

## **Noble Wife 581**

Chapter 581 Where's Lone's hairpin?

"The eye veil is very thin, light fall almost no effect, right, unlike Miss you deliberately pick higher, the strength of the bundle are above the forehead, she bundled right on the eyes, directly on the bundle, but it is very thin, so thin, when the old slave passes by, but also can almost see her eyes, especially light kind, the feeling is not blocking the strong light, right?"

Sister Yan commented.

She originally thought it was her own young lady, deliberately looked a few more eyes, only to find out that it was not when she got closer, and even met the eyes of this Miss Liu.

This Miss Liu only smiled faintly even at her rude behavior, causing Sister Yan to develop a few good feelings.

Just does this eye veil really work?

"It might also be just a slight cover, and this eye disease shouldn't be a big problem." Qu Mo Ying replied casually.

"Old slave heard that Miss Liu's eye disease seems to be related to King Utopia." Sister Yan's voice suddenly lowered a few points.

"How?"

"I heard that it is to save the king, of course, it may also be with the king When you go out of the city, there is a relationship with the northern border side." Sister Yan said, what she knows is not clear, this is still the people around the Qu Tai Fei, these days heard, the palace these days the most discussed is this Miss Liu.

It is said that a woman is not a woman, that this Miss Liu is different from the ordinary ladies of the world and is a true woman of wonder.

“The palace is still saying that she is going to marry the prince ...” Sister Yan stole a glance at Qu Mo Ying’s face and saw that she was still calm as water, before she added, “The old slave thinks that this is false, if the prince really wants to marry this Miss Liu, in the first place he would have married, how could he not have waited until now and not reacted.”

Sister Yan has seen a lot of people, how do you look at a person like King Utopia does not seem like he would be the kind to keep all his affections in his heart, and when he likes it, he will reach out in a domineering way.

“Sister Yan, go back first and make arrangements to enter the palace.” Qu Mo Ying faintly smiled and faintly said.

That means it doesn’t want to talk anymore.

Sister Yan sighed helplessly and could only say, “Yes, miss old slave excuses herself.”

“Go and get busy first!” Qu Mo Ying waved her hand with a smile.

Sister Yan answered and retreated, when she reached the door, she stopped and turned her head to say something, but she saw Qu Mo Ying looking at her with a smile, her eyes steady under her long eyelashes, not showing a single ripple, so she could only smile and retreated.

Standing still under the corridor, Sister Yan’s brows furrowed, the matter of the young lady of this Auxiliary General’s residence, originally she didn’t care, even though she had heard that this Miss Liu was now the palace’s new favorite, not allowed to be declared by the Empress to accompany her into the palace, even Noble Concubine He also invited her to go over to have a word from time to time.

Just what if it’s really related to King Utopia?

A man, even if he doesn’t like a woman, but if the woman really hurt her eyes to save him, then the best way to repay the favor is to marry someone into the family.

Moreover, this Miss Liu's identity is much higher than her own miss, people look also very good, the first face will not let a person be offended, and even vaguely have a kind of big lady when the feeling of such.

Sister Yan inexplicably felt a little panicked, just now also borrowed the words, want to wake up their own young lady, but look at the young lady's appearance, should be clear, just why no reaction?

What if this young lady from the Auxiliary General's residence really married King Utopia?

Sister Yan's worried brows were hard to understand, and she stood on the porch and did not leave.

Yu Dong came in from outside and saw Sister Yan standing under the porch, seemingly in a daze, not knowing how long she had been standing there, looking at her brows furrowed, she reached out her hand and waved it in front of Sister Yan, "Sister Yan!"

Sister Yan came back to her senses, fixed her mind, and looked at Yu Dong, "Fang went out?"

"Went out and just came back, miss is in the house?" Yu Dong reached out and pointed inside, speaking softly.

"Miss is inside." Sister Yan nodded.

"Slave servant goes in to report to miss." Yu Dong excused herself to Sister Yan, who nodded her head, watched Yu Dong go in, sighed deeply, and turned around to go back to her own compartment to prepare for Miss's trip to the palace.

Things now to which step, is still unclear, Miss is a smart person, can be stable! That Miss Liu is certainly good, but I think it is still not better than my own Miss ...

Inside the house, Yu Dong was reporting, "Miss, things have been done, saw the person beside Ming Xian'er, the maid from before."

He was talking about the previous maid who had begged them for help at the Crown Prince's residence.

“Just send it in.” Qu Mo Ying smiled faintly, her long eyelashes fluttered twice, and under her butterfly wing-like long eyelashes, her eyes were deep as water, calm and ghostly.

“Will Ming Xian’er not say anything?” Yu Dong was a little worried.

“It won’t! If Ming Xian’er wants to be in the Crown Prince’s residence properly, she needs someone to help her, otherwise that Ji side consort won’t be able to tolerate her, and besides, she has ambitions.”

Qu Mo Ying slightly closed her eyes, her long eyelashes falling sporadically over her eyes.

Ming Xian’er’s ambition was clearly seen from the first time she met her, and after that, she made a big mess in the spiritual hall, and even put her life in danger, which was not a small ambition.

With such an opportunity on the line, how could she not use it!

As long as she has ambition, isn’t the Crown Prince’s East Palace the most likely place for ambition to come true?

She now ... gave a chance to Ming Xian’er ...

East Palace, Crown Prince Pei Luoan with a few chamberlains and chamberlains, striding towards the inner courtyard, there are maids and grannies who see it, hastily avoiding to the side, looking at the situation, it should be the Crown Prince going to see the Ji side consort.

Ji side consort lady was previously grounded, recently there seems to be a sign of release, these days the crown prince has gone to see Ji side consort again, look at this situation, it is just a day or two of things.

It’s just that today, His Highness the Crown Prince doesn’t look right.

To the time of Ji You Ran’s courtyard, there was already a granny who saw Pei Luo An come over from afar and went to report Ji You Ran, who came to the courtyard gate to pick up the person.

Seeing Pei Luoan enter, she hastily sidestepped and softly said, "Greetings, Your Highness!"

These days she was supple and obedient in everything, and in order to lure the Crown Prince over, she even bribed a number of people in the Crown Prince's residence, which led to the Crown Prince coming over frequently in these days.

Last night the Crown Prince had also promised her that he would exempt her from her confinement in the next few days, allowing her to regain control of the East Palace's backyard.

Just between the hundred thoughts, there was a cold snort in his ears, Pei Luoan gave her a cold look and marched inside with large strides.

Ji You Ran froze for a moment and hurriedly followed her in.

In the main house, Pei Luoan sat down, his gaze glaring grimly at Ji You Ran, glaring at Ji You Ran creepily, panicked and reappeared to salute again.

Pei Luoan waved his hand, leaving only one chamberlain behind while everyone else went down.

"Ji You Ran, where is Lone's hairpin?" Pei Luoan asked sternly.

"Hairpin ... what hairpin?" Ji You Ran shivered a bit and asked busily, lifting her pale face, the whole person looked blank, as if she really didn't know anything.

"The hairpin that Lone put in the study, where did it go?" Pei Luoan said word for word.

"Your Highness the Crown Prince ... you ... what you said, I don't ... understand."

Ji You Ran said with trepidation.

Pei Luoan's hand slammed the table heavily, shaking the tealight on top of it jumped up, fortunately there wasn't much tea in it either, so it didn't overflow, "Ji You Ran, are you going to call the people over alone to confront them?"

"Your Highness the Crown Prince, my concubine really doesn't understand what you're talking about?" Ji You Ran flopped down and looked at Pei Luo An with tears in her eyes, "My Concubine has been grounded for the past few days and hasn't gone out of the courtyard, so how would I know that the hairpin by Your Highness' side is missing? Furthermore, was this hairpin something that your highness wanted to give to someone important? Can you let my concubine know about it as well."

Ji Youran said miserably, smile bitter, "I have never seen your highness on the hairpin used by the woman, so attentive, always have to let me know a sound, even if it's dead, I should be able to know your highness's heart, right?"

This was said in an extremely aggravated manner, his voice trembled slightly, and the tears hanging in his eyes finally fell, slowly sliding across his white face.

"You really don't know?" Pei Luoan frowned, scrutinizing her.

"My concubine ... really doesn't know anything, your highness if you don't believe me, you can ask the people here, ask my concubine if she has ever listened to your highness and gone out privately?" Ji You Ran took a handkerchief and wiped up her tears, because she was too aggrieved, the more tears she wiped up, the more her voice unconsciously choked up.

"I know that I have done things wrong before, I should not be with Cousin Qu ... always sad in my heart these days, even if I know that Your Highness really has another person in his heart ... I won't be reckless with the hairpin how? "

"It's really not you?" Pei Luoan's expression slowed a little. "It's really not my concubine, Your Highness doesn't believe in checking it out yourself." Ji You Ran bites the bullet, never know, absolutely can't know, also dare not know.

"Who else is there if not you, isn't that Slanting Wind girl one of yours?" Pei Luoan asked rhetorically, his gaze still grimly locked on Ji Youran.

Ji Youran's sweaty hairs stood up all over her body, and that invisible murderous aura made it clear to her that if she answered wrongly, Pei Luoan would definitely not be able to spare herself.

"Your Highness, Slanting Wind is the Crown Princess's person, has always been the Crown Princess's person, even if she's with my concubine now, this heart is only the Crown Princess, doesn't your Highness know that?" Ji You Ran cried out, "I originally took her in for the sake of the Crown Princess, and gave her an open face, but she acted afterward without regard for me, and during this period of time, she even seldom came to my place."

"So this matter, you really don't know?" Pei Luoan was still scrutinizing her.

"I really don't know the hairpin Your Highness is talking about, no matter who Your Highness gives it to, I don't dare to say anything." Ji You Ran wiped away her tears and bowed her head to the ground.

Seeing how she was in a submissive posture, Pei Luoan's face settled a bit and said, "Get up and talk!"

"Many thanks, Your Highness the Crown Prince!" Ji You Ran cried and got up, aggravated.

"If not you, who else?" Pei Luoan didn't notice her aggrieved expression and muttered to himself.

"Your Highness, what exactly is the important hairpin, you say it to me to listen, maybe I can help you analyze it." Ji You Ran wiped her tears clean and curried favor.

"No need!" Pei Luoan stood up and gave her a cold, sidelong glance, "It's best if this has nothing to do with you, otherwise ..."

With a cold snort, he turned and strutted away.

Behind her, Ji Youran clenched her teeth tightly, she hated it, but felt ridiculous.

Ji Hanyue are dead, the Prince actually still bent on her, a dead person, people are rotten, but also what hairpin, really ridiculous ...

She can't just sit around and wait for the Empress, she still has the Empress ...

## Chapter 582 Enthusiasm, Changing the Palace Sedan Chair

Pei Luoan grimly headed for a remote courtyard in a piece of the Eastern Palace.

Before we got close, the air already smelled strongly of scented candles.

The courtyard door was open, Pei Luoan waved his hand and took only one chamberlain inside, the guards were divided to guard the two sides of the courtyard.

"Your Highness the Crown Prince!" A clear female crown appeared at the entrance of the main house, seeing the Crown Prince coming over, she sidestepped and bowed, her demeanor generous and decent.

Twenty years of age, just in the prime of life, even if only a shallow robe, but also has a kind of indescribable flavor, not to mention the long outstanding, not like the kind of female Taoist, but like which family carefully cultivated out of the family lady, this a Taoist robe and let her more a few points out of the dust.

It has a different charm!

"Lone to see." Pei Luoan said grimly, lifting his steps and walking inside.

The Daoist nun consciously retreated to the side and waited for Pei Luoan to enter before following him through the door.

After entering the door, in the middle of the three Qing Taoist statue below, placed the spirit of Ji Hanyue, three incense lit up, smoke curls, there are two bushels on the ground, there is a young Taoist nun kneeling there with her head down.

When he heard the voice, he didn't open his eyes and remained kneeling on top of the futon.

Pei Luoan did not think so, and took the three sticks of clear incense in the hands of the previous Taoist nun, held them up with both hands, head bowed down, and saluted three times.

The ritual was completed, and the incense was placed in the center censer with a wave of the hand.

The Daoist nun pulled the one on the futon to her feet, and the two men had the good sense to back out and retire to wait outside the door.

Pei Luoan quietly looked at Ji Hanyue's spirit seat for a good half a second before she moved her stiff feet and turned to walk in the direction.

At the door, two young Taoist nuns saluted and escorted him away ...

"Empress Dowager declared you to go to the palace, when you go, you must be careful." Mrs. Tai instructed Qu Mo Ying to say, just got the words sent by Mrs. Qu, her heart is really not bottom, specially called Qu Mo Ying over to knock some.

The dowager lady is really worried about Qu Mo Ying going to the palace, before Qu Qiu Yan and Qu Mo Ying went to the palace after such a big thing happened, now although it has calmed down, the dowager lady still has a knot in her heart.

If she could, she really didn't want to let Qu Mo Ying go to the palace.

"Grandmother don't worry, it'll be fine, I'll go to the palace alone, I'll be even more careful." Qu Mo Ying pacified Mrs. Tai Dao.

The main reason why things went wrong before was because Qu Qiuyan had started a demon ezi inside.

