

Noble Wife 601

Chapter 601 An overly eager son

In the evening, Mrs. Qu called both her sons and Luo over.

Hearing the dowager lady finish her sentence, Qu Zhilin first disagreed, this matter he didn't know yet, raising his eyes to Luo's, he said with dissatisfaction, "Nonsense, how can you set up a banquet and invite guests at a time like this."

The Qu Mansion has been pushed to the tip of the wind and waves because of Yu's matter, but whenever there is a dispute between wives and concubines in the family, it will involve the Qu Mansion, and when it comes to that Xiao Yue's, who was killed by Yu's, now at this time, it is even more important to go to pay homage to Xiao Yue's first, and everything should be based on Xiao Yue's puja.

As for everything else, it has to get out of the way.

What could be more important than this matter? The entire Qu Mansion's reputation rests on this.

Qu Zhilin is an imperial historian, and he understands better what people's words can be feared, because of this matter, he, the eldest uncle of the next house, has been mocked by his peers many times, not to mention his own younger brother.

"But ... but Minghui said that the young lady is going to be matched, if he doesn't settle down quickly, he will miss his whole life!" This will not have Qu Mo Ying in, Luo's also not cover up, red eyes crying, "I also know that this time is not appropriate, but ... Yue's long gone, this is Yu's doing, and we do not have much to do with it, and we will just slightly invite a few young ladies, not let people find out on the line."
"

Luo was really unconvinced, and she was also worried about her son and daughter's marriage.

Now that my daughter can't make something of herself for a while, and my son has been reluctant to talk about marriage before, why can't I get engaged sooner rather than later when I've got a target and a good offer.

Xiao Yue's been dead for more than ten years, and it's not a new funeral, so why not let people organize a banquet ! The living is always more important than the dead! The most important thing, the thing that year, with the East House has nothing to do, to make a fuss is also the West House of the people to make a fuss.

Of course the latter this Luo did not dare to say in front of the dowager lady, this can only be aggrieved and cried.

Qu Zhizhen didn't say anything, his gaze sullenly glanced at Luo before turning to his own big brother, as long as he wasn't a huckster, he wouldn't make such a request at this time.

Qu Zhilin's hand slammed the table so heavily that the tealights on the table shook and almost fell off, making a ding ding ding ding ding ding ding ding ding ding ding ding ding ding ding ding.

Luo was startled and no longer dared to cry out, hastily taking a handkerchief to wipe her tears.

The dowager lady gave her eldest son a displeased look, "Speak properly!"

"Mother, how come I didn't speak properly, but does she understand this? It's such a time, what kind of matchmaking banquet is still to be held, in order not to let people say it's a matchmaking banquet, but also have to invite a few more people, even not only those ladies, may have to invite one family at a time, so many people, make a big fuss in the city, will certainly let the emperor reprimand me and second brother, this is too good for the day to be too good for the day?"

The more Qu Zhilin said, the more annoyed he became, he only felt that he was blind for marrying Luo, this confused one, in the first place.

The birth is also regarded as a great lady, how can this vision be so small? Speaking of this so-called great lady, of course, is the local, compared to the capital family of those ladies, completely not a level.

"Mother, I'll just invite not many families." Luo looked at the Dowager Lady for help, clearly still not giving up on her previous idea.

“How many families are you inviting? The large family that came, there’s a young lady and a male son, as well as the lady and the male master, a family is quite a lot of people, plus a few more, are you afraid that people won’t know about the big banquet in your mansion, a big banquet at a time like this, Luo, is that really what you’re thinking?”

Seeing that she was still persistent, the dowager lady was also annoyed, and with a low cough, she sternly reprimanded.

“But ... but Minghui he ...” Luo’s tears couldn’t help but fall again, condescendingly said.

“Why does a great man have no wife, who Ming Hui wants to marry, wait for his day after the spring boudoir, as long as the examination, what kind of choices are there, and why do you need to be such a family.” Qu Zhilin did not have the good sense to say.

“But Minghui said he just wants to marry this young lady ... not to marry anyone else.” Luo’s timidly said, she actually also some heart, now think about it is anxious some, this young lady’s condition is actually general, relative to the current Qu Minghui, really is not a good choice, but the son just like, with the evil like.

What if his day son is in high school? There are a ton of better offers than her, maybe even better.

But the way her son knelt in front of her and begged, Luo’s heart ached again.

“If you don’t want to marry, don’t marry, if there is fate, it will come naturally, if there is no fate, how can you force it!” Qu Zhilin impatiently said, “Well, this matter to this to, this few days you put the matter of the ceremony to prepare, to the Yue clan to organize a ceremony, Qingyun Guan side you go to contact, well prepared, must let people see that we are sincere and sincere to do the Yue clan’s ceremony.”

The public opinion is now going in the right direction, and it doesn’t say much good about the Qu’s house either.

Qu Zhilin Qu Zhizhen brothers are still taunted from time to time, Qu Zhizhen is even more worried that it will affect their career, Qu Zhilin although the relationship is not so big, but a pen can not write two Qu words, the two brothers or Qu Zhizhen out of some, if Qu Zhizhen can not be promoted, the Qu House will be the same.

“I’ll go talk to Ming Hui there, you just focus on handling Yue’s legal affairs.” Afraid that Luo is still entangled, Qu Zhi Lin said a bit more bluntly, “Don’t think about things that are not there, getting Yue’s affairs done is the biggest thing, everything else in the mansion right now is trivial and can be given way.”

As far as Yue’s matter is a big deal, the matters of her own children are all small matters, Luo’s angry face was ugly, but she had to swallow this breath and agreed.

Luo has already agreed, the two brothers also said some things in the court, as well as the next matters to pay attention to, the dowager lady listening to the two brothers say, although did not talk, but still nodded repeatedly, think the two of them said very reasonable, Qu House now to do is low profile.

Sincerely give the Yue clan a way to do things, so that the people of the capital can see the sincerity of the Qu family.

As for the rest, this time do not even think about it, do not do, the more you do the more wrong, said the Qu Fu at this time.

Luo is also listening, looking also seems to be listening carefully to the two brothers, but in fact did not listen to anything, only to feel the heart is stuffy, very uncomfortable, they are the first lady of the Qu House, why in the Yue’s death was also the Yue’s pressure, by the Yue’s pressure even if, their own sons and daughters, why should they also be left behind a head.

What she had to organize was her son’s matchmaking banquet, how could she have the heart to do Yue’s puja.

It was obviously a happy event, but she was asked to organize a funeral, Luo’s heart was vomiting.

闷闷的听着，闷闷的听他们说完，随着曲志霖回东府，到晚上睡觉的时候，还翻来覆去的睡不着，只觉得心口处的那口气，吞不下去也吐不出来。

The next day when Qu Zhilin was not there, Luo took a beloved granny to see her daughter.

After Qu Xuexin was picked up, he didn't live in the previous courtyard, but only in the backyard in a small courtyard by the back door, the main house in the small courtyard was packed out like a small Buddha Hall.

Previously picked up, Luo assured the Dowager Empress, only said that let her still quietly raised in the backyard place.

Now this place was still chosen by Qu Xuexin herself.

Luo's also dare not send people over to serve, still only red plum one person, white plum sent out, this will not be in the house, leaving only red plum a person in the side of Qu Xuexin.

Hearing a sound at the courtyard door, Hong Mei greeted her and stepped forward to give Luo a bow, "First Lady."

"How is Missy?" Luo reached out and pointed to the house, whispering.

"It's the same as always, Missy's body is still not feeling well." Hong Mei whispered.

Luo nodded and turned to enter the house, here in the main house small Buddha Hall above the incense burner is enshrined, Luo did not look at it, straight from the main house turned to one side of the compartment.

"Mother!" In the compartment, Qu Xuexin was embroidering a scented capsule, and when she saw Luo come in, she hurriedly put the scented capsule in her hand under her pillow and greeted her with a slightly reddened face.

Out of the corner of her eye, Luo only scanned a flash of red that should have been a red scented pouch.

“Why do you embroider such brightly colored scented pouches, let your grandmother see it and she’ll be angry again.” Luo’s exasperated, “Why are you so unintelligent, you are in purification.”

“Mother, I ... will only dare to embroider here, I ... I like this bright color, and don’t want to see this plain defeat ... as if it were a hairy Moldy colors.” Qu Xuexin’s tears fell, surplus hanging on the face, looking pitiful, her complexion was originally not so good, so a tear, more and more people’s heartache.

Luo’s heart was pumping with pain, reaching out to pull Qu Xuexin into her arms, crying loudly, “My poor son, it’s mother’s uselessness that she can’t protect you.”

“Mother, why are you saying this, you’re already protecting me!” Qu Xuexin cried, tears falling in bunches.

“Don’t cry, you cry again, I ... can’t help it.” Luo’s is also a night did not sleep well, this will see their own hold in the palm of the daughter, so commission dare, where can not hold back, while gently patting Qu Xuexin’s back, while choking said.

What kind of sins did she really do, why did she have to let the West House do everything, now her own children are letting it go again and again because of the West House, she is really not willing to do that.

“Mother, did something happen? Is it possible that father doesn’t agree with big brother’s matter?” Qu Xuexin sensed that Luo’s mood was not right, and also reached out her hand to clumsily pat Luo’s back, saying with a heart full of anxiety.

These words stabbed in Luo’s sad place, Luo’s tears fell more, “Your father ... he is a confused, single-mindedly for the West House, so many years, although our East House for the big, but who outside us as a matter of fact, all say how the Qu House of the West House, bias him still single-mindedly for the West House ...”

Luo said to hate, only feel aggrieved hard, aggrieved to the extreme and resentment.

Obviously the East House is the big one, so why should the West House be the main thing.

“Mother, don’t be sad, you first sit down, listen to me tell you.” Qu Xuexin heard that things have changed, the hand fell to help in the Luo’s shoulders, pulling her in the chair to sit down, personally went to make a cup of tea over, sent to the Luo’s front, also deliberately blowing, “Mother, first drink a cup of tea, calm the air before!”

Such a thoughtful look made Luo’s heart even more clogged! She is such a well-behaved daughter, why should she be locked up in a cold courtyard for purification ah ...

Chapter 602 A gentle and kind daughter

Luo’s indignation to the causes and consequences of the daughter told once, only to say the mouth dry, but also can not stop!

Qu Xuexin thoughtfully refilled her tea and softly said, “Mother, what father said is also somewhat reasonable.”

“Then what about your big brother, your big brother has never begged me like this before, if that young lady really falls for another family, your big brother will resent me for the rest of his life.” Luo used a handkerchief to wipe up her tears, aggrieved.

“Mother don’t worry, I’ll persuade big brother there, it’s fine.” Qu Xuexin softly persuaded, “At this time now, you should bother more about fourth sister’s matter!”

“Troubling me for everything, I have so many other things of my own.” Luo became more and more indignant, she had always had soft ears, and by her daughter saying this, she felt more and more that Qu Mo Ying had gone a bit too far.

Because of what happened to her mother, her son was in trouble, and it wasn’t certain what would happen in the end.

“Mother, I know that you are the most virtuous, don’t bother with her, first help her finish the processing of the legal affairs before anything else, mother, I’ll be your helper, don’t get too tired.” Qu Xuexin delicately said.

“It’s still not necessary, letting your grandmother know would be another reprimand.” Luo took a handkerchief and wiped the corners of her eyes, shaking her head, her daughter was still in purification, she couldn’t let her daughter go out to manage things.

