

Older Man 1011

Chapter 1011: One After Another

Mo Long felt that the two figures looked familiar, but they were too far away. There were still a bunch of people blocking them, so he couldn't see them clearly.

So Mo Long stepped on the gas and went back.

Jiang Yu had been staying at school for the past few days. It just so happened that the classes were full recently. When Jiang Yu got busy, she forgot to eat and rest, so she didn't have time to think about Jiang Hai.

Every time Lu Qi and the others saw Jiang Yu so busy, they were worried that her body would collapse.

"Xiao Yu, you need to rest too." Lu Qi was very worried about Jiang Yu's current condition. "Even if Tian Guo is preparing for the postgraduate entrance exam, she isn't as busy as you."

!!

Jiang Yu held a slice of bread in her mouth and said vaguely, "I don't want to be so busy either, but there are too many classes recently. I have to be busy."

"We are about to graduate, but you still have so many classes. It doesn't make sense." Dai Zhu made a cup of oatmeal for Jiang Yu and urged her to drink it quickly.

"And I saw that you have been busy recently, so I didn't dare to ask you. How is the matter with Jiang Hai?" Lu Qi asked, "You told us last time that you and Mo Long went to the police. What about the police? What did the police say?"

Jiang Yu finished the porridge and then told him everything that happened at the police station.

"Indeed, we should investigate it secretly. People who do illegal things like this are smarter than monkeys," Dai Zhu said, "If the police make a big move and they find out about it, they will immediately pack up and run away. When the police go, they will only be able to catch nothing."

"But they are also very cruel. If they are caught and released after serving their sentence, they will do everything they can to take revenge on the police who caught them before." Lu Qi recalled the news he had seen on the Internet, "And it's not just the police. The residents who reported it will also become the target of their revenge!"

The more Lu Qi spoke, the more frightened he became. He quickly grabbed Jiang Yu's hand, "Xiao Yu, you have to be careful. That Jiang Hai is obviously a lunatic! If he is caught by the police, he will definitely take revenge on you when he gets out of prison! He won't care if you are his daughter or Not!"

"Don't say such scary things!" Dai Zhu quickly stopped her.

Jiang Yu didn't say anything but just smiled.

The few of them sat in the activity room and whispered to each other. Kang Xue also came to the activity room after she finished buying the snacks.

Her expression was very solemn. It was obvious that she had something on her mind.

“Kang Xue, what’s wrong?” Dai Zhu saw that her expression didn’t look right and felt as if she knew something unbelievable.

Kang Xue hesitated for a moment, in the end, she told them what she had seen last night. “I went home last night. After dinner, I went out for a walk. I saw Kang he and a man at the grape rack in the backyard. They, there...”

When she said that word, Kang Xue found it hard to say it out loud. After all, she had never been in a relationship before. Of course, she was too embarrassed to say it out loud,

however, the others understood what Kang Xue meant. Wasn’t it just Kang he having a negative interaction with a man outside?

“Kang Xue, your sister is really daring. She dared to have sex with a man in a place like the backyard,” Dai Zhu said and looked at Kang Xue sympathetically.

“Didn’t she see you?” Lu Qi asked.

Kang Xue shook her head. “No.”

“Then do you know who that man is?” Lu Qi asked again.

“No.” Kang Xue shook her head again. “Kang he called out several names in a row. I don’t know which is the man’s name.”

“Oh my God!” Dai Zhu was shocked. “Your sister is really daring!”

“But I vaguely heard a few.” Kang Xue recalled, “What Doyle, Keith, President Jiang... There seems to be another Sun You? But Sun You used to be Jiang Ran’s fiancé.”

“Sun You?” Jiang Yu was stunned.

When did Kang he get together with Sun You?

Dai Zhu didn’t care. “When Jiang ran went to prison, Sun You would definitely be eager to get rid of her and find the next family. But I didn’t expect that he was actually looking for your home, or your sister Kang He?”

“And according to the situation where Kang He called out a few names, she was not only like Sun You, but also like other men,” Lu Qi guessed, “This woman is already like this, how can Sun You hold back? Does he think his head is not green enough?”

“The two of them are not in a relationship, where does green come from?” Dai Zhu sneered.

Jiang Yu now had a big headache.

Before Jiang Hai’s matter was settled, Kang he and Sun You were together again.

Chapter 1012: Sun You's Purpose

Sun You had always wanted to curry favor with the Kang family, and Kang He happened to be a member of the Kang family. Although he was from a side family, he was much better than Jiang Ran.

Therefore, there was a reason why Sun You chose to be with Kang He.

Moreover, a scumbag and a slut, the two of them were a good match.

"I wonder what they're up to when they're together." Lu Qi didn't have a good impression of Sun You either, "I knew he wasn't a good person from the beginning when he agreed to marry Jiang Ran. After Jiang Ran's accident, he immediately dumped her. He didn't even wait for Jiang Ran to go to jail. It's not too much to say that he abandoned such a man in the end."

"He's very ambitious," Jiang Yu said in a low voice. "Befriending the Kang family is only the first step in his plan, and it's just a small step. It's hard to say what his future plans are."

!!

"Don't tell me he still wants to destroy the Kang Family? Or replace the Kang family?" Dai Zhu guessed indifferently, but the expression on Jiang Yu's face instantly became serious. Dai Zhu couldn't help but sit up straight.

