Chapter 1212 Who Was It Who Had Plastic Surgery?

After saying that, Lanna took her things and ran away quickly.

He was afraid that Jiang Yu would see through his thoughts if he stayed there for another second.

Jiang Yu looked at Lanna's back as she ran away. She didn't know whether to say that she was scheming or stupid.

Because the program's recording took a long time, it was already quite late by the time it ended.

It was the first time Jiang Yu felt that recording a variety show was such a tiring thing. She had clearly enjoyed recording variety shows in the past, but this variety show was just boring.

She returned to the Mo garden, washed up, and lay down to rest.

In the next few days, the "plastic surgery incident" did not spread again. Although there was still a trend of increasing popularity, it was no longer like a few days ago, when it was the first or second most popular.

Lanna had been very well-behaved in the past few days and hadn't made any big moves.

Jiang Yu originally wanted to see what kind of tricks Lanna could come up with, but seeing that she had given up just like that, the little bit of interest in her heart disappeared. "Send those photos to the studio and let them make a statement saying that Lanna used her own photos to frame me for plastic surgery," she said to sister Xia.

"Alright," he said. Sister Xia quickly sent all the photos to the studio and explained Jiang Yu's request.

The studio staff had been waiting for this moment for a long time. They had long disliked Lanna, and now that they could fight back, they were more and more motivated.

After Jiang Yu's studio's statement was released, it quickly gained tens of thousands of views.

This was because everyone had been silently paying attention to this matter. Even if no one discussed it openly, their attention was still on this matter.

At this time, Jiang Yu had released a statement about Lanna's plastic surgery, so it would definitely set off a lot of heat.

Moreover, everyone was very confused now. They didn't know who the person who had plastic surgery was.

The confused onlookers only had one opinion on this matter: "I don't get it anymore. Who's the one who has plastic surgery?"

"Some people said it was Jiang Yu, and Jiang Yu said it was Lanna. She even said that Lanna framed her. What's going on? Are they biting each other?"

"My brain capacity isn't enough. Who's the real one and who's the fake one?"

Jiang Yu's fans, on the other hand, said, "we already knew that the best Actress would never have plastic surgery! Even if she really had plastic surgery, she would definitely admit it openly! I definitely won't hide it."

"That's why our movie queen is a natural beauty. We won't accept any rejections!"

"She obviously didn't have plastic surgery. I don't know who's the one who's jealous and slandering our Movie Queen. Oh, it's Lanna. Isn't she the one who had an ugly impromptu dance? It's fine then."

I don't understand why Lanna's company is supporting her. Other than her good looks, she doesn't have any other good points.

Lanna's fans were extremely angry. Not only did they quarrel with Jiang Yu's fans, but they also went to Jiang Yu's post and threatened to quarrel with Jiang Yu herself.

"Do you really think you're so great just because you got the Movie Queen award? Our Nana is pretty and can sing well. You're just jealous of our Nana, so you framed her for plastic surgery!"

"Didn't I just say some unpleasant things to you during the recording? Can't you be more generous and give in to our Nana? You also know that you're the movie queen, so why are you still so petty?"

"I think those pictures of yours are all fake, right? Isn't this the same as the picture that said you had plastic surgery? Other than the different signature, tell me, what else is different?"

"When others say that you have plastic surgery, you say that it is a false accusation. We can understand why you are angry. But Nana didn't do anything, and she's not the one who framed you. Why do you have to turn the blame on her? I used to think that you're pretty and nice, but now I understand that you're a scheming person!"

They quarreled so much that both sides stuck to their own arguments, and both felt that they were in the right.

However, only Jiang Yu's side responded. Lanna's side did not respond for a long time.

As time passed, everyone began to notice that something was wrong. However, before the truth came out, none of them could say who was the one who had plastic surgery.

Sister Xia looked at the comments and sneered. "If it weren't for their profile pictures and IP addresses, I would have thought that they were fake reviewers that Lanna had paid for."

Chapter [Chapter 1213 Cling To The Rich And Powerful](#)

After all, fake reviewers were common in the entertainment industry. If Lanna's company really wanted to help Lanna solve this incident, it was a small matter to spend money on fake reviewers.

"It seems like Lanna's company still values her a lot," Jiang Yu said with a smile.

"I really don't understand. There are so many artistes under star feather company. Whether they're acting or singing, there's a large number of them. There are countless people who are prettier and more talented than Lanna. Why does star feather company have to focus on Lanna?" Sister Xia really couldn't understand this question.

