Chapter 1271 Modifying The Information

The hooligan was disoriented by the slap, and half of his face was swollen.

He felt dizzy and only managed to speak after a long time, "Uncle ..."

"Don't call me!" Police officer Zhang was furious. "I'm just too good to you, right?! First, she told me that there were prohibited items in Lisa's room, and now she's saying that she's not Lisa! What are you trying to do?"

"No, she really wasn't like this yesterday!" The hooligan pointed at Jiang Yu and shouted with all his might, "She put on makeup, it must be because she put on makeup! She turned herself into a foreigner to deceive us!"

Jiang Yu shrugged her shoulders and said helplessly, "Little brother, it's normal for women to put on makeup when they go out. Do you have to say that every woman you see with makeup doesn't look like her original appearance? Besides, even if you think I'm a fake, the information on the computer can't be fake, right?"

"This ..." The hooligan was at a loss for words.

That's right, even if the woman in front of him could change her appearance, she couldn't change the information on the computer.

Could it be that he had really seen wrongly yesterday?

Police officer Zhang's anger rose again, and he reprimanded, "You're still trying to frame her at a time like this?"

"I didn't!" The hooligan was really in pain now. "Maybe I saw it wrong yesterday ... Uncle, I didn't do it on purpose! Uncle, please believe me!"

"Wait a moment." Jiang Yu stopped them and looked at them calmly, asking, "Are you not going to apologize to me? You accused me for no reason, and now that you've found out that I'm innocent, you want to pretend that nothing has happened and just leave? Then what do you take me for?"

"Shut up, don't embarrass yourself here!" Police officer Zhang pulled the hooligan's ear and dragged him out while cursing.

"Wait a moment." Jiang Yu stopped them and looked at them calmly, asking, "Are you not going to apologize to me? You accused me for no reason, and now that you've found out that I'm innocent, you want to pretend that nothing has happened and just leave? Then what do you take me for? The citizens that are easy to bully?"

As soon as this was said, the rest of the guests also echoed, "That's right, even the police can't be so fearless, right?"

"You should apologize if you did something wrong. Do you think you can refuse to apologize just because you're a police officer?"

“It’s an insult to the police profession. If you don’t apologize, you’re not fit to be a police officer.”

More and more people began to denounce officer Zhang, which made him lose face. However, since so many people refused to let him off, he could only apologize to Jiang Yu. Otherwise, he might not be able to walk out of the hotel today.

Hence, police officer Zhang could only say perfunctorily, “I’m sorry, Ms. Lisa.”

Jiang Yu laughed and said, “officer Zhang, you have to apologize sincerely. How am I supposed to accept your attitude of admitting your mistake?”

“.. Ms. Lisa, I’m really sorry.” Police officer Zhang tried to make his attitude look sincere.

Jiang Yu then said, “forget it, I’ll forgive you this time. But I hope you won’t accuse people without evidence next time. It’s not good to do that.”

“Yes, I will never do it again.” Police officer Zhang’s attitude was very respectful.

His tone sounded calm, but the anger in his heart had long been boiling. In his anger, he transferred all his anger to the hooligans.

He had to teach this little bastard a good lesson tonight. Otherwise, he would not be able to calm the anger in his heart. He came here today to help this little rascal vent his anger, but he didn’t expect it to be so embarrassing.

“Quickly get back!” Police officer Zhang kicked the hooligan hard and left while cursing.

The rest of the “good brothers” saw this and left with their tails between their legs.

Jiang Yu could not help but smile as she looked at their back views that were running away in a panic.

In fact, the information on the computer was fake. Jiang Yu had hacked into the hotel’s computer system last night and modified it.

She had already expected officer Zhang to do this, so she had modified the information in advance. When officer Zhang checked, it was the information of “Lisa”.

After everyone had left, Jiang Yu smiled politely at the people around her and said, “Thank you, everyone, for speaking up for me.”

“It’s okay, it’s okay. We’re all staying in this hotel, so it’s only right for us to help each other.”

“That’s right. If you need anything in the future, just tell us. We’ll help you if we can.”

Jiang Yu was touched by the kindness of the guests. She said, “Thank you, everyone.”

Only then did the guests return to their rooms and eat.

The hotel owner walked up to Jiang Yu and asked in confusion, “Are you a guest here? I’ve never seen you before.”

Chapter 1272 The Chu Family Banquet

“Boss, I’m the tenant from yesterday,” Jiang Yu explained with a smile. “I just put on some makeup.”

“But what’s with the information on the computer?” The innkeeper was getting more and more confused. “I’ve never registered Lisa as a person.”

“This matter is rather complicated.” Jiang Yu smiled and briefly explained the matter to the boss. However, she didn’t mention hacking the system. Instead, she said that her husband had used false information to cover up the real information.

The boss didn’t know much about this kind of thing, so he believed Jiang Yu’s explanation.

He scratched his head and said, “Aiya, luckily there was fake information. Otherwise, I don’t even dare to imagine what would have happened to you. It’s alright, as long as you’re fine. Don’t worry, I will never tell anyone about this.”

“Then, thank you, boss.” Jiang Yu smiled and returned to her room.

After what happened just now, Jiang Yu didn’t feel like eating anymore. She simply sat on the bed and turned on her computer.