“Mother don’t worry, it’s just simple needle and thread things, you’ll let the stewards of the needle and thread room come over in a while, I’ll let them make some simple things for emergencies, as for the most important ones, it’s also a trouble for mother.” Qu Xuexin was bent on thinking about Luo’s appearance.

Seeing her daughter so sweet, Luo couldn’t help but feel sad again, her own daughter, so good, why did she still have to end up in this situation.

Without Quemoy Ying ...

As soon as this thought appeared, it was immediately snuffed out by Luo, although her heart was resentful, but it was not to let Qu Mo Ying in the manor is the end of the old age.

After sighing, she slowly calmed down, and after talking to her daughter for a while more sweetly and in a much better mood, Luo then led the people to leave.

The matter of the law, the dowager lady urges very urgently, Luo’s this will not have the time to keep at the daughter all the time.

Back to their own courtyard, thought carefully, and sent another granny to serve, the dowager lady, even if the matter is talked about, they also have a response, originally it is two maids together to serve the core, Bai Mei is sick, and now there is only one red plum, surely serving not over.

When Bai Mei returns later, this granny will be removed.

The steward of the needle and thread room also sent someone to call over, there is only a needle and thread room steward over, there is something for the daughter to directly command her, even if the daughter privately commanded the steward to make a few more pieces of clothing, there is no obstacle, this steward is the east side of the house, there is no relationship with the west side of the house.

Between the two houses to the West House is the main, some important, the need for the two houses together with the distribution of sewing work, are the West House side of the people in the office, Luo feel sometimes not too convenient, on the East House also set up a bit, the manpower is not as good as the West House side, just simply deal with some minimalist sewing work just.

“Miss, the Second Duke went to see the Eldest Miss last night.” When Yu Dong came in to report, Qu Mo Ying was still holding the book of miscellaneous talks brought from the Duke of Qi’s residence, reading it carefully.

She would be reading even less of the last few pages of the zither, just the usual miscellany, some local human lore, and even some notes in some places.

The handwriting is clear, like a woman’s technique, just too long, even if the collection is very good, the paper is also a little yellowed.

“How long did you stay and leave.” Qu Mingcheng secretly went to see Qu Xuexin, Qu Mo Ying was not surprised and said without lifting his head.

It’s a coincidence that things have come together over the past few days!

“Around half an hour, the second prince entered the East Mansion from the back door, the red plum by the side of the eldest young lady opened the door, and after that, he left silently, the eldest madam is bound to be unaware of it.” Yu Dong affirmed.

After Missy returned to the East Mansion, she had her people keep an eye on Missy, especially the abnormalities after nightfall.

Qu Mo Ying’s fingers pressed down on the pages of the book without flipping, his long eyelashes fluttered twice, his eyes clear and cold, “It should be related to this matter of big brother.”

“Who did the Grand Duke say he wanted to marry all of a sudden, and how is ... this relevant?” Yu Dong didn’t understand her words and said in disbelief.

Qu Mo Ying’s body leaned back, there was a hint of deepness at her watery eyes, Qu Ming Cheng had fallen for which young lady, this matter had been revealed as early as when she first arrived in the capital, that time when they went out together, a lot of things had happened, but Qu Ming Hui didn’t show up until the end.

It was then that she had such a suspicion.

This big brother of hers should be accompanying other women.

Now it seems to be true. Just how did that young lady suddenly have to match with someone else and make such a big fuss about it, as if she was about to get married, and most of all at this time Qu Xuexin went back.

Everything piled up in one place makes it more than a simple coincidence.

Sure enough, as soon as he heard there was a change of heart, he couldn’t sit still.

“There’s no need to stare anymore, just be careful!” Qu Mo Ying said.

“Miss, if we don’t keep an eye on Missy and the Second Duke will surely become Demon Ezi.” Yu Dong said in disbelief, how this matter looks like these two are the ones stirring up the wind and water in it.

Qu Mo Ying shook his head, “There is no need, just these two days, even if there is something, it is also something that they have set early, the banquet before, should also be counting on me.”

“What do they want to do with Miss? Make some accident on top of the banquet?” Yu Dong giggled lightly.

“May be, so many people, and there are men and women, want to have some accidents is still very simple, especially this will be the matter of mother’s mother, only just ended, if I have some accidents ... reputation not to mention, may even not be able to keep my life.” Qu Mo Ying indifferently said, as if he was not talking about himself.

With Qu Zhizhen’s character, in order to protect his own official reputation and fame, his own picked up daughter, is really nothing.

“Miss ...,” Yu Dong was shocked by her cold, almost mocking words, and subconsciously whimpered.

Qu Mo Ying stretched out her slender fingers and shook them, meaning to say, “But this time ... should be more than just the matter of harming my reputation ...”

Yu Dong’s heart involuntarily beat wildly twice, his voice consciously lowered, “Miss, you mean ...”

“You have someone keep an eye on Bai Mei outside to see what kind of people Bai Mei has come into contact with, and I’ll have Sister Miao keep an eye on things in the mansion, and it’s more convenient for Sister Miao to go to the Eastern Mansion to inquire about things than for you to do so.”

Qu Mo Ying said gently.

Sister Miao often traveled to and from the East and West Mansions, mixing well with the subordinates in the Mansion, and being a non-professional granny, she was much more inconspicuous than Yudong, the personal maid.

“Miss, slave girl knows.” Yu Dong nodded, but was still uneasy, “Miss, what if the Second Prince comes in again to discuss things with the Eldest Miss?”

“What should be discussed, should have been discussed, this will go to stare again, also not necessarily have much to gain, Bai Mei this time sick, and I heard that it is still ... smallpox, this is very suspicious.” Qu Mo Ying slowly said.

If you do not want people to know, Sister Miao will not see, since Sister Miao saw, the West House to the East House so a section of the road, see the people should be quite a lot, even if we can not guess for a while, but privately all kinds of sayings are said, and now there are also hidden people guessing that it is smallpox.

To be able to create such a buzz in the house and look like it had nothing to do with you.

Qu Mo Ying herself is out of smallpox, that time is still small, her body is also still good, she would not like to talk, only like to daze, sitting quietly for a day without talking, but also do not feel the idea of talking, quiet, and a small one, both then uncomfortable, but also can be quiet down.

In the end the smallpox not only passed, but left no scars at all, and was the reason her quiet nature wouldn't reach out and pick at those scars.

This matter was reported to the Yu's face, but Yu's did not care, only returned a sentence, let her well nourished, and then even no longer send people to ask about, and so Qu Mo Ying completely well, to report a report, only got Yu's a "well on it!"

After that, there were no other words, nor half a bit of appeasement, Qu Mo Ying can be sure that this matter Yu will not talk about it with the dowager lady.

If she died at that time, she was bound to push things onto the people who served her, only saying that she did not know, if she did not die, disfigured, for her, it is also no hindrance, as for her own life, nothing hindered to survive, probably Yu did not think of it.

This is something that Yu will not publicize, and the people in the mansion will not know about it.

"I was out of smallpox." Qu Mo Ying said faintly.

Yu Dong was stunned, but then understood and hurriedly said, "Miss don't worry, the slave girl is also out."

“That would be best!” Qu Mo Ying nodded, no matter what Qu Xuexin and Qu Mingcheng had in mind, she had a feeling that this smallpox matter would be an extremely important cause.

Qu Xuexin was not easy to come out, she definitely would not let go of such a simple opportunity, she was only temporarily going back to the East Mansion, not really going back, she was bound to be reluctant to go back for just a little bit of time.

“Miss, the Eastern Palace has sent someone.” Yu Chun lifted the curtain from outside and walked in.

In the Eastern Palace, Qu Mo Ying’s willow brows knitted slightly, “Where are the people?”

“It’s just outside in the courtyard, the Dowager Lady sent someone to bring it over.” Yu Chun said.

“Invite the people in!” Qu Mo Ying said.

Yu Chun went out and came back in with a granny and two maids, the two maids had gift boxes in their hands, they had come to deliver gifts.

The grannies from the Eastern Palace were also very polite, and when they saw Qu Mo Ying with a mouthful of Fourth Miss Qu, they smiled with a smile and a respectful demeanor.

“You were sent by the Ji side consort?” Qu Mo Ying asked after listening to her finish her coming.

“Yes, our Lady Side Consort has heard that your house is going to give Second Lady Qu a ceremony, and also wanted to come over to pay her respects once for the Crown Princess, and ask Fourth Miss Qu if there are any aspects that need to be avoided?” The granny laughed, her words especially polite.

Giving face to the Quo Vadis.

Instead of the Crown Princess, instead of Ji Hanyue? Qu Mo Ying heart cold smile, Ji You Ran at all times pulling Ji Han Yue, anything put Ji Han Yue in front, look seems to be extremely respectful to Ji Han Yue, but the truth?

It's about using up every last ounce of your worth ...

Chapter 603 The Especially Articulate Boy

His long eyelashes fluttered twice, suppressing the bloodthirsty hostility that surged up at the bottom of his eyes.

She just sat there quietly, and in the eyes of the East Palace matron, it was that this young lady was delicate and quiet to excess.

"Fourth Miss Qu, our Lady Side Consort also sent two pairs of candles that were specially ordered to burn for a long time, so that when the time comes, they can be lit in front of the spirit seat and don't need to change the candles from time to time."

The granny said, let the two maids put the gift box in front of the table, she went up and opened it, inside was really two pairs of exquisite candles, the carving above the base was extremely delicate, not like a consumable item.

Especially above the corners of the two pairs of large candles, there are also two ear-shaped rings protruding from each, looking more and more imposing.

"Thanks to your side consort, we have no other aspects to avoid here." Qu Mo Ying said.

"That would be great, when the time comes, our mother will definitely come over, and perhaps our Crown Prince will come over as well." The granny said happily.

"Your Highness the Crown Prince?" Qu Mo Ying raised an eyebrow.

"Our Crown Prince has the most respect for the former Crown Princess, after hearing about Second Lady Qu's matter, he was originally annoyed, and this time he also wanted to come over to light a piece of incense." The granny eloquently said, not saying that she was accompanying Ji You Ran, only saying that it was because of Ji Hanyue.

It sounds like a piece of deep love, but under the fine taste, you can taste some Pei Luoan's favor to Ji Youran.

"Thank Lady Side Consort and His Royal Highness the Crown Prince for me." Qu Mo Ying calmly said, standing up and bowing in the direction of the Eastern Palace.

The granny nodded her head repeatedly with a smile on her face, "Fourth Miss Qu don't worry, the slave girl will definitely go back and relay your words, our Lady Side Concubine said that after the time and place of the puja is set, she will send someone to tell the Queen, so that our Lady can also prepare some things early."

"It should be." Qu Mo Ying said.

Seeing that things were done, the granny smiled and led the people away, and Yu Dong sent them to the gate.

Standing at the gate, he saw the East Palace's in-laws get into the carriage, and only then did he turn around and get ready to go back.

"Sister Yu Dong, which family's granny is this, why are you still bothering to send it out specially." An eloquent boy asked Yu Dong with a smile.

It was a boy from the gatekeeping office who basically helped out in the outer courtyard.

"Someone from the Eastern Palace." Yu Dong looked at the boy, smiled slightly, and replied casually.

"Someone from the Eastern Palace came to see our Fourth Miss?" The boy's eyes lit up, the East Palace is the Crown Prince's residence, "It's His Highness the Crown Prince?"

"How could it be His Highness the Crown Prince, it's the East Palace's Ji Vice Consort who sent someone over to ask about the legal affairs." Yu Dong said while walking inside.

The boy actually went the same way as her, following her footsteps one after the other, while curiously saying, "What is the reason for the Ji side consort to find our fourth miss to ask about the legal affairs? What kind of ceremony? Just now it seems to have sent a gift over."

