one by one on the confession of this more than ten years ago the poisoning of people.

It was already a capital offense, and it was hard to get away with it, and the female nun had one thing to say at this point, and two things to say.

The one who was killed was the old nunnery master, it is true that she poisoned him, but it is also true that the old nunnery master's health had been bad before she was poisoned, the main reason was that she had already given the old nunnery master some other medicines before, and these medicines were the medicines that she had found out before, which the then Aunt Yu had had sent over to her.

The original is for her to give to the small Yue's to live in the nunnery to use, the medicine is not enough, will not be fine, often take under, will only make a person's body weak, the small Yue's body pregnant, with these drugs, a great deal of probability that will be in labor, because of not being able to give birth to a child, a body and two lives.

The female nun was originally afraid, but the person sent by Aunt Yu repeatedly declared that it would be fine, and it wasn't the poison that couldn't be found out, but the female nun was still uneasy.

Then he simply made up his mind and put the medicine into the diet of the old nunnery owner who was in the way, and put down quite a lot of it to try and see how it went.

Sure enough, the old nunnery master's health was getting worse by the day, and finally he fell ill and entrusted all the affairs of the nunnery to this female nun, who acted more and more conveniently.

After settling Xiao Yue's into the nunnery, the female nun began to put down medicine, but also afraid of Xiao Yue's sudden accident, and did not dare to put down more, just slightly, than most of them put down in the old nunnery master's diet is completely different.

Xiao Yue's diet was basically arranged by the nunnery, but sometimes it was delivered from outside, before the female nuns were inconveniently able to lay their hands on it.

But even so, Xiao Yue's body is not very good, compared to only into the nunnery when it looks more thin a few points, which is certainly part of the medicine in the ingredients, the other part is also depressed in the heart, as well as in the nunnery inside the nunnery intentionally withholding to deal with.

Even in order to want to rush the Xiao Yue Clan, they found scoundrels to take the excuse to clamor and make noise inside the nunnery, which Yu had asked the female nun to arrange.

"Lord Yue, King Jing is here." A clerk quietly walked up to Yue Wenhan who was dealing with the case and reported in a low voice.

"Where is His Highness King Jing?" Yue Wenhan's face sank as he took over the case file written by another clerk, commanding as he did so, "Give her the pledge."

A text took it and walked over to the female nun and after reading it in front of her, asked her to draw a pledge.

Yue Wenhan watched as the female nun finished drawing her pledge, had her escorted off, and instructed those around him, "Send this to Lord Zhang."

The matter mentioned by the female nun concerned the young aunt, and the young aunt's case was handled by Lord Zhang.

"His Highness King Jing is at your hall room." Clerks said.

"Go!" Yue Wenhan frowned and stood up, striding out, his matter here was already settled, he was not really afraid of King Jing coming to his door to stop him.

In the hall room where his office was located, on the main seat sat King Jing Pei Yusheng, raising his eyes to see Yue Wenhan coming over, the teacup in his hand fell heavily, making a thud on the desktop.

"Greetings, Your Highness King Jing." Yue Wenhan stepped forward and saluted.

"It's not the first day for Lord Yue to handle a case, you should know that cases also require a process, right?" Pei Yusheng snapped.

This is to raise the teacher to ask for punishment? Yue Wenhan immediately understood Pei Yusheng's intention, after having a bottom in his heart, his expression naturally revealed a few points of surprise, stood up straight, "What does His Majesty King King mean, is it that the subordinate has done something improper?"

"The matter of opening the coffin has only been reported today and has not yet been approved, how come Lord Yue has dedicated himself to doing it?" Pei Yusheng asked with a gloomy face.

"Your Highness, this matter is actually well-documented, it's just a process, Your Highness doesn't need to worry." Yue Wenhan replied with a smile.

"Lord Yue, this is not a matter of what you think is right? Where are the prisoners? Since this matter is not in line with the rules, this king will dispose of it on your behalf, give the human offender to this

king's people to take away and send it over to the Western Prison for questioning." Pei Yusheng said in a deep voice.

"Your Highness, this matter has to be sent to the Western Prison? It's only a matter of a female nun!" Yue Wenhan was surprised.

Compared to the Da Lisi, the Western Prison naturally dealt with matters at a higher level, and the matter of a female nun couldn't be brought to this height by any stretch of the imagination.

"Lord Yue don't think it's just a matter of a district nymph, this king heard that this nymph's identity is not ordinary, and it has something to do with the Three Kings Rebellion thirty years ago, such a human criminal, the Da Lisi is not enough to check, and it's most appropriate to be sent to the Western Prison." Pei Yusheng said.

Although the Western Prison is where Pei Yuanjun is the master, he also collaborates on cases, and Pei Yuanjun doesn't care much about the Western Prison on weekdays, so it just so happens that he can do things for himself.

It was true that a female nun could not attract the attention of the Western Prison, but if this female nun was related to the Three Kings' Rebellion of that year, it would not be a matter of a female nun.

Yu's things, on Pei Yusheng is indeed a hindrance, can let Yu's peacefully get away than Yu's was convicted is too much better, Qu Qiuyan although only a concubine consort, but in the eyes of the general public, she is the King's House of King's women, hanging is the King's House of King's face.

Moreover, with Yu's matter, Pei Yusheng will feel a few points weaker when facing the Crown Prince.

Can be in the matter before the clear this thing is suppressed, so that Yue Wenhan can not be investigated, the year Yu's and small Yue's things small Yue's things sealed up, Pei Yusheng is very good, he did not reach out before because there is not a suitable time, but now it is just the right time.

The identity of this female nun could be used as a fuse to send into the Western Prison, and this matter would be under his control, as for Yue Wenhan, Pei Yusheng believed that he wouldn't dare to defy his own wishes.

He came very quickly today, bound to grab in the Yue Wenhan before, open the coffin and how, after the check is also need a period of time, it is impossible to confess on the spot to admit guilt ...

Chapter 555 Another One Against the King

“Lord Yue, the identity of the female nun is related to the matter of the rebellious king, this king came here today to specially mention the person.” Seeing that Yue Wenhan didn’t speak, Pei Yusheng added in a cold voice, “Lord Yue’s previous actions were already very unorthodox, now it’s better to send the human offender over in accordance with the rules, and after that, all matters regarding the female nun will be the responsibility of this king.”

“Yes, Your Majesty!” Yue Wenhan answered, King Jing said so, he naturally can’t object, fortunately the party was very timely, the female nun has already drawn a pledge, his own things here is also considered to be over, the female nun’s matter is just a springboard, can jump to the case of his own little aunt on the line.

With the words of the female nun, can only clear that called Hailan subordinate splashed to the little aunt on the sewage, as for the back of the matter, he Fang also has a clue, sent out two close friends have returned, people have been secretly brought back, now has entered the Da Lisi’s prison.

It was left to this this Hyland to change his mind!

Almost a little bit, really only a little bit, if they here Fang did not pry open the confession of the female nun, now this time even if there is a brow, but also can only watch King Jing take people away.

This would actually be considered dusty, and a big stone would fall from the heart.

Yue Wenhan did not half disobedience to let the people of the Western Prison to take away the female nun, see Yue Wenhan excellent attitude, Pei Yusheng’s face also looks good for a few points, to be Yue Wenhan sent him to the door of the Da Lisi, but also deliberately said, “Yue adults hard work, before the

open casket thing, the king will definitely inquire clearly, will never let Yue adults for nothing to bear such a responsibility. ”

“Thank you, Your Majesty.” Yue Wenhan bowed respectfully.

Pei Yusheng patted his shoulder with satisfaction and turned around to get into his own carriage, which traveled all the way back to the Western Prison.

Getting down from the carriage, looking at the Western Prison in front of him that seemed to even have a house that looked gloomier than the Da Lisi, Pei Yusheng frowned, if not possible, he would never want to come here, especially after Pei Yuanjun went back to the capital, which was even more so as the sound of torture could be heard from time to time.

Even the place where he is working on the case is not peaceful.

Another scream came, shrill with a trill that hardly seemed human.

The corners of Pei Yusheng’s lips pursed tightly as he looked in the direction of that one sound transmission, only sweeping a glance before striding into his own office.

Though not often, he has an office here.

“Your Highness King Jing, our king asks you to come over.” A voice suddenly came from the side, calling Pei Yusheng’s footsteps.

“Uncle Wang is here?” Pei Yusheng stopped in his tracks.

“Yes, our king has been waiting here for your highness for a long time.” The guards who came over bowed respectfully with expressionless faces.

“When did it come?” Pei Yusheng’s heart skipped a beat and he had a bad feeling.

