Chapter 731: Freshmen Welcome Party

Jiang Yu smiled and said, "I didn't find Xu Ye, and you can't chase me away either."

"Jiang Yu, how can you have the face to occupy this position?" Kang Xue said impatiently, "Do you know how precious all of our time is? We are different from idlers like you. We also have a lot of things to do."

Jiang Yu asked doubtfully, "You say that I'm Idler, but aren't you? We are all doing the same after-class task."

Bessie also said, "That's right. We are all doing the same task. Are you more noble than us?"

Kang Xue rolled her eyes and said, "Of course I'm more noble than you."

"You really like to flatter yourself." With so many people present, Bessie was too embarrassed to curse, so she only said this sentence.

She had learned this sentence from Jiang Yu. It probably meant that some people were too confident in themselves and always liked to raise their own status.

In Bessie's eyes, Kang Xue was this kind of person.

When Kang Xue heard Bessie say this about her, she was instantly furious. She stood up and said, "You guys aren't willing to give in, right? Alright, I'll go find Professor Karl now and ask him to judge for me!"

As she spoke, she ran to Professor Karl's office and told him how Jiang Yu had bullied her in the piano room.

When she spoke, she was still pretending to cry, so she spoke intermittently. Professor Karl did not understand a few sentences at all.

He only vaguely heard "Jiang Yu" and "Piano room." When he saw Kang Xue crying so sadly, he thought something had happened to Jiang Yu in the piano room, so he rushed over anxiously.

But when he arrived, he saw more than a dozen people blocking the door. Jiang Yu was sitting peacefully in front of the piano in the room, and the expression on her face was not very good.

Professor Karl did not have time to react to what had happened.

He squeezed into the room and asked loudly, "What exactly happened?"

Kang Xue followed behind him and came over to tell him that Jiang Yu had stayed in the piano room for the whole morning and was not willing to give up the piano room to him.

Kang Xue looked really aggrieved, she said, "Professor Karl, don't you think that Jiang Yu has gone too far? She has already stayed here for the whole morning. Can't she give up the piano room in the afternoon?"

Professor Karl said, "But the piano room is public. Whoever wants to practice the piano can do so. There is no such thing as who comes in the morning and who comes in the afternoon. If you all want to practice in the piano room, then divide the rooms. Jiang Yu is here, you are there."

What he said was not favoring Jiang Yu, but it was true.

But the truth sounded to Kang Xue like Professor Karl was favoring Jiang Yu. The two even said the same thing.

Due to Professor Karl's presence, Kang Xue did not dare to be too presumptuous, however, she still wanted to say everything that she wanted to say. "Professor Karl, by doing this, we will feel that you are favoring Jiang Yu. I am clearly more capable than her. Back in the international competition, although you did not agree with me, the other professors agreed with me and did not agree with Jiang Yu. Now, she used some unknown method to get in. Do you still have to be so biased towards her?"

Professor Karl paused and said, "Kang Xue, if I'm honest, your ability is inferior to Jiang Yu's."

His words were like a basin of cold water, pouring down on Kang Xue's head.

She said in disbelief, "Impossible! My major is piano. Jiang Yu is just a self-taught student! How can I be inferior to her! Professor Karl, this is too unfair!"

When Professor Karl heard this, his heart tightened.

In fact, he could understand Kang Xue's feelings. After all, no one wished to learn that something that they had studied for many years were nothing in the eyes of others, and they were even criticized as inferior to a self-taught student.

He sighed, "How about this? I have a way now. Kang Xue, your identity is an exchange student, and Jiang Yu has participated in the official exam, so her identity is an official student. The school plans to hold a 'welcome party for freshmen' on the weekend night a week later, especially for students like you. If you really think what I did was unfair, then compete with Jiang Yu at the welcome party. I will apply for a music room for you, and you can practice there."

Chapter 732: Nervous Rehearsal

??

"Okay, I agree," Kang Xue said. "I will definitely win against Jiang Yu at the welcoming party!"

Professor Karl sighed, thinking that this child's competitive spirit was too strong.

He said, "Then this after-school task will be compressed to a week's time. I will grade your completion according to the reactions of the entire school's teachers and students."

"Okay." Kang Xue nodded and led her people to follow Professor Karl to the music room.

After they left, Bessie burst out with her dissatisfaction, she said, "What's wrong with this Kang Xue!? How could there be such an unreasonable person in this world? The piano room wasn't her family's, so why should she monopolize it!! And that Mary, she's on the same side as Kang Xue! No wonder I hated her the moment I saw her!"

She said a whole bunch of things in one breath, almost venting out her anger. Only then did she stop to calm herself down.

Jiang Yu said, "It's alright. She's always been like this. She's arrogant and doesn't think about the consequences when she does things. She has found so many people for her musical, so it's very difficult for her to coordinate with them in a short period of time. When the day comes for the welcoming party, I'm afraid that she won't even have time to have a proper rehearsal for her musical."

"I see!" Bessie suddenly realized, she said, "I knew it. It's everyone's first time doing a piano musical. Why would she find so many people? If that's the case, it would be difficult to mediate if there's a conflict."