"No, it can't be, right? I'm just saying, does Sun You really want to replace the Kang Family?" Dai Zhu said carefully, "Old Master Kang is still alive. No matter how bold Sun You is, he won't dare to do this, right? If he succeeds, he will replace the Kang family. If he doesn't succeed, then his entire Sun family will be finished."

"But there's no way to explain why he and Kang He are together," Lu Qi said, "Unless Sun You says Kang He is his true love and he must marry Kang He, otherwise, he has a purpose to be together with Kang He."

"But... We don't know his plan, and there's no way to stop it." Dai Zhu looked at Jiang Yu, "Although Jiang Yu can go back to the Kang family to inquire about it, Jiang Hai hasn't been arrested yet. What if something happens to Jiang Yu in the Kang Family? At least there are many people in the school, so we can protect her."

This matter also gave Jiang Yu a headache.

If Sun You could behave himself after breaking off the engagement with Jiang Ran in the beginning, then Jiang Yu wouldn't deliberately think of this person.

But now, not only did Sun You start to jump up again, but he had even hooked up with Kang He. From her previous impression of Sun You, he was indeed not someone who was easy to deal with.

"Let's put this matter aside for now." Jiang Yu sighed. "Kang Xue, please go back and take a look at him more recently. Sun You suddenly got together with Kang He, it really makes people doubt his thoughts."

"No problem," Kang Xue agreed.

"I don't know Sun You's thoughts for the time being, so I can only delay as much as possible," Jiang Yu said, "Kang Xue, you should be careful recently. Kang He might not be with him because he was deceived by Sun You. This might be their deal. I don't know Sun You's purpose, but Kang He's purpose is very likely to be you."

Kang Xue nodded and felt that what Jiang Yu said made sense. "I'll be careful."

"I've been too busy with classes recently. I don't have time to think about these things." Jiang Yu rubbed her temples. "The matter with Jiang Hai hasn't been resolved yet. I'm staying at school and don't know the situation outside."

"The director and Mo Long are investigating this matter. You just need to rest assured," Lu Qi comforted her.

"But Jiang Hai is a lunatic now. He hates me and wants to harm me. But I'm afraid that he will vent his anger on other innocent people before he finds me," Jiang Yu sighed, "He wasn't like this before. How did he become like this after just a short period of time?"

"Xiao Yu, don't be sad," Lu Qi comforted her. "Jiang Hai is no longer your father. What happens to him has nothing to do with you."

"Yes..."

Before Jiang Yu could finish her sentence, her phone rang — it was Mo Long.

Jiang Yu picked up the phone. "What's wrong? Is there a clue about Jiang Hai?"

"Yes, I found something." Mo Long sounded very tired, "He has been cooped up in the Jiang family for the past few days and refused to go out. He only left the house today wearing a suit and went to the small companies he invested in. After about 15 minutes, Jiang Hai came out."

"It seems that he really depends on animal fur to make money?" Jiang Yu paused. "But if they kill state-protected animals, it's also illegal. Doesn't he know that?"

"This is also what makes the police feel strange," Mo Long explained, "But those small companies have not killed state-protected animals so far."

Chapter 1013: Disguised Company

"That means those companies have always been cautious, so they can only be said to be ordinary. If Jiang Hai really invested, then he won't be able to earn much money by relying on this." Jiang Yu frowned, "He values money so much. It's impossible that he can't understand such a simple logic."

Speaking of this, Mo Long thought of something even stranger. "This is also a strange question. Ever since those companies registered, they haven't sold animal fur. But they have persisted for so long and haven't closed down yet. Therefore, the police and I suspect that these companies aren't selling animal fur at all."

“Then what are they?” Jiang Yu was puzzled. “They’re not a company that sells animal fur, and they’re not a company that makes money. Then what’s the reason for Jiang Hai’s investment?”

“We are now wondering if Jiang Hai really invested in these companies.”

“Jiang Hai would never do such a brainless thing.” Based on Jiang Yu’s understanding of Jiang Hai, if these companies really could not make a profit, Jiang Hai would not even look at those companies, let alone invest in them.

However, these companies clearly could not make a profit, but Jiang Hai still had dealings with them. This was enough to prove that things were not as simple as they seemed.

“The police have already begun to focus on investigating these companies. I don’t know what the final result will be,” Mo Long said.

“There is indeed something wrong with these companies,” Jiang Yu said. From the corner of her eye, she saw Kang Xue and Lu Qi playing “Guess” on the side.

Kang Xue clenched her fists, letting Lu Qi guess which hand had the lollipop.

Jiang Yu paused for a moment, and a thought flashed through his mind. He suddenly understood a problem.

“These companies... have you ever thought that these companies might be the usury companies that Jiang Hai has been contacting?”

Once these words were said, not only did Mo Long on the other side of the phone fall silent, but even Lu Qi and the others on the side also fell silent.

Seeing that Mo Long did not respond for a long time, Jiang Yu asked curiously, “Why are you not speaking?”

Mo Long then slowly said, “It’s not impossible. I will explain this matter to the police and get them to pay attention to it.”

“Okay. I heard that your voice sounded very tired. You must pay attention to rest for the next few days,” Jiang Yu instructed. “I have been at school the whole time and can’t go back. I won’t be able to take care of you for a while.”

“Okay.” Mo Long chuckled. “If anything happens to Jiang Hai, I will let you know immediately.”

“Okay,” Jiang Yu agreed.

After hanging up the phone, Dai Zhu asked her own question, “Jiang Yu, why are those companies called loan-sharking companies? Aren’t they the companies that sell animal fur?”