“Three hours ago.” The guards said, their bodies to the side, “Your Highness King Jing, please.”

Three hours ago, that’s exactly when Qu Qiuyan came to cry to him?

This was not the time to think about this, Pei Yusheng clenched his teeth and could only sigh at his bad luck, how he came across Pei Yuanjun looking for himself.

Turning around and following the guards forward, the sound of screams in his ears came from time to time, getting closer and closer, his footsteps getting heavier and heavier, going not to Pei Yuanjun’s usual office, but to the cell.

This bogeyman isn’t doing the torture himself, is he?

Thinking this way, Pei Yuanjun got worse and worse, his feet got slower and slower, but even slower there was a time to arrive, and sure enough, he stood at the door of a cell.

“Your Highness, please wait a moment, my subordinates will go and report to our king.”

Pei Yuanjun stood still and looked towards the entrance with anxiety in his heart, his brows locked, Pei Yuanjun had been waiting for himself, was it such a coincidence?

“Our king invites His Highness King Jing.” The guards quickly came out from inside and said to Pei Yusheng.

Pei Yusheng nodded and lifted his steps to enter, turning a corner to see the scene inside.

The person who was hung up had been beaten out of shape and was covered in blood, on the other side above the wide seat, Pei Yuanjun was wearing a dark purple brocade robe, with a few idle irises above the corners of his coat, the light blue color was very elegant, just like Pei Yuanjun right now, with a shallow smile hanging on his face.

Handsome sleep phoenix eyes with a few points of reserve, raised to look at people, but also very leisurely, without a trace of aggressiveness.

Sleeping phoenix eyes and danfeng eyes are somewhat similar, just between his raised and lowered eyes less harsh, more elegant and noble.

Pei Yuanjun who was leaning back on the seat fence looked gentle and elegant, it was just that this situation was not suitable for what was in front of him.

With the person mixed with blood on the opposite wall, as well as the screams that can wake people up from their nightmares, the elegance in front of them became as if they were going to be humanophilic, with some treacherous and creepy palpitations, and only at the first meeting, Pei Yusheng felt cold at his undershirt, as if there were some kind of ghosts crawling through.

What does this perverted Pei Yuan Joon want again?

“King Jing has come, come along and ask!” Seeing Pei Yusheng come in, Pei Yuanjun lazily body him a wave, signaling him to sit down on a chair on one side, where there was also an empty chair, equally wide, facing Pei Yuanjun’s position, sort of face to face.

Originally, face to face is not a big deal, this is the way of hospitality, but if you sit down, the situation behind you can not see, but from time to time issued a baffled soul screams, no one is sitting in peace, this time would rather be directly to see, but also do not want to rely on the auditory sense of detection.

“Uncle Wang, this king still has things to do, so I won’t accompany ... him,” Pei Yusheng said as he forced a smile.

“Something, what can there be? Haven’t the last few days been busy with things in the palace, it’s almost busy!” Pei Yuanjun faintly laughed.

The smile on Pei Yusheng’s face immediately stiffened, before Pei Yuanjun asked him to come to the Western Prison to take a look at it if he was fine, he was always pushed back by him for such and such reasons, knowing that he was not willing to come, but repeatedly saying so, clearly intentional, a hint of gloom flashed in the bottom of his eyes, the

A prince of a side chamber, does he really think he's a king's uncle?

If not for the fact that he now holds military power and is in his father's favor, what is Pei Yuanjun?

"Uncle Wang, recently there was something really wrong, it's been very busy, now it's slightly better, but there are new things coming out." Pei Yusheng sorted out a facial appearance and laughed.

"Today since I'm here, just accompany this king for a trial, this person is the person of the three kings back then, or the old subordinate of the Qin king, so many years has been fleeing outside, the emperor ordered this king to check the matter of the Qin king's bloodline, the descendants of the rebellious king, since one by one, it is only to get rid of them, get rid of the evil, the future will be endless, ah!"

As if Pei Yuanjun didn't notice the flash of jealousy on Pei Yusheng's face, he raised his eyes and smiled.

"This is the Adversary King's people?" Pei Yusheng was shocked, his face couldn't help but sink, his father disliked the Adversary King's people the most, repeatedly asking to get rid of the evil.

"Yes, I heard that King Jing went to the Da Lisi today, also for the Reverse King's people in the first place, I don't know if you brought them?" Pei Yuanjun said with a smirk.

Pei Yusheng's heart surged twice, a little panicked.

He didn't tell anyone about this matter, only because Qu Qiuyan talked about it, and he happened to find out something in his hand, and suddenly got the idea.

"Uncle Wang, this matter is trying to find out, and I don't know if it's true." Calming his temper for a moment, Pei Yusheng smiled in a leisurely manner, as if it was nothing more than a passing thing.

"The matter of the rebellious king, even if it's small is a big deal, the emperor has repeatedly commanded down, I hope King Jing doesn't forget about it, otherwise the emperor there but can't deliver." Pei Yuanjun said with a smile on his face, his tone carrying a few points of lightness, "King Jing

can't let a woman spoil the Emperor's big event! A woman only, if King Jing likes, this king sends ten, eight to you."

What he said is naturally Qu Qiuyan, Qu Qiuyan must be King King's concubine consort, although not yet recognized, but at least there is no denial, his tone of voice can be extremely frivolous, as if talking about those women in the greenhouse.

King Jing's hands hidden in his sleeves were clenched with veins, but in the end, they all slowly fell, his hands relaxing.

"Don't worry, Uncle Wang, this king will remember my father's instructions."

"That's naturally the best, since there's another person, then this current person is also given to King Jing to try, trying one is trying, trying two is also trying." Pei Yuanjun stood up, lazily looked askance at Pei Yusheng, the fan in his hand slightly tapped twice on top of his brocade robe, and leisurely led the people away.

Pei Yusheng was watching Pei Yuanjun leave, and the hand at the bottom of his sleeve clenched hard into a fist again.

Originally, he could hide everything by himself, but now he knew that he couldn't hide the matter of the female nun, and he had to deal with the person quickly.

However, if one's hands in the Western Prison, one will certainly be noticed by Pei Yuanjun, at the moment, is it a direct execution of the female nun, or is it to throw the female nun to the side and ignore her, and wait for a period of time before taking action to deal with it, so as not to be overly concerned about it and attract Pei Yuanjun's attention?

This place is considered his territory, but if Pei Yuanjun is there, this place is Pei Yuanjun's, never his, on the one hand, certainly because he doesn't like it, on the other hand, also because in the Western Prison he is only Pei Yuanjun's deputy.

Than the favor, a utopian county king actually than the real prince but also high power, and even vaguely has threatened the throne of the fight, this is really several princes together with the prince within the strange shame!

One day, he will step on Pei Yuanjun's feet, and whip his handsome face like that human offender in the party, twisting and bending so that he can't see who he is at all ...

"Your Highness King Jing, this is this person's information, take a look." A case file was sent to the table in front of him, the case file that should have been clean was sent over by a pair of blood-stained hands, looking at the blood stains on it that had been stained, anyone would find it hard to bear, and even more so, he felt that the place was gloomy and windy.

The heavy smell of blood, strong and straight to Pei Yusheng's nostrils, made his gloomy eyes stiffen uncontrollably for a moment, followed by violent anger.

"Take it away!" Holding his breath with all his might, Pei Yusheng sternly rebuked, his hand slamming hard on the desktop, veins rippling uncontrollably in his hand as he stood up unexpectedly, "This king still has things to do."

After saying that, he turned around and walked away, as if there was someone behind him chasing him, and that kind of heavy blood stench was like materializing, smoked his organs and wanted to vomit out.

"Your Majesty, what should we do with this human offender ...?" Someone from the back chased out.

Chapter 556 The outrageous Ruyi's intentions

The cases in the Da Lisi were handled very quickly, and such speed made many people surprised at the speed of the Da Lisi's work.

A few days ago, the rumor is still spreading, this is still so big, to the imperial court, such a big gesture, if the end of the matter is not settled, the Da Lisi will make a fool of themselves, the Secretary of the Da Lisi will also be reprimanded.

An ennobled lady is so good to sue? Just say before first detained people, it is a little out of order, just the emperor also know, but did not say anything, other talent dare not say more, but there are also people have been in private preparations, just a few days to participate in the Secretary of the Da Lisi incompetence, but also arrogant, before there is no factual evidence of a grant of a wife to be detained.

Before those people could get their act together, they heard a rumor that this matter was actually closed in such a short period of time, and that Yu's murder of Qu Zhizhen's original hairdresser's wife was also proven.

