

Older Man 71

Chapter 71: Brother In Law

Jiang Yu frowned as if she was looking at a retard. "Are you done? If you're done, please move aside!"

Jiang Yu was not afraid of the other party's threat at all.

However, just as Jiang Yu was about to leave, Li Lu suddenly reached out and pushed Jiang Yu.

Jiang Yu did not expect Li Lu to actually make a move, and she immediately crashed into the wall.

Jiang Yu was furious and immediately took a step forward, slapping Li Lu on the face.

"Pa!"

Li Lu was immediately stunned.

This was the first time in her life that someone had dared to hit her.

Li Lu's blood immediately surged out, and she was about to make a move on Jiang Yu.

But at this moment, the man's voice suddenly sounded, "Stop!"

Li Lu turned her head and saw who it was. Her eyes immediately lit up, and she took a step forward, "Brother-in-law, you came at the right time. This person is bullying me. Quickly get your men to beat her out!"

The person who came was Mo Long, who was pushed out by Teng Yi.

Mo Long frowned and looked at Jiang Yu. "Are you alright?"

Li Lu thought Mo Long was concerned about her and immediately complained, "Brother-in-law, she just slapped me. It hurts! This woman is so shameless. She was cheating with another man and even stole my good friend's song spot."

Jiang Yu was shocked by the current situation.

What brother-in-law?

"Don't call me that. I'm not your brother-in-law!" Mo Long coldly glanced at Li Lu and immediately walked towards Jiang Yu.

"Although you're not yet, brother-in-law, you and my sister will be engaged sooner or later." Li Lu quickly caught up.

However, she saw Mo Long looking at Jiang Yu with concern, "Are you okay? Are you hurt?"

Jiang Yu didn't answer him directly. "So, that's the sister of the movie Queen?"

Mo Long nodded. "You're my girlfriend, the only one."

Li Lu was completely stunned.

Kang Xue pointed at Mo Long in surprise. "So, that old and ugly..."

Who was it that spread rumors at school that Jiang Yu had found an old and ugly man.

Li Lu also looked at Mo Long in disbelief. "Brother-in-law, what did you say? Who did you say was your girlfriend?"

If Mo Long hadn't suddenly injured his leg, the Mo family and the Li family would have planned a marriage alliance.

Why did Mo Long suddenly have another girlfriend.

"You actually betrayed my sister. What's so good about this woman? You can't be with her!" Li Lu felt that her worldview had been trampled on.

"My sister is still waiting for you to get better. When she gets the third award for best actress, she will be engaged to you!"

Mo Long frowned and turned his head to look at Li Lu who had lost control. "I didn't hit you on account of our family's relationship but that doesn't mean that you can talk nonsense here!"

"Your sister and I have never been in a relationship. Besides, Jiang Yu is the person I'm going to marry in the future. You should apologize to her right now. Otherwise, I would like to ask Mr. Li how he disciplines his daughter. Why is she spreading rumors here."

Li Lu froze and said sadly, "Brother Mo, you never scolded me before."

She did not expect Mo Long to be so cold to her because of a random woman.

It was a waste that she had always treated her as her brother-in-law.

"Apologize!" Mo Long said.

Li Lu gritted her teeth and refused to apologize no matter what. "I'm not wrong. My sister said that when she gets her third best actress award, she will be willing to get engaged to you. Jiang Yu is the third wheeler!"

Jiang Yu really couldn't stand it anymore. "I don't know your sister, but your sister really said that she would only get engaged after she gets her third best actress award. Then I guess she made up an excuse because her Mo Long's leg was injured. If she really loved him that much, she would have gotten engaged a year ago, wouldn't she? Why would she wait till she got her third best actress award? Would getting engaged delay getting her a best actress award?"

Li Lu was at a loss for words. Suddenly, her eyes twinkled for a moment.

Chapter 72: 072 couldn't hold it in any longer

Couldn't Resist Anymore

Originally, the two families did have the intention of forming a marriage alliance.

At the start, her sister also nodded her head and agreed.

However, she didn't expect that Mo Long would suddenly get injured, and her sister was also determined to wait until she got the third best actress trophy before she was willing to get engaged.

She said that loved her career wholeheartedly.

However...

Li Lu felt a little guilty. In the past few years, her sister had indeed met Mo Long only a few times, and she didn't take the initiative to ask about Mo Long's situation.

"You're talking nonsense. My sister really loves Mo Long. They've been childhood sweethearts and they're a perfect match!"

Li Lu said with a stiff neck.

Jiang Yu rolled her eyes. "If it were me, I wouldn't refuse to be with the person I love because of any excuses. When your sister chose her career in the past few years while Mo Long was injured, she already gave up on him, didn't she?"

Li Lu looked frustrated and bit her lip stubbornly.