"That's good, before because of your things, I also dare not let you enter the palace, this time the Imperial Concubine since declared you to go over, you will send a gift for me to the Imperial Concubine, older, always some body insufficiency, I let you bring into the palace is some medicinal herbs, are in the past days just happen to collect."

Mrs. Too said.

Good medicinal herbs, not want to buy can buy, but also can not be found, the dowager lady thinking of Qu Tai Fei old, other things do not necessarily need, and even if you send, not necessarily agree with, might as well send some medicinal herbs, put in the evening is also good.

The palace's Imperial Hospital of course also has medicinal herbs, but that's for all the nobles in the palace, and Qu Tai Fei, an old Tai Fei, sometimes wants to use it, it may not be so convenient, or even if she uses it, it may not be good.

The dowager lady pulled Qu Mo Ying up and walked over to the bed, pointing to the large portion of herbs placed on it and said, "You'll bring it over in a moment, and bring it in to the dowager consort along with it tomorrow, and send my regards to the dowager consort for me."

"Grandmother, I know." Qu Mo Ying nodded.

The dowager lady pointed to another small pile of herbs and said, "This is what I prepared for you, you are a junior, you don't need much, just the thought."

One copy is a token of gratitude expressed by the Dowager Lady on behalf of the Qu Mansion, and the other is prepared for Qu Mo Ying, a salute from the juniors to the elders, which has already been arranged by the Dowager Lady here.

In front of Qu Mo Ying's face, put in two gift boxes, folded up together and let Qu Mo Ying take away.

The next day in the morning, after Qu Mo Ying asked the Dowager Lady for peace, she took Yu Dong and Sister Yan on the Qu Mansion's carriage, which went all the way down the official road to the palace gate.

The carriage stopped at the palace gate, Sister Yan got off the carriage first and helped Qu Mo Ying, Yu Dong was the last one to get off the carriage, holding two folded up gift boxes in his hands, and the group traveled towards the palace gate.

The raised swords of the guards guarding the gate stopped them, and Sister Yan took two steps forward, busily explaining her intentions and taking out the token of the palace where Dowager Consort Qu was located.

The guards checked it and released it.

Sister Yan still had things to do, so she went ahead, Qu Mo Ying and Yu Dong stayed behind and slowly passed.

Sister Yan only left, the back of the palace road, actually another person to, Yu Dong curiously looked back, actually is also a pair of master and servant, look like a lady with a maid.

When he saw the eye veil on that young lady's face, Yu Dong froze for a moment and hurriedly stepped forward, close to Qu Mo Ying and lowered his voice, "Young lady, the one who came over from behind seems to be the young lady from the auxiliary general's residence."

Although he had never seen it, but this eye veil looked like it was not something that ordinary people had, except for his own young lady, it was only that Auxiliary General's young lady.

"Ms. Liu is behind us?" Qu Mo Ying didn't turn around, but was surprised, this was a real coincidence.

"Yes, it seems like they saw us, miss, they're walking a bit faster." Yu Dong said as she looked back again.

From the palace gate outside the main gate, to the palace gate after that, at the two palace gates is a long palace road, with high fences on both sides, and I've heard that there are arrows chopping on them.

Walking in such a place can make the path feel extra long.

Between the returns, there were just four of them, at a glance.

Yu Dong had already turned back twice and was picking up the pace behind him, Qu Mo Ying sighed and had to slow down.

Sure enough, it wasn't long before the sound of footsteps became clearer, Qu Mo Ying stopped walking and turned back to look over greatly, sure enough, a woman wearing an eye veil came over with a maid, her watery eyes narrowed slightly.

Although she had pretended to be this Ms. Liu, it was really the first time she had seen this one.

Closer, see a little more clearly, see Qu Mo Ying with Yu Dong stopped, Liu Lan Xin's face also showed a trace of gentle smile, feet but not slow, walked close to the front, before stopping, up and down after measuring Qu Mo Ying a few eyes, smiled and asked, "Are you the Qu fourth miss?"

"Yes!" Qu Mo Ying gave a sideways salute.

Liu Lanxin hurriedly returned the salute, "My father is the Auxiliary General."

"Ms. Liu?" Qu Mo Ying was silent for a moment, as if she had just remembered her last name.

"Yes, I didn't expect Fourth Miss Qu to know my father as well." Liu Lanxin laughed.

"Auxiliary General, the pillar of the country, who in the capital doesn't know." Qu Mo Ying smiled slightly and softly said.

Liu Lanxin smiled again and asked gently, "Is Fourth Miss Qu's eye disease ready? The doctor at my place is still extremely good at looking at eye diseases, and my previous eye disease, which was almost fully healed, was only two or three years old."

Qu Mo Ying's eye disease sounds like it's been dragging on for more than ten years, Liu Lanxin's eye disease is only two or three years, and look at her now, the eye veil is both directly tied up and not hindered, it should be almost as good as it can be.

Qu Mo Ying's eye veil was too wide, too large, and the lines sewn up above it bunched up on her forehead, hiding her eyes and nose, and the eye veil was not as light as Liu Lan Xin's.

Comparing the two, it was indeed Liu Lanxin's situation that was much better.

"Thank you Ms. Liu, my eye disease is not much of a problem anymore, it's just a matter of recuperating a little." Qu Mo Ying thanked with a smile.

"I heard that when Fourth Miss Qu returned to the mansion, she said it was almost done, and several months have passed since then, so why is it still almost done? The medicine used wasn't quite right?" Liu Lanxin asked with concern.

"No, it's just that it's a bit better to keep, and it's actually possible to take it." Qu Mo Ying thanked her again for her kindness.

Seeing that she repeatedly pushed back, Liu Lanxin also stopped talking about this topic and looked at the palace road exit in front of her, "Qu fourth young lady came into the palace to see Mrs. Qu?"

"Your Imperial Highness has declared a summons, I dare not disobey." Qu Mo Ying replied in a disciplined manner.

"I was summoned by the Empress Mother, in that case, let's go in together." Liu Lanxin invited.

Two people are going in the same direction, naturally, together.

Along the way, this Liu Lanxin seemed to be especially kind to Qu Mo Ying, and from time to time, she would ask Qu Mo Ying about some things, but every time Qu Mo Ying avoided not answering, she didn't force to ask questions, and she was very comforting between her speech and behavior.

It was just that Qu Mo Ying said little, it was almost as if Liu Lan Xin asked a few questions before she simply answered a few sentences.

As they spoke, the two arrived at the inner palace gate, two chamberlains guarding the gate, much kinder than the two guards outside, smilingly saluted them before pointing to the two palace sedan chairs on one side.

“Miss Liu, the red palanquin is prepared for you by the Empress, Fourth Miss Qu, the green one is prepared by Dowager Consort Qu.” The chamberlain smiled and pointed to the two palanquins on one side and said.

The red palanquin is obviously a big one, the green one is much smaller, that is, can sit in just, Qu Mo Ying every time to the palace, are sitting in this palanquin, do not feel there is anything wrong.

Nodding to Liu Lanxin, he wanted to go over.

The sleeve was pulled by Liu Lanxin, “Fourth Miss Qu, please wait!”

“What else does Ms. Liu have to do?” Qu Mo Ying politely stopped and pulled her hand back slightly.

Liu Lanxin immediately released her hand, “Fourth Miss Qu, in the heat of the moment, I was rude!”

“There’s nothing in the way!” Qu Mo Ying said.

“Qu fourth young lady’s palace sedan chair is a little smaller, sitting is bound to be uncomfortable, we two change a top, I originally have a good body bone, Qu fourth young lady looks at the body is not very good, right!” Liu Lanxin smiled and said.

“I’m not in the way! Thank you, Ms. Liu.” Qu Mo Ying shook her head and thanked her.

“Fourth Miss Qu might as well sit on this top, this one is a bit bigger, and it’s smooth and spacious inside.” Liu Lanxin said with concern again, then explained, “I didn’t have many friends when I first arrived in the capital, and when I saw Fourth Miss Qu for the first time, I inexplicably felt affinity and wanted to be closer to Fourth Miss Qu.”

“So am I!” Qu Mo Ying smiled faintly and nodded in agreement.

“Then Fourth Miss Qu will change a top with me!” Liu Lanxin didn’t expect Qu Mo Ying to respond, and said excitedly, looking like she was genuinely sincere in wanting to switch over a palace sedan chair with Qu Mo Ying.

The chamberlain at the palace gate skimmed Qu Mo Ying with a meaningful ...

Chapter 583 The Empress has sent someone

“Miss Liu, I’m afraid that’s not appropriate, that’s what the Empress Mother prepared for Miss Liu, it’s the one on this side that’s the one the Dowager Consort prepared for me, the rules in the palace are configured according to rank, and if I took the palace sedan chair that the Empress Mother prepared for Miss Liu, it’s for disrespecting the Empress Mother, and likewise disrespecting the Dowager Consort Mother.”

Qu Mo Ying explained with a smile.

“This ... kind of ah!” Liu Lanxin seems to really not know, was shocked, half a minute before helplessly said, words since said open, can not be forced, “that’s my bad, I grew up in the border since I was a child, to some of the palace rules, the palace rituals are completely unknown, almost harmed the fourth miss Qu together with me to be punished.”

Said also to Qu Mo Ying deep salute, Qu Mo Ying hastily return the salute, the two people parted, each on their respective palace sedan chair, have their own chamberlain to carry them away.

Liu Lanxin’s palace palanquin in the front, Qu Mo Ying’s palace palanquin in the back, after walking for a while, Qu Mo Ying to one side of the path, Liu Lanxin is still in the middle of the palace road forward.

Yu Dong accompanied the palace sedan chair all the way, and when he reached the door of the palace of Mrs. Qu, Qu Mo Ying got out of the sedan chair.

“Miss, is this Miss Liu doing this on purpose?” Yu Dong asked in a low voice while she was standing a little bit and fixing her mind.

“She has excellent palace rules and rituals!” Qu Mo Ying smiled faintly and said with intent.

How could someone with excellent palace rules and rituals know nothing about what goes on inside the palace?

What was done was just to deceive himself, a person who had been raised in the manor since childhood, and did not understand this, or even if he had learned, he had only learned for a short time, and would not understand these detailed aspects of the matter.

“Fourth Miss Qu, please!” Tai Consort Qu’s personal Grand Palace Maiden, Hanyu, greeted her.

Qu Mo Ying hurriedly returned the salute, then followed her inside.

When she entered the main hall, Dowager Consort Qu had long been waiting there, seeing Qu Mo Ying come over, her eyebrows opened up and she smiled, after seeing her salute, she reached out her hand and smiled, calling her to go over and sit down beside her.

“There’s nothing wrong recently, right?” Crown Princess Qu asked with concern.

“Nothing much.” Qu Mo Ying softly replied, sitting down beside Dowager Consort Qu, smoothly picking up Dowager Consort Qu’s wrist, her fingers laced up.

Mrs. Qu knew that she was checking her pulse and smiled without saying anything.

For a good half a second, Qu Mo Ying’s fingers fell and raised her eyes to look at Dowager Concubine Qu, “Dowager Concubine has been quite good lately!”

Was Mrs. Qu’s illness earlier really just an accident?

“Indeed it’s not bad, the food is also okay, the sleep is also okay.” Qu Tai Consort was in a good mood and laughed, reaching out to touch Qu Mo Ying’s hair, only slightly touching it, but with a compassion that Qu Mo Ying could sense, “Nothing has happened recently, it’s all good, how is this girl of yours?”

King Jing’s concubine consort’s name is considered to be officially settled, Qu Tai Fei this is afraid of Qu Qiu Yan relying on this concubine consort’s name now, bullying Qu Mo Ying.

“Don’t worry, Your Highness, there’s nothing wrong, I rarely go out.” Qu Mo Ying knew what she meant and laughed.

“That’s good, if there’s nothing to do, go out less, I’m afraid King Jing’s Mansion isn’t at peace lately either.” Mrs. Qu sighed, meaning to say, that auxiliary general’s daughter, only entered the capital, was subjected to blowing the stick, the wind of the health, a moment, even compared to Jingyu county princess this future crown princess is not bad.

“When I entered the palace just now, I saw the daughter of the auxiliary general.” Qu Mo Ying’s watery eyes turned, already understanding the meaning of Tai Consort Qu’s words.

“You met her, how?” Crown Princess Qu asked with a start.

“Looked like a kindly one, when entering the palace gate, also let me sit in her palace sedan chair, was sent from the Empress Mother’s palace.” Qu Mo Ying laughed.

Mrs. Qu’s face sank, it was one thing to guess and another to hear.

“The palace sedan chair is which palace sends out, is which place, can’t be replaced casually, if it is against the system, being made fun of is a small matter, breaking the rules is a big deal.” Qu Tai Fei deliberately aggravated the tone, is afraid of Qu Mo Ying do not understand, a moment with the way of others.

Breaking the rules inside the palace is sometimes a death sentence, or even if someone pleads for mercy, they will still be chastised.

“Don’t worry, Your Highness, I refuse!” Qu Mo Ying laughed.

Seeing her so calm, Empress Dowager’s heart a little more at ease, reached out in her hand gently patted, said seriously “in the palace, to be more careful, you later ... may often go to the palace, more cautious is, as for this Miss Liu, see... .. respect on the line.”

It is actually better to honor ghosts and gods by not seeing them, but that is not possible.