Jiang Yu couldn't figure it out either, but this was the entertainment company's decision. As outsiders, they could only express their doubts. "Maybe it's because Lanna has something special that others don't have. Her company sees this, so they're supporting her so much."

But sister Xia was still very confused. "But there's nothing special about Lanna. She's just like any other artist. Besides, the entertainment company will only choose those who will become famous. Although Lanna's fame is not small, it can only be considered above average. I really don't understand why Xingyu is promoting her. "

"Maybe Lanna's family background is more prominent," Jiang Yu said after a moment of silence.

Sister Xia felt even more strange and said, "Lanna came from a single-parent family. Her mother passed away due to a difficult labor and left her to her father. On her 18th birthday, her only family member, her father, was killed by a drunk driver. So, she's the only one in her family. How can she have such a prominent family background?"

Jiang Yu was a little shocked.

She had never thought that Lanna's family situation would be like this.

However-as much as she sympathized with her, Jiang Yu also began to doubt-if that was the case, why did star feather company want to make Lanna famous? In a situation like this, most companies would directly leave the matter to the artistes to handle.

However, Lanna's studio had remained silent so far. Neither she nor her company had come forward to give an explanation. This showed that star feather had been very strict in handling this matter.

"What was Lanna's past?" Jiang Yu could not help but ponder.

Just what kind of unknown past did she have that made star feather company so willing to support her?

Sister Xia did not understand either, but she had a very bold guess in her heart. "There are only two reasons for an entertainment company to be so willing to support her. One is her prominent family background, and the other is that she's attached to some powerful person. Lanna's condition doesn't fit the first scenario, so it can only be the second."

"What kind of influential people are you clinging to?" Jiang Yu muttered.

However, this situation was very common. It could only be said that Lanna was quite capable.

However, Jiang Yu wasn't afraid of the powerful people behind Lanna. Since she had been framed, she would definitely try her best to defend her innocence and reputation.

Furthermore, Jiang Yu had Mo Long backing her up, so the outcome of this matter would be decided sooner or later.

After a day of silence, Lanna's studio finally issued a statement that night: "this is purely a rumor created by Jiang Yu using her status as the movie queen. We will find evidence. Please be patient."

When this statement was released, everyone could not sit still.

"What? We've been waiting for an entire day and this is all you're showing us?"

"Jiang Yu said that Lanna was spreading rumors, and Lanna said that Jiang Yu was spreading rumors. Do you guys not understand what's going on? "

"Yeah, it's just plastic surgery, right? Who hasn't had plastic surgery in the entertainment industry? Can't you just admit it openly?"

"If I had admitted to it earlier, there wouldn't be so many things happening now. But if anyone admits it now, then that person's reputation will be gone. They can forget about staying in the entertainment industry in the future."

"Aiyo, why did you do such a thing in the first place?"

Everyone was complaining.

Jiang Yu saw the statement and said to sister Xia, "Continue to let the studio issue a statement. No matter what the other party does, we just need to do the opposite. Leave the rest to me, I'll take care of it."

"Alright," he said. Sister Xia looked at Jiang Yu hesitantly and asked, "How do you plan to solve this? If there's really a powerful person behind Lanna, this will be a long battle."

"Don't worry, I'm not afraid." Jiang Yu said, "since Lanna doesn't want to admit that she had plastic surgery, we'll find the doctor who did it for her. By then, we'll have both witnesses and material evidence, and we won't have to worry about her not admitting to it."

[Chapter 1214 Second-Hand Dress](#)

"But no matter the doctor, he won't reveal the patient's information." Sister Xia said.

"But there are special circumstances that I can reveal." Jiang Yu said, "as long as we seize that little opportunity, we can make Lanna admit it wholeheartedly."

"Alright," she said. Only then did sister Xia feel at ease.

However, before Jiang Yu could find out who the doctor who operated on Lanna was, sister Xia received a call from the director. "Sister Xia, isn't there a holiday recently? I'm planning to record a special variety show, which is to have the judges and the contestants hold a cocktail party. Do you think Jiang Yu is free?"

Sister Xia thought for a while and said, "if you have time, tell me the date. I'll tell Jiang Yu."

"Alright, thank you, sister Xia! It's the day after tomorrow. I'll send you the address later!"

With that, the director hung up the phone.

Sister Xia sighed. After instructing the studio, she told Jiang Yu about this matter.

"A variety reception?" Jiang Yu paused for a moment. "Why did you record this for no reason?"

Sister Xia explained, "I heard from the director that it's because there's a holiday coming up, so they want to film such a program. And the address is on the open lawn outside. They've already set up the shed and it looks very gorgeous."