The matter of the puja was being run by Luo, and most of the subordinates in the mansion didn't know about it yet.

"The second madam's puja, just in these two days, I don't know where the quarter side consort got the news, want to come to worship the second madam at that time, and purposely come to the door to ask for news." Yu Dong did not think of it and said.

The so-called Second Lady, the only one right now is Qu Mo Ying's biological mother, Xiao Yue Clan.

"The Seasonal Side Consort is also coming to pay homage to the Second Mistress? Then ... that His Highness the Crown Prince will also come?" The boy asked excitedly, looking even more excited than Yu Dong, the maid with connections.

Yu Dong did not move and glanced at the boy, "You're going to the inner courtyard?"

Their current direction was to the Draped Door to the Inner Courtyard.

"The flower door at the flower granny has something to ask me to do, I just happened to come back to do it, this will go over to say a word to the flower granny." The boy smiled and said, reaching out and pointing in the direction of the hanging flower gate, so it was indeed in the direction of the inner courtyard.

There's still a short way to go all the way over here.

"Sister Yu Dong, will His Royal Highness the Crown Prince really come to the Second Mistress's ceremony?" The boy's mouth is very sweet, a mouth a sister Yu Dong, long also extremely clever.

"It should come, right, just now Ji side consort's sent someone's to say that His Royal Highness the Crown Prince might accompany her over." Yu Dong answered ambiguously.

The boy's eyes rolled, "The side consort of the Eastern Palace is so favored?"

"This, we as subordinates will know, but since the Ji side consort can say this, it should be true!" Yu Dong said in an unmistakable manner, "Well, let's not talk about this, if people know that the two of us talk about such things, we can't help but get another chastisement."

To the Eastern Palace, she was an outsider, not only an outsider, but also an underling.

"What Sister Yu Dong said is true, I will no longer ask is!" The boy nodded his head hurriedly, and suddenly tapped his head with a look of sudden realization, "Sister Yu Dong, I suddenly remembered one more important thing, Granny Flower's place will go over again in a while."

Said the man, stopping in his tracks.

"Then you go and get busy!" Yu Dong waved his hand carelessly.

The boy turned to go back, walking quickly, looking really anxious.

Yu Dong also stopped her steps, waiting for the footsteps of the boy to be a little farther away, before turning back, since it let her meet, naturally she had to go and take a look.

After the boy ran a few steps, he looked behind him to see that Yu Dong's figure was no longer visible, and only then did he stop and slow down, looking no different from the usual subordinates.

Looking for the direction towards the East Mansion, it didn't take long to reach the side door of the one between the East Mansion and the West Mansion.

There are grannies over in the East Mansion, and when they see the boy coming over, they don't say a word and just let him go over.

Yu Dong watched from afar, also not in a hurry to leave, half an hour or so, the side door appeared at the figure of the boy, looking joyful, the mouth is even sweeter, to the side door at the granny called a few words after, back to the West House.

The side door reclosed halfway.

The boy looked back behind him, reached out and took out a bulging purse from his arms, threw it in his hand twice in triumph, heavy and heavy, the weight was not light at a glance.

Only after watching the boy leave did Yu Dong turn around and go back.

Shallow Moon residence, Qu Mo Ying put down the book in his hands, looking at Yu Dong with a smile, go out to send a person will not be so long, can let Yu Dong went for so long, is bound to be found, fingers in the book above pressed, quietly listen to Yu Dong's report back.

Raindon told the story in detail.

"Miss, this boy and the East Mansion's relationship should be good, in the past, the granny guarding the door didn't ask more than one question, it should be a frequent visitor." After Yu Dong finished the matter, he deliberately added this extra sentence.

"This should be Second Brother's boy!" Qu Mo Ying smiled faintly.

"Hasn't the second prince already left?" Yu Dong thought carefully for a moment, and for a moment did not remember who this boy's, there are quite a few boys in the outer courtyard, she did not contact them in the past days, and usually seldom sent people to the gate.

"Although Second Brother has left, but he was in the East Mansion that day when there were quite a few boys, this boy should be the one who was with him in the East Mansion before, and it is convenient to travel between the East Mansion and the West Mansion."

Quemoy Shadow said.

Qu Mingcheng was forced to leave, he used to serve a lot of people, it is impossible to take all of them away, there are some left behind, should be the West House or back to the West House, this boy should be this time to stay.

Qu House as long as something happens, even if it is the wind blowing an grass moving things, Qu Mingcheng will know, is bound to arrange a lot of manpower, after he left, those empty serving his boy is the best helper.

“So, this boy was left behind by the second prince, this should be going to report to Missy, Missy is now living in the backyard of the East Mansion, if there is something, it would be convenient to speak directly to the second prince!” Yu Dong followed the hints given by Qu Mo Ying and analyzed downwards.

Suddenly her eyes lit up, “Missy is still not dead to His Highness the Crown Prince?”

“It won’t die!” Qu Mo Ying mockingly shook his head, but looking at Qu Xuexue’s frantic counting of herself, he knew that this matter would not be.

Is Peluan the last straw she can grasp?

For the sake of this straw, Qu Xuexin desperately counted himself, to step on his own feet, obviously two irrelevant people, now it is already a relationship of death and life.

After being reborn, she had never been a soft-hearted one, and if she took revenge by virtue, what would she do to repay her kindness, and she didn’t have a second life for others to trample on.

Ji You Ran wanted to show a respectful look and show affection to herself at her mother’s legal ceremony, everything she did was because Ji You Ran wanted to borrow Ji Hanyue’s reputation and climb up the ladder, even though she had pushed Ji Hanyue out of the Lin Yuan Pavilion, she still showed a disgusting look of sisterly love in front of people.

In that case, she’d let her show it again properly!

As for Pei Luoan, the same attitude, pulling the dead JiHanYue, selling his deep love persona, deep love like the sea, solid and the most sentimental, the most valued kindness, from small love to big love, let everyone see that the crown prince is a sentimental person, follow the crown prince. The crown prince boarded the great treasure, will certainly be based on the sentiment of reward, will not do ungrateful, unloading things.

And what about Qu Xuexin? Desperately stepping on herself, wanting to climb up to Pei Luoan, she has no stake with her now, but she wants Qu Mingcheng to help her, and will inevitably stomp herself to death to Qu Mingcheng.

Qu Mingcheng, because of the matter of Yu's own death, Yu's even dead, he, the only son, want to become the first son of the way there are still many.

So he wants to die himself ...

Several people in order to their respective purposes, together with the counting of their own, her mother to do a legal affairs, causing so many people to reach out, she can feel, this time the legal affairs, absolutely not simple, the bottom of the eyes of a cold and hostile, that's just right, she helped them a ...

The thing of the law, Luo's office is quite fast, the location is the Qing Yun Guan is determined, the next thing, Luo's special trip to the Qing Yun Guan, it will talk about things, set the date, the date reported to the dowager lady, the dowager lady looked at it after very satisfied.

After Qu Mo Ying got the news, he sent a message to both the Eastern Palace and the Duke of Qi's Mansion, both of which had previously said that the day of the puja was set to be notified.

That night, the door to the back door of the Qu Mansion's East Mansion opened again, and Qu Mingcheng sneaked in to speak with Qu Xuexin for a while before taking advantage of the darkness of the night to leave with his boy.

Qu Xuexue core place, the night lights on for a long time, to very late, Hongmei also poured a large pot of water out, the bath water is early to send over, before going to bed if you wash again, it has been cooled, this is into the winter days, the cold winds ...

Chapter 604 Prepared by My Own Daughter and Niece

Early in the morning, Qu Mo Ying got up, half an hour earlier than usual, and the sky outside was still dark.

Yu Chun's hands and feet helped Qu Mo Ying to freshen up and get dressed, and when she went to the outer room, Yu Dong had already brought the breakfast, and after Qu Mo Ying had used some of it, she pushed away the bowl in front of her.

The two maids put on her eye veil and cloak, and brought along the objects that she had prepared earlier, before following her and heading to the dowager lady's courtyard together.

In the dowager lady's courtyard, Luo had been sitting there for a long time, but the dowager lady was not there.

Qu Mo Ying came in and bowed to Luo.

"Your grandmother is not feeling well, so I won't go today, I'll just take you there, your father and eldest uncle are already waiting outside." Luo stood up.

"Grandmother is not feeling well?" Qu Mo Ying asked.

"Getting up in the morning is not so good, in fact ... your grandmother should not have gone in the first place, this matter your father and great uncle have already said." Luo's said.

Qu Mo Ying pursed his lips and didn't say anything.

It was not for her to kiss.

"Let's go!" Luo said, raising her steps and heading out, Qu Mo Ying following her out the door.

Sister Wu suddenly came out from inside and called out to Qu Mo Ying, "Fourth Miss, please wait a moment."

Luo paused slightly at her feet in front of her and looked back afterward before continuing out with her own people.

"My Sister." Quemoy Ying waited for My Sister to come over.

"Fourth Miss, the first lady was originally to go, but the second master said that she is not very good health, this time and the beginning of winter, the most appropriate time to get sick, the first lady recently body has not been very good, the second master also said that the second lady is the younger generation, the first lady has the heart on it, do not have to go, if the disease, who can not afford the responsibility, no and is the responsibility of the second lady and the fourth Miss."

Sister Wu sighed and said, The Dowager Lady really wants to go, but the Second Master is right.

"Grandmother's health is not well, it is right that she should be nourished in the mansion, Mother has me there, and at the very least, there is still Great Auntie in front of her to block the way, it's fine."

Qu Mo Ying softly said.

"That's best!" Seeing that Qu Mo Ying didn't have any hard feelings, Grandma Wu breathed a sigh of relief and laughed, "Originally, the Dowager Lady's intention was to get up earlier this morning as well, even though she couldn't go together but at least she could see off the First Mistress and the Fourth Young Miss, I just didn't expect to not be able to get up all of a sudden."

"Have you gone to get a doctor?" Qu Mo Ying asked with concern.

"Already went to invite, may come over in a while, out and about, fourth miss be careful, the dowager lady is most worried about fourth miss." Grandma Wu urged.

"Tell grandmother that I'm fine, so grandmother can rest assured that I'll always follow great aunt!" Qu Mo Ying pacified Grandma Wu.

Seeing that Qu Mo Ying was so understanding, Grandma Wu was so pleased that she gave a few more instructions for the Dowager Lady before letting Qu Mo Ying leave.

When Qu Mo Ying arrived at the door, Luo had already gotten into the carriage, Qu Mo Ying also got into a carriage behind her, Qu Zhi Zhen brought Qu Ming Hui and Qu Ming Cheng out last, seeing that the ladies had all gotten into the carriage, the three of them rolled onto the horse together and followed behind the carriage, heading to Qing Yun Guan together.

“Miss, Missy is here.” Yu Dong said, his eyes were the most sensitive, he had long since seen a flash of Hong Mei’s figure among the underlings, and although Hong Mei quickly got into the carriage in front, he still noticed it.

No one told Qu Mo Ying that Qu Xuexin would be there today.

The dowager lady should be unaware, Qu Zhizhen is unimpressed, Luo didn’t take it to heart, and felt that it was only natural for Qu Xuexin to go along, and none of the juniors in the Qu House went out today.

Even if the dowager lady would reprimand a few times afterward, it wouldn’t seem like a big deal to Luo.

For her daughter to be locked up by the dowager lady for purification, Luo’s always had complaints, and now that she can let her daughter go and show her face, even if it’s just to show her face, it’s also good for her daughter.

