

Older Man 391

Chapter 391 Sequela

He Zhen and Yuan Lai hurried over and saw the intern running downstairs with tears in his eyes.

“Oh my God...” Yuan Lai could not help but exclaim in a low voice.

He Zhen was also very shocked. “Did Li Jing really shout that out?”

Yuan Lai said, “It seems so...”

In the end, this matter was also settled because Li Jing apologized to the intern.

No matter how much the intern felt wronged, it couldn't be helped.

The director had told her that Li Jing was the cousin of the current movie queen, Li Yue. Her status was not something people like them could afford to offend.

After breakfast, everyone packed up and prepared to start the recording for the next day.

Director Zheng explained the progress of the recording. “Today's recording ends, and the first episode ends. So everyone can go home and rest for the time being. After I check the broadcast volume and popularity, I will consider whether or not I should continue to record the next episode outdoors.”

As hosts, Zhang Xiao and Wang Yu naturally followed the program team's words.

He Zhen and Yuan Lai could not stand the idle temperament, or they hoped to be able to record the program outdoors in the future.

Li Jing didn't care at all. Her goal was only business. Whether it was outdoors or indoors, she would be wherever Jiang Yu was.

Jiang Yu naturally knew what Li Jing was thinking, so she smiled at her.

Li Jing was stunned. She didn't understand why Jiang Yu was smiling at her.

After thinking for a long time, Li Jing thought that Jiang Yu was looking down on her.

Anyone who knew about this magical thought would have to ask Li Jing, “Are you suffering from paranoia?”

“Help, I'm a little scared.” Yuan Lai subconsciously leaned toward Zhang Xiao.

“What's wrong?” Zhang Xiao didn't understand.

Yuan Lai explained in a low voice, “Li Jing was too scary this morning. What if she suddenly gets angry in the game later? Wouldn't that be disastrous for both of us?”

Fortunately, when she said these words, her voice was very low, so Li Jing didn't hear it at all.

Zhang Xiao didn't know whether to laugh or cry. He explained, “That's because Li Jing was angry when she woke up. How long has it been now? She won't be angry when she wakes up anymore. She Won't lose her temper

again.”

“No, I’m still afraid,” Yuan Lai said.

She was really frightened by Li Jing’s angry

roar.

He Zhen was also frightened by the side effects.

“Li Jing won’t suddenly get angry and come here, will she?” He Zhen asked worriedly.

The good impression he had of Li Jing in his heart was scared away by her roar.

Jiang Yid, “No, she won’t. She’s on the enemy team. She won’t come to our side.”

“It’s too scary.” He Zhen was still in shock. At the same time, he felt sorry for Yuan Lai.

He said, “Yuan Lai is really pitiful. He’s actually on the same team as Li Jing. If she gets angry later, won’t she tear Yuan Lai apart?”

“That won’t happen.” Jiang Yu didn’t know whether to laugh or cry. She felt helpless towards He Zhen’s strange brain circuits.

“It’s hard to say.” He Zhen smacked his lips.

When Wang Yu heard this, she couldn’t help but laugh.

This He Zhen was really a clown.

However, He Zhen still did not know what the two of them were laughing about. He could not help but scratch his head and ask in puzzlement, “What are you laughing about? I’m talking about a very serious matter.”

“Yes, yes, yes,” Wang Yu replied with a smile. “It’s a very serious matter.”

“You’re still laughing when it’s serious!”

At this moment, the bullet comments began to flood the screen crazily. “So sweet, so sweet, so sweet!!!”

“Please, He Zhen and Wang Yu, get together!”

“Help me, I seem to see the sweet love between others again!”

Chapter 392 Hype Building

The guests were all preparing and waiting for the recording to begin.

Li Jing was no exception, but she was surprised to receive a call from Jiang Ran.

Afraid that others would find out about her relationship with Jiang Ran, Li Jing quickly walked to a place where no one was around to answer the call. She asked in a low voice, “Jiang Ran? What’s the matter?”

Jiang Ran said on the other end of the phone, “Li Jing, I’ve been watching this live variety show recently. Now, there are people on the bullet screen who are hoping that He Zhen and Wang Yu are together. While you’re targeting Jiang Yu, you should also try to build a good relationship with He Zhen.”

