

## Older Man 661

### Chapter 661: Uncle Lu

Jiang Yu knew the purpose of this person's request even if he didn't say it clearly.

Xia Fan was right to reject his request.

"It doesn't matter," Jiang Yu said. "I'll personally visit the investor at three o'clock tomorrow afternoon."

"The investor?" This afternoon, Xia Fan only received calls from the two men who claimed to be investors. He didn't receive any other calls.

Jiang Yu explained, "It's my friend's father. He's recently interested in expanding his business in the cosmetics industry, so the deal went smoothly."

"I see." Xia Fan nodded and said, "Then do you need me to accompany you?"

Jiang Yu said, "No need. You can just focus on your own work."

"Okay." Xia Fan remembered that Jiang Yu had said "Personally visit". It shouldn't require him to accompany her.

The next afternoon, Jiang Yu packed up her things and said to Xia Fan, "I'm going out. Make arrangements for the company."

Xia Fan said, "Okay."

Jiang Yu took out a piece of paper with her cell phone number written on it and said, "When you have time, contact the owner of this number and arrange a time and place to meet. Then tell me."

Xia Fan took the piece of paper and said, "Okay."

After Jiang Yu told him everything, she took a taxi to Lu Qi's house.

.....

Father Lu had already come back from the company and specially prepared a pot of good dragon well tea.

"Uncle Lu." After Jiang Yu entered the door, she politely greeted him.

"So it's Xiao Yu. Come in and have a seat." Father Lu warmly greeted her.

Lu Qi also ran out of his room and shouted, "Xiao Yu! You're finally here!"

Father Lu couldn't do anything about his daughter. He smiled and said, "Logically speaking, we should meet outside. I didn't expect you to come personally, Xiao Yu."

Jiang Yu smiled and said, "Since uncle Lu wants to invest in my company, of course I have to come personally."

Father Lu poured a cup of tea for Jiang Yu, but he didn't mention the investment. Instead, he talked about the Jiang family selling fake jewelry.

"I also feel sorry for the Jiang family." Father Lu shook his head and said, "I also never thought that your father would do such a thing."

Jiang Yu took a sip of the tea. It was a little bitter.

She said, "It's okay. I have solved this problem for them."

Father Lu asked with a smile, "I heard from Qiqi that you have a stake in the Jiang Family?"

Jiang Yu looked at Lu Qi and said, "Yes."

Lu Qi mumbled, "They borrowed 60 million from Xiao Yu! What's wrong with giving her some shares?"

Father Lu smiled and said, "You don't understand the business world." Then he looked at Jiang Yu and said, "I never knew that the Jiang family had such a swift and decisive daughter like you."

Jiang Yu smiled and said, "I'm no longer the daughter of the Jiang family."

"Huh?" Father Lu looked at her.

Father Lu knew a little about Jiang Yu and the Jiang family. And Lu Qi was the one who told him all those things.

But what did Jiang Yu mean by saying that she was no longer the daughter of the Jiang Family? Could it be that Jiang Yu had cut off all ties with the Jiang Family?

Jiang Yu saw through father Lu's thoughts, "Please don't misunderstand. I didn't cut off all ties with the Jiang family. It's just that what they did to me made me feel too disappointed. Sometimes, I also feel like I'm not the daughter of the Jiang family because they only have Jiang Ran in their hearts."

Father Lu suddenly felt a little sorry for Jiang Yu and said, "So you've suffered so much in the Jiang family."

Jiang Yu said, "It doesn't matter. I can live well on my own now. Not only do I have a good friend like Qiqi, but I also have someone I love to accompany me."

Father Lu nodded and then brought the topic to the investment.

He said, "The investment this time is to expand the business. In fact, I want to invest in a company and give the shares to Qiqi as a dowry. Qiqi knows about this. She should have told you about it, right?"

Jiang Yu nodded and said, "She said that."

Father Lu was relieved, he said, "You and Qiqi are friends, and you're a reliable person. So, I'm willing to believe in your ability to run this company well. That's why I decided to invest in you."

Jiang Yu was very touched and said, "Thank you, Uncle Lu, for believing in me."

Father Lu said, "The matter of the investment is settled. The amount is 20 million."

"20 million?" Jiang Yu was very surprised. She didn't expect uncle Lu to be willing to invest 20 million for an unknown company like hers.

**Chapter 662: Meet With Xu Ye**

Father Lu smiled and looked at her. "Why? Is 20 million too little?"

"Of course not!" Jiang Yu quickly shook her head and said, "Uncle Lu, don't worry. I will definitely not let you down. I will go back now to draw up the contract and send it over to you."

Father Lu smiled and said, "Alright, then I'll have to trouble you."

Jiang Yu said, "It's no trouble. This is what a junior should do." Then she left.

After Jiang Yu returned to the company, she said to Xia Fan, "Draw up a contract with the Lu Corporation right away."

Xia Fan said, "Yes."

He began to draw up the contract. After printing it out, he handed the document to Jiang Yu.

Jiang Yu carefully looked at the contract. After confirming that it was correct, she said, "Okay, leave it here."

"Okay." Xia Fan was just about to leave when he remembered what Jiang Yu had told him before she left. He turned around and said, "Boss, the person you asked me to contact has already agreed on the time and place."

Jiang Yu paused. She realized that Xia Fan was probably talking about Xu Ye.

That was because the note Jiang Yu gave to Xia Fan today had Xu Ye's contact information written on it.

So she asked, "When and where?"