Kang Xue pulled Li Lu when she heard this. "Lulu, your brother-in-law's soul has been seduced by another woman. It's useless for you to say anything more!"

Li Lu stomped her feet sadly and turned around to run away.

She wanted to ask her sister about it.

Was what Jiang Yu said true?

After all, the marriage between the Li family and the Mo family had long been a tacit agreement in the circle.

Li Yue had also announced that she would marry the person she loved after she won three awards for Best Actress.

This was something that had been announced on Weibo.

Everyone knew that Li Yue's behind-the-scenes boyfriend was Mo Long.

Kang Xue also chased after her.

...

In the dining room.

Jiang Yu and Mo Long entered the private room to eat but the atmosphere was a little strange.

Jiang Yu kept sizing Mo Long up and even shook her head.

Mo Long was not used to her gaze and could not help but ask, "What's wrong?"

"Sigh, beauty is a disaster!" Jiang Yu said, "With your face and figure, every woman would want to pounce on you. That movie queen must be blind to not be in a hurry to get engaged to you!"

Mo Long sighed, "That's because my leg is injured. Any woman with a good family background has to think about it. After all, marrying a cripple does not give you a good reputation."

"It can't be." Jiang Yu shook her head. "As long as two people are in love, they will choose to stay together no matter what difficulties they encounter."

Mo Long's eyes lit up. "So, you will choose to stay with me until the end of your Life?"

Jiang Yu: "..."

"No one wants me anymore. You have to be responsible for me. I'm sticking onto you," Mo Long said deliberately and seriously.

Jiang Yu was amused by his words. "Don't make it sound so pitiful."

She almost believed him. "In a few years, your leg will be fine. When that time comes, you will have a better choice. Are you really willing to follow me for the rest of your life? When that time comes, not to mention the best actress, I'm afraid that all kinds of celebrities would want to marry you right away."

"But when I'm in trouble, it's you who won't leave me, isn't it?" Mo Long suddenly pulled Jiang Yu's hands with burning eyes.

Under the light, that pair of black eyes were filled with surging emotions.

Jiang Yu felt a little unnatural under those eyes, and her face instantly turned red.

When a man talks sweet words, he really has a way.

No, I have to be clear-headed.

However, Jiang Yu didn't know that at this moment, her eyes were flowing with tears. Coupled with her emotional face, she didn't know how seductive it was.

"I'm sorry!" Mo Long suddenly said and leaned over. "I can't help it anymore."

Then, Jiang Yu felt her lips soften and Mo Long's kiss fell on her lips.

He took her hand and put his other hand on her waist, pushing her towards him.

Soon, Jiang Yu was completely wrapped in his arms.

Jiang Yu's helpless voice came from the room, "Oh!"

Jiang Yu's mind was a little muddled when Mo Long let her go.

Jiang Yu asked, "Why did you..."

Mo Long saw her like this and immediately explained, "We're a couple. You shouldn't object, right?"

Jiang Yu: "..."

"Besides, your body is very honest. I'm very satisfied," Mo Long smiled again.

Chapter 73: Vote Again

"Mr. Mo!" Jiang Yu said helplessly, "By the way, how many more of these rotten romances do you have? Is this just the tip of the iceberg?"

Mo Long looked at her. "You should know that I don't have any women by my side!"

He looked like he was very well-behaved, but the hand that he was holding on to her waist was not well-behaved.

Jiang Yu turned her body slightly and withdrew from his embrace. She sat opposite him. "When I met you, you had been recovering from your illness and didn't have many women by your side. But what about before that? Before you were injured, you must have had many confidants, right?"

With Mo Long's status and his bearing, if it weren't for the fact that he had been hiding in a small place to recover from his illness for the past few years, he would definitely have had a lot of women.

Mo Long spread his hands and said innocently, "Trust me. Even before this, even though there were many people trying to get close to me, I still had my assistant block the way."

Jiang Yu looked at his serious expression and immediately laughed. "You have to do well in the future. I have to examine you carefully."

"How else do I need to perform? You will definitely be mine," Mo Long said firmly. "My future wife."

"I didn't say I would marry you," Jiang Yu said shamelessly. There was a three year time limit agreed before.

She would only consider marrying him after she had graduated from university.

Mo Long's eyes darkened when he heard that. "But your heart has always been on me." It was as if Jiang Yu could not escape no matter how hard she tried.

Jiang Yu: "..."

Why was this man so confident?

After dinner, Mo Long sent Jiang Yu back to school.

Jiang Yu had just walked to the dormitory when she saw Kang Xue standing in the hall with her arms crossed, waiting for her.

When Kang Xue saw that Jiang Yu had returned, she was a little surprised.

She looked at her watch and immediately sneered, "I thought you weren't coming back at night? Why? Are you being despised?"

Jiang Yu said indifferently, "What does my matter have to do with you? Why do you care when I come back?"