To this Miss Liu’s behavior now, as the future must also be a royal person, I heard that there is a possibility that the utopian county princess, said she also saved the utopian county king, if there is really some love in the, Qu Taifei think that the position of the right consort I’m afraid to be this Miss Liu.

This should also be the reason why this Ms. Liu is going to give Qu Mo Ying such a downward spiral before she meets her!

“Your Highness, I will.” Qu Mo Ying softly nodded her head.

Seeing that she was so obedient and intelligent, Empress Dowager nodded in relief.

“The weather is nice, let’s take a casual walk.” Crown Princess Qu suggested.

Seeing the spirit of Mrs. Qu is still good, this will be although the winter, today’s weather is also not bad, Mrs. Qu more walk is also good.

The palace where Mrs. Qu lived was relatively remote, and all the way over, she didn’t encounter a few people, only a handful of a few palace people, seeing their line of people coming from afar, they each bowed their heads and saluted.

“Your Highness, the palace rooms that have been repaired in the palace have not yet been repaired?” Qu Mo Ying suddenly remembered about Qu Zhi Zhen, he, the Minister of the Ministry of Public Works, had been going into the palace recently for some time.

“Not yet, that one project is extremely large.” Qu Tai Fei did not know what came to mind and sighed, “In fact ... people are gone, what’s the use of repairing it again!”

“Is it because of a new use?” Quemoy Shadow asked casually.

The person is gone? Is it gone? A palace with a missing owner should be useful in another way before it is properly restored.

“There is no new use for that one place, it’s not a place where ordinary people can live.” Mrs. Qu said, after standing still, she looked in one direction, “It’s the Changchun Palace, the place where successive queens have lived, and it’s not something that ordinary people can live in.”

“Then why doesn’t Empress Dowager not live in Changchun Palace now?” Qu Mo Ying subconsciously asked.

“Pepper room hall, there used to be an empress who used to live there, Changchun palace sealed the palace, the empress can only live in pepper room hall.” Qu Tai Fei’s complexion was tinged with sadness, and smiled bitterly, “It’s just that the deceased is no longer here, so what if it’s like this again? It will just cause the Empress to be displeased.”

“Changchun Palace, it’s where Empress Yuan lives, right?” Qu Mo Ying’s voice lowered.

“Yes, Empress Yuan ... that is a bitter life.” The eyes of the Qu Tai Fei darkened, her smile was bitter, this was a taboo in the palace, no one ever dared to mention it before, but recently with the restoration of the Changchun Palace, the Yuan Empress Dowager gradually appeared in the mouths of the palace people.

Just the same it was sneakily and privately mentioned.

“Does Empress Yuan not have an heir left behind?” Qu Mo Ying said, everything she knew about Empress Yuan was also half-understood, with Ji Hanyue’s status, it was still like this, let alone others.

“No heir!” Crown Princess Qu shook her head, “Actually at that time she ...”

The words came to a sudden stop, "What am I telling you about such things! Your father is repairing the palace right now? I heard that this was given to King Utopia before."

"An official matter hosted by the Utopia County King?" This was something that Qu Mo Ying really didn't know about, and thought that it was directly given to Qu Zhi Zhen's affairs.

"Yes, is the emperor let him do, in fact, this thing has been past for many years." Qu too consort and inexplicably want to sigh, "a few years earlier, this thing the emperor let him repair Changchun palace, utopian county king has been busy with official business annoyance as the reason, put off, this time back to the capital, no more excuses, which let the ministry of works to do."

"His Majesty had the idea so many years ago?" Qu Mo Ying said in puzzlement, "King Utopia should have been frequently absent from the capital at that time, since he had the idea of repairing it, why didn't he send someone else to do it?"

Now the lead is Pei Yuanjun, but the real implementation is Qu Zhizhen, this thing in fact Pei Yuanjun does not have much to do with the work of the instructor directly sent down is, and why must he overhand?

"Who knows what the emperor thinks, may be at that time is so say, also may recently think again." Qu Tai Fei's gaze despondently looked toward the unknown distance, then pulled the corner of her lips again and smiled, "In fact ... it's long past, everything has already passed, the Yuan Empress Mother left nothing behind, such a Changchun Palace will also be left to someone else in the end, to repair or not to repair it really doesn't mean much. "

Qu Mo Ying fell silent, Empress Yuan is no longer here, this palace room is repaired even better, it is also for other people to see, or even for other people to live in, to repair or not to repair in fact really does not mean much.

Qu Tai Fei is old, after walking around a little, she was exhausted, Qu Mo Ying persuaded her to come back, after returning to the main hall and sitting down again, the Empress Dowager looked like her spirit wasn't that good anymore.

"Your Highness, you rest for a while, I'll go outside to take a look around, look around, it's rare to go to the palace, I always have to see enough."

Qu Mo Ying laughed, she stayed here the Dowager Consort could not rest properly, it was better to go out and turn around, let the Dowager Consort rest for a while, and then come back to accompany the Dowager Consort herself to talk about the meeting.

Seeing her so a naughty can't sit still want to go out to play look, Qu Taifei smiled and agreed to down, specially urged her only in the surrounding walk, don't go too far, last time out of that kind of thing, Qu Taifei to now still have palpitations, the heart has thought about, don't let the Qu Mo Ying left around too long.

Knowing Tai Consort Qu's worries, Qu Mo Ying agreed one by one in a well-behaved manner.

It was only when she answered, that she saw a palace man rush in and salute the Empress Dowager as soon as she entered, "Empress Dowager, the Empress Dowager has sent someone."

Mrs. Qu froze for a moment, not hearing clearly, "Who sent the people?"

"It's a Sister beside the Empress Mother, saying that she has important matters and wants to meet the Imperial Concubine." The courtesan restated it.

Crown Princess Qu frowned, what was the Empress Dowager sending someone to her place at this time? Her place is clean as a whistle, the Empress Dowager rarely sends people over ...

## Chapter 584 The Consort and the Empress Have Their Own Agenda

"Empress Mother wants to invite Maiden Shadow over?" Crown Princess Qu looked at the Sister in front of her and asked suspiciously, "Is there something wrong?"

"is not what important thing, is the auxiliary general's daughter Miss Liu in the palace, Fang talked about the qu four miss, the empress remembered that there has also been a period of time have not seen the qu four miss, specially instructed slaves to take a trip to the qu four miss to invite the past, Miss Liu and

the qu four miss are not out of the cabinet of the young lady, in the together to talk, and also do not restrain them. ”

The Sister smiled.

It was for the daughter of that Auxiliary General, and Dowager Consort Qu was very unhappy.

Just that she couldn't say this back, and turned her head to look at Qu Mo Ying, "Shadow girl, what do you think?"

Qu Mo Ying stood up and sidestepped with a full bow, "Your Highness, the Empress's grace is naturally the best."

Although Crown Princess Qu was worried, she had to be, since the Empress sent someone, she couldn't help but release them.

"Take Sister Yan with you as well!" Crown Princess Qu said.

"Thank you, Your Highness." Knowing that Dowager Consort Qu was worried about herself, Qu Mo Ying obediently responded, walking around the palace, it was indeed good to have an additional Yan Sister who understood palace affairs.

Auntie's call was too intimate, and she generally didn't use it much nowadays, especially in front of people.

Sister Yan and Yu Dong both followed, and only then did Dowager Consort Qu feel slightly relieved, asking a few more questions about Miss Liu before letting them pass.

All the way over, taking not the most middle of the palace road, towards the path.

The Sister sent by the Empress Mother explained that the walk would be slightly closer on that part of the road.

Sister Yan was a bit skeptical, but she was not in a position to say anything, so that the past is indeed a little closer than the previous road, but only a little closer, the Empress is in such a hurry? This little bit of road also do not want to be poor?

Qu Mo Ying calmly followed behind the Sister, she likewise found that this road is not much closer, just that she is now just the Empress Mother summoned over there, not much say, besides she should also be unfamiliar with the path in the palace.

After walking all the way, seeing the palace room that is being repaired not far away diagonally across the street, Qu Mo Ying could not help but stop his footsteps, "That is ... the palace room that the Ministry of Industry is repairing?"

The Sister also stopped and introduced herself with a smile, "It is indeed a palace room that the Ministry of Public Works is repairing, it has been repaired for some time, but up to now there is only a shape to it, and I heard that the things inside have been pretty much destroyed, so I'm afraid it's not going to be easy to fix it."

"What's inside still needs to be repaired?" Qu Mo Ying raised her watery eyes and looked over from afar.

"That's what they say, but exactly how it is, it's not for us, the slave girls, to know, I heard that it's badly broken inside." The Sister replied with a smile.

This place was originally Yuan Hou's Changchun Palace, and it was not something they could discuss in person.

Changchun Palace, Yuan queen in the palace is a taboo name, especially the Empress Mother's side of the people, the most know the jealousy in the heart of their own masters, even more do not dare to casually mention.

As the Sister said, she continued to guide Qu Mo Ying forward, looking at what seemed to pass in the direction of Changchun Palace, Qu Mo Ying secretly frowned, what was the Empress Mother sending someone to bring herself over for?

“What people?” Suddenly someone’s reprimanding voice came, two exchanging sharp swords appeared above the path, two guards stood at the end of the path with cold faces, coldly looking at Qu Mo Ying and his group.

That invisible cold and stern aura shook the faces of the line of people.

“Nu ... Nu servant is a person beside the Empress Mother, now guiding the Fourth Miss Qu to see the Empress Mother.” After being shocked, the Sister reacted quickly and hurriedly said, fearing that they wouldn’t recognize them also purposely added, “Fourth Miss Qu is the daughter of Minister Qu, the Minister of the Ministry of Industry!”

“To the Empress Mother’s Pepper Palace, how did you get there from here?” A guard asked as he looked them up and down a few times.

“It’s slightly closer here, the Empress Mother was in a hurry to see Fourth Miss Qu, so the slave girl took a shortcut to come here.” Sister hurriedly brought out the previous reason.

The guards looked them up and down a few more steps, especially Qu Mo Ying in the middle, and said in a cold voice, “Wait, don’t just walk around.”

“Yes, yes, the slave girl will not move.” Sister accompanied with a smile.

One of the guards turned around and left, entering a courtyard off to the side, coming out of it in a short while and bowing to Qu Mo Ying, “Our king has invited Fourth Miss Qu to go over.”

Pei Yuanjun was actually here? Qu Mo Ying thought it was just Qu Zhi Zhen who was there.

“Yes!” Since Pei Yuanjun had summoned her, of course she couldn’t not go.

A group of people followed the guards into the courtyard, just on the path to see clearly, to be close to the front only to find that there are four guards at the courtyard door, each look cold and stern.

Entering the courtyard, he saw that in a pavilion at the rockery, Pei Yuanjun was sitting there leisurely, lifting his hand and beckoning to Qu Mo Ying, who stepped forward to salute.

"Is Fourth Miss Qu here to find this king?" Pei Yuanjun looked at Qu Mo Ying's slender fingers flicking the stone table in front of her and asked elegantly.

"The Empress Mother called for an audience and passed by here." Qu Mo Ying was silent for a moment and softly replied.

"To actually meet this king even from such a faraway place, what a coincidence." Pei Yuanjun suddenly laughed, his voice carrying a bit of coolness, but extremely nice.

Leaning his body back, the one he was sitting on was not the stone bench in the pavilion, it was a large, wide nanmu chair, "Since Fourth Miss Qu was careless and walked into this king's place, then sit down first."

He waved his hand slightly, and one of the guards carried a chair over from somewhere.

"My daughter wouldn't dare!" Qu Mo Ying bowed her head.

"Sit down first, in a moment your father will still be coming over, just so you father and daughter can meet as well." Pei Yuanjun said without thinking, his handsome sleeping phoenix eyes swept over the granny on one side, the granny shivered in fear, feeling as if there was some cold and chilling movement sliding across her face, unnerving and creepy.

"Your Highness, the slave girl inquired clearly, the people sent by the Empress Mother have already gone over." A palace maid lowered her voice and whispered into Noble Consort He's ear.

"Is the news reliable?" Noble Consort He asked in a deep voice, her eyes narrowing slightly.

“Reliable, and I don’t know what the Empress Mother meant, before she got the news that Miss Liu was at the Noble Mistress’ place, she sent someone to pass on the Fourth Miss Qu, and also went around in the direction of Changchun Palace.” The palace maid reported.

Miss Liu Lanxin is the Empress declared into the palace, but halfway by He Guifei found a reasonable reason to intercept, she can not look at their own fancy daughter-in-law by the Empress snatched away, to be Liu Lanxin to their own place, He Guifei only additionally sent to the Empress to ask for forgiveness.

The surface of the article to do extremely euphemistic, but in fact, the person is already in her here, it is difficult to not the Empress Mother still want to be angry, snatch the person not?

He Guifei also expected the Queen Mother will not be willing to eat such a big loss, the next will have the means to let people have been paying attention to the Queen Mother’s movements, actually let her know that today into the palace and the Qu four miss, the Queen Mother also deliberately go to declare her over.

“Is King Utopia in the palace?” Noble Consort He asked after a moment of contemplation.

“That’s what the slave girl inquired about.” The beloved palace maid nodded, “Your Highness, what does the Empress want? Why did you bring Fourth Miss Qu to King Utopia?”