“But the police found that those companies have never sold animal fur since they registered,” Jiang Yu repeated what Mo Long said.

“Ah? But it can’t be said that this is a usury company, right?” Dai Zhu was still puzzled. “This is Shanghai. If they dare to set up a company here, aren’t they courting death?”

“Not necessarily,” Jiang Yu explained. “The usury company disguises itself as an ordinary company so that it won’t stand out even in a big city like Shanghai. Everyone understands the principle of ‘wealth comes from risk’. If you really want to get money, how can you not take risks?”

“I understand,” Lu Qi suddenly understood. “And the phrase ‘the most dangerous place is the safest place’ refers to this group of fugitives.”

“Yes.” Jiang Yu smiled slightly and snapped her fingers.

“But this is also a guess, right?” Dai Zhu asked. “After all, we have no evidence.”

“Although it’s a guess, it’s not far from the truth.” Jiang Yu’s eyes were shining, “It doesn’t make sense for Jiang Hai to be willing to invest in a depressed industry. He has been hiding the truth about Wei Juan, which is enough to prove that he has a guilty conscience. Recently, he has only been to the jewelry company and the so-called ‘animal companies.’ These two points can prove that those companies are not serious places.”

“In that case, what is Jiang Hai’s purpose of borrowing money from usury?” Dai Zhu was confused again, “The jewelry company is fine and hasn’t invested in any messy projects. Then why did he borrow money from usury? Doesn’t he know that usury is illegal?”

Speaking of this, Jiang Yu couldn’t figure it out either.

Jiang Hai did love money, but it wasn’t to the point of risking his life.

If he didn’t pay back the loan shark, he would be beaten to death. If he was caught by the police, he would spend the rest of his life in prison.

Chapter 1014: Jiang Hai Escaped

No matter which of the two outcomes, Jiang Hai would not benefit.

Then why did he borrow money from usury?

Jiang Yu thought for a long time, but she could only think that Jiang Hai really needed money recently, so he chose this way of borrowing money when he was desperate.

She told Lu Qi her question and asked, “Uncle Lu, do you know if Jiang Hai is short of money recently?”

“I haven’t heard of him.” Lu Qi shook her head. “Besides, as long as Jiang Hai appears, he will always be bright and beautiful. You can’t tell that he is in need of money at all.”

!!

“That’s strange. If he isn’t in need of money, why did he borrow money from loan sharks?” Jiang Yu’s temples started to hurt as she thought about it. She didn’t know why Jiang Hai did this.

“I can’t figure it out even after thinking about it.” Dai Zhu sighed gloomily. “He is a good person. Why does he have to do something illegal?”

"I have a headache." Jiang Yu sighed, "Forget it, I don't want to think about it anymore. Everyone, go back and rest. My class schedule for the next few days is full, so I'll be very busy recently. If you have anything to do, go and do it. Don't wait for me. I don't know when I'll be able to finish my work."

"Alright."

The few of them left the activity room. Those with classes returned to the teaching building, while those without classes returned to their dorms to rest.

Jiang Yu spent another two days in such a busy life before she received another call from Mo Long.

"Those companies have already been investigated," Mo Long said, "The people who run those companies now are not the original legal persons, but later acquirers. The police placed great emphasis on investigating these people and discovered that they had previously been imprisoned for illegal acts. Moreover, ever since they were released from prison, they had not had a stable job, but they had an extremely stable source of income. Therefore, the police reasonably suspected that these people were profiting from usury."

"Will they be arrested?" Jiang Yu asked nervously.

If they accidentally alerted the enemy, then they would all run away.

However, the police had also considered this matter, so they did not make any arrests for the time being. Instead, they sent people to monitor the movements of these people.

Hence, Mo Long told Jiang Yu about the thoughts of the police.

Only then did Jiang Yu feel slightly relieved. Then, she thought of Jiang Hai and asked, "What about Jiang Hai?"

"The police have already started to formulate the arrest plan. If nothing unexpected happens, they will probably be able to control him at the Jiang Residence tonight," Mo Long said, "As long as we capture Jiang Hai, we will be able to confirm the identities of those buyers."

"That's good." Jiang Yu was finally relieved. However, when she thought of Wei Juan, her heart that had just been relieved immediately tightened again. "And Wei Juan. After we catch Jiang Hai, we must find out where Wei Juan is."

"Yes, I know," Mo Long answered simply.

"Okay. I still have a class here, so I won't talk to you about it for now."

"Have a good class."

After Jiang Yu hung up the phone, she took her book and went to the elective class.

In the evening, Jiang Yu had been waiting for Mo Long's call, wanting to know if the police had caught Jiang Hai.

But even after waiting until midnight, Mo Long still didn't call.

Jiang Yu felt uneasy, but she was afraid of disturbing Mo Long's rest, so she didn't call to ask. It wasn't until the next morning that Jiang Yu called Mo Long to ask about the situation last night.

"How did it go last night?" Jiang Yu's heart was beating faster and faster, and she had a vague ominous feeling in her heart.

As expected, after a long silence, Mo Long slowly said, "Jiang Hai escaped."

"Escaped? What do you mean?" Jiang Yu was shocked and couldn't digest Mo Long's words for a moment.

"Yesterday, the police waited at the door of the Jiang family for a long time. They went in to arrest the person in the evening, but they found that the Jiang family had already gone empty," Mo Long explained.

"Then... then what about Wei Juan? Did you find Wei Juan?"