“He Zhen?” Li Jing was stunned for a moment and asked in confusion, “Why do I have to build a good relationship with that He Zhen? Isn’t he on the same team as Jiang Yu?”

Jiang Ran still explained to Li Jing with a good temper, “You want to target Jiang Yu, but can’t you know that basically everyone is on Jiang Yu’s side now right?”

Li Jing nodded dumbly and said, “Yes. But what does that have to do with anything?”

Jiang Ran herself was not a smart person, but when she spoke ambiguously, she also despised others for not being able to understand her words.

But she still tried her best to maintain her attitude, she explained, “He Zhen and Wang Yu, this pair, will definitely be hyped up in the future. If you have a good relationship with He Zhen now and strive to let the program team hype you and He Zhen in the future, won’t that be great? Once you have popularity, won’t it be easier for you to deal with Jiang Yu?”

However, Li Jing still didn’t understand Jiang Ran’s brain. She asked in puzzlement, “But it doesn’t matter if you don’t hype it up with He Zhen, right? Moreover, if that’s the case, won’t Yuan Lai and I also be able to hype it

up?”

“Can you use that brain of yours” Jiang Ran was flustered and started to speak without restraint.

Li Jing was stunned. She didn’t know why Jiang Ran would use such an attitude to talk to her.

Jiang Ran didn’t feel that there was anything wrong with it. She had already spoken so clearly, but this Li Jing still didn’t understand. If that wasn’t stupidity, then what was?

Li Jing finally realized what Jiang Ran meant.

However, Jiang Ran was obviously not famous, so what right did she have to tell her what to do?

However, Li Jing felt that what Jiang Ran said just now was a good way to increase her popularity by creating hype with someone. Her eyes darted back and forth between He Zhen and Yuan Lai.

“Li Jing!” Director Zheng called out to her. “The recording has begun. Hurry up and get ready!”

“Got it, director. I’ll be right there!” Li Jing quickly hung up on Jiang Ran and ran to the recording venue.

Director Zheng asked the staff to take out a box and said, “What about today’s grouping method? We’ll adopt a new method — drawing lots.”

“Drawing lots?” Yuan Lai was puzzled. “Hasn’t this team already been assigned?”

Director Zheng explained, “Yes. After today’s recording ended, everyone would still be in the same grouping as before. It’s just that there are some changes to today’s grouping. We need to disrupt everyone’s teams and regroup them. Furthermore, we need two people in a group.”

When the director said that, Yuan Lai understood what he meant.

Today's recording required two people in a group. However, there were three people in each team, so it was not easy to regroup. Hence, it disrupted the group and they needed regrouping.

Director Zheng continued, "Alright, let's invite three guests to draw their other partners. Zhang Xiao, He Zhen, and Jiang Yu will do it."

The three of them went forward and drew lots. Then, they opened the paper ball that they had drawn.

Zhang Xiao drew Wang Yu, He Zhen drew Li Jing, Jiang Yu drew Yuan Lai.

Chapter 393 Public Service Mission

Director Zheng saw that they all knew who their partners were, so he began to introduce today's mission. "Today's mission is actually very simple, and that is to make money."

"Make money?" Yuan Lai was dumbfounded when he heard this. He said, "Isn't that the same as yesterday?"

Director Zheng explained, "No. Yesterday's task was to buy ingredients and cook. As for earning money and buying vegetables, that was all a method that you came up with on your own. But today's task is different. Today's task is to let you earn money, and I won't give you any capital. It will let you completely rely on your own ability to earn money."

He Zhen couldn't figure out the program team's routine and asked, "But... We have to have a reason, right? We can't just earn money for the sake of earning money."

Director Zheng said, "For today's mission of making money, you have to donate all the money you earn to buy clothes and books for the children in the mountain regions at the end. It can be considered a public service mission."

"I see," He Zhen said.

Director Zheng looked at the time on his watch, he said, "Alright, from now until 5:30 pm, this is your time to make money. In the end, whoever donates the most money will win. However, this mission has a requirement. That is, you are not allowed to borrow money from anyone in any form, nor are you allowed to rely on your looks or fame to earn money." "Then this is very difficult." Yuan Lai was in a difficult position.

