

Older Man 121

Chapter 121: Pretty Face Is Here

Jiang Yu shook her head. Yuan Zhen was smart enough to know that she couldn't attack her, so she used normal methods to add her as a friend.

Under the sunlight, Jiang Yu's face was as white as jade. It was so perfect that there wasn't a single flaw. Her eyes were watery, and every frown and smile were eye-catching.

She casually put her phone back into her pocket and agreed to the her invitation. After all, they were roommates, so there was no need to make things too difficult. It was already troublesome enough with Kang Xue and Li Lu. Jiang Yu didn't want to make any more enemies.

But when she walked to the acting department, she saw that the classmates who had treated her as an invisible person were all looking at her.

Today was a big unified class of the acting department. Everyone in the different classes was there including class one's class captain, Dai Zhu. Usually, Dai Zhu was very close to Li Lu, and she was also a loyal fan of Li Yue.

At this moment, Dai Zhu looked at Jiang Yu with disdain. "Yo, the pretty face is here."

Jiang Ran and Sun Miao could not help but smile when they saw this and walked over to watch the show.

For Sun Miao, as long as they could get rid of Jiang Ran, it would be enough. Their Sun family could also climb up to that family in the capital. There was no need to curry favor with Jiang Yu. Therefore, Sun Miao was all gloating.

Jiang Yu paused and glanced at Dai Zhu. However, she did not say anything. Instead, she casually walked to the empty seat in the middle row and sat down.

Dai Zhu thought that Jiang Yu was afraid and immediately walked over. "Jiang Yu, why don't you take a look at yourself? How can you compare yourself to the movie queen? I advise you to give up Mr. Mo."

Jiang Yu frowned and was about to say something when not far away, a girl stood up. "Our Jiang Yu didn't do anything wrong at all. The movie queen already said that it has nothing to do with Mr. Mo, yet you guys are still clinging on to this matter." The one who spoke was none other than the performance department's Class 8 student, Tian Guo.

Jiang Yu recognized her. She was also the leader of her fan club.

"Tian Guo, you have no right to speak here. You don't have the right to speak to the people in my class. Of course, Jiang Yu isn't worthy to be in our class. Back then, Jiang Yu relied on her connections to enter Class 1. She has completely disgraced our class. She doesn't know anything."

"That's right. I saw that the song she sang also relied on lip-syncing. She even did a decent job."

"This kind of person doesn't have the right to sit here. She should just stand and listen to the class."

“That’s right.”

Li Yue had too many fans. Just among the freshmen, half of them were Li Yue’s fans. Even the teachers used Li Yue’s performance as a classic example. All the students who studied acting had studied Li Yue’s acting skills and admired her.

Jiang Ran said to Sun Miao, “Just watch. Jiang Yu has stirred up a hornet’s nest. I think she will be kicked out of the classroom today.”

Especially Dai Zhu who was the class captain of class one. She looked at Jiang Yu arrogantly and said, “Why are you still not getting up? This is not a place for you to sit.”

When Tian Guo saw this, she was extremely anxious and wanted to come over to help. However, she was stopped outside by a few students and could not come over no matter how hard she tried.

Jiang Yu gave Tian Guo a comforting look and said, “You said that I don’t deserve to sit here? I remember that I was already ranked 20th in my freshman year of the Acting Department.”

Dai Zhu immediately said angrily, “Isn’t that just taking advantage of the Goddess’ fame?”

Thinking of this made her angry. Today, Jiang Yu’s ranking was actually not only 20th. 20th was last night’s ranking. This morning, Jiang Yu’s fans had increased by quite a bit, and she had already climbed to 15th place in the grade.

Because the fans of the best actress were all discussing Jiang Yu’s matter, many people paid attention to Jiang Yu. Originally, they had planned to scold her more conveniently.

Unexpectedly, Jiang Yu’s popularity continued to rise.

Now, Jiang Yu had more than a million fans.

These first-year students had not even debuted yet, so their number of fans definitely could not compare to Jiang Yu’s.

“Oh, you’re still not convinced? Then what do you want?” Jiang Yu said leisurely.. In order to avoid being constantly harassed by these people, she had to make them completely convinced.

Chapter 122: Don’t Dare To Compete

Class captain Dai Zhu said, “If you want to continue in class one, you have to show your strength. Don’t say that us Li Yue’s fans are unreasonable. How about this, if you can rank in the top ten of the class in the performance exam next week, I’ll acknowledge your strength. But if you can’t reach it, then scram back to class eight.”

The others quickly echoed, “That’s right. If you’re just a pretty face, then please scram out of class one immediately!”

“Could it be that you’re afraid and don’t dare to compete?”

Jiang Yu sneered, "There's nothing to be afraid of. But what if I get into the top ten of the class? What if you guys lose?"

Dai Zhu sneered, "How about this? Whoever you beat in the class, will stand up and apologize to you if she's a Li Yue fan."

The students in class one had been influenced by all sorts of arts since they were young. They were the best in the entire grade.

