

Older Man 191

Chapter 191: Harmonious Scene

At a certain film crew, Li Yue had just filmed a scene.

The moment she walked into the waiting room, she said to her assistant in a good mood, "Mountain Cabin' is being broadcasted live, right? How's the situation now? Did Jiang Yu cry wanting to go home and lose face?"

After saying that, Li Yue sneered. She casually leaned against the back of her chair and subconsciously took out her phone. She was in a good mood.

She had deliberately arranged for Li Lu and Wu Ling to appear on the show. She had expected these two to target Jiang Yu.

No matter how capable Jiang Yu was, she might regret appearing on this variety show when faced with the combined attacks of the other guests.

The assistant shook his head. "I haven't watched the live broadcast yet."

Li Yue then opened the live broadcast room of this reality show.

Instantly, she saw Li Lu and Wu Ling standing together and talking about something.

"This craftsmanship is too good, isn't it?"

Li Yue didn't see the scene of Jiang Yu and instantly felt very gratified.

It seemed that Jiang Yu had already packed up and left.

However, very quickly, the scene changed and directly cut to the scene of Jiang Yu.

In the end, Li Yue saw that the person that Wu Ling and Li Lu were discussing was actually Jiang Yu.

"Can you make a table like this for me too?"

"I want a bed like this too. Help me make it first. I'll be the first to give it to you on credit."

"No, I'll write an 'I owe you' right away."

Li Lu and Wu Ling had witnessed Jiang Yu's craftsmanship and were eager to try it out. They really wanted to move the furniture back quickly.

As for the matter of the thank-you card owing too much, they would talk about it in the future.

Meanwhile, Jiang Yu was seriously knocking on the door with her head lowered. She looked exceptionally serious.

Li Yue: "..."

Li Yue immediately saw Li Lu and Wu Ling circling around Jiang Yu. Their expressions were exceptionally excited.

The assistant was also dumbfounded. "How did they get along so well with Jiang Yu?"

Li Yue frowned and looked at the bullet screen. She heaved a sigh of relief. "Looks like Jiang Yu caught the program team's loophole. If they can't get the furniture earlier, they'll have a hard time resting in rough room for the next few days."

The assistant understood. "I didn't expect Jiang Yu to be so cunning! But I don't think Jiang Yu will be able to gain anything from this. Once her usefulness is over, your sister will definitely teach her a lesson."

Li Lu had always regarded Li Yue as her idol and she would definitely not let Jiang Yu have it easy.

Sure enough, after a while, Li Lu and Wu Ling reacted and looked at Jiang Yu with disdain.

Li Yue sneered. "This Jiang Yu likes to stand out so much. I think she will be flamed to death by the netizens sooner or later. I'll get my fans to comment on it and catch her trying to stand out and show off. It's definitely not wrong."

The assistant quickly followed her instructions.

Meanwhile, Li Yue did not have the time to watch the live broadcast.

She turned off the live broadcast and touched up her makeup. Then, she walked out and went to shoot the next scene.

...

At a certain overseas company, Mo Long had just held an emergency meeting for the company. It was about the recent hacker competition.

After the meeting, he immediately asked Teng Yi, "Has the variety show been broadcasted?"

Teng Yi had only taken a few casual glances before he left to do his work.

However, the situation just now was not optimistic.

"It doesn't seem optimistic for Miss Jiang to be on this show. When I saw that Miss Jiang was still in the car, the other guests had already arrived and were talking and laughing. In the end, when Miss Jiang got out of the car, the other guests stopped laughing..."

Teng Yi also wiped off his sweat.

When he saw this, he was immediately called away by the other managers.

He didn't know how the rest of the development went.

He was really worried that Jiang Yu's situation wasn't optimistic.

If the president saw it and directly abandoned the company's current major event and ran back home, it would be troublesome.

The company had spent a lot of money to sponsor this hacker competition, and President Mo also attached great importance to it.

Mo Long frowned and returned to his office. He immediately turned on his computer and clicked into the live broadcast room.

Teng Yi stood behind Mo Long.. He already had a premonition that the scene would definitely be chaotic.

Chapter 192: Bug In The Program

“President Mo, don’t you think we should contact the program team and switch one of our artists to go on the show? If not...” Teng Yi was making suggestions, afraid that Mo Long would be unhappy.

However, when they heard the voice from the video, Mo Long and Teng Yi were stunned.

The person who sounded very happy was Jiang Yu?

“Zhuo Zheng, you owe me three thank-you cards. Sign here!”

“Li Lu, five thank-you cards. Thank you for your patronage!”

“Wu Ling, you also owe me five thank-you cards. Hurry up and sign and this desk will be yours. You guys are so straightforward. I love doing business with straightforward people like you.”

Doing business?

Teng Yi looked over and saw Jiang Yu selling the furniture in front of her. She seemed to have earned quite a lot of thank-you cards.