As she spoke, she showed the picture that the director had sent to Jiang Yu and said, "you judges are going to take a set of photos in formal wear tomorrow. It will be used for the publicity cover."

"Ah, work has been tiring recently." Jiang Yu could not help but sigh.

But this was work, and he had to go even if he didn't want to.

So, the next afternoon, Jiang Yu still went to the filming location to take some photos.

The gowns were chosen by the production team, and everyone's gowns were custom-made.

Lanna was the first to arrive, so they started shooting from her.

Her dress was a pink spaghetti strap dress with a bow and diamonds as embellishments. It matched Lanna's temperament very well, giving her a youthful and energetic feeling.

Originally, Lanna was quite satisfied with this dress, but after seeing the sky blue dress hanging next to it, her heart began to waver.

"Director, can I change into my gown?" She asked the director.

The director looked at her in confusion and asked, "What dress do you want to change into?"

Lanna pointed at the sky blue one and said, "I want to exchange this."

The director was a little embarrassed. no, you can't. This is a dress that was custom-made for Jiang Yu. You can't wear it.

Lanna immediately lost her temper and shouted, "Isn't it just a gown? How did it become custom-made? Jiang Yu can wear it, but I can't?"

She had a bad temper. She was already in a bad mood because of what had happened a few days ago, and now she didn't even have the right to change her dress. Lanna couldn't help but be even angrier.

The director didn't want to provoke Lanna, but this was indeed Jiang Yu's custom-made dress, so he definitely couldn't let Lanna wear it.

So he could only say, "no way. If you really don't like this one, there are a few other pieces in the changing room. There are also blue ones. Why don't you go and take a look?"

"No, I want this one!" Lanna said angrily. "If you don't let me wear it, I'm not filming today!"

As they were talking, Jiang Yu and sister Xia walked in and saw Lanna standing in the middle like a wooden pillar.

Jiang Yu walked over and asked in confusion, "What happened?"

"It's nothing." The director smiled awkwardly and quickly handed the dress to Jiang Yu, saying, "Jiang Yu, this is your custom-made dress."

He only hoped that Jiang Yu could put on this dress for the shoot as soon as possible, because he really did not want to continue arguing with Lanna about this dress.

She didn't expect Lanna to stop Jiang Yu and say, "Let me wear this gown."

Jiang Yu looked at her, puzzled. "Why?"

Lanna said matter-of-factly, "What do you mean why? of course, it's because I like this dress. You're the movie queen, you can't be so stingy about a dress, right? If you're worried, why don't you wear what I'm wearing? The gown I'm wearing is also custom-made, and it's not worse than yours."

Jiang Yu looked at her amusedly and said, "This gown is custom-made according to my size. I'm afraid... you won't be able to hold it with your figure, right? And the production team has already hyped up this gown online. If you're not afraid of people saying that you're wearing my second-hand gown, I can change it with you."

"You!" Lanna was so angry that she couldn't say anything.

Jiang Yu took her gown and went to the changing room to change.

"It's just a custom-made dress, " Lanna shouted. "What are you so proud of?"

[Chapter 1215 Red Wine](#)

But no matter how angry she was, she could only wear her dress to the photo.

After taking the photos, Lanna left without saying a word because she really didn't want to see Jiang Yu.

She had always had this temper, so the director couldn't say anything. After all, she was someone who had brought money into the production team, so it was better for him not to provoke her. However, Jiang Yu was an investor. If Lanna really wanted to fight with Jiang Yu, he would definitely be the first to stand on Jiang Yu's side.

Now that Lanna had left, the tense atmosphere instantly eased.

"Sigh, she's finally gone. I really can't do anything about her," the director sighed.

Jiang Yu and sister Xia could also guess that Lanna had brought funds into the production, so they could understand the director's mood at this time-even if he was really dissatisfied with her, as long as Lanna did not do anything overboard, he could only turn a blind eye to it.

There was nothing to be consoled about, because this was the most common thing in the entertainment industry.

Therefore, after Jiang Yu and sister Xia greeted the director, they went back.

After they went back, Jiang Yu and sister Xia made some preparations for the banquet tomorrow.

"Are you still wearing that gown tomorrow?" asked sister Xia. "Today's just for the photoshoot, you can wear what you like tomorrow."

"I'll take that one, " Jiang Yu said indifferently. "Otherwise, it'll be a little troublesome if I have to look for another dress. And I think that dress is not bad. I like it."

"I also think that the gown looks pretty good." Sister Xia smiled and said, "although Lanna's character isn't good, she has a good taste."

"But it's a pity that no matter how much she likes this dress, it can't be hers." Jiang Yu said.

