Chapter 98 - Send you to a place where there is no hunger!

Lin Tianhao was a little surprised to see who it was.

“The First Princess?”

“I wasn't planning on coming, but I saw the divine gift phantom of my God from afar, so I decided to meet you.”

Lin Tianhao nodded and said, “And then?”

“Snow Emperor, I don't know if you're helping Qing Fuyun or Leona, but no matter who you're helping, it's not very rational.”

“I don't like the way you say that.”

Di Xuejian waved her hand nonchalantly, “I am the strongest of the three princesses, and my foundation is the deepest. Any benefits they can promise you, I can give you.”

Lin Tianhao was not surprised. With the blessing of the Ice and Snow Goddess, his influence in the Star Kingdom was now different.

It was only natural that Di Xuejian would want to win him over.

“That's it?”

Lin Tianhao shook his head, “I don't have a Kirin kidney, and besides, I don't lack women.”

Di Xuejian pondered for a moment, “Then can you tell me what Qing Fuyun and Leona promised you?”

“That's confidential.”

Lin Tianhao shook his head, “However, in the Star Kingdom, I do think highly of you.”

“As for Qing Fuyun, although she has the Queen's help, she is too straightforward and cannot be of great use.”

“Leona's foundation is shallow. If it weren't for this incident, she might have obtained the Star Chamber of Commerce and had the qualifications to challenge you.”

“But now, she has lost that qualification.”

Hearing this.

Di Xuejian's eyes lit up, “So, you are willing to help me?”

“I am willing, but I need the blessings of the gods. Do you know how to obtain the blessings of the gods?”

Di Xuejian frowned slightly.

Obviously.

Even she could not easily produce the blessings of the gods.

“I can tell you who has them, but you have to help me kill someone.”

“Who?”

“Clinphis Bird!!”

Lin Tianhao raised his eyebrows, “A test of loyalty?”

“Consider it that, are you willing?”

“Ding, Princess Di Xuejian has issued a mission to you, do you accept?”

“Mission Requirements: Kill the Clinphis Bird, deadline half a month.”

“Mission Penalty: Unknown.”

“Mission Reward: Clues to seven divine blessings.”

Lin Tianhao's pupils shrank.

This reward was simply outrageous.

Seven copies!!

Although they were only clues, as long as he triggered them according to the clues, there was a high probability of obtaining these divine blessings.

Just killing an NPC could get these rewards, Lin Tianhao had no reason to refuse.

“Accept.”

Lin Tianhao accepted the mission without hesitation.

This mission was related to whether he could revive the Eastern Ancient Kingdom in the future.

Kill the Clinphis Bird.

For Lin Tianhao at this stage, it was not a big problem.

According to Lin Tianhao's speculation.

The Clinphis Bird was likely a level 50 gold boss, and possessed some special means.

In other words, it was likely a level 50 dungeon, the gold boss level in hell difficulty.

Ordinary wild bosses, a team of twelve players of the same level, had a chance to kill them.

Similar to the twisted treant, a wild boss in the novice village, with about 100,000 health points, a team of twelve level 10 players equipped with novice suits, the probability of successful completion would not be lower than 10%.

A team of twelve, usually five output positions, mages and archers depending on the situation, four warriors, main tank and aggro control.

Three priests, to heal the warriors tanking the monsters, and also to apply some amplification skills or silence the monsters.

Such a team of twelve could completely kill ordinary wild bosses.

Dungeons and the wild are different.

In dungeons, even bosses of the same name are stronger than those in the wild.

And the higher the difficulty, the stronger the boss's attributes.

This is why the monster attributes Lin Tianhao encountered in the dungeons were so strong every time.

Because he always chose hell difficulty.

In Lin Tianhao's estimation, this Clinphis Bird was likely a level 50 gold boss in a hell difficulty dungeon.

As for how strong it was, Lin Tianhao didn't know.

He would only know after fighting it.

At the same time.

Lin Tianhao was also considering whether to first transfer to an ordinary profession, so that his attributes could be enhanced, and he could continue to level up.

Because transferring to an ordinary profession does not affect transferring to a hidden profession.

But after only a little thought, Lin Tianhao still did not transfer to a hidden profession first.

He was going to do the three strategies he knew, two of which would definitely produce divine blessings, and the other one also had a high probability of producing divine blessings.

With this in mind.

Lin Tianhao walked in another direction.

In the southeast corner of the royal capital, Tianxing City, there was a beggar.

At first, many people thought that this beggar had a hidden mission, from food to gold coins, they gave a lot of good things.

But in the end, they did not get any missions from the beggar, a typical case of throwing good money after bad.

But Lin Tianhao knew.

They didn't open it the right way.

This beggar, indeed, could not trigger a mission, but killing him could drop a mission scroll.

This was also because a sucker paid a lot of IQ tax and still did not trigger the mission, and in anger, killed the beggar, and finally a mission scroll fell from the beggar's body.

After completing the mission on the mission scroll, you can get the blessing of the gods.

Southeast corner.

Lin Tianhao saw the beggar in the corner.

At this time, several players were giving the beggar things, trying to get some mission from the beggar.

But soon, they all left dejectedly.

Lin Tianhao came to the beggar.

The beggar smiled and stretched out his hand to Lin Tianhao.

Beggar: Level 15.

Health: 2580 / 2580.

Attack: 108.

Skills: None.

(Introduction: You may get unexpected benefits from him.)

It was because of this introduction that many people were misled.

Made many people think he had a mission.

That's right.

He does have a mission, and it will reward the blessings of the gods.

Just.

The way to get this mission is not to please him, but to directly kill him and explode the mission scroll from him.

“Good sir, please be kind, I haven't eaten for three days.”

The beggar begged.

Lin Tianhao grinned and said, “Okay, I'll send you to a place without hunger.”

As soon as he finished speaking.

Lin Tianhao unhesitatingly shot an arrow.

-2580.

The beggar's eyes widened, his face full of disbelief.

But with his health bar cleared, he could only fall down unwillingly.