The other guests didn’t have any intention of targeting Jiang Yu at all. They all carried the furniture into the house happily.

Jiang Yu, who they thought might be bullied at this moment, was smiling so happily that they could even see her teeth.

This... was really a scene of family fun.

Mo Long raised his eyebrows. When he saw the bullet comments, he was shocked that Jiang Yu could actually make furniture.

“This hand is worth 100 million. What a coincidence.”

“Baby Jiang Yu is awesome.”

“She easily earned 13 thank-you cards. Jiang Yu is too amazing.”

“This is the real boss.”

“Thank you to the other guests for being a patron to our baby Jiang Yu. Mommy is very proud! Baby Jiang Yu, continue working hard.”

“I’m blind. Li Lu and Wu Ling don’t even have a bit of a temper towards Jiang Yu?”

“D * mn, she’s trying to win the hearts of the people from the very beginning. Li Lu, wake up!”

“The director must have been dumbfounded by what he saw. He hasn’t even taken in a thank-you card yet, but they would all be ending up in Jiang Yu’s hand!”

“To be a happy craftsman who can make any kind of furniture, this person is simply a bug in the show.”

“I wonder how much psychological trauma the director has now!”

Mo Long raised his eyebrows. He did not expect that so many pieces of furniture in front of him were actually handmade by Jiang Yu.

Behind him, Teng Yi also swallowed his saliva. He felt that this world was very magical.

Miss Jiang actually knew so many things?

He had really worried for nothing previously.

“President Mo, can we go to the competition venue in peace now?” Teng Yi asked carefully.

Mo Long was in an exceptionally happy mood, and the corners of his mouth curved up. He took a deep look at Jiang Yu, then slowly stood up and walked out.

Teng Yi immediately followed.

At the same time, at Dazzling Entertainment.

Recently, Sister Xia was busy with other artistes’ matters, so she didn’t have time to pay attention to Jiang Yu’s situation. Thus, she instructed her assistant to watch Jiang Yu’s side the entire time.

If anything went wrong, she had to inform her immediately.

This was the lady boss, so sister Xia was very cautious.

When she was helping other artists negotiate a collaboration, sister Xia already had a bad premonition.

As soon as she had time, she immediately went to watch her assistant who was watching the live broadcast. “How is it? Jiang Yu didn’t do anything to get attacked, right?”

Sister Xia had already informed the public relations department that day and was ready at all times.

If Jiang Yu was scolded on the show, she would have to ask the public relations department of the company to make a move.

Fortunately, the assistant did not report any bad news to her.

At this moment, the assistant was engrossed in watching. Only then did she raise her head. “Ah, sister Xia, you’re back? You’re talking about Jiang Yu? The audience are praising her for her ability to do hands on things.”

“Ability to do hands on things?” Sister Xia was puzzled.

What ability did Jiang Yu have to do hands on things? She didn’t know.

Then, Sister Xia went to watch Jiang Yu’s live broadcast. But she found that there was no one in the live broadcast room.

Jiang Yu was walking towards a remote place. At this moment, there was no one praising Jiang Yu.. Instead, there were a few passerby fans who expressed that it was better to watch Li Lu and Wu Ling's live broadcast.

Chapter 193: Delusional?

Some viewers commented that Jiang Yu was deliberately putting on an act to attract attention. Who would want to see her walking down the street?

Sister Xia frowned. "Jiang Yu was scolded. Why didn't you inform me?"

The assistant quickly said, "She wasn't scolded. Everyone was really praising Jiang Yu's ability to do things. She made a lot of furniture."

Sister Xia shook her head. She felt that the assistant was exaggerating.

Otherwise, why would there be so few viewers in Jiang Yu's live broadcast room right now.

Moreover, there were also people who scolded Jiang Yu for causing Zhuo Zheng to have fewer scenes. The live broadcast was directly cut to Li Lu's side, causing their idol's appearance to be much less.

Sister Xia:"..." Was this not being scolded?

Fortunately, there were only a few extreme fans. There were still true love fans who defended Jiang Yu and flooded the comments.

They expressed that no matter what Jiang Yu did, there was a reason for it. She would definitely not blindly brag.

When Sister Xia saw this, she felt a lot more at ease. "The fans are still very active. It seems that the public relations department doesn't need to make a move yet. Keep an eye on her. If she is besieged, inform me."

Sister Xia was relieved. Although she didn't know what Jiang Yu was doing or what she was thinking, she was actually walking towards a remote place. Fortunately, her true love fans really supported her.

Those few extreme fans weren't enough.

Just as sister Xia finished speaking, someone came over and called for her. Sister Xia hurriedly stood up and walked out.

The assistant looked in the direction where sister Xia had left and wanted to say something, but she hesitated. Jiang Yu was in the spotlight just now, but it was a pity that sister Xia didn't see it.

