Chapter 961: Want To Rise To The Top

No matter which possibility it was, Anna was not convinced.

Why was Mo Long the one in control? Or why was Jiang Yu so lucky?

Anna returned to her resting place and told Nair about this matter angrily.

Nair also found it unbelievable when he heard it. "Really? It seems that Mo Long is really not an ordinary person. Could it be that he really only has Jiang Yu in his heart? And Jiang Yu is really his wife?"

"Why?" Anna was very angry. "Who does this Jiang Yu think she is? Does she really think that she can get anything just because she is pretty?"

"But she is Mo Long's wife," Nair advised. "I have already said that you and Mo Long can't do it. Anna, you should just obediently film."

"Of course, I will film." Anna glared fiercely at Jiang Yu who was filming. "But I must replace Jiang Yu and take the position of the Mo family's young mistress."

"Aiyo, where did this competitive spirit come from..." Nair was on the verge of tears.

No matter how hard he tried to persuade her, she refused to listen and even went even further.

Anna searched for many ways to attract men's attention on her phone and prepared to try them all. Anyway, she had been filming Jiang Yu's scenes all day, so she treated it as a day of rest.

When they returned to the hotel after filming, Anna was right behind Jiang Yu and Mo Long. The moment they stepped into the elevator, Anna hurriedly walked in and deliberately shook her hand, causing the cup of hot tea to spill onto Mo Long's body.

"Aiya! I'm really sorry, President Mo!" Anna put on an annoyed expression and took out a packet of tissue paper from her bag, preparing to wipe Mo Long.

However, just as she took it out, it was taken away by Jiang Yu.

Jiang Yu took the tissues and thanked her in English, "Thank you, and you know how to prepare a packet of tissues in your bag."

Anna's mouth twitched, and after a long time, she said, "Isn't that what you should do?"

Jiang Yu wiped the tea stains off Mo Long's body and returned the remaining tissues to Anna.

"President Mo, it's better for you to take off your clothes." Anna seemed to be very apologetic. "After all, I dirtied your clothes. It's better for me to return them to you after I wash them clean."

Mo Long ignored her and only said to Jiang Yu, "Let me change my clothes before we go to see what to eat together."

"Okay." Jiang Yu nodded.

Anna was ignored once again, and an unknown anger rose in her heart. "Can't the two of you see a living person like me?"

Jiang Yu didn't look at her. Since she couldn't understand what she was saying, she might as well stop listening.

Mo Long could understand, but he only felt that it was noisy, and he didn't want to talk to Anna.

Anna knew that Jiang Yu couldn't understand Malaysian, so she gradually became more impudent towards Mo Long. "President Mo, do you want to come and have a drink with me tonight? I have a lot of expensive red wine, but no one has been drinking it with me. How is it? Are you interested?"

Mo Long replied indifferently, "No."

Anna froze, thinking that Mo Long had said this because Jiang Yu was present. So she said, "Take off this shirt. I'll wash it for you before sending it over."

As she spoke, seeing that Mo Long still had no reaction, she gradually became bold. She even reached her hand towards Mo Long's shirt button.

Jiang Yu noticed her actions and asked in puzzlement, "Miss Anna, what are you doing?"

Mo Long followed Jiang Yu's line of sight and saw that Anna's hand had already reached towards his shirt button. It was only a centimeter away.

Mo Long dodged, but Anna's hand missed. "Miss Anna, please have some self-respect."

Anna was a little embarrassed. "President Mo, you're thinking too much. I just feel bad and want to help you wash your clothes."

"No need."

Mo Long's answer was both decisive and cold, which made Anna feel a little overwhelmed.

Jiang Yu could only listen to the conversation that was like a scripture. She waited to return to the room before asking Mo Long in detail.

"Ding—" The elevator arrived. Jiang Yu and Mo Long exited the elevator together, and Anna came out as well.

Jiang Yu paused and looked at Anna in confusion. "Anna, you don't live here, right?"

Mo Long translated Jiang Yu's words for Anna, and Anna froze the moment she heard it.

She smiled awkwardly. "I'm sorry, I forgot. I thought I lived here."

Then, she ran away.

"What's wrong with her?" Jiang Yu was puzzled. "She's been following you around all day. Does she have feelings for you?"

"Don't think too much," Mo Long comforted her.

"But it's really strange," Jiang Yu said in a low voice.

Chapter 962: Old Friends Reunited

Jiang Yu's intuition had always been very accurate. However, she believed that Anna had just met Mo Long and would not be so unreserved.

Moreover, Mo Long was not a fool. It was not that he could not see through Anna's thoughts.

At the beginning, he did not say much because of Anna's supermodel status. He thought that as long as he ignored her, she would tactfully stay away from him.

He didn't expect that this method would make Anna even worse. She didn't know how to restrain herself.

It seemed that if he didn't teach her a lesson, she would really become worse.

"Although there aren't many scenes today, the clothes are very thick and heavy." Jiang Yu sighed. "I'll go take a shower first. Then, we'll go out for dinner."

"Okay." Mo Long lovingly kissed Jiang Yu's forehead and watched her enter the bathroom.

When Jiang Yu entered the bathroom, the affectionate expression on Mo Long's face disappeared in an instant. With a gloomy face, he gave Teng Yi a call.

"Look up Malaysia's international supermodel Anna," Mo Long gave a simple order. "I want to know which partners are working with her."

