

Older Man 761

Chapter 761: Who Is The Thief?

Bessie didn't know who the thief was, but she still leaned against Jiang Yu's side and asked softly, "Jiang Yu, do you know who the thief is?"

Jiang Yu shook her head and said, "I'm not sure yet."

Bessie sighed and said, "I originally thought that Kang Xue was the person who was most likely to take away your Certificate of Honor, but now that I look at it, it's impossible for her to do so."

That was because Kang Xue did not come to the celebration party today.

Jiang Yu also sighed and said, "It seems that there are many people in this school who are not satisfied with me besides Kang Xue."

"Jiang Yu, don't be sad." Bessie quickly comforted Jiang Yu and put her hand on her shoulder. "No matter what happens, I'm your best friend."

"Of course I know." Jiang Yu patted Bessie's hand and said, "You've always been my best friend. If it weren't for your companionship and care, I'm afraid I wouldn't have been able to hold on until now."

"That's because I really treat you as a friend," Bessie said with a smile. However, she suddenly remembered that Jiang Yu could only stay here for one semester, and her mood instantly fell.

Sensing the change in Bessie's mood, Jiang Yu asked, "What's wrong?"

Bessie answered, "You will be going back in three months. Although you are an official student of Cecilia University, your academic record is still in Ivy University. I'm afraid that after you leave this time, it will be graduation before I see you again."

Jiang Yu smiled and said, "It doesn't matter. As long as I have time, I will definitely come and visit you."

Bessie sighed and didn't say anything.

But she also knew what was the most important thing right now — who exactly stole Jiang Yu's Certificate of Honor.

.....

"But who exactly is the thief?" Bessie was puzzled, "The people who came to eat with us today are all good friends. Although I don't know some of them, they are still friends that other people know. Some people even came to me and asked me to ask if you could get Master John's autograph. How could someone steal your certificate during the meal?"

"I'm not very clear about that." Jiang Yu shook her head and sighed. "Don't say it out loud for the time being. Just pretend that nothing happened. Let's go back first. When we get to the dormitory, we will think about this matter carefully."

Bessie thought for a moment and felt that Jiang Yu's suggestion was very good, so she nodded and said, "Alright, then we'll go back first."

"Okay." Jiang Yu nodded and turned around to say hello, "If everyone still wants to stay for dinner or play games, then stay. Bessie and I are a little tired, so we'll go back and rest first. Don't worry, everyone. I'll pay the bill."

With that, Jiang Yu went downstairs with Bessie.

Seeing that Bessie had gone back, Mike put down the fork in his hand and said, "Bessie! Are you going back? I'll go back with you!"

Jiang Yu and Bessie didn't stop him and let Mike follow behind them.

Mike knew that Bessie was still prejudiced against him because of the previous incident, so he kept a distance from Jiang Yu and Bessie.

Seeing this, Jiang Yu asked softly, "Bessie, what's going on with Mike recently?"

Bessie snorted coldly, she said, "It's just that he recently found out what kind of person Kang Xue is, so he kept his distance from her. Later, he found out that he had angered me, so he ran over to me to apologize. But because I haven't completely forgiven him, he has been following me recently. I don't know why."

"Do you want him to come and leave with us?" Jiang Yu asked.

Bessie shrugged and said, "I don't think so. Otherwise, he will think that I have forgiven him."

Jiang Yu laughed and said, "But if he follows us like this, it will be easy for people to mistake him as someone who is following us."

Hearing that, Bessie turned around and looked at Mike who was standing not far away. She sighed and shouted, "Mike, come and leave with us."

Mike heard that and quickly ran over. He said with a silly smile, "Thank you, Bessie."

Bessie did not look at him and said, "If you want to thank me, then do less things that make me angry in the future."

"Of course." Mike scratched his head and said, "I won't make you angry in the future."

Bessie snorted coldly and did not say anything.

Because she didn't believe Mike's words at all.

Jiang Yu looked at Mike for a long time, but didn't see Roger. She couldn't help but ask in confusion, "Oh right, Mike, where's Roger?"

Chapter 762: Clues

Mike shrugged his shoulders, he said, "Oh, him. Ever since he was implicated by Kang Xue the last time and got a bad grade on his class assignment, his whole person has changed. He feels more and more depressed, and he doesn't practice his piano properly. All he does is smoke and drink all day, and he even goes to other places to pick up girls."

"I've long seen that he's not a good person." Bessie pursed her lips, "I've told you to not always stay with him, but you just won't listen. Let me tell you, my intuition is very accurate. If I say that Roger isn't a good person, then he's not a good person."

"I know, I know." Mike conformed with Bessie as if to please her. "Don't be angry. You know what kind of person I am, so don't be angry with me over these things."

Bessie snorted coldly and didn't say anything.

Jiang Yu, who was listening at the side, secretly laughed. When she walked to the school gate, she saw a person sneakily walking out from a dark corner.

Jiang Yu immediately stopped and stopped Bessie and Mike behind her. She whispered, "Shh, don't talk yet."