Earlier there were also rumors that it was the subordinate beside Yu who confessed to the crime, but in the end, this subordinate confessed everything one by one, putting the blame on Xiao Yue's body for how Yu harmed Xiao Yue's after she came into the house and how it was easy to give birth to a twin child prematurely in the first place.

As a result, Xiao Yue was reprimanded, not to mention sent to a remote nunnery for purification.

After that, I was afraid of Xiao Yue's return, together with the nuns who are not yet nunnery masters, looking for people to ram Xiao Yue's not to mention, but also in Xiao Yue's meals under some medicine to make people weak and powerless, so that Xiao Yue's in the final delivery, not only premature, but also powerless to produce, almost a little bit of a body two lives.

It was not easy to give birth to a daughter, but Koshi's life was lost.

The causes and consequences of the matter has already been tried and trained clearly, the Da Lisi action faster is to let all the prisoners are signed and drawn a pledge, which results in the disruption of many people's plans, the entire capital is also discussed, everywhere is scolded Yu's vicious people, go there are people say this thing.

The cause of the matter is there, and then there are things behind it, the small Yue's daughter born with life, was treated harshly by the Yu's, so that her eyes were almost completely blind, how black this

heart, how vicious, even a small baby girl is not spared, saying that what care is not good enough, the Qu House of such a family, and how would there be no subordinates to take care of it.

Yu Qingmeng's matter was also turned over, also became the fact that Yu's sent her own niece to rob Qu Mo Ying's affinity, saying that Yu's own niece went to hook up with Marquis Yongning's son, and the relationship between the two had long been unclear, otherwise it wouldn't have become Marquis Yongning's concubine, and another said that the Marquis Yongning's son hadn't withdrawn from the marriage before, and it seemed to be very honest.

But in fact has long been another mind, otherwise it will not and Yu Qingmeng two early have the first and last, more will not have a paragraph two miss things, immediately said to withdraw from the marriage to marry another.

Saving a life is a good thing, but being forced out of a marriage is unheard of in any family.

However, this second miss of the Duan House is not a good one, but as long as the Marquis of Yongning House doesn't have this intention, it's hard to believe that the Duan House can really snatch the position of the right wife, if this second miss of the Duan House is really insensitive, at most, it's a concubine.

What's the deal with the enmity of stealing Fourth Miss Qu's marriage!

So the Yongning Marquis House was brought back up again, and together with the Yu's matter, it became another witness to Yu's viciousness, naturally, the Yongning Marquis World Son was not a good one, or else he would not have been able to be in the same boat as Yu.

Yu's matter was tried very quickly, Qu Zhizhen there to get the news also very quickly, in the study after sitting in silence for many, Qu Zhizhen went to the dowager lady's courtyard, and the dowager lady to talk about repudiation of Yu's matter.

"You want to repudiate Yu?" The dowager lady was silent for a moment, not surprised, and coughed lowly, after so many things happened, the dowager lady's old illness was back, her mental qi was not too strong, and her face was a bit pale.

“Yes, for so many years Yu has been coaxing me, so much so that I have always thought that Xiao Yue’s intentionally caused her to be born prematurely ... I am sorry for Xiao Yue’s.” Qu Zhizhen’s face did not look good either.

No one he’d seen in the last few days had looked at him with more than a little scrutiny.

It certainly wasn’t because it was the first time I’d seen him, suggesting that everyone was side-eyeing his situation in this thing.

Yu’s harmed Xiao Yue’s thing, although he was not aware of it, but he must be the head of the family, whether it is Xiao Yue’s or Yu’s is his wife, even if he is not really spoiled concubines to destroy their wives, but after all, there is also a sin of failure to investigate.

“What about Cheng’er?” The dowager lady was silent for a moment and looked towards Qu Zhizhen, at this point in time, she wouldn’t care about the outcome of Yu’s case, right now, if she repudiated Yu’s case, it would naturally be the best for the Qu Mansion.

But Yu gave birth to a pair of children who became a problem.

“Sincerity will be credited to Xiao Yue’s name, so that she will have someone to offer sacrifices to in the future.” Qu Zhizhen proposed.

“No!” The dowager lady refused without even thinking, “The Little Yue Clan was killed by the Yu Clan, what do you mean by crediting the Yu Clan’s son under the Little Yue Clan’s name now?”

“Mother, Yu’s harmed Xiao Yue’s, and now she’s accompanying a pair of children to Xiao Yue’s, shouldn’t she?” Qu Zhizhen said in annoyance.

“This is inconsistent with reason.” The dowager lady nonchalantly asked back, “How do you make the shadow girl think? Yu killed her birth mother, yet she wants to retain his children’s full-fledged status?”

“I’ll go talk to Shadow Girl about this matter.” Qu Zhizhen said after a moment of silence.

"This matter ... is ultimately not too good." The dowager lady ultimately felt that it was not too good and tried to stop it.

"Mother, I'll go and take a look before I say anything, Shadow Maiden should understand." Qu Zhizhen said in annoyance and stood up, "I'll go to Shallow Moon Residence first."

See him act like this, know a time difficult to persuade, the dowager lady can only nod, but still some uneasy, deliberately added one more sentence, "If the shadow girl does not agree, you do not reprimand her, in her, Yu's originally is the death of her biological mother's enemy ... "

"Mother, I know!" Qu Zhizhen turned his head and left.

Hearing that Qu Zhizhen had come over, Qu Mo Ying was not surprised, and went to the door of the house to welcome him, causing Qu Zhizhen to enter the house, and after Yu Dong served tea, he retired to the side to wait.

"Father, what is it that you are looking for your daughter for?" Qu Mo Ying asked with a bewildered look.

Yu's matter has been finalized, she has long since gotten the news from Yu Dong, Qu Zhi Zhen's reaction is also extremely fast, only got the news on the front foot, and immediately came behind.

"Yu has been convicted, she did once harm your mother, also I was negligent at the time I didn't expect Yu's heart to be so poisonous that she would actually really lay hands on your mother." Qu Zhizhen organized his tone and looked at Qu Mo Ying and slowly said.

"Father!" Qu Mo Ying's head bowed.

"This matter is my father not being able to do right by you, my father will definitely make it up to you in the future." Qu Zhi Zhen's face looked sorrowful, reached out and rubbed his brow a few times, his voice was dark, "In a moment, we will go together to sweep your mother's grave, and later on, we will have someone prepare a ritual to console your mother's spirit in heaven, it is father who is not right for you."

Sweeping the grave? Qu Mo Ying's memory, never had this biological father sweeping his mother's grave, but now it was suddenly mentioned, only this sudden fall in Qu Mo Ying's heart, only to be exchanged for a cold smile.

Another tomb sweeping, and the practice of the deed, right now at this time Qu Zhizhen can really do all the scene, which is afraid of Yu's things involved in his own.

"Yes, but at father's command." Qu Mo Ying bowed his head.

"The matter of the spell, if there is something you don't understand, go and ask your great aunt, my father will also talk to your great aunt first." Qu Zhizhen said, "Tomb sweeping matters, I've already had people prepare, come over to let you know, we'll go out in the afternoon, just the two of us, no need to startle anyone else."

"Yes, father!" Qu Mo Ying answered.

Originally, this was arranged by Qu Zhizhen, whether she was or wasn't, in the end it was such a result.

"I heard your grandmother say that her health isn't really good these days, do you want father to go and ask one of the eunuchs to come over and take a look at you, it would be best if she could also dispense some pills to keep on hand just like your grandmother."

"Thank you father, I'm fine, it's just some minor ailments." Qu Mo Ying softly said.

"A small problem can be a big problem if you don't look at it." Qu Zhizhen mildly rebuked her, then stood up, "I first go back to prepare, you also prepare, if there is anything you need, say with father is, your mother died early, for father has always thought that ... Yu can take good care of you, did not think Yu ... actually have a heart this vicious ..."

The words came to a sad and sorrowful place, and he could not say any more for a while.

As if to hide the excitement in his emotions, he stood up unexpectedly, turned and strutted away.

Watching Qu Zhizhen leave, the corners of Qu Mo Ying's lips silently hooked as she instructed Yu Dong, "Go invite Sister Yan over."

Sister Yan came very quickly, and after entering the room, she bowed to Qu Mo Ying before standing to the side, "Miss, what is it that you are looking for old slave?"

"You'll accompany me to sweep my mother's grave in a while, and help me prepare some things for sweeping the grave." Qu Mo Ying commanded.

"Miss, it wasn't mentioned before how all of a sudden we're going to sweep Madam's grave, shouldn't we have prepared more?" Sister Yan frowned, preparing to go out in a while at this time was clearly rushed.