Xia Fan said, "Tomorrow night at eight o'clock, at the coffee shop where I met Ning Xue's manager."

.....

Jiang Yu said, "Okay, got it." Then she didn't continue.

After work that night, Jiang Yu first took the contract to the Lu family and asked Father Lu to sign it. Then she took the car back to Mo Garden.

Mo Long was working overtime at the company today, so he came home very late. When he got home, Jiang Yu was so tired that she fell asleep.

He took a simple shower and gently kissed Jiang Yu on the forehead. Then, he hugged Jiang Yu with satisfaction and fell asleep together.

The next day at work, after Jiang Yu finished dealing with the investors, she called Xia Fan over.

"Do you still have the contact information of the previous producers and material suppliers?" Jiang Yu asked.

Xia Fan said, "I do, but they don't seem to be willing to cooperate with us anymore."

Jiang Yu suddenly felt a headache and said, "Give me their contact information first. Leave the rest to me."

Xia Fan hesitated for a moment, but still gave the contact information to Jiang Yu and said, "Boss, the two of them are very difficult to deal with. You must be careful on your own."

"Okay."

Jiang Yu rubbed the space between her eyebrows and sighed.

Compared to these two people who had never met before, there was a very difficult person who was about to meet.

At eight o'clock in the evening, Jiang Yu and Xia Fan were already sitting in that coffee shop. Opposite them were Xu Ye and his manager, Tang Yi.

"Is it cold outside?" Xu Ye pushed a cup of steaming coffee in front of Jiang Yu and said, "Take a sip to warm your body."

Jiang Yu looked at the cup of coffee. A moment later, she took a sip and said, "Thank you."

Xu Ye smiled and said, "What are you thanking me for? We're friends."

When he spoke, Xu Ye emphasized the word 'friend'.

It was a little ambiguous, which Xia Fan didn't understand.

Jiang Yu ignored Xu Ye's strange little actions and tone and said, "Movie King Xu, Tell me how much you plan to invest."

Movie King? Xia Fan was shocked. No wonder this name sounded so familiar today. So it was Movie King!

Xu Ye pursed his lips and said, "Jiang Yu, when old friends meet, why do you sound so cold?"

Jiang Yu said, "There are no friends in the business world, only partners."

Seeing that Jiang Yu seemed to be a little impatient, Xu Ye restrained his temper and said, "There's nothing to say. To put it simply, it's an investment. I plan to invest 50 million."

"50,50 million!" Xia Fan couldn't help but exclaim.

"What's wrong?" Xu Ye tilted his head and looked at Xia Fan with a smile. He asked, "Do you think it's too little?"

Xia Fan hurriedly waved his hand and said, "No, it's not."

He carefully looked at Jiang Yu, afraid that his loss of composure would make her feel embarrassed.

However, Jiang Yu just looked at the coffee in front of her and didn't say a word.

Xu Ye patiently asked again, "Jiang Yu, are you not satisfied with this number?"

Jiang Yu finally shifted her gaze from the coffee to Xu Ye's face and said, "Okay."

Xu Ye heaved a sigh of relief and said, "I thought you wouldn't accept my investment."

Jiang Yu smiled and said, "How is that possible? I'm a businesswoman. Profit comes first."

## Chapter 663: Birthday Party

??

Xu Ye's smile froze. After a long while, he said, "Jiang Yu, you seem to have changed."

Jiang Yu was still smiling. "Movie King Xu misunderstood. I've always been like this."

Xu Ye couldn't smile anymore. Even Tang Yi's expression was a little ugly.

This Jiang Yu was really different from before.

Seeing that Xu Ye didn't say anything, Jiang Yu said, "If there's nothing else, I'll go back first. It's getting late. Movie King Xu and Manager Tang should go back as well."

With that, Jiang Yu took Xia Fan back.

Before leaving, Jiang Yu said, "I'll draw up the contract when I go back. Movie King Xu, just wait patiently."

Xu Ye looked at Jiang Yu's back as she left. His expression was a little complicated.

Tang Yi was also very puzzled. He asked, "How did this Jiang Yu become like this? She's completely different from before."

Xu Ye said, "Is that right? Is she really different? Swift and decisive, she really looks like a businesswoman."

After Jiang Yu returned to Mo Garden, she found that Mo Long was still working overtime at the company and had not returned yet.

However, she was not very tired today, so after taking a shower, she sat on the sofa and read a book, quietly waiting for Mo Long to return.

However, the first call she received was not from Mo Long who was going home, but from Jiang Ran.

Although she did not want to answer it, she was, after all, a shareholder of the Jiang Jewelry Company. It would not make sense if she did not answer this call.

Therefore, she picked up Jiang Ran's call. "What's the matter?"

Jiang Ran cleared her throat and said, "My birthday party is the day after tomorrow. You have to come back and attend it."

Jiang Yu paused and asked with a smile, "Are you informing me?"

Jiang Ran said in a very aggressive tone, "Of course. Otherwise, why would I call you?"

Jiang Yu asked, "I remember that the Jiang family has just solved the problem not long ago, and they want to hold your birthday party so soon? Who paid for this money? Is it your fiancé? Or does the Jiang family actually have money?"

Jiang Ran was stunned. She didn't expect Jiang Yu to ask her these questions.

“Speak,” Jiang Yu said.

Jiang Ran was startled by Jiang Yu’s cold tone and stammered, “Why... why do you care so much? Where and where the money came from has nothing to do with you, right?”