After the incident with the old lady who sold flowers yesterday, Jiang Yu decided not to go out so openly for the next few days. It was better to use the computer in her room to search for information first.

However, not long after, Jiang Yu received a call from Mo Long, “Yu’er, where are you now?”

Jiang Yu replied, “I’m in my room now. I’m going to use the computer to check for information on the Chi family and the human-making experiment. What’s wrong?”

“Do you know the Chu family of Qingcheng?” asked Mo Long.

“I don’t know. But the computer is right beside me, I can check it.” Jiang Yu said as she investigated the Chu family.

Jiang Yu quickly found information about the Chu family, but it was very little. There were only a few sentences “The Chu family is the biggest family in the city of Qing?”

“Yes,” Mo Long said, “but the Chu family has always kept a low profile. If it wasn’t for the invitation to their banquet being sent to my mailbox, I wouldn’t have known that there was such a family in Qingcheng.”

Jiang Yu was a little stunned and asked, “What invitation?”

“It’s the coming of age ceremony for the Chu family’s daughter,” Mo Long said with a heavy tone.

“The Chu family’s daughter?” Jiang Yu paused. After checking on the computer, she found out that the Chu family’s daughter was called Chu Jie. She had just turned eighteen this year and had officially become an adult.

However, why did they invite Mo Long to Chu Jie’s coming of age ceremony? They were clearly two families that had no connection at all, so why did Mo Long get his invitation?

“Are you going?” Jiang Yu asked after some thought.

"I don't plan on going," Mo Long said. "They don't come without a reason. For the Chu clan to invite someone they've never met to such a grand event like the coming-of-age ceremony, it's enough to show that they have a purpose."

"Yes ..." Jiang Yu pondered and said, "but since you've been invited, if you don't go, I might look for you on other matters in the future. How about this, if you really don't want to attend the Chu family's banquet, then you can refuse, and we can go and take a look as passersby. I just saw that the Chu family's banquet is open to all, and anyone can attend. It's just that the person who sends the invitation card is a VIP."

"Alright," said Mo Long after a moment of silence.

"Okay, I'll go find you tomorrow. I'm in a safe situation, so I shouldn't attract any attention if I go to you." Jiang Yu suggested.

"Okay, bring the bodyguard with you. He'll protect you."

"Alright," he said.

After hanging up the phone, Jiang Yu simply packed some things. Because she had to pretend to be a passerby that day, she had specially brought her makeup bag and was prepared to buy a few daily clothes for Mo Long. This way, she would look more like a passerby.

The next morning, Jiang Yu woke up early and took the yellow van by the roadside to Mo Long's residence while there were not many people on the street. The yellow van was a big feature of Qingcheng, but most people still liked to take rental cars or special cars, so the drivers of the yellow van rarely received any business.

After a long time, not many people were willing to be the coachman of the yellow van. The people who were still pulling rickshaws now were either people who had a unique love for this line of work, or people who were so poor that they couldn't afford to buy a car, or middle-aged and elderly people who were unwilling to hire rental companies.

However, it was precisely because of this that Jiang Yu was at ease taking the yellow van. Moreover, there was a curtain in the yellow van, which made it more convenient for Jiang Yu to hide herself.

The bodyguards only arrived near Mo Long's residence fifteen minutes after Jiang Yu left.

Jiang Yu arrived at Mo Long's residence and looked around. After making sure that no one was following her, she walked into the alley and knocked on Mo Long's door.

Mo Long saw Jiang Yu through the peephole on the door and immediately opened the door to let her in.

[Chapter 1273 Who Went To The Banquet](#)

"Did anyone follow you on the road?" Mo Long asked.

"Don't worry," Jiang Yu said. "I've already confirmed that no one is following us. Even the bodyguard I brought with me only stayed nearby and didn't let him come in with me."

"Alright," he said. Mo Long nodded and poured a cup of hot tea for Jiang Yu, saying, "Take a rest. I've already rejected the Chu family's invitation."

"Yes." Jiang Yu took out an ordinary plaid shirt from her bag and said to Mo Long, "I also bought you this dress. Wear this on the day of the banquet."

"Yes." Mo Long nodded.

In fact, he was wearing an ordinary white shirt now. Because he came to Qingcheng for a secret investigation, he didn't wear it so conspicuously. With his current appearance, as long as he put on a mask and walked in a crowd, he would be no different from an ordinary person.

Other than the unconcealable temperament, there were no other problems.

The banquet was to be held three days later. Jiang Yu put on makeup for Mo Long to look like a middle-aged man and put on a fake beard. Then, she changed her appearance into that of a middle-aged woman with some faint freckles on her face.

When the two of them looked at themselves in the mirror, they could not help but laugh. However, after laughing, Mo Long said, "Many years later, we will become like this. When that time comes, you will still be by my side, and you will still be as beautiful as before."

Jiang Yu's heart skipped a beat and her eyes curved as she said, "We will be together forever. From youth to middle age, and from middle age to old age, I will be with you."

Mo Long wrapped his arms around Jiang Yu and pressed her tightly against him.

"Alright, if we don't set off now, the banquet will be over." Jiang Yu said.

The two of them then set off and went to the venue where the Chu family was holding the banquet.

The venue was very large, in order to accommodate many people. There were also two courtyards, divided into the inner and outer courtyards.