The next day, the recording of the variety ball began, and everyone wore their most gorgeous dresses.

Lanna, on the other hand, was wearing a sky blue dress. The color was the same as the one Jiang Yu was wearing, but the style was different, and the workmanship was not as exquisite as the one Jiang Yu was wearing.

She walked in front of Jiang Yu and said proudly, "Don't tell me that the movie queen doesn't even have her own dress? Why was she still wearing the gown given by the director team? I didn't think that this dress was that pretty, but I didn't expect you to like it so much."

As she spoke, she even wanted to reach out and touch it.

Jiang Yu took a step back and avoided Lanna's hand.

Lanna was a little embarrassed, but she still said, "What's wrong? Isn't it just a gown? Can't I even take a look? It's not like it's anything great, isn't the movie queen too precious?"

Jiang Yu looked at her calmly and said with a smile, "of course not, but your hand just took the cake and it's oily. I'm afraid you'll dirty my dress."

"You!" Lanna's face turned red. She put her hands behind her back and said, "It's not like it's anything good. I'm not going to look at it."

With that, she turned around to leave. But when she turned around, she saw a glass of red wine on the table.

Jiang Yu happened to have a glass of red wine in her hand. Lanna rolled her eyes and had another bad idea.

Hence, she picked up the glass of red wine and turned to Jiang Yu with a smile. "Movie queen, today's a live-stream cocktail party. As judges, we should have a drink too, right?"

Jiang Yu looked at the red wine in Lanna's hand and couldn't help but laugh. "The cameraman hasn't filmed this side yet, so you'd better keep your posture down. I'll clink glasses with you when the cameraman takes a picture."

"It's because the cameraman hasn't filmed us yet," Lanna said with a dark smile. "That's why I want to clink glasses with you."

As she spoke, she splashed the red wine in her hand on Jiang Yu's dress.

Then, he poured the rest of the red wine on himself and shouted again, "Aiya! My gown!"

Everyone present turned their gazes over. Even the cameraman carried his camera and started filming.

Lanna saw that everyone's eyes were on her, so she immediately put on a wronged look and said, "I know it's my fault for spilling red wine on you, but I didn't do it on purpose! You can't spill red wine on me, and I've already apologized to you!"

This scene was done in one go by Lanna, without any pauses.

Sister Xia wanted to speak up for Jiang Yu, but she couldn't even get a word in.

Lanna had a pure and innocent look. If she had an aggrieved expression on her face, it would make her look even more pitiful.

When the people present saw this, they couldn't help but feel their hearts ache. The way he looked at Jiang Yu also had a faint sense of inquiry.

[Chapter 1216 Old Friend](#)

In order to increase the popularity of this variety reception, the director had also arranged for a reporter to interview them in the middle. Therefore, there were a few reporters present in addition to the people who usually recorded variety shows.

Lanna could clearly sense the gazes of the group of people, so her expression became even more aggrieved.

Sister Xia couldn't stand it anymore and criticized, "Don't you slander me! You were the one who poured the red wine on your dress. What does it have to do with Jiang Yu? Besides, you're the one who dirtied Jiang Yu's gown, and we haven't even settled the score with you yet!"

"I didn't do it on purpose," Lanna said, feeling wronged, "and I've already apologized! But you deliberately poured the wine on me! I really like this gown, but it's dirty now. How am I supposed to wear it later?"

She cried as she spoke, and anyone who saw her look would feel pitiful.

Sister Xia didn't know what harsh words she had said, but this Lanna had started to cry on her own.

Lanna cried more and more miserably. In the end, she sat on the ground and cried. As she cried, she said, "I already said I didn't do it on purpose, why are you guys still so aggressive! I know I'm in the wrong, okay?"

The people present all approached Lanna, trying to comfort her.

However, before they could get close, Jiang Yu squatted down and showed them the glass of red wine in her hand. "Lanna, if you're color blind, I suggest you go to the Ophthalmology Department. The color of the red wine on your body is completely different from the glass in my hand. It's the same color as yours. Lanna, didn't you just pour red wine on me and then on yourself?"

Lanna paused and looked up at Jiang Yu in surprise.

Jiang Yu stood up and looked down at Lanna, saying, "And the gown you're wearing, do you really like it? When we were shooting the publicity photos yesterday, you wanted to wear the dress I was wearing. Today, you're wearing a dress of the same color as me. Others may not know what you're thinking, but you should know it yourself, right?"

Lanna choked, and even the tears that were about to come out were held back.

Jiang Yu continued, "didn't you say that I splashed red wine on you? Alright, I can fulfill your wish now."