Jiang Yu said coldly, “Of course it has nothing to do with me, and I can’t be bothered to care about your matters. Perhaps the money the Jiang family owed before didn’t even have 60 million? But you said 60 million.”

Jiang Ran was speechless because Jiang Yu was telling the truth.

The Jiang family did owe money because of the fake jewelry, but they didn’t owe 60 million. They owed 45 million. At that time, Wei Juan thought that since they were asking for money from Jiang Yu, instead of asking 45 million, it would be better to ask for more, so that they could solve the Jiang family’s future expenses.

And since the money for the birthday party this time was taken from the remaining 15 million.

“Is what I said true?” Jiang Yu asked.

“No!” Jiang Ran immediately refuted.

“It better not be.” Jiang Yu sneered and said, “I won’t attend your birthday party. I don’t want to end up not seeing anything happy, and instead, making myself angry.”

“What do you mean?” Jiang Ran was unhappy. “I won’t do anything to you at my own birthday party. What are you afraid of?”

Jiang Yu felt that Jiang Ran’s words were really baffling. She said, “If I don’t want to go, I don’t want to go. What does it have to do with being afraid of you?”

Jiang Ran said, “You! Let me tell you, as long as your surname is Jiang, you have to come back and participate in everything about the Jiang Family!”

“What’s there to participate in?” Jiang Yu found it funny. “Did they suddenly think that I’m more outstanding than you, so they decided to introduce me to outsiders instead of introducing you?”

Jiang Ran was so angry that she almost died. She said, “Of course not!”

Jiang Yu said indifferently, “Then there’s no need to go back and participate in it. Anyway, you and that mother of yours who only has eyes for you don’t like to see me, so why should you care whether I go back to attend your birthday party or not?”

Jiang Ran gritted her teeth and said, “It’s dad who asked me to call you! Jiang Yu, don’t be ungrateful!”

“Why did he ask me to go back?” Jiang Yu didn’t understand.

Jiang Ran mumbled and said, “Who knows? Maybe it’s because you helped the Jiang family solve a big problem last time, and he feels he has let you down, so he wants you to come back to attend the birthday party.”

Jiang Yu said, “Then please tell him that I won’t go back and attend it.”

## Chapter 664: Empowerment

Jiang Ran said, "You can come or not! Anyway, Ddd asked me to call you. If you don't come, then you can tell him yourself!"

As she said that, Jiang Ran hung up the phone.

Jiang Yu shook her head and just as she put the phone back on the coffee table, the phone screen lit up again before she could finish reading a few lines.

This time, it was Jiang Hai calling.

He really didn't find it tiring.

Jiang Yu picked up the phone and said straightforwardly, "I'm not going back to attend Jiang Ran's birthday party. No matter who calls me, I won't go."

Perhaps because the Jiang family had survived the biggest crisis, Jiang Hai put on that lecturing attitude again, he said to Jiang Yu, "Little Yu, Ran Ran is your sister. If you don't come back to attend her birthday party and others find out, won't they gossip about our Jiang Family?"

Jiang Yu felt that it was strange and said, "Ever since the incident with the fake jewelry, don't tell me that people are still gossiping about the Jiang Family?"

Jiang Hai paused. He didn't expect Jiang Yu to bring up this matter.

He smiled awkwardly and said, "Xiao Yu, this matter has been over for a long time. Let's not talk about it anymore."

Jiang Yu said, "For a long time? But I remember that not even a week has passed, right? In such a short period of time, you have the mood to hold a birthday party for Jiang Ran and even called me to attend it? If you say that you don't have a motive, then I definitely won't believe it."

Jiang Hai rubbed his hands awkwardly on the other side of the phone because Jiang Yu had once again hit the nail on the head.

He wanted Jiang Yu to come back to attend the birthday party with the purpose of showing off her.

Recently, his friends who knew Jiang Hai had been contacting him, telling him that a lipstick company had recently become a dark horse in the cosmetics industry.

The new boss of the company was Jiang Yu, the youngest daughter of the Jiang family.

At first, Jiang Hai thought that his friends were joking with him, just to make fun of the "disaster" that the Jiang family had just experienced.

But when he sent people to investigate, he found out that it was true.

Jiang Yu was really the new boss of that lipstick company.

More and more people contacted him, saying that they wanted to meet Jiang Yu and take advantage of the young boss's luck. And for his face, Jiang Hai agreed without any hesitation.

But after he agreed, he realized that he had no way to get Jiang Yu to meet them.

After thinking about it, he decided to hold a birthday party for Jiang Ran. Then, he would use this opportunity to call Jiang Yu over so that she could meet his friends.

However, Jiang Yu seemed to have made up her mind not to come back, which made things a little difficult for him.

Jiang Hai said, "Little Yu, the people who are coming this time are all dad's friends. Just give dad some face and come back to join us, okay?"

Jiang Yu found it funny. She wanted to say, "It's none of my business whether your friends go or not." But on second thought, since they were Jiang Hai's friends, there must be a big shot in the business circle.

Why not take this opportunity to talk to another investor?

It would save her time.

Since it was something beneficial to her, Jiang Yu would not refuse. She said, "Okay, I will go. But I have one condition."

"What condition?" Jiang Hai's heart was uneasy.

Could it be that she wanted the shares of the Jiang family for a mere birthday party?

Jiang Yu said, "I can go, but you can't tell anyone about me, and you can't interfere with what I do."

Jiang Hai hesitated. "This..."

He was a little worried that what Jiang Yu wanted to do was to mock the Jiang family or ridicule Jiang Ran?