Kang Xue said angrily, "You're snatching Li Lu's brother-in-law, yet you're still so righteous."

Jiang Yu rolled his eyes. "I can say that your brother is my brother-in-law. Is he though?"

Kang Xue: "..."

Jiang Yu ignored Kang Xue and went straight to her room.

In another room with Li Lu's name written on it, the lights were still on.

Obviously, this performing course student had finally returned to school.

Jiang Yu only glanced at the corner of her eyes before entering her room and closing the door.

Outside, Kang Xue's voice sounded. "Don't be smug. I've already asked the people from the public welfare department to revote on this composing competition. Don't think that you can win against me just because you have a man. You can't win against the bright eyes of the public."

Jiang Yu lay on the bed.

Only then did she realize that it was professor Bai who had sent her a message on wechat.

It indicated that the public welfare department had been requested to revote, saying that someone was questioning the results.

However, professor Bai said, "However, I believe that even if we revote, it won't affect the results."

Jiang Yu's song was the most suitable.

...

In another room.

Li Lu had already called her sister Li Yue several times.

But no one picked up.

It was not until a long time later that a call came back.

"What's so urgent?" Li Yue said impatiently, "Don't you know I'm in a rush to shoot. This movie is very important and I'm aiming for the best actress award! Don't call me for trivial matters."

Li Lu couldn't care less about her sister's bad tone and quickly said, "Sister, you only know how to film. Your fiancé is about to be snatched away."

"What's wrong with Mr. Mo? I just had dinner with him recently and he's still fine." Li Yue couldn't believe it.

All along, Mr. Mo Long had no interest in other girls. The only one he was slightly better towards was Li Yue, whom he grew up with.

That was why she firmly believed that even if she did not interact much with Mo Long during the few years she was filming, the only suitable candidate for Mo Long to get married was her, Li Yue.

Chapter 74: The Person Most Concerned About The Illness

That year, when Mo Long's leg was injured, she decided to continue filming and not get engaged to him.

She knew that the Mo family had already regarded her as their future daughter-in-law.

That was why she was planning to wait for Mo Long's leg to recover before getting engaged. That way, she would have some face.

“Sis, tell me, did you get into an argument with Mr. Mo Long and that was why he deliberately found a random woman to anger you? That Jiang Yu didn’t have any background at all. I was shocked at that time.”

Li Yue raised her eyebrows. “You’re saying that he’s with someone who has no background?”

“She came from a small place. She grew up in an orphanage. She can’t even compare to the young ladies of the other families much less compare with you.”

“Alright, I got it. I don’t want to get married now. Even if Mr. Mo finds eight or ten women, it’s useless.”

Li Lu was stunned. “Sister, is it that you really dislike Mr. Mo’s legs?”

She paused for a moment before saying, “Women have to have their own careers. Getting three best actress awards is my best dowry. You have to work hard too. We have a family background to begin with. Men are just icing on the cake for us, not everything.”

Li Yue said it in a well-reasoned manner and Li Lu was immediately impressed. “I understand. What about this Jiang Yu? Did she really seduce Mr. Mo?”

“Don’t worry. Mr. Mo won’t really take a fancy to such a woman. Moreover, even if he really has some intentions, the Mo family will not agree to it. Do you understand?”

Li Lu nodded. Indeed, what kind of family was the Mo Family? How could someone from a small place be able to dream about it.

Even in a bustling city like Hu city, there wasn’t even a woman who was worthy of Mr. Mo.

Unless it was one of the wealthy families in the capital.

And the Li family’s main family was also in capital.

They could be considered a big family, and they were also a worthy match for the Mo family.

This marriage definitely wouldn’t go wrong.

On the other side, Li Yue asked again, “Oh right, when I left, Mr. Mo’s illness flared up. How is he now?”

“Sister, you’re still so concerned about him even now. Mr. Mo has deliberately used another woman to anger you.”

“Li Lu, don’t ruin the peace for an outsider. He’s your future brother-in-law!” Li Yue disagreed. “I’ve helped arrange for overseas doctors to go over. Recently, there has been a new breakthrough in medical treatment. Perhaps it can cure his illness.”

Li Lu said, “Alright, I’ll help take a look at brother-in-law’s situation then. You just focus on filming.”

“Alright, I still need to film for a few more months before filming is completed. I’ll leave the family matters to you. If Mr. Mo’s illness improves, remember to inform me immediately.”

Li Lu nodded. “I understand.”

Her sister was really too kind. She was the one who was most concerned about Mr. Mo’s illness.

Ever since Mr. Mo fell ill, Li Yue had helped to find a few doctors.

Every time she was disappointed, Li Yue would quietly continue filming and find a better doctor.

She was obviously so busy, yet she was so considerate.

Mr. Mo Long and Li Yue were childhood sweethearts. They were a perfect match.