However, the assistant was also very puzzled. What was Jiang Yu planning to do now?

How was she going to get food?

In the video, Jiang Yu carried a wicker basket on her back and walked to a fast-moving river and stopped.

The assistant quickly focused her eyes and saw Jiang Yu casually placing the wicker basket on the ground.

Then, she took a wooden stick that she had picked up from somewhere on the road and tied a rope to the end of the stick.

Then, Jiang Yu stretched her limbs.

When the assistant saw this, she became excited. It looked like Jiang Yu was going to make a big move.

She quickly went to look at the door, but unfortunately, Sister Xia had already left.

No, she had to record this. Otherwise, Sister Xia would say that she was exaggerating and wouldn't believe it.

With this thought in mind, the assistant clicked on the recording screen and looked over.

By the river, when Zhuo Zheng saw Jiang Yu's preparations, he immediately frowned. "Don't tell me you think you can catch fish with this?"

Zhuo Zheng felt that he was really stupid. He had actually believed that Jiang Yu could find food for no reason and had even followed her for such a long way to the river.

Jiang Yu looked at the river in front of her and said, "I noticed this river when I was in the car before. The fish here are quite big."

Zhuo Zheng was speechless. Whether the fish was big or not had nothing to do with you.

If the fish were so easy to catch, the villagers nearby would have come to catch them long ago.

The reason why they had not been able to catch them was because the current here was too fast and it was not easy to catch them.

And Jiang Yu was holding such a simple stick and did not have any better equipment. She actually said that she was going to catch the fish?

She must be delusional.

When the audience in the live broadcast room saw Jiang Yu's stance, they immediately laughed out loud.

"This is simply a fantasy. If she can catch a fish, I will eat sh * t while standing on my head!"

"Brother Zhuo Zheng has been tricked by Jiang Yu. If brother went to the villagers at this time, he might have already found a way."

"Brother, let's go. Don't listen to this person's bragging. Bragging won't fill your stomach."

"It's hilarious. I'll stay and look at the large-scale awkward scene. I thought Jiang Yu was pretty reliable just now, but now I realise it was all fake."

"Among the four guests, Zhuo Zheng is the most reliable.. Zhuo Zheng should hurry up and think of a way himself."

Chapter 194: Two Fishes Were Caught

Zhuo Zheng shook his head helplessly. When he saw that Jiang Yu was about to throw her stick to catch the fish, he immediately turned around and walked back.

He swore that he had to be careful of Jiang Yu in the future. He didn't want to be fooled by her words anymore. This person was obviously a braggart.

The cameraman who was following Jiang Yu walked so far that his feet were a little sore. He thought that there was some good material that he could film. In the end, he realized that he was already here. He actually had to watch this?

Immediately, the cameraman had a helpless look on his face.

Oh well, it seemed like he was going to watch a joke.

The cameraman also wanted to leave. He anticipated that the stick in Jiang Yu's hand would definitely fall to the ground. He subconsciously moved the camera to the ground in front of him.

However, he did not manage to capture anything.

The cameraman was surprised. He subconsciously raised his head to look at the scene in front of him, and then he was completely dumbfounded.

He only saw that the stick in Jiang Yu's hand was rushing out at an extremely fast speed. Like a bullet, it quickly sank into the water.

Before the cameraman could film, Jiang Yu had already pulled the rope.

Then, in the live broadcast room.

Everyone saw that after Jiang Yu threw it out, she patted the empty ground.

In the end, there was nothing. Soon after, she put the stick back and placed it on the empty ground in front of her.

On top of it was a fish that was puffing and wagging its tail.

There was a moment of silence...

Then, everyone burst into laughter. "This is too fake. Are you pretending to throw it out and then putting a fish in it?"

"I can do it too."

"Let me do it. I can even hit any bird or beast with the stick!"

Zhuo Zheng was about to walk out.

However, he heard the cameraman exclaim, "Oh my God, how did you do it?"

That surprised voice made Zhuo Zheng turn around subconsciously.

He saw Jiang Yu squatting on the ground, pulling the fish out of the stick and putting it into the basket on her back.

Zhuo Zheng...

This... was really Jiang Yu's capture?

It was different from the audience in the live broadcast room.

Zhuo Zheng knew that there were only two guests and two cameramen present.

They did not have any fish on them at all.

So the fish that suddenly appeared was really caught by Jiang Yu.

Zhuo Zheng immediately walked back.

He saw Jiang Yu rearranging the rope again and making a motion to continue throwing the rope.

Zhuo Zheng asked, "You caught this?"

The cameraman nodded desperately. He could only blame himself for not being able to catch it. Now, the cameraman was nervous, afraid that he would miss Jiang Yu's action again.

This time, he wanted to capture Jiang Yu's entire fishing process.

In the live broadcast room, "Brother Zhuo Zheng, don't be fooled by Jiang Yu. That was placed there already."

