

## **Noble Wife 571**

Chapter 571 Who is it fairer to check first?

“This king’s concubine consort has a piece of jewelry at the palace, is the palace treasures, is the mother consort rewarded, just this jewelry is actually a mistake, the mother consort to reward is not this one, but another, this king and concubine consort originally decided to send into the palace tomorrow, did not think that the party suddenly disappeared.”

Pei Yusheng pressed down the annoyance in his heart and had to explain clearly.

“The only people who came to the concubine consort’s house today were the First Lady and the Fourth Miss Qu. This king asked just now, the First Lady has been accompanying the concubine consort Qu, and the only one who has come in and out is the Fourth Miss Qu.”

“I’m not the only one who went in, why does Your Highness suspect me alone?” Qu Mo Ying said in a deep voice.

Luo’s hand at the corner of her coat pulled her tightly, afraid that she would not be able to think of a single thing.

“Place the box of ornaments on the inner door, there put a dressing table, weekdays when it is the concubine consort to place some unused ornaments, that thing is missing there, listen to the concubine consort’s maid said, qu four miss a moment of time, is a person with the maid standing there, in addition to the qu four miss, other people and then there is no time.”

Originally in the thing, suddenly disappeared, the only Qu Mo Ying has timing, as for Qu Mo Ying side of the maid, naturally will not be a witness.

Hearing Pei Yusheng say this, Luo’s hand shook fiercely, this matter she also remembered, originally it was Qing Ju who brought Qu Mo Ying’s master and servant to see Qu Cai Yue, at the door Qing Ju had something to forget and re-entered the inner room, Luo also said a few words to her at that time, and then only let her go when she saw that she was eager to leave.

At that time, Quemoying should have been at the door of the inner and outer rooms, right?

"Shadow girl, at that time, you were at the door?" Luo asked eagerly, flustered.

"Eldest Auntie, Qing Ju brought me to the doorway to leave, and I waited there for Qing Ju to finish everything before I left." Qu Mo Ying said frankly.

Lo's lips trembled a pale white.

"Fourth Miss Qu also said so, it looks like it's naturally true, Fourth Miss Qu, please!" Pei Yusheng urged in a cold voice, since the matter had been made clear, he was also justified.

"Your Highness, wait!" Qu Mo Ying suddenly said, the smile at the corner of her lips became more and more gorgeous, even with the eye veil blocking it, one could imagine how colorful the features under the eye veil were.

"What else does Fourth Miss Qu have to say?" Pei Yusheng's brows furrowed, why was this familiar feeling getting stronger?

"Since the item was missing from concubine concubine Qu's place, I don't know if we've found concubine concubine Qu's house, maybe the item is still there and just accidentally fell to the foot of the table or something else." Qu Mo Ying asked back extremely calmly, "And how can Your Highness determine that what Consort Qu said was not a panic story?"

"How is this ... possible?" Pei Yusheng was asked rhetorically for a moment and only uttered such a sentence.

"With my relationship with Concubine Qu, what else does Your Highness King Jing think is impossible?" Qu Mo Ying sneered.

"If Fourth Miss Qu must allow this king to check on Concubine Qu, it's also possible, while this king will have people check on Concubine Qu, he will also ask Fourth Miss Qu to go to the courtyard first to have the house's grannies check it out." Pei Yusheng made a decision after a moment of silence, and this was considered his concession.

Compared to Qu Mo Ying, of course he believed more in Qu Qiu Yan, Qu Qiu Yan not less in front of himself, talking about this Qu Fourth Miss in front of him, saying that looking at a poor and delicate, but in fact it is a ruthless heart.

After Yu's matter came out, Pei Yusheng also reprimanded Qu Qiuyan, but seeing Qu Qiuyan kneeling on the ground, kowtowing vigorously and crying uncontrollably while sobbing, his heart was ultimately softened.

In hindsight, Qu Qiuyan's words also have a few points of truth, if this Qu fourth miss is really a good person, Yu's things could not have come to this extent, when Yu was forced to leave the Qu House.

Thinking this way, he naturally preferred to believe Qu Qiuyan.

"This king has always been fair in his dealings, neither will he favor concubine concubine concubine Qu, nor will he condescend to fourth miss Qu." Pei Yusheng purposely aggravated another sentence, his eyes landed grimly on Qu Mo Ying's body, "If the Fourth Miss Qu still insists on threatening this king with death, this king will also inquire clearly, even if Father Huang asks about it in the future, this king will not be at fault in any way."

These words were a few moments of hostility, and at the same time expressed disinterest in Qu Mo Ying's life and death.

But it is a small minister's daughter, it is hard not to really think that you can hold yourself with your life, Pei Yusheng has never been held by any woman.

Looking at the extremely weak Fourth Miss Qu in front of her, her heart inexplicably flashed with disgust, this woman really took herself seriously, this was her own King Jing's Mansion, not the Servant's Mansion.

It's a real no-brainer!

Qu Mo Ying's face did not have a trace of uneasiness or half a bit of trepidation, as if he did not hear the threatening intent in Pei Yusheng's words, "It is better to ask Your Highness to check on Concubine Qu first!"

"Are you insistent on not obeying?" Pei Yusheng's face was ugly.

"Not not from, just want to let King Jing Your Highness justice, Qu concubine consort is the concubine consort of His Highness, whose biological mother killed my mother, now the Da Lisi has already determined the case, at this time Qu concubine consort make such a scene, outsiders seem to be Qu concubine consort want to harm me, if I don't crash and die here, I'm afraid that I'm also sorry for her calculations."

Qu Mo Ying said frankly, without a hint of panic, her voice almost considered warm.

But this warmth made Pei Yusheng have to pay attention.

This matter, if it is involved in the Yu's matter, even he himself would be hard to get out of it, people from the crown prince's lineage would definitely pull the plug on him, not to mention the fact that that thing is also not to be seen by anyone, if Pei Luoan knows about it, it would cause even more trouble.

The Qu Mo Ying in front of her was too frank and persistent, Pei Yusheng had to re-examine this Fourth Miss Qu in front of her, not understanding where this one got her backing and dared to confront herself head on.

The heart of the sudden jump, suddenly remembered that this one, is also Pei Yuanjun fancy people, think of Pei Yuanjun, think of the West Prison, think of that day in the West Prison and suffered a shock, Pei Yusheng this just woke up, this can not really happen.

And her status was not simply that of a lady in waiting.

On the one hand, she is the cousin of the first Crown Princess, Pei Luoan may come from this cause and can directly intervene in this matter, as for Pei Yuanjun it will be more legitimate.

Against Pei Luoan, he was able to maintain a bare balance, for Pei Yuanjun, Pei Yusheng knew clearly that if he continued to be tough and forced this Fourth Miss Qu to die in the King's Mansion, this King's Mansion of his own would really be a big deal.

Who knows what will happen to that madman Pei Yuanjun, the degree of father's favor for Pei Yuanjun, may not even be able to keep his position as King Jing, not to mention the future battle for the throne.

This Fourth Miss Qu in front of her even though she may not necessarily be able to get into Uncle Wang's heart, but at least explicitly she can't hit him in the face.

"Someone come, go check on Concubine Qu." After Pei Yusheng's heart fluttered for a while, he finally settled down and ordered a chamberlain with a gloomy face.

The chamberlain rushed off.

"The First Lady and Fourth Miss Qu will take a short rest on the side, and after this king has investigated, I also ask Fourth Miss Qu to give this king an understandable explanation as well."

The investigation is necessary, but the investigation should be fair, then it starts with itself.

"Many thanks to Your Highness King Jing." Qu Mo Ying sidestepped and bowed, extremely respectful.

Pei Yusheng snorted coldly and turned around to lead the people away, Qu Mo Ying and Luo followed the granny on one side to take a short rest at the side courtyard.

With Pei Yusheng's words, the grannies no longer dared to peek at Qu Mo Ying, and were much more respectful in their behavior.

Luo has long been scared face like dirt, the whole person shivering, lifting steps are difficult, after sitting down, slowed down for a long time before slowing down, raised his hand to grab Qu Mo Ying's hand, "Shadow girl, you in the end ... did not take Yan girl's things?"

"Great Auntie thinks I have such small eyes?" Qu Mo Ying raised her eyes to look at Luo and sighed.

"I'm not ... I'm just scared ...," said Luo, in a six-fold voice.

"Big Auntie don't worry, how could I possibly not do such a thing, Third Sister should be setting me up again." Qu Mo Ying blandly said.

The words were spoken extremely calmly.

The meaning of the words but let Luo's face white again a few points, now Qu Qiuyan is not the previous Qu third miss, if she wants to deal with Qu Mo Ying, this time can not, this can be how to do in the future, have to hurry to talk to the dowager lady, let the dowager lady think of a way to do it, this can not be in the future to let these two sisters meet again.

If every meeting is such a life and death drama, we might as well never see each other again.

"You ... you don't mess with her in the future, stay away from her." Luo urged her, afraid that she didn't understand, and added a special sentence, "After all, it's the concubine consort of the King's House."

"Don't worry, Great Auntie, I know." Qu Mo Ying smiled faintly and pacified Luo.

"Then ... what in the end is that jewelry, worth such a big fuss." Luo's again chagrined, "At that time should not let you follow over, I come alone on the line."

Qu Qiuyan was bound to be counting on Qu Mo Ying because of Yu's affair.

Invisibly, Luo had already believed Qu Mo Ying's claim, after all, Qu Qiuyan had quite a few previous convictions.

"Eldest Aunt, if she wants to harm me, it's not something I can avoid if I want to, fortunately, His Highness King Jing is a sensible one, willing to treat this matter justly, checking on Third Sister first, I

think that thing should still be at Third Sister's place, Qing Ju that would be a purposeful way to throw me there, so that people can see that I've been standing there for a while."

Qu Mo Ying said, his eyes swept over the Jing Wang Mansion's granny, which would also be waiting inside, just standing to the side with her head lowered and not speaking, as if she wasn't there.

As long as they are in this house, they are bound to hear them as well!

"It's also right ... that time Qing Ju was suddenly back in." Luo thought about it carefully and felt that it made sense, and her heart became more and more determined that Qu Qiuyan wanted to harm Qu Mo Ying.

Just this will have been no news, the heart flocculation, stood up and went to the door to look, waited for a while and did not see the movement, alas, sighed and came back, another burst of annoyance, and then stood up again, walked to the door ...

Luo's annoyed, no heart to speak, Qu Mo Ying is frank, she can be sure that Pei Yusheng can find this hairpin, that hairpin is unseen, Qu Qiuyan how to get it from King Jing, I am afraid that it is also still a problem ...

Qu Qiuyan only knows to count herself, but does not know that some things even if she is King Jing's people, is also taboo ...

Chapter 572 Deservedly beaten

"The king ... asked you to come and search?" Qing Ju stopped in front of a chamberlain and said sharply.

"It's the king's intention, and you're still not allowed to open." The chamberlain said in a cold voice, reaching out and nonchalantly pushing Qing Ju, directly stealing her aside.

A couple of resourceful little chamberlains following him rushed in.

Qing Ju still wanted to stop, but seeing their wolf-like aura, she bit her lip and turned to run inside.

Qu Qiuyan in the inner room also heard the commotion, she sat up with her hand propped up on the bed, and asked Qing Ju, who ran in in a panic, in surprise, "Qing Ju, what happened?"

"Your Highness, the king has sent someone to check our place, saying that maybe something was lost in our place." Qing Ju hurriedly said.

Qu Qiuyan was shocked, but then relaxed, "Let them investigate if they want to!"

After saying that his body leaned back and reached up to press his head, "I'm not feeling well, so let them toss and turn!"

The hairpin has long been in Qu Caiyue's place, this is bound to be in the hands of Qu Mo Ying, she is really not afraid of King Jing to check, it should be that bitchy girl Qu Mo Ying attracted King Jing to search.

But so what?

In the end it will still come down to Quemoy Ying, but with a twist in the process.

"Niangniang ..." Qing Ju was not as calm as Qu Qiuyan, her heart was very weak, she still wanted to say something, but she saw Qu Qiuyan glaring fiercely at her, before she woke up, and hastily stopped her mouth.

"Come over and help me rub my head, my head hurts." Qu Qiuyan slowly closed her eyes and said feebly.

Her face was pale without a trace of blood color, the whole person's spirit is not good at a glance, this will pretend to be sick, it is even more comfortable.

Qing Ju saw her acting like this, and her heart was slightly settled, and like Qu Qiuyan, she also felt that it was impossible for this matter to be reversed.

Now it is just a routine, in the end nothing can be found out, aggrieved master, the king is bound to coax his own master.

Thinking this way, his heart relaxed, walked to the front of the bed and squatted down, stretching out his hand to press and rub at the acupoints on Qu Qiuyan's brow.

That's what a couple of chamberlains saw when they entered.

Qu Qiuyan closed her eyes and leaned quietly on the bed, the maid was rubbing her head, even so, Qu Qiuyan's complexion didn't look too good, the center of her brow was still very uncomfortable.

A few chamberlains could have peeled Qing Ju to the side, but they didn't dare to really startle Qu Qiuyan, and their footsteps and hands couldn't help but lighten up.