Moreover, Li Yue had always taught Li Lu that she had to rely on herself in everything. Hence, Li Lu had always relied on her own strength to get the supporting role. She had never used her sister's backdoor.

Her sister was really kind and upright, and she was also so hardworking.

At the same time, Jiang Yao's engagement party was coming to an end and Jiang Ran had been sticking with Sun You the entire time.

She had always been finding opportunities to chat with Sun You.

There were other socialite ladies at the side, and their gazes fell on Sun You but Jiang Ran was extremely anxious in her heart.

Obviously, Sun You was the most dazzling existence in the entire venue.

If such an outstanding and good man could be her boyfriend...

Jiang Ran's mind raced.

When she saw a young lady from a prestigious family walking towards Sun You, Jiang Ran suddenly pretended to fall.

Chapter 75: Prey Had Taken The Bait

"Aiya!"

Sun You, who happened to be in front of Jiang Ran, saw that Jiang Ran had twisted her ankle and subconsciously reached out to hold Jiang Ran's waist. "Miss Jiang Ran, are you alright?"

Sun You's eyes flashed. He immediately realized that Jiang Ran had faked a fall to get close to him on purpose.

However, he still smiled and held Jiang Ran's waist tightly.

Jiang Ran also seized the opportunity to hold onto the other party's arm tightly.

On the other side, a few socialites who were eyeing him covetously, saw that the two of them were already close to each other and immediately walked away angrily.

Wei Juan and Jiang Hai also saw this situation.

The two of them looked at each other.

Neither of them went over to disturb the two of them.

Wei Juan said in a low voice, "Master, I see that Sun You has a good appearance and is a good match for our Ran Ran."

Jiang Hai frowned. "We have just arrived in Hu City, so we don't know much about the people here. It's better for us to ask around. Go quickly and bring Ran Ran here first."

It was inappropriate to lean against each other in public.

Wei Juan thought for a moment and smiled. "That's true. Our Ran Ran should be more reserved. Otherwise, how can she marry into a good family in the future? I'll go and bring her back now."

Wei Juan was very satisfied with Sun You.

However, Jiang Hai was right. He still had to find out about Sun You's family background.

If he was from a really good family, she would let Jiang Ran contact Sun You again.

"Miss Jiang Ran, why don't I send you to the hospital?" Sun You put his arm around Jiang Ran's waist and said nicely.

Jiang Ran nodded. "That's good too. It hurts so much. I can't walk anymore. I can only ask you to help me."

"It's okay."

At this moment, Wei Juan walked over and took Jiang Ran. "Let me do it. I'll take Ran Ran to the hospital! Young Master Sun, thank you so much for today."

Sun You retracted his hand and said in a gentlemanly manner, "That's what I should do."

Wei Juan became more and more satisfied with Sun You.

She planned to investigate Sun You's background thoroughly tomorrow.

Sun You watched Wei Juan and Jiang Ran leave, and he quickly left as well.

After getting into the car, the smile on Sun You's face was replaced by a sly smile, and his expression became unclear.

It seemed that Jiang Ran, the prey, had taken the bait.

At this moment, Sun Miao called. "Brother, have you seen the sisters? How are they?"

Sun You said as he drove, "Don't worry. Before the 60th birthday of that old gentleman in the capital, I will settle Jiang Ran."

"Brother, are you saying that you want to have a relationship with Jiang Ran?" Sun Miao said, "That person doesn't have any brains. She only wants to marry into a rich family. She really will get what she wants."

Sun You pursed his lips. "Don't say that. It's not certain who will be relying on whom. However, I don't want to have a relationship with her. I want to marry her. Only marriage and interests are the safest."

He had to think of a way to tie Jiang Ran to him. Even if Jiang Ran's identity changed in the future, she would not have the chance to distance herself from the Sun family.

When that time came...

Once the Sun family was married to capital, the Sun family would have endless business and endless money.

After all, the capital side would definitely make up for their regrets on Jiang Yu and Jiang Ran.

At the same time.

As soon as Jiang Ran got into the car, the sprained ankle on her foot automatically healed.

Wei Juan teased, "Do you like Young Master Sun that much?"

"Mom, I really won't be able to find such a good man in the future. He's considerate, rich, and physically fit. When I marry into the Sun family in the future, it'll be much better than Jiang Yu being someone else's lover!"

In Jiang Ran's eyes, even if Jiang Yu managed to hook up with Mr. Mo long, it would only be for a moment.

Everyone knew that Mr. Mo Long was a couple with Li Yue, the movie queen.

When Li Yue returned, Jiang Yu would definitely be the one who would be dumped.

When that time came, Jiang Yu would be a broken shoe and no one would want her.

On the other hand, she would be able to marry into the Sun family and become the young mistress of a wealthy family.