Teng Yi replied, "Yes, President Mo..."

Mo Long hung up the phone and stood in front of the French window for a while. Not long after, Teng Yi sent the results of his investigation to Mo Long's phone.

Mo Long took a quick glance and only remembered the few partners and those international famous brands.

After he finished looking through these things, Jiang Yu had already finished showering and came out.

"What are you looking at?" Jiang Yu asked curiously, "Is it work-related?"

"No, I just asked Teng Yi to look into something." Mo Long put his phone away with a smile. "Let's go, I'll take you to dinner."

"Okay!" Jiang Yu was elated.

"Are you still filming tomorrow?" Mo Long asked as he walked, "When can we finish filming?"

"I don't know, because Zaka said that she was not satisfied with some parts of the script and wanted to revise it," Jiang Yu replied.

"She became more active at this time." Mo Long frowned.

When she was talking about cooperation with Zaka in Malaysia, she was still frowning. She wanted to disappear from this world immediately. She didn't expect that when it came to filming, she was so active and serious.

"What's wrong? You seem to be unhappy." Jiang Yu looked at Mo Long's expression and felt that he was hiding something from her.

"No." Mo Long shook his head and denied it.

Why would he say something that made him unhappy.

However, if he did that, Jiang Yu would stay at Zaka's place for a period of time. If he wanted to deal with Anna, he wouldn't have the chance.

He couldn't say "Anna has feelings for me, so I have to get rid of her" in front of Jiang Yu, right?

"But the expression on your face is really ugly." Jiang Yu was a little worried. "Did you not rest well? Why don't we go back and have a simple meal? Then you should hurry up and rest."

"I'm fine. It's just that I've had too much to do recently, so I'm a little tired." Mo Long smiled and said, "I promised to bring you to eat, so I'll definitely bring you there."

Jiang Yu frowned. "Are you really fine?"

Mo Long replied, "I'm fine. Don't worry too much about me."

Jiang Yu was still worried, but Mo Long insisted on bringing her to dinner, so Jiang Yu could only follow along.

Mo Long brought Jiang Yu to a high-class restaurant. Just as they entered the door, they saw a group of people coming out of the private room inside.

There were more people there, so Jiang Yu wanted to pull Mo Long to make way for them. However, she didn't expect the man in the lead to walk over excitedly and hold Mo Long's hand.

"President Mo! Long time no see!" The man held Mo Long's hand with an excited and friendly expression on his face.

He was speaking Chinese, so Jiang Yu could understand him.

Mo Long knew the man in front of him. He was a businessman whom he had worked with a while ago. His name was Yang Fei, and he was a Chinese man doing business in Malaysia.

"Long time no see, President Yang," Mo Long replied politely.

Yang Fei then saw Jiang Yu and asked, "This is?"

Mo Long answered without hesitation, "It's my wife, Jiang Yu."

"So it's Mrs. Mo!" Yang Fei's smile became even brighter. "She's very beautiful. Standing together with President Mo, she's a beauty!"

"Thank you," Jiang Yu thanked him politely.

“I’m telling the truth!” Yang Fei said, “Compared to that arrogant and domineering supermodel Anna who only knows how to throw a tantrum, she’s much better!”

Hearing Anna, Mo Long raised his eyebrows. “Why? From president Yang’s words, it seems like there’s some unhappiness between you and Anna?”

Chapter 963: Raise The Price

“Of course I’m not happy!” Yang Fei’s anger could not help but burn when he mentioned Anna.

“I heard that President Yang has a good temper. I didn’t think that there would be someone who would make you angry.” Mo Long’s words had a hidden meaning. He wanted to guide Yang Fei to say something about Anna.

And Yang Fei had indeed fallen into the trap. “President Mo, this matter can not be finished in a short time. Let me first say hello to my friends, then we will go to the private room to discuss it in detail.”

As he spoke, Yang Fei returned to the group of people, talking about something in Malaysian.

“Do you want to hear it?” Mo Long lowered his head and looked at Jiang Yu. “If you don’t want to hear it, I will tell him now and let him go back.”

“It’s just a small story. It Won’t waste too much time,” Jiang Yu said. “And I’m also very curious. Since president Yang is publicly acknowledged to have a good temper, then how excessive must Anna be to make him so angry?”

After bidding farewell to his friends, Yang Fei brought Mo Long and Jiang Yu to his private room.

“It just so happens that I haven’t returned this private room yet. Let’s talk here.” As soon as Yang Fei entered the room, he opened his mouth and told them everything about Anna.

“President Mo, Mrs. Mo, you don’t know. That Anna is exactly like a princess.” The expression on Yang Fei’s face began to turn ugly.

“I have a product that I originally planned to look for her to endorse. At the beginning, we agreed on a reward, but she suddenly went back on her word and started to raise the price. Although raising the price isn’t common, it happens occasionally. I didn’t pay too much attention to it at the time, thinking that she felt that I was giving her too little and was somewhat dissatisfied. However, she gave me a reason, saying that my product isn’t of the standard and doesn’t deserve her status at all! If you want to get her to endorse your product, you must increase the price!”

The more Yang Fei spoke, the angrier he got. In the end, his lips started to tremble.

“It’s indeed too much,” Mo Long agreed.