Speaking of Wei Juan, Mo Long also felt a headache. "No." In fact, after they found that Jiang Hai had escaped yesterday, a part of them continued to pursue him, while the other part stayed at the Jiang family, trying to find Wei Juan. However, they didn't find Wei Juan even after searching for half the night. Therefore, they thought that Wei Juan wasn't at the Jiang family home."

"Wei Juan wasn't at the Jiang Family home?" Jiang Yu froze, "However, when we went to the Jiang family home last time, Jiang Hai kept hiding and didn't let us in. It was obvious that he didn't want us to see Wei Juan? If she was really not at the Jiang family home, then Jiang Hai could have let us in generously. That way, we wouldn't have any doubts about him."

Chapter 1015: The Height of Strangeness

"That's true, but the police didn't find Wei Juan at the Jiang family's house, and they didn't find any tunnels or secret rooms," Mo Long explained.

In that case, Jiang Yu had to accept it. But even though she accepted it, it didn't mean that it was true.

Jiang Yu was still skeptical, so she said to Mo Long, "Can I go to the Jiang family's house to take a look?"

"Don't you have classes recently?" Mo Long asked.

"No classes tomorrow afternoon," Jiang Yu said quickly.

!!

Mo Long hesitated for a moment, but he still agreed. "Okay, I'll talk to Chief Luo. However, since Jiang Hai and Wei Juan were not in the Jiang family, he probably wouldn't send too many people to guard the Jiang family. Be careful when you go. Bring your friends with you. I have work and can't get away from it recently. I'll ask Teng Yi to go and protect you."

"There's no need. Just let Teng Yi help you with your work." Jiang Yu's eyes were curved, she smiled and said, "I'll just bring Xiao Qi and the others. Besides, aren't there policemen outside the door? There are

so many people around me. Don't worry. I'm just going to take a look. I'll be back in less than half an hour."

"Okay, you must protect yourself," Mo Long reminded her.

"Got it, don't worry."

The two of them chatted for a while more before Jiang Yu hung up the phone reluctantly.

Then, she sent a message to Lu Qi and Dai Zhu to tell them about it. She wanted them to accompany her to visit the Jiang family tomorrow.

Dai Zhu immediately replied, "No problem at all! It just so happens that I've been cooped up in school recently. I'm almost bored to death!"

Lu Qi also replied, "I haven't had much class schedule recently, so I have a lot of free time."

As for Kang Xue, she had recently returned to the Kang family home and didn't come back, so Jiang Yu didn't tell her.

The next afternoon, Jiang Yu went to the Jiang family home with Lu Qi and the others.

There were only two or three police officers guarding the door.

They had also received Luo Hao's orders. Therefore, they didn't stop Jiang Yu when she said she wanted to go in.

Jiang Yu pushed open the door to the Jiang family's house. Everything was the same as she remembered. Nothing had changed.

She walked inside and saw a pot of withered flowers on the windowsill of the kitchen. However, the roots were still very fresh and even had a faint green color.

"This pot of flowers is Jiang Ran's favorite." Jiang Yu looked at the pot of flowers, "From the time she has been in prison until now, if no one had watered it, this pot of flowers would have rotted long ago. Jiang Hai has never paid attention to these things, so the only explanation is that Wei Juan watered the flowers."

"In other words, Wei Juan has been watering the flowers, but she hasn't watered them recently, so this pot of flowers has withered." Lu Qi also looked at the pot of flowers carefully, "Could it be that Wei Juan couldn't stand the fact that her daughter was in prison, and her husband had been doing nothing, so she left the Jiang Family?"

"If she really couldn't stand it, she would have left when Jiang Ran was in prison," Jiang Yu guessed, "She has been in the Jiang family, and she has been watering the flowers. But I don't know what happened recently, so she can't water the flowers."

"...Could it be..." A terrible thought suddenly popped up in Dai Zhu's mind. "Jiang Hai has imprisoned Wei Juan?!"

As soon as she said this, Jiang Yu and Lu Qi turned their eyes to her.

“Hey, don’t look at me like that! I’m just guessing!” Dai Zhu explained in a panic.

However, Jiang Yu felt that her guess was very reasonable. “Wei Juan has been watering the flowers, so what happened recently that prevented her from watering the flowers? Jiang Hai has also been secretive about not letting us see Wei Juan. Why? It’s because Jiang Hai has imprisoned her. He was afraid that we would hear Wei Juan’s cry for help when we went in, so he didn’t let us in. Moreover, the police have been monitoring Jiang Hai recently. He didn’t have the chance to move Wei Juan outside, so Wei Juan must still be at the Jiang Residence.”

“But didn’t Mo Long say that the police didn’t find Wei Juan at the Jiang Family?” Lu Qi looked around and also felt that the Jiang family didn’t have a secret room.

Jiang Yu looked up at the ceiling and said, “The secret room and the tunnel, who said it must be underground?”

Lu Qi and Dai Zhu followed Jiang Yu’s line of sight and could only see a ceiling with a chandelier.

But they understood what Jiang Yu meant.

Dai Zhu covered her mouth in surprise. “Jiang Yu, you mean... Wei Juan is locked up in the ceiling? This is a plot that only appears in suspense novels! It should be very rare in real life, right?”

Chapter 1016: Hidden Attic

“It’s rare, but that doesn’t mean it’s not there,” Jiang Yu said and went to the second floor.

She didn’t go to Jiang Hai and Wei Juan’s bedroom, but went straight to Jiang Ran’s bedroom.

