

# OFFICIAL SON-IN-LAW AND THE BEAUTIFUL LADY FRAGRANCE

## Chapter 13: 013 really understands life

"Ah, this... this motherfucker actually..."

Liu Zhizhong was shocked; he flipped over, grabbing Ma Xudong's phone.

In the process, he pulled the naked, fragrant, and feverish Lu Yuqing into his arms. Casting a glance at the soundly sleeping Ma Xudong, he grumbled resentfully, "Hey, you're both married, so how come there's still a woman sending such flirty messages? How many women does he have?"

While speaking, he also glimpsed the message on the screen, the woman was Luo Yanling, the vice director of Secretary Division Two.

Geez, this woman was going to be his future subordinate?

"My auntie, this is really infuriating! How could he... uh..."

While Liu Zhizhong was speaking, he faltered for a moment because Lu Yuqing snatched the phone from his hand and placed it back on the nightstand.

Then, Lu Yuqing wormed into his embrace, wrapping her arms around his neck, her delicate face pressed against his. She took a deep breath, letting out a sound full of grievance.

She whispered resentfully into Liu Zhizhong's ear, "This is how men in officialdom are, able to rule a prefecture-level city. Zhizhong, it's nothing. Don't get mad for my sake. When we got married, Ma Xudong made it very clear to me. I can't interfere with his private life. He can give me and the Lu Family better returns, unexpected returns."

"How many marriages in officialdom are the result of love? They are all about interests, right? For example, you've also been affected by such interests, haven't you?"

"I promised not to care about him and accepted this reality. I'm very open about it. So, we should do what we do, just keep it a secret, that's all."

"Being able to do things with the man I like by his side tonight is a kind of revenge and stress relief for him, and also a release and comfort for me, understand?"

"Come on, baby, give me everything, to me... make love to me properly..."

Her last words, murmured tenderly like a spring cat's moan, Lu Yuqing flipped on top of Liu Zhizhong. With her left hand wrapping around his neck and her right guiding his powerful presence, she thrust down forcefully...

Instantly, a soul-consuming heat enveloped Liu Zhizhong, and he couldn't help but wrap his arms around Lu Yuqing, letting out a tremendously satisfied moan.

The night thus began with endless madness.

Ma Xudong, having been fed a half pill of sleeping aid with detoxifying tea by Lu Yuqing, slept soundly, snoring loudly and rhythmically, completely unaware that his wife and his newly promoted secretary were fiercely entangled beside him.

His mistress, Luo Yanling, Vice Director of Secretary Division Two, sent several flirty messages, even a selfie of her private parts. Though tiny in the message box, Liu Zhizhong could see it very clearly at a glance.

Damn, what an evil woman, her intimate area was truly plump, full, with an enticing rosy color, exciting the hearts of men!

That damn Secretary Ma, having become the Mayor, was truly enjoying life to the max. With great power in hand, he had such exquisite beauties offering themselves!

In the heat of passion, Liu Zhizhong's inner demons were particularly ferocious. Damn it, once he became the Director of Secretary Division Two, Luo Yanling's boss, he really had to find a chance to savour her!

Naturally, Liu Zhizhong felt no guilt at all. And the prior shame, well, it wasn't worth mentioning anymore.

His aunt had spoken with such sorrow, yet so lucidly.

The burden in Liu Zhizhong's heart lifted, and he immersed himself in passion and frenzy, deploying all his skills one after another, making the air in the room fiercely hot.

The masculine scent of a man, the fragrance of a woman, mixed with Ma Xudong's alcoholic fumes, burned and permeated the air...

When Liu Zhizhong could hardly stand it anymore, he was standing on the floor beside the bed, holding Lu Yuqing in his arms, letting her cling to him. Right then, he carried Lu Yuqing as she was and walked toward the bathroom.

They certainly couldn't let any scent linger in the room, could they? Wouldn't want Ma Xudong to become suspicious tomorrow morning.

Lu Yuqing thought the same, their secrecy had to be tightly maintained.

Thus, Liu Zhizhong and Lu Yuqing in the bathroom ignited another fiery onslaught. Lu Yuqing's entire being soared, her soul adrift, tears of excitement streaming down her face.

Liu Zhizhong finally exploded with intense love, utterly ecstatic and deeply immersed, unable to extricate himself.

He gave it all to Lu Yuqing, not caring even if she got pregnant; there was no need to fear, that was her guarantee.

Afterward, they showered together, radiating love and affection.

The strong, young, handsome man left Lu Yuqing feeling extremely satisfied and blissful.

She was so beautiful, so sexy. She appeared elegant and icy to others, but when they were intimate, she was so wild, which gave Liu Zhizhong boundless satisfaction and pride.

Lu Yuqing, like a tender and considerate young wife, helped wash Liu Zhizhong, toweling his body dry.

Ultimately, Liu Zhizhong couldn't contain himself and rose to attention once more, but Lu Yuqing, holding him, indicated that they couldn't go on. If they did, she might get hurt! She definitely had to save herself for Ma Xudong tomorrow night. If she couldn't serve him, Ma Xudong would be in a bad mood, which wouldn't be good for anyone.

It had to be said, Lu Yuqing really knew how to live!

Naturally, Liu Zhizhong didn't insist and expressed his understanding.

Still, Lu Yuqing knelt down and took him in her mouth, busily working until Liu Zhizhong felt like he was in heaven.

Standing there, he let his hands gently caress her cheeks, stroke her hair, and bask in her oral skills—a man's ultimate delight.

Anyway, Lu Yuqing mentioned that Ma Xudong certainly didn't have this privilege; instead, it was he who had to showcase his own oral talents before her! This secret thrilled Liu Zhizhong, satisfying his curiosity. The Mayor, Secretary Ma, liked this too, huh? Hehe...

The next morning, Liu Zhizhong was the one who made breakfast, to Lu Yumei's secret delight. This freeloader surely knew his place, not daring to be arrogant. It seemed she still had him under control!

As Ma Xudong ate such breakfast, he even complimented Liu Zhizhong, saying, "Zhizhong, I really didn't misjudge you, you're capable both at work and at home, just keep up the good work."

On the surface, Liu Zhizhong of course showed gratitude and resolved determination, but inside, he laughed heartily. He even sneakily nudged Lu Yuqing's leg underneath the table, thinking, I did a good job last night and definitely will again, please rest assured, Secretary!

In a blink, it was Monday.

According to Ma Xudong's plan, the personnel announcement would be made on Tuesday, and the order would reach Liu Zhizhong's hands, with him reporting to the City Committee on Wednesday.

Thus, on Monday morning, Liu Zhizhong went back to his town, checked in, then headed back to the city after lunch.

Just as he arrived home and the car hadn't even cooled off, his phone rang—it was Zhang Xueyao.

Liu Zhizhong was taken aback. Huh, what's the little adversary up to now?

Of course, he didn't know that Zhang Hongyang's seduction scheme was gradually unfolding...
