Chapter 1161 Exposing The Little Trick

Director Liu frowned as he looked at Jiang Yu, then at Sun Miao. He realized that both of them were people he could not afford to offend.

Hence, Director Liu thought about it and said, "Forget it, you should go back and rest."

"But Jiang Yu hasn't apologized to me yet, director." Sun Miao said, "If it wasn't for her, I wouldn't have become like this. She hasn't even apologized for stepping on me just because she's the best actress."

Director Liu looked at Jiang Yu awkwardly. He could not bring himself to ask her to apologize.

Jiang Yu could tell that Director Liu was embarrassed, so she said: "I've already apologized to you. If you insist that I didn't, then go and watch the replay of the live broadcast."

"I'm just asking you to apologize. Is it that hard?" Sun Miao said unhappily. "You were the one who stepped on me and did something wrong. Why is it so hard for you to apologize?"

Jiang Yu squatted down and looked at Sun Miao's feet carefully. "I don't think there's a big problem with your foot. Let the doctor check it. The doctor hadn't even touched you just now, and you were already crying out in pain. I'm afraid you've broken a bone! The fracture was very serious. If it wasn't checked in time, there would be residual effects! Your bones will also be damaged, and your leg will be completely crippled!"

Sun Miao froze and retorted, "Don't spout nonsense! I was just stepped on, how could I have a fracture!"

Jiang Yu said, "But you're already in so much pain. What else could it be if not a fracture? Doctor, you'd better check on her quickly. If it's really a fracture, we can't waste any more time!"

"But she won't let me touch her." The doctor said with a troubled expression.

"I'll help you hold her down." Jiang Yu volunteered to press on Sun Miao's shoulder and said to the doctor, "Okay, doctor, you should check her quickly. If you miss the treatment time, she won't be able to dance in the future. She might even have problems walking."

Sun Miao shouted: "Jiang Yu, what are you doing?! I told you my leg wasn't fractured! Are you crazy? Stop watching and help drag Jiang Yu away! Are we just going to watch her do this to me?"

The surrounding people looked at each other, but they didn't dare to stop her.

Even though they were disgusted by Jiang Yu because of what Sun Miao had said, they still did not dare to do anything to her. No one dared to anger her just because she was a judge.

If she harbored a grudge and gave herself a low score during the competition, then their two weeks of hard work would have been in vain.

Seeing that no one was coming to help her and that the doctor's hand was about to touch her foot, Sun Miao couldn't help but kick the doctor.

It was the foot that had been stepped on.

The doctor was caught off guard and was kicked to the ground by Sun Miao. She had even kicked his face just now, causing the doctor's nose to be bleeding.

"Ah! Doctor!" Jiang Yu quickly let go of her hand and went to check on the doctor's injury. "Are you okay?"

Even though she had expected Sun Miao to struggle, she didn't expect her to kick the doctor in the face.

"I'm fine," He said. The doctor took out a tissue to block his nose and said, "I see that your leg is quite strong, and it doesn't look like you're injured. Don't tell me you're trying to avoid practice, so you came up with such a lame excuse."

Sun Miao's face reddened, and she said awkwardly: "No, no, Jiang Yu did step on me."

"You won't get hurt. Your feet aren't made of glass." The doctor was in a bad mood after being kicked, and his attitude toward Sun Miao was cold. "Alright, stop pretending. If this drags on, the shoot will be over. Hurry up and get up to practice, or you'll be at the bottom again next week."

After saying that, the doctor took the first aid box and went back.

Sun Miao, on the other hand, sat there awkwardly, not moving. Sun Miao didn't move even after everyone else had left.

That was because Jiang Yu was still standing there.

Sun Miao grew impatient and shouted: "What are you still standing there for? Don't you know that you'll disturb my practice? You think you're so great just because you're a judge? My family is an investor, so it's useless even if you give me a low score!"

Jiang Yu looked at her with her arms crossed and said coldly: "This can already be considered shady. Aren't you afraid of being scolded by the audience by saying it so openly? "

Sun Miao was instantly discouraged. She glared at the camera resentfully, but eventually apologized reluctantly. "I'm sorry, judge Jiang Yu. I was wrong just now. Please don't take it to heart."

With that, Sun Miao stood up and left with her phone.

When the other contestants who were secretly paying attention to the situation saw this, they quickly retracted their gazes and obediently practiced their dance.

Chapter 1162 Sun Miao's Request

The more Sun Miao thought about it, the angrier she got. She felt that Jiang Yu was targeting her. Otherwise, why would Jiang Yu only see her taking a break when there were so many contestants practicing?

She went to the washroom and washed her face. Then, she turned on her phone and scrolled to the post that had appeared on the internet a few days ago.

Those posts had nothing to do with her, so she didn't know who had posted them. However, because the content was meant to defame Jiang Yu, Sun Miao was very happy to read it and even liked it.

However, due to her identity, she did not forward it.

However, compared to Jiang Yu's painstaking investigation, Sun Miao guessed that Hu Jing had hired someone to post these posts.

After all, Hu Jing was the only person who had a conflict with Jiang Yu, knew what had happened during the shooting, and was wronged in the end.

Moreover, it could be considered that bad birds were of the same kind. Since Sun Miao had done the same thing to Jiang Yu before, she could see through Hu Jing's scheme at a glance.