Noble Consort He sank her face, her face did not look too good, she and the Empress Dowager had been fighting for so many years, and each of the two had their own moments of superiority, but no matter what, up to now, she could not deal with the Empress Dowager, and was unable to pull the Empress Dowager down to the point that her son could not become a Crown Prince as well.

Whatever the Empress Mother had in mind, she was bound to sabotage it.

Back then, she was able to rely on the yuan queen-into the palace, and now all of that, still carefully maintained behind the yuan queen, as long as she and the yuan queen is a sister, the emperor will be on their side, it is impossible to watch the empress has been suppressed, fingers unconsciously slipped on the sleeve.

The brocade garment is smooth as jade, the fingers glide through the moist, just like the fur of the cat in one's own palace, the heart is flooded with a hint of complacency, just a cat is also more than the Empress Dowager has gone through all the trouble to get.

No matter what time, she knows what the emperor wants, will follow the emperor's meaning, so she for the favorite concubine, and then prevailed in the harem for many years.

"Take the cat out!" Noble Consort He said decisively, no matter what the Empress Mother wanted, she would go and sabotage it, and the cat was the best excuse. When Empress Dowager led Qu Mo Ying over, she led Liu Lan Xin over.

It's also a one-two punch!

Qu Mo Ying is the future side consort of Utopia County King, counting is already Pei Yuanjun's people, for their own people, Pei Yuanjun always give some face, but for those who do not like it, always will not give a good face, do things according to their heart, and widowed and cold-blooded.

Hasn't Liu Lanxin always wanted to become the consort of King Utopia? She'll let her see how Pei Yuanjun treats Qu Mo Ying! It wasn't necessarily good, but at least it was better than she was bound to be, and I heard that Pei Yuanjun had always shunned Liu Lanxin for Liu Lanxin, and openly refused marriage in front of the Emperor.

Even if Liu Lanxin had saved Pei Yuanjun so what, would someone like him be the one to remember this kind of love? She wanted Liu Lanxin to understand that she could not marry Pei Yuanjun, and if she did not choose the Emperor's son, she would end up being nothing!

On the one hand, to destroy the Empress Mother's calculations, on the other hand, also let Liu Lanxin break the idea of single-mindedly helping her son, He Noble Consort has already made up her mind in her heart.

After setting up her manpower, Noble Consort He held the hand of the palace maid and came out from inside.

Liu Lanxin was sitting in the main hall, and when she saw Noble Consort He come out, she hurriedly stood up and saluted.

“Well, no need to be polite!” Noble Consort He softly said, purposely stretching out her hand to help Liu Lanxin in vain, smiling on her beautiful face, looking especially warm and lovely.

“Your Highness, the cat is gone.” A palace maid hurriedly came in to report.

“Where did it go? How could it be gone, when you saw it just now?” Noble Consort He had an anxious look on her face.

“It is the party that is still ... probably ... may go out ... party accidentally slipped out.” The courtesan winced in fear.

Noble Consort He exhaled deeply, her face sank, “Utopia County King entered the palace today, he is the most disliked this cat, if let him see, it is another matter, get up, accompany me to look for, this palace place and big, if you can not find a moment, I am afraid of another accident.”

Said he was about to head out.

Liu Lanxin hurriedly proposed, “Your Highness, I’ll accompany you to look for it!”

“It’s best if Miss Liu wants to help me, you go over there with this courtesan and look for it, I’ll go to the other side, if you find it hurry up and send it over, don’t upset the Utopia County King!”

“Good!” Liu Lanxin’s heart moved, originally just to curry favor with He Guifei, at this time there are really a few intentions, she has been in the capital for so long, no matter outside the palace or inside the palace, once have not seen Pei Yuanjun ...

Chapter 585 The cat that caused trouble, died!

The cat was found behind a wigwam, this cat of He Guifei Liu Lanxin saw more than once, every time she saw He Guifei, almost always holding this cat in her arms, looking cherished exceptionally.

This cat is also really good-looking, whether it is the eyes or the fur on its body, it makes people's hearts feel pity.

Liu Lanxin went up and hugged the cat, reached out and touched it, looked around and searched for the way back, it was a pity that he hadn't encountered the Utopia County King all the way.

"Miss Liu, you go this way with the slave girl, this side is closer." The palace maid who accompanied her over smiled and pointed out a path.

Liu Lanxin meekly followed with a smile.

All the way over, and around an intersection, suddenly saw a palace room in front of being repaired, looked up, so tall palace room, even if it is far away, but also can sense the momentum of the grand, this location should be the center of the palace, right?

"Which one of the ... matrons' palaces is this?" Liu Lanxin asked curiously.

"This is the Changchun Palace, Empress Yuan used to live here." Noble Consort He's person didn't have that many scruples and casually replied, reaching out to point at the courtyard on one side, "Miss Liu, would you like to take a rest here?"

After the dollar?

Liu Lanxin eyes shocked, of course she knows who the Yuan queen is, heard that the Yuan queen was once the emperor's most beloved woman, only later there was a big event, seems to have something to do with the three king's rebellion thirty years ago, the Yuan queen's mother's family, as well as the Yuan queen itself had something happen to it, exactly how Liu Lanxin is not clear.

Only knowing that Empress Yuan died and the current Empress Wang ascended to the throne, if the then Empress Yuan didn't die, I'm afraid that this Crown Prince position wouldn't be able to fall on the current Pei Luoan.

"Then go sit down!" Since she saw the Evergreen Palace, Liu Lanxin had some plans in her heart and nodded with a smile.

Seeing her temper so good, the palace maid became more and more happy, and brought her over to the empty courtyard, which was indeed empty before, and since the Changchun Palace was repaired, this place became a resting place for the King of Utopia when he came over to check.

Today, the king of Utopia County is here again, just now the Empress Dowager got the news, the Empress Dowager is also leading the four little sisters of the House of Qu over, see the king of Utopia County should be in.

There were actually no guards at the door, and the courtesan was overjoyed, having thought it would take some talking.

The courtyard is very empty, a rockery occupies half of the courtyard, behind the rockery seems to have a pavilion, tall pavilion tip rises, pick up the octagonal look exquisite, actually still hanging half of the palace veil, should be among the days of cold blocking the wind.

The courtyard was empty of other people, except for what seemed to be voices behind the wigwam.

"Someone is in?" Liu Lanxin cautiously stopped her footsteps, the place in the palace, and how could it be just trespassed.

"Isn't it the Utopia County King? I've heard that this Changchun Palace's restoration affairs are under the charge of the Utopia County King." The palace maid also stopped in her tracks.

Pei Yuanjun is in? Liu Lanxin bit the corner of her lip, a delicate red color surfaced on her face, she had been looking for a chance to encounter Pei Yuanjun, she just hadn't found it.

These several emperors, including the Crown Prince, Liu Lanxin had considered them all, and still felt that Pei Yuanjun was the best, not only was he powerful, but also his looks made her fall in love with him.

After all these years, she had been close to him, and it wasn't as if he shouldn't have half a reaction to himself, right?

Otherwise, when he lost his temper that day and found a maid to send to the capital instead, he wouldn't have just gone along with it, right? But apart from this, it seems that the two of them have not had too many other encounters?

Is he mad at himself?

Thinking so, the heart is a little more at ease, it must be, otherwise how to explain how he deliberately do not see his own behavior.

"Go over and take a look!" With her hand on the cat in her arms, Liu Lanxin laughed.

"This ... If it is the Utopia County King, I am afraid that he will not like to be disturbed." The palace maid did not dare to go over.

Thinking of Pei Yuanjun's temper, Liu Lanxin hesitated, and a woman's voice suddenly came from her ears, falling into her ears and immediately causing her face to change drastically.

King Utopia is actually talking to a woman, who is it?

"No harm, there is me." Liu Lanxin said, the original hesitation was immediately washed away by the female voice, even if he could not hear clearly, he could sense the sound of the woman's voice.

Is it hard to believe that it's because this woman is there?

With a quick movement of his feet, he followed the sound and went over.

Behind the wigwam, Pei Yuanjun propped his head on one hand and looked at Qu Mo Ying, who was sitting on the edge, somewhat restrained, as if he didn't see her discomfort, and continued to ask, "I heard that something happened in the Prospect King's residence, and it has something to do with the Qu residence, can the fourth young lady Qu tell this king what kind of thing it is, that has caused the king's nephews to be unsettled as well?"

He's totally in on the joke.

Qu Mo Ying was helpless, but had to be on her end, standing beside her was the Empress Mother's sent Sister, she needed to be more careful.

I also don't know how the words came to King Jing's body, obviously before talking about Qu Qiuyan becoming a concubine concubine consort, there is also the fact that Qu Caiyue is now also Mrs. Charging Rong, it is also a good thing for the Qu Mansion to be counted.

"Your Highness, I'm actually not sure, at that time ... it was all great aunt in charge." Qu Mo Ying vaguely said.

"This king has heard that King Jing's two concubines have fought, it sounds like a very interesting thing to hear, before the crown prince's concubine rushed to the former crown princess's hearth, now although King Jing doesn't have a proper wife, these two concubines fighting is really interesting." Pei Yuanjun seemed as if he really found this kind of backyard matter interesting as he lazily asked.

The sunlight shone from his side and fell on his handsome face, making his appearance more and more stunning, and the earrings between his ears swayed a little every now and then, bringing out an eerie charm.

Suddenly the smile on his face cold, his eyes suddenly became cold, that invisible aura pressed the Empress sent the Sister involuntarily bent over.

Qu Mo Ying looked at him for some reason, one moment he was smiling and gentle, harmless, but the next moment he was hostile, taking people's souls.

Fortunately, Qu Mo Ying had already gotten used to his temperamental moods, looking back to follow his eyes, what she saw was Liu Lan Xin's shocked face, underneath the light eye veil, her eyes were full of color, she couldn't believe it, looking at the two people on this side, almost not believing what she saw.

Heart panicked, lips shivering, why is the Utopia County King in one place with the Fourth Miss Qu, and still smiling so gently, she ... what does she have the right to do?

But she also reacted quickly, and immediately came to her senses after meeting Pei Yuanjun's grim down gaze, and hurriedly walked over to Pei Yuanjun's front with a full salute, "Greetings to the Utopia County King."

Pei Yuanjun's gaze fell on her hand, and after the cat she was holding in her arms moved, it looked at Pei Yuanjun warily and suddenly struggled desperately.

Although it was only a cat, whenever it saw Pei Yuanjun nothing good would come out of it, it would be fearful in its heart and desperately wanted to struggle out of Liu Lanxin's arms.

Liu Lanxin hurriedly stood up straight to calm it, reaching out to pet its head.

The helpless cat struggled more and more violently and extended its claws, Liu Lanxin shrieked in fear and subconsciously threw the cat to the side.

Qu Mo Ying sat on the side, also looking at the cat, this cat is He Guifei's, but also before Li Mei people in trouble cat, Li Mei people out of the matter, implicated many people, and this cat actually alive, look at the appearance of life is also very good, He Guifei worthy of being the favor of the harem so many years of favor.

I can't believe I got to keep the cat!

While she was thinking about it, the cat was thrown by Liu Lanxin, and that direction happened to be the direction of Qu Mo Ying, who was still sitting and couldn't dodge it.

Although Yudong was standing behind her, because Pei Yuanjun and Qu Mo Ying were talking just now, he had already retreated to the side of the pavilion pillar, and then wanted to pounce over and reach out, farther away, and at this time, with a shriek of alarm, he lunged over to Qu Mo Ying's side in a deadly attempt to swat away the cat.

It's still a little too far away.

The cat pounced over hideously, Qu Mo Ying subconsciously closed her eyes and raised her hand to cover her face, ready to endure the pain of this cat pouncing and being scratched.

He himself was careless after all!

Sensing the sharp pain did not come over, ears a sharp sound of a cat yowling, after that seems to be what heavily hit something, the cat screamed miserably, only half, and then someone fell, the woman sharp panic out of control sound, body fell into an embrace.

Warm suspicion tinged with warmth, embracing her on all fronts as if into a safe harbor, all sounds in her ears blurring much in the moment.

The heartbeat's frenzied loss of flocculation is a danger over a short period of calm, and then Qu Mo Ying's eyes slightly rolled over, and his body weakly softened.

"Miss!" Yu Dong also reacted at this time, and hurriedly reached out to help Qu Mo Ying.

Pei Yuanjun raised his eyes to look at him, his hands still tightly embracing Qu Mo Ying's weak and relaxed body, the body in his arms was very light and soft.

This softness and as if he had really fainted, but on the contrary, he could still sense Qu Mo Ying's breathing that hadn't completely calmed down, a hint of a smile flashed in the bottom of his eyes, this little girl was really smart.

He was satisfied, satisfied with this girl's cleverness, of course, more satisfied with this girl to put the soft body, which is unconsciously trust, on behalf of this girl is not indestructible ...

"Your Highness, my ... subject daughter didn't do it on purpose ..." Liu Lanxin's face was as snowy as snow, without a trace of blood, her lips shivered twice, and she "flopped " with a cry and knelt down.

The palace maid behind her has long been paralyzed on the ground, looking at the cat that was thrown out and crashed to death on the pillar, her mind is blank, this is He Guifei's favorite cat, every day will hold a hug, let the people carefully served, if there is something bad, it is bound to be the service of the people who will follow the punishment, and even lose their lives.