At first, Jiang Ran liked to decorate her room, saying that it gave her the feeling of a princess. So whether it was the wallpaper or the carpet, they were all very expensive and gorgeous. Only Jiang Yu was like a poor person who could only live in the smallest room at the end.

Jiang Yu pushed open the door to Jiang Ran’s bedroom. Behind her, Lu Qi and Dai Zhu were almost blinded by the pink color inside.

“Oh my God! Jiang Yu, is this your bedroom?!” Dai Zhu was so scared that she covered her eyes with her hands. “This is way too pink! Even Disney’s Princess wouldn’t use such a pink color!”

“It’s not mine, it’s Jiang Ran’s bedroom,” Jiang Yu explained.

“Her taste is really terrible,” Dai Zhu complained and put her hand down.

“Is there a secret room in Jiang Ran’s bedroom?” Lu Qi looked up at the ceiling, but only saw the ceiling full of stickers and hanging decorations. There was nothing else.

“There’s a secret room hidden in the ceiling. Many novels and TV shows have acted it out,” Jiang Yu explained, “The only way in is through the ceiling. There are a lot of stickers and decorations on the ceiling of Jiang Ran’s bedroom. It’s very likely that the entrance was blocked. That’s why the police didn’t find it when they searched last night.”

“Then where is the one who opened the entrance?” Lu Qi looked around. “There are all kinds of strange things in her room. We can’t try every one of them, right?”

“The more ordinary the thing, the more like a mechanism,” Dai Zhu said and picked up the table lamp on the bedside table.

“Look at this. Maybe it’s a switch.” As she said that, Dai Zhu tried to turn the table lamp, but the lamp didn’t respond.

So she had to put the table lamp back and continue to look for other common items.

However, what she said just now reminded Jiang Yu — the more common the item, the less suspicious it would be.

Therefore, Jiang Yu looked at the row of books on the bookshelf again.

Jiang Ran rarely read books, and she only bought them to put on an act in front of others when people came to visit.

She looked carefully and found that the books in the middle were upside down, and a few books were placed askew with the top corner exposed.

“Come and have a look.” Jiang Yu called Lu Qi and Dai Zhu over and showed them the books. “These books are different from the others. Although I don’t know if they are booby traps, it’s better to try than not to try.”

As she spoke, Jiang Yu took out the books and put them back. Then, she straightened the books that were exposed.

Then, they heard a cracking sound from the ceiling.

They looked up and saw an entrance slowly appearing on the ceiling. It was just under the stickers.

“There really is a secret room!” Dai Zhu walked to the entrance. “But it’s so high. How do we get up there? Oh my, there seems to be a winding staircase at the entrance, but how do we get it down?”

“It should also be controlled by the mechanism,” Jiang Yu said, and her gaze fell on the bookshelf again.

She thought for a moment and tried to take out all the books that she had just moved out. Then, she heard a thump, and the winding staircase on the ceiling slowly descended.

“Go up,” Jiang Yu said, and she was the first to climb into the attic.

The attic was not big, but it was decorated very warmly, and it did not have that eerie feeling at all. Jiang Yu even saw Jiang Ran’s former doll in it.

It seemed that the whole family knew about this attic, but she, the “Outsider,” didn’t.

There was a small shelf on top of the attic, which just happened to hold up the roof of the attic. The things on it were all fake, just for the sake of looking good.

Jiang Yu went over the shelf and saw Wei Juan hanging up.

“Wei Juan!” Jiang Yu shouted and ran over to step on the chair to untie Wei Juan.

Wei Juan had been hanging here for a long time. Her wrists were tied up, and her flesh had long rotted, giving off an unpleasant smell.

Lu Qi and Dai Zhu also walked over and saw the thin Wei Juan lying on the ground.

“She’s really here!” Dai Zhu exclaimed.

Jiang Yu said calmly, “Let’s call an ambulance and inform the police!”

“There are police at the door! I’ll go now!” Dai Zhu said and went downstairs at lightning speed.

Jiang Yu and Lu Qi carried Wei Juan and led her out of the attic carefully.

When they came out of the attic, the police were already waiting at the door. When they saw Wei Juan, they were shocked.

:Chapter 1017 Treatment

However, saving Wei Juan was the most important thing right now, so the police didn’t have time to ask Jiang Yu how she found Wei Juan. They quickly carried her and sent her to the ambulance.

Jiang Yu followed them out of a “Do good till the end” mentality.

Lu Qi and Dai Zhu took a taxi to the hospital because the ambulance couldn’t fit them.

After sending Wei Juan to the emergency room, Jiang Yu waited at the door for the Doctor to come out. When Lu Qi and Dai Zhu arrived, the lights in the emergency room were still on.

“Her injury looks really serious.” Dai Zhu looked at the shocking red color. “Although I didn’t see it clearly from afar, I saw the rotten flesh on her wrist. I also smelled the smell of rotten flesh.”

!!

“Jiang Hai is really cruel. Wei Juan is his wife and has lived with him for more than 20 years.” Lu Qi thought of Wei Juan’s injury and couldn’t help but feel fear for Jiang Hai again. “How did he do it?”

“It can only be said that people are unpredictable.” Dai Zhu sighed. “He’s really willing to do anything for money.”

Speaking of this, the three people at the entrance of the emergency room started to be puzzled again.

“What exactly does Jiang Hai want money for?”

“He doesn’t invest, and the jewelry company hasn’t encountered any difficulties recently. Then why does he want to borrow money?” Dai Zhu couldn’t figure it out no matter how hard she thought. “It can’t be that he doesn’t have any money, right?”