If Jiang Yu could enter the top ten, it meant that she had already entered the top ten of the grade.

However, based on their understanding of Jiang Yu, they felt that it was impossible for her to win against them.

The other classes followed and watched the commotion. Only class one had the confidence to make such a bet.

"Oh, then how many of our students are Li Yue's fans? Step forward." Jiang Yu narrowed her eyes and looked at everyone.

"I'm Wang Juan from class one. I'm Li Yue's fan."

"I'm Wei Hai from class one. I'm Li Yue's fan."

"And me..."

"Me too..."

Jiang Yu looked at Tian Guo. "Help me write down these names."

Tian Guo was initially worried that Jiang Yu would be surrounded and attacked by others. However, when she saw Jiang Yu's calm gaze, she was suddenly filled with confidence. She quickly took out a pen and paper and wrote down their names.

The more she wrote, the more frightened she became. She didn't expect Li Yue to have so many fans.

Actually, there were some who had only watched Li Yue's movies and were not loyal fans. But seeing that Jiang Yu was so easy to bully, they also reported their names and joined the army to resist Jiang Yu.

After writing their names, Jiang Yu smiled. "Seventeen. Alright, we'll wait for the results of next week's exam. If I don't make it into the top ten, I'll change classes. If I make it, then those who are ranked behind me will have to apologize to me!"

Dai Zhu didn't mind it. After all, she had always been the top student in the class, and it was impossible for Jiang Yu to surpass her.

"Don't talk big. You still want us to apologize? I think you can't even make it into the top fifty."

"What a joke. You're really boasting."

Jiang Yu ignored them and returned to her seat. She grabbed the backpack on the table and was about to take out her notebook when she realized something was wrong with the backpack.

Jiang Yu frowned and looked over. She saw something squirming in her backpack.

Under everyone's gaze, Tian Guo chose to sit next to Jiang Yu. When she saw Jiang Yu suddenly stop moving, she asked in surprise, "Jiang Yu, what's wrong?"

Immediately after, Jiang Yu's backpack started moving again.

Tian Guo was so frightened that her face turned pale. She jumped up and asked, "What's in there?"

The other students burst into laughter when they saw that they were indeed frightened.

"Oh, I didn't know that you were so timid. You were quite bold when you seduced other people's boyfriend."

"This is just a small gift for you," Dai Zhu sneered.

Jiang Yu turned to look at Dai Zhu and asked, "Did you ask someone to put the thing inside?"

"Yes, it was me." Dai Zhu crossed her arms as if she was watching a good show.

Jiang Yu turned around and stretched out her hand to pull her backpack and unzipped it.

"Jiang Yu, don't..." Tian Guo said worriedly.

But in the next second, everyone saw Jiang Yu grab a colorful snake from the inside with a calm expression. It was different from the snake in the dormitory. It was a poisonous snake. Although a bite from it wasn't fatal, it would be quite painful for several days.

Jiang Yu grabbed the snake's weak spot and frowned.

Chapter 123: Hacker Competition

Dai Zhu did not expect Jiang Yu to dare to catch a snake with her bare hands. She looked at Jiang Yu in shock.

Then, she saw Jiang Yu stand up from her seat, turn around, and look in Dai Zhu's direction. Then, she walked straight towards Dai Zhu.

Dai Zhu looked at Jiang Yu in horror. "Jiang Yu, don't come over."

Dai Zhu was the most afraid of snakes. That was why she thought of using snakes to attack Jiang Yu.

But now, when she saw Jiang Yu walking towards her with a cold glint in her eyes, and the snake's tail was still casually twisting, it was indescribably frightening.

Jiang Yu took a step forward.

Dai Zhu took a step back.

In the end, Dai Zhu's back was pressed against the wall behind her. Her face was already pale, and her lips trembled as she said, "You... you can't treat me like this. I'm the class captain, I..."

But in the next second, Jiang Yu had already raised the snake in front of her. "The snake is so cute, why are you afraid of it? Since it's a gift from you, you must like it very much. Why don't you play with it first?"

After saying that, Jiang Yu placed the snake on Dai Zhu's shoulder.

The snake gained its freedom and began to crawl around Dai Zhu's shoulder. It went from her left shoulder to her right shoulder.

Dai Zhu felt her entire body stiffen. She didn't dare to move at all.

"Help! Someone save me! Quickly take it away from me!" Dai Zhu shouted at the top of her lungs, but no one dared to go forward.

The onlookers could tell at a glance that the snake was poisonous. It would be troublesome if they were bitten.

Dai Zhu knew thus very well and she was scared to death.

Jiang Yu curled her lips. At such a close distance, she clearly felt the fear that Dai Zhu was exuding.

"Oh, so you are afraid of snakes!" She said coldly. She had brought this upon herself.

Jiang Yu smiled and walked to her seat. She flipped open her notebook and looked relaxed.

Then, Dai Zhu's painful cry came from behind. "Ah!"

"Class captain!"

"Send her to the infirmary quickly."

