

## Older Man 1311

### Chapter 1311 Feng Family Bodyguard

But now, Feng Ran could not take in any of that. She grabbed Jiang Yu's clothes tightly and her voice trembled unconsciously. "What are you guys doing here? Are you here to take me back?"

"Of course, miss." The tone of the person at the door also turned into a pleading one. "The old master said that if we can't bring you back this time, he will fire all of us! Please consider it for our sake and come back with us!"

"I'm not going back!" Feng Ran shook her head fiercely. "If I go back with you, there will only be one outcome for me! And that was to marry that illegitimate child! I don't want to live such a life!"

"Miss, you're our living ancestor!" The person at the door was a little anxious. "Please come back with us! Moreover, the old master's health isn't very good. You can't just stay here forever, right?"

"Nonsense!" Feng Ran said, "when he forced me to get married, I felt that his body was still very strong! I don't care what you say today, or whose orders you're following, I'm not going back with you."

As she spoke, she shrank behind Jiang Yu again.

At this point, Jiang Yu had already guessed the identity of the person at the door-he should be the boss of the Feng family's bodyguards.

The 'miss' he was referring to was Feng Ran.

"Miss, if you don't go back with us, we'll be the ones in trouble!" The person at the door was still talking.

"I said I'm not going back, so I'm not going back." Feng Ran said, "what does it have to do with me if you're not unlucky? You're listening to my dad's orders, not mine! To put it nicely, you're bodyguards. To put it bluntly, aren't you the people my dad sent to monitor me?"

After saying that, Feng Ran tugged at the corner of Jiang Yu's shirt and looked up at her with a wronged expression. "Jiang Yu, please help me. I don't want to go back. If I go back, I can only marry that illegitimate child. I don't want to marry that illegitimate child, and I don't want to live that kind of life forever. I beg you, please help me."

Jiang Yu patted Feng Ran's shoulder and said to the person at the door, "Since she doesn't want to go back, why are you forcing her?"

"What do you know?" The person at the door had a different attitude towards Jiang Yu. "Who dares to disobey the orders of our old master? This is our family's young miss, what does it have to do with you? Don't tell me that you still want our family's young miss to remain in this broken down village? Even if our old master didn't give the order, we definitely won't let young miss suffer here!"

"Sweet words." Jiang Yu sneered. "I will definitely not hand this person over to you today. If you're not convinced, you can ask your old master to come and talk to me personally."

“You?” The person at the door looked at Jiang Yu with disdain and sneered, “Who are you? How dare he say such words? And you want our old master to come and talk to you personally? Why don’t you take a look at your own worth!”

“I don’t need you to tell me what I’m worth.” Jiang Yu smirked. “Anyway, I won’t hand Feng Ran over to you. If you insist on taking her away, then ask your old master to come and talk to me personally. If he doesn’t come personally, I will definitely not let him go.”

“You’re simply impudent!” The person at the door was so angry that he was about to go crazy. “I’m telling you, if you don’t hand her over...”

Before he could finish, he was interrupted by Jiang Yu. “Mo long, the president of the Mo Corporation in Shanghai. And I, Jiang Yu, am the wife of the president of the Mo Corporation. How is it? is this identity enough?”

“What?” Not only the person at the door, even Feng Ran, who was behind Jiang Yu, widened her eyes in shock. “What? You’re the president’s wife? Then why are you in this village?”

“It’s none of your business.” Jiang Yu said, “but don’t worry. I will definitely not let them take you away today.”

“Alright!” Feng Ran shed tears of gratitude. “Thank you so much, Jiang Yu!”

It didn’t matter if Jiang Yu was the president’s wife or an ordinary villager in this village. Since she was the one who saved him, then Jiang Yu was his Savior!

The expression of the person at the door changed after hearing Jiang Yu’s words.

However, on second thought, he felt that Jiang Yu’s words made no sense.

Which CEO’s wife would appear in such a dilapidated village? Not to mention, she was the wife of the president of the Mo Corporation in Shanghai.

Who didn’t know about the Mo family? He was a big shot who could cover the sky with one hand! How could his wife be here?

Chapter 1312 Feng Zheng

Therefore, the man at the door sneered and said, “Do you think I’ll believe you? If you say you’re the president’s wife, then you really are? If you’re so capable, then get the president of the Mo Corporation to admit it.”

“Alright.” Jiang Yu looked at him with a smile. “If I can prove that I am, then ask your old master to come to me personally to ask for her.”

“Alright,” he said. The person at the door did not believe that Jiang Yu was president Mo’s wife, so she agreed readily. “If you can’t prove it, then you’ll have to hand her over obediently.”

“Of course I can prove it.” Jiang Yu took out her phone, opened a picture, and walked towards the person at the door.

!!

Zhou Yun stopped her with a worried expression on his face. master, don't be careless.

"It's fine. Don't worry. He won't dare to do anything to me." Jiang Yu smiled and walked straight to the person at the door. She raised her phone to show him.

"Look carefully, is the person up there me?" Jiang Yu asked with a smile.

After the man looked at the picture carefully, he was shocked.

"Could it be ... Are you really President Mo's wife?" He said in a panic, "impossible, your picture must be fake!"