"That's indeed the case," said Xu Ye, who had been silent the whole time. He said, "Jiang Yu, I really believe in your strength. That's why I agreed to help you back then. Please don't disappoint me. Otherwise, you'll be letting down your title of 'Movie Queen'."

"Movie Queen?" Bessie was surprised. She said, "Jiang Yu! So you're the Movie Queen?"

Ivan, who hadn't had much of a presence, walked over and asked, "You're the Movie Queen?"

Jiang Yu hadn't told anyone about her identity because she just wanted to be an ordinary student. After all the classes were over, she would be able to pass all of Cecilia University's graduation exams and obtain her graduation certificate.

However, Xu Ye had revealed her identity.

However, he seemed to be very surprised that Bessie, a good friend who had always been by Jiang Yu's side, did not know that she was the Movie Queen?

"Jiang Yu, didn't you tell them?" Xu Ye asked.

Jiang Yu sighed and said, "I just felt that there was no need to."

"It's not a bad thing." As Xu Ye spoke, he approached Jiang Yu and reached out to help her remove a piece of shredded paper from her hair.

"... Thank you." Jiang Yu originally wanted to say, "Please keep your distance," but when she saw the piece of shredded paper in Xu Ye's hand, she had no choice but to take back her words and simply thank him.

Suddenly, a faint light flashed by the door.

Jiang Yu glanced at the door, but she didn't see anything.

Perhaps she had been too tired from this musical recently, so her eyes were playing tricks on her. She said, "Everyone, hurry up and practice. Yan Fu just sent me a message saying that she and Xi Yao have already finished their lessons and are walking towards us."

Hence, everyone started practicing again. Xu Ye and Ivan continued to match the lyrics while Jiang Yu and Bessie continued to practice their tunes.

Although it was a piano musical, the preparation time was too short, so a story that was too long was not easy to rehearse. Jiang Yu's story was very short. Most of the time, it was the inner monologue of the characters, accompanied by a long, long piano piece.

This was not a traditional piano musical, but in a sense, it was also a kind of innovation.

Yan Fu and Xi Yao came to the piano room. They did not even have time to exchange greetings before they took out their scripts and threw themselves into the intense rehearsal.

They were both professional actors, and they were able to grasp their emotions very well when it came to a musical with such a short story. There was no need for Jiang Yu and Bessie to worry at all.

So, after all the practice was over, it was time for the story and the piece to be combined.

Although none of them had ever done a musical before, and they didn't usually combine such novel fairy tales and piano pieces together, surprisingly, they weren't nervous at all. Instead, they were in high spirits, they couldn't wait to see the final result.

Apart from playing the piano piece, Jiang Yu and Bessie also played the narration for the first half and the second half, respectively.

When Jiang Yu read the narration, Bessie played the piano to cater to her.

Chapter 733: Accident

Translator: Dragon Boat Translation Editor: Dragon Boat Translation

After Jiang Yu finished her narration, she handed the entire venue over to the four actors and let them perform to their heart's content.

After the first half, it was Bessie's turn to do the narration.

Each of the six people had their own work to do, and none of them were idle.

It was not until the end of the whole story that everyone heaved a sigh of relief.

Jiang Yu said, "I thought that two weeks was very tight, so I wrote a very short story. Later, Professor Karl compressed the time to one week, and I was worried that there wouldn't be enough time. But I didn't expect everyone to perform so well. You could do so well in less than a week!"

"Actually, we also didn't expect that we could do so well," Yan Fu said.

"It's just so-so," Xi Yao said disapprovingly.

"Don't always say such negative things!" Yan Fu said.

Xu Ye looked at Xi Yao and asked, "Then why are you here?"

Xi Yao knew Xu Ye, but she didn't like Xu Ye's character, so she didn't sound good when she spoke. "I didn't come here by myself. Someone dragged me here."

"It's me..." Yan Fu whispered.

"If you don't want to come, you can totally refuse," Xu Ye's tone wasn't very good.

“Of course I don’t want to come...” Xi Yao said loudly.

But before she finished her words, a few people dressed like local ruffians came to the door.

Jiang Yu recognized one of them — Diss.

Reading on Mybo xn o v el. com ,Please!

“Who’s Jiang Yu?” Someone shouted.

Although Jiang Yu was puzzled, she still replied, “It’s me.”

“You’re Jiang Yu? You’re really not bad looking.” The person who asked the question walked over, squinted his eyes, and whistled loudly.

“Who are you?” Jiang Yu frowned and took a step back.

The person said, “My name is Kati, and I’m the boss of this school. I heard from Diss that Jiang Yu from the piano elite class is very beautiful. I was curious, so I came to see you.”

Diss?

Jiang Yu looked up at Diss and sneered, “Is that so? Then I really should thank all of you for your praise.”

“Of course,” Kati said with a smile, “And I also heard from others that you seduced men everywhere. Is that true or false?”

Where did this ridiculous rumor come from?!

Jiang Yu had a headache and said, “I have a boyfriend.”