Although Bessie and Mike didn't understand, they obediently stopped and hid behind Jiang Yu.

The sneaky figure stood under the street lamp. Jiang Yu and Mike finally saw his face clearly — it was Roger.

Roger looked around and made sure that there was no one else around. Then, he covered his chest and ran into the school.

Jiang Yu and Mike only walked out slowly when they couldn't see Roger.

Bessie asked in confusion, "Why is he here?"

Mike shook his head and said, "I'm not sure. He hasn't been with me since the last time, so I don't know his current situation."

Jiang Yu thought for a while and said, "I saw it just now. He seemed to be holding something in his arms."

.....

Bessie nodded and said, "I saw it too. If he didn't have something in his arms, normal people wouldn't walk with their hands on their chests."

But she was also very puzzled and asked, "But what did he hide?"

Mike did not know what Roger was hiding.

But Jiang Yu vaguely guessed it and said, "He probably hid that certificate."

Bessie was shocked. "What? Could it be that he stole it?"

Mike was still confused and asked, "What certificate? Whose certificate did Roger steal?"

Bessie looked at Mike and then looked at Jiang Yu. After getting the signal, she told Mike everything that happened in the steak shop.

Mike was also surprised and said, "What? You mean Roger stole Jiang Yu's certificate?"

Jiang Yu nodded and said, "80% possibility."

"It can't be?" Although Mike and Roger weren't good friends, he still didn't want to believe that Roger would do such a thing.

"Roger is indeed not a good person, but he shouldn't be able to steal, right? After all, he doesn't have the guts to do it, right?" Mike said.

"He isn't a good person, why can't he do something like stealing?" Bessie said, "Although bad people may not always steal, but the ones who steal are definitely bad people. Mike, can you understand what I'm saying?"

"But..." Mike still didn't want to believe it.

Jiang Yu thought for a while and said, "How about this? Whether Roger would do such a thing or not, we'll try and find out."

Bessie and Mike Asked at the same time, "How do we try?"

Jiang Yu looked at Mike and said, "I'll have to trouble you. Call him out now."

Mike was puzzled and asked, "Why?"

Jiang Yu explained, "The male dormitory is a distance away from the main entrance. Looking at the time, he shouldn't have reached the downstairs of the dormitory yet. And if you call him out now, as long as he doesn't go upstairs to put his things away first, we'll know what he's hiding in his arms."

Bessie slapped her thigh, "That's a good idea! If the thing in his arms isn't Jiang Yu's certificate, then we've misunderstood him. But if it's Jiang Yu's certificate, Mike, even if you want to put in a good word for him, you can't."

"... Alright then." Mike agreed to Jiang Yu's suggestion and gave Roger a call.

The call was quickly picked up. Roger's tone was a little angry as he said, "Mike! What are you doing! Why are you calling me so late at night!"

Mike swallowed his saliva and said, "Roger, come to me now. I have something to tell you."

Roger asked, "What is it?"

Chapter 763: Caught Red Handed

Mike gave a random excuse and said, "I saw a super beautiful girl at the school gate. I think she's your type."

Roger was a little doubtful and asked, "Really? At this time, how can there be a girl walking outside?"

"It's true." Mike licked his lips and said, "How about I secretly take a photo for you to see?"

Roger said, "Okay, you take one for me."

Mike took his phone and turned on the camera mode. He walked to a hidden corner and took a photo of Jiang Yu's back. Then he sent it to Roger.

Roger opened the photo and saw that it was indeed his type.

So he said, "Then wait a moment. I'll go upstairs to deliver something. I'll come over to look for you in a while."

Mike hurriedly said, "Don't go upstairs. Hurry up and come. I'm afraid that if you're a step later, this girl will leave."

"... Tsk." Roger on the phone impatiently said, "Then you wait. I'll go over now. The main entrance, right? Then you keep an eye on that girl. Don't let her go."

Mike said, "I got it. Hurry up and come over."

"Okay, okay, I got it, what's the rush?" Roger cursed in a low voice.

After hanging up the phone, Bessie said, "Okay, he's going to bring that thing in his arms to find us now."

Mike had to admit that there was a 50% chance that Roger was the thief.

.....

In less than ten minutes, Roger appeared at the gate.

He looked around but didn't see the girl. He only saw Mike standing under the streetlight.

Roger walked over unhappily and asked, "Mike, where is she? Didn't I ask you to keep an eye on her?"

Mike's Adam's apple moved up and down and said, "I didn't stop her. She had already left with her friends."

"Mike, what the hell are you doing?" Roger gradually became a little irritable. He said, "Are you kidding me? Why did you call me over if you couldn't stop her? Is it fun to fool me?"

As he said that, Roger turned around and was about to leave.

Mike stopped him and asked, "Roger! What is that thing in your arms?"

Roger's face changed and he was a little flustered. However, he still said with a strong and calm voice, "Mike, you called me here just to ask me this question?"

Mike turned his face away and said, "There was no girl. I was lying to you just now."

"You lied to me?!" Roger was furious and said, "Mike! Is it fun to lie to me?! Do you know that I have a lot of things to do?!"