However, the most difficult one was He Zhen.

He was already a little afraid of Li Jing, but now that the lot was drawn, she was actually drawn into his team and then there was this task. He had no idea how to complete this difficult task.

Director Zheng ordered, "Begin!"

So the guests brought their respective cameramen to begin their missions

Before Zhang Xiao became a host, he had worked in many coffee shops or milk tea shops, while Wang Yu had worked as a dance tutor.

So after some discussion, the two of them decided to split up.

Zhang Xiao went to the milk tea shop, intending to work as a temporary worker for 15 yuan an hour.

The owner of the milk tea shop saw the cameraman behind Zhang Xiao and knew that this was a television station recording a program. He also hoped that he could use this opportunity to promote his milk tea shop on television.

So, he gave Zhang Xiao a commission on top of the 15 yuan an hour base salary. The commission was three yuan for every cup of milk tea sold.

This was what Zhang Xiao wanted, and he agreed without hesitation.

Wang Yu found a violin shop, where people were playing the violin.

Wang Yu went in to find the shop owner and explained that she was recording a program and needed a temporary job to make money.

The shop owner was a middle-aged woman who was easy to talk to, and she was very open-minded, she said, "You just said that you were a dancer before, right? How about this? My people play the violin, and you dance beside them. Is that okay? I can provide you with dance costumes. 200 yuan for a dance, is that okay?"

Hearing the word "200", Wang Yu's eyes lit up. She quickly followed up and said, "Okay! Thank you very much!"

The shop owner smiled and said, "You're welcome. Come, I'll take you to the changing room to change clothes."

Zhang Xiao and Wang Yu had found temporary jobs that were relatively suitable for them, but Li Jing and He Zhen, who were on the way with them, were not so l.

"What should we do?" He Zhen was really at a loss, not knowing what to do to earn money.

"I don't know," Li Jing said.

Her mind was not on the task. Instead, she wanted to create hype with He Zhen.

She was hesitant about who to hype with. However, He Zhen drew her to join his team. Li Jing decided to continue with this.

She only had one day today. She had to work hard.

Otherwise, the next program will start recording, He Zhen would be with that Wang Yu again.

Then my chance would be even smaller.

Chapter 394 Cello

When Jiang Yu and Yuan Lai set out, they did not choose to follow the same route as the other four.

"Where are we going next?" Yuan Lai asked.

It was also his first time participating in an outdoor variety show. There were many things that he did not know how to do, and he did not know how to complete the mission.

However, now that he had Jiang Yu in his grasp, he did not need to worry too much about the next mission.

Jiang Yu walked and stopped before stopping in front of a restaurant. He said, "Let's do it here."

Yuan Lai raised his head and looked at the name of the restaurant. He couldn't help but ask curiously, "Cello? Why are we here?"

Jiang Yu gestured for him to look inside and said, "There's someone playing inside."

Yuan Lai was taken aback. He couldn't even speak clearly. "C-cello?! Jiang Yu, you're not going to play the cello, are you?!"

He knew that Jiang Yu could play the piano because he had bought a ticket to watch the international piano competition.

He had already begun to notice Jiang Yu back then.

He didn't think that someone could be this good just by learning the piano by himself.

And now, Jiang Yu was interested in the cello?!

Could it be that Jiang Yu could also play the cello?

Jiang Yu calmly, "Yes. When I was learning the piano, there was a cello shop next door. I heard the people inside play it. Naturally, I learned a little."

"Hiss..." Yuan Lai was a little hesitant.

It wasn't that he didn't want to believe Jiang Yu, but based on what she said, it meant that her cello playing skills were not very good. She didn't even have the time to learn the cello by herself. She had only heard other people play before, and at most, she had read the score and recognized a few scales?

Yuan Lai felt that it was still not good. He wanted to pull Jiang Yu and leave quickly, but the owner of the restaurant had already seen Jiang Yu and Yuan Lai.

Yuan Lai: "... It's over, we can't leave anymore."

The owner came out to greet the two of them warmly and asked, "What would you like to watch?"

In fact, he had recognized Jiang Yu, so he came out to greet the two of them so warmly.

Like Yuan Lai, he had bought tickets to watch the international piano competition. From then on, he had remembered Jiang Yu, who was able to reach that level just by learning by herself.