But now, actually let the utopian county king fell dead alive , she ... she still have life to go back? Think of He Guifei's line of strength in the past, the surface looks gentle and kind, with people pro, actually do things ...

Her eyes went black and the courtesan fainted.

"Not on purpose?" Pei Yuanjun sneered, a wry smile appearing on his handsome face, "Do you know what happened to Beauty Li who was caught with a cat last time?"

"Your Highness, subject daughter ... subject daughter don't know ..." Liu Lanxin is really panicked, flower, pitifully, lifting her eyes, through the eye veil can be seen in the corner of her eyes with tears, timid and pitiful. "My daughter ... my daughter does not know why that cat will suddenly struggle so much ... my daughter does not understand ..."

"Come on people, send Ms. Liu to the Empress Dowager's palace, the person was declared into the palace by the Empress Dowager, there has to be a reason for this king to talk about it!" Pei Yuanjun said.

Two guards suddenly appeared by Liu Lanxin's side and said in a cold voice, "Miss Liu, please!"

Chapter 586 Squire Qu, the Emperor has sent you in

Liu Lanxin knew that it was useless to say anything at this time, so she could only stand up with tears in her eyes and follow the two guards to leave.

Two other guards came over, one for each of them, and took Noble Consort He and Empress Dowager's people away.

Although Qu Mo Ying's eyes were closed, she had been paying attention to the movements in her ears, and when she heard that those people had left, her watery eyes opened, so she wanted to see what was going on outside.

Pei Yuanjun laughed softly, his fingers sliding over the top of her cheeks, his head lowered, his voice right in her ear, "Since you've fainted, just fainted for a little while longer is all."

Long fingers slid over her soft cheek, rippling with an inexplicable wariness.

Qu Mo Ying's white face, immediately red, but since it is fainted, at this time it is inconvenient to get up again, can only grit his teeth and bear it, a move did not dare to move more.

Things happened too fast, so much so that her heartbeat is still intensified until now, before just vaguely feel that Liu Lanxin is dealing with herself, very bad to herself, but now it is certain that Liu Lanxin is indeed hostile to herself, and it is still great hostility, to destroy their own kind.

The moment of the party, the flash of electricity and sparks, seemed to be a real accident.

The cat saw Pei Yuanjun struggling hissing and biting in general, Liu Lanxin was afraid of the hand loose, the cat scurried out, crashed into the front of his own, he sat on the stool, not enough to get up, the people around him were far away, the only near only Pei Yuanjun, but he is such a person will not be able to reach out.

The end result, then, is that one's face is scratched and very likely disfigured.

This cat was able to scratch Beauty Li's face like this in her frenzy in the first place, and it was equally possible now, even if the cat pounced on her with more than just a single lunge of her own.

Liu Lanxin seemed to be flustered at that time, in fact, it should also be the water to push the boat, otherwise the cat is both frenzied, it is impossible to be frenzied to this point, and even more impossible to be right in front of their face, obviously she was facing Pei Yuanjun.

Just this kind of thing, is the need for evidence, as long as Liu Lanxin bite dead that cat is their own jump out, no relationship with her, this matter can not be forced on her head.

Auxiliary generals only have a daughter, loved as a treasure, in the absence of evidence, who could not possibly cure her crime, the incident was sudden, she is a smooth water, so their own situation at that time, even if they were destroyed, but also in vain, it is impossible to let Liu Lanxin to their own crime.

On the one hand, there's no evidence, and on the other hand, there's not enough status.

And right now, she just don't want to come together again in front of the Empress, all the people involved, her identity is the lowest, is likely to suffer from the disaster of the fish, who she can't afford to offend.

There are too many coincidences in this matter, it is obvious that someone is secretly laying out, and there is more than one, this cat is He Guifei's ...

Pei Yuanjun's fingers lightly swabbed the top of Qu Mo Ying's cheeks twice more before raising his head, "Help Fourth Miss Qu to rest inside first, and announce the Imperial Doctor to come over."

Sister Yan and Yu Dong rushed forward and took Qu Mo Ying from Pei Yuan Jun's arms, half-supporting and half-carrying her into the main house in the courtyard, which was now also the resting place where Pei Yuan Jun had come over to check on in past days.

After arranging everything, Pei Yuanjun resumed his seat, his fingers leisurely tapping twice on the desktop, and thought for a moment before ordering, "Go and ask Servant Qu to come over."

"Yes!" A chamberlain hurriedly left and brought Qu Zhizhen over shortly afterward.

Qu Zhizhen these days into the palace, is in the repair of this long spring palace, every time is physically and conscientiously.

“Your Highness.” After Qu Zhizhen entered and saluted, his eyes unconsciously swept over the puddle of blood at the pillar on one side, his eyes suddenly twitched, he didn’t know about what happened here just now, and this courtyard wasn’t a place that he could investigate just because he wanted to.

It wasn’t just this one courtyard, ever since he had entered the palace, Qu Zhizhen had been very careful not to spy on people or things in the palace.

“Earlier you asked about the matter of the inner chamber of the main hall, this king feels that today’s weather is good, counting it as an auspicious day, so he can send someone to clean it up.” Pei Yuanjun’s eyes narrowed slightly, the bottom of his eyes deep as he looked at Qu Zhizhen and suddenly smiled.

Qu Zhizhen’s heart surged and he hurriedly said, “The king did not allow his subordinate to clean the inner palace’s main room before, but now it’s okay?”

Only after the inventory can it be restored again, things were originally quite smooth, but when cleaning the inner hall, it was stopped by Pei Yuanjun, who said that it was the place of the Yuan queen, it was not something that could be cleaned just because he wanted to clean it, and he always had to find a lucky day to stop Qu Zhizhen.

Pei Yuanjun said the words, Qu Zhizhen how dare to disobey, can only respond, so this inner hall has not been cleaned up, remains the same as that day.

But actually saying it was the look of the day is actually a bit of a stretch.

After the queen was sent to the cold palace, here everything is very low, many good things have long been gone, the rest of those who can not move, like beds and other things, as well as shelves heavy, very simple a few pieces, clean up is also very convenient, do not need an hour.

Such a simple thing but Pei Yuanjun called a halt, making the project hindered here, even if the other places are all ready in the end, this one is not ready, it is still not good.

“Your Majesty, my humble servant will go and take care of this matter right now.” Hearing Pei Yuanjun’s relief, Qu Zhizhen’s spirit was lifted.

Pei Yuanjun smiled and nodded, “I’m grateful to Servant Qu, hurry up and go check it out, check it out more clearly, I heard that Empress Yuan was leaving something behind that day.”

“Yes!” Qu Zhizhen was so jittery that he didn’t dare to listen to this as idle talk.

Turn back to bring people to clean up the time, check especially clear, really in the bed under the bed to get a small box, a very small box, just tightly affixed to the bed under the board, with nails, if not to turn up the bed board, the whole bed are upside down, but also really will not find this inside a small box.

Not a big brocade box, with dragons and phoenixes carved on it, at a glance you know it’s from the palace.

The dust that had turned up at the bedpan, and the extent to which the nails had rusted, made it clear that the box had come from a long time ago, and was definitely not a present-day item.

Got such a thing, and also from under the bed of Queen Yuan, Qu Zhi Zhen was shocked, hurriedly and carefully wrapped the brocade box in a piece of brocade, did not dare to look at it carefully, and came to Pei Yuan Joon with the support.

The guards at the door didn’t let him in, only told him that Pei Yuanjun had gone to the imperial study, and that if he found anything, he could just send it directly to the emperor.

Qu Zhizhen did not dare to be slow, and turned to the imperial study with the brocade box in his hand in a hurry.

“Servant Qu, the Emperor has declared for you to enter.” After being reported, a chamberlain came out to announce him.

Qu Zhizhen entered the imperial study, respectfully kneeling and crouching on the ground, presenting the brocade box in his hands.

Li Quan came down from above, took it with the same care, placed it on top of the imperial case in front of the Emperor, stepped back two steps and stood to the side, bowing his head and not moving a muscle.

The room was quiet, so quiet that you could only hear the Emperor's ragged breathing, and Qu Zhizhen was more and more afraid to raise his head.

It took a good half a minute to hear the Emperor's voice from above, "Where did this come from?"

"It was taken down from underneath the phoenix couch in the inner room of the main hall of the Changchun Palace, it was nailed there with nails at the time, and if it wasn't for this major cleanup, it's unlikely that it would have been discovered." Qu Zhizhen hurriedly said, one by one, not daring to leave out a single point.

"Under the phoenix couch ..." The emperor's voice is dark and deep, almost with a few hoarse tremors, his fingers reach over and gently touch on the top of the brocade box, the bottom of his eyes obscure, his body slightly trembling.

It took a good half a second for his hand to feel the lock on it, it was locked, there was no key.

This brocade box he has seen, is he gave to the queen of yuan, is when the queen of yuan into the palace to send out the gift, to the two of them have a special meaning, even if the past so many years, the emperor is still a glance to recognize.

"Is there anything else?" It took a good half a second before the Emperor asked again.

"No more, the other for the minister have been Charlie clear, there is nothing else." Qu Zhizhen shook his head affirmatively, he was also afraid of omission at that time, purposely checked one more time, mainly because the Utopia County King is not a person who is good at fooling around, want to get a good word from him, he has to do a better job to be able to do so.

"You go down!" The Emperor's voice was exhausted.

“Yes!” Qu Zhizhen stood up and backed up in a low voice, backed up to the door before turning around to leave, the atmosphere in the imperial study is too dull and depressing, to be outside the door Qu Zhizhen only breathed a sigh of relief, reached out and wiped his hand on his forehead, only a moment of time, the top of the forehead has already seen the sweat, the undershirt at the hidden sweat stains.

“Servant Qu actually came earlier than this king?” Only just wiping away the sweat stains on his forehead, the voice coming from his side scared him, hurriedly turning his head to see a line of people marching over from the side, one of the first people with wide sleeves and jade belts, his handsome face with a hint of an elegant smile, wasn’t it the Utopia County King Pei Yuanjun, who had asked him to clean up earlier?

It was too late to consider why Pei Yuanjun had come to the imperial study first, but instead came later than him, Qu Zhizhen hurried forward and saluted, “My humble servant has met His Majesty!”

“Got something?” Pei Yuanjun didn’t care much as he glanced with his eyes toward the imperial study with a lazy smile.

This is also really not afraid of the emperor, Qu Zhizhen can not help but nervous again, Utilitarian County King is not afraid, he is afraid of, the voice unconsciously lowered, “Fang has seen the emperor, found a small brocade box, but also presented to the emperor in front of the same.”

“Very good, a person who can do things.” Pei Yuanjun nodded appreciatively.

“Many thanks to Your Highness for valuing me.” Qu Zhizhen bowed his head.

“Then I would like to thank Servant Qu for continuing to go about your business, and after the Changchun Palace is restored, this king will definitely ask the emperor to give you a big credit.” Pei Yuanjun laughed.

“Many thanks, Your Majesty, this was originally what my humble servant should have done.” Qu Zhizhen hurriedly said.

Pei Yuanjun's eyes stared at him, making him inexplicably a little nervous, both in front of the crown prince, Qu Zhizhen felt that he could keep his heart still like water, only in front of this utopian county king, the aura was too strong, every time he let himself cope with the imperfections, and his heart panicked for no reason.

Even if nothing happens, I feel bottomless.

"Then Servant Qu should go and get busy, this king is going to see the emperor." Pei Yuanjun waved his body in disbelief and turned around to come towards the entrance of the Imperial Study Room.

A chamberlain was already waiting there to guide him inside ...

#### Chapter 587 The Emperor's Anger, Punish Kneeling

Inside the imperial study, the emperor has calmed down for a while, and although his face still looks a little pale, his complexion has calmed down, the The box had been covered by a piece of yellow brocade and was set aside.

Pei Yuanjun entered and saluted first.

The Emperor raised his head, "Free! Where have you been, didn't you say you were coming over?"

"Empress Mother sent someone to summon for me." Pei Yuanjun said, although he didn't go, there was a reason for being delayed.

"What happened?" The Emperor frowned.

"It's not a big deal, the Empress Mother sent someone to lure Miss Qu Si to the Changchun Palace for me to supervise the work, He Guifei and lured Miss Liu, who was holding a cat, over, the cat that Miss Liu was holding saw for me to be nervous, and struggled to pounce on Miss Qu Si, and was dropped by me to die, and Miss Liu went back and cried, and the Empress Mother looked for for me to ask for a clear answer."

Pei Yuanjun lazily said, looking like he didn't take this to heart.

"You dropped He Guifei's cat to death?" The Emperor's heart trembled and asked hurriedly, He Guifei's fondness for that cat was known throughout the palace, and without seeing that cat for a day, the whole person would be out of spirit.

"Long dead through and through, this cat tries to catch people all day long, destroying people's appearance, what's the point of staying." Pei Yuanjun said in disbelief.

"Nonsense!" The Emperor's breath caught in his throat and he slammed the table hard, glaring at Pei Yuanjun and rebuking in a stern voice, "What does that cat know, but it's just a tool in the hands of someone who is counting on it, how come you can't even tolerate a cat?"

"Your Majesty, for the minister Also know that the cat was counted as a tool, but this tool used more, destroyed is, also lest there is always someone to take this as the imperial sword to use!" Pei Yuanjun said without thinking, his handsome sleeping phoenix eyes picking up, bringing up a few points of gloom, falling plainly in the Emperor's eyes.