Jiang Yu and Bessie walked out from the darkness and asked coldly, "What important things do you have to do? Hide the treasure in your arms?"

Roger was shocked and the thing in his arms almost fell out. He was so scared that he quickly grabbed his clothes tightly.

"What are you talking about? I don't understand." Roger pretended to be stupid.

Jiang Yu saw his look and basically concluded that he was hiding her certificate.

So she asked, "Roger, when are you going to return my certificate to me?"

Roger decided to continue playing dumb and asked, "What certificate? Jiang Yu, what do you mean by that? I don't understand."

"You don't understand?" Jiang Yu looked at him coldly and said, "That doesn't matter as long as you can see it. Take out the thing in your arms and the truth will be revealed."

Hearing that, Roger took a few steps back, as if he was ready to run.

Mike saw this and quickly blocked behind Roger, saying, "You look so sneaky, what kind of shameful thing are you hiding in your arms?"

"Don't try to frame me! There's nothing in my arms!" Roger said loudly.

"Whether it's real or fake, won't you know with a glance?" Jiang Yu approached Roger, reaching out to touch the thing in his arms.

Roger subconsciously stepped back, but Mike grabbed him.

Jiang Yu quickly touched the square and hard thing in his arms. She took it out and took a look. It was the certificate that she had lost.

Jiang Yu held the certificate and waved it in front of Roger's eyes. She asked, "You said you didn't have anything in your arms, so what's this? It's an certificate of honor with my name on it."

Roger turned his face away and explained stiffly, "So what? I just picked it up on the way back. I was going to return it to you."

"Listen to yourself. Do you have a clear logic?" Bessie stood at the side with her hands on her hips and asked fiercely.

Chapter 764: Admit His Mistakes

"Why not?" Roger was still reluctant to admit that he stole Jiang Yu's certificate.

"You don't want to admit it, right? Then do you believe that I will beat you until you admit it?" Bessie clenched her fists and approached Roger Step by step.

"Wait a minute." Jiang Yu stopped Bessie and said, "If we hurt him, we will be the ones responsible in the end."

Roger quickly said, "Right, right, so you can't hurt me! Otherwise, you, you are committing a crime!"

"Don't tell me that you are not committing a crime by stealing other people's things?!" Bessie roared.

"It's not something valuable!" Roger retorted loudly, he said, "It's just a certificate. So what if it's lost? What's the big deal? At worst, we can just repeat it with Professor Karl and send another one to Jiang Yu."

"Do you think it's that easy to get a certificate?!" Bessie was furious. She said, "If the certificate is really as worthless as you said, won't everyone on the street have a certificate?"

Roger choked and couldn't say a word.

Jiang Yu comforted Bessie to calm her down and said, "Don't be angry."

She walked up to Roger and said, "Whether you admit it or not, you stole the certificate. You have to come with us."

Roger was shocked and asked, "Where are you taking me?"

Jiang Yu said, "The police station, of course. What do you think?"

Roger looked at Jiang Yu's expression and felt that she did not dare to take him to the police station. Therefore, he said stubbornly, "Jiang Yu, do you think that threatening me like this will work?"

.....

Jiang Yu said with some doubt, "Why do you think that I'm threatening you? I'm not joking. What I said is the truth."

Roger still did not believe that Jiang Yu would dare to bring him to the police station, so he said stubbornly, "If you have the ability, then bring me there!"

Jiang Yu smiled at him and said, "Of course I'll bring you there."

Roger still didn't believe it, but when Jiang Yu and Mike dragged him to the police station's door, he vaguely felt that Jiang Yu wasn't joking.

"Wait... you really want to send me to the police station?" Roger asked in a trembling voice.

Jiang Yu said, "We've already come this far, do you think I'm Joking?"

"No, no! I am a student of the University of Cecilia. If you send me to the police station, it will bring shame to the University of Cecilia!"

Jiang Yu shrugged and said, "Do you think you are the only student of the University of Cecilia in the police station? There are still two people accompanying you."

"What?" Roger looked at Jiang Yu in disbelief and said, "Wait! I am a student of Professor Karl! If you do this, you will cause Professor Karl to lose face!"

Jiang Yu said, "The ones who caused Professor Karl to lose face are you and Kang Xue. What does that have to do with me? Moreover, the two of you caused Professor Karl to lose face. I will fight for it back. So you don't have to worry. Just stay at the police station."

Roger noticed that Jiang Yu was not joking this time. Judging from her expression, she really wanted to send him to the police station.

He was a little flustered and stammered, "Jiang Yu, you... you really want to send me to the police station? Have you thought it through? I... I'm Professor Karl's student! We're still... classmates!"

Jiang Yu turned around to look at him and asked in return, "If you treat me as a classmate, so why would you steal my certificate?"

Roger paused, lowered his head and said, "It's my fault, Jiang Yu. I beg you, don't send me to the police station."

"Then tell me the reason for stealing the certificate," said Jiang Yu.