Chapter 76: Celebrity Endorsement

Ivy University

In the morning, when Jiang Yu went to the school cafeteria to eat, she met quite a few music department students.

A few music department students were canvassing for votes for Kang Xue everywhere.

"Student, vote for Kang Xue. Her song is super awesome!"

"Ah, it's goddess Kang's song. I'll definitely support it."

"Eh, the second place is actually a newcomer. Is it a vote buyer? She's only a few votes short of goddess Kang."

"Don't worry about her. Just vote for goddess Kang."

In the school forum, a voting post appeared in the music department section.

Clicking on it was the voting page of the charity website.

Many people were calling for votes for Kang Xue.

After all, not only was Kang Xue's music skills high, she was also beautiful and kind-hearted. She had always been quite popular.

Therefore, even if they did not look at the specific works that Kang Xue had sent in voting, many people still voted for Kang Xue directly.

It was just a little strange that a work by a pure newcomer like Jiang Yu actually had such a high popularity.

Kang Xue's people hurriedly canvassed for votes everywhere, trying to prevent Jiang Yu's votes from catching up to theirs.

Lu Qi looked at the ostentatious actions on the other side and was very speechless. "Yu'er, I'll help you canvass for votes too. I'll send it to my friends and have them vote for you!"

They were too shameless. They actually canvassed for votes so brazenly.

Lu Qi felt that Jiang Yu's side could not lose either.

After all, Jiang Yu's votes had increased very quickly and there was a high chance that she could catch up.

"Yu'er, you should also send your work to the various groups."

Jiang Yu smiled and said, "There's no need to be so nervous. A few more people shouldn't affect the final result."

Seeing that Jiang Yu was not anxious, Lu Qi became even more anxious. She quickly took Jiang Yu's phone and said, "This song is so good. You must let more people hear it. Come, come, I'll help you forward it to the various groups."

Lu Qi took Jiang Yu's phone, opened wechat, and directly forwarded the post to Jiang Yu's wechat groups.

"Migrant Workers Working Souls".

"Charity Starts With Me".

"Love Each Other Like A Family".

All of them were forwarded at the same time.

Hu Chen, who had just gotten off the plane, was receiving a warm welcome from his fans.

"Ah, it's Hu Chen! He's back!"

"Hu Chen has been overseas for so long this time. Today, I finally got to see him!"

"Hu Chen, I love you!"

"Big brother is so handsome today too."

Hu Chen, who was wearing sunglasses, confidently waved at his fans.

At that moment, his phone suddenly vibrated.

Hu Chen subconsciously picked it up and took a look, but he immediately paused.

As he walked, he clicked on the link.

It was actually sent from his family group, and it was from Jiang Yu's younger sister.

Hu Chen was also from an orphanage, but he was luckier than Jiang Yu. He was selected by a talent scout when he was a teenager and sent overseas to further his studies.

And last year, Hu Chen heard that Jiang Yu had found her family members and finally returned to her home.

Every time Jiang Yu sent updates to the family group, she would say that her family treated her very well.

Hu Chen was relieved.

And now, it was actually a link sent by Jiang Yu, asking for support.

Without thinking, Hu Chen immediately voted for Jiang Yu and even forwarded it to his own Weibo.

The fans were instantly curious when they saw Hu Chen typing so seriously.

What was so important that made him type while walking.

At this moment, the fans noticed that his Weibo post had a new update.

"The mark of the storm, the Medal of the Sun, the most beautiful sleeping position, and the food that saved lives. These lyrics are too down-to-earth. I'm thankful to the hero who fought the flood and saved the world. This theme song is too well written."

The fans immediately clicked in curiously.

They found out that it was the selection of the theme song for a charity event.

They immediately participated in the voting.

Chapter 77: Very Popular

"The first thing big brother did after he returned to China was to promote charity activities!"

"That's awesome! The lyrics are so visually appealing! It's as if I'm in the middle of it! The hero who fought the flood and saved the country is awesome!"

"Big brother recommended it. It's indeed good. I support it. I look forward to Big Brother singing this song!"

"I look forward to + 1. Other than filming, big brother is doing public welfare. It's not a loss to be a fan of such a big brother!"

"Let big brother sing this song. Big brother really likes the lyrics."

Ivy University.

Jiang Yu finished her breakfast.

Then, she went to the acting department for a class.

Just as she sat down, she realized that Hu Chen had sent her a few messages.

“Xiao Yu, I just arrived in the country. When are we going to have a meal together? Big brother misses you.”

Jiang Yu smiled and felt a warmth in her heart. “Big brother Chen, you’re a big star now. You still dare to have a meal with me. Aren’t you afraid of being recognized by your fans?”

Hu Chen: “You’re my good sister. My fans will definitely like you too. I have a charity event in the afternoon. Why don’t we have a gathering tonight?”