“So what?” Kati seemed to be indifferent to this matter and said, “I have a girlfriend too, but I still look at beautiful women outside and talk to beautiful women.”

“Do you think you are worthy of your girlfriend?!” Bessie could not stand it anymore and said loudly.

“So Jiang Yu is not the only beautiful woman here.” Kati narrowed his eyes and looked at Bessie, saying, “You look very much to my taste. How about it? Do you want to try things with me?”

“Go away!” Bessie shouted at him.

“You have a fierce temper, but I like it this way.” Kati licked his tongue and reached out to pull Bessie’s clothes.

“Wait a minute, wait a minute. There are people here,” Xu Ye said and stood in front of the four girls with Ivan.

“Who are you guys?” Kati saw that his good deed was blocked by someone and immediately became impatient.

Xu Ye flung his hair and said in a self-confident manner, “Flower protector.”

Kati was amused and said, “What is that? Flower protector? Do you think the two of you can beat the five of us?”

“Even if I can’t beat you guys, I still have to fight. I can’t let you bully a little girl.” Xu Ye pinched the bones of his hand and said, “If you’re a man, then let’s fight openly.”

“Fight? Do you think we’re acting in a movie?” Kati sneered and said to the people behind him, “Brothers, take care of him!”

The five people rushed at the two people opposite them, and the scene instantly became chaotic.

“Don’t, don’t fight!” Yan Fu shouted with a trembling voice.

“Don’t be afraid. You guys hide behind me. I’ll contact Professor Karl,” Jiang Yu said very calmly.

“Okay, okay.” The other three hid behind Jiang Yu, not daring to breathe loudly.

Jiang Yu took out her phone and contacted Professor Karl. After telling him about the piano room, she said, “Professor, please bring a few security guards here. It’s very dangerous here.”

Professor Karl said, “Got it. All of you stay there and don’t move. No matter what happens, you must protect yourselves.”

“Yes, got it,” Jiang Yu said and hung up the phone.

She reached into her pocket. There was a long hairpin inside.

She tightened her grip on the hairpin, ready to protect herself when she was in danger.

Chapter 734: Subjugate

The weather overseas was a little hot. Hence, Jiang Yu bought a long and thin hairpin. She was going to use it to comb her hair.

But now, it seemed that this hairpin wasn’t as effective as it originally was. Instead, it was used as a defensive weapon.

Although Xu Ye and Ivan were two well-built men, the two of them were unable to resist the five men in front of them. They were soon at a disadvantage.

Seeing this, Kati let the three of them continue to deal with Xu Ye and Ivan, while he and Diss walked towards Jiang Yu and the others.

Diss saw Yan Fu and Xi Yao and sneered, saying, “Look, nothing good happens when you become friends with Jiang Yu.”

Yan Fu retorted loudly, “What has it got to do with you!”

Diss shrugged and said, “I can’t be bothered with you, but I won’t let you off just because we are classmates.”

Xi Yao said, “Diss, don’t think that you can treat your classmates like this just because you’re the class captain!”

“That’s really a pity. Because I’m the class captain, I can do whatever I want to you,” Diss said with a wicked smile.

Kati didn't want to waste any more time and said, "I advise you to obey us. Otherwise, even if there are only two of us, it's more than enough to deal with the four of you girls."

"Then I also advise you to be sensible and stay away from us," Jiang Yu said coldly.

"Who are you trying to scare here?" Diss felt that Jiang Yu was looking down on him, so his mood instantly turned bad. He reached out to pull Jiang Yu's clothes.

Jiang Yu quickly took out a hair clip and stabbed at the acupuncture points on Diss' arm.

.....

"Ah!" Diss cried out in pain. He felt his arm go numb and he couldn't move anymore.

"You, what did you do to me?!" Diss cried out, his voice full of panic.

"I told you to stay away from us." Jiang Yu carried the hair clip behind her back and didn't let Diss and Kati find the hair clip.

"Diss! What happened to you?!" Seeing Diss in this state, he was curious.

"I don't know what Jiang Yu did to my arm, but my right arm can't move anymore!" Diss shouted in panic.

"What?!" Kati was also shocked.

But he didn't believe it and shouted, "Jiang Yu! Stop pretending! I don't know what you did to Diss, but this trick is useless on me!"

As he said that, he reached out his hand to pull Jiang Yu's clothes.

Jiang Yu quickly struck again and accurately hit Kati's arm with a hair clip.

"Argh!" Kati screamed even more miserably than Diss.

His scream was really miserable. Not only did the people who were fighting stop, even the people who passed by the piano room outside the door couldn't help but stop and look into the room.

"Brother Kati! Are you okay?!" Diss rushed over to check his injuries, but there were no other marks except for the red dot on his arm.

"Jiang Yu! What did you do to me?!" Kati roared in anger.

"What do you want to do to us?!" Jiang Yu shouted back, unwilling to be outdone, "I told you to stay away from us, but you didn't listen to me! Now that you've been taught a lesson, can't you bear it?"