Jiang Yu had long guessed that Jiang Hai would be worried about this, so she gave him a warning beforehand, she said, "Don't worry. What I'm going to do won't do any harm to the Jiang family or Jiang Ran. It's just something that's beneficial to me."

Although he didn't know what Jiang Yu was going to do, with her protection, Jiang Hai still let out a long sigh of relief and said, "Okay. As long as you come, father will definitely not care about what you do."

"Alright, it's settled then," said Jiang Yu.

Jiang Hai originally wanted to ask Jiang Yu if she would bring Mo Long with her. That way, she would be able to strengthen the Jiang family.

However, Jiang Yu had already hung up the phone.

Jiang Yu didn't plan to bring Mo Long with her.

She knew that if she brought Mo Long with her, the investors who agreed to invest in her would probably do it out of respect for Mo Long, that would not be an investor that she had negotiated with based on her own strength.

Moreover, Mo Long had been very busy with his work recently. He probably did not have the time to attend such a gathering that wasn't high up there enough.

### **Chapter 665: Well-Known**

Jiang Yu read for a while more before Mo Long finished his work and returned home.

Jiang Yu hurriedly got up to undress him and asked, "Have you been so busy recently?"

Mo Long replied, "Yes, I've been discussing a very big real estate project recently."

Jiang Yu helped him pack his clothes while saying, "No matter how busy you are, you must remember to rest. Otherwise, your body will not be able to take it."

Mo Long smiled and put his arm around Jiang Yu's waist. "Got it."

Jiang Yu told Mo Long that she was going to attend Jiang Ran's birthday party and said, "I'll go by myself this time. You don't need to accompany me since you're so busy with work."

Mo Long was a little worried and said, "Those people from the Jiang family have been eyeing you covetously for a long time. I'm really worried about you going alone."

Jiang Yu thought for a moment and said, "How about this? I'll bring my secretary with me. Then, you can send someone to follow me in the dark. How about it?"

Mo Long agreed and said, "Okay. Yu'er, you must be careful."

Jiang Yu nodded and said, "Okay."

On the day of Jiang Ran's birthday party, Jiang Yu wore a capable black suit. Her hair was soft and spread over her shoulders. Her face was covered with exquisite makeup. She took her briefcase and left the house.

Xia Fan was already waiting for her at the door of the Jiang residence. When he saw Jiang Yu coming over, he immediately walked over and said, "Boss."

Jiang Yu took out a pair of sunglasses and put them on. She said, "Don't call me 'boss' in the future. Call me 'Director Jiang'."

.....

This was because she sounded more like a businessman.

Xia Fan said respectfully, "Yes, Director Jiang."

Jiang Yu led Xia Fan into the Jiang family's main door. After taking a cocktail, they stood casually in a corner.

Xia Fan didn't like drinking. At such a party, he only took a glass of fruit juice and stood beside Jiang Yu.

"Director Jiang, today is your sister's birthday party. Are you really not going to say a few words to her?" Xia Fan asked.

Jiang Yu took a sip of the cocktail and said, “No. We’ll just wait here. After they finish their speech, we can do our own thing.”

Xia Fan knew that Jiang Yu meant “My own thing”, which was to find a new investor. For this reason, she had memorized all the advantages and advantages of “Ge Li” last night.

Jiang Yu and Xia Fan stood in the corner. They had originally planned to be invisible. After Jiang Ran and Jiang Hai finished reading the speech for the birthday party, they would take this opportunity to find a new investor.

Unexpectedly, Jiang Hai’s speech in his hand read Jiang Yu’s name.

“It’s all thanks to my daughter Jiang Yu that the Jiang family can get through this difficult time!” Jiang Hai said passionately.

When he said that, everyone present turned to look at Jiang Yu.

Jiang Yu stood where she was, unable to react in time.

She was already dressed like this, so how could she still be recognized so quickly?

Jiang Hai walked over, grabbed Jiang Yu’s arm, and was about to bring her up on stage.

Jiang Yu struggled and even dropped her sunglasses.

She asked, “What are you doing?”

Jiang Hai said, “Today is your sister’s birthday party. Aren’t you going to say something?”

Jiang Yu gritted her teeth and said, “Say what? Didn’t we agree not to mention me to anyone?”

Jiang Hai’s face was a little embarrassed, but he still said, “You child, what nonsense are you talking about? You are the daughter of the Jiang family. How can I not mention you to others?”

Jiang Yu’s original plan was disrupted at this time, and she was very angry. But she could not show it, because it would only damage her image. It might affect her future business of looking for investors.

So she first went along with Jiang Hai’s intention, after she went on stage, she said, “Hello, everyone, I am Jiang Yu, also the boss of ‘Ge Li’ lipstick company. Today is Miss Jiang Ran’s birthday party. It’s my honor to be able to attend. At the same time, I also welcome everyone to come and work with me. After all, everyone should know about the current market of ‘Ge Li’. So, working with me will definitely not be a loss.”

When she said “Miss Jiang Ran”, everyone vaguely felt that something was wrong. Moreover, Jiang Yu was introducing her company and did not mention the main character of the day, Jiang Ran. Even a fool would know what was going on.

However, they were indeed moved by what Jiang Yu said.

As a dark horse in the market this year, although “Ge Li” did not have any impressive results yet, its future was limitless.

**Chapter 666: Stole The Limelight**

Moreover, the boss of this company was Jiang Yu. She was the youngest Movie Queen and the youngest boss in the business world. She also had the support of Mo Long. Therefore, if they worked with Jiang Yu, it would definitely be a win-win situation.