While she was in the washroom, she sent Hu Jing a few messages.

She wasn't familiar with Hu Jing and had only greeted her after adding her as a friend. Now, because of her hatred for Jiang Yu, Sun Miao felt that Hu Jing was her best friend.

"What's the matter?" Hu Jing quickly replied.

Sun Miao then asked, "You're the one who posted those online posts, right? I knew it was you."

She didn't expect that Hu Jing would refuse to admit it at the beginning, saying: "I didn't do it. Show me the evidence first."

Sun Miao said: "I've done something like this before, so I can see the trick at a glance. Besides, you're the only one who hates Jiang Yu and has been wronged by her. If you say it wasn't you, I wouldn't believe you."

Hu Jing was silent for a while before she asked, "You didn't come to me just for this, did you?"

"Of course not," Sun Miao replied. "I hope that you can post more of such posts in the future, and the more serious the content, the better. If you don't know how to write it, I can help you think of it."

Hu Jing asked: "Do you know how much it costs to hire a water Army? Even if our family isn't short of money, this matter has nothing to do with me. I have no reason to do this kind of thing because of your request, right?"

Sun Miao immediately replied: "I'll take the money to hire the Internet Water Army, and I also hope that you can help me buy some Internet Water Army to vote for me. Don't worry, I won't let you do this for free. The higher my votes, the more money I'll give you."

Hu Jing hesitated for a moment before finally agreeing. "Alright, don't lie to me."

"Sure." With that, Sun Miao immediately transferred 20,000 Yuan over.

Hu Jing immediately took the money and sent a 'Roger' gesture.

In fact, she was a little short of money recently. Because of her irrational behavior, it was getting harder and harder for the Hu group to do business. After listening to the recording, many people felt that it was not a problem for the president of Hu group to raise a baby. He had raised a giant baby in his thirties.

This news made Hu Wei quite angry, and he immediately froze Hu Lei's credit card. And because the cause of this incident was Hu Jing's post, Hu Wei also cut off Hu Jing's allowance.

Moreover, Hu Lei was hit in the head by Jiang Yu previously. Even though the doctor said that he was fine and could be discharged after a few days of rest, Hu Lei still lay in bed every day and complained of pain, saying that he was about to die.

Those who didn't know better would think that he had an artery on his head and that Jiang Yu had smashed the wine bottle on his artery.

In order to pay for Hu Lei's Hospital fees, Hu Jing had already spent all her pocket money that she had saved up for several years. She had no spare money left. Now that Sun Miao had said that she could earn a large sum of money by working for her, Hu Jing naturally wouldn't let go of such a good opportunity.

After she received the money, she immediately contacted the Internet Water Army and told them all of Sun Miao's requests.

When the Internet Water Army heard that they would be getting paid, they immediately went back to their work.

After everything was settled, Hu Jing informed Sun Miao and then leaned back on the sofa, whistling happily.

Hu Lei, who was lying on the hospital bed, was annoyed and said loudly: "Can you stop bragging? Can you please take care of me?"

"In order to save you, I've spent all my money. What else do you want me to do for you?" Hu Jing said.

Hu Lei said: "No need. Don't whistle anymore. Isn't it annoying? If you hadn't been so impulsive that day and posted that thread, would dad have cut off my money?"

Hu Jing was unhappy when she heard this and retorted: "You still have the nerve to talk about me? If you weren't so perverted and dared to covet the people around Jiang Yu, would you have been beaten up? If you weren't beaten up, would I have posted it? In the end, didn't you reap what you sowed?"

[Chapter 1163 The Skyrocketing Votes](#)

The way Hu Lei and Hu Jing got along sometimes made people wonder if they were real siblings.

However, Hu Lei and Hu Jing would sometimes care for each other.

"You brat, I advise you not to say anything." Hu Lei was lying on the hospital bed with his legs crossed. He said disdainfully: "You shouldn't have left the competition so rashly. If you had continued, you might have been able to become a girl group member. At that time, you could have brought a lot of benefits to the family, but in the end, you failed to live up to expectations and gave up on the competition."

"It's none of your business. I signed up for the competition. If I want to continue the competition, I can continue. If I want to quit, I can quit." Hu Jing was a little angry, and her good mood from getting the money from Sun Miao was gone.

"I can't be bothered with you. Hurry up and pay the money at the front desk. Otherwise, they'll come to ask for money again in a few days." Hu Lei urged Hu Jing to quickly pay the hospital fees.

Hu Jing said unwillingly: "How many days have you been living here? The doctor said you're fine, what are you still doing here? Don't you know it's a VIP room? Do you know how much it costs to spend a night? We don't have any pocket money now, and the hospital fees for the past few days were all earned by me a few years ago. You're still here shamelessly asking me to spend money for you, do you have no shame?"

"I'm your brother. Don't you know that you're being disgraceful by saying that?" Hu Lei was not happy, but he still rolled over and got up, ready to go through the discharge procedures.

Hu Jing was right. No matter what, he was a man. It was indeed embarrassing to ask his own sister for money.

After settling the discharge procedures, the brother and sister went home.

Hu Wei wasn't around, so there were only two nannies in the house. One was in charge of cleaning and the other was in charge of cooking.

As soon as Hu Lei came back, he went upstairs to his room to sleep. Hu Jing sat in the living room and checked on the 'battle situation' of the Internet Water Army.

