

Chapter 295 She Saved Him

Everyone was surprised by Arvan's words. They had never seen that side of Arvan. How could he say that?

He was sacrificing his feelings for her? Does he that much love her?

Rose shook her head. "No. I can't live without you. Stop it now. You will be okay soon. Harry is coming, didn't you hear Liam?"

Arvan shook his head, "Harry can not do anything. I have lost my wolf and I don't have the strength anymore. They stabbed me with a silver stake. It was enough to kill an Alpha. I am just a human now. I can't be saved."

"No. You will be saved." Rose looked at Caroline. "Please do something. He is your Alpha, right? You are a witch. You can do anything."

Caroline smiled sadly. "It is not in my hands but-"

"But what?" Rose asked.

"But if you want you can save him. He is your mate and his rejection was not valid. But you have to accept him first, then you can save him."

Rose looked at Arvan. "I will do anything to save him."

Everyone was listening to them. Selena and Arvan's parents were confused when they saw their royal witch say to Rose to save Alpha Arvan. How was it even possible?

Arvan was confused too, but he kept shaking his head. "You don't have to accept me. I can't give you anything, Rose. I am a wolfless human now. I can not even protect you. You should go with Alpha Blaze and start a new life. Just think it is my punishment for rejecting my Luna."

When Rose heard that he called her his Luna, she could not stop herself and cried again.

Arvan could not take the pain, his eyes were dizzy. He looked at everyone and apologized for everything.

Then he looked at Rose while closing his eyes. "I Love You."

Rose turned to Caroline, her eyes turned blue. "Start your spells, I will save him."

Caroline nodded at her. Harry came while running. But when he saw what Caroline was doing he stopped.

Caroline managed some wood from the forest and bought it. The fire lightened all the sides. She soon stood in front of it and told Rose to put all her power and strength in and try to heal Arvan. But it had to be her cognitive power, not physical power.

Rose wiped her tears and put both of her palms over his stomach where he was bleeding.

Caroline started to spell and Rose closed her eyes. She could see something.

She saw Arvan running in the forest. Suddenly, he kneeled and clenched his chest. He was feeling pain. It was more than double the pain that Rose suffered. She saw him crying. Seeing him crying like that, tears came out from her closed eyes.

All of them were watching her. They did not know what was happening but they were praying for Alpha Arvan.

Rose felt pain in her head. She could feel blood rolling from her nose. But she didn't stop.

"Tell him that if you want to accept him or not." Caroline shouted.

"I, Rose Lee, accept you as my Alpha and my mate, Alpha Arvan."

She pushed and stroked her palm over his stomach for the last time. Caroline stopped her spells, the wooden fire blew up and it became all dark everywhere.

Rose slowly moved her palm from his stomach. But before she could see anything. She fainted and fell into Arvan's chest.

Selena and Alice went to her, "Rose!"

They were worried about Rose. Selena was baffled about her daughter. But she did not say anything that time. When Alpha Arvan said he rejected her, she got mad at him. But he was on his last breath, so Selena could not be angry with him at that last moment.

When the lady in black came to pick up her daughter she didn't want to let her go. But Rita told her that she was the Royal witch.

Now whatever was happening to her daughter was out of control.

She went to her daughter and saw blood in her nose. Harry helped them to move Rose from Arvan. But what surprised Harry was, Arvan's wound was gone.

He was shocked. He had never seen such a healing power. He shouted,

"Help me to take Alpha Arvan home. He will be okay very soon."

Rivana was crying silently but when she heard what Harry said she cried in happiness.

Liam and Jack helped to move Arvan back to the pack house. Henry and Vector helped Rose.

"Take Rose to our pack house." Alpha Micheal said.

Rose and Arvan were both unconscious.

Alpha Micheal told Caroline to come with them too.

"I will not come with you from here. When your son wakes up, tell him to inform me. I will only come to meet him. I am not a werewolf to listen to anyone. You were both in command before, so I followed you. But now, I only know Alpha Arvan, who is my Alpha."

Alpha Micheal did not say anything to her again. She helped them a lot. He asked, "When will he wake up?"

"I don't know, maybe it will take a long time. But if he woke up, he would be the most powerful Alpha in the world. His power will be doubled and he will be unbeatable because his Luna gave him a second chance to live and managed to get back his wolf again which was impossible for anybody.

Maybe it was their destiny to reject each other and then accept each other like that.

The Moon Goddess is strange, she has her own charisma. She knew every single thing. She let her bear the consequences and then gave her the powers of a witch. She let him suffer his punishment and then gave him a second chance to live by getting healed by his mate.

DESTINY ALWAYS KNOWS EVERYTHING,

BUT NEVER LET US REALIZE IT."