As she spoke, Jiang Yu poured the red wine in her hand onto Lanna's dress. The color was completely different from the previous stains.

Jiang Yu clapped her hands and said to sister Xia, "get the studio to send a new dress over."

"Alright," she said.

They walked to the side and quietly waited for the gowns to be delivered from the studio.

On the other hand, Lanna was sitting on the ground in a daze, looking at her dress at a loss.

The people who had wanted to comfort her all backed away at this time, even saying, "What? she did it on purpose? She's really scheming."

"It's true! Look at the red wine that movie queen Jiang splashed later. It's completely different from the red wine stain on Lanna! This means that the red wine stain wasn't from the movie queen."

"And the red wine stain is very similar to the one on the movie queen's body. Does that mean that the red wine on Lanna was spilled by herself?"

"What? she's really scheming. She even wants to slander the movie queen. I'm speechless."

Everyone dispersed while discussing, leaving only Lanna sitting there.

In the end, her manager rushed over, pulled her up from the ground, and took her to the changing room to change her clothes.

Jiang Yu and sister Xia were standing at the side. They had originally planned to wait for the studio staff to send the dress over, and the camera had also been sensible enough not to come over to film. However, a woman in a reporter's uniform walked over and asked tentatively, "Jiang Yu?"

Jiang Yu turned around and looked at the woman. She only felt that she looked familiar, but she could not remember who she was.

"Hello, may I know who you are?" She asked politely.

The woman smiled and said "it's me, Ji Tang! Did you forget that when we were in the orphanage, you fought with a group of boys to protect me?"

Jiang Yu remembered as soon as she heard this.

Back in the orphanage, Jiang Yu did have a close friend, and that friend was Ji Tang. But at that time, she wasn't called Ji Tang, she was called Duoduo. She probably changed her name to Ji Tang after she was adopted.

"So it's you." Jiang Yu smiled and said, "I haven't seen you for so many years. You've become a big reporter?"

"What big reporter? I'm just a small-time reporter. My husband helped me get in touch with the job." Ji Tang said with a smile.

[Chapter 1217 An Adopted Wife](#)

"You're married?" Jiang Yu was very surprised.

Ji Tang was indeed older than her by a few years, but she was only about twenty-two years old now. She was already married?

"Yeah, how is it? surprised, right?" Ji Tang covered her mouth and laughed. "Actually, I didn't expect that after I was adopted, that family had a son. When I grew up, we got married and our child was already one year old."

"You already have a child?" Jiang Yu was a little shocked. "Congratulations to you, then. I didn't expect that the little girl who didn't dare to speak loudly back then is already a mother. You've really changed a lot."

"My change is big? You, on the other hand, are the movie queen and the fiancée of the Mo corporation's President. I should be the one saying that you've changed a lot." Ji Tang smiled and said, "I didn't dare to recognize you when I saw you just now, but your eyebrows and eyes are really similar to before. If they didn't call you Jiang Yu, I wouldn't have recognized you."

"Now we've met." Jiang Yu said with a smile.

"Yup, I know. I still have work to do. There's an interview with a reporter later, so I'll go and prepare first." After saying that, Ji Tang left.

After she left, sister Xia asked curiously, "You met her at the orphanage? Are you good friends?"

Jiang Yu thought about it and said, "I guess so. She didn't like to talk when she was young. Although she was older, everyone dared to bully her. I couldn't stand it at that time, so I followed her. Once, to help her vent her anger, I got into a fight with another boy. When the director found out, he punished me by locking me up for three days and not eating a single bite."

"Aiyo, your orphanage director is really ruthless." Sister Xia sighed. "What about this Ji Tang? Did she go to see you? "

Jiang Yu could not remember the specific situation at that time, but she could roughly remember these things. However, she vaguely remembered that Ji Tang had not visited her.

After all, the little dark room where she was confined was very scary. If someone really came to see her, how could Jiang Yu not remember?

"I don't think so, " she said. "But I can't be sure. I don't remember."

When sister Xia heard this, the expression on her face became ugly. She said, "You're in confinement because of her, and she won't even take a look at you? Aiyo, then you've fought for her in vain."

Jiang Yu smiled and said, "it's okay. I didn't do it to get her to thank me. I just felt a sense of justice at that time. That's why I thought of doing this."

"I'm still angry." Sister Xia said, "but isn't her marriage a little too hasty? She was adopted, but that family already had a son, and they got married after Ji Tang grew up? Doesn't that make her an adopted wife?"