With Mo Long’s agreement, Yang Fei said even more forcefully, “I was very angry at that time. However, seeing that she was a young lady and an international supermodel, I didn’t care too much about it. I still increased the price according to her request. “I originally thought that this matter was settled, but she actually told me about raising the price again the day before the shooting of the commercial! She even

said that if I didn't raise the price, then she would drag it out until I was willing to raise the price. President Mo, even if I have a good temper, I can't be bullied like this!"

Mo Long didn't say anything, but Jiang Yu was very strange, "She's already like this, does president Yang still intend to cooperate with her?"

"Sigh, yes." Speaking of this, Yang Fei couldn't help but sigh, "Mrs. Mo, Anna is an international supermodel. Her fame is comparable to that of an average model or celebrity. With her as the spokesperson, my sales volume will be guaranteed. So I still want to properly resolve this problem with her before the matter blows up."

"President Yang, the sales volume doesn't depend on the reputation of the spokesperson, but on the quality. If the quality of the product is not good, it's useless even if you ask Anna to endorse it," Jiang Yu persuaded, "If you are very confident in your product, why don't you find a relatively easy-to-talk person to be the spokesperson?"

"But Anna's reputation..." Before Yang Fei could finish his words, a call came in.

He took out his phone and saw that it was from Anna's manager, Nair.

Seeing that Yang Fei did not pick up the call, Jiang Yu was puzzled. "President Yang, aren't you going to pick up the call?"

Yang Fei sighed. "It's Anna's manager calling. She's probably talking to me about the remuneration again."

"Then it's all the more reason to pick up," Mo Long, who had been silent, said.

Yang Fei picked up the phone and turned on the speakerphone. "What's the matter?"

Nair's sharp voice sounded. "Director Yang, what have you thought about our Anna's reward? Anna had a good rest these few days. She can shoot an advertisement when she had time. As long as you have thought about it and increase the reward, we will be able to shoot tomorrow."

"Nair, this is the third time I have increased the payment. What is there to be dissatisfied about?" Yang Fei's expression gradually turned ugly, and his tone became irritable.

"Aiya, why are you angry?" Nair was amused, "It's just a matter of a few hundred thousand. Director Yang, could it be that you can't even take out this money? You are a famous businessman here. A few hundred thousand is a small amount to you, right?"

Chapter 964: Beat Them At Their Own Game

"That's not the problem!" Although Yang Fei was furious, he still tried his best to control his emotions, "If you're not satisfied with the remuneration, you have to make it clear from the start! You guys haven't said anything, but you always say it when the filming is about to start. What do you mean by that? And you've said it again and again. Do you really think that I'm easy to bully?"

“President Yang, don’t be so angry.” Hearing Yang Fei’s tone, Nair felt that he was indeed angry, so he restrained himself a little. “As long as you’re willing to raise the price, we’ll shoot immediately tomorrow.”

“You...” Yang Fei was just about to speak when he saw Mo Long wink at him, indicating that he should first agree to Nair’s request.

Although he did not know what Mo Long was thinking, Yang Fei still trusted him very much. After all, it was very rare to meet a fellow countryman whom he had only met once in Malaysia.

“Alright, I promise you. I’ll add another 500,000 in the end.” Yang Fei pretended to compromise.

“I knew President Yang was easy to talk to!” Nair laughed loudly and hung up the phone.

Only then did Yang Fei ask Mo Long, “President Mo, why do you want me to agree to Nair’s request?”

Jiang Yu looked at Mo Long and was extremely shocked. “Why did you ask President Yang to agree to Nair’s request?”

“Didn’t they want money? Then give it to them,” Mo Long said. “But for such a large sum, we have to see if they have such a big appetite.”

His fingers lightly tapped on the table in front of him. Even though the sunlight that shone through the window accurately shone on his face, it still gave off a cold feeling.

Yang Fei did not know why, but there seemed to be cold sweat dripping down his forehead.

“Then... What should I do next?” Yang Fei asked carefully.

Mo Long only said, “I will come and look for you tomorrow.”

“Alright.” Yang Fei heaved a long sigh of relief.

He thought that he had to resolve this matter himself.

Mo Long looked at Jiang Yu. “Yu’er, I’m sorry. I might not be able to accompany you tomorrow.”

“It’s alright. It would be a good thing if I can help director Yang solve this problem,” Jiang Yu said with a smile.

Mo Long curled his lips, which was rare. Although he didn’t do anything, his eyes were filled with love as he looked at Jiang Yu.

Jiang Yu wasn’t shy at all. She looked back at Mo Long’s eyes.

Yang Fei was caught in the middle. He was at a loss and didn’t know what to do.

After a long while, he couldn’t stand the ambiguous atmosphere, so he broke the silence, “Let me treat you two to dinner.”

“Sure.” Jiang Yu’s smiling eyes turned into crescent moons.

The next day, Jiang Yu went to Zaka to shoot a new scene as usual, while Mo Long went to look for Yang Fei.

Zaka didn't see Mo Long and was a little surprised, "Why didn't Mo Long come to visit today?"

"He has something to do," Jiang Yu explained. "If everything goes well, he will be back soon."

"Didn't you say you were here for a vacation?" Zaka said as she flipped through the script for today.

"Why are you still busy?"

"It's a sudden incident," Jiang Yu said with a smile.

Zaka was even more confused now.