This was a great thing. The people under her were starting to get restless and wanted to get a share of Jiang Yu's profits.

Even if they couldn't get the meat, they still wanted to get some benefits.

And Jiang Ran was standing behind Jiang Yu in her gown. She was so angry that her teeth were itching.

Today was obviously her own birthday party! How could Jiang Yu steal the limelight!

The more Jiang Ran thought about it, the angrier she got. So, she went to look for her fiancé, Sun You.

After all, it was his fiancé's birthday party. As her fiancé, Sun You had to be present.

He was originally sitting on the sofa drinking, but when he saw Jiang Yu, his eyes instantly lit up.

Jiang Ran walked over and saw Sun You looking straight at Jiang Yu. She became even angrier.

She stood in front of Sun You and said in an unfriendly tone, "Why are you looking at Jiang Yu? I'm the female lead of today's birthday party, okay? I'm your fiancée!"

Sun You retracted his gaze and smiled as he pulled Jiang Ran into his embrace. "Why are you angry? I'm not looking at Jiang Yu. I'm just considering whether to cooperate with her or not."

Because Jiang Yu and her company were indeed a very fragrant piece of meat right now, and everyone was fighting over it.

Jiang Ran, however, was not willing to cooperate with Sun You and Jiang Yu. She said, "I won't allow you to cooperate with her."

Sun You was puzzled. 'Why?'

Jiang Ran said, "Is there no other cosmetics company in this world? Why do you have to work with Jiang Yu? There are so many companies that are bigger than her. Why don't you work with them? Why do you have to work with Jiang Yu?"

Sun you simply could not understand Jiang Ran's brain. This was obviously a good opportunity to make money. Why was she so narrow-minded?

She was really not magnanimous at all.

However, he didn't want to quarrel with Jiang Ran over these things now, so he could only go along with her idea and said, "Then I'll think about it again."

Jiang Ran said, "Don't think about it! I won't allow you to work with Jiang Yu!"

Sun You's expression sank and he said, "Don't be unreasonable."

Jiang Ran was startled by his expression and stammered, "W-why are you so fierce?"

Sun You was about to speak when he saw Jiang Yu walking over with two glasses of red wine.

She stood in front of the two of them and placed one of the glasses of red wine in front of Jiang Ran, she smiled and said, "So my good sister is here. It was really easy to find her. Today is your birthday. I came here in a hurry and didn't prepare any decent gifts. Why don't I toast my sister with a glass of wine? That's all I've thought about. I also wish the two of you an early marriage."

Jiang Yu didn't give Jiang Ran a chance to speak as she raised her head and drank the entire glass of red wine.

Jiang Ran didn't want to drink the wine that Jiang Yu brought over, but everyone present was looking at her. If she didn't drink it, it would be a disgrace to the Jiang family. It would also cause the Jiang family to be gossiped about.

Therefore, Jiang Ran pretended to be very happy. She picked up the glass of wine and said, "Thank you, sister."

She raised her head and drank the wine in one gulp. She even smiled at Jiang Yu.

Jiang Yu also smiled and said, "My blessing has arrived. Now, everyone can go and do what you want to do."

Jiang Ran was so angry that her eyes were red.

This was clearly her birthday party! In the end, this Jiang Yu acted as if she was the female lead of today's birthday party!

And everyone present wanted to discuss a collaboration with Jiang Yu, so their thoughts were naturally on Jiang Yu.

No matter how Jiang Hai and Jiang Ran toasted him, they just casually said a few words to brush him off. Their eyes were fixed on Jiang Yu, who was drinking alone.

Xia Fan stood beside Jiang Yu and drank fruit juice with her.

He asked in a low voice, "Director Jiang, are we just going to wait?"

Jiang Yu said, "Wait slowly. Someone will come."

As expected, someone did come looking for them.

But this person was Jiang Ran's fiancé, Sun You.

Sun You held a glass of red wine and said to Jiang Yu with a smile, "Miss Jiang Yu, how are you?"

Jiang Yu looked at him and smiled. "Director Sun, are you here to get close to me?"

Sun You almost choked on his own saliva. He said, "Miss Jiang Yu... Director Jiang, what do you mean?"

Jiang Yu was still smiling and said, "I mean it literally."

Sun You smiled awkwardly and said, "Director Jiang really likes to joke."

However, Jiang Yu said, "I'm not joking."

Sun You's smile suddenly froze.

## Chapter 667: New Investor

Jiang Yu continued, "President Sun, I advise you to go back. Your fiancée is looking at me like she wants to eat me alive."

Sun You turned around and saw Jiang Ran looking at him with a murderous look.

Sun You frowned and turned around, "President Jiang, we don't need to care about her. I came to you mainly because I want to talk about the cooperation with you."

"Invest?" Jiang Yu raised her eyebrows and said, "President Sun, aren't you afraid that your fiancée will be angry?"

Sun You sneered and said, "She's a woman. What does she know?"

Jiang Yu blinked and looked at him, saying, "President Sun, I'm also a woman."

Sun You knew that he had misspoken, so he anxiously tried to explain, "No, I didn't mean that. President Jiang is indeed a woman, but you're different to her..."

Jiang Yu couldn't stand it anymore, so she interrupted him, "President Sun, there's no need to talk more. Since you have the time, you'd better go and coax your fiancée. Don't waste your time on me, because I don't intend to cooperate with you."