"There's no harm in preparing as much as I can, it's just that I have to trouble Sister Yan to follow me on a trip." Qu Mo Ying faintly said.

Never wine no good wine, banquet no good banquet, have not heard of sweeping a tomb can also be so, Qu Zhizhen obviously want to borrow this thing to say another thing, drunkenness is not wine, and not at all really want to give the mother's grave, but is to take the mother's things, to buy a sentiment only.

What Qu Zhizhen would do at such a time, Qu Mo Ying could also guess.

Just guessed it is one thing, Qu Zhizhen so can not wait to do it is another thing, this cheap father really cool hearted outrageous, the so-called affection, but is a rendition of affection show.

"Sister Yan help me prepare some that can be prepared immediately, and in the afternoon, together with Yudong, go with me to my mother's grave, as for the reason, of course, it is because Sister Yan is more knowledgeable about these things, and is an old man by my side." Qu Mo Ying slowly said, her long eyelashes fluttered twice, hiding all the emotions in her eyes.

Chapter 557 Refusal, to Whom Is It Credited?

Sure enough, when he saw Sister Yan following along, Qu Zhizhen froze for a moment and asked unhappily, "Why is Sister Yan following along, shouldn't it be Sister Zhou?"

"Father, Sister Zhou cried herself out earlier and will still be in bed this time, making it inconvenient to follow me." Qu Mo Ying explained.

Qu Zhizhen's gaze swept over Sister Yan, gave a dispensable "hmmm", and turned to the side of the carriage.

The two carriages went out of the door of the Qu Mansion one after the other, heading towards the Little Echidna's grave.

Qu Zhizhen's this Qu's actually is not the capital of the Qu's, but to the above up, is also considered to be within the five services, to the capital, but also into the capital of the Qu's lineage, but also because of the Qu Zhizhen brothers are for the official, the capital of the Qu's lineage is now basically by the Qu Zhilin at the helm of the Qu.

Xiao Yue was also buried in the clan land of the Qu Clan in the capital.

The carriage of the Qu Mansion is very plain today, and the corners of the carriage have a few white ribbons hanging above them, and it seems to be a family with a funeral, which will make the two carriages go out together, and it's still quite eye-catching.

Some people recognized the markings on the Qu Mansion's carriage and guessed that it was Xiao Yue's daughter who was going to pay homage to her birth mother, and one sighed more than the other.

The two carriages one is naturally Qu four miss, the other one is not too madam, feel and not quite like, some people see the window reveals a man's face, that is Qu Squire.

After such an incident, it is proper to take the youngest daughter to pay her respects to her birth mother.

The carriage left the city amidst the crowd's murmurs and went to the Qu Clan's cemetery.

Xiao Yue's grave is not small, after all, she is Qu Zhi Zhen's wife, but the location is a little off, the top is full of grass, a look at it is clear that basically no one clean up.

When Qu Mo Ying was in the manor, he would come over alone to pay homage every time during Qingming, and every time this time he avoided the Qu Mansion.

So also know that the people sent by Qu Fu often just go through the motions, most of the grass on it is cleaned up by her, just no one has been paying attention to take care of it, the grass on it is still very long at this time of the year.

Qu's someone here to take care of, but never take care of this place, after all, everyone knows that the eye of this Qu's second wife is Yu's, Yu's for the small Yue's what attitude, everyone can see very clearly.

Qu Mo Ying knelt in front of the grave and burned paper, Qu Zhi Zhen also let the subordinates brought over to clean up the grass above, and even pulled a few with his own hands, looking heavy and sad.

After everything was taken care of, Qu Zhizhen had Yu Dong help Qu Mo Ying up, and with his back hand looking at the graves in front of him said, "I'm going to repudiate Yu, what does Shadow think?"

He didn't look at Qu Mo Ying, but the words were directed at Qu Mo Ying.

Qu Mo Ying's gaze also looked at the grave in front of him, "Everything but as father commands."

This is not a surprise, Yu is now for Qu Zhizhen, will only drag down his reputation, not half a point of benefit, of course, so much trouble to bring themselves here, necessarily not to say such a sentence.

Sure enough, the next sentence, Qu Zhizhen did not let Qu Mo Ying wait for too long, "Yu's Hugh, your third sister and second brother will have to be remembered in another name, I want to put them in your mother's name, and after that, your mother's sacrifice can also be presided over by your second brother, I only have your second brother a son, and everything in the future will be your second

brother's as well, and there is a sacrifice of your mother by your second brother, so that your mother can be in her nine springs. be at peace."

With and without descendants to worship, the world totally feels that even if they are underground, if no one pays tribute to them, they will be reduced to lonely souls and ghosts, and they will be miserable and incomparable.

Some people are even willing to hitch up everything they have in their life for the sake of this vain word, just for the sake of not becoming a lonely ghost in the future.

With such a reason, Qu Zhizhen feels that Qu Mo Ying will agree to it even if she feels uncomfortable. After all, she will be a married daughter in the future, and she can't preside over the rituals of the Qu Mansion at all; only Qu Mingcheng is the most legitimate one, and crediting it to Xiaoyue's name is good for both Qu Mingcheng and Xiaoyue.

"Father, I don't agree!" Qu Mo Ying turned to look at Qu Zhi Zhen and refused without the slightest hesitation.

Beneath the veil of his eyes, his eyes were deep and dark, evoking a mocking coldness.

Qu Zhizhen did not expect Qu Mo Ying even the slightest hesitation, actually so refused, eyes flashed a trace of anger, but then both calm down, even with a few points of mercy, turned his body squarely at Qu Mo Ying, gentle reprimanded,"You child, how so unintelligent, your mother has no heir at her knee, ultimately bad, before I actually have thought, just Yu's ... that would not allow it."

That being said, it seemed as if Qu Zhizhen had always been quite affectionate towards his mother.

Qu Mo Ying heart cold smile, shook his head, "Father, I believe that my mother is also unwilling, my mother is dead in the hands of the Yu Clan, although this matter is not directly related to the second brother and the third sister, but this matter ... said that they are the two who have benefited the most, right!"

In fact, it is not only gained, Qu Qiuyan and Qu Mingcheng are not all innocent, since returning to the Qu Mansion, first Qu Qiuyan, followed by Qu Mingcheng, have repeatedly counted themselves.

This kind of “son”, Qu Mo Ying believes that mother will definitely not want!

Let the son of his enemy, become his own first son, mother neither had a son nor could take over Yu’s son.

Qu Zhizhen’s idea was a good one, as long as it was credited to his mother’s name, he would be his mother’s first son, and he would still be the rightful first son.

Qu Mo Ying was not recognized in any way!

“Shadow girl, you have to think about your mother, don’t be capricious.” Qu Zhizhen’s face finally sank.

“Father, in fact, it’s not just this reason, there’s also another reason in place.” Qu Mo Ying was silent for a moment, not bothered by Qu Zhi Zhen’s cold face, “Sister Yan has also spoken to me privately about Mother’s matter before.”

“What is it?” Qu Zhizhen did not want Sister Yan to get involved, Sister Yan’s identity was too complicated.

Hearing herself mentioned, Sister Yan walked over and bowed to Qu Zhizhen, then expressed herself quite bluntly, “Lord Squire, this is not proper.”

“How is it inappropriate?” Qu Zhizhen asked in a deep voice.

Sister Yan, however, was not afraid of Qu Zhizhen’s cold face, and raised her eyes to look at Qu Zhizhen with a straight face, “Lord Servant, I’m afraid that this is not in line with reason.”

“How is it inconsistent with reason?” Qu Zhizhen was a bit annoyed.

“Adults, Qu second lady and Yu’s thing, now has been reviewed and reported to the emperor in front of the slave girl into the palace, Qu Tai Fei before also has been inquiring, I heard that it is still the Empress

Mother's side of the meaning of the Queen's side of the Yu's death of the second lady of the Qu this thing has been the fact that the palace inside all feel that the four miss poor."

Sister Yan did not panic and said, since the previous incident with Li Mei Ren happened, Qu Mo Ying had not been to the palace again, but Sister Yan would still go to visit Dowager Consort Qu.

Just yesterday, Sister Yan was sent to the palace by Qu Mo Ying to take a trip, yesterday this matter has not been finalized, but many people feel that Yu's matter should be true, just not finalized, this matter is still possible to flip, today all of a sudden is considered to be a solid hammer.

"Yu's death of the Second Lady Qu is to make her own children become the first family, now although Yu's accident, but her pair of children are not only fine, but also more situated in the identity of the first family, even if the fourth young lady does not say anything, I'm afraid that it is difficult to plug the mouth of the Palace inside the yo-yo."