However, she wasn't in the mood to care about Mo Long's matters. She only wanted to change the script to her satisfaction and then shoot Jiang Yu's scenes and shoot the movie well.

Jiang Yu changed her clothes and put on her makeup before starting the new filming. Meanwhile, Mo Long was sitting in Yang Fei's office, quietly drinking tea.

Anna and Nair were sitting on the sofa opposite them. They looked at each other, not knowing why Mo Long would appear here.

Yang Fei was sitting beside Mo Long. He handed the check of 500,000 yuan to Anna.

"This is the 500,000 yuan that we agreed on yesterday."

Nair wanted to reach out to take it, but Anna grabbed him with all her strength.

"Wait, don't take it yet."

Nair was very surprised and said in confusion, "What's wrong? Anna, this is money."

Could it be that because Mo Long was present, you don't even dare to take the money?

However, Nair didn't say this out loud.

Anna didn't answer Nair's question. Instead, she looked straight at Mo Long. "Why is President Mo Here?"

Mo Long took a sip of tea before saying, "President Yang is my friend, so I came to see him. Why, does Miss Anna have any questions?"

Anna laughed dryly. "I've never heard President Yang say that you're his friend."

"Is this really that big of a deal?" Mo Long asked back. "There's no need to spread it around."

"Yes, yes." Anna responded twice and looked at the check.

Mo Long saw her small movements and reached out to push the cheque over. "This is for you. Keep it."

Anna did not dare to accept the cheque.

Chapter 965: Lose Everything

If Yang Fei was the only one sitting here today, and he was the one who handed the check to her, then Anna could think that Yang Fei had compromised.

However, there was still Mo Long sitting here, so the matter was not as simple as it seemed.

Anna was still thinking about what to do next, when Nair had already reached out to take the check.

“Thank you, President Mo...” Nair smiled happily.

“Don’t thank me yet. There are conditions for me to give you this check for 500,000 yuan,” Mo Long said faintly.

“What conditions?” Anna felt uneasy, afraid that Mo Long would make some excessive demands.

“It’s not a scary request.” Mo Long took out another check. The number on it was one million yuan. “If I’m satisfied with the following shooting, then this one million check is also yours. But if I’m not satisfied with your shooting, then I’ll take back the 500,000. If I’m not satisfied, then don’t blame me for deducting the money from the reward.”

“What?” Anna was shocked. “The contract didn’t say that at all!”

“The contract didn’t give you 500,000, but that cheque still went into your pocket.” Mo Long’s fingers held the cheque, “Have you thought about it? As long as I’m satisfied, this 1.5 million is yours.”

“You...” Anna gritted her teeth, “What does this have to do with you?”

“Because I’m the biggest investor in this product. If I’m not satisfied, I can withdraw my investment at any time. So think, do I have the right to sit here?”

Anna fell silent.

She didn’t want to agree to Mo Long’s request, but she was also afraid that if she didn’t agree, she might not be able to walk out of this room today.

Therefore, after thinking about it, just as she was about to use the excuse that she wasn’t feeling well to leave this place, Nair had already helped her to agree to this matter. “Alright, no problem. President Mo, today, you shall see our Anna’s capability.”

“Nair!” Anna turned pale with fright. “I didn’t say that I wanted to agree to him!”

“1.5 million, are you an idiot? You don’t want such a large sum of money?” Nair looked at Anna with disgust. “I’ve really worried for you to the point of breaking my heart. In the end, you still don’t appreciate my kindness. Alright, hurry up and go shoot.”

Anna still wanted to struggle a little. However, seeing that the three of them had already gone to the filming location, she could only brace herself and follow them.

She changed her clothes and put on her makeup. After reciting the commercial line, she started filming.

Nair was very confident in Anna and felt that she would not make a mistake. If that was the case, then she would be able to easily get the 1.5 million.

However, she did not expect Anna to forget her lines on the first line.

“Things don’t seem to be going well.” Mo Long looked at Nair. “Your wishes seem to be about to be disappointed.”

Nair quickly helped Anna explain, “President Mo, no matter how outstanding an actor is, there will always be a situation where they forget their lines during filming. Even your wife will also encounter a situation where she forgets her lines, right? Moreover, our Anna isn’t a professional. She used to be a model.”

“What you said makes a lot of sense. In that case, I’ll let you guys off for the time being.”

“Thank you, President Mo...” The words that Nair had just said to Mo Long almost made his clothes wet from the cold sweat on his back.

Anna took a few deep breaths and started filming again after making sure that her condition was okay. However, she didn’t expect that she had forgotten the second line, and it was the same one.

“How do you explain this?” Mo Long looked at Nair again. “Is it because that advertising line is hard to remember?”

“No, no.” Nair wiped his cold sweat, not knowing how to explain.

If Anna had forgotten the line elsewhere, he could still explain that she was not familiar with the line. But Anna had forgotten the line in the same place. It was not something that could be explained by one or two lines of “Not familiar with the line”.

“This time, your wish is really going to fail.” Mo Long tore up the check with a million written on it and threw the fragments on the table. “The last 500,000, let’s see if you can grasp it.”

Nair only hoped that Anna would not make any mistakes in such basic things as the lines.

However, the heavens did not grant her wish and Anna forgot the lines again. Although they were not in the same place, she forgot the lines at the end of the line.

Nair even wanted to hit her now.