"You!" Kati exerted force, and the wound on his arm was numb and painful, as if 10,000 ants were gnawing on it.

More and more people came to the door. They were shocked by the scene in the room. "Is that Kati?"

"Isn't that that hooligan? Usually, he only bullies girls and uses his own people to provoke boys. What's wrong with him today?"

"I think he wants to bully Jiang Yu. I don't know what Jiang Yu did to him, but his arm seems to be numb now."

"Huh? Jiang Yu is a girl. Can she beat Kati?"

"In theory, she can't. But judging from the current situation, it seems that Kati can't beat Jiang Yu."

While the discussion was still going on, Professor Karl had already rushed to the piano room.

"What are you doing?!" Professor Karl shouted loudly.

When Kati and the others saw Professor Karl, their faces were full of disbelief.

"Jiang Yu!" Kati looked at Jiang Yu and said fiercely, "How dare you tell the Professor!"

"Or what? Do you want me to call the police?" Jiang Yu said coldly.

In fact, she initially wanted to call the police, but considering that if she did, Xu Ye and Ivan would definitely be implicated, she decided to look for Professor Karl.

Chapter 735: Cancelled

"Jiang Yu! How dare you call the Police!" Kati completely ignored the fact that Professor Karl was still around and treated Jiang Yu so fiercely.

"Of course I dare." Jiang Yu took out her phone and pretended to make a call.

"Alright, stop messing around." Professor Karl frowned and said, "Kati, your reputation in the school is very bad now. Why don't you know how to control yourself?"

"No matter how bad my reputation is, it's still better than Jiang Yu's, right?" Kati was not convinced.

"You're simply spouting nonsense!" Jiang Yu was Karl's favorite after all. He obviously would not allow anyone to slander Jiang Yu like this.

"I'm not spouting nonsense!" Kati hurriedly shouted, "Professor, her matter has already spread in the school! If you don't believe it, you can go and see! See what kind of person Jiang Yu is!"

"Shut up!" Karl had never paid attention to the school's forum because it was filled with gossip. There was no actual evidence, so what was there to see?

It was only these young students who liked to watch those things.

"Professor Karl, what I said is true!" Karl was anxious to defend himself and said, "Jiang Yu has a boyfriend, but she is still seducing other men!"

He looked around, pointed at Xu Ye and said, "It's him! The two of them are very intimate!"

"Me?" Xu Ye could not understand the development of the matter and asked with confusion, "Jiang Yu seduced me? When did she seduce me?"

"Don't play dumb!" Kati's emotions were a little out of control because not only could he not move his arm, but he had even lost consciousness.

“Stop arguing!” Professor Karl had a headache from their arguments. He could not help but sigh and said, “All of you, come to the office with me. Eleven of you.”

.....

Jiang Yu brought Yan Fu and the others to follow Professor Karl to the office. Kati and Diss followed him to the office with the help of the other brothers.

Professor Karl’s office was independent, and he was the only one in the room.

He sat on the teacher’s chair and asked, “Tell me, what exactly happened?”

Jiang Yu said, “They were the ones who acted like hoodlums first, and they even wanted to attack us.”

Kati was not convinced and said, “Didn’t you attack us? Look at me now, my arms are paralyzed by you!”

“It was you who fought with us first. We were just defending ourselves,” said Jiang Yu.

After listening to these words, Professor Karl could roughly understand the beginning and end to the matter.

Kati was the one who started the trouble and even started the fight. Jiang Yu and the others were just defending themselves.

“Kati, why did you do that?” Professor Karl asked in a deep voice.

“What do you mean why... I just don’t like people like Jiang Yu. I also think that she is very casual, so I wanted to come over and flirt with her,” Kati said indifferently.

“What nonsense!” Professor Karl was furious and said, “When can you respect other students? !”

“This kind of person doesn’t need to be respected...” Kati muttered.

“A person like you doesn’t deserve to be respected!” Bessie said, “Without any evidence, you just listen to others and want to play hooligan. Do you deserve to be respected?”

“What are you saying here...” Kati wanted to refute, but Professor Karl interrupted him.

“Kati, don’t talk. Jiang Yu, how do you want to deal with this matter?”

“Professor Karl! Why are you asking Jiang Yu?” Karl was even more unconvinced.

Professor Karl didn’t look at him. Instead, he was waiting for Jiang Yu’s reply.

Jiang Yu didn’t want to make a big fuss at this critical moment. If she did, it wouldn’t be good for her side.

So she thought for a moment and said, “Just teach him a lesson.”

Professor Karl Thought for a moment and said to Karl, “Kati, did you sign up for the preliminary competition of the international dance competition held by the school?”

“Yes.” Kati nodded.

“You don’t have to participate. I will cancel your spot. Now, the five of you, go home and reflect on yourselves. Come back to class in two weeks,” said Professor Karl.

Karl couldn’t believe it and said, “K-Professor Karl, what are you talking about?! This qualifier is very important! If I don’t participate, I won’t be able to participate in the follow-up matches!”