"Class captain, don't worry. This snake isn't fatal, but the poison will hurt a little. It'll swell up a lot."

The people on the other side were very busy. A few people escorted Dai Zhu away.

Tian Guo didn't expect Jiang Yu to not fall into a disadvantageous position despite facing so many people. She couldn't help but look at Jiang Yu in admiration.

As expected of the artiste she liked.

As Dai Zhu was the one who had asked someone to bring the snake to school, she was in the wrong first, so the matter was eventually settled.

However, Dai Zhu didn't come to class later and went back to the dormitory to recuperate, so she didn't appear in class. The other students didn't dare to provoke Jiang Yu for a moment.

After school, Jiang Yu had just walked out of class when she saw computer fanatic Yuan Zhen.

"Jiang Yu, I can do it."

Yuan Zhen saw Jiang Yu coming out with her backpack and immediately took it, quickly carrying it on her shoulder.

Behind Jiang Yu, a classmate exclaimed, "Isn't that the computer genius Yuan Zhen? Why is she so good with Jiang Yu?"

"Isn't Yuan Zhen a loner? Why is she carrying Jiang Yu's backpack?"

"Did you guys forget that they are roommates?"

"But this is too unbelievable. That is the ice queen Yuan Zhen."

The unattainable senior of the computer science department was actually being so careful towards Jiang Yu.

Jiang Yu didn't know whether to laugh or cry. "I'll carry it myself."

"No, I'll can carry it. Let's go and eat first. I have something to tell you. You will definitely be interested," Yuan Zhen said confidently. With Yuan Zhen leading the way, the students who originally wanted to cause trouble for Jiang Yu no longer dared to approach.

Yuan Zhen was the goddess of the computer science department. If one offended Yuan Zhen, they would become enemies with all the students in the computer science department.

Yuan Zhen was the faith of the computer science department.

They arrived at the school cafeteria.

Jiang Yu sat with Yuan Zhen. While they were eating, Jiang Yu said, "Tell me, what is it?"

Yuan Zhen lowered her voice and said, "I want to invite you to participate in the international hacker competition."

"Not interested." Jiang Yu said lightly..

Chapter 124: Miracle Doctor

Yuan Zhen was dumbfounded. "This is a good opportunity for international exchange of technology. Moreover, if we get first place, we will get 100 million US dollars. The two of US can join in together. If we win, you can take all the prize money. I'm just going to learn some experience." Yuan Zhen's eyes were shining.

Jiang Yu paused when she heard that. "What did you say? How much is the prize money?"

"100 million US dollars."

Jiang Yu had already donated all her money previously.

Her finances had been a little tight recently. Moreover, after the stock market turmoil at the Mo group, it suddenly occurred to Jiang Yu that she needed to strengthen her own power. Jiang Yu came up with the idea of an investment company, but it would require a large amount of capital.

And now, 100 million US dollars was a pretty good starting capital.

“Alright, I’ll participate!” Jiang Yu let out a sigh of relief. Yuan Zhen’s eyes immediately lit up as she grabbed Jiang Yu’s hand.

“Jiang Yu, then we’re allies. We can exchange computer technology together in the future.”

She was already eager to try.

The International Hacker competition invited hackers to participate anonymously. They would probe the system they were trying to conquer from afar. The final prize would also be paid through virtual currency.

On one hand, it allowed hackers to continue hiding their whereabouts. On the other hand, it allowed them to participate freely. After all, some hackers did not want their real identities to be known by others.

“Boss, can you send me the improved security system you improved yesterday? I want to study it.” Yuan Zhen accompanied Jiang Yu as they walked towards the dormitory.

Jiang Yu said, “I’ll send it to you.”

“That’s great.”

At this moment, Jiang Yu noticed that there were quite a number of people surrounding the entrance of the elite female dormitory not far away.

“Zhuo Zheng seems to be inside.”

“I heard that Zhuo Zheng came to the school to choose the female lead in the music video. Could it be that he has taken a liking to the people in the female dormitory?”

“I don’t know. He seems to have entered with Jiang Li from the medical family. Could it be that he wants to find Li Lu to be the female lead in the music video?”

Outside, there were many Zhuo Zheng fans surrounding the door. They really wanted to see their idol.

However, they couldn’t enter because they didn’t have a key card.

At this moment, Jiang Yu and Yuan Zhen walked over.

A few Zhuo Zheng fans looked at Jiang Yu with jealousy.

They almost forgot that Jiang Yu lived here.

“Jiang Yu found an opportunity to stand with big brother again. How atrocious.”

“Last time, Jiang Yu stole brother’s limelight. Yet she still has the face to appear in front of brother!”

Jiang Yu stood silently at the door. Yuan Zhen took out the access card and opened the door.

The few fans were immediately envious. They quickly said, “Jiang Yu, can you let me in?”

Jiang Yu glanced at that person. “Outsiders are not allowed in. Thank you.”

After saying that, she slammed the door shut.

The fans outside were so angry that their eyes turned red.