Sun You paused and asked in puzzlement, "Why?"

Jiang Yu was a little annoyed and said, "There's no why."

Sun You said, "Do you know how much money I want to invest? Why did you say so quickly that you don't plan to cooperate with me?"

Jiang Yu said, "President Sun, I don't want to have an argument with your fiancée because it will only waste my time."

Was it because of Jiang Ran again?

Sun You had a headache.

He was about to say something when he heard Jiang Yu say, "Hello, President Chen."

Sun You turned around and saw that it was Chen Bai.

A big shot in the cosmetics industry — Chen Bai!

Could it be that he was also planning to work with Jiang Yu?

Sun You did not want to give such a good opportunity to others. However, on one hand, Jiang Yu was unwilling to work with him. On the other hand, Chen Bai was a big shot in the cosmetics industry and had more experience than him.

Therefore, from the looks of it, Jiang Yu would definitely choose Chen Bai.

It was all because of Jiang Ran. Otherwise, Jiang Yu might have cooperated with him! Moreover, after the incident with the fake jewelry, she still wanted him to help them fill the hole with his own money. She really likes to dream.

Sun You thought angrily, but he could not vent his anger on Jiang Ran.

Because Jiang Ran would be of great use to him in the future.

At the moment, he could only give up this good opportunity to earn money.

And when Jiang Yu arrived here, she had already noticed Chen Bai.

Everyone present knew Chen Bai's identity. Although they were also surprised that he would stoop down to attend the birthday party of the Jiang family's daughter, he was already here. No matter how much they guessed, they were just wild guesses.

At this moment, Chen Bai was interested in Jiang Yu's side. Jiang Yu naturally had to seize this opportunity.

"Nice to meet you, President Chen," Jiang Yu said with a smile.

Chen Bai smiled and nodded. "Nice to meet you, President Jiang."

Jiang Yu asked, "Why is President Chen attending the birthday party today?"

Chen Bai smiled and said, "Of course, it's because President Jiang is coming. That's why I'm here."

Jiang Yu smiled and said, "Then it seems that President Chen already has the intention to work with me from the beginning?"

Chen Bai raised his eyebrows and looked at Jiang Yu. "That's true."

Being able to work with Chen Bai was an opportunity that many businessmen dreamed of. After all, he was one of the top tycoons in the business world besides Mo long.

It would be a lie to say that anyone was unwilling to work with him.

Jiang Yu was no exception. Of course, she wanted to work with Chen Bai.

She smiled and said, "Then, President Chen, talk to me."

"Huh?" Chen Bai didn't expect Jiang Yu to be so direct. He couldn't help but laugh and said, "I thought President Jiang would exchange a few pleasantries with me before discussing the matter of cooperation."

Jiang Yu smiled and said, "We are all businessmen. Time is money. If we delay for even a second, we might lose hundreds of thousands of dollars. President Chen probably doesn't want to have such a meaningless loss, right?"

Chen Bai was stunned for a moment, but then he smiled brightly and said, "As expected of President Jiang. You are indeed straightforward. Alright! Let's talk about the cooperation now."

Jiang Yu stretched out her hand and made a "please" gesture, saying, "President Chen, this way please."

Chen Bai and Jiang Yu went out together, and the people present immediately lost their interest.

One was a business tycoon, and the other was a dark horse in the market. Regardless of whether they cooperated with either of these two people, they could get unprecedented benefits.

But now that the two of them were working together, wasn't this a strong alliance? How would these small businessmen survive?

But no matter how unwilling they were, Sun You was the one who was the most unwilling.

If it wasn't for Jiang Ran, he would have had the opportunity to work with Jiang Yu.

### **Chapter 668: Strong Alliance**

Jiang Yu and Chen Bai left the Jiang family and went to the nearest western restaurant.

Jiang Yu made a "please" gesture and said, "President Chen, please take a seat."

Chen Bai also sat down unceremoniously and said, "Although President Jiang is a young boss who has just entered the business circle, your every move makes people feel that you have been in business for many years."

Jiang Yu also sat down and said with a smile, "I'll take that as a compliment from President Chen."

She called for the waiter, took the menu and handed it to Chen Bai. "President Chen, what do you want to eat? I'll pay today."

"President Jiang is indeed generous." Chen Bai couldn't help but give Jiang Yu a thumbs up.

He simply ordered a filet mignon steak and a bottle of manor red wine. Then, he returned the menu to Jiang Yu and said, "President Jiang, come."

Jiang Yu ordered a black pepper steak and another for Xia Fan. Then she ordered two cups of fruit tea.

While waiting for the dishes to be served, Chen Bai said, "Boss Jiang, I trust you very much. To put it bluntly, I have taken a liking to your ability in business. Although there are many businessmen who are more capable than you, it is rare for a young and promising businesswoman like you to be able to run a company that is on the verge of bankruptcy in just half a month and become a 'dark horse' in the new market."

Jiang Yu said humbly, "President Chen, you flatter me."

Chen Bai waved his hand, he said, "President Jiang, don't be modest. I'm telling the truth. Others say that I'm a tycoon in the business world, but it took me nearly 20 years to achieve the results I have today. And when I was your age, I was still studying management in school. I hadn't even gone out of school to practice it myself."

Jiang Yu said, "People live to constantly challenge themselves. Only when the final result is out can we know what suits them and what doesn't suit them."

Chen Bai smiled and asked her, "I really like your thoughts. But aren't you afraid that you'll lose money in the end?"

.....