Look at the meaning of the concubine consort of Qu, should be aware of this matter, but did not send another person to block, originally illustrated her attitude, did not block it is good, can let them properly complete the task, can deliver on the line.

A few chamberlains first went to the door, which was said to be the most likely to be dropped by the doors of the inner and outer rooms, and originally the pin was in front of the dresser by the door.

The ornamental boxes placed on the dressing table Quite a number of them, one by one, were carefully opened, none of them.

Another person looked up on the floor and in the corners, still nothing.

Suddenly a chamberlain gave a low exclamation of surprise.

“What’s wrong?” The leader’s inner attachments looked over sharply.

“Here ... isn’t it?” The chamberlain asked, reaching out to Buddha in the corner of the dresser.

That is against the inside of the corner of the gap, is not big, look also does not look like will fall things there, party has been a chamberlain checked, but also just glanced, not this chamberlain to see carefully.

Sure enough, there was a faint flash of light there, and when I looked closer, it was a hairpin.

A few chamberlains lifted the dressing table away and picked up the hairpin from it, and seeing a full moon above the hairpin, the chamberlain exclaimed in surprise, “It’s really that hairpin, it actually fell down.”

Qu Qiuyan on the bed had opened her eyes long ago, and at this time she could not care less about pretending to be weak, holding Qing Ju’s hand and sitting up straight, reprimanding briskly, “What kind of hairpin, look carefully before you say anything else, and bring it over for me to take a look at it!”

That hairpin has obviously been given to Qu Caiyue, letting Qu Caiyue follow her own words and send the hairpin to Qu Mo Ying s hands, how come it is still with her now, how is this ... possible?

*freewebnovel.com*

“Your Highness, it is indeed the hairpin that His Majesty said.” A chamberlain smiled and said, but did not bring the hairpin over, “The slaves still have to deliver it to the king, so we won’t bother the empress.”

After saying that, he greeted the other chamberlains and left.

Qu Qiuyan anxious, still want to call people to stop, just which is too late, a few chamberlains flashed to the outside, straight away, even the chaotic dressing table jewelry box did not give the finishing touches.

The bed Qu Qiuyan face changed greatly, unbelievably looked at Qing Ju, saw no color in the face of Qing Ju ...

Luo was still sitting still, every now and then she stood up and went to the door to look around, and she didn't have the heart to talk to Qu Mo Ying, her brow furrowed to the point where she could almost clip something.

Finally, a chamberlain arrived late to her expectations.

"Madame Luo, Fourth Miss Qu, our prince sends you an indemnity gift, before it was the concubine consort who misread the situation, indeed it just fell into the crevice, it has nothing to do with Fourth Miss Qu."

The chamberlain waved his hand, and the two maids behind him came forward, putting down the gift box in their hands, which was very generous.

"Our prince will have something to go to the palace this time, next time there is a chance to inevitably come to the mansion to give the grand madam and the fourth young miss to accompany them." The chamberlain smiled into a flower, and his posture was put extremely low.

Qu Mo Ying lowered his head and played with the handkerchief in his hand, his expression was leisurely, he originally knew this result, naturally he would not be as nervous as Luo.

When she came back with Yu Dong, she let Yu Dong keep the hairpin, just for this time, what is said to go to the palace, I'm afraid that this time is to go to the Xingxin, simply do not care about the people of the Qu Mansion, originally entertained the Qu Mansion is to look at the Qu Qu Qiu Yan's sake, now even the Qu Qu Qiu Yan are reprimanded, what else to take into account.

The so-called paternity is just a superficial favor.

Since Qu Qiuyan dared to take out this hairpin to assassinate herself, she must be unaware of the problem of the hairpin's origin, which could not be casually disclosed to the public.

Luo exhaled hard, a heart finally fell to the ground, because of too much tension before, her body shook and almost fell, the people around her hurriedly reached out to help.

"Nothing is best, nothing is best." Luo's na na na said, she this time where still dare to say what to accompany things, just want to peacefully return to the house, nothing happened.

"Can we take our leave and go back?" After settling down, Luo asked.

"Naturally it's possible, First Lady, Fourth Miss, please!" The chamberlain laughed, and his body moved to the side, while making a point to say, "The First Mistress also please accept the gift, or else the lackey won't be able to deliver in front of our king."

"Gift ... is still not necessary, it is good to be fine." Luo's footsteps stopped, difficult to say.

"If the eldest lady does not accept, our prince must necessarily have to personally bring a gift to the door, this matter is our prince misses the investigation, aggrieved the eldest lady and the fourth young miss, when there is time, have to let the concubine consort also come to accompany the crime."

The chamberlain continued to laugh.

Qu Qiuyan is the daughter of the Qu Mansion, her current status is unstable, letting her go back to the Qu Mansion to accompany the crime will lose not only Qu Qiuyan's face, but also the face of the Qu Mansion.

The first lady originally did not want to accept, think of this place, but had to agree to accept, this has become this way, she now just want to hurry back, report things to the dowager lady, there is a dowager lady to make the decision.

"Your royal highness is polite, many thanks to your royal highness." Luo smiled awkwardly, but had to instruct someone to accept the gift box.

The chamberlain attentively sent them to the carriage parking place, and even reached out to help Luo in a flattering manner, Luo panicked and almost fell off the carriage pedals with one foot, or Qu Mo Ying reached out to steady her.

After Luo went up, Qu Mo Ying followed, the chamberlain still wanted to reach out, Yu Dong had already taken two steps forward and blocked the chamberlain's hand, saying with a smile on her face, "I don't dare to trouble the eunuch, the slave girl helped our young lady up."

The chamberlain no longer came forward, smilingly watched them get into the carriage, then the carriage went all the way forward and turned out of the Qu Mansion, this time there was no need for Luo's command, the coachman's carriage rushed as fast as it could, just wanting to leave far away, where would they dare to stay.

Maybe King Jing would send people to chase them out again in a while, and then it might not be so simple to leave.

Their carriage only left the edge of King Jing's mansion, the other side came over a group of people, wide and almost extravagant carriage, parked in front of the door of King Jing's mansion, and there was a chamberlain who had already come forward to report ...

The people in the Qu Mansion were scared out of their wits, and one by one they fled back, and all the subordinates here in King Jing's Mansion were trembling with fear, not daring to make a sound.

Pei Yusheng led a few chamberlains and guards, all the way over, all the subordinates that he saw, all panicked, kneeling and crouching to the side, waiting for Pei Yusheng to pass for a long time, before they dared to raise their heads and look around, and then got up in a panic.

Anyone who knows that his own prince is angry, looking at this appearance or towards concubine concubine concubine Qu's courtyard, it should be concubine concubine concubine Qu who has provoked the prince.

This concubine consort is also a stupid, only to enter the house on one after another to cause things, before entering the door, directly by the king to drive aside, and then should be careful to warm, pacify the king, in the king's house only really like a female master of the look.

Although it is not the main consort, but now at this time, in the king's house is also considered to be no rival, I do not know how to actually pull the body of Aunt Qu, the two people also made a mess, make such a big mess, the specific what the House's subordinates are also not clear, only to say that this Qu concubine concubine consort seems to let people before to kill this Aunt Qu.

Even if this Auntie Qu is no longer a bad person, she is still her cousin, so is she guilty of this?

Don't you know that you have to be forgiving?

See, now you've got your comeuppance. You've messed with the King!

The subordinates in the mansion secretly shook their heads in their hearts, they all felt that this concubine concubine consort Qu was unwise, shouldn't she be holding onto the king's heart at this time and hurrying to give birth to an heir? What's the point of messing with a tiny aunt, and this aunt's relationship with her is not ordinary.

The people in the mansion only guessed that it was because of Qu Caiyue's matter, but they didn't realize that the most important thing here wasn't Qu Caiyue, but that hairpin.

Pei Yusheng angrily entered the main house, and with a wave of his hand, everyone else retreated to the door, and the guards were even guarding the door, glaring at the maids and grannies in the courtyard, frightening them into backing away, not daring to approach.

Inside the main house, Qu Qiuyan had already gotten up, this time also can't care about pretending to be sick, her face changed dramatically to welcome out, saw Pei Yusheng, just wanted to speak, was Pei Yusheng head a hard slap, hit her backward two steps, fell heavily to the ground.

Chapter 573 Want to imitate one, are you worthy?

"Didn't this hairpin say it was missing?" Pei Yusheng snapped, his gaze icy cold as he looked at Qu Qiuyan.

"Your Highness, this ... this hairpin did not wind up before, the concubine thought ... thought it was the fourth sister who took it away, I did not expect that it would fall here, Your Highness... . this matter really has nothing to do with concubine." Qu Qiuyan covered her face and cried, and didn't dare to get up, and knelt down in front of Pei Yusheng close by.

This incident, even if she was mistaken, was not intentional and not to be blamed on her.

“Tell me, why did you take this hairpin from this king’s study?” Pei Yusheng asked in a cold voice.

“Your Highness, the concubine said before that it was ... because she saw that this hairpin looked good and wanted to take it to imitate one.” Qu Qiuyan didn’t expect Pei Yusheng to ask about this matter, and after freezing for a moment, she hurriedly explained.

This matter she explained before, thought it was fine, did not expect the king here still can not let go.

Which bitch did this hairpin belong to, or which bitch was it meant for? Qu Qiuyan hated and clenched her teeth secretly, but didn’t dare to show it on her face.

Her heart fluttered, could it be that it was really given to Qu Cai Yue? There was really a full moon on it, she had purposely said that it was given to Qu Cai Yue by King Jing in order to frame Qu Mo Ying before, that was what she said at that time, but now she felt that there was some truth to it, and her heart was hateful and anxious.

The hairpin was something she had occasionally seen in Pei Yusheng’s study, but it was placed to the side, looking not very valued.

The materials used are good, but the craftsmanship is actually average, just a round moon is a bit of a looker, just appearing in King Jing’s study is a bit wrong.

Especially after she picked it up and glanced at it, King Jing immediately told her to put it down, and his originally smiling face immediately became unhappy.

I can’t believe you’re so attached to it.

Qu Qiuyan kept her mind at that time, and secretly took the hairpin from the study this time, and when the time was almost right and the hairpin reached Qu Mo Ying, she went to report to King Jing, saying that she liked the hairpin and wanted to bring it over to take a look at it, and according to the drawing of the shape, let someone go and make a hairpin as well.

I didn't expect it to be gone before I brought it over, and after checking, the only one who had time was my own fourth sister.

That's how King Jing sent people to chase after the Qu Mansion's carriage, intercepted the Qu Mansion's people, and then, pressed to find out about Qu Mo Ying.

Now that the hairpin was recovered, Qu Caiyue thought that she was a sin of not investigating, not expecting that this matter would have to be investigated from the source, her face couldn't help but be flustered.

"Wanting to imitate one, are you worthy?" Pei Yusheng coldly glared at Qu Qiuyan, his eyes somber, "You're just a tiny concubine consort, not even a concubine consort, you don't really think you're the mistress of this king's royal residence, do you?"

"The king ... king ..." Qu Qiuyan's face reddened and tears fell from her eyes.

Even when she first arrived at the royal residence, Pei Yusheng had not been so unflinching as to directly poke her in the face of her untowardness, which had originally been her greatest fear, although she had allowed the people in the residence to call her Niangniang, and King Jing hadn't said anything about it, but after all, the name was not correct, and the palace had not formally indicated that she was until now.

"Qu Qiuyan, your grudge with the fourth miss of the Qu Mansion, this king doesn't want to say anything about it and won't ask about it, but your current status, which is too much worse than hers, is better to be more peaceful and keep to yourself, lest you make a mistake for yourself when the time comes!" Pei Yusheng continued to warn in a cold voice.

After hearing that the hairpin had allowed Qu Mo Ying to take it out of the house, Pei Yusheng's heart had been on tenterhooks, how could this hairpin fall into Qu Mo Ying's hands.

If the crown prince knows that the hairpin is in his hands, he will refuse to stop, besides, he does not know what the hairpin is used for, he just heard that the crown prince himself made it with his heart, and did not reward it to anyone, but just put it on the bookcase in the study.

Such a hairpin, must be interesting within, King Jing guessed that it might be Ji Hanyue, all said that the crown prince is infatuated with Ji Hanyue, making a hairpin with a full moon and putting it on the desk is very likely.

After all, in the persona out there, the Crown Prince generally sympathizes with the fact that it is this former Crown Princess that he loves most in his heart.

“Your Highness, concubine is not, concubine is really thought to have disappeared, concubine is afraid ... to be afraid of the tightness before talking to your Highness.” Qu Qiuyan cried out.

“You think?” Pei Yusheng lowered his body, strangled Qu Qiuyan’s neck, and laughed coldly, “You don’t think anything, you just need to know that in this king’s mansion, you have to curry favor with this king, and that this king can let you be a concubine consort, or he can let you be an aunt who is nothing, just like that cousin of yours.”

Qu Qiuyan shivered, but didn’t dare to struggle, allowing Pei Yusheng’s fingers to pinch out a blood mark fiercely on top of her tender chin before he pushed her away.