They actually allowed Jiang Yu to stay with their idol again. Damn it.

That scheming woman. They hoped that she would not bewitch her brother as well.

In the hall, an old man was giving Zhuo Zheng a checkup while Jiang Li stood at the side to study.

Zhuo Zheng's assistant looked nervously at old man Jiang and said, "Miracle doctor, we only have less than a month left. When that time comes, there will be a national tour. Can his voice recover before then?"

Miracle Doctor Jiang frowned. "According to the prescription I wrote, it will take a month and a half to recover. Before that, it's best not to sing."

"A month and a half?" The assistant said regretfully. "If that's the case, the concert can only be canceled first."

Zhuo Zheng's expression was also unsightly.

He did not reveal the fact that his voice was uncomfortable. He had come to school under the pretext of recruiting a female lead in a music video. He did not expect that even Miracle Doctor Jiang would not be able to cure him so quickly.

Jiang Yu looked at the people in the hall and knew in her heart that Zhuo Zheng did not believe her at all. That prescription had been written in vain.

When Jiang Li saw that Jiang Yu had returned, he immediately said, "Jiang Yu, you came at the right time. My grandfather has very high attainments in medicine. I did not even detect the cause of your illness last time.. You can ask my grandfather to take a look at you."

Chapter 125: The Prescription Was Real

The Miracle Doctor immediately looked at Jiang Yu. Was it a difficult and complicated illness? His interest was immediately piqued. "Oh, what are the symptoms? Come over and let me take a look."

The Miracle Doctor had already written a prescription and handed it to Zhuo Zheng's assistant.

At this moment, he was somewhat interested in Jiang Yu. Even Jiang Li could not find out the cause of the illness. It should be a rare illness.

The Miracle Doctor was obsessed with medicine, so he naturally would not let it go.

However, Jiang Yu smiled and said, "Old Sir, you misunderstood. I'm not sick. Last time, it was because of psychological reasons that I had similar symptoms."

Jiang Li blinked and said, "So, last time, your face was pale and your body was cold. Was it because of psychological reasons?"

Jiang Yu nodded and said, "Thank you for your kindness, but I can only rely on myself to overcome my mental illness."

Jiang Li heaved a sigh of relief. She had thought that Jiang Yu had contracted some kind of terminal illness, but from the looks of it, it was not a big deal.

Jiang Yu thanked Jiang Li. She was surprised that Jiang Li was so enthusiastic.

Yuan Zhen had already returned to her room to work on the software. Jiang Yu was about to leave when she suddenly heard Zhuo Zheng's assistant say, "Eh, why does this prescription look so familiar? It's similar to the one last time, except there's one ingredient that's different."

Miracle Doctor Jiang's interest was immediately piqued. "What did you say? Someone wrote a similar prescription?"

The assistant looked at Jiang Yu, who was about to leave, and said with a strange expression, "It was written by this Miss Jiang. However, there's one medicine that's different. Miss Jiang said that it can heal in a week. I thought it was just a random prescription."

However, how could a random prescription be so similar to what the Miracle Doctor wrote?

Miracle Doctor Jiang's eyes flashed. "Miss Jiang, can you tell me which medicine is different from yours?"

Moreover, to say that it could be cured in a week was too arrogant.

However, Miracle Doctor Jiang was still interested in Jiang Yu. He really wanted to know how Jiang Yu wrote it.

Jiang Yu walked over, picked up a pen, and added a name beside one of the medicines.

The Miracle Doctor immediately picked it up and took a look. His eyes immediately lit up. "According to this prescription, he can indeed recover within a week. You actually thought of using this medicine. You're practically a medical genius."

If the Miracle Doctor was to think of it himself, he might have only thought of this medicine after a period of trial and error.

But Jiang Yu actually wrote it out directly.

If it wasn't for her extremely high talent, it would be impossible for her to have such capability.

"Old Sir, what did you say? With this prescription, he can recover in a week."

The Miracle Doctor said, "That's right. The prescription that I wrote is a more stable method, but Miss Jiang's prescription is a different path. It can indeed achieve the effect of recovery in a week."

Hearing this, Zhuo Zheng looked at Jiang Yu in shock. The prescription that Jiang Yu wrote the last time was actually real, and it was actually better than the Miracle Doctor's prescription?

Jiang Yu casually waved her hand. "I just saw the same symptoms and treatment methods in an ancient medical book. It's nothing."

Zhuo Zheng said, "Jiang Yu, I owe you a huge favor this time. How about this? I'm currently lacking a female lead in my music video. I don't know if you're willing to work with me."

Jiang Yu blinked. "A huge favor in exchange for a female lead? I seem to be at a loss."

Zhuo Zheng was stunned for a moment before he said, "In the future, if there is anything that you need, I will not hesitate."

"That's more like it. Then you can confirm the time with my manager."

After saying that, Jiang Yu prepared to leave.

The Miracle Doctor and Jiang Li were enlightened. It turned out that Jiang Yu had memorized the prescription from an ancient book.