The people in the outer courtyard were either business people or ordinary people, while the people in the inner courtyard were distinguished guests who had been specially invited by the Chu family.

Jiang Yu and Mo Long blended in with these people, pretending to visit as they approached the inner courtyard.

There were ten bodyguards at the entrance of the inner courtyard in order to stop people from the outer courtyard from entering the inner courtyard.

Seeing this, Jiang Yu and Mo Long had no choice but to stay a little further away to avoid being caught by the group of bodyguards.

I didn't expect the Chu family to only invite these few distinguished guests. Jiang Yu looked from afar and saw that there were no more than five distinguished guests in the inner courtyard.

the Chu family probably only sent an invitation to the big families. The other small families didn't invite them. Mo Long guessed.

Jiang Yu took a closer look and saw people from the Kang family. However, this man wasn't a direct descendant of house Kang, but a branch-Kang Xue's father.

"I saw Kang Xue's father." Jiang Yu said softly, "it seems like the Chu family has sent an invitation to the Kang family."

"The Chu family really wants to make friends with the other big family." Mo Long sneered, "Mo family, Kang family, the two biggest families. He has sent an invitation to both of them. But I don't think house Kang values this banquet too much, or they wouldn't have only sent Kang Xue's father. At least they would send a direct descendant of Kang family."

"It should be ..." As Jiang Yu spoke, she tiptoed to look inside and suddenly saw an extremely familiar figure.

"It's a fake Mo Long!" Jiang Yu called out in a low voice and said to Mo Long, "I saw the fake Mo Long."

"What?" Mo Long was shocked as well. He followed Jiang Yu's line of sight and saw a person who looked exactly like him, standing there in a suit.

This was the first time he had seen a fake Mo Long.

"I'm not sure," Jiang Yu shook her head. but the fact that the fake Mo Long is here means that someone has passed the news to him. Moreover, the fact that he was so bold to appear here meant that he wasn't afraid of running into you, because he was certain that you wouldn't come. But how did he know you wouldn't come?

"What is he doing here?" Mo Long was confused. "The invitation was sent to my mailbox. How did he know? I've already rejected their invitation, and now that I'm here, won't they be suspicious?"

"I'm not sure," Jiang Yu shook her head. "But the fact that the fake Mo Long is here means that someone has passed the news to him. Moreover, the fact that he was so bold to appear here meant that he wasn't afraid of running into you, because he was certain that you wouldn't come. But how did he know you wouldn't come? Does anyone else know that you rejected the Chu family's invitation?"

Mo Long carefully recalled and said, "I personally replied. Other than me, no one else should know."

"That's strange ..." Jiang Yu frowned. "He must have known that you wouldn't come. But who gave him the news?"

As Jiang Yu thought about it, her gaze fell on Mo Long's phone.

"Could it be that someone hacked into your phone system and saw your reply email?"

[Chapter 1274 Meeting The Main Character](#)

Although the possibility of what Jiang Yu said was very small, it was definitely not impossible.

However, Mo Long unlocked his phone and said, "My phone has an encryption system and a high-level firewall. Ordinary people can't break in. Even if I'm really hacked, the alarm system in my phone will automatically alert me. However, there's no notification now, which means that no one has hacked into my phone."

Then this matter would be really difficult to handle.

Jiang Yu stared at Mo Long's phone, as if she was trying to find some clues.

Suddenly, she remembered something and asked, "Is your phone's email connected to your computer?"

"Yes. What's wrong?"

Jiang Yu said thoughtfully, "could it be that someone secretly looked at your computer when you weren't in the company and then spread the news? After all, there's a mole in your company, and this news is likely to be spread by the mole."

Mo Long thought for a moment before saying, "the computer is in my office, but other than me and Teng Yi, no one else can enter. Now that Teng Yi is in the hands of the fake Mo Long, he can't go back at all, so no one should be able to enter my office."

Just as they were talking, the few people from the inner court actually came to the outer court.

The fake Mo Long didn't smile or say a word, looking exactly like the real Mo Long. Even if his true body was standing in front of him, he would be stunned.

The head of the Chu family, old master Chu-was sitting in a wheelchair. The person pushing him was a very young and beautiful lady. She was the main character of this banquet-Chu Jie.

She was wearing a black diamond-encrusted dress, and her eyes would drift to the fake Mo Long from time to time.

Anyone with eyes could tell what she was thinking.

Kang Xue's father was also walking on the side with a smile on his face, as if he had completely become friends with the Chu family.

The group of people walked to the open space in the outer courtyard, and the host immediately handed the microphone to old master Chu, asking him to say some congratulatory words.

Jiang Yu and Mo Long squeezed into the crowd and were closer to them.

After old master Chu said a few simple words, he passed the microphone to Chu Jie and let her, who played the most important role, speak.

Chu Jie acted like a little girl. After casually saying a few words, she blushed and said to the fake Mo Long, "Mr. Mo Long, are you single?"

The moment this question was asked, everyone fell silent. Even old master Chu felt that it was inappropriate and could not help but cough a few times.

However, Chu Jie did not care at all and was still waiting for the fake Mo Long's reply.

Not only was Chu Jie waiting, but Jiang Yu and Mo Long were also waiting for the fake Mo Long's answer.

Kang Xue's father's expression was also a little awkward. Just as he was about to speak, he heard the fake Mo Long say, "I'm single, Miss Chu."