“You also know that the qualifier is very important?” Professor Karl looked at him coldly and said, “Then why are you still causing trouble at this time? It’s enough that I didn’t suspend you from school!”

“Professor Karl!” Kati was not willing to have his spot removed just like that.

Chapter 736: Performance

“Alright, this matter is settled. Don’t be unconvinced,” Professor Karl said. “Alright, go back. Those who need to rehearse will rehearse. Those who need to pack up and go home will pack up and go home.”

After saying that, he closed his eyes and leaned back in his chair, as if he couldn’t hear anyone else’s words anymore.

Even though Kati and Diss were unconvinced, seeing Professor Karl like this, they knew that no matter what they said, it would be useless.

Therefore, they could only go back to pack their things dejectedly and prepare to go home to reflect on themselves for two weeks.

However, Kati still provoked Jiang Yu when she left, she said, “Jiang Yu, just wait and see. As long as I’m still in this school, you won’t be able to get anything good for one day. It’s all because of you that I’ve become like this, so I won’t let you off. I’ll let you be happy for two weeks now. When I come back, you’ll have a taste of your own medicine.”

Jiang Yu didn’t look at him. She left after saying, “I’ll be waiting for you at any time.”

Everyone heaved a sigh of relief after resolving the trouble with Kati. After they relaxed, they also felt physically and mentally exhausted.

“I’m very tired today. Everyone, go back and rest first. The welcoming party will be held the night after tomorrow. Everyone, take this opportunity to rest well. Don’t let what happened today affect your mood,” Jiang Yu said.

“Okay,” Everyone agreed.

However, they felt that Jiang Yu was the one who needed to be comforted the most.

She had been framed and misunderstood by others.

However, Jiang Yu’s expression looked very calm. It was the same as usual, so it was hard for everyone to tell whether Jiang Yu was smiling because she didn’t care or because she was forcing a smile.

“Then let’s go back first.” After Jiang Yu said that, she turned around and left.

Bessie quickly followed up and asked carefully, “Jiang Yu, are you really alright?”

"I'm fine." Jiang Yu smiled and said, "If I keep getting angry at others because of this, won't I become a puffer fish?"

Seeing that Jiang Yu was still in the mood to joke, Bessie knew that she was indeed not affected.

Since that was the case, she and the others could rest assured.

The welcoming party was coming soon. As Jiang Yu and the others had had a good rest, everyone looked energetic.

"Everyone, cheer up." Jiang Yu cheered them on, "Because it was a last-minute show, Kang Xue and we will appear at the back. But no matter who goes up first, don't be nervous. Just calm down."

"It's okay. Don't worry about us," Yan Fu said. "We've performed before, so we won't have stage fright at all."

Bessie also said, "When I was in junior high and high school, I represented my class on stage to give a speech, so you don't have to worry about me."

"That's good." Jiang Yu smiled in relief.

Kang Xue would perform first. Because they had more people and needed more props, they were arranged to perform at the front.

Otherwise, when the welcoming ceremony was over and everyone had left, no one would be willing to stay to pack up the props.

When Kang Xue Walked Past Jiang Yu and went on stage, she threw her a challenging look.

Jiang Yu pretended not to see it and let her go on stage with a strange expression.

There were a total of 18 people in Kang Xue's piano play, including her.

The stage was not big. With 18 people standing together, it was already a little crowded. In a while, another piano would be brought up, so the space would be even smaller.

Kang Xue did not expect that the stage would be so small.

When she was watching from below the stage, she thought that the stage was quite big. Why did it become so small when she went on stage?

If that was the case, according to their previous arrangement, the stage would not be able to stand down, so Kang Xue could only temporarily change her position.

However, there were too many people, and she could not remember which role was which, so she could only brace herself and casually arrange it.

Although the others did not know why Kang Xue had arranged it this way, she was still the person who organized this musical, so they could only obediently listen to her.

After the positions were changed, Kang Xue said, "That's it. Let's begin."

Everyone stood in their positions and waited for the performance to begin.

Although Mike and Roger were both piano players like Kang Xue, Kang Xue said that she wanted to perform alone at the welcoming party, so she arranged for the two of them to be actors without any explanation.

But the two of them did not learn acting at all. Even at the last rehearsal before today's performance, the two of them still had important lines that they had not remembered.

Chapter 737: Screwed Up

Although Kang Xue asked the two of them not to make any mistakes during the performance, they still couldn't remember the lines.

Kang Xue played a short opening piano piece, and after that was the beginning of the plot.

They played, and Kang Xue played the background music.

The first to speak was Mike, who played a farmer.

He walked stiffly among the sixteen people who were standing. As he walked, he said, "Oh my, oh my, what should I do now? Where am I going to earn money?"

Roger played God. When he heard the farmer's doubts, he jumped out to answer them.

But his clothes were long, and he tripped after only a few steps. He fell straight to the ground, and no one helped him up.

The audience burst into laughter, thinking that this was a comedy musical.

However, this was a very serious musical, and the plot of the story was very normal. So when Roger heard the laughter of others, he felt that it was a mockery of him, so he was somewhat unwilling to stand up.