The Miracle Doctor asked, "Miss Jiang, may I ask where you found that ancient book?"

The Miracle Doctor had never read such a medical book before.

Jiang Yu said casually, "I accidentally bought it from a second-hand book. I don't know where I left it now."

"That's a pity." The Miracle Doctor looked at Jiang Li and said, "Girl, I have something to take care of. I have been studying the leg nerves recently. I'm going to see my other patient.."

Chapter 126 - Just Returning The Favour

"Goodbye, grandpa." Jiang Li sent the old man out.

Zhuo Zheng also walked out. Li Lu happened to walk in from outside. When she saw Zhuo Zheng, her eyes lit up.

She heard that Zhuo Zheng was going to choose her as the female lead in the MV.

Li Lu immediately stepped forward. "Brother Zhuo."

Previously, when Li Yue and Zhuo Zheng acted in a movie together, Li Lu had already seen Zhuo Zheng.

Zhuo Zheng smiled and said, "Li Lu."

Li Lu said excitedly, "I heard you have yet to find a female lead for your MV, so..."

Zhuo Zheng interrupted her, "Oh, just now, I have already found an actress."

"Who is it?" Li Lu thought that he was going to say her name.

But the next second, Zhuo Zheng's assistant said, "It's Miss Jiang Yu. Her image and temperament are very suitable."

Li Lu, who was secretly excited, froze. "What? Jiang Yu?"

Outside, Zhuo Zheng's fans were all saying that he was going to choose her. How did it become Jiang Yu again?

Could it be that Jiang Yu took advantage of her absence to steal her role?

Li Lu's expression instantly changed, but Zhuo Zheng was already prepared to leave.

When the fans outside saw Zhuo Zheng coming out, they immediately exclaimed in surprise.

"Brother Zhuo Zheng!"

"Oh my God, I actually got to see Zhuo Zheng in person at school."

"Zhuo Zheng is so handsome!"

"Brother Zhuo Zheng, have you chosen the female lead for your music video?" Other actors who wanted to play the female lead could not help but ask.

Zhuo Zheng smiled and said, "I've already chosen it."

Instantly, some people revealed disappointed expressions.

"Oh, is it Li Lu?" The fans said. With Zhuo Zheng's friendship with Li Yue, it was understandable for him to give Li Lu a chance to play the female lead in a music video.

"No, it's Jiang Yu," Zhuo Zheng said.

For a moment, the fans fell silent.

Jiang Yu, how could it be her?

"But didn't Jiang Yu have a feud with Li Yue? Why did you choose her?"

Zhuo Zheng frowned. Thinking about how Jiang Yu not only sang well, but also composed music and helped him a lot, Jiang Yu didn't seem like a person with a bad character no matter how he looked at her.

In the midst of the conflict, Zhuo Zheng could only say, "This is just a business collaboration."

After saying that, Zhuo Zheng left with his assistant.

Zhuo Zheng's fans looked at Zhuo Zheng's back in surprise. They were secretly guessing that their idol had also been seduced by that Vixen.

It shouldn't be. Zhuo Zheng was focused on music. It should only be a business collaboration.

Very soon, the matter of Zhuo Zheng partnering with Jiang Yu to shoot a music video was spread on the Internet.

"It can't be, brother is actually partnering with Jiang Yu again!"

"The limelight was stolen last time, don't you understand?"

"Sigh, I really hope that the female lead has a clean background."

On the other side, the movie queen Li Yue had just finished filming a scene.

When she walked down, she saw her assistant hesitating to speak.

"What's wrong?" Li Yue asked.

The assistant replied, "Just now, there was news on the Internet saying that Jiang Yu is going to collaborate with Zhuo Zheng to shoot a music video."

Li Yue frowned when she heard that. "Why would Zhuo Zheng invite her?"

The assistant replied, "I heard that it's just a business collaboration. Perhaps he thinks that her image is more suitable. Don't think too much about it."

After all, Li Yue and Zhuo Zheng were still good friends who kept in touch.

Li Yue frowned and couldn't help but send a message to Zhuo Zheng. She probed, "You have a good relationship with Jiang Yu?"

On the other side, Zhuo Zheng replied, "She helped me once before. I'm returning the favor."

Li Yue heaved a sigh of relief and immediately replied, "That's good. She stole my boyfriend. I don't wish for you to have too much contact with her."

Zhuo Zheng replied, "I know. I'm just returning the favor."

Li Yue smiled and said, "Alright, I still have to continue filming. I'll treat you to a meal next time we meet."

So it was just returning the favor. Li Yue sneered. She heard that her fans had been targeting Jiang Yu recently. Jiang Yu must have had a hard time and her career must have been rough.

That's good.

Chapter 127: Such Great Mastery

In the evening, Jiang Yu packed her things after school and headed to the nearby apartment.

Every once in a while, Jiang Yu would return to the apartment to treat Mo Long's leg injury.

At the same time, an old man was preparing to check on Mo Long's injury.