Jiang Yu did not hide her thoughts, she said bluntly, "Hello, we are recording a program and need a temporary job that can make money. I just went to several music shops, but none of them have a piano shop. It was not easy to see that you have a cello here, so I decided to come here to try my luck."

The boss understood, he said, "Actually, I also like musical instruments, but I prefer the piano. However, this cello shop of mine was passed down from my great-grandfather's generation, so I've always managed a cello shop. You said that you want to come here to find a temporary job, right? Then, do you want to play the cello?"

Jiang Yu smiled and said, "It's my honor."

Then, Jiang Yu entered the restaurant with the boss.

Yuan Lai stood alone at the door. He didn't know whether to enter or not.

"Is... is this really going to work?" He was still skeptical.

Not only was he skeptical, even Mo Long, who was watching the live broadcast, was a little shocked.

When did his baby learn to play the cello?

How many surprises did he not know about her?

The audience in the bullet screen also expressed their doubts because they could not believe that Jiang Yu could play the piano and the cello?

This skill was simply heaven-defying!

Chapter 395 Skeptical

Yuan Lai didn't know why the owner trusted Jiang Yu much, but since the two of them had already gone in to prepare for the performance, he couldn't just stand outside like a fool, so Yuan Lai went in as well.

No matter what, he and Jiang Yu were on the same team. He couldn't let her go in alone and embarrass herself, right?

Jiang Yu and the boss entered the shop. The latter went to the person who was about to play the next song and said, "Wait a minute. You go and rest first. Let her play."

The person who was playing was a middle-aged man who had some experience playing cello. He gave himself an artistic name, Jimmy.

When he heard that the boss wanted him to rest, Jimmy was very willing. But what else did the boss say? Was he going to let this little girl take his place?

Jimmy looked at Jiang Yu suspiciously and asked, "Boss, are you talking about her?"

S

The boss nodded and said, "Yes, that's her." Jimmy said, "Are you sure, boss? She looks about 20 years old. Are you sure? Or is she a professional cellist?"

After asking these series of questions, Jimmy looked at Jiang Yu and asked, "Are you a professional cellist?"

Jiang Yu shook her head honestly and said, "I'm not."

"... Then how many years have you studied the cello?" Jimmy asked again.

Jiang Yu also said very honestly, "I haven't studied the cello systematically. As for the cello and piano, I've taught myself. But I've been studying the piano for a long time. As for the cello, it's about a few months."

When Jimmy heard Jiang Yu's words, he felt that it was extremely ridiculous.

He said, "A few months? Do you think the cello is easy? You can learn it in a few months?"

Hearing that Jimmy seemed to be a little angry, Yuan Lai was worried that Jiang Yu was a little girl and wouldn't be able to handle it, so he hurriedly came over to help smooth things over. "Please don't be angry. We are recording a variety show. I hope you can understand..."

Before Yuan Lai could finish his words, Jimmy interrupted him and raised his voice. "You can act so recklessly just because you need to record a show?! Aren't you guys being too childish? What do you think the cello is?"

After saying this, he continued to point his finger at Jiang Yu, "And you, little girl, said that you taught yourself how to play the cello in a few months? Do you think you're a genius? You can learn how to play the cello in a few months? And your piano. How many years have you taught yourself how to play the piano? Half a year? Or a year?"

Jiang Yu looked at Jimmy with very sincere eyes and said, "A little more than a year."

"A little more than a year?" Jimmy smiled, he said, "A year of self-study, and you still have the face to say that you can play the piano? Okay, okay, okay, let's talk about the cello now. You taught yourself the piano for a year and said that you can play the piano; you taught yourself the cello for a few months, and you said that you can play the cello? Little girl, it's good to have confidence, but this is not confidence. This is called conceit."

Jimmy's words were outrageous, and the boss couldn't take it anymore.

He said, "Jimmy! This is Jiang Yu! I told you to rest and give the cello to her. Don't you understand what I'm saying? There are other customers in the shop. Don't embarrass yourself here!"

Jimmy's attitude was also very unyielding. He said, "You want me to give the cello to her? Impossible! I don't care if she's Jiang Yu or Jiang Wen! It's useless. Don't even think about it!"