This answer was within Jiang Yu and Mo Long's expectations, but Kang Xue's father was shocked.

He couldn't help but ask softly, "President Mo, did you break up with Jiang Yu?"

The fake Mo Long looked at him from the corner of his eyes and said, "This matter has nothing to do with you."

Kang Xue's father's face was red with anger.

Even if he was from the side branch of house Kang, he was still a member of house Kang! Not to mention that Jiang Yu was a direct descendant of the Kang family! Even if he didn't have a good relationship with Jiang Yu, he still had to stand behind her in front of outsiders. He didn't want to embarrass the Kang family.

Jiang Yu is also a member of house Kang. "How come this has nothing to do with me?" He said after a long time.

Only then did the fake Mo Long look him in the eye and say, "you'd better take care of your own family matters first. Settle your daughter and son-in-law's matters first before you come and care about me and Jiang Yu."

Their voices were not loud, and if one did not listen carefully, one would not be able to hear them clearly. However, Jiang Yu was mixed in with the crowd and relied on lip reading to distinguish the content of the conversation between the fake Mo Long and Kang Xue's father.

"The fake Mo Long also knows about the matter between Kang Xue and Sun You." Jiang Yu was a little surprised and whispered, "it seems that he has investigated your surroundings in order to act more like you. Of course, it could also be a spy who revealed the information."

"If that's the case, then it's very likely that he's investigated you and your surroundings." Mo Long frowned.

Jiang Yu paused and said, "could it be... There's a mole around me too?"

However, on second thought, she felt that it was unlikely. The other party's target was Mo Long, so investigating her was just a matter of convenience. Based on what she had experienced in the Jiang family for the past few years, he could roughly guess what kind of person she was.

In addition, she was a celebrity. Compared to Mo Long, Jiang Yu was more active in the public eye, so it was easy to investigate her surroundings.

Chapter 1275 Marriage Alliance

Chu Jie was very satisfied with the fake Mo Long's answer and asked shyly, "Really? Then what does Mr. Mo Long think of me? What do you think of me?"

The fake Mo Long looked at Chu Jie. Although he pretended to be serious on the surface, his eyes were already filled with desire.

However, he still pretended to be serious and said, "Miss Chu is a rare beauty. This is the first time I've met someone as beautiful and outstanding as you."

Chu Jie's face was completely red and she could not say a word for a while.

When Kang Xue's father heard this, his expression was as ugly as it could be.

What do you mean by first time? Could it be that Jiang Yu was not more beautiful than Chu Jie? Was he not more outstanding than her?

At first, old master Chu felt that Chu Jie's question was very presumptuous. However, when the fake Mo Long gave him an answer, his face brightened up and his voice trembled with excitement, "President Mo, actually, our Chu family has the intention to form a marriage alliance with the Mo family..."

As soon as he said this, the audience went silent. Even Kang Xue's father was shocked.

He looked at the fake Mo Long in surprise and bewilderment, trying to see the rejection on his face.

However, the fake Mo Long's face was extremely calm, and his emotions couldn't be seen at all. What he said next shocked everyone. "Alright."

This time, even Jiang Yu and Mo Long, who were in the audience, almost couldn't hold it in.

"He actually used your face to agree to this marriage?" Even though she knew that the person on stage was a fake Mo Long, Jiang Yu was still very displeased that he agreed to such a request with a face that looked exactly like the real Mo Long.

Mo Long's brows were also tightly knitted. He did not expect this person to be so bold as to use his face to agree to the marriage.

If his fake identity was discovered, the Chu family would be the first to come after him, much less the Mo family.

Kang Xue's father couldn't hold it in any longer. He pulled on the fake Mo Long's sleeve and questioned, "Mo Long, what do you mean by this? Did you really break up with Jiang Yu?"

The fake Mo Long frowned and shook off his hand impatiently, saying, "I advise you not to meddle in my affairs. I'll say it again, you can come back and meddle in my business when you've settled the relationship between your daughter and your son-in-law."

After saying that, the fake Mo Long returned to the inner courtyard, leaving Kang Xue's father alone on the stage awkwardly.

Chu Jie quickly caught up with the fake Mo Long and held his arm affectionately. She asked in a sweet voice, "Mr. Mo Long, who is Jiang Yu? From what that uncle said just now, Jiang Yu is your ex-girlfriend?"

The fake Mo Long casually replied, "yes, I don't have any feelings for him. At first, I just thought she was pretty, but after I got tired of her, I thought she was just so-so."

"Ah?" Chu Jie couldn't help but frown. "Then, will Mr. Mo Long get tired of looking at my face one day?"

The fake Mo Long paused. "No, you're different from them."

The fake Mo Long didn't say how they were different.

However, Chu Jie was now in the state of a little girl who had seen her sweetheart. No matter what the fake Mo Long said, she would believe it and would not ask for the reason.

She followed the fake Mo Long back to the inner courtyard and told some jokes.

Meanwhile, in the outer courtyard, old master Chu looked at Kang Xue's father with a dark expression, "Mister Kang, I respect house Kang, that's why I sent the invitation. However, please don't speak so arrogantly in my Chu clan just because of this respect."