There were more and more posts on the internet defaming Jiang Yu, and some of them were fabricated by the troll army. For example, Jiang Yu often smoked and drank in private, or she had been in prison, and so on. There were all kinds of content.

Even Hu Jing felt a little uncomfortable when she saw it, because this fabrication was really a little too ridiculous.

However, Sun Miao was very satisfied with this. She even hoped that the internet trolls could make up more of the story. She transferred the money to Hu Jing in a good mood and said: "Well done. Tell the internet trolls to write and make up whatever they want. The more vicious the story, the more money I'll give. And the votes, the more the better. My Sun family doesn't lack your 100000 or 200000 Yuan, so you can do whatever you want."

Even though Hu Jing felt that it wouldn't be good for anyone if this matter continued, Sun Miao was really giving them too much money.

Therefore, in the face of money, Hu Jing retracted her thoughts and conveyed Sun Miao's request to the group of Internet trolls.

When sister Xia saw those posts, she was so angry that her lungs were about to explode.

"What's going on with that internet trolls? It's fine that you smoke and drink, but now you're even talking about tax evasion?" Sister Xia was furious. "Who did this!"

"It's either Sun Miao or Hu Jing, or the two of them worked together." Jiang Yu said, "Other than the two of them, I don't know who else can come up with such an outrageous rumor."

"What are the two of them trying to do?" Sister Xia was getting impatient. "They've been provoking us all this time and have clearly been slapped in the face every time. Why are you still so stubborn?"

Jiang Yu said lazily: "People always have the mentality of getting lucky. If everyone didn't believe this, then there must be one thing that everyone believed. For example, why can't everyone believe that I really did evade taxes?"

"We can't just let this matter rest." Sister Xia said, "We must think of a way to shut that group of people up."

"It's simple. Just release the tax records of the company and studio over the past few years, and the rumors will be dispelled on their own."

Jiang Yu looked at her hands casually and said: "This matter is very easy to solve, but there's another difficult matter. Initially, Sun Miao's votes had been at the bottom because of her lip-syncing, but now, she had shot up to the middle. That's why I think that the main purpose of these internet trolls are to vote for Sun Miao. They're just trying to defame me."

"They're really shameless. She lip-syncs and doesn't know how to dance, yet she still wants to debut? They're really treating us like fools."

[Chapter 1164 Putting On An Act](#)

Sister Xia's evaluation of Sun Miao was not good at all, and she wished that she could be eliminated right now. Who cares if she's an investor or not, it's best if she doesn't appear in that competition ever again.

"But Sun Miao's plan will all fall through." Jiang Yu laughed. "It's useless even if she's willing to spend money to buy internet trolls to vote for her. The audience is very rational. They naturally wouldn't believe it when they saw the number of votes. For example, most people didn't believe the post that defamed me, right?"

"But that doesn't deny that she did such a thing." Sister Xia was still very angry. "Whether it's Sun Miao or Hu Jing, we can't let them off. Didn't she want to increase her votes? Then I won't let her get what she wants."

Sister Xia had the same thoughts as Jiang Yu's, and Jiang Yu did not intend to let Sun Miao get what she wanted.

These kinds of votes that were obtained by throwing money was not obtained through one's own strength at all. It was meaningless at all. This was also very unfair to the other players who had been working hard. Why did their hard work have to be lost on money?

Jiang Yu felt that as a judge, she had to treat every contestant equally. Therefore, she had to stop this act against Sun Miao.

Therefore, Jiang Yu looked up a lot of information and finally sorted out all the evidence, printed it into a document, and planned to bring it to the scene during the shooting next week.

The rest of the time was used to help aunty Shen and lawyer Tang organize the case. Although everything was ready, they were still lacking evidence.

Even if there was still evidence for a case that had been going on for more than ten years, it would have probably disappeared after such a long time.

"This Hu Lei is doing whatever he wants just because the Hu family is powerful!" Sister Xia was furious. "If I see him, I'll skin him alive!"

Jiang Yu thought quietly for a while and a plan gradually emerged in her mind.

Since they couldn't find any evidence to prove that Hu Lei was the one behind the case, they would let him say it himself.

Therefore, Jiang Yu told everyone about her plan. Although everyone was worried about the feasibility, they were relieved to see Jiang Yu's solemn expression.

After all, there was an old saying-'A straight body is not afraid of a crooked shadow.'

Jiang Yu immediately contacted Hu Lei. "Are you Mr. Hu Lei? I'm Jiang Yu. I'm very sorry for causing you to be injured before, so I want to treat you to a meal and personally apologize to you."

When Hu Lei heard this, he immediately perked up. "Alright! Is it just the two of us? Or should I call miss Kang Xue from that day?"

"This is my fault. I should be the one apologizing to you." Jiang Yu softened her tone and said, "Moreover, Kang Xue has been preparing for the competition recently. She has no time to come out. So, I will apologize to you on her behalf."

"Alright!" Hu Lei agreed without hesitation.

The movie queen had personally asked him out for a meal to apologize. Perhaps she was interested in him. She was just too embarrassed to say it out loud due to her status, so she used this excuse.

Hu Lei had always been very confident in himself, so this time, he also thought that Jiang Yu wanted to do something with him, which was why she asked him out for a meal.