"Brother is still too young. It's impossible if you just think about it."

Jiang Yu looked at Zhuo Zheng speechlessly. "If I didn't catch it, could it be that he flew over by itself?"

After saying that, Jiang Yu continued her preparations and prepared to throw the stick.

Zhuo Zheng looked at Jiang Yu in bewilderment and did not say a word.

He wanted to see how Jiang Yu fished.

The two cameramen had both missed the previous scene and were now focusing their cameras on Jiang Yu. They were slightly excited.

Then, they heard a whoosh.

The stick in Jiang Yu's hand shot out like an arrow leaving the bow.

This time, the cameramen moved very quickly, giving Jiang Yu a panoramic view.

Then, they followed the movements of the other side and moved the camera.

They directly captured the action of the stick sinking into the water.

For a moment, the entire scene was silent.

One could hear a pin drop.

Many people were guessing that even though the rod was very fast, it should not be able to hit the target from so far away.

At that moment, there was another whoosh.

The rod was pulled back by Jiang Yu.

Then, it was firmly held in Jiang Yu's hand.

At the end of the rod... there were two fishes.

Jiang Yu said, "Save time. The fishes won't be fresh if it's dead for too long. Let's end this quickly."

Zhuo Zheng:"..." It was very fast, but the problem was not whether it was fast or not.. The problem was how she could plug in two fish from so far away.

Chapter 195: Make Food Appear?

On the host's screen, the live broadcast was of Wu Ling and Li Lu.

The two of them wandered around the village, but found nothing.

"Poor thing. It's so late in the afternoon, and the female guest is basking in the sun. She's sweating."

"The female guest is working so hard!"

"The program team is too much of a fraud. At this time, how could the guests think of a way? They didn't deliberately make fun of the guests, did they?"

"According to the program's rules, one can only get a thank-you card after working for a few hours. At that time, they can only exchange for one type of pot, bowl, ladle, and basin. How can it be enough?"

"Don't make the female guests hungry."

"If it really can't be done, go and freeload from the villagers."

"Just now, Jiang Yu said that she would think of a way. She had already made the boast but there's still no news at all."

"Jiang Yu only knows how to talk big. Looking at her dirties my eyes. It's better to see the other guests!"

"Maybe Jiang Yu can make food appear?"

"Do you think she knows the 72 transformations? Is she Sun Wukong and able to go to Heaven and earth?"

"It's hilarious. A nobody can still appear on this show. Mentioning her name is just giving her popularity."

The internet trolls that had suddenly flooded in began to slander Jiang Yu.

The other audience members were also affected, and they did not have a good impression of Jiang Yu.

At this moment, someone suddenly shouted on the bullet screen, "Hurry and come to Jiang Yu's live broadcast room. There's a big scene to watch. If you're late, you won't be able to see it."

The Internet trolls had originally wanted to find an opportunity to slander Jiang Yu, but when they saw that there was a commotion, they immediately sneered and followed into Jiang Yu's live broadcast room.

The troll army, who was trying to defame Jiang Yu, had the same expression as Zhuo Zheng when they saw the scene. They were stunned.

They actually saw a few fish by Jiang Yu's feet.

At this moment, Jiang Yu seemed to be preparing to shoot the fish with a wooden stick.

Moreover, the cameraman excitedly gave a close-up of the fish in Jiang Yu's basket.

There were at least five or six big fish.

"Don't tell me Jiang Yu caught all these?"

"There must be a script and an inside story. This person is really willing to do anything for fame."

"Who said it was a script? Our precious Jiang Yu caught them herself. Open your eyes and take a good look."

A few of Jiang Yu's fans were already very excited.

The scene of Jiang Yu catching fish after fish with her own eyes was simply too cool.

In the eyes of the fans, Jiang Yu was practically omnipotent. She was practically a big shot.

There were even fans cheering for Jiang Yu from below.

"Precious Jiang Yu is the best. One fish after another. She makes zero mistakes."

"I can already imagine the scene of precious Jiang Yu sitting in the yard eating grilled fish. This is what it means to be able to do it yourself."

"Baby Jiang Yu's accuracy is the best in the world!"

The internet trolls felt that these praises were too exaggerated. They actually knew how to fake things even better than them.

Immediately, their slanderous remarks about Jiang Yu became even more vicious.

At the same time., just as the internet trolls were making the most of their slanderous remarks, they suddenly shut their mouths.

On the screen, Jiang Yu actually threw out the stick at an extremely fast speed and pulled it again.

The two fish magically appeared at the other end of the stick and scuttled together.

The fans let out excited screams.

The internet trolls: "..."

Zhuo Zheng excitedly went forward and excitedly helped out. "I'll handle it. You just have to be in charge of fishing."

This time, Zhuo Zheng was truly convinced and excitedly got to work.

The main reason was that Jiang Yu had caught so many fish, so she would probably share them with the other guests.