Sister Yan didn't say anything about the yo-yoing of the people of the marketplace, but only about the palace.

The palace said more people, even if the emperor originally did not care, the last is bound to know, then this will fall on the body of Qu Zhizhen, must be Qu Zhizhen so proposed.

Qu Zhizhen's heart sank, and it was difficult to answer for a moment.

In his heart, of course, he was biased towards Qu Mingcheng, his only son, how could he become a commoner son, but if he let the Emperor know that it was he who induced Qu Mo Ying to agree to this matter, then all the things that he had done before to clear the suspicion on himself could all go down the drain.

It wasn't really a certainty, but just the thought of it being a possibility made his heart jittery and his brows locked up tightly, three vertical lines folding out at the center of his brows.

Seeing that he was silent, Sister Yan knew that there was a door, and continued, "Your Excellency, regardless of whether the second son and third miss are commoners or not, they are all your children, and the second son is even your only son, and everything in the future will naturally be the second son's,

and has nothing to do with our young lady, just that right now, if we let the second son be placed in the name of the second madam, the fourth miss is reluctant not to mention that, and the people outside don't know What kind of words will the people outside say."

Since regardless of the first concubine, Qu Mingcheng is the only heir, and even in the future, if there is an opportunity, it is not certain that Qu Mingcheng can not be turned into the first line, there is a lot of room for maneuver.

Indeed it is not appropriate to directly headwind at this time to force Qu Mingcheng into a direct line.

Yu's matter, not only the emperor stares, even the empress in the palace stares, the emperor or not clear about this kind of bending and practicing between women, but the empress? Or those ladies in the harem?

If they were to target their own Qu Mansion because of this matter, there would be a lot of consequences for this!

Thinking this way, Qu Zhizhen was shocked and suddenly came to his senses, he couldn't let the Emperor and Empress Mother's eyes turn to the Qu Mansion and to himself, spoiling so many years of planning.

A little impatience goes a long way, and there will be plenty of opportunities for that later!

No matter what, don't marry the main family in the future, let Qu Mingcheng send for the newly married wife's name can also be.

"This matter, it is not appropriate?" Qu Zhizhen already had a plan in his heart, but his face was still unsightly, and his gaze fell on Qu Mo Ying's body with a few moments of persecution.

He was the father, Qu Mo Ying was the daughter, the youngest daughter actually dared to disobey him as a father, this matter fundamentally, has made him very dissatisfied, this daughter is not have no love for himself?

Although he hadn't brought her around since she was a child, he hadn't starved her either, and sent her to the manor because of her body, and from that point of view, Qu Zhizhen didn't feel that he had shortchanged his daughter.

"Father, just now is the daughter obstinacy, everything but by father's command!" Qu Mo Ying's head slightly lowered, a sideways salute, thin body in the wind looked more and more thin, but also very weak, the wind raised her plain clothes and the flying eye veil, just a slender and weak, I'm afraid that just now is also in a fit of rage, say that kind of words it!

Thinking this way, his mind smoothed out a little, his face looked better for a few moments, and he nodded, "Then repudiate Yu, and the two of them will be credited to Auntie's name!"

The hammer is set!

Chapter 558 At the Back Door, Brother and Sister Discussions

The matter of Yu's repudiation went very quickly, and after Qu Mo Ying returned to the mansion along with Qu Zhi Zhen, she saw that several clan elders were already there, and Qu Zhi Lin was accompanying her in the West Mansion.

Qu Mingcheng was at Qu Zhilin's side respectfully.

After Qu Zhizhen came over, he invited several clan elders and his own elder brother all to the study, and after discussing the matter, he called Qu Mingcheng over, after which he prepared an incense burner.

After paying homage to the ancestors, Qu Zhizhen let one of the oldest clan elders to the repudiation of the Yu's matter recapitulation, after that is the genealogy of the family tree above the Yu's name above, written on the repudiation of the two words, on behalf of the current Qu Zhizhen no longer have a proper wife, in the future, even if it is another high noblewoman is also can be married.

The whole time Qu Mingcheng kept his head down, didn't speak, and his face was gloomy.

Occasionally lifting his eyes to look at Qu Mo Ying, his eyes were also grim, originally still a teenager, looking at it seems to be a few years older.

As for the rest, there was not a single word, and everything was at Qu Zhizhen's command.

Both Qu Qiuyan and Qu Mingcheng ended up under the name of one of Qu Zhizhen's concubines who had already died, and were considered to be the son and daughter of the concubine.

After the matter was finished, Qu Mo Ying went to the inner courtyard along with the Dowager Lady, and the two brothers, Qu Zhi Zhen and Qu Zhi Lin, in the outer courtyard, invited these clan elders of the Qu Clan to have their evening meal and go back.

During the whole process, although Qu Mingcheng looked sullen, but his behavior and demeanor was not out of the ordinary, always respectful, several clan elders secretly praised, thinking that this second son of Qu is talented, even if Yu's now out of such a thing, the second son of Qu is bound to be innocent, and at that time, he was also just born.

A few moments of sympathy were also born for Qu Mingcheng.

The one who felt pity for Qu Mingcheng was also Qu Zhizhen, after the evening meal, after sending the several clan elders away, Qu Zhizhen called Qu Mingcheng to his study.

"Originally, I was going to put you under the name of the Xiao Yue Clan, but your fourth sister ... has a hurdle in her heart that she can't get over." Qu Zhizhen was still gentle with his only son, explaining.

"Father, I understand your difficulties!" Qu Mingcheng said, his head lowered, his expression shriveled, "Originally, it was mother who did wrong, she ... did such a thing, always have to pay the price, it is just that the third sister ... third sister is now afraid that her position is not stable!"

Qu Qiuyan into the King King's House, after all, did not and discussed the same, until now has not been considered stable.

Hearing Qu Mingcheng say this, Qu Zhizhen's face didn't look too good either, but since he had made up his mind now, he had naturally considered the pros and cons of Qu Qiuyan.

“This matter is not urgent, King Jing’s side will be sympathetic, as long as you fight in the future, your sister she will stand up, later ... later things to say, now you can not be associated with your mother again.” Qu Zhizhen said with a straight face.

Yu is now a scourge, whoever is involved in who is unlucky, Qu Zhizhen does not want his only son to still be involved with Yu, which is why he directly repudiated Yu, or else he can still relegate Yu to a concubine, and if it is only relegated to a concubine, Qu Mingcheng and Qu Qiuyan will still have to be credited to Yu’s name.

Climbing up with Yu is not good for Qu Mingcheng’s future, in fact, originally Qu Zhizhen wanted to start from Qu Mo Ying here, so that Qu Mo Ying would agree instead of Xiao Yue’s, but now because he is afraid that the Emperor will know that this is what he has in mind, and then cause other rights and wrongs.

Might as well take a step back now!

“Yes, father!” Qu Mingcheng said, a few bitter smiles on his face, “Mother ... did such a thing, and I ... feel guilty towards my fourth sister.”

“This matter has nothing to do with you, it is all because Yu s ... heart is vicious.” Qu Zhizhen was exasperated, causing such a big matter, pushing the entire Qu Mansion to the tip of the storm, if he didn’t be more decisive, in the end, he himself would have to be implicated.

And comforted his son a few words, see the hour is not early, to let him live in the house, said no longer let him must live outside the house.

Qu Mingcheng refused, only said that now to concentrate on reading, after entering the house to see the fourth sister, the heart inexplicably difficult, thinking of some things in the past, but also guilty, it is better to now read at ease outside the heart, and so on the future has a merit, and then to the fourth sister better, hoping to alleviate the sins committed by the mother.

Qu Mingcheng is not very old, but in the reading together, has been quite Qu Zhizhen’s favorite, counting is indeed very talented.

Hearing Qu Mingcheng say this, Qu Zhizhen also agreed, and let people prepare some things to send over to Qu Mingcheng, for fear that Qu Mingcheng would be aggrieved outside.

Qu Mingcheng was leaving with a few of the Qu Mansion's boys, and in the boys' hands were the daily necessities that Qu Zhizhen had ordered to be sent to Qu Mingcheng's residence, as well as some of the top quality brushes, ink, paper, and inkstones that Qu Zhizhen had given to Qu Mingcheng.

Qu Mingcheng let a few boys send him there first, and he first walked outside and got into his own carriage. Afterwards, the carriage went down the street, circled around all the way, and after circling around the street a few times, it finally stopped at a back door.