The Emperor was stunned, unable to speak for a moment.

"Your Majesty, don't you ask about this Ms. Liu, who cried at the Empress before and was very aggrieved." Pei Yuanjun continued as if he didn't notice the Emperor's abnormality.

"Miss Liu should also be sad to see you in one place with Fourth Miss Qu." The Emperor leveled his breath and tried to calm himself down, saying.

"Fourth Miss Qu is my minister's side consort, counting as my minister's woman, what does Miss Liu count as, what reason does she have to feel aggrieved? It's hard to believe that she still really thinks that this king is going to marry her?" Pei Yuanjun's eyes also clouded over, his handsome brows furrowed as he impatiently said, "Your Majesty, for the minister is not going to marry her."

"Why wouldn't you marry her, what's wrong with the daughter of an auxiliary general? People have even saved you and hurt their eyes for you, no matter which way you look at it, you should marry her." The emperor's face straightened and he glared unhappily at Pei Yuanjun and said.

"Anyway, I don't want to marry her for the minister." Pei Yuanjun said with a bit of arrogance.

"You don't want to marry her who do you want to marry?" The emperor was exasperated by his appearance and said angrily, his hand on the desktop was another forceful slap, shaking the paperweight on it also followed the trembling.

"Emperor, for the minister actually think now this is quite good, the house is also peaceful, there is not a woman to make trouble, not like the Prince's House and King Jing's House so chaotic, for the minister a person foot also." Pei Yuanjun did not think of the road, the arrogance in his eyes a few points less, but looked really very uninterested.

"You ... you like what words, unfilial, no queen, do you know what you are saying?" The Empress was exasperated by his scattered indifference, her whole body shivering, reaching out to direct Pei Yuanjun, "Are you determined to be an unfaithful and unfilial person?"

"Your Majesty, I wouldn't dare, I just feel that this is a mess when there are more women, not to mention the Crown Prince and King Jing, as far as Your Majesty's harem is concerned ... " Pei Yuanjun didn't go further, but the meaning of these words was already clear, and a trace of dislike even flashed through the handsome eyes of his eyes, a trace of dislike for this Harem's disgust.

The Emperor was shivering with anger at him, reaching out and pointing outside, he said sternly, "You go outside and kneel, actually saying such treacherous words."

"Yes, many thanks for Your Majesty's grace." Pei Yuanjun's face revealed another faint hint of arrogance, and after glancing at the Emperor, he turned to leave and went straight outside to punish his kneeling.

"You ... look at him ... look at what his attitude ..." The emperor was angry and pointed at Pei Yuanjun's back with a Hateful voice.

"Your Majesty, don't be angry, the county king is also a child's temper, and is not really charging you." Li Quan hurriedly pacified him, he was standing behind the emperor just now, he also saw Pei Yuanjun with a few arrogant looks, this look he had seen before, also when Pei Yuanjun was small, that time Pei

Yuanjun was stubborn, every time he showed this kind of expression, he tended to bump into the emperor.

Not only the Emperor, but also the Empress Dowager, the Empress, and the favored Noble Consort.

But the end result, more often than not, is a concession from the Emperor.

Some things, he is a close minister, of course, is the most clear, but also know where the emperor's heart knot, just now that the brocade box to send in, is another fuse, a let the emperor think of the Queen Mother of the yuan fuse, this situation, the emperor and how will really punish the utopian county king it?

"A child's temper, he's so old and still has a child's temper, he really thinks of himself as a child, and doesn't look at other people who are about his age, they've already gotten married and had children!"

The emperor was angry with the seven orifices, since Pei Yuanjun was big, he was not angry with him so hard, this is the offense axis ah!

He doesn't believe that he can't be cured. Married, must be married!

Hands raised, lifted the brocade section in front of him, the aged brocade box revealed, above the dragon and phoenix pattern is still lifelike, but let the emperor more piercing is the top of a few small people, this brocade box above the implied hundreds of children and thousands of grandchildren figure, a hard stab in his heart knot, hand holding the brocade box, eyes red ...

Li Quan took another step back, his eyes also swept over the brocade box, his heart jumped suddenly, always feeling that today this will not be so simple ...

"Please, Empress Mother, make a decision for my daughter!" Liu Lanxin fell to the ground in tears, sobbing uncontrollably.

“What in the world is going on?” Empress Dowager frowned and looked towards the Sister she had sent to lure Qu Mo Ying, the Sister would now be paralyzed in front of her as well, “Where is Fourth Miss Qu?”

“Empress Mother, something has happened, Miss Liu brought ... the cat of Your Highness over ... the cat scared, almost hurt the Qu fourth miss, the county king ... County King was angry, reprimanded Miss Liu, but also put ... also dropped the cat to death ... ” Sister stuttered.

She was still trembling to this day, and she couldn’t calm down when she remembered that He Guifei’s favorite cat had died so tragically in front of her, and the puddle of blood had even reached her feet.

“Is this ... such a big mess?” The Empress Mother’s hand shook, her face changed dramatically, and she asked urgently.

“The slave girl does not know ... the county king is very angry, Your Highness ... Your Highness ... Sister can not continue to say it , panicked the whole person is shivering.

Empress Mother exerted herself to calm the panic in her heart, this matter is now too small to be small, not to mention Pei Yuanjun’s anger, it is He Guifei who will not stop, He Guifei’s cat, she has countless times wanted to except it, that slut used this cat to lure the Emperor over, how could she not know.

But even if she knew that, she couldn’t move her hand, Noble Consort He had people keep an eye on her, and if something really happened, even if it wasn’t her own fault, it could be led to her head by this bitch.

“Mother, this matter still has to go and speak clearly with Father, He Noble Consort’s cat, and Miss Liu, have little to do with you, you just sent someone to invite Miss Qu fourth over, but you are the head of the harem, after this matter, and Uncle Wang sent someone to you, you always have to go and ask.”

Pei Luoan happened to be there and looked at the kneeling Liu Lanxin and said.

The Empress nodded with a somber face, this happened so suddenly that she had trouble coping for a while, and after glancing at her son, she took her inner circle inside to confer.

"Ms. Liu, please rise!" Pei Luoan walked to Liu Lanxin and softly said.

Liu Lanxin raised her eyes to look at Pei Luoan's mild and handsome face, for a moment in sorrow never, and then aggrieved to cry, the incident was sudden, she really did not expect to cause such a big trouble.

At most she slightly pushed to the side, as for the other things, surely it has nothing to do with her, remembering Pei Yuanjun's cold reprimand just now, Liu Lanxin's tears fell again, hastily reaching out to take a handkerchief to cover them, holding the hand of the palace maid on one side and slowly standing up.

"Many thanks to the Crown Prince ... Your Highness, Your Highness, I really am innocent!"

"Lone believe you, the king's uncle is ... sometimes just a little too much." Pei Luoan said gently, his face smiling with a soothing gentleness, "Don't be afraid, it's fine, nothing will happen."

His words soothed Liu Lanxin, the panic on Liu Lanxin's face receded slightly and she used a handkerchief to wipe away the eye marks at the corners of her eyes.

"Come on people, freshen up for Ms. Liu, may still have to trouble Ms. Liu to go to the imperial study in a while, mother find father emperor to make things all clear, this later things can't be blamed on Ms. Liu." Pei Luoan is still comforting her.

These comforting words, finally let Liu Lanxin calm down, nodded her head and followed the palace maid over to the side hall to freshen up, indeed, she needed to freshen up, although there was no mirror, Liu Lanxin could sense her own wretchedness.

Willow eyebrows slightly knit up, that kind of situation, actually also can let Qu Mo Ying escape, this luck is really too good, of course, in addition to luck, Liu Lanxin heart more panicked Pei Yuanjun's attitude, actually at that time reached out to protect Qu Mo Ying?

Other people don't know, she recently saw most clearly, Pei Yuanjun's hands, clear several blood marks, was to protect Qu Mo Ying was cat scratched hard on, that kind of time, it is impossible to escape.

She had never seen Pei Yuanjun pay attention to a woman, what does it mean now, Liu Lanxin's breath caught and she didn't dare to think further ...

Looked at Liu Lanxin gone, Pei Luoan only hooked the corner of the lips, and then turned the inner room of the main hall, this thing is too sudden, he also have to talk to the mother to say is, the father is bound to be angry there, the mother is not involved in the big, how to get the maximum benefit in it, is now the most important to consider!

Chapter 588 Kneeling with the jury is not for everyone

After the Empress Mother and her son had discussed the matter, she brought the freshened Liu Lanxin over to the Emperor's Royal Study.

On the other side, He Guifei also hurried over with her people, the news that her own cat had actually been literally dropped dead by Pei Yuanjun came over, and He Guifei could hardly believe it.

Although he had known that Pei Yuanjun didn't like his cat, and whenever he saw it, he always had it thrown out, but it wasn't this straightforward to drop it to death.

Everyone in the palace knows that she likes this cat, this cat is equivalent to is her face, even if she is not willing to confront Pei Yuanjun at this time, but she had to make such a trip to tell the emperor.

If she doesn't complain to the Emperor at such a time, anyone inside the palace will dare to step on her face in the future.

The two parties coincidentally actually met at the intersection in front of the Emperor's Royal Study.

"Greetings to Empress Dowager." Noble Concubine He stopped her steps and gave the Empress Dowager a superficial and thorough salute.

"Where is Noble Consort He going?" Empress Dowager stopped her steps, her head slightly raised, she grew shorter than Noble Consort He, which made her look more imposing.

"Going to see the Emperor, where is the Empress?" Noble Consort He smiled gently.

"This palace has something to see the emperor." Empress Mother coldly said, a trace of loathing flashed in her eyes, the thing she hated most in this palace was He Guifei, this daughter was obviously a large number of years old, but she still pretended to be such a delicate and weak appearance, it was really disgusting, she also did not look at her own age, but she actually learned that kind of youthfulness.

What a vixen!

The Empress Mother was dignified on the surface, but in her heart she had already cursed away.

"Then my concubine will go with the Empress Mother to see His Majesty." Noble Concubine He looked a bit aggrieved, and her eyes were even more aggrieved when she looked at the Empress Dowager, but she made the Empress Dowager's chest tighten as she looked at her, and she just couldn't wait to find a reason to fiercely slap this bitch a few times before she could do so.

With a cold snort, the two parties headed for the Imperial Study Room together.

From afar, I saw a person kneeling in front of the Dan Que, a lone one, at a glance, even if he was kneeling, his figure was extremely upright.

Side corner stood a chamberlain, should be sent by the emperor, looking down seems to be punished kneeling is his general, standing timidly on the side.

"Empress Dowager, is that the Utopia County King over there?" Noble Consort He was a sharp-eyed one.

"It seems so." The Empress nodded after tasting it.

"Why is King Utopia kneeling here? What ... is going on here?" Noble Consort He was a bit flustered.

The Empress Mother gave her a deep look and said with a meaningful meaning, "I wonder what kind of person King Utopia has messed with to actually make him kneel here."

What did you mess with? Other than dropping Noble Consort He's cat, there really wasn't anything else.

He Guifei's face changed greatly, the delicate aggression on her face almost couldn't hang on, but fortunately she also reacted quickly, immediately stabilized, her face was very unattractive as she hurriedly walked forward.

"Utmost County King, why are you kneeling here, what happened?" Arriving in front of Pei Yuanjun, Noble Consort He fixed her mind and squeezed out a soft smile on her face, asking with concern, leaving the Empress Mother behind.

The Empress Dowager was not willing to show her weakness, and walked a few steps quickly, also arriving at Pei Yuan's side, her brows furrowed, and she asked with a solemn expression, "What crime has the Utopia County King committed?"

Liu Lanxin walked at the end, biting her lip, not knowing what to do for a moment, looking at the Crown Prince who was walking to the side, and then looking at Pei Yuanjun who was kneeling on the ground, unable to decide.

"It's nothing major, two empresses please." Pei Yuanjun raised his eyes carelessly, his handsome eyes gliding over the faces of the crowd, without the slightest bit of distress from being penalized for kneeling!

As if this would still be the leisurely and cozy Utopia King, it made people extremely speechless.

The Empress glanced at him and lifted her steps forward, it would be inappropriate to say anything, her face rippled, but in her heart, she felt that this was a good scenario.

It was a good thing to be able to pit this bitch He Guifei against Pei Yuanjun.

Noble Consort He hesitated for a moment, looked at the Empress who was walking forward, and finally made up her mind as well, lifting her steps and chasing after her.

As Pei Luoan walked up to Pei Yuanjun, he respectfully called out, "Uncle Wang!"

Pei Yuanjun's gaze lifted to look at him before looking at Liu Lanxin on the side, his eyes sliding over the two people's faces, the corner of his lips hooking slightly as he smiled as if in a daze, "The Crown Prince is polite."

This smirk caused Liu Lanxin's face to turn violently red, stopping in her tracks, biting the corner of her lip, and suddenly, with a short stance, she also wanted to kneel down.

"Miss Liu, this matter has something to do with Miss Liu as well, so please ask Miss Liu to speak clearly with the Emperor." Pei Yuanjun smiled sideways and said.

The emperor also knows that this matter has something to do with himself? Liu Lanxin's body is not short, difficult to slowly stand straight, eyes red again, "Utopia County King ..."