Kang Xue's father's face turned red with anger. He said angrily, "Alright, I've already come to your Chu family's banquet. I've already given you face! But the relationship between house Chu and house Kang will end here!"

With that, he flicked his sleeve and left.

Old master Chu did not expect things to turn out this way. He was worried that the mood of the people present would be ruined because of this and the banquet would become dull. So, he said, "every gentleman and lady today will receive a gift after the banquet."

Jiang Yu could not help but laugh and said softly, "Old master Chu is really considerate of Chu Jie."

However, they didn't plan to stay here any longer. The gift wasn't important to them at all. Furthermore, the most important thing right now was to find out who the mole was and who had revealed Mo Long's movements.

As such, Jiang Yu and Mo Long decided to leave. However, just as they turned around and were about to leave, old master Chu called out, "Please wait a moment,"

Jiang Yu stopped in her tracks and turned around to look at old master Chu. She asked with a smile, "Hello, what's the matter?"

Mo Long also looked at old master Chu in surprise.

Chapter 1276 Familiar

Old master Chu smiled. "I wasn't too sure just now. But now that I'm close, I feel like I didn't see wrongly. The two of you don't seem to be such ordinary people. I think you must be business tycoons, right?"

Jiang Yu was stunned. She did not expect old master Chu to be so observant.

She was confident that as an actress, she could act out the ordinary feelings of a passerby. However, when she turned to look at Mo Long, she realized that his aura ... It really wasn't something that could be covered by an ordinary plaid shirt.

Even though he had already transformed him into a middle-aged man and even put on the cheapest plaid shirt for him, it was still difficult to hide the temperament that seeped out of Mo Long's bones.

Therefore, Jiang Yu smiled awkwardly and said, "Hello, old master Chu. We're just a normal couple. You're overthinking it. We're not some business tycoon."

"Yes, we're ordinary people," Mo Long agreed.

However, old master Chu would not be so easily deceived.

He had been living for 70 years and had been in the business world for so many years. His judgment of people had long been trained to the point of perfection. He could guarantee that the middle-aged man in front of him was definitely not as ordinary as he looked.

“Would the two of you like to come with me to the inner courtyard?” He asked.

Although it was a question, the bodyguards behind him had already made way for Jiang Yu and Mo Long.

Jiang Yu looked at the situation in front of her and could not help but criticize in her heart. “It seems like the Chu family’s way of socializing is quite special.”

Now that things had come to this, she and Mo Long no longer had any reason to refuse, so they entered the inner courtyard.

It just so happened that Kang Xue’s father had left. The only person who knew the two of them had left, so Jiang Yu was not worried anymore. The fake Mo Long had only seen her before and should not have seen Mo Long in person.

Old master Chu smiled as he arranged their seats and asked the servants to pour them red wine. He smiled and said, “This is a red wine from the Farry Institute, ranked in the top ten in the world. Please try it and see if it’s to your taste.”

Jiang Yu took a sip and said with a smile, “how would people like us know about red wine? Old master Chu, aren’t you making things difficult for us?”

Mo Long also took a sip and continued, “indeed. I don’t know what other advantages and disadvantages this red wine has other than being delicious.”

Old master Chu looked at them with a smile and didn’t say anything, as if he was doubting whether they were telling the truth or not.

At this moment, Chu Jie walked over with her arm around the fake Mo Long’s arm. The moment she saw the middle-aged couple at the table, the disdain on her face was abnormally obvious. “Grandpa, why did you bring such a person into the inner court? Look at them, they must be very dirty!”

Old master Chu said, “Chu Jie, how can you say that? She’s here to attend your coming-of-age ceremony, and you’re talking to her like this?”

“I don’t wish for such a person to appear at my coming of age ceremony,” Chu Jie said disdainfully.

“You naughty child, are you?” Old master Chu’s face fell. “If you continue to be like this, do you think President Mo will like you?”

“Of course!” Chu Jie smiled as she stuck close to the fake Mo Long and said triumphantly, “Mr. Mo Long said that I’m different from other women. He’ll never get sick of me.”

Jiang Yu almost laughed out loud when she heard that.

Chu Jie’s brain was really not working well. This was obviously a lie, and she actually believed it?

The fake Mo Long did not agree with Chu Jie's words. Instead, he kept looking at the man and woman in front of him. He felt that they looked very familiar, but he could not remember where he had met them before.

Jiang Yu noticed the look in the fake Mo Long's eyes, so she quickly smiled and said, "Aiya, boorish people like us can't enjoy such good things. I think we should leave first."

As she said that, she pulled Mo Long's hand and stood up to leave.

"Hold on," Old master Chu got the bodyguards to block their way. "The two of you have extraordinary auras, but you're wearing ordinary clothes and mingling in the crowd. Do you have any ulterior motives?"

"I already said that we're not." Jiang Yu frowned and explained. "We are really just two ordinary people. No matter how you look at us today, we can't make a flower out of nothing."

"This lady, what you said is not convincing at all." Old master Chu smiled. "I'm now suspecting that you've come to my granddaughter's coming-of-age ceremony with impure intentions. So, I can't let you go."

[Chapter 1277 Fabricated Information](#)

"What's the meaning of this?" Mo Long's eyes turned cold. "Do you still want to imprison us?"

"Of course not. I wouldn't do something like imprisoning someone illegally," Old master Chu smiled. "I just want you to stay here for a while. After the banquet is over, I'll ask you all what I want to know."