Yuan Lai also felt that Jimmy's words were a bit too much. He was worried that Jiang Yu would feel wronged and would feel wronged, so he stood in front of Jiang Yu, he said in a low voice, "Jiang Yu, don't be afraid. I'm a man. At this time, I'll protect you."

Jiang Yu was stunned and burst out laughing.

Chapter 396 Don't Be Conceited

Yuan Lai heard Jiang Yu's laughter and couldn't help but feel a little puzzled. He asked, "Eh? Jiang Yu, what are you laughing at?"

Come on, sis, someone is interrogating you in your face right now, and even insulting you!

You can still laugh?!

Jimmy and the boss also heard Jiang Yu's laughter and looked over in puzzlement.

Jimmy felt that there was something wrong with this girl's brain.

He had already said such things. Normally, a normal little girl would feel wronged because of a blow to her confidence at this time, and some would even cry bitterly.

But what was wrong with this Jiang Yu? Was she laughing?

Jimmy suddenly had a feeling of being looked down upon by others, so he raised his voice a few degrees to Jiang Yu. 'What are you laughing at?! Did I say something wrong? You've only taught yourself for a few months and you're already saying that you can play the cello? Who would believe you if you said that? You're not a genius, don't have that kind of confidence!'

The boss really couldn't stand what Jimmy said, but he had already played the cello in his own shop for several years, so he was in a bit of a dilemma at the moment and didn't know how to solve this matter.

Jiang Yu could understand the boss, and she also knew why Jimmy looked down on her so much.

In that case, she would show him in front of Ji, so that he would be convinced.

"Since you look down on me so much, give me the cello and see my strength," Jiang Yu seriously.

"Do you know what you're talking about?" Jimmy was amused by Jiang Yu's words, "You just said that you want me to see your strength? What strength? Do you have the strength? I'll give you the cello. Do you plan to embarrass yourself with it?"

Jiang Yu didn't get angry because of his words. She continued calmly, "Just wait and see what the truth is."

Jimmy did not know where Jiang Yu's confidence came from. She had only studied cello for a few months, but she dared to say that she knew how to play cello.

How could he, who had studied cello for more than 30 years, save face?

"Okay." Jimmy really handed over the cello in his hand and said to Jiang Yu, "Then I'll wait for your embarrassing performance."

Jiang Yu took the cello and said with a smile, "It's hard to say whether it's a shameful performance or not."

Jimmy sneered and didn't say anything else.

Yuan Lai was a little worried and muttered, "Jiang Yu, can you do it or not..."

Not only him, but the audience was also worried.

"Can Jiang Yu really do it? She had only taught herself the cello for a few months?"

"I think... forget it, I don't know. But I think it's hard to say what she learned in just a few months, right? At most, she learned the basics, but Jiang Yu actually said that she could play an instrument. Isn't that a bit ridiculous?"

"Anyway, I don't think it's possible... but that cellist, isn't his words a bit too much?"

"Actually, from his point of view, you're right. Who would say that they learned an instrument after learning it for a few months? This is bluffing too much?"

"If you don't believe me, then say that you don't believe me. It's not appropriate for you to talk so much to a girl, isn't it?"

Mo Long frowned deeply when he saw the comments.

When Teng Yi saw him like this, he asked, "President Mo, do you need me to look up Jimmy's information?"

"..." Mo Long was silent for a while and said, "No need. Let Yuler play. I want to see what Jimmy can do in the end."

Chapter 397 Genius

Jiang Yu took the cello and was about to sit down to play when Jimmy called out, "Wait!"

Jiang Yu was confused and asked, "Is there anything else?"

Jimmy pointed out with a triumphant look on his face. "Go outside. Since you said you know how to play the cello, go outside and play it for everyone passing by."

Yuan Lai felt that this Jimmy was really a little too much, he couldn't help but argue, "I say, aren't you a little too much? This is just a competition between the two of you, but you're saying this as if you want us to go out and perform?! Aren't you too insulting?!"

Jimmy said proudly, "You said it yourself, I didn't say it."

Yuan Lai was exasperated. "You! What do you mean by that?!"

"It doesn't matter, just go outside." Jiang Yu stopped Yuan Lai from getting angry. "Jiang Yu! He's insulting you!" Yuan Lai complained.