"If you don't want to believe me, I have other evidence." Jiang Yu pulled out a few more pictures and a video from her phone.

That video was recorded together by Jiang Yu and Mo Long when they were traveling abroad.

Jiang Yu finished playing the video and said, "You should believe me now, right? You said that the pictures were fake, but the video couldn't be fake, right? Who didn't know what kind of existence Mo Long was? Even if I wanted to lie to you, I wouldn't have dragged him into this, right?"

"You ... Are you really the president's wife?" The expression on the face of the person at the door was very interesting. "I'm sorry, I misunderstood just now. Since miss is here with you, we can rest assured. We'll convey your words to the old master truthfully."

"Since you've said so, then let's go back first. It was getting late, and everyone needed to rest. We can talk about it tomorrow morning." After that, Jiang Yu went back.

Feng Ran followed behind her obediently.

"Jiang Yu, you're really President Mo's wife!" Feng Ran was shocked, "at first, I thought you were just an ordinary villager. Then, I thought you were the daughter of some rich family. But, I never expected you to be President Mo's wife!"

"It's reasonable that you didn't think of it." Jiang Yu consoled her. "After all, no CEO's wife would appear in such a dilapidated mountain village. Alright, be good and go to sleep. There are still a lot of things to settle tomorrow."

"Alright!"

The next afternoon, a luxurious black car was parked outside the village.

A middle-aged man with half-white hair got out of the car and walked into the village. He asked, "Where is miss Jiang Yu?"

The cyborgs and the bodyguards looked at him warily and asked, "Who are you?"

"I'm Feng Ran's father, Feng Zheng," the middle-aged man smiled politely.

Jiang Yu heard the voice and went out. She smiled. "It's you, President Feng. Nice to meet you."

When Feng Zheng saw Jiang Yu, he smiled politely and said, "You must be miss Jiang Yu, right?"

"Yes, it's me." Jiang Yu said, "I'm sure your bodyguards have already told you everything since you came today. Since that's the case, I won't beat around the bush. I don't recommend you to marry Feng Ran to the Chu family's illegitimate son."

Feng Zheng's eyes darkened. Although he did not know how Jiang Yu found out about this matter, he still kept his calm and said, "Miss Jiang Yu, this is the Feng family's business. As an outsider, it's not appropriate for you to interfere, right?"

"It's not good for me to interfere." Jiang Yu said helplessly, "but Feng Ran kept begging me. I had no choice."

"You don't need to pay attention to my daughter's words." Feng Zheng said, "I understand her. As long as we bring her back and lock her up for a few days, she will agree to this marriage."

"President Feng, isn't it bad for you to force Feng Ran to get married in such a way?" Jiang Yu frowned. "Feng Ran should find her own happiness."

"How can she find happiness on her own?" Feng Zheng sneered. "Miss Jiang Yu, I don't know where you found out about this, but this is the Feng family's family matter. I advise you not to interfere. Even if you're the wife of the president of the Mo Corporation, it doesn't mean you can interfere with other people's Affairs as you please."

"President Feng, you've misunderstood. I'm not interfering in your family's affairs." Jiang Yu said, "I'm just giving a suggestion from my personal point of view. If you don't accept this suggestion, then it's your own business."

### [Chapter 1313 Feng Di](#)

"In that case, Miss Jiang Yu, please let my daughter out." Feng Zheng said, "she's been pampered since she was young. She won't be able to endure hardship in a place like this."

Seeing that Feng Zheng's attitude was so firm, Jiang Yu did not say anything more. She let Zhou Yun into the house and called Feng Ran out.

However, when Feng Ran heard that the person outside was her father, she was determined not to come out. She shouted, "Impossible! Don't even think about making me go back! If I go back, I can only marry that illegitimate child!"

"I'm not going with you! What can you do to me?" Feng Ran ran out of the house in anger and shouted at Feng Zheng, "You think I don't know what you're thinking? You took a fancy to the power behind that illegitimate son and thought that he would help you if you married me over! And in your heart, I'm just a burden compared to Feng Di! Now that there's a rare opportunity to get rid of a burden like me, of course you'd grab it!"

"Nonsense!" Feng Zheng said angrily, "who gave you the courage to speak to me like this? Do you really think that I can't do anything to you just because you're hiding behind the president's wife of the Mo Corporation?"

"No matter who I hide behind today, I will not go back with you!" Feng Ran was so angry that tears came out of her eyes. You've never really cared about me since I was young. All you could think about was

that Feng Di! Now that you've discovered my value, you're starting to care about me? I'm telling you, I don't need it!"

"Feng Di is your younger brother! And he's only ten years old this year!" Feng Zheng's eyes widened in anger. "You're his sister. Why can't you let him have his way? He's still young, what's wrong with me showing him more concern?"

"He's still young, so I should give in to him?" Feng Ran shouted until her throat was almost hoarse. "When I was young, I didn't see you care much about me. You said that I'm his sister, but I've never acknowledged him as my brother!"

"You're really rebellious, you're disgraceful!" Feng Zheng's face turned red with anger. "His surname is also Feng. Why isn't he your younger brother?"