“I just saw that big brother and second brother both had white cloth belts tied around their waists.” Qu Mo Ying said thoughtfully, “Do we have any white cloth belts here?”

Since the two of them had brought it, it was all the more important that she, her own daughter, should wear it, but up to now, she had not been given such a white band.

"Miss, we don't have it, but there is still an extra strap that came down from making clothes here, the slave girl originally brought it with her to bind things with, should we take it down first and give it to miss to use in a while?" Yu Chun reacted extremely fast and said.

"Yes, prepare it first." Qu Mo Ying said, his eyes sullen and ghostly, no matter what made them forget to tell themselves, it was always good to have it on hand.

Carriage all the way to the Qingyun view, get up early, the city gates are not blocked, out of the city, but also all the way over, time is still early, Qu Mo Ying in the carriage to sleep a little.

Waiting until they reached the place and stopped the carriage, she also woke up, holding Yu Dong's hand down to the carriage, raising her eyes just in time to see Qu Xuexin coming down from the carriage in front of her, her face was pale, her feet were weak, at a glance she knew that her health was not very good.

Sick at a time like this? What a coincidence!

Seeing Qu Mo Ying, Qu Xuexin held Hongmei's hand and came over, seemingly wanting to talk to Qu Mo Ying, who turned around, holding Yudong's hand and followed Qu Zhizhen inside.

The two of them only looked at each other, and Qu Xuexin stopped in her tracks.

"Core, are you alright?" Luo was worried as she looked at her daughter, Qu Xuexin's face was just too bad, Luo was afraid that she would faint the next moment.

"Mother don't worry, I have nothing to do, just last night ... stayed up for a while at night, folded some paper money." Qu Xuexin coughed lowly twice and said breathlessly.

"You this child ... let you take a good rest, why are you so disobedient." Luo's heartbroken tears were about to fall, "This kind of thing, why are you more attached to it than the shadow girl."

"Mother, I am also doing my part ... to be unhindered, I can hold up." Qu Xuexin laughed, "Mother, let's go in as well, you can see that father and second uncle they have already gone in."

“You this child also truly real heart, look at her to go in are not called you, you ... you still so sincere to her ...” Luo’s more and more feel that her daughter aggrieved, she square actually also saw the Her own daughter and Qu Mo Ying glanced at each other, deeply dissatisfied with Qu Mo Ying.

Daughter now this appearance, or in order to give Qu Mo Ying biological mother folded paper money harm, to this will still strong out, which has done everything, it is difficult not to see?

No matter how Luo’s heart is slandered, she can’t show it on her face, she can only take her daughter to walk at the end, and from time to time she also stops and waits for Qu Xuexin, looking at her difficult to move, a small face snow also like white, through the sick face, her heart aches.

The large hall for approaching matters had already been prepared, it was the one at Dangmen, facing the gate of Qingyun Guan, which was what Qu Zhizhen had repeatedly asked for.

Since the puja was done, of course, more people should know about it, in order to dissipate the damage done by Yu’s affair to the Qu Mansion’s reputation.

This kind of show mood, Qu Mo Ying understands very well, just as Pei Luo An general, in order to a good reputation, make a look of deep love and displeasure, show this kind of love everywhere, in order to cover up the inner bottom of the heart.

Qu Chi Zhen will not let go of such a place to show his deep love for Little Viet, and Bui Loan is equally ...

“Shadow girl, have you prepared all the things I asked you to prepare before?” Going to the entrance of the main hall, Luo asked Qu Mo Ying who was waiting there.

Qu Xuexin didn’t force her way up to speak to Qu Mo Ying this time, she just helped the maid stand to the side.

Luo asked the maid to help her inside first.

"Eldest Auntie, I've already prepared it." Qu Mo Ying said, Yu Chun brought a basket over, lifting the white coarse cloth on it, one could see the small brocade clothes and other things that Qu Mo Ying had made, all of which were to be burned for Xiao Yue's, the mansion itself was stocked with some of them, but Qu Mo Ying had made them with a different meaning.

It's certainly different when your own daughter does it.

"Less!" Luo said disapprovingly, "Why are you so uninterested!"

This is said to be biased, Yu Dong pursed his lips, held back no words, this thing or just yesterday, Miss and a few of their own do not know much about these, so much so that last night to do for a long time before stopping, but can only do so much, Miss's needle and thread was not very good.

"Let Great Auntie take the trouble." Qu Mo Ying said with a faint expression.

"It's not something to bother with, fortunately, Xin'er also made some, you'll burn Xin'er's first in a while, it looks like there's more too." Luo said.

The granny standing behind her came over and took out a basket that, as a whole, was already much larger than Qu Mo Ying's basket.

Open it up, it's full of small satin-made garments, all of good material.

There was also a simple pad on the side, the size of the usual one, and I wondered if it had been accidentally placed there.

"Many thanks, Great Auntie!" Qu Mo Ying looked at it without moving, a hint of coldness showing at the bottom of his eyes, and with a movement of his feet, he stepped back slightly.

That piece of cloth seems to be very clean, like white cotton, very soft and absorbent kind, but in the corners of the line at the corner, there are some very light, very subtle yellowing traces, if not Qu Mo Ying pay attention to more than one glance, a time really can not be found.

The matron laid the coarse cloth that had been placed on top of it again.

Another granny came over and brought a white band to Qu Mo Ying, "Fourth Miss, this is a belt to gird your waist, you wear it!"

Rough white belt, because it is rough, there are lines pulled down, seem a little messy, the end of the place, looking more than some faint color difference, if must say some difference, is there the same seems to be flooded with a little light yellow, not obvious.

It was originally a crude belt, who would have noticed some of this.

Yu Dong, however, noticed that his eyesight was originally better than others, and this time there were a few more points of wariness in his expression.

"Many thanks, Great Auntie, I'm ready for the belt." Qu Mo Ying calmly said.

"Since you have it, then put it away!" Luo didn't care very much, after saying that, she walked inside, while instructing Qu Mo Ying, "You'll be in charge of burning your mother's clothes and paper money in a while."

Chapter 605 Where to Burn It

The group went in, made separate offerings, and lit incense and candles.

After the first round of worship, Qu Zhicheng took one of his sons and one of his nephews to take care of some chores in the left side hall.

If there were male guests coming over in a while, they were also received in the left side hall, and the right side hall was reserved for the women's families to rest.

The puja for Koshi is mainly for women.

Yu Chun tied Qu Mo Ying's rough white belt, helped Qu Mo Ying kneel down on the futon on one side, Yu Dong moved a fire pot over, placed his own prepared basket on one side of Qu Mo Ying's side, and the other Luo's prepared basket was placed a little farther away, looking like he was going to burn his own first and then Luo's prepared one.

There were seats on one side of the main hall, Qu Xuexin's body was not feeling well, Qu Zhizhen had long ago told her to rest on one side, Luo would this time accompany her to sit on one side.

Qu Mo Ying is Xiao Yue's own daughter, so naturally she should kneel and burn paper money and clothes.

"Mother, how is this belt ... different from big brother's and second brother's?" Seeing Qu Mo Ying's belt, Qu Xuexin coughed lowly and asked Luo in a low voice.

"She prepared it herself." Luo did not care and said, her face full of concern, "How are you, do you need to be tight, do you want to go to the side hall to rest for a while."

"Mother, I'm fine, I can still hold up, if I can't hold up for a while, I'll go to the side to rest." Qu Xuexin softly said.

"It's actually okay that you're not here, Mother is!" Luo was still uneasy, her daughter's face was just a little too bad.

"Mother don't worry, just wait for fourth sister to finish burning these little garments and leave." Qu Xuexin smiled and casually said, seeing that she was holding on strongly.

Luo's heart ached to death, but Qu Xuexin sat so strongly, she could not do anything, only expected Qu Mo Ying to hurry up and finish burning, watched Qu Mo Ying burning slowly, one piece at a time very carefully, said to the granny beside her, "Let the fourth young lady burn faster, watch the fire, a moment to extinguish is not good."

The granny answered the order and went over, carrying the basket placed behind a pillar on one side towards Qu Mo Ying again from behind.

Yudong saw it and came over with a quick eye and hand, picking up the basket, "The ones in this basket are not yet needed, just put them aside first."

"The First Mistress is afraid that it is unlucky for the fire to go out." The granny whispered.

"It's not harmful, it won't go out." Yu Dong said, "Our young lady burns it slowly to appear filial, it's always not good to burn it out early if there are guests coming to worship."

Granny think also think is this reason, in fact, is not necessary to burn too fast, these burned, also have to burn paper money, anyway, can not let the filial son, filial daughter kneeling nothing to do is not!

"Then burn them faster." The granny squarely stood behind Luo's mother and daughter, knowing that the eldest miss wanted to wait until she had burned these clothes before leaving, and had to remind her at this time.

Yu Dong said perfunctorily, "Yes, yes, our lady will burn up fast."

Seeing that the granny returned without any success, the basket was still put to the side of the pillar, far away from Qu Mo Ying, Qu Xuexin's eyes flashed a trace of displeasure, she had gone through a lot of trouble to send these things to Qu Mo Ying's face, and if Qu Mo Ying didn't accept it, wouldn't she have wasted her efforts for nothing?

Whether it is now, or later, she needs her second brother's help, if this cast is unsatisfactory to her second brother, it will be very difficult to get her second brother's help in the future, and this time, she is only allowed to succeed, not to fail.

No matter what, he couldn't let Qu Mo Ying escape.

Qu Mo Ying is not good, he can only be good, in order to let the second brother to help more help, with their own identity, even if they enter the Prince's East Palace, if there is no one to help, support, in the end, I'm afraid that there will not be a good end, this point Qu Xuexin in this period of time to think about has been very clear.

She went to the Crown Prince's Eastern Palace to enjoy glory and wealth, not to be subjected to it.

Even if she was already a step behind people now, she still believed that she could gain the favor of the Crown Prince, who treated her differently, and this had been clear from the first time she had met him.

As long as she has another chance to see His Highness the Crown Prince, then everything is possible, and today she not only wants Qu Mo Ying to have an accident, but she also wants to see His Highness the Crown Prince, and enter the Crown Prince's East Palace, and she never wants to go back to the West Mansion again, and never wants to be locked up by the Dowager Lady again, and she's the most honored First Elder Daughter in the entire Qu Mansion.

By what right should Qu Mo Ying be allowed to overpower himself!

Taking a hard breath, it was hard at her throat again, covering her chest and coughing low again, it was really hard, she felt like she was really going to pass out, but this wasn't going to work, not yet.

She was really sick, not pretending to be sick, even if the eunuchs came to check in a while, it was still true.

The second brother had said that if she wanted to enter the Crown Prince's residence, it was inevitable that people would pay some price, and even if that price was her own body, she would still have to pay it.

As for Qu Mo Ying's life and death, this later has nothing to do with himself, even if it is found out afterward that this has something to do with himself, so what, he was already the crown prince's person at that time, even if the second uncle's hand is longer, it can't be extended to the crown prince's residence, and even if the grandmother is angry again, so what?

Thinking of this, Qu Xuexin's face showed a hint of triumph, narrowed her eyes finely and glanced at Qu Mo Ying, this time, even if Qu Mo Ying didn't die, this appearance was ruined, the so-called no talent, no appearance, could come true.

I couldn't help but cough again at the thought of the complacency.

Seeing her coughing again and again, Luo's anxious hands and feet at a loss, and after that relocated to Qu Mo Ying, was about to send someone over to burn all the clothes in the basket over there in a single bone, suddenly saw a granny trotting over, "First Lady, the Ji side consort of the Eastern Palace is here."