“How is that possible?” Lu Qi retorted, “Although the Jiang Jewelry Company isn’t big, it’s still a profitable company. How can it not have any money?”

“But since he borrowed money, it must be because he doesn’t have any money. But what did he do to not have money?” Dai Zhu thought about it and still felt that there must be something wrong with Jiang Hai’s jewelry company.

She said this out loud, and Jiang Yu also felt that what she said made sense.

“Dai Zhu’s words make sense. Other than the jewelry company, there is nothing that would make Jiang Hai penniless. My guess is that the jewelry company must have made a loss, and Jiang Hai didn’t have the money to fill it up, so he borrowed money. But because the loss was too big, no one was willing to lend him money, so he wanted to borrow money from the usury. Or perhaps he was unwilling to tell others about this matter for his own face, so he went to borrow money from a loan shark himself.”

“But regardless of the reason, Jiang Hai borrowed money from a loan shark and mortgaged Wei Juan. This is the truth.” As he spoke, Lu Qi looked at the emergency room, “It has been so long and he still hasn’t come out. Will Wei Juan’s hand be completely crippled?”

As they were speaking, a nurse came out from inside. “Who is the patient’s family member?”

Jiang Yu walked forward. “I am.”

The nurse saw that Jiang Yu was still young and thought that she was Wei Juan’s daughter, so, she told her about Wei Juan’s condition. “The patient’s hands have been tightly bound by ropes for nearly a month. The pressure has compressed her nerves and blood vessels, causing her blood to not flow smoothly. The only solution now is to amputate her limbs.”

Jiang Yu did not have any time to hesitate. She immediately nodded and said, “Alright, I agree.”

The nurse nodded. “In that case, someone will come over with a disclaimer and a consent form for the family members. Please sign it.”

Jiang Yu nodded. “Alright.”

The nurse thought for a moment, in the end, she told Jiang Yu about Wei Juan’s physical condition. “The patient hasn’t eaten for a month. She has only survived until now because of the glucose injection. Her recovery ability is far from that of an ordinary person. So even if we save her, we may not be able to guarantee that she will be able to survive this crisis.”

Jiang Yu was not surprised. Instead, she said very calmly, “Okay, I understand. You just need to do your best to save her. The rest is up to her.”

When the nurse heard that, she turned around and returned to the emergency room.

“Xiao Yu, since she can’t be cured, why are you wasting your time here?” Lu Qi frowned.

Jiang Yu said, “Actually, when I saw Wei Juan’s condition, I knew that her body was already failing. But she’s still alive. I don’t want to give up on her. That’s why I called the ambulance and sent Wei Juan to the hospital to be treated.”

“But the nurse also said that Wei Juan’s hand can only be amputated!” Dai Zhu said, “At that time, her two hands will be gone. It will be very scary when she goes out!”

“But if Wei Juan still wants to live, we can’t just sit by and do nothing,” Jiang Yu said, “Whether it’s Jiang Hai who won’t let her die, or she herself who has been holding on and waiting for someone to save her, we have to save her. If we don’t save her, then the murderer won’t be any different.”

Chapter 1018: Guarding Wei Juan

What Jiang Yu said made sense, and Lu Qi and Dai Zhu had no way to refute it.

Not long after, a nurse came over with two forms and asked the three of them, “Who is the patient’s family member?”

Jiang Yu stood out and said, “It’s me.”

The nurse handed her the pen and the two forms. “One is the disclaimer agreement, and the other is the application form for the family member’s consent. After you have seen it and confirmed that there are no problems, you can sign on it.”

Jiang Yu glanced at it briefly and signed her name on it.

!!

“Okay, thank you.” The nurse took the form and left again.

“Sigh. I didn’t expect you to be at the door of Wei Juan’s ward in the end,” Dai Zhu sighed, “Wei Juan probably didn’t expect it either. She was hospitalized because of illness, but the person outside was neither Jiang Hai nor Jiang Ran, but Jiang Yu, who she had always treated harshly.”

“The world is unpredictable. No one can be sure.” Jiang Yu did not mind it. Moreover, it was a good thing.

After a long time, it was already dark outside. The lights in the emergency room were turned off.

The chief surgeon came out from inside and took off his mask. “The surgery went very smoothly, but the recovery is a little worrisome. The family members must take good care of the patient.”

“Got it. Thank you, Doctor.” Jiang Yu thanked him politely. “Can we go and see her now?”

“Yes, we can. After a full examination, we can transfer to the normal ward.”

“Thank you, Doctor.”

After Wei Juan had a full body examination and was transferred to the normal ward, Jiang Yu went in to see her.

Wei Juan’s face was pale, and there was a circle of blackness under her eyes. Her lips were chapped and chapped.

Her hands were also gone, and the ends of her arms were wrapped in gauze.

Dai Zhu only took a glance, and goosebumps rose all over her body. She couldn’t help but say, “How tragic.”

“She’s really unlucky,” Lu Qi sighed.

“I don’t know when she’ll wake up, and I don’t know if Jiang Hai will find a hospital,” Jiang Yu said, “We need to find someone to guard Wei Juan. When she wakes up, we can ask her about Jiang Hai.”

“Let the police come. We don’t want to stay here.” Dai Zhu hid behind Lu Qi in fear. She didn’t want to look at Wei Juan anymore.

“Okay, we’ll go back when the police come.” Jiang Yu nodded.

Not long after, Luo Hao and Chang Kai arrived.