"I've recently researched some medical books on nerves. With my method, your leg injury can be healed much faster."

Old Mr. Jiang said and went to check Mo Long's injury.

A year ago, old Mr. Jiang treated Mo Long once, but the effect was minimal. That was why he had been thinking of ways to improve his ability in this area. Finally, after looking for all kinds of information, he found the best treatment method in a certain Chinese medical book. He found the best treatment method.

This time, he came to see his granddaughter. The old man found out that Mo Long happened to be in Hu city, so he took the initiative to visit him to try the latest treatment method.

"Sir, take a look at President Mo's leg. How is it? It has improved a lot recently," Teng Yi hurriedly asked from the side.

The old man carefully looked at the injury and suddenly said in puzzlement, "Eh, how come I haven't seen you for a year, but your leg disease has almost recovered?"

Could it be that this injury could automatically recover?

It must be known that the medical community was helpless with Mo Long's injury. Many people had studied it for a long time, but they could not find a way to cure it.

How come Mo Long's injuries were almost healed after a year?

Elder Jiang clicked his tongue in wonder.

"Old Sir, President Mo's leg healed so quickly because of acupuncture."

Elder Jiang raised his eyebrows. "Oh, who is it? They actually thought of the same method as me."

This time, elder Jiang also planned to use acupuncture. Even the silver needles were brought over.

Teng Yi glanced at Mo Long and knew that President Mo didn't want Miss Jiang to study medicine. Although it was a pity, he still hid this matter. "It's a person who self-taught medicine. It's not convenient to reveal her name."

Elder Jiang exclaimed, "There's actually such a person with such amazing mastery?"

At this moment, there was a knock on the door from outside.

Teng Yi went to open the door and Jiang Yu walked in.

Jiang Yu saw that elder Jiang was actually here, so she raised her eyebrows in surprise. Then, she casually walked to Mo Long's side and didn't disturb them.

Elder Jiang saw that Teng Yi didn't intend to say that person's name, so he could only change the topic.

He took out a silver needle and treated Mo Long's leg.

After Jiang Yu saw it, a glint flashed in her eyes before it quickly disappeared.

Teng Yi also looked at Jiang Yu in shock. He did not expect that the method elder Jiang used was exactly the same as Jiang Yu's procedure.

After elder Jiang finished the treatment, he saw that Teng Yi was petrified on the spot.

Mo Long also looked at his leg with a complicated expression.

He did not expect that Jiang Yu's treatment method was exactly the same as the method elder Jiang had been thinking about for so long.

So, Jiang Yu's medical skills were already on par with elder Jiang's?

With this thought in mind, Mo Long looked at Jiang Yu, who looked calm and composed as if she did not have any emotional fluctuations. She was absolutely stunning! It was just a pity. No matter what, Mo Long did not want Jiang Yu to walk the path of a doctor.

"Alright, I will be returning to the capital soon. Since that self-taught doctor can help you to this extent, I believe that with her around, your legs will recover very quickly!"

Elder Jiang was extremely curious. He suppressed his excitement and had no choice but to say goodbye to Mo Long.

After elder Jiang left the house, he immediately took out his phone and called Jiang Li. "Girl, help me keep an eye out for any self-taught doctors in Hu city who knows acupuncture."

"Grandpa, why are you looking for this person?"

"Just keep an eye out for me. Remember to inform me when you find her." Elder Jiang's eyes were filled with excitement.

At this age, he was already standing at an extremely high position in the medical world. It was very difficult to find someone who could stand shoulder to shoulder with him.

But today, elder Jiang actually found out that someone had such high attainments.. It would be a lie if he was not curious.

Chapter 128: Found You

"Why didn't you tell me you were bullied at school?" Mo Long said to Jiang Yu after the miracle doctor left.

The bet between Jiang Yu and Dai Zhu, the class captain of the acting department, had been widely discussed in the campus forum.

Jiang Yu was Mo Long's girlfriend, so someone relayed the matter to Mo Long.

"That Dai Zhu, do you want me to expel her directly so that she won't bother you again?"

Mo Long said with an indifferent expression, "Kill the chicken to warn the monkey."

Such a small thing could be solved with just one word from him.

Jiang Yu smiled indifferently and said, "No need. I will make her completely convinced."

Mo Long raised his eyebrows. When he thought about how Jiang Yu wanted to get into the top ten of the grade in the acting exam, Mo Long immediately laughed. "The top ten is too little. I think that you can get first place. They have underestimated you."

Jiang Yu put her hands in her pockets and reached out to push Mo Long's wheelchair. She smiled and changed the topic. "What are we eating tonight?"

...

In the most prosperous area of Hu City, the most luxurious shops were located here.

Ordinary people who passed by here would feel ashamed of their inferiority, because many of the goods here were sky-high prices for them.

It was something that they could never afford in their lifetime.

A young man, wearing tattered clothes and looking tired, parked his electric scooter in front of a five-star restaurant. He then opened a bottle of mineral water and began to drink.