Just stopped the carriage, saw the back door opened, wearing a cloak to hide the face can not be seen clearly Qu Qiuyan out of the door, this is the back door of the King's residence, Qu Qiuyan from the receipt of Qu Mingcheng news, has been anxious to let people wait here, this will be the King of King is not in the residence, so I went to the back door and waited for Qu Mingcheng to come over.

"Second brother, how is it?" Qu Qiuyan saw the dismounted Qu Mingcheng and asked in a hurried voice.

"Let's go in first and talk." Qu Mingcheng looked around and whispered to Qu Qiuyan.

Qu Qiuyan nodded her head and stood at the back door to talk, especially the back door of King Jing's mansion, even at night, she had to be more careful.

Bringing Qu Mingcheng into the back door, the two siblings didn't let anyone else follow and stood at a corner of the backyard wall.

"Second brother, in the end how is it, father put mother how?" Only stood still, Qu Qiuyan was eager to say, before Qu Mingcheng let someone pass the word incoherent, only said that father to deal with the mother's things.

"Didn't you say that you would take care of things, and that His Highness King Jing was willing to smooth this over?" Qu Mingcheng's face was very unattractive, looking gloomy by the light of the road.

“King King’s Highness is saying that he will level this matter, but the Da Lisi side of the investigation is too fast, originally impossible to find out this matter clearly, actually got the evidence first, from that female nuns there entrance, and how Aunt Hailan will change her words, to now mother has admitted, His Highness can’t do anything about it, and before that, he also rushed me to lose his temper.”

Qu Qiuyan said her eyes also reddened, it was not easy to talk to King Jing and ask King Jing to help, but she did not expect things to actually take such a big turn, so much so that she was also caught off-guard, and was even severely reprimanded by King Jing.

Qu Qiuyan was confused even now.

“It’s all because of Yue Wenhan.” Qu Mingcheng gritted his teeth.

“Yue Wenhan picked a fight inside?” Qu Qiuyan asked.

Qu Mingcheng nodded, “It’s that bitchy girl, let this cousin of hers stirred up trouble in there, if it’s not Yue Wenhan, mother won’t be caught, not to mention it won’t be checked out so quickly, and it won’t make Hailan all change his mouth, uncle said that that bastard son of Hailan’s in his place is also missing, and there’s no one from the Da Lisi who came before that.”

“Bitch, bitch, why doesn’t this bitch go to her death, why doesn’t she die clean with that mother of hers.” Qu Qiuyan hated that if Qu Mo Ying appeared in front of her now, she would directly kill this bitchy girl Qu Mo Ying.

Qu Mingcheng said in a hateful voice, “Father repudiated mother!”

“What ... what hiatus? What ... about us?” Qu Qiuyan was shocked and almost screamed.

“Father originally had us put under that bitch’s mother’s name, but that bitch didn’t agree, so father had no choice but to put us under the name of a dead aunt, and now we’re concubines.” Qu Mingcheng coldly said.

"What ... what?" Qu Qiuyan almost couldn't believe her ears and looked straight at Qu Mingcheng, wanting to hear from him where she had misheard the words, but she saw Qu Mingcheng nodding vigorously.

"It means what you think it means, sister, we're not first sons and daughters anymore." Qu Mingcheng looked at Qu Qiuyan's wide eyes, unable to say a word, and added another sentence.

Qu Qiuyan heard it clearly this time, her feet went soft and she almost fell, Qu Mingcheng reached out and pulled her back, calmly analyzing, "Don't panic, you still have King Jing, even if your identity is a little worse, but you are the only one in the mansion right now, as long as you can catch King Jing's heart, and you can get King Jing to identify you before the rightful consort enters the door, your matter is not a big deal. "

"This bitch ... how dare , how dare she!" Qu Qiuyan's angry voice also shrunk a few points.

"Third sister, there's no need to worry about this matter first, this bitchy girl must be dealt with, she hates mother and she hates us, she hates for us all to die, I definitely won't let her have her way." Qu Mingcheng snapped.

"Second brother, don't worry, I have a method!" Qu Qiuyan calmed down at this time, "I will invite her to King Jing's Mansion."

"What's the use of inviting her, didn't she not come last time? Grandmother has always protected her." Qu Mingcheng shook his head in disbelief, before, Qu Qiuyan had also hit Qu Mo Ying's idea, but she didn't come to the door at all, even if she had a way to see someone, there was no way.

"This time is different, I still have Qu Cai Yue here." Qu Qiuyan wiped a handful of tears and reddened her eyes, the bottom of her eyes were filled with grim hatred, "Qu Mo Ying won't come will she, I'll make her have to come!"

"You have a method?" Qu Mingcheng looked sideways.

"There is a method, second brother don't worry, you go back first, so as not to let people see." Qu Qiuyan nodded her head, she also came to her senses at this time, while she hated poison towards Qu

Mo Ying she was also clear that this was King Jing's mansion, King Jing had also had an opinion before because of his mother's matter, this would make him see him meeting with second brother, he was bound to be even more angry.

Since the King King's residence, Qu Qiuyan is no longer the pampered third miss, if she does not coax the King King, this position is worse than Qu Caiyue, King King's residence of anyone can step on her, she must be careful to serve the King King, careful to be warm and let the King King be satisfied, in order to get more benefits.

Qu Mingcheng was also afraid that King Jing would know that he was meeting Qu Qiuyan at night, and after instructing Qu Qiuyan a few more times, he turned to leave.

The back door closed silently, Qu Qiuyan took the maid Qing Ju back, that day, she saw a thing in King Jing's study that was out of place with King Jing, that one thing can be borrowed for a while, look at King Jing's unconcerned look, also does not seem to be a particularly attentive, maybe it is what little bitch accidentally pulled down.

Use it now, just in time ...

Chapter 559 A Well-Prepared Reply Posting

"Where did the posting come from?" Qu Mo Ying looked at the posting in her hand in surprise.

Peonies on the sticker bloomed in rich colors, at a glance is the kind of carefully prepared flower sticker, such a flower sticker each frame is carefully painted on, and there are also instructions, a set of twelve, hidden twelve months, although the same kind of flowers, but must be small to see the difference, meticulous to see the exquisite.

This is the one in front of me, Qu Mo Ying since he returned to the capital, just heard of such a well-prepared posting, but have not seen it.

Such a posting is of course some of the world's young lady carefully prepared, but also to be the kind of poetry and painting to take the young lady, their own hand-drawn, the painting if you let someone else to draw, it loses its significance.

This is even more rare, the world's young lady, zither, chess, calligraphy and painting are naturally learned, but after learning, but also learned very well, dare to take out to show to the other young lady, originally indicated that it is not bad.

A posting is a flower, which also means elegant, and has another meaning, which is also an invitation to return a posting as well.

There is a back and forth, twelve copies of the posting sent out, and then return twelve copies of the posting, so it is also known as the return posting, to be a banquet, if it is put in a place to taste, but also to taste the three, six, nine and so on.

If the heart does not have its own poetry and book gas, this reply posting is not ordinary people dare to post.

JiHanYue before but also received several times back to the text post, they did not take the initiative to send a time, on the one hand, she also do not need too high reputation, father repeatedly warned her fame, will be tired, she originally is the future prince consort, more can not take precedence in everything, caused unnecessary reputation.

Whether talent or stunning beauty, with her as the future Crown Princess, it is just icing on the cake, and it will make people feel that she is too aggressive.

Dignified and decent, is where she should be at that time, standing high, but different from the general family ladies, and not fight for the good ...

These were the ways she had learned at the time for the Crown Princess and the future Empress, which did not allow her to be particularly colorful, but only had to be above the middle of the road.

Just this last so-called Prince Consort way, the Queen's way are just a joke, when the bloody facts laid out in front of their own time, only to realize that these are the most vain.

There was a dull ache in his chest, as if something was blazing, and his long eyelashes fluttered for a moment as he closed his eyes and exhaled a hard, cloudy breath.

"Miss, what's wrong with you?" Yu Dong noticed her abnormality and hurriedly asked.

"I'm fine, where did this post come from?" Qu Mo Ying opened her eyes, her eyes had already become calm and clear again.

"It's from the Liu Shangshu residence." Yu Dong said.

"Prefect Jingyu?" Qu Mo Ying asked as she looked at the beautifully drawn peony flowers, the national color peony, she could indeed afford it now.

"Yes, a posting was sent to the twelve young ladies, the young lady has it, and Miss Qi has it as well." Yu Dong nodded.

This is a bit strange to pick up, Qu Mo Ying immediately understood after a brief contemplation, "This sticker was sent over together with the people from the Duke of Qi's residence?"

The relationship between the two of her and Liu Jingyu was actually not that good, but bringing along the Duke of Qi was different.