Jiang Yu also smiled and replied, "If I don't do it because I'm afraid that I can't do it well, then I'll never be able to do it well."

Chen Bai's smile froze as he said, "What President Jiang said does make sense."

Jiang Yu said, "People can't always do things within their capabilities. Otherwise, how can they improve?"

Chen Bai paused. He felt that his decision to invest in Jiang Yu was the best decision he had made so far.

He said, "Director Jiang, let's talk about investment. I believe in your ability, so I'm willing to double the amount of investment I made in the beginning."

Jiang Yu didn't know how much Chen Bai planned to invest in the beginning, so she asked tentatively, "Then how much did director Chen Plan to invest in the beginning?"

Chen Bai stretched out a hand and said, "50 million."

50 million? Then double that again would be... 100 million!

Xia Fan was so shocked that he couldn't make a sound. Jiang Yu was also so shocked that she couldn't believe it.

Although Chen Bai was willing to believe that it was a good thing, 100 million was too much, right?

Even if he was a tycoon in the business world, he wouldn't invest so much money when a young boss' company was just starting out, right?

Although Jiang Yu couldn't figure out Chen Bai's thoughts, she wasn't stupid enough to tell him not to invest so much money in a company that was just starting out.

She stood up and bowed to Chen Bai, saying, "Thank you, President Chen, for believing in me."

Chen Bai also stood up and bowed to Jiang Yu in return, saying, "President Jiang, please don't let me down."

Jiang Yu said resolutely, "President Chen, just trust me. I won't let you down."

Chen Bai smiled. "Okay. Then I'll wait for the good news from President Jiang."

At that moment, the waiter served the steak and said, "I wish you all a pleasant meal."

After the meal, Chen Bai said a few more words to Jiang Yu before he got into the company's exclusive car and went back.

Meanwhile, Xia Fan was still immersed in the 100 million dollar figure. He was so shocked that he could not come back to his senses for a long time.

He did not know what the meal just now tasted like.

Jiang Yu looked at the back of the black car. Just as she was about to call Xia Fan to go back with her, she received a call from Jiang Hai.

She had just made a deal with Chen Bai and was in a good mood, so she picked up the call.

“What’s the matter?”

Jiang Hai shouted angrily on the other side of the phone, “Jiang Yu! Jiang Ran is your sister! How could you do this to her?!”

Jiang Yu was stunned.

### **Chapter 669: Allergic**

Jiang Yu told Xia Fan to go back and prepare the contract while she hurried back to the Jiang family home.

As soon as she entered, everyone’s eyes fell on her.

Although Jiang Yu didn’t know why they were looking at her, she honestly felt that she hadn’t done anything wrong and wasn’t afraid of others looking at her.

She had only taken a few steps when Wei Juan pounced on Jiang Yu like crazy and raised her hand to hit her.

Fortunately, she was stopped by the people nearby and Jiang Yu was able to avoid Wei Juan’s slap.

She frowned and did not know why Wei Juan suddenly went crazy. “What are you doing?”

Wei Juan’s hair was disheveled as she shouted, “You still have the nerve to ask me what I’m doing?! Go and check on Ran Ran yourself! She’s your sister! How can you bear to do this?!”

Jiang Yu was even more baffled by what she heard.

What happened to Jiang Ran?

She walked over and saw Jiang Ran lying on the ground. She was breathing rapidly and her face was covered in rashes.

Jiang Yu could tell at a glance that Jiang Ran was suffering from a severe allergic reaction.

But it was really strange. Jiang Ran was allergic. What did it have to do with her?

Jiang Hai was supporting Jiang Ran from the side. As soon as he saw Jiang Yu, he shouted, “You still have the nerve to come back?! Look at your sister, she’s in this state because of you!”

.....

Many questions arose in Jiang Yu’s heart.

However, a person’s life was at stake. No matter how much she looked down on Jiang Ran, she had never thought of letting her die.

She had originally planned to come here today to discuss investment, so she did not bring out the silver needles used for acupuncture. There was no way to save Jiang Ran.

Therefore, she said, "If there's anything, let's put it aside for now. This is a serious allergic reaction. If she doesn't go to the hospital, she will die."

Hearing this, Wei Juan struggled free from the person who grabbed her arm and rushed over to hug Jiang Ran. She cried and shouted, "Ran Ran! My daughter!"

Seeing that none of them had called an ambulance, Jiang Yu had no choice but to take out her phone and call an ambulance.

Wei Juan glared at Jiang Yu and said, "Did you call Mo Long so that he could come and support you?!"

Jiang Yu sometimes really wanted to see what was in Wei Juan's mind.

She said helplessly, "Shouldn't we call an ambulance first at this time? Why are you still questioning whether I'm calling someone else? Do you want your daughter to live or not?"

Only then did Wei Juan start to look for her cell phone, wanting to call an ambulance.

Jiang Yu said, "I've already called an ambulance. When you remember, I think Jiang Ran won't be able to hold on for a long time."

Wei Juan didn't believe that Jiang Yu would be so kind. "Don't curse Ran Ran here! Ran Ran just told me that the glass of red wine you gave her contained something that made her allergic!"

"Huh?" Jiang Yu felt that Wei Juan's words were very funny. She asked, "Do you know what Jiang Ran is allergic to?"

Wei Juan said, "Mangoes! Ran Ran is allergic to mangoes!"

Jiang Yu asked again, "Then tell me, how do I put mangoes in the glass of red wine I gave her?"

Wei Juan was stumped by the question.