“Why, is the advertisement line very difficult?” Mo Long couldn’t be bothered to look at Nair this time. “It seems that you guys don’t care about money. Otherwise, you wouldn’t have made such a mistake, right?”

“No, President Mo.” Nair hurriedly explained.

Anna, this fool! Why does she always make a mistake! All this money is going to be lost!

Chapter 966: Not A Single Cent Left

Anna kept making mistakes in her shooting. Although Mo Long and Yang Fei were not in a hurry, Nair was like an ant on a hot pan, extremely anxious.

Seeing that Anna kept making mistakes, Nair could not help but ask, “Anna! What’s wrong with you today?”

Anna's forehead was full of cold sweat. Facing Nair's question, she had no way to answer.

"Why, why..." Anna kept mumbling to herself, "Why do I feel so pressured?!"

She hadn't seen Mo Long before, and she had only seen him recently. Why did she feel so pressured whenever she was with him?

In fact, it was fine usually when Anna had interactions with Mo Long, but when it came to work, her nerves would be especially tense. Even a small feeling would be magnified by her.

"I don't think her condition is very good. Can we continue filming?" Mo Long's face was cold, and he had no intention of showing mercy to the fairer sex at all.

"Yes, of course we can!" Compared to Anna, who was still quite serious about her work, Nair's eyes were really filled with money, as if he could not live without money.

"Are you sure?" Yang Fei watched from the side and felt that Anna's condition was no longer suitable to continue filming. "Look at her. Her face has turned pale. Can we really continue filming?"

"Of course! Wait for me. I'll go talk to her now and let her adjust her emotions."

Nair smiled awkwardly and quickly walked in front of Anna. His tone was very stern. "Anna! What's wrong with you?!"

"I... I really can't. I can't continue filming." Anna waved her hand weakly. Suddenly, she felt a little nauseous and quickly covered her mouth with her hand.

Nair acted as if he didn't see it, he continued to lecture Anna, "You can even memorize the lines during filming. Why can't you even remember a few simple advertising lines? I've brought you up until now. You haven't let me down. Can you not let me down this time? Now, the 1.5 million is going to be gone soon. Do you still want to rely on this behavior to film?"

Anna did not listen to him at all, because her stomach was churning. It was really uncomfortable.

Nair stood at the side and talked a lot. In the blink of an eye, he saw Anna standing at the side with a pale face.

"... Anna, I said so much just now. Did you really listen to me? Did you turn a deaf ear again?" Nair frowned unhappily and automatically ignored Anna's uncomfortable look. "I knew it. You're still putting on airs here at this time? Do you not want this money?"

"No..." Just as Anna opened her mouth to say two words, the uncomfortable feeling in her stomach surged up again, and it was even more intense than before.

She could not help it and ran to the bathroom to retch.

After she calmed down her emotions, she returned to the filming site again.

Mo Long and Yang Fei were still sitting in their original seats. The expressions on their faces did not change much. However, Nair was different. The expression on his face seemed as though he could eat a person up.

When he saw Anna return, Nair walked over and reprimanded her without any explanation. "I've always been too indulgent with you, haven't I?! You're leaving without even listening to me?"

Anna took a deep breath and didn't even look at Nair. "I'm not filming anymore."

"You're simply... What?" Nair paused, suspecting that he had heard wrongly. "What did you say? Say it again?"

"I said I'm not filming anymore." Anna repeated again. "At most, I won't take the money anymore."

"What you said is simple... Before Nair could finish his words, he saw Mo Long and Yang Fei walking over.

"Did something happen?" Yang Fei asked, "Can we continue filming?"

Nair quickly smiled and said, "Of course we can..."

Before he could finish his sentence, Anna interrupted him, "I'm not going to continue filming. Director Yang, this contract shall be considered null and void. I'm not going to continue filming."

"Anna! You're crazy!" Nair was so angry that he almost pointed at her nose and scolded.

Anna did not care. "How is it? Director Yang, with this price, you can find quite a few famous celebrities."

"But... we agreed at the beginning that it was you." Yang Fei looked troubled. "If you say that you're not going to shoot anymore, then I'll have to spend time and energy to find a new person, and you'll also have to compensate me for the breach of contract."

"How much is the breach of contract? I'll pay." Anna did not hesitate. It seemed that she really did not want to shoot anymore.

"It is 20 times your reward." Yang Fei stretched out two fingers.

Chapter 967: Realised The Trick

"Twenty times?!" Even though Anna said that she would pay the penalty, she was still shocked when she heard the number.

"It's twenty times." Yang Fei seemed to be embarrassed. "At first, we agreed that the penalty was five times the reward, but you thought it was too low. For Insurance, you made me change it to twenty times."

"I said that?!" Anna was not sure anymore and looked at Nair suspiciously.

Nair was still angry with Anna. Seeing her looking at him, he could not help but roll his eyes. "Why are you looking at me? Don't tell me you can't remember what you said?"

Anna opened her mouth as if she remembered something, but it was not so clear.

Things had happened a long time ago, and she was not someone who cared about everything. She could not remember a few things that she had done, so she could not remember what she had said before.

“How is it? Have you thought it through?” Yang Fei looked at the expression on Anna’s face. “Are you really not going to shoot anymore?”

Anna looked at Mo Long and made a great decision in her heart. “I’m not going to shoot anymore. Isn’t it just a 20 times penalty? I’ll give it to you. I’m an international supermodel, how can I not take out this 20 times penalty?”