After Jiang Yu and Hu Lei agreed on a place, they hung up the phone.

Sister Xia was a little worried. "Jiang Yu, that Hu Lei is not a good person. I'm always worried that something will happen to you."

"It's alright. Aren't you guys coming with me?" Jiang Yu comforted her. "There are so many people here, why would we be afraid of Hu Lei? And I'll prepare silver needles in my bag. If things don't go right, I'll find his sleeping meridian point and stab it. No matter what, he wouldn't be able to do anything to me."

"Alright, then. We'll all follow behind you and protect you." Sister Xia said.

"Thank you, sister Xia." At night, Jiang Yu went to the place where she had agreed to meet Hu Lei.

It was a small restaurant in a remote area. However, the food was pretty good, so there were many people who came to visit.

Jiang Yu ordered a table full of dishes and a few bottles of wine, then called Hu Lei over to have a meal.

"Miss Jiang!" When Hu Lei saw Jiang Yu, he walked over with a perverted look and sat beside her. He even deliberately got close to her.

"Mr. Hu Lei, I'm really sorry for what happened before. How about this, I'll give you a toast, as an apology for my insensibility back then." As she spoke, Jiang Yu poured two glasses of wine and pushed one to Hu Lei while she picked up the other.

"Since Miss Jiang has said so, I, Hu Lei, will have to give you face!"

[Chapter 1165 The Truth Of That Year](#)

Hu Lei picked up the glass of wine and finished it in one gulp.

Jiang Yu took the opportunity to quickly pour the wine in her hand into the trash can at the side and then made an expression as if she had just finished it.

Hu Lei did not suspect her and thought that Jiang Yu had also been drinking. Therefore, in the following drinking session, as long as Jiang Yu poured him wine, Hu Lei would take it all and finish it all.

Jiang Yu only stopped pouring the wine when he was drunk and unconscious.

At that moment, Hu Lei's phone rang. Jiang Yu took it out and saw the name 'Hu Jing' on it.

Jiang Yu hung up the phone, but the next second, his phone rang again.

It was still Hu Jing.

Jiang Yu paused for a moment before she picked up the phone. Before she could say anything, Hu Jing began to ramble: "It's already so late and you're still not back? Are you still planning to spend the night outside? You don't have a single cent on you, no place will take you in! You can only sleep on the streets, so come back quickly! Dad just called me and said that he has something to discuss with you. He'll be home soon, so come back quickly! Did you hear that?"

Hu Jing said a lot, but she did not hear Hu Lei's response. She couldn't help but feel a little strange. A bad feeling rose in her heart. She thought that Hu Lei had been kidnapped while he was eating out.

Until Jiang Yu said to her: "It's okay. You don't have to worry. Your brother is safe with me."

"Jiang Yu? Why's my brother's phone with you?" Hu Jing shouted, "What did you do to my brother? Jiang Yu, I'm warning you, kidnapping is illegal, do you know that?"

"Who said that I kidnapped him? I just wanted to apologize to him for what happened before, so I invited him out for a meal. Who knew he would drink so much?" Jiang Yu said, "You, on the other hand, having the time to question me. You might as well hurry over and take him away."

"I'm warning you! Don't act rashly! My brother's phone has a GPS system. No matter where you go, I'll be able to find you! Just you wait!"

With that, Hu Jing hung up the phone. Jiang Yu sneered and put the phone back into Hu Lei's pocket. Then, she helped him out of the door and turned on the recording pen at the same time.

After the cold wind outside the house blew, Hu Lei's mind regained some consciousness. He looked at Jiang Yu, who was beside him, and could not help but smile pervertedly. "Miss Jiang, tell me the truth, did President Mo not treat you well? He can't satisfy you, so you came to me?"

Jiang Yu felt nauseated when she heard that and her voice turned cold. "Mr. Hu Lei, I'm here to apologize to you. Please don't talk to me about these irrelevant things."

"What do you mean unrelated?" Hu Lei leaned against Jiang Yu. "If it wasn't like what I said, why would you ask me out for dinner?"

"It seems like Mr. Hu Lei is very confident in himself." Jiang Yu was so angry and laughed, "In the past ten years or so, nothing had seemed to grow about you, but your confidence has grown a lot."

"What did you say? I was also very confident more than ten years ago! I'm handsome, my family is rich, and countless young ladies are following me, wanting to be my girlfriend!" Hu Lei said, "It's a pity that I don't like any of them! Then, there was a little girl from another school who looked pure and cute, but she said that she was not interested in me? Then I couldn't stand it anymore, so I dragged her into the alley on the spot and..."

Before he could finish his sentence, Hu Lei's body fell down heavily because Jiang Yu had let go of his hand.

"Ouch!" Hu Lei howled in pain.

Jiang Yu looked at him coldly and asked, "So? You dragged her into an alley, raped her, and even took a video of her, didn't you?"

Hu Lei's mind was in a mess, and he was stammering. He had almost forgotten about that matter.

"Who are you talking about?" Hu Lei asked.

"Jing Jing," Jiang Yu said. "The girl from another school!"

At the mention of 'Jing Jing', Hu Lei's mind cleared up. He was familiar with this name because he thought it was the best name he had ever heard. Even in the next ten years, he had not come across a better name than 'Jing Jing', so he remembered it until now.