Receiving the handkerchief in the hands of the chamberlain, Pei Yusheng stood up straight and looked down on Qu Qiuyan, coldly grunted, turned around and left in large strides, and so on out of the door of the house, loudly instructed the chamberlain on one side, “In the future, you will no longer be allowed to allow concubine consort Qu to go into the study, and get into an argument with an aunt, and even disregard your own identity, grounded.”

Pei Yusheng was not willing to let people know about the hairpin, so he could only take Qu Caiyue’s matter to cover up Qu Qiuyan’s faults.

“Your Highness, what about Aunt Qu?” A chamberlain answered.

“Let it out, this has wronged her, send her a gift.” Pei Yusheng said as he raised his steps and walked outside, casually saying that Qu Caiyue was just a name with him, he hadn’t seen her since he entered the mansion and didn’t take her seriously.

He hadn't seen her in the first place, and he wasn't short of women, so why bother with such an unattractive one.

"Yes, Your Highness." The chamberlain retreated and respectfully waited for King Jing to leave, looking back at the main house behind him, where Qu Qiuyan's crying voice came from the main house.

The chamberlain tasted it back.

The concubine consort and a lowly aunt competed for favor, and in the end it was this aunt who won the competition, and the meaning of this was enough to make the subordinates of King Jing's House, their hearts turn out many thoughts.

It looks like this Auntie Qu is going to be promoted!

With this in mind, the chamberlain didn't waste any time, asking where this Aunt Qu was going and personally going over to release the person.

In the firewood room Qu Caiyue looked dumbfounded at the chamberlain in front of her, that kind of chamberlain was originally out of her reach, but now she is smiling and talking to her, although it's not the ultimate in respect, but it's also not as contemptuous and disdainful as it was in the past.

But this kind of chamberlain who served His Highness King Jing closely, for her, in the past days, she was just high and mighty.

I didn't expect to actually see the day when I could really see myself as a master, for a moment my eyes were red, since she entered King Jing's residence, what kind of days she had been living, only she knew best.

Not to mention that no one in the mansion treated her as King Jing's person, even a random maid or granny in the mansion could squeeze her and order her around, living a life that was worse than that of a coarse granny.

This was also the reason why she immediately agreed to come down and help Qu Qiuyan to count on Qu Mo Ying together after being threatened and enticed by Qu Qiuyan.

“The concubine consort does ... not blame me?” She asked in a trembling voice, wiping her tears with her hand.

“Naturally, I don’t blame you, the king has made a decision for you, how could the concubine consort blame you any more, now that the concubine consort is banned from her feet.” The chamberlain smiled and said.

Typical reporting of good news.

“What’s wrong with concubine consort?” Qu Caiyue’s hand wiping her tears stopped and looked at the chamberlain in shock, just now the chamberlain only said that she could go back, it was fine, and thought that Qu Qiuyan had let people come to release herself because her calculations had succeeded, and also used His Highness King Jing’s people because she was in favor.

“Concubine Consort has wronged Auntie Qu, His Majesty is most clear in his rewards and punishments, even if it is Concubine Consort, she will still be reprimanded.” The chamberlain laughed, thinking he understood the truth of this competition for favor.

That concubine consort is also indeed useless, even an aunt can’t compete, this will not be of great use in the future.

It would be better to make friends with the one in front of you early, this one’s family lineage and the concubine consort’s family lineage is now comparable, and it is heard that the concubine consort is now also just a concubine daughter.

“Wrongfully accused me?” Qu Caiyue repeated almost in disbelief, although it was also true that this was the case, but now that she heard someone else say this, her heart was thrilled.

“Yes, it’s wronged Auntie Qu, the king has said so, Auntie Qu please, go back to change clothes first, and then send a few handy snacks over to the king to thank him.” The chamberlain smiled and mentioned.

There are a lot of young ladies in the family who can make dim sum, and in the future, in the inner courtyard, you can at least do it occasionally to please your husband.

These words were completely different from what Qu Caiyue had imagined, she couldn't react for a moment and looked at the chamberlain in a daze, and when she was able to savor it in her heart for a while, she was ecstatic and nodded her head back and forth, "Many thanks eunuch, many thanks eunuch, I'll go back and prepare now."

"Alright, then let's go!" Seeing that she was still eloquent, the chamberlain was satisfied and turned to leave.

Qu Caiyue was stunned in place, agitated, her heart scratching hard, as if something had scratched her heart, pressing her heart with force, her anger force calming down.

Although she was still in a sorry state at this time, her face revealed an unprecedented bright light, and the words Qu Mo Ying had asked her earlier were even more ringing in her ears.

If there is a chance, she would not be willing to fall in the hands of the manpower, become Qu Qiuyan henchmen, and even more unwilling to their own son, by Qu Qiuyan's children suppressed, and now, the opportunity is not to come?

She had finally waited for this day as well, and Qu Qiuyan had finally had this day.

Exhaling a mouthful of turbid air with great effort, Qu Caiyue calmed the excitement in her heart, this time is the opportunity, she must compete with Qu Qiuyan for favor, she must steal Qu Qiuyan's position.

Qu Qiu Yue before the command of the thing, although she is also done, but now can be used in another way to say to King King His Highness cried ...

Pulling this casually worn garment on her body, Qu Qiu Yue went over to the courtyard she lived in, that courtyard was far away, and it wasn't lived by her alone, the people who came and went on weekdays were all subordinates, and when they saw her come over in such a sorry state, there were all kinds of things to say, pointing out all the taunts.

Qu Caiyue pursed her lips hard and told herself that all this is temporary, she will definitely let all these people kneel down at their own feet in the future, she wants to replace Qu Qiuyan to become the female master of these people ...

#### Chapter 574 Auntie Qu's Dim Sum

"Uncle Wang, do you have something to order my nephew to do today?" Pei Yusheng carefully looked at Pei Yuanjun, who was leaning back in his chair, and asked.

He had just left Qu Qiuyan's courtyard when he heard his subordinate report that Pei Yuanjun had come, and before he could welcome him to the door, Pei Yuanjun had already come in.

There was no choice but to gravitate closer to the flower room.

"It was His Majesty who asked this king to take a look at King Jing." Pei Yuanjun put down the tea in his hands and said indifferently.

Pei Yusheng was stunned and asked in surprise, "What is Father looking for me for?"

There wasn't much he had done wrong that would cause his father to get on his case if he thought about it himself.

"In fact, there is nothing, just let this king to ask King Jing side, is not there another woman of the House of Qu?" Pei Yuanjun said carelessly, his sleeping phoenix eyes slightly raised, looking not much fury, calm and elegant.

"It's this king's concubine consort." Pei Yusheng knew who he was asking about and said.

"A concubine consort is to be bestowed by the Empress Mother, has this woman been bestowed?" Pei Yuanjun was unimpressed.

“Still ... no, it hasn’t been officially reported to the Empress Mother.” Pei Yusheng’s eyes flickered for a moment and said.

“Why don’t you report it to the Empress Dowager, the matters of the inner destined wife are all presided over by the Empress Dowager, and I heard that this young lady of the Qu Mansion, was also given the meaning of marriage before?” Pei Yuanjun swept a glance at Pei Yusheng, the corners of his handsome eyes picked up, “Could it be that King Jing has other ideas? Is it because of the recent events?”

“No ... not, how is it a recent thing, just at that time in a hurry to enter the house, and then there are things that have not been put on the heart.” Pei Yusheng hurriedly said.

“Even if it’s not on your mind, this can’t be dragged out, yes is yes, no is no, we can’t let people say that we royals are too snobbish!” Pei Yuanjun said.

“This ... nature is not, is the little nephew really forget, but is the trouble of the king’s uncle to go so a trip, just this kind of thing is not all small things, how also bother the king’s uncle over?” Pei Yusheng fixed God said, words since it is so said, Qu Qiuyan’s position of this concubine consort is not rejected.

He didn’t have much of an idea to reject it before, but just before the party, he really wanted to put down Qu Qiuyan.

He just didn’t understand how his father would pay attention to the small things in his house when he was in charge of everything day-to-day, could it be that Crown Prince Pei Luoan was tripping him up again?

“The Crown Prince was also at the Emperor’s place just now, and mentioned it when he was talking about the thing that was making a lot of noise outside, and only then did the Emperor remember this unorthodox thing.” Pei Yuanjun leisurely said.

The flashing earrings between his ears gave his handsome smiling face, a little more evil.

The corner of his lips slightly hooked, "This king heard that something happened in King Jing's mansion just now and something was lost?"

Pei Yusheng's heart jumped suddenly, and he hurriedly said, "There's nothing going on, it's just that concubine consort Qu's things fell off, and now that they've been found, they're in their own house."

"Found it? I heard that you even detained the Qu Mansion?" Pei Yuanjun asked elegantly and languidly, as if he was really just asking casually.

Pei Yusheng's face changed drastically, it was only after this that he realized that Pei Yuanjun had only just arrived at his own doorstep as well, and actually knew some of it, how could he not be terrified.

Strongly smiled a little, "Is really nothing, is that Qu concubine consort and Qu four miss some ... discord, this thing also made a mess to me here."

Said here rubbing his brow, very helpless, "Women's family things are really annoying, a little bit of small things still make a mess like this, let uncle Wang see laugh."

Pei Yuanjun didn't say anything, fiddled with the tea in front of him for a bit, then looked up at Pei Yusheng, his voice not too high, "It's not that I would be laughing, I just thought that that Fourth Miss Qu's relationship with the king is not ordinary, and I'm afraid that if you didn't give her face, then the king's face would be lost as well."

He said this extremely mildly, and there was even a smile on his delicate face, but the meaning in these words made Pei Yusheng shudder.

It's hard for Qu Mo Ying just doesn't give Pei Yuanjun face, as for what will happen if he doesn't give Pei Yuanjun face, of course Pei Yusheng knows that this one is never good to be with, not to mention himself, even the Crown Prince if he doesn't give him face, he also has a pocket to go.

Accompanied with a smile, hastily explained, "Wang uncle, you can rest assured, this matter is really solved, really is not a big deal, Qu fourth miss left, the little nephew also specially let a person send two gifts, Qu fourth miss also gladly accepted."

Regardless of the truth, it was certain that he had received his gift, and the words certainly had to be said in a sheepish manner so as not to annoy the bogeyman.

Even if Pei Luoan was giving him nails behind his back, and then there was such a Pei Yuanjun, he couldn't truly afford it.

This will be even more annoyed with Qu Qiuyan's insensitivity, she thought that her position as such a concubine consort would be secure, thought that her position would be higher than this Qu fourth miss, but did not think that this sister of hers is already considered the face of the king's uncle, which there is still anyone who dares to fold his face.

This matter was similar to his previous guess, with Pei Yuanjun's cold and thin nature, it was impossible for him to really be attracted to a woman, but letting someone fold his people, he wouldn't be able to tolerate it.

Pei Yuanjun didn't say anything, narrowing his eyes finely as he scrutinized Pei Yusheng.

The smile on Pei Yusheng's face was set to stiffen, and he finally heard this king's uncle wave his hand, and said in a cloudy manner, "None of it is a thing, but it's just a matter of the women in the backyard, as long as it doesn't hit the king in the face, how about all of it."

"Yes, little nephew understands." Pei Yusheng nodded repeatedly, a cold sweat breaking out at his undershirt.

Previously, if this Qu fourth miss really hit the wall, I'm afraid that this matter of their own will not be so cloudy, with father's high regard for Pei Yuanjun, it's really not easy to say what will happen in the end.

After all, this was the only woman that Uncle Wang had loosened his lips and was willing to accept.

In the future, he should be more respectful when dealing with this Fourth Miss Qu, this royal uncle of his own family was too ruthless and vicious, it was impossible to get involved from him, but it was feasible from Qu Mo Ying.

In his heart, but his face did not dare to show it, and then flattered Pei Yuanjun a few sentences, and finally personally sent people to the door of King Jing's residence, promising to immediately put the residence out of order and report to the Empress Dowager.

Watching Pei Yuanjun's carriage leave, Pei Yusheng went back to his study, today's matter let him see clearly the relationship between Qu Qiuyan and Qu Mo Ying, the relationship between the two people is just like water and fire, once they meet, they are not the same kind of aura, if you want to get down from Qu Mo Ying, you have to find another person.

"Your Highness, Auntie Qu has come to bring you refreshments." A chamberlain came in to report.

"Who?" Pei Yusheng did not react for a moment, subconsciously asked, to be able to ask before remembering that Qu Caiyue, today made a lot of trouble, this Qu Caiyue back into his mind, subconsciously disgusted with a wave of his hand, "Let her go, this king does not want to see ..."

The words suddenly stopped here, Pei Yuanjun's face changed, and his voice immediately changed, "Go and call her in."

He suddenly came to his senses, he was still looking for someone to hook up with the Fourth Miss of the Qu Mansion, and now didn't one just happen to come along?

What's this gonna roll out for?

Qu Caiyue didn't expect that when she delivered the snacks, she actually delivered them in one go, and the chamberlain came out from inside, smiling and guiding her in.

Entering the study and seeing the handsome His Highness King Jing sitting in the middle, Qu Caiyue's eyes reddened with excitement, after entering the mansion for so long, it was the first time she had been in King Jing's presence.