"This is art. Art is meant to be appreciated by both the refined and the vulgar. It's not like it's only called art if you perform on the stage," Jiang Yu said with a smile.

Hearing Jiang Yu's words, Yuan Lai didn't know what to say anymore.

Jimmy raised his eyebrows. He didn't expect Jiang Yu to have such thoughts.

Jiang Yu took a chair and sat down at the entrance of the restaurant. She asked Yuan Lai to connect the strings of the cello for her. She first tested the notes, then got into a position, thinking about what song to play in her mind.

As Jimmy watched, he felt that Jiang Yu had done a good job on the surface, but what was her true strength like? He was really looking forward to it.

He even imagined Jiang Yu coming back crying and saying that he didn't know how to play the cello at all. It would be a little embarrassing to show off in front of his seniors.

When he thought of this, Jimmy couldn't help but laugh.

"... What a perverted laugh," Yuan Lai couldn't help but comment.

Jiang Yu thought about it in her head and decided to play this song.

A melodious voice poured out from under Jiang Yu's hands, as if it had washed people's hearts and made them cleaner.

This song attracted more and more people to gather around. They were all immersed in the song Jiang Yu was playing, unable to extricate themselves.

Jimmy's face was a little embarrassed.

What Jiang Yu was playing was the famous cello piece — "Cello Concerto in E minor"!

This was the work of the famous musician Elgar. In the cello world, there weren't many people who could play this piece accurately by themselves!

But this Jiang Yu, not only did she play this piece by herself, she even grasped the emotions within it!

No... No! How is this possible?!

At this moment, Jimmy felt a burning pain on his face, as if he had been slapped by someone.

It seemed that he had underestimated this Jiang Yu.

The bullet screens were also flooding with comments for Jiang Yu. "Oh my God! Jiang Yu really knows how to play the cello?!"

"Oh my God! Didn't she only teach herself for a few months?"

"She taught herself for a few months, and she can even play this piece. Isn't that amazing?!"

"May I ask what this piece is?"

"It's 'Cello Concerto in E minor', a world-class masterpiece. Think about the value of it yourself."

"Oh my God! Is Jiang Yu that amazing?!"

"Hahaha, that Jimmy has nothing to say now!"

...

In fact, Jimmy really had nothing to say.

This Jiang Yu was indeed extremely talented. He had misjudged her back then.

Chapter 398 Admit Defeat

Jiang Yu stood up and bowed politely to the pedestrians around her. Then, she turned around and returned to the shop.

Jimmy's expression was not very good, but he had to admit that Jiang Yu's strength was indeed above his.

"Mr. Jimmy," Jiang Yid politely, "Do you recognize my strength now?"

Jimmy could no longer hide the embarrassed expression on his face. He simply said straightforwardly, "Well, it's my fault. I apologize."

Jiang Yu smiled and said, "It's alright."

Yuan Lai could not believe that Jiang Yu had forgiven Jimmy just like that. He could not help but say, "Jiang Yu! He said that about you just now, and you've forgiven him just like that?"

Jiang Yu smiled mysteriously and said, "Art."

Yuan Lai said, "... Alright, Alright. I'll take it that you're doing it for art."

The boss was also very pleased. He said to Jimmy, "Alright, now that you've seen Jiang Yu's strength, do you feel at ease handing over the cello to her?"

Jimmy quickly nodded and said, "Don't worry, don't worry."

Jiang Yu smiled as she sat in Jimmy's previous seat. Then, she took the cello and continued to play.

This time, it was not the previous song, but another cello song made by another famous music.

But the same thing was, Jiang Yu's hands seemed to have some magic. No matter what kind of song it was, what kind of emotions were contained in it, she could grasp it very well, it was easy to bring the listener into the emotions, into that world.

Jimmy had no choice but to admit defeat.

The cello that he had learned for more than 30 years was actually not as good as a little girl who had taught herself for a few months.

Jiang Yu's music was very nice, and it also contained many kinds of emotions. More and more customers came in.

Seeing Jiang Yu playing, he suddenly had a feeling that his soul had been cleansed. He also had the thought that he could play the cello, so many customers spent money to buy cellos.