Hence, he said: "Ah... Yes. I think her name is Jing Jing. She is the little girl from the other school. She's disobedient and always rebelling against me. I was too angry so I dragged her into an alley and raped her with a few of my friends. Then, I took a video and sent it out... Didn't expect her to be so weak in her heart and actually committed suicide a few days later..."

[Chapter 1166 Put In Jail](#)

"You bastard!" Jiang Yu could not take it anymore and punched Hu Lei's face ruthlessly.

When sister Xia and the others saw this scene from a distance, they quickly ran over to stop Jiang Yu.

"Don't get too excited!" Sister Xia advised, "We've already asked what we could. The recording pen should have recorded everything that has been said just then. Alright, Jiang Yu, don't be angry. Just hand him over to the police to handle."

Jiang Yu had nowhere to vent her anger, so she could only stand on the spot and breathe heavily.

"Alright, now that we have evidence, let's go." Lawyer Tang also said, "Aunty Shen is still waiting for us at the company. Let's go back quickly. Don't let aunty Shen worry."

Sister Xia echoed: "Yes, yes, yes! Jiang Yu, let's go first!"

As they were talking, police sirens were heard not far away.

"Wait, did someone call the police?" Sister Xia was shocked. "This isn't part of the plan, is it? "

At this time, Jiang Yu's mood had also calmed down and she said, "It should be Hu Jing who called the police, she just called Hu Lei and I picked up. She kept saying that I was the one who kidnapped Hu Lei, so she should be the one who called the police. Since the police are here, it's better to put an end to everything today."

The police car stopped in front of Jiang Yu and the other two. Hu Jing quickly jumped out of the car, followed by Hu Wei.

"Brother!" Hu Jing quickly ran to Hu Lei. After making sure that he was just sleeping on the ground, she questioned Jiang Yu loudly: "Jiang Yu! What the hell are you doing? Do you know that this is kidnapping? I've already called the police, you can just wait to go to jail!"

Hu Wei also walked up to Jiang Yu with a frown and said, "President Jiang, how could you do such a thing? This is illegal, do you know that? No matter how much you hate my son, you can't do such a thing."

"It's too early for you to say that." Jiang Yu sneered and handed the recording pen in her hand to the police officer beside her, saying, "I'm going to sue Hu Lei for rape!"

Hu Wei froze. He didn't expect Jiang Yu to actually mention this.

The police were also a little confused. They were originally here because Jiang Yu had kidnapped someone. How did things turn out this way after they arrived? Jiang Yu didn't kidnap someone, but she wanted to sue Hu Lei for rape?

"Jiang Yu, what nonsense are you talking about?" Hu Jing asked in disbelief. "My brother is indeed ignorant and incompetent, but he's not a person who breaks the law! You're spreading rumors and slandering, do you know that you're guilty of another crime?"

"If you don't believe me, listen to the recording." Jiang Yu said fiercely, completely unlike her usual gentleness.

The police felt that something was amiss, so they took all of them back.

Hu Lei was temporarily locked up in the cell because he was drunk. The rest of them were locked up in the interrogation room, waiting to be questioned.

After the police officer who was interrogating them came in, Hu Jing said, "I'm reporting Jiang Yu for slander! She has already caused an impact and irreparable loss to our Hu family! She must be arrested and sentenced!"

"If you don't believe me, you can listen to the content of the recording pen." Jiang Yu said disdainfully.

The police officer in front of her was holding a recording pen. He turned it on, and Hu Lei's drunken voice came out from it.

By the time they finished listening to the entire story, Hu Jing's expression had already begun to twist. "Impossible! My brother would never do such a thing! Jiang Yu, you must have modified the recording yourself! Ah?"

Hu Wei's face had long turned green as he sat there, not saying a word.

Jiang Yu turned her attention to Hu Wei and said: "President Hu, if you don't say anything, does that mean you agree? Back then, the case was closed because there was insufficient evidence. It was also thanks to you, right?"

Hu Jing shouted and shouted until Hu Wei finally lost his patience. He shouted: "Shut up! He only knew how to cause trouble! If you had kept your brother at home, would things have turned out this way?"

Hu Jing immediately felt wronged and said: "What does it have to do with me? If my brother insists on going out, do you think I can stop him? And he didn't tell me when I asked him. How would I know that he was going to meet Jiang Yu?"

"Shut up!" Hu Wei angrily rebuked. "Don't cause trouble here! The more you say, the more danger your brother will be in!"

Only then did Hu Jing shut up.

Hu Wei looked at Jiang Yu and asked: "These are all Hu Lei's words when he's drunk. How can you take them seriously?"

Jiang Yu also asked: "Why not?" Hu Lei is drunk, but he's still conscious. Why can't we believe what he said?"

[Chapter 1167 Taking The Opportunity](#)

Hu Jing was still jabbering on and on, and the police officer was getting a headache from her. He said: "Alright, this matter has nothing to do with you. You'd better behave yourself. We'll see if Hu Lei's words can be trusted or not."

Hu Jing could only shut her mouth in a fit of pique.

"Alright, you guys can go back first. Hu Lei, stay here for now. We'll interrogate him when he wakes up." The police officer said with a frown.

"Can I see my son?" Hu Wei asked. "I have something to say to him."