As he spoke, he used his eyes to signal the bodyguards to lock the two men in the warehouse.

"Al! What is this if not illegal imprisonment?" Jiang Yu shouted, "do you really have to lock him up in a basement for it to be considered illegal imprisonment?!"

On the other hand, Mo Long clenched his fists tightly, wanting to resist.

However, Jiang Yu hinted to him with her eyes that it was not the time to resist yet.

Thus, Mo Long could only give up.

The two of them were weak now. If they really fought, they would definitely not be a match for the group of bodyguards in front of them. Even though their bodyguards were nearby, they were not in the courtyard. There were also dozens of bodyguards standing guard at the entrance of the outer courtyard, so it was difficult for the bodyguards to come in.

In the beginning, he had asked them to stay outside so that they wouldn't attract too much attention. He didn't expect that he would make a mistake.

Jiang Yu and Mo Long were locked up in the warehouse by the bodyguards.

The Chu family's warehouse was quite big. Rather than a warehouse, it was more like a well-decorated room with nothing in it.

"He's really been locked in here." Jiang Yu looked around and after confirming that it was just an ordinary room, she said to Mo Long, "I didn't expect you to have such a strong temperament. I've dressed you up like this, but that old man still noticed something."

"I'm sorry, Yu 'er," Mo Long said in a low voice after a moment of silence.

"Why are you apologizing? It's not your fault." Jiang Yu said, "I can only say that my man's aura is too strong. No matter what he becomes, the temperament and pride in his bones will not change. You're saying that I have good taste. What are you apologizing for?"

Mo Long patted Jiang Yu's head dotingly and said, "But it's true that I dragged you into this."

"What are you afraid of? It's not like I can't get out." Jiang Yu said indifferently.

She took out her phone, turned on the ID photo mode of the camera, and took a photo of herself and Mo Long.

"What's this for?" Mo Long asked in confusion.

Jiang Yu explained as she operated her phone, "Of course they're fabricating our information. When the old man really comes to ask, we can't tell him our real identity and name, right? So, I plan to make up a fake identity for us. Even if he really finds someone to investigate, he won't find anything."

"You..." Mo Long paused and could not help but laugh. "Yu 'er, you're really smart."

"It's a small problem." Jiang Yu smiled and fabricated an identity for herself and Mo Long. "Didn't I save a man called Zhang Chuan before? He's a hacker, so this is a piece of cake for him."

As she spoke, she sent the fabricated identity information to Zhang Chuan, then said to Mo Long, "Just leave the rest to him."

"Yes." Mo Long looked at Jiang Yu dotingly.

After an unknown period of time, the door of the warehouse was opened, and three people entered—old master Chu, Chu Jie, and the fake Mo Long.

Chu Jie pushed old master Chu's wheelchair over and asked, "Have you two thought clearly? Do you want to reveal your true identity? This is good for all of us."

"Old master Chu, your words are really confusing." Jiang Yu began to display her professionalism as an actress and tried her best to play the role of an ordinary woman who had been wronged. "My husband and I just want to attend the coming-of-age ceremony and bask in the glory. We're really not some business tycoon. We're just ordinary small merchants and hawkers. You won't even look up to us, so why bother?"

"That's an excuse!" Chu Jie said, "do small merchants and hawkers have the same temperament as you? Besides, even if you're really just a small merchant, you wouldn't be dressed so shabbily, right? This is my coming of age ceremony, aren't you guys insulting me by dressing like this?"

The more Chu Jie spoke, the more aggrieved she became. Tears seemed to be welling up in her eyes.

Old master Chu quickly comforted her. "My dear baby. Don't cry."

"They're insulting me, Grandpa!" Chu Jie was unwilling to let this go. "If I let today's matter go just like this, I might as well not be the Chu family's daughter anymore!"

"Alright, alright. Grandpa will help you vent your anger." Old master Chu coaxed Chu Jie in a gentle voice. Then, his tone turned cold as he said to Jiang Yu, "You'd better tell me everything. Otherwise, don't blame me for being impolite."

[Chapter 1278 Frightening But Without Danger](#)

"That's illegal, old master Chu." Jiang Yu said.

"So what?" Old master Chu laughed disdainfully. "Who do you think is in charge of Qingcheng now?"

As soon as these words were spoken, the air instantly fell silent.

After a long time, Jiang Yu said with a sobbing tone, "I'll say anything, but please let us go."

Old master Chu probably did not expect the person in front of him to cry. Chu Jie was also a little surprised. She could not help but say in a strange tone, "We didn't do anything. Why are you crying?"

Jiang Yu immediately began her vivid narration. Excuses like "a big fire burned all our savings, "we came here to do business but were cheated of our money, " "we came to the banquet because we haven't eaten for a few days, " and so on were just the tip of the iceberg."

Mo Long didn't know how others would feel after hearing this story, but he really wanted to laugh.

This was the first time he realized that Jiang Yu's ability to make up stories was so strong.

At the end of her sentence, Jiang Yu's bean-sized tears fell uncontrollably.

Chu Jie was completely touched.

"Why are you guys in such a miserable state?" Chu Jie cried as she asked, "then, doesn't that mean that both of you don't have money to go home?"

"Yup," Jiang Yu nodded while crying, looking really sad.