“Anna, you’re really crazy!” Nair shouted, “Do you know how much you’re worth?!”

Anna replied in a low voice, “I know.”

“Then how dare you say that you’re going to terminate the contract? Do you know how much 20 times is?! It’s at least one-third of your savings! Are you really crazy?!”

“Don’t mind me!” Anna couldn’t stand Nair shouting at her, so she shouted back, “Just do your job as your manager, don’t mind my business!”

“You!” Nair turned around and left with a red face.

Yang Fei was not interested in watching others argue. He quickly printed out a termination contract and handed it over to Anna to sign. “This is the termination contract. Take a look. If there are no problems, you can sign it.”

In the past, Nair was the one who did such things. Anna had never seen anything like a contract before.

Now that Nair had left in anger, Anna could only take the contract by herself. After a rough glance, she felt that Mo Long and Yang Fei would not and did not need to fake this contract, so she quickly signed it.

After Anna signed it, Yang Fei heaved a long sigh of relief. “That’s great.”

“What?” Anna paused. She did not know what Yang Fei meant by this sentence.

“You raised the price of the penalty because you thought Yang Fei would definitely break the contract, right?” Mo Long sneered, “You felt that your indifferent attitude would definitely force Yang Fei to change his spokesperson. That way, you would be able to get a high penalty. Is that what you think?”

Anna felt a little guilty when her dirty thoughts were said so openly. “It’s not like that. It’s just for insurance.”

However, after this explanation, Anna discovered another thing — how did Mo Long know what she was thinking back then?

She looked at Mo Long doubtfully and saw the expression on his face become even gloomier.

“Are you curious how I know? Your hidden acting is too clumsy. Anyone with some business experience can see that your thoughts back then were impure. I only used your original thoughts to deal with you. I didn’t expect you to be unable to take it so quickly.”

“Boom —” Something collapsed in Anna’s mind.

“Mo Long, so you’ve been lying to me from the start?” This time, Anna did not call him “President Mo” but directly called out his name.

“Giving you a taste of your own medicine, it’s not really lying to you.” Mo Long was expressionless.

“You...” Anna gritted her teeth. She didn’t expect that after being smart for so many years, she would still fall into the hands of this old fox, Mo Long.

First, he lured her and Nair into the trap with high benefits. Then, he stared at her while she was filming. This made Anna feel that she had made a mistake, so she couldn’t remember the words. Although this was partly due to ink dragon’s oppression, the bigger reason was still Mo Long’s attitude.

Looking at her with a “Look for mistakes” look, Anna could not help but doubt herself and tensed up. In the end, she could not stand it anymore and took the initiative to terminate the contract.

“If there’s nothing else, you can go back first.” Yang Fei was still the “Good guy”. “Is everyone tired? Go back and take a bath and have a good rest. If there’s really anything, we’ll talk about it tomorrow.”

“Mo Long, you’re really a fox. Just wait and see.” Anna gritted her teeth in hatred and turned to leave.

Chapter 968: Boxed Lunch Without Nutrition

“Thank you so much, President Mo, for helping me solve this problem.” Yang Fei looked at Mo Long gratefully. “Otherwise, I wouldn’t know how to solve this thorny problem.”

“It’s just a convenience.” Mo Long didn’t think too much about it, nor did he think about how Yang Fei would thank him for this.

He just happened to want to find something on Anna, so he decided to help Yang Fei solve this matter.

“I think I’d better treat president Mo to a meal.” Yang Fei felt sorry in his heart.

“No need, I should go back.”

He hadn’t seen Jiang Yu for a whole morning, and he missed her very much, so he wanted to go back to see her immediately.

“Okay then.” Yang Fei probably guessed the reason why Mo Long was in such a hurry to go back, so he didn’t urge him to stay. “President Mo and Mrs. Mo, come again next time if you have the chance.”

“Okay.” Mo Long replied faintly, picked up his suit jacket and left.

He first went back to the hotel to change into the casual clothes that Jiang Yu had bought for him before taking a car to the filming location.

Jiang Yu was resting and preparing to eat lunch. When she raised her head and saw Mo Long walking in, she hurriedly waved her hand to signal for him to come over.

When Mo Long saw her, he walked over with a smile.

“Are you ready to eat?” Mo Long sat beside Jiang Yu and looked at the unopened box lunch in her hand.

“Yes.” Jiang Yu nodded. “Have you eaten yet? If not, I’ll go get you one.”

“Not yet,” Mo Long answered honestly.

“Then I’ll go get one.” As she said that, Jiang Yu immediately stood up and went to get a new box lunch for Mo Long. “There’s a lot of leftovers from Zaka’s lunch every day, so you can eat as much as you want.”

Mo Long took the lunchbox and opened it. It was just an ordinary meal with low nutritional value.

He had never eaten a boxed lunch before, so he didn’t know much about it. He only knew that Jiang Yu always ate boxed lunch when she was filming, but he always thought that actors worked so hard in filming. As a director, he would always order some good food when he ordered lunch.

But today, he found out that the boxed lunch was such an ordinary thing.

“This is what you eat for lunch?” Mo Long frowned. “There’s no meat, how can it be nutritious?”