"Slave girl ... see ... have seen His Majesty." Qu Caiyue knelt down, shivering.

"What is it?" Pei Yusheng's voice was still calm.

"Slave girl thanks the king ... for saving her life, specially sent snacks over to the king, which was made by the slave girl just now, and it is still hot." Qu Caiyue excitedly said.

"The favor of saving your life? Where is there such a great favor?" Pei Yusheng said in disbelief.

"Your Highness, there ... are, there really are, Qu concubine concubine consort let the slave girl ... listen to her words to act, if not listen, have to be slave girl's life, slave girl died does not matter, just ... just be wrongly accused of death, even if it is later to the ground, it is difficult to rest in peace."

Qu Caiyue covered her face and cried.

She will have been re-freshened, although the clothes are not the best, but dressed in a very elegant, she is not longer than Qu Qiuyan, but is also colorful, this will be the look, demeanor are through a few points of careful tenderness and weakness, more let a person think that can be heart.

Pei Yusheng felt that the Qu Caiyue in front of him wasn't as repulsive as he had imagined her face to be before.

"Tell me, what's going on?" Pei Yusheng's body leaned back and asked.

"concubine concubine consort want to harm the fourth sister, let the slave girl put a hairpin to the fourth sister to take out of the house, and then you can defile her to steal things, the slave girl dare not should, the fourth sister and the slave girl although before occasional disagreement, but after all, is also a sister of their own family, and how can so harmful to her, concubine concubine consort see the slave girl does not allow, only with the slave girl two argument, only ... . only then did the things behind."

Qu Caiyue cried, her tears gushing down like pearls, looking at Pei Yusheng in sorrow and petulance.

Pei Yusheng's face changed, "You saw that hairpin?"

The less people know about the pin, the better.

One look at King Jing's form, even more than Qu Qiuyan's attempt to harm Qu Mo Ying and herself made him pay attention, Qu Caiyue hurriedly shook her head, "No, the slave girl didn't see it, she just heard the concubine consort say so."

She had originally thought of some other things to say, to put all these things on Qu Qiuyan's shoulders, but this time she realized that the hairpin was very important, and hastily stopped her mouth, no longer daring to say that she had also taken this hairpin.

Pei Yusheng's face slowed down a bit, only his eyes remained gloomy, "You're saying that Qu Qiuyan wanted to frame your fourth sister and have you defile her, but you didn't do it?"

"Yes, slave girl didn't do, fortunately didn't do, the fourth sister also came to see me today, but also ... also told the slave girl to be good, said grandmother and mother they all read the slave girl ..." Qu Caiyue cried She clearly knows that with her status position, want to pull Qu Qiuyan down, will have to rely on her mother's family.

She alone was no match for Qu Qiuyan, but what if there was also Qu Mo Ying? What about the Qu Mansion? One more person has more strength, the current Qu Qiuyan is not the previous Qu Qiuyan, Yu's matter is making a big fuss, Qu Caiyue naturally knows about it, standing on the opposite side of Qu Qiuyan is standing on the side of Qu Mo Ying.

What's more, the words that Qu Mo Ying had meaningfully said before were right in her ears, isn't that how opportunities are seized? She was now seizing the opportunity.

Qu Caiyue didn't know that she was really on Pei Yusheng's mind with or without her heart ...

## Chapter 575 Between Sisters, Marrying the Same Man

After Luo brought Qu Mo Ying back to the mansion, she hurriedly went to see the dowager lady.

Waiting to put things through said again, Mrs. gas hand over her chest, a word can not say, things are very obvious, the causes and consequences of the inside are Qu Qiuyan in the inside to pick a fight.

Although she loathes Yu's, but for Qu Qiuyan self-confessed also did the grandmother's responsibility, single-mindedly BaZhi her good, just Mrs. Taifu can manage things not much, especially son QuZhiZhen there things, just for QuQiuYan, Mrs. Taifu self-confessed from not do anything wrong.

Qu Qiuyan himself to enter the King's House, originally and Yu's together in the force, even if the Dowager Countess does not like, but also can not oppose, after the Qu Qu Qiuyan own poisonous mind, bold and big, actually dared to Qu Mo Ying hands in the palace, the Dowager Countess angry enough to be ruthless, that moment overnight Qu Qiuyan sent to the King's House.

The fact that she had ended up in a position of dishonor was also her own doing.

Now, is it going to bite back?

"Mrs. Tai, don't be angry." As soon as she took a look at the dowager lady's situation, Grandma Wu hurriedly advised her, reaching out to gently pat her back as she did so.

It took a good half hour for the Dowager Lady to slow down.

Qu Mo Ying worriedly sent the tea to the mouth of the dowager lady, the dowager lady drank a mouthful of it, her eyes reddened, and she forcefully slapped the table,"Yan Yatou ... what does she want in the end, she can't see that we are good ... "

This said Luo's face also ugly up, just now in King Jing's mansion everything is still in front of their eyes, that will Luo's whole person is on tenterhooks, for fear that the slightest unpleasantness, will cause a human life.

Look at the shadow girl at that time that fiery look, if King Jing really forced, may not really accident, fortunately later King Jing is quite reasonable.

"Mother ... this matter Yan Ya head really wrong." Luo's sighed, she is also since childhood watched Qu Qiuyan grow up, really talk about, this love than Qu Mo Ying is more than not a little two points.

"She ... she this is enjoined to revenge ah, she ... what in the end she is thinking." The dowager lady was so angry that she almost burst into old tears, and she turned her head sideways and wiped her tears with her sleeve.

"Grandmother, don't be sad, doesn't King Jing's Mansion still have Second Sister?" Qu Mo Ying saw the situation and advised.

"Your second sister in the end how is it?" The dowager lady asked, talking about Qu Caiyue the dowager lady also does not hold any hope, that is also a not long brain, otherwise in the beginning will not enter the King King's House.

Now it's even less of a brain.

"The second sister said that this matter is related to ... the third sister, let me be careful ... that hairpin was actually in the hands of the second sister at that time, said that the third sister forced her to be sent to my hands." Qu Mo Ying said.

Give a vague account of what was going on.

These few simple words, shocked the dowager lady and Luo's both straightened their eyes, although they guessed that there was Qu Qiuyan's hand in this, they didn't think that there was also Qu Caiyue's matter in this.

"What kind of sins did our Qu Mansion do, raising a Yu's mother and daughter in the mansion, one more vicious than the other." The dowager lady couldn't help but wipe up her tears.

Qu Qiuyan is now in King Jing's mansion, she not only can't take her what to do, but even thought that in the future, if Qu Qiuyan really gained King Jing's favor, she would not be able to take the whole Qu mansion.

Luo's face is also more ugly, she just wanted to explain for Qu Qiuyan, this is really nothing to explain, at that time, if really from the body of Qu Mo Ying search things, can really is not good, not only Qu Mo Ying a person's, as well as the whole House of Qu are the same as no reputation.

Her sons and daughters are not married at the moment, if this is really a big deal, which other good family will be willing to marry their own family?

“Grandmother, second sister said ... because of Yu’s matter ... hated me, hated our house.” Qu Mo Ying’s words were simple and appalling, “While I am disgraced, our entire Qu Mansion is also disgraced with me.”

“She ... how she dares, she does not think she is not also the daughter of the Qu House, if there is no our Qu House ... she ... how she solid favor. ” As soon as I heard that the stem is so big, Luo’s also anxious.

“Great Aunt, the third sister now only wants to take revenge, hating us for Yu s things ... did not take a hand.” Qu Mo Ying looked at her and continued.

“Yu’s ... made such a vicious nature, it is hard not to be able to repudiate it?” Luo was also angry, “Yan Yatou previously looked at is a good, did not think with her mother is a look, this heart vicious ... vicious ... really have what kind of mother, have what kind of children. ”

Luo was too angry, and the words came out of her mouth.

Listening to people talk about other people’s things, naturally there was no panic and fear when they were present at that time, before in King Jing’s mansion, Luo’s really sensed and dead for life, she was a woman in the backyard, when did she experience this kind of thing, if not at that time, Qu Mo Ying seemed to be quite calm, she would have had to faint that time.

The dowager lady didn’t answer, her face gloomy as water.

“Eldest Aunt, Second Sister said that she also originally didn’t want to help Third Sister, it’s just that she had to at a time like that, and didn’t dare not to.” Qu Mo Ying said.

Putting how to know the cause of the matter on Qu Caiyue’s body, this is a two-benefit thing, the dowager lady even if she goes to ask, Qu Caiyue will also say so.

At that time, what she said to Qu Caiyue was extremely meaningful, and the current Qu Caiyue is not the same Qu Caiyue who obeyed Qu Qiuyan's words at the beginning, as long as the two of them have the same man, both of them Pei Yusheng, there is bound to be a contradiction.

This contradiction was insufficient when the status was not equal, Qu Caiyue did not have the ability to resist Qu Qiuyan, but what if Qu Caiyue was given a chance?

It's really hard to say how it will be!

Right now she gave the opportunity to Qu Caiyue, Qu Caiyue would not let go of this opportunity as long as she still had a little bit of resistance, as long as she still had a trace of unwillingness to be forced by Qu Qiuyan to become a wasted son.

Maybe this moment Qu Caiyue had already gotten a coincidence!

Qu Qiuyan is her mortal enemy, the relationship between the two now, is no longer a matter of who wants to spare who, Qu Mo Ying self-confessed that her heart is never the kind of person who knows that other people hate their own deaths, but can still do what affinity and sisterly family with people.

The reborn her was vindictive, since Qu Qiuyan wanted her dead, how could she leave Qu Qiuyan behind.

This time Qu Caiyue was just fine, at least Qu Caiyue's relationship with her didn't have a deep hatred that couldn't be solved, and Qu Caiyue needed her.

"Cai Yue is just an aunt ... who is nothing ... in the King Jing Palace I'm afraid it's not as good as a maid." Luo was also able to imagine Qu Caiyue and her situation.

This commoner's daughter wasn't a smart one then, and she's even less smart now.

"Eldest Aunt, Second Sister said ... that if she gains power in the future, she will definitely not forget the Qu Mansion." Qu Mo Ying used Qu Cai Yue's mouth to bring out the words for.

“What power can she get, just her appearance, just not ... sure” Luo sighed, truly not optimistic about Qu Caiyue, and Qu Qiuyan compared to Qu Caiyue, Qu Caiyue really can’t get on the stage.

“Great aunt, who can’t guarantee how the future, let alone the King King’s House such a royal son’s house, when we just went out, didn’t we say that King King has something important to do? I think King Jing can go to find out the truth to go, the truth of this matter in the third sister, I’m afraid that the third sister can’t be good, but it is the second sister ... still has a certain amount of goodness.”

Qu Mo Ying slowly said.

The words had a deep meaning, and the few people present each had their own thoughts, and for a while the room was quiet.

It took a good half a minute before I heard Luo sigh, “Will King Jing be angry with our house?”

Qu Qiuyan is the daughter of the House of Qu, even if she counted this time is also the people of the House of Qu, but King Jing also followed the implicated, said King King of the imposing the people of the House of Qu stopped down, and finally had to accompany the salute, as a prince of this King of the King of the Royal Highnesses as much as a loss of face.

It’s not out of the question that a mouthful of anger could be pounced on the Qu Mansion again.

Luo was a bit flustered and looked at the dowager lady, “Mother, what now?”

Originally, it was just a matter of the backyard, but because it also involved King Jing, and might even cause a heinous disaster, not only Luo’s, but even the Dowager Lady had to treat it correctly.

The dowager’s brow deepened, and she couldn’t decide for a moment.

Seeing that both of them were silent, Qu Mo Ying proposed, “Grandmother, why don’t you appear to send someone to King Jing’s residence in a little while to take a look and give each of Second Sister and Third Sister a gift to poke around a bit.”

Qu Caiyue and Qu Qiuyan are all the daughters of the House of Qu, the two people argued, the dowager lady as a grandmother in the face of King Jing, each send a gift, and then let someone knock some should be.

Although Luo's and Qu Mo Ying have been there, after all, there is no Mrs. Tai on top of the generation that can speak.

"Will it displease King Jing?" Luo had concerns and moved uneasily to ask.

"Eldest Aunt, after such a thing, how about this next, as the mother's family of the two of them, it's only right that we, the Qu Mansion, ask about it, and besides, Eldest Aunt and I are considered to be the victims, and King Jing won't say anything even if he knows anything, and might even think that we went at the right time."

Qu Mo Ying said meaningfully.

The implication of the meaning contained in these words is obvious, Luo's some understand, some do not understand, look at the dowager lady.

The dowager lady nodded, "Then let Sister Myriad make the journey!"

The most capable person beside the dowager lady was Sister Wu, and the most suitable person to reprimand the two granddaughters was of course Sister Wu, and the dowager lady also trusted Sister Wu.

Things are so negotiated, the dowager lady and Luo's next gift on top of the discussion, although the two granddaughters are now different identities, but after such a thing, the dowager lady feels that the first equal treatment is better, as for the future of the matter, but also have to wait to inquire after the resolution.