Roger was silent for a long time, then he said, "I just can't stand the sight of you and Master John performing together. I can't stand the Headmaster specially awarding you a certificate of honor because of this matter. You can think that I'm jealous of you, or you can think that I'm petty and can't stand the sight of you being good

"But Jiang Yu, I just don't understand why you have such good luck. In my life previously, I did excellent for any class assignment, and the worst was good. But after I met you, my first class assignment here with Professor Karl was a failing grade."

After saying these words, he lowered his head in silence, waiting for Jiang Yu's response.

Jiang Yu was not angry, instead, she said calmly, "Roger, you failed your class assignment because of Kang Xue, not because of me. So you hated the wrong person from the beginning. The person you should hate is Kang Xue, not me. As for the fact that I got the certificate, as long as you are willing to work hard, maybe you can get the certificate too?"

Chapter 765: Eve of The Tour

Roger raised his head and looked at Jiang Yu in disbelief.

He had thought that Jiang Yu would scold him and at the very least, she would say something weird to him.

But she had never thought that Jiang Yu would speak to him so gently.

He opened his mouth and was about to say something, Jiang Yu said, "Maybe you said those words at the last minute because you were afraid that I would send you to the police station. But I'll take it as a sincere statement. So, let's end the feud between us here."

After saying that, Jiang Yu turned around and left.

Bessie and Mike also hurried to follow.

Bessie asked in puzzlement, "Jiang Yu, are you going to let Roger off just like that?"

"Yes." Jiang Yu nodded and said, "Compared to Roger, I have more important things to do."

That was to collaborate with John on the international tour.

Instead of wasting time on Roger, it would be better to spend all this precious time on practicing on the eve of the tour.

Jiang Yu and Bessie returned to their dormitory and had a good night's sleep. After that, Jiang Yu packed her things and went to look for John.

Before they left, Jiang Yu handed her report to Professor Karl.

Professor Karl was very pleased and said, "Jiang Yu, do your best. I have high hopes for you."

.....

Jiang Yu smiled and said, "I will definitely not let you down."

Jiang Yu found John. He was sitting in front of the French window, looking at the scenery outside.

"You're here?" John didn't turn to look at Jiang Yu. He just asked indifferently.

Jiang Yu said indifferently, "Yes."

John pointed at the scenery outside the window and said, "The scenery outside is really beautiful. Jiang Yu, on your way here, did you see the surrounding scenery?"

Jiang Yu said, "Yes, I did. It's really beautiful."

John stood up and stretched his back. He said, "I can't get enough of the beautiful scenery, but the people I like always miss it."

It was the first time Jiang Yu heard John say such profound words. She didn't react for a moment and asked, "What?"

John shook his head and said, "Nothing."

Although she felt that something was not right, Jiang Yu did not mind it. She felt that it was John's private matter and it was not appropriate for her to ask about it.

"How about we compose a piano piece about nature together?" John suggested.

Jiang Yu thought that the suggestion was very good and said, "I think this proposal is feasible."

John snapped his fingers and said, "Then it's settled. You write one and I'll write one. When it's time for the international tour, we'll play these two pieces together."

Jiang Yu nodded and said, "Okay."

Therefore, she took out a pen and paper with ease and sat on the desk, ready to start writing.

Seeing that Jiang Yu was so energetic, John felt very gratified and said, "Jiang Yu, I think that in the near future, you will definitely become a better and more outstanding pianist than me."

Jiang Yu smiled embarrassedly and said, "John, why are you saying such nonsense again?"

John shook his head with a smile and said, "It's not nonsense. Jiang Yu, you're really the youngest and most talented person I've ever met."

"If that's the case, then I'll try my best to catch up with you," Jiang Yu said with a smile.

John made a "Welcome" gesture and said, "I'll welcome you at any time."

Jiang Yu lowered her head to compose the piano piece while John went to the piano room and looked at the distant scenery through the window of the piano room.

In a day's time, Jiang Yu had already written a piece of music. However, she was not satisfied with it, so she changed it again and again.

John also wrote a piece of music, but he was not satisfied with it either, so he was also revising it.

Just like that, one of them sat at the desk while the other sat on the sofa for three people, both of them were revising their original songs.

A week later, Jiang Yu and John both revised the music score that they were satisfied with.

The two of them exchanged the music score. After reading it from beginning to end, they couldn't help but give each other a thumbs up.

"The next time is to focus on practicing these two pieces," said John.

Jiang Yu nodded and said, "There's no time to lose. Let's go now."

Although John didn't know the exact meaning of "No time to lose", he could guess that it meant time was tight.

So he said, "Let's go to the piano room."

John and Jiang Yu practiced from morning to night in the piano room. Then, after a few short hours of sleep, they continued to get up and practice.

John had long been used to this kind of daily life, but this made Jiang Yu a little overwhelmed. In less than a week, Jiang Yu fell ill.

After being sent to the hospital, the Doctor said it was caused by improper diet and insufficient sleep.