“What’s wrong?” Jiang Yu had already opened the boxed lunch and started eating. “I always ate this when I was filming. It’s pretty good, delicious. Try it.”

“How can it be delicious?” Mo Long threw the lunchbox aside and was about to take Jiang Yu out to eat.

“Stop messing around, stop messing around.” Jiang Yu quickly stopped him. “It’s not like I eat every day, I’m just in a hurry because of filming. After I finish filming, you can take me out to eat some good food.”

Mo Long frowned, but he tacitly agreed with Jiang Yu’s thoughts.

Seeing that she was eating so happily, Mo Long hesitated for a moment, but he still took the lunchbox and started eating with Jiang Yu.

It tasted terrible, at least that was what Mo Long thought.

After the meal, Jiang Yu took a short break before rushing off to film.

Mo Long walked to Zaka’s side and looked at Jiang Yu, who was in the camera, and asked nonchalantly, “What are the boxes you ordered?”

Zach didn’t even look at him. “Didn’t you eat them? Why are you asking me?”

Mo Long frowned unhappily. “How can you give Yu’er something that doesn’t have any nutrients?”

“Everyone eats the same thing.” Zaka still didn’t look at him, “If I buy Jiang Yu some other boxed lunch alone, it won’t be good for me or her, and there will be more discussions behind her back. So, it’s best if everyone eats the same thing. That way, no one will feel that it’s inappropriate.”

“Then let’s eat something nutritious together.”

Zaka looked at Mo Long helplessly. “You’re really president Mo. What do you mean by nutritious things? Supplements? How can there be such bento boxes? Even if there is, do you know how much it costs?”

“I’ll pay for it.” Mo Long did not hesitate.

“Isn’t this... Ah? You’re paying for the money?” Zaka was stunned. He did not expect Mo Long to be willing to take the money to buy bento boxes for other unrelated people.

“Don’t think too much. I’m just trying to prevent Yu’er from being gossiped about.” Mo Long turned his head stiffly.

Zaka paused and couldn’t help but laugh.

When she saw Mo Long before, there was no expression on his face at all. He had always been self-centered. It was hard to imagine how he looked like when he was thinking for others.

Now, he actually learned to think for others.

It seemed that the saying that love could change a person was true.

“Sure, with you paying the money, of course I’m willing.” Zaka could not stop smiling.

Chapter 969: Vent Her Anger

After filming for a whole day, Jiang Yu’s back was aching and she could hardly walk anymore.

Although she was like this when she was filming, she was especially tired today because Mo Long was by her side. She couldn’t stay tough.

Mo Long saw that Jiang Yu always massaged her shoulders and waist when she walked, so he lifted her up by her waist without saying a word.

“Aiya!” Jiang Yu cried out in surprise, her face slightly flushed. “What are you doing? We’re outside, a lot of people are watching.”

“I’m hugging my fiancée, do I have to care about what other people think?” Although Mo Long said this expressionlessly, Jiang Yu still felt that it was very cute.

“Oh right,” she remembered something, “Didn’t you go to look for President Yang today? How is it, has the matter been resolved?”

“Yes. Anna took the initiative to terminate the contract and compensated him with 20 times the liquidated damages.”

“20 times? That’s a lot.” Jiang Yu was amazed. “I didn’t expect you to be able to force a person like Anna to let go. You’re really amazing.”

“It’s her fault for not being able to control herself.” Mo Long sneered. “She’s not a person who can go on stage.”

What Mo Long said was the truth.

Anna was not the first international supermodel, and she would not be the last. There were many people who were more famous than her, but most of them had already retired and were enjoying their old age.

Moreover, in all the past years of international supermodels, no one was as unappreciative as Anna.

Therefore, Anna's step was a huge mistake, but she still did not know how to repent. Yang Fei today was a good example. If Anna still did not know how to control herself in the future, she would probably end up worse than today.

"She will be angry tomorrow." Jiang Yu thought for a moment. "She really doesn't seem to be happy."

The next day, the expression on Anna's face confirmed Jiang Yu's thoughts.

Anna was indeed very angry, and the more she thought about it, the angrier she got. She did not rest well the whole night yesterday, and there were faint dark circles under her eyes.

She had come alone because Nair was still angry and did not want to come with her. He had even submitted an application to his superior, requesting that Anna be brought by another manager.

Therefore, Anna was even angrier. She had nowhere to vent her anger. Although she knew that Mo Long had lied to her, she did not have the courage to vent her anger on Mo Long.

Out of the corner of her eye, she saw Jiang Yu sitting on a chair and reading the script. Anna walked over and looked down at her. "You really have the time to read the script. Your man's hand is reaching out to me, and you don't care?"

Jiang Yu had a translator in her ear, so she could understand Anna's words.

She got up and stuffed a translator into Anna's ear, then looked at her with a smile. "What are you talking about? I don't understand."

Anna snorted disdainfully. "What are you pretending for? Don't you know that he went to help Yang Fei?"

"I really don't know." Jiang Yu shrugged. "He's also an independent person. There's no need for him to report everything to me."

"Not report to you? A person like him doesn't look like someone who meddles in other people's business. If you didn't whisper in his ear, why would he help Yang Fei?"

The more Anna spoke, the more she felt that what she said made sense, so her anger intensified. "Jiang Yu, if you don't like me, just say it. Don't sneak around behind a man's back!"