"If I say he's not my little brother, then he's not my little brother!" Feng Ran shouted, "after my mother passed away, you brought back a woman from outside. Not long after, you brought back a little boy and said that he was your son. You even said that he was my brother? Isn't he your illegitimate child? Oh, I see. Because you have an illegitimate child outside, you won't look down on illegitimate children, right?"

"He's not an illegitimate child? To think that you can say such words!" Feng Ran sneered. "Look at his age. He's ten years old! When did my mother pass away? Three years ago! You still dare to say that he's not an illegitimate child?"

"If I say he's not, he's not! Don't yell at me here, you're getting more and more unruly!" Feng Zheng was so angry that his chest heaved up and down. "Let me tell you, no matter what, you have to go back with me today!"

"Then let me tell you, even if I die Here today, I won't go back!" Feng Ran simply sat on the ground and hugged Jiang Yu's leg.

In this awkward situation, Jiang Yu couldn't say much. She could only shake her head helplessly and say to Feng Zheng, "CEO Feng, as you can see, it's not that I don't want to let her go, but this person doesn't want to go with you at all."

Feng Zheng's face turned cold. "You don't want to go with me? Alright, men! Bring the young lady back!"

As soon as he finished speaking, a group of bodyguards rushed over from behind Feng Zheng. They were aggressive and wanted to take Feng Ran back forcefully.

"I'm the daughter of the Feng family! How dare you touch me?" Feng Ran shouted and tightened her grip on Jiang Yu's leg. "If you dare to touch me, I'll die in front of you!"

She was being ruthless, but Feng Zheng was not afraid at all.

Seeing that the group of bodyguards had stopped in their tracks, Feng Zheng continued, "You guys won't listen to my orders anymore? I told you to bring miss back, are you all deaf?"

The bodyguards looked at each other and finally walked towards Feng Ran.

"Wait a moment." Jiang Yu stood in front of Feng Ran and said, "It's not very good to forcefully take someone away, right?"

## [Chapter 1314 Working With Kang Family](#)

Feng Zheng said impatiently, "Miss Jiang Yu, I've already said that this is the Feng family's family matter. Please don't interfere. Even if you're the wife of the president of the Mo Corporation, you can't meddle in other people's affairs. The Feng family and the Mo family don't have any working relationship, you can't use this status to suppress me. "

As soon as he finished speaking, Feng Zheng's Secretary suddenly said, "Miss Jiang Yu, there's a piece of news that's been circulating on the internet. The president of the Mo Corporation has agreed to the marriage with the Chu family. Don't tell me you don't know about this?"

Feng Zheng looked at the Secretary blankly and asked, "When did this happen?"

The Secretary took out her phone, found the news, and said to Feng Zheng, "Boss Feng, I just saw it. Initially, I just wanted to investigate whether the wife of the Mo corporation's President is the Miss Jiang Yu in front of me. I didn't expect to see this piece of news."

Feng Zheng took the phone and took a closer look. He couldn't help but laugh. "Hahahaha! Jiang Yu, Jiang Yu, didn't you say that you are the president's wife? I think you're digging your own grave!"

"Why are you still lying to yourselves at this time?" Jiang Yu said helplessly, "I've already made this public with Mo Long a long time ago. Don't you know about this?"

"This ..." The smile on Feng Zheng's face froze.

He turned to his Secretary and asked, "There's such a thing?"

The Secretary wasn't sure, so she searched for information on her phone and finally found out that Jiang Yu and Mo Long had indeed made their relationship public. However, because the two of them were relatively low-key, there had not been much news about them.

"How is this possible?" The Secretary was also dumbfounded, "if this Jiang Yu in front of us is really the president's wife, why would President Mo agree to a marriage alliance?"

Feng Zheng was also dumbfounded. He couldn't understand what was going on.

The Secretary looked at Jiang Yu carefully and carefully observed the expression on her face. However, Jiang Yu's expression was very calm, so he made a bold guess. "Could it be that President Mo has already broken up with Jiang Yu? That's why you agreed to this marriage?"

"That's a bold guess." Jiang Yu laughed. "Look carefully. That person isn't Mo Long at all. He just looks like him. I'm the real Mrs. President. No matter if it's before, now, or in the future, I'll always be the only Mrs. President."

"You're talking big!" Feng Zheng's eyes widened in anger, "this is obviously President Mo!"

"Boss Feng, you're old and your eyes are blurry. But now isn't the time to be thinking about this. We still have things to settle between us." Jiang Yu said, "since you say that I can't suppress you with my identity as the president's wife, how about I change my identity?"

"What do you mean by that?" Feng Zheng looked at Jiang Yu warily.

"You just said that Feng family and house Mo are not working together, but Feng family and Kang family are working together, right?" Jiang Yu looked at Feng Zheng with a smile.

"How do you know that Feng family and Kang family are working together" Feng Zheng asked.

"Of course I know." Jiang Yu's eyes curved. "Because I'm a member of the Kang family."

"What ..." The amount of information was a little too much for Feng Zheng's heart to handle.

"I'm sorry, I forgot to introduce myself." Jiang Yu shrugged her shoulders. "I'm not only the wife of the president of the Mo Corporation, but I'm also the young miss of the Kang family. But it's no wonder you didn't know-Kang family hasn't announced it yet."