Jiang Yu naturally replied, “Sure.”

After saying that, Jiang Yu began to study in her class seriously.

When class ended, the people from the acting department held their phones and discussed animatedly.

“It was recommended by Hu Chen!”

“Our class’s Jiang Yu is going to be famous. My God, she’s so popular!”

Before Jiang Yu could react, she saw Kang Xue walk in with an angry expression.

She showed her phone to Jiang Yu. “Jiang Yu, you’re so despicable. You actually asked Hu Chen to recommend it to you. Did you ask that person to help you?”

Kang Xue thought that her song today would definitely win against Jiang Yu.

She had not expected that after the voting ended, Jiang Yu would obtain first place with a terrifying number of votes.

It was dozens of times higher than Kang Xue’s.

At a glance, she realized that it was Hu Chen who had recommended Jiang Yu on Weibo.

It had caused Jiang Yu’s votes to be so terrifying.

It was too shameless.

Originally, it was mainly the votes of the alumni, but in the end, it had become the blind votes of the majority of netizens.

Jiang Yu stood up. “I’m despicable? You can canvass for votes, but if I canvass for votes, then I’m despicable?”

Kang Xue immediately choked.

She had openly asked many people to canvass for votes in all the classes in the school.

This was not a secret at all.

“Besides, what makes you think that your songs is better than mine? Based on your blind self-confidence? Didn’t you see how others evaluated my songs and yours? Go and take a good look.”

Jiang Yu’s lyrics really fit the theme.

Kang Xue's lyrics were all about sadness and being a family with the disaster relief hero.

A discerning person could tell the difference at a glance.

The performance department students originally didn't have a good impression of Jiang Yu.

But now that they thought about it, it was true.

Jiang Yu's lyrics were the best among all the people who participated in the composing competition.

"Senior Kang, you can't be such a sore loser, can you?"

"Yeah, are you bullying us freshman students?"

"Why is it despicable for a student of our year to get first place?"

"It's not like the first place can only belong to your family. I just feel that the lyrics written by Jiang Yu are pretty good."

Kang Xue did not expect that the students of this class would speak up for Jiang Yu.

She said discontentedly, "You guys are actually speaking up for such a person. Don't you know that her morals isn't right?"

When Kang Xue said that, the other students' expressions changed.

That's right. It was rumored in the school that Jiang Yu had used her seductive methods to hook up with an old and ugly person.

Just thinking about it was disgusting.

Jiang Yu frowned. "Kang Xue, you have to have evidence to back up your words. What moral isn't right? Do you have evidence?"

Kang Xue quickly replied, "Of course I have evidence. I even saw it with my own eyes..."

At this point, Kang Xue was speechless. She had promised Li Lu that she would not tell anyone about Mr. Mo and Jiang Yu, lest Li Yue's reputation would be affected.

"You can't say it?" Jiang Yu narrowed her eyes and said, "Then it's just a rumor."

"You!" Kang Xue was so angry that her breathing quickened.

Chapter 78: Met At The Orphanage

Kang Xue was so angry that she wanted to make a move, but when she met Jiang Yu's cold gaze and thought of Jiang Yu's way of making people laugh, she could only swallow her pride.

"Just you wait."

Kang Xue left in a huff.

Jiang Yu had clearly seduced someone else's fiancé, but in the end, Jiang Yu still twisted the truth.

It was simply too despicable.

On Tuesday afternoon, Jiang Yu happened to have no classes.

Just as she was about to go to the library, she received a phone call.

“We’ve already found out about the orphanage your mother used to live in.”

When Jiang Yu found out that Wei Juan wasn’t her biological mother, she had entrusted someone to help her find out Kang Die’s background.

“Send me the address,” Jiang Yu said.

The other party quickly sent her the address, but then said, “We couldn’t find out about anything before the orphanage.”

“Okay, I got it.”

The orphanage Kang Die had stayed in when she was young happened to be in Hu city.

Jiang Yu thought for a moment and bought some gifts for the children of the orphanage.

Then, she rushed over to the orphanage.

The orphanage was very remote.

She expected that there would be no one around.

But today, Jiang Yu had just gotten out of the car when she saw Kang Xue talking to the security guard at the entrance of the orphanage.

“Let me in. I’m not here to chase after celebrities. I’m here to volunteer!”

The security guard at the entrance said helplessly, “I’m sorry. Our orphanage doesn’t accept outsiders today because there’s a celebrity inside. This celebrity doesn’t want to be photographed by the reporters.”

Kang Xue gritted her teeth.

It was through her connections that she was able to find out about Hu Chen’s whereabouts.

She heard that Hu Chen was going to come to this orphanage in the afternoon to do charity work and play with the children.

She immediately rushed over.

Not only was Hu Chen good at acting, but he also sang very well. He was Kang Xue’s favorite idol.