The boss laughed so hard that the wrinkles on his face were beginning to show. He couldn't even count the money.

This was all thanks to Jiang Yu.

It was not until five o'clock in the evening, half an hour before the end of the game segment, that Jiang Yu stopped playing.

She said to the boss, "Boss, our program recording is about to end. So, please settle the price we agreed on before."

The boss smiled and said, "Okay!"

He turned around and took a wad of money and stuffed it into Jiang Yu's hand.

Yuan Lai was startled by the wad of money and quickly waved his hand, saying, "Wait a minute, Boss! We didn't talk agree on this price before. Y-you gave me too much, didn't you?!"

Jiang Yu also said, "Yeah. Boss, I only played a total of more than 50 songs this afternoon. It's not worth this price at all."

The boss smiled and said, "Hey, Jiang Yu, don't decline. If it weren't for you, I wouldn't have such a booming business today. Take this money as your commission. You deserve it."

Hearing the boss say this, Jiang Yu took the money.

She said apologetically, "I'm really sorry, boss. I just played songs. Your booming business has nothing to do with me, so I still feel a little uneasy about taking the money. But our program needs to donate the money we earn to the mountains villages, so the more money we have, the better."

Hearing Jiang Yu say that the money was to be donated to the mountains, the boss quickly added another sum.

Afraid that Jiang Yu would not accept it, he added, 'take this money as my donation to the mountainous areas! It's a charity. It's a good thing. I have to participate in it.'

Only then did Jiang Yu accept all the money and said, "Thank you, boss."

Jimmy also added another sum of money and said, "Count me in for the charity."

Yuan Lai was shocked and looked at Jiang Yu in disbelief.

This, this, this? Wasn't Jiang Yu too charismatic?!

She could play the piano and the cello, and she was so charismatic. She was truly the perfect woman!

Chapter 399 Donations

After a day of "work", the three teams came back one after another.

The ones who received the most money were Jiang Yu and Yuan Lai, a total of 5,000 yuan.

Next were Zhang Xiao and Wang Yu, a total of 2,000 yuan.

The ones who received the least money were He Zhen and Li Jing, a total of only 300 yuan.

Director Zheng did not expect the gap between the three teams to be so big.

Not to mention the first and second place, the third place earned too little money, right?

Director Zheng couldn't help but ask, "Li Jing, He Zhen, can I ask what kind of job did you guys get for this money?"

He Zhen explained with a troubled face, "The kitchen of the restaurant, washing dishes."

Hearing this, Yuan Lai said in disbelief, "But the two of them shouldn't have only gotten 300 yuan in one afternoon, right?"

He Zhen was vague and didn't know how to explain.

Li Jing was not afraid of losing face and said, "Because He Zhen broke more than a dozen plates while working, we made money while losing money. In the end, you saw it, 300

yuan."

He Zhen covered his mouth and coughed a few times in embarrassment, indicating Li Jing to stop talking.

Li Jing didn't feel embarrassed, and she was even a little annoyed.

She had originally wanted to use this opportunity to get closer to He Zhen, but He Zhen was so focused on finding a job that he didn't even pay attention to her.

This afternoon, she had said a few words to him, but he didn't hear her at all.

But to say that he was serious about work, he was very clumsy and broke some plates. So he might as well not be serious about work.

He Zhen wanted to cry but had no tears. He asked director Zheng, "Director! When can we change the team back?!"

Director Zheng looked at him and wanted to tactfully tell him that he definitely could not change the team back today.

However, no matter how tactful he was, he could only say one sentence in the end. Therefore, director Zheng generously told him, "We definitely can't change the team back today. That's because after dinner tonight, you guys still have an after-dinner

game."

"There's still a game?!" He Zhen was really on the verge of breaking down.

He really didn't want to be on the same team as Li Jing! He wanted to go back and look for Jiang Yu and Wang Yu!

The person who had the same thoughts as He Zhen was Yuan Lai.

However, he didn't want to change it back because he didn't want to stay in the same team with Li Jing at all.

No, to be precise, he didn't dare.

Director Zheng got someone to take out a box and asked the guests to put all the money they had into that box.

When it was Jiang Yu's turn, director Zheng could not help but ask her, "Jiang Yu, I'm very curious. Why do you have so much money?"