"Wait until he wakes up tomorrow." The police said. "We'll let you know."

Hu Wei said: "Then I'll wait for him here. I'll tell him when he wakes up. This matter is really urgent and I can't wait any longer."

Although the police felt that Hu Wei was somewhat inexplicable, they still agreed to his request. There were people on duty anyway, and there were many empty cells, enough for Hu Wei to stay here alone.

Hu Jing didn't want to stay here, so she got up and left.

Jiang Yu didn't stay any longer. However, before she left, she suddenly staggered and accidentally fell on Hu Wei.

Hu Wei didn't want to help Jiang Yu, but because there were police officers present, he could only reach out to help her and said, "Be careful, Director Jiang. Don't wear such high heels when you go out in the future."

Jiang Yu smiled and said: "Thank you, President Hu."

She stood up straight and followed Hu Jing out.

Sister Xia and lawyer Tang have been waiting outside for Jiang Yu to come out. They were very anxious. Now that they saw Jiang Yu coming out, they all heaved a sigh of relief.

When Hu Jing saw this, she said disdainfully: "It's really like birds of a feather flock together. What kind of person will have what kind of friends. Jiang Yu isn't a good person, and I don't think you people who are friends with her are good people either."

Sister Xia was angry and was about to argue with Hu Jing when she was stopped by Jiang Yu. "Don't bother with her. If a dog bites you and you want to bite the dog back, that's not appropriate."

Sister Xia felt that Jiang Yu's words made sense and left with them.

It took a long time for Hu Jing's brain to come back to her senses. When she realized that Jiang Yu was indirectly calling her a dog, she was furious and shouted in the direction they left: "Jiang Yu! You dare to scold me?"

Her voice attracted the attention of the other staff members, and she was called to the interrogation room again for education.

It was not until after midnight that Hu Jing was released from the detention center and returned to her home. She was so tired that she had no more desires. She only hoped that time would pass faster.

Early the next morning, Hu Jing rushed to the detention center impatiently, wanting to see Hu Lei's situation.

But the police stopped her outside, saying that Hu Lei was being interrogated. Not long after, Jiang Yu also came over with aunty Shen and lawyer Tang behind her.

As soon as Hu Jing saw Jiang Yu, what happened yesterday came back to her mind again, so she said in a harsh tone: "Jiang Yu, what did you mean yesterday?"

"What's the matter?" Jiang Yu asked, puzzled.

Hu Jing couldn't bring herself to say the words: 'You called me a dog', because she felt a little embarrassed. Hence, she simply turned her face away and ignored Jiang Yu.

After a while, the door of the interrogation room was opened and Hu Lei was brought out.

"Brother!" Hu Jing quickly pounced on him. "Are you alright?!"

Hu Lei's face looked as if he had just survived a disaster. He said: "Nothing happened. Dad told me a lot this morning. I remember everything."

"That's good." The stone in Hu Jing's heart was finally lifted. She looked at Jiang Yu triumphantly and said: "See that? I've already said that my brother is innocent. Even if we investigate, there won't be any results."

Jiang Yu looked at her, curled her lips, and asked: "Do you need me to congratulate you?"

Hu Jing was shocked by Jiang Yu's smile and she felt that there was more to Jiang Yu's words. Hence, she did not stay any longer and quickly left with Hu Lei.

Jiang Yu found the police officer who was interrogating Hu Lei and asked: "Hello, do you know what Hu Wei said to Hu Lei this morning?"

"Nothing much." The police replied. "He just told him something like 'If you stand straight do not fear a crooked shadow'. He also said that as long as he hasn't done anything bad, he won't not afraid of rumors."

When Jiang Yu heard this, she smiled slightly; "These are all fake. Hu Wei did not talk about these at all."

The police officer looked at Jiang Yu in confusion and asked: "How did you know?"

Jiang Yu raised a folder in her hand and said with a smile, "I'll show you the evidence immediately."

Chapter 1168 Eavesdropping

The police hesitated for a moment, but they still sent people to follow Hu Jing and Hu Lei. Once the situation turns, they would immediately arrest Hu Lei and bring him to justice.

He brought Jiang Yu and the rest to the lounge and said: "Alright, is there any evidence to prove that Hu Wei didn't say those words?"

Jiang Yu took out something similar to a speaker from her bag. However, it was a pocket-sized version and it was just right for her palm. She turned on the small speaker, and Hu Wei's voice came from it: "You prodigal, how could you fall into Jiang Yu's trap? Do you know that she already asked you about what happened back then when you were drunk? And they even recorded it!"

"She lied to me first, saying that she was treating me to a meal. After I went there, she kept forcing me to drink!" Hu Lei said unhappily. "I didn't know what she was planning. If I had known, I wouldn't have gone in the first place!"

Hu Wei was flustered and exasperated, "I've told you a long time ago. Just pretend that what happened back then never happened. And you, you haven't even forgotten about it after more than ten years, have you? I really didn't realize that you had such a good memory!"

"How would I dare to forget about that?" Hu Lei tried to defend himself. "Even if I was young and arrogant back then, now that I'm grown up, I know that I'll be put in jail if someone finds out about that!"

How can I forget? Even if you're going to help me out in the police station, you can't help me for the rest of my life!"