Before things are clear, it is false to say anything, wait for Grandma Wu to come back from King Jing's residence, and then look for the two sons to discuss the follow-up, Qu Qiuyan, if she really hates the whole Qu residence, the Qu residence will no longer support her, and no one's family can possibly raise a tiger.

Today's matter, happened too suddenly, too shocking, too madam and Luo's hadn't thought before that Qu Qiuyan would be crazy to this point, this would have to consider the relationship with King's House in the future.

King Jing doesn't dare to offend, so what about Qu Qiuyan?

## Chapter 576 The Daughter of the Auxiliary General

When the Qu Mansion's gift was sent over, the steward of King Jing's Mansion came out to receive it.

The two families are in-laws, and the people sent by the Dowager Lady, and this steward of the King's House is not an ordinary steward, but is Pei Yusheng's beloved.

It was not at all obvious to my Sister that such a thing had happened between the two houses in the party.

The smile on the steward's face looked a bit awkward when he knew that Sister Wu's intention was to deliver a message to Qu Caiyue and Qu Qiuyan on behalf of the dowager lady.

"It may not be convenient at this time."

"What's so inconvenient?" My Sister looked surprised.

"Aunt Qu is busy moving the courtyard, Concubine Qu is not feeling well and has asked the eunuchs to treat her." The steward lowered his voice and said.

Sister Wu's heart skipped a beat, "Why is Auntie Qu in a hurry to move her yard at this time?"

"Qu concubine consort body is not good, out of the previous things ... may be in lying for a period of time, the house backyard also does not have a can manage, our prince's intention, first let Aunt Qu

proxy tube for a while, on the other hand, also take care of the Qu concubine consort, originally is a sister, take care of it is also more assured some. ”

Stewardship.

My grandmother’s words choked at the throat, for a moment actually do not know what to say, Qu Caiyue and Qu Qiuyan what is the situation, she is naturally clear, before also fight like a crow’s-eye chicken, and now actually let one go to take care of the other, as for the body is not good, it should be to let King Jing give a grounding.

This is not a surprise, My Sister smiled dryly twice and asked tentatively, “Then ... can I meet the two little masters?”

“I’m afraid this really can’t be!” The steward shook his head and conveyed Pei Yusheng’s meaning, “concubine consort’s body is not good, the meaning of the king, may be in a good recuperation for a period of time, in order to let the lady quiet body, not too easy to see the guests, and so on after a period of time, our concubine consort a little better, will certainly come to the door to ask for forgiveness.”

The steward’s words were said politely, but the meaning in these words was already very clear, Qu Qiuyan’s current situation was not good, and she could not see anyone.

As for the latter, of course, they are all polite words, whether they can be released or not, and when they can see people, are all just a matter of King Jing’s words.

“That ... can I wait here a little bit, wait for Auntie Qu to finish busy, meet and say a word, the dowager lady’s special instructions, let me see the two little masters, this will be if it is directly back, the dowager lady is really assured that not in.” Sister Wu smiled bitterly and added.

The attitude is euphemistic.

She really wanted to meet Miss Two, the word was out, and she couldn’t feel comfortable not seeing it.

Seeing her appearance, the steward pondered a little and smiled, "If Sister wants to wait for a while that's fine, as for whether or not you can see her, you'll have to ask Auntie Qu, I'll go in and report."

"Trouble Steward." My Sister thanked her repeatedly.

The steward called over a maid to wait at the side and brought someone in to report, not long after, a granny came out with a smile on her face, and when she saw Sister Wu, she hurriedly took two steps forward, "Is it the Sister of the Qu Mansion? The slave girl is the granny at Auntie Qu's place, please follow the slave girl over."

"With pleasure!" Sister Wu said, leading the maids of the Qu Mansion, following the granny, and marching inside.

Qu Caiyue sat on the porch, the courtyard was very busy, some of the maids and grannies were moving things, some were organizing, it looked chaotic.

This courtyard is not small and looks neat, like a place where a master should live.

Seeing Sister Wu coming over, one of the maids standing behind Qu Caiyue hurriedly stepped forward with a smile, "Greetings Sister Wu, Sister Wu please, our master is waiting for you."

Sister Wu nodded her head and followed the maid to Qu Caiyue.

After meeting the salute, Qu Caiyue smiled, her face unable to hide her joy, "Sister Wu, what did grandmother ask you to come at this time?"

"Come to deliver gifts to the two young ladies, and by the way, let the old slave come to see the two young ladies again." Sister Wu accompanied with a smiling face and said.

"There's nothing wrong already, third sister is not feeling well right now, our prince told her to take a good rest and asked me to take good care of her, the place where I lived before was a bit too far, the prince let me move over and take care of third sister close by, we always have to make her body get better quickly." Qu Caiyue said with a smiling face.

She will have already re-freshened, looking at the whole person's spirit is very, eyes also through the joy, the attitude is even more amiable, and my grandmother memory of the second miss has a world of difference.

It was as if he was a different person all of a sudden, looking spirited.

"His Highness King Jing means to let Second Miss take care of Third Miss nearby?" Grandma Wu asked tentatively.

"Yes, our prince said that sisters must be close and help each other out in order to be close, and if one party is not feeling well, the other party should naturally take care of them more." Qu Caiyue raised her eyebrows and laughed.

Since entering the King's House, she has not had a day of comfort, originally thought that this life is over, before being forced by Qu Qiuyan to deal with Qu Mo Ying, for fear that Qu Qiuyan can not tolerate her, so that she is not even a place to live and die.

I didn't expect things to turn around, she now has King Jing's favor, she won't forget how gentle King Jing was to her at that meeting, and also gave her a new choice of yard, right next to Qu Qiuyan's yard.

Qu Caiyue is not the previous Qu Caiyue, into the King Jing's residence in the past few days, she has been worse than the maid, how could this not understand Pei Yusheng's words, immediately took the initiative to ask for care of Qu Qiuyan, Pei Yusheng also gladly agreed, and said that tonight will come to her yard, between the words also vaguely expressed that if she serves well, will also give her to raise the share of the position.

These words were a great joy, Qu Caiyue was so happy until now that her heart fluttered with excitement.

Grandma Wu and roundabout probed some of her things, and Qu Qiuyan things, and finally and implicitly expressed the meaning of the Dowager Lady, the two under is also considered to be a hit and miss.

After leaving the two gifts, Qu Qiuyan personally sent Sister Wu to the second gate.

Grandma Wu turned back to the Qu Mansion and reported what she had seen in the Qu Mansion to the Dowager Lady, who was silent for a moment and asked, "Is this the meaning of bringing up the second maiden and suppressing the third maiden?"

"That's what the old slave thinks." My Sister nodded.

The dowager lady is silent, for her, there is really no difference, both are granddaughters, originally there is a difference between the first and the concubine, now both are concubine, even Qu Caiyue's name is now better than Qu Qiuyan.

Seeing the Dowager Lady's silence, Grandma Wu knew what she was worried about and whispered, "Dowager Lady, don't be in a hurry, isn't there still a Grand Master and Second Master to make up their minds about this matter? You let the Grand Master and the Second Master sit down and discuss it is, the Second Master has always been an idea man, this is actually the best at this time."

Qu Caiyue is the big house, Qu Qiuyan is the second house, the difference is just this some, my grandma think this is not a problem, the second master although the idea is big, but also because the idea is big, sometimes see far, not in the side of a little bit of small benefits, my grandma is also regarded as watching the QuZhizhen grow up, on the QuZhizhen is also regarded as some understanding.

The dowager lady sighed, she was also now in a state of six, this matter was really discussed with her own son, otherwise it was really not easy to say when the time came.

Look at King Jing's meaning, is reprimanded Qu Qiuyan, to bring up Qu Caiyue, just Qu Caiyue's previous status, even if it is raised again can not be raised to the concubine consort, right?

For a moment he could not decide, and only felt his eyebrows rise, and could only sigh again and say, "This ... thing really has to let them discuss themselves."

The son's idea is big, let him take his own ideas is, for what happened today, the dowager lady is also full of resentment, Qu Qiuyan was King Jing reprimanded, was grounded, the dowager lady in fact think is should be.

“As soon as the Second Master returns, have him come over for a moment.” The dowager lady commanded.

“Yes, the old slave will send someone to the outer courtyard to keep an eye on it, when the second master returns, immediately invite him over.” Grandma Wu nodded her head, in her heart she realized that the Dowager Lady was truly disappointed in the Third Miss ...

Liu Lanxin looked at the high palace in front of him, and followed the courtesan’s back step by step to respectfully enter the interior, and the rules and regulations between the lines are excellent.

The Empress Mother had summoned her, and she had entered the palace today to advance to see the Empress Mother.

Only to the entrance of the hall, the oblique side suddenly came over a handsome and gentle man, walking a little fast, almost hit Liu Lanxin, fortunately, he also reacted quickly, hastily stopped his footsteps, even so, he still walked two more steps, close to Liu Lanxin’s body.

Liu Lanxin subconsciously stopped her footsteps, then raised her eyes to look at the man, and saw a pair of gentle and affectionate eyes, her head slightly lowered, and her light yellow brocade robes, permeated with the royal honor and nobility.

Taking a step back, she knelt down and performed a great salute, “My daughter has met His Royal Highness the Crown Prince.”

In this harem, if there is still any man who can wear yellow brocade clothes, the only one is His Royal Highness Crown Prince Pei Luoan, this will be at the Empress Dowager’s palace gate again, and it is heard that His Royal Highness Crown Prince himself is a gentle and affectionate one.

It should be like the one in front of me.

“Which ... family’s young lady are you, I don’t seem to have seen it before?” Pei Luoan looked her up and down a few times, finally landing on top of her eye veil.

Her eye veil was different from Qu Mo Ying's long veil, looking a bit shorter and thinner.

Qu Mo Ying's eye veil is long, and also in the forehead bunched up position dealt with, in order to facilitate the bunched up, the focus point in the forehead, the eyes above will not feel tight bunch, and also wide and, masked only the forehead, the cherry lips exposed outside.

Liu Lanxin's different, it seems to be just a random white sash, just so slightly bundled up, only bundled up a pair of eyes, most of the face is exposed, can see the clear face, so that people can guess the eye veil below the face color should be very outstanding.

It was just one layer, and when you looked closely, you could still see dark eyes through the light veil.

"My daughter is the daughter of Auxiliary General." Liu Lanxin softly said, not raising her head in a disciplined manner.

"Great General Liu's daughter?" Pei Luoan asked in surprise, and looked at her from side to side, seemingly scrutinizing her, and then sighed, "I had heard that the auxiliary general was heroic, and I didn't think that the auxiliary general had such an outstanding daughter, just ... what's wrong with your eyes? Have eye disease?"

Chapter 577 Miss Liu still goes to war?

"My daughter accidentally hurt her eyes." Liu Lanxin said.

"How did it hurt?" Pei Luoan asked in a warm voice, his attitude was cordial, but he was extremely disciplined between behaviors, standing in front of Liu Lanxin with his hands behind his back.

"The subject daughter herself was careless ... and had a small accident on the battlefield." Liu Lanxin smiled bitterly.

"Miss Liu still goes to war?" Pei Luoan was surprised and looked the woman in front of him up and down again, "As delicate as Ms. Liu is, she actually goes to war?"

“Reporting to His Highness the Crown Prince, on the sands, what distinction is there between men and women.” Liu Lanxin softly said.

“Good ... good a woman hero, is lone narrowly righteous.” Pei Luoan praised her repeatedly, then his hand supported her in vain, “Ms. Liu is exempt from courtesy, please get up!”

“Many thanks, Your Highness!” Liu Lanxin stood up with the help of the palace maid on the side.

Pei Luoan did not go, seems to be very curious about her, blocked the way Liu Lanxin forward, “Miss Liu and the capital city in the family miss look at all seem different ... seems to have more of a they do not have the temperament, the whole person ... are ...”

Pei Luoan couldn't seem to find words to describe her, and in the end only said two words, “Very good!”

The light yellow brocade robe slipped in front of Liu Lanxin, and then the footsteps entered the main hall.

“Miss Liu, please follow the slave girl over.” The palace maid said in front of her and continued to walk forward.

Liu Lanxin followed her, while traveling towards the main hall, while secretly thinking, she is the first time to see this Crown Prince, although I had heard that this Crown Prince is a gentle, to the late Crown Princess Ji Hanyue deep love, is a good natured, eye to see, really warm and gentle as jade.

Indeed, it seems to be an excellent temperament, but unfortunately, it is a pity that the position of the main consort has already been taken ...

Inside the great hall, the Empress Mother and the Crown Prince were talking, Liu Lanxin went up and knelt down again to perform a great salute.

“Exempt!” The Empress said mildly.

A palace maid came over and helped Liu Lanxin up.

Empress Mother carefully measured her a few eyes, smiled at the Prince said, "Miss Liu looked at and the capital of the other lady is different, this temperament looks more bright and colorful some, the capital of the are too soft, not quite able to afford things."

"My son just heard Miss Liu say that she also went to the battlefield, this eye is also injured because of the battlefield, it is really a woman's woman, and those who are raised in the capital in the deep bosom of the world's young ladies, it is really different." Pei Luoan's voice with a few points of warmth, just listening to the voice, really can't guess that he is the high and mighty Crown Prince.