Chapter 766: Recovery

John insisted that Jiang Yu stay in the hospital to recuperate. However, Jiang Yu felt that there were less than 20 days left before the tour. If she stayed in the hospital for one more day, she would have wasted one day's practice time.

However, John still insisted that Jiang Yu stay in the hospital to recuperate. He said, "You should recuperate first. If you continue practicing if you don't recuperate well, what if something goes wrong on the day of the tour?"

Jiang Yu thought for a moment and felt that what John said made sense, so she said, "Alright then. I'll rest here for a few days. After I've rested, I'll look for you to practice."

John nodded and said, "Alright. You rest first. I'll go buy some things for you."

Jiang Yu said gratefully, "Alright, thank you."

John left the ward and planned to go downstairs to buy some nutritious food and fruits for Jiang Yu.

Jiang Yu was lying quietly on the bed when she received a call from Bessie not long after.

When Jiang Yu picked up the call, Bessie's anxious voice sounded, "Jiang Yu! What happened to you? Why are you in the hospital?!"

She sounded a little out of breath as if she was running on the road.

Jiang Yu was sure that she had not told Bessie about this. How did she know?

Therefore, she asked, "Who did you hear it from?"

Bessie said, "Who else could it be? Of course, it was Master John! If Mike and I had not seen Master John when we passed by, I would not have known that you were in the hospital! Jiang Yu, what's wrong with you? Don't you know how to tell such a big story? If I had not met Master John Today or did not go out at all, would I have never known about this?"

Bessie said a lot of things in one breath, which made Jiang Yu's head hurt.

.....

It wasn't that she didn't want to tell Bessie, but she felt that this matter wasn't that important, so there was no need to tell Bessie and make her worry about her.

But since Bessie knew about it, she just had to admit it. Otherwise, Bessie would definitely continue blabbering.

Therefore, Jiang Yu said, "Alright, I know I'm wrong. I shouldn't have kept this matter from you. It was my fault."

Seeing Jiang Yu's sincere attitude in admitting her mistake, Bessie's anger had mostly subsided. She said, "Seeing that you're so sincere, I won't argue with you for now. Tell me your ward number. I'm already in the hospital."

Jiang Yu knew that Bessie had always been like this, so she could only go along with her and tell Bessie her ward number.

Bessie and Mike quickly rushed to the ward.

Bessie pounced on Jiang Yu and said, "Do you know how worried I was when Master John told me about you?"

Jiang Yu smiled and said, "It's okay. The Doctor said it's just a lack of sleep. I just need to rest well for a few days."

"That's good." Bessie heaved a sigh of relief and said, "It's good that nothing major happened. Then you should rest well. I'll come and see you tomorrow."

Jiang Yu was worried that Bessie would delay her classes because of her matters, she said, "I can be discharged the day after tomorrow. You don't have to worry too much about me. Just take care of your

own classes. When I'm discharged, I'll go on an international tour with Master John. At that time, I'll think of a way to reserve a ticket for you."

"Really?! That's great!" Bessie was so happy that she almost jumped up.

Fortunately, she knew that this was a hospital. No matter how excited she was, she couldn't overdo it.

Bessie and Mike sat for a while longer and then went back.

Jiang Yu laid in bed for a long time before John came back with the fruits he bought.

He put the fruits on the bedside table and said, "You have a good rest. I'll go back first."

"Okay," Jiang Yu nodded and said.

After John left, Jiang Yu laid down and went to sleep.

Fortunately, Jiang Yu's body was not in any serious condition. After sleeping for a while more, her body condition was almost recovered.

After getting the Doctor's permission, Jiang Yu packed her things and left the hospital. Because she was worried about the progress of her practice, she went to John's studio without stopping.

John was still a little shocked when he saw Jiang Yu. He said, "Jiang Yu! Why are you back? Has the doctor allowed you to come back?"

Jiang Yu nodded and said, "The Doctor said that my recovery is very good, so he allowed me to come back early."

"Then why didn't you tell me in advance? I could have come to pick you up," said John.

Jiang Yu shook her head with a smile and said, "It's okay. The hospital is not far from here. It's only a ten-minute ride. You don't have to pick me up."

John could only sigh and said, "Well, you really have your own ideas. No wonder Mo Long likes you so much."

Chapter 767: Crazy Fan

Jiang Yu smiled shyly and said, "I don't think he likes that about me."

John also smiled, he said, "How can that be? But since you're back this time, we can continue practicing. But you have to pay attention to the time. You have to rest when it's time to rest. Otherwise, I'm worried that there will be problems with your body. At that time, I won't be able to answer to Mo Long."

Jiang Yu smiled and said, "Don't worry, I'll take care of myself."

John nodded and continued practicing with Jiang Yu.

The day of the international tour soon arrived. John's assistant came to pick him up in a special car and also brought Jiang Yu to the performance venue.

There was still a day before the tour, so John and Jiang Yu came to the performance venue in advance to make preparations.

"John, you have already been on several international tours. I don't need to tell you what you need to pay attention to, right?" John's assistant handed the hotel room card to John and Jiang Yu, "It's not just you, Miss Jiang Yu. You also need to be careful, because your name is also written on the promotional leaflet for this international tour."