"You're talking nonsense!" Feng Zheng's voice started to shake. "First you said you're the president's wife, and now you're the Kang family's heiress. Do you think I'm an idiot? If you really had such an identity, would you appear in such a village? I don't think you have any status, you're just a charlatan!"

As he spoke, Feng Zheng gave an order to the group of bodyguards, "One by one, why are you all still standing there? Hurry up and bring miss over! That woman is a charlatan!"

"Jiang Yu is not a liar!" Feng Ran hugged Jiang Yu's leg tightly and refused to let go. "Won't we know if her identity is real or fake once we check it? But I can guarantee that she's not a scammer!"

"You've been bewitched by her!" Feng Zheng was furious. "What kind of magic potion did she give you to make you speak up for her like this?!"

"She saved me and Mei Shuang. She's our Savior!" Feng Ran asked, "why can't I trust my savior?"

Chapter 1315 Blind As A Bat

"My good daughter! She saved you so that she could use you!" Feng Zheng said earnestly, "I'm your father. Would I harm you? I'm doing this for your own good!"

"If you really wanted the best for me, you wouldn't have forced me to marry that illegitimate child!" Feng Ran was still fighting with Feng Zheng. "I can't even choose my own happiness. I have to listen to your orders. What do you mean by doing this for my own good?"

"Even if he's an illegitimate child, the power behind him is something that the Feng family can never compare to in this lifetime!" Feng Zheng started to play the emotional card. "I'm letting you marry into the family for the sake of your happiness. He's rich and powerful. He'll definitely be able to protect you. I've done so much for you, why don't you appreciate it?"

Feng Ran could not help but curse, "Bah! You didn't do it for me! You're just trying to get rid of me, a burden, as soon as possible, so that you can leave my share of the family property to Feng Di! Do you think I don't know what you're thinking?"

"You, you!" Feng Zheng was so angry that he almost had a heart attack.

Jiang Yu's face was cold as she looked at Feng Zheng's nauseating face and said, "If you don't want to believe me, you can contact the kangs right now and see if I'm really the young miss of Kang family."

Feng Zheng looked at Jiang Yu suspiciously and asked his secretary to call the Kang family.

“Turn on the speaker.” Feng Zheng ordered, “today, I’m going to expose your lies.”

A familiar voice came through the phone-it was Xue Kang’s father, Mr. Kang.

“Boss Feng, why are you calling me?” Mr. Kang asked.

Feng Zheng threw out the question directly, “Chief Kang, I heard that the young lady of Kang family is called Jiang Yu?”

Mr. Kang didn’t expect Feng Zheng to ask such a question. He was a little taken aback. “Yes, and she’s the young lady of Kang family.” He quickly replied. “What’s wrong?”

“Is Jiang Yu really the young miss of Kang family?” Feng Zheng was stunned.

“Boss Feng, why are you suddenly asking this question?”

“It’s nothing,” Feng Zheng explained hurriedly. “Someone mentioned it to me recently, so I wanted to confirm it with you. I didn’t expect Jiang Yu to really be the young lady of the Kang family. If there’s nothing else, I’ll hang up first, I won’t disturb you anymore.”

After that, Feng Zheng asked his secretary to hang up the phone.

After the secretary hung up the phone, she looked at Jiang Yu and avoided her eyes.

Feng Zheng also lost face and said in a low voice, “I didn’t think you’d really be the young miss of Kang family.”

“This is not a small matter. Why do you think I would lie about this?” Jiang Yu retorted.

“It’s not like that.” Feng Zheng wanted to explain, but in his panic, he couldn’t think of anything to say. In the end, he simply said, “miss Jiang Yu, I’ve misunderstood you. Please be magnanimous and don’t take it to heart.”

“I can forgive you, but I can’t just apologize.” Jiang Yu said.

“Miss Jiang Yu, if you have any requests, please tell me.” Feng Zheng lowered his stance.

He could be on the same level as the side branch of Kang family, but the main branch was a world of difference. It was a branch that he would never be able to reach in his life.

Since Jiang Yu was the young lady of the Kang family, she was someone that Feng Zheng could not afford to offend.

“My request isn’t difficult to fulfill. It’s an easy task for you, President Feng.” Jiang Yu said, “I only have one request, and that is to cancel the engagement between Feng Ran and that illegitimate son.”

“This won’t do.” Feng Zheng refused without even thinking. “Other than this, I can fulfill any of your requests.”

“But I only have this one request.” Jiang Yu narrowed her eyes. “How much does boss Feng know about that illegitimate son? Could it be that just because she saw the power behind him, she was determined to cling to him? He’s even willing to marry his only daughter over?”

"Miss Jiang Yu, you don't understand." Feng Zheng put on a lecturing posture. "Feng Ran is my daughter. As her father, how can I be willing to let her marry an illegitimate child of unknown origin? I have my own reasons for doing this. If she married into the family, she would receive the double protection of the Feng and Chu families. Why is this not a good thing for her?"

"How is this a good thing?" Jiang Yu frowned. "From what you just said, it seems that you don't know much about that illegitimate child either. How could you be willing to marry your only daughter over?"