Just then, he happened to see a luxury car stop beside him.

The young man suddenly had the mentality of hating the rich, and looked at the car with grief and indignation.

Why was it that other people were born so well, but he had lost his parents when he was very young and had to work hard on his own.

At this moment, the door of the luxury car opened and a man and woman dressed fashionably and elegantly walked out.

The people around immediately began to discuss animatedly.

“Look, that’s Jiang Yu who stole the movie queen’s boyfriend!”

“Oh my God, she’s too amazing. She can actually be Mr. Mo’s girlfriend. She won’t have to worry about food and clothing in the future.”

When the young man by the roadside heard this, he was suddenly stunned. He hurriedly asked a passerby, “What did you say? Her name is Jiang Yu?”

“Yeah, you don’t know? Recently, there has been a commotion on the internet. You’ll know after you check it out.”

The young man’s face immediately lit up. No wonder he felt that the noble young lady from before looked somewhat familiar. It was actually Jiang Yu.

He glanced at the entrance of the five-star hotel and a greedy arc flashed across his eyes. “Sister, I’ve finally found you.”

Back then, he and Jiang Yu had been kidnapped by human traffickers, and later, both of them had been adopted by human traffickers.

Jiang Yu’s panda blood was useful, and he had been kept because the human traffickers were unable to have children, so they wanted to keep him as their own son so that they could retire in the future.

Now... he could finally see Jiang Yu again.

...

Green Vine University.

When Jiang Yu had recently arrived in class one, because Dai Zhu wasn’t around, the other fans of the movie queen had lost their backbone. They would only gossip about Jiang Yu behind her back.

They didn’t dare to provoke her directly.

“Look at how serious she is studying. Can she understand it?”

"It's useless to cram at the last minute. When the performance exam comes, she will definitely be at the bottom."

Jiang Yu was reading seriously. A student hurriedly passed by and happened to knock her book onto the ground.

"Sorry." The student picked up the book and took a quick glance at it. She exclaimed, "It's not an acting book!"

The fans of the movie queen immediately came over. When they saw the title of the book, it was actually a psychology book. They immediately sneered.

"Looks like she gave up. I thought she was reading an acting book!"

"Aiya, she pretended to be so serious. I thought she was working hard. It turns out she was reading something else."

Jiang Yu took the book back and glanced at the students who were watching the show. She waved the book in her hand and said with a smile, "I can still beat you even when I read psychology books, Do you believe me?"

The others immediately shook their heads. "Tsk, who doesn't know how to boast?"

In fact, Jiang Yu read psychology books in order to find a cure for her hemophobia..

Chapter 129: Knocking On Her Door

Jiang Yu had not been reading much about neurology recently. After all, Mo Long had already recovered very quickly.

Hence, she began to look for a breakthrough point in her hemophobia. Moreover, she had basically read all the books in the acting department. The rest of the content was the same. Reading psychology books would also make it easier for her to figure out the characters.

However, Jiang Yu did not explain her thoughts to them. Instead, she continued reading.

At noon, Jiang Yu returned to the elite dormitory to rest.

However, she discovered that Jiang Li was talking to a few of her classmates in the hall. "Your family is studying medicine. Have you heard of a person who is very good at neurology recently? I heard that this person is self-taught, but her medical skills are very good. She is also good at acupuncture."

Elder Jiang was the one who informed Jiang Li about this and asked her to help find this person.

"Jiang Li, no matter how good she is, can she be as powerful as your grandfather? Why are you looking for her?"

"A man or a woman? It's really difficult to find someone with only this much information."

"I've never heard of this person."

Jiang Yu paused and stood there listening for a while. Then, she heard Jiang Li say, "I don't know why either. Grandfather is looking for this person! Help me keep an eye out for her."

"Alright, we understand."

A few people from the medical department got up and left.

Jiang Yu greeted Jiang Li and was about to go back to her room to rest.

Jiang Li quickly said, "Oh right, Jiang Yu, did you have a hard time reading the neurology books you read last time? I found some more basic books for you."

As she said that, Jiang Li took out a few books. "Take a look."

Jiang Yu shook her head and said, "I don't read books on this subject anymore."

"Eh? Then what are you reading now?" Jiang Li was surprised.

Then, Jiang Li saw Jiang Yu waving the psychology books in her arms.

Jiang Li suddenly understood. "Oh right, you said last time that your illness was psychological. No wonder you wanted to read psychology books."

Jiang Yu nodded and entered the room.

When Jiang Yu came out of the room after resting, she happened to see Jiang Li sleeping on the sofa outside. She was obviously halfway through her studies and was so tired that she fell asleep immediately.

When Jiang Yu passed by, she saw the draft paper on Jiang Li's desk. She was trying to solve a complicated medical problem repeatedly, but she could not solve it clearly.

It was obvious that she was trapped by this question.

Jiang Yu thought for a moment and returned to the room. She took out one of the medical books and placed it on Jiang Li's desk.

She even deliberately flipped it open on a page.