"Grandpa, let them go. Don't make things difficult for them." Chu Jie pleaded on their behalf. "Look at how miserable they are. If we still make things difficult for them, isn't that too much? And they haven't given up on life even now. They're really worthy of respect."

Old master Chu was also a little shaken.

Because Jiang Yu's acting was so real, he was also brought into the mood for a while. He felt that the people in front of him were just an ordinary couple who had suffered.

With Chu Jie pleading for them, old master Chu did not plan to make things difficult for them. As long as they were willing to reveal their true identities, he would let them go immediately.

However, the fake Mo Long said, "there's no place in Qingcheng that can do big business recently. Why did you come here? Compared to Qingcheng, the antique market in yangcheng had been doing quite well recently. If you're willing to invest there, not only will you not be scammed, but you'll also make a lot of money."

As soon as he said this, old master Chu's rationality came back.

So he said, don't think about getting away with it.

Seeing this, Jiang Yu couldn't help but sigh and say, ""Alright, I'll be honest with you about our true identities. Actually, my husband and I are the owners of an antique shop. Compared to the ordinary antiques in Sun City, we prefer to go to other places to look for different antiques. Who knew that we would encounter such a disaster?"

"Is that so?" The fake Mo Long looked at Jiang Yu meaningfully and said, "Since you're the owner of an antique store, you should have the registration information for your store, right? Please don't lie to us just by telling us a random shop or making up an identity."

"Then go ahead and check," Jiang Yu said indifferently. Whether it was true or not, they would know once they checked. Our shop is called 'Ice Crystal', you can just check."

"Alright," he said. Seeing how confident Jiang Yu was, the fake Mo Long was a little shaken. However, he still took out his phone and searched for the antique shop, Ice Crystal.

However, to his surprise, there was no information about "ice crystals" on the internet.

The fake Mo Long raised his eyebrows and showed the contents of the phone screen to Jiang Yu. He said proudly, "See that? We don't have any information about your store. Doesn't that prove that you're lying to us?"

Jiang Yu looked at the blank phone screen in front of her and was shocked.

How was that possible? Didn't Zhang Chuan enter the information?

Behind Jiang Yu, Mo Long's face was dark, and his hands were clenched tightly behind his back.

He had already made up his mind. Even if he and Jiang Yu had to be trapped here today, he would still take Jiang Yu and leave this place.

Jiang Yu's forehead was already covered in cold sweat, but she still tried to click on the refresh button on her phone. Soon, information about "ice crystals" popped up.

"Phew ... Look, isn't there one?" Jiang Yu heaved a sigh of relief, but her heart was still beating fast.

The fake Mo Long looked at the information in shock and said in confusion, "But I didn't see it just now! Why did it appear the moment you touched the phone?"

"That's because your phone's signal is bad, so it didn't load." Jiang Yu found an excuse. "If you refresh it, it will come out?"

[Chapter 1279 Suspicious](#)

The fake Mo Long looked at his phone in shock, and his expression was colorful.

Could it be that his phone really didn't refresh just now?

Old master Chu also saw the message on the phone. After reading it carefully, he also looked at Jiang Yu and Mo Long with suspicion.

Although they did look a little different from an ordinary couple, the message on the phone was there. It seemed that they were not lying.

Since that was the case, old master Chu had no reason to continue making things difficult for them. However, if he let them go just like that, it would make him look very embarrassed, and it would also make him look like he was falsely accusing people. So, he still pulled a long face and said, "I didn't think this through, but you can't say it's all my fault."

He was blaming Jiang Yu and Mo Long for dressing up like businessmen. It really did not make sense.

"You can't say that," Jiang Yu said. "You've been a businessman for so many years. How can you ever be wrong?"

Old master Chu frowned and said, "what do you mean by this?" Are you blaming me?"

"I didn't mean it that way. You've misunderstood. But this matter really has nothing to do with us, and you can't say that it's our fault."

Old master Chu was speechless. He was silent for a long time before he waved his hand and said, "Forget it. This matter has nothing to do with you. You can go."

As he spoke, he opened the door of the warehouse and let Jiang Yu and Mo Long leave.

After Jiang Yu and Mo Long left, they didn't immediately return to Mo Long's residence. Instead, they stayed at another place for a while to make sure that no one was following them before returning to Mo Long's residence.

After returning to their residence, Jiang Yu and Mo Long washed off the makeup on their faces and changed into their daily clothes.

Jiang Yu said, "this time, it's really a close call. I didn't expect old master Chu to be so vigilant. And that fake Mo Long, he actually agreed to the marriage with the Chu family with your face."

Speaking of this, Mo Long also found it unbelievable.

He was just a fake. How would he dare to agree to such a thing with a fake face?

Jiang Yu thought for a moment and said, "since he dares to be so bold, it means that he wants to replace you. That's why he dared to agree to a marriage Alliance and wasn't afraid of others finding out his fake identity."

It seemed like all of this was for Mo Long.

Jiang Yu sighed. moreover, Kang Xue's father and the Chu family have some conflicts. I'm afraid that the relationship between the Chu and Kang families will end here.

Mo Long said, "Yu 'er, you go back first. Leave this matter to me. Don't you still have other things to do?"

Although Jiang Yu was a little worried, she believed that Mo Long would be able to handle this matter.