"Quickly please." Luo stood up with joy and welcomed her.

Qu Xuexin also wanted to go out, but helplessly only stood up, his feet were soft, almost fell, and he could only stand to the side with a pale face, waiting for Ji Youran to come in.

When Ji Youran came in, she saw Qu Xuexin, who was standing to the side with a sickly face and appeared to be holding up strongly, and hurriedly went forward with a smile and said, "Please sit down, Miss Qu!"

"Many thanks to Lady Side Consort." Qu Xuexin said breathlessly, holding onto the maid's hand as she sat down.

Ji You Ran went up to the front to pay homage to Xiao Yue's, and after lighting three sticks of clear incense, he retreated to Luo's side and sat down, and the subordinates brought tea.

"The clothes Fourth Sister is burning, did she make them herself?" Ji You Ran looked at the clothes and socks that Qu Mo Ying was burning on her knees and asked.

"It's Fourth Maiden herself, she's not good at stitching, to be able to make this much is already the limit." Luo sighed and explained.

"Indeed it is already very good!" Ji You Ran nodded her head, agreeing with Luo's words, "Cousin Qu's eye disease should not have been good at sewing in the past, and it's already not easy for some of these to be made by her."

"Shadow girl's eye disease, and indeed ..." Luo nodded in agreement.

"Can't Cousin Qu's eye veil be removed yet, didn't she say it's almost healed?" Ji You Ran asked with concern.

"This ... is not really known, and she didn't say anything herself! I am after all just the great aunt!" Luo whispered, extremely helpless.

"First Mistress has already done enough, Cousin Qu has a pitiful life, and First Auntie is taking such good care of her, I'm here to thank you on her behalf." Ji You Ran said.

"Lady Side Consort is polite, this was originally what I should have done." Luo's face reveals a hint of a faint smile, Ji You Ran's compliments make her very receptive.

While talking, Qu Mo Ying, who was burning the clothes, sidled over and coughed violently, Luo hurriedly called her mother-in-law to go over and look, knowing that she was accidentally choking, and asked her mother-in-law to go and pacify her for a few more sentences.

Yu Dong pulled the fire pot a little further away, and Qu Mo Ying continued to burn it up.

"Is that all that needs to be burned?" Ji Youran suddenly asked.

"Not only these, there are also outside, outside is the mansion prepared, looking for a mother-in-law outside to find a place to burn together, these are the juniors own system, more some thoughts, let shadow girl here burning, and the back of the basket, also need to burn."

Luo pointed to the large basket placed by the pillar behind her, very proud of herself, "That's what Xin'er prepared, and I'll let Shadow Maiden burn it in a while as well."

"I'll do it!" Ji Youran stood up.

"How can this ... this be!" Luo hurriedly said.

On one side, the smile on Qu Xuexin's face stiffened, her hand subconsciously clenched her handkerchief, wanting to open her mouth to speak, but after looking at Ji Youran, and then at Qu Mo Ying, she suddenly felt that if ... it would really be like that, it would not be a good thing, and that if she

wanted to enter the Crown Prince's House, this Ji Side Concubine would be one of her own greatest rivals.

Unintentionally, it is also Ji Youran's own find up, it has nothing to do with himself.

The paddle slowly relaxed.

"It's not a problem, cousin's body is not good, so has been burned down, I'm afraid it will continue to cough, I'll burn some of it for her, a moment is just burning paper money, you can let the maid burn it." Ji You Ran today is to come and Qu Mo Ying show goodwill, but also to do to others to see, of course the better to do is.

The prince is right outside, even if he did not see with his own eyes, will certainly ask, this time Ji Youran in the East Palace is not good, such a rare opportunity to go out, how to also have to perform well is.

Saying that, he came over to where Qu Mo Ying was kneeling.

Seeing her insistence, Luo's stopped and then failed to stop her, and could only helplessly let the people go to prepare the fire pit.

"Lady side consort, our young lady said that the two down together to burn, can not lean too close, a moment both will affect, will cough non-stop." Yu Dong came over to stop Ji You Ran from leaning too close, pointing to one side of the pillar, "Our young lady said that one place, both of them will not affect, it is the best."

The pillar is indeed far back from the place where Qu Mo Ying burned, and behind them, the impact is not big, this is the best distance in Yu Dong's estimation.

Ji You Ran mainly came to show her affectionate relationship with Qu Mo Ying this time, even if this is a bit too much, she can't take it into account, she smiled and expressed her agreement, and also smiled at Luo's face that was not hesitant, "First Lady, it's not bad there either, Cousin Qu has already coughed up a lot just now, I've come to help her, I'm not here to harm her."

Said he consciously knelt down in front of the futon by the pillar.

Luo was still trying to persuade, when she suddenly heard the voice of the maid behind her shrieking, "Eldest Miss, Eldest Miss!"

As soon as he heard that something had happened, Luo there still cared about Ji Youran, panicked and ran back ...

Chapter 606 The Name Is Not Right, The Word Is Not True

"Quickly ... help Missy to the side hall." As soon as she saw that her daughter had fainted, Luo couldn't be bothered to greet Ji You Ran again and had someone half-support and half-carry Ji You Ran to the side hall.

Waiting until they reached the side hall, at Luo's anxious call, Qu Xuexin leisurely woke up.

"Mother, I'm fine!"

"How can it be all right, you ... how you are so disobedient, must follow to do what, a good rest at home is not good? This will not be able to find a doctor, this ... what can be done?" Luo's anxious eyes are red, Qu Xuexin's face is as white as paper, the whole person looks not good.

"Mother, I'm really fine, just rest for a while! You ... can just go to the main hall and accompany the fourth sister." Qu Xuexin whispered.

"You child ... how come ... you keep thinking about others!" Luo was anxious and annoyed.

"Mother, I'm really fine ... you don't worry, nothing will happen." Qu Xuexin pacified Luo, reached out and gently pushed her, "I'll rest here for a bit, you go and accompany the fourth sister, the East Palace's Ji side consort is also there, it's not good for you to be away, I don't need so many people here in the ... just Hongmei to guard me... ...clear and quiet better a little faster."

Seeing her daughter say this, Luo had no choice but to pacify her a few more times and lead the people back to the main hall.

In the hall, Ji Youran is also burning small satin clothes, those are Qu Xuexin “made”, the fire pot fire bigger some, did not burn a few, Ji Youran’s face on the sweat, want to take a pad to wipe your face, see the basket and a piece of pad.

“What’s this? To burn?” Ji You Ran asked the Qu Mansion’s matron on one side.

The garments were all made very small, except for this pad, which was normal human size and didn’t look like it was meant to be burned.

“It’s for fear of sweating too much when it burns, this material is more absorbent and the color is just right.” The granny said.

Ji You Ran reached out and took the pad over, she suddenly remembered that her own pad is indeed not quite right, not only the material is excellent, and the color is also extremely gorgeous, this time to take it out to use is obviously not appropriate, the Qu Mansion is very thoughtful, she will be in need of such a pad.

The pad is indeed good to use, after a slight wipe on the face, it wipes away the sweat stains, Ji You Ran incorporates the pad into her sleeve, and slowly burns it again, His Royal Highness the Crown Prince is also here, casually wandering around in Qing Yun Guan, waiting for himself to go back, and the slower he is, the more sincere he will appear to be.

Luo came back in a hurry, with red eyes, one look at Qu Xuexin’s situation was not good.

Came back and sat on the sidelines listlessly with little energy.

The hall was quiet, only the sound of two fire pans burning clothes, Qu Mo Ying burned them early and in small quantities, and under her deliberate speeding up, the burning was already almost done.

In the tentative distance behind her, Ji You Ran burned slowly, taking a handkerchief to wipe the sweat stains on her face from time to time, looking a few points more sincere than Qu Mo Ying.

Qu Mo Ying suddenly coughed again, coughing too much and startling Luo.

“Go to one side and rest for a while!” Luo sent someone over to say, in fact, there is no rush to burn it all in a moment, while going over to personally invite Ji You Ran, “Side Consort Auntie rest for a while.”

Qu Mo Ying helped Yu Chun to stand up, coughing while going over to the side hall, Luo frowned but didn’t go up to stop, her daughter was still resting on one side, she just casually said that she wanted Qu Mo Ying to rest here, she didn’t expect that Qu Mo Ying really went over there, she didn’t know if it would disturb her daughter’s rest.

It was certainly inconvenient for her to actually say this.

Ji You Ran was indeed burning hot and didn’t excuse herself, returning to sit beside Luo, the maid re-served the tea, she took a few sips before putting it down.

She had come early for today, and she was indeed tired and hot, so it would be good to rest for a while.

“Let Cousin Qu from resting will, a moment too late to burn, I will help her is.” Ji You Ran again took the handkerchief and pressed it slightly on her own face, saying.

The play was almost done, in fact this next time she had no intention of burning again, sit for a while, talk for a while, then leave again, the Prince thought he had just been burning.

“Which can always labor side consort lady, core a little better in a while, I’ll let her accompany shadow girl to burn.” Luo’s words were certainly well spoken.

Ji Yuran is the side consort of the East Palace, how can she let her burn, their own daughters sitting on the side, the party is also the core girl really can not hold out, there is no way.

If people see it, the reputation of the core girl will not be good.

Luo is stored in the heart does not want to let Ji Youran to burn again, Ji Youran is also in the perfunctory stalling time, between the two people back and forth, the words are very intimate, but they are empty words.

Ji You Ran was a talker and Luo was intent on pleasing, and there would be no cold scenes between the two.

When Qu Mo Ying was helped to the side hall, he really didn't see Qu Xuexin, and looking at the tea on the table that didn't move a bit, he should have left as soon as Luo left.

"Let's go, let's go over there!" Qu Mo Ying took the tea brewed by Yu Chun and took a sip to slow down before putting it down.

Qu Xuexin's body is poor into this way, but still forced to go out, and also after Ji Youran came over to go out again, the figure is not small ...

Pei Luoan came with Ji Youran, who went to the small Yue's puja hall to pay homage, and he didn't go over.

With his status, the former Crown Princess's aunt to pay homage to, trivialized some, can accompany Ji Youran over, it is already a very good sentiment.

The identity of the Crown Prince of the Eastern Palace, the Crown Prince, the future Emperor, is not comparable to ordinary royals or princes.

With only a servant dressed as a boy by his side and the guards only secretly following, Pei Luoan walked slowly with his hands behind his back to the side of the release pool to enjoy the scenery.

This place is not far from the place where things are done, so it's nice to wait here for Ji Youran to enjoy the scenery again in the meantime.

Now the time is still early, the release pool here is not much people, only not far away from the opposite side, there is a pair of mother and daughter-like, seems to be in the morning in the release of some small fish and so on.

Pei Luoan also did not have the mood to go over to see, just far away to see a fresh, inexplicably remembered that he also once released that day.

Still and JiHanYue come together, JiHanYue then prepared is also some small fish and shrimp and so on, is she specially sent to the morning market to buy, just all the way over the time, died a lot, to the end of this release is not considered a success.

The corners of his lips ticked wordlessly, as if he saw the chagrined and regretful look on the bright young girl's face.

But then both the hooked up corners of the lips slowly fell down, the bottom of the eyes flashed a trace of annoyance, Ji Yongming does not know how to appreciate the situation, harmed himself and also harmed the cold moon.

If it wasn't for the things Ji Yongming had done unknowingly, he wouldn't have come to this point.

The annoyance in the bottom of his eyes left into resentment, he wasn't wrong, it was Ji Yongming who was wrong, he was wrong, he was wrong, and he dragged down Ji Hanyue.