As soon as he entered, he saw Jiang Yu and the others standing in front of the hospital bed.

He walked over and asked, “Miss Jiang Yu, did you find Wei Juan?”

“Yes, she’s in the attic on the ceiling,” Jiang Yu explained and told Luo Hao about Wei Juan’s situation.

After Luo Hao heard it, he nodded and said, “I know. I’ll send more people to guard this place.”

“Okay, thank you for your trouble, Chief Luo. We still have class, so we’ll go back first,” Jiang Yu said politely.

“Okay. Be careful on the way back.”

Jiang Yu and the others left the hospital and returned to the school.

“It’s getting late. Let’s go back to the dormitory to rest,” Jiang Yu suggested.

“Okay.” Lu Qi and Dai Zhu were very tired after a busy day. They couldn’t wait to stick to the bed right now.

After Jiang Yu returned to the bedroom, she called Mo long and told him everything that happened today.

“It turns out that there is an attic on the ceiling in Jiang Ran’s bedroom. No wonder the police didn’t find it that day,” Mo Long muttered.

“We were just guessing. We didn’t expect it to be true,” Jiang Yu said, “Wei Juan is still in the hospital. Chief Luo has already sent people to guard her. I only hope that nothing bad will happen to her next. We still need to ask her about Jiang Hai.”

“Leave this matter to the police.” Mo long smiled and said, “You must have had a long day today, right? Hurry up and take a hot bath, and then have a good rest.”

“Okay, I’ll go now.”

After saying that, Jiang Yu hung up the phone and went to the bathroom to take a bath. After taking a bath, she sent Mo Long a “Goodnight” and fell into a deep sleep.

For the next few days, Jiang Yu was still busy attending class. No matter if it was Wei Juan or Jiang Hai, there was no news.

She was still so busy that she often forgot to eat and rest. Her life seemed to have returned to how it was in the beginning.

Until one day, Jiang Yu received a phone call from Chang Kai. "Jiang Yu, Wei Juan is awake."

"That's a good thing. Let her rest for a while, then you can ask her about Jiang Hai."

Chang Kai was a little troubled. "No, Wei Juan is awake, but she can't accept the fact that her hands have been amputated. She's clamoring to see you."

Chapter 1019: Had It Coming

"Why would she want to see me? I'm not a police officer." Jiang Yu was baffled.

Chang Kai could not understand either. "I don't know either, but she said she wants to see you. If she can't see you, she won't say a word to us."

"...Got it. I'll be there right away." Jiang Yu sighed. She could not understand what Wei Juan was thinking.

When Jiang Yu rushed to the hospital, she saw Wei Juan throwing a tantrum in the ward. "I said I want to see Jiang Yu. Are you people deaf?! Hurry up and contact her. Tell her to come and see me!"

Jiang Yu walked to the door and knocked symbolically. "I'm here."

The moment she saw Jiang Yu, Wei Juan's eyes lit up like a cat seeing a mouse. She even wanted to get out of bed.

If not for the nurse stopping her, Wei Juan would have run up to Jiang Yu long ago.

"Jiang Yu! How dare you come here! It's all because of you! My hands are gone!" Wei Juan gritted her teeth, her expression was extremely ferocious. "Jiang Yu, I knew you had evil intentions towards me! First, you harmed Ran Ran, then you caused your father to become destitute, and now you've caused me to lose both my hands! Jiang Yu, you're a jinx!"

Everyone looked at each other, not daring to look at Jiang Yu's expression.

Although they did not believe Wei Juan's words, what she said was too harsh. It was hard to imagine Jiang Yu's expression after hearing it.

However, Jiang Yu did not get angry after hearing it. Based on her understanding of Wei Juan, she knew that Wei Juan would put all the blame on herself.

So she sneered, she put all the facts in front of her. "Jiang Ran deliberately blew on me with flying catkins, causing me to have severe allergies and almost lose my life. I only sent her to prison for a few years, which was already very merciful to her. As for Jiang Hai, he was poor from the beginning, and he was not ambitious. He only wanted to take advantage of the situation. Otherwise, he would not have been able to sell fake jewelry. Everyone thinks that he is not a good person. You are the only one who does not have a brain and thinks that you are married to love. As for your hand..."

Jiang Yu glanced at it. There was still a thick layer of gauze wrapped around it. It looked very comical.

“Amputation is the only way to save your life. If your intention is to die, then I admit that I am indeed meddling in other people’s business. I should not have saved you in the first place.”

After Jiang Yu finished speaking, Wei Juan’s face alternated between green and white. She didn’t know what to say to refute.

After a long while, she shouted, “Shut up! Do you think I’ll believe you just because you said something like that?!”

“Who told you to believe me?” Jiang Yu shrugged. “I’m just telling the truth.”

Wei Juan was so angry that she almost choked in her throat.

A moment later, Wei Juan shouted with a red face, “Get out of here! Don’t let anyone in! Who are you people? How dare you stand in someone else’s ward? Don’t you know that this is rude?!”

The nurses could only say to the police officer standing there, “The patient’s mood is very unstable, so please leave for a moment.”

The policemen looked at each other and were about to leave, they heard Jiang Yu say, “Where do you want us to go? How many days have so many people wasted because of you? You want to kick us out with just a ‘rude behavior’? Then what’s the point of shouting at your savior? Is this considered polite?”

“Jiang Yu! Don’t talk nonsense here!” Wei Juan struggled to get out of bed to fight Jiang Yu.