"I'll head back first," she said. "You must be careful and stay safe."

"Yes."

Jiang Yu did not stay any longer and immediately returned to her hotel.

After Jiang Yu left, Mo Long sat on the sofa and thought about what had happened today. Suddenly, there was a knock on the door. Mo Long thought that Jiang Yu had left something at his place.

So he went to open the door and asked, "Yu 'er, is there anything else?"

However, the person standing outside the door was not Jiang Yu. Instead, it was a man in a black suit and a pair of black sunglasses.

"Sir, my master would like to see you," the man said.

"Who's your master?" Mo Long asked after a pause.

The man didn't answer and only made a "please" gesture, saying, ""This gentleman, please follow me."

Mo Long did not recognize the man in front of him, nor could he guess who the "master" he was talking about was. However, if he didn't go with them now, the other party would probably take forceful measures to take him away. Mo Long did not know if there were any other accomplices around, so he could only follow him to ensure his own safety.

The black-shirted man led Mo Long and kept walking until they reached the end of a small alley, where a man in a gray windbreaker stood. The man in black stopped and said to the man in the gray windbreaker, "Master, I've brought him here."

The man in the gray windbreaker turned around and stared at Mo Long.

Mo Long's body trembled when he saw his face.

This person was actually the fake Mo Long!

The fake Mo Long smiled and said to him, "Mr. Mo Long, nice to meet you."

Mo Long frowned and took a step back, questioning, "How did you know I was here?"

[Chapter 1280 Imprisonment](#)

The fake Mo Long laughed and said, "Mr. Mo Long, what are you saying?" "As my original body, shouldn't it be normal for me to know that you're here?"

"Oh?" Mo Long paused and asked in confusion, "original body?"

The fake Mo Long nodded and said matter-of-factly, "Yes, it's the original body. Otherwise, why do you think I was created? Mr. Mo Long, I was created to replace you."

He then said to the man in black, "Take him away!"

Mo Long wanted to resist, but the fake Mo Long saw through his thoughts and said, "Mr. Mo Long, I'd advise you to save your energy. Your bodyguards aren't around here. The area is already filled with my men. If you don't want to get hurt, you'd better be obedient and follow me."

Mo Long's tightly clenched fist gradually relaxed. He raised his brows and said, "Alright, I'll go with you."

The man in black took out a black cloth and covered Mo Long's eyes. "I'm sorry for the offense,"

The fake Mo Long walked in front and said as he walked, "Mr. Mo Long, the person standing beside you today is your fiancée, miss Jiang Yu, right? I keep feeling that she looks familiar, but I can't remember where I've seen her before. After that, my people followed you all here, and I discovered that you were the real Mo Long. That means she must be your fiancée."

Mo Long was shocked. At that time, he and Jiang Yu had already confirmed that no one was following them. How did this fake Mo Long escape their eyes and follow them all the way here?

The fake Mo Long seemed to have seen through his confusion and explained, "Mr. Mo Long, please don't be surprised. I've said it before, you're my original body, and there's a chip in my brain that contains your DNA. As long as I meet you, the chip will automatically recognize you and start the tracking function to track your location."

Original body ... This matter was getting more and more complicated.

The fake Mo Long said a bunch of things, but Mo Long didn't respond, so he asked, "Mr. Mo Long, are you not curious at all? For example, who instructed me to do this? Why did he order me to do this?"

"I'm not curious," Mo Long replied coldly.

The fake Mo Long choked and said with a smile, "if you're not curious, then I'll tell you. The person who instigated me wanted me to replace you and make you disappear from this world. I don't know what kind of enmity you have with him, but he's the one who gave me a second chance at life. Since he told me to do this, I'll definitely follow his orders."

Mo Long sneered and said, "what you said is the same as not saying anything. Since he created you, he only has one goal, and that is to replace me. If he didn't have a grudge against me, he wouldn't do such a thing."

The fake Mo Long snorted and said, "you can say whatever you want. I won't be angry. Mr. Mo Long, I won't touch you before that person comes. Your life is in his hands. That's why I'll temporarily lock you and your good Secretary together. This is good too, isn't it good that you two master and servant are reunited?"

"So, Teng Yi is in your hands?" Mo Long asked coldly.

The fake Mo Long was very pleased with himself. "Of course he's in my hands. He actually tried to seduce my woman."

Mo Long still wanted to say something, but the man in black behind him ruthlessly hit the back of his neck, causing him to faint.

When he regained consciousness and opened his eyes again, he was already in a dark room with a moldy smell. Mo Long struggled to sit up. Just as he was about to rub his sore neck, he heard a familiar voice beside him. "President Mo, you're awake?"

Mo Long paused and turned around to see Teng Yi tied to a chair. He had lost some weight.

"President Mo, are you alright?" Teng Yi was very anxious. "It's all my fault. Not only did I not get any useful information, but I also mistook the fake for you. Otherwise, I wouldn't be locked up here."

Mo Long sighed and said, "you're not to blame for this. I can only say that there's a huge conspiracy behind this, and you're one of the victims. In the end, I'm the one who's implicated you."

"President Mo! This matter is my fault. I'm too useless!" Teng Yi kept blaming himself. I don't know how Madam is. She must be worried about you."

"She's also in Qingcheng," said Mo Long after a long silence.