The director asked, Yuan Lai immediately came up with the explanation, "Director, let me tell you, Jiang Yu is too capable! Not only can she cook, she can also play the cello! We got this money by playing the cello in an instrument shop in the afternoon!"

Jiang Yu nodded and told him that the boss and Jimmy had also donated money. "Among this money, not only Yuan Lai and I, but also the boss and his cellist contributed."

"I see." Director Zheng was enlightened. He continued, "But this money is still on you and Yuan Lai, so you and Yuan Lai won today's event!"

"Okay!" Yuan Lai quickly clapped loudly for himself and Jiang Yu.

Zhang Xiao and Wang Yu also clapped.

Only Li Jing and He Zhen were unwilling to clap.

He Zhen was unwilling to clap because he wanted to return to his team as soon as possible and didn't want to suffer in the same team as Li Jing

The reason why Li Jing didn't want to clap was very simple — she lost to Jiang Yu.

Chapter 400 Name Tag Tearing Game

However, both of them had very calm expressions on their faces. No one could tell what was going on.

Director Zheng continued with the flow of the game. "In a while, you guys will have dinner first. After dinner, you will rest for ten minutes before continuing with a small game."

"Director, please tell us what game it is." Yuan Lai was the biggest player today. Although he had relied entirely on Jiang Yu's strength to obtain first place, he was still in a very good mood.

Director Zheng couldn't help but smile when he saw Yuan Lai's expression. He told him the name of the game, "It's name tag tearing."

"Name tag tearing?" Yuan Lai was stunned. He felt like he had heard of this game before.

He could tell what he was thinking, Jiang Yu explained, "It's a game that was very popular on the internet before. The participants put a name tag on their back with their name on it. When they meet an opponent, they have to tear the opponent's name tag off."

Yuan Lai had an impression of it. He patted his head and said, "So it's this game!"

Director Zheng snapped his fingers and said, "But we still have to change the rules for today's game of tearing off the name tag."

He Zhen was also curious. "What rules?"

Director Zheng said with a mysterious expression, "We'll talk about this after you finish dinner."

He Zhen: "Cheh —"

The dinner was very sumptuous. There was a lot of meat and fish, and He Zhen and Yuan Lai's mouths were full of oil.

After dinner, the few of them took a light rest for another ten minutes before changing into the clothes that the program team had prepared. They went to a large open space to stretch their muscles.

He Zhen: "Director! Now can we talk about what that small rule is?"

Director Zheng then explained the rule, "Every team has a chance to exchange their name tags. You can exchange your name tags with your teammates' name tags or not. This will depend on your tactics. Of course, whether you exchange or not, the names on the name tags are hidden. You need to judge whether the other team's name tags have been exchanged or not."

Yuan Lai was confused when he heard that. He said, "But director, what's the meaning of changing the name tag? It's just two people changing their names?" Director Zheng continued, "That's not it. Among the two people, one is the star that needs to be protected, and the other person needs to protect this star, which is the so-called knight. If the knight is unfortunately eliminated, the star can still fight, but if the star is eliminated, then the entire team will lose."

"I understand!" He Zhen shouted, "In other words, this star doesn't depend on the person, but on the name tag, right?"

Director Zheng gave He Zhen a thumbs up and said, "Yes, that's what I mean!"

He Zhen looked very pleased with himself.

The others could not be bothered to look at him. They only had one thought in their minds, "Please, we have already understood

it!"

Only Li Jing was still foolishly looking around, trying to find someone to explain the rules of the game to her.

Director Zheng gave each team an envelope. The name of the "star" was written on the letter paper inside.

In Jiang Yu and Yuan Lai's team, Jiang Yu was the "Star".

In Zhang Xiao's and Wang Yu's envelopes, Wang Yu was the "Star".

In He Zhen's and Li Jing's envelopes, He Zhen was the "Star".

He Zhen felt that the program team had made a mistake and could not help but ask, "Really? Director, are you sure? Is the "star" in our team really this person?"

Because he could not say who the 'star' in his team was, He Zhen could only use 'that person' to replace his name.

Director Zheng nodded. "Yes, that's right."

He Zhen: "... Oh my God, how do we play this?"