Footsteps hurriedly came from the back, people did not arrive the fragrant wind had already passed over, it was a woman, Pei Luoan frowned and looked at the woman who came over.

The young girl with a clear look is pale and doesn't look good.

I can't believe I still recognize it, that big lady from the Qu Mansion.

"Your ... Highness ..." Qu Xuexin also recognized Pei Luoan, and seemed surprised to meet him here, hastily stopping her feet and anxiously saluting him.

Unable to help the party's feet in a hurry, walking too fast, a time actually can not stand, body shaky to Pei Luoan this side fell over.

Pei Luoan was originally going to avoid it, but remembering this person's identity, his feet didn't move, and he even took the initiative to extend his hand and catch Qu Xuexin, with a gentle look on his face, "Eldest Miss Qu, be careful!"

His movements were not half as abrupt, and he just hugged Qu Xuexin in a big way.

Qu Xuexin's pale face revealed a hint of excited blush, she didn't expect things to actually go so smoothly, her fingers tightly grasping Pei Luoan's robe, a piece of pulsating affection flowing in her raised eyes, "Your ... Highness, I... ..I ..."

Before he finished speaking, his eyes rolled back and he really fainted.

For the sake of this moment, she took a cold shower in the middle of the night, purposely tossed herself to be so sick and weak, and forcefully followed all the way over here, in fact, she had long been almost unable to hold on, if it was not for the sake of this moment, she wouldn't have held on until now, and now that the goal had been reached, she could also feel relieved to pass out.

The second uncle should be here soon, before she went out, she had already sent someone to inform the second uncle that she was not feeling well and had just fainted outside, with the second brother, the second uncle would definitely come to find herself in person.

Seeing that she actually did faint just like that, Pei Luoan's brows furrowed and subconsciously raised his eyes to meet the surprised gaze of Qu Zhizhen, who had hurried over.

"Greetings Your Highness!" Qu Chi's eyes widened in shock, how could he not see this scene in front of him, how could his own great niece just happen to faint in the Prince's arms, this ... how could this be?

Pei Luoan looked over, it was no longer possible for him to think too much, and he hurriedly took a few quick steps forward to salute.

"Servant Qu, this is the eldest miss of the Qu Mansion?" Pei Luoan looked at Qu Zhizhen and asked with an uncertain expression.

"It is ... the niece of the minister, before the body is not feeling well, I did not expect to faint here, thank you, Your Highness." Qu Zhizhen didn't dare to think too much, signaled to his nephew who followed him over, and he went up to pick up the person.

The ones who came with Qu Zhizhen were Qu Minghui and Qu Mingcheng.

Qu Minghui tensed his face and took a step forward, trying to take the person from Pei Luoan's hands.

"Servant Qu, there's no need for that, since Missy only fainted when she came to Lone, it's considered fate." Pei Luoan slowly said, "I will take the person away in a moment."

"Your Highness!" Qu Zhizhen said anxiously, this situation is too unexpected, he did not know how to deal with it for a while, relying on the crown prince, of course he did not dare, but so taken away by the crown prince, he is also not willing, Qu Xuexin is no longer, that is the royal historian's daughter, is the only daughter of the elder brother, "Core girl is still small!"

What's the point of just taking it away in name only?

Big brother isn't here, he does this.

"Servant Qu, just now it was Missy straight to lone here bumped over, since so deliberately bumped over, it is always fate, Servant rest assured, lone's side there are still a lot of taste, and so on lone go back, naturally give Missy a proper name." Pei Luoan said slowly and lowly, the corner of his lips hooking out a hint of a smile.

Qu Zhizhen's face became embarrassed.

Chapter 607 A Woman with a Disease

Pei Luoan spoke politely, but the meaning of these words clearly indicated that Qu Xuexin had bumped over by herself.

There are quite a few women who throw their arms around Pei Luoan, and Pei Luoan used to avoid them, so the reason why she took this one is certainly not because of her own reasons.

The most important thing was because of her current identity, she was the eldest miss of the Qu Mansion, and the fourth miss of the Qu Mansion was practically the Utopia County Princess on the board.

In order to get on good terms with the king's uncle, since this great lady of the Qu Mansion was willing to enter his East Palace, Pei Luoan didn't care about having such an additional woman.

Pei Yusheng's side has two misses from the Qu Mansion, and if he has none on his side, he will not be able to deal with the fourth miss from the Qu Mansion in the future, and it will be inconvenient to fight for the king's uncle there, or even if he doesn't fight for it, he can at least pry part of the news.

Pei Yusheng's side although there are two qufu's miss, but I heard that the relationship is not good, this one is not heard of any special bad, it is always just one more woman in the house, if there is a use for it, to keep it is!

That's why Peluan reached out and put his arms around the man and offered to take responsibility.

Of course the specifics would depend on how much the woman was worth and what name she was worth!

"Your Highness, core girl's health is not good, when she went out today, she was sick." Qu Zhizhen had to explain that bringing it back now, and formally mentioning it at the door, were not the same meaning at all.

"That also fainted only after seeing Lone, well, Servant Qu go back first, Lone will come to the Qu imperial historian's residence to speak about this matter himself in the next few days." Pei Luoan impatiently waved his hand and said, his complexion cold.

Qu Zhizhen wanted to say something else, opened his mouth, but in the end said nothing more, bowed respectfully to Pei Luoan and retreated, knowing full well that if he said anything more, he would inevitably cause the Crown Prince to become angry.

Since this was his niece's own choice, what could he, as an uncle, do?

As for whether it is really accidental, Qu Zhizhen of course do not believe that the great niece must follow over today is very unusual, the party came over to the mother-in-law suddenly said Qu Xuexin fainted, the son said that I am afraid of niece accidents, a few people came out to look for people, I did not expect to see is such a scene.

Qu Zhizhen was never stupid, and after thinking about it, he knew that his great niece was genuinely plotting to enter the Crown Prince's mansion, and that being sick like this was just a way to make her look a little bit more elephantine, a little bit more innocent.

It's just that it's still too stupid! Do you really think you can hold the Crown Prince like this? If the Crown Prince will not recognize this matter, is it possible that my family can still force the Crown Prince to recognize it?

As soon as he heard the words of the crown prince, he knew that the crown prince understood, thinking that his niece actually made this kind of unashamed thing in front of his own face, Qu Zhizhen more and more lost the intention to help her a hand, self-sacrificing and inferior, what else can he say.

"Second Uncle!" Qu Minghui pulled Qu Zhizhen's sleeve, he was truly worried about his sister.

"Go back first, and discuss this matter with your father in a moment!" Qu Zhizhen said without moving, traveling to the side of the path as if the party had not appeared.

Qu Mingcheng followed closely.

Qu Minghui looked behind her at her sister who was being held by the Crown Prince, and then looked at the Crown Prince's icy face, stomped his foot heavily and left helplessly.

Qu Mo Ying led Yu Chun out the door and saw Yu Dong at the entrance, the two maids accompanied Qu Mo Ying over there, as early as when the Crown Prince arrived at the release pool, Yu Dong had already spotted him.

“Miss, there is a woman over there who has been looking at you!” Walked a few steps, Yu Dong suddenly whispered, the corner of the eye swept over, it was a woman wearing a drapery hat, couldn’t see the age and looks, just wearing a plain white dress, the material of the dress is also very general, even not too clean, through a few dusky colors.

This color reminded Qu Mo Ying of the light yellow stained on top of those whites before, his heart jumped heavily and his face immediately became ugly.

This woman was originally wandering on one side of the road, and when she saw Qu Mo Ying and Yu Dong come over, she seemed to debate for a while, and finally her gaze fell on Qu Mo Ying’s face, with the long eye veil being the most obvious mark.

After looking at it for a few moments, it actually turned around and came over in Qu Mo Ying’s direction.

“Let’s go!” Qu Mo Ying said, his feet quickening.

Yu Dong signaled Yu Chun to follow, and he stayed behind, his eyes glaring intently at the woman running towards him.

When the woman saw that someone had stopped him, she seemed to stop hesitantly again, and after looking behind her and to the left and right, she turned in a different direction and disappeared from the eyes of the three men.

“Miss, it’s gone!” Yu Dong breathed a sigh of relief.

Qu Mo Ying’s footsteps also slowed down, a hint of sternness flashed in his eyes, and he continued to walk forward without speaking.

Suddenly, she stopped her footsteps, and from afar, she had already seen the release pool, and also saw a few silhouettes there at the release pool, Qu Zhizhen was retreating, and then took Qu Mingcheng and Qu Minghui to leave.

Pei Luoan was still holding Qu Xuexin in his arms, his gaze faintly lifted, and from a long distance, he met Qu Mo Ying's gaze.

Sure enough, Qu Xuexin "fainted" on Pei Luoan's body.

The corners of his lips silently hooked, a trace of a shallow smile, cool and mocking.

Being far away, Pei Luoan couldn't see too clearly, but subconsciously pushed the Qu Xuexin in his hands behind the chamberlain as he lifted his steps towards Qu Mo Ying's side.

Looking at Pei Luoan who slowly came over, Yu Dong's expression tensed up.

It wasn't just him, Yu Chun was the same, looking wary.

"That woman is coming over!" Qu Mo Ying suddenly said.

Yu Dong was startled, turned his head sharply, and saw that at the side path, the woman he had seen before ran over in a hurry, looking back as she ran, as if there was someone chasing behind her.

Yu Dong and Yu Chun stood slightly in front of each other, both of them were on guard against the prince who came over, Qu Mo Ying's position lagged behind, and if this woman crashed over like this, the first one to hit her would be Qu Mo Ying.

Qu Mo Ying reacted sharply and quickly backed up two steps, Yu Dong as if unconsciously frightened, also followed two steps backward, just to block the place where Qu Mo Ying retreated before, raised his foot, according to the woman who ran over ruthlessly is a foot.

Before the woman could get close, he kicked her away and she fell heavily to the ground.

Yudong followed suit and staggered backward two steps, almost falling to the ground, fortunately, Qu Mo Ying behind him reached out to help him, and only then did he bring Qu Mo Ying with him, staggering backward several steps before stopping.

A few more moments away from the woman.

The incident happened suddenly, Pei Luoan had already arrived close, his handsome brows furrowed as he coldly looked at the woman who had fallen to the ground.

“Who are you? Why did you come to bump into our lady?” Yu Dong asked in a stern voice as she stood in front of Qu Mo Ying after she stabilized herself.

“I ... I ...” The woman’s voice is weak and feeble, the party kicked up can also be sensed, the woman is powerless, more and more confirms Yu Dong’s conjecture.

Giving Yu Chun a wink, Yu Chun hurriedly supported Qu Mo Ying and took two more steps back.

“You have smallpox?” Yu Dong interrupted the woman and snapped.

“I ... I ... am not ... I ... am well ...” The woman scrunched up her arms and legs in panic, afraid that someone would notice the marks on her arms and legs.

A secret guard suddenly appeared and blocked Pei Luoan’s face, and Pei Luoan followed suit and took two steps back, looking equally wary.

“Who told you to come and bump into our lady and harm our lady?” Yu Dong coldly laughed, “In a moment, there will be people from the government office coming over, at that time, let’s see if you say it or not.”

He didn’t even give the woman a chance to argue.

“To actually dare to plot against His Royal Highness the Crown Prince, his crime is punishable by the death of all nine clans!” Qu Mo Ying was behind him, coldly saying, pushing the charge upwards again.

“Your Royal ... Highness the Crown Prince ...,” the woman panicked, almost paralyzed to the ground.