Jiang Yu had already put away the tools to catch the fish. After all, she had caught enough fish, so she could call it a day.

The fish were covered in blood, and Jiang Yu excitedly touched them.

Ever since Chen Jin, the human trafficker, was caught last time, Jiang Yu found that she no longer had nightmares, and she was no longer so hemophobic.

Chapter 196: I'd Rather Not Eat

In the large courtyard surrounded by four roughcast houses, Jiang Yu walked back with her hands behind her back. Beside her was Zhuo Zheng, who was carrying a basket on his back, looking like a little follower.

The audience in the live broadcast room were still excitedly discussing Jiang Yu's fishing skills.

At this moment, when they saw that Li Lu and Wu Ling standing in the large courtyard, people immediately started discussing it in surprise.

"Didn't the two of them go to think of a solution? Why did they come back empty-handed?"

"It seems like they didn't find a solution. The program team is too deceitful."

"It doesn't matter if they didn't find a solution. Isn't there a lot of fish in Jiang Yu's hands?"

At that moment, Jiang Yu's live broadcast room had the largest number of viewers.

Many of the viewers were no longer on Li Lu and Wu Ling's side. Therefore, they didn't know what kind of wall the two of them had just hit. They had actually come back.

Zhuo Zheng walked to the side and put down the basket.

He began to get busy in the empty kitchen.

It was just grilled fish. As long as there was a fire, it would be fine.

Moreover, the program team had also prepared vegetables and seasonings.

These were enough.

Li Lu saw Jiang Yu standing there calmly and immediately said disdainfully, "What? Weren't you very good at bragging just now? Now you don't dare to say a word."

“Don’t tell me that the wild vegetables in the basket were dug by you guys? Let me be clear in advance, I won’t eat those things. Who knows if they will be poisonous?”

“Sister Li Lu, let’s wait for the program team’s notice. The cameraman just told me to wait here. The program team will inform us of the new rules.”

Jiang Yu looked at her coldly. “You guys are so amazing. Have you found a thank-you card and want to return it to me?”

Her words immediately made Li Lu and Wu Ling’s expressions change.

The last thing they wanted to mention was the thank-you card.

When they thought about how they still owed Jiang Yu something, they regretted getting furniture from her.

If only they had worked harder in the afternoon, they might have been able to exchange for all the furniture.

There was no need for them to be indebted to Jiang Yu.

Look, wasn’t Jiang Yu so smug that her tail was about to go up to the sky?

Li Lu was instantly angered from embarrassment. “It’s just a few thank-you cards. I’ll return them to you very soon. But you didn’t find any food, yet you left Zhuo Zheng busy in the kitchen when you came back. Aren’t you being too insensible?”

They had clearly seen that Jiang Yu had signaled Zhuo Zheng to go into the kitchen to prepare.

At that moment, Li Lu and Wu Ling looked at Jiang Yu as if she was looking at a fool.

Meanwhile, Zhuo Zheng was looking up from the pile of firewood as if he was looking at a fool.

Li Lu raised her eyebrows in excitement. When she saw that Jiang Yu did not refute her, she immediately felt more confident.

She glanced at the basket on the ground and guessed that Jiang Yu had gone to dig for wild mushrooms. There was nothing edible outside.

Li Lu went over and lifted the lid of the basket. “How dare you take out these things to fool us? Don’t think that we are so nice...”

Before she could say the word ‘cheat’, Li Lu was already dumbfounded. She stared at the things in the basket without moving.

Wu Ling looked at Li Lu and suddenly felt that she must be very speechless. Maybe the things inside were not edible at all. It was just Jiang Yu putting on an act.

Wu Ling immediately sneered. “That’s it? Who are you fooling?”

However, Li Lu turned her head and looked at Jiang Yu in shock. “Where did you get this?”

Wu Ling realized that something was wrong and immediately took a step forward. When she saw the scene in front of her, she could not stand properly.

Impossible!

She and Li Lu had just circled the entire village and could not find anything to eat, yet Jiang Yu had brought back so many fish?

"I caught them of course." Jiang Yu shrugged. Seeing that Zhuo Zheng was almost done preparing, she immediately walked into the kitchen.

When Zhuo Zheng came out and saw the two female guests, he immediately felt relieved.. It seemed that he wasn't the only one who was shocked.

Chapter 197: Need To Be Exchanged

"Brother Zhuo Zheng, where did these fish come from?" Li Lu was completely dumbfounded and hurriedly asked Zhuo Zheng.

Wu Ling also took a deep breath and said with a smile, "It goes without saying. These fish must have been caught by Zhuo Zheng himself. Are we to count on Jiang Yu?"

Zhuo Zheng was the one who carried the basket back just now. It was also Zhuo Zheng who went to the kitchen to prepare for the fire. This had nothing to do with Jiang Yu at all.