At this moment, Kang Xue saw Jiang Yu coming over with bags of things.

Kang Xue immediately said warily, “Jiang Yu, did you come because you wanted to get close to Hu Chen?”

Kang Xue took a step forward and frowned.

She knew that Jiang Yu was not simple.

Not only did she rely on her connections to get Hu Chen's recommendation, she even wanted to get close to Hu Chen.

"Hu Chen?" Jiang Yu blinked her eyes and vaguely heard the laughter of children coming from the orphanage.

It seemed that brother Chen had come to this orphanage to do charity work.

Ever since brother Chen's career had taken off, he had been doing all kinds of charity work, especially donating money to the orphanage.

In fact, the charity activities reported by the media were only a few. There were many undiscovered ones that brother Chen was doing in silence.

This was the same as Jiang Yu.

When Kang Xue saw Jiang Yu's concerned gaze, she immediately confirmed her thoughts.

"You really came to get close to Hu Chen! What do you want to?" Kang Xue took a step forward and tore open one of the bags that Jiang Yu had brought over.

She was shocked to see that there were some children's books and toys in it.

They were all the cheapest and most common things on the market.

"As expected!" Kang Xue understood. "On the surface, it looks like you brought a lot of things, but in the end, they are all cheap goods. Adding them up, there shouldn't be a thousand Yuan, right?"

Jiang Yu must have come here to put on a show for Hu Chen.

"How many things I bring has nothing to do with you." Jiang Yu turned to the guard and said, "I've contacted the Dean."

The guard immediately said, "You're Jiang Yu? You can go in now."

On the other side, Jiang Yu entered with bags of various sizes.

However, Kang Xue was blocked by the guard outside the door. "You can't go in!"

Kang Xue was extremely angry. She suddenly took out her phone and took a photo of Jiang Yu.

She even revealed the contents of the torn bag.

She immediately sneered.

She quickly edited a few words and said, "Spread this photo everywhere. Say that Jiang Yu is silently doing charity. Remember, make the amount bigger! Say that it's comparable to Hu Chen."

This was called, the higher the praise, the harder the fall..

Chapter 79: Photos of Her Mother When She Was Young

In the principal's office, the principal, who was almost in his thirties, was stunned when he saw Jiang Yu come in.

He thought he saw Little Die when she was young.

"Are you Kang Die's child?" The principal asked.

Jiang Yu nodded.

When she first walked into this orphanage, she felt a sense of familiarity.

However, she did not expect that her biological mother had also grown up in the orphanage.

That was why she had come to look for her mother's childhood shadow. Perhaps she could find out about her mother's background.

"I want to know about my mother," Jiang Yu said.

When he learned that Kang Die had died due to childbirth, the principal sighed. "Xiao Die got lost when she was six years old and was sent here by passers-by. We have never known about her background. We only know that she has a nickname called Xiao Die and her surname is Kang. We don't know anything else about her."

"However, I have a photo of your mother when she was young."

The principal took out an old photo.

In the photo, one of the people standing together with a few children looked a little like Jiang Yu.

Apart from this photo, Jiang Yu couldn't find any other clues.

"Thank you, principal," Jiang Yu said to the principal.

This principal was obviously a kind person, just like the principal of her orphanage.

Jiang Yu knew that her mother must have received a lot of care from the principal.

Jiang Yu left the principal's office and saw Hu Chen walking over.

Hu Chen was just playing with a few children just then. When it was time for dinner, he was about to ask Jiang Yu out for dinner.

He didn't expect to see Jiang Yu here.

"Xiao Yu!" Hu Chen quickly strode over.

Hu Chen's assistant looked at Hu Chen in shock, because Hu Chen's voice was filled with surprise.

Jiang Yu smiled and said, "Brother Chen!"

She followed Hu Chen's car.

They left the orphanage.

Kang Xue was still thinking about how to get into the orphanage, but the security guard refused to let her in.

At this moment, she saw a car drive out.

It was definitely Hu Chen's car.

Kang Xue immediately wanted to chase after it.

However, the car drove off into the distance.

Kang Xue: "..."

...

In the restaurant.

After putting on a disguise, Hu Chen was still worried that his fans would recognize him. Wearing sunglasses and a hat, he quietly entered the reserved private room with Jiang Yu.

"Xiao Yu, how have you been? How are you doing in college?"

All Hu Chen knew was that Jiang Yu was studying at Green Vine University.

Jiang Yu said, "Very well. I went to the same school as my good friend Lu Qi. She's studying design."

Hearing that, Hu Chen looked up at her. "Xiao Yu, you never told me what you studied. Did you run off to study medicine?"

Ever since she was young, Jiang Yu had a weak body and liked to read medical books.

But unfortunately, Jiang Yu had hemophobia.

Hu Chen had always told her that she should never study medicine in the future.