"Alright, I'll be careful," said Jiang Yu politely.

After John and Jiang Yu got off the car, they quickly entered the hotel.

Their rooms were next to each other. In this way, it would be more convenient for them to communicate with each other.

When they went upstairs, John said to Jiang Yu, "Don't go out if you have nothing to do today and tomorrow. There are a bunch of paparazzi waiting to take pictures outside."

Jiang Yu understood the situation very well and said, "I know. When we were filming previously, there were also a bunch of paparazzi waiting to take pictures outside."

John said, "Even so, you have to be careful. This is my first time playing a duet with someone on a tour. Although I think the effect is very good, I'm not sure if those people will accept it."

.....

Jiang Yu nodded and said, "I'll definitely take note."

"Okay." John was relieved.

When they reached the 12th floor, John and Jiang Yu went back to their rooms to rest.

Jiang Yu laid on the bed for a while. She wanted to look at the music score again, but someone knocked on her door.

Jiang Yu opened the door and saw a waiter pushing a food cart at the door. He said, "Hello, customer. The spaghetti you ordered is here."

Jiang Yu was a little surprised and said, "I didn't order anything."

The waiter was a little stunned. He picked up the order and looked at it carefully. He said apologetically, "I'm sorry. It's your neighbor's. I made a mistake. I'm very sorry."

Jiang Yu shook her head and said, "It's okay."

The waiter knocked on John's door, but no one answered.

Jiang Yu said, "He's probably taking a shower. How about this? I'll help you deliver this meal. We're friends. If you're worried, you can check the booking records. We booked the room at the same time."

The waiter quickly said, "I'm not worried. You're Jiang Yu, and the person next door is Master John. The two of you are going on an international tour. I know about this. So I can trust you with this meal."

“That’s good.” Jiang Yu took the meal and said, “Go and do your work first. I’ll help you pass this meal to him.”

The waiter pushed the food cart and left. Jiang Yu returned to her room and sent a message to John, “Let me know when you’re done. I have your spaghetti with me.”

Five minutes later, John sent a message and said, “I’m done.”

Jiang Yu walked out with a tray in her hands. When she looked up, she saw a well-dressed man sneaking around John’s room.

“Hello, who are you?” Jiang Yu walked over and asked.

The man was shocked, but when he came to his senses, he quickly recognized the person in front of him.

“You’re Jiang Yu?” He saw Jiang Yu’s photo on the promotional poster, so he knew what Jiang Yu looked like.

Jiang Yu nodded and said, “Yes, it’s me.”

“So you are Jiang Yu?!” The person suddenly became furious and pounced on Jiang Yu.

Jiang Yu lost her balance and the plate in her hand fell to the ground, making a “Clang” sound.

Only Jiang Yu and John lived on this floor, so even if there was such a loud sound, only John could hear it.

He opened the door and just as he opened it, he asked, “What...”

Before he could finish his sentence, he saw an unidentified person pouncing on Jiang Yu on the wall. He even said something fiercely, “I won’t allow you to play with John! Who do you think you are! How dare you?!”

“Jiang Yu!” John shouted and rushed over to push that person away.

Chapter 768: Overreaction

The man was pushed to the ground and let out a scream.

John quickly checked Jiang Yu’s injuries and asked, “Jiang Yu, are you alright?!”

Jiang Yu shook her head and comforted John, “I’m fine. Don’t worry.”

“It’s good that you’re fine.” John heaved a sigh of relief and turned to look at the man who had pounced on Jiang Yu. He asked sternly, “Who are you?!”

That person paused on the ground for a moment, he raised his head and said excitedly, “John! I’m your most loyal fan! You’ve always been alone on your tour. Why did you suddenly bring along a woman named Jiang Yu?!”

John said coldly, “My fan? My fan would never do such a thing!”

"You've always been performing on stage by yourself. How can anyone play with you?!" The person who called himself a "Fan" shouted loudly, he said, "You're hurting the hearts of our fans. Do you know that?!"

"If you think so, then I won't refute you. But don't say you're my fan anymore. I don't have a fan like you!"

When the person heard this, he seemed to be in disbelief and said, "John... how can you say that? Do you know how much we like you?!"

John didn't want to continue arguing with this fan and said, "Lady, if you still insist on doing this, we will have to go through legal procedures."

"Really? Alright then." That person slowly stood up and said with a sneer, "In that case, I'll go back first. I'm looking forward to the day of your tour."

After saying that, the person left.

John sighed and said, "I'm sorry, Jiang Yu. When I was on tour before, I had such fans following me. I just didn't expect that you would bump into one today and even get hurt."

.....

Jiang Yu shook her head and said, "It's not a big deal. I've encountered such a situation before."

"That's why we have to be careful," John said, "If there's nothing else, don't come out so casually. We'll go out the day after tomorrow when my assistant comes to pick us up. For the time being, you should look at the music score in your room and take care of yourself."

JiangYu nodded and said, "Got it."