Compared to Pei Yuanjun, this one was truly as gentle as jade, and it was no wonder that there were rumors saying that this Highness had true feelings for the former Crown Princess.

"Many thanks to Your Highness the Crown Prince for the compliment." Liu Lanxin said unhurriedly.

Pei Luoan shook his head and looked with interest, "It is not that I am not praising you, it is really so feel, I have been in the capital since I was a child, unlike Uncle Wang who has been at the border to see more, but Ms. Liu ... still really gives me a different feeling."

The appreciation in these words was obvious, repeatedly being praised by the Crown Prince of the dynasty, Liu Lanxin's face couldn't help but float up with red clouds, bringing a few points of shyness.

"Your Highness is flattered."

"Come here, let this palace see clearly what this woman's daughter at the border is really like. How could it make both the Emperor and the Emperor's son praise it so much." The Empress Mother's attitude was also very good, beckoning to her, Liu Lanxin obediently stepped forward.

After looking her up and down for a few moments, the Empress Mother asked, "Can you remove the eye veil?"

"It's possible, it's going to be ready soon." Liu Lanxin said.

"Can you show this palace?" The Empress asked with a smile.

"Naturally." Liu Lanxin reached out and removed the eye veil, her eye veil was short and easy to remove, only slightly loosening the knot behind her ear, the eye veil fell down and a delicate face appeared in front of the Empress Dowager and Pei Luoan, with some Ying Qi between her eyes.

Liu Lanxin's eyes flickered and darted over to the Crown Prince, seeing the hard-to-conceal amazement on the Crown Prince's face.

"It's actually such an outstanding set of features, with regards to these features, I'm afraid it's hard to have a young lady in this capital that can compare to Ms. Liu." The Empress Mother looked at her with a satisfied smile, reached out and pulled her to sit down on a chair on one side, and after carefully sizing her up twice more, she turned her head to Pei Luoan and casually asked with a smile, "What does the Crown Prince think?"

"Naturally extremely beautiful." Pei Luoan's voice is as gentle as ever, falling in people's ears, there are always a few pulsating meanings, especially this will be his presence is particularly strong, even if Liu Lanxin this will not purposely look at him, but also can sense his gaze affixed to her face.

It became more obvious between the pouting.

"This palace sees that there really isn't anyone else in this capital full of women who can compare to her." The Empress Mother once again affirmed.

"What the Empress Mother said is extremely true." Pei Luoan responded to the Empress Mother, sounding as if she was just being perfunctory, but then again, she seemed to be genuinely sighing, and even a bit rude.

It's easy to get carried away with repeated compliments like that to your face.

"Mother, my son still has things to do to find father, so I will leave first." Liu Lanxin would hear more praise since, and Pei Luoan's calm voice suddenly came to his ears.

Actually so soon to go? Liu Lanxin although did not raise his head, ears but pay attention to the very, today she is the first day into the palace, the heart is also have fear and anxiety, I did not expect is the Empress Mother and the Crown Prince His Highness are good with the people, on their own is also praised.

But at this time, how could the Crown Prince suddenly leave?

Shouldn't we see her first enter the palace and ask some more questions about the border and about her father?

"Good, then you go first, there's nothing much going on here in this palace, it's just declaring Miss Liu to come into the palace to talk." Empress Mother smiled.

"That's naturally the best, mother is alone in the palace, sometimes it's indeed boring, since Miss Liu has entered the capital, in the future, if there's nothing to do, she can come into the palace to keep mother company." Pei Luoan stood up and smiled to Liu Lanxin on the side.

"Yes!" Liu Lanxin also hurriedly stood up and respectfully saluted.

Then I heard the crown prince's gentle "hmm", and saw the crown prince's footsteps turn, the light yellow brocade robe disappeared in her line of sight, inexplicably some regret!

Her eyelashes fluttered twice, and a hint of triumph flashed under her slightly drooping eyes, and her looks, which she had always been confident ...

"Mrs. Tai, King Jing's Mansion has sent someone to deliver a gift!" Sister Wu came in with a smile to report to the dowager lady.

Qu Mo Ying was also there, raising her eyes to look behind Grandma Wu, there were really a few maids from King King's House, following a granny.

Entering the door first salute, smiling etiquette is very thorough, completely unable to see before the two houses before almost also make trouble.

The dowager lady's body sat upright, sized up the granny twice, and asked, "It was your prince who asked you to come over."

"No, it's our madam, our madam specially sent the slave girl over to give the Qu Mansion a gift to say goodbye." The granny smiled and said.

"Where does the joy come from?" The Dowager Lady asked in surprise.

The so-called Mrs., even more have not heard of, King King House when there is a Mrs.? Could it be that something has happened in King Jing's residence? I have discussed with my two sons before, they are not in a position to intervene in the affairs of King Jing's residence for the time being, but if Qu Caiyue needs support, they will not be as indifferent as they were in the past.

Qu Qiuyan hated the Qu Mansion because of what happened to Yu, and it wouldn't do them any good, but it was better to wait and see for now.

"The bestowal from the palace has come down, the position of concubine consort is set, and our lady has been raised to become Lady Charging Rong." The granny smiled and explained.

Qu Mo Ying's watery eyes raised slightly, she has guessed who this Mrs. Charging Rong is, like King Jing such a prince, the body has the rank of the woman is also a number of, in addition to the main consort, the second side consort is the most honored, the second concubine consort is also barely considered a serious master, under the rank of the inside, there is Charging Rong.

This rank is not high, but it is not comparable to an unsealed aunt, and is considered a proper royal concubine.

Qu Caiyue flipped so quickly, so it was evident that she had really listened to her words.

“Your wife is the moon maiden?” The dowager lady also heard at this time, her face did not see much joy, and asked after a moment of silence.

“Yes, our madam is the second young miss of your house, right now madam is in charge of the affairs of the royal residence, and she also has to take care of our prince and concubine consort.” The granny smiled and said, as soon as she heard this, she knew that she was sent by Qu Cai Yue.

“A joyous occasion indeed.” The dowager lady thought for a moment, smiled, and instructed My Sister to give the reward.

Whether it was for Qu Caiyue or Qu Qiuyan, this matter was a good thing.

Qu Qiuyan is finally considered to be a serious sentence concubine consort, Qu Caiyue is no longer on the stage than a common room maid is worse than the humble concubine.

“The concubine consort’s position has now been set, the palace noble consort originally wanted to let the king a great deal, but this will be the concubine consort’s body is not feeling well, a time can not get up in bed, temporarily also can not do a great deal, but can not not not do, would like to ask the dowager madam your meaning.”

The granny said.

Her purpose in coming here today was certainly more than just to say thank you.

Qu Mo Ying glanced at the granny without any trace, this is a good speaker, and the words were very pleasant, and expressed Qu Cai Yue’s meaning clearly.

If it’s the normal route, of course, there’s going to be a reception.

But now Qu Qiuyan has entered the King’s House, and still in that situation into the, and right now Qu Qiuyan’s position although is considered to be fixed, should also be the palace can not look at it, Qu Qiuyan unexplained and at first said different, for the royal family, is not a thing of face.

A concubine consort is just a concubine consort, it's really not a big deal to give it away.

Just happened the other day, King Jing will be in a bad mood, Qu Qiuyan is still grounded, how to see are not suitable for the big event. This kind of thing, whether it is King Jing or Qu House, will not be willing to let people know.

Mrs. Tai for a time can not decide, pick up the hand of the tea to drink a mouthful, before slowly put down, do not do the Qu House has no face, do and afraid of others to find out what, but also have to take into account the mood of King Jing, afraid of the reverse of his mind.

Knowing that the dowager lady was in a difficult position, Qu Mo Ying raised her eyes to look at the granny across from her, smiled faintly, and opened her mouth to ask, "What does your prince mean?"

Chapter 578 Thief's Heart Again!

"Our king's meaning, it mainly depends on the meaning of your house." The granny replied with a smile.

"That's what your lady and the king all said?" Qu Mo Ying asked again.

"Yes, before the slave girl came, our prince had already talked to the madam like this, in fact, there was also the intention to look at our madam in the meaning at that time, but our madam said that your house is the elder, and that it is still your house that has the final say on anything." The granny replied with a smile. The words were spoken appropriately.

The face of Mrs. Taifu good look a few points, secretly nodded, the moon maiden before looks is not a tune, but in the look is good, at least than the deep hatred of the House of Qu Yan maiden many good, know what things, first sent to discuss.

After a little thought, his heart already has a plan,"Go back and tell your wife, this matter will be simplified! We here will send dowry over, walk a scene, trouble your prince to receive a bit, is also considered to give them the right name, as for other forms, even if, after all, is not the main family."

Qu Caiyue and Qu Qiuyan, no matter who is sent away in a hurry, Qu Caiyue is really not a bit of dowry, Qu Qiuyan at least still packed some of the past.

"Many thanks to the dowager lady, many thanks to the dowager lady." The granny was sent by Qu Caiyue, naturally she could hear the great benefit to her own lady in these words, listening to the meaning of the dowager lady is to send two dowries, that's really great, and she thanked her in a loud voice, "Then the slave girl goes back to talk to our madam, and our madam has to consult with the king there as well."

The granny was just like treating Qu Caiyue as if she was the official matriarch of the mansion.

"Good!" The dowager lady nodded her head, and after the granny bowed respectfully, she put down the gift box from before and left in a huff.

"Shadow girl, you prepare a dowry for the third girl, just some simple clothes and jewelry on the line, the house originally had to make a few sets of clothes every season, according to the previous size for her, as for the jewelry, I'll let my grandma pack up a few, you put it in one place, and then pack up a few of the things she used to use before, and put together a few lifts on the line."

The dowager lady sighed and said, "Your second sister there, I will also instruct your great aunt to do the same, both of them are now in the King King's House, both of them are daughters of the House of Qu, just follow the same specifications, more or less indistinguishable from each other!"

The words were likewise meant to be a casual dismissal, a formality.

Qu Qiuyan then put the valuable, can take away, can not take is some of her house can not move the big pieces, pick a few pieces, can indeed put together a few lifting.

"Mother, there are still a few pairs of brocade there in the needlework room, send them over as well." Qu Mo Ying thought about it and added some more to it.

"As you like, anyway, she this look ... if it is good, can not help but also let our entire Qu House ..." The dowager lady said here did not say anymore, only feel heart stifled. Qu Qiuyan was also once her valued granddaughter, but she is now this appearance, clearly hatred of the Qu Mansion.

In this case, doing a good job and giving away more would be useless, and would even make her intensify her efforts and get more of the Demon Eko's capital.

Now just go for a face-saving favor.

Since the palace's decree, this is still a must-do for the Qu Mansion.

"Grandmother, I think King Jing should also send some bride price over, it might be similar to what we thought, two copies of the same, and then we will add it in, it will look more and decent." Qu Mo Ying proposed.

"OK!" The dowager lady nodded her head, to King Jing did not have too many expectations, King Jing if he really valued the Qu Mansion, will not be until this time to do Qu Qiuyan's things, before not to do, and now at this time to do it again, it should also be procrastinated, at this time if you let the Qu Qiuyan downgrade order, fear of provoking gossip, "If you send over to the add up, if you don't send over to the hole doesn't matter."

Since it has been so decided, Qu Mo Ying will act according to the statute, this matter is to be done, but the meaning of the two houses are intended to be simple to do, now Qu Caiyue is in charge of the matter, the meaning of the two sides is also considered to be concordant, no matter whether it is Qu Caiyue or Qu Qiuyan, since they are all the daughters of the Qu Mansion, naturally treating them the same.

As for who would be bigger and who would be smaller after they married, it was not something the Qu Mansion needed to consider.

King's House of bride price is also quite fast, look as if it was already prepared, each sent a few lifts over, one to the East House, one to the West House.

Afterwards, Qu Mo Ying and Luo, each added some to it, added two carries, put together a place, together sent to King Jing's residence, all the way to let people knocking to send over.

Many passersby watched the fun and followed all the way over, only to realize that it was actually a happy event for King Jing's House and Qu's House.

I don't know where the news came from, spreading among the crowd, all saying that it was the two young ladies of the Qu Mansion marrying into the King's Mansion, one as the concubine consort, the other as Mrs. Charging Rong.

The Quo Vadis. – Which Quo Vadis?

It's the same family that was previously said to be favoring concubines and destroying their wives, and I heard that the concubine consort is still Yu's own daughter.

The daughter of such a poisonous woman was actually named King Jing's concubine consort? It's really unreasonable.

No, it's not. Go, check it out ...

Look at the people watching quite a lot, say what have, Yu's things only past, the whole capital no one does not know, this will be more Qu Qiuyan things, who do not look at a few more eyes, say a few more ...

In the midst of the crowd's discussion, several carriages went out from the capital, the wide carriages have the logo of the Duke of Qi's residence on top, the Duke of Qi's dowager wife went out to return her wish, today is the dowager wife's early booking to return her wish, the day.

Mrs. Qi went to the Qing Yun Guan to return the wish, the carriage all the way to the Qing Yun Guan stopped in front of the early knowledgeable Taoist waiting in front of the door, saw the carriage of the Duke of Qi's family, hurriedly welcomed up.