“Opposite is the crown prince, don’t say you don’t know, your highness, how do you see this matter handled?” Qu Mo Ying saluted Pei Luo An from afar and asked without panic, “This woman has malicious intentions, looking at it even if she is plotting against you.”

The woman turned back in panic and saw Pei Luoan who was surrounded by secret guards, but looking at the aura and being tightly escorted, she knew that it was not an ordinary person.

“No ... there is no conspiracy to murder His Royal Highness the Crown Prince, it is ... someone who asked me to come over to bump a lady with an eye veil ... to pass the ... pass on smallpox to her.”

A look at the harsh bloodthirsty chill in the eyes of the dark guards, the longsword in their hands flashing and pointing at themselves, the woman where after this formation, her lips shivered a little, and said.

She just wants to collect some money and see the doctor properly, she really doesn’t want to murder His Royal Highness, the great crime of murdering nine clans, she can’t afford it.

“What person told you to plot against our lady?” Yu Dong said in a cold voice.

“I ... don’t know, it’s ... a maid, I ... don’t know.” The woman now only wants to get out, what to say, afraid that Qu Mo Ying does not believe, and said, “They also let me do some small clothes and socks for people who have passed away, as well as girdle the waist of the coarse cloth belt ... and ... and a pad to wipe the sweat of the pads.”

The woman stammered out.

Pei Luoan’s face sank, before it was just a few suspicions, but now it is certain that this is related to the Qu family, the Qu family is doing something at Qing Yun Guan today, all these things are necessary, and he has catered for Ji Han Yue to have a funeral before.

"Is your smallpox healed?" Qu Mo Ying suddenly didn't take this from her and asked after looking her up and down for a few moments.

"It's ... almost done ...," said the woman hastily.

"Are these things you sewed stained with scars and pus from your smallpox?" Qu Mo Ying coldly laughed, fortunately she had prepared for this, otherwise this time she really got into Qu Xuexin's way.

When burning those clothes and socks, not only would your hands touch them, but you would also breathe them in with your breath, and even that pad would be used to wipe the sweat off your face, as well as that belt, either way, you are screwing yourself to death, and make sure you catch smallpox.

This bump from the woman at the moment was nothing more than Qu Xuexin preparing for her own escape.

If he really spent smallpox, this matter will be pushed to this woman's body, and with a reason, the house will naturally not investigate, thinking that this woman bumped into him and he contracted it.

But in fact, with such a bump, not much contact is made, and the likelihood of passing on is not great; the only way to get yourself absolutely infected is with repeated heavy contact beforehand.

Qu Xuexin's mind is wickedly evil ...

Chapter 608 Self-Righteousness, Bitchy Girl Gets Beat Up

The scene went quiet for a moment, and Pei Luoan's face clouded over.

"All of these things of yours that you sent into the Qu Mansion were prepared for me by big sister, and it looks like this is really a unique gift." Qu Mo Ying suddenly sneered.

Pei Luoan's body shook and his eyes contracted.

"I ... don't know ..." the woman panicked, she really didn't know.

"When did this happen?" Raindon snapped.

"Just ... just these three days, just these three days did." The woman said hurriedly.

"Miss, Bai Mei is the one who went out in the past few days, saying that she was very sick, but I heard that she was almost better after leaving the house." Yu Dong reported to Qu Mo Ying.

"Those to be burned are all prepared by the Great Miss, there are also the pads for wiping sweat, there are the belts for girding the waistband, all of them." Yu Chun opened his mouth, finally able to make a sound, his voice was sharp and panicked, his eyes were straight, and it looked like he was scared out of his soul, and his last voice was a trill, "Missy ... Missy, so scary 1"

Yu Chun was truly frightened, her face was white, and her whole body was trembling with fear.

"Your Highness, my daughter still has things to do first." Qu Mo Ying gave a sideways salute to Pei Luo An, and after finishing, she ignored the hard-faced Pei Luo An and left with Yu Yu Dong and Yu Chun.

This woman is a scourge, Pei Luoan sent someone to notify people to come over to deal with this, leaving one person to guard this woman, which led people to leave.

Originally, he wanted to talk to Qu Mo Ying, this one Qu Fourth Miss is already not only Ji Hanyue's cousin, but should also be the future Utopia County Princess, being able to befriend her before she has an official name is very important.

I didn't expect to actually encounter such a thing, this big miss of the Qu House is actually so vicious, and also plotting to harm Qu Mo Ying, this is not a marriage, this is a feud.

Pei Luoan was originally just going along with the water, but this time he took over the trouble, how can he be in a good mood.

Qu Xuexin has been let by him to help away, temporarily stay over there waiting for him to return to the house with, people are bound to take away, after all, he said so to Qu Zhizhen before ...

“Eldest Auntie, are these all prepared by Eldest Sister?” Qu Mo Ying came in from the main hall, saw Luo and Ji You Ran who were sitting on the side talking intimately, hurriedly took two steps forward, reached out and pointed to the basket on one side and asked.

“It was your big sister who did it, what’s wrong? Lady Side Consort is here, why have you lost your manners.” Luo looked at Qu Mo Ying in displeasure and rebuked.

Qu Mo Ying took a deep breath of cold air, “Great Auntie, it’s better to have all of these properly disposed of, this was made by a smallpox patient, and it’s stained with pus from smallpox.”

“What ... what?” Ji You Ran’s body was so soft that she almost fell down, and after holding onto the corner of the table to sit still, her face suddenly turned pale.

“Shadow girl, what are you babbling about?” Luo glared at Qu Mo Ying in annoyance, her hand slammed on the table and said, “Even if you don’t appreciate your big sister’s love, you can’t say something like that, your big sister didn’t sleep well at night in order to help you make these things, how can you still accuse her so falsely!”

“Eldest Auntie, I didn’t slander her, it was a woman who had smallpox who said so just now, saying that all of this was specially prepared for me by Eldest Sister.” Qu Mo Ying raised her eyes to Luo, saying.

“You ... you’re talking nonsense ... Come on people, go and ask the eldest miss to come over.” Luo’s anger stood up, the annoyance in her eyes turned into resentment, “How can you ... you say such things, aren’t you afraid of heaven’s wrath?”

Ji You Ran’s fingers shivered twice, her face grim as she glared at them, not saying a word.

“Eldest sister is not in the side hall, she is at the Crown Prince’s place, just now, elder sister fainted in front of the Crown Prince and was taken away by the Crown Prince.” Qu Mo Ying calmly said, she could be sure that this matter Luo didn’t know yet.

With Ji You Ran around, it was inconvenient for Qu Zhizhen to talk to Luo even if he wanted to.

This kind of thing can't be explained in a sentence or two.

"The core child ... she ... she ..." Luo's eyes straighten, can't believe what she heard, there is the crown prince in the inside, she didn't dare to say Qu Mo Ying nonsense again.

"It's not just about big sister, the woman who was hit by smallpox in the party is now also in the hands of His Highness the Crown Prince, and these words were all said by her in front of the Crown Prince." Qu Mo Ying continued.

Lo's feet weakened and she fell heavily into her chair, which made a thumping sound.

"Is it really made by the woman who got smallpox?" Ji You Ran's voice was almost squeezed out of her throat as she reached out and pointed at the basket over there.

"Yes!" Qu Mo Ying affirmed.

There is no need to say this again, to murder is Qu Mo Ying, just by mistake became Ji You Ran, the person who burned is Ji You Ran, those clothes and socks, those pas ...

A hankie?

Ji You Ran suddenly remembered and took out the handkerchief from her sleeve and threw it fiercely at Luo's face.

The people around Luo shrieked and involuntarily retreated to the side, even if a person with smallpox survives, his face is seldom leveled.

Not to mention that many don't survive.

Ji You Ran coldly glared at Qu Mo Ying and led the people outside.

This matter, whether it was Qu Xuexin or Qu Mo Ying, she would not let it go.

“Quickly ... go and save Core.” Luo’s hand reached out to pull Qu Mo Ying’s hand.

Qu Mo Ying calmly took two steps back and looked at Luo, “Great Aunt, even if I can save , I won’t go to save, it’s me that Big Sister wants to harm, and Ji Side Concubine is just the right time to do it.”

“How can you ... you ...” Luo was anxious, holding the chair with difficulty to sit up straight.

“Great aunt, you know ... I can do it.” Qu Mo Ying faintly said, Qu Xuexue wanted her life, to destroy her, and more than once, madly seeming to pour everything into destroying her.

What’s not to like about her ...

After saying that, he turned around and headed for the side hall.

This side of such a big thing happened, Qu Zhizhen also got the news, the same was horrified face changed, hurriedly let people open the hall everywhere, can ventilate the place ventilation, and let those who did not burned things dealt with, and after that still do not feel at ease, went straight to look for Qingyun Guan’s people, asked for another place to do the deed.

Luo’s dumbfounded sitting on the side, after sitting for a while, suddenly awake, stood up sharply, holding one side of the son said, “Quickly ... go to find your sister, quickly!”

“Mother!” Qu Minghui said.

“What are you waiting for, quickly go ah!” Luo anxiously pulling him, lifting his steps to go out, walking out almost also hit a pillar on the side, immediately her eyes red, her daughter ... her daughter is really going to have an accident ...

Qu Xuexin woke up as she lay down on the couch, and all the dust had settled.

She successfully entered the East Palace, and sure enough, once His Highness the Crown Prince saw her, he was bound to take her into the East Palace, even if Uncle Two blocked the way, so what?

As long as she was in the Eastern Palace, her grandmother couldn't do anything with herself!

Did not count to Qu Mo Ying, but counted Ji You Ran is also good, Ji You Ran got smallpox, will not live in the East Palace, will certainly be sent to the manor outside the city, the East Palace on their own alone, even if Ji You Ran finally nothing to come back, but also too late, they have long been the crown prince's sole favorite, this side consort position can also get their hands on.

As for Qu Mo Ying, even if nothing happens this time, when she becomes the Crown Prince's side consort, Qu Mo Ying will still be an ant in the palm of her hand, and she can die any way she wants.

Thinking about it that way makes it physically difficult and completely negligible.

She is "really sick", really accidentally bumped into the Prince's arms, not the kind of scheming young lady of the world, the Prince of the original love for her, this time will be even more compassionate to her, and less Ji Youran this piece of a stumbling block, can be said to be perfect seamless.

Her previous calculations Qu Mo Ying things, but also ring ring, basically impossible to go wrong, now the law there is a mistake, but there are still have to smallpox woman thing, maybe this bump, Qu Mo Ying got it, originally Qu Mo Ying's body is weak into this way, more than the average person is easier to pass on is not it?

By this reckoning, he had done a good job in the matter of Qu Mo Ying, and had accomplished what he had agreed to with his second brother.

Before, Qu Xuexin heart also made the plan, even if really in case of a total failure, in case Qu Mo Ying is very powerful to check their own, so what, they have entered the East Palace, is the Prince's people, not to mention the Qu Mo Ying, even if it is the second uncle to see their own still have to respectfully call their own one.

Was thinking of the beauty of the time, the door of the house was heavily kicked open, Qu Xuexin on the face of Ji You Ran hate poison gloomy, can not help but a shiver, subconsciously back to hide.

“Someone come, beat me, beat me hard.” Ji You Ran entered and snapped.

“Ji side consort, you ... you can’t ...” Qu Xuexin panicked, the last thing she would want to see this time is Ji Youran, her heart is weak.

Come over two maids a hand to pull Qu Xuexin from the bed, go up is two slaps, hit Qu Xuexin heavy fall to the ground.