They thought it would be safe, but it wasn't the case.

On the day of the tour, John's assistant came to pick them up. On the way there, a group of people stopped the car.

They clamored for the people in the car to get off, saying that Jiang Yu was not allowed to participate in the tour.

"What's wrong with this group of people?" John frowned and said, "A few days ago, someone came to the hotel to cause trouble. I didn't expect that there would be more in the next few days. Are they specifically waiting here to hijack the car?"

The assistant was also a little flustered. The car gradually slowed down, for fear of bumping into the group of pedestrians who were blocking the road.

He said, "I don't know what's going on either. The bodyguards clearly told me that it was very safe these few days. Why are there suddenly so many people on the road today?"

Jiang Yu paused and said, "We can't let them delay the progress of the tour. How about I get out of the car first and you guys go first?"

John stopped her, “No,” said John. “You can tell at a glance what the purpose of this group of people is. If you get out of the car, you will definitely be in danger. Just stay in the car and wait for the bodyguards and the police to come and settle this matter.”

The assistant also said, “Yes, Miss Jiang Yu. I have already called the bodyguards and the police to come. Please wait for a moment. They will be here soon.”

Seeing this, Jiang Yu could only say, “Alright then. But if they do anything drastic, please put me down.”

“Impossible. No matter what, I won’t let you out of the car,” John said.

The car was surrounded by a group of people and could not move forward at all.

Suddenly, a person’s face appeared on the rear window. He leaned against the window and kept shouting, “Jiang Yu! Get out of the car!”

Through that fierce gaze, Jiang Yu recognized that it was the woman who had pounced on her that day.

She pounded on the car window fiercely and kept saying some malicious words.

Some words were considered a dialect and Jiang Yu didn’t understand. But John heard it clearly and his face immediately darkened.

“When will the bodyguards and police arrive?” John asked.

The assistant looked at the time and said, “About five minutes away... Hey! They’re coming! They’re coming!”

The assistant saw a few black cars coming through the crowd. He excitedly pointed to the front and said, “The bodyguards and the police are coming!”

Chapter 769: It’s Him

John also vaguely saw the few cars. He frowned and said, “Just a few people? There are dozens or even hundreds of people surrounding us. What’s the use of a dozen of them coming?”

The assistant said, “But it’s still better than no one coming... eh? It’s not the bodyguards and police, it’s... President Mo!”

“What? It’s Mo Long?” John was shocked.

Jiang Yu was also very surprised. She didn’t expect Mo Long to fly over to look for her again today.

“It’s really President Mo!” The assistant was very excited. After all, Mo Long was the business big shot that he worshipped the most.

Jiang Yu leaned forward and saw Mo Long wearing a black windbreaker and a pair of black sunglasses. He walked toward the car with a heroic posture.

A group of bodyguards in black followed behind him. They rushed forward and subdued the dozens of people with just a few punches.

Mo Long watched all of this coldly until a man in black walked over and said to him, "President Mo, everyone has been subdued."

Mo Long nodded slightly, stepped over the group of people and arrived in front of the car.

The dozens of carjackers looked at him with fear in their hearts. They were afraid that if they said another word, they would lose their lives in the next second.

They timidly watched Mo Long walk past them to the car. He bent down and knocked on the back window.

The back window was rolled down. Mo Long smiled and said gently, "I'm sorry that you were scared, my princess. Now, please come out and hold my hand. I'll take you to where you want to go."

Jiang Yu opened the car door and put her hand on Mo Long's hand. She smiled and said, "Okay."

.....

John shouted from behind, "Aren't you going to take me with you?"

Mo Long completely ignored John and directly took Jiang Yu into his car.

John was instantly discouraged. After closing the car door, he said to his assistant, "Okay, drive away. Ignore the people on the ground."

"Alright." The assistant stepped on the accelerator and the car drove forward once again.

Jiang Yu sat in Mo Long's car and asked, "Why are you here today? And so suddenly?"

Mo Long said, "I know that today is the day you and John are going on an international tour, so I finished my work ahead of time and came to see you."

"Why didn't you tell me you were coming ahead of time?" Jiang Yu asked.

Mo Long smiled and said, "I didn't tell you because I wanted to give you a surprise. I was going to pick you up, but I didn't expect someone to stop your car on the way, so I called my bodyguards."

"These bodyguards are all your people?" Jiang Yu didn't expect Mo Long to have a team of bodyguards here.

"They are indeed my men," Mo Long said. "Ever since you came here, I've left a group of people here. I told them to keep an eye on your safety and report back to me if necessary."

Jiang Yu heard this and said with a wicked smile, "What's going on? Are you spying on me?"

Mo Long raised his hands and said helplessly, "I'm not spying on you. I'm worried that it's too dangerous for you to be here alone."

"It's not dangerous. I have Bessie, and I can take good care of myself," said Jiang Yu.

Mo Long shook his head and said, "I'm still worried. That's why I'm doing this."

"I know. You're worried about me," said Jiang Yu with a smile. "Hurry up and bring me to the venue. I'll let you listen to my original song today."