#### [Chapter 1316 Reaching A Deal](#)

"I've already said that I have my own considerations for doing this." Feng Zheng started to get impatient. "Are you questioning my judgment of people, miss Jiang Yu?"

"Could it be that the person you're looking at is accurate?" Jiang Yu's face was cold. "You said that as long as Feng Ran married into the Chu family, she would receive the double protection of the Feng family and the Chu family. But have you ever thought that the Chu family would really acknowledge this illegitimate child?"

"Why wouldn't you admit it?" Feng Zheng's tone was a little harsh. "No matter what, the blood of the Chu family flows in his veins! If that's the case, why didn't the Chu family acknowledge him?"

"Does director Feng think that the title of illegitimate child sounds good?" Jiang Yu questioned, "not to mention a big family like the Chu family. Even if they really want to acknowledge that illegitimate child, they will only say that he is a descendant of the Chu family who has been wandering outside! However, from what I know, no one in the Chu clan knows of the existence of this illegitimate child. So, what do you think is the probability of him returning to his clan?"

"You really have high hopes for him." Jiang Yu couldn't help but sneer. "He's just a little illegitimate child. Have you never thought about what supported him to this day? Why did the power behind him support him? That was because he was of value to that group of people! Do you think the power behind him will continue to support him if he no longer has any value one day? I don't know how to!"

Feng Zheng's heart wavered a little, but he still steadied his mind and said loudly, "I don't believe that he's just a puppet! The fact that he was able to get to where he was today with the support of that group of people was enough to show that he was not a simple person! Miss Jiang Yu, you're the one who keeps saying these things to me. What do you mean by that?"

"I'm being very reasonable." Jiang Yu said, "I just can't bear to see Feng Ran marry a man she doesn't like! And it was you, her father, who forced her to marry him! You've been in the business world for decades, and by right, you're good at judging people. But why did you decide on this illegitimate child this time?"

"Miss Jiang Yu, I think I've already made myself very clear." Feng Zheng's face turned cold. "No matter how many times you ask me, I will only give you one answer."

"Okay, I'll change my question." Jiang Yu said, "in boss Feng's eyes, between me and that illegitimate child, who has the greater power behind us? If you were given a chance, would you choose to work with me or continue working with that illegitimate child?"

"I don't believe that you and that illegitimate child didn't have a business relationship." Jiang Yu said, "you have reached a deal with him, and the bargaining chip is Feng Ran. If you marry Feng Ran over, he will give you benefits. Since that's the case, why don't you cooperate with me? You only need to help me with some things and I can give you double the benefits. In that case, you'll get benefits and keep your daughter. This is a win-win situation for you."

Feng Zheng wavered.

Jiang Yu struck while the iron was hot and said, "compared to that puppet, my position as the young lady of the Kang family is more stable. You don't have to worry that I will fall one day. As long as I'm still in this position, as long as you're willing to continue working with me, I won't give you any less than what you deserve."

Feng Zheng thought about it and was finally convinced by Jiang Yu.

"Alright, miss Jiang Yu. I agree to work with you."

"President Feng, you're a straightforward person." Jiang Yu clapped her hands. "In that case, we are in a cooperative relationship. If you're still worried, you can go back and draft a contract, then bring it back for me to sign."

"No need, I believe you." Feng Zheng said.

"If that's the case, then please leave me your contact information, President Feng." Jiang Yu said, "also, the Feng family's bodyguards should stay here. I'll need their help if necessary."

"It's completely possible." Feng Zheng waved his hand and motioned for the bodyguards to stay. "Then, miss Jiang Yu, please remember your promise and give the Feng family as many benefits as you can."

pàndá-ñovêi.cóM "That's for sure," Jiang Yu smiled. "If there's nothing else, you can go back first."

Feng Zheng took a few last glances at Feng Ran and left without looking back.

After making sure that Feng Zheng had left, Feng Ran patted her butt and got up.

Chapter 1317 Have A Backer

"Jiang Yu, I didn't expect you to be someone with such a high status!" Feng Ran was very excited. "I didn't expect my dad to be so afraid of you. If I'm with you in the future, my dad won't dare to force me anymore."

"The conflict between you and your daughter still needs to be resolved." Jiang Yu said, "you can stay by my side for a while, but you still have to return to the Feng family in the future and resolve this conflict with your father."

"But I'm not going back now." Feng Ran grinned and tried her best to get closer to Jiang Yu. "That's great. I have someone to rely on in the future."

Jiang Yu smiled helplessly. "Go back to your room first. Meishuang hasn't fully recovered yet. Take good care of her."

"Yes, yes." Feng Ran nodded and ran back into the house happily.

In her heart, she was admiring Jiang Yu more and more. She had already become her little fan.

Jiang Yu looked at the Feng family's bodyguards in front of her and said, "Since director Feng has agreed to my request and made you all stay here, you must listen to me. But don't worry, I won't ask you to do anything dangerous."

The Feng family's bodyguards looked at each other and finally said, "I know."

"You guys go ahead and patrol the area. I don't have anything for you to do for the time being." Jiang Yu returned to the house after she finished speaking.

She had another important thing to do now and that was to take care of Teng Yi. When he woke up and recovered from his injuries, they should leave this place.