Someone else came over and kicked her a few times, as well as stomping on her hands and kicking her in the stomach.

Panicked, Qu Xuexin also do not know who did it, only the pain of the shrill voice begging for mercy up, Ji Youran but refused to rest, when she had eaten such a big loss, personally went forward, lifted up his leg according to the Qu Xuexin’s stomach and was ruthless a few feet.

Qu Xuexin hissed shrilly twice before stopping abruptly.

“You let go of our lady, let go of our lady.” The room was suddenly quiet, and Hong Mei’s cries seemed especially pronounced.

She was also beaten quite a bit in the party, and had been trying to pounce over to protect Qu Xuexin, this time the others had managed to stop, and hurriedly pounced over, crying.

The ground was covered in blood, and Qu Xuexin was lying in a pool of blood, unaware of his personnel.

“Miss ... Miss ...” Hongmei cried shrilly, raised her head to look at Ji Youran who was standing to the side with a gloomy face, knelt down, and kowtowed to her with all her might, “Lady Side Consort, Lady Side Consort, I beg you to save our young lady, I beg you, I beg you ... I beg you ...”

Ji You Ran's face was grim, and she was about to speak, when she suddenly heard footsteps coming from behind her, a large group of people coming over, and then Pei Luo An's faintly cold voice, "What's going on?"

The commotion here is so big that someone has already gone to report Pei Luoan ...

Chapter 609 The Miscreant Again

"Your Highness, don't come over." As soon as she saw Pei Luoan, Ji Youran hurriedly reached out to stop her, her hand holding on to the body of a maid on one side, shaking.

"What's going on here?" Pei Luoan stopped moving closer and looked over with a sullen gaze.

"Your Highness, she ... she wants to plot against Cousin Qu, give things made by people with smallpox to the fourth miss Qu, and let the fourth miss Qu burn it to the second madam Qu, the concubine ... went over, and helped the fourth miss Qu to burn those clothes, and the concubine may have been infected with smallpox, not just the concubine alone, that is, all the people here, please isolate Your Highness."

Ji You Ran Ying Ying knelt down, taking a handkerchief to wipe her tears as she said.

Fang just saw a lot of people, besides, this kind of thing can not be hidden even if you want to hide, it is better to take the initiative to lift off.

"You go to the manor to recuperate for a period of time." Pei Luoan nodded his head, in fact, even if Ji You Ran didn't say anything, he would have quarantined the entire group of people who followed Ji You Ran over today.

It's best that Ji Yuran can be so sensible.

"Many thanks, Your Highness." Ji You Ran's eyes reddened, raising her eyes to Pei Luo An, tears fell, "Your Highness should also take good care of your body during this period of time, don't be like your

concubine, being backstabbed, your Highness' status is noble, and your concubine is not by your Highness' side, Dong Concubine is really relieved to not be able to rest assured of your Highness."

See her to this point, care about is their own, Pei Luoan's face a little clear, voice eased a few points,"You go to the manor also be careful, lone will let the doctor to come, is not a big deal, no need to worry about, stay for a period of time to come back is."

"Concubine knows that ... concubine ... is just thinking about leaving His Highness ... heartbroken!" Ji You Ran slowly kowtowed, hands crossed – together on the ground, head falling on it, respectful, accompanied by low whimpering, extremely pitiful, and again, such a look of wholeheartedly for Pei Luo An.

"Don't worry, Lone will definitely not let anything happen to you." Pei Luoan said gently.

"Your Highness, please return! Concubine here will bid farewell to Your Highness." Ji You Ran cried, her head falling onto her hands but not raising her head again, her figure trembling slightly, it was evident that she was crying, yet she was trying hard to suppress it.

Pei Luoan didn't say anything, looked at Ji You Ran again, turned around and left in big strides.

The group of people who followed him over, lula lula all retreated away, leaving only a guard who said to Ji You Ran inside, "Lady Side Consort, His Highness has already left a carriage, after you get on the carriage, go to a manor outside of the capital, recuperate there for a period of time, and His Highness will come back to invite you back to the house."

So it was already booked before he said so? Ji Youran bit her lip hard, and when she looked up again, she was already filled with tears ...

When Luo came over, the house was long gone, only a pool of blood on the ground remained, Luo only looked at this pool of blood, then fainted without saying a word.

Qu Minghui let people help Luo out, and called to ask, know that the people of the quarter side consort with Qu Xuexin left, left when Qu Xuexin was covered in blood carried away ...

“Miss, the First Lady is not feeling well and has gone down the mountain.” Yu Dong came in and reported.

The main hall for the puja had been replaced with a new one, and since it was temporary, it was not as conspicuous as the previous one, and was much smaller.

The pattern is the same, a big hall, two sides of the hall, many things, at that time, were in the previous practice of the hall, Qu Zhizhen afraid of obstacles, did not let take away, have to re-provisioning, he and Qu Mingcheng two this will have gone down to the mountain, re-provisioning of some of the necessary things, this will be the hall, because there are many things less, it looks a lot of simplicity.

The only person from the Qu Mansion left behind was Qu Mo Ying.

“Where’s Missy?” Yu Chun asked eagerly.

“Missy was taken down the mountain after the Ji side consort beat her up, I heard that she has to live in the manor for a while, looking should be isolated for a period of time.” Yu Dong said, this is the Qing Yun Guan, the two people under him to move a little more convenient, before has been letting people keep an eye on Qu Xuexin here.

“Missy ... is all self inflicted.” Yu Chun said indignantly, “She wants to cause others to get smallpox, and this time she’s bound to get it.”

“Not necessarily!” Qu Mo Ying shook his head.

“How is Miss so sure?” Yu Chun said in disbelief.

“She ... should also have had smallpox, otherwise she will not line such a dangerous thing.” Qu Mo Ying said, the watery eyes at the slipped through a trace of ghostly, Qu Xuexin in order to glory and wealth although crazy, but will not really stupid, accompany their own lives, kill the enemy a thousand self-inflicted injuries eight hundred, she is willing to.

But if she killed a thousand enemies and hurt herself twelve times, she was bound not to do it.

The last time things were the same, Qu Xuexin could hurt herself to harm herself, but there would be no fear for her life, and now of course, since she was able to use the smallpox to assassinate herself, while she was present at the time, the impact was not too great, and there was bound to be a fallback as well.

Getting smallpox this kind of thing, only close people know, Qu Mo Ying was in the manor at that time, of course, no one would go to inform her, in her memory there is also no Qu Xuexin had the impression of smallpox.

And now it's guessing that it's bound to get through.

She is to get over, Ji Youran is not to get over, to have a heart to count without a heart, Ji Youran this time the possibility of being hit is very high, Ji Youran estimated to eat the heart of the Qu Xuexin have.

It is not easy to let Pei Luoan loose, in her into the East Palace. Just is considered into the East Palace Qu Xuexin will cause so much trouble, needless to say Qu Xuexin make such a big drama, around and around, and finally although into the East Palace, only to change a place to be imprisoned just.

"Miss, will the Ji side consort beat Missy to death?" Yu Chun had a new question.

"No, she won't." Qu Mo Ying smiled faintly, "She would ... prefer ... to slowly torture people to death!"

The possibility of Ji You Ran getting smallpox is very high, but Qu Mo Ying wouldn't think that Ji You Ran would just get smallpox and die, there are quite a few people who get smallpox, but there are quite a few who manage to escape.

Qu Mo Ying is fine, Qu Xuexin is fine, I remember when I had smallpox when I was small, there was another boy who also had it at that time, that sickly look, looked like he was dying, but after that it seemed to be fine.

Ji Youran's nature will only buy another handful of fiascoes before going to the manor, so that Pei Luoan can send the eunuchs over to heal her, so that the possibility of healing will be a bit greater.

Compared to the general population, the master of a great family like this one has a higher chance of recovering from the disease.

However, even if she didn't die, Ji You Ran would suffer a lot, especially with her previous injuries, which had increased and repeated over and over again, would there really be no effect?

That was left when she was dying in her last life, when she tried desperately to pull Ji Youran to jump down to the Lin Yuan Pavilion together, and she wanted Ji Youran to keep this wound for the rest of her life ...

"Miss, the Duchess of Qi has come over." A maid came in to report.

Qu Mo Ying quieted her mind and stood up, bringing two maids to welcome her to the door.

Mrs. Qi brought a lot of people, brought a lot of offerings, let a person set up some, Mrs. Qi personally went up to light incense, inserted the incense into the incense burner, looked at the curls of smoke in the spirit seat, can not help but sigh, if not the original accident, in front of the eyes of this is their own niece, and of course, it is impossible to end up in such a situation.

After she had applied the incense, Qu Mo Ying welcomed her to one side and sat down, and Yu Chun brought tea.

"Where are the others in the mansion?" Looking around, Mrs. Qi said with dissatisfaction, the master here was full of only Qu Mo Ying, a girl who had not yet reached maturity.

"Eldest Auntie was not feeling well, Big Brother sent her down the mountain, and Father and Second Brother needed to arrange some other things before they went down the mountain." Qu Mo Ying softly explained.

"Such a big thing ... how can I leave you alone." Mrs. Qi frowned, "Where is your grandmother?"

"Grandmother's old illness has flared up."

"Your house ... is really ..." Mrs. Qi became more and more dissatisfied, feeling that the entire Qu House from Mrs. Qu, there is no one to pay attention to this matter, but this is something that she again Can not be too much to put a kiss, just feel stifled very, "your mother ... really poor ah!"

Quemoy Shadow's head bowed.

"Qu fourth miss ... is there no one in your house who can make decisions for you?" Mrs. Qi added.

"Grandmother is very good to me." Qu Mo Ying raised her eyes and softly said, "She was really not well today and couldn't get up for a while."

"Well, well, do not talk about your grandmother, I just saw Yongning Marquis Shizi and Mrs. Yongning Marquis, I heard that your house for your mother to do things, but also to come over to pay homage, was originally going to talk to your elders, this will be your side there is no one, can only talk to you, your mother and Mrs. Yongning Marquis when the relationship is very good this should also come in to pay homage."

Mrs. Qi said.

Qu Mo Ying's eyebrows didn't move, and after only a slight contemplation, he nodded.

Mrs. Qi secretly nodded when she saw her agreement, looking like a generous and decent one.

Called one of the grannies around him to go out and invite someone in.

Granny went out, not long with Mrs. Yongning Marquis and Xu Li Peng came in, followed by two baskets with incense and candles and so on, something so well prepared, how to see is not like a chance encounter.

Qu Mo Ying looked at Mrs. Marquis Yongning and Xu Li Peng, and after pretending to pay homage, took them along to the side halls, where the side positions at the main hall were a bit too few.

Just sat down, Mrs. Yongning Marquis will reddened her eyes and said, "That day with your mother is also considered to be a good match, see her married to the capital alone, in addition to the side of Mrs. Ling Anbo, there is no one else to talk to, thinking about their own is also a long-distance marriage, they feel the same way, to be after your mother is pregnant with you, it will be early on the finger to be married, if the birth of the daughter, since the Xu woman, if the birth of the man, then they will be married as brothers."

Mrs. Marquis Yongning said to the sad place, already tearful eyes fluttering.

"What happened before was all because Yu was stirring things up in there, and if there wasn't something going on in there, how could it have gotten to this point."

In a word, all the fault is Yu's.

Qu Mo Ying's heart laughed coldly, but his face was not obvious, still lowering his head, as if he was quietly listening to Mrs. Marquis Yongning, but not commenting.

These two of the Marquis of Yongning's house, really can be really coincidental, and still early to prepare down, by her not to think more!