"I said I didn't, but you didn't believe me." Jiang Yu had indeed never asked Mo Long to do so. All of this was just his own thoughts.

"You said you didn't? What a joke!" Anna snorted. "Jiang Yu, your methods of bewitching men are really brilliant. Even a man like Mo Long has fallen head over heels for you. He's willing to listen to you."

Jiang Yu frowned. "Anna, don't say anything without evidence. It's not good for you or me."

"I'm telling the truth, so it will only be bad for you." Anna smiled disdainfully. "Jiang Yu, this matter isn't over."

Jiang Yu didn't say anything. She just watched coldly as Anna went crazy in front of her eyes.

“You came to me just to say these ridiculous things?” Jiang Yu shook her head. “If you have the time, you might as well read more scripts.”

“It’s not up to you to control me. You just need to control your man. If you like to meddle in other people’s affairs, don’t end up meddling in other people’s beds.” Anna smiled coquettishly, as if she had already seen this happen.

“Slap –” A crisp and clear sound of a slap rang out, instantly attracting the gazes of the others.

Anna covered her face and looked at Jiang Yu in disbelief.

“You dare to hit me?” Anna’s voice was trembling as she spoke.

Jiang Yu’s brows were filled with an unconcealable hostility. “I intended to hit you.”

Chapter 970: Compensation Money Tree

“How dare you hit me!” Anna was so shocked that her eyes were wide open.

No one had ever dared to hit her since she was young!

“If I don’t hit you, do I have to let you go home for the New Year?” As she said that, Jiang Yu gave Anna a slap before she could react.

Anna was shocked again, and she couldn’t even speak properly. “What are you doing? How dare you hit me?!”

Jiang Yu’s face darkened again. “If your mouth can’t speak, then shut it properly.”

“You, you!” Anna roared and reached out to tear Jiang Yu’s hair.

However, before her hand touched Jiang Yu’s body, her wrist was grabbed by the other hand.

“Let go of me! Jiang Yu, Mo Long! The two of you are ganging up on me!” Anna couldn’t help but wail loudly, trying to arouse the sympathy of the others.

However, the people around her were very cold, because they had long disliked Anna’s arrogant face.

Seeing that no one stood up for her, Anna could only wipe her tears and look at Mo Long fiercely.

“Stop acting.” Mo Long looked at her coldly and threw her to the side. “Get lost, don’t let me see you again.”

“I’m the female lead of this movie!” Anna showed her last trump card. “You want me to get lost? I think you should be the ones who should get lost!”

As she said this, Anna turned her eyes to Zaka. She didn’t expect Zaka to help her anymore. She only hoped that Zaka could persuade Mo Long to stop fussing with her because she was the female lead.

However, Zaka just stood there, unmoved.

“You guys...” Anna didn’t expect that although there weren’t many people present, there were at least thirty to forty people. In the end, no one was willing to stand up for her.

“Don’t look at others at a time like this,” Jiang Yu reminded her, “Others don’t owe you anything, so there’s no need to help you. With this time, you should think about what to do.”

“... It’s all because of you!” Anna gritted her teeth and said everything, “I have to pay 20 times the penalty for breaching the contract!”

“You can only blame yourself for this,” Mo Long said coldly, “If you didn’t raise the payment again and again in the beginning, you wouldn’t be so upset.”

“If you didn’t intervene, this matter wouldn’t have come to this!” Anna shouted, “You two are simply jinxes! Especially that Jiang Yu, she’s a Jinx! Ever since she came, I can’t film my own scenes. I even have to pay for a commercial!”

Mo Long’s face instantly darkened. “Miss Anna, it seems that you still don’t know what you’re facing.”

“What is it? Don’t tell me you can make me pay twenty times the penalty for breach of contract?” Anna laughed mockingly. “Mo Long, you won’t get what you want this time.”

Mo Long was not as Anna had thought. He told her everything that Teng Yi had found and all the partners that Anna had worked with. Anna was so frightened that her face turned from red to white, from white to green.

“How did you know?” Anna asked in shock.

Mo Long had only been in Malaysia for a few days. How did he know about this? Moreover, she had secretly worked with several partners. Even Nair did not know about it. How did Mo Long Know About It?

The more Anna thought about it, the more terrifying she felt. The man in front of her was far more than what he looked like on the surface. His thoughts were probably deeper than a bottomless pit.

“Miss Anna should not know about this. You only need to know that if you continue to be like this, you will lose all opportunities for cooperation.”

“You... Impossible!” Anna roared. She did not believe that Mo Long’s hands could cover half of Malaysia’s sky.

So what if he found out? At most, he could only threaten her. Could he really make those partners cancel their cooperation with her? This was Malaysia, not his Mo Long’s territory!

He dared to be so arrogant in other people’s territory. He was simply courting death!

Thus, Anna’s heart calmed down slightly, the confidence in her words also increased. “Mo Long, do you really think that I’m afraid of you? So what if you know about the partners? How much money am I worth, and how much benefit can I bring them? Have you ever thought about these things? How could they give up on me, this money tree?”

“Money tree?” Mo Long laughed mockingly. “Soon you will be a compensation money tree.”

“What did you say?” Anna frowned.

“Nair has already submitted an application to his superior, requesting to change his manager. But no one is willing to follow you. Do you still think you are a money tree?”

“How do you know!” Anna was so shocked that her pupils shrank.