"I'm not sure." Jiang Yu shook her head. "Maybe she wanted to find a playmate for her son, but she didn't expect that after being together for a long time, they would develop feelings for each other, so she got married."

Sister Xia shrugged her shoulders and did not want to ask about this matter in detail.

At this time, the studio sent over the new dresses, so Jiang Yu and sister Xia went to the dressing room to change.

After she changed her clothes, the press conference began.

The six judges sat in their seats and waited for the interview.

The first reporter's question was directed at Lanna. "Miss Lanna, why did you frame movie queen Jiang for pouring red wine on you?"

Lanna didn't expect the first question to be directed at her. She was so embarrassed that she didn't know how to answer. She stammered and could not form a complete sentence.

The reporter saw her reaction and continued to ask, "It's said that you don't have a good relationship with movie queen Jiang. Is this true? If it's true, did you frame movie queen Jiang for this reason?"

Lanna quickly shook her head and retorted loudly, "No! I don't think that way, I'm not that kind of person!"

"Then, can you give a reasonable explanation for what happened just now?" The reporter asked again.

Lanna really regretted not being a mute.

She didn't speak for a long time, and the reporter didn't get the answer he wanted. He kept asking, as if he wouldn't stop until he got the answer.

But if that was the case, the reporters behind her wouldn't have a chance to ask questions, so they all urged Lanna to answer, "Miss Lanna, please don't avoid this question. Answer it quickly."

"If you don't answer, we won't be able to continue asking questions."

"Please don't waste any more time. Please answer this question quickly."

[Chapter 1218 A Fake Singer](#)

Lanna didn't dare to answer this question. She even turned her gaze to Jiang Yu, trying to get her to help her answer this question.

However, Jiang Yu just smiled and looked at Lanna. She asked softly, "What's wrong? Can't you just say what you have to say?"

Lanna completely gave up. Of the six people present, other than her, the other five would not help her.

Thus, she simply closed her eyes and said, "It's my fault. I liked the movie queen's dress so much that I wanted to get closer to take a look. I didn't expect the red wine in my hand to spill on her dress! As for those words, I didn't mean to frame the movie queen, but I was too nervous at that time and said nonsense. I'm very sorry about that! Everyone, don't believe those words, because they're all fake!"

Not many people present believed her explanation. However, since she had already answered, it was the next reporter's turn to ask questions. Everyone was smart and could tell that she was framing Jiang Yu.

The second reporter asked, "miss Lanna, you used to be from a single-parent family. When you were 18, your only relative died in a car accident. Then what is it that has supported you to this day?"

Lanna really didn't understand why she was asked two questions in a row.

However, this question was easier to answer than the first one, so Lanna said, "It's my faith. Because I've been envious of those people who appear on the screen since I was young, so I've always hoped that I could become someone like that in the future. It's because of this belief that I've persevered until today."

This answer was very official. It was probably a question that Lanna was often asked in the previous interviews. Therefore, her answer did not seem to be from the bottom of her heart, but more like a mechanical answer that she had memorized.

Lanna thought that her answer was very good, and she also felt that the third question was not directed at her.

However, reality always gave people a sudden blow.

The third reporter asked, "miss Lanna, some people say that you lip-sync. What do you think about this?"

This question was like a sudden clap of thunder in Lanna's ears. It was so loud that her eardrums hurt, and she almost couldn't hear what others were saying.

The reporter saw that she did not answer and asked again, "What do you think of the rumor that you lip-synced?"

Lanna's eyes were unfocused as she said, "of course it's fake!" I'm a singer. Are you guys saying that a singer's songs are all lip-synced? Wouldn't that be an insult?"

"In order to refute them, would you be willing to sing a cappella live?" The reporter asked.

This was undoubtedly the most difficult request for Lanna.

She could do anything, but she couldn't sing in front of others, especially without any accompaniment.

So, Lanna flipped her hair and said firmly, "I won't pay attention to those rumor mongers. Do I have to sing just because they want me to? Then wouldn't I be fulfilling their wishes?"

If she didn't want to sing, the others couldn't do anything about it, but the girl group's contestants weren't going to just sit by and watch.

They had long been angry about Lanna framing Jiang Yu. How dare she bully their goddess!

Now that someone said that Lanna was lip-syncing and asked her to sing a cappella live, of course, they had to seize this opportunity to teach her a lesson.

If the fact that Lanna was lip-synching was confirmed, she would not be able to keep her identity as a singer.

Hence, they jeered, "sing one!" Sing one!"

Lanna was very embarrassed. She didn't expect the group of girls to start making a scene.

"I don't know how to sing!" She said.