Jiang Yu sat in the room for a while when she suddenly heard a weak voice coming from the bed next to her. "Madam ..."

She was shocked and turned to look. She saw Teng Yi slightly open his eyes and look at her.

"Teng Yi, you're awake!" Jiang Yu quickly poured a glass of water and walked over. "How is it? Do you feel uncomfortable anywhere?"

"No, I didn't," Teng Yi shook his head with difficulty and sat up with Jiang Yu's help.

"Don't say anything. Have a sip of water." Jiang Yu handed the cup to Teng Yi. "You can rest here. When you recover, we will leave."

Teng Yi took a sip of water and suddenly asked, "Madam, where's the president?"

"Don't be in such a hurry." Jiang Yu consoled him and told Teng Yi about Mo Long's situation in the Chu family.

"The president should be fine, right?" There was still a faint worry in Teng Yi's heart. "If something happens to the fake Mo Long, will the person behind him cause trouble for the president?"

"Don't worry. Mo Long will settle this matter on his own." Jiang Yu said, "you only need to recuperate from your injuries now. Then, I will take you guys out of here."

"Yes, thank you, Madam." Teng Yi simply thanked her and lay down again with Jiang Yu's help.

Since Teng Yi had woken up, it wouldn't be long before he recovered. Jiang Yu needed to think of a way to deal with the new weapon developed by the Chu family as soon as possible.

If the Chu clan really managed to develop such a deranged weapon, who knew how many innocent people would lose their lives in the future!

Jiang Yu thought about it and felt that she should bring back the blueprint of the weapon.

With Mo Long's status in the Chu family, it would be easy for him to obtain this map. However, it was precisely because of this that he could not be allowed to make a move. If the Chu family discovered that the blueprint was missing, Mo Long would be the first suspect.

Jiang Yu would definitely not let him be in danger.

Hence, after much thought, Jiang Yu decided to send someone into the Chu family to investigate the whereabouts of the map.

She called the bodyguards over and told them about the incident.

Someone immediately volunteered, saying, "Madam, let me go!"

"This mission is a little dangerous. Have you thought about it?" Jiang Yu looked at the bodyguard deeply.

"It's my honor to be able to work for you, President and Madam!" The bodyguard said, "from the moment I became the president's bodyguard, I had already thought that this day would come."

"Alright," he said. Jiang Yu's gaze turned cold. "I will inform Mo Long about this in advance. You will enter the Chu family as a private doctor. You have to find out where the map is and bring it back before the Chu family finds out about your identity."

"Yes, Madam. Don't worry!"

"What's your name?" Jiang Yu looked at him.

"Madam, my name is Xu Yang."

"I'll leave this task to you. Please don't disappoint me." Jiang Yu said earnestly.

"Madam, don't worry. I definitely won't let you down. I'll definitely get this blueprint for you in the shortest time possible," Xu Yang promised.

#### Chapter 1318 Private Doctor

In order for the mission to be carried out smoothly, a bodyguard named Shi Li followed Xu Yang.

"This mission is very important, so you must keep in touch with me." Jiang Yu instructed.

"Madam, please rest assured."

Jiang Yu had told Mo Long about this in advance, and Mo Long understood tacitly and was prepared to cooperate with Xu Yang and Shi Li in the Chu family.

!!

Xu Yang and Shi Li went to the Chu family. Both of them were wearing white coats. Xu Yang was holding a first aid kit that he had bought from the store.

It only contained common cold and anti-inflammatory medicine that he had bought from the pharmacy.

The two of them walked to the main entrance of the Chu family's house. The bodyguards at the entrance stopped them and loudly questioned, "who's there?!"

We are President Mo's personal doctors. "If you don't believe me, ask him to come out in person," Xu Yang said.

The bodyguards at the entrance looked at Xu Yang from head to toe and then looked at Shi Li who was beside him. They asked, "Who's that person beside you?"

“My assistant,” Xu Yang answered simply.

The bodyguards looked disdainful, and one of them said, “Then you guys wait here, I’ll go in and ask for instructions.”

With that, he went back to ask for instructions.

Not long after, he returned and made a gesture, saying, “Alright, you guys can go in.”

Just like that, Xu Yang and Shi Li successfully entered the Chu family.

In the Chu family’s living room, there were three people seated. They were old master Chu, Chu Jie, and Mo Long.

The moment Chu Jie saw Xu Yang, she asked anxiously, “I heard you’re Mr. Mo Long’s private doctors? Did something happen to Mr. Mo Long’s body recently? He didn’t tell me anything.”

Xu Yang looked at Mo Long. After receiving a signal from his eyes, he said, “Mr. Mo Long’s body is fine. It was an illness from a few years ago. I’ve been nursing Mr. Mo Long’s body all this time. Now that I heard that he’s here and can’t return to Hu city for the time being, I came over.”

Chu Jie’s expression became even more worried when she heard that. She sat beside Mo Long and complained, “Mr. Mo Long, why didn’t you tell me earlier that you’re in poor health? I’m not forcing you to stay here, but if you had told me earlier that you have a private doctor to help you recuperate, I would have followed you back to Shanghai.”