The audience in the live broadcast room was speechless. "No, these were all caught by Jiang Yu."

"I suddenly understand the two female guests. I had my suspicions too, but ever since I saw the footage of Jiang Yu catching the fish with my own eyes, I was dumbfounded."

"Haha, Zhuo Zheng, quickly tell them where the fish came from."

"I'll scare you to death if I tell you. These fish were all shot up with a wooden stick. I'm asking if you believe me."

Zhuo Zheng's mouth twitched subconsciously before he replied truthfully, "It was Jiang Yu who caught them."

As for how she caught them, Zhuo Zheng really found it hard to explain.

The two female guests immediately fell silent.

It was really Jiang Yu who caught them.

How did she catch so many fish?

However, when they thought about how they were still hungry, Li Lu and Wu Ling looked at each other and entered the kitchen excitedly.

"Jiang Yu, is there anything I can help you with?"

"Let me help you with the disposable bowls and chopsticks."

“I’m good at cooking with fire.”

The moment the two female guests entered the kitchen, they saw Jiang Yu putting on the seasonings. They immediately swarmed over, trying to ease the awkwardness from earlier.

Jiang Yu smiled when she heard that. “One thank you card each. Help yourself.”

Li Lu and Wu Ling couldn’t smile anymore.

They really didn’t want to owe Jiang Yu any more thank-you cards. They already owed her five each.

They didn’t even know if they could pay it off today or tomorrow.

“Forget it, we’re not eating.”

“I suddenly remembered that the director seems to have something to announce. I’ll wait for the director’s notice.”

The director wouldn’t really let them starve. There must be another way.

The two of them immediately turned around and left.

At this moment, the director immediately ordered the villagers who were prepared to go on stage.

Previously, he had deliberately let the guests hit a wall. Now, the new mission was the only choice for the guests.

The director looked at Jiang Yu and Zhuo Zheng who were cooking a sumptuous grilled fish and closed his eyes. Forget it. It could only be said that it was Li Lu and Wu Ling’s only choice.

A few villagers who were ready immediately walked up.

“You can go to our house to eat, but you need to help us do housework for an hour first.”

“The small task in my house is to break corns for an hour.”

“Mine is to help with the rolling of the noodles for an hour.”

“Mine is...”

The villagers who had arranged the task quickly assigned it to them.

But why did they feel that something was wrong as they talked?

Why did the air seem to be filled with some kind of fragrance? They could not help but excitedly go to the kitchen.

They only saw that the few fish in the kitchen were almost done roasting. They did not know what kind of seasoning was used, but the fragrance of the fish was actually very fragrant. They could even smell it around the courtyard.

Li Lu’s stomach immediately began to growl.

Wu Ling also swallowed her saliva.

Not only that, the few staff members who were eating boxed lunch suddenly felt that the food they were eating was no longer fragrant.

The villagers were still standing there waiting for the female guests' response. According to their expectations, they would definitely agree to it and leave without being excited.

But now...

"It'll take another hour. This... I think I'd better exchange food with Jiang Yu."

"This... I'm starving too. I really can't hold on any longer."

As Li Lu and Wu Ling spoke, they walked into the kitchen.

They stared at the grilled fish like hungry wolves staring at the food in their mouths.

The few honest villagers outside were dumbfounded. They looked at the director for help.

Director, why is this different from the rehearsal.

They don't know what to do next? How are we going to arrange the tasks after this? Everything is ready over there!

Chapter 198: Too Fragrant

The director was also very helpless.

He did not expect that the carefully arranged segment would be abolished.

The assistant quickly comforted him, "Director, at least we have a lot of views now. We have gathered a lot of material."

The director could only comfort himself. Many of the new viewers wanted to see how Jiang Yu caught the fish.

The comments were all the same. Why didn't they see the scene of Jiang Yu catching fish.

In the end, they only saw the scene of Jiang Yu barbecuing fish. Immediately, they all felt that she was definitely bragging.

Even so, the number of viewers in the live broadcast room still rose. Clearly, her popularity had increased.

The director held his aching head and said, "That's it. As long as there's something to watch."

It was exactly what Jiang Yu was doing that made people feel that this variety show director was a fool and that his arrangements were full of loopholes.

This...

The kitchen was exceptionally lively at this moment.

A few grilled fish were exuding an alluring smell.

Li Lu and Wu Ling followed behind Jiang Yu.

Jiang Yu took out an IOU and asked them to sign it.

Li Lu and Wu Ling immediately signed it.

“Hurry up, I want the biggest one.”

“Give it to me first, I’m starving to death.”

Zhuo Zheng shook his head in excitement. “There’s enough for both.”

Jiang Yu took the two IOU and took out her purse. She folded the IOU and put them together with the previous ones.

Then, she happily closed the bag.

The fish she caught were all big and delicious. It was enough for the few people present to eat.