"Mrs. Qi sent a box of desserts to Miss, saying that it is a reward from the palace, so that you can try it out, and if it is good, she will send it back to you later." Yu Chun came in with a box of exquisite dim sum in her hand.

This is from the Duke of Qi's wife.

"Thank Mrs. Qi for me, I've also accepted the posting from Jun Jingyu County, I'll return the posting after a few days." Qu Mo Ying looked at the date above the sticker and said.

Such as this use on the return posting, in fact, the real banquet time is still a long time to go, at least to make the process of replying to the posting to receive the posting of the lady of the world, at least for some time.

Looking at the days above, there really is no rush.

"Yes, miss, slave girl goes down to respond." Yu Chun nodded her head, put down the snack box in her hand, and turned around to go out.

Yu Dong looked at the posters on the table and then at the beautifully placed snacks, wanting to speak.

"Want to say what?" Qu Mo Ying asked casually as she cast a sidelong glance at him.

"Miss, Mrs. Qi is not too good to you?" Yu Dong listen to ask can not help but ask, he let people to check things, should be in these days can get the news, but this will genuinely feel puzzled, Mrs. Qi befriending the meaning is too obvious.

"It's too polite!" Qu Mo Ying amended his words.

Yu Dong heard even nodded,"Yes, the slave girl is also so feel, just feel especially good, even too much lady to miss ... I'm afraid it is also just so."

It's just as well that it's his own granddaughter!

"Why do you think Mrs. Qi is so polite to me all of a sudden, and the meaning of friendship is so obvious?" Qu Mo Ying's gaze fell on the top of the return post and asked carelessly.

"The slave girl feels that this matter ... has something to do with the old Duke of State!" Yu Dong thought about it and said.

"How?" Qu Mo Ying raised his eyes with interest, his long eyelashes fluttered twice, hiding the darkness in his eyes, looking as if he was really only interested before casually asking.

Seeing his own young lady just casually asked, Yu Dong is naturally what to say, after thinking carefully, said,"Slave girl think since the old Duke hit our adults, Mrs. Qi on the young lady on the attention of the young lady is very good, what is good will be sent over to the Qu Mansion, it seems that all of a sudden

especially valued young lady as if, but the slave girl think that this is actually the most important thing is to show the old Duke of the country.”

There was a friendship between the two, but it had been nothing more than that when they used to come to the door, and now it was so sudden to be so cordial and almost facetious about the situation.

“Why would Mrs. Qi want to do it to the old Duke of State?” Qu Mo Ying continued to ask after a moment of silence, her gaze dropping down to land on the food box on the table.

The food box is very delicate, even just a box can be seen is carefully prepared, as for the inside should indeed be the palace to give the snacks, Qi Gongfu has always been very by the grace of the saint.

“Because the old Duke of State valued Miss, valued the Second Lady, and even beat up the adults for the Second Lady before, the Dowager Lady would pay so much attention to Miss.” Yu Dong’s words circled back around.

Sounds like a repeat of the previous conjecture, not half a point of benefit, but in fact has spoken a fact, Mrs. Qi is because of the old Duke of the country will be high Qu Mo Ying, will be Qu Mo Ying love and favor, but in fact, the two sides do not have too much affection, all of this, is to do for the Duke of Qi look at it only.

Everything is the face of the old Duke.

Qu Mo Ying had a feeling that the secret of her mother’s life existed and ended up in the Duke of Qi’s residence, and all the pointers were to the Duke of Qi’s residence, but she didn’t have half a point in her heart to be happy about it.

Took a hard breath, no longer concerned about the Qi Gongfu, to come sooner or later will come, they have gradually lifted the most secret layer of the veil, all this will be immediately understandable, is not it!

This snack, this post, came at an interesting and coincidental time ...

"What did cousin say there?" Qu Mo Ying asked, her hand falling down from the top of the return post, her stunningly beautiful features still carrying a few pallor points, but her eyes were cold and chilly.

Eyelashes because they have been bound, appear more curly, reflecting a pair of beautiful eyes full as autumn water, only this autumn water as always cold color.

"Lord Yue has a letter for you." Yu Dong took out the letter from his bosom, he Fang was going out before coming back, before that, he was going to the Da Lisi to probe for news.

Qu Mo Ying took the letter, folded it open and read it, and when he finished reading it, his willow brows slightly frowned.

"Miss, is something wrong?" Yu Dong was the best at reading people, one look at Qu Mo Ying's expression, she knew something was wrong.

"Yu will be sentenced soon! Execution after the coming fall." Qu Mo Ying looked at the envelope, re-read it again, and slowly said.

"Why is it dragging on for so long after next fall?" Yu Dong froze for a moment before saying in disbelief.

"This matter although the trial down, but some processes still have to go, just go in the back, so down, after the fall execution has been too late, it is pushed to the next year's fall." Qu Mo Ying closed the envelope, gently put it down on the table, pondering.

"Can't it be faster? Did someone deliberately tamper with it?" Yu Dong thought of another possibility and said.

"It is someone who has moved inside, but since Yu is not willing to die right away, it is also possible." Qu Mo Ying revealed a hint of a smile that seemed like a laugh, with a few chills, "When a person dies, they know nothing more, it's better for her to see that everything that was calculated will be overthrown!"

Qu Mo Ying said this very softly, almost talking to himself, but Yu Dong heard a shiver, subconsciously looked at his own young lady, the young lady in front of him was still soft and weak, compared to the

other young ladies looked even more soft and weak for a few points, such as jade like a condensation of the white small face, penetrating a wave of pallor.

The only thing was the hint of a smile on her lips, which made her look a bit treacherous, as if she was a ghost waiting in the dark night, absolutely beautiful and bloodthirsty.

Bewitching the prey with the most harmless of appearances, and then it's a one-shot kill!

This is in fact very much like with their own master, and even the appearance is also such a great color of the city, before seeing Miss, Yu Dong think there is not a Miss can match the appearance of their own master, but since seeing the talent of the Miss, Yu Dong only feel that this is the perfect match, is the real perfect match.

It's not just the dumpy looks, it's also this heart!

The heart slowly relaxed, there is a master in, there is a young lady in, what else can he be afraid of? The color of Yu Dong's eyes went from confused to frank, and then it was ... reassuring.

Yes, following the King and Miss, he was at ease and not terrified.

"Miss, what is to be done?" Yu Dong asked as she composed herself.

"Don't worry about them, if you want to live, you can all live for a few days, sometimes living is more painful than dying!" Qu Mo Ying lowered her eyes and laughed lightly.

She was the one who had died once, and this next would make those who had victimized her suffer more than death.

"Get ready, I'm going to the Da Lisi to see someone, you go and report to grandmother!" Pointing to the envelope, Qu Mo Ying slowly commanded.

I didn't realize that my cousin had given himself a surprise.

Chapter 560 The Nun's Secret

When she heard that Qu Mo Ying was going to see Yue Wen Han to ask about Yu's case, the dowager lady didn't stop her, she only had her instructed to be careful with a few words and didn't say anything else.

Qu Mo Ying got into the Qu Mansion's carriage and took Yu Dong to the Da Lisi.

When she arrived at the Da Lisi, Yue Wen Han's people had long been waiting there, guiding her toward the side door that wound into the Da Lisi.

When he saw Yue Wenhan, Yue Wenhan's brows were furrowed, and when he saw Qu Mo Ying, he only had one sentence, "Cousin really wants to see that female nun?"

The female nun's matter is actually also very subtle, first was King Jing took away, but not long to send people back, the female nun was not tortured, but scared half to death, after arriving at the Da Lisi, asked what to say, only one sentence, do not send her to the West Prison, visible is in the West Prison scared out of her wits.

Afterward the sentence of death was passed, and that was all, even better than when she had been sent back from the Western Prison in the party.

This is also considered a farce, and still King Jing's farce, take away when said how powerful, send back when it seems how gray, but this matter of the Da Lisi people have closed their mouths, King Jing's jokes are not something they can look at, can say, we all pretend not to know, only in the heart feel that this King Jing's tiger head, snake's tail.

The impact of this matter on the Yue Wenhan is not too big, originally the female nuns back or not are not in the way, can be sent back also does not matter, but since the West Prison to send people back, he can not not take over, the cause of this matter is still in his hands, so find the time to deliberately go to see the female nuns a glance.

Casually asking the female nun what her request was, he didn't expect the female nun to want to see his cousin.

This matter Yue Wenhan can not do the main, so write things in the envelope to Qu Mo Ying sent over, did not expect Qu Mo Ying really personally over a trip, originally thought that at most it was a letter.