"You bastard! How much money did I spend on that stupid thing you did back then? How many favors I had to owe? In the end, Jiang Yu managed to dig out everything with a drink!" The more Hu Wei thought about it, the angrier he got. He really didn't know how he could raise such a useless son.

Hu Lei was also very unhappy after being scolded like that. He said: "If you have the time to scold me, why don't you think about how to solve this matter? You don't want me to be sentenced, do you? It's not good for your reputation."

"You're the one who caused this trouble, and you still need me to help you solve it?" Hu Wei was very angry, but he still had to help Hu Lei solve the problem.

"Remember, when the police question you later, just clench your teeth and say that nothing happened. Leave the rest to me, and I'll help you solve it."

"Dad, we're in Shanghai, not Yangcheng. Are you sure you can help me?" Hu Lei was a little worried.

If it was in Yangcheng, Hu Lei would definitely believe that Hu Wei would help him solve this problem without a second thought. But now in Shanghai, he was not sure if Hu Wei could have a good relationship with the police here.

Hu Wei said impatiently: "You don't have to worry about this. If I say I can handle it, then I can. Do you think I'm as useless as you?"

Hu Lei kept quiet and didn't dare to speak, but during the interrogation, he still did as Hu Wei said.

No matter what the police interrogated him about, he said that nothing had happened. As for the recording pen that Jiang Yu handed in, Hu Lei said: "I was drunk at that time and I didn't even know what Jiang Yu was asking! I just saw the same news on the internet a few days ago. I thought Jiang Yu was asking me about that news. Besides, how can you believe the words of a drunk person?"

He kept saying these words, and the police couldn't get anything more out of him, so they let him go.

After listening to the words from the speaker, the police officer's expression began to turn ugly. He first asked the people who followed Hu Lei to bring him back, then he looked at Jiang Yu. "Miss Jiang Yu, can you explain what this is? If it's a tapping device, it can't be used as evidence unless you have permission. Otherwise, not only will it not be used as evidence, but you may also be sent to prison for illegal tapping."

Jiang Yu handed the first document to the police and said: "I've already obtained permission. Here are all the procedures I've completed yesterday. You can take a look, so I'm legally collecting evidence."

The police officer opened the folder and briefly read through the contents. Then, he put away the small speaker and said: "Alright. Thank you very much for the evidence you provided, Miss Jiang Yu."

"You're welcome." Jiang Yu shook her head and pushed aunty Shen forward, saying: "This is the victim's mother from that case. When the trial begins, she can be there as a witness."

Chapter 1169 Using a Wicker Basket To Draw Water

Once again, Hu Lei was captured. He threw himself at the door of the cell and asked loudly: "What's the meaning of this? Didn't you just released me? Why are you bringing me back now?"

Hu Jing was also extremely afraid. She had already called a car with Hu Lei to go home, but a few plainclothes police officers appeared behind them and took him away for 'rape' again.

She quickly called Hu Wei and said: "Dad, my brother has been taken away again! Didn't you say you were going to settle this matter? Has it been solved yet?"

When Hu Wei heard this, he was also shocked. "What? How did your brother get captured again? Didn't you just say that he's been released?"

"Yes! But for some reason, he was captured again! Dad, quickly think of a way!" Hu Jing was so anxious that she was about to cry.

Hu Wei was still relatively calm. He said: "You go home first. I'll go and see what's going on."

After that, Hu Wei hung up the phone and rushed to the police station again.

After leaving the police station in the morning, Hu Wei had been trying to contact the police in the Shanghai police station, trying to get to know the deputy bureau chief and the bureau chief through them. As long as he could build a good relationship with them, this matter could be completely resolved.

Moreover, Hu Jing had called him to tell him that Hu Lei had been released and the two of them were on their way home.

Hu Wei was relieved and continued to concentrate on his plan. However, the plan was not even halfway through when Hu Lei was captured again.

Hu Wei quickly rushed to the police station. As soon as he entered, he asked loudly: "Where's my son? Didn't you already let him go? Why did you bring him back?"

He was very angry, but everyone in the police station was busy and had no time to pay attention to him.

The police officer who interrogated Hu Lei came over and said to Hu Wei: "We already have sufficient evidence for the case back then. Mr. Hu, you'll receive a court summon in three days at the earliest."

"What's going on? What evidence? What is the evidence you are talking about?" Hu Wei's face turned red with anger. "You say that the evidence is conclusive for no reason. Where is the evidence? It's only been one night, how could there be any evidence?"

The police patted his shoulder and said: "One night is enough. Mr. Hu, don't waste your time here. No matter how noisy you are, this case is already settled."

"I don't believe it!" Hu Wei shouted, "Unless you show me the evidence! Otherwise, I will never leave!"

"You're not the client, nor are you a lawyer or a prosecutor. We can't show you the evidence for the time being." The police officer shrugged and called for his colleagues. "I'm sorry, but we'll have to force you out."

With that, the men carried Hu Wei out of the police station and closed the door, not allowing him to come in.

No matter how Hu Wei shouted, it was useless.

Helplessly, Hu Wei could only go home and wait for the notice. To be on the safe side, he had even hired a lawyer in advance. If he could not prove that Hu Lei was innocent, he would help him get a few years off the sentence.

Three days later, Hu Wei received a summon from the court.

Hu Wei held the summons and gritted his teeth in anger. "This little bastard! You're really a piece of trash!"

