Chapter 18 I Just Want To Divorce Him Completely

Waylon Grey's father heard the rejection in Alena Wright's tone. He was silent for a second and deceived with a bit of guilt in his tone, "You know that Waylon is busy at work, and he is afraid he will not come back."

As she heard that, Alena Wright's tense nerves were completely relaxed. She was anxious that Waylon Gray would not come back, but she couldn't show it. She could only change the subject. "Dad, I am fine today. I will come over early and chat with you. "

After all, when she and Waylon Gray are completely divorced, there will be no chance to spend more time with Waylon Gray.

"Good, good." Waylon Gray's father said a few good words happily.

She was still sweet as her daughter, and the brat will only annoy him.

In order not to lose a good potential wife for his son such as Alena Wright, he simply dialed Waylon Gray's phone as he intended to remind him again that he would come back for dinner in the evening and take this opportunity to break the ice with Alena Wright.

Waylon Gray just returned to the company when he received a call from his father.

Alfred Gray said on the other end of the phone, "Don't forget what you told you last time. Today, Amanda Quinston will come back for dinner, and you must come back too. Take this opportunity to coax Amanda Quinston well."

Waylon Gray felt nauseous when he thought of meeting the disgusting woman, Amanda Quinston. He frowned and said, "I don't have time."

Alfred Gray doesn't care if Waylon Gray has time or not. No matter the big things, it's not important to make Amanda Quinston happy. He commanded very strongly: "If you don't want to make me angry, you must give it to me before 6 o'clock this evening. I'll come back for dinner obediently, that's it."

After he finished speaking, he hung up the phone without waiting for Waylon Gray's answer.

Waylon Gray's face was ugly. Three years later, Amanda Quinston's method was still the same as three years ago. She used the body of Waylon's father to force him to submit.

He will see if he can protect her forever.

After Alena Wright returned to the villa, Waylon's father and the housekeeper, Ron Andrews came to her and were very happy.

Alfred Gray looked at Alena Wright a few times, and said with a distressed look, "It hasn't been a few days since I saw you last time. Why did you lose weight again? Is the work too hard? Don't do it at all, if you are really bored. Dad will pay for you, start a company for you, and be your own boss, so you don't have to work so hard."

Alena Wright was a little bit dumbfounded. She didn't know if all the parents felt that their children were thinner when they saw their children.

She immediately replied, "No need for that Dad, I like my current job very much and I don't like starting a company."

She was really scared that Waylon's father would really open a company for her when she didn't agree with him.

Since Alena Wright has said so, Waylon's father was definitely not willing to embarrass her anymore, he can only regret it and said, "If you don't like it, then forget it. Don't work too hard. If this job is hard, then change another one."

Alena Wright chatted with the father for a while, not knowing if it was due to psychological reasons, but she always felt that there was a bloody smell on her body, which should have been stained in that basement.

The more she smelled it, the more uncomfortable she got. The miserable look of the woman lingered in her mind.

She couldn't bear it, so she said, "Dad, I didn't sleep well last night. I want to go back to my room and rest for a while."

"Okay, then you go quickly, and I will call you again when you are eating." Waylon's father felt distressed and immediately told her.

Alena Wright nodded and went upstairs to the room.

After returning to the room, she went directly into the bathroom and took off the clothes that seemed to be stained with blood, so that she felt more comfortable.

At the same time, Waylon Gray also drove back to their house in advance.

Ron Andrews saw Waylon Gray and immediately said, "Master, the master is practicing calligraphy in the study. He said that after you come back, he will let you go to the study to find him first, and he has something to tell you."

Just now, Waylon's father especially confessed to Ron Andrews and asked him to wait downstairs for Waylon Gray to come back, so that he could tell Waylon Gray.

Waylon Gray nodded silently after hearing this and then strode into the study room upstairs.