"Alright, you two don't waste your time here in this king's place, there's bound to be a summons from the emperor, let's go!" Pei Yuanjun gazed at them and said.

Liu Lanxin's heart suddenly jumped twice, she entered the palace for many days, or for the first time to see the emperor, did not dare to delay a little more, for fear of giving the emperor a bad impression.

The original idea that came out of nowhere immediately dissipated, she hadn't even seen the face of the Emperor, kneeling here with the Utopia County King might not only not make the Emperor feel good about himself, but would also feel that he didn't know how to appreciate himself.

Biting her lip, she followed Pei Luoan towards the front of the imperial study.

They just left, behind them came a few more people, the first one was Qu Mo Ying, she would wake up, was guided over by the guards, only to come over to see Pei Yuanjun kneeling at the bottom of the steps in front of the imperial study, could not help but froze for a moment, her willow eyebrows slightly frowned.

Footsteps quickened as he came closer.

Hearing the voice, Pei Yuanjun raised his head, saw that it was Qu Mo Ying, and reached out to beckon her.

Qu Mo Ying approached and lowered his head, thinking that Pei Yuanjun had something important to say to himself.

His hand was pulled heavily and his body fell forward, almost uncontrollably falling in front of Pei Yuanjun, falling shoulder to shoulder with him.

“Your Majesty!” Qu Mo Ying was startled.

“Accompany this king to kneel here.” Pei Yuanjun took her hand and pulled her toward his side again, kneeling side by side.

“Your Highness?” Qu Mo Ying didn’t understand for a moment, her watery eyes under the veil of her eyes widened in shock.

“Kneel first, this king was punished for you.” Pei Yuanjun said in an unimpressed manner, his gaze gazing at her, penetrating a few moments of remoteness and idleness.

Quite a bummer!

Is this look really like being punished and woefully kneeling under the Danque?

Qu Mo Ying didn’t understand, her long eyelashes fluttered twice, her eyes slid to the chamberlain standing to the side, her cherry lips pursed tightly, for Pei Yuanjun, she believed.

Her body moved slightly, kneeling a little more straight, and looked around again, her body intending to step back a little more, her identity destined not to kneel with Pei Yuanjun a shoulder to shoulder.

Unable to do so, Pei Yuanjun’s big hand held her hand tightly, so that she could not move and could not step back any further.

"Your Highness!" Qu Mo Ying shook his head helplessly, signaling him to let go.

Pei Yuanjun didn't have the intention of letting go of his hand, his big hand held Qu Mo Ying's slender little hand and asked in a serious manner, "What is it?"

Looking at the chamberlain on one side, Qu Mo Ying was too embarrassed to say it explicitly, and shook his hand again, hinting with an obvious meaning.

"Kneeling is fine, where's the fuss." Pei Yuanjun seemed to understand this time, but just still didn't let go.

Seeing him act like this, Qu Mo Ying helpless, can only be quiet kneeling on one side of him, kneeling a side by side, long eyelashes hanging down, quietly looking at the corner of the ground exposed in front of the eye veil underneath, this thing is a mistake, and then someone counted in it, to now, do not know how to end.

She was not in a hurry, the presence of Pei Yuanjun on the side was too strong, even if she did not look sideways at him, she could still sense his presence ...

Liu Lanxin's face became ugly, standing under the corridor of the imperial study, her gaze almost locked onto the two people kneeling below, her face without a trace of blood.

She had wanted to kneel there just now, but it was Qu Mo Ying who ended up being pulled to her knees.

Obviously she arrived first, but why was the final result Qu Mo Ying, she had been focusing on Pei Yuanjun in the party and saw the scene where Pei Yuanjun pulled Qu Mo Ying down to her knees.

On what grounds? Why is Qu Mo Ying not her, she actually had such a meaning just now?

She could have accompanied the Utopia County King on his knees, she could have done it too, why didn't the Utopia County King pull himself up just now? If he had pulled himself, he would have been like Qu Mo Ying!

Hands curled up under his sleeves, clenched hard, eyes dark.

"Is that Fourth Miss Qu?" Pei Luoan also saw the commotion over here and whispered, "What a scandal!"

"Your Highness the Crown Prince feels bad?" Liu Lanxin relaxed her demeanor and asked in a soft voice.

"Naturally it's not good, Uncle Wang is being punished for kneeling, what is she doing here?" Pei Luoan's face was full of disapproval, his usual gentle face, this would look a little visibly displeased.

Empress Dowager and Noble Consort He had already gone in, and could hear voices talking in the imperial study, and the low sound of crying, which should be Noble Consort He crying and complaining.

"Fourth Miss Qu is probably worried about King Utopia!" Liu Lanxin kindly said.

"So what? The name is not correct!" Pei Luoan hummed lightly, visible that he didn't agree with Qu Mo Ying kneeling together.

"Is Fourth Miss Qu ... going to marry the Utopia County King?" Liu Lanxin bit her lip, and the words still came out.

"Qu fourth miss is the side consort of the king's uncle, but ... this is actually not formally booked." Pei Luoan said in disbelief, without an official decree going down, it couldn't be taken seriously after all.

Qu House of the third young lady, which went into the second brother's house, also because there is no official decree down, temporarily even a name is not, even if it is sent directly into how!

In the end, it was only after the mother's hand was loosened a bit and she was allowed to pass through the door that she was given the official title of concubine consort.

Pei Luoan said rather unimpressed, although mother can't directly hold the king's uncle, but this name is in mother's hands.

The two stood in the doorway, waiting for the summons from inside, chatting idly with each other, when suddenly a chamberlain came out from inside, and the two immediately stood up straight.

The chamberlain went out and turned to the side, then saw Empress Dowager walking out upright, behind her He Guifei daintily holding the hand of a palace maid.

I can't believe they're not the two who were summoned in?

After a puzzled glance at each other, the two men greeted ...

Chapter 589 Dark Tide, Too Calm Pei Yuanjun

"Empress Dowager, I will leave!" Noble Consort He stood still at the doorway, red-eyed and petulant, but her etiquette was still very thorough, another sincere respect for the Empress Dowager.

"Noble Consort also don't need to be sad, since it has been so ... can only be so, Utilitarian County King has also been punished, can't be how it is again!" Empress Dowager's complexion was no longer dignified, looking gentle and kind, pacifying Noble Consort He.

He Guifei gas secretly clenched her teeth, she originally did come to complain, after all, we all know that the death of her beloved cat, always have to cry a few times with the emperor.

Even if the Emperor didn't punish Pei Yuanjun in the end and reprimanded her a few times, it still let everyone know that the Emperor's heart was with her.

For the sake of a pet, the most favored Utopia King was heckled.

But now this is too much, in order to cat to the hall utopian county king punished kneeling in front of the imperial study, this idea in only over, He Guifei has not thought of, there is even a trace of complacency, this will be completely sobered up.

If you make such a mess today, tomorrow there are bound to be courtiers impeaching themselves and their sons.

He Guifei can stand in the harem for so many years in the position of the favorite concubine, naturally not stupid, this time to wake up, and immediately seek remedies, listen to the Empress in and out of the meaning of the words, but also dragged her in that direction, only to scratch the Queen's face, the bitch also found himself in this place wrong.

"I don't dare, I just feel that the cat is not competitive, causing the utopian county king to be punished, but it's just a matter of a only cat ... Although I don't have the heartache of my concubines, but then I don't dare to blame the utopian county king, and I don't know how Miss Liu holds the cat today, how can I let it pounce out again like this."

Noble Consort He took a handkerchief and wiped the corners of her eyes.

At such a time, the first to protect themselves, a "and" word, reminiscent of the original Li Meiren, Li Meiren is not innocent, is deliberately using He Guifei's cat to harm people, coincidentally this time the cat pounced on this fourth lady of the House of the Qu, then holding the cat of Liu Lanxin is really innocent?

Liu Lanxin's face changed, she stood right by Pei Luoan's side and heard it clearly, her gaze scornfully looked at Noble Consort He, her head slightly lowered.

"Empress Dowager, I'll take my leave first." Noble Concubine He was unwilling to go back and forth with the Empress Dowager here, and what she said was of course most of all for the Emperor's ears.

She still had to go back and confer with her son.

It had happened so suddenly that she had likewise coped imperfectly.

After saying that, she gave a sideways salute to the Empress Mother and turned around to walk towards the outside of the Imperial Study Room, the Empress Mother gave a low cold snort behind her back, a hint of triumph appearing in the bottom of her eyes.

She also did not expect to actually have such a surprise, nodded to her son, did not go outside, sidewalk inside to go back from the cloister.

Pei Luoan looked at Noble Consort He who was walking over towards Pei Yuanjun and greeted Liu Lanxin who was standing to the side in a low voice, "Miss Liu please come over with me."

Liu Lanxin bit the corner of her lip and also looked at Noble Consort He who walked past, then silently followed behind Pei Luoan as Empress Dowager went back.

She entered the palace today because the Empress declared it in, and just now she came over to follow the Empress, and at this time she should follow the Empress as well.

"Utopia County King, I have already told the Emperor over this side, this cat thing ... does not blame you." Noble Consort He walked to Pei Yuanjun's side, stood still, and whispered.

Pei Yuanjun swept his gaze over her and said indifferently, "Your Highness, please!"

A sentence, let He Guifei next big paragraph, no way to say, exasperated stomped feet, can only lead the people to leave.

In the imperial study, the emperor was listening to Li Quan's report, and after hearing it, he slapped the table in exasperation, "He actually pulled the fourth young miss of the Qu House and knelt with her?"

"Yes! Emperor rest your anger, the county king he is also angry." Li Quan carefully advised.

"He's angry? I'm not angry? Let him get married properly, he dragged this and said that, and mocked my harem, my harem even if there is something, is it something he can say?" The emperor said angrily, his eyes fell on the desktop above that old brocade box, instantly, as if deliberately dusty memories came to the surface.

The emperor's body could not help but tremble a little, his voice pressed and sank, "My harem ... My harem is not very good, but it's not so bad that he ... he actually does not want to marry well ... He is ... this."

The Emperor did not know what to say for a moment, a bright spot flashed in the corner of his eye and he hurriedly looked down to hide it.

It took a moment to calm down before he leaned back helplessly and ordered, "Go get him in here."

"Does Fourth Miss Qu want to be aroused together?" Li Quan asked one more time.

"Call up!" The Emperor said in a low, slow voice.

"Yes!" Li Quan already understood the Emperor's mind, nodded his head in response, turned around and came out, and without letting the other chamberlains go over, he personally went down to the Dan Que.

"Your Highness, the Emperor invites you over." Li Quan finished speaking and then smilingly said to Qu Mo Ying who was kneeling on the side, "Fourth Miss Qu also get up first!"

Pei Yuanjun got up and reached out to pull Qu Mo Ying up.

Kneeling for a bit longer, Qu Mo Ying's body shook and almost fell, fortunately Pei Yuanjun's hand was still pulling her hand, shaking slightly, stepping back two steps, calming the soreness between her legs, and bowing to Li Quan, "Many thanks, Eunuch."

"Let's go!" Rikuen looked at her with a grin, then at the two still holding hands, and stepped back to one side, his hand leading forward.

Pei Yuanjun led Qu Mo Ying towards the imperial study, and when he reached the door, his hand loosened, leaving Qu Mo Ying behind as he himself entered the imperial study with large strides.

Qu Mo Ying was not summoned and waited outside the door of the Imperial Study.

"I have met Your Majesty!" Pei Yuanjun lifted his robe and knelt down openly.

"Do you know the crime?" Only a moment gone, the emperor's voice actually penetrated with fatigue, looking at the kneeling Pei Yuanjun below, for a good half a second before uttering such a sentence.

"I am aware of the offense." Pei Yuanjun said.

Confessed too quickly, so that the emperor prepared words a sentence can not say out, looked at the kneeling Pei Yuanjun, from this angle of his, can not see his face, but with his nature, how is not like just can be so frankly admit the wrong point.

Too much calmness backfired on the Emperor.

"You get up first!" The Emperor said.

"Many thanks, Your Majesty!" Pei Yuanjun stood up, his handsome features, calmly not showing a single ripple, as if it wasn't him who was woefully punished for kneeling outside just now.

"You will choose a daughter of a worldly family to marry?" The Emperor asked tentatively.

"For the minister to comply with the decree." Pei Yuanjun casually agreed.

This result was too unexpected, so unexpected that the Emperor was unable to export many of his next words, as if a heavy punch had struck cotton.

"Your Majesty, don't worry, for the minister will choose a lady of the family as the main consort, and will do so as soon as possible as well." Pei Yuanjun added.

"How soon?" His Majesty asked tentatively.

"It should be just a few days!" Pei Yuanjun said without thinking, but if one looked closely, one could see his slightly raised sleepy phoenix eyes, more demonic and untamed than usual.

It's so shallow that you can't really see it if you're not paying attention.

The emperor is since childhood Pei Yuanjun grew up people, naturally can see these tiny changes, after thinking about it, finally sighed, his eyes fell on the brocade box in front of him, his complexion gentle,"also not forced you to choose one as soon as possible, always have to pick a suitable, auxiliary general's daughter do not like it."

Before there was today's incident, the Emperor also felt that this daughter of the Auxiliary General was the most suitable, but now he felt that he had to think about it.