Soon, the sound of the guests wolfing down their food came from the kitchen.

“It’s amazing!”

“How is this seasoning made? It smells so good.”

“Jiang Yu, why do you know everything?” Li Lu’s mouth became exceptionally sweet when there was food to eat. For a moment, she had forgotten the grudge between the two of them.

The bullet comments were laughing like crazy.

“Haha, another three thank you cards have been added to the account!”

“How did this show become a gourmet show! ?”

“Ah, this, goddess, please pay attention to your image.”

“It makes me hungry.”

“Jiang Yu is really a loophole in the show.”

“The director is probably going to go crazy from anger.”

“Basically, there aren’t many people left to do the tasks arranged by the show.”

“Jiang Yu shouldn’t need to do any more tasks, right? The creditor doesn’t need to work.”

“The truth is out. The other guests are going to be miserable. They’re trying their best to repay their debts...”

“Li Lu, can you wipe your mouth first before eating...”

It was just as the audience had expected.

In the afternoon, other than Jiang Yu, the other guests didn’t even dare to take a nap. They hurriedly gave out tasks without any excitement.

Jiang Yu, on the other hand, stretched lazily and went straight to take a nap.

Outside the roughcast room, only Jiang Yu's cameraman sat on a stool feeling bored to death.

The other cameramen followed the other guests to work.

Only Jiang Yu's cameraman's face was slightly red in the face of the envious gazes of his colleagues. It wasn't that he wanted to slack off, but that Jiang Yu wanted to rest and didn't want to be disturbed, so she let him sit outside.

Sigh, it was such a relaxing afternoon.

In the afternoon, Zhuo Zheng gritted his teeth and helped a villager carry bundles of firewood down the mountain. After working for two hours, he was drenched in sweat. Finally, under the villagers' grateful gazes, he got a thank-you card.

Wu Ling was in trouble. One of the sows happened to give birth and coincidentally met Wu Ling who was asking for help. The family dragged Wu Ling to the pig shed.

It was dirty and smelly there, and Wu Ling even had to help out. She was in a sorry state, and it was not easy for her to get a thank-you card.

Wu Ling almost cried bitterly. "This thank-you card is too precious. I suddenly can't bear to exchange it for furniture. Sigh."

The audience in the live broadcast room immediately wiped their tears of sympathy. "Babe, stop daydreaming. Even if you get the thank-you card, this card is not yours. You'd better wake up."

As expected, the cameraman reminded her, "Aren't you still in debt?"

It would have been better if he didn't say this. As soon as he said it, Wu Ling, who was covered in a foul stench, suddenly had a face full of grief!

F * ck!

Chapter 199: Came To Give Thank You Card

Li Lu rolled up her pants and went down to help the farmer plant vegetables. She was so busy that she was dizzy.

Finally, rows of vegetables were planted. When she got a thank-you card, she finally said with relief, "Work harder. After getting two thank-you cards, I can exchange them for a wardrobe."

When she thought of her simple house, which would soon have new furniture, Li Lu's heart suddenly felt beautiful.

She did not even waste time to go back and wash up. She immediately went to do another task.

When the cameraman saw Li Lu's excited expression, he also shook his head with a face full of sympathy.

Li Lu's dream would probably not come true today.

...

Zhuo Zheng and Wu Ling took the thank-you card and returned to the large courtyard.

They saw Jiang Yu's cameraman sitting at the door of Jiang Yu's room, bored to death.

Zhuo Zheng walked over and asked, "Where's Jiang Yu?"

The cameraman pointed at the still tightly shut room and said, "She's on her lunch break. No one is allowed to disturb her."

Zhuo Zheng thought for a moment before taking out a thank-you card. "Then help me pass it to her."

After saying that, Zhuo Zheng walked over to the room he was in.

Wu Ling also walked over in a sorry state, her entire body emitting a foul stench.

The cameraman subconsciously frowned. These two guests were too miserable. They were actually covered in filth.

Wu Ling unwillingly took out a thank-you card and said, "Help me pass it to her."

After saying that, Wu Ling turned her head and walked into the house she was in, feeling rather regretful.

The cameraman looked at the two thank-you cards in his hands and then looked at Jiang Yu's tightly shut door. He could not help but give her a thumbs up in his heart.

To be able to get two thank-you cards even after taking a nap was really amazing.

On the other side, Wu Ling and Zhuo Zheng quickly tidied up their clothes and went out to continue working.

However, time passed by minute by minute and Jiang Yu still had not come out.

The fans in the live broadcast room were all puzzled.

"Did she sleep to death?"

"I thought that after Jiang Yu took a nap, she would at least go and do a mission. I did not expect that I was naive. She really did not intend to do a mission."

"Zhuo Zheng got another thank-you card. Jiang Yu has made a profit again."

"Damn, this is too cheap for Jiang Yu. The guests are all exhausted, but in the end, they are all working for Jiang Yu."