Jiang Yu curled her lips and said guiltily, "Don't worry. I'm majoring in acting. I only took a course in medical theory. It's definitely not practical."

Hearing that, Hu Chen heaved a sigh of relief. He looked as if he had guessed it long ago.

"Why do you want to learn acting?"

"I'm following in your footsteps. By earning more money, I can help more people," Jiang Yu said subconsciously.

Hu Chen was very satisfied with this answer. "Not bad. In the future, when it comes to acting, I'll take care of you."

He patted his chest.

Jiang Yu smiled. "I wonder who got tricked a few by my acting skills. I don't know who it was."

Hu Chen: "..."

When they were in the orphanage, Hu Chen had played imitation games with Jiang Yu.

In the end, Jiang Yu had always pretended to be injured.

Hu Chen had always mistakenly thought that Jiang Yu was really injured.

He had been teased by Jiang Yu a few times.

Actually, when he saw her pained expression, Hu Chen could not help but feel sorry for her.

That's why he believed her every time..

Chapter 80: Fake Charity

"Are you still going overseas after coming back this time?" Jiang Yu asked again.

Hu Chen shook his head. "I'm not going overseas to act. The company has accepted a new film this time and is planning to return to China to develop."

Hu Chen had clearly become an international star.

Yet, he had given up on the overseas market and suddenly returned to China to develop and give back to his domestic movie fans.

"When are you filming?" Jiang Yu asked again.

Hu Chen sighed. "It's just these few days."

He did not have much free time. His agent had already sent him the script.

He would familiarize himself with the script very soon and then enter the crew.

With this filming, he was extremely busy.

At this moment, Mo Long called.

After Jiang Yu picked up, Mo Long's worried voice came from the other end. "What you did at the orphanage has been framed."

Jiang Yu was surprised. "What happened to me at the orphanage?"

"Some people said that you were the second Hu Chen, but the netizens suspected that you were just putting on a show. Fortunately, I have already deleted these posts that slandered you."

"But this incident still affected you. Did you post the charity you did to shut everyone up?" Mo Long immediately dealt with the people who posted the posts.

However, Hu Chen's fans had seen this news. They were criticizing Jiang Yu for taking advantage of Hu Chen's popularity.

"What? It's saying that I'm taking advantage of Hu Chen's popularity and doing fake charity?" Jiang Yu glanced at Hu Chen.

Hu Chen blinked and pointed at himself in disbelief. "It's related to me?"

When Mo Long heard the man's voice, he asked, "Who's the man beside you?"

Jiang Yu: "It's Hu Chen."

Mo Long: "..."

Hu Chen took out his phone in surprise and opened Weibo. As expected, he saw many of his fans discussing Jiang Yu's matter. They said that she was only doing a small charity, how could she compare to him.

They even said that they thought Jiang Yu was a good person, but they never expected that she would actually do a fake charity and donate a little thing to get attention everywhere.

Hu Chen: "..."

In an office in a certain building.

Mo Long was frowning as he listened attentively to the commotion over there.

Jiang Yu was actually with Hu Chen?

"Mr. Mo, the charity that I do is really too broad. It's so many and complicated. I think I need to think about how to clarify it properly."

Mo Long comforted, "How about this, I'll help you deal with it. Tell me the charities you've contacted before. I'll take care of the rest."

"By the way, where are you now?" Mo Long suddenly asked again.

Jiang Yu subconsciously said, "I'm having dinner with Hu Chen at a Chinese restaurant near the university..."

Mo Long nodded and quickly hung up.

Mo Long said to Teng Yi, "Go and find out who this Hu Chen is."

Teng Yi said, "President Mo, are you talking about the big star Hu Chen? I know about him. He's an international superstar who just returned to China today. He's on all kinds of entertainment headlines."

He just returned to China today? He couldn't wait to have dinner with Jiang Yu?

"Also, I heard that Hu Chen is an orphan. He grew up in an orphanage and has always had a positive image," Teng Yi said.

Mo Long's eyes flashed and he vaguely guessed something. "I got it. I'll contact these charities first and get them to come forward and refute the rumors for Yu'er. There's no need to look into Hu Chen's matter."

When Teng Yi saw the list of charities Mo Long had sent him, his eyes could not help but flicker. This was too much.

Jiang Yu had actually done so many charities?

"Yes, sir."

Teng Yi immediately went to contact them with good training.

Very quickly, Teng Yi discovered that Jiang Yu had donated to quite a lot of orphanages and also helped a lot of students.

Although she didn't not give a lot to everyone, there was a huge number base.

With so much money added up, it actually exceeded 150 million.

Teng Yi thought of the first time when he met Jiang Yu. Jiang Yu was dressed in rags.

He didn't think that all the money would be spent on these things.

Teng Yi immediately felt a deep respect for Jiang Yu..