"Dad, what's wrong?" Hu Jing asked, trembling. "You haven't been in a good mood since you came back. What had happened? Why don't you tell me!"

"Shut up! Both of you are useless, you are all trash!" Hu Wei said angrily, "One committed a rape crime and wants me to clean up the mess. The other is arrogant and domineering, fought with someone on a live broadcast and embarrassed me! I really regret raising you guys!"

"How could you say that!" Hu Jing was also angry.

However, Hu Wei didn't have the time to care about Hu Jing. The most important person was Hu Lei. No matter what he did, he had to protect Hu Lei.

He first picked up the lawyer he had hired and then went to the court with the lawyer.

Jiang Yu and aunty Shen were sitting at the plaintiff's seat, while Hu Lei, who was wearing a prison uniform, was standing below.

In just three days, Hu Lei had lost a lot of weight. His eyes were sunken and his face was full of stubble.

He looked like a homeless person.

Hu Wei sat down in the defendant's seat, suppressing his anger.

The lawyer on Hu Lei's side came up and stated a bunch of points. In the end, he concluded, "Without sufficient evidence, I hope you won't accuse him of any crime."

[Chapter 1170 Bear The Consequences](#)

Lawyer Tang wasn't to be outdone either. He displayed all the evidence he had gathered.

The other party's lawyer grabbed a sensitive opponent. "Eavesdrop? Do you know that this is illegal? Eavesdropping can't be used as evidence at all! And you're a lawyer, don't you know about this?"

He was smug, thinking that he had found the plaintiff's weakness.

In the end, lawyer Tang took out the eavesdropping application, walked to the man, and threw it on the table. "This is the procedure to apply for legal eavesdropping. You can take a look for yourself. You already said that I'm a lawyer, how could I not know about this?"

The other party was shocked and quickly took out the document to read it carefully.

Hu Wei also asked in disbelief: "Eavesdrop? When did that happen?"

Jiang Yu, who was sitting at the plaintiff's seat, said: "I'm really sorry, President Hu. When I was leaving the police station last night, I accidentally fell on you."

Only then did Hu Wei react. It turned out that Jiang Yu had already placed the wiretap on him at that time!

"Detestable! You're a despicable and shameless person!" Hu Wei was so angry that he cursed, "I've lived for so many years, but I've never seen someone as despicable as you!"

However, no matter how much he scolded, all the evidence was already laid out in the open. Therefore, Hu Wei only hoped that his lawyer could work hard and try to reduce Hu Lei's sentence.

However, before his lawyer could speak, lawyer Tang said: "Mr. Hu Wei, this case should have had a conclusion more than a decade ago, but at that time, there was insufficient evidence, so it was left unsettled. In the past three days, we've investigated all the police officers in the Yangcheng police station, including the one who took your money more than ten years ago and erased the evidence. They've been suspended and locked up. If you don't want to admit it, you can bring them here and let you confront them face to face."

Hu Wei was shocked again and looked at lawyer Tang in disbelief, "What? Police from Yangcheng?"

"That's right," lawyer Tang nodded, "In fact, we've also investigated your private life and found that you've had extramarital affairs, and you've had more than one partner. Your wife had a very serious heart disease. We even suspect that your wife had a heart attack because of your extramarital affair, and she eventually died."

The past of many years had been brought up and exposed under the sun. Anyone would be embarrassed and angry.

Moreover, there were also photographers taking photos. These images would eventually be sent to the highest institutions!

In this case, everyone knew how uncouth the Hu family was in the past, and Hu Wei could no longer keep his face.

"You're talking nonsense! Do you have any evidence?" Hu Wei shouted in anger.

Lawyer Tang took out another document and said: "We can investigate a lot of things in three days. Mr. Hu Wei, whether it's your extramarital affair, your son's rape case, or your bribing of the police, all of these things have conclusive evidence. You can't deny it even if you want to."

Hu Wei's breathing stagnated, knowing that it was all over.

Not only Hu Lei, but he and the entire Hu family were finished.

"Dad!" Hu Lei shouted, unwilling to give up. "Say something! Didn't you promise me that you'd help me solve this problem? Why did it end up like this?"

Hu Wei sat on the chair as if he was deaf, completely ignoring Hu Lei's roar.

After the trial, Hu Wei and Hu Lei were both detained.

Aunty Shen was sobbing, while Jiang Yu and lawyer Tang kept comforting her.

The case was over, and Hu Wei and Hu Lei would have to bear the consequences of their crimes. This time, the heavy burden of the Hu family fell on Hu Jing's shoulders.

However, she had never managed a company before, so all the work that she had to do would only be a mess. She had no choice but to ask the other uncles of the Hu family for help.

However, that group of people had been coveting the Hu group for a long time. Now that they had finally gotten the opportunity, they quickly divided the Hu group.

In the end, Hu Jing, who had nothing left, was even chased out of her home, completely becoming a homeless wanderer.

After thinking for a long time, Hu Jing decided to ask Sun Miao for help. However, Sun Miao had already seen the video of the court hearing online, so she was eager to distance herself from Hu Jing.

"Your family has encountered such things, you better stay away from me!" Sun Miao said, "Don't return that money to me. I'll be disgusted with bad luck! Don't contact me in the future and don't bring bad luck to me!"