What happened today, although it was an accident, but inside this accident, there was no reckoning in.

He Guifei just said the word "again" in the doorway, reminding the emperor, when the things of Li Meiren is still fresh in his mind, now this Miss Liu?

If it is really not a virtuous, might as well not marry, stirring up the family house is not peaceful, but also a backyard to make a bloody woman, the emperor is most disgusted, which reminds him of his own harem of that period of time.

He would have preferred to see gentleness and kindness than a look at status.

Qu House of this fourth miss is a good, but also a pliable obedient nature, both is Pei Yuanjun pulled kneeling, also did not half a word of complaint, and this thing almost accident is her, but the last penalty kneeling actually also have her, the most innocent and most aggrieved is the Qu fourth miss.

This is the kind of person who sincerely regards himself as Pei Yuanjun's person, and also the kind of person who is single-mindedly for Pei Yuanjun's sake, and such a supple and innocent woman without half of other mind, in his lifetime, he has only seen one before, and now there is one more?

There was a sinking tug on his heart that hurt to the bone.

“Many thanks, Your Majesty, for I understand!” Pei Yuanjun said respectfully.

Seeing him in such a calm manner, the Emperor inexplicably developed some sense of weariness, sighed heavily, his eyes closed, and waved his hand, signaling him to leave.

At this time he had no intention of saying anything else, his chest was heavy, heavy, evoking all the memories of that woman’s words and actions.

Li Quan sent Pei Yuanjun to the door, whispered, “His Majesty, the emperor’s body is not good, just now and ... angry, in fact, it is just so that you as soon as possible ... to put this thing in the heart is. ”

He was worried that when the Emperor said that just now, King Utopia would really do something.

Similarly he also grew up watching Pei Yuanjun from a young age, when something like this happened, Pei Yuanjun’s performance was too calm and obedient, but the corner of his eyes clearly flashed a hint of arrogance, which is clearly a precursor to disobedience.

Li Quan was really uneasy and purposely gave a few more instructions.

“Don’t worry eunuch, this king knows that the emperor here still needs to trouble the eunuch to take more care of him.” Pei Yuanjun raised both eyebrows and said.

“Don’t worry, Your Highness, slave will be careful.” Li Quan said.

Pei Yuanjun arched his hand at him and took two steps outward, then suddenly looked at Qu Mo Ying on one side and said unhappily, “What, not leaving?”

Qu Mo Ying froze for a moment and hurriedly took two quick steps to follow him.

Watching the two people leave one after the other, the uneasiness in Li Quan's heart became more and more obvious, he always felt that the Utopia County King's current overly calm appearance was not a good thing?

Is this ... something going to happen? He had a bad feeling ...

## Chapter 590 Returning to an Old Realm, Meeting Old People

The carriage stopped outside the palace gates, and when Pei Yuanjun exited the palace gates, he stood still at the side of the carriage, looking at Qu Mo Ying, who had come out with him with his hands behind his back, "Fourth Miss Qu, please!"

Qu Mo Ying looked at him in surprise, but saw him take two steps forward, pulling her hand and bringing her to the carriage.

A chamberlain had already prepared a small couple of tables to come over.

Pei Yuanjun raised his hand and guided Qu Mo Ying onto a small table, "Go up first!"

Looking at Pei Yuanjun's face, Qu Mo Ying helplessly got into the carriage in front of her, and Pei Yuanjun then followed suit.

Yu Dong was at a loss for words as he looked at Ji Hai, but he saw Ji Hai's face blossom with a smile as he reached out and pointed to the carriage in the back, leading him to a smaller one in the back.

While in the palace, Sister Yan was left behind to report things to Crown Princess Qu.

The carriages traveled from the palace road one after the other, all the way to the west, straight to the outskirts of the city.

In the carriage Qu Mo Ying's watery eyes fluttered twice, looking across to Pei Yuanjun who was lazily reclining, feeling that this person was now in a good mood.

Being punished for kneeling and being reprimanded, actually in a good mood, Qu Mo Ying felt that he couldn't understand this prince for a moment, looking at the half-lifted curtains, outside was the palace road, very spacious, with a lot of people coming and going.

"This king takes you to a good place!" Pei Yuanjun sat on the opposite side of the Qu Mo Ying, like jade like handsome face through a light with the surplus, the corner of the eye slightly raised, the color of the eyes with a few points of rose, his eyes fell on the Qu Mo Ying's face, the shadow of the actually seems to be the color of the eyes if the water.

He looked over, vaguely different.

Qu Mo Ying subconsciously gripped the handkerchief in his hand, some different and strange feeling surfaced from his heart, and he hurriedly turned his head sideways to look out of the window again.

The bustle outside the window seems to wash away the chaos in the heart.

"Is it outside the city?"

"Outside of the city, a place you also know." Pei Yuanjun laughed, his eyes narrowing slightly.

"Great Compassion Temple or Qing Yun Guan?" Qu Mo Ying asked curiously after a brief moment of contemplation, she had been to both of these places, as for the other places outside the city, it didn't seem like there were any, did it?

"Great Compassion Temple!" Pei Yuanjun didn't buy into it and laughed, his body leaning back, "Take a short rest, there's still some time to go to the Great Compassion Temple."

Qu Mo Ying slightly closed her watery eyes, after something like this happened, her heart was tense, this would relax, but she was really a little tired.

Hands subconsciously covered their knees, kneeling time is not long, but her body has always been bad, only a moment ago, the knees have been hidden pain.

When I left the palace, I was in a hurry and didn't realize it, but I could sense it when I sat down.

Pei Yuanjun sat up and reached out to open a secret compartment, taking out a bottle of ointment from it and reaching out to beckon her, "Come here."

"What for?" Qu Mo Ying's face reddened, and her feet consciously shrank backward.

"What else can I do, I always have to see if you're hurt from kneeling with this king." Pei Yuanjun lazily said, reaching over and pulling Qu Mo Ying's sleeve, pulling her to his body.

The widest thing in the carriage is this consort couch, Qu Mo Ying previously sat on the brocade stool in front of the consort couch, this will be pulled to sit down, the body involuntarily slammed forward, staggered feet to sit on the edge of the couch.

Pei Yuanjun reached out to lift her skirt, Qu Mo Ying's face flushed violently, but before she could react, her body fell backward onto the couch, her feet lifted and her pants were rolled up, revealing her white and tender legs, and the top of her knee was a felicitous shade of color, so it was obvious at a glance that the injury was not light.

"You won't say anything even if it hurts?" Pei Yuanjun's brow furrowed in displeasure, easily dissolving Qu Mo Ying's delicate hand that wanted to slap his hand away, and said gently, "Stop it, put the medicine on first, it'll get worse later."

Seeing that he was only paying attention to the red and swollen spot on his leg, Qu Mo Ying's face burned less, seeing him take the ointment out of the bottle and apply it to his knee, propping one hand behind him to steady himself, his heart was pounding hard, his heart's defenses ebbing and flowing between rising and falling.

Pei Yuanjun's hand was not light, after smearing the ointment on his knee, he pressed and rubbed it hard for Qu Mo Ying, "It hurts a bit, if you don't rub it away, the congealed blood accumulates in one place, it's even less likely to heal."

Qu Mo Ying was pressed and rubbed with a muffled grunt, forcefully hugging one of the cushions Pei Yuan Joon handed over, it was really painful, the small face immediately became brushed white, where there was still room to care about the rest.

The knee was on fire, originally just a vague pain, this pain would become a tendency to burn and tease.

Sweat began to break out on his white forehead, and he bit down hard on the corner of his lip before swallowing the moan that was about to force its way out of his mouth.

"If it hurts, you made a sound, the injury at the knee is a joint, it hurts a bit more than the rest." Pei Yuanjun raised his eyes to look at her and said.

"Also ... good!" Qu Mo Ying's voice was low and suppressed.

Pei Yuanjun a hand reached over, pulled off her eye veil, saw her eyes are painfully red, the original eye corners of the red, this moment as stained with a light marriage fat, raised his eyes, but also the flow of charm, seductive and oppressive, living color.

The hands unconsciously lightened a bit, but the movements were quickened.

Qu Mo Ying felt numb from the pain.

"Alright, be more careful in the next two days, don't hurt your knee again." Pei Yuanjun's hand lowered from her knee, the sheer pain, by this time, had already been numbed, and as soon as his hand was loosened, he actually had a feeling of relaxation.

Carefully moved his feet, and under the slightest movement, there was not the astringent, hidden pain of the party.

The effect was indeed good, Qu Mo Ying's body sat up slightly, her feet were very undignified when they were placed like that.

Pei Yuanjun took a piece of pad and wiped the medicine stains on his hand, looking down at the legs that were shrinking back, "There's still all the way over, let's dry it out like this first, put it down when it dries out some."

Just so big and prickly to stretch their legs in front of him, Qu Mo Ying's heart can not help but jump and mess up the heart floss again, it seems that today she is less calm in the past.

Pei Yuanjun's body leaned back, pulling Qu Mo Ying to lean over as well, "It's still early, sleep first!"

In her ear was Pei Yuanjun's voice, with some unspoken heat, right in her ear, clear as if it was coming up to her ear to say it.

The original painfully white face immediately regained its blood color, and his heart thumped at a rate never before seen.

Even when she was reborn, she was only a young girl who hadn't left the house, and when she was still Ji Hanyue, she was also very observant, and there had never been such closeness between her and Pei Luoan.

Just now and then calculate these, seems to be too much of a pretense some, Qu Mo Ying simply also closed his eyes, slowly actually really fell asleep ...

On the couch of the carriage, the handsome man embraced the soft young girl in his arms and fell into a deep sleep, the carriage was quiet and forward, only the wind blew up the curtains, and the pair of jades could be seen vaguely ...

Qu Mo Ying didn't know when she slept over, and when she woke up, sensing that she was the only one in the carriage, she suddenly opened her eyes and opened them, and sure enough, she didn't see Pei Yuanjun.

People like him have too much presence.

Where did it go?

Qu Mo Ying frowned, the carriage seemed to have stopped, was it arriving? Moving her legs, the pants legs had been lowered, and the skirts fell smoothly, no more half a point of impoliteness.

The car curtain was lifted slightly, and Yu Dong's face was seen appearing in front of the car, and when he saw Qu Mo Ying looking over as well, Yu Dong said in surprise, "Miss, you've finally woken up!"

Quemoy Ying sat up and looked around, "Arrived?"

"Already arrived a while ago." Yu Dong came in from outside the car, holding a basin of water, Qu Mo Ying slightly washed her face before tying the eye veil back on.

Moving his leg, the pain wasn't noticeable.

Yu Dong helped Qu Mo Ying out of the carriage, looked around, this should be the parking lot of the Great Compassion Temple, the carriage has arrived for a while?

"Where's King Utopia?"

"His Highness went in first, saying that when you wake up, you should go find him." Yu Dong pointed to the guards to the side and said, this was the guard who stayed behind to guide the way.

Qu Mo Ying nodded his head and followed the guards forward, walking along the way for a long time before he saw the door at the back by the peach forest.

Already in winter, the peach tree has long been thankful, only to see the forest overlap, but not the day to see the flower tree full of sky scene, leaving the red broken sentimental.

This place was extremely familiar, it was the place where Pei Yuanjun was assassinated that day.

But on second thought, a spot in the depths of her memory loosened up a few more points, here ... she had come early in the day ...

The door was open, and the guards guided Qu Mo Ying forward not long before they saw Pei Luoan standing with his hands behind his back at the place where he had been assassinated that day, looking up thoughtfully at this spot.

Qu Mo Ying was surprised to look around and only saw Ji Hai, there was actually no one else there.

Taking two steps forward, Ying Ying bowed, "King Utopia!"

"Want to go up and take a look?" Pei Yuanjun reached up and pointed upwards.

Qu Mo Ying was silent for a moment and asked, pursing his lips and looking at the top, "What is ... this?"

"An ordinary courtyard." Pei Yuanjun lifted his leg and walked forward, Qu Mo Ying followed behind him, fortunately he didn't walk fast, and between his steps it looked more like he deliberately slowed down, "Why is there an ordinary courtyard up here?"

She remembered that it was a nunnery up there, right, so how could it be just an ordinary courtyard?

She went up once, the only time, or before she was to be married into the Eastern Palace, before that even if she had already long been the name of the Crown Princess, but did not come.

After the wedding date set by the two people, one day Pei Luoan specially brought himself over, when he went up the mountain, his look was different from the past, he was especially cautious, all the way up the mountain, he had been silent, she could even sense that Pei Luoan was not in a good mood, and it could even be said that there was a hint of loathing.

But after arriving at the top, the disgust on his face was immediately eliminated, for a tablet above, respectfully saluting, as if his disgust before, just his own misreading of the general, for the two female nuns above is also extremely respectful, but after that when he descended from the mountain, Pei Luo'an's face was ugly again, when he looked back, the disgust of the bottom of his eyes was obvious.

She didn't understand at the time why she was making such a deferential face if she didn't want to come.

Now that I think about it Pei Luo An is not the one who is the most good at acting, not willing to marry himself, just using himself, but also able to show that he is in love with himself.

Now, is Pei Yuanjun going to take himself up there too? Who is the spirit seat up there, why Pei Luoan wants to bring himself up, and Pei Yuanjun also wants to bring himself up this way ...