"I feel the exploitation of the capitalists."

At the same time, on the director team's side, the director was speechless when he saw that all the guests had received thank-you cards. In the end, they were not sent to him. Instead, they were sent to Jiang Yu.

In a large room behind the director, all sorts of goods that could be bought by the guests with their thank-you cards were prepared.

In the end, they had already been open for business for so long, but none of them had been sold.

It seemed that the other guests would not be able to buy anything in the next few days. The only rich person was Jiang Yu.

“Director, don’t worry. Once Jiang Yu gets her thank-you cards, she will come to our place to buy things. The furniture we prepared can still be sold.”

The director also frowned. “Why isn’t Jiang Yu out yet?”

The cameraman at Jiang Yu’s door already had four thank-you cards in his hands, but Jiang Yu still hadn’t appeared.

In roughcast room, Jiang Yu was sitting in front of her computer.

She looked at the competition screen in front of her.

On the other side, the international hacker competition’s advancement competition had already begun.

Jiang Yu was currently participating in this competition online with Yuan Zhen.

At the same time, on her phone. Jiang Yu had also gone through the Internet to check on the status of the other guests who had completed their tasks.

Other than Li Lu who had secretly put away the thank-you card, the other guests had all sent her a thank-you card.

Jiang Yu narrowed her eyes and immediately smiled. Li Lu was too naive. Did she think that she would not notice?

However, Jiang Yu put this matter aside for the time being.

Instead, she raised her eyebrows and looked at the current situation of the qualifying competition.

Chapter 200: Long Time To Review

“Jiang Yu, aren’t you going to make your move? The other contestants are all fighting in groups. They are going crazy.” Yuan Zhen was busy running around on the other side.

Today’s advancement competition was to find a loophole in the software. Whichever hacker team submitted more loopholes would be ranked higher.

Although Yuan Zhen also submitted a lot, how could one person beat a team? Soon, she was pushed to the lower position.

Now, she had fallen to the tenth place.

If she fell out of the top ten, she would not be able to advance to the following matches.

Yuan Zhen's side was extremely busy.

In the end, Jiang Yu had her chin propped up as she watched leisurely.

"There's no rush. Let me finish this cup of tea."

On the other side, Yuan Zhen's hands were beating non-stop. His forehead was covered in sweat and she almost spat out a mouthful of blood. "Great-aunt, hurry up. The time for this match is almost up."

There were only ten minutes left before the match was completed.

At that moment, Jiang Yu said, "Let me see..."

After saying that, Jiang Yu downloaded the software into her own special tool to find vulnerabilities.

Following that, she pressed a button.

The computer automatically began to search.

Very quickly, Jiang Yu listed the vulnerabilities and forwarded it to Yuan Zhen. "Alright, you can submit it."

Jiang Yu glanced at the number of vulnerabilities that had been found first and immediately said, "It shouldn't be a problem."

Yuan Zhen had received the document from Jiang Yu at the last moment. She did not have time to look at it and directly published the document.

And the time for the match was finally up.

Yuan Zhen heaved a sigh of relief.

Next, it was time to wait for the other side to calculate the vulnerabilities that were submitted later.

At the same time.

The hacker team codenamed X was discussing excitedly.

"We will definitely be first place."

"The other teams are too rubbish!"

"I heard that there's a genius girl from China who wants to participate. I didn't expect that they would actually be ranked tenth. I really underestimated them."

"How can their technology compare to ours?"

There were five people in Team X. when they were digging for loopholes, each of them had different areas of work, so their efficiency was very high.

In less than two hours, 294 loopholes had been submitted, and they were the first place before the competition ended.

Although there were still some that hadn't been reviewed yet, the rankings basically wouldn't change.

As for the 2nd place, they had 69 fewer loopholes than the 1st place.

One could imagine how powerful this X team was.

The sponsors of this competition were all internet companies from various countries.

At this moment, the investors from the M Nation were all beaming with joy.

The people from other countries were all looking at this investor with envy.

As for the person in charge of Mo's technology from China, his expression was a little ugly.

He had never expected that the standards of their country's hackers would be so low this year.

To think that they had only obtained the tenth place.

This...

"Looks like the first place in this year's finals is already very obvious."

"That's right. Therefore, if we want to find talents, we still have to seek help from the M nation to purchase their security products."

The Mo's representative had a depressed expression on his face.

After all, a lot of their software information was highly confidential. If they used the security products from other countries, it would be equivalent to exposing all the information to other companies.

If the information entered the M Nation through China and returned to China, what kind of confidentiality would there be?

At this moment, the organizers were already calculating the loopholes that had been submitted in the last few minutes.

However, they had yet to come up with any results.

"Why is it taking so long?"

At that moment, the organizers said helplessly, "It might take more than ten minutes because there are too many loopholes in the final submission.."