“My body is fine.” Mo Long’s tone was very calm. “I didn’t plan on letting them come, but they insisted on coming.”

Xu Yang said, “what are you saying, Mr. Mo Long? As your private doctor, I know your body best. Recuperating is a must. Since you can’t go back for the time being, I can only come over.”

Chu Jie also agreed with Xu Yang and said, “That’s right, Mr. Mo Long, nothing is more important than your health. Don’t worry, we have many rooms in the Chu family. Just let your personal doctor and his assistant stay here.”

“This is good too.” Old master Chu suddenly said, “Mr. Mo Long, your health is very important. Let your private doctor stay here. We’ll be more at ease if they take care of you.”

“If that’s the case, then I’ll have to trouble you,” Mo Long said.

“I won’t disturb you.” Chu Jie smiled. “I’ll feel much more at ease with your personal doctor around.”

As she said that, she asked the nanny to arrange two good guest rooms for Xu Yang and Shi Li.

She stood up and said to Xu Yang and Shi Li, “Please follow me, I’ll show you the room.”

“Thank you, miss Chu.”

Xu Yang and Shi Li followed Chu Jie to the guest room.

The Chu family was indeed a big family. Any guest room was like a carefully decorated bedroom.

"The two of you can stay here for now." Chu Jie said, "the nanny at home and the bodyguards at the door are all up to you."

"You're too kind, miss Chu. If it's to buy medicine or something, my assistant will be there," Xu Yang said.

"Yes." Chu Jie did not force him. Instead, she said coyly, "What kind of tonic is good for Mr. Mo Long's body? I don't know what kind of tonics are suitable for his body, so I just asked the nanny to make some bird's nest porridge."

Xu Yang and Shi Li looked at each other and quickly thought of the name of the supplement in their minds.

They were bodyguards, not real doctors. How would they know what kind of supplements were suitable?

However, if they did not mention the names of the tonics, Chu Jie would not be easily fooled.

Hence, Xu Yang could only name a few supplements based on his memory. ginseng, bird's nest, and other similar tonics are fine, but remember, don't take too much.

#### [Chapter 1319 Elder Cousin](#)

Chu Jie took it for granted that the two people in front of her were real doctors. Therefore, she believed their words 100%. She smiled and said, "thank you, doctors. You can rest here for now, I'll go back first. If you need anything, just tell me."

With that, Chu Jie went out.

After she left, Shi Li made sure that there was no one around before he said to Xu Yang, "This miss Chu sure is devoted to our President Mo. If it wasn't for the fact that my current status and situation are rather awkward, and if she was willing to treat me so well, I would definitely be moved."

"Are you dreaming?" Xu Yang looked at him in disdain. "We have the president's wife! Not only that, but there was only one! No matter how well she treated President Mo, he would never fall for her. As for you, she doesn't like you."

"I'm just casually saying, what are you really doing?" Shi Li scratched his head in embarrassment. "I didn't say that I had to be with her."

"Alright, now is not the time to joke around. We have an important mission now." Xu Yang said, "not only do we have to keep in touch with Madam, but we also have to enrich our medical knowledge. Otherwise, they'll see through our identities sooner or later. It's just that the Chu family's young miss doesn't know much about this, so we were able to fool her."

"I know, I know. You're a man, don't be so long-winded like a woman." Shi Li said impatiently.

The two of them put their things away but did not change their clothes---because they did not bring any change of clothes.

"It's a little hard for us to be private doctors." Shi Li couldn't help but ridicule.

As soon as he finished speaking, a sharp voice came from the door, "I haven't been here for only a few days and you guys are already so lazy? Don't tell me that the servants don't have to do anything now, and the noble young miss has to go into the kitchen?"

"Miss Jiang, you've misunderstood," the servants said in fear.

"I misunderstood? Isn't the truth right in front of my eyes?" The woman's voice became increasingly shrill. "The moment I entered, I saw all of you standing at the side while Chu Jie was cooking in the kitchen! You still dare to tell me that I've misunderstood?"

"It's really not what you think ..." The servants lowered their voices.

"Aiya, sister Jiang Rou, it's really not what you think." Chu Jie quickly came out of the kitchen. "I told them not to disturb me. Don't blame them."

"My dear sister, what are you doing? Why did you personally cook?" Jiang Rou knew that she had misunderstood the situation, but she didn't feel the slightest bit of guilt towards the servants.

"I had the housekeeper make bird's nest porridge a few days ago. Mr. Mo long felt pretty good after drinking it." Chu Jie lowered her head shyly. "That's why I thought of learning it myself. When the time comes, I'll personally make it for Mr. Mo Long to drink."

"Your mind is only filled with that Mr. Mo Long, isn't it?" Jiang Rou patted Chu Jie's head hard. "Don't you have yourself in your heart? You're a young lady from a rich family, what would it look like if others found out that you're cooking in the kitchen?"

"I'm doing this of my own free will. No one forced me." Chu Jie said, "alright, sister Jiang Rou. Go and sit on the sofa. When I'm done, I'll get you a bowl of porridge."

"I'm not interested in the congee you make." Jiang Rou said, "if you have the time, why don't you call your Mr. Mo Long out and let me take a look? I'd like to see which man has you head over heels for him."