"Roger! Hurry up and stand up!" Mike called out to him in a low voice.

However, he had forgotten that there was a small microphone hanging around his neck. Therefore, when he called out to Roger to stand up, he had already been heard by everyone present.

However, the person involved did not know about it and kept shouting, "Stand up quickly! Otherwise, this musical will not be able to continue! Do you want to fail?"

The people below the stage laughed even louder.

.....

Mike did not understand, but Roger said, "Shut up! Don't say it!"

"Then you should stand up!" Mike said.

The people below the stage laughed louder and louder, and even the people on the stage were holding back their laughter.

Kang Xue saw that the situation was about to get out of her control, so she quickly said, "Roger, hurry up and stand up and continue acting! If you do this, how are we going to continue? Don't drag us down in the final score and fail!"

Roger couldn't hold it in anymore. He stood up and said, "I'm not going to act in this musical. If any of you want to act, then come and act!"

Kang Xue's hand that was playing the piano stopped. The people below the stage also held their breaths.

What was going on? Why were there still actors who stopped acting midway?

Kang Xue said, "Roger, don't throw a tantrum! Quickly act, and then we'll leave the stage!"

"I said I'm not going to act, don't you understand?" Roger was so angry that he took off his clothes and threw them on the ground, he said, "The people below the stage are laughing, and you guys are laughing too! What's wrong? Don't I care about my face? Can't you guys respect me a little?"

Kang Xue was frightened by his voice and stammered, "Roger, what, what are you talking about? We didn't disrespect you."

"You're laughing even though you respect me?" Roger was really angry, he said, "I'm a piano player. You said you wanted to get all the attention by yourself, so you asked Mike and I to perform. But we don't know how to perform at all. We can't even remember the lines! And just like that, you insisted on letting us actomg. In the end, you made me embarrassed!"

"What nonsense are you spouting?" Kang Xue only wanted to quickly resolve this matter. After all, Roger was not the only one who was losing face, and she was also losing face.

However, Roger did not go along with her thoughts and said, "I'm spouting nonsense? Isn't this the truth? You can ask any of these people on stage, and anyone can prove that I'm telling the truth!"

"Alright, I got it." Kang Xue was afraid that if she continued to make a scene, she would really lose face, so she quickly said, "Alright, stop making a scene. Let's go down the stage to settle this matter."

Although Roger's emotions were still in an agitated state, he also knew that if this continued, he would also embarrass Professor Karl, so he agreed to Kang Xue's request.

"Okay, then let's explain the situation below the stage."

Kang Xue led her people away, and then it was Jiang Yu's turn.

There were six people and two pianos, and there was enough space on the stage for them to perform.

The performance began. Jiang Yu read the narration first, and then the plot began.

Jiang Yu and Bessie played "The Blue Danube" together. It was light and relaxed, which made the early princess look lively and cute.

Then the music suddenly changed. It was "Moonlight".

From "The Blue Danube" to "Moonlight", there was no abrupt change in the middle, as if it was a natural transition.

The audience could not help but hold their breath and quietly watch the wonderful piano musical.

Chapter 738: Shocked The Whole School

Translator: Dragon Boat Translation Editor: Dragon Boat Translation

Professor Karl sat in the audience. He couldn't help but nod his head in praise of Jiang Yu and Bessie's musical.

An exquisite middle-aged woman sat beside him. She smiled and said, "I was wondering why you would suddenly pay so much attention to a student. I saw it today, and I think you have good taste. This Jiang Yu is really good at playing the piano."

The woman's name was Bai Rui, and she was Karl's wife. She was also a waltz professor in the dance department.

Professor Karl smiled and stroked the back of Bai Rui's hand, saying, "Of course I have good taste. Otherwise, how could I marry such an excellent wife like you?"

Bai Rui smiled and said, "You really have a lot of flowery words."

Professor Karl and Bai Rui sat below the stage, quietly watching the performance of Jiang Yu and Bessie.

After the performance, the whole place was silent. No one applauded or sneered.

Although the University of Cecilia offered a musical theater major, there were very few students who chose the piano category. There were only a few dozen students each year.

Until now, such a wonderful piano musical had not appeared in the University of Cecilia for decades.

Now that someone could perform such a wonderful piano musical, who would not be moved by it!

There was a long silence in the audience. Professor Karl stood up first, clapped his hands and shouted, "Good! Jiang Yu, Bessie, you didn't disappoint me!"

The rest of the people also stood up and applauded. For a moment, the applause and cheers resounded throughout the entire campus.

The six people on the stage bowed politely and lined up to leave the stage. They saw Professor Karl walking over with Bai Rui.

"Jiang Yu!" The joy on Professor Karl's face could not be hidden at all. He said, "You and Bessie did not disappoint me. Your musical performance was really good, even better than what I expected!"

Jiang Yu and Bessie smiled and said, "Thank you for your compliment, Professor Karl."

Bai Rui also smiled and said, "Hello, nice to meet you. I'm a Professor of Waltz in the dance department, Bai Rui."