Someone said, "are you too scared to sing? If you really don't want us to believe the rumors, then prove that you're not lip-synching! If you don't even want to prove it, how do you expect us to believe you?"

"That's right, the rumor monger uses his mouth to speak, but do you also use your mouth to speak? Can't you just prove it? We're not fools. As long as you sing, we know who to believe and who not to believe."

They had been jeering and asking Lanna to sing live. However, Lanna didn't dare to sing. She could only look to the director for help, hoping that he could come forward and solve the problem.

But the director didn't know why, because he didn't know that Lanna was lip-synching. He thought that Lanna didn't dare to sing because she was shy.

So the director asked the sound team to play the accompaniment of a song, hoping that Lanna would be more generous and sing it.

And this song was just released by Lanna.

Since it was Lanna's latest song, she couldn't say that she didn't know how to sing it.

But in fact, Lanna really couldn't sing. She couldn't even remember the lyrics. When she was singing in the recording room, she had to read the lyrics word by word.

"Go on, why not?" Someone in the audience started jeering. "The prelude has already ended. Why aren't you singing?"

"Quickly sing! This is your song, what's there to be afraid of!"

However, Lanna refused to sing. She didn't open her mouth until the accompaniment ended. She didn't even say a word.

She was so resistant to singing live, and she didn't even give a single explanation. Everyone at the scene fell silent.

Lanna couldn't hold it in anymore. She got up, lifted her skirt, and quickly left.

As soon as she left, the atmosphere at the scene instantly dropped to the freezing point. Whether it was the reporters or the other onlooking contestants, no one knew what to say.

Now that everyone knew that Lanna was lip-synching, she couldn't even sing her own song. Even if her fans were still willing to speak up for her and say that Lanna did not want to sing a cappella live because she was shy, no one would believe her.

She clearly didn't dare to, so where did she get the shyness from?

The situation this time was a little serious, so the recording of the show could only end here. No one had any complaints and obediently packed their things and went back.

Sister Xia and Jiang Yu were about to go to the changing room to change into their regular clothes when they saw Lanna at the door of the changing room with a sad face.

She just stared at Jiang Yu without saying a word, but the resentment on her face seemed to have become solid and was about to float onto Jiang Yu's face.

"What's the matter?" Jiang Yu asked.

"Did you arrange for that reporter today?" Lanna asked. "You made him ask those questions on purpose, didn't you?"

"It wasn't me," Jiang Yu said helplessly, "you can't just push the blame on me just because a reporter asked you that kind of question, right? Since you said it was me, then you should show me some evidence."

"Even if I don't have any evidence, I know it's you!" Lanna's eyes were red with anger. She said loudly, "You said that I had plastic surgery before. Can't I tell what you're thinking? You're just jealous of me. You're jealous that I'm more popular than you! At the reception today, I dirtied your dress, so you held a grudge against me and bribed the reporters to ask me those embarrassing questions, right?"

"Lanna, don't go too far!" Sister Xia stood in front of Jiang Yu, afraid that Lanna would hurt Jiang Yu if she got emotional.

"I'm too much? Am I as overboard as you guys?" Lanna was so angry that she laughed. "I didn't expect the movie queen to do such a thing behind my back!"

Her words were unpleasant to hear, and there was no evidence. Even though Jiang Yu was a good-tempered person, she felt angry because of Lanna's words.

"I think you should know better who the person who had plastic surgery is. When you found someone to spread rumors about me, you probably didn't think that this day would come, did you?" Jiang Yu's tone was very cold. "With your abilities, do you think you can stay in the entertainment industry for so long? If it wasn't for the person behind you, you would have been eliminated long ago!"

When Lanna heard this, she couldn't help but be shocked.

She had kept the matter between her and that man a secret, and not many people knew about it!

But how did Jiang Yu know?

"You, you're talking nonsense! I got to where I am today all by myself!" Lanna shamelessly lied.

"You shut up!" Lanna broke down and shouted, "it's not like what you said! You're talking nonsense! I got to where I am today by myself!"

"By yourself? Do you want to rely on your stiff limbs to dance, or do you want to rely on that song of yours that doesn't even fit the lyrics?" Jiang Yu sneered disdainfully. "Lanna, I thought that your past was tragic enough, but why are you stuck in the same place and unwilling to grow up?"

"You shut up!" Lanna broke down and shouted, "it's not like what you said! You're talking nonsense! I got to where I am today by myself! Even if my past was very sad, you don't have the right to pity me!"