"He's not in good health. He's resting in his room now." Chu Jie said, "his private doctor even came over from Shanghai today."

"You're still walking around when you're not in good health?" Jiang Rou was disdainful. "You should just stay at home and recuperate. What are you doing here?"

"Sister Jiang Rou, please don't say that." Chu Jie frowned and was in a bad mood. "It's my coming-of-age ceremony. My grandfather sent Mr. Mo long an invitation, so he came. He's here to attend my coming of age ceremony, not to run around."

Seeing her like this, Jiang Rou knew that she had lost her mind because of this man called "Mo Long."

Hence, she could only say, "Alright, alright, alright. I won't say anymore. As long as you're happy."

Chu Jie then returned to the kitchen and continued to cook the porridge.

Xu Yang and Shi Li were standing at the door of the room. After listening to the conversation, their expressions were somewhat solemn.

"Where did this Jiang Rou come from?" Xu Yang could not understand. "Why did it have to appear at this time?"

#### Chapter 1320 A Domineering Woman

Jiang Rou's appearance was a variable, and her attitude towards Mo Long was not very friendly. This increased the difficulty of the mission for Xu Yang and the rest.

"One look and I can tell that this woman isn't easy to deal with." Shi Li said, "look at the way she talks to Chu Jie. Chu Jie even calls her 'sister'. Their relationship is not ordinary."

"I'll tell Madam about this." Xu Yang said, "what we need to do now is to hide our identities. No matter who we are in front of, we have to pretend to be real doctors."

"I know."

The two of them returned to their room. They had just sat down when someone knocked on the door.

Xu Yang went to open the door and saw a beautiful woman standing outside.

"Hello," he said. may I know who you are? "Xu Yang greeted him politely.

The woman didn't say anything, but looked around the room. After a long time, she finally said, "judging from the way you're dressed, you must be the two private doctors, right?"

Xu Yang did not know what was going on, but he still answered honestly, "Yes, I am."

"Two private doctors can actually stay in such a good room?" The woman sneered disdainfully. "It seems like Chu Jie really treats the two of you as her distinguished guests."

Xu Yang furrowed his brows. He was displeased with the words of the woman in front of him. "What do you mean by that?"

"I meant what I said literally. If you don't understand, then there's something wrong with your brain." The woman said, "that Mr. Mo Long's health isn't good. Can't you doctors stop him and not let him run around? If something were to happen, who would be able to bear the responsibility?"

"If you're worried about President Mo's health, then I would like to thank you. Thank you for your concern." Xu Yang said, "but if you continue to mock me, don't blame me for being impolite."

"Aiyo, you still want to be impolite?" The woman couldn't help but laugh. "I just want to say that. What can you do to me? I'll see how impolite you can be then."

"You!" Xu Yang had been a bodyguard for so many years, but this was the first time he had met such an arrogant and domineering woman.

"What about me?" The woman crossed her arms. "I didn't come here to quarrel with you. I just came to take a look because there are guests in my house. It's just that it's a little unreasonable for guests of your status to stay in such a good room."

"This is the Chu family." Xu Yang said patiently, "this is the room that miss Chu Jie has arranged for us. If you really have any objections, you can go and talk to miss Chu Jie."

“What does it matter if this is the Chu family?” The woman sneered. “I, Jiang Rou, also have a status in the Chu family! Old master Chu is my second grandpa. Do you think I have no right to speak in the Chu family?”

It turned out that the woman in front of him was Jiang Rou.

“I didn’t mean it that way.” Xu Yang said, “but you’re making things difficult for two private doctors. It’s not befitting of your status, right?”

“What trouble are you talking about? When did I make things difficult for you?” Jiang Rou laughed. “I’m just telling the truth. Why do you still think I’m making things difficult for you? Could it be ... Do you think you’re not worthy?”

“Don’t go too far.” Xu Yang’s tone turned cold. “I’ve always respected you. Please give me the respect I deserve. It’s not the style of a rich young lady to stand here and laugh at others.”

“Are you trying to preach to me?” Jiang Rou looked at Xu Yang provocatively. “There are doctors everywhere. As long as the price is high enough, there will be a lot of doctors rushing to be private doctors. Do you think you two are indispensable? And you still dare to shout at me here!”

“We didn’t ...” Before Xu Yang could finish his sentence, Chu Jie came up from downstairs with a bowl of porridge in her hands.

“Sister Jiang Rou, what are you doing here?” Chu Jie asked curiously.

“I didn’t do anything. I just heard that Mr. Mo Long’s two private doctors are in this room, so I came to say hello.” Jiang Rou said, “no matter what, they’re still guests. Of course, I have to come over to say hello. Otherwise, they’ll think that I’ve neglected them.”

As she spoke, Jiang Rou gave Xu Yang a meaningful look. am I right, this private doctor? ”

Xu Yang looked at Jiang Rou in surprise. He didn’t expect her to be so good at lying.

Chu Jie wasn’t in the mood to care about what was going on between them. Right now, she only wanted to give the porridge in her hands to Mo Long.

Thus, she took a few quick steps and arrived in front of Mo Long’s room. She knocked on the door. “Mr. Mo Long, is it convenient for you?”