It's not like my cousin knows this female nun.

"Cousin, I want to see her, since she has something to tell me." Qu Mo Ying was silent for a moment and reaffirmed.

She had a hunch that this female nun might be an unexpected blessing.

"Okay, I'll take you there!" Yue Wenhan saw that she was so insistent, so he didn't excuse himself anymore, it wasn't a big deal in the first place, he was just afraid that the female nun would be unlucky.

"Cousin doesn't need to send me there, just have someone take me there, since the female nun wanted to see me and didn't pass the word to cousin, it's evident that she only wanted to talk to me about this matter." Qu Mo Ying shook his head and refused.

Hearing her words make sense, Yue Wenhan nodded and called over a beloved clerk, and after instructing a few words, Qu Mo Ying followed the clerk and left.

Qu Mo Ying did not go to the cell to meet the female nun, and brought the female nun to a room in a remote corner of the interrogation and training, where Qu Mo Ying was already waiting.

When he saw the female nun before, he was still desperately trying to make a cunning argument, and when he saw the female nun again, he saw a female nun who was powerless and pale without a trace of blood in her face.

Upon entering the door, he sat down heavily on the floor when his feet gave out.

Qu Mo Ying waved his hand and the paperwork retreated, Yu Dong walked to the door and closed it slightly, he then stood behind the door noting the movement outside.

"I heard that you wanted to see me, what's the matter?" Qu Mo Ying looked at the paralyzed female nun with a pale coldness.

The female nun held the wall and stood up, did not move her feet, could see that she was scrutinizing Qu Mo Ying, a good half a long time before dumbly asking, "I heard that the Qu fourth young lady's birth mother, is the daughter of Jiangnan Yue's, was born when the capital was in great turmoil, and in that year, the Duke of Qi's house had many things happen.

Xiao Yue's and Yu's matter made such a big fuss, Xiao Yue's life was naturally also turned out, as a close relationship with the case of female nuns, these days also vaguely aware of the news.

"Then ... what about it?" Qu Mo Ying's eyebrows moved slightly, to still be concerned about these things at a time like this, one could only say that this female nun's obsession was very deep.

"Fourth Miss Qu, before I was a nun I was actually a maid of the Duke of Qi's residence." The female nun said.

Qu Mo Ying's heart surged, although there had been a guess, guessing and actually hearing it were completely different.

"So what?" Qu Mo Ying scrutinized her and asked in a slow voice, "The one you're going to look for right now should be Prefect Jingyu, not me!"

The Duke of Qi's House was only a family of lineage for Qu Mo Ying, and it was already far away.

Xiao Yue's is a married woman, Qu Mo Ying is just the daughter of a married woman, and this is even farther away in the future.

"Can I ... see your appearance?" The female nun was silent for a moment and suddenly said, her eyes had a thirst in them, no longer the gloomy look she had before.

“Who do you think I am?” Qu Mo Ying asked rhetorically, extremely indifferent, “If you want to say it, say it, if you don’t want to say it, you don’t have to say it!”

The female nun seemed to struggle for a bit, but still said, “Qu Fourth Miss, I think your mother is the ... Miss of the Duke of Qi’s House.”

“Why do you say that? Could it be that there’s some shocking secret in here? Aren’t you afraid of implicating yourself?” Qu Mo Ying’s expression remained indifferent, as if he had realized it earlier, but just didn’t say it for a while.

Hearing her calm voice, the female nun’s hesitation in her heart was slightly reduced, and her complexion couldn’t help but calm down, she, a person who was about to die, actually really wasn’t afraid of anything right now.

Whether it’s the previous identity lifted out, or the things done now, no matter which one, it’s a capital offense, and you can only die once.

“Fourth Miss Qu, I used to be a second-class maid beside County Lord Xian’an.” The female nun said, her body gradually softening before she sat down on the ground again powerlessly.

“So?” Qu Mo Ying continued without surprise, “This has something to do with my mother?”

“Does Fourth Miss Qu know that at that time, the county princess was pregnant, and was already eight months pregnant when she was arrested.” The female nun took a deep breath.

Qu Mo Ying did not say anything, hanging eyes quietly listening, looking calm as water, only she herself knows, this moment her waist and back is taut, taut.

“Not just the county princess, Mrs. Duke of Qi was also pregnant, about the same month, and then I heard that Mrs. Duke of Qi was shocked and gave birth to the Duke of Qi’s eldest young lady early, but I didn’t hear about the child that the county princess gave birth to.” The female nun continued, seemingly trapped in memories, word by word, speaking very slowly.

Qu Mo Ying remained silent, she knew that what the female nun needed at this time was just a listener, she knew that listening would inevitably lead to something.

The fact that this female nun could still want to say the words to herself at the very end originally represented the last piece of obsession with the truth of this matter.

“Obviously there are two children, but in the end, only one person survived, the other ... another child it, that is a girl, Qi Guo Gongfu has two girls, the county lord to my family have a great grace, I am not this side of the capital, followed the county lord married over when the age is still small, and then only slowly rose to the second class ... Even as a second class maid, the county lord also trusts me extremely.”

The past was almost buried in her memory, but she had never forgotten it.

“Qi Guo Gongfu had an accident, all the people were arrested, fortunately I’m just a second class maid ring, caught too many people, and no one cares about me a second class maid ring, and not the kind of special can’t escape a first class big maid ring and stewardess, all the people are all captured, I escaped, and then someone... ..someone found me, let me think of adopting the daughter of the Sheriff, the daughter of the Sheriff born prematurely ...”

“Who asked for you? You had already become a female nun by that time?” Qu Mo Ying’s watery eyes flashed as she seized the key point in time and asked.

“I escaped at that time, met the old nunnery master, found a reason, the old nunnery master saved me, immediately fell into the hair as a nun, so that it will not be found, but there are still people who have found me ... there ... are the old king’s people ... “The female nun swallowed A mouthful of water, difficult to say.

It was a mess at that time, and she was in a mess too, just wanting to hide, afraid that the magistrate would find her, very, very afraid.

“The old prince? The traitor Qin Wang?” Qu Mo Ying immediately guessed who she was talking about, in the Three Kings’ Rebellion, the leader was this King of Qin, but at that time the Three Kings’ Rebellion had already subsided, it was the time to settle the score after the fall, which led to the great purge in the capital, the capital side of the extermination of many families.

Even if it is a century-old family, there are many that have fallen to the ground overnight.

“Fourth Miss Qu, please don’t talk about the old prince like that, but it was indeed the old prince’s manpower, probably the one who secretly protects the county lord, informing me that he would bring the county lord’s daughter to sneak out of the prison, and raise her on my side later, but that day I waited until the evening, and the person who came didn’t bring the child, and only vaguely said that the child had already been safely released from the prison, and after saying that the person left, saying that they were going to go to look for the world’s son.”

Woman nun some excitement, then too chaotic, the man said can not save the princess, the child can be sent out has been very good, and after that do not dare to stay in the capital, in a hurry to leave, and even under the busyness did not deal with know part of the inside information and no child to protect their own, at that moment again is a life of death.

The Qin King’s son had escaped from the Three Kings’ Rebellion at that time, some people said that he had escaped to the Northern Border, others said that he was in the Southern Sea, there was even one that said that it was the land of the Western Qiang, there were many different opinions, but there was one thing that could be affirmed, that this Qin King’s son should be really fine.

In fact, not only the Qin King’s son, the King of Chu and Han also have their own sons and daughters escaped, just looking for so many years has not been found, but in fact, secretly still has been looking for.

The so-called West Prison initially looked into this very thing.

Pei Luoan had once secretly talked to Ji Hanyue before, only to say that the Three Kings’ Rebellion appeared to have subsided for more than thirty years, but in reality, there had always been winds and tides in the shadows, or else there wouldn’t have been people involved in this matter every few years, and the lingering aftermath from the beginning had not yet disappeared, making it seem like there were all those people looming behind some of the things that had been going on.

Both did not press to the chest, Qu Mo Ying also know that his heart sudden frenzy, this kind of thing who dabbles in is an extremely troublesome thing, originally this kind of thing should not be her should ask, if she is wise, this time should turn around and leave, instead of still sitting here, listening to this female nuns to tell the year’s things out.

Yu Dong had already implicitly looked at her a few times, but she still sat down, exhaled deeply, slowly calming the frantic beating of her heart, skipping over the matter about the Three Kings' Rebellion, her watery eyes lifting up to look at the female nun and calmly asked, "So, you suspect that my mother's birth has something to do with the Duke of Qi's House? Who do you think my mother's mother is?"