“You really think your injury will heal so quickly?” Jiang Yu snorted disdainfully, “I see that you don’t intend to tell us about Jiang Hai. If I had known you would be like this, I wouldn’t have saved you in the first place. Since it’s a waste of time and it can’t be healed by your mouth, it’s really a thankless task for me.”

With that, Jiang Yu turned around and was about to leave.

“Jiang Yu, Jiang Yu! Stop right there!” Wei Juan bared her fangs and brandished her claws, forcefully breaking free from the nurse’s restraints. After getting off the bed, she stumbled and ran towards Jiang Yu.

“Jiang Yu! Give me back my Ran Ran!” She stretched out her hand towards Jiang Yu’s neck.

However, she no longer had a hand, so there was no way she could strangle Jiang Yu’s neck. Moreover, she had suddenly gotten off the bed just now. Her vision was still a little dark, so she could not see what was in front of her clearly at all.

She was staggering as she ran, and her mouth was still screaming non-stop. Jiang Yu heard it and took the opportunity to dodge to the side. Wei Juan directly hit her head against the wall.

“Dong —” With a muffled sound, Wei Juan slowly fell to the ground.

The police quickly helped to carry Wei Juan to the hospital bed, while the nurse went to find a doctor.

Chapter 1020: Chase After Jiang Hai

After a series of examinations, the doctor said, "The patient's condition was not good to begin with. Due to his agitation, his condition worsened and became even worse. His head felt like it had just been hit. I'm afraid it will become a concussion. What's wrong with all of you? Why don't you know how to take care of the patient's emotions?"

The police officers did not know what to say. After all, they were not related to Wei Juan, so it was not easy to talk to them.

Jiang Yu watched quietly from the side, in the end, she explained, "This matter has nothing to do with them. This concussed patient is here for me. She started throwing a tantrum for no reason and even treated her savior like it was a mistake for me to save her."

After she said that, the doctor could not say anything. He could only shake his head and leave the ward.

"Let's go. Even if she wakes up, she won't tell us what we want to know." Jiang Yu looked at Wei Juan coldly. She knew that Wei Juan hated her a long time ago, but it was already a life-and-death situation, she actually stood up for Jiang Hai.

!!

This was something that Jiang Yu had never expected.

When the police saw this, they could only leave resentfully.

After Jiang Yu left the hospital, she didn't return to school. Instead, she went to Luo Hao's place with Chang Kai.

Luo Hao was processing documents. When he saw Jiang Yu, his eyes were filled with surprise. "Miss Jiang Yu? Why are you here?"

Jiang Yu explained simply, "Wei Juan has woken up, but she's in a state of madness. There's no way to communicate with her normally. Therefore, we won't be able to get any useful clues about Jiang Hai from her."

Luo Hao looked at Chang Kai again. After getting a definite answer, he could only sigh and say, "Jiang Hai has been running for a long time. The only thing we can be sure of is that he hasn't left Shanghai. However, Shanghai is so big. It won't be easy to find him. Moreover, he no longer uses his identity card to do anything, so we have no way to track his recent travel."

Jiang Yu thought for a moment and asked, "What about those companies? Have they made any movements recently?"

At the mention of this, Luo Hao felt a headache coming on. "Jiang Hai must have told them the news when he was escaping, so they haven't made any moves recently. Moreover, they have been unusually quiet. If I hadn't strictly controlled all the means of transportation to and from Shanghai recently and knew that no one had left Shanghai recently, I would have suspected that they were fleeing for their crimes."

“They will only stay quiet for a few days. When the limelight passes, they will jump out,” Jiang Yu said. “But I don’t know if they plan to stay here or if they want to find an opportunity to leave.”

“If it’s the former, then they are really bold. It can be said that they have fully displayed the ancient saying, ‘seek fortune through risk.’ But if it’s the latter...” Luo Hao said in a low voice, “Then it will be difficult to deal with. Now they have hidden their heads in Shanghai. If they go to other places, it will be even harder to find them.”

“The most important thing now is to find Jiang Hai’s hiding place.” Jiang Yu thought about it, but he didn’t know where Jiang Hai usually went.

Moreover, he was currently on the run, so it was even more impossible for him to go to such a conspicuous place. He might hide in some alleyways and alleys, and only dared to come out to buy some food at night.

“He’s really like a mouse, so good at hiding.”

“Miss Jiang Yu, you go back and rest. I’ll keep an eye on this matter. You just need to rest assured,” Luo Hao advised.

“Okay.” Jiang Yu nodded. She suddenly remembered something and said to Luo Hao, “Director Luo, please send someone to investigate Jiang Hai’s jewelry company and see if there are any losses recently.”

Luo Hao paused, and his gaze changed. “You mean...”

Jiang Yu explained, “I still suspect that Jiang Hai’s jewelry company has a financial problem. Otherwise, he wouldn’t risk his life to borrow money from loan sharks.”

“Okay, I got it.” Luo Hao rubbed his chin.

At first, he really didn’t notice this matter. If Jiang Yu hadn’t reminded him today, he probably wouldn’t have investigated Jiang Hai’s jewelry company.

“That’s all. I still have something to do, so I’ll go back first.” As he said that, Jiang Yu got up and left the police station.

Chang Kai walked Jiang Yu to the door and said gratefully, “Jiang Yu, thank you very much.”

Jiang Yu smiled and said, “Why are you thanking me? I didn’t do anything.”

Chang Kai shook his head and said, “You’ve already done enough. If not for you, I’m afraid we wouldn’t have been able to find Wei Juan even now.”