"You're thinking too much. I'm not pitying you." Jiang Yu crossed her arms and walked past Lanna to open the door of the changing room before she entered. "Lanna, I advise you to be sensible and don't provoke me in the future. Otherwise, I don't know what the consequences will be."

Sister Xia gave Lanna a smug look, then slammed the door of the changing room.

After entering the changing room, sister Xia said excitedly, "Jiang Yu, you were just too handsome just now!"

Jiang Yu sighed. when dealing with people like Lanna who bully the weak and fear the strong, you should be more tough. Otherwise, she will only get more and more overboard.

After she changed into her casual clothes, she went back with sister Xia.

The chauffeur was already waiting at the door. As soon as he saw Jiang Yu and sister Xia coming out, he immediately opened the door for them to get in.

After getting in the car, sister Xia asked impatiently, "How do you know that there's someone behind Lanna?"

Jiang Yu smiled and said, "I don't know. I'm just saying. But Lanna can't hide things. She started to get nervous when I mentioned it. It's hard not to know even if I want to."

"I see." Sister Xia came to a sudden realization. "It seems like you don't know who is behind Lanna either?"

"I don't know," Jiang Yu shook her head honestly. "No matter how many people are behind Lanna, or who they are, it has nothing to do with us."

"Well, I just hope that Lanna can restrain herself now." Sister Xia was also very helpless. "I really don't understand. I'm just filming a variety show for no reason. Why would I meet such a person?"

Although the driver wanted to say something, he didn't know how to say it. He could only concentrate on driving.

After driving for a distance, the road ahead was blocked by a group of people. He couldn't drive past them at all, so the driver had to stop.

"What's the matter?" Jiang Yu asked in surprise.

The driver could only tell Jiang Yu the current situation.

"This group of people really have no manners. How can they block the middle of the road!" Sister Xia frowned and was in a bad mood. "Don't you know that you're really wasting other people's time?"

However, Jiang Yu felt that there was a reason for this, so she got out of the car and went to check on the situation.

When sister Xia saw Jiang Yu get out of the car, she had no choice but to get out of the car and follow.

Jiang Yu squeezed through the crowd and saw a man in black clothes and a black hat lying on the ground. There was a pool of blood under him.

This person looked like he was not breathing. Jiang Yu quickly went forward to check his breathing and found that he was still breathing weakly. It just so happened that Jiang Yu would pass by a hospital on her way back to the company, so she asked the driver to help her carry the man into the car.

Someone in the crowd said to Jiang Yu, "Little girl, I advise you not to save him. We all saw what happened just now. He was stabbed by a knife. It's obvious that he has an enemy! If you save him and his enemies find out, you'll get yourself into trouble!"

Jiang Yu was stunned for a moment before she smiled and said, "it's alright. Thank you for your reminder. However, it's not in my character to leave someone in the lurch. Since I've met him, I'll save him no matter what enemies he has."

Seeing that he could not persuade Jiang Yu, the man could only sigh and say, "... Okay, but you have to be careful. We've already had someone call the police, so we'll have the police go to the hospital to find you."

"Alright, thank you. I'll send him to the central hospital." Jiang Yu returned to the car after saying that.

She urged the driver to start driving because the man had lost too much blood and was about to give up.

The driver drove at the fastest speed in his life and arrived at the central Hospital in just five minutes.

"Quick, get him out of the car!" Jiang Yu shouted.

The security guard at the entrance of the hospital saw this and quickly came over to help.

The knife wound on the man's body was quite serious, and he had lost too much blood, so he was sent to the emergency operating room.

The nurse came over with a form and asked, "Hello, are you the patient's family?"

"No." Jiang Yu said.

"But now we need someone to sign on this." The nurse handed the information sheet to Jiang Yu and asked, "Since you're the one who sent him to the hospital, can you sign here? We'll have him contact you when he wakes up."

"No need," Jiang Yu signed the form. "When he wakes up, let him recuperate and be discharged."

After signing, Jiang Yu waited at the entrance of the operating room for a while. Soon, Chang Kai came over with the police.

"Jiang Yu?" Chang Kai was surprised to see Jiang Yu. "Why are you here? Did you call the police just now?"

"It wasn't me. I was just passing by and saved this person on the way." Jiang Yu said, "you, on the other hand, have been on duty more often recently. Every time I look for the police for something, I can always see you."

Chang Kai said embarrassedly, "there's going to be a Deputy bureau chief selection soon. Director Luo wants me to fight for it. So, I've been working in the field recently."

"Hmm, that's not bad." Jiang Yu said, "I'll congratulate you in advance."

After the small talk, Chang Kai asked, "are you a witness? What's the situation with the person in the operating theater?"