"Nice to meet you, Professor Bai Rui." Jiang Yu and Bessie were very polite.

Professor Karl also introduced, "This is my wife."

Jiang Yu was very calm, but Bessie seemed to have heard some big news. Her eyes and mouth opened wide.

Professor Karl smiled and said, "Haha, your performance is very good. I can tell you now that the score I gave you is 83 points."

"83 points!" Bessie shouted in surprise, "Professor Karl, will this score be counted in our total score?"

Professor Karl nodded and said, "Of course. As long as you earnestly complete the task I gave you, then you will definitely pass the practical class during the final exam."

"Great!" Bessie jumped up happily, but suddenly thought of Kang Xue and asked, "Professor Karl, what about Kang Xue?"

Speaking of Kang Xue, Professor Karl's face turned ugly again. He said with a bad tone, "Her score can only be a negative score. If it's just a bad performance, I think I'll give her a low score. But the three of them made such a scene on the stage today. Not only did they embarrass themselves, but they also embarrassed our elite class. If we don't give her a negative score, where will my face go?"

What he said made sense. After all, Kang Xue and the other two made a scene in front of all the teachers and students in Cecilia's school. Not only did they embarrass themselves, but the entire elite class was also put at risk.

Jiang Yu said, "They have brought this upon themselves."

Professor Karl said, "In the competition, I tried my best to ask the professors to give you the first place, but they insisted on Kang Xue taking the first place. Now, they should have seen how embarrassing Kang Xue was on the stage today!"

It could be seen that Professor Karl was really angry because his expression was very ugly now.

Jiang Yu and Bessie were very sensible and said, "Then, Professor Karl, we'll go back and rest first. You and Professor Bai Rui should also get some rest too."

Professor Karl nodded and didn't say anything.

Jiang Yu and Bessie took the other four people back, but they didn't go to rest. Instead, they went to a steak shop outside the school.

"In order to celebrate, Jiang Yu and I will pay today!" Bessie shouted happily.

"That's great!" Yan Fu quickly found a seat and sat down. Then, she asked the waiter for a menu.

Looking at her posture, Bessie was afraid that she would only order the expensive ones, so she quickly said, "Yan Fu! Be careful, don't order the expensive ones! Even if Jiang Yu and I pay, you can't eat like this!"

"It's okay, just eat as much as you want." Xu Ye flicked his hair and said, "How can we let the two ladies take the bill when we're out to eat? I'll treat you to today's meal."

“This is a meal to celebrate our mission, not to celebrate you,” Jiang Yu reminded him.

“So what?” Xu Ye shrugged and said, “I helped you guys too, didn’t I? So we should have won together. What’s wrong with me taking the bill for this meal?”

Jiang Yu looked at him and said after a long while, “Since movie king Xu has said so, then we might as well accept it.”

She took the menu and ordered a few dishes. The others were a little shocked.

Bessie asked in surprise, “Jiang Yu, you ordered so many dishes. Can you finish them all?”

Xu Ye held his forehead with a headache and said, “Jiang Yu, don’t order so crazily just because I’m the one paying.”

After Jiang Yu ordered the dishes, she handed the menu to the others and said, “Who said I ordered so crazily? I can eat all these.”

“Really?” Yan Fu didn’t believe it. “Jiang Yu, you look very thin and your appetite is very small! How can you eat all these things?”

Jiang Yu said, “You just have to trust me.”

Although Yan Fu was still a little doubtful, her attention was quickly attracted by the dazzling array of food on the menu.

Jiang Yu was a little bored, so she looked out of the window.

A small light spot attracted Jiang Yu’s attention. It was like a burning cigarette, flickering in and out of the darkness.

Logically speaking, such a scene could be seen everywhere on the streets, but Jiang Yu’s intuition told her that it was very dangerous.

It just so happened that the snack she had ordered earlier was served by the waiter. There was an exquisite and small steel fork on it.

Jiang Yu stopped the waiter and asked, “Hello, Can I take this small steel fork with me?”

The waiter was stunned for a moment, but he quickly reacted, he said, “This steel fork needs to be bought with money. But if the customer really likes it and feels that this steel fork isn’t worth spending money to buy, you can also perform a show for the other customers. In that case, we can treat this steel fork as a gift for you.”

Jiang Yu looked around and asked, “What performance?”

The waiter pointed to the two microphones and a cello inside and said, “You can choose on your own and perform on the stage over there.”

“Okay, I got it.” Jiang Yu nodded.

After the waiter left, Bessie asked, “Jiang Yu, do you like this fork?”

Jiang Yu shook her head and said, "No, but this thing is useful to me now."

"Huh?" Bessie didn't understand what Jiang Yu meant.

Jiang Yu didn't explain. Instead, she smiled and said, "I don't think you've seen me play other instruments before, right? I happen to have this opportunity today. Let me show you."

"I've seen it before," Xu Ye said as he raised his hand.

However, no one else had seen it, especially Yan Fu.

Although she was a fan of Jiang Yu and had seen all of Jiang Yu's movies and TV shows, she had never seen variety show before.