Mo Long smiled and said, "I've heard your original song a long time ago."

Jiang Yu said mysteriously, "It's different this time. If you listen to the song this time, it'll definitely be refreshing."

"Okay, then I'll look forward to it," Mo Long said.

After Jiang Yu arrived at the venue, John also arrived not long after.

When he saw Mo Long, he felt a little unhappy, so he ignored him and said to Jiang Yu, "Let's go, Jiang Yu."

Mo Long sighed and smiled helplessly.

Jiang Yu and John went backstage to put on makeup and change their clothes. There was only half an hour left before the start of the tour.

"We've wasted too much time outside," John complained while putting on makeup.

Jiang Yu comforted him, "It's okay. Think of the bright side. At least we arrived before the show."

John sighed and said, "I don't ever want to meet such fans again. Otherwise, what will we do if something like this happens again in the future? It's already seriously endangering our personal safety."

Jiang Yu said, "There's no way to avoid this kind of thing. You have to protect yourself no matter what. Alright, don't think about it. We're going on stage in a while. You have to maintain a good state."

"Got it," said John.

Chapter 770: Unexpected

After John and Jiang Yu finished all the preparations, 28 minutes had passed. It was only two minutes before the tour started.

"Don't be too nervous," John encouraged Jiang Yu.

John had held international tours like this many times, so he didn't have stage fright at all.

However, it was Jiang Yu's first time participating in such an international tour. Although she had participated in some large-scale competitions before, they were all in China. John was worried that Jiang Yu would have stage fright at such a scene.

However, Jiang Yu was completely calm and even comforted John, she said, "Don't worry. I've participated in some competitions before. Although the scene isn't as big as an international tour, it can still be considered a large-scale event. So you just need to rest assured."

Hearing Jiang Yu's tone, John didn't seem to be nervous. He nodded with relief and said, "That's good."

The tour this time was different from usual. John was supposed to play six songs by himself before ending the tour. However, today's tour was — the first two songs were played by John, the next two songs were played by Jiang Yu, and the last two songs were played by Jiang Yu and John.

The audience did not know about this arrangement. They only knew that there was an additional person named Jiang Yu on the tour this time. They thought that she was just a little transparent who appeared on the poster with Master John by luck, so they did not take her to heart.

During the first two piano pieces, the fans below the stage were crazily waving colorful support sticks, but they were very unified and did not make any sound.

However, when it was Jiang Yu's turn to go on stage, the audience immediately stopped waving their glow sticks.

There were even people discussing below the stage, "Who is this person? It can't be that Jiang Yu, right?"

"She looks very similar to the photo, but it's too far away for me to see clearly."

"Let's see if the host will introduce her later, right?"

.....

As they were discussing, the host announced Jiang Yu's identity. "Hello, everyone. This is the new participant of this tour — Jiang Yu!"

There was no expected applause from the audience. Instead, there was an unexpected voice of doubt. "What do you mean? Are you planning to let her play the rest of the songs in Master John's Place?"

"Isn't she a little invisible? Can such a baffling person, who doesn't know her identity, also appear on such a stage and share the stage with Master John?"

"I don't think she has much strength, right? You guys didn't mention this matter when you started promoting her. Why did you suddenly arrange for her to appear on stage during the performance?"

"Aren't you deceiving the customers?"

Their voices of doubt grew louder and louder. Bessie, who was sitting in the middle, wanted to defend Jiang Yu, but she was alone and there was a group of people on the other side. She couldn't speak at all.

She could not even hear her own voice.

The scene was a little chaotic for a moment, and it was difficult for the emcee to wrap things up.

Seeing this, Jiang Yu took the microphone from the emcee's hand, she said, "I know that everyone has a lot of opinions about me, and I understand everyone's thoughts. So I hope that everyone can give me a chance to prove myself."

As she said that, she handed the microphone to the host and turned around to sit in front of the piano.

Although the audience still did not believe Jiang Yu, based on what Jiang Yu had just said, they had indeed restrained themselves a little and no longer whispered in the audience.

The first song that Jiang Yu played was John's original song from many years ago. It was relatively simple. When the audience heard it, they felt that Jiang Yu's strength was only so-so.

However, the second piece that Jiang Yu played was "Wild Horse Mane parting".

Jiang Yu had played this piece in Professor Karl's previous assessment. However, he had only played it for ten minutes. He had only played a rough introduction and a short beginning. Jiang Yu did not play the climax part in the middle and the ending part at the end.

On the stage of the tour today, Jiang Yu had played "Wild horse parting mane" from beginning to end.

The difficulty of this piece of music was well known in the piano industry. Even the audience below the stage knew that this piece of music was something that many professional pianists did not dare to try.

They did not expect that this "Little transparent" Jiang Yu would dare to play this piece of music in front of so many people.

The one who was most surprised was John, who was resting below the stage. This was because the second song that he had agreed to with Jiang Yu was not this song at all!

It was a song that Jiang Yu had changed the song at the last minute, and it was a song with a very high difficulty factor!