"Greetings, Mrs. Dowager."

The immortal Taoist nun came forward and joined her hands in salute.

"Are you ready?" Mrs. Qi asked with a smile as a salute.

"It's been prepared a long time ago, Mrs. Tai please." The Daoist nun made way and smiled, "It's all laid out according to the Dowager Lady's wishes."

"That's good!" Mrs. Qi lifted her steps to walk inside, and only after a few steps, she suddenly heard a woman's voice from behind her, "Is it ... the Dowager Lady of the Duke of Qi's Mansion?"

Mrs. Qi stopped and turned to look.

Diagonally across the road over a few people, the first is a middle-aged woman, looking at the appearance of thirty-something years old, vaguely see the youthful appearance, actually is the Marquis of Yongning wife.

The handsome young man beside her was the Marquis of Yongning's son.

"It's really Mrs. Qi, do you still recognize me?" Mrs. Marquis Yongning took two steps forward and said in surprise, seemingly surprised to stumble upon Mrs. Qi here.

Duchess of Qi's status is too high, Mrs. Yongkong Hou in the past is to be cited after the retreat in one place, the two people's status is different, different generation, but also just met.

"Mrs. Marquis Yongning." After Mrs. Qi took a deep look at Marquis Yongning's son, she gave a polite and faint smile with a few hints of detachment.

Xu Li Peng respectfully stepped forward to bow before politely retreating to the side.

Mrs. Qi's scrutinizing gaze had been following him, this one was the same Shizi who had previously retired Qu Mo Ying's marriage, how good this reputation had been before was how bad it would be afterward, she had heard people praising it again and again in the past, but after that she had rarely heard anyone praise this Shizi anymore.

A family booked so long pro, the last actually retired, and this reason is part of the reason is certainly his after the booking of the second lady of the Duanfu things, his own body was not originally positive, and Yu's niece has long been hooked up in a place.

Thinking of Yu's niece, Mrs. Qi's face turned a few points colder.

"I didn't expect to meet Mrs. Qi when returning a wish, what is Mrs. Qi's reason for coming to Qing Yun Guan today?" As if she didn't see Mrs. Marquis Yongning's coldness, she asked with a smile.

"It's also returning a wish." Mrs. Qi said.

"It is also to return the wish, that is really coincidental!" Mrs. Marquis Yongning's eyes lit up, "I came here this time to return the wish of the original second lady of the Qu House, I originally felt that she was bitter, but I didn't think that she was actually so pitiful, if I had known that she was in the situation at that time, I would have reached out in any case, even if it was a peace and divorce, at least it still left a life."

"You came to return the wish because of the Xiao Yue clan?" Mrs. Qi asked thoughtfully as she looked Mrs. Marquis Yongning up and down.

"Since I heard about her, I ... have made a wish, if she is wide open to the world, inevitably come to return the wish." Mrs. Marquis of Yongning took a pad in the corner of her eyes wiped, "when she was only married into the capital, I felt the pitch, although not much to say, but it is a good, temperament is also gentle, look at it is also not like something, but did not think she was aggrieved what not to say, when she pointed to the child in the stomach, and I should be down the affinity, I did not think that ... .. did not expect the last, actually ..."

Mrs. Yongning Marquis said here side head to wipe tears, actually choked.

"It's all my bad, at first if I insist some more, do not let Yu's words to impress, also will not harm the Qu fourth miss and my son, more will not ... even more will not have negative small Yue's trust, I ... I have a mistake, I do not know in the future to the underground, how to go to tell her about this matter, it is all my fault."

Mrs. Qi froze, this sounded like it had a deeper meaning, could it be that it was different from what she had heard?

However, this may also be the words of entrustment of the Marquis of Yongning, the Duke of State on the Marquis of Yongning but not much good feelings, especially now this Marquis of Yongning Shi Zi, the old Duke of State said that to the anger, and even want to beat him up as well!

“Yi Ren has passed away, Mrs. Marquis of Yongning should stop grieving, some things are over when they’re over.” Mrs. Qi was not very sincere in comforting her.

Feet moving to get out of the way.

“What the dowager lady said is, it’s all my fault, now I’m even more obsessed, it’s me that harmed my son and the fourth miss Qu’s life, harmed both of them ... now ...” Mrs. Marquis Yongning said shedding tears again, “If there is a chance, if there is a chance, I must make it up to the Fourth Miss Qu and my son.”

“Mother, you stop talking.” Xu Lipeng stepped forward two steps, reached out and pulled Mrs. Yongning Hou’s sleeve, gently stopping, “It’s all in the past, how should ... it be?”

In the heat of the moment, his voice was out of control, with a kind of dark mourning and trill.

Men don’t shed tears when they bleed, they just don’t get to the sad place, Mrs. Qi stopped ...

## Chapter 579 Disgusting, False Affection

The main hall is lit with long-lighting lamps and is dedicated to the Three Ching Taoist Ancestors.

Among the incense smoke curling up, the spirit plate is written on the name of Xiao Yue’s name, Mrs. Yongning Hou cried down to the ground, sobbing.

Mrs. Qi had already finished paying her respects and had her maid help Mrs. Marquis Yongning to get up.

Xu Li Peng also kneeling, head lowered can not see the expression on his face, but can sense the thick sadness of his body.

He was such a big man, kneeling straight up, not saying a word, but it was even more unbearable than Mrs. Marquis Yongning who couldn't get up from crying on one side.

Mrs. Qi sighed and asked her maid to help Mrs. Marquis Yongning over to sit down.

"Get up too, Seiji, sit down and talk."

Xu Lipeng stood up as he was told, his eyes were red when he raised his head to look at Mrs. Qi, pursed his lips to say something, but couldn't say anything, and could only bend down and bow to Mrs. Qi.

Mrs. Qi arranged for both of them to sit down, and let people send tea, at the intersection, heard Xu Lipeng say that kind of words, Mrs. Qi's heart softened a few points, loosened up and said that she also came to give the small Yue's wish, so Xu Lipeng mother and son followed her over.

Mrs. Qi is early to prepare for the next, Mrs. Yongning Marquis is not so thorough, Qingyun Guan gave a small hall, and Mrs. Qi now this can not be compared.

The two then decided to return the wish in one place!

"Tell me, what was going on in the first place?" Mrs. Qi slowly put down her tea and asked.

"Mrs. Tai, what happened in the first place, it was Yu's reason, and I was indeed at fault, it's just that Peng'er, who waited for the Fourth Miss Qu with all his heart, and wanted to marry the Fourth Miss Qu with all his heart, let me make a mistake, and I made a mistake for him not to mention the Fourth Miss Qu, and even more so for the mood of the Second Mrs. Qu."

Mrs. Marquis Yongning said that her tears were about to fall again and hurriedly wiped them away with a handkerchief.

Then in detail, she told what happened in the first place, and of course this so-called first place was after she had purposely glorified her own family.

The cause of the matter is naturally the Marquis of Yongning single-mindedly abide by the promises made at the time, the two families married, Xu Li Peng on New Year's Day will go to the House of Qu, originally should be to go to the manor, but must be unmarried men and women, out of order, Qu four young lady at that time is also reluctant to meet people, and even more reluctant to accept the gift, so that this gift was sent to the House of Qu, sent to the hands of the Yu's. The two families have been working together for a long time.

I didn't realize that Yu had her eye on Xu Li Peng, and secretly let her niece seduce Xu Li Peng, one chance encounter at a time.

Xu Li Peng at that time did not care, did not think too much, just think Yu's niece does not seem to be too good, can avoid always avoid some of them.

Seeing Xu Li Peng this kind of avoidance attitude, Yu and Yu Qing Meng not only did not avoid, but instead intensified, actually backstabbed Xu Li Peng, after Xu Li Peng drank too much in the Qu Mansion on one occasion, Yu Qing Meng to take care of the drunken Xu Li Peng reason to stay, although that night in fact, nothing happened, Xu Li Peng just drunkenly slept a great deal just.

Because of this, Yu Qingmeng relied on Xu Li Peng, after the fourth Miss Qu returned to the house, this one is even more shameless, intensified, and then because of the face of the clan, repeatedly asked Yu Qingmeng also into the Yongning Marquis House, said the fourth Miss Qu also agreed to come down, and said that the fourth Miss Qu's nature of the dark and weak, the Qu House is also afraid of the future Qu's fourth Miss into the Yongning Marquis House do not adapt to, and only had the meaning of letting Yu Qingmeng take care of her.

The person sent by Yu spoke in a lively manner, and Mrs. Marquis Yongning was fooled into thinking it was true, so she agreed to it.

Unexpectedly, things after another change, first out of the paragraph two miss fell into the water thing, and then there is Yu Qingmeng dream to become the main wife of the meaning, Yongning Marquis wife was also angry, think even if it is to marry the paragraph two miss, also than to marry Yu Qingmeng strong, coupled with the paragraph of the side of the house also have the meaning of coercion, and the Qu House retired, and the paragraph of the marriage.

"I thought ... I thought, peng'er and qu four misses have not met before, this so-called affection, to say the least, it is just the affection of the second lady of the qu and I. That kind of time, that kind of situation ... Yu's still repeatedly lobbied to Let us marry Yu Qingmeng, angry, then ... and Duanfu married."

Mrs. Marquis Yongning regretted it and cried uncontrollably.

Mrs. Qi frowned and did not say anything, this matter, if it is really like this, the two people are really bad luck, one can only sigh that the two people do not have much of a destiny, no wonder this Marquis Yongning's son is so sad.

"Since we have tied the marriage with the Duan House ... properly, the marriage is." Mrs. Qi said.

"I ... also think so, but he is a dead hearted ... said what in this life, since he is married to the Qu family and settled for the fourth miss of the Qu family, he must marry the fourth miss of the Qu family, as long as the fourth miss of the Qu family does not get married, he does not marry." Mrs. Yongning Marquis exasperatedly patted the arm of her son sitting on the side.

The force used was not small, and the slap was so heavy and loud that it hurt to hear it. Xu Li Peng, however, did not say a word, only lowered his head and allowed himself to be beaten and scolded.

This look but by any defense are heartbreaking, Mrs. Qi heart is considered stronger, this will also can not help but want to say that the will of God.

This Marquis of Yongning's World Son clearly had feelings for Qu Mo Ying, not what Mrs. Marquis of Yongning said, not much affection, and had never seen it in the past.

Lifting his dim eyes, he looked at this Marquis of Yongning's World Son, with his good looks, the rumors were really not to be trusted, the rumors were that this affectionate Marquis of Yongning's World Son was a person who abandoned his alliance, and married other women with beads.

"This matter as such has been ... then your family will marry the second miss Duan is." Mrs. Qi added, the second miss of the Duan House, she naturally also heard of it, is really a not good, compared with the other family misses in the capital, is really where all fall down.

"I also think so, things are now also all my bad, I listened to Yu's words, thinking that this is the best, I did not expect to make both of them so painful and unbearable, Qu fourth young lady in the future if she marries poorly, it will be all my fault, I ... how I can go to see her mother in the future! I have not been able to sleep at night lately, always thinking about whether I can remedy the situation."

Mrs. Marquis Yongning sang and wrote.

"Remedy?" Mrs. Qi's heart fluttered.

"It is natural to remedy the situation, otherwise I would have delayed the two children for life." Mrs. Marquis Yongning rightfully said.

"Two children?" Mrs. Qi repeated.

"Naturally two children, the two of them were originally unmarried couples, and are both sentimental, and now because of the split up, this goes down is to be left behind for a lifetime, one has not been married, one has not been married, I ... what should I do now!" Mrs. Marquis Yongning anxiously cried again.

"Fourth Miss Qu still has this in mind as well?" Mrs. Qi asked more and more carefully.

"Naturally yes, otherwise by now, Qu House how not to find a good marriage for Qu Fourth Miss, I heard before that also someone let someone go to beg for marriage, the family is also good, just the Qu House directly to the refusal, it is said to be the meaning of the Qu House Miss."

Mrs. Marquis Yongning became more and more sad and murmured.

“Fourth Miss Qu still wants to marry Shi Zi?” Mrs. Qi asked, her brow furrowed, in her perception, with her ex-fiancé, there was still contact in private, that would be a bit ungodly.

“Qu four young lady is naturally a rule, how can I say so, just look at her behavior and the behavior of the Qu House, I’m afraid that it will really be a mistake for her life, my home this ... is another infatuation, Qu four young lady does not get married, he will definitely not marry, even if it is lonely end of the old man, but also have to do so.”

Mrs. Marquis Yongning spoke of her hatred and raised her head to hit her son heavily twice more.

Xu Li Peng is still sitting motionless, as if sitting there is just a puppet, the backbone and essence are gone.

This time, even Mrs. Qi feel heartbroken, originally she did not want to pay attention to this matter, this time but feel that help is also good.

The Duke of State has always taken care of this Fourth Miss of the Qu Mansion, and for her sake, as well as for her birth mother’s sake, he himself had to intervene, so he couldn’t let her really regret her life.

Even for the sake of his elder sister-in-law and elder brother, he should do so!