But she quickly thought of a reason and said, "What if you put mangoes in the glass of red wine?"

Jiang Yu felt that Wei Juan's words were getting more and more unreasonable.

She said, "When I took the glass of red wine, everyone saw it. Everyone knows whether I put mangoes in it or not."

Wei Juan was about to say something when the siren of an ambulance sounded at the door.

Someone helped Jiang Ran into the ambulance, while Wei Juan followed Jiang Ran to the hospital.

Jiang Hai also wanted to go with her, but he still needed to stay behind to deal with this mess.

He looked at Jiang Yu and asked, "Xiao Yu, did you do this or not?"

Jiang Yu couldn't help but laugh when she heard Jiang Hai's question.

She said, "If I say no, you won't believe me. But what if I say yes? Aren't you all thinking that I caused Jiang Ran to become like this? If I say no, it's just an excuse in your eyes, right?"

Jiang Hai's face darkened and he said, "If it's really you, come with me to the hospital later to apologize to your sister!"

Jiang Yu asked him back, "Why? I didn't do this, why should I apologize?"

Jiang Hai was a little angry, he said, "Throughout the entire banquet, only you handed a glass of wine to Ran Ran! Other than that, she had never eaten or drunk anything else! Moreover, she just said that the glass of wine you gave her tasted like mango!"

### **Chapter 670: Cut Ties**

Jiang Yu finally understood.

Jiang Ran had secretly eaten the mango in the corner while no one was paying attention to her, and then pushed the blame onto her.

But no one would believe her even if she told them.

How could anyone risk their own lives to frame someone else?

But if she didn't do it, then she didn't do it. Jiang Yu would never admit to it.

She said, "She said it tasted like mangoes, so why did she drink it? Besides, I didn't know Jiang Ran was allergic to mangoes. How could she be like this? Haven't you all thought about it?"

Jiang Hai didn't believe that Jiang Yu didn't know that Jiang Ran was allergic to mangoes. He said, "She is your sister. How could you not know that she is allergic to mangoes?"

Every word that Jiang Hai said was certain that Jiang Yu had harmed Jiang Ran.

This made Jiang Yu's heart grow colder and colder.

She looked into Jiang Hai's eyes, she said word by word, "She is the little princess that your Jiang family raised. I am not. You know what she likes, but you don't know what I like. You pretend to dote on me in front of outsiders, but in private, you are not even willing to give me a gentle look."

"When the Jiang family had nothing to do, they wanted to kick me aside and even wanted to use two million yuan to marry me off to an old man who was over 50 years old. But what about when the Jiang family got into trouble because of the fake jewelry? They begged me humbly, begging me to help you solve this difficult problem. "What am I in your eyes?"

When these words came out, everyone present was shocked.

"Is what Jiang Yu said true? So this is how Jiang Hai usually treats Jiang Yu?"

"It can't be, right? He even treats Jiang Ran as a little princess? No matter how you look at it, Jiang Yu is better than Jiang Ran, right?"

"So it was Jiang Yu who solved the problem of the fake jewelry in the Jiang Family?"

"I knew it. How could the Jiang family afford 45 million when such a thing happened?"

When Jiang Hai heard this, the expression on his face immediately turned into panic.

Only then did Jiang Yu realize that they had lied to her from the very beginning.

Although she had obtained the shares of the Jiang jewelry, she had indeed been used.

She smiled bitterly, and tears involuntarily welled up in her eyes as she said, "So it wasn't 60 million? I was wondering how you guys could still have the money to hold Jiang Ran's birthday party. So that's why?"

Jiang Hai was flustered and wanted to explain. "It's not like that. Xiao Yu, listen to daddy's explanation..."

"Don't explain." Jiang Yu quickly wiped away her tears and said, "Jiang Hai, you are no longer my father."

Jiang Hai was stunned and asked in disbelief, "What?"

Jiang Yu said, "Do you still think you are worthy of being a father now? It's fine if you are biased towards one daughter and ignore the other daughter. Now that something has happened to the daughter that you are biased towards, you are certain that it was the other daughter who harmed her without even asking the truth. Ask yourself, can you bear for me to call you 'father'?"

Jiang Hai was completely flustered this time.

Originally, Jiang Ran said that it was Jiang Yu who caused her to be allergic. At that time, he was so angry that he did not think carefully about the cause and effect of this matter. Therefore, after Jiang Yu returned, he had angrily asked her to apologize to Jiang Ran.

He had thought that Jiang Yu would be the same as before. After being wronged for a while, she would swallow the insult and apologize to Jiang Ran.

In the end, not only did she refuse to apologize to Jiang Ran, she even said something like, "You are no longer my father."

Jiang Hai was unwilling to lose a daughter like Jiang Yu, he softened his tone and said, "Xiao Yu, this is all in the past. Why are you still bringing it up? Don't be angry. This is something that father did without thinking. How about this? I'll go to the hospital and ask your sister in detail. I won't frame you, okay?"

Jiang Yu looked at him, she sneered and said, "Won't frame me? Then what are you doing now? Are you going to ask Jiang Ran what you can hear from her mouth? She wants me to disappear from this world from now on. What do you think she will say to you?"

Jiang Hai was speechless by Jiang Yu's words.

The other people present also believed Jiang Ran's words and thought that Jiang Yu had harmed her.

But judging from what Jiang Yu had just said and Jiang Hai's reaction, the truth did not seem to be that simple.

One side must be lying.

But who was the one who was lying?

Most people were on Jiang Yu's side.