When Yan Fu heard that Jiang Yu wanted to play other musical instruments, her eyes instantly lit up. She said, "So Jiang Yu knows other musical instruments?"

Jiang Yu nodded and said, "A little."

With that, she stood up and walked to the cello, playing an impromptu song.

It was Dvorak's "Dvorak's cello concerto in B minor".

When the song ended, all the customers in the shop applauded and cheered. The waiter also took a new steel fork and handed it to Jiang Yu. He smiled and said, "The cello song you played is very nice."

Jiang Yu took the steel fork and said politely, "Thank you for your praise."

She returned to her seat and Bessie said in shock, "Jiang Yu, I didn't expect you to play the cello! You're too talented!"

Yan Fu also said, "That's right. I only knew that my idol was talented, but I didn't know that my idol was so talented!"

Ivan couldn't help but praise, "Jiang Yu, you're really amazing. You can't say that you know how to play a musical instrument without more than ten years of study and practice. But you don't look old. I didn't expect that you not only know how to play the piano, but also the cello!"

Xi Yao had been eating snacks quietly, but when she heard others praise Jiang Yu, she felt that if she didn't say a few beautiful words, she would seem a little out of place.

Moreover, she was indeed attracted by the song Jiang Yu played just now, so she said, "Ah, it's really good."

"Why are you so perfunctory?" Yan Fu complained.

"I'm eating," Xi Yao said.

However, Jiang Yu didn't care. She smiled and said, "As long as you like it."

They talked for a while longer, and the dishes that they had ordered were served one after another.

It was late, so everyone wanted to finish eating quickly and go back to the dormitory to rest.

After eating, Xu Ye insisted on sending them back. However, he had drunk two large bottles of red wine while eating just now, so he was a little out of it.

It just so happened that Tang Yi called. Jiang Yu picked up the phone and said, "Hello? Tang Yi? Xu Ye is with us right now. Hurry up and bring him back. I'll give you the address. Come quickly."

After hanging up the phone, Jiang Yu said to the others, "You guys go back first. I'll wait for Xu Ye's people to pick him up and then go back."

Bessie said, "But when the time comes, you'll be the only one going back. It'll be very dangerous. I'll just wait for you here."

Jiang Yu thought for a moment and said, "That's fine too. The two of you can go together. Yan Fu and Xi Yao, go back with senior Ivan first."

"Okay." Yan Fu nodded and said, "Then you guys must be careful when you go back later."

Jiang Yu nodded and said, "Got it."

Yan Fu and Xi Yao followed Ivan back to school. At this time, only Jiang Yu, Bessie, and a drunk Xu Ye were left in the steak shop.

In less than ten minutes, Tang Yi drove over.

He pushed the door open and came in. He saw Xu Ye leaning against the chair and falling asleep. Jiang Yu and another black-skinned girl were guarding him there.

Tang Yi walked over and gave a simple thank-you. With Jiang Yu's help, he carried Xu Ye onto the car.

However, he was still a little puzzled. Ever since Xu Ye stepped into the entertainment industry, no matter what kind of gathering it was, he knew his limits. Unlike today, he would not drink until he lost consciousness.

He asked Jiang Yu, "What happened today? Why did he drink so much?"

Jiang Yu said, "Today is just the day we finish our task. I don't know why he is so drunk."

"Forget it." Tang Yi didn't plan to ask any more questions. After saying "Thank you" to Jiang Yu, he drove back with Xu Ye.

"Alright, we have to go back now," Jiang Yu said as she tightened her grip on the steel fork in her sleeve.

"Let's go," Bessie said in a relaxed manner.

They had only taken a few steps when someone walked out from the shadows and blocked Jiang Yu and Bessie's path.

Jiang Yu's heart skipped a beat. It seemed that her initial intuition was true. However, when she took a closer look, she realized that the people who blocked her and Bessie were actually Kati and Diss.

“It’s the two of you?” Bessie also recognized them and said impatiently, “You’re really not tired. You follow us wherever we go. If I didn’t know better, I would think that we owe you money.”

Kati sneered and said, “What you owe me is much more valuable than money.”

“Isn’t it just a spot for the preliminaries?” Bessie said, “This spot is gone. It’s purely your own fault. If you hadn’t come to find trouble first, Professor Karl wouldn’t have punished you like this in the end.”

Bessie was telling the truth, but Kati didn’t listen to him at all.

He smiled sinisterly and said, “Don’t look for excuses. It’s all because of you that I’m like this. Especially you, Jiang Yu! You’re just an exchange student. Why do you think you’re so great in this school?”

Jiang Yu frowned and said, “First of all, your spot has been canceled. It’s your own fault. Secondly, I’m not an exchange student, but an official student. Because I’ve already passed all the official exams.”

“Who would believe it?” Diss sneered and said, “Someone has already revealed your true colors, saying that you came here by spending money.”

“Where did you hear that?!” Bessie was very angry and said, “Is it another school forum? How old are you? How can you still believe in that kind of thing?”

“If we don’t believe in that, are we to believe in you?” Kati said coldly.