Moreover, it is not appropriate to let the old Duke know about this kind of thing, and it would be better to settle the matter by oneself.

“The second Mrs. Qu has already sunk her teeth in, when the time comes it will definitely be a big deal, I’ll go over to take a look once I’ve inquired clearly, when the time comes you guys will come over as well, if the two really intend to do so, I’ll lend a hand to settle the Duanfu matter as well.” Mrs. Qi said.

Seeing that she had the intention of reaching out to help, Mrs. Yongning Marquis was overjoyed, pulling Xu Lipeng to his feet and thanking her together.

Listen to Mrs. Qi said so, Xu Li Peng's spirit look also than just wooden look, a lot better, looking at Mrs. Qi although did not say anything, the eyes of gratitude but how can not hide, look like a sentimental and righteous, Mrs. Qi secretly nodded.

I did not expect Xiao Yue's own marriage is not good, but can find such a good marriage for their own daughters, but it is also considered to be an eloquent.

He couldn't help but think highly of Xu Lipeng as well.

The two discussed some minor details, making sure to get the Qu Mansion to agree to the two renewing their relationship at once.

When the discussion was complete, Mrs. Marquis Yongning took Xu Li Peng to say goodbye, and the dowager lady nodded her hand and called over a granny to send them out.

The mother and son walked out together, and when they arrived at the carriage of the Marquis of Yongning's residence, the two of them got on the carriage successively, all the subordinates were in the carriage behind, leaving the mother and son alone in the carriage in front.

The carriage turned around and traveled down the hill.

"Mother, is it okay?" With no outside in the car, Xu Lipeng, with less of the hurtful color of the party, frowned and asked, his face grimacing.

"Naturally it will work, with Mrs. Qi stepping forward, the Qu House will definitely agree, not to mention Mrs. Qi's current status, just the fact that she now has the additional status of being the grandmother of this future Crown Princess is enough to make the Qu House agree."

Mrs. Marquis Yongning said without thinking, a hint of smugness on her face.

To be able to get the time and behavior of Mrs. Qi's visit to Qing Yun Guan, or she took a lot of effort to contact Mrs. Liu Shangshu, and heard it from Mrs. Liu Shangshu's inadvertent words.

Although the process was fortunate, the result was still valid, that's good, that maid from the Qu Mansion is now obviously much better than the one from the Duan Mansion.

In comparison, marrying this one from the House of Qu is much more favorable.

As long as the two families are re-engaged, all those things from before can be skipped over, and Peng's reputation can be restored, and it can all be pushed onto Yu Qingmeng and Yu's body.

Her son's career is now cut short because of this marriage that she had initially frowned upon ...

#### Chapter 580 Lady Qu's Invitation

The King King's House and the Qu Mansion's going-away rites were sloppy.

One side sent some bride price over, the other returned the dowry, the street walk so, followed by many idle people to see the fun, know there is such a thing.

There was no back story to follow, and the two families didn't even sit down for a meal.

Only the King's House underlings know that the King's House of the inner courtyard is now the power of Mrs. Qu, rather than the former Qu concubine consort, King not only to Mrs. Qu changed the courtyard, but also to the Qu concubine consort banned feet, these days has also been lodged in the Mrs. Qu, the reason for this is that Mrs. Qu and the Qu concubine consort disputes.

At first no one saw Mrs. Qu, at that time it was just a small aunt, into the King King's House also shall not be valued by His Highness, which ever thought that one day it would climb to the head of the Qu concubine consort, and press her head, now even the Qu House did not say anything about this kind of thing, that is to say that the Qu concubine consort's mother's family also expressed their displeasure at her previous behavior.

The matter of King Jing's Mansion didn't have much to do with Qu Mo Ying, but it was Qu Caiyue who purposely sent her a gift, and Qu Mo Ying also returned a gift after asking the Dowager Lady what she meant.

The weather is gradually turning cooler, the Mrs. let Qu Mo Ying used breakfast and then come over to ask for peace, lest hungry stomach hurt the body, do not use a little breakfast in the morning do not come over. An unexpected message came from Sister Gu, who had been left behind in the manor.

“Doctor Ji is coming back?” Yu Chun asked the little maid sent by Sister Gu in surprise, this was one of the two little maids Qu Mo Ying had bought and sent up to the manor to serve Sister Gu.

“Sister Yu Chun, yes, said she will be back soon.” The little maiden joyfully said, then took out a letter from her bosom and gave it to Yu Chun, “This is Doctor Ji’s letter, it’s for the fourth young miss.”

“Then, wait, I’ll take the letter to miss first, and you’ll bring something to Sister Gu later, don’t go yet.” Yu Chun took the letter and said.

Have the little maid brought to one side of the room to go in and rest.

Lifting the curtain and entering the room, after saluting, he sent the letter to Qu Mo Ying’s face, “Fourth Miss, Doctor Ji’s letter.”

Qu Mo Ying put down the pen in his hand, reached out and took the letter, opened and drew the capsule to read it, to be finished in, the corner of his lips showed a hint of a smile.

“Miss, does it mean that the matter of your eye disease, is it all healed?” Yu Chun said eagerly.

Qu Mo Ying nodded her head with a smile, “Basically, there is no longer any major problem.”

“Then is it possible for the young lady to stop wearing the eye veil?” Yu Chun asked again.

Qu Mo Ying smiled coquettishly and nodded slightly, “There is no need to bring it.”

Yu Chun joyfully stomped her foot, "That would be great, and also let those people see where Miss is talentless and unattractive, what looks are vulgar and what not, it's all from other people slandering Miss."

The thought of their own young lady obviously looks beautiful, but was rumored to be this way, Yu Chun feel exasperated, now although it is not just back to the house of the time, but private rumors are still a lot of people, everyone has a different talk, Lin Lin total together in one place, is that very few people believe that the young lady long looks more beautiful than the third young lady.

They say that even if a young lady is good-looking, she's still good-looking at best, so it's hard to believe that she could be prettier than the third young lady.

Of course these words now also dare not someone in front of the face of Yu Chun said, but privately said a lot of people, Yu Chun more than once bumped into secretly say kind of words of the subordinate, ruthless reprimanded, there are still some people in the secret say, the Yu Chun angry head smoke, but do not know how to root out.

Now that's great. Once the lady's eye veil is removed, she'll surely shut those people up!

"It's not bad to be talentless." Qu Mo Ying said without thinking, reaching out and picking up a piece of eye veil on the side, "At least it makes people less jealous."

"Jealous of what? Miss's appearance originally looks like this, why do I need to be jealous?" Yu Chun asked uncertainly.

Qu Mo Ying faintly smiled, did not answer, her eyes fell above the eye veil, the bottom of her eyes condensed, that time she was only reborn in Qu Mo Ying's body, and found Qu Mo Ying's appearance stunning, this time she was not willing to appear in front of the crowd with such an appearance no matter what.

The one she wanted to deal with was Crown Prince Pei Luoan, it was best to stay hidden in the shadows, such looks doomed her to not be able to stay hidden in the shadows, overgrown looks could bring about mischief when she was not capable of protecting herself.

Eye veils are great in that situation!

"Miss, you don't need to wear an eye veil next, do you?" Seeing her silence, Yu Chun couldn't help but ask again.

"Wait until after the New Year!" Qu Mo Ying said.

"Why after the New Year?" Yu Chun asked in disbelief.

"After the New Year, spring will start, the weather will warm up, and things will be almost ready." Qu Mo Ying faintly said, meaning it, then asked, "Send some of the New Year's goods prepared for Sister Gu over first."

Although there was still some time before the New Year, Qu Mo Ying was already preparing the New Year's goods for Sister Gu, and it just so happened that Sister Gu had sent someone, so she brought some over first, lest Sister Gu didn't have anything good to eat in the manor.

When she was in the manor, she was clear about the paucity of things in the manor, Sister Gu was old and had been living in the manor, and was not willing to follow her over, Qu Mo Ying could only go along with her, only to send some food and supplies to Sister Gu from time to time under various names.

After Yu Chun agreed, she went down to make the arrangements, and she had left the little maid behind earlier with the same intention.

On her way out the door, she saw Sister Yan coming from outside and stopped, sidestepping and saluting, "Slave girl, I've met Sister Yan."

Sister Yan had gone into the palace again early this morning to see Mrs. Qu, and this was just back.

"Is Miss inside?" Sister Yan stopped and reached out to point at the main house.

"Inside, it will be just about empty." Yu Chun replied with a smile.

Sister Yan got ready and carried her steps to the door.

“How is Mrs. Qu’s health?” Seeing that it was Sister Yan who came in, Qu Mo Ying asked with a smile.

After Sister Yan stepped forward and bowed, she reported back, “Don’t worry, miss, the Dowager Concubine’s health has all been fine lately, there’s nothing much going on.”

“That’s good!” Qu Mo Ying nodded, the corner of his lips slightly hooked.

She could still sense the goodwill of the Qu Tai Fei towards her, although the cause might not have been the Qu Tai Fei’s intention, but afterward she got along with her, she was also considered to be more compatible with each other.

“The Empress Dowager asked the old slave to ask you if you can go into the palace to see her these days? Every time the old slave goes to the palace, the Dowager Concubine will pull the old slave to ask about the young lady, inquiring clearly, just afraid that the young lady will suffer a loss to go.” Sister Yan reported.

Qu Mo Ying’s heart fluttered, “Did you say something about King Jing’s Mansion?”

“The old slave said, the Empress Dowager meant, the third young lady into the King’s House, although out of order, but after all, it is also promised before, if there has been no place down, no have to lose is the face of the Royal family, the Empress this time to the King’s House of the women’s family name, is also considered to give everyone face, a concubine consort is really not anything.”

This means to appease Qu Mo Ying need not panic, Qu Qiu Yan’s this concubine consort is given for the sake of the royal face, and it is still the Empress mother intervened.

Everyone knows that the Empress Mother and King Jing’s mother and son don’t get along.

When she made a move, she always didn’t have to help King Jing.

The words were not much, the meaning of the words Qu Mo Ying already understood, slightly smiled and said, "In a couple of days to go to see the Dowager Empress can be good? Originally wanted to go see, just grandmother has been forbidden."

Before that happened, Qu Zhizhen deliberately warned Qu Mo Ying not to go into the palace to see the Qu Tai Fei, she naturally agreed to Qu Zhizhen at that time, this will not be able to take the initiative to go back on their word.

"Miss don't worry, the Dowager Consort will have a method." Sister Yan understood, she came here today mainly to ask Miss what she meant, as long as Miss had this intention, everything else would be fine.

If the lady doesn't take the initiative to go to the palace, the Empress Dowager will take the initiative to announce that it's just that, can't it be that the Qu Mansion can still resist? The Empress Dowager really likes the young lady, Sister Yan of course like before and after the relationship between the two masters close, the Empress Dowager does not have juniors, the young lady is the Empress Dowager's only admiration, like juniors, should be more close to it is.

"Miss, do you know the daughter of the auxiliary general?" Sister Yan suddenly asked again.

Liu Lanxin, the daughter of the auxiliary general?

"I've heard that." Quemoy Ying blinked.

"This Miss Liu is also have eye disease, actually also bundled eye veil, far away from the past, with Miss and a few like." Sister Yan surprised said, "today the old slave out of the palace door, just happened to see this Miss Liu into the palace to, far from the old slave thought it was Miss you, close to only found that it is not, asked to know is the auxiliary general's daughter."

Sister Yan had really thought it was before, and was taken aback, rushing up to see it before realizing it was different.

“What’s different?” Qu Mo Ying asked, she had pretended to be this Ms. Liu, but had never actually met her, and at this time, she was also curious.

“Miss Liu than Miss to be taller, look although also very weak, but compared to Miss to ... much better, long very beautiful, should not be worse than the third Miss, description demeanor is also very decent, a look to know is not the general family can be accompanied by out of the Miss ... ..” Sister Yan thought while describing, the words are not fast.

Wearing an eye veil looks, it inexplicably makes people feel soft and weak, the lady is this way, this Miss Liu is also this way, at first glance, it is also soft and weak look, slender.

But Sister Yan still saw some difference, Qu Mo Ying’s softness, almost in the bones, and the skeleton is also much slimmer than this Miss Liu, recently the body has grown a lot, but still can not compare to Miss Liu.

There is also the lip color, the corners of the lips of my own young lady is very shallow, a look knows that I am afraid that there is some congenital deficiency, either premature birth, or there is a disease in the fetus, the body bone is definitely not good.

This Miss Liu’s lip color is very good, although it’s also the reason why she put on lipstick, but it’s impossible to put on a very thick makeup on weekdays, especially if she is still going to the palace, and she is going to see the Empress Dowager or the other Empresses, too much thick color will make people feel aggressive, and no one is likely to do this kind of thing.

Slightly coated with a coating, the whole person spirit some, all rely on their own air color bottom, so look, lip color should be natural thicker.

“The old slave feels that this Miss Liu’s eye veil doesn’t look like an ordinary eye veil either.” Summarizing to the end, Sister Yan added this extra sentence.

“What solution?” Qu Mo Ying came to be interested, raising her beautiful eyes to look at Sister Yan, this kind of thing Sister Yan has the most say ...