Then, she left the dormitory.

At the same time, Jiang Li woke up. When she saw the book on the desk, she immediately picked it up in puzzlement.

"Eh, who put the medical book here?"

But, very soon, her eyes turned and she immediately exclaimed, "So that's the reason. No wonder I haven't found the main point."

The question that Jiang Li hadn't understood just now suddenly became very clear after she saw the contents of the book.

Very soon, Jiang Li wrote the answer.

Then, she asked in confusion, "Eh, who put this medical book here?"

And it happened to be on the page where she needed the knowledge?

Could it be that a senior sister had come just now?

Jiang Li would never have thought that Jiang Yu would leave the book to her.

After all, in her eyes, such a complicated medical problem was not something Jiang Yu could come into contact with.

Shaking her head, Jiang Li did not dwell on this matter anymore. She quickly packed her things and went to school.

At the same time, when Jiang Yu returned to class one, she saw that everyone in the class was gathered together.

"You said you're Jiang Yu's brother?"

"Eh, it doesn't look like it. But why are you dressed in rags?"

Suddenly, a voice filled with grievance sounded, "My sister and I were separated when we were very young. We were adopted by the same family together. Later, something happened and we were taken away by different orphanages. We haven't been in contact since."

"Aiya, so you and Jiang Yu were once a family."

Chapter 130: Get Lost Immediately

The students on the other side were chattering.

A youth dressed in tattered clothes had suddenly appeared. He said that he was here to look for Jiang Yu.

Everyone surrounded him out of curiosity and inquired about the situation.

They had not expected that this person would be Jiang Yu's brother.

Very soon, someone shouted, "Jiang Yu is here."

"Jiang Yu, your brother is here to look for you!"

"Poor you. After being separated for so long, I've finally found you!"

The crowd dispersed.

Jiang Yu looked over in confusion and saw a 20-year-old youth sitting upright on a chair.

The youth raised his head and shouted excitedly at Jiang Yu, "Sister."

Jiang Yu subconsciously took half a step back. A look of disgust flashing in her eyes.

Her face was already filled with intense anger. "What are you doing here?"

Chen Jin was a child who had been adopted by human traffickers just like Jiang Yu.

However, when she saw this face, Jiang Yu felt extremely disgusted.

"Little sister, I saw your news on the TV and knew that you are doing very well. I wanted to come and see you." Chen Jin's eyes were filled with a sincere smile.

"No matter what, we were once a family, right? Jiang Yu, I know about your situation. How could I not come and look for you?"

However, this sentence had a different meaning to Jiang Yu.

"Get out of school right now!" Jiang Yu said in a low voice.

Her entire body exuded a cold and solemn aura.

The other students immediately said, "Jiang Yu, how can you be so inhumane? No matter what, you were once a family. Now that your brother finally found you, you actually turned against him?"

"Even if you're not related by blood, you should at least have supported each other before. I heard that your family was poor when you were young, and he often took care of you when you were sick."

"This is because your brother is not doing well now so you don't want to acknowledge this poor relative anymore, right?"

"As expected, Jiang Yu's character is really problematic. She stole someone's boyfriend and even treated her own family like this."

The students did not expect Jiang Yu to chase away her brother, who had gone through so much effort to find her. They were all filled with righteous indignation.

Chen Jin sat on Jiang Yu's seat and watched as Jiang Yu was surrounded by the students.

Jiang Yu only felt that Chen Jin's seat was dirty.

"Are you going or not? !" Jiang Yu saw that Chen Jin was still shamelessly staying there. She immediately found a broom from the corner and threw it at Chen Jin's face. He was pretending to be honest.

"Aiyo, sister, why did you hit me? !"

"I'm here to give you something. This is a gift I bought for you!"

"Don't hit me, don't hit me."

Chen Jin wailed as he left the classroom.

His hand was hurt by Jiang Yu's merciless attack.

"Don't let me see you again. Get out of the school right now!" Jiang Yu narrowed her eyes and shouted in a deep voice.

This was the person who had been guarding the door of the room where she had been imprisoned all those years ago. He didn't let her out until almost all of her blood was drained and she nearly died.

How dare such a person claim to be his own brother?

Dream on!

When Chen Jin's adoptive parents had been sent to prison back then, he had been sent to an orphanage because he was too young.

Jiang Yu had thought that she would never see him again in this lifetime.

She did not expect...

When Chen Jin saw Jiang Yu's furious expression, a cold glint flashed across his eyes. However, it was quickly replaced by sadness. "Sister, did you vent your anger on me because our adoptive parents did not treat you well? Actually, I was young at that time. I was also adopted and did not know anything. Moreover, we used to depend on each other. How can treat me like this after you're rich?"

When Jiang Ran and Sun Miao heard the commotion, they walked over. When they heard Chen Jin's explanation, Jiang Ran's eyes lit up. She knew that Jiang Ran had once been adopted by human traffickers. She did not expect that Jiang Yu had an older brother at that time.

This was really interesting.
